## **About the Author**

Kirsten McCurran lives in the suburbs with her husband, young children and a dog named Jake. She lives out her vivid fantasy life through her writing. Kirsten is most interested in exploring the fantasies and inner sexual lives of women like her. The more she writes, the crazier her fantasies become and she's just as excited to see what she comes up with next as she hopes you are. Kirsten is the author of 19 ebooks. She would love to hear feedback on her work and can be reached at [kmccurran@gmail.com](mailto:kmccurran@gmail.com) or through Twitter [@kirstenmccurran](https://twitter.com/kirstenmccurran).

## CHAPTER ONE

“Are you really going to tell him?” Melanie asked. She was gaping at Kyra across the table. The lifelong friends were enjoying happy hour drinks at a trendy bar and were lucky to have found the high, round table in the crowd. It probably did not hurt that the women were both attractive. Two guys in their late twenties, just a few years younger than Melanie and Kyra, had offered up their table when they first saw the women come into the bar. But the guys spotted the ladies’ wedding rings, so after buying them a round, they’d moved on.

“I think I have to. The guilt is killing me,” Kyra replied. She was making quick work of her second glass of wine.

“But is that any reason to tell Ethan? I mean, if assuaging your guilt is the only reason you want to tell him, is it worth it? All you’re going to do is make him miserable. Maybe even ruin your marriage.”

“Well, the marriage isn’t perfect now, is it? I almost cheated on my husband,” Kyra replied. She finished her wine and went to the bar to fetch another round.

Melanie was not sure which shocked her more, that Kyra had come so close to cheating on her husband of thirteen years, or that even she might still destroy everything by telling him. Okay, technically Kyra *did* cheat by most people’s definition. She had been fooling around with Bill, her co-worker, but she had stopped short of actual sex. Kyra avoided specifics on just how far she’d gone. Still, Melanie could not believe her friend had done anything at all.

The women had known each other since middle school and while Kyra had as much of a wild side as anyone, she was never destructive the way some of their friends were. Kyra had never crossed that line. She always did the right thing, and her marriage to Ethan seemed perfect from the outside. They met in college and married two years after graduation. Two kids, a son and daughter, followed in the first few years, then Kyra resumed her career without missing a beat. But the truth was that Kyra’s

marriage was anything but perfect. Kyra wondered why she'd sought refuge in a workplace romance. Things had not been right with Ethan for a long time, and when Bill started flirting with her, she could not resist. In the beginning, she thought it was all just an innocent office flirtation. He would compliment her on how nice she looked and say things like, "It's a shame we're both married."

Since her sex life with Ethan had become so limp, it was nice to know she was still desirable. Kyra had always turned heads. She was not gorgeous, she believed, and had never considered herself sexy. Hers was more of the girl-next-door look. With her almost white-blond hair and porcelain skin, almost everyone told Kyra how cute she was. Since the kids came along, she'd worn it in a short bob, even though she knew her husband preferred it longer. It was just easier to manage this way in her limited time. She was not tall, just under five-and-a-half feet, but she had a nice curvy figure all through high school and college that kept the boys coming. But the two pregnancies had taken their toll. Those last twenty pounds just wouldn't come off, and sometimes she wondered if Ethan just didn't find her attractive any longer.

When Bill's advances went past simple flirting to suggestive IMs and emails, Kyra did not encourage him, but she also did not tell him to stop. He grew more brazen over time and she had to admit, some of what he wrote got her hot. She'd go home to Ethan all fired up, but he'd rebuff her advances, or they would just have their perfunctory sex. That was when she began to send some provocative emails of her own. Melanie was right. Kyra always did the right thing, which was why it felt so naughty and so good to play around with Bill.

Kyra returned with their drinks and Melanie asked, "So what are you going to tell him?"

"I think Ethan knows *something* was going on."

"Aha! I didn't think this was just simple guilt."

"I *do* feel guilty, Mel. And I could be wrong, but Ethan's been acting weird lately. Whenever he looks at me, it just feels like he knows something."

"So?"

"So, I'm going to tell him that I became close to another man, but that nothing really happened."

“Then you’re not coming totally clean?”

“Well, I don’t think he needs the gory details, does he?”

Kyra wasn’t ready to tell the whole truth because that would mean admitting that she had strayed, and she did not want to end her marriage. Whatever problems they had, she still loved Ethan and thought their marriage could be saved. But she didn’t know how he would feel if he knew *everything*. If Ethan had done what she did, Kyra didn’t know if she could forgive so easily.

The naughty fun crossed the line when Bill asked if she wanted to have drinks after work. Deep down, she knew she really shouldn’t, that it would probably lead to trouble, but she convinced herself that since they were both married nothing would happen. She assumed Bill wouldn’t break his vows either. She called Ethan and told him she had to work late and asked him to pick up the kids from daycare. That was the first real lie she told her husband.

After a couple hours and enough drinks to leave her feeling buzzy and free, Kyra was pressed against the cool stucco wall outside of the pub, battling Bill’s tongue with her own.

Inside, he’d been charming and their banter had been flirtier than ever. Bill confessed that he’d always had the fantasy of sneaking off for a quickie in the restroom of a bar just like that one, but he’d never been with a woman adventurous enough to try it. Kyra admitted the idea was sexy, but she couldn’t see herself doing something like that. *Maybe when I was younger, if I were drunk enough, but not now*, she thought. She reminded herself that she was a married woman, and a mother to boot!

But as the liquor flowed, Bill moved on from just touching her hand here and there to rubbing her arm and touching her back. She allowed it because she liked the way Bill saw her, as the kind of woman who *might* sneak off to the restroom with him. And he was an attractive enough man. He was a handful of years older and about average height, with a body that hadn’t gone completely to seed yet. His dark hair had thinned and gone gray just enough to be distinguished. When he leaned over and kissed her, she did not know what to think. When it was more than just a peck, she responded without thinking and nodded dumbly when Bill asked if she was ready to go.

As they left the pub, Kyra's rational mind warred with the fiery sensations working through her body. The kiss had been nice. God, she couldn't even remember the last time she'd kissed anyone like that besides her husband. She wouldn't mind being kissed again. *No*, she told herself. *You can't do that. You need to tell Bill goodnight and get out of here!* She fully intended to do that as he walked her to her minivan, but when they stopped in front of it, they did not say goodnight. He kissed her and pulled her into his arms. When she opened her mouth to his, he turned so that Kyra was pressed against the wall. She was caught in the moment. The part of her brain that screamed for her to get out of there was silenced. Instead, she held Bill tight and kissed him with a ferocity that had been building up for months.

The sun had just set and the parking lot was empty enough that no one bothered them as they made out like horny high-schoolers. She was wearing a light jacket over her peach sweater and he slipped his hand inside it, cupping her breast. He probably couldn't feel much through her sweater and lightly padded bra, but *she* felt something. Her body responded to his touch. It was hot to be illicitly groped like that right there in the parking lot. Bill pulled his lips from hers and sucked hard enough on her neck for Kyra to whisper, "Be careful." The last thing she needed was for him to leave a mark! He did have nice lips and his kisses on her neck made her yearn for more. Her pulse was pounding and she was getting damp down below. It didn't help that drinking had always made her an easy mark.

Going back to college, Kyra always got frisky when she'd had too much to drink. She was in that state when she first met Ethan, and let him drag her back to his off-campus apartment. She had left him satisfied that first night, but she was also impressed that he didn't try to sleep with her. He might have been successful if he'd tried.

Bill tried slipping his hand under her sweater and that's when she brought things to a halt. If they hadn't been standing out in public, maybe she wouldn't have had the willpower, but she was not going to go any further in public. "Bill, don't," she'd breathed, putting her hand over his. He made another half-hearted attempt, then stopped.

"Sorry," he said. "I don't know what came over me." Kyra knew exactly what came over him, because she was feeling the same way, but one of them had to assert their sanity.

“It’s okay,” she said, kissing him. They said an awkward goodbye, then she sat in the minivan for another twenty minutes before she felt like she could drive. She hoped breath mints hid the alcohol on her breath and went straight upstairs when she got home, telling Ethan she did not feel well.

Kyra could have just chalked it up to drunken foolishness if things had ended there, but their make-out session only seemed to inflame Bill, and his advances became stronger. Something had been touched inside her as well and, to her shame, she encouraged his advances even more. The next day he sent her an email:

Kyra,

Last night was amazing. You have no idea how much I wanted to pull you into the back seat and take you. I could tell you wanted it to by your kisses. Touching you like that was even better than I imagined. I couldn’t take my mind off you all night. I couldn’t stop thinking about what it would be like to touch you without clothes in the way, to kiss your soft skin everywhere. I don’t think I can look at you now without imagining how you’d look in the heat of passion! Don’t try to tell me you’re not feeling it too! I can’t wait to do it again.

Bill

When she read that email, and a strong need and dread surged through her simultaneously. Obviously this was no longer an innocent office flirtation. Despite the fact she was playing with fire, Kyra could not help herself and replied to the email, telling Bill that she had been thinking about him as well and wondering what it would be like to have him inside her. It was an incredible thrill for someone who never did the wrong thing. She kept their relationship at erotically charged emails for the next several weeks, although she did start dressing differently for work, wearing tops that would show off her breasts, which she considered her best asset. She was lucky they stayed perky after her pregnancies, and even grew a little, although she did not need the help. She had been a solid C-cup since she was a freshman in high school. She’d always had a nice, round ass too, although these days she wished it were a little smaller. Her flirtation with

Bill actually got her to drag out her old exercise videos and started working again to get in the shape she truly wanted to be in.

“Are you still with me?” Melanie asked. Kyra was so caught up in reliving her misdeeds that she forgot her friend was even talking.

“Sorry, I was lost for a second there.”

“You looked like you were a million miles away. You’re right, I don’t think Ethan needs all the details, but if you’re going to confess, you need to make sure you tell him enough that it qualifies as the truth. If more comes out later, or he finds out some other way, it will be worse.”

“You’re right. Don’t worry, I still love Ethan and I will do whatever it takes to make sure my marriage is whole.”

“Be careful when you say *anything*. Ethan could come up with some crazy punishment.”

“Ethan would never hurt me, even though I’ve hurt him. He’s just not vindictive,” Kyra said, looking at her watch. “Wow, we’ve been here way too long.”

Melanie checked the time on her cell phone. “I told Jack I would be home a half hour ago!”

The women quickly finished their drinks and grabbed their things. As Kyra worked her minivan into traffic, she thought about exactly what she was going to tell her husband. She resolved to do it tonight, before she lost her nerve. If Melanie knew everything that had happened, Kyra was sure her friend would never counsel her to tell Ethan *everything*.

Melanie only knew about everything that led to the kissing outside the pub. The truth was that Bill had lured her out once more, and that time things got out of hand.

After weeks of pleading from Bill, Kyra finally relented and agreed to go to lunch with him. It was just the Thursday before. He drove and she didn’t realize they weren’t heading toward a restaurant until he turned in to the parking lot of the Sheridan near the airport. She sat with her hands clasped in her lap and would not look at him. Finally, he said, “Kyra.”

“Bill, what are we doing here?”

“Isn’t that obvious?”

“But we shouldn’t. We never talked about this.”

“I know, but I thought if we did, you would get scared and turn me down flat. I know you want this, Kyra. You’re just afraid.” He took her

hand.

“For good reason. We’re both married, Bill. We both have kids.”

“And no one will ever know about this. I know you’re not happy. I haven’t made love to Julie in months. This is just for us, Kyra.”

“Bill, I don’t know.”

Before she could say anymore, he pulled her into a hot kiss and she did not hesitate this time. She responded wholeheartedly. Honestly, just sitting in the parking lot and considering going up to a hotel room with Bill had her heart pounding. Deep down, underneath the girl who always did the right thing, was a bad girl dying to break out. She was a girl who had sexual fantasies full of danger and forbidden excitement, of things she could never tell her husband. It was that girl that kept kissing Bill, then told him to park the car.

Bill already had a keycard, so they went straight through the lobby and up the elevator to the room, which held two double beds and a long, low dresser and a small sitting area with a loveseat and desk. The bathroom was larger than she expected and she locked herself in, telling him she wanted to freshen up. She checked her hair and make-up, but really she needed to steel herself. She wanted this, but fear gripped her stomach and she couldn’t decide if she should run from the room or go out there and tear Bill’s clothes off. It had been a long time since she had been the sexual aggressor. She came out of the bathroom and stood in the short corridor, halfway between the bedroom and the door and he called to her.

The room was unnaturally quiet and she bent over between the beds to turn on the clock radio on the nightstand. It was just another stalling tactic, but she didn’t know what else to do. She was waiting for him to make the first move. Kyra found an adult contemporary station and when she straightened up, Bill was standing behind her. He put one arm around her waist and handed her one of those tiny bottles of whiskey from the mini bar. It burned her throat, but she drank it down and felt its warmth spread through her chest. He was kissing the back of her neck and chills went down her spine. She closed her eyes, leaned into him and only released as he unbuttoned her shirt and she felt his warm hand on her stomach. She was self-conscious about the shape of her tummy these days, but Bill’s soft lips on her neck helped her put that out of her mind. When her fitted blouse was unbuttoned, he pulled it apart and caressed her from her stomach to just

below her breasts. Kyra shivered every time his fingers brushed the cups of her lacy, ivory bra and she wished he would go higher. She was not wearing one of her plain, padded white bras, and she couldn't help but wonder if she *wanted* something to happen when she'd dressed that morning.

Kyra moaned softly when Bill finally cupped her breast and kneaded it. She just knew he could feel her hard nipple pressing into his palm and it was confirmed when he gave it a light pinch through her bra. They were a very pale pink, almost a pastel, and puffed out from the tips of her breasts. It was embarrassing because if she was not wearing a padded bra and became chilly, or aroused, it was patently obvious, even through a sweater. She loved having her nipples teased, but Bill only spent a moment there before going back to massaging her whole breast and then working on the other. Too many men, in her experience, were too rough and ready to maul her breasts rather than gently tease them.

Bill concentrated on getting her black slacks unsnapped. She was rubbing her ass back against his crotch and could feel his erection through the fabric and she was excited to know she'd caused it. She almost unsnapped her slacks herself out of frustration, but he finally got it and slipped his hand down inside them. Her slacks were tight, tighter than she would have liked, but he still worked his hand down and rubbed her through her silky panties. God, she was already so wet. He pressed his fingers against her mound and she jumped, unprepared for the feeling that surged through her. Kyra bit her lip, but couldn't keep quiet as he rubbed her down there. She grew weak in the knees and turned in his arms, pulling his lips to hers. She couldn't just stand there anymore while he touched her.

Tugging his orange polo shirt out of his pants, she pulled it over his head, then fell right back into his arms. His chest was nice, with a sprinkling of hair, which she ran her hands through while they kissed. He eased her back, and when she felt the bed against the backs of her knees and pulled him down to it. Bill was draped over her, with a leg between hers, and tilted her head back so he could kiss and suckle her neck. He had trouble with her bra clasp. She did help this time because she had no patience. She threw her bra to the side and he cupped both breasts while going back and forth, kissing them both. His lips kept brushing across her nipples, driving her mad. She wished he would take one in his mouth and

suck on it. With her hand behind his head he finally got the point, but he suckled her more gently than she would have liked.

Still, she was burning inside and thought of nothing besides their coupling. Together they worked her slacks down to her knees, dragging her panties with them. The silky hair over her mound was so fine and sparse, Kyra never had to do anything with it and Bill had no problem finding her lips down there and slipping a finger between them. She cried out and gripped him tightly to her breast when he pushed his finger deep inside her.

Bill added a second finger and she worked her hips to meet his movements. She was so drenched she could hear her pussy wetly sucking his fingers inside her. It had been so long since she'd felt like this! She hadn't wanted it so badly in such a long time. Kyra pulled at his khakis and had to roll him onto his side to get his belt and pants unfastened. He stopped touching her long enough to help get his pants off and she kicked out of hers as well. Suddenly, they were both naked on the bed.

Being nude in front of Bill gave her pause. It was the first time in years that any man other than her husband was seeing her naked, and her body had been very different then. But Bill was not deterred and that made her want him even more. Seeing his lust for her was the perfect aphrodisiac. But guilt tugged at her heart when she thought of Ethan. She shouldn't be doing this. She knew that, but the need had become so strong it was too hard to deny. They lay side by side on the bed, only inches apart, kissing and touching each other. Kyra wrapped her hand around his cock and found it hot and hard. He was slender and long. What would he feel like inside her? The thought of Bill actually fucking her added more guilt, but then he was curving his fingers inside her, finding her g-spot and she couldn't think clearly. She did not *want* to think clearly. Her mind was spinning, her entire body seemed to crackle with energy and she felt her climax closing on her.

Fear seized her heart when Bill rolled her onto her back. He was on top of her and she could feel his cock leaving a sticky trail as the hot head dragged across her thigh. She was still slowly playing with it as he positioned himself so she could put it inside her. Kyra was so close to orgasm when he took his fingers from her. She knew he wanted to be inside her, but she wouldn't do it. She couldn't do it. When it came to going all the way and fully violating her marriage vows, she just could not do it.

"Bill, wait."

“What’s wrong, hon? You’re so ready. I can feel it.” As if to make his point, he slid his fingers back inside her, harder this time, and her entire body stirred. He wasn’t wrong. She did want it.

“Bill, I’m sorry, I can’t. I just can’t.” But her protest came out as a moan and she gripped his cock harder. God, he was bringing her right back to the edge of orgasm again, but this time he was not stopping. He kept fingering her, hard and fast, and she was helpless to resist.

“Oh yes!” She cried, arching her back and going rigid, like she’d grabbed a live wire. That intense current ran through her, from her pussy straight up to her brain, spreading out through her whole body, and Kyra’s brain exploded. It was a release she needed so badly. Masturbation just was not the same. Her mind was so clouded with pleasure that she did not notice Bill had stopping fingering her and taken her hand from his shaft. It was only when she felt the head against her that she came to her senses. She pushed on his chest. To his credit, he did not try to force the issue, but rolled away.

Bill lay on his back with his hard-on curved up along his stomach and he looked miserable. As good as she’d felt a few seconds ago, Kyra now felt like she was going to cry. She was full of guilt for cheating on her husband and for leading Bill so far down this path.

“I’m sorry, Bill. I just can’t. I thought I could, but I can’t take things that far. I’m sorry. I never meant to lead you on.”

“I guess I understand,” he stammered. He was staring at his cock like he didn’t know what to do with it. He was still as hard as ever. Being so close to Kyra, with her chest heaving and the scent of her sex hanging in the air, probably did not help. He had made her feel so good that she couldn’t just leave him like that.

Kyra touched herself. She was soaked, and so was the duvet beneath them. It was easy to slick her fingers. She saw Bill watching her touch her pussy, so she made a little show of it, taking her time. It did feel so very good. She was still tender down there and it would be so easy to bring herself off again. She touched her clit and moaned loudly, and not for his benefit. She’d always fantasized about putting on a little show for Ethan, but had never done it. She didn’t want her husband to think she was a tramp. But in the hotel room, with Bill, it was different. She didn’t have to worry about what he thought. After all, she was already naked in a hotel

room with him. Her plan changed and she wetted her other hand with her pussy too. For a few moments she held herself open and slowly fingered herself, pushing fingers deep into her velvety cunt. She was moving her hips and kept her eyes on Bill the entire time. He looked like he couldn't believe what he was seeing.

Bill reached for his cock, but she pushed his hand away. Instead, Kyra wrapped her slick fingers around his shaft and jerked him off, moving her hand up and down him while she rubbed her own pussy. She felt so very dirty, and it felt so very good. It was so far over the edge for her. Their eyes were locked together and he reached out, kneading her breast and pinching her nipple. That was all she needed, and Kyra exploded again, her second climax just as shattering as her first. Her back arched off the bed and she cried out, not caring how loud she was.

"Ah fuck, Kyra," Bill gasped. His cum jetted into the air and coated her hand. She kept jerking his cock until he went soft, then rolled over and faced away from him while her tremors subsided.

Kyra grabbed her clothes and went to the bathroom. She scrubbed at her hands and saw Bill's thick cum coating her wedding ring. The reality hit her. Maybe she hadn't let him fuck her, but she'd still cheated on Ethan. The tears came first, then body-racking sobs. She hoped the running water hid the sounds. Kyra cried and scrubbed her hands almost raw. *You horrible slut*, she told herself. *It doesn't matter how it felt! It was wrong and you know it!* It was so strange to be crying so hard while still feeling the afterglow of her orgasms. She felt like she was losing her mind. That hackneyed phrase came to mind: how could something that feels so good be so wrong? Kyra tried rationalizing that this was partially Ethan's fault for neglecting her. She even tried to convince herself that he was ignoring her in bed because he was having an affair of his own, but she didn't really believe it.

After she pulled herself together, she came out of the bathroom to find Bill dressed and ready to leave. He couldn't look her in the eye. Even though it was petty, she hoped he felt as guilty as she did. "This can never happen again, Bill. You know that, right?"

"I know. I know it was wrong, but I can't tell you I regret it. I just can't Kyra." He crossed the room and kissed her. It was almost sweet. She

knew it would be their last one. He was right. Even though it was wrong, Kyra couldn't make herself regret it, not entirely.

That had been a week ago and she'd been filled with guilt ever since. Every time Ethan looked at her, she felt certain that he knew. She almost told him a dozen times, but she was afraid Ethan would leave her. It went on that way until she just couldn't take the guilt any longer. It was a physical knot in the pit of her stomach, like a heavy rock just sitting there, and she knew it was going to pull her under if she didn't get rid of it.

## CHAPTER TWO

Kyra parked the minivan in the driveway and found Ethan in the kitchen with the girls. Watching him give their daughters their dinner filled her heart with love. She just stood in the doorway and watched them until Ethan noticed she was home.

"I didn't hear you come in," he said. "I hope you girls didn't have too much fun." There was a time when he would have crossed the kitchen and kissed her. He did not. Would they ever get back there? When did they lose that tenderness? "Have you eaten?"

"No, we just had drinks. I'm not hungry, though." She did not think she could eat.

"Are you sure? There are some extra fish sticks."

"Hi, Mommy!" Callie called, waving fingers sticky with catsup. She was the big sister, almost five. Up until recently she would not eat anything but chicken fingers, but they finally convinced her to eat fish sticks because they looked enough like the nuggets. Kyra came around and kissed both Callie and her little sister, Caren, who was three. Caren was eating fish sticks because she always had to do exactly what her sister did. Kyra was glad that her girls were like peas in a pod. She'd always had a contentious relationship with her own sister and did not want to repeat that with her own children. She also kissed Ethan on the cheek.

"Are you okay, honey? You seem strange," he said.

"It's just been a long week. I'm glad to be home."

Callie started chanting, "Mommy's strange! Mommy's strange!" Caren joined in. They kept it going, giggling in between and it echoed around their large, open kitchen. This was their dream house and the kitchen had been built exactly how Kyra wanted it. The perfect home was just one more way her life seemed perfect on the outside.

Ethan wasn't buying it. Even with the distance that had come between them, he could tell when something was bothering his wife. She'd always been an open book to him. Something major had been on her mind all

week, but he wasn't ready to drag it out of her yet. He was afraid that if he pushed, it would just lead to a fight and he did not have the energy for that. They rarely fought, but when they did it was terrible. He realized that sometimes he just avoided her because he did not know what to say.

It was strange what their marriage had turned into. It wasn't like they fought all the time or disliked each other or did not like to spend time together. Ethan still thought his wife was very funny, just like when they met, and he loved spending time with her, but it was more like they were friends, or roommates. Kyra was a great mother and he still loved her, but the passion seemed to be gone. Sure, they still occasionally made love, but it was always the same thing.

It was usually a Friday or Saturday night after the kids were in bed and they were turning in for the night. At some point, Kyra had stopped wearing cute little negligees to bed and now slept in a baggy t-shirt and loose shorts. They would be cuddling, talking about what had gone on during the week and her proximity would make his cock stir. They would start kissing and she would turn out the bedside light and pull the t-shirt over her head. He knew that she was self-conscious about her body since the kids, but he still found her sexy. She still had those great breasts and he actually thought her butt looked better with a little more meat on it. He liked seeing her body, but she always turned the light out and she never dressed to show it off anymore. He didn't expect her to run around dressed like a hooker, but it would have been nice to see her curves now and then.

And besides, it wasn't like Ethan was still the trim young man she'd married all those years ago. Ethan's six-foot frame was still in generally good shape, but the weekly basketball games were long gone, and his waist had expanded to show it. His brown hair was still all there, thank God, but there was a bit of gray in his goatee to show he was in his late thirties. But the only time his wife ever showed off her chest anymore was when she occasionally wore a tight top to work. The dowdy clothes made it hard to think of Kyra as his sexy wife, not just the mother of his children.

On sex nights, once they were both naked—as expediently as possible—she would play with his cock for a couple minutes while he touched her, then he would roll on top and they would do it. He couldn't remember the last time they did anything other than the missionary position. It still felt

great and he came inside her, even though he suspected she was faking at least some of the time. And that was it.

Ethan missed the hot, fiery sex they used to have. It wasn't like he wasn't still horny. He knew Kyra was too. He knew about the vibrator at the back of her sweater drawer. He'd heard her using it one night when she thought he was still downstairs watching television. Knowing she was doing that turned him hard instantly, and he wanted to go into the bedroom, but he thought if she wanted him to know about her toy, she would have told him. That was the basic problem. There was too much unsaid. There were certain things he could never tell his wife, that was for sure.

After the kids were bathed, read to and put to bed, Ethan thought they would sit down to watch a DVD they'd rented, but Kyra told him she wanted to go upstairs and take a bath and read for a bit. It was on the tip of his tongue to ask her what was wrong, but he just let her go upstairs and flipped around the dial. He did not realize how late it had gotten until the eleven o'clock news came on. He shut off the television and head up to bed, wondering if tonight would be one where he got lucky, or if Kyra would already be in bed. She didn't seem like she was in the mood.

Ethan was surprised to find his wife still awake. She was sitting on the bed in a green v-neck t-shirt and matching terrycloth shorts. Her knees were tucked up against her chest and she looked nervous. *Okay*, he thought. *Maybe she's ready to talk*. He pretended not to notice her state and walked around to his side of the bed. He pulled off his shirt, kicked off his sweatpants and joined her on the bed. She sat silently beside him until he felt like they might stay that way all night if he didn't say something.

"Is everything all right?"

"Ethan, we need to talk," she said quietly. His stomach flip flopped. *We need to talk* are the four words no man wants to hear.

"Okay. Whatever it is, I'm sure it's nothing we can't deal with together."

Kyra looked into his understanding eyes and did not know how she was going to get through this. There was no way she was not going to hurt him, but she had to tell him what she'd done. God, she didn't even know where to begin.

"Before I say anything else I want you to know that I love you. I have always loved you and this didn't have anything to do with that," Kyra

started. She hoped he would just let her get it all out.

"That doesn't sound good."

"Just let me tell it all before I lose my nerve. I don't think you'll be shocked if I say things have not been exactly right between us for a long time. I don't think our marriage is coming apart, but I just don't think we're coming together anymore. Sometimes it just doesn't feel like we're really a couple anymore. We're just not connecting on an intimate level."

Ethan nodded. Although he felt sick to his stomach, he kept his mouth shut. He did not want to jump to the worst conclusion.

"I'm not saying any of that is an excuse for what I did," she went on, even though she knew that was exactly how it sounded. "It's just that I want you to know that was the frame of mind I was in. You see, this guy at work started flirting with me." She saw Ethan's face harden. "And I flirted back with him. I thought it was just a harmless thing. You know how that can go sometimes. I always liked to flirt in college. Well, things went from just flirting to emails, and then he asked me to meet him for a drink one night and I agreed."

Kyra couldn't look at her husband at all as she explained what happened outside the pub that night. When she finished the room was deadly silent. She didn't know what she would do if Ethan started crying. She wanted him to scream at her, get angry, call her names, but the silence was terrible and if he cried it would kill her.

"So that was it? All you did with this guy was kiss him?" Ethan kept an even monotone. He did not want to lose his temper. He was afraid of what he might say. Everything Kyra said leading up to her admission was true, but that did not give her license to go off with another guy. He might have lost it on her if he weren't carrying some guilt of his own.

Kyra felt like a specimen pinned to a board. Now that she had told him part of it, she felt compelled to tell him all of it. But could he forgive her? Would it end their marriage? She tried to think how she would feel if he made a similar admission. She would be furious if he did anything with another woman, but touching someone as intimately as she did with Bill was so much worse than just kissing someone. What if Ethan had gone to a hotel room and stripped another woman naked? What if he had gone down on her? Somehow she did not think his getting a handjob, like she'd done to Bill, would be as bad. That was such a passive act. She couldn't imagine

Ethan being with someone else. Still and all, she felt like she had to tell him the whole thing. It would always be something between them if she weren't completely honest now. Melanie was right about that.

"There is more," she said tentatively.

Ethan sighed. Did he really want to hear it? Did he want to hear his wife tell him she slept with another man? He didn't know if he could take it.

"Tell me all of it. It's better to just get everything out now, but I can't promise how I am going to react," he said.

"I know. I know I've been terrible." Kyra couldn't stop the tears.

"Don't start kicking yourself now. Let's just see if we can deal with this." He took her hand. He could never stand to see her cry, and as mad as he was his, first instinct was to comfort her.

So Kyra told him—about going up to the hotel room with Bill, and about jerking him off. "I couldn't sleep with him. I just couldn't do that, because I love you," she said.

She told Ethan that she gave Bill the hand job out of some twisted guilt. She did not quite tell her husband all of it, though. She did not tell him that she touched herself while she played with Bill's cock. She was sure Ethan would think she was a total slut to act that way. She also did not tell him how turned on she was when she did it. There was no reason for him to know that. This was not the time to get into her secret desires. When she finished confessing, she buried her face in her hands to hide her tears and he pulled her into his arms. *How can he be so tender?* She wondered.

Ethan was relieved. She didn't fuck this other guy! She went to the precipice and could not do it. That told him there was still hope for their marriage. Kyra had not thrown their vows completely out the window. All she did was jerk the guy off, which was bad, but it did feed into Ethan's own guilt about what he had been doing. As she sobbed in his arms he knew he was going to have to make a confession of his own.

"Honey, it's okay. We can fix this. Please stop crying. I love you," he said as he stroked her hair and rocked her in his arms.

"It's not okay. What I did was not okay," she said, sniffing and wiping tears from her eyes. She could not believe how he was taking this. And she couldn't help but notice that being in his arms felt so nice. Maybe there is hope for us, she thought. In that moment, she loved him more than ever.

Ethan held Kyra until she stopped crying, then handed her a tissue and got some water from the bathroom. He sat beside her on the bed again, but kept some distance. It was his turn to come clean. She was only just pulling herself together and he didn't want to be too close if she lost it again.

"Kyra, you shouldn't feel so bad about this. It was wrong, yeah, but it was not all you. There are things we have to work on in this marriage. And besides," he paused. "You're not the only one who's been unfaithful."

The word *unfaithful* stung so much that it took a second for her to process what he had just said. *She wasn't the only one!* What had Ethan done? *Oh God*, she thought and held her stomach. She thought she was going to be sick. This was just all too much. It had to be that whore Judy who works in HR at Ethan's office, she was sure of it. The woman was practically falling out of her dress at the Christmas party last year and, Kyra was sure she was coming on to Ethan.

"It's not like what you just told me, but I haven't stuck to my vows either. I'm sorry."

"Who is she?" Kyra asked, voice dripping with venom. She'd gone from sorrow to anger in the blink of an eye.

"It's not like that. Please let me explain." Ethan thought she was going to throw something at him. Her arms were across her chest and her eyes were narrowed, like she was trying to hurt him just by looking at him. It made Ethan angry. After what she had just confessed, how could she be so angry? *She probably thinks I slept with someone*, he realized. "I didn't screw anyone. Like I said, it wasn't like that," he said. "I'm not having an affair. I haven't been emotionally unfaithful in any way. This thing was just about the sex. Well, not sex really, but about getting off."

*Mine wasn't emotional either*, Kyra thought. It was only ever about the way Bill made her feel sexy, the way he turned her on with his desire. She never had any real feelings for him. She wasn't going to let Ethan think he had a better excuse than she did. "So what was it about then?"

"It was just about getting off, like I said. Listen, I haven't been having an affair, I've just gone to a massage parlor a few times."

"*Just gone to a massage parlor?* How many times is a few times?"

"I dunno. I haven't been counting. Listen, I don't like your tone." Ethan was getting defensive. Even thought she might not agree, he thought,

what she had done was way worse.

"Was it one of those happy ending places?"

"Yeah, it's just a hand job, like you did, at least that's all I paid for. I think you can get more if you want, but I didn't."

Kyra felt slapped by his *like you did*, but he had a point. Who was she to climb onto some moral high horse? She took a deep breath and tried to calm down. Hadn't she just told herself that if he had gotten a hand job that it wasn't as bad? But that was before she knew he'd actually done it. *Get a hold of yourself! Ethan just handled hearing my confession, and my betrayal much worse than 'just a handjob.'* *This is about our marriage. Don't make it about you.*

"I'm sorry for overreacting. It's just an emotional night, you know?" Kyra said.

"I know, I know. This is all a lot to deal with."

"Can I ask why?" she asked.

"I guess for the same reasons you did what you did. I was lonely. We weren't connecting and I felt like if I didn't do something I was going to burst. Things haven't been too exciting in the bedroom and I didn't know how to talk to you about it."

"I wish you had talked to me about it. There are so many things I've wanted to say to you too, but I just didn't have the words. Things just used to come so easily to us."

"I know. Intimacy was never a problem for us."

"Is it me? Obviously you're still horny. Aren't you attracted to me anymore?" Kyra stared into her lap when she said it. It wasn't a question she thought she wanted answered, but if they were putting all their cards on the table she had to ask. How could they fix things if they held back?

"Oh God. No! It's nothing like that at all. I still think you're as beautiful as ever!" He took both of her hands. "Honey, I love you."

"Loving me and wanting me are not the same thing."

"I do want you, but it's just been weird. I don't know. It seems like the last couple years, with the kids and our jobs, with our busy lives, it just seems like time in the bedroom has lost its priority. I thought you just weren't interested anymore."

"Why?" She brushed tears back again. This time they were tears of relief. "I am still interested. Very interested."

"I don't know. You just don't act like it sometimes. There used to be this fire in you when we were together and I don't feel it anymore."

Kyra was taken aback. Sure, she was tired sometimes. Maybe they never got dressed up to go out anymore, but they were parents now. It didn't seem like making time for one another was as important. "I don't know what to say. I'm sorry, I guess I've just fallen into a routine."

"You don't have to apologize. I understand, it's just that after a while, when I thought you weren't interested I guess I stopped making the effort too. It's hard to always be the person initiating things. I can't remember the last time I saw that lingerie I used to buy you."

"I guess I never thought about it like that. When you stopped buying me new stuff, I just thought you didn't want to see me in it."

"I knew you were self-conscious after Caren was born, but I still think you're sexy as ever."

"Come on," she replied, blushing. "You cannot tell me you are as attracted to this body as you were when we met."

"Maybe if I saw more of it I could tell you," Ethan smiled.

Although it may not have been the most appropriate time, Kyra pulled the t-shirt over her head. Despite, or maybe because of, the emotional night she was aroused. She did not realize it until just that moment. She struggled against the urge to turn off the lights. She reminded herself it was broad daylight when she lay beside Bill in that hotel room and she didn't hesitate then.

Ethan was as turned on as his wife, and equally unsure why. He was still angry about what she'd done, but he had to admit that there was just a tiny part of him that found it sexy that she would go and do something like that. It wasn't that he *wanted* Kyra to be with another man, but it was hot to know she had that in her. It showed there were still some depths they hadn't explored, even after all these years together. He wondered what else she might be open to.

"I think I need a closer look," he said, moving across the bed. He knelt beside her and cupped her breasts. Her pale nipples sprang immediately to hardness and he rubbed them with his thumbs. He loved the way she shivered when he teased her nipples.

"You don't look with your hands," she sighed and then smiled.

"Then maybe I should look with my lips."

He lowered his face and kissed a breast while still fondling the other. He kissed all around the creamy globe before finally swirling his tongue around her nipple. She moaned his name and lay back on the bed while stroking his hair. Ethan knew just how she liked to be touched. He went from licking to sucking, and even nibbled her nipple as she arched her back, cramming her breast into his mouth. She was so turned on and wanted him more than she had in so long. He pushed his hand into her shorts and she wickedly wondered how he would react if she touched herself while he watched. Maybe she would try that sometime. Right now, she was content with how he was touching her.

His fingers glided over her downy mound, briefly grazing her clit before slipping inside her. It felt good, but sometimes she wished he spent more time on her clit. Even when he went down on her, which hadn't happened in forever, he seemed to miss it as much as he hit it. Still, she was damp when he started touching her, but after he was fingering her for a couple minutes, she was soaked. Kyra was happy that even though she was ready, he did not rush to get on top of her. He was still happy to pleasure her, moving his hungry mouth from one breast to the other. She pulled down his boxers, grabbed his stiff shaft and stroked it.

Ethan moaned into her breast when she grabbed his cock. She teased the sensitive head with her fingers and his cock twitched, dripping precum. She was so good with her hands and always had been. Kyra could give those Korean girls at the massage parlor a run for their money.

That thought made an image of her jerking some guy off in a hotel room flash through his mind. He pushed it right out, but the image was disturbingly hot. Suddenly he was thinking of his wife in a whole new way. He was even more impressed when she squirmed out from under him and took his prick in her mouth. When was the last time that happened? God, he'd forgotten how good she was at that too. She just sucked on the head and swirled her tongue all around it, lapping up his sticky precum. She did not swallow, but she'd never minded that. Once she had him moaning and shaking she started going up and down, sucking him with her eyes closed in concentration. Although Ethan wasn't huge, just a little larger than average, she'd never been able to take much more than half of his shaft. But damn, she knew what to do with what she had. Her tongue never stopped working

as she bobbed up and down. He was so turned on, it would have been so easy to just let go right then.

“Oh honey, that feels so good. I love when you do that. God, Kyra, you’re so hot.”

His words and moans made her burn for him. He hadn’t made her feel so wanted in so long. She sucked him even harder, wanting to make him crazy for her. As much as she wanted him, Kyra would have finished him with her mouth if he hadn’t stopped her. Part of her just wanted to make him happy and part of her wanted to make amends. She knew he was still angry. He had to be. She was ready to do anything to take that away.

When Ethan pulled her mouth from his cock and rolled her onto her back, she thought he might return the favor and go down on her. She really missed being kissed down there. But he didn’t. Instead, he spread her legs and pushed them back against her chest and slipped inside her. They did not worry about condoms since his vasectomy. He kissed her hard, taking her breath away, as he thrust into her with vigor. God, it was amazing. Kyra felt tingles radiating from her pussy all throughout her body. She loved her husband and how they felt together. She wrapped her arms around him and gripped his back tightly, like she was trying to pull him deeper inside her.

“Ethan, God, don’t stop. Oh sweetie!” Kyra cried.

“Uhn...Kyra...hon...” Ethan grunted. He was struggling to hold out. He knew she wasn’t there yet and he wanted to make sure she had her climax. He was sure she wasn’t faking this time. He drilled her faster and harder. The bed rocked loudly and her cries grew even louder. He was afraid they were going to wake the kids, but that wasn’t stopping him. Kyra’s cries climbed in pitch and volume as she threw her head back while her body tensed underneath him. She grabbed a fistful of sheet and squeezed her eyes shut tight. He knew all the signs and knew his wife was cumming. He thrust for a few seconds more, then let go. Ethan shook all over and shot his load deep inside her.

“I love you so much,” she cooed, basking in the afterglow of her orgasm. She so missed sex with Ethan being that good. Was it too much to hope that they’d turned some kind of corner? She held him on top of her and just enjoyed their closeness.

“I love you too, honey. That was awesome.” He also hoped this was the start of putting their problems behind them. He rolled over and Kyra

laid her head on his chest while he put his arm around her.

As the bliss ebbed, some of his concerns remained. "I want you to know that I want us to get past everything, but some things are going to have to change."

"I know."

"Who was this guy?" Ethan had met several of her coworkers and couldn't figure out which one his wife could have cheated with.

Kyra did not want to tell him. Ethan had met Bill before, and would likely meet him again at some work function. She didn't want a scene. She understood why he wanted to know, but she hoped to convince him otherwise. "Do you have to know? I don't think anything good can come from that. Please just trust me that it's over."

"I trust you, honey, but I want to know."

"Please, just let it go."

Ethan sighed. He had to decide if it was really worth pushing it. "Is he someone you see every day?"

"No," she answered honestly, although she saw him *almost* every day.

"And it's really over? I don't want any flirting, any emails. I don't want any contact with him, except for what's necessary for work."

"I promise there will be nothing. I don't have to deal with him, really. You don't have anything to worry about. I love you and I want our marriage to work."

"And we need to start being open with each other. I know that part's not just you, but we both have to be able to tell each other what's on our minds. Misunderstandings got us to this place."

"I know and I will try. Some things are hard to say, but I know we have to do it."

"I'll do it too. If we both try I know we can make everything work."

"Let's try to have a date night at least once a month. Something just for us."

"That sounds like a great idea. I know everything will be fine," Ethan said.

## CHAPTER THREE

Things were good for the first few weeks. Riding the high of that night together, Ethan and Kyra made love two or three times the next couple weeks. Date night did not materialize, though. They had planned for dinner and a movie, and Kyra even had an outfit picked out. But the babysitter cancelled at the last second and they had to stay home.

