Preface

For those of you who have read my other stories, this one will seem like quite a departure. Instead of a somewhat hapless husband in awe of his wife's sexuality, this is that story of a man having a relationship with an inappropriately young friend of the family. In some ways he's still somewhat hapless, but in a different way than usual.

I have made a number of false starts on this sort of theme. I think the attraction of it for a middle-aged man should be obvious, but that, I guess, has always made a bit leery of my efforts in that regard. I'm not sure I'm a great judge of the success of this sort of story. I'm pretty easy to please with this particular fantasy. That said, I think this one works.

It captures the sense of doomed attraction of an inappropriate relationship. The mad, passionate rush of first sexual encounters. The sense of playing out a string on something you know can't last. But really, what makes me proud of this story is the finale. I don't want to give it away, but I hope you'll agree with me that the ending is what brings this together and makes it more than just a hot fantasy... though I also hope you'll agree it is that as well.

I have a number of other projects in this works in this general genre, which is why I've decided to call this book one of a series of May/December Romances. I'm not sure when book two in the series will be out, but calling it a series is a way of committing myself to writing more in this vein. If you agree that I ought to do so, I hope you'll let me know either by email, Amazon review, or through Twitter.

As usual, I want to thank Kenny Wright for his support and his cover design work. Also thank you to my loyal readers. This one is a bit different than what you've come to expect of me, but I hope you'll come along for the ride.

Chapter One

It is amazing how having no problems can become a problem. I'm Dan. And, I'm a jerk. But it is also a fact that not one man out of a thousand would have behaved any differently. Well, not any straight man out of a thousand at least.

Joanne and I have been married twenty-eight years. I'm fifty-four, she's a stunningly well-preserved fifty-two, even after bearing and raising three rambunctious boys. I know that description sounds ungracious. I don't mean it that way. But it's life. Years take a toll, and after a while, you're just sort of holding on to what you've got. Joanne is easily the sexiest woman in our group of friends. She looks ten years younger than she is. I could go on, but no matter how many compliments I throw out, she's still fifty-two. A sexy fifty-two, but fifty-two.

Our youngest son recently finished college and actually found a job that allows him to live on his own, making us truly empty nesters. Joanne and I have always had a solid sex live, and it picked up nicely when Josh finally went off to school. No more needing to hide under the covers in the dark, listening for footsteps in the hall. In some ways, that's where our problem started. But I'm getting ahead of myself.

I'm in commercial real estate, and luckily enough my old firm got bought out shortly before the crash, leaving me with both a nice, little, nest egg and also a fair amount of time on my hands. I've done a few deals since, but have also had the chance to work on my golf game and spend some quality time with my guitar for the first time since before our kids were born. I like to joke that it allowed me to have a soft landing instead of a midlife crisis. Little did I know.

I've been dancing around the facts for a while, which I guess is simple embarrassment as much as anything else. So here goes:

Her name is Ashley. She's eighteen. Long, straight, blond hair down to the middle of her back. She's a little wisp of a girl, 5'2" and maybe 100 pounds soaking wet. But she's got that skinny-curvy combo going-on that only seems possible in women from their late teens to early twenties, an impossibly narrow waist combined with a shapely bubble butt, and perfect,

full breasts that women spend a fortune trying to acquire if not blessed with them by nature. Big, blue eyes. Heartbreakingly beautiful.

She's my best friend Trent's daughter. Trent was my best man at my wedding. I was his. Joanne and I have known Ashley since she was born. She used to call me "Uncle Danny." Are you getting a sense of why I'm embarrassed?

She'd just finished high school, and had gotten an unpaid summer internship in our area, and of course when Trent asked if we'd put her up for a month, we agreed.

Ashley is not only beautiful, but also a really sweet girl, at least with us. She helped with the dishes without being asked, was never moody or withdrawn, and just generally behaved like the dream daughter Joanne had always wanted, but never had. They even looked a little alike, both blondes with pale skin, although Joanne is taller and had always kept her hair shorter, shoulder length at most.

I mentioned that Joanne and I have a good sex life. She's a really sensuous woman. Very responsive in bed, though for years we could only really let go on those rare occasions when we managed to ditch the kids with someone else. But once Josh was gone, we definitely took advantage of our privacy. We were finally able to have what we always called "vacation sex" at home.

We had developed a Friday night routine. Joanne would get home from work, and I'd have a glass of wine waiting. A nice dinner, some flirty chit-chat, then a slow move to the bedroom. We'd undress, taking our time. Sometimes leaving the lights on. Not having to worry about little, and then big feet, crashing through the house was such a treat. And then after, being able to luxuriate together if we wanted to, wrapped in a sheet, at most, just kissing and giggle together like kids. Or because we'd been together so long, just roll over and go to sleep if that was what we wanted.

I don't want to make it seem like there was anything crazy going on. But Joanne sometimes gets quite vocal when she gets excited, which is exactly what happened one Friday evening as she rode me happily while I tweaked her firm, sensitive nipples. That's always been her weakness, my

secret weapons, those gorgeous nips that I'd learned to handle so that I could almost get her off just by playing with them.

"Oh God, oh God, oh my Gawd!" she was gasping, impaling herself roughly on me.

As good as our sex life was, it was, almost inevitably a little by rote. It is a feeling I suspect only long-term couples ever experience. We both had it so down that, it felt like we could almost check out. My hands would still find her nipples, squeeze them just right. She'd still know how to ride me, working my cock with practiced ease. So even in the middle of sex, even near the end of the act, I admit, I wasn't always all there. Enjoying it, present, active even, but also not fully committed. Though Joanne and I never talked about, I suspect she had similar feelings. I mean, no matter how good it is, screwing the same person for the five-thousandth time – and we were probably closing in on that number -- is not going to have quite the same passion, the same juice as the first time, or even the first thousandth.

So even though I was close, I wasn't lost in the moment. I was enjoying it, but still aware of my surroundings. I happened to glance toward the bedroom door which was, as usual, cracked open to let the cats come and go. There was a flash of gold, and it took me a second to realize what it was: Ashley peering into the bedroom, spying on us.

That should have been an exciting jolt. A sexy, young woman spying on us. In the proverbial "Penthouse Letters," *she comes into our room, hand in her panties, breathing hard. The women lock eyes and then lean towards each other to kiss....*

But it wasn't like that. All I felt was embarrassment, and then a desire to protect Joanne. She'd be mortified. I looked up to make sure she hadn't noticed, and she hadn't, thankfully.

Ashley didn't realize I saw her. At the very least, she didn't act as if she realized. She wasn't looking at my face, but instead was excitedly watching Joanne as she loudly and enthusiastically finished before collapsing panting across my chest. That seemed to break the spell as far as our voyeur was concerned, and Ashley then quickly withdrew, lightly padding back down the hall.

As was our custom, we rolled over so I could finish, but knowing Ashley had been watching us was a weird distraction. I thrust a few times, but I could feel my erection fading, and rather than deal with the

embarrassment, I faked it. I'm at an age where, sadly, not being able to get it up is a bigger risk than an unwanted boner. Getting older sucks.

Joanne and I snuggled for a little while, but one of the nice things about being married forever is that sex does not always require an hour of post-coital cuddling and conversation. Nice to have the luxury to do it, also nice not always to have to. Joanne had had a long week, and I was a little shaken. So with a kiss, we each retreated to our own side of the bed and went to sleep. Well, at least Joanne did. I was too weirded out.

After a few minutes, when Joanne's breathing let me know she was asleep, I crept out of bed. I wasn't quite sure what I was going to do, but I slowly made my way toward the guest bedroom. I was planning, I guess, to confront Ashley and let her know I knew she'd spied on us.

Or something. Truth be told, I wasn't sure what I'd say to her. Part of it was that I couldn't even quite understand what she'd been doing. Why would an eighteen-year-old want to watch a couple of old folks having sex? And sweet girl or not, I couldn't help but imagine her texting to her friends.

>>OMG just saw the grossest thing. Can you believe people that old still fuck?

Okay, so maybe that wasn't likely. It seemed out of character for her. But so did sneaking around the house spying on us. It just seemed like the responsible thing to do was confront her. Or something. I'm still not exactly sure what got me out of bed that night.

The guest bedroom is actually a loft, an addition built over the garage and accessed from the family room. I was still working out what I'd say to Ashley, so I was sort of lost in thought as I climbed up the stairs to her room. I didn't announce myself, but nor was I deliberately sneaking up on her. At least not consciously. Maybe I was. I've tried to reconstruct my thinking at the time, but I can't with any certainty. In retrospect, it seems weird. Like I was looking for an excuse to spy on her. And maybe I was. I'd admired her from afar enough over the previous weeks as to call my motives into question.

Her curtains were open, bathing the room in dim, soft moonlight. As I crested the top of the stairs, I saw and heard her at the same time.

She was lying on her back, covered to the waist in a bed sheet, moaning softly. I could see one hand rustling under the sheets between her legs. Her other hand was pulling at an erect nipple, one lovely breast exposed in the V-neck of her thin top.

I was transfixed. God, what a sight. She was radiant, a few strands of silky hair draped across her face, catching in her mouth as she moaned sultrily. I could hear a soft wet squishing as her fingers worked her snatch. She started bucking her hips, now gasping in passion.

I was rock hard, tenting my PJ bottoms. I reached down and firmly stroked my hard cock. I was close, so close. One more tug and I'd come all over myself. I shook my head, clearing my thoughts. I took one last peek at Ashley, and then quickly retreated down the stairs, my body protesting by giving me a twinge of blue balls for the first time in decades.

I slept fitfully, at best. I was more confused than ever.

Chapter Two

I came back into the house the following morning after mowing the lawn to find Ashley, newly woken, eating a bowl of cereal at the breakfast table. Joanne was out running errands. It was just the two of us. I hadn't expected it. I stopped short and took a step backwards. But she'd seen me.

She gave me a quizzical look.

"Everything okay?" she asked.

I hesitated. Swallowed hard.

"No...."

She frowned.

I was trapped. I had to let it out. Curiosity at why she was watching us, guilt at having spied on her.... I've never had much of a poker face.

"I mean.... It's not a big deal.... But well, it's just, I saw you last night."

She covered her mouth and gasped.

"I mean, I saw you watching us. Outside our bedroom," I added quickly, then wondering if I'd said too much. What else might I have seen after all?

She looked down into her bowl. For a moment, it was silent. And then I heard her let out a muffled sob.

"No, no," I exclaimed. "It's okay. It's just, I'm a little disappointed."

She looked up, eyes red-rimmed. "I'm so sorry, I don't know why I did it. You're not gonna tell..." she stopped mid-sentence.

"Your dad?"

She nodded.

"No," I replied. "Not Joanne either. This is just our little secret, okay? But it can't happen again."

She nodded and then quickly stood. She rushed me and gave me a quick, awkward hug. I felt guilty. She shouldn't have had to apologize to me, at least not without a reciprocal apology from me. I shooed that thought away as she retreated to her room. After all, she was the one who had provoked it. Had she not spied on us, I wouldn't have spied on her.

My other sensation was a weird elation. It gave me a little thrill to be sharing a secret... this particular secret... with such a pretty young

woman.

I kept my end of the bargain. Ashley was unmistakably embarrassed, and kept to herself for the rest of the weekend, so much so that Joanne noticed.

"You think she's homesick?" she asked in bed Sunday evening.

"Maybe. Or just boyfriend troubles. You know how kids get."

Another twinge of guilt. Why was I lying to my wife about what I knew?

She laughed. "You couldn't pay me to be eighteen again. Or dating."

I forced a laugh. "Me either."

Yeah, being eighteen, dating girls who looked like Ashley... hell on earth.

"Should we take advantage of being middle-aged and married?" Joanne asked, snaking her hand into my PJs.

"Mmmm, sounds like a plan."

