PREFACE

This is a short story. What does that mean? Well, aside from being readable in a single sitting, it means that it is told *in medias res*. The characters exist before the story begins. Their lives continue after. The story itself is an episode for the characters, and as such you should expect neither a deep and thorough treatment of their lives before the story begins, nor should you expect a final resolution to all their problems. If this does not work for you.... If you need to understand the characters fully in order for their actions to become intelligible, then you will be disappointed. If you need everything tied up in a tidy, little bow at the end, you will similarly leave unsatisfied. If, on the other hand, you are willing to accept these characters for who they are, then I think you will find this an entertaining twist on an old theme.

You've likely read some version of this story a hundred times. I have lost track of the number of hot wife, passive husband, dominant boss, office Christmas party stories I've read. Heck, I've probably written a dozen of them in one form or another. In most cases, the story is simple. You have the party. Wife is dressed to the nines. At some point between eggnog toasts and dancing, she disappears. The husband seeks her out, and ends up spying on her banging either her boss or his in some darkened office. It is a fun story, and relatable. Every married man has gone to a Christmas party with his wife, and inevitably there will be some boss or colleague who is buff enough and handsome enough to trigger jealous instincts. Similarly, any woman who has ever lusted after any of her colleagues (in other words, every woman) will enjoy the fantasy of giving in to temptation.

This is like those stories... except it isn't. Not quite. I hope you enjoy the twist I've put on this setup. Either way, let me know at ben.boswell.author@gmail.com. I always welcome comments and feedback

INTRODUCTION

My boss is a sociopath. High-functioning and very successful. But a sociopath. He has a kind of burning intensity, physical swagger, and insistent personality that makes him very hard to resist.

I first met him a little over a decade ago. He was an intern in my office back then, and he immediately managed to polarize opinion. I found him scrappy. Others thought he was a raging jerk. None of those folks is still around. Fired. Harassed into leaving. Downsized. In the past decade, I've done pretty well, gotten promoted from an account manager to an office director to a division head. Roger's done even better, rising from intern to corporate VP in that time, which is why he's now my boss.

Get a couple of drinks into him and he'll start pontificating about his strategy for success. "No isn't an answer, it is an opening position in a negotiation. If you take no for an answer in business, you're a loser. If you take no for an answer from a broad, you're a fag." He's also the kind of guy who takes the word "never" as a challenge. Say it to him, and his eyes light up, and a thin smile crosses his face. He never forgets a challenge and never concedes defeat. Frankly, to be honest, he scares me a little.

But more than that, he makes me scare myself. I've done things under his influence that I would never have normally. And I have to admit, they've almost always worked out.

My wife Julie is beautiful and smart. I know every man says that. But my wife really is beautiful and smart. I could describe her long, mahogany hair, her hourglass figure. I could tell you that she does the New York Times crossword puzzle in about the time it takes me to run a 5k – at least through Friday; Sunday is a whole other story. I could tell you all sorts of things, but you'll just have to take my word for it ultimately.

I am not always sure what she sees in me. Or perhaps I do know, and I worry that at some point she'll realize that I've conned her. That I'm not as successful, intelligent, and good-natured as she seems to think. That one day she'll wake up and cotton to the fraud I've put over on her.

She's never given me any indication of that. Indeed, quite to the contrary, she often talks about our future. What our kids will be like, the addition we'll put on our house ultimately, even plans for a second

honeymoon once we get to our twenty-fifth anniversary. She's full of plans, and I'm always in the mix. That's reassuring. And a lot of pressure.

ONE

Roger tore the draft contract in half and threw it in the air. It rained down like confetti all over his otherwise pristine desk.

"This is shit," he hissed.

"Best we could do given the time constraints," I replied.

He scowled at me.

Roger is the kind of guy who won't let what he considers a "mere technicality" get between him and what he wants. Unfortunately, with Roger, that term covers a lot more situations than in normal usage.

Working for Roger is always a high-wire act of dicey deals, creative accounting, and most often bait-and-switch negotiations carried off with little more than his lunatic audacity. I've burned a lot of bridges, usually with little more than the vague expectation that Roger would look out for me.

He's always delivered so far. Which, it occurred to me, would be a good entry in a list of "famous last words."

This year was supposed to be an extra big year. Roger had been promising great numbers. Greater than great. The best. Ever.

I knew better. Our year was actually riding on the Transcom deal. Long story short, it was a megadeal, and those fuckers had us over a barrel because of the way various deadlines aligned. If we wanted to close it before the end of the fiscal year, we'd have to give blood. On the other hand, the longer it dragged out, the better our position got. So, here was the trade off: Pad our numbers now and get a big bonus before Christmas, or kick the deal down the road and book revenue for next year.

"Fuck it," Roger virtually shouted. "No fucking way I'm not going to have my cake and eat it too."

"Um, Rog, that's the whole point of that expression," I noted. "You can't."

"That's loser talk. I'm not a loser. Are you Jack?"

I laughed. A mistake. Roger doesn't like people laughing at him. I downshifted in a more ambiguous, ironic chuckle. He seemed mollified.

"I'm not, but I don't see the play here."

“Fiscal year ends October 31. Up until that date, Transcom has us over the barrel, and they’re fucking us up the ass.” He thrust crudely to demonstrate the point. “Come November 1, we have no incentive to sign anything for months, which mean we get to flip it around and ream them.”

“Right. I know that,” I noted. “So, we wait, book a good start to next year, and –“

“The Great October Socialist Revolution began on November 7th.”

“Huh?”

He glared at me like I was a particularly dim child.

“Roger, I swear, I don’t get it. Sorry if I’m being dense.”

He sighed. “Two calendars. Same day, different dates.”

I finally got it. I let out a groan. “We can’t. That’s falsifying a contract.”

He clapped me on the shoulder. “No, Jack, it isn’t. You’re just exercising your preference for dating things according to the Julian calendar.”

I shook my head. He fixed me with his weirdly intense gaze and nodded. We must have looked like a couple of bobble-headed idiots, but it worked, and somehow, before I knew it I was nodding as well.

He smiled. “That’s my guy. I knew I could count on you.”

TWO

I'm not sure why he gets to me like that. It's not as if he's physically imposing. We're both about average height. I may have a half-inch on him. He's slimmer, fitter, has better hair. I think I could take him in a fight. Or at least I like to say that to myself, particular when I'm doing something dicey to please him.

This one was bad, back-dating a contract. Intellectually, I knew it was wrong. Illegal and wrong. And probably stupid. But with him looking over my shoulder, I couldn't refuse. I changed the papers. We blew through our targets, and were in line for great, big bonuses. Still, I continued to lose sleep over it. Every day that passed got us closer to being in the clear. But if we were discovered, it would be grim. Fired. Sued. Maybe even facing criminal fraud charges.

It made me want to drink. So I did. Not the most mature way to deal with stress, I admit. On the other hand, it did prep me for the Christmas party.

