This book is a work of fiction and any resemblance to persons, living or dead, or places, events, or locales is purely coincidental. The characters are productions of the author's imagination and used fictitiously.

FOREWORD

One of the most fun things about getting into publishing erotica has been meeting and talking with other authors. Kenny Wright, of course, encouraged me to get started putting out my stuff as ebooks. And through him I've had a chance to meet some other wonderful authors – most notably Kirsten McCurran and Max Sebastian. I've also had the chance to strike up some of an email friendship with some other great authors – Victoria Kasari, Sean Geist, and most recently Arnica Butler. All wonderful writers and I encourage you to seek out their work.

I also periodically hear from unpublished writers. Sometimes it is just for a pep talk, other times for specific advice, and not infrequently people will send me some of their work to get my comments. I try to read everything that is sent to me, but of course, I do have time constraints, and those do get in the way. Anyway, Philip Stark was one of those people, and I was delighted that I made the time to read his work.

Philip's work is harder edged than my own – or at least harder edged than what I write nowadays. This story, as you'll see, goes further into hard cuckold territory than much of what I write. It also includes more humiliation than I particularly enjoy. That said... I thought the story was hot. And when Philip asked me to help him get started in ebooks, I was happy to help out.

I've read bits and pieces of some of his other stories, and I think he'll find a large and appreciative audience. I'm just happy to be able to do my part in getting him started.

Ben Boswell, June, 2015

PREFACE

I don't quite know what to say. I'm grateful to Ben Boswell for his feedback and suggestions. I hope he's right and that people enjoy my stories. I know I have fun writing them.

I guess I'll dedicate this story to all those mean girls out there who warped my view of women. Oh, and I guess, I should also dedicate it to my lovely wife who proves each and every day that not all women are vicious, emasculating shrews.

Email me at philipstark.author@gmail.com if you have comments.

CHAPTER ONE

Amber and I have been together since high school. Actually since before high school considering that we actually met at band camp the summer before we both started at Whitman High. We started dating as freshman at Whitman. We kept dating all the way through school. We lost our virginity together before going off the college at the University of Michigan, me to major in engineering and Amber in English. After a mandatory year in the freshman dorms, we moved in together for the rest of the four years. After graduation we both went right off to graduate school, again together, this time to Penn State where I got an MS in electrical engineering and Amber earned her teaching certificate. We landed good jobs, and after saving money for a year, we married at the age of 25 on the tenth anniversary of our first kiss.

Amber and I were soulmates. I loved everything about her, from her infectious laugh to her knack for creative pasta recipes, from her blue eyes to her long, lean legs. Our life was perfect, except for one thing... the sex. Not that the sex wasn't good, it was just that at an age when most people are still finding themselves sexually, we were already an old married couple. We knew each other's every move, and though sex always seemed to end on a satisfying note for both of us, it was pretty vanilla, and even a little boring.

One night Amber caught me looking at porn on the Internet -- not just nudie pictures, but full-blown hardcore. She was horribly hurt, and I couldn't seem to find the words to explain myself. I tried to apologize, but my insistence that it meant nothing just seemed to frustrate her even more. She couldn't understand why I'd felt the need to look at that stuff. We finally decided to go see a marriage counselor.

It was the best thing we've ever done. When we were younger, we'd both been pretty typical teens: insecure and very jealous. It meant that we got used to shying away from talking about sex for fear of hurting each other. But our therapist encouraged us to open up, and after a number of slow,

hesitant steps, we finally began sharing. It was great. I love oral sex, but I had never had the guts to ask for it more often. Amber on the other hand loved pleasing me with her mouth, but she was afraid of seeming like a pervert if she offered it causally. Similarly, I loved to eat her out, but I'd always felt as if it made her uncomfortable. It turns out that it did, but only because she thought I didn't enjoy it. Once we cleared up those misunderstandings, our sex life suddenly got much, much better.

One day I confessed my fantasy of doing it outside the bedroom, and Amber and I spent the next weekend systematically breaking in every room in the house. We couldn't eat dinner in the dining room for a week after that; remembering that we'd copulated right there on the table reduced us to uncontrollable giggles. Amber admitted that she sometimes had rape fantasies. This turned me on immensely, and the next time we had sex, I held her down and screwed her hard while she squirmed and begged me to stop (we'd agreed to use "rainbow" as our safe word, so I knew her begging was just an act). We both came harder than ever, and Amber was so turned on that she immediately went down on me -- a first for her right after sex -- got me hard and rode me to another screaming orgasm. The only thing she wasn't willing to try was making a "home movie." She figured the possibility of it getting out somehow was just too great to risk.

One cold, wintery Friday night, as I was screwing Amber from behind in front of the fire, I thought to myself that my life was perfect. My sex life had been a B, but now was an A+; I had a beautiful wife I adored; a great job; a great house; and hopefully soon kids on the way. My perfect life lasted all of a single week.

CHAPTER TWO

The very next night, Amber and I were fooling around. Amber occasionally liked leaving the lights on while we had sex, and this evening we'd turned up the heat in the house and were sprawled out naked on our bedspread enjoying each other's bodies. Amber was paying particular attention to my prick, examining it closely, stroking it, and cupping the balls. She looked up at me with a little gleam in her eye.

"So what are other men's penises like?"

"Huh?"

"I mean, are they different? Or all pretty much the same?"

"You'd know better than I would," I replied.

"How so? This is the only one I've ever seen. You know that," she said.