We kissed, our hands slowly exploring each other's body in a well-practiced dance. We stripped out of our PJs, and Joanne ducked under the covers and took my cock into her mouth. After a few minutes I returned the favor, going down on her.

She pulled me on top of her, and I entered her slowly. She loves it when I just pump the tip of my cock in and out, and sure enough after a few minutes of that she grabbed my ass and pulled me deep inside. She shuddered as she came, moaning loudly.

So, we have an exciting, albeit age-appropriate, sex life. I really have no complaints.... Okay, I have some complaints....

As Joanne has gotten older, her tolerance for extended lovemaking has waned. Even using some lube, it gets uncomfortable for her after a while. And unfortunately, as I've gotten older, I've sometimes had trouble finishing. Yeah, not only do you exchange unwanted boners for no boners sometimes, but you exchange premature ejaculation for, well delayed ejaculation. Seems like a boon. It isn't always. After a couple of minutes I was starting to feel the clock was ticking.

I sometimes fantasize to help things along. Girlfriends from long ago; in my case, *long, long ago*. Women from work. Images from porn. I ran through my regular go-tos, but it wasn't working. Joanne was leaning up, kissing my nipples, her hands pumping my ass faster and faster. I thrust harder, and her groans now letting me know I was running out of time. I sighed inwardly. Time to fake it and move on.

And then, like a lightning bolt, I imagined myself over Ashley, her lithe, naked body, folded beneath me. I imagined her moaning, her full breasts rising upward in time with my thrusts. I saw her face, as I'd seen it just a few nights ago, lit up, on the edge of a climax. My whole body seemed to clench up. I let out a feral growl, and then I came almost violently, my cock pulsing hard at least a half-dozen times.

I collapsed, panting, sprawled across Joanne.

She giggled. "Well, that worked."

I could only groan in response as I rolled off her. I think I was asleep before my head hit the pillow.

Chapter Three

When the phone rang at 5:43am, I knew it couldn't be good news. It wasn't. Joanne's little sister's husband had had a stroke. It was serious, but not life threatening, but they still had school-aged kids, and Joanne immediately put in for extended leave to go to Michigan to help them out.

I don't think Joanne even thought twice of leaving me alone with Ashley. Why should she? I mean, what could possibly happen?

Ashley and I quickly settled into a routine. I'd drop her off at the subway in the morning; pick her up in the evening. We split the cooking duties. She could make pasta and roast a chicken. I handled the more complicated stuff. Watch a little TV in the evening, me checking baseball scores and stocks, she on her phone texting friends. Rinse and repeat.

We were both wary around each other, the consequence of our confrontation, such as it was, a few days earlier. Or maybe we were feeling something else. I don't know.

I had certainly thought of her, sexually, now several times. Hard not to. Once that barrier was broken, the reality of her mesmerizing beauty was impossible to deny, especially when she was prancing in yoga pants. I get that they are comfortable and she wasn't wearing them to tempt me, but man, what kind of brilliant demon invented the damn things?

And yet, I thought I had it under control.

Wednesday at dinner, Ashley seemed particularly pensive.

"Can I ask you a question?" She said suddenly.

"You mean besides that one?" I replied. I was in full *cool dad* mode.

She gave me a smirk and called me on it. "Really?"

I laughed. "Okay, got me. Sure, go ahead."

She hesitated and then took a deep breath.

"It's about that night. The night I was outside your bedroom."

I felt a weird surge of panic. I took a deep breath. "I told you, it's not a big deal. It's just between us."

Cool dad, feeling his cool slipping away.

"I know." She paused and blushed. "It's just, well, Joanne really seemed to enjoy herself."

I laughed, a little uneasily, but didn't see an easy way to disengage from the conversation. I stumbled forward. "I should hope so. I mean, it's supposed to be fun, unless you're one of those 'just for procreation' people."

"Well, yeah, but I mean, does she... you know... enjoy it every time?"

I was taken aback. This was a very personal line of questioning. And unexpected. I decided to answer. She obviously needed to talk something out. "I don't know for sure. I think so. I hope so. She's never complained, and she's not shy about saying what she wants. But I imagine she sometimes has an off day, or maybe I do."

We were both silent for a moment.

My curiosity was killing me. Why would this gorgeous eighteen-year-old care about my sex life?

"Why?" I asked.

She blushed again. "Well, it's just, I've never...."

As she answered, I immediately regretted my question. Where was I going with this?

"Oh. Well, look, you're still young. You don't need to rush it. There is nothing wrong with waiting until you find the right guy."

My words came out in a weird rush, *cool dad* pabulum, admixed with an unmistakable desire to extricate myself from an awkward conversation.

She looked at me quizzically, then a glimmer of understanding crossed her face. She shook her head. "No, no, I'm not a virgin. I mean, I'm not, like, a slut or anything, but I've had a couple of boyfriends."

I smiled despite myself.

"What?" she asked defensively.

I'm sorry. "It's just, the way you phrased it, virgin or slut...."

She nodded. "Yeah, right. It's sort of the boxes they put you in."

And suddenly, we were having a real conversation.

I nodded. "I think it is especially hard for women. Young women in particular, you know."

"I'm not really worried about that," she replied. "You know, people say all sorts of stupid shit. But I guess, I dunno, I'm just hoping that, well,

it's ever for me like it is for Joanne."

"Oh...." I hesitated. "Well, I don't really know. I mean, I hear some women having difficulty, you know, achieving climax. I guess it takes time, you know, learning about your own body."

"No, that's not what I mean either. I can get myself off," she replied with bracing frankness.

It was my turn to blush as the memory of her writhing in passion flashed in my head.

She continued, "No, I mean, I've never been able to with my boyfriends. I just never quite get there."

"Well, that takes time too. Joanne and I have been together a *long* time." Why had I stressed that word so obviously? "We know each other pretty well. You'll find the right guy. If you have a strong emotional connection, it's easier, I guess."

She regarded me pensively, but I could tell I hadn't quite satisfied her curiosity.

"Have you talked to your mom about this? Your friends?"

She laughed. "God, I could never talk to Mom about this. She'd pack me off to a convent." It was my turn to laugh. Trent was an old friend, but he'd somehow managed to end up marrying a born-again Christian. "And my friends. Well, half of them are virgins, and the other half are always bragging about their boyfriend and their crazy sex lives. Virgins and sluts, right? I'm pretty sure it's bullshit, but it's just not something I wanna talk to them about, you know?"

I nodded. "I wish I had more answers. All I can say, I guess, is be patient. It'll happen."

She smiled. "I guess.... Well, thanks for listening."

We sat in silence for a few minutes. "So what do ya think? *American Idol* tonight?"

She shook her head. "I think actually I'll just lay out by the pool tonight."

"Okay then, baseball for me."

I did try to watch the game. I really did. But when I caught glimpse of Ashley walking by in a skimpy, black bikini, a towel draped over her

shoulder, my ability to concentrate plunged. I couldn't see her from the sofa in the family room, but I knew if I just walked over to the big bay window, I would have a perfect view of her.

I tried to focus on the TV, but my eyes just kept drifting over the window. Back to the TV. Wait, when had they scored a run? And back at the window.

I probably should check on her, right? I mean, they say not to let people swim alone. Just a peak to make sure she was okay. I chuckled at my own pathetic rationalizations.

Yeah, I was a happily married man, and yeah, she was young enough to my daughter, but I'm still a man, and it was still just a peek. So I rose and approached the window slowly, like I was sneaking up on it.

And there she was, a teenage girl, texting on her phone. So prosaic, and yet so enticing. Her slender legs, creamy thighs, the perfect flatness of her stomach, her impossibly generous cleavage when she turned to her side.

I thought about her fumbling about with her ham-fisted boyfriends who were unable to get her off. God, it really was pearls before swine.

I shook it off. I needed to stop being an asshole. She was just a kid. A pretty kid, but just a kid, and I needed to get my mind out of the gutter.

I went back to my sofa and the game. I really have no idea who won.

Friday morning when I dropped her off at the subway, she mentioned that she might be a little late. Her office was having an afternoon cocktail reception.

She called at 6:30pm and said she'd been invited out with some of the other interns. She sounded as if she'd had a few. I groaned. I was responsible for her, but I also didn't want to be overbearing. I said okay, but told her not to be too late.

She called again at 9:15pm. This time she was definitely drunk, slurring and giggly.

"Can you come get me?" she asked. "I'm at this, um, party thing, and I'm not sure how to get back."

I agreed and she texted me the address. The place was a little off the beaten path, in a residential neighborhood. It took me almost thirty

minutes to get there. She was waiting out front by herself when I arrived.

"How'd you get all the way out here?"

She rolled her eyes. "Some guy. Said it would be a fun house party, but turns out it, it was just his roommates drinking." Her voice was throaty, slurred. She obviously had more than a few.

"Oh."

"He's getting drunk inside, and didn't seem eager to stay sober enough to drive me home after I told him I wasn't interested in seeing his room." She seemed disappointed it had come to that.

"Sorry about that," I replied without thinking.

"What?"

I chuckled. "I guess I'm just apologizing for all men, or something."

She laughed and put her hand on my shoulder. "Thank you for picking me up."

Our eyes met. One second, two seconds, three. For a moment, I was tempted to lean over and kiss her. Instead I cleared my throat and looked away.

"I guess I better get you home," I said, putting the car in gear.

I could feel her looking at me. The sexual tension was almost palpable. I tried to ignore it, but I couldn't. The truth is, I wanted her. Wanted her badly. I'd been thinking about her from the moment she'd arrived in our house, walking around in her short shorts, clingy tees. She wasn't even trying to be provocative. She was just dressing like a normal teen. Even in her work clothes, she just exuded sexuality. And then I'd seen her masturbating... we'd talked about sex... and I just couldn't stop thinking about her. And now, we were alone together. She was drunk and eyeing me frankly, provocatively.

But it couldn't be. It had to stay just a fantasy.

I swallowed hard. "Ashley, we just can't do this," I began. I turned to glance over at her and.... She was asleep.

I drove home the rest of the way in silence, unsure whether I should be relieved or disappointed or maybe both.

I pulled into the driveway and she woke up groggily. "We're home," I announced.

She grunted. I think she'd have been just as happy to sleep out in the car at that moment.

I walked over to her side and opened the door, helping her to her feet.

"You going to be okay?"

"Yeah, just tired," she groaned.

She took a step and immediately stumbled. I reached out to catch her before she fell, and swept her into my arms. I lifted her off the ground. She was as light as a feather, just a dainty little thing. She wrapped her arms around my neck, her head resting on my shoulder.

"Thank you, Uncle Danny," she said softly, sleepily.

I chuckled. She hadn't called me that in years. Not since she was a little kid.

I carried her up to her room, and laid her on her side on the bed. I slipped off her shoes, and draped a thin blanket over her. Then turning out the lights, I snuck away downstairs.

I started to replay the evening in my head, but it was just too painfully awkward. Thank God, I hadn't tried to kiss her. And, thank God, she'd been asleep when I'd started to explain why we couldn't be together. I could almost imagine her reaction, appalled, disgusted when she realized what I'd been thinking.

I poured myself a scotch, a double... well, maybe a triple, and downed it quickly while watching Sports Center. Then still in the grip of self-loathing, I went to bed.

I lay there for a while, the booze seeping into my bloodstream, clouding my head. Ashley, Ashley, Ashley, Ashley.... She was all I could think of. I slowly stroked myself, eyes-closed, thinking of her, until finally the Scotch carried me off to sleep.

Chapter Four

I awoke in the dark to the sensation of movement in the bed. Fucking cats, I thought, immediately realizing it wasn't them. I jerked back startled.

"It's only me," she cooed softly, her face nuzzling into my neck.

I glanced at the clock. 2:36am.

"Are you okay?" I asked.

"Mmm, hmm," she moaned, kissing my cheek, her hand snaking down under the covers to rub my crotch.

"What are you doing?" I asked groggily.