Every year, our division has a big Christmas party. Roger is one of those guys who revere the 1950s, "when men were men, and getting drunk was no big fucking deal." He was *Mad Men* before the show ever aired. With him in charge, it is always a blowout -- open bar, rocking band, the works.

He sends out an email saying, "what happens at the Christmas party stays at the Christmas party." He means it. Two years ago, he got into a shouting match with one of the account managers, Todd, and they ended up trading a couple of jabs before we managed to break them up. Todd was cleaning out his desk the next morning when Roger dropped by, poured two glasses of Scotch, and toasted, "no hard feelings." Todd still works with us.

Attendance isn't mandatory. But anyone who doesn't show immediately ends up on "the list." That's the converse of the Todd situation. There isn't actually a list. It is all in Roger's head.

"No better friend, no worse enemy," he noted one time about himself.

"You stole that from the Marines."

“And those assholes stole it from Lucius Cornelius Sulla Felix. Felix, Jack, as in lucky, not the fucking cat.”

So, in addition to be a pompous lunatic, he’s also smart and often funny. And yeah, lucky.

None of those positive qualities seem to register with my wife. Julie hates Roger. Hates him. She thinks, and I guess she's right, that he brings out the worst in me. Seeing me pounding drinks every night for a month after the Transcom deal did little to change her mind.

"You're going to end up in jail or dead because of that man," she warned.

“You’re exaggerating.”

“I’m not. He’s Mephistophelian.”

“So if I’m Faust, does that make you Gretchen?”

“Perhaps, though I am not sure I’ll be able to intercede on your behalf to save you from damnation.”

“That’s okay. That was Goethe’s invention anyway. I’ve never considered that plot twist canonical.”

But the truth is, there was more to that comparison than I liked to admit. If Roger hadn’t tried to pick up Julie’s friend, Karen, at that happy hour, I’d have never had the guts to speak to a girl as unapproachably attractive as my wife. We owe our lifestyle to his wheeling and dealing. We paid for our honeymoon, bought our house, and saved up enough for Julie to plan to quit work so we can start a family thanks to the firm-high bonuses in Roger's divisions. Indeed, all those big plans she has about the future are only plausible because of Roger and the lifestyle that working for him affords. As I argue to Julie, you have to take the good with the bad.

For the Christmas party, Roger had booked out a nightclub and we had a crazy spread. Champagne tower, cigar room, and a surf and turf buffet with three pound lobsters as decoration. The wait staff welcomed everyone with a double Martini, getting things off to a raucous start.

Roger arrived late, making a big entrance. He was flying solo as usual, though these events often ended up with him taking a some unattached young woman (or two one year) home for an "after party." Roger is no more concerned with human resources regulations than he is with SEC rules.

He was wearing a tailored black suit, cut perhaps a little too tight for my tastes, but he did make a pretty dashing figure. He ran up on stage, gave

a few quick words of congratulations, wished everyone a merry Christmas, and then hoisted a glass for a quick toast, "you worked hard, now let's party hard!" With that the band came out and got the place jumping.

He hopped off the stage and made bee-line for me. He had a manic look in his eye. Cocaine? It wouldn't be the first time, though in truth he often had a natural high going on. Is there such thing as a glandular disorder that causes excess production of adrenaline and testosterone? He clapped me painfully on the shoulder.

"Jackie, old boy, having fun?"

"Always, Rog."

He laughed. "Good, good, man. This year is as much on you as me."

I felt my heart skip a beat. I didn't really want to be held responsible. I clutched tighter at my glass.

I forced a smile. "Hopefully we won't end up in jail."

He seemed shocked. "Do you really believe that?" His voice was tight, barely controlled.

I shrank from his intensity. "Hehe. No. Just being a Nervous Nellie."

He hesitated, his eyes still boring into me. Then he smiled. He reached into his jacket and pulled out a thick envelope. He pulled me close and placed it in my inside pocket. It was heavy.

"What's that?" I asked.

"Just a little token of my appreciation."

From the bulk, it was surely five figures worth of appreciation. Problem is, I'd already gotten a bonus in my paycheck.

"Where did it come from?"

He shrugged. "Just between you and me. Off the books."

"I can't."

He laughed. "Sure you can, you big pussy. Buy Jules something nice. Or hell, go to Vegas and spend it on some world class blowjobs if she doesn't already provide those."

I opened my mouth to protest, but he gave me another painful shoulder squeeze and then disappeared back into the crowd.

"What was that all about?"

I turned to see Julie.

"Just Roger being Roger."

She rolled her eyes.

“Well, he does throw a good party,” she admitted. “Even if he is insane.”

THREE

We did have a great time. Even Julie who usually hates anything work -- or Roger -- related was enjoying herself. She'd broken out that little black dress that I always encourage her to wear. Classic party dress. Real short showing off her great legs and with a cleavage displaying V neck. Julie had her dark brown hair up in an Audrey Hepburn bun. Diamond-studded, silver mesh earrings and necklace completed the look. Super stylish and super sexy.

We danced and drank and generally made merry. Around midnight, the band took a break, and Julie and I went over to the bar to refill our glasses and catch our breath. Then Roger showed up.

He sidled up close to Julie and from behind his back pulled out a mistletoe branch. He held it over their heads.

"Looks like you owe me a kiss, pretty lady," he beamed.

Julie rolled her eyes. "Fat chance, Roger."

He laughed, "You can't refuse. It would violate Christmas party rules."

He reached around her and pulled her toward him. Julie spun out of his grasp and pushed him away.

"No Roger, I'm going to kiss you. I'm never going to kiss you!" She exclaimed, a little too loudly. A few other people noticed and were now discreetly looking our way.

"My, my," Roger replied in an amused tone, but I noticed a manic gleam in his eyes. "You're quite the wildcat tonight. Is there anything else you're never going to do with me?"

I was praying Julie would let it go. But she couldn't.

"What I wouldn't do with you could fill a book!"

"A whole book of things you wouldn't do with me? Well, I can't say I'm surprised that you spent so much time thinking of me to compile such a list."

She blushed, but covered it with a hissed, "Fuck you, Roger."

He smiled. A thin, dangerous smile. "Well, then, Jules, looks like I should find someone else to play with." He turned to me, raised his glass, and said, "Well, cheers Jack! Merry Christmas."

We watched him go off and pull the same stunt on several other women, all of whom gave him at least a quick kiss, which Roger routinely topped off with a furtive ass grab. And after each success, he quickly glanced back in our direction.

Julie gulped down her drink and hissed, "Oooh, that man! God, I'd like to knee him in the balls."

"Oh come on, he's just having a little fun," I replied without thinking.

She rounded on me. "Goddamn it Jack, do you always have to defend him? The creep grabbed me."

"He just wanted a little kiss. No one else seems to mind."

She looked at me incredulous. "I can't believe you just said that. Really?"

