Caleb's Story

My birthday is at the beginning of October and every year my wife Jen does something nice for me, but since this one was going to be the big four-oh, I was expecting something extra special. I thought maybe she would plan a surprise party or a weekend away, something to mark the occasion. She'd been hinting for weeks that she up to something, but I couldn't pry any clues out of her and if any of our friends knew what she was up to they weren't spilling either. Three years ago, for Jen's thirtieth, I whisked her away to the Bahamas for a long weekend with the surprise that two couples we were close with met us down there. That was such a wild time I still only remember half of what happened. If Jen planned something similar, I'd be a happy man.

About a week before my birthday I was out with the boys playing poker on a Friday night while Jen worked second shift at the hospital that night. I arrived home shortly before my wife, glum because I was down fifty bucks. It just didn't seem to be my night. My luck, however, was about to change, or so I thought.

Jen got home shortly before midnight and she wasn't alone. I knew Brianna from attending work parties with Jen and we'd all hung out once or twice before for a few beers. She was a nice girl, sexy as hell, and a big flirt too. She and Jen had been working together for just a couple years, but had become fast friends and if I didn't think my wife could take care of herself when she went out I would have been worried, because Brianna was the type of girl who liked to find trouble.

"Can I have one of those?" Brianna asked, setting her bag down beside the couch. Both girls were in green scrubs, having come right from work. I was having a beer while flipping the channels in the living room.

"I'll grab you one," Jen told her. She gave me a kiss before disappearing into the kitchen. She returned with three beers and handed one to Brianna, who sat at the far end of the couch. Jen settled in beside me and laid her head on my shoulder with a sigh.

"Rough night?" I asked.

"I'm just tired. I thought the shift would never end." She pulled the scrunchie out of her russet hair and it fell just past her shoulders when she shook it out. Jen wears almost no make-up when she works, but doesn't need it. She's a natural beauty.

"The patients were particularly bitchy tonight. There was this one old guy who kept pressing the call button to have me come down and adjust his bed. I know the old perv was just trying to look down my top when I leaned over."

I laughed. "Old pervs need love too. Looking down your top was probably the high point of his day."

"Besides, you wouldn't be complaining if he was thirty instead of sixty," Jen teased.

"Or if he had a big bank account," I joined in.

"Very funny. Next time I'm sending you down there, honey."

"But you're his sweetie. I wouldn't want to disappoint him."

"If he wants something to look at you've got the edge on me!" Brianna said, staring at Jen's chest. My wife's chest is significantly larger than her friend's. Jen is a curvy, sexy woman, while Brianna is a tiny little thing, barely over five feet tall and very petite. She's twenty-five, but could almost pass for a teenager. Brianna has an incredible, tight little body, which she quite enjoys showing off, and she's stunningly gorgeous. Brianna is half Filipina and her slightly up-slanted eyes and flawless light brown skin lend her an intoxicatingly exotic air.

"What, these old things?"

Brianna surprised me by leaning across me and hefting Jen's breasts in both hands. "Yeah, those things. I'd kill to be bigger." She unhanded Jen and moved back to her seat.

"It's not like I'm Pam Anderson or anything. I'm only a C-cup. Yours don't look that small. Besides, if you were my size they'd look really huge on you."

"Thanks, but this bra is padded. I'm pretty perky, though. Guys really seem to like them." Brianna now fondled her own breasts. "What do you think, Caleb?"

"Those scrubs are pretty baggy," I said, taking a sip of my beer. "It's hard to tell. If you'd lean forward so I could get a proper look..."

"If you play your cards right, mister, you just may get your chance."

That took me by surprise. I'd have loved a chance to see what was going on under those scrubs. Jen shot her friend a look and muttered, "Bree." Brianna gave her an innocent look back and replied, "Jenny." She was the only person I'd ever met who got away with calling my wife that.

"Is there something I'm missing here, guys?" I asked.

"There's a reason I asked Bree to come over tonight. There's something I wanted to talk to you about, and she wanted to be here to make sure everything was clear."

"This is sounding interesting. I don't think it's about you guys swapping shifts."

Jen swallowed about half her beer and set it down on the table. Turning to face me she said, "Now don't get all excited, but I have an idea for your birthday that I think you'll never forget."

"I hope not anyway!" Brianna chimed in.

"This is starting to sound *really* interesting now," I said.

"I want to make your number one fantasy come true, honey."

"I'm going to be an NFL quarterback!" I shouted. Jen punched me in the arm.

"No, the more realistic one. You've always said you wanted to see me with another woman and I'm ready to make it happen, if it's something you really want."

I was speechless. I'd sort of figured it out, but hearing Jen say it was something altogether different. We'd talked about it when watching late night Cinemax—Jen actually likes the softcore stuff—and even role played it in bed a couple times, but she'd never said anything to indicate she wanted to make it a reality. I know she'd done some "experimenting" in college and she'd told me some pretty hot stories, but I thought that part of Jen's life was closed. I certainly didn't think she'd ever want to try that with me in the room. Did I really want it? Of course I wanted it! And if the other woman was going to be Brianna that was really incredible, I got a hard-on just thinking about seeing the girls in a lip lock.

"And you'd be the other woman?" I asked.

"I think so, with conditions," Brianna replied.

"Conditions?" I was thinking this was the part where they told me I could only sit back and watch, which I was fine with if this was the only way to make it happen.

"I've been thinking about this for a while and when I thought who I could ask Bree is the only person who came to mind. I don't want to pick up a stranger and I don't trust our other friends to keep quiet about it. Bree's perfect and I thought she would be game. However, there are some concerns. She has a boyfriend, Frankie."

That news made my heart sink. I didn't know Brianna was seeing anyone. I did not want to hear that he had to be there too. That would ruin it for me. Let him go find his own threesome. "And..."

"And I don't want to go and do something behind his back, so I had to ask him first. He said he didn't mind on one condition."

"Which is—and I want you to think carefully about this—he wants us to do the same thing for him," Jen finished.

Now I was confused. "I don't think I get it."

"If we put on a little show for you, he wants us to do a little show for him," Jen said.

"So he would be..."

"No, not at the same time. I don't think either of you swings that way," Brianna laughed.

"Let me get this straight. If I watch you girls hook up, then you two are going to go over and do the same thing in front of this guy..."

"Frankie," Brianna said.

"Frankie. Frankie gets to watch you two fool around too."

"If you just watch," Jen said, looking nervous.

"I don't have to just watch?"

"Whatever you do with me—with us—Frankie gets to do too," Brianna said.

"So if I..." I couldn't finish the thought.

"Yeah, the more fun you have, the more fun Frankie has," Brianna clarified.

"What do you think, honey? This was the hook I had to think about before I said anything to you," Jen said, looking concerned.

I didn't know what to say. It was hard to make such a choice. If I watched my wife together with Brianna, then Brianna's boyfriend would get to watch them too, without me there. Could I handle that? I was surprised Jen would even do that. Was that something she really *wanted* to do, or was she just doing it so I got my fantasy? *And*, if I fucked Brianna, which I

would have loved to do, then this Frankie guy, who I'd never even met, was going to get to fuck my wife? I knew that wasn't going to happen.

"I need some time to think about this. It's pretty heavy," I said.

"I know, honey," Jen said, rubbing my arm.

"Do you guys mind if I grab a shower while you think about it?" Brianna asked.

"Sure, it's at the top of the stairs on the right. You should be able to find everything you need, but if you can't, just give a shout," Jen said. After Brianna was gone, Jen asked, "Are you freaked out?"

"Jeez, honey, I don't know what to think. Trust me, there's nothing I'd love more than to see Brianna seduce you."

"Who says she'd be doing the seducing?" Jen grinned.

"Okay, fair enough. But I'm not sure how I feel about you performing in front of this Frankie guy. Could you do something like that?"

"I'd rather not, but I'd be willing to do it if it gets you your fantasy. I can't think of any of my other friends I would ask—seriously—or I would have. So if we do this you're just going to watch?"

"I don't think I have any choice. But, if there was no Frankie, would you want me to do more than watch?"

It was Jen's turn to think about things. "I might be jealous, but I'd be okay with it, I think. It's hard to say. Whatever you decide is okay with me. This is supposed to be all about you, honey. I love you and I want you to have a memorable fortieth birthday."

My cock, throbbing in my jeans, was casting its vote, but the big head wasn't so sure yet. "Let me at least sleep on it."

"Hey, Jenny, where do you keep the clean towels?"

We both turned and I was shocked to see Brianna standing on the stairs in a black bra with her scrub pants slung low enough to see her pink thong. I noticed her belly button was pierced by a curving bar bell. Damn, she had amazing abs. She just smiled at the look on my face, and I knew her appearance there was entirely for my benefit. Jen took her nudity in stride.

"I'll come up and show you, hon," Jen kissed me and climbed off the couch.

"Maybe you can wash my back while you're up here."

Jen smiled over her shoulder at me and teased, "Only if you do mine while we're in there." She pulled her top off, revealing her own beige satin bra and followed Brianna up the steps. What a pair those two were!

While I was downstairs imagining what they might be doing up in the shower I weighed the pros and cons over and over again. Could I really pass up such an opportunity? God, it was so hot that Jen even wanted to do it. The harder I got the more difficult it became to think objectively. If Frankie was just going to watch wouldn't it be okay? That wasn't cheating. It wasn't like he'd be touching Jen. I almost wanted to just flip a coin.

After giving it the weekend I made my decision. It might have been playing with fire, but I just couldn't pass up the chance. It would be a birthday I would never forget and give us years of role playing to live out in the bedroom. I wasn't thrilled with the trade off and I knew it would be a rough night for me when Jen was out fulfilling the other part of the bargain, but if Jen was okay with everything I wanted to do it. I told Jen my decision over breakfast Monday morning.

"I think we should do it," I said, as I handed her the half and half.

"Do what?" She'd been good about being patient for an answer. Jen hadn't brought up her proposal all weekend.

"The thing with Brianna. I think we should do it, if it's still something you're okay with."

"I'm definitely good with it, as long as you are, honey. I know we're going to have a great time, but are you going to be okay when I have to go off with Bree and Frankie?"

"I think so. I mean, it's not like he's going to be fucking you, right?"

"Right. Depending on what we do with Bree, he won't even be touching me."

"Then that's okay, I guess. Are you cool with doing that with her in front of another guy? I don't want you to do anything you're uncomfortable with just to give me this."

Jen bit her bottom lip, something she always does when she's worried. "There's just one thing. What if you can't keep your hands to yourself? What if you don't just watch?"

I'd thought a lot about that, too. Would I be able to just sit back and do nothing while the girls got it on in front of me? It would be awesome to just watch, but I'm not the most passive guy. If I wanted to get involved, maybe touch Brianna a little bit, that meant Frankie would get to touch Jen. I really wasn't okay with that. But how would Jen feel if she had to let Frankie play with her? I didn't think she wanted to be with any other men. I would hate to put her in that position.

"I'm just going to have to control myself, babe."

"And if you don't? Are you prepared for the consequences?" She knew me too well. She knew the struggle it would be for me to just sit there.

"I'll have to live with them, won't I? What about you? You'll have to live with them, too. What if you have to be with Frankie?"

"I don't want to fuck anyone else, you know that. But I don't think you'll let that happen."

"No, I'll behave. I won't fuck her, but how would you feel if you had to do some stuff with Frankie?"

Jen smiled. "I guess it depends on what stuff is. Bree says he's pretty hot. It could be fun."

"That's not funny."

"It is a little bit."

Jen pulled me into her arms and we kissed.

"Okay, maybe a little bit," I admitted.

"I think maybe you don't mind it as much as you pretend."

My cock was stirring, she must have felt it through my pants. "Maybe I think it's hot that you're going to get some guy all hot and bothered—I like having a hot wife—but that doesn't mean I want some other guy climbing all over you."

Our lips locked and her tongue flickered at mine.

"I'm glad we got that straightened out," she said.

+++

Two weeks later, both Jen and Brianna took a Saturday night off and things were set.

Jen disappeared early that day to go shopping and get ready with Brianna. I waited at home with instructions that they would pick me up at seven sharp. I was ready almost an hour early and paced the living room until the door bell rang, head filled with visions of the night to come.