"I want you," she said simply, now leaning over me to kiss my cheek.

That jolted me awake.

"Ashley, you're drunk," I suggested as gently as I could.

"A little," she admitted. "But I know what I want. I've been thinking about it for days." She slid her hand under the waistband of my PJs and firmly stroked my cock.

"You want it too," she added, feeling my hardness.

I did want it. But I knew we couldn't.

"No, we can't do this," I said, reaching out to push her away.

It was then I realized she was naked. Totally nude. Not a stitch of clothing. Trying to separate us put my hands on her breasts. I recoiled and she sprang back toward me. I tried to take her by her shoulders, but she wrapped her bare legs around me, and sucked my thumb into her mouth.

"No, stop!" I ordered, trying again to escape her clutches. She just giggled.

I know it seems crazy, but between not wanting to hurt her and not wanting to touch anything inappropriate, I was having a devil of a time separating the two of us. And, of course, my body couldn't help but respond to this nubile creature writhing against me.

Except, of course, that wasn't it, not all of it. I could overpower her... if I wanted to. Without hurting her... if I wanted to. I could flee... if I wanted to. And I wanted to. But not enough, because the truth is, the feel of her lithe body against mine, that silky hair whipping across my face, her

silly little giggle as we wrestled ineffectually... it was intoxicating. And yet, I knew it was wrong.

I stopped struggling and tried to calm myself.

"Ashley, stop it. We can't do this."

She nuzzled in close again, kissing my neck, her erect nipples pressing against my arm.

"You're right, we can't," she breathed as she sucked on my ear lobe.

"This is wrong!"

"Yes, so very, *very* wrong," she moaned as she ground her pelvis against my leg. She was mocking me.

"Ashley...."

"Shhh." She took my hand and pressed it down between her legs. "See what you do to me?" she cooed.

Her muff was drenched. Is there anything better able to break down a man's willpower than a wet pussy? How many men have thrown it all away in the intoxication of it? She rubbed my hand up and down her slit until I could feel the heat and wetness within.

She'd worked her other hand back into my bottoms and was again stroking my cock, which was now rock hard, almost painfully so.

She kissed me on the lips. Lightly at first, but after a few moments it turned into a rough, wet embrace, her tongue jamming deep into my mouth. She'd let go on my hand, but I was still rubbing her snatch. She was so fucking wet. My finger slipped between her lips, partway into her steaming cunt.

Then suddenly she rolled onto her back and pulled me on top of her. She was surprisingly strong, or at least her excitement made her seem that way. This time, I didn't resist. She wrapped her arms around my neck and kissed me hard. Mostly by instinct I fumbled with my PJs and wrenched them down about mid-thigh.

I stabbed my erection blindly toward her. Once, twice, on the third time, it found its mark, the tip splitting her wet cunt. She gasped softly. Without a pause, I entered her slowly, not stopping until I was buried completely inside her.

"Oh God, you're big," she moaned.

But it wasn't that I am so big; rather, it was that she was so fucking tight. I'd forgotten what an eighteen-year-old pussy feels like; it had been so, so many years since I'd had the opportunity to experience one. But it is

heaven on earth. My cock felt like it was enveloped in a compression sleeve. It was so snug that fucking would have been impossible if she hadn't also been so incredibly wet. And the heat. It was like an oven.

I wasn't even thinking about her enjoyment. I wasn't thinking about anything, really, except that amazing sensation as I fucked her tight, wet hole with long, slow strokes. I have no idea how long that lasted. I was completely lost in the moment.

And then suddenly it was like a thousand fingers gripped my cock, squeezing it in waves up and down the shaft. I opened my eyes to see her looking up at me, wide-eyes, her lips in the shape of a perfect "o" as she moaned her pleasure.

I was sweating. We both were. I raised myself up on both arms and looked down at her. She was breathing heavily, her perfect breasts rising toward the ceiling with every gasp.

I pulled out and got to my knees.

"No, don't stop, please," she begged.

"Don't worry. I don't want to stop either," I replied as I ease off my PJs completely.

I caressed her slim, toned legs and placed her ankles up over my shoulders. I slid a pillow under her ass, and then scooted in close. I rubbed the tip of my cock up and down her wet snatch, making her squirm in anticipation. Then I entered her again, and she let out a delicious little mewl of pleasure in response.

She was just as tight as before, her pussy clinging to my cock as I slowly slid in and out.

From my kneeling position, she was spread out before me. Her golden hair was splayed across the pillow, her hands tracing circles over her belly and chest. Her breasts were jiggling with each thrust.

I looked over at her dainty, little, feet resting on my shoulders. I'm not a foot guy, but I couldn't help it and sucked her toe into my mouth. She giggled, and I laughed as well.

I caressed her legs, tracing my fingers along her inner thigh. Resting my hand on her damp, blond muff, I let my finger brush against her swollen snatch. She shuddered and I started rubbing her clit in small circles. She moaned loudly, her hips now gyrating, rising upward to meet my thrusts.

"Oh my God, oh my God, oh my God," she squealed, her voice rising higher and higher as she arched off the bed impaling herself completely on my shaft. The thousand fingers squeezed my cock.

She dropped back heavily onto the mattress. I started thrusting again, but she reached up and put her hand on my belly.

"Just a second," she gasped. "I need a break."

I pulled out and lay down next to her. She was breathing heavily, almost as if she'd run a sprint. Her hand reached down and firmly stoked my slimy cock. I took the opportunity to caress her body, cupping her firm breasts, and tracing the nipples with my fingertips.

"Did you yet?" she inquired after a few moments.

"No, but...." I was going to tell her it was okay. That we didn't need to continue if she was done.

"I want you to," she cut me off. "How do you want me?"

I knew the answer right away, but I hesitated for a moment in answering. I didn't want to break the spell. This was something Joanne didn't like to do. But then I went for it.

"I want you on your hands and knees."

"Mmmmm, okay," she chirped happily.

Her eagerness to please was almost as sexy as her tight, little body. Almost. She got on all fours, and I knelt behind her. It was an amazing view, her long blond hair streaming down her back, her body tapering from her shoulders to her tiny waist, and then flaring again to an absolutely perfect, firm, heart-shaped ass.

I rubbed my cock up and down her slit until she was moaning, her ass swaying in anticipation. I entered slowly, worried that she might be getting sore or that her excitement was ebbing, but her soft mewls of pleasure and unbelievable wetness let me know she was up for more.

It was my turn, so I fucked her harder and faster than before, burying myself into her over and over, our bodies slapping together loudly. I reached around and fondled her full breasts, pinching her nipples until she yelped excitedly. Releasing her tits, I let my hands rest just beneath them so that each thrust caused her erect nipples to brush against my fingers.

Then I grabbed her ass cheeks, squeezing them hard, pulling them apart so that I could more easily see my cock spearing her tight snatch and her perfect, little asshole pulsing with each stroke. I ran my thumb up her crack, and pressed it lightly against her anus. She suddenly threw her head

back and let out a high-pitched squeak as her body shuddered and her cunt spasmed against my cock for the third time. Joanne was always anxious about any ass play, and it was a thrill to be with a partner who seemed to relish it.

Then as if all her strength suddenly disappeared, she collapsed face down onto the bed. I followed her down and continued pounding into her. In that position, she was amazingly even tighter than before, though so well lubed that I was able to slide in and out easily.

She looked back at me over her shoulder, her hair a tangled, matted mess, her eyes wide, her mouth open and gasping. She looked nothing if not well fucked.

"Oh my God, you're amazing," she gushed.

Hearing that was an adrenaline rush. I thrust again, harder, and again, pressing myself into her completely, getting every last millimeter of my prick inside her. She gasped.

And then suddenly I went lightheaded. I saw colors, and I came so hard it actually hurt for a moment as my dick hole stretched to allow a torrent of cum to escape. And then euphoria as my balls emptied completely, and I collapsed onto her back, my prick still buried in her tight wet hole.

I gasped to catch my breath, and then rolled off her onto my back. She draped an arm over my chest and looked me in the eyes.

"I... I... I..." she stammered.

"I know," I groaned.

I gave her a little peck on the nose and we both dropped into a dead sleep.

Chapter Five

I woke at 5:30am as the sun streamed through my bedroom window. I always forgot to draw the curtains. Joanne usually did that.

I didn't dare move, or even breathe. Last night had been amazing, and I woke to find myself spooning a naked Ashley, her body warm and soft, and so inviting, her golden hair shining in the sunlight.

But I was on the verge of a panic attack. When she woke, my whole world would come crashing down. I'd taken advantage of a young girl in my care. If she had regrets, if she claimed rape, who'd believe me? Who could possibly believe that this beautiful eighteen-year-old had been willing to sleep with me, a fifty-four-year-old man? I was old enough to be her grandfather. And had she even been willing? She'd been drunk. Too drunk to give consent? My stomach churned with guilt at what I'd done.

Even if I avoided jail, my life was ruined. My marriage... dead. My friendship with Trent... obliterated. My reputation... gone.

I was in paradise for the moment, snuggling this luscious creature, my hand wedged between her breasts, her hard ass against my crotch. But it was an illusion; one certain to turn into a living nightmare the moment she woke, realized what had happened, and jumped out of bed screaming.

Her breathing shifted slightly, and she let out a soft moan, almost a catlike purr. I braced myself for the fireworks. But she just lay there beside me. And then I felt it, her fingertips on my arm. I didn't dare move, hoping she was still just stirring in her sleep. But then I felt something else. Her ass. Her perfect ass now rubbing slowly against my crotch. It was subtle, but unmistakably sexual.

Was she still asleep? Maybe dreaming of a boyfriend or Rob Pattinson?

"Ashley?" I breathed, bracing myself for coming explosion.

"Mmmm," she moaned in reply.

She twisted her neck and gave me an awkward over-the-shoulder kiss. Her morning breath was sour, but it was one of the best kisses of my life. Relief coursed through me.

She rested her head back on her pillow and grabbed my hand from between her breasts, sucking my index finger deep into her mouth. Her ass

ground harder against my increasingly stiff cock.

I pressed up against her, our bodies molded together. She was so warm and inviting, hard and soft in all the right places. As she moved against me, my erection slid between her butt cheeks like a hot dog in a bun. She giggled softly. Ashley slowly pumped her hips, massaging my prick with her butt. I took my hand from her mouth and cupped her breasts, gently tweaking her swollen and sensitive nipples.

She reached back and grabbed my cock, slipping in between her thighs. I pumped it back and forth slowly, gasping as her labia split and her wet snatch rubbed against my shaft. We moved together languidly, our excitement building. She grabbed my cock head and pressed it inside her, and with a thrust I slid all the way in.

We both moaned at the same time. It was heavenly, her magical pussy again gripped my cock, and not for the first time I thought about how I never wanted it to end.

We made love tenderly, my cock buried deep inside her as we slowly moved together. I explored her body gently, caressing her soft skin, tracing her lips with my fingertips. I kneaded her big boobs, rolling her nipples between my thumb and finger. She moaned softly, her pussy getting hotter and wetter around my cock. I slid my hand down over her flat belly, tracing the borders of her downy muff.

I found her clit and gently ran my finger around her swollen little nub. She moaned delightfully. I rubbed her clit harder.

"Oh God, you're going to make me come," she sighed in a throaty voice.

She gasped then and a shiver ran through her body as her pussy repeatedly clamped down on my shaft. When she was done, she reached down and gently fondled my balls. I thrust into her harder, once, twice, three times and then came myself.

I eased myself out her tight little pussy and looked down at her. She had her head on her pillow, eyes closed, with a big smile on her face. I cuddled her again, neither of us bothered by the wetness between us, and within minutes I could feel her breathing rhythmically as she fell back asleep.

After a few more minutes, I extricated myself and got up, leaving her there dozing peacefully. She looked like an angel.

