CHAPTER ONE

“WHAT IS THIS?” Kris asked, holding up a square black box with interlocked gender symbols and the title *Sexy Tumbles*.

“Oh wow. That’s a game. I forgot we even had that thing,” Lisa replied.

“I can see it’s a game. It looks like a dirty version of *Jenga*.” Kris turned it back to herself and read from the box. “It says it’s a *Fun, Seductive Couples Game*. Should Dave and I be insulted that we’ve never been invited to your fun, seductive couples’ game nights?”

Lisa laughed. “That was a gag gift at my bachelorette party. They said it was for if we got bored around the seven-year-itch.”

“That’s fun?” Kris laughed too. “The shrink wrap is off. Did you ever play this thing? The box says it’s a couples’ game, as in more than one couple. Are you and Emilio secretly swingers?”

“You caught us. We have monthly key parties. Sorry, we haven’t invited you guys. We didn’t think you and Dave were swingers, too, but if you’re interested, we always have room for another couple.”

Kris turned serious. “Are you saying you want to fuck my husband?”

Lisa was frozen for a moment like she thought her best friend was serious. But Kris’s stern countenance was already cracking, the corners of her lips curving up into a smile. Her poker face was terrible. Kris was too sweet and straightforward to be a convincing liar.

“Dave is pretty cuddly, like a big teddy bear. And you seem pretty satisfied, so why not?” Lisa replied, straight-faced.

“I have no complaints, but I guess if you’re letting Emilio out to play, I wouldn’t mind a tumble with him too. He’s in great shape.”

“You just need to make sure you pull the right set of keys from the bowl.”

Both women burst out laughing. Kris knew the idea that their best friends were swingers was ridiculous. The couples had known each other for over a dozen years, since the Santos family had moved in across the street from the Reillys. They’d been close since day one. Their children were close as cousins. The two families even vacationed together. It was absurd that Lisa and Emilio could be swingers without Kris and Dave knowing. Kris found it absurd that her friends could be swingers at all, but it was fun teasing Lisa.

“Can you give me a hint which keys are Emilio’s? I don’t want to sleep with just anyone. I only want it to be Emilio because we’re so close.”

“Look for the RAM keys. You know Emilio’s truck.”

The women laughed again and that should have been the end of it, but Kris still had a nagging question. “You didn’t really say? Did you ever play *Sexy Tumbles*? I mean, you probably just opened it because you were curious, right? I would.”

Lisa’s eyes darted around the garage. They were in there going through old boxes for an upcoming community yard sale. It was a warm late-summer day and Kris had stripped out of her sweatshirt, down to a tank top, when the garage started becoming stuffy. Kris saw her friend running through options in her head, and suddenly she was sure Lisa and Emilio had played this sex game. Lisa looked like she was trying to make up a convincing lie.

“We did play it. Once,” Lisa admitted, almost in a whisper.

Kris’s blue eyes widened behind her glasses. She was shocked but didn’t judge her friend. She was fascinated. Lisa was uncomfortable with her admission, but Kris couldn’t help herself. She had to know more. “Come on, Lis. You have to dish. You can’t just leave that there. How? With who? What happened?”

“It was a long time ago and we were drinking. The details are kind of fuzzy if you know what I mean. We were so young. It was just a couple of years after we got married and still in that little first apartment we had. Emilio was friends with this guy from work and we hung out with him and his girlfriend. I think her name was Candice or Janice. Something like that. We used to get together on Saturday nights, and one night Candice, or

Janice, whatever—she noticed the game on our bookshelf and pulled it out.”

“You just had it out on the bookshelf?” If Kris had an artifact like that it would be well-hidden. Her “personal massager” was kept buried deep at the back of her sweater drawer. It would have been much more convenient to keep it in the nightstand drawer, but what if one of the kids went nosing around in her things?

“We thought it was funny, and if anyone noticed the box up there, it would be a good conversation piece,” Lisa said, shrugging like it was no big deal. Kris wondered if she was too uptight.

“This Candice takes it down and you just start playing? I guess you guys were very close.”

“Haha. So close I can’t remember her name. The guy’s name was Mike. We didn’t just start playing. The girl, okay she’s Candice now, opened the box and started reading off the cards. As I said, it’s all kind of fuzzy, but someone threw out there that we should play it. We all looked at each other and said, okay. There are different cards for different heat levels. I’m pretty sure we played with the mild cards.”

“That’s still wild, Lis. How tame are they?”

Kris put the game on a stack of plastic storage containers labeled *Christmas Stuff* and opened it. The rectangular wooden blocks were neatly arranged in a cutout in the middle of the box. Each block had a number printed on it. There was an hourglass timer, dice, a sheet of rules, and three double-sided cards with number instructions. The cards were labeled *Teases*, *Foreplay*, and *Hardcore*.

“You guys did Teases?” Kris asked, examining the card.

“Yeah,” Lisa replied, eyes darting evasively.

“These aren’t, like, sex, but they aren’t something married people usually do with people they aren’t married to.” Kris read from the numbered actions on the card. “*Distract your partner with gentle intimate touches while they draw their next brick.*” Another instruction, “*Take one or two of your partner’s fingers and sensually lick and suck them. Wow. Make out, focus on her breasts (over clothes). Give a lap dance.* Did you stick with Emilio, or did you swap partners for the game? If you’re just doing it with your spouse, it might be fun to do this stuff. Crazy to do it in front of other people, but fun. Kinda hot.”

“There’s, uh, dice in the box. If more than two people are playing and you don’t want to stick with your partner, you can roll the dice to see who you’re doing it with.”

“You guys did that? Wow!”

“You’re making it sound like we’re wild swingers. It was just the one time, and I swear, we didn’t go near the Hardcore card.”

“But you did the Foreplay one? Let’s see.” Kris dug the Foreplay card out of the box. She blushed as she read some of the actions on the card. “*Lower your partner’s pants, kiss and lick their inner thigh.*” She squealed. “*She sucks and licks his cock,*” Kris’s voice dropped to a titillated whisper when she said the dirty word, “*until it’s wet all over for 15 seconds.* These are the tame ones? Oh my god! I can’t believe you guys did this!”

“Can you hush, Kris? Are you trying to tell the whole neighborhood?”

Lisa was as flushed as her blonde friend, although it didn’t show as obviously on her olive, full-blooded Italian complexion. Kris was WASPy in every way, blonde hair, blue eyes, pale, freckled cheeks.

“I’m sorry. I’m just—wow—I didn’t even know games like this existed, let alone that anyone I know would actually play one. I swear I’m not judging. I’m impressed.”

Kris kept reading from the cards, but not aloud. *Distract your partner with your mouth while they draw their next brick. Give your partner the biggest hickey. Hold your partner’s head with both hands, gently guide their mouth anywhere you want it...* Kris couldn’t believe Lisa and Emilio had done these things with another couple. Rather than being scandalized, she realized she was jealous. Kris didn’t know if she could ever be bold enough to play a game like that with anyone but her husband, but she *wanted* to be a woman who would. There had always been a part of her with dark fantasies that wanted to break out and take sexy risks. But that had always seemed an impossibility. Good girls didn’t behave that way. Married people didn’t do those things. Part of Kris wished they did. It had nothing to do with her love for Dave. She loved her husband as much as ever, but they had been together for over twenty years and things could be spicier. Kris had fantasies.

Lisa stared at her while she poured over the cards and Kris couldn’t help feeling that Lisa was judging her now. Was it that she thought Kris was naïve? Or uptight? Kris looked up from the cards and seeing her friend triggered a sudden vision: her and Dave playing the game with Lisa and

Emilio. It struck Kris like a bolt from the blue, energizing her and giving her a tremble. Lisa smiled as she looked at her like she knew what Kris was thinking.

“You seem a little too excited you found this game,” Lisa teased.

Kris guiltily dropped the cards into the box. “What do you mean?”

“If I didn’t know you better, I’d swear you want to play that game.”

“Now you’re being crazy,” Kris protested.

“You can borrow it if you want, take it for a test drive with Dave. All you have to do is promise you’ll report back to me.”

“You’d love that.”

Lisa laughed. “I think you’d love it more.”

“Stop it. You’re enjoying teasing me too much.”

“Like you weren’t doing that to me a minute ago. Seriously, you can borrow it, Kris.”

“It’s okay. I don’t need to.” Kris sealed up the box, hoping to convince Lisa she wasn’t at all interested in the sexy game. It was all she could think about. The early afternoon sun was still high, casting bright light into the mouth of the garage, but Kris wished she had a glass of wine. She was glad she was in the shadowed section of the garage, making her face harder to read.

“Not as much fun if it’s just you two?”

“I didn’t say that.”

“I can always ask Emilio if he’d want to play with you guys. I bet he’d be game. He loved it the first time we played.”

“Really? Did you like it? Wasn’t it hard seeing Emilio doing stuff with that other woman? He didn’t mind seeing you with...”

“Mike. His friend was Mike. We were drunk, we were young, we all liked each other. I don’t know if we ever would have planned to do something like that, but in the spur of the moment, it seemed like a good idea. We were at a different point in our lives then.”

“But you’d ask Emilio if he wants to play now?”

Lisa laughed. “I was kidding. Are you serious? Do you want to play that with us?”

“No, of course not. You know that’s not me. I sing in my church choir,” Kris stammered.

“We wouldn’t be doing it on a Sunday morning, probably a Saturday night. You could still make church. Your confession would be very

interesting.” Lisa laughed. “I really was kidding, but if you wanted to, we could try the Teases card. I think Emilio really would be up for it.”

Kris realized her friend was serious now and felt trapped. What had she gotten into? She should have thrown back a quip and gotten out of it. That would be easy enough. Kris the good girl would never play a game like *Sexy Tumblers*, but she was frozen. Every fiber of her knew she should dismiss the conversation and move on, but...

“Would you be up for it?” Kris asked, voice low, but steadily holding Lisa’s dark eyes, because if she looked away her nerve would drain away like a tub with its plug pulled.

“I mean, I think it could be fun if you don’t think the four of us doing something like that would be too crazy. We love you guys, you know that. We trust you. I know you’re not going to try to steal Emilio. I hope you know I wouldn’t steal Dave from you. It would just be fun. Okay, really, really weird fun, but we’re all adults. I don’t know, if you want to...”

“We couldn’t, could we? Lisa? People don’t really do this stuff, do they?”

“Some people do. There’s no reason we couldn’t be those people. But only if you want to, Kris. Only if you’re sure.”

“I guess you’re right, there’s no reason we can’t, not if we want to.”

Kris shut up because she was on the verge of saying yes. It was probably reckless and ill-considered, but Kris wanted to say yes. It would be the sexiest, most dangerous thing she’d done in her forty-six years. That was far too long to wait to do something so uninhibited. Lisa and Emilio had done it right. They had their wild phase in their twenties—although it seemed they were willing to slip back into it. Kris desperately wanted to say yes, but a life of following the rules and behaving held her back. *It’s not just my decision anyway*, she reasoned. Kris had no idea what Dave would say if she brought this up. He would probably think she wanted to cheat with Emilio and throw her out. But what if he was into it...

“I need to talk to Dave,” Kris blurted, like she had to force herself to speak.

“Take the game home. Show it to him. Let us know. I’ll talk to Emilio.”

“He’d better not say anything to Dave before I do.”

“Of course not, Kris.” Lisa came over and squeezed Kris’s arm. The blonde jumped at the touch. Every word and gesture seemed fraught now.

“I know. I’m sorry. I just feel like I’ve stepped through the looking glass here,” Kris said, hugging her friend tightly.

“I thought *Alice in Wonderland* was your favorite book,” Lisa said.

“Might be *A Game of Thrones* now, but I don’t think I’d want to live out either one.”

“We can forget all about this, hon.”

Kris smiled behind Lisa’s back. She did trust her best friend. Lisa and Emilio were the only people she’d consider playing the game with. “Let me talk to Dave,” she said.

CHAPTER TWO

KRIS HAD BEEN ACTING ODDLY EVER since she came home from the Santos'. Dave knew his wife well after twenty years of marriage. She was smart, focused, and organized. The woman who came home from the neighbors' house was distracted, all over the place. She asked if he'd seen her phone when it was on the counter right next to her, where she'd placed it a minute earlier. Dave asked if anything was wrong, but Kris just waved him off and said she was tired from organizing the yard sale. Kris had been gone a long time, but Dave knew when she and Lisa got together, they spent as much time gossiping and laughing—drinking wine if it was late enough—as they did doing the task of the day. He shrugged it off. If anything were truly on her mind, Kris would tell him in her own time. She was big on communication. Dave was never allowed to bottle up his emotions. He knew her way was healthier, but it didn't come naturally to him as a guy.

Dave was on their back deck when Kris finally came to him. They had the house to themselves. Their sons were out for the night with friends and their daughter was at movie night with the church youth group. Dave was setting a couple of bets in a sports wagering app before Sunday's games and enjoying a chocolate porter craft beer. The orangey sun was setting behind the tall trees at the back of their yard. They'd paid more for a larger lot when they bought the house new. Their yard backed up onto a small, wooded area with a tiny creek that separated them from the next block over. With the privacy fences on either side, it gave them a sense of quiet and isolation that was hard to find in the suburbs. Kris came out and slid an arm

around his shoulder and kissed him before dropping into the lounge beside him. It looked like she had a game box in her hands.

“I made an interesting discovery at Lisa and Emilio’s when we were cleaning out the garage today,” Kris said, leadingly.

“Oh yeah?” Dave loved his wife, but he wasn’t big on gossip and knew he wasn’t going to find her big revelation nearly as interesting as she did.

“I found this.”

Kris held up the box and Dave leaned over, squinting to read the print on the front. Mostly, he saw a picture of *Jenga* blocks on the cover. *Sexy Tumbles* was a weird name, but he shrugged it off. The subtitle piqued his interest. *A Fun, Seductive Couples Game*.

“Is that one of those cheesy couple’s games to get people to connect? Are you saying you want to play it?”

“I’m saying they played it. And I don’t think it’s that cheesy. If you look at it, it’s kind of sexy.”

“Do you think we need a game to spice things up, Kris? I think we’re good. I don’t need a game to tell me to sit and gaze into your eyes, or prove I know your favorite color.”

Kris cocked her head suspiciously. “Do you know my favorite color?”

“Purple?”

“Not even close.” She laughed. “This game isn’t what you think it is. It’s a sex game.”

“Now you have my attention, but I still don’t think I need instructions to seduce you.”

Kris smiled confidently. It was unsettling. She looked like she thought she was about to drop a bomb, but he wasn’t sure that what he and his sweet, church-going wife thought was outrageous was the same. “They played it with another couple,” she proudly announced.

“That’s one of those party sex games?”

Dave was more interested now but doubted he’d find the game as titillating as his wife. Sure, those games had stuff like stripping or giving a lap dance or orders to do a body shot, but they were still on the tame side. He didn’t have any real experience with those games, but the ones he’d seen online or at Spencer’s Gifts were funnier rather than sexy. They were glorified drinking games with a racy element. But he kept an open mind. If Kris wanted to play, and she had to do a striptease for him, he was in.

“It is, and it’s a lot racier than you think. You have to do things like make out and let someone strip you...” Kris caught on that he didn’t share her excitement. She opened the box and pulled out a black card. She read from it. “*You must give your partner oral sex while they draw their next three pieces. She lies face down with a pillow under her hips. He inserts a—oh my god—vibrator. She closes her legs to keep it there while he massages her butt as long as she can keep it there. Minus one point if she comes. Oh my god!*”

Kris was as red as he’d ever seen her. She obviously hadn’t read all of these cards before, but she was right. This was no silly drinking/sexy party game. Dave’s mind was blown. “You’re saying they played this game with other people? Like, they did these things in front of other people.”

“And *with other people*,” she said, leaning forward and lowering her voice like there was someone there to overhear.

“Emilio and Lisa are swingers?” Dave was incredulous. He knew Emilio was a fun, loose guy, but not *that* loose.

“No, they did this once, years ago. It’s not a thing they do. This was packed away in an old box. I bet it’s been sitting there since they moved into the house. But they did play it.”

“I’ll be damned. Never would have guessed. Good for them.”

“Right? I think it’s pretty cool. Don’t you?” Kris said.

Dave thought a lot of things, not all of which he could share with his wife. He’d always found Lisa spicy, like she was capable of really cutting loose in the right circumstance. She loved a good dirty joke and occasionally took tipsy, flirty talk right up to the edge. It always made Kris turn bright red when she did it, and Lisa clearly enjoyed making her blush. He certainly found their neighbor hot, a fact he would never share with either his wife or his best friend. He liked sneaking peeks at Lisa when she was wearing a tight pair of shorts and a lowcut top and thought he was subtle about it.

Lisa and Kris were like polar opposites, but he found both women sexy as hell. Kris was a petite blonde, just a couple inches over five feet, and still fit. Motherhood had rounded out her ass, and maybe Kris didn’t have the drum-tight tummy of her youth, but Dave loved her middle-aged body. Lisa was taller, probably six inches taller, and as a big man, Dave appreciated that. She also had curves to kill for. Kris kept it tight, but Lisa had the kind of softer, rounder body that made men sit up and take notice. He’d heard

Lisa gripe that she wished she could lose a few pounds, but Dave thought she was smoking hot just the way she was. Emilio was a lucky man. Lisa's jet-black curls fell halfway down her back and seeing her toss her hair was quite a show. He was a guy, so of course, he'd imagined what Lisa might be like in the sack. Apparently, she was pretty wild.

"Yeah, cool's a word for it. I can't believe she told you they did that," he said.

"We're best friends, Dave. The box came out and I'd have known if she was lying to me."

"I wish we'd known them back then," Dave said without thinking, adding a chuckle.

"Really?" Kris's eyebrows were raised.

"Well, you know what I mean, theoretically. Like, it's hot to think about, because it's so wild, not that I wish they'd invited us over to do it. I'm not saying I'd want to... I know you'd never want to..." Dave knew he was babbling. He wasn't truly afraid of offending his wife, but he didn't want her to get the false impression he wanted to fuck her best friend. Okay, it wouldn't be *false*, but it wasn't something he'd ever do. Dave wasn't that kind of scumbag. He wouldn't do that to either Kris or Emilio. His lustful thoughts for Lisa were just silly fantasies.

"So, if they invited us over to play *Sexy Tumbles*, you wouldn't want to go and check this out?"

Dave sensed a trap. "No way. We're not those people. I love you, Kris. I don't need another woman."

"I don't think it's about needing anything, Dave. It would just be about having fun and being open. I don't know. I think it could be awesome."

"Kris, are you saying..."

"I'm not saying anything. I'm just trying to keep an open mind."

"About playing a sex game with our best friends?" Dave carefully replied.

"It sounds dirty and creepy when you put it that way."

Dave stared at his wife. Had a box fallen on her head at the Santos'? Something must have happened because this was not the Kris who went across the street that morning. It was not the Kris he'd been with since college. That Kris thought giving him a blow job in a parking lot was the height of dirty and sucked him so hard that it hurt because she wanted to make it quick. Dave never came that night because Kris kept pulling up to

look around and make sure no one was watching them. But she did like the thrill. Kris couldn't jump on him fast enough when they made it home that night, soaked with excitement that she'd done something so wild. Sometimes he whispered fantasies to her in bed, mostly about fucking in public and getting caught. They always made Kris come very hard. Maybe there was something to this for her. Maybe deep down—*very* deep down—Kris had a wildcat inside who wanted to come out and play.

"You're open to this?" he asked, realizing Kris was seriously considering playing the game with their neighbors. Had Lisa asked if they would play?

"What do you think?" Kris dodged.

