Foreword

Last year, I began revisiting and posting some of my older stories on Medium. This is a sampling of those for readers who may not want to subscribe to Medium or who just want to have this as an off-line collection.

These stories were mostly originally written in the early 2000s, with one exception (Can you tell which? Let me know. I'll send a prize to the first reader who guesses correctly.) I made minor edits in preparing them for publication. This mostly entailed fixing typos (though some surely still remain) and updating and removing particularly problematic themes. But on the whole, the edits are slight.

It was amusing for me to read these again. And satisfying as well. I have become a much better writer over the years. My dialogue, in particular, is an order of magnitude better in recent work than in these shorts. So, it is nice to reflect on that progress. But that said, I still think these older stories are hot in a rawer, more stripped-down fashion.

This collection include some of my favorite shorts, actually. They are some of the first stories I wrote that broke the usual template of "hot wife

meets big dick and swoons." So you get a little taste of where my interest in playing with genre conventions came from.

That said, the stories do vary in quality, and I like some more than others, as I am sure you will as. But please don't hesitate to reach out with feedback. My email is ben.boswell.author@gmail.com or go to my website, www.benboswell.com for all of my publications as well as to sign up for my mailing list (which I will never sell and only use for monthly updates).

Seven Facts About Your Wife

I met Sheila when we were both 25, and getting started on our careers. She's a tech writer, and I'm a coder. We met on a project, started dating, and within two year we were married.

She's a beautiful girl. Five-five, slender but shapely, wholesome and fresh-faced. She has shoulder length brown hair, bright blue eyes, and a smile that can light up a room.

She's pretty conservative. Doesn't drink much. Isn't big into parties. She's more outdoorsy; we hike and bike a lot. My mom fell in love with her immediately, and they are constantly chattering away together.

Sheila is also a great lover. She's passionate and giving. She's enjoys sex, which is always a major turn on, and she knows what she likes. It isn't latex bodysuits and ceiling swings kind of sex, but we're creative about positions, sometimes fool around in the shower and that kind of stuff.

Point is, she's a "nice" girl without being a prude. The kind of girl you want to marry.

I guess I'd always assumed she'd always been like that, but then I learned otherwise.

My education started when we went to her tenth high school reunion. She'd been a popular kid, so we were immediately swept up in a vortex of shrieked greetings, hugs, and hurried updates on life before moving on to the next group of friends. I mostly stayed off to the side, getting occasionally introduced, but otherwise content to just watch the scene.

As we all got more lubricated with booze, more and more guys were coming up to me, offering congratulations often with a wink, and trying to get a little more information about Sheila. Then one guy, Dave, came up to me, clapped me on the shoulder, and exclaimed, "Well, damn man, I just need to meet the guy who could tame that little wildcat," he said, nodding toward Sheila.

He gave me a crushing handshake and started asking me all about myself. What I did, where I went to school, how I met Sheila, and so on. But even as I answered, it was obvious he wasn't paying attention to me, just looking past me toward my wife with a wistful look in his eyes. It took me a second to process that he was a former boyfriend, and obviously one who still thought about Sheila on a regular basis.

Well, I managed to extricate myself from him, but that realization gave me a new perspective on the room. And then I saw it, Sheila in the middle of a clutch of what must have been the popular girls, many of them still attractive, still the center of attention, and being watched by most of the men in the room, many of them now overweight and balding, and being held on to firmly by their thick legged wives and girlfriends who eyed Sheila and her friends with barely disguised jealousy and hostility.

It all made me wonder. Sheila had always been a popular girl. Had she also been a mean girl?

Fact #1: If your wife is attractive, she was probably one of the popular kids in school, and unless you were a jock or had a nice car, she probably wouldn't have given you the time of day.

But aside from the whole social hierarchy issue, the comment that stuck in my mind was "wildcat." As I've mentioned, I don't think I would use that term to describe Sheila, but that was Dave's description. I didn't make much of it until a few weeks later.

We were at a party with some friends, just chilling, grilling steaks and drinking beers. Three couples: Me and Sheila, Tammy and Johann, and Jill and Rich. Jill suggested we play a game, which elicited the predictable groans from the guys, and encouragement from the girls. But before anyone could produce a Pictionary set, Johann chimed in that he'd only play if it was a drinking game. Rich and I agreed and suggested beer pong. But Tammy, whose house it was, objected, saying it would make a mess and suggested "I've Never" instead.