"I know, but you must talk about this sort of thing with your girlfriends. Don't you?"

She shook her head, "No, not really. I mean, I guess some girls do. But that seems like the kind of thing you talk about to a roommate or something, and you're the only roommate I've ever had except for Trudy freshman year...."

"... and Trudy left school to become a nun," I interjected.

"... and Trudy left school to become a nun," she echoed.

"You could check out the Internet."

She rolled her eyes at me. "I'd like a more hands-on tutorial," she suggested.

"Well I guess you're out of luck then," I replied.

"You don't think anyone would show me theirs?"

I cleared my throat. "Um, that's a little uncomfortable."

The very thought of Amber with another man made me anxious.

She giggled. "Oh, I'm just kidding. But come on, you must see other guys in the locker room and such. Tell me about it and I'll just imagine it while I play with this one," she said, planting a kiss on my glans and slowly caressing the underside of my cock.

"Honey, I hate to break it to you, but it is sort of considered bad form to check out other guy's dicks at the gym. You can get a nasty reputation, or worse."

"What do you mean worse?"

"Guys are pretty homophobic. Even nowadays. They don't like you looking down. There is a certain gym etiquette... at least there is here in Pittsburgh. I can't speak for San Fran or New York."

She giggled. "Oh come on, give me something," she said, taking my dick into her mouth.

"What do you want?" I asked.

"Tell me about penises. Just a little something. Are they all like yours?"

"Ah, uh, we yeah, pretty much. I mean, I guess some are uncircumcised."

"What's that like?" she asked, curious.

"Well, you know, they have like this extra skin."

"How much skin?"

"Well, I think it completely covers the head. I don't know. I don't make it my business to check out uncut penises."

"Ewww, sounds nasty. All that loose skin."

I laughed. "I guess. Although some circumcised guys whine about it, saying being circumcised takes away from sexual pleasure, and I guess some girls like the way it feels."

"Why?" she asked.

"I don't know. I guess because it makes everything slide in and out easier or something."

"What else?" she said, sucking my dick more vigorously now.

"Um, that feels so good," I moaned.

"Tell me more, and I'll make you feel real good," she said with a leer. I groaned, knowing she was offering to finish the job with her mouth, the one thing that I loved that she usually still refused to do.

"I guess some guys have like visible veins running up and down their shaft. And for some guys the head is more pronounced than for other."

"More pronounced?" she said, pausing from giving me head.

"Yeah, I guess bigger or something."

"Bigger than you?"

I laughed. "Yeah, maybe."

"I don't think I'd like that. You feel just right everywhere," she cooed, taking me deep into her mouth.

"Well, then you're lucky you found me, 'cause guys come in all shapes and size..." she was sucking me hard and I didn't want her to stop, so I kept rambling, "... some guys have tiny little pencil dicks, and some guys are much bigger, longer, and thicker than me... oh God, that's it, that's it," I gasped, spewing into her mouth.

She was a real trooper and swallowed the whole load. Then she pressed me down between her legs and I sucked off her sopping pussy. She came with a satisfying shriek, and we both collapsed into a contented slumber.

CHAPTER THREE

Because Amber taught grade school, she had to be up at 5:00am during the week, so our more adventurous sex always took place on weekends. The week after our strange conversation passed without incidence, and we even managed to work in a couple of sessions of old married sex during the week.

When I came home from work Friday, Amber was napping, which I took to be a good sign because it usually meant that she'd be up for a bottle of wine and some sexy play after dinner. I went downstairs to watch some TV.

My hopes were confirmed when she came dressed in a pair of painted-on, short-shorts and a tight white tee. God, she looked good enough to eat, and I tried to talk her into staying home for the evening, but she said she wanted to go out.

We ended up going out for dinner to a nearby bar and grill that made this great chili we loved. We split a couple of pitchers of beer, and when a band started playing in the bar area, we moved over there and danced for a while. We were both more than a little buzzed, so I switched to Diet Coke to sober up a little for the short drive home while Amber finished off the beer. She went from buzzed to uninhibited, and we put on a little show on the dance floor, Amber rubbing up against me seductively. My jeans were tenting a little, and my head had cleared a bit, so I decided to take Amber home and finish off the evening in style. But before I could do that, I realized I had to stop by the men's room if I was going to make it home with my bladder intact.

I was gone for a while. First, I had to let my erection settle, and then I had to drain the better part of a pitcher of beer. When I finally came out, I was surprised to see that Amber wasn't at our table. I sat down, figuring she must have gone off to the bathroom herself. I didn't even think to look on the dance floor for a couple of minutes, and when I did I was shocked to see Amber out there dancing with another man. He was young and stocky, with

a shaved head and goatee, and Amber was all over him, bumping and grinding and generally making a spectacle of herself. He seemed bemused, but increasingly turned on, especially when Amber leaned forward and shook her chest to the beat, giving him a clear view of her jiggling cleavage.

I realized I didn't have long to break thing up before it got to the point where a scene might result, so I hightailed it out onto the dance floor. I tapped her on the shoulder and nodded toward the door.

She smiled and said, "Okay, let me say bye to Barry."

She turned to him and explained that she was leaving, and then she gave him a big, sloppy hug. He seemed a little surprised, but he hugged her back, holding her close for a moment longer than appropriate. I watched as his hand slid down her back to her butt, which he proceeded to squeeze firmly. I looked up at him, and he winked at me just as Amber broke the embrace.

