"I didn't know if you guys were actually going to show up," Blake said, answering the door. "Come on in."

"We would never just bail on you," Kayla said, stretching up to kiss his cheek as she passed into the house.

"Yeah, we'd at least send you a text." Russ gave his friend a bro-hug, clapping him on the back.

"I know that, but even I admit, tonight is weird," Blake replied.

"Not weird for me. I'm not turning down a wife-sanctioned trip to a strip club."

Kayla laughed. "Don't sound too excited, or I might change my mind."

"Sorry we're a little late, but this one took forever to get ready," Russ said.

The threesome walked through the house to the big den in the back.

"I've never been to a gentleman's club before. I have no idea what's appropriate."

"*Appropriate* isn't what most people think of when going to the club. Don't worry, Kayla. You look great," Blake replied. He eyed the pretty little blonde appreciatively.

"Oh, this old thing?" She held out the skirt of her dress and struck a pose, beaming at his compliment. It was a thin cotton black skater dress with tiny red birds all over it. Little fabric-covered buttons ran down the bodice, and she'd left a couple open. Kayla was thrilled skater dresses were back in fashion, as she felt their cut flattered her figure. "Thanks, but I kind of doubt anyone will be looking at me."

"You'd be surprised, hon. The women who go to strip clubs are worshipped. If they aren't lesbians, which brings up all kind of fantasies, they're seen as the cool wives. The other guys there will be eating their hearts out when they see you," Russ said. His wife looked hot in the dress, and he appreciated that if he stared hard enough—in the right lighting—he could just about see the outlines of a red bra through the thin black material. It was a shame it wouldn't show in the darkness of the club.

"You don't have to butter me up, babe. I'll let you get a lap dance tonight," Kayla told her husband, patting him on the chest.

"Lila gives an amazing lap dance. Just sayin'," Blake commented.

"You don't think that would be weird?" Kayla asked, with a laugh.

“Not for me. This isn’t the sort of thing you can be halfway in on. I’ve got to either support her completely, or not at all,” Blake said.

“And you completely support this?” Kayla asked.

“Yeah, I really don’t have a problem with Lila dancing. It’s a job, that’s all. Hey, can I get you guys a drink before we go?”

“I’ll take a beer,” Russ said.

Kayla said she’d take a beer too, and Blake excused himself to the kitchen. Kayla dropped onto the loveseat and smoothed her dress down over her legs. It was a couple inches short of her knees. “If it’s just a job, maybe I should pick up a couple shifts. We could always use some extra money.”

Russ saw the challenge in her pretty jade eyes, but didn’t take the bait. They’d had this playful discussion more than once since finding out about Lila’s new job, and he gave the same answer he had before.

“I’d love to see you strip, hon, but I’m not sure I’d be okay with everyone else seeing it.”

“That’s okay. I don’t think anyone is going to pay to see me anyway.”

“That’s just crazy. You’d make a killing.”

“You have to say that.”

“Maybe you should get up on the pole, just to prove to yourself that you’ve still got it,” Russ suggested.

“God, can you imagine?” Kayla laughed.

It bothered Russ that his wife wasn’t as confident in her sexiness as she had been before giving birth to their daughter. He would have loved her anyway, but he thought she’d bounced back nicely in the last four years. No, she did not have the perfectly flat belly she’d proudly pieced when she was twenty, but he thought her figure was awesome. Being a boob man, he was thrilled that her plump breasts stayed perky even after she finished breast feeding. If anything, they were even a little bigger. Russ was confident his wife could make a tidy sum if she took to the pole. At 34, she was probably old enough to pull off the MILF thing for some of the younger guys who hit the strip clubs.

Blake returned with their beers. As he took his, Russ asked their friend, “You think Kayla could work at the club, don’t you?”

“Russ! Don’t put him on the spot,” Kayla complained.

Blake was surprised to be asked, but he had answer. “You’d clean up there, Kayla. If you and Lila put together a two-girl act, we could all retire. They’re always looking to bring on sexy new girls.”

“They are looking for fresh eighteen-year-olds, not moms in their thirties who come in harried from taking care of their families,” Kayla argued.

“You don’t look harried at all. You look like you’re ready to go right up on stage. And Lila’s only a few years younger than you. You’re far from washed up,” Blake said.

“You’re a sweet man. Maybe I should buy you a lap dance, too,” she replied.

“Seriously, you’re hotter than a lot of the dancers there.”

Russ sat beside his wife and jumped in. “He’s right—not that I’ve been there, but I have been to clubs in the past. If you think strippers are all models or porn stars, you’re going to be highly disappointed. It’s not all 10s. Far from it.”

“So you’re saying I could be a stripper because there are uglier women than me? Thanks, I think.”

“I don’t think he meant that, Kayla,” Blake jumped in, defending his friend. “And the dancers where Lila works are all hot. It’s a nice club. I’m just saying you’re hot.”

“And so am I,” Russ added, squeezing her free hand.

Kayla looked at the guys with narrowed eyes. She was yanking their chains. She knew they were trying to compliment her, even if she thought they were crazy. Kayla didn’t think she was a mess—she knew she could even look really good when she ramped it up—but there was no way guys would throw money at her if she started taking her clothes off. She wanted to feel that way, she just didn’t these days.

Kayla understood sexy was a state of mind, as much as anything else, she just wasn’t feeling it these days. Taking care of her husband and chasing a toddler just sapped all her energy. She didn’t have the time to put into pampering herself. Russ helped a lot, more than a lot of other husbands, but she still felt the stress of being the perfect mother and wife.

“How is it you’ve never been to a gentleman’s club before?” Blake asked, changing the subject. “It’s not like you’re uptight. You don’t have a problem with it, do you?”

“No, I don’t have a problem with it. I’m curious, I always thought it might be fun to check out the scene, but I wasn’t going to go on my own. I guess I never dated anyone cool enough to take me to one.” She stuck her tongue out at Russ.

“If I knew you wanted to go, I would have taken you years ago. This is going to be fun,” Russ said.

“Slow down there, cowboy. Don’t think I’m going to get in there and lose my mind.”

“You never know. It can get pretty wild in there on a Saturday night. Tonight is Lila’s best night,” Blake said.

“But it doesn’t get *too* wild, does it?” Kayla asked.

“What do you mean?” Blake replied.

“You hear things, you know? I know Lila would never do anything crazy, but guys have expectations, right?” Kayla said.

“Dancers are dancers. Lila gives lap dances, I guess some guys can get a little handsy, but she can handle herself. And the bouncers are just a shout away if a guy doesn’t know how to behave. If you’re asking what I think you’re asking... No, Lila is not turning tricks at the club,” Blake said.

“Jeez, I didn’t mean to offend you,” Kayla said, genuinely embarrassed.

“It’s like the song says, hon, there’s no sex in the champagne room,” Russ interjected.

“Not usually,” Blake said, laughing. “At least Lila’s not doing that. It’s cool, Kayla. I know the stereotypes. That’s why we’ve been telling people she’s waitressing. We only told you guys because we know you’re cool. Yes, some girls make extra money in the back room, but Lila doesn’t need the money that bad. We talked about it before she went to work there. She knows where the line is.”

Kayla tipped back her beer and drained most of it. “I can’t wait to see if this place lives up to the hype.”

“Why don’t we get going then?” Blake said.

They piled into Blake’s SUV and he piloted it downtown. Kayla took the front seat, while Russ hopped in the back. The trip from Kingston into the city could be twenty minutes, or an hour, depending on traffic. At 9pm on a Saturday night, they made good time. Not that there was a wealth of strip clubs in their area, but Kayla thought it was smart for Lila to work somewhere away from their neighborhood. She didn’t judge Lila for doing

what she had to, but Kayla knew what kind of things the neighbors would say if word got out that Lila was stripping to make ends meet. Lila told people she was waitressing in the city, and Kayla would keep her secret.

Kayla admired her friend, in a weird way. Lila was willing to do what she needed to, and it wasn't the first time. She told Kayla that she'd danced to put herself through college, and for a year or so afterward to build up a nest egg. That nest egg had been the down payment on the home Lila shared with Blake. Lila and Blake weren't together back then, but she had been honest with her husband about her past, and he accepted it. Kayla wondered how Russ would react if she had some weird, sexy secret from her past. She'd had her fun with boys in college, but she hadn't any big confessions to make to Russ.

The club was on the outskirts of downtown, on the border of the old industrial area. It had been converted from a disused warehouse, with a lot of effort made to make it look upscale. An awning by the front door covered a red carpet, which was bordered by gold-painted ropes. It was much glitzier than Kayla expected. Several men stood outside smoking, while a very large black man in a suit stood beside the double doors of the entrance. A valet took the SUV, and the bouncer held the door for the threesome.

"Fancy," Kayla commented, making a face.

Blake laughed. "What did you expect? I'm not going to let Lila work in a dive."

"Yeah, this is way nicer than the places I went to when I was younger," Russ commented.

"Just how often were you in strip clubs?" Kayla asked, shooting her husband a look.

"This is a gentleman's club," Blake corrected, saving Russ from having to answer. "And the women are dancers, not strippers."

"Thank you for the lesson on gentleman's club etiquette. I wouldn't want to offend anyone," Kayla said.

The men paid a cover charge at a desk just inside the front door, Kayla was allowed in for free, which she lorded over the boys. Their hands were stamped with an ink that only showed up under a black light. Russ took Kayla's hand and led her down the long corridor to the main floor.

"It's freezing in here. I should have brought a sweater," Kayla commented.

“It would be a crime to cover up that dress. You look hot tonight, babe,” Russ said.

Russ watched his wife as she took it all in. Kayla was not uptight by any means, but he didn’t know how she would take to such a sordid environment. She looked around the cavernous, dimly-lit space with wide eyes. Booths lined the two side walls, and giant bars dominated the front and back. The center of the space featured the largest stage Russ had ever seen in a strip club. It was well-lit, compared to the rest of the space, and featured three platforms, one at each end, and one in the center. Poles stretched up from each platform to the ceiling, at least thirty feet into the air. Russ was impressed to see a woman high up on the center pole, hanging upside down with her legs out in a V. A sea of small tables, with cushy chairs, spread out from the stage. Many of the tables were occupied. Music thumped through the room, making it difficult to hear anything else.

“This is wild!” Kayla shouted up to him.

“I’ve definitely never been to a place like this,” he replied, leaning down to get close to her ear.

The hostess was a tall, striking black woman, and Kayla openly gaped at her. She was all boobs and legs. A purple leather bustier pushed out the boobs, while black over-the-knee boots sheathed the legs. The rest was barely covered by what could only charitably be called a skirt. Even if she had a body like that, Kayla didn’t think she could ever walk around dressed like that, but the woman seemed as confident as she was beautiful. Kayla caught Russ staring and fought back a jealous urge. She followed directly behind the hostess as they were shown to a table—Blake requested one near the stage—marveling at how the woman could walk in those spiked heels.