Normally, a snag in their plans would mean sticking with their old routine. But they made the best of it instead. They put on a video after the kids were in bed and snuggling on the couch turned into making love in the family room. It was exciting to be spontaneous like that and it was their best night together since their confessions. She went down on Ethan until he came, catching it in a tissue, and then he even went down on her. After her orgasm, he was hard again and they did it right there on the floor. It was a great night for Kyra and she thought maybe it wasn't so bad that they did not go out that night.

Ethan was pleased with the change in his wife. Things were hotter, that was for sure. She stopped wearing the baggy stuff to bed. Now, she wore little camisoles and boyshorts or silky chemises to bed. His anger faded, but it was still a hurdle to get over the fact she'd stepped out on him. Wrong or not, in his mind, his behavior just wasn't as bad. Sometimes when they were together, that image of her jerking some guy off would flash through his mind. He wondered what it said about him that in the vision the guy was like a male model and had a huge cock. Or that he felt a twitch in his cock when he thought of it. He kept telling himself that he didn't want Kyra to be with another man, he just liked the thought of her wild side coming out.

Those odd thoughts led him to the internet, where he started reading stories about wives who cheated on their husbands. Those stories turned him on, but left him unsettled, so instead he started reading stories about swapping couples. In some of the stories, the couples were full-blown swingers, but the stories where things "just happened" turned him on more.

He really enjoyed the stories where a wife would flirt with a stranger in a bar, then she and her husband would crazy sex afterward. It was dangerous without really crossing a line. The swapping stories turned him on even more because he'd think about getting a blowjob while watching his wife fool around with someone.

He plugged Kyra into those stories in his head. He could just imagine her in the flirting scenario. *Would she possibly ever try something like that?* No, he was sure she wouldn't, and would probably kill him if he brought it up. They had promised to be more honest with each other, but there were limits. One night while they made love, he even fantasized that he had just watched her flirting and dancing with a total stranger. He came in about a minute.

Kyra was also excited by the new turn in her marriage, and as with Ethan, part of it was in her head. Although they were making love more often, she was even hornier than ever and she was using her vibrator almost every day. He always left before her in the mornings because he took the girls to daycare, and she used that time alone to masturbate before she dressed for work. She lay on the bed naked and rubbed the humming tip of her vibrator up and down her slit while she played with her breasts. Her eyes were closed and her thoughts were deep in fantasy. Although she was sorry she cheated on her husband, her thoughts still went back to that day in the hotel room with Bill. It was so exciting, and she still wondered what Ethan would think if he saw her that way. Sometimes in her fantasy, Ethan was in the room with her and Bill, and he would touch himself while she made Bill cum. She loved to imagine Ethan being so turned on by seeing her secret sexy side. That wasn't her only fantasy. It led her to wonder what it would be like if the situation was reversed. Or what if she went to the massage parlor with Ethan? She had no idea what it was like, but she imagined her husband lying there while some sexy girl leaned over to jerk him off. Surprisingly, she did not get jealous thinking about it. If the girl was a pro, there was nothing to be jealous about. Instead, the fantasy turned her on, and as she got closer to her climax, she brought the vibrator to her clit. She always had a powerful orgasm when she thought about them fooling around with Bill, or with a massage girl. But still, while she was more open and playful with Ethan now, she just couldn't imagine sharing those dark fantasies with him. How could he ever understand?

During that month, Kyra dressed differently, too. Ethan had noticed that change, and that she started working out again when she had her affair. He was pleased that it did not taper off when she ended things. He could see the result of her workouts, and he had to confess it made him want her more. She kept that rounder ass she'd gained after having kids, but it firmed up nicely. For that first month, it was like they were newlyweds again.

Unfortunately routine is human nature and it was not too long before they started returning to their old habits. They were both so busy with the kids and work that the love making fell off once again. First, they went back down to once a week, and then not even that much. Date night was cancelled for a second month in a row. That time, they just went to bed early. Neither of them was to blame.

The irony was that they were both still as horny as ever. After she went up to bed, Ethan would sit at the computer and rub one out while reading a story. It was just easier and faster to get himself off when he was so tired. And Kyra still pulled out the vibrator every morning while thinking about Ethan watching her misbehave. They were running on parallel tracks, but had to come together if things were going to truly work.

Just a couple months after they had their talk things came to a head again when they both realized things still weren't clicking in the bedroom. Kyra felt like she had to say something after she accidentally found out what Ethan had been doing after she went up to bed.

Kyra was doing a web search at the family computer, looking for movie showtimes for an afternoon out with the kids. Ethan was out at the time with his oldest friend, Charlie, working on Charlie's boat. The deal was that if Ethan helped get it in shape, they could take it out on the lake this summer. She misspelled the movie name in the web browser, and a list of odd-sounding websites popped up. She clicked on one, and a story titled "The Wife Watching Game," by someone called xleglover filled the screen.

Quickly, she realized she was looking at a sex story. She shut the window because the kids were running around in the room, even though they couldn't read yet. It was just a gut reaction. She had always assumed that Ethan looked at some porn—didn't all men—but she had never found any in their house. She just assumed he was careful and probably covered his tracks on the computer. This time he must have missed something. Kyra was curious about what Ethan was looking at, but there just wasn't time at

that moment, so she went to the movie website, but bookmarked the story for later, before he got home. She was confused. If her husband was still horny, why wasn't he coming on to her? Her insecurities cropped up again, but she pushed them aside. Making assumptions had gotten them in trouble before. It was time to focus on the kids and figure everything else out later.

While she was at the movie with the kids, Ethan left a message saying he and Charlie were getting dinner and that he would be home later than he originally thought. Kyra was annoyed he wouldn't be home to help get the girls to bed, but she was glad to have some unexpected free time. It would let her snoop around on the computer. Once she was sure the girls were down for the night she poured herself a glass of wine and sat down at the computer. She had to get right to it because she didn't want Ethan to walk in on her.

Kyra went to the first story she'd come across and started reading. It was about a married couple, Jen and Mike, who played a game where she would go out and flirt with men while he surreptitiously watched from the sidelines. In the first part Jen flirted with a complete stranger in a bar. When things went past flirting and the guy started touching her, the husband intervened, but almost caused a fight. In their second encounter Mike convinced Jen to dress even sexier, and she met a stranger named Keith. Mike had pressed his wife to go further in her encounters with strangers. This time she ended up rubbing the guy, but stopped before things could go further. In the story, the wife was reluctant to play her husband's game, but she kept going along and always enjoyed it despite her reluctance. By the end, she had fucked a man she picked up and loved every second of it, even if she had tears of regret afterward.

That part of the story was awfully familiar to Kyra. Actually the whole story played out like a version of her recurring fantasy of Ethan watching her with Bill, except in the story the husband was not there for the actual sex.

Clicking on a tab, she saw other stories her husband had recently read. But more of them seemed to be about swapping, not just wife-watching stories. She had no idea Ethan had such a kinky side. Maybe he wouldn't react badly if she shared her own fantasies. *Does Ethan want to do that sort of thing? Is this just fantasy?* It was crazy to think, but all of the stories here played out that very scenario. Maybe her fooling around with

Bill had opened a can of worms in their marriage. It seemed to have put ideas in Ethan's head.

For a fleeting moment she wondered if she could do something like that for Ethan. To her, these stories were more vivid than watching porn because these were more thought out scenarios. Stories climbed into your head and stayed there. They certainly climbed into Kyra's head. Reading just a couple stories had her dripping wet and she printed out a third, something called "Truth Or Treat" and took it upstairs with her. She needed someplace more private to continue her reading.

Kyra took the story and the rest of the bottle of wine up to the bedroom. After another glass was down and halfway into the story, she broke out her vibrator. The idea of being with another couple and swapping in the same room, being able to watch each other, was like the perfect melding of both her fantasies. She wasn't sure how she felt about the parts where the wives got it on together. It was hot in the story, but she was not sure if it was something she would do. She hadn't really thought about being with another woman.

She tried to keep reading while she buzzed the tapered toy over her pussy, but it was too much to try and do both. Tossing the story aside, she closed her eyes and pictured herself in that situation. In her mind, they were in a hotel room with two beds. Ethan was on the other bed with some woman while some handsome stud was with her. He was taking her from behind so she could watch her husband screwing the other woman. She always believed she was too jealous for anything like that to turn her on, but the fantasy was so hot she couldn't believe it. She even took the vibrator and pushed it inside her, something she rarely did. Working the toy in and out of her cunt, she pretended she was being fucked while in her mind she was watching Ethan with another woman. It was even hotter than when she imagined him at the massage parlor. Maybe she wasn't jealous because she was getting taken care of too. No one was coming up short. With a breathy cry she climaxed and pulled the toy out of her pussy. It was just too intense. She squeezed her legs together and reveled in the sweet pleasure pulsing through her body. She couldn't wait for Ethan to get home.

## CHAPTER FOUR

Ethan was surprised how quiet the house was when he got home. It wasn't quite ten o'clock yet, but he couldn't imagine Kyra was in bed already, unless the girls had really been out of control. He knew he should feel guilty for dumping the kids on her all day, but it was great to get out, hang with Charlie and work on the boat since that was the only real exercise he was getting these days. Kyra was looking so good from her workouts that he was feeling pressure to step it up himself.

Over beers, too many of them, he opened up to his best friend and asked what he would do if he caught Beth cheating. Charlie wasn't married, but he'd been with Beth for a couple years and they lived together for all intents and purposes. It was only fear of being tied down that kept him from popping the question.

"If Beth ever stepped out on me, it would be over. If she's looking for some other guy she's obviously not happy."

"But it's not like you haven't played around," Ethan said.

"That's different, you know that. It didn't mean anything. Some drunken hook up doesn't count."

Ethan did not agree, but held his tongue. "Do you think she would end things if she found out?"

"Man, I am sure of it. She'd probably take my balls with her too. Why are you asking? Is there something going on with Kyra?"

"No no, definitely not."

"Nah, she would never do anything like that. Kyra's like the perfect wife. Are you feeling guilty about going to the wacky shack?"

"A little, maybe."

"Trust me, what your wife doesn't know won't hurt her. And besides, she'd probably be happy someone else was taking some of the load, so to speak. We're lucky there isn't a female equivalent for the whacky shack."

"Yeah, right," Ethan replied. *Just little office affairs*, he thought. "What about other stuff? Would you do something like have a threesome, or

even swap partners?”

“Dude, if you’re offering you know I’ve always thought Kyra is hot.” Charlie drank more beer and laughed. “Seriously, of course a threesome with another chick is on the table. Beth and I have even talked about it, you know in the fantasy sense, but I don’t think it would ever happen. I don’t know if I could handle swapping. How hot is the other chick?”

Ethan laughed. “So you don’t think you would do it?”

“You can tell you’ve been married for a while! I guess if I’d been married as long as you, I can see looking for some strange and maybe it’s better if it’s wife-sanctioned strange, but then you’ve got to ask yourself if you could handle your wife being plowed by some other guy. If the girls got it on first, and then we went to separate corners, then maybe. I mean, like separate bedrooms. I wouldn’t want to see it or ever hear her talk about it. Dude, what if he’s got a bigger cock than you?”

“I wouldn’t be worried about that. It’s the other stuff I’d worry about, ruining the marriage.”

“Yeah, the marriage is ruined if she starts sneaking off to get some of that guy’s shlong!”

Ethan didn’t know why he thought he could have a serious conversation with Charlie about this. When it came to sex, his best friend’s brain was firmly trapped in high school. “Yeah, it would be a crazy thing to try, wouldn’t it?”

“Do you think Kyra would ever do that? I don’t see her letting you bang some other chick, even if she’s getting it too.”

“Yeah, no, I mean you’re right, there’s no way. I just saw this article about swingers and was thinking about what it would be like.”

“Hey, if everybody could just fuck and not get attached it would be a great world, but that’s not reality.”

After that Ethan dropped it, but he still thought about it all the way home. Maybe he was crazy and sick for the fantasies he’d been having lately. *Could I really watch Kyra with another man?* He really just wanted to bring out the side of her that he wasn’t seeing, where she would give some guy a hand job in a hotel room. Or the side of her that was so horny she used a vibrator on herself. What would she say if he asked to watch her using the toy on herself?

Flickering light and quiet music came from the bedroom, so Kyra was not asleep yet. It did not occur to Ethan that the light was from candles until he was in the doorway. Kyra was on the bed and looked so hot, he did not even notice the stack of printouts beside her. She was wearing a red lace teddy he hadn't seen in years with a little filmy red robe over it. It looked like a matching set, but he didn't remember the robe. He always loved that teddy because it was only closed in the front by three flimsy ribbon ties. She was finishing a glass of wine and he saw the bottle on the nightstand beside her was three-quarters empty. Candles burned on the dressers and night tables beside the bed. Kyra smiled and set the glass aside.

"I was starting to think you weren't coming home."

"Sorry, I didn't realize how late it was. I would have been home earlier if I knew you were waiting for me like this. Why don't I take a quick shower?"

"No, I want you to come sit on the bed with me." She patted the space beside her.

When he walked around to the far side of the bed, he saw the printouts and it only took a second to realize what they were. *Okay, if she's mad, why this reception,* he thought. *Unless it's some kind of trap.* "Honey," he started.

"Shh, I'm not mad." She giggled. He hadn't heard her giggle in ages. "Does this look like I'm mad at you? I'm just curious."

It was Ethan's turn to be filled with excitement and fear. He was seeing that different side of his wife that he had wanted to see, but what did it really mean?

"No, not at all. So what are you curious about?" Ethan answered.

She turned on her side, like she was posing for him, and playfully stroked his hair. His cock was tingling to life and he no longer cared that he really needed a shower.

"I read a bunch of the stories you read, and it seems like they all have a similar theme. It seems like you really want to watch me. Is that true?"

"I, uh, uhm, well –"

"It's okay, sweetheart. I get it. These stories are hot and I have to admit that I've kind of fantasized about seeing you. After you told me about the massage parlor I couldn't help wondering what it's like."

"Really?" Ethan was shocked. Had Kyra been body-snatched?

“Yes. There’s something about just being there for one thing that’s exciting, because it’s forbidden. I’ve tried to picture what it’s like there, like I’m hiding in the corner and watching.”

“Really?” His voice was higher pitched this time. He wondered if the wine had gone bad. He knew she could get randy when she drank, but this was crazy!

“Maybe you’re not the only one who thinks watching is exciting. I want to know what it’s like. What happens when you go in to a massage parlor?”

He was not sure he was comfortable talking about this, but it seemed like she really wanted to hear it. He could see how hard her nipples were through the teddy.

“Well, uh , first you ring a bell and a woman, usually she’s older, greets you and shows you back to a little room with a massage table in it. She leaves you there and then a few minutes later your girl comes in.”

“What if you don’t like her?”

“I don’t know. That’s never happened to me.”

“So you liked all of them?” Kyra’s hand trailed down his chest and strayed over his thigh. Ethan just couldn’t believe this.

“You say *all of them* like I’ve been there a bunch of times. It wasn’t that many,” he replied defensively. “Anyway, you give her sixty dollars for the massage and then she tells you to change into a towel and leaves.”

“Is that how much it costs?”

“That’s just for the ‘massage’. More money is exchanged later, right before the, uhm, *action*. Anyway, you take your clothes off and put this towel around your waist and she comes back and leads you out of the room to this shower room where she washes you.”

Her breath caught. “Your whole body?”

“Yeah, they really scrub you down. After that they leave you in a sauna room for a few minutes and then they take you back to your room.”

“And the massage starts?” Kyra rubbed closer to his crotch.

“Uh, yeah. Are you sure you want to hear this?”

“No,” she smiled. “I want you to show me. Take off your clothes.”

“What?”

“I said to take off your clothes. I’ll be right back.”

Kyra jumped off the bed and Ethan watched her go into the bathroom. He had no idea what was about to happen, so he stripped off his clothes. He wasn't sure whether to leave his boxers on, but then she came back into the bedroom carrying a towel and told him to take them off. She handed him the towel and he wrapped it around his waist. She stood beside him and waited.

"We can't really do the washing thing because we don't have the set up," he said.

"So what comes next?"

"I guess I lay down and you massage me."

"Do I need oil?"

"They ask if you want it, but I don't get it for the massage because it's so messy. They use it, uhm, at the end." *And if I came home covered in baby oil you might have noticed*, he thought. He couldn't believe Kyra was really going to act this out. He wasn't complaining, it was pretty hot, but he could not believe it. He lay face down close to the edge of the bed and said, "This is usually on a massage table and they stand beside you. It's really not a straddling kind of massage unless, you know, you pay for that."

"Okay."

Ethan closed his eyes and relaxed as she went to work on him. He was sore after a long day scraping and painting the boat, and it felt great when she worked her fingers into those knots in his muscles. She was actually giving him a much better massage than the girls at the parlor ever did, but he wasn't about to tell Kyra that. He did not want her to stop. She went down from his shoulders to his mid-back and he sighed in relaxation.

"Do they talk to you while they do this?"

"No, not usually. Sometimes they mutter little things here and there, but honestly most of them barely speak English. When they do talk to me I can hardly understand them because their accents are so thick. I think those girls are right off the boat."

"So do they do your whole back?" She was just above his butt now.

"Yeah, they go down and work on your feet too."

Kyra rubbed his butt through the towel and her tickling fingers made him laugh. She rubbed his legs and then massaged his sore feet. He thought that was the best part of the massage so far. When she finished with his feet she told him to turn over and he did it, being careful to hold his towel in

place just like he did when he was at the massage parlor. Kyra's massage was so relaxing that he'd lost a bit of his steel, but seeing her in the red teddy again brought him right back up, which was obvious through the towel. She rubbed her hand across his chest and asked what came next.

"Well, sometimes they do rub your chest a little bit, but usually they just ask if you want more at this point. If you say yes, they excuse themselves and that's when you tuck more money between the towels stacked on one of the shelves. If you just want her to jerk you off, it's another forty."

"We can skip the money part, I guess. Although there was a new pair of shoes I had my eye on," she laughed.

"So she comes back into the room, checks the money, and then gets to work. She rubs your chest and legs a little bit, but it's really just a pretext to get under your towel."

"Is it something like this?"

Kyra rubbed his chest and belly, dipping her hand down under the towel across his waist. Her fingertips brushed his cock and Ethan quivered. She skipped over his lap and rubbed his thighs, but did not waste time before going up under the towel again, this time tickling his balls, then running her fingers up the underside of his shaft. He moaned quietly and kept his eyes on her hand moving under the towel. She lightly caressed his prick for a couple minutes before finally removing the towel, folding it and setting it aside. She poured baby oil from the bathroom onto her hand then rubbed them both together, getting them nice and slick. Ethan watched this all with much anticipation. Ordinarily, a hand job from his wife would not get him that excited, but the fact that she was acting out being a massage parlor girl made it so hot. She smiled and wrapped her slick little hand around his shaft, her fingers just managing to meet. He kept looking from her face to her hand, and still had trouble believing she was doing all this.

Moving slowly at first, she worked her hand up and down his shaft and used her other to massage his balls. On the upstroke she rubbed his head, which felt so good he almost jumped out of his skin. Something else he wasn't telling her was that most of the girls at the massage parlor just grabbed your junk and went to town. Some girls did take their time and put some energy into their work, but most just worked you like they were milking a cow. They just wanted to get you out of there and get on to the

next john. No, he did not tell Kyra that. He just lay back and enjoyed his wife's very talented hands.

Kyra was enjoying their little game. She was actually enjoying it too much. What she really wanted to do was take Ethan inside her and ride his cock until she climaxed, not just jerk him off. She felt so dirty and naughty, and reveled in how shocked her husband looked when he walked into the bedroom. She was happy to surprise him after so many years of marriage, and that the surprise did not make him push her away. It gave her the confidence that perhaps she could share some of her other fantasies. Instead of watching his prick as she worked it, she looked him in the eyes and her heart pounded as she saw the naked lust there. He just did not look at her like that anymore.

"They usually try to start talking right now, saying little things they think will help you out," he murmured. He was laying back with his hands behind his head. This was every guy's dream come true, she thought, being able to lay there and get off without having to do a damn thing. She could understand why these massage parlors were so popular.

It took a second for her to realize that he meant she should talk dirty. She wondered if he was just trying to push and see how far she was willing to take this. She was not totally silent in bed, but she was a moaner, not a screamer, and she'd never really done dirty talk. A few guys had tried it with her before she met Ethan, but usually they came off creepy or silly. She did not want to sound silly, but she was determined to try if that's what the girls at the massage parlor did. She wanted to go all the way with this.

"Mmm, you have such a nice penis, sweetheart," she said softly, trying for a seductive tone.

"*Cock*, honey. You should call it my cock. And they don't usually call you sweetheart." She thought she saw a challenge in his eyes.

"Mmm, your cock is so big. It's so thick," she said, really pouring it on. "It feels so good, baby. It would feel so good inside me," she cooed.

"Oh God, honey," he moaned, closing his eyes. She knew she was getting to him.

Kyra pumped her fist faster and faster. She'd done enough teasing now. It was time for the big finish. Wet, slick sounds filled the bedroom. She wracked her brain, trying to think of things to say that would get him

off. She kind of liked the dirty talk, she decided. It made her feel slutty and fit in with the role she was playing.

"Come on, baby, I want to see it. I want to see you cum for me. I want to see your big cock explode." The more she did it the easier the talking became. "Show me your cum, baby. Let me make you feel good." Her fist moved faster and faster, rapidly gliding up and down his shaft. She could tell by the way he was moaning and his body twitched that he was getting really close. His eyes were open again and he was staring at her chest, obviously enjoying the way her breasts bounced in the teddy as she pumped his prick.

"Ahhh, shit," he cried, pounding a fist on the bed.

A glob of hot jizz shot high in the air, almost hitting Kyra in the face. She leaned back and kept jerking his cock and several more blasts shot into the air, landing back on his tummy. His final few shots oozed out like an erupting volcano and coated her hand. She kept pumping him until she'd drawn every last drop out of him. Ethan was grunting and groaning and seemed to deflate when he'd shot his last. She finally let go and his cock flopped onto his thigh.

"Jesus, Kyra, that was hot," he moaned, reaching out and stroking her hip.

"So what comes next?" Kyra asked breathlessly. She was so damned horny now. She needed some relief of her own.

It seemed like he couldn't think straight. "Uh, they go get a warm washcloth and clean you up. Sometimes they help you dress, and that's it. You leave."

"So how was I? Do you think I have a future as a massage girl?"

Ethan laughed. "I think you would make a fortune. Too bad you already have a job."

Kyra went and fetched a warm washcloth from the bathroom. When she returned she lovingly washed his prick and belly off and by the time she finished he was twitching back to life. After disposing of the washcloth, she joined him on the bed and took a deep breath before she went on. She was burning down below, desperate to be touched, and it would have been so easy to just grab him and pull him to her, but there was another part of her fantasy she wanted to live tonight. She was still quite giddy from all the

wine and glad for it. She knew she never would have had the guts for all this if she were sober.

"Honey," Ethan said.

"Ethan, I want you to do something for me right now."

"Anything. Anything at all."

His saying *anything* brought several things to mind, but she stuck to her plan. "I want you to just lay back and relax. And watch."

Kyra took the vibrator from where she'd tucked it under the sheet and switched it on low. She was already so turned on that she didn't think she would be able to take it at full strength. She jumped and gasped when she first touched it to her pussy, going through the teddy. Somehow it seemed dirtier to be doing it through the lingerie. Ethan's eyes were big as saucers as he watched her using the toy on herself. While she rubbed the humming tip up and down her lips, she untied the front of her teddy and pulled it open. She fondled her own breast, pinching and rolling her nipple while pressing the vibrator harder against herself. She was moaning freely now and was so horny she didn't know if she would be able to drag it out to put on a show for her husband.

As she unsnapped the crotch of the teddy, she glanced down and saw that Ethan definitely appreciated the show. He watched as she exposed her pussy, her lips swollen below a thin strip of blonde hair. She'd never seen him recover so fast. His cock was already throbbing back to life, laying up long his stomach, and that made her feel so good. God, she wanted to replace the toy with his shaft, but at the same time she was enjoying putting on her show too much. She loved the control she felt tonight. She dipped the humming tip between her lips and slid it up to touch her clit. Kyra cried out and pulled it away. It was too much. Instead she rubbed it in little circles over her clit, but through the hood. Now *that* felt perfect. Powerful, throbbing pleasure spread throughout her body.

Ethan was stunned. He had never seen anything hotter than watching his wife masturbating with that vibrating toy. He wanted to jump on top of her, but kept himself in check. He promised to just watch, but he couldn't *just* watch. He was touching himself. Kyra's head was tilted back, but she still kept her eyes on him, watching for his reaction. When she saw he was touching himself, she smiled. The pitch of the toy's vibrations changed and he was sure she was rubbing it against herself harder. It also looked like she

was pinching her nipple harder. It was only a few seconds more before she was crying out.

"Ohhh, OH GOD!" All of her pale skin flushed and she went tight, even curling her toes. She held herself taut for an endless moment and then she sagged with a sigh. Ethan knew his wife's climax when he saw it. He couldn't hold back any longer.

No sooner had Kyra laid her toy aside then Ethan rolled on top of her. He didn't even ask, or sweet talk her. He just positioned himself between her legs and thrust inside her with a grunt. She responded to his powerful invasion with a sharp cry and wrapped her arms and legs around him. He did not make love to his wife. He fucked her. He fucked her hard. He threw himself into her with a fury he hadn't experienced in ages. Maybe not ever. The bed rocked and creaked beneath them and the headboard *clunked* against the wall over and over. The sounds of their bodies slapping together joined the noise. He felt her clutching at him, whimpering his name right into his ear.

"Ethan, Ethan, oh God Ethan!" Kyra cried.

"Oh jeez, honey! Oh God!"

"Fuck me! Fuck me!" she shouted. *Maybe she likes the dirty talk*, he thought.

Their coupling ended as suddenly as it began. Kyra clenched up again and moaned through her second orgasm in minutes and just seconds later Ethan froze with his cock deep in her pussy. She was grasping him inside her as he shot his load. They were both panting when they peeled apart and lay beside each other, holding hands. Only a few minutes passed before Ethan felt compelled to ask about what all that had just happened meant.

"Do you want to talk about what happened tonight?" Ethan asked after several minutes of silence.

"Sure. What do you think?"

"I think it was hot as hell, but I wonder why it happened. You have to admit, this was a little out of character for you."

"Maybe, or maybe I just finally let the real me come out to play. I think I spend too much of my life worried about being judged and living up to some kind of standard that my parents set. I don't always think of myself and what I want first," Kyra answered.

"I guess I can see that, but what brought it out tonight? Don't get the wrong idea, I loved it, I am just curious."

It was hard for Kyra to share some of her most private thoughts and desires, but she felt like they had turned a corner. For the first time she did not feel like she was going to be judged if she wasn't what everyone expected. It also did not hurt that she was still pretty drunk. She looked up at her husband's face and saw nothing but love there.

"I sat down this morning to look something up on the computer and I accidentally came across the stories you've been reading."

"I, uhm—"

"You don't have to explain anything, not yet. It's just that I read some of those stories and I realized there are things inside you, maybe some things you want—that you aren't sharing—just like me. And then I thought about how silly it is that we're holding these things inside because we're afraid. I mean, we've been married all these years and we're not comfortable enough to let our freak flags fly? It's crazy! You're *the one* person I should be able to tell anything."

"You *can* tell me anything, Kyra."

"Maybe I'm just beginning to realize that now," she said. "And you can tell me anything too. I know we're open about everything else, and I think we've got a great marriage, but we've never really been open with each other about sex. We talked about it, but then we didn't follow through."

"Okay, so now we're ushering in a new, open period in our marriage. I'm on board, especially if it brings more nights like tonight!"

"Pervert!" Kyra teased. She kissed him.

"How do you feel reading those stories?"

"They were pretty exciting, I'll admit. I have fantasies about being watched, so that part of the stories was a turn-on, and it was exciting to think about acting like the women in the stories. Why did you keep going to those kinds of stories?"

"I'm not entirely sure. Really, they bring up a whole lot of feelings when I think about putting us in the stories. It's exciting to think about stepping over a line and going into dangerous territory, but it's scary too. It's exciting to think about opening things up like that."

"Would you want to try doing those things? Do you want to watch me with someone else?" Kyra's voice was soft when she asked. She wasn't sure

which answer she wanted to hear.

"I don't know," Ethan said. "It's sexy to imagine. I have to admit that I like the idea of some guy drooling all over you, wanting you, because I know that I'm the guy who gets to take you home. I know you're not just my possession to give away, though. I also think it could be destructive to our marriage. Is it something you want to do?"

"I *want* to do it, in my head," Kyra answered. "I know it would be so hot to just go and flirt with someone, maybe dance with them while you were watching me being bad, but I think you're right, it could ruin everything. I don't think you would look at me the same way after that."

"I would never blame you for something I participated in like that, but I think you're right. The risk isn't worth it." Ethan was surprised to find he was disappointed. It was like they were closing the door on ever acting out the fantasy.

"If we were going to try anything, and I mean *if*, I think the swapping thing, with another couple, would be a better idea. We would both be participating, so neither of us could blame the other. We would be equals in it."

"Is that something you would try?" He couldn't believe what he was hearing. Kyra really was letting all her demons come out to play.

"I think it could be exciting if we found the right couple. And if we were completely clear with each other on expectations before we did anything."

"Could you handle seeing me with someone else? Wouldn't you be jealous?"

"Of course I would be jealous, but I think it would be hot to see you performing, from the outside, I mean. And if I knew it was just about the sex I could handle it. I trust you completely, sweetheart. But that sort of brings something else up," Kyra said.

"What?"

"I did this all tonight because I've really been thinking a lot about you at that massage parlor. But don't worry, not in a bad way. It turns me on to pretend I'm there sitting and watching. I think it's safe because she's a professional, you know? There's no real threat there."

Kyra was just full of surprises tonight. Ethan felt like he was meeting his wife for the first time. Even though he had cum twice that night already,

he could feel his prick returning to life. He realized that maybe he had been seeing Kyra too much as the mother of their children, and not as a woman. He was not making that mistake tonight.

"What about me?" She asked. "Could you handle me being with someone else?"

"I think so, unless he made you scream his name at the top of your lungs," he chuckled, but wasn't entirely kidding. Just like any other man, he had his pride, but he was sure she felt the same way.

"No one could ever replace you in my heart or my bed. At least not permanently," she giggled. She was enjoying this new openness. They really weren't speaking in hypotheticals anymore. She knew they were discussing the possibility of really taking a step and trying something. "I have an idea. If you really are interested I have an idea where we could start," she ventured.

"Really?" Obviously she had given this some real thought. It dawned on Ethan that they were past the point of talking about fantasy. He was not positive he was really ready for this, but he asked what her idea was.

"I want you to take me to the massage parlor."

"What?" He couldn't be hearing her correctly.

"I'm sure they get couples sometimes. They must. I want to go with you and see what goes on."

"I don't know, Kyra. Are you ready for that step? I don't want you getting pissed off at me because I go in there and enjoy myself. Talking about it, fantasizing about it is one thing. Doing it would be totally different."

"I know I could handle it. I want to go. You have to trust me, Ethan," she said earnestly.

"I do trust you. I totally trust you."

"Then trust me when I tell you I want to do this. I want *us* to do this. I know it will be so exciting." He reached down and stroked his cock, which betrayed how he really felt about the idea.

Of course Ethan was turned on by the thought of it. If for no other reason than because of what it might lead to, but he was wary. He didn't want Kyra to go out on a limb only to see it snap off from under her. But she did sound sure, and the way she was stroking his cock, she was making it hard to think clearly. Was there any reason, besides fear, why they

shouldn't explore their fantasies? They were two consenting adults. He groaned and pulled her into a passionate kiss.

"If you're sure this is something you want, we'll do it."

"Great! I'm so excited!"

Kyra pulled him against her, determined to show him just how excited she was. As they began to make love again, Ethan couldn't help but wonder where this new road would lead.

## CHAPTER FIVE

“So you really want to do this?” Ethan asked. He took Kyra’s hand and squeezed it.

“Yes, of course. Just give me a second to prepare myself.”

Kyra wasn’t quite sure how to prepare herself for going into a massage parlor with her husband. The wine she’d been sipping on the drive over certainly helped. Sitting in a car, drinking cheap wine from a bottle wrapped in a paper bag made her feel like a college freshman all over again. Over the past couple of weeks, she’d gone back and forth a million times about following through on her massage parlor idea. Just because she’d mentioned it in a moment of drunken passion did not mean she didn’t really want to do it. Her heart was hammering in her chest and her stomach was full of butterflies. The mix of fear and excitement was intoxicating. She was glad she hadn’t given into her doubts and called off this field trip.

They were sitting in the parking lot of a small building off the side of a highway that seemed to be in the middle of nowhere. There was one door at the corner of the building with a dim bulb above it. The only thing indicating what might go on there was the sign by the side of the road, marked with a big smiley face and the word “Spa.” There were two other cars in the lot, and Kyra hoped they did not see anyone before they went inside.

“Okay, let’s go,” she said. When she got out of the car, she smoothed her skirt and was conscious of her heels clicking on the asphalt in the quiet parking lot. She’d put a lot of thought into what she was going to wear for the evening. *What does one wear to a massage parlor?* she’d wondered. She wanted to look sexy, but not like she was there for anything more than watching. She wanted Ethan to look at her and think about making love to her while he was getting taken care of by the girl. She’d decided on a white, short-sleeved mock turtleneck that molded to her curves and a short, black skirt with stockings and three inch pumps. It was the first time she’d worn stockings instead of pantyhose in years. She was pleased that Ethan

couldn't keep his eyes off her legs in the car when she let the skirt ride up enough for him to see her garter straps.

It wasn't just her outfit that was meticulously planned for tonight. She also made sure they had a foolproof babysitter. She called Melanie instead of relying on a teenager who might flake on them at the last minute. Melanie was full of questions since Kyra rarely called on her to babysit. Kyra said she was planning a special evening with Ethan, but wouldn't tell her friend anything more. Somehow, she didn't think her oldest friend would understand her going to a massage parlor. Maybe she would tell Melanie someday, when enough time had passed that it would just be another crazy story.

Ethan held open the front door and they both stepped into a small vestibule. The inner door had a small window with one-way glass in it. He rang a doorbell and she shifted nervously from foot to foot while clutching his hand in a death grip. After a few moments that stretched into an eternity, an older, plump Asian woman answered the door with a wide smile and ushered them into a small waiting area where worn brown couches lined the walls. Kyra could not imagine sitting there with other people, waiting for their turn to be taken care of in the back.

"Hello, you like couple's massage," the woman said through a heavy accent.

"No, uh, just me. She's just here to, uhm, watch," Ethan said.

"You sure, sweetie?" she asked Kyra. "Make you feel real good."

"No. No, thank you," Kyra replied, her porcelain skin going bright red.

"Okay, sweetie. You let me know. You two come with me."

The Asian woman took Kyra's hand and led her through a heavy curtain that led into the back. Kyra's grip on Ethan's hand tightened. They turned the corner in a dimly-lit, long, narrow L-shaped hallway with half a dozen doors off to the right and the left. Sounds came from behind some of the doors, but it was too muffled to make out details. One door, right on the turn in the hallway, had a heavy shower curtain hanging across it and the sounds of splashing water came from within. The heavy, cloyingly sweet smell of disinfectant hung in the air. If she weren't being pulled forward by the hostess, Kyra might have run out of there. There was just a seedy atmosphere to the place that did not quite jibe with her romanticized

fantasy. The hostess opened a door on the left and showed them into a small room. “Someone be right with you,” the woman said.

The room was claustrophobic. A massage table with a flat pillow and white sheet was pressed to the left wall. A wicker chair sat in the back right corner, while a small set of wicker shelves occupied the back wall. The shelves were filled with white towels, a cheap clock radio and several bottles of lotions and oils. An easy listening station was barely audible coming from the radio. It was even dimmer in the room, and Kyra could hardly make out the tacky bamboo pattern on the wallpaper. The scents of Lysol and baby oil battled for supremacy in the tight space.

“Okay,” Kyra said, drawing the word out. “So now what?”

“Usually I just sit on the table and wait for the girl. This is it. We’re really going to do this?”

Swallowing hard, she took both his hands and gave him a long, deep kiss. “I want you to have fun, honey. Pretend I’m not even here.”

“I don’t know if that’s possible.”

Before they could discuss things further, the door opened, almost hitting Kyra. A stunning, petite Asian girl joined them. Kyra felt an immediate twinge of jealousy at the girl’s perfection. The girl was shorter than her, barely five feet tall, even while wearing her towering stripper heels. Her jet black hair fell straight down her back to her waist. The yellow string bikini top and sarong she wore did nothing to hide her tight little body. Her breasts were rather small, but looked perfect and perky. Her ass was also round and tight. Even when she was younger Kyra didn’t think she ever had a body like that.

“I’m Sunny,” she said, closing the door. Her accent was even thicker than the hostess’s and Kyra wasn’t sure she made her name out correctly. “You are handsome couple.” She rubbed both their backs. “I take care of both of you, yes?”

“No, just my husband,” Kyra replied, forcing herself to look into Sunny’s eyes. The girl’s smile was luminous.

“You stay and watch?”

“Yes.”

“Good, good. I make him feel really good.”

Ethan pulled three twenties from his pocket and handed them to Sunny, who hugged him and kissed his cheek.

“You get ready and I be right back.” As Sunny slipped out the door again, Ethan started unbuttoning his shirt.

“Here we go,” Ethan said.

“Let me help you with that.”

Kyra kissed him, flicking her tongue at his, while she unbuttoned his shirt and slipped it off of him. She kissed her way down his chest as she squatted down in front of him while she pulled his jeans to his ankles. His black boxer briefs followed, and when his already-stiff shaft popped out, she grabbed it and kissed the head. The wine she’d had in the car was warming her and bringing out her daring side. She licked his head and gave it a quick suck.

“You’d better be careful with that,” he moaned. “I’m going to be done before Sunny even gets a hand on me.”

“That would be a shame. Just make sure there is something for me later.” Kyra decided bravado was the best way to hide her nerves.

“I think I can manage that.” Ethan wrapped a towel around his waist and sat on the edge of the table while she retreated to the chair in the corner. Sunny returned and took his hand.

“I bring him back. You get wet if you come to shower room,” Sunny told Kyra.

While they were out of the room, Kyra got up and tried to pace, but the room was too small. She checked out the shelves and found condoms in a basket on the bottom, along with a bottle of Astroglide. *That makes sense*, she thought. *Can’t expect these girls to get excited over everyone who comes in here.* She wondered what percentage of men came there for full service. Seeing the condoms, she also wondered if her husband was completely honest with her about only going for hand jobs. She decided she had to believe he was being honest with her. For a moment, she thought about how it would be to see Ethan actually fuck the girl. Kyra quickly decided wasn’t ready for that. She sat back down and wondered what she was missing. Ethan had said the girls were very thorough when they did what they called a table shower, and she thought it would be fun to see the pretty girl scrubbing her husband down. She thought it might feel good to get a scrub down herself.

Sunny brought Ethan back, looking all rosy and freshly scrubbed. Wet spots dappled her top and sarong. She asked if Kyra needed anything, but

Kyra just shook her head. Now that they were right at the moment, she couldn't wait for it to happen. Kyra watched Ethan lay face down on the table with the towel draped over his butt. Sunny pulled her hair back into a long ponytail and lightly rubbed his back.

"You want oil or lotion?" Sunny asked.

"No, I'm good."

"Okay, honey, you relax and let me make you feel good."

Kyra was thankful that Sunny was careful to position herself so Kyra had a good view. It started with just a normal massage and Kyra had to admit the pretty Asian had very good technique. It made Kyra ache for her own massage. She supposed they taught the girls what to do when they brought them in to work there.

Gradually, she realized the room was becoming very warm. She told herself it was because there were three of them in such a tight space, but she knew the real answer. She hadn't anticipated that it would be so exciting just watching a girl rubbing her husband down. Sunny did not do anything sexual, except for a slip or two under the towel, but just watching Sunny with her hands all over Ethan had Kyra growing damp down below. His head was turned to the side so she could see it, but he kept his eyes closed most of the time. When he did look at her, he smiled and she smiled back. She was finding it surprisingly hard to just sit there and watch. She wanted to get up and help Sunny take care of him.

"Please turn over," Sunny said and stepped back.

The towel slipped when Ethan turned and Kyra saw his was fully aroused. Sunny was looking at him as well and smiled. He laid the towel over his crotch, but it did not hide his state. Sunny patted his shaft through the towel and she gave an exaggerated moan.

"Mmm, you workout?" Sunny asked as she rubbed his chest. "You feel good and strong." It sounded like silly porn movie dialogue, and Kyra wondered if a lot of guys fell for it. Sunny was a good actress, but Kyra could see right through it.

Ethan chuckled, letting Kyra know he knew it was an act. "No, not unless you count walking to the fridge as exercise."

"I bet your wife likes you a whole bunch," Sunny cooed. "She has sexy man. I'm glad she doesn't mind sharing." She reached his waist and

asked, “You like some more, honey? You want me make you feel very good?”

“Uh, yeah, that would be great,” Ethan answered.

“Okay, I be right back.” She turned to Kyra. “You two behave.”

