I.

“How is she doing?” Abby asked, her voice full of concern as she walked through the door to her friends’ condo. She hugged and kissed her friend’s husband, Trevor, on the cheek.

“How do you think?” he answered with a sarcastic chuckle. Trevor’s wife, Nicole was Abby’s best friend. She was also propped up on the livingroom couch with her left leg covered in white plaster to above her knee.

“Get in here and refresh my wine,” Nicole called from the living room beyond them.

At the end of the couch was a folded wheelchair.

“Ouch, that looks even worse than you described,” Abby told her friend. She sidestepped the folded wheelchair at the end of the couch, set her purse down and leaned over to give her best friend a hug. The women, both thirty-one, had known each other since elementary school and were bonded closer than sisters. Abby had a stepsister, but she liked her best friend even more.

“Gee, thanks,” Nicole answered. “Seriously, though, Abby, can you get me some more wine? Trevor is moving way too slow.”

“Should you even be drinking?” Abby asked. “You must be on painkillers.”

“It makes them work better,” Nicole laughed. “I am on painkillers, but I don’t think a glass or two is going to kill me. Besides, they’re not working too great, so I need a little help.”

“Does it hurt that bad?”

“It’s not as bad as it was a few days ago, but it’s no fun either.” Trevor came over and refilled Nicole’s wine. “Thanks, honey,” she said absently as continued to Abby.

“The pain I can handle. It’s the helplessness I can’t even really stand. Even with the wheelchair it’s a pain to get around. I can hardly do anything for myself.”

“Trust me, that’s no picnic,” Trevor chimed in.

“You poor man,” Abby said. She knew very well how demanding and selfish Nicole could be—even during the best of times. It had to be pretty bad right now when she was cranky, and he had to wait on her hand and foot. She knew at least a small part of Nicole reveled in being taken care of like a princess.

“Him?” Nicole objected. “What about me?”

“See what I’m dealing with?” Trevor asked good-naturedly.

“It’s just a good thing you married such a patient man,” Abby said.

“I’ll give you that. He has been great,” Nicole said.

“You’re very lucky,” Abby said to Nicole, with a hint of sadness.

“Don’t worry Abby, your match is out there,” Nicole said.

Abby walked into the dining room, which was visible to Nicole from the living room, and asked Trevor if she could help with dinner. She set the table and Abby and Trevor finished preparing dinner while chatting with Nicole from her perch on the couch. Abby tossed the salad while Trevor took the pork roast out of the oven and sliced it. They had dinner ready and on the table in ten minutes. By then, it was almost seven and everyone was starving.

Abby offered to help Trevor carry Nicole into the dining room, but he told her could manage. Nicole was not a small girl—a very curvy five-foot-six, but her tall, slim husband carried her into the dining room carefully and gently placed her in a chair on one side of the table.

“Be careful of your back, honey,” Nicole said, kissing Trevor.

“You’re light as a feather, sweetheart,” he replied and then faked a stagger.

“Ass,” Nicole said with a laugh.

Wednesday night dinners had been a tradition for the friends for the last couple of years. For most of that time though, it was a couples thing. Trevor and Nicole were married just over a year, and Abby and her ex, Ryan. The two couples did everything together, and it was assumed that at some point that Abby and her boyfriend would be following their friends down the aisle.

But then a few months ago, Abby found out that Ryan was cheating and everything changed. They didn’t live together, but spent so many nights together, they may as well have. Ryan begged for another chance, but Abby felt that once a cheater, always a cheater and cut him out of her life. Being good friends, Nicole and Trevor stopped seeing Ryan too, even though

Trevor and Ryan had become golf buddies. Nicole and Trevor did their best to keep Abby's spirits up as she worked through her pain. They still saw her just as often, even though now it was just a threesome.

Once they were done with dinner, Trevor carried Nicole back to the living room, then helped Abby finish clearing the table. Nicole watched television and enjoyed a third glass of wine while her husband and friend were busy.

"So how has it been, really?" Abby asked. She was rinsing while Trevor placed the dishes in the dishwasher.

"You know how Nic can be, but she's been in a lot of pain so I'm trying to be understanding. She's going to start working from home tomorrow, and I think she'll be better then because she won't be so bored. Right now she's got nothing better to do than wait for me to come home so she can boss me around."

"You knew what you were getting into when you married her," Abby said, patting his shoulder.

"Yeah, but her fire is why I love her. At least I know I'll never be bored with her." Trevor answered. "But how about you? How have you been doing?"

"I've been feeling a lot better, actually. I think I'm getting past the wallowing phase," Abby said. "Sometimes I think I miss the routine more than I miss him." Abby rarely mentioned Ryan by name anymore.

"I know it can be tough. I was with Megan for most of college, and even though we just kind of drifted apart after school, it was tough not having her around." Megan was the great love of Trevor's life before he met Nicole. He didn't talk about her much, but Nicole had told Abby some of his horror stories second-hand. "I just glad to hear you're bouncing back."

"Yeah, and you guys have been a big part of that."

Trevor gave Abby a big, lingering hug, and it felt nice to have someone wrap his arms around her again. She missed being held the most. It was nice to just lie against someone while watching television, but she missed him the most late at night, when she couldn't sleep. Her bed felt so empty without Ryan's familiar weight beside her.

"You know, Nicole's been talking about fixing you up with someone from work. Maybe you're ready."

“Oh God, that’s the last thing I need. I hate blind dates, and anyway Nicole’s taste in men isn’t the greatest, present company excepted, of course.”

Nicole shouted to them from the other room. “You guys better not be getting busy in there. I’d feel all left out in here.”

“Don’t worry honey, I promise to bring you in if we start hooking up,” Trevor shouted back.

“You’re so sweet,” Nicole hollered.

“He’s also dreaming,” Abby added.

With the dishes done, they all sat in the living room chatting and flipping around on the television, though it was really on more for background noise. They used to play games, like Pictionary, or play cards, but that was more difficult with just three of them. The girls laughed over stories from their high school days, leaving Trevor to follow along as best he could. Although she wasn’t much of a drinker, Abby had a few glasses of wine, mostly because Nicole kept making sure her glass was full.

“It’s about time for me to take another pill. Did you remember to pick up my prescription on your way home, honey?” Nicole asked, knowing full well he had not. He never did those things without a reminder.

“No, I must have completely forgotten. I’m sorry.”

Nicole leaned back and checked the clock. “If you run right now you’ve still got time before the pharmacy closes. You don’t mind do you, sweetheart?”

“Of course not. I’ll be right back. Do you need anything while I’m there Abby?”

“Probably just batteries,” Nicole interjected.

“Nic!” Abby protested, flushing deep crimson.

“Hey, it’s been a couple months I’m sure you’ve been *lonely*.”

Abby did not miss the emphasis. “We’re not having this conversation!” Abby did discuss such things with her best friend sometimes, though usually under protest and certainly not with Trevor around.

“I think that’s my cue to leave. I’ll be back in a few minutes,” Trevor said as he pulled on his coat.

Once the girls were alone, Nicole picked up right where she left off. “Seriously, I’m sure you’ve been *lonely*.”

“Yes, I get lonely sometimes,” Abby answered, deliberately obtuse.

“Yeah, but that’s not what I meant and you know it.”

“Fine, yes, I do. Sometimes I get a little horny, but that’s perfectly normal.”

“Nobody’s saying it’s not. I was just thinking there was a way to help you.”

“Trevor warned me that you’ve been looking for guys to fix me up with, but please don’t. That sort of thing always feels so contrived. I am sure I’ll meet the right guy when the time is right. It hasn’t been that long since Ryan.”

It was a dodge, and Abby hoped Nicole did not see through it. What she said was true, but really she just was not ready to put her trust in someone else yet. She did not know how long it would be before she could open up and really give her heart to someone. She wanted to play it safe in the short term.

“I’m not thinking about Mr. Right. I more had Mr. Right Now in mind.”

“Nicole! I’m not that type of girl. God, I could never do a one night stand.”

“Never?” Nicole asked with a laugh.

“Things happen in college. There are lots of cute guys around and lots of beer, but I’m older and wiser now. I can hold out until I’m ready and I meet someone I really like.” Abby was blushing again, but also thinking back to a couple of those times and how they weren’t really that bad. Pretty fun, actually. But that didn’t mean she was going to let Nicole find some stud to service her.

“I wasn’t just thinking of Mr. Right Now. And this isn’t just about you, either. I was hoping that you could help me and Trevor out too.”

“Do you have some single friend you need taken off your hands? It’s not that guy he knows from college, Scotty, is it?”

“No, I would never hook you up with Scotty. For one thing, I’ve heard he’s a minute man.”

“You are shameless!”

“Hey, I only speak the truth. No, I have something else in mind. I’m going to be in this cast for the next six to eight weeks, which means I’m not going to be very mobile. Just moving hurts, so I’m not going to be able to do much except lay there.”

“If there’s anything you need, I’ll help out in any way I can. You know that.” Abby answered, not yet understanding what Nicole was getting at.”

“I’m counting on it. Trevor’s going to be under a lot of strain. And he’s been doing such a good job. I know he’s going to be there the second I need him, so I feel bad that I can’t be there for him.” Nicole paused and stared at Abby over her wineglass meaningfully.

“I can’t take care of my wifely responsibilities.” Nicole said.

“So you want me to come over and clean and do the laundry? I guess I can come over a couple times a week to keep up on stuff, but I don’t see why Trevor can’t do his own laundry. He’s a big boy.”

Nicole sighed. She hoped Abby would pick up on what she was suggesting, but should have known better. She had known Abby long enough. Abby was not a prude; Nicole knew that her friend was open to trying new things when she got to trust Ryan, but she was not the sexual being Nicole was. Abby was the girl who simply could not believe it when guys liked her, even though she was very attractive. She was the girl who sputtered and fell silent when the topic of sex came around. Abby went to college a virgin, and only slept with three guys while there, including the two one night stands she had just unsuccessfully avoided admitting to. Ryan had only been the fifth. Nicole knew she was going to have to spell it out.

“It isn’t the cooking and cleaning I’m thinking about. It’s the other things I usually do for Trevor that I won’t be able to.” Nicole stared at Abby, but still didn’t comprehend. Maybe it’s because what she was asking was so incomprehensible. Most people probably would think what she was suggesting was crazy, but to Nicole it made perfect sense. If she was going to get another woman to help take care of her husband, there wasn’t anyone else she would ask but Abby. There wasn’t anyone on Earth she trusted more.

“I don’t want you to take care of the house, Abby. I want you to take care of Trevor.”

“You want me to...” The light flicked on in Abby’s head and she almost fell over. She couldn’t believe what Nicole was asking. How could she want her husband to sleep with another woman? “You’re out of your mind. You need to stop drinking with your pain pills.”

“I am fine, but maybe you should have another drink. You look a little pale.”

“Is this his idea? Does he want some kind of threesome?” Abby was shocked. She just didn’t think Trevor was like that, but then all men were really the same, weren’t they?

“Does it look like I’m in any condition to have a threesome? No, it’s not his idea. Trevor doesn’t even know I’m asking you this,” Nicole said.

Abby drank deeply from her wineglass. “Why? I mean, this is crazy.”

“Maybe, maybe not. Listen, Trevor and I are still in our newlywed phase, and we’re still doing it. A lot. Like every day. And I think it’s already been hard on him to go cold turkey. I know it’s going to be hard for me. I’ve already broken out the vibrator. How is the poor guy going to make it six or eight weeks?”

“Okay, I don’t need to know that,” Abby insisted, shaking her head. “Can’t he take care of things for himself?”

“But it’s not the same for a man. You know that. Remember when I had that problem a couple years ago? Well, we couldn’t do it then either and even though I did other things for him I know Trevor was going out of his mind. And this time it’s going to be worse because he’s going to be so much more stressed. I know looking after me is no treat, so I think he deserves one.”

“Me? Why me?”

“Who else could I ask? Who else could I trust with something like this? I know you’re not going to run off with my husband. I don’t have to be jealous of you, because I trust you. Really, you’re the only one I could ask. And it’s not just for him. I know you’ve been missing sex, so you could get something out of it too. Trust me, Trevor knows what he’s doing.”

“That isn’t the point. I’m sure he does,” Abby argued. “You know, you’ve had some crazy ideas over the years, but this one takes the cake. How do you know he would even want to? I don’t think I’m his type. We’re not exactly twins.”

Nicole conceded that was true. Both women had dark hair; Nicole’s was jet black and halfway down her back, Abby’s was chestnut brown and just brushing her shoulders. But their similarities ended there. Abby was three inches shorter than Nicole and slender, not crazy curvy. Nicole had big, bouncy breasts, a full D-cup she was proud to admit, while Abby’s perky tits were just about a handful. Abby had always been jealous of the way Nicole’s chest always drew attention, even if she would never admit it. Nicole’s milky, Black Irish complexion contrasted with Abby’s smooth, naturally olive skin. Abby was used to being overlooked when she and

Nicole went out to the bar. Nicole was the target; Abby was the wingman's prize.

"I know Trevor likes you. I wouldn't ask if I didn't," Nicole answered with a smile.

"He said something?" That got Abby's attention.

"It's come up," Nicole vaguely answered. She and Trevor had an active fantasy life in bed and sometimes while role-playing or fantasizing she would whisper into his ear about bringing another woman into their bed. She'd been with another woman once or twice and quite enjoyed the experience. Trevor, like every other guy, loved the idea. Nicole loved turning him on and teasing him with the fantasy. When she asked who he would like, he usually mentioned some actress or model, but sometimes she pressed and made him pick someone they actually knew. Even then, he picked someone from his work, or once he picked one of her coworkers that he knew from work parties. Nicole thought it was weird that he never mentioned Abby, so once she came right out and asked about her friend while pumping his cock in her hand.

They were lying in bed together a few months before the break-up and Nicole was caressing his cock while kissing his neck and whispering in his ear. Trevor had two fingers inside her and slowly moved them in and out. Her bra was off, but he'd just pushed her panties aside. "We had fun with Abby and Ryan tonight," she whispered while smearing his precum all over the helmet of his shaft.

Trevor was breathing heavy and laying on his back as she lay against him. "Yeah, it was great, but I'm having more fun now."