They settled in at a small round table close to the stage, with Kayla sitting between the men. Russ took note of the attention they received as they moved through the crowd, and he was proud of the lustful looks directed at his wife from the men in the club. He wondered how many of them just thought she was a cool wife, and how many wanted to see Kayla on the pole. For the first time, Russ considered maybe that outcome might be hot. He didn’t understand how Blake was so laid back about Lila working there, but now he could understand some of the fringe benefits.

“Okay, this is interesting,” Kayla said, practically shouting so the men could hear her.

“And you’ve only just gotten here,” Russ replied.

“That’s Suki on the stage in front of us. Lila says she’s cool,” Blake said.

Kayla looked up at the stage to see an Asian woman swinging on the shiny pole. Suki’s jet black hair came to her waist, when she wasn’t swirling it around to the music. She’d already stripped down to a g-string, so Kayla missed most of her routine. Kayla was impressed by the intricate tattoos that climbed down the woman’s side. The tattoos looked alive with the way she moved her body. Suki made eye contact with Kayla, who immediately looked away, blushing.

A blonde with a pageboy haircut came to take their drink order. She was dressed similarly to the hostess, except thigh highs and black-patent leather heels replaced the boots. Russ thought she looked very much like a younger version of Kayla and grinned as he pictured his wife in that outfit. He should be so lucky!

“You should put your tongue back in your mouth,” Kayla told him, when the girl departed.

“I was only looking at her that way because she looks so much like you,” Russ replied.

“Right,” she answered, drawing out the word.

“No, she really did,” Blake added, backing up his friend. “Don’t suppose you have that outfit in your closet somewhere?”

“You wish,” she replied. Actually, Kayla reflected, she’d probably look good in that, except for her butt hanging out.

“I do! You’d look sexy as hell.”

“You’d have to get me very drunk to ever see me in anything like that.”

“That can be arranged,” Russ interjected. He noticed even Blake was looking at Kayla lustily, something he’d never noticed before. Russ chalked it up to their environment, although he liked it.

“Stop it, you two. There are plenty of girls up on the stage for you to drool over.”

Their drinks came, followed by a second round. Kayla was drinking gin and tonics, rather than her usual wine or beer. She appreciated the club’s watered-down drinks, as she didn’t drink hard liquor that often. Still, by the third round she was feeling warm and relaxed, and noted she should slow

down. Kayla didn't want to get drunk in this place, even with the guys to protect her.

Kayla learned the club's routine as the night went on. A girl would come out onto the center stage and dance there for a couple songs, and then move onto one of the side stages, where she would dance for another couple songs. The music was mostly pumping dance music—songs Kayla did not recognize—with a few rock songs thrown in. Kayla glanced around the room looking for Lila, but didn't see her. It seemed that the cavernous club had an endless supply of girls, each one as beautiful as the last. The dancers were not all perfect, but Kayla didn't see how the guys thought she could dance with the girls on the stage. Even at 28, Lila must have been one of the older girls.

While she may not have been dancer material, that did not mean she couldn't have gotten some of the men in the club. Kayla observed that the men around them were paying almost as much attention to her as they were to the dancers. It stoked her confidence and made her feel sexier than she had in ages, especially since a lot of the men around them were much younger. Kayla found the men in the audience were generally either in their early 20s, or older, in their 50s and higher. There were not a lot of men around her age. Likewise, the women in the audience appeared to fall into those age categories as well, with most of them looking to be in their 20s. Kayla could see visiting the strip club to be something a wild college girl might do. Many of those girls were wearing far less than Kayla, and several of them were beautiful enough to be dancers themselves, which made Kayla proud she received as much attention as they did. Kayla noted that she received the most attention when one of the dancers came sniffing around for a couch dance.

It seemed that every couple minutes a new dancer came around hoping to hook one of them for at least a table dance, if not a couch dance in the back room. There were so many dancers working the floor that it seemed they were interrupted every few minutes by another girl offering her services. Kayla encouraged the guys to take advantage, but they kept declining.

Even if no one bought a dance, the girl would do a couple moves and expect a tip from each of them. Kayla was not immune, and the dancers seemed to take special pleasure in getting their tips from her. Kayla followed the guys' lead, but the girls gave her way more leeway to touch

them than they did the men. Each dancer expected three dollar bills. The first went on their hip, when they turned to expose their butt and held out their g-string. The next went into their cleavage. The dancers hardly let the guys touch them, but they pressed Kayla's hand against their tits. And the final bill went into their g-string in the front. The dancer's pulled Kayla's hand close there too, closer than she was comfortable, but she did it, despite her blushing.

Kayla had never touched so many other women, and never so intimately. It was confusing and thrilling. She found she liked it in ways she hadn't expected, and didn't need as much encouragement after the first few dancers passed. Not only was Russ watching her hungrily, but Blake seemed to be enjoying watching her as well. Kayla liked the way Blake looked at her, and realized—for the first time in a long time—how handsome he was. Blake was tall and rail thin, black hair worn just past his collar, and he always seemed to have beard scruff. He was the sweetest guy, but his look had always given her the bad boy vibe.

Each dancer encouraged the guys to buy dances for Kayla, even if they didn't want one themselves, and they tried, but Kayla refused. She wanted to see one of them get a dance first, and finally bought a table dance for her husband. She knew Russ liked the tall athletic type—she never understood why he fell for five-feet-and-change her—but she chose a short, curvy dancer who was built more like herself. Kayla didn't want Russ getting too excited.

The dancer was a pretty Hispanic girl named Mercedes, and she smiled as she pushed Russ's legs apart. She wore a spangly silver bikini top and a g-string below, covered by a filmy purple scarf tied across her hips. Both arms were covered in black-ink tattoos. Kayla didn't think her husband liked tattoos on women, but he didn't seem to mind them on Mercedes. Her clear plastic heels added at least five inches to her height.

"Which one is your man?" Mercedes asked. Her voice was heavily accented.

"You have him," Kayla answered.

"You're not jealous?" Mercedes replied.

"Have fun," Kayla encouraged.

Mercedes began moving to the music, gyrating between Russ's legs like she was up on the stage. It only took a few seconds for her to unsnap her top in the front, and her brown breasts came spilling out. Kayla decided

her breasts were much perkier, then chided herself for being so catty. Mercedes put her hands on Russ's shoulders and leaned in, her tits dangling in his face. Kayla could see he wanted to reach out and touch Mercedes, but he knew to keep his hands to himself. Kayla wondered if that was because of club rules, or because she was sitting right there. She wouldn't have minded. It was kind of fun to watch. Mercedes rested her knee on the edge of the chair and moved even closer, pressing her tits right into his face. Russ moved his hands to her hips, but the dancer pushed them away, and whispered something to him. They were so close that her curly hair masked their faces from view. It almost looked like they were kissing. She could see the dancer tickling her nails along the back of his neck.

Kayla felt the expected stab of jealousy, seeing another woman so close to her husband. She did not consider herself a jealous woman, but this moment looked so intimate. Mercedes was pressed so close to Russ, and it looked like her knee was grinding against his crotch. Kayla watched them together and was shocked when she realized jealousy wasn't her predominant emotion. She couldn't understand it, but seeing the sexy dancer pressed against her husband really turned her on. Kayla wasn't prepared, and she gripped her glass tightly.

"So, is that what you expected?" Blake asked, leaning close. He placed a hand on her shoulder, and Kayla nearly jumped out of her seat.

"Uh, it's...something..." she answered.

"You're not mad, are you?"

"No, not mad," she curtly replied. In her aroused state, Kayla was acutely aware of Blake's warm hand on her shoulder through the thin materiel of her dress.

The table dance felt like an eternity, but it was brief. Russ's heart was pounding when Mercedes pulled away from him. She'd spent much of the time whispering in his ear how much better she could make him feel in the couch dance room. Mercedes even encouraged him to bring Kayla along, and she promised to include her. Russ was so hard he was afraid he might come right in his pants. He was in a daze when the dancer pulled away, and he was ready to take her up on her offer, even though he had no idea if Kayla would go along with it.

Russ looked over to see Blake close to Kayla. They discussed something he couldn't hear. He noted Blake's hand on her shoulder, which made his heart beat faster. Russ chalked it up to the sexualized atmosphere.

After a deep breath, Russ came to his senses and told Mercedes they'd pass after all. It didn't even phase the dancer. She just held out her g-string so he could slip her fee into it. Russ was so charged up, he gave her a twenty, instead of the required ten. He was relieved when he saw his wife smile.

"Looks like you had fun," she said.

"Give me a break. It's been a long time since I've been to one of these places."

Kayla leaned over and put her hand on his leg. She squeezed his erection through his pants and said, "It's okay, honey. I think we're gonna have a lot of fun when we get home."

"Maybe we won't have to wait that long," he replied, pleased with the shocked look on her face.

"I don't know if Blake will give us his keys to sneak off for a quickie in his car."

They waited another ten minutes for Lila to come out onto the stage. There were so many dancers working the club, it felt like they had to wait forever, even though it was only about an hour. Russ wouldn't have known it was Lila on the center stage if Blake hadn't shared that her stage name was Lacey. He said she liked it because it was easy to remember.

Lila/Lacey strolled onto the stage confidently, looking nothing like the woman Russ knew. The most obvious change was *Lacey's* long, copper-colored wig that fell halfway down her back. It was a good wig, and it looked real. But Lila had short, jet black hair. *Lacey* also wore big, black plastic framed glasses, while Russ had only seen Lila in her glasses a handful of times. These were obviously prop glasses anyway. And finally, Russ had never seen Lila move her body the way *Lacey* did. He'd always thought Lila was pretty, but perhaps a little plain. *Lacey* was anything but.

Lila's outfit could have been adapted from her old workwear. She came out in a fitted jacket over a white blouse, with a short, tight skirt. The skirt was far tighter than anything Lila actually would have worn for work, and it was so short it exposed her garter straps, and the tops of her stockings. Nor did she wear six-inch platform pumps to visit clients. Lila was already tall, and those heels pushed her over six feet. If she did, Russ thought, she'd probably still be marketing. He stared at the woman shimmying on stage, and tried to reconcile her with the woman he knew. How could *Lacey* the dancer be the same sweet, but serious Lila who

occasionally bored him going on about organic vegetables and dangers of GMOs?

Kayla watched her friend dancing and envied her not only for her confidence, but also the obvious effect it had on her husband. Russ was squirming in his seat and watching Lila with his mouth agape. She'd never noticed that he was into Lila before. But then, he'd never seen her like this before, had he? Lila mostly favored maxi dresses and comfortable clothing. She was about comfort over style. Kayla knew her friend stayed fit, but she never dressed to show off her body—not like this. Kayla also stared at Lila, and moved in her seat without thinking, mimicking their friend's dance moves.