I answered the door and received my first surprise of the night. Both girls were stunning, the walking embodiment of sex. Jen wore a black strapless cocktail dress with a satin bodice with fringe hanging from it. The skirt fell well above the knee and her long legs were sheathed in shiny black stockings and ended in four inch stiletto heels that made her as tall as I am.

Her breasts looked like they were going to spill from her dress at any moment, and her russet hair was piled up with a couple free strands framing her face. A black satin choker with rhinestones was fastened around her throat. It had been a long time since I'd seen my wife so dressed up—although the dress was more daring than what she usually wore—and I'd almost forgotten how stunning she could be. I was so caught up staring at Jen that I didn't give Brianna a proper once over until she cleared her throat.

Brianna was in all white, but she looked anything but pure. Her black hair, which usually hung to the middle of her back, was pulled up as well and had highlights, her lips were painted slut red and kohl accentuated her exotic eyes. The dress was thin satin that looked like it was just draped over her tiny body. The halter was cut low in the front, showing impressive, enhanced cleavage. The back was low cut, coming to a point at the bottom, with a butterfly embroidered around it. The hem was as short as Jen's dress, but also had high slits on both sides. Her stockings, like the dress, were white. All I could do was stare at them. I had no words that would do them justice.

"Aren't you going to tell us how nice we look?" Brianna asked.

"I think the look on his face says it all. Happy birthday, honey." Jen put her arms around me and gave me a long, loving kiss. "You look very nice too." I was wearing a black blazer with a charcoal mock turtleneck and black pants. I'm no Adonis, but I'm in decent shape for a forty-year-old guy. The boys and I still get together to shoot hoops once or twice a month. My brown hair, which I keep pretty short, only has a few flecks of gray in it so far.

"Happy birthday, Caleb," Brianna said. She rubbed that sexy little body against mine and even though she was wearing high, strappy heels, she still had to stretch to kiss my cheek.

Jen arranged for a Lincoln Navigator limo so no one had to worry about driving. The driver was a tall, handsome Hispanic guy in his late twenties and he held the door for us all as we climbed in the back. It was fun watching the girls, especially Brianna with those slits, try to get into the high vehicle without flashing the goods. The driver must have been happy he drew this assignment. He silently watched the girls climb in, not bothering to hide his admiration.

The drive downtown was an hour, but the bar in the back was more than enough to keep us busy. The back of the limo was huge, and at first Jen

sat snuggled up against me while Brianna sat by the bar and poured us champagne. More than once I caught a flash of Brianna's panties and the fact that she was wearing garters with those stockings. My cock was so hard it ached. It didn't help that Jen's breasts were pressed against my side and she dropped a hand into my lap.

"Someone's having a good time already," she joked. She massaged me and I pulled her tighter into my side.

"I feel left out," Brianna pouted.

"Then come on over, Bree. Join the party."

Brianna crawled across the seat and settled on my other side, wrapping herself around me. My blood was really pumping now. She rubbed my chest and I felt her breath on my neck, but she didn't do anything more. She really had me considering going further than I wanted, but I remembered the rules. I had to force the image of my Jen dressed all slutty and pressed against some other guy, and that was enough to keep me in check. Jen's hand in my lap turned my thoughts back to the present—away from what she might have to do in the future.

"If you keep that up, Jen, I'm going to need a change of pants before we go to dinner."

"So you want me to stop?" Jen innocently asked.

"I guess if he doesn't want us paying attention to him we'll have to have fun ourselves," Brianna said. She beckoned Jen with a crooked finger and my wife climbed into my lap, facing her friend. Brianna held her face in both hands and softly kissed her. It stayed sweet for about two seconds, and then Jen opened her mouth and accepted Brianna's tongue. This wasn't going to bring my hard-on down.

They kissed a little more, just to tease me, and then we were at the restaurant. The way the driver was grinning when he let us out made me wonder if he had a way to see through the divider.

We were shown to a round booth in the back of the restaurant and again I sat between the girls. The wine never stopped flowing and I think Jen was hitting it hard to work up her courage for later, though from what I saw in the limo it didn't seem she needed any help. I was treated to a huge prime rib dinner with a baked potato, while both girls had the lobster. Brianna seemed to be licking a lot of butter off her fingers and I was glad the table cloth was long. Jen checked to make sure I was enjoying the show, and again her hand in my lap had me very close to cumming before she

stopped teasing. This time, though, I didn't just sit still. She opened her legs when I slid my hand up her thigh and I felt that she was wearing garters just like Brianna. God, I love that look. My fingers traveled her bare thigh and I rubbed her through lace panties, which were already wet. When I found her clit and teased it Jen loudly dropped her silverware onto the table and hunched down in the booth, quietly moaning. She isn't ordinarily very quiet and I knew if I kept it up she wouldn't be able to control herself. Brianna looked amused by Jen's plight and while I would have loved to do the same to that sexy little thing, I kept myself in check. I continued to tease my wife while the waiter collected our plates and stared daggers at me while she struggled to keep her reaction in check. The look the waiter gave me, like I was king of the world, was worth everything.

After dinner the limo was waiting for us again and I wondered where we were off to next, but the girls wouldn't give me any clues. I thought maybe a dance club or something like that. It seemed too early to be going home and the thought of watching those two rubbing against each other on the dance floor was enticing. Instead of a club, we were taken to the Westin hotel downtown. This time when the driver held the door he gave me a wink, like he wished more than anything he was me.

We did not go up to a room, but instead the girls led me to the bar, where we sat on the corner. Jen ordered me a top shelf scotch on the rocks and they each had a cosmo. Every eye in the bar was on my companions, who were going out of their way to fawn over me. Sitting on the high stools, both of their skirts had ridden up high and with the slits on her dress everyone in the bar knew Brianna was wearing garters. I wondered how many people thought I'd hired the girls for the evening.

"So what's the plan ladies?" I asked.

"We just thought we'd stop down here for a drink so you could show us off before we got to the fun part of the night," Jen said.

"I'm already having a lot of fun," I replied.

Brianna leaned in so her lips brushed my ear and said, "Every guy in this place wants to be you right now, even the ones with their wives. That must feel pretty good." Her hand hovered right above the forbidden zone. That girl was an unbelievable tease.

"They're probably wondering how much you paid for us," Jen giggled.

"And if they can hire you two when I'm done."

When we finished our drinks the girls decided that I—and everyone else in the bar—had had enough teasing and Jen pulled a key card out of her tiny purse. She took one hand and Brianna took the other and they led me to the elevator.

There was another couple, who looked about my age, with us in the elevator and while the guy's tongue was almost hanging out of his mouth the woman he was with just looked at the girls with distaste. Somehow I knew I was going to have a better night than he was.

The room was huge, with a king sized bed against one wall and a sitting area with a small couch and a coffee table by the window. In the near corner, by the bathroom, was an elevated hot tub. This was going to be a very good night! Jen led me to the couch and helped me out of my jacket and then sat on my lap. Brianna produced a bottle of champagne from the fridge and poured three glasses.

"Are you having fun so far?" Jen asked while Brianna was on the other side of the room. She was caressing the back of my neck and running her fingers through my hair, something she knows gets me going.

"It just keeps getting better and better. You've planned everything perfectly so far." I played with the fringe on her dress and Jen giggled and then kissed me. As we kissed, she lightly rubbed my nipple through my shirt, bringing it to a hard point and I tried to do the same to her, but I couldn't feel much through the dress and whatever she was wearing underneath. Still, making out with my hot wife brought the wood I'd been sporting on and off all night right back. I was about to reach for the zipper on her dress when Brianna interrupted us.

"Don't get ahead of yourselves guys. We've got plenty of time. We've got all night."

Brianna handed us each a flute of champagne and then took Jen's hand and helped her to her feet. The girls stood in front of me—both stunning—for a few moments, sipping their champagne, and then whispered to each other. Brianna went and clicked her iPhone into the dock on the stereo system, while Jen snapped open her purse and pulled out a wad of folded bills. She fanned out the bills and I saw they were all singles when she handed over the money. She pulled the coffee table back toward the end of the bed, which left a nice space right in front of me. Brianna skipped through tracks on her phone until she came to "Let's Get It On," and then she joined Jen, saying, "Enjoy the show. It's all for you."

The girls swayed separately to the music and Brianna fixed me with a sultry gaze as she moved her hands up and down her body. Since the song was a slow groove, the girls' moves matched the sensual music. Jen followed Brianna's lead and touched herself as well, turning around and bending to show me her ass. I love my wife's ass. It's round and shapely and soft and I think it's only gotten better with age as it's grown slightly plumper. I'd seen Brianna's ass in jeans and I knew it compared favorably, but she had a tight, hard little ass. Jen turned around again and into Brianna's arms. The shorter girl held my wife close and they danced together. Their lips brushed briefly, but then Brianna turned Jen around and slowly drew down her zipper. Jen tilted forward and rubbed her ass into Brianna, while the girl pulled the dress away from her body. As that dress came down, the show just got better and better. Jen was wearing a black satin-and-lace bustier with lacing up the front and garters, which attached to her stockings. Skimpy panties, which barely covered anything, completed the outfit. Sometimes Jen dressed up in lingerie for me, but never anything this elaborate. I thanked the heavens for blessing me with such a sexy wife.

Jen turned, pulled Brianna into her arms, and kissed her full on. She grabbed Brianna's ass and lifted her dress, giving me a very nice view. This was way more passionate than the teasing in the car, like Jen really wanted her friend. Jen unfastened the halter at the back of Brianna's neck, but didn't let go of her to let it fall. They were enjoying kissing way too much to pull apart. When Brianna's dress finally dropped to the floor I saw her lingerie was identical to Jen's, just in pearl white. The bustiers pushed both girls up, but Jen had a lot more spilling out the top. I gripped the loveseat hard because it was the only way to keep my hands to myself.

They kept dancing and rubbing against each other, gradually moving closer to me. Brianna was the first to look for a tip, planting a foot between my legs and pulling out her garter. I took one of the bills my wife had given me and slipped it under her garter, feeling the smoothness of her leg. She stayed between my legs and turned to gyrate her ass in my face. It was a nice butt and I wanted to grab it, but instead I slipped another bill into the waistband of her panties. Brianna sweetly thanked me and sat herself square in my lap, making sure to grind into my bulge, and put her arms around me, presenting her cleavage to me. "One more please," she asked and I pushed a folded bill between her breasts. Brianna kissed my cheek and then moved aside, still dancing, so Jen could take her place.

Jen was more daring, but probably only because she could be. I had a sense that Brianna was enjoying teasing me, but also making an effort to hold back. Jen put her arms around me and rubbed against me, sinking down to her knees and rubbing her face against my crotch while staring up at me. When she slinked back up my body, Jen pressed her thigh into my hard-on and rubbed it vigorously while pressing her cleavage into my face. She didn't even bother going for the money. Turning around, she planted her round ass in my lap and ground down like a pro. If I didn't know any better I'd think she'd been moonlighting as a stripper. Jen didn't stop with the lap dance until my cock was ready to burst. She turned back and gave me a kiss before pulling away again.

Brianna was back and this time she had a can of whipped cream, a box of candles and a lighter. *Okay*, I thought, *what's next?* Brianna pursed her plump, ruby lips and blew me a kiss and then asked, "You don't mind if I help Jenny out of this do you?" She was playing with the laces on the front of my wife's bustier. Obviously, she'd helped Jen get into it, so she knew how to get it off quickly. First she had to unclip the garters from Jen's thigh highs, but the stockings stayed on once they were disconnected. As she removed the bustier, Brianna copped a feel, massaging both Jen's breasts and I saw her thick, ruddy nipples thicken from the attention. A dusting of freckles spills down Jen's chest and over the slopes of her breasts and Brianna seemed to be playing connect the dots as she touched her.

Leading Jen to the bed, Brianna laid her down on it and then retrieved her supplies. "We thought cake is just too cliché so tonight Jenny is going to be your birthday treat." Jen shivered and giggled when Brianna sprayed the whipped cream onto her flat stomach and then up a line between her breasts. She capped each nipple with a dollop of whipped cream and then took a candle and planted it in the mound of whipped cream on Jen's belly button. She lit it and said, "You want to come over here and blow Jenny out before she gets scalded with hot wax, unless she's into that sort of thing. I wouldn't know...yet."