Nicole nibbled on the side of his neck and went on. "What if they were still here to have more fun? What if Pictionary turned naughty?" Trevor groaned and she gripped his cock harder.

"I don't know. Not sure I want Ryan to see you naked. He stares at your chest too much as it is."

"You're jealous?" Nicole laughed.

"Not really. I like that he wants what I have, but that doesn't mean I want to share," Trevor answered. Nicole slid her panties off and rolled on top of Trevor. She ground her pussy against his hard shaft.

"But what about Abby? I bet you wouldn't mind seeing her naked?" He was kneading her ass as he was pushing back against her.

“No, I wouldn’t mind. She’s cute and sexy, in a girl-next-door way.” Nicole reached between them and slipped him inside her. She moaned loudly as she clutched him. Trevor thrust hard upward. Their bodies rocked together slowly and sensually.

“You’d like to do more than just look if she was here, wouldn’t you? Maybe you’d like to touch her too, or even do this?”

Trevor moaned, “Mmm, yes. I’d love both of you in bed with me.” She could feel his cock twitch inside her so she knew just how much her husband liked the idea. Nicole talked him through the whole thing, and Trevor came quickly, but not before she had an orgasm too.

So yes, Nicole knew Trevor thought her friend was sexy. She wasn’t surprised, because honestly she’d always thought Abby was prettier than she was. If Abby flaunted it more, she would have a pack of guys chasing her. Nicole had always struggled with her weight, though she was pleased with her curvy body now. But Abby seemed to be able to eat whatever she wanted and keep her flat stomach and round ass.

“So what do you think?”

“I think you’re crazy, and Trevor is going to think the same thing.”

“You want the poor man to suffer?”

“He’s a big boy. I’m sure he can handle it. It’s only six weeks or so. Besides, there are other things you can do to help him.”

“We’re talking two months. That’s a long time to go without when you’re used to it like every day. And sure, there are blowjobs. But they aren’t the same as fucking.”

“Really? Every day?” Abby was surprised. She’d never been in a relationship where she did it that often, not that she would have minded. Sometimes she was frustrated that Ryan hadn’t been in the mood more often. She would try subtle things, like slip into lingerie. But she was not forward enough to just jump his bones.

“Just about. We’ve got a very active love life, which is why it would be so hard to bring everything to a halt. Come on, he’s going to be working so hard to help me. He really deserves this.”

“I guess he does, but I don’t know. It’s just so weird. Buy him some porn.”

“I promise you’ll be happy you did it,” Nicole chided. She thought she sensed a chink in Abby’s armor. All she needed was just a little crack to work her way in. “It’s not like you’re doing anything wrong, because I’m

asking you to do it. No one else would ever know about our little arrangement. It's just a way for everyone to have some fun together."

"But Nicole, I don't even think of Trevor that way," Abby complained. She couldn't believe it, but she was allowing for the possibility. She wasn't lying, she didn't think of Trevor that way. He wasn't quite like a brother, but she didn't see him as a guy either. Now that she did, though, she conceded he was handsome. He was almost six feet tall, with broad shoulders and strong arms. He kept his light brown hair short and wore a trimmed goatee. Trevor wasn't a jock, but he hadn't let himself go either. She liked what she'd seen at the beach.

"Are you saying my husband's not attractive?" Nicole said with mock offense.

"No, that's not it."

"So you do think he's good looking?"

"Yes, sure, he's a handsome guy."

"So?" Nicole knew she had Abby on the ropes.

"So, no. It's just strange, Nic. Could we ever look at each other again?"

"We all love each other. I think it's perfectly natural," Nicole answered.

"But," Abby stammered. She felt like she was losing the argument, but she didn't know why. Why would she let Nicole convince her to do this? She'd never even considered anything like this. Abby wasn't the girl who did crazy things or put herself out there. That had always been Nicole. She was thankful when Trevor came through the door at that moment. He would put an end to this nonsense.

"Did you guys miss me?" Trevor asked. He joined them in the living room, sitting beside Abby on the couch. Nicole had been in the big, cushy armchair with her leg up on the ottoman since after dinner.

"I did. Your wife has lost her mind. Did she hit her head when she fell?"

"Now what crazy scheme have you come up with?" Trevor asked. "If you want to rob a bank I am not going to wear pantyhose over my face."

"Cut me a break. I think Abby's just a little freaked out. I asked her to do a favor for us. For you, really. I want her to step in while I'm laid up."

"What do you mean?" Trevor asked.

"Doesn't she put it so nicely?" Abby interjected.

“I was thinking she could take my place in bed until my leg is healed up.”

Trevor just stared at his wife. He agreed, she had lost her mind. What was she thinking? He could just imagine how embarrassed poor Abby must have been when Nicole brought it up. Hell, he was embarrassed. He hoped she didn't think he was some sort of pervert. “You are crazy! I'm sorry about this, Abby.”

“Is it so crazy?” Nicole challenged. “You know how you get, And two months is going to be a long time. I don't want you getting all cranky on me because all you're getting is blowjobs.”

“Nic! Can we discuss this later?” Trevor turned apologetically to Abby. “Please don't think I'm some kind of sex maniac.”

“It's okay,” Abby said, trying to diffuse the situation. “Even though I do think Nicole is crazy, I also realize you guys are still newlyweds. I'm sure you're still doing it like rabbits,” Abby said, patting his arm, and then added, “I would be.”

“See, she doesn't think you're a sex maniac. Guys are all the same anyway,” Nicole chimed in.

“Not all guys,” Abby corrected, thinking about Ryan. “Some guys get too complacent.”

“I can't understand that. I can't see ever getting bored with sex.” Trevor said.

“So I'm not so crazy, am I?” Nicole said, with a big grin on her face. She was enjoying this too much.

“Yes, it does. Why would you bother Abby with this?”

“Who are we closer to? And she is currently single. I think it makes perfect sense, if you open your mind. It's not like you don't like her.” Nicole ignored the look he shot her. “I told her we've talked about it.”

“Oh my God!” It was Trevor's turn to blush. Now he couldn't even look at Abby. He really did love his wife. But sometimes he wished she wasn't so out there. She loved to push things. That was be a lot of fun sometimes. But it also made him wonder about when she would step over the line. This, he thought, was way over the line. At first he hoped the girls were playing a joke on him, but he could tell Nicole was serious. Just what did Nicole say to Abby while he was gone?

“There's no reason to be embarrassed. We're all friends here,” Nicole said.

“Really, you don’t have to be embarrassed, Trevor. It’s nice to hear, especially these days,” Abby said.

“And why do you think Abby would have any interest in this, single or not? I might not be her type,” Trevor yelled.

“You’re a really good looking guy, Trevor. I don’t think you should worry about that,” Abby said, and immediately regretted it. She hoped he didn’t think that she had been lusting after him.

“Thanks,” he replied, finally looking at Abby and putting his hand over hers. They clasped hands and he found he was looking at the pretty girl differently. Sometimes he and Nicole fantasized about threesomes in bed and Abby had come up in that, but he never considered anything like that in real life. He did appreciate her trim, petite figure. Usually he was drawn to curvier women, like Nicole, but Abby did have a great, round ass.

“So...” Nicole prompted.

“So, what?” Abby replied.

“Yeah, can’t you drop this?” Trevor added.

“No, because I know I’m right and you guys are just being uptight. Deep down you know I’m right.”

“I don’t know anything of the kind,” he mumbled. It was stupid to argue with Nicole, Trevor realized. How many men had had their wives encouraging them to sleep with their sexy best friend? He should be jumping at the chance, but he was worried they could be opening a can of worms. He didn’t want Abby to feel pressured into anything, and he didn’t want to ruin their great friendship if everyone felt weird afterward. Aside from all that, though, he couldn’t deny the idea was appealing. He was already thinking about what it might be like to be with Abby.

“What is it going to take to get you to let it go?” Trevor asked, looking at his wife.

“Why don’t you two kiss?” Nicole suggested, and then laughed when they both stared at her. “Come on, just kiss and see how that goes. If it’s totally icky and you guys are turned off, then I guess I’m wrong.”

“You just want us to kiss? While you’re sitting there?” Abby asked incredulously.

“It’s not like I can get up and go into the other room, is it? Unless you guys would rather go into the other room...”

“So you want me to make out with your friend, honey?” Trevor asked sweetly. “I just want to be sure.”

“Yes, I am not only giving you permission to kiss another woman, I am openly asking you to do it. Now stop behaving like thirteen year olds and do it.”

Abby stared at Trevor. She did feel like she was a kid again, waiting for some boy to kiss her at a party. Her stomach was full of butterflies and she felt a little queasy. She didn’t know what to do. Was she supposed to wait for Trevor to do something, or should she just kiss him? She couldn’t believe they were going to do this. She felt Nicole staring at them impatiently.

Okay, how do I do this, Trevor thought. Nicole was really going to make them do this. He knew she wasn’t going to get off it until they humored her, so he decided to do it. Abby was looking at him expectantly, like she was waiting for him to do something too. She looked nervous, and he understood how she felt. Trevor hadn’t so much as kissed another woman in the three years he’d been with Nicole. He suspected that if he ever was going to do it, he wouldn’t do so right in front of her. Trevor felt silly for dithering. It was just a kiss, right? Just a kiss and Nicole would be off their backs.

Trevor brushed back a lock of chestnut hair that had caught on the dark frame of Abby’s narrow glasses, leaned in and gave her a soft, sweet kiss. It wasn’t just a friendly peck on the lips, but it wasn’t a full-blown lover’s kiss either. It only lasted a couple of seconds, and he felt flushed when he pulled back.

“Is that it?” Nicole complained. “I meant a *real* kiss, guys. You can’t tell anything from a kiss like that.”

Quite the contrary, Abby felt a lot from their quick kiss. Her heart was fluttering and she was tingling. She thought perhaps it was one of the nicest kisses she’d ever received. If anything, she thought the brief kiss proved Nicole’s point, although she wasn’t about to admit that.

“That was a real kiss. I don’t kiss my mother like that,” Trevor protested.

Nicole pressed the point. “So how was it? Abby?”

“I, uh, I don’t know. It was nice.”

“Just nice?” Nicole asked.

“Yes, it was nice.”

“That’s a great compliment,” Trevor kidded. He still had a hand on Abby’s shoulder and was lightly stroking it.

“You know what I mean,” Abby finally admitted. “I liked it. You’re a good kisser.”

“See, she liked it. I think you liked it too, Trevor. So let’s go on. Really get into it guys.”

Abby and Trevor looked at each other and shrugged. She was getting annoyed at her friend for pushing and pushing, so she said, “What the hell? Let’s not disappoint her.” She took off her glasses and set them on the coffee table.

This time Abby leaned into Trevor and while their kiss started the same way, it didn’t stop after a couple seconds. It was not just a brushing of the lips, but a full kiss, and Trevor’s arms went around her while she held the side of his face. Abby liked the way his arms felt around her, the way he pulled her strongly against him and the way he kept after her with the kiss. She could feel his hunger growing and it fed her own. His tongue flickered across her lips and she parted them. He didn’t violently invade, but gently probed and she flicked her tongue back. She was so engrossed in their kiss that she almost forgot Nicole was sitting there.

Nicole was quite pleased with herself. She was always happy to be right, even if this was such a weird situation. She felt her own butterflies as she watched her husband and best friend making out so fervently, but it was good that things were working out the way she envisioned, at least for the time being. There wasn’t any jealousy, because these were the two people she trusted most in the world. And she felt a thrill at being part of something so illicit, even if just as an observer. Trevor pulled Abby even closer. She was practically in his lap now. He had a hand on her lower back and a hand on her side. Nicole thought he was very close to copping a feel. Abby ran her fingers through his hair and was breathing very heavy. The way she was making out with Trevor, it was obvious she’d been lonelier than she’d let on.

Trevor did forget his wife was sitting feet away. Once he’d started kissing Abby, he was swept up in the passion, all the blood rushing from his brain to his groin. She fit into his arms perfectly, and their chemistry sparked the second they kissed. A good kiss is like a good dance; it requires the right partner, and he and Abby felt right into step. Her lips were so soft, but there was yearning in her kiss. With his arms around her, he could feel how heavily she was breathing, and was glad that she seemed to be enjoying it as much as he was. He could feel the underwire from her bra

through her knit top and he stroked the side of her tit, suddenly shy about going too far. Abby turned her body, though, sliding her firm breast right into his palm. He massaged her quivering flesh. She took a sharp breath and pressed harder into his hand. Her nipple was rigid and dug into his palm, even through her bra and top. He knew he wanted to see and feel her topless. When he stroked her nipple with his thumb she shivered, and Trevor realized he'd found one of her flashpoints.

Abby pulled on Trevor's lower lip with both of hers, then kissed his face and neck, resting her head on his shoulder. She needed a moment to cool down before she totally lost herself, but he wasn't ready to let her calm down yet. He was kissing and lightly sucking on the side of her neck while gently pinching her nipple. Abby couldn't help moaning and kissed his shoulder. Having her neck teased had always been such a turn on, and always led to trouble when she let it go on, but her nipples were such an intense erogenous zone. They were so sensitive that sometimes she almost couldn't stand having them teased. They needed to be treated gently and Trevor was touching her just the way she liked it. It was tempting to pull off her top so he could touch her naked flesh, but Abby wasn't that far gone. Instead, she closed her eyes and enjoyed his touch and clutched at Trevor. When she felt like she really was going to lose control, she grabbed him and kissed him hard. She was the aggressor this time, holding his head and kissing him hard. She finally climbed onto his lap this time and pressed her body hard into his.

They kissed that way for a minute or two before she broke away and went back to sit on her side of the small couch. She was flushed and the room was deathly quiet, except for the raspy sound of her breathing and the hammering of her heart.

Nicole watched Abby and Trevor, very pleased with herself. As much as they protested beforehand, the two had only taken about two seconds to get into it. Abby looked shell shocked. Trevor looked like he was trying to figure out what to do next. Neither one of them so much as glanced at her, so Nicole decided to put them at ease.

"Cat got your tongue? Or was it Abby?"

"Nic!" Trevor chided.

"Oh chill out, I was just trying to break the ice. You guys seemed to slip into things okay, so feel free to tell me I was right at any time," Nicole gloated.

