With the exception of quotes used in reviews, this book may not be reproduced or used in whole or in part by any means existing without explicit written permission of the copyright holder.

This book is a work of fiction and any resemblance to persons, living or dead, or places, events, or locales is purely coincidental. The characters are productions of the authors' imagination and used fictitiously.

Foreword

I've been working on a number of ambitious projects recently. They are mostly still based in the "hotwife" trope, but they are written as romance, crime fiction, and erotic thriller. So more plotting, richer character, more realism and less fantasy. Doing this is fun, and frankly probably the direction I need to go in at some point if I want to "grow" as a writer, whatever that means.

That said, I still like straight hotwife stories, and so to keep my sanity as I work on longer, more complex pieces that are harder to pull together, I plan to write a series of hotwife stories that feature classic (or clichéd if you want to be critical) set-ups. They'll be short, but hopefully fun, and I also hope have at least some humor and enough decent writing to make them worthwhile. This is the first of that series, grounded in the old chestnut of the bride-to-be crashing the bachelor party.

Because this is a short, and I feel a little guilty about selling shorts, I'll be including bonus material in this series. This volume, for instance, includes some post-story commentary AND, perhaps more interesting, a previously unpublished story I wrote back in the early 1990s, which I think will be of interest readers who've read my other works and are curious to see one of my earlier efforts. Warning: It isn't very good... though in truth, it isn't worse than a lot of stuff I see trending pretty high in the usual categories.

Special thanks to Kenny Wright for comments on an earlier draft and cover design. Also, thank you to Lucian Cordray (buy his books) and Gary S. for copyediting. Any remaining errors are solely mine.

As always, comments are welcome. Positive reviews encouraged. HMU, as the kids would say, at ben.boswell.author@gmail.com or on twitter [@BenBoswellAut](https://twitter.com/BenBoswellAut)

Party Crasher

“Oh, Eddie, Baby, you’re not really going to have a bachelor party, are you?”

Jeannie sometimes gets this exasperated tone in her voice. You know, like I’m a puppy rooting around in the trash or something. It didn’t help that she was looking all grown up in a business suit that hugged her luscious curves, and had her red hair pulled back into a tight bun, while I was in stained sweats eating day-old pizza.

“It’s a tradition.”

“So is getting blackout drunk and puking in a trash can in college.”

“I did that too.”

“Exactly,” she said with a smirk, as if she’d scored a decisive point.

“My friends want to take me out.”

Puppy is still pawing through refuse, but now she signaled that sentiment with an eye roll rather than tone. She sighed.

“Look, friends are fine. But no girls.”

I shrugged. “Bachelor parties are usually not coed.”

“I mean, no strippers, no hookers, no buying college sluts shots of Jagr.”

“Honey, I can’t stop my friends from buying girls drinks. I mean, not all of them are getting married or engaged. They need to look for love too.”

She snorted.

I gave her my best puppy dog eyes.

“Fine,” she relented with another sigh. “But I’m serious. I’ve never understood how strippers made sense at a bachelor party. If it is such a hardship making due with your wife’s body, you probably shouldn’t be getting married.”

“I love your body,” I noted.

“Well, if you ever want to see it naked again, no strippers. Okay?”

“Of course. You can trust me.”

She hesitated. “I do trust you, Baby. It’s your friends I’m worried about.” She leaned down and gave me a kiss on the cheek. “Your friends... are assholes.”

“Congrats, Dude, one pussy for the rest of your life!”

I rolled my eyes. “It’s one vagina. If you’re going to provide wisdom by movie quote, you should at least get it right.”

Jerry didn’t back down. “Not just one pussy, but one attached to a stuck up c--”

“Don’t say it.”

He mouthed it instead. And then smirked. And Max, Clark, and Greg laughed along, encouraging his dumb ass.

It occurred to me, yet again, that agreeing to a bachelor party had been a dumb idea. In truth, I probably would have put the kibosh on the whole

thing if Jeannie hadn't been so opposed, but I wasn't about to start off married life by letting my wife veto having a bachelor party.

"She is hot," Max noted.

Clark put his hands out in front of his chest. "Great cans."

Jerry shook his head. "Naw.... I mean, yeah, but it's that booty that has our boy all stupid. I bet when you get her down on all fours, it's--"

"That's my wife you're talking about."

"Not yet!" Jerry replied. "We can talk shit about her for another 48 hours."

I rolled my eyes.

"Stop doing that," he bellowed, "and finish that fucking beer, lightweight."

"I'm two ahead of you," I replied.

"In terms of dicks in your ass, maybe."

So, maybe Jeannie was right about my friends.

I've known most of these guys since college. Jerry, Max, and I were in the same frat. I picked up the others at various points in life: intramurals, work, happy hours. There were ten of us in all. Jerry had gotten us a stretch Escalade and we were drinking our way across town. Beer garden to start, then to catch part of a show by a band in which another friend played bass, then pool, and then, I didn't know. I'd made clear the one rule, the red line: No strippers. That was fine with me, though Jerry and the guys seemed to feel particularly affronted by that concession, which is probably why, aside

from the usual bachelor party traditions, they were spending more time than usual slagging the bride-to-be.

In truth, Jeannie isn't much of a ball-buster. As most girls feel about their boyfriends, she just wants me to grow up a little. And frankly, at 28, it's probably about time. There have been plenty of lost weekends in NOLA, Vegas, and Cancun over the years, some even where Jeannie was an eager participant.

Also, I guess I should mention, I was actually dating a stripper when I met Jeannie. So, "dating" might be a bit of a strong word for what I was doing with Ashley. We were fucking. Off and on, the usual thing. Mostly when she didn't have a better offer, by which I mean, a sugar daddy. Ashley always insisted she wasn't a prostitute, but she was walking a fine line. And in any case, if you have to convince people you're not a whore, well, maybe you are. Long story short, Jeannie happened on some raunchy texts from Ashley, some of which had been sent after she and I were dating. And even though I swear I never fucked Ashley after I hooked up with Jeannie, that was also something of a technicality. Depends on your definition of a "hook up," I suppose.

Anyway, strippers are fun and all, but they also cause more drama than they are worth. So, like I said, I was happy enough to make this a bros' night, and leave the hos in my past.

After the band, we drove down to the pool hall, though it seems odd calling it that. It was new, very trendy. Mixed crowd, young, stylish. In addition to the large, open, public room, they had a number of private party rooms. Jerry had gotten us one of those, with two tables, a bunch of muted TVs on the walls showing sports, black leather sofas, and an open bar. The place was crowded, so even though we were in a private room, there was a lively atmosphere, and music coming in from the rest of the club.

"Lots of hot bitches out there," Max noted. "Maybe we should invite some to party."

Max, still single, was always looking for excuses to pick up girls. He always did pretty well. Tall, smart, Asian guy. He once drunkenly claimed

that he gave girls “Yellow Fever,” not quite realizing, I think, that was an actual disease.

“Don’t worry about that,” Jerry replied. “Taken care of.”

Alarm bells went off in my head. “Dude. No! No strippers. Jeannie will lose her shit.”

Jerry smirked. He’s got that blond hair, blue eyes, vaguely Hitler youth look to him. And when he smirks, he produces the sort of douche bag vibe that gives all frat boys a bad name. He snapped an imaginary lash. Pussy whipped.

“Fuck you,” I snapped.

He laughed, as, in fairness, I would have had the situation been reversed.

He wrapped an arm around my shoulder. “Listen, buddy boy, you need to nip this in the bud. Jeannie is a primo piece of ass. I’ve always said that.” Which was quite true. He’d been perfectly, repeatedly clear over the years about that if not much else. “But you let her push you around on something like this, and in a couple of years, you’ll be carrying a damn kid around in a chest harness while she goes out for drinks with the girls. And by ‘drinks,’ I mean cock.”

I removed his arm from my shoulder. “Dude. I am not going to take relationship advice from a guy who has picked up Chlamydia twice and had a girl max out his credit card.”

He chuckled. “In fairness, the girl who maxed out my card was also one of those who gave me Chlamydia. And I’d totally do it all over again. Epic lay. Now, if you tell me Jeannie can fuck like that....” He trailed off. He knew I couldn’t. As hot as Jeannie is, she’s always been, well, vanilla in the sack. It was her one, tiny little, failing. But when you got hot, smart, fun and a dad who is loaded, it’s sort of unreasonable to hold it against a girl that she isn’t also a whore in bed.

“If you’ve got a stripper coming, I’m leaving.” Like I said, I like strippers, but it wasn’t worth it.

“Too late,” he replied.

And sure enough, the door opened, and in walked a tall, very pretty, albeit a touch severe, blonde, in high-heeled, thigh-high boots, fishnets, and a leather bodysuit. Hoots and hollers, pool cues clattering on the tables, as all of my buddies turned to watch.

“I’m outta here,” I said.

But before I could make my way to the door, it was blocked by Tony and Dave, both of whom had been college linemen, and either of whom could easily keep me from leaving if they wanted. They crossed their arms across their chests and smiled.

The stripper strode over to Jerry and me. He nodded in my direction, and she placed a hand on my sternum, her long, red fingernails poised menacingly against my chest, threatening, it felt, like she might claw out my heart if I crossed her.

“Hi, Big Boy, I’m Selene, and I’m going to make your last night of freedom epic.”

I forced a smile. “I’m sorry Selene. But I’m going to have to pass.”

“I know you’re worried about being able to perform in front of all these guys, but I’ve got a magic tongue. I could get a corpse hard.”

She slowly squatted down, her finger trailing down over my stomach, and it dawned on me that fucking Jerry hadn’t hired a stripper. He’d hired a whore. Her hand continued lower, until it rested on my crotch. She looked up at me and licked her lips.

At which moment, the door to our room flew open, and in charged a red-headed banshee in a sundress. She easily split between Tony and Dave, demonstrating the sort of feral quickness that might have made her a

superior pass rusher if she'd ever given it a try. Her green eyes were fiery with rage. "What in the actual fuck!" she screeched.