I haven't played "I've Never" in years, not since high school, when the game always broke up in embarrassed shrieks and giggles the minute someone said something sexual, which was almost always right away. Yeah, we were nerds.

Anyway, we played for a while, starting off really tame -- "I've Never skydived," "I've Never fallen asleep in public," stuff like that. Some of the challenges were clever and led to some really good stories, like when Rich offered, "I've Never touched a dog's penis," which forced Jill to drink and then offer up a hilarious story of her days as a volunteer at a dog shelter

when one of the pooches had managed to get himself attached to a dog toy he was humping.

After a little while, the questions turned sexual, and wow, it was an eyeopener. Sheila and Tammy were old friends, and knew a lot of each other's past. At one point, Tammy offered, "I've Never made a sex tape." Jill and Rich looked at each other, giggled, and drank up. Apparently they'd done at least one together. Sheila eyed Tammy and mouthed, "you bitch," before drinking up. Then Tammy smiled and started to drink herself, but stopped just before the glass touched her lips, joining me and Johann in the negative category.

Sheila next took aim at Tammy, "I've Never cheated on my boyfriend with his best friend." The question left the guys out of the equation. Jill ostentatiously shoved her glass away from her, leaving Tammy to drink alone. Johann shot her a hurt look, but she quickly comforted him, "that was a long time ago."

That question obviously generated some tension, so the next few questions went back to being relatively innocuous. And then it was Tammy's turn. "I've Never had a threesome." Rich and Jill looked at each other, faked a drink, and then shook their heads. Johann watched Tammy with a worried look on his face, but she didn't even reach for her cup.

Then out of the corner of my eye I saw Sheila take a quick drink. Everyone started laughing and pressing her for details. But she just deflected, as had Tammy, with a "that was a long time ago."

At this point, I would have been happy for the game to end, but Rich jumped in, "I've never had a threesome that included a member of the same sex." Everyone looked at Sheila. She was the only one in the game. She

drank. Jill then jumped in, "I've never had threesome with two members of the opposite sex." Sheila drank again.

Good grief, I thought, MMF and MFF threesomes in her life. Who was this girl? Again, she deflected all questions with a "that was a long time ago" response.

The game broke after that, obviously it had gone on too long as it was.

Sheila and I drove home in silence. I was confused, surprised. She was obviously embarrassed and worried about my reaction. But there was no way to pretend it hadn't happened.

When we got home, I said simply, "I think we need to talk."

She looked at me miserably, "Do you really want to do this?"

"I love you honey," I replied. "Nothing you can say will change that, but, well I think we need to clear the air. We never really did have 'the talk' about our pasts."

"Okay," she said, "but this is mutual, right? And I'm not on trial. We're just sharing information. No judgments, no recriminations."

"Exactly," I replied, "do you want me to go first?"

She nodded.

I poured us a couple of glasses of wine and started. Not that there was that much to tell. I was a late bloomer. No luck in high school. Started getting laid in college. The first time actually during orientation week with a cute sophomore, which raised expectations that didn't quite pan out. Had lots of half-assed hook-ups, most of which fell apart after some making out and fingering. But even still, my number was 3 at the end of Freshman year. Sophomore year was a brutal drought, except for a hook-up that turned into a weeklong fling right before Christmas. I had a serious girlfriend all through Junior year, but she met another guy during Summer break and we

broke up but still had a friends-with-benefits relationship part of Senior year. Senior year featured a few hook-ups, but nothing serious. At the end of college, my number was 8.

When I started working, meeting girls was even harder. Programming is a sausage festival. But I still met a couple of girls, had a short-lived relationship with a bartender, and then met Sheila, stopping the clock. My total number was 11, and that was counting BJ's. Other than that, my most exciting or weird sexual experience, was when my bartender girlfriend dragged me into the bar's bathroom during a lull and had me eat her out on the sink.

When I concluded, Sheila looked at me, as if to say, "is that all?" And then with a grimace, she added, "I don't think this is a good idea."

"You can't back out now," I snapped. "Look, it's all water under the bridge, but I need to know."

"Really? Do you really want to know? Or do you just want me to give you a convenient lie, like most girls do."

"Most girls?"

"Well, you know the old adage, right? Any number a guy gives you, divide by two, any number a girl gives you, multiply by three."

"Well, yeah, but I mean, that's just something people say, right?"

She sighed and shook her head. "Okay, here goes, but I'm not going to lie to you. This is all in the past, but it happened."

She paused, took a big gulp of wine, topped off her glass, and began.