“All right, it wasn’t *all bad*,” Abby said and then giggled. “What do you expect me to say? Yes, Nicole, your husband is a great kisser.”

“Really? Great,” Trevor said.

“Dork,” Abby replied.

“And see, the world hasn’t stopped turning. Everyone had fun so I’m not so crazy after all.”

“Okay, you weren’t wrong, but I wouldn’t go as far to say you’re not crazy,” Trevor said. Nicole threw a pillow at him and they were all laughing, draining the tension from the room.

“So what are we supposed to do now? Just strip right down and do it here?” Trevor asked.

Seeing that Abby was going to protest, Nicole cut in before she could speak. She had no doubt that once Abby had time to reflect and process everything she would be on board. Abby was the type that needed to think about things before acting. If she had that time, she wouldn’t be able to blame either one of them if she changed her mind later.

“I think we should call it a night and we’ll all see each other over the weekend. Abby and I were supposed to go to the movies, but why don’t you just come over since I don’t think I’ll be up for it. We can rent a movie,” Nicole said.

“Just rent a movie?” Abby asked skeptically.

“Something like that,” Nicole answered and couldn’t help smiling.

“We’ll see,” Abby said. It wasn’t a no.

The girls hugged and Trevor saw Abby to the door, where they shared a lingering hug and kiss before she left. As soon as she was out the door Nicole called him back into the living room and had him help her onto the couch. He attacked her right away.

“So what did you really think?” Nicole asked between kisses. He was kissing her like a sailor just back to port. His hands were roaming all over her body. She dropped a hand down and shoved it inside his jeans after unfastening them. He was so hard she thought she could get him off in a minute if she wanted to.

“I really do think you’re crazy,” he replied breathlessly. He pulled her v-neck t-shirt over her head and unfastened her bra. Her large tits spilled out, as he leaned her back. She was proud that they still stood up pretty well though, despite their size. Her areolas were dark, almost brown and the size of coasters, with fat, stubby nipples, which Trevor pinched hard,

making her squeal with delight. Unlike Abby, her nipples were not very sensitive and she liked them played with roughly. The newlyweds even had a set of strong nipple clamps upstairs that Trevor had bought for their honeymoon. Trevor sucked hard on her quivering breast, pulling her nipple with his teeth until she yelped and gripped his cock hard. He was only ever this rough when he was really, *really* turned on.

“So you liked it? You want to do it again and go all the way?” Nicole breathed. She stroked her hand up and down his shaft while using her other hand down her loose shorts. She was only able to rub herself for a moment, though, because Trevor replaced her hand with his.

“What’s not to like? She’s a beautiful woman. If she wants to do it again I would, but what about you? You’re not jealous at all?”

Jealous or not, one effect of watching them make out was that her pussy was drenched. He ran his fingers down over her narrow landing strip and then her sodden lips. Her hips bucked up when he touched her. The sudden movement caused a shot of pain from her broken leg and she grimaced, but Trevor knew not to stop. They just had to be careful. Intercourse may be out. But fooling around was definitely allowed. He curved two fingers up inside her and she groaned when he rubbed her g-spot.

“I felt a little weird at first. It wasn’t quite how I expected it to be. Mmm, honey right there,” Nicole panted. “I pictured it like a porn, and it was sweet. But no, I didn’t feel jealous. I was happy you guys were having fun. Ohhh...”

“So you like to watch then?” He teased. He slid his two fingers in and out while teasing her clit with his thumb, and Nicole was doing her best to hold still, not aggravate her injury and still enjoy herself.

“Yes,” she moaned. “It was pretty hot. Mmm, faster, baby...”

“And you want to see me go all the way? You want me to fuck Abby?”

“Yes! Oh, yes, baby! I want to put you inside her. Oh Trev...”

Trevor thought that sounded pretty hot too and he thought it would be amazing to get both women in bed, but he didn’t think that would ever happen. Even if Abby wasn’t scared off by tonight, he couldn’t see the more reserved woman going for a full blown threesome. Still, he could fantasize, couldn’t he? Nicole was really working on his cock now while her cunt squished around his pistoning fingers. She cried his name loudly and heaved her body upward, cumming from his attentions. Trevor kept

fingering her as she gushed around his digits. She took his hand and removed it from her shorts so she could shift her body on the couch.

“That felt good, but we’ve got to be more careful. It hurts when I move my hips like that.”

“Sorry, honey.”

“Don’t apologize. It was amazing. And now it’s your turn. Kneel on the couch beside me, baby,” she asked.

Dropping his jeans, Trevor did as he was told and knelt on the side of the couch so his cock was just inches from Nicole’s face. She took control of his cock again, stroking it and bringing it closer. She rubbed the head against her lips so a string of precum stretched from his head to her full lips. She smiled. Nicole lashed out with her tongue, licking his head, then rubbing it on her cheek. It was all for show. She did it because she knew it drove him crazy when she acted all naughty. She flicked her tongue along the underside and he shivered, holding onto the arm of the couch for support.

“You really liked kissing Abby, didn’t you?” She felt it was her turn to tease now.

“Yeah,” he breathed. “She was a good kisser.”

“Bet you wonder how those lips will feel on your cock,” she whispered and kissed it. She took the head past her lips, but that was all, and she sucked it.

“Maybe...mmmm...yes...”

“And take her into the bedroom and fuck her, aren’t you?” She asked between licks.

“Yes, I wanted to pull her clothes off tonight. Honey, don’t tease me like this,” he pleaded.

Nicole felt she’d teased enough for now. She could tell her poor husband was right on the edge. She took all seven thick inches in her mouth and to the back of her throat. She sucked him hard while sliding him in and out rapidly. His head rubbed the top of her mouth, something that always got him off quickly. She put her hand back in her shorts and rubbed her own pussy again. In spite of the leg pain, she was still turned on and felt wicked lying on her back to service her husband. Trevor stroked her long, raven hair and looked down at her with pure desire, while she stared up at him with lust. She felt him clench up, then he shot his load into her

mouth and down her throat. She kept pumping his cock until she had him drained, then he did his best to lie beside her on the couch and hold her.

“I really do love you, honey,” Nicole said, kissing him sweetly.

“I know. I love you to. I just want you to know that this all really isn’t necessary. I *could* get by until you’re on your feet again. That was an amazing blowjob.”

Nicole laughed. “And then I’ll have lockjaw on top of a broken leg. No thanks. I think we’re all going to have a great time.”

Abby was naked on her bed, on top of the sheets. Her cat lay at the foot of the bed, staring at her curiously and cocking her head at the strange sound coming from Abby’s pussy. The cat should have been used to the sound by now as Abby had been using her Pocket Rocket a couple times a week ever since Ryan left.

Her legs were parted slightly and she buzzed the small, plastic toy right over her pussy, stroking it slowly in circles up and down her pussylips, then up over her hooded clit. She never put it right on her clit. That was just too intense. She cupped one of her breasts and was rolling a nipple between her fingers. Abby’s eyes were closed as she thought about how good it felt kissing Trevor. She thought about the way he touched her, and she tried to pretend it was him touching her now. She moaned very softly and tightened the circles she made with her humming toy, keeping it closer to her clit. Her hips jerked as she bit her lip, and her breathing came in great, big heaving sighs. It did not take her long to get off with the Pocket Rocket, especially not tonight since she was already so wet when she’d arrived home. She actually went straight to her bedroom and stripped off her clothes. The Pocket Rocket was always handy in the nightstand drawer. Her moans grew louder and louder as she felt that ball of pleasure gathering and tightening between her legs. She made little mewling sounds, then with a sharp, soft cry, it exploded. Abby tensed, curling her toes. Making herself cum wasn’t as satisfying as being with a man, but it still felt pretty damned good.

On her bed catching her breath Abby wondered what Nicole had dragged her into. She knew Saturday wouldn’t be “just watching a video.” Surprisingly, she was okay with that. She was almost embarrassed at how

easily Trevor had turned her on, and she hoped she'd done the same for him. It seemed like it. She wouldn't mind a repeat performance, but she didn't know if she could go all the way. Wouldn't it be just too weird? Especially with Nicole sitting there and watching. She had to talk to her friend and find out exactly what she thought and how she felt about it. She could well imagine Nicole having second thoughts. Her heart beat faster as she thought about being with a man after just having her toy or her hand for all these months. Even more than that, it had been almost two years since she'd been with someone besides Ryan. She wondered what it would be like, but quickly reminded herself that she didn't plan to let things go that far.

Abby wanted to reach for the phone and call Nicole right that moment, but she knew that would seem over eager. So instead, she washed her toy off with a damp washcloth, then took a long shower to try and cool down.

II.

It was a tense week for Abby. The more she tried not to think about Saturday night, the more she did. She was embarrassed by how much she was looking forward to it. She had a hot dream about Trevor after she came home that night and she was starting to think she could really go through with it, if it came to it. But she kept reminding herself that it was not going to come to that. She still felt that fooling around was one thing, but actually sleeping with her best friend's husband was a step too far. It didn't help her indecision when she met Nicole for lunch that Friday.

Nicole was still homebound and bored out of her mind, so she was glad for the company. She asked Abby to pick up a club sandwich and a Diet Coke. Abby just had a grilled chicken salad with a bottle of water. She laid out their lunches on the coffee table, where Nicole could reach things from the couch. Abby sat on the floor on the other side and tried to focus on eating her lunch. She wanted to talk about things, but she wanted Nicole to bring it up. If Nicole decided it was all a terrible mistake, it would be better to know that before she said anything. Abby was tense and didn't understand how Nicole could act so normally. She didn't understand how her oldest friend could take it all so lightly.

"So?" Nicole asked simply, before crunching on a chip from the bag that came with her sandwich.

"So?" Abby repeated, looking down at her salad and stuffing some into her mouth so she couldn't say anymore.

"You've got nothing on your mind? There isn't anything you're curious about?"

"Not really," Abby replied after she swallowed.

"So you don't think we should talk about your making out with my husband?" Nicole cocked an eyebrow and fixed her eyes on Abby, knowing it would freak her out.

"Oh God! You're mad. You can't blame me. It wasn't my idea..." Abby stammered.

“Chill out, Abby. I’m just messing with you. I’m fine with it. How about you?”

“Uhm, I’m...well...” It was so hard for Abby to come clean because she didn’t want to seem eager, but she had to tell the truth. “It was nice. It was good.”

“That’s what you said when Trevor was here. Now you can tell me how you *really* feel.”

“It was good, Nic. It was very good, okay? It was weird, especially with you just sitting there, watching us, but it was exciting.”

“Being alone with Trevor isn’t part of the deal,” Nicole laughed.

“I know! I wasn’t thinking about that part too much anyway. It’s just I never looked at Trevor that way before, and now I see him differently.”

“Like a love stud?”

“Nic! You’re so crazy. He’s a good looking guy and a great kisser. I can see why you married him.”

“So you’re not freaked out by what happened the other night?”

“Not too freaked out, I guess.”

“That means you’re still on for tomorrow night?”

“It’s just watching a video, right?” Abby asked innocently.

“Sure. Did I mention the movie was *9 ½ Weeks*?”

“Very funny. But that would be okay. It’s a good movie.” She felt the weight of Nicole’s stare and added, “We’ll see how it goes, okay? Nothing forced. If something happens, it happens. Okay?”

“Okay,” Nicole answered, her wheels already turning. She was only teasing her friend when she said it, but an erotic movie now seemed like a good choice.

“Good,” Abby agreed, not trusting her friend for a second. She knew Nicole would not just let things lie. If there was anything she was good at, it was getting her way.

+++

Abby changed clothes five times before going over to her friends’ place that Saturday. She tried on a couple dresses, then her favorite skirt, but it seemed too much. She wanted to look sexy, but not obvious. She wouldn’t normally wear something like that to see her friends, unless they were going out for the evening. After going through some tops she hardly ever wore

because they were too revealing, something Abby wasn't entirely comfortable with, but wished she were, she finally settled on her favorite jeans and a tight gray and white argyle cardigan. She knew the snug cardigan complimented her slender figure, and she left it open a button or two more than she usually would have. The jeans made her ass look great. As she turned in front of the mirror, she knew she had chosen smartly. She looked sexy, but not overstated. She put a little extra body in her hair, and she wore pink lip gloss so pale it was barely there.

Nicole had to prod Trevor to dress up a little for the evening. He really did act like it was just any other night, but he was just concealing his nerves. He knew exactly what was likely to happen that night. If they went through with what his wife wanted—if he had sex with her best friend, would things ever be the same again? But for all his fears, Trevor was excited to see Abby again. He just would not let Nicole see that. It would be unseemly to appear too eager to be with Abby.

"You want to look good tonight, don't you?" Nicole thought it was cute that Trevor was trying to pretend to be uninterested in fooling around with Abby when his excitement was so obvious. His enthusiasm for life was one of the reasons she loved the big lug.

"I don't need to look good just to hang out."

"Sure."

"Listen, Nic, don't push too much tonight. Just let things go organically. If anything is going to happen it will happen. You got the ball rolling and now you need to let it go."

"If you don't want to have sex I don't want to push it on you," she said with a grin.

"Ha ha." In the end, he put on a nice buttoned shirt and Nicole's favorite jeans.

Trevor greeted Abby with a typical hug and kiss, though the hug lingered. It was somewhere between friendly and romantic, and both were pleased. He hoped he wasn't obvious checking her out. The sweater hugged her chest nicely, showing how great her tits were. And her ass looked great in those jeans when she bent over to kiss Nicole hello. He couldn't help thinking about Abby out of those clothes, and felt a tingling in his groin.

They ordered Chinese and played cards while they waited. Trevor and Abby were careful around each other, but friendly, and even a little flirty. Their behavior was helped along by freely flowing wine. Abby's fingers

lingered on Trevor's hand when they exchanged cards, and Nicole smiled. She could see the barriers coming down.

"It's a shame this isn't strip poker," Nicole said, shuffling through her cards.

"That wouldn't be fair. You know I don't bluff well," Abby said.

"Maybe we should play that," Trevor added.

Abby smacked his arm. "You're not getting me out of my clothes that easily."

"So I'm going to have to put some work in, then?" Trevor was relieved when Abby smiled slyly at his comment.

"Just don't make it too hard, Abby. He's not the slickest guy," Nicole said. As they spoke, Nicole suddenly saw the pieces of her plan fall into place.