He liked a lot of it. He loved the idea of Kris letting loose, and the opportunity to have a sanctioned hook-up with Lisa was too good to be true. The flip side of that was concerning. Dave hooking up with Lisa meant Emilio would get Kris. Emilio was his bro, Dave would trust him with his wife, but that didn't mean he could handle seeing Kris with another man—even one he trusted like a brother. Dave wasn't a jealous man, but it was a huge leap from not being jealous to seeing your wife with another man and being okay with it. Emilio was a good-looking man. The guy was ripped in a way Dave had never been. Emilio wasn't tall—Dave had that on him—but Dave had gradually put on an extra twenty pounds over the course of his marriage. If Kris got her hands on a guy like Emilio, would she want to come back? What if Emilio made Kris scream in a way he never had? He didn't know if there was actual sex in the game, but even seeing Kris and Emilio making out could be hard to swallow. Making out with Lisa while they did it could soften the blow, he thought. Dave's head spun. He was hard. His big head said this was a terrible idea, but his little—not *so* little one, Dave believed—wanted to call the neighbors over that night.

"I think if it's something everyone else wanted, I could give it a try," he said diplomatically.

"Would it really be such a hardship to be with Lisa? I've seen the way you look at her when you think no one's paying attention."

"Kris, come on, that's ridiculous..."

"Don't worry. I'm not offended. Lisa has great tits. I wish I had those tits. I look at them too sometimes."

"Your tits are perfect, Kris. Okay, so Lisa is sexy. Do you think Emilio is hot?"

Kris's smile was genuine, and Dave felt foolish for never considering his wife might think of his friend the way he thought of Lisa. Dave felt a prick of jealousy. Had Kris fantasized about Emilio? Did she have an inner fantasy life he knew nothing about? Dave felt his cock surge. Learning Kris might have hidden depths at this stage of their marriage was exciting. Dave thought they could have a lot of fun with this, even if they never actually did anything.

"He's not hard on the eyes. The guy's at the gym like four days a week," Kris enthused.

"Hey, I'm not that bad. I keep meaning to get to the gym. I play golf."

"You're my teddy bear, babe. You can't be offended that I've noticed Emilio's tight butt if you've been staring at Lisa's tits."

"Fair point. Are we really considering doing this? Are they interested?"

"I think so. Maybe? Lisa and I talked about it. I told her we'd talk about it. I think we need to think about it and be sure. This isn't something we should just do because it sounds fun. We need to think this through, Dave."

"You're right. That's what I love about you, Kris. You're always so well-considered. That's why you keep this family running so smoothly."

"Should I make a pro-con list?" They both laughed. She laid the box aside but kept one of the cards out. "I think we should give this thing a spin while we're thinking about it. We want to make an informed decision."

"You want to go upstairs?" Dave eagerly asked.

"We don't need to set up the blocks. We could just go down the card right here," Kris suggested, grinning.

"You're dirty, Mrs. Reilly. And I like it."

Kris dropped her ass in his lap and slipped her tongue into his mouth. Dave loved this game already.

CHAPTER THREE

KRIS WAS a wreck once they agreed to play the game. She didn't regret the decision. At least, she kept telling herself she didn't. Kris was on pins and needles for the entire couple of weeks leading up to their planned game night. Work was torture. She worked as a nutritionist at a hospital, and she could hold it together long enough to go over meal plans with clients, but when she had a moment to herself, she stared at her laptop screen, the words blurring before her eyes as she fantasized about what the night would be like. She tried to picture Dave with Lisa and just couldn't do it. It was shamefully easy to see herself kissing Emilio. Kris felt like she was back in high school, sitting at her desk and zoning out while she imagined making out with the cute boy who sat in front of her. She'd snap out of it when her phone rang, or someone came into her office and she hoped the visitor didn't notice her flushed cheeks.

Dave seemed very cool about the whole thing, which made Kris both jealous and paranoid. She wished she could take something so momentous in stride. It didn't bother him that they were about to open their marriage—if only for a night? Was Dave so excited to get his hands on Lisa that he didn't care about Kris being with Emilio? Kris got snippy when she dwelled on it, and then blamed herself for that too. Being short with Dave was unfair when this whole thing was her idea in the first place.

The only thing that made her nerves and mood swings worth it was the incredible sex she and Dave were having almost every night. They hadn't been all over each other like that since they were newlyweds. They'd tease each other about getting wild with Lisa and Emilio, but they stopped acting

out the *Sexy Tumbles* cards in bed because Kris wanted it to be fresh that night. Dave reluctantly agreed. He loved seeing her limits stretched.

They needed a night when they would be kid-free. They often hung out at each other's homes, but even if the kids were out with friends for the night, they were always home by curfew. Both couples had great kids. Neither couple was willing to risk the kids walking in on them when they were in a compromising situation. Getting a hotel room for the night was discussed, but that felt seedy to Kris. Lisa teased that it wasn't like she was sneaking off to see a lover, but it still felt like that to Kris. The perfect opportunity presented itself when Kris saw a church youth group event coming up on the calendar. Her kids would be attending a lock-in at the church on a Saturday night, which was a fancy name for a sleepover. The adults would have the house to themselves for the whole night. She pitched the date to Lisa, who couldn't have been more excited.

The night came and Kris prepared their finished basement. It felt like the perfect space. A big, comfy couch lined one wall of the space, with two big, overstuffed Barcaloungers at angles to it, with a low coffee table in the middle. Another area off to the side was a makeshift guys' hangout, with a big screen mounted on the wall, a foosball table, and a wet bar built into the corner. The narrow wall separating the laundry room held a dartboard. The space was where Dave had his pals over to watch games. Kris lined up snacks on the bar, although she was far too nervous to eat. She started on a glass of wine but set it aside. Drinking early on an empty stomach was not a good idea.

The Santos were right on time. Dave met them at the door, while Kris finished preparing some last-minute snacks in the kitchen. Kris heard them by the door laughing and talking and rushed over, feeling weirdly left out. Lisa carried a gym bag over her shoulder. Kris was afraid of what it contained.

"Hey you," Lisa said, pulling Kris into a hug. "You look like you came to play. How many layers are you wearing? You know this isn't just strip poker, right?"

"A girl needs to be prepared," Kris replied defensively.

Kris laughed but was self-conscious. Lisa seemed practically naked next to her. Kris paired a pink floral top sporting a low neckline with a white camisole and a sexy bra underneath. The camisole covered her but left a hint of cleavage exposed at its lace-trimmed edge. She wore patterned tights

under a short, black skirt, and finished the look with heeled, short boots. Kris was dressed up like they were going out to dinner. She looked good. The tight outfit flattered her body, but it didn't look like she was gearing up to play a sex game. Kris had considered a sexier, slinkier outfit, but didn't want to come off too eager. Dave had laughed when she was trying on outfits, telling Kris she was overthinking it. He insisted that she always looked good. He didn't put nearly as much effort into getting ready for the evening, just throwing on a black button-up shirt with jeans and trimming his salt-and-pepper beard. Dave seemed as laid back as he would be if they were having a *Cards Against Humanity* game night.

"I think you look great, hon," Emilio said, pressing between their spouses to pull Kris into a hug.

They were hugging friends and there was nothing unusual about Emilio embracing her, but tonight, it felt loaded. Kris hugged him back tightly, clinging for a beat longer than usual. It felt good being in his arms. She could get used to it.

"Am I underdressed then?" Lisa asked, standing back and gesturing to display herself.

"You look hot, Lis," Dave replied, looking her over. "You know Kris, she just likes to overthink and overprepare. She always wants to win."

"Nothing wrong with wanting to win," Kris said.

"I guess I didn't try hard enough," Lisa replied.

Depending on the goal, Kris thought her friend had done well. Lisa displayed her soft curves to full effect. If Lisa was going for sexy and seductive, she'd gotten it just right. Kris was tweaked thinking Lisa might be trying to seduce Dave, but that was the point, wasn't it? Lisa paired a tight black miniskirt with a tighter silky white top that clung to her big orbs. Enough buttons were left open that Lisa flashed teases of the treasures beneath her blouse every time she moved. Kris felt like she was seeing a hidden side of her best friend. Lisa's fashion choices were typically understated, meant to disguise her figure, not flaunt it. She flaunted it tonight. Kris knew her friend wasn't thrilled with her body as she approached middle age, but Kris thought Lisa was a hot momma. Dave's staring suggested he agreed.

Kris took Lisa's arm and steered her toward the kitchen, saying, "I wouldn't say you're not trying hard enough. You boys get comfortable downstairs. We'll be right down."

Kris took a deep breath in the kitchen and loudly exhaled. She was vibrating with nervous energy. She felt she'd done a decent job of holding it together all day, but now that their friends had arrived, the reality of their plans smacked her in the face. She swung so hard between rejecting the game as a morally dodgy bad idea and desperately wanting to do it and be a bad girl that she felt like a metronome that had been set too fast. Kris evaluated looked at her friend and decided Lisa wasn't nervous at all. Between the sexy outfit and her cool smile, Lisa looked ready to go. Kris didn't understand how she was so cool. Lisa pulled Kris into a tight hug.

"Are you okay, Kris? If you're having second thoughts..."

"How about third, fourth, and fifth thoughts?" Kris laughed to break the tension. She clung to her friend, hoping to absorb her calm.

"You don't have to do anything you don't want to," Lisa said. "We can go down and tell the boys it's off."

"I think Dave might kill me if I did that. He's pretty excited."

"Dave doesn't want you to do anything you're not ready for. You know that. I'll take the heat if you want."

"You're sweet, Lis. But no. I do want to do this. It's just nerves. I wasn't wild enough to do something like this in my twenties and part of me regrets that. But I can be daring at any age, right? I can't believe I'm going to do it now that I'm a grown-ass woman."

Lisa pulled back to look Kris in the eyes. "Honestly, I think it's better now. We know who we are now that we're grown-ass women, and what we want. I know I wasn't comfortable expressing what I wanted back then. I had a lot of fun and did a lot of wild things, but a lot of it felt like I was fumbling around trying to understand who I was. When we played this game that first time, I was too worried about everything—what Emilio would think, would the other guy think I was hot, would the other girl get jealous and attack me. I can't believe how nervous I was about just getting naked in front of other people back then, and I'd kill to have that body now. I'm going to need a lot of wine to take off my clothes with all of you staring at me tonight."

"You don't seem nervous at all. It seems like you've done this a million times. Are you and Emilio really secret swingers?"

Lisa laughed. "I'm just good at hiding it. It's been a very long time since anyone but Emilio has seen all the goods."

“You’re being silly. You’ve got a great body, Lis.” She pointedly looked down at Lisa’s chest. “Dave can’t wait to see your top come off. He’s been dreaming about it for years.”

“Now who’s being silly. I can’t believe I’m going to strip in the same room as you.” Lisa slapped Kris’s ass, and the blonde jumped. “That’s a booty guys want to see naked. My ass is like twice the size of yours.”

Kris laughed heartily now. “First of all, my ass has all kinds of jiggle. I should have my twenty-year-old ass for the time I put into it, but that’s never coming back. Second of all, how do you think I feel?” Kris cupped her own boobs. “I have nothing compared to you. Both Dave and Emilio are going to forget I’m in the room when your top comes off. I also know for a fact that Dave likes your ass. I’ve caught him checking it out enough.”

Lisa grinned knowingly. “Yeah, he’s not exactly subtle. I hope it doesn’t make you mad because I need the affirmation.”

“Dave is going to give you all the affirmation you can handle tonight. He might affirm all over your boobs if you draw the right card.”

Both women laughed and Kris felt her anxiety leaking away, if only for a moment. It was a relief to know that Lisa wasn’t as cool as she appeared to be. This was why Lisa and Emilio were the only people she’d ever even consider playing a sex game with.

Lisa shocked Kris by cupping and squeezing her breasts. They were best friends, but they weren’t *that* close. Lisa hefted them in their fortified bra like she was evaluating cantaloupes at the market. “You are not small, Kris. You’re a C-cup, right? And I bet they’re still pretty damn perky. Trust me, I know Emilio can’t wait to see you topless.”

“They’re only just about that, sometimes a B, depending on the bra, but thanks. And you know as well as I do the right bra is everything. How are you so sure Emilio wants that? Did he say something?”

“You know he’s hot for you, right? He’s always going on about seeing you running in the neighborhood or how great you look. I used to think he was trying to subtly tell me to hit the gym, but I realized he was just hot for you. I would have killed you long ago if you weren’t like a sister to me.”

“Thanks, I think?”

“You know I’m kidding, right? About the murder part, not about the Emilio wanting you part. He’ll totally do you if he gets the chance.”

“And you’re really good with that?” Kris asked. She went through all the time the couples had spent together and tried to think of times Emilio

was checking her out the way her own husband stared at Lisa's chest. Either she was very naïve, or Emilio was stealthy as a spy because Kris just didn't see it. She'd had no idea Emilio was interested in her.

"I just said you're like a sister to me, right? You're the only one I'd trust with that."

"Right back at ya," Kris replied, although she wasn't quite as sure she was ready to see her husband with another woman as Lisa seemed to be.

"Now pour me some wine so we can get this party started," Lisa said. "And break out those big glasses. I need some liquid courage."

CHAPTER FOUR

DAVE HAD no idea how to act around Emilio. They were about to hook up with each other's wives—a position he'd never been in before. He was not an uptight or awkward guy usually. Dave was universally described as the life of the party. He leaned hard into the big, goofy guy thing, especially as he'd become bigger over time. Dave had never been a small boy. He was six-and-a-half feet tall and even as a young man he'd been broad. Football was a natural for a guy his size and he was an all-star linebacker in high school. Playing in the NFL was unrealistic, but he was good enough to get a scholarship to a mid-sized college. Back then, a lot more of his bulk was muscle, but Dave liked to think he still wore it well. It was funny how he and Emilio were such good friends when they were opposites in almost every way.

Emilio hit the gym four to five days a week well before dawn even cracked. Dave couldn't imagine. He practically needed a defibrillator to rouse him in the morning. But Emilio wasn't one of those ridiculously big-muscle guys, building himself out wide because he wasn't tall. He was just under average and toned, without a lick of fat on him, in better shape in his early fifties than Dave had ever been. Emilio was cooler and more reserved, more likely to hang back and chat with close friends at a party than Dave, who loved being the center of attention. The one trait they shared was they both shaved their heads as middle-aged hair loss had set in. But Emilio's olive dome was always smooth and shiny, while Dave often wore some stubble. Both men also had facial hair, although Dave's was a shaggy beard

that was almost entirely gray, while Emilio's tight goatee was still more black than white.

Dave had given a lot of thought to the wisdom of letting his wife fool around with his best friend. He was confident, but he was no fool. He got why women wanted to fuck a guy like Emilio. Kris was more excited about the prospect of hooking up with Emilio than she was willing to admit. He could see the spark of it in her bright blue eyes whenever they discussed it. She was just too good of a girl to tell her husband she wanted another man. Dave knew actual fucking was unlikely tonight, but if somehow it did happen, Emilio could fuck Kris like a rabbit in a way Dave couldn't muster these days—or so he thought. He pictured his best friend screwing his wife all night long, in every possible position. It made him jealous, as it would any man, but Dave also experienced a confusing spike of excitement when he considered it—especially when he pictured Kris sucking Emilio's dick.

The trade-off that made the whole game worth it was the chance to get his hands on Lisa. Deep down, Dave knew he would let Emilio do whatever he wanted to Kris if he could play with Lisa's lush, curvy body. He loved his wife and thought she was sexy as hell. He appreciated all the effort she put into snapping back into shape after the kids, but he missed the curvier version of Kris. He liked it when her ass had more jiggle and when her tits were swollen and rounder. Lisa had all the bounce he could handle. Kris teased him about checking out her friend's ass and tits, but she would be truly pissed if she knew just how badly Dave wanted to fuck Lisa. There was no chance he would try to ruin all their lives and steal the dark-haired beauty away, but Dave would be a very happy man if he got to have his way with their neighbor. He read through all those *Sexy Tumbles* cards and imagined doing every one of those filthy things to Lisa.

The men shared an awkward silence as Dave fetched Emilio a can of their favorite local microbrew from the fridge behind the bar. The loud pop and hiss of the opening cans highlighted that the men weren't speaking to each other. Emilio glanced around the basement and stopped on the *Sexy Tumbles* box sitting on the coffee table in the lounging area.

"Kris did a great job laying out the spread," Emilio commented, taking a chip from a basket on the bar top.

"How do you know I didn't do it?" Dave pretended offense.

"Because that's not your thing, man. You're the master at the grill, but you're not the guy who lays everything out pretty."

Emilio made his way over and sat on the couch while they spoke. Dave followed and took a seat in the Barcalounger. Both men stared at the game box.

“I guess we’re doing this,” Emilio said simply, like they were action movie heroes about to raid a warehouse against all the odds.

Dave chuckled. “You could sound a little more enthusiastic. It’s my wife you’ll probably have your hands all over before the night is through.”

“If you’re still cool with it, yeah,” Emilio agreed, grinning. “I just don’t want to seem, I don’t know, too eager. I don’t want it to be weird.”

“It’s going to be weird. No way to avoid that, right? But Kris is hot, it’s okay for you to show you’re into fooling around with her. At this weird juncture in our friendship, I think I’d have to be offended if you didn’t think Kris is hot.”

“You don’t need to be worried about that, man. Kris is sexy as fuck, you know that. Not to take anything away from my Lisa, but you know Kris’s the MILF of the neighborhood, don’t you? Half the married guys on this block would give their left nut to be where I am tonight. They’d throw me a parade if they knew about the chance I have.”

“Which they won’t,” Dave stressed. “If this little game of ours ever got out...”

“You think I want the neighborhood gossiping about how we’re swingers? No way. I already get funny looks around here for being the only Latino. I swear some of the people who don’t know me think I’m casing the block when I go running. That’s why I try to run with Kris when I can. They’re too distracted by her ass to worry that the little Latino guy is going to steal their car.”

Hearing that Kris was the neighborhood MILF put a little steel in Dave’s shaft. Every man liked to know other men found their woman attractive—even jealous assholes—but there was more to it. Dave noticed guys checking out his wife here and there, and he was sure some of the men in the neighborhood were jealous that Kris was in such great shape when their wives weren’t, but Emilio made it sound like Kris’s hotness was a topic of conversation, like maybe the neighborhood dads gathered around the backyard keg at the last barbeque, rated the local wives and placed Kris at the top of the list. He imagined them saying what they wanted to do to Kris and high fiving each other over their creativity. He didn’t doubt half of them would do it if given the chance Emilio had tonight—or that they’d

even cheat if they had opportunity to. Thinking of those guys he knew doing filthy things to his sweet wife gave Dave a visceral thrill he'd never experienced before. They hadn't even played this game yet and he felt like he had already changed.

"Playing this game makes us swingers?" Dave asked, picking up on his friend's choice of word.

"I don't think we get badges or anything like that," Emilio said, chuckling. "I don't know if that label even means anything anymore when we live in a world of open marriages and ethical non-monogamy, triads, and throuples. Consenting adults just do what they want, as they should. But I guess if we really do this, it means we're something more than friends. Wouldn't you agree?"

"I don't know half those things you were talking about. It's all Greek to me. But yeah, I guess if we swap our wives, we're more than just friends."

"We've always thought of you guys more like family anyway. The kids think of you and Kris as their aunt and uncle," Emilio said with genuine sincerity.

"Okay, now you made it weird. Don't say we're family when we're about to do this."

Both men laughed and toasted. It was really happening. Dave was so excited he could hardly contain himself.

"I hope you boys were playing nice," Lisa announced, coming down the stairs. Kris followed her.

"We always play nice," Dave replied, stealing a quick glance at her bouncing tits as she moved, before smiling at his wife. He did not want to be caught looking—not now. It felt weirder now.

"I don't want you guys getting all competitive over this," Kris admonished. "We're all just here to have a good time. No one needs to prove anything."

"I already know I'm a stud. I don't need to prove anything," Emilio bragged.