I took a long, hot shower. My angst had faded away, and now I was feeling oddly buoyant. There is nothing like new pussy to put a spring in a man's step, I guess. The fact that she was a young, stunning creature didn't hurt either. I had long ago reconciled myself to the fact that I would never fuck anyone other than my wife. At least I thought I had, so all came as a surprise to me.

I stepped out of the shower and checked myself out in the mirror. I still had a full head of hair, although it was more salt than pepper, which was also true about the hair on my chest and my pubes. I was a little soft around the middle, but otherwise in good shape. Good definition on my arms and legs. I stroked my cock a few times. It wasn't a bruiser, but it seemed well proportioned. Not a bad looking guy, I thought, especially for fifty-four.

Fifty-four... oof. That made me literally three times Ashley's age. She was six years younger than my youngest son. If *he* brought home an eighteen-year-old, we'd think it was weird. What was I doing fucking a teenager?

I closed my eyes and pictured her splayed out beneath me, my cock pistoning into her tight snatch. I could feel myself getting hard, and that's why I was fucking her.

I went downstairs and made myself some coffee. I started to read the paper, but I just couldn't focus on it. All I could think of was Ashley.

I let my mind roam, just delighting in it. The thought of being forever with such a delicious creature was overpowering. It was crazy, but maybe we *could* make a go of it. Joanne would kill me in the divorce. I'd lose all my... our friends. But I'd still be comfortable and able to make money, and I'd have Ashley.

And then what? She'd go to a commuter college? We'd have kids at some point, and I'd be changing diapers into my mid-60s? And even if I still looked okay now, how long would it be until she got tempted by someone her own age? Or within thirty years of her own age for that matter?

I laughed darkly, sanity returning. It was an impossible situation for both of us. I'd become an absurd creature, chasing around young kids when I should be retired while my young, hot, wife was probably fucking the pool boy. And it would be even worse for her. It would be unfair deny her the

chance to make a life with someone more appropriate, to have a real college experience, to build a real life as young, poor, struggling newlyweds.

This had to stop. But I didn't want to hurt her. Was she in love with me? She had to be, or at least infatuated, for this to happen. I needed to let her down easy, to explain why, as wonderful as she was, we couldn't have a life together. I'd have to apologize for taking advantage of her, explain that I'd just been caught up in the moment, but that it just couldn't be.

I heard footsteps coming down the stairs, and moments later, she padded quietly into the kitchen. She looked ravishing. She was wearing one of my white, tee shirts and nothing else. Her hair was a mess, her blond locks tangled and jutting out at weird angles. She looked amazing.

She gave me a wide grin and poured herself a big cup of coffee. She took a big sip and sighed happily. Then her smile faded.

"What's the matter?" she asked. "You look sad."

I took a deep breath, and launched into my prepared speech. "Ashley, you're a wonderful girl, but this just isn't going to work out. I'm sorry if I led you on."

She gave me a puzzled look. I plowed on, "I didn't mean to. But we're just... we're just at too different a place in life for this to become anything. And I love Joanne, and I'm..."

She started giggling. I stopped talking.

"What? What's so funny?" I asked.

"You," she replied.

"Me?"

"Yes, you, Uncle Danny. What'd you think? That I'm in love with you?"

"Then what..."

She approached me and climbed into my lap, straddling me. My cock twitched.

"Then what do I see in you?"

I nodded.

"I see a handsome, experienced lover." She slowly began to grind against me. "A safe fling. Don't worry. I won't tell Joanne and I won't tell my dad."

"You're eighteen. I'm... not. We can't do this," I said, as much to myself as to her, even though I could feel my growing erection pressing against her through my sweat pants.

"Your wiener has other ideas."

I laughed. "My wiener?"

She giggled. "Oh, I'm sorry." Then she leaned forward, her lips near my ear. "I meant, your big... fat... cock." I was rock hard in an instant. She ground against me harder. "I want it in my hot... wet... pussy."

My inhibitions vanished in an instant. She rose up on her knees, and together we fumbled awkwardly with my waistband until my erection popped out. She grabbed my cock and eagerly impaled herself on me.

"Mmmmm, that's good," she cooed as she began to pump her hips.

I looked into her big, blue eyes. I embraced her gently. This was our third time having sex, but kissing still felt tentative, awkward even. We kissed lightly, little fluttering kisses that very gradually progressed into a deeper, more passionate embrace. In a weird way, the kissing felt even more intimate than the sex.

I leaned forward and sucked on her ear lobes and kissed down her neck. My hands slid under her tee shirt, and found her breasts. I tweaked her nipples, until she let out a throaty growl, her pussy spasming yet again on my cock, as she wrapped her arms around my neck.

I reached under her ass and stood up, lifting her up. She was still impaled on my prick as I carried her out of the kitchen and into the family room, repositioning her on her back on the sofa. She wrapped her legs around my waist as I began fucking her in earnest.

She was gasping and moaning. We both were, but her sounds were an order of magnitude sexier. I kissed her neck. She dug her fingers into my shoulders. She came again, her pussy getting even wetter. I'd already come twice in less than twelve hours, so I wasn't even close yet. Luckily she wasn't close to done either.

I liked being on top, in control. I varied my pace. Slow, deep strokes mixed-in with quick shallow thrusts that began and ended with my cockhead teasing her clit. She came yet again and looked up at me with grateful, puppy dog eyes. That put me over the top. I exploded inside her.

We lay there for a long while, panting. Her legs were still wrapped around my waist, and she wouldn't let me pull out, so I enjoyed the sensation of my cock deflating inside her drenched twat.

"What do you like about having sex with me?" she asked.

I chuckled. "You mean besides the fact that you're beautiful and, as far as I can tell, insatiable."

She gave me a pout. "So, what? You're saying you think I'm just a hot slut?"

My heart sank. I didn't want to insult her. Hurt her.

"No, no Ashley, that not what I mean.... I mean...."

She started giggling. "Chill out, Uncle Danny, I'm just teasing you."

"You're a strange girl," I replied without thinking. "And a wonderful lover," I added quickly. "You're so responsive and so demonstrative. There's a lot of women who are, I dunno, too cool to admit they enjoy sex."

"I enjoy it with you," she replied.

I blushed.

She giggled again. "Are you embarrassed? God, you're so cute."

I cleared my throat. "So, what do you like about having sex with me?"

"You mean besides the fact that you're handsome and, as far as I can tell, insatiable?"

I laughed.

"No, seriously."

She looked at me thoughtfully. "You know, I don't know what the fuck I'm doing. I've only.... I've only had sex five times before this weekend, with just two different boys. My first was Jimmy. He's a friend. Was a friend. I dunno what we are right now. But we were both in the same boat and decided to cash in each other's V-cards. It was okay, I guess. Awkward. You know, not painful like some girls say, but it was super quick. You know?"

I nodded. "Give him time. He'll get better. The learning curve for boys is steeper at first."

"Then the second was this guy, Trent. I know... like my dad. What are the fucking odds? He's older. Like twenty...."

I winced at that. She grinned.

"He's like the opposite of Jimmy. We hooked up for the first time at a pool party.... At Jimmy's house actually, which is why shit with Jimmy is so weird right now. He saw us ducking into the pump house together...."

"The pump house?"

She laughed, a delightful chuckle. "God, I hadn't even thoughts of that. But yeah, right, appropriate. Anyway, he was like the opposite of Jimmy. Super in control, which was hot at first. He put me up on a stack of

boxes and just gave it to me hard. I mean, don't get me wrong, it felt good, but he had just one speed. And I don't know. It almost seemed like I didn't really even need to be there. It was all about him. I gave him a few more chances after that, but it was always the same."

I nodded again. "Yeah. I hate to say it, but you'll run into that a lot."

She gave me a pouty face. "Maybe I'll just need to keep you on speed dial."

I gave her a little kiss on the nose. I liked the idea of being her booty call.

"Anyway," she continued. "It's totally different with you. You know, it feels like we're dancing together or something. I knew you'd be good. I watched you with Joanne more than once," she said blushing.

"Your dad would keel over if he knew what sending you here for the month would do."

She laughed darkly. "No. He'd kill *you*. Well, if he got to you before Mom did."

I frowned.

She laughed again. "Don't worry. He'd kill me too, assuming he got to me before Joanne. So I guess we'll just have to keep this our little secret, huh?"

"That's probably a good idea," I replied quietly.

The day passed quietly. I hadn't seen Ashley in a while, and when I check in on her in her room, she was napping peacefully.

As I went about various household chores, I was happy, almost giddy. I was not under any particular illusions. Odds were this would end badly, very badly. There would be tears, if not blood. But all of that was in the future, and for right now I was sharing my house with a gorgeous, young, woman, who was funny, good company, and who seemed against all logic to be happy, eager actually, to have no-strings-attached sex with me. For a man my age, with a few bucks in the bank, it was better than winning the lottery.

Late that afternoon, I returned from food shopping to find Ashley in the kitchen on her computer. She was recently showered, fresh faced, looking almost obscenely attractive in just yoga pants and a clingy tee. She

helped me put away the groceries and we chatted about nothing in particular, celebrity gossip, movies. We talked about college. She was excited, but a little anxious. I told her a few of my freshman stories. She laughed at what a geek I'd been.

I made dinner, braised lamb shanks, and she helped me with the homemade pasta. For a little thing, she had a good appetite and thankfully was a committed carnivore. It occurred to me that she'd one day make her husband very happy. The thought triggered in me a small twinge of jealousy, but it quickly passed. That too was in the future.

I debated opening a bottle of wine for dinner, but then I realized that giving an eighteen-year-old some alcohol was surely the least of my recent sins. We ate, and her second glass got her pleasantly silly. She started teasing me about my minor OCD -- I'd probably moved all of the groceries she'd put away to put them in the "right" place -- giggling at her own jokes. I teased her about being a slob. Her clothes were scattered all over her room. It was fun, oddly comfortable.

After dinner we retired to the family room and watched TV. We both got a kick from reality game shows. *America's Got Talent*. *The Voice*. That kind of stuff. She liked to pretend she watched them ironically, but she knew way too much of the back-stories for that to be believable.

It got a little chilly with the AC on, and we ended up curling up under a blanket on the sofa. I loved the feel of her body against mine, and not surprisingly things got a little touchy-feely.

She'd been rubbing my crotch for a while through my jeans when suddenly she disappeared under the blanket. Her fingers traced the outline of my cock, and then she unbuttoned my jeans and pulled down the zipper. I helped her by lifting myself off the sofa as she pulled down my pants.

She licked my prick playfully and let her silky hair trail over my crotch, which has to be one of my favorite sensations, ticklish and fraught with anticipation. She stroked my cock with her cool, small hand. And then she took me in her mouth.

I gasped. In pain. She was sucking on me hard. Her teeth scratched me. She starting bobbing up and down like a woman possessed, which only made things worse.

"Oh jeez, Ashley, stop for a second," I exclaimed, my tone maybe a little more harsh than I intended. I yanked at her.

She sat back up. She gave me a pout.

"What's the matter?"

"Well," I said as kindly as I could, "there are, um, ways to make that feel better."

"Jimmy and Trent didn't complain."

I laughed. "Most guys your age are so happy that a girl as hot as you is going down on them that they wouldn't complain even if you drew blood."

"Did I make you bleed?" She asked, aghast.

I laughed and stroked her cheek. "Not yet, but I didn't want to take that chance."

She laughed a little, still obviously feeling a little defensive.

"Listen, I'm guessing you picked up some of that from porn, but that's a bad model. All that rough stuff looks good on film, but doesn't feel so good in real life."

"Okay," she replied, "so..."

"Well, the thing about it is that you want to neither suck nor blow. It's much more about using your mouth like a... like a...." I hesitated.

"A pussy?"

"Erm, yeah. But even wetter and with tongue. Here try this," I said pushing my finger into her mouth.

She sucked on it.

"More gentle. You don't really need any pressure. Just let it slide wetly past your lips."