As she stormed over to me, I stepped back away from Selene, whose expression switched from shock to amusement as she quickly made sense of the situation. She'd apparently attended this rodeo before. I glanced at Jerry, hoping he might intercede and explain that I was trying to be a good boy, and that he was at fault. But his grin told me that while he might ultimately be willing to get me off the hook, he was going to let me twist in the wind for a while first. As Jeannie noted, my friends are assholes.

"What the fuck, Eddie? I told you fucking strippers was a red line!"

"Wait," Jerry began. I had a moment of hope. Then he shattered it. "Is 'fucking' an adjective or a verb in that sentence."

Jeannie glared at me. Laser beams. It didn't help that Selene looked a little like Ashley, which I am sure Jeannie remembered from that one particular text from Ashley, smiling back over her shoulder with a butt plug in her ass.

I put my palms up in a universal gesture of surrender, but before I could answer, Jerry jumped in again.

"She's not a stripper," he said.

And then Selene added, as if part of a routine, "Naw, Sweetie, I work for a living." She provocatively licked her lips.

Jeannie then made a sound that I've never heard before. A mix of a growl and howl. Her eyes seemed to turn three shades darker, and she turned toward Selene. "Get out." It was curt, direct, and managed to suggest the risk of unholy violence in just two syllables. Even Selene seemed taken aback.

"Uh, okay," Selene said, as she drifted toward the door.

"And you," Jeannie said, rounding on me. "You...."

She hesitated for a moment, and I decided it was the opportunity to try to defuse the situation. “It’s not what you think, I--”

Hoo boy, that was the wrong thing to say. If she’d been angry before, she was livid now. “I’m not fucking stupid, Eddie. I may not be a whore, but I know... maybe that’s it, Eddie? You want to marry a whore?”

I shook my head. “Baby--”

“Don’t Baby me.” She turned toward Selene, who had paused by the door. “I thought I told you to get out.” As the prostitute exited, she added, “Don’t worry, I’ll take care of these guys.”

I tried another tack, “I’m sorry --”

“Oh, you’re sorry alright,” she interrupted.

I looked over at Jerry trying to urge him that now was the time to make things right. He smirked. Douche bag.

Jeannie took a step back from me and slowly surveyed the room. A saucy grin spread across her face. “So, you boys were planning on a little bachelor party gangbang, huh? Well, the only pussy Eddie gets is mine. So if that’s going to be the entertainment, then I guess it’s on me to provide it.”

I took a step toward her. “Jeannie, I --”

She took a step back, wagging her finger. “Nah uh, Eddie. Wouldn’t really be fair for you to go first. I mean, you get it all the time, even though apparently that isn’t good enough for you. Got to take care of your boys first.”

For a bunch of guys who are never short of words, they were creepily mute. Jeannie seemed to enjoy that. I wondered how far she planned to take this. She gave me a hint a moment later when she suddenly and without fanfare whipped her dress over her head and tossed it to Dave by the door. Jeannie loves sexy lingerie. Even just going out for a beer and pizza, she’ll have on a matching lacy, thong and demi-cup bra set. It’s something I’ve always

loved about her. Until this moment, when she was unexpectedly standing among a group of my friends in just heels, nude, sheer, triangle-and-ribbon panties and matching bra that barely seemed able to contain her full breasts.

“Whoa, Jeannie,” I said.

She put her hand up to quiet me. “You shut the fuck up.” Then to the others: “So, who’s first?”

She turned. “You Max?” she asked, as she casually slipped off her bra and handed it to him.

He swallowed hard, his eyes ping-ponging between me and her perfect, teardrop tits.

She spun on her heels. “Or maybe you, Jerry?”

She swished toward him, and hooking her thumbs in the ribbons on her panties, slowly eased them down. Jeannie handed him her bottoms. He licked his lips unconsciously, his pants tenting. It would have been funny had it not been my fiancée stripping naked, showing off her perfect body, her shaved snatch.

“Jeannie,” I said again. “You --”

She held up her palm to me. “Eddie, I swear to fucking God, if you say another fucking word, I’m going to cut out your fucking tongue and feed it to the dog.”

Which was a particularly weird thing to say since we didn’t have a dog.

I now knew better than to try to simply try to shut it down. Everything I’d said had only enraged her further. The more I tried to assert control, the more she wanted to seize it back. My only real option was Jeannie coming to her senses, which seemed unlikely now that her Irish temper was up and the adrenaline of being naked in front of a roomful of guys coursed through her veins. So it was down to the bro code holding firm. But the bro code isn’t designed for this sort of situation, not with Jeannie doing everything

she could to break it. And anyway, the other side of being bros is busting balls, and what's a better burn than dropping a load in your friend's girl?

She drew her hand across her chest and tweaked one of her plump nipples. Then running a finger down her flat belly, she traced the line of her juicy slit.

"I'm going to be getting some strange cock tonight no matter what, Jerry. If not you guys, then maybe someone in the room out there." She gestured toward the doorway to the rest of the club.

Jerry nodded along, clearly appreciating the out she was giving him. Sorry Man, but she was going to fuck some dude anyway. Might as well be a bud, right?

Then conspicuously eyeing his package, she added. "You've always wanted to fuck me, haven't you?"

I don't think he meant to answer, but his smile gave it away.

"That's what I thought, Baby. I'm going to make you come so hard," she glared at me again, "like a good whore."

She squatted down before him, mirroring the situation she'd walked in on with Selene and me. Except that Jeannie was completely naked, and in that position, with her legs spread wide, her pussy split open to expose the pink flesh within. Jerry was so excited that pre-come stains appeared on his khakis.

Jeannie reached out and, with some difficulty due to his erection, pulled down his zipper. Out popped his cock, skinny, red, and not very long, which was something I'd have loved to tease him about had my view not been immediately curtailed by the sight of my fiancée sucking him into her mouth. She bobbed up and down slowly several times. Everyone seemed frozen, mute, staring at what was playing out in the middle of the room.

She pulled back and swirled her tongue around his head. He softly moaned, "Oh, that's good."

“But not as good as my pussy,” she replied.

She rose and then backed up until her butt was pressed against one of the pool tables. Leaning back slightly, she spread her legs and ran her fingers between her glistening pussy lips.

“Come and get it,” she cooed, beckoning him with a crooked finger.

It was like reeling in a fish. I don’t think Jerry could have stopped himself if he had wanted. But he didn’t have any compunctions. His eyes firmly locked on my fiancée’s snatch, he moved in close. She seized his cock and aimed it, and he buried himself in my woman.

“That’s it, Baby, fuck me like a whore,” she said, locking eyes with me as she said the last word.

Jerry was happy to oblige. He began thrusting hard and fast. His hands mauled her big tits.

“Go ahead and come, Stud. Let your friends get a piece,” she said.

I think it was her wanton attitude as much as her hot body that sent Jerry over the edge. With a ragged thrust, he began to shiver, dropping his load into my bride-to-be. With his already unimpressive weiner shrinking, Jerry quickly zipped back up and stepped away.

“That was a good warm up,” Jeannie said. “But now I need a man who can really take care of me.”

I looked over at Jerry, who turned beet red. He might have fucked my woman, but he wasn’t going to come out of this unscathed.

When no one immediately stepped forward, Jeannie turned up the heat. She dipped her finger into her pussy, and then brought it to her mouth and licked it clean. She gazed around the room and then fixed Max with a sultry stare.

“Your turn, Max. It’ll be like old times. I’m betting you and Jerry tag teamed at least a couple of dumb, drunk, coeds back in the day. I promise

I'll be a better fuck than they were, if you can last a little longer than Jerry at least."

It was a neat little appeal to his competitive instincts. Max studiously avoided me, but he did give Jerry a smirk as he replied, "I'll see what I can do."

He approached my girl. But instead of fucking her right away, he grabbed her around the waist and lifted her up onto the pool table. She lay back on the green felt, and he pressed her thighs back against her chest, opening her up obscenely. He pressed his thumb into her pussy.

"Still nice and tight," he said, looking at Jerry, and eliciting a few laughs. He drew out his thumb slowly, pressing against her clit as he did, making her shiver and moan. He offered it to her, and she sucked it deep into her mouth.

"You really do like eating come out of your own pussy, don't you?"

"Mmmm. Don't all dirty whores?"

"Well, I'm going to give you some Chinese come to eat. You'll love it, but will want more in an hour."

She giggled even as most of the rest of the guys groaned.

Her laughter stopped, though, when he pulled out his cock. His was everything Jerry's wasn't. Long, thick, and uncut, it was a very impressive tool. He stroked himself slowly with one hand while rubbing her clit with the other. She moaned and licked her lips.

"Don't tease me, Baby. Give me that big, beautiful cock."

He did. A long, slow, deep stroke that left her gasping open-mouthed. When he hit bottom, she moaned sensuously and shivered. He looked over at Jerry, giving him an unspoken message. That's how you do it, Bro.

He lifted her legs up over his shoulders, and then with a cocky grin began pounding her hard. Jeannie gripped the table to keep herself in place, the

better to receive his hard thrusts. She moaned and gasped, and periodically cried out in passion. Her big tits bounced violently. Their bodies slapped together loudly. He placed his palm on her abdomen, his thumb on her clit.

“Oh fuck,” she gasped. “Ohhhh fuckkkk!”

Her legs quivered and she bent into a half curl before collapsing back onto the table, panting and spent. He slowed a bit, but his thrusts became even harder. She grunted at each stroke, passive, but eying him with sultry passion.

“Do you want my come?” he asked.

“Yes.”

“In your pussy?”

“In my cunt!”

Max thrust in one last time and with a shuddering growl added his come to my fiancée’s creampie. When he pulled out, she remained open, her red, wet gash pulsing. She dipped a finger inside and brought it to her mouth.

“Mmmm, tasty.”

I was sort of hoping that having made her point, Jeannie would now call an end to things. But even if she’d wanted to, I’m not sure it would have made a difference. The guys were in a frenzy.

Clark elbowed his way to the front. He turned to me. “Remember Jodi?”

