PREFACE

This preface will be short and dirty, like the story you're about to read. This is a straight cuckold story, with a harder edge than I usually do. If you're not into cuckold stories, please look elsewhere.

I

My wife Becky and I live a pretty white-bread life. We met as undergrads at the University of Maryland, and got married two years after graduation. Becky is an events coordinator for a brokerage firm, and I work as a paralegal in Baltimore. We live in a small, starter home in the suburbs with our two dogs. We go on vacations once a year at my parent's lake house, but for the most part our lives are very routine: work, dinner in front of the TV, walking with the dogs, going out to an occasional dinner and movie.

Our neighborhood is starting to change. Developers bought the lot which adjoins our backyard. At first, we were upset that we were losing the woods behind our house, but when we saw they were putting up 600K+ houses back there, we got pretty psyched about the effects on our property values.

One day after the houses were complete, we saw some activity in the house right behind ours. We peered over the fence to get a glimpse at our new neighbors. They were older than us. Becky and I are 26 and 27 respectively, and our new neighbors seemed at least a few years older. The man was probably close to 40, distinguished, well-dressed, with dark hair graying at the temples. The woman was tall, slim and exotic. She seemed like she was part-Asian and part-Hispanic, although she was relatively fair skinned. They were almost our opposites in that regard. Becky looks younger than she is; when we go to Maryland games she could easily pass for one of the blonde sorority girls we see tailgating in the parking lot. Aside from a few extra pounds and a little less hair, I could be one of the frat guys partying with them. Not that that is all that surprising. That is who we were just a few years ago.

Our new neighbors saw us looking into their yard and introduced themselves as Don and Anita.

Don was a lawyer, and when I told him I was a paralegal, he offered to talk to me about making a career in the law. Anita and Becky seemed to hit it off too. Even up close, Anita was a bit of a mystery. She could have been anywhere from 30 to 40, but she had a sophisticated air about her that clearly left Becky both intimidated and intrigued. After a few more

pleasantries, they excused themselves and went back to supervising the movers who were unloading a lot of expensive-looking possessions.

"They seem nice," I said as they got out of earshot.

"Yeah, definitely," Becky replied.

The next day, I was mowing the lawn, when Don walked over to the fence.

"Hey, Jeff," he called out.

I killed the motor and approached him.

"How's the move going?"

"We've got a thousand boxes to unpack. But we love the house so far."

"Great, we'd love to see it sometime. Let me know if you need any help with anything."

"Thanks," Don replied. "Actually, I was going to invite you up to the house for drinks once we got settled in, but if you do have some time later this afternoon, I need a little help moving some things. Would you be willing to give me a hand? We can order some Chinese food, have a couple of beers, and get to know each other."

"Sure, sounds good. I'll check to see if Becky had any plans, but unless you hear different, why don't we plan to come over around four?"

"Great, see you then," he said with a smile.

I went back to mowing the lawn.

That afternoon, Becky and I went over. While Don and I moved some furniture, Becky and Anita unpacked their kitchen. When the food arrived, we sat down in their breakfast nook and had dinner.

Anita and Don were full of stories. They had travelled all over the world. Don was a litigator and had lots of great war stories. Anita had this dry wit, and she kept us in stitches with her asides and observations. She also had this little twinkle in her eyes that I found very alluring, and I could not help checking her out as she walked around the kitchen in her tight

jeans. Even that first night, I realized I was becoming somewhat infatuated with her, though I knew I'd never have the guts to do anything about it.

Becky and I spent more and more time with Don and Anita. They added a big, beautiful deck onto their house, and when the next spring came, they added a full-sized, in-ground pool in their backyard. Their house became the *de facto* social center of the neighborhood, and it seemed like we spent most of the summer on their deck or around their pool, sipping mixed drinks (Don made a killer Margarita), and mingling with their friends who all seemed as sophisticated and interesting as they were.

As much fun as we were having, I realized I was getting more and more obsessed with Anita. It wasn't anything obvious and lurid, but rather I thought about her more often, and fantasized about her on a regular basis when I made love to Becky. I never said a word to anyone, of course. I liked Don too much to do anything to hurt him, and I loved Becky too much to risk losing her. But often, I'd just think about Anita. That long black hair, those almond-shaped, black-violet eyes, her long, lean body and legs.

In August, there was a fire in my building at work. The sprinklers had gone off, soaking the place, and they had to close the place down temporarily as they did damage assessment and cleaned up the mess. For two weeks I had nothing to do but lounge around the house. Becky and I thought about taking a vacation, but she was planning a big conference for the end of the month, and could not take any time off.

When we told Anita and Don about my situation, they told me to feel free to come over to their house during the day and use the pool. Anita didn't work full-time; she was an interior designer and only worked sporadically when an interesting client came along. I felt awkward about going to their house when they were not in, and even more awkward about being with Anita alone, so I thanked them for their offer while not planning to take them up on it.

My resolve lasted all of two days. We got hit by a vicious heat wave, and I was bored, bored, bored. One day, after I'd done all the household chores I could think of, I peered into their yard. Both of their cars were gone, the house was quiet, and their pool was beckoning me to take a swim. I gave in and went over.

The water was cool and clear, and I sort of lost track of time. One minute I was splashing around by myself, the next I heard their patio door slam and saw Anita walking toward me wearing a bikini and carrying two frozen margaritas. Her bikini was tiny and suggestive, but Anita had lived in Spain and France, and she could not imagine wearing a dowdy one-piece, or even a conservative two-piece. Indeed, she once told us that even wearing a top sometimes felt oppressive to her. I got out of the water and started to make excuses. But Anita just dismissed them and told me to make myself at home.

I felt like I should leave, but I didn't want to seem rude, and Anita and Don had both invited me to come over and use their pool whenever I wanted. I started to relax, and joined Anita on the deck for a drink.

We spent most of the afternoon together. I went back to my house to get a book, and then read on their deck with her. I don't know if it was the sun or the booze (we had another couple of margaritas each), but Anita was definitely flirtier than usual. She even asked me to put some sunscreen on her back, and as I did, she reached back and undid her bikini top so that she would not have a tan line on her back. Her body was very warm to the touch, and as I rubbed her, she squirmed ever so slightly. I could feel myself getting an erection, and I had the distinct feeling that if I made a pass at her, she'd have responded enthusiastically.

