About the Author

Kirsten McCurran has a vivid fantasy life which she uses to fuel her erotic fiction. She is especially interested in stories of couples who go to the edge of acceptable behavior and then step over. She firmly believes that one never knows what they would do in a given situation until they are put there—and she explores those sexy results. Kirsten is the author of over 20 ebooks and lives in the suburbs—where the neighbors would be scandalized if they knew what’s going on in her head—with her husband and two children. She would love to hear feedback on her work and can be reached at kmccurran@gmail.com, [goodreads](#) or through Twitter [@kirstenmccurran](#).

Acknowledgements

This book would not be what it is without the work of many people behind the scenes. I have to thank the original editor, JBV, for her help in shaping my manuscript into something coherent and then Ben Boswell for making sure it was actually readable. As always, Kenny Wright has designed another brilliant cover and I thank him for always being there to bounce an idea off of or to help me out of a corner I've written myself into.

And lastly, but certainly not least, I thank my husband, who is the inspiration for all of my dirty fantasies and who gives me the space to explore them in writing and entertain you all. If it weren't for him, and his forbearance, there would be no books for you all to enjoy.

one

Katherine closed the bedroom door after checking on the boys and was glad they were asleep at last. She did not hate kids, which would have been bad considering all of her money came from babysitting, but the Gardner boys were a handful by any standard. Four and six year olds could be rambunctious, but these children just never stopped going from the time Katherine arrived until she finally got them down for the night. Even then she couldn't be sure they would stay down.

With a MTV reality show on in the background, Katherine picked up the toys, dozens of action figures and all the little pieces that came with them, and washable markers that were scattered all over the great room and stowed them in the plastic totes that fit neatly into the large closet in the hallway. Mrs. Gardner liked the house nice and tidy. Katherine knew from experience that if the house was not in order when the Gardner's returned from their night out, it would be reflected in her tip. Katherine had just finished her second year at the local community college and planned to go away to finish her degree in the fall, so every penny counted. Some of her friends worked as lifeguards for the summer and her friends that worked as waitresses made much better money, but Katherine wanted to enjoy her last summer before going away to school. She liked the flexibility that babysitting gave her because she could work when she wanted. Besides, she liked playing with some of the kids she watched and was going to miss them when she went away. A few of her regulars almost felt like they were her own since she'd been watching them virtually since birth. Katherine had a very good reputation at her local church and never lacked for a job when she wanted one.

The freedom was also part of the appeal of babysitting. Once the children were in bed she could do as she pleased. She got to sit around and do whatever else she might be doing on a free night in—watch Netflix on her iPad or text—but she was being paid for it. Katherine used to have her boyfriend over before the break-up. She still liked him, but she would be

moving over three hours away for school and didn't want to be tied down. Cody was a great boyfriend. It was just bad timing.

Since Katherine had the run of the house she engaged in her favorite babysitting pastime. Okay, maybe fooling around on the couch with a boy was her favorite, but snooping was a close second. Katherine had a circle of friends that all babysat and they all did it at one point or another. When they got together she and her friends would sit around and dish about what sordid things they found hidden away under beds or in the backs of drawers in their employers' homes. All of the girls' investigating had led them to some conclusions.

Firstly, they decided that just about every married man on the planet watched porn. A lot of them tried to hide it by deleting the history in their browsers, but if the girls went to a site like PornHub and clicked in the search box they could see what the husbands were looking for. Some of the men were looking at "babysitter porn," which they all thought was kind of gross—except for one of the girls who had a crush on the dad who's kids she watched. That friend was actually disappointed that that wasn't among his searches. The babysitters would pull up those videos when they got together to see what these men were watching and they had a good laugh. Katherine mostly found the videos that had some attempt at plot silly, but they could also be exciting. She was not very experienced and thought she could pick up some tips from the videos. The first time she went down on Cody she'd essentially done what she'd seen in the videos. The guys on the internet always seemed to last forever, so Katherine wasn't ready when he came in about two minutes. She gagged on his load and it ended up running down her chin.

But the husbands weren't the only ones with kinky secrets. Most of the moms they sat for had toys, either kept handy in a nightstand or hidden at the back of a drawer. Katherine could just imagine the wives upstairs using their toys to get off while their husbands were downstairs jerking off to porn. She was intrigued by some of the toys she found, but the idea of actually using one was scary.

Secondly, it was plain that many of the adults they worked for had secret lives that they would never want exposed to the light of day. Katherine was still shocked when she found drugs in the home of someone she thought was all moral and uptight. The other girls routinely found drugs, too. Mostly it was pot, but sometimes there were vials of what was

probably cocaine, or something worse. She did not have the nerve to steal anything herself, but the couple of times she'd tried pot was when one of her friends skimmed some from an adult's stash. It wasn't like they couldn't get pot at school, but it somehow seemed naughtier to smoke pot stolen from a supposedly respectable adult. Katherine was not a goody-two-shoes, but stealing someone's drugs was just alien to her. Smoking pot was fun—once she finished coughing up a storm—and it made her feel giddy, silly and then hungry. Some of her friends tried pills they'd stolen or maybe a tiny bit of white powder, but Katherine passed on that. She was too scared by all things she'd learned about drugs in school to risk getting hooked on something.

The Gardner's house was pretty boring when she'd gone through their stuff before, but the snooping itself was part of the fun. Anyway, you never knew what else you could find. Katherine had been babysitting since she was fourteen and over the years she'd been doing it she had become very good at going through drawers and closets without leaving a trace she'd ever been there. Sometimes she would fantasize she was a secret agent looking for stolen microfilm or a data drive and fancied that she was probably better at secret searches than anyone from the NSA. She went through Mr. Gardner's drawers first, since the husbands usually had the juicier secrets, but she found nothing. She found an SD Card in the back of a sock drawer when looking through one dad's things and when she popped it into her laptop it was filled with nude pictures of a pretty middle-aged woman—one who was not his wife. But Katherine recognized the woman, because she babysat for that couple too! They all went to her church. After seeing how flexible that wife was, Katherine was never able to look at her the same. And for the first time, she considered that maybe all of those people she knew at church might not be as upright as they pretended to be.

Mr. Gardner didn't seem to have any secrets. She found no evidence of an affair, he didn't seem to look at porn on the family computer, and she'd never found drugs in the Gardner house. Patrick Gardner appeared to be the nice, slightly boring churchgoing family man he appeared to be. It was rare and it made Katherine respect him even more. Mr. Gardner was always nice to her and he was one her favorite fathers to sit for. Not all of the fathers she sat for were as respectful. It was not uncommon for Katherine to catch one of the husbands trying to look down her top, or staring at her ass when they thought no one was looking. They always tried

to be subtle of course, but a girl knows. If it was a cute boy her age she didn't mind the attention at all, but when one of these married men did it, Katherine thought it was just creepy.

Mrs. Gardner was not very interesting either, as far as secret stashes went. Katherine did find a small white vibrator, with a stippled tip, hidden all the way at the back of a drawer of sweaters, but that was the only sordid thing in the entire house. Katherine was much more interested in Mrs. Gardner's jewelry. Mrs. Gardner had some beautiful pieces and Katherine loved to try them on and pose in front of the mirror on the bureau. There was a very nice tennis bracelet and a pair of diamond earrings that Katherine was sure was worth a year's tuition. Katherine would put on the earrings and the bracelet with an impossibly long strand of pure white pearls kept in a velvet lined teak box and prance around the bedroom pretending she was walking some red carpet. She posed and blew kisses for all the imaginary photographers. Katherine was well aware of the trouble she would be in if she were ever caught in Mrs. Gardner's jewelry. They would probably think she was a thief, but she took special care to note exactly how each item was placed in the jewelry box before she removed it. She would have tried on some of Mrs. Gardner's clothes to match the jewelry, but while they were about the same height—just about five and a half feet—Katherine was a slender size four while the things in Mrs. Gardner's closet were all sixes or eights. Mrs. Gardner had all the right curves and blond hair and Katherine thought she would be a bombshell if she didn't always dress so conservatively. Katherine didn't see anything wrong with working it if you had it. Just about every top she owned sculpted itself to her C-cups, or was cut low enough to show she wasn't a girl anymore, but a woman. It was just the way girls her age dressed.

Katherine carefully replaced the earrings and bracelet in the jewelry box, but kept playing with the pearls she'd twice looped around her neck as she meandered around the large master bedroom. The walk-in closet was not exciting, just suits and casual wear on one side and dresses her mother would wear on the other, and lots and lots of shoes. That was another thing Katherine coveted—Mrs. Gardner's shoe collection. The closet had a second door that opened into master bathroom, with its huge spa tub. Katherine wished she could relax in there just once before she went away to school, but couldn't think of a way to hide that. And then there was *the other door*.

It was not true that there was *nothing* interesting about the Gardners. There was one other door off the master bedroom and it was always locked with a deadbolt. Katherine tried that door many times and it was always locked. The Gardners were such a typical, boring suburban couple that Katherine could not imagine there was anything special behind that door, but she couldn't help but wonder. Maybe that was where they locked up their illegal Guatemalan maid at night, she thought with a laugh. Most likely, Mr. Gardner had a gun collection or something boring like that, and did the responsible thing by keeping it locked up. Still, Katherine hated not knowing.

What the hell, Katherine thought. One more try wouldn't hurt. Soon she would be off at school and there would be no more chances. She turned the knob and the door opened toward her! Her tummy got all fluttery as her girlish fantasies took flight. She was finally going to find out all the Gardner's dirty little secrets and then she could blackmail them and those diamond earrings would be hers. Maybe the Gardners were fugitives or serial killers and this was their trophy room. Would there be jars of heads and a suit made of their victims? It was gross, but Katherine was a fan of horror movies. She pretended she was Clarice Starling and pulled, shocked to find the deadbolt was not thrown. The door creaked open and she peered into the darkness beyond.

It was pitch black beyond the door. There were no windows and the only illumination was what spilled through the door. The room was about half the size of the master bedroom, certainly more than just a walk-in closet, and Katherine saw several large objects, though she could not make out any details in the darkness. There were also shelves on one wall, along with many objects that seemed to be hanging from hooks. Cool air flowed from the secret room and Katherine noted an odd absence of sound. She thought she recognized one or two objects, but she couldn't be correct. Why would the Gardners have that stuff locked away in a secret room? She was feeling inside the door for a light switch when a firm voice stopped Katherine in her tracks.

"I told you we would find her up here, Tara dear," Mr. Gardner announced as he walked into the bedroom.

"You were right, dear, you just can't trust anyone these days," Mrs. Gardner said, agreeing with her husband.

Katherine turned with her hand still on the doorknob and stared back at the Gardners, who stood at the other end of the bedroom, just inside the door. They were not supposed to be home for another two hours and she hadn't heard them come in. She couldn't believe she'd been caught red handed. She was always so careful! There was no way to explain her way out of this one. If she were caught going through the medicine cabinet she could claim she was looking for aspirin or a band aid, but she was in their bedroom and she was not going to find any medicine behind the door she'd just opened.

"Nothing to say?" Mr. Gardner asked.

"I, uh..." Katherine stammered, but no, she did not have anything to say because she didn't know where to begin.

"Come out of there and sit on the bed, Katherine," Mrs. Gardner ordered.

Katherine released the doorknob and did as she was told, leaving the door ajar.

"Katherine, I cannot stress enough how disappointed in you I am," Mr. Gardner scolded. "We invite you into our home and this is how you repay our trust, by going through our things?"

"I'm really sorry, sir. I know it's wrong." Katherine stared down hard enough to count the carpet fibers.

"I'm surprised nothing's gone missing before. We're you planning on keeping those pearls?" Mrs. Gardner asked.

"No, of course not! I just wanted to see how they would look on me. They're so pretty. I'm really, truly sorry, I swear I haven't stolen anything."

"I wish I could believe that. I don't think I can believe anything you say anymore, young lady."

"Are you telling us this is the first time you've gone snooping through our things, Katherine?" Mr. Gardner asked. He towered over her and Katherine shrank into herself. He was so stern and she could just imagine her father yelling at her like this.

"Yes sir," she lied. Katherine thought things were bad enough without the truth coming out.

"What do you think, Tara?"

"I don't believe the little liar. I was a teenage girl once and I know what it's like. The last time she babysat I thought the things in my drawers

looked disturbed, but I chalked it up to paranoia. Katherine seemed like such a sweet girl I did not want to believe she was like that.”

It was strange for Katherine to sit there while they talked about her as if she weren't there. It was clear she wasn't going to talk her way out of trouble so she contemplated what the Gardners were going to do about this. They always seemed so nice and she was surprised by their harshness now, though she could hardly blame them. She hoped they would just throw her out without payment. That would be a punishment since there was this great outfit at the mall she'd had her eye on.

“I would like to believe you, Katherine, but my wife does have a point. How can we believe anything you say now? I can't think of anything to do but call your parents.” Now Mr. Gardner seemed deeply disappointed in her and she felt ashamed. He'd always been so nice to her. But they couldn't call her parents! Her mom would freak!

“You can't!” Katherine blurted out.

“Excuse me?” Mr. Gardner asked with surprise. “I am sure you did not just say we can't.”

“My mother would kill me and then when she tells my dad I'm going to be so screwed.”

“You should have thought of that before you went snooping and took my jewelry. I know several of the other couples at church you've sat for. I'm sure you've been through their things, too. What would they think?” Mrs. Gardner asked.

Ohmygod! Katherine thought. This was just getting worse and worse. Would they really tell people at church? Her reputation would be ruined. Not only could she forget about ever babysitting again, but everyone would hate her. They would all be suspicious of her. “Please, don't tell anyone,” she pleaded.

“I have to telephone your parents. My hands are tied,” Mr. Gardner said.

“Please, don't. It'll ruin my life.”

True, she was twenty and not a kid anymore, but Katherine's parents still kept her on a short leash and they would institute some kind of punishment for sure. They could take her car away, which would leave her virtually stranded. No beach this summer, no going out to meet her friends unless she could convince them to swing by and get her.

“That is not our problem, young lady. I think we have an obligation to let our friends know what you’ve been doing. I think being grounded should be the least of your concerns.”

So that was it. Mrs. Gardner really did mean to tell everyone at church that she’d been going through their things. Katherine just couldn’t stand the thought of it. There had to be something she could do to get out of this. She glanced past the door she’d just opened and although it was dark she’d seen enough to guess at what went on in there. It went against her nature to strike out—she’d always been the good girl—but her back was against the wall.

“If you tell people I’ve been snooping I’ll have to tell them what I saw,” she said defiantly, purposely staring at Mrs. Gardner. Katherine hoped the Gardners would be embarrassed enough by what they kept locked away to back down. Mrs. Gardner was on several committees at church and was an accomplished professional. Of course it was a bluff, as she was not sure what she saw in that dark room. Katherine was just gambling that whatever that room was for that the Gardners wanted to keep it a secret.

“You little...”

“Tara, silence,” Mr. Gardner barked and his wife immediately fell silent and looked down. Katherine didn’t understand the change that came over the woman. “Katherine, surely you are not trying to blackmail us. You are in enough trouble already.”

“Of course not, sir. I’m just saying we all have things we don’t want getting out.”

“It does sound like you are trying to blackmail us. I am going to call your mother *and* make sure everyone at church finds out exactly what kind of girl you are.”

“But...”

“When I am done with you everyone in this town will know what a sneaky little thing you are. No one will believe a word you say, so if you wish to spread gossip about me and my wife you may go right ahead because it will just make you look like a vindictive little bitch.”

Katherine shrunk from the heat of Mr. Gardner’s anger and burst into tears. He was right. Once everyone knew she was a sneak—possibly a thief—no one would trust her. Trying to spread rumors about the Gardners would just make her seem worse. She was trapped and she knew it. That

glimmer of light she'd seen was gone. Katherine was resigned to her life being ruined.

"Now don't cry, Katherine. Falling apart will not change the situation."

"I'm so sorry, Mr. Gardner. I didn't mean what I said. I would never tell tales about you and Mrs. Gardner," she sobbed. "I know I'm wrong. You can go call my mother."

"Young girls are so dramatic. Katherine, calm down. I don't wish to see you cry."

"I'm sorry," she insisted and a fresh flow of tears erupted.

Mr. Gardner glanced at his wife and she sat on the bed beside Katherine, putting her arm around the girl. "Come on, it's not as horrible as it seems. I understand you just felt trapped. You're not the kind of girl who would spread trash about us," Mrs. Gardner said. It was the first time she spoke since her husband silenced her.

"I wouldn't, I swear it."

"I know, dear. It's all going to be okay." She put her arms around Katherine, stroking her dark hair and the girl wept into her shoulder. "Isn't there something we can do, Patrick?"

"What can we do? The girl not only went through our private possessions, she then threatened to spread gossip about us. I am not inclined to show her any mercy."

"I understand." Katherine sobbed.

"Please, Patrick. She's so sorry. I know she would be willing to make it right."

"Well..."

Katherine saw a glimmer of hope, tiny as it was. Mrs. Gardner felt sorry for her and now if only she could get Mr. Gardner to have mercy maybe she wouldn't be ruined after all. If nothing else, she'd learned her lesson. Katherine would never go through anyone's things again, if she ever had the chance after tonight. "I'd do anything, sir."

"I don't know. Can we really trust you, Katherine?" Mr. Gardner still sounded unsure.

"I swear I'll do anything if I can stay out of trouble." She was even willing to babysit for free from now on.

"You are doing a lot of swearing tonight."

“I really, truly mean it, sir. I promise I’ll do anything to prove you can trust me if you give me a second chance.”

Mr. Gardner crossed his arms and paced the room, seemingly considering her words. His face gave nothing away and Katherine didn’t know what he was going to decide. All she could do was hope for the best and she clung to Mrs. Gardner like a security blanket. The older woman wiped away her tears and Katherine sniffled. There wasn’t a chore they could ask her to do she wouldn’t agree to. This is why Katherine always tried to behave, because she’d learned the hard way that when she didn’t, there were always consequences.

“You will do what we ask if we keep this incident quiet? Be very sure before you answer, Katherine, because if you back out everything will be much, much worse.”

Mr. Gardner was so serious it scared her, but she readily agreed, nodding vigorously. “I promise I’ll be good, sir. I’ll prove I’m the girl you thought I was.”

“I believe her, Patrick.”

“All right, but I am only agreeing to this because Tara believes you are sincere.”

“Thank you so much, sir. I really appreciate it.”

Katherine was so relieved. Just a few minutes ago she was sure it was all over. Now she could see her whole summer stretched out before her again and then she would be off to a local college in the fall and a new set of adventures. She wiped her eyes on her sleeve.

“Stand up,” Mr. Gardner ordered.

Katherine stood with a sigh. She didn’t understand why he still sounded so mean. Didn’t he just say everything was going to be all right? With her hands clasped in front of her, she stood at the foot of the bed with her posture straight. Mrs. Gardner stood beside her husband.

“Come along, Katherine. If you are so curious about what we keep in that room, let me show you.”

“Mr. Gardner?”

He did not answer her, but walked over to the secret room and opened the door all the way. He reached in and turned on the lights, which were subdued, still leaving parts of the room in shadow. “I said to come here. Do not make me ask again or I’ll regret giving you a second chance.”

This time Katherine did as he said and stood beside him looking into the strange room. She thought she recognized it as some kind of bondage dungeon, but she didn't know much about that sort of thing and most of the items in the room were alien to her. All she knew about bondage and kinky sex she'd learned from a porn video her friend Sandra had shown her. All sorts of chains and leather things hung on the walls. More straps and chains hung from the ceiling and there were other, larger objects along the walls. Toward the back, in the center of the room was a high backed chair of dark wood with restraints on the arms and legs. Katherine did not even want to think about what Mr. Gardner did to Mrs. Gardner when she was in that chair.

"Do you know what this room is?" Mr. Gardner asked. Mrs. Gardner was behind her, silent and still as a statue. Katherine looked everywhere but at him and did not answer. What did he want her to say? "Go on, Katherine, it's okay to tell me. You're a grown woman now, we're all adults here." Just that Mr. Gardner recognized her as an adult when it seemed like no one else in her life did gave her a boost.

"Is it a dungeon?" she asked meekly.

Mr. Gardner chuckled. "In a way, Katherine. If it was in the basement it would be a dungeon, but we just like to think of it as a playroom. An adult playroom. The objects in here are for restraint and discipline."

"Uh, that's nice, I guess."

"I know you must be curious. Please, take a look around."

"That's okay, sir. I understand this is private."

Katherine started to back away, but Mr. Gardner's hand on her back stopped her. Pinpricks of fear swarmed up her spine.

"I insist, Katherine. Have a look around." His voice was cold, hard.

Taking baby steps, Katherine entered the room. She *was* curious about the things in the room and what they were used for, but she was also turning bright red with embarrassment and would never ask. She could feel the cold from the stone tile even through her socks. She touched some sort of harness hanging on a hook and it jingled when it moved. She risked a glance back at Mrs. Gardner and tried to imagine the woman wearing the harness, or chained up to the wall. She just couldn't. She did not think it would be Mr. Gardner who was chained against the wall. The vibe between the couple told her who was in charge here. The Gardners were not quite old enough to be her parents—Katherine thought they were in their thirties

—but they did seem much like her parents. Mr. Gardner was nice, but stern and upright and Mrs. Gardner was like the perfect blond suburban wife. *Does he really paddle her behind in here?* The thought almost made her giggle, but she knew giggling would not be appropriate at the moment. She ran her hands over the soft black leather of what she thought was a gymnastics horse, but this one had shiny rings set into it and seemed sinister.

“What do you think?”

“It’s interesting,” she replied cautiously. “Do you guys, uh, use this a lot?” She knew he wanted her to be interested and right now it was very important for her to keep Mr. Gardner happy.

“Not all the time, but yes, we do enjoy being in here. Sometimes Tara just needs to be punished,” Mr. Gardner said without a hint of irony.

Katherine looked at Mrs. Gardner, who did not seem shocked or ashamed by what her husband had just disclosed. If it were her, Katherine would be smacking her husband right about now. She didn’t think she could ever understand the Gardners’ relationship. Mrs. Gardner was still standing quietly, her hands at her sides, like she was awaiting orders. It was creepy, so Katherine looked away and fingered a black, coiled whip that hung from a hook. It was the softest leather she’d ever felt, but she bet it would still hurt if someone used it on her. Did Mrs. Gardner really like it? Katherine tried to picture herself bent over and being paddled. She couldn’t.

Although she wasn’t a virgin, Katherine had only been with two guys. She slept with her first boyfriend once and it hurt so much they never did it again, but things were different with Cody, her second boyfriend. He took his time and Katherine found out sex could be really fun. Now that they were broken up she missed it and hoped she would meet another boy to play with this summer. Once when they were doing it, Cody held her wrists down on the bed, and it was exciting. She felt trapped and it made her heart beat faster because she was at Cody’s mercy, even though she knew he wouldn’t hurt her. If she liked that, would she like being tied up? Katherine thought that might be going too far, but would not rule it out with the right boy.

“Would you like to see how we use some of these things?” Mr. Gardner asked and his voice made her jump.

“Like how?” *Did he want her to watch them do it?* she wondered. That would be creepy.

“Tara.”

Mrs. Gardner turned and closed the door, throwing the deadbolt to secure it. Katherine’s heart was in her throat because something did not seem right. Why were they locking the room? For the first time it dawned on her they maybe it wasn’t free babysitting Mr. Gardner was after. She was suddenly dizzy with fear and knew that her curiosity had gotten her into much more trouble than she could handle.

The room was dead silent with the door sealed and her voice sounded tiny. “Mr. Gardner.”

“Take off your sweatshirt, Katherine.”

“Sir?”

“I said take off your sweatshirt. I know you are confused, so I will take that into account, but believe me Katherine, you do not want to try my patience.”

“Mr. Gardner, the boys are right down the hall. They could wake up,” she offered lamely. Obviously he was not concerned his children were in the house.

“Katherine, this room is soundproof, and we have a monitor connected to their room.” He indicated a small intercom box mounted on the wall. Mrs. Gardner pressed a button and it crackled to life. “Nothing we do in here will wake them up, and if they do wake and need us, Tara can tend to them.” Mr. Gardner had thought of everything. “Now for the last time, take off your sweatshirt, Katherine.”

Katherine took a deep breath and tried to calm down enough to think. Just how important was it to keep Mr. Gardner happy? Did he want sex with her while his wife watched? She looked at Mrs. Gardner again, but there was no help there. In fact, her lips were curled in the hint of a smile. Didn’t she get jealous? Katherine would be in deep trouble if the Gardners told everyone what she’d done, but was it worth *this* to stay out of trouble? Mr. Gardner was handsome—for an older guy—but she’d never even considered him in a sexual way.

“I’m scared.”

“I understand, but you have to trust I will not hurt you. Not really. I have no interest in going to jail. I just want to teach you a lesson. You do realize you need to be punished?”

“Yes, sir,” Katherine replied.

His paternal tone really made her feel like she was speaking to an elder. Was that how Mr. Gardner talked to his wife too? Mr. Gardner said he wanted to punish her, so maybe he didn't want sex. Maybe he was going to spank her, or use one of those paddles or whips on her. The very idea was frightening and Katherine couldn't imagine it. That had to hurt. She couldn't remember the last time either of her parents had spanked her, but it always hurt. Still, if she could get off without being exposed wasn't it worth a little spanking? *I'm a big girl*, she told herself. *I can take it*. It was either that or have her life wrecked.

With trembling hands, Katherine pulled down the zipper on her hoodie and took her pearls back. She wore it because they kept the air conditioning high and it was always chilly in the Gardners' house. She wasn't quite sure what to do with it, so she neatly folded the hoodie and laid it over the horse. Her white tank top was thin and did not hide the bright blue bra she wore underneath. It would usually have been just a fashion statement, but it was embarrassing in this sexually charged atmosphere.

Katherine shuffled from foot to foot and didn't know what to do while Mr. Gardner looked her over. She was just a little taller than average, with a slender figure that always turned heads when she was in a slung top and tight, low-rise jeans like she was wearing tonight. She's always liked the attention her looks brought her, but now that the attention was coming from Mr. Gardner she didn't know how she felt about it. He had never looked at her like this before and it was off-putting—thought she had to admit being so nakedly appraised did stir a tingle deep down inside her. This was not the way the other fathers checked her out when they thought no one was looking. They tried to be sly, like they knew it was wrong to look at her young body, but Mr. Gardner was defiant—like she was explicitly there for him to examine. Katherine decided that all men were dirty old men, regardless of how they seemed.

"You are going to have to learn to do as you are told more quickly, Katherine. I do not tolerate disobedience."

"Sorry," she replied sheepishly.

"Rest assured, you will learn. Now come closer."

Each step Katherine took made her heart beat faster and she was almost lightheaded by the time she reached Mr. Gardner. Most of her raven hair was pulled back in a ponytail, but a few stray locks had escaped and he

brushed them back from her cheek. His fingers felt warm and she forced herself to not pull away from his touch.

“See, not so bad, Katherine.”

“It’s much easier if you do as you’re told,” Mrs. Gardner said.

“You have such beautiful skin, I’ve always thought so. You are such a pretty young lady,” Mr. Gardner said. Katherine was very dark, like her Italian mother, even when she wasn’t tanning.

“Th...thank you,” Katherine stammered. She was scared witless, beyond worrying what would come next. She could only take it as it came.

“I’m going to punish you now. Are you ready, Katherine? I want you to remember that you promised to do anything to set things right.”

“I know,” she answered and thought, *please just get this over with.*

“Get her ready, Tara.”

“It’s really okay, darling,” Mrs. Gardner told her with a reassuring smile, “he is very good at this. Just try and relax.” She unfastened Katherine’s jeans and pushed them past her slender hips. It took everything Katherine had to fight the impulse to cover herself. Her little pink, cotton panties did not cover much, but she was glad Mrs. Gardner left them in place. The older woman’s hands were very smooth and gentle and it helped her relax.

Mr. Gardner pulled the horse away from the wall and Katherine was not surprised when Mrs. Gardner bent her over it. The horse caught her at the waist and Mrs. Gardner tipped her forward as far as her flexible young body would allow. Mr. Gardner stepped in front of her and fastened a set of cuffs over her wrists in a flash.

“Hey, waitaminute!” she protested, but the couple ignored her. Mrs. Gardner stroked her hair, as if trying to calm her, while Mr. Gardner clipped the cuffs to a cord that attached to the horse at its base. He pulled the cord tight so Katherine was stretched forward. Her weight rested on the horse and her toes barely touched the floor, while her round little ass pointed into the air. Her arms were tight and the cuffs bit into her wrists, but they were padded, so it didn’t really hurt. She anticipated the forthcoming pain and regretted agreeing to any of this. What would they do if she backed out now?

Although she couldn’t turn around to see, Katherine knew it was Mr. Gardner caressing her ass through her panties. His hand was large and strong, but not rough. He was a lawyer, not a man who worked with his

hands for a living. It was shameful, but she kind of liked the way he touched her ass, like he was admiring her and wanted to make her feel good. That was a change. Boys her age were always grabbing, not caressing. Katherine gradually relaxed as he caressed her—despite her absurd position. Maybe he really didn't want to hurt her? It could all just be an elaborate ploy to teach her a lesson. If it was, it had worked. Katherine would never go poking around other people's things again.

"You have to understand this is for your own good. This is only happening because of your own behavior," Mr. Gardner said tenderly.

"I know, sir. I'm sorry. I promise I'll never do anything like this again." She meant it, but put the extra emphasis into her voice for his benefit.

"I have to ask you one more time, Katherine. You are doing this willingly, correct? You are doing it because you've chosen to?"

"Yes, Mr. Gardner. I'm willingly doing this." The truth was more complicated than that, but she *had* agreed to do this—to do whatever—to get herself out of trouble. She had chosen this punishment over any other that would come her way.

"And if you want me to stop, at any time, and accept a more tradition punishment from your parents you will say the word *Montana*. Is that clear?"

"Yes, I understand. Please, let's just get this over with." Katherine did not understand why she would name a state instead of just telling him to stop, but she had no intention of asking Mr. Gardner to stop. She was not prepared to suffer the alternative.

Swat!

His hand came down on her ass, but not too hard. The suddenness, after being so lovingly caressed jolted her and Katherine tensed. She was spanked harder than that when she was young.

Swat!

Swat!

He spanked her harder each time, but still it did not hurt much. Katherine was confident she could get through this.

two

“Do you remember the story of the curious cat?” Mr. Gardner asked, caressing her ass.

“Yes.”

“What happened to that curious kitty cat?”

“She got in trouble.”

“That’s right. She did not know to mind her own business and she got into deep trouble. In this case you are the kitty cat. You do not want to be in trouble, do you, Kitty?”

“No, sir. I don’t want any trouble.” Katherine felt silly now and had to suppress a giggle.

“That’s right, Kitty. That’s why I am teaching you this lesson, so you stay out of trouble.” He waited a moment and then spanked her once more, harder this time and she felt a tinge of pain. “Say thank you, Kitty.”

“Thank you.”

