Cori Lynch returned to the workforce after spending over a decade raising her children. A desire to help people and a familiarity with Eastern medicine lead Cori to a career as a massage therapist.

Dylan endured happy ending digs from his best friend, Baines, since Cori trained for her new job, so he already had Cori giving out handjob on his mind. The fantasy is weirdly erotic, but he knew Cori would never do it—and he'd never want her to. Cori took the digs good-naturedly, but it bothered her that Baines reduced her real, serious profession to being a jerk-off artist. Like she would ever!

Everything changed when Cori learned many of her coworkers were doing exactly that for extra cash. Rather than being disgusted, she peppered her new work friend Mayde with questions about how it all worked, and the more she heard the more she begins to think...*maybe*. The only thing more shocking than that revelation was how much Dylan is into the fantasy of Cori jerking off her clients. The couple kept playing with the fantasy until her initial maybe became a yes.

Cori tried to start slow, with a timid client, and it went great—too great. She learned to like the power and the adulation too much, and soon Cori was craving the contact as much as her clients. It didn't help that Dylan was fully on board and pushed Cori to go further and further with her clients.

Cori tried to draw lines but kept crossing them. She swore in the beginning that sex would never be on the table, but the temptation to do whatever her clients would pay for was so great.

Dylan found his wife's new side gig intoxicating and fixated on Cori going all the way with her clients. He thought that would be the hottest

thing ever until he found a new obsession. The years of Cori and Baines shamelessly flirting with each other didn't seem so innocent anymore in light of her new promiscuity. Dylan wanted Cori to fuck his best friend.

Cori knew it was a terrible idea when Dylan brought it to her. Getting clients off with her hand and mouth is very different from sleeping with someone their known their entire married life. But all that client contact had Cori in a constant state of arousal and Baines was sexy.

Dylan watched from another room as Cori lured Baines onto her massage table and seduced him. Watching the two most important people in his life fuck was hotter than he ever could have imagined. Life was great. He had the sexiest wife on the planet who was fulfilling all of his fantasies. But as they say, *be careful what you wish for.*

. . .

CORI WAS surprised when her phone rang, and it was Mayde. They talked all the time, but she'd just texted a photo of her new hair color and didn't think that required a phone call. Perhaps Mayde really hated it. Cori had been a dirty blonde—emphasis on the *dirty*—for as long as she could remember, and she felt like a change. Cori had been through a lot of changes over the last few months and updating her look felt appropriate.

The new chocolate brown color felt like a dramatic change after so many years of being a blonde. Karen, her stylist, wanted her to take it shorter like she'd worn it for so long, but Cori was growing her hair out and liked it longer. Her clients also preferred longer hair. They liked blondes too, but the truth was she hadn't been a real blonde for a long time. Cori was a true blonde when she was younger, but her hair had settled into more of a dull brown in her early forties, with the stray gray creeping in, and she'd been coloring it for a long time. She'd accepted the need for glasses last month, but she was *not* ready for grays.

"Hey, girl," Mayde said when Cori picked up the call.

"Didn't you have clients today?"

"Just two. I'm just leaving Roger's. He wore me out today. Our appointments have become much more *intensive* since that night we all had fun at the hotel. His expectations have changed."

"It was a wild night. I guess I can see why he thought it opened the door to more. Are you good with that?"

Mayde's laugh was a warm purr. "Roger tips *very* well. It's all good, girl. You need to get yourself a client as generous as him."

“I’m doing very well, thank you. Not as well as you, but there isn’t as much on my menu.”

“You’ll get there, Cori.” They both laughed. “Love the hair, girl. Very sexy and dramatic. I bet the clients will love it. Makes you mysterious.”

“Haha. There’s nothing mysterious about me but thank you. What you see is what you get.”

“Really? You don’t need to be modest. You’re not just some boring stay-at-home mom anymore. No offense.”

“None taken?”

“But your new life would be very mysterious for all your friends. Bet you haven’t shared your new profession at the PTA meeting.”

“They know I’m a massage therapist.”

They both laughed again. Cori sometimes imagined what her friends would say if they knew she did more than therapeutic massage. She didn’t think they’d believe it in a million years. She just didn’t give off that vibe. Cori was more the caring, Earth mother type, not the sexpot. She was sure some of them joked about happy endings behind her back. It was everyone’s go-to joke. It bothered her when she first started, knowing people would compare her to one of those cheap massage parlor girls and have a good laugh. Cori appreciated the irony in how things turned out—although she was not cheap. And one of their friends knew how Cori made her real money. She still wasn’t sure whether or not that was a mistake. If it was, it was a fun mistake.

“Speaking of work, I have an opportunity I thought you’d want in on. You’re the first one I’m asking.”

“I’m scared to ask what it is. The last time you brought me in on an appointment all my lines were crossed. I ended up on my back on the massage table with Roger’s dick in my mouth.”

“But you got paid very well.”

“True,” Cori admitted.

“And as I recall, you enjoyed yourself every bit as much as the client.”

“I plead the fifth. What do you have going this time?”

“I have a client. He’s a finance guy. He holds a special Christmas dinner for the top people in his office. Super swanky, all first-rate. He hires a top-notch chef and makes it a special evening. He also brings in entertainment for the evening.”

“And we’re the entertainment? I don’t know if I like the sound of that, Mayde.”

“No, there will be a DJ. We’re not the entertainment—not really. He just thought it would be fun if he had some girls there to give back rubs. Should be easy money.”

“Just backrubs?”

“I don’t expect it will be anything more than hands-on. I mean, I guess if you want to go the extra mile and earn more, Anthony will be cool with it.”

“How good of a client is he?”

“Anthony is a full-service client, but I will make sure that he knows the girls I bring are not full-service providers. Unless...”

“You know I’m not there,” Cori said defiantly.

“Not yet.”

“I swear you won’t stop until I’m a full-fledged call girl.”

Mayde laughed. “I just think you’re leaving money on the table, girl. With that tight body and that whole MILF thing going on, you could seriously cash in if you wanted to.”

“I’ll keep that in mind, but I don’t know if I’ll ever be there.”

Cori knew she maintained an arbitrary, silly line like the girls she’d known back in high school who remained technical virgins. Was blowing every date, but not giving up the pussy keeping your virtue? Cori maintained that same line with her clients. Most of them just got a hand release. Some of them could touch her back, and she only went down on a couple who paid for the premium. It wasn’t just about the money. They were the clients she was most comfortable with. She’d been tempted to go further, and honestly might have if they’d really pushed—Cori had a problem with losing control during hot sessions—but she had no plans to cross that final line with a client. It felt like there was no coming back from that.

Just like everything else in life, there was an exception, but she didn’t consider Baines a client. He didn’t pay her, and he was her husband’s best friend. Baines and Dylan had known each other since high school. Cori and Baines had always had a love-hate relationship that was heavy on the sexual tension. Once Cori and Dylan opened their marriage, it was inevitable she would sleep with Baines. That seemed obvious now.

Dylan became obsessed with it, and once he put the idea in her head, Cori couldn't shake it. Baines hurt his back at work, giving Cori the perfect opening to try her new skills on him, but it hadn't stopped with one of her expert handjobs. The sex had been incredible, and it had become a regular thing over the last couple of months. Dylan let it happen because it turned him on, even if he wasn't entirely comfortable with it—especially when he wasn't there for it. Cori could have stopped. Maybe she should have, but she didn't want to. Sex with Baines was amazing, and this was one thing she was doing just for herself. Well, not *just* for herself. Everyone got something out of her screwing Baines.

"Are you still there, girl?" Mayde asked.

"Yeah, sorry, got distracted waiting for the light to change. You said *girls*. It's not just you and me?"

"It will be a dozen people. I figured it would go more smoothly with three of us. We don't want the customers waiting too long. But if you think you can handle six in one night..."

"No. I think three of us is a good idea. I don't even know if I want to do four in one night. That would be tough even if it was just legit treatments. Who will be the third?"

"I want to ask Lexi. What do you think? She's cute, and she's so different from you and me. There will be someone for every taste."

"I thought Lexi only teased."

"That was bullshit because you were new," Mayde said, laughing. "She didn't know whether or not you were a narc. She's also a sugar baby, and those guys get more than the tease. I don't know if she'll be down for this, but I thought I'd ask. So, are you in, girl?"

"Let me think about it and talk to Dylan about it. This isn't quite what I usually do."

"Always have to *talk to Dylan*. You know that boy would happily let you pull a train if you wanted to do it. He loves this shit, and you know it, Cori."

"I need to confide in you less."

They both laughed.

"Think about it, but not for too long. I need to get my lineup set. The party is next week."

“What do you think?” Cori asked.

She struck a pose, fluffing her hair with her hand, and hoped it looked hot. Vamping wasn’t her thing. She liked being sexy—she loved guys’ attention—but she hated to look like she was trying too hard. Cori had always had guy friends who wanted in her pants, and she’d just never had to work for men’s attention.

“It’s hot, Cor. It’s going to feel like I’m with another woman tonight,” Dylan replied.

Cori laughed. “What makes you so sure you’re going to get lucky tonight?”

“My check just deposited. If I have to pay...”

“Very funny. You know that’s not *all* I am. Right?”

“Come here,” he said, reaching out for her.

Dylan hugged her tight and she snuggled into him. Her husband still gave the best hugs, and Cori had a large sample size these days. She understood he was only teasing her about the job, but it still bothered her when he made little cracks about her job. Those comments played into her own insecurities. Cori couldn’t understand how Dylan didn’t see her differently now that she was a... She still had trouble thinking it, let alone saying it. She wasn’t even exactly sure what to call herself. *Sex worker? Happy ending girl? Handjob specialist? Whore?* Handjob specialist wasn’t exactly accurate. Cori’s favored clients got more than handjobs—if they were willing to pay.

“You know I love you, right, Cor? Sorry, I can’t help it that your job turns me on so much.”

“I’m still a legitimate, licensed massage therapist, don’t forget that. I didn’t go to school to give handjobs.”

“You didn’t need to, Cor. You were already an expert.”

“Haha. Very funny.”

“You know what I mean.”

“I know what you mean, and I can tell how much you like thinking about my job.”

Cori felt his growing lump when she wiggled against him. “And I like that you find it so hot. I really do. But I don’t want you to forget I’m still me. Whatever else I do, I’m still your wife. No one is going to replace you, Dylan.”

“I know, honey. I’m not worried that a guy paying for your body will steal you from me.”

“Good,” she replied, kissing him. She ignored the loophole he left open, Baines.

“I know how lucky I am to have such a hot wife, Cor. Believe me. And you’re even hotter with that sexy dark hair. I’m going to show you just how hot I find you later tonight.”

“So, you said. Just make sure you bring your A-game, babe. It’s been a couple of days and mamma needs it.”

Cori reached between them and rubbed the growing lump in his jeans. She really did want it. She hadn’t seen Baines in almost a week, and she didn’t work that day. Cori was ready for sex all the time these days. She’d always had a high sex drive, but since she’d started selling extras to her special clients it felt like sex was always on her mind. Cori was ready for it at the drop of a hat, which sometimes made it difficult to keep her boundaries at work.

“I’d let you show me right now, babe, but I need to get dinner started.”

Dylan cast a look over her shoulder at the doorway to the family room. “Where are the kids?”

“Grace is at work. Jack is in his room, probably on his phone instead of doing homework.”

“Jack’s loud as hell when he comes thundering down those steps. We’ll hear him in plenty of time.”

“What kind of a girl do you think I am, Mr. Lynch?”

“I know exactly what kind of girl you are, Mrs. Lynch.”

Dylan kissed her hard, and Cori thrust her tongue into his mouth. Her heart raced when he grabbed her butt and pulled the loose, brown tunic she wore higher. The outfit didn’t do much to show her slender, toned body, but it did feature her fantastic legs, honed from her dedication to working out and running. She pushed him backward and he dropped when his legs hit the couch. Cori kicked off her booties and shucked her tights and panties.

“Jesus, Cor. How is it that you’re ten times hotter now than when I met you?” he marveled between kisses.

“You know that’s bullshit, babe,” she replied, laughing.

Cori pulled off her dark-framed glasses and tossed them onto the couch beside them. She tossed his glasses away too. Both of them needing glasses made her feel old. Cori was in the best shape of her life, but she didn’t

believe she was hotter than the nineteen-year-old version of her he'd chased almost twenty-five years ago. She had laugh lines and freckles from too much time spent in the sun. Cori saw every damn line when she looked in the mirror. Her breasts were still damn perky because they were small, but they weren't as plump as that girl's had been. The one thing she could say was that her ass was firm and tight—tighter than it had been at nineteen.

Dylan kneaded her breasts through her tunic. Cori loved being groped but didn't feel much. She always wore a padded bra to round out her bust—except when a client had a specific wardrobe request. Steve, her first regular client, liked it when she wore a flimsy bralette. Thinking of a client made her core tighten. Cori's work turned her on just as much as it did her husband. She wrestled with Dylan's jeans and got them down to his knees.

Cori stroked him because she liked the feeling of his cock in her hands, not because he needed it. Dylan was already rock-hard. She loved that he was so horny for her after so many years together—even if a lot of it was down to her job. Cori had had about a dozen cocks in her hands over the last few months, but she still loved her husband's the best because he was the man she loved.

"Uhn...Cor...why are you teasing me?"

"Maybe I need practice before my appointments tomorrow. You are my favorite practice dick, babe."

"You just like to torture me."

Cori kissed him hard with aggressive tongue action and gripped his cock hard. Dylan groaned and his whole body surged. His desire for her made Cori burn brightly. Men wanting her was Cori's new favorite drug, and she couldn't get enough. She pulled back from their kiss, catching his bottom lip with her teeth. She and Dylan were playful in a way she'd never share with another man.

"You just have my favorite dick and I like to take my time with it."

"Lucky me."

"Don't forget it, babe."

Cori rubbed him against her slick, swollen lips, smearing her copious juices all over her smooth mound. She was always professionally waxed now, a suggestion from her work bestie, Mayde. Mayde had taught her all the ropes about her new profession, and Cori appreciated it. She also knew the sexy Latina was a dangerous influence. Mayde loved to get her in trouble. Cori pressed his head to her slit and sank down on Dylan.

“Uhn...Cor...always so hot and wet...feels so damn good...”

“Ahh...love you inside me, babe...”

Their bodies rocked together, grinding while they just enjoyed their closeness. Dylan held her butt and pulled her into him while he lifted off the couch like he was trying to reach new depths. Cori worked her muscles, massaging him inside her and he groaned and trembled, making her fear he might lose it right off the bat. Dylan did that sometimes when he was too turned on, but she took it as a compliment—even if it was frustrating. She rocked harder on him, and the old couch creaked beneath them. It was a good thing Jack’s gaming headphones had become a permanent attachment. Dylan pulled the tunic up her body. Cori hesitated to raise her arms.

“What are you doing, babe? We aren’t alone in the house, remember?” she gasped, eyes closed as she concentrated on the pleasure in her core.

“You’re the cautious one now? I want to feel you, Cor.”

“If Jack comes down, you’re explaining this,” she replied, raising her arms to let Dylan pull the tunic over her head.

It was ironic. He was usually the one to worry about being discovered when Cori wanted spontaneous sex. Dylan plucked the front clasp of her pale pink bra open, and she shrugged out of it. She gasped when his hands covered her breasts and his fingers plucked at her dark, lust-swelled buds. Excitement bolted from her nipples straight to her clit and she cried out.

“I think he’ll know what that sound means,” Dylan taunted.

“We can stop.”

“Don’t you fucking dare, Cor.”

Dylan pulled her back into a hard kiss and she rocked harder on his shaft. The sweet friction made her body throb. It wouldn’t matter if he was quick this time because Cori didn’t need much. He pulled from their kiss and buried his face in her breasts, licking and sucking, pulling at her nubs with his lips, bringing sharp, intense pleasure.

“Ahh...babe...ahh...yeah...ahh...shit...yeah...”

The couch made a terrible racket beneath them. Cori pounded her pussy down onto Dylan. Their coupling was frenzied, and it made her feel like a teenager again, trying to get off before they got caught, except in this case it was their son who was home and not her parents. Some things never changed. Cori threw her head back and cried out. She was right there.

“Ahh...fuck...babe...*fuck*...”

Cori buried her face in his shoulder when she came, hoping it would muffle her shouts. She loved these quickies because they often brought the best, sharpest orgasms. Her sheath tightened around him, and he exploded, pumping his load deep inside her. Cori ground onto Dylan and her muscles instinctively milked every drop from him. She loved the feeling of a man coming inside her. Her climax kept pulsing through her body as she drew it all out of him. He crushed her against him, and she squeezed him back, panting and glowing.

“I love you so fucking much, babe,” she cooed.

“Love you, Cor.”

Cori gave him an extended, sensual kiss. “I know how lucky I am that you put up with all my stuff. Yeah, you get your thing out of it, but it takes a special man to deal with it. I appreciate you.”

“I’m the lucky one, Cor. No one I know has such a sexy wife that every man wants to fuck. I know I’ve outkicked my coverage.”

“No way. You’re my perfect man.”

Dylan chuckled. “Why does it feel like you’re buttering me up for something?”

“There is an event I wanted to talk to you about, but it can wait. I need to get dressed before Jack comes downstairs looking for food. I really have to get dinner started.”

. . .

DYLAN HATED the way his stomach clenched when he read the text from his wife. She expected him to play the parent while she was out getting some. Cori was stopping by Baines' place after her last appointment and wanted Dylan to pick Jack up from soccer. She'd had three appointments that day, the last being with one of her preferred clients, as she'd taken to calling them. She was up to half a dozen preferred clients now, giving them varying levels of service. Her side gig had taken off in the few months she'd been doing it, but that was Cori. She was the most driven person he knew.

The client visit wasn't what gave Dylan the agita. He'd taken to his wife selling her body with surprising ease. The idea of it caused consternation in the beginning—when Baines would tease him about Cori giving happy endings—well before she even considered doing such a thing—but under that annoyance had always been a spark of arousal. He twisted himself into knots when she started doing it for real, but after a few months of Cori selling sex acts, he'd learned to just be proud that he had a wife other men were willing to pay for and enjoy that she was just slutty enough to take their money—and enjoy it. His conflicting feelings weren't totally gone, but he understood that these men weren't going to steal his wife. They could rent parts of her body, but Dylan owned her heart. It was harder to accept her thing with Baines.