I was livid, but I didn't want to make scene, so I grabbed Amber's hand and led her back to our table where we grabbed our coats and headed outside. I was planning to wait to get home before scolding her, but in the car Amber turned the tables. As I pulled out of the parking lot, she leaned over and stuck her tongue in my ear, almost making me crash, but also restoring my erection in a hurry. I looked at her in surprise, and she gave me a big smile before dropping her head into my lap. She deftly unzipped my jeans, and before I knew it, she was gently suckling on my hard cock. It was all I could do to stay on the road.

By the time we got home I'd all but forgotten about Barry, and I was looking forward to stripping Amber naked and climbing into bed. We got inside the front door and started kissing passionately. We sort of stumbled into the living room, shedding clothes as we went. We got as far as the sofa. Amber was very wet, and I tried to lift her into my lap, but instead she kneeled down between my legs and slowly started teasing my prick with her mouth, just enough to stoke the flames of my excitement, but not enough to put me over the edge. After a few minutes I was going nuts.

"I want to be inside you," I hissed.

She giggled. "Seeing me with Barry must have really turned you on."

My excitement dampened.

"No, not really," I replied.

She stroked my cock. "Not even a little? Seeing me dancing with a big, muscular man? How about when he squeezed my butt?"

"No, not at all," I answered coldly.

She looked surprised and a little disappointed. "Oh, that's too bad."

"Why is that?" I asked.

"You sure you want to know?" she asked playfully.

I decided to play along. I smiled widely. "Of course."

"Well, this is just a fantasy, you know," she said, "but I was sort of hoping that the thought of me with another man would turn you on because lately I've been thinking a lot about having a great, big, uncut cock."

"Amber!" I cried out in surprise. Even with our newfound sharing, I'd never heard her speak like that. My dick softened noticeably.

She giggled. "After we talked, I went online and, checked it out."

"You're looking at porn now?"

"Oh, you're one to talk." I blushed red and she continued: "I'm just saying, it was pretty hot seeing those big things stretching out those little porn girls."

I didn't say anything. But my pout must have said it all for me.

"What's the big deal? It's just a fantasy..." she paused... "that I thought maybe we could act out."

"That makes it *not* just a fantasy," I said, trying to snap her back to her senses.

"I'd want you there, if that's what you're worried about."

"You'd want me there? To watch you have sex with another man. One with a big, uncircumcised penis."

I was incredulous, but I guess my tone didn't reflect it. She seemed to think I was signing on.

She brightened up. "Oh honey, would you?"

"That's crazy," I said, bursting her bubble. "I can't believe you even said that. How would you feel if I said I wanted to fuck a platinum blond with a shaved snatch and huge fake boobs and film it for posterity?"

"That's not the same thing at all," she replied indignantly.

"How so?"

"Well," she said, "I can dye my hair blond, and I can shave my... snatch, as you call it. Plus you've never had any complaints about my boobs," she said lifting up her big 36-Ds. "But unless you know something I don't, there's no way you can re-attach your foreskin or add some inches to this thing," she said, grasping my now flaccid, shriveled penis.

Ouch. That hurt. "What are you saying, you have complaints about my penis?"

"Not complaints really, but you yourself admitted that there are bigger ones out there."

"Yes, and smaller ones too. And you're the one who said that I was the right size for you."

She sat back down on the floor cross-legged. "But then I got to thinking that maybe something bigger than I'm used to could be fun."

"No. No way. This is crazy."

"Oh, I get it," she replied indignantly. "As long as it's your fantasy, it's fine, but if it's mine you get all bent out of shape. Believe it or not, Brian, but having you bend me over each and every chair in the house just so you can say we did it in every room is hardly my dream of how to spend an evening."

"That's different. We're not talking about bringing a third party into it."

"Look, everything is different in one way or another. But all I'm talking about is a sexual experience. A one-off."

By this point, my dick was completely limp and Amber was sitting back in defensive posture. Sex was definitely out of the question.

"Look, it's getting late," I said glancing at the clock. "I'm tired. Let's sleep on it and talk about it tomorrow."

She nodded her head slightly.

"I love you," I said.

"I love you too," she replied somewhat unconvincingly.

I went off to bed. Amber must have stayed up watching TV because I was asleep before she joined me.

CHAPTER FOUR

The next morning, Amber was still annoyed, although she did her best to mask it. The thought of her with another man made me so jealous that I felt like I was going to throw up whenever it entered my mind. And yet, as the day went by, my resolve weakened. I kept thinking about what our counselor said about how destructive jealousy and insecurity were. I also worried about Amber. She seemed pretty committed to this fantasy, and I worried that she might feel compelled to act it out behind my back some day. Wasn't it better for me to be present and involved? And realistically, it would probably end up as an awkward, relatively unenjoyable thing even if she didn't get cold feet at the end. Wasn't that better than letting this fester as an idealized fantasy for years? And that was the worst case scenario anyway because once I agreed to it, Amber probably wouldn't have the guts to go through with arranging something like that.

Armed with these rationalizations, I broke the news to Amber that night in bed. She was surprised, and then obviously excited. She thanked me in the best possible way, with a blowjob to completion. After she coaxed my dick to life again, we made tender, languid love until we climaxed simultaneously in each other's arms.