"Yes, you are baby. Kris's going to be a lucky girl if things go well," Lisa replied, kissing her husband as she sat beside him on the couch.

"Wouldn't it be funny if it just worked out that we just stuck with our husbands," Kris said.

"That would be anticlimactic," Dave deadpanned. He hadn't even entertained that possibility. *What a letdown*, he thought. He'd probably still

get to see Lisa naked, but it would suck if he didn't get his hands on her.

Lisa smiled. "Yeah, that's not why we're here. But don't worry, we can make sure that doesn't happen."

"Of course. No one wants that," Kris replied with a nervous smile. She sipped her wine. She'd brought the bottle with her and placed it on the table beside the game. She perched on the arm of Dave's Barcalounger. He slipped a hand around her waist. "So, how do we all want to do this?"

Dave was not about to jump in with an answer and was pleased when Emilio took the lead.

"You guys have read the rules, right?" Emilio asked. Everyone nodded. "You saw there are different variations depending on how many people are playing. Do you want to play the version where you're teamed with your spouse? Or team swap partners? Or there's the version that's more open."

"That's one where it just specifies anyone but your significant other, right?" Dave asked.

"Correct."

"Let's play the first game with our spouses. We don't need to rush, right?" Kris chimed in.

Dave plastered on a smile. He was ready to cannonball into the deep end, but his wife was probably right that they should ease their way into the game. "That sounds fine. Any objections?"

The others shook their heads and Lisa asked, "Does that mean the version where I'm just doing stuff with Emilio, or the completely open version?"

"Let's try the first, okay? Sorry, am I being a wet blanket?" Kris said.

"It's fine, honey. We have all night. We don't need to rush," Dave replied, giving her a reassuring squeeze.

"I have the supplies we need in here," Lisa said, producing the gym bag from where she sat it on the floor.

Lisa unzipped the bag and laid items out on the coffee table. Dave watched with fascination as she placed two blindfolds, a length of rope, two little clamps connected by a chain, three vibrators of varying sizes, handcuffs, and a small bottle of lube. He was stunned by how casual Lisa was about laying out the objects. It was like she was setting up for a mundane board game like *Trivial Pursuit*. Dave wondered how many of the objects were specially bought for the game and which their friends just had in the bedroom. He couldn't tell if the handcuffs were new. Kris looked

white as she looked over the items. Dave hoped his wife got over her nerves.

“Do you guys have the other stuff?” Lisa asked.

Kris’s lips moved, but she didn’t speak. Dave knew it was real for her now. He spoke. “Whipped cream and limes are back there at the bar. We have ice too. Shot glasses, of course. I think we’re ready to go.”

“Remember, you get a point for every block you successfully place after completing the task. You lose a point if you refuse the task,” Emilio said.

“Like the points matter,” Dave said, chuckling.

“And you have to remove an article of clothing,” Lisa added.

“Got it,” Kris replied in a whisper.

“Let’s play,” Lisa announced, clapping her hands together.

Emilio and Lisa assembled the tower of wooden blocks, making sure to face the numbers inward so every block would be a surprise. They rolled a die from the box to determine their order. It went: Lisa, Dave, Kris, Emilio. Lisa didn’t hesitate for a moment and easily tapped out a block from the middle of the tower. Her task had to be completed before she could place it. She read the number off the block. **16**. Emilio read from the card.

“Aw, this one’s too easy. It’s just a question. *When would you rather have sex, morning, noon, or night?*”

“Is all of the above an option?” Lisa answered, smiling. “A lot of the time it is the morning if you’re not already at the gym. It’s the only time we can be sure we won’t be interrupted if the kids aren’t up yet.”

“But that’s not what you prefer, babe,” Emilio replied.

“Well, no. You know I like to do it and cuddle and fall asleep.”

“Kris likes the morning,” Dave volunteered. She shot him a look.

“But this one is like a dead man in the morning. It’s almost impossible to get him into it,” Kris said.

“Come on now, I’m sure you could properly motivate him if you wanted to,” Lisa teased.

Dave just smiled, remembering the days when Kris would wake him up with a blowjob. He didn’t have trouble getting into morning sex then, unless she was too enthusiastic, and he blew his load down her throat. He missed those days.

Kris smiled. “You’re right. Maybe I need to get back into that.”

“Hey, if you need a test subject...” Emilio offered.

“After tonight, Kris just might take you up on that,” Dave said the words without thinking. He was already in the spirit of the game. It was funny how quickly their banter had turned sexual. It was not the way they usually behaved toward each other. But Kris smacked him in the arm.

“Hey, don’t go pimping me out!” Kris complained.

“Your turn,” Lisa told Dave.

Dave was a hyper-competitive guy. He always wanted to win, even in a stupid game like *Jenga*. This game did have points assigned to the blocks and actions, but they didn’t matter. Dave understood that *winning* meant something else entirely in this context. He wasn’t at all careful as he tapped a block out of the tower. But it was early going, and the block came free without resistance.

“I have number **46**,” Dave announced.

Emilio read from the card. “*Blindfold yourself, remove an article of your partner’s clothing.*”

“Hey, how do I get caught up in his block,” Kris complained. “I’m losing clothes and I haven’t even gone yet.”

“I’m sure you’ll get even at some point,” Lisa reassured her.

Dave gleefully reached for the blindfold and slid it over his eyes. It was a good one. He legit couldn’t see anything through it. He blindly fumbled for Kris, who sat on the armrest to his left. She wiggled when he touched her.

“That’s not going to work,” Emilio said. “You guys need to stand up.”

“Come on,” Kris sighed, moving away from Dave’s hands.

Kris took Dave’s arms and pulled him to his feet. He moved carefully because he didn’t want to bump into the table and topple the tower. He blindly waved his hands in front of him but couldn’t find Kris. He thought she was playing games with him.

“You have to be where I can find you, honey,” he said.

“Is this better?” she asked.

His hands found her body and he was quickly groping her tits. Dave experienced an unexpected thrill feeling up his wife in front of their friends—especially as he couldn’t see their reactions. It gave him the excuse to take his time and feel around. He loved Kris’s firm handfles, and she loved having them teased. She didn’t pull away, but he guessed she was red-faced being groped while the neighbors watched.

“Are you trying to take something off me or feel me up?” Kris asked, humor in her tone.

“It didn’t say I can’t enjoy my task, did it?”

Dave felt down her body to the hem of her blouse. He maneuvered his hands under it as he worked it up her body, giving him another excuse to squeeze her breasts. Kris giggled as he tickled her, but then sighed when his fingers glanced over her stiffening nipples. He felt them even through her camisole and bra. She raised her arms, and he pulled the blouse over her head.

“It’s a good thing you wore so many layers,” Lisa teased, as Dave removed his blindfold.

“I told you guys, I came prepared,” Kris replied.

Dave was pleased to see his wife was just as flushed as he expected. It was going to be fun to see Kris pushed so far outside her comfort zone. He admired her ass in that tight, short skirt when she squatted down beside the table to take her turn.

Kris studied the tower from every side, which Dave knew was a stalling tactic. Only two blocks had been removed. The game wasn’t hard yet. She acted like if she stared hard enough, she could see the blocks’ hidden numbers. Kris tapped out a high block and read out the number with trepidation. #37

“You must wear nipple clamps until your next turn,” Emilio informed her.

“No way. I am not doing that,” Kris replied, protectively covering her breasts with her hands.

“They can be adjusted, and it will be over your clothes. It’s the easiest time to get this one,” Lisa said.

“Pain isn’t my thing,” Kris protested.

“It’s not that bad, Kris,” Lisa replied.

Dave was intrigued that Lisa seemed to be an expert on nipple clamps. He thought of them dangling from her huge cans and it made him instantly hard. He held his hands over his lap, hoping no one noticed, but all the attention was focused on Kris.

“If you skip the challenge, you lose a point and have to take off something else,” Emilio warned.

“Do the points even matter?” Kris asked, sitting in the Barcalounger beside Dave’s. She was already unzipping a boot.

“The person with the lowest score has to do one task chosen by the group at the end of the game. Sure you want that? You’ll be at negative one now,” Emilio said.

“I have plenty of time to make up ground.”

“Not if you keep skipping challenges,” Lisa warned. “I think that’s one of the easier ones.”

Dave pictured his neighbor topless with nipple clamps again. It was killing him. Kris removed her boot and sat back after setting it aside.

“Nope, both boots,” Lisa said, shaking her head.

“That’s not a rule,” Kris protested.

“Don’t be cheesy, honey,” Dave said.

“Yeah, shoes are one item,” Emilio agreed.

“Lose the other boot,” Lisa added.

“Whose side are you on, Lis?” Kris grumbled. “We need to stick together here.”

“I’m on the side of fun,” Lisa answered.

Kris kept grumbling, but she removed her other boot. She sat back in the big, cushy chair with her arms crossed.

Emilio eagerly took his turn and pulled block #20. He was instructed to make out with his partner for two minutes. The game conveniently provided an hourglass. Lisa moved close to her husband, and they began kissing. It was a sweet kiss at first but rapidly heated, like they forgot the other couple was present. Dave was uncomfortable watching at first because it felt creepy, but when Emilio started feeling up his wife, he began to enjoy the show. The little sighs and soft moans coming from Lisa as the couple enjoyed each other made Dave’s dick throb. He wished they’d started off swapping partners. He was ready.

Dave looked away to catch his breath but watching Kris was even hotter. She was so into watching their friends that she didn’t even notice his attention on her. Her lips were parted, and her breathing was heavy. Kris was transfixed. Dave guessed his wife was watching the others wishing she was the one receiving Emilio’s attention. Or Kris was just a voyeur, and he never knew it. Both possibilities were hot to Dave. Both Dave and Kris were so into watching their neighbors fool around that neither noticed when time ran out. When Dave caught it, he loudly cleared his throat and called time.

Lisa pulled away from her husband smiling and flushed. Her nipples were thick points in her blouse. She managed to look bashful, but only just. "Sorry, I hope we didn't get too carried away," she said.

Kris laughed and replied, "It was just the right amount of carried away."

"Yeah, no complaints from me," Dave agreed. He was impressed that Kris was so forward about it. He also noticed that her wine glass was almost empty again.

The game was back around to Lisa, and she drew block #9. *Take one or two of your partner's fingers and sensually lick and suck on them.* Lisa smiled wickedly before setting to her task. Emilio held out one finger.

"I'm going to need at least two fingers if this is going to be accurate," Lisa said.

Emilio thrust out four fingers. "If you're looking for accuracy..."

"Jackass," she replied, laughing.

Lisa took two fingers and gave them an oral treatment that had Dave sweating. He felt like he was the winner of this challenge. Her full, dark lips locked tightly around his fingers, plumping out as she drew down to his fingertips. Her pink tongue darted out, flicking over his fingertips, then her cheeks hollowed as she loudly, wetly sucked his fingers back into her mouth. Dave's head was filled with filthy thoughts, and he didn't know how he was going to stand when his turn came next. Kris touched his arm and he jumped.

"Do you need a minute to be alone with yourself," Kris asked, leaning in, and lowering her voice while staring down at his crotch.

"Very funny," he replied.

"It's okay, Dave. It's hot to watch."

Lisa finished with a lip-smacking flourish and proudly grinned. Kris applauded her, while Dave tried to calm down. Lisa stared at him and asked, "Are you okay, buddy?"

"Yeah, sure," he replied, trying, and failing, to sound casual. "That was, uh, very instructional."

"It's your turn again. Let's see what you can teach me," Lisa replied, replacing her block on the top of the tower.

Dave drew block #45. He had to describe Kris in bed using three words. She shot him a look that said, *Don't get too crazy*, but he wanted to have fun with it. The challenge also forced Dave to think about how he would describe his wife in bed. It wasn't the type of thing he thought much about.

After over twenty years of marriage, they had a routine. It was a fun routine, but they didn't constantly evaluate their sex lives. And one word he was certainly not going to use was *routine*. Dave also wasn't the kind of guy who was going to talk about sex with his wife to his buddies on the golf course. He thought long and hard before speaking.

"Passionate, soft, and energetic," he said.

"Soft? I'm not too soft, am I?" Kris complained.

"I meant soft in a good way, like a woman's body is soft. You're firm in all the right places, honey," he defended.

"I think you're focusing on the wrong word, Kris. Passionate and energetic are great," Lisa said.

"Yeah, I like energetic," Emilio added, perhaps too enthusiastically.

"I'll show you soft," Kris grumbled.

Dave had to chuckle. He'd been hard all night. He was surprised he could even think of the word *soft*.

Kris's turn came next, and she took her time as the tower had become wobbly. It was almost like Lisa and Emilio had purposely chosen blocks to make the tower unstable. Dave knew his wife didn't want to be the one to topple the thing. He was correct. Kris carefully extracted a safe block. It was number #3. Kris had to wear handcuffs for the next four turns. Lisa lifted the cuffs from the table and gleefully dangled them from a finger. The metal cuffs were sleeved in pink fuzz and connected by a short chain.

"Turn around," Lisa instructed.

"You can't cuff me behind my back. How am I supposed to draw my next block?"

"You'll have to figure it out when your next turn comes," Lisa replied.

"That is so not fair."

"Come on, honey do it. Don't take this so seriously," Dave said.

"Fine," Kris agreed, draining her wineglass before turning her back and offering her hands. "But if I lose because of this, it's totally not fair."

Dave and Kris had never been particularly kinky lovers. They had fun in bed, but they weren't always trying new things, and Dave had never even considered tying Kris down or handcuffing her. He wasn't sure what he would do differently if she were restrained. But seeing Lisa cuff Kris's hands behind her back was erotic. The thought of Kris being helpless in Lisa's hands made his balls ache. Having her wrists cuffed behind her back also made Kris's tits jut out. Emilio also noticed, which made Dave proud.

He wasn't going to be able to sit there much longer without some relief. Dave thought he should have jerked off before the neighbors came over.

The next two blocks were questions or confessions. Emilio admitted to Amy Adams being the celebrity he'd take a hall pass for, which Dave found interesting because he thought Kris could pass for Amy Adams' blonde sister. Was it a veiled way to admit he wanted to fuck Kris? Lisa's block asked if she liked to be spanked and if she liked being submissive. Dave almost groaned aloud when she proudly answered yes to both. Although he'd never seriously thought about spanking his own wife, Dave loved the idea of swatting Lisa's juicy butt.

Dave nearly toppled the tower when he drew his next block, and he wasn't sure if he was disappointed or not. He was ready to move on to a spicier next round. Block #19 instructed him to sit or stand behind Kris and explore her body with his hands while he kissed her ears and neck. *Now we're talking*, he thought. Kris's neck was incredibly sensitive. He knew exactly how to make her lose her mind. He was also excited to show off after they watched their neighbors make out a few turns ago. He patted the space on the Barcalounger between his legs and Kris warily sat there. she started when it popped the footrest up.

"Babe..." Kris warned.

"Hush, honey. I get to do as I please."

Kris was already shaking before he even touched her, and he wasn't sure if it was nerves or excitement. He swept her honey blonde hair away from her neck and brushed his lips there. She shivered. He reached around her body and cupped her breasts from beneath. Dave wasn't wasting time. Her lips parted and she gasped when he firmly massaged them, thumbs circling until he felt the buds of her nipples popping. Kris squirmed. She adjusted until her cuffed hands were in his lap and she massaged him back. Dave grunted but didn't slow. He rolled her nipples and nibbled right behind her ear. Kris moaned softly and gripped him harder through his jeans. Dave fought back his impending explosion. He glanced over her shoulder and saw the neighbors watching them intently. Emilio stared where Dave groped Kris's breasts, while Lisa smiled and rubbed Emilio's inner thigh. No doubt their friends loved to watch. It made him bolder, and Dave dipped a hand down between Kris's thighs, moving it up under her skirt. She squeezed her thighs together.

"Babe..." she warned.

Dave pressed and her thighs relaxed. He felt the heat between them. His fingers massaged higher, and he was just about to reach his goal when Emilio called, "Time." Dave was disappointed, but he stopped, hugging his wife tightly to his chest. Kris sagged against him. She was ready for more. He knew it. Dave was dying to know what his proper wife was thinking.

"Your turn, Kris. Let's see what you've got," Lisa challenged.

Kris was slow to push out of Dave's lap and was shaky on her feet. The turn was already going to be a challenge with her hands cuffed behind her back, but it would be impossible if she didn't pull it together.

"You guys are going to make me do this?" Kris asked.

"Rules are rules. And we know how much you love following the rules, honey," Dave said.

Kris glared at him and stuck out her tongue when she turned her back to their friends and tried squatting down. She nearly fell sideways, the combination of wine and a rush of endorphins throwing her balance off. Emilio jumped up from the couch.

"Here, let me help you, Kris," he said.

"That's gallant of you, sweetie," Lisa sarcastically said.

Emilio held Kris's arms and helped her sink lower as she blindly reached behind her. Dave smiled at the look of concentration on her face. She was seriously trying to remove a block without knocking it over. He loved her competitiveness. Emilio started guiding her, which wasn't quite fair. No one complained. Kris wasn't going to be able to do it without any help.

"Lower, Kris. Lower, reach back, be gentle," Emilio warned.

Kris's tongue peeked out from between her lips the way it always did when she was super focused. They weren't really doing anything, but seeing Emilio's hands on Kris gave Dave an unexpected charge. He'd seen the two hug countless times and thought nothing of it, but seeing them together now, Emilio holding Kris's arms, filled his head with dirty thoughts. Dave imagined Kris turning her head and kissing his friend. His cock twitched in his pants. Dave was pulled out of his thoughts by the sound of blocks toppling to the table.

"Dammit," Kris cursed.

Kris was startled by the tower noisily tumbling to the tabletop behind and stumbled. She tipped backward, but Emilio had her. His arms smoothly slid around her and Kris fell against him. She laughed as his face was

buried in her blonde mane. Emilio looked to be nuzzling Kris, enjoying their proximity.

“It’s okay, Kris. I’ve got you,” Emilio said, holding her tight for a long beat, before boosting her back to her feet. He waited until she was steady before releasing her. “Your hair smells amazing.”

“Oh, thanks,” Kris replied, beaming at the compliment.

“He’s always had a weakness for blondes,” Lisa commented.

“I’d say an appreciation, not a weakness. It’s not like they’re my kryptonite,” Emilio said.

“Either way, thank you. Round’s over. Does that mean these silly handcuffs come off?” Kris asked.

“Maybe you should keep them on, honey. They look good on you,” Dave said, appreciating the way her tits still jutted forward.

Kris arched an eyebrow. “Really? Maybe we can borrow them.”

“You can keep them if you want,” Lisa said. “But they should come off now, Kris needs to remove another piece of clothing, and she needs to complete a task.”

“What?” Kris asked.

“Knocking over the tower doesn’t get you out of doing something. You have to close your eyes and randomly pick up a block from the table. And the lowest score for the round has to remove something. That’s you,” Emilio said.

It was like the couple was tag-teaming Kris, and Dave liked it. Watching Kris being pushed out of her comfort zone was exciting, and the best part was that he didn’t have to be the bad guy.

“I think we should all take something off at the end of the round, just to move the game along. Does that seem fair, Kris?” Lisa asked.

“I guess so, but I’m still ahead of all you guys,” she grumbled.

“You shouldn’t turn down challenges,” Dave chimed in.

Kris smirked at her husband. “I don’t know if you’re ready for me to say yes to everything, babe.”

“Try me,” he challenged.

“The round isn’t over, so you should keep the handcuffs on to complete the task,” Emilio advised.

“Fine,” Kris pouted. “I’ll do whatever you guys want. But let the record show that you’re all ganging on me.”

“Don’t worry. We’ll all have our chance,” Lisa reassured.