Dylan felt like a cuck when Cori went to see Baines without him for a quick fuck. She always described it that way, but he knew their encounters weren't always so quick. It was unfair, especially because he was the one

who pushed her to fuck Baines in the first place. Cori warned him it was dangerous, but he didn't care. The obsession had set in, and he couldn't let it go. His wife and best friend together grabbed him by the balls in a way no client appointment could ever touch. Dylan always suspected they wanted each other, and it had always annoyed him. Two people didn't snipe and flirt with each other that much unless there was something to it. Nothing would have come of it if Dylan hadn't pushed it. He trusted both of them implicitly. This was a torture of his own making.

Cori would stop if he asked her to. He suspected she wouldn't like it, but she loved him, and she would do it. The thing was, he didn't want her to stop. Thinking about Baines and Cori together turned him on as much now as it ever did. He was hard just knowing she would be in his bed soon.

Dylan just felt excluded that they were doing it without him. He wanted to watch, or better yet, join in. Cori did still fuck Baines when he came over—if the kids were out—and that had turned into a couple of hot threesomes, but Dylan preferred watching. Competing with his best friend over who could make his wife come harder took away from his enjoyment of just seeing her in action.

Dylan didn't get to see Cori with her clients. Watching her with Baines was the only direct benefit he got from her side gig—besides the money and the perpetually horny wife. Yeah, Dylan realized he could seem like some kind of an asshole for wanting it all, but he wanted what he wanted. Dylan, however, would not ask for it. He wouldn't come right out and tell Cori that because it felt creepy to think it, let alone say it aloud. *I don't mind you fucking my best friend. I just want to be able to sit in the corner and jerk off while you do it.* No, he would never say that. He hinted at it, and he knew she knew what he wanted, but Cori was tough, and if he didn't have the balls to come out and say it, she wasn't going to give him the out. He had to stand up for what he wanted. He could be petulant when she came back from seeing Baines, but she would have none of it.

Cori was probably there already. Dylan imagined Baines opening the door and pulling her into a kiss. Baines didn't give a shit what anyone thought of him and wouldn't care if his neighbors saw him making out with a married woman on his doorstep. Anyone who noted Cori's comings and goings probably knew he was fucking her. She was not cheating, of course, but that suggestion she was a cheating slut made his balls ache.

One of the reasons he was so turned on by Cori exploring her slutty side was because he knew she was quite free with her body before they met, and Dylan had always been a little obsessed with knowing that side of her. He never believed the girl who'd give herself to any cute boy that paid her attention had gone away.

Dylan wanted to believe the thing with Baines was just about sex, the way it was with her clients. Cori promised him it was, and she was not a liar. But there was so much history. They'd known each other for so long. It wasn't a transaction with Baines. How could it just be sex? He knew what it looked like when they were together, and it wasn't just his friend pounding Cori until she screamed. Sometimes it looked like they were making love when they were together. Dylan imagined it was even more intimate when he wasn't there watching. Cori was probably truly free to give herself to Baines completely. The image of them kissing passionately while Baines' cock churned into Cori was burned into his brain.

Thinking about Cori and Baines together was going to drive him crazy if he let it. And if he didn't do something about his raging hard-on, he was never going to be able to stand up and go pick up Jack. Dylan eased his pants down and grasped his dick. He forced images of Cori and Baines together from his mind and instead focused on this party she was offered. It sounded like a situation where his wife could lose control like her night with Roger and Mayde. He was freaked out when he first heard about that night, but now he loved thinking about those two freely using his wife.

Cori said she was on the fence about working the party, but she would eventually say yes. He could see it in her eyes. Not only did it sound like a lot of fun, but the money was too good, and she was nothing if not mercenary. She couldn't pass up that payday. Dylan rubbed his meat and thought about his wife in a hotel suite with a bunch of horny, entitled businessmen. They'd pass her around like a party favor and then toss money at her. Dylan came quickly.

Cori gripped the headboard and rode Baines hard. His hands mauled her firm butt, prying her cheeks apart so he could tickle her rosebud. He'd been teasing her back there for a couple of weeks now, and she knew what he

was after. Anal had never been her thing, and she hadn't tried it in decades. Maybe Baines could have her ass if he was a good boy. It was hard to say no to anything when his big cock felt so good inside her.

"Yeah...babe...ohh fuck..." she cried.

"Ride that dick, Cor...you know you fucking need it..."

"Yeah...I do...babe...I do..."

"Come on my dick again...come for me Cor!"

"Ahh...fuck...fuck...babe..."

Baines already made her climax once, when he bent her over his kitchen table five minutes after she walked through the door. Her little black dress and tights were still on his kitchen floor. She'd warned him to be ready when she'd texted. He'd been trained well and knew that meant to be showered and waiting for her. Baines understood how horny she was after an appointment. She saw Steve that day—hence the tights. He had a pantyhose fetish that she was happy to oblige. Steve was a sweet guy and hadn't pushed things, which meant her service for him hadn't progressed past Cori getting him off with her hand, but he liked to make her orgasm. He rubbed her tights-covered thighs and mashed his face to her pussy, and she grinded until she got off. It was hot—if weird—but it left her wanting much more. She used to run home to Dylan to take care of her, but he didn't always make himself immediately available to take care of her. Baines was more than happy to step in and take care of her needs.

Cori liked it when Baines took charge. She liked it a little too much, which was why she made sure to keep it balanced to show that she was ultimately in control. She'd let him bend her over his kitchen table and ravish her, but then she dragged him back to his bedroom to use his dick as she pleased. He was good with both. Baines ignited a submissive streak that she'd almost forgotten she had.

"Yeah...yeah...yeah...ohh fuck...*fuck*..."

"Jesus, Cor," he groaned. "Your pussy is so hot when you come on my dick. Take what you need, honey. Take it all..."

"Yeah babe...*oh yeah*..."

His dirty talk enflamed her. Cori came so much harder when he treated her like the slut she was, but his words sounded like they were a million miles away when her body was consumed by the fiery climax. Baines pushed his finger into her ass when she came, and it made Cori see stars.

She froze on top of him, but he just thrust up and continued fucking her from below. She felt like she was glowing.

Baines turned Cori onto her back, taking back control. He took her hands and pinned them above her head. She gasped with fresh excitement. Her orgasm hadn't even faded, and she was building to another. Baines had learned exactly what she liked over the weeks they'd been fucking.

"You've got one more for me, don't you, Cor?"

"Yeah..."

"Wanna feel you come again...show me you love the dick..."

"Yeah...fuck me babe...oh god, it's so good..."

"So beautiful, Cor...so perfect when you come...Jesus, you're perfect..."

Cori got goosebumps when his glacial blue eyes blazed into hers. It felt dangerous, like they weren't just two friends fucking, but it was something more. That could never be—Cori didn't even want it—but she loved how intensely he wanted her, and she wouldn't discourage it.

"Babe..." she gasped, just before his mouth covered hers.

Baines released her wrists and her arms wrapped around him. Her legs locked around his waist, drawing him deeper inside her. Her nails dug into his shoulders. Their coupling was scarily perfect. Her heart pounded so hard she thought it might seize. Yes, it felt so dangerous.

Her breath caught and her body tensed, and she was coming one more time. Her hot sheath locked around Baines, massaging his shaft, and urging his essence from him. He jacked deep inside her, and he blasted away, filling her with his seed. It felt very much like he was trying to embed it as deep as possible and breed her. Cori knew that was just his masculine instinct kicking in, and she enjoyed it. It was safe. She took precautions.

They kept kissing until Cori was done shaking, and Baines rolled to the side. He tugged her to snuggle against him, but she resisted. They weren't a snuggling couple. She would not give in to that intimacy they'd shared moments ago. True intimacy was reserved for her husband. She would indulge the danger of more with Baines but would never let it progress. She was too sweaty anyway. She needed to breathe.

"Guess you like my new hair color," she panted, satisfaction radiating through her entire body. That hair was a sweaty mess now.

"You did something with your hair?"

Cori smacked his chest. "Asshole."

“It looks good. Darker hair suits you.”

“Blondes aren’t more fun?”

Baines laughed. “I don’t think any woman is more fun than you, Cor. You were shot out of a cannon today.”

“Thanks, you were pretty good yourself. No other dates this week?”

“Sheila canceled a couple of nights ago. I’ve been hoping you’d text.”

Cori patted his rock-hard abs and sat up. “Don’t take it for granted, babe. This was work-related stress relief.”

“Yeah? You had a good one today?”

“He’s very sweet, but a little weird. I don’t understand it, but his kink gets me going.”

Baines laughed.

“What?”

“I don’t know, Cor. It’s still just so hard to imagine, you doing this. Yeah, I used to joke about it, and it was hot to think about, but I just can’t picture you doing it to random guys.”

Cori tugged his slick, spent cock and was pleased when she felt it twitch. Baines could go all night if she had the time. A big part of her wished she had the time.

“Why is that so hard to picture? You’ve seen me in action.”

“But I wasn’t a real client. I don’t know—because you’re Cori. You’re the warm, mom-type who brings people soup when they’re sick and stays up all night helping the kids with their school projects. You’re not the pro who takes a C-note and beats guys off. Fuck, it’s hot, but I just can’t picture it.”

She smiled inwardly at his assessment of her goodness.

“You need to work on your imagination then because I am all those things. I can be the woman who waits in the pick-up line after school, and the one who indulges her client’s pantyhose fetish. You need to open your mind, Baines. And it’s not just random guys. I’m very selective about my clients.”

“Okay, okay. I wasn’t trying to insult you. I truly am impressed, Cor. You’re very skilled, and I’m grateful to be on your client list.”

Cori laughed. “Oh yeah? When are you going to start paying?”

“You needed it as much as me. Maybe you should be paying me.”

Baines pulled her on top of him, and Cori let him. They kissed deeply, and she felt him stirring beneath her, making her core tighten. She hated

how easy she could be.

“Let me check my cup holder for spare change,” she teased, staying on top of him.

Baines worked his fingers between her thighs from behind. They easily slipped inside her, and she gasped.

“If I need to start paying for this pussy, I need to get my money’s worth.”

Cori laughed, but it slipped into a moan when he pressed deeper inside her.

“Mmm...you can’t afford me, babe.” She trembled, grinding into his fingers. “Okay, one more time, but you’d better be quick. I need to get home to my husband.”

“Don’t worry, my man Dylan is endlessly patient.”

“I don’t know about that,” Cori argued, before moaning and surrendering to Baines.

. . .

DYLAN WATCHED Cori getting ready for the evening, filled with jealousy and trepidation. He'd had a lot of fun fantasizing about just how crazy she might get with these clients, but now that he saw her in the outfit Mayde had sent over, he was worried the night could get *too* out of hand—even for his depraved fantasies. Dylan had always told Cori he was comfortable with her offering whatever she liked, but now that she was doing more and more for her clients, he thought it might be wise to set some boundaries. Did he really want Cori getting banged by a room full of investment bankers? She looked so hot, it felt inevitable if she went to that dinner. The fantasy was intoxicating, but the reality was frightening.

Cori posed in front of the mirror, turning this way and that, trying to tug the outfit down over her ass and plumping her tits with both hands. She had cleavage, thanks to her best push-up bra, but she was still insecure about competing with the other girls. Cori told him Mayde had huge tits, and her small rack had always been an insecurity for Cori. Dylan loved his wife's tits. They were still high and perky after two kids, with perfect dark, puffy nipples. He loved a huge rack as much as the next guy, but he wouldn't have changed a thing about his wife.

The outfit was a tiny elf dress in green crushed velvet with furry white trim and was designed to accentuate the wearer's assets. Cori's high and tight rear end made the skirt flare out perfectly, and it hugged her tight body. Dylan didn't think anyone could be complaining that Cori wasn't a D-cup. He was confident his wife would be the hottest girl in the room. The

outfit was completed with black patterned thigh highs, which barely met the hem of the skirt, and spiked heels, which sat off to the side.

Dylan came off the bed and pulled her into an embrace. He was already hard from watching her get ready, but his cock twitched feeling her lithe body against him. It would be hard letting Cori out of the house looking like that when all he wanted to do was pull her into bed. He tried to kiss her, but she turned her head.

“You’re going to ruin my lipstick,” she complained.

Her lips were candy apple red. Cori was a natural-look girl and never wore that much makeup, but when she did, she looked like a sex bomb. Her newly dark brown hair was blown out with bouncy curls. She had contacts in, as she always did when she was working. Dylan couldn’t help feeling jealous that this was all for her paying customers. She never made that kind of effort for him anymore.

“Don’t look so hot and I’ll keep my hands to myself.”

“I’m glad you approve.” She kissed his cheek, leaving a faint, red impression.

“You’re lucky to have me. Not a lot of husbands would approve of their wives going out looking like this.”

“It’s a good thing I’m a grown woman and I don’t need your approval, *Daddy*.”

“Hey!”

“I’m just teasing you. You know I want you to be happy. And I know that you’re very happy that men will be drooling all over me in this outfit.”

Cori grasped him through his sweatpants to prove her point. Dylan groaned and grabbed her ass. It didn’t feel like she was wearing panties under there, but he knew she’d put on a forest-green thong.

“You feel how tortured I am, Cor. Just spare a few minutes for me. I promise I’ll be quick.”

Cori laughed. “I don’t doubt that. I bet your head is filled with all the naughty things I’ll be doing for money tonight.”

“You have no idea.” Dylan smoothed his hands over her round, velvety swells. “Don’t you think your husband should get to test drive you before you’re all dirtied up by these guys?”

“You love when I come home *all dirtied up*, and besides, I’m not going to be doing anything too crazy tonight. It’s just my usual menu, Dylan.”

His look was skeptical. “Like last time you worked with Mayde.”

Cori looked over at the clock on the nightstand and said, "Sit down. I have a few minutes."

Dylan surged with excitement, thinking Cori was going to at least blow him. He knew he wasn't getting laid because that would require her to do too much fixing afterward. But Cori fetched the lotion from her nightstand and ordered Dylan to get his pants down. She carefully got on her knees in front of him to make sure she didn't ruin her thigh highs.

"I should probably warm up my hands before I head out anyway," she said, winking at him.

Another man would have been disappointed that only a handjob was on offer, but it tickled all the dark places in Dylan's brain. He was her first test subject when Cori considered going pro, and she refined her skills on his dick many times before ever touching a client. Handjobs represented what a dirty girl his wife had become, and Dylan was there for it. It was so easy to imagine Cori doing it to another man when she did it to him.

Cori used one slick hand to stroke him in a twisting motion, covering the head when she reached the top, while her other hand massaged his balls. Dylan kept his area neatly trimmed these days, at her request. She never came out and said it, but he knew it was because she handled a client who groomed in that manner, and she liked it. Rubbing his head with her palm made Dylan gasp and squirm as she manipulated his sensitive tip. Seeing Cori on her knees while doing that almost made him come in three seconds, but he had a lot of practice holding back. It wasn't as much fun if he just came right away. He wanted to enjoy her skills.

"This really isn't going to be as crazy as you think it is, babe," she reassured him.

"How many guys?" His words were halting. The pleasure made it difficult to speak.

"Mayde says about a dozen."

Dylan moaned, thinking about Cori taking on a dozen guys. He'd had some insane thoughts over the past few months, but this was the first time he thought about his sweet wife getting gangbanged. It made his cock surge with erotic power.

"Slow down, tiger. There will be three of us, so I'll only be handling like four clients. And it's just going to be rubdowns."

Cori switched to holding his root while using the other hand to stroke up and down at a steady pace. Her grip was tight enough to make it feel like he

was sliding into a virgin. Dylan groaned. His wife was an expert at this. She was worth every penny these guys paid.

“Just rubdowns?”

“Well, the special kind of rubdowns,” she admitted with an evil smile.

“I...don’t believe...it’ll just be...rubdowns...”

“I don’t plan on offering me, but you never know. If these guys are hot or have fat wallets, I might be motivated to offer more.”

“Fuck, Cor...you little...”

Cori leaned close enough to feel her breath on his head. He wanted to be in her mouth so badly, but she’d never do that now that he was coated with body lotion. Dylan looked at her shiny red lips so close to him and imagined them wrapped around some stranger’s thick cock. She only offered additional services once she got to know a client and established trust, but tonight Cori would be handling strangers. She might be sucking a guy she’d known for ten minutes. It was so fucking hot!

“Little what? *Little whore?*” Cori grinned when she said it.

“Yeah...fuck yeah...Cor...”

“Are you going to come for this little whore? You’re not paying me, here I am, babe, on my knees stroking you like the pro I am.”

“Fuck...Cor...”

“Who knows? These will all be money guys tonight. If they have enough cash on them, I might have to expand my menu.”

“Yeah...”

“Is that okay, babe? I already sell my hand and my mouth. Do you think I should sell it all?”

“Uhn...you want to...”

“Maybe you and Baines aren’t enough. Maybe I need more dick, babe.”

“Uhn...”

“I think you’d love me to sell it all.”

“Yeah...uhn...Cor...”

“Should I do it tonight? Four guys, if I charge five hundred a piece, that’s a nice payday.”

“Fuck...uhn...Cor...Cori...”

Cori laughed. It was musical and wicked. She enjoyed toying with him a little too much. He knew it was part of the thrill for her when she handled clients, but she loved winding him up the most. She would never do it. Cori would never fuck those guys tonight, but if she did...

“That’s it, babe. I know you need to let it go.” She pumped him faster. “Do it, babe. Give it to me. Give it to me, babe!”

Cori leaned close and opened her mouth wide. She flicked her tongue at him but didn’t touch. Dylan groaned and his body heaved. It was all too much.

“Give it to me, babe. But your aim better be good. I’ll kill you if I have to redo my makeup.”

Dylan grunted and lifted his hips off the bed, jetting his seed into his wife’s waiting mouth. He knew it wouldn’t be that only load she swallowed that night, which only made him come harder. Dylan shot three thick ropes into her open mouth. His aim was excellent, and only the last bit landed on her lacquered lower lip. Cori closed her mouth and swallowed. Seeing that made Dylan wish he could come all over again. He collapsed back on the bed and laughed. His tension had drained with his balls, and he felt light for the moment.

“You’re too easy,” she said, laughing. “You know that isn’t going to happen, right?”

“Which part?”

Cori hesitated because he knew she wanted to say, *none of it*, but they would both know it was a lie. Dylan knew at least a couple of guys would be shooting their loads into his wife’s mouth that night—just like he did.

“I’m not fucking men for money. I do have a line. You believe me, don’t you?”

Dylan wanted to say, *I know you believe that, Cori*. Instead, he was smart and said, “I believe you, Cori.”

“But you’d be okay with me doing it?”

“If you wanted to, I’d be open to the conversation. As you’re so fond of saying, it’s your body, so I don’t know that you need my permission.”