I shook my head and smiled tightly. Talk about a thin pretext. He’d only fucked her a couple of times before I hooked up with her. So, okay, it was during a ski trip at his parent’s cottage, so on his home turf, but even still. I looked around the room, and realized all of these guys were thinking up justifications, and remembering a decade’s worth of ball busting, pranks, and general mayhem, I knew they could all come up with something.

Clark approached Jeannie. She squirmed sensuously, pressing her breasts together, licking her lips. He turned toward me, second thoughts apparently.

“You okay with this?” he asked me.

Jeannie didn’t let me answer. “Of course, he is. That’s why he arranged for a whore at his party.”

I shrugged in resignation. Blaming Jerry for Selene would be whiny and pathetic. And anyway, I had to admit she was right. I was saying all the right things, but the truth was, it wouldn’t have taken much for Selene to get my dick into her mouth. I did like whores, strippers, slutty girls. I probably didn’t want to marry one of those, but at this point, that seemed like it was off the table anyway, which was all a nice way of convincing myself to do nothing to stop it.

Jerry, though, post climax, seemed a little chastened. He stepped forward. “Jeannie, he didn’t even know. And this... is totally out of hand.”

Jeannie dipped her finger back into her snatch and licked it clean. “Is that true, Eddie, you wouldn’t have fucked her?”

It would have been an easy enough lie, to insist that I would never ever think of cheating on her. The lines ran through my head. I swear Baby. I had no idea. I would never. Instead, I said nothing, but the truth was, I sort of wanted to see her take another dick. Her body was a Ferrari, and I wanted to see it in a race.

“Thought so,” she said.

That was enough for Clark. “Enough with the romantic shit,” he said. He yanked Jeannie off the pool table and roughly spun her around. He bent her over the railings, and grabbed a handful of her flame-colored hair. He dropped his trousers, and shoved his fat prick up inside her. She gasped, and it occurred to me that her pussy was probably starting to get a little sore, and there were still another six guys to go after Clark. And that was only if they all decided to only take one turn each.

Clark was aggressive and methodical. He fucked her hard, pulled back on her hair to arch her back, making her tits jiggle wildly. He punctuated every other thrust by slapping her ass. Left, then right, then left, until her lovely bottom was as red as her hair. In the meantime, the scrum of voyeurs had dissipated, as the rest of the guys started playing a game of Cutthroat to determine who'd be fucking Jeannie next. For some reason, I found that even hotter.

Greg won. He approached and looked over my fiancée. She was grunting and gasping from Clark's rough handling, sweating, her thighs slick with come dislodged from her swollen, messy cunt. Seeing her next man was ready, Clark released her hair, and she collapsed face down on the pool table. He grabbed her hips and rammed into her harder still, forcing her up onto her tip-toes as he destroyed her pussy and reduced her to a squealing, wheezing mess. He came with a roar, and then pulled out quickly.

Jerry's momentary attack of scruples having long since dissipated, he stepped up and snapped pictures of Jeannie's gaping, pulsing hole. He turned toward me.

"Now that's a keeper," he said about the image on his phone. In the back of my mind, I wondered if I could get a copy without coming off as a total loser.

Greg ran his dark hand over her creamy skin. She was breathing hard, but didn't shrink from his touch. Even though my friends were using her like a cheap whore, she didn't seem to be having any second thoughts. Her determination to fuck with me was either off the charts, or she was really digging it.

Greg pressed each of his long fingers into her sloppy pussy in turn until his hand glistened with a mix of come and her juices.

"Get on your knees," he ordered.

She obeyed, though a bit gingerly. Once in position, he fed her his fingers one at a time. She suckled them deeply, tenderly, making and keeping eye contact with me the whole time. She finally looked away when she heard

him unzip. Her eyes went wide at the sight of his big, black cock. Though not any larger than Max's, it's darkness made it even more impressive, and looked particularly girthy as she wrapped her slender, pale hands around the shaft.

"You ever fuck a black man?" he asked.

She shook her head.

He grinned. "You're going to need to earn it. Show me how you use your mouth."

As my fiancée began slowly working Greg's fat prick into her mouth, Jerry finally made his way over to me.

"You okay Dude?"

I snorted. "Yeah, sure. All my best friends are fucking my girl. Best night of my life."

"You can't blame us. She's hot as shit."

I rolled my eyes. But he had a point.

"You want me to get the whore back? After all of this, Jeannie can't complain if you get your dick wet too."

"Why don't we ask her?" I said. "Oh wait, we can't 'cause she's sucking Greg's dick."

Jerry chuckled. "Yeah, she is. Damn look at her go."

For a girl who always liked sex, but who never seemed much into kink, getting gangbanged and sucking cock in public brought out her best work. She slobbered all over Greg's ebony pole. She took him deep and flicked her tongue against the bottom of his shaft. She stroked him hard and sucked on his balls. And when he grabbed her head and began fucking her face, she surrendered totally, gagging, choking, and gurgling like a porno chick, spit dripping down her chin onto her big, heaving tits.

“You want my come, Baby?” he asked.

She couldn't speak with a mouth full of dick, but her eyes answered in the affirmative. He pulled out, and began to stroke himself. She opened her mouth submissively. His first rope shot across her face, but he shot the rest right onto her tongue. She waited until he was done before swallowing it all.

“What do you think you're doing?!”

We all turned toward the doorway to see an angry manager and a petite waitress cowering behind him. While we were distracted by Jeannie's slut show, she'd apparently come in to restock the bar, and, horrified, ran out to get her boss.

“You need to leave. Now!”

I hurriedly tracked down Jeannie's dress, which was laying in a heap on the floor, and helped her into it. I'm not sure where her bra and panties had gotten too. Probably in someone's pocket as a souvenir.

When we started to move toward the door, however, the manager blocked our path, and directed us instead toward the rear exit that led to the alley. Looking at my fiancée, all disheveled, with a dollop of jism still on her face, and wet spots on her dress at her crotch and tits, it occurred to me this was a good idea all around.

We shuffled out back, and Jerry ran ahead to track down the limo, which wasn't expecting us quite yet, and definitely wasn't planning to pick us up among the dumpsters in a back alley. This would have been a good time to call an end to things, but I was still torn. As fucked up as this all was, it was also insanely exciting. The window of opportunity closed quickly in any case.

“Ugh,” I heard Jeannie grunt.

I turned around to see her pressed up against a dumpster face first, and Donnie standing behind her, pants around his ankles humping from behind.

“Jesus,” I groaned.

She looked at me. “Am I being a good whore? This is what you wanted tonight, right?”

I shook my head incredulously as Max approached. He watched beside me for a little while. Donnie had Jeannie’s dress bunched up around her waist, and as he thrust into her, her booty jiggled rhythmically. It was a bit hypnotic.

“This is a little fucked up,” Max said.

“You think?”

“I mean, it is hot, if we just forget she’s your fiancée.”

I chuckled despite myself. But he was right. Wanton women are hot. Gangbangs are hot. Public sex is hot. Fuck, I guess even cuckolding is hot, particularly if you’re not the one being cuckolded, or maybe even if you are assuming that’s your thing. Which it wasn’t. My thing that is. Except, goddamn, as much as I wanted to deny it, my primary emotions at the moment weren’t anger or disgust or even embarrassment. They were, unexpectedly, a bizarre pride, and less surprising, but perhaps more disturbing, a desire to ram my own cock into her sloppy hole.

“I think this is her way of telling me the wedding is off,” I replied.

He clapped me on the shoulder. “Well, it’ll make for a hell of a story someday, whether the wedding happens or not.”

With impeccable timing, Jerry returned with the limo just as Donnie was finishing. So it was with a fresh load in her pussy that Jeannie scampered into the back, sitting on the bench in the rear of the limo. Once there, Tony and Dave closed in on her. Nearly 600 pounds of mass and muscle, they seemed to engulf her. They shredded her dress, and one of the other guys threw the torn and stained material out the window toward a group of surprised pedestrians. The former linemen pulled her legs apart, so that her thighs rested on the knee on the man on either side of her. They mauled her

titties and took turns molesting her pussy with their thick fingers and feeding them to her. She moaned and squirmed and gagged, two fingers plunging into her snatch, two pressing deep into her mouth.

After that crude warm-up, Dave lifted her off the bench and positioned her on her hands and knees on the floor on the limo. He pressed her face into Tony's lap, where his fat, hard cock was conveniently exposed and ready to be sucked. Then moving behind her, Dave slammed his own big prick into her messy twat.

Even more than the visual of my girl getting spit-roasted, the sounds were overwhelming. She was so wet that Dave's prick squished as it entered her, and she gurgled and gagged loudly on Tony's meat. Then after a couple of minutes of that, they switched spots, and Jeannie eagerly slurped Dave's prick straight from her pussy to her mouth. Tony and Dave were having a grand old time banging her, grinning, laughing, high-fiving over the top of her.

"I think they've done this before," Jerry noted.

I nodded. "Sure seems like it."

They switched sides again. And again.

They were not quite done when we arrived at Jerry's townhouse. It was a modern, built-up, mixed-use community, and his front door was just a block down from a popular bar with outdoor seating. The limo drew some stares, and even more when it disgorged nearly a dozen men and a single, busty, naked woman.

Jerry led the whole procession down into the basement. He pulled out some bottles of booze, fired up some music, some of the guys settled down at the card table and began to play poker, and Dave and Tony resumed fucking the shit out of my fiancée.

"Fuck, guys, get her off there. She's a fucking mess," Jerry bellowed when he saw Jeannie bent over the arm of his sofa. He dug into a storage closet and pulled out an old camping mattress, which he tossed on the floor.

Dave tossed her on the mattress and folded her in two. Pounding down into her from above, he had her grunting and groaning as he brutalized her already well-worn pussy. It was a lurid scene. The bare mattress on the floor, the naked girl, and the roomful of guys, made the whole thing look like a grubby rape porno from the 1970s. Her increasingly high pitch squeals added to the disreputable ambiance. When Dave was done, Tony took his place. He flipped her over effortlessly and entered her from behind. Grabbing a handful of her hair, Tony hammered her until finally, he too, came inside her.