I didn't expect much to happen on the fantasy front, so I was surprised when Amber called me over to the computer the next weekend, and showed me a list of over 150 emails to a new Gmail account she'd created. After I'd agreed to go along, she'd apparently placed a half-dozen ads online in various places. The ads were very explicit about her wants -- a straight man, very well-endowed, and uncircumcised. She included a picture of herself in a string bikini, with the face blurred out of course, and that probably helped account for the large response despite her insistence that correspondents include "evidence" of their qualifications.

She had helpfully narrowed it down to five finalists, although she assured me that if I didn't see any I liked, there were plenty more to look at and more coming in every day. Of the five, two were white and three were

black. I would sort of have preferred a white guy, just 'cause, but I didn't like either choice. One of them was just scary, 6'2" and 260 lbs, a powerlifter with a shaved head and what looked like prison tattoos all up and down his arms. The other white guy was a scrawny 18-year old, who could easily have passed for a heroin addict. He had nipple rings, and his huge cock contrasting with his skinny body made him look like a freak.

I also ruled out one of the black guys right away. He was just too well hung. His note claimed he sported a 12 inch, and the picture he submitted suggested he might have been modest in that claim. I wasn't about to surrender Amber to that bruising tool -- even though she was obviously disappointed when I argued against him. The last two were almost a toss up. Luther was a college student at Pitt, and a little too close for comfort, but Gary was as good a choice as possible under the circumstances. He met Amber's criteria nicely, and he was in his mid-30s (34 to be exact) and employed in Cleveland. He seemed like the safest choice to me. He was tall, athletic, quite handsome, and endowed with a 9 1/2 inch uncut cock, all of which appealed to Amber, and he lived out of town and was apparently a solid citizen, so he appealed to me.

Amber responded to Gary's note, and they exchanged a couple of emails. He seemed a touch arrogant to me, but I guess it was understandable under the circumstances. Amber liked his confidence. After a few emails back and forth, he told us he'd be in town the very next weekend on business, and suggested we get together to get to know each other better. Amber eagerly agreed, and suggested a downtown bar for the location. This was moving much, much faster than I had expected or hoped.

CHAPTER FIVE

Saturday night came and we got ready to meet Gary. Amber and I both dressed pretty causally. I wore jeans and a button-down oxford. Amber dressed in a black-denim skirt and white blouse. I noticed she also put on sexy underwear: black, lacy French-cut panties and a frilly demi-cup bra that barely contained her full breasts. I was a little surprised because I thought all we had planned was a meet-and-greet, but I guess she wanted to look nice.

We got to the bar early and Gary then kept us waiting. I was annoyed as it was; after all the purpose of the outing was to find my wife a lover, even if it was one-time circumstance. Being made to wait for that privilege set me on edge. Amber was anxious too, downing two quick Rum and Cokes before Gary even showed. After about 30 minutes, a handsome black man walked into the bar. He spotted us in a booth and slid in uninvited, sandwiching Amber between the two of us.

He leaned over and kissed her on the cheek. "Hey baby, nice to finally meet you. I'm Gary."

Amber giggled, already charmed. Even I had to admire the balls on the guy. He was very smooth and stylish. His linen pants and black silk shirt really accentuated his natural grace.

"Hey man, I'm Brian. Amber's husband. Nice to meet you." I stuck out my hand.

He glanced over at me, paused, and then gave me a single, very quick shake.

"Hey," he answered.

He caught the waitress's eye and ordered a double scotch on the rocks, and another round for me and Amber.

He leaned back and just seemed to observe us for a while. Finally, I broke the ice: "Well, this is sort of an awkward situation," I said with a forced chuckle. "You've been on the road a while to get here, so I'm sure you have a lot of questions for us."

He gazed at me with a perplexed look on his face. "Nope. I like what I see," he said, lewdly eyeing Amber up and down. She giggled.

"Well, okay," I said, persevering. "Why don't you tell us a little about yourself."

He flashed me a dirty look, like I was a roach crawling across his plate. "Like what?" he said finally. He took a deep swig of his scotch.

I was getting a little frustrated by his brusque manner, but I was determined to give it my best shot. "Oh, I don't know. What do you do for a living? Where are you from originally? Where'd you go to school?"

"Sales. Chicago. Ohio State," he deadpanned.

"Okay," I replied again, seriously annoyed now, "are you married? Do you come to Pittsburgh often? Have you ever done this sort of thing before?"

He looked at me coldly. "What's with the fucking twenty questions?" he snapped. He turned to Amber and grabbed her hand. "Baby, I got the answers to all your questions right here," he growled, shoving her hand down his pants.

I couldn't believe what I was seeing. Amber seemed to be in shock. I got up.

"Alright, you bastard," I hissed. "We're through here."

Amber pulled her hand from his pants. "Hold on," she said softly. "Let's go home."

"Damn right," I said seething. "Have a good drive back to Cleveland."

Amber's eyes met mine. "No, I meant, let's all go home. The three of us."

"You can't be serious. This is guy is..."

She cut me off, "... coming home with us."

Gary stood up, and Amber exited the booth on his side. The symbolism wasn't lost on me. He peeled off a couple of twenties from a thick wad and tossed them on the table. He wrapped an arm around my wife possessively.

Amber's response to this surly braggart left me unmoored. "Um, so did you drive? Do you want to follow us?" I asked.

He pressed in close and whispered in my ear, "Naw, you drive bitch. I'll come back for my car later."

With that, he turned and walked out of the bar arm in arm with Amber. After a stunned moment in which I tried to figure out if he'd really called me "bitch," I followed after them. We'd parked right around the corner, and when we got to the car, Gary got in the back and unexpectedly pulled Amber in behind him. I climbed in the front, feeling like a chauffeur.