Cori’s eyes narrowed like she was trying to peer into his brain, and it felt like she could do it. Dylan was glad she couldn’t. He didn’t want her to know what he was thinking. It would be so hot if Cori sold her body completely. She was fucking Baines, but this would be different. His wife fucking his best friend tickled his reptile brain in ways he didn’t understand. Dylan didn’t want to understand. He made a conscious effort to try and just enjoy it. But Cori fucking men for money was just such a different thing. It was so much dirtier. If he was so aroused by her selling her hand and sometimes her mouth, how insanely hot would it be if she sold it all? It was

like Cori giving happy endings with her hand was the gateway drug to the heroin of her selling it all. Dylan might just OD if she did it.

Dylan sat up and held out his hands. Cori took them and smoothly pulled up to her feet. Her care paid off and her thigh highs were unscathed. She gave him one more look and let him off the hook.

“You’re right. I don’t need your permission, but I’d never do it if you were against it. I’d want your blessing—if I was going to do it. Which I’m not.”

“I’m not disagreeing.”

“Good. Now I really need to get a move on, or I’m going to be late. Go downstairs and check to see if the coast is clear. I don’t want the kids seeing me in this outfit when I leave.”

“Would want them thinking their mom is a *little whore*.”

Cori punched his arm. “Stop it. That isn’t even funny.”

Teasing her was funny, but no, the reality was not. He would be mortified if anyone found out, especially the kids. It was bad enough that Baines knew—and that her friend Seth suspected. They would have to move to another state! And Cori would have to build a new client base! That last part made Dylan laugh to himself as he left the bedroom.

four

. . .

THE DINNER WAS HELD in the highest penthouse in the city, which the firm's managing partner, Anthony Scaduto, had rented for the evening. Anthony was a multi-millionaire in his early forties, squat and heavily muscled, with thick black hair he wore slicked back. He was about the same height as Cori in her four-inch spiked heels. Mayde and Lexi were taller than him. He was the kind of built man who should have looked ridiculous in a suit, except that he had the money to have his black suit custom tailored, which meant he looked more like a movie star.

Anthony radiated confidence and power when he inspected the girls upon their arrival. They stood in the foyer, just past the private elevator that had brought them up, all lined up while he walked around them. It was a boss power move. They all wore the same outfit, but they each wore it rather differently. While Cori's tight elf dress showed off how tight her body was, Mayde's accentuated her thick curves and looked like it was a size too small. Cori was worried about having the cleavage to fill the dress, but Mayde spilled out of her version of it. Her bottom was similarly hardly covered and an inch or so of olive-toned thigh showed between the tops of her stockings and the hem of her skirt. And Lexi looked like a Christmas-themed Barbie doll. Long, blonde hair fell straight down her back and her twenty-four-year-old ass was just as high as Cori's, just rounder. She had curves—hers weren't as exaggerated as Mayde's—but she was tight and fit. Those elf dresses didn't hide anything. Lexi looked every bit the varsity cheerleader she probably had been in high school.

Cori felt a tingle in her core when Anthony's eyes swept over her. She stood straighter, pushing her boobs out, even though she couldn't compete with the women on either side of her. But she could tell he liked her. Cori had a sixth sense about that sort of thing. She was disappointed she wouldn't get her hands on him since he was Mayde's client. Maybe he wanted variety tonight. Cori could hope. It was all about his pleasure, but that didn't mean Cori couldn't enjoy getting her hands on a fine specimen of a man.

"You girls look perfect. The crew is going to be pleased. Thank you for coming. There are three bedrooms, two on the right and the master on the left. You can each set up in one of the rooms so everyone has their privacy. Set up your gear in your rooms, and when everyone is settled and has drinks, I'll call you all out and introduce you. I'll leave it up to the crew who they'd like to see. I'm thinking half-hour sessions to make sure everyone gets a turn. Does that work for you ladies?"

Anthony spoke like a man who was used to being in charge, giving the vibe that his payment for the evening meant they belonged to him for the duration. That tingle in her core grew stronger in response to his cockiness, but Cori's rebel side chafed at his assumption that they were just there for his pleasure—even though that was exactly what they were hired for. Giving therapeutic massage treatments tapped into Cori's nurturing side—as Baines said, she was like the group mother to her friends—but the energy required for her task tonight required something else. Subservience wasn't quite the right word, but close. Cori played the courtesan for her special clients, and she'd become quite good at it, but she always projected that she was in charge with clients. Anthony seemed to expect something very different.

"Sounds perfect, Anthony. Thank you for bringing us in. We're eager to get started, aren't we girls?" Mayde said.

Cori forced a smile to match the others. She was pleased to be there but had to bite back a snide comment.

"I can't wait to meet everyone," Lexi enthused.

"I'm sure everyone will have a good time," Cori said, because she had to say *something*.

"Excellent. Everything needs to be first class tonight. I know you ladies will be up to the challenge."

Mayde took the master bedroom and Lexi followed Cori down a hallway to the other two bedrooms. The penthouse was stunning. It was a corner unit and the two walls in the spacious living room were floor-to-ceiling windows looking out on the city. A long table had been set up near them so the diners could look out at the lights. The bedroom Cori chose had similar windows, but with a door to a small, narrow balcony. This wasn't even the master bedroom, but it was twice as large as the bedroom she shared with Dylan. Their whole house might have fit in that penthouse.

Cori moved two armchairs and a small table to the side and set up her table. There was ample room at the foot of the king-sized bed, but she thought it was wise to create distance from the bed. If the other men were alphas like Anthony, they probably had expectations. Mayde assured her she wouldn't be pressured, but Cori knew how men were. The attached bathroom had a large tub with jets. She was disappointed she wouldn't get to use it. Cori filled the large sink with hot water and set her oil bottle into it. She only used the oil for happy endings. Her usual shiatzu treatments didn't require oil. Most of her clients kept all their clothes on anyway. Cori finished setting up her room and knocked on the door to the bedroom beside her.

"Oh hey," Lexi said. She was still erecting her massage table.

"Let me help you with that."

"You don't have to."

"I have nothing else to do," Cori said.

They stood on either end of the collapsible massage table and locked the legs into place before turning it upright. Lexi took a folded sheet from the bag and Cori helped her spread it over the table. It didn't look like she was prepared with extra linens as Cori was.

"Isn't this place incredible? It must be costing Anthony a fortune to rent it," Lexi marveled.

"I'm sure it's all a write-off."

"Even us?"

"Entertainment usually is." Cori smirked when she said it. It was funny to be categorized as *entertainment*.

"I hope we're entertaining enough then. I couldn't believe it when Mayde said we were each getting six hundred for the night, before tips. It sounds too good to be true."

Cori pointedly looked at the way the elf dress hugged Lexi's body. "I think the clients will be properly *entertained*. You have nothing to worry about, Lexi. I bet we each clear at least a grand tonight."

"I'm hoping for even more. These guys are high rollers, right? They can afford it."

"That all depends on what you're willing to do, I guess."

"Do you...y'know..."

"You can say it, Lexi. We're both grown-ups," Cori replied, thinking that one of them was much more grown up.

Cori didn't much like the idea of competing with a blonde twenty years her junior. She imagined the guys were going to line up for Lexi. None of them was guaranteed clients that night. The guests would have their pick of the girls. She knew her skills were unmatched, but she had to get her hands on someone to prove that. Cori hoped these guys liked the MILF-type, as Mayde always called her.

"She means fucking. Lexi wants to know if you fuck for money," Mayde said, joining them.

"I wouldn't put it that way," Lexi said.

"Do you have a preferred word? I find *fucking* works just fine."

"I just don't like to toss it out there like that. I mean, we need to use discretion, right?" Lexi said.

"I doubt tonight is about that," Cori said. "These guys all know that we're not just here to give massages. Right?"

Mayde laughed. "We are officially here to help these gentlemen relax. Finance is a high-pressure job and it's understandable these boys need to blow off some steam. I haven't promised Anthony anything specific."

"Right. These are typical work uniforms," Cori said, posing.

"I think the outfits are cute. Do we get to keep them?" Lexi asked.

"You can keep them," Mayde agreed. "And I didn't say there aren't certain expectations. I'm just saying nothing is promised. Besides, you never know. Some of these guys may be happily married. They might just want a massage. Or nothing at all."

"I'll count on that," Cori replied, laughing.

"Now, speaking of relaxing, who wants help chilling before we start?" Mayde said. She produced a tin that held three orange, sugar-crusted gummies, and took one for herself.

“Awesome! Thanks, girl,” Lexi said, selecting one of the pot candies and popping it into her mouth.

“No thanks. It’s best if I stay clear-headed tonight,” Cori said.

Mayde pouted. “But it got you so relaxed last time, and we had a ton of fun.”

“A little too much fun, I think,” Cori replied, laughing. “That’s why I want to stay clear this time.”

“Suit yourself,” Mayde said.

They settled in for their wait. Lexi sat on the edge of the bed, while Cori and Mayde took the chairs. The room was identical to Cori’s, but Lexi placed her table right by the end of the bed, leaving the sitting area intact. She leaned back and put her heels up on the table in front of her. Lexi’s heels were green.

“You never said, Cori. What do you offer?” Lexi asked. “You don’t have to say if you don’t want to.”

“I’m not full service. It’s mostly just handjobs.”

“Mostly?”

“I have a couple of clients I go the extra mile for, but just a couple.”

“Cori’s mouth is very precious. You have to be royalty to gain access,” Mayde teased.

“Hey, I still feel like I’m getting my feet wet. I haven’t even been doing this six months. I feel like I’m moving at lightning speed.”

“I’m just razzing you, Cori. We all have different boundaries, and what you’re comfortable with can change over time. Right, Lexi?”

“Mhm. I’m no prude, but I never thought I’d be doing these things.”

“You told me that you only tease. That’s obviously not true,” Cori said.

“It was true for a while. It’s still mostly true. Most guys are just looking for a little attention from a like girl me. They all have their blonde bombshell fantasies, so when you look like this you don’t have to try very hard.” Lexi paused like she caught how it sounded. “Like, I don’t mean you have to work hard. You’re hot, Cori. I’m sure the guys all want you too.”

“It’s okay,” Cori said, laughing. “I never wanted for male attention. I know all the guys want girls like you and J-Lo over here—”

“Hey!” Mayde complained.

“But guys love the cute, cool chick who can hang, and that’s always been my thing. I’ve always had a ton of guy friends, and they all wanted to fuck me.”

“Did you?”

Cori laughed. “Some of them. Fooled around with a lot of them. Our group had a pretty loose vibe. I’m sure there was some talk behind my back, but I didn’t want it to be that I couldn’t keep my legs closed.”

“Yeah, guys can be shitty,” Lexi agreed.

“That’s why I like married clients. They know how to keep their mouths shut,” Mayde said.

“One of my daddies is married. I know he’s so generous because he wants me comfortable, not that I’m the type that would ever go to his wife.”

“Daddies?” Cori asked.

“I told you, Lexi does the sugar baby thing,” Mayde answered.

“I have three. They’re all older guys, but only the one is married. One is divorced, and I think the other one was always just too busy working to bother with getting married. He likes our arrangement because I’m there when he needs me.”

“But that’s not just teasing?” Cori asked.

“One of them is. The married one. He acts paternal, which I know sounds creepy, but I promise it’s not. He just likes to give me his wisdom. And I take it because he’s paying me to. The single one—he does something in tech—he started as a massage client. When he wanted something more, I told him we could come to a different kind of arrangement. I swear, my massage clients are mostly teasing. There’s just a couple I give happy endings when they’re really eager. They pay a lot for it.”

Cori had to admit it. She was jealous. It would be nice to get away with just teasing the clients and still make good money. *Maybe if I was a twenty-four-year-old blonde with big tits*, she thought. But she didn’t mind giving happy endings, and it made her horny as hell, so it wasn’t just about the money. It didn’t seem like Lexi got the same turn-on from her work. Cori knew she could be just as turned on by admiration as she was by touching. But she also wasn’t the type who could just sit back and watch a guy jerk off while she flashed her boobs. Cori would feel bad. She knew she would end up getting in there anyway.

“Sounds like you keep pretty busy with all these men. Do you see any clients for strictly therapeutic massage?” Cori asked.

“Not anymore. Janine knows the score, and she knows who to send to me. I don’t get the old ladies with sciatica,” Lexi said.

“We told you, Cori. Janine knows what’s what. She just pretends not to for plausible deniability. I’d say half the staff is doing more than just rubbing sore backs,” Mayde said.

Cori laughed. “I feel so naïve. I swear, I had no idea when she hired me. And I really did get into this to just give massage therapy. I never thought I’d be doing the other stuff. I didn’t even think I was capable of it.”

“We all have our price, girl. No shame in that,” Mayde said.

“And tonight, that price is going to be high!” Lexi said.

They all laughed.

Cori felt strange being “the help.” She made side money working the occasional catering gig in college, but the servers had been so busy at those events that she never had time to stop and think about being separate from the attendees. Tonight, she and the other women were left in their room when the party started. They heard the music and the guests arriving in the living room, but they weren’t called in to meet the guests. The only nod to their presence was a bottle of wine and three glasses, brought by a server with Mr. Scaduto’s compliments. Mayde poured out the wine, even though Cori said she didn’t want to drink.

“You won’t even have a glass of wine?” Mayde asked.

“I told you—”

“Blah, blah, blah, Cori. If you’re not relaxed, you’re not going to be able to relax your clients.”

“She has a point,” Lexi agreed. She took a glass.

Cori hated the peer pressure. She didn’t need to get stoned or drunk to do her job. Giving handjobs was no big deal to her. It was just a transaction. And if she did get drunk or stoned, the chance increased that she would do something she probably shouldn’t. Cori stared at the proffered glass of red. If she was good at anything, it was handling her liquor. One drink wouldn’t hurt.

“Fine, just one,” Cori said, taking the glass.

“To big money,” Lexi said, raising her glass for a toast.

“Big money!” Mayde and Cori repeated in unison.

They *clinked* glasses and drank. The wine was incredible, but then someone like Anthony Scaduto wouldn't buy cheap wine. He did say everything would be first class. The wine was so good that one glass turned into two, and Cori finished the bottle after the others had their second glass. She wasn't close to drunk, but the fine wine succeeded in taking the edge off, leaving her warm and happy. Mayde and Lexi were smiling, with wide eyes, telling Cori their edibles had kicked in. All the women were warmed up and ready when one of the servers came to inform them that Mr. Scaduto was ready to present them.

The guests were seated around the long table by the windows. Cori counted twelve people, besides Anthony. She was surprised to see two women in attendance, not because women couldn't keep up with the boys, but because this didn't seem like the sort of evening to which Anthony would invite female colleagues. All the guests were dressed to the nines in expensive suits, and cocktail dresses for the women. The waitstaff stood at the ready around the table. It wasn't lost on Cori that they were all attractive young women in snug white blouses and short, tight black skirts. She would die if she had to wait on the party in those heels. She already hated walking in the heels she was wearing. Her's would be coming off when she started working. She preferred working barefoot.

Each guest had a plating of surf and turf in front of them. The petite steak and lobster tails were accompanied by new potatoes and green beans. It all smelled delightful, making Cori wish she'd had more than a light snack earlier. She didn't like working on a full stomach, but she didn't anticipate having wine. Her mouth watered and she would have happily taken part of her payment in one of those dinners. Anthony stood and tapped his butter knife against his glass.

"You're attention, please. Gianni, cut the music," Anthony said, waiting until the music was silenced before continuing. "Gentleman—and ladies—I'd like to introduce the real perk for this evening. Yes, the food is five-star, the wine top shelf, and the powder the finest Columbia has to offer, but we cannot live on wine and food and nose candy alone. I work all you bastards to the bone. We all know this ain't no nine-to-five job. That's a lot of fuckin' tension you're building up, am I right?"

Everyone at the table concurred, laughing and nodding. Cori thought it could be fun to be a part of that type-A crowd.

“These fine ladies are here to drain that tension you’ve built up making me a lot of money. Trust me when I tell you that they are all experts. Their magic hands will turn you into putty.”

“Some of us faster than others,” someone called out, followed by raucous laughter.

“Yeah, and some of us never get past being putty,” someone else chimed in.

Cori felt an uncharacteristic flush rise to her cheeks hearing these men openly acknowledge that she and the others were there to jerk these men off. She wondered what the women at the table thought of all of this. *That we’re cheap whores*, she thought, answering her own musing. Cori knew she was anything but cheap.

“Enough, boys,” Anthony said, quieting the room. “Be respectful. These ladies have taken time out of their lives to take care of us. And make sure you’re as generous with them as they are with you. Your tips for services are your own business.” More laughter. “Ladies, will you please step forward and introduce yourselves.”

Mayde stepped forward first and posed, placing a hand on her round hip. She radiated attitude. “I’m Mayde, and I’m looking forward to getting my hands on you guys. My room is off to the left.” She finished by blowing a kiss. One of the men whistled.

Wow, she’s really laying it on, Cori thought. She didn’t know if she had that in her.

Lexi stepped up next, while Cori tried to summon sassiness to match Mayde.

“I’m Lexi. You’ll find me behind the first door on the right. I can’t wait to help you boys relax. I know just what a tense man needs.”

Cori barely suppressed her eye roll. She could see why Lexi got away with teasing alone. Several of the men were practically drooling over the former cheerleader. She was probably the girl they couldn’t get in high school but jerked off to every night. And that left Cori. She had no idea what to say. She certainly didn’t think she could compete with Mayde and Lexi. Mayde always told her she had the MILF thing going on, but she had no idea how to work that. Should she have worn one of her carpool outfits? She stepped forward and tried to strike a pose and immediately felt silly.

“Hey, guys. I’m Cori. If you just want a chill, relaxed environment to cut loose, you’ll find me in the last room on the right. Come see me, and I’ll

make all your worries melt away.”

Cori stepped back, staring down at her feet. It was not like her to lack confidence, but after that, she didn’t expect to have anyone coming back to her room. *At least the base money is good, she thought. And I get to keep my dignity. There’s that.*

“Very nice, ladies. Very nice. You can go on back to your rooms and we’ll be back as the evening winds along. You might get some early takers if these bastards are raring to go and want to skip dinner,” Anthony said.

The women waved to the crowd and walked away, Mayde splitting off to go to her room. Lexi took her arm and giggled the moment they were out of sight.

“How do you think that went? I’m excited to make some money. They all look like big spenders.”

“I think you’ll make plenty of money tonight, Lexi. I’ll be in my room filing my nails.”

“I saw guys giving you the eye. You’re hot, Cori. I’m sure you’ll have your hands full.”

“Haha. Very funny.” They paused outside the doors to their rooms. “Do we leave our doors open?”

“I guess so. Good luck.”

. . .