I pumped my finger in and out of her mouth slowly.

"Now use your tongue," I instructed.

She licked my finger up and down as I continued to pump it in and out. I pressed a second finger into her mouth. It took her a few moments to adjust, but soon she was giving my digits a quality hummer. She'd get better over time, but at least she wasn't causing pain anymore.

"That's it. That's nice," I encouraged her.

"Can I try on your wiener?"

I chuckled. "Sure."

She disappeared back under the covers and took me again in her mouth. It was like night and day. Her mouth was wet and soft, her silky hair all over my lap.

"Hmm, that nice. That's right. Nice and wet. Lots of tongue. You can use your hands too."

She was an eager pupil, and it was that thought more than anything else that really got me going. She took me extra deep.

"Oh God, Ashley, you need to stop, I'm close."

She kept bobbing up and down on my shaft. "I'm not eighteen, you know. If I finish now, I'll be out of commission for a while."

She peeked out from under the blanket, while still wetly stroking my cock.

"That's okay. It's still early, and I'm sure you have plenty of other ways to entertain me."

She disappeared under the covers and swallowed me back deep into her mouth.

"Ashley?"

She gave an exaggerated sigh and look up at me again. "What does a girl have to do to be allowed to finish off her man around here?"

I chuckled. There was something just so cute about her.

"That's just it," I said seriously. "You know, right, that you don't have to let a man finish in your mouth or on your face? Some guys think because they see it on the Internet they have a right to it or something. Anal too. But you should never feel like you have to. You know?"

She smiled. "You're sweet, Uncle Danny. And yes, I know that. But can I ask you something?"

"Sure."

"Would you enjoy it? Finishing in my mouth, I mean." I hesitated for a second. "Be honest," she added.

I nodded.

She smiled and ducked back beneath the covers again and slurped wetly on my cock.

I moaned softly. I'd never actually finished in a girl's mouth. Back when I was dating in the late-1970s and early-1980s there was a lot sex, but oral was less common. It was easier to get pussy than head. Virtually no girls let you finish in their mouths. That was a hooker move. And facials were uncommon even in porn. Joanne had sucked my dick thousands of times over the years, of course, but always a form of foreplay.

Ashley was working my shaft deftly now, her tongue swirling around my glans before taking me into her mouth again. She gently fondled my balls. I closed my eyes, relaxed and let the sensation wash over me.

"Oh God, I'm close," I moaned.

She swallowed me deep, deeper than she had yet. I gasped and came hard. Ashley let out a muffled moan and quickly swallowed my first spurt. She kneaded my balls more firmly now as I spurted three more times in quick succession. When she gulped that down, she let my cock slide almost completely out of her mouth, sucking just on the head as she pumped her fist up and down my shaft, milking every last drop of jism into her mouth.

When she was done, she gave my cock a last quick kiss and sat up beside me.

"God, you're amazing," I gushed in post-hummer bliss.

"Looks like I'm a good student," she noted. "Judging by that smile, I think you'd buy me a car now if I asked for it."

I laughed. "I don't see you as the mercenary type."

She gave me a naughty smirk. "I dunno. A girl's gotta do what a girl's gotta do, sugar daddy." She giggled at her own line.

On the television an amazingly fit woman in skimpy workout attire was yelling at an obese woman who looked about ready to fall off a treadmill.

"Do you care about this?" I asked.

"No," she replied, her hand on my thigh. "Let's go to bed."

My "wiener" was out of action for a while, and we spent that time in bed naked, kissing, sucking, touching, tickling, giggling. I massaged her back, rubbing from her shoulders down to the tiny taper of her waist. She had the cutest little Venus dimples on her lower back.

I rolled her over and played with her breasts, sucking on each nipple until it was wet and puffy. She was writhing from the attention, moaning softly. I went down on her soaked pussy. The moment my tongue touched her clit she exploded, her pussy getting even wetter.

I keep mentioning how wet she was because, well, it was amazing. It reminded me of when I was first dating Joanne. She'd gone out for drinks with some guys from work. That always made me crazy with jealousy because two of the guys made no bones about the fact that they wanted to bone her. But you can't follow your girlfriend around 24/7, so at some point you just have to trust her.

Joanne was supposed to come over after the happy hour, but she was late, and didn't knock on my door until almost ten. I was itching for a fight, but she just latched onto me and kissed me hard. She reeked of booze and sweat. "We went dancing," she slurred.

She rubbed my crotch. "I want you," she hissed.

I reached down between her legs as well. She was soaked, soaked through her jeans. We stumbled over to the sofa and peeled off our clothes. The smell of her hot cunt hit me like shot, a rich, musky aroma. Even thirty years later, I can still remember it. I tried to finger her, but she pushed me away.

"Just fuck me," she gasped.

I shoved my dick into her wet, puffy snatch. There was no romance. I just banged her hard. It was an angry fuck. I was angry that she'd kept me waiting. Angry that she'd let someone else get her so turned on. Angry because I suspected she might have done more and that I was actually getting sloppy seconds. She always denied that things had gone that far, though she did admit that some lines were crossed. But I'll always remember her coming home like that, panties completely soaked through.

Ashley was now getting as wet as Joanne had been that night. Her juices got all over my face, they glazed her inner thighs. I ate her tight little snatch enthusiastically, and her panting, gasping response gave me just the right encouragement to keep at it, even when my jaw got sore.

There were lots of hot moments. I sucked her clit into my mouth, my tongue circling the hood. She gasped and came hard, her stomach muscles visibly contracting. Then after a little break, I went down on her again. This time she got so excited that she grabbed my head and held it down as she pumped her hips up and down roughly. Then finally, I rolled on my back and she climbed on top, a full body 69.

I loved her mouth on my cock, but what really got me excited was her pussy humping up and down on my face, her erect nipples pressed against my belly, the feel of her twisting and writhing and bucking in ecstasy.

She slid off me, face down on the bed, exhausted. My dick was finally back in action. I climbed on top of her and stabbed my cock between her wet thighs. Her wet, puffy pussy seemed to almost reach out and pull me inside. I filled her with a single thrust, and then stayed there like that,

completely buried inside her for a couple of minutes as I ran my fingers through her hair and kissed her cheek.

Then, I fucked her hard, trying to drive her down through the mattress. She was virtually swallowed up by me, the two of us moving together, covered in sweat. She was almost mewling, especially as I started thrusting harder and harder. I came what felt like a gallon inside her.

I lay on top of her for a few moments, catching my breath, before rolling off and onto my back. She threw an arm and a leg over me and nuzzled her face into my neck.

"I think I'm falling in love with you," she moaned.

I hesitated. The same thought had crossed my mind, though just fleetingly.

"Do you mean that?"

She lifted her head and looked at me intently for a moment. "No, I guess I don't. I was just channeling my vagina for a second there."

"So your vagina is falling in love with me?"

She giggled and nodded.

I kissed her on the nose. "My wiener feels the same way."

She hesitated for a moment. "No, I mean, seriously. You're amazing."

I felt a surge of pride go through me. It was literally intoxicating to hear this gorgeous, young woman praising me as a lover. My head spun a little, probably from the swelling. But as much as I wanted to revel in it, I needed bring her back to reality.

"I'm not, you know. I'm not, I guess, anything special. At least not in bed."

"My vagina disagrees."

I laughed. "You'll see. You know what makes it good?"

She shook her head. "Your wiener?"

"No, just letting go. I know that sounds weird. Zen or something –"

"Zen?"

"That's what we called it in the seventies. I think you kids, these days, say *mindful*. Anyway, that's why you're enjoying it with me. It's not my wiener, but it's because, well, you're not trying to impress me. You're just you, taking it as it comes, not worrying about what's I'll think of you. In the moment, you know."

She paused, thinking about it. "Maybe," she replied thoughtfully.

“It’s harder if you’re worried they’ll talk about you or whatever.”

Ashley chuckled ruefully. “Trent told everyone about us, like right after it happened.”

I nodded. “It gets even harder when you really like someone, and you get so worried about what they’ll think about you. The first time Joanne and I....”

I trailed off. It was bad enough I was cheating on the woman I loved, it felt even worse to be talking about her in our bed. Sharing intimate secrets. I cut the story short as I could.

“.... It was a disaster. I was so trying to impress her. And her me. Anyway, you get the idea.”

She nodded, but then a lewd smile crossed her face. “I still think your wiener has something to do with it.”

She punctuated the point by dropping back under the covers and again sucking my prick into her hot, welcoming mouth. But this time I was done. I coaxed her back up and pulled her into an embrace, gently caressing her long, golden hair until she feel asleep in my arms.

Chapter Six

I woke up early; forgot the fucking blinds again. I got up and shut them to let Ashley sleep, and then went downstairs for breakfast and the Sunday paper.

I had read most of it and was on the crosswords when Ashley appeared around 11:00am. She'd showered and was wearing Joanne's bathrobe. It occurred to me I'd need to do a lot of cleaning up to hide evidence of our affair. The bed surely reeked of sweat and sex. But I didn't have much time to contemplate that further.

"Do you like it?" She asked coyly as she let the robe slip open.

She had shaved off her trimmed, natural blond muff and was now completely bare. In a way, that seemed like messing with perfection, but I couldn't really argue with the result. Part of it was that I'd never seen a shaved pussy in person before. I'm old enough that the full bush was the norm when I was young, and over the years, Joanne had taken to trimming, but never come close to being fully shaved. As much as I wanted to let her know that she didn't have to act like a porn girl to please a man, I was delighted that it was there to give her the inspiration.

She approached me and stood there frankly, her beautiful, tight, little pussy staring me in the face.

"God, you look good enough to eat," I groaned lasciviously.

She grinned. "Just the reaction I was hoping for."

I grabbed her by the waist and placed her on the breakfast table. She spread her legs wide. I sat back down, pulled the chair close, and buried my face in her snatch. She was already very wet.

"Have you been playing with yourself, you naughty girl?"

"Mmmm, yeah, I couldn't help it, thinking about what you'd do to me."

I spread her labia and sucked her clit into my mouth. She gasped and bucked her hips. I'd had pancakes, and in an impulsive moment I grabbed the bottle of maple syrup and poured a generous helping all over her pussy. I lapped at her, relishing the mix of flavors and textures. I looked up to see her, eyes closed, her head flailing from side to side as she pinched her own nipples in passion.

Some of the syrup dripped down toward her tiny, puckered asshole. I'd never eaten ass, but I went for it without hesitation, licking her anus. She went rigid for a second and then shuddered as if taken with a chill.

"Ooooooh, that's so dirty," she moaned.

I pressed the tip of my tongue into her butt.

"Sooooo dirrrty," she growled, her voice dropping an octave, as she bucked up and down, coming hard, her pussy and ass both pulsing visibly.

That was too much for me. I stood up, knocking my chair out from under me and tore my sweatpants off. I buried my cock into her pussy in one savage thrust and came almost immediately.

I felt lightheaded and collapsed cross-legged onto the floor. She lay on the table, panting, absent-mindedly rubbing her pussy as I looked up at her. She finally sat up and rolled off the table onto the floor beside me with catlike grace. She fixed me with her big, beautiful, blue eyes.

For a while, neither of us spoke. I'm not sure what she was thinking, but I was thinking that I'd like to somehow bottle this moment and have it always close at hand. This girl, this inexperienced little wisp of a girl, was giving me the most intense sexual experience of my life. I wanted to thank her, to tell her that she'd made me feel young again, that I'd always cherish her, never forget her or our time together. But I couldn't get any of that out.

Instead, I cleared my throat and said, "What would you like for breakfast?"

She lounged around the house in Joanne's loosely knotted bathrobe and nothing else all day. We both had some chores to do. She was ordering school supplies for college and texting, and I was doing some laundry and catching up on email, but the whole day was really just extended foreplay.

