FOREWORD

I have a more extensive discussion about the book in the Afterword, so I'll keep this short and sweet.

This is one of my older stories, edited and revised for publication. It is a short. Don't expect sophisticated characters or rich plotting. It is a fun, dirty, quick read. If you want more, go elsewhere.

Also, this is one of "cuckolding shorts," which means, you know, that there is cuckolding that takes place. I don't usually write "burn the bitch" endings, so if you need that to make your reading experience complete, you probably should go elsewhere as well. I am grateful to all my readers, but if you're the kind of person to read a cuckolding book and then leave a one-star, "I hate wimpy husbands" review, I'd just as soon you vent your frustrations on a different author.

Thanks again to Kenny Wright for cover design, and to all of my readers whose positive reinforcement keeps me writing and publishing.

I

My wife Leslie and I got married young, in our early-twenties. We met right out of college. Happy hour turned into drunken making out and then into sloppy sex. She fucked like a demon. There, I said it. It probably would have never become more than a random hook-up if it weren't for that, but I wanted more.

I pursued. She demurred. I wooed. She finally came around. We dated, got to like each other. The sex was still great. She was tight, slender, and super-responsive. A girl who could come easily and often. But, also, outside the bedroom, a sweetheart. Generous, funny, thoughtful.

Now, several years later, and with Leslie within spitting distance of thirty, we decided it was time to have kids.

Okay, *she* decided. Like a lot of men, I was willing to wait a little. I mean, what's the rush? Yeah, yeah, I know, biological clock. And yeah, yeah, do you really want to be chasing little kids around in your forties? And yeah, yeah, it's true we were already pretty settled, with decent jobs and a nice little house in the suburb.

She cajoled. I deflected. She inveighed. I finally came around. It made sense after all.

Still, it would be a life change. No more sleeping in late. No more spontaneous hiking trips. No cozy vacations just the two of us. And worst of all, no more daylong sessions in bed, naked, making love and eating take out.

To bid farewell to our old care-free lives (at least for the next couple of decades) we decided to take a vacation in Vegas and just have fun, a last fling so to speak. We didn't actually explore what that meant. I don't know that I actually had a plan in mind other than drinking too much, losing some money at the tables, and, yeah yeah, fucking like bunnies.

We took advantage of mid-week, off-season rates to book ourselves into a suite at the Venetian right on the strip. We packed light. Leslie was planning on doing some shopping, while I planned to "spend" my allowance at the tables. Leslie had a guidebook fully marked up with shows and

attractions. I figured we'd probably spend most of our time by the hotel pool nursing hangovers from a couple of bottle of wine each night at dinner.

Neither of us had been to Vegas before, so it was pretty overwhelming. We spent much of our first evening just walking around the strip, until we finally got hungry enough to find a place for dinner. We settled on a nice fish place -- hard to believe since Vegas is in the middle of the desert, but it was wonderful. Between cocktails, a bottle of wine, and after-dinner drinks, we were quite toasted as we stepped back out in the warm night. We'd been getting a little touchy-feely at dinner, so I was looking forward to getting Leslie back to the room for some romance. As we waited for a cab, Leslie kept noticing all the strip club ads on top of the taxis.

Finally, she said to me, "Honey, have you ever been to one of those places?"

I started to lie, but she just rolled her eyes at me. I came clean, "Yeah, a couple times. You know, Barry's bachelor party and like once in college." I could see she didn't quite believe me -- she knows me quite well by now -- but she didn't push it.

"What are they like? They seem like they'd be pretty rough."

"Naw," I replied. "Well, I guess some are, but the ones like these," I said point to a couple of ads for 'Gentlemen's Clubs', "are pretty tame and high end."

"Do women ever go? I mean, as customers."

"Yeah, I guess. I think some of these places even waive the cover for women or couples. Classes the place up if it isn't just a bunch of leering men."

"Wanna take me?" she said firmly, with a wicked gleam in her eyes.

"Huh?"

"I want you to take me to strip club."

I hesitated.

She continued, "Come on, it'll be fun. Let's get a little crazy."

I sort of shrugged my shoulders, but didn't protest. It was a little out of the ordinary. The fact that Leslie and I had a great sex life didn't mean we were kinky. Like, at all. In some ways that's the problem with a woman who is so responsive. With vanilla sex so good, why bother with different flavors?

Once we got a cab, Leslie directed the driver to take us the club advertised on his roof, the Spearmint Rhino.

I was a little worried she'd freak out when we got there. After all, even the most open-minded women are in for a bit of a shock when they first confront a strip club scene with naked women gyrating on stage and semi-clad strippers roaming around offering lap dances. And yeah, for a few moments, Leslie just took in the scene. So did I, I have to admit. I'd never seen anything quite like it. There were hundreds, literally hundreds, of strippers. They came in two flavors: hot and hotter. Very different from the handful of small, divey places I'd been to out East.

Leslie giggled, grabbed me by the hand and led me down to a couple of seats up near the main stage.

The waitress came around and we ordered a couple of mixed drinks, and then another gal showed up offering neon colored shooters. The middle-aged guys next to us ordered a couple and drank them from between the waitress' cleavage. Leslie watched, giggling.

"Your turn!" one of the guys shouted to my wife.

He paid for her shot. And sure enough, the guys on both sides of us got a kick out of seeing Leslie doing a shot with her face between the waitress' big melons.

I was pretty surprised by all of this. As I say, we had always been vanilla. And it wasn't just that it worked. Despite our initial drunken hook-up and her obvious passion in bed, Leslie has always seemed straight-laced to me. College graduate. Worked in an office. Her dad was a deacon in his church, whatever the hell that is.

Leslie was, in short, a nice girl. So much so, indeed, that it never really occurred to me to even suggest anything at all sexually "weird." In fact, we'd never had *the talk* about our sexual pasts because I was a little afraid she'd freak out at my half-dozen one-nights stands, not to mention that crazy night in college when Stacy sat between me and my buddy John and jerked us both off at the same time.

But surprisingly, my wife was taking to the scene like a fish to water, and when the girls starting coming around and chatting us up, Leslie seemed excited to talk to them.

After a little while, Leslie asked me about lap dances, and when I explained, she offered to buy me one. I declined. She insisted, and she picked out a big-breasted brunette she noticed I was checking out across the

room. I was pretty leery of all of this. As much as Leslie was into it, I just was not completely comfortable being here with her. But she seemed determined to get the full experience. She waved the girl over.

“Hey baby, I’m Tiffany,” said the stripper as she squeezed into Leslie’s chair.

Leslie seemed a little taken aback at the invasion of her personal space, but not enough, apparently, to protest.

“I’m Leslie. This is my husband Dave.”

“And he wants to see you get a lap dance,” Tiffany suggested hopefully.

“What? No. I want to buy one for him.”

Tiffany grinned at Leslie’s obvious discomfort at the thought of having a woman give her a dance. “What’s the matter, sweetheart, don’t you like girls? I mean, you have been with a girl, haven’t you?”

Leslie hesitated as if she couldn’t believe the question. She shot me a quick look and then shook her head.

“Oh, I don’t believe that for a minute,” Tiffany insisted. “You’re just afraid hubby would be shocked. But he wouldn’t. He’d love it. Right?”

I nodded. “Hell yeah.”

Leslie rolled her eyes.

“See? Come on, come clean. You’ve never experimented? A cute little number like you?”

My wife looked over at me again. I was smiling like an idiot. Leslie laughed now. “We can talk about your imagination of my sexual past later. But give him a dance first.”

“And then you?”

“Well, I’m not paying for my own dance.”

“I will!” I exclaimed.

Leslie shook her head and laughed. “Okay. After.”

The next song began and Tiffany rose. She removed her lace bra, freeing her massive, surgically-enhanced, but still lovely breasts. She handed it to my wife who playfully tried it on, though it was laughably oversized even over her clothes. Tiffany climbed into my lap as Leslie watched eagerly. I was being a good boy, keeping my hands to myself, but Tiffany was a real pro. She ground against me, pressed her big tits into my face, her hands running through my hair. Despite my best intentions, she soon had me hard and was rubbing her knee against my erection. I hoped

that Leslie wouldn't notice, but she apparently did because when Tiffany rose, my wife reached out and stroked my hard cock through my pants.

"Naughty, naughty," she teased with a smile.

Tiffany spun around and settled back down into my lap, thrusting her hard ass against my cock.

"Should I make him come?" the stripper asked my wife.

"Do it," Leslie hissed excitedly.

Whoa. Where had that come from?

Tiffany leaned back against me, her head besides mine. She licked my ear lobe and moaned. Looking over her shoulder, I had an amazing view of her luscious body undulated against me, her big tits, her stomach so flat that her panties bridged across her hips giving me a peek at her shaved snatch.