CORI SPENT the next hour watching videos on Tik Tok and scrolling Facebook. She thought about snapping a selfie and tagging it with, *Waiting to sell handjob. Typical Saturday night.* Cori laughed. At least she amused herself. She tapped her foot to the music coming from the living room. It was mostly Christmas music, with the occasional standard thrown in. She wasn't surprised these were Sinatra guys, even though most of the group looked to be in their thirties.

A lanky blonde man with glasses stopped in the doorway, and Cori looked up hopefully. He wasn't much to look at, but this wasn't really about her. She could rock his world. He spotted her and their eyes met briefly before he looked away.

"Uh, sorry. I was looking for the other room," he said, with a sad little wave.

He turned and walked into Lexi's room. Cori heard a squeal of excitement and the sound of the door closing. *Maybe someone will come in because the other two are busy,* she thought. Cori was sure Mayde's room was already occupied. She got up and started walking around the room to keep limber and worked on a calming breathing exercise.

"You're available, right?"

The voice from the doorway made her jump. The man it belonged to was handsome but looked like a baby. Was he even old enough to be a broker? His brown hair flopped over his forehead and his stubble was closer to a five o'clock shadow than a beard. The suit fit him well, but he didn't look like he was used to wearing it. He looked like a frat boy dressed up for

the Spring Formal. Cori suspected he was closer in age to her sixteen-year-old daughter than he was to her.

“I am very available. I’m all yours.”

“Sweet,” he replied, tentatively stepping into the room. “I’m Charlie.”

“I’m Cori,” she replied, crossing the room, and offering her hand. She also took his arm and guided him into the room. He seemed shy about the whole deal, but she didn’t think a good-looking kid like him had trouble getting girls. She closed the door behind him and dimmed the lights.

Charlie stood in the middle of the room as if he was waiting for instructions. Cori was used to clients who’d never had a massage and didn’t know how to behave, but she expected these alpha brokers to stride into the room like they owned her and demand their service. Charlie was a nice surprise.

“You can go ahead and get comfortable,” she said, pulling up her standard treatment playlist and connecting to the Bluetooth speaker she carried. Soothing New Age music filled the room.

“How, uh, comfortable should I get?”

Cori smiled. “As comfortable as you like, Charlie. This is all about you, remember? I’m here to help you relax.”

“Yeah, right.” He smiled to signal he knew the deal. Charlie had a goofy, endearing smile.

Charlie removed his jacket and looked around for a place to put it. Cori took the jacket and laid it neatly on one of the chairs. He slowly worked on his tie, as if he hadn’t tied it himself and didn’t know how it worked. His innocence was a pleasant surprise, but it emphasized his youth. Their age gap felt even more pronounced when Cori helped him with his tie, loosening it enough to slip it over his head. He was half a foot taller than her, and Cori had to reach high to remove the tie. She put the tie around her own neck and began unbuttoning his shirt. His crisp white shirt felt good under her fingers, and she felt an unexpected tingle. A well-dressed man had always done it for Cori, and Charlie was cute—even if he was young. *Maybe it will be fun to play Mrs. Robinson*, she thought, hastily reminding herself she wasn’t *really* old enough to be his mother at forty-three. *Maybe his cool, sexy aunt*.

Cori finished unbuttoning his shirt and pushed it back to reveal a white undershirt. He was slender and his chest felt nice. It had been ages since she’d touched a guy in his twenties and as wrong as it was, she felt the lure

of his youth. Charlie looked down at her like he expected her to keep undressing him, but she stepped away.

“I think you can get the rest. Get ready and climb onto the table. I’m going to get my lotion from the bathroom, and I’ll be right back.”

Cori stared at herself in the bathroom mirror. *Are you really going to jerk off a kid in his twenties?* Of course, she would because it was her job. What bothered her was that she realized she might like it. Charlie was tentative when he came into the room, which made her suspect that he had been looking for Lexi and she was taken, but Cori chose to think he wanted her, and that tingle between her thighs strengthened thinking someone his age found her hot. She didn’t know whether her husband would find it hot too or tease her mercilessly for jerking off a kid.

Charlie was face down on the table when she came out of the bathroom with her bottle of warm oil, naked as the day he was born. His shyness was disappearing. He did not place the sheet over his ass. It was nice and firm in the way a twentysomething ass should be. Cori just wanted to squeeze it. Instead, she draped the sheet over him. They could pretend for five minutes that this was about the massage.

“Sorry, I’ve never had a, uh, massage before,” he said, his face buried in the donut-shaped headrest.

“I would have never guessed,” she replied with warmth. “Just relax, Charlie. I’m going to give you a good time. Do you want oil?”

“Whatever you think is best.”

Cori set the oil aside for the moment. She didn’t use it in her usual, legitimate practice, as she specialized in shiatsu massage, which was more about using acupressure to increase blood flow and release tension, rather than pulverizing the subject like in Swedish deep tissue massage. Her therapeutic clients didn’t even take their clothes off. For the clients that night, she would use a combination of shiatsu and more of standard massage. Healing wasn’t the point so much as relaxing these clients—and giving them a happy ending.

Charlie started tense, but as Cori worked her magic he relaxed, sinking into the table. He jumped and giggled when her slender fingers brushed over his ticklish areas. She apologized, but he said he liked it. Cori was tempted to attack him there and see if he had a tickle fetish. That would be something new for her. As this was an abbreviated session, she quickly

worked down his back, massaging down one side before switching to the other side of the table to get the other.

Cori smiled when she felt him tentatively touch her leg. If it were a legit treatment, she would have politely moved his hand and hoped he took the hint. His arms were at his sides, and all he had to do was turn his hand to touch her. She could have moved lower, but patiently stood in place and let him enjoy her green-velvet-encased leg. His fingers found the hem of her dress and glided lower over her smooth thigh-high. He slipped higher then and squeezed his fingertips under the tight hem of her elf dress. She let him reach the lace border of her stocking top before she moved lower to work on his legs, pointedly skipping off his butt.

“Have you worked for Mr. Scaduto for long?” she asked.

“Echelon recruited me right out of college, so I’ve been there about three years. It’s not bad. The pay is great, but I have no life. There’s no time for that.”

Cori refused to do the math to calculate his age. “The time to do that is when you’re young. You have the time and energy to make bank. Your priorities will change when you get older. If you have a family, you might actually want to see them.”

Charlie laughed. “Have to have the time to find a girl to get to the next stage. The only thing I have time for now is Tinder hookups. You know what it’s like.”

“They didn’t have Tinder when I was single. I don’t know what online dating is like at all,” Cori replied, working on his feet. He got squirrely when she hit the pressure points there, but she knew it was releasing tension.

“You never did the online thing?” Charlie sounded baffled, like he didn’t understand how else she could have met someone.

“My husband and I met through friends at school. Online dating is well after my time.”

“You’re not *that* old, Cori,” he blurted, and quickly backtracked, “I mean...”

Cori moved back up his body and pulled the sheet aside to give his butt a playful smack.

“It’s okay, Charlie. I guess it’s a compliment that you don’t think I look *that old*.”

Cori grabbed his cheeks with both hands and gave them the squeeze she'd been lusting for, deeply kneading them. Her fingers wedged down between his thighs and he wisely adjusted, spreading his legs wider. Guys experienced with happy ending massages started with their legs spread for easy access. She brushed along the underside of his shaft and Charlie jumped. He shivered and gasped when she teased the underside of his tip. Cori smiled. She did love the tease.

"You're like thirty, right?" he gasped.

"Something like that. It's wise to guess low when I'm so close to your jewels. I think you should turn over, Charlie." She stepped back to give him room to move.

Charlie spun onto his back so fast that he almost flopped off the table. Cori came close again, and he didn't hesitate to palm her ass. She smiled down at him and let him have his fun. His big hand on her butt made her core tighten. She enjoyed being pawed way more than she should, which was why she never made her clients keep their hands to themselves—as long as they didn't push it.

The hand on her butt wasn't the only thing that stoked the heat between her thighs. Charlie's big slab of meat slapped right up onto his belly when he turned onto his back, and it was impressive. He may have seemed young like a kid, but Charlie was hung like a man. His was closely trimmed down there, which she liked. Cori had a good, recent sample size to compare it to, and he was one of the bigger ones. He stretched all the way up his stomach and was nice and thick. She squeezed her thighs together and thought about how much fun it would be to do more than jerk off that thing. This was the danger in her line of work. Cori had always been easily aroused.

Cori ignored the thing that demanded her attention and instead rubbed his chest. Charlie was nearly hairless, and she enjoyed caressing his smooth, young skin. He stared up at her like he could will her to just grab his cock, but she wanted to keep the pretense that it was about the massage going for a while longer. She walked around to the top of the table and gave him a thorough head rub. Guys loved it when she ran her fingers through their hair, and Charlie was no exception. He moaned like she already had his dick in her hand.

"Mmm, that feels amazing," he sighed.

"Not too much fingernails?"

"No, it's great Cori. You could do that all night."

Cori watched his cock as she massaged his head. It may have relaxed him, but it made him horny for her too. He stared up at her breasts while she massaged him. His shaft twitched against his belly and the tip leaked sticky excitement. She thought he would be quick when she made her way down there, but she had one more trick up her sleeve first. Cori leaned down over him, pressing her boobs into his head while running her hands down his chest, scratching her nails along his skin. Her hands kept to either side of his cock, but he moaned like she'd grabbed it. Charlie rubbed his face into her tits. Cori glowed with pride that she had the young man so worked up for her.

"I could keep rubbing your head the rest of the time if that's what you like," she said, straightening and returning her hands to his head. She caressed his face and massaged his temples. Charlie looked like he was in love.

"I, uh, thought there would be..."

"I would be happy to *really* relax you, Charlie. Is that what you'd like?"

"Yeah," he eagerly replied.

Cori moved back to the side of the table and rubbed his shaft as it lay along his stomach. He was hard like steel. God, she remembered how hard guys got back when she was young. She missed it. If this were any other situation—and she was single—Cori would be climbing on top of Charlie and having real fun. But she was not selling *that*, even if she was tempted. Hadn't she just told her husband she wasn't going to cross that line? Cori blamed the wine for even putting the thought into her head.

"Your boss took care of the massage, but it's up to you to handle my tip. I promise you won't regret it if you're generous, Charlie."

"Yeah, Cori. I want to be very generous. How generous do I need to be?"

Cori still found this part awkward. She hated the money exchange. She couldn't just lay out prices for services for legalities sake. The tip was for the massage, and anything else that might happen was just fun between consenting adults, but sometimes she wished she could just lay out a price list. At least it became smooth with her regular clients. She also made sure she got her tip before they moved on to the fun with a regular client, but she felt she could trust the guys tonight. Anthony Scaduto didn't seem like the type of man who'd be happy if his people stiffed the girls.

“That is entirely up to you, but my appreciative clients usually tip me at least a hundred, and then I can give the massage a *very* happy ending.”

“Is that all I can get, a—uh—massage?”

Cori smiled. Charlie wasn’t all that shy. He wanted a blowjob. She was sorely tempted because he was so cute, but Cori didn’t plan on doing that for any of these guys. She only did it for three of her special clients and felt that adding more men to that list would push her further down the road to selling it all. Once selling her mouth became routine, was it such a leap to start fucking clients? Mayde would say no. She told Cori about how it was a slippery slope, even though she only went there with a very select group of clients.

“Don’t worry, Charlie. I think you’ll be very happy with my hands. I’ve been told they’re magic.”

“Does your dress have to stay on?”

Cori considered it for a second. “Not if you’re very generous.”

Charlie smiled. “I believe in tipping very well for excellent service, Cori.”

“I’ll hold you to it, Charlie.”

Cori stepped back to give him a full view of her body and swayed her hips to imaginary music in her head. The soft, instrumental music she played during treatments was not exactly striptease music, and she wasn’t a striptease kind of girl anyway. She would have felt silly pouring it on. She removed his tie and tossed it onto the chair before unsnapping the halter behind her neck and rolled the elf dress down past her breasts, exposing a fortified, black strapless pushup bra. Cori caught the zipper at her back and the dress slipped when she drew it down. The Christmas costume was still tight, and she had to wiggle her narrow hips to drop the dress to the floor and reveal her tiny black thong. Stripping was not part of the plan, but Cori knew it was likely to happen with this crowd and had purposely chosen sexy underwear. The black, patterned thigh highs and spiked heels completed her look and she felt sexy when she posed with her hands on her hips. She had never been someone who enjoyed glamming it up, but Cori was starting to love the attention it brought her.

Charlie looked like he wanted to bend her over the massage table and plunder her pussy. She stared at his cock and was tempted to let him do it. If money was the problem, she could give it away and be in the clear—except she was married. Dylan was okay with her fucking Baines. How would he

feel if she gave it up to someone else? She couldn't test that without talking to him first.

"Damn, I wish I was your husband," Charlie said when she came back to the table and grasped his cock.

"It's not all lingerie and sexy times. You'd think I was a pain in the ass. Trust me," she replied, smiling down at him. She slowly stroked him, her hand traveling far to cover his length. Her fingers couldn't quite close around him.

"Ahh...I can't believe he's good with this. I mean, I'm glad he is..."

Cori squeezed him tighter to distract him. "We have an understanding. You don't need to worry about my marriage."

"I like it, Cori. It's so hot that you're married." His eyes devoured her body. "If you were a mom too..."

So that's why he's in here, she thought. *He has a MILF kink.* Cori almost laughed. She hadn't encountered it so explicitly with her other clients, but she hadn't taken on anyone as young as Charlie. Mayde always told her guys would pay for the MILF thing and encouraged her to play it up. Cori felt silly—and a little dirty—doing it, but this was a good chance to play with it.

"Why don't you think I'm a mom?" she asked, adding a second hand to his shaft. He was so big, one hand wouldn't get the job done.

"Your body's fucking rockin', Cori."

Cori didn't know if she should be flattered or insulted that he thought all mothers were lumpy and had stretch marks.

"Thanks, Charlie. But moms have rockin' bods too. Gisele Bundchen has kids."

"You're hotter than Gisele," he moaned.

"That's because I'm half-naked right in front of you, but thank you, Charlie."

Cori squirted oil into her palm and rubbed it into both hands. The room filled with a vanilla scent. She used a flavored massage oil with preferred clients because sometimes she did end up tasting it and ordinary massage oil was foul. Cori would never make that mistake again.

Her slick hands easily glided up and down his thick meat. She rubbed his flared head like she was buffing it and Charlie lifted his hips from the table with a low groan. Cori thought he was going to come right then, but he held on. He wouldn't get his money's worth if he blasted too quickly.

“I have two kids, a boy, and a girl. Did you ever have a hot classroom mom, Charlie? Did it make you feel all funny?”

“Ahh...god...Cori...yeah, but not as hot as you...”

“But you’ve seen moms like me at your baseball games, or driving your team to soccer, and wondered how they looked like this.” She pushed her augmented tits at him.

“All those guys...his friends...are jerking off to you...they want it...”

Cori didn’t want to think about that at all, even if it could be true. She’d caught teenage eyes lingering on her ass and moved out of view. Why did guys always go there? That wasn’t something any mom wanted outside of porn videos. But Cori would play her role.

“Did you jerk off to your friends’ moms? You can tell me, Charlie.”

“None of them looked like you. Ahh... If they did, I’d have been beating off every day...”

“I’d love to see you beat off to me, babe. Your dick is so big, and I love that it’s so hard for me.”

“God, if you want it, I can really give it to you, Cori.”

Charlie twisted and grabbed her tits with both hands. His big hands were strong, and he kneaded her pert swells roughly in his excitement. Cori might have slowed him down, but she didn’t feel much through the pushup bra. He needed to squeeze that hard for her to feel him at all. Her breath still caught in surprise and excitement when he grabbed her. She loved an assertive man. Cori made a snap decision and reached back and unhooked her lacy, red bra. Charlie pulled it away and dropped it to the floor.

“Ahh...your tits are perfect, Cori,” he groaned, sculpting her flesh.

“Mmm, that feels good, babe, but not too rough.”

Charlie adjusted and his fingers grazed over her breasts, teasing her nipples. They were incredibly sensitive, and shivers went down her spine straight to her heated core. Dangerous arousal throbbed through her body, but Cori was determined to keep herself in check. She wasn’t going to let this first client push it too far, or it was going to be a long night.

“You don’t have to be *that gentle*, babe,” she encouraged. Cori liked his strong hands.

Cori leaned over to give him better access to her tits while twisting to keep her hands on his cock. Her extreme flexibility often came in handy on the job. She gripped him tightly at the base and rapidly stroked her other

hand up and down his length. Another way to make sure she wasn't tempted to let Charlie push things was to finish him quickly.

"Have you ever been jerked off by a soccer mom before?" she asked, her voice husky.

"Ahh...no...it's so hot...you're so hot..."

"I shouldn't admit this, but I love your big, young dick. God, you're so hard, Charlie. I love how hard a young dick gets."

"Ahh...Cori...I wanna fuck you so bad..."

"If we met out somewhere. If you flirted with me, I'd love to ride this thing all night long."

"Ahh..."

"You want this soccer mom bad, don't you, stud?"

"Yeah...fuck yeah..."

"Come for me, Charlie. Show me how bad you want me..."

"Yeah...yeah...ahh...yeah..."

Cori leaned closer, pointing him at her chest.

"Do you want to come on my MILF tits?" Cori was excited, but still had trouble getting *MILF* out in dirty talk.

"Ahh yeah...Cori...you dirty mommy..."

"I'm *such a dirty mommy*...jerk off your young cock..."

"Fuck!" Charlie roared, pulling his hands away from her.

Charlie came so hard his load actually splatted on her tits. Cori was used to excited clients, but none of them had come as hard as Charlie. She worked his cock, and he pumped four huge helpings of cum all over her chest. Cori involuntarily moaned, her core tightening with excitement from the young man coming all over her tits. His desire for her filled Cori's head with dirty thoughts. She wanted to get Charlie hard again, and she wanted to fuck him, but she was a grown woman, and she would control herself.

"Fuck, that was intense. Is it always that intense?" he asked, huffing and shaking.

Cori smiled down at him and would have ruffled his hair if her hands weren't slick with oil. "When it's done right. I'm glad you had a good time... That was a lot of fun."

"But you didn't get anything out of it."

"I like giving pleasure. And I like getting guys off. Maybe it's hard for a guy to understand, but it's hot for me to know I turn you on."

"That's so sexy, Cori."

Cori looked down at his cum running down her chest. “I’m going to clean up, and then I’ll be back to clean you. Stay right there, Charlie.”

Charlie hungrily stared at her body. “I’m not going anywhere.”

“Don’t get too comfortable. I have to kick you out in a few minutes.”