I was over there like a rocket and knelt down by the side of the bed while Brianna sat up by Jen's head and stroked her hair. My wife was smiling down at me and told me to make a wish. I knew what my wish was, but unfortunately all of it wasn't going to come true tonight. I blew out the candle and then pulled it out and let Jen suck the whipped cream off of it. The whipped cream on her tummy was so tempting, so I bent down and

began licking and sucking, which made my ticklish wife giggle and jiggle. But her giggles turned to moans and I saw that while I wasn't paying attention Brianna had bent down and helped herself to the whipped cream on Jen's breasts. She was licking all around Jen's nipple and then sucked it between those juicy lips. Jen bit her lip and moaned, holding the back of Brianna's head. Damn, that was so hot and I got lost in just watching. Brianna pulled back so I could watch her tongue at work and then she moved onto the whipped cream on Jen's other breast. She rapidly flicked her tongue over Jen's nipples and my wife moaned very loudly. I know just how much she likes to have her nipples teased and Brianna was doing a fine job.

Brianna licked her way down the line of whipped cream and I had to get out of the way when she reached my spot. I went back to the loveseat, knowing it was my turn to watch again, at least for now. She didn't stop at kissing and licking Jen's belly, which was still sticky, but moved down and rolled Jen's panties down as she did. Jen lifted her butt so Brianna could push the panties down past her thighs and then the sexy Filipina kissed all over Jen's exposed thighs and pussy. My wife keeps a nice, neat landing strip and Brianna kissed all around it, but did not kiss her pussy. I could tell by Jen's moans that she was getting frustrated by all the teasing and wanted some real stimulation, but Brianna—forever the tease—wasn't ready to give in yet. While I watched them I pushed down my pants. There was no reason to hold back any longer. I was rock solid and I stroked myself while I watched the girls together.

Letting her lips brush Jen's pussy, Brianna traveled upward again and returned to focusing on her breasts, but she did move a hand to Jen's pussy. She stroked those red lips while kissing her nipples. Jen gasped and gripped the sheets with one hand while holding onto Brianna with the other. I had a perfect view as Brianna spread Jen open and teased her, finding her clit and rubbing it. Jen cried out and jerked her hips, pushing at Brianna. She pinched and rolled Jen's clit, but not too hard, as Jen didn't like it rough. It seemed that she knew just what to do to my wife. Brianna dug two fingers into Jen's pussy while rubbing the heel of her palm against her clit and my wife went crazy.

"God, yes!" Jen cried. "Oh God, please don't stop! That's sooo good."

Brianna kissed her, but it was hard with Jen's constant moans and she went back to kissing her breasts and nipples. Jen pumped her hips at

Brianna's slim fingers and the girl fingered her harder and faster. Jen's cries reached a fever pitch. I knew what it looked like when my wife came. I couldn't believe what I was witnessing as I watched Jen cumming, I came myself, making a sticky mess on the floor in front of me.

Jen pushed herself up from the bed and although she looked in my direction she wasn't looking at me. Did she even remember I was there? She grabbed Brianna and pulled her down on the bed, rolling on top of her. This time I had to move to get a good look at what was going on. Their tongues were dueling in and out of their mouths and Jen pressed her hand to Brianna's black panties. The girl spread her legs and pushed back while still grabbing for Jen. Jen worked her hand into Brianna's panties and must have found the right spot because the girl arched off the bed and clutched at my wife. Jen was also trying to pull the bustier down, but Brianna had to help with that, and together they got it to the point that Brianna's breasts were squished out the top. It didn't look comfortable, but she didn't seem to mind. Brianna's right nipple was pierced and Jen looped the ring with the tip of her tongue and tugged on it.

"Oooo baby, pull it, Jenny," Brianna cried. She reached down and pressed her hand over Jen's, seeming to make Jen rub her pussy even harder. Even though I'd just cum, I could feel my cock throbbing to life once again as I watched them get it on. "Oh! Oh! Oh! Jenny! Ohhhh yeah! Jenny!" She screamed, almost loud enough to rattle the windows.

"You girls are fucking awesome!" I told them as they rolled around on the bed. "This is the best birthday ever!"

"It feels like it's my birthday too," Brianna joked, while tracing circles on Jen's breast with her red painted fingernails. "How are you holding up there? Do you need Jenny back, or can I play with her a little longer?"

I desperately wanted to fuck my wife, but I also wanted to keep watching them. I was even hoping to help Brianna play with Jen. As long as I didn't touch Brianna I could keep within the boundaries I'd set for myself. "You guys take all the time you need. I'm just enjoying myself watching for now," I said.

"How about you fill the hot tub and we all take a soak. I think the three of us will fit." Jen said while kissing Brianna's shoulder.

"My pleasure," I replied.

While I filled the hot tub, Jen helped Brianna out of her lingerie and stripped the rest of her own lingerie. The nude girls came to stand on either

side of me and while Brianna helped me off with my shirt, Jen knelt down in front of me and shed my pants. Once I was nude, Jen grasped my cock and licked it up and down like it was the sweetest lollypop. She's always been great with her mouth and tonight was no exception. Brianna sat on the side of the hot tub and watched us, spreading her legs wide and touching her pussy, which I knew she was doing for my benefit. I watched her and enjoyed my wife going down on me. Once Jen had my cock nice and wet she popped it into her mouth and sucked it thoroughly, deep-throating me and hollowing her cheeks as she sucked. Damn it felt good, and watching Brianna play with herself I almost shot my load down Jen's throat, but I didn't want to cum again yet, and so I stopped Jen.

"That was great, honey," I said.

"I'm glad you liked it, but why did you stop me? I wanted to make you feel good."

"You're already doing that."

"Come here, Jenny," Brianna said and then kissed my wife. She told me, "If I can't share at least I can get a taste this way."

The hot tub designed for two was a tight fit for three, but I wasn't complaining. I had Jen on one side and Brianna on the other side. Jen was half on my lap and Brianna was pressed very closely to me. Brianna's nipples kept grazing my arm and somehow I didn't think that was an accident. We spent time in the hot tub drinking champagne and chatting while I touched Jen and she touched me, and Brianna alternated between touching herself and my wife. Of course to get at Jen she had to lean across me, pressing her naked body to mine. While Jen and I were kissing, Brianna was bent across me kissing and sucking on my wife's right breast. Under the water we were tangle of limbs as Brianna reached into Jen's lap and Jen had a firm grasp on my cock. At that point I actually had arms around both girls.

Jen shifted and ended up between Brianna and me. She leaned back so that Brianna and I had unfettered access to her chest and side-by-side we kissed and sucked on Jen's breasts. She was running her fingers through my hair and she pulled down Brianna's hair so that it tumbled sloppily around her face, making her look even sexier. Jen was going crazy from all the attention, moaning both our names and leaning her head back. Brianna and I also teased her pussy together. While Brianna flicked her clit with her long fingernails, I had two fingers slowly moving in and out of Jen's sex.

"Oh God guys, you're too much! Mmmmm, God yes! Mmmm..."

Playing with Jen with Brianna was the hottest part of the night for me so far, as I love seeing my wife get off. I knew two mouths teasing her at once had to be overwhelming. Brianna pulled back and was urging Jen to sit up on the side of the hot tub and once Jen moved, Brianna buried her face right between Jen's legs. I could only see the back of the girl's head, but I heard slurping and licking and the look on Jen's face told me all I needed to know. With her whole chest to myself I attacked mercilessly and after just a couple minutes Jen had another screaming orgasm. I kissed her and told her how much I loved her.

I was shocked when Brianna grabbed me and kissed me full on the mouth. Her tongue shot into my mouth and I couldn't help kissing her back. I tasted Jen's pussy on her and I thought that was why she had to be doing it. It flashed into my mind that this meant Jen would be kissing Frankie, but Brianna was an amazing kisser and soon I wasn't thinking about rules very much. She pressed her body to mine and I felt her sex rubbing against my rock hard cock and I grabbed her tight little ass. She didn't try to put me inside her, but she sure had me wishing she would.

Jen interrupted and Brianna kissed her briefly before passing me back to my wife. Jen plastered herself against me as Brianna had, and we made out while Brianna stayed at our side and caressed the both of us, even kissing the side of my neck. We'd all had a few glasses of champagne and no one seemed to mind that the rules were breaking down a little bit.

Jen held my cock and rubbed it against her pussy, whispering, "You want to fuck me, don't you Caleb?"

"Yes," I gasped, but she still kept teasing me, splitting her pussylips with my head and rubbing her clit.

"You'd like to fuck me too, wouldn't you?" Brianna whispered, biting my earlobe. I didn't see any harm in admitting it and nodded. I felt her hand close over my cock too and my blood began to boil. Brianna took control, holding my cock and teasing Jen's pussy with it, teasing both of us. "You're so fucking hard, I can feel how bad you want it. And Jenny's soaking, she needs your cock inside her. Let's go over to the bed."

Neither of us was in the mood to argue, so Brianna led us to the bed, holding Jen's hand and my cock, and told me to lie down. Jen climbed on top of me, but it was Brianna holding my cock and putting inside her. Jen sank onto me, grinding while Brianna rubbed her clit, causing Jen to buck on my shaft. Jen's eyes were closed and she was biting her bottom lip, but it

didn't stop her from crying out. Brianna looked very pleased with herself. She massaged Jen's breasts while my wife moved on top of me, pulling up until I almost slipped out of her and then slamming back down onto me. The bed creaked under us and Jen rode me faster and harder while Brianna never ceased sucking on her nipples and teasing her clit.

"Oh God, please don't stop! Oh please!" Jen begged. "God yesss! Yesss!" Jen was fucking like a woman possessed and I don't think I've ever quite seen her like that before. It felt fantastic inside her and I had to try not to cum because I wanted this to keep going. Watching Brianna tease Jen while she rode me was like starring in my own porn movie. I was doing my fair share of moaning too and calling out Jen's name, urging her to fuck me. Those big, firm breasts of hers bounced up and down wildly while she rode me, only fettered by Brianna's mouth on them.

Fingernails tickled my balls and I knew it wasn't Jen's hand. Brianna massaged both my balls and I couldn't believe she'd gone there. Damn, it was incredible and I felt all my resolve melting away.

"That feel good?" Brianna asked. I nodded and moaned, "Yeah." Brianna licked my nipple and went on. "Jenny's pussy is so good, isn't it? She's fucking you good and hard." I nodded again and Brianna kissed me, tongue dueling mine. She kept one hand on Jen's clit and the other on my balls and both of us came to screaming orgasms. Jen kept riding hard as I came inside her and her pussy gushed around me, soaking us both. Brianna didn't let go until we couldn't continue. Jen lay in my arms and Brianna lay along the other side, pressed against me.

My eyes were closed and I felt one of them playing with my cock. I think part of me didn't want to know who, so I kept my eyes shut. I was sticky and soaked with Jen's juices, which made it easy to stroke me. A mouth covered me and for a second I thought it was Brianna pushing things further, but then the sexy Filipina was whispering to me.

"Can you go again, sexy? Do you have it in you?"

"I don't know," I gasped. I couldn't remember the last time I'd had three erections in one night, but if it was going to happen, tonight was the night. Those girls were like living Viagra. I felt some stirrings in Jen's mouth, but stayed soft.

"I bet you can. I bet we can get you going again." Brianna was stroking my hair and kissing the side of my neck. "I'd love to see you get

hard again, but I'm jealous. I want to feel you. You want to feel me too, don't you?"

I nodded and felt my cock gain more life.

"I know you want to fuck me, Caleb. I know Jenny wouldn't mind. Would you like to fuck me from behind? I bet you would. I can see you like that idea. Come on, baby, get it hard for us again. Maybe Jen needs help?"

"Maybe," I breathed, not thinking about anything but her hard little body against mine.

Brianna took that as an invitation and slipped down beside Jen. While Jen bobbed up and down Brianna got lower and sucked on my balls. *That* opened my eyes. You have no idea what it's like to look down and see two beautiful women going down on you. You'd lose your mind too. Jen gave Brianna room and both girls licked their way up my shaft, their tongues meeting and dueling over the head. They both kissed my cock and then Brianna deep throat me and Jen sucked on my balls. Needless to say I was rock hard in no time.

Slithering up my body, Brianna lay on top of me and asked, "Do you want to fuck me? Tell the truth, Caleb."

I looked at Jen, but she was no help. Her eyes were hooded with lust and I think she would have said yes to anything. "I want to," I whimpered.