"That's right, baby, this is what it would look like if you were fucking me. Imagine how good it would feel. Your fat cock in my hot, wet pussy."

She ground against me harder. I could have come in a heartbeat if I'd wanted to. But, needless to say, even with my wife's apparent blessing, dropping a load in my pants in a strip club was not that appealing. Problem was, Tiffany was so hot that I actually had to work at staying in control. I tried to distract myself. I thought about taxes. All the yard work I'd let build up. Anything, but the wild slut in my lap.

Tiffany didn't give up. She moaned in my ear again, hot, wet breath.

"Or would you rather put it in my tight ass? I'd let you."

She squealed softly. Then louder.

"Oh yeah, baby, fuck my ass. Fuck my ass hard."

Thankfully the song ended. I wasn't sure how much longer I could hold out.

"Another dance?" Tiffany asked.

I eased her off me. "Dance for her this time."

Tiffany grinned. "Oh yeah."

She descended on my wife like a lion falling upon a gazelle.

Tiffany hadn't asked me for permission for anything, and she wasn't asking Leslie either. Leslie got a similar tits in face, then ass in lap treatment I'd received, but then Tiffany spun around and settled into my wife's lap. She snaked her hands into Leslie's top, obviously playing with

her pert, little titties. She wasn't just moaning and breathing in her ear either, but rather kissing and biting Leslie's neck. Is it crazy that I was sort of hoping she'd give my wife a hickey? But even more surprising was Leslie. She started getting into it and rubbing her hands over Tiffany's bare breasts and her upper thighs. My wife started playing with the strippers fat, swollen nipples.

Had the song gone on a little longer, I think Leslie might have officially lost her lesbo cherry. As it was, I was sort of in shock. Leslie saw my face and burst out laughing.

"I guess you enjoyed that," she teased.

"Not as much as you," I replied.

Tiffany was still in Leslie's lap. "See, I knew you were a little dyke."

Leslie laughed. "Nope, just putting on a show for hubby."

Tiffany rolled her eyes. "How about we take it in the back and give him a real show?"

Leslie seemed to consider it, but then shook her head. "Not now. But can we buy you a drink?"

We talked for a while. Leslie was full of questions, asking Tiffany how long she'd been dancing and how she liked it. Tiffany gave the usual stripper answers, she was just starting out, working her way through school, and she loved it.

"Have you ever danced?" Tiffany asked my wife.

Leslie giggled. "Me? I'm flat as a pancake, no one would want to see me!"

She was being modest. Though not built like a typical stripper, Leslie is a shapely 33b-22-34 on a 5'2", 105lbs frame. Her chin-length, strawberry-blond hair and greenish eyes usually make her look more like a pixie than a vixen, but I've seen her turn plenty of heads over the years.

"Sure they would," Tiffany answered. "Guys would go crazy for a tight little package like you. Most guys are tired of the Barbie doll look."

We gabbed some more, but when it became clear we weren't going to go back in the VIP room with her, she gave Leslie another groping hug and excused herself. She was working after all.

Leslie leaned over to me. "So what do you think about when you're at a strip club?"

"What do you mean?"

"I mean, are you thinking that you want to fuck these girls?"

I was a little shocked at her language, but we were, after all, sitting in a strip club, three sheets to the wind. Still, I knew better than to blurt out my initial thoughts. But I also knew better than to pretend I was completely uninterested in the naked women all around us.

"There are obviously a lot of pretty girls here. But no, I don't really think about having sex with them. I mean, I like looking. And it was damn hot watching Tiffany dancing with you. I mean, if you were there, I might rethink it."

"So you'd want a threesome? With me and another girl?"

"Of course. Isn't that every man's fantasy?" I replied, pretty confident that would be neither shocking nor open up a can of worms.

"Doesn't mean I think about it all the time, but sure, it's crossed my mind." *A million times.*

She regarded me thoughtfully. "Well, it is our last fling, right?"

I put up my hands. "Well, that doesn't mean we need to do anything crazy."

She laughed. "I thought that was the whole point."

"Yeah, but nothing you're going to throw back in my face."

She flashed me that same wicked smile I'd seen when she first suggested we come to the club. "Deal. Let me see if I can set it up!" And with that she shot up and disappeared across the room.

I didn't know whether to be excited or scared. I guess *anxious* about describes my state of mind. Pretty soon, though, I saw Leslie walking back alone. She handed me a card for the a "the Scarlet Lounge, a private club." I looked at her puzzled.

"Our girl isn't up for it. She's willing to mess around with me and have you watch, but for anything more, she recommended we try out this place. Just a bit off the strip. She said if we mention her name they'd treat us well."

"Watching her with you would be more than enough."

"Oh come on, Dave, live a little."

"Are you serious?" I asked, incredulously. Was my wife really trying to talk me into a threesome with another woman? And was I really resisting?

She giggled. "Sure. We're drunk and horny. At least I am. And what happens in Vegas stays in Vegas."

Well, there was, of course, no way I was going to say no, even if in the back of my mind I was pretty sure going ahead was a mistake. But in that quick moment of decision, I realized I would always have regrets if I didn't go along.

We got into a cab and gave the address. Leslie was toasted and very touchy-feely. We made out in the back seat of the cab like a couple of teenagers. She was rubbing my cock so hard that I almost came in my pants, and when I slid my hand under her skirt, I was shocked by how wet her panties were.

By the time we got to the place, I was horny as hell. We showed our card and mentioned Tiffany and they let us right in. The manager -- I guess madam is the proper word here -- was really welcoming and friendly and put us right at ease. She sized up quickly that we were looking for a "couples special" and after tactfully ascertaining our price range, she brought out three girls for us to look over. The first was a muscular, black girl, the second a tall, slightly mannish-looking brunette, and the third a petite Latina type. Leslie whispered that she found the first two intimidating, so we went with Elena.

There is no two ways about it. It was a memorable experience. We started off with a round of drinks in the bar, and then Elena led us back to her room. I sat in an armchair while the girls jumped up on the bed. Elena started massaging Leslie's shoulders, and when she relaxed a bit, Elena started nuzzling her neck while slipped her hands under my wife's shirt. Pretty soon, they were kissing passionately, and stripped each other naked.

It came as a shock. For a woman who'd never been with a girl before, my wife was surprisingly comfortable with it. I probably should have thought more about that, but then they came over to me. Leslie pulled down my pants and Elena slipped a rubber on my prick. The girls took turns licking my dick, stopping occasionally to kiss wetly. They worked well as a team, passing my cock between them with what seemed like practiced ease.

After a while, Leslie took my hand and the three of us climbed on the bed. Leslie pushed me onto my back and climbed aboard. She slowly made love to me while Elena kissed between us, going from Leslie's nipples to mine. A few minutes passed and Leslie slowly lifted herself off me, sliding up until her wet, trimmed pussy was at my face. I buried my tongue inside her sloppy-wet snatch, eliciting a loud growl. At the same time, Elena

straddled my hips and impaled herself on me. When Leslie saw what was happening, she climbed off.

She whispered in my ear, "I want to watch you inside her."

Leslie slid down for a better view, her face now inches from my dick as it disappeared into Elena's pussy. Elena rode me slowly, expertly, and when she lifted up off me, she encouraged my wife to suck my dick, now covered with Elena's juices. I didn't want to turn Leslie off, so instead I flipped Elena onto her back and proceeded to bang her harder. Leslie lay down beside me.

She licked my ear lobes and then whispered, "Yeah, fuck her. Fuck her hard."

We switched around another couple of positions. The most memorable was the way we finished, with me taking Elena from behind while she licked Leslie to a screaming orgasm. I came what felt like a gallon.

But as memorable as it was, the fantasy, or maybe even the retelling, are more exciting than the reality. At the time, I can remember noticing that Elena looked worn beyond her years, and I couldn't help but wondering how many other guys had been where we were even that evening. Her room was shabby around the edges, like an aging motel room. Plus, since Leslie had been on the pill since college, I wasn't used to the sensation (or lack thereof) of wearing a rubber. And because it was approaching 4:00am, I was tired and my buzz was turning into the beginnings of a hangover. Enjoying the whole experience was more work than it should have been.

We got dressed and straightened up. As the cab drove back to the hotel, we could see the sun starting to peek over the mountains to the East. Leslie dozed off on the ride, so we didn't talk much. And at the hotel, we just sleepwalked to our room and collapsed onto the bed.

II

I woke up around 10:00am, with a nasty headache, and the terrible feeling that Leslie would probably be horribly upset when she awoke and remembered the previous night's events. I took a long, long, hot shower. But when I got out, I was pleased and surprised to find Leslie awake, with a room service breakfast on the way, and a smile on her lips despite the somewhat haggard look in her eyes. We munched on a light meal, drank some much-needed coffee.