Cori picked her dress up and carried it into the bathroom, where she washed her chest with a warm washcloth. Her teasing was rooted in truth. She did feel like a bad, dirty girl for jerking off a kid in his twenties, and especially for letting him come all over her chest. It was not a move she offered to most of her regular clients. Only a handful of them had even seen her topless. It was like the devil was whispering in her ear to be bad that night. She was so wet.

The elf dress went back on—sans bra—and Cori returned to the room with a fresh washcloth to clean Charlie. She did a thorough job and he started to get hard again—because of course he did. He was twenty-five years old. Cori finished washing him and dropped his cock like it scorched her hand.

“You need to get dressed,” she told him.

Cori enjoyed watching him dress, feeling safer once that tempting cock was put away. She put the tie back around his neck and tightened it for him. Charlie held her hips and slid his hands around to her ass while she stood close. He looked down like he wanted to kiss her, and she was tempted. Cori hugged him and stretched up to kiss his cheek.

“Time to go, babe.”

Charlie reached into his pocket and peeled three hundreds from his money clip. He’d come prepared for a good time. She took the money and tucked it into the top of her dress, thanking him. Charlie left and she closed the door behind him. She needed a minute.

Cori lay on the bed and pulled the dress up over her hips. Her thong was scooted to the side, and she caressed her slick furrow. That big piece of meat filled her mind and Cori fantasized about Charlie using it to pound her into the mattress. She rubbed her clit in a tight circle and bit her bottom lip to keep from crying out. The orgasm came quickly. Cori’s body heaved and she cried out, and pleasure flooded out from her core like a tsunami. She slowly, gently stroked her slit through the aftershocks and smiled thinking about what a hopeless slut she would be if she really let go as she had in her younger days.

Did I just say I'm a dirty mommy? What the fuck is wrong with me? She thought, laughing out loud. Cori pulled the three hundreds from her dress and that made it all okay. She'd say whatever Charlie wanted for that kind of money. She'd never been paid so well for a handjob and a quick grope. *Tonight might be worth it after all.*

. . .

DYLAN WAS surprised when his phone *dinged* with a message from Cori. He never heard from her when she was working. She focused all of her mental and physical energy on her clients, whether or not they were in her preferred tier. He paused *The Godfather*, which he was watching for the millionth time. He'd needed the distraction from obsessing about what Cori was doing at that party. He snatched up his phone and unlocked it.

CORI

just had the hottest session. Jerked off this 25 yr old guy with a thing for MILFs. His dick was huge. 🍆🍆🍆

DYLAN

glad you're having fun. All you did was jerk him off?

CORI

he wanted me to blow him but I'm trying to behave. Don't want to lose my head in this situation

DYLAN

would have been hot if you blew him. Sounds like you wanted to

CORI

you'd understand if u saw his dick.

DYLAN

should have had your fun with that thing. Don't get a chance to play with a big 25 year old dick every day

The text hung there, and Dylan didn't reply because he suddenly had trouble breathing. It was likely Cori was just messing with him because she'd always been adamant that was a line she did not want to cross with clients, but he also knew his wife. He knew how sexual she was and how she'd been something of a tramp before they'd met. He knew she couldn't seem to get enough of Baines' cock. Cori being tempted to fuck some big-dicked twentysomething didn't come as a surprise at all. She said it was different with Baines because he wasn't paying her for it. Dylan understood it in principle but thought that once she started selling her body it didn't make much of a moral difference how far she went. It didn't make a difference to him.

Deep down, Dylan always thought the moment would come when Cori would start fucking clients. Her line had shifted a lot in just a few months. The original plan was handjobs only, but it didn't take long for her to get carried away and let a client touch her and make her come, which led to Cori dressing up—and stripping—for some clients. She was even blowing a couple of big spenders now, although Dylan knew it wasn't just about the money. Cori sucked their dicks because she wanted to. The money just made it dirtier and hotter. Dylan just never told his wife what he thought because he didn't want to incur her wrath.

Dylan wanted Cori to fuck her clients. Okay, he did, and he didn't. It was his darkest, more powerful fantasy. He fantasized about Cori being so horny from handling a client that she'd surrender herself. Every appointment with a preferred client left her so hot that she either had to run home and fuck him or go see Baines. Eventually, she'd decide not to wait until she left the client. Dylan believed it was just a matter of the right client coming along.

The idea of other men having their way with his wife twisted his guts, but he loved it. If he could live with Baines being her fuckbuddy, he could certainly handle Cori doing it for money. It would be easier. The intimacy his wife and best friend shared was what truly wrecked and scared him. Their history sparked his jealousy. Fucking clients would just be about the sex and money. Dylan could enjoy that even more than he did his love-hate relationship with Cori's fling with Baines.

All of that played in his mind as he wondered how to reply to her last text. His horny, degenerate side wanted to tell her to go for it and get paid, but Dylan hesitated. Telling his wife to sell her pussy was something he couldn't take back. Cori might just take the permission and run with it, and he would have to live with that.

DYLAN

did you?

CORI

it's too late. he's gone now. Waiting for my next client

DYLAN

but did you?

CORI

it would have been a blast. I really got into his MILF thing.
Said the craziest things

Dylan loved knowing other men wanted to fuck his wife. He was hard as a rock thinking about this big-dicked kid wanting Cori and him wanting her because she was a sexy older woman—he'd never tell Cori she was an *older woman*—was the icing on the cake. How much would he have paid her? Dylan would give anything to be hiding in the corner watching it all go down.

DYLAN

you should fuck him

CORI

seriously?!? 🤔

DYLAN

if you want to, go for it. Just make sure you get paid

CORI

ur okay with that?

Dylan didn't know if he was. His text came out like his fingers were acting with a mind of their own. But it was out there now, and even though his insides felt like he'd just bungee-jumped off the Golden Gate Bridge, he didn't want to take it back.

DYLAN

you know I want you to have fun

CORI

and you love me selling myself. Ur probably so hard right now

DYLAN

guilty as charged

CORI

prove it. Show me

DYLAN

really?

CORI

if u want me to fuck a client tonight u need to show me u mean it

Dylan wanted to argue that he didn't *want* it per se. He didn't ask her to fuck someone tonight. He was just good if it happened. He needed to tell himself that. Dylan stared down at the tent in his shorts. Cori sent him sexy pictures sometimes, but he'd never sent her a dick pic before, and she'd never asked for one. It felt silly to do, but he pulled down his sweatpants and pulled out his dick and snapped a photo. Cori replied right away.

CORI

u really do want it

DYLAN

you want it more. Are you going to do it?

CORI

we'll see. I'll let u know. 😊 have to go. Luv u!

Dylan texted back that he loved her, but Cori was already gone. The rest of the night was going to be torture while he wondered if his wife was fucking someone at the party. Or everyone at the party. What if they were all willing to pay for a turn? Cori was worth it. She was the best fuck on the planet. Dylan loved thinking that a room full of men wanted to pay for sex with his wife. He turned off *The Godfather* because he had to jerk off.

Cori had the green light. She didn't quite believe Dylan said to go for it. He'd said in the past that it would be hot if she screwed her clients, but it was always during dirty talk, and he always backtracked after he came. She thought that deep down Dylan would love it if she started fucking her clients, but she didn't know if his head could handle it. He got pissy whenever she went over to see Baines. It turned him on to share her with his best friend, but he couldn't fully control his jealousy.

A better woman might have stopped seeing Baines—at least without her husband present—but she enjoyed it, and Dylan would have to tell her to stop if he wanted it to end. And now Dylan told her to fuck a client. What would he do if she went through with it? Cori was tempted to test him and just say she did. That way, she could take it back if Dylan lost his shit.

Dylan's permission didn't change how Cori felt about sex with her clients. It still felt like a bridge she shouldn't cross—no matter how much fun it might be with a guy like Charlie. Cori feared that if she went all the way and sold everything, that it would fundamentally change something about her. Or maybe she was afraid it wouldn't change anything at all, and what would that say about her? Cori also had a very real fear that if she gave into temptation, she wouldn't stop. If Cori had said yes to Charlie, would she have spent the rest of the night on her back? Sex with Baines was supposed to be a one-time thing, but they'd been doing it for weeks.

Cori decided it was a good thing she didn't have Dylan's go-ahead before Charlie came into the room. It made her decision easier. She didn't expect to be so tempted again that night. Cori didn't see anyone who rocked her world when she'd scanned the table earlier, but then she hadn't picked Charlie out of that group either. And while Anthony Scaduto wasn't quite her type, she did like his masculine energy. It could be fun to let him toss her around.

Moans from the next room cut Cori's musings short. She stilled her breathing to better hear what was happening in Lexi's room. The moans were distinctly female. Lexi had a soft purr to her moan, which sent an unexpected tingle through Cori. She moved closer to the shared wall and strained to eavesdrop on the blonde's session.

"Stroke it for me, baby... It's so hot watching you do that... It's *sooo* big..." Lexi cooed between her moans.

"Fuck, just touch it...please, Lexi..."

“My hands are already busy, baby. My pussy’s so wet watching you. I’m gonna come too. Will you come with me, baby?”

“Fuck...yeah...grab those tits too...”

“Like this? Ooo! Ooo! Ooo baby!” Lexi squealed.

Cori stifled a laugh. Lexi’s performance sounded fake as hell to her, but it wasn’t to the client. That guy was jerking off while watching Lexi. Cori understood why Lexi got good money without having to touch most of her clients. When she said she teased them, this wasn’t what she expected. But Lexi looked like a Barbie doll, so of course, guys would pay to see her “get off”. Dylan would get off if he got to watch a girl like Lexi do that. Cori could hire Lexi for her husband’s birthday. That might be fun, and she could handle that. If he actually put his hands on another woman, Cori would kill him.

“Ooo baby! Yes! Ooo, you’re coming so much. It’s so hot!” Lexi squealed.

It wasn’t a bad approximation of a climax, but Cori knew better. She had so many questions. How close were they? Did Lexi let the guy come on her, the way Charlie came on Cori’s tits? Cori could see Lexi making the guys keep a respectful distance. She admired the blonde’s game. Lexi knew how to keep control.

Cori had never been asked by a client to play with herself. Her knee-jerk reaction would be to say no, but if he paid well, could she? Would she? She could not put on a performance like the one she’d just overheard. Cori would feel ridiculous. She would have to close her eyes and try to get into it. It might be fun. She might even come for real.

Cori filed that one away. Her first preferred client, Steve, would probably lose his mind if she proposed that—although he liked touching her. He may not like just watching. Cori loved the way he worshipped her body. Every time he pushed further, she let him because she was so horny. Steve went down on her the last two times she saw him. Cori loved it. She came hard *and* got paid for the trouble. It was a win-win for everyone, even if she felt more like a sleazy whore than ever when she left his place.

Lexi’s room went quiet, and the show was over. Cori was disappointed. It was fake, but it still made her pussy buzz. Listening to people fool around was just hot, even if it was a half-performance. Lexi was good at it. Cori was tempted to ask if she could be a fly on the wall next time. She could even lend a hand if the guy was willing to pay for it. *Don’t think about that*

with Lexi, she admonished herself. *You really will get into trouble tonight*. It had been over a month, but her night with Mayde and Roger was still vivid in her mind.

Cori moved away from the wall and stood in her doorway, hoping to lure a fresh client. Lexi's door opened a few minutes later and the guy who came out couldn't even look Cori in the eye. She smiled and gave him a little wave, laughing to herself.

. . .

CORI SAW two more clients in quick succession. They were both happy ending handys, and she let both of them touch her, but she only removed her dress for one of them. The older guy didn't even ask, as if it didn't occur to him that he could. They were both respectful and seemed pleased with whatever Cori was willing to do with them. She congratulated herself for keeping control with both clients, rather than letting her control slip as it had with Charlie, but truthfully neither of those clients pushed her buttons the way he had.

The first man was probably ten years Cori's senior and leered at her body in a way that suggested he could be trouble, but he was a pro. He knew how to be a good client for a happy ending massage. He didn't even respond to her dirty talk, but just closed his eyes and let her do her thing. Cori appreciated it. He tipped well, dressed, and left when they were finished.

The second client was just about her age and was very excited by her girl-next-door, suburban mom vibe. Cori felt like he was picturing her as one of his wife's friends when he watched her peel off the elf dress. He stared at her tits jiggling while she jerked him off, and she had the feeling he was thinking of someone specific at that point. Either way, Cori was happy to fulfill his fantasy.

Although neither man got her motor revving, Cori was aroused by handling their cocks, and their desire for her. Cori wasn't flashy or comfortable being overtly sexy. She didn't vamp it up, but she'd come to understand that she loved attention from men. Maybe she loved it so much

because she didn't work hard for it. Men responded to something naturally sexy within Cori.

Cori counted her money after she finished cleaning up from her last client. She had \$700 in tips from three clients, which was insane. It was a truly incredible night, but she still wanted at least one more. She was there to earn, and she would love to get to a thousand in tips. She was about to return to her doorway and flaunt herself—even though it was against her nature—like she was working the red-light district in Amsterdam when a stunning redhead with piercing jade eyes appeared in the doorway.

“Are you available?”

Cori was struck dumb. She did not expect to see a woman at her door. She'd noted the women sitting at the table but didn't expect they would seek a treatment. It was clear Cori and her coworkers were not just there to give treatments. Cori expected the female guests to stay out in the living room, rolling their eyes at their horny, lecherous male coworkers going back to get their handjobs. But if this redhead wanted a treatment, Cori was happy to oblige. She became a massage therapist to treat people, after all, not jerk off guys.

“Yes, of course. Please come in. I'm Cori.”

“I remember from when you introduced yourself. I'm Shelby.” She had an alluring hint of a Southern accent.

Shelby entered the room and closed the door behind her. The woman projected just as much confidence as the alpha males at the dinner, maybe more. Charlie and one of the other guys Cori had seen that night came into the room timidly and needed guidance. Shelby strutted right over to the table and stood beside it, running a hand along the padded edge. Cori suspected she was checking to make sure the linens were clean. They were. Cori ran a tight ship.

“Do you have any problem areas? Is there anything specific you'd like me to work on?”

“I'd just like a relaxing rubdown, Cori. I need a break from the flood of testosterone out there.” Shelby smiled and gave Cori the same kind of once-over she'd been getting from the men all evening.

“Sounds great. I’ll give you some privacy, and you can get comfortable on the table.”

“I don’t need privacy, Cori. You’re going to see it all anyway, aren’t you? We can get right to it. Is there a hanger? I don’t want it to wrinkle.”

Cori fetched a hanger from the closet while Shelby pulled open the knot at the waist of her short, green wrap dress. It was just a shade or two lighter than her jade eyes, with a subtle, black snakeskin print. Shelby’s copper-colored hair followed over her shoulders like a fiery waterfall, and she brushed it back before slipping the dress off her shoulders. She handed it over like Cori was there to wait on her, and Cori almost dropped it because she was mesmerized by Shelby’s curvy body.

Shelby was petite, shorter than Cori even though both were wearing high heels. What she lacked in height, she made up for in curves. Her soft, feminine body was encased in expensive, champagne French lace and silk—a see-thru bra with a gold clasp in the front that barely contained her large, cushy breasts, and a matching pair of panties that were similarly see-thru, with a peephole in the rear. Cori didn’t own anything nearly that sexy—or expensive. It was the kind of lingerie she would only wear if she expected it to be seen. Was Shelby planning on that this evening?

“That bra and panty set is incredible. I’m jealous,” Cori commented.

“I confess, nice undies are my vice. I see something soft and sexy, and I just can’t help myself. This is from a company called Fleur of England. It feels decadent against my body. You must feel it.”

Shelby took Cori’s hand and pressed it to her breast. The French lace was buttery soft but not as exciting as the soft, round flesh it barely concealed. The lace was gossamer thin. Cori suspected it felt like wearing nothing at all. Feeling the lace meant caressing Shelby’s warm flesh, and Cori followed the generous curve. Heat spread through her like it flowed directly from Shelby’s body into hers.

Cori loved dick—probably too much—but she’d always liked girls too. It had been a couple of decades since she’d been with one—before Mayde recently went down on her—but if Shelby wanted more than a massage, Cori was down for that too. She was just surprised. Some women sought their own happy endings from their masseuses, but Cori thought that was from hunky male providers, not other women.

Shelby moved Cori’s fingers to the gold clasp holding the bra closed, and she got the message, popping it open. The filmy bra sprung apart,

finally freed from all that tension, and Shelby's large, puffy nipples were fully visible. They were so pale Cori barely made them out through the see-thru lace. Shelby had incredible breasts. Their pale slopes were dusted with freckles, fading to where those puffy caps sloped upward. A sparkling diamond pendant hung between the oversized swells.

Cori was ready to have fun with those pillows, but Shelby moved away. Cori felt like she was being teased, which broke the first rule of her work, which was to always maintain control. Shelby stepped out of her heels, emphasizing how tiny she was, and rolled the scrap of lace down her legs, leaving her beautifully nude. Cori didn't know why, but she was surprised to see angel wings tattooed on the small of Shelby's back. She didn't seem like the tramp stamp type. A fiery landing strip pointed to the hidden pleasures between Shelby's thighs.

"I don't think it's fair that I'm naked and you're not," Shelby said. She had a smile that would melt butter like she was asking if Cori wanted a cup of tea.

Shelby didn't wait for Cori to answer, tugged the elf dress upward. Cori should have fought it. She never would have allowed a male client to assume such an air of familiarity right off the bat, but when the dress got above her boobs, Cori pulled it over her head, tossing it onto a chair. She was not as precious with her outfit as Shelby.

"Wow, you've got a terrific body, Cori. You must be a runner. I'm jealous of how tight everything is." Shelby touched Cori's toned stomach and trailed her fingers higher, over her breasts. Cori trembled when Shelby brushed her nipples. "And your tits are still perfect. We're probably about the same age, but mine are not up there."

Cori cupped Shelby's big orbs and they were heavy in her hands. They didn't sit high like Cori's, but they were beautiful. She would have guessed Shelby was younger, maybe in her late thirties, but people always thought Cori was younger than forty-three.

"I'm jealous of your body. I've always been built like a tomboy. You have no idea how long I prayed I'd grow a set like these when I was a teenager. I used to joke with my husband that I'd get a tit job when I turned forty. Obviously, that didn't happen."

Shelby softly caressed Cori's tits, making her heart race and her core tighten. She had a great light touch. Shelby kept it so casual that it was

almost like this wasn't a seduction, but Cori didn't believe that for a second. She knew when she was being teased.

"First of all, there's no way you're over forty, honey. Thirty-six tops. And secondly, don't you dare ever touch these. They are perfect. I bet the guys go crazy when your clothes come off and they see this body."