"I know you want to." Brianna said, rubbing her sex on my shaft. God, I wanted her. I wanted to fuck her until she screamed my name.

Jen lay beside me, kissing me when Brianna wasn't. She was still playing with me, rubbing my balls, while Brianna's soaked pussy slid against me. "What do you want, honey?" Jen asked. I searched her face and saw no jealousy there. "Tonight's your night."

"Caleb," Brianna whimpered and kissed me, her hair tumbling around my face. Someone, maybe Jen, grabbed my cock, put me in position, and I thrust up, burying my cock in Brianna. She gripped me hard and held me inside her. God, she was like a vice around me. She was jerking me off just using her pussy. I'd never felt anything like it. I grabbed her ass and moved her up and down on me, but she didn't release her hold. Soon she was bouncing up and down on me and I heard us squishing together.

"Fuck me from behind, baby," Brianna begged and jumped off me. She spun around and rested on her forearms with her ass jutting in the air. It was so inviting. I jumped up and buried myself in her again. I held onto her narrow hips and slammed into her as hard as I could. Brianna was looking

back of her shoulder, pleading, "Fuck me, baby! Fuck me hard! Ooooo yeeahhhh!"

Jen was watching and playing with herself. She had two fingers busy in her pussy, moving them almost as fast as I was fucking her friend.

My balls was slapping Brianna's thighs and if I hadn't cum twice already I would have cum in two seconds from her tight pussy, but now I could hold out and I planned on working Brianna hard. I didn't know what she was used to, but I wanted to show her a good time. If I was going to do this, I would do it right.

"Smack my ass! Smack it hard!" Brianna cooed. Sure, I could do that. I whacked her ass hard and she cried out. I spanked her again and again and every time I did it I felt her pussy tighten around me. "Oooooo yea! Ooooo yea! Fuck me, fuck me Caleb!"

I was getting into it. "Fuck, yeah!" I told her. "Fuck you hard!"

"Yea...fuck me...fuck...yea...make me cum!"

Brianna noticeably stiffened and her pussy really locked down on me. I didn't care if she was cumming, I wasn't going to stop. I only fucked her harder. Brianna rode that wave and then in a couple minutes she seemed to cum again. Once I was satisfied she'd cum twice, I pulled out and turned to Jen, ordering, "Come here."

Jen got up on all-fours and my wet cock slipped right into her. Yeah, I loved my wife's round ass. It jiggled and shook nicely as I plowed into her from behind. I was able to get two meaty handfuls as I pulled her back into me and Jen was screaming, telling me to fuck her harder. That sweet ass was a blur as she pushed back to me and when we came, we came together. Jen held me inside and ground against me as I unloaded.

When I was done fucking Jen I was well and truly drained. Jen seemed exhausted too and rolled into my arms. We kept our hot, sweaty bodies together and basked in the afterglow of all that had happened tonight. I was so out of it that I never noticed Brianna get out of the bed, but then I heard the shower running.

Brianna came out of the bathroom naked as the day she was born and pulled on a pair of jeans. She stood topless and brushed her wet hair out before pulling it into a ponytail and putting on a red top. She looked like any other fresh-faced girl in her twenties, not the sexed-up tart who came into the room with us. Her stuff was already packed in a bag and she

crawled onto the bed with us before leaving. First she slowly kissed Jen and then kissed me, with lots of tongue.

"Tonight was amazing guys. I hope you had a great birthday Caleb."

"It was one to remember, that's for sure. Thanks."

"I'll touch base with you later, Jenny. You guys have a good night."

I don't think she was gone five minutes before we were sound asleep. I slept like a stone. I don't think I moved all night, and I was stiff and sore when I woke. My head pulsed, the result of too much champagne. Despite all that, my cock was thick and hard. Amazingly, I wasn't fucked out from the night before. Jen barely woke when I rolled her onto her back.

"Mmm, honey," she moaned when I slipped inside her. She was soaked, like she'd been having a particularly sexy dream. I wondered if she was reliving the night before.

"Babe, you were fucking incredible last night," I breathed into her ear, picking up my pace.

"You were hot. I loved every second of it. Oh, Caleb, don't stop."

Jen wrapped her legs around me and I held her ass in one hand and her head with the other. It was quick, frenzied love making, and it didn't—couldn't—last long. I came first, and Jen howled and came before my cock was deflated inside her.

I rolled over onto my back and wiped the sweat from my forehead. The room reeked of sex and the bed was ripped apart. There was no question of what had gone on there last night. And that's when the truth slapped me in the face. I'd fucked Brianna. I'd grabbed her and fucked her as hard as I could—and that meant that her boyfriend was going to fuck my wife. Oh God. I sat up suddenly and hung my head, running my fingers through my hair.

"What is it, honey?" Jen asked.

"What we did last night, you know what it means?"

She was slow to answer. "Yes."

"I'm sorry. I wasn't thinking. Brianna was just touching me and whispering to me, and I lost my mind. I didn't even think about the consequences."

"We'll deal with it. Everything will be okay." She placed a reassuring hand on my back.

"She'll let us out of it, right?"

"What do you mean? We can't do that."

I turned to her. "What do *you* mean? You can't be thinking about going through with it. You're not fucking this Frankie guy."

"Bree's a really good friend. I can't just welch on this. It would end our friendship. And it wouldn't be right. She fulfilled—more than fulfilled—her side."

"But babe, you can't..."

"I don't want to fuck another man, but we made this devil's bargain. If we don't go through with it we just used Bree. I won't be that kind of person."

"So you're going to fuck another man because it's the right thing to do? That's crazy, Jen." I was hot, and couldn't hide it. Under any other circumstances I'd agree with her, but this wasn't a normal situation. Keeping our word meant Jen going and having sex with someone else. How could I abide that?

"Let me talk to Bree. Maybe I can fulfill my end without going all the way. Maybe she didn't tell Frankie what happened."

That would be great, but I wasn't counting on it. "Okay, but this isn't decided."

"No, and it doesn't have to be decided this morning. Now let's try not to let it ruin what was a great night. Come here and hold me and let's just enjoy this for a while longer."

I did as she asked, but I couldn't put it completely out of my mind—at least until she started sucking my cock again, and then I couldn't think about anything.

Jen's Story

I looked in the mirror and thought, *I can't do this*. My auburn hair was pulled back in a ponytail and I just wore a snug pink, V-neck t-shirt and worn, comfortable jeans. I wouldn't be dressed for my crazy night until I got to Brianna's. Looking at myself—fresh-faced and scrubbed of make-up—I did not think I looked like a married woman who was about to fuck another man. It wasn't as simple as all that. I wasn't doing it behind my husband's back, but still, this was not something I ever thought I would do. I couldn't believe how we'd gotten to this place.

We should have known better. Caleb and I were naïve to think we could invite someone else into our bed without consequences—but my having to do this wasn't supposed to happen. The deal was simple: Brianna would help me fulfill Caleb's fantasy of two women for his birthday, but with the caveat that anything she ended up doing with my husband I would have to do with her boyfriend, Frankie. Caleb and I had to think long and hard about that. He did not want me to be with another man—neither did I! We finally decided that we would take Brianna up on her offer, but Caleb would only sit back and watch while I was with her. It would be a hot show for him, and then we could screw like bunnies. But things got hot and he couldn't control himself. In the heat of the moment he fucked Brianna. I don't blame him at all, it was hot! I was just as caught up. The Pope himself wouldn't have been able to resist.

In the cold light of the morning we realized the devil's bargain we'd made. I told him that I would talk to Brianna and see if she planned to hold us to it. I could understand why she would, but we were good friends and I didn't think she would make me do something I really wasn't comfortable with. I spoke to her that Monday evening at work when we were alone in the locker room.

“Hey,” I said.

“What's going on, Jenny?” Brianna pulled over her top and grabbed a fresh set of scrubs from her locker. She had to change after an unfortunate incident with a patient.

“You know, same-old-same-old. We haven’t had a chance to talk since Saturday night.”

I couldn’t help checking her out. Brianna was one of the hottest girls I’ve ever been friends with. She’s half-Irish and half-Filipina, an exotic beauty with long, black hair, and I knew she was cute, but I never really appreciated how hot she was until that night we all shared. That’s why I couldn’t blame my husband for what he ultimately did. I couldn’t keep my hands off of her either. I am not a lesbian—I wouldn’t even call myself bi—I’m just open. I hate to admit to being a cliché, but yes, back in college, about ten years ago, I did my share of experimenting with other girls in my partying days. It was a lot of fun, but nothing I felt compelled to continue once I graduated to *real life*. I probably would never have played with another woman again if I didn’t know Caleb wanted a threesome so much. But I’m glad I did it.

“How awesome was that? Oh my God it was so hot,” Brianna said.

“Yeah, we loved it.”

Brianna didn’t put on her top, but came over and hugged me, grabbing my ass in both hands. Feeling her breasts crush against me stirred all those feelings from Saturday night, and although I knew anyone could walk in, I let her kiss me. Her lips briefly lingered on mine, leaving me breathless.

“I did, too. Frankie couldn’t keep his hands off me while I told him about it. We fucked until dawn, but I’m sure you guys fucked all weekend, too. He can’t wait for our night together. He was mad I didn’t sneak a pic with my phone.”

“You said have said something. I don’t think Caleb would have minded if you took my picture.” I was just as glad she didn’t. The last thing I wanted was dirty pictures of me floating around out there. I like to send Caleb surprises sometimes, but I always make sure he deletes them later. “I wanted to talk to you about our night.”

“Sure, what’s up?”

I hemmed and hawed while she finished changing. Finally, I said, “Things got a little out of hand Saturday night. Caleb did some things he didn’t plan on...”

“*Out of hand* is an interesting way of putting it. At least everyone enjoyed themselves. You’re a lucky girl. Caleb’s quite the lover.”

“Thanks. The thing is...”

Brianna eyed me suspiciously. “Wait-a-minute. You’re not trying to back out of this, are you?”

“No— Not entirely. The thing is... I still want to give you and Frankie what I promised, but I don’t know if I can do what you did.”

“What exactly do you mean?” I saw the storm gathering. I knew she had a temper, and I could tell I was about to experience it firsthand.

“I mean...” I couldn’t think of a good way to say it—other than to say it. “I can’t fuck Frankie. I know what our deal was, but I can’t do it.”

My distress didn’t slow Brianna down. “So it’s okay for me to fuck Caleb, but you’re too good for my boyfriend?”

“No, I’m not too good for him.”

“You don’t think he’s good looking?”

“That’s not it. He’s hot.” I didn’t mean for it to come out like that, but Frankie was hot. Under any other circumstances I could have had a lot of fun with a big hunk of man like that. Back in my single days, if I’d met him at a club, I would have gone home with him. But that wasn’t the point. “I’m married,” I said.

“So is your husband. That didn’t stop him.”

“This isn’t about him,” I insisted.

“Isn’t it?”

“Caleb got what he wanted. He got the night of his dreams. He got to fuck another woman without being unfaithful. And now that he got what he wanted, all of the sudden you getting to do the same thing is off limits. How is that fair?”

“I told you. It’s not about him. I don’t want to do it. When I took my vows, I meant them. I never wanted another man.”

“I guess Caleb didn’t feel the same way.”

“That’s not fair. The poor guy only has so much willpower.”

I knew I was being manipulated, but I couldn’t help getting defensive. Maybe it was because I knew her words rang true—even if I knew the reality of the situation. No, it wasn’t really fair that Caleb got to do something like that while I didn’t, but I wasn’t looking for it either. It was never a tit-for-tat situation to me. I wasn’t looking to fool around with anyone else, and I didn’t feel like I had to do it just because he did. But I understood how it might look to Brianna like Caleb was getting one over on me. She was so free with her body. She probably didn’t understand my reluctance to just throw off my clothes and have fun.

“All I know is that I took you guys at your word and I did something very intimate with the two of you. I trusted you, and now you’re telling me that you’re not going to follow through. It makes me feel like a whore. Maybe I should have just asked for money instead,” Brianna said. She turned away from me.

“Bree, you’re not a whore. We don’t feel that way about you.” I put my hand on her shoulder.

“I feel that way.”

