PREFACE

I have some additional thoughts in the Afterword, so here I'll just thank all of my readers and again Kenny Wright for his continued assistance, advice, and friendship.

I really love this short. I hope you'll like it as much as I do.

CHAPTER ONE

"Um, no, I've never fantasized about my wife with another man," I replied in shock. "Sounds more like more of a nightmare than a fantasy."

Carl grinned. "Don't knock it till you try it."

I laughed. "I've never had root canal either, but I'm pretty sure I wouldn't like that either."

"Whatever, man, I'm just saying, there are a lot of benefits."

I don't even know how we got into this conversation. What had started out as a periodic staff happy hour had somehow turned into Carl and me locked in this most unexpected discussion. It was surprising for a lot of reasons, not least of which is that Carl and I were casual acquaintances at best. He was in sales, I'm a tech writer, and I doubt we'd exchanged more than a dozen words in the three years I'd been at the company.

Somehow it had come up that we were each married the same number of years -- six. I'd made a casual (and untrue as a matter of fact) joke about not having sex anymore, when he offered the observation that what spiced-up his marriage was when his wife started seeing other men.

Carl was about the most unlikely proud cuckold you could imagine. He was a big, muscular guy. His rolled up sleeves exposed colorful tattoos on his arms. He was loud and outgoing, with a real alpha male vibe, and yet, here he was extolling the virtues of letting his wife cheat on him.

"First of all," he continued, "it'll make her a tiger in the sack. She'll do shit with her fling that she'd never do with you, and then she'll feel all guilty about it and try to make it up to you. There's a reason why one warning sign that a woman is having an affair is that she suddenly starts to initiate sex more often. Even if you give her permission, she'll still feel guilty, and that guilt is the surest path to great sex."

"Second, it gives you a free pass. Even if you don't use it, knowing that you have a get-out-of-jail-free card in case you ever do decide to knock off a piece of strange is great. It lets you flirt, get lap dances, whatever, with no worries."

"Third, and this is hard to arrange, but the ultimate is actually watching your old lady get laid. It's like watching a porno up close and

personal, man. Super fucking hot, and guaranteed to get your dick glass-cutting hard."

I have to admit, even though I had no interest in letting, much less encouraging, my wife Susie to cheat, I was fascinated with Carl's monologue.

"How long have you been doing this?" I asked.

He grinned. "Well, Bruce, to tell you the truth, it started even before we were married. The first time, I guess, was right after we first moved in together. Bridget went out with some friends to a concert. I can't remember why I didn't go. But whatever, she gets drunk, runs into an old fling after the show, and fucks him in some bar bathroom."

"Well, she gets home. It's like 3:00am, and I'm like, 'did you have fun?' Purely innocent question. But she has a total meltdown. Tears, apologies, just the whole shebang. And I'm pissed, real pissed. And she's all like, 'I'm so sorry. How can I make it up to you?' I figure, it's over anyway, and I might as well get a hate-fuck out of it. So I started reaching under her skirt. And she's like, 'No, baby, not like this, let me get cleaned up first.' But I wasn't taking no for an answer. I'm like, 'no, fuck you, baby, you fucked this guy in a bathroom, you're not saying no to me.'"

"So, I throw her on the bed, and she's squirming, trying to get away. So I grab her hands and hold them above her head, and just tear her panties off. She's asking me to stop. But I didn't. I basically raped her, I guess," he said with a leer.

"But man, the second I got inside her, it was like flipping a fucking switch. I mean, she was soaked, real sloppy seconds. He'd dropped this big load inside her. And I'm just fucking her like a wild man, and suddenly she's moaning and groaning like a cheap whore, bucking her hips, panting. She comes hard. I can feel her pussy spasm. And I can feel my balls start to tingle, so I pull out and kneel on her chest. I'd never done this before, but I shove my dick into her mouth and she just swallows it all."

"I didn't even get soft. Not even a little. Flipped her over onto her stomach and shoved it back in her snatch. Anyway, you get the picture. We fucked until the sun came up. Easily the best sex of my life."

I was in shock. Not just from the story, but also from the fact that Carl was so open about it, and also how it affected me.

"That does sound hot," I had to admit. "So, you guys were just off to the races?"

"Yeah, something like that. Well, it took time. She didn't cheat again for a while. Not until after we got married. That was another weird story. We were down in the Keys and –"

"Hey Carl, man, you wanna boogie, I need to get home?" It was another sales dude, Jackson, interrupting.

Carl turned to me. "Sorry man, I got to go. That's my ride. Anyway, good talking to you."

"Yeah, same," I replied.

I'd have left with them, but truth is, his story had given me a woody and I needed a few minutes for it to subside.

CHAPTER TWO

I couldn't get the story out of my head. I knew I wanted to hear more, but I couldn't figure out how to make that happen. For all I knew, Carl had spent the rest of the evening regretting what he'd said. And anyway, even under the best of cases, what do you do? Walk up to the guy and say, "Hey, buddy, tell me more stories about your wife getting fucked by other dudes?"

But even though I didn't have a plan, I definitely started finding ways to hang out more with Carl. Nothing weird, but if I saw him in the lunchroom, I'd drop by and chat, and I made sure to stay near him at the happy hours. But I didn't get anything more out of him until a few months later when softball season started.

I'd never played ball much, or really any sports. But I was pretty fast and could leg out enough choppers to not make me a total embarrassment on the company team. It was mostly a chance to drink beer, anyway, though Carl and some of the other guys still took it pretty seriously.

Anyway, long story short, we got to know each other, and he turned out to be a pretty cool guy. We had some shit in common; same age, married the same amount of time, both Giants fans, and both into first person shooters. And of course there was a lot of stuff we didn't have in common; he was a big jock, a heavy drinker, and a happy cuckold.

That came up again after a softball game. We'd gone to a bar for a few beers, and everyone was heading home, but Carl was just settling in.

"Hey, man, it's getting late," I noted. "You need a ride?"

"Naw," he replied. "I'm gonna hang here for a while. Stick around."

I laughed. "I wish I could, but Susie would kill me."

"I don't need to worry about that, Bridg is out on a date." He gave me a wink.

That got me back in my seat.

"Really?"

He grinned at my surprise. He checked his watch.

"Yup, she's probably just sitting down to dinner. And in another minute, he'll have his hand down between her legs to make sure she's not

wearing panties."

"This is a regular?"

"Yeah. She met this guy on a business trip. Hooked up with him out there, and now every time he comes to town, they get together."

"Does he know she's married?"

Carl laughed. "Yeah man, he knows about me. Knows I know too. He likes to send me pictures of them together."

I said nothing, but I secretly hoped he'd whip out his phone and show me. When he didn't I said, "That's wild."

He laughed again. "Well, we all have some wild shit in our past, right? I'm sure your wife has some interesting stories from back in the day."

It was my turn to laugh. "I think the craziest thing Susie ever did was letting an old boyfriend take some topless shots of her, and yeah, there was this one time when we were in Cancun where she lost her luggage and ended up going out to dinner with no panties."

He grinned. Then he got serious. "Hey, man, I hope this shit doesn't make you uncomfortable. A lot of guys find this weird. I'll stop talking about it if you want."

"No, no," I replied, maybe too quickly judging by his smirk. "I mean, I not interested in the lifestyle for myself, but I have to admit, it is fascinating."

I left shortly thereafter, but from then on when we got together Carl was pretty open about sharing details.

He told me about that long weekend in the Keys after they got married. Bridget had been at the hotel pool, and ended up flirting with a handsome English dude, until finally Carl basically told her to just fuck him already. And apparently she did, not just once, but she basically went with the guy for the weekend.

"It was crazy man. She moved her shit into his room, stayed the nights and everything, and she'd just sneak away to see me a couple of times a day to give me sloppy seconds."

He told me that she had three regular lovers, the guy from out of town that he'd already mentioned, and two local guys that she saw on occasion. One of them was so into cuckold play that he wouldn't see her unless Carl called him personally and arranged it.

Then there were the one-offs. Dozens of them all told, I'd guess, though I only got details on a few. Some were real clichés. Bridget had

hooked up with the pool boy, for instance. She'd fucked a cop to get out of a speeding ticket.

Some were real extreme. She'd let herself get picked up by a rough-looking black guy in a club one night, and ended up getting gangbanged by him and three of his friends in a ratty motel room with Carl watching from the parking lot to make sure they didn't try to keep her. But there were also a lot of spontaneous ones.