Swat! It was harder still this time. “I like it when you call me ‘sir.’”

“Yes, sir. Thank you, sir.” Katherine always called him sir as a sign of respect, so it just felt natural now, despite its new, darker meaning. She also realized he wasn’t calling her a kitty cat, he was calling her Kitty—like a pet name. No one ever called her that and she did not like it much. It made her feel like a little girl. Wouldn’t a Kitty be a silly little girl? She would never let anyone else get away with calling her that, but she wasn’t about to correct Mr. Gardner. Her name was actually Mary Katherine, but all her friends called her Katherine or Kath for short. She didn’t like Kathy either. She was snapped back to the present when she felt him tug her panties down her legs.

“Wait,” she complained. Now she really was exposed and she turned deep red from shame. She was so exposed in that position and couldn’t do anything to cover herself. Her naked ass was high in the air and she pulled on the cuffs, but the cord holding them offered no give. She realized she was helpless.

“Did you believe I would be disciplining you with your panties on? What kind of punishment is that?”

“But...”

“Silence, Kitty.”

Swat! His hand came down much harder on her bare ass and she jumped.

Swat!

Swat!

It stung and Katherine bit her lip because she did not want to cry out. She felt exploited and was becoming angry, so she was not going to give him the satisfaction of crying out. Of course she could stop this, but she was not going to do that. It was still preferable to the alternative.

Swat!

Swat!

Swat!

Katherine knew there was no escape, but it didn't stop her from struggling. Tears welled up in her big, brown eyes, but he couldn't see that.

“You've been bad, haven't you, Kitty?” Mr. Gardner asked and she heard excitement in his voice.

“Yes, sir. I'm sorry.”

“And you're going to be better from now on?”

“Yes, sir. I promise.”

Swat!

He spanked her when she answered and Katherine struggled to keep an even tone. She was not going to cry out.

“I'm only doing this for your own good, Kitty.”

“I know, sir,” she lied. This was all for him. It had nothing to do with her.

Swat!

“Thank you, sir.” The last thing she wanted to do was thank the bastard. If her hands were free she would smack the hell out of him.

Mr. Gardner caressed her stinging red cheeks and it was so soothing that she sighed involuntarily. His hands felt so nice when he wasn't spanking her. Making her feel good softened her position toward him. Katherine was so full of conflicting emotions she didn't know which end was up. She had begun to relax and didn't pay attention as his hand strayed lower. Katherine pressed her thighs together when she realized, so he couldn't touch her down there.

“Do you need more punishment, Kitty?”

She wanted to say no, but that was not the answer he was looking for.
“Yes, sir.”

“I want you to count as I spank you and then we will be done, but if you lose count I will start again.”

“Yes, sir.”

Katherine braced herself, clenching her fists and gritting her teeth. She hoped it would be over soon.

Swat!

“One.”

Swat!

“T..two.”

Swat!

“Thhree.” He was spanking her harder and harder and it was so becoming impossible to keep from crying out. She concentrated on counting and tried to ignore her stinging cheeks.

Swat!

“Four!” She cried. Katherine pulled forward, pressing into the horse, but there was no escape.

Swat!Swat!Swat!Swat!

Katherine’s ass burned with pain and she could barely get her words out without screaming. She had trouble even keeping count. “Fourfivesix!” She blurted out.

Swat!

This time he struck her low on the ass, almost on her thighs and it hurt worse.

“Seven!”

“Does it hurt, Kitty?” Mr. Gardner asked pleasantly.

“It’s not so bad, sir,” she replied through gritted teeth. And still, she did not even consider saying *Montana*.

SWAT!

He smacked her ass so hard she was jolted forward into the horse.

“Eight,” Katherine cried. She thought that one might leave a bruise and she hoped it hurt his hand. He spanked her and she counted it off and then there was one final, hard slap and she practically screamed out, “Ten!”

“Tara,” Mr. Gardner called.

Katherine could not see what was going on, but she felt a hand on her ass and jumped. Any touch back there hurt after the punishment she’d just

taken and she wanted to be left alone. But his hand was cool and moist and she realized he was rubbing lotion on her sore ass. It felt so good she sobbed and had to fight the urge to thank him. He liberally applied the lotion while massaging her cheeks and Katherine sagged against the horse.

“You have such a sexy ass. Has anyone told you that before, Kitty?” Mr. Gardner said admiringly.

“Yes, sir. Thank you, sir.” The words seemed to come so naturally. Her ex often told her how much he loved her ass. She didn’t think much of it—thought it was too small—but it was nice and round and firm and looked okay in the right pair of jeans.

“Have a lot of guys seen your ass?”

“No, sir.” It was strange, but her ass was so sore before that it felt incredible now that he was massaging the lotion into it. Without realizing it, she wiggled her butt for him to keep going.

“How many boys have you been with, Kitty?”

It was an intrusive question, but she answered. In that submissive position it just seemed normal to do as Mr. Gardner asked. Following his instructions seemed more and more normal every second. “Two, sir. I’ve only had two boyfriends.”

“You are a good girl. My little slut here was with many men before she met me.”

Katherine was shocked. *Did he just call Mrs. Gardner a slut?* Was she just going to take it?

Mr. Gardner’s slick hand slipped down and was between Katherine’s legs before she realized it. She tried squeezing her thighs together, but his slippery hand kept pressing between them. He touched her pussy and she shuddered. She was so distracted by the pain of her spanking that she never realized how wet she’d become. He lightly stroked her lips and she moaned uncontrollably.

“My Kitty, look how damp you’ve become. I guess you liked your punishment.”

“I’m sorry, sir,” she whimpered without thinking. He was just barely touching her, but it felt so good. Katherine burned with shame and she felt so dirty. How could she be turned on by being humiliated like this? Being tied up and spanked was not her idea of a good time—at least, it never had been before. It was absurd, and she worried what the Gardners must think of her now.

“You don’t need to be sorry, Kitty. Who doesn’t get aroused when touched the right way? I am glad you were able to enjoy yourself.”

“But...”

“You do not need to explain yourself, just relax. You took your punishment like a good girl and you took it very hard, too. I am impressed.”

“Thank you, sir.”

“Have a look for yourself.”

Mrs. Gardner stepped in front of her and loosened the cord and Mr. Gardner pulled her back on the horse. Mrs. Gardner had a silver framed, antique hand mirror and held it so Katherine could look behind her, where Mr. Gardner held a larger mirror. Her ass glowed cherry red and was shiny from the lotion Mr. Gardner applied. His handprint was clearly outlined several times in the red flesh and Katherine couldn’t believe she’d taken such a hard spanking. What really drew her attention, however, were her pink, swollen lips, which peeked out from between her clasped thighs. She could see how wet she was and stared in disbelief. Mr. Gardner stroked her ass while she watched. It was like she was in a some weird dream.

“You’ve handled yourself so well I believe you deserve a reward,” Mr. Gardner told her.

“That’s not...” Katherine began, but her words morphed into a strangled moan when he touched between her legs again. His fingers expertly stroked her lips and she was transfixed, staring into the mirror to watch Mr. Gardner molesting her. She just could not believe it was her own pussy she watched, but the pleasure pulsing through her told a different story. He peeled her sticky lips apart and Katherine jerked like she’d touched a live wire when he teased her clit. She gasped and rode the incredible feelings higher and higher as Mr. Gardner played with her. She was so sure she was going to climax, but then he stopped touching her and Katherine sobbed in frustration.

“Don’t worry, Kitty, I won’t leave you hanging. I just want to make your first time here truly memorable. Tara, why don’t we show her your favorite way to use those pearls?”

“I’m sure she will love it, master,” Mrs. Gardner said, laying the mirror aside. She removed the pearls from Katherine's neck and handed them back to her husband. Katherine was confused, but when she felt those pearls cascade across her ass, fear cut through her need and she tried to close her legs again. Mrs. Gardner pulled the cord in front of her tight again

and Katherine was forced back over the horse with her ass in the air. Not only that, but she also felt the woman grab one of her ankles from behind and fasten a cuff around it. Katherine kicked and fought, but Mr. Gardner whacked her ass hard.

“I thought you’d learned to behave, Kitty. You will stay still while my pet helps you,” he scolded.

“I’m sorry, sir. I just...” Katherine stopped when he spanked her again, making her cheeks sting anew. Asking the couple to stop never entered her mind.

Mrs. Gardner attached a cuff to her other ankle and Katherine found the padded leather cuffs were attached to a bar between them. Katherine could not bring her feet close together no matter how much she pushed. Not only that, but Mrs. Gardner pushed the bar open so the girl’s legs were spread wide apart. Katherine could only imagine the obscene view Mr. Gardner had of her now, with her legs spread apart by the bar. She strained and struggled, but she could not force her legs back together. Bound and bent over the horse, Katherine was completely helpless.

“You’re going to hurt yourself if you keep struggling so hard,” Mr. Gardner warned. “If you relax you will find this experience far more pleasurable. Being willful only leads to further punishment, Kitty.”

Katherine did not heed his warning. She couldn’t. This was not what she signed up for and she felt like a slut if she just gave into what he wanted, no matter how good it felt. That was what she’d been taught, that girls who just followed their pleasure were sluts. Even as Mr. Gardner touched her cunt again, strumming his fingers across her slick, swollen lips, Katherine pushed and pulled against the spreader bar and pulled on the cord holding her cuffed wrists. That word popped into her head: *Montana*. It was crazy, given her position, but she did truly believe that if she used that word Mr. Gardner would stop. It seemed very important to him that she not be forced to do anything against her will. But she never said that word. She gasped and went stiff for a different reason when he found her clit again. She was trying to push back at his hand as his digits danced all around her clit. It was electric every time he touched it and Katherine didn’t want him to stop. She did not realize her will to resist was eroding until it was too late.

“You want me to play with your cunt, don’t you, Kitty?”

“I..I...” she sobbed, clinging to that last shred of self control. And then Mr. Gardner lightly pinched her clit and Katherine cried, “Yes, sir! *Please!*” He rewarded her by vigorously rubbing her clit, until Katherine was sure she was going to climax, but he had a sixth sense about her body and eased back before she could finish. Katherine was moaning uncontrollably and could feel she was literally dripping back there. She had never felt anything like this in her young life.

“You should thank the master, Kitty, he likes that,” Mrs. Gardner whispered, crouching down by Katherine's head and stroking her long, silky hair. Katherine was shocked to see the woman had stripped out of her dress and was wearing nothing beside shiny, black, spiked heels, thigh-high stockings, a tiny black thong, which concealed nothing, and a skimpy, matching bra that seemed to lift her large breasts forward, offering them up on display. Katherine thought she looked incredibly sexy and was shocked the seemingly reserved woman had that on under her dress, but then Katherine obviously had no idea who these people really were.

“Thank you, sir,” Katherine cried and was rewarded by his teasing her clit once again while pressing his thumb into her tight pussy, just to the first knuckle. It was tantalizing and Katherine pushed back for more, but was could not move.

“I do enjoy your struggle, Kitty. I like seeing your passion rise to the surface. I could tell there was a passionate young woman lurking inside you, waiting to be freed,” Mr. Gardner said.

Katherine took a deep breath and tried to compose herself when he stopped touching her, but events had progressed past that. She was going to be a mess until she got some relief and was rapidly approaching the point where she would do anything to get it. Even the thought of fucking Mr. Gardner was not out of bounds now. She was sure that's what he was building up to and she thought it would be a relief if he just did it already. She just wanted to come!

Feeling the pearls flowing over her sore ass like cool water felt nice and Katherine sighed, while still wiggling her ass for Mr. Gardner—hoping he would touch her between the legs again. The long strand slipped between her cheeks and she felt it tapping her inner thighs as it swayed back there. Katherine was ready to give up, deciding Mr. Gardner was having too much fun teasing her to allow her to orgasm when he swung the strand of pearls and it slapped against her splayed, swollen cunt. The tap sent a shockwave

through her and Katherine gasped. He kept swinging the pearls and they landed against her pussy with more force and she couldn't believe how good those perfectly smooth, round pearls felt tapping against her pussy.

"I see you are beginning to understand why this is my pet's favorite piece of jewelry. Would you like to learn what can really be done with them, Kitty?"

"Yes, please, sir," she gasped. In that moment, she was his.

Mr. Gardner pulled the strand of pearls tight and slipped it between her dripping lips, pressing it into her cunt. Katherine cried out and shook, feeling so trapped by her restraints. If she thought the tapping merely felt good, then those little pearls sliding back and forth against her pussy was heaven itself. He slowly drew those pearls back and forth and every muscle in her body clenched tightly and her heavy breathing turned to sharp moans and Katherine was coming harder than she ever had before. It wasn't like when a boy fingered her or she had sex, or even if a guy went down on her—she'd thought that was the best. But this was a different thing entirely and it made Katherine question if she'd ever really climaxed before. It was so intense she could hardly stand it and she thought her heart was going to stop. She could not catch her breath and so could not scream, even though she felt she had to. Except for her quiet, halting moans she was mostly quiet, but the handcuffs on her wrists jingled as she shook and the soft leather covering the horse creaked as she tried to fold herself around it. She had actually forgotten how uncomfortable her position was for a few, brief seconds.

"Yes, that's a good girl, Kitty. Give in to your needs and desires. Let it all out and surrender. It's so delicious when you surrender," Mr. Gardner cooed, still running those pearls between her legs.

She had only just caught her breath when he pulled them tighter and the pearls rubbed her clit. Mr. Gardner pulled them quickly over her clit and Katherine lost it again. Shockingly, her second orgasm was even more powerful than her first. She gasped for air and squeezed her eyes shut so tightly it hurt. Trying to curl into a ball only made her tug on the restraints, but somehow that pain only made the orgasm more intense and Katherine really was thrown into another world.

Katherine had no idea how long she stayed like that before she felt Mrs. Gardner stroking her hair and rubbing her back. Katherine was still bent over the horse and restrained and so drained that she could have even

fallen asleep in that absurd position. Her pussy still tingled and now that she was back in her own head she was embarrassed by how exposed she was. Crazy, Katherine was glad that she always kept up on her grooming down there, leaving just a little strip. “You did so well, darling. I can tell he’s impressed. I’m so jealous. I still remember my first time.”

Katherine heard the words, but they did not make any sense. She did not understand all this talk about “first times” and impressing Mr. Gardner. The only reason she had done this was because she had no choice. That was what Katherine kept telling herself over and over again.

“I am well pleased, but playing with Kitty’s cunt has made me horny as hell. Fix the mirror and come here, pet.”

Mrs. Gardner had the larger mirror her husband held behind Katherine earlier and she leaned it against the wall, so the girl could see the rest of the room—or at least a slice of it. In that slice she saw Mr. Gardner standing with his cock out and then Mrs. Gardner kneeling down in front of him. The blond woman stared at his cock like a junkie at a needle and her zeal to please her husband was almost frightening. Mrs. Gardner held his cock and licked it like the most delicious candy while moaning and cooing over it. Mr. Gardner took it from her and slapped her in the face with it while she tried to kiss it. It was so dirty—the way he was treating her—but also very erotic. Katherine had gone down on boys, but it was not something she loved, like Mrs. Gardner obviously did. Finally, he put it in her mouth and she loudly sucked him and had no trouble taking his entire cock, even though he was quite impressive in size, at least to Katherine's limited experience.

Watching Mrs. Gardner pleasing her husband, her master, was so much hotter than any of the dirty videos Katherine had seen. She could clearly hear Mrs. Gardner sucking and Mr. Gardner moaning as she did her best to get him off. Katherine couldn’t tear her eyes away and studied what Mrs. Gardner was doing, because by the way he reacted she was very good at it. Mrs. Gardner bobbed back and forth on her own until Mr. Gardner grabbed the back of her head. He held her still and fucked his cock into her mouth. Katherine watched, wide-eyed, as Mr. Gardner moved faster and faster, with no regard to his wife, who sounded like she was gagging. Drool dripped from her chin, but she did not struggle or try to get away. She actually held onto his ass, as if pulling him into her.

“Take it deep, my cocksucking slut,” Mr. Gardner growled. “Suck me harder!”

It was Mrs. Gardner he was using, but with a shock Katherine realized he was staring at her in the mirror. Was that what he really wanted to do to her? It frightened her, but somewhere deep down, Katherine wondered if she were up to the challenge. There was something exciting about proving she could take anything he could dish out. The little taste he’d given her just now had awakened something inside her—something she was not even fully conscious of yet.

“God, drink it down, pet,” Mr. Gardner moaned, holding his cock buried in Mrs. Gardner’s throat. He was coming, that much was obvious, and Katherine watched the blonde working to swallow it all. When he released her, Mrs. Gardner almost fell over and gasped for air. She stayed on her hands and knees, panting, while Mr. Gardner fixed his pants and came over to Katherine, first slackening the cord holding her cuffs, and then unclipping it.

Mr. Gardner had to steady her when she landed on her feet and she held onto him with both cuffed hands. It would have been hard enough to stand after all that, even without the spreader bar forcing her into a wide stance. It was so weird to be naked from the waist down, handcuffed and spread. She could feel his breath on her thigh when he knelt down and released her from the spreader bar and it took every ounce of willpower to resist covering herself. She hoped getting so close to her pussy made him hard all over again because he was not going to fuck her. Katherine was surprised when he did not uncuff her hands, but told her to dress. It was awkward pulling on her panties and jeans with her hands cuffed together, but she did not protest. She did not want to give him a reason to keep her bound even longer.

“Now Kitty, we have an arrangement between us. I expect you keep your end of the bargain and Mrs. Gardner and I will keep your behavior to ourselves.”

“Yes, sir. I understand.”

“Good. I wouldn’t want anything to ruin the fun we had tonight.” He finally uncuffed her and Katherine flexed her wrists, trying to get the blood flowing again. There were deep red indentations from her struggles.

“Can I go now?” Freed, she suddenly wanted to be anywhere else but in that room, in that house. She fought the urge to run from the room.

“Of course, I’ll walk you to the door.” He touched her back and Katherine shivered from fear, anger and...something else.

After she collected her things, Mr. Gardner walked her to the door, like he always did when she was done working for the night. He also handed Katherine her pay and she felt dirty taking it, even though she told herself it was just for the babysitting. It was, however, three times what she usually got paid. She stood uncomfortably in the open door, not sure what to say. Did she say, “thank you, see you soon,” like she usually did. Did she tell him he was a sick perv and order him to stay away from her? Katherine didn’t know what to say because she didn’t know how she felt. There was what she *should* feel and then all the other things swirling in her head.

“We will see you soon, Kitty,” Mr. Gardner said, and gave her a peck on the cheek.

“Okay,” she simply answered and walked down the long walkway to the street.

“Go straight home and be careful. You don’t know what’s lurking in the shadows,” Mr. Gardner called out.

Katherine kept it together until she was sure she was out of sight and then broke into a run. She ran as fast as she could, even though she was sore all over and exhausted. She ran the four blocks to her house and wished she could keep running, keep running until she dropped and couldn’t feel anything. Katherine wanted to just disappear, but instead she went home and when she breezed past her mother, watching television in the living room, she acted like nothing was wrong. She threw off her clothes as quickly as she could and climbed into the shower, but did not turn the heat on to scrub away her shame. No, she turned the water freezing cold.

Deep inside, Katherine felt she was burning alive. A flame had been lit and she had to put it out. She was ashamed, but not because she felt like a victim. It was precisely the opposite, actually. She could not go to the police and cry rape. First of all, she knew no one would believe her wild story. And secondly, she was afraid she would break down under questioning and admit how much she enjoyed it. Katherine had never climaxed harder in her life. She was almost afraid that no boy would ever get her off like that again. She just couldn’t imagine having sex with boys her age. She knew they weren’t capable of making her feel the way Mr. Gardner had. Katherine burned with shame and anger and humiliation, but also with desire. She wasn’t equipped to deal with such complex,

conflicting feelings and she wept while she curled up in the tub with the freezing water beating down on her. All she knew for sure was that she had to avoid Mr. Gardner at all costs. If she didn't, she had no idea what might happen next.

three

Katherine hoped she would awaken the next morning with all the strange feelings gone and she would be able to forget her crazy evening in the Gardners' secret room, but that was not the case. Although she did her best to keep her mind focused on other things, whenever she allowed it to roam, it went back to what she felt while at Mr. Gardner's mercy.

Nor did the feeling fade over time. It was especially tough at night, when she laid in bed and waited for sleep. She would find herself so distracted that she could not help touching herself. Masturbation was something Katherine only occasionally indulged in—maybe after a frustrating date with an inept boy—but now it was almost an every night occurrence.

If only she could confide in her friends it surely would have helped, but Katherine was far too ashamed to even admit what had happened, let alone talk about how much she liked it. She knew she should feel like she'd been used, but it was hard to reconcile that when she was the one who had received most of the pleasure. When she and Sandra lay side-by-side at the pool, tanning in their little string bikinis, it was on the tip of her tongue. Sandra was talking about some guy she hooked up with the night before and how good he was with his hands and Katherine couldn't help but think about how good Mr. Gardner was with *his* hands, but she kept her mouth shut.

"It was just nice to be with a boy who didn't treat my body like an Xbox controller for once, you know what I mean?" Sandra commented. She glanced over at her friend beside her, but big sunglasses hid her eyes. Their brown bodies glistened in the hot sun from sweat and lotion. It was no secret that Sandra envied how easily Katherine tanned. While Katherine was a naturally dark beauty, Sandra was blonde and light and had to constantly work at getting the color she wanted while watching she did not burn.

"Yeah," Katherine agreed absent-mindedly. She was busy trying to shoo away thoughts of Mr. Gardner touching her pussy, while watching the late morning sun dance on the calm surface of the pool.

“Are you listening to me at all, Kath?”

“I am. Boys are clumsy and crude. And they wonder why we like older guys.”

“I swear, no more boys under twenty-five. I swear Jared was the best lay ever.” Jared was Sandra’s former twenty-five year old boyfriend, who she met at a club using her fake ID when she was under age. They had a torrid fling until he found out how old she was and dropped her like she was radioactive, surely worried about how jail could derail his budding financial career. Sandra had been with boys in the years since, but she still went on about Jared. Was that how it would be with Mr. Gardner, Katherine wondered. If no other guys could make her orgasm the way he did would she be left always thinking about him?

“You’re probably right, college guys are better.” *Or maybe even older guys*, Katherine thought.

“We’ll be beating them off with sticks in a couple months. Living on campus will be totally different than commuting.”

“I just can’t wait to get to school and have some freedom. It’s not *just* about guys.”

“Bite your tongue. You obviously haven’t been with the right guys. Didn’t Cody know what he was doing?”

“Cody was fine.”

“Fine?”

“Good, I mean Cody was good. We had a lot of fun together.”

“Well, Kat, there’s fun and then there’s *fun*. You really need to come out to the club with us again.”

“I don’t know, maybe.”

Katherine did have a fake ID, although she’d only gotten it in the past year and only after she couldn’t take Sandra’s nagging about it any longer. After she got the ID, Sandra insisted she use it, so one night Katherine accompanied some of her more adventurous friends—who’d had theirs for years—and went to a club downtown. When they came to the front of the line she was excited by the thumping music spilling out onto the street and all the smartly dressed people around her, but did not think she would really get to see what was going on inside. Would the bouncer really believe she was twenty-seven-year-old, organ donor “Daisy George” from Wisconsin? Katherine didn’t think so, even though she followed Sandra’s advice, wearing one of her friend’s more outrageous dresses and allowing the

blonde to layer the make-up on. Sandra explained that if you had enough cleavage showing, the bouncer never really looked at the ID anyway. Katherine held her breath while the beefy Samoan examined the fake driver's license and then looked her over. Sure enough, his eyes never reached above her pushed-up, exposed breasts and he waved her right inside.

Being inside the club was unlike anything Katherine had ever experienced. She felt uncomfortable with all of mature people around her, but after Sandra pressed the second drink into her hand she did not care as much. All she could taste was vodka, but there must have just been a dash of cranberry juice for color. She and her friends danced together in a tight group and Katherine was having a fantastic time, but as more guys became interested in them her friends were peeled away to dance one-on-one with men. Katherine ended up dancing with a handsome guy who looked close to thirty. Fortunately, he was respectful and kept his hands to himself. She saw the guy Sandra was dancing with had his hands all over her friend, though Sandra did not seem to mind.

Katherine had fun at the club that night, but it was a bit too much for her. She didn't appreciate being groped by a dozen anonymous guys every time she pushed through a crowd and by the end of the evening she'd had too much to drink and was sick by the side of the road. Since then she'd turned down her friends' offers to join them at the club again, but she was thinking it might be the distraction she needed.

"That's not a no," Sandra commented.

"I'm just thinking maybe I should get out there and get a little more experience before I go off to school."

"You are kinda sheltered."

"I am not! I just don't get crazy like you. I'm not some little virgin."

"There's no need to be defensive, Kat. I'm not saying you're a wallflower, I'm just saying you need to get out more, that's all. Spread your wings."

"Let me know when you guys are hitting the club again and I will go."

"Awesome!"

"Just don't think I'm going to get crazy and let some stranger do me in the back of his car."

"You make it sound like that's a bad thing," Sandra giggled.

“You really are terrible.”

The girls dove into the pool to cool off and then Katherine had to change and go because she was babysitting that afternoon for a couple from the church while the mom went out to run some errands.

Over the next couple weeks Katherine did a good job of avoiding the Gardners. Although Mrs. Gardner left several messages on her voicemail about coming to babysit, Katherine did not respond and even found excuses to avoid going to church with her family. She lied and said she preferred the contemporary on Sunday evening, which was led by the youth pastor—even though she found the acoustic guitar and the youth oriented messages cheesy. Still, it was easier to suffer through lame folksy hymns than risk running into the Gardners. Forgetting about her night in the Gardners’ secret room did not come as easily. Katherine filled up her time as much as possible. It helped, but eventually there was always down time and her mind wandered and images of being helpless before Mr. Gardner flashed through her mind. She couldn’t help thinking about how she must have looked or how it felt when he touched her and made her beg. It made her burn with shame—and desire. When it was too much, Katherine retreated to the shower and used her favorite setting on the shower massager.

Katherine leaned against the cool tile wall while hot water pulsed and pounded right above her mound. She was so sensitive down there that just letting the water beat near her pussy made her clit throb. The ripples through her taut flesh felt so good and she kept it there until the indirect stimulation left her panting. It reminded her of the way Mr. Gardner teased by not quite touching where she wanted. Katherine twisted the control ring, lightening the massage intensity and moved the showerhead lower, so it pulsed right onto her puffy lips. She gasped and instinctively snapped her thighs shut before relaxing and opening herself up again. With a flick of her wrist, Katherine aimed the jets of water up and down over her pussy, moving them closer and higher until they were concentrated right over her clit. The intense pleasure radiated out from her hooded clit and Katherine felt her will slipping away just as she always did when close to orgasm.

When she was so close it was like a runaway train and there was nothing she wouldn't do to come.

The throbbing in her clit matched the pulse of the massaging water jets and just before she came Katherine thought about Mrs. Gardner on her knees sucking on Mr. Gardner so eagerly, looking up at him like there was nothing more important in the world than pleasing him. She remembered the names he called his wife and how shocking it was, but as she came, Katherine could not help wondering if he could do that to her, make her totally his. She did not think it was possible to give herself over to someone so completely, but what if she could? Could Mr. Gardner make her climax again the way she had that night? Was that the power he had over Mrs. Gardner? Katherine gasped and panted. Her orgasm was so powerful she dropped the massager, letting it swing on its hose and clatter against the wall. She sank down and sat in the tub, hugging her knees against her chest and enjoying the warm glow that spread through her, but frightened by its power.

The problem, Katherine decided, was that she was just horny, not that she wanted to explore her dark curiosities. If it was just plain old horniness then any boy could help her and once she got it out of her system then she could go back to normal. To that end, she broke down and called Cody. She did not want to lead him on, but Cody was safe and familiar and she knew he could make her feel good. Katherine arranged for him to come over and hang out one night when she was babysitting. On the phone she stressed that they would just be hanging out, in case she got cold feet.

The Berlantis were a nice couple, although every time she turned around, Katherine caught the husband staring at her ass. Their house was not as grand as some of the families she sat for, but that was okay because their children were so well behaved. The parents would not be out late, they were just going to dinner and then the movies with friends, so Katherine pushed to get the kids in bed early. After a nutritious meal of chicken nuggets and fries and a cutthroat game of Candy Land, she had the kids tucked into bed and was downstairs watching television in the den when Cody texted that he was outside. Katherine checked her hair in the mirror above the credenza inside the front door and then welcomed Cody into the house with a hug.

While Cody dug through the Berlanti family DVD collection for something to watch, Katherine prepared popcorn in the microwave and

fetcher drinks. Cody chose *The Texas Chainsaw Massacre*, which was typical. She did not like horror movies as a rule, but she did not care which movie he chose since there were other things on her mind. Cody put his feet up on the coffee table while Katherine snuggled up to him and ate popcorn out of the big plastic bowl, which sat in his lap.

Katherine wondered if Cody could sense the tension. If he could, he did not show it, absent-mindedly stroking her arm while seemingly engrossed in the movie. It was the first time they had hung out since she broke things off and she was surprised Cody didn't have anything to say to her. They were sitting on the couch like nothing had changed. She felt comfortable with the cute boy and it was easy to remember all the reasons she liked him. Katherine couldn't help but wonder if she had been too hasty in breaking up with him.

The movie was scary, though not as gruesome as the original, and every time Katherine jumped and buried her face in Cody's chest he used it as an opportunity to pull her closer. Cody wormed his hand under her arm and it rested on her tummy, within a hair's breadth of her breast. The hesitation was not like him and it frustrated Katherine. She wanted him to take charge and kiss her, rather than try to sneak up on it. Shifting, Katherine planted her breast right into his palm and he gave it a nice squeeze. *Finally, we're getting somewhere*, she thought. Cody's groping was clumsy, but it still felt good to be touched and she rested her hand on his thigh while laying her head on his shoulder. She began softly kissing his neck and the movie was soon forgotten.

Cody turned and pulled her lips to his, while more aggressively groping her chest. He would brush over her nipple, which felt wonderful, but then he ignored it as he squeezed her. It was funny, but she'd always been perfectly happy fooling around with Cody before. His touch was also muffled by her top and bra and Katherine wanted him to just tear her clothes off. He turned and she lay back on the couch, sliding her hand up his thigh while he tried to get his hand under her tight, low-cut top. When she ran her hand over his lap, Katherine could feel that he was *very* happy to see her. She rubbed him and grasped Cody's shaft through his baggy cargo shorts. He grunted and as she worked on his prick she felt a wet spot forming on his shorts from leaking precum. Cody was kissing her neck and down the low neckline of her blouse while grabbing her through her bra. Out of frustration, Katherine pushed him away long enough to pull her top

over her head. She even unhooked her bra for him, recalling that he wasn't the most nimble in that department either. It was a bold move for her. She was usually shy about being so exposed. Her tan skin was tinted blue by the glow of the television, which made her hard nipples appear even darker. Cody went right for her exposed breasts, attacking her nipples like he might a videogame controller.