Lila quickly shed the jacket and went right to work on the buttons of her fitted blouse. She danced to an older dance number. Russ couldn't place the name. He saw a black bra through the fabric of her blouse. He hung on her every move. She dropped her blouse, and he was sure that bra was pushing her up. Lila had nice tits, but they were small. He'd never seen her with cleavage like that. Russ was surprised to see a black tattoo on her ribcage, just below her bra. It was a couple lines of script, but he couldn't read it at that distance. Lila had all kinds of secrets. He knew she had a tiny tattoo on the back of her neck—her astrological sign—but he thought that was it, and usually her hair hid it.

Lila dropped to her hands and knees and crawled around the stage, throwing seductive, pleading looks to the men closest to her. She was a great actress. Russ could believe she wanted those men. She was impossibly sexual, offering herself to every man in the club. It was a mind game, he understood, but it worked. Even Russ thought he could have her.

Russ looked to Blake, who watched his wife working. How could Blake be okay with this? Russ didn't believe he felt no jealousy, but Blake looked relaxed. He even looked into it. It seemed that Blake actually enjoyed seeing his wife work the pole. Russ didn't know if he was that confident. He figured he could enjoy seeing all those guys drooling all over Kayla, but he didn't know if he wouldn't have nagging worries about the dangers. What if some impossibly handsome and wealthy suitor tried to sweep Lila off her feet? Russ loved and trusted Kayla, but he wasn't secure enough to put her in that same situation.

Off her knees, Lila worked the pole like a pro. She didn't scale it to the heights some of the other girls did, but she gyrated and flicked her

tongue at it like she wanted it. She climbed the pole and then spun like a dervish, strong and sexy. Russ throbbed in his pants. It was probably because he knew her, but Lila was the sexiest dancer in that place. He was having thoughts about her that had never entered his brain in five years of friendship.

Lila's legs were locked around the pole when she reached back and unhooked her bra. She flung the lacy black garment to the stage and shook her boobs. Her tits were way nicer than Russ anticipated. They were at least a perky handful. He was just spoiled by Kayla's generous chest. He was further surprised to see her puffy pink nipples were both pierced by little silver barbells. Russ had to consider that Lila was a lot more fun than he'd ever suspected. She hung upside down—her thighs squeezing the pole—and played with her nipples.

"She's amazing, isn't she?" Kayla asked, squeezing his thigh.

"Uh, yeah. Lila's great. Who would have guessed?" Russ replied, praying she didn't feel how hard he was.

Kayla felt it, and it made her smile. She was a tad jealous, but she enjoyed seeing Russ going crazy so much more. She knew she'd reap the benefits later. Russ could be an animal when he was really fired up in bed. She was going to need it. Kayla was getting just as turned on watching Lila as her husband. It wasn't just a show to her, and it surprised Kayla. She didn't have those kinds of thoughts about other women.

"I don't know, I always thought there was something," she replied.

"Really?"

It was cute seeing Russ was so shocked. Kayla had always sensed something was different about Lila, call it women's intuition. Lila just seemed like she'd lived an interesting life. Kayla had probed, but Lila never gave anything up to her.

Lila's time on the main stage ended, and she strutted her way to the smaller end stage that was close to where the friends sat. Closer, Kayla saw her friend was dusted with body glitter, and thought it was pretty. She also liked Lila's dramatic makeup. She looked fierce. Lila worked her body to a rock tune with crunchy guitars, and quickly stripped off her tiny skirt. The black-string she wore underneath barely covered her, revealing two things: Lila had a tiny tattoo of a hummingbird on her bikini line, and she was completely shaved. Kayla was impressed by Lila's toned body. She decided she had to start hitting the gym.

Russ stared at the hummingbird tattoo. He couldn't look away. Lila looked perfect in that tiny g-string, and the way she pumped her hips was hypnotic. He finally tore his eyes away, swept them over her tits, and realized Lila was staring at him. She smiled when he jumped out of his seat.

"What do you think?" Blake asked Kayla.

Kayla barely heard him over the music and had to lean close to him to answer. He rested his hand on the back of her chair. "I was just telling Russ; Lila's incredible. It's like she's someone else up there."

"Yes and no. I mean, Lila takes on a persona when she dances. She says it's easier when she feels like she's playing a role, but that's still Lila up there. I know my wife, and she's that sexy. Lacey is just Lila with a wig."

"I can see that. I can see Lila up there, not just Lacey. She's so confident up there. I don't know if I could ever be that sexy."

"You already are, Kayla. You need to accept that you're hot."

"You don't have to say that, especially not in here." She blushed.

"I mean it. I'd love to see you up there."

"I could never do that."

"I know you could. I bet at this point, Russ would love to see it too. You could just pretend you're playing a role," Blake insisted.

His hand slid from the chair to her shoulder, where his fingers softly caressed her. It felt nice—too nice given how sexually charged she was. Kayla felt chills and tried to not think about how much she liked it. It seemed like Blake was making a move on her, but that was crazy. Russ would have never noticed. He only had eyes for Lila. Kayla looked up to her friend on the stage, and Lila blew her a kiss. Kayla smiled and shifted away from Blake's hand.

Lila's time on stage ended and she collected her costume and money as a new dancer took center stage and another one replaced her on the side stage. She disappeared down the steps off the back of the stage, but then popped up on the far side of the bar. Kayla saw her uncrumpling the bills that had been thrown at her, and then she reassembled her costume, skipping the blazer and tying the blouse in a knot, like a stereotypical stripping school girl. She pushed her way through the crowd toward her friends, carrying a drink.

"Hey guys!" Lila said, her smile wide. She looked seriously thrilled to see her friends, with no hint of embarrassment.

“You were fantastic,” Kayla said, returning the smile. The smile stayed on her face when she saw Russ struggling to keep his eyes from Lila’s body and look in her face.

“Thanks. When I saw you guys over here it inspired me.” Lila turned to her husband, and added, “Hey, babe.”

“You’re sexy, as always, babe,” Blake said, winking at his wife.

“What did you think, Russ?” Lila asked.

He grinned stupidly. “What do you think, *Lacey*?”

“I don’t know, Russ. I hope I didn’t disappoint.”

“Maybe he hasn’t made his mind up yet. Perhaps he needs a closer demonstration,” Blake suggested.

“I am here to make money. What do you say, Russ? You look like you could use a table dance—if Kayla doesn’t mind.”

Kayla was amused by her husband’s discomfort, so she egged Lila on. “We’re in a strip—I’m sorry, *gentleman’s*—club. When in Rome...”

Lila leaned down to be better heard, placing a hand on Kayla’s shoulder. “It’s okay. I do prefer to be called a dancer, I guess, but strip club is fine. The men who come here are hardly gentlemen. By the way, you look fierce tonight, girl.”

“I had to try and compete as best I could.” Kayla looked Lila over. “Not that it’s any competition. You look...wow. Whatever you’re doing, it’s working.”

Lila shrugged. “The pole’s a good workout. My core is burning right now.”

“Maybe I should get up there!”

“Any time, girl.” Lila turned her attention to Russ. “Now, I believe you wanted a dance, sir.”

“You really don’t have to,” Russ babbled.

“Maybe I want to. What if I’ve been waiting all this time to rock your world?” Lila’s seductive smile looked real.

Russ looked helplessly to his wife, but Kayla was no help. Lila kneed his legs apart and he jumped. He gripped the armrests with white knuckles. She began moving with the music—some dance hit with a techno beat—and Russ tried looking everywhere but at her. However, her sultry moves were hypnotic, and he was still a man. He was drawn to her. Lila was impossibly tall in those heels, and her long, toned torso swayed in front of him like a charmed snake. His gaze was drawn to the motion when she

untied her blouse and shrugged it off. Russ was left staring at her tits, and couldn't look away. His mouth was so dry.

Lila took a different tact than Mercedes. Instead of pushing her tits in his face, she turned around and planted her tight butt in his lap, holding onto his hands on the armrests while she worked her abs and gyrated her butt against him. Russ prayed she didn't feel his hard-on, but she had to. He was so hard it was painful, and her sweet ass bumping and grinding on his junk only made it worse. Russ groaned helplessly and wondered if he should apologize. Lila laid back against his chest. With her head on his shoulder, she purred in his ear.

"You need to loosen up," she cooed, lips almost brushing his ear.

"Sorry, this is just a little strange, y'know?"

"You don't need to be so stiff."

Lila took his hands and placed them on her bare thighs. His cock jumped against her butt.

"Or do you?" she asked, her hot breath on his cheek.

"Uh, sorry," he mumbled. Russ had never been so turned on and so uncomfortable at the same time.

"Don't be. I'd be offended if you weren't."

Russ groaned, and his cock throbbed. Lila had it caught between her tight cheeks, working it like a pro, and he wondered how many guys she's gotten to blow a load in their pants doing this. She was very good. The more he tried to control himself, the harder she gripped her thighs, but he didn't complain. It wouldn't surprise him to learn Lila liked it rough. He felt crazy for thinking she was pretty, but not too exciting. He had no idea who Lila really was.

"She's torturing him," Kayla commented to Blake, who was pressed in close beside her.

"I think she secretly likes this part of the job. I think Lila likes the power."

"Oh, she's like that, is she?" Kayla was surprised.

"No, not with me. Lila's pretty submissive with me, but other times..."

"Blake, I wasn't trying to pry..."

"We're all friends, Kayla. Lila and I are an open book."

That they were, Kayla thought. Now that their friends' secret was out, there seemed to be no end to the sharing Blake was prepared to do. She

didn't need to know that Blake was dominant in bed—not when she was keenly aware of how attractive he was. It was all too easy to picture him taking control, given her current state.

Kayla returned her attention to their other halves. She was more fascinated than jealous to see the way Lila moved against Russ. It was fun to watch Mercedes on him, but this was sexier, because she knew Lila, and she knew that familiarity was tormenting her husband. Kayla was impressed with his discipline. She would not have blamed him if his hands started to roam Lila's body.

The song transitioned into something new, and Lila mercifully ended her dance. Russ took a deep breath and reached for his drink with a trembling hand. Lila smoothed her skirt back into place when she stood, but she didn't bother to put her top back on. She stood waiting between Russ's legs and he realized she was waiting to be paid. Of course, why should she treat him. He dug into his wallet and pulled out another twenty. Lila stood very close and pulled down the waist of her tiny skirt and g-string. Russ could almost see her pussy. Did she really want him to put it there?

"Come on, handsome. Don't keep a girl waiting," Lila said.

Russ looked to Kayla, who smiled back at him. He took the bill and did his damndest to slip it in there without touching her, but Lila took his hand and pushed it deeper. His finger brushed her damp lips and his cock lurched. Stunned, he pulled his hand back, and Lila bent down and kissed his cheek.