Carl and Bridget were having dinner in a swanky restaurant, and the waiter picked her up right in front of Carl and banged her in a storeroom off the kitchen. Several of those turned into watching opportunities, like the time she hooked up with a co-worker at one of her office parties with Carl discreetly following.

Those stories got under my skin. My sexual fantasies have always been pretty vanilla. You know, the usual cheerleader, famous actress, cute barista thing. I watched some porn online, of course, usually happy enough to click on whatever was near the top of the site I happened to be visiting.

But Carl's stories got me thinking, and pretty soon I was searching for "wife" videos. Now, a lot of those are obvious bullshit. Yeah right, that girl with the tattoos and the fake tits getting pile drivered by a guy with shaved junk is really an amateur. But some of the videos that came up were pretty damned convincing, and hot. Seeing a woman get taken, often with her husband filming or helping out was just wild. Who were these people?

At some point, I mentioned the wife porn thing to Carl and he grinned knowingly.

"I don't think you'll find any of Bridg," he said, eerily reading my mind. "Though, I can't be sure that some guy didn't secretly film her and post it." My dick chubbed up at the thought. Then he pointed me to some specialty sites that were full of what seemed to be actual amateurs.

Now, I had no interest in being the husband, but there is something definitely primal about that whole fucking another man's wife thing, and as I watched those videos, I was definitely identifying with the other man. Although just as it was difficult to envisage Carl as a happy cuckold, I am hardly "bull" material. I'm average height, average dick, slender, thinning blond hair, not the usual African-American musclehead who seemed to be doing most of the cuckolding in these videos.

Also, I couldn't help but fantasize about getting with Bridget, especially after Carl let slip at one point that I was "her type, brainy." I

mean, I'd never even seen her, but from the way Carl described her, she was a sexual dynamo, and, well, obviously easy. In fact, I spent a lot of time searching for her, although realistically, I knew it was both unlikely that she had a video online, much less one under her name.

At some point I even stumbled onto a story site. Hundreds and hundreds of these stories. Slutty wives, cheating wives, crazy female domination stuff. There were either thousands of married women fucking strangers like bunnies, or an equivalent number of horndogs fantasizing about it.

I got more drawn in. I started researching the issue. Not only were there hundreds of videos and thousands of stories, there are actually dozens of scholarly books and articles on cheating wives. It turns out, this is one of the most popular fantasies out there, and some scientists even think the phenomenon explains things as diverse as dick size and shape, the female orgasm, sexism, and even why men are so competitive.

I knew I shouldn't, but I was getting a little obsessed with it.

You can't get so involved in a thing without it bleeding over into the rest of your life. I was jerking off two or three times a week thinking about nailing Bridget, but soon I was thinking the same way about every married woman I knew. Just seeing a wedding band on a cute woman was enough to get me going.

It was making me coarser, I guess. You get that way when you're not just mentally undressing friends' wives, but mentally buttfucking them as well. It led to some awkward moments.

We were having dinner with Frank and Deb, and when she started talking about her new workout, I immediately jumped in to ask if she was taking up pole dancing. Luckily, the evening news had recently had a story on that as an exercise craze. When Susie started to tell me that her friend April was getting divorced, I blurted out, "What, was she having an affair?"

I reeled it back in after that, but I now had to work at not being inappropriate.

CHAPTER THREE

I finally met Bridget at the company picnic. It was mostly a kid's affair. Moon-bounces, potato sack races, face painting, but the company execs encouraged us all to attend for "morale." After a while, most of the childless folks drifted off toward a gazebo with a cooler full of commandeered beers.

I spotted Carl and Bridget walking towards us. Well, I spotted her mostly. She was hard to miss: tall, slender, high cheekbones, very blond, in a bright, flowered sundress. She reminded me of Paris Hilton in way, though surprisingly more severe. With her hair pulled back into a bun, she gave off an ice princess vibe that was very much at odds with what Carl had told me about her.

She could not have been more different from Susie. Susie is a short, 5'2", with a fresh, girl-next-door look about her: brown hair, big brown eyes, no makeup. Susie was in her usual jeans and t-shirt. Not that Susie isn't attractive. She is. And she's also one of those girls who, once you get her naked, you can't quite believe what she was hiding under those clothes.

I introduced Carl to Susie, he introduced me to Bridget. We chatted for a while, but the girls really didn't hit it off. Bridg is in interior design, selling high-end furniture to really, really rich people. Susie is a social worker. Just different values and styles.

Anyway, after just a short while, we drifted off in different directions. But I just couldn't keep my eyes off Bridget. She was such a lovely, exotic creature.

The company was providing food, and later in the afternoon a band started playing, and most of us clustered by the stage. I noticed Bridget sitting alone at one point, looking bored. I asked Susie if she wanted to go over, but she just rolled her eyes.

"Um, I'll pass," she replied. "But go ahead if you want."

I think she was a little surprised when I did just that, excusing myself to go over to Bridget.

She didn't seem particularly excited when I walked over, but she gave me a small smile. I asked her if she liked the band. "They're okay." Whether they often went to see music. "Sometimes." What else she liked to

do for fun. "Oh, the usual, seeing friends." I asked her about her job, and she got momentarily animated talking about some new designer, but I didn't have much to add, so that conversation sort of died out as well.

I was casting about for the right topic, the right opening, that would unleash the tiger within, that would cause her to grab my hand, drag me into the bushes, and fuck my brains out right then and there. But whatever the magic words were, I couldn't find them.

At one point I caught her glancing toward the stage, and when I looked up, I saw Carl and Susie dancing next to each other and laughing. Bridget had a sour look on her face, and I figured this might be a way to get her to more engaged.

"Should we show them how it's done?" I asked pointing toward the dance floor.

She sort of shrugged, but let me lead her out into the crowd.

I'm not a great dancer, but I'm not bad, and certainly better than Carl who was just sort of lumbering back and forth. Bridget was getting into it a bit, shimmying back and forth sexily, her eyes darting back and forth from me to Carl who seemed to be ignoring her.

After a few minutes, the band went on break. Susie grabbed a hold of me, Bridget of Carl, we exchanged a few pleasantries and then went our separate ways.

On the car ride home, Susie was uncharacteristically quiet. Usually, after a few drinks and a social event she's very chatty, but this time she seemed lost in thought.

"Everything okay?" I asked finally.

"Yeah," she sighed.

I waited. I knew she'd say more.

"So, you seemed quite taken with Bridget," she added after a pause.

I swallowed hard. "No, no, why do you say that?"

She gave me a skeptical glance.

"I mean, she is pretty, but I only went over because she seemed lonely," I said defensively.

Susie chortled. "I didn't realize you were such a good Samaritan."

"Yeah, that's me, always there to help out the attractive and bored. Anyway, you're one to talk. I turn my back for a minute, and you're dancing and giggling with Carl."

I looked over and caught a quick blush cross her face. But she didn't say anything, and I decided not to press my luck.

I spent a lot of time reflecting on that picnic. I was obsessed with Bridget. It was unhealthy. I knew it. But I couldn't help it. I'd been fantasizing about her for months, and now having finally met her, I was still obsessed, though baffled.

Knowing the searing passions that were locked up inside her made me desperate to find the key. What was it that triggered her adventures. Booze? Circumstance?

The more I thought about it, the more it occurred to me that the one time she had actually seemed close to letting go was when she'd seen Carl dancing with my wife. I wasn't sure what to make of that, and I didn't want to make too much of it since, after all, for all I knew, she was just tired or not feeling well that afternoon. In a weird way, the mystery of it, the incongruity just sucked me in all the more.

CHAPTER FOUR

"You bastard!" Carl rounded on me as I walked into the happy hour.

I took two steps back. He had almost six inches on me, and almost a hundred pounds. I'd be laid out flat before I could say a word.

He broke into a big grin and grabbed me around the neck.

"Man, I don't know what you said to Bridg, but boy you really got her worked up. She couldn't stop talking about you.... Well, except when she was sucking my cock. Damn, bro, I need to buy you a beer as partial payment for the wild time you gave me."

"Really?" I said.

He laughed. "Dude, you don't know?"

"Um, to tell you the truth, she didn't seem that into me."

"She doesn't like to show it. But it's like a dam bursting. Comes out all at once. I swear, if Susie hadn't been there to scoot you away, I'm guessing you'd have gotten what I got."