But before I could reply, Roger suddenly reappeared. He handed Julie a refill.

"Julie, I just wanted to apologize," he began.

"No, no," she cut him off. "I'm the one who should apologize. It's just that you caught me off guard," she continued, now batting her eyelashes at him.

For a second, he seemed surprised. Then he gave her a grin, "Well, I still have that mistletoe." He held out the twig.

"It only works if we're standing under it," she flirted back.

He started to lift it up, then seemed to get a sudden inspiration. He handed me the cutting. "Jack, would you mind?"

I stared from him to Julie. He had an amused look on his face. She was regarding me with a frozen smile and piercing eyes.

Almost as if under some weird compulsion, I raised the mistletoe and held it over them.

Surprise and, I think, disappointment flashed across Julie's face. Then she turned toward Roger, her face again composed into a tight smile. They leaned in and kissed. It was nothing particularly erotic. Just a peck on the lips, though held maybe a touch too long, giving Roger time to brush his hand down the nape of her neck.

Just then the band came back on stage and started back up. Roger held out his hand to my wife, "How about it Jules? A quick dance to make up for before?"

She turned toward me, "Well, only if it is okay with Jack. Is it okay with you, honey?"

God, I wanted to say no. To grab her and just walk out. I started to refuse, but then Roger gave a withering glare, and instead what came out was, "Um, yeah, sure, if that's what you want."

Julie's shoulders seemed to slump just a bit, but before I could say another word, Roger took her hand and led her out onto the dance floor.

Julie was angry. I could see it in her eyes when she looked back at me. Roger was handling her expertly on the dance floor, holding her hands, spinning her around, occasionally pulling her close to his body. Her eyes went to me repeatedly, almost imploring me to cut in.

Several times I started onto the dance floor, only to realize after what I thought were a few steps that I hadn't moved at all. It was like my feet were nailed to the floor. Finally, the song ended, and I breathed a sigh of relief as Julie took a step back toward me. But then the band broke into a ballad, and Roger pulled her back into his arms.

She shook her head. He leaned in close and whispered something in her ear, nodding in my direction. Julie followed his glance and looked back at me. For a moment, they were both observing me. Uncomfortably, I lamely gave them a little wave. Roger chuckled. Julie rolled her eyes and shook her head. She allowed herself to be pulled into his arms.

They were dancing very close, Roger nuzzling near to her ear, whispering something that made Julie giggle. I realized that other people were now aware of the scene, and were watching Roger and Julie on the one hand and me on the other. I could see them out of the corner of my eye exchanging glances and whispered comments. I was paralyzed, staring out onto the dance floor, a rictus smile on my face.

Roger was growing bolder by the minute. He caressed the side of her face and ran a finger along her ear and across the nape of her neck. His other hand slid down the length of her back coming to rest in the valley of her lower back as he pulled them close together at the waist.

He whispered another something in her ear, and again they both looked at me. I was uncomfortable and embarrassed but somehow still frozen. He whispered to her again, and again they seemed to share a laugh at my expense.

She turned back toward him, and he gave her another quick, closed mouth kiss, but given their bodies pressed together, it seemed anything but

chaste. She glanced back over the shoulder at me, but I remained mute and still, she turned back toward Roger again and now stopped looking back.

Julie's back was to me. They were no more than ten paces away, swaying gracefully together to the music. I watched as Roger's hands were now gently massaging Julie's lower back, slowly, but consistently, moving lower and lower until his fingers were tracing small circles across her butt. He gave her ass a firm squeeze. I jolted upright and our eyes met. He held my stare until I look away.

I think the whole time, I kept expecting it to just end. Roger had proven his point, whatever point it was. He'd had his fun, damn it. Why couldn't he just let her go? But even those thoughts couldn't compel me to intervene.

Instead, movement drew my eyes back down to his hands, now possessively cupping and kneading my wife's shapely ass. As I watched, he began to bunch up the fabric of her dress, pulling the hemline further and further up. By then he'd yanked the dress up far enough to expose Julie's red, lace, boy-shorts, and I realized the entire club was now watching. Or maybe it just felt that way. I was lightheaded, my head spinning. I felt like I was going to black out. But instead, I just remained there, now almost standing at attention, trying to wish the situation away.

Roger then slid his hands under her waistband, both his hands now palming her bare ass. He yanked her close again, grinding their crotches together. I could see his left hand now sliding up and down the crack of her ass, and then suddenly he flicked his wrist. Julie stiffened. There was an audible gasp from someone in the crowd who, like me, realized he now had at least a finger inside her.

They finished the dance like that, pelvis to pelvis, his hand moving rapidly under her panties. And when the music ended, I look up to see them kissing again, open-mouthed this time, though still more teasing than voracious.

FOUR

They walked back to me, holding hands.

"It's getting late. Let's go back to my place for a nightcap," Roger stated matter-of-factly.

I look from him to her and back again. They regarded me with expressionless poker faces.

"Um, well, Roger, the thing is, I'm pretty tired. Maybe another time?" I offered.

He clapped his hand on my shoulder, and I was immediately aware it was the same hand he'd recently had wedged between my wife's legs.

"Oh come on, Jack. We've had a great year. You're not going to deny me the pleasure of having a private toast with my friend and his lovely wife, are you?"

"I think Julie would rather get back home," I noted.

She hesitated, looking from me to him and back again. "Oh, I don't mind, honey. Whatever *you* want is fine with me," she replied sweetly.

I started to speak, but his gaze cut me short. I noticed they were still holding hands.

I folded. "Okay, you're right. Sure, why not?" I said, trying to convince myself, even as I deliberately avoided making eye contact with Julie.

"Great!" Roger bellowed, and then putting one arm around each of us, he led us toward the exit.

Roger's car was parked right in front, and as we approached it, he pulled his keys out of his pocket and handed them to me.

"Hey, buddy," he said, "you better drive. I'm a bit bombed."

I'd had more than a few and I was not really comfortable with driving his expensive Mercedes. I was still pondering that when he pushed me into the driver's seat. He opened the back door for Julie, and after it shut, I waited for him to come around to the passenger seat. It wasn't until I heard giggles from the back that I realized he'd slid in beside Julie.

"You remember where I live, right?" He said, prompting me to start driving.

"Um, sure," I muttered under my breath, but I realized he wasn't listening to me. He and Julie were again sharing a whispered conversation.

I cleared my throat. "So, what are you guys talking about? I'm beginning to feel a little like a chauffeur up here."

"Don't worry about us, Jack. We've got plenty of things to keep us busy back here. Isn't that right, Jules?"

She chuckled. "Right as rain. A whole book of things."

"Look, maybe this has gone far enough," I noted.

They just laughed.

He tapped me on the shoulder. "Here take these, Jules doesn't want to lose them," he said as he dropped her sheer panties in my lap.

I felt my throat catch. I was speechless. I reached down and rubbed the rough, delicate fabric between my fingertips. They were moist with her excitement.