"Mmm, be gentle, baby," Katherine cooed. She nudged his mouth down to replace his hands on her breasts. She just loved having her nipples kissed and sucked on and it felt so good it was hard to screw it up. While he did that, she worked on pulling the striped polo over his head to get at his long, lean body. Cody was a sexy boy, there was no doubt. She loved feeling his strong back and firm chest, unmarred by any hair.

Katherine was disappointed when Cody moved on from her tender nipples so quickly, kissing down her toned tummy and unsnapping her short, tight shorts, which showed off what a great ass and legs she had. With her shorts undone, Katherine lifted her ass so he could slide them down her legs, along with the little pink thong beneath them. She reached out and pulled his shorts off and then ran her hands up and down his chest until he got down between her thighs. She closed her eyes and relaxed, as she was always nervous when a guy got down that close to her, not that she had much in the way of experience. Cody kissed her down there, shoving his tongue as deep as it would reach and swirling it around. Katherine felt tremors of excitement radiating out from her pussy and she breathed deeply while holding onto the couch with both hands and lifting her pussy toward Cody's face. She was throbbing down there and so deliciously wet. Every time his tongue swiped her clit, which was mostly accidental, electricity shot through her and she wanted him to stay, to concentrate there. It felt so good when Cody kissed her down there and she never thought about the fact that it could feel even *better*, that was until her experience with Mr. Gardner. Katherine felt her excitement building higher and higher toward a climax, but then Cody stopped, looking up at her with sloppy, glazed grin. From her heavy breathing and soft moans he thought he'd done well, she knew. More importantly, he thought he'd done enough.

Cody dropped his shorts on the floor, but not before retrieving a condom from one of the side pockets. Katherine eagerly waited while he slipped on the rubber. She lay back, ready for him, on the couch. Cody grabbed her leg, bending it up, and thrust inside her. She gasped when he

filled her and wrapped her arms around him. As soon as he entered her, Cody was slamming away, driving his cock down into her as hard as he could. He was grunting and had his eyes closed and it almost seemed like he wasn't even aware Katherine was beneath him. It felt good, particularly if she tilted her hips the right way, but Katherine wished he would take his time to enjoy it. She wasn't one of those girls who always wanted it gentle, but she knew what happened when Cody just slammed away. Just as she feared, within a couple minutes of slamming away at her Cody was grunting and he gave that familiar shudder, which meant he was done.

Katherine whimpered—in frustration, not desire—as she felt Cody slip his latex-sheathed cock out of her. He sat back on his heels and carefully removed the condom, wrapping it in a napkin. God, if anything, getting fucked but not coming left her worse off than before. Katherine was confused because she never felt this way after sex before. Even if the boys she'd been with did not set off fireworks she at least appreciated the way they made her feel good. Now she just wanted Cody to leave. Katherine wanted to be alone, even if she couldn't admit why.

Despite her frustration, Katherine did not just throw Cody out. She pulled her shorts back on and excused herself to clean up. In the bathroom she felt a shiver of pleasure every time she touched her pussy but Katherine resisted the urge to enjoy a quick climax. It just didn't feel right masturbating with the kids she was watching right down the hall. Instead, she just fixed her clothes and hair and went back down to the living room to watch the rest of the movie with Cody. He tried to snuggle with her again, but Katherine stayed on the other side of the couch and asked him to leave as soon as the movie finished.

While she did not masturbate at the Berlanti's house, just as soon as she got home, Katherine locked her bedroom door, pulled her shorts down and rubbed her pussy until she enjoyed a long, overdue orgasm.

four

"I'll get that, Mom, you just carry out the cookie tray," Katherine said, taking the punch bowl in both arms and following her mother out of the kitchen and into the church's fellowship hall. Mrs. Peterson was a deacon at the church and it was her turn in rotation to put out refreshments for the fellowship hour that followed the service. Katherine walked slowly and carefully set the large plastic bowl down on the table to avoid spilling any punch and staining her tight, pale pink polo shirt. The snug shirt and khaki skirt, which fell an inch or two above her knees, made Mrs. Peterson cluck in disapproval, but Katherine thought she was dressed appropriately enough for church. She was just dressing like other girls her age and did not think God expected her to dress like a nun.

The service ended and people began to trickle into the fellowship hall while Katherine filled little plastic cups from the bowl with a ladle. She was in a conversation with a sweet spinster, who always wanted an update on her life, when a voice from behind stopped her heart.

"There you are, dear," Mrs. Gardner said. "Don't you ever check your messages?"

Katherine had gotten every one of the voicemails the woman left for her, and deleted them all. Reluctantly, she turned to face Mrs. Gardner for the first time since that fateful night in the Gardners' secret room.

Looking at Mrs. Gardner now, dressed up in her Sunday best, it was hard to imagine her naked and on her knees in front of her husband. The blonde was wearing a conservative cream suit, with a skirt that reached just past her knees and a jacket that buttoned nearly to the neck. Her full-lipped smile was all sweetness. She held out her hand and when Katherine snapped out of her funk, she handed Mrs. Gardner a cup of punch.

"Uh, hi Mrs. Gardner," she said, suddenly fascinated by the woman's shoes. She was looking anywhere but right at Mrs. Gardner.

"Katherine, did you hear me? I've been trying to reach you."

"I've, uhm, been really busy, with, uh, stuff."

"Oh, hi Mariellen," Mrs. Gardner said, as Katherine's mother came over.

“How are you, Tara?” Katherine's mother asked.

“I'm great, things are good at home. Patrick is trying to cut back his hours during the summer so we can spend more time together as a family.”

“That's great. I wish we had more time together as a family, especially with this one heading off to college soon. I'm sure once she's gone it'll be impossible to pin her down.”

“Oh, I don't know. I think Katherine can be pinned down with the right incentive.”

“Is that true, honey? Are we going to have to bribe you into get-togethers?”

“No, you know I love you, Mom,” Katherine said, hugging her mother like a lifeline. As long as she was there, Katherine felt safe.

“That's so sweet. I would like to borrow your daughter for an evening. Patrick and I are planning a special night and we sure could use Katherine's services.”

“I'm sure she can help you out, can't you, honey?” Katherine's mom said, stroking her daughter's hair.

“I don't know, Mom. I've got a lot of other commitments right now. This summer is pretty busy for me.”

“Come on, we've known the Gardners for years. You can help them out.”

Katherine knew that tone and knew there was no arguing with her mother. When she expected Katherine to do something it was done, or heaven help her. Her strict discipline was one of the reasons Katherine stayed on the straight and narrow. Although she would rather have all her teeth pulled without anesthesia, Katherine agreed to babysit for the Gardners.

“That's excellent. I know Patrick will be excited. We'll see you next Saturday. Say, seven o'clock, Katherine?”

“Sure, I'll be there.”

Katherine excused herself and practically ran to the bathroom, slamming the door to the far stall. She was barely on her knees before she was bent over the toilet and throwing up. She held back her hair and heaved until there was nothing left in her stomach. Once she was done throwing up, the tears followed and Katherine sobbed while she knelt on the floor. So many thoughts and emotions swirled through her that Katherine thought she was going insane. She was angry at her mother for committing her, even

though she couldn't know why Katherine was avoiding the Gardners. Her mom would never hand her over to the Gardners if she knew what they'd done to her. The Gardners would be in jail if she knew, but Katherine could never tell anyone, not just because of the snooping, but also because she was ashamed of her other behavior, the way she acted when Mr. Gardner was using her. She couldn't honestly argue that was not a willing participant when she'd enjoyed it so much, could she? When Katherine returned to the fellowship hall, she was relieved to find Mrs. Gardner had left. She helped her mother in silence, already working on ways to avoid going to the Gardners' Saturday night.

Six restless nights of little sleep left Katherine ragged on Saturday. When she did sleep, she was plagued by disturbing nightmares where she was begging Mr. Gardner to spank her, or even worse—begging to be fucked. In the dreams, Mrs. Gardner stood to the side, laughing and taking pictures, which she promised to email to everyone Katherine knew. She woke from the nightmares soaking wet and was touching herself before she was conscious enough to realize it. Katherine rubbed her pussy, gasping and moaning into her pillow until she reached climax and then lay there, hating her weakness. During the day she kept herself busy so she just wouldn't have to think about her confusing feelings.

Katherine pulled her hair back with an elastic headband and wore a baggy sweater over jeans, ruing that she didn't have any jeans that did not hug her ass. Her face was scrubbed clean of makeup and regarding herself in the mirror she thought looked much younger and very plain. She hoped it would be enough to put off Mr. Gardner. She clung to that hope when she stood in front of the Gardners' door and rang the bell.

"Hi Katherine, I'm very happy to see you here," Mrs. Gardner said when she opened the door for the girl. "You don't know what Patrick would have done if you stood us up tonight."

"I didn't really have a choice, did I?"

Katherine suddenly noticed that Mrs. Gardner was not dressed to go out, at least not like Katherine had ever seen her dress in public before. Gone was the demure, conservative suit she wore for church. Mrs.

Gardner's black leather skirt was so short and tight that it didn't even come down as low on her body as Katherine's sweater. It also had a slit on the thigh showing her stocking top and an inch or so of smooth thigh above it. Knee-high boots covered her legs down below and had an impossibly high, silver heel that came to a sharp point. Mrs. Gardner's top was a wrap, which revealed copious cleavage and showed off a wide leather collar around her neck, with a little ring set into the front. Katherine had no idea where a woman like Mrs. Gardner would go dressed like that.

"You really took things wrong the other night, dear. It's a great compliment that Patrick chose to initiate you. Obviously he sees something in you." Mrs. Gardner touched her shoulder and Katherine recoiled.

Actually, the idea that Mr. Gardner saw something in her that told him she would be receptive turned her cold. Was she the kind of girl who wanted to be tied up and spanked and she didn't even know it? Katherine couldn't believe that.

"Can I ask you something, Mrs. Gardner?"

"Of course dear, but please, I feel you can call me Tara now. After all, we're sort of like soul sisters now."

Katherine did not see her point at all and just dismissed it. They were in the living room and she tossed her bag down on the couch while standing as far away from Mrs. Gardner as the room would allow. "Didn't it bother you, seeing Mr. Gardner touch me like that? I mean, weren't you jealous?"

"You really don't understand yet, do you? If it pleases my master to have you, then it pleases me." Katherine was shocked by her matter-of-fact tone. "It is not my place to be jealous. You are a sexy young woman, Katherine. I can understand why he would want you and I always want my master to have what he wants. That's why I made sure to have you here tonight."

"Where are the boys?" Katherine asked, scared.

"They are at my parents' for the evening."

"I thought you and Mr. Gardner were going out for a special evening tonight and needed a babysitter."

"We are planning a special night, but we're not going out."

"Well, if you're staying in and the boys aren't here, I guess you don't need me. I'll be heading on out," Katherine offered hopefully.

"You're part of the master's plans, Kitty. You can't leave."

The change from *Katherine* to *Kitty* was symbolic. Katherine knew it was starting already. She got that the couple's plans included her, but the strange couple couldn't make her stay—not this time. How would they blackmail her this time? “You can't keep me here.”

“No, you're right, we would never force you to do anything.”

What do they think last time was about? Katherine wondered.

“If you try to leave Patrick is going to be very cross. I can't go back up there and tell him I let you go.”

“He doesn't *hurt* you, does he?” Katherine wondered if the Gardners went beyond just playing at violence.

“No, he would never hurt me, but he will punish me if you leave. If you want to go, you have to go upstairs and tell him yourself.”

Katherine knew that turning around and running out the door was the right thing to do, but as she looked into Mrs. Gardner's pleading blue eyes she decided that she could handle going upstairs for just a moment. Besides, she wanted to tell Mr. Gardner she was leaving to his face. She didn't like him sending his wife to do his dirty work.

Mrs. Gardner led her upstairs to the master bedroom, where her husband was waiting, sitting in an armchair in the corner. The door to their playroom was open and the lights were on. Katherine purposely avoided looking inside. While his wife was dressed for seduction, Mr. Gardner was just wearing chinos and a dark blue, buttoned shirt. Katherine's heart skipped a beat when Mrs. Gardner closed the bedroom door behind her and then joined Mr. Gardner. There was a black leather leash coiled in Mr. Gardner's lap and when Mrs. Gardner knelt beside the chair he snapped it to the ring on her collar. Katherine realized she should have never come upstairs.

“Kitty, did you really think you could avoid me forever? I am accustomed to getting what I want,” Mr. Gardner said sternly.

“I hate to disappoint you, but I don't plan on staying.”

“Then why are you up here? Why didn't you just leave?”

“Because I wanted to tell you to your face that whatever plans you have for me aren't going to happen. The only reason you got me into that position last time was because I didn't have any choice.”

“It was all against your will? You did not enjoy yourself at all?”

Katherine stared at the floor. She could not meet his penetrating gaze and lie. “No, I didn't. I felt used.” That last part was not a lie, she just

omitted that she *liked* being used.

"I guess I imagined it when you came? Kitty, don't you realize lying will only get you punished?"

"I am going to go now," Katherine said haltingly. Her pussy was beginning to throb and she had to get out of there now—before she couldn't. This was like one of her nightmares, but it was happening for real.

"I don't think you want to go. You just can't admit it."

Katherine turned and reached for the door. Mr. Gardner stood and was across the room in a heartbeat. Mrs. Gardner remained kneeling by the chair. Katherine got the door open, but Mr. Gardner slammed it shut with an open palm. She spun to face him. He was just inches away.

"You should let me go."

"But that's not what you want."

Katherine swallowed hard. "Yes, it is."

"Give me your hand."

"What? Why?"

"Give me your hand to show me that you want to stay. Stop lying and resisting, Kitty. The only person who doesn't seem to know the truth is you." He pressed against her, pinning her to the door.

Katherine couldn't breathe. Mr. Gardner was such a strong physical presence that her head spun and she couldn't think clearly. She kept trying to tell herself, *You have to get out of here!* But that little voice in her head became smaller and smaller. His breath on her cheek gave Katherine chills and she couldn't help remembering how he touched her before and the intense feelings he stirred in her. Like it was moving on its own, Katherine's hand rose and she placed it in his.

"That's what I thought, Kitty," he said, clearly pleased with himself. "Why resist what you really want?" Mr. Gardner led her back to the chair, took Mrs. Gardner's leash in his other hand and led both women into the playroom.

five

“Get out of those clothes,” Mr. Gardner ordered his wife.

“Yes, sir,” Mrs. Gardner cheerfully replied, untying her blouse at the waist and throwing it off. Katherine didn’t understand why she had gotten dressed at all if this was the plan. Beneath the blouse was what looked like a leather, string bikini top, except the cups, which barely covered Mrs. Gardner’s large breasts, were split in the middle to reveal her dark pink nipples, which Katherine was shocked to see were both pierced with shiny, thick barbells. She was so surprised she barely noticed as the woman finished stripping. Thigh-high fishnet stockings, crotchless leather panties and the high boots were all that remained. When Katherine finally looked down from Mrs. Gardner’s pierced nipples, she saw the panties were pulled so tightly that smooth, pink lips showed through the slit in them.

“See how well my pet obeys? You will learn to do the same, Kitty.”

Katherine somehow doubted that. She certainly could never see herself in a get-up like the one Mrs. Gardner was wearing. She stood near the doorway of the playroom with her hands clasped in front of her. Her brain still screamed that she had to run, but she was a statue. A need burned inside of her, and more than that, a curiosity. It went against everything she’d been raised to believe, but Katherine wanted to be there and explore these weird feelings.

“First off, you have to be punished for not coming when you were called. I should not have had to send my pet to fetch you.”

Even Katherine was surprised when she quietly answered, “Okay.” How could the thought of another spanking both frighten *and* excite her? She didn’t have enough experience to understand.

Mr. Gardner snapped the leash and his wife dropped right to her knees beside him. She seemed to know what to do without verbal instruction because Mrs. Gardner took his cock right out of his pants. He was already stiff and Katherine wondered if it was because she was there. More likely, she thought, it was because of how hot Mrs. Gardner looked. Although the outfit was extreme, Katherine had to admit that Mrs. Gardner looked sexy

in it. Mrs. Gardner took him into her mouth and sucked him noisily, while continuing to watch Katherine out of the corner of her eye.

“Undress, Kitty.”

Did he want her to just take her clothes off right there in front of both of them? The impatient expression on Mr. Gardner’s face said that was *exactly* what he expected, and that she’d better hurry up about it, too. Without fanfare, Katherine pulled the loose sweater over her head and, when she couldn’t find any place to put it, dropped it on the floor. Stripping for him was easier the second time around. The white tank top under the sweater hugged the curves of her lithe body, showing off her figure when paired with her tight jeans. Katherine kicked off her flip flops and then peeled her jeans down next, leaving her in dark blue cotton panties. She paused there, but Mr. Gardner did not look happy, so the tank top followed, leaving her with just the panties and a red cotton bra with little stars and dots on its soft, padded cups, which hid the fact her nipples were aching hard. She was self-conscious and felt so exposed, but did not cover her body. Mr. Gardner wanted more.

“It all comes off, Kitty. Stop trying my patience.”

Katherine knew it was weird to be shy about the Gardners seeing her breasts after she’d been so obscenely displayed for them last time, but somehow her top never came off the last time. It was also easier last time—when she was being *forced*—this time Katherine was freely undressing for Mr. Gardner’s hungry eyes. She took a deep breath and just did it. She unclasped her bra and pulled it away quickly, like removing a band aid. Once that was done it was easy to pull off her panties and add them to the heap of clothing on the floor beside her. She put one hand on her hip and the other covered her pussy out of instinct.

“You have such a beautiful young body, Kitty. There’s no reason to be shy about showing it off. Or perhaps it’s these circumstances. I’m sure when you go out with all your little friends you dress like a slut to entice the boys.”

“I do not!” Katherine protested. Sure her friends did, but she’d never been comfortable just flaunting her body

“All young girls do. Even my pet here did it when she was your age. She was quite the slut in college before I tamed her.” He looked down at Mrs. Gardner sucking his cock and stroked her hair in an oddly affectionate way, almost like she really was a pet. “Enough time has been wasted with

nonsense. It's time to get down to business. Stay right there until I am ready for you, Kitty."

"Cuff yourself," he ordered, pulling his cock from his wife's mouth. He untied a cable from the wall, which lowered what looked like a pull-up bar, with clips on either end. Mrs. Gardner—Katherine finally began thinking of her as *Tara* as she softened toward the submissive—had taken two wide leather cuffs from a shelf and fastened them around her wrists. The cuffs each had a steel ring, which Mr. Gardner attached to the dangling bar, raising her hands over her head and spreading her arms open. Once Tara was attached to the bar, he winched the cord back up until her boots just barely touched the tile floor. Her arms were pulled tightly over her head and Katherine imagined it had to be an uncomfortable position, but she'd already figured out that his pet's comfort was not important to Mr. Gardner.

"You will watch while I discipline Kitty. If you can remain still and quiet I will reward you afterward."

"Thank you, Master," Tara replied.

It was not an easy order to fulfill. Before he turned his attention to Katherine, Mr. Gardner took a small silver chain with tiny weights in the middle and clipped each end to the barbells through Mrs. Gardner's nipples. She moaned gutturally when the chain tugged on her nipples. *Ouch*, Katherine thought. *That has got to hurt!* Her own nipples were so sensitive she didn't think she could even stand having them pierced, let alone have them abused like that!

The finishing touch was a long, slim vibrator, which Mr. Gardner pushed inside his wife, instructing her, "This had better not slip out." She must have been quite wet because the toy entered her easily. Mr. Gardner had a small remote in his hand and pressed a button, which made the toy inside Tara buzz to life. She bit her lip, but could not stifle the moan that rose from deep in her body. Katherine saw total bliss on the older woman's face and that she was already trembling. Would she be able to stay there quietly with that toy inside her? Katherine didn't know if she could, but then she had no experience with such things. With the pet taken care of for the time being, it was Katherine's turn.

"I'm going to give you the opportunity to behave yourself as well, Kitty," he told her. "Step over to the chair and face it."

Katherine carefully avoided touching Tara as she passed and faced the throne-like wooden chair she remembered from last time. Was he going to

strap her into the chair? It couldn't be worse than being tied over the horse was, could it?

"Bend over, Kitty. Yes, like that, put your hands on the armrests. Arch your back, stick your ass in the air for me. That's it, Kitty, now hold your ass there for me. You are to remain that way while I punish you."

Katherine was in an awkward position, but would do her best to hold it. She was bent all the way at the waist, holding herself up on the chair, while her ass stuck out into the air, like a ripe peach waiting to be picked.

"Do you need to be punished?" he asked.

"Yes, sir," she replied quietly. The words slipped so easily from her lips. She braced for what she knew was coming.

"Tell me why, Kitty."

The question puzzled her. Really, she only needed to be punished because he wanted to do it and because she'd finally admitted she wanted him to do it. If he could make her come as he had last time, it would be worth it. She did not think that was the answer Mr. Gardner was looking for, so she told him what she thought he wanted to hear.

"Because I didn't come when you called. I knew you wanted to see me, but I didn't take your calls."

"That's right, Kitty. You're going to learn to ignore me at your own peril. The first and most important lesson you must learn is to answer promptly when your master calls."

"Yes, sir. I'm sorry." It was weird to think of Mr. Gardner as her *master*, but wasn't that what he was becoming? She almost giggled just thinking about calling him *Master*, but then he demanded her full attention.

Whack!

The smack on her ass was hard and painful and she instantly knew he wasn't using his hand this time. Katherine looked back over her shoulder to see a wide, flat black leather paddle in Mr. Gardner's hand. There were several small holes on the surface, to reduce wind resistance. The paddle hurt far worse than his hand and her ass was stinging already, but even so, with that first swat her cunt tightened up and pulsed.

"Get your legs spread!"

Katherine was bent over with her legs close together, hoping to avoid the obscene display she provided the other night. She should have known better. She adjusted her stance, spreading her legs as wide as she could while keeping her ass in the air and felt her sticky lips peel apart.

“How many do you deserve?”

“I don’t know.”

Whack!

Whack!

“I mean, you’re in charge, it’s up to you, sir.”

“That’s a better answer, Kitty.”

“Yes, sir.”

Whack!

Whack!

“I want you to know that I want to reward you, not punish you, Kitty. It’s so much better to be good. Just ask my other slut.”

Being called a slut stung, but Katherine felt like one in her position. Her cheeks burned, but her pussy was so wet. She couldn’t believe it, but she wanted to beg him to touch her down there. It was just her last morsel of pride that kept her from doing it. Instead she focused on the throbbing in her pussy to try and forget about the pain on her cheeks.

“I said, *ask her*, Kitty!” He spanked her with the paddle again and Katherine jumped, almost drawing blood as she bit her lip to keep from crying out. When she spoke, her voice trembled.

“Do you like being his...slut?” She had to force out the last word.

Tara, who was still strung up behind her, squeaked out an answer. “Yes, our master is wonderful.” Obviously, the toy in her cunt was having the desired effect. Katherine looked back over her shoulder and saw Tara pushing her thighs together, but the effort to keep the vibrator in her pussy was failing. She was so wet it was just slipping out and when she tried to adjust her position, more weight went onto her upper body. Katherine was fascinated watching her struggle.

“Eyes forward,” Mr. Gardner said, with a lighter swat on Katherine’s ass. “You’re going to count to five and if you reach it without coming your punishment will be over.”

That didn’t seem hard, Katherine thought. She was impossibly aroused, but didn’t think she could climax just from being spanked. But God, did she want to come!

Swat!

“One,” Katherine cried in a clear voice.

Swat!

When Mr. Gardner spanked her this time, he pressed his hand between her legs and Katherine's knees almost buckled. The intense pleasure that flooded her system scrambled her senses. She gripped the chair harder and just the fight to stay standing kept her from fighting the feelings Mr. Gardner stirred within her.

"Two," she finally whimpered.

Swat!

When he spanked her, he also thrust two fingers deep inside her, grazing over her g-spot. Katherine cried out and her weak knees slipped. He smacked her hip and ordered her to keep her ass in the air. Mr. Gardner's fingers were buried in her and it was all she could take. If he moved them at all, and she so needed him to, she would be lost.

"Thhreee...ssir..."

Mr. Gardner pulled his fingers out and when he thrust them back inside her he spanked her again, the hardest yet. Katherine's chest heaved and she moaned and sagged, only her arms holding her up, which just pushed those fingers harder into her. Katherine came so powerfully that she saw colors and almost broke a nail digging her fingers into the wooden chair. Her cunt flooded and soaked Mr. Gardner's hand and her inner thighs. For just a moment, Katherine thought she wet herself. She was sorry she let him down, but she just couldn't help herself.

"Get that ass in the air, Kitty!"

With great effort Katherine lifted her butt back into the air, but she couldn't stop trembling because he was slowly fingering her cunt.

Swat!

Swat!

She just couldn't count for the two final swats. It was all she could do just to keep standing. Her pussy slurped shut when he finally took his fingers away.

"I knew you were a little slut, Kitty. I just didn't know you would lose it so easily," Mr. Gardner chuckled, obviously pleased by her lack of control.

"I'm sorry, sir," Katherine sobbed. She burned with anger and shame. She was angry that Mr. Gardner gloated about his control of her, but she was even more ashamed of herself because he was right. She did feel like a slut for just letting go so easily. She tried to tell herself it wasn't her fault. Mr. Gardner had her primed and somehow knew just the moment to jump in

and finish her. But however shamed she may have felt, Katherine also felt so *good*. Mr. Gardner made her come so hard and feel so incredible that all she could think about was pleasing him so he would do it again. She was beginning to understand Mrs. Gardner giving herself to him the way she did.

“I understand, Kitty. You just do not know your own body very well. You do not understand what you really need. But I can show you and, once I do, you will have control. Once you learn to control your body you will tap into unimaginable pleasures.”

“Thank you, sir. Thank you for being understanding.” It was so easy now to say what he wanted to her—she wanted to say it. She wanted him pleased with her.

“Stay there for a moment,” he ordered and a moment later she felt soothing, cooling lotion being rubbed all over her ass. Katherine was so grateful she wanted to hug and kiss him, but instead she just stayed in position because that was what she was told to do. When he came close to her lips, she whimpered and tried pushing her pussy at him, but he ignored it. When he was done slicking her ass, Mr. Gardner told her to stand and face him.

Katherine, so stiff from holding the awkward position for so long, moved as quickly as she could, hoping to please her master. For the first time she really thought of him as her Master. He stroked her cheek and gazed at her lovingly while he pulled the band out of her hair so her raven locks tumbled to her shoulders. She knew it must look a mess. He pulled on one of her pouty lips with his thumb and smiled.

“You really are strikingly beautiful, Kitty.”

“Thank you, sir,” she replied, with *Master* on the tip of her tongue.

“Now I am going to teach you a lesson for coming without permission, but it will not be the painful kind. I am simply going to teach you about controlling your body. In this case, *I* will control it. Sit back in the chair, Kitty.”

Katherine sat and the hard wood hurt her sore cheeks. As she expected, Master used the cuffs at her wrists and ankles to secure her in the chair. The wide leather cuffs were lined and did not hurt and would not leave marks, but Katherine could not pull free as she instinctively tested them. With her ankles cuffed her legs were spread open once again and she still was not comfortable being so totally exposed. Last time she was

restrained she was bent over, partially hidden, but now Master could see everything and do as he pleased with her. Being frightened and excited at the same time was such a rush.

“Now be patient, Kitty,” he said, tilting her face up and brushing her lips with his. It was the lightest of kisses, but it was electrifying and she tried chasing him as he withdrew.

“How are you doing, my pet?” Master asked his wife, turning to her.

“God...Master...” she stammered. Her fight to maintain control was etched into every taut line in her beautiful body. Just the tip of the vibrator remained inside her and only the sticky juices on her thighs could be holding it in place.

“You’ve done well. Would you like to come?” He took the remote from his pocket and the vibrator buzzed louder as he turned it up.

Tara’s chest heaved with a cry, lifting the chain hanging from her nipples, and she had to bend her legs to keep the vibrator from slipping away, which lifted her boots from the floor. She groaned when her extended arms took all her weight and the bar holding her turned slowly on its cord. Master corrected her turn so Katherine could still see her and then took a hold of the vibrator and shoved it roughly into her cunt. Holding the base, he fucked her rapidly with it and Tara screamed as she bent her legs even higher as if trying to curl into a ball as she climaxed with wild abandon. Master even tugged the chain connecting her nipples and she screamed louder.

Master pulled the vibrator out of her and switched it off. She lowered her feet and stood on the floor with a sigh of relief. When he presented her with the toy she licked it from tip to base, careful not to miss a spot as she cleaned it with her tongue. It felt so wrong watching her lick the toy, but Katherine was engrossed. Did Tara like the way she tasted? Katherine had never tasted herself, so it just seemed weird to her. She also wondered if she could even do that if Master asked her to. She almost thought she would rather take the punishment.

Master released Tara and she toppled into his arms. The couple hugged each other briefly and then she stood straight, with perfect posture. Her heels clicked on the stone tile as she walked around to stand behind Katherine's chair, the chain between her nipples swaying with every step. Now the couple’s attention was fully back on her.

From behind, Mrs. Gardner pulled her hair back, while Master sat on a wooden stool between her splayed legs. It was comforting to have her hair stroked while Master so brazenly examined her. He softly cupped her breast and Katherine gasped and tried pulling away.

“Relax,” Master instructed.

“Your hands are cold,” Katherine complained.

“Is that all?”

“I feel so vulnerable. It scares me.”

“That’s the point. I can take what I want, Kitty.”

“But...” she began, but her words were lost in a soft moan when he grazed a swollen nipple with his fingers. She closed her eyes and leaned her head back against the chair. His touch was so gentle and again she marveled at how he seemed to have such intimate knowledge of how her body worked. Her breasts quickly warmed his hands and he cupped them both, lightly massaging, while “accidentally” grazing her dark, puffy nipples over and over. Katherine pulled against her restraints, but only because she wanted to touch him. She needed to respond to him. Being helpless was so frustrating! Blood flowed to her tender nipples, puffing them further as he teased each of them in turn, lightly flicking with his thumb. Katherine's breaths came in gasps and whimpers tumbled from her trembling lower lip.

“You’re so quiet, honey,” Tara cooed in her ear. “You need to let it all out.”

“I’m sorry, Mrs. Gardner,” Katherine moaned.

“Remember, call me Tara, or I will ask for permission to punish you myself.”

“Yes, Tara,” she answered. Katherine couldn’t imagine being disciplined by another woman. Tara could never wield the kind of power her husband did.

“My pet is right, Kitty. You must let your emotions out. If you need to scream when you climax you should let it out.”

Katherine never really thought about it, but she was always quiet with guys. Of course none of them made her feel the way her master did, but even when they made her feel good she never raised her voice above a quiet cry or a breathy moan. A lot of the time, like in the basement, or with kids upstairs, there was the fear of getting caught, but even in the backseat of a car Katherine was quiet while fooling around. She didn’t think all women screamed like the ones in porn videos. Maybe that just wasn’t her.