"Yeah?"

He laughed again. "Yeah, man, I think I'm gonna need to keep the two of you apart.... or maybe not," he added with a grin.

I wanted to continue the conversation, but at that moment a couple of other guys joined us, and we had to change the topic.

I hung around for a while, catching up with a couple of other guys, including Davey who'd been transferred out of my division a few weeks earlier. After an hour or so, I was done, ready to head back home.

Before I could make it to the door, Carl caught up with me. He was bombed, sloppy drunk, and he dragged me into a booth with him and ordered another round.

"Where are you going? I didn't finish telling you about the other night," he said with a slur.

I grinned. "Okay, shoot."

"So, get this man.... After the band went on break, I'm thinking about getting another beer, when Bridg drags me back to the gazebo. She's like, 'God, I'm so hot,' and then she takes my hand and puts it between her legs to show me how wet she is. She goes, 'I need it now.' So, I just bend her over one of the tables, slide her panties out of the way, and go to town."

"I guess no one was around?" I ask.

He grinned again. "I didn't say that. Luckily, it was no one from work, but then I noticed there were a couple of teenagers or college kids sitting in the corner downing beers from the cooler. I guess no one bothered to haul it back when the band started playing. So I mention it to Bridg, and she looks up, sees them, and fucking comes like a... like a... I don't know... what comes hard?"

I shrugged. He shrugged too.

"When she's done, she squats down and starts blowing me, and the whole time she's just watching these young guys, and I can see them talking to each other, trying to figure out what to do. Anyway, it don't take long before I'm blowing my load too. She makes a big show of swallowing it all, licking her fingers and all that shit."

"What about the kids?" I asked.

He laughed. "Couple of pussies. They never had the guts to come over. But she was totally ready to fuck them raw. They probably went back to their dorm and jerked off wishing they'd had the balls to walk those thirty feet. Instead, though, we went looking for you guys—"

"Went looking for us?"

He grinned. "Didn't find you, though, so we went home and finished off the evening just the two of us. Wild shit."

I shook my head, "yeah, wild shit."

"What'd you do to get her that worked up?"

I shrugged. "Jeez, I don't know. Like I said, I didn't think she was into me at all. The only time she seemed at all agitated was when she saw you and Susie dancing."

He laughed. "That figures. I know it sounds crazy, given the shit she does, but she get totally jealous when she even sees me talking to another girl. I guess between that and the physical attraction, she just lost it."

"Okaaay," I replied skeptically.

"Oh, don't be all fucking coy. She was all like, 'Bruce is so cute. Did you see how fit he is? He's got great legs.' She's always bitching about how I put on weight after we married, and how much she likes runners. No way you didn't notice the way she was looking at you."

"Hey look man, this is getting a little weird," I said. "I mean, your wife is gorgeous, but you're a friend, and I would never..."

He shook his head. "Dude, you gotta realize by now that shit doesn't bother me. As long as she comes home after, all worked up, and takes care of business, I say God bless, ya know?"

"Even still..."

He nodded understandingly. "I hear ya, bro. If you're not interested..."

"I didn't say that," I sputtered. He grinned. "I'm just sayin', this is not something I'm looking for. But... I wouldn't say no."

He laughed. "Now that is what I am talking about."

He leaned in conspiratorially. "Well," he said, clapping hand on my shoulder, "I guess we need to get you and her together again, get her juices flowing, and then find a way to get the two of you a little privacy."

"Um, okay."

"Just leave it to me," he said with a friendly smile.

CHAPTER FIVE

It didn't take him long to make good on his proposal. The next morning he sent me an email inviting us to a dinner party at his house. Attached was a long article from *Architectural Digest* about this new hot Japanese-Dutch designer who was making a stir with his use of stainless steel as accents to baroque furniture.

Susie seemed a little anxious when I first mentioned the invitation - I assumed it was because she hadn't gotten along with Bridget -- but she was happy enough to go along when I mentioned that there would be other people there as well.

On the night of the party, Susie got dressed up in her little black dress with some cute silver filigree earrings and spiky heels.

"That's quite the outfit," I complimented.

She twirled around. "Well, I can't let Bridget steal the show without at least a little competition."

For a moment, I almost just said, "fuck it, let's blow off the party and just have some fun the two of us." But I was infatuated with Bridget, with the idea of her. The notion of a wild, uninhibited, crazy woman.

"Okay, let's go," I said finally.

Carl and Bridget had an impressive home. Not huge, but very stylish. I'd heard that the salesmen had had a couple of really good years since the recovery, and judging by the furnishing, that must have been the case.

I'd tossed on a pair of slacks and a dress shirt, but immediately felt underdressed when Carl answered the door in a linen pants and a tailored silk print shirt. He was looking surprisingly sophisticated. When I spotted Bridget in the living room, I could see Susie had made the right choice in getting dressed up. Bridget was looking particularly fetching in tight leather pants and a lace camisole.

There were three other couples, Jackson and his wife Yvette, and some friends of Bridget's, Laurie and Mike, Tim and Donna. They seemed like nice enough people, though they all sort of gave off a bit of a self-important vibe. Whatever.

When I arrived, Carl took me aside and explained the game plan.

"Dude, so just play it smooth. We'll hang out, have a few drinks, maybe I'll flirt a little with Susie--"

I put my hand out to stop him.

"Okay, but remember, I'm not as, open-minded as you are."

He nodded. "I hear ya, bro, no worries. And plus, look, not be crude, but ya know, why eat hamburger when you have a steak waiting at home?" he said, looking from his wife to mine.

I laughed. It wasn't fair, but yeah, seeing the two of them standing next to each other, I had to admit that Bridget was genuinely stunning whereas Susie was merely cute.

"Okay."

"So, like I was saying, just a little flirting to get the old juices flowing. Then, after dinner, you tell Bridg you're thinking of renovating your house. Ask for a tour. Mention that Asian dude. You know the score, right?"

I nodded. It was a crazy fucking situation, Carl coaching me on how to bang his wife, but I was willing to try it.

Well, we had cocktails and then dinner. Lots of wine. Truth be told, I was a little bored. At one point Bridget and her friends got into a discussion about marble. It turns out, there are like thousands of varieties, and they seemed to know all of them. In the meantime, Carl was chatting up Susie, and the two of them were laughing and getting along like old friends. It actually annoyed me to see them so chummy, but then I looked over and saw Bridget glaring at them jealously, and I knew it was all going according to plan.

After dinner, Susie and Yvette volunteered to clean up. The rest of us started for the living room when I cornered Bridget.

"Wow, your home is gorgeous," I enthused.

She smiled broadly. "Thank you, believe it or not, I actually had to talk Carl into a lot of it. He sometimes has the style sense of a peasant."

I laughed, but I was thinking, "Score!" She was dissing her hubby to me.

I pointed to a sideboard. It was hideous. Ornate wooden carvings with steel insets. "Is that a Takahashi Huegens?"

"You know Tak's work?"

I nodded.

She sighed. "I wish. Not on Carl's salary." Score again! "It's a knockoff, but a nice one."

"Yeah, I can't talking Susie into anything exotic either," I complained. "I'd love to see the rest of the house, can you show me around?"

She gave me a slightly skeptical look, but then smiled. "Sure, why not?"

It was mind numbing. Endless details about fabrics and textures, designers and craftsmen, auctions and wholesalers. I feigned interest. I was actually a fine arts minor in college, though focused on music rather than visual arts, but I was able to fake it now that I realized how important this was to her.

One of the hardest parts was focusing on what she was saying. Being with her, alone, was intoxicating. The whiff of her perfume, the crinkle of her leather pants and she walked, the sight of her naked flesh beneath her sheer top.

She led me upstairs. *This is it*, I thought. I looked back to make sure Susie hadn't seen us go off together. As I walked up the stairs, I couldn't help but admire Briget's sweet little ass, each cheek well defined through the tight leather. I could feel myself start to stiffen, and I had to pause to adjust myself so that it wasn't too obvious.

We walked down the hallway, pausing in the guest bathroom. She explained the marble, the tile, the fixtures. It was an excruciating tease.

Then finally the bedroom. I was no longer able to focus on anything but her body. She was speaking, but all I could think about was her lips around my cock. It was time. Time to make to move.

"Are you okay?" she asked, looking concerned.