As if to confirm my observation, my wife let out a low moan from the backseat.

I adjusted the rearview mirror to see into the backseat and was greeted with a lewd tableau. Julie's legs were spread wide, her dress bunched up around her waist. With one hand, Roger was enthusiastically fingering her closely trimmed pussy. With his other hand, he'd pulled one of her full boobs from her dress and was rolling her nipple between his thumb and forefinger.

Julie seemed to love it. Her pussy was making obscene, wet, squishing sounds as he repeatedly jammed one, two, then three fingers into her over and over. Her nipples were rock hard, her areolas puffy and waxy. Her head was thrown back against the headrest, eyes closed, and her mouth making a perfect "o" as she moaned softly.

The alternating light and dark as we passed under streetlights created a near-psychedelic strobe-light effect. At one point, Roger leaned in and took her firm nipple into his mouth. Julie's orgasmic growl nearly caused me to side-swipe a row of parked cars.

"Keep your eyes on the road," Roger cautioned.

"Sorry," I muttered in response, metaphorically kicking myself even as I said it.

Thankfully, we were almost there. We pulled into his garage, and he directed me into a reserved space. I opened the door for them, and Roger

helped Julie out of the back. She seemed dazed and maybe a little unsteady, but he grabbed her firmly around the waist and led her to the elevator.

I peered into the car to find her strapless bra abandoned on the seat. I picked it up and stuffed it into my pocket with the panties.

By then they had walked away, arm-in-arm, laughing. I chased after them, just barely reaching the elevator before the door closed. I stepped in. They looked at me amused.

“I thought you might have decided to wait in the car,” Julie said.

Is that what she wanted? Was she dismissing me?

“No,” Roger commented, “I knew Jack would want to watch.”

“Now wait just a moment —“

He reached across me, cutting me off. He pushed the button for the top floor, and then pulled Julie into another embrace. Her eyes met mine for just a second before closing. They kissed wetly, tongues thrusting into each other's mouths.

He had his hand inside her dress, casually cupping her breast as they made out. She acted like I wasn't even there. She wasn't playing to me. This wasn't about turning me on or anything like that. It was like he had her under some sort of spell.

It is hard to explain how I could just stand there and say nothing. Part of it was shock. Julie had never expressed any interest in Roger, so this was completely out of the blue. Part of it, though, was that I couldn't believe it was really happening. It felt like a dream. A weird out-of-body experience.

Maybe I was under a spell as well. There was, I have to admit, something hypnotic about watching them. Their mouths hungrily devouring each other. The confident way he fondled her hard, red nipples.

When we reach his floor, he and Julie again led the way, limbs impossibly intertwined. I knew I could stop this if I could just get her alone, but somehow the idea of confronting him seemed impossible or maybe just terrifying. What if he refused to stop? What if they both did? Would it be better to pretend it wasn't bothering me rather than have them continue despite my objections.

It was as if Roger had decided to claim my wife as a Christmas present for himself. And if I couldn't do anything about it, then maybe the best thing to do would be to make it seem as if I were okay with it.

Merry Christmas, Roger. Bring her back in one piece, okay?

But I couldn't bring myself to say that either. I wanted to grab my wife by the arm. Yank her away. Throw Roger's envelope of fucking blood money in his face. And run away. Far, far away.

Roger opened the door and turned on the lights. He's got a stunning penthouse loft, with amazing views of the city. I closed the door behind me.

FIVE

"Hey Jack, why don't you go and fix us some drinks. You remember where the bar is, right?"

I nodded and stumbled mutely into his living room. I tried to distract myself by studying the décor. Modern. Stark. Glass and steel dining room table. An angular, white leather sofa. Light-colored, perfectly slick hardwood floors. A Warhol on one wall. A Lichtenstein on another.

It was decorated for Christmas in a minimalist style. A perfectly trimmed tree with white lights and silver balls, a pine and poinsettia candle centerpiece on the dining room table, Santa hat, arranged just so, on the coffee table. As I walked over to the bar, I wondered if he had someone come in to decorate. It was hard to imagine Roger standing still long enough to attach ornaments to a tree.

The bar enclosed was enclosed behind black lacquer panels that opened to reveal a backlit array of premium bottles. Mostly expensive Scotches, their glowing amber color seductive, mouth watering.

"What do you want?" I said without looking up.

I heard a zipper being lowered and my wife giggling. I looked over in time to see Roger lifting the little black dress over Julie's head, leaving her naked save for her jewelry and heels.

She was ravishing. When was the last time I'd gotten her naked in good light? But this was better than catching a flash of her coming out of the shower. She was all done up. Hair, makeup perfect. Her necklace dangled between her full breasts. Her nipples were swollen, pointing proudly upward. Her legs, long and toned; her ass, tight and firm.

He took a moment to admire my wife before answering my nearly forgotten question.

"Talisker 18, neat," he replied as he led my now naked wife over to the sofa.

"Chardonnay, please," she added.

I pour his drink. Then I grabbed a bottle out of the wine fridge for my wife, and uncorked it. I poured her a glass. Then I poured myself a double... or maybe a triple. I don't even like Scotch, but I took a childish pleasure in filling my glass to the brim with his overpriced booze. It left me

with the problem of not being able to carry all three glasses at the same time. A problem I solved by making use of a silver tray, which I immediately regretted when I saw their amused expressions as I approached. He was not only turning me into a cuckold, but into his butler.

I felt a surge of anger, and was tempted to throw the drink in his face, but Julie's behavior short-circuited my response. It wasn't just that she was naked in front of my boss, but that she was so comfortable with it. Sitting there beside him on that leather sofa, she seemed totally unfazed. Like she was happy to be there... *or* as if she had done it many times before.

That thought staggered me. She was right. He was Mephistophelian. Evil. Seductive. I wouldn't put it past him to have wanted to seduce her. Roger was not the sort of man to deny himself any pleasure regardless of how it affected other people. Indeed, in a weird way, I was surprised that he hadn't before made a serious pass at her. Maybe part of my paralysis was that I wanted this. I was so desperate for Roger's approval that maybe I craved the validation that would come from him desiring my wife.

"You okay, honey?" Julie asked lightly as she sipped her wine.

No. No. NO! I'm not. Get your fucking clothes on and let's go.

I didn't get any further than meekly shaking my head.

"Of course, he's okay," Roger said confidently. "It's just that Jack has been thinking about this for a long time, haven't you?"

"No," I choked out.

He laughed. "Oh come on. You know you've thought about what might have happened if I'd gone after Julie rather than Karen that night."

"No," I muttered.

He smiled at my transparent lie. Of course, I had. I had always thought I had dodged a bullet there, especially when Roger regaled me with all the particulars of his evening with my wife's friend. I glanced over involuntarily at the floor to the ceiling windows and pictured the scene he'd described to me in such loving detail. Karen, with her red hair and big tits, naked, pressed against the glass, on display to the whole city as he rammed her from behind.