She came up to me in the laundry room and causally dropped to her knees and sucked my cock for just a few minutes. I leaned over her while she sat on the sofa and kissed her neck and pinched her nipples. She hugged me from behind in the kitchen, and with the bathrobe open ground against me. I grabbed her by the hair and kissed her roughly while I teased her snatch.

I made another nice dinner, grilled fish with lime, served it up with candlelight and chilled white wine. She'd changed into a clingy little party dress and heels and done up her makeup. She looked sexy and surprisingly grown up.

We talked more about college. Texting with her friends had made her a little wistful. None of them were going to school with her. She was worried about making friends. Worried about college classes.

"Ashley, seriously, I'm not just saying this because we're having sex. But you're going to have a great, great time. You're smart, outgoing, beautiful."

She blushed.

"No, I mean it. Beautiful but down to earth. Just be yourself. The only thing is...."

I stopped myself.

"What?"

"Never mind. There is no only thing. You're going to do great."

"Nuh uh, Uncle Danny, you were going to say something. The only thing is...?"

"... is boys. Men. Whatever. They're going to be all over you, and most of them are only going to want one thing." I felt ridiculous saying it.

"And what's that, lover-boy?"

"Fair enough. But you know what I mean. You're like a daughter to me, as weird as that may sound."

She scrunched up her face. It did sound weird. Icky even, though still true in a way.

"I'm just saying, I feel protective of you. Don't sell yourself short. Don't settle. Don't let guys treat you badly. You're so special. You deserve the best."

She had been looking down at her plate, but now she looked up, her eyes wet.

"I'm sorry. I didn't mean to upset you," I said. I reached out and touched her forearm.

She laughed and wiped away tears. "You didn't. That's just, like, one of the nicest things anyone ever said to me."

I smiled at her.

"I need to find an eighteen-year-old version of you," she added.

"And that's one of the nicest things anyone's ever said to me."

We finished our dinner mostly in silence, just looking up at each other every once in a while, both of us, I guess, wrestling with our emotions. Part of it was the music in the background. I'm not a big jazz fan. I don't know any of the artists or songs by name, but over the years I've put together a playlist of tunes that somehow move me. We were listening to a melodic piece, sax and piano, that somehow fit the mood.

I held out my hand to Ashley. "Would you like to dance?"

She smirked. "To this?"

I nodded. "Give it a try."

I pulled her into my arms and we swayed slowly together. She put her arms around my neck and rested her head on my chest, my hands encircling her hips. Even in heels she was a lot shorter than me, but she felt good in my arms. I kissed her on the top of the head. She looked up and stood on her tiptoes. We kissed softly at first, then more passionately.

She ran her hands through my hair. I reached down and kneaded her hard butt. She pressed firmly against me. I could feel her soft breasts, her hard nipples through my shirt. Her dainty hand slid down between us and she rubbed my crotch forcefully, her fingers gripping my rapidly stiffening cock.

I took her by the hand and led her upstairs. In the bedroom, we kissed and I began to undress her. She was wearing her sexiest underwear, a tiny pink thong and matching bra. She kicked off her heels and lay back on the bed. I uncovered one breast at a time, kissing and sucking her nipples. Then I trailed my tongue down between her mounds and across her flat stomach. I slowly pulled off her thong, massaging her legs. Then I stood back up to admire her gorgeous, young body. She opened her legs wide and spread her pussy for me.

I stripped quickly and climbed on top of her. She grabbed my cock and guided it inside her. I made love to her slowly, passionately, sharing deep, wet kisses the whole time. She came more than once, her spasming pussy clenching at me as she gasped and sucked on my tongue.

I rolled over onto my back and pulled her on top of me. She sat up, hands on my chest, and slowly rode me up and down. As she did, I explored her body with my hands, cupping her full breasts, teasing her erect nipples, squeezing her hard ass. I traced her lips with my finger, and she took my thumb into her mouth, sucking on it in time with her movements. She came

yet again, while grinding her pelvis against mine. She collapsed forward, her mouth next to my ear.

"I'm done," she sighed. "Come inside me."

I grabbed her butt and thrust upward harder. She was gasping and moaning right in my ear, her hot, moist, breath on my neck. I slid my hand between her cheeks, my finger tickling her ass. She moaned louder, encouraging me. I remembered how she'd reacted when I'd tongued her anus. I pressed my middle finger firmly into her butt.

"Oh fuck!" She growled lustily.

She started bucking up and down, her sphincter pulsing on my finger. I could feel myself inside her through the skin separating her ass and her pussy.

"Oh Jesus," I moaned as my body tensed up and I came inside her, squeezing her tight.

I went limp back on the bed and withdrew my finger from her bottom. She collapsed on top of me.

"That was... interesting," she said. "A little like getting an electric shock... but in a good way."

"I'm glad you liked it."

"I did," she moaned. She started grinding against me. "It's still early."

I laughed. "Ashley, this is why you need a younger man. I'm cooked."

"We'll see," she replied with a smirk as she ducked under the covers.

She swallowed my slimy dong into her mouth and blew me wetly. It felt good, so good, but there was no way I was going to get more than a partial erection, not so soon. But she didn't seem to mind as she continued to work my cock and balls with her mouth.

I felt her wet finger tickle my asshole. I tensed. I'd never been into that. Latent homophobia maybe, unpleasant associations with rectal thermometers and prostate exams, general squeamishness, whatever. But I was hardly in a position to object given that I'd just shoved my own finger in her ass, and anyway, her lips on my dick had me in a compliant mood.

She pressed her finger into me. More gently than I had done, but it was still a jolt. It was a little uncomfortable and felt more than a little gay, but the combination of her mouth and tongue on my cock and her finger

thrusting in my ass was enough to get me hard, at first just a noticeable stiffening, but surprisingly soon a full blown erection.

She reappeared from under the covers with a big grin, "see, I told you."

She got up on her hands and knees, waving her little ass at me. I didn't need any more encouragement. I kneeled behind her and pressed my cock into her steaming snatch. She was sloppy wet, literally so since I'd finished inside her just a little while earlier. It was all over my shaft, on her thighs. I decided to continue our little experiment in ass play. I coated my thumb with our combined juices and pressed it into her butt.

Just as before, it was like flipping a light switch. She backed up against me hard, over and over, fucking me harder than I was fucking her. I reached around with my other hand and touched her swollen and hard clit.

She growled and flung her head back, her long blond hair slicing through the air. She looked back me over her shoulder, her expression fierce, feral.

"You can do anything to me," she grunted through clenched teeth. "Anything!"

I knew what she wanted. I wanted it too. All that stuff I'd told her about self-respect and not selling herself short and not having to accept porn conventions... all that went out the window in that moment of animal lust.

I pulled my dick out of her pussy and placed it against her tiny puckered asshole. Any doubts I had about what she wanted vanished as she pressed back against me, taking my cock inside her. I thrust forward, finishing the job.

She let out a lusty growl and began pumping her ass back and forth, sodomizing herself with my cock. It set me off in a way I'd never experienced before. It wasn't just the physical sensation of her tight ass pumping up and down my shaft, it was everything: the visual of my cock spearing her tight hole, the taboo of it, and mostly her reaction, lusty, feral.

I grabbed a handful of her hair and yanked it roughly. With my other hand I slapped her ass hard, harder than I intended. It was like a gunshot. But that only seemed to turn her on more. She reached between her legs and shoved two fingers into her pussy, finger banging herself roughly. I spanked her again and again, back and forth on each of her perfect ass cheeks.

She suddenly reared up, her back impossibly arched. She didn't even make a sound, but her body shuddered so violently I thought for a second it was a seizure, and then I felt her ass clamping down on my cock rapidly. She took a sudden gasping breath and then fell forward onto the bed. I started to follow her down. I wasn't done. But she put her hand between us.

"No more," she gasped, "no more."

I sat back on my heels, surprised at how hard I was breathing and sweating.

"Did you?" She asked.

"No, but that's okay," I replied catching my breath in deep gulps.

"Come on," she said, taking me by the hand and pulling me off the bed.

She led me into the bathroom. Joanne and I have a big, two person shower, with wall jets and a waterfall showerhead. We turned on everything, real hot and climbed in. She sat me down on the bench and kneeled before me. She cleaned my cock carefully and then took it deep in her mouth.

She wasn't in any rush. She took her time, licking me up and down and then swallowing me deep. She sucked my balls gently. Then she leaned into my lap and took my cock between her beautiful breasts, bouncing up and down, fucking me with her cleavage. She stared up at me, her big blue eyes watching me unblinkingly.

I came again, my cock pulsing almost painfully. My jism splashed across her face and dribbled down her cheeks onto her breasts.

She laughed. "That was more than I expected."

I couldn't even reply.

I grabbed a washcloth and began to clean her off. I wiped off her face and kissed her on the lips. I soaped up her breasts and gently kissed her nipples. I stood her up and carefully cleaned between her legs. Her pussy was swollen and very sensitive. Her ass was worse, covered in my handprints, and her anus was an angry red. I kissed both gently.

I stood and hugged her close, neither of us speaking. Between the wine and the sex and shower, we were both exhausted. We dried ourselves off and stumbled into bed naked, both of us asleep in minutes.

I woke up in the middle of the night in the midst of a panic attack. Wracked with guilt I woke her up.

She gave me a groggy grin, "Oh God, you really are insatiable."

"Ashley, I'm so sorry. I don't know what came over me."

"Huh?"

"Tonight. It... I... I've never been like that. I can't believe how I treated you."

She smiled. "Did it seem like I didn't enjoy it?"

"No, but..."

"No buts. We're two consenting adults. And you stopped the second I asked you to."

I almost debated the consenting adults part. She was still just a kid, even if she didn't know it. An eighteen-year-old kid, but still a kid. And I was a pervert. A monster. An abusive, perverted monster.

"No man should treat you that way. You shouldn't let them."

She reached out and brushed my cheek. "Even if I enjoyed it? Anyway, I know you'd never hurt me."

"How can you know that?"

"I just do."

"We can't do this anymore," I said sadly. "We have to stop."

"That's going to happen anyway. Joanne is going to be home soon. And anyway, in two weeks I'm off to school. But there's no reason we can't enjoy this for now."

"It's wrong."

She sidled up to me, her naked body pressing against mine.

"Make love to me," she said simply, throwing a leg over my waist and kissing me softly.

We made love slowly, face-to-face, side-by-side. Her body was warm, soft and responsive. She came beautifully, with a delicate shiver, a big smile, and a small tear of joy running down her cheek. I climaxed as well, and we fell back asleep in each other's arms.

Chapter Seven

Monday morning, we both had to get to work, so we rose briskly and got out of the house. I had a couple of morning status update meetings, then a business lunch, and then a meeting with our accountant. Boring stuff. Except, suddenly it wasn't so boring.

The first text came at 9:43am while I was watching an endless PowerPoint about trends in commercial real estate inventory. It was from Ashley. For a second I was worried something was wrong, but instead I was greeted by a picture of her holding a sign, "thinking of you" written in cute high school girl loops, little hearts over the "i"s.

"Me too," I texted back.

At 10:24, another text. "Got a ten minute pedi on coffee break." It was accompanied by a picture of her sexy little feet and her new, bright red, nail polish.

I sent her a picture of my loafers.

10:27: "LOL, my pic was cuter."

11:13: "I hate wearing a bra," accompanied by a down blouse shot of her cleavage.

I didn't have time to answer before the next one came.

11:15: "So, I decided to air them out," accompanied by a close up of one of her perfect, naked, breasts, capped by a beautiful erect nipple.

"My pants are getting tight," I replied.

"Pics or it didn't happen," she answered quickly.

But somehow, no matter how boring the PowerPoint, I figured someone would notice me taking a crotch shot of myself.

"Guess you'll have to find out for yourself later," I wrote.

"Mmmm," she texted back.

12:43, while I was at lunch. Another text from her. "Just noticed I had panty lines in this dress. So I had to take them off." Attached was a picture of cute, white panties in a desk drawer.