"What?"

"You look, um, strange. And you're sweating."

I shook my head to clear away the erotic fog.

"No, I'm great. Never felt better."

I took a half-step toward her. She took a half-step back.

"Okaaay," she said skeptically. "Well, we probably should get back downstairs. If you decide you do want to renovate, please give me a call." And she handed me her card.

I followed her back downstairs, more confused than ever. She'd given me the vibe. Spirited me off to her bedroom. And then... nothing.

Was she just teasing me? Did she change her mind at the last minute? My erection dissipated, replaced by an aching in scrotum, my first case of blue balls since high school.

I lagged behind, and by the time I got to the living room, Bridget was in conversation with some of her friends. I looked for Susie, but didn't see at first, and it took me a moment to realize she was probably out back on the deck.

She was out there, with Carl, locked in what seemed like an intense conversation. He nudged her as he saw me, and she jerked upright. She regarded me curiously.

"What were you guys talking about? It looked important."

She stammered for a few moments before he jumped in.

"My sister has been having some trouble with her daughter, and I thought Suze might have some advice to share."

She nodded vigorously. "Every time I work with families with teenage girls, I'm thankful I don't have one."

"Anyway, we better get back inside," Carl offered. "Bridget doesn't like it when I wander off."

We stayed for a while longer, but I wasn't in a party mood. After maybe another half hour, I managed to nudge Susie to the door.

In the car ride home, it was my turn to be quiet, lost in thought. Susie didn't seem to notice. She was chattering away happily about upcoming plans. My birthday was coming up, and she asked if I wanted anything special. I just grunted that the usual beer and pool with friends would be fine. She said that was already planned, but that I should let her know if I had any other ideas.

We got home. I now had a headache to match my ball ache. I brushed my teeth, put on some PJs and slid into bed. Susie was already there, which was a bit of a surprise. She usually likes to decompress by checking email and reading a few celebrity gossip blogs before bed.

I turned out the light. She pressed up against me. She was naked. I usually initiate sex, but when she wants it, that's her way of sending the message. Real subtle, I know.

I was tempted to beg off. I felt like shit. But I'm a man, and once she snaked her hand into my bottoms and started stroking my cock, I was quick to respond. I stripped off my PJs. She slid under the covers and took me in her mouth. Fuck that felt good. I reached around and squeezed her ass, slipping a finger down between her legs. She was soaked, and she moaned on my cock as I pressed my finger into her tight snatch.

I was more than ready. I needed it, now. I pressed her onto her back and climbed between her legs. She was just as excited, grabbing my member and guiding it to her pussy. With a quick thrust, I entered her. She gasped excitedly.

I thought of Bridget. I hated her. Hated her slutty, teasing, stupid, gorgeous, boring, ass. And I took out my hate on Susie, banging her hard, pounding her into the mattress. She was just a convenient hole in which to take out my aggressions. The bed creaked ominously, Susie was grunting in time with my thrusts, a film of sweat formed between us.

I didn't last long. And when I came, it felt like a gusher. I collapsed onto her exhausted, and then rolled onto my back, gasping for breath.

She was breathing hard as well.

"What got into you, tiger?" she asked.

A wave of remorse washed over me. "I'm sorry baby, I..."

She giggled. "No, I liked it." she reached down and grasped my slimy cock. "I just hope you have some animal left in you."

As she stroked me up and down, firmly, she leaned over and started nibbling on ear, her hot breath on my neck. I chubbed up a bit. Just enough, I guess, because she quickly threw a leg over me and climbed on top. She slid my prick between her hot, wet, cunt lips. I stiffened up a little more, and she took me inside her and sat up.

I'd used her as a fuck toy, and now she did the same to me, riding my cock up and down, eyes closed, her hands caressing her own body. Man, she was a luscious little thing. Juicy and with those big, beautiful breasts. Carl was an asshole and an idiot for comparing her to hamburger. She was prime, grade-A to me.

She took her time, her pussy getting even wetter as she bounced up and down. I reached around and squeezed her ass cheeks. She moaned in pleasure, now grinding her clit against my pelvis.

"Oh fuck yes," she groaned suddenly, her pussy clenching on my shaft.

I came again, nothing like the last time, but still satisfying.

She lowered herself onto me, and we lay there like that, breathing deeply, my prick slowly softening inside her, until we both fell asleep.

CHAPTER SIX

She came to bed naked the next night. And the one after that. Every night, actually, for the next week. We hadn't fucked that often since our honeymoon. And it was just the ticket to help me finish getting over my obsession with Bridget.

I woke up on Thursday, my birthday, to Susie sucking my cock. She was deepthroating me, so to speak. I'm not quite big enough for that to be literally true, but she was swallowing me whole, her tongue working my shaft, her hands fondling my balls.

It was unexpected and amazing.

"I'm getting close," I moaned.

She continued to suck me deep into her mouth.

I tried to warn her again. "Oh baby, I'm gonna..."

And then I realized she'd heard me the first time. I came suddenly, and she swallowed my load, which was another thing she hadn't done in several years.

"Happy birthday," she cooed as she emerged from under the covers.

"Thank you," I replied, "you're amazing."

She smiled and got out of bed, walking to the bathroom buck naked. I grinned. This was going to be a good day.

She made breakfast, bacon and eggs.

"So, when are you going to be home?" She asked.

"Early, I hope. I'm not on any tight deadlines."

"Let me know if you're running late, okay?"

"Sure, what's up?"

"Oh, it's just that I have some birthday plans for you."

"I thought we were hanging with Diane and the guys this weekend."

"Yeah, yeah, definitely. This is just a little extra something," she replied cryptically.

It was a happily quiet day. I was mostly editing copy. At around 5:00pm, Carl, Jackson, and some of the other guys came around.

"Hey, buddy, I hear it's your birthday," Carl exclaimed happily.

"Yeah, the big 3-1. Real milestone."

"Well, let us buy you a couple of rounds."

I shrugged, "why not?" Though I was over her, I was actually curious to see if he had anything to say about Bridget.

I was expecting to go to Tommy's where we usually go for happy hour, but instead the guys hustled me a few blocks further on to the Gold Club, a local topless club.

"Really," I laughed. "Strippers?"

Carl put his hand around my shoulder. "What better way to celebrate your birthday than toasting your good health while looking at a pair of naked titties?"

I laughed again, "lead the way."

We had a couple of rounds. Then a couple more. It was fun. Lots of joking around, and yeah, plenty of naked titties. After an hour or so, I was ready to go, but Carl sat me back down and insisted on buying me a lap dance. I went along with it, and let this cute, skinny blond with big fake tits grind on me for a song. But then I decided to go home.

They tried to keep me a little longer, but I thanked them all and stepped back outside. I walked back to the office lot, got into my car and started driving home. When I was about halfway there, my phone buzzed with incoming text. It was 7:00pm. I was about an hour later than usual, and I figured this was Susie checking in on me. I'd totally forgotten to let her know I was running late. But I never like to text while driving, and with a few beers in me, the last thing I needed was to be pulled out. And anyway, I was only about ten minutes from home.

I pulled into the driveway and stepped out of the car. I pulled my phone from my pocket. Sure enough it was a message from Susie. But it didn't make any sense.

[Susie]: Well, baby, I guess you really do want to go through with it. I'll be home late. DO wait up.

I had no idea what that meant, though it did suddenly occur to me that her car wasn't in the driveway.

I went inside, and called for Susie, but there was no answer. I wandered into the kitchen to find her laptop open on the breakfast table, a

note taped to the screen, "watch me."

I woke up the computer, and noticed that a media file was already queued up in the player. I hit play.

There was Susie. Sitting in the same spot I was now in. She was looking very sophisticated, with full make up and jewels. She was wearing her little black dress.

"Hey baby, I figured I'd give you a birthday treat... if that is what you want. Carl told me about your fantasy about me being with another man. Don't worry. I'm not freaked out. I mean, a little kink is good for a marriage, right? Though you sure decided to go from vanilla to extreme in a hurry. At first, I was like, 'no way this is for real,' but then Carl explained that you guys had been talking about it for months. He told me about how you were always going on about that time my Jesse had taken those pictures of me, and how turned on you were the night I went out without panties. He told me about how you were flirting with Bridget to get me jealous. And then he had me check out your browser history. You have a naughty little one track mind, don't you?" she said with a smile.