"Julie's thought about it too."

My wife laughed.

He turned toward her. "You deny it?"

"Thought about what, Roger?" she batted her eyelashes.

“Karen told you about me, didn’t she.”

Julie smiled. “Of course. She said you were an immature, conceited jerk.” She paused and peeked at me through the corner of her eyes. “And an animal in the sack.”

Roger grinned, pleased with himself. “So you have thought about me.”

“I think of a lot of things.”

“Well, now you won’t have to rely on your imagination; you’ll have memories instead.”

“What if they’re not as interesting?” she teased.

“Don’t worry.”

Without looking at me, he motioned me over to an armchair across from the sofa they shared.

“Sit down Jack. This is going to take a while.”

Their playful banter had sapped me of my remaining willpower. I sat.

As I sat, he addressed me without a glance in my direction.

"What a stunning, lovely creature you have here," he exclaimed as his hands roamed over her body.

He ran a finger over her plump, red lips. Her delicious, little, red tongue flicked out to give it a lick. He grinned and pressed the digit into her mouth. She wrapped her lips around his finger and sucked it wetly as he pumped it in and out. Even more erotic was the way they looked at each other at the same time. Fierce, hungry.

With his other hand, he cupped and lifted each of her breasts, pausing to trace the outline of her nipples. His fingertips then traced a line between her breasts down over her flat belly. He massaged her closely trimmed muff, and then slid a finger between her labia. Her slit opened like a flower in bloom, pink and glistening inside.

She was no longer my wife. She was now his juicy, horny slut. He honed in on her swollen nub, and she gasped as he gently rubbed her clitoris. Her whole body seemed to liquefy at his touch, waves of pleasure rippling through her long, lean form.

After a few moments he spoke again, this time to Julie. "I've been pleasuring you for a while now, isn't it about time you reciprocate?"

She gulped and then nodded her head slightly.

"Good girl," he said.

With his right hand he unzipped his pants, and with his left he pulled her head toward his lap. She took it from there, snaking her hand into his pants and fishing out his rapidly swelling cock. She stroked him several times with her left hand, her diamond engagement ring and wedding band rubbing up and down on his shaft.

He was big. Well, bigger than me at least, which was all I could really focus on. As she jerked his prick, she helped him out of his pants while he shucked off his jacket. He relaxed back onto the sofa, one hand palming the back of her head, the other wrapped around his glass as he sipped his Scotch.

Julie took him in her mouth. At first, just the head, alternating between sucking him and swirling her tongue around the base of his glans. Then as she wet his shaft with her saliva, she began to take him deeper and deeper, until almost his entire cock disappeared into her mouth. She bobbed up and down, up and down, making loud slurping sounds as she repeatedly devoured his dick.

Roger closed his eyes, a big happy grin on his face. "Oh God, Jack, you never told me what an expert cocksucker you had here in Julie Jules. Had I known, I'd have had her a long time ago."

That gave me a small boost. Beneath his boast about being able to bed my wife whenever he desired was his reassurance that he hadn't done it already.

In addition to working his shaft with her mouth, she deft fondled his balls with her saliva soaked palms. He growled with delight. "Damn, that feels good."

Julie looked up at me, grinning, before returning to her task. They were having fun. Fun at my expense, I realized. If they hadn't fucked before, it meant that there wasn't any real attraction between them, or at least not enough to make this happen. No. This was about fucking with me for some reason.

I rose out of my seat.

He noticed me. Before I could speak, he reached into his pants pocket and tossed me his phone. "Film this, Jack. This is too good to leave to alcohol-clouded memory. Film your slut wife sucking my crank."

As always his commands triggered some compulsion inside of me. I girded myself to resist, but before I could get my protest out, Julie slid her knees beneath her and aimed her ass in my direction. Her pretty, little,

swaying tush distracted me. And then I noticed the sheen on her inner thighs, the glistening wetness of her pussy.

I capitulated again. Between his peremptory tone and her obvious excitement, I felt helpless.

"Jack, get in close and film this. I'm counting on you buddy."

Buddy? Buddy? Fuck you asshole. I'm not filming you with my wife...

Julie swallowed him deeper still, gagging on his big prick. That didn't even slow her down. She took him again, deeper still, gagging again, her saliva thick on his shaft. And again, deep-throating him, her face buried in his pubes.

"You getting this?" he asked.

I nodded, too shell shocked and battered to refuse.

She continued, seemingly intent on making sure I captured a good amount of video. Once satisfied, she rose up off him, keeping just the head of his cock in her mouth and making eye contact with me. We remained like that for what seemed a long time, but was probably just a few seconds. My wife and I, staring at each other, as she suckled on my boss's prick.

Finally, she looked away from me and up at Roger. He began to unbutton his shirt. As she continued to stroke his shaft, she also helped him out of the rest of his clothes. She opened his shirt, one button at a time, pausing to kiss and lick his newly exposed chest, wetly sucking on his nipples before returning her attention to his cock. He let out a deep, satisfied rumble of laughter.

He began thrusting his hips upward, fucking her face as much as she was swallowing him. He seemed ready to burst, but then suddenly he pushed her away. She looked at him, surprised, and maybe a little hurt, her face now twisted into a pouty frown.

He laughed. "Don't worry baby, I just don't want to bust my nut quite yet."

SIX

My wife smiled again and relaxed as Roger firmly pressed her onto the sofa. She was now on her back, wedged into the rear corner of the couch. Roger lifted one of her legs onto the back of the sofa and pushed her other foot onto the floor. He then positioned himself, kneeling between her widely spread legs. She was obviously excited, almost squirming in anticipation, and when he pressed his thumb into her pussy, she let out a heartbreaking mewl.

“Damn, you’re wet for me,” he crowed.

She chuckled. “Don’t get too full of yourself. You’ve been playing with it for an hour.”

“The only thing that’s going to be full of me is you.”

“Ha ha.”

He edged forward, and began to rub his cock head up and down her very wet, very swollen slit. Her confident smirk faded and she let out a sultry moan.

He turned to me, "Get in close, you don't want to miss this."

I did as I was told, training the camera on my wife’s snatch, watching as her pussy lips seemed to grab at the head of his cock. She was bucking her hips up and down now, trying to capture his shaft, but every time she thrust upward he pulled back, making her groan in frustration.

"Please, please," she whimpered.

He peered over at me to make sure I was paying attention to my wife begging for his cock. I tried to ignore him, but that just amused him more. Out of the corner of my eye, I could see a broad smile spread across his face.

He reached back across the coffee table and seized the Santa hat, placing it on his head.

“Are sure you deserve this Christmas treat?” he asked.

He rubbed his prick against her swollen clit. Julie shivered in delight.

“Yes,” she moaned.

“Have you been naughty or nice this year?”

She chuckled. “Aren’t you supposed to know that already, *Santa*?”