"Don't think it's a foregone conclusion he's getting lucky tonight. I'm just here to hang out. I'm no sure thing," Abby joked.

"Yeah, Nic. We're all just friends hanging out here," Trevor agreed.

Abby was relieved that no one was acting weird. She enjoyed flirting with Trevor, something she thought would be just too weird. The wine helped. She already felt a pleasant buzz, which added to a tingle she'd never felt around Trevor before. Nicole took up the entire couch, so Abby was sitting close to him on the loveseat. She felt warm where their bodies casually touched, and she couldn't help but think about how easy it would be to turn her head and just kiss him. She wished she was that forward.

Dinner was delivered shortly, and it was a quick, causal affair. They shared from the cartons Abby even pressed some stir fry into Trevor's mouth at the end of her chopsticks. Once the dishes and cartons were cleared away, the lights were dimmed and Trevor popped in a DVD.

The movie was something called *Allyson Is Watching*, and Abby could see why Nicole had chosen it. It looked like one of those late night cable movies, with more nudity than plot, though the acting was surprisingly good. It told of a small town girl who moves to LA and gets seduced by the fast life, and her sexy female next door neighbor, who she has been listening to having sex through their thin walls. The movie was not porn, but there were a lot of sex scenes, and they were artfully shot. Abby might have watched something like it with a boyfriend, but would have never considered it with her friends.

Abby could not help being turned on by the hot sex scenes, and shifted in the loveseat next to Trevor. She wondered if he could sense the effect the movie had on her. Abby pulled a blanket from the back of the loveseat and draped it over them, while Trevor slid his arm around her and pulled her close.

Abby was captivated as she watched Allyson, the cute small town girl, listening to her next door neighbor having sex. Allyson, fresh from the shower and nude but for a towel, crept closer to the wall, and slumped to the floor as she started touching herself. Abby could totally see herself in that scene, and in her mind she swapped places with the actress. Something about voyeurism and exhibitionism had always touched her in a forbidden place. It was something to be fantasized about, not acted upon. Although, there were a couple times when she'd messed around with a boy when there was a chance of getting caught; it had been so sexy. A damp warmth came to life between her thighs and Abby shifted, laying her head on Trevor's chest, very aware of how close they were. His heart beat quickly and she could hear its insistent thumping. Abby wondered exactly what he was thinking. Abby also could see Nicole glancing over. She thought Nicole was probably disappointed that nothing was happening yet. But the night was still young.

Abby's breath caught when she felt Trevor's hand take a slow, deliberate journey from where it rested on her hip to just below her breast. His hand was still hidden under the blanket and she pretended that she hadn't noticed his move, but waiting for him to go further was excruciating. His shyness was sweet, but Abby thought it was foolish since he'd already felt her up while they were making out a few nights ago. She moved, and with her arm just below his, subtly nudged him upward, letting him know it was okay. Really, it was more than okay. Abby was hot and needed to be touched.

Trevor felt silly when Abby nudged his hand. He lightly cupped her breast, almost like he was still trying to sneak up on it. She looked so great in that sweater he'd been thinking about touching her all night. She was showing just a hint of cleavage, something she never did. He softly massaged her, and Abby rubbed her face into his chest like a contented cat as she settled the full weight of her breast into his palm with a quiet sigh. He rubbed the round, firm mound with all four fingers and could just barely feel the hard pebble of her nipple through her sweater. When he focused

there, her breathing became noticeably heavier and Trevor was content to gently massage her through her sweater for a little while. He knew he was turning Abby on, which was important. He wanted to take things nice and slow, and draw out the tease. Nicole always became impatient when he teased her, and would turn into an animal if he kept it up long enough. What would make Abby lose control, he wondered?

She wasn't losing control, but Abby felt very, very good. She appreciated that Trevor didn't just grab and manhandle her. How many guys had grabbed her tits like they were kneading pizza dough? The slow, sensual touch got her every time, and Trevor was very good at it. The muffled sensations she received when he touched her tender nipple through her clothes were like slow, wonderful torture, so she was happy when he plucked open another two buttons on her sweater and stole his hand inside. She was happy to turn so he could fully reach her. His hand was so warm with just the thin, silkiness of her bra separating them.

Her bra, a sexy, dark purple number from Victoria's Secret, gave her the cleavage she lacked for her sweater, but it wasn't padded, and almost like Trevor was touching her bare skin. It was the *almost* that was so exciting. When he circled and then teased her nipple with his fingers, she really felt it, and with each tease a flash of warm pleasure tickled her pussy. He gave her a very light pinch with thumb and forefinger, and Abby closed her eyes and sighed from deep within her chest. She was trying not to shake, to stay still, but it was difficult because it just felt so damned good. Abby loved to be teased and Trevor was excellent at it.

Nicole watched Trevor and Abby surreptitiously, not wanting to make them uncomfortable. The glow of the television was the only light in the room, so it was difficult to tell what the couple was doing, but she saw Trevor slip his hand into Abby's sweater and her friend's body language told her just how much Abby enjoyed his touch. It was exciting for Nicole too, to see the two people closest to her enjoying each other. Watching such an intimate moment was even sexier than she'd anticipated.

Trevor thought his cock was going to burst through his jeans. He could feel it literally throbbing, begging for attention. Abby was quiet, but he could tell she was getting worked up. Thinking about all the things he wanted to do to her had gotten him fired up. As much as he was enjoying his hand in her sweater, he thought it was time to move on, so he released her breast and dipped his hand back under the blanket, this time rubbing

right between her legs. The time for caution was over. She felt hot down there, and she whimpered when he gripped her through her jeans. He knew there was an art to rubbing a girl through her jeans. Too hard and you hurt her, but too light and she didn't really feel anything. But if you could find just the right spot, apply the right amount of pressure, then you could get a reaction.

Something like a moan escaped Abby's lips and she put her hand over Trevor's, but not to pull it away. She did it to make sure he stayed in the right spot. He rubbed her pussy through her jeans and he pressed the seam between her legs so that it rubbed right into her clit. She felt a burst of pleasure, like a mini-climax. With her heavy breathing, it was harder to be subtle about what was happening between them, but she was nearly past caring how Nicole might react. She was getting what she asked for.

Abby unsnapped her jeans, and as soon as she lowered her zipper he pushed his hand inside both her jeans and panties. Her cunt was sodden and sticky hot and she trembled when he brushed his fingers over her swollen lips. He rubbed her mound, and joy rippled from down there through her entire body. Trevor pressed between her lips and dipped a finger inside to the second knuckle. Abby dug her fingers into his arm and closed her eyes tight as she softly moaned his name and turned her face into his chest. He only fingered her for a few moments and then found her clit. Abby started breathing so hard it seemed like she was going to hyperventilate. She'd always loved being fingered by a guy who knew what he was doing. They had to know how to touch her clit, and *damn* did Trevor know. He didn't just attack her there, that was too intense, but his light touch was just the thing. She whimpered constantly as she fought for control.

"Trevor," she gasped, working her hips to matching his fingers. She was so close to cumming, but she turned, taking his hand from her pussy, and kissed him hungrily.

Nicole could only guess at what was going on under that blanket, but whatever it was, it pushed Abby over the edge because her friend grabbed Trevor and kissed him like she wanted to devour him. Abby held the back of his head while her other hand was MIA under the blanket. Nicole thought she saw movement by her husband's lap. Trevor finished unbuttoning Abby's sweater, but couldn't get it off while in that position, so he just kept playing with her tits through her bra. Nicole wasn't emotionally jealous, but watching made her horny. She knew exactly Trevor was making Abby

feel. Underneath her own blanket, Nicole had her hand in her sweats and was stroking her own damp cunt. Trevor and Abby were all over each other now like she wasn't even there.

Abby straddled Trevor and ground her pussy against him while they kissed, tongues attacking each other. She raked her fingers through his hair, and after grabbing her ass, he moved his hands back to her breasts, this time cupping them both, then kissing them through her bra. Abby shed her sweater and unhooked her bra, shrugging out of that too. Trevor was surprised by how aggressive she'd become, but he was glad because he thought she might be very passive in bed... not that they were there yet. Her tits were just as beautiful as he thought they'd be. They just filled his hands. Her nipples were such a pale pink he barely saw them in the pale-blue light from the television. They stood out hard, enticing him to suck and lick them. Abby clutched his head and shivered with that sexy whimper she'd been doing. It was different from his wife, who was quite vocal. He nipped at her breasts and nipples, but very lightly as he could tell how sensitive she was there. Abby was grinding her pussy into him vigorously and suddenly, he was very sure they were going to go all the way now. He wondered if Nicole still thought it was a good idea, but he was too occupied with his sexy new lover to stop and ask.

Nicole quite enjoyed the show. Her pussy was saturated and her clit swollen past her lips. She didn't want to stop the momentum, but thought it was time to move things onto the bedroom. She wasn't sure the living room was quite the right place. She just hoped interrupting didn't irretrievably shatter the mood.

"Maybe we would all be more comfortable in the bedroom," Nicole suggested. When they didn't respond she cleared her throat and added, "Guys?"

Abby reluctantly pulled Trevor's mouth from her chest and kissed him with a smile before climbing off his lap. When she sat on the couch and faced Nicole she suddenly felt odd and shyly pulled on her sweater, holding it closed in the front. She really had forgotten all about her friend sitting across from them while she was fooling around with Trevor. Everything was so nice and felt so good that it seemed like it was just the two of them in the world. If Nicole hadn't said anything, how far would they have gone, she wondered. And how far were they going to go? The implications of moving to the bedroom were obvious. Despite her heart pounding in her

chest and her body aching for Trevor, Abby felt a stab of fear and uncertainty. Was this really a step they should be taking? Just because she wanted to do it—and oh, did she want to—didn't mean she should.

“It probably would,” Trevor agreed. Turning to Abby, “What do you think?”

She wasn't sure what she thought, but Abby nodded and said, “Sure, sounds like a good idea.” Abby waited nervously in the living room while Trevor carried Nicole back to the bedroom. She closed two buttons in the middle of her sweater and refastened her jeans because she just felt strange sitting there half undressed.

The bedroom wasn't large, but there was a big, comfy chair with an ottoman in one corner under a reading lamp, and Trevor positioned his wife there. While he was excited about being with Abby, it did feel strange sitting Nicole down there to watch them. He understood why she wanted to be there, but he was determined to put her presence out of his mind when things got started. If he focused on Nicole's presence instead of Abby, he was afraid things might not go well and he didn't want a bad showing. He was concerned with what Nicole might do while she watched them. Knowing her, it could be anything. He hoped she just quietly observed, like she just did in the living room. The last thing *he* needed was her coaching from the sidelines.

“Do you want anything, like a glass of water?” he asked his wife.

“No, I'm good. Are you ready, honey?” Nicole rubbed him through his jeans and felt for herself just how ready he was. She could see her husband's eagerness and thought she was in for quite a show.

“Yeah. It's weird. I hope Abby hasn't changed her mind.”

“I saw how turned on she was out there. I'm sure she hasn't changed her mind. Just be good to her and show her a great time.”

“I'll do my best,” he smiled.

“Don't be nervous. It's going to be amazing,” Nicole said reassuringly and took Trevor's hand before he turned away to get Abby. She pulled him down to her and kissed him. “I love you, honey.”

“I love you too, Nic.”

Abby jumped when she heard Trevor ask, from the end of the hallway, “Are you ready, Abby?” She took a deep breath to steel herself, and went to take his outstretched hand.

Although she'd been in that bedroom dozens of times while visiting, Abby felt like she was seeing it for the first time. A large queen-sized, pine, four-poster bed, with a low footboard that only came an inch or two above the mattress and a high headboard dominated the room. Her first thought was that there wouldn't be much to obscure Nicole's view. On the wall opposite the bed was a high, narrow dresser with a television on it. Nicole was in the chair beside it. On the left wall was a long, low dresser with a large, framed mirror. Abby always liked her friend's taste, but the furniture wasn't on her mind this time. On either side of the bed was a nightstand, each with a small lamp. Both lights were on, although someone had thrown sheer scarves over them. The result was a soft, subdued light throughout the room that would let Nicole see what they were up to without being intrusive.

Abby was suddenly nervous, like she was on a date and she was about to go to bed with a guy for the first time. It wasn't a feeling she'd ever gotten used to. It was excitement mixed with fear. She always worried about being hurt and disappointing her lover. There was also the natural fear of revealing herself intimately for the first time to a new person. She only wanted to show Trevor confidence, so she smiled when he led her to the side of the bed, the one away from Nicole. She went straight into his arms and brushed his lips with hers. They kissed tentatively, tenderly, just like the first time, setting the butterflies in Abby's stomach to flight. Then Trevor kneaded her round butt in both hands and she pressed her tongue forward to find his.

Trevor unbuttoned Abby's sweater, again, and tossed it onto the floor. Abby followed his lead, unbuttoning his shirt and kissing his chest while she worked her way down the buttons. He didn't have a six pack, but Trevor made an effort to take care of himself and was still fit. Sparse, light hair coated his chest. Abby ran her fingers through it while kissing back to his lips. She was much more nervous than she'd been in the living room, and *very* aware of Nicole in the corner, watching them. He removed her glasses and put them on the nightstand. It helped that she wouldn't be able to see Nicole clearly if she glanced in that direction.

With a subtle turn, Trevor tilted Abby back onto the high bed and laid beside her, with his leg draped between hers. They were kissing and taking their time exploring all the newly exposed skin. Abby liked the feel of his strong arms, and ran her hands up and down them while he kept her

distracted by lazily teasing her breasts yet again. All this teasing of her puckered nipples had her aching, and Abby twisted her body toward him, showing just how good his hands felt on her body. Her moan came as more of a sigh when he bent to capture a pale, pink pebble between his lips. But her quiet demeanor did not mean she wasn't on fire for him. Her passion was building to a bonfire.

Trevor unfastened her jeans and she pushed them down her hips with her panties to expose herself for him. There was just a light dusting of neatly trimmed dark hair on her mound and he trailed his fingers over it while flicking her nipple with his tongue between sucking lips. He pressed lightly into her and massaged her hot, slick lips before slipping a finger between them, but still he just ran his finger back and forth shallowly. Abby could barely stand it and wanted to scream, to rip his clothes off and pull him inside her. Trevor was already such a fantastic lover.