Kris closed her eyes, turned around, and squatted down to snag a block from the jumble on the table. Emilio placed a steady hand on her shoulder but didn't hold her again. She retrieved a block and stood, showing off the effects of working out on her core muscles. Kris turned her back to Dave and dropped the block in his lap.

"It's number #12. You have to give a lap dance. Nice!"

"No problem. Can someone put on some music?"

Lisa chose a slow grinding number and played it on her phone. Kris smiled down at Dave and blew him a kiss and began swaying to the music as she stood between his legs. She'd always been a great dancer, but somewhere along the line, they'd stopped going out dancing. Watching Kris move her hips and lean in to press her tits at him reminded Dave how awesome it was to watch her sensuously move her body. He couldn't see around her but knew their friends were appreciating their view of Kris's ass as she danced.

Kris turned and Dave helped her ease down onto his lap. He kept his hands on her sides as she worked her firm, round butt into his crotch. She had a nice, fit ass. As much as Dave enjoyed looking at it, he loved it grinding into his junk even more. He groaned and tried to hold it together as Kris worked her ass like a pro. He had no idea his sweet wife had those moves in her. Dave slid his hands around and cupped her tits. It didn't help his efforts to quell his excitement, but he couldn't help himself. He couldn't just passively sit there.

"What are you doing?" Kris breathlessly asked. She sounded excited as he was.

"Making you earn your tip, honey." Dave loved that he could feel her up and she couldn't do anything because her hands were cuffed behind her back.

"You've always told me you're not allowed to touch in strip clubs. Hands off, or I'll have the bouncer toss you."

"You heard the lady," Emilio said. Dave couldn't see him around Kris's gyrating body but heard the mirth in his voice.

Dave relented and dropped his hands. Kris rewarded him by bracing her cuffed hands on his belly and grinding down hard. His mouth went dry, and his balls felt like they were vibrating. He was relieved when the song ended because he was about ten seconds away from making a huge mess in his

jeans. Dave was huffing and sweating when he pushed Kris out of his lap. She smiled when she turned and saw his red face.

“Are you okay, babe?”

“Yeah, I’m good,” he replied, leaning past her and reaching for his beer, which he downed in two gulps. “You’ve been holding out on me, Kris. You’ve got some hidden talents.”

“I don’t think anything will be hidden by the time the night is through,” Lisa said.

The thought thrilled and terrified Dave. He couldn’t wait to see what Lisa and Kris were capable of, but he questioned if he’d be able to look his wife in the eye afterward.

“Will someone uncuff me now so we can get to the next round?” Kris asked.

CHAPTER FIVE

KRIS FORCED herself to slow down on the wine. She'd already had enough to reach that giddy, reckless phase, which seemed like a good idea for such an evening, but she needed to be making her decisions—no matter how ill-advised—with a clear head. Kris didn't want to fall back on being too drunk to take responsibility for what she did tonight.

The others were itching to move on to the more risqué parts of the game. Dave, in particular, was antsy to get on with it. Kris wasn't sure how to feel about that. She didn't want to feel slighted that her husband was so excited to get at Lisa, but it was difficult to tamp down the jealous urge. If he felt a certain way about her being with Emilio, he didn't show it, which also gave Kris complicated feelings. Was Dave in such a rush to hook up with Lisa that he'd let Emilio do anything he wanted with Kris?

Her competitiveness was almost enough to push Kris right into their neighbor's arms, just to prove something to her husband. But that was not a reason to do something so outrageous. The only reason to play the game was that she really wanted to. And Kris *really* wanted to play. She wanted to experience the smoldering attraction she'd felt from Emilio all night. It wasn't anything he said, but the way he'd been looking at her—the way he'd held her when they'd hugged at the door. The way it felt deep down in her core when he'd caught her a few minutes ago. Emilio wanted her and feeling that, from someone other than her husband after so many years, was intoxicating. Kris had fallen into the trap of being a wife and mother first, fallen into letting her routine be her life. She'd forgotten what it was like to be a woman first—a woman men appreciated and lusted for.

Emilio stared at her with unabashed lust when Dave was groping her. He didn't seem to worry that his wife would see him staring at another woman that way. He watched that turn like he was learning how Kris liked to be touched for his own use later. Lisa showed no jealousy, but the opposite. She smiled and rubbed Emilio's thigh, looking at her husband and then looking to Kris, like she was enjoying the show too. Kris felt silly that she seemed to be the only one with reservations about cutting loose and swapping partners.

Kris took the short break between rounds to reset and get her head in the game. She still had to fight her natural inclination to behave and follow the rules, but she was ready to have fun. She tried to project confidence, but her hands still shook as she cleared her empty wine bottle away from the table. She noticed no one had touched the snacks she'd laid out on the bar. Food was the last thing on anyone's mind.

"Remember, we all have to strip something off," Lisa said. They'd just sat down to resume the game. Everyone had a fresh drink, but Kris was the only one who'd switched to water.

"Okay," Dave replied.

"I'm already down two pieces of clothing," Kris pouted.

"You're supposed to be down three. You were supposed to take something off at the end of the last round," Dave said.

Emilio laughed. "And you started with more than the rest of us, so it evens out."

It was a fair point, but Kris stuck her tongue out at him anyway.

"Don't stick that thing out unless you plan to use it," he replied.

"Who says I won't?" Kris grinned.

Dave lost his shoes and socks, which didn't surprise Kris. She *was* surprised that he was so quick to agree to lose his clothes in the first place because he often complained about how he needed to get back in shape. Kris still thought he was hot. He was her big teddy bear. Men just didn't have the same insecurities about their bodies, she decided. Emilio was more daring. He slowly unbuttoned his shirt and confidently shed it. His confidence was warranted. He didn't quite have a six-pack, but Emilio was tight. He wasn't overly muscled, but lean and fit, with a dusting of chest hair that made him look manly in Kris's eyes. She realized she was staring and looked away when he noticed, the color rising in her cheeks. Lisa opened a couple of buttons on her blouse, watching Dave with a smile as

she did it. His mouth hung open and he didn't show any of his wife's shame about staring. Lisa started on another button but stopped with a saucy laugh and slipped off her wedge-heeled sandals.

"I had you, didn't I, big guy?" she teased.

"That's not fair at all, Lis. You're mean," Dave pouted.

"You have to earn it if you want to see the goods," Lisa replied.

"Trust me, man. It's worth earning it," Emilio added.

"I don't doubt that, brother," Dave agreed.

Emilio turned his attention to Kris. "What have we earned from you, hon?"

"I don't know that you've earned anything yet," she replied, getting into the spirit of the game.

"Give me time," Emilio replied.

Kris just grinned. She'd forgotten how fun flirting could be. She stood and pushed her skirt as high as she dared, pulling on her tights and wiggling them down her hips. Her heart skipped a beat when her panties began the journey down with her tights, but the underwear came loose and stayed in place. Still, Kris thought she gave the room a good flash when she rolled her tights down her legs and slipped them off her feet. Kris pulled her skirt down before taking her seat again.

"Very nice," Emilio said, nodding approvingly. "But you need to lose something else, too."

Kris hated that he was right. She could just refuse. It wasn't like they were going to strip her—but then that could be fun too. Instead of fighting it, Kris pulled off her camisole like it was no big deal. It was a *big* to her, though. Her fancy, lacy bra didn't show any more skin than a bikini would, but Kris hadn't worn a two-piece in years, and knowing it was her underwear—lingerie—just made it different. She was all too aware of the folds on her tummy when she sat. Kris was slender, but in her late forties, she just didn't have that tight body. She was the only one who seemed to mind.

Emilio looked like he wanted to lick his chops as he stared at all her exposed skin. She glowed at the attention. Kris hated her legs as much as her tummy. She'd always thought they were her worst feature because they were too thick. Kris would be dining out on tonight's affirmation for weeks, she thought. It was a good reminder of how relentless media attention on perfect bodies made women like her self-conscious.

“How are we going to do this round?” Dave eagerly asked.

“We have the option of either pairing off partners, or you can roll a die to see who you have to do your task with,” Lisa said.

“So, there’s the possibility I could end up with Dave or Emilio?” Kris asked.

“Or Lisa,” Emilio suggested, grinning evilly.

“Really?” Kris asked. She hadn’t even considered that possibility. “Does that mean that you and Dave could hook up too if you roll each other?”

The guys both looked stricken. They hadn’t thought it through any more than Kris had. They were too focused on fantasies of their wives making out to consider the other possibility. Kris laughed at them but thought about kissing her best friend for the first time in all the years they’d known each other. She just didn’t think about other women that way. Probably because it flew in the face of the life she’d lived. Even back in college, when Kris had been at her craziest, she’d never fallen into that cliché. She didn’t make out with her friends to tease guys at the clubs. She never considered experimenting with her roommate—even when Patty was having sex five feet away in the other bed in their dorm room. Kris got excited listening to the moans and slick, sexy sounds in the dark, but joining was never on the table. Kris could never. She didn’t even touch herself as she listened but waited until she had the room to herself. As she looked at Lisa, she wondered for the first time what it might be like to touch and kiss another woman. It could have been the wine, but Kris didn’t think it would be so terrible. It might even be fun. Even in her forties, Kris could still be the girl who made out with her friend to tease the boys.

“We are not touching,” Dave emphatically said.

“Come on, hunk. I’m a great kisser,” Emilio teased, puckering up.

Dave was pale and Kris laughed at him. She had no desire to see the guys making out, but it might be worth it just to watch Dave freak out.

“I think we could agree you guys would be hands off each other,” Lisa said. “That’s if you’re even comfortable with the other possibility, Kris.”

“Sure, why not? Tonight is all about trying new things,” Kris replied, surprising herself. She was pleased with Dave’s shocked look at that. “How do the guys keep from rolling each other?”

“There’s a three-sided die. That will be for us. If you roll, Kris, I’ll be 1, Emilio will be 2, Dave will be 3. Same for me, except you’re 1. The boys

can just flip a coin.”

“I want to be heads,” Kris rushed to announce.

Lisa laughed. “You can be heads.”

“Sounds like we’re ready to get going,” Dave said.

“One more thing. Are we ready to move to the Foreplay level?” Emilio asked.

“I am,” Kris answered, without thinking.

She was trying very hard to be the more daring Kris. Dave looked surprised by her enthusiasm, and she was pleased. Everyone else nodded.

“Let’s go,” Emilio said.

The block tower was reassembled, and a new playing order was determined. Kris, Lisa, Emilio, and Dave. Kris was thrilled to go first. After her rough first round, she was ready to start out easy. She tapped out block #20. *Lick whipped cream off a part of your partner’s body. Their choice.* She took up the three-sided die and held her breath when she tossed it. She got her husband.

“Don’t look so disappointed,” Dave said, chuckling.

“I’m not disappointed, babe. It’s just that I can lick you anytime I want.”

“Does she?” Lisa asked, laughing.

“Don’t answer that,” Kris warned. “That’s not on the block.”

Kris fetched the whipped cream from the mini-fridge behind the bar and handed it to Dave. He made a big show of trying to decide where to spray it, making Kris impatient. She didn’t expect it when he sprayed a swirl on the top of his shaved head. He wasn’t losing his nerve was he? She questioned if the spot would have been different if it was Lisa licking him. She tilted back his Barcalounger and circled back behind the chair. Kris smiled and winked at the neighbors as she extended her tongue and swirled it around her husband’s smooth head. She caught a hint of the scent of his favorite aftershave when she got close it tickled her down low. Dave always smelled good. His masculine scent was one of her biggest turn-ons. Kris kissed and licked his scalp clean and found she liked putting on a show now that she was casting her inhibitions to the wind—or trying to.

Dave rubbed his still-slick head when she was finished. “Wow, that was great, honey. I should have gone lower.”

“Your loss,” she replied, kissing his head one more time. She went around and placed her block on the top of the tower.

Lisa sidled up to the tower and plucked block #43. *Someone feeds you small candies and after each one, you must say, "Thank you, Daddy." Male player? Feed someone else.* Kris was relieved she didn't get that one. She'd be laughing too hard to get the words out. The die paired Lisa with Dave.

"Everything's coming up Dave this round," he said, laughing.

Lisa fetched a little bag of M&Ms from her duffel from the table and handed it to Dave while kneeling in front of him. Just seeing her friend kneeling before her husband made Kris tense. Dave was grinning like a madman, but Kris knew her husband too well. She saw the fear in his eyes. He wanted it but knew this could all be dangerous. Lisa leaned forward with her hands on his knees and opened her full, ruby lips. His hand trembled as she kissed his fingertips while taking the candy.

"Thank you, Daddy," she said, in a low sultry voice. Dave looked like the blood drained from his face. Kris knew where it was headed.

Lisa extended her tongue and Dave almost dropped the green M&M when he placed it there. She seemed to curl her tongue back into her mouth and slowly chewed it. Dave was beginning to sweat. Was it wrong that Kris enjoyed his discomfort?

"Thank you, Daddy," Lisa cooed, batting her eyes. Even Kris felt that one. She shifted in her seat and squeezed her thighs together.

The room was incredibly still when Dave extracted another green M&M and held it out. Lisa moved up between his legs, pressing her tits to his crotch and tilting her head back. Her mouth opened wide, and she licked her lips like she wanted something more than candy. Dave groaned and Kris gripped her armrest. Lisa was too good at this.

"Please, Daddy. Can I have another? I need more, Daddy," Lisa moaned.

"Fuck," Dave whispered, drawing out the word. Kris didn't think he realized he'd said it aloud.

Lisa wrapped her lips around his thumb and pointer finger, cheeks hollowing as she sucked the candy away from him. Lisa kept on sucking and Dave looked like he was going to pass out. Kris could only imagine how hard he was. Lisa mashed her boobs into him as she sucked. Dave looked like he was going to collapse when she withdrew.

"Mmm, thank you, Daddy. That was *so good*," Lisa cooed, rubbing his legs. "Can I have another, Daddy?"

Hearing Lisa call Dave daddy should have been funny or creepy, but it was incredibly erotic. Kris had never understood women who called their men daddy and suspected it was one of those things that only happened in porn. Lisa cast a spell with it, and Kris was just as captivated as her husband. She wanted to see where her friend might take the role play. She was also jealous. Kris didn't think she could ever be as sultry as Lisa was in that moment.

"I think that's enough, baby. Poor Dave looks like he's about to have a heart attack," Emilio said chuckling.

Kris was so focused on Lisa and Dave that she'd forgotten he was in the room. Emilio looked proud of his wife, without a hint of jealousy. Kris couldn't understand it. She couldn't believe how jealous she felt, as if she'd just watched Lisa go down on Dave. She was burning up too, her pussy buzzing, and it was like the touch of jealousy only made Kris hotter.

Lisa slinked back to her seat and Emilio took his turn with the tower. It was good that Dave had a break. He would have knocked the tower over for sure. Emilio drew block #18. *Take an article of clothing off someone.* Kris was scared and excited when he rolled her.

"Who gets to pick?" she asked. Emilio took her hand and pulled her out of the chair.

"It doesn't say, so I guess I do."

Kris could have argued but didn't want to. He stood close, with his hands on her hips, and her heart felt like it was going to pound out of her chest. His rich brown eyes gazed into her clear blue ones like he was trying to seduce her with a look, and it was working. Kris rested her hands on his arms. The rule-follower in her was ashamed, but she desperately wanted him. She hoped Dave couldn't read it on her face.

Emilio stepped back and assessed her like he was trying to decide what should come off. Kris wasn't thrilled with any of the remaining options. After starting out as the most dressed, she was somehow down to just her bra, panties and skirt. She feared he would reach under her skirt and take her panties, but maybe that wouldn't be so bad. It would still leave most of her covered. Emilio grinned and knelt in front of her, but then he stood. He was toying with her.

"It's so hard to choose. Everything is so tempting," he said.

"There are only three options," she replied.

"Do you have a preference?"

Kris shook her head. “No way. You’ll do the opposite.”

Emilio moved behind her, his hands glancing over her hips and up her sides. Excitement and trepidation battled in her as she was sure he was going to take her bra. Kris didn’t know how she was going to sit there with her boobs exposed to the group. She thought she was ready for this, but it didn’t feel that way now. But Kris was not going to chicken out. She would not be the wimp of the group. His hands glided over her breasts, and she bit her bottom lip. Kris gasped and moaned when Emilio kneaded her tits through her bra. It had been decades since anyone but Dave had touched her so intimately. The hands were so obviously not her husband’s, smaller but stronger, more possessive than Dave ever touched her anymore. His thumbs circled, seeking to feel her nipples pop, but her push-up bra was heavily padded. They still tingled and thickened with excitement, but he couldn’t feel them. Her eyes closed because she didn’t want to see how Dave looked at her while another man groped her. It felt so wrong to let Emilio touch her like that, but it was so exciting. Kris didn’t know why she’d waited so many years to step out and be bad.

“I should take your bra,” Emilio whispered.

Kris shivered.

His hands glided back down her sides and she squirmed and fought back giggles from the ticklish move. She was almost disappointed Emilio didn’t take her bra. She wanted to feel his hands on her naked flesh.

“Ticklish. Good to know,” he said.

Emilio came around in front of her and knelt. He wasn’t taking her skirt. His hands pushed up under the skirt, raising it until he almost exposed her sex. His face was right there. He’d be staring into her pussy. Kris trembled. Emilio showed mercy and only hiked her skirt up high enough to reach up and work his fingers under the edges of her panties. His thumbs brushed across her lips when he felt around up there, and he had to feel how wet she was as she gasped. His digits teased, but only for a moment before he rolled her panties down her hips. They were a flimsy scrap of pink lace that matched her bra. Kris stepped out of her panties, and he smoothed her skirt down before standing and leaning in to whisper in her ear.

“I love how wet you are, Kris. I can’t wait to really feel it.”

Kris went weak in the knees, as aroused as if he’d slipped his fingers inside her. And god, did she wish he had. When Emilio stepped away from her. She finally looked at Dave and his face was unreadable. That was

worse than if he'd looked angry. She refused to let it worry her. He wanted to do this just as much as she did.

Emilio told Dave, "Your turn, big guy."

Dave's hands shook as he removed his block and he almost tumbled the tower, even though it had hardly been touched yet. He took his time reading the number off his block, as if he was afraid of what it might tell him. #6. *Have your partner lift their shirt then lightly rub your lips all over their chest, no licking or sucking.* Dave rolled Lisa and hissed, "Yes!" Kris was piqued by his excitement at landing Lisa. She understood it, but it didn't feel right that her husband was so excited to be with another woman.

Rather than Dave going to her, Lisa jumped up and went to him. She straddled his legs and untucked her blouse from her skirt. It was tight enough over her tits that she had to open more buttons to lift it over them. Her black bra was sheer, and Lisa's thick, dark nipples stared back at Dave. He was essentially seeing all of her tits through her bra. Dave stared at her chest like he'd found the promised land. He was so eager that Kris found it hysterical and had to suppress a laugh, her tension draining away. Dave put his hands on her hips and leaned in toward her.

"Remember, you have to be a good boy. No kissing or sucking," Lisa warned.

"What if I can't help myself?" he asked, not looking away from her massive orbs.

"Then you'll lose a point *and* I'll have to punish you."

Dave maintained control, but Kris could see it was a struggle. He pressed his face into Lisa's deep cleavage and inhaled her perfume. Lisa looked down with an encouraging smile that made Kris's jealousy ignite again. These seesawing emotions were driving her insane. His hands moved up Lisa's side when he started moving his face, rubbing his lips all over the spacious valley between her boobs. He had a lot of territory to explore. Lisa held his head and cooed encouragingly. Dave followed the lines of her bra, going up and down the deep V to linger at the gold charm where it closed in front. A diamond pendant hung low between her breasts, and it looked like he was trying to eat it when he came back up. Dave didn't lose control, but it slipped. His lips glided over the smooth microfiber cups of her lingerie and circled over each of her nipples. Lisa trembled and what escaped her lips was somewhere between a sigh and a moan. Dave moistened his lips

and kept circling her nubs. Lisa dug her nails into his smooth scalp and released a hearty moan.