The guilt wore on me. It was hard to think. I felt like I was back in school and a nun had caught me red-handed, leaving me to fumble for an excuse to get out of my punishment. If I didn’t follow through with this it was going to be the end of our friendship, and I didn’t blame Brianna for that. I would probably feel the same way if I were her. But I didn’t know if I could do it. Caleb would freak if I told him I wanted to go through with it, I knew that. I just couldn’t see him understanding when I told him I was going to have sex with another man—no matter what he’d done. But I could I let down Brianna? How could doing the right thing—sleeping with Frankie—also be the wrong thing? Nothing in life prepares you for that kind of choice.

“Okay,” I finally said. “I’ll talk to Caleb. I understand how you feel about this. Let me think about it for a little bit, anyway.”

Brianna turned and the clouds had lifted. She beamed at me and said, “I know you’ll do the right thing.” She kissed my cheek and added, “I really need to get back out there before they come looking for me.”

I sat on it for a few days after that, and luckily no one asked me about it. I think Caleb just assumed it was a settled matter. When I told him it wasn’t, he was not happy. Our fight was epic. He tried pleading, cajoling, guilt, and even accused me of wanting to fuck Frankie all along. That led to a sharp exchange where I told him if he’d been able to keep his dick to himself we wouldn’t be in this mess. In the end, I told him I felt like I had to do it, and he said he couldn’t stop me.

“I know I made this deal, too,” Caleb said. “I hate it, but I know it’s partially my fault. So I’m not going to try to stop you—I know I can’t—but you can’t make me like it.”

That was the end of last week, and we hadn’t spoken much since. I think he wanted it to just be done so he could try to forget about it and move on. Brianna didn’t even pretend to hide her excitement when I told

her, and she said they thought I should join them for a Halloween party they were attending. Sexy costumes required, of course. Brianna said she had that taken care of, and while I was afraid of what she might come up with, I tried to keep an open mind. When I gave Caleb the date, and his only reply was, “Fine.”

I went downstairs with my overnight bag slung over my shoulder. Caleb was in the den, flipping channels. He didn’t look away from the screen when I came into the room. “Honey, I’m getting ready to leave,” I said. He still didn’t look back, so I dropped my bag and sat beside him on the couch. “Honey.”

“You’re all ready to go?” The anguish in his eyes made me want to call Brianna and cancel. Hopefully she wouldn’t make things too uncomfortable at work.

“Caleb, if you can’t handle this, I’ll cancel.”

“No, I get why you need to do this. *We* need to do this. I won’t be there with you, but I want you to know you have my support.”

“Really?”

He took both my hands in his. “I’m not going to lie and tell you I like this, but you’re right, we need to keep our word on this. We really would be screwing Brianna—so to speak—if we backed out.” I appreciated his attempt to joke in such a tough situation. “I’m just sorry I put you in this position. I know it’s not something you wanted.”

“I told you. I don’t blame you.”

“I know, but it’s still really my fault. I should have just stayed back and watched.”

“I think we both knew—deep down—that wasn’t going to happen. I don’t want you to beat yourself up over this. Tonight will pass and we’ll move on with our lives.”

“You’re right, Jen. And that’s why I don’t want you going to this like it’s your execution. If you’re going to do this I want you to enjoy yourself.”

“Honey!”

“I mean it. This isn’t an experience you’re ever going to get again, so I want you to get something out of it. I got an unforgettable night. I want the same for you.”

“Really? You’re not just saying that?” I asked, but I knew he wasn’t. I could see he meant it, and also what it cost him.

“I really mean it. I just wish we were doing it together.”

“I know you don’t mean that, honey. You don’t want to see me with Frankie.”

“I’d love to see you with Brianna again. That was so hot. And maybe it wouldn’t be so bad to see the rest. You’re a hot chick, maybe it would just be like watching a porn. How did it feel to see me with Brianna?”

Caleb’s openness shocked me. I thought the idea of me being with Frankie turned his stomach, and here he was saying it might even be hot to see. What had changed? I couldn’t imagine what was going on inside his head. “I wasn’t jealous. I was surprised by that. I thought it would bother me a little bit, but it was just sexy. I’ve always thought you’re the sexiest man in the world, so it was hot to see Brianna all over you. I loved seeing her want you as much as I do. But that doesn’t mean you have to feel the same way.”

“I know. I don’t know how I would react, but it doesn’t matter, because I won’t be there. It’s probably better I don’t find out, come to think of it. But seriously Jen, have fun tonight. Go out and let go, and come back and give me a hot story.”

Caleb kissed me then. It started as a loving peck, but turned into a long, hot kiss, with his tongue flicking into my mouth. I could feel he wanted me, and I wondered if he was thinking about what I would be doing later. *I* thought about what I’d be doing later. I’d be kissing another man just like that later. An unexpected thrill shot through me. Caleb’s permission to enjoy myself relaxed me. It might not be a bad night after all.

We put what was going to happen later out of our minds and focused on work gossip and girl talk. Before I knew it, we’d finished the bottle of wine and I was *much* more relaxed. I didn’t even freak out when I saw the costume Brianna had picked for me—until I had it on.

“Are you sure I can go in public wearing this?” I asked.

I turned this way and that in front of the full length mirror. It was one piece, but it didn’t cover much. Although it was cliché, I’d agreed to go with a naughty nurse outfit. It was a white, ultra-tight Lycra coated to look like vinyl. It fastened at my neck with hook-eye closures and then there was a circular cut-out that showed a lot of my freckled cleavage, and a red zipper started just under that and went to the bottom of the dress, which wasn’t nearly as long as I would have liked. I didn’t see how I’d be able to sit in that dress without flashing everything. My white fish-net stockings didn’t meet the bottom of the dress and I was wearing white platform

stripper heels with little red crosses on them. I love to wear heels, but those shoes were ridiculous. I think I was five inches taller! I looked like I should be working the pole, not going to a party. Caleb would have passed out if he'd seen me in it. Thank God I've got good genes and a job that keeps me on my feet because I don't work out and that dress was unforgiving. The costume really showed off my hourglass figure, pushing my boobs out and hugging my hips. Once I was done with my hair I had a little nurse's cap to add. I was wearing my ginger hair pulled up and hanging down in the back.

"You look so fucking hot!" Brianna exclaimed. "I want to do you right here."

I turned and smacked my ass and told her, "Well, you're going to have to wait. If you're too naughty I may have to put you in the corner."

Brianna looked like she needed to be punished in her naughty schoolgirl outfit. She looks much younger than her twenty-eight years and petite—she could have passed for the real thing, except that no self-respecting parent would have ever let her out of the house looking like that. The black and red plaid skirt barely covered her ass and her white blouse was completely unbuttoned and tied beneath her breasts. She didn't fill out her costume the way I did with my C-cups, but her perky tits look perfect on her little body. The blouse framed her lacy, black push-up bra and she wore a light, gray sweater. To keep with the schoolgirl theme Brianna was also wearing white knee-socks and black patent leather heels which added five inches to her height. I'd braided her dark, highlighted hair into pigtails to complete that innocent look. She was a guy's wet dream in heels, and knowing how hot she was in bed I couldn't imagine peeling that outfit off of her later.

I was left with one last task. I looked down at the rings on my left hand. When Caleb had placed those on my hand five years earlier, I never thought I'd voluntarily take them off, but I couldn't imagine going through with this while wearing them. If I was going to behave like a single woman I might as well look like one. I slipped off my rings and put them in a little zippered compartment in my purse.

We were well into a second bottle of wine by the time Frankie arrive to pick us up, and I was completely relaxed. My nerves were gone—for the moment—and Brianna and I sat on the couch together. She was practically in my lap and I played with her pigtails. I think the only reason we weren't

making out was because we were saving it for Frankie. I knew I looked like a tramp, but I'd never felt sexier.

Even with his mask I could see Frankie's eyes bug out when he came through the door. Brianna jumped up and did a spin for him, floating her skirt high enough to flash her lacy black panties. Frankie lifted her completely off the ground and kissed her. Brianna looked tiny in his arms. He's a big guy, over six feet and built. I'd only seen him in a suit before—the night of Caleb's birthday treat—but he was just as hot in his costume. My husband didn't know it, but Frankie was our driver that night. When he wasn't in the gym, Frankie was a limo driver, and got us a deal on the car, with the condition that he was our driver. I didn't tell Caleb because I knew it would distract him from what we'd had planned that night.

Brianna unwrapped her legs from his waist and he set her down. "I think you remember Jenny." She gestured like she was presenting me. I'm not sure why, but she's the first person I've allowed to call me Jenny since I was about ten years old. I think it's just that Brianna is so fun and playful it seems right coming from her.

"Nice to see you again," I said, offering a wave and then clasping my hands behind my back. I made sure to keep plenty of room between Frankie and myself.

"Seeing the way you looked that night I couldn't ever forget you," Frankie said, his slight Puerto Rican accent adding to his hotness. It was nice to know he appreciated me that night—even if it was all done for my husband. "You looked hot that night, but damn girl, you look even better now."

"Thank you," I replied, my face hot. Okay, I don't blush easily, so it must have been the wine. "You look pretty good too."

Frankie was in full Zorro costume, complete with mask, hat, a toy sword and a bullwhip coiled at his hip. The black pants were rather tight and his shirt was unlaced to show off just how muscular his chest is. I guess you don't spend that kind of time in the gym if you're not going to show it off. Peeking out from his mask I could see gold hoops on both his ears. Confidence came off him in waves and I could tell he didn't get turned down by women often. The confidence was attractive. Caleb had that confidence too, though his was more from his achievements as a professional than those in the gym.

"Let Frankie see the package. Give him a spin," Brianna said.

It was weird feeling on display to Frankie like that, but I did it with a smile, determined to be a good sport about everything. My outfit was so tight it didn't move or fly up like Brianna's, which was just fine with me. I felt like everything was already on display anyway. The Lycra dress stretched over my ass like a second skin and Frankie gave a whistle of approval when he saw it. I didn't think it was possible, but my blush deepened.

"I thought you'd like our outfits," Brianna said proudly.

"Are you guys about ready to go?"

"Whenever you are."

I sat in the back of Frankie's Pathfinder with a coat wrapped tightly around me against the chill, while they sat up front. Brianna had not put anything else on and probably would have been freezing if she weren't stuck to Frankie. I'm not sure how he kept his attention on the road.

The party was thrown by one of Frankie's clients, a wealthy man he drove for whenever he was in town. The house, in one of the wealthier suburbs, was huge and had a wrought iron gate, where we had to wait until we were buzzed through. Frankie parked beside another three dozen cars, all neatly in a row. Even before we reached the heavy oak front door I could hear music thumping from inside. An attractive girl in her early twenties answered the door, dressed as a cigarette girl from the 1940s in a cute little red velvet outfit. I'd find all the female servers were dressed as such, while the waiters were dressed as 40s movie ushers. The party was quite a big deal. Brianna bounced right into the house, but I was somewhat reluctant when the girl asked for my coat. I took a deep breath and shed the coat and followed the couple into the house.

Brianna had said not to worry about the costume because this was an adults only party and sexy dress was not only encouraged, but expected. It made me wonder just how *adults only* the party was. I hoped it wasn't going to descend into a wild orgy at some point. When we entered the ballroom I saw she'd been right about the dress, and relaxed. I'd never been in a house big enough to contain a ballroom before, but there was no other word for the cavernous room, which was stuffed to the rafters with partiers. A DJ on a stage at the front spun music and there was a long bar at the back of the room. I wasn't the only sexy nurse in the room and Brianna was far from the only schoolgirl, but there was just about everyone kind of costume one could imagine, and most of the people looked attractive in them,

leaving me to wonder if there was some sort of looks requirement to get into the party. Brianna whispered that there were several celebrities there I'd recognize had they not been wearing masks, and I stared at everyone who passed—with no luck. As we ventured farther into the room, I found not everyone was so attractive after all. There was an ill-advised Hercules, and another woman who was twenty years too old and twenty pounds too heavy to be dressed as Wonder Woman. Frankie went off to get us drinks while Brianna dragged me onto the dance floor.

I've always loved to dance and the DJ was very good. I slipped into my own little world and even managed to forget while I was there while I moved to the music. Several guys tried to move between us, but mostly Brianna and I just danced with each other. We weren't the only women dancing together, but Brianna seemed to be determined to make sure we were the sexiest—and enjoying myself—I went along with it. She moved close, between my legs, which caused my dress to ride up my ass. I kept trying to pull it back down until I realized it was a lost cause. Anyone who wanted to was free to check out my ass in those skimpy red panties. Brianna held my hips and we moved together. I caressed her body and my heart raced as I followed her petite curves. My hands lingered on her breasts and she turned around and rubbed against me while my hands roamed. My fingers fluttered over her smooth, brown belly and down over her skirt before pulling it up for just a second. Brianna quickly turned back in my arms and kissed the opening in the front of my dress. By the time we took a break, I was hot all over, and not because of the dancing.