"First of all, my number is close to 100."

I gasped.

"And believe it or not, I'm actually a good girl."

Fact #2. If your wife is attractive and actually enjoys sex, she's been having it regularly and often and her number is much higher than you probably imagine.

"I was sexually active for almost ten years before I met you. That's ten partners per year on average. Or less than one a month. It adds up faster than you might think, although, in reality a lot of it happened in bursts. I guarantee you that virtually any woman you meet nowadays who is still single in her mid-twenties is up around that number, unless she's Amish... then maybe it's higher," she joked.

I laughed uneasily, and she continued.

"I'd been with maybe a dozen guys by the end of high school, though a bunch of those were actually the summer after graduation. I was cute, a cheerleader. Guys were constantly asking me out. Believe me, I said no a lot more than I said yes. A lot more. My only regret is that I hooked up with my math teacher senior year. He was married. We fooled around in his car in the mall parking lot. In retrospect, not my proudest moment."

I jumped in, "So wait, is that a dozen for sex, or does that include making out or blowjobs?"

"Sex. But I've never been one to just give our hummers without sex. I mean, I've done that maybe a dozen times in my life, but you know, what's in it for me?"

I nodded, it made sense. Although it was a bit of a shock to realize that my wife had given out more casual blowjobs that she didn't even count toward her number than I'd even had sexual partners.

She paused, "Are you sure you want me to continue?"

I nodded, "Yes, I think it's good to get this out there."

"Okay," she replied skeptically.

"Well, college was a little crazy. Away from home, tons of guys, tons of booze, everyone hooking up left and right. No one judging you. I hooked up with three guys during orientation week. Seniors who were helping us 'move in,' but were really just there to get first crack at the new freshman. But they were good looking, fun, much more confident than high school guys."

"I started going to frat parties, and it was almost expected you'd hook up. That's when I had my first threesome. Was making out with this guy when his roommate walks in and turns on the TV. But the guy I was with didn't even seem to notice. He sorta made me feel like a prude for being uncomfortable. Well, I didn't want him to think I was immature or something, so we kept making out. He got my clothes off, and pulled me into his lap and we started having sex. I had my eyes closed, but when I looked up, I realized his roommate had taken off his clothes and was now standing right next to us, jerking himself off."

"'You're so hot, baby,' he moaned at me. And the guy I was with took my hand and put it on his roommate's cock. 'Help him out,' he suggested. I dunno, it just seemed natural, so I started jerking him off, and then he pulled my head toward his cock and I started blowing him. And then when the guy I was fucking finished, the roommate just pulled me into his lap and entered me. It was actually really hot, the two of them taking turns with me most of the night."

I shook my head, trying to clear my mind. I took a deep breath, "Well, at least the threesome story is out of the way."

"Story?" she replied. "More like stories."

"You did this more than once?"

"Well, yeah, I mean I did mention it was fun right, so why not? I didn't have a boyfriend. I wasn't cheating on anyone. We were just having a good time."

"But always with the same guys?"

"Well, no. I mean, yes, I did hook up with them again a few times, but no, it was with other guys too." She paused. "And well, more than two guys sometimes."

I groaned. "What, some sort of gangbang?"

"Yeah, I guess, if you want to call it that. There were a couple of times where I was 'that girl,' the one who stays too late at the frat party and ends up in a room alone with five or six guys. It is sort of funny actually. You'd think the girl in that scenario would be the prey, but the guys are all sort of nervous performing in front of a crowd. They all know each other and know you, so it isn't like some anonymous mob. The guys are constantly busting on each other about appearance and technique. Again it isn't the sort of thing I'd do today, and I doubt I would encourage my daughter to do it, but back then, it was definitely a good time."

Fact #3. Most women also fantasize about group sex, but unlike men, if they want they can get it. Your wife probably has.

"And look," she continued, "I know Tammy and Jill didn't drink when the question came up, but they're full of shit. At least Tammy is. She doesn't think it counts as a threesome unless both guys are in you at the same time. I know for a fact she's had two guys back to back. I'm just saying, girls have a lot of ways of lying about their past."

"Some girls don't count blowjobs. A lot of girls don't count 'mistakes.' So if you regret it later on, it didn't happen. I had one friend who insisted hook-ups didn't count. A guy would only get added to her life list if they went out

on a date later. Cut her number down by 90%. But it didn't seem worth getting into the debate about sloppy seconds versus a threesome with Tammy. Little bitch. By her definition, you can't even have group sex because after three guys you run out of place to put a cock."