No sooner was Sunny out of the room than Kyra was out of her chair. She grabbed Ethan and kissed him hard. God, she wanted him. So far it was even better than she’d imagined. While they kissed, she wrapped her fingers around his cock and lightly tugged it. She was jealous that she couldn’t have him right then, but she still wanted to see Sunny take care of him. He squeezed her breasts through the tight top and pinched her nipples lightly when he felt them through it. Kyra moaned into their kiss, then went weak in the knees when he pushed a hand up under her skirt.

“God, Ethan,” she moaned when he rubbed her through soaked panties.

“Seems like you’re enjoying yourself so far. I would have never guessed, honey.”

He kept rubbing her and it was hard for her to speak. But she managed to sputter, “It’s so hot, sweetie. I feel like we’re this crazy, adventurous couple.”

“Maybe we are,” Ethan grinned.

Kyra heard Sunny turn the doorknob, so she took the money she’d pulled from her purse and slipped it inside the towel on top of the stack. Sunny rejoined them and held Kyra’s waist as their bodies brushed together in passing. Even that little contact was electrifying, and Kyra was shaking when she sat back down.

Sunny looked disappointed when she saw how much money had been left for her. She probably thought it was going to be a full service appointment with Kyra there. Kyra did plan to tip more at the end, but she didn’t want to give the wrong idea by leaving too much money out at the beginning.

“Mmm, big handsome man,” Sunny moaned, turning her full attention to Ethan. She ran her hands up his legs, *all the way up*. Both hands disappeared under the towel and Kyra watched with rapt attention. Sunny continued to moan as she kept rubbing him under the towel. Kyra was frustrated she could not see what was really going on and was pleased when the girl finally lifted the towel away. Sunny put it to the side, then reached

back and untied her bikini top, which she placed with the towel. She rubbed his chest with one hand and caressed his thigh with the other, smoothly working her way back to his crotch. He started touching her hip and then her waist. As his hand slid higher, he looked at Kyra. She understood he was asking permission and she nodded. She wanted him to do whatever he normally did when he came here. It wasn't easy to admit, but she wanted to see her husband touch the girl.

Ethan hadn't been sure he would be able to do this, but it was hot to have Kyra there while he got a massage. He was very self-conscious at first. He just couldn't believe that Kyra would be able to watch him get jerked off and not feel angry or jealous. She was actually encouraging him to go for it. She actually seemed really turned on by the whole thing. He knew they were going to have some incredible sex tonight. It almost made him want Sunny to get him off and get it out of the way so he could get to the main event, but Kyra was so into watching that he decided she deserved a good show. He really didn't know how Kyra would react when he started touching Sunny, but Kyra seemed to want him to go for it, so he slid his hand up and cupped her breast. The pretty Asian girl's breasts really were quite small, but damned if they weren't perfect teardrops, and just so firm. He squeezed her breast and pinched her small, dark brown nipple.

"That's so good, sexy," Sunny cooed. She went from just caressing his cock to moving her small fist up and down his shaft. He was not one of those guys who bought into the idea that the massage girl was really into it. Sometimes he preferred it if they just quieted down.

Sunny's technique was good, but honestly his wife was much better with her hands. For a moment, he considered inviting Kyra over to show the girl how it was done. Still, it still felt good, especially when Sunny lubed up her hand and really went to town. He kept fondling her breasts and looking over at Kyra, whose eyes kept moving back and forth, from him touching Sunny to the Asian girl's hand sliding up and down his cock.

Kyra's hand was in her lap, and slowly, it started inching her skirt up as she spread her legs. Ethan couldn't believe it. She was so turned on that she was touching herself—right there in the room! It was so sexy to see the garter belt straps framing her black lace panties as she rubbed herself through the fabric. Now he wanted Sunny to slow down, because he wanted to keep watching Kyra touch herself. But Kyra's masturbation made it hard

to hold back. Her panties were so sheer he could see through the crotch to her pale flesh beneath and the pink of her lips. She used three fingers to rub up and down her lips. Her chest slowly rose and fell, and he could see her hardened nipples poking through her top like two little beacons. Ethan gasped and lifted his ass off the table. Sunny had him right at the edge, but he was just able to hold back. He was afraid that Kyra would not be happy about that, but Kyra moaned at his reaction, and moved her panties to the side. Her fingers were dipping between her wet lips, and he was sure she was rubbing her clit. She was moaning just as much as he was, and he thought she had to be close. He knew Sunny had to hear his wife's moans, but the girl kept focused on her task. For a moment, he had this crazy flash of an image, of Sunny going over to Kyra, kneeling before the chair, and going down on his wife. That would have been amazing to see.

"Come on, big guy, you do it for me! I want to see you do it," Sunny moaned. Her fist was flying up and down his shaft now and she was even rubbing his balls. "I make you feel good."

"Yeah, you make me feel *very* good," he groaned. He really couldn't hold out any longer. Watching Kyra touching herself in the corner was too much. He cried out and his spunk shot into the air. The pro she was, Sunny made sure he was pointed away from her and she kept pumping until he exhausted his load. Kyra cried out while he was cumming and he knew she was climaxing too. Damn, it was amazing! Making this happen was even better than the fantasy. There was only one thing that could make it better.

*Wow!* That was all Kyra could think when she saw Ethan cum. She couldn't help touching herself as she watched, and it was easy to make herself cum right along with him. She was drenched down there, and so very horny. Her climax was great, but she wanted more. She *needed* more. She wondered how long it would take for them to get out of there. Sunny bent over Ethan and he whispered something to her. Sunny giggled and nodded.

"I take care of you now," Sunny said, turning to Kyra.

"No, no. It's just for him," Kyra insisted. She quickly pulled her skirt down. Behind Sunny, Ethan climbed off the table and dug around in his pants. He came out with another sheaf of twenties.

"Don't mind her, she's just shy. My wife's been very tense lately. She could really use a massage."

“No, really, I’m good,” Kyra objected. If he had the money, she knew her husband had to have planned this. But Kyra had not, and she wished Ethan had discussed it with her. She was only here to watch. Sunny took the money, and Kyra felt trapped into it now. They would not get their money back. She was not ready to give Sunny that kind of “tip” so now she had to follow through. At least that was her rationalization. *A massage wouldn’t be bad*, she thought. *Just no funny business.*

“It’s okay, I help you,” Sunny said. She took Kyra’s hands and pulled her out of the chair. They were close enough to touch, and Sunny did not step back. Instead, she reached for the bottom of Kyra’s sweater and started pulling it over her head. Kyra was frozen. The girl hadn’t helped Ethan undress! Kyra did not know what else to do, so she raised her arms over her head and let Sunny pull off her top. Sunny put the garment on the chair and then wrapped her arms around Kyra and unhooked her lacy ivory shelf bra. Kyra felt chills when Sunny’s hands brushed the bared sides of her breasts. For a moment, their breasts were pressed together and Kyra’s thick, puckered nipples pressed into the Asian girl’s supple flesh. Kyra turned to the side and Sunny unzipped her skirt and eased it down over her hips so Kyra could step out of it.

Kyra was topless in little black panties and garter belt, black stockings and spike heeled shoes. Ethan was looking at her like a hungry wolf, and she saw he was fully hard again. *Good, I hope he’s so frustrated it hurts*, she thought. Seeing him looking at her like that made her throb between her legs. She knew they had a fun night ahead.

Sunny had some trouble figuring out the garter belt, so Kyra had to take over and made a show out of unclipping her stockings and rolling them down her legs. After she removed the garter belt, she turned around and bent over to slide her panties down, giving Ethan a perfect view. Kyra had a really nice, round ass and she was much happier with it since she’d been working out again. Once she was nude, Sunny put her own bikini top back on, wrapped a towel around Kyra and led her from the little room.

They did not encounter anyone in the hallway. Kyra assumed they took great care to make sure clients did not run into each other. Behind the shower curtain was a small tiled alcove, which was really more like a huge shower than a room. The one wall had a shower head on a hose and a lower spigot. On the other side was a massage table. Sunny filled a bucket with

hot water and poured it over the table, then helped Kyra out of her towel and invited her to lie down on the table. Kyra felt vulnerable, naked in the shower room, without her husband present. She'd been naked with friends before, of course, but this was very different. It was not even like when she went to a real spa, because she was always covered in some way, and proper masseuses were careful not to touch inappropriately.

Kyra gasped when Sunny dumped a bucket of hot water over her. She followed it with a second one, and that was soothing. She closed her eyes and enjoyed the feeling. She was surprised when she felt Sunny scrubbing her with a soapy mesh sponge. Sunny started at her feet, which felt great, and worked her way up Kyra's legs. The girl was thorough and did not miss a spot. She nudged Kyra's thighs apart and went over her pussy, which was so sensitive that Kyra could not help but moan. Sunny brushed her cunt a couple more times, but made it seem like casual contact. She also scrubbed between Kyra's buttocks. She squirmed when Sunny gently pressed against her asshole. Kyra was relieved when Sunny moved on and scrubbed her back and arms. When she finished scrubbing and soaping, Sunny dumped a couple more bucket of hot water over her. Kyra now understood why Ethan loved coming there so much. Sunny asked her to turn over.

This was harder. At least when she was on her stomach, Kyra had the illusion of hiding her nudity. But now she was face up, and she felt totally exposed. Sunny told her how beautiful she was, then poured another bucket of hot water over her, only slowly this time. The water hitting her sensitive mound made Kyra jump and she was sure she saw Sunny smile. Sunny laid the bucket aside and worked on Kyra's front with the mesh sponge. She first scrubbed Kyra's legs, then skipped to her tummy, arms and neck. Being scrubbed clean was almost as relaxing as being massaged, but Kyra could not truly relax. Her heart raced whenever Sunny's hand strayed close to her breasts or pussy. It was confusing, because no woman had ever stirred these feelings in her or touched her like that before. Sunny worked the mesh sponge over Kyra's breasts, letting it graze her thick, sensitive nipples. There was no hiding Kyra's reaction. She bit her lip, but couldn't suppress her moans or heavy breathing. The mesh sponge was soft, but had enough texture to drive Kyra crazy when it rubbed across her nipples. She whimpered, closed her eyes and focused on enjoying the sensations, rather than who was causing them. Sunny took time to wash—really wash—

Kyra's breasts, then moved down and lightly rubbed Kyra's mound with the mesh sponge. She applied just enough pressure to make Kyra cry out, but when Kyra thought she was going to go over the edge, Sunny laid the sponge aside and poured water over her naked body again. "You so sexy," Sunny told her.

Kyra wasn't sure she'd be able to stand on her own when the girl took her hands and helped her to her feet. Sunny thoroughly dried her and then wrapped a fresh towel around Kyra, then took her back to the massage room.

Ethan had slipped back into his boxers while Kyra was off with Sunny. He was going crazy thinking about what might be going on. He did not want to miss a second of his wife with the pretty Asian girl. When they came back into the room, Kyra's dreamy expression told him that more than just washing went on in the shower room. His wife was glowing and she seemed shaky on her feet. Kyra flashed him a quick smile when Sunny removed her towel, then she lay face down on the massage table. Ethan laid Kyra's clothes on the floor with his and took the wicker chair.

"You like oil?" Sunny asked.

"Yes," Ethan answered for his wife. Kyra looked over at him and smiled. He could tell she was enjoying this even more than he was.

"That's cold," Kyra giggled when Sunny drizzled baby oil along her spine.

Sunny removed her bikini top and smiled at Ethan over her shoulder. The masseuse was a pro and understood who this was really for. She slicked her hands with the baby oil and worked her fingers into Kyra's back. Kyra's arms were crossed under her head, which was turned to the side so she could watch Ethan. Kyra closed her eyes, though, whenever Sunny touched one of her more sensitive areas. Sunny worked her way down Kyra's back in less time than she took with Ethan. She was caressing more than she was massaging. From the little coos and moans coming from Kyra, he knew his wife was quite enjoying her rubdown. He enjoyed it as well. His cock throbbed and he rubbed it through his boxers, leaving a big wet spot in the front. This was the hottest thing he'd ever seen. It was like a jolt of pure ecstasy right into his nervous system. Sunny worked her way up his wife's legs, then rubbed that ass he liked so much. Kyra squirmed when Sunny's

fingers dipped between her cheeks, slick fingers gliding over well-oiled flesh.

When Sunny slipped a hand between Kyra's thighs, his wife parted her legs and closed her eyes. The look on his Kyra's face almost made Ethan cum, and he took his boxers down before he made a mess. He could not see exactly what Sunny was doing, but he could guess by the way her arm moved and Kyra's loud moans. She buried her face in her arms, and Kyra worked her hips, humping Sunny's moving hand, almost like she was trying to fuck the table. In seconds, Kyra was crying out and shaking. Watching Sunny make his wife climax was nearly too much for Ethan and he stopped touching himself so he wouldn't lose it yet.

Sunny helped Kyra turn over and their breasts rubbed together. Sunny's dark hair tumbled forward in stark contrast as it fell to brush against Kyra's pale skin. She kissed Kyra's cheek and then poured more baby oil over her breasts. Kyra lay there passively, looking up at Sunny with lusty anticipation. Sunny cupped both oil-slicked breasts and kneaded them, squeezing upward so Kyra's nipples peeked out from her hands. Then she paid special attention to those thick, pale nipples. She pinched and pulled, but was gentle and her slippery fingers moved easily across the stiff nubbins. Kyra was gasping and throwing her head from side to side. Ethan never saw her react like that to having her breasts played with, and he tried to note what Sunny was doing. He wanted to make Kyra go that crazy. Sunny pinched and rubbed Kyra's nipple at the same time, and soon his blonde wife was thrusting her torso up off the table.

"Oh, oh God! Oh God!" Kyra cried.

While she expertly manipulated Kyra's nipple, Sunny slid her hand down Kyra's tummy to between her legs. Ethan saw exactly what was going on this time, and he could not just sit in his corner. He moved over to the foot of the massage table, which gave him a perfect view of everything. Sunny aggressively rubbed Kyra's mound, then pressed three slim fingers inside her. Between Kyra's own wetness and the oil, those fingers slipped right inside. Kyra cried out and arched her back off the table while Sunny slowly pumped her fingers in and out. Ethan helped himself to a bit of oil and jerked off vigorously. He felt like he was watching Kyra star in a porn video. She looked like the hottest woman on the planet. Sunny moved her

hand faster, and Kyra's eyes flew open. She saw him jerking off at her feet and her gaze was glued to his cock. Sunny started fingering her even faster.

"Oh my God!" Kyra wailed. "Oh my God! Ohhh.."

Kyra's back arched once more and her shout was the loudest Ethan had ever heard during sex. Her breasts quivered as she shook, then went rigid, obviously enjoying another climax. Ethan lost it, staring at his sexy wife, and his jizz went flying. The first shots stained Kyra's thigh, the remainder landed on the sheet. Sunny kept rubbing Kyra's cunt until the blonde relaxed onto the table and pushed her hand away. She took Sunny's hand from her breast and clasped it while smiling up at her.

"I come right back," Sunny said. She put her top back on and bowed out of the room.

The second they were alone, Ethan was all over Kyra. They kissed fiercely and she grasped his deflated cock. His hands slipped all over her breasts, but she stopped him from touching her pussy. "I'm too sensitive right now," she warned. They only cooled off when Sunny came back with a couple wet washcloths. First she wiped off Ethan's cock once again, then used the second washcloth to give Kyra a quick rubdown. It helped, and felt very good, but Kyra was still left slippery. The girl helped them both dress, and Kyra dug another hundred dollars out of her purse. It was a hefty tip, but she thought Sunny was worth every penny of it. She was surprised when Sunny hugged her and then kissed her sweetly on the lips. It was more than a friendly kiss, and the first time Kyra ever kissed a woman like that. It was nice.

"You come and see me again. Yes?" Sunny said.

"Definitely," Ethan replied.

Kyra felt funny leaving the massage parlor and couldn't help looking all around to make sure no one saw them. Her garter belt and stockings were in her purse. In the car she grabbed Ethan and kissed him hard. His hand slid under her skirt and the touch made her head swim.

"That was pretty damned unreal," he said.

"Get me home now!" Kyra demanded. "We can talk later."

It was a good thing the girls were staying at Melanie's because they never even made it upstairs. They were kissing in the foyer and Ethan pulled at her top as she ripped the buttons off his shirt and pulled it off. His belt followed and was left in the hallway. The living room was nearest and

he pulled her into it. He did not even take her bra off, but scooped her out of it and suckled her nipples while she sat on the arm of their stiff, fancy sofa. She knew she must taste like baby oil; she could smell it on herself, but he did not seem to care. He went from one nipple to the other while rubbing her through her panties. She reached into his pants and found him ready for her. She'd been thinking about getting her hands on his cock all night.

Although she came three times at the massage parlor, Kyra was still horny beyond reason and did not really need a second of foreplay. She'd never felt like this. It was like she could go all night. The other orgasms were great—Sunny's hands were amazing—but she needed a man inside her. She wanted her husband. “Take me right now,” she breathed. “I’m ready.”

Ethan pulled her panties off and thrust into her. She wrapped her legs around his waist and her heels clicked together. It was so hot to be screwing right in their living room. They hadn't done this since the night they moved in, on the empty floor. They kissed and she clung to him while he rammed himself inside her. *God, yes!* She thought. *That's just what I needed!* She squeezed her legs around him and urged him to go faster, to take her harder. Her loud squeals and cries told him just how much she was enjoying herself. This was the hottest sex they'd had in years. It seemed to her like the more they went down this road, the better the sex became. Could there be a limit?

“God, Ethan! Oh God yes!”

“Jesus Kyra! Fuck you're hot! You're so fucking hot! I want you so fucking bad!”

Kyra loved his foul mouth. She squeezed him inside her and dug her nails into his back. She kept one leg hooked around him, but put the other heel on the floor for balance. She felt like they were going to topple over backward. “Take me, honey! Take me!”

Ethan pulled out and spun her around so quickly she almost fell. Kyra didn't know what the hell was going on, but then he bent her over the arm of the sofa and rammed into her again. She put her hands on the cushion and thrust back at him. She'd forgotten how good it felt to just be taken like that. It was incredible! He had a hand on her hip and grabbed her breast with the other, kneading it roughly. His balls slapped back backs of her

thighs and she hung her head low. It felt like he was going to fuck right through her.

“Ohhh...ohhhh...ohhhh...God Ethan! Ethan!” Kyra screamed. She screamed! She was not a screamer, but scream she did. Her orgasm was the best of the night. It got even better when she felt him cumming inside her.

“Ahhhh...damn...” Ethan cried. He slumped over her back and they both trembled. Not five minutes had passed since they walked in the door.

Kyra smiled dreamily. As a woman, a sexual creature, this had been the best night of her life. Even as she felt Ethan shrinking inside her, she hoped she could coax him to life again. She hoped so. Maybe it was time to see if it was possible to go all night!

## CHAPTER SIX

Kyra hummed as she emptied the dishwasher. She had been in a great mood for weeks now. From the other room, she heard squeals of delight as Ethan played with the girls. She hoped he did not get them too wound up because it would be bedtime soon. The last thing she wanted was for the kids to give them trouble going to bed; once the girls were down, the fun part of the grown-up's day could begin. They had been to the zoo earlier, but Kyra had a different sort of fun in mind. Something more adult. She could hardly wait to get her hands on her husband.

Things had just taken off in the bedroom. That night at the massage parlor taught Kyra that instead of running from her darker desires, she should embrace them. She had never wanted Ethan more than she did that night, and it had not slacked off since then. She knew he felt the same way because they couldn't keep their hands off each other whenever they had a second alone. It was corny, but she felt like they'd reached a new level of intimacy, where nothing was off-limits. Sex was not everything in a marriage, but it was an important part, and now she could see how they'd really let that part of their relationship wither on the vine. Thirteen years into their marriage, they were connecting on a sexual level like never before, and she knew that they'd only just begun their journey.

They bathed the girls together, then while Ethan was reading them their bedtime story, Kyra slipped away to their bedroom and changed into some new lingerie he hadn't seen yet. She had taken her husband's suggestions that she dress sexier to heart, but more importantly, she felt sexy doing it now that she was seeing the results of her trips to the gym. She put on a green silk bra and panty set with black lace trim and black thigh highs, the kind that do not require a garter belt. Kyra loved wearing stockings, but was not always so thrilled with the hassle of a garter belt. She arranged herself seductively on the bed and waited for Ethan.

"I thought they would never go down," Ethan said, as he entered the room. He saw Kyra on the bed and added, "I would have rushed if I knew

this was waiting for me.”

“If you’d taken much longer I was going to go find my old flannel jammies,” she kidded.

He pulled a frown. “That’s not fair. I was being a good daddy.”

“Well, in that case come over here and get your reward.”

He pulled off his shirt and joined her on the bed. She reached for him and they kissed while she ran her hand down his chest and then over the loose cotton lounging pants he wore. The bulge she found told her she’d chosen her outfit well. His hands roved her body, mercilessly teasing her nipples through her bra. Warmth flooded her and her pussy tightened.

“Have you given any more thought to what we talked about?” Kyra asked, while kissing his neck, which she knew was guaranteed to give him shivers.

“I have,” he said, and followed it with a moan. “I think we could have fun if we found the right couple. But I want to take it slow. We need to be able to stop if either one of us has second thoughts.”

“That sounds like a good idea. I don’t want anything to go wrong. Last time was so amazing.” Kyra was so excited by visiting the massage parlor she thought about going back several times, but did not bring it up because she did not want to seem too eager. She thought being with another couple could be even better, though, as long as jealousy did not become an issue.

Ethan first suggested the idea of being with another couple the week before. Right off the bat, she thought the idea was exciting, even if she had some reservations. She thought it would be a lot of fun if they were both playing with someone and watching each other, but she knew it would be different from being with the massage girl. For one thing, she was not entirely convinced Ethan would be able to handle seeing her with another man, even if it was just playing around. It was a feeling she could understand, because she feared the same emotion. Seeing her husband jerked off by Sunny was different because while it was hot, it was also just a business transaction. There was no fear that he would like Sunny better, or that he could run off and have an affair with her. It was a silly insecurity because she knew Ethan would not cheat on her, but it was there. She had to ask herself some hard questions, and over the past week, she’d answered them. She did trust Ethan completely. If he was up for it, she wanted to do

more experimenting. She got too much of a rush the first time to stop now. She was confident they could handle it, and that it would only make things better.

Kyra's attentions were making it hard to concentrate on having a serious conversation, but maybe that was what she intended. He could not believe the change that had come over his wife since their massage parlor outing. She wanted sex constantly now, and he was more than happy to oblige her. Gone was the lukewarm, distant woman of the past couple years. Kyra was affectionate and attentive and always in a great mood. It was like a fog had been lifted. He wasn't sure if he should be bothered that a change in their sex life had turned her into a whole new person, but he did not want to rock the boat. If coming out of her shell made her happy, then he was on board. Besides, he really did love the change in her.

In the bedroom, Kyra was on fire. It seemed like she was always horny, but she really got off hard when they fantasized during their lovemaking. And their fantasies seemed to keep coming back to their mutual curiosity about voyeurism. She loved seeing him with Sunny, and for him, watching Kyra with the massage girl was the most exciting thing he'd ever seen. He thought about it often, and wondered about seeing Kyra go all the way with another woman. And yes, he did wonder what it would be like to see her with another man, although he still felt jealous when he thought about it. He wasn't sure if he could go for it as enthusiastically as Kyra had.

After their night at the massage parlor, Ethan thought that one night indulging their fantasies would be enough. It certainly provided enough fodder for the bedroom, but now he realized that it was just a first step, not an endpoint. He knew Kyra wanted to do more, so why not? He thought meeting another couple would be better. The danger and uncertainty would be more exciting. He'd read about swinging on the internet, and while in the past he always thought *those* people were crazy, now he was beginning to understand. Maybe some people just needed something more to keep the fires burning. He could see that now. If he and Kyra could indulge themselves and continue to be a loving couple, then where was the harm? So he brought it up to her.

Kyra was thoughtful at first, and Ethan was relieved that she didn't just jump on the idea. He didn't want her *too* excited about being with

another man. She said it sounded like fun, but wanted to think about it. From the way she was behaving tonight, he knew she'd come to a decision.

"I looked around online," she said, softly kissing his chest and rimming her tongue around his nipples. That always drove him crazy. She gave his nipple a flick and his cock surged. He was stroking her hair and brushed it back from her face. "I found a couple websites where we can put up a profile and browse through other people."

"That sounds like a good idea. Ohhh..."

She slid inside his pants and stroked his naked cock. Her hand was warm and tight around him and his prick surged, leaving a wet spot on the front of his loose pants. He was about ready to throw Kyra on her back and ravage her. He was not used to being so passive. She rolled away to the other side of the bed, leaving him confused.

"If we're going to do this, we're going to need some pictures," she said. When she turned back around, she had their digital camera in her hands. She knelt on the bed, pointed it at him, and said, "Smile." All she got was his hand going for the camera.

"I don't know about that. What if someone sees us?" He could only imagine the havoc that would cause.

Kyra leaned back, keeping the camera away from him. "Don't worry, the pictures aren't public. Only people we approve can see them. We could make them send pictures first. Besides, if someone we know is on there, then they are looking for the same thing we are. They'd have no right to judge us." She laughed.

"You have a point. But still, this feels a little weird."

"No one we know is going to be on there. And no hooking up with anyone we know anyway. *That* would be weird," she said.

Ethan agreed one hundred percent. If it was a couple they knew, how would they ever get together and socialize normally again? He would always be wondering if the guy was thinking about fucking Kyra. But then, his wife did have some hot friends. No, he banished the thought. *That* would be the road to ruin.

"Agreed," he said.

"So smile for the camera."

He felt strange posing without his shirt, but he smiled and made the best of it. Besides, he was going to get to take some pictures of her, and that

could be fun. Kyra took a couple pictures of him laying on the bed and smiling, then laid the camera aside. She leaned in and kissed him, while tugging his pants down. Her tongue darted into his mouth and teased, distracting him while she wrapped her fingers around his shaft. Slowly, she ended their kiss, then turned and took him in her mouth. Ethan sighed and pushed his hips up off the bed as she swallowed him. She sucked him hard, keeping him in her mouth as deep as she could go. She drew back until she was just sucking the head and then let that pop out of her mouth.

"I need to make sure you're ready for your close up," she giggled. She saw his look and added, "Don't worry. I won't get your face in any shots."

Kyra took him back in her mouth and gave him a world-class blowjob, bobbing slowly and sucking intensely. He was gasping and pushing at her mouth, going out of his mind until he finally had to stop her. If he didn't, he was going to overshoot her goal.

"Damn, honey, you're amazing," he breathed.

"Glad you think so."

Picking up the camera again, she took several shots of his cock lying up along his tummy, and then she took it in her hand and stroked it while she snapped a couple more pictures. She was having a lot of fun with their little photo shoot. He had been right to stop her, because she was ready to take him all the way. She could feel how wet she was below and touched herself down there. When she set the camera aside, she took him back in her mouth. She worked her tongue on the underside of his shaft while she moved up and down. Ethan's moans and heavy breathing were driving her crazy. She rubbed just above her clit, through her panties, and could feel her own orgasm building. She wanted to climax with him.

Hearing the shutter sound, Kyra opened her eyes and saw he was taking pictures of her. She started to pull back, but he just smiled and said, "Don't worry. These are for our private collection." She calmed down and went back to sucking him. She'd heard all sorts of scary stories about these sorts of pictures leaking out and she did not plan on putting anything like this on their profile, but it did feel sexy to have Ethan taking these pictures. It felt so dirty, just like when she imagined herself being watched while jerking off Bill. For a moment she fantasized that the pictures did leak out, that some anonymous guy was looking at pictures of her sucking cock and

jerking off, and that made her cunt throb. She really put on a show, taking his shaft from her mouth and licking all around the head while he snapped away with the camera. Her pussy felt like it was going to erupt. She still wanted them to cum together, so she took him back in her mouth and sucked him hard and fast.

“Damn, Kyra, oh damn!” Ethan exclaimed. “Ohhh...shit...”

Just as her own climax exploded and rolled through her body, she felt him burst and fill her mouth. Instead of pointing him to the back of her throat, Kyra held his head in her mouth and swallowed. As his seed leaked from her lips and dripped down her chin, she knew those pictures would be unbelievably hot. She couldn’t wait to see them!

“Baby, you taste good,” she cooed, channeling her inner porn star. And then she burst out laughing.

“You’re incredible. I love you so much,” he said, pulling her into an embrace. “And now I get to take pictures of you for our prospective partners.”

Ethan took the camera and pulled his pants up, while Kyra briefly retreated to the bathroom to clean up and touch up her make-up. When she returned, he took several pictures of her posing on the bed, first sitting up with her legs tucked under and a wide smile. It was funny to Ethan, because her smile was so sweet, so innocent. It contrasted with her posing in the skimpy lingerie. He told her to stretch out. She leaned back on her outstretched arms. Snapping the pictures, he really did appreciate what a great, curvy body his wife had. He took a couple more pictures, then told her, “Okay, time to take it off.”

“I’m only doing topless,” she said, and hesitated before reaching back and unhooking her bra. “Don’t get my face in those pictures.”

Posing for the camera was so thrilling, but she was also nervous. It would be fun if the pictures were just for Ethan, but these pictures were going on the internet. The fantasy of some stranger getting turned on by her image was exciting, but the reality of it was different. Of course she had a fear of being recognized, but she also feared being judged. She had lost weight, but she was not the girl she was in her twenties. That stomach was not all flat and toned and her butt was bigger. But as she turned this way and that, and as Ethan kept telling her how sexy she looked, those doubts faded. She did feel sexy. She cupped her breasts and leaned in to the

camera, then lay back and arched her back. After a few more snaps, Ethan laid the camera aside.

“I want you, honey,” he said, laying on top of Kyra and kissing her.

They kissed and then he moved down her body, holding her breasts in both hands and moving back and forth, kissing, and licking her nipples. She whimpered and roughed his hair as he teased with his tongue before sucking hard. When he had her squirming and moaning, he moved lower, pulling down her panties and spreading her legs. That wonderful tongue worked its magic once again. He criss-crossed over her clit until she was arching her back and grabbing a handful of the sheets beneath her.

“Ohhh...God!” Kyra cried. She struggled to quiet down because of the kids. She was gushing below as she climaxed. Ethan kept licking and sucking until it became too intense for her, and she pulled him up on top of her.

As their tongues battled, Ethan slid his cock right inside her. She gasped and pushed back at him. They kissed furiously while they made love, and she wrapped her arms and legs round him. He buried his prick in her and turned, pulling her on top of him. She worked her hips, gyrating and squeezing him while he massaged her ass. Sitting up, she pumped her hips forward with her hands on Ethan’s chest. It was only her newfound confidence that made her comfortable enough to be on top like that. He slid his hands from her hips to her breasts and teased both her nipples. It felt so good. Every time he pinched and rolled her nipple, Kyra felt it down below. She rode him faster and faster, eyes closed as she focused on how good she felt.

“Whaaa?...” Kyra muttered when she heard the shutter sound of the camera again. Her eyes flew open and she saw Ethan snapping pictures of her from the waist up as she rode him. At first she panicked, then decided it was hot. And besides, the pictures probably wouldn’t even turn out. Being photographed pushed her over the edge and she cried out loudly as another orgasm hit her.

Ethan snapped a few more pictures, then dropped the camera as Kyra fell forward onto his chest. He held her hips and pumped her up and down on his cock for another few minutes until he finally came inside her with one, last, powerful thrust. She snuggled into his chest, wrapping herself around him, and was completely content.

Once they finished cleaning up and getting dressed for bed, Ethan brought out his laptop and they downloaded the pictures. Together, they chose which ones would be placed on their profile and Ethan saved the ones for private use to a separate folder. Kyra picked out every flaw while looking at the pictures, but Ethan was great. He reassured her that she was sexy, and that he thought she was even hotter now than when they first met. She did not quite believe him, but it was nice he said so. After much urging, she conceded that she looked good in the pictures, but still thought posing for the camera was more fun than actually looking at the images. She extracted an oath from him that he would never show them to anyone without her permission.

They logged into a website for alternative lifestyles and created their profile. Much of it was easy. They described themselves, put in their age range and their interests. Things got dicey when they had to fill in their sexual preferences. The list of potential choices was dizzying and they had to admit that most of it sounded exciting. But after some debate, they erred on the side of caution, lest someone get the wrong idea about them. They checked off that they were into watching and being watched, that they were looking for a discrete encounter and “soft swinging,” which was fooling around, but no sex. Sex with another couple was not ruled out, but they wanted to start slow. Despite what happened with Sunny, Kyra put that she was “straight only.” They uploaded their photos, but set the privacy so they would only be displayed to whomever they chose. Once that was finished, all they could do was sit back and wait.

## CHAPTER SEVEN

"I want to ask you something, but I don't want to be judged, okay?" Kyra huffed. She and Melanie were jogging around the paved track at the local park on a warm spring Saturday morning. Kyra preferred to get out before the sun got too hot, but she did not like that the track was so crowded. Everyone from rollerbladers to mothers pushing their high-end jogging strollers while power-walking passed Kyra and Melanie as they jogged around the track at a brisk pace.

"Okay, this sounds juicy, especially after what you said about that guy at work. I promise I will keep an open mind," Melanie grinned, pushing back a strand of limp auburn hair from her sweaty forehead. She struggled to keep her friend's pace, but did not complain. She envied that Kyra was getting herself in shape and thought a little exercise couldn't hurt. She even went to a couple classes at the gym with Kyra.

"I told you, there is nothing going on with Bill, not any longer anyway," Kyra started.

"So what is it? Is there a new guy?"

"There is no new guy. Things with Ethan are better than they have been in a long time. They're better than ever, actually."

"You've said that, but you haven't said why. It sounds like he took it well when you told him about Bill."

"Sort of. He let me explain, then he confessed that he hadn't been a choir boy either."

"Ethan was cheating?" That brought Melanie to a halt.

"Come on, keep moving," Kyra said, jogging in place. "You don't want to let your heart rate drop." Once they were moving again, she continued. "He wasn't really cheating. He'd just, uh, gone to one of those massage parlors." She braced for Melanie's reaction.

"That is so gross. I know a lot of guys don't consider that cheating, but going and paying some Chinese hooker to jerk you off is not okay. I hope you didn't let him off the hook."

"It's better than him having some affair isn't it? I don't think it's as bad as what I did. And because of that, I could hardly rake him over the coals for it."

"I guess not. I just hope he's not doing it anymore."

*Not by himself anyway*, Kyra thought, but she was not prepared to tell her friend about their crazy night out. "We have a new understanding. I told you, things are great now."

"So what do you want to ask? What nuttiness are you up to now?"

"I know you and Jack like to try different things..."

"That time last month in the changing room was crazy. I thought for sure we were going to get thrown out of the store. You should have seen the bite mark I left in his shoulder. I think the outline on his skin might still be there. Is that what you and Ethan are up to? Are you trying some new things to spice up the marriage? Give up the details, honey."

"We haven't done anything that wild yet, not like you and Jack," she said, although the idea of getting it on in a public place was exciting. "It's just been lingerie and things like that. But we have been fantasizing, and now we're thinking about trying some of those fantasies."

"Do tell."

"Well, we've been talking about bringing other couples in and being watched, maybe watching each other with someone else."

That stopped Melanie dead in her tracks again. She stood with her hands on her hips and stared at Kyra with her mouth open.

"You can't keep stopping," Kyra complained.

"Then don't keep dropping bombshells like that. I need a break anyway."

"Fine. We can sit on this bench."

The women sat down and Melanie turned to face Kyra with a nervous smile.

"Listen, I'm really flattered, and I do think Ethan is attractive, but I'm not sure if Jack and I are ready for something like that. I know he would never go for seeing me with someone else."

"Melanie! I wasn't asking you to swap with us!"

"Oh."

*Is it such a crazy idea?* Kyra wondered. Melanie was very pretty and she'd always thought Jack was handsome. She wondered if her friend was

Ethan's type. But no, she couldn't imagine doing it with someone they knew, someone they would have to see again.

"You guys are hot, don't get me wrong, but that's not why I brought this up. I just wanted to talk to someone about it, and you're the only one I trust. Ethan and I promised each other this would be a secret, but I need someone to tell me we're not making a huge mistake."

"Mmm, I don't know. That's pretty heavy, especially considering that both you guys have been fooling around on the side." Melanie felt bad when Kyra frowned. "I'm sorry, but it's true. You guys obviously need something you feel you haven't been getting from each other. Maybe experimenting like that could bring you closer together. You could have your adventuring, but do it together."

"That's what I think."

"Or it could pull you guys apart. You two could realize that it really is other people you want."

"I don't want anyone else, not as a partner. I love Ethan and I love the life we've built together. But talking about this has added something to our marriage that was never there. We're both ready to take the next step, I think."

"Tell me something. Whose idea was this? I can see a guy suggesting swapping. Guys always want to try someone new."

"It really wasn't just Ethan. I am really excited by this too. I think through talking, we found we both are excited by this. He's not pushing me into anything."

"Good. I don't want you doing something you'll regret just because he wants it."

"It's not like that."

"Okay, then, how do you think you would feel seeing Ethan with another woman?"

"It might not go that far. We're thinking of starting with something called 'soft swinging.' It's when you fool around with another couple in the same room, but there's no contact."

Melanie smiled. "That could be exciting, but I am guessing it would be hard to avoid things getting out of hand."

"You just have to stick to your rules."

"Right. It's a pretty hot idea, I'll admit. Jack and I might even do something like that, but let's go further. You didn't answer my question."

"I really think I would be good with it. I think it would even turn me on. The fantasy turns me on a lot."

"But fantasy and reality are different, hon."

"I know, but I trust my instincts." *Plus, I already know it turns me on,* Kyra thought.

"And Ethan would be okay with watching you."

"He says he would. I have to take his word for it. If anyone is uncomfortable we would just stop."

"I guess so. It sounds really fucking crazy, Kyra. I think it's risky, but if you guys really want to try it, maybe you should. You don't want to regret not doing it, you know? Hopefully it will be just what you guys need."

"It'll be hot, no matter what," Kyra said.

"I'd better get all the gory details."

"You will, but remember not a word of this to anyone. Not even Jack. I don't want him thinking I'm a pervert."

"I promise. This stays between us."

"And Ethan would kill me if he knew I told anyone about this."

+++

"Dude, that is so wild. I would never guess Kyra would do anything like that. Are you sure you didn't, like, drug her or something?" Charlie marveled.

Ethan and Charlie were having beers, and Ethan just finished describing his trip to the massage parlor with Kyra. He knew she would kill him if she knew he'd told anyone, but Ethan just couldn't keep it to himself any longer. It was just too cool and he had to share it with someone. Charlie was one of his oldest friends, and although he was a bit goofy, he thought he could trust him to keep his mouth shut.

"I would not drug my wife."

"I know, I was just kidding. My mind is just blown man. Kyra's great, don't get me wrong, but she just never seemed like the wild kind of girl, you know?"

"Man, I know. I never thought she would even consider something like that. I told you before, but I guess we were both wrong. It was even her idea."

"I guess there's something to women hitting their sexual prime in their thirties, isn't there? So it was really hot, huh?"

Ethan grinned ear to ear. "You have no idea. It was insane. Sometimes, when I'm zoning out, I still flash back on it and I instantly get wood."

"So do you think you'll do it again?"

"We're going to do something..."

"You guys are going to go out and find another girl? Damn, I am so jealous."

"Sort of. We're looking into the swinging thing."

"You make it sound so normal. 'We're looking into it.' So you're ready to see Kyra bang another guy?"

"I don't know about that. We want to start slow, y'know, and see how it goes. I think we're just going to meet some other couples and see what happens. Maybe start with some watching."

"That could be kinda hot, I guess. I don't know. I don't think I want to be in a room with another naked guy."

"I guess I am more secure in my sexuality than you are. I think I could enjoy it and not focus on the penis," Ethan laughed.

"Whatever, I still don't think I would want to see Beth even fooling around with another guy. So how do you find another couple to fool around with?"

"There are websites for swingers, they call it The Lifestyle, apparently. There's also websites, like Adult Friend Finder. We put up a profile."

"Really? So you put your picture on it? Where can I see this?"

"You have to be a member to see anything, but here, check this out."

Ethan grabbed his phone and scrolled through until he found the picture of Kyra he'd sent himself. It was one of the bra and panty shots. He couldn't say exactly why he did it, except that it was hot to have it with him. He hadn't planned on letting anyone see it, but he just couldn't help showing it to his friend. He was proud of his hot wife. He passed his phone over to Charlie.

“Damn. Looks like Kyra’s been working out. She’s totally fucking hot. You put this picture up on the internet?”

“Yeah, but we can control who sees it. And you’d better not mention this in front of Kyra either. She’d kill me if she knew I showed any of our friends that picture.”

“I won’t say anything. Shit she looks good. I wish I could see her ass.”

Ethan was proud that his friend was drooling over Kyra. He was proud to have such a sexy wife and the fact he wasn’t jealous made him think that maybe he could handle another guy coming onto her in person. He took his phone back before Charlie started jerking off to Kyra’s picture.

“Maybe some other time.”

“What can I say? Good luck.”

+++

Kyra sat on the bed with one of her legs crossed under her, looking over the responses to their web profile. The kids were in bed and Ethan was down the hall, showering. Unfortunately, the bulk of the replies were from single males and several were shockingly graphic, including photos of faceless men holding their cocks for the camera. Although the single guys weren’t what they were looking for, it did raise her temperature to see that these guys found her so attractive. She liked reading what they wanted to do to her. A couple suggested that she email them behind her husband’s back. Ethan got a chuckle out of those.