Jeannie was, by now, obviously exhausted. Panting, she collapsed face first onto the mattress. Her body heaved as she tried to catch her breath. She was sweaty, skin blotchy, hair a mess. Her ass and tits were covered in handprints. Her pussy looked bee-stung, all puffy and red, and now leaking copious amounts of jism.

Jerry sidled over to her. He ran a hand up her thigh. She winced as he probed her sore cunt.

“Looks like we wore out one hole,” he said. “But what about this one?”

He slipped a slick finger between her ass cheeks, and teased her anus. She stiffened. Unless she’d lied to me, she was a virgin back there.

“Dude, maybe that’s enough,” I suggested. It was one thing for her to get fucked, another to get her ass torn up.

He smirked. That douche bag, fratboy smirk.

“A real whore takes it in the ass. Are you a real whore, Jeannie?”

She turned her head to look at me. “I’m a real whore,” she said. “Just like Eddie likes.”

I groaned. My dick twitched.

“Just what I thought,” Jerry said.

He pressed his finger into her ass. She hissed in pain, but her ass also rose up to meet his hand. He chuckled and released a gob of spit into her butt. He pushed in deeper. She moaned.

“I think we’re about to unleash the Kraken.”

“It’s release the Kraken, idiot,” I said.

“Whatever, man, I’m going to fuck your girl up the ass.”

He yanked down his pants and coated his cock with a mix of spit and the seepage from her twat.

“Spread your ass and beg for it,” he said.

Staring at me, she reached back, and still flat on her stomach, she pulled her cheeks apart. Her asshole was a cute, pink rosebud.

“Fuck my ass, Jerry. Fuck me like a whore,” she cooed.

He grinned and placed the head of his cock against her anus. Another gob of spit on the head, and then he pressed down, until suddenly the tip of his cock disappeared inside my fiancée’s ass. She gasped. He pushed in deeper. She gasped again. Her body shivered.

“Oh fuck,” she groaned.

“You like it, don’t you slut?”

He thrust in deeper still.

“Oh fuck, yeah,” she replied. “Oh fuck, oh fuck.”

He dropped forward, arms by her shoulders, his body over hers. Then he began to fuck her ass. Slowly at first, but deeper and deeper with each stroke. She gasped and sighed, her hands shaking as she kept her butt spread for him.

From out of the corner of my eye, I saw Jerry's 72 inch TV flicker on. And then after a couple of seconds, the TV menu was replaced with a close-up, ultra HD image of Jerry's dick sawing into my girl's ass. I looked down and saw Donnie aiming his phone at the fucking couple, the video mirror-imaged onto the TV.

Jeannie was staring at the TV as well, seemingly mesmerized at seeing herself getting sodomized on a wide-screen in high-def. Donnie slipped in closer, improving his vantage, framing an image worthy of a high-end porn video. Jerry was enjoying it too, and began thrusting hard and faster to put on a show worthy of the productions values. She whimpered and gasped, and he fucked her harder still. Her body shuddered beneath him. He jammed it in, balls deep. She cried out. He growled.

He pulled out and that pretty pink rosebud was gone. Donnie got in real close so we could see her asshole was red, gaping, and pulsing.

"Oh fuck, that's hot," he gasped.

Greg felt the same way, but was less transfixed. He elbowed Donnie out of the way. His big dong was already out. He mounted my girl, drove his cock deep into her pussy to lube it up, and then without hesitation, plunged halfway into her ass.

Jeannie howled. I thought she was in pain, but instead, I watched in shock as she began to thrust back against him, fucking him with her newly deflowered asshole, taking his big, black dick deeper and deeper, until with a gurgled sigh, she shivered from head to toe in a wild assgasm.

"Fuck that was intense," Greg said impressed.

It was intense enough that Jeannie was spent and lay limp on the mattress, though still holding open her ass. Greg took the invitation and began reaming her but good, all of it captured by Donnie's ever-observant phone camera and blasted onto that big TV. I couldn't quite believe that she could take it. It was amazing seeing her once tight hole stretching wide around that thick, dark shaft.

When Greg was done, Max took his turn in her ass. He took his time. As big and thick as he was, I don't think a lot of girls could take him anally, so he was determined to take advantage of Jeannie's preternatural butt. He gave her long, deep, slow strokes that ended with him balls deep, and her making these low, rumbling, feral growls of pleasure. When he blasted inside her and pulled out, he left her asshole gaping and leaking come.

That was just the start. Each of the guys took two and three turns. Tony and Dave tag-teamed her again, this time impaling her pussy on Tony's prick with Dave hammering her ass. She was limp. A rag doll. But she took everything they could throw at her.

It was past three in the morning by the time they were all fucked out, and passed out on the sofas and various corners of the room. Jeannie was naked, still face down, on that bare mattress, streams of jism dripping out of her. She was disgusting, and she'd never been hotter.

I approached and dropped my pants. I was rock hard. I took off my shirt and draped myself on top of her and thrust my cock inside her. Her body was hot and sweaty. In places sticky, in others crusty, with come. Her cunt was so loose I could have fisted her, but also drenched and steamy.

"I thought you guys were done," she sighed.

"Not this guy," I replied.

She bucked beneath me. "Get off me, asshole."

"What? Everybody gets a piece of the bride except the future husband?"

She chuckled. "Fine go ahead. Get your rocks off before throwing me to the curb."

I churned inside her, conscious that my cock was swimming in the come of all my friends. I had no idea that could be so hot.

"Not a chance, Baby, I'm going to marry you. If you were a nine before, now you're a perfect ten."

“Fuck you.”

“I’m serious.”

She slowly began to thrust back against me. “Really?”

“Really.”

“Even though all your friends have had me?”

“Especially because of that. You’re right. I like whores. And you’re my whore.”

“What if they want to fuck me again?”

Despite the relative lack of friction, I was close. “Let them,” I moaned.

“I will.”

I came, adding my load to the swamp inside her.

I let her roll over beneath me. I kissed her. Her tongue was musky and salty. I devoured it. Then suddenly she pushed me off her.

“The wedding is tomorrow,” she said. “It’s bad luck for the groom to see the bride before the wedding.”

I chortled. “What about them?”

“They’re not the groom.”

Jeannie’s family is Irish Catholic, and they take it seriously. The Monsignor was presiding at the wedding, a formal church affair. He was close to the family and had presided at Jeannie’s baptism and confirmation. I wondered

what he'd think of her now if he knew. I guessed that she wasn't exactly planning to come clean in the confessional, though perversely the thought of it was hot.

I hadn't seen her before the ceremony, which was of course normal. But I also hadn't seen my Best Man, Jerry, or any of the other groomsmen except for Jeannie's brother Chris.

"Where are your friends?" he asked.

I shrugged. "Traffic, probably."

He gave me a puzzled look. It was a quiet Saturday in the suburbs after all.

The priest, white-haired, ruddy-faced, and in full regalia, stood at the altar patiently. Jeannie's parents and some of the guests chattered anxiously.

Finally, Jerry and Max arrived, and grinning widely, joined the wedding party. Then Jeannie appeared in the back of the church accompanied by her father. She looked resplendent in an extravagant flowing, white lace dress, trailing a train, and wearing a veil. Her amber locks were done up in an elaborate crown of braids. She looked gorgeous and proper. The perfect virgin bride for her big church wedding. The guests oohed and aahed as she walked down the aisle.

She joined me, and I took her hand. We kneeled before the Father as he greeted the audience and launched into a sermon on the sacrament of marriage, its history and its blessing and exaltation by God. He spoke of Jeannie and her character and innocent heart. I managed to suppress a giggle.

We stated our intentions of fidelity to one another, to raise children in accordance with the teachings of the Church.

Then, as the Priest began, "Do you, Edward Robert Mayhew, take this woman...", she leaned in and whispered to me, "I have come in my ass."

“I do,” I exclaimed. The church burst out laughing, and I realized I hadn’t let him finish the question.

“That’s okay, Son,” he said kindly. “It’s better to be over-eager than harbor doubts.” He finished the question. I repeated my affirmation. He turned to Jeannie, and still grinning, she answered positively as well.

“I hereby pronounce you man and wife. You may kiss the bride.”

I lifted her veil and kissed her. She tasted of jism.

We had the reception at Jeannie’s parent’s country club. Two-hundred and fifty guests scattered across twenty-eight tables and three tents -- one for cocktails, one for dinner, and one for dancing. It wasn’t really a surprise that I lost track of my new wife several times. She was there for the first dance and the toasts and the cake cutting. And I did spot her circulating among the crowd. But there were also times when she wasn’t there.

Finally, it was time to leave. Dodging a deluge of rice, we ran to the car. We drove to the hotel trailing cans and paper streamers.

“Did you have fun?” I asked.

She gave me an enigmatic little smile. “Let’s talk about it in private.”

We gave the car to the valet. Guests in the lobby cheered as we entered. The bellhop led us to the garden bungalow we’d reserved for our wedding night. I carried her across the threshold.

Inside, I pulled her into an embrace.

“You were a bad girl at the reception.”

“Was I?”

I kissed her hard. “Who knew my friends were so addictive.”

“They’re not.”

I raised an eyebrow. “Oh?”

“Help me out of this,” she said.

It was a project getting her out of the dress. I wanted to rip it off her, but it was too lovely and delicate to tear. As I helped peel off her bodice, I got a glimpse of the lingerie beneath. All white lace, and sheer. Her bra was sexy, her mounds threatening to spill out, and her hard, red nipples ready to tear a hole through the wispy cups. Then removing the bustle, I saw her matching white lace stockings, held up with narrow ribbon garter belt straps. As I finally helped her ease the dress over her hips, I realized there was one thing missing in her outfit... no panties.

“Aren’t you missing something?”

She put her hand to her mouth and with wide-eyed innocence that was belied by her words, she replied, “I had them on this morning. I swear.”

“I guess my friends are more addictive than you said.”

“There were a lot of men at the party.”

“Yeah?”

“Lots of men I’ve wanted to fuck over the years, but was too much of a nice girl to give in.”

“How many?”