Frankly, the sexual tension scared me. After a couple of minutes, I made some sort of excuse and started to go back to my house.

As I got up, Anita sat up, an arm draped across her pert breasts, and she said, "Jeff, thanks for coming over. I get so bored sometimes." She paused and then added, "it's going to be another hot day tomorrow, come by for another swim."

Back in my house, I peered across the yard at Anita still sunning herself on her deck. I was slowly, unconsciously, rubbing my now fully-erect cock. Like a man possessed, I shoved my hand down the front of my shorts, and stroked myself once, twice, three times, before I came all over myself. I immediately felt horribly embarrassed. I showered, cleaned myself off, and took a nap before Becky came home.

The next day, I was determined to stay away from Anita and Don's house. But it was so hot, and around 1:00pm, Anita actually called and invited me over. I wanted to go, and I didn't have any good excuse, so I accepted her offer. Again, Anita seemed to be toying with me, getting me all

hot and bothered. I wondered if she was deliberately tormenting me, or whether I was making things up. Again, she asked me to put sunscreen on her back. This time she was wearing tiny little thong bottoms, and as I sat beside her, she was effectively naked from the back. She also kept leaning over me, letting me smell her scent, a potent cocktail of coconut sunscreen, perfume, and sweat.

Again, I found an excuse to escape. This time I rushed to the bathroom, and deliberately jerked myself off while her scent was still in my nostrils.

That night, Don called. Becky picked up, and I heard her agreeing to something. When she hung up, she told me that Don and Anita wanted us to come over for dinner Saturday, and that she had accepted.

The next morning, I got called into the office. They had finally gotten around to my cubicle and wanted me there to identify papers and things. I breathed a sigh of relief that I would not be subjected to any more of Anita's teasing, all the while feeling disappointment like a pit in my stomach.

II

On Saturday, we walked over to their house with a bottle of wine. Anita prepared a delicious meal -- caramelized shrimp, bell pepper risotto, and tiramisu for dessert. We drank a couple of margaritas to start, two bottles of wine during dinner, and brandy with dessert. Needless to say, we were all pretty buzzed.

It had cooled down nicely, and after we put away the dishes, Don suggested we go sit in the hot tub for a while and finish our brandies.

"We don't have swim suits," I protested.

"Well, it's not like you live across town," Don replied with a grin.

"Okay, I'll get ours," I replied.

"Wait," said Anita looking at Becky. "I just bought a new bikini, but it's a little big for me, but it should be perfect for you," she said.

Becky frowned, and it occurred to me that she thought Anita had just called her fat.

"Oh no, silly duckie," Anita said quickly as she realized what she had said. "It's just a little loose for me up here," she continued, bringing her hand up to her chest.

Becky smiled, and Anita took her by the hand upstairs to try on the suit.

"I have an extra one too, if you don't want to have to go back to your place," Don said.

"That's okay, I want to check on the dogs anyway."

I went back to the house and gave the dogs some more food, and changed into my own swim trunks. I walked back over to Don and Anita's. Don was already in the hot tub, and as I climbed in he passed me a refilled brandy.

We shot the shit for a while, and waited for the girls to join us. Finally, after an inordinate amount of time, they did. I don't know if it was the booze, or what, but they both looked stunning. Anita was her usual, lithe exotic self, but Becky looked especially hot. It took me a couple of seconds to realize it was the swimsuit. Becky wears bikinis, of course, but nothing like this one. Anita had her decked out in a neon yellow bikini. The bottom was a tiny thong, and the top was a strapless band that barely

contained Becky's 36-C breasts. With her blond hair, and blue eyes, she looked like an Instagram hottie.

"Sorry to take so long," Anita began. "We had to do a little waxing to make it look right," she said with a grin.

Becky turned three shades of red, and playfully slapped at Anita's arm. "Bitch," she giggled.

We sat in the water talking. Every once in a while, one of us would jump into the pool and cool down, or sit on the deck with their feet in the tub. Don got up at one point and brought the entire bottle of brandy down to the deck and refilled all our glasses.

We had gotten to know Don and Anita pretty well, but most of our conversations had been about neutral topics: vacations, houses, work, and so on. That night, lubricated by the booze, we started to get more personal, and as the evening wore on the conversation turned more and more to sex. Don and Anita hinted about all sort of unconventional activities, and they had a good laugh telling us about how they joined the Mile High Club on a trip to Hawaii. I was getting a little uncomfortable, because I wondered if in this setting, Anita might not let something slip about how touchy-feely and flirty the two of us had been all week.

I also wondered if she had told Don, and I started watching him closely to see if he seemed suspicious or upset. Instead of that, though, I noticed for the first time how much attention he paid to Becky. For the past several months, I'd always been so focused on Anita, that it never occurred to me that Don might be interested in Becky. Then I started to get suspicious. Yeah, sure, I'd rubbed suntan lotion on Anita's naked back, but for the past month or so, Don and Becky had been going for long bike rides on the weekend (I can't because of a bad knee). I wondered if something was going on there.

By the time I focused back on the conversation, it had taken a turn.

"What is the most unusual thing you've done?" Becky asked.

Don and Anita smiled at each other for a moment, and finally Don nodded.

"Well," Anita said with a leer, "we've done some threesomes."

"What?!" Becky sputtered incredulously.

"Oh don't be so shocked," Anita said, "a lot of people do it."

"Really?" Becky asked. And then after a pause, "who with?"

"We've done it with a lot of people. Mostly men, some women and couples," she replied. "Don likes to watch."

"I could never do that," Becky said to me, glancing at me for confirmation, or was it to ask permission?

"No, neither could I," I jumped in, too loud.

Don grinned. "Don't bash it 'til you try it." He turned to address Becky. "You love Jeff, right?"

"Of course!" Becky said. "That's why I couldn't do it."

"Wait a second, hear me out," Don said softly. His voice was mellow, calming, oddly seductive. "Okay, you love Jeff, right?" She nodded. "So you like to see him happy." Again she nodded. "Do you like to watch him when you are making love, when he comes?"

Becky turned beet red.