Katherine did gasp when Master lightly tugged on one of her swollen nipples. It *almost* hurt, but not like when a boy got too rough. This wasn't clumsy, but deliberate. He lovingly massaged her breast while tugging her nipple and being on that knife's edge of pleasure and pain was exhilarating. It blocked everything else out. Her moan shifted to a cry when he pinched harder, but she still did not want him to stop, because it was much a delicious contrast when the hand gently massaging her breast. She struggled forward, but the restraints kept her trapped in place. She licked her dry lips and couldn't believe how horny she was already after just having such a powerful orgasm.

"I can see you like having your tits played with."

"Yes, sir," Katherine moaned. That word—*tits*—was so dirty. She never used it. "Very much."

"Your tits really are quite lovely, Kitty. They're perfect. You're going to have to start dressing to show off what a sexy body you have."

She was uncomfortable with the idea, but if that was what her master wanted she had a feeling she would be doing it.

Master cupped both her breasts, holding them forward and then leaned in and kissed each of her nipples, starting with quick pecks before he took his time on each side. Katherine gasped and quaked. He worked her nipples with his tongue, while continuing to pinch and pull the one not in his mouth, and sucked harder and harder, drawing her nipple away from her tit—this was dirty so she should think of it that way—until finally catching it in his teeth. She cried out, in both pleasure and pain, and pulled hard against her restraints. Katherine so wanted to be free. The real torture was having to sit there and just react. The feeling was so intense that she was relieved when Master released her nipple, but then he just moved onto the other one, teasing her into a frenzy all over again.

Katherine tried to catch her breath when Master kicked the stool back away from her. She knew she couldn't take that kind of torture for long without begging for release and she did not want to beg. She was still ashamed of breaking down so easily last time. Asking her master for something was one thing, but desperately begging was quite another and she was only willing to play this game of his as long as she could keep that last shred of her dignity. Of course it was hard to have dignity when there was a big wet stain on the wood between her splayed thighs and her lips

down there were glistening and distended. She wondered if Master would be fucking her today and was surprised by how much she wanted that.

When Master returned he was holding an obscenely large object in his hand, which trailed a power cord. *What on earth is he planning on doing with that?* she wondered. It was a foot long and all white, with a long handle and a huge, blunt head capping it. Just seeing the thing stuck fear in Katherine.

“I’m going to use this to show you how easily your body can be controlled. It’s called the Magic Wand.”

“What are you going to do with it?” Katherine asked apprehensively. She thought about Master sliding that other vibrator inside Tara and knew there was no way this thing was getting inside her.

“You’ll see. I promise you’ll love it,” Tara whispered into her ear.

Master switched it on and the thing was loud! It buzzed mightily, but he didn’t seem to have any trouble controlling it. Katherine pulled hard against her restraints, futilely trying to escape. Master seemed to enjoy seeing that and smiled. She shook her head, but couldn’t look away as he brought that mechanical monster between her legs. Katherine thought she could feel it before it even touched her.

“No, please,” she whimpered. He touched it to her cunt and Katherine went taut from head to toe, her whimpers turning to deep, throaty moans. She didn’t even have words for how the Magic Wand felt between her legs. It not only made her whole pussy shake all at once, it seemed to vibrate right up her spine and shake her body. When he pushed it more firmly against her, Katherine even felt the vibrations in her tender, distended nipples. It was such an immersive experience that she just stared ahead, eyes glazed. Her toes curled, her fingers grasped the chair and the leather restraints creaked from the strain of holding her in place. In just seconds her body ramped up to an intense orgasm, but as she was gasping for air, Master took the Wand away and she slumped in the chair.

“Ohhhh, God,” she moaned. As soon as the vibrations left her body Katherine wanted them back, more than anything. Her climax was right there! She hung her head and hair fell all around her face. She could not look her master in the eye.

Master repeated it, this time pressing the Wand harder against her cunt and spreading her labia open. The fat, buzzing head made contact with

her clit and Katherine cried out, trying to get away. It was almost too much, but then she was a nanosecond away from orgasm when he pulled it away.

“Oh please, sir,” she panted, chest heaving. It wasn’t just her pussy throbbing anymore. Her entire body throbbed, craving release. Master truly was a genius to have her so close to the edge without pushing her over. How could he know that exact moment? She thought she hated and loved him in that moment. Only a sadist would make her feel like that, but deny her the ultimate pleasure.

“Please, what, Kitty?” Master asked innocently.

“Please...” Even she wasn’t sure if she was asking him to stop or to keep going. She thought her heart might explode if he did much more.

“I can stop if that’s what you’d like. I will let you go, Kitty.”

“No! Please no. I need...”

“Okay, we’ll keep going until you can tell me what you need. Pet, please play with her tits. I think Kitty needs more stimulation.”

That was the last thing she needed! Master brought the Wand to her pussy once again while Tara reached down and massaged her breasts, long nails plucking at her nipples. It was so weird to let another woman touch her so intimately. If Katherine was thinking straight she would have told her to stop, but the second the Wand touched her, her brain short-circuited. Master mashed it into her pussy, spread her labia and working it in massaging circles. The fat head stimulated her cunt everywhere at once, in all the most sensitive spots. Meanwhile, Tara was expertly manipulating her nipples. Katherine shook uncontrollably and her orgasm was on her so fast that she didn’t think there was any possible way Master could pull the Wand away in time, but he did, leaving her disoriented.

Katherine didn’t have any trouble with expressing herself anymore. She screamed in frustration and thrashed against her restraints, even painfully banging her head on the back of the chair. She would have stamped her feet if they were not restrained.

“Tell me what you need. If you ask nicely you I will give it to you, Kitty.”

“You know what I need. Give it to me!” she shouted. She never knew sexual frustration could be so maddening.

“You have to ask. And watch your tone with me,” Master said. As if to make his point for him, Tara pinched her nipples roughly, but Katherine

didn't care. He could paddle her all night if that's what he wished, just as long as he made her – no, *let her* – come now.

“Do it,” Katherine insisted. She told herself, *I am not going to beg him! I am not going to beg!*

Master shook his head in disappointment, nodded at Tara, and returned the Wand to Katherine's cunt. He was so aggressive this time, really pressing hard, like he was trying to get it inside her. Her clit felt like it would explode and her poor nipples were so hard and sore, but again Master took the Wand away before she could climax. Again he attacked her, swiping a glancing blow across her pussy, which was even more frustrating. Katherine screamed and pouted, but Master did not care, he would have his way. She dug her nails into her palms and fought so hard, but the need could not be defeated. It became all-consuming. Katherine needed to climax like an addict needed the needle. She could deny it all she wanted, but she was going to crawl out of her skin if she didn't get her fix. She could no longer insist she would not beg, because after that eternity of teasing, Katherine was ready to do anything, to crawl to him if that's what he wished, just to feel the sweet release of orgasm.

“Please, *please, I need it,*” Katherine pleaded when he took the Wand away once more.

“Need what, Kitty? Let it go! Give yourself to me!”

Tears flowed down her cheeks as she admitted, “I need to come, sir. I need it so badly. *Please let me come! Oh please, I promise I'll be good! Please, Master!*” It was the first time she called him that aloud.

“Such a good girl, Kitty. So good.”

“*Yes, I'll be so good, Master,*” Katherine pleaded.

“You are a good girl,” Tara cooed into her ear, while tenderly rubbing Katherine's tits.

Master pressed the Wand against her cunt again, this time setting it on high. He was not subtle and the vibrations rocketed her body right over the edge. Katherine howled and was only kept from bending double by the restraints. Beautiful, beautiful colors filled her eyes when she squeezed them shut and every nerve sang, while her pussy gushed and gushed. Master kept the Wand on her cunt and Katherine kept screaming and time lost all meaning. Her body was so tight it hurt, but then the endless waves of delight flowing from her pussy took care of that. Katherine floated away on a cloud.

Katherine blinked her eyes open, surprised that she was strapped into the hard wooden chair. Her mouth was dry and her body ached, but she felt high. It was unlike anything she'd ever known. When she finally understood where she was, she realized she must have passed out. Could that really happen? Could sex be good enough to knock you out? She would never have thought so. She thought she was alone, but then as all her senses came back, she realized someone was behind her, splashing water and banging things around her. And then Master came back into the playroom, fully nude.

Katherine stared at his erect shaft, mesmerized by the way it bobbed slightly as he walked. Although he knew her body intimately, this was only the third time she'd gotten a peak at her master's cock and the first time she had seen him naked. He had a good body for an older guy, she thought. He must work out. There was just a sprinkling of light brown hair on his chest, which was quite a contrast to the smooth boys she'd been with and Katherine decided it made him more manly. She really did not have the experience to judge if he was big or small down below, but she did like what she saw and she really wanted the chance to touch him there and make him feel good after the way he made her feel. He stopped right in front of her and she kept staring at his cock until he spoke.

"Do you like what you see?"

"Uh, I guess so," she mumbled, embarrassed at being caught staring, which she knew was silly after everything that had happened. She also knew that a mumbled answer was not what her master was looking for. "Yes, sir, I do."

"You should be proud. You're the one making me so hard right now."

"Thank you, sir."

"I think you want to touch me."

"Yes, sir," she answered in a low voice.

"What do you think, pet? Has Kitty earned the right to please her master?"

Tara came around from behind the chair with a glass of water. She tilted it to Katherine's lips and the girl gratefully gulped from the cup. Tara kept tilting it back and cold water poured down Katherine's chest, soothing her sore nipples.

"That is up to you, of course, Master, but I think she's been a very good girl and deserves a treat."

“Show her what I like, pet.”

Tara smiled and set the glass aside. She went to her knees in front of Master and lovingly kissed his cock all over. Katherine remembered the last time she watched this and how he fucked Tara’s mouth, but this time they were closer and she was not watching a reflection in a mirror, which made it more immediate, more real. She really did wish it was her pleasing her master, instead of Tara.

“Have you given head before, Kitty?” Master asked.

“Yes, sir.” She was not very experienced, but she’d done it for a couple boyfriends. Until now she’d thought of it as a chore and didn’t like the way boys just tried shoving it into her mouth. Watching Tara, though, Katherine realized there was more to it than that and hoped she would be good enough to please her master. Katherine was getting hot all over again watching Tara please their master and was anxious for her turn. She knew Master would give her guidance if she did something wrong.

Tara smacked her lips and moaned before sucking his cock as deeply as she could take it. Katherine didn’t think she could go *that* deep. Tara choked on him last time and it did not look like a pleasant experience. Katherine hoped she could please him in other ways, but realized that if Master wanted to choke her with his cock she would probably let him. Tara held the base and kept sucking him deeper and deeper, and Katherine saw his cock bulging out her hollowed cheeks. Master did not hold her head this time or take over, but simply stood there and let Tara suck on him while he watched Katherine. She was well aware his attention was on her and wished she could do something for him, but that was impossible while she was strapped to the chair.

“You’re doing such a great job, pet. You’re not going to leave any for Kitty if you keep that up,” Master moaned.

Katherine was jealous that she might not get a turn.

“Do you swallow when you suck cock, Kitty?”

She shook her head. Once a guy came in her mouth without warning and she thought it was gross. She spat it out and chewed half a pack of gum to get rid of the taste.

“You will drink my cum and you will come to love it. Do you know why?” She shook her head again. “Because it pleases me.”

Katherine knew she would do it if it pleased him, but she doubted she would learn to love it.

“That’s it, pet. Now suck my balls like a good little slut.”

Tara still stroked his wet shaft as she held it up so she could suck on each of his balls. She caught them in her mouth and sucked hungrily while moaning—like it was her favorite thing in the world. Seeing his cock stretched out like that was so exciting that Katherine was itching just to touch it. She also realized he must shave down there because his pubic area was almost clean of hair, except for a smattering of peach fuzz. It somehow made his cock seem bigger and more powerful.

“Ahh yes, pet. Such a good slut!”

Suddenly, Master pushed Tara away and stepped up between Katherine's spread legs. He was jerking his own cock now and it was so close she could have touched it if she were free. She thought he was going to unstrap her so she could touch him, but no, Master was done in seconds. He grunted as he finished jerking off and shot his load all over Katherine. The first ropery jets of cum landed on her belly and they arced up into the air and she felt the hot spunk land on her tits, where it dripped down from her nipples. Katherine could not believe how much cum he had or how far he could shoot it. As he painted her chest he almost hit her in the face. When he finally finished she was thoroughly glazed.

Katherine was bright red and not just because she was so aroused. No, she really did feel like a slut from the way Master just came all over her. She’d seen it in dirty movies and thought it looked disgusting then. She could feel it cooling on her hot skin and when she looked down it glistened in the subdued lighting of the playroom. She truly was a mess and felt deeply ashamed because the thing that bothered her most was that Master treated her like his slut without giving her any of the benefits, like being fucked like a slut. She was his cum receptacle, but she was not the one who made him come. She felt so dirty and wanted to clean herself up, but of course she was still at her master’s mercy.

“You look so sexy like that, Kitty,” Master said.

“Thank you, sir,” she replied, forcing the words out.

“You don’t think you look sexy?”

“I...I don’t know, sir.”

“You have so much to learn, Kitten. I am so going to enjoy teaching you.”

“Thank you, Master. Just please be patient.” It was an admission she would be back in this room. An admission she would be back at Mr.

Gardner's mercy and that he was her master now. And it came without a second's hesitation. Katherine was still frightened, but it would be foolish to try and deny the cold truth—that she wanted her master to teach her how to use her body properly.

“Of course, dear. I want you to come out perfect, after all.”

Master rolled her slippery nipple, making Katherine moan. He also wiped up some of the cum there and pressed his fingers to her lips. She hesitated only for a moment and then licked at his fingers. Actually, it didn't taste so bad. Her master's cum was not so strong and when he pressed, she took his fingers into her mouth and sucked on them, like she might suck his cock. Katherine closed her lips and sucked hard, pulling his fingers to the back of her mouth. When he pulled his fingers back, her lips smacked.

“Tonight was a fine start, Kitty. I take it I am not going to have to chase you down next time. Do you understand that you must come when I call for you?”

She nodded vigorously. “Yes, sir. I'll try not to keep you waiting.”

“Good, because when I have to wait for you I have to punish you. Of course, I think you may like that sort of thing.”

Remembering her spanking, Katherine could not disagree.

“I am done with you for tonight. Clean yourself up and get dressed. I will see you before you leave.”

Master left the room and Tara leaned over and unshackled Katherine's wrists. She left it to the young woman to free her own ankles. She saw Katherine rubbing her wrists and said, “The cuffs are padded, but be careful because if you struggle too hard you might hurt yourself, or leave marks. That could lead to some awkward questions.” There were red marks on her wrists and ankles, but they were only superficial. Her ass, however, was still red and sore and if anyone saw that they would surely know what she'd been up to.

Tara led her around behind the chair and Katherine was surprised to find a sink she had not seen before. It was in the shadows, but Tara had turned on a small lamp above it. She soaked a washcloth in the water and handed it to Katherine. The girl was glad for the chance to get cleaned up and nearly scrubbed her skin raw washing Master's spunk off her chest. Washing it away made it feel like she was washing away her shame too. She saw Tara watching as she scrubbed down.

“Give it some time, honey. I know some of this may seem weird to you right now, but trust me the rewards are so wonderful that soon you will welcome whatever the master wants to do with you. He was just marking you as his today.”

That made a twisted sort of sense and Katherine nodded. Gosh, but he made her feel good. Still, she wondered if she would ever truly welcome some of the other stuff that came with it. “How long have you guys been doing this?”

“Ever since we met. Patrick was a teaching assistant and I was in one of his classes. He had a reputation back then for singling out his favorite girl each semester and bedding her. Supposedly, no one ever turned him down. I know I didn’t when it was my turn.”

“And right away you guys did all this?” Katherine felt odd standing around talking while naked, so she went and found her clothes and dressed while Tara spoke.

“Not all of this, no. It takes time to learn to be a proper submissive. He spanked me the first time our first night together, back at his place. I think he wanted to see right away if his instincts about me were correct. My master has always hated wasting his time. He wouldn’t stop until I begged him to. It wasn’t the first time I’d been spanked, but he did it *hard* and it was the first time I really felt like a man was controlling me. It was such a rush! I was hooked from the beginning. Over months he took complete control and there was no looking back. When we moved into this house, he designed this playroom himself. Come along now, it’s getting late.”

As they walked through the bedroom, Katherine saw the bedside alarm clock and couldn’t believe the time. They were in the playroom for over two hours! Time just seemed to stand still in there. Tara led her downstairs, still in her bondage gear, where they found Master—Mr. Gardner—sitting in the living room, once again dressed like any other suburban dad.

“You look so lovely and innocent, Kitty. I can’t wait to see you dressed sexy for me.”

Mr. Gardner led her to the front door, where he pressed folded bills into her hand.

“What is this for?” Horrified, Katherine thought they were paying her off, like some kind of whore. She tried giving him back the cash, but he wouldn’t take it.

“It is the money you should have made for babysitting tonight. I know your time is worth money.”

“But I didn’t babysit for you. I didn’t earn it, sir.” She did not want to think that she really did.

“All the same, you will be here a lot and if you don’t have any babysitting money your parents will become suspicious. Use the money to buy an outfit for me if you’d like.”

Katherine did not like taking the money, but knew she had no choice. Mr. Gardner would not accept it back and he did have a point. And she did need the money. Maybe she would use it to buy some clothes. She quietly said, “thank you,” and tucked it into her jeans pocket.

Mr. Gardner hugged her tightly and when he kissed her she opened her mouth to him. It was such a hot, passionate kiss that Katherine swooned and eagerly kissed him back. Mr. Gardner was so incredibly sexy, she thought for the first time.

“I will see you again soon, Kitty,” he said, dismissing her.

“Yes, sir,” she promised.

While Katherine made her way home, full of conflicting emotions, Patrick Gardner sat on the couch stroking his wife, who was beside him. Her legs were spread, with one of them across his lap, and he was rubbing her swollen red lips while she relaxed.

“How do you think tonight went?” he asked.

“She seemed pretty frightened in the beginning, but as her desires took over from her brain Katherine seemed to slip right into the submissive role. Oh, Patrick.” Tara moaned when he slipped two fingers inside her and slowly moved them in and out.

“I always had a feeling about her. On the exterior, she seems just like any other good girl her age, but there was always this undercurrent of something else. I’m sure she didn’t even know it was there. How do you know you need something you’ve never even heard of? It’s nice to know I was right. It’s been so long since I took a new submissive I wasn’t sure I still had it. It was a fine idea to add another pet to our games, Tara.”

“You’ll always have it, dear. But what did you see in her? How did you know? Honestly, I thought she was just like any other girl. Very pretty, sure, but kind of reserved, average.”

“There’s just something there in some women. I saw it in you the first time you walked into that classroom, seemingly so uptight, but so eager to please. I knew I could mold you into the perfect pet and in all these years you have never disappointed.”

“Oh, thank you, honey. Right there, yes, rub me there,” Tara gasped, pumping her hips at those invading fingers.

Patrick rolled to his knees on the floor and began licking Tara’s pussy. He lashed her clit with his tongue and still kept his fingers bent deep inside her. She was wailing and clutching at the couch while she rose closer and closer to her peak. When his tongue zeroed in on her clit he reached up and also tugged on the chain connecting her nipples. Tara screamed and thrashed wildly on the couch, climaxing instantly. Patrick knew her body so well that it hardly required any effort at all for him to get her off anymore. It was one of the reasons he wanted a new challenge. He so loved eating her pussy, something he rarely did in the playroom.

Pushing Tara on her back on the couch, Patrick dropped his pants and mounted her. He thrust his cock hard and deep inside her, building to a pounding rhythm. Tara clenched around him and her nails dug into his shoulders painfully. He always thought that was a way for her to compensate for the pain he caused in the playroom.

“God honey, you feel so good. Harder!” Tara cried. She was almost ready to come again.

“I love you so much, Tara. You’re so fucking sexy!”

“Sexier than Katherine?” she moaned. It wasn’t a real question, as she was sure of his answer.

“She’s just a girl, baby. You’re going to help me make her into a woman.”

The Gardners hammered away at each other for another few minutes until Patrick buried himself in Tara and came while she screamed from her own orgasm. They held each other tightly and he swore his love to her. Patrick really did love his wife more than life itself. Tara was not just his pet. She had fulfilled all his dreams. And that was why times like these were important, when he made sure she understood she was his wife first.

But that did not mean he could be forever satisfied with just Tara as his plaything. He would always need new challenges. He was glad his wife understood that, just as she understood that she would always be his Primary. Tara was his wife, and no other pet would ever supplant her. Katherine would become his pet too, and he would enjoy teaching her how to behave in that role, but she would not be the last. Perhaps she would even be used to recruit his next pet one day.

“So,” Tara asked, kissing his cheek, “when do I get to play with Katherine?”

“Soon, I promise. I need to make sure my control is cemented first. She is a willful girl. I can see that in her, and I will have to break that.”

“Sounds like you’re going to need some one-on-one time,” she said, smiling wickedly.

“In due time, wife, in due time.”

“I’m not sure this is such a good idea,” Katherine said. She was squeezed into the backseat between two other girls. Sandra was in the front seat and their friend, Amy, was driving. “Isn’t there something else you guys would rather do tonight?”

Hope, the girl to her left, laughed and said, “Why do you always worry so much? When are you going to learn to just cut loose and have fun?”

“Yeah, I thought we were going to have to tie you up to drag you out tonight,” Sandra added.

That comment brought a nervous chuckle from Katherine. Being bound was much on her mind lately, though she didn’t think Sandra would have any idea what to *really* do with someone tied down. It was three days since she’d seen her master and there had not been so much as a phone call in that time. She thought Master wanted her at his beck and call and that she would be right back over there, but no, there was nothing but silence. She hoped they were just letting her stew. If that was the plan, it was working. Katherine jumped every time the phone rang, hoping it was one of the Gardners. Whenever she thought about Master playing with her—which was about every five minutes—she turned so wet she could hardly stand it. Master had better be just toying with her, because if she in some way disappointed him and he was done with her, she didn’t know what she would do. Days ago she did not even know what it meant to have a master, but now the thought of hers dropping her was terrible. She was scared, but she wanted to know—needed to know—what other plans he had for her. Katherine didn’t know how long she was distracted, but the jostling of the car on the badly paved city street brought her back to the here and now.

“I’m just worried we will get carded and won’t get in,” Katherine argued, although she was more worried they *would* get in and what could happen then. Sandra was bound and determined to hook her up with some hot guy for the evening, no matter how many times Katherine told her she wasn’t looking for that. There was only one man on Katherine's mind now.

They parked several blocks from the club and Katherine was glad for the warm night, since Sandra had convinced her to go out basically half naked, or at least that was how she felt. She was wearing a black baby doll with a sequined band just below the bodice. It might not have been so bad with a sweater over it—except it was too short for Katherine's liking, but it was cut so low she felt like she was hanging out of it. She wasn't above showing cleavage, but this dress was too much. She knew she would spend the whole night pulling on the spaghetti straps. All the other girls were dressed similarly and their heels clicked on the sidewalk as they made their way to the club.

Waiting in line, Katherine asked again if Sandra was sure about this, but her friend just poked her in the side and told her to chill out. When they reached the bouncer he did not even card them! Katherine was shocked. As they walked down the narrow corridor and into the club proper Sandra had an I-told-you-so look on her face. Sandra had suggested as much earlier while teasing Katherine's hair and doing her make-up. She said she wouldn't be surprised if the bouncer didn't even check for ID. "Hot girls can get in anywhere," she insisted.

At the bar Hope bought the first round and ordered Katherine a Fuzzy Navel without asking. Katherine did not mind the cocktail, as she couldn't taste the alcohol in it, and sipped as the girls grouped together and scanned the landscape. From the time they walked in, Katherine could feel the predatory eyes of horny, drunken young men on them. None of them would have trouble finding a guy tonight. It was just up to the girls to choose the lucky ones. For her part, Katherine had no desire hook up with anyone in the club. Sure, there were plenty of hot guys there, and it wasn't that she couldn't use some action, but Katherine was not one for anonymous sex and oddly, it felt like she would be cheating on her master if she was with another man. Did he expect her to refrain from being with other guys? He had not said. It would only be natural for a girl her age to have a boyfriend, or a friend with benefits, she knew. He never asked about it. As horny as she had been it would have been so easily to fool around with one of these guys, but she put that thought right out of her head.

"Finish that drink so we can get out there and dance," Sandra said, knocking back her on cocktail.

Katherine finished her drink and set it down on the bar just in time for Amy to grab her hand and drag her to the dance floor. Sandra was ahead of

them and she and another of the girls, a petite redhead named Brenda, were moving close together, twisting their bodies to the driving beat. Katherine loved to dance, but she wasn't as into the guy-teasing, play-lesbian dancing that some of her friends were. She was out there to have fun, not titillate guys. She and Amy and Hope danced together in a tight little circle and when a cheesy guy tried to break in on them they laughed and shoved him away. It was great fun to get out there and get physical and not think for a while. The huge speakers drove the beat straight through her body and she blanked her mind and rode that rhythm, dancing on the crowded floor until she was breathless and covered with a fine sheen of sweat.

Brenda bought the second round, pulling cash from between her pushed-up breasts, and Katherine was handed a cranberry and vodka. It was not as tasty as he first cocktail—the bartender took a heavier hand on the spirits—but she was parched from dancing and gladly drank it down. As soon as she put the empty glass down on the bar another one appeared and when Katherine tried to tell the bartender she did not order it, he pointed at a guy at the other end of the bar. He was handsome and looked to be at least ten years older than she was. He was darkness from head to toe, thick, jet black hair that dipped below the collar of his black, silk shirt, and he wore expensive looking black pants. He was dangerously handsome and Katherine's heart beat faster when he raised his glass to acknowledge her thank you wave. She immediately turned away to find Sandra grinning at her.

“Looks like someone has an admirer. You should go down there and talk to him,” Sandra said.

“No, I couldn't. I don't even want to,” Katherine said, turning red. Her embarrassment made her sip the drink faster and she became all tingly as time seemed to slow down by a second or two.

“You should at least say thank you. That would be the polite thing to do.”

“Hey, I didn't ask him for the drink. Besides, he's too old for me,” Katherine protested, even though he was a few years younger than her master. “Now come on, let's get back out there and dance.” Katherine put her drink on the bar, but Sandra handed it back to her.

“You can't leave a drink unattended.”

Katherine nodded and knocked it back. The drinks were going down much easier now.

“You’re so crazy!” Katherine shouted over the music as Sandra shimmed against her.

“You’re just afraid to loosen up!” Sandra shouted back.

I’ll show you, Katherine thought. The liquor had already loosened her up and so she decided to prove to Sandra she was all wrong about her. What would Sandra think about her exploits with Master? She would never think her innocent little friend was capable of those things! Katherine grabbed Sandra’s hips and grinded into her, while locking eyes and giving her friend the sultriest look she could muster. It took everything she had just to keep a straight face. Sandra upped the ante by molding her body to Katherine’s, so their breasts mashed together and close enough to kiss while still gyrating to the music. Katherine was not scared off and kept grinding her friend, well aware of the spectacle they were creating and when Sandra grabbed her ass, Katherine followed suit and roughly kneaded Sandra’s round butt.

“Oooo, baby, you’re so hot!” Katherine shouted over the music.

“Not as sexy as you, baby!” Sandra replied, leaning in for a kiss. Katherine made sure the blond caught her cheek.

The girls unclenched and Sandra held Katherine’s hand while she did a spin, after which Brenda cut in and pulled Katherine to her for a close, sensual dance. It was all in good fun, Katherine was not interested in girls, but it did feel nice to be touched after being so horny for days. Brenda was more forward in trying to grope Katherine and mostly she let the redhead get away with it, just enjoying the physical contact, but Katherine kept her hands to herself, outside grabbing Brenda’s ass a time or two. After a couple songs dancing with Brenda, Katherine excused herself to the restroom, feeling the drinks going through her.

When she came back from the restroom her friends were scattered, so Katherine headed to the bar to hang out and get some water. Sandra was on the dance floor with some guy and the other girls were dancing with each other. Katherine was of a mind to join them once she’d had a moment to cool down. She turned to catch the bartender’s attention and found him setting a fresh drink down in front of her. Katherine was already feeling quite buzzed and knew the last thing she needed was a fresh drink, but before she could refuse it the bartender moved on. Somehow she was not surprised to find the dark stranger from the end of the bar at her elbow. His hand felt warm on her bare shoulder when he turned her to face him. It was a familiar gesture for a stranger to make.

“I’m Gino,” he said, extending his hand, which she took.

“I’m Katherine. Thank you for the drinks, but it really wasn’t necessary.”

“When I saw you standing down here I found it quite necessary.”

Gino oozed charm and she thought he had a light accent, though it was hard to tell with all the noise around them. He was still holding her hand, lightly stroking it with his thumb, while also stroking her bare shoulder. Normally, Katherine did not like her personal space invaded, especially by a guy on the make, but his touch was not unwelcome. It was even pleasant. She could be sure he tried this routine at least several times every weekend, but as she was feeling quite warm from all the cocktails she’d had it did not seem to matter. Katherine found she was smiling at the handsome stranger and even flirting back with him.

“Are you here with anyone?” Gino asked.

“Just my girlfriends,” she replied, knowing that was not what he meant. Even though the last thing she needed was another cocktail, Katherine sipped at the fresh drink Gino thoughtfully sent her way. The crowd jostled them together and Gino’s arms slipped around her so naturally, like they were longtime lovers. Katherine’s back was to the bar, leaving her no room to maneuver.

“I don’t believe I’ve seen you here before,” Gino said, his lips just brushing her ear and sending chills down her spine. Her heart beat faster and she was all too aware of how close they were. The need she’d been feeling for the last few days was now front and center—refusing to be ignored.

“I don’t really do the club thing,” Katherine tried for nonchalance, hoping he would assume she was older and maybe just beyond the club scene, instead of too young to even be there that night.

“I understand. I’m sure all the men constantly throwing themselves at you must become quite a nuisance after a while. Or is there a boyfriend?”

Katherine was not sure what to call her relationship to Mr. Gardner. She was not going to tell this stranger she had a sexual master. But Mr. Gardner certainly was not her *boyfriend*. “No, there’s no one like that.”

“Perfect. That means there is no reason we can’t dance.”

She agreed and happily followed him onto the dance floor. Very few men really knew how to move to dance music and though Katherine had always heard that men who could dance were good in bed, she had no

experience with which to form her own conclusions. However, even before she saw him dance Katherine thought that Gino must know what to do with a woman, since he was older and obviously experienced. She could not imagine this magnetic man fumbling around with her the way Cody did. The way he moved on the dance floor, with fluid grace, only reinforced that impression. When he touched her it was sensual, not the obvious groping of a horny teenager. He was confident, but not possessive the way her master was. Gino got Katherine's temperature rising by lightly caressing her everywhere but the obvious places. Even though she caught him checking out the way her breasts moved while she danced, he did not try to sneak in a grope, and his hands did not stray below the small of her back. Nevertheless, by the time they left the dance floor Katherine was burning hot and wondering what it would be like to be with the virtual stranger. She was no longer considering how Master would feel about her being with another man. She was not really thinking at all. Alcohol and arousal combined to draw out any of her normal reservations about casual hook ups. For the moment, the good girl who did not take chances was locked away.