She took my hand and placed it against her juicy, wet, shaved cunt. “Some of that is leftover from before, but most of it....”

“How many?”

She smirked. “You’re wearing too many clothes for this discussion.”

She peeled off my jacket, and then unbuttoned my shirt. She fixed me in the eyes and unbuckled my belt. I kicked off my shoes and my pants pooled at my ankles. She led me to the sofa and straddled me. She pulled down her bra, and offered her luscious titties up to me.

“All you boys are so busy with my ass and pussy that you don’t pay any attention to my boobs.”

I took up the challenge, cupping them in my hands, and sucking her plump nipples into my mouth one at a time.

“Oh, that’s it, Baby. That feels so nice.”

I looked up at her from inside her cleavage. “Tell me.”

“So, my mom was taking me around. And she says, ‘you remember Michael Dillon, don’t you sweetie?’”

“Who’s Michael Dillon?” I asked.

“Hmmm. My first real wet-panties crush. I won’t tell how old I was. And of course, never did anything with him other than blush and stammer.”

“You did more than that today, didn’t you?”

“Mmmm, yeah. I cornered him in the garden, and I told him all about my crush. You should have seen how red he got... at least until I told him I was going to suck his cock. He finished in my mouth.”

She ground against me, her wet pussy rubbing my cock through my boxers.

“My first real boyfriend was there. Jason. Friend of the family from the country club. We dated the summer after my freshman year of college. I was still a virgin. Almost ready to lose it, but not quite. We made out every day and every night. I was a horrible tease. Gave him the worst case of blue balls, I’m sure. But I finally made up for it. I told him to meet me behind the pool shed. That was our hangout back then. He bent me over and tore

off my panties. Then he fucked me. I wish I hadn't been such a good girl back then."

"You're making up for lost time now," I said.

"No time like the present. Being a slut is more fun than I had imagined."

"Anyone else?"

She smiled. "Then I ran into my favorite teacher from High School, Mr. Morris. All the girls were in love with him. Sandy hair, hazel eyes. He read Pablo Neruda in class. Today, on my wedding day, I gave him my ass." She looked me in the eyes. "Are you upset, Baby? All three holes consummated by other men."

"Do I feel upset?" I asked.

"No, I guess you don't." She eased my cock out of my shorts and settled down on me. Her pussy leaked around my prick, onto my balls.

"You sure there wasn't anyone else?"

She ground against me. "Maybe one... or two... or three..."

I didn't care. She was mine. My dirty little whore. And I loved her.

The next morning, we went on our honeymoon to Jamaica.... but that is a whole other story entirely.

Story Commentary

Okay, so that was a goofy little story, right? I mean, I hope you enjoyed it, but it is paper thin. But even still, I want to spend a little time deconstructing it, and giving you a sense of why I like it despite that.

So, first of all, like many of my stories, there is a conceit at its core, which is that inside every conservative, button-down woman is a slut raging to get out. Do I think that is true? Not really. Do I wish it were true? I'm not sure about that either. I do think, though, there is something there, in the sense that many of us, and I think women even more so, do constrain their sexuality due to social convention and fears of personal safety. The former is obvious. If you slut it up and you're a dude, you're a "lady's man," if a woman, a slut. But I think the personal safety issue is really bigger than most men realize.

Anyway, I don't think I am getting at some big truth here. Obviously, this is one of my personal fetishes, but anyway, the wanton woman bursting out is a common trope, and I decide to use it here.

Part of the criticism I get from some readers is that the husbands in my books are doormats. Is Eddie a doormat here? Sure enough, he watches his wife cheat on him with all of his best friends, and then not only does he not

get revenge, he actually seems to love her more for it. The story is told from his POV, so he comes off better than he might otherwise, but look, he's a douche bag. He is immature, his friends are assholes. He had barely enough self-awareness to realize that, yeah, when push came to shove he'd probably get his dick sucked by Selene, but in general he's a bit of a jerk. Does that justify Jeannie's behavior? I don't know. I don't care. But the point is, this isn't a nice guy who is being wronged. These are a couple of fucked up people in a fantasy scenario.

Speaking of nice guys... and I do write some husbands who come off more as nice guys and less as assholes. But let me just note that most guys who describe themselves as "nice" are really passive-aggressive, needy jerks.

Anyway, the point is, in this story as in most of my others, the husband is less blameless than it may seem. He may not deserve to be cheated upon, but the reason I am often sympathetic to the cheating wives is that in my mind, she's often had to repress her sexual desires, her husband is either a child or a jerk, and she finally has enough and lashes out.

Okay, now the sex scenes. I like writing these, and I don't. I don't know how other people approach it, but I usually have one or two images in my mind that I write towards. In this story, there were a few -- there was Jeannie stripping down and getting fucked on the pool table, there was Jeannie getting spit-roasted in the limo, and there was the idea of her on a bare mattress getting it up the butt. Then the rest becomes about figuring out how tab A goes into slot B to get all of that to happen. Which is fun... but I've written enough sex scenes now that I am really primarily focused on just those two or three moments that I have in my mind.

Why those three? Well, this gets again at some of my fetishes, I guess.

The first “penetration” is always hot for me. Final boundaries broken, that moment where it goes from “fun and games” to “oh, shit, this is real.” I mentioned this in a recent Twitter thread as well -- and if you don’t follow me, shame on you! Some people watch porn for the money shot. Some seem to like the actual dick in orifice action. I like those first moments. The first instance she gets naked. The first time she sucks his dick. The moment he first enters her. I hate that pornos often skip that and just cut from position to position with the fucking already going on.

I also like the whole switching sides thing. No idea why. Just seems hot for two guys to be banging a girl and going back and forth between, say, pussy and mouth.

Then, of course, the mattress thing is just that sort of lurid, dirty sex vibe. As I say in the story, it reminds me of those 1970s pornos. Those often had stories, and they were often dark -- literally often, which is too bad, but figuratively as well, which can be sexy, especially if that kind of thing is imprinted on you early on, I guess. Presumably, there will be people writing erotica in 30 years who will be fetishizing scenes that are reminiscent of cell-phone videos -- the Blacked Raw folks, already, often start off their videos that way before switching to a more proper aspect ratio.

Alright, enough of my rambling. If you’re still with me, I’ve included a bonus story.

Bonus Story Introduction

So, I don't know how many people are interested in this sort of thing, but I've been writing erotic stories for a long time. I started off writing just for myself, and most of my older stories have not been published. This is because, frankly, they aren't all that good and would require a lot of editing/rewriting that probably isn't worth my time or effort. But with that caveat in mind, I am going to share one here. I hope you'll agree I am a better writer now, but this is one of the first stories I wrote back in the early 1990s -- you'll note the echoes from that time: frizzed hair, no cell phones. I was in my 20s when I wrote it, and couldn't imagine a woman older than about 24 being sexy, so the wife is 24. I don't think I'd ever been in a strip club at the time, which also shows. And even in the early 1990s, 24 year olds rarely had secretaries. It has not been rewritten or edited except for fixing typos.

That said, it isn't terrible, and it does have some hot moments. It is a very similar story in a way to the main story in this volume so interesting in that way as well.

Enjoy... or don't... whatevs.

Strip Club Wife

My wife and I have been having some marital problems. I work as a district supervisor for a large company and have to travel a lot. Alison works as an analyst at the same company. We both work long hours, and with my traveling we have not been able to see each other as much as we'd want. This has created a lot of strain. Last week I was called out of town just before her twenty-fourth birthday, and we had to cancel a very special evening we had planned. She was very upset and hinted that she might not be willing to tolerate the situation anymore.

I felt bad too, but my boss insisted I go on the trip. I went, but the whole time I kept thinking about my wife. So when it turned out that the meeting I was supposed to attend was delayed because of a computer malfunction, I quickly looked at my watch and realized that if I rushed I might just make it back in time to take my wife out for her birthday. I rushed to the airport, bought a ticket at the gate and flew home.

The plane landed, and I hurried through the airport and took a cab to the office. I arrived just after 5:30, I was sure Alison would still be there for a while, so I stopped by the florist and bought her a nice bouquet. I took the elevator to her floor and walked quickly to her office. She wasn't there. I walked up and down the hallway for a few moments and spotted a secretary on her way out.

"Have you seen Alison Stone? I am her husband," I explained.

"Oh, yes. Nice to meet you. She just left. I think she went out with a few people to have dinner and celebrate her birthday. They may have gone to Guy's."

Guy's was a local bar and restaurant that many people at the office frequented. I took the elevator back downstairs and slowly made my way

over to Guy's. Now that I knew where she was, I saw no reason to rush.

I went to Guy's and walked in. It was happy hour and the place was packed. It took me a while to make my way around the bar, but she was nowhere to be found. I stayed around for a while longer. Finally I ran into Joe Stevens, a friend who knows Alison. He told me that she'd been with three or four other people, that they'd had a drink, and that they'd left because the

place was too crowded. He told me he heard them mention two places where they might have gone.

I checked out the two places, and I still couldn't find her. It was now after 9:00 pm, and I began to feel that I might have wasted my time. I decided to go home and wait for her there.

I walked down the street looking for a cab. As might have been expected there were none in sight. As I was walking I noticed that Alison's minivan, a gift from her parents, was parked across the street. I didn't give it much thought, I assumed she had just taken a cab home after having had a bit too much to drink at dinner.

However, I decided to make sure and call her. I looked for a public phone, but the one on the street had been vandalized. I did not want to go back to the restaurant so I kept walking for half a block, and I came to a strip-joint, the Wild Fox. I went into the club to find a phone. It was dark inside, most of the overhead lights were out, and the main illumination came from the reflection of the lights on the stage. It seemed like a pretty nice place, as far as strip joints go--not many bikers, lots of businessmen. A really luscious blond was on stage. Her dancing was a little awkward and forced, but she definitely had all the necessary equipment.

I made my way over to the phone and called home. No answer. At that point I realized I had not eaten since lunch, and I was pretty hungry. I was sure Alison would be upset at the thought of me in a tittie-bar, but they seemed to have decent hamburgers, so I sat at the bar, had a beer, and ordered dinner.