Their profile had been up on the website for about a week. From a dozen or so legitimate-sounding replies to their profile, they found three or four they were interested in pursuing. Couples that came on too strong were eliminated. Others were ruled out based on their pictures. Kyra didn’t like to think that she was shallow, but if they were going to do this, she wanted another couple around their age and at least as attractive, but not too attractive. One couple was a few years younger than they were. But Kyra took one look at the woman’s body and vetoed them on the spot, over Ethan’s half-serious objections. That was part of their deal. Each had veto power over the other, for any reason. They also drafted the reply emails together, with Kyra on the keyboard. They had fun browsing other couples’

profiles, but neither of them was ready to reach out to anyone yet. Finally, one couple met most of the criteria on their mental checklists. They lived close by, but not too close, within an hour. They were about the same age, in their mid-to-late thirties. The wife was a nurse and the husband was some kind of data analyst. They also had kids, but they had been married longer and it looked like they had a lot of experience with the swinging thing. Based on their profile, it didn't look like anything was off limits for them. There were a few pictures in their public section, and they looked to be in good shape. The husband wasn't built, but he didn't have a gut either, and from the little bit of his face visible in the picture, it looked like he had a beard or goatee. The wife's pictures did not show her face either, but there was one shot where she was fully nude, showing her to be petite, trim and fully shaved. It looked like she was lying on a wooden deck outside, and she did not have tan lines. Kyra thought Ethan would like her and decided they should write to this couple. It was a little strange to be looking at other women to figure who her husband would be attracted to.

"Anything good, honey," Ethan asked as he walked into the room toweling his short hair dry. There was another towel wrapped around his waist.

"There's a new couple for the list. The wife is a redhead."

"Ohh, I love redheads."

"I know." Kyra actually had her hair dyed strawberry blonde when she met Ethan and at first he did not like it when she went back to her natural blonde.

"Any new email from the others?"

"Rob and Ami emailed us again."

"Cool." Ethan joined her on the bed and they opened the email together.

Rob and Ami went by the handle "WildcatCpl73," because they met while attending Villanova University together and they were both thirty-seven. Ami was an accountant and Rob an engineer for the local mass transit system. He kept the trains running. They had a fifteen-year-old son and lived about thirty miles away, in the suburbs on the other side of the city. It seemed that Rob wrote most of the emails and he had a wicked sense of humor. There was always some sarcastic comment that made Kyra smile. The two couples had exchanged a dozen emails or so and had both

unlocked their “private” photos to each other. Kyra had a lot of butterflies over that move, and her nerves hadn’t settled until Rob replied. He said that Ami thought Kyra was *too* pretty, but he convinced her to move forward. Kyra blushed when Ethan read that email aloud. Not that Ami had anything to be jealous about. Her body was similar to Kyra’s, perhaps with smaller, firmer breasts, and she was also a blonde, but it was several shades darker and fell straight down to the middle of Ami’s back. The corners of Ami’s lips curled to a hint of a smile, like she was keeping a juicy secret and her piercing green eyes suggested she knew all your secrets too. Rob also added that Ami loved her lingerie and had to know where Kyra purchased it. In Ami’s emails she came across as warm and sassy, the type of person who wanted to include everyone in the party. Kyra liked Ami and Rob because they seemed so normal, so much like her and Ethan.

Ethan liked WildcatCpl73 because they sounded fun and outgoing and he thought they needed a couple like that to break the ice. Rob and Ami were not very experienced either. They had been playing with two other couples for about a year and a half, but they had to cut one of them off because it seemed that the wife was forming an inappropriate attachment to Rob. They did go all the way with the other couples, but not every time. Frequently, they and their friends just did some touching or just watched each other make love. Rob came across as the type of guy Ethan would want to have a beer with. That, and the fact that Rob’s cock did not look that much bigger than Ethan’s own, made WildcatCpl73 frontrunners in Ethan’s mind.

Kyra read aloud: “Hey guys, it’s been a crazy week. Tyler got suspended from school for fighting and he’s been a terror to have hanging around the house all the time. We’re going to have to let him off his punishment this weekend because we have a party to go to and we don’t want to punish ourselves.” They called it a “party” when they got together with another couple. “Speaking of parties, Ami keeps talking about meeting you guys. We should at least make the jump to the phone.” Rob said they would both be around the following night and suggested Ethan and Kyra call then.

“So, do you want to do it?” Ethan asked.

“I’m ready if you are. Are you as excited as I am?”

Instead of waiting for an answer, she pushed her hand under his towel and grasped his half-hard cock. Smiling evilly, she leaned over and took him in her mouth, holding the base while she slowly bobbed up and down, taking more and more of his shaft until most of it disappeared into her mouth. She pulled back and just held the head between her lips and used plenty of tongue while she sucked hard and Ethan moaned encouragingly.

Stroking the hair back from her face, he looked down on his pretty wife sucking his cock. She seemed really into it, too. That was such a change. Kyra had come to go down on him so infrequently that he just assumed she didn't like to do it and he never pushed for it, but now she gave him award-worthy blow jobs on a regular basis. It was just another way she'd become a different woman. He reached under the hem of her silky camisole and caressed her mound, waiting until she moaned into his prick before sliding two fingers between her lips and curving them up inside her. She soaked his fingers as he rubbed her g-spot and her whimpering around his cock became louder. When she started bobbing on his cock faster he started fingering her faster as well.

As she sucked Ethan's cock, she imagined that Rob and Ami were in the room watching them. How sexy would it be to have someone watching and getting excited? Maybe Rob would be jealous and want to come over and get some for himself. She pretended it was Rob fingering her and her cunt squeezed her husband's fingers. When Ethan moaned, she pretended it was Ami sucking his cock. Kyra could see it all so clearly in her mind's eye. She would make sure that they were positioned so that she could watch Ethan while Ami sucked his cock and so that Ethan could see everything she did to Rob.

Kyra's orgasm came on so strong and so quickly that she wasn't ready when Ethan came. She nearly choked when his thick jizz shot into her mouth and down her throat. The warm, white liquid dripped from the corners of her mouth and she released his cock altogether, burying her face against his body to muffle her cries. She did not need the kids waking up.

Ethan watched her shaking on the bed as she came and wondered what had gotten his wife off so quickly. He wondered if he was ready to see another man make her do that. It looked like they were going to find out.

## CHAPTER EIGHT

The first phone call went so well that it left no doubt the two couples were going to meet. Kyra was on the phone in the kitchen, while Ethan sat beside her with the cordless. Rob and Ami used a speakerphone. Kyra was nervous and awkward at first, but Ethan bonded with Rob easily. Ami made sure to ask questions to keep Kyra in the conversation. They stayed on the phone for almost two hours that first night. When the call finished, Kyra and Ethan did not even go upstairs, but made love in the kitchen. He sat while she straddled and rode him. It was quick and intense. The couples spoke three more times over the following week and then set up a dinner date.

Kyra was a nervous wreck the day of their big date. By the time she'd decided on what to wear she'd been through everything in her closet twice. She wanted to be sexy, but not obvious. She wanted to show she was interested without looking desperate. It wasn't fair that men had it so easy. Ethan just picked out a pair of cords and a nice chambray shirt. She didn't like how cool he was. How could he be calm at a time like this?

Even Ethan was surprised by how calm he was. He genuinely liked Ami and Rob as people, so he knew dinner with them would be fun. They were just meeting for dinner and some dancing, so there was no pressure. No plans were made to go back to anyone's house. He was actually quite excited to meet the other couple, especially Ami. Her smoky voice and playful banter on the phone had him quite curious about how she would be in person. He kept reassuring Kyra that everything would be fine and she had no reason to be nervous.

When they dropped the kids off at Melanie's, Kyra's friend pulled her aside and told her she looked great and wished her luck, but showed no sign she knew what the night held in front of Ethan.

The restaurant had a bar area where a band would be playing later and that's where the couples met up. Ami and Rob were there already and Ethan recognized them instantly.

“Hey guys,” Rob said, shaking Ethan’s hand and then embracing Kyra and kissing her cheek. Just that contact made Kyra jump. Ami embraced them both and noted Kyra’s stiffness.

“Relax, honey, we don’t bite,” Ami said, smiling warmly.

“What are you guys having? I’ll buy a round,” Ethan said. Once drinks were delivered they moved to a small table while waiting for their reservation to be called.

“Can I be honest? Thank God you guys look like your pictures,” Rob laughed.

“Is that usually a problem?” Ethan asked.

“You’d be surprised. We met a couple once and it was like their pictures were taken in college.”

“And they were pushing fifty,” Ami jumped in. “I swear that was the longest night of my life. And the husband kept trying to paw me every chance he got, even though we were in public.”

Kyra couldn’t imagine. She didn’t know what she would done in Ami’s place, especially if some leech was constantly hitting on her.

“That doesn’t make any sense. Why would you use old pictures if you’re going to meet, you’re just setting yourself up for disappointment.”

“I’d like to be charitable and think they were just delusional instead of thinking they were lying,” Rob said. “We were out of there as quickly as he could manage.”

“I’m glad you’re not disappointed with us then,” Ethan chuckled.

“Not at all, but keep your hands to yourself...for now,” Ami said.

“But what about you guys? Are you happy with what you see? We’re all adults here, we can admit that looks matter here, at least a little bit,” Rob said.

Ethan glanced over at Ami and tried not to focus on the scoop neck of her black top when he said, “I know I’m cool. Kyra?”

Kyra thought Rob was even more handsome than in his pictures. His dark hair was a little longer and she really liked the way his goatee framed his lips. He filled out the sport coat he wore over his shirt nicely, suggesting he was in just as good shape as in his pictures. And Ami was definitely more beautiful than in her pictures. Her smile was even more seductive in person and her figure looked great. Ami was in all black, a snug top that showed a little cleavage, and a tight skirt that fell an inch or so above her

knee. Her spiked heels made her almost as tall as Kyra, who was wearing more modest heels. When Kyra saw Ethan's immediate interest in Ami she was excited rather than jealous.

"You guys look really great," Kyra said, meeting Rob's deep brown eyes.

"Right back at ya," Rob said.

The pager flashed and vibrated on the table, signaling the dining room was ready for them. The hostess showed them to their table and they sat boy-girl, boy-girl around the smallish table. Dinner talk was about the mundane things of life and they got along like they'd known each other for years. As Kyra indulged in the red wine she felt more and more relaxed, but she was careful not to get drunk. She had so many questions. All the times they'd spoken on the phone, they had not talked about swinging much, aside from Rob sharing a vague story or two. They just spent the time getting to know each other. Kyra held her questions at dinner, though. The tables in the restaurant were close enough together for eavesdropping. When the check arrived, Rob and Ethan spent some time tussling over it before agreeing to split it down the middle.

At the bar they took a small table toward the back of the room, which would give them some privacy. The band was setting up on a small stage in the corner. Kyra waited until their drinks arrived, but she could not hold back her questions any longer.

"So how does this usually work?" she asked.

"That's direct. I like it," Rob laughed. "But what do you mean?"

"Honey," Ethan chided his wife.

"That's okay, really," Ami said. "Rob and I were actually pretty surprised you guys haven't been more inquisitive. You guys must have a thousand questions."

"We don't want to come off like lame newbies," Ethan said.

"Not at all. You can only learn so much from reading on websites. And a lot of that stuff is bullshit."

"I'm sorry to tell you, Kyra, but I don't know if there is a *usual*, everyone is different. And every experience is different. Rob and I just like to meet people and see what happens. Sometimes we have a great evening and there's no spark, and sometimes it's like, *wow*, right off the bat and everyone's ripping each other's clothes off by the end of the night. I think a

lot of it depends on what you want out of the experience. I know you guys said you weren't sure how far you wanted to go, that you really are exploring."

"Which is totally cool," Rob added.

"Like we said on the phone, we have these fantasies, but who knows if it's a good idea to try and live them out," Kyra said.

"It's good to be cautious. You always have to put your relationship first," Ami said.

"So you guys never get jealous?" Ethan asked.

"I had a little of that at first," Ami confessed. "When we met other couples I always shot them down if I thought the woman was prettier than me. It took us like six months to do more than just have dinner with other couples."

"No one is prettier than you, dear," Rob said, kissing his wife.

"Thanks, but I know you lie." Ami playfully punched him in the arm. "It's really about trust and wanting to have a good time. I finally realized that I had to decide if I was really ready to play around with other people or if I was just flirting with the idea. I knew Rob really wanted to try it and I love and trust him, so I finally just let go. When I was ready we met the right couple and after a couple dates things progressed."

"And it was crazy! You would have never thought Ami was the shy one. She was all over that guy. His name was Joel. When I watched her with him I couldn't believe that was my bride!"

"And you were totally cool with that?" Ethan asked.

"Oh yeah, totally. It was great seeing her let go like that. I've never thought I had to worry about Ami running off with someone."

"You guys just went right for it? You didn't work your way into it?" Kyra asked.

"We flirted around it for so long that we were more than ready and we knew we wanted to go all the way. Everyone moves at their own pace. Some couples are just really into the watching aspect, and that's cool too. You know we don't go all the way a lot of the time, which would frustrate some people."

"Rob and I sort of like to meet new couples. Sometimes couples that have been in the Lifestyle too long seemed jaded, almost like their marriage is *too* loose, if that makes any sense. Rob and I always want to keep our

marriage at the core. That's why we don't go on dates without each other, like some people do. And we only go all the way with couples we really hit it off with."

"I get that. I know I'm not ready to watch Kyra go off into another room with some guy."

"Yeah, and I *want* to see Ethan and I want him to see me, if we ever go that far."

"You never know where you'll go," Rob said.

The band started playing soon after that, making conversation difficult. Rob suggested that dancing would be a good place to start, and asked Ethan if he minded. Ethan had no problem and Rob took Kyra for a spin on the dance floor. Ethan stayed at the table with Ami and watched as Rob took his wife away.

Kyra was never much of a dancer, but Rob was a natural and set her at ease right away. His arm was around her, but he did not hold her inappropriately close. Still, it felt good to be in his arms and she enjoyed giving herself over to him as he guided her. She couldn't help wondering how he would measure up to the old axiom that a man who could dance was equally good in bed. When the band played a slower song, she moved in closer, putting a hand on his chest, which was solid underneath his soft blue shirt.

"You're very pretty," he said, lips close to her ear. "Your pictures don't do you justice."

"You haven't seen me without my clothes yet," she flirted, instantly turning red as she wondered if she had gone too far. *Did I really say yet?*

"I don't think I will be disappointed. Everything feels nice," Rob said, pulling her tighter against him and giving her butt a little squeeze.

Kyra tightened and tingled down below as all sorts of possibilities raced through her mind. She wondered what Ethan thought as he watched them dance.

Ethan was keeping an eye on them, and noticed Rob's hand drift to Kyra's ass, but he didn't really mind. Actually, he felt a shiver of excitement seeing his wife in another man's arms, even if it was just harmless dancing. How would he feel when it was something more? He did not dwell on it, though, because he was engrossed in conversation with Ami, who was more effervescent in person, one-on-one, than she had been on the telephone.

Because of the loud music they had to sit very close and after making a point she rested her hand on his thigh.

“You and Kyra are pretty cool. We’d love to have you guys out to the house some time. We could have a game night.” Ami stopped and treated him with her bubbly laugh, adding, “Not *that* kind of game night. I meant Pictionary or Trivial Pursuit.”

“I don’t know. Pictionary can get pretty dirty if you do it right.”

“The dirtier the better,” Ami grinned. “You guys don’t seem very nervous.”

“No, I’m not. I thought I would be, but there’s really no pressure. I’m glad we met you guys first. Sounds like some of your encounters have been horrific.”

“It can be pretty strange, but Rob and I just laugh about it. We don’t meet too many couples either. We like to keep things to a small group of friends.”

“I’ve wondered about that. Is it like dating another couple, or do people go out and hook up with a lot of different couples.”

“It all depends on what you like. Rob and I really like to get to know and trust people, but there are definitely couples out there who are serial swingers. You see that more in the clubs. We don’t go there much.”

“That must be a crazy scene.”

“Maybe you and Kyra will go someday.” Ami edged her hand higher on his thigh, making his cock stir. “But hopefully you guys will see us again first.”

After a few songs, Rob and Kyra returned to the table and they had a couple more rounds of drinks before Ethan said he thought they should call it a night. He blamed the babysitter, but he really just couldn’t wait to get Kyra out of there to talk about what she was feeling. Kyra was a bit disappointed. She enjoyed Rob and Ami’s company and was ready to close the place down. She was especially hoping for around round on the dance floor with their handsome new friend. Ethan was sitting very close to Ami when they came back and Kyra thought her husband was getting along with Ami just as well as Kyra got on with Rob.

It really did feel like a date when Rob and Ami insisted on walking back to their minivan with them. When Rob went to embrace her and kiss her cheek, Kyra impulsively turned to meet his lips with hers. It did not go

far, but it was more than just a friendly peck. Ami followed her lead and favored Ethan with a sexy kiss when they embraced. Rob and Ami turned and left for their car, saying they hoped to see Kyra and Rob again soon.

"So that was interesting," Ethan said as soon as they were both in the minivan.

"Yeah, it was different from what I expected."

"How so?"

"I know this was just to meet and get to know each other, but I did kind of think something might happen. Especially after we started talking. There seemed to be this current between us, I don't know exactly how to describe it."

"Like we were on a date?" Ethan suggested.

"Exactly! I felt like I was on a date. I really wanted to impress them and I had that butterfly feeling in my stomach the whole time. I forgot how exciting that is."

Kyra leaned over and grabbed Ethan, kissing him. She liked watching him kiss Ami and tried to copy their kiss.

"It is pretty hot, but I knew I wasn't going to get lucky at the end of the night. I don't miss that pressure."

"Are you so sure about that?" Kyra smiled and ran her hand up the inside of his pant leg, feeling him getting hard already.

"Well, not like I did on a date, back in the day. I was kind of hoping when we got home..."

"I'm not sure I want to wait that long." She kissed him again, this time with plenty of tongue and he cupped her breast through her snug knit top. She looked good, but seeing how Ami was dressed she wished she'd pushed the envelope further, but there was always next time.

"You want to do it right here?" Ethan looked around and didn't see anyone, but that didn't mean no one was going to come along. The parking lot was well lit.

"Didn't you end any dates with sex in the back of a car?"

She giggled and squeezed between the front seats, putting her butt, highlighted by her tight gray skirt, right in his face.

"Sure, but..."

"Get back here."

Ethan had a harder time getting between the seats, but he didn't waste any time getting back to his wife. The middle seat was occupied by two child seats and cluttered with toys, so Kyra took his hand and pulled him back to the third seat. He came down on top of her as they kissed, his hand sliding up her smooth leg and pulling her skirt up. She fumbled with the buttons on his shirt while he slipped his hand between her legs, finding her panties soaking wet. She moaned loudly as he massaged her mound and lightly bit the side of his neck.

Rubbing her pussy with three fingers, he was surprised by how turned on she was already. She must have really had a good time tonight. Would she have gone further if Rob and Ami had asked?

"You're so hot, baby. You really liked tonight."

"It was so exciting," she breathed, rubbing his bare chest and then pushing her hand into his pants. She gripped his shaft through his boxers. "I could tell they wanted to fool around with us."

"And you liked that?"

"Yesss...didn't it turn you on? I saw the way you looked at Ami."

"It did. Ami had her hand on my leg while you were up dancing with her husband."

"And you wanted her to touch you...like this..." She gripped his cock harder.

"Yes," he breathed. His prick was throbbing. For a second he pretended it *was* Ami playing with him.

"That would have been hot, if she played with you at the table. Ohh...Ethan..." Kyra moaned. He was rubbing her harder, almost pushing her panties into her cunt.

"I saw Rob's hands on you. You liked it, didn't you?"

"Yes, baby. It was hot, I could tell he wanted more. Did it turn you on?"

"Yeah..." Ethan confessed.

"When he grabbed my ass and pulled me into him I could feel he was hard. I know he wanted to fuck me. Ahhh!"

Ethan moved her panties to the side and pushed his finger inside her.

"You wanted him to fuck you, didn't you?" He fingered her harder.

"Yes...I wanted it...I wanted you to watch me..."

"That turns you on..."

"Yesss...I want you there..."

"You want me to fuck Ami?"

"Yesss...fuck her right in front of me...ohhhh Ethan...ohhhh..."

Kyra came, banging her head back against the armrest. Her pussy gushed and squeezed tightly around his finger. The fantasy was so vivid in her mind and for a second it was like she couldn't breathe. She pushed Ethan off of her and sat up, trying to clear her head. Looking out the back window she saw a couple passing by, unaware they were in the minivan. *What if the windows weren't tinted?* She wondered. *What if they could see us? Would they stop and watch?*

Attacking Ethan's pants, she pulled them down and then bent over and took him in her mouth, swabbing the salty precum from the head with her tongue. He was already fully hard, so she only sucked him for a few moments. Kyra hiked up her skirt and pulled her panties down.

"Fuck me. Right here." She demanded.

She banged her head on the roof when she rose up to straddle Ethan and she laughed. He held his cock, laughing with her, but that cut right off when she dropped down onto his shaft, taking him fully inside her in motion. He gripped her ass and moaned while she gyrated on top of him, squeezing his cock inside her as she moved. He slid his hands upward, pulling her top up and over her head. Her lace-trimmed black bra pushed her breasts up and he buried his face in them. He was not thinking about Ami now. His wife was the sexiest woman in the world. He could think of no one else. He kissed and sucked on her breasts, trying to burrow down into her cleavage.

"Oh God! Oh God, Ethan!"

Kyra started moving, quickly building speed as she bounced up and down on his impaling cock. It filled and stretched her, hitting all those itches that so desperately needed to be scratched.

"Oh honey! Oh God, fuck me!"

The minivan was rocking and out the back window she saw someone walking through the parking lot stop and look. *Can he see us? Does he at least see our silhouette?* She wanted to think he could. The stranger kept walking and Kyra closed her eyes, thinking about what it would be like to coming across two people having sex, Ethan and Ami. She imagined watching Ami riding Ethan while she peeked through the window, touching

herself. She wanted to see Ethan make Ami cum. That was all she needed and in seconds she was cumming again, her cries ear splitting in the minivan.

Ethan held her hips, slamming her up and down on him, not even caring that she banged her head over and over on the soft roof of the minivan. As soon as he felt her cunt cumming around him he lost it too, pulling her down hard on top of him as his jizz jetted inside her. Kyra sagged when her climaxed ended, draping herself across him.

"I love you so much, baby," Kyra gasped.

"I love you too. I love you too."

They still had to get the kids, so eventually they pulled themselves together and fixed their clothes. The night left little doubt they would be seeing Rob and Ami again.

## CHAPTER NINE

“We’re going to have so much fun,” Ami said to Kyra.

They were enjoying a cool breeze off the river as they walked along it during their lunch break. After weeks of torrential rains it seemed that everyone had flocked to the river on the first day the sun made an appearance and the women mingled with the noontime crowd. While talking they discovered they worked close to each other in the city and Ami insisted they had lunch together.

“Ethan and I are looking forward to it.”

“Rob and I were hoping you would want to go out again, and it seemed like we hit it off but you never can tell. Sometime people just get cold feet when they try and go for it.”

“Cold feet was not a problem for us, trust me.” Kyra leaned in closer, like she was sharing a secret. “We were all over each other after you guys left. We didn’t even make it home.” She popped the straw of her iced coffee into her mouth.

“You guys are horny devils. I’m jealous that you waited for us to leave,” Ami laughed.

“I don’t know if we’re ready for that yet, but we’ll see how things go.”

Kyra was ready to go all the way, but she knew Ethan still had some doubts, as much as the idea turned him on. She assured him that she wasn’t ready to rush into anything either. Still, she suspected that if they were put into a situation he would surprise himself.

“So when we get together, what do you guys want to do?” It was like Ami read her mind.

“I thought we were going to have dinner and play some board games,” Kyra said innocently.

“You know what I mean. We’ve found that things go better if everyone is on the same page. If you have limits it’s better to know up

front so you don't feel pushed into anything. I know you guys want to take it slow and we're okay with that."

"You guys are like the perfect swinger starter couple."

Ami laughed. "That's sweet, but we just remember what it was like when we decided to do some experimenting. Rob and I were ready to jump right in, but not everyone is like that. And we're patient, but don't think we're saints. I know Rob can't wait to get you into bed."

"That's okay. Ethan barely took his eyes off you all night." *Is it weird that we're discussing sharing our spouses and it doesn't bother me at all?* Kyra wondered.

"I noticed. I kept hoping he would ask me to dance."

"Neither of us are dancers, really."

"So what did you guys decide after Saturday night?"

"We're not ready for full-blown sex, but we're open to seeing what happens. I know what I'd like."

"That is?" Ami asked. When Kyra looked away, suddenly shy, Ami turned her new friend toward her. "You don't have to be embarrassed by anything. I think we've shared quite a lot, and hopefully we will be sharing a lot more." She smiled kindly.

Kyra knew she was being silly. She'd already played the fantasy out in her mind so many times, and she and Ethan had shared it while making love, but admitting to Ami somehow made it more concrete, because once she said it she knew it would really happen and she had to be sure she really wanted it. As ready as she thought she was, she knew doing it would be entirely different from just fantasizing. Would she be embarrassed by the way she climaxed or would she lose her nerve when she had to take her clothes off? She wasn't sure if she could live without knowing at this point.

"I know I want to make love in front of you guys and I want to see you."

"That sounds like an excellent start," Ami grinned, embracing Kyra.

"We'll see," Kyra replied, suddenly very nervous.

+++

Ethan took it in stride when Ami greeted him with a full-on kiss, pressing her body to his, and even happily accepted a little slip of the

tongue from her. It was made less awkward by the fact that his wife and Rob were also making out right beside them in the foyer. Ami was a great kisser and when he let go he really enjoyed it. He reminded himself that he was just going to let go and have fun tonight. *There's no reason to be nervous*, he told himself. *You're into this too, so just relax*. He sneaked a peek while he and Ami kissed and found seeing Kyra kissing Rob sexy.

Ami opened her eyes too, nibbled his bottom lip and laughed, "Caught you peeking."

"Guess I'm just a voyeur," he admitted with a grin.

"We encourage that here," Rob said, giving Kyra one more squeeze before letting her go.

Rob gave them the five-cent tour while Ami went back to the kitchen to tend to dinner. Kyra asked if she needed help, but she insisted she had things well in hand. It was large, typical of most new suburban subdivisions, with three bedrooms upstairs, one of which was converted into a computer room. The living room was in the front, with a dining room right behind, while the back was dominated by a huge eat-in kitchen. The entire house was hardwood floors, except for the finished basement, which Rob described as his "man cave." The guys stayed down in the basement, so Rob could show off his latest gadgets, while Kyra joined Ami in the kitchen.

"You look so good tonight," Ami said as she tossed the salad.

"Do you think so?" Kyra was wearing a white vest that showed a good bit of cleavage and a loose, but short black skirt. Not long ago she wouldn't have been comfortable showing so much skin.

"You look hot. I'm jealous."

Kyra took in Ami, who was dressed in a short red and black kilt skirt with black stockings and red heels and an ivory silk blouse that was sheer enough to see the camisole underneath. The hard points of her nipples suggested she was not wearing a bra. Her dirty blonde hair was tied back in a ponytail with a red ribbon.

"Ami, you have no reason to be jealous. You look amazing."

"Thanks. With two hot blondes up here I wonder why our husbands are downstairs!"

Actually at that moment the men were discussing their wives while sharing a drink at the bar built against the far wall, which Ethan recognized

from Rob and Ami's pictures. He thought Ami looked like a wet dream and he could still feel her kiss on his lips. The first time they met, she looked like any attractive mom from the neighborhood, but tonight she really looked like she was ready for some action. It made Ethan think that maybe he was too. He knew that Kyra told Ami what their limitations were, but now he wondered if he wanted to stick to those. Thinking about getting Ami naked was pretty easy when one of her best nude pictures was of her lying on top of the very bar where he rested his elbow. Most of her pictures had been taken in the basement. One of the cutest was of her in a Philadelphia Eagles jersey, high heels and nothing else, leaning back with her elbows on the bar.

"What are you thinking about? That's an odd look on your face," Rob said.

"Honestly, your wife. I recognize your basement from her pictures."

"Oh yeah. We thought they came out well."

"You could say that."

Rob chuckled. "We're glad you and Kyra came over tonight. I think we'll have a good time and don't worry, Ami told me about her conversation with Kyra. We're not going to try to push you guys."

"I'm not worried. I feel like I can trust you with Kyra. I know you wouldn't take things too far."

"Thanks, man. That means a lot."

The men were called upstairs for dinner, where they all enjoyed grilled plank salmon, a salad of fresh greens and aromatic, buttery rolls. Dinner was excellent and Ethan went out of his way to compliment the cook. Ami joked that it was nice to be appreciated for once.

"When I usually make dinner for Rob and Tyler they inhale their dinner," Ami said.

Rob opened a bottle of wine, but Kyra and Ethan drank sparingly. They both wanted clear minds for the evening. When the meal was finished, Ethan insisted on helping Ami clear the dishes.

"If you're going to do that, I'm going to borrow your wife. We'll get things set up downstairs," Rob said.

Downstairs, Rob handed Kyra a stack of board games and she carried them over and set them down on the low coffee table, which was

surrounded by a wraparound couch. He came up behind her while she was bent over and whistled.

"You have to love that view," Rob said.

"Really?"

Kyra had started to stand straight, but stopped, aware that her skirt was almost high enough to show her flimsy black panties. She'd only ever worn the skirt in public once and decided it was too much trouble to try and keep from flashing people. He came around and palmed her ass. She was flattered because despite all her work at the gym, she was still self-conscious about her butt. Her body still wasn't as tight as Ami's. Rob squeezed her cheeks and she pushed back into him.

"Are you crazy? Most guys like a butt with some shape and cushion to it. You should be proud woman."

When she did stand and turn, she was in his arms and his hands came to rest on her butt again, kneading her cheeks. She put her arms around his neck and pulled him closer.

"Is it against the rules if I kiss you right now?" she asked.

"We're playing by your guys' rules, so you tell me. I know Ami wouldn't mind a harmless kiss."

"I'm sure it will be harmless."

Pulling his lips to hers, Kyra kissed Rob and sighed when he squeezed her tight. He was a gentle kisser, letting the woman take the lead, which she liked. She snaked her tongue between his lips and ran her fingers through his thick hair. He massaged her ass harder and she grinded into the growing lump she felt in his jeans.

Meanwhile upstairs, Ethan was at the sink rinsing and putting dishes in the dishwasher while Ami brought things in from the dining room. She handed him a dish and told him that was the last of it.

"Are you always so helpful?" Ami asked, snuggling up behind him and putting her arms around his waist.

"I try to be where I'm needed."

"I'll have to keep that in mind. I've got a couple things that need to be taken care of. How about you?" Ami dropped her hand to cup him through his slacks and his cock jumped.

Ethan's heart was beating fast and he wondered if this was appropriate with Kyra and Rob out of the room. It was hard to think about that with

Ami rubbing his cock, though. He shut off the water and turned around, but she did not back off.

"Oh, what do you need help with?"

"I don't know if you noticed, but I seem to have misplaced my bra. I could use a little support."

She took his hands and put them over her breasts and he squeezed them, feeling her nipples burrow into his palms through her top. Of course he noticed. He'd been trying not to stare all night. She was smaller than his wife up top, but she felt really good and her nipples were impossibly hard. He lightly pinched them and Ami closed her eyes and moaned softly.

"You've got great hands," she purred.

"Thanks."

Ethan could have done that all night, but finally she told him, "We should probably get downstairs and get the fun rolling."

Rob and Kyra were sitting at the bar talking when they went downstairs and Ethan appreciated the view of his wife's legs as she sat perched on a bar stool in that very short skirt. If she wasn't careful when she got up everyone was going to see what she was wearing under it. By tracking Rob's eyes Ethan saw he was appreciating the view as well. Kyra had a glass of wine that was mostly full and Rob was sipping Johnny Walker Black. Rob fixed drinks for the others and they moved over to the coffee table, where a Trivial Pursuit board was laid out.

"We were thinking about swapping for teams," Rob said.

"Swapping sounds fine," Ami said, looking to Ethan.

"It's okay with me," he replied.

Ethan and Ami sat together on the big, wraparound couch on one side of the coffee table, while Rob and Kyra took the other. Rob put his arm around Kyra and Ethan was a little surprised by the other man's ease with his wife. It was the first taste of what was to come and Ethan felt a small buzz of excitement. He put his arm on the back of the couch and Ami leaned into him, kicking off her shoes and tucking her legs underneath her, which spread open a large gap in her kilt.

As the game went on Ethan appreciated his seat more and more because Kyra had to lean forward every time she needed to move a piece or roll the dice or take a question card and it gave him a great view down her vest to the edges of her lacy black bra. As he watched Kyra snuggle closer

to Rob and rest her hand on his thigh he felt uneasy and aroused at the same time. It was an odd combination of feelings. Of course he had his arm around Ami and his hand resting on her side, just below her invitingly unencumbered breast. She kept shifting around, opening her kilt wider and wider and did not bother to fix it and he could nearly see to her panties. Kyra caught him looking down at Ami's legs and smiled at him.

Kyra could see her husband relaxing by degrees. He looked uncomfortable at first when they sat down, but as he saw how relaxed everyone else was he seemed to unwind. She could tell that he liked being so close to Ami, especially when she rested her hand so high on his thigh, and Ethan seemed to be torn between looking at Kyra and Rob and looking down at Ami's ever more exposed legs. Kyra was excited to see Ami draped onto her husband and she tingled more and more as Ami's hand crept higher. But watching wasn't the only thing turning her on. Just the way Rob caressed her bare arm and neck and the way he casually played with her hair had her pulse racing. She so wanted to grab and kiss him, but she wasn't ready to make the first move of the night. She thought maybe they would turn the game into some kind of strip variation, but Rob and Ami seemed perfectly content to play regular old Trivial Pursuit.

Scratch that. Ami obviously had more on her mind than the capitol of Bolivia, because as Rob read Ethan a question, she took Ethan's free hand and put it on her bare thigh, slipping it under her kilt. He audibly gasped and stumbled over his answer, looking at Ami, who only smiled. He finally did give the right answer and she leaned over the roll again. When she sat back again his hand went right back under her kilt and this time it was Ami's turn to gasp, closing her eyes for a moment. She couldn't answer her question, but she also didn't seem to care. They kept on playing, as if nothing odd was happening. Kyra was jealous, but only because no one was touching her pussy. Obviously Ethan was fingering Ami and watching it made Kyra's own pussy tighten.

"So, dear, who is the author of *The Pickwick Papers*," Rob asked his wife with a wide grin.

"I...uhhh...uhmmm...Charles..." Ami had been squirming in her seat for the last few minutes, biting her lower lip as Ethan's hand kept busy under her kilt and now her words came out as breathy moans.

"Having some trouble answering?" Rob chuckled.

“I...I’mmm...I’m a little distracted. Dickens.”

“You got that last word out fine.”

When she leaned forward to take the dice she cried out, seemingly forcing Ethan’s fingers inside her and instead of rolling again she turned, grabbed Ethan and kissed him. Kyra was so distracted watching her husband making out with another woman that she scarcely noticed Rob had started kissing the side of her neck and slipping a hand inside the top of her vest.

Ethan’s initial gasp was when he felt that not only wasn’t Ami wearing a bra, but she wasn’t wearing panties either. His fingers glanced over her smooth, shaved mound. As he caressed her there she shifted to give him better access and clung to him. When he split her lips he found her very wet and his fingers easily slipped inside her. He fingered her slowly for a while before lightly teasing her clit when she tried to answer her question and when she reached for the dice his two fingers were buried inside her. Glancing over he could see Kyra did not mind at all. He knew his wife well enough to know that look on her face was pure arousal. It reminded him of how she looked when the girl in the massage parlor rubbed his cock. He was surprised Rob didn’t make a move on Kyra. Rob seemed content to watch Ami getting off for the time being. And then Ami threw herself onto Ethan grabbing his cock and shoving her tongue into his mouth. He had no idea what the other couple did then because he had his hands full with Ami.

Ami straddled Ethan and while she unbuttoned and shed her blouse he was able to see over her shoulder and that Kyra was on Rob’s lap with her vest unbuttoned and her skirt hiked up enough to show the lacy tops of her thigh highs. She was turned so that Ethan could see everything that was going on. Her eyes were closed, but Rob was looking over and he smiled as he kneaded her breasts through the lacy black bra that hardly restrained them. Ethan wasn’t sure if Rob’s smile was because of what he was doing to Kyra or because he approved of what Ethan was doing with Ami.

Ethan’s attention was snapped right back to Ami when she dropped the straps of her camisole off her shoulders and it shimmered down to her waist. Her breasts were perfect and as firm as a woman ten years her junior. Putting his hands on her sides, he leaned her back and kissed them, attacking her nipples with her tongue and her long, stiff nipples must have been super sensitive because she moaned loudly as soon as he started

kissing and sucking them. She was so different from his wife. His cock throbbed.

Kyra heard Ami cry out and opened her eyes. All she could see was the other woman leaned back while Ethan's face was at her chest, but Kyra was sure what he was doing. Her husband was very good with his mouth. Rob saw her watching and then pulled her into a kiss.

Pulling off her vest, she let her bra follow and exposed her chest to Rob. They were large and nicely shaped, but they didn't stand up like a twenty-year-old's did, like Ami's, but Rob eliminated her self-consciousness when he told her how hot she was as he started squeezing and massaging her breasts. Her pale nipples were thicker than Ami's and she obviously liked it rougher because Rob was too gentle at first, but Kyra covered his hand with hers and showed how she liked to be touched. When he pulled on one nipple and nibbled on the other one her moans joined Ami's.

"You are making me so wet. I love your lips," Ami whispered to Ethan before sliding off his lap to kneel on the couch beside him. She went right to work on his pants and pulled out his stiff prick while she kissed him and sucked on his neck. He knew she'd moved so he could see what Rob was doing with his wife and he appreciated it, though what he saw filled him with even more confusing emotions.

Kyra was on Rob's lap, with her back against his chest and her skirt around her waist. His hands were filled with her breasts and he pulled and pinched her nipples while he kissed her neck and looked over at Ethan and Ami. Kyra's eyes were lidded with lust as she watched Ami and Ethan together. Ami was also looking across the table as she played with Ethan's prick and kissed his neck. Rob's knees were inside Kyra's and he spread her legs wide when he pushed his hand inside her panties. Kyra cried out when he pushed his fingers inside her.

Ethan's gut reaction was instant jealousy at seeing another man pawing his wife that way. This was not the same as watching the massage girl playing with Kyra. To see his wife so turned on by another man was shocking. She seemed to be giving herself so freely and he could see how much she wanted to be fucked. It was written all over her face. Ethan did nothing, though, because he was even more turned on than jealous. Seeing Kyra like that, so sexual, so open, was an incredible rush. It was like for the

first time he could see just how hot and sexy she was. Seeing her turned on and moaning and writhing from another point of view, like a voyeur, was a thrill unlike anything he'd ever felt. And to be watching while Ami played with his cock made the experience perfect. It was just like the stories they read online. He really understood what those fictional husbands felt and why they shared their wives.

"Ohhh...ohhh God..." Kyra whimpered. It was like their night at the massage parlor times ten because it was just as sexy watching Ethan as before, but this time another man was playing with her. Rob really knew what he was doing, playing with her breasts with one hand while he had two fingers driving in and out of her. The way he reached down, he rubbed her clit whenever he pushed those fingers into her cunt. Kyra had no control. She was so close to climax that she was ready for anything. She loved watching Ami play with Ethan's cock and wished she was playing with Rob's, especially when Ami bent down and took Ethan in her mouth. They were right at the line with their rules, but Kyra didn't care. Watching Ami sucking her husband's cock made Kyra cum in a heartbeat. She cried out and dug her nails into Rob's legs through his jeans, quaking on top of him as she melted into a mass of orgasmic jelly.

Ethan thought he was going to cum the second Ami took him in her mouth. She really knew how to use her tongue and he thought Rob was a lucky man indeed. Seeing Kyra orgasm didn't help and he wondered if he should stop Ami. Was oral sex going too far? Rob obviously had no problem with it, but he didn't want Kyra angry later, whatever she may feel at the moment. He needn't have worried, because as soon as his wife had control of her body again she dropped to her knees in front of Rob and got his cock out so she could suck it. It helped that he already knew the other man wasn't really any bigger than he was. Kyra pushed her hair back behind her ear so he could see and then she licked him up and down like a popsicle. It was quite a sight and it made his balls tighten. Kyra looked even sexier giving head than she had when she came. He was seeing his wife like a porn star and he loved it. He stroked Ami's long blonde hair and did everything he could to avoid cumming, wanting the moment to last all night.

Kyra sucked as much cock into her mouth as she could, bobbing slowly and then took it out so she could lick the head, and then took it back

in her mouth again. She'd always enjoyed the art of the blowjob and felt competitive with Ami to give the best head. The way Rob was moaning and gripping her shoulder she knew he was enjoying himself. He even thrust up at her mouth, but she kept her hand wrapped around the base to keep him from choking her. Glancing over, she saw Ami was deep throating Ethan, which was impressive. Kyra felt Rob's whole body shaking and wondered if she was going to get a mouthful of cum when he pulled her head back, leaving webs of spit trailing from her lips.

"You'd better stop that now before I cum," Rob laughed. "Wow."

"I'm glad you liked it," she replied, licking her lips.

Ami also stopped sucking Ethan and straightened up, putting his hand under her kilt again. She moaned when his fingers pushed inside her and she swayed on her knees as he worked her pussy.