He turned toward me. "What do you think Jack? Is she a naughty little whore?"

I didn't answer.

"She sure looks like one right now, doesn't she?" he persisted.

I looked at my wife. Naked, with her legs spread, wet pussy on display, big tits and hard nipples, lipstick smudged from sucking my boss's cock.

"Yes," I groaned.

"She deserves a lump of coal," he said. "But since I don't have one, I'm going to have to give her something else hard."

I couldn't speak.

He rubbed her clit again. She let out a sultry moan.

I couldn't take my eyes off his big prick ready as I was to spear my wife's eager quim. His cock was leaking pre-come, the top half paler than the rest.

"I'm going to fuck your wife," he gloated.

I tensed, expecting him hammer his cock into her immediately. But he waited. Dragging it out? Or giving me an opportunity to intercede? Either way, I was paralyzed.

Julie broke the silence. "Do it," she hissed.

Roger looked over at me, and made sure I had the action perfectly framed before giving her what she craved, a hard thrust that left him more than half-buried inside her. She let out an excited yelp, and immediately her eyes rolled back into her head, followed by a raspy shudder that left her shaking.

Roger grinned broadly.

"God, you're quick baby, was that your second?" he asked.

He began slowly sliding his cock in and out of her wet snatch. Deeper, deeper, his thick shaft stretching her out, making her sigh and moan with each thrust.

She opened her eyes and gave him a beaming smile. "Fourth," she mouthed.

My heart sank. I couldn't remember the last time she'd come twice in a single evening with me, much less four times.

Roger turned to me. "Oh, yeah. Definitely naughty. Naughty, naughty, naughty."

And then he started really laying pipe, giving Julie deep, hard thrusts that left her gasping. He was remorseless, and soon both of them were panting for breath, their bodies now covered with a sheen of perspiration, the idiotic Santa hat still perched on his head

With his cock buried to the hilt, he stopped and confidently massaged her breasts.

"I don't know why you're sweating," he exclaimed, "I'm the one doing all the work!"

"It's hot down here," she giggled.

"Well, we can fix that," he replied.

He pulled out and slouching back on the couch. I jumped back out of the way, fell back into the armchair, and watched as he took her hand and pulled her toward him.

She started to mount him, but he stopped her. "Since Jack seems to like it, let's give him a real show."

She passively allowed him to spin her around, and then position her, knees straddling him but facing away from him, facing me instead. Our eyes met and locked.

"I *don't* like it," I muttered under my breath.

She put her hand up to her ear. "Did you say something?"

She was taunting me now. I shook my head. *Whatever.*

She rolled her eyes. And then let out a yelp as Roger slapped at her shapely ass.

"Sit on my dick," he ordered.

She laughed. "You're such a charmer."

But even still, without further prompting, she reached between her legs, stroked his cock firmly several times, and then impaled herself on his shaft, descending into his lap with a satisfied sigh.

"Now fuck me, baby, fuck me good," he groaned.

Julie was happy to oblige, and she started riding him, alternating between bouncing up and down on his prick and settling down on him and grinding herself against his crotch. God she was sexy -- eyes closed, a contented smile on her face, and her hands sensuously running over her smooth skin, tracing the outlines of her breasts and caressing her inner thighs.

"You getting this, Jack? Do you like seeing your wife's titties bouncing as she rides my cock?"

I'd forgotten about the phone when I'd slumped back in the armchair, but in response to his prompting, I began filming again.

"I'm getting it," I grumbled.

He sniggered. "And what about her tits? I asked you about them too."

At that, Julie opened her eyes watching my response.

"They're beautiful," I said sadly.

Julie rolled her eyes in response.

Fuck her. What the fuck did she want from me? She was the one fucking my boss, yet she was acting disappointed in me.

"Come over here," Roger said, "you'll love this."

I staggered to my feet and stood behind him.

"Put your hands on the coffee table," he ordered Julie.

He pushed her forward, so that she was now resting on her hands and knees with him beneath her. He grabbed her ass firmly and began pumping her hips up and down on his cock. It was mesmerizing and undeniably erotic watching her virtually disembodied ass bouncing up and down on his hard shaft, hearing her grunting as she sought to keep up with the pace Roger was setting. That was then joined by the wet squishing sound of his cock churning into her snatch and the rhythmic beat of him spanking her firm ass.

I realized he was close, and I had a panicked thought.

"She's not on the pill, please don't cum inside her," I pleaded in a pitiful whisper.

He roared with laughter and bellowed, "Talk about a great Christmas bonus! Get ready for Roger junior!"

But Julie was too quick. With catlike agility she leapt off him, and spun around, settling on the ground between his legs. Before he could protest, she grabbed his slimy shaft and began stroking him firmly.

"No, let me taste your come instead," she insisted.

She never finishes me off orally, never even sucks me off after I've been inside her, so I'd never seen her like this before. Full red lips wrapped around his shiny prick, her hand a blur on his cock as she tried to milk his jism. He couldn't hold out long. Suddenly he reached out and pressed down on the back of her head with both hands, forcing his dick deep into her mouth. His whole body stiffened and he let out a long, contented moan that

mingled with the sounds of my wife gulping down what must have been a prodigious load.

Roger settled back on the sofa as Julie gently licked him clean, her pretty pink tongue flicking out to capture every last drop of sperm that leaked from his cock.

When she was done, she rocked back on her heels, licked her lips and cooed, "Mmm tasty."

"My special eggnog," he joked.

Roger stood and walked over to Julie. He gave her a tender kiss on the forehead and then disappeared into his bedroom. She picked up her glass and finished off her wine, her eyes finding mine and holding my gaze.

SEVEN

Finally, I broke the silence. "Maybe we should get going," I offered tentatively.

"Nonsense," Roger boomed as he reentered the room, clad now in a bathrobe. He'd lost the hat. "We're just getting started, aren't we Jules?"

She looked over at me. I slumped. She looked back at Roger and shrugged amiably, signaling she was game for more. She put down her wine glass

"What do you have in mind?" she asked.

"That was for you. Now this going to be for me."

He led back over to the sofa. He maneuvered her flat on her back.

"Now pull your knees to your chest," he directed.

She complied willingly, completely exposing her still swollen and glistening snatch.

"Beautiful, isn't she?" Roger said, more as a statement than a question.

He gently caressed her well-worn pussy, running his fingers over her labia, and sliding a finger down her slit.

"Nothing prettier than a freshly fucked pussy... though it would have been a treat to come inside it. Maybe I'll be able to give you a creampie next time, huh Jack? That would be a nice Christmas treat."

Roger continued playing with her swollen snatch. But he didn't stop there. He gently tickled the sensitive skin between her pussy and her anus, and then with excruciating deliberateness he began to trail his finger around the rim of her little, pink pucker.

He turned to me. "Have you ever had the pleasure?"

I shook my head, and croaked out a soft, "no."