The blonde on stage was getting better. She had just slipped off her bra and she was rubbing her large full breast and tweaking her erect nipples. She swayed her hips seductively, and rubbed her hands between her legs pressing her skirt against her mound. She reached behind her and unzipped her skirt. Then she slowly slid her skirt off as she massaged her now exposed legs. She was wearing pantyhose--which was a bit odd--but she made the best of it lying flat on her back and rubbing her nipples with one hand as she edged her pantyhose off.

She stood back up, now wearing only panties. She slid her hand under her panties and sensually rubbed herself. Either she was a great actress or she was really turned on because her face was aglow with sexual excitement.

She pranced around the stage, waving her ass in the faces of the men sitting closest to the stage. Guys started jamming dollar bills into her panties, and couple of guys even seemed to cop a feel.

Finally after a while, she backed up on the stage. She turned around and gently gyrated her ass. Then she bent over slightly--her big, firm breasts swaying as she moved. With both hands she slowly pulled her panties off. She was completely naked now. Still bent over, she spread her legs wider, and with her hands she spread her swollen pussy giving us all a lovely shot of her hot, wet cunt.

She then stood up and toured the stage one last time. The crowd went wild as she disappeared through a black curtain. The lights came on and a moment later an emcee appeared.

"Alright, let's give Jenny a big hand." Everybody cheered. "Jenny is a legal secretary by day, and this is her first amateur night contest." A few disbelieving grunts from the audience.

Jenny came back out on stage and took a bow. In the brighter light I was able to look around the club. I noticed three guys at a table near the stage who looked familiar. I thought they may work in my office, but I wasn't sure and I didn't really want to call attention to myself in any case.

Jenny disappeared backstage once again, and the emcee reappeared. "Are you guys hot and horny?" Big cheers! "Well good, we have one more

luscious amateur. Please give her a big hand and welcome Alison."

The lights in the club dimmed again, and a loud booming dance track cranked through the big speakers next to the stage. The name had caught my attention, but it did not prepare me for the sight of my wife as she walked on stage. My mouth dropped open, and I was too stunned to move or speak.

Alison is always attractive, usually in a reserved way. Tonight she was all dolled-up. Her shoulder-length dark-brown hair was teased and frizzed.

She was wearing dark red lipstick which highlighted her sensuous and inviting mouth and a little extra makeup which called attention to her sparkling blue eyes. She was wearing a rather conservative dark-blue business suit, but it fit her tightly outlining her rounded hips, slim waist, full breasts. Her high heels, along with her sexy white stockings, accentuated the long, exquisite lines of her legs.

The place went wild with applause and cheers as she took a luxurious lap around the stage. She stepped back and started rubbing herself up and down. She pressed her breasts together, and then turning sideways and thrusting her butt out she slowly ran her fingers over the fabric of her skirt as it tightened around her ass.

She ran a finger up the inside of her leg up to her crotch and then put it in her mouth. She slowly suckled her finger, pushing it in and out of her mouth. I saw several guys in the club wipe the corner of their mouths as they salivated over my luscious wife.

Alison then got down to serious business. She opened the top button of her blouse, then the second, and then the third. She must have been wearing a push-up bra because her breasts looked even bigger than usual and her cleavage was unbelievable. With her business suit on, and still almost fully dressed, she was every businessman's wet dream. The beautiful co-worker who turns from busy executive to sex kitten in a matter of seconds.

That last thought helped me recover my composure. I looked back over at the table near the stage. It was still fairly well lit by the reflections from the spotlight, and I realized that the guys there were not in my division, they

were in Alison's. I suddenly pieced everything together. Alison had gone out with people from work. They'd had a few drinks, dinner, a few more drinks, and somehow they had ended up in here on amateur night. Another couple of drinks and suddenly Alison was on stage. I realized that this was not a coincidence, those guys must have had this planned in advance.

I was boiling mad, and I got off my barstool and started toward the stage.

Just then, out of the corner of my eye I noticed the two bouncers. They were both huge, with arms as big as my legs, and covered with tattoos. I suddenly realized that if I caused any disturbance, I might end up in some back alley with both my legs broken. I sat back down and drained my beer biding my time.

When I looked back at Alison she had removed her jacket. Her full breasts seemed to be straining at her sheer, white, silk blouse that I had given her for our third anniversary. She undid the last two buttons on her blouse and untucked it from her skirt. She leaned forward and shook her shoulders, giving everybody a great shot of her cleavage through the open blouse.

She stood back up straight and finally peeled off her blouse completely.

She took a lap around the stage showing herself off, and I dared to hope that she was not going to take off anymore. But I was quickly disabused of that wish. She started to pay attention to her skirt. She ran her hands over her legs and ass. Slowly she pulled up her skirt showing more and more leg. Half-way up her thigh the white stocking ended, held in place by two clasps on each side. She was wearing the sexy white garter belt I had bought her for Valentine's day.

Her skirt was now pulled up so high that we could almost see her panties.

Alison ran a finger across the milky white flesh of her thighs slowly moving it upward drawing attention closer and closer to her pussy. She reached up and just for a second pulled her panties aside teasing the crowd with just a moment's view of her pussy. I didn't get much of a view, but it was enough to get several people riled-up because a chorus of hoots and howls filled the room. Alison looked up and gave a lascivious smile letting the guys know that there was a lot left to come.

She now reached behind her and unzipped her skirt. She shook her butt, and it fell to the floor. Alison daintily stepped out of her skirt with the same little leg kick that I had seen so many times in our bedroom. I felt like I was being cuckolded by the whole bar.

Alison was now wearing just a sexy, lace, push-up bra, sheer, white panties, a white, lace garter belt, sheer, white stockings and a pair of high-heeled pumps. Again she took a slow saunter around the stage shaking her chest at several of the tables. For a second I again allowed myself to fantasize that she was about to stop and go backstage. Instead, after a few seconds, during which she absorbed the sexual tension in the air and increased it by playfully massaging her breasts, she began the most devastating part of her act.

She turned around and pulled her panty up into the crack of her ass showing off her delicious cheeks. She slowly waved her half-exposed butt, and leaning forward she pushed one hand up between her legs from behind. At the same time, her other hand was unsnapping her front-opening bra.

Alison pulled her bra off completely, and turned around. Pretending to be startled she covered herself up. She held her left breast with her right hand and covered the other with her

forearm. She had a wide-eyed, mock-surprised look on her face which I had seen before when I walked in on her as she was changing. But this sham-modesty did not last long.

She approached the front of the stage and gave everybody a quick peek at her hooters. The response was immediate and loud--a cacophony of whistles and hollers. She again covered herself, holding one full breast in each hand. The bar let out a collective groan as she deprived them of her tits. She smiled at the reaction knowing she was playing these guys like a fiddle.

Slowly she gave the guys what they wanted. She uncovered one boob, and gently rubbed her already erect nipple. She pushed the breast upward, and bending her head down she reached out with her pink tongue and circled and flicked at her nipple. I felt a rush as I saw her do that, I could not help

imagining her tongue circling my cock rather than her nipple. Judging from the looks on the guys sitting next to me, they must have been thinking the same

thing.

Alison looked up and a lewd smile came across her face. She lowered both her hands and allowed her breasts to hang freely. Her newly twenty-four year old body did not disappoint, and her 37 inch breasts rested firmly, their roundness undiminished by gravity, and their nipples pointing straight out. No plastic surgeon could have matched this work of nature.

Alison squatted down and raunchily shook her chest as she lasciviously rubbed the inside of her thighs. She then stood up and walked over to a couple of Japanese businessmen. She held her legs out to them and encouraged them to help her off with her shoes. They did and at the same time massaged her calves. She kneeled down on the stage before them, and she gave them each a long, hot, wet kiss as they grabbed at her pouting breasts.

Then she crawled on her hands and knees across the stage to the table where her co-workers were howling up a storm. She sat on the edge of the stage, and gently draped her legs onto their table. She motioned to the guy closest to her--I think his name was Chip-- to take off her stockings. He did not waste a second. He slowly ran his hands up her leg. His hands passed over her calf, her knee, up her thigh and past the stocking. Only after groping her leg all the way up to her panties did he move back down and unsnap the clasps holding the stocking in place. Then with incredible slowness he massaged the length of her leg as he pulled the stocking off.

She rolled over so that she was now lying on her stomach, and balancing half-way off the stage. Slid her other leg onto Peter's lap. He was mesmerized by the sight of her half-moon so close to him, but after a second he got the picture and moved to pull off her other stocking.

When he was done, Alison pulled herself back onto the stage completely and onto her hands and knees. She circled the stage on all fours waving her butt in the air. At one point she stopped in the center of the stage, facing the

back. She was pumping her hips, and then she reached between her legs and ran her hand over the crack of her ass and down between her legs. At the same time she turned her head to look back at the crowd. Her face was framed by her frizzed hair, the shadows on her face made her eyes even more inviting, and the look on her face--a mixture of sensual pleasure and burning passion--sent out the message: "Fuck Me!" I am sure every guy in the room, myself included, was thinking about how nice it would be to do her doggie-style.

She now raised herself slightly. She rocked her hips as I'd seen her do so many times on top of me. I couldn't help imagining my cock spreading her cunt over and over again. Finally she pulled herself up on her knees, and with both hands she unclasped her garter belt and slowly eased her panties off. She was now completely naked, and the sight of her with nothing on--the combination of vulnerability and animal lust--was yet another step up in intensity.

As Alison rocked her hips I noticed what the guys had been cheering about when she had first flashed her pussy at them. She had shaved between her legs, and her smooth cunt glistened in the bright lights. She only had a small triangle of hair left, and from the top of her ass to her pussy there was just smooth, white, skin. Alison was using this new look to supreme effect. She pushed her legs wider apart, and with her hands she spread her cheeks, showing off her anal entry. Then she spread her pussy apart giving us a perfect shot of her hot, wet hole.