Nicole rubbed her pussy while she watched the couple on the bed. She was glad to see Abby push Trevor's jeans down and take out his cock. He was just above average, in girth and length, but more importantly he knew how to put it to use. By the way Abby stroked it up and down, it seemed she liked it too. Even from where she sat, Nicole could hear how wet her friend was when Trevor played with her cunt. Nicole rubbed her own clit aggressively and a powerful shiver rocked her body. She struggled to swallow her cries. She didn't want to do anything to distract the others, but Nicole was feeling so damned horny herself.

Trevor thought Abby had great hands. She caressed his cock tenderly, but firmly and precum leaked from the tip and onto her thigh. He was still sucking and teasing her tits, but it was becoming difficult to keep his attention on her. He wanted to just lay back and let Abby work her magic. She obviously wasn't quite the shy girl she appeared to be. Trevor had never been a fan of hand jobs, but he didn't doubt Abby could get him off this way if she wished. He just hoped that wasn't what was on her mind, possibly as a preemptive strike. She revealed she had other plans when she turned him onto his back and pulled his jeans totally off and threw them away. She kissed him and then started downward. Trevor stopped her.

Abby was confused. What guy didn't want a woman to go down on him? Was he having second thoughts? She was afraid she'd made a terrible mistake by getting too aggressive and wanted to cover up and flee.

“It’s okay, Abby,” Trevor said, reading the confusion in her eyes. “I’m just afraid if you do that, I’m going to finish in two seconds, and that’s not what I want tonight. Honestly, Nicole can still do that, and that’s not why we’re here tonight.” He had to laugh because he knew how silly his words must have sounded. He was relieved when Abby laughed too.

“Oh? What are we here for then? What kind of girl do you think I am?”

“I’m hoping to find out.”

After he got rid of the rest of their clothes Trevor lay between Abby’s legs and pushed her thighs wide apart. He was sure he would have cum if she’d gone down on him, but that didn’t mean he didn’t want to do it to her. He was glad she didn’t try and stop him. She was sopping wet and he just had to taste her. Her tang filled his nostrils as he peeled her lips apart and blew a stream of warm air across her clit. She twisted her entire body, almost like she was in pain, and a guttural moan escaped her lips. He wanted to make Abby scream, and wondered what it would take. He nudged her clit with his tongue and she twisted the other way, like a kite caught in high winds. But still, she just moaned softly. He traced over her engorged clit with the very tip of his tongue, then pressed his lips to hers in the most intimate of kisses.

Abby was out of her mind with bliss. Ryan never took this kind of time with her when they made love. She didn’t know if any guy had ever made her feel so glorious.

She couldn’t help looking over and, although her vision was fuzzy, she could tell Nicole was intently watching them. It also looked like she was touching herself. It made her feel good that Nicole was just as aroused as they were. It made Abby feel so sexy to know they were turning her on. She felt like a vixen performing in some sort of live sex show. It was an enticing fantasy. Her pussy seemed to hum, vibrating its pleasure throughout her entire being. His tongue and lips played her instrument like a maestro and she grabbed handfuls of the pillow behind her head, white-knuckled. Abby’s back arched and she thrashed to and fro, losing all conscious control of her movements. One leg kicked out while she bent the other and pressed her cunt up at him. She gulped in air and quietly cried, “Ah..ahhhh...ahhh.” Abby was not a screamer. The humming built to a crescendo, like a beaten gong, then those intense vibrations spread out from the strike and consumed her completely.

Trevor lay beside her, touching her everywhere, and Abby was all smiles. She grabbed and kissed him while reaching for his cock once more. It was hot and hard and she knew he was ready for her. She lightly used his cock to tug him closer and he smoothly rolled on top of her. With thighs splayed open, Abby rubbed his head against her slippery lips. Trevor was more than ready to just pound into her, but he let her take the lead. He understood this was the most important moment of that night and he didn't want it to feel forced. He didn't want Abby to have any regrets.

As if reading his mind, Abby looked up at him, eyes sparkling, and whispered, "I'm ready. I want to."

His head slipped wetly inside Abby and it took a lot for him to keep holding back. Her molten pussy seemed ready to pull him in and melt him down. He nudged deeper, slowly, while she raised her hips to him. They met in the middle, molded together, while she clamped down and her tight muscles fluttered around him. In a languid, fluid motion they moved together, Abby falling back to the soft mattress, then rising up again to meet Trevor's downward thrusts. Her body seemed to ripple beneath him and Trevor was mesmerized by the way she moved to his rhythm. He bent to lick her nipples, then she pulled him up to kiss her.

Watching her best friend and husband fuck was just about the hottest thing Nicole had ever seen. She'd always had a naughty side, but she never realized just what a voyeur she was until that moment. She liked to watch the occasional porn DVD with Trevor, but that did not give her the visceral, mind-bending thrill she was experiencing now.

Her husband was on top of her best friend, thrusting between her spread legs while he held himself over her and kissed. Abby flexed her hips to thrust back at him, like she had been born to do it. She'd never imagined Abby had such a sensual side. Not only did Nicole have a great side- and rearview, but she could also see the interaction between the couple in the mirror mounted over the dresser, on the other side of the bed. The room smelled of sex and the bed creaked rhythmically. She also heard the wet sucking of their bodies coming together and pulling apart.

Nicole was drenched. She lifted her hips just enough to pull her sweatpants down and expose her pussy. Rubbing her own clit was all well and good, but she was a big fan of toys -- and she thought ahead. She had placed her favorite vibrator in the cushions of her chair well before Abby arrived. It was long and thick and covered with a black, rubbery surface.

Nicole twisted the base, sure the couple would not be distracted by the quiet buzzing. She rubbed its vibrating length up and down between her lips, stimulating her clit. Nicole moaned loudly, then took it by the base and pushed it inside herself.

Abby didn't hear the vibrator when Nicole first fired it up. It was the moaning she got her attention, and she had to look. Nicole had her sweat pulled down and was vigorously pushing what had to be a vibrator in and out of her pussy. It could have been a destructive moment for Abby, to have her concentration broken and be reminded that they weren't alone in the bedroom. But it was actually an enormous turn-on to know that Nicole was so horny watching them. It was good that all three of them were getting something from the unusual evening.

Abby was getting a lot from it at the moment. Trevor felt so amazing as he throbbed and thrust inside her. It felt like he belonged there. Somehow, he was hitting every secret spot that set off skyrocketing in her head. They were moving faster and faster together. Trevor was groaning and moaning her name while Abby quietly moaned between ragged breaths. Her eyes fluttered open and closed. When they were open, they were trained in Nicole's direction, not Trevor. She perversely decided she liked being watched very much. She was deliciously close to cumming once again and hooked a leg around Trevor to pull him into her harder, then reached up and clung to the headboard, arms stretched taut.

Trevor heard his wife behind him and knew damn well what she was doing. While it was hot that she was getting off watching them, all he could focus on was his own impending orgasm. He was proud of having held out for so long when he thought he was going to cum within two minutes of being inside Abby. He felt her shaking uncontrollably and softly crying her little, "Ah..ahhhh...ahhh." He kept going still, even though it was nearly impossible when she tensed up around him. It was only when Abby went slack that he gave a final thrust, gasped her name and detonated inside her. With another couple hard thrusts he emptied himself into her, then laid on her and kissed her neck.

"Oh yes! Yes...yes...yes! Fuck, yes!" Nicole cried while the couple enjoyed a post coital cuddle a few feet away. She had the vibrator buried inside herself, and the little, mechanical vibrations flowed through her body, then built to an earthquake, leaving Nicole every bit as spent as the others.

The three of them laid there in a post-orgasmic fog, not thinking about what should come next.

III.

Life changed quickly for the new threesome. Awakening in her own bed the following morning—she was not comfortable staying the night—Abby wondered if it had been a one-night thing, or if Nicole really intended to carry this arrangement through the entire time she was in her cast. Everyone was happy and smiling when she left the night before, but Abby fully expected that Trevor and Nicole talked afterward and decided it was a terrible mistake. What if they could not face her? Before she knew it, Abby had herself whipped up into thinking she'd lost her best friends over one night of passion.

When Nicole texted her later to say what a great time they'd had last night, Abby breathed a huge sigh of relief. Abby was slightly less relaxed when Nicole followed up by saying they couldn't wait to see her again. She understood the implication. Now that she was no longer stressing over how her friends felt about their bizarre sexual encounter, she had to decide how she herself felt about it.

Only a liar would deny the sex with Trevor was amazing. Discovering she was something of an exhibitionist was an added bonus. Abby had not had so much fun in bed in a very long time, but she could not only think about carnal pleasures. She had to consider if going forward would irrevocably change her relationship with her friends. Abby also had to ask herself what it said about her if she just dove in without a second thought. Wasn't it wrong to sleep with a married man, even if you had the wife's permission? Abby didn't like to think of herself as uptight, but she was no hedonist either. She knew what Nicole would say about all her navel-gazing. "Stop over-thinking everything and enjoy yourself!" Perhaps now that was advice worth taking.

When Abby saw her friends the following Wednesday for dinner, she did her best to keep an open mind and assume nothing. But from the kiss from Trevor greeted her at the door with, warm, passionate, decidedly more than *friendly*, to the fact that she and him were groping each other like

teenagers not an hour after dinner, Abby knew Trevor and Nicole fully planned on their carrying out the new arrangement. It was on Abby to shut it down, and she had no desire to. When Trevor kissed her, she knew she wanted him again. Abby came over again on the weekend, and they still kept up with the thin pretext they were all hanging out as normal. It was only on their next Wednesday night dinner that things were sexual from the start.

“Hey Ab,” Trevor said at the front door. The door was barely closed when Trevor pulled her close and she molded her body against him. Their kiss smoldered and his massaging fingers on the back of her neck sent chills down her spine. She brushed the side of his face, and their tongues began a fierce battle when Nicole called for them from the living room.

“What, are you guys going to go straight to the bedroom?” she asked.

“No,” Abby replied, laughing. “I am here for dinner.”

“Sure,” Nicole said, with mock jealousy. “You’re after my man.” She really didn’t harbor any jealousy; she just preferred all the action occur where she could watch it.

Instead of cooking that night, they shared pizza. The low coffee table was covered with the large, flat box. Trevor couldn’t help but think of other things Abby could be doing with her tongue when she extended it to capture a long string on cheese on the tip of her slice.

While Trevor cleared the mess away, the girls chatted. Nicole pulled a Scrabble box from the lower shelf of the coffee table, while Abby extended the top to a height Nicole could easily reach.

“Do you need me to grab a pencil?” Abby asked.

“There’s probably one in the box, but I was thinking we can put a twist on it anyway, where scoring won’t matter as much,” Nicole said, grinning.

Abby could feel one of her friend’s crazy ideas coming. “Oh?”

“I think we should play strip Scrabble.”

Trevor walked into the room and handed out bottles of water. “You really are nuts. How would that work, dear?”

“Highest word score tells someone to take something off. It’s simple.”

“Yeah, simple.” He mentally inventoried the number of clothing items he wore—t-shirt under a blue striped dress shirt, khakis, a belt and socks. He wished he hadn’t taken his tie off right after work. Abby was in jeans and a sea-green tailored top with a few buttons open to show off a lace-

trimmed camisole. He assumed she also wore a bra, and her low brown boots probably had socks underneath.

If she hadn't been the one to suggest the game, Trevor would think his wife she was at a distinct disadvantage. All she wore was a white tank top over a black bra and loose, short yellow jersey skirt. And certainly panties. But she was a crackling good Scrabble player. And he knew all this goofiness was playing out exactly the way she wanted.

"Let's do it," Abby said. She was increasingly living her life just saying, "Yes," instead of fretting so much.

"All right," Trevor agreed.

Trevor looked from woman to woman after the tiles were handed out. He had a fine vocabulary, but he'd never been particularly good at pattern recognition, so he had trouble looking at his tray and seeing anything other than a salad of letters. When Abby went first and placed the word **PIE** he felt better. His **EVERY** was only a point better, but then Nicole blew them both away with **VALIDATE**. She dutifully recorded the scores and then looked at the other two eagerly.

Nicole planned to put her all into this game, because she thought it would be much more fun if she was in the driver's seat. Plus, she needed to keep ahead of the others given her lack of clothing. Picking on Abby would be the obvious choice. She expected her friend would be squirmier as the clothed came off, but she decided to make her husband strip first. She and Abby both deserved some eye candy.

"Go ahead, lover boy, take something off," Nicole directed.

Trevor looked surprised. "Oh. Okay." He unbuckled his belt and whipped it off, almost knocking the water bottles off the table.

"Really? You're counting your belt?" she asked skeptically.

"It's an item of clothing. No one said anything was disqualified."

"Fine. But shoes and socks count as one item."

"Okay," he agreed. Abby nodded.

Nicole won the next round, and off came Trevor's shirt. Nicole was pleased with his choice and planned to go after him next, but Abby won the following round. Nicole thought her friend would share her desire to strip Trevor, but instead Abby order Nicole to remove something. Nicole did not even hesitate to pull the tank top over her head and lay it on the armrest beside her. Her black satin bra boosted her tits, but was not all that fancy. Her nipples were fat nubs poking through the satin as Nicole felt the first

buzz of excitement at the game's possibilities. She assumed they all knew Abby would end up in bed with Trevor, but why not have some fun with it?

Trevor won next and decided Abby needed to lose some clothing. He watched eagerly as she started to unbutton her shirt, but then she stuck out her tongue and at him and took off her boots and socks. "I had you, didn't I?" she teased.

Abby stared at the letters in her tray, but concentrating was difficult. She was surprisingly jealous that Trevor kept staring at Nicole. To be fair, she *was* his wife, and more importantly, she was almost topless. And after all these years, Abby was used to men being distracted by her friend's breasts. Still, Abby had grown accustomed to Trevor's attention. Despite all that, when Abby had the highest score that round, she ordered Nicole to remove something else. It was fun to turn the tables on her when this was all her idea.