"I think your wife needs you now, Ethan," Rob said, giving Kyra one more kiss before getting up and moving to the other side of the couch. While Ethan still fingered Ami he leaned in and kissed her, massaging her breasts while Ethan's hand was busy. Kyra suddenly had a whole new set of ideas. Rob turned Ami toward him and Ethan's fingers slipped out of her.

"God, honey," Ethan said, grabbing Kyra and kissing her. He ignored that another man's cock had just been in her mouth. He was too horny to care. He was practically lying on the couch and she stroked his cock while they kissed.

"I want you right now," she replied.

Kyra pushed her husband down and wrapped her lips around his shaft, smiling at the lipstick smudges left by Ami. She tried her best, but couldn't quite take him all the way down. Still, she hollowed her cheeks as she sucked him hard.

"Oh, baby, yes!" Ami cried out. She was naked and on her back with her legs over Rob's shoulders. His face was buried between her legs and he slurped away. She arched her back and pulled his hair as she cries became shriller. It was like Rob and Ami had forgotten Ethan and Kyra were there.

As Ami's cries filled the basement Kyra decided she couldn't wait any longer. She needed a cock inside her. She pulled her panties off, careful to keep her stockings up, and hiked up her skirt as she mounted Ethan, who held her hips and guided her on top of him. She moaned low and long as he slipped inside her, filling her. She arched her back, grinding down, trying to

get every last millimeter she could inside. Ethan held both her hands and she worked those hips, squeezing him in her cunt.

Ethan held onto Kyra hips and started fucking her up and down on him. He knew he could not hold out long and he wanted to make sure she came and knew a good, hard fucking would do the trick. He saw her watching Rob and Ami and looked over too. Ami was on her side, with one leg over the back of the couch and Rob was on his knees, fucking her as hard as he could in that strange position. Both of them watched Ethan and Kyra. Being watched wasn't as sexy as watching the other couple, which was better than any porn movie he'd seen.

“Ohhhhh...ohhhhhh God! Ohhhhh God Ethan...” Kyra cried.

It almost seemed like Kyra and Ami were vying to see who could scream the loudest, with Ami's wordless cries and Kyra's constant, “Oh God!” The husbands smiled at each other as they fucked their respective wives. Rob was like an old pro and it seemed he was posing as he drilled Ami in that odd position.

“Baby...baby...I'm getting close...” Ami breathed.

Rob turned her onto her back and pushed her legs flat against her chest, leaning in and driving his prick home, while she kept her head turned and watched Ethan and Kyra. Kyra also watched the other couple while she rode Ethan and seeing the merciless fucking Rob was giving Ami pushed her over the edge. Making love while watching another couple having sex was the hottest thing she'd ever experienced. It was so much sexier in person than it was in the stories. The only thing hotter would be if they actually swapped. She could imagine Rob pinning her down like he was Ami.

“Ohhh God!” Kyra howled, arching her back as she jammed down onto Ethan in orgasm.

He grabbed her breasts and pinched her nipples roughly, which only made the climax more intense. Feeling her clutching, cumming cunt around his cock brought on Ethan's climax too and he shot his load deep inside his wife, moaning her name. While they enjoyed their climax, Rob and Ami enjoyed one of their own. He jammed it into her one last time and their bodies locked together as they kissed heatedly.

Kyra finally climbed off of Ethan and she pulled down her skirt and put on her bra. She felt awkward sitting there half naked while Rob and

Ami still lay together, cooing to each other. Ethan pulled his pants on and put his arm around his wife, pulling her close for a kiss.

“That was incredible, honey. You were incredible. I love you so much,” Ethan said.

“I love you too.” She was at a loss for words, keenly watching what looked like an intimate moment between the other couple.

“Sorry guys, we get really into it when we do this. We didn’t mean to ignore you,” Rob said, sitting up. Ami stretched her legs straight in the air and then took his hand and pulled herself up to sit beside him.

“We think it’s important to take a moment and just focus on each other.”

“That’s okay. I think that’s sweet,” Ethan said.

“You probably really want to get cleaned up. Here, Kyra, come with me.”

Ami stood and held out her hand to Kyra. She seemed totally comfortable with remaining naked. On the other side of the basement, below the steps was a full bathroom with a shower stall. Ami flicked on the light and showed Kyra where the fresh towels and shampoo and everything else was.

“So? How was it? Or is it too soon to tell.” Ami asked.

Kyra was quite confused. It made no sense that she was embarrassed to be naked in front of Ami, or to talk to her about what they’d just done, when what they’d done was screw in front of each other. So many thoughts swirled through her head. *Did they think it was as hot as we did? Is Ami all right with seeing me with Rob? Was I too loud? Did Ethan and I look weird doing it?*

Ami took both of Kyra’s arms. “It’s okay to be a little freaked out. You’ve never done something like this before. It’s normal to have to process it.”

“I loved it. It was crazy and sexy and incredible. That was such a high. Seeing you guys making love and having you watch us was a fantasy come true. It’s just now that we’ve done it, it feels a little weird. Was it okay for you two?”

“We loved it too! You guys are a fun couple and Ethan is a great kisser. He has great hands too. We couldn’t have had a better time. Tonight

was everything we wanted it to be. You don't need to worry about us. We love you guys!" Ami pulled Kyra into a hug.

Kyra relaxed, even though she was hugging a naked woman for the first time in her life. The encouraging words were just what she needed to hear. She still needed time to absorb everything, but she felt better. She thanked Ami.

"Now I'd better give you some privacy. I'll send Ethan back to scrub your back in the shower," Ami giggled.

After they showered and dressed, Ethan and Kyra did not linger, but shared a pleasant, long goodbye with the other couple and made their way home. The kids were with the grandparents, so they went straight to the bedroom and made love.

"I guess tonight was a success," Ethan said in the dark bedroom.

Kyra was pressed to his side with her head on his chest. They hadn't talked much about things since they left and he figured they'd better share their feelings. He was surprisingly okay with everything that had happened, though he was glad they stopped when they did. He could have easily fucked Ami. He wanted to, but he knew he was not ready to watch his wife have sex with another man. As hot as it was watching her fool around with Rob, watching her screw him would be on a whole other level. He wanted to make sure they were *both* okay with everything before taking that step. *If* they took that step.

"Ethan, it was so much more than I ever thought it would be. I felt so free. It's like I was playing role, like I wasn't me at all."

"I thought you had some second thoughts, the way you were acting right afterwards."

"I think I just couldn't believe I did it, that we did it. We've read all those stories and shared our fantasies. I guess I just never believed we would really go this far. I didn't think we could be like those people."

"But now, we are?" Ethan felt odd that she was suggesting they were now somehow different. He felt like the same man. He loved his life. And his wife. Sure, they were doing some new and kinky things, but that didn't define their marriage, not in his mind. He couldn't make himself think they were officially "swingers" now. They were just having fun.

"I don't mean *those people* in bad way," Kyra answered. "I think Ami and Rob have a great relationship. I could see us being like them,

except I'd like more variety."

"What do you mean?"

"I think just seeing the same one or two couples all the time could get too much like dating. I like Rob and Ami a lot, but I don't ever want it to seem like we're more than friends."

"Or friends with benefits," he chuckled.

"You know what I mean."

"I do, and you're right. I think any couple would be as lucky to be as in love as Rob and Ami. It doesn't seem that swinging has adversely affected their marriage at all."

"I think Ami would say swinging has enhanced it."

"So you were cool seeing me with Ami? No reservations at all?"

"Honey, it was so fucking hot. It was like you were showing off for me. And I loved having you watch me. It made me feel so sexy. I felt like I could have had both of you."

"You probably could have!"

"Maybe another night. Let's not get crazy right off the bat. You liked watching me, didn't you?"

"Yeah, it was hot, but it did feel a little dirty, a little bit wrong. I don't know, maybe that made it hotter."

"Well, I'm game if you want to do it again. Just let me know."

"Oh, I think we're doing it again, don't worry about that."

Ethan had the hottest sex of his life with his wife tonight. He was not giving that up.

## CHAPTER TEN

Not only did they want to do it again, but they were ready for it as soon as possible. Kyra and Ethan made love every chance they could, when they woke up, sneaking away for nooners, and of course they made love every night before bed. Kyra felt like her sex drive was on crack. It was like whenever she saw Ethan, all she could think about was sex. He was just as horny as she was, getting erections at random times during the day when images from their night with Rob and Ami flashed through his mind.

He now understood what she'd said about feeling like a different person that night. Since that night, she seemed like a different person—not the fun, but nice girl he'd met so many years ago, but an insatiable sexpot. He had to wonder if something was wrong with him because he couldn't get the memory of Kyra and Rob off his mind. It turned him on so much. The shock was that he liked that jealous, sick, horny feeling from that night. He thought about Ami too, and the feeling of having another woman, not his wife. Being with Ami was so much hotter than going to a massage parlor because it just seemed so wrong. Ethan started to think he might be a danger junkie.

The original plan was to play with other couples every once in a while, just to spice things up. But neither of them wanted to wait a few months. They were in semi-regular contact with Rob and Ami, who assured them they'd had just as good a time. They wanted to hook up again, but the other couple said swinging was something they only did maybe once a month, and they already had plans with another couple. Kyra was disappointed. She thought things could go further because they already had a comfort level. But she was also excited by the prospect of meeting someone new.

They were still communicating with two other couples. The one couple, PartyCpl0069, intimidated them a little bit because they were both younger than Kyra and Ethan and incredibly attractive. The male, Bradin, was just over thirty and seemed to be shirtless in every picture they posted,

showing off an impressive, tanned six-pack. He was also well hung, and Kyra was very interested in what she could do with a man like that.

But his fiancée, Sofia, gave Kyra pause. Stunning was the only word to describe the beauty in her mid-twenties, who said she was half Latina and had jet black hair that was so long it brushed the top of the tribal, “tramp stamp” tattoo on the small of her back. She looked amazing in a bikini, and her topless shots revealed the belly button wasn’t the only thing she had pierced. Ethan didn’t seem too intimidated by Bradin, but Kyra wasn’t sure she wanted Sofia anywhere near her husband. They seemed like a nice enough couple, but they were definitely the party type. Kyra couldn’t figure out why Bradin and Sofia were so persistent in pursuing them.

The other couple was named Alex and Leanne, and they were initially more exciting to Ethan than Rob and Ami. Alex was in his early forties and seemed a little stiff in his pictures. Leanne was in her mid-thirties and also had an upscale air, but there was something in her emerald eyes that suggested something wild and dangerous. Alex and Leanne had a condo in the city and no children, which was another reason Kyra felt more comfortable with Rob and Ami than this new couple, because they were more similar. They had kept in touch though, with the possibility of meeting in the future, but Ethan and Kyra said they were getting together with another couple first. Rather than be offended, Leanne insisted that they share all the details of their first experience.

While exchanging emails with Leanne about their night with Rob and Ami, Kyra decided maybe she was wrong about the posh couple. Leanne had a sharp, inquisitive mind and seemed excited by Kyra's story. She promised Kyra to share the tale of her and Alex's first time if they met. In the meantime, she also said that she understood the way Kyra felt. Leanne said she so looked forward to their nights with other couples precisely because she could pretend to be someone else, instead of an executive with the weight of the world on her shoulders. She told Kyra that she lived for the way her husband looked at her when she was with another man, and that his being with other women was like giving him a gift. Leanne said that Alex, a circuit judge, worked very hard, and deserved all the pleasure he could get. Swinging was a regular part of their life and they had few rules about it. Sometimes Alex was with other women when Leanne was not there, but she did not sleep with other men if he wasn't there. The times

when they had done their swinging in separate rooms, Leanne said it just wasn't as exciting for her.

"I know that Alex and I are not typical swingers, although what is typical, right?" Leanne said one night, speaking to Kyra on the phone. "I think we do it for different reasons. I let him fuck other women because I love him and I want him to be happy. I know it can be hard for a powerful man to be faithful, and I would rather know who my husband is screwing. I do what I do because I love to have him watch me. I'm an exhibitionist, and I'm up front about it. I have to be so buttoned up during the day that I love to cut loose like that. And I love causing those jealous, lusty feelings in Alex."

"Alex is jealous, but he still wants you to do it?" Kyra marveled.

"He doesn't talk about his feelings much, but I can see it in him. I can see it on his face when he's watching me. It's like he's fascinated, but angry at the same time. He's so powerful at work, but he's powerless when someone else is fucking me, and I think part of him gets off on feeling that. I can even see it in the way he fucks other women while he's watching me. He's so much more aggressive than other times, like he's channeling his anger into the sex."

Kyra thought about Ethan saying that he felt a little jealous watching her, but he was more turned on it overwhelmed the jealousy. He didn't seem angry when they were with Rob and Ami, but maybe he was hiding it. The idea of being with Alex and Leanne sounded thrilling, almost dangerous. Kyra was wet from just talking to Leanne.

"Ethan and I are new to this. We're not sure how far we want to go. Is that going to be a problem with you?"

"I'll be honest. I know Alex wants to fuck you. He has a weakness for blondes." Leanne's hair was a rich, chestnut brown. "And I like your husband a lot, but we could be satisfied with some soft play. We wouldn't want you doing anything you're uncomfortable with. I think we could all have a good time together."

Kyra didn't doubt that. She told Leanne they would have to meet.

After Kyra shared her conversation with him, Ethan had some concerns about Alex and Leanne, but he kept them to himself. He doubted the couple would be satisfied if they didn't go all the way, but he also knew they couldn't force him and Kyra into anything. There was no real danger,

just a risk that he and Kyra could be seduced into going further than they intended. Ethan liked that danger. He'd also been captivated by Leanne from the first time he saw her pictures, which were only body shots. Alex and Leanne had only shared their other pictures by email, after they'd spoken on the telephone. The couple both had powerful positions and had to exercise the utmost discretion. Exposure would go especially hard for Alex, who'd been appointed to the bench by a Republican.

Leanne was tall, just a couple inches shy of six feet, and she had incredible curves. Leanne was in excellent shape, tight and toned, but not a skinny rail. Her tits were very large, her hips inviting. She was the kind of sexy woman he dreamed about when he was young, the kind of woman guys meant when they said a woman was "built." She looked just as sexy in clothes as she did in her lingerie and topless. He could get lost in those curves.

Ethan agreed with Kyra, that Alex looked arrogant, but he still believed Kyra found him handsome. He was in just as good shape as his wife, although he did not show as much in his pictures as others did. There were no cock shots.

They planned to meet for drinks in the city one evening after work when Ethan and Kyra had a babysitter. Kyra dressed in a nice day-to-evening suit, since she was coming from work. She got comments all day long about how good she looked. One of her girlfriends in the office told her what great legs she had and that she should wear skirts more often. She only changed the blouse under her jacket after work to something more revealing. Ethan wore a shirt and tie every day anyway, so he just brought along a sport coat.

Everyone was coming from different places. When Kyra arrived at the bar, Alex was the only one there. The place was attached to one of the trendier downtown restaurants and it was all subdued lighting and tasteful, modern décor. Kyra liked the contrast of black with strong primary colors. It was the type of place that she and Ethan would only think about going once a year, maybe for their anniversary. Suburban chain restaurants were more their thing these days, places they could take the kids. That was one of the things she was enjoying about this new lifestyle and slipping into a new role. She and Ethan could be anyone they wanted to be on those nights. The

middle class parents with the mortgage and the minivan were left back at home.

Kyra joined Alex at the bar. He ordered himself a fresh martini, and a red wine for Kyra.

“It is so nice to meet you in the flesh,” Alex said with the clipped diction of someone from an elite upbringing. His dark, custom tailored suit spoke of his taste for the finer things. When he took her hand he held onto it after their handshake, caressing the back of it with his thumb.

“Yes, sorry it took so long, but you know how it is when there are so many things you want to do and you have limited time,” she answered.

“Leanne told me about your night with that other couple. It sounds like quite the evening. Wish we were there.”

“Just how much did she tell you?”

“We share everything, dear. Did everything go as you’d planned?”

“What do you mean?”

“Sometimes one goes into something with one set of expectations, but events unfold quite differently. Leanne told me about your rules, and I do understand that you and your husband are still in the phase where you are testing your limits.”

“We’re not sure what we can handle yet,” Kyra responded.

Although she’d discussed all these things with his wife, it felt strange to do it with a man, and especially when their spouses weren’t there. She was a little surprised that he just jumped right into discussing their swinging. It made her nervous, and strangely excited. What came off as arrogance in his pictures was, in person, power. People did what he expected of them and even though she thought it was foolish, Kyra found she wanted to measure up in his eyes. He was unlike any other man she’d ever met.

“But tell me, were you tempted to break the rules?” Alex asked.

“Do you mean...”

“I know you sucked another man’s cock and you liked it. Were you tempted to go further? Did you want to fuck him?” As he spoke, he drew her closer by her hand until their bodies were almost touching.

“I...I...” Kyra suddenly realized how wet she’d become. Although the bar was filling with the after work crowd, it was like they were the only two people there.

“You wouldn’t have minded if Ethan fucked that other woman, would you?”

“No,” she breathed.

“And you wanted to fuck that man?”

“Yes, I did.”

“Maybe next time you won’t be constrained by rules.”

Kyra’s mouth was dry and she didn’t know what to say. She was relieved when Leanne arrived just then.

“I hope Alex hasn’t been torturing you,” she said with a warm smile.

“Of course not,” Alex said.

“My husband can be quite intense. He’s very inquisitive.”

“We were having a lovely conversation, weren’t we, dear?”

Kyra nodded. “Yes, it was quite stimulating.”

Ethan arrived right behind Leanne, and he was so captivated by her that he didn’t notice how flustered his wife was. Leanne was magnetic in person. She was classically beautiful, with high cheekbones, a warm mouth and sparking eyes. Her wickedly curved body was sheathed in a gray, sleeveless turtleneck and a black pencil skirt that accentuated her curves. In her heels, she was taller than he was.

Leanne and Alex were so dynamic that Ethan and Kyra did not notice how the more experienced couple had paired them apart from each other, like the swap had already occurred. Kyra was seated on a stool, showing off a lot of her crossed legs, while Alex stood pressed behind her, with his hand on her hip closest to the bar. Leanne more leaned against her stool and, under the guise of drawing him closer so she could hear what he was saying, she had her arm around Ethan's waist.

The couples talked mostly about what they liked to do with their free time. Kyra found she was jealous of the other couple. While her time with Ethan was mostly about the family, it seemed that Leanne and Alex dined out almost every night and regularly indulged in the culture of the city, among other things. When talk turned to the sexual component of their lifestyle, Alex made it clear they were frequent swingers, always looking for new thrills. Although they often met couples in this manner, apparently they also frequented a few nightclubs where it was understood couples were there to mingle. Kyra was excited by the thought of going to a club like that, not knowing who you might go home with. It scared Ethan, but in a

good way. It seemed like a very easy way to get into trouble, but wasn't it trouble that they were looking for? He felt that he could easily get into trouble with Leanne. She held him so close that her hand was almost in his pocket. He'd been hard since she started touching him.

Kyra was also very aware of Alex's presence. He caressed her waist the entire time they were talking, first moving his hand just under her jacket, and then just under the bottom of her untucked blouse to touch her bare skin. There was nothing overtly sexual about the touch, that he acted as if he could touch her as he pleased was incredibly arousing. She wondered what Ethan thought, but he was too wrapped up in Leanne to pay attention. Kyra watched the proprietary way she was touching Ethan. All Kyra could think about was what it would be like to see her husband fucked by this strong woman. She knew it would be terrific.

A couple hours passed like they were nothing. They could have stayed all night if the babysitter hadn't texted Kyra to ask when they would be home. Kyra turned red as she explained they had to go. Alex and Leanne never had such problems. Leanne said she quite understood.

"It's impressive to see how devoted you are to your children, actually. Family must always come first. Too many people forget that," Leanne said.

After an argument, Alex insisted on paying the check and they parted ways on the sidewalk, with each Leanne and Alex pulling the other spouses aside.

"You must tell me we will see you again, when we will truly have time to enjoy each other's company," Leanne told Ethan, pulling him against her. Ethan was suddenly worried she would feel his erection. Her smile signaled that she did.

"I have to talk to Kyra, but I am sure we'll be seeing you again."

"I'll count on it."

Leanne pulled him closer and kissed him like they'd been lovers for years. She even slipped her hand between them and cupped his bulge. When she released him, he looked to see if Kyra saw, but Alex was holding her close, facing a wall so that a passerby may not have recognized him. Alex whispered something to Kyra. She laughed, then he kissed her. She offered herself up for that kiss completely, and Ethan wondered if it was possible they'd only just met this couple. Whatever little hesitation she had when

Rob kissed her the first time was not present. It thrilled and worried Ethan, but he forced the worry out of his mind.

Since Kyra took the train into the city for work, they only had one car to worry about and could ride together. As soon as they were in the car, Ethan loosened his tie and turned the radio down, glancing over at Kyra as much as he safely could to gauge her reaction.

"They're something else, aren't they?" Ethan said, running his fingers through his hair.

"Yeah, they're different. Nothing like Rob and Ami at all. I wonder which of them is typical?"

"Remember, Rob said there is no typical. Just like there are all kinds of people in regular dating, there are all kinds of swingers too."

"So what did you think?"

Ethan sighed. "It was a little intense. Rob and Ami are so laid back, but it really felt like Alex and Leanne were there for one thing."

"Not that you minded. You couldn't get enough of Leanne." Kyra waited a beat, to make him think she might be jealous, and then she laughed. This was never going to work if they couldn't keep things light and fun.

"I thought I was going to have to peel you off of Alex outside the restaurant. And you weren't even sure you liked him," Ethan chuckled.

"Older men aren't really my thing," Kyra said. "He's handsome, but like any other guy his age in a new suit. But there was just something about him in person."

"You're pretty horny, aren't you?"

"You have no idea."

Kyra was actually rubbing her thighs together without realizing it, putting indirect pressure on her mound. Ethan kept glancing over at her, giving her a wicked idea. As they sped down the highway, she slowly inched her skirt up until her little black panties were exposed. She tilted her seat back a couple notches and then opened her legs, lightly rubbing her cunt through her panties. She couldn't help gasping. She was already so wet that her panties clung to her lips. With her middle finger, she pressed the lace between her puffy lips, so he could see the cleft of her womanhood.

"You'd better not steer off the road," Kyra said breathlessly.

“You’re making that pretty difficult,” he replied, eyes rapidly flicking between the windshield and the erotic sight beside him. He couldn’t believe Kyra was doing this. Anyone passing in a truck, or even one of those big SUVs would be able to see down into their car.

“I’m sorry. I just can’t help myself.”

“Alex has you that worked up?”

“It’s not just that. Seeing you with Leanne, seeing how badly you wanted her, was so hot. I can just imagine you fucking her,” she whimpered.

“You really like that, don’t you?”

“Yes, honey, it’s hot to see you getting off. Oh...” Kyra moaned loudly when she found her clit. It was frustrating touching herself through panties, but it drew things out longer, like a tease, and she enjoyed it. She closed her eyes and concentrated on her fantasy of being with Alex and Leanne.

“I want to see her on her knees in some expensive dress, sucking your cock while Alex fingers me, and we watch you. I want you to cum in her mouth. Ohhh...”

Kyra blindly reached over and found the lump in his pants and rubbed it.

“Oh shit, honey, Kyra...” Ethan moaned. He had to concentrate to stay in his lane.

“Ohhhh...I...I...I want you to fuck her...ohhhhh God...how do you want to fuck her?”

“Shit, I want her on top of me...Fuck, Kyra...”

“And Alex will fuck me from behind so I can watch you...ohhhh...”

Ethan was out of his mind. She was so unbelievably hot caught up in her fantasy. He wanted to pull right off the highway and fuck her on the shoulder, but there was way too much traffic. Again, he had to correct to avoid hitting the car in front of him. When he looked over to the side he saw that some asshole in an SUV was keeping pace in the lane right beside them and looking down at his wife.

“Fuck, someone’s watching,” he exclaimed, braking.

Her eyes flew open and met those of the stranger watching her. He smirked and a thrill shot through her.

“No, honey, let him! Ohhh God! Ohhhhhh...Oh my God!” she cried.

Kyra rubbed her clit harder. Knowing she was being watched pushed her over the edge. Her shout was deafening in the car and her body clenched up. She pulled her legs together and bent forward as the powerful orgasm claimed her. Kyra was still rubbing Ethan's cock and she was so into her own climax that she didn't even realize she made him cum too until she felt the wetness on his pants. That brought her back to Earth, and she laughed loudly as her husband sped ahead of their voyeur.

"You're going to need to go right upstairs when we get home. We can't have Mary seeing you like that!"

Ethan looked down at the stain on his pants and laughed too.

## CHAPTER ELEVEN

Unfortunately, it was another couple weeks before Ethan and Kyra could get the time away to see Alex and Leanne again. The first weekend was filled with family birthday parties and other obligations. Several times that weekend Kyra wondered what the other couple was doing. Surely not attending a great aunt's birthday party. Alex and Leanne were probably dining at some expensive restaurant, then attending the symphony. Or maybe they were hosting another couple at their place and fucking the night away.

It all seemed so much more exciting than chasing kids around the backyard, but then her heart swelled while she watched her girls playing with their cousins, and Kyra felt guilty. She really did love her life. It was just so restrictive sometimes. Her life did not have to be one thing or the other, though. She knew she could have this life that she'd always dreamed about while she was a young girl and have the thrilling, illicit life she and Ethan were experimenting with.

Kyra felt awkward telling Ami that they were going to see Alex and Leanne again, but Ami was encouraging, insisting that she and Ethan would have a great time.

"Just remember that you have to be the one in control," Ami warned after Kyra described how she felt around Alex.

When the night of their dinner date rolled around, they relied on Melanie to babysit once again. Kyra felt guilty for leaning on her friend so heavily for babysitting, but as last time Melanie insisted she didn't mind.

"After you told me about your night with Rob and Ami, my head was spinning," Melanie said. "I don't think poor Phil knew what hit him that night."

"You didn't tell him, did you?"

"No, of course not. For all he knew, I was horny for no reason. I wish I was that adventurous, but I don't think we could handle that. Still, it's fun

to think about having all kinds of different lovers. This Alex is really that exciting, eh?"

"Oh my God!" Kyra gushed. "There's just something about him. It's that whole power thing. He's just a man you don't say no to."

"It's a good thing you don't want to say no then," Melanie laughed. "Come on, then, let's see the outfit."

Kyra wore high heeled, black calf-length boots and a black trench coat. She untied the belted waist and pulled open her coat to reveal a clingy black wrap dress with gray patterns laced with subtle sparkles. The clinging material and deep neckline really accentuated her breasts and the dress was so thin that in the right light one could make out the faint pattern of her lacy bra beneath it. When she moved right, the dress also flashed a nice amount of thigh. Kyra was pleased with the effect when she'd checked herself out in the mirror earlier. Her white-blonde hair was almost to her shoulders now, after months of letting it grow out, and she'd curled a wave into it.

"It's not too much is it?"

"You look hot, babe. I'm jealous."

"You're hot too, Mel."

"I could not wear that dress like that. Alex isn't going to be able to resist."

"That's the plan," Kyra smiled.

It was a short ride into the city, where they were meeting the other couple at some restaurant they'd never heard of, but the minivan's GPS guided them. They were both nervous and did not speak much, instead lost in their own thoughts. Although they hadn't really discussed it, Ethan knew that this could be the night they went all the way. God knew fucking Leanne was just about the only thing he thought about for the past week. That woman was like Aphrodite in the flesh. He wasn't sure how he felt about a man like Alex fucking his wife, but he knew she wanted it. Alex was just the type of guy who made other men feel inadequate, and Ethan didn't think he deserved to enjoy a woman like Kyra.

A valet attendant took their minivan away and they walked down a long, dimly lit hallway into one of the poshest restaurants they had ever seen. Looking around, Ethan wondered if the limit on their credit card was high enough. A stunning redhead in a clinging black dress greeted them.

"His honor is expecting you in one of our private dining rooms. Please follow me," the redhead said.

Ethan and Kyra were led through the restaurant and to a doorway at the back of the room. A narrow flight of steps led upward and the redhead opened a sliding red lacquered door, which opened onto a small, intimate room decorated in a red and black Asian theme. A low, black table under a bright spot light dominated the center of the room and was surrounded by large cushions. To one side, many cushions had been piled to form something of seating area, which was delineated by two folding, paper screens, creating a small alcove to each side, decorated with long panels of Asian art. Alex was reclined on those cushions like a Pashtun prince from days of old, while Leanne stood near him sipping a drink. Alex lightly caressed her calf. Soft music floated from invisible speakers.

"If there is anything else you need before dinner, please ring," the redhead said, showing Ethan and Kyra into the room and closing the door.

"Hello. We're so glad you could join us. I hope you like Asian fusion," Leanne said.

"This is some place. I don't think I've been to a place like this before," Ethan said, looking around the small room.

"When entertaining we prefer our privacy, and they are used to serving a more discriminating clientele here," Alex said. He rose from the cushions with all dignity intact, a feat Kyra did not think possible. He took a glass of wine from the table and handed it to Kyra, kissing her, and then shook Ethan's hand.

"I can understand that. I am sure you want to keep some things away from prying eyes," Kyra said.

"I'm so glad you understand. It's so nice to meet like-minded people," Leanne said, kissing Kyra's cheek before giving Ethan a more intimate kiss.

Ethan's cock throbbed the second she pressed herself against him and slipped her tongue into his mouth. She unbuttoned his suit jacket and put her arms around him inside of it. She wore a short, red cheongsam that fell several inches above the knee and still had a high slit on the thigh, which flashed peeks at the top of her black, fishnet stockings. A golden dragon coiled on the impossibly tight red dress, showing off her curves. Red heels again made her taller than Ethan, and it was very different kissing someone

taller. His arms went around her, but he purposely avoided resting them on her firm, heart-shaped ass.

Leanne looked so hot that *Kyra* wanted to have sex with her. Leanne's chestnut hair was pulled up and held in place by two chop sticks, keeping with the Asian theme. Kyra's confidence plummeted in the presence of the woman, something she hadn't experienced with Ami, who was also a beautiful woman. No wonder Alex liked watching Leanne, she thought, she was like sex personified. Kyra feared neither of the men would be paying attention to her tonight.

"Please come and join me, Kyra," Alex said, holding out his hand.

He led her to the cushions and helped her sit as gracefully as possible. She knew she flashed him her panties as she went down. He joined her down there, slipping his around her. Kyra found there was no dignified way to sit on those cushions in a dress, so she did not even try, letting the wrap dress all open to reveal nearly all of her creamy white thighs. Alex's eyes went from there to her cleavage and to her face and some of her confidence was restored. *I can do sexy*, she thought.

"You look quite beautiful tonight," Alex said, fingering the edge of her neckline down between her breasts and then up the other side. He touched her so casually, like she belonged to him and it gave her the chills just like their last meeting. He also played with her silky hair.

"Thank you, Alex. You're quite handsome too. You look good out of your suit."

He wore an expensive deep blue silk shirt and black trousers, not a casual look for most men.

"I enjoy the feeling of silk against my skin, among other things."

Ethan was glad when Leanne finally let him come up for air because he felt like he was going to pass out. As they kissed she'd undulated her body against his, making him painfully hard.

"You look like you could use a drink," she said, with a sly smile.

She turned and bent over to fetch a glass from the low table, giving him a perfect view of that sweet ass and his prick lurched in his pants. Past her, he saw his wife firmly in the arms of Alex, the judge's hand resting high on her thigh as they spoke in low, intimate tones. Kyra laughed and pressed her forehead against Alex's cheek and he felt a jealousy he hadn't felt seeing her with Rob.

"Here you go, darling," Leanne said, pressing the drink into Ethan's hand. "I think you'll enjoy dinner. We will be having nyotaimori. It's as much entertainment as it is a meal."

A few minutes later there was a light knock at the door and several young Asian men and women all dressed in black filed into the room, accompanied by one more beautiful young Asian woman wearing a long white silk kimono. The servers in black all carried trays, which they placed in the corners of the low table. A black silk pad was rolled out down the middle of the table and the girl shed her robe. Her pale porcelain skin was flawless and she glowed when she stepped into the light filtering down onto the table. Two of the waiters helped her down and she lay flat on the table with her arms down at her sides. She closed her eyes and she was so still, her breathing so shallow, she appeared to be in a trance.

Kyra watched the nude girl wide-eyed, wondering just what they were in for. She couldn't help thinking about the trip she and Ethan took to the massage parlor, but this girl was so much different from Sunny. She looked so young and innocent and peaceful lying there, like she was just taking a nap. Kyra wildly wondered if the men, maybe even Leanne, would have sex with the girl. She was jealous by the attention everyone paid the naked girl.

Ethan wondered what they had gotten into as well, but he was more fascinated than his wife. His eyes tracked across the Asian girl's perfect skin, over her small tits with their dark nipples, her flat tummy and her smooth, hairless mound. If Alex expected them to sexually partake of the girl would Kyra let him? He really wanted to fuck Leanne tonight if he was going to fuck anyone beside his wife.

The waiters uncovered platters of sushi and one of flowers. The female server laid three long, green leaves on the nude girl's body, one down her torso between her breasts, and then one of each of her thighs. The sushi was laid out in lines down those leaves. A beautiful pastel pink flower was laid over each breast and a bunch of similar flowers were laid over her sex. It was a breathtakingly beautiful presentation, Kyra had to admit.

"Dinner is served," one of the waiters said with a thick accent.

"Thank you, that will be all," Alex said.

The wait-staff filed out and closed the door.

"The Japanese call this nyotaimori, which means 'female body presentation.' Please, help yourselves," Alex said, gesturing toward the

table.

"What does the girl do?" Kyra asked.

"She lies there. She is there to add beauty to our meal," Leanne said.

Leanne kissed Ethan and took his hand, pulling him down to sit beside the table, which seemed a nearly impossible task in her tight, short dress. She managed it, but not without showing her thighs above her fishnet stockings. Looking across the table, Ethan saw just how much of Kyra's own thighs were exposed and how high on them Alex's hand rested. There was a flare of jealousy, but then he concentrated on their human platter. Leanne poured four cups of sake and handed them around, followed by small plates. Kyra crawled over to the table, following Alex and joined him on the cushions beside the table, flashing her red panties in the process. Both she and Leanne were nearly naked below the waist and Ethan just did not know where to look.

Alex toasted everyone with the sake and then used his chopsticks to extract a California roll from the nude girl's thigh and eat it. Leanne also jumped right in, taking sushi from the torso and slowly sliding it between her lips. Kyra was not good with chopsticks and instead reached out and took a piece from the girl's thigh, brushing her impossibly smooth skin. The sushi was delicious and soon Kyra's senses were overwhelmed by taste and sight and touch. Eating off the girl lying there so impossibly still was erotic and Kyra wondered how she could maintain her pose so perfectly. She envied the girl being the center of attention and thought it would be exciting to be the human platter, but she doubted she could lie so still. She knew she would have to react to being touched. She found more and more excuses to touch the girl while taking her sushi, finding the touch electric. Kyra so wanted to make the girl react, but she stayed perfectly still. Kyra was soaking wet by the end of the meal and only barely resisted the urge to drag Alex's caressing hand from her thigh to her cunt.

Ethan adeptly handled his chopsticks, but when he saw both Kyra and Leanne touching the girl he cast them aside and ate with his hands as well. They ate mostly in silence, everyone lost in their own thoughts and feelings. Ethan felt odd, like they were taking advantage of the girl, but then no one forced her onto the table. Leanne clearly enjoyed the spectacle, smiling as she trailed her hands over the girl's body. Watching Leanne touch the girl was so hot and he wished Kyra were more forward. When she took the last

piece of sushi from the girl's torso, Leanne also removed the flower from over her right tit and trailed her blood red fingernails around her stiffening nipple. Amazingly, the girl just barely trembled.

"Traditionally, touching is not allowed in nyotaimori, but they cater to their clients' special needs here," Leanne purred as she touched the girl.

"I am afraid Leanne loves to torture these poor girls. She punishes them if she can make them move," Alex said, plucking another piece of sushi from the girl's thigh.

"I could never just lie there like that, not if she was doing that to me," Kyra said.

"That may have to be tested," Leanne slyly said.

They cleared their platter and Kyra sat back, feeling the effects of the sake. She watched as Leanne continued playing with the girl, trailing a chopstick over her naked flesh, flicking at her little crinkled nipples and down her thighs. The girl bit her lower lip and her breathing was noticeably heavier, but she remained still. It was only when Leanne slipped the chopstick beneath the flowers at the juncture of her thighs that the faintest gasp escaped the girl's lips.

"These girls are so well trained, but no one can last forever. Still, she has done very well. She deserves a reward, don't you think?" Kyra said.

"Uh, sure," Ethan replied, mesmerized.

Somehow, Leanne slipped her fingers beneath the flowers over the girl's pussy. It only took moments before the girl was trembling and moaning softly. She kept her eyes squeezed tightly shut and flexed her fingers as she struggled to maintain composure. Her legs shook and finally her eyes flew open as she gasped and came. Kyra sagged against Alex, desperate to be touched, but he still just stroked her sensitive thigh. It was so sexy to watch and she couldn't help but wonder if Leanne could make her climax so easily. Even though she didn't think she was into women, she *had* cum for Sunny. Oh, how she envied the girl laid out on the table.

Leanne withdrew two glistening fingers and presented them to a surprised Ethan, who—after a moment's hesitation—sucked the fingers into mouth and licked them. The girl's taste was strong and tangy. He watched his wife while he did it, but was unable to read her expression. While he licked those fingers clean, Leanne boldly reached into his lap and rubbed his erection.

“I bet she tastes wonderful,” Leanne said when she took her fingers back. She pulled Ethan close and shoved her tongue into his mouth.

Kyra did not know what to think watching the other woman aggressively going after her husband. She wanted to do the same to Alex, but saw that he was watching the other couple intensely.

“You may leave us,” he said to the girl on the table.

The nude girl’s eyes fluttered open and she rose on unsteady legs to exit the room. Ethan was disappointed to see her go, but excited by the possibility of what might happen now that they were alone. Leanne still massaged him through his pants and he thought he was going to have an accident if she kept going.

“We should have plenty of time before they deliver dessert,” Alex said. “Let’s relax.”

Alex stood and took Kyra’s hand, leading her to one of the corners of the room where three panels of watercolors going down the wall depicted some ancient battle. Leanne crawled across the room to the pile of cushions against the wall and Ethan followed, quite enjoying the view. She pulled Ethan into her arms, on top of her, and they kissed deeply. He could hear Alex explaining the meaning of the painting to Kyra.

Leanne hooked her leg behind him, pulling him harder against her. She held his head in both hands, roughing his hair with her fingers while undulating against him. He kneaded her muscular ass before sliding his hand up her long body and palming her big tit. She wrapped both legs around him and turned them, so Ethan was on his back and she was straddling him. While they kept kissing, she frantically worked on his shirt buttons and he slid his hands up and down her body, memorizing all those curves.

Ethan forgot all about Kyra until he heard her loud moan. He hadn't noticed that Alex had stopped talking, or that the other couple was still behind the screen, but now he looked and saw their silhouette through the paper screen that separated them.

Kyra was standing with her back against the wall and he saw the outline of her breasts as she thrust them forward. It looked like her dress hung open. Alex was clearly on his knees and had one of her legs over his shoulder. Ethan knew the other man was eating his wife's pussy. And he appeared to be doing a very good job. Her hand was on his head and she

looked to be shoving her cunt at his face as her cries grew louder. It was hotter for Ethan that he was only seeing a silhouette of the action, but it was also unsettling. He couldn't be sure of exactly what Alex was doing to her.

The only thing on Kyra's mind was how amazing Alex's mouth felt on her pussy. She could not see what was going on behind the screen because of the lighting, but she knew the sounds of two people making out when she heard them. Alex had started kissing her neck while showing her the watercolors and he slipped his hand inside her dress, easily bringing her nipple erect through her lacy demi-cup bra. When she leaned her head back onto his chest, he untied the belt holding her dress closed and it fell open as he turned her around. His smile told her he liked the matching red bra and panty set she'd chosen. While he kissed her, he held both her breasts, massaging them while he deliciously pinched and rubbed her nipples. Alex kissed his way down her body and she briefly considered stopping him. Ethan couldn't see what they were doing. Would her husband be angry? It sounded like he was preoccupied and when Alex kissed her through her panties she ceased caring. Alex pulled her panties down and she stepped out of them before lifting her leg over his shoulder. He told her to open herself for him and when she did, he took her to heaven.

Alex was aggressive with his tongue and fingers, going right for her clit while pushing two fingers into her. She was already so juicy, but his sucking and nibbling on her clit had her drenched in a matter of moments. Slurping from her cunt quickly filled the small alcove they were in and she wondered if Ethan could hear it. She did not know if he and Leanne were still going at it. She threw her head back and cried out as Alex brought her right to the edge of orgasm, but then backed off, preventing her climax. He only started working on her clit again when she'd calmed down. It was so frustrating, but she loved the way he played with her body.

"Oh God! Alex!" Kyra cried. This time when he brought her to the edge he took her right over and she sagged against the wall as her orgasm rocked her body. He kept slurping away at her pussy until she grew too sensitive and had to push him back.

"Should I be jealous that I can't keep your full attention?" Leanne pouted, turning Ethan's face back to her.

"No, it's just, uh, we're new to this, you know."

"And you get off when your wife is with other men."

Ethan started to protest, but she cut him off.