Kris felt inadequate seeing her husband fawning over her best friend's tits. She objectively had a nice rack herself, but it didn't compare to Lisa's, which brought home old insecurities. She wanted to whip off her bra and flash Emilio. He didn't look jealous at all but excited to see Lisa being teased by his best friend. His hand rested in his lap, lightly rubbing, signaling his arousal at their spouses' display. It was hot if she could be objective. Lisa obviously loved the attention, and Kris was oddly proud to see Dave so ably teasing her friend. Kris didn't know what to do with her jealousy, but as she watched Dave smother himself with Lisa's tits, her feelings began to shift, and her own heat rose. Still, Kris was relieved when a shaky Lisa peeled away from Dave as time ran out.

Lisa looked rather pleased with herself when she strutted back to her seat. Kris's jealousy bloomed. Not only was she jealous about the way Dave panted for her friend like a lovestruck cartoon wolf, but now Kris was jealous of Lisa's confidence. She channeled that jealousy into her competitive streak. It was just the boost Kris needed to get into the game as her turn came around again.

Kris tried to project Lisa's sexy swagger as she drew her block and read it aloud. **#34. Stand in front of a mirror with him behind her. She must keep her arms over her head while his hands explore her body for 30 seconds while they both watch in the mirror.** Kris's new swagger faltered as she read the card and tried to imagine doing something so intimate with anyone other than Dave. She wanted Emilio, but now that she was faced with doing this intimate thing with him, she was scared. Kris took up the die and secretly hoped she rolled Dave. It came up Lisa. She didn't know whether to be relieved or even more frightened.

"Ooo, this will be fun. You guys brought a mirror down, right?" Lisa asked.

"I didn't think of that," Kris confessed.

"You guys could use a phone," Emilio suggested. "Just put it in selfie mode. I'll hold it up for you."

"Let's use the iPad instead. It's bigger," Lisa said, producing one from her bag of tricks. Kris didn't even want to ask Lisa why she thought she'd need an iPad tonight.

Kris tried to keep a brave face as she and the neighbors moved round to the open space over by the bar. She felt Dave watching them, but he stayed in his seat. Lisa unlocked the iPad and handed it to Emilio who held it out in front of them. Dave leaned in his chair so he had a view around Emilio. Kris noticed the iPad was recording and was about to complain when Lisa's touch made her jump. Lisa took the blonde's arms and pulled them straight up over her head, holding Kris's wrists together. It felt like she was bound and restricted, and she felt an electric tingle down below.

"Remember to keep them up there or I'll have to punish you," Lisa warned.

"You seem to really want to punish someone," Kris said, laughing uneasily.

"It can be fun, but I like receiving better."

Lisa was close behind her, mashing her big tits into Kris's back. Her fingers trailed down Kris's arms and then her sides. The blonde giggled and wiggled from the tickle, finding it strangely erotic in that context. Lisa scooted back enough to grab her butt, squeezing and bouncing her cheeks with both hands. It felt silly rather than sexy.

"You really do have a great little ass, Kris. I'm jealous of your ass," Lisa said.

"Thanks, but it's not the ass I wish I had."

"It is a great ass, Kris," Emilio agreed.

"They're right, honey. You do have an amazing ass," Dave chimed in.

Kris was thrilled that Lisa was jealous of her for a change and loved Dave complimenting her. He didn't compliment her ass nearly enough so many years into their marriage. It relaxed her and she leaned back into her friend.

"You have a great everything, hon," Lisa complimented, nuzzling past Kris's blonde hair and brushing her neck with her lips. "I really wish this bra wasn't in my way. Don't you?"

Kris didn't answer because she was trying to keep her breathing steady and disguise how excited she was by her friend's touch. Lisa firmly massaged her breasts, feeling for her nipples through her push-up bra, just as her husband had. But Lisa didn't limit herself like Emilio. She scooped her hands inside Kris's bra and grabbed her warm, soft mounds with both hands. Her long, painted fingernails glanced across Kris's throbbing nubs and the blonde couldn't contain her moan. Kris closed her eyes and

surrendered herself to Lisa's skilled hands. Kris couldn't help feeling slutty because everyone was freely feeling her up. More people had touched her breasts that night than had in over thirty years. Kris was a little ashamed that she enjoyed the slutty feeling.

Lisa snapped Kris out of her reverie by pinching her nipples. Kris whimpered. Lisa gleefully admonished, "Keep those arms over your head." Lisa didn't linger there. She only had thirty seconds to play with Kris. Lisa kept one hand in her bra and shoved the other down the top of Kris's skirt. Kris had no panties to protect her. Her mound was hot and her lips slick. Lisa's fingers slipped through that humid furrow. Those slender fingers pressed deeper between her lips and Kris's knees almost buckled when Lisa tickled her clit. Kris moaned and melted into her friend.

"Open your eyes," Lisa ordered. "You're supposed to be watching us."

Kris did open her eyes, but the image on the iPad screen hardly made sense. She never thought she would be in the arms of another woman. She certainly never thought she would be watching it on video. Kris thought she looked helpless, while Lisa looked completely in control. Seeing herself submissive like that made Kris's sex tighten around Lisa's fingers and sent a tremor through her. This was totally outside her experience, yet it felt so right. Kris saw she and Lisa looked beautiful together. She wanted to touch Lisa back, but she dutifully kept her arms held high like a good girl.

Emilio clearly agreed they looked beautiful together. He leered over the iPad, looking thrilled to see the two women together. He looked from where Lisa touched her to gaze deep into Kris's blue eyes. His message was clear. *I see you. I see how much you want this. You play the good girl, but there's a dirty girl inside you, waiting to break free.* Emilio looked eager to get his hands on that dirty girl.

"Time," Dave called out, sounding testy. When Kris tried to look at him, he looked away. Worry gnawed at her, but Kris was just too horny and dazed to really dwell on that. Maybe it made her a bad wife, but she was too consumed by her own dirty thoughts. Kris was panting when she stumbled back to her seat. Lisa looked triumphant, which both irked and aroused Kris.

Lisa was up next and slid out block #37. *Each of you must remove an article of clothing. Whoever does it fastest gets a bonus point.* "Ooo, this will be fun!" she said.

They all stood and spread out, so they had room to strip. Lisa announced, “Ready, set, go!” Kris hated her options. She was down to only two pieces of clothing, and both would expose so much to the others. She considered losing her skirt, figuring she could sit with her legs crossed and her hands in her lap, but sitting there bottomless just felt wrong. She was not ready to just expose her pussy to the room—even if everyone there had already touched it. Kris wasn’t thrilled about flashing her boobs either, although—again—everyone in the room had already felt her up. Everyone else was scrambling to remove their item of clothing and Kris made a snap decision. *Screw it*, she thought. *Europeans go topless all the time. It’s no big deal, right?* She reached back and hastily unsnapped her bra, letting it drop from her breasts before she could think about it further. The others were so busy losing their own clothing that no one stared. Kris was disappointed.

Lisa didn’t even bother to unbutton her blouse further but yanked the garment over her head. Both guys went for their pants, which meant they had no shot at being the fastest. Lisa was a hair faster than Kris—due to her hesitation—but they were both left virtually topless. Kris threw her shoulders back, thrusting her boobs forward to compete with her friend. Lisa’s big orbs were nicely shaped by her sheer black bra and were essentially on display. Kris was proud that the guys were staring at her chest just as much as Lisa’s, although the men both paid more attention to the other’s wife. Emilio was down to just very tight black boxer briefs, which left no doubt how much he enjoyed seeing Kris topless. His lump was big, and she had to make herself stop staring. Dave still wore his shirt and its tails hung down to hide his crotch, but Kris saw Lisa trying to look. Everyone checking each other out raised the temperature in the room considerably. Kris felt a new energy in the room and a rush to push things further.

Emilio pulled block #32. *Have a three-way kiss. You choose the participants.*

“I guess I’m up then,” Dave said, offering himself up.

“Mmm, that’s hot,” Lisa said, laughing.

“Who’s the lucky girl in that man sandwich?” Kris asked, joining the laughter.

“Do I even have to say who I want for this one?” Emilio asked. “Come on, girls.”

Emilio stood and held his arms out. Kris's stomach flip-flopped when she went to him, trembling with excitement. Lisa pressed to his other side and rubbed Kris's arm and smiled reassuringly.

"Don't be nervous, hon. This will be fun," Lisa said.

"I'm good," Kris replied, gazing at Emilio. He was so handsome, with those kind brown eyes and his mischievous smile. The salt-and-pepper in his goatee gave him character. Kris bet he was so handsome as to be almost pretty when he was a young man.

"We'd better take care of these," Lisa said, lifting Kris's glasses from her face and setting them aside. She gave Emilio a quick kiss and told him, "Go ahead, kiss her."

CHAPTER SIX

DAVE GRITTED his teeth watching his best friend kissing his wife. He knew it would happen and had been preparing himself for it for weeks, but that didn't make it any less startling when he actually saw it go down. Part of him thought—hoped—Kris wouldn't do it. Kris just wasn't the kind of married woman who'd make out with another man. But she was full of surprises. She dropped her bra like flashing her tits was nothing. Dave was proud of the way Emilio stared at his wife's tits, but he still felt a certain jealousy that she flashed them so easily. And watching the way Kris just surrendered to Lisa had been surreal. It was hot. No question about that. Watching Lisa's hands roam Kris's body was the hottest thing he'd ever seen. The image was seared into Dave's brain, and he'd be reliving that for a very long time. But he was still shocked by how easily Kris gave in to her friend. Kris had transformed into a different woman in the space of just a few hours. And now she was making out with the neighbor.

Kris was eager. Dave saw it in her sparkling blue eyes. Emilio ran his fingers through her silky honey-blonde hair and her lips parted, and then they were kissing like it was the most natural thing in the world, and Dave felt like his guts had been thrown into a blender. None of the online reading he'd done about Swinging 101 or Ethical Non-Monogamy did one bit of good. Seeing Kris kiss Emilio was still like being punched in the face. But if it was so awful, why was Dave rock hard?

Lisa was right with them, stroking Kris's hair and caressing her husband's shaved head during the kiss. She whispered something to the others, but he couldn't make it out. Dave knew that Lisa being there, nearly

topless, was enough to make him hard. If he wasn't fixated on watching that kiss, he would have been pouring over Lisa's wild curves. His dick also twitched in anticipation of seeing Kris and Lisa kiss and really go at it. He thought it would happen when Lisa groped Kris, but it hadn't. That was one of those out-there fantasies he never thought would happen. It was so out there, Dave never even really fantasized about it until this game came into their lives. His palms were sweaty, and it felt like he was being torn in two when he saw Emilio slip Kris the tongue. She sucked on it and whimpered—no hesitation at all. It was like Kris had been biding her time, waiting for her chance to make out with Emilio. Being so turned on by something that felt so viscerally wrong made Dave feel dizzy. He also felt like a hypocrite. Wasn't his face just buried in Lisa's tits a couple of minutes ago? That had been pure heaven. Did Kris feel like this watching that?

Heaven returned when Kris broke from Emilio and turned to kiss Lisa. She took the lead, flicking her tongue at her friend as their lips came together. Dave's cock twitched and he moaned. The threesome ignored him. Emilio watched their wives kiss from up close and licked his lips, ready to get back in on the action. Jealousy over watching Emilio kiss Kris turned to envy that he wasn't the one in the middle of the action. Kris knotted her fingers in Lisa's long, curly hair, pulling them together. Kris looked like a woman possessed as she kissed her friend. Emilio caressed their asses as their breasts mashed together. Dave could watch the girls like that all night. The only thing that would have made it perfect was if Lisa was topless too.

The world shifted on its axis again when the girls broke their kiss, smiled at Emilio, and took turns kissing him. That quickly evolved into the three of them sloppily kissing each other, tongues everywhere, like they were learning how three people could kiss at once. Dave's envy faded into the background. He was just fascinated to watch his wife and their best friends together. Lisa squeezed a hand between them and grasped Emilio through his tight boxer briefs, massaging his shaft. Dave almost imagined he could feel her hand on his dick. And then she took Kris's hand and put it on Emilio and Dave was stunned to see his wife wrap her fingers right around that cock and tug it. Dave's prick surged and he realized he was touching himself. He should hate what he was watching, so why was seeing Kris touch another man's dick so hot?

The threesome finally pulled apart and Kris was swooning. She looked like she was in a fog when she fell back into her seat and drained her water.

Kris didn't bother putting her glasses back on. She smiled at Dave, but he saw the worry in her eyes. She worried about what he thought of her behavior. Dave didn't have a clear answer for that. He just knew that his dick was ready to explode, and he was eager for the game to continue, even though they'd crossed into dangerous territory.

"Are you going to go, man?" Emilio asked, chuckling.

Dave was in such a fog, that he'd forgotten it was his turn. He managed to steady his hand enough to draw a block without knocking down the tower. **#12.** *Imagine a spot on your body. Guide your partner's kisses there by saying Warm... Warmer... Hot...* He reached for the die, thinking whichever woman he got, it was going to be awesome. The only question was, did he have to nerve to guide their lips where he really wanted them?

"You don't have to roll, Dave. Does he, Kris?" Lisa said, interrupting before he could roll the die.

Dave froze and looked at his wife. Kris's eyes darted like she was calculating, and she shook her head with a smile. Lisa didn't wait for an invitation but crossed over and knelt in front of Dave again. He was getting used to that view. It was perfect. She looked up at him and innocently batted her dark eyes but couldn't keep the pretense going. Lisa smiled wickedly.

"Choose wisely now," she said.

"I know exactly what I want," he replied.

"Don't give me any hints yet, big man. Finding my way there is the fun part."

Lisa crawled up into his lap, pressing her thigh into his groin. Dave was embarrassed by the wet spot on his boxers. She pulled his face into her cleavage and kissed the top of his head. His skull had never seen so much action.

"Very cold," he mumbled, muffled by her tits.

She kissed his eyebrows and his cheeks and planted quick pecks in his scruffy beard. Dave knew where she was going, but it was still startling when she kissed him. Her tongue slipped right into his mouth, and he dueled it with his own. He instinctively grabbed her big, round ass. He'd been dreaming of grabbing that ass for years. Kris had a great ass too, but she just didn't have as much to grab onto as Lisa—and Dave had big hands. Dave's chest felt tight and his mind swirled as he made out with his best friend's wife. Lisa was a phenomenal kisser. She was one of those women

whose kiss told you she was ready to fuck. Kissing her made Dave want to tear her clothes off and throw her down on the floor. He was panting when she broke the kiss.

“Well?” she asked, amused by the effect she had on him.

“Uh, still cold.”

“Doesn’t feel cold.”

Lisa unbuttoned his shirt and ran her hands over his furry chest before pulling the shirt open and kissing him there. Her tongue flicked at his nipples and Dave stiffened, hissing. Nipple-play had always been torture for him, in a way that was as uncomfortable as it was pleasurable. Kris used to playfully tease him there, but that level of foreplay had fallen away long ago. She didn’t usually waste time on anything but his dick. She didn’t need to.

“Getting warmer,” Dave stuttered.

Lisa pouted. “Aww, I like playing here.” She gave his nipple a hard suck before moving on. Dave groaned.

Dave spread his legs when she went back to her knees and kissed his hairy thighs. She was sucking as much as kissing, and he trembled. It was a relief when she moved on to kissing him through his boxers.

“W...w...warmer...”

Dave had thought about Kris’s hand on Emilio’s cock when he decided on Lisa’s target for this task. It felt wrong, but it was still an easy call. Her lips glided over the thin cotton of his boxers and there she was, kissing his shaft. He was thankful for the cotton barrier because he would have blown his load in two seconds if not for the scant protection. Lisa kissed her way down to the head and then sucked, soaking the cotton to his meat, and tasting his salty precum. Dave’s eyes rolled up.

“Hot!” he shouted. “Scorching!”

Lisa hungrily sucked back up his shaft and then down it again like she was looking for a way to get at his bare cock through the boxers. She sucked the head and Dave gripped the armrests, desperately trying to hold back his orgasm. He had a moment of relief when she sucked his heavy balls through the boxers. It felt amazing, but Dave came back from the edge. And then there she was again, sucking on the head. It felt so good that he couldn’t even imagine what it would be like to truly have his cock in her mouth. Lisa had full lips that were made for cocksucking.

Dave was gasping and shaking. He tore his eyes away from Lisa for a moment to look at his wife. How would she react if he came right then? Kris was red-faced and her eyes were wild. She looked as excited as he was. Dave didn't think Kris would judge him. And he was al...most... there... Lisa brought him right to the edge and sat back on her heels.

"Guess I found the spot," she said, laughing gleefully.

"Uh, yeah," Dave panted.

"He really is a *big* boy. You're a lucky girl, Kris," she said, smiling at her friend.

Lisa smoothly rose to her feet and blew Emilio a kiss on the way back to sit beside him on the couch. Dave tried to still himself. He didn't think there was any way he'd drop that block back on the tower without knocking it to the table, but he managed.

Kris charged out of her seat, ready to go. Dave knew seeing Lisa's mouth on his cock affected his wife, he just didn't know exactly how. He was about to find out. She drew #48. *Kiss someone. Anywhere of your choice.* She threw a quick look back at Dave before going right to Emilio. Dave didn't know if she looked worried, horny, or angry.

Dave was in disbelief when Kris pulled down Emilio's boxer briefs and popped his cock right into her mouth. Even after seeing her making out with Emilio, his brain told him this had to be a hallucination. There was no way Kris just went right over to their neighbor, knelt, and started blowing him without a word. Kris never did anything like that to Dave in all their years of marriage. She blew him—not as often these days—but she never just knelt and started sucking unprompted. Sweet, proper Kris seemed to be gone. He just wondered if she was gone for good, or if his wife could come to her senses in the morning. Did seeing Lisa's mouth on his cock—even with underwear in the way—break Kris? Seeing her just go for it made Dave think Kris was ready for anything. It was all on the table now.

Everyone watched Kris perform. Emilio only had eyes for her, which made sense since his cock was in her mouth. He stroked her blonde hair and stared down at her with pride. It came off as arrogant, like of course, Kris couldn't wait to suck his cock, but Dave let it go. Lisa watched it with naked lust. She even squeezed her own tits and pinched her nipples as she watched Emilio getting blown. Dave didn't understand how she wasn't at all conflicted. He started to believe their neighbors were secret swingers.

Dave *was* conflicted. He should have been horrified watching his wife eagerly sucking his friend's cock, but he was so turned on his balls ached. He couldn't take much more without getting off. Watching Kris in action was weirdly erotic, and he wished he had a better view. All he could see was her blonde head steadily bobbing up and down. Kris worked that cock like a champ, and he was proud of her in a twisted way. She was just as good a cocksucker as Lisa when she put her mind to it, as Emilio was clearly learning.

"Ohh, Kris baby, suck that cock...yeah baby...just like that...take it nice and deep," Emilio moaned.

"Is she good? Is she sucking that cock good?" Lisa asked, leaning closer to get a better look at Kris in action.

Kris stopped bobbing and held him deep in her mouth. Dave thought he might be down her throat and couldn't believe his wife wasn't choking. Emilio's fingers tightened in her hair, and he held her head in place. Dave heard the wet sounds of Kris sucking, and then her struggling to breathe. Emilio kept her there. Dave's anger surged, but so did his cock. He stayed in his seat. Watching Kris choke on another man's cock was the hottest thing he'd seen. He grew angry at himself for loving it.

"Aww, yeah, Kris, you suck that thing like you love it, baby. Keep that up, I'm gonna nut," Emilio moaned, releasing her.