"I think you guys are picking on me because I have so little to take off," Nicole said. She unknotted the drawstring at her waist. The skirt was so loose that Nicole pulled it up over her tummy. It snagged on her chest, but she wrestled it over her breasts and pulled it off. Black boyshorts with little pink polka dots nominally matched her bra. She sat back in the chair, like being half naked in her living room with Trevor and Abby was the most natural thing in the world. Abby wished she had that kind of ease with her body.

On the next round, Nicole was finally on top again and went after Abby in retaliation. Abby seemed at ease when she took off her shirt, but then she was hardly exposed with the camisole she wore under it. Dark-rose bra straps tangled with the camisole's thin straps. Nicole was on a roll and won the next two rounds as well. Trevor's t-shirt came off, and both girls whistled at his chest, which he proudly puffed out. Abby stripped next. She appeared more hesitant to lose the camisole than she did her shirt. She looked down at her lap as she pulled it over her head and piled it onto her shirt. The dark-rose bra plunged in the middle, where a bow held the cups together, but pushed Abby's tits, a small handful, upward. Nicole approved, as did Trevor apparently. He struggled not to stare.

The game in general was turning him on. Nicole stripped to bra and panties was exciting, but seeing Abby in her sexy little bra had Trevor's cock at full mast. He really did love her perky little tits, and that bra

presented them perfectly. He thought he could even see the pebble-rise of her stiff nipples through the lace. He couldn't wait to get his hands on her.

Sitting with two sexy, half-naked women took a toll on Trevor's game. Nicole won a third straight round and ordered him to lose the pants. Stripping to his boxers left it apparent how much he appreciated the girls' nudity. It was Abby's turn to stare, and she wondered when this game was going to end. She won the next round and made Nicole take something off, because she would never get through the game if Trevor had his prick out. Nicole removed her bra and tossed it away with a flourish. She even cupped both her breasts, like she was weighing them. Her thick nipples were hard; touching them only made them pop out more. Abby's own puffy, pale nipples were so different, and she wondered what kind guys preferred.

Nicole was intrigued that Abby spent so much time checking her out. Would her friend be open to playing together sometime? It was something Nicole would be happy to explore. Trevor, however almost ignored her nudity and kept stealing sideways glances at Abby. They were practically pressed together on the loveseat, and Nicole thought it had to be affecting them.

"Something is very wrong here. You still have your pants on, Ab," Nicole said.

"That doesn't seem fair," Trevor agreed.

"It's not my fault no one's had me take off more. I am playing by the rules."

"We'll have to do something about that," Nicole said.

"You're welcome to try," Abby challenged.

"You're going down."

"If Trevor is lucky, maybe," Abby laughed.

"Haha. Very funny. You're lucky I don't finish undressing you myself," Trevor said.

"Now there's an idea," Nicole said. "Let's see what I can do about that."

Nicole proved her dominance and took the next round. She smiled and rubbed her hands together. "Okay, let's get those jeans off, Ab."

Abby unsnapped her jeans, but then Trevor pushed her hands away and said, "I said I was going to do this." He pulled her zipper down and tugged at her jeans.

"I can undress myself," she complained weakly. She was excited she finally had his hands on her.

“But it will be more fun if I do it.”

“It will, trust me,” Nicole agreed.

Trevor leaned over and kissed Abby as he pulled her jeans down. She had to lift her butt from the loveseat and he moved down as he pulled the jeans off, kissing her chest and then her tummy. After he dragged her jeans off her legs, Trevor held her hips and kissed her mound through her skimpy black, red trimmed panties. Abby parted her thighs and laid her head back against the loveseat. She stroked his hair and the sweet pressure of his lips on her pussy sent warm ripples of pleasure through her. She wished her panties were gone, too. Trevor was so good at going down. He did not stay down there, though. His stubbly chin tickled her tummy as he kissed back upward, covering her breasts with his hands before his lips reached them.

Nicole loved watching Abby squirm under Trevor’s attention. It was her new favorite thing. By the way her friend reacted, Nicole suspected that Abby had never had a lover as skilled as Trevor. Nicole was happy to share with her best friend. Trevor kissed Abby’s tits through her bra, and then hauled the straps from her shoulders and pulled the lacy garment down. When his tongue circled her nipples, Abby arched her back and sighed loudly.

Nicole recognized Abby’s cues by now. Her friend’s nipples had a direct line to her cunt. She watched Trevor go back and forth, teasing Abby’s tits, while Abby grew increasingly frantic. Abby raked her fingers up his back and held him to her chest. Her soft whimpers turned to raspy moans.

Nicole played with her own tits while watching, but the building need between her legs could not be ignored and she pushed a hand inside her panties. Her cunt was already soaked and Nicole cried out when she touched her own clit. Abby’s eyes fluttered open at the sound, and the women locked eyes.

A potent throb went through Abby when her gaze met Nicole’s. Being watched made her feel dirty. She wanted to show off. Trevor had her heart pounding from sucking on her nipples, but she pulled him up and pushed him back onto the loveseat. She did not go to her knees on the floor as Trevor had, but leaned over and grabbed his cock. She wanted Nicole to be able to see what she was doing.

Abby brushed her hair back over her ear as she kissed the crown of Trevor’s cock. She opened wider and took more of him sliding her tongue against his shaft. She felt his hand on her back and heard him moan her

name. Trevor lifted his hips from the loveseat, but she kept her fist locked around his base to keep from gagging on him. She had never mastered the art of deep-throating.

“Ahh..Abbb...” Trevor moaned.

Nicole did not care if it was strange or perverted. She loved seeing her man in action. Seeing him so turned on from Abby’s blowjob made her ache with desire. It was so different watching from a third-person perspective. As decadent as it sounded, she could understand why people went to live sex shows. She slowed rubbing her clit. She did not want to cum until Trevor did.

Trevor pulled Abby’s mouth from his cock, and she slurped as she gave up her lip-lock on him. He wanted to fuck Abby, not just cum in her mouth, and he wanted to do it in a way to give his wife the best view. For this, thought about all the porn he had seen through the years, because that was really all about providing the best angle to the audience. As they were sitting on the loveseat, he thought he had the perfect idea. After Abby shed her panties, he pulled her onto his lap, facing Nicole. She reached back for his prick and put it inside her.

“Ahhhh...” Abby gasped when she settled onto his lap. He was buried in her pussy and with her legs squeezed together, she felt so full. She moved her butt and his cock set off sparks inside her. Trevor swept her hair aside and kissed her neck while reaching around to play with her nipples. He gently tugged and rubbed the tender, pale nubs and she felt lightheaded. Abby cried out, “Ahhh...Trevvv...” as she came impossibly quickly.

Nicole’s only regret was that she did not have a camera, because this was the sexiest show Abby and Trevor had put on for her yet. Being able to see Abby’s face like that, see her whole body, was incredible. Nicole knew just how good Trevor made her best friend feel by the way Abby’s pale skin flushed from head to toe, and how her face contorted with pleasure. *That’s right*, Nicole thought. *My husband’s a stud!* She resumed rubbing her cunt because she knew those two would be finished pretty quickly.

Trevor moved his hands to Abby’s narrow hips and guided her up and down on him. Nicole could see his face through the veil of Abby’s hair. His mouth open and closed, gasping, as his brow furrowed in concentration. She thought maybe he was trying to hold out. Abby’s cry was accompanied by the sound of her pussy squelching around his shaft every time she plunged down on him. Her perky tits jiggled as she bounced on Trevor’s lap

and Abby grabbed and held them. If Nicole had been able to get up, she would have happily held those tits for her friend. She would have even reached down and rubbed Abby's pussy for her. Nicole rubbed her own cunt, though, and it was aflame. Her clit was so sensitive she could barely stand it. She could not put off her orgasm any longer.

"Oh fuck! Ohhhh!" Nicole cried, her climax seizing her body with ecstasy.

"Ahhh...Trevvv...ahhhhh..." Abby wailed.

"Abbbbbb...fuck..."

Trevor came seconds after his wife, pulling Abby fully down on his shaft and holding her while his cock pulsed his jizz inside her. She trembled in his arms and came right with him, going rigid before she slumped back against him. He wrapped his arms around Abby and squeezed her tight and kissed her cheek.

"Oh my God," Abby panted. "That was so good." Her brain was still fuzzy with bliss.

Nicole sighed and lay back in her chair. After downing her entire bottle of water, she asked, "Who's up for a game of checkers?"

They all laughed.

IV.

The next month seemed to fly by. The longer their arrangement carried on, the more curious she became about Nicole's watching. Abby didn't think she would be able to sit back and watch as Nicole did. Either she would be too jealous, or she would want to join the fun. Abby had always been curious about what it might be like to kiss or touch another woman, though she was too shy to do anything about it. She wondered what it would be like if Nicole joined them.

A couple times, Trevor went to Nicole after Abby came and Nicole finished him with her mouth, or he went down on his wife. Abby found watching them incredibly hot, and even began touching herself while they did it. Nicole never brought it up when they had lunch, and Abby just was not going to do it.

Abby could not help being sad when it came time to take Nicole's cast off. She naturally assumed everything would come to an end, and she would miss being with Trevor. It made her savor her time with him even more. She was in bed one night after a particularly hot session, when Trevor carried Nicole over and laid her on the bed beside her. Nicole was already stripped down to a lacy pink bra, which she was half pulled out of, and a pair of loose running shorts. It was the first time Nicole was in the bed while Abby was still in it. Usually, Trevor moved his wife into bed while Abby was in the shower. She had never spent the night.

"You guys were so hot tonight. Thanks for the show," Nicole said, patting Abby's sweat-slick arm.

If Abby had not already been flushed from exertion, she would have blushed. "Thanks. I'm glad you enjoyed it, too." Abby had been on her hands and knees, looking right at Nicole over the foot of the bed, when Trevor came inside her. Trevor loved her ass and had taught her to really love being taken doggie style. He returned from the bathroom with a cool washcloth for Abby. The ceiling fan spun lazily above them.

"We were wondering if you wanted to try something a little different next weekend," Nicole asked. She traced a finger up and down Abby's arm,

and the light touch felt good. Abby was always sensitive everywhere after she came.

“What do you have in mind?” Abby asked nervously. Nicole had proved anything could come out of her mouth. Trevor pressed the cool washcloth to Abby’s forehead, and then rubbed it over her breasts. The next weekend would be their last one before Nicole’s cast was removed.

“One of my college buddies is getting married and I was going to go alone since Nic is hurt, but I did RSVP for two, and I thought you should be my date for the evening,” Trevor said.

“Really?” Abby was surprised. It would mean they would be out together without Nicole, not that they would be doing anything at the wedding anyway. They would be in public, after all.

“Why not? I think you guys would have fun,” Nicole said. She caressed Abby’s hip, her touch light and watching her friend carefully. Before Abby started fucking her husband, she didn’t think Abby would have had a problem with being Trevor’s date for a wedding. But now, their going on a *date* would have a whole new meaning.

Abby did not know yet that there was a hotel room booked where the reception was being held. Nicole did not have a problem with Abby and Trevor being alone. She thought they’d earned that. “I’m completely okay with it. You guys have been housebound with me for more than a month. You deserve to go out and have fun. I’ll be fine,” Nicole said.

“Her sister is going to come over and take care of her,” Trevor said. He really hoped Abby would agree. He couldn’t imagine anything better than getting her dressed up for a night on the town. Abby was mostly a jeans and t-shirt girl, although she’d been making an effort to look nice for him, and he wanted to see her all made up. In hopes of influencing her decision, he rubbed the washcloth over her tits, bringing her pale nipples to hard little pebbles. He knew from her deep breathing she was becoming aroused again.

“I guess it will be okay. I could use a night out,” Abby replied. It was becoming harder to concentrate with the couple touching her. Nicole’s touch was so nice, just like how she thought another woman’s touch might be.

“It’s settled then. You guys will have a lot of fun,” Nicole said.

Nicole trailed her fingers over Abby’s leg and was surprised when Abby parted her legs wider. She was not sure how her friend would react if she

ever tried to join in. Now, she thought she should have given Abby more credit. Nicole did not look at her face. She did not want to spook her. Her hand was on Abby's tender thigh, just below her red, swollen cunt. Nicole felt the heat of her sex. Abby froze and gasped when Nicole finally brushed her fingers over Abby's dewy lips. Nicole did finally look up, just in time to see Trevor turn Abby's face toward him for a kiss.

Abby's head was spinning. The surprises just kept coming with Trevor and Nicole. She speared her tongue into his mouth as her mind emptied out. His fingers teasing her nipples and Nicole's fingers gently spreading her open took control of her. She reached out and found naked flesh wherever she touched; Nicole's soft, yield body to her right, Trevor's firm, masculine body on her left. Her fingers curled around his cock. He was already semi-hard. She touched Nicole's thigh, just below her shorts. Abby moaned into the kiss when Nicole's fingers curled inside her.

Trevor felt all the blood rushing to his cock. Of course he'd fantasized about this over the past month, but he didn't think it was a real possibility. He was beginning to understand that Abby had a wild side that had barely been tapped. He broke the kiss and lashed one of her nipples with his tongue. She gasped and pushed her tits at him, craving more. He sucked that same pale nipple drawing it out, and Abby whimpered his name. She turned the other way and kissed Nicole. Watching Abby kiss his wife full throttle made him hard as steel.

Kissing Nicole was hot, but not what Abby expected. Nicole was as aggressive a kisser as any man she had been with. Nicole held her head and pulled her into the kiss, holding her there, while her thumb found Abby's clit. Just a bit of gentle pressure made her entire body throb. She mashed Nicole's breast and kneaded it. When Trevor guided her, Abby easily turned onto her side, facing Nicole. With her legs slightly parted, he pushed right into her sodden pussy with a single thrust.

Nicole grinned when Abby tore away from their kiss to cry out. She was very familiar with the way Trevor could make one lose control. As she rubbed Abby's pussy, she could feel her husband's shaft sliding in and out of her. He took Abby slow and steady, no doubt enjoying the feeling of her hot cunt around his prick. She pressed Abby's face to her tits, and Abby started kissing, flicking her tongue out at Nicole's exposed nipple. Nicole reached down and finally unfastened her bra to pull it out of the way. She held her full tit up, presenting it to Abby, who sucked and kissed it with

gusto. Her own pussy ached for attention. Being in bed with them while they fucked was so much hotter than just watching. Abby's body rocked against her with every thrust. She took Abby's hand and moved it down to her pussy.