Everybody in the bar was sitting on the edge of their seats, their mouth hanging open and lewd covetous looks on their faces. Half the guys in the bar would probably have mortgaged their homes to buy a chance to dip their stick in her hole. Even Alison's coworkers had stopped cheering and were just staring in lustful admiration.

Alison stood up and circled the stage she pressed her breasts together and rubbed her nipples. She leaned forward and again shook her shoulders setting her firm tits swaying. Finally, she turned around, bent over, and gave the bar one more perfect view of her beautifully rounded ass, and her gleaming love tunnel.

She took one more lap around the stage making sure everybody got one last good look at her assets before disappearing behind the curtain. The bar erupted in wild cheering. The emcee came out, but for a while could not make himself heard over the crowd.

I decided to sneak out before the lights came back on. I wanted to have it out with Alison, but I didn't want a lot of people around. I was already embarrassed enough at knowing that at least some people in my company knew that my sweet wife liked to show off her cunt in public. So, I paid my bill, and made my way to the door as they brought the three amateur contestants back on stage for an audience vote on the winner. I stepped out just as Alison won, and was named Miss Wild Fox.

I walked down the street to where I had seen Alison's minivan parked and waited for her to show up. I must have been waiting a half-hour before she finally emerged. However, she was not alone, she was walking with Chip, Peter, and Grant--her officemates. In all the excitement I had forgotten about them. They began walking toward the car, and I assumed they were going to make sure Alison got off alright--I didn't know how right I was. I took out my keys, opened the back door, and hid in the far back of the minivan, which was grilled off for the dog. I decided I would stay out of sight until Alison's officemates had cleared off so I could talk to her alone.

It seemed to take them forever to reach the car, but finally I heard a key enter the driver's side door. The door opened, and I heard Alison talking to her officemates.

"Well thanks, it was fun," Alison started perfunctorily.

"We enjoyed ourselves too," Grant responded taking on the role of spokesman for the two others.

"Yeah, well like I said, it was fun," Alison repeated.

I got curious, and I decided to peek out. Between the darkness in the van, and the grilling, I was pretty sure not to be seen. The front door was open and Alison was standing right next to the driver's seat. Grant was standing right in front of her, and Chip and Peter were standing on either side making a semicircle around my wife. Grant was about 6-2 and well built. He had dark hair, and dark eyes, and was generally handsome.

"Well, the fun doesn't have to be over," Grant offered as he ran a hand through Alison's hair.

"What do you mean?" Alison responded slyly as she ran a finger down Grant's chest.

"Use your imagination. I know from what you did in there that you have plenty." He punctuated that point by running a hand across her left breast and cupping it gently in his palm.

"Little old me?" Alison again put on a mock-modest smile which was immediately belied as she thrust out her chest to meet Grant's caresses.

"I'm sure the arithmetic will spawn some new ideas," he said as he looked at his two friends.

A wanton look came across her face as she pondered the possibilities. She looked at all three, and then she took the keys out of the door and handed them to Chip. "You drive," she

Commanded.

Grabbing Grant's tie, she pulled him behind her, "you ride in back with me."

They all got into the car with Chip driving and Peter climbing into the passenger seat. I ducked down for a moment to think.

"Where should we go?" asked Chip.

"Anywhere," Alison responded absentmindedly.

"Alright, my place then," Chip decided.

Alison and Grant were sitting in the back only inches away from me. I ducked under a blanket and from the shadows in the back I was able to watch them. They were both breathing more heavily than normal perhaps thinking about reliving sweaty high-school days in the back of a car.

"Did you like my act?" Alison purred.

"Oh, yeah baby," Grant moaned as he kissed her lips and massaged her chest, "how did you think it up, what were you thinking?"

"I pretended I was trying to seduce someone in the crowd. I thought about how nice it would be to have a big cock between my legs, and what I would do to get one. Did it work?" she asked coyly.

"Oh, yeah," he again muttered as he undid the top button of her blouse, "how did it make you feel to be on stage?"

"It felt so hot. The more clothes I took off the hornier I got."

"What else?" he inquired as he opened two more buttons on her shirt.

"It was so exciting getting ready to go on stage. But once the music started it was just wild. I could feel my juices flowing from the beginning. As I stripped my cunt kept getting wetter and wetter. I thought it would start running down my leg. Would that have turned you on?" she asked knowing full well the answer.

"Is your cunt still wet?"

"Why don't you find out for yourself?"

"Tell me what you want me to do."

She smiled as she understood what he wanted. "Start rubbing my legs gently...That's right, nice and easy...now work your way up my thighs...mmmmm...spread my legs wider...do you feel the wetness on my thighs?"

"Oh yeah."

"That's it, massage my thighs...Now work your way up...do you feel my panties? Now run a finger underneath the fabric...aahhhh, oh God yeah...push your finger inside me...mmmmmm....oh, yes, in and out...again...again...push it all the way in...oh, yes...ok, now pull my panties off," she panted.

I moved to sit up. My wife and Grant were deeply engrossed, Peter was staring at Alison's steaming cunt, and even Chip had positioned the rearview mirror to focus between Alison's legs. I now had a perfect view of them, and I watched as Grant pulled my wife's panties down her legs and over her spiked heels. He then bunched her skirt up around her waist to give Peter a better view of the action.

Then he really went to work. With one hand he spread her cunt, and with the other he massaged her wetness with long, deep, slow strokes. As each finger passed over her clit she shuttered slightly and let out a soft horny moan.

"Her tits, let's see her tits," Peter groaned hoarsely from the front seat.

Grant was willing to oblige, and he reached up, undid her last few buttons and pulled her blouse open. He unsnapped her bra, and her full ripe melons fell forward, their swollen nipples standing at attention. He rolled each nipple gently between his thumb and forefinger as Alison let out a low, animal rumble.

Grant then went back to work relentlessly stroking her wet twat. Alison's breathing became louder and louder. Her moans filled the minivan as her excitement became palpable.

"Oh, God. Oh God," she muttered, her throat dry with anticipation. "How long? How long?" she demanded breathlessly as she grabbed Chip's shoulder.

"What?" he asked from the driver's seat.

"How...long...to....aaahhh...your house?" she managed to get out through her pants.

He thought for a second, and then replied, "Ten minutes."

"Oh, God, I can't wait....aaahhh....I can't wait," Alison stammered with increasing determination, "Fuck me. Fuck me, right fucking now!"

Grant kept one hand at work on Alison's pussy, and with his other he slowly undid his belt, and unzipped his pants. When he was ready, Grant slid both his hands under Alison's ass and pulled her over so he could lie on top of her. He positioned himself between her legs, resting his weight on his right arm, and with his left hand he jammed a finger into her cunt. Alison was wild by then. She reached up with both hands and clawed at his boxers until she got his cock into her hands. She stroked his shaft wildly.

"Oh, God, you are so big," she whispered breathlessly. And he was. Even taking into account the bad lighting, it was obvious that his rod was at least ten inches long and incredibly thick.

"Do you want it?"

"Oh, God yes, please."

"Tell me what you want."

"Oh God, aaahhh...I want you to take your massive, rock-hard, cock...aaahhh...and I want you to jam it into my hot, wet pussy. Then I want you to fuck the shit out of me. I want you to pump my hole over and over again. Please, please, please, I want your dick inside me, now."

He laughed slightly enjoying the sight of this lovely and horny bitch beneath him. He took his hand away from her cunt and edged his pants and boxers down, completely freeing his meat. Then he lowered himself slightly and slowly rubbed his cockhead against Alison's clit. She was gasping wildly, and she reached around him trying to pull him down and into her. But he resisted, preferring to tease my wife for a while longer. She was begging and pleading for his cock continuously now. It was devastating to see and hear my wife saying, "Fuck me, Fuck me, Fuck me," over and over again as her head shook back and forth in passionate abandon.

I could see that Grant was getting ready to fulfill her wish. He pushed his cock slightly into her, eliciting a soft moan. Then I saw his buttock tense and he thrust himself completely into her. She threw her head back and let out a soft cry. He stayed completely inside her for a few seconds letting her feel his huge member inside. She let out a soft groan, and I immediately realized that she was coming.

Grant was just beginning, however. He pulled his cock almost completely out, paused a brief moment, and then plunged back into her. Again and again he pumped her pussy. After a few strokes he ceased pausing, and now the fucking just became pure, wild, piston pumping action. If I had done that I would have come right away, but Grant seemed more than human, he was like a machine. His technique was clearly having its effect on Alison. She was being

fucked like never before, and she was reacting. Normally after she'd had an orgasm, she would just take it until I was done. With Grant it was obvious that she was excited again right away. She bit her lip, and grabbed Grant's butt trying to pull him harder into her as if that were possible. Alison's dainty hands looked incongruous gripping Grant's muscular ass.

Grant looked like a racehorse galloping to the finish as he pumped away. He varied his motion a couple of times, changing from long deep strokes to rapid-fire little pumps, after this he'd move his butt in a circular motion, and my appreciative wife moaned ever louder at each change in tempo.

I had been too preoccupied to notice, but I felt the car jolt as we pulled into the driveway of a private home. Looking forward, I saw a garage door open just as we pulled in. The car screeched to a halt, and Chip announced gleefully: "We're here."

Chip and Peter got out, but Grant was still pumping away.

"Come on, finish her inside," Chip said as he opened the back door.

Grant didn't answer, but he slid his hands under Alison's ass. He slowly backed himself out of the car and carried Alison into the house, his cock never leaving her pussy. As they entered the house, I saw Alison, her bare

legs wrapped around Grant's torso, arms clinging tightly around his neck, and a look of pure adulation on her face.

The door to the house closed, and I was left alone in the dark in the back of Alison's minivan. I had been paralyzed by what had happened in the back seat. I now had no idea what I could do, especially here in Chip's home.

For a moment I decided maybe I would try to sneak out and go home, but then I realized that I would have to go inside and see what was happening.