As I pulled out into traffic, I heard Gary's deep voice behind me. "Show me your tits."

Amber giggled. "You're not wasting any time," she replied. I assumed she complied because a couple of moments later I heard her moan softly.

Gary removed any doubt by leaning forward, and speaking in my ear, "Damn bitch, your wife has great tits. I love those hard nips."

I was stewing my own juices. I had promised to let Amber live out her fantasy, but Gary's arrogant and abusive attitude was almost too much to stand. I bit my tongue and drove on, even as Amber moaned at his touch. Still, I almost got into an accident at what happened next.

Amber squealed suddenly: "Not so fast!" Then: "Owww! You're hurting me."

He replied in a low growl, "Then do what I say."

"Amber, are you okay?" I asked, trying to peer back over my shoulder while staying on the road. A minivan in the next lane honked at me as I veered to the side.

"Take it easy and drive the fucking car, bitch," Gary ordered. "I'm taking care of things back here," he said, depositing my wife's panties in my lap as evidence.

"Amber?" I said anxiously.

"I'm okay, I'm okay," she gasped.

I heard them kissing wetly, sloppily. Then suddenly Amber grunted loudly. "Ugh, oh God!" The kissing resumed, though I could still hear my wife's muffled grunts.

"What's going on?" I demanded.

Gary chuckled. "You dumb shit, I'm fingering your wife's cunt. What'd you think was going on?"

"This is going too fast," I replied.

Gary slapped the back of my head. "Just drive bitch. And shut the fuck up."

"Amber?" I said, looking for support. But she was just moaning, seemingly enjoying whatever Gary was doing to her.

Luckily the drive home wasn't too long, and Gary didn't have time to do anything more in the car. I pulled up to the curb in front of our house. Before getting out, Amber tried to fix herself up a little, but Gary slapped her hands away from her blouse. She shrugged resignedly and then started

toward the house, her bare boobs visible inside her open blouse. As she walked past me, Gary caught up to her and lifted up her skirt, showing me her bare ass. I glanced around to see if anyone was out and about witnessing this lewd show. Luckily all our neighbors seemed to be inside and away from the windows.

When we got inside, Gary quickly resumed his ravishment of my wife. They were standing in the living room, kissing passionately, Gary jamming his tongue deep into her mouth. At the same time, he gripped a nipple between each thumb and forefinger and slowly pinched and twisted them harder and harder until finally Amber cried out in pain. Now that he had her attention he pulled down on her nipples until she fell to her knees before him. He stood there, hands on hips, glaring down at her. After a moment, Amber seemed to get the message and she reached for his pants. He patted her on the head as a reward of sorts.

I couldn't believe my darling wife would allow herself to be treated that way, but it was like she was in a trance. She unzipped his pants and pulled out his cock, flaccid but still impressively long and thick. Amber seemed mesmerized. She handled his member worshipfully, stroking it slowly, but mostly just admiring its shape, color, and size. She was especially intrigued by his thick foreskin, and she giggled as she pulled it back exposing his plum-sized glans. Gary put his hand on the back of her head and pulled her face to her crotch.

As if suddenly remembering her mission, Amber attacked his cock with relish, licking it up and down, and swallowing the head into her mouth. She pumped his cock in and out of her mouth, sucking on the foreskin. His dick hardened rapidly, until it stood straight out from his body, a long, thick, black shaft with a large purplish head.

"Yeah, get it nice and wet," he urged.

Amber did her best to comply, slobbering all over his big dick, her tongue seeming determined to taste every inch of it. I had a queasy feeling in the pit of my stomach. He turned toward me and smirked.

"Hey bitch, get me a beer while your slut works on my crank," he commanded.

I was too defeated to refuse. I stumbled into the kitchen and returned with a can of Bud. When I got back, Gary was roughly fucking Amber's face. He was holding her head tightly, and thrusting his cock deep into her mouth. Amber was gasping, her eyes wide and her face red. Thick streams of spit ran down the side of her mouth and down her chin.

"Stop it, you're hurting her!" I protested.

He laughed and then took the beer from my hand and took a deep swig. "The slut loves it," he replied as he continued to use her mouth.

After a particularly deep thrust, Amber gagged and managed to pull her head away temporarily. As his cock left her mouth, she gasped and coughed violently.

"Did I tell you to stop, you dumb cunt?" he hissed. He wrapped his hand around her hair and yanked hard. Amber yelped in pain. Gary chugged the rest of the beer and tossed me the empty. "Get me another one," he ordered. Then still holding Amber tightly, he gripped his thick shaft and used it to slap my wife across the face over and over. His big, wet cock smacked her cheek with the force of a rolled up newspaper. She cried out in pain, and tried to block the blows with her hands, but he just slapped them out of the way.

"Stop it! That's enough," I cried out. I dropped to my knees beside my bride. Her eyes were wild. "Rainbow? Rainbow?" I asked, hoping that Amber would use our safe word to give me a sign that she wanted me to stop this. Instead, she looked me in the eye and shook her head quickly, waving me off. Gary laughed when he realized what was going on.

"See bitch, she wants more," he said smugly, resuming beating my wife's face with his huge prick. "Now get me that fucking beer!"

When I returned with his suds, he was again sawing his dick into her mouth, making her gag and grunt. Shockingly, though, she was obviously turned on by this ravishment. Her hand was down between her legs, and from the way her hips were gyrating lewdly, it was obvious she was pleasuring herself. When Gary noticed, he yanked her off his cock roughly.