Kris pulled back and Dave heard her suck in a lungful of air, but then she had that meat right back in her mouth. She sucked it faster and with purpose. Emilio took Kris's hands from his crotch and moved them behind her back. She was only using her mouth. Seeing him taking control of his wife drove Dave insane. He loved it and rubbed himself, thinking he might come before Emilio. It felt like he'd been forgotten in the room, but he didn't care. He was excited to see the show. But he wasn't forgotten. Lisa looked over at Dave and licked her lips like she couldn't wait for her turn.

"Kris, baby...I'm gonna...I'm gonna...fuck..." Emilio cursed, throwing his head back and pushing his hips at her mouth.

Dave's mouth hung open and he thought he might pass out from watching his wife swallow another man's load. Kris wasn't a swallower. What the hell was going on?

Hearing Emilio's praise only made Kris suck harder. She looked up at him while she sucked and that look on his face sealed it for her. She wanted to make him come. She'd always been a people pleaser, and this was really no different. And after seeing the way Lisa drove Dave crazy, Kris had something to prove. Lisa didn't finish Dave, but Kris was going to make Emilio shoot his goo—even if he shot it down her throat.

Kris wasn't surprised that her husband guided Lisa to his crotch for the last turn, but it was still shocking to see Lisa's face buried there while Dave tried his damndest to keep from coming. It didn't matter to Kris that his underwear was on. Lisa's mouth was on his dick and that still counted. Seeing how much he loved it, Kris regretted that she hardly blew him anymore. She'd done it several times since they'd discovered the game, but before that, blowjobs had become rare. Kris considered that maybe Dave wouldn't have gone right for it if she'd been more generous with her own mouth.

Watching Dave like that was fascinating. Kris still found him sexy after all these years and had always enjoyed seeing him getting off but watching it from the outside made her appreciate how sexy and passionate her man really was. Dave was a man of big appetites, and that included sex. Watching Dave and Lisa together inspired her, in the best, sluttiest way possible. Not only did she want to be in Lisa's place, sucking Dave's cock, but she wanted Emilio's too. Dave taking that step freed Kris. She felt free to do whatever she wanted. After burying his face in Lisa's tits and having her mouth on his dick, Dave couldn't say a word about what Kris did. She was still jealous seeing her husband with Lisa, but it went down easier knowing she could freely enjoy Emilio. And when she'd drawn her block, Kris knew exactly what she wanted.

Emilio had a beautiful cock. He was fully shaved down there, which made kissing and sucking his cock a joy. Kris even sucked his bare, clean balls, something she never did for Dave. Emilio had a pleasant upward curve, and was very long, a couple of inches longer than her husband, but not as thick. Kris had a nice, wide mouth and had no trouble stretching her pretty lips around him. She did have a problem, though, when he hit the back of her throat. Emilio wasn't aggressive, not at first, and she just backed off, but he wanted it in her throat. Kris was sure Lisa was the type to deep throat her husband, so Kris had to do it better. She reached back to those long, lost college skills when she'd go down if a boy was cute enough

and she'd had enough drinks. Kris was a good girl, but even good girls like to suck dick.

Emilio became more aggressive the harder she sucked, and when he pushed it past the back of her throat, she relaxed. He held it there and Kris ran out of breath, but she stayed in place, her eyes watering. She kept sucking like she could draw air from his cock. Emilio taking control made her pussy throb. She loved how he made her take his cock down her throat. It had been years since she felt truly possessed—Dave was a great lover, but not particularly aggressive—and she forgot how much she'd missed it. Emilio pushed it right to the edge—Kris was dizzy—before he finally let her breathe. She gasped for air but wanted that dick back in her mouth. She didn't care how slutty she looked.

Kris dove right back on that cock and sucked like a woman possessed. Emilio was close. She could feel it. She tried to use her hand to pump him, but he just wanted her mouth and put her hands behind her back. Kris pretended her wrists were cuffed again and it made her pussy drip. She sucked even harder, and he bucked his hips, shoving his cock into her mouth.

“Kris, baby...I'm gonna...I'm gonna...fuck...”

It was a warning. He didn't expect her to swallow, but Kris kept her mouth on him and felt him spurting into her mouth. She sucked his head, swiping her tongue over his head as several jets of his thick seed shot into her mouth. Kris had never wanted cum so badly in her life—even when she was trying to get pregnant. She sucked until she knew she had it all and finally let him slip from her lips.

“Damn, Kris. It's always the nice girls who are the naughtiest, isn't it?” Emilio said, stroking back her hair affectionately.

“We can be when we want to,” she replied, beaming at his compliment.

“You're sexy as fuck, hon. Come here,” Lisa said.

Lisa pulled her over and thrust her tongue into Kris's mouth. Kris knew she wanted to taste Emilio, and she was happy to share. Lisa's lips were so soft and her kisses so hot. Kris was learning to love kissing her best friend. That first kiss left her weak in the knees, and this one made Kris wish she was on her back. Kris swooned when she turned to go back to her seat.

Dave looked shell-shocked and she didn't know what to think. His dick stood up like a flagpole in his lap and Kris was tempted to kneel and take care of him too, but that wasn't the game, and she was still the rule

follower. If anything, that trait made her naughty behavior easier. Kris was just following the rules and doing what she was told. In this case, being bad was being good. But Dave's expression worried her. Would he ever look at her the same again? She thought it would be a good idea to pull Dave aside for a time out, but Lisa was already up and ready to take her turn.

Lisa's hand was rock steady as she pulled block #21. *Lick whipped cream off someone's body part. Your choice.* "Ooo, I love this one," she said, grabbing the whipped cream can off the table.

Kris was surprised when Lisa came to her. She was sure Lisa would use the whipped cream to finish Dave and one-up her. It was what competitive Kris would have done. Lisa hovered over her, with a knee on the edge of the Barcalounger, between Kris's thighs. Her fingertips glided over the blonde's breasts, so light Kris barely felt it, and it gave her the shivers. It was strange to just be touched like that without being asked. Lisa showed the same entitlement to Kris's body as Emilio had, and Kris loved it just as much. She closed her eyes and moaned when Lisa massaged her soft, round orbs. She heard the shake of the can, followed by the hiss, and her eyes shot open when the cold whipped cream sprayed all over her chest.

"Mmm, my favorite dessert. I just wish I had cherries to top it," Lisa cooed, setting the can aside.

Lisa gave her a soft, deep kiss that left Kris aching for more before dipping down to lick her whipped cream covered tits. Kris watched with fascination while Lisa's pointed tongue flicked around, collecting the sweet, white treat. It was a terrible tease because Kris wanted to feel her friend's mouth, but Lisa took her time working her way through the whipped cream. Lisa supported Kris's pert rounds with both hands, massaging as she licked. Kris's rosy tips were already stiff and tingling from the cold cream and she started when Lisa's warm, slick tongue swiped them. The tip of her tongue circled over and over, plucking at those nipples until Kris whimpered and trembled. Her nipples were supremely tender, and Lisa teased her like she knew it. Kris had had one boyfriend who used to make her beg for his dick by teasing her boobs. He worked her into a frenzy where she would agree to almost anything. Lisa was on that track. By the time her puckered lips enfolded Kris's throbbing buds, the blonde wanted to scream. Kris let rip a deep sob of a moan as her friend sucked the nibbled at her tender flesh. She dug her nails into Lisa's scalp and forced her to focus on one nipple at a

time. Kris wasn't usually so aggressive, but there was only so much teasing she could take.

"Kris's got great tits, man," Emilio commented. Her eyes were closed while she enjoyed his wife's mouth. She didn't dare open her eyes and break the spell.

"They are amazing. They're as perky as the day I married her. I'm a lucky guy," Dave agreed.

Kris didn't agree with that. They were barely half as large as Lisa's and while gravity had been kind to them, with an assist from good genes, her boobs were not the firm, upturned set she'd had in her twenties. They had more hang, but they were also larger, after they'd swelled with childbirth, like large grapefruits. Every man would stare, so she'd never do it, but Kris thought she could almost get away going out braless. Emilio's compliments tempted her to try it.

"Watching those two is fucking hot. We should have done this years ago. Why doesn't either of us have a hot tub?" Emilio asked.

Dave laughed. "Kris's not the type to go topless in a hot tub."

"You may need to rethink that. Seems like Kris is full of surprises."

It was funny to have the guys commenting on them like they weren't there. It was like they were just watching a dirty movie, not two live women. But Kris didn't think too much about it. Their comments drifted to her through the cloud of lust and need that enveloped her. Lisa's hungry mouth had her out of her mind. If she kept going, Kris was going to need someone to fuck her right away—a desperate need she rarely felt. Lisa finally lifted her shiny face from Kris's throbbing melons and grinned.

"I think I got it all. You're nice and clean," Lisa said.

"Bitch," Kris replied, laughing. "You're a horrible tease."

Lisa kissed her and said, "I'm just playing the game, hon." She slinked back to the couch, where she rubbed her husband's crotch. She asked Emilio, "Did you like the show, baby?"

"You know it. All the challenges should be you two now," he enthusiastically replied.

"Not *all* of them. You don't want me to have all the fun, do you? I can feel you getting excited again."

"You're right as usual, Lis."

Listening to their best friends plotting what they wanted to do to her sent shivers of pleasure right down to Kris's pussy, which desperately

needed attention. She was about ready to willingly turn herself over to them for whatever they wanted. Kris thought Dave would enjoy that show.

Emilio drew a block and the tower teetered, but it stayed up. Kris did not want him to knock it over. She never wanted the game to end. It was too much fun. But she was also afraid of what came next. They wouldn't just go to their separate bedrooms and make love to their spouses. Kris wanted Emilio—*god did she want him*—but she still feared giving in to that urge. Emilio read out his number. **#46.** *Order all female players to remove an article of clothing.*

Kris was relieved she'd have a moment to breathe and gather herself before being touched again. It was embarrassing how close she was to losing control. And then she realized she was down to one piece of clothing. Once her skirt was gone, Kris would be nude in front of everyone. She'd adjusted to being topless in front of everyone and was even enjoying the way the boys kept staring at her boobs. *You can do this*, she told herself. *Everyone's seen or touched everything anyway.*

"I guess you guys are going to make me do this," Kris said, playing coy.

"It's only fair. We could always give you a dare instead, since you're down to your last piece of clothing."

Taking the dare could have been fun, but Kris was ready to go. "That's okay. I've got this."

Kris grinned, feeling liberated from her old modesty. She stood and wiggled out of her skirt. Everyone stared at her nude body and the old instincts kicked in. Kris almost covered herself. She sat and crossed her arms and legs. It was like she was ping-pong between extremes—wanting all the attention and wanting to cover her modesty. It was head spinning.

"You look amazing, hon. You should be proud to show that bod off," Lisa said.

Lisa dropped her little skirt, revealing the tiniest of black thongs. She technically wore more than Kris, but she might as well have been naked. Dave may have felt a certain way about all of the attention she was getting, but Kris noted that he wasn't shy about giving his attention to Lisa. Dave looked like he was about to pounce on her from across the table. He kept watching Lisa as he went and drew his block.

Dave scored block **#26.** *Give 3 spanks to the person to your left. Or get 3 spanks from the person to your right.* He looked confused, but the choice was easy. Emilio was not going to be spanking him, but it did mean Kris

was his target and he didn't get to play with Lisa—unless they suspended the rules again. Kris tried not to take his obvious disappointment personally.

“Ooo, that's a fun one,” Lisa said. “Do you guys do discipline often?” She was not letting Kris off the hook.

“That's not a thing we do,” Kris replied, knowing it wasn't a surprise.

“Yeah, she's not into that,” Dave added.

“You don't know until you try,” Lisa said.

Kris had an old boyfriend who used to swat her butt when they did it doggie and that was fun, but she didn't consider that being spanked. It just happened. Although she'd always liked take charge lovers—not that she'd had *that* many men before Dave—but she'd never even fantasized about being dominated. It just didn't occur to her, and Dave was too much of a teddy bear to ever ask for it. She couldn't imagine him ever wanting to hurt her.

“Assume the position,” Lisa said, when the couple just sat there.

Dave and Kris got up and looked around. She didn't know what she was supposed to do. Lisa sighed, exasperated. “Let me help you guys.” Lisa jumped up and turned Kris around, bending her forward to face the chair. Her ass stuck out at everyone, and she was acutely aware her panties were gone. She tried squeezed her thighs as tight as she could. Kris didn't love her butt. She never got it as toned as she wanted it, no matter how much she worked out. She was much more comfortable with everyone staring at her boobs than her butt. Lisa caressed Kris's upturned cheeks.

“I know how to make this even better. Come over here, hon,” Lisa said.

“What are you doing, Lis?”

“Just trust me,” Lisa insisted. That felt like the last thing Kris should be doing.

Lisa guided her to the couch and bent her sharply over the arm. Kris fell forward, her face almost in Emilio's lap. He didn't seem to mind. Lisa said, “Here, this will make it more fun.” Before she could react, Kris's hands were behind her back and Lisa was snapping the handcuffs on her wrists.

“Hey! That's definitely not part of this!” Kris complained.

“Be a good sport. You don't mind, do you, Dave?”

“I think it's great,” he replied. Dave sounded amused, but Kris couldn't see him because her face was down in the couch, and she had no way to push herself up. She turned her head so she could at least breathe.

“Don’t be gentle,” Lisa advised. “Kris’s been pretty bad tonight. She needs to be punished.”

“Stop giving him ideas,” Kris protested.

Emilio stroked her hair and smiled down at her. “Shh, I have a feeling you’re going to like this.”

Dave’s palm landed on her cheeks, and it wasn’t so bad. Her flesh jiggled, even though he’d barely put any force into it. Kris remained self-conscious about her ass. He did it again, a little harder the second time. That one stung and she squirmed, but she took it.

“Come on, baby. She’s been a bad girl. She needs this punishment,” Lisa cooed. Kris wished she could see behind her. She pictured Lisa right there, whispering in Dave’s ear. It was like Lisa was controlling them both now.

Dave swung harder and Kris yelped when his palm landed. The sting radiated through her body. Kris did not like that—at least she didn’t think so. Unfamiliar heat radiated through her body. Her pussy began to tingle with her ass stinging.

“Okay, those were good practice, but now it’s time to really do it,” Lisa said.

“Hey, the instructions said 3 times. Let me up!”

“Don’t listen to her. She just wants to escape her punishment,” Lisa taunted.

“You’d better listen to me. I’m your wife!”

“Do it, baby. Trust me, she’ll thank you later.”

“Lis, stop it!” Kris protested. Her words were cut off by a stinging slap to her ass. Dave was spanking her like he was truly angry. Kris feared she’d gone too far and broken something in him.

CHAPTER SEVEN

DAVE LOVED his wife's ass. He always had. He loved it even more now that it had a bit of shake to it. Her tight, young ass had been incredible, but this version was sexier, womanlier. Her pale cheeks were turning rosy. Dave really did love ample curves on a woman, which was why Lisa had such a hold on him. He'd been dubious about spanking Kris hard, but when Lisa encouraged him, he went for it. He'd spanked Kris twice and had one more shot.

"Come on, baby. She's been a bad girl. She needs this punishment," Lisa cooed. She was right there, her tits pressed into him and her hand rubbing his thigh, just short of his cock. It was torture.

Dave's balls ached. He *really* needed to get off. It wasn't fair that Emilio was the only one who'd gotten to come—and it was Kris who did it. She was his wife. If she was getting anyone off, it should have been Dave. He was already such a deranged swirl of emotions that it was easy for Dave to flare genuine anger that Kris had gotten Emilio off with her slutty mouth. It didn't matter that part of him had loved seeing it. He brought his hand down hard on her ass and it rewarded him with an awesome shake. Kris yelped and tried to move away from him, but she was helpless in that position with no use of her hands. His handprint blossomed crimson on her cheek. Dave felt queer satisfaction in his work. He'd never felt the need to push Kris before, but he liked doing it now.

"Okay, those were good practice, but now it's time to really do it," Lisa said, moving her hand to his cock.

"Hey, the instructions said 3 times. Let me up!" Kris protested.

“Don’t listen to her. She just wants to escape her punishment,” Lisa taunted. She rubbed his cock and Dave groaned.

“You’d better listen to me. I’m your wife!”

“Do it, baby. Trust me, she’ll thank you later.”

“Lis, stop it!” Kris protested.

Lisa took her other hand and pressed it between Kris’s thighs. His wife stiffened and moaned, pushing her pussy back at Lisa’s hand. Lisa rubbed her down there and Dave heard his wife squishing with excitement. Dave couldn’t recall hearing that sound from Kris when she was with him. She needed to learn to appreciate him more. He thought it was a joke, but there was a grain of truth to it.

“She loves it. Listen to her moan. Give her what she wants,” Lisa taunted. “Make her ask for it. That always works best.”

Kris started to protest, but Lisa pressed harder into her gash and her words died in a moan. She rubbed Kris without mercy and the blonde trembled. Emilio was stroking her hair and Dave felt a stab of jealousy that he was involved.

“Do it, honey. Ask for it,” Dave said.

“Please,” Kris whispered. He hardly heard it. Lisa’s fingers dug deeper between Kris’s thighs to find her clit. “*Please*,” Kris begged.

Dave swung his hand wide, and it landed on Kris’s trembling cheeks with a loud crack. She cried out, something between a wail and a moan.

“Count them,” Lisa ordered. Dave was in awe of her. She had one hand on Dave’s dick and the other on Kris’s cunt, and she was in complete control of them both. He would have done just about anything she asked him to.

“One,” Kris whimpered, a tremble in her voice. Without being prompted, she asked, “Another please.”

“Do you deserve it? Have you been bad, Kris?” Lisa asked.

“Yes, I’ve been so bad tonight...”

Lisa nodded and Dave whacked his wife’s ass again, harder still. Her previously creamy white cheeks glowed red, but she gave a deep, satisfied moan. Dave almost came in Lisa’s hand. Seeing his wife submit like that was mind-blowing. He’d never wanted her more.

“Oh god...two...uhn...”

“Just one more, hon. Ask Daddy for one more,” Lisa cooed.

“One more, Daddy. Punish me, *please*...”

Dave spanked her hard, one more time. Kris squirmed and cried out, and Dave knew she was coming. She shook all over the couch, gasping and wailing. Dave wanted nothing more than to stick his cock in his wife. But Lisa was on her knees beside him.

Lisa yanked down his boxers and wrapped her full, soft lips around his shaft. It was like he'd been sucked into a Hoover. She bobbed rapidly, sucking with incredible force, and then held him at the back of her throat. Lisa sucked dick like a pro and Dave shot his pent-up load right down her throat. He hadn't come that fast since he was a teenager. He grabbed the back of her head and forced her to keep him at the back of her throat. Lisa didn't struggle but just kept sucking until she had every last drop. Dave staggered back and held onto the wall for support. She stuck out her tongue, showing Dave his own cum, and then swallowed it.

"I think that was the best round yet," she said gleefully.

Kris had melted into a puddle and didn't struggle when Lisa pulled her to her feet and pushed her down to sit beside Emilio on the couch. She said, "I think you'll have more fun that way." Emilio put his arm around her, and she snuggled into him. Lisa came over and deposited herself in Dave's lap when he sat. Seeing Kris in Emilio's arms emboldened Dave, and he playfully groped Lisa's tits.

"It's your turn again, baby," Emilio told Kris. She looked like she'd forgotten all about the game. Dave was dying to know what was running through his previously proper wife's mind.

Kris blinked and seemed to recover. She looked at Lisa in Dave's lap and her spine stiffened with resolve. "How can I pull a block with my hands cuffed? You know what happened last time."

"Does anyone mind if I pull the block for her?" Emilio asked.

That's not the only thing you want to do for her, Dave thought. He smiled and replied, "I don't see why not." The game didn't matter anymore anyway. They were just looking for excuses to play with each other. Dave didn't think they even needed the game at all anymore. He was ready to go off-script.