"I think that's enough," I said tartly, "maybe we should go home."

"Oh lighten up," Don said, pouring me a little more brandy. He said it with a combination of condescension and humor that put me on the defensive.

"Well, do you?" he asked Becky again.

"Yes," she answered barely above a whisper.

"Well, then you know what it's like. But imagine that you get to see everything, and you get to focus on it all because you are standing aside. There is nothing I like better than seeing Anita having a climax. I love watching it. It is the hottest thing I know."

Becky shook her head incredulously, but she was also obviously curious. "Doesn't it make you jealous?"

"A little," he replied, "but that is part of the excitement, and when you really love someone, and know they love you, you know there is no real risk."

"Wow," Becky said softly. "That's crazy." She fanned her face. There was a lull in the conversation and then she added, "It's hot in here, I'm going for a swim."

She quickly stood up, her erect nipples poking through the material of her bikini top, and dove into the pool. A few moments later, Don got up and jumped into the pool as well. I was about to join them when I noticed Anita climb up onto the deck and dangle her feet into the water. Her legs were spread apart, and she was absentmindedly caressing the inside of her thighs.

"What is going on?" I asked her.

She smiled lewdly. "Don wants to watch you make love to me, and he is trying to convince Becky that it's okay."

"But it is not okay..."

"Don't you want me?" she asked. "That bulge in your shorts the last couple of times you came by the pool makes me think that maybe you do."

"You're a very exciting woman, but I don't do that sort of thing."

"No one does that sort of thing, until they do it." Her hand was now between her legs, and she was tracing little circles over her pussy. Despite my best efforts, I could not tear my eyes off her.

"Come here," she said.

I looked over at the pool. Becky and Don were at the far end, standing close together, talking. Becky's eyes were closed and she was seemingly unconsciously caressing her stomach.

"What's going on?" I said pointing at them.

"Don't worry. Don's just having Becky imagine watching us, and from the look of her, she seems to like the idea. Did you know women could be voyeurs too? You saw the way she responded when we mentioned it earlier."

I swallowed hard.

"Let's give them a treat, I can see it in her eyes. She likes to watch," Anita cooed, holding her hand out to me.

An uncontrollable impulse seized me, and I got up and approached her. Before I knew it, I was standing between her legs and we were kissing passionately. I pulled off her top, and kissed and sucked her small hard nipples, making her moan in delight. She reached down into my shorts and slowly started stroking my hard, pulsing cock.

I pulled aside the fabric of her bottoms, and quickly pressed two fingers into her steaming, wet pussy. I could smell her excitement, and my fingers made a loud squishing sound as I pumped them in and out.

I was so completely mesmerized that I didn't notice Becky approach until she was only a couple of feet away. She had a strange look on her face, anger, jealousy, and unmistakable arousal. She had her hand down between her legs and was rubbing her clit wildly. As we locked eyes, I felt Anita lean forward, pull my shorts down, and swallow my cock deep into her mouth.

"Oh God," I moaned.

"Oh God," my wife echoed as her body shook in an obvious orgasm. Becky's legs gave out, and she dropped to her knees on the deck. At the same time, Anita released my cock from her mouth, leaned back, and said, "fuck me."

I looked down to see Anita spread before me. She'd pulled off her bikini bottoms, and her shaved pussy was open and throbbing with excitement. I glanced over at Becky for just a moment. Her eyes were glassy, nipples hard, and mouth slightly opened, and then my eyes went to Anita waiting for me.

Without another thought, I stepped forward. Anita grabbed my cock and guided it home. I buried myself balls-deep on the first stroke.

She gasped softly, and then said, "Now fuck me."

I didn't need any more encouragement. Like a man possessed I screwed her with deep, hard strokes. Becky leaned forward, now on her hands and knees and from less than two feet away watched my cock piston into our neighbor.

Anita's pussy was incredibly hot and wet. She was so excited that I slid in and out with barely any friction. She was bucking her hips, but she also kept looking over at Becky, as if she were more interested in my wife's reaction than my efforts.

"Oh yeah baby, do it," she hissed, "you know you want it." Was she speaking to me on Becky? Still, all of that was just beyond my consciousness, and all I could think of was how long I'd waited for this.

In fact, I was so excited that after less than thirty seconds, I felt a familiar tingle. I tried to slow down, but I was already too far gone. I came hard, spurt after spurt draining into Anita's sloppy hole.

When she realized I'd come, she said, "Oh that was so good," but I could tell she was disappointed. I know I was. Still, I figured I'd make it up to her next time.

I didn't have time to focus further on Anita's reaction though because just as I was finishing up, I noticed Don coming up behind Becky. I looked over to see him rubbing her hard ass with one hand while he slid two fingers under her thong. I watched in shock as he pressed his digits into Becky's snatch. He pulled down his own trunks.

"Hey!" I finally managed to blurt out. This wasn't part of the deal.

Anita reached up and put a finger on my lips. "What's good for the goose, baby."

I turned to look at her for a second. She was smiling lecherously, suddenly looking older and less attractive than I'd remembered. By the time I turned back to look at Don and Becky, he had his cock out and was rubbing it against my wife's pussy. He was huge. For a moment, I thought the light was playing tricks on me, but then as I looked closer, I saw it was all him. His cock must have been nine or ten inches long and as thick as a beer bottle.

As I watched, paralyzed, he pressed that thick slab of meat into my wife's pussy. It was slow going, and I could see that he had to press hard to push that big cock into her tight hole. But finally, he had it all the way in.

Shockingly, Becky started bucking and moaning as he hit bottom.

"Oh God," she said softly. And then turning to him, "Oh fucking God!" she hissed, her voice cracking.

"Yeah baby, cum on my cock," he croaked out, as my wife shuddered in orgasm.

He gave her a couple of seconds to adjust to his girth, and then he started fucking her slowly. Becky was moaning softly, continuously, only punctuated by a sharp little gasp each time he hit bottom. She looked up at me, but she was really looking right through me. Her eyes were glassy, her dilated pupils look like big, black saucers crowding out the blue of her eyes.

"He's going to fuck her good," Anita noted, cutting through the fog in my brain.

I looked down at Anita.

Bitch, whore, witch, my mind screamed.