"You playing with yourself, you dirty whore?"

She nodded sheepishly.

"Then it's time for you to get fucked," he answered. He started toward the sofa, dragging Amber by the hair behind him. He sat down and tore her skirt off. "Climb on," he ordered, stroking his cock lewdly.

Amber clambered into his lap eagerly. She grasped his cock and rubbed it up and down her slit, before slowly twisting the head into her tight, little pussy. "Oh God," she moaned as it slid in.

"Enough with the romantic shit," Gary growled, as he simultaneously pulled her down and thrust upward, burying his member inside her.

Amber squealed like a stuck pig. "Noooo, it's too big," she said, gasping and grimacing in pain.

"Shut up, you stupid twat. Now make me cum," he ordered. Amber hesitated just for a second. "NOW!" he shouted, spanking her ass so hard it sounded like a gunshot in the house.

"Owwwwwwww!" she whined.

He spanked her again and again, until finally Amber started fucking him roughly, lifting herself up and impaled herself on his oversized cock over and over. Each time, she slowed down even a little, he spanked her again and shouted: "Faster cunt, faster!" Amber rode him like a woman possessed, but he kept up his demands, slapping her ass until it turned bright red with his hand marks.

She was a mess. Wheezing from the exertion, gasping from the stretching he was giving her cunt, and crying out in pain each time he spanked her. Her face was red, and tears were running down her cheek. Her big breasts were bouncing wildly, and sweat ran down her face and onto her chest.

He looked at me with a big, satisfied smile. "Damn it bitch, this is one tight cunt. You must have a tiny, little pencil dick."

I just stood there in shock, expecting Amber to say the codeword at any moment, desperate for her to finally acknowledge what a dreadful mistake this had all been. But instead, she was riding him feverishly, trying to please him. At the same time she apparently pleased herself, because suddenly she cried out in ecstasy.

"Oh God, oh God, oh Gawwwdddd!" she wailed, thrashing about violently before settling back in his lap, his cock planted deep inside her.

"Fuck me, you whore!" he yelled, as he whaled on her ass mercilessly. She was too delirious to notice. He got her attention by slapping her across the face hard. She yelped in pain. He then firmly gripped her erect nipples and squeezed them hard. She whimpered in agony, but she also resumed bouncing up and down in order to satisfy his demands.

That was apparently enough to finally push him over the edge. Suddenly he violently shoved Amber to the floor. "Open your mouth, cunt," he hissed.

She did as he commanded, and he stood up from the sofa and started jacking off all over her face. He came in thick, creamy spurts. The first blast coated my wife's tongue and lips. The second went all over her hair. The rest dribbled out onto her large breasts. She was covered in the stuff. When he was done, Amber continued to play the slut, sucking his cock deep into her mouth, and licking him clean.

He looked over at me, "Bitch, don't just stand there looking stupid. Get your woman a fucking towel, and get me another beer."

CHAPTER SIX

Stunned and confused, I did what he ordered. When I returned, they were both on the couch. He was lying back, enjoying my nude wife's tongue bath on his cock. I gave her the towel, and she quickly wiped herself off before resuming worshipping his prick, which was already beginning to stiffen again. He popped open the beer and took a big gulp.

He then lifted Amber's head by her hair. "Enough foreplay, cunt, now I'm really gonna fuck you good."

She nodded in response.

He pulled his pants back on and dragged her by the hair up the stairs. After a moment, I stumbled after them. They made a bee-line for the master bedroom, and I realized he planned to screw her in our bed. I wanted to stop it, but I didn't dare say a word. I couldn't risk her siding with him over me yet again.

He tossed her on the bed.

"Spread your legs and play with that nasty twat," he directed.

Amber again followed his orders, opening her legs and slowly massaging her puffy pussy. He slowly started taking off his own clothes. First the shirt, showing off his muscular chest and flat stomach. Amber watched him eagerly, her eyes wide, excited saucers, her finger pumping into her pussy rapidly. Then he lowered his trousers, exposing his thickly muscled thighs. Amber moaned in delight, and she pressed a second finger into her soaked snatch. Finally, he dropped his underwear, freeing once again his prodigious member. Amber couldn't take her eyes off it.

He stroked his cock a couple of times, until it was again rock hard. Then without further preliminaries, he climbed up onto our marital bed and between my wife's legs. He gripped her ankles firmly and pressed them

back, until they were pinned around her ears and she was bent in two. He looked down at her like that, breathing rapidly, her big tits heaving up and down, her pussy exposed and defenseless. He gave me a smirk, and then sank his prick balls deep into my wife.

She let out a satisfied moan. Gary paused for just a second, deep inside her. Then he started fucking her, hard and fast. Amber's moans ran together and increased in pitch until all that escaped her mouth was a long, continuous squeal. I felt like throwing up, but I couldn't take my eyes off them. Gary was pistoning into her tight hole like a machine, stretching her pussy lips obscenely. Amazingly Amber seeming to love his jackhammer approach. Though pinned, I could see her hips gyrating to meet his thrusts. She swung her head back and forth in passion, muttering the occasional obscenity when Gary delivered a particularly vicious thrust.

He fucked her like that for ten minutes straight, until both of them were breathing hard and covered in sweat. Then suddenly he pulled his cock all the way out, leaving it hanging over her gaping pussy like an x-rated Sword of Damocles.