"That was some night," Leslie noted.

"I'm sorry. Things got out of hand."

She gave me a curious look. "Having regrets?"

"Yes."

"Really?"

I wasn't sure how to answer. She didn't seem angry. Was this a trap? That wasn't Leslie's style. But then again, little of what had happened last night was Leslie's style as I knew it at least.

"I don't want screw things up between us."

"Well, we certainly screwed things up last night," she replied with a grin.

"You know what I mean."

"Right, but, well, I thought this was a last fling. A last chance to get a little crazy."

"Sure, but we're not that crazy to begin with. This is more like a first fling."

"Oh, come on, we've gotten silly in the past."

"I am pretty sure a threesome with a prostitute is different in kind from dry humping in a night club."

"Or skinny dipping in Hippy Hollow?"

"That was just us, though."

She raised an eyebrow at me.

"Well, besides the other nudists and the Peeping Toms," I admitted. "But you know what I mean."

"Well, I had fun last night," she insisted. "And I know you did too. And, what happens in Vegas, stays in Vegas."

I raised my coffee mug. "What happens in Vegas, stays in Vegas."

We clinked the coffee. She went off to take a shower, while I sat back, finishing my cup, watching Sports Center on TV and thinking about what a cool wife I had.

We were moving pretty slowly that day. We managed to make it across the street to Caesar's to browse the shops and admire the recreation of the Roman forum. Leslie picked up a pair of shoes and a couple of silk scarves. We had a light lunch and then went back to our hotel room for a well-deserved nap.

It was nearly 6:00pm when we woke up, somewhat refreshed, but still in agreement that a relatively quiet evening would do us good. We had an early dinner, and then I wanted to hit the tables for my first time on the trip. Leslie joined me for a while, but disappeared after an hour to explore the hotel and entertainment options.

I had started off really hot and was up over \$1200 almost right away, but unfortunately, I lost a couple of big hands. I kept saying to myself that if I could just get back to \$1000 up, I'd walk away, but instead I seemed to be trapped in an endless cycle of win-one-lose-one that had me falling further and further from my goal.

Still, I was having fun. We had a good table. Gladys, a retiree from Florida, was at the far left, puffing on cigarettes and drinking scotch and sodas. It was funny seeing her snort at the beginners who kept joining the table, making dumb bets and walking away down \$200 in 5 minutes. To my right was Jack, a slender Texan with a bushy mustache, bolo tie, and a ten-gallon cowboy hat. Mid-forties, handsome in a weather-beaten way. He was a hoot, really playing up his straight-out-of-central-casting persona. The cocktail waitress was "darlin'," the dealer, "partner." He was a regular. The pitbosses knew him and came around and periodically joked with him.

Leslie returned around 11:00pm.

"How's the table doing?" she asked.

Jack gave her big smile, "It suddenly got a lot better."

She smiled back, and then leaned over and kissed me on the cheek.

Jack guffawed. "Well, damn, son, you may not have a lot of luck at cards, but you sure seem lucky at love."

I introduced them. Leslie reached out to shake his hand, and he took it and kissed her hand. She giggled.

"So, anything going on?" I asked.

"Naw, just a couple of crappy bands playing the lounges. I was hoping to get tickets to the comedy show at midnight, but they're sold out."

"Well, that's okay," I replied. "I don't want to walk away quite yet. I think my luck is turning." I was on a short winning streak that had gotten me back to even from over \$500 down.

She yawned. "Yeah, well I'll probably turn in soon anyway."

At that point, Jack jumped in. "Hey, if you want to see the show, I've got an extra ticket. Won it at the seven o'clock drawin'."

Leslie perked up. "Yeah?"

"I was just gonna use the extra seat for my hat, but you're welcome to it. You can have the other if ya want," he said to me.

I shook my head no. "I think I'll stick it out here." I turned to my wife, "You want to go with Jack?"

She raised her eyebrow at me and then smiled. "Sure, why not. Meet you back in the room?"

"Naw," I replied, "check back here first. I'll be the guy with the huge pile of chips in front of him by then."

She kissed me on the cheek and then she and Jack went off to the comedy club.

My winning streak continued long enough to get me up \$800, but then I hit a terrible run. Dealer kept pulling fives on sixteens, I'd split aces and get dealt a pair of threes on them. By the time Leslie came back around 1:15am, I was down over \$2000. My luck had to turn.

She was real tipsy and giggly. She leaned in close and whispered in my ear, "So are you coming to bed with me? Or should I make other plans?"

She didn't seem tired anymore.

"Just give me a few minutes," I said distractedly as the dealer dealt another hand. "I'll be right there."

"You sure, baby? Some of those comics were pretty raunchy. I have some crazy thoughts in my head."

The dealer dealt the next round. Blackjack! There was no way I could leave now.

I looked over my shoulder and saw Jack standing a few yards away.

“You should buy Jack a drink,” I suggested. “You know, to pay him back for the comedy club.”

She gave me an impish grin. “I’ve already had more than a few. Who knows what might happen if I have more.”

The dealer had started the next hand. I got an eight and three, and the dealer had a five showing. My luck was definitely changing.

“I’ll meet you guys at the lounge in a bit. Go ahead,” I muttered distractedly.

I didn't even watch her leave. Things had finally turned my way. Not enough to get back to even, but I won enough hands to be able to leave the table with a modicum of pride, even if I was still down \$1200 for the night. I looked at my watch and realized it was now past 2:30am. More than the few minutes I’d said, but I figured Leslie would forgive me.

I went to the lounge. A very bored looking band was playing 80s covers to an even more bored looking group of patrons. No Leslie though. Drat. I hoped she wasn’t upset after all.

I hurried up to the room. I put the keycard in the door and pushed it open.

I heard them right away, but it didn't register at first. I remember wondering what Leslie was doing watching porn this late at night. Then I stepped into the bedroom. Leslie was naked, on her back, her legs draped over Jack's shoulders. He was standing at the foot of the bed, clad only in his black socks and cowboy hat, pistoning his cock into my wife. Whether from shock or exhaustion, for a while, I could only stand there watching. They'd been at it for a while, that was clear. Leslie was moaning and groaning through breathless gasps. Jack had rivers of sweat rolling down his cheeks onto his chest. At one point, he pulled out and several times lightly slapped Leslie's snatch with his bare member. For the first time I noticed how hung he was, his cock seemed to be the size of one of those "tall boy" beer cans. He then plunged back into her, making Leslie throw her head back in passion and growl, "Ohhh, fuck yeah!"

I snapped out of my trance. "What the fuck is going on?" I demanded.

Leslie looked over at me. "Oh God, Dave, did you see his cock?"

Jack shot me a big grin, "I bet her \$100 she couldn't see my pecker and not end up in bed with me."

Leslie giggled. "You owe Jack a hundred bucks!"

She grabbed his hands in hers and slung her hips against his groin. "Oh baby, oh baby," he moaned, accelerating his own movements.

"Give it to me!" she hissed.

That seemed to push him over the edge. He let out a loud yowl and his knees seemed to buckle slightly. He slowly pumped her for another few moments, and then with a sigh let his thick, wet dick slide out of my spouse's pussy.

"Oh wow, that was amazing," she gushed. She sat up and looked over at me. "Not as good as Dave, of course," she said with a wink, "but wow!"

He just gave her an exaggerated 'aw shucks' grin in response.

She stood up and gave Jack a big, wet kiss and then walked over and gave me a peck on the cheek. "I'm going to get cleaned up and be right back," she said as she ambled to the bathroom.

Jack sat on the bed and pulled on his boxers. He looked up at me with a cautious smile. "Hey buddy, no hard feelings, right? Normally, I'd never make a pass at a married lady, but after she told me about your adventures last night, I figured you'd be cool with it. Maybe even like it?"

I sort of stammered something noncommittal, and he seemed to get the point.

"Well, I better be going," he said, standing up and reaching for his pants.

Just then Leslie re-entered the room.

"Oh no you don't," she said gaily. "I'm not done with you... or with this," she said as she reached into Jack's boxers and stroked his member.

"Honey, you done tuckered me out," he drawled.

"Well, then you're just going have to stay the night and rest up so you can finish what you started," she answered.

He shrugged and let her pull him back over to the bed.

"You just rest up and let me take care of everything," she cooed.

He lied back and closed his eyes as Leslie pulled his boxers back off. She started stroking his cock firmly while she starting kissing and sucking on his nipples.

Jack let out a gurgling moan, "Oh baby, you are good at this."

Leslie looked up at me. "Join us, baby."

I hesitated. "Naw, honey, I'm really beat. Maybe later," I replied lamely, hoping she'd take the hint and send Jack on his way.