I excused myself to go to the bathroom. I stroked myself to a respectable size and sent her a picture of the bulge in my boxers, my first experience with sexting. "Okay, you win," I texted back.

1:26: "UNCLE DANNY! OMFG what kind of gurl do u think i am?"

Then two minutes later, "Just kidding. Getting me hot."

I went to my accountant meeting, and he started going over our finances and estimated taxes for the rest of the year. I was already more than a little distracted when my phone started vibrating in my pocket with incoming texts. I checked them as surreptitiously as possible.

2:21: "Can't stop thinking about you. Need to do something about it."

She followed that with a series of selfies, each about two minutes apart.

>>A picture of her sitting on a closed toilet, centered on her dress-covered legs.

>>Same location, but now the dress was pulled way up, showing off her creamy thighs.

>>Now the dress was bunched around her waist. Her legs were together, but her tight, little slit on display.

>>Legs spread now, the image centered on her pussy.

>>Her hand rubbing her lovely snatch.

>>Her pussy penetrated with two fingers.

>>Her snatch spread wide, glistening, her fingers slick as they bracketed her clit.

My blood was boiling with lust.

"Bill," I said suddenly, interrupting him mid-sentence, "listen, I need to take care of something. I'll call to reschedule."

He gave me a queer look. "Um, okay Dan. You sure everything is alright? You look a little flush."

"I'm okay. Just... Look, I'll call tomorrow to reschedule."

Holding my folder over my crotch, I speed-walked out of the room.

I got in my car and pulled out my phone and sent a text to Ashley.

"Come home NOW!"

She texted back right away, "LOL. Can't I'm @ work"

"Tell them you're not feeling well. I want you."

She made me wait five minutes for a reply.

"Guess you liked those pics?"

"Yeah, a little," I replied. "Come home now. Don't make me beg."

"Okay okay, I don't want you to compromise your dignity."

"Too late," I texted back.

It was another couple of minutes before she replied, "Okay, leaving now. Usual pick up?"

"I'll be waiting."

I drove to the subway station and parked with a view of the exit, going back over her texted pics as I waited. Finally she appeared and strode to the car with a big grin on her face. She climbed in and I drove off.

I wanted to kiss her hard, but couldn't risk it. Instead I snaked my hand into her lap and between her legs.

"You're a bad girl," I hissed as my hand found her wet gash.

"Are you gonna span.... Ooh," she moaned as I shoved two fingers inside her.

"Are you always like this?" I asked as I fucked her with my digits, my thumb now rubbing her clit hard.

"Is that what you want to hear? That I'm a dirty, horny slut?"

I groaned at words.

"Or do you want to hear that it's all you that's getting me so turned on?"

I groaned again. She seemed to have an almost instinctive ability to push my buttons.

"Oh god, you're gonna make me come," she moaned before I could answer. And a moment later, her pussy began pulsing on my fingers as she gasped with pleasure.

She pushed my hand away and immediately draped herself over the center console, her head in my lap. She pulled down my zipper and fished out my cock, swallowing me deep.

Road head was another first for me, and it was such a turn on that I brushed aside the alarm bells ringing in my head. This was reckless on so many levels that I couldn't even process it. The risk of an accident paled in comparison to the possibility of being seen. We were driving around my neighborhood, and anyone getting close to the car could easily see what was going on.

Luckily, the streets were quiet and we made it home without incident. I parked in the driveway, and was tempted to let her finish me off, but instead I forced myself to stop.

"Let's go inside," I growled.

I fixed myself up as best I could and then she and I walked stiffly to the door, both of us acting as nonchalant as possible.

Once inside, though, we were immediately at each other. We kissed hard. Then without a word, I spun her around and shoved her face first against the door. I reached down and lifted her dress. She bent at the waist and jutted out her perfect, little ass. I dropped my pants and with a rough thrust buried myself inside her hot, tight pussy from behind.

I fucked her hard, virtually lifting her off the floor with each stroke. She was gasping and moaning loudly. I reached under her dress and roughly mauled her breasts, gripping her nipples and stretching them out. She mewled in pain, but she obviously loved it, her hand now sliding down to frig her clit as I banged her hard.

Anyone walking by would have heard the door rattling as I slammed her against it over and over. And if they came closer they would surely hear our intermingled moans, and slap of flesh on flesh. I was so worked up that I didn't last more than a couple of minutes. I came suddenly, hard.

I felt lightheaded and leaned against the door to support myself. Ashley disentangled and dropped down to her knees, taking my slimy prick into her mouth, teasing out a last few drops of jism.

"Mmmm, I like tasting myself on you," she cooed.

That sent a jolt of excitement through me. I shook my head.

"What?" she asked, rubbing my member up and down.

I chuckled. "Behind that angelic face, you have a lot of dirty thoughts."

She stopped stroking me and got very serious, "you have no idea."

The moment passed before I could respond. She gave me a saucy smirk and took me back into her mouth.

My phone rang. Since my pants were pooled around my ankles, she was closer. She reached into my pocket and recovered it. Ashley nonchalantly handed it up to me even as she continued sucking me off. It was Joanne.

"Hey babe," I answered.

"Hey yourself." She paused. "You okay? You sound out of breath."

I pushed Ashley away and put a finger to my lips.

"Yeah, just got back from a run."

"Oh, I thought you were meeting with Bill today?"

"Something came up," I replied, perhaps too literally. "He had to cancel." I made a mental note to clean up that lie.

"Okay. So, good news on this side. Rich is doing a lot better. He's going home tomorrow morning. So I'm going to stay another day and get him settled in. I have a plane flight Wednesday afternoon, so I should be home for dinner."

"That's great," I said with as much enthusiasm as I could muster.

"Okay, gotta run. Kids are coming home soon. Going to start on dinner. Love you. See you soon."

"Love you too," I replied.

I hung up and lowered the phone to my side. Ashley had been right. Our time was together was limited.

"So, can I go back to blowing you?" she asked with a grin.

I took her by the hand and stood her up.

"Joanne is coming home," I said simply.

"Tonight?"

"No. Wednesday."

She nodded thoughtfully.

I hugged her tightly. "This has been amazing."

"Yeah," she replied softly.

After a few minutes she excused herself. I felt the same. It was expected, but painful, like the death of a long-suffering relative.

We had a quiet dinner and retired to bed together, spending the evening exploring each other's bodies. There was no repeat of the Sunday night fireworks, but it was still amazing, her body warm, inviting, responsive; her pussy tight, hot, and very wet. We were in the sweet spot where we had gotten to know how to please each other, but before the novelty had time to wear off.

The next day, Tuesday, was the last day we could be together. She called in sick and we spent the day together in bed, kissing and making love in every position. We had a long, slow session of anal, me spooning her and gently rubbing her clit as I slid my dick in and out of her tight ass.

By the time night fell, we were both too exhausted for more, and we just watched TV together and cuddled.

Chapter Eight

Wednesday I shooed her off to work while went about cleaning the house. I opened all the windows, changed the sheets. I moved her stuff, some clothes, a phone charger, out of the bedroom and back into her room.

I picked up Joanne at the airport. She was exhausted from travel, and after an early meal, she and I went to bed and cuddled as we went to sleep. In the middle of the night I woke up, and for a moment felt a desperate desire to sneak out of bed and visit Ashley. I resisted it, but I spent most of the night awake, thinking of her.

Joanne had taken the entire week off, so she was still at home when I went off to a bunch of meetings on Thursday. I got back late, after 6:00pm, to find Joanne sitting alone at the kitchen table with a glass of wine.

I looked around. All the lights were off. No sign of dinner. No Ashley.

"So, where's our houseguest?" I asked lightly.

"On a train back home."

"Oh..."

"How could you?" she exclaimed, her voice a mix of anger and disappointment.

"How could I what?"

She sighed.

"What are you talking about?" I said, already knowing my bluff was called.

"Goddamn it, Dan, you were always the world's worst fucking liar. Don't waste your time. She already admitted it."

"She did?" I was devastated. Why would Ashley go to Joanne like that?

As if reading my mind, Joanne respond, "Oh, don't worry, your little girlfriend didn't rat you out. She just broke down when I confronted her. I figured it out myself."

"How?" I blurted out.

She gave me a smirk. "Well, at least you're not denying it anymore." She paused. "I'm not stupid, you know. You couldn't keep your eyes off each other last night... And then today I was cleaning up and found one of your tee shirts in her room. And then her hair in my fucking shower! You fucked that little slut in our bed, didn't you?"

I winced. "Please don't call her that. It's not her fault. I'm the villain here."

"That's for sure," Joanne replied curtly. She chuckled sardonically. "I was sort of worried about something like this. She's at that age where girls often have inappropriate relationships."

"Did you?"

"This is not about me!" She hissed. Then she softened. "Yes, of course. My manager at Subway. But he was like eight years older than me, not forty. I underestimated you, Dan. It just didn't really occur to me you could get her interested."

"It wasn't like that. I didn't plan it."

She snorted. "How many times? How many times did you have sex with her?"

"I... Um... I don't know."

"Are you just ducking the question or was it so many times that you can't keep track?"

I looked down.

"So you just accidentally fucked her so many times that you lost count?"

"Jeez, I dunno, Babe, what do you want me to say?"

"Don't 'Babe' me, you asshole! And you could start with an apology."

I looked up at her. She was furious and sad, still beautiful and the love of my life, and I'd fucked it all up. "I'm sorry. I'm so sorry," I gushed.

Her features hardened. "That's not good enough."

I didn't know what to say. "Do you want a divorce?"

She let out a sharp, barking laugh. "No way mister. You're not getting out of this that easily. Was that your plan? Divorce me and set up housekeeping with your little whore?"

"She's not a whore."

Joanne's eyes flashed dangerously. "Dan, I promised myself I'd keep it together, but I swear to God, if you keep white knighting for her, I'm going to stick you with a kitchen knife."

I held up my hands in surrender.

"I'm being more than reasonable here," she added. "I even called up her Mom and gave her a bullshit story about how Ashley was coming home because she was homesick, so it's not like I'm taking it out on her."

"Thank you," I said softly.

There was another pause.

"Let me ask you a question, Dan. What did you use for protection?"

I groaned. "Oh Jesus. I... I didn't...."

"So you stuck your dick in a fertile, sexually active young girl and didn't think to wrap it? You looking to be a daddy again?"

"I... It never occurred to me. It's been so long since..."

She slammed her fists on the table. "Fuck you! I'm not that old! I only got off the pill a few years ago."

"I know, I know, I mean it's just been so long since I had to worry about it. You always took care of that."

She laughed mordantly. "Well, the good news is that you're so fucking incompetent at this that I can actually believe this is your first affair."

"It is. I swear. I don't know what came over me."

"Sure you do. You're a stupid old goat, and you couldn't resist knocking off a piece of barely legal tail. You're such a fucking cliché. Well, luckily she told me she was on the pill, so at least you haven't ruined her life."

She gave me a withering look, more contempt than anger or sadness, and all the more painful for it.

"What do you want me to do?" I asked.

"You can start by answering my questions honestly."

"Of course."

"So, did you enjoy it?"

"Joanne, please, we don't have to do this."

She glared at me.

"Did you?"

"Yes," I replied mechanically.

"Was she a good pupil? Did you teach her how to make love? Did she tell you she was a virgin?" she asked, her voice dripping with contempt, her eyes batting mockingly.

"It wasn't like that," I muttered lamely.

"Oh?" She replied skeptically.

"I've never done that. Oooh, you're so big. I've never felt like this before. Am I getting close?"

I shook my head. But she was getting close.

"You must have felt like a big man, huh? What else did she do for you? Did she suck you off? Did she swallow? Did she take it up the ass? Do you really think you're the first 'daddy' she's spread for?"

"Enough!" I snapped. "Don't take it out on her. I fucked up. Fucked up big time. She's a beautiful girl and being with her made me feel thirty years younger. It was a moment of weakness."