"Go for it, baby," Lisa agreed.

Emilio squeezed out past Kris and drew block #40. *Put on slow, sexy music, make out and grind together.* He couldn't stop grinning after he read the instructions. Kris looked as nervous as excited, which Dave thought was

silly. She'd already sucked the guy's cock. How could this bother her? But in little moments like that, he saw the Kris he knew peeking through.

Lisa snatched up her phone and said, "I know the perfect song." She put on a slow R&B jam and Emilio pulled Kris into his lap, straddling him. She was at his mercy with her hands cuffed behind her back. He brushed back her hair and pulled her lips down to his and slipped his tongue into her mouth.

Emilio grabbed her ass with both hands, pulling her tightly into him. Kris ground into his crotch. Watching it was incredible. Even after everything, it was still mind-blowing to see Kris just going for it. With her taking the lead on the grinding, Emilio moved his hands to her tits. She tilted back so he could massage her tingling orbs. He strummed her tender buds and she moaned into their kiss. Emilio tore away from their kiss and sucked a nipple into his mouth, lashing it with his tongue.

"Ahh...yesss..." Kris gasped, fighting against the handcuffs. Dave loved seeing her helplessness, even when it came at the hands of another man.

"Do you think they'll stop?" Lisa asked, wiggling her butt against Dave's reviving cock.

"What do you mean?" Dave circled her nipples with his fingers, teasing through her sheer bra. He liked the way it made her shiver.

"I mean that I think they're headed for liftoff. I bet if my hubby tries to fuck sweet Kris, she's going to beg him for it."

Dave was suffering from serious sensory overload and couldn't think about that—even if it was a very real possibility. He couldn't tear his eyes away from his wife and best friend hooking up. It was surreal to see Kris and Emilio going at it like they were a real couple. It made his brain hurt, like nothing made sense anymore. Cats and dogs would be living together next. It didn't make sense that rather than pulling Kris off Emilio, Dave was getting hard while watching them. Between the live sex show in front of them and Lisa's voluptuous body parked in his lap, Dave was recovering his erection in record time. It was like he was twenty all over again.

"They're not going to do that." Dave didn't sound like even he believed it. Kris wanted to fuck Emilio. Dave saw it in her body language. She was grinding so hard on his lap that it was like she was trying to will his dick inside her. It probably would have been if not for Emilio's underwear.

Lisa laughed and kissed his cheek. She was watching their spouses too but didn't show any of Dave's ambivalence. She was there for it. "Why? Because the card didn't tell them to? Don't you think we're past following the rules?"

He knew it was true but still hesitated to leap over that last hurdle. It was easy to do those things when he was playing along with the game. He didn't have to take responsibility for his actions. Dave wanted his piece of Lisa but felt that would be breaking his marriage vows, and that was hard. As he watched his wife grinding on Emilio and moaning while the man sucked on her tits, it didn't appear that Kris had the same hesitation. It seemed that she had made her decision.

Dave answered by unhooking Lisa's bra and tossing it away. He buried his face in her massive, pillowy tits as he'd been longing to all night. But even as he smothered those beautiful orbs with kisses, he kept an eye on his wife. Dave couldn't look away. But he did enjoy Lisa. She had thick, dark nipples that begged to be sucked. He was aggressive, biting and pulling them.

"Yeah, baby...fuck that's good. You don't need to be gentle with me, baby. I like it rough," she moaned. It only emboldened him. Dave wanted to enjoy those globes all night, but Lisa pulled him into a deep kiss.

Everyone else had made out at some point in the evening, but Dave hadn't gotten a chance. He pounced on Lisa like he'd just been released from prison. She was just as aggressive, nipping at his tongue and biting his lip. She also took his hand and shoved it between her legs. Her tiny thong offered no resistance, slipping right to the side. Lisa was so smooth he suspected she was waxed. Her smoothness drove home that this was not his wife he was touching. Kris usually kept a light coating of fuzz down there, although she'd shaved that down to just a clean little strip above her lips for game night. His fingers slipped all over Lisa's sex as he smeared her copious juices all around. He finally found her slit and shoved two fingers inside her.

"Fuck yeah, Davey...ooo that's good...my puss is so hot. Do you feel it, baby?"

"Oh yeah Lis, you're fucking hot," Dave grunted, imagining what that snatch would feel like on his dick.

"You wanna get your dick inside me, don't you, Davey," she teased. "I feel how hard you are."

“Yes ma’am!”

Lisa had caught him looking past her at their spouses. Dave became embarrassed and looked away, but he was afraid that if he took his eyes off them, the next time he looked Kris would be on her back with Emilio pounding away in her.

“It’s okay, baby. Watching them is hot, isn’t it? Kris’s so fucking sexy and I love the way she responds to Emilio. They’re so sexy together. I know you love watching them as much as I do.”

Dave didn’t answer. He didn’t want to admit it. Instead, he thumbed her clit. Lisa stiffened and gasped, spreading her thighs wider to give him freer access to her. But she was not distracted.

“They’re hot together, admit it,” she hissed in his ear.

“Yeah,” he whispered.

“You like seeing Kris be bad, don’t you?”

“Yeah,” he replied, louder. Lisa’s hand had found its way between them, and she rubbed his cock, making it easier to admit the truth.

“I always thought there must be a little slut in there somewhere. She’s too much fun to be that buttoned up in the bedroom. Do you like seeing her slut come out, Davey?”

“Yeah.”

His thoughts kept getting cloudier. Lisa’s suggestions filled his head with forbidden, dirty thoughts about his wife. It was like Lisa saying those things made them true. He’d fallen in love with Kris because she was so sweet, so level-headed, but maybe part of him always did want to see her cut loose like this. It was thrilling to see such a good girl breaking so bad.

“You’re gonna love seeing Emilio fuck her, Davey. It’ll be so hot when he makes her scream,” Lisa taunted.

Dave had enough teasing. It was probably Lisa’s plan all along to push Dave to take action. It was like Emilio fucking Kris was a reality in his mind now and he would be damned if he didn’t fuck Lisa too. He deserved it. He tolerated the other couple’s hands all over his wife all night. It was time Dave got his. He pushed Lisa off his lap, and she knocked against the table, sending the game bricks scattering everywhere. The tower was destroyed, but it didn’t matter. Dave was done playing games. It was time to fuck. But first, he had to taste her. He dropped Lisa in the Barcalounger in his place and ripped off her thong. Lisa smiled and growled.

CHAPTER EIGHT

KRIS HADN'T DRY-HUMPED like that since high school, although there was nothing dry about it. She had soaked them both. Emilio's crotch was covered in her juices. By the time he nudged her off his lap, Kris thought she would die if she didn't get a man inside her. She was ready to beg Emilio for it. Her martial vows didn't slow her at all. Kris was past that. In her mind, she reasoned that they had free reign to do as they pleased tonight. It was funny. She'd been the rule follower for so long that now that she was ready to break the rules, she wanted to break them all. And if Emilio didn't want to fuck her, she would reclaim her husband from Lisa and make him take her right in front of their friends. Imagining doing it in front made her tremble with excitement.

Dave was not available when Kris turned around. He was finally nude, and on his knees in front of Lisa. Her legs were spread wide over the arms of the Barcalounger and his face was buried between them. Now that she wasn't distracted, the wet sounds of her husband eating her friend's pussy filled Kris's ears. She was shocked by the sight. Kris hadn't given any thought to what their spouses were doing while she was grinding on Emilio but was still surprised they'd raced ahead. It seemed the pretext of the game was over. Lisa had been staring down at Dave but noticed Kris and looked up with a dreamy smile.

"Suck my clit, Davey," Lisa moaned. "Aww, that's so good, baby."

Kris was frozen watching them, but she looked away from Lisa's gaze. Locking eyes while Dave went down on her best friend was just too weird. But Kris kept watching. It was fascinating. Lisa had a hand on the back of

Dave's shaved head, keeping his mouth plastered to her, but by his loud licking and sucking, he didn't need the encouragement. Dave attacked that pussy like he'd been waiting for it his whole life. Kris's jealousy bloomed. She remembered when Dave would lick her peach until she begged for mercy, but that had stopped long ago. She wanted her husband to show that enthusiasm when going down on her. It didn't seem fair that Lisa was enjoying his talents when it had been so long since he'd done it for Kris. Part of her wanted to knock Lisa aside and jump in her place. She'd never experienced so many whipsawing emotions so quickly in her entire life. One second Kris was aroused out of her mind, the next she wanted to call everything to a halt. Most confusing of all, Kris didn't understand how she could be so turned on by watching Dave with Lisa but also be so jealous at the same time.

Emilio saved Kris from overanalyzing her feelings further. He slid in behind her, hands on her hips, and kissed her neck. She leaned her head back on his shoulder and reached for him with her cuffed hands. She found his package and massaged it. Feeling his hardness reminded her how badly she wanted to be fucked.

"You have to admit, they look good together," he whispered in her ear, nibbling on her lobe. Kris loved that and moaned.

"I don't know. It's just so weird. How can you be okay with it?"

It was even weirder because Lisa was actively watching them together while Dave pleased her. Emilio's hands cupped Kris's breasts from behind and he tweaked her throbbing buds until she thought she would melt. Lisa didn't look like she shared any of Kris's internal conflict. She just looked thrilled that everyone was getting off.

"You need to learn to embrace it, Kris. Learn to take pleasure in seeing Dave get off and you'll begin to appreciate the gift of being able to see how sexy he is to you when he's performing. It's a perspective most people don't get on their partners," Emilio said.

"Is that what you and Lisa do?"

"Among other things," he replied mirthfully.

Lisa cried out, drawing their attention. Her huge tits quaked as an orgasm made her tremble from head to toe. Kris got some of what Emilio said. She was proud that her husband made Lisa come so hard. It reminded her that Dave was a man, and not just her husband and a father. All those carnal things that had ignited her when they were younger were still inside

him. Seeing Dave get another woman off like that did make Kris want him more.

The attention on her breasts was driving her crazy. Emilio pinched and gently pulled her nipples, bringing Kris right to the edge between pleasure and pain. She could have been disoriented by what she was watching, but it intoxicated her. It felt like her pussy thrummed in time with her nipples and her entire body was one big sex organ. She tugged on his cock behind her, hoping she could urge him to put it inside her. If her hands weren't cuffed, Kris would have taken charge, but she was beginning to really enjoy being at his mercy.

"I want to fuck you so bad," he whispered to her.

"I've been waiting," she moaned.

"Tell me you want it, Kris."

"I want it, Emilio. I want you inside me."

"I thought you'd never ask."

Emilio pulled her away from the other couple and around to the other side of the coffee table. He bent her forward with a hand on her back and held her out by her cuffed hands. His finger slipped through her slick furrow, and she wagged her butt back at him.

"You want it?" he asked.

"Yes, I told you," she impatiently whined.

"Feels like you're ready, Kris."

"Yes...please...are you going to uncuff me?"

"I don't think so. I like you like this. And I think you like it too."

Kris was pushed to her knees, her nipples grazing the coffee table, and Emilio was right behind her. His tip touched her, and she gasped. He slipped it right inside her and she whined, pushing back. He *had* to stop teasing her. He tightly grasped both her arms, holding them out behind her back, forcing her to bend further forward, and rammed his cock to the hilt. She wailed and grasped him tightly in her silky, hot canal. Her pussy held his prick like she was afraid he'd take it away again. Emilio wasn't as thick as Dave, but he filled her completely, his longer shaft touching places that hadn't been touched in years. Emilio felt nothing like her husband inside her, and that difference thrilled Kris. She couldn't pretend it was her husband fucking her, and that made her feel so dirty. Kris was truly learning to love feeling dirty. Emilio held her arms by the chain linking her cuffs, making them dig painfully into her wrists. Kris felt helpless, and she loved

that too. She loved everything about what Emilio was doing to her. And then he took it to the next level when he started pumping his cock deep inside her.

Dave would have dined on Lisa's sweet gash all night, but he yanked away when he heard his wife cry out. A chill went down his spine. He understood what that sound meant. He almost didn't want to look, but he had to. Dave stayed on his knees between Lisa's legs, but he turned around to see Kris bent over the coffee table with Emilio hammering behind her. Her mouth hung open and her blue eyes were wide and wild. Kris's hair fell in her face, but he still saw her clearly. He saw how badly she wanted Emilio to fuck her.

It burned Dave that Emilio looked so powerful and dominant behind her. A lot of that was because his wife was still handcuffed while Emilio took her. Dave didn't understand it. Kris was only cuffed for the game. Why did she leave the cuffs on? Why was she letting Emilio use her like that? Dave had to believe that she had some secret submissive kink, and it bothered him that another man discovered something he'd failed to uncover in all their years of marriage. Should Dave have been tying Kris down and spanking her all these years? He didn't know what to think.

"Looks like they're ahead of us again. We can't let that stand, can we?" Lisa said behind him. She leaned over in the chair, wrapping her arms and legs around him from behind. She sweetly kissed his shoulder.

"I just can't believe she's..." he murmured.

"Oh, don't take it personally, big man. Emilio has a special talent for bringing out a woman's dirtiest desires. He prides himself on it. A good girl like Kris is catnip to him, and she's so sweet, she's like putty in his hands. You need to look at it this way, baby. Look how hot she is bent over like that, squirming on Emilio's cock. God, she's so hot I wish I was the one fucking her."

Dave saw her point. Once his shock began to wear off, Dave did appreciate what an incredible sex show their spouses were putting on. Kris was incandescent. He would never tell her, but it was like she was born to be watched fucking. Dave memorized every little detail because he knew

he'd want to recall them later. Those incredible eyes, the way her face distorted with pleasure, and the panting moans that escaped her throat. He'd forgotten how loud Kris could be in the sack—or bent over the coffee table. The way her tits wildly bounced beneath her. The way her sweet ass jiggled when Emilio slammed his meat into her. Her entire body quaked with every deep thrust. And Dave had seen his friend's cock. He knew Emilio was taking his wife *deep*.

Male insecurities kicked in and he wondered if Kris preferred that long cock to his. Dave had always thought girth was more important—and he knew he had a thick one—but maybe Kris had always wanted a big, long cock to poke her deep. Did Kris push back at him like that when Dave fucked her? Was she moaning louder for Emilio? Dave stopped that train of thought because he knew he was being ridiculous. He and Kris had a great sex life. It wasn't a competition. Dave should be happy that Kris was having such a great time with Emilio and start focusing on his own good time with Lisa.

Dave swept whatever remaining detritus that hadn't been shaken off the coffee table by Kris getting slammed on it to the floor. He bent Lisa over the other side of it, her big round ass high in the air and her hands planted on the tabletop. Dave was a much bigger guy than Emilio, and she needed to get that ass high for them to fit together. Kris's head hung low, but she had to know Lisa was right beside her. She didn't look up but stayed slumped forward, moaning and taking Emilio's cock.

Lisa was gushing. Dave felt those juices squirt out onto his thighs when he plugged her with his fat hog. As soaked as she was, he still had to take his time to work his dick inside his best friend's wife. Kris had gotten used to his girth years ago and he still took it slowly with her when they started making love. Lisa groaned and whined when he pushed it deep, stretching her open, but there was no doubt she wanted it. She pushed back to him, taking him deeper into her pussy. He bottomed out in her and Lisa gyrated her ass like she wanted to make sure she had all of him.

"Oh fuck that's good...fuck you're opening me up...you're so damn lucky, Kris...Dave's cock is so..."

Dave beamed. Lisa praising his manhood was just what he needed to allay any fears that his wife might be enjoying Emilio's dick more than his. Lisa wasn't just performing either. She wiggled her ass like she wanted him to get on with fucking her.

“Come on, Davey...give it to me...fuck me with that big thing. I know you love my ass...show me,” Lisa moaned. She even reached back and smacked her ass to make it shake for him.

There was no ignoring an invitation like that. Dave grabbed her ample haunches and went to work, determined to spread her sweet pussy wide open. And it was a sweet pussy. Lisa seemed to have magical control over her sex. He felt every ripple and convulsion of her canal as his meat slid in and out of her. He swore she had full control and was massaging his dick while he fucked her. Dave had fantasized about this moment for so long that he couldn't quite believe it was even better than he ever dreamed it could be. Dave wanted to tell Lisa what an incredible fuck she was, but he didn't want to hurt his wife's feelings, and she was right there. Right there. Kris seemed to be purposely ignoring them, but Emilio took care of that.

Emilio reached out and wrapped her blonde hair around his fingers, jerking Kris's head up and forcing her to look at their spouses fucking right beside them. She had a close-up view and had to be able to see, hear, and smell all of the action. Something in Dave made him start pumping Lisa faster, like this was his chance to prove to Kris what a stud he was. He couldn't see her face because of the angle, and he was glad. He didn't want to know what seeing that was doing to his wife's sweet, beautiful face.

Kris knew she'd have to face Dave having sex with Lisa, but she didn't think it would be right in her face. Hearing the wet sounds of their coupling just beside her had been enough. She didn't know if she could look at it. Close-ups of genitals didn't do anything for her on those rare occasions when she'd looked at a porn video. She didn't need to see it in real life. But Emilio denied her that choice. She'd surrendered control to him, and he was flexing his muscle. Kris was shocked yet exhilarated when he pulled her hair. His power was an aphrodisiac and drove her higher toward her peak. But then he turned her head and made her look at their spouses.

“Dave's fucking Lisa so good. Do you see it, Kris? Look at your man making my lady squirm. He's a real man taking care of her,” Emilio growled. He sounded like he was *really* into watching Dave and Lisa having sex.

“Ahh...yeah...yeah...” Kris cried. She wasn’t exactly in her right mind, not with Emilio plunging into her from behind. She would have told him yes to anything.

Kris looked and it was savage. She didn’t concentrate on the genitals meeting, or the strong scent of copulation, but tried to take in the overall picture from her unique vantage point. Dave looked so powerful throwing his hips against Lisa, and her ass jiggled appealingly with every thrust. She saw where his thick fingers gripped Lisa’s hips so tightly that her flesh went white. And she marveled at the way Lisa’s tits crazily bounced and swayed beneath her. Those things looked so full and heavy that Kris didn’t understand how her friend stood upright. But what truly impressed Kris was the raw energy and sensuality shared between her husband and best friend. She felt no jealousy but only awe. Emilio was right. Their spouses looked amazing together.

It all went quickly for Kris after that. Everything going on all at once was just too much and it overloaded her body and her brain. Emilio was calling out lusty encouragement to both her and the couple beside them, but it all became blurry for Kris. The throbbing in her pussy pulsed out and it felt like her entire body was throbbing. She was sure she had a couple of smaller orgasms on her way to the big one. A switch had flipped inside her and Kris had become a raw, carnal creature. She cruised in that mode until Emilio shattered everything again when he pushed a finger deep into her ass.

Kris shrieked. The finger thrust into her rosebud brought a stinging, rending pain. Her backdoor locked down around it instinctively, pinning the digit in her ass. Emilio wiggled it, causing the strangest feeling—not entirely unpleasant. He still screwed her, but that pleasure felt like echoes in her brain as all she could focus on was that finger in her ass. Kris had never felt so full. It hurt, but Emilio was teaching her that she liked a little pain. The fullness made her feel like he was in total control of her body. Kris released a sobbing moan and surrendered to her lover.

“Tonight is perfect, man. What’s better than enjoying two beautiful women? Am I right?” Emilio announced, his words punctuated with grunts as he thrust into Kris. “Gotta thank you for sharing, man. Kris is fucking incredible. Fucking tight! Enjoying Lisa’s puss? She’s an incredible fuck.”

“Aww...baby...he’s so big...splitting me right open...so good...I love it...” Lisa moaned, her voice rising and falling with her moans.