She looked back and forth from me to Jack cock and then sort of shrugged, "Ok, baby, the door's open." Then she leaned down and began licking his shaft.

I stumbled out of the room and collapsed onto the sofa feeling despondent. My hope that being out of room would insulate me turned out to be misguided. I could clearly hear them in the next room, although I did manage to doze off for part of the night. I don't know how many times they did it. I know it was at least two because I had to walk past them to go to the bathroom twice, and each time they were at it.

The first time, Leslie was riding Jack, her eyes closed as she slowly rose and fell on his big shaft. Her hands were on his chest, allowing her to remain steady as she rose up, higher and higher, until his huge cock was just barely inside her before impaling herself roughly back onto his cock. There was a disturbing single-mindedness to her performance, as if there were nothing else in the world other than the sensation of his fat prick filling her again and again.

His hands explored her body casually, pinching her hard nipples, squeezing her firm ass. She bit down on her lip, shivering as she climaxing, but even then she didn't stop. She continued to ride him, faster and faster, as if determined to milk every last drop of pleasure out of him even as she sought to drain him of every last drop of jism. I didn't stay to watch the end, and Leslie didn't even seem to notice me, though Jack did give me a wink as I slinked by on my way back out to the living room.

When I awoke again needing to pee around six in the morning, I was torn. I knew they were fucking again. Hard, to judge from my wife's squeals of passion. I could have held it, but part of me, I guess needed to see what was going on. He was between her legs, really laying pipe, making a mockery of the notion that missionary means staid. But it was Leslie who had me mesmerized. She was gasping and thrashing, squealing like a woman possessed. They say size doesn't matter, and maybe he had mastered some hidden technique that I was I couldn't observe, but from what I could see he was just pounding her hard, and his huge prick was driving her mad with passion.

I woke up to the sound of voices. Jack was coming out of the shower with a towel around his waist, and Leslie was ordering breakfast from room service. She had a hotel robe draped over her shoulders, but it was open in the front, exposing basically everything, the valley between her pert breasts, the flat of her stomach, her closely trimmed muff. Despite what I had witnessed the night before, her casual nudity around him felt like a kick in the stomach. She was comfortable with him, not embarrassed and regretful.

Jack was all smiles. "Man, what a night!" he exclaimed. "Won big at blackjack, and *then* I got lucky!"

Leslie giggled.

"Hey, I owe you guys," he continued. "Listen, I've got a powerboat out on Lake Mead. What say you guys join me on the water for the day. Get a little sun, have some beers. It's beautiful."

"That would be great," Leslie exclaimed quickly. Then she looked over at me, "can we go?"

I realized that after our first night's activities, I would look like a total ass if I showed how jealous I was. And anyway, out on the water seemed a better option than spending the day in the hotel room. From the way her robe hung open, I was pretty sure that breakfast would quickly segue into another round of Jack fucking my wife with his oversized tool if we stayed indoors.

I nodded. "Sure, honey, it'll be fun."

Leslie and I ate some breakfast and then showered.

She'd slipped on a sheer, flowered sundress over her bikini. She was in a good mood, wearing the sort of giddy smile you only get from a night of really good sex. Or at least that's how I read it. She seemed to notice I wasn't in quite such a good mood.

"You okay, Dave?" she asked.

She was packing up sunscreen and a paperback.

"Yeah," I muttered.

"I wish you'd joined us."

"You didn't seem to need me," I replied dourly.

She grinned involuntarily as she reflected her time with Jack. "True enough, but it would have been even more fun with you involved. It's weird seeing your spouse with another person, right?"

I nodded. Fuck. She had me. She'd given me a threesome, and now I just had to suck it up that she had sex with Jack.

"But sort of hot too, right?" she added. It felt like she needed me to validate it. I couldn't bring myself to puncture her good mood.

"Yeah," I replied. "What happens in Vegas –"

"Stays in Vegas!" she exclaimed eagerly. She kissed me on the cheek. "Come on, this'll be fun."

III

Jack was waiting for us downstairs in a vintage, baby blue Caddy. I sat in front with him, making uncomfortable small talk while Leslie napped in the back. I mean, what do you say to a guy who just spent the night railing your wife?

“Nice car.”

“Thank, buddy, restored it myself. Got a big ol’ yard full of wrecks I work on.”

I imagined something akin to a junkyard.

He laughed. “It ain’t as bad as all that. Nice and neat, and got some real beauts back there. You like cars?”

I shrugged, who doesn’t like a nice car? “Sure.”

And that about exhausted my car conversation.

What followed was silence. Awkward silence. He seemed happy enough to tolerate it. I had the sense that very little would ruffle his feathers.

He had a curious little grin on his face, which I read as him reminiscing about his evening with Leslie. Not that I’d blame him. What I’d seen showed she’d given him a good time. I could only imagine what had happened in the hours I’d left them alone. Had she sucked on his fat cock? Did she let him finish in her mouth? How many other positions had they tried? Doggy? Had he bent her over the bathroom sink? Or were they both content to stick to the tried and true, him satisfied to enjoy her tight pussy and her delighted to feel his huge cock sawing inside her.

I glanced back at Leslie. Even asleep, she too wore a contented little smile. I had to admit, as painful as it was for me, there was no denying she’d enjoyed her time with Jack. Could I really begrudge her that?

Whatever, Dave. Go with the flow, man. It’s meaningless. I repeated that like a mantra, and it did slowly soothe me. Most of my remaining misgivings vanished when we got to the lake, which was genuinely stunning, bright blue and surrounded by orange desert hills. Jack had a sleek 27 footer, with room for sunning out front, and a built-in cooler in the back we filled with ice and beer.

We tooled around for a little while out on the water, and Jack told us he wanted to show us a really neat cove on the other side of the lake. He

asked if I wanted to drive, and I said sure, enjoying the breeze in my face as I pushed the throttle up.

Leslie had decided to get a tan, so she stripped off her dress, and with a towel and lotion climbed up front. She was wearing her sexiest bikini, pale green to match her eyes and with a thong bottom. She lay on her back, with her head toward the bow, giving us a little peak between her legs as she sunned herself sleepily. Jack gave me a little nudge and a wink. I couldn't help but grin back.

He leaned over and said, "I think I'm gonna go up front. Aim for that hill over there," he pointed across the lake.

I nodded and he climbed through the windshield toward Leslie. I watched in shock as he suddenly lowered his swimming trunks. He coated his cock with suntan lotion, and then slid down between her legs, wedging them apart.

Without a word, he just pulled her thong to the side and pushed his big prick into my wife. I couldn't hear her over the engine noise, but from the way she wrapped her arms around his neck and her legs around his waist, it was perfectly obvious that she was delighted by his approach.

Since I was piloting the boat, I couldn't turn away, not for long at least. Instead I basically had to watch as just a few feet away another man stretched my wife's pussy like I never could. Worse, I had to endure being watched by boats passing us on left and right. They wouldn't know they were seeing a man being cuckolded, but I still knew I must look like a damn fool crossing the lake with a copulating couple on the deck. The ride across took almost fifteen minutes, and the whole time Jack was between Leslie's legs hammering away, until finally as we approached the cove, he lifted himself up on his arms, thrust deep inside my wife and shuddered from head to toe. He pulled out and rearranged himself, and Leslie sat up and gave me a saucy grin.

"Having fun?" she mouthed at me.

My eyes were drawn involuntarily to her pussy. Her thong was still pulled to the side, and his huge prick had left her cunt gaping open obscenely. Then suddenly a little hint of whitish goo began to leak out. She noticed me looking and with a hasty and embarrassed gesture wiped away the creampie and adjusted her thong. Still, it was something I couldn't unsee.

"She's a special lady," Jack said.

I wasn't sure if he was joking or what. He seemed very earnest. But the only thing special I could see about her at the moment was that she seemed to have suddenly turned into a total slut, at least for Jack and his big cock. I forced myself to smile and nod as Jack took over the wheel from me.

The cove had a narrow sandy beach. We anchored a couple of dozen yards off shore, and went in for a swim. Leslie was having a great time, playfully splashing around with both Jack and me. We climbed back into the boat, and Jack broke out a round of beers and some sandwiches he'd brought. Sitting there in the sun, glistening from her swim, and with a big satisfied grin on her face, Leslie looked damn sexy. I had to admit, getting fucked silly by Jack seemed to be doing her a lot of good.

Across the cove, we noticed a bunch of activity. Jack told us that it was a local marina that hosted parties every weekend. We decided to go closer to take a look. There was a stage set up and a band was getting ready to play. We pulled up to a pylon and tied up. More boats arrived, and soon boats were tying up to each other since there was no more room at the pier or buoys. Just as the band was starting up, an 18-foot bowrider pulled up next to us with a bunch of college kids judging from the "Senior Week" banner flying from the canopy. They asked permission to tie up, and Jack waved them in.