"Three?" I replied. "Wait. So, you've done anal?"

Sheila sighed again. "Look, when did you start watching porn? 13? 14?"

I nodded.

"Yeah me too. Girls watch porn too. That is how we learn about sex. Listen, in college the debate was about whether you ought to spit or swallow. It never occurred to any of us that we didn't have to let a guy come in our mouths or on our faces. One of my roommates had a guy come on her face. It got into her eye, which is common and hurts like a bitch, and anyway, she got an infection. She decided she wasn't going to let guys come on her face, and it was like a revelation. 'You mean we can do that?'"

Fact #4: Your wife has had porn sex. She's been sodomized and facialed. She's probably not doing it with you, but that doesn't mean she hasn't done it.

"Back in high school, it wasn't a big issue. But in college, the guys are so much more confident. They knew what they wanted, and what they wanted was what they had seen in porn. Facials, anal, the works. And we didn't know better. Seriously, back in college, the line was whether you'd do ass to mouth, not anal in the first place. Everyone did anal."

"Did you?" I asked, shaken.

"Ass to mouth? Yeah, but not often. It always seemed a bit dicey to me. One guy, though, well, he was huge. I mean, porn star huge, nine inches. He made me measure. Taking him in my ass felt like he was going to tear me open. So, I was always trying to cut that short by taking him in my mouth."

I groaned. "I meant anal. I mean, why don't we ever do that?"

"Duh. It fucking hurts unless everything is just right. Have you ever had something the size of a cock in your ass?"

"No," I replied quickly.

"Yeah, I figured. Funny how guys are always eager to shove their dicks in your ass but start whining like a baby when you even put a pinky in theirs. Anyway, look, if you really want to do it, I'm willing. But it's uncomfortable, and I don't really like it, and well, I hope you don't ask me to."

I took a moment to digest that. "Well, why did you do it before?"

She shook her head. "I don't know. I mean, it was never my favorite thing. But it was just something you did back then. Like pounding Jager shots. Or snorting Adderall. It isn't peer pressure. That makes it seem like coercion. It is just about fitting in, I guess. Not knowing any better. Plus there is some shit you can do when you're 19 and the worst that can happen is that you'll sleep through class rather than getting fired."

I decided to press the issue, "But this one guy, he was definitely hurting you, right?"

She nodded.

"But you kept letting him, um, you know..."

"Put it in my butt? Yeah," she replied. "Look, I'm not proud of this, but I did a lot of things with Billy that I wouldn't usually do. There are some things a girl will do for a nine-inch cock that they won't do normally. "

"I thought size didn't matter," I muttered.

She just rolled her eyes.

Fact #5. Size does matter, and you're probably not her biggest.

"Guys don't understand that at all. It isn't that size doesn't matter. There is *nothing* like a big cock," she enthused. "But you don't need a big one to have a good time. Sex is fun. Sex is fun with a small cock -- if the guy knows what he is doing. Sex is fun with a medium cock. Size doesn't matter in that sense. We can enjoy ourselves with men of all sizes, but look, a big one is like a nice rack on a girl. It just adds to the experience, right? And just like men get all stupid when confronted with a little cleavage, girls get weak kneed over a nice cock. It's how we're hardwired."

"Billy was a good looking guy, super confident, fun to be with, and hung like a horse. It was just hard to say no to him. And well, I rarely did."

I needed to change the topic.

"You've also had threesomes with other girls?"

She giggled. "Well, blame Billy again. At least for my first time. I walked in on him banging this other girl. Threw a fucking fit. But he just grabbed my hand and put it on his cock. He leaned in close, 'join in baby, it'll be a blast.' And well, I did. Seriously, the things we'll do for a big cock is crazy. Before I knew it, I was kissing this other girl, and we were both going down on him. We spent the next 48 hours in his room, ordering takeout, and fucking and sucking non-stop."

"But look, that's another part of the culture. Girls, I guess, are sort of expected to experiment with other girls. It takes a conscious decision not to do it, at least it did in college. I mean, girls get drunk, we kiss at bars to get attention, and then, guys find it easy to talk us into threesomes and more."

I was agog, "What, more than three girls and one guy?"

She giggled, "No silly, one guy has enough trouble taking care of two girls. I'm talking, I guess, for lack of a better word, orgies. You get three or

four couples, drunk, some music playing, and well, shit just happens. Fun, stupid, wouldn't do it anymore, but yeah, fun at the time."