“Great, dude. Fucking great,” Dave grunted. It sounded awkward to Kris, like her husband didn’t know what to say to another man while they were screwing each other’s wives.

“Slap that ass, man! You don’t need to be gentle with her. Lisa likes it rough. Don’t you, baby?” Emilio urged. “Guess I don’t have to tell you how to handle a woman, though. Kris here is a little fireball too. Aren’t you, honey?”

“Yeah...yeah...ohh god...” Kris moaned.

“You like that finger in your ass? Next time it’s going to be my cock. I need to fuck that sweet ass, Kris.”

“Ahh...yeah...”

“Spank me, Daddy. Punish me, Daddy,” Lisa cooed back at Dave.

The sex noises in the room were joined by the loud crack of Dave’s big palm landing on Lisa’s ample, jiggling ass. He slapped it again and again.

“That what you want?” Dave growled.

“Yeah Daddy...yeah...use me...please...”

It was all so wrong. It had to be part of Emilio and Lisa’s regular bedroom play, which shocked Kris because the neighbors seemed so normal. She was learning tonight that there was a lot they didn’t know about their best friends. But could Kris still judge *normal*? Wasn’t she letting Emilio fuck her and finger her ass right in front of their screwing spouses? And while it wasn’t her thing, hearing the kinky sex play between Dave and Lisa tickled something dark and deep inside Kris. She was witnessing behavior she never expected to see, and it excited her to be there for it.

The night ended in a crescendo of moans, cries, shouts, and shrieks, punctuated by flesh slapping together and copious fluids being spilled. Kris came first, slumping to the table while Emilio pounded her through her orgasm, making it feel like her orgasm stretched to infinity. She was in a haze when Emilio pulled out, barely aware when he stepped over and joined Dave in taking care of Lisa. Kris rolled onto her side and watched as the two men took Lisa from both ends. Her friend loved the attention, her happy shouts muffled by Emilio’s dick in her mouth.

Emilio pulled out of her mouth and jacked his meat, spurting onto Lisa’s face. Kris would have thought that was gross before tonight, but now she was jealous Lisa was getting all the attention. She wasn’t jealous long because he finished by jacking the rest of his load onto Kris’s ass, returning

his focus to her. The hot, thick goo splattered onto her ass, the icing on Kris's slutty cake. She couldn't have had a better ending.

Lisa screamed that she was coming, and Dave lost control with her, unable to pull out. He pumped his seed deep inside her, grunting as he hunched over her back. Kris wondered if coming inside your buddy's wife without a condom—they'd never considered those—broke some kind of swinging rule, but Lisa seemed good with it.

"Yeah...yeah baby...I feel you inside me...I love feeling it..." Lisa cooed, giving her butt a final wiggle for Dave. He fell back into his Barcalounger and Kris finally felt like she could rest her eyes.

CHAPTER NINE

KRIS SLIPPED OUT of the basement while everyone else was recovering from the evening's fun. Lisa and Emilio cuddled naked on the couch and Dave sat back in his chair looking dazed. Lisa thoughtfully uncuffed her. Kris needed a shower. It wasn't a weird thing like she needed to wash away her sin, but she did know she'd feel better once she'd scrubbed herself clean. She felt Emilio's cum drying on her ass and she wanted to wash it away. She scoured herself to a rosy pink in the shower and discovered her entire body was still tingling. Kris brushed her nipples, and they were sore, but they still craved attention.

She traced the marks all over her body with fascination. They were her scarlet letter, marking her as the slut she'd allowed herself to become for the evening. And she trembled when she washed her pussy. Kris went weak in the knees and had to brace against the wall for support. She barely resisted giving herself another orgasm as she touched herself. Kris feared something had changed inside her, turning her into some kind of insatiable nymphomaniac. How many times did she need to come in one night? She worried that when she went back downstairs, she would be begging the men to fuck her again.

After throwing on a robe and brushing out her wet hair, Kris rejoined her friends downstairs. She located her discarded glasses so she could see, but not clearly. They were terribly smudged. Dave had dressed, but Lisa and Emilio hadn't quite gotten there. She wore Emilio's shirt, which barely covered her, and he wore his boxer briefs. Kris wished they'd dressed because seeing all that flesh on display was tempting. She wildly wondered

what it would be like to have a threesome with their two best friends. That wouldn't be fair to Dave unless he'd have fun watching. And Kris would be willing to richly reward him afterward. She shook her head to clear it. Why couldn't she stop these crazy thoughts? She dropped into Dave's lap and put her arm around him.

"It's not fair that you're the only one who showered," Lisa pouted.

"You guys are more than welcome to shower. You know that," Kris replied.

"I meant you should have invited us to join you." Lisa smiled.

"Sorry, I'll know for next time," Kris answered.

"I'll hold you to that," Emilio said. Lisa was pressed close to him, with her hand in his lap rubbing him. Her other hand held a glass of wine.

They couldn't possibly be thinking of another round, could they? Kris wondered, *Emilio couldn't get it up again, could he?*

"Are we all good? I know tonight got a little wild, maybe not what you were expecting," Lisa said.

Kris felt good, but she was still in the afterglow of the evening. She understood that she might feel entirely differently by the cold light of morning. But she was not going to be the overthinker tonight.

"No doubt about it, I had a lot of fun. Babe?" Kris answered, nudging Dave. He hadn't said a word that she'd heard since the action ended.

Dave took his time answering and Kris's stomach twisted. Her biggest fear going into their kinky game night was that she would do something that would change the way her husband saw her. Some things couldn't be undone or unseen, and she could understand if seeing her bent over the coffee table while Emilio took her from behind was too much for him. Kris still hadn't processed seeing Dave having sex with Lisa. If the woman she'd always been was the woman Dave loved, could he love this hedonistic version of her? Or was he disgusted with her behavior? Kris thought of the way she'd begged Emilio for it. She hadn't given it any thought in the moment. She'd acted on instinct. Kris was deep into beating herself up when Dave spoke.

"Tonight was fucking insane. I guess I expected all that would go down, but it was still nothing like I thought it would be. I thought I was wild in college, but damn, I was a square if this is what other people do."

"Is that good or bad? I can't quite tell," Lisa said.

Dave finally flashed his trademark goofy smile, and Kris felt like she could breathe again. “I had a blast. It seemed like everyone did, am I right? Lisa, I always suspected you were wild but damn...”

Lisa laughed. “Why would you suspect that? I am a good, proper wife and mom. There is nothing about me that would suggest I’d do anything like this. I think I should be offended.”

“Oh, you should be very much complimented,” Dave insisted.

Kris gave him an elbow. “Now I think maybe I should be offended. Don’t go on too much about Lisa. Remember who your wife is.”

“You were incredible tonight, honey. I can’t believe what I saw...”

“Oh really?” Kris felt a flush rising to her cheeks, which was ridiculous after everything.

Dave slipped a hand inside her robe and palmed a breast. She stiffened when his fingers brushed her nipple, but then she settled against him with a sigh. He lovingly caressed her, and Kris snuggled into him. His sweet, familiar touch was just what she needed. She didn’t look but knew their friends were watching her being groped by Dave. Kris squeezed her thighs together and tried to tamp down her growing excitement. She hoped this new hair-trigger to her horniness wasn’t permanent. She couldn’t handle it.

“In the best way,” Dave added, kissing her. The kiss was nice, and she pulled him into her.

“Hey, you two. Get a room!” Emilio said.

“This is our house. I’ll screw my wife if I want to.”

“As long as you don’t mind if we watch,” Lisa said.

Kris slipped her lips from Dave’s and smiled slyly. “That might make it even better.” She wiggled her ass on Dave’s lap, and he twitched, but he wasn’t springing to life. She tried to glance at Emilio’s crotch without being obvious, wondering if Lisa had any luck getting her husband back to full mast. *No, don’t think about that*, she told herself. *We’re not going there again tonight.*

“Seriously, I have to ask you guys something. You’re swingers, right?” Dave asked.

Kris tried to ignore Dave’s hand on her breast. His touch was making it difficult to speak without moaning. “I don’t believe you guys played this game a couple of times, years ago, and that was it. The truth,” she said with a steely stare.

Lisa and Emilio looked at each other like they were using telepathy to decide what to say. She spoke first. “Okay, that might have been a little white lie. We did only play this game a couple of times, and it was years ago, but that wasn’t the only time we played with another couple. I didn’t want to tell you because I didn’t know how you’d react. That’s a pretty big admission.”

“We used to be in the Lifestyle. We were pretty involved in it before we moved here. We went to a club here a couple of times, but then Lisa got pregnant, and we stopped,” Emilio said.

“We’ve talked about getting back into it over the years, but just never did. You know how it is, you’re busy with the kids and work and real-life stuff. It almost felt like we weren’t even the same people who used to go to swinger clubs,” Lisa said.

“But when you found that game in the garage and Lisa said you seemed interested, it got us thinking.”

“I would never judge you,” Kris said.

“I know, but you understand, don’t you?”

Kris smiled. “I can see where you’re coming from. Maybe your churchgoing, PTA mom friends might not handle that information well. But I love you guys.”

“We love you too,” Lisa echoed.

“So, did you think about it, over the years? Us, I mean. Like if you’re into this, did you think about doing it with us before?” Dave asked, openly staring at Lisa’s curves.

“I plead the fifth,” Lisa replied. “But I will say that I’ve always noticed the way you look at me, Dave. I always thought you’d be game for it, y’know, if it ever somehow came up.”

“What about me?” Kris asked, feeling left out.

“Oh, Emilio’s always had his eye on you. He loves blondes, and he likes the sweet ones the best,” Lisa said.

Emilio nodded in agreement, hungrily watching Kris being groped. She sensed he wished it was his hand in her robe. Part of Kris wished that too. He said, “What can I say? I have a type—besides my sexy wife, of course. I like to corrupt them.”

“He missed that with me. I came pre-corrupted,” Lisa said, laughing.

Kris thought maybe she should be offended, but Emilio wasn’t wrong about her, and being corrupted by him had been amazing. To say she

wanted it again would be the understatement of the century.

“What happens now?” Dave asked.

“Are you asking if we go back to neighbors who hang out to share craft beers and have barbeques like nothing ever happened?” Emilio asked.

“Or do we keep sharing our wives along with our craft beers?”

Kris elbowed Dave again. “It’s not like we’re possessions to be passed between you guys. If anything, Lisa and I are sharing our husbands and maybe each other.”

The guys exchanged a look and a shrug. “Works for me,” Dave said.

“I would love nothing more than to keep this going, but you guys need to talk alone and then sit with it. The highs of swapping are incredible, but it is complicated. I want you guys to really be sure what you want,” Lisa said.

“That makes sense. Thanks, Lis,” Kris said.

The couples talked for a while longer, but it was late and the Santos had to go home eventually. Kris also had to pull herself together in just a few hours to pick up the kids from their church youth group sleepover. And she couldn’t do that until she cleaned up the evidence of their crazy, kinky night.

Dave watched their friends dress for the walk of shame across the street and realized it meant the night really was over. He couldn’t look at Lisa without wanting another round, but he was truly exhausted and didn’t know if he had it in him. Dave was a much younger man when he’d last had all-night marathon sex. They saw their friends to the door, and when he saw Emilio pull Kris into an embrace and slip her his tongue, he did the same to Lisa, although he kept an eye on the spouses. Emilio’s hands were all over Kris and seeing that did make his cock stir again. Lisa felt it against her and gripped it. Just when Dave thought the four of them might burst out into another orgy right there in the foyer, Lisa peeled away and took Emilio’s hand.

“Behave, baby. If you’re good, you might get another chance,” Lisa said.

Kris looked reluctant to let him go, and Dave felt that now-familiar burn of jealousy. He was learning to like it. Kris told Emilio, "You'd better listen to your wife."

The moment the neighbors were out the door, Dave was all over Kris. Seeing her with Emilio again ignited something inside him and he was rock hard. He ripped her robe off and pushed her down on her hands and knees on the stairs. Kris moaned when he thrust inside her and pushed back at him. As he held her narrow waist and drove into her, he thought of how very different her body was from Lisa's. Lisa's curves were great, but his wife's tight, fit body was incredibly hot. He thought of what Emilio had done with her and grabbed her hair, jerking her head back.

"Ahh...yeah...babe..."

"You like it rough? You want me to give it to you rough?" he growled.

"Yeah...please...I'm yours, babe...I'm all yours..."

It was just what Dave needed to hear. He realized then that with all the fucking they'd done that night, he missed being with his wife. Dave needed to make love to Kris. He needed to reclaim her after she'd been with Emilio. He bet she felt the same way about him being with Lisa.

He stopped punishing Kris with his cock. He didn't need to prove he could be rougher with her than Emilio. What he had with Kris was different. He sat down on the steps and Kris climbed on top, settling down on his dick. She rode him with an easy, practiced rhythm. They'd done this so many times, but tonight it was special. He was lost in the deep blue pools of her eyes as she rocked on him.

"I love you, honey. I love you so fucking much," he moaned.

"Oh babe...I love you...love you...tonight...ahh...was only sex..."

"Yes, it was only sex, but it was great sex, fun sex. I loved watching you. Lisa's fun, but I only need you. I only *love* you."

"Love you too. Ohh...ohh...ohh god...Dave..."

Kris climaxed on top of him and that was the perfect capper to the night. Dave was going to take all night to come one more time, so he collected his wife and carried her up to their bed. They could take their time and reintroduce themselves to each other. Dave loved the wife he'd known all these years, but he couldn't wait to get to know the Kris who'd come out of her cocoon tonight.

Cori Lynch spent the last decade raising her children and is ready to return to the workforce; working as a massage therapist is the perfect fit for her schedule and her desire to help people. Cori knows she can make a difference improving her client's well-being by using her skilled hands.

Cori quickly learns that many of her coworkers are using their talents for much more than working out kinks and treating sore, strained muscles. Cori's shock turns to curiosity and then to temptation as she peppers her new work friend Mayde with questions.

Cori's husband Dylan was already enduring happy ending jokes from his best friend Baines when Cori became a massage therapist, putting the possibility of "extras" front of mind even before his wife shared the news of her coworkers' special services. It's not something Cori would ever do, of course, but the revelation propels Dylan's mind to consider outlandish and forbidden fantasies.

Magic Hands is the story of a couple tempted to explore dark possibilities and suppressed desires. Can a typical suburban couple resist such temptations? Can their marriage survive if they give in?

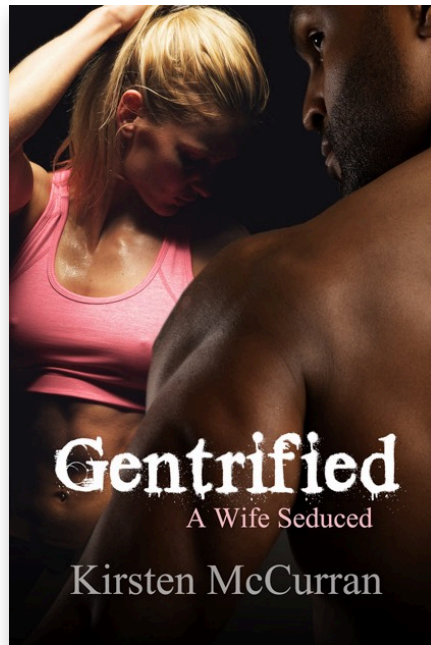

It was a birthday surprise Carol didn't ask for, but she would never forget. Carol had a feeling that things wouldn't be the same after that magical night her husband, John, shared her with three sexy, younger men. She just couldn't anticipate all the ways it would change her. At 40, she feels like a new woman, with powerful new desires.

Conner, Noah and Matteo are never far from her mind in the months afterward, but Carol doesn't quite know how to tell her husband she wants another round with "her guys". Was her 40th birthday present a onetime thing? Isn't it safer if it's left that way? She doesn't want to hurt John's feelings, and she doesn't to come off as a wanton woman. But after a moment of honesty with John, Carol comes home from a morning of yoga to find an incredible surprise waiting for her!

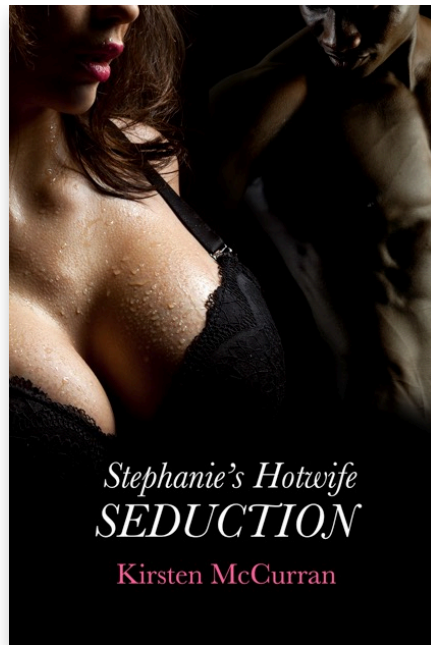

Kate is furious when she discovers her husband, Daniel, is cheating with one of his employees. His attitude infuriates her even more. Daniel not only suggests she shares the blame for his infidelity, but he suggests she go out and find a lover of her own to make them even.

Infidelity has never been a consideration for Kate, let alone an open marriage, but when she finds herself back on campus at their alma mater for homecoming weekend Kate is faced with unexpected temptation and the chance to do exactly as her husband suggested. Will Kate surrender to the sexy younger bartender she meets, or let the hot college student take her home? The only thing standing in her way are her own morals, and they weaken with every passing moment...

Jessica is a fish out of water when her husband, Kyle, moves their family from the cushy suburbs to a fixer-upper in an up-and-coming neighborhood. The new arrivals get the cold shoulder from most of the neighborhood old-timers, except for one. Winston has designs on Jessica the moment he sees her on the street. After deciding he must have her, Winston sets about seducing the pretty young mom, and making sure he has her husband's blessing.

But no great plan comes off without a hitch, and when Winston meets Jessica's best friend Nicole he finds his attention split. Can Winston seduce Jessica while romancing her best friend? Will Nicole be a wrench in his plans, or become an unexpected ally?

Stephanie is on a rare date night with her husband Andy when they spy a curious sight. Her coworker Dez, an attractive younger black man, is out with an older white couple. Curiosity gets the better of her and Stephanie asks Dez what his deal is. Dez explains he's a Bull and a whole new world is opened to Stephanie and Andy.

Stephanie can't help but be tempted by the hotwife lifestyle...and her handsome coworker. Will Stephanie lose herself to her new lifestyle or can Andy reel her back in and keep the woman he fell in love with?

After 10 years of marriage the flame isn't quite gone, but it's flickering, so Kristen and Steve head off on a second honeymoon to find the magic again. But some things are easier said than done. The demands of being a wife and mother—physical and mental—have Kristen wondering if she can ever again be the passionate, exciting woman Steve met back in college. Just when she thinks getting her mojo back is out of reach, they meet a sexy younger couple intent on turning their world upside down.

Kristen doesn't mind that her husband is infatuated with pretty blonde Ambyr, because when she sees herself through the eyes of tall, hunky and tattooed Riley, Kristen finds her passion burning hotter than ever.

KIRSTEN MCCURRAN

I'm the stereotypical wife and mom with a dirty little secret: I have lots of fantasies about what all my friends and neighbors are up to behind closed doors, and I turn those sexy fantasies into the stories I love to share with the world. I could be the sweet mom you see in the stands at the soccer game or the pretty woman at the supermarket you wonder about as she's squeezing the melons.

Most of my stories are about married women looking to bust out and explore their wild side, often with the encouragement of their husbands--and sometimes without it. If you like daring stories about women of a certain age embracing their sexuality, I'm the girl for you.

I've written over 40 ebooks, which can be found at major booksellers. I love to hear from my readers. You can reach me on Twitter or by email at kmccurran@gmail.com. My free erotic shorts can be found on [Medium](#).