Cori laughed. "No one complains. But let's be honest, guys—especially ones my age—aren't too picky. They're just excited if a woman is getting naked for them."

"True enough." Both women laughed.

Shelby gave Cori one more squeeze and laid down on the massage table face up—not the typical position to start a treatment. Cori didn't usually even get a client on their back in a short treatment. Cori's head spun. She was sure the redhead was about to kiss her. She watched Shelby wiggle and get comfortable on the table, mesmerized by the way her tits jiggled with the movement. They were like two bowls of jello. Cori forced her mind back on the task at hand and stood beside the table. It was hard to think about massage when looking down at Shelby's body, filling her head with dirty thoughts.

"You can get started at any time, Cori. And don't be skimpy with the oil. I love the feeling of strong hands sliding all over my body. I hope you have strong hands."

Cori squeezed a generous portion of oil into her palm and got to work. She started with a normal rubdown, unsure how much of a massage Shelby wanted before the good part. Cori was happy to touch her beautiful body anywhere. She traced those gentle curves, outlining Shelby's hips, and worked her shoulders. Her hands were everywhere—except Shelby's tits. The redhead wasn't the only one who could tease. But Shelby was not one to be teased. She guided Cori's hands to her breasts.

"We don't need to pretend, honey. Just make me feel good," Shelby said, closing her eyes.

"Everything I do makes my clients feel good."

"I bet that's true, but some things make them feel better than others. Do you handle any female clients?"

"I have quite a few in my regular practice, but all of my, uhm, *preferred clients* are men."

"That's a shame. We need to be as comfortable as men asking for what we need."

“I couldn’t agree more, Shelby.”

Cori’s oil-slick hands were all over Shelby’s globes. They were the most fun Slip and Slide Cori had ever enjoyed. It was so much more fun playing with those big tits, with their round, soft squishiness than some hard man’s body—not that Cori didn’t love a hard man too. Cori sculpted those things and discovered that the harder she worked them, the more Shelby liked it. Shelby moaned and smiled when Cori attacked her nipples. The buds puffed out and turned a dark strawberry color when she teased them. Cori used both hands on one big orb, massaging with one while teasing the puffed tip with the other.

“Ahh...honey...that’s so good...just like that...” Shelby moaned, with a sighing laugh.

Cori circled that strawberry nip over and over. She wanted to pinch it harder, but her fingers were too slick with oil. She had to be satisfied with rapidly switching her fingertips over them, which drove Shelby crazy.

“Ahh...that’s torture...I love it, honey...ahh...Cori...”

Shelby twisted and turned, gripping the edges of the table while she pushed her tits at Cori, who switched from one to the other, turning the redhead into a quivering mess. Cori had so much fun teasing Shelby’s tits that she almost forgot there was so much more of her sexy body to explore. She kept teasing one of those buds with a circling thumb while running her other hand down Shelby’s stomach and over the soft fur of her landing strip. Shelby’s mound was hot to the touch, and her lips slick to the touch. Cori didn’t need any oil down there. Shelby hissed with excitement when Cori caressed those puffy lips.

“Ahh...you really do have magic hands, honey...”

“I can tell you’re having fun,” Cori replied, dipping her fingers into the woman’s honey pot.

Shelby was soaked and she squished when Cori parted her entrance. Two slim fingers weren’t enough, and Cori added a third, filling Shelby’s canal when she pushed them in and curved them upward. This was all new ground for her, and she hoped she was getting it right. Cori had been with girls in the past, but those were frantic fooling-around sessions. She’d never had a woman on her table for pleasure. She’d never had a woman passively lay there while she tried to make them come. Cori didn’t want to simply rely on what got her off. She usually just rubbed her clit and came easily.

“Does that feel good, babe? You can tell me what you like, Shelby.”

“Ahh...that’s perfect, Cori. You’ve done this before.”

Shelby smiled when she said it, her eyes still closed. Her hips began to churn, moving with Cori’s rhythm.

“Not like this, but I’ll do my best.”

“Ahh...that’s more than enough...ahh...like that, honey...”

Cori was proud that she had the sexy woman eating out of her hand. Shelby took control early and teased Cori, but now the masseuse was fully in command. Shelby squirmed on the table, her movements a wordless plea for Cori to make her climax. Cori focused all her attention on that pussy, using both hands to drive Shelby wild. She slowly fingered the redhead and rubbed light circles around her clit. Shelby began to pant. Cori knew she had the woman close.

Shelby grabbed Cori and pulled her down into a kiss. Cori opened her mouth and allowed the redhead’s tongue to slip right in. It was another liberty she’d never allow a male client. The kiss was so surprising that Cori stopped everything to make out with the other woman. Shelby’s fingers raked through her hair, blood-red nails scraping along Cori’s scalp, something a man could never do. The sensation gave Cori goosebumps, and she sucked harder on Shelby’s tongue.

Shelby pulled at Cori, who followed and climbed onto the table, laying on top of the redhead. The massage table creaked and swayed in protest, but it had no trouble supporting their combined weight. Cori reveled in the feeling of her small, tight breasts mashed against Shelby’s big, cushy tits. Shelby wrapped her legs around Cori, pulling the slender woman tighter against her. Their bodies moved together. Cori loved feeling Shelby’s soft body all over her.

Cori’s heart pounded and her pussy was drenched. The idea that Shelby was simply a client slipped away. They were just lovers having fun. She slithered lower on Shelby and sucked one of those puffy nipples. The oil’s artificial vanilla flavor was pleasant enough. Shelby dug her nails into Cori’s scalp and held her there, cramming as much of her tit into her mouth as possible. Cori sucked harder and even scraped her teeth along the bud.

“Ahh...Cori...that’s so good, honey...”

Cori switched and fed at Shelby’s other globe. The redhead went crazy, and Cori turned up the heat. Her hip was pressed into the cleft between Shelby’s thighs, and Cori felt the redhead’s slick excitement as Shelby rubbed herself into her body.

“Love your mouth honey...eat my pussy...ahh...”

Shelby pushed Cori lower. Cori smoothly slid off the end of the table and pulled the redhead down so that her ass was closer to the edge. The masseuse burned to make Shelby come. Cori didn't like that she was stopped earlier. She had Shelby right there. The redhead's orgasm became her personal mission. Cori would make her come harder than she ever had before. Shelby pulled her legs back and spread them wide, holding them behind the knees. Cori maintained eye contact as she moved into position.

It had been many years since Cori went down on a woman. Mayde licked her pussy that night with Roger but didn't expect her friend to return the favor. Cori wished she had that experience under her belt before diving in with a client. *Here goes nothing*, she thought.

Shelby was drenched and Cori slurped when she kissed and liked the woman's sweet peach. Cori tasted herself sometimes, but it wasn't the same. Shelby's tangy flavor was delightful. The masseuse didn't shove her fingers right in there the way guys did when they went down, but let her hungry mouth do all the work. Her tongue flicked deep into the redhead's pink with teasing strokes.

“Ahh...ooo...ahh...Cori...”

Cori was encouraged by the reaction and latched onto Shelby's clit to bring it home. Her tongue flickered madly like a windblown flame, igniting Shelby's engorged button. The redhead released her legs and grabbed Cori's head with both hands. She held the masseuse's face in place, pulling Cori's hair while she wailed. Shelby's thighs locked around Cori's head, trapping her. the redhead lifted off the massage table, fucking her pussy at Cori's face. The masseuse kept licking and sucking even though she thought she might suffocate.

“Ooo...ahh...ahh...yes...YES!”

Shelby flooded Cori's face and the masseuse worked overtime to keep licking and sucking through the woman's bucking climax. Cori wasn't sure now if she would suffocate or drown first. She kept her focus tight on Shelby's throbbing button and the redhead exploded again with a fresh round of lusty exclamations. Cori stayed down there as long as she could, hoping to eke out one more orgasm for her client, but she needed to breathe. It took force to pull away from the grip of Shelby's thighs and come up for air.

Cori sucked in a deep breath and smiled down at the quivering woman on her table. Another satisfied customer. She was going to sit back and enjoy her accomplishment when Shelby sprang up from the massage table, reaching for Cori. Shelby grabbed her face with both hands and gave her a frenzied kiss. Cori barely had time to catch her breath, but dove right into the kiss, chasing Shelby's questing tongue back into her own mouth. She was on a high from having made the woman come so hard—twice. Shelby's hands slipped lower and covered Cori's petite swells, tightly massaging them. She caught and rolled the masseuse's dark, pointed tips, making them throb in ecstasy. Cori moaned into their kiss and pushed her chest at Shelby's hands.

Shelby ducked and smothered Cori's tits with kisses. Cori swayed on her feet, the throbbing from her tits spreading through her entire body. Fingers pushed inside Cori's thong and found her honeypot slipping inside and filling her. One...two...then three, spreading Cori open. It wasn't a cock, but it felt amazing. She was soaked and Shelby took full advantage, steadily pumping her fingers into Cori.

"I love your cute tits, Cori. They're so perfect. Can't believe you thought about ruining them. I love your body."

Cori was rising to her apex and clung to Shelby as she went weak in the knees. The redhead slipped off the table and steered Cori backward, using the fingers in her honeypot to steer the masseuse. Cori's legs hit the bed and she fell onto it. Shelby kept coming and Cori slid back on the mattress. Shelby made her thong disappear. Cori had lost the advantage again, but it didn't matter. She burned for the other woman. Shelby hovered above her and Cori reached for her hanging fruit but threw her head back when the redhead flicked her clit.

"Ohh...fuck...yeah...fuck...Shelby..."

Shelby dove lower, fucking Cori with her tongue while tormenting her clit with fingers. Cori's back arched off the bed and she grabbed her own breasts, kneading them and pinching their enflamed tips. Her heels dug into the plush bedding, giving her leverage to thrust up at Shelby.

"Fuck! Fuck! Yeah! *Ohfuckyeah!*"

Cori's brain was emptied, and sweet release flooded in to fill it. Her body pulsed as one and Shelby's ravenous mouth kept her coming. It felt like the redhead would make her come all night, but she lifted her slick face from Cori's center and gently kissed the masseuse's thighs and caressed her

throbbing sex. The move prolonged Cori's pleasure when allowing her to slowly come down from her sexual high. Cori just wanted to burrow into the comfy mattress and pass out for the night.

"Mmm, that was so much fun it should be illegal," Shelby purred, moving alongside Cori. "And I thought a night with those bags of testosterone thumping their chests all night would be awful. You made my night, honey."

"It was my pleasure. Literally." Cori snuggled into Shelby's lush body. "They can't all be that bad. Charlie seems nice."

"He's a good kid, and you made his night too. He was glowing when he came out of here. I heard him talking you up like crazy. I'm surprised you haven't been mobbed."

Cori laughed. "He was specifically into what I have to offer. We were a perfect match."

"Everyone's into what you have to offer, honey."

The women lazily kissed and caressed each other for a while, but all good things must end. Shelby rolled out of bed and took her dress and lingerie into the bathroom. Cori didn't want to move and stayed in bed until the redhead reemerged, fully dressed. She reluctantly pulled her dress back into place but couldn't find where Shelby tossed her thong. Her thigh highs had to be rolled down and discarded as they were ruined by all the friction between them. She would find it after the client left.

"You must give me your number, Cori. I need to book an appointment—maybe weekly."

"That would be fantastic. I can fit you in somewhere."

Shelby ran her hands down the masseuse's body, pausing over her sex. "I'm sure you can, honey." She found her purse and pulled a sheath of bills from it.

"You don't have to pay me, Shelby. That didn't really feel like a treatment. We were just enjoying each other."

"Nonsense, honey. You're working and your time is valuable. And you earned every penny. You must take this." She pressed the bills into Cori's hand.

Cori saw the redhead to the door and dismissed her with a final kiss. She closed the door and leaned back against it, unable to stop smiling, like a romcom cliché. *Did that really just happen?* she thought. Cori fanned out the money Shelby gave her and was shocked to be holding five hundred

dollars. *Holy shit!* She was definitely in the right line of work. Cori came hard *and* got paid for it!

eight

. . .

CORI WAS ready to call it a night after Shelby. The glow from those marvelous orgasms lingered, making her want to just curl up and chill. She couldn't wait to get home and tell Dylan all about Shelby. He was going to lose his mind. Cori would slowly ride him while she told him all the filthy details. She was satisfied, but she still wanted some dick. Thinking of teasing her husband with stories of what a good whore she'd been was making her horny all over again. She might just rain all the money down on Dylan while she rode him.

The door was open, but she began to pack her things. Cori heard the party still going on in the living room and hoped no one objected if she slipped out. Handling four clients should be enough. She was stuffing her dirty linens into a bag when Mayde rapped on the door.

"Glad I caught you unoccupied," Mayde said.

"I haven't been that busy tonight. Well, maybe I have. I saw four clients. Better than I thought I'd do with you two for competition."

"I told you that you'd be in demand, Cori. I came by a bit ago, but you sounded very busy."

"Oh?"

"Sounded like someone was getting murdered in here from all the screaming, except for all the *yes yes yeses!* I heard."

"Oh, that. She was a special client." Cori felt her cheeks redden. It was a relief that she was still capable of blushing after everything she'd done.

"The client wasn't the only one I heard screaming. Everyone heard you. Some of the guys out there applauded."

“Are you kidding?”

“I wish I was. I’m jealous. The guys who didn’t come see you must feel like they missed out.”

“Their loss. I think I’m done if that’s okay. You and Lexi can handle anyone who’s left. If anyone is.”

“Everyone’s been seen, but there’s one more special request. Anthony already saw Lexi, but he’d like to see you too.”

“I’m flattered, but I guess as the master of this domain he wants to sample all the merchandise. Tell him I’ll be happy to take care of him.”

“He wants us. You and me. I told him how well we work together, and he wants to experience it for himself.”

“I don’t know, Mayde. I wasn’t planning on anything like that tonight. Last time we worked together things got wild, and my last client left me kind of drained.”

Mayde crossed to her and seductively caressed her cheek. The Latina was beautiful, with perfect, tanned skin and deep brown eyes. Cori knew she was being seduced, but Mayde was so good at it that she found it hard to resist. She should go. Cori had already lost control once that night and shouldn’t push her luck. Mayde knew how to push her buttons, and despite the fun she had with Shelby, Cori was horny again. She’d become insatiable since entering this line of work.

“I think you can rally. Anthony deserves this. *I* deserve this.”

“What do you have in mind for him?” Cori asked.

“Whatever he wants, girl.”

“I don’t know if I can agree to *whatever*...”

“You know how I work, Cori. No one does anything they don’t want to do. But Anthony does have high expectations. Let’s go have some fun together.”

Cori knew it was a bad idea, but she nodded.

The master bedroom was twice the size of the room Cori had been working in on the other side of the penthouse. It was bigger than entire apartments she’d lived in. The bed was a California king, but still looked small in the huge space. It was on a platform and had a mahogany headboard that

stretched to the high ceiling, making it the focal point of the room. A wide mirror was set into the headboard above the shelf. The gas fireplace opposite the bed was ignited, casting a rosy glow into the room, which was mostly lit by dim, recessed lighting. Another set of floor-to-ceiling windows—with inset French doors—led out onto a balcony, and a giant, modern tub sat in a corner there, allowing one to luxuriate in the bath and look out on the city. Cori would have given anything to slip into that tub and look out on the city lights.

Anthony was already in the master bedroom when Mayde led her into it. He was on the bed, his shirt and tie, and shoes gone. Mayde cleared her throat, and he looked up from his phone. He exuded confidence just sitting there doing nothing. Cori preferred a taller man, but Anthony had a magnetic presence. She reminded herself that this was about the client and not her own pleasure, but that line had become so blurred as to be meaningless that night.

“I was starting to think you ladies were going to stand me up. I was going to go back and hit the party.”

“You’re the boss. How could we stand you up Ant?” Mayde said.

“Thought you ladies might be tired out after taking care of everyone else.” He fixed his look on Cori. “I heard how much effort you put in with Shelby.”

“I like to make sure my clients are satisfied.”

“Heh. And if you’re satisfied along the way, no harm, no foul. Am I right?”

Cori thought of a lot of clap backs she would have thrown at someone like Baines, but as Mayde pointed out, Anthony was the client. She plastered on a smile.

“It’s not truly work if you do what you love.”

“Very good.” He pointed at Cori and addressed Mayde. “I like this one. You need to bring her around more often.”

“I’m sure we can arrange whatever you want, Ant.”

“What I want is for you ladies to get ready and get over here.”

Anthony didn’t move toward the massage table in the living room area of the master bedroom, and Cori wondered if they were treating him on the bed. Mayde made it clear what he wanted. She closed the double doors behind them and took Cori’s hand, bringing her closer to the bed. They stopped at the bench by the foot of the bed and Mayde turned Cori around

to unhook the halter of the elf dress and unzip it. Cori hesitated and held her hands at her breasts to keep her friend from pulling down the dress because she was nude beneath it. Her thong was still somewhere lost in the other bedroom, and her bra had been off since Charlie. The elf dress and her heels were her only attire.

“You’re shy now?” Mayde joked, half-whispering. Anthony still heard it.

Cori had already made the bad decision to agree to this, so she relaxed and let Mayde pull down the dress, revealing her body to Anthony. Cori still cupped her breasts, at least until the dress cleared her hips and she was fully exposed. At least she was turned to the side, and he couldn’t see everything. Mayde turned her to face the man on the bed. Cori felt silly covering her boobs when her smooth, shaved pussy was exposed and dropped her hands. Anthony’s gaze moving across her made Cori’s whole body tingle like he was physically touching her. She went from shy to posing because she wanted to project confidence.

“Yeah, you’re ready to go, aren’t ya, Cori?” Anthony clapped when her body was exposed. Cori felt both silly *and* complimented.

“You do me,” Mayde said when Cori just stood there. She turned her back to Cori.

“Right. Sorry.”

Mayde’s dress matched Cori’s but was stretched much tighter over those lush curves. The halter snapped down under the drag of her heavy tits. Cori took a different tack in undressing the Latina and pulled the dress down past those big orbs to present them to Anthony, even though she was sure he’d seen them before. No way Anthony Scaduto wasn’t one of the clients Mayde fucked. It had occurred to Cori that she might be expected to fuck the boss too, but she hoped Mayde would handle those duties. Dylan claimed he was okay if Cori did it, but she still wasn’t sure *she* was okay with it.

The rest of the dress fought Cori’s efforts to remove it. Cori didn’t know how Mayde breathed in it. Mayde wiggled when Cori pulled on the green velvet, making her tits bounce, and Cori was squatting with her face right in that big, round butt when she finally got the dress to the floor. Mayde still wore a thong and her thigh-highs. Cori felt like she came off as the bigger whore for being essentially nude, but for her heels. She convinced herself that Mayde had just put her underthings back on at some point.