"I'm not judging you. Obviously, I like the same thing, but I do want your attention on me."

Leanne unsnapped her dress at her right shoulder and at her side and pulled it open. She was not wearing a bra beneath the form fitting dress and her breasts spilled into his face. That had his attention. Ethan grabbed her big mounds, mashing them in his hands. They were surprisingly firm for being so big, with large, stubby brown nipples that hardened as he pulled on them. Kyra wasn't small, but her tits didn't hold a candle to Leanne's. Ethan never considered himself a tit-man, really, but he felt like he could get lost in Leanne's chest. She pulled him forward and he licked and kissed like a man possessed, latching onto one of her nipples.

"Mmm, feels good, baby. Suck it hard for me," she cooed.

Kyra came around the partition with Alex and saw Ethan's face buried in Leanne's chest. The brunette gyrated on his lap and looked like she might be smothering him. Kyra heard her breathy encouragement and felt a pang of jealousy. There was something about Leanne that was threatening in a way that Ami was not. *That woman just oozes sexuality*, she thought.

"Leanne is quite the man eater," Alex whispered to her with a hint of pride. "She is going to blow your husband's mind tonight." He touched Kyra as he spoke, stroking her swollen mound and kissing her shoulder. "Men just cannot resist my Leanne. She's sexy, isn't she?"

"Yes," Kyra moaned, eyes glued to the other couple.

"I don't think she can help slutting around, so I supervise her trysts like this. I know she will never leave me, but her appetite for cock is great. I think yours is too, isn't it? You need cock too, don't you, Kyra?"

"Yes," she moaned as he slipped his fingers inside her again. Her dress slipped from her shoulders and onto the floor.

"That's why you're doing this, because you realized that you need much more cock than you were getting."

Alex whispered quietly enough that the other couple couldn't hear, not that they were paying any attention anyway. Deep down, she knew Alex was right. It was why she nearly cheated with Bill and why she wanted to go down this road. Yes, she was excited by the idea of watching Ethan and being watched, but she really wanted to commit the forbidden act. She wanted to be fucked by another man. She wanted to know that she could

have other men if she wanted. And just then, that was exactly what Kyra wanted.

"We need to get your clothes off, baby," Leanne said, pulling back from Ethan. She slithered back and unbuttoned his shirt pulling it open.

Ethan saw that Kyra and Alex were on the other side of the table, watching them. *How long have they been there?* he wondered. He remembered hearing the cry of her orgasm, but he did not know they had moved out of the alcove. Kyra was wearing nothing but her bra and Alex stood behind her, slowly fingering her and whispering in her ear as she watched. Kyra looked like she was ready to throw Alex down and screw him right there, but there was something darker there too. She looked challenged, like seeing him with Leanne ignited something in her.

Leanne pulled his pants and underwear down and grabbed his cock when it sprang free. Pushing her hair back over her shoulders, she went right to work, hollowing her cheeks as she sucked his head hard. She lashed her tongue like crazy and he instinctively thrust into her mouth with a moan. She just opened wider and took more into her mouth. Leanne did not quite deep throat him, but she handled most of his shaft, bobbing enthusiastically while playing with his balls. Ethan couldn't choose between looking at her beautiful face and looking at Kyra watching him.

"Look at how easily Leanne is controlling him. I know you want to control men like that," Alex whispered, thumbing her clit.

Kyra cried out and nodded, a little frightened of the feelings he was stirring in her. It was one thing to share this erotic talk with Ethan, but it bothered her that Alex seemed able to read all her secret thoughts. She reached back, grabbing for his cock, wondering why she'd let him keep his pants on for so long. *I have to take care of that*, she thought.

Turning, Kyra unhooked and shed her bra then stripped Alex while kissing her way down his chest. He was very fit for his age, with a sprinkling of gray hair on his chest. He pushed on her shoulders when she unbuckled his belt and she sat down on the edge of the low table. His pants pooled around his ankles and Kyra stroked him with both hands. Alex was so thick she could barely close her hand around him, but not longer than Ethan. She licked him up and down, getting his cock nice and shiny, then kissed his musky balls too. He moaned in approval and she licked and

sucked on his balls. *Can Ethan see me sucking another man's balls?* she wondered. She hoped so.

Ethan could only see that she was going down on Alex, but wished he could see more. His cock throbbed in Leanne's mouth. The way Kyra's head moved it looked like she was really going to town. Alex held her head, guiding it back and then Kyra started bobbing just like Leanne was. Alex rested his hand on the back of her head possessively, encouraging her to take more cock. For a moment, the two men locked eyes as their respective wives sucked their pricks. He read conquest in Alex's eyes, while he knew that his lust was written all over his face, not just for his own wife, but for Leanne too. It was in that moment that Ethan was sure they would be fucking the other couple.

"If you cum in my mouth will you still be able to fuck me?" Leanne asked. She kept kissing his shaft between her words.

"I...uhhh..."

"You do want to fuck me, don't you? I really want you inside me, Ethan." She took him back into her mouth.

"God, yes!" Ethan moaned.

"I thought so."

Leanne stood and peeled her dress off, leaving her in a thong, heels and her fishnets. She put her hands on her hips, smiling at the way Ethan drank her in. He'd forgotten about Kyra once again. The statuesque brunette beauty looked like she'd stepped right out of a renaissance painting. The fantastic swell of her breasts was only matched by the feminine swell of her hips and then the little patch of brown hair, which was visible through her sheer black thong.

"What are you waiting for?" Leanne smirked. "Strip me."

She only actually meant for him to peel her thong off and once that was done she pushed him back onto the cushions, straddling him once again. His cock slipped inside her easily and she gripped him tightly with her muscles.

*Oh my God! I'm really doing this!* Ethan thought. His second thought: *I'm not wearing a condom! Aren't they the status quo in swinging?* He and Kyra had agreed that they would use condoms if they ever progressed to intercourse with another couple, even though she had started

the Pill. Leanne was on him so fast that he didn't even think about it until he was inside her.

Kyra just kept sucking the meat that Alex steadily fed her, unaware that Ethan had stepped over the line first. At the moment her only thoughts were of pleasuring Alex and how horny she was again. Her free hand was busy between her own legs. He did not ram his cock into her throat, but he held her head and fucked her mouth and it was clear he was in charge. His heavy balls swung and occasionally swiped her chin as he picked up his pace. He seemed suddenly more excited. Without warning his grip tightened and her mouth was flooded with his cum. It was not very polite and her first impulse was to pull away, but he was not letting her go, so she swallowed as fast as she could, looking up at his intensely passionate face. Only when his balls were drained did he finally release her.

"Lay back," Alex instructed.

It was sexy to spread out on the table like the Asian girl had and Kyra was excited to be displayed, but then she lay her head back and saw Leanne riding her husband. It was an upside down view, but she could still tell exactly what the other couple was doing. Leanne was not just grinding on Ethan. She bounced up and down, clearly thrusting herself onto his cock. Kyra was shocked that her husband just made the move without a word of discussion, but maybe she shouldn't have been. She saw the way he looked at Leanne. Kyra knew he wanted her, but it did hurt that he just went for it. At least she no longer had to hold back. She could have everything she wanted now.

Alex stood over her, stroking his cock while looking down at her pliant, naked body and watching his wife fuck Ethan. He told Kyra to play with herself and she did, massaging her own breasts and pressing fingers between her swollen red lips. She moaned when she found her clit and watched as Alex grew harder. She could not quite believe an older man like him was recovering so fast. Ethan couldn't have. *I wonder if he has help*, she wondered. It did not matter. It only mattered that she was going to give herself to him.

With cock standing out before him, Alex joined her on the table, turning her onto her side so she was facing Ethan and Leanne. Lifting her top leg, he pulled it back over him and slipped his cock into her from behind. It was not a position Kyra was familiar with and he did not

penetrate very far, but it felt so good because his thick head rubbed her g-spot with every thrust. He played with her nipples as he slowly and steadily jabbed into her. With his thick cock rubbing her sensitive lips and g-spot so much, she got very hot very quickly. Being forced to watch Ethan fucking Leanne only added to her excitement. Despite her jealousy, she found it every bit as thrilling as she'd fantasized.

Ethan stared at the rise and fall of Leanne's breasts while she rode him. Her ample ass filled his hands and he could feel her strong muscles working every time she lifted off of him. Her eyes were closed and she had a look of intense concentration on her face, which she followed with a smile. *What exactly is she thinking about?* Ethan wondered.

"Your cock feels so good inside me. Oh God, I love it," she moaned softly.

Leanne's eyes flicked open and she grabbed his face with both hands she shoved her tongue into his mouth while grinding down on his prick and working her powerful cunt around him. He trembled and moaned into the kiss and just about shot his load right there.

"I want you to fuck me from behind," Leanne demanded, raising off his prick and turning around before going down on her hands and knees.

Ethan gasped. There was Kyra on her side with Alex fucking her from behind and she was watching him with Leanne. For just a moment the married couple locked eyes and something weird passed between them. *Kyra looks like she's loving every second of it*, Ethan thought. He was jealous. It was hard to watch another man getting that reaction from her. It was hard to watch another man with his cock buried inside her. She reached back, pulling Alex's lips to hers as she twisted her neck and they kissed, showing plenty of tongue. It was like Kyra was performing for him. Then she threw back her head and moaned as Alex grabbed one of her breasts and pinched her nipple. Ethan tried to look past his jealousy. *Damn, she looks hot. That babe is my wife*. He remembered how hot it was to see her with Rob and how he was jealous then too before he relaxed and just went with it. *That's why we're here, to have fun. This is just like all those wife sharing stories*. Except there was one difference. Ethan did not just have to watch. He had a sexy woman of his own to fuck.

Leanne wiggled her ample ass for him and Ethan edged forward, pushing into her velvety wetness. She gripped him just as hard as before,

but now he could control the action. He held her round hips and slammed into her.

"Yeah, tiger, fuck me!" Leanne exclaimed, tossing her mane of brown hair about.

"God...ohhh God Alex...it'sss sssooo good..." Kyra cried.

Alex's cock was making her crazy. She thought this might be her new favorite position. Not only was he hitting her g-spot constantly, but he also kissed her neck and alternated teasing her nipple and rubbing her clit. She came on the spot when he touched her clit and saw brightly colored stars. Honestly, as great as sex with Ethan was he hadn't made her climax like that in a long time. And it didn't stop. Her orgasm seemed to stretch on forever as Alex kept fucking her. It was like being in a constant state of orgasm. She was only fueled by watching her husband violently fucking the statuette brunette just a few feet away. She loved seeing that power in Ethan. *My man is so hot*, she thought. Any initial shock at seeing him having sex with another woman was gone. She loved watching Ethan in action now. The way he took Leanne it was like he was putting her in her place. Kyra also loved that Ethan only had eyes for her.

"You like him watching us fuck. I feel the way your body changed when he started," Alex whispered in her ear.

"Yesss..."

"You imagine yourself a dirty little slut, don't you?"

"Yesss...God yes!" *He sees right through me!*

"Look at him taking my wife, riding her cunt. It's what she loves. You're just like her."

*Could I be that predatory?* Kyra thought maybe she could. She saw Ethan grab Leanne's long hair and pull it as he slammed into her. *Does he want to take me like that?* It was so violent. Just thinking about it drove Kyra to another peak and she howled.

"Ohhh dammit!" Ethan cried, pulling out of Leanne. Seeing Kyra in throws of passion was too much. He only just had the willpower to pull out of his lover before cumming. He damned sure was not going to finish in her without a condom. He jerked his cock and blasted strings of cum all over Leanne's gorgeous ass and promptly fell back into the cushions.

Leanne crawled forward and kissed Kyra, who was so hot she just went with it, sucking on the woman's tongue. Leanne played with Kyra's

breasts while they kissed and then bent and sucked on a nipple. Kyra was out of her mind. She could barely comprehend what was going on and looked at Ethan helplessly. He looked just as stunned as she felt.

*Holy shit! What's going down?* Ethan thought. *This wasn't on the menu!* But his wife was clearly enjoying it. She did not push Leanne away and she only moaned louder as the brunette played with her tits. Kyra really went crazy when Leanne started rubbing her clit, but that was only a preamble for a final minute that would be burned in Ethan's mind forever.

Leanne lay on her back in front of Kyra, reaching out for the stunned blonde. Together, Alex and Leanne turned Kyra forward, so that she was laying facedown on top of Leanne. It looked like Alex's cock never even came out of her. Kyra ended up sandwiched between the married couple, with her legs draped on either side of Leanne and the women's breasts pressed together. It looked like Alex could just slip out of Kyra and push into Leanne, but that wasn't what he did. No, he just fucked Kyra, even harder than before. *Kyra really does look like a porn star now!* Ethan thought.

Kyra wasn't thinking about anything. She was just a swirl of sensations: Leanne's soft breasts pressed into hers, the heat of the other woman's mound just beneath hers, Leanne stroking her hair and then kissing her, and finally, Alex's thick cock driving relentlessly into her. He was on his knees behind her, slamming deep inside her.

"Doesn't Alex have a wonderful cock? Isn't it so powerful? I love him inside me."

Kyra cried wordlessly.

"Your Ethan is quite the lover too. He made me cum so hard. Thank you for sharing him with me."

With an animalistic growl, Alex buried himself inside Kyra and she felt his hot seed pulsing into her. She was already cumming and was glad he was finished. She felt on the verge of passing out. The wet sucking sound of Alex uncoupling seemed so loud and then he lifted off of her. Leanne held and stroked her and Kyra felt like she was in another world.

Quickly standing, because his face would have been right at Alex's crotch, Ethan took the other's proffered hand and shook it, an odd experience. *Am I shaking hands with a naked man who just screwed my wife?*

"Your wife was spectacular, thank you," Alex said with an odd formality.

"Uh, Leanne was great, too. Thanks. Tonight was quite the experience."

"You're welcome anytime. I think Kyra is only just beginning to sow her oats. You're going to have a lot more fun with her."

Ethan suspected Alex was right as he watched his sated wife slowly roll off of Leanne. Her eyes were glazed as she stared up at the ceiling. Ethan loved every second of the evening, but it was strange. *That's the sweet, suburban mom I come home to every night? That's the woman I married?* As he looked at her freshly fucked body it seemed impossible. He did not feel so different, but he was sure Kyra had changed. She smiled dreamily at him and he thought, *We really need to talk.*

## CHAPTER TWELVE

It was a bright, sunny day at the park when they finally decided to talk about their night with Alex and Leanne. Neither of them was eager to discuss the experience in the immediate aftermath. They got back into their clothes as best they could and stole away like thieves in the night. Kyra was completely disheveled. Her fine blonde hair seemed to be everywhere. Her dress just wasn't right and she knew exactly what the valet was thinking when he looked at her. She didn't know whether to be proud or ashamed, and was actually a bit of both. What they'd done, especially everything *she* had done, was so far beyond the boundaries that they had discussed that she didn't know what was going to happen next. She could not read Ethan. *Is he pissed? Does he think I'm a slut?* Kyra wasn't angry that he'd fucked Leanne, but angry that he did not say anything to her first. She also wasn't thrilled that he didn't use a condom, but then she had no room to talk there. When she closed her eyes she could still feel Alex pumping his hot cum inside her. It felt so wrong, and she loved it. She kept her thoughts to herself that night and for all the days since then, hoping Ethan would break the ice.

Ethan was waiting for Kyra to say something. He suspected she might harbor some anger over how things went with Alex and Leanne and thought it was best to let her calm down before discussing the experience. He was sure she would say something when she was ready, but the waiting was weighing on him. There was so much he had to say, but he was not trying to start a heavy discussion when he spoke. He just thought he recognized someone.

"That's not the girl from the other night is it?" Ethan asked.

The girls were playing in the sandbox with a couple other kids when a pretty, young, Asian nanny came over to take a little boy away. He swore that nanny looked familiar.

"Who? That nanny?" Kyra asked. "I don't think so."

"I just thought it looked like her."

"I'd be surprised if you could recognize her with her clothes on."

"It seemed like you were checking out that girl's body just as much as I was."

"You're right, I thought she was a beautiful girl too, but no one seemed to be paying any attention to her face, especially when your friend Leanne started playing with her."

"You're just jealous you weren't the center of attention," he kidded.

Kyra turned bright red and looked away. She was embarrassed because he was partially correct and because he'd brought it up right there in the park.

"Honey, I'm sorry, I didn't mean to imply anything."

"No, you said it right out. Does it bother you that I like attention?" Kyra asked.

"I think it's hot, you know that. When I saw you with Alex the other night it was the hottest thing I've ever seen."

"You're not angry?" She took his hand and held his gaze.

"No, I was a little shocked at first because I didn't know you wanted to go all the way, but once I got past that I thought it was amazing to see you like that." Ethan looked around to check that no one was close enough to eavesdrop. "When we make love, we're so close, it's all about touch and coming together, but watching you from afar was entirely different. It was raw and sexual. I felt like I was seeing you for the first time in a lot of ways. It's like you were a different woman."

"I feel different when we're playing. I've always felt like I had to behave and live up to everyone else's expectations, but when we're with other couples, it's like I can finally let go and let another part of me out." She hastily added, "It's not that I don't love you, and I love making love to you, it's just something different."

Ethan kissed her and squeezed her hand.

"I know that. I'm not insecure. I like seeing that side of you come out. When I couldn't really see you, just hear you, all these crazy things went through my mind. I pictured you doing all these things and it made me so hard."

Kyra dampened between her legs and wished they weren't in such a public place. Just talking about their experiences turned her on so much. It was like a drug and after having a taste she wanted the full fix.

"Are you okay with everything that happened?" Ethan asked.

"Mostly, yes. Alex and Leanne are so intense. Things got a little weird there in the middle. Alex turned me on so much, but he also made me a little uncomfortable."

"You looked okay."

"I think the discomfort turned me on even more, but I feel like I need to keep more control."

"We both lost control that night. I'm not sure it's a good thing."

"I agree. I was a little hurt when I first saw you fucking Leanne, but just because we didn't talk about it first. I want us to always be together on decisions with this."

"I know, I'm sorry. It seemed like things just happened so fast."

"I'm sorry too. I know you were with Leanne without a condom too, but I let Alex finish inside me. That was wrong."

"Like I said, we both lost control. We know they're clean and you're on the Pill, so there's no harm done, but we should be more careful in the future."

"So there is going to be a future?" Kyra tried not to look too excited.

"I don't know. Is that something you want?"

Kyra wanted more, there was no doubt. If he turned around and told her that he was finished with swinging, she would abide by his decision and she would be happy in her marriage, but it would be a tough thing to give up the thrill of their new hobby. She feared they could easily slip back into their old patterns.

"I'm having a good time. I'd love to keep playing, but maybe not with Alex and Leanne again." The prospect of being with the other couple again was quite exciting, but she thought the risk too great. "How about you?"

"I think avoiding Alex and Leanne is a good idea, but yeah, I'm having fun so I don't mind continuing."

It seemed to Kyra that her husband had something more to add, but the girls chose that moment to coming running back to their parents. Callie came barreling into her arms, almost knocking her off of the bench, followed by her sister, who Ethan scooped up and tossed into his arms. *And just like that we going from discussing our kinky sex life to being parents in one fell swoop*, Kyra thought.

The chance to test their self-control and their limits came sooner than later. It had been over a month since they last saw Rob and Ami, so when Ami called and invited them over for dinner, Kyra jumped. She did not even run it past her husband. She knew Ethan would approve. After their crazy night with Alex and Leanne, Kyra thought an evening with a fun couple more like themselves was just the tonic they needed. She knew Rob would not take control of her the way Alex had. When she told Ethan about the dinner, he was eager to go—perhaps too eager to see Ami again, she thought wryly. Kyra wasn't jealous of the slender, pretty blonde, but she still wasn't quite used to seeing her husband so excited to be with another woman. Watching the actual deed was exciting, but the anticipation brought out her competitive side.

Thought she wouldn't admit it, competition with Ami led Kyra to make a change before dinner. While relaxing in the bath that afternoon, she reached for her razor and the shaving cream. She'd already done her legs and trimmed up down there, but perhaps more was in order. Both men obviously liked the way Ami was shaved, so Kyra decided it would be fun to try the look herself. It had been years since she'd shaved her mound. She'd never stuck with it because it was a pain in the ass to maintain, but if so many more people were going to be seeing her pussy it would be worth the effort.

Kyra sat on the side of the tub, with one foot in, and rubbed the foamy shaving cream in a thin layer over her mound. Just touching herself there sent a tingle through her body. She was even more excited for the evening than she realized. It was tempting to forget shaving and just take care of herself, but she was on a mission. Kyra spread her legs wide pulled her skin taut. The pressure of her thumb over her clit made her moan, but she tried to ignore her building arousal. With quick swipes of the razor, Kyra cleared the area above her pussy. Her fine, blonde hair yielded easily to the razor. She shifted to run the razor beside her lips and adding that extra pressure made her bite her lip. Adding to her excitement was imagining how her husband and Rob were going to react to her new look.

By the time Kyra ran the washcloth over her now-smooth mound, she decided she was very pleased with the result. And with her work done, she dipped a finger between her lips and plucked her clit from its hood. It only

took seconds of teasing her clit for Kyra to climax. She sank back into the tub with a contented sigh. If she had known shaving her pussy would be so much fun, she would have done it years ago.

+++

“I’m little surprised you guys took that step so soon,” Rob said, sipping at his beer. He and Ethan stood out on the back deck having beers while the women were inside working on dessert.

Ethan and Kyra shared most of the details about their evening with Leanne and Alex over dinner. Kyra had more to say than he did, with Ethan jumping in with little details here and there. Even hearing her describe that night in the private room now, it didn’t seem like it had really happened to them. It was more like a movie they’d watched together about some insanely depraved couple.

“It wasn’t exactly planned that way, but I guess we were ready. I don’t know that I would want to be in that position again. I prefer things to go a little more naturally, like between us,” Ethan said.

“Thanks. Ami and I like you guys too. We would have loved to get together sooner, but you know, life gets in the way sometimes.”

“I get it. Finding a babysitter for tonight wasn’t easy. And we’ve been taking so much time for ourselves lately that we almost feel we’re neglecting the kids.”

“You guys are new to this. It’s like losing your virginity all over again. After you had sex for the first time you wanted it every chance you got, right?”

Ethan turned and leaned with his back against the railing. He watched the women inside through the glass doors and wondered what they were discussing. He liked talking to Rob about these things because he got perspective from someone he could relate too. What would Rob and Ami have done that night? Ethan did not see them giving up control so easily.

“You’re right. But we’re ready to slow down a little. We want to keep exploring, but no more wild nights like that.”

“Leanne sounds like a firecracker. Are you sure you don’t want another taste of that?”

Ethan laughed. "I don't think I've ever been with a woman that aggressive. It was pretty cool. I can't say it wouldn't be fun, but I think we're both a little afraid of that couple."

"Then avoiding them is probably for the best. There are plenty of other fish in the sea."

"Honestly, I'm only thinking about your wife right now. Her legs look great in that skirt." Ami moved back and forth in the kitchen, and her loose, short peasant skirt floated around her. Her wedge-heeled sandals sealed the deal for Ethan.

Rob smiled proudly. "I thought you might like it. I picked that out myself. I like picking Ami's outfits when we're going to play."

"You've got great taste, man." The men clinked their bottle together in a toast to their sexy wives.

Kyra watched the guys from inside as she poured the mixed berries over the little finger cakes in the bowls. Ami was whipping the cream. "Look at those guys," she said. "They're staring at us like *we're* the dessert."

"Maybe we will be," Ami said, licking whipped cream from the tip of her finger.

"If they behave themselves. If not, we'll just have to tease them all night."

Kyra had already done her fair share of teasing. She greeted Rob with a steamy kiss and made sure she was close to him all evening. Her black linen top showed off a valley of creamy cleavage and all the little eyelets in the design hinted at the lingerie she wore underneath. The short khaki skirt only came to mid-thigh and Rob was staring at her legs almost as much as Ethan was eyeing Ami's. Kyra liked how Ethan was so much more relaxed with Ami than he had been with Leanne. He was openly affectionate with Ami, while he'd sat and only reacted to the predatory brunette.

"I don't think Rob is going to go for being teased, not the way he's been so excited about seeing you again. If I wasn't so secure, I'd be jealous," Ami winked.

"Oh, stop it."

"It's true. We had a really good time the last time we were together."

"Even though we didn't go all the way? It wasn't frustrating?"

“No,” Ami replied, giving Kyra’s arm a reassuring squeeze. “We would never try to rush anyone. It’s important to respect boundaries. That’s not to say we wouldn’t have *liked* to go further.”

“It wasn’t easy to hold back. Both Ethan and I were right on the edge.”

“Maybe tonight,” Ami said hopefully.

“We’ll see,” Kyra teased.

And it was a tease. She already knew she would be fucking Rob, as Ethan would be free to do as he wished with Ami. Kyra had been masturbating for days thinking about getting Rob in bed. It led her to question once again if she was becoming addicted to their new lifestyle. It was not a reflection on her love for her husband, or his lovemaking skills, but nothing quite excited her as much as the thought of a new lover. Alex had hit it right on the head, and deep down, she wanted all those dark things he’d suggested. But she was afraid of giving up control the way he wanted. That was why she could not see him again.

Dessert was served in the dining room. Ethan and Ami sat on one side of the big, glass-topped table, while Kyra and Rob were on the other side. Rob’s arm was on the back of Kyra’s chair and he ate with his free hand. Ami took a bite at a time and in between she rested her hand on Ethan’s leg, edging it higher each time. He casually touched her bare shoulders or arm every chance he got. It had become almost natural to be affectionate with other women. Through the smoked glass of the table top, Ethan watched Kyra rub Rob’s crotch. She did not take Ami’s subtle approach. It was thrilling to see his wife so sexually aggressive. He didn’t think he was one of those wife-watching cuckold guys, but he would never tire of seeing Kyra being so completely sexual. He just couldn’t quite take that leap without pause. He wanted to fuck Ami tonight, very badly. And he knew he would, but it was difficult to completely silence the moral qualms that had been drilled into him his entire life.

“I can’t believe you whipped your own cream,” Ethan told Ami. “It’s very good.”

“Thanks. The stuff from the can just doesn’t taste the same, and don’t get me started on Rendi Whip. Would you like some more?”

Ethan started to decline, but when Ami scooped more cream from the bowl on the table, he opened his mouth to accept and flicked his tongue as

he sucked the sweet cream from her fingers. Their eyes met and they shared a moment.

"Mmm, that looks fun," Kyra said. How about you, Rob? Would you like more?"

"I thought you'd never ask," he replied.

Kyra coated a piece of fruit with a dollop of cream and took it in her teeth. She leaned into Rob and he playfully tried dodging her, smearing cream on his face. She grabbed the back of his neck and hauled him in. Their faces smashed together in an inelegant kiss, the fruit bitten and shared between them. Rob blindly reached and found the bowl, dipping his fingers and wiping cream all over Kyra's cheek. It was on then Ethan smiled as he watched his feisty wife yelp and wrestle Rob out of his chair and onto the hardwood floor. Their crash to the floor sounded painful, but neither of them gave quarter and Kyra struggled to climb atop Rob.

"Maybe we should give these kids some space," Ami suggested, with a light touch of Ethan's arm. He was curious to see where the wrestling match was going, but he knew it would be more fun to go off with Ami. She took his hand and led him out through the living room and upstairs to the master bedroom.

As with most married couples, the bedroom reflected Ami's sensibilities more than Rob's. The king-sized bed sleigh bed had high cherry wood head and footboards and it was covered with two-tone throw pillows that matched the floral comforter. Ethan helped Ami set the pillows aside and it felt oddly domestic. This wasn't at all what he expected. Before this, his encounters had been hurried, passionate, frantic. Ami smiled at him while she pulled back the comforter.

"You look lost in your thoughts. What's on your mind?" she asked.

"I was thinking tonight feels different. In a good way."

Ali came around the bed and stood in front of him with her hands on his hips. Ethan brushed a strand of dark blonde hair out of her eyes. "Different how?"

"Comfortable. I don't feel nervous like I have before."

"I don't want you to be nervous, babe." She kissed him, turning him toward the bed. "But I don't want you too comfortable either." She pushed him back and he bounced on the high, firm mattress. Ami hopped on top of him and leaned forward, giving him a perfect view down the deep V of her

top. Her firm tits were encased by a black, see through bra. "Comfortable can be boring."

She nibbled on the side of his neck, drawing a yelp when she bit too hard. Her hands untucked his soft green shirt and pushed inside, nails tickling up his chest. Ethan kneaded her ass with both hands. Her ass was amazing. He couldn't feel panties through the thin cotton peasant skirt and strummed his thumbs higher until he detected the edges of a thong. Her nails over his nipples sent shivers down his spine. His cock twitched in his jeans. It was fun to have the pretty, tanned woman on top of him, but after Leanne's aggression, he wanted something different.

"Hey!" Ami exclaimed when Ethan rolled them.

Ethan ended up on top, between her legs. She kicked off her sandals and wrapped her legs around his waist. Her long hair was everywhere and he pushed it back from her face. He buried his face in her chest, kissing her tits through her top until he pulled it up and she raised her arms over her head so he could remove it completely. Her nipples stood out through the transparent bra. Ami quivered and purred when flicked her nipples with his tongue and then sucked on them. He remembered how sensitive those long nipples were and tried to be gentle. Her firm tits felt oddly smooth in his mouth through the nylon material of her bra and soon the wet fabric clung to her flesh. Ami's nails tickled the back of his neck and raked through his hair. She whimpered his name when he went from one tit to the other and flexed her hips, rubbing his sex against him. It felt like all the blood had rushed to his cock, and all Ethan could think of was getting inside her. He loved her lithe body. Curvy women like his wife and Leanne were super sexy, but he'd always appreciated athletic women. It was exciting that he could meet a woman like Ami, lust after her, and then express that lust without any repercussions. The appeal of the swinger's lifestyle was potent. That made him suddenly think of Kyra, and he wondered exactly what she and Rob were up to.

+++

Kyra was on her back on the narrow carpet in the hallway between the dining and living rooms, tossing her head back and forth and moaning, "Oh God! Oh God, Rob!" her blouse was open and her breasts pushed out

of the demi cups of her ivory lace bra. Her legs were over Rob's arms and her heels planted on the floor, while her skirt was bunched at her waist. Her panties were back under the dining room table. She was glad she'd made the effort to shave her mound, as it was the first thing Rob commented on.

"Is it me, or is something different down here?" he asked. His fingers played across her already slick lips.

"I thought I would try something new. You like?"

"I do. There's nothing like a smooth pussy." He didn't waste time before moving lower.

The last time the couples were together Kyra didn't have the pleasure of experiencing Rob's oral skills and she now knew that she'd really missed out. His tongue was like a rapier, precisely striking out at the tender spots that made her throb with need. She was soaked and pushed her pussy at his eager mouth. When he shifted his focus to her clit and added two fingers inside her, Kyra lost all control.

"OH MY GOD!" she cried. "Ohhh...ohhh...God! Rob..."

Kyra's wailing on spurred him on and he fingered her faster while sucking her clit. Her climax went on and on and finally she had to push him away when she just became too sensitive. Kyra's head spun. The waves of rapture gradually ebbed, giving way to a tingling buzz in every part of her. Rob leaned over her and she pulled him into a hard kiss, thrusting her tongue deep into his mouth. She tasted her own pussy and couldn't get enough.

Ami and Ethan had disappeared sometime ago and she guessed they had to be playing like she and Rob were. *They probably went to the bedroom*, she thought. Kyra was disappointed. A large part of the experience for her was watching her husband with another woman. The voyeuristic thrill she'd discovered in that massage parlor had never gone away. She tried to imagine what Ethan and Ami might be doing, but it wasn't the same. Oddly, she felt her first pang of jealousy. It had to be because she couldn't watch. It didn't seem right for Ethan to be off on his own. They hadn't discussed doing this and she just assumed they would all be together all night. Kyra had a mind to drag Rob upstairs, but she didn't want to be pushy. Maybe this was what the other couple wanted. Kyra needed to respect their wishes. Besides, being apart from Ethan was not going to stop her from doing as she wished.

“That was fucking hot. Oh my God,” Kyra moaned. “I think I’d better return the favor.”

“Not right now, hon. Right now, I want to fuck you.” Rob’s eyes were clouded with lust and it looked like he was only seconds away from just ripping her clothes off. She would never tire of seeing men look at her that way. It was the only reason she got involved in that silly office romance. Bill looked at her in a way Ethan had stopped. Rob pulled her to her feet.

Kyra thought they were going to go upstairs, or at least move into the living room, but instead he spun her around and pushed her toward the dining room table. She barely had time to remove her top before Rob bent her forward. With elbows on the table, Kyra pushed her butt in the air and he pushed her skirt up. Her high heels made it easy for him to line up behind her. His belt buckle thumped against the hardwood when his pants hit the floor. The hot helmet of his prick bobbed against her supple, pale ass.

“Shit, I need to go get a condom,” he said.

“Not if you don’t want to,” she said, tossing her hair and looking back over her shoulder.

“I thought you guys—“

“Come on, just fuck me, Rob. Don’t make me wait.”

Kyra and Ethan had talked about using condoms from now on after their unplanned sex with Alex and Leanne, but the moment was ripe and Kyra did not want Rob running off. They both trusted Ami and Rob implicitly. She just hoped Ethan wouldn’t be pissed if he *was* using a condom.

“Uhhnn, Kyra,” Rob moaned when he sank his shaft inside her.

“Ohhh...God...Rob...”

He held her hips and stayed in place, his cock embedded in her molten embrace. He was thick and filled her completely. She pushed back, wiggling her ass like she wanted to be sure to get every inch inside her. When she thought she couldn’t stand his stillness a moment longer, Rob pulled back so his head was just barely inside her. He rammed it back into her with jarring force. It would have hurt, if she hadn’t been so ready. Kyra exclaimed his name and looked back over her shoulder, eyes pleading for more. He gave her the same violent thrust and she hung her head, forehead pressed to the cool wood of the dining room table. Rob took her that way

for a couple minutes, jabbing into her erratically, leaving his cock inside her, or keeping it out, until she was losing her mind.

“God...stop...teasing me...” she gasped.

“But I like hearing the way it makes you moan. Damn, you’re sexy, Kyra.”

“You feel so good, babe, but I want you to go for it. Fuck me, Rob.”

He rammed it in again.

“Oh God!”

“Like that?”

“Yes!”

And again. And again. Rob fucked her just as hard as before, but in a slow, steady rhythm. His fingers dug into her hips and he pulled her back into him with every thrust. Rob gradually increased the rhythm and his balls slapped the backs of her thighs. It was incredible. Kyra’s moans echoed off the hardwood floor and walls of the dining room like an echo chamber. Her rock-hard nipples dragged on the polished table, sending tingles down her spine, straight to her pussy. It was fabulous. Kyra spread her arms wide and held onto the edges of the table for dear life when Rob really got going.

+++

Ethan rolled his hips, driving his prick inside Ami at a languid pace. Her arms were above her head, her wedding ring clacking against the headboard as the bed rocked beneath them, and her legs locked around his waist. She stared up at him with wide eyes, her hair spread on the pillow like a halo. He thought she looked incredibly hot during sex. She wasn’t like his wife, who went a little crazy, but she just had this constant look of surprise on her face. Her pussy hugged his shaft, trying to keep him inside, and Ethan found it difficult to not cum too quickly. As much as he enjoyed the wild night with Leanne, sex with Ami was better.

He did not wear a condom and wondered how angry Kyra would be. There was only one in the bedside table and in his haste to get started, Ethan tore the condom when he opened it. Ami offered to get another one from the bathroom, or he could go without. He followed his cock and dove on top of her without a second thought.

"Mmm, yes, baby...so good. Mmm, Ethan, don't stop," Ami pleaded, hugging tighter with her legs.

"Amiii..." he grunted, trying everything he could think of to avoid the big finish.

"Mmmm...do it, baby, do it...cum with me...I want you, baby..."

"Shit...Amiii..." he cried.

Ami pulled him into a kiss as he shuddered and shot his load deep inside her. The pleasure in his cock throbbed out through his body and he collapsed on top of her. She shook and tensed underneath him and Ethan was sure she was cumming as well. Ami did not release him, but kept her arms and legs locked around him, while her pussy kept clenching his shaft.

"Shit, that was awesome," he breathed, his face buried in the side of her neck.

Ami giggled. "Thanks. I really enjoyed it, too. It was even better than I hoped it would be."

"It's always better to exceed expectations, isn't it?"

"Mmm, I don't want to let you go. Think Kyra will mind if we stay like this for a while?"

"I think my wife is so busy with your husband that she's not giving us a second thought."

As if to make his point, they heard Kyra scream, "Oh God!" It sounded like the other couple was still downstairs, maybe even still in the dining room. Were they on top of the table, Ethan wondered? Suddenly, he wished he could see his wife in action. It was pretty exciting to see her fucking and lose control. It was fun to be alone with Ami, but he felt like he was missing out on something.

"It sounds like you're right. I wonder how long they'll be."

"Why's that?"

Ami kissed him slowly. "I don't know, maybe I'd like a round two."

"That could be arranged."

Ami finally loosened her grip and Ethan rolled off, and out of, her. She rolled on her side and kissed his chest, while trailing her fingers lower. He would need some recovery time, but his cock twitched at her light touch. He loved her playfulness. Ethan traced his fingers down her spine and rubbed the little cleft above her magnificent ass. On impulse, he gave that ass a quick little smack.

"Hey!" she laughed.

"Sorry. You don't like that?"

"I didn't say that. A girl just likes some warning is all."

"It's not as much fun that way."

Ethan spanked her ass again and she bit him playfully just below the bellybutton. But felt anything but playful when she sucked his cock between her lips. He moaned her name and stroked her hair. Life surged back into his shaft and he was disappointed when she stopped after just a few moments.

"I'm glad you went without the condom," she said. "I hate the taste of latex."

"So you guys are okay with not using them?"

"We only play with couples we trust, and everyone keeps their tests up to date. Some of them want to use condoms, and we don't mind, but since I am on the Pill, I prefer not to. I love the feel of skin on skin."

"I love the feeling of your skin on mine," he smiled.

"You're just full of flattery. Does it have anything to do with the fact I was just sucking your cock?" Smile lines crinkled the corners of her sparkling blue eyes.

"It could be. Maybe if you do it again I'll be able to tell."

Ami sucked him again, working her tongue on the underside of his shaft. He couldn't help pushing upward, and she took more of him in her mouth, but again she didn't do it for long.

"You're torturing me," he sighed.

"You're not the first person to call me a tease. I like to take my time and have fun."

"Me, too. Kyra and I..."

He was cut off by more of Kyra's screams, followed by guttural noises from Rob.

"Wow, it sounds like those two are tearing up the dining room," Ami said.

"Sound we check on them?"

"No, they'll come up when they're done, I'm sure."

Ami stretched out on top of him and they kissed.

Kyra lay face down on the dining room table, breathless. Her arms and legs tingled and she was afraid she'd fall right over if she'd tried to stand. Rob had pulled out of her and he leaned against the wall, catching his breath. The afterglow of her orgasm was slow to fade and she would have been content to lay there, but the unyielding table wasn't comfortable, so she pushed up and stood wobbly in her spiked heels. Kyra turned and leaned her butt against the edge of the table. Rob had pulled his shirt off and stood naked against the wall. He looked good. Admiring his physique made her want to spend more time exploring it.

"Christ woman, you're insatiable," Rob huffed.

"I don't know about that. You did a pretty good job taking care of me." She smiled widely. I felt so strange to be standing in someone else's dining room, nude but for high heels. It made her feel sexy and daring. It made the feelings from her climax linger. And it made her want to keep being daring. *What would Rob do if I just dropped to my knees in front of him right now?* She wondered. *Could he get it up again so quickly?* She should have needed a rest after a screwing like that, but she was ready to go.

"I think we should see what our other halves are up to."

"Good idea," she agreed. She half hoped to catch her husband in action with Ami.

Rob pulled on his boxers, but didn't bother dressing otherwise. Kyra did not feel like putting all of her clothes back on yet, so she picked up his shirt from the floor and slid into it. She only buttoned a couple buttons in the middle, which barely kept it closed.

"Damn. You wear that way better than I do," he said.

Kyra stuck out her tongue. "Maybe I'll just keep it then."

Rob followed her up the stairs and she knew it was just so he could watch her half-covered butt. Kyra stopped in the doorway of the master bedroom. Ami was on top of Ethan and he massaged her butt while they kissed. The couple on the bed didn't seem to realize they had company.

"Looks like they're doing fine without us," Rob whispered. He slid his arms around her waist from behind. "We should leave them be."

"No, I want to stay." Kyra spied a large, overstuffed chair in the corner with an ottoman in front and took Rob's hand and led him to it. She

pushed him into the chair and straddled him.

"So, you like to watch." He pushed her hair back from her face as she leaned in and they kissed.

"I do. I like to be watched, too. Do you mind?" They whispered to avoid disturbing their spouses.

Rob nibbled on her neck, while pushing a hand inside the shirt that barely covered her. He rolled her tender nipple and she shivered. Kyra thrust her tongue at his and ground her pussy against his lap, leaving a pronounced wet spot. He bulged against his boxers, but she felt he wasn't quite ready for round two yet.

"No, I don't mind at all. Ami and I enjoy playing together. I love seeing my sexy wife enjoy herself." Rob tore his mouth from hers and kissed Kyra's neck while opening a button on her shirt. He pulled it apart and bent forward, sucking a pale nipple into his mouth.

"Oh God, Rob," Kyra cooed, pulling his face into her chest.