Gino did not lead her back to the bar, but pulled her by the hand through the dense crowd to a space at the back. There was some breathing room near a door to a storage area and there, against the wall, he took Katherine in his arms and kissed her. Her arms went right around his neck and she eagerly opened her mouth to suck on his probing tongue. Gino was a forceful, but skilled, kisser and she melted into him even as he pressed her back against the wall. His body felt hard under his expensive clothes and Katherine wanted a peek at it. Giggling while he kissed her neck, she drunkenly fumbled at the buttons on his shirt, exposing even more of his tanned chest. She slid her hand inside his shirt and felt his smooth, well-muscled chest. When he nibbled on that special spot on her neck, Katherine went weak in the knees and clung to Gino, letting him cup and squeeze her ass.

“We should get out of here for a little bit, yes?” Gino asked.

Katherine nodded, while nibbling her lower lip and touching his handsome face. Going off with a stranger was a bad idea for so many reasons, but Katherine had the confidence of youth and drink. She'd decided Gino was a good guy. He led her straight to the exit and even though she thought she should tell someone where she was going,

Katherine followed, worried that Gino might change his mind. After all, the club was filled with pretty girls, and Katherine knew most of them had more experience than she did. She did manage to catch Sandra's eye just before the door and was pleased by the astonished expression on her friend's face.

The fresh air cleared Katherine's mind, at least to the point where she questioned what she was doing. It was crazy to leave the club with some guy she didn't know. He could be some sort of mad killer, or a rapist at the least. She was ready to tell him to slow down, but then they reached his car, some sleek, dark European sedan, and he was kissing her again while he clicked the doors unlocked and that heady lust took over again, muting sanity's objections.

Katherine was pressed against the side of the car and not only was Gino aggressively kneading her ass, he was also raising her dress. His hand was on the bare back of her thigh and then her naked ass, left exposed by her little black thong. Yes, she should tell him to slow down, but damn was he good with his hands and she kept her mouth shut, except to kiss him, because she did not *want* him to slow down. If Master had taught her anything so far, it was that she was too uptight and that giving into her desires was fun. Gino pressed a thigh between her legs and when he rubbed it into her mound she moaned and gripped him tightly. She could also feel his bulge grinding into her hip. In her heels, Katherine was nearly as tall as he was and she hooked one of her legs around his waist while they crushed their bodies together. Katherine threw back her head and sucked in the cool night air as Gino nibbled on her neck and shoulder, dragging down the strap to her dress. That got her attention and she placed her hand over his.

"Let's get in your car," she whispered, kissing his neck. Katherine was not so far gone that she was going to let him strip her in public. She liked the tremor that went through him when she sucked on his neck.

Bending down, Katherine crawled into the backseat, the expensive leather buttery soft under her knees. Gino pulled the door closed behind him and suddenly it was so quiet inside the car that all she could hear was her own raspy breath. It was like they were in a little bubble, separated from the world, and Katherine felt trapped because she knew what was probably going to happen next. She felt a tremor of fear and that fear made her pussy throb, just as it did with her master. Fear, she'd discovered, was a powerful aphrodisiac for her.

“Now?” Gino asked, reaching from the straps on her shoulders.

Katherine covered his hands again, but this time she helped him pull the straps down, peeling away the top of her dress. Underneath was a black, lace-trimmed strapless bra, which helped provided the cleavage that made the dress so alluring. Sandra had wanted her to go braless, but Katherine would not go for it, even if it was a challenge to wear the dress without the bra showing. And now she was showing that bra off. She loved the way it pushed her breasts up, like it was presenting them. Gino examined her with hungry eyes and then pulled her close. Even as she melted into his arms she felt him deftly flicking her bra clasps open. The bra fell away and fear gripped her. It would be so easy for a passerby to glance in the window and see her. It was hard to fight the urge to cover up, but she did not want Gino thinking she was so prudish a young girl. Instead she crushed herself against him, attacking his mouth. She was genuinely surprised when he twisted and she landed across his lap, their kiss barely broken.

Gino cupped her breast and kissed it, sucking her nipple hard while lashing it with his tongue. He did not possess her quite the way her master did, but it did feel so very good. She raked his thick, black hair with her fingers, urging him on. He sucked on each of her nipples, and kissed her breasts, but was careful to be gentle, not testing her limits like her master did. Her quiet moans filled the roomy sedan and with her blood pumping and her pussy soaked, she wanted more. When Gino pushed his hand under her dress Katherine did not stop him, but instead opened her legs. There was a time when she had such great control with boys—never letting them go too far, but now she was ignited so easily and burned out of control.

He tugged her thong aside and rubbed her mound. Katherine pulled him into a hot kiss because she did not want to gasp so loudly. His digits slipped all over her until he spread her lips and massaged his way to her clit. She whimpered and wantonly pushed herself at his rubbing fingers. God, but it was good and Katherine could not control her reaction. She loved the way Gino just touched her without asking or caution. It was so thrilling. Katherine was embarrassed to hear herself squishing when he pushed two fingers inside her and worked them slowly back and forth.

By the time Gino made Katherine orgasm with his fingers she could not think straight. It was not the intense, uncontrollable orgasm Master gave her, but it possessed her just the same. She was all limp and flushed and moved obediently as he shifted her around the back of the car. She was on

her knees, looking out the back window, while Gino shed his pants and moved in behind her. The sexy babydoll dress she'd worn for her night of clubbing was gathered at her waist and her thong was no protection at all from his roaming hands.

He both massaged a breast and rubbed her juicy cunt while pressing into her from behind. His cock felt big and thick when he sandwiched it between them and her pussy tightened when she thought about it inside her. Her heart raced and only fleeting thoughts of stopping him flashed through her mind when he spread her legs further and pulled her thong aside. Katherine felt the tip and then he thrust inside her. Her head was on the deck inside the rear window and she banged it on the glass when he slammed into her. She clawed at the carpet covering the deck and her breath fogged the window. Gino took it slow at first, giving Katherine time to get used to him. He was far and away the biggest she'd ever had and, as wet as she was, it hurt when he entered her.

"Your pussy feels so good," Gino breathed into her ear, which almost made her laugh. Katherine did not quite know what to say to that, but responded by moaning when he pulled out almost entirely and slammed into her again. She clung to his invading shaft and he pushed into her at just the right angle to hit her g-spot on each and every thrust. His arm was around her waist and her head mashed down on the deck and she wished they had more room to move. Mostly, Gino was limited to short powerful thrusts and it felt like he was taking her like an animal in heat. Katherine was in heat herself and loved just being taken from behind. Gino just started fucking her like he expected her to open for him.

Gino wanted her in a different position and Katherine yielded again as he twisted her to the left and then down onto her elbows, with her ass up in the air. She tossed her hair and looked back over her shoulder to see Gino bent over her with his head and shoulders jammed against the ceiling while he worked his hips and drilled his cock into her. It was so much better this way because now he was slamming into her with long, deep strokes and the whole car was rocking with them while he rode her ass. Katherine pushed back at him and moaned and whimpered, suddenly aware of how quiet she normally was during sex because Master had pointed it out. Would Gino think she wasn't any good if she was quiet? She thought about faking it and talking dirty, but it didn't seem right—and anyway, that would require too

much concentration and her whole mind was on how good she felt. It was not long at all before he had her coming again.

“Ahhh baby, ahh baby,” Gino cried and then he crashed into her, keeping his shaft buried in her cunt and she was sure she felt him pulsing.

Katherine panicked for a moment. She did not make him wear a condom! She almost shoved him off when she realized she didn’t feel him coming inside her. Katherine was so relieved when she realized he must have put one on anyway and then turned red with shame because she was so inexperienced that she did not know whether this stranger was wearing one or not. How was she ever going to please her master when she was such a novice?

The awkwardness and strained conversation following a hook up with a stranger in the back of a car was not something Katherine had any experience with and she did not know what she was supposed to do when Gino pulled out of her and then sat back and opened the door a crack, flinging the condom out onto the asphalt. She was horrified when the dome light came on and ducked down, lest anyone see her ass, still high in the air. Kneeling on the floor, Katherine found her bra and then fixed her dress as best she could in the cramped quarters. Gino was talking the whole time and she just nodded and smiled. Truthfully, she was still in a daze from her orgasms. The tingling had not died down and all she really wanted to do was stretch out on her bed and go to sleep. That would be best, because she would not have to think about her behavior when she calmed down.

Gino walked her back to the club and they parted with a kiss on the cheek. She was not sure whether or not to be offended that he did not ask for her number, even though she would have given him a fake one. She knew *that much*.

Back in the heat and noise of the club Katherine was awakened enough to really think about the fact she let some guy take her out to his car and fuck her. No matter how good it felt, she knew it was wrong. God, what the hell was wrong with her? She looked all around the club and it seemed to take forever to find to find Hope. “Where is Sandra?”

“Last time I saw her she was leaving with some guy. We’ve learned not to wait for her when that happens.”

“You just let her go off with some strange guy? Anything could happen to her.” Katherine knew *exactly* what could.

“Sandra can take care of herself. She’s got industrial strength mace in that little purse of hers. Hey, where have you been all this time? Last time anyone saw you, you were dancing with that hot guy.”

Katherine was relieved that Sandra did not mention seeing her leave with Gino. She was not ready to admit to her friends she was some kind of slut, even if they did seem to take such behavior in stride. *Maybe I am just way too uptight*, Katherine thought.

“Can we get out of here?” she asked.

“I guess so. There aren’t too many guys I like here anyway. Are you okay? You seem kind of freaked out.”

“Yeah, I’m good. I think all those drinks just went to my head.”

“I hear you. Just don’t throw up in the car, because if you do I will be right behind you.”

It only took a few minutes to round the others up and although she was worried they were leaving without knowing where Sandra was, Katherine was so relieved to be out of there.

seven

It was well past noon the following day when Katherine finally opened her eyes and the only reason she did was because her phone would not stop ringing. She ignored it the first several times, but whoever was calling was not content to leave a voice message, so when she couldn't take it any longer she reached out from under the blankets and fumbled around on her nightstand for her cell. She knocked her purse to the floor and spilled its contents everywhere. She pulled the phone under the blankets with her and answered without even looking to see who was calling.

"What?" she mumbled.

"I expected a nicer greeting, Kitty," Mr. Gardner said icily.

Katherine snapped fully awake and took a deep breath before speaking again. It was like a bucket of ice water had been thrown over her. "I'm sorry, sir. I didn't know it was you."

"Look at the phone before you answer next time."

"Yes, sir."

"Shouldn't a young woman like you be out and about on such a beautiful day? Why are you still asleep?"

"I was out with friends last night. We stayed out pretty late." She did not know what time it was, but no matter how late in the day she still did not feel like getting out of bed. She did not feel like being up and about, and worst of all, thinking.

"You must have had quite the night. You can tell me all about it when I see you. I expect you at the house in two hours."

Before Katherine could protest or complain Mr. Gardner rang off and she flipped the phone shut when she realized he was not there. Knowing her day of leisure was at an end, she levered herself out of bed and wandered down the hallway to take the hottest shower she could stand. It was important she look good for her master and she only had just enough time to groom and primp for him.

Patrick Gardner was pleased when Kitty showed up perfectly on time. She was responding to her training right on schedule, perhaps even more eagerly than he had anticipated. He knew their last session had been a breakthrough. He was also pleased to see that she did not show up in her typical uniform of jeans and a sweatshirt. It was a warm summer day so there was no reason for Kitty to cover up and she left much of her deeply tanned skin exposed.

"Patrick is in the kitchen," he'd heard his wife tell Kitty at the door. Tara was taking the boys to a matinee, which would give him a couple hours alone with his new plaything.

"Is Kat coming to the movies with us?" It was one of the boys asking.

"No, dear, she forgot something last time she was here babysitting," Tara answered. She ushered the kids out the door and Kitty came through to the kitchen.

Kitty stood uncertainly in the doorway with her hands clasped in front, as if awaiting orders. She looked very tired and perhaps hung over, but what made his cock tingle was the tinge of fear in her eyes. He wanted her to be excited about the prospect of her training, but she had to have a healthy fear of what might happen for her to truly be broken.

"You look very sexy today, Kitty. Turn around for me."

Kitty did a turn in her thick wedge sandals, displaying her trim, curvy body for him. A worn, denim miniskirt did not even reach mid-thigh and a white stretch cami hugged her like a second skin, following the curve of her breasts. Patrick was sitting on a stool at the island in the center of the kitchen, sipping a diet soda and thought about all the things he wanted to do with that young body. The possibilities were overwhelming and he knew a weaker man would just grab the girl and fuck her right there in the kitchen, but Patrick had a long term plan and it would not do to ruin Kitty's training for a moment of gratification.

"You don't have to stay so far away. Come closer, Kitty." He beckoned with his hand until she was close enough to touch. Her bare leg brushed his khaki-clad knee and she jumped like she'd touched a hot stove. Patrick stroked her arm reassuringly and asked, "What are you so afraid of, Kitty?"

"I don't know, sir. It's all so new. I'm afraid of what will happen and..."

“And? There is nothing you can hold back from me. It is just a question of what it takes to find out, Kitty.”

“And I’m afraid of what I’ll do.” She was staring at the cast iron pots hanging from the ceiling. “Ever since our first time I feel so different, it’s like I’m becoming a different person.”

“Different how?” Patrick pressed. He loved the psychological part of the game even more than the physical. Pressing Kitty to trust him and open up was part of making her completely submissive. She was clearly uncomfortable discussing her sexuality, but not in a bad way. He could tell she had to get it off her chest, she just did not quite have the words.

“I have these urges and they get so strong, like I can’t control them. I don’t know, sometimes I just get so horny that I can’t stand it.”

Patrick held her pretty face and made her meet his steely gaze. “It’s just your sexuality awakening, Kitty. It’s very powerful in a girl like yourself, so powerful you may have never uncaged it if left to your own devices. But you’re here so I can teach you how to control it.”

His words did not seem to reassure her, but that was okay since it was half bullshit anyway. He was putting her in touch with her sexuality, but it wasn’t about teaching her to control it. He wanted Kitty to be happy and satisfied, true, but this was really about fulfilling his own urges and turning her into a willing vessel for that. Even when he was done with her, Kitty would seek another man to control her. She would always be a submissive after this.

Patrick went from caressing her arm out of affection to groping her and she stood there allowing it. More than allowing it—he could see from her reactions she enjoyed it. He loved how smooth her dark tanned skin was and took his time touching her shoulders and arms before caressing her bare legs and slipping his hands under her short skirt. He held Kitty’s tight ass in both hands and pulled her against him while kneading her bare cheeks. Her arms went over his shoulders, like she might hold a lover, out of instinct. She closed her eyes. He spread his legs wider so he could push his hard-on against her while he leaned forward and inhaled her scent. Kitty’s freshly washed hair cascaded down her back and smelled with wild honey. Her ass felt utterly perfect when he squeezed it and he had to fight the urge to give it a whack. Patrick did not plan on disciplining her today unless provoked.

Instead, he kept a hand on her ass, but moved the other between her legs, where he felt her thong was already damp. Kitty adjusted her stance so

he had better access and moaned softly when he pressed her mound. The thong was easily tugged between her lips and he used it to pressure her clit. Kitty gasped and dug her nails into his shoulder through the old t-shirt he was wearing. She swayed on her feet and he toyed with her pussy until her lips were soaked and slippery under his fingers. Kitty trembled and bit her lip and Patrick stopped touching her just before she could come. She whimpered in disappointment and tried to push her cunt at his hand, but Patrick his hand to her hip.

“I need to ask you some questions, Kitty. If you’re a good girl, I will let you climax. Would you like that?”

“Yes, sir. Please,” she moaned, eyes still closed. He was impressed with the strong need in her voice.

“I want to know about what you’ve done with boys.” As he questioned her, Patrick still caressed her pussy, keeping Kitty on the razor edge of orgasm, but careful not to tip her over it. “How many boys have you been with?”

Kitty’s brow furrowed. “How do you mean? Like, sex?”

“Yes, how many boys have you fucked, Kitty?”

“Three,” she answered—after hesitation—which made Patrick question her veracity. He knew women were likely to lie about their number of sexual partners. Still, Kitty was young and clearly not experienced, so it may be true.

“Is that the truth?” Patrick was ready to punish her if she lied. To put the point on the question he pushed a finger deep inside Kitty and felt her muscles grasp it as she moaned and sagged against him.

“Yes, sir. I swear,” she moaned.

“Do you have a boyfriend now?”

“No, sir. We broke up at the beginning of the summer.”

“Why did you dump him?” Patrick just assumed a girl as pretty as Kitty did not get dumped, unless she wasn’t putting out, of course.

“Because I wanted to be single for the summer and for when I go away in the fall. Ohhh, sirrr...”

“That’s reasonable.” He slowly moved two fingers in and out of Kitty, keeping her simmering. “So when were you last fucked?”

Kitty obviously did not want to answer. Patrick pressed his thumb hard against her clit and she almost collapsed to the floor. He alternated the

pressure and almost lost her as she began to tremble and nearly came, but he was a master manipulator and eased her back.

“Oh God, last night, sir. *I was fucked last night,*” Kitty cried.

Patrick raised an eyebrow at that. He did not think her the type of girl to have casual sex with an ex-boyfriend, but then he surmised that she had been drunk and perhaps she was becoming a slave to her new urges as she described. He wanted details. “Was it with the ex?” He tickled her g-spot as he asked.

“Cody? No, sir, it wasn’t. *Master, please,*” she pleaded when he brought her to the edge once again. Her juices were running down his fingers and soaking his hand.

“Please, what, Kitty?” he asked snidely. He was trying to process what she’d just said. If it wasn’t her recent ex, then who did she fuck last night? He realized he was going to have to get better control of his slave. Patrick did not think it was necessary to give her instructions for behavior outside of his presence yet, but apparently he was wrong.

“*Pppplleeeassee...*”

“Please what, slave?” He was harsher this time.

“*Please, I need to come, Master,*” she pleaded.

“Not yet, Kitty. You have a story to tell.” He slowed down and lightly stroked her mound, aware that she was so close again. He was not going to let the girl climax until he was ready, and perhaps not at all if he did not like her story. In the meantime, he desperately needed some relief himself. Kitty’s begging had him rock hard and it felt like his cock was going to tear its way out of his chinos.

“Tell me, who did you fuck last night. I promise you will regret it if you hold anything back, Kitty.”

Kitty looked utterly defeated, but she took a deep breath and swallowed hard to gain composure before she attempted to speak again.

“His name was,” she started and then paused, clearly groping for a name, “Gino. My friends dragged me out to a club and then I had too much to drink and I swear I didn’t mean to, Master. I’m so sorry. I was just drunk and horny and he was so handsome and before I knew what was happening I went out to his car with him.”

“Did he take you home?”

“No, we were in the backseat of his car. I was so nervous when he undressed me because I thought someone would see, but I couldn’t help

myself. He seemed so strong.”

Patrick smiled at her last statement, but he was still jealous that some anonymous guy was fucking his plaything the night before. He could understand giving in to an ex, but he didn’t want Kitty giving it up to just anyone. He did not want her spread her legs for anyone at all actually, unless he gave permission of course. Still, the thought of Kitty laying in someone’s backseat with her legs spread made his cock throb.

“You got naked for him?” He returned to lightly rubbing her clit.

“Mmm, no. Not totally, he just pulled my dress down—and up.”

“Show me.”

With trembling hands, Kitty pulled the straps of her top and bra from her shoulders and exposed her tits. Her dark nipples were puckered and tilted right up at him, almost begging to be sucked. Patrick pinched and rolled a nipple with his free hand and Kitty tossed her head back and moaned, “Oh Master...”

“And he fucked you in the parking lot?”

“Yesssss...*God yesss...please Master...*”

Patrick felt all-powerful. He could make this trembling girl orgasm with just a flick of his fingers. She was literally begging him for it. If only he knew exactly what was going on in her head. But he knew what he was thinking and what he *needed*.

“Take out my cock, Kitty.”

She nodded and opened up his chinos and pushed them out of the way, along with his boxers. Patrick’s cock sprang out and Kitty grabbed it like she was holding onto a lifeline. Her smooth hands felt so good stroking him that he almost lost it on the spot and splattered her. He forced himself to hold back.

“Did you come when he fucked you, Kitty?”

“Yesss, sir...”

“And then he just left, didn’t he?” Patrick guessed.

“Yesss...he didn’t even look back, Master.”

Patrick knew exactly the type, because he did the same thing when he was younger, before he met Tara. He could identify the type of girl he craved from across the room and after an evening of giving her the right kind of attention she would end up in his bed. He knew if he were a younger man he would have been in that club picking up Kitty himself.

“It made you feel like a slut, didn’t it?”

Kitty nodded, staring at his cock while she started to tug it harder. She used his precum to lubricate him and her fist glided up and down his shaft easily.

“Say it, Kitty. It made you feel like a dirty, little whore giving it up to a stranger in a parking lot. Didn’t it?”

Kitty gasped when he pinched her clit and then spoke while nodding. There were unshed tears in her eyes when she admitted, “Yes, Master, I am a dirty little slut. You turned me into a slut.”

Kitty’s whimpers turned to cries when Patrick pinched her clit and pulled on it while doing the same to her nipple. She was coming hard—he knew the signs now, which meant he had no reason to hold back any longer. He growled, “Jerk me off, you little slut!” She almost gripped him too hard as she milked the cream out of him, which he shot all over her breasts and onto the inside of her folded down bra. He shot five or six spurts, which dripped down from the underside of her breasts before he was spent. Kitty’s cunt squished loudly as his fingers moved in and out of her. When he took his slick fingers away from her he leisurely licked them clean. Damn, she tasted good and Patrick looked forward to spreading her open and getting a full taste.

“You’d better get that top off before you accidentally make a mess of yourself, Kitty.”

Kitty took a step back and removed her top and bra, careful not to smear his cum on herself. She looked uncomfortable standing in the well lit kitchen in the middle of the afternoon in just her little denim skirt, which was just how Patrick liked it.

“You’re uncomfortable being displayed, aren’t you, Kitty?”

“Yes, sir.”

“You will get used to it, because I like to show off my sexy girls.”

“Yes, sir,” Kitty replied, without conviction.

Patrick fixed his pants and then took her hand. “Let’s go upstairs.”

Kitty obediently followed and when he ordered her to lay back on the bed she kicked off her sandals and hopped up onto the high, king-sized mattress. Her skirt rode up as she positioned herself on the bed and Kitty did not fix it, but stretched her arms out above her head and took a deep breath. She looked so pretty, so innocent lying on his bed that he wanted to jump on top of her, but waiting was easy. After today, Patrick was convinced that the purely training phase of his time with Kitty would soon

be over. She was a natural submissive and did not need the breaking-in that his wife had. Already Kitty willingly complied with his every demand.

“You look so beautiful lying there, Kitty,” he said walking around to the head of the bed. There were two leather restraints fastened to the wrought-iron headboard and tucked behind the mattress. He fastened them around each of her wrists and pulled them tight so her arms were stretched above her head. Matching restraints were at the bottom of the bed and when Patrick was done, Kitty was pulled into a tight X on the big bed. He loved the way a woman looked when bound spread-eagle. She looked up at him expectantly and he was sure she wondered what would come next, pleasure or pain, reward or punishment.

Patrick felt like taking her into the playroom and taking the paddle to her sweet little ass, but since he had not expressly forbidden her from fucking anyone else even he did not think that would be fair. Instead, he planned to play with Kitty and show her how good it could feel being his plaything. He took a set of nipple clamps—connected by a thin chain—from the nightstand drawer. Kitty’s eyes widened with fear. The clamps had been one of Tara’s favorite toys, before she got her nipples pierced last year. At first she was disappointed they did not work well with her piercings, but then she discovered just how fun it was to having the piercings themselves toyed with. At some point Patrick would demand Kitty pierce her nipples as well.

“Don’t worry, Kitty, I know how sensitive your little nipples are. I plan to teach you how wonderful constant stimulation can be. Your body will be explosive when all your areas are stimulated at once,” Patrick said, stroking her silky black hair back from her face.

A tiny wheel on the side adjusted the tension and Patrick let it all out until he could slip the clamp over her nipple easily and did the same with the other. He could see Kitty was holding her breath in anticipation. The clamps themselves were padded with a layer of soft black velvet. He turned the wheels on both clamps slowly and Kitty gasped as they gripped her nipples. Her nipples darkened as he tightened the clamps and she pulled on the restraints, twisting her body as if trying to get away. Her heavy breathing and lust-clouded eyes told him that she was enjoying it and Patrick kept tightening until her nipples bulged out above the clamps. He lightly tugged the chain and Kitty whimpered.

“You see, my dear, I have only your best interests at heart,” he said straight-faced. It was not entirely a lie. He did not want to see any harm come to the girl, it was just that it was all about him, not Kitty.

Stripping his clothes, he was pleased at how Kitty’s eyes went right to his cock. Although he just shot his load down in the kitchen, the sight of Kitty’s restrained, spread-eagle body already had him quite hard again. For Patrick, these games were better than any little blue pill.

Patrick licked her nipples where they peeked out from the clamps and Kitty moaned and closed her eyes. “Open your eyes,” he ordered. “Watch me.” She did, but she also had to keep fighting the urge to close them as he teased her sore, swollen nipples. He teased her until she was squirming and he could see the frustration in her eyes from being restrained and unable to truly respond. Patrick crawled to the bottom of the bed and lay between her splayed legs. Her skirt was already up around her waist and he just took a strong hold and ripped her thong right off. She would not need it again today and liked the idea of her returning home with no underwear.

Her pink lips were already spread by her position and Patrick inhaled the sweet, strong aroma of Kitty’s arousal. Glancing up between her breasts, he could see how uncomfortable she was being so open to him while he was so close. When she felt his breath on her lips she shivered. If her wetness was any indication, Kitty was very horny. Her dampness stained his cheek as he leaned close and kissed her thigh. She whimpered and pulled hard against the restraints, but there was nowhere to go and no way to force him where she really wanted him. Kitty would just have to wait until Patrick was ready to kiss her pussy. He took his time getting there and Kitty was gasping and moaning before he even touched his lips to hers.

Patrick started by kissing Kitty’s cunt as passionately as he would ever kiss her on the mouth. He pressed hard into her slippery lips and slurped at her juices and then darted his tongue in and out of her. He heard the leather straps holding her stretch taut, and Kitty twisted this way and that while moaning and gasping. Patrick was determined to make the girl scream. It was important to break that last vestige of control. He continued to sloppily make out with her pussy, thrusting his tongue as deeply as he could and flattening it out. He was also grinding his mouth into her clit, which seemed to alight the girl every time. Kitty was losing control, and yet he still backed away every time he thought she was going to orgasm. She was almost too easy to control.

“Master...” Kitty purred when he lightly tugged the chain connecting her nipple clamps. If he did that in conjunction with teasing her clit she almost jumped off the bed.

“I love your cunt, Kitty. It’s so much fun to kiss.”

“Ohhh, thank you, sir.”

“You like it kissed, don’t you?”

“Ohhh yesss, ohhhh God.”

“But there’s something else you really want right now, isn’t there?”

“Yesss, *please, sir.*”

“Please what, Kitty? You have to learn to vocalize and tell me what you need. You have to let go.” As he told her this, he flicked her clit out with his tongue and sucked on it while pulling her chain at the same time.

“*Please make me come!*” Kitty begged. “*Oh please, Master!*”

That’s more like it, Patrick thought. He kept his attention on her clit and added a finger to her pussy, curling it toward her g-spot. He also pulled harder on her chain and knew her nipples had to be aching.

“*Oh yes! Yesyesyesyes! Oh Masterrrr...*”

Kitty arched her back off the bed and he thought she was going to pull her arms out of their sockets. She bucked so hard he could barely keep his mouth on her cunt. He let go of the chain and placed both hands on her pelvis to hold her in place so he could keep feasting on her pussy. While he sucked on her clit he took a slick finger from her cunt and pressed it against her asshole. Kitty was so frenzied that she hardly seemed to notice, that was until he shoved the finger in her ass. She shrieked and pulled even harder against her bonds to try and get away, but at the same time her entire body convulsed with orgasm. Her ass gripped his finger tightly and he kept it shoved up there until she calmed and relaxed. Kitty was limp on the bed, catching her breath. When he slowly pulled his finger out, she moaned weakly.

Patrick laid beside her, his cock resting on her thigh while he stroked her hair. She turned her head and stared at him glassy-eyed. He kissed her cheek and said, “You truly are marvelous, Kitty.”

“Thank you, Master,” she replied hoarsely. “Please untie me so I can touch you.”

“Not quite yet, but don’t worry, you will get the chance to please me.”

Moving on top of her, Patrick took his cock and rubbed the head all over her swollen mound. Kitty was moaning immediately and trying to

thrust herself at him, but he was very careful to make sure he did not slip inside her—at least not fully. As she lifted her hips off the bed he penetrated her with just his head, but stopped it there, which took superhuman willpower. She was so hot and wet around him. It would be so easy to just slip inside and fuck the hell out of her. And Kitty obviously wanted it.

“Please stop teasing me, Master! Please put it in me!” Kitty wantonly begged.

It was just what Patrick wanted to hear. Kitty was at her limit, willing to do anything, which meant it was the perfect time to reel back and make her wait for it. It would be so much sweeter when he finally took her pussy.

Patrick knelt by Kitty’s head and turned her so his cock was in her face. She licked her lips and stretched against her restraints to try and get his cock into her mouth. Yes, she was totally his now. He smacked his cock across her lips and Kitty managed to lick it a couple of times, but he still withheld it, enjoying her struggle. He held his cock right by her lips and watched Kitty extend her tongue and lick him. He really enjoyed her gentle licking and let her go to town until precum dripped from the tip of his cock, leaving a long, sticky string when Kitty pulled her tongue back. He followed that string and pressed his head past her lips. She opened wide and eagerly accepted his cock.

Wrapping her long black hair around his fist, Patrick fucked his cock into Kitty’s hungry mouth. At first she did a good job of sucking him, but as he moved faster and faster Kitty had trouble keeping up and when he pushed even deeper she gagged. “Shh, Kitty, just relaxed and enjoy pleasing me.” The advice seemed to help, but she still had trouble breathing when he plunged his cock into her mouth. Fortunately she did not have long to endure, because Patrick was so fired up it didn’t take much face fucking before he was ready to shoot his load. He shot down her throat, into her mouth, and then finished on her face, making a nice mess of the pretty girl. Patrick stroked his cock until he squeezed out every last drop onto Kitty’s face.

“You’re an excellent cocksucker, Kitty.”

“Thank you, sir,” she gasped, still catching her breath.

“Did you have a good time this afternoon?”