“That’s more like it. Just what I ordered. You two make quite the pair.” Anthony looked like a kid given a new toy—or toys.

Cori thought the pair he referred to had to be Mayde’s tits. They were just so big and round hanging there beside her with their thick, dark nipples. Even Cori couldn’t stop staring at them. Mayde looked like a fertility idol, and Cori felt almost boyish standing next to her. Cori had her allure, and she had some great tricks, but if she were a guy, she’d pick Mayde between the two of them. They both stood at the foot of the bed while Anthony inspected them. Cori craved his approval and didn’t know how she felt about that. It flew in the face of how she thought she should feel. Strong women did not crave a man’s approval.

“Come on up here, ladies. I’m getting lonely over here.”

Mayde crawled right onto the bed, her tits swaying beneath her, and Cori followed. They came up on either side of Anthony and he put his arms around both of them. He palmed Cori’s tight ass and ran his hand up Mayde’s back to play with her long, black hair. Cori was used to clients touching her—many were forward—but Anthony projected true ownership over her body that she hadn’t experienced before. He was like a king with his harem.

Cori fought to keep projecting confidence because she was in over her head. She had no idea what was going to happen. Okay, she knew what was going to happen, but it felt strange to be a part of it. This was all new territory. Cori had never done it without the pretense of a massage treatment. It was always that she gave a massage, got her tip, and things turned sexy. She gave happy endings to massage treatments—even if those happy endings had become a larger part of the appointment for some of her preferred clients. It had never been a man just paying for her body outright. That was a line Cori never intended to cross, but Mayde was pulling her right over it.

Anthony extended his ownership over Cori’s body by slipping his fingers between her thighs, from behind. She gasped when he massaged her slick folds. Did she have to be so wet? Cori didn’t want to appear so eager. She didn’t *want* to be so eager, but his possessiveness was intoxicating. Part of the attraction to Baines was that he takes what wants, and Anthony had that in spades. She caressed his smooth chest—she was sure he waxed—but paused when he explored her slit, riding the pleasure that rippled out from her core.

“This one’s ready to go. Is that all for me, Cori, or did Shelby leave you wanting more?”

“Cori is always ready to go, Ant. That’s why I knew you’d love her,” Mayde answered for her friend.

“Just like you, baby.” Anthony pushed a hand between the Latina’s thighs to prove his point and she purred for her master.

Time hung for a moment as both girls knelt on either side of Anthony and he played with their pussies. Cori spread wider to give him better access. She couldn’t help herself. Mayde worked her hips like she wanted to urge his fingers deeper. Anthony looked back and forth between the girls, enjoying that they both seemed entranced by his hands. Cori shifted to sit back on her haunches, which blocked his access. Anthony was not deterred but just reached for her sex from the front. His fingers squished between her lips, and she couldn’t contain her excitement.

“Ahh…” she cried.

Cori took him in her hand to return the favor. Anthony wasn’t the only one with magic hands. The fingers exploring her drenched furrow were distracting, but she was experienced enough to find the focus to squeeze and stroke his cock. It was a nice one, surprisingly big for a short man. It was thick too, just like its owner. Her thumb traced a throbbing vein along his length as she played with him. Anthony grunted and found her clit. Cori bit her lip but still moaned and trembled.

“I love your hands, baby,” Mayde cooed, joining her friend in teasing their host. She rubbed Anthony’s heavy sac while Cori handled his meat.

“Even when you have to share them?” he asked.

“I’m happy if you’re happy, baby.”

Anthony chuckled. “I think we’re all going to be happy tonight. You girls look hungry. Why don’t you go for it?”

“Come here and help me, girl,” Mayde said, reaching for her friend.

Mayde kissed Cori, who was thrilled to feel her friend’s soft lips. She remembered the Latina was a fantastic kisser. Their tongues fought and Cori’s arousal was amped knowing Anthony watched them and liked what he saw. His cock jumped in her hand. It felt like they were his sexy puppets, but she would roll with it as long as it felt good. Mayde guided them lower while they made out, before pulling away and directing Cori’s mouth to Anthony’s dripping tip. It was fat, red, and ready for her.

Cori opened wide to get her lips around him. Mayde truly was a terrible influence. Cori always made it a dance with her clients, seducing and teasing, working up their excitement so they knew they were getting something special. She didn't want them to think sucking dick was something she did for just anyone. But Mayde had her on Anthony's cock like it was nothing. Cori's lips stretched to accommodate his girth and her tongue switched across his head to collect his dripping excitement. Her cheeks hollowed and she sucked like she was nursing from him.

"Jesus fuck, she sucks like a Hoover," Anthony marveled.

"She loves dick, baby. I only bring you the best," Mayde replied, winking before diving in herself.

Mayde crowded down there and sucked on his shaved balls, getting cheek-to-cheek with Cori. The girls worked like a team, providing their client with maximum pleasure. Mayde loudly slurped as she messily swallowed his balls, while Cori slowly bobbed, taking him deeper with each pass. Anthony laid back with his hands behind his head, watching the beautiful women work on him.

Cori's mouth was stuffed, and she had only taken half of him. She swore he grew as she was sucking. But she was a determined cocksucker and worked to devour more, relaxing her throat to let him slip into it. Her yoga breathing exercises came in handy in regulating her breathing. Cori didn't want to choke on that monster.

"Take that thing nice and deep, Cori. You can do it, baby. Swallow that thing whole...yeah...just relax and take it..."

Anthony stroked her hair as he cooed his encouragement, applying subtle pressure to force Cori to swallow more. Drool ran down his shaft and she made soft gurgling noises as she struggled to go as deep as Anthony wanted. She could have stopped, but Cori was driven to please her client, even if it meant choking on that monster.

Mayde lifted Cori's mouth from Anthony and met her lips at the head. The girls made out, kissing each other and licking him at the same time. They both sucked on either side of it, their wet lips mashed to his shaft as they worked up and down him. Cori was glad for the chance to breathe, but she was also thrilled because she got to kiss Mayde again *and* she knew they were driving Anthony crazy. They moved as one like they'd shared a thousand dicks before.

"Jesus fuck...you girls are too much...fuck yeah...get that dick..."

Cori stayed down to suck his balls and Mayde took over cocksucking. It wasn't something she did often, but Cori swallowed those balls like they were a delicacy. She was pleased that he was smooth down there and he even smelled good like he'd washed up for them before they came into the bedroom. Such effort deserved to be rewarded. She sucked those balls hard and pushed his legs apart so she could get deeper under them, her tongue darting down toward his taint. Cori felt dirty doing it, which made her pussy throb. She felt like she had license to be as slutty as she pleased because she was doing it for money. She could always blame her bad behavior on her job. Cori had to please the client.

Mayde sucked that dick just as hard as Cori had, maybe harder. Cori felt how hard her friend went at it. The Latina smoothly deep-throated the huge thing, impressing Cori. Mayde also pushed Cori deeper, shoving her face right at his taint, and Cori feasted on the musky goodness down there.

The girls took turns on that dick for a while, and Cori was amazed he didn't come. She suspected he may have popped a little blue pill to make sure he was up for the challenge of two sexy women. But she wanted him to finish. A blowjob felt incomplete to her if the guy didn't blow his load. It was like she wasn't good enough. Cori also wanted him to come so she wouldn't be faced with the choice of having to fuck him—if it came to that. She went on a tear, taking over the dick and sucking like a woman possessed. Cori would make that bastard come!

Anthony held the back of her head with both hands and thrust up into her mouth, fucking his cock deep into her throat. It was difficult to keep up and she gagged on him, but Cori knew she had him and she sucked as hard as she could.

"Fuck...jesus...fuck..." he grunted.

"Fuck her mouth, baby. Use it to dump your cum. Give it to her! I love watching you fuck Cori's mouth!" Mayde encouraged.

"Ahh...ahh...ahh...*fuck!*"

Cori choked hard when he kept his cock jammed in her throat. She tried to pull back, but he had her locked in place. His wad shot into her throat, and she coughed hard. Cori was seeing stars when he finally relented. He shot another wad into her mouth, and the last one on her chin when she pulled back, a sputtering, drooling mess. Mayde was there to jack his shaft and got one more burst out of him, while Cori had a coughing fit. The Latina covered him with her mouth, taking over the sucking.

“Jesus, you girls don’t stop,” Anthony said, pushing his cock into Mayde’s mouth.

. . .

CORI WIPED her mouth on the back of her hand and finally got her breathing back to normal. Her head spun, and not just from the lack of oxygen. She felt used and objectified. Anthony took her mouth like it existed for his pleasure, and Mayde urged him on in the filthiest way possible. Cori wanted to hate it—part of her did—but her pussy pulsed with need. Anthony taking her mouth was a wild thrill.

“You have a great dick, Ant. Can’t blame us for wanting to play with it,” Mayde said, pulling off his cock and licking her lips.

Anthony laughed. “You don’t have to sell it so hard, baby. We all know this is work.”

“Cori said it best. It’s not work when you love what you do.” She looked at Cori. “Come here, girl.”

Mayde leaned across Anthony’s lap and pull Cori into a fresh kiss. It wasn’t really fresh. They both had his cum on their lips. Tasting him on her friend reminded Cori of the crazy thing they’d just done, which made her kiss Mayde harder. She groped the Latina’s heaving rounds, pulling her nipples—maybe a touch too hard. Mayde deserved some punishment for letting Anthony use Cori’s mouth like that. The Latina played with Cori’s chest too, rolling her tingling buds.

“Can one of you girls grab the champagne from the table?” Anthony asked.

Mayde hopped off the bed and Anthony pulled Cori down beside him. His hands freely roamed her body, keeping her lust stoked. His touch on her breasts was gentle like he wanted to decipher what she liked best. Rolling

her nipples made Cori tremble and moan, and he focused on that. She reached for his shaft, not at all surprised he was still hard. *Yup*, she thought. *Little blue pill*.

Cori tilted her head back and Mayde poured champagne into her mouth. She greedily swallowed—she was so thirsty—but it still ran down her chin and down her chest, where Anthony lapped it up while sucking on her nipples. All the tiny bubbles felt incredible. Mayde poured the amber bubbles directly over Cori's tits and into Anthony's mouth. Cori felt like they were in a movie. She took the bottle from her friend and returned the favor, first giving Mayde a drink, and then bathing her breasts in champagne. Anthony switched and devoured Mayde's chest.

Anthony pulled Cori down to suck on Mayde's tits with him, which she happily did. Her friend tasted of champagne, and she loved snacking on the full, soft flesh. Mayde held both their heads while they enjoyed her body, cooing encouragement. He also slipped a hand beneath Cori and pushed his fingers into her again. She was sopping wet and ready for him, working her sheath down onto his fingers. Cori needed something inside her. The plan was to ravage her husband when she got home, but she didn't know if she could wait that long.

Mayde turned their heads, encouraging them to kiss. Cori hesitated for the first time all night. Kissing was not something she did with clients. Baines was the only man besides Dylan she'd kissed in the last twenty-four years, and that felt weird at first, even though she'd known Baines for years. But Anthony was hungry for her and persisted and Cori opened her mouth to him. Anthony teased with his tongue, and she chased it back into his mouth, grabbing his thick hair to keep him from escaping. She worked her hips, wanting his fingers deeper inside her while they kissed. Cori felt possessed. The wrongness of kissing another man—a client—made her heart race.

The others worked together to put Cori on her back on the bed, and she lay between them. She went back and forth kissing each of them while they played with her. They both had fingers inside her, bringing Cori to the edge and panting for release. They sucked on her breasts together, making Cori see stars. She lost her mind with two lovers focused on her. It didn't matter anymore that it was supposed to be work and the man was paying for her body. Cori didn't even care if she got paid. She was just down for the

experience. They finally let her come when Mayde went low and feasted on her pussy, while Anthony kissed her and teased her tits.

“Ahh fuck...yeah yeah...fuck...” Cori cried. The climax she desperately needed ripped through her body and she shouted with joy.

“You’re beautiful when you come, baby,” Anthony murmured, between kisses. “I’m gonna make you come so hard.”

Anthony moved between Cori’s legs, and she reached for it when his weapon nudged against her swollen sex. Crossing the line with a client should have been a bigger deal. Cori should have thought about it more, or at least paused to affirmatively think, *Yes, I want to do this*. But she wanted to be fucked so badly that she didn’t care much who did it and wasn’t about to slow down to consider the ethics of fucking for money. His blunt head opened her, and Cori grabbed his hips to pull him inside her. Her deep moan of satisfaction when he pierced her sounded like it came from someone else.

“Jesus fuck that’s good. That’s a tight pussy, Cori. Oh fuck, that’s hot. You fucking needed that, didn’t you, baby,” Anthony groaned. He kept it buried inside her while she rippled her taut muscles around him.

“Ahh...yeah...fuck me, Ant. Fuck me hard,” she moaned.

“Yeah? You need that, don’t you?”

“Yeah...I do...” Cori locked her legs around him to urge him to get to it.

“Told you she’d be worth it,” Mayde said. She was right beside them, touching both their bodies.

“Fuck, she is. You’re a fucking diamond in the rough, Cori,” Anthony said.

Cori was going to scream if he didn’t stop talking and get to it. Anthony made her wait, but he was worth it. He pulled her legs from her waist and put them over his big forearms. He pounded his fat dick down into her and it felt like he was going to split her in two. Cori loved it. That was the fucking she needed—dirty and powerful. Her moans quickly turned to wailing. Anthony savaged her like a man just released from prison. Cori came explosively, quickly, shamelessly. Anthony just laughed and shifted her legs up over his shoulders. He got the perfect angle and power drove her. Cori clawed at his arms and wailed his name, begging him for more.

“Ant...Ant...Ant...fuck...fuck...ahh fuck me...”

“I’m gonna get every penny’s worth of this pussy, and I’m paying a lot of fucking pennies,” he growled, savagely using her.

“Yeah...yeah...fuck...”

Anthony pulled out and she wondered if he came without her realizing it. Cori was out of her mind. She'd already come twice and felt like he could make her come all night. But he was still rock hard and dripping with her juices. He wanted more of her. Anthony pulled her up to kiss him and shifted their bodies while they made out. He went onto his back and pulled Cori on top of him. Her body was vibrating from the hard fucking she'd just experienced and was shaky, but Mayde was there to help her mount their client.

“I wanna see what you can do, Cori. I want you to fuck me real good,” Anthony said.

His dark eyes shone up at her with malevolent lust, saying, *I called the tune, now dance for me, whore. I own you tonight.* That look shot to her core like a flaming arrow, igniting her. She found her second wind. Cori would be the best fuck he'd ever paid for.

Cori sank onto him, and he felt even bigger than before. He'd already opened her up with his rough fucking, but she still fit him like a glove when he filled her. Anthony grunted and pushed up with his hips to grind back into her, not content to let her do all the work. Cori rotated her hips and let her muscles do all the work. Dylan and Baines loved it when she used the trick. Anthony closed his eyes and moaned. She was pleased to see it impressed her client as well. All those years of doing yoga and strengthening her core paid off to make Cori an incredible fuck—the kind worth paying for. She kept teasing him with her pussy until she saw him become impatient.

“Is that what you're looking for, Ant? Is this the tight pussy you paid for?” she teased.

“Jesus, Cori. I can't believe this is your first time with that kind of talent,” he groaned.

“Maybe we conned you.” Cori winked. “What did Mayde tell you to sell me?”

Anthony grabbed her hips to try and bounce her on his dick, but she was strong. She locked her thighs around him and maintained control. Cori braced her hands on his stomach, giving her the balance to find another gear and really torture his meat inside her.

“She, uh, said you're new to this. Said you're some suburban mom...”

“And corrupting me was too much temptation to resist?”

“Uh...Jesus...yeah...fuck you’re going to squeeze it off...c’mon and fuck me, Cori.”

“And you think I’m worth it?”

“Worth every...fucking...penny...”

Cori had teased him enough. Besides, she was teasing herself too. She wanted to ride that big cock just as much he wanted her riding it. Little thrusts came first while she worked up speed. She showed her extreme flexibility by getting her feet under her while keeping him in her pussy. The move could only work with a large man, and he fit the bill. With her feet planted, Cori rode him hard. It was a pornstar move, balancing on her feet and pounding up and down his meat. The level of difficulty was high, and it was mostly to impress a man since it made her calves burn so badly. She’d only done it a couple of times over the years to blow Dylan’s mind. She’d been holding the move back from Baines, waiting for the right moment, but here she was deploying it on a guy she’d known for less than a day. But then, Anthony was a paying client. He deserved the best she had to offer.

“Oh fuck...oh fuck...Jesus, Cori...you’re fucking wild...”

Anthony was suitably impressed, which meant she could get back to sex they would both enjoy. Cori leaned forward, sliding her feet out from under her. It was a nifty move that could have gone horribly wrong, but she was good. She planted her hands on either side of his head, and worked her hips, bouncing them on him. She worked into a hot rhythm and the sweet friction spread pleasure through her like wildfire. Anthony tried to kiss her, and she turned her head. Cori was back in charge, and that meant she was going to be a proper whore—no kissing. Instead, she locked her eyes on his.

“Ahh...your dick is so big, Ant. I’ve never been so filled. It’s sooo good inside me. I want to feel it come. Don’t hold back on me, give it to me,” Cori moaned. It was only a half-performance. His huge cock did feel incredible, and she was close to coming again. Anthony grabbed her firm ass and forced her to go faster and faster, grunting her name. Cori knew she had him. He was going to come for her.

Mayde had been on the sidelines the entire time, watching them. Cori was so focused on Anthony that she’d almost forgotten her friend. But Mayde chose that moment to get involved again. Anthony had her ass pried apart and the Latina pressed her finger right into Cori’s rosebud. The finger was slick with something and popped right past the tight knot.

“Fuck!” Cori shrieked, freezing in place when the finger pressed all the way inside her.

Anthony took over when Cori stopped. He held her by the waist and drove his cock up into her. The finger in her ass burned, but that twined with the pleasure to blow her mind. Mayde fingered her ass, and when it relaxed, she added a second finger. Cori was filled to bursting. She thought Anthony’s cock alone had her stretched, but it felt like the two of them were going to tear her apart. But Cori’s need spiraled higher and higher. She’d never had much interest in ass play because she just thought it would hurt, and Dylan never pushed it. Cori realized she’d been missing out.

“Now you’re getting it, aren’t you? You like all your holes filled?” Anthony growled. He obviously liked having both her holes filled.