Trevor kept a hand on Abby's slender hip and leaned forward to kiss her shoulder while he brushed the sweaty chestnut hair away from her neck to kiss it. He looked over her body to share a smile with his wife. She winked. She knew how much fun he was having. Abby was so hot and tight around his cock, he was glad that he'd already cum, or this would have been over far too soon. He kissed Abby's neck and hammered her harder.

"Ahhh...ahhh...T-t-trevor..." Abby moaned, pushing her butt back at him. In that spooning position, he could not get too deep, but his cock hit all the right places. That, and Nicole playing with her pussy brought her to climax quickly. Even as she trembled and tensed, Trevor never stopped fucking her. He seemed to go even harder when he sensed she was cumming. Nicole rubbed her clit, and Abby's orgasm seemed to just go on and on. She was too nonsensical to respond. Nicole's hand was over hers, using it to rub her own cunt, and Abby just really followed her friend's lead. Her head rested on Nicole's pillowy breasts. From the way Nicole was carrying on, she was enjoying it.

"Uhhh...yeahh...fuck her Trevor...come on!" Nicole cried. She'd been quiet and respectful all this time, but she couldn't contain herself, not now that she was a part of it.

"Ohhh...honey...it'sss..." he responded.

"I want you to cum too, baby. Do it!"

Trevor turned Abby so she was more on her stomach, half draped across Nicole. He moved down just a little, taking Abby at a different angle. He could get deeper now, and put all his energy into fucking her. She cried out and clenched around his cock, and he knew she was cumming anew. Trevor was right there with her. Having Nicole command him to fuck Abby was the hottest thing ever. Their flesh slapped together. He drove into Abby before finally his whole body seemed to swell as he came inside her.

Nicole took Abby's slack fingers and concentrated them on her own clit, rubbing in a hard little circle. She wanted an orgasm of her own, and just a minute or two after the others, she had it. Nicole cried out and pulled the others against. A pang of pain shot through her injured leg, but she did not

care. She kissed Abby, then shared a kiss with her husband. They lay there in a tangle of limbs, gasping and utterly spent.

Abby let go of Trevor's hand and flicked open her small purse at the sound of an incoming text. The drive to the wedding was about an hour and a half and they were more than halfway there. It was late afternoon and the sky was battleship gray. The weather did not seem willing to cooperate with the wedding. She hoped it was inside, or at least covered. While the incoming thunderstorm would be a dramatic backdrop to a wedding, she did not think the bride wanted to be soaking wet on her wedding day. She found a short text from Nicole.

-Trev loves road head!

She smiled slyly and glanced at Trevor from the corner of her eye. He was focused on the road and his lips moved along to the song on the radio, *Right Now*, by Van Halen. Should she? It wasn't like she had never done that, but only late at night on desolate roads. Traffic was steady on the highway, and the occasional car passed on the left. Abby decided the Trailblazer was high enough that most people would not be able to see into it. She took off her glasses and put them safely in her purse.

"Whatcha doing?" Trevor asked when she clicked her seatbelt free.

Kicking off her heels, Abby turned, careful not to put a run in her stockings. They were black, with a diamond pattern, and she did not want to ruin them. She'd bought them special for tonight. She pulled at her dress to keep it from hiking too high. It was not immodestly short, but it did fall a couple inches or so above the knee. She leaned forward and caught his eyes as they flicked down at her cleavage, as revealed by her snug midnight blue dress. It was more skin that she would ordinarily show, and she had a sweater in case she changed her mind, but she knew Nicole would have her tits on display if she was there with Trevor. Abby wanted to be a hot date, too.

"Be careful," she said, with a quick kiss, then went to work on his belt and dark suit pants. When his cock was free, she lathered the crown with her tongue. Trevor eased his seat back to give her more room, and set the cruise control.

Abby felt him lightly stroke her hair as she descended, sucking him between her lips. She opened wider until his hot cock touched the back of her throat. Playing with the base and Trevor's balls, she slowly bobbed up and down, smearing her red lipstick along his shaft. She worked her tongue constantly along his prick while she kept her lips locked tight.

"Mmm..Abbb..ohhh..."

His moans encouraged her to suck harder. Abby was proud she'd rendered him speechless. She did not know what it was about her technique that was so special. Past boyfriends had told her how good she was at going down. She did not know what else there was to do. She just locked her lips around a guy's cock and sucked hard. She knew using her tongue to tease mattered a lot, so she did that. She pulled back and just sucked his head while swirling her tongue all around it. Trevor shivered and she felt the SUV sway.

Smacking her lips, Abby reminded him, "Don't get us killed."

"Don't worry. If I did that I'd never get the end of this amazing blow job. We're...ohhhh...safe."

Abby redoubled her efforts, her cheeks hollowing as she sucked him even harder than before. Trevor held the back of her head and lifted his hips from the seat. Her fist wrapped around his base kept Trevor from forcing it too deep. He turned up the radio, but his moans still nearly drowned out the music.

Glancing to his right, Trevor noticed that a large delivery truck had pulled even. The driver looked to be in his late forties or so, and what he lacked in hair, he made up for in girth. His truck sat at the perfect height for him to look down into the Trailblazer. Of course all he could really see was Abby's head bobbing up and down in Trevor's lap, but her shapely butt was also pointed directly at him. The driver's smiled and gave Trevor a thumbs up. Trevor tried slowing down, but the delivery driver kept pace. Trevor couldn't slow down any further without impeding traffic, so he just tried to ignore their audience and focused on the world-class blow job he was receiving. He already knew how great she was at giving head, but he was surprised she was doing it there in the car, in broad daylight. She focused on his cockhead again, and that pushed him over the edge.

"Aaahhhh...Abby!" Trevor cried.

Abby recognized by his tensing that he was about to cum. She took him to the back of her throat just as the first jets of his load blasted into her

mouth. She sucked and slurped at his cock until she'd sucked him dry. Abby sat up and pushed her hair back from her face.

"How was that?" she asked, wiping her lips on the back of her hand.

Trevor sighed. "Pretty damn good, but, uh, we have company." He nodded to the right and she snuck a quick look over her shoulder to find the delivery driver leering at her.

"Oh shit!" Abby sat with her back against the passenger door, afraid to look back. Her cheeks burned, and it was not just from being turned on. She was used to being watched by Nicole. She even liked it. But being watched by some dirty older guy was mortifying. She wondered how high her skirt had ridden. Did he see her ass? Or even her pussy? Her tiny thong didn't hide much.

"Hey, don't be freaked out," Trevor said. He reached out and stroked her knee. "Take his watching as a compliment. You probably made his day. Hell, you probably made his *month*."

"I guess you're right."

Abby put on her bravest face and turned to face forward. The delivery driver was still there. He applauded and she fought the urge to turn away again. Instead, she smiled sweetly and waved to him, before putting her glasses back on and flipping down the visor to fix her lipstick. Seeing his face clearly now, Abby could really tell he was leering at her. When her lips were painted red again, she blew their new friend a kiss, right before Trevor sped away.

The wedding was a fancy affair at an exclusive country club. Trevor and Abby checked into the hotel where all the guests were staying, then took a shuttle to the wedding. The ceremony was held on a patio that overlooked a lake and the golf course. Trevor introduced Abby before the ceremony started and explained the absence of his wife to the people who knew Nicole. Others probably just assumed Abby was his wife. He was pleased by the admiring looks Abby drew from his frat brothers.

She *was* beautiful with her hair done in waves and her makeup. The little cocktail dress hugged her petite body in all the right places, falling a bit above the knee and showing off cleavage, something he'd never seen from her. He hoped she would take off her sweater later. It was a far cry

from the girl with her hair in a ponytail and t-shirt he was used to. He didn't think he'd seen her so dressed up since she was the maid of honor in his wedding.

Abby's shy side kicked in as soon as they arrived and she stuck close to Trevor's side. She felt awkward holding his hand in front of the friends who knew Nicole, but she did not pull away. When a couple of his friends openly assessed her, she felt the heat rise to her cheeks once again, but was proud they found her attractive. She never sought attention, but she found she liked it when she got it.

The bride was a radiant, a tall, willowy blonde with a simple ivory sheath inlaid with beads on the bodice. Abby was not one to cry at weddings, but seeing a couple commit to each other in the wake of her nasty break-up with Ryan was hard. She clung to Trevor's arms and held his hand in both of hers.

The reception was just inside French doors beside the patio. A cocktail hour followed the ceremony while the wedding party took pictures on the golf course. Abby sipped a Malibu sunrise, while Trevor drank a beer and chatted with his buddies at the bar. Mostly, the guys traded old stories of their college adventures, while their wives looked on with boredom. Abby was happy to not have nothing to contribute. A couple stories of Trevor's behavior raised an eyebrow. It was hard to imagine him organizing a "Hottest Body Shot" contest at the frat house. It inspired the guys to do shots, but their women declined.

"Can you believe how much they regress when they get together?" asked one of the wives, who'd pulled Abby aside. She was a chubby redhead who spilled out of a strapless dress that seemed to defy gravity.

"I guess boys will be boys. It's fun hearing about how they were way back when," Abby replied.

"I guess Trevor doesn't constantly relive his college days, then? All Alec ever does is talk about how awesome college was. He makes it sound like he was Van Wilder. So how long have you and Trevor been together?"

"Not too long," Abby answered without thinking.

"That's the best time, isn't it?" The redhead dished. "Everything's new and exciting. You can't keep your hands off each other. Am I right?"

Abby didn't know what got into her. Maybe it was because she was already on her second drink, but she went with it. "Our time together has been pretty hot. I mean, every time we see each other, we're together."

“So you guys will be having fun tonight then. Wedding sex is always the best. I’m going to rock Alec’s world tonight, I know that.”

“I hope so,” Abby laughed. She felt like she was playing a role, and it was fun.

The introduction of the new couple followed, then toasts. Trevor and Abby were seated at a table with four other couples, all friends of his. It seemed the more Trevor had to drink, the less he seemed concerned about appearances. He put his arm around Abby and kissed her after a toast, despite the fact some of the people at their table knew she was not his wife. Abby was tipsy too, and just went with it. It was nice to have someone show her such causal affection. And she had always enjoyed PDA when she was drinking.

After dinner came the first dance, followed by the other traditions. When the dance floor opened for everyone, Abby gladly accepted Trevor’s hand and snuggled against him for a romantic slow dance. When the pace picked up, he begged off, but promised they would return. She was in the mood to have fun and was glad when the redhead found her and dragged her back out to dance. Abby was warm and left her sweater behind.

Trevor stood at the bar with his friends, but paid cursory attention to the conversation about baseball. He was more interested in watching Abby shake it on the dance floor. He knew she’d had a few cocktails, because she only danced like that when she was lit. Just watching her shake her ass and the way her tits jiggled when she moved had him hard. He was already thinking about dragging her back to their hotel room. One of his friends tapped him on the shoulder, drawing his attention back to the bar. His other friends had floated away.

“So what’s the deal with Abby?” his friend asked.

“I told you. Nicole couldn’t come, so Abby is filling in. She’s Nic’s best friend.” Trevor kept an eye on her on the dance floor.

“And?”

“And what?”

“Dude, you’re not looking at her like she’s just your wife’s best friend. You want to fuck her.”

“Come on,” Trevor weakly protested.

“Hey, I don’t blame you. She’s a hot little thing. I want to fuck her too.”

“She is hot. She’s got a great little ass.”

“See what I mean?”

Trevor laughed and forced himself to look away from Abby's dancing. "Listen, just because I appreciate her ass doesn't mean I'm going to fuck her."

"Do it or not, I don't care. I would if I could get away with it. Just don't get caught."

"I'll be careful." He felt like the luckiest man in the world. Not only did he have a sexy woman on his arm, but he had his wife's permission to fuck her as much as he wanted.

When the music slowed down again, Trevor rejoined Abby on the dance floor. He pressed his erection against her, and she pressed back. Her eyes twinkled. His hands slowly descended down her back to rest on her butt.

"What do you think you're doing?" she asked.

"What do you think I'm doing?" He squeezed her ass gently.

"I think you're mauling me in public." She moved against the lump in his pants.

"Mauling is a little extreme, isn't it?"

"I didn't say I minded. But what are your friends going to think?"

Trevor laughed. "Half of them think I'm fucking you behind Nic's back."

"If only they knew it was her idea."

"That would shock them. I think I'd rather have them think I am just getting a little extra on the side."

Abby leaned up and kissed him. "Speaking of which. I am ready to go back to the room when you are."

"Tired?"

"Not at all." Abby winked.

It only took Trevor about a half hour to say his goodbyes, then they caught the next shuttle back to the hotel. They nearly had the place to themselves. An older couple, someone's aunt and uncle, sat at the front of the shuttle bus, while Trevor and Abby went straight to the back. With the heavily tinted windows and only strips of LED bulbs for illumination, it was too shadowy in the back of the bus for those in the front to follow what was going on.

Abby pulled Trevor to her, pressed her into the back corner and put his tongue into her mouth. Her fingers ruffled his hair and she kissed him with the passion that had been building all night. It was fun playing the role of the other woman. It made her want to do dirty things. She nibbled on his

earlobe just the way that made him crazy while his hands roamed up and down her body, lingering in the places left exposed by her dress.

Passing his hand over her leg, Trevor felt the tell-tale outline of a garter belt strap. How had he not noticed that before? He was dying to know what else she wore under that sexy dress. He trailed fingers over her smooth, stocking-clad leg, but it was hard to focus on seducing Abby with her hot breath on his neck and sharp white teeth nipping at his ear. All the blood was rushing from his head and he was dizzy with lust. He pressed his hand up her dress and found the exposed flesh above her stocking tops. Her skin was scalding to the touch, and he felt the humidity from between her legs. His fingers danced their way higher, and her thighs parted for him.

Abby buried her face in the crook of his to stifle her moan. He stroked her sex through her tiny black lace thong, and it was almost like he had touched her bare pussy. The lace soaked through in a blink, just in time for Trevor to nudge it out of his way. She gasped and closed her eyes when his fingers slipped inside her. First one, then two, finger slipped into her and slowly stroked all the right places. She nibbled his lower lip, then kissed him again, her tongue teasing at his. She could hear the suction of her own wetness as he slowly fingered her. The hot pleasure that pulsed out from between her legs pushed all caution out of her mind.