Frankie was waiting for us on the side, with a caramel apple martini in each hand and I couldn't help but notice just how tight watching us had made his pants. Obviously he enjoyed our little show on the dance floor. I licked the caramel rimming my glass and when I caught Frankie watching me use my tongue I gave him a smile. I was still working on my drink and Brianna set her empty glass down and dragged Frankie out to dance.

Most men I've known—including my husband—are not good dancers. Caleb is well intentioned, but he gets out there and ends up dancing like he's got one foot nailed to the floor and while he tries to find the beat with his arms. Most guys dance that way and that's fine because I like to dance so much that when I take Caleb out on the floor I usually just end up dancing around him, which works out for both of us. I get to dance and that usually involves me rubbing up against him, which he quite likes.

But Frankie did not fit into that category. He moved fluidly like a black panther taking down its prey—all smooth movements—no motion wasted. His body found the beat instinctively and never let it go as he wound himself around Brianna, even using his cape as a prop to draw her in. Oh my, watching that man dance made me blush for entirely different reasons than earlier. His movements were pure sex and there was no way to watch that and not think about how he'd move in bed. There was a twinge of guilt, thinking about Frankie that way, but the last thing Caleb told me was to enjoy myself and just because I liked watching the man dance didn't mean I loved my husband any less. If Caleb were there he would have been the happy recipient of my affections and not cared that they were caused by watching Frankie dance.

The three of us went to the bar and I had another of the same, as did Brianna, while Frankie drank gin. A few men sniffed around, trying to pick up Brianna or me, but Frankie put his arms around us both and made it clear we both belonged to him. I watched as Brianna used the cover of his cape to tease him, but I kept my hands to myself and enjoyed watching her.

"If you keep being bad, little schoolgirl," he teased, "you're going to have to be punished later."

Brianna pulled his shirt open and swirled her tongue around his nipple. "That's what I'm hoping for."

Frankie offered us a tour of the house and I jumped at the chance because frankly watching Brianna tease him was heating me up and I needed a break. I'm not sure which turned me on more, watching and remembering how naughty Brianna could be, or Frankie's hotness. I didn't know if it was just the cut of the pants, but he looked huge.

On the ground floor there was a library, a large dining room, and various sitting rooms and everywhere we went we found people. There were two couples in the two-story library, one together on a high-backed leather chair and another on the second-story catwalk. The couple in the chair looked up when we came in, but then went right back to what they were doing, which involved Cleopatra's hand in the Musketeer's lap. On the catwalk, a short Axl Rose was standing behind Little Red Riding Hood and by the way she was gripping the railing and they were moving I don't think they were there to check out their host's Tolstoy collection. It fondly reminded me on something crazy Caleb had done on our hotel balcony when we went to Mexico for my thirtieth birthday. That had been an

amazing vacation and birthday present. Let's just say I spent a lot of our time down in Mexico showing Caleb just how much I appreciated his gift.

Upstairs were more bedrooms than I could count and most of them were occupied by at least one couple. At the end of one hallway were double doors and Batman and Catwoman were leaving just as we arrived.

"It's all yours," Catwoman said with a smile while she adjusted her mask.

The room was a medium-sized media room, with large cushy chairs and loveseats arranged around the room. Mounted on the far wall was the largest flat screen TV I'd ever seen. A console in the center of the room seemed to control everything.

"Let's see what's on TV," Brianna said, plopping down on one of the loveseats, unconcerned by how her skirt flipped up. "I wonder if he's got any good porn." She snagged a giant, complicated looking remote from the console.

"Yeah, baby, let me see that thing," Frankie said. By the way he worked the system he'd obviously been in here before. "You want hard, hardcore, baby, or something nice and romantic."

"Nothing too hardcore," I requested. I like some porn, but not the crazy stuff. Sometimes Caleb and I will turn on Skinimax late at night and watch something together until we're too distracted to go on. *Chemistry* and *Sin City Diaries* are two of my favorites. I've even been known to turn them on when Caleb is out and have some fun on my own. The way they light the women's bodies is beautiful and the guys are always skilled lovers. It's every woman's fantasy!

Frankie sorted through several menus and came up with something. It's wasn't quite softcore, but it wasn't just a fuckfest either. It was like one of those porn movies that are made primarily for women. I know there was a lot of plot, because Frankie kept his thumb down on the **FF** button for a while before he came to some action. From what I could gather it was some guy seducing his buddy's wife or girlfriend. The guy was handsome, but not greatly so. When his pants came off I saw why he was cast. The woman had honey blonde hair and a curvy body, sort of like mine I guess, but her breasts were even bigger—and impressively—they looked real. They moved when she did.

The blonde was wearing some kind of business suit, but not for long. The guy took it off, over her weak protests, and once they were kissing she

couldn't claw his clothes off fast enough. He played with her breasts while she convincingly cooed and moaned and then she went to work, going to her knees in front of him. Like a lot of porn guys his cock was pretty damned big, at least ten inches and the girl's eyes got wide when she saw it. She went down on him like it was the most amazing thing in the world. It's funny how guys think all a girl needs is to see a big cock and she loses control. Yes, size does matter to a degree. A big cock hits me in special places and fills me in ways a smaller one can't, but just the same if a guy just rams a huge cock into you with no thought it just hurts. Caleb isn't huge, but he's a good size and he knows how to get the job done. And just because when I was single I liked a nice big one now and then, it doesn't mean I'm going to fall to my knees and freak out if I see one.

Frankie and Brianna were sharing a loveseat and swathe movie sparked them right away, because their hands were all over each other. Their lips were locked together and she was leaned into him, hand active in his lap. Frankie had his hand under her skirt and although I couldn't see what was going on, I'm pretty sure I know when he got past her panties because Brianna stiffened and then seemed to sink down, gently rolling her hips. Now I wasn't sure what to watch. The video had my temperature rising, but watching my friend was pretty hot too. I hunched down in my seat, making my dress ride up just enough that I could rub myself through my little red panties.

Watching Brianna and Frankie was hotter than the movie, but I liked the sounds coming from the surround system. Brianna worked Frankie's cock out of his pants while keeping an eye on the action on screen. He wasn't quite as big as the porn star, but almost. He was big enough that Brianna's hand looked small as she stroked him. My pussy got tight, realizing that sometime tonight that thing would be inside me. I didn't want the thought to excite me, but it did. Like I said, I don't faint when I see a big cock, but they feel great when used right, and I suspected Frankie knew just what he was doing.

Brianna's pigtailed flopped forward when she leaned down and took him in her mouth. God, her mouth stretched so wide as she sank deeper and deeper onto him. I was impressed by her skills. She moved onto her knees in front of Frankie and I had to lean over to see around the back of her slowly bobbing head. It was obvious I wanted to see, and Frankie caught me. He smiled at me then returned his attention to his girlfriend. My panties

were soaked and clinging to me as I watched them and rubbed myself. I swallowed a moan or two, but it was getting hard to stay quiet. Frankie's eyes flitted between me and Brianna, and it was hot that he watched me touching myself.

"Come on, baby, that's it. Just like that," Frankie moaned. He held the back of her head, but didn't force her movements. "Suck on it, baby. Jenny's watching us and rubbing herself. I know you like being watched, baby." Why did it embarrass me to have him point it out? I thought I was past that. I wanted to look away, but I couldn't. Brianna's moans were muffled by her mouthful of cock, and it was hot to listen to. I'd forgotten all about the dirty movie on the big screen.

Frankie jerked his hips and moaned Brianna's name over and over while she moved faster and faster. She stroked what she couldn't fit in her mouth, but her hand wouldn't close around his thick shaft. He cried out, "Suck it, baby," and flooded her mouth. Cum gushed past her lips. I fell back in my chair and closed my eyes, so close to cumming. I teased by clit, but couldn't quite bring myself over the edge. There was still that small kernel of self-consciousness.

Soft, feminine hands touched me and my eyes flew open. She was kneeling in front of me and pushed my legs as far apart as the tight dress would allow. She pulled my mouth to hers and she kissed me forcefully, her tongue seeking mine. I tasted Frankie's cum in her mouth, and that dirty kiss excited me. There's still that part of me that loves misbehaving. I groped her breasts through her top and she pushed a hand between my legs. She also pulled down the zipper that opened the front of my dress. It stayed clasped at the throat, but it opened to my waist, exposing my red push-up bra, and she wanted that out of the way too. I was wearing a front clasp that night and Brianna flicked it right open. My breasts spilled into view and Brianna attacked them, kissing and sucking and nibbling and kneading with her free hand. Oh my God! I was trembling. I hadn't been able to get myself off with Frankie watching, but Brianna was going to get the job done. Her tongue flickered over my nipples and I cried out, pushing my whole body at her. It must have been quite a show for Frankie.

Brianna pulled me forward on the couch so that my ass was hanging off and my dress rode even further up. I let her remove my panties and then spread my legs wide open. God, her mouth felt just as good as the first time, though now she wasn't there to tease. She sucked on my lips like she was

starving for me, then zeroed in on my clit. I arched my back and thrust at her mouth and moaned.

“God yesss! Yesss!” I cried. Of course Frankie was watching me and I watched him back. I felt like such a wanton slut, and I loved it. Frankie’s mask was off and I could see just how handsome he was, with high cheekbones and dark skin. I couldn’t take my eyes from his as Brianna lapped between my legs and even when I came and screamed her name I was staring into her boyfriend’s eyes.

I pulled Brianna on top of me on the couch and we kissed and rubbed together and I forced a hand between her legs. She was soaking wet and I wanted to get her off too, but just then there was a knock at the door, which brought us back to reality.

“Just a minute,” Frankie called out. While he fixed his pants, I found my panties on the floor and slipped them back on. After I clasped my bra, Brianna helped me get the dress back into place and zipped. Back to not breathing! Frankie had a girl under each arm and a big grin as we walked out of the room. There was a small group of people waiting to get in and their reactions ranged from “Way to go” to surprise. I couldn’t believe they thought I was that kind of girl. But then for tonight I was, wasn’t I?

The party was a blur after that. More dancing, more drinking, more groping. I was less concerned about making a spectacle after that, and I was happy to let Frankie touch me while Brianna and I made out in a corner. We stayed at the party for another hour or so, but I know Frankie was anxious to get out of there, and honestly, so was I. He’d had a taste and now he wanted the main course. Brianna asked if I was ready to leave and I smiled bravely and told her, “Let’s do it.”

My bravado wavered on the ride back to Brianna’s. Can you be excited and scared and horny and worried all at the same time? As much as I love my husband, I was excited about being with Frankie. It had been over five years since I’d been with anyone but my husband. I’m sure he’d felt the same way about being with Brianna, and it didn’t mean he loved me any less. Frankie drove and Brianna joined me in the backseat. As soon as the car was in motion, she was all over me. That’s not entirely fair. I was attacking her just as much as she was touching me. I should have said we were all over *each other*. My dress was unzipped again, this time to just below my breasts and Brianna seemed to be trying to kiss and lick every freckle in my cleavage. My breasts—particularly my nipples—are so

sensitive, and I just threw my head back and enjoyed it for a while. I had to return the favor and untied Brianna's blouse and pushed it out of my way. Her bra flicked open with little effort, exposing her firm, little tits to the night air. I teased her dark brown nipples until she practically pulled my hair out to get my mouth over them. She was very expressive, moaning, "Harder, Jenny. Oh yeah, just like that honey," as I sucked on her nipples. Her right nipple was pierced and I pulled on the ring until she cried out. I knew from last time how much she loved having it played with during sex. When she couldn't take anymore, she pushed me onto my back and unhooked my bra to tease me just the same way. She nibbled at my thick nipples and my cries seemed so loud in the confined space of the SUV. I glanced up, and sure enough Frankie had the rearview mirror tilted to watch us.

Brianna and I were both soaking wet and ready for more by the time we got back to her place. I was surprised when Brianna hooked her bra, but didn't bother re-tying her blouse. Instead she strolled into the cool night in just her bra and that tiny skirt. I took her cue and fixed my bra too, but left my dress unzipped to right below my breasts. I kept my head held high, but secretly hoped none of her neighbors were looking out the window.