“Oh yes, it was amazing, sir. Can you let me up? I really need to use the bathroom.”

“I suppose. We’re done for now anyway. Why don’t you go take a shower and clean up. I’ll be waiting for you in here.”

Patrick unfastened Kitty and she rolled off the bed. He was pleased she did not remove the nipple clamps, or even ask him to do it. The chain connecting her tits bounced as she walked into the bathroom. She closed the door. He knew he should have made her leave the door open, but he was very happy for now. He lay on the bed with his hands behind his head and reflected on his good fortune.

When Kitty emerged from the bathroom, her skin was fresh scrubbed and glowing and her shiny back hair was slicked down and behind her back. The nipples clamps were still on. Kitty bounced onto the bed and threw herself into his arms. He held her and loosened the clamps until he could slip them off. Her nipples were so red and swollen and Patrick gently sucked each one.

“Thank you, sir. I’m so sore from those. How does Tara stand wearing them so much?”

“You’ll get used to it.” He noted her moaning. “It makes you so much more sensitive, doesn’t it?”

“It does, but I don’t know how much I could take.”

Patrick smiled, “It will be fun finding out.”

“What else would you like today, Master?”

“It sounds like you’re hinting at something, Kitty.”

“Why haven’t you fucked me yet, sir? Is there something wrong with me?”

“There is nothing wrong with you. You are a beautiful, sexy young woman, Kitty. I will fuck you in my own time, don’t you worry. I do have something for you, though.”

Patrick reached across to the nightstand and took out a narrow patent leather collar and fastened it around Kitty’s neck with a silver buckle. There was also a small chrome loop on the front. She touched the collar, fingering the ring curiously.

“Whenever you are with me you will wear this collar. Do you know what it represents, Kitty?”

“It means I belong to you, Master.”

“Yes it does. And now that you belong to me you will not be fucking any other men. Your body belongs to me and you will do nothing with it without my permission.”

“Yes, sir.”

“I want you to play with your pussy when you wake up each morning, but not may not come more than once each day. If you think you need it, you may call and ask for permission.”

“Yes, sir.”

“Now be a dear and suck my cock. Looking at your lovely body is turning me on again.”

By the time Tara came home with the kids, Kitty was dressed and out the door. She gave him a nice long blowjob before she left. Having already come twice that day, Patrick did not come easily and to her credit Kitty did not complain one bit. He was totally drained and ready for a nap and he lay back on the couch with Tara while the boys played together in the other room.

“How did it go, honey?” Tara asked, kissing his cheek and patting his crotch. If she was hoping to get a rise out of him, she was out of luck.

“Kitty was wonderful. I believe she has surrendered completely. Next time we have her up to the playroom we can really put her through the paces.”

“And were you able to control yourself?”

“No, I did not fuck her, dear. I would not do it without you in the room.”

“Good. I want to be there to see it when you take her. Now that she’s your plaything she’s going to need clothing to go with her role.”

“Good point. Perhaps you should take Kitty shopping.”

eight

Katherine withdrew from the rest of her life. She avoided her friends' calls and grew distant from her family at home. Cody continued to call, but whenever she saw it was him she sent it straight to voice mail. At first it was because she was shell-shocked from her latest encounter with her new master. It was all just too much to process and she was afraid if she talked to Sandra she would spill her guts. She needed someone to talk to about all this, but she could never admit the things she'd done or how her master made her feel. It would be one thing if she were horrified by it all, but how could she tell anyone how much she loved giving herself to her master? She did not even want to admit it to herself. Katherine had changed and she was afraid if she spent any real time with the people in her life they would see it. It was easier to just avoid everyone than have to explain herself.

Katherine really felt like she was a new person—how could people not notice? Sexually, she was more confident, but at the same time she was cowed. She responded so easily to her master's commands that it spilled over into other parts of her life. Even when her parents asked her to do something she responded respectfully—eyes downcast—and jumped to do it. She was craving approval in every aspect of her life.

It had been four days since her last visit to her master and Katherine was out of her mind thinking about him. She so wanted him to call for her that she was driven to distraction. Katherine couldn't even watch television without thinking of him. She did not book any babysitting jobs because she wanted to be immediately available for him should he call. Katherine did not know if she could take the disappointment if he called for her and she wasn't available. Of course, there would be the sweet punishment, but waiting for it would be the worst torture she could think of. Not that she wasn't tortured. She faithfully followed her master's instruction not to climax more than once a day. When she touched herself in the morning she came quickly, thinking of Master finally giving her what she needed and fucking her. But one quick orgasm in the morning did not satiate her need and she spent the whole day horny.

The Gardners finally called for her, but it was Tara, not her husband. The phone was never out of reach so Katherine answered within seconds.

"That was fast, Kitty. The phone barely rang," Mrs. Gardner said.

"Oh, I was just sitting next to it," Katherine replied, trying too hard to sound casual.

"How have things been going?"

"They're good, you know I've just been chillin', enjoying my summer."

"Well, I was wondering if you were free Saturday afternoon."

"Of course," Katherine answered quickly.

"Patrick would like me to take you shopping and I thought we could have lunch together."

Katherine was disappointed that she would be going out with Tara instead of seeing her master, but if this was what he wanted she would of course comply. "I would love to."

That Saturday, Katherine headed over to the Gardners' and dressed up for her master, hoping to at least see him before she left with Tara. He was there and took her into his home office while his wife was still getting ready. With the door closed, he pulled Katherine close and palmed her breast, giving it a firm squeeze. Her nipple leapt to attention and she wished her bra weren't so padded so he could feel it. He kept groping and pinching through the stiff cup until he found her nipple and gave it a sharp pinch. Katherine moaned and leaned into him.

"You look very sexy today, Kitty. I'm glad to see you are taking my direction to heart."

Katherine swooned from her master's approval. "Thank you, sir. I dressed just for you." She was wearing a short, pleated kilt with a maroon and gray plaid—something like a school girl's uniform, but it was way shorter than any school would allow. With it she wore a very tight, stretchy V-neck shirt, which showed off an impressive valley of tanned cleavage. Her thick raven hair was pulled back into a ponytail. The overall effect made Katherine look even younger than she really was. She was quite the Lolita.

"You should leave these with me," he said as he slipped his hand under her skirt and rubbed her through her panties. She pushed against his fingers and quickly soaked through her crotch.

"But Master..."

"Yes?"

She wanted to tell him her skirt was too short and that she couldn't possibly go out in public without panties. She'd never gone pantyless with a skirt before and she certainly did not want to start with this skirt. "But..." she knew her master did not want to hear that. He expected her to comply as soon as he issued a command. Resigned, Katherine reached to slip off her panties, but her hesitation was already too long.

"If you're going to tell me a but, you're going to show me your butt, Kitty."

He led her to his desk and ordered her to bend over it. She leaned forward with her elbows resting on the cool wood. The little skirt barely covered her ass in that position. She felt so exposed with her ass in the air. He pushed the skirt up to reveal little red panties, which he yanked down to her knees. The cool air conditioning was nice on her ass. She slowed her breathing and tried to prepared for what she knew was coming. Katherine only hoped her master would not spank her so hard this time.

Whack!

Her wish was not fulfilled. He spanked her very hard on the left cheek and then left a matching hand print on the right. Katherine whimpered and concentrated on holding still. Her cheeks stung and her instinct was to escape the punishment. One of the advantages of being restrained, she realized, was that she did not have to work to control herself. He spanked her again and again, the sharp clap of his palm on her cheek loud in the silent room. Not only did her ass sting, but her pussy was throbbing. God, she could not believe how horny she got from just a few slaps to her ass. She wanted her master to touch her pussy and give her some relief, but he kept his hands away from there.

"I'm going to have to find another way to discipline you because I don't think this is punishment at all," he chuckled. He inhaled and added, "I can smell how aroused you are, Kitty."

"I'm sorry, sir."

"No need to be sorry. I like how easily you get wet."

"Thank you, sir."

He spanked her hard once again and she gasped. "You will leave your panties here today! If I told you to walk out of here naked you would do it. Do you understand, Kitty?"

"Yes, Master," she replied, wondering if he really would ever order her out of his house naked. She didn't think so since it would be hard to explain to the neighbors. But more importantly, she did not know for sure that she would refuse to do it.

"Now take off your panties like a good girl."

Katherine bent deep at the waist and pulled her panties the rest of the way down, making sure to give her master the best possible view of her round little ass. Just as she was stepping out of her panties there was a soft knock and Tara poked her head around the door. Katherine blushed with guilt, like she'd been caught misbehaving. Of course that was silly.

"Looks like I'm interrupting something. Should I come back?" Tara asked.

"No," he answered. "Kitty just needed a reminder of who's in charge. She did not want to take her panties off as instructed."

"Tsk, tsk, bad girl. Are you sending her out like that?" He said he was and Tara told her, "Have you gone out in a skirt without panties before?"

"No, I haven't."

"I think you'll grow to love it. I find it so freeing and daring. I like feeling dirty while everyone around me thinks I'm just some pretty soccer mom."

That could be fun, Katherine thought, except for the soccer mom part. It would be exciting to have a dirty little secret while she was out and about. She did not hesitate this time, but placed her panties in her master's outstretched hand. He gave them a quick sniff and stuffed them into his pants pocket.

"Give me the bra, too," her master ordered.

Katherine just stared at him. She couldn't have heard him correctly.

"Do you need to be punished again?" he asked.

"I'd suggest you comply, or we're never going to get out of here, Kitty," Tara said. "You have beautiful tits—so young and firm—you really don't need to wear a bra anyway."

But almost left her lips, but Katherine knew better. If Master bent her over the desk again she wouldn't be able to sit for a week. She reached back and unhooked her bra through her top and maneuvered it so she could slip it out through her short sleeve. Master took the lacy undergarment, folded it neatly, and placed it on his desk.

"I wasn't planning on taking your bra, Kitty, but you need to learn to listen," he said.

The sharp points of her nipples were plain through her top and she knew her being braless would not be a secret from anyone. Her tight, thin top was about the worst shirt she could have worn to be braless. Katherine could be careful about bending over and no one would know she wasn't wearing panties, but everyone she saw would know she was out without her bra. Only girls who wanted to show off their breasts—*tits*, she needed to call them by the proper name when she was being wanton like this—went out dressed like this. And Katherine had not been raised to be that kind of girl. God, what if it she ran into someone she knew! Katherine had no idea where Tara was taking her. There were a lot of people she could run into at the mall. Katherine was apprehensive about their little shopping trip now, but she couldn't just run home. She knew there was no choice but to tough it out.

"We should get going," Tara said.

Their first stop was indeed the mall and Katherine was careful when she climbed down from the high SUV. There was nothing she could do about her top, but she could try to hide her lack of panties. As she walked, she felt the perky bounce of her tits and felt that her nipples had only grown harder from being so exposed.

They had lunch at the food court first, where Tara chose a small, round table on the end that gave Katherine nowhere to hide. Katherine's long, tanned legs looked fabulous, but she was constantly tugging her skirt down. She usually only wore this skirt in the winter—with black tights under it—so she really couldn't be exposed. A table full of teen aged boys kept glancing their way and they looked like they couldn't decide whether to stare at her tits or look up her skirt. They were probably wondering what color panties she wore, she thought ruefully. Katherine did her best to ignore them, but couldn't help looking their way every time she shifted in the uncomfortable chair and felt the little skirt ride higher.

"Is something the matter?" Tara asked with a smirk.

"No, nothing," Katherine lied. Tara clearly enjoyed her discomfort.

"I know these seats aren't very comfortable. Maybe you'd be more comfortable with your legs crossed."

"It's okay. I'm good." Katherine sipped her soda and her eyes darted to the guys at the other table once again. There were three of them and they were whispering and giggling to each other as they openly ogled her.

"Really, I think you should."

Tara was not asking, Katherine realized, and since her master sent her out with his wife, she assumed she was to follow Tara's instructions as if they were his. She forced herself not to look at the boys as she pushed her chair back and crossed her legs. The skirt rode up her thighs and she felt a cool breeze on her hot pussy. She was still damp from her earlier encounter with her master. If only he had let her come! Katherine was bright red, while Tara looked very pleased with herself. While angry with Tara for making her expose herself like that, she also felt a thrill at flashing those boys. She couldn't quite explain the feeling as she had never been the type to get off on showing off her body. But then she remembered how hot the sex was in the backseat of that car outside of the club—where anyone walking past could see her. The Gardners taught Katherine something new about herself every day she spend with them.

The boys stayed at their table until Katherine and Tara finished lunch and since they'd already seen her charms, Katherine threw caution to the wind stood up without a care about her skirt. Her legs spread, giving anyone who cared a perfect view of her red cunt, she turned her ass to the guys when she bent forward to fix her skirt, figuring they could almost see the bottoms of her cheeks. Tara took her by the arm and said, "Now let's have some real fun and spend Patrick's money."

Tara took her to some of the stores she usually shopped in with friends, like Forever 21 and Charlotte Russe. They had some things Katherine liked, but really she was more of a Gap or Delia's kind of girl. She saw some things she liked, but Tara was selecting the things she would be trying on, as she knew what her husband would like. Katherine couldn't believe the outfits Tara chose for her. The tops were all low cut and revealing and she had to assume her master liked halter necks since that was mostly what Tara selected for her, along with some tube tops and fitted blouses that clung tightly to her chest. Tara also selected several skirts to go with the tops, and of course none of them reached lower than mid-thigh. As she tried on each outfit, Katherine had to parade out and model for Tara, who adjusted some of the outfits and then gave them the thumbs up or thumbs down. Katherine wasn't even comfortable wearing the outfits in the

store for a few moments, so she couldn't imagine wearing the out in public, but Tara purchased the outfits she approved, regardless of Katherine's comfort.

Katherine carried the bags and followed Tara into an upscale department store. The only time she had been there before was shopping for prom dresses with her mother. She couldn't imagine what they would be shopping for there, but Tara led her to a section of evening gowns, explaining, "You will need something appropriate if Patrick wants to take you somewhere nice. It's important for you to look sexy on his arm."

"Is this how you dress when he takes you out?"

"Sometimes. It depends on where we're going. I'm not going to wear something inappropriate to a church function, or one of Patrick's business dinners—unless he needs to really impress a client. I am sure they will find you rather impressive as well."

"Do you really think so? Thanks."

"You are a beautiful young woman, Kitty, and some of their tastes run toward younger women. Now look at this. You would look phenomenal in this."

It was a metallic green cocktail dress with a low-cut halter and came to a couple inches above the knee. It was longer than the skirts Tara had chosen for her, but it also had a slit on the left side that would leave her exposed almost to the ass. It was a very sexy dress, but Katherine couldn't imagine herself in it. She dutifully trailed behind Tara with the dress and a couple others and went on to the nearby lingerie section. Katherine liked frilly, girly things, but she had never bought anything like the underwear Tara picked out for her. She also couldn't believe the prices. Five hundred dollars for a bra and panty set!

Katherine was surprised when Tara followed her right into the changing booth. She waited outside to see the outfits in the other stores. There was no attendant on duty and Tara chose a changing booth at the end of the long hallway, at least three doors down from the nearest occupied booth. Tara sat on the narrow bench while Katherine stripped out of her clothes—which was quick as she was only wearing the little skirt and tight top. There was no self-consciousness at being nude in front of Tara—not anymore. Tara handed her the green cocktail dress first. Katherine scooped her breasts into the top and found that when zipped the dress fit like a second skin. With the halter snapped behind her neck it pulled her breasts

up, not just supporting them, but presenting them. The dress didn't need a bra anyway. She posed in the mirror and felt so sexy and grown up in the dress.

"You look amazing, honey," Tara said, standing behind her and putting her hands on Katherine's hips to turn her this way and that. She slid her hands up to Katherine's breasts, cupping and squeezing them. "Patrick is absolutely going to love you in this."

Katherine froze when her master's wife started groping her. She experienced that weird mix of fear and desire that she'd felt when Tara touched her that first night in the playroom. Letting another woman touch her like that—arouse her—flew in the face of everything she'd been taught was normal. But then, Katherine was already far past normal, wasn't she? Tara massaged her tits and her lips were right by her ear, giving Katherine chills.

"You are so sexy. You'd be the hottest girl in any room you walked into," Tara whispered in her ear.

"Thank you," Katherine whispered shakily. The urge to flee warred inside her with the newly developed desire to submit.

Tara unzipped the side of the dress and pushed a hand inside, cupping Katherine's bare breast. She caught her nipple between her fingers and Katherine barely bit back a moan. She wanted to stop Tara, to move her hand away, but as Tara was her master's wife she felt she had to give Tara free rein. Katherine did not know what he would do if Tara reported back that she was uncooperative. She knew it was only rationalization, but she went with it. Her already wet pussy tightened and she wished her master was there in the changing booth with them. Tara brushed her ponytail aside and unsnapped the halter and peeled it past her breasts. It was unreal to watch Tara's slender hand, with its red manicured nails massaging her tit and teasing her nipple. Katherine closed her eyes so she could concentrate on how good the touch felt and not who was doing it.

"You should try on the other things," Tara said, and softly kissed the side of her neck.

Katherine caught her breath and stripped back down again, suddenly aware of Tara watching her body. Although her back was to the other woman, she was well-aware of Tara watching in the mirror and fought the urge to cover her breasts with her arm. She did not like what she was feeling. Instead, she just quickly slipped into another dress.

Tara kept her hands to herself while Katherine tried on the other dresses which was a relief. She was ready to get dressed when Tara demanded she try on the lingerie too. Katherine slipped on the expensive bra, which was a fiery red balconette with wide set straps that made her breasts look like they were going to burst forth. Katherine loved the way she looked in it and even though the expensive silk felt like a breeze against her skin, she still could not believe it cost so much money. There was barely anything to it! When Tara insisted she try on the matching panties she resisted, mostly because she was so wet, but Tara said it was okay since they would be buying the panties anyway.

In the bra and panty set, Katherine posed in front of the mirror. She felt so sexy—like a model—and couldn't wait for her master to see her in the lingerie. She was going to get changed back into her clothes when Tara turned her with her hands on her sides.

"Do I look sexy enough for our Master?" Katherine asked.

"Too sexy to pass up, Kitty."

Tara kissed Katherine's tanned belly and reached up to massage her tits through the bra. Katherine's stiff nipples were easy to find through the thin silk and Tara lightly pinched and twisted them. Katherine moaned involuntarily. The caress felt too good to resist—even if it was another woman touching her. Master left her so horny earlier that she had little resistance left. Tara was kissing her way lower while pulling the bra straps to the side so Katherine's breasts spilled out. Katherine was melting into a puddle of unbridled lust and did everything she could to forget it was another woman doing this to her, but she couldn't. She was deeply ashamed for giving in so easily and used that to try and fight her growing need.

"Tara, please, I shouldn't be doing this," Katherine pleaded.

"Doesn't it feel good?" Tara asked, kissing her through the panties, which sent tremors through Katherine.

"Mmm, yes, but that's not the point."

"That's exactly the point, Kitty. Stop resisting what you truly want."

Katherine valiantly tried to hold back for a few moments more, but she just couldn't resist. Wrong or not, she wanted it. She wanted so badly for Tara to make her climax. She rolled the panties down her hips and opened her legs for Tara.

"That's more like it, Kitty. Spread yourself for me. God, you smell so good I can't wait to taste you."

Katherine wished she would talk less and just get to it. Tara was kissing her thighs and coming closer and closer to her pussy, but she took her time getting there and Katherine wanted to scream in frustration. She leaned back against the mirror mounted on the wall and its cool surface gave her the chills. Tara leaned forward to follow her and finally dove in, thrusting her tongue deep inside Katherine while sucking. It created a great suction and thrusting. Katherine bit her lip and stared up at the ceiling. Her soft, quiet moans seemed so loud in the little changing booth that Katherine fought hard to stay completely silent. She was good at it at home—when she masturbated while her parents were in the house—but her master unlocked something in her last time he played with her and she couldn't control herself the way she had in the past. Tara moved up to her clit and lashed it with her tongue. Katherine's moans turned to cries and she just couldn't contain herself any longer. Katherine grabbed her own tits and pinched her nipples roughly. The soft lips on her pussy and smooth cheeks against her thighs were so different from a man going down on her and Katherine really loved it. The way Tara went after her clit, both delicately and aggressively, was so different then when her master just took charge of her body. There was a different hunger and desire she felt from Tara than she felt from a man.

Katherine's cries grew louder and louder until she tensed up and squealed as her long overdue climax rocked her. Tara kept lapping at her pussy, slurping away until she was licking Katherine clean. The younger woman was even building to a second orgasm when Tara lifted her face from between Katherine's thighs and licked her sticky lips.

"Now wasn't that good?"

"God, yeah. Thank you, Tara. It was so good."

Tara stood up and kissed Katherine aggressively. Katherine had no choice but to open her lips and accept the kiss. She could taste herself on Tara—something she'd never done before. The taste of pussy was strong, but not unpleasant and Katherine wondered if she would be able to reciprocate when Tara asked. Even if she didn't expect her to at this moment, Katherine was sure at some point her master would order her to please his wife.

Tara was wearing a patterned wrap dress in shades of blue. The dress was sexy, but dignified and just met the tops of Tara's knee-high, spike-heeled black leather boots. Tara untied the knot at her waist and peeled the

dress back to reveal a sheer black bra, which pushed up her big tits, and a matching thong. She pressed her nearly naked body to Katherine while they kissed, and rubbed her cunt against Katherine's. Katherine was shocked by how much she enjoyed kissing Tara and she eagerly molded her body to the older woman's.

Katherine let Tara guide her hands to her tits. She groped the soft, quivering mounds and felt Tara's nipples press into her palms through the sheer bra. She'd never thought about it before, but there was something sensual about the curve of a woman's breast. She felt the smooth metal of the barbell through Tara's nipple and gave it a gentle tug, remembering how her master played with his wife's piercings.

"Yess, Kitty, pull it harder. I like it to hurt."

Katherine did not quite understand that, even though she did love being spanked. She just couldn't imagine that sharp pain in her sensitive nipples. Those clamps her master put on her were almost too much for her. She pulled on Tara's barbell and the blond whimpered, "Yesss, Kitty. Harder!" Katherine did as she was told and bit the side of Tara's neck, just the way she liked it herself. Tara dug nails into Katherine's arm and grabbed her other hand.

Tara pressed Katherine's hand between her legs and then pulled her panties out of the way. Katherine's fingers slipped all over Tara's wet pussy before she could slip her fingers inside. Three fingers were a tight fit, but Tara was so soaked that they slid in and out of her easily. Katherine fingered the blonde because she wasn't sure of what else she should do. Fortunately, that seemed to be just what Tara wanted. She slammed her pussy up and down on Katherine's outstretched fingers with a sucking sound and cries that were far too loud for such a public place. Katherine was bright red and afraid they were going to get caught. While she was excited by the risk when Tara played with her, Katherine was mortified by the idea when she was seemingly the aggressor.

"Oh fuck Kitty!" Tara cried, clenching tightly around Katherine's fingers. Tara clung to Katherine as if she would fall over if she didn't and rode out her strong orgasm.

"Is everything all right?" It was a saleswoman knocking on the door to the changing booth.

"Yes, it's all fine. My sister and I are just trying on some outfits," Tara said, out of breath.

"Well, just let me know if you need any help. I'll be just outside," was the saleswoman's suspicious reply.

"Oh my God. How are we going to walk out of here?" Katherine asked.

"With our heads held high. We're not going to let some little sales twit intimidate us, are we?"

"I guess not."

"No, we're not. Not with the kind of money we're spending here today. Let's get dressed and get out of here."

Katherine did not look up from the floor once, even as the saleswoman followed them to the register and rung them up, but could still feel judgmental eyes burning into her. The saleswoman had a bad attitude, but Tara put her in her place, speaking with a cool aristocratic air and demanding the woman handle their expensive purchases with care. Seeing the woman put in her place made Katherine feel much better and both women were laughing as they made their way back to the car. Katherine barely thought about how the men they passed on the way stared at her bouncing tits. Being braless and pantyless in public didn't seem like such a big deal anymore.

"Sisters, really?" Katherine asked.

"Are you saying I'm too old?" Tara shot back with mock offense.

"No, it's just we look nothing alike."

"Different fathers!"

A quick trip to the tailor ended their eventful afternoon and Tara dropped Katherine off at home. Katherine ran upstairs before her mother could come out of the kitchen and see how she was dressed. She was disappointed she would not be seeing their master again that day, but Tara promised their master would be in touch soon.

Patrick watched Kitty's sweet little ass as she hiked up the trail ahead of him. Tara was right beside the girl and he thought they made an interesting contrast. He was never one of those men who had a particular type. He appreciated all sorts of women. It was foolish, in his opinion, to limit oneself when there were so many tasty options out there. Kitty and his wife—his two current submissives—were just two examples of women he enjoyed.

Kitty had been under his control for just over a month now and her training was coming along nicely. She had been willful at first, but he knew one that first night in the playroom that she would be his. Most women would have gone running from the room when he stated what he expected of her—damn the consequences—but she just hung in there and took her punishment. That wasn't entirely accurate. Kitty did not just take her punishment. She enjoyed it. Tara thought they might be courting trouble, but as always she deferred to his judgment. He loved his wife, but his decisions on these sorts of matters were final.

They reached the trailhead and paused for water before continuing on. The view down into the gorge was beautiful. The river that wound through it was narrow and glistening at the bottom. In years past, the river had flowed mightily, but a lack of rain had reduced it to little more than a glorified stream. Patrick reflected on how the passage of time rarely made things better. He felt he was a perfect example. Patrick kept in prime condition, but now that he was in his 40s it required much more work than it had a decade ago.

He sipped from his canteen and then held it out for Kitty. She tilted her head back and drank greedily at the water he allowed her. It was important to maintain control, even in these little moments. Patrick intentionally fed her too much and the still cool liquid ran down her chin and soaked the front of her tight, ribbed tank top. The backpack pulling on her shoulders thrust her braless tits outward. The damp materiel clung to her stiffening nipples and he could not help himself. He stroked a thumb over her nipple and smiled when he was rewarded with a shutter from his young

slave. She glanced back down the trail to make sure no one was becoming up behind them to see how he so casually touched her. Kitty had come a long way, but she had not completely lost her self-consciousness. If she did see some hikers would she have been foolish enough to push his hand away? He almost hoped they would find out so he would have the pleasure of punishing her right there in the open.

“Thank you, sir,” Kitty said sweetly, after her drink.

“May I have a drink, Master?” Tara asked. She knew better than to just take a drink.

“Of course, darling pet,” he replied.

Patrick did not tip the water down the front of her shirt, but simply allowed her to drink. She wore a loose chambray blouse, which was left unbuttoned practically to her navel to expose the sheer, lacy pink bra beneath. She wore tight hiking shorts, while Kitty was clad in cut-off shorts that only barely covered her ass. He was pleased by her obedience when he told Kitty how she was expected to dress for this outing. He knew she enjoyed dressing to please him. The only way in which his women matched today in their clothing was that they both wore their leather collars with the ring in the front.

“Thank you, sir,” Tara said after refreshment. Patrick took the canteen from her plump red lips and replaced it with his mouth. Her blond hair was pulled back into a tight ponytail—like Kitty’s—and she gasped when he yanked on her hair to hold her in place while he thrust his tongue into her mouth. It was important to show Kitty that his wife was not being cast aside in her favor. His new pet was a supplement to Tara—not a replacement.

“Turn,” he instructed the younger woman.

Kitty turned her back to him and he unzipped the backpack. Patrick did not carry any gear himself. Both slaves were equipped with backpacks containing everything they would need for their outing. Tara had packed them, and Kitty had no idea what her load contained. He took two long, chrome chain leashes from the backpack and zipped it again. Kitty’s eyes went wide when she saw them. Did she plan on protesting? The girl wasn’t yet used to being paraded around in public, as his wife was. Patrick enjoyed the tales of the shopping trip Tara shared with him. He wished he’d been there to see how ill at ease Kitty had been on display around the mall. But that had just been her going out dressed like a slut. There was no obvious sign she was being controlled or instructed. The meaning of being on a

leash out here would be obvious to anyone they ran into. And Patrick planned on his pets being seen.

Tara was clipped to her leash first. He wanted Kitty to squirm. When he turned to her she looked like she wanted to back away, but she stayed in place. He enjoyed seeing the reticence in her eyes and watching her overcome it.

“Are you all right, Kitty?”

“I’m afraid someone is going to see us, sir,” she said softly. She was afraid of disappointing him.

“So what if someone does? Are you not proud to belong to me?”

“Of course, sir. But what will they think? I don’t want...”

“You don’t want what, Kitty? You don’t want them knowing that you’re mine? You don’t want them knowing that you’re an obedient little whore for your master?”

“I am, sir. But...”

“I suggest you stop there before I make you continue hiking topless,” he said sternly.

Patrick briefly considered doing it anyway. He would have loved to watch the pretty girl walking through the woods with no shirt. Her tits really were beautiful. They should be seen. But he was merciful. He held the leather loop at the end of both chains and tugged the women behind him.

The trio left the main trail, following what looked to be a narrow game trail that led deeper into the woods. Patrick knew his way around these parts very well. He’d been bringing Tara here for years. One of his greatest pleasures was taking his pet out where others could see how well behaved she was. He enjoyed dressing her in sexy little outfits and going out to clubs or restaurants—always far enough away that no one they knew would see them—but he really enjoyed showing her off in ways he couldn’t do in just any public place. These woods were a place where he could take his pet out for an exhibition. He’d found out about this spot after doing some research on the internet.

The clearing was about twenty minutes off the main trail and featured a sunken hot spring bordered by a tumble of boulders. It was a spot where voyeurs knew couples who wanted to be watched would come and fool around. There was no guarantee of an audience, but Patrick had never been disappointed. He hoped his audience appreciated that he and Tara were not

just any couple out to fuck while others watched, but really put on a performance.

Patrick led the way, careful on the treacherous path and then assisting the women down after him. A small sandy patch—it was too little to be considered a beach—led into a deep spring. He took up the leashes and walked to the water's edge. He didn't see anyone in the rocks and trees above, but that didn't mean they weren't there. The voyeurs often only grew bold enough to come closer once the fun started.

"Leave your packs," he ordered. The women replied and he saw that Kitty was confused. Today was a big test for her. It was one thing to behave in the privacy of the playroom or the bedroom, but it was quite another for her to submit out here where there was a risk of being seen. He planned to bring Kitty to the club in a few weeks and wanted to be sure his new pet was ready to be displayed and behave properly. He pulled the women closer by their leashes.

"How may we please you, Master?" Tara asked. She touched his chest and pressed against his side like a cat in heat. Kitty followed suit, but it was clearly a struggle for her. She kept looking to the woods like she expected someone to jump out at any second. She clearly wanted to obey, but was not yet at the point where she could do it instinctively. He would fix that.

"Pleasure me, my pets," he said.