"Noooo, don't stop!" she wailed.

He rubbed the head along her slit, sending her into a paroxysm of pleasure. But then he pulled away again.

"You sure you want it?"

"Oh God, yes," she gasped, thrusting her hips upward to try to recapture his cock. He stayed just out of her reach.

"You love my cock, don't you."

"Oh, yes. Oh, yes!" she replied fervently.

"More than your hubby's?"

She knew I was there. She even glanced at me quickly before answering.
"Yes. Yes, much more," she replied softly.

He chuckled. "What are you?"

She looked up at him, puzzled.

"Are you a cunt?" he asked.

"Yes, please fuck me," she beseeched him.

"Say it!"

"I'm a cunt. I'm a cunt," she moaned desperately.

"What else?"

She thought about it for a second. "A whore... a dirty, filthy whore. A cunt. A twat. A slut. A bitch."

He laughed again. "Naw, he's the bitch," he said, nodded in my general direction.

He'd reduced her to a desperate, self-abasing creature. At that moment, she belonged to him, completely, body and soul. She would have done anything and said anything to get him to resume his brutal assault on her tight pussy.

"Please fuck me. Fuck my dirty whore twat. Hurry!" she pleaded.

Finally, he gave her what she wanted. He thrust downward, penetrating her cunt and filling her completely in a single motion. Amber yelped in surprise. He pulled all the way out, and again dropped down into her steaming box in a single thrust.

"Ugh! Shit! You're tearing me apart," she howled.

He pulled out again. "Want me to stop?" he teased.

"Nooooo! Don't stop!" she begged.

He impaled her again.

"Ugh! Goddamn! Goddamn it!" she hissed.

Again.

"Owww! Shit! It hurts!"

He pulled out and paused.

"Don't stop. Oh God, please don't stop!" she pleaded.

He stabbed her pussy again with his oversized cock.

"Ugh! Ugh! Ugh! Ugh!" she cried out as he hammered into her, pulling completely out each time.

Amber was crying and moaning all at once. Her face was twisted in pain, but she was also frantically frigging her own clit and bucking up and down like a mad woman. She came hard, screaming and convulsing. When she was done she might have passed out because her body went limp and her head lolled back and forth slowly in time with his continuing vicious thrusts.

He released her legs and settled in, pumping his cock into her vigorously. Amber had a big, dopey smile on her face and her eyes were glazed over. She looked stoned. Instead of screeches, she was now just gasping and moaning softly. Gary showed no signs of slowing down, and finally I'd had enough.

I took refuge in the den downstairs, trying to lose myself in some mindless TV watching. From upstairs, I could hear the on-going rhythmic creaking from the bed, punctuated by an occasional low growl from Gary and high-pitched squeal from Amber. It went on like that for over an hour. Finally it

was quiet, but I couldn't bear to see what was going on. The sight of them screwing was devastating enough. I didn't think I could bear seeing them cuddling together, enjoying the afterglow in my own bed.

I nodded off after a while. When I woke up, Happy Days was playing on TV Land

and the creaking had started again upstairs. It was now past 2:30am, and they were still at it, my soul mate Amber crying out in passion as another man fucked her. I felt nauseous.

Somehow, I ended up nodding off again.

CHAPTER SEVEN

When I woke up, it was daylight. I glanced over at the clock. 9:12am. I heard sound coming from the kitchen, so I staggered in that direction feeling haggard from lack of sleep and emotional turmoil. To my surprise, Gary was still there, sitting at the kitchen table, clad in my bathrobe no less. Amber was over by the stove, cooking up a stack of pancakes.

"Did you have fun last night?" Gary asked, making a jerking off motion with his hand.

I didn't answer. Amber looked over at me sheepishly and went back to her cooking. She was wearing a t-shirt, and when she reached for the sugar it rode up, baring her ass. Gary noticed and winked at me.

I'd had enough. "Shouldn't you be leaving?" I said pointedly.

His eyes went cold. "Take it easy bitch. I'll let you drive me home soon enough..."

Amber arrived with a plate of pancakes. As she set the food down, Gary grabbed her by the upper arm. He fixed me with a menacing glare.

"...but first, I'm gonna get a little treat," he continued.

He ran his hand up under her shirt and cupped one of her big breasts. She tried to pull away.

"No, not here. Not like this," she exclaimed.

Gary ignored her protests and slid his hand down between her legs, pressing a finger easily into her pussy. She gasped and reached for his hand.

"Please, Gary, not right now."

"Bullshit, cunt! It's about time he saw what a filthy whore you are in broad daylight."

Gary bent her over the table roughly. In that position, her perfect little ass stuck out, exposed. He wrenched open the bathrobe, revealing his already erect cock. Up close, in the brightly lit kitchen, it actually seemed even bigger than before, a huge, pulsing slab of meat. He spit and wet the head and immediately shoved that big prick into my wife's tight pussy.

She squealed like an animal, but not for long. In mere seconds, he had her lit up like a \$3 whore, moaning and groaning and begging for more. It was hard to believe this was the same innocent little Amber with whom I'd lost my virginity.

Gary wasn't done though. As he screwed her roughly, he reached over to the table and picked up a stick of butter, which he proceeded to slide up and down the crack of her ass. Then with a quick thrust, he shoved it halfway into her asshole.

"Oh Jesus!" she cried out. "What are you doing?"