Her legs were still spread, and I could see a thin line of my come dripping down from her pussy. I looked down to see my cock, spent, shriveled, pitiful compared to that thick, bruising tool Don was using on my wife.

Suddenly I was sick to my stomach. The booze, the excitement, the anguish, and the jealousy all hit me like a brick. I stumbled over to the side of the deck and puked up all the booze and that gourmet meal into their rose bushes, until my stomach was empty but still trying to empty itself further.

As the last of the dry heaves subsided, I looked back over at them. Don was still boning my wife, a little faster now, but still a long, controlled fuck. Anita was kneeling in front of Becky. She had unhooked Becky's top, and was kneading my wife's big, beautiful breasts. Becky looked up and

Anita kissed her wetly. Becky returned the kiss passionately. I looked back to Don, grinning broadly as he watched the two women deep kiss while he continued plumbing the depths of my wife's cunt.

I stumbled into the house, and went to the bathroom. In the mirror I looked wan and tired. I washed my face, and swished some toothpaste around my mouth to get rid of the taste of vomit. Finally, reluctantly, I went back outside.

They had moved away from the hot tub, and were now on the main deck. Becky was on her back on some cushions, and Don was between her widely spread legs fucking her vigorously. Don was raised up on his arms, and Anita was leaning across Becky's chest sucking her tits deep into her mouth.

Between Don's cock and Anita's attention, Becky was going wild, like nothing I'd ever seen. Her head was swaying back and forth, whipping her blond hair from side to side. She was also moaning so loud that I was sure the whole neighborhood could hear her.

Anita looked up when I came back out on the deck, and she signaled me over. I approached them. Anita reached up and pulled me down beside them.

"Look at her," Anita whispered in my ear. "Look how hot she is."

I nodded. Becky did look hot. She looked like a total slut. With her fuck-drunk expression, wet, bouncing boobs, and sounds of passion, she was sex personified.

"Look at this," Anita said, taking me by the hand.

She led me around toward their feet. I knew what she was going to show me, and I didn't want to see it, but I didn't have the strength to refuse. Anita pressed my head down between their legs. There right past Don's sweaty, thrusting butt, was Becky's stretched, puffy pussy. Mesmerized, I watched as Don's cock plowed into my wife's tight hole. Her pussy lips were stretched to the limit, and clung obscenely to his cock as it went in and pulled out. I could also see and smell how wet she was, and with each thrust, his cock made a loud, slurping sound. As I watched my wife get fucked, Anita reached between my legs and started stroking my flaccid cock, but I had nothing left.

When I finally pushed her hand away, Anita hissed at me, "He's made her come five times. You owe me."

She pulled me by the hair down between her legs as she lay back on a nearby deck lounge. I was totally humiliated now, my spirit broken. They had tricked me, but I was the one who had come in thirty seconds and was now watching Don going on thirty minutes with my wife, fucking her like I never had.

Anita pressed my face down against her wet snatch. Rather than fight, I started licking her wet folds. She smelled musky, and tasted salty from my come. But I persevered and soon Anita was bucking and grinding her groin against my face. I slid one finger, then two, then three into her sloppy hole as I licked her clit. That really seemed to get Anita going, and before long I could feel her pussy convulsing on my fingers as she came.

While Anita was coming down, I looked over at Don and Becky. His cock was now a blur, pistoning into Becky's pussy like a jackhammer. At one point, his cock popped out, and before he could put it back in, Becky reached down and stroked him with her hand. Then she shimmied down beneath him until her face was even with his cock, and to my astonishment sucked the head of his slimy prick deep into her mouth. I could not believe what I was seeing since Becky has always been conservative about oral sex and much too squeamish to suck me off after I've been inside her. But now, suddenly, she was devouring Don's massive dick, and from her moans, obviously enjoying the taste of her juices mixed with his pre-come.

"Oh God, baby, that feels so good," he moaned as she crammed more and more of his thick shaft into her mouth.

As she sucked him, she also stroked his shaft and fondled his balls. And then suddenly, he grunted loudly, and Becky started gulping as she tried to swallow his load. After a couple of seconds, though, it was obvious he was too much for her, and she pulled his cock from her mouth and let him shoot another series of thick streams all over her face. She was quite a sight, her face covered in come, and her mouth full of his sticky jism. For a while, she continued to lick and suck his cock until she had eaten most of his load.

When she was done, Don rolled onto his back and tried to catch his breath. Becky slowly got up and stumbled over to the railing by the pool. She stared out into the night sky, probably unable to believe what she had just done.

I hoped it was all over, but it was really just beginning. Don quickly got up and approached Becky, his big dick sticking straight out in front of

him. Becky didn't even see him coming until he put his hand on the small of her back bending her over the rail and walked that big slab of meat into her already-ravished hole. Becky gasped and looked over her shoulder in surprise, and then with a loud sigh she grasped the rail and spread her legs wider for him.

I looked up at Anita bewildered.

"Oh, he's just starting. Don can go all night, especially with some fresh meat," she said with a smirk.

Then before I could protest, she pulled my head back down between her legs.

"Now get back to work!" she ordered.

Humiliated, I went back to eating her out as her husband screwed my wife. I licked her snatch until my jaw was sore, and my fingers cramped from finger fucking her. After I'd made her come another three times, she finally let me up and told me she'd had enough, "for now."

I looked back at the railing where I'd last seen Becky, but neither she nor Don were to be seen. I looked back at Anita quizzically, and she motioned toward the house before contentedly closing her eyes and dozing off.

I stepped into their house. They were not in the living room, but I thought I heard some noises coming from upstairs. I went up to the second floor, and the sound became clearer, coming from the master bedroom.

Don and Becky were on the bed. She had her legs up over his shoulders, and he was giving her the business again. I looked over at the alarm clock by the bed, and was shocked to see it was 2:30am. They'd been at it for over 3 hours. Don was grunting and sweating, and Becky was moaning and mewling submissively.

As I watched, I could see why Don was so turned on. Becky was this innocent little, blond wife with a killer body being totally turned out by his sexual prowess. I imagined that Don particularly got a kick out of cuckolding me, and probably had a fetish for seducing married women. I wanted to tear him off her, but I knew that was impossible. I'd triggered all of this by sampling Anita's charms, and Becky was now enjoying this too much and too obviously for me to even think about making a scene.