"God, were we that young in college?" I asked Leslie as I checked out our new arrivals.

She laughed. "Naw, you were probably always an old man."

Our new neighbors were three guys -- Chuck, Tim, and Billy -- and two girls -- Tina and Jeannie. The guys were cut from the same mold, really skinny with big baggy trunks. Chuck was over six feet had dark hair and an earring. Tim was blonder and a bit shorter. Billy's hair was longer than the others and kept falling into his eyes. Tina was a slender brunette, maybe 5'6", and very cute despite the braces on her teeth. Jeannie looked to be of Thai origin or something, though she had a typical California accent. She was tiny, maybe 5' tall and 95 lbs soaking wet, but she managed to pack a nice bubble butt onto that frame. Unlike the oversized swimwear worn by the boys, both girls were in tiny thongs that almost made Leslie's narrow strips of fabric seem modest.

We started gabbing with them, and they seemed nice enough. After a while, Tina and Jeannie climbed aboard Jack's boat because it rode a little

higher and they wanted a better view of the band, and I went on theirs because they had a grill going in the back. The whole cove was a big party, everyone drinking and having fun, so it didn't faze me when they started smoking pot out in the open. They invited us over to partake, and Leslie and I took a few hits, while Jack stayed just with beers. When the band went on break, we all gathered in the rear seating areas of the two boats, by chance with Leslie and the guys over in their boat and Jack and me and the girls in Jack's. Between the booze and the pot and the hot sun, we were all obviously feeling no pain.

I could tell that Leslie was having fun teasing the young guys. She kept lifting her hands above her head and stretching, and she seemed to readjust her thong every few minutes. The guys were also getting bolder about checking her out and starting to pepper their conversation with innuendos. Leslie mentioned how fit all three were and asked how often they worked out. Chuck just laughed and said they did all their lifting twelve ounces at a time.

"No way!" Leslie exclaimed. "No way you got those abs just sitting around drinking beer," she said reaching over to run her hands over Chuck's six pack.

He jolted a bit at her touch and reached down to adjust his shorts. It jolted me too. Even drunk and stoned she had to know that wasn't likely to be interpreted as an innocent gesture. He might get the wrong idea... or, I realized with a shudder, the right one.

"You seem like a fun lady," he said, "ever been to a Tupperware party?"

Leslie scrunched up her face. "What? Like in the 1950s? How old do you think I am?"

"Naw, naw, naw," Billy exclaimed. "The new kind. All the kids are doing it."

"Really?" Leslie asked. "So what's it like?"

The guys exchanged a series of glances. Finally, Chuck answered, "It's when a fun-loving gal... ya know... gets made airtight."

Leslie looked perplexed for a minute, and then she guffawed.

"That is foul. You guys are sick," she said laughing.

Still I noticed that she kept one hand on Chuck's abs and had the other resting now on Billy's thigh. They noticed too. She looked up at

Chuck and their eyes locked for a few long seconds. Then he grabbed her by the waist and easily lifted her onto his lap.

She shrieked, "What do you think you're doing?!"

But she couldn't keep a straight face and instead burst into uncontrollable giggles. Chuck took advantage of her incapacity to yank her top up over her head and bury his face into her chest, sucking hard on one of her surprisingly erect nipples.

"Stop it, stop it, stop it," she shrieked again, but as before her giggling was at odds with her words.

"Okay, that's enough," I said as I stepped toward the other boat.

But being drunk and high does not encourage sure-footedness on a boat. I slipped and fell flat on my ass. The kids laughed at my clumsiness as Jack helped me up. Red-faced, I managed to sit back down, only to notice that Leslie had gone silent. She was still in Chuck's lap, his lips wrapped around her nipple and his hands roughly kneading her butt, but she now had her head back and her eyes closed, and she seemed to be moaning slightly. As I watched, she started grinding her hips into his crotch.

Chuck didn't waste any time. He grabbed Leslie beneath her ass and stood up. He quickly pulled down his shorts, exposing his angry-red, curved erection. He then sat back down with my wife in his lap. Chuck gave her a wet sloppy kiss as he reached down and yanked her bikini bottom aside. She continued to grind against him as he adjusted their positions and shoved his hard cock up her snatch. Leslie growled lustily and then returned to sucking his face.

We all watched the two of them rutting for a while, and then Tim kneeled on the bench beside them. He pulled down his trunks and grabbed the back of Leslie's head. Amazingly, she didn't protest as he pulled her face down to his crotch, jamming his cock down her throat. Despite the events of the previous 48 hours, I was in shock as I watched these two kids double-teaming my wife.

Tim was especially rough, winding his hand into her blond locks and forcing his dick into her throat until she gagged. As that was going on, Billy reached down and started rubbing her ass. He slid her thong to the side and ran his fingers up and down her butt crack. When Leslie didn't protest, he squirted a thick gob of suntan lotion between her ass cheeks. He gave me a wink and then pressed two fingers up her butt. Leslie pulled off

Tim's cock and let out a loud yowl, but Tim just pulled her back down onto his shaft and Billy continued to pump his digits in and out of her ass.

Billy's version of foreplay didn't last long. He pulled his fingers out of her butt, dropped his shorts, and squatted down behind her.

Leslie lifted her head off Tim's crotch just long enough to peer back over her shoulder and say, "go slow, baby, I haven't done this in a long time."

I filed that away as a future topic of conversation since she had never done it with me *at all*.

I didn't have long to contemplate that before Billy squeezed the head of his prick up my wife's butt. As he entered her, she visibly tensed up, but Chuck continued to pound her pussy and Tim reached down to fondle her nipples, and after just a few moments she got back into the rhythm and relaxed. Billy then took advantage to press the rest of his rod into her. For a few seconds, all three guys had her fully penetrated -- even Tim's entire shaft had disappeared into her mouth -- and then they started really fucking her, pounding away at all three orifices simultaneously.

From behind me, I heard Tina gasp, "Oh God, they did that to me once, and I couldn't walk straight for a week."

I noticed her hand was down the front of her bikini bottom and Jack was rubbing her shoulders. I could see where that was going.

I figured I might as well join in, so I slid over close to Jeannie who was watching Leslie getting triple teamed. I wasn't quite sure how to break the ice, so I decided to offer to rub some more lotion on her back. She gave me an amused smile and agreed. Her skin was soft and warm, very inviting. From my vantage point over her shoulder I was able to peek down at her nice b-cup mounds. While I wasn't crazy about seeing my wife being turned into a complete slut before my eyes, I was pretty happy about being paired with Jeannie. She was definitely a little spitfire. After a while, I started rubbing down her arms, and when she didn't protest, I slid my hands over under her bikini and cupped her breasts. She immediately tensed and shook me off.

She turned to look at me, "I don't think so...." Her voice trailed off and I noticed she was looking past me at Tina and Jack.

She turned back and smiled at me, "unless.... Are you packing as much as your friend?"

Before I could answer, she reached out and pulled down the waistband of my shorts. She gave me a sad shrug, "sorry."

She stood and walked over to Jack and Tina. Tina's head was in Jack's lap and she was loudly slurping away on his big cock. Jeannie peeled off her bikini bottom and sat astride his thigh. She jammed her tongue down his throat and ground her bare snatch against his leg.

Billy's loud whoop brought my attention back around to the other boat. He had pulled out and was spraying his jism all over Leslie's back. When he was done, he stumbled back out of the way. Tim quickly took his place, burying his cock deep in my wife's inviting ass. As Billy dove into the water to cool off, I heard a loud moan behind me. I turned to see Jeannie slowly impaling her tight, little pussy on Jack's huge shaft as Tina ducked low to suckle his scrotum. I couldn't believe she could take him. She was so tiny that his cock looked like it would reach her chest. She reached back to spread herself wide so she could take him deeper, giving me a perfect view of her asshole, pulsing as she rode his cock. It was so inviting. If she hadn't shot me down already, I would have gladly shoved my own cock in there.

Noises from the other boat now distracted me. Having been well primed by Leslie's mouth, Tim didn't last long, finishing in her butt with a series of exaggerated grunts. He pulled out and I was treated to a view of my wife's gaping asshole, leaking Tim's come. An anal creampie to go with the pussy creampie I'd seen earlier. It occurred to me that if I was into that sort of thing, I'd be in heaven right now. Unfortunately, I was more horrified than anything else.

Chuck was still going strong however and he must have decided he wanted to try out her backdoor as well because he lifted Leslie off his lap and positioned her onto her hands and knees. He knelt behind her, spread her butt cheeks, and began sodomizing her roughly. Without a cock in her mouth to gag her, Leslie responded by squealing loudly enough that folks even several boats over peered over for a look. Then I noticed the cell phones out and realized that my wife was about to become a big star on the amateur porn circuit.