Things moved quickly once we were upstairs. I excused myself to the bathroom and left the others in the living room. I splashed water on my face and then fixed my make-up and checked my hair. Damn, I looked good, though the "whore-red" lipstick was a bit much. The fear was growing almost as strong as my lust and I told myself that I could do this. I could do this and walk away and Caleb and I could go back to our normal lives. I knew my poor husband was sitting home, worried sick, but it was only a few more hours now. The last thing I did before leaving the bathroom was to remind myself not to have *too much* fun.

Brianna and Frankie were in the bedroom when I came out and his shirt was already off. She was on her hands and knees on the queen bed and when Frankie saw me he invited me in.

"What's going on, guys?" I asked.

"Remember by the bar, when Brianna was being a bad little tease? Well, I warned her she was going to be punished." He pushed her skirt up and caressed her exposed ass. Her thong was still on, but not for long. When her hard, little ass was totally exposed he went back to caressing it.

"I didn't mean to be bad," Brianna pouted.

“You always mean to be bad,” he chuckled and I snickered too. He was right. Was he going to spank her? They had my full attention. With her pigtails and little plaid skirt and knee socks she did almost seem like a school girl, but then there was the sexy black bra and the way she wiggled her ass for Frankie, which was anything but innocent.

When Frankie spanked her ass it was so sudden. The smack of flesh on flesh was loud, but I could tell it was more playful than meant to hurt. Brianna cried out, but then giggled. He smiled and told her, “I guess you need it harder.”

“Oh please,” she replied, mock begging.

Frankie spanked her again and again she giggled, so the third time he whacked her noticeably harder. Brianna didn’t giggle this time, but bit her lip and moaned. Still, she wiggled her ass. He spanked her a couple more times and said, “Tell me you’ve been a bad girl.”

“Mmm, I am a bad girl. I’m very bad,” Brianna cooed. The jest was out of her voice, which was now thick with desire. “Mmm, please punish me.”

I watched as Frankie spanked her a few more times and her ass became cherry red. I didn’t know what to do but stand there and watch. Caleb may have playfully smacked my ass once or twice, but spanking wasn’t something we’d ever really gotten into. I don’t know that I would like it, but watching Brianna getting spanked was a surprising turn on. She arched her back into it and whimpered softly when she was spanked.

“Come here,” Frankie said and after watching him dominate Brianna I didn’t question, but moved to his side. “I saw Brianna teasing you pretty good, too. I think you should get some licks in.”

“I, uh, I don’t know...”

“Please,” Brianna asked. “I’ve been sooo bad.”

Coming around behind him, I noticed that Frankie had two, big angel wings tattooed across his muscular shoulders. There was more ink on his arms, too. Frankie stepped behind me and nudged me forward with his hands on my hips. I felt him pressing into me just above my ass and could tell he was enjoying himself. He put an arm around me and took a hand in his, almost like he was teaching me a tennis swing. Instead, he brought my hand down on Brianna’s ass. I felt so silly.

“Harder, Jenny,” Brianna begged. Frankie stayed behind me, but let me spank her on my own. I did spank her harder and found I enjoyed it. I

giggled and told her, “Beg!”

“Oh please, Jenny, spank me again. I deserve it.”

I spanked Brianna again and asked, “Tell me how you’ve been bad.”

“Mmm, I’ve been so bad. I kissed you and teased you and I know that’s bad. And I fucked your husband. That’s *so* bad, but it felt so good.” I whacked her really hard after that and Brianna’s moan told me that’s what she wanted. Frankie took my other hand and moved it down between Brianna’s legs. God, she was literally dripping wet. I could barely keep my fingers on her wet cunt. I rubbed her there and she moaned throatily. I pushed two fingers inside her and then added a third, which slipped in easily. Brianna moved, humping my fingers, and I spanked her again. My petite friend screamed, which only made me spank her harder while she rode my fingers. I was enthralled by having complete control over her body and kept it up until she came to a screaming climax and collapsed on the bed.

Frankie wasn’t behind me anymore, which I hadn’t noticed. He sat at the head of the bed and watched us, his cock out and pointing straight up. I was all flushed and breathing hard, telling him exactly how turned on I was. He held his hand out and I came over and took it. I bent at the waist when he pulled me forward and kissed him hard. He was quite a good, aggressive, kisser. His tongue snaked past my lips, seeking mine, and I teasingly flicked it, making him kiss me harder. A tremor went through me. Kissing another man was so forbidden. That alone made me hotter than just a regular kiss would have. Frankie pulled the zipper down the front of my dress and pulled it from my shoulders. He had to peel the formfitting dress from me, but I helped and then stepped out of it.

Pushing Frankie back on the bed, I straddled him, but sat up so we were barely touching. He ran his hands up the front of my body, from my white fishnets, over my panties and tummy, over my breasts, and then he held my face in both hands and brought me down to kiss him again. I grasped his cock and my fingers just barely closed around it. He growled into our kiss as I jerked him off and he mashed my breasts in both hands. I shoved my tongue into his mouth and pushed my chest at him. He took the hint and unclasped my bra and threw it aside, so that only my stripper shoes, fishnets, red panties and little nurse hat remained. I forced his lips to my chest and Frankie used that powerful tongue to tease my nipples until I was giddy. Catching my nipple with just his lips he would draw it out as far

as he could, then let it snap back and immediately suck it into his mouth again. I took his cock and rubbed the head against my pussy, with only the barrier of my drenched panties between us.

In one deft move, Frankie flipped me backward and I only just missed Brianna, who I found was watching us and touching herself, when I landed on my back. She rolled over and he lifted me so I was at an angle and he could move me further up on the bed. Frankie was kneeling between my spread legs and when he pulled my panties off I thought he was going to fuck me right there. But he didn't. He leaned forward and took my ass in both hands, lifting me toward him. He buried his face between my legs like he was eating a fresh slice of watermelon and his tongue and lips drove me crazy. Brianna rolled over and kissed me, but it was hard to kiss her back since I was constantly moaning and gasping. She let me moan, and instead sucked and licked my nipples. Frankie was noisily slurping between my legs and now I really did want to fuck him. I really, *really* wanted to. His tongue's teasing swipes at my exposed clit were sweet torture. But then he stopped teasing and zeroed in on my clit, and I lost my mind.

"Oh my God!" I screamed. "Yes! God!" I came so hard and so fast that I was cumming a second time right on top of the first. Frankie kept licking me until it was just too intense and I had to make him stop. I think my clit would have melted if he didn't. I pressed both palms against his forehead and forced him back. He licked his glazed lips and looked very pleased with himself.

My hair was a mess and the nurse hat at a weird angle, so I unpinned it and let my hair fall down. I was more than satisfied and the night wasn't nearly finished yet.

The only one who hadn't cum yet since we got back was Frankie, but Brianna was working on that. He was on his knees on the bed and she was as well, though bent forward with a mouth full of cock. All I could see were her pigtails bouncing as she moved back and forth. Frankie caught my eye and made a series of rather crude gestures, and I got his meaning. I rolled around on the bed until I was behind Brianna and I pulled her legs apart. She scooted her ass back and I moved forward, lying on my back. Gingerly, I kissed her shaved cunt.

When Brianna was with Caleb and me, I hadn't gone down on her. It wasn't planned that way, it just hadn't happened. I hadn't gone down on a woman—or up in this case—since college, and that had only been

infrequently. I hoped I remembered enough to make it good for Brianna. By the way she kissed me down there, I suspected Brianna had a bit more practice than me. I just did to her what I knew I liked and that did the trick. Brianna pushed down at me and flooded my mouth with her juices. I liked how wet she became and it made me more determined to get her off. I kept her open with my fingers, but used my thumbs to pinch her clit while I stabbed my tongue into her in a fucking motion. I was in darkness, with her skirt draped over me, but I heard Brianna cry, "Fuck, Jenny, make me fucking cum!" I moved my tongue to her clit, criss-crossing over and over, and fucked her with my fingers. Seconds later I did just as she'd asked and my face was soaked.

Brianna moved off me and rolled onto her back to catch her breath, but I wasn't allowed up. Frankie moved forward and his cock was in my face. I grasped it and when his balls dangled into my mouth I sucked on them, chasing them with my tongue. I know Caleb loves the way I give head and I hoped Frankie would approve as well. He fed his cock in my mouth and it was weird, being upside down like that, but he slipped right down my throat. My lips were stretched to the limit and my lipstick left red streaks on his shaft as he fed it to me. In that position it was more like he was fucking my mouth and I did my best to relax and let him, but it was difficult. He was so big, so thick. I felt like I was going to choke and concentrated on breathing through my mouth. I would have made my husband stop if he used me roughly like that, but I wanted to live up to Frankie's expectations. I wanted to be just as hot as Brianna. So I relaxed and let him use my mouth. I was soon rewarded. When Frankie came, he shot right down my throat and then pulled back and filled my mouth with thick goblets of cum. I couldn't swallow everything and it ran down my cheeks as I coughed. When he pulled back, I was left a sticky mess.

I smiled and licked my lips and said, "I think I'd better get cleaned up." I went to the bathroom and used a warm washcloth to wipe his seed away. It smeared my make-up and with my hair a mess I knew what I looked like. I thought about working on my appearance, but Brianna called out for me from the bedroom.

Frankie was on his back and Brianna sat next to him. He was nude now, though she was still in knee socks, patent leather heels and little plaid skirt. She stroked his wet, flaccid cock and there were signs of life there again already. For a second there I thought that after having cum twice

tonight he'd be done. That would have saved me from fucking him, but that wasn't in the cards. I sat on the other side of Frankie and helped Brianna stroke him. He tilted my lips to his and kissed me, tongue swirling around in my mouth. There were a lot of things to taste there, I thought.

"You're one sexy lady," Frankie told me, casually touching my breasts.

"Thank you," I told him and kissed him back. "You're sexy yourself. I'm having a great time tonight." I really was. The guilty—if there was any—would have to come later.

"I told you how hot she was. I've wanted Jenny for a long time," Brianna said.

"Really?" That was interesting. How long had Brianna wanted to be more than just friends? "You are a bad girl, aren't you?"

"Are you going to spank me again?" She giggled.

Instead I leaned across Frankie and kissed her. They both fondled my breasts, while I kept my hands busy in his lap. The way they touched me, and Brianna kissed me, they had me going again and I couldn't remember having ever felt so sexual. I'd had a lot of fun with Brianna and my husband, but I felt so much naughtier this time, and it was so good. Frankie rubbed my pussy, surprisingly gently, rubbing my clit in circles that had me whimpering. With two thick fingers, he filled me completely and I rocked my hips in time with his hand. I felt Brianna's fingers on my clit too, and it was so incredible having both of them masturbating me.

I stopped kissing Brianna, but I did suck on her nipples, biting them and teasing that nipple ring just how she liked. I also jerked Frankie off, and he was nearly hard again. Somehow I ended up on my side with Frankie behind me and Brianna on her side, inverted. I was licking her pussy while she went down on me and Frankie touched me down there too. He slowly fingered me while she sucked and licked my clit. The things three people could do in bed were just incredible. We really let go and enjoyed each other without rushing in a way that didn't happen with Caleb. That was more like a mad rush the entire time.

I felt Frankie—hard and ready—pressing into my ass and I thought it would be so easy for him to just slip into me from behind. Would Brianna keep licking my clit? I reached back to wrap my hand around Frankie, but she was already there.

Brianna had another screaming climax and I was almost with her, but she stopped licking me and rolled onto her back. Gently, Frankie rolled me onto my back too and was between my thighs again. I knew he wasn't just going to go down on me this time. His tip brushed my lips and I panicked. There was one thing Caleb and I promised each other.

"Frankie, wait..." I pleaded. I had a condom, but it was in one of those tiny pockets on the front of my nurse costume. I didn't know where my outfit was and part of me didn't want to take the time to find it.

He guided my hand to his shaft and I felt latex. "Is this what you're worried about?"