"You had quite the college experience," I noted.

"Seriously baby, I don't want to make you feel bad, but this was pretty common. I get that it wasn't common for guys. In a way, it sucks to be a guy, especially if you're still finding yourself in your early 20s. But unless you're a religious nut, college is an endless sexual experiment for girls. And look, I wasn't even one of the crazy girls."

I let out a snort.

"Okaay... you can think I'm a raging slut if you want. Whatever. But look, I didn't even go to a party school. Remember that little blonde, Jenny, from the reunion? She went to Florida State. One spring break, she goes down to Cancun with her sorority sisters and they decided to have a competition to see who can have the most sex. She bangs 15 guys in 6 days. And she came in third! Another friend, Laurie, she wasn't at the reunion. She's married, has three kids now, chair of her local PTA. She went to Colorado. Hated her roommate, and ended up moving into a frat. Deal was, she couldn't sleep in the same room twice, so basically, she fucked her way through the whole frat three times until she could find a new place to live. Ally was my freshman year roommate. She took a semester off to be a groupie. Followed Third Eye Blind of all bands around the country screwing the band and roadies the whole time. Even Tammy, that little cunt, she had this thing for black guys. Seriously, she fucked every African-American at Tulane, or close to it."

"Okay, okay, I get it. College is a time to let loose."

"You asked for the talk. It wasn't my idea."

"I know, I know. I guess, well, I guess it just never occurred to me that your experience could be so different from mine. We seem, so, I don't know, compatible."

"And we are Baby," she said reassuringly. "But look, you need to realize that men and women have different sexual opportunities."

"Well back in college, I guess."

"No, no. Even now. I was reading this article in the *New York Times* about pick-up artists. Funny piece, even though I realize now I fell for their shit a bunch of times. But the point is, they consider success getting a phone number. They are looking for sex within seven hours of meeting a girl, which makes a lot of guys super jealous. But you need to realize, any decent looking woman can get sex within seven minutes with almost any man she meets. The average woman who is at all put together has the same sexual horizon as a rock star."

Fact #6: If your wife is attractive, she is constantly being approached, and she knows she can have any man in the room. The temptation is as hard for her to resist as it is for a male celebrity.

"That's one thing guys never realize," she continued. "I am continuously being hit on. At work. In the grocery store. At the gym. At parties. When you go to the bathroom at the restaurant, there is a better than even chance that a guy will approach me or at least start giving me winks and nods. And all I would need to do is smile and nod in return and we could be in the bathroom banging in minutes. Young guys, old guys, hot guys, fat guys, they all do it. And while most are super easy to turn down, every single day there is at least one guy who is hot enough, confident enough, and interesting enough to make it tempting. We girls deal with more temptation in a day than most guys will in a year. And look, I know guys find me cute,

but I'm hardly a supermodel. I rarely show off cleavage. I don't flirt. But I'm slim and most importantly, I think, I have a vagina, and that is enough for most guys."

"That's very cynical," I noted. I was reeling now. "Guys aren't all like that."

"I didn't say they were. But frankly, it is hard to tell the two apart at first. Which is why girls like me hold on so tight when we find a good guy like you."

I kissed her forehead. "Thank Honey, and yeah, college was a long time ago, I guess."

"Yeah," she replied. "But..." she paused. "I mean, it isn't like I was a virgin between college and meeting you. I was only at, maybe, 75 at the end of college, and well, in the three years after I was still dating and fooling around."

"Oh," I grunted.

"I mean, yeah, it was different. Less crazy. Part of it is just growing up, realizing you deserve better. I mean, I haven't had anal since college. But you know, work is stressful and sometimes you just wanna let loose, and I did have a bunch of one-night stands. And, well, breaking into the workforce is a bitch. I did a bunch of unpaid internships before I realized that the most direct path into a full-time job was sleeping your way to the bottom."

"You had sex with your boss?"

"Um, yeah, my first two bosses, actually. They were young guys and cute. It wasn't like we had a deal, but obviously it helped."

I swallowed hard. "Didn't you feel like a prostitute?"

Fact #7. Your wife has probably whored herself out to get what she wants.

She laughed. "Oh please. I don't know ANY girl who hasn't traded sex for favors, implicitly or explicitly. Do you have any idea how many blowjobs have been traded for concert tickets, backstage passes, and jobs? One of my friends used to carpool home during college breaks, but she didn't want to pay gas money, so she just blew the driver. I have a friend, married, I won't tell you her name, but just last month she fucked the guy at the airport to get onto a standby flight so she could be home in time to put her kids to bed. Almost every girl who experimented with drugs in college, which is most of them, have traded sex for drugs."