I was so weary that I could barely stand up straight. I slumped down into an armchair in the bedroom and before I knew it, I nodded off.

I awoke with a start. My back was sore from sleep in the chair. I looked out the window to see the sky brightening with the approaching dawn.

All three of them were now on the bed, lying side by side. Becky was sandwiched between them, face-to-face with Anita while Don spooned her from behind. Don was fucking my wife again, sliding into her with long, slow strokes. He reached around and fondled her large breasts. Anita and Becky were kissing passionately, and Anita had her hand down between Becky's legs rubbing her clit in time with her husband's strokes.

Becky was moaning in pleasure. "Oooooohhhhhhhh Gaaawhd," she croaked out, in a long, drawn out fashion.

Anita kissed her wetly, and for a while, they tongues wrestled visibly. Then suddenly Becky let out a series of short, sharp gasps, and I realized she was coming again. That seemed to push Don over the edge, because he responded by rutting spasmodically into my wife's pussy until he groaned and then went silent.

For a while, the three of them writhed together on the bed, slowing coming down from their sexual high, and reveling in the afterglow of a night of sex.

"Did you enjoy that?" Anita asked.

Becky smiled broadly with her eyes closed. "Mmmm, mmmm," she moaned by way of response.

Gently, Don withdrew his shaft from her abused cunt. Becky groaned as the head popped out. Then with a sleepy look on her face, she looked up to see me in the chair.

"Maybe, we should go," I said softly.

Becky nodded and untangled herself from Don and Anita's limbs. We found our clothes downstairs and dressed quickly. Then we silently walked back to our house. Becky immediately went to bed, and slept the whole day away. I fell asleep on the living room couch and nursed my hangover watching pre-season football on the TV.

I realized Becky was awake when I heard the shower running. A few minutes later, she came out, dressed casually in jeans shorts and a t-shirt, her still-wet hair brushed out simply. She had circles under her eyes, but looked fresh and innocent despite that, not at all the fuck-hungry slut from the previous night. She looked up at me sheepishly.

I looked her up and down, seeking out some sort of mark of Cain, but there was none. I was in emotional turmoil, jealous, resentful, guilty, angry, and frightened of losing her all at once. I despised her and loved her. Was repulsed and unquestionably attracted.

Becky seemed to read my mind. "Some night, eh?" she said.

"Yeah," I muttered.

"Maybe, we shouldn't drink so much."

"That's probably a good idea," I replied. "Maybe we shouldn't see Don and Anita anymore either."

Becky frowned slightly. "If that's what you want. But I don't think one night of drunken stupidity should ruin a friendship. I mean, we all showed bad judgment. I bet they are as mortified as we are."

"You're probably right," I said grudgingly, not at all convinced. Anita and Don had both seemed somehow more calculating than drunk throughout.

We stared at each other for a few moments, and then as if by instinct moved together. We held each other tight.

"I love you," I whispered.

"I know," Becky replied, "I love you too."

III

Becky and I eased back into our normal relationship, although there was definitely an unspoken tension in the air. I resented her hours upon hours of sex with Don, and she blamed me for the whole out-of-control situation in the first place. Neither of us ever came out and verbalized our feelings, but it was right beneath the surface, palpable.

Don and Anita didn't call us right away. The following Thursday evening, though, we noticed that they were having their usual neighborhood happy hour on their deck.

"Should we go over?" Becky asked.

"I don't know," I replied. "I still feel weird."

Becky sighed. "Look, we can't have this over our heads forever. They're our neighbors. If we can't bear to see them, we should probably move."

"You're right, you're right," I conceded, "but let's only stay a little while."

Becky nodded affirmatively.

Apprehensively, we walked across to their house, and went up the stairs to their deck. Anita spotted us first, and raised an eyebrow at Don who looked over in our direction. Then, as if on cue, both of them smiled brightly and descended upon us.

"Oh, I'm so happy you're here," Anita gushed.

"Good to see you," Don said to me over a manly handshake as he handed me one of his patented margaritas.

It was little awkward at first, knowing what had transpired between us. But as the evening went by, we got more comfortable, and it actually gave me a secret little thrill to check out Anita's body knowing I'd been inside her.

Rather than leaving early, we actually stayed late. When all the other neighbors left, the four of us stayed on the deck enjoying the summer breeze, and relaxing in each other's presence.

Becky and I headed back to our house around 11:00pm, and climbed into bed. I kissed Becky goodnight, and that quickly escalated into a lively session of love-making, our first since the night with Don and

Anita. Becky was as tight as ever, something I realized I'd been worried about for the most of the week. It wasn't great sex, but it was good, and it was sex. As we did it, I thought momentarily about Anita, and I wondered if Becky was thinking about Don, but then I came, and my orgasm washed away all those thoughts.

Saturday, I took the train into the office to try to catch up on some of the work that had piled up due to the fire. I told Becky I'd be home late, but around noon I got a splitting headache and went home.

Becky was out running errands, and I took some aspirin and crawled into bed for a nap. I woke up when I heard the car door slam. Then a few moments later, I heard the front door open and Becky walk in. I got up, but then I heard her talking. It only took me a second to realize it was Anita's voice.

We have a small house, and when the bedroom door is open, it is possible to hear any conversation in the house. I stood near the door listening to see if Anita was going to be leaving soon. If she was, I was going to pop out to say hello, but if it sounded like she was going to stay, I was planning to jump back into bed and try to get some more sleep.

Becky and Anita went back and forth to the car a couple of times to unload the groceries. They were mostly talking about shopping at first, but after the they brought in the last load, they started talking about that night.

Becky was obviously uncomfortable talking about it, but Anita was persistent, convincing her it was just "girl to girl."

"I thought Jeff was going to shit when he saw Donnie coming up behind you," Anita said with a laugh.

"I still can't believe that happened," Becky replied. "I can't believe I let it happen."

"Don't blame yourself. You just got caught up in the moment."

"I don't blame myself. Well, not much. I blame Jeff mostly. And you," Becky said.

"Don't blame me, honey. You're the one who was prancing around in that bikini. I never guessed you'd actually wear it. And you were the one getting all soulful with Donnie in the pool."