In the meantime, Tina had switched off with Jeannie riding Jack's oversized member.

Wide-eyed, Tina gasped at her friend, "Oh God, he's so fucking big."

Jeannie grabbed Tina's nipples and pinched them.

"Take that big cock you fucking slut," she ordered before leaning forward to kiss Tina wetly.

As they Frenched, Jeannie reached around and spanked her friend roughly.

Back on the other boat, Chuck finished just as Billy emerged from the lake sporting another rock-hard erection. He pushed my wife down so that she was lying flat, face down on the deck. Then without a word, he coated his cock with sun tan lotion, climbed on top of her and pressed his dick back into her ass. At least flat on the deck like that, she was largely shielded from the cameras on the other boats. Still, I couldn't help but note with a shudder that round two seemed to have started.

He fucked her slowly, seemingly wanting to enjoy the sensation and view of his cock methodically churning into her anus. Chuck and Tim had also taken a quick dip and were now back in the boat, downing cold beers and critiquing their friend's butt-fucking technique.

"Come on, man, make that whore squeal," Chuck grunted.

"Yeah, enough with the romantic shit," Tim added.

Billy flipped them the bird, but nonetheless seemed to take their advice. He rammed his hard prick harder and harder into my prone wife, and pressed against the hard deck, she had no choice but to take it. Not that she seemed to mind. Her squeals definitely sounded more excited than anguished in any case.

To my shock, both Chuck and Tim were again sporting raging hard-ons. When Billy finished, the cocky little fucks actually did a quick two of three "rock, paper, scissors" to see who'd get the next shot at my wife. It was Chuck, who rolled her over on her back, wedged her legs up over his shoulders and went to town hammering her pussy.

Tina's loud gasps brought my attention back around again. She was on the hands and knees, grunting and groaning under the strain of taking Jack's cock. When she saw me looking, she flashed me a saucy grin and reached out toward me. Before I knew what was happening she'd snaked her hand up the leg of my shorts.

She took a surprising firm grip of my member and stroked me in time with the pounding she was taking from behind. I didn't want to be turned on, but she was so lewd and so forward. And so sexy, her eyes rolling back into her head with each of Jack's brutal thrusts, licking her lips, gasping.

Before I knew it, I was spewing a load in my pants. She giggled and showed off the results of her successful handjob to Jeannie who gave a sad grin and then flashed me a quick "L" for loser on her forehead.

Jack noticed it and got pissed. He pulled out of Tina and pushed his prick into Jeannie's mouth, gagging her on his big piece of meat, punishing her for her attitude toward me. At least that's how I interpreted it. That was at best a small consolation since on the other boat, the guys were fucking the shit out of Leslie with no sign of slowing down.

Chuck was between my wife's thighs, hammering away. What he lacked in skill, he definitely made up for in non-existent refractory lag. Leslie was just lying back, looking more than a little stunned by the workout she'd gotten and was still getting. Billy was looking buzzed and he raised his beer to me in a toast.

"Your wife is a great fuck," he slurred. "I wish I'd taken her to the prom!"

It took me a second to sink in. "Prom? You have a college prom?"

Tina was sitting beside me. She giggled. "Naw, we're seniors.... you know.... high school seniors."

Jack actually spit out his beer at that, "Oh shit, we're goin' to jail."

Tina giggled. "Naw, age of consent is 16 in Nevada. But we're all 18 anyway... well except for Chuckie the retard who was left back in middle school. He's 19." He looked up from fucking Leslie and gave Tina the finger.

Jack shrugged at all of this and continued working his pecker into Jeannie's teen mouth. With his hand on the back of her head, he fucked her face forcefully. Jeannie may have been young, but she was experienced enough to take his huge cock. She even fondled his balls with one hand while stroking the exposed part of his shaft with the other. Jack closed his eyes and with a loud growl dropped what must have been a huge load into her mouth, because when he pulled out, it was running down her chin and onto her chest.

Tim must have decided he was tired of waiting for Chuck to finish, so he kneeled down in front of Leslie. He grabbed a thick handful of her hair, lifted up her head, and pressed his cock into her mouth. For the next couple of minutes, Chuck and Tim hammered her roughly from both ends, until as if by design they both shuddered and came at the same time. They exchanged a couple of high fives and then turned to give me a big smirk.

All those near-simultaneous climaxes created a natural break in the action. I went over to the other boat and helped Leslie get herself together then aided her as she unsteadily climbed back onto Jack's boat. She plopped herself down in the passenger seat, and watched the band finish up with a dazed look on her face. The kids had also had enough and they soon cast off. We finished off another round of beers and followed suit.

Jack took the wheel on the way back across the lake, and Leslie and I both sat quietly. I, at least, was lost in thought. Things had definitely taken an unexpected turn or five. I was desperately, brutally jealous. My stomach was churning. I wanted to just grab Leslie. Shake her. Hit her. Yell. Something.

But I was also paralyzed. I could have headed all this off at a half-dozen spots, and I hadn't. Hell, it was my idiotic willingness to take her to that fucking whorehouse that had, more than anything, set all of this in motion. But it was also the strip club and the lap dance and sitting at the blackjack table instead of taking her to the comedy show. From Leslie's perspective, I could see how she might think I was not only cool with all this, but actively encouraging it. Even on the boat, she'd seen me trying to feel up Jeannie and get a handy from Tina.

But I was still angry. Yeah, we'd had a threesome and I got a handjob, and in the meantime she'd fucked one guy all night long, and then gotten gangbanged by a bunch of kids. She'd even given them her ass! Something I never got. Was this the real Leslie? A cheap slut willing to fuck any stranger with the guts make a move on her. Had she been doing this all along? I started replaying every event of our past eight years together, suddenly seeing dozens of events in a new light. Platonic friends became, in my mind, illicit lovers. Every girls' night out a wild orgy. Business trips a cover for an affair with her boss.

I shook the cobwebs out of my head. No, whatever had happened this weekend was just a blip. Sowing wild oats. A last fling. I knew that. I had to know it. To believe it. It was the only way to keep myself sane. I knew we'd have to talk it out... but not now... not yet.

We got back to the marina and tied up the boat. As we got to the car, Jack tossed me the keys. "Hey bud, you mind driving? I'm beat. I'm gonna sit in the back and chill."

"Sure man," I replied as amiably as I could.

Leslie climbed in the front seat with me and we started to drive. She gave me a little smile and a massaged my neck. It felt good, and for a moment, it was just the two of us again, and I knew everything would be alright. I gave her a grin and squeezed her knee. We settled in for the ride back to Vegas.

Jack dozed off as we set off, but after about twenty-five minutes he woke up. Leslie glanced back at him. "Hey, sleepyhead, feeling better?"

"Sure thing honey, just got a little headache."

"Aww, poor baby," she cooed. "Well, I know just the thing for that."

Before I even realized what was happening, she had hopped into the backseat with him.

He chuckled. "You're a horny little thing, ain't you darlin'?"

I adjusted the rearview mirror and saw that Leslie was stroking Jack's crotch through his jeans. My heart fell.

Then Jack threw me a lifeline. "Baby, I think you're barking up the wrong tree. I doubt I have anything left."

Leslie snorted. "You had enough for those whores!"

"You're one to talk! How many dicks did you take on?"

Leslie softened. "You're right. But those guys were just the minor leagues."

"Come on," Leslie whined. "Get it up, and I'll make it worth you while."

He chuckled. "I don't doubt that. You're a little spitfire. But what's the rush?"

"Those boys stretched me out pretty good, and I wanna see if I can take you back there."

I glanced into the rear view mirror in time to see my wife pull down Jack's zipper and fish out his thick prick. She stroked him roughly up and down.

"You sure?"

"Mmmm hmmm," she moaned as she leaned over and started wetly slobbering up and down his shaft.

"We can try, but the only girlie's ever taken me that way was a Tijuana mama with more miles on her than a long haul trucker."

"I like a challenge," she said with a giggle.

She stripped off her bikini bottom and bunched her dress up around her waist. Then she climbed into his lap and impaled her pussy on his thick

cock.

"Oh fuck that's good," she groaned.

"Yeah it is," he agreed. "Let's just keep doing this."

"Nuh uh, I wanna try it." She looked over her shoulder and our eyes met in the rear view mirror. "Pass me the lotion from my bag, will you baby?"

Her eyes were heavy lidded and glassy, the combination of pot, lack of sleep and horniness. But even still, there was something of my old Leslie in there. She seemed to pause for a moment, maybe reconsidering, I don't know, it was just a fleeting thing. Then he thrust deep again, and her eyes rolled into her head.