"Thanks, sweetie. You should let me show you what the couch dance room is like. It doesn't look like Kayla would mind."

Lila sounded just like the other dancer. Damn, she was good. Russ didn't understand how Blake was completely okay with this. He glanced over, and Blake looked to be enjoying the show.

"If anyone is getting a dance, it's going to be Kayla this time," Russ said.

Lila beamed. "Even better. I like giving dances to girls way better than guys. What do you say, hon? Are you ready?"

Kayla felt put on the spot. She did want a dance. Kayla didn't know when she would be visiting a gentleman's club again, and she wanted the full experience. That included getting a lap dance, but even with the couple drinks she had, Kayla found it difficult to just say yes. Fighting back her nerves, Kayla drained her drink and straightened her shoulders.

“Okay, let’s do this,” Kayla announced.

“Sweet,” Russ said, excited.

“You can come back, but you have to pay for two dances if you do,” Lila said.

“No problem,” Russ replied.

“What about Blake?” Kayla asked. She felt bad they were leaving their friend behind.

“Sorry, hon. You can’t bring two guys back there. Are you okay if we leave you for a little while, babe?” Lila answered.

“I don’t want to miss all the fun, but I know the rules,” Blake said.

“I’m sure Crystal wouldn’t mind going back with you. I know she’s out here on the floor somewhere. We’ll find her on the way. Come on, hon.”

Lila took Kayla’s hand and pulled her to her feet. Kayla held her friend’s hand as they weaved through the crowd, while the guys trailed behind them. She felt the eyes of every man following them and knew those guys were picturing what was about to happen. It was surprisingly exciting to know that all those men were looking at her and were probably hard. Kayla wasn’t usually the girl who sought that attention, but now that she had it, it was intoxicating. The crowd thickened near the bar, and as they pressed through Kayla felt anonymous hands groping at her. Her ass was squeezed, and even one mystery man brushed his hands by the side of her breasts. Sparks of excitement shot through her body, even though she knew she should be mortified. Kayla would have turned around and smacked someone in any other crowd, but supposed it was to be expected in a *gentlemen’s* club.

They stopped at the far end of the bar, where a blonde was having a drink and chatting with a busy bartender. Lila greeted her as Crystal, and Kayla was taken aback. The dancer had platinum blonde hair, where Kayla’s was a honey blonde, and she wore far more make-up than Kayla ever would have, but they looked so alike they could have been sisters. Crystal was perhaps ten years younger, and maybe a couple pounds lighter, but she even had Kayla’s curves, which were on full display in a white bra and boyshort set worn under a filmy white negligee.

“Hey, girl. How do you feel about joining us in the couch room? I’ve got a third wheel who needs some help,” Lila told Crystal. She stroked the other dancer’s hair back from a heavily-rouged cheek. “You look really pretty tonight.”

Crystal saw Blake with the group and brightened. "You don't have to butter me up. You know I'm always happy to take care of your man."

Crystal moved to the rear of the group and kissed Blake's cheek, while taking his arm. "You don't come around enough," she told him.

Russ was put off, wondering why the dancer assumed it was Blake who needed the companion. Was Blake that much better looking than him? Sure, Blake was a little younger and a little fitter, but Russ like to think he still had some game left. He made a comment to Lila.

"Oh, it's not you. It's club policy. We're not allowed to dance for boyfriends or husbands. I think they're afraid things will go too far, or that we'll ignore the other patrons if we get caught up. They discourage us from having our guys even come in. Too many guys can't handle seeing their ladies working, and it can cause trouble," Lila said.

"I can see that," Russ nodded.

"You wouldn't be like that, though, would you?" Lila linked one arm through his, and the other through Kayla's.

"I'm a lover, not a fighter," Russ insisted.

"Mmm, that's what I like to hear," Lila cooed. "But I meant you wouldn't be too jealous to see Kayla up on the stage, would you?"

"She would never..."

"Wouldn't I?" Kayla interjected.

"Honey, you know you wouldn't dance up on stage like that," he continued.

"I think it looks like fun. You'd better be careful. You know how I hate being told I can't do something," Kayla said.

"I may have to find out which of you is right before you head home," Lila said.

Kayla was suddenly seized with fear, thinking her friend was going to try and get her to strip. She *did* think the idea was exciting, but she was all talk. She couldn't dance and take off her clothes the way Lila did. She was relieved they were headed away from the stage.

Another burly man in a suit stood by a lectern, guarding a bead-draped door that led into a darkened room. Kayla tried peering into it, but couldn't see much. Lila told the man she was taking them back for a dance, which meant Russ had to cough up more money. Couch dances were thirty, or two for fifty, so at least he was saving a little money. He'd forgotten just

how expensive it was to have fun in a strip club, but it would be worth it to see Lila grinding on his wife.

The room beyond the beads was even darker than the dimly-lit strip club, and the music was muted. Loveseats lined the walls, and about half had writhing figures on them. It took Kayla a moment to realize that room used black-lighting. Whites glowed under the lighting, and she saw the white t-shirts and sneakers of some of the men flashing from beneath the dancers gyrating on top of them. Crystal's lingerie glowed, making her look like an angel. Bits of lint stood out glowing on Kayla's black dress, as did stripes on Russ's polo shirt. It added a weird, dreamlike quality to the couch dance room.

Lila led Kayla across the room to an open loveseat directly opposite the door. Kayla sat, and Lila bent to reposition her in the middle. Lila told Russ to sit on the arm of the black leather loveseat, and he did, with his arm across the back. Blake and Crystal took the loveseat directly next to them. Crystal went right to work, sliding into his lap as she shed her filmy negligee.

Kayla stared up at Lila, who moved to the music as she stripped out of her bra. She felt silly for being so nervous. It was only a lap dance. It wasn't like they were about to have sex. Lila straddled her, putting her hands on Kayla's shoulders. Lila worked her hips, grinding onto her, but it didn't have the same effect it had on guys. Kayla did finally understand why guys had so much trouble looking a woman in the eyes when her boobs were right there. When she thought of perfect boobs, these were what Kayla thought of—nice and bouncy and perky. Kayla was proud of her boobs and the attention they got—even if it was annoying sometimes—but she often wished she had cute boobs like Lila's. They were perfect on her body, looked great, and Lila probably didn't have to worry about finding comfortable bras, or sexy bras in her size, making sure they weren't falling out of her clothing. Kayla snapped out of her trance when Lila playfully shook her tits.

"Like what you see?" Lila asked, with a laugh.

"Yeah, your boobs are awesome. I mean...I like them, but...you know what I mean..."

Lila laughed again. "It's okay, girl. You can touch them if you want."

"I don't need to," Kayla said quickly.

“I think Russ would like you to.”

Lila grabbed Kayla's hands and put them on her breasts. Kayla instinctively squeezed. This was something new. She'd never groped another woman before. It was quite nice. She knew not to be rough—although she liked that in the right circumstance—and gently massaged Lila. She loved how the other girl's soft skin felt. The feelings it stirred in Kayla were unexpected.

“Mmm, that feels good, girl. You know what you're doing,” Lila cooed.

“I just know what I like,” Kayla insisted, glad Lila couldn't see her blushing under the dim lighting.

Kayla's hands slid to Lila's sides when her friend leaned in and pressed against her. Lila smelled like jasmine. Lila felt so hot in her arms, like she was ablaze. Lila caressed Kayla's back as she rubbed against her.

“Your hands feel so nice. We only let guys touch a little bit, when we follow the rules, but girls can get away with so much more.” Lila's words were a whisper in her ear.

“Is this okay? I don't really know what I'm supposed to do.”

“I like it. I want you to do whatever you like. I told you, girls can do a lot more than the guys. Dequan isn't going to rush in and break us up. What do you like?”

“What do you mean?”

“You want me to give you the real deal, right?”

“Sure, but you don't have to...”

Kayla's words trailed off into a light moan Lila raked her long nails lightly over the back of her neck. It gave Kayla the chills, and the shivers went right down to her pussy. She discounted that Lila made her feel that way. It was just because she was so worked up already, Kayla insisted to herself. Lila ran her nails through Kayla's hair at the base of her head and the blonde trembled. Instinctively, she mimicked the touches she received from Lila, hoping her friend liked it.

“I love your perfume. You really are so sexy tonight, Kayla.” Lila's whispers felt so intimate.

Kayla was totally in the moment, forgetting they were in the club, forgetting they were being watched. It was just her and Lila locked together, and it felt so good. She barely found the words to thank her friend. The more she caressed Lila's bare flesh, the more she wanted to. She'd become

fascinated with Lila's soft skin. Lila's lips brushed Kayla's neck. Kayla gasped. The kiss was so impossibly soft that Kayla barely felt it. This wasn't for Russ. He couldn't see it through the veil of their mixed red and blonde hair. Lila kept kissing and Kayla closed her eyes, licking her lips. She'd begun moving her body with Lila's without conscious thought.

"I think we should really blow Russ's mind," Lila whispered, adding a nibble on Kayla's ear.

Kayla was so lost in the swirling sensations that she only nodded.

It turned out sitting on the side and watching was torture. Russ was losing his mind watching his wife and Lila pressed together. It didn't help that he really couldn't see much except for their bodies moving together, and Kayla's hands on Lila's bare back, but that was enough. His cock felt like it was going to tear out of his pants, and he watched his wife's hands with an intensity that tried to will them down to Lila's ass. Most of all, he wanted to reach out and touch the women. He wanted to join them.

Lila pulled back, brushed blonde hair from Kayla's face, and kissed her. Russ gasped and blinked. He couldn't be seeing what he was seeing. Lila held Kayla's face in both hands and kissed her. It was happening. Russ was watching his wife kiss another woman. He balled his hands into fists to keep from touching himself, because he would have come on the spot. It wasn't just a quick kiss, either. The girls were making out. Kayla's arms tightened around Lila, pulling her deeper into the kiss. Russ glanced past to Blake and saw he was watching their wives too, not paying too much attention to Crystal, except he was rubbing her ass. Crystal was watching too, whispering something to Blake. Russ was jealous of that too. He wished he had a stripper on his lap, and he, too, noticed the resemblance between the dancer and his wife.

Kayla was breathless when Lila broke the kiss and gazed up at her friend with heavily-lidded eyes. Lila smiled, and she smiled back. All she wanted was to pull Lila into another kiss. Lila was a very good kisser. It was fair to say that kiss had blown Kayla's mind like no other. The novelty of Lila's soft lips passed quickly, and it was just an intense kiss, although Lila's soft cheek on hers was a nice bonus. Lila did not thrust her tongue into Kayla's mouth, but rather seduced her with it. It was a kiss that Kayla felt all the way to her toes, and she was still dazed when Lila started unbuttoning her dress.

"Should you..." Kayla said, finding it difficult to speak.

“I told you, they encourage this sort of thing back here. The guys love it,” Lila said.