"We were just talking," Becky replied defensively.

"About what?"

Becky paused. "Sex, I guess, but talking about it and doing it are two different things."

"Not completely. Talking is part of sex. You know what they say about the brain being the sexiest organ."

"Anyway, you and Jeff started it," Becky replied.

Anita laughed. "Why are you looking for someone to blame? Didn't you enjoy it?"

"I never would have started it," Becky sputtered, "and I wouldn't have done it if we weren't drunk. And I would never do it again."

"That's not what I asked. I asked if you enjoyed it."

Becky didn't answer for while. I stepped out into the hallway and edged closer to the kitchen until I could just see their reflections off the glass patio door.

"I mean seriously," Anita continued, "didn't you enjoy it just a bit?"

Becky tried to keep a straight face, but then she smiled. "Well, maybe a little."

Anita smiled in return. "You know, we always tell guys that size doesn't matter, but it sort of does, right?"

Becky just grinned.

"I remember the first time I did it with Don," Anita continued, "I thought I had died and gone to heaven."

"It wasn't that good!" Becky exclaimed.

"No?" Anita asked, surprised.

"Well, maybe it was pretty good.... okay very.... okay amazing," Becky finally gushed.

They giggled like schoolgirls for a few moments.

"Oh God, when he first put it in," Becky added, warming to the topic, "I thought I was going to explode. I actually had to look back because I could not believe that was actually his cock. And when I saw it was, it totally set me off."

"It is nine-and-a-half inches long and nearly seven inches around," Anita replied. "A lot of women can't take it all, but those who can usually can't get enough."

"But it's not just the size," Becky said, her words streaming out fervently, "it's also his stamina."

"Better than Jeff?" Anita said mockingly.

Becky just rolled her eyes. "What he gave you was about average. I usually don't get off before he's done. But Don... oh God, Don... he just went on and on. And even after he came, he was hard again in minutes."

"Not bad for an old guy, eh?"

"Not bad for a teenager. After a while, I kept expecting it to end any minute, but when it didn't it just made me hotter. I've never had a sexual high last that long."

Becky finally stopped yammering, and the two women stared at each other for a few moments.

"So?" Anita asked simply.

"So what?"

"So, when are we going to do it again?"

"Oh, Anita, I couldn't. I just couldn't. Jeff wouldn't allow it, and I just couldn't."

"I can take care of Jeff," Anita said with a sly grin. "And then after a minute or two, come over and join you and Don."

Becky giggled for a second, but then caught herself. Straightening her shoulders, she said firmly, "No, Anita. No." But then a slight smile came across her face. Anita smiled too. They went back to talking about shopping, as I slinked back into the bedroom and pulled the covers over my head.

That night, Becky and I started to fool around. I caressed her amazing body, relishing the feel of her full breasts. She was very turned on. I could feel her hot breath against my neck as we rubbed against one another. And then I was suddenly struck with the thought that she was fantasizing about Don. I tried to get that thought out of my head, but all I could picture was Don between her legs, and her meaningful smile as she spoke to Anita. For the first time in my life, I completely shriveled and no amount of coaxing from Becky could get me up. Finally, after a little while, I pleaded that I had a headache and turned away.

After that night, my confidence completely deserted me. Becky tried to initiate sex a couple of times during the week, but I turned her away, knowing it would only result in humiliating failure. I knew Becky was

getting upset. I overheard her whispering on the phone several times, only to have her hang up hurriedly if I approached. I could only assume she was talking to her sister or Anita, the only two people she really confided in.

I knew I probably should get counseling, but I figured I was just in a funk and that it would go away. But her feelings about Don became something of an obsession for me. Every time she looked at me, I assumed she was comparing me to Don. And whenever I thought about sex, I was convinced she'd measure me against Don, and find me wanting.

That Sunday, I started watching football at 1:00pm, and I also started drinking beers. Drinking was one of the few things that got my mind away from thinking about Becky and Don. By the time the second game was over, I had gone through a couple of six packs, and I was pretty blasted. I was sort of slipping in and out of awareness, when suddenly the doorbell rang. Becky answered it, and Don and Anita walked in.

"Aren't you going to say hi to our dinner guests?" Becky asked as I stared bleary eyed.

"Hi," I slurred. I had totally forgotten about dinner.

Anita shot a grin over at Don, and Becky shook her head. Don sat down next to me on the couch and clapped me on the shoulder.

"How you doin', buddy?" he asked.

I muttered something vaguely unintelligible in response, prompting Don to get up and grab a couple of beers from the fridge and hand me one.

"Don't you think he's had enough," Becky snapped as if I weren't even in the room.

Don laughed. "I don't think one more is going to make a difference."

I was ashamed to have them see me like this, but that only made me want to drown my sorrows even more. Don was talking to me, but I could not easily make out what he was saying. I was too drunk to follow a conversation, and each word he said came at me individually as if at random. I nodded my head, and tried to speak, but I could not quite seem to make my tongue form any sounds.

After a while, Becky announced that dinner was ready. I thought about getting up, but instead I sort of collapsed onto the sofa. Don tried to

lift me up by the arm, but I could not seem to find my balance.

"Oh just leave him there," Becky said to Don after a couple of seconds.

As I lay on the couch, I tried to pay attention to the dinner conversation, but it was just too much work. I stared at the TV, but it was too tiring to pay attention. Finally I closed my eyes, feeling the room spinning around me. For the next hour, I made out random noises: the sound of forks and knives against dishes, laughter, the electric blender, water running.

I awoke out of my half-sleep to find Anita sitting beside me. Still badly drunk, I felt suddenly half-way lucid. I looked around, but Don and Anita were nowhere to be seen, and then I looked into the kitchen and there they were doing dishes side by side.

"They look nice together, don't they?" Anita said curiously.

"What?" I muttered as if through gauze.

"Donnie and Becky, although Becky would look good with anyone with that blond hair and big tits."

"Leave me alone," I hissed, sounding more forlorn than authoritative.

She leaned down close to me, her mouth near my ear. I could feel her hot breath.

"You know, he's gonna have her," she whispered in my ear.

"No," I said, but she quickly clamped her hand over my mouth. I was too weak to push her away.