She continued, "I don't know why you didn't just tell me. Well, maybe I do. I guess it could be embarrassing. A lot of wives would freak out, I guess. Anyway, I know that sometimes these things are more fun as a fantasy than a reality. Though given how excited you were after just seeing me and Carl talking out on his deck...."

She paused, and then smiled, "So, here is the deal. By the time you watch this, I'll have left the house and checked into a hotel downtown. I have a date with a man. Someone you know, but for tonight, he's just a man. Call me or text me by seven and tell me if you don't want me to go through with it. I'll tell you where I am, and you can join me and we can have fun just the two of us. Or do nothing, in which case, I'll go on my date, have some fun, and then come home and tell you all about it, just like in those sexy stories you like to read. Either way, baby, it'll be a fun evening. Love you, and happy birthday."

The video stopped, my wife's face frozen on the screen smiling at me.

I looked at my phone. 7:33. I called Susie's cell. It went right to her voicemail. I groaned involuntarily. I dialed Carl's number next, but it went right to voicemail as well. I started calling downtown hotels, but none of

them would confirm she was a guest or even patch me through to a room without a room number.

I rushed out of the house and got into the car. I'd driven a couple of blocks when I pulled over. What was I going to do? Just walk around different hotels hoping to catch a glimpse of her? Stalk parking lots to try to spot her car? I pulled over.

"Fuck, fuck, fuck, fuck, fuck!" I screamed, bashing the steering wheel in anger.

This was all my fault. I'd been so focused on my own obsession that I didn't even notice Carl seducing my wife right under my nose. The guy was either a ruthless opportunist, or a cold-blooded schemer. But I'd given him all the ammunition to make it work.

I didn't for a second believe Susie was doing this just for me. Obviously, she was scratching an itch of her own. For all I knew, she'd concocted the whole fucking thing.... No, that didn't make sense. It had to be Carl. Susie didn't even know him until I introduced them. Or maybe they'd met somehow before? Who knew?

But then I realized the brilliance of the plot. It didn't matter whether this was a Machiavellian plot devised by Carl, a calculated excuse to cheat from Susie, or just some combination of dumb luck and misunderstanding. I was trapped.

I had been dropping hints about affairs. I had been viewing slut wife porn. And worst of all, I had been conspiring and plotting to fuck Bridget. That was the rub. Any explanation from me would ultimately come back to that. The only way for me to justify being mad at Susie was to admit that I was planning to betray her as well. And maybe she knew that. Maybe this was just her pre-empting me. Her way of warning me off and showing me the consequences of my behavior. Maybe she wasn't even with Carl, just by herself enjoying making me sweat for a bit.

I went home.

8:17pm. I kept hoping that any minute now I'd hear Susie's car in the driveway. That she'd come in and tell me either that this had just been a warning or, better yet, that she decided she couldn't go through with it.

8:59pm. My best hope was that she'd decided to spend the night in the hotel by herself. That this was all an act to punish me.

9:07pm. I decided to go for a run. A five mile loop through the park. I pushed myself hard, my own form of punishment. But I knew my

real punishment was occurring in a plush, downtown, hotel room. I could picture them. That big gorilla wedged between my wife's thighs, fucking her over and over and over in time with my footfalls.

9:45pm. Back at the house. Drenched in sweat. No car. No calls. I took a cold shower. More penance.

10:03pm. I poured my first scotch.

10:04pm. I poured my second scotch.

10:32pm. I stumbled over the sofa with the much diminished bottle, and stared at the wall feeling sorry for myself.

1:17am. A key turning in the front door lock woke me. I jumped to my feet and crossed to the foyer just as Susie entered.

CHAPTER SEVEN

She looked... different. She had on her little black dress, but no jewelry. She carried her heels in her hand. Her hair was disheveled, her eyes a little glassy, but she looked beautiful, glowing.

"Hey, baby," she said smiling.

She dropped her shoes and purse on the floor and darted over to me. She wrapped her arms around my neck and kissed me, wetly.

"Can you taste him?" She asked breathlessly. "He just finished in my mouth."

I almost gagged. But, thankfully, I couldn't. I shook my head no.

She giggled and took my hand, leading me into the living room.

"I want to tell you everything, but first, can you get me a drink?" She asked as she collapsed onto the sofa.

I wanted to tell her she'd already had enough. As had I. But I needed another as well. I cracked open another bottle of scotch and poured a couple of doubles.

I handed her the drink, and sat down in the armchair across from her.

She took a sip, sighed, and then said, "I had a great time, baby. If all your fantasies are like this one, count me in."

"Well, about that, honey...." I paused. I wasn't sure where to go.

"Wait," she said, "let me tell you what happened, then we can talk about what happens next. But first, I need to show you something, I think."

She pulled at the hem of her dress, slowly baring her thighs, exposing herself progressively until her snatch came into view. She was fully shaved, had apparently shaved for him that day, and her labia visibly swollen, her slit was glistening. She slid a finger along her snatch, and her pussy seemed to open like a flower, very wet and dark pink, almost red inside.

"He put three loads inside me. And another two in my mouth."

I groaned.

She smiled at my reaction. "But I'm getting ahead of myself. Let me start at the beginning."

God, I wanted to stop her. But I didn't know what to say. And also, she had me speechless. I'd never seen her like this. It wasn't just her matter-of-fact way of describing what had happened, and it wasn't just that fact that she was sitting there, with her freshly fucked cunt on display. It was her whole aura. She just exuded sexuality. Radiated it. She was confident. Unleashed.

"He gave me clear instructions. A room at the Four Seasons. My little black dress. Spiky heels. No panties. I got there early, right after I made that tape for you, so I had plenty of time to think about what was going to happen. At first, it seemed totally unreal. But then, after about an hour, I started looking at my phone, waiting for you to call, to call it off.

"I still can't believe you didn't," she continued, "though I'm glad you didn't, now. But it was weird. At the time, I kept swinging back and forth. The idea of giving myself to another man.... I'd been thinking about it all week since Carl and I first made plans at the party. Thinking about that was getting me hot. But, baby, I have to admit, I was also pretty angry. Angry that you'd want me to do it, that you told him all those personal things about me, that you brought another man into our lives without asking me first. At one point, I almost left the room and came back home to confront you. But then I thought about Carl, and what he'd be like. I had a drink. I kept staring at my phone. I was hoping it would ring, and then a moment later desperately wishing it wouldn't. And then the time came. I texted you and went downstairs.

"He was waiting for me in the restaurant, you know the swanky French one. We had a banquet. It was very private. He'd already ordered us a bottle of champagne. I sat down. He lifted his glass: 'To Bruce and his wonderful imagination.' I remember blushing as we clinked glasses. Then he said, 'you look lovely.' I downed my bubbly nervously. He refilled it. I felt his hand on my thigh, warm and strong. He looked me right in the eye, and slid his hand up between my legs. 'Mmm mm, very nice,' he breathed as he cupped my naked privates."

I gasped at the image of him fondling her. She continued.

"The waiter approached, 'May I tell you about our specials?' Carl nodded, and when the waiter started talking, something about a Sole Meuniere, he pressed his finger into me. I gasped and coughed to cover it up. Carl handed me a glass of water, but he didn't pull out, instead he slowly starting pumping his thick finger in and out of me. I don't know if the waiter

noticed. He must have known something was up. I couldn't even pay attention to what he was saying. Thankfully Carl ordered for both of us.

"When the waiter finally left, Carl turned toward me. He kissed me wetly, his other hand now sliding into my dress to fondle my breast. God, I was so hot. I said, 'Maybe we should just go upstairs.' But he just laughed and told me to be patient. He straightened back up, but kept his hand between my legs, just gently caressing my pussy. He made me tell him my whole sexual history. The first time I did oral. The first time I had sex. He made me describe all of my past lovers. What I liked about them, what I didn't. He made me describe their, you know, cocks," she said shyly, incongruously.

I shook my head. He now knew more about my wife's sex life than I did.

"It was making me even hotter, talking about those experiences, remembering details for him. He pressed his finger back inside me, and before I knew it, I was coming, hard, biting my lip to avoid making a scene."

I could only imagine how aroused she'd been, because even now, retelling the story, she was again getting excited, visibly flushed, her hand drifting down between her legs, tracing little circles over her exposed snatch.