Trevor went with it when she pushed his face down into her cleavage. He loved kissing her perky tits. He just wished he could get at them better. Abby shocked him by fulfilling that wish. She pulled down the zipper on the side of her dress, and pulled it off her shoulder, along with a thin, bowed bra strap. Her breasts were pushed up and out by a white lace trimmed demi-cup bra that barely covered her nipples. He dug the tip of his tongue at her nipple, and she helpfully pulled her bra down to expose herself. Her moans grew dangerously loud when he traced a nipple with his tongue, then sucked it. He wondered if they'd drawn any attention.

Glancing over Trevor's shoulder, he saw the other couple glance at the back of the shuttle bus. It was obvious she and Trevor were getting it on, but between the darkness and the high-backed seat in front of them, she knew they could not see any details. The husband openly stared, trying to suss out what was happening, until his wife punched his shoulder, and they both pointedly stared straight ahead.

Abby did not want to be the only one losing control, so she unbuckled Trevor's pants and forced her hand in. He wore boxer-briefs, her favorite,

and she felt the outline of his cock in them. She gripped his shaft and teased it, feeling a sticky spot of precum soaking through. But it was all she could do to just grab his prick, because Trevor's fingers were driving her crazy. When his thumb rubbed her clit, all she could think about was cumming.

Trevor had an insane thought, but hoped Abby was turned on enough to go with it. He pulled her out of the corner and onto his lap, facing forward. Lifting her slightly, he pushed his pants and underwear down, while hiking her dress around her waist.

"Trevor, what are you doing?" she whispered breathlessly. Her thong was torn away with a snap. "Oh! I don't know about this..." He forged ahead, pulling her back against him, and spearing her with his cock. "Oh! Ohhh..." Abby knew this was not wise, but it felt so good.

"Christ, you're so wet, Ab," Trevor groaned. He could not believe how tremendous she felt. She was on his lap, with her legs closed between his open legs. She moved in slow circles, and it felt like his cock was in a furnace. He held Abby's waist, guiding her movements. She gripped the bar above the seat in front of her with both hands and leaned forward, pushing that beautiful ass at him.

"Ahhh...I can't believe...mmmm...we're doing this..." she muttered between moans.

Abby felt so naughty. She stared at the couple in the front of the shuttle bus and she was sure they could tell what was going on by their pointedly *not* looking back. She had done a few crazy things in her youth, but nothing this crazy. Trevor pulled her back against his chest and swept her hair aside to kiss her neck. He touched her breast where her dress was pulled down. His nipple-play while she ground his cock made her melt. The small tremor of an early orgasm shivered through her. But she wanted the real, full-blown thing. She wanted them both to cum. Abby leaned forward, held the bar in front of her with white knuckles, and slide up and down on him.

"Ahhh...ahhhh..." Abby quietly moaned. For once, Trevor was glad she was not a screamer like his wife.

Trevor held Abby's hip and kept massaging her tit, knowing how she loved her nipples teased. The wet sound of their coupling filled the back of the shuttle bus, but he was sure the engine drowned it out. He urged Abby to move faster and faster. He'd wanted this all night and knew there was no holding out. It felt too good in her wet, velvety grasp. He lifted off the seat, slamming up into her, as she dropped back onto him.

"Abbb..." he grunted, spiraling out of control.

"Ahhh..ahhh...ahhhhh..."

When her climax came, it was blindingly intense. She just froze on Trevor's lap, distantly aware he was cumming inside her. Her body hummed like a plucked guitar string and she couldn't seem to get enough air. She was suspended in that state for what seemed like eternity, and then she sagged back against Trevor. He held her tightly, his heavy breath on her bare shoulder.

They barely had their clothing fixed by the time the shuttle bus pulled up to the hotel. The lights came on as the door at the front opened, and Abby took a last stab at fixing her dress. Her hair was mussed, but there was no helping that. The driver looked pleased as Trevor and Abby passed by, but the older couple were scandalized. The husband stared at Abby wide-eyed, while his wife shot daggers at Abby. Not a word was exchanged during the most uncomfortable elevator ride in Abby's entire life. She and Trevor burst out laughing the second the elevator doors closed behind them on their floor.

"You're turning me into some kind of sex maniac," she laughed, wiping tears from her eyes.

"Hey, I'm not the one giving blow jobs in the middle of the day. You started it."

"And I'm going to finish it."

They stumbled into their room and Abby made a quick detour into the bathroom. Amazingly, her stockings were not ruined. She did her best with her hair, but then decided the *freshly fucked* look was kind of hot. She stepped out of the bedroom to find Trevor sitting on the end of the queen-sized bed.

The only light in the room was a reading lamp by a chair in the corner, but it was enough for Trevor to see how gorgeous Abby was. The thought her unkempt hair just made her sexier. She unzipped her dress and let it pool at her feet before stepping out of it. She was every inch a goddess, from her stiletto heels, to those sexy patterned black stockings and garter belt. Her thong was gone, left ruined in the shuttle bus—that was cause some rumors among the wedding guests who left later. Her cunt was exposed, with its neatly trimmed V of hair just above her already red, swollen lips, all framed by the garter belt. Her sexy bra matched, and it seemed to be presenting her tits to him. It was all he could do to keep

himself from rushing to her. Abby folded her glasses and set them on top of the television as she walked toward him. She stopped between his legs and untied his tie.

"You're a little overdressed," she said, pulling his tie free and tossing it onto the bed.

"It didn't get in the way a few minutes ago," he joked.

"True. But I want to feel all of you."

Abby knelt down as she unbuttoned his shirt and kissed his chest. He loved how her soft hands and lips felt on his body. Once his shirt was gone, she shed his pants and he lifted up so she could throw them away with his underwear. Trevor was rock hard again. He loved "Abby the Vixen!" She pulled the straps of her bra from her shoulders and let them dangle while lifting her tits higher in the cups. Running her fingers through his hair, she pulled him forward.

"Ahhh...Trevor..." she cooed as he went back and forth, licking her pebble-hard nipples and lightly kissing them. She brushed his cock with her smooth, stocking-clad leg, and he was glad he'd already cum once. It would have been embarrassing to make a mess all over her thigh highs. She trembled while he softly teased her tits and she needed his hands on her sides to help support her.

Abby felt like her juices were going to run down her thighs. Trevor's slow tease made turned her to jelly. She wanted to seduce him, but it was hard to be in control when he was doing that. Finally, she pushed him onto his back and climbed onto the bed, straddling him. His cock stood tall and proud, and she grabbed it. All she wanted was to put him back inside her. Trevor helped her rise up, and then she dropped onto his cock.

"Ohhh...Christ...Abby..." Trevor moaned, freed from having to keep quiet. "Oh God..."

Abby braced her hands on his stomach and rode him as slowly as she could. She savored every inch slipping out of her, only to plunge back onto him. She felt every ridge, every detail of his shaft as it penetrated her. It was the ultimate want followed by the ultimate pleasure. Trevor just lay back and watched her. She felt so sexy. He traced his hands over her silky legs and then up her sides to cup her breasts.

"Ahhhh...ahhhh..ahhhh..." she gasped when he resumed teasing her nipples. They were sensitive to the point of pain, but she couldn't stop him. She wanted every sensation possible.

Abby's slow ride was wonderful torture. Trevor had not been seduced like this in such a long time. He loved watching Abby ride him. He wanted to burn the image in his mind forever. But he could not take that torture forever. He moved his hands back to her waist and increased her speed. Abby cried out, like she was cumming, and he took over, sliding her up and down on his cock. When he was sure she was cumming, he flipped them, turning her onto her back.

Trevor spied the tie he had been wearing beside them on the bed and wrapped it around Abby's wrists, which he raised over her head. Her hands were not really tied, but he pulled the tie tight, drawing them together. With the tie knotted in his fist, he kept her hands bound over her head. She cried out, looking up at him wide-eyed. Her pulled her legs up so her heels were by his ears and drove down into her forcefully.

"Ahhh...Trevor...ppleassee..."

"Abby...Christ..."

"Ppplleassee...ahhh..Trevor...don't stop...ahhh..."

It was the most vocal she had ever been, and he wondered if he should have tried tying her up sooner. He pulled on the tie, pulling her arms higher over her head and fucked her harder. The bed springs squealed in protest, and the mattress knocked against one of the nightstands, making the alarm clock rock until it tumbled over. The sounds of their flesh slapping together joined the sweet symphony.

Abby's cries became more intense. She kept pleading, "Ppplleassee...ppplleassee..." She tried to push back at him, but in that position, Trevor was in full control. He rammed into her, a blur, taking Abby powerfully. When she was wailing—actually wailing—he knew she was cumming and finally let go. He shot his load with his cock buried deep inside her. They kissed in a breathless frenzy until Trevor rolled off of her. They both quivered in the aftermath.

"Oh...my...God..." Abby sighed. In the last hour, she'd had the best sex of her life...twice. Fucking on the shuttle bus was quick, intense. When they fucked just now it had been otherworldly. When he pulled that tie around her wrists, it was like something opened inside her.

"Abby...damn..that was...damn..."

"I think I need to get out of these things and take a long hot shower," Abby said.

"Want company?"

"I think I need a minute. But you'd better be here when I get back."
Abby pushed off the bed, already thinking about round three.

Nicole perked up when she heard Trevor's key in the front door. She had sent her sister home when Abby texted that they were only a half hour away. Nicole thought Trevor would have dropped Abby at home first, but her best friend came striding into the living room ahead of him. She was back in her traditional jeans and t-shirt, but Nicole knew how hot she looked last night. Her husband had texted a picture. She couldn't wait to hear all about their night together. When she had asked Abby how it went by text, all she got in return was a series of smiley faces.

"I take you guys had a good time," Nicole commented.

Abby beamed. "Thank you so much for letting me borrow your husband."

"You're wel—"

Nicole was cut off when Abby bent over and gave her a deep, sexy kiss. Abby held both sides of her face and the kiss breathed all of her passion into Nicole. Nicole tried to catch her breath and grabbed her ass. Abby leaned on her knees between Nicole's legs, on the edge of the big, comfy chair. Nicole's cast was up on the ottoman, and Abby pushed her legs wider. As she leaned into the kiss, Abby's knee pushed against Nicole's mound, and she pushed back. Suddenly, Nicole's heart was racing and she wished the damned cast was not in the way.

Abby mauled Nicole's tits through her loose, V neck undershirt, Nicole did not feel much through her padded bra, but she loved that Abby was all over her. Abby kept going down, tugging at the pink, cut-off sweatpants she wore. Nicole lifted up her butt, but it was still difficult getting her pants off over the cast.

"These damned things need to come off," Abby laughed.

"I'm trying to help, hon," Nicole giggled.

When Abby finally flung the sweatpants away, she knelt between Nicole's spread thighs and kissed her shaved mound all over. Whatever happened the night before, it seemed to have changed Abby. Even though she was into it when Nicole and Trevor were together last week, Nicole

didn't think Abby had any real interest in being with another woman. If she had known, she would have made a move sooner.

Gradually, Abby focused her kisses on Nicole's pussy, lightly sucking her lips while running her tongue between them. Abby pressed her tongue deeper, taking long sweeps into Nicole's cunt. Every touch off Abby's tongue set off a new fire inside her pussy, and she gripped the armrests. Nicole ceased caring what had brought about the change in her friend.

"Ahhh...Ab...right there...ohhh yesss..." Nicole cried.

Nicole wiggled her hips, trying to keep Abby's tongue right where she wanted it. The tip of her tongue kept flicking at Nicole's clit, but that was just frustrating. Nicole wanted all the attention there. Abby split her lips and really got in there, slurping at Nicole's juices as she sucked and licked. A throbbing knot of pleasure took shape inside Nicole, slowly expanding as her impending climax took more and more of her consciousness. It wasn't the best head she's ever had, but if this was Abby's first time, she was doing a great job.

"Ohhh...fuck...Ab... Yes! Fuck yes!"

Abby focused all her attention on Nicole's clit, sucking hungrily and working her tongue in a zigzag. That knot inside Nicole expanded exponentially faster until the big bang. Nicole shouted as she came, throwing her head back. She shrieked Abby's name and pounded her fist on the arm rest. The throbbing pleasure consumed her entire body, from the top of her head to the tips of her toes. As the throbbing petered out, like the ripples from a stone thrown into a pond, she was left languid and smiling.

"So how was my first time?" Abby asked, finally looking up and making eye contact from between Nicole's thighs. Her mouth and chin were soaked, and she licked her lips. She had wanted to take Nicole by surprise and that mission was accomplished. Nicole looked like she was in a stupor.

"Awesome. Come here." Nicole held her arms out and the women hugged and shared one more passionate kiss.

After a night of incredible sex with Trevor, and a repeat that morning, Abby wanted to do something special to really thank her friend. Being with another woman was a long-held fantasy that she never dared to entertain until now. Abby had used her new boldness to just go for it. She didn't even warn Trevor. She looked back and saw him standing in the doorway, watching with keen interest. His thoughts were written all over his face.

"Why don't you help your wife up to the bedroom?" Abby asked.

“That’s a great idea,” Nicole concurred.

“What man could resist that,” Trevor said.

Abby kissed Nicole again. “I’m going to miss this,” she said.

“Just because my cast is coming off doesn’t mean we have to stop playing. I am sure we can come to some arrangement,” Nicole said.

“Maybe.” Abby had given it a lot of thought, and as much fun as she’d been having, as much as she would miss sex with Trevor, she didn’t think it was a good idea for this to be their new normal. It couldn’t be healthy for her friends’ marriage, and she truly wanted to find a love of her own. But that didn’t mean they could *never* play around. “Maybe on special occasions.”

“Isn’t your birthday coming up?” Nicole winked.

“I see an incredible night out for that,” Trevor said.

“And more fun when we get home?” Abby asked.

“We can figure that out later. Let’s enjoy what we have right now. I want both of you in my bed now,” Nicole demanded.

Abby stood up and pulled off her t-shirt, revealing a sexy yellow lace bra beneath. “You’re right. The future can wait. You guys lead the way.”

The three of them went up to the bedroom and enjoyed each other for the entire afternoon. Deciding their future together would have to wait for another day.