I quietly got out of the minivan, and snuck over to the door. I listened through the wood, but I heard nothing. I slowly turned the doorknob and peered inside. The garage opened up onto the kitchen. I crept through the kitchen, through the dining room and peered into the living room. Chip and Peter were sitting over to one side drinking a beer and staring at the couch from which I heard Alison's horny panting and on occasion spotted Grant's ass as it popped above the cushions when preparing for yet another dive into her muff. There was no place to hide in the dining room, and also I could not see anything. However, I noticed that the living room windows faced out onto a fenced in porch that was also accessible from the kitchen. I retraced my steps, and once in the kitchen I opened the door out onto the porch. Quietly I crept around and looked into the living room window. The porch was very dark, and I could see in without being seen. A window was open and I could also clearly hear what was going on inside.

Grant and Alison were both on the sofa. Her legs were spread about as wide as possible with one resting on the floor and the other now draped over the back of the couch. Her skirt was bunched around her waist, and her blouse was open. Grant was still giving her the business. His face was turning a deep red and sweat was running down his cheek. He ran his hands over her legs and ass and occasionally squeezed a plump breast. He reached down and spread her ass cheeks. He extended his middle finger and he slowly pushed it into her ass. Almost immediately Alison let out a long, low growl, and her body shook as she was overwhelmed by another powerful orgasm.

"That's it baby," Grant groaned as Alison's cunt contracted around his cock and her pelvis thrust savagely into his groin. Suddenly Grant's muscles

tensed and his face twitched oddly. He pulled out and with one last feral thrust shot his load into my wife's sweet hole.

Grant lay on top of her for a few moments as he caught his breath. Then he planted a deep passionate kiss on her panting mouth and stood up. He pulled his pants back up and tucked in his shirt, and other than a little sweat, he was back to normal.

Alison, on the other hand, was still recovering. She laid on the sofa her legs still spread wide. Her eyes were closed, and her chest heaved slowly as she tried to catch her breath. She gently rubbed her twat giving everybody a great view of her worn cunt.

Peter and Chip were both overwhelmed by what they had just seen. They just sat there in shock. They didn't know if they should just climb on top and get a piece of Alison's ass, or

whether they should wait for an invitation. Then Chip got a bright idea.

"Hey let's make a movie," he said aloud to no one in particular.

I was sure that Alison would veto at least this bit of lunacy, but she didn't. People often talk about how men think with their dicks, well this day Alison was definitely thinking purely with her cunt. Instead of saying no, Alison seemed intrigued by the erotic possibilities, "Mmmmm...ok, set it up," she muttered.

Chip ran out of the room and soon came back with a camcorder and a tripod. Alison in the meantime went out to freshen up.

"Man, what a piece of ass," Grant exclaimed, "when you guys are done, I think I'm gonna take me a second go round."

"Hey, you think her hubby knows his wife is this loose with her cunt?" Peter asked.

"I don't know," Grant answered thoughtfully, "but he must be a pretty limp dick considering how starved she was for a good fuck." This last comment

elicited a round of good-natured laughter at the absent husband.

Chip's camera was set up and filming as Alison walked back in. He followed her across the room as she sauntered over to the stereo and put on some music.

Then she turned to the camera and started dancing sensually. She replayed part of her act, but this time she ended up naked much faster. Her clothes were scattered across the room and she was completely naked as she approached Peter who was sitting down in an arm chair. She knelt before him.

"How did you like my act?" she asked.

"Ah, well," Peter stammered as his throat dried up.

"Well, I guess I'll just have to find out myself," she purred.

She leaned forward and undid his belt. She then unbuttoned his pants and pulled down his zipper. She eased his pants down a bit and told him to sit back and relax. She pulled out his cock. It was rock hard and also very big. It wasn't as huge as Grant's, but Peter's eight inch member still dwarfed my little five incher.

She cupped his balls in her palm, and slowly ran her tongue up the length of his shaft. When she reached the head she slowly licked the circumference over and over. He ran his hand through the hair on the back of her head.

Alison licked his shaft repeatedly, and then positioning herself a bit higher she took the head of his cock in her mouth. She ran the cock head in and out of her mouth. With every pump she took more and more of his meat between her luscious lips. Peter let out a low groan as Alison licked his dick as it rested in her mouth.

Then she got down to serious business. She started bobbing her head up and down, swallowing his whole shaft every time. With both hands he guided her head on each pump. At the same time he started thrusting his groin forward as she brought her head down. A few minutes before I had

seen a near-pro fuck Alison's cunt, now I was watching as Peter impressively fucked my wife's mouth.

He looked like he was about to shoot his load. Alison must have sensed the same thing, because suddenly she stopped swallowing his cock and tightly pinched his balls. He let out a slight yelp. But Alison calmed him by gently licking his balls.

Alison flashed him a raunchy smile and stood up. Peter tried to pull her down to him, but she pushed him back down. She walked back into the center of the room and began to dance sensually again. She ran her hands over her breasts and down between her legs. She walked over to the dining room, turned on the lights, and leaned over the table. She was standing with her legs spread wide, and as she bent over her sweet cunt came into view. She spread her ass cheeks and ran her index finger up her ass. Her pelvis started pumping the table slightly. She turned her head and fixed Peter's hungry stare. She took the index finger out of her ass and signaled Peter to come join her.

He did not need to be told twice. In a flash he was across the room, his rock hard cock at attention before him. Suddenly he was on top of her. He pulled his hips back and thrust them forward hammering his cock into Alison's still wet cunt. Peter was already so excited for my wife's amazing blowjob that he did not last long. After a couple of minutes of frantic fucking, Peter suddenly pulled out. He grabbed Alison's hair and guided her down onto her knees before him.

He pushed his cock into her willing mouth. Alison did her part pumping his rod in and out of her mouth. Peter was grunting loudly with every thrust. He threw his head back and pulled Alison face down onto his groin. Alison deep-throated him, and Peter shot his load into her. I could see Alison's throat bobbing as she tried to suck down Peter's hot jism. She got most of it down, but when he pulled away two thin streams of cum ran down from the sides of Alison's mouth.

Peter staggered back across the room and collapsed into his armchair. Alison wiped her face and crawled on her hands and knees across the room. Grant got up from the sofa and took over operation of the camcorder.

Alison was sexily circling the room, seeing which cock she would have next. Chip, now freed of his camera duties, quickly came up behind her. He grabbed her hips and ran a hand over her wet cunt. With the other hand he freed his dick and a moment later he was inside her. Alison had almost never allowed me to take her doggie-style, but she seemed to like Chip's meat stroking her hole.

Chip reached around and fondled Alison's ample breasts. He jammed a finger deep into her mouth. As his cock continued to probe the deep recesses of her pussy, he took his now wet finger and jammed it deep into her ass. Alison went wild again. Her hips were making wide circles and she jammed her pussy back against his groin. She started moaning loudly. Every time his finger entered her ass she let out a lusty grunt. A few moments later, Alison threw her head back and let out a high squeal. Her stomach muscles rippled in ecstasy as yet another orgasm shook her slender body.

Chip seemed to become even more turned on by Alison's reaction, and he started pumping her cunt ever faster. Another few moments and Chip tensed again filling my wife's cunt with hot goo.

Chip pulled out and Alison collapsed exhausted onto the floor. But things were just beginning. Chip took over the camera again, as Grant approached my wife. He stood above her and slowly stripped. She watched him undress appreciatively. When he was completely naked he kneeled down next to her. His cock was again rock hard, but he was in no rush. He grabbed a couple of pillows from the couch and put one under her head. He slowly started rubbing her back. Alison relaxed and closed her eyes as she enjoyed Grant's ministrations.

Grant's hand gently massaged her back and shoulders. Then he moved downward. She was flat on her stomach, and Grant started kneading her ass. Alison moaned slightly as Grant ran his hand down the crack of her ass and across her drenched slit. He moved his damp fingers up, and slowly pushed one into her ass. She responded by smiling and moaning slightly.

Encouraged he pressed a second finger into her ass. She grunted slightly and her back tensed for a moment, but after a few thrusts her body relaxed

again.

Grant slowly climbed on top of her and he continued to slowly pump her ass with two fingers. He spit into his other hand and moistened up his cock with his saliva. Alison looked back at Grant, she had a worried look on her face.

"I've never done this before," she admitted.

"Don't worry, I have," Grant responded, and with that he gently guided the head of his cock into her anal entry.

She groaned softly, and tensed up. But a few moments later she got used to it and relaxed again.

Grant raised himself up on his arms, and slowly pushed his cock deeper into her. Her ass stretched widely to admit his massive member. It took about a full minute, but at the end, Grant had pushed himself completely into her.

Once he was inside her he reached down and slid his hand over her clit. He pressed down and she moaned in response.

With his hand still rubbing her twat, Grant started slowly pumping his dick in and out of her ass. Alison looked around at him. She was obviously in some pain, but it was clear she was enjoying it too.

Grant pulled his cock out and again drenched it in saliva. Now he got down to serious business. He started fucking her ass harder and harder. She squealed at every stroke, but she also thrust her ass up in the air to meet him. She turned to him again, and with tears in her eyes mouthed the words: "I'm coming again." At which point she did, her whole body convulsing in passion.

The incredibly tight fit also had its effect on Grant, as his face turned red as he tried to hold back the flood. But it was only a matter of time, and a moment later, he pulled his cock out and shot his load onto Alison's back.

He had barely pulled out when Peter took his place in my wife's ass. Alison wasn't really getting much out of it anymore, but she was willing to let Peter

and then Chip get a piece.

When all three had fucked her ass, Grant was again hard. He turned her over onto her back and climbed in the saddle. He gave her a long, luxuriously slow fuck, and at the end his ten inch member elicited yet another orgasm. Chip then climbed on her chest and fucked her tits before coming in her mouth, and Peter finished the evening off by stretching her cunt one last time.

It was now 3:00 am, and as they all freshened themselves up, I snuck back into the back of the minivan. They all soon emerged and Chip drove my worn-out wife back home taking a cab back into the city. I snuck into the house after they had put her to bed and

left. I sat downstairs for a long time trying to think what to do.

Alison made up my mind for me.

She came down around 10:00 am.

"Oh, you are home," she said nonchalantly as she looked at the flattened flowers I had bought for her the night before, "well, I want a divorce."