She moaned and gasped at me, "hurry baby."

I sighed and reached into the passenger seat, tossing her bag into the back. There was fumbling, the sounds of lotion squirting, and then Leslie groaning softly.

I adjusted the rearview mirror. I looked back to see my wife riding Jack's cock while her middle finger churned slowly into her own ass.

"Here let me help you with that," he grunted softly.

She reached back with both hands and spread her ass cheeks wide. Jack squeezed a thick gob of lotion onto his fingers and then pressed both his index and middle finger into her bottom.

She let out a shuddering growl, "Oh Jesus." But it was obvious from the way she was grinding into his groin that she loved it. I looked away, trying to focus on the road.

After a few minutes, I heard him ask, "You wanna try it?"

"Uh huh, but slow," she replied.

I looked in the mirror again and saw her rise up, letting his big tool slide out of her pussy. She grabbed his cock and he palmed her ass cheeks, spreading them obscenely. Slowly, she rubbed the mushroom shaped head of his cock against her anus, up and down, up and down, until suddenly with a grunt, she pressed just the tip inside her.

The car began to rattle violently. I looked up to see we were veering off the road. I swung the car to the left, over-correcting, then back to the right, again off the road, slamming into a pothole. Leslie screamed like a stuck pig. I swung left again, hitting another bump before finally regaling the road.

"Watch where you're going!" she hissed. "He nearly split me in two!"

I couldn't help it. I looked back again, sure enough her ass was now deeply impaled on his shaft, at least half of that thick tool wedged into her bottom.

She was huffing and puffing like she'd sprinted a mile.

Jack chuckled softly, pulling her close. "Just relax sweetie, at least it's mostly in now." He starting thrusting gently, pumping his big cock in and out of her ass.

"Oh God," she sighed. "You're so fucking big. You make those boys on the boat seem like children."

He laughed. "They were children."

I groaned. Children or not, they were hung about as well as I was.

"You know what I mean."

"Do you like it?" He asked.

"It hurts.... But yeah."

They fucked like that for a while, each of them grunting softly.

"I want the rest of it," she moaned.

"Yeah?"

"Yeah."

I looked back again. He still had her cheeks spread wide, and now he was thrusting into her harder, deeper.

"Oh... Fuck.... Ugh... God... Jesus... Fuck.... Jesus...." She grunted as each stroke came closer to filling her completely.

And then suddenly with a triumphant squeal, she forced herself down those last inches, completely embedding his cock in her ass.

"I did it, I did it," she gasped proudly.

He chuckled. "Now make yourself come," he said with a moan. "I want to feel you come with my dick in your ass."

She sighed. "I dunno if I can. It's... It's too much."

He pressed her backwards, so that she was leaning away from him, still impaled on his cock, but now with her back arched, her head lolling back, inches away from mine.

"Rub your clit," he commanded.

"Okay, okay," she breathed softly.

I turned my head and panned down her body. Her eyes were clenched shut, her mouth open and gasping, her tongue licking her lips. Her

neck was red and splotchy, from the sun and Jack's kisses. Her breasts were thrusting toward the car's ceiling, her areolas puffy, nipples hard as erasers. Then down between her legs, I could see her snatch, pink and glistening, and below, just the base of his cock as it disappeared into her ass.

She reached down and rubbed her pussy, two fingers finding and encircling her clit. She moaned loudly. Jack reached up and grabbed her breasts, squeezing them roughly, gripping her nipples and pulling them, stretching them as Leslie growled lustily.

"Damn, you're a hot slut," he grunted.

"Yes," she moaned.

"Say it!"

"I'm a hot slut."

"Again."

"I'm a hot slut. Oh God, I'm a hot slut," she hissed, her body suddenly beginning to spasm violently. "Oh fuck, oh fuck, that's good."

He grunted and wrenched her toward him. Gripping her tightly, he thrust his cock raggedly into her ass.

She squealed loudly over and over. "You're tearing me apart," she hissed.

"Oh God," he grunted. "Fuck!"

They both went still, panting as they caught their breath. He slowly eased his prick from her battered asshole. Leslie giggled.

"What's so funny?" He asked.

"I can't believe I did that."

"Yeah?"

"I'll be walking funny for a month."

"Was it worth it?"

She slowly lifted herself off him and curled up beside him. She looked up and our eyes met in the mirror.

"I dunno," she replied softly.

After a few minutes she dozed off, and when I looked into the back, I noticed Jack gazing quietly out the window, a happy grin on his face.

IV

We made the rest of the drive home in silence. My mind was racing, my stomach churning. We'd planned a "last fling," but what had happened was way more than I'd expected or wanted.

I'd figured we would just drink and fuck, maybe some dirty dancing, basically the kind of stuff that had constituted "wild" when we'd first started dating. But the idea of buying each other lap dances and then a threesome with a whore was just something I'd never considered. And then Jack. And the boys on the boat. And Jack again. We'd gone from a "last fling" to a descent into madness.

Worse, at each step, it was Leslie leading the way, pushing the envelope. I knew she was a sexual creature. I wouldn't have wanted to marry a woman who wasn't. But I never realized, never even contemplated, that she had this inside her. It was like I didn't know her. It scared me.

At some level, I'd always assumed I was the degenerate one in the relationship, the one who'd suppress his crazy desires in order to have a happy, stable married life. But my intern and barrista fantasies suddenly seemed tame now that I realized that Leslie's thoughts, her fantasies, were raunchier and more extreme than I'd considered.

Was there more? What was she planning for the rest of the trip? And when we got home, would this all go back under wraps? Or would she want to embrace swinging? Would I one day come home to find her fucking the gardener or gardeners, trying to see if she could take two cocks in her ass?

It was dizzying, and it occurred to me that I just wouldn't be able to live that kind of life, live with the uncertainty that would come from knowing that inside my sweet, little Leslie was a "hot slut" just waiting to burst out.

As we turned on the strip, I roused them both. Leslie pulled herself together just as we approached the valet. She was a little unsteady, but I let her start toward the entrance while I hung back with Jack for a moment.

He shook my hand, and I shuddered slightly remembered the sight of his fingers plowing into my wife's ass.

"So you want me to call you guys later?" He asked hopefully.

I sighed. "I don't think so, Jack."

"Oh... Okay." He paused. "We good? You and me?"

"Yeah," I replied curtly.

I tried to pull my hand away, but he held me firm. He leaned in close.

"You want my advice?" He asked. Then not waiting for my answer he continued, "Don't over-think things. She's a great girl, and everyone had a little fun. It don't mean shit."

I sighed and nodded. "That's easy for you to say," I muttered under breath as I pulled away.

I caught up with Leslie and helped her to our room. She was wiped out, and she basically stumbled into bed and passed out again. I sat in an armchair and watched her for a while, but it had been a long, long day....

I awoke to a bright sunrise exploding through our window. Leslie stirred when I started walking around.

"Where's Jack?" She asked groggily.

"Gone," I replied brusquely.

She started to say something, paused, and then said finally, "That's probably a good idea. Things got a little out of hand, huh?"

"A little?" I said tersely.

She sat up and gave me a hard look. "You could have stopped it any time."

"I could?"

"What are you saying?"

"I don't know," I replied, looking down.

"Yes, you do. You're saying something."

I sighed. "Oh, come on Les. You were completely out of control. Those guys on the boat. And then in the car, what the fuck was that?"

She stood up and padded over to me. "I thought we were just having fun, going with the flow."

"It's scary. I didn't know you had that in you."

"What, that I like sex?"

"Sex is one thing. What you were doing is to sex like crack is to beer. It's like discovering I'm married to a porn star."

She smiled. "A lot of men would like that."

I shook my head. "No. A lot of men like the fantasy, not the reality of it."

Her smile faded. "Okay, so what now?"

"I don't know," I replied. Then after a pause, "Can I ask you a question?"

She nodded.

"How long?"

"Huh?"

"Well, you said something on the boat. That you'd done something like this before. And I just wondered."

"Oh jeez, Dave, this isn't a good idea."

"I need to know."

She sighed and swallowed hard. "Okay, yeah, I was a little crazy before I met you. Drank too much, experimented. You know, college."

"Anal?"

She nodded.

"Girls?"

She smiled.

"Multiple guys?"

"Sometimes."

I shook my head. "And what, you've been like suppressing that all these years. Is that the real you?"

She looked at me quizzically. "I don't know what..." She paused. "It's all the real me. I used to do crazy stuff, and then I grew up, settled down. It's what people do." She paused again and then in an exasperated tone added, "God, I just thought we were having fun."

"Maybe *you* were."