"Bullshit!" She hissed. "A moment of weakness, I could maybe forgive. But this was more. You went back to the well over and over, so many times that you lost count. You had time to think it through, and the only thing that stopped it was me walking through the door. If I hadn't come home, the two of you would probably be in my bed right now, fucking and laughing at me."

She choked back a sob.

"No! No, Joanne that's just not true. We... I never meant to hurt you. I was self-indulgent and stupid, and maybe that is too much for you to forgive. I understand that. But there was nothing malicious about it."

She stared at me red-eyed and I stared back.

"So what do I do now?" she asked. "Am I supposed to have an affair of my own to even the score?"

I winced. "I hope you don't," I replied weakly.

"Fuck you, Dan! You don't get a fucking vote."

"I know."

"That's the thing though. I don't actually want to fuck anyone else."

"I don't know what to say. I'll try to make it up to you. I'm sorry."

"I'm sorry too," she said softly as she stood, taking her wine with her and leaving the kitchen. Without looking back, she added, "you're not welcome in the bedroom." And she was gone.

I sat in the darkening kitchen feeling sorry for myself, angry at having made a hash of things, and guilty for having betrayed Joanne.

I pulled out my phone and sent a text to Ashley.
"Are you okay?"
"Yeah. You?"
"I dunno," I replied.
"Yeah, me too. I'm sorry."
"Don't be. It's not your fault."
"Okay," she texted back.
I stared at the phone for a few minutes, then texted her again.
"We can't talk anymore."
"Okay," she wrote back. And then a moment later, "I'll never forget
you."
"Same here."
I powered the phone down and closed my eyes.

The next two weeks were rough, really rough. Joanne was angry, rightfully so, and it felt like I was constantly walking on eggshells. But she never blew up, never yelled, and in some ways that made it worse, her maturity and control a powerful rebuke. She was the grownup in the relationship.

She made me get tested for STDs, and as I expected, it came back clean. For all of Joanne's angry suggestions that Ashley had been disingenuous, I was still pretty sure that everything had been as it seemed. It was flattering to think that, of course; that Ashley had singled me out to be her tutor in sex, but I also had no reason to doubt it.

Things were quiet, tense. We went through our routines as smoothly as possible, keeping up the house, eating together, talking with the kids on the phone as if nothing had happened.

Then one night, a couple of weeks after Joanne's return, she fetched me from my bed in the guest room and brought me to the bedroom where she matter-of-factly stripped off her bathrobe to reveal that she was naked.

"You too," she said simply as she climbed into bed.

I removed my PJs and climbed into bed with her. There was no kissing. She grabbed my cock and stroked it firmly, and as I stiffened, she pushed my head down under the covers.

I licked her pussy up and down, relishing her quiet moans of pleasure. It had been over a month since we'd made love, one of the longest gaps of our marriage.

After a few minutes, she pulled me back up and pushed me onto my back. She reached over to her nightstand and produced a condom, which she slid over my prick. I knew better than to protest.

With practiced ease she threw a leg over me and mounted me, dropping heavily onto my engorged cock. I hadn't used a condom in almost thirty-five years, and I hated the sensation, or lack thereof. But this wasn't about me, I knew. I let her set the pace, allowing my hands to roam over her body, teasing her nipples, caressing her neck.

She started moving faster. I grabbed her butt to urge her on. She ground against me, her breathing becoming ragged. She let out a sexy groan and I could feel her pussy clenching as she came.

She collapsed on me, breathing heavily.

"Go ahead if you want," she said simply, but it was obvious she wasn't really interested in going on.

"That's okay," I replied.

She rolled off me. "You can go now."

"What? What was that about?"

"Just because I don't want you sleeping in my bed doesn't mean I want to be celibate."

I sighed. "Okay. If that's what you want."

"That's what I want."

I got out of bed and gathered up my PJs. "We'll, good night, I guess."

"You too," she replied. "And thanks."

I stalked off to the guest room and dropped heavily onto the bed, staring at the ceiling.

Chapter Nine

But time heals all wounds even if it doesn't erase the scars. After another month of periodic sex, I was invited back in the bedroom. And after a second round of tests, I was allowed to remove the condom.

Then one day, after almost six months, she asked me, "Are you still in touch with her?"

"No," I replied honestly. "No contact since the day she left."

Joanne regarded me carefully, looking for signs of deceit. She must have been satisfied because after a while she simply said, "thank you."

Things gradually returned to normal, and most importantly so did our old affection. I could still see the hurt in her eyes though, and that was the most painful thing of all.

I often thought of Ashley. I'd kept those pictures she sent me, and I sometimes went back to them when I was feeling down. But I never did contact her, nor she me. I remained friends with Trent, who happily never found out I'd had sex with his daughter, and through him I'd get occasional updates.

She'd gone to Northwestern, studied abroad in Germany, was thinking of business school. I asked general polite questions, but kept my interest in her under wraps. Truth is, I worried about her. And I worried that our affair might have hurt her in some way. That guilt wasn't as pressing as that which I felt toward Joanne, but it was a lingering feeling that sometimes crept up on me.

Then one day, six years after the affair, and as I was staring my 60th in the face, we got a beautiful engraved envelop inviting us to Ashley's wedding.

I found it already open when I got home -- it was addressed, of course, to both Joanne and me -- sitting on the kitchen table. Joanne watched me carefully as I read it.

"We should send our regrets," I said quickly.

She smiled kindly. "Don't be silly. She's your best friend's daughter. We have to go."

"Are you... are you sure?" It felt like a trap to me.

She laughed. "Dan, if you can talk that girl into walking away from the altar, then it probably wasn't meant to be."

"That's not what I mean. I don't want this to be difficult for you."

She shook her head. "You're so silly sometimes. Finding out you'd cheated was hard. Seeing her married off won't be. Anyway, it'll be fun, and it would be weird if we didn't go. I always love wedding, and since our boys are talking their sweet time settling down, we might as well go to this one."

I wasn't quite sure what this was all about, but I did want to go. I wanted to see Ashley again in person and wish her good luck. I wanted to see with my own eyes that she was happy and had found a good match. I think I'd managed to make things right with Joanne, but I also wanted to clear my conscience once and for all with Ashley.

It was a beautiful ceremony. When Ashley appeared in her wedding gown, there was an audible gasp; she was just that beautiful. Her hubby-to-be, Jason, was a tall, strapping fellow, devastatingly handsome.

When we first saw him, Joanne elbowed me in the ribs, "If you can arrange it, I'd consider swinging with them."

"Shhhh," I hissed, looking around.

Joanne giggled. And I realized that she'd really and truly forgiven me.

From the way Ashley and Jason looked at each other, it was obvious they were desperately in love. They'd written their own vows. I can't remember them, but they were beautiful enough that Joanne sobbed like a baby.

It was getting late. We'd eaten. We'd drunk. We'd danced. I was sitting with Joanne who was carrying the burden of conversing with some of the other folks at the table.

I was, I guess, distracted. In the receiving line, Ashley had given me a chaste peck on the cheek and said she was delighted we'd come. We'd wished her good luck. It felt empty.

Joanne elbowed me in the ribs.

"Go ask her to dance already."

"What?"

She rolled her eyes. "You can't keep your eyes off her. There's obviously something you want to say to her. And she's been looking at you all night too."

"But..."

"Don't worry, if I see you two leaving the dance floor, I'll break it up.... Well, either that or try to seduce Jason."

"Joanne, I'm not sure why...."

She put her hand on my forearm. "Dan. You hurt me. You were selfish and stupid. But you're a good man. You made things right with me over time. But I know you never closed things out with her. Now's your chance."

"Are you sure?"

She nodded.

I walked over toward Ashley. She watched me from almost the moment I stood up, her face alternating between anxiety and anticipation as she realized I was coming over to speak.

She stood as I approached the table, and grabbed me by the arm. She pulled me over to her new husband.

"Jason, this is Uncle Danny, he's an old family friend."

He stood and squeezed my hand in an iron grip. "Pleasure to me you... sir," he said, twisting in the knife.

"May I have a dance?" I said to both of them, not quite sure whom to ask.

"With me or him?" Ashley asked with a giggle.

I smiled. "How about the bride first?" I turned toward Jason, "maybe later?"

He laughed. "Who knows? Lots of booze still at the bar."

He was either a cool customer, or, more likely, Ashley hadn't told him about us.

We got out on the dance floor. It was a slow tune, and we danced closely, though respectfully.

"Does he know?" I asked.

"No one knows," she said blankly.

"Oh..." I said, a little taken aback by her tone.

She laughed. "I didn't mean it that way. It's just what it is. No one knows. Had to be that way, didn't it?"

I nodded. We danced quietly for a moment.

"I'm sorry," I said suddenly.

"For what?"

"Everything. I'm sorry for what happened. For how it ended. For everything."

She stopped, grabbed my arms, and looked me in the eyes. "I'm not. Well, I am sorry about hurting Joanne. I'm so happy to see you guys worked it out. But I not sorry about what happened."

We started dancing again.

"I abused my position. I was supposed to be watching out for you."

"As I remember it, I virtually raped you the first time."

"Yeah, but..."

"Listen, I can't tell you how to feel. I can only tell you about me. And for me, it was a great experience."

"Yeah?"

She giggled. "Like I said, my only regret is Joanne. You know, you almost ruined me for other men."

"That doesn't sound good."

"But it is," she replied. "You set a high bar. Handsome, successful, a great cook, kind, a wonderful lover. I had to throw a lot of prospects away because they couldn't match up. Everyone's always told me not to settle for less, but having an actual standard to measure men against was... Useful."

"So Jason?"

She nodded and gave me a saucy grin. "He's not as good a cook, but well, he makes up for it elsewhere."

My stomach did a flip. I was actually jealous. But also happy she was happy.

"I'm glad you're doing well. I... I never wanted to hurt you. I was so worried."

She smiled. "God, you are a sweet man. If anything ever happens to Jason, Joanne better watch out because I'm coming for you."

I laughed. "I wish I could bottle you," I said, finally expressing part of the sentiments I hadn't been able to say earlier. "Five minutes with you and I feel twenty years younger."

She stood on her tiptoes and kissed my cheek.

"I better go. Don't worry about me. I'm fine. And you obeyed the campsite rule. You left me in better shape than you found me."

I smiled. "You did the same, you know."

"Thanks for coming, Uncle Danny. It was great seeing you."

She turned and walked back toward Jason and her other friends. They had a line of shots on the table. For them the party was just beginning. But I was tired. I took Joanne by the hand and we went up to our room.

We hung up our clothes, brushed our teeth, changed into PJs, and climbed together into bed. I spooned her and nuzzled the nape of her neck, my hands reaching around and cupping her full breasts. My, not-so-romantic, offer. She ground her ass back against me. Her practiced response.

She turned to face me. We kissed. I removed her top and kissed her nipples. She reached into my pants and stroked my cock. After a few minutes, we disentangled and removed the rest of our clothes.

I dropped beneath the covers and licked her, sliding a finger inside her. She moaned softly and after a few moments, pulled me back up as she disappeared under the covers and took me deep into her soft, wet mouth in turn.

When I was hard, she shimmied up my body, letting her nipples tickle my thighs and belly. She settled above me and took my prick into her pussy.

We made love slowly, tenderly, as we had literally thousands of times.

After, we lay together, cuddling.

"Did you love her?" Joanne asked simply.

She'd never asked me that, or really much of anything about Ashley over the years. By mutual consent, it was something to be ignored, forgotten.

"No," I replied quickly, speaking what I'd realized years ago. "No, I love you. But I loved the idea of her. I don't know if that makes any sense."

She was quiet for a long while. I waited for an answer, waited for her to either validate the sentiment or blow up at its dishonesty. But she did neither. Instead, she sighed softly, and then rolled over and fell asleep.