Ethan heard his wife cry out and knew he and Ami are no longer alone. He couldn't see past the slender blonde on top of him, but his pulse quickened just knowing Kyra was in the room with them and also playing. His cock was pressed between Ami's thighs and just about ready to go again. Ami broke their kiss and smile. It told him she'd heard Kyra too, and she was pleased they had an audience.

Ami slithered down Ethan's body and knelt between his splayed legs, her tight butt high in the air. Ethan envied Rob that view. Now Ethan could see the other couple. Kyra straddled Rob in a chair and her head was thrown back while her lover feasted on her breasts. And there it was, that intoxicating mixture, intense arousal with an edge of jealousy, of feeling something just wasn't right. That feeling, as much as the chance to sleep with sexy women like Ami and Leanne, was what excited Ethan about swinging. Kyra held onto Rob's head and Ethan thought she might smother the poor man. But what a way to go!

Ethan would have kept watching his wife with Rob, but Ami demanded his attention. She kissed her way down his shaft and was darting her tongue at his balls. She dragged the tip of her tongue slowly back up the underside of his prick and then took him in her mouth. Ami went down and kept going, swallowing until she'd taken his entire cock. Feeling the sexy blonde deep throat him would never get old. Kyra gave an amazing

blowjob, but couldn't quite manage the deep throat. Ami swallowed his entire cock effortlessly and her eyes crinkled into a smile while she did it. Ethan stroked the hair back from her hollow-cheeked face and watched it bob up and down. Ami really was a pretty woman. He didn't know why it occurred to him at that moment, but it snapped into his head that she looked a lot like the actress Robin Wright in *Forrest Gump*. Of course Forrest never got the treatment Ethan was receiving. Ami had him throbbing and ready for more.

Kyra wedged her hand down inside Rob's boxers and coaxed him to full mast. She was glad he was hard again because she really wanted to fuck him again. She knew what those wet sounds behind her meant. Ami was blowing her husband. Kyra really wanted to see. She pulled Rob's face from her chest and they kissed. "Come on, I want you inside me again," she cooed.

"I'm ready when you are," Rob replied.

She squeezed his cock. "I can tell, lover."

Rob held her hips as she stood and turned, opening the final button on her borrowed shirt. She didn't take the shirt off, but thought it looked sexier draped on her. He guided her back and Kyra looked right into her husband's eyes as she settled down onto her lover's cock. Ethan's eyes were full of lust and love. That moment was perfection. Shivers went down her spine and she held onto the wide arms of the chair while gyrating on Rob. She watched Ami's blonde head bobbing up and down on Ethan while she took Ami's husband in her pussy. *God, this is why I do this*, Kyra thought. *This is so amazing*.

Watching Kyra slowly ride Rob only made Ethan want to fuck Ami again. Strings of saliva dripped from Ami's lips when he lifted her away from his prick. She looked up at him expectantly, signaling the next move was his. Ethan already knew exactly what he wanted. With a firm ass like that, the only thing to do was to take her from behind. He turned Ami around, doing his best to keep an eye on the other couple while he got her in position. She grabbed a pillow and leaned forward to hug it, while shoving her ass into the air again, and wiggling it. He gave it a sharp swat, which caused Kyra's eyes to widen, and Ami giggled. Ami reached back and rubbed her swollen pussy in anticipation. Ethan scooted forward on his knees and drove inside her.

"Mmm...Ethan...ohhh...baby..." Ami moaned.

Ethan held her ass and pounded into her, shaking the bed. He was fucking Ami, but he was watching Kyra and he saw the fiery hunger in his wife's eyes. Kyra watched them lustily, but she was performing for him too. As hot as watching Kyra was, it was still disconcerting, like when she was with Alex. Watching her perform like that was hot as hell, but he didn't love the queasiness and fear that came along with it. Yes, watching his wife fuck another man was undeniably hot, but it was something he could live without. Maybe just *knowing* Kyra was going crazy without having to see it was better? Either way, his cock surged and although he'd cum once already, Ethan would not be holding out for too long.

"Mmm...harder baby...harder...don't stop baby..." Ami cried.

Kyra reveled in her sluttiness. She felt dirty having Ethan watch her fuck another man, and it felt so good. She would never tire fucking in front of her husband. She thrust back at Rob harder, and he held her big breasts from behind, playing with her sensitive nipples as she bounced up and down. It was exciting to hear Ami begging Ethan for more. Kyra thought watching Ethan with Ami was so much hotter than with Leanne. Her husband was a stud and Kyra almost leapt off of Rob so she could have Ethan. But she would have him all to herself later. In the meantime, she wanted to enjoy Rob's thick cock. She bent forward and leaned her elbows on the big ottoman. Her heart-shaped ass was right in Rob's face and he kneaded it, pulling her back into him. He went so deep in that position. Kyra felt her climax throbbing to life, expanding through her body. It was coming on quickly and she thrust back at Rob. God, she wanted it.

"Ohhh God! Oh God...fuck me! God...fuck me...Rob..." Kyra cried.

"Uhhnn...Kyra...shit..." Rob moaned.

"Mmmmm...baby...baby...baby...mmmm Ethan...yessss..." Ami wailed.

"Aaaamiiii..." Ethan growled through gritted teeth.

Ethan's entire body was aflame. He swatted Ami's ass and she only screamed louder, begged for more. He also watched his wife's round ass jiggle. It was sexy seeing her in action, even if it made him feel strange. He and Rob looked at each other as they fucked each other's wives and they both smiled.

The women screamed in orgasm almost simultaneously. Kyra collapsed forward onto the ottoman, but Rob held onto her hips and kept slamming away until he pulled out and she felt his hot jizz splatter her ass. She was thoroughly satisfied and watched dreamily as Ethan and Ami finished. Ethan had one hand on Ami's hip and held her shoulder with the other and it looked like the two of them were going to rock the bed apart. Ami went limp after shouting Ethan's name, and moments later he did as Rob had and pulled out. The only difference was that Ami immediately flipped over and turned so Ethan shot his load all over her belly and chest. It was a great move and Kyra would have to remember it.

Ami jumped up and shared a hot kiss with Ethan before going over and kissing her husband, who squeezed out from behind Kyra. "That was damn sexy, honey," Rob told his wife, careful not to get Ethan's cum on him while hugging Ami.

"Did you have a good time tonight?" she asked him.

"It was great." Rob turned to Kyra, then Ethan. "You guys were great."

"You were pretty good, too," Kyra laughed, pushing her fine, sweaty hair back from her face. She finally stood up and joined her husband on the bed.

"If you guys don't mind, we're going to grab a shower. We have fresh towels and everything you need in the guest bathroom," Ami said.

"Go for it, guys. We'll see you in a bit," Ethan said.

Ami and Rob walked hand in hand into the master bathroom and closed the door. They were obviously going to shower together.

"So," Kyra said, drawing the word out. "It looks like neither of us used a condom again."

Kyra kissed him. "It's okay, really. Maybe we're just not a condom couple."

"As long as we're with a couple we trust," Ethan quickly added.

"Right."

"But something *is* new. What's this?" Ethan touched her swollen, sore pussy.

"Just something different. Rob really liked it. What do you think?"

"I think it's pretty hot. I'm jealous I didn't get to try it first."

Kyra laughed. "You'll get your chance." They were silent for a while, until she finally said, "I missed you when you went up here with Ami." She hugged Ethan tightly.

"It was hot wondering what you and Rob were doing, but it was hotter seeing it."

"Yeah, I guess one of us could always get drug off, but I prefer doing this with you here."

"That's because you love to have me watch," Ethan laughed.

"Is that bad?" Kyra crinkled her brow.

"No, I like watching you. I can't quite describe the way it makes me feel, but I do like it." *I'm just not as into it as you are, that's all*, he thought.

"I *really* liked watching you tonight, hon," Kyra said, reaching for his spent cock. "Seeing how you fucked Ami made me want you so bad."

"I'm going to need time to recover, but I'm all yours for the rest of the night, sweetheart. I love you so much."

"I love you, too. Now let's get cleaned up before they use all the hot water."

They did not get into the shower together. Ethan sat out while Kyra climbed over the tub and turned on the water. But he did keep the curtain open so he could watch her shower. He really did love his wife's curvy body. Watching her lather up her full tits and round ass got his blood pumping and his prick showed signs of life. When she soaped up her bald pussy, Ethan thought about how much he liked her shaved mound. He could see how wet and swollen her sex was from all the fucking and it made him feel like he had his own little porn star. He was glad she decided to stay with the look.

Kyra invited Ethan into the shower when she saw the effect watching had on him. She gently soaped his body, paying special attention to his cock. She couldn't quite get him up, so she went down on her knees. It felt naughty to suck his cock after he'd been fucking another woman, even though he was washed clean. She did get him to rise with her talented mouth, but he stopped her before she could finish him. Kyra wanted him to cum in her mouth and was disappointed, but smiled when Ethan said, "Let's pick this up when we get home."

Ethan's clothes were in the bedroom, but Kyra had to stay wrapped in a towel, which barely covered her, until she could retrieve her clothes. Ami

and Rob were in the bedroom when they came back from their showers. Ami was braless in a little white cotton camisole and lace-trimmed boy shorts, while Rob was in loose pajama pants. Ami looked fetching and Ethan was having fresh dirty thoughts about the fit blonde. Ami suggested a nightcap before the other couple took off, and they all agreed it was an excellent idea.

Kyra snuggled into Ethan's chest on one couch, while Rob and Ami shared the other. Kyra had dressed when they went downstairs, even though Rob said he liked the towel much better.

"You guys feel good about tonight?" Rob asked, running his fingers through Ami's long, damp hair.

"What's not to feel good about?" Ethan laughed.

"Tonight is how I pictured being with another couple. Fun, and light, and everyone enjoying themselves," Kyra said.

"That's why Rob and I only play with couples we really like. We've met some hot couples, but there was no connection beyond just sex, you know?" Ami said.

"I know what you mean," Ethan agreed.

Kyra thought about Alex. There was a connection there, but she wasn't sure it was a good one. She shouldn't lose herself like that, not with another man.

"So just how many other couples do you guys play with, anyway?" Ethan asked.

"We have a core group of three couples. Sometimes people move on, sometimes new couples come in. We've all gotten really close over the last couple of years. Rob and I, and another of the couples still go out and meet new people, like you guys, but one of the couples, Jeannie and Kevin, they only play in our group," Rob said.

"We'd love for you to meet them, if you think you're ready, that is," Ami said.

"Yeah, you guys would fit right in. Everyone's around the same age, from early thirties to early forties, and everyone is clean. I think you'd find everyone attractive," Rob said.

"Especially Sarah. Every guy likes her," Ami chuckled.

"I don't know. We're only just getting started, we might not fit in," Ethan hedged. He had visions of a Roman orgy, with everyone just

dropping their clothes and going at it in a big pile. It wasn't what he pictured when he thought about swinging with Kyra. Did they have enough experience to go into a situation like that? Things slipped out of control so easily with Leanne and Alex.

"It's not like some crazy swingers' club where people are only out for one thing. We all genuinely like each other and no one is pressured to do anything," Rob said, as if he were reading Ethan's mind.

"That's right. I mean, I've never even been with Kevin. He's just not my type, and he's cool with that. It's just people hanging out and whatever happens, happens," Ami said.

"But you guys are there for..." Ethan said.

"Well, yeah," Rob replied. "Hey, don't do anything you're not up for. Ami and I are perfectly happy to keep you to ourselves for now."

Kyra had been listening, but chose not to speak. She wanted Ethan to hear their friends out, and hopefully have his concerns addressed. She hoped he would warm to the idea, because it sounded exciting to her. She was getting wet again just thinking about the possibilities. Where Ethan was afraid of what could happen, Kyra was excited by the unknown. She hadn't planned on fucking Alex, so when it happened it was thrilling. And when she was with Leanne it was hot and erotic. Although she'd never given much thought to other women sexually before, now she'd been with two women, counting Sunny, and she'd enjoyed it both times. Kyra didn't think she was becoming a lesbian or anything, but she was open to it if something happened. She was beginning to realize she was open to just about anything.

"It sounds like a great time," Kyra chimed in. "We'll talk about it and let you know." Ethan gave her a look, like she was speaking out of turn, but she didn't care. She knew she would get her way.

"Ok, but let us know soon. We're all getting together at the end of the month and I'd like time to run it by everyone else. We need to make sure everyone's cool with a new couple coming in," Rob said.

"But we know they'll all love you guys as much as we do," Ami enthused.

They finished their night cap and Rob and Ami saw them to the door. Ethan and Ami shared an embrace and a long, sensual kiss, while Kyra and Rob did the same.

"Hope to see you guys soon," Ami said, giving Ethan's butt a quick squeeze.

"You definitely will," he answered. Ethan was already thinking about getting Ami back in bed.

"Maybe at the end of the month," Kyra teased, after nibbling on Rob's lower lip.

"I hope so. The other guys would *love* you, Kyra," Rob laughed.

## CHAPTER THIRTEEN

“Do you know what any of the other chicks look like?” Charlie asked. He wound back and cast out his line as far as possible.

Ethan thought he felt tension on his line, but realized it was a false alarm and returned to his beer. “You’re missing the point. It isn’t about how hot the other women would be.”

Charlie shot his friend a skeptical look. “Isn’t it?”

“Okay, of course it is a little bit,” Ethan grinned. “But I think going into something like this might be too much for us at this point. Think about that night we had at that restaurant. Things got out of hand pretty quickly.” He’d told Charlie about the night with Leanne and Alex, only leaving out the most explicit of details about the end. He was afraid of how his friend would look at Kyra if he knew *everything* that had happened.

“Trust me. I think about the night all the time.”

“Can you be serious for one minute?”

“I can try, but it’s a hard thing to be completely serious about.”

“The future of my marriage is a pretty serious topic.”

“Oh, is that what we’re talking about? I thought we were talking about you guys going to some kind of swingers’ party. So what are you so scared of? It sounds like you and Kyra have been getting along better than ever.”

“We have. People really do underestimate the importance of a happy, healthy sex life to marriage overall. Since we’re so sexually satisfied, we’re just happier in general and that’s led to our communicating better and just getting along better. Kyra’s like a new woman these days. She reminds me of the woman I married, not the sullen, quiet woman I’d been living with.”

“Okay, what’s the problem then?”

Ethan was hesitant to tell him for the same reason he hadn’t told Charlie about the threesome that ended their encounter. He didn’t want to make Kyra sound like a nymphomaniac, or a slut. He didn’t look his friend in the eye when he spoke.

“I’m afraid Kyra might be enjoying all of this a little too much,” he finally said.

“You think she likes strange cock so much she’s not going to want yours anymore?”

That was a blunt way of putting it, and it wasn’t quite accurate. Kyra had shown no signs of losing interest in sex with her husband. The opposite was true. Her libido seemed limitless. There were times when she wanted to make love and Ethan was just too tired. And with their newfound openness, she would just go upstairs and break out her toy, while he was downstairs watching television with the kids. When the kids wanted to follow their mother up, the code was, “Mommy’s going upstairs to relax.”

The issue for Ethan was that Kyra might never stop wanting to push the boundaries. Ethan could not shake the look in her eyes when she was on that table between Alex and Leanne. There was something wild there he’d never seen before, even on their previous adventures. It was like nothing could have dragged her from that room. He thought of a junkie preparing their next fix. And if Kyra was a junkie for crazy, kinky sex, would she be able to stop if he asked? But all those worries were too dark and too intimate to share, even with his best friend.

“No, I don’t know. I’m just uneasy about the whole thing,” he simply said.

“I get it. If I was married, I don’t know that I would be able to watch my wife fucking other guys. But then, you do get the benefit of banging other chicks. Still...”

“Yeah, it’s hard to describe what it’s like to see Kyra doing that. I think I could live without it. Some couples who swing do it in separate rooms, but Kyra seems to be into watching me, and I know she wants me to watch her.”

“Wow. Who knew she had all that going on?”

*Yeah, who knew,* Ethan thought. “Hey, don’t get me wrong. I’m making it sound like it’s all her, and it’s not. I’m as into this as she is, but I’m just a little more cautious.”

Charlie shrugged. “So tell her. Maybe she’ll dial it back.”

“Maybe,” Ethan replied thoughtfully.

Kyra looked at the outfits laid out on the bed, wondering which one she would wear for the party. She leaned toward the low cut wrap dress, because it flattered her figure and it would be easy to remove. But she really liked the short, peach summer dress she'd just bought. It was short enough that she'd have to be careful about sitting or kneeling, and a cut-out pattern in the décolletage would offer tantalizing glimpses of her cleavage, probably her bra too. The short dress wouldn't be so hard to remove, either. It just pulled up over her head. She would model both for Ethan and let him pick. The party was still over a week away and she was counting down the days like a child waiting for Christmas.

Their discussion about the party had been brief, the night they returned from seeing Ami and Rob. Kyra could tell Ethan was wary of going and meeting the other couples, but Kyra wanted it so badly. She went into overdrive to convince her husband it was something they should try.

"Is there a reason you don't want to go?" she asked. "Are you having second thoughts about this lifestyle?"

"No, it's not that. Crazy as it is, I like what we're doing. It's hot and I like where it's brought us. I just think we should have limits, and we haven't been very good about that."

"We can have rules before we go."

"We had rules before, remember? We weren't planning on fucking Leanne and Alex, but we did that. We'd agreed on always using condoms, and we haven't been doing that."

"But..." Kyra started. She felt defensive.

"I'm not saying it's you. I've been a full, willing participant in everything. I guess our willpower is weak, and that could be trouble."

*Of course our willpower is weak,* she thought. If they had willpower, neither of them would have been doing what they were doing before all this started. *I would have never returned Bill's advances. I knew it was wrong, no matter how I felt at the time.* If she couldn't resist that, there was no way Kyra could resist what she felt when they were swinging. She didn't make Rob go get a condom because she couldn't stand to wait even five minutes to get him inside her.

"Maybe, but I think if we made some hard rules we would follow them. We're both having a good time. There's no reason for anyone to get

hurt.” Kyra didn’t see the problem if they just let go. They were both adults and knew what they were doing. They both enjoyed themselves. There was no reason for anyone to feel hurt, unless Ethan was beginning to feel jealous.

“Okay, what about condoms? Are we using them or not?” Ethan asked.

“I think as long as we’re with couples we trust it shouldn’t be such a big deal. I’m on the Pill, and neither one of us likes the way condoms feel. That’s why I’m on the Pill in the first place.”

Ethan chuckled. “We shouldn’t be doing anything with people we don’t trust anyway.”

“That’s true, but I was thinking that if we ever branch out and try something else, somewhere down the line,” Kyra said. Ethan looked perplexed, but she didn’t bother to explain herself. She didn’t think it was the right time to tell her husband that she thought it might be fun sometime to go out and try to pick up another couple, or maybe go on some kind of swingers’ cruise. It might be a while before he was comfortable doing something like that. “What else should we be clear on?”

“How did you feel when we split up? We never really discussed doing things in separate rooms.”

“I had fun, but I like it better when we’re together. What did you think?”

“It’s hot when we’re together, but I don’t need us to be in the same room. Once I got past the fact that you were off doing something on your own, I kind of liked it. I was able to concentrate on Ami completely.”

“Did you like it better?” Kyra was disappointed. She liked watching Ethan with other people almost as much as she liked being watched. Playing the wicked slut wasn’t the same without an audience. Being with someone else, a man or another woman, wouldn’t be as much fun without Ethan there.

“In some ways. It’s like watching you, and fucking someone else are two different things. Maybe I’m not good at multitasking. It was just fun to be alone with Ami for a while, that’s all. Why? Don’t you want to separate?”

“No, it’s okay, as long as we still play together some of the time. I don’t want to just go somewhere and go off on our own all night.” Kyra

didn't tell the whole truth because she didn't want to make it all about her.

"Yeah, that would be weird," Ethan agreed.

"So we're definitely going to the party?" Kyra asked hopefully.

"Sure. I don't see why not." He still sounded less than convinced, but he said yes and that was all she needed.

The conversation didn't answer all of her questions, but enough for the time being. Kyra wondered if this swinging lifestyle really would be good for their marriage in the long term, or if it would eventually pull them apart. She was confident they could see the signs of trouble far enough out that they could avert disaster. In the meantime, picking an outfit for the party had her thinking about the possibilities in and that, in turn, had Kyra aroused. *Is there time for a quick orgasm before Ethan comes in with the kids?* She wondered. He was playing the kids in the backyard, while Kyra was supposed to be doing laundry. As she reached for the bedside drawer, she heard the squeals downstairs, signaling time was up.

Kyra was buttoning the short khaki skirt, she mostly wore skirts these days, when Ethan came into the bedroom. She caught him staring at her plump breasts and smiled. The plain pink bra wasn't exciting, but it did shape her well and it was unpadded, leaving her nipples prominently displayed.

Ethan forced his eyes up and said, "I'm going to help the kids wash up. Could you get dinner started?" Seeing his wife half-naked, he wished they had a few minutes to be alone together. Whatever the negative side effects of their lifestyle might be, there was no denying the positive benefits. He loved the way Kyra dressed and took care of herself now.

"Sure, I'll be down in a minute." Kyra saw him turn to go to the bathroom, where she could hear the kids giggling and splashing, she knew that if he didn't get down there quickly the bathroom would be wrecked. But still, she stopped Ethan and asked, "What do you think? Which is hotter for the party?"

Ethan tried not to stare at her tits and instead evaluated the dresses she held up on either side of her. He actually preferred the wrap dress because of how it would hug her chest and show off her cleavage, but he knew the very short dress was more daring and better fit Kyra's new personality. No way she would have worn something as short as that peach dress in public, probably not even around the house. He thought of the admiring glances his

wife would get while showing off all that creamy, porcelain skin and the choice was easy.

"The short one, definitely," he said. "I really should see them on you, though."

"Maybe I'll put on a little fashion show after the kids go to bed."

"That would be awesome." A sharp squeal came from the bathroom. "Uh oh, duty calls," Ethan said with a laugh.

Later that night, Kyra took a long, hot shower and took careful care grooming herself, since she knew she would be posing for Ethan. As she drew the razor over her mound, she reflected that maintaining the smoothly shaved look was as much a pain in the ass as she'd expected, but the reactions were worth it. It was the way sexy women take care of themselves these days. It was just one more thing, like growing her hair out, that made her feel like a woman, instead of someone's wife or mother. The towel barely covered her body while she stood in front of the bathroom mirror blowing dry her long, white-blond hair, which was down past her shoulders now. It was the longest she'd worn it since she was a teenager, and she thought it gave her a glamorous look. She did not bother with makeup. Her complexion was flawless and she knew they would just be going to sleep when they were done.

Ethan looked up from his magazine when he heard the bathroom door creak open. He had almost given up waiting. It seemed that Kyra planned to spend the rest of her life in the bathroom. But she was worth the wait. She wore the little peach sundress and sandals with a five-inch wedge heel. Her silky hair was pulled back and up. Kyra looked sweet and sexy at the same time, like the girl he fell in love with. While she did a quick spin, he took the digital camera from the nightstand.

"I should have known," Kyra said, posing in the doorway with a bright smile.

"Why wouldn't I want some mementos when you look so hot, honey? Remember the first time you posed for me?"

"How could I forget? I loved being your model."

"It showed, trust me. Keep moving, so I can snap some more pictures."

"I need music or something. I can't just move around."

Ethan fumbled on the bed for the remote and tuned the television to one of those music channels the cable company provides. He found something with a good beat, but made sure to keep the volume low so the kids wouldn't awaken. Kyra started moving to the music and he got up on his knees on the bed, snapping away. He knew he would find some great snaps when he went through them later. He wasn't too worried about posing her right now. Kyra turned and bent over, just exposing her skimpy red panties. She was going to have to be very careful if she wore this little dress to the party, he thought. It was a great look at her ass and he snapped away with the camera. His cock throbbed and she was only just approaching the bed.

Kyra leaned forward with her hands on the foot of the bed and wondered if Ethan could see the red bra beneath her dress. She could see it clearly through the pattern of eyelets when she looked in the mirror and hoped the camera would pick it up. He brought the camera up her body and when he lingered on her face, she blew him a kiss. "Should I try on the other dress?" she asked.

"Let's stick with this one for now," he answered, moving backward and gesturing her onto the bed.

"You're the boss."

Kyra smiled wickedly and crawled onto the bed, stretching her body out. Ethan hopped to the floor and kept snapping away as he moved behind her. Although the dress had ridden up far already, she tugged it higher so her entire butt as exposed. She would never have a tiny, hard butt like Ami, but she was proud of her heart-shaped ass and all the work that went into it. Ethan nudged her legs further apart and she arched her back, with her face in the mattress, really presenting her ass for him. He caressed the backs of her thighs and she shivered. Posing for sexy pictures had her turned on already and she craved her husband's touch. She moaned when he brushed his fingers over her panty-covered sex, and she heard the camera clicking away.

"Okay, time to lose the dress," Ethan announced, camera at the ready.

"My, you are bossy tonight."

Ethan snapped away as she slowly pulled the dress up over her head, exposing more and more alabaster skin. When she tossed the dress aside, she shook her hair out and posed on her knees, with her hands on her hips.

She looked just as sexy as any girl he'd seen in a magazine. He got low when she crawled across the bed on all fours, and then circled around when she flipped over and leaned back on her elbows in a sexy pose. The red lingerie really stood out against her skin. He liked the contrast. He also liked the way the lace-trimmed bra pushed up her breasts. Ethan was excited, not jealous that another man was going to see her like this and lust for her just as much as he did at that very moment. He was achingly hard and reached into his loose, plaid boxers to adjust himself. Kyra smiled when she saw him reach into his boxers and she crawled to the side of the bed.

"Let me help you with that," she purred.

A quick yank, and the boxers were at his feet. Kyra smiled sweetly, like she had nothing but pure thoughts, even as she grasped his shaft and started licking his crown. Ethan swayed on his feet, suddenly drunk on a flood of pleasure. She took long, broad licks at the underside of his shaft and then sucked him into her mouth. The fog cleared and he slowly raised the camera. He was afraid she'd stop right away, but she shifted her eyes from his to the lens and took him deeper. Kyra had definitely changed. It was just a few short months ago, but now it seemed forever since when he had to coax her to pose for pictures in just her bra and panties for their profile. She'd been adamant then that he kept her face out of the nude pictures. Now Kyra was sucking his cock and putting on a show for the camera. Amazing!

Kyra went back to licking his shaft up and down, eyes smoldering into the camera. While his cock laid along her cheek, she sucked both his trimmed balls, something she did not do so often. He knew she was performing for the camera. Watching her completely let go was so sexy and he thought he might blow his load right there. Ethan never thought about doing something so crass as cumming on his wife's face before, but would she want it for the picture? He didn't have to worry about it, because she sucked him back into her mouth and bobbed up and down. Kyra brought him right to the breaking point, and stopped.

"Sorry, lover, but I can't waste you like that. I need you," she cooed.

Ethan stilled his trembling hands so he could keep taking picture as Kyra shed her bra and held her tits out in both hands for the camera. She teased her nipples to thick hardness, and he zoomed in close. He was more

than ready to toss the camera aside and take her, but Kyra was not done. She turned back on her hands and knees and pushed her panties down over her ass, spreading her legs to exposed her puffy lips between her thighs. Ethan took the explicit shots, leaning in close. The edge of her panties stayed in the frame, set off against her pale skin and the pink of her pussy. Kyra looked back over her shoulder and he snapped pictures of her face while he touched her pussy. She gasped and pushed back at his fingers. Ethan returned the lens to her pussy as he first rubbed her lips, and then pushed his fingers inside her.

“Ohhh...honey...fuck me...” she begged.

That was enough for Ethan. He would loved to have gotten a few more pictures, but his need to fuck his wife overrode any other priorities. He dropped the camera on the bed, grabbed her panties and nearly tore them off. Kyra moaned as he crawled up behind her and thrust hard. She felt insanely good. Ethan held those wonderfully flared hips and rammed into her. They could make love later. Kyra was acting like a dirty whore and he wanted to fuck her like one. He loved that she could be so many things, and still be the woman he loved.

“Ohhhh God! Ohhhh God! Ethan!” Kyra cried.

Kyra suddenly remembered the kids down the hall and buried her face in the bed to muffle her cries. Ethan was fucking her like he was possessed. She felt him pouring his lust and aggression inside her. The look in his eyes while she posed was her drug and she’d needed this fix. It wasn’t quite the same as when he watched her fucking someone else, but the way he stared at her when she sucked his cock for the camera was close. It was a spur of the moment decision, something she never would have done had she thought about it, but it fit her new, sexy persona. She thought about Leanne’s easy sexuality. This was the woman she wanted to be when she slipped into a sexy dress and they went out to play.

“Kyra...” Ethan wailed.

*Just hold out a little longer,* she thought. She was so close.

Kyra yelped when he yanked back on her hair. He’d never been so rough. It was so exciting. She looked back over her shoulder and saw a man who’d surrendered all control. It was even a little scary to see that look on her husband’s face. He did not seem to be seeing his wife there, but just a sex object. It was as hot as it was scary, and Kyra climaxed instantly.

“Oh My God!” she howled.

Ethan surged when Kyra’s pussy tightened around him and as he came he released her. she fell to the bed and the last spurts of his cum sprayed across her ass. He fell forward onto his hands, gasping, and prayed she hadn’t awakened the kids. it would be hard to slip into the easygoing dad persona just then. He rubbed her sweat-slick back and she leaned over for a long, deep kiss.

“God, that was good. I love you, honey,” she breathed.

“I love you, too,” he said. “You’re the sexiest, babe. You never cease to amaze me.”

Kyra rolled onto her back, a broad smile on her lips. She caressed her own tingling skin, jumping as her fingertips grazed her nipples. Her pussy still buzzed, and she could hardly stand to touch it. “And I hope I never do.”

Ethan rolled off the bed and pulled on his boxers.

“Where are you going?” she asked.

“I thought Rob might like a preview of what to expect this weekend.”

“Oh really?” Was it a good thing that he didn’t even think to ask before sharing their intimate pictures? How much things had changed!

“Do you have a problem with that? Anything I should hold back?”

Kyra didn’t even miss a beat, grinning wickedly. “No, go ahead. I can’t wait to hear what he thinks.”

## CHAPTER FOURTEEN

Kyra was jealous of Ethan's ease with the other couples. He was standing with Ami, Sarah and Kevin, who was Jeannie's husband. They were laughing and obviously flirting. Kyra was too far away to hear what they were saying, but Sarah kept touching Ethan's arm and playing with her hair. Ethan wasn't as funny as Sarah made him look. He was usually the apprehensive one before they partied but now Ethan was in his element. Kyra, on the other hand, stood on the other side of the large patio with the rest of the group, clutching her margarita silently, while the others relived their past exploits.

Kyra listened while Rob and Jeannie laughed about the time they all decided to go out for a fancy dinner, retreated to the three adjoining hotel rooms they'd rented. Jeannie said she was so drunk that night she couldn't keep track of which room she was in. Sarah's husband, Neil, said, "I don't think you even knew you were in bed with me until I took your dress off."

"I didn't even then!" Jeannie laughed. "It wasn't until Rob started kissing me while you were going down that I realized it wasn't Rob between my legs."

"Thanks! I'd like to think I'm more memorable than that," Rob said.

"It's not that, hon." Jeannie patted Rob's shoulder and kissed his cheek. "A stranger probably could have walked in at that point and I wouldn't have known the difference. Trust me, I knew it was you when you had me on my hands and knees."

"That makes me feel a little better," he said.

"It sounds like you guys had a crazy night," Kyra interjected, hoping to become part of the conversation.

"Please don't think we're out of control hedonists," Jeannie said, placing her hand on Kyra's shoulder. The tall redhead had a surprisingly firm grasp. Kyra actually wasn't sure how tall Jeannie was. The heels on Jeannie's knee-high boots had to be at least five inches. And Kyra thought her own three-inch heels were tall!

"I didn't think so. It actually sounds exciting," Kyra replied.

"Then you're at the right place tonight," Neil said, a twinkle in his eye.

"I certainly hope so."

"Just don't expect a Roman orgy. It's not quite like that," Rob said.

"You say that like it's a bad thing. I thought the big orgy scenes in *Caligula* looked like a lot of fun," Jeannie said.

"Except for the body hair," Kyra laughed.

Kyra began to relax, now that she'd inserted herself into the conversation. Up to that point, it seemed like Jeannie was holding court, or that Sarah had at least a couple guys chasing after her the entire time. Jeannie just exuded confidence and sensuality, but not in the same way as Leanne. Jeannie lacked that hard edge. She just seemed like a fun party girl, one who'd have no trouble keeping up with the guys. Her burnt sienna hair fell past her shoulders and she had curves that would make any other woman jealous. Her deep tan was certainly a contrast to Kyra's milky complexion. Her deep, sultry laugh hinted just how she might sound in bed. And Kyra knew that if she was thinking that, surely the guys must be too.

"Yeah, there's something about the '70s I hope never comes back," Rob said.

"You prefer a smooth woman?" Kyra asked. She about her own shaved pussy. She knew her husband and Rob liked it.

"I like all kinds of women, but I think shaved, or better yet, waxed, is best," Rob said.

"I think I should be offended," Jeannie said.

"You're not shaved?" Kyra asked. *This isn't a typical backyard barbeque conversation*, she thought.

Jeannie smiled slyly and said, "Feel for yourself." She took Kyra's free hand and put it up her dress, which wasn't a long trip. Jeannie wore a short, cream-colored sleeveless linen shift, almost like a toga, with a wide leather belt at the waist. It looked like it would come off very easily, which was probably the point. Between Jeannie's smooth thighs, Kyra felt a narrow landing strip above smooth, humid lips. Kyra instinctively pressed her fingers into swell of Jeannie's mound and the redhead moaned and shifted to part her thighs, ever so slightly. But she only wanted to tease. She

smiled for the guys, who both looked ready to pounce, and then took her hand back.

“I like it,” Kyra said.

“Hopefully you’ll show me just how much,” Jeannie said.

“Maybe later.” Kyra shivered at the thought of Rob and Neil watching her go down on Jeannie, their hard dicks in their hands.

“Looks like I’m dry,” Neil said, snapping Kyra away from her fantasy, he shook his empty beer bottle. “Anyone else need anything?”

Kyra made a decision and drained her wineglass. “I could use another. I’ll come with you.” Neil took her arm and led her into the house.

Ethan watched his wife disappear into the house with Neil and knew she was up to no good. That was the whole point of the party, though, wasn’t it? He enjoyed getting to know their new friends, and so far the evening hadn’t been what he’d expected at all. Despite Rob and Ami’s assurances, he had pictured everyone leaving their clothes at the door and just picking a partner. He’d imagined Kyra grabbing a guy, or maybe two, and dragging them onto the couch with her. Instead, it felt like any other suburban weekend barbeque, except that perhaps the attendees were dressed nicer, especially the women. Ethan had just worn a pair of good jeans and a chambray shirt, but Neil was in khakis and a sport coat. The women were dressed to show off their best assets, without being too obvious. Kyra had made a final decision on her outfit three times before she decided on the olive shirtdress. She left several buttons open at the top and bottom to reveal alluring cleavage and thigh. Looking at the other women, Ethan decided it was a good choice.

“We should make it a threesome,” Sarah said, drawing Ethan’s attention back to the conversation.

“That would be great,” Kevin agreed.

“I’m sorry,” Ethan asked, nearly choking on his drink.

“I was saying we should hit the links sometime. I like to think I’m pretty good,” Sarah said.

“Right. Sure, why not?” Ethan said. He could think of many things he’d love to do with Sara and golf was not on the list, unless she wanted to get frisky on the tenth hole.

“Be careful,” Ami warned. “She’ll probably try to hustle you.”

Ethan deliberately tracked his eyes over Sarah's curves. "That's okay, depending on the wager."

Sarah's smile was broad and warm. "Now you really have my attention."

Ethan's cock twitched as he thought about what was going on behind Sarah's pretty brown eyes. He got why Ami said all the guys liked her. She was a tiny sprite of a woman, full of energy, and the only reason he didn't tower over her was her black, stacked heels, which had to add at least five inches to her height. She was a lot of sex in a tiny package. Sarah was fit, but she was all curves, and her little black dress draped those curves to perfection. She was exotically beautiful, with full sensual lips and a narrow face. Thick, jet hair tumbled in waves down her back. Ethan guessed she must be part Middle Eastern, at least, but she did not speak with an accent. As good as she looked in that dress and those heels, he could only imagine she was light-years hotter without them.

"Did we lose you again?" Sarah asked, touching his arm.

Ethan realized he'd been staring and tried to think of a way to hide his obvious interest, until he remembered there was no reason for that here.

"I think, perhaps, he was drowning in your eyes," Ami said.

"Or something else," Kevin added, staring into Sarah's cleavage.

"I was just thinking," Ethan said. "Sorry if my mind keeps wondering."

"No problem. I'd be babbling if I was thrown into a group of new people." Sarah stretched up and softly kissed his cheek.

"Why don't we take a walk? You haven't seen the garden yet, have you?" Ami suggested.

"Uh, sure," Ethan agreed, although he wasn't sure he was ready to part with Sarah yet. He did not want to miss his chance with her.

Jeannie and Kevin had a beautiful home on a couple acres of land. The house itself was a converted farmhouse, totally modernized, and the back section of the property had been stylized as an intricate, English-style garden, with high hedges and crushed-stone pathways. Ami took Ethan's hand and led him through the winding path, toward an open area with lusciously colored flowerbeds and several wrought-iron benches.

"Was it hard watching Kyra go off? I saw you staring," Ami asked.

“No, not really. I mean, I knew it was going to happen at some point tonight, right? There’s just still that initial feeling—that lurch in my stomach when I see her with someone else. But that always gives way.”

“I know what you mean. I felt that way too, at first but it went away with time. Now I just hope Rob has a good time, and that I’m going to enjoy myself, too.”

“I’m not sure that it should go away, or even that I want it to,” Ethan said. “It seems appropriate to have some seed of apprehension. And besides, I think it adds to my excitement.”

“Really?”

Ethan grinned. “Yeah. I like feeling like I’m doing something wrong.”

“Then maybe we should be bad right here.”

They paused beside a bench and Ami reached for him. Ethan greeted her kiss with enthusiasm. He pulled her slender body against his and his hands went for her tight ass, pulling her short cargo skirt higher. Her cheeks were left bare by a pink thong. Her fingers raked through his hair and she pressed tighter to him. His cock stiffened, and while he’d been preoccupied with Sarah earlier, Ami had his full attention and desire, now. As Ami untucked his shirt and slid her hand inside it, Ethan wondered who had struck first, him or Kyra.

+++

Kyra found the wine cellar chilly. It was a converted section of the basement. She was glad Neil had stuck close. They’d gone through a heavy wooden door into the low-ceilinged room with whitewashed stone walls and high wooden racks filled with bottles. Bulbs set in the ceiling provided weak illumination.

“Do you have a particular favorite?” Neil asked.

“I really don’t know anything about wine, so you can choose something.”

Kyra knew when he asked her down to the wine cellar it was just a ruse, and she wondered how long he would carry on with it. If he took too long, she might make the move herself. Now that she was one-on-one with someone, she was in her element. Neil wasn’t quite her type, but he was handsome enough, with short, light brown hair and a neatly-trimmed beard.

His glasses made him look distinguished and perhaps slightly older than the forty or so she guessed he was. Neil would not have drawn her attention in a crowd, but that was because she could not see his most outstanding feature. Ami had told her that Neil had the perfect cock. *Perfect cock* were her exact words. Ami said it was big and thick without being too big, and despite his mild-mannered appearance he really knew how to use it. How could Kyra give up the chance to experience the perfect cock?

“So you and Ethan are pretty new to the lifestyle?” He strained to sound casual.

“I guess. It’s been a few months, but we haven’t been with that many other people.”

“But you guys are enjoying it? There hasn’t been any major drama? So many people just can’t handle opening up like this.”

It was funny how he tried to make it sound like swinging was the most natural thing in the world, Kyra thought. Like the people who couldn’t handle it were the odd ones. Although she took to this new lifestyle without blinking, she knew it was strange. She couldn’t even use the word *swinging* until fairly recently. She could only think of what she and Ethan were doing as *experimenting* or *playing*.

“No, nothing serious. We’ve both been enjoying ourselves.” She fixed his eyes with hers. “I really enjoy getting to know new people.”

“That’s good. I wasn’t sure. You seemed nervous before.”

“That’s just because we always got to know people a little bit before we met them in the past. But don’t worry. I’m warmed up now.”

Neil replaced the bottle he’d been pretending to examine and instead filled his hands with Kyra. She didn’t love his beard, but he was a good kisser. She playfully flicked her tongue at his, signaling she wanted more. If that didn’t send the message, he surely got it when she grabbed him through his pants. He was only semi-hard, but already impressive. She wanted those pants off, but Neil’s nibbling on her neck was distracting. He plucked her buttons free, opening the dress to her waist. Her nipples swelled through the delicate lace of her black bra, and when he pinched them she swayed on her heels. Neil touched her like he knew his way around a woman’s body. She focused through the haze of her growing desire and unbuckled his belt. Her moans echoed in the close room as she unsnapped his pants and reached inside them.

“Ohh...Neil...” she moaned.

Ami wasn't lying. Kyra could hardly wrap her hand around his shaft. She stroked it in his boxers and it twitched for her. Neil's hands and lips felt wonderful on her body, but she had to check out his cock. She couldn't wait. She pulled his lips back to hers for another kiss and knelt in front of him.