It reminded Kayla of where they were and the world came rushing back in. There was Russ, perched right next to them, and Blake on the other side, playing with Crystal. She could see beyond Lila just enough to observe the other men in the room were watching too—not paying proper attention to the girls they were paying. Being the object of so much lustful attention made her heart pound. Kayla wasn’t thinking clearly as she let her friend unbutton the top of her dress.

Russ’s mouth was dry. He kept reminding himself, *this is really happening!* He wasn’t really surprised by anything Lila did anymore, but Kayla shocked him by letting their friend undress her. He knew he should be angry that all these men were watching his wife like this, but all he felt was arousal. It was perverse, but he was proud these men wanted his wife.

The dress unbuttoned to the waist, leaving a lacy red bra exposed to the room. The air was cool in the couch dance room, but Kayla was hot. She got hotter when Lila grabbed her tits and kneaded them through her bra. Despite the padding, Kayla’s nipples sprang to attention, aching to be teased. She instinctively pushed her boobs at Lila’s hands, and her friend responded by massaging her harder. Kayla moaned softly, and moved her hands back to Lila’s tits, but was jealous. She wanted to be topless like Lila. Kayla wanted to feel Lila’s hands on her bare flesh.

Russ watched Lila slide down Kayla and kneel between his wife’s open legs. He took the opportunity to scoot closer, pressing into Kayla’s side. Lila had a wicked gleam in her eyes when she looked up at them. She pushed her hands up Kayla’s thighs, taking the skater dress with her. Lila rubbed her smooth cheek against the blonde’s thigh, and kissed it as she moved higher. Russ saw Kayla holding her breath and realized he was too. The dress was at Kayla’s lap, and Lila pressed her face to her panties.

“Ohhh...” Kayla moaned. She grabbed Russ’s hand and squeezed it tightly.

“Is she?” Russ asked. He couldn’t see exactly what Lila was doing, but he knew what it looked like.

Kayla’s only answer was to hang her mouth open and gasp. Lila was kissing her pussy through her drenched panties, using her tongue to trace Kayla’s slit through the thin, silky material. Kayla trembled. She couldn’t remember being so excited. She knew the men were watching them from

the darkness. She saw Russ watching them, and he looked ready to pounce. He'd never looked at her like that before. Kayla liked it. Russ stroked her hair and leaned closer.

"This is so goddam hot, Kay. I can't fucking believe it," he groaned.

"Ohhh...my..." Kayla whimpered.

Lila slid her panties to the side and her tongue flicked over Kayla's lips. The blonde arched her back off the couch and pushed her cunt at Lila. Her climax welled up inside her, and Kayla couldn't believe another woman was going to make her come. Lila's tongue danced away from her clit before getting her off. Kayla groaned in frustration.

The couch was crowded when Lila slithered back up Kayla's body. Russ slid his hand over Lila's thigh and the curve of her butt. He couldn't keep his hands to himself when she was so close. He knew Kayla would understand. He didn't even think about Lila's husband, who was just on the other side of them.

"You like what you're seeing, babe?" Lila asked Russ.

"I had no idea, Lila..." he answered.

"No idea what? That I thought Kayla was sexy, or that your wife is so much fun?"

"I..."

Russ didn't get to answer because Lila kissed him, letting him taste Kayla's pussy on her tongue. His head spun and his cock surged. He was amazed he didn't blow his load when Lila reached into his lap and squeezed it. He kissed her back hungrily.

Kayla didn't freak out when she saw Lila kiss her husband. She only felt any jealousy in the back of her mind. It felt like a natural extension of everything else going on, and Kayla rolled with it. She liked seeing Russ so excited, and if she got to kiss Lila, why shouldn't Russ? Kayla caressed Lila during the kiss and massaged her boobs.

Russ's cock was raging when Lila broke their kiss. He wanted to grab her, throw her down on the loveseat, and fuck her senseless. He wanted to fuck Lila and his wife. He desperately wished they were alone in a bedroom.

"I wish we were somewhere more private. There's only so much we can get away with in here, and my shift doesn't end for a couple hours," Lila said, gazing into his eyes.

“When do you finish?” Kayla asked. Russ was surprised she was so forward.

“Not until 1.”

“What about the VIP room?” Russ asked.

“I don’t want you guys to spend that kind of money,” Lila said.

Russ knew how strip clubs worked, and he knew the VIP room would be expensive. It had to be at least a couple hundred for a half hour, but it felt worth it in his current frame of mind. He knew something was going to happen, at least between the girls, and he wanted it—badly. Russ was afraid they would lose momentum if they waited for Lila to finish her shift. He didn’t want Kayla to talk herself out of doing this. The moment was now.

“Oh, I think you’re worth it,” he replied.

“I’m not a prostitute,” Lila responded, adding a smirk.

“I didn’t mean that...”

“You’re too easy.” Lila laughed. “Let me talk to Blake for a second.”

“Oh, okay,” Russ said.

Blake really was out of his mind, but it made sense that anything that happened had to include him. It gave Russ a moment of pause. He’d been thinking of a threesome with the girls in his fevered mind, not having another guy there. Russ didn’t have the stones to ask Blake if he could take both girls into the VIP room by himself, so if anything was going to go down Blake would have to be included. Russ glossed over the possibilities.

“What’s the VIP room?” Kayla asked.

“It’s a little back room where you can be alone with a dancer,” Russ answered.

“What happens back there?”

“Officially, not much more than happens here, I guess. But in reality, it depends on the girl and on the club.”

“You mean the girls take guys back there and,” Kayla answered, lowering her voice before she finished with, “*have sex with them?*”

Russ felt weird explaining this to his wife. “Depends on the girl. A lot of the time I think it’s just hand jobs, or blowjobs. But some girls, yeah, I think for the right price...”

“*Do you think Lila does that?*”

“No, I can’t imagine,” Russ answered, without thinking.

He thought more about it and realized he didn’t really know *what* Lila was capable of after tonight. He wasn’t judging her, but she wasn’t the girl he thought she was. He looked over and saw Blake and Lila talking. She’d joined Crystal in giving him a lap dance. Once again, Russ was jealous. Watching the couple, Russ figured they had to have discussed what Lila would, and wouldn’t do at the club, and he wondered where that line was. Was Blake okay with Lila giving hand jobs? Were blowjobs out of the question? He turned his attention back to his wife.

“Are you cool with all this? I don’t want you to feel like you have to do anything you don’t want to,” he said to Kayla.

Kayla smiled and pulled him down into a sultry kiss. “Doesn’t it seem like I’m okay with everything? Are you? We didn’t talk about any of this beforehand.”

“I didn’t think anything like this would happen. I thought maybe you’d get a lap dance, and that would be hot. I certainly didn’t think you and Lila...”

“I’m glad I can still surprise you.”

Kayla was not as sure, or as brave, as she presented. When her hormones were racing—and she wasn’t thinking—Kayla thought she was up for anything, but now that she’d had a moment to calm down, she was uncertain. With a couple drinks in her, it was easy to roll with everything in the highly sexualized atmosphere. Lila was undeniably sexy, and it felt so good when she kissed her. Kayla was left dreadfully horny, and she was open to playing with Lila—even if she’d never really considered it before. Going into the backroom in a gentleman’s club felt so dirty and dangerous, and it was exciting to be the kind of woman who might do that, even if it was just for one night. Kayla didn’t want to think. She just wanted to act.

Lila peeled away from Crystal and Blake and planted herself in Kayla’s lap. She played with Kayla’s shoulder-length blonde hair, and stroked Russ’s thigh. “If you guys are cool waiting, you can get out of here and go home with Blake. We can keep the party going when I get out of here. Or, we can go back into one of the VIP rooms, if you’re feeling really crazy right now. I get half of the cut for going back there, I’ll just give that back to you guys. You guys aren’t paying me for tonight. Oh, and Blake will pay half, too.”

“Okay, let’s do it!” Kayla announced, the words tumbling out of her mouth.

Russ was taken aback by his wife’s enthusiasm, and realized he didn’t have a vote. He could go along with that. Images of Kayla and Lila together flashed through his mind. He never thought his wife could be so wild, and it kind of frightened him as much as it excited him. Russ wondered just how crazy Kayla could get.

They filed out of the couch dance room, with Lila taking Kayla’s arm again and leading her ahead. Kayla felt daring and only buttoned her dress enough to keep it from gaping open. She still showed plenty of skin as she walked. Russ followed, and Blake brought up the rear. Blake put a hand on Russ’s shoulder, slowing him down.

“Hey, man, I wanted to grab you before we go up there,” Blake said.

“Uh, sure. What’s up?” Russ wasn’t sure this was a conversation he wanted to have.

“Tonight’s been pretty wild, right?”

“It’s been awesome.”

“Yeah, and it’s only going to get crazier when we get up there.”

“I hope so. You’re cool with Kayla and Lila, right? I don’t want to make any assumptions just because Lila works here,” Russ said.

“No, it’s awesome, right? I’ll be honest, I was kind of hoping it would happen when we came here tonight. I just didn’t know if Kayla was like that.”

“I didn’t know either, and I’m married to her.”

“Yeah. So anyway, when we get up there, and shit starts going down, you’re really going to be cool with all of it? I mean, we’re all friends, I don’t want to fuck that up,” Blake said solemnly.

Russ clapped a hand onto Blake’s shoulder to reassure him. He found his friend’s sudden sense of caution odd. They were headed up to the VIP room so their wives could get it on, but it started in the couch dance room and everyone was cool. Why did Blake think he’d have a problem with the girls really getting it on?

“Really, it’s all good. This is a great night, so let’s keep the party going.”

“Right on, Russ. Glad to hear you’re so open minded.”

“Sure, no problem. I didn’t overstep back there, with Lila, did I?”

Blake laughed. “It’s a little late to worry about that now.”

Their brief conversation left Russ unsettled, but they'd caught up with the girls, so he didn't have a chance to dig deeper. Lila met one of the bartenders at the end of the bar and had a brief discussion. Kayla handed over a credit card, on pins and needles as she waited to sign the slip. It didn't make any sense to pay so much money to go up to a little room in the back of a strip club, but nothing about that night made sense. She watched Lila and thought about what they were about to do and she swelled with excitement. Kayla had never done anything so daring, and was proud that she wasn't trying to back out. She liked to think of herself as fun, but this was outside of that box. Her hand trembled when she signed the credit slip. Kayla exchanged that for a small bottle of cheap champagne, and Lila took four plastic flutes off the bar top.

The friends followed Lila up a narrow stairway and around a sharp bend. Another bouncer stood there, and Lila told him they had room 4 for an hour. The bouncer led them to a door at the end of the hallway and unlocked the door. A timer was stuck to the wall beside the door and he set it to an hour, after telling them to have fun.