"We ate dinner. He'd ordered light. Fish, a salad, a bottle of white. I couldn't believe I was sitting there with him, that he'd already made me come, that we'd soon be going upstairs to do more. We shared a chocolate mousse. As we sipped our dessert wine, he slid his hand back between my legs. He started to tell me all the things he wanted to do to me. God, he was filthy."

She blushed bright red. She took a deep breath.

"He said he wanted to tie me up, blindfold me. That he wanted to eat my pussy until I begged him to stop. That he wanted to spank me. That he wanted to take me out dancing and have me in public. Share me with other men. With another woman. That he wanted to sodomize me. The whole time, he was fingering me again. I came hard, gasping, moaning. I looked up see the waiter grinning at us from across the room. *Please take me upstairs*, I begged him.

"He threw three bills on the table, and took my hand. I could barely walk. I was tipsy from the wine, lightheaded from coming. In the elevator,

he pushed me against the wall and kissed me hard, his hand again thrusting between my legs, two fat fingers this time inside of me, squishing wetly. He leaned back and gestured toward the ceiling, 'smile for the camera, baby,' he teased. I almost came again, but it was too soon, but I was thrusting against his hand roughly.

"We staggered to the room. I was pulling him along now, and he was dragging behind, making me work, making it obvious I was the one who wanted it... and I did baby, *oh God, I did*. All that teasing. A week of thinking about it. A whole day of preparing for it. A hour and half of foreplay masquerading as dinner."

As she described it, she got visibly more excited. Her voice becoming lower, huskier, even as she spoke faster.

"We got into the room. I started toward the bed. But he stopped me just inside the door. 'Nuh uh, baby, you're two ahead. You need to even the score a little first.' I knew what he wanted. I squatted in front of him, reached for the bulge in his pants. I rubbed it through the fabric, feeling him stiffen. Then I pulled down his pants and boxers..."

She paused now, and gave me a wicked smile.

"I know what you're wondering. I know I was. Is he as big down there as the rest of him?"

She paused again, and then nodded, lifting up her hands and holding her palms almost a foot apart. She giggled. She was surely exaggerating, but even still, the message was clear. He was hung, bigger than me by a wide margin.

"Does it turn you on to think of your little wife squatting in front of another man, fondling his cock, getting ready to take it in her mouth?"

"I don't know," I grunted honestly. Her words were making me ill, my stomach churning, but I was aroused by her excitement. She was breathing heavily, her fingers lightly circling her clit, her face flush, eyes half-lidded, nipples erect and threatening to tear through the fabric of her dress.

"He didn't last long. I had barely started tasting him when he grabbed the back of my head and starting pumping the tip of his cock in and out of my mouth. He grunted and started coming. One thick spurt after another. He must have been saving up, because it felt like a gallon, but I swallowed it all," she concluded proudly.

"He kicked off his pants and shoes, and led me into the bedroom. He reached over to the clock radio and fiddled with it until he found a hip hop station and turned up the volume. He said, 'Give me a little show,' as he sat down on the edge of the bed. I started dancing for him, teasing him a little, lifting up my dress, leaning forward to give him a glimpse of titty."

I knew what she was talking about. Get a few drinks into Susie and she can really heat up a dance floor.

"He'd stripped off his shirt, and was sitting there naked, a big smile on his face. He was stroking himself, and every time I flashed him a little skin, I could see it getting bigger and harder. 'Take it off,' he grunted. I did. I slid my dress off my shoulders and let it fall to the floor. He gave me a big whoop, and his cock twitched to attention.

"We stayed like that for a while, eyes locked. I was swaying back and forth, he was pumping his fist up and down that long shaft. I slowly danced over to him. He reached out and pulled me closer until our bodies were pressed together, me straddling his thighs. He grabbed me around the waist and started sucking my breasts hard, painfully. But it also felt good, dirty. His cock was pressed up between my thighs, rigid and hot. I wanted him inside me, baby."

She was getting even more excited as she spoke, rubbing her clit more vigorously now, and occasionally slipping a finger into her pussy. I couldn't help it. My own cock was getting hard, embarrassingly hard at the thought of my wife fucking another man.

"I squatted down on him, trying to get it inside me, but he kept squirming away. I looked down to see him grinning. He taunted me, 'Beg for it.' 'Please put it inside me,' I moaned. He chuckled, 'Put what where?' 'Put your thing in my vagina,' I whined. 'You can do better than that,' he teased. I groaned in frustration. 'Shove your big cock in my wet cunt!'"

I gasped at her language. She seemed pleased by my reaction.

"He thrust upward and I dropped down into his lap. It was amazing. Just amazing. I remember leaning close to his ear and just gushing, 'God, you're so big!' I was just slowly grinding against him, relishing the feeling of being completely filled, when he reached under me and grabbed my ass. He spread my cheeks apart, and then started lifting me up and down on his shaft. Harder and harder, faster and faster, jerking me up and down like a rag doll. He was so big, so strong. I came hard, gasping and grunting, my arms wrapped tightly around his powerful neck.

"Without any warning he stood up and continued to fuck me like that, like I was as light as a feather. Then he spun around and body slammed me onto the bed. He hooked his arms behind my knees and bent me in two, pistoning that big tool into me over and over. I couldn't help it baby, I was grunting and squealing. I'm sure they could hear me three rooms over. But I just couldn't stop."

"I've never... I've never..." she hesitated, looking for the right words, "I've never felt anything like it. So hard, so big. He lasted forever. He was like a machine. I came again, and again."

Susie was staring out into space as she spoke, evidently recalling the scene in her mind. She was now pumping two fingers in and out of her stretched cunt.

"When he came," she gasped and shuddered slightly as she said it, "I could feel it. I could feel him jerking inside me. He mashed his lips against mine, his tongue probing my mouth, while he continued stabbing his pulsing cock into me. After a couple of minutes, he started to soften, but he was still hard enough and big enough to continue fucking me.

"Finally, he pulled out, and I thought we were done, but instead he lifted me up by my hips, spun me around, and deposited me back on the bed on my hands and knees. For a while he stood behind me, stroking himself with one hand while his other hand explored my butt. He reached between my legs and fondled my clit. Then he pressed first one, then two, and finally three fingers into my pussy. He traced a finger between my cheeks, and the slowly, gently tickled my butt hole.

"He started back in with the dirty talk. 'Fuck baby, you have a great ass,' he sighed as he spanked my cheeks. He pressed the tip of his finger into my butt. 'You sure no one's ever put it in your ass?' I groaned as his finger sunk in deeper, 'No.' He sighed again, 'What a fucking waste. What do you think? Should I fuck you up the ass?' The thought scared me, and excited me. 'No, please don't,' I grunted. But I think I secretly wished he'd just do it.

"He stepped up close, and I tensed. I was sure he was going to sodomize me, but instead he just shoved his big tool in my pussy. He fucked me hard, baby. Relentless, rough. He was sawing his finger into my butt. Spanking my ass. Reaching around to maul my dangling breasts. He yanked my hair. You can probably still see the marks."

She stood up and lifted her dress over her head, throwing it to the ground. I gasped. She was covered with marks. Her left nipple was dark red, bruised, and there were finger marks on her right boob. She spun around. Her ass cheeks were still bright red. There was a palm mark on her lower back. Bite marks on her shoulder.

"Oh honey," I said, tearing up. "He hurt you."

She shook her head. "No, no, no. You don't understand. I loved it. Loved the feeling of being taken like that. I've always... well... always had a fantasy about being taken by a big, strong, rough brute. It's not... it's not something... it's not something I've ever acted on. Just, you know, a thing. In my mind. So when it came up. When Carl told me... it... I... was... ready... willing. You know what I mean?"

I nodded uncertainly. Actually, I didn't know anything anymore. I couldn't think straight. I was drunk. Tired. Angry. Aroused. And angry and embarrassed at being aroused.

"He lasted even longer this time," she continued. "And when he finished, we both collapsed, sweaty and exhausted onto the bed. He pulled out and rolled onto his back. After I caught my breath, I got up, but he grabbed me by the wrist and pulled me back onto the bed. 'Where are you going?' I told him I was going to get cleaned up. He laughed. 'No way, doll, you're gonna go home smelling of me, dripping my come. But we're not done yet. Get to work,' he ordered, pushing my head toward his crotch.