She rolled her eyes. "Oh yeah, the strip club, the threesome... Okay, so I got a little out of hand. I can make it up to you. Lets get gussied up tonight and see if we can pick up another girl to play, just the three of us."

I shook my head. "No, Jesus, Leslie, you're not getting it. I want less craziness, not more. And the problem is that now that I know you have this inside you, I feel like I don't know you."

She shook her head sadly. "Well, I don't know what to say. I'm sorry this experience turned sour for you, but I'm not going to apologize for things I did before I even met you, and I'm definitely not going to apologize for having desires and fantasies."

"You don't find it, I dunno, degrading?"

She snorted. "That's always it, isn't it? Anything out of the ordinary makes a woman a whore. Well, sorry, Dave, I'm not a whore and I'm not a victim." She looked me straight in the eye. "I like to screw. I always have. If there were no consequences, I'd probably do things that would make your head spin. Heck, I probably have. But there are consequences, I know that, which is why I've never, ever cheated on you. I just thought we were giving each other a free pass this weekend."

"I never agreed to that."

"Yes, you did. You did when you put your dick in that whore's mouth."

"Oh really? You might have explained the *quid pro quo*."

"Oh please. You knew. You knew when you let Jack pick me up."

"I didn't realize what was happening. You could have made that more clear."

She chuckled. "The only way I could have made it more clear would have been to announce that Jack wanted to fuck me out loud at the blackjack table. Would that have been better?"

I shook my head. She had a point. In retrospect, I had invited that.

"You just got jealous when it looked like I was having more fun," she continued.

"I still don't see it that way," I replied. "I do feel like you misled me."

"I didn't mean to."

I paused. "So, what now? You gonna do downstairs and look for Jack or some other random guy to fuck?"

She narrowed her eyes. "It would serve you right for being an ass. And yeah, if you were up for it, I'd be up for playing for the rest of the trip. But you're not. I get it. I'm sorry you're upset. Let's just call it one of those 'what happens in Vegas stays in Vegas' moments, although not in the fun sense of the phrase."

I nodded. It wasn't ideal. But it was what it was. Sometimes that the best you can do in a relationship. You can't turn back time, and you can't just blow things up when things go wrong. For the first time I think I understood what people mean when they say a relationship takes work.

She leaned in close and gave me a kiss on the cheek. "It was just a little meaningless fun. You're the only one I love," she said softly.

She walked past me into bathroom and climbed into the shower.

We had two more days in Vegas, and for the rest of the time we might as well have been retirees. We tried the buffets, saw some shows, sat at the pool, and went to bed early. We spoke in banalities.

On the last night, we made love. It was awkward and oddly passionless. Pleasurable, but lacking in urgency. And more than anything else, vanilla.

Once home, things slowly got back to normal. The STD tests came back negative, and Leslie went off the pill. Our love making slowly improved, though it was obvious we were both holding back.

She's pregnant now, and it is a relief. I hope it serves as a clear dividing line between what was and what will be.

I need that divide because I think about "it" all the time. I think about Vegas... and even more, I think of what she was or would be if it weren't for me. I just can't help it. I picture her in college, pulling a frat party train, getting drunk and eating out her female roommate, bent over the sink in a bar bathroom, getting fucked up the ass by some guy she just met. Other times, I think of her now, of her having an affair with her boss, or blowing a cop to get out of ticket, or seducing the plumber.

I don't want her to do any of that. It's like a terrible looming fear, but one that never fails to get me hard. I can't help it. Even when we're making love... ok, especially when we're making love, I think of her with other men. I think of them using her, roughly, repeatedly... and then I come. In a weird way, the experience has reshaped my fantasies. There is something disturbing, unsettling about getting aroused thinking of situations you absolutely, positively don't want to see happen... again. But then again, our sexuality is a weird and mysterious thing, and for good or ill, we can't always control our fetishes.

What happens in Vegas doesn't always stay there, I guess.

AFTERWORD AND COMMENTARY

This is perhaps the oldest story of mine that I remain fond of. Begun originally sometime in the mid-1990s, it was, I think, the first story I wrote about a cheating significant other that did not portray the woman as an unrepentant harpy.

The evil bitch characterization, of course, caused plot difficulties. If the wife/girlfriend was an evil, manipulative slut, then why is the man with her? Because she's beautiful, perhaps. Or he's desperate and pathetic. In either case, the story now has not one, but two unsympathetic characters. She's evil, he's either shallow or sad. Now, I know that this is actually what most cuckold fiction looks like. Some people, I guess, get off on it and identify with it, or whatever. Perhaps they just like how this sort of story meets their expectations. Indeed, I guess it did for me as well, for a time.

Over time, however, I've come to want more out of erotic fiction, both as a reader and an author. But if the wife/girlfriend isn't just a lusty hellbat, then why does she cheat? Well, a real and honest look at relationships isn't very sexy, unfortunately. Why do most people cheat? Because, on the whole, their relationship is no longer fulfilling (if it ever was). People take each other for granted, drift apart, and so on.

Some authors shorthand those relationship problems as "boredom" for which the cure is, obviously, swinging. I don't find those stories particularly interesting. I like some conflict in the narrative. Sex is sex, and sex is hot. I get that. But sex that provokes myriad other emotions – anger, jealousy, fear – is, I think, even hotter. Erotica where everyone is happy and laid back and fucking around can be fun, but it just doesn't feel real to me. More than that it doesn't feel in any way *consequential*. I don't mean that in the "cure for cancer" sense of consequential, but rather in the sense that it lacks a strong narrative arc. Without some conflict, you have description, but not a story.

This is why I tend to write cheating fiction rather than swinging fiction. But then the original problem remains. I've employed three different tropes over

time to trigger the cheating situation. Over time, I've clarified and tightened them, but what is fun about this story is that all three are present in outline form. People who like my other books and stories will see how this one foreshadows several of the others.

Anyway, the concepts are the following:

- (1) The woman with the lusty past plot. I have to admit, I just love this one, even though I recognize it is unrealistic. There is just something that turns me on about the idea that some women (most? all?), have a deep, dark buried, wildly sexual past. That the soccer mom you see at church on Sunday was a gangbang slut back in college. Why it turns me on, I don't know, but it does. Anyway, in this case the cheating is basically a story of suppressed impulses and desires suddenly bubbling forth.
- (2) The misunderstanding plot. She cheats because she thinks he wants her to. Erotica as old TV sit-com. This is even less realistic, but it gets the woman off the hook, and also creates a certain Greek tragedy feel. She cheats because of something he does or says that inadvertently encourages her to do so. As a result, the "cuckold" has to deal with the realization that he, in part, is to blame for the situation.
- (3) The change of scenery plot. We're in the tropics, anything goes. We're in Vegas, anything goes. We're in Bangkok, anything goes, etc. Basically, the idea here is that we're all sexual creatures, but that we restrain ourselves in normal circumstances, but what happens when things aren't *normal*?

Last Fling is pretty immature, of course. I mean, why does Leslie sleep with Jack? He's sort of a character and he's packing. Okay, but that is pretty shallow. If I were writing it now, I'd expand on her concerns about being tied down with kids, about the irrevocable choice that starting a family entails. I might explore her feelings of inadequacy compared to the girls at the strip club, and then her annoyance with Dave that he isn't more grateful about the threesome with the hooker. I think Leslie's behavior makes sense if you see her as angry that after the night she's given her husband, he basically blows her off to play cards. Except, you, the reader would have to invent all of that since I don't provide it in the story.

On the other hand, I do make use, in underdeveloped fashion, of the three tropes I mentioned above. Leslie was slutty back in the day. There is a misunderstanding at the blackjack table. And of course, there is the change of scenery plot.

This story also dates back to when I was conceiving of stories as shorts. I was operating under an implicit word budget of 6,000-10,000 words. Nowadays, if I were writing this story from scratch, this would just be the first part. I mean, obviously this can be read as an “origins” story. Will Leslie be able to put this side of her back under wraps? Will Dave be able to resist his desire to see her again act the slut? I don’t want to speculate too much because I might indeed write a sequel to this at some point, but as a book, the story would not have such an abrupt, open-ended conclusion. In re-editing this story, I was tempted to flesh out the ending, but then I realized that I couldn’t do it without writing that sequel immediately.

There are a lot of other themes here that I often explore: The idea of that men are turned on by cuckolding because it represents an eroticized fear; the notion that a swinging couple is likely to have different experiences – more sex for her, less sex and more frustration for him; the concept that the early hours/days of a new sexual relationship create an all-enveloping fog where judgment disappears.

Anyway, this is not a great story, though I think it has some hot moments. But in a lot of ways it is a story that somehow hints at all my obsessions. Perhaps that distorts my judgment, and makes me read this short more fondly than it deserves. I don’t know. I hope you enjoyed it.