Kayla didn't know what she expected, but it was bigger than she thought—not that the room was huge. The room was large enough that black leather couches fit on three of the walls, with tiny end tables beside them. A cheap wicker bookcase was just inside the door to the right, holding stacks of towels and baskets filled with lotion bottles, hand sanitizer and mouthwash. A cheap boombox sat on the top of the bookcase.

"I got Bailey to give us the smaller room they use for bachelor parties for the regular rate, since it wasn't booked tonight," Lila said, leading the friends into the room. Blake closed the door once they were all in, and four adults filled the space in the middle.

Blake flopped down on one of the couches, and Russ followed suite, sitting on another. Russ felt momentum had been lost, so he wondered what happened next. Lila told Kayla to stand back and popped the cork on the champagne, which ricocheted around the room and they all laughed, breaking the tension. Lila poured, and Kayla handed out the flutes.

"Here's to good friends and new adventures," Blake announced, standing.

Russ stood as well, and they tapped the plastic flutes together and drank. With all of them standing so close together, it felt like an orgy was about to break out, and Russ had a nervous feeling in his stomach. He

hadn't considered that before, but now that they were all in the room together, he realized he was being willfully ignorant about where things could go. Russ didn't know what he would do if Blake made a move on Kayla—especially if she was receptive to it. He didn't want to be a hypocrite. He had been all over Lila, or Lila had been all over him, but that was her job. It was different. Russ forced all of that from his mind.

"This usually starts with lap dances, believe it or not. Why don't you boys have a seat?" Lila said.

Russ dropped back onto his slouchy couch, and Blake sat to his left. Lila pulled Kayla closer by the waist and kissed her. Russ had never gone completely soft, and went rock hard again when the girls kissed. It really made his blood pump when he saw his wife didn't hesitate for a second, but eagerly kissed Lila back. Kayla held the back of Lila's neck, while the plastic flute hung from the hand dangling at her side. The kiss turned into necking, and Kayla threw her head back while Lila's lips found the sensitive places on her neck. Kayla swayed on her feet, looking like her legs were ready to buckle. Lila whispered something to Kayla and the girls broke apart, with Kayla giggling.

Lila took Kayla's champagne, and Kayla sauntered over to Russ, hoping her smile was seductive and not silly. She was excited for Lila to teach her some moves, and knew Russ would appreciate being her guinea pig. Behind her, Lila switched on music, a slow R&B jam. Kayla's tastes ran more toward country, but it would do. She tried to remember what the other girls did, and swayed her hips as she stepped between Russ's legs and stood over him. Kayla was pleased by his somewhat startled look. She wanted to surprise her husband tonight—maybe even shock him. It was important to shake things up after a few years of marriage. Kayla didn't want Russ to take her for granted—or have the reverse happen. They were due for a crazy night like this.

"That's good, girl. Show him what you've got, make him want it," Lila encouraged from behind her.

Kayla looked back over her shoulder and saw Lila moving similarly in front of Blake. Lila reached back and unhooked her sexy little bra. Kayla followed her lead and unbuttoned the remaining buttons on her dress, leaving it hanging open to her waist. She pulled the dress to the sides of her breasts, so her tits pressed out at Russ. He grinned, enjoying the show.

"Now move in for the real tease," Lila advised.

Lila turned and planted her wiggling butt in Blake's lap, so Kayla did the same to Russ. Her moves didn't feel as sexy as Lila's looked, but confidence probably came over time, she thought. Her husband's hard-on pressed eagerly at her round butt, so she was doing something right. Kayla put her hands on his knees and moved at the waist, rotating her butt on Russ, just like Lila did to Blake. It was a great core workout. She heard Russ moan behind her, and pressed her butt harder into his lap.

Russ put his hands on Kayla's hips, making sure she stayed put on his lap. Damn, it felt good. He was impressed by his wife's moves. She worked his lap like a pro. Kayla had a future at the club if she ever needed it, and the thought of Kayla giving lap dances in the club sent a weird thrill through him. He moved his hands up her sides and cupped her tits. Kayla arched her back.

"You don't have to let him touch you there, unless you want to. He wouldn't get away with that downstairs," Lila said.

"Don't be fresh," Kayla warned, moving his hands back to her hips.

"Hey," Russ complained.

"I'll have you thrown out of here," she threatened, laughing.

"Is he nice and hard?" Lila asked.

"Yeah, he's ready to go," Kayla answered.

"Good, it's time to turn around and get in close. And you need to show more skin, girl."

Russ didn't know why Kayla was okay with announcing his arousal to their friends, but the complaint died in his mouth when Kayla turned and hiked her dress, straddling him in a single, smooth move. She peeled back her dress and let it drop to her waist. Her tits strained against her red bra, but she left it in place. Kayla held onto his shoulders and gyrated her hips, making her tits sway in the bra. It took everything he had to keep his hands off, but Russ played along with the game and held onto her waist.

"Do you come here often?" Kayla asked, keeping eye contact with him.

"Yeah, all the hottest girls work here," he answered.

Kayla leaned in, pressing her tits into his chest and burying her face in his hair. Her hot breath tickled his neck, and his cock surged. She must have been paying attention to the other girls, because she had their moves down perfectly. He stroked her smooth back with his fingertips, wishing her breasts filled his hands.

“What does your wife think about that?” she breathed in his ear.

“She’s not the jealous type,” he moaned, struggling to control himself.

“No?”

Her lips brushed his neck, he trembled. His grip tightened on her back.

“I don’t think she minds because when I come back to her I’m ready to screw her brains out.”

Kayla reached between them and grabbed him through his pants. “She’s a lucky girl to have a nice, *big* guy like you to take care of her.”

“Oh jeez, Kay...”

The couple was so into each other that they didn’t realize Lila had joined them. Lila was behind Kayla, and she unhooked the blonde’s bra. Kayla let her slide it down her arms and toss it onto the couch beside Russ. Lila pressed tight behind Kayla, pushing her smaller breasts into the blonde’s back. She caressed Kayla’s arms, and covered her hands—one on his shoulder, one on his cock.

“Press your tits in his face,” Lila instructed.

Kayla rose and put her ample breasts in his face. He moved and caught a nipple between his lips. Kayla gasped and pushed at his face.

“It’s okay to let them do that in the couch dance room, especially if you like it. Just make sure you’re discreet about it,” Lila said. She moved her hands to Kayla’s tits and held them for Russ.

It felt like a fever dream. Kayla was such a whirl of emotions that she didn’t know where one started and the others ended. She loved Russ sucking her nipple, and Lila’s hands on her felt incredible. Her pussy was on fire, but Kayla didn’t know which she wanted more, to slip Russ inside her, or to turn and pounce on Lila. Kayla pulled back and saw Russ watching her with Lila. His eyes were feral.

“Now comes the real test, if you’re ready,” Lila whispered.

“What?” Kayla gasped.

“We change partners.”

Kayla didn’t know what to do. She hadn’t considered this. Giving Blake a lap dance in her current condition was probably a bad idea. Kayla felt on the edge of losing it, and knew her husband well enough to know he was in the same place. She knew she should at least say something to Russ, and see if he was okay with it, but she doubted he’d object to having Lila

back in his lap. The only question was about Blake, but when Lila gently lifted her away from Russ, Kayla went with her, like she'd been hypnotized.

Lila turned Kayla in her arms and the women kissed. Russ watched with a blown mind, and he nearly cheered when Lila pushed the dress down past Kayla's hips. The dress dropped to the floor, leaving Kayla in a scrap of lace. Lila grabbed Kayla's ass with both hands, pulling their hips together. He heard his wife gasp into their kiss. Their tits rubbed together, and Russ was sure he'd died and gone to heaven—and then the world turned on its head. The girls stopped kissing, and Kayla walked over to Blake. Russ was dumbstruck, and it took a moment before he realized Lila came to him.

Russ opened his arms and accepted Lila onto his lap. She straddled him and leaned forward, her long red wig obscuring everything but her tits. Her scent filled his nostrils and her lithe body moved against his. Her dark nipples, long and stiff, pressed into his chest through his shirt. Lila's lips brushed his neck, just short of kissing, and Russ tensed, trying to maintain control. His cock surged in his pants, and he was desperate for relief. He kneaded her firm cheeks, bared to him by the g-string.

"Mmm, you have strong hands, I like that," Lila cooed.

"You've got a great ass," he replied, giving it a hard squeeze.

"That feels great. I've always thought you look like a man who knows what he's doing."

"You have?" Russ regretted sounding so surprised.

"Come on, Russ. You're a good looking guy. You don't think I've thought about it?"

Russ thought about how different he was from Blake. He didn't think he was Lila's type. He hadn't thought she was his type until tonight. Russ has been very wrong. Lila was every guy's type.

"I didn't think I was your type," he replied. It was difficult to form words with Lila wiggling on his lap and planting tiny kisses on his neck.

"I'm very open-minded, but I guess you know that now. It's nice to know you guys are open-minded, too."

"Uh, yeah, I guess we are."

Russ had never been so conflicted. He wanted to give Lila all his attention, but he was dying to know what Kayla was doing with Blake. So many dirty thoughts filled his head, exciting and disturbing him.

“We aren’t downstairs anymore, Russ. You can touch me wherever you want,” Lila cooed.

Russ slid his hands around and cupped her small, firm tits. The barbells through her nipples were warm, and he toyed with them. Lila shivered and moaned in his ear.

“Be nice and gentle, baby. The piercings make me extra sensitive.”

Russ adjusted his touch. His wife liked to be handled roughly, but he could do it the way Lila liked it. It was fun flicking at the little silver barbells and feeling Lila react. She ground her pussy hard against the lump in his pants. He hadn’t been dry-humped so aggressively since he was fifteen. He wanted to rip that g-string and his pants out of the way. Dry-humping was not enough for him in his thirties. He needed to fuck. He realized that was where all of this might be headed, but he wasn’t sure how he felt about Kayla giving Blake a lap dance, let alone screwing him.

Kayla hoped Russ wouldn’t be mad at her, but she was going to give Blake a real lap dance. She didn’t want him to feel short changed because Lila knew what she was doing and would take care of Russ. It made Kayla think of just how Lila would take care of her husband, and what she would be okay with. Kayla was finding she was open to more things than she ever thought possible, but she tried not to think about Lila and Russ. She needed to focus on Blake.

Blake gripped her hips when she planted her round butt in his lap. It was an intimate gesture. Her hands were on his knees, and she leaned forward while she gyrated her ass on him. It helped her to start without having to look at him, and it allowed Kayla to watch Lila work her magic on Russ. She needed to focus on Blake, but she had trouble keeping that focus. Lila and Russ were very close. So close, they may have been kissing. Her husband’s hands were all over her friend. Kayla imagined they were kissing, and as she tingled everywhere, she realized she was a voyeur. It was exciting watching the other couple in the room, and the danger of her husband with another woman. Lila sat up, putting her boobs in Russ’s face, and Kayla watched him go wild on her. Lila reached into Russ’s lap. Kayla bit her lip, stifling a gasp.