Tara purred and flicked at the buttons on his shirt as she kissed his neck. Kitty kissed the other side of his neck and started working his buttons from the bottom. Tara pushed his shirt open and flicked her tongue around his nipple. Patrick turned and kissed Kitty. She returned the kiss eagerly and as she closed her eyes he felt her relax. There was a blindfold in her backpack. Perhaps he should take it out. He palmed her ass and gave it a squeeze. He would have pushed his hand inside her cut-offs, but they were way too tight for him to even squeeze a finger inside. He'd just have to take them off when he wanted to enjoy her.

Patrick felt his wife unfastening his belt and his hiking shorts fell down around his ankles. She pulled his boxer-briefs down as well and his prick—already rock hard—sprung free. He gave a tug on Kitty's leash and she reluctantly broke the kiss to go to her knees beside Tara in the rocky sand. She sat back passively on her heels and Tara took his cock and rubbed it against Kitty's face. The girl opened her mouth to try and capture her treat, but Tara continued to tease her. His wife knew what he liked and he

very much enjoyed looking down and seeing his cock between their two beautiful faces. Tara looked up and gave a quick wink. She enjoyed teasing Kitty as much as he did. Tara finally pressed the fat, dripping head to Kitty's lips and she greedily swallowed it.

"Master likes to have fun with us, Kitty," Tara instructed. "It's not about just shoving it in your mouth and sucking."

Patrick had not done much in the way of instructing Kitty on properly administering oral, he had to admit. He was usually so horny from teasing her that he just wanted to fuck her pretty young face and come. If he delayed his gratification much more he might not be able to stop himself from fucking her, and it was not time for that yet. Kitty had not earned it yet.

Tara pushed a stray hair back from Kitty's face and said, "Kiss it. Lick it, darling. Show our master how you adore his cock."

Kitty watched his face for a reaction as she stuck her tongue out and swirled it around the head of his cock. He patted her hair as he would to any good pet to show his. Tara joined in, showing Kitty how to cover his shaft with broad swipes of her tongue. Kitty followed her example. She was eager to learn. The two women licking his cock like a candy cane felt wonderful. Kitty kissed up and down his length while Tara sucked on his shaved balls. Once his wife moved aside, Kitty went down and sucked his balls without hesitation. The girl was no virgin, but he somehow doubted she'd ever had a mouthful of balls before. She sucked a bit too hard and he pulled back on her ponytail to correct her.

"Careful, pet. Don't hurt me."

"Sorry, sir. I didn't mean to," Kitty said, slurping at his balls.

Tara sucked his cock deep into her mouth while Kitty licked and kissed his balls and then the girls switched places. Patrick liked the contrast. Tara had skill and finesse, Kitty was all enthusiasm. Kitty sucked him hard, like it was her mission in life to make him come. Tara understood that it was about the pleasure of getting there for her master. Kitty was thinking about the reward of a mouthful of her master's cum. And if he didn't slow her down, she would have that reward sooner than he wished.

"I feel a little underdressed, pets. Tara, do something about that."

Tara rose to her feet and pulled Kitty up by her leash. Patrick had not included his wife much in the girl's training so far, but Tara said that Kitty naturally followed her instructions on their shopping trip as if they were his.

“Undress me, Kitty,” Tara instructed.

Patrick only caught Kitty’s hesitation because of his experienced eye, but it was there. She was going to have to learn to follow orders and not think of her own discomfort. She pulled Tara’s blouse from those tight hiking shorts and undid the only two buttons that were fastened. The shirt slipped from his wife’s shoulders and he admired her full, perfect tits, presented by the lacy pink bra. Tara had kept in phenomenal shape, knowing it was important to her master. When Kitty reached around to unclasp Tara’s bra, the older woman stepped closer so they were touching, and kissed Kitty. Kitty’s eyes fluttered closed and she returned the kiss passionately. Patrick knew Kitty had no experience with other women—besides her limited contact with Tara—but it appeared that she’d learned how enjoyable to the touch of another woman could be. It was time for her to learn how to fully reciprocate.

The pink bra joined Tara’s blouse on the sand and Kitty unsnapped the tight hiking shorts. Tara had to wiggle her hips for Kitty to pull them down and then she awkwardly stepped out of them without removing her hiking boots. There were no panties to remove. Kitty looked like she wasn’t sure what to do now that Tara was nude.

“And now you’re overdressed, dear,” Tara said.

Tara did not ask permission, but just pulled Kitty’s tank top over her head and over the leash and cast it aside. She couldn’t help herself and palmed Kitty’s exposed pert tits, rolling the dark nipples until the girl gasped and pressed forward into Tara’s hands. Patrick’s cock did not flag from lack of attention. Watching his women together kept him rock hard. He had always loved watching his wife seduce younger women. Usually passive, Tara seemed to relish taking on the role of aggressor. Tara made short work of Kitty’s cut-offs and Patrick thought the two women looked adorable naked in their hiking boots. He wished his had his phone at hand to take a picture.

The women’s bodies molded together when they kissed again and Tara pressed her fingers between Kitty’s thighs. Kitty squirmed and had trouble standing while Tara played with her pussy. Patrick moved closer, his arms going around both girls. He palmed their asses and slid his fingers lower. Tara’s fingers retreated for her master’s and both women moaned into their shared kiss when he touched them. They were both damp between their legs already; under his ministrations they quickly became soaked. He

pressed two fingers pressed inside each of them. Kitty broke the kiss first, hanging her head as she cried out, gasping for air. Tara was quieter, but pushed herself down onto her master's fingers.

"Thank you, Master. That feels so good," Tara cooed.

"Ohhhh God, ohhh..." Kitty moaned. She trembled and he could tell she was close to coming, so he eased back, just a little bit.

Tara pulled Kitty's mouth down to her breasts and the girl attached to her immediately. Kitty licked and kissed before sucking and drawing out Tara's nipple. Tara cried out, loudly enough for anyone in the woods to hear. Patrick glanced around and saw a couple of faces on the edge of the woods. Their audience was being drawn in. They probably couldn't believe their luck. The usual show probably consisted of some exhibitionist couple jumping in the water for a quick fuck. He and his pets were putting on a real, live sex show. Patrick beamed with pride.

Patrick knew his wife's body and he knew she was going to orgasm. Kitty was loudly sucking at Tara's tits—between her own moans—and he drove his fingers up deep into Tara. He wanted to show Kitty that she was not his wife's equal, so he allowed Tara to climax, while keeping it out of reach for Kitty. Tara wailed and stiffened, her body locking down while gripped in the pleasure storm. Kitty tried to pull back, but Tara locked her fingers in the girl's hair and forced her to keep sucking and licking her tits. Tara slumped against Kitty as she came down from her climax. Patrick took his sticky fingers from Tara's cunt and presented them to Kitty.

"Clean them, pet," he ordered when Kitty just stared at his hand. He pulled his other hand from her pussy and she whimpered in disappointment. He wound his fingers in her hair, pushing her forward.

Kitty gagged at first when Patrick forced his fingers into her mouth, but then she started sucking and her tongue slithered around the digits. He slowly pumped those fingers into her mouth, like he was fucking it and once she had them nice and clean he made her suck his other fingers clean too. He wondered how Kitty felt about her first taste of Tara's pussy.

"Let's take a dip. It's hot out here," he said.

They shed their remaining articles of clothing and Patrick went first, leading his pets by their leashes into the water. It was like a warm bath and he would have liked it cooler on such a warm day, but it was still refreshing. Kitty paused, having trouble with her footing on the rocks lining the bottom, and he yanked her forward by the leash. She almost stumbled face

first into the water, but Tara kept her upright. The spring was about the size of a large hot tub, sloping to a depth that hit Patrick mid-chest. The back side appeared to be a loose wall formed by boulders, but the stones were too large to move easily. He leaned back against that wall and drew his pets to rest on either side of him.

"It's so pretty out here, sir. How did you find out about this place?" Kitty asked.

"It's a popular spot for people who like to be watched. I read about it on a message board a few years ago," he answered.

"Watched?" Kitty asked.

"Yes, dear. Look around, we have friends." Tara smiled.

The voyeurs had come out of the woods and were perched on the rocks surrounding them, less than twenty feet away. There were five men and one older couple, who touched each other while they watched. Kitty started and sank into the spring. Patrick shook his head and ordered her back up. She did not listen and he grabbed her leash right at the collar and dragged her up so the water just lapped at the underside of her tits.

"But Master..." Kitty complained.

"Tara, go get the cuffs," he ordered. His wife obediently scampered out of the water, returning with a set of steel handcuffs.

"Stand."

Kitty did not move. He thought they were past this kind of behavior. He stood and pulled the leash until she was on her feet. He pulled Kitty further out until the water hit her mid-thigh. She instinctively tried to cover herself, but Tara grabbed her arms and snapped the handcuffs tightly on her wrists behind her back.

"Please, sir. You don't have to do that," Kitty begged. Her eyes kept darting around to the people watching. One of the men had his dick out and was stroking it.

Whack!

Patrick spanked her hard and Kitty cried out. "You'd better start listening unless you really want to be humiliated in front of these people," he warned.

"But they're watching, Master." She had to force that last word out. This was why he brought her out here. Patrick had to be sure she would perform in front of others before he took her to the club.

Whack!

Whack!

Kitty tried to wriggle away, but he kept a tight hold on her leash. “That’s the point, Kitty. I want them to see what a good pet you are. You need to perform anywhere I demand it no matter who is there. Are you worried someone might recognize you?”

She nodded.

Patrick laughed coldly. “You just don’t understand. These people get off on watching people fuck. They want to remain anonymous just as much as you do. They are going to watch your tasty young body, probably jerk off, and then go home and think about you when they jerk off again. But no one out here is going to say anything, even if on some wild chance someone did recognize you. You have a beautiful body, Kitty. It was built for pleasure, and I want these people to experience that.” She did not speak when he finished, so Patrick spanked her again. Her cheeks were turning bright red.

“Yes, Master. I’m sorry, sir,” she mumbled.

“Louder, pet.”

“I’m sorry, Master,” Kitty replied in a loud, clear voice. “I promise I’ll be good, sir.”

“That’s what I wanted to hear.” He kissed her cheek.

Kitty started when he pushed his hand between her legs from behind. He did not want to obstruct anyone’s view of his pet. She needed to be on full display. He noted that her fear didn’t appear to slake her desire at all. Kitty was still soaked and his fingers slid right inside her again. She closed her eyes—probably the better to ignore the people watching—and he allowed it. She pushed back at his fingers and he brought her right to the edge of orgasm before he pulled his hand away. She whined dramatically at being denied her climax once again. He was not going to let her come until she’d made everyone else come first.

Patrick led her back to the deeper end of the spring and held her shoulder to steady her with the uneven footing. It wasn’t like she could catch herself if she slipped with her hands cuffed behind her back. Tara waited for them there, and he gave his wife a long, lingering kiss while holding his pet’s leash. He whispered to her to sit up on the edge of the spring and then pulled Kitty further forward.

“Tara has been very generous, not just graciously sharing her master, but also in making you come several times.”

“Thank you, Tara,” Kitty said respectfully, with her eyes downcast.

“It’s time for you to return the favor, Kitty. Did you like tasting Tara’s pussy?”

“I...”

“It doesn’t really matter, I suppose. You’re going to do it anyway. Make Tara come. Now,” Patrick ordered.

Patrick pulled the leash, bending Kitty forward between Tara’s spread legs. Tara’s smoothly shaved cunt looked beautiful in the sunlight and he hoped Kitty could appreciate how lucky she was. He swept her hair aside so he could watch Kitty kissing the slick mound. Tara spread her lips apart so that the pet could do a proper job of pleasing her. Kitty was slow and careful at first, softly kissing all around Tara’s lips, with tentative flicks of her tongue, but she got more into her task and began trailing her tongue up and down the Tara’s cleft. Tara nudged Kitty closer with her other hand and Patrick’s view was limited, but he knew Kitty was getting in there and really kissing Tara’s pussy. He heard the soft slurping of her kisses and Tara began to wriggle and moan.

“That’s it, Kitty, lick my clit like a good girl! Lick me right there!” Tara gasped. She locked eyes with her husband and smiled. She very much approved of his new pet.

Kitty looked so delectable bent forward to please his wife that Patrick could barely resist playing with her. Her ass in the air was so inviting, but this was not the day he would be fucking her. He could have at least played with her pussy, but he wanted his pet focused on her task. Kitty seemed to have forgotten there was anyone around and was doing her best to make Tara come. Patrick glanced up and saw the voyeurs had come closer—about ten feet away—but they kept back so as not to interrupt the action.

“Fuck, Kitty, that’s it! Do it! Make me come you little bitch!” Tara cried to the wildness. Patrick loved seeing the aggression come out in his wife.

Tara lost the ability to form words and he knew she was coming. She bucked her hips at Kitty’s hungry mouth and Patrick was pleased that the girl was finally eating pussy with the same enthusiasm with which she sucked his cock. Which reminded him...

Patrick eased up onto the side of the spring and pulled Kitty to his erect cock. He desperately needed to come. He ached for his pet. She gobbled his prick up in a heartbeat and sucked it fast and hard. Kitty sucked

him like it was her favorite thing in the world. Tara hopped off the rock and moved behind Kitty, dipping her hand behind the girl. Kitty moaned into his cock. Tara's arm moved vigorously. She was driving Kitty to the orgasm she'd worked so hard for.

Kitty gagged as she came and pulled away, crying, "Oh God! Ohhh..."

Patrick came in the same moment and his hot cum splattered onto Kitty's pretty face. He aimed for her open mouth, but he shot across her cheek and into her hair. He loved painting his pet's face almost as much as he liked coming down her throat.

Tara pulled Kitty back into an embrace and the women kissed, smearing his load across both their faces. If they didn't stop, he was going to get hard all over again, and then he might not be able to resist fucking Kitty. He saw that at least a couple members of their audience had come as well, splattering their seed onto the rocks. The couple had retreated, no doubt to find a soft spot where they could fuck themselves.

Patrick was pleased by Kitty's performance today. Another couple weeks and he'd have any hesitation worked out of her. Then she would be ready for a trip to the club—and her final reward.

Katherine waited nervously in the Gardners' bedroom. She was nude, but for the slim leather collar and a pair of black patent spiked heels. Her legs were slightly apart and her hands were at her sides. Tara was out of the house, as were the kids, and Master was in the bathroom, taking a shower. She had been instructed to stand perfectly still until given further instruction and while it hurt to stand so still in the heels, Katherine did as she was told. It did not matter that he could not see her from the other room. Katherine obeyed because she wanted to obey.

The central air chilled Katherine and her nipples stiffly pointed slightly upward from the tips of her perfect breasts. She wanted to tease them, or better yet, touch between her legs, but she kept her hands at her sides, as she was instructed. Just standing there at her master's command was such a huge turn on. She knew that if she behaved her reward would be far better than any instant gratification she gave herself now.

The shower turned off and after a few moments he came into the room toweling himself off. Looking at his body made Katherine's pussy tighten, but it wasn't that he was an Adonis. No, it was his power. She could feel it even from across the room and couldn't understand why she'd never noticed before he showed her.

"Make sure I am dry, Kitty," he ordered.

Katherine took the towel and vigorously scrubbed him dry, moving around his nude body and going down on one knee to dry his legs and between his thighs. He was already semi-hard and she couldn't help herself but to stroke him while she was down there. His cock was so close, it would be so easy to just kiss it, but she knew she could not do that with permission.

"May I?" she asked, looking up with hopeful eyes. She didn't know how to read him yet and his answer could have gone either way, but he smiled down at her and nodded.

Katherine lovingly kissed the head and licked him like a lollipop, so proud as he fully hardened. She took him deep in her mouth, sucking him to the back of her throat. She'd gotten good at that. His cock throbbed in her

mouth, which made Katherine throb down below and she hoped if she did a good job he would touch her there. God, but she wanted that more than anything. She loudly and greedily sucked him until he pushed her away. Katherine was disappointed that he did not come.

He briefly went into the playroom and came out with a rubbery vibrator, which looked like a very realistic eight inch cock. "Lie on the bed and play with yourself while I get ready, but do not come. I want you nice and sexed up for tonight."

"Yes, sir."

Katherine lay in the middle of the big bed and switched the toy on low. She'd learned to love sex toys—another big change in her life. Before the Gardners, Katherine thought it was obscene to stick something fake inside yourself. The toy was so thick that she could barely get her hand around it and she teased herself with the blunt head, using it to spread her lips and tease her clit. Katherine gasped and moved it back toward her opening again. She was so horny it was going to be a challenge to avoid getting off when the toy felt so good. She had not had an orgasm in four days—by Master's order. Katherine moaned and closed her eyes because seeing her master watch was almost more than she could take. Her pussy was dripping wet and her clit ached for attention. Touching the toy to it again she quivered and nearly came, but pulled the toy away. She had to keep going, but she knew if she did she would not be able to avoid coming.

He walked over in dress pants and an unbuttoned shirt and placed his hand over hers on the toy. "If you keep touching your clit like that, you're never going to keep control, silly girl," he told her. Master angled the toy up and then, without warning, shoved it deep into her cunt. Katherine cried out and stiffened. The toy was so thick she was afraid it would hurt inside her, but she was so slick it went in with hardly any resistance. There was discomfort, but when her master moved it in and out of her she adjusted, and the way it opened her up felt amazing. The vibrations touched every nook and cranny inside her and Katherine's mouth was open in a wide "Oh!" She moved her hips and when he took his hand away she kept thrusting the toy in and out on her own. Her pussy squished loudly with every stroke and it felt like it was going to turn her inside out, but Katherine kept that wonderful toy steadily moving.

Her master laughed and shook his head. "You be careful not to become addicted to that thing," he warned and went back to getting dressed.

Katherine could see how one could easily become addicted—especially given that Master denied her the ultimate pleasure. Although he'd been training her for over two months now, Master still denied her his cock, leaving her to get off any way she could—with permission, of course. She had been called to her master two or three times a week and he played with her either in the bedroom or in the playroom. His wife usually was not there, which left Katherine with mixed feelings. She loved having Master's attention all to herself, but she didn't want Tara to feel like she was trying to replace her. Master seemed to have no such concerns. He showed Katherine how many of the toys in the playroom worked and she gradually learned what all of the ropes and pulleys were for. Master had given her more orgasms than she could count, but he still always finished by coming in her mouth or on her. He would not give Katherine his cock no matter how much she begged. But she was hoping tonight was finally the night. Master and Tara had made it clear tonight was special.

In the time it took her master to get ready—Katherine thought he was taking it slow deliberately—she easily could have climaxed four or five times and it was excruciating to keep herself on the edge, but she did it. She had become very skilled at giving and denying herself pleasure. When he took the toy away from her she was a sweaty, shaky mess—with a red, swollen pussy.

"You have twenty minutes to get ready. You will find your dress and make up in the bathroom. Do not make me wait, Kitty."

"Yes, sir," she answered, rising on shaky legs.

The green cocktail dress was waiting for her—with no undergarments. That was not the surprise it would have once been. Master allowed her to wear a bra when she was going to be at home or around her friends, but she was always pantyless now and she never wore a bra to come see him anymore. She didn't know where they were going, but wherever it was Master didn't care if she ended up flashing her pussy in the tiny dress. She squeezed into the cocktail dress and then did her hair and make-up, hoping it would please Master. Katherine thought she looked slutty with the bright red lipstick, but that was probably what her master wanted.

Katherine found Master in the living room, sipping from a scotch. She glowed when his eyes devoured her, but instead of complimenting her, he scolded.

"You are late, Kitty. Bend over and put your hands on the coffee table."

Dutifully, she did as ordered and the four-inch heels that had accompanied the outfit made her bend deeply forward making her tits nearly spill out of the revealing dress. It put her ass high in the air and when he pushed her dress up it fell over her hips, leaving her totally exposed. He told her to count to five and swatted her ass hard.

"One!" she gasped.

Swat!

"Two!"

Swat!

"Three!"

Swat!

"Oh! Four!"

SWAT!

"Ow! Five!" she cried.

That last one was so hard her eyes watered, but it also literally made her cunt drip. A warm, sticky drop ran down the back of her thigh until her master scooped it up with his finger.

"You had better be careful tonight, Kitty, or you are going to be very embarrassed."

Did he really want her to humiliate herself like that? Katherine wondered. She flushed all over realizing that yes, he probably did.

Katherine was ashamed when he warned her not to "stain the seat" when he held the car door for her. She entered the car in the garage so the neighbors would not see. He still had not said where they were going and after about a half hour she had no idea where they were. Katherine did not get into the city often and was not familiar with the different neighborhoods. She thought they would be going to a restaurant where he could show off and possibly embarrass her, but they were in a warehouse district. Katherine began to wonder if he was just going to pull over onto some dark corner and fuck her in the car like a common whore. The fantasy excited her, even though she did not want her first time with Master to be a quickie in a car. Or maybe he was going to put her out of the car in some strange area. It was a chilling thought because any man would just assume she was a hooker in such a desolate spot in that dress. Katherine knew her body belonged to him and that if he wanted to share her she could hardly

resist. He never said that he would, but Master made it clear that she was his possession and he could share her if he chose. It disturbed her, but when he asked if she understood, Katherine had replied, "Yes, sir." Still she fervently hoped the next cock she felt inside her would be her master's.

Instead of any of those dark scenarios, he drove them inside an aluminum garage door, which he opened with a remote. It was a large, nondescript building and Katherine couldn't imagine what they were doing there. The ground floor turned out to be a garage and attendants opened both car doors. It was a Hispanic male in his early twenties on her side and he opened ogled her as she struggled to keep herself covered. It was fruitless and she knew he got a nice look at her pussy when she swung her legs out of the car. Katherine decided it did not matter since that was obviously what her master wanted. She threw an extra wiggle into her ass as she walked away from the boy.

Master took her arm in his and led her into a carpeted elevator with mirrored walls. She could see every angle in the mirrors and thought about how amazing it would be if her master took her in the elevator, but he kept his hands to himself.

"It is very important you obey every command when we step off this elevator," he warned. "These people are my contemporaries and if you make me look foolish in front of them you will pay dearly. Trust me." To reinforce his order he swatted her ass through the dress.

"Of course, Master. I will do anything you ask."

"I know you will, Kitty. I would not have brought you here if I did not believe you were ready."

The elevator doors opened onto what appeared to be an upscale cocktail lounge. Thick pile, crimson carpet covered the floor and small tables were scattered throughout the room, with plenty of space in between for small groups to gather and converse. All of the men and women, there were probably two dozen couples, were smartly dressed and it was not lost on her that many of the other women she saw appeared to be considerably younger than their companions, though that was not the rule. There were also several women who looked like they were probably their companion's wives, but the one thing that all the women had in common is that they were all sexy in their own way, dressed to the nines and each wore a collar similar to Katherine's. She touched hers as it dawned on her that this wasn't just any private club. All of the women there were submissives and

belonged to their men the way she belonged to Patrick Gardner. Did these men have multiple women as he did? Katherine thought he must usually bring Tara and realized she had big shoes to fill.

Her master exchanged pleasantries with several other couples on the way to the bar and one thing Katherine noticed about all the women was their deference to the men they were with. The women did not make eye contact but thanked Master politely if he complimented them—as he did with one woman whose tits were exposed to the nipples. When he told her how ripe her breasts looked, she said: "Thank you," and even curtsied. At the bar Katherine accepted a flute of champagne from her master, while he sipped from a tumbler of scotch on the rocks.

"Patrick, old boy, how have you been?"

"Just fine, Theodore, just fine. Yourself?"

"Excellent. We've been in the islands, which let my little plaything here work on her all over tan, as well as her sucking skills."

Theodore spoke with an upper crust English accent and had at least ten years on her master. His cheeks were flushed with cracked veins and Katherine was fairly certain his lush head of hair came off at night. He was thick, but not obviously fat and his dark suit looked custom tailored. His companion, on the other hand, was almost his complete opposite. She looked to be in her late twenties and hardly an inch over five feet. Long blonde hair cascaded down her back to her waist and her big, bright blue eyes were captivating. She looked like she would have been the captain of the cheer-leading squad in high school and could have been a wholesome farm girl, except for her huge, obviously fake tits and the fact that her thin gown hardly covered anything. The lack of lines told Katherine that like herself, the woman was nude under the dress and her nipples poked through the stretchy fabric like bullets. Katherine couldn't help but wonder what she had been like before meeting her master.

"Were you a good little cocksucker, Janice?" Katherine's master asked, staring at her collagen infused lips.

The blonde licked those lips and answered, "Oh, yes! I could hardly keep up with my master's desires." Katherine couldn't imagine old Theodore having that kind of stamina, especially with such a beautiful young woman.

"The poor dear must have a sore jaw. I say, she handled more black snakes down there than St. Patrick chased out of Ireland. She's got quite a

talent. Needless to say, our service was excellent, what? Feel free to sample her later if you wish, Patrick. She'll be in the viewing room."

"I just might take you up on that."

Katherine blanched, wondering if her master would expect such behavior from her some day. Did he pass Tara around like some kind of party favor, she wondered. She couldn't imagine him being so cavalier with his wife, the mother of his children, but she really didn't know. *Maybe that's what I'm for*, Katherine thought. There was so much she still didn't know about this lifestyle. Maybe he was more protective of his wife and that's why he wanted her, to share around. Katherine didn't know if she could do such a thing, even for her master. Yes, she'd agreed in abstract, but the sudden realization that she might actually have to get on her knees and suck off someone like Theodore made her dizzy. Katherine would rather take her punishment. But did she really know what she would do? She never thought she would have willingly done half the things she had done for her master.

"I doubt you'll have time with this lovely. Who is she, chap?"

"Her name is Kitty. She was working for us and I could just see her potential."

"Yes, I can see it too. This one is quite willing, isn't she?" Theodore held her chin with a hot hand and turned her head from side to side to examine her. She felt like a piece of meat, but kept her silence. It was all about her master, she reminded herself. "Is she even legal?" He did not seem to care if she wasn't.

"Yes, but only by a couple years. She is still early in her training, but she's come along nicely. Kitty, take down the top of your dress."

Katherine stood there dumbly, like she hadn't heard Master's order. Being topless in a room full of people was unfathomable. Her dress may have been tiny, but at least it covered the important parts. She recalled the day of the hike and how she'd been exposed to those perverts watching from the woods. It made her feel dirty in a way that none of this other activity seemed to. But feeling dirty had also felt so hot. It was the hottest thing ever. But she didn't have the nerve to do it without being forced.

"Kitty," Master said sternly. The warning tone in his voice was clear.

"No reason to be shy, dear. We're all friends," Theodore said. His leering was like a physical weight on Katherine. He wanted nothing more than to see her tits. She did not want this dirty old man looking at her that way. "Janice, show Kitty how it's done."

The blonde slave did not have a dress like Katherine's that could be partially removed to expose just part of her body, so she peeled the white gown from her body and stepped out of it, smiling like she was proud to be on display. Katherine had guessed right—Janice wore nothing under the skintight dress. She also did not have a single hair on her body. The globes of her breasts gave way to the flat plain of her stomach and the pretty, smooth V of her sex. Katherine couldn't help herself—she stared at the beautiful blonde.

"See, dear, there's nothing to be afraid of. We all just want to bask in your beauty," Theodore said.

Master gave her a hard smack on the ass, just enough to let her know no further delay would be tolerated. Katherine snapped out of her fog and reached back to unhook the halter behind her neck.

"Perhaps she just needs a little assistance. Do you mind, Patrick?" Theodore asked, gesturing to his own slave.

Patrick smiled. "That's an excellent idea."

"Janice," Theodore said.

The blonde moved behind Katherine, who jumped when she felt the slender fingers touch her. Janice's nails trailed along her shoulders, giving Katherine chills—the good kind. Those big, fake tits pressed into Katherine's bare back when the girl opened the hooks at the back of her neck. Janice drew the fabric down over Katherine's breasts, like she was unveiling the girl.

The audience had grown beyond just their masters. Several other men had come over, a couple trailing pretty women on the ends of leashes. It was obvious there was going to be some kind of show. Katherine closed her eyes and tried to pretend no one was there. It had been weird enough when Tara first touched her, and Katherine had had time to get used to her master's wife. Now she was letting a complete stranger touch her intimately, and do it in front of a bunch of strange men. Katherine had come a long way in a short time. Instead of covering up and running away she stood her ground and hoped Master was proud of her bravery.

Janice brushed fingertips over Katherine's nipples as the dress dropped to her waist. She cupped Katherine's tits, plucking at them with her fingernails. Katherine gasped, unable to resist the sudden rush of pleasure. She had to admit it—she really liked the way other women touched her. No one could ever pleasure her like Master, but she really liked when another

woman touched her. She pressed backward, rubbing her bare skin against Janice's own hard nipples.

Katherine's eyes fluttered open. Half a dozen men were gathered closely, eagerly anticipating what was going to happen next. As she realized they were only going to watch, her fear dissipated. These men would never disrespect her master by overstepping bounds. That protection made Katherine want to please Master even more. The men stared at her the way some of the fathers she sat for did, except they had to steal their glances. These men were able to openly ogle her and they wore their lust openly on their faces. Katherine liked that they wanted her, but couldn't have her. She wanted to tease them even more.

Janice stepped into Katherine's arms when the brunette turned. Katherine made sure the men watching had a good view when she kissed Janice. The blonde slave wasn't quite the kisser Tara was, but it was still hot to be making out with another girl while a bunch of men watched with hard cocks in their pants. Katherine closed her eyes and kneaded Janice's round ass while they kissed. She burned with pride at the grunts of approval from the men. The girls only stopped kissing when Theodore snapped, drawing his slave back to his side.

"May I?" Theodore asked and Master nodded. With permission granted, the older man pawed Katherine, roughly kneading her naked tits and teasing her nipples until she couldn't control her moans. The men still watched, maybe hoping they would be given turns too. Katherine was still proud, and part of her wanted to smack his hand away, but his casual treatment of her body took her breath away. This was what it truly meant to be submissive. "I can still see defiance in her eyes. You're going to enjoy breaking her." He squeezed a breast again and added, "Ahh, the firmness of youth. There really is nothing quite like it, eh?"

"Yes, I do find her breathtaking. When she has fully completed her training I may put her on show some evening. Kitty, cover yourself."

Katherine pulled the top of her dress back in place and hooked it. As she smoothed the fabric in place over her breasts, the other men drifted away. She was almost sorry to see them go.

"And how does our dear Tara feel about this one?" Theodore eyed her lasciviously.

"She's been after me for years to take someone else on so we could have some real fun. I was just waiting for the right girl." That made

Katherine glow.

He finally led her away from the bar and down a hallway off the left of the lounge. Heavy doors lined the hallway, all with observation slits at eye level and with small speakers mounted beside them. Light slitted through some of the openings, while others were closed. Her master stopped at one of the doors and looked through the slit before turning the handle and pushing it open.

"In you go, Kitty. Once you're done here you'll be brought to me."

"Yes, sir," Katherine said uncertainly. She wanted to beg him not to leave her. The last thing she wanted was to be left on her own in this place. Was this the part where some group of strange men would take advantage of her?