"He'd gone completely flaccid this time, and it took me a long time to get him ready again. I swallowed him deep into my mouth, fondled his balls. The whole time he was fingering me, my pussy, my ass, rubbing my clit, pinching my nipples. When he was finally hard, he made me..." she paused. "Well, maybe I should just show you."

She crawled over to me and unbuttoned and unzipped my pants. She yanked them down, taking my boxers with them. She stroked my cock, once, twice, three times, and then she spun around waving her pretty little bubble butt in my face. Holding my cock firmly, she sat down in my lap, impaling herself on me. I'd never felt her pussy like that. She was soaking wet, dripping really, hot, and incredibly loose. She bent over and placed her hands on the coffee table, and started pumping her ass up and down on my shaft like a dancer in one of those rap videos. If she hadn't been so sloppy wet and stretched out I'd have come in a second, even a hint of friction would have been enough to put me over the edge.

"Do you like it?"

"Yes," I grunted.

She reached between my legs and massaged my balls. She looked back over her shoulder, her hair wild, her face red and glistening with sweat.

"Come for me," she moaned. And then she reached back with one hand and slowly pressed a finger deep into her own ass.

That was too much. I'd never seen her, never seen anyone, this slutty, this dirty. I came what felt like a gallon, and even after I had nothing left my cock continued spasming, like a dry heave.

She lifted herself off me, and I looked down at the mess in my lap. My cock was drenched, my pubes covered in a viscous mixture of my come, her juices, and probably a generous amount of Carl's seed. Without hesitation she spun around and dropped to her knees and proceeded to lick me clean.

I couldn't believe it. Less than a week ago, she'd swallowed my come for the first time since we first started dating and now she was licking up a mess than might make a porn star gag. And it wasn't just for show either, she was diligent, stretching out my now flaccid cock to get beneath the glans, slurping on my pubes, tonguing the underside of my balls. When she'd lapped it all up, she slowed down, resting her head on my thigh as she gently suckled my prick.

It took me a minute to realize she'd fallen asleep. I eased my cock from her mouth and just watched her. Gone was the sex-mad vixen of moments ago, and in her place was my sweet, innocent, little wife. She seemed so small and fragile, almost childlike. I picked her up gently. She stirred, but didn't wake, and I carried her upstairs and put her to bed. I lay down beside her, my emotions rushing, feeling certain that I wouldn't be able to sleep. I closed my eyes.

CHAPTER EIGHT

I woke up to Susie sucking my cock. I was tired, hungover. And yet, the feeling of her mouth bobbing up and down on my shaft was delightful. When she noticed I was awake, she looked up at me and smiled.

"Morning, sunshine."

I glanced over at the alarm clock. 9:15am.

"Oh shit, I'm late," I groaned.

"Relax, I called and told them you were sick. I called in sick as well."

"Oh, okay," I moaned as she swallowed me whole again, still a bit uncertain what was going on, my mind fuzzy and sleepy.

She bobbed up and down a few more times, then threw her leg over me and impaled herself on my cock. Her pussy had tightened back up overnight, though I was again conscious of her extreme excitement. She was as wet as I'd ever felt her.

She fucked me slowly and I thrust upward in time with her movements.

"Oh fuck, that's good," she moaned suddenly, and I felt her pussy spasm on my cock.

I didn't last much longer, coming with a shuddering groan.

We continued moving together for a while, kissing tenderly, until my penis softened and slipped out. We cuddled for a bit longer as I woke up fully. It was then that I realized she hadn't yet bathed. My dick was still probably churning up Carl's come, and I could smell his sweat on her.

"We should shower," I suggested.

She gave me a saucy grin, "together?"

"Sure, why not," I replied.

We turned up the water real hot and climbed in together. She lathered me up first, spending an inordinate amount of time soaping my cock and balls. And I returned the favor, sliding my soapy fingers into her hot box, washing away what I could of Carl's presence.

"Oh baby, that feels so good," she moaned as I fingered her. "I need you inside me."

She turned and placed her palms on the tiles and thrust her tight little ass out at me, wiggling it around sexily. I was hard again, and I stepped in close and slammed my cock into her cunt. I banged her hard, our bodies slapping together, the hot water coursing over us. I reached between her legs and rubbed her swollen clit. She moaned softly. I lathered up my other hand and firmly pressed a finger up her ass, a first time for me. She let out a feral grunt, and before I knew it, I was coming hard inside her, so hard that my knees buckled and I had to step back and lean against the wall for balance.

Susie wasn't done yet, though, and when I pulled away, she quickly replaced me with her own hands, two fingers sliding up her snatch and another disappearing up her butt. She masturbated herself frantically, and she came with a wheezy gasp before collapsing against the opposite wall herself.

The rest of the day was a blur of napping and sex. Susie was insatiable. By early evening, I was almost dreading it. My dick was sore. Coming was painful. And yet, I couldn't turn her down. She was just so provocatively sensual.

We ended up in bed again after a light dinner. She was beneath me, legs in the air, her hands on my ass, urging me up.

"Come on baby, fuck me harder," she cooed. "Make me forget all about Carl's big cock."

I groaned. There was something about that phrase that just set me off. I plunged into her hard until I came painfully.

She giggled. "That was a good start, but you're gonna need to try harder," she teased as she went down on me, trying to coax another erection from my battered penis.

We did fuck again that evening, the seventh time of the day, before Susie finally let me go to sleep for good.

Saturday was a bit more reasonable. We had morning sex, and then again after lunch when laundry folding session turned into fucking on the washing machine. We were going out with friends to celebrate my birthday that evening, and Susie tempted me into a quickie on our way out the door. We literally fucked on the floor of the foyer.

We met up with some friends at a local bar. We'd reserved a pool table in the back and were just hanging out, drinking beers, playing eight ball. Susie was all over me. We were like newlyweds again.

My buddy, Timmy noticed, "So what's up with you and Susie? Diane got like that with me when we were trying to get pregnant. It's fucked up, but it was the best sex of my life," he noted wistfully, pointing at his heavily pregnant wife. "So Brucie, you and Susie looking to add to the family?"

I forced a smile. "Something like that," I replied, happy that Susie's bruises and love bites were covered up by her dress.

The evening wore on, and then I saw something that made my blood run cold. Susie had gone to the bathroom, and on her way back had stopped by the bar to order another round. As she did, a youngish guy, handsome, tall, rakish stopped her with a joke. She shared a laugh, gave him a smile. She delivered our drinks, and then a few minutes later she was back at the bar, now sitting next to this guy. More laughs. A toast. She glanced back at me and smiled, and then turned back to her new friend, her hand now resting on his forearm. They talked some more, and then she walked back to me.

She was flush, eyes sparkling. She leaned in close. Whispered in my eye.

"I need to get fucked. And Terry over there," she nodded in the direction of the bar, "has graciously offered to 'fuck me raw.' Judging by the bulge in his pants, I think he can do it. Should I go with him? Or do you want to do it yourself?"

I turned to our friends, "Guys, listen, I'm not feeling that great. Susie and I are going to take off." I grabbed her hand and held it tight.

We all said quick goodbyes, and then I yanked Susie from the bar, noticing Terry's disappointed look as we exited.

"Would you really have fucked him?"

"In a heartbeat," she replied.

I shook my head, "When did you turn into such a slut?"

"Since I found out you like it." She ran her hand over my crotch, feeling my erection. "It's every girl's dream. Hot sex with a stranger, and then even hotter sex with your husband."

We climbed into the car.

"I don't want you to do it anymore."

"Then you better keep me satisfied," she replied, leaning down into my lap. She unzipped my pants and started sucking me off. After a few

moments she paused, "Because if you don't, I'm learning there are plenty of guys out there who are willing to try."

She went back to blowing me, at the same time reaching between my seat and the car door to recline my seat backward. When it was about horizontal, Susie quickly climbed on top of me, and pulled her dress up to her waist. As she ground on me, I could feel the heat and wetness from her pussy.

"You're thinking about it right now, aren't you?" she breathed into my ear. "Thinking about Terry dragging me into the bathroom. Thinking about him pushing me to my knees, jamming his big cock down my throat. Thinking about him bending me over the sink, taking me hard from behind. You're thinking about it. I know I am." She grabbed my cock and with a satisfied sigh impaled herself on me.

"Oh fuck, I'm coming," she moaned, her snatch clenching over and over on my shaft.

I was right behind her, shuddering to my own climax.