"And you, Jules, have you ever had a man in your ass?"

"No," she replied equally softly.

"You sound apprehensive. Does the thought scare you?"

"Yes."

"It should," he replied. "Most men don't know what they are doing. All they can think about is jamming their cock in there. But it's not really about the penetration."

As he spoke, he withdrew a tube of lube from his robe pocket and squirted a gob onto his fingers. He continued to caress her anus, now slowly pressing the tip of his middle finger inside her.

"I get why gay men are like that. Men have a prostate. Getting a dick up in there stimulates it, and they come like a fire hose. Any pain is a small price to pay."

He turned back to me again, "Have you ever taken it up the ass, Jack?"

I tried to think of a snappy comeback, but the sight of his finger now sawing in and out of my wife's butthole was too distracting.

"No, I haven't. It's not my thing," I explained absurdly.

He grinned and regarded me skeptically.

He went back to his lecture. "Truth is, for straights, anal sex is sort of unpleasant. Often at least a little painful for the woman, no matter how slow you go. Sometimes messy. And truth be told, an ass just doesn't feel as a good as a hot, wet cunt."

He added more lube and worked his thumb into her ass, making Julie grimace and let out soft hisses as she adjusted to the thicker digit.

"So why do it?" He paused in his monologue to add yet a little more lube into the mix as he now began to work two fingers into her. "Well, isn't it obvious? Just look at her. Lovely. Holding herself open for me. Exposed. Vulnerable. It doesn't really matter if it is out of fear or lust or greed or whatever. What makes anal special is submission."

He was now gently, but insistently, finger fucking her ass, both fingers going in past the second knuckle. Julie was now mewling softly at each thrust, lines of tension radiating from her eyes, her mouth tightened, baring her teeth, but still she submitted, holding herself open for him.

"It's time," he said finally to Julie. "Get the camera," he ordered me.

Again, I passively followed orders, positioning myself behind the couch to catch the best angle.

Roger had stripped off his robe. His cock was again rock hard. He quickly coated it with a layer of lube and then approached my wife. He pressed the head of his cock against her puckered anus and applied firm pressure until her sphincter relented and the tip of his member entered her.

Julie gasped loudly, her eyes now tearing up slightly.

"Shhh, baby, it's alright," he whispered comfortingly. "Just breathe and relax."

He began fucking her ass in earnest now, thrusting his cock in and out a fraction of an inch at a time until she adjusted to the intrusion before going in deeper. It was slow going, but he patiently continued to push the envelope, managing her discomfort while relentlessly going deeper, harder, faster. When he was a couple of inches in, he grabbed her ankles.

"I have your legs now. Rub your clit for me."

Julie seemed skeptical, but she did as ordered, gently playing with herself as he continued to work his cock into her bottom. They were moving in harmony now. The harder he fucked her ass, the more vigorously she played with herself. He thrust in deeper, getting more than half his dick into her. She squealed in pain even as she shoved two fingers into her own cunt. He plunged in deeper still, and suddenly he was buried, balls deep, in her ass. She let out a series of shrill yelps, even as she wildly continued to finger fuck her own pussy. And then, amazingly, her pained cries turned into a passionate, throaty growl and her whole body began to convulse in a wild orgasm.

Faced with this wild spasming creature, Roger seemed to lose his composure. He began hammering her ass roughly, sloppily. She whimpered pitifully under his pounding, but mercifully, he was almost done. With a loud gasp, he jerked his cock from her ass and fired several thick ropes of cum across her belly and breasts.

Without missing a beat, he rounded on me. "Clean her up," he commanded.

I looked at him puzzled, then reached for a box of tissues. He slapped it out of my hands.

"No, use your tongue," he said, fixing me with an intense stare.

"I don't want to," I muttered.

"Do it!"

As if under a compulsion I took a step toward Julie. And then suddenly, I got mad.

"No, damn it, Roger. I said no!"

I braced myself for the coming assault, some vicious mixture of physical intimidation and verbal abuse. But it never came.

Instead, Roger let out a loud, rolling belly laugh. I looked up to see him nearly doubled over with mirth. I looked over at Julie and she had her arms raised in triumph.

"Finally," she groaned.

Roger got himself back under control. "Well, it seems like you do have a spine somewhere in there."

She laughed. "It's a Christmas miracle!"

I looked at him and then her perplexed. "What?"

"I can't believe you let me fuck your wife in the ass. How could you let it go that far?"

I must have still had a clueless look on my face because he continued his explanation: "On the dance floor, Jules was bitching that you never stand up to me. I tried to convince her she was wrong, so I told her, 'watch him come out here and pull me off you.' I figured when I first grabbed her ass, you'd be all over me. But you stood there like a big dummy, so we decided to teach you a lesson."

"Lifting up her dress. Putting my hands inside her panties. Jesus, Jack, what were you thinking?"

I had no answer.

"We figured you might not have realized I was finger fucking her on the dance floor, so we made it unambiguous in the car. And still, nothing."

I suddenly felt almost sick. "Oh God," I muttered. I turned to Julie, "I'm so sorry, can you forgive me?"

She chuckled softly. "Don't apologize to me. Roger may be crazy, but he's a heck of a fuck. I'll repeat this lesson as many times as needed to get it through your thick skull."

I was speechless, trying to process all of it.

After a few moments, Roger leaned over to Julie and gave her a quick kiss on the lips. "Looks like we tore out a few pages from that book of things you won't do with me."

She grinned back. "I'm not sure there are any pages left."

He chuckled. "We just scratched the surface tonight."

He let that hang in the silence for a few moments. Then he yawned, stood, and started walking to his bedroom. Without looking back, he bid us farewell, "lock up when you leave."

EIGHT

The cab ride back to the nightclub parking to pick up our car passed in silence. Once in our own vehicle, though, I was finally able to speak.

"That was a shitty thing to do," I grumbled.

My voice was tight with anger and disappointment.

"It was," she agreed. "You should have stopped it sooner."

"I meant you," I snapped.

"I know what you meant," she replied. "And I suspect most people would agree with you. But truth is, I saved your soul. And you know it."

"Oh, is that right? If I remember correctly, Gretchen pleads with God to save Faust, she doesn't fuck the Devil."

"Yeah, Doctor, but that's only after she murders her baby, gets her brother killed, and gets sent to prison. My way short-circuits all of that."

I grumbled.

"What was that, Doc?" she asked.

"How could you do that?"

"How could you just watch?"

"You're blaming the victim."

She laughed ruefully. "Only because you found it harder to confront your boss than to watch your wife with another man. Think about it."

I grumbled again.

"You should have that looked at," she teased.

"So, you expect me to believe this was just, what, a lesson that got out of hand? You don't have the hots for Roger?"

"Now *that* is an interesting question."

"How about an interesting answer?"

"Hmmm. Well, let's see.... He is handsome. And he does have that bad boy vibe that is, honestly, sort of sexy."