Kayla was forced to return her attention to Blake when he grabbed her breasts, massaging them and trapping her pale, puffy nipples between his fingers. The way he touched her was so different than Russ. Her husband knew her body so well that he typically touched her in those ways

he knew would get her ready for sex the quickest. Blake's touch was confident—unlike the gentle exploring she'd expect from a first-time lover—and he touched her like he just wanted to enjoy her body. It had been so many years since another man had touched her like that. Kayla had forgotten how thrilling it was to have a new man touch her body. She'd always particularly enjoyed that first time she was with a guy and they were playful and passionate. Blake pulled her back to lay against his chest, and she laid her head back on his shoulder.

"You've got amazing tits. I love that I finally get to see them," Blake whispered to her.

"Mmm, you're doing more than seeing them," she sighed.

Kayla tried to control herself, but his attention to her nipples made that difficult. If he'd been more aggressive with them, it would have been impossible. He kissed her behind the ear, giving her chills. His cock was wedged right against her ass, and it felt thick. That took her mind to all kinds of dangerous places. Kayla's self-control had never been one of her strengths. Russ always said he loved that, but would he feel the same when she was in Blake's hands?

"Are you supposed to be getting this familiar?" she breathed, grinding her ass hard on him.

"I think I'm allowed to do anything you'll let me up here. Are you telling me to stop?" Blake punctuated his question by pinching both her nipples.

Kayla's first answer was a loud moan, then she squeezed out a weak, "No."

"I see you like watching. It's pretty hot, isn't it?"

Kayla moaned. She felt helpless. He kissed her neck when she wasn't speaking, weakening that already poor willpower.

"I didn't know how hot watching could be until Lila started working here. The first time I watched her on that stage, I thought it was the hottest thing ever, but then I saw her give a lap dance, and—holy shit—it was incredible. I'd never been harder. Sometimes I come and watch her work and she doesn't know until I tell her when she comes home. The sex is incredible."

Kayla knew exactly how he felt. Watching Russ and Lila had her on fire, and Blake's hands and lips pushed Kayla past the point of no return. Her pussy was drenched, and she needed to be touched. She liked the idea

of Blake doing the touching. She twisted her head and kissed him. She fought her tongue into his mouth, funneling her passion into a desperate kiss. She had not kissed another man in so long, but now she kissed Blake without a second thought. He took it as a sign and slipped his hand inside her panties. He stroked her bare lips and pushed his fingers past them, penetrating her. Kayla cried into their kiss and closed her thighs around his hand, pinning it between her legs.

“Oh, god,” Kayla gasped, lulling her head back on Blake’s shoulder. She moved her ass on his crotch to match the rhythm of his fingers inside her.

“Fuck, you’re wet, Kay,” Blake whispered, kissing her neck.

Her only response was a moan. Blake worked his thumb into a position to rub her clit and she cried out. Kayla’s eyes flew open and she saw her husband staring right at her. Kayla didn’t know how to read his expression—it was a mix of shock and lust. But he couldn’t say anything. Lila was on her knees, pulling his pants down. Russ’s pants went to his ankles and Lila buried her face in his crotch. Kayla couldn’t believe the depraved scene. She was watching her husband getting his cock sucked, while another man played with her pussy. They were a normal couple from the suburbs. How did they end up here?

Russ grasped for a response to seeing Kayla being violated by Blake, but his thinking was admittedly cloudy because his cock was deep in Lila’s mouth. Russ was bigger than average, he liked to think, but Lila hardly struggled to deep throat his shaft. She sucked him, and his toes curled. She stroked his wet prick and went down to suck his balls. Kayla didn’t do that, but now he wanted her to. It felt incredible when Lila did it. She sucked his balls until he trembled, and then she returned his cock to her mouth, sucking him hard and fast. He held the back of her head, but only had eyes for his wife. Kayla looked so dirty spread on top of Blake. It was amazing, and wrong. And it was too much for Russ. He was embarrassed by how quickly he came in Lila’s mouth. She swallowed every drop like a pro. Lila looked up at him, licking her lips.

“That was a nice little treat, but I hope you’re not done for the night,” she cooed.

Lila turned on her knees and crawled over to Kayla, who watched her wide-eyed. Russ had a perfect view of Lila’s tight ass. He also had a perfect view when Lila pulled off Kayla’s panties and buried her face in the

blonde's pussy. Blake's arms were still around Kayla, his hands on her tits. Every time he thought they'd gone to a new limit, the next surreal thing happened. Having their friend blow him had been out there, way out there, but now he was watching another couple—their good friends—molesting his wife. Kayla turned her head and kissed Blake again. The intimacy of the kiss bothered Russ more than anything else, and yet seeing it made life pulse back into his cock.

“Oh god...oh god...Lilaaa...” Kayla cried, clutching at Lila's wig, pulling it askance.

Lila cast off her red wig and quickly fluffed her hair before going right back to licking Kayla. Kayla's whole body jerked and she clawed at Lila's short black hair. She was helpless under all that attention, and soon she was coming—coming harder than Russ had ever seen. He knew he should be jealous, but it was a remarkable sight. It was burned into his mind forever.

Kayla felt boneless as the orgasm ravaged through her body. Lila lifted her face from down below and was kissing her. Kayla tasted herself on her friend's lips. She also realized she tasted Russ's seed, and kissed Lila back harder. She was sandwiched between her friends, and it felt like the couple was touching her everywhere. Kayla was overwhelmed and didn't know where to turn. Her own hands felt like they were fumbling around, but her fingers found Lila's smooth mound and they sank into her friend's velvety wetness.

“Girl, that feels fucking good,” Lila moaned, keeping her lips pressed to Kayla's.

Kayla kept trying to kiss Lila.

“I hope you don't mind that I sucked Russ, but I couldn't help myself,” Lila cooed.

Kayla shook her head, unable to find words.

“I know you feel Blake's cock against you. I bet he'd love to be in your mouth. Do you want to suck him, girl?”

Kayla nodded. She didn't care how wrong it was. She did want to suck Blake. She wanted so much more than that. She allowed the couple to move her like a rag doll. Blake moved to one side of the loveseat, and Kayla knelt beside him. She watched Lila take Blake's cock out. She didn't dare look over at her husband. Kayla didn't want Russ to see how badly she wanted Blake. If Russ looked angry, she knew she'd have to stop, and she

didn't want the night to end. Once Lila had Blake's cock out, Kayla dove forward.

It was hard to watch. Kayla went for Blake's cock like she was dying for it. Russ couldn't remember the last time she went for his cock like that. Kayla sucked him hungrily, and Lila stood beside her, playing with Kayla's hanging tits and rubbing her cunt. It wasn't just hard to watch because he was jealous—Russ did feel left out—but more so because he loved what he was seeing. The other couple had reduced his wife to a dirty little slut, and Russ loved seeing it. He loved seeing his sweet wife surrender completely to her lusts.

Russ crossed the room. He wasn't going to just sit back and watch. He got close, and saw Blake's cock slipping in and out of Kayla's mouth. He heard her slurping as she swallowed it. Lila put a hand on his back and kissed his neck.

"It's so hot to watch, isn't it? It takes some getting used to, I know, but once you're there you just want more," Lila cooed.

"I don't know what to think," Russ confessed.

"Then don't think, baby just feel."

They kissed, and Lila filled his arms, but Russ wasn't ready to give her all his attention. Maybe he would later, but he still wanted to experience all of this with Kayla. He wanted his wife to know he was there with her. But Lila wouldn't be shoved aside. She stroked his cock, bringing it back to life.

"You're going to fuck me tonight, Russ. I'm not taking no for answer."

Russ smirked. "Who said I'd tell you no? I'm going to fuck you like mad."

"Mmm, that's what I want to hear, babe. Bend me over and fuck me."

Lila pulled him away from Blake and Kayla. Russ wondered if she was giving her husband room to work on Kayla. Did it matter? He knew now that Blake was going to fuck his wife, and he was okay with that. He had to let his wife go free and explore what she wanted.

Russ practically growled as he turned Lila and tossed her onto the other couch. He threw his clothes off and pounced on top of her. She reached for his prick and she fit it inside her. Russ paused for just a second, giving a moment of respect to breaking his marriage vows, and then he

rammed his cock into the lithe brunette. She howled and wrapped her legs around him. She clawed his shoulders and begged him to fuck her. He felt crazed. Russ had become a rutting animal, and he threw himself into Lila. They kissed. They cried out. Their bodies locked together. Russ felt that Lila wanted him as badly as he wanted her, and he glowed with pride. His cock felt like a weapon, and he used it to punish her.

“Look at them! They’re doing it, Kay. Russ is fucking Lila,” Blake breathed, his fingers twinned in Kayla’s blonde hair.

Kayla was torn. She wanted to keep sucking Blake, but she wanted to see what he described. She loved the way he filled her mouth. She couldn’t deep throat him the way Lila sucked Russ, but she had plenty of tricks of her own, and she loved the way he shivered when she worked her tongue on the underside of his shaft. She shifted, and found she could keep Blake in her mouth and look across the small room.

Blake told the truth. Russ and Lila were on the other couch, and he pounded at her. Kayla felt a primal surge of jealousy. She wanted to take back her man, but then she remembered she had a cock of her own to play with. She didn’t want Blake to come in her mouth. She wanted to fuck him. Kayla lifted her mouth from him, leaving strings of saliva back to his head. She wiped her lips on the back of her hand and looked up at Blake.

“Are we going to let them have all the fun?” she asked.

“Do what you want with me,” Blake said, grinning.

Kayla crawled onto the floor, ignoring how the rough industrial carpet felt on her knees. She wiggled her butt at Blake. He didn’t disappoint. She jolted forward when he rammed his cock home. He roughly gripped her round hips and pulled her back into him when he thrust forward, making their bodies violently crash together. He took her with quick, hard thrusts—with a beat in between—making sure Kayla really felt his thick cock filling her. Their flesh audibly slapped together, and Kayla cried out with every thrust.

Russ felt his focus pulled away when he heard his wife fucking his friend. As badly as he wanted Lila, there was no way to ignore Kayla getting fucked just a couple feet away from him. He and Lila were kissing as they screwed, and he tried to dart his eyes over without offending her.

“It’s okay, baby. It’s hot to watch. I don’t mind. Here, let’s make it easier,” Lila moaned.

Lila pushed him up, so he was sitting on the couch again. She straddled his lap, facing away, like she had during his first lap dance, but this time she reached back and slipped his cock inside her. Lila leaned back so she could whisper in his ear, while working her hips and churn away on his prick. She took his hands and put them on her tits.

“It’s okay to admit you like watching her get fucked. I know it’s weird, and it might feel a little funny, but if it makes you hot, it makes you hot. No harm in that,” Lila whispered in his ear.