She dismounted and dropped heavily back into her own seat. I straightened my seat and started the car. Before I could zip up my pants, she was leaning over again, licking and suckling my cock. I drove us home with my dick in her mouth.

It occurred to me that I was in a weird position. The more I fucked her, the more I validated this weird game. But if I didn't fuck her, she'd conclude that I wanted her to go out and get laid to spice things back up. I needed to explain it all, but it was all too mortifying. I'd have to admit the whole situation with Carl, with Bridget, and even still I couldn't quite explain anyway the fact that we'd been banging like teenagers ever since it happened.

We had sex again when we got home, doggy style, but with Susie doing all the work, backing her ass against me over and over.

Sunday we slept late, followed by shower sex, and then brunch. I tried to take a nap, but Susie climbed into bed with me naked, and instead of dozing, we made love for an hour, slowly, languorously. A few chores, then dinner, then bed, and sex again.

CHAPTER NINE

I got into work early on Monday and let myself into Carl's office. When he arrived I lit into him.

"You asshole, how could you do that to me, I thought we were friends!"

He smiled calmly. He'd obviously been expecting something like this.

"You were perfectly willing to fuck my wife, *friend*. But anyway, I'm not going to apologize for giving both you and Suze the best sex of your lives."

"What makes you think that?"

He smiled again. "Because Suze told me." He noticed my surprised expression. "She's not a cheap slut, you know. She's been filling me in how things are going. She really did this because she thought you'd like it. And from her email from last night, I'd say you did."

"You tricked her."

"Did I? Or did I just read you better than you read yourself?"

"You know what, fuck you!" I hissed. "You didn't do this as a favor to me."

He laughed. "No, I did it because your wife is a curvy little spinner and I wanted to get my dick up in that from the first time I saw her."

"Yeah, when was that?"

"At Ramon's pool party last year. She was wearing that cute little black bikini, tits half popping out."

I gasped. He'd been planning this for a year.

"You know what? Whatever. Look, you've had your fun. Now just leave her alone. I told you that unlike you, I wasn't into that lifestyle."

He smirked. I gasped again.

"Oh Jesus, you made everything up. None of that shit about Bridget was true."

He shook his head, and laughed. "Frigid Bridget? Naw, the only thing that gets her off is new countertops. I'm lucky if I get my dick wet once a month with that bag of antlers."

"You're a sociopath. How can you lie like that?"

He smirked again. And finally it all came together. "You didn't lie." He smiled broadly. I was finally getting it. "You just changed the roles around. You're the bull in those stories."

"Nice use of the lingo. See, told you you'd get used to it."

"Well, I'm not," I snapped. "Leave us, leave her alone."

"No."

I stood there a minute, speechless. What was there to say? I turned on my heels and started to leave.

"Don't worry Bruce. I'm not looking to take her away, and I'm not looking for a relationship. Too much married pussy out there to get fixated on any one piece of tail, no matter how good a lay."

I took another step and he spoke again.

"On the other hand, now that she's gotten a taste for strange cock and sees what her getting strange cock does to you, don't be surprised if she finds someone else to add that spice if I'm not around. Because you know what Brucie? This shit is like crack. And now that you've both had a taste of it, my guess is that even if she doesn't step out on her own, you'll be finding way to set her up."

"No, never," I replied stiffly.

He laughed. "I guess we'll see."

I didn't want him to be right. But then I realized I was no longer sure what I wanted. I guess we would have to see.

EPILOGUE

I came home one Friday evening to a darkened house. Odd, Susie hadn't told me she'd be out late. In the kitchen I found her laptop, opened, with a sticky glued to the front, "watch me."

As before, it was a video of my wife, sitting right where I was now. She grinned.

"Hey baby, seems like we need to re-energize things..."

Our sex life had been slowly returning to normal. Instead of non-stop sex, we'd gone to daily, and then the past couple of weeks, just every other day. This past week we'd had sex twice. Still good, but the trend was undeniable.

"...so I told Carl," she continued on-screen, "I thought it was time for another, um, date. He's been tempting me, you know. Reminding me of all the filthy, dirty things he'd promised to do to me."

Fucking bastard. I'd hoped he'd moved on to another target, but apparently he was still working my wife.

"And not just him, Bruce. He wants to share me with some of his... well, yours too... friends from work."

I groaned.

"You wouldn't mind, would you, baby? Think how hot it'll be when I tell you about it. About those men taking their turns with me, one hard cock after another."

I couldn't help but visualize it, my hot-bodied little wife getting pounded by Carl's big cock. Then watching him pull out, her pussy swollen, gaping, oozing his come, and then another man, sliding between her legs and slamming his own cock into her sloppy cunt. It should have made me sick; instead it was a jolt of excitement.

"That'll just be a warm-up, according to Carl," she continued. "He says he wants my ass."

She paused to let me contemplate that. I imagined her hissing gasps as he slowly forced his fat prick into her tiny, little rosebud, her eyes shut against the pain, her fists in tight balls. Deeper, deeper, his cock stretching her out.

“It’s scary,” she admitted. “But the idea turns me on. I play with myself in the shower, thinking of him fucking me in the ass. Does that make me sick?”

“Yes,” I whispered back to the screen, even as my cock throbbed painfully in my pants.

“Then, baby, Carl says they’ll take me all at once. My mouth, my pussy, my ass, all filled with their hard pricks at the same time.”

“Oh God,” I growled. I should have been angry at Susie for even talking to Carl, but instead all I could think about was her excitedly listening to his plans, playing with herself as she pressed the phone against her ear.

“And then, baby, I’ll come home to you. Leaking come out of all my holes and tell you all about it. *All about it*. Every last... dirty... nasty... detail. And then, baby, we’ll relive it. Every last... dirty... nasty... deed.”

Even more than the idea of her being with other men, it was the idea of her coming home, sexed-up, uninhibited, ready for *anything* that got me going. I thought of fucking her in the ass. How she’d feel on my prick, so tight. How she’d react, her moans and squeals. Coming inside that forbidden place and then her, on her knees, sucking me hard again so I could do it again.

“What do you think, Bruce? Is it time for me to become a real slut wife?”

She paused to let me think about it. I had no idea how we’d gotten to this point. Or rather, I knew how, but I couldn’t understand it. Carl had planted a seed in her head, in mine, and it had taken root.

“Call me before seven if you want me to come home. Otherwise, the next time you see me I’ll be stretched and sore, dripping come and tasting of other men... and full of exciting stories to rock your world. It’s up to you.”

The video froze and after a second I laughed. Up to me and yet, we both knew what I would do. I took out my phone and placed it on the table before me. 6:29pm. Plenty of time to make the call or send a text.

Instead, I poured myself a big scotch and downed half of it. I nearly choked on the burn and at the same time felt my brain fog deliciously. Pain and pleasure intimately linked. I smiled and reached for the phone, and held down the button on the top until it switched off. I wouldn’t be needing it. Not tonight.

AFTERWORD

I considered taking this story in various different directions. For the longest time, I planned to turn this into a novella broken down into three parts -- Inception, Deception, and Redemption -- where in the end Bruce gets revenge on Carl. But while I knew where I wanted to end up, I had no idea how to get there.

The more I thought about it, the more I realized that what I had was really a short. It has one simple nugget at its core – the clever (if I say so myself) little bit of misdirection that turns Bruce from wanna-be stud to unexpected cuckold.

Now, could I have rewritten this to give both Bruce and Susie more depth? To set up their troubled relationship up front in such a way as to sustain a more ambitious plot of personal growth and revenge? Well, sure, but that would be a different story. As it stands, it is clean, simple. Some readers may say “too simple.” Fine, but there is room for that as well.

Ultimately, if I were starved for story ideas, I’d have saved this one, reworked and expanded it, but I’m not. I have all sorts of fun things in the works, and so tearing down a good short in order to reconstruct it and rebuild it as a novella or novel didn’t strike me as a productive use of my time.

The other issue is the ending. Would it have been better to leave Bruce unreconciled to Carl’s appropriation of his wife? Maybe. Certainly, as written I can see some readers thinking it is a tacked-on happy ending. If so, feel free to mentally erase from your mind the epilogue and invent in its place whatever revenge, burn-the-bitch, unpleasant ending you’d prefer in its place. In fact, if you think you have a good alternative ending, feel free to send it to me (ben.boswell.author@gmail.com) and if I like it, I’ll publish it on my blog with full attribution.