Katherine stepped through the door and he closed it tightly behind her. The door slammed with a muffled sound that implied the room was soundproofed. It was almost blindingly bright and at first all she could make out were some dark objects and a black clad figure—who turned out to be Tara. She let out a sigh of relief. Katherine hoped the older woman not allow her to be exploited.

"Kitty, how good to see you. I hope you're not too overwhelmed so far."

"I had no idea there were places like this. I don't even know where to begin."

"You'll begin by holding out your wrists, dear. It is time for you to be primed for our master. Tonight you will be mine as you are his. You are the lowest of the low."

"Yes, Mistress, of course," Katherine said, lowering her eyes. *Mistress* just rolled off her tongue, even though she'd never used the term before. Tara had been more of a confederate to this point, or so she thought. Katherine now realized that Tara had been controlling her as much as her master ever had.

Tara was in shiny black patent leather from head to toe. The outfit was impossibly tight and looked uncomfortable, but the blonde moved easily enough in it. It looked to be one piece, even the spike-heeled boots she towered in. There were cut outs for her breasts and pussy, leaving them exposed, otherwise she was covered to the neck. After Tara snapped the soft leather cuffs around Katherine's wrists, she turned and the girl saw a long zipper in the back from Tara's ass to her neck. The outfit made her look like

some sort of evil totem, not the suburban soccer mom she presented to the outside world.

While Tara was busy at a table on the other side of the small room, Katherine finally had time to take in her surroundings. The walls were covered with some kind of white, satiny tiles and the floor was a thick pile, white carpet. There was a black table against the far wall, where Tara was busy, and some weird, hump-shaped object in the middle of the room with a chain dangling above it. A cord with a control box snaked away from it and Katherine could only guess what it was for, but what really made her go cold was the video camera mounted on the wall. Anyone could be watching, or they could be recording and she could end up on the Internet. Katherine wanted to bolt from the room.

"Come here, Kitty," Tara ordered, turning away from the table. As she did, she pulled on a mask that matched the rest of her outfit. Tara's blonde hair flowed out of the back in a ponytail and her face was uncovered beneath the nose and around the mouth, otherwise her identity was completely obscured. She looked like a villainess straight out of a comic book. Her sinister appearance overwhelmed Katherine and instead of fleeing she just walked to the woman. Her impulse to obey had truly become strong.

Tara slid the chain back, away from the device beneath it and ordered Katherine to raise her arms. Even though she knew what was coming, she did as she was told and the cold fear in her stomach was as big a turn on as anything she'd felt before. When Katherine's cuffs were clipped to the chain above her head, Tara pulled it taut so Katherine had no wiggle room. Katherine tested her restraints, even putting her full weight against the chain and she swung on it like a pocket watch. Master had only restrained her this way twice before and the helplessness of being on display frightened her as much as it aroused her.

"Mmm, I can tell you're ready to have some fun. Has our master been teasing you all night, Kitty?"

"Yes, Mistress. God, but I'm horny."

"We'll take care of that soon enough."

Leaving her, Tara took a small, black, rubbery object and affixed it to a pin on top of the machine in the middle of the room. It was a long hump, with an inch high protrusion on top and little nubs in the front. Katherine was dying to know what it was used for and if it was going to hurt. Looking

more closely, Katherine also saw there were shackles mounted to the floor beside the machine. It didn't look like any sex toy she had ever heard of, not that her experience was very extensive. Tara returned to the table for one more item, a long, black, riding crop, which she swatted across Katherine's ass.

"Move forward. That's it, step over the Sybian."

Katherine awkwardly straddled the machine as she moved forward. Spreading her legs so wide caused her dress to ride up, and with her arms suspended above her head she had no way to fix it. Tara went to the winch on the wall and gave her enough slack so that she could lower herself onto the machine. Katherine looked down dubiously, but fearing another crack from the riding crop she lowered herself over the attachment Tara put on the machine. Tara winched back the chain until Katherine's arms were pulled taut again. Katherine could already feel her hands going numb.

"Forward!" Tara ordered, swatting Katherine again with the riding crop. The girl winced, glad it wasn't her naked ass on the receiving end of the blow.

Tara came around in front of her and with hands on her hips moved Katherine until the thick lump on top of the Sybian spread her lips open. It did not really penetrate far, but it opened her up, filling the entrance to her cunt. She was so wet it also seemed to make a seal with her pussy. If she moved at all, the contact sent chills up Katherine's spine. Tara knelt and affixed the cuffs on the floor around Katherine's ankles, locking her in place. Katherine could stand up, but she could not really escape.

"Would you like to come, Kitty?" Tara asked sternly.

"Yes, Mistress. I've need to come for so long now." Katherine said the words easily now. Any embarrassment she'd had at being sexual in the past was long gone. She was ready to say just about anything Tara wanted to hear if it meant she got to climax. And she sensed this machine was designed to bring her to orgasm. She just had no idea how it worked.

"Then we shall begin," Tara replied, smiling in her mask. It seemed to Katherine she was addressing the camera when she spoke that time. Were there microphones in the room as well to pick up her moans, Katherine wondered.

Tara slipped the riding crop into two loops on her thigh that seemed specifically designed to hold it and then took the control box in her hands. She adjusted the dials down and then flicked one of the switches, setting the

machine to vibrate lightly under Katherine. Already aroused to the point of torture, Katherine sighed and felt warmth flow out from her pussy. She kept glancing at Tara, who was carefully watching her and saw her slowly turn the knob. The vibration beneath her gradually increased and the machine sounded like an outboard motor, but all Katherine could hear was the blood pounding in her ears as her heart raced and her world compressed to nothing more than the intense feelings coming from her cunt.

Katherine cried out wordlessly, pulling down hard on the cuffs that suspended her arms over her head. Without realizing it, she was humping the machine as hard as she could, working that vibrating nub between her lips and against her clit. It was almost too intense and Katherine screamed. She thought she climaxed, but it was hard to say since she never felt anything quite like it. The Sybian vibrated through her entire body and then she screamed and screamed, as a whiteout of extreme pleasure enveloped her. Katherine lost all sense of place and time.

"Kitty!" Tara shouted, which was followed by a swat on the ass with the riding crop.

That was the first thing Katherine remembered when she snapped out of her sex-induced stupor. The Sybian still vibrated beneath her, but not as intensely. Her eyes snapped opened and she looked right up into the unblinking camera lens, her face a mask of wanton excitement. If her master did not fuck her after this Katherine was ready to attack him.

The click of another switch was followed by a new flood of feelings between Katherine's legs. Now the nub she was riding rotated, stimulating all round her vulva. It really was too much and Katherine pulled up against the ankle restraints, but Tara swatted her cruelly on the ass and ordered, "Down!"

Katherine dropped back onto the machine and moaned instantly. That nub was wiggling and vibrating right against her clit. She worked her hips to rub it, knowing full well how she must look to anyone on the other end of the camera. It didn't matter. Katherine wasn't ashamed of her need anymore. She just wanted it fulfilled.

Tara unclasped the halter behind Katherine's neck and pulled the dress down so her breasts were exposed. Katherine's nipples were hard little bullets capping her quivering breasts and Tara flicked them with the riding crop. Katherine made a low, animal noise, somewhere between a groan and a growl. Tara turned up the power on both dials and Katherine

arched her back, shoving her cunt against the Sybian, while Tara set the box down and crouched beside Katherine. Katherine watched, through a fog, as Tara sucked and bit her nipples. Having her breasts teased sent a current straight to her clit, which was the thing that pushed Katherine over the edge again. One orgasm seemed to roll into another and after a couple minutes riding the machine, she hung slack from the chain, incapable of doing anything but coming.

"Please, please, no more. It's too much," Katherine moaned. "Please, I can't take it."

"I guess you've had enough, Kitty," Tara chuckled. She kissed Katherine passionately and then switched off the Sybian.

Tara unshackled Katherine's ankles and then winched the chain up, pulling the girl into a standing position. Katherine's legs visibly shook and it was the chain that kept her up, not her own strength. Tara locked the chain in place and then Katherine watched as Tara removed her dress, telling her, "You won't need this anymore, Kitty. I've got something much more appropriate for the rest of the evening for you to wear." Katherine shuddered as she thought about what that could be.

eleven

Patrick waited, not so patiently, for his plaything to be delivered. If his wife tarried much longer she was going to get the whipping of her life. While he changed, Patrick watched Kitty on the Sybian and his cock was ready to burst. He was sure the select people he'd allowed to watch in their own rooms felt the same way. There was no requirement to share at the club, but since he'd been bragging about Kitty to his closest confidants for some time now he thought it only appropriate to give them a taste, at least. Kitty's Sybian ride was everything he wished for and more. And, now he was ready to reward her for putting on such a wonderful show.

The room Patrick waited in was an elaborate dungeon, with all sorts of restraints and contraptions, which made it look more like a medieval torture chamber than a place of sexual gratification. Rings and other restraints were mounted to the cold brick walls, while other ropes, chains and cords dangled from the ceiling. A rack dominated the back wall, while a straight-back wooden chair, much like the one he had at home, also sat in the room. Clamps and whips and riding crops hung on one wall, all sterilized between uses, while the other held all manner of sex toys, both powered and manual. The dungeon was a fetishist's dream, and one of several similar in the club. There were other theme rooms as well, like a classroom and a cave, but Patrick did not frequent those. Those fantasies did not interest him.

At a knock on the heavy steel door, Patrick went over and looked through the slot to see Tara escorting Kitty, who was on the end of a leash clipped to her collar. He released the lock and ushered the women in. He was pleased by Kitty's wide eyes as she took in the room for the first time. It reminded him of when the then-innocent girl first saw his playroom at home.

"She is ready for you, Master," Tara said, respectfully. Her lips looked so enticing, blood red, surrounded by the mask.

"Thank you, slut. Go stand in the corner."

Patrick took the leash from Tara while she went to stand out of the way until she was called for. "Stay," he told Kitty, dropping the leash to slap

against her body. His voice echoed loudly in the spare room. The dark girl was clad in shiny, suede-lined red leather, an outfit custom tailored for her. Form fitting outfits like hers would only fit properly if custom made, he'd found. The snug outfit was a bodysuit, which left most of her ass exposed and split to expose her pussy. A ribbed corset laced up and bound her, cinching Kitty tightly, pushing her tits up high and leaving them exposed. Spike-heeled, red leather boots came up just above her knees. Kitty was dressed as a fetish goddess and he enjoyed how uncomfortable she looked in the outfit. If she had liked being decked out like this it wouldn't be nearly as much fun. Sluttish make-up completed the look, along with a severe ponytail that tightly pulled her long hair back.

Tugging Kitty forward by the leash, he ordered, "Kneel." Kitty fell to her knees on the cold, hard concrete floor. He attached the leash to a ring set in the floor, forcing Kitty to lean forward on her hands. When she went into a traditional "doggie" position, he scolded her, telling her to keep the leash taut. Kitty pushed her arms straight, arching her back, which made her breasts jut forward and her ass stick out. Her posture was so perfect that Patrick wished he had a camera. Her ass was just too tempting and he took a cat-o-nine-tails down from the wall and swatted her with it. Kitty startled, but held her posture. He swatted her ass harder and she whimpered. When her pose faltered, he swatted her even harder.

"Hold yourself erect!" Patrick commanded.

After giving her one more swat, Patrick went to a tray and selected two nipple clamps with a weighted chain connecting them. They were not padded, like the ones he'd used on Kitty before, and she winced when he affixed the ice cold, chrome steel over her hard nipples. Her nipples instantly turned very dark as all the blood was trapped there and he flicked her breasts with the tails. Kitty whimpered, but stayed in place, letting the chain hang down and pull on her nipples.

"Does that hurt, Kitty?"

"Yes, sir."

"Do you want me to remove them?"

"No, sir."

Patrick walked around her and rubbed her tight ass. Her lips, framed by the bodysuit, peeked out from between her legs and he touched them, his fingers coming away wet and stick. Kitty wiggled her ass and moaned, trying to encourage him to touch her more.

"Do you know how you look in that position?"

"Dirty, sir?"

"You look like a little whore, Kitty. Are you a little whore?"

"Yes, Master. I want to be your whore," Kitty moaned.

"Really?" He was still shocked by how frank and obedient she was. She had come a long way from being the innocent little churchgoing girl she been until recently.

"Yes, I promise to be your good little whore if you fuck me, sir. Please fuck me, Master."

"I saw how hard you came on the Sybian. Do you still need to be fucked?"

"I have always needed to be fucked by you, Master. Please, you've made me wait so long."

"If you are good, tonight could be the night." Patrick smiled at her eager look. Little did she know that he'd already decided he was going to fuck her tonight—once he had her in the proper position. He stepped back around in front of her so his cock was in her face. He was wearing his own leather outfit for the special night, tight pants that left his cock and balls exposed and a sleeveless leather vest. His leather motorcycle boots were accentuated with steel rings on the sides. As he brushed Kitty's face with his cock she tried to capture him in her mouth. He couldn't help wondering just what the desperately horny young woman was thinking.

Katherine was so thrilled when her master finally plunged his cock into her mouth. She stretched her lips around him and sucked hard while he pushed to the back of her throat. She looked up at him while she sucked and still wiggled her butt for him. She felt like a happy dog wagging its tail for its master. She was humiliated, but happy her humiliation pleased her master. She hoped he thought she was a good pet. Katherine hoped if she pleased him enough he really would fuck her. She could tell it was a special night. He gestured for Tara, who seemed to know just what he wanted and moved behind her.

"You are such a good cocksucker, Kitty. I want you to keep your concentration now," he told her. Okay, she wondered. What is Tara doing

back there?

"Mmmommmph!" Katherine cried, choking on her master's cock. Tara savagely whipped her ass with the riding crop, stinging her delicate skin. Each hit from the riding crop hurt, but that pain perversely translated to sweet pleasure. Already her clit was throbbing in time with her poor, tortured nipples, so cruelly pulled by the chain connecting her nipple clamps. She still did not understand how such pain translated to pleasure. When she injured herself playing sports in high school it didn't turn her on, but being spanked and having her nipples pulled like this felt so good. She was thankful her master had shown her the light. Tara kept whipping her ass, but Katherine didn't miss a beat and kept sucking her master as best she could. He pushed deeper and deeper until his balls were bouncing off her chin. He grabbed her ponytail and fucked her mouth even harder.

By the time the couple was done with her, Katherine's jaw ached and her ass was burning red. Her master pulled his cock away without coming, which always left her feeling like she failed. He favored her with, "Very good job, Kitty."

"Thank you, sir."

He took the riding crop away from Tara, giving her a quick swat and then pressed it between Katherine's legs, separating her lips and sawing it against her clit. "Oh God," she moaned, feeling her juices running down her thighs. The Sybian ride had been amazing, but there was still something she needed. She pushed her pussy toward the riding crop and was breathing hard—just on the edge of orgasm—when her master stopped. She almost wished he didn't enjoy teasing her quite so much.

Katherine crawled after him when he unclipped her leash from the floor and led her forward.

"Come here and help with Kitty, slut," Patrick called to Tara, who was at his side in an instant.

Her master unclipped some weird harness from the wall, which swung free from several cords securing it to the ceiling. Katherine was fascinated by it and wondered exactly how the couple was going to secure her in it. A small leather pouch turned out to be a seat and then they raised her arms and secured her wrists to a set of cords. Next, her ankles were secured to another set of cords, spreading them wide apart. The tension on the cords was so tight that Katherine could not close her legs no matter how hard she pulled. Her master pulled on a lever, which pulled her legs into the

air, tilting her onto her back. Katherine was suspended about three feet above the floor and found that if she shifted wrong, and threw off her balance on the tiny sling under her ass and put all her weight on her wrists and ankles. It hurt, but Katherine had such a rush when she realized how completely exposed she was. Her pussy was spread wide open and there was nothing she could do to close her legs or cover herself.

"Mmm, that looks good enough to eat," her master said, rubbing between her legs. Katherine moaned and felt her cunt dripping down to the floor. "Don't you agree, slut?"

"Oh yes, Master."

"Show, don't tell," he said, smacking her ass.

Katherine looked down between her legs and watched Tara kneel down in front of her. With hands under her ass, it was easy for Tara to pull Katherine forward. Katherine was already spread wide open, so Tara just dove right in. Tara drank deeply from Katherine's cunt, lapping her tongue inside her and then tracing it up to her clit. Tara's long, slender tongue felt so different from a man's, as did her soft cheek against Katherine's thigh. Tara focused her tongue on Katherine's clit and made the young woman come very quickly. Katherine thrashed and pulled, which made her sway in the odd restraints. It was only Tara's hands holding her ass that kept her from spinning out of control.

"Thank you, Mistress," Katherine panted.

"You should be thanking our master," Tara pointed out. "I only act at his direction."

"Oh, thank you so much, Master," Katherine cried. She did not want to offend him, not when she thought that what she so desperately wanted was finally in reach.

"Follow me, slut," he ordered, obviously referring to his pet who could actually move. He led Tara to a large wooden X, which was mounted against the opposite wall. Even in the spiked heels, Tara had to stretch to reach her wrists high enough to fit into the restraints. Next, he fixed her ankles into restraints, leaving Tara suspended off the floor and spread-eagle. With her legs spread so wide, the slit in her costume was fully opened and Tara's cunt obscenely bulged out through the gap, red and swollen and quite wet. Katherine did not think the other woman could possibly be comfortable in that position and she wondered what their master would do

to his wife while she was mounted to the wall. Tara was like an insect pinned to a mat awaiting examination.

Master wheeled a device out from the corner and placed it right in front of his wife. It was a box with a long appendage jutting from the top. The appendage was jointed in the middle, creating an angle, and it ended with a huge pink, gelled dildo. Katherine gaped at it. She could only imagine what such an apparatus was meant for. He liberally applied lube to the dildo and then placed it right against Tara's pussy, so the fat head split her lips.

"Please, Master, please give it to me," Tara moaned. Her hips moved as much as her position allowed, which was not nearly enough to impale herself on the weird fucking machine.

"And why should I do that, slut? I am going to fuck my new toy and you are going to watch. Why should I allow you pleasure as well?"

"Because I've been good, Master. I've done everything you asked. I want to feel something inside me while you're penetrating Kitty. Please, Master!"

"You *have* been very good, slut. My seduction would likely have taken longer without your aid."

Using a slender remote, he advanced the dildo until it speared into Tara, who arched her back and cried out. The dildo fully penetrated her, as if pinning her to the wall. He left it in that position, ignoring Tara's whimpers for more, and turned his attention to Katherine, who was quite frightened by the expression on her master's face.

Patrick walked toward Kitty with a wolfish grin. She was just where he wanted her, trussed up and completely at his mercy. The fact that he'd denied himself for so long only made fucking her now that much sweeter. With her legs spread obscenely wide he could see how wet and swollen her cunt was. Kitty could not be more ready to receive him. And, while he loved his wife, the fact that she was cuffed to the wall and forced to watch was the ultimate expression of his power over her.

Kitty moaned deeply when he shoved two fingers inside her and he felt her muscles gripping his digits, trying to keep them in her. He pulled his

fingers out and her juice literally dripped off of them. Leaning forward, Patrick pressed his fingers to Kitty's lips and she only hesitated for a moment before sucking and licking his fingers.

"Are you ready for me, Kitty?" He asked. Patrick loved the ritual almost as much as the fucking itself. He rubbed the head of his cock all over her slippery cunt.

"Yes, please, Master. I'm so ready," Kitty eagerly begged. She was so earnest, the way only a college girl can be.

"Tell me how much you need it."

"God, I've needed it for so long, sir. Please let me have it." Kitty tried to swing in the harness to push herself onto his cock, but it was easy enough for Patrick to hold her in place.

"What do you need, Kitty? Tell me."

Patrick slapped his cock head against her engorged clit and she groaned.

"Your cock. Give me your cock!"

Patrick chuckled and rammed his cock deep into her pussy. She squished around him because she was so lubricated, but he could still feel how tight her near-virginal cunt was. He held onto her up-raised thighs and kept his prick buried in her, enjoying the feeling of her pulsing around him. Kitty was gasping and gripping him with her pussy, her face as mask of ecstasy. It was that look on her face, the naked need that was his reward. He knew he should take his time and savor the moment, but he didn't have it in him. Not right now. He needed to fuck.

Patrick did not move, but stood still and instead swung Kitty back and forth. He timed it so that just his head remained in her and then he slammed the girl back onto his shaft full force. Kitty screamed every time she slammed into him and after a few moments it was like a long, constant scream as Patrick was crashing her onto his cock as fast as he could.

"Fuck her! Fuck her little cunt!" Tara shouted from behind him. Patrick was pleased his wife was excited by watching him fuck Kitty. He rewarded her by touching a stud on the remote control for the machine embedded in Tara, bringing it to life. The machine chugged loudly and began a powerful motion, fucking the dildo in and out of Tara.

"Uhn, uhn! Thank you, Master!" Tara cried.

Patrick stopped and rested his cock inside Kitty once again. If he did not take a moment to catch his breath he was going to finish too quickly and

he wanted his first time with Kitty to be memorable. He moved his hips in a tight circle, stirring his cock inside her and Kitty whimpered. He also pulled her nipples by the clamps, making her shudder.

"Please don't tease me, Master!" Kitty begged. "God, I need to come again!"

He did keep teasing her, but only until he was sure he fought back his own orgasm. Patrick treated Kitty to a nice slow, steady fucking, holding her in place this time while he flexed his own hips. He loved to fuck standing up because he felt he got the most power into his thrusts. Behind him Tara was wailing, which always made the cum boil in his balls. Patrick moved faster and faster, the passionate cries of both women driving him on. It took everything he had to maintain control and then he just couldn't any longer.

Katherine felt high. There was no other way to describe the overwhelming feelings that flowed through her as soon as her master entered her. For all the times that she thought he'd brought her to the ultimate orgasm by making her wait or beg or work for it, Katherine found that none of that compared to her master finally consenting to fuck her. She came as soon as he thrust into her and it felt like she hadn't stopping climaxing since. Only when he slowed down and teased her again did her heart calm. It was so frustrating that she couldn't reach out and touch him and show him how much she wanted him. Katherine pulled so hard against the wrist restraints they were cutting into her wrists, but she didn't care. The pain actually made the pleasure flowing from her pussy sweeter.

"Your pussy is so fucking hot, Kitty." Master grunted.

"Thank you, Master! It's your pussy, sir! Fuck your pussy!" she cried.

The cord holding her restraint in place creaked as he swung her back and forth to slam her into his cock. Not only was he fucking her, but he also swung her body so they came violently crashing together every time. Katherine was seeing bright pinpricks of light and it was like she was floating on a cloud overhead, watching her master fuck the daylights out of her. She hoped he could stay hard and fuck her forever.

Katherine could not see Tara from her position, but she heard the blond screaming and the machine fucking her chugging steadily along. She could only imagine what Tara might be thinking, watching her husband fucking a younger woman. Katherine did not think she could do it. No matter how much control her master had, she would always feel jealous if he was with other women. Part of Katherine was even jealous that Tara got to sleep beside their master every night while she did not.

Despite Katherine's most fervent hopes, her master could not last forever. He was still a mortal man and their coupling was hot. He sped up to a rapid fucking motion while holding her in place and then with a roar he pulled out of her and jerked his cock while his load blasted all over her stomach and her exposed tits. He must have been holding out a long time because his load seemed to go on forever, covering her. Before she would have considered a man coming all over her to be humiliating, but she was happy to accept it from her master. Her only regret was that she wasn't nude and couldn't feel it on her skin.

"Thank you...thank you...thank you..." She gasped, teetering on the edge of blackness.

Patrick stared down at his sweaty, spent slave and felt the satisfaction of a job well-done. He also felt unsteady on his legs after having come all over her. Tara was still howling behind him, and seeing Kitty's eyes fluttering, he turned his attention to his wife.

"Did you like that, slut? Did you like watching me fuck Kitty?" He growled, taking a velvet cat-o-nine-tails off the wall.

"Yes, Master! I love seeing you satisfied and Kitty is so sexy!" Tara moaned. Her entire body undulated every time the machine thrust into her.

"Did watching make you come?" Although he asked, the answer was obvious from the juices dripping from her cunt to puddle on the floor.

"Yes, Master! Oh God, yes! I know how wonderful it is to get fucked by you!"

"Good answer."

"Please, turn it off! I can't take it anymore."

Patrick ignored her pleas and instead turned up the fucking machine. It squished in and out of her and he swatted her on the hip with the cat-o-nine-tails. Tara screamed and screamed and Patrick was sure she was coming yet again by the way her pussy gushed. After he was satisfied Tara was well and truly fucked out he turned off the machine and pulled the dildo from her cunt with a sucking pop.

Kitty looked up at him with love when he went over and stroked her hair. He felt something similar for the girl, although he only truly loved his wife. Kitty could never take Tara's place in his heart. "You were wonderful tonight, Kitty," he told her.

"Thank you, sir. What else can I do for you?"

Although he was exhausted himself, Patrick decided to let her lick him clean. He tilted her back so he could easily slip his cock into her mouth. Kitty lovingly licked and sucked him, seeming to enjoy the taste of their coupling. She left him glistening, but Patrick was just too spent to get it up one more time. Once she completed her task, he helped her out of the restraints and Kitty stiffly got to her feet. He ordered her to help him take Tara down from the wall and his wife fell into his arms. They helped her into a chair and while she recovered he and Kitty shared a glass of champagne. As he sipped the bubbly, he looked over his new toy and thought about all the fun they would have. Finally fucking her was not an ending, but a new beginning.

epilogue

Katherine sat under a tree on the quad with a calculus book in her lap. She stared down at the yellow highlighter stained page with consternation. No matter how long she examined the page the numbers and symbols made no sense to her. When she saw Master this weekend she would ask for his help. He was a very smart man and particularly good with numbers. Just thinking of him made her heart beat faster and she fingered the black velvet choker she always wore. It looked incongruous with her simple jeans and t-shirt outfit, but Katherine never left her room without it. It was a constant reminder of her devotion to her master. Many of her new friends asked her about it, but Katherine just told them it was something she always wore, sort of like her trademark.

"What are you doing there?"

Shielding her eyes against the sun, Katherine looked up to see Brad Cornell standing over her. He was a handsome junior who lived on her floor and had been flirting with her ever since he helped her dad carry her stuff upstairs when she moved into the dorm. He was broad shouldered and wore his sandy hair long. She found him rather handsome, but her love for her master rendered her impervious to his advances.

"Just studying some calc," she replied casually.

"I could help you with that if you need it. I aced that course last year."

Brad sat and joined her, uninvited.

"That's okay. I think I have a handle on it." Katherine knew what *studying* meant. He would probably want to do it in his dorm room instead of the library. While they worked, he would move closer and closer, his hand brushing her leg, or he would lean in almost cheek-to-cheek when looking at the book, and then he would make his move. Before she left for school, Master opened her eyes to the ways of college boys and how they liked to seduce unsuspecting, incoming girls.

Katherine was still horny much of the time, which was torture since her master was so far away. It would be easy to slip and hook up with a guy like Brad, but she knew the consequences would be severe when Master found out—and he would find out. She could never lie to him.

"Hey, are you going to the Phi Delta party Friday night?"

"I don't know. I've got a ton of studying to do," she replied. So far, Katherine had turned the many invitations to parties she'd received, mostly because she wanted to avoid trouble. The last time she'd really been drunk was that night at the club with her friends and she could still vividly remember what had happened in the parking lot with that stranger.

"I was just thinking that if you did want to go, we could go together. I mean, those things can get kinda crazy for a girl as pretty as you and it would be good to have someone looking out for you."

Katherine could guess how he wanted to look out for her. "I really appreciate it, Brad, but I don't know."

"Do you have a boyfriend back at home?" He blurted out.

"There's someone special, yes."

"Are you guys serious?"

"Very." Katherine's relationship with her master as the most important thing in her life and just thinking about it again she could feel her pussy dampen and her nipples harden. They poked through her thin, tight t-shirt and Brad's eyes were drawn right to them. She was used to boys staring at her tits by now and liked the attention. She knew he could see the outline of the barbell that pierced her right nipple. That was a gift from Tara the week before she left for school. When she masturbated, which her master allowed when they were on the phone, Katherine tugged on it and imagined it was her master teasing her nipple.

"Listen, Brad," she said taking his hand in hers. "You're a really nice guy, and honestly, I think you're pretty hot. I would love nothing more than to suck on you until you're nice and hard and then ride your cock until I scream, but I'm already taken. I'm sure there's some other girl on campus who could blow your mind."

Brad was speechless and Katherine privately enjoyed the deep red flush that spread across his face. She had discovered it was fun to own her sexuality and toy with the boys on campus sometimes. They didn't know how to react to a girl who just laid it all out there. With Master she was totally his, but here, out on her own, Katherine found that sometimes it was fun to tease the boys on campus. The job was made all the easier by the new wardrobe her master mandated for her and Tara helped pick out. She did not have a pair of jeans or a top that did not cling to her like a second skin, or a skirt that came anywhere near her knee. She only ever wore a bra if it

worked with a particular outfit Master wanted her to wear, and they were always flimsy and lacy, but she all the panties she'd brought to college sat in her dresser unworn. When she was out just hanging on campus she was allowed to dress more casually, but Katherine always dressed for class in sexy tops and short skirts and always sat in the front row. And, just as her master promised, she was lavished with attention by all her male professors. Katherine had not scored less than an A- in any tests. She was struggling in calc, of course, but was considering taking her professor up on the one-on-one tutoring sessions he'd offered her. Katherine knew teasing the older man would be a lot of fun, but also torture as it would make her think of Master, an older man himself, and out of reach.

"I, uh..."

"It's okay, Brad. I'm sure you're not quite sure what to say. Sometimes it's better to say nothing and just walk away."

Before he could do that, however, Katherine grabbed the boy and kissed him hard. He yielded to her insistent tongue when she pressed it into his mouth. A hand slithered to his lap, briefly cupping a rock hard bulge. Katherine only held him for a few moments before pushing him away and then told him, "Get going now, I really do need to study."

Brad wasn't the only one left shaken by the quick kiss. As she watched the confused boy walk away, Katherine felt a tingling all over and she desperately wished she could go back to her room and masturbate. She knew she would pay for that kiss when she told her master about it this weekend, but she did not mind a little spanking.

Katherine was scheduled to sneak away back home for the weekend, as she had at least once a month since school started. She did not actually go home, her parents didn't even know she was in town, but spent the weekend with the Gardners, allowing the couple to practice whatever depraved desires they had on her willing young body. It was the best solution for now, but she couldn't wait until next year, when she would be transferring back to a local college, something else her parents didn't know about. It was all worked out with Master and she would even have an off campus apartment so he could see her whenever he wanted.

It was funny, when Katherine thought about it, how life didn't work out the way she had planned. Before, she couldn't wait to get to college and party and meet boys and now all she wanted to do was go back to her hometown and give herself to one man. Everything changed for Katherine

that first time Patrick Gardner tied her down, but instead of becoming a stranger to herself, she felt she had become the woman she was always meant to be. A woman who wanted nothing more than to live in service to her master.