He chuckled. "Just wait and see." And with that he pumped the butter in and out of her ass for several minutes until it melted in a gooey mess. When the butter was almost completely melted, he pushed the remainder deeper into her rump and followed with two of his fingers.

She must have realized what was coming because she suddenly stopped moaning and started struggling against him instead. He pinned her to the table by pressing down firmly on her lower back.

"No, please don't, not that," she whined.

I took a step toward him. "Let her go!"

He laughed. "Don't let her fool you. This is all an act. And anyway, you know you want her to get what she deserves."

He pulled his cock out of her pussy and pressed it against her puckered anus.

"No..." she moaned.

"Don't..." I yelled.

But it was too late. He thrust hard and he was half-way inside her. She screamed and started bucking up and down.

"That's it," he chuckled. "Back that ass up on my dick."

I realized he was right. The only thing her struggling accomplished was to force his cock deeper into her butt. She must have realized it too because suddenly she went still.

She was red-faced, panting. "It's too big, take it out," she pleaded.

"Feels just right to me," he said as he began to saw his cock in and out of her ass.

She gasped with each thrust, sucking air through her clenched teeth in between.

With each stroke he went in deeper, harder.

He looked over at me. "You ever fuck this ass?"

I shook my head.

"Too bad, 'cause this whore is a fucking natural," he grunted as he thrust hard, burying himself balls-deep in her bottom.

He spanked her butt cheek. "You like that slut?"

She looked back at him with red-rimmed eyes. "It hurts."

"But you still like it, don't you?" he taunted.

She hesitated for a second, and then nodded.

"Reach back and spread those cheeks."

She took too long and he spanked her again. "Do it," he hissed.

This time she complied, wordlessly reaching back with both hands to spread her ass for him.

He chuckled as he resumed his assault on her ass. He sodomized her brutally. Long, hard strokes that made her gasp, his balls slapping rhythmically against her pussy. Finally, with a rough grunt, he buried himself fully inside her and stayed there, shuddered slightly as he dropped a load deep into her ass.

He pulled out and wiped off his dick on my bathrobe. He strode naked out of the room and back upstairs. After a moment, Amber gingerly straightened up and then waddled over to the bathroom to get cleaned up. He returned a couple of minutes later, fully dressed, and beckoned me to the door.

"Come on, bitch, I'm done here."

CHAPTER EIGHT

I drove him back to the bar to get his car. I was mute, in shock. But he was still having fun, relating everything he'd done to my wife, and telling me what a good little whore she'd been. Then as we approached the bar, he shocked me.

"Next time, I'm gonna bring some buddies along and we'll really shred that cunt."

"Nex, nex, next time?" I stammered.

"Yeah, bitch, you didn't think this was a one-off, did ya? Nuh uh, she's my whore now. I'll be back."

I pulled up in front of the bar.

"Thanks for the ride bitch. And thanks for the whore," he sneered.

He opened the door and started to step out.

"Hey asshole," I growled.

He wheeled. "What did you call me?"

"Asshole, if I ever see you near my wife again, I'll shoot you in the fucking head."

He hesitated and then forced a laugh. "The only thing you'll be shooting is your load into your hands when I fuck her next."

He turned and strode away, around the corner to where his car was parked.

I don't know why I'd said it. But in that moment, I wasn't bluffing.

As I drove home, however, I realized I didn't even care anymore. Whatever I'd thought Amber was had been an illusion. Or she'd changed. But whatever. She wasn't the girl I fell in love with. The girl I married. I was going home just long enough to pack up my things, and say goodbye. If she wanted to be Gary's fuck toy, that was her business. I was out.

I was barely through the door when Amber launched herself at me. She was fresh out of the shower, smelling of soap, tired around the eyes but otherwise fresh-faced, with her hair in a ponytail. She wrapped her arms around me and hugged me so tightly it was hard to breath. She kissed my cheek, tears now flowing down her face.

"Oh baby, thank you, thank you, thank you," she gushed. "That was the most amazing fantasy ever. You're the most generous man in the world. I can't believe you guys even worked out that trash talk between the two of you. It was just... just..." she trailed off, words failing her.

I just stared at her, speechless as well.

She took my face in her hands. "Are you okay baby?"

"That, um, was a little intense."

"Oh God, I'll say," she enthused. "It was crazy. Over the top. The things he did to me. Made me do. Jesus, like an out of body experience, except it wasn't, and then when he..."

I held up my hands. "Not right now," I groaned. "I'm worn out."

"*You're* worn out?" She giggled. "But yeah, I know what you mean. All I want to do is take a nap, for like twelve hours right now, but I didn't want to crash until I told you how much I love you, and..." she paused.

"Yes?"

She blushed. She actually blushed. "Well, even though I'm exhausted, I'm here for you, you know, if you wanna..."

The cognitive dissonance had me reeling. On one hand, I'd seen the real Amber last night for the first time. A cruel, stupid slut, willing to see me humiliated and herself debased in pursuit of physical pleasure. On the other hand, here she was acting like it was all just a fantasy, and even offering to consummate the fantasy as we did all the others, just us, together, with a mutual ravishment.

"I can't. Not right now."

She gave me a surprised look. It turned to anxiety, and then suddenly to a small smirk. I guessed that she probably assumed I had been jerking off the whole time or something. But I didn't want to get into it.

"Look, honey, you had a long night. We both did. Let's sleep it off and see what happens later."

She kissed me again. "Okay, baby, but you built up some serious points last night, and I'm going to make sure you get repaid with interest."

To be continued....