In that moment, I wanted him to screw me all night long. I pulled him down and he kissed me at the same time he entered me. Sweet Jesus! He was so big. Seeing it wasn't the same as feeling it. I felt so...open. He entered me slowly and I didn't take him all until his third stroke, but when I did he touched me in places I'd almost forgotten. As I said, size certainly isn't everything, but there are things a big man can do that the others just can't. He buried it in me and then ground into my clit, which was snug against his cock. I think I saw stars when I came. As I gushed around him, Frankie started to really move. The bed rocked with us and he rode me harder and harder. I know I was screaming his name, and God knows what else. I clawed him hard enough to draw blood and locked my heels behind his back. Out of the corner of my eye I saw Brianna. She was watching us and using a vibrator she'd gotten from somewhere. My entire being seemed to be collapsing in on itself and I know for a few seconds I passed out. The world came back and I was screaming and Frankie was slamming into me. Every nerve tingled with pleasure and I couldn't stop cumming. If Frankie kept fucking me I might have kept cumming forever.

There was a wet *plop* when he withdrew and I could feel my juices running out of me. I trembled, but aside from that, didn't move. Frankie crawled to Brianna, who was plunging the vibrator in and out of her pussy, and threw the toy away. He knelt on the bed and lifted her like she was a rag doll. She pulled the slimy condom off and slipped onto his shaft. He held her in the air and fucked her up and down on his cock as hard as he could. Brianna screamed and cried and begged for more. He grunted her name, and I think I heard him thank her, but I was still shaky then. She leaned back and laid her shoulders on the bed and Frankie held her pelvis in

the air while he fucked her. This was the sort of acrobatic stuff you only saw in porn.

“Fuck me! Fuck me! Fuck me! Cum on me, baby!” Brianna begged. “Fuck me like you fucked Jenny!”

“I’m gonna fuck you hard, baby. Fuck you all night. And your friend Jenny too.” He grunted. That was news to me. “Do you wanna fuck some more, Jenny?” He was looking at me while fucking Brianna. I found myself nodding. I did want more. I wanted to cum like that at least one more time. “Get over here,” he demanded.

I’m not the timid type, but I let Frankie take complete control. Brianna and I were on our hands and knees and he was behind us. He thrust into me and I fucked back at him. God, I couldn’t help myself. But he only fucked me for two minutes or so. He pulled out and I felt the bed shift and then he was fucking Brianna. What a devil! It was such a tease, and it kept me begging for more. She cried out and told him how good he felt and he pulled back on one of her pigtails. While he fucked my friend, Frankie buried two fingers in me and I fucked them willingly. After a couple minutes, he was back inside me and fingering Brianna. It was so smooth I knew they’d done this before. I really felt like I was in a porn movie and felt deliciously dirty. It wasn’t until Frankie was inside me for the third or fourth time that I realized he was riding me bareback. Brianna had pulled off his condom. It didn’t matter then. The teasing had me out of my mind and all I wanted to do was cum. Frankie grabbed my hips and gave it to me as hard as I could stand it. This time he didn’t stop until I was shrieking and cumming. Brianna and I held hands and I gripped her fingers it hurt. Frankie let go of my hips and I slipped to the bed and he turned to Brianna. He did the same with her, fucking Brianna until she came, only he came with her. He finished inside her and then she was on the bed beside me. We held one another and drifted off to sleep.

When I woke up I was in a panic because I didn’t know where I was. All I knew was that it wasn’t my bedroom. I was curled up on my side and wearing shoes and stockings. That’s when the whole night came back and I also realized the bed was moving. I saw it was still dark outside, which was good, as spending the night wasn’t in the plan.

I turned over and found I was sore everywhere—especially between my legs. I wasn’t used to taking that kind of abuse. Brianna was on her back, finally naked, and Frankie was thrusting between her legs. It was hard

and slow and every time he practically lifted her off the bed. They hadn't noticed I was awake.

"She was fucking great," Frankie moaned.

"I told you she would be. She was so hot that night with Caleb. I knew you had to have her," Brianna cooed.

"She was the best one yet. You're the best, baby."

"As long as you remember that," Brianna laughed.

"I could never forget my number one. You're the only one that matters."

It was sweet to hear Frankie say that to Brianna and it was sexy to hear them talk about me that way. I could only guess that their relationship was totally open. I knew Caleb and I could never pull that off. These two nights were about all we could handle. I wanted to take a shower and get dressed, but when I moved, they realized I was awake.

"Don't...go...Jenny," Brianna moaned as Frankie thrust into her.

"Don't you want to be alone?" I asked.

"Stay...watch us..."

"Yeah, we like an audience," Frankie concurred.

I did as they asked and lay beside them. It felt so intimate watching them fuck like that and I ended up touching myself. I didn't know if I could cum again, but it felt good and soothing on my sore cunt. Frankie kept up the slow thrusting and Brianna built to a powerful, body shaking climax. He pulled out and stood up to stretch, his cock standing at attention. Brianna crawled beside me and we made out while I touched myself. I loved kissing those full lips.

There was something nudging against my lips and I looked down to see Brianna had her vibrator down there. She switched it on and it touched my clit, sending a current through me. A deep moan escaped my lips and I stopped touching myself, grabbing for the sheets beneath me.

"Brianna...don't..." I gasped.

"Why, sweetie?" She asked, continuing to gently rub me with the tip of the toy.

"B...because..." I didn't have a good reason for her to stop. "I...I should get home..."

"You can stay a little longer." Brianna smiled so sweetly, like she was offering me one more cup of tea.

I looked to Frankie, but he was no help. He was standing beside the bed and touching himself as he watched. Brianna using a toy on me felt so kinky and I thought I should stop her, but I really didn't want to, so I relaxed and let her have her way with me. The buzzing did feel good since I was so sore. She moved the tip around my clit and brought me to the edge of climax and then moved it down, just parting my lips. She slid about half the slim toy inside me and I arched my hips, pulling it the rest of the way. I have to say, I love vibrators and Caleb often uses one on me. And just like my husband, Brianna knew exactly how to use the toy. She held it in place and let me rock my hips to my own rhythm. Again, Brianna let me get close to climax and she pulled back, rubbing my lips before returning to my clit. She kept me on the edge this way for over twenty minutes and I was ready to beg and plead to cum. The look in her eyes said she was having the time of her life teasing me.

I called Frankie over. He was watching the whole time, taking a chair in the corner. He, too, seemed to enjoy watching Brianna tease me. He knelt on the bed beside me and I took him in my mouth. He was full and thick and tasted of sex and I wanted all of him. The first time he fucked my mouth. This time I sucked him at my leisure. He was more than happy to let me suck him as I wished. I brought him to the trembling edge and backed off, just as Brianna did with me. It was weird being in control and helpless at the same time. Brianna put the toy back inside me and I fucked it once again, this time with more urgency. I was filled at both ends. Of course the toy wasn't like the real thing, but I wondered if this was what it felt like to have two men. Of course I was in full control at the moment and with two men I suspect I wouldn't be. But I still loved the feeling of having something in my pussy and a cock to suck on. I rocked my hips faster and sucked Frankie harder and he stroked my hair and stared down at me with a pleading look, telling me he would only cum when I let him, but that I should hurry up.

Frankie filled my mouth and I intentionally didn't swallow it all. I wanted to roll it around in my mouth like the girls in porn and show him. I could be totally wanton with him and Brianna and not worry about being judged. Caleb would never really judge me, but it was freeing, being with these two. Brianna kept the vibrator in place and I came too as Frankie filled my mouth. I wasn't like the way I came when Frankie fucked me, it was a slow-burning orgasm that completely relaxed me.

Afterward I did insist on showering and then gathered my things. They didn't bother dressing when they saw me to the door. Both Frankie and Brianna kissed me and the three of us made out for almost ten minutes at the door until I insisted that I was going to have to either leave or get naked again. Of course they wanted the latter.

I slipped into our house as quietly as I could and went up to the bedroom. Caleb wasn't there and I was worried as it was after four in the morning. After storing my outfit in the back of the closet, I went and found him in the den, passed out on the couch with the TV on. He looked so peaceful and my heart ached for him. Caleb is the man who finally showed me what real love is after a string of losers. I decided he could wait until morning to wake up and face the world, but as I tried to cover him with a blanket he stirred and I sat on the couch beside him. Sitting there in an old sweatshirt and jeans and with my hair pulled into a ponytail I didn't look like a woman who'd spent the night screwing her brains out.

"Did you just get in?" He checked his watch.

"A little while ago. You should have gone up to bed, honey."

"I wanted to wait up for you."

I leaned down and kissed him. "That's sweet, but it looks like you gave out. Are you okay?"

"I guess. Yeah, I mean, yeah, I'm okay." His eyes told me that wasn't entirely true.

"I hope you didn't worry too much. It's all over and I'm back safe and sound."

"Are you okay?"

I nodded. "Very tired, but I'm good, as long as you are."

Caleb gave me a wan smile. "I won't lie, it was the longest night of my life. I did everything I could not to think about where you were and what you might be doing."

"Did it work?"

"Sort of. No mental images and I don't want any. Just tell me, did you have a good time?"

I knew he didn't want a lie. Caleb is a great man and he really wanted me to enjoy myself if I was going to go out and do something like that. He would never want me miserable. But I didn't have to tell him *how* good of a time I had. "It was fun, yeah," I said with a smile. "It was a great time, but I'm so happy to be home with you."

“Not going to go running back to this guy’s bed?” Caleb joked.

“Well, he did make me his love slave, but he promised to get your permission before bedding me again.”

“I feel bad for him. He’s had the best and now he has to settle for the rest.”

I dug into my purse and pulled out my rings. Caleb smiled as he took them from me and he looked at each other lovingly as he slipped them back on my finger, where they belonged.

Caleb pulled me down to him and we kissed. I was minty fresh for my husband. I think I brushed my mouth raw. The kiss was sweet and surprisingly passionate. I thought we would just go up to bed, but Caleb seemed to have other things in mind. He slipped a hand inside my sweatshirt and gently cupped my breast. I wasn’t wearing a bra as I was a bit too sore and the fleece felt nice. Caleb was very, very gentle and his touch felt good. He reached to unsnap my jeans and I helped him. I could understand what he wanted, even if some people might find it odd. He didn’t want anyone’s sloppy seconds, but after such a night he wanted to feel that connection to me. But I was sore down there and I knew if Caleb made love to me right then he’d feel a difference and I didn’t want that.

He pulled my sweatshirt over my head and softly suckled my nipple. It felt so good and soothing. I worked his jeans open and had his cock out. It wasn’t a monster like Frankie’s, but I didn’t need that. I needed a man who loved me. I moved down and took my husband in my mouth. I sucked him passionately. I wanted to show him how much I wanted him. He stared down at me, his face a mixture of love and lust. He thrust at my mouth and came much faster than usual. I’ll never know what he was thinking about while I sucked him that night—and maybe it’s better I don’t.

Caleb and I went to bed, stripped, and cuddled. We told each other how much we loved each other and how nothing would ever change that.

“This has certainly been an interesting chapter in our marriage,” Caleb commented as we lay in each other’s arms.

“You should write a letter to *Penthouse*.” I tickled his chest.

“No, this is a story just for us. Who would believe it anyway?”

“I’m sorry it didn’t turn out quite like we planned, honey.”

“Shh,” Caleb told me. “I love you. You gave me an incredibly selfless gift that night. Not many wives would have done that and given themselves so completely to the experience.”

“But what about tonight?”

“What about tonight? It’s a price I guess we had to pay. We made the devil’s bargain. No one forced us. I don’t like it, though thinking about you with Brianna again is hot.” I elbowed him in the ribs. “Seriously, if I got to have my experience I guess it’s fair you had one too.”

“So we’re good? No fallout?”

“Yes, Jen. I love you so much. I couldn’t let this come between us. The memories are great, as long as I block out the part about this Frankie. So even with all that happened, I’m glad we did it. We’ll probably never do anything like it again.”

I raised an eyebrow. “Probably?”

“Well, I do have a birthday every year, and Brianna will probably still be around.”

“What about Frankie?”

“Frankie who?” He laughed.

“Denial works,” I said, and laughed with him.

That night was the last time we talked about it. I don’t know if other couples could do it, but we went back to our lives like it had never happened—except for the wonderful memories. Caleb was true to his word and never brought up my night with Frankie and Brianna. The only time it ever came up was when we relieved our night with Brianna in bed and had a wonderful time. However, I did add one thing to our lovemaking. Caleb never questioned it when I had him use a large vibrator on me while I went down on him, and he loved the results.