Russ grunted in response, lifting off the couch to thrust up into her.

“I think it’s fucking hot. We’ve never done this, believe it or not. We’ve talked about it, even talked about you guys in theory, but we never did it. I’m glad it’s so hot, and I’m glad we did it with you guys. Kayla looks so goddam sexy on her hands and knees like that, doesn’t she? God, I wish I had her tits.”

Russ gasped her name.

“Look at Kayla. She loves it, doesn’t she? Are you guys swingers? She definitely loves getting fucked, but with a cock like yours at home, I’m not surprised. She’s a lucky girl.”

“Ohhh...ohhh...Oh!” Kayla cried.

“Blake’s gonna make her come, baby. Trust me, he knows how to work a pussy. And Kayla’s right on the edge,” Lila teased.

“Fuck,” Russ groaned, drawing the word out.

Everything Lila said was true. It was weird, but seeing his wife fucked by another man was the hottest thing he’d ever seen. Getting to see Kayla’s face twisted in ecstasy from across the room was a thrill like he never expected, and getting to watch it while Lila worked her tight little cunt on his cock was like a dream. He was glad he blew his load in Lila’s mouth already, or he would have been embarrassingly quick.

“You gonna make me come, baby? Make me come like Blake’s making Kayla come. Fuck me hard, Russ. Fuck me!” Lila taunted.

Lila leaned forward, resting her hands on his knees, and Russ held her narrow waist. She pumped her pussy up and down on him, but he got to the edge of the couch and slammed up into her. He put a hand on her shoulder and pulled her back into him. Lila yelped and begged him to fuck her. Russ was going as hard as he could. He watched Kayla on the floor, her face buried in her arms and her butt sticking in the air while Blake rammed

her. Russ noticed Blake was watching them. The men's eyes met, just for a second, and they nodded to each other.

"Oh fuck! Oh fuck! Russ!" Lila cried. She completely lost the rhythm as her orgasm crashed through her. Russ took charge and brought it home.

Kayla looked up and saw Lila riding Russ. It was all she needed. She cried out wordlessly and her cunt locked around Blake's pistoning cock as she came. He was only two seconds behind her, and she felt him swell and then bury his cock deep, where he unloaded his seed. It struck Kayla in that moment that none of them were practicing safe sex. It was a good thing they were such close friends. Kayla collapsed and enjoyed the feeling of another man coming inside her for the first time in ages.

Watching his wife come was the final straw for Russ. He pushed forward and shot his load all over Lila's sweet ass, and up her back. He knew Blake came inside his wife, but Russ didn't want to presume. Russ sighed and dropped his hands to the couch as he tried to stop thinking and just enjoy the bliss.

Lila slid from Russ's lap and crawled to Kayla, turning her over. She crawled on top of Kayla and started licking her pussy. Russ thought his head was going to explode. Kyla cried out and squirmed under her friend, holding her thighs. After all that had happened, Russ wasn't surprised at all when Kayla lifted her face and kissed Lila's cunt. His cock tried to twitch back to life, but he was spent.

Kayla ran on pure instinct. Her clit was so sensitive from Blake's pounding that she had a mini-orgasm when Lila licked it. Kayla started thinking she'd never stop climaxing. Lila's smooth, red pussy was right in her face, swollen from Russ fucking her, and Kayla just went for it. She had no experience, she'd never even fantasized about other women, but she wanted it in that moment. She did what she liked. She danced her tongue over Lila's lips then attacked her clit. Lila moaned into her pussy, and it felt great. But it was too distracting to lick Lila while Lila licked her. Kayla came quickly, throwing her head back and moaning. Lila rolled off her and spun around, kissing her. Kayla returned that kiss fiercely.

"You're incredible," Kayla moaned, between kisses.

"You're a hot momma," Lila replied.

"But I didn't get you off."

"It's okay. There's always next time."

“Promise?” Kayla giggled.

The couples separated then, Kayla going to Russ on one couch, Lila returning to Blake. They had a few more minutes in the room. Blake and Lila made out like teenagers, while Russ and Kayla cuddled and reconnected.

“Are you okay? Was this okay?” Russ asked, keeping his voice low, so the other couple wouldn’t hear.

“Yeah, of course. Tonight’s been so much fun. Did you have fun?”

Russ chuckled. “That’s one word for it. But we never talked about doing anything like this. I didn’t know you wanted anything like this.”

Kayla looked down. “I didn’t either. I mean, if you’d suggested we do it, I’d have laughed at you, but it all just sort of happened. It felt natural, I guess.”

Russ wasn’t sure if *natural* was a word he would have used. It did all just seem to flow, he had to concede. Now that he had time to be rational, his feelings conflicted.

“Are you okay with this? Are you angry with me?” Kayla asked. She sensed her husband wasn’t as jubilant as she was.

“No, not angry at all. No reason to be angry. You were awesome, hon. I love you.”

“I love you.” Kayla hugged him tight. “I love you so much.”

Time was running short, so they had to clean up as best they could, using the towels on the shelf, and get dressed. Lila insisted on helping Kayla dress. Russ loved watching that. The couples were only dressed for a couple minutes when the bouncer rapped on the door to tell them their time was up.

They returned to the main floor of the club, where Lila had to get ready for her next turn on the stage. She urged them to stick around, but Russ insisted they should go. He said it was getting late, but really, he had a lot to process. Kayla promised she’d call Lila the next day. Kayla was disappointed they were leaving, but she sensed Russ really wanted to leave.

The couple took the backseat, while Blake piloted the SUV back to their neighborhood. They took a couple stabs at small talk, but they mostly listened to music. Kayla playfully snuggled with Russ, who couldn’t help but respond. He felt his cock growing hard again and considered fucking Kayla right there in the backseat, even with Blake watching.

Blake invited them in for a nightcap. Russ watched Kayla carefully, and she seemed ready to go. He wondered where that might lead, and was tempted to find out, but he wanted them to have a long talk before anything else occurred.

“We should really hit the road,” Russ said.

“Yeah, it is super late. We’re not out this late anymore,” Kayla agreed.

“We’ll see you guys again soon, right? I really hope it’s not too weird between us after this,” Blake said.

Russ shook Blake’s hand. “Really, we’re good. I just think Kayla and I need some time with each other right now.”

“I get it, man. I’m jealous. I wish Lila was here right now, too.”

“Aww, she’ll be home soon,” Kayla said.

“Yeah, just feels like it’s going to be forever,” Blake said.

“Poor baby,” Kayla said.

Kayla hugged Blake tightly, and what was meant to be a peck on the lips turned into a full-blown kiss. She started tingling anew as his arms wrapped around her and he cupped her ass. Kayla pressed into him, moaning softly. She didn’t know what had gotten into her. She’d become a shameless hussy.

Russ watched Kayla in disbelief. Had she become another woman? Kayla made out with Blake in the driveway where anyone might see. He wanted to pull her away, but he also wanted to hang back and watch. He was relieved when Kayla pulled away from Blake.

“We’ll see you guys soon, okay?” she said, breathless.

“Count on it,” Blake said.

Russ watched them together and had no doubt Blake wanted to fuck his wife again. It was clear Kayla wanted it too. It was hard to blame them when Russ would love another chance with Lila.

They didn’t talk on the short right back to their house. Their daughter was with Kayla’s mother, so they had the house to themselves. They made it as far as the living room couch. She sat on the back, with her legs wrapped around Russ, while they fumbled with each other’s clothes. They had so much to talk about, but that would have to wait a little longer. They needed each other. They needed to connect. Once his pants hit the floor, Russ pulled Kayla off the couch, spun her around, and bent her over

it. Her well-fucked pussy took him right in, and he couldn't help thinking that another man had just fucked his wife.

"Christ, I feel it. I feel you were just fucked," he groaned.

His words shocked Kayla. They didn't usually talk dirty like that. It was exciting.

"Did you like watching me?" she moaned.

"Fuck, Kay...it was so wrong..."

"You liked it..."

"Kay..."

"I loved seeing you and Lila. It made me so wet, babe."

"Fuck, Kay..."

Hearing his wife talk like that made him throb inside her.

"I love how you made her come, babe. My man is so hot."

"Kay..."

"You loved fucking her, didn't you?"

"Yeah..."

"Loved her mouth on your dick..."

"Christ..."

"I loved sucking Blake. God, it was hot knowing you were watching me, babe."

"Fuck, Kay! Fuck!"

"Yeah...that's it, babe...you like that. I can feel it! You liked seeing me on my hands and knees with him..."

"Yes! Yes! It was fucking hot!"

"Yeah, it was! Fuck me, babe. *Please!*"

Russ was giving all he had left. It was enough. Kayla squealed and came beneath him. Russ came a few seconds later, not that he had much left. He hadn't gone three times in one night since college. He fell onto her and hugged her tightly from behind.

"I love you, babe. I love you so much."

"I love you, Kayla."

"Nothing that happened tonight changes that. You know that, right?"

They stood, facing each other.

"I know that," Russ replied. "It just feels weird. I don't know how to feel about all this. But I'm not mad at you, or Blake and Lila. It's just a lot to take in."

"I know. And we'll have to talk about it. But I really am exhausted."

“You’re really completely okay with all of this, aren’t you?” he asked.

“I guess so. I mean, I have a lot to figure out, too. It’s as weird to me as it is to you, but I guess I’m not torn up about it. I love you. I love our friends. We all had fun together, and if we all liked it, is that a bad thing? I trust you. It’s not like I’m afraid you and Lila are going to suddenly run off together. But I do need to figure out what all this says about me. Was this always in me and I didn’t know it?”

“Yeah, there’s all that. You’re right about all of it too,” Russ agreed.

“But that’s all for tomorrow, because it really is late. I’m grabbing a shower and jumping in bed.”

Russ watched his wife go up the stairs and tried to see some change in her, because the night’s events had surely changed Kayla. He wished he was as clear as her, but he couldn’t help his conflicted feelings. He’d figure it out, but where would that leave them? He was sure of one thing. Kayla wanted more, and if he said yes, this wouldn’t be their last night like this. And if he said no, what would that mean? Did he want to know?

about the author

Kirsten McCurran is the nom de plume of an average thirtysomething woman with a dirty mind and the drive to share her vivid fantasies. She is especially interested in tales of women like her, who are tempted by the forbidden and give in—only to discover the complications that can cause. Like many of her characters, Kirsten lives in the ‘burbs and has a loving husband and a couple of children, so she understands how difficult it might be for one of her characters to balance a real life with her erotic adventures. Her neighbors may be scandalized to discover what is going on in her head, but Kirsten’s husband fully approves, and even lends a hand in the creative process where he can.

Kirsten has written over 30 ebooks, all of which can be found on Amazon. Some are available in other formats on BN.com and Smashwords.