“Ahh...feels...sooo...good...”

“Eat her ass, Mayde baby. Give her a real thrill,” he commanded.

Cori thought that was insane, but the fingers left her ass, only to be replaced by Mayde’s tongue. The Latina pressed her face to her friend’s ass and got her tongue right up there. The fingers burned, but the slick, probing tongue was sublime. It did feel weird, making Cori squirm, but she was locked in place by Anthony’s hands and cock. When she let go and enjoyed it, Cori swore it sent tingles straight through to her pussy.

“Here we go...here we go...love you fucking girls...”

Anthony was back to driving his cock up into her, but Cori matched him stroke for stroke, pounding her pussy down on him. Mayde was impressive. Somehow, she held on and ate Cori’s ass the entire time. Cori threw her head back and wailed, her orgasm shredding her brain. Her whole body sizzled.

“Here it comes, baby...”

Cori knew exactly what he meant and found the presence of mind to slide forward, pulling off him just in time. Behind her, Mayde grabbed his slick cock and pumped it. Anthony grunted and deposited a thick load all over Cori’s sweet ass. When he finished, his spent meat flopped between her thighs. Cori lay on top of him, catching her breath, and dreading when she would have to move. She didn’t want to cuddle with the client, but she was exhausted.

Anthony rolled Cori off of him and crawled out of bed to take a shower. She stayed on her back and enjoyed the little tremors that still rocked through her body. Cori loved that freshly fucked feeling. In a perfect world, she could just roll over and blissfully go to sleep after great, exhausting sex, but that didn't happen enough anymore. She could not stay there, and even when she saw Baines, Cori had to get dressed and slink home.

Mayde didn't bother to dress yet but did meet Anthony when he came out of the master bathroom. They spoke, but Cori couldn't hear their conversation. She didn't much care what they said. She was done for the evening.

Anthony dressed and told the girls they could stay in the room as long as they needed to. The whole night was paid for. Mayde followed him to the doors and closed them behind him. She was so excited, she was bouncing.

"We made so much money tonight!" Mayde announced.

"You set me up."

"But we made so much money! Wait until you see, girl."

"Right, that's awesome, but you set me up. You sold me to Anthony, didn't you?"

Mayde smiled. "He wanted you, especially when he found out that you didn't normally do sex, and I told him something could be arranged."

"It's not that I don't *normally* do it, Mayde. I've never done it. Fucking for money isn't something I do."

"Until you did. Tonight."

"That's not the point, and you know it." Cori sat up in bed. It felt silly to have the argument when they were both naked, but she was too heated to stop. "You didn't even ask me first."

"I was afraid you would chicken out."

"And if I really didn't want to? Did you have a plan for that?"

"If you weren't into it, we would have stopped. It's that simple, Cori. Did we make you do anything?"

Cori wanted to argue that but instead replied, "That's not the point. You should have asked me. Why not Lexi? She's young and hot."

"She doesn't have what you have. Ant wanted the thing you could only give once, and he was willing to pay a lot for it."

"I wasn't a virgin, Mayde."

Mayde laughed. "He paid like you were." She walked over to the table and opened the drawer, where she extracted a stack of money. Mayde

walked over and showered Cori with hundred-dollar bills.

“Holy shit! Are you serious?” Cori gathered the money. It was twelve hundred dollars. She couldn’t believe someone paid that much money to have sex with her. Cori had always been the tomboy. The plain girl. Guys wanted her, but she always thought a lot of that was because she seemed cool and gettable. It seemed inconceivable that a man would pay over a thousand dollars to have sex with her. “He gave us twelve hundred bucks?”

“That’s all for you. I already took out my cut.”

Cori was stunned. It was hard to stay angry when she held that kind of money. Her family was going to have the best Christmas ever! Jack might get that gaming laptop he’d been asking for. And it was all for something she enjoyed anyway. *Really enjoyed*. Cori always thought fucking a client—if she did it—would probably be lackluster. She loved sex, but she didn’t expect much from a transaction. But Anthony fucked her silly. He was so good she would have fucked him for free. She tried to glare at Mayde but just couldn’t hold onto her anger. She should. Mayde deserved it. The Latina acted as her pimp tonight.

“Who’s your girl?” Mayde said, jumping on the bed with her.

“I’m still mad. It all worked out, but it wasn’t cool.”

“Stop playing, Cori. You loved every goddam second of that. He made you come like a maniac.”

Cori allowed a smile. She couldn’t even pretend to be angry anymore. She still had feelings and knew she couldn’t trust Mayde, but great sex *and* money made it all better. She let Mayde hug her, and they both laughed.

“I can’t believe you got me twelve hundred bucks!”

“Told you that pussy is valuable, girl. Now maybe you start putting it to use earning.”

“Let’s not get crazy, Mayde.”

“You’re so funny, girl. You draw these lines and hold yourself back, but you’re just as much of a ho as I am. You love to fuck, and you love money. Nothing wrong with combining the two.”

“You don’t have to explain yourself to a husband.”

Mayde laughed. “We both know he’s going to love this even more than you did. That boy is going to lose his shit when you tell him how some guy fucked the shit out of you.”

“We’ll see,” Cori said. Was Dylan going to regret telling her to go for it? She would know soon enough. “Hope I can use your couch if he throws me

out.”

“Girl, I know boys like him. He’s going to want you more than ever. Now let’s get cleaned up and get the hell out of here.”

. . .

DYLAN WAITED for Cori in their bedroom. The kids had gone to bed and the house was quiet and he knew he would hear it when she came home. It would be better if their reunion was in the privacy of their bedroom. He'd already jerked off once, but he was still rock hard. Dylan had been hard ever since that last text exchange with his wife.

The last thing she texted to him was, *we'll see. I'll let you know*. Cori never let him know. He hadn't heard from her since then, and it had been hours. Dylan spent those hours obsessing over what his wife could be doing with the men at the party. It was unrealistic, but he envisioned her completely losing control and giving it up to every guy at the party willing to pay. Dylan imagined a line of guys waiting outside the door to her room—or maybe they were all gathered around cheering. It was that last thought that forced him to masturbate. He hated that his darkest fantasies about his wife made his balls ache the most.

Cori had a wild streak when she was younger, and deep down he'd always been obsessed with it because he'd never witnessed that version of her. The woman he knew was smart, cool, and funny. Her energy always drew attention from the people around her, but she wasn't the type to openly seek that attention, which only made the attention she received from men hotter. He realized now that it was inevitable that Baines' jokes about Cori giving happy endings to clients—before she was actually doing it—would take root in his psyche. Dylan didn't know what it said about him as a man, but he loved the thought of his wife letting her inner slut run wild.

Telling Cori she should fuck a client by text was crazy. The subject warranted a serious, in-person conversation, but Dylan couldn't help himself, given his proclivities. She told him about the younger man who wanted her, and it made Dylan just as hot as it did Cori. He loved knowing some young buck lusted after his sexy wife. None of his friends' wives could hold a candle to Cori's hotness. This kid wanting to fulfill his MILF fantasy with her just confirmed it. His brain short-circuited and Dylan told her to do it. He'd spent the last several hours wondering how terrible of a decision that was.

The sound of the front door snapped Dylan out of his obsessing. Cori was home. He resisted the urge to rush downstairs and meet her. Staying in the bedroom was torture. She took her time coming up and it was maybe ten minutes, but it felt like ten hours to Dylan. He took a deep breath and tried to appear casual when she opened the bedroom door.

"You're still up," she said, not sounding at all surprised.

"It's not that late." It wasn't, just half past midnight.

"Just staying up reading?"

"Yeah, you know, thought it would make me sleepy."

Cori laughed. "Your book is upside down."

"That must be why it doesn't make any sense."

"But you're not up because you need to know what I did tonight?"

"You were working." It took everything he had to make it sound routine.

"That's one word for it." Her lips quirked into that crooked, mischievous smile he loved. "I worked *hard* tonight, babe. I'm all worn out. You don't mind if I just go right to sleep, do you?"

Dylan stared at her, needing a moment to realize she wasn't serious. He was too busy evaluating her appearance for signs of what she'd done that night. The bumps of her nipples made it obvious her bra was gone, and the thigh highs she'd left wearing were missing too. Cori was barefoot, but she'd probably left her heels downstairs. Her face was scrubbed clean of makeup and her chocolate brown hair was mussed like she'd just run a quick brush through it to be presentable. Cori's complexion was ruddy like she'd had a rough night. She looked for all the world like she'd spent the night on her back. But Dylan didn't *know*. He couldn't quite believe she'd actually done it.

Cori laughed when he kept staring. Something was different. She wasn't a shy woman, but she radiated a confidence he'd never seen in her before. Cori did look tired, but she was glowing, energized. He'd never seen his unassuming wife look so proud of herself. Dylan still didn't know for sure that she'd done it, but somehow he *knew*.

"I think you have some questions," she said, still smiling.

"What's so funny?"

"You. I can see the gears turning in your head. What do you think I did with my clients?"

"I know you jerked off some guys."

"Three. I've never handled three men in one day. I think I might get carpal tunnel."

"But that wasn't all."

"No. I had a couple of other clients. One of them was our host, Anthony."

"What did you do, Cor?"

"Let's see if you can guess. I'll give you some clues."

Cori stripped off the elf dress and dropped it on the floor. Dylan wondered how many times that had happened that night. She was nude beneath it. Cori had the creamy, fair skin of a true Irish girl, which made the red marks on her body jump out at her husband. Dylan noted blemishes on her hips and thighs, her beautiful breasts. His wife had been on the receiving end of some rough handling. He bet she loved it. Her sex looked well-used, puffy, and red.

"What do you think?" she asked, walking toward the bed.

"You look like you had a lot of fun tonight."

"But what kind of fun? Can you tell just by looking at me? Take off your pants."

Dylan shed his pajama pants and t-shirt. Cori turned her back to him and took something from her purse. The bed creaked when she stepped up onto it. Cori used her incredible balance to walk up the bed and stand over him, her feet on either side of him. She held her hands high and rained money down on him. Dylan saw hundreds everywhere, along with several twenties. *Damn*, he thought. *How many guys did she take on tonight?*

Cori kept standing over him and he looked up at her. The marks on her body were even more vivid up close. She sank to sit on his legs and grasped his cock. Her grasp on his tool made him moan as his gut tightened. He was

relieved she didn't stroke it because he might have come in her hand right then.

Dylan traced the marks with his fingers. Cori hissed when he touched her swollen nipples. He wasn't surprised they were sore. The red buds looked like they'd seen a lot of action. He swept down her toned stomach but hesitated to touch her between the legs. His heart pounded thinking that she'd had another man's cock there—at least one—hours earlier. He knew what her used pussy felt like. Baines had fucked her enough at that point, but Dylan felt differently about it tonight. Whoever fucked her had paid for the privilege. Cori took his hand and pressed it to her lips and sucked on his fingers, which didn't help him keep his orgasm at bay.

"This is the second time I've had your dick in my hand tonight."

"It's only one of many." He tried to chuckle, but it came out as a groan when she squeezed him.

"One of several anyway. How many do you think were in my mouth?"

Cori sucked on his fingers with hollowed cheeks, pulling them deep and licking them. Dylan watched her and it was too easy to imagine his wife with some paying customer's cock in her mouth. Did she look so hungry for it when she sucked her clients?

"Uhn...five..."

"You really do think I'm a slut! It was only one. Well, one dick and one pussy."

Dylan's eyes popped out of his head. His mouth formed the word *what*, but no sound came out of his mouth. Cori smiled and enjoyed the moment. He hated that she was taunting him, but he loved it too.

"There were ladies at the party too, and one of them requested my services. You know I don't discriminate."

"I know you liked girls before." His voice was husky. Cori slowly pumped him.

"I never stopped liking girls, babe. I've just been a good married woman and I wasn't going to cheat on you."

"You could have..." His words were cut off when she squeezed his dick tighter.

"Could have brought one home. I know. And I told you I don't like to share."

Dylan wanted to tell her how ridiculous that sounded given where their marriage had gone over the last couple of months, but it was a dangerous

argument to make when she held his manhood.

“You ate her pussy?”

“I did *everything* to her babe. And she made me come so hard too. It was so hot. You would have loved to see it.”

“Uhn...god...”

“No, babe, don’t come yet. You don’t know everything.”

“Fuck, Cor. Just tell me,” he whined.

Cori had to pinch his base hard to keep him from coming and it hurt. She’d gotten too good at edging him over the past few months. It had never been part of their sex play before she started her side gig, but now it was routine when Cori told him about her appointments. His masculine side wanted to throw her down and give her a punishing fuck, but he loved how she toyed with him. Dylan always came so hard when she edged him.

“Shelby wants to see me again. I bet she’ll become a regular.”

“So hot, Cor...”

“Ask me.”

“What?”

“Ask me what you really want to know.”

“Did you? Did you do it?”

“Do what?”

Cori straddled Dylan and took him right up inside her. Her core was molten hot and drenched. Dylan thought he could feel another man’s come inside her. He’d become intimately familiar with what her pussy felt like after another man. Dylan rarely lasted more than a couple of minutes inside his wife when Baines was done with her. He hated that Cori and his best friend had that bond—especially when he wasn’t around—but he loved it when she came home to him used. Cori moved on him like she was stirring his cock inside her.

“Do I feel different, babe?”

“You’ve been fucking Baines.”

“But Anthony was so much thicker. God, babe, he stretched me out. And he pounded the fuck out of me. He wanted to get his money’s worth from my pussy.”

“Uhn...fuck...Cor...damn it...”

“He made sure I earned my money.” Cori began riding him, slowly rocking on his cock. “He had me every way he could. Ahh...he pinned me to the bed and fucked me until I screamed.

“Cori...you whore...”

Cori stared down at him and rode him harder. She was as into it as he was. Dylan was sure it wasn't him she saw, but the man who used her earlier.

“Yeah...I'm a whore...you love having a whore wife...”

“Uhn...I fucking do, Cor...you're so fucking hot...”

“And then he made me ride him just like this. He said he paid me to fuck him, so I had to do the fucking.”

“You blew his damn mind, Cor...”

“He couldn't get enough of me, babe, but he lasted so long because he already came down my throat.”

“Fuck...”

“He was the one paying, but I came so many times.”

“Did he come inside you?”

“Yeah...I was riding him...and Mayde ate my ass...and I came so hard that it made him come too...”

Dylan's orgasm was spontaneous. His cock exploded and he flooded her pussy with his load. He came so hard he thought he was going to blast her right off of him. *Mayde ate her ass? What the fuck?* He stared up at Cori, riding him hard, and could see it. He saw his wife bouncing on some rich guy's cock while this hot Latina chick licked her ass, and everybody coming. This was the slut he always knew Cori could be. It was what he'd always wanted, even if it scared the hell out of him. He wondered if she had any limits.

Cori cried out and tightened around him. He was pleased that she was able to squeeze out an orgasm, even as his cock deflated inside her. She didn't always get to come when she came home to tell him her stories. Dylan got too excited and came too quickly. He suspected that was why she chose to go see Baines for her satisfaction sometimes. She leaned down and kissed him hard. She tasted strongly of mouthwash, a reminder that she'd been choking on another dick earlier. Dylan twitched inside her.

Dylan held her close when she slid off him. Both their hearts still pounded as they intertwined limbs and clung to each other. The coming was great, but their cuddling was the best part. When Cori pressed her warm body to his, Dylan knew she still belonged to him, even if she rented herself out for a few hours. He was her home, and always would be. Cori told him all the time that the only reason she could do it was that she knew Dylan

had her back. She would never have gone down that road if they weren't so solid.

"I know this was a big step, babe. Are you okay with it?"

"I told you to go for it."

"And I know that was probably your dick talking. If you have second thoughts, you can tell me."

"Do I feel weird that my wife fucked a man for money? Yeah, I'm only human. I need to process that. But honestly, is it so much worse than blowing guys for money? I bet a lot of people would say no."

"I don't care what a lot of people think. I care what you think, Dylan. You're my husband."

"I think it's hot as fuck, Cor. Honestly. Yeah, I feel weird about it, but I think maybe that's just because I think I should. I don't know. Besides, it's not like you haven't been fucking someone else anyway."

"But he doesn't pay me."

"Maybe he should start."

Cori laughed. "He probably would if I asked, but it isn't about money. I don't want it to be."

The knife twisted in his gut ever so slightly. He felt too good at that moment to let it get under his skin the way it did when he obsessed on Cori and Baines, but what she said was the core of his problem with their arrangement. Cori wasn't fucking Baines for money. She did it because she wanted to, and that stirred jealousy in Dylan that his wife selling her pussy did not.

"It is what it is," he dismissively replied.

"Dylan..."

"I love you, Cori. I love you and you were incredible tonight. I mean, fuck, that's a *lot* of money. You must have worked damn hard."

"I did work hard, especially with Anthony." She paused to let that sink in, and he was glad she did. "But I swear it wasn't as many guys as you probably think. Three handjobs, Shelby, and then Anthony. But these were all guys with money, so they were very generous. I can't believe I made so much money."

"Maybe I can finally get that motorcycle."

"Haha. When you get on your back."

Dylan kissed his wife. "That's fair."

"Don't worry, babe. I'll get you something nice."

“You’ve already given me something incredible, Cor.”

“Aww.”

“So, is this a thing you do now?”

“I don’t know. I haven’t even thought about it. I have a couple of guys I know would love to, but I don’t know if it’s something I want to do with clients all the time. Maybe it’s just something I should reserve for special gigs.”

“That’s probably wise. But think about what you want, Cor.”

Dylan knew she believed it when she said it, but he knew his wife. The seal had been broken and Cori wouldn’t be able to resist. Why did he love that his wife was kind of a slut? He chose not to analyze it, but to appreciate it instead.

“If you’re going to start doing it, I only ask that you make them use condoms.”

“Yeah, I know I should have made Anthony wear one. I just got carried away in the moment and didn’t even think of it. I didn’t go in there with a plan to fuck him. I’m sorry.”

It was sweet that she apologized, but Dylan didn’t need that. He wasn’t angry about it. The thought of a man paying for her pussy and filling it with cum made his cock begin rising again. He truly loved his wife being used. But she had to be safe.

“You don’t have to be sorry, Cor. I love that you get carried away. That’s what makes this so hot for me. But just for safety’s sake, if you’re going to do this again...”

“I know. I will. If I do it again, and that’s still an *if*, I will have a plan.”

“Good. That’s smart.”

“Okay, I am going to sleep. I really am exhausted.”

“Sure, Cor. Sleep in tomorrow, you earned it.”

“This is why I love you so much, babe. You make me feel so appreciated.”

“Always, Cori.”

Dylan reached over and turned off the light.