“You certainly are warmed up,” he chuckled.

“We're not here for board games tonight, are we?” Kyra smiled.

She yanked his boxers and pants to his ankles and his cock stood at attention. She held him in both hands and a flick of her head tossed her hair back. Rather than tease him—she might have if she'd had an audience—Kyra just opened wide and took as much in her mouth as she could. She closed her eyes and sucked. It was a tight fit and she couldn't be as playful as she might otherwise have been. All she could really do was suck, but she did that well, holding the thick base while she slowly slid back and forth on him. She felt his hand on the side of her head and she looked up to see Neil staring down at her with admiration. He held onto the wine rack and slowly moved his hips in time with her sucking, but he let her keep control. Kyra relaxed and took more of him in her mouth, but there was no way she'd be able to swallow that entire monster. She sucked him as long as she could, until her mouth grew tired, then let him go, smiling before she wiped her lips on the back of her hand.

“You're pretty damned good at that. Most women don't go down on me for very long,” he said. She wondered if he was bragging. He certainly had the right.

Kyra licked up and down his shaft, pleased by the way he groaned as she did. “Oh, I'm going to make you cum, don't doubt that. And after that, you're going to give me my reward.”

“And what's what, Kyra?” he chuckled.

“You're going to fuck the hell out of me.”

“If you're up to the challenge, so am I. Oh, damn!”

Kyra sucked his heavy balls, glad that his hair was trimmed down there, and smelled faintly of talc. She was glad she hadn't encountered any men who were unkempt down below. She had to laugh to herself. How many different dicks had been in her mouth over the past few months? And the time she knew these men before sucking them off was getting shorter

and shorter. She'd known Neil maybe three hours, and here she was, knelt down in front of him. Kyra felt a perverse pride at what a slut she was being. She stroked his shaft while she sucked his balls, but when she felt she'd done enough, she took him back in her mouth. After his comments, she was more determined than ever to make him cum.

"Damn, that'll get it done. Keep it up! Just like that, Kyra!" Neil grunted, pumping at her mouth more aggressively.

Neil tried to force more and more into her mouth, but Kyra kept control, her fist limiting how much he could stuff her. His shaft was streaked with her lipstick and her saliva, but she just sucked faster and faster. She was going to get this bastard off. He gasped and gripped the side of her head tighter. He was getting close. She knew just how to finish him.

"Goddam!" he cried.

Kyra tickled his taint with her index finger and in second he was blasting in her mouth. She pointed him at the back of her throat and swallowed fast, as he machine-gunned his load. It felt like he came forever, but Kyra was a pro by now and she swallowed every last drop without choking. Neil staggered back from her and she stood, smiling triumphantly.

"Thanks for the treat," she said, digging in her purse for a mint. She popped it into her mouth and kissed him hard. "Let's go find somewhere comfortable where I can accept my prize."

"Absolutely, my dear. You've earned it."

+++

Ethan had to constantly remind himself that it didn't matter if anyone heard Ami's cries. He felt vulnerable fooling around in the open air, but the freedom was intoxicating. He'd never felt the warmth of the early evening sun on his skin while going down on a woman. She was seated on the bench, and the crushed white stones dug into his knees as he knelt in front of her, but his writhing, moaning lover made it easy to ignore the discomfort. Her heels dug into his back with sporadic kicks and his hands were pressed to her smooth inner thighs while his tongue danced across his clit, flicking with the precision of an expert tap dancer. Ethan had leaned just what Ami liked.

"Yes, baby, oh yes..." Ami moaned. She gripped the side of the bench with one hand and pinched and rolled her own nipple with the other. Her pretty yellow blouse was open and her loose white skirt was up around her waist. Her thong was gone.

Ami was so wet that Ethan thought she might be more aroused by their surroundings as well. He sucked her smooth, slick lips as if eating a peach, and her hips bucked up off the bench. He doubled down, licking and sucking harder. He felt her orgasm closing in.

"I thought I heard the sounds of Ami having fun," Sarah said.

Ethan glanced up from between Ami's thighs and saw Sarah standing beside them. He wondered how long she'd been there. He'd been too engrossed in going down on Ami to hear Sarah's heels on the crushed stone path. Ethan didn't know how to respond, so he went back to pleasuring Ami, hoping that Sarah might join in.

"And it looks like Ethan is pretty good with that tongue of his," Sarah said mirthfully.

"Mmm...baby...you have no idea...mmmm..." Ami moaned, reaching out for the dark-haired woman.

Sarah crouched down beside the bench and took Ami's hand. Ami took her dark hand and put it on her tit, which Sarah massaged. She pinched and pulled Ami's nipple, making the blonde cry out.

"She won't tell you, but you can be a little rough with her," Sarah said. She brushed a wing of raven hair back from her face and sucked Ami's red, swollen nipple, drawing on it with perfect, white teeth. Ami arched her back from the bench and Ethan used both hands on her slender waist to keep her from bucking off the bench completely.

Ethan thought his cock was going to explode in his pants. Sarah locked her eyes with Ethan's as they worked Ami over together. He could see in those dark eyes that Sarah enjoyed having the prone blonde at their mercy. Ethan would love to be at Sarah's mercy. Sarah ran slender dark fingers down Ami's flat stomach and Ethan gave way enough for the woman to rub Ami's clit. Ethan kept licking, and his tongue flicked across Sarah's fingers as well as Ami's cunt.

"Mmm...fuck...fuck...baby! Ami's humming moan seemed to vibrate her entire body, and then she was tense as a wire as her climax overtook her. Her pussy gushed and Ethan lapped away, sucking and licking like his life

depended on it. Ami gave a last, long moan and then went limp as a doll with a musical laugh.

"You guys were awesome," Ami giggled. "Wow."

"It's always so much fun to make you cum," Sarah said. She brushed Ami's hair back and kissed her.

"And here I thought Ami wasn't really into other girls," Ethan said.

"Oh, I'm not, not really."

"No, she's not," Sarah agreed. "But she doesn't seem to mind if I lend a hand every once in a while. An extra pair of hands is always nice."

"I can imagine," Ethan agreed.

"Come here. You shouldn't have to just imagine, you poor man."

Ethan crawled closer to Sarah and they kissed. She was aggressive, and he could tell she liked tasting Ami on his lips by the way she attacked him with her tongue. Ethan lost his fingers in her thick hair. He caressed her smooth, warm back, left exposed by her halter dress, and then kneaded her ample behind. Sarah raked long nails across his scalp and then traced them on the back of his neck. He sensed movement and felt another hand, Ami's, move over his. Ami unhooked Sarah's dress under the veil of her hair and the soft black fabric billowed down, exposing Sarah's big, soft breasts. Ethan's hands went right for them. He couldn't help himself. He found her dark nipples were thick, and they hardened as he played with them. Sarah moved to kissing his neck and both girls slowly guided him up to sit on the bench, where they sat on either side of him.

The girls turned his face from side to side, taking turns kissing him, while they pulled at his clothes. Ami slipped her hand inside his shirt, tickling his skin with her fingertips. Sarah kissed his neck and pulled at his belt. Ethan touched the women back, but it was more the fumblyings of a schoolboy. He was too distracted by the beautiful women to track what he was doing. It all came through as flashes of images and sensations. Was he kissing Ami when Sarah grabbed his cock? He was pretty sure Sarah got his cock out and was stroking it first. But then he was kissing Sarah when Ami went to her knees in front of the bench. Sarah pulled his face to her tits and he was sucking one of those luscious brown nipples while Ami licked his prick from base to tip and back again. He was wondering how it would feel if both women sucked his cock when Sarah pulled away and joined Ami on her knees. Looking down on two beautiful women pleasuring him—one

blonde, tanned and trim, the other raven-haired, dark and buxom—was the fulfillment of one of his oldest fantasies. Somehow, though, he'd always thought if he was going to be with two women, one of them would be his wife. But the girls soon chased any thoughts of Kyra out of his head.

Sarah's cocksucking was quite impressive. She deep-throated him effortlessly and hummed with his prick at the back of her throat. The vibration felt wonderful, especially when combined with her hard sucking. Ami massaged his balls while Sarah sucked his shaft and then took over when Sarah passed the baton. They took turns sucking him like that, and Ethan didn't know how he kept from cumming in seconds, but he was enjoying himself far too much to end things that quickly. When both women kissed and licked his shaft at the same time, he shook and cried out. His fingertips drummed into the grooves of the wrought-iron bench and he gave it his all, but there was no holding back any longer.

"Ohhh...shit...girls..." he croaked.

Ami was sucking the base of his cock while Sarah was closer to the top when he blasted away. The first shot blasted into the air, but some caught Sarah on the cheek. Ami sucked even harder at the base and Sarah caught another shot across the bridge of her nose before she pulled back and pumped him with her delicate hand. His load shot into the air and onto the crushed stone. The girls worked his cock until it had spit its last into the air, but with their attentions, he did not go completely limp.

"He's good for more than once in a night, isn't he?" Sarah asked.

Ami winked at Ethan. "Oh yes, don't worry about that."

+++

"Oh God...take it easy with that thing, Neil..." Kyra gasped. Her legs were splayed wide in the air, and she held them back behind her knees.

"You're so fucking wet, babe. It's sliding right in," Neil grunted.

He knelt on the edge of the bed, between her legs. Her butt was elevated by a little foam wedge, which seemed to be in the guest bedroom for just this sort of thing. It wasn't the only sexual aide in the breezily appointed room. The king-sized bed took up much of the space, but there was room for a long bureau on the wall, and on top of that was an

assortment of dildos and vibrators, a velvet riding crop, handcuffs, tubes of lube and a basket of condoms.

“God, that’s good!” she exclaimed. She had refused his offer to wear a condom. If Ami trusted him, she assumed she could too.

Kyra closed her eyes and everything melted away, except for the sensation of that giant pole sliding between her legs. It didn’t hurt, because Neil was right, she was incredibly wet, but she still had to get used to him. It had been a long time since she’d had something that big. He kept it fully sheathed in her for a few moments, and he moaned as he felt her muscles rippling all around him. Just when she was adjusted to his girth, he pulled out and slid it back in. Kyra shuddered. His cock set every nerve in her pussy alight as it moved.

“God! God! Neil!” she cried.

“That’s it, babe. Take it...take it all...”

Neil’s sexual prowess, big cock and dirty talk were so at odds with his mild-mannered appearance that Kyra almost had to laugh. He was like Al Gore in appearance, but Johnny Holmes in bed! He took long, deep strokes into her and they seemed to last forever. She would have gladly taken a pounding from him, but by taking it slowly, Neil really let her enjoy the experience. He took her legs against his chest, so her ankles were up by his ears. Kneeling upright between her knees gave him amazing power and control.

“Oh God...oh God...” Kyra repeated over and over. His slight downward angle made his shaft graze her clit with every thrust. It only took a couple minutes before she was on the verge of a powerful climax.

“C’mon, babe, cum on that cock, cum for me,” Neil moaned, thrusting more forcefully. He pinned her clit with his thumb, pushing it against that big, sliding cock and Kyra lost it.

“Ohgodohgodohgodohgod! OH GOD!” Kyra cried, jamming her hips back at him and locking her muscles around his shaft. Her orgasm was her entire world and she floated on it, forgetting everything else for just a moment. It didn’t matter that a stranger was fucking her in a house full of people, who surely heard her cries. Kyra even took a few moments to realize that Neil was still fucking her. Not only hadn’t he slowed his attack, but he was actually fucking her harder.

“Damn it! You’re a firecracker, babe!” Neil exclaimed. He put her legs around his waist and held her hips, lifting them from the wedge.

“Geez, don’t wear the poor girl out,” Kevin said from the doorway.

Kyra looked to the door and saw Jeannie’s husband leaning in the frame, watching with his hands in his pockets. Knowing she had an audience pushed her to the next level. She saw the bulge in the front of his jeans and knew it was for her. She grabbed her bouncing breasts and pulled her pink nipples while watching Kevin. “Join us,” she moaned. It was an easy decision.

Kevin shed his clothes as he came, leaving them in a heap beside the bed. He was about her age, in good shape, with just a sparse dusting of dark brown hair. The shock was that he had no hair down below. Kyra had never seen a man completely bare down there, and on first glance it wasn’t really her thing. It just didn’t look right. There should be *something* there, she thought. But his cock was nice and that was all she really cared about at the moment. She reached out for him.

The positioning was awkward. Kyra couldn’t quite get to Kevin’s prick with her mouth, but she stroked the hot, smooth organ. He closed his eyes and moaned when she played with the head with her slender fingers. Neil came to the rescue. He pulled the wedge out from under her and turned Kyra onto her side, all without pulling his cock out of her. Now she could turn and get at Kevin’s cock and she greedily slurped it down. The new position also made Neil’s prick hit her in new ways and Kyra screamed through her mouthful of cock.

The two men, virtual strangers, used Kyra for their pleasure and she adored every second of it. If she was honest with herself, she’d have admitted that it was hotter because she barely knew these men. It was the ultimate fulfillment of her fantasy of giving in totally to her carnal side. The only thing that would have made it perfect was if Ethan was there to watch her, though she didn’t know that her husband would be excited to see her like that. She wondered if Ethan would ever share her with another man in a threesome, instead of just swinging.

"Christ that's good," Kevin moaned. He held the back of her head, tilting it so he could slide his cock into her mouth to the back of her throat. His whole shaft disappeared on each thrust and she kept her red lips locked tight.

"She's amazing. She made me cum in like two seconds downstairs. I think she's the best cocksucker here," Neil agreed.

"Don't let your wife hear you say that. She's pretty proud of her skills. And rightfully so."

"Maybe we'll have to have a little competition," Neil laughed.

That was music to Kyra's ears. She would *love* the attention a blow job competition would bring. And she was sure she could win. She made her pussy ripple around Neil's big cock and sucked Kevin even harder, as if to signal her approval of the idea. Neil responded by moaning and fucking her harder. He held onto her thigh and slammed his prick in and out of her cunt, forgetting about the gentle approach. She was moaning non-stop through her mouthful and her head spun as she found it hard to breathe. Kevin wasn't forcing her to deep throat him, but she wanted to please. The guys had been thrusting into her at the same time, but now Neil was taking her so fast there was no keeping up for Kevin.

"Damn, babe! You're so fucking hot! I'm...I'm..." Neil didn't finish his sentence, but instead pulled out and jerked his shaft. With her mouthful of cock, Kyra couldn't look down, but she felt his thick load land on her stomach and thighs. She blindly reached for his cock and finished jerking him off.

Kyra turned on her stomach and grabbed Kevin's prick. Now that she could devote her full attention, she was going to finish him right. She played with his balls and hollowed her cheeks as she sucked him. His fingers twined in her silky hair, but he let her take charge.

"Ohhh...Christ..." Kevin cried, his whole body jerking as he pumped his cum into her mouth and down her throat.

Kyra kept a mouthful and showed it to him, a trick she learned from watching porn. She thought it was silly, but obviously guys found it hot. The surprised look on his face made it worthwhile. Yes, she was going to prove she was the hottest wife at this party.

"If you boys don't mind, I think I'd better get cleaned up," Kyra said.

+++

Ethan really wished they were in a bedroom, or at least somewhere with a comfy chair. The cool wrought-iron of the bench dug into his butt,

but he could take it because the sublime Sarah was bouncing up and down on his cock. Her spiked heels were dug into the ground and he heard the stone crunch as she twisted her feet for leverage. Her dress was gathered around her middle and her thick brown nipples grazed his chest as she moved. One hand was on his shoulder, while the other held his head, forcing his eyes to hers. The look in those gorgeous brown eyes was intense, almost uncomfortably so, like this was more than just sex for her. Sarah squeezed his cock with her cunt and looked into him like they were long lost lovers. Her breathy moans and gasps sent tingles down his spine, and the way her thick, raven hair veiled their faces made the moment even more intimate. He held her tight ass and pulled her into him.

Ami sat beside them on the bench. She rubbed Ethan's arm and shoulder, while her other hand was busy under her skirt. He heard yelping moans as she played with herself while watching him with Sarah. Ethan thought it was hot that Ami was getting off watching them, but he didn't think much about their audience. Sarah demanded his full attention.

Sarah bit her bottom lip and closed her eyes, while her chest heaved. Ethan cupped her swaying right tit and rubbed her nipple with his thumb. She gasped, and kissed him hard, thrusting her tongue into his mouth. When the kiss broke, Sarah whimpered and threw her head back, arching her chest at Ethan. He bent and sucked one of her nipples. She trembled and wrapped herself around him completely. Sarah shook in his arms and kept his cock buried in her pussy, and he was pretty sure she was cumming. She bit into his shoulder and then slumped in his arms for a moment before favoring him with a radiant smile and a kiss.

"Thank you. That was so good, sweetie," Sarah said warmly. She climbed off his prick and kissed its quivering head. "But now I think you owe dear Ami a climax, too."

"You're an angel," Ami said. She stood and hugged Sarah while they shared a brief kiss. She bent down and kissed Ethan next, while pulling him to his feet.

"You two are going to wear me out," Ethan chuckled.

"I certainly hope so. If you can still stand by the end of the night we haven't done our jobs," Ami said.

Ami bent forward and grabbed the bench, pushing her butt into the air. Ethan pushed her skirt up over her hips and eased inside her. She was

soaked and grasped his shaft immediately. "Mmm...don't be gentle, baby. Give it to me hard," Ami commanded.

Ethan did not mind taking direction. He grabbed her slim hips and slammed her with his cock, almost lifting her off her feet. She held onto the bench for dear life as he took her as hard and fast as he could manage. Ami tossed her blonde mane and looked back at him over her shoulder with a wolfish grin. She cried out in encouragement. "Harder! Harder, baby!"

Sarah balanced a knee on the shaking bench beside them and gave Ami's ass a hard swat. Ami's yelp sounded more like a pleasurable moan than a cry of pain, and Sarah spanked her again. Watching Sarah administering a spanking made Ethan's cock surge inside Ami. He switched to short, powerful thrusts. Sarah spanked her between Ethan's thrusts.

"I told you Ami likes it rough sometimes. Don't you, girl?" Sarah said.

"Uhhnn...yeahhh..."

*Swat!*

"Ohhh...yeahhhh...ohhh..."

"Pull her hair!" Sarah ordered.

Again, Ethan followed orders. He grabbed Ami's long, silken blonde hair and tugged. She reared back against him and her cunt squeezed his cock, while her cries rang out in the garden. It was the wildest he'd ever seen her. He was barreling toward the end of the line, his prick throbbing, but he didn't want to cum until he was sure that Ami had. Sarah helped the cause along. She cupped Ami's hanging tit and pinched and pulled her nipple. Ami howled and her whole body jerked.

"Ohhhh...baby...ohhhh..."

Ethan knew from her body language and screams that Ami was cumming and he pumped her pussy even harder, slapping his balls against the backs of her thighs. He couldn't hold out with her cunt spasming around him. Just as Ami arched her back, he shot his seed deep inside her. He kept his cock planted in the panting blonde until she finally went limp and settled onto the bench.

"Holy Shit!" Ethan exclaimed. He stepped back and ran his fingers through his sweaty hair.

"You enjoyed yourself?" Sarah asked, flashing a wide smile. She pulled him down into a kiss and played with his slick, spent cock.

"Yeah, you could say that," he laughed.

His joy hid a sudden feeling of guilt. He'd just had one of the most intense sexual encounters yet, and his wife wasn't a part of it. How much hotter would it have been if Kyra had been the one playing with Ami while he fucked her? Or if Kyra had shared his cock with Sarah? No, he still wasn't completely sold on watching Kyra with other men, but he'd love to share another woman with her.

"Is everything okay?" Ami asked. She was fixing her clothes.

"Yeah. I was just thinking we should see what everyone else is up to," Ethan said.

"I can answer that," Sarah said with her musical laugh. "They are all up to no good!"

## CHAPTER FIFTEEN

Ethan walked back to the house hand-in-hand with both women, but when they found the back patio abandoned, they went their separate ways to see what trouble the others had found. Ethan heard noises from the game room and ducked his head in to find the statuesque redhead Jeannie on her back on top of the red felt pool table with her legs spread wide and her heels in the net corner pockets. Her arms were over her head, where she gripped the far edge of the pool table, while Rob held her thighs and thrust into her. Jeannie gasped breathlessly and lifted her hips from the felt pushing herself against the full length of Rob's prick.

Although he was spent from playing with Sarah and Ami in the garden, Ethan felt his desire rekindled watching Jeannie and Rob. She had a beautiful body, with big, natural tits that jiggled every time Rob pushed inside her. Her passionate moans made Ethan wish for his turn with her. *The night is still young*, he thought. He turned away before his voyeurism was discovered.

Down the hall, turning toward the living room, Ethan literally ran right into his wife. Kyra's hair was out of place and her dress was hastily pulled on, leaving him to wonder just what she'd been doing. Her fresh lipstick gave a clue.

"Hey, honey. I was just coming to find you," he said, kissing her cheek and pulling her close.

"You must have been reading my mind." Kyra gave him a deep, minty kiss.

"And where did you run off to?"

"I went down in the wine cellar first, but then Neil showed me one of the bedrooms."

"Did you have a good time?"

"Everything Ami told him about him was true. We had a lot of fun. Especially when Kevin joined us."

Jealousy roiled him for a moment. He couldn't help picturing his wife between the two men while they had their way with her. Yes, it made his cock twitch, even though he knew it shouldn't. He also felt a surge of competitiveness.

"Ami showed me around the property. There's this amazing secret garden, where we stopped to have some fun, but she was a bit loud. Sarah came and found us."

Kyra smiled, masking her own jealousy. "That must have been quite exciting. I hope they both took good care of you." She reached down and cupped his package. Kyra felt truly happy that Ethan was with the women. But she also thought that she wished she had been there to see it, or better yet, to participate. He could have had his own little harem. She kept rubbing him through his pants and felt his shaft slowly respond. She kissed his neck and huskily asked, "Did you fuck both of them?" She loved hearing about his exploits.

"Uhhh, yeah, after they both went down on me." He gripped her more tightly and moaned.

"Mmm, you must have been so hard, honey." She pushed inside his pants and gripped him through his boxers. Her heart beat faster when she felt him harden. Knowing she could make her husband hard even after he'd just fucked two women made her feel sexier than being with any other men could.

"It was pretty amazing. I can't lie."

"So the only woman you haven't had yet is Jeannie. And me, of course. Maybe you can have me *and* Jeannie together." She wanted to pull him back into the living room and onto the couch. She didn't care who walked in on them.

"I know where Jeannie is. She's in the game room with Rob."

"Let's go see what they're doing," she replied, hoping for a chance to join in.

Ethan followed his wife back to the game room, where she pushed between the two sliding doors. Jeannie was sitting up on the edge of the pool table now, with one leg hooked around Rob's waist. They kissed while they went at it. Ethan grabbed Kyra and pulled her over to one of the deep leather chairs in the corner and onto his lap. He knew she wanted to jump

right in, but he thought it would be fun to watch the other couple for a while. Jeannie and Rob still hadn't noticed them.

Kyra's back was against his chest. Her dress was barely buttoned over her breasts and he easily slipped a hand inside, grabbing her through her bra. Just touching her through the thin lace wasn't enough and Ethan forced his hand inside her bra. She whimpered when he roughly pinched her nipple and ground her ass against his lap. His cock surged in his pants. He clumsily flicked at the rest of the buttons down the front of her dress and she undid the belt. He did not find any panties.

"Lose something?" he whispered, rubbing his hand over her smooth, shaven mound.

"I couldn't find them. I don't know where they ended up," Kyra moaned. His fingers slipped between her lips, driving her mad. Sex with other men was fun, but only her husband knew just the perfect way to make her gush. His fingertip flicked across her swollen clit over and over until she was quaking uncontrollably, then he plunged two fingers inside her.

Jeannie and Rob looked over when Kyra cried out, "Oh God!" They only briefly paused in their fucking, but they kept watching Ethan play with Kyra while they went at it. With her dress hanging at her sides, Kyra was fully exposed. It made her so horny.

Ethan felt her cunt tighten around his fingers and he knew the added attention made Kyra burn brighter. He enjoyed showing off his hot wife to the other couple. His cock throbbed with the knowledge that Rob was fucking Jeannie, but watching Kyra. Yes, Ethan liked knowing other men wanted his wife, and he didn't mind her enjoying herself. He just wasn't as into seeing her in action as she was watching him.

"See how much Rob wants you?" Ethan whispered, feeding her fire. "I bet he can't wait to get his hands on you."

"Oh God, Ethan. Fuck me! Fuck me while they watch!"

Ethan pushed her out of his lap and she shed her dress and bra on the way to the pool table. Jeannie and Rob were on a short edge, and Ethan bent Kyra over the long side. She flattened her hands and her throbbing nipples grazed the felt. Ethan's belt buckle clanged against the floor and he rammed into her. Kyra cried out his name and stumbled forward, flat on the pool table.

"Flip me," Jeannie ordered.

Rob turned the redhead and bent her over the table so she and Kyra were head-to-head, at ninety degrees with each other. Jeannie hoisted her round butt in the air and Ethan couldn't help admiring it. He and Rob exchanged one of those looks that said, *This is living*, and matched their rhythms together as they took their women. Kyra reached out and clasped Jeannie's hand and the women moaned in unison. Ethan held Kyra's waist and drove into her hard. She moaned his name over and over, raking her nails on the felt in an effort to gain purchase.

"Uhhh...uhnnnn...I'm cumming...uhnnnn..." Jeannie cried, throwing her mane of hair out of her face. Instead of looking back at Rob, though she looked up into Ethan's eyes. It was an invitation.

"Oh God...ohhhh...make me cum too, honey," Kyra begged. "Yes! Yes! That's it!"

Kyra shook and contracted her pussy around Ethan. Her eyes fluttered and closed as she savored the pleasure radiating through her. The night had been perfect thus far, and Kyra felt like she was born for this life. She never felt more alive than when she was a pure sexual being. As much as she loved her life and her family, she couldn't help wondering how her life might have been different if she'd discovered this about herself earlier in life. She knew how incredibly lucky she was to have a husband who loved playing these games too. She was pulled from her thoughts by a tug on her hand.

"Do you mind if I borrow your husband?" Jeannie asked.

"Of course not. I am sure the pleasure will be all his."

Ethan was still hard, having cum twice already at the party. His cock slapped Kyra's butt when he pulled out. Rob stepped back and Ethan reflected how odd it was that being nude and erect in the presence of another man had stopped feeling strange.

Rob clapped a hand on his shoulder. "I'm going to leave you to it, and find my wife. Have fun."

Ethan was surprised Rob did not plan on taking up with Kyra where he'd just left off, but was glad. Kyra staying was unexpected, too. He thought she would follow Rob out of the room.

"How do you want him?" Kyra asked, pushing up from the table.

"Don't I get any say in this?" Ethan laughed.

Kyra kissed him. "Just sit back and let us take care of you, honey."

“Yes, just do as you’re told,” Jeannie agreed. “Now get up on the pool table.”

Ethan knew it was best to just go along. He hopped up on the edge, but Jeannie told him to get all the way onto the table and lay on his back. She crawled on top of him, big, rosy, pearl-tipped breasts swaying in front of her. Kyra also leaned over the side of the table and reached for his shaft. It blew his mind to watch his wife take his cock in hand, her diamond ring glinting in the light, and put it inside another woman. It was the height of decadence. He was like some sort of Roman senator at an orgy.

Jeannie sank down on him, immediately gripping his prick. She leaned forward, nipples grazing his chest, and rippled her muscles around him. It was dizzyingly good. “Does that feel good?” she cooed.

“Yyyesss...”

“What’s she doing, honey?” Kyra asked. She stroked his hair and nibbled his ear. Suddenly, the cum was boiling in his balls.

“Her...pppusssyyy...”

Jeannie tightened around him, cutting off his words. She slowly gyrated her hips and tightened her cunt. Ethan couldn’t believe the control she had of her body.

“Play with her tits, honey. They’re so beautiful,” Kyra suggested softly. She even took his hands and put them on Jeannie.

“Thank you,” Jeannie said.

“You would do the same for me,” Kyra smiled. She pulled Jeannie’s nipple, eliciting a deep moan, while Ethan massaged her breasts. The women kissed, showing him plenty of tongue. His head spun. *This is the best threesome ever!* He thought. And he had some experience now.

Jeannie sat up, holding onto the stained glass lamp hanging above the pool table. She slowly rose and fell on his cock. She kept just the tip inside and plunged back down. They both cried out. Kyra was not out of surprises yet. She leaned in and sucked one of Jeannie’s nipples, while also playing with her clit. With her free hand, Kyra rubbed her own pussy. Ethan lost all control. Jeannie rode him harder, but it wasn’t a long ride.

“Shit! Sweet Jesus!” Ethan cried. He pounded his fists on the pool table as he shot his load inside Jeannie. He didn’t know if she came with him or not. Frankly, he was past caring. His own orgasm seemed to short-circuit his brain. He was only dimly aware of Jeannie and Kyra making out

while his wife vigorously rubbed the redhead's pussy, which still pulsed around his cock.

With a contented sigh, Jeannie climbed off Ethan and quickly dressed before blowing them a kiss and leaving the couple alone. She thoughtfully pulled the doors closed behind her. Ethan pushed up from the pool table, his back stiff from the hard surface. When he swung his legs over the side, Kyra moved between them and they embraced, tightly holding each other. They clung together, neither wanting to let go.

"Thank you for tonight. It's been so amazing," Kyra said.

"You're telling me. Every time we do something new I think that nothing could top it. But I'm telling you, what just happened here, that was the greatest thing ever. I swear it. Seeing you kissing Jeannie while we fucked, watching you touching her—Oh my God." He kissed her. "You are the sexiest woman on the planet."

"You're too kind, and you're biased. There are some pretty hot women here tonight."

"They don't hold a candle to you. I mean it."

"Well, I'm glad you had a good time, honey."

"I did. I'm glad you talked me into it," Ethan said. "It's funny, it seemed like you were having second thoughts when we got here. I'm glad you let go and enjoyed yourself."

"It's just the first time I felt like I had to compete. Before, we always knew what was going to happen, more or less."

"But tonight, anything could happen."

Kyra nodded. "Exactly." She turned around and leaned back against him. His arms went around her and he nuzzled her neck. "I guess my old insecurities came roaring back. I mean, all you guys were sniffing after Sarah. And Jeannie's so tall and beautiful. I just worried I wasn't going to stack up."

"I am sure you proved that wrong."

"I may have received one or two compliments," Kyra grinned.

"I'm sure you did."

They fell silent and enjoyed each other's company for a while. Ethan finally decided they should probably get dressed. It was odd to just be leaning against a pool table in someone else's home, totally naked.

"I'm done for the night. You girls wore me out. But if you want to go play some more, please, go ahead.

Kyra walked closer, dress only half-buttoned, and kissed him hotly. "I just want to spend the rest of the night with my husband, if you don't mind."

"Then let's go see what everyone else is doing."

## CHAPTER SIXTEEN

"I thought you were done fooling around like that!" Melanie chastised her friend.

"I am. But I never said I wasn't going to have a little fun here and there. And I thought Bill was ripe for a little payback."

"You said everything was cool with him after that day in the hotel room."

Kyra chewed a forkful of salad and then sipped the glass of wine she'd ordered with lunch. "Oh, nothing else has happened, but he never lost interest and he's kept making little attempts to see if the door's still open."

Melanie chuckled. "Men. They never really give up, do they? But I almost feel sorry for the guy. I mean, you've changed a lot in the last few months. You practically exude sex now."

Kyra almost choked on a tomato. "Melanie! What the hell?"

"Oh come on, your, um...extra-curricular activities...have changed you. Even Harris has noticed." Harris was Melanie's husband. The two couples had had dinner a couple weeks ago.

"What did Harris say?"

"I caught him checking you out all through dinner, and I said something when we got home. I wasn't mad—I get it—but I thought it would be fun to tease him about it."

"And?" Kyra tried to remember what she'd been wearing that night. It was just a LBD—Little Black Dress, but then she thought, *It was pretty low cut and a little short*. It was funny how showing off like that just seemed normal to her now, when in the past she would have worn a sweater over that dress, if she would have worn it at all. But compared to what she might wear when she and Ethan were out for a night of fun, that dress was positively chaste.

"Don't take this the wrong way, but he asked if you were having an affair. Just because of how much you've changed, and that's the stereotype, you know? I just said that you and Ethan were trying different things to

reinvigorate your marriage. I didn't get specific, but I did suggest that maybe we could try a little of that ourselves."

Kyra raised her brow. "Really?"

Melanie's cheeks burned crimson. "No, not like that. I could never handle that. But I thought it might be fun if we played some games. Maybe we could go to a bar and Harris could pick me up."

"I think that could be a lot of fun. You'd be surprised what you might be open to if you're pretending you're not yourself."

"I dunno. Maybe." Melanie stared down at her plate. "We'll see. I might just feel silly."

"No reason to feel silly. You're a sexy woman, not just someone's mother or wife. You have to embrace your own womanhood, or lose it. You guys should totally do it. And when you do, I have the perfect dress for you to wear."

"Anyway, you were telling me about Bill."

"Right. Okay."

Bill had left Kyra alone for more than a month after their encounter at the hotel. There were no more sexy emails and she did her best to avoid her former paramour when she was in the office. She just couldn't think of what they would say to each other. *Sure, we had some fun, and thanks for making me cum when my husband had his head up his ass, but I'm good now.* She just didn't see any conversation between them going well. It was only when they were forced to interact that she finally relaxed.

Kyra was assigned to prepare a presentation with Bill and she felt like a virgin on her big night before she met him in the conference room. She'd purposely dressed down that day, wearing gray slacks and a loose blouse, but the dress pants hugged her ass and the fine silk of her white blouse draped he curves of her breasts. She knew Bill was peeking, probably remembering how she looked naked, but he never said anything. He was the soul of professionalism. Kyra was relieved, and after that meeting she returned to normal relations with Bill, treating him just like any other coworker.

As Kyra and Ethan delved further into their new lifestyle, her new confidence bled into every aspect of her life. While she'd been taking better care of herself before that, she stepped it up dramatically, without really realizing it at first. Her pale blonde hair had grown past her shoulders—the

longest she'd had it in years—and as she got into better and better shape, her manner of dress became more daring. She wasn't dressing for work the way she would for a night out with Rob and Ami, but her outfits were more form-fitting, her skirts shorter. She didn't mind showing cleavage and liked it when she caught someone looking down her top, as long as they weren't boorish about it. She thought about her male coworkers talking about her being hot, and it excited her.

It only took a couple weeks after Kyra thawed toward Bill for him to start coming on to her again. It started with him dropping by her cubicle more often and his just happening to be in the coffee room when she went for the morning cup. If they were alone, he would try to strike up a conversation to keep her there.

“How's it been going?” Bill asked idly.

“Oh, fine. Just keeping busy,” Kyra replied. She smiled at his efforts to keep his eyes from the swells in her snug, blue mock-turtleneck.

“Yeah, it seems like you've been busier than usual. I hardly see you anymore.”

“We are both supposed to be working here.”

Although she wasn't giving much back, Bill still tried to keep the small talk going until Kyra insisted she had to get back to work. He reluctantly moved away from the door and offered a final, “We should grab a drink after work sometime.”

“We'll see.” It was what she told the kids when she didn't want to say no. But Bill turned out to be just as persistent as a five-year-old who's after a special toy. The emails soon started again. Bill wasn't as direct as before, but he did keep asking her to lunch, or for a drink after work. And he always made sure he got in a compliment about how great she looked that day. Another woman might have complained to HR, but part of Kyra liked the attention, even if she no longer had any desire to fool around with him.

Melanie stared at Kyra as she finished her story. Kyra saw a mixture of awe and judgment in that look. Even if Melanie thought what Kyra did was wrong, there was a part of her that was jealous she didn't have it in herself.

“Do you really think playing with Bill like that is a good idea? You know how guys can be,” Melanie said.

“It’s not like he’s going to rip my dress off and attack me in the middle of the office. I really do like the thought of meeting Bill for a drink and *really* torturing him, but I wouldn’t do it without running it by Ethan first.”

“He’d go for that?”

Kyra laughed. “I’m not sure there’s much my dear husband wouldn’t go for these days!”

+++

She mentioned it Ethan one night after they’d put the kids to bed.

“Bill is after me about having a drink after work.” It was an off-handed comment made while she fingered her way through a magazine and Ethan was brushing his teeth, which prevented him from commenting immediately.

After a spit-and-rinse, he was back and sat beside her on the bed. He clicked off the pretty, pulled-back redhead giving the weather and asked, “*The Bill?*”

“Yes, *that* Bill. I stopped giving him the cold shoulder and now he’s sniffing around again. I thought I should tell you because of our new policy of honesty.”

“Thanks, I think.” He seemed weary, and she could understand why. Sure, their marriage was open now, but they only played together, and Bill wasn’t just any guy. He was the man she almost cheated with. “I don’t have anything to be concerned about, do I?”

“No, of course not. I love you, and we’re in a great place. I would never go out and play without you.” Kyra meant to just pat his groin through his shorts, but when she felt him twitch, she kept her hand there. “I know you don’t want a cheating wife. Just a swinging one.”

Ethan laughed. “Is his wife hot?”

“Ah, no. Bill’s not that great looking. He’s really not my type at all. It was never about that.”

“Oh, I know. But I also know you like the attention anyway.”

Kyra’s porcelain cheeks reddened. Ethan wasn’t wrong. She did like knowing Bill still wanted her, even if she had no interest in him. And when

she thought about teasing Bill she felt her pussy dampen. “Maybe,” she admitted coyly.

Ethan circled her hard nipple, outlined in her tank top, with his thumb, and Kyra gasped. He cupped her tit and pushed harder at her nipple. She closed her eyes and thought about the way Bill, and the other men, had been looking at her in the office. She knew Bill just had to get hard when she bent forward to get a new creamer from one of the lower cabinets, giving him a perfect view down her blouse. Whenever she wore something she knew might get peeked at, Kyra made sure to wear one of her sexiest lacy bras. And sometimes, her nipples got so hard they were visible through her blouse, like they were for Ethan now. The warm tingling took over her cunt and she pushed her hand inside Ethan’s pajama pants to get it on his growing hard-on.

“Oh, I know it’s not just maybe,” Ethan teased. “I know you want all the guys after you. I bet your pussy is soaked right now just from thinking about it.”

Again, in a husky voice, “Maybe.”

His fingers toyed with the lacy edge of her boy shorts before slipping underneath. He caressed her hot, smoothly-shaved mound and pressed above her clit. Kyra pushed her hips up from the bed and moaned, grabbing his shaft tighter. A finger slipped between her lips and he found he was right. She was very wet.

“I think you should take him up on that drink and give him a good tease. Show him what he’s never going to get.”

“Ahh...honey...”

“It’ll make you so horny, and then you can come home and fuck me silly.”

“Mmmm...yessss...”

Kyra was so horny. God, she wanted her husband to fuck her. She played with the head of his cock and he trembled and moaned. “You like knowing men want me, don’t you?”

“Yeah. I love having a hot little wife.”

“Ohhh...ohhhh...Ethan...” He rubbed her clit harder, and new pleasure bloomed inside her. “III...”

“What, babe?” Ethan moaned.

“III...*need you...*”

Kyra pushed Ethan onto his back and pulled his pants down. It was only another moment before she shed her boy shorts and climbed atop her husband. She sheathed him inside her and sat up straight, savoring the fullness. Ethan reached for her camisole, and she pulled it over her head and tossed it away. He mashed her breasts in his hands and she fought her cries when he pinched her nipples. The last thing she wanted was to wake the kids down the hall. If they didn't finish she thought she might go crazy. She rocked her hips slowly, building the delicious friction.

"You are so damned sexy, honey. I love you so much," Ethan said, gazing into her eyes. His gaze trailed over her beautiful body, then back to her face. Seeing his love and desire almost made her cum on the spot. That look was why no matter how good some other lover might be, it would never be as good as with her husband. She could never feel for another man what she felt for Ethan.

Ethan's hands moved to her hips and he guided her in circles before shifting her up and down. Kyra took the cue. She badly needed to cum anyway. She leaned forward and he caught her nipple in his mouth. Her cunt locked around his cock and she rocked harder and harder back and forth on him. White-blond hair fell all around her face as she hung her head and whispered, "Yesss...God yesss...baby...God you make me hot..."

"Let go, baby," he moaned. "I love it when you let go. Imagine how much Bill wants you. He wants to fuck you so bad..."

"Ohhh...yesss..."

"He's aching for it, but he can't have you..."

"Nooo...I'm yoursss..."

"If you lean over one more time he's going to cum in his pants..."

"God! Ohhhh...honey...yesss..."

"You're such a hot fucking tease...he wants those tits so bad...wants to fuck you...ohhh...fuck..." Ethan's words faltered and she knew he was right on the edge. She was there too.

"Yessss...yesss...Oh fuck yes!" It was so hard to stay quiet. Kyra buried her face in his shoulder, even bit him to muffle her cries as she came. Her pussy clenched around his shaft and she felt his jizz jet inside her.

They were both panting hard and cling to each other for a long time after their lovemaking. Kyra finally peeled away from him, but stayed

close, snuggling into his side. “Honestly, what do you think? Was that all play, or do you think I should toy with Bill a little bit?”

“Sure, it serves him right. And I know it will make you hot and I will benefit from it. I love you and I know I have nothing to worry about. I trust you.”

“You’re right. I don’t think I’ve ever loved you more than I do right now,” she sighed.

Kyra closed her eyes and thought about the perfect outfit to tease Bill.