"So you have thought of him before," I said.

"This isn't the first time he's made a pass at me."

"When?" I risked a glance over at her.

She rolled her eyes. "Really, Jack?"

I knew what she meant. He was an irrepressible flirt.

“He was just playing around. He... he likes to push people’s buttons.”

She laughed. “My butt is still throbbing from the pounding he gave me, and you’re already making excuses for him again.”

“Am not.”

“Oh, Jack, you really will never learn, will you?”

I grumbled to myself.

Back in the office the following Monday, I sought Roger out immediately. I closed his office door behind me and confronted him.

“We need to talk.”

“You know the rules. What happens at the Christmas party stays at the Christmas party.”

“What about what happens back at your place?”

He grinned. “It was a special night.”

“For you.”

“And Julie.” He shrugged. “We had fun. You learned a lesson, and we didn’t even have to summon the Ghost of Christmas Future.”

“And what lesson was that? That you’re a manipulative asshole?”

He bristled slightly, but quickly recovered his equanimity. “I deserve that,” he admitted. “But it was for your own good. And mine.”

“Oh, and what did you get out of it other than screwing my wife?”

“Don’t sell that short. She’s... an *amazing* woman. I’ve wanted to wreck that for years.”

I fumed silently.

He continued, “But, more importantly, I get to stay out of jail.”

“Huh?”

“You can’t enjoy life from behind bars. And I... I don’t have a governor. You know that. That’s why I need you to be honest with me. Keep me just *this* side of the line.”

“You don’t like being told no.”

“Which is why I wanted to reinforce your backbone.”

“You’re insane.”

He laughed. “Maybe. But we’re a good team, you and me. I’m the Id. You’re the Ego. We need each other.”

“I’m not sure I can continue to work with you.”

He nodded. “I’d be sad to lose you.”

“You don’t do sad,” I noted. “It would require too much self-awareness.”

He shrugged, but didn’t reply. And after a moment I realized I was done as well. I turned and walked toward the door.

“Oh, and Jack?” he called.

I stopped. “Yes?”

“Now that I’ve cracked open her backdoor, take advantage of it. You know what I’m saying?”

He was deranged.

“Fuck you Roger. And stay the fuck away from my wife.”

“Sure thing, Jack. And hey, I just sent over a new deal book for you to review. Let me know what you think.”

I opened the door and exited, slamming it behind me. A small, stupid victory, but it felt good.

I walked slowly to my office. My original plan had been to tell Roger to fuck off and storm out. But now I was no longer so sure.

He was deranged, which meant, in a weird way, that he did need me. I realized I was stopped in front of my office. I peered inside. There on my desk was the deal book. How many ethically suspect, legally dubious provisions had he included this time? It was tempting to walk away. Let the fucker end up in prison. And yet...

“I thought you were only going in for a few minutes,” Julie said when I returned home.

It was past five and already dark.

“I needed to look over a deal.”

She gave me a knowing smirk. “I knew you wouldn’t be able to quit that man.”

I poured myself a glass of Cabernet and sat at the kitchen table as Julie busied herself with dinner. God, she was a sexy thing, even dressed casually in tight jeans and a sweater.

“He says he needs me.”

“He does. But do you need him?”

I hesitated. I thought of his manic energy. And of our swelling bank account. Working with him was fun and profitable. And scary.

I also thought of him with my wife. Fingering her in the backseat of his luxury sedan. How she'd eagerly sucked his prick and later swallowed his come. The confident way he'd fucked her. And how sexy she'd looked, on her back, legs pulled up, as he firmly pressed his big cock into her tight, virgin ass.

If I could stand up to Roger, I could surely find the courage to ask my wife for what I really wanted for Christmas.

I rose quietly and approached my wife. She was stirring a pot and didn't notice me until I was right behind her. She startled.

"Jack?"

"I think you still owe me."

"Yeah?"

"I know what I want for Christmas," I said.

"I gave you enlightenment. What else could you want?"

I angled my hand down the back of her jeans, inside her panties. My finger wedged between her butt cheeks. She squirmed, but not enough to stop me. I explored deeper, until my fingertip found the sensitive skin of her anus. She stiffened.

"Jack?" she asked apprehensively.

"Yes, Julie?"

"That was like a weird situation, you know?"

"Yup." I pressed my finger into her tight little ass.

She gasped. "I don't know about this."

I laughed. "I do. Now, I do."

Annual Leave

Happily married, with three kids under six, a dog, and a house in the suburbs, Heather has all the trappings of a conventional soccer mom. She's also slowly losing her mind. Her husband convinces her to take a "momcation," three days at a sunny resort with nothing to do but sleep late, sip margaritas, and get work on her tan.

It's a great plan, but it doesn't take into account Damon. Handsome, funny, and sarcastic he has an uncanny ability to get under Heather's skin, an ability that turns into the basis for an unlikely friendship and, maybe, just maybe, a whole lot more.

Short Stories

There are a number of short stories that I've written over the years that I am particularly fond of. I am in the process of editing and preparing them for publication. The first four are out.

Cuckolding Shorts

Volume 1: The Cottage

Rich has always had fond memories of his parents' old lake cottage. When they decide to sell it, he invites some old friends to join him and his wife Becky for a weekend of beer and nostalgia. But Rich's plans are upset by the presence of Robby, who is boorish, aggressive, and makes no secret of his lust for Becky.

When Robby badgers Rich into a foolish bet, he learns that his wife is willing to go to any lengths to make sure he pays his debts.

Volume 2: Déjà Vu

Bill and Jessie are celebrating their tenth anniversary when they run into Bill's college roommate. Chad is so handsome and charming that Jessie knows she needs to have him. Saying no should be easy for Bill, but he and Chad have a long and twisted past and this is not the first time Bill has had to deal with Chad's intoxicating effect on even the most sober-minded of women.

Volume 3: Last Fling

Married couple Dave and Leslie have decided it's time to have kids. They know it is a life changing decision. No more sleeping in late, no more spontaneous hiking trips, no cozy vacations alone. And worst of all, no more day long sessions in bed, naked, making love and eating take out. So to bid farewell to their old life they decide on a "last fling" in Las Vegas.

Although they agree that "what happens in Vegas, stays in Vegas," they find it isn't easy to remain detached and easy going when things begin to get hot and heavy. Dave, in particular, begins to have second thoughts when he realizes that Leslie's idea of a last fling may be more lusty and intense than he ever imagined.

Volume 4: Inception: A Twisted Wife Sharing Tale

Bruce can't believe it when his hard-drinking, barrel-chested, tough-guy co-worker Carl admits to being a happy cuckold. He's even more surprised to hear that Carl's tall, sinewy, blond wife has the hots for him.

As Bruce's obsession with his friend's wife grows, he finds himself slowly transformed into a different sort of man than he once was. But in thrall to obsession, it is easy to lose track of that which one holds most dear.