"That's right. He's going to take her right here in your house, right in your own bed."

I managed to push her away and sit up. I looked over into the kitchen. Don was pressed up behind Becky, his hands under her shirt as he played with her tits. Becky had a dreamy look on her face. She turned her head toward Don and they started kissing wetly.

She started thrusting her butt against his crotch. Don took that as an invitation to reach down the front of her shorts. After a moment, Becky gasped, and judging from the way he was moving his hand, he was playing with her pussy. Becky reached behind her and rubbed his crotch, stroking his long shaft through his pants.

"Hey!" I managed to choke out.

Becky looked over at me and giggled. She seemed ready to let Don fuck her right then and there. But Don must have felt bad for me -- not bad enough to not fuck my wife, but bad enough to not want to do it in front on me -- because he took her by the hand and led her toward our bedroom. Watching the two off them walk away hand-in-hand broke what little spirit I had left.

The thin walls of our small house gave little privacy, and in moments I could hear Becky moaning softly as Don did God-knows-what to her. I tried to get up, but I was still drunk, and Anita yanked me back on the sofa.

She moved in close.

"Doesn't it turn you to think about what Don is doing to little Becky right about now? If I know him, he's probably eating her hot, little box, getting her nice and wet for his big cock."

"No! I want this to stop," I mumbled.

"I don't think you want it to stop, I think it turns you on." With that she deftly unzipped my pants and reached in for my cock.

"Stop," I hissed.

"Well maybe you aren't turned on," she said mockingly as she handled my flaccid cock. "But I'll tell you what, if you can get it hard, I'll let you fuck me up the ass. I'll even help you."

She pulled my pants open and fished my cock out from my boxers. Then she leaned down and sucked my whole cock into her hot mouth. Intellectually, I could tell she was good. Her tongue swirled around my prick, and she massaged my balls gently. But I just could not get it up. After a while she started taunting me.

"Don't you want to butt fuck me? I bet you'd love to bend me over and ream the shit out of me for turning your precious little Becky onto Don."

She took my cock back into her mouth and slurped it wetly.

"You know, Don will be hard when it comes time to pop Becky's anal cherry."

She licked my shaft up and down. It still stayed soft.

"Well, now I see why Becky was such an easy lay. She probably can't believe what she's been missing. With that hot body she could have been getting fucked by a real man all these years, not some limp, pencil-dicked, premature ejaculator."

She got up from my lap and suddenly she laughed in my face. I was too shocked to respond.

"I can't believe I let you fuck me," she hissed.

Then she got up and stalked into the bedroom after Don and Becky. I tried to get up against, but my legs collapsed under me. Or at least that gave me an excuse to not have to see what was going on. I was so miserable I just wanted to die. But instead, I curled up on the sofa and tried to keep from sobbing as Becky's cries of passion started filling the room.

I woke up the next morning on the sofa, hungover and miserable. Becky was already gone, and my memory of last night was pretty hazy. I wondered if I had dreamt it all, and thinking about it didn't clear my mind at all.

I stumbled into work looking the worse for the wear. I had been dragging for the past week, and the attorney I work for had enough and really laid into me. Then he worked me like a dog all day and only let me out of the office after 7:00pm.

I came home to find a note: "Sorry you had to work late. I went to Don and Anita's for a bite to eat. Come over if you want. Becky"

The last thing I wanted to do was go over there. So instead, I ate some leftovers and fell into bed dead asleep. At around 1:00am I woke to find that Becky hadn't joined me in bed. I lay in bed frustrated and anguished. A few minutes later, I heard the back door open, and footsteps coming into the bedroom. I pretended to be asleep and surreptitiously watched Becky.

Her hair was wild and she was carrying her shoes in her hand. She slipped into the bathroom and took a quick shower before joining me in bed.

I wanted to confront her. Ask her what was going on. But I knew what was going on, and I was terrified to hear the truth. Instead, I just lay perfectly still until she fell asleep beside me.

The next night, Becky and I had a quiet dinner at home. Although we'd always been able to talk before any of this happened, the table was now virtually silent. We cleared the table and did the dishes without saying much of anything.

That night we went to bed together. Almost immediately, Becky started to fondle me. She stripped off her nightgown and rubbed her luscious body against me, and then without prompting she went beneath the covers and started sucking my cock. It felt so good. Her mouth was so hot and her tongue playfully slid up and down my shaft. She cupped my balls and hummed softly as she took me in her mouth. This was the best head she'd even given me. For a moment, I started to get excited. And then I started thinking. Had Don taught to suck cock like this? Was she only doing it because she was feeling guilty? In seconds, I had shriveled to nothing, until Becky could barely get anything into her mouth. She kept trying for a while, but when it became obvious I couldn't perform, she finally gave up. She turned her back to me, and went to sleep, her naked body taunting my impotence.

After that night, Becky didn't try to initiate sex again, and I didn't either. I was too scared of failure. Becky started seeing Don more often, and slowly the pretense of innocence dropped.

She continued to go over to Don's house for weekly bike rides, but I soon noticed that her bike was parked in their driveway while they were supposedly out riding. After a while, she didn't even both taking her bike out of our garage, although she did continue to wear her skin-tight bike pants over to his house.

A couple of times a week, she would go over to their house for coffee, never quite excluding me, but never really inviting me along either. Usually she came home around midnight those nights looking completely exhausted and disheveled.

Summer turned to fall, fall to winter, and winter to spring. One day Becky suddenly seemed angry. I wondered why, until I looked out onto Don and Anita's deck to see a stunning, raven-haired, beauty prancing around in a tight green dress. Becky had some competition for Don's attention. For a little while, I fantasized that it might be over between her and Don, but after a few days, the enchantress disappeared and Becky resumed her thrice-weekly visits to Don's house.

Try as I might to avoid her, I would occasionally run into Anita, who would taunt me mercilessly about Becky. According to Anita, there was now nothing Becky wouldn't do if Don asked, and as she put it, Don was very imaginative. She even told me who the mystery woman was, the

wife of junior associate at Don's firm. It gave me a perverse pleasure to realize I wasn't Don's only cuckold.

Strangely enough, Becky and I had adjusted to our weird situation. Things between us were some sort of surreal twist on a normal marriage, but that didn't stop us from having dinner together, running errands, and generally behaving as man and wife except that she was having sex with another man, and I had become totally asexual.

Becky and I had our wedding anniversary in April, and we originally planned to go out to dinner. I was surprised when a week before the date, Becky suddenly informed me that instead of going out, we'd be going to a party at Don and Anita's in our honor. I wanted desperately to refuse, but Becky insisted, and I was too weak-willed to prevail.

The party was on a Friday night, and was black tie. I put on my rented tux, and stared open-mouthed when I saw Becky's dress. It was a gorgeous, long, black velvet gown. It was cut very tight, and looked almost painted on. When she walked, the slit up the side exposed almost her whole leg. The top half of the dress was almost all sheer lace flowing down to the small of her back, and in the front exposing a generous amount of cleavage. Her arms were covered in black velvet and the dress closed with a choker around her neck. Down the front of her dress she wore a large custom jewelry diamond necklace, which drew attention to her chest, and showy diamond earrings. She was, in short, stunning.

At the party were most of the people we know including friends, neighbors, and people from my work and Becky's. Even my overbearing supervisor was there. I noticed that the raven-haired beauty was there, along with her glum-looking husband. There were also a lot of other people there who I assumed were Don and Anita's friends. All told, at least forty people had gathered for the party. All of the men and women looked dashing in their formal attire. For a while, I was actually moved that Don and Anita would have put on such a beautiful party for us. But I should have known it would not last.

After a couple of hours, when everyone had had a few drinks, Don walked over to Becky and me and starting clanging his glass with a fork.

Everyone quieted down and turned toward us. Raising a glass of champagne in the air, Don spoke:

"Thank you all for coming. Let me first offer a toast to Jeff and Becky, our neighbors, on their anniversary. Congratulations to you both!"

With that everyone raised their glass and drank to us. Then Don continued: "But we aren't here just to celebrate their vows. This is also a coming out party of sorts."

I looked up at Don suspiciously.

"Over the past few months, Becky has been discovering new things about herself, and tonight she wanted to share her new life with you."

Before I could react, Don swept Becky into his arms and kissed her passionately. Becky responded eagerly, wrapping her arms around him. Around the room, there were a variety of responses. Some of our friends gasped in shock. A lot of others sniggered in amusement. Some of the single men there stared in unadorned lust.

As Becky and Don continued their passionate embrace, several of the guests quickly left the room. But after a few minutes, everyone who was going to leave had gone, and those who remained stared transfixed.

Don broke the kiss and stepped back. Becky was breathing heavily, obviously excited.

"Let me show you this beautiful creature," Don said.

He reached around and slowly pulled down the zipper on the back of Becky's dress. Slowly, like a collector unveiling a priceless piece of art, Don pulled the dress off Becky's passive shoulders. He helped her pull her arms out of the sleeves, and then let the dress to the ground. It was so quiet in the room now, that the rustle of the fabric as it collapsed on the floor seemed almost deafening.

Becky stood there placidly. She was wearing only high heels, black lace panties and matching thigh-high stockings. Her gorgeous, full breasts stood out proudly for all to see. Don grasped her, and again they embraced, his hands playfully cupping her tits and pinching her nipples.

Don pulled back, leaving her gasping for more. Even in front of a crowd of people, Don was getting Becky so excited that she was virtually panting for him. He stepped behind her, hooked his thumbs in her panties and slowly pulled them down. Becky daintily stepped out of her underwear and Don held them up for everyone to see.

He ran his hand down between her legs. I noticed then that her pussy was shaved. I hadn't seen her naked in months, and I wondered if this was new or if he had shaved her months earlier. As she stared up at him infatuated, he slowly ran his hand up and down between her legs. She closed her eyes and moaned softly at his touch, her nipples becoming hard as pencil erasers.

Barry, One of my friends from work sidled up to me.

"Dude, what the hell is going on?" he asked incredulous at the spectacle before him.

Don answered for me. Hands on her shoulders, he pushed her down, first onto her knees, and then onto all fours. Breasts dangling beneath her and her ass swaying in excitement, she seemed ready and eager for what was coming next. Don gestured behind her and a several of Don's friends formed a line.

He circled around to her front. Smiling, he unzipped his pants and fished out his fat cock. Without hesitation, she swallowed him deep.

Barry gasped.

"Good girl," Don moaned.

He gestured to the first man in the queue. He stepped forward and dropped to his knees behind my wife. He was hung and hard, and without a pause, he plunged it deep into Becky's wet pussy. She moaned loudly around Don's prick.

The man fucked her hard and fast. And when he was done another of Don's friends took his place.

I noticed that all the other men in the room, including my "friend" Barry, had joined the line. I was rooted to the spot, paralyzed, as they all took their turns with my wife. A dozen men coming inside her, until their jism dripped down both her creamy thighs. The whole time she made love to Don's cock with her mouth. And when the last man had finished inside her, Don finally rewarded her with what she really seemed to want, a huge load of his come all over her tongue.

For some reason, the finally broke the spell for me. I stumbled to the door and left. Becky stayed behind and spent the night.

We didn't talk about it. We don't talk about it. To external appearances, we're still a nice, young, white bread couple living in the suburbs. That is, if you ignore the regular visits of Don's friends, my former friends, and co-workers to our home, to our bed. Becky services them all. I don't know if it is because she likes it, or if it is the price she feels she has to pay to continue fucking Don, which she does on a regular basis as well.

And as for me... well, what can I say? Maybe I do like it. I do feel this weird pride at being married to a woman every man desires. Hard to explain, which is maybe why I don't try to.

Volume 3: Last Fling

Married couple Dave and Leslie have decided it's time to have kids. They know it is a life changing decision. No more sleeping in late, no more spontaneous hiking trips, no cozy vacations alone. And worst of all, no more day long sessions in bed, naked, making love and eating take out. So to bid farewell to their old life they decide on a "last fling" in Las Vegas.

Although they agree that "what happens in Vegas, stays in Vegas," they find it isn't easy to remain detached and easy going when things begin to get hot and heavy. Dave, in particular, begins to have second thoughts when he realizes that Leslie's idea of a last fling may be more lusty and intense than he ever imagined.