I must have looked sad because Sheila paused and sighed. "Oh, I knew this was a bad idea. Fuck. I didn't want to hurt you."

I took her hand. "No, no, it's not that. Well, yeah, I am a little shocked I guess. But I'm not a child. I knew you weren't a virgin when we met, and realistically, there isn't much difference between fucking ten guys a hundred times or a hundred guys ten times. It is just, well, I feel like I missed out on something with you."

"I can see that," she replied. "And look, I know I was definitely something of a party back then. Hell, even if I didn't recognize it myself, the messages I still get on Facebook from old flings offering hook-ups would be pretty convincing."

Bonus Fact: Your wife's old lovers still message her and try to talk their way back into her pants.

"But, frankly, I doubt you'd have liked me back then. Whatever fun I was had to be offset by the fact that I could be an insecure, moody bitch. You'll just need to trust me on that."

I just nodded. It had been a long night in a way. We each changed into our night clothes. Sex was not an option by mutual tacit consent. But we snuggled together in bed, in silence. Each of us lost in thought. I'd learned a lot about my wife that night, but it was all in the past. She was a different girl, now. The kind of girl you marry.

I think.

Did the Punishment Fit the Crime?

When I first married Julie five years ago our sex life was great. I was a recent college grad, Julie was nineteen, just out of junior college. She was, and is, a very beautiful woman. Five-six, slim, with medium-length blond hair, blue eyes, sparkling teeth, and a voluptuous 36-24-36 body.

Everything was going well between us until I went off on a business trip to Chicago. One night I drank a bit too much, and I ended up going to bed with a woman I'd met in a bar. It was an entirely forgettable evening. However, I felt really guilty, and when I got home, I admitted my indiscretion to Julie.

At first she blew up, but after a while she settled down and talked to me coldly. I thought she would get over it, but instead as the weeks went on, her mood only seemed to worsen. I tried to make it up to her. I bought her presents. I apologized dozens of times. I offered to take her away on vacation. But she rejected all my offerings.

For over a month we barely spoke. We slept in the same bed, but there was an invisible divide which Julie clearly did not want me to cross. I began to fear that our marriage was over.

One evening, when we both came home from work, Julie told me "it's time to have a reconciliation." She suggested we go up to the mountains for the weekend. She even made the arrangements.

The next week before we went, things were a little better. We spoke a little more, and there was definitely less tension in the air. But sex was still out of the question. I hoped that would change over the weekend.

That Friday we packed up the car and took off. Julie gave me directions as I drove. We pulled into a parking lot. Julie led me inside to a large condo. There were already several people there, and it was only then that Julie explained to me that she had secured for us a room in the company condo. It was used mostly for clients, but there were sometimes openings for staff.

It was a pretty big apartment. There were several bedrooms and bathrooms, a nice kitchen, and a large living-room. It was a wonderful place, but there was little privacy. I was disappointed, but Julie seemed pleased. So we put down our bags and went out to meet the others.

They were sitting around a fire, drinking a few beers and talking. She introduced me to them. There were Hank and Steve who worked in the warehouse, Jack from the advertising department, and finally, there was a middle-aged gentleman, Bert Colby, who I learned was an upper level executive at Julie's office.

They were all handsome men in different ways. Colby was distinguished, graying, but still tall and trim. Jack was a pretty boy, blond, blue eyes, but also obviously in good shape. Hank and Steve were both big workmen types with cut-off t-shirts showing off their huge muscular arms.

They all had odd smiles on their faces as if they were sharing a private joke. But they were all pleasant. And although I caught each of them checking out Julie as the evening progressed, I did not think much of it. Men can rarely keep their eyes off her.

We hung around for a while, but it was already pretty late and so Julie and I went to bed. I was really tired from working and driving so I just dozed off right away. I woke up about a couple of hours later. It was just after 2:00am, and when I rolled over I noticed that Julie wasn't there. I waited a few minutes, expecting her to return from the bathroom, but when she did not show I decided to look for her.

I opened the door of our room and peered down the corridor. Nothing. Even the lights in the bathroom were out. I noticed the lights were on downstairs, however. I decided to take a look.

I walked to the stairs and heard noises from downstairs. I walked downstairs and peered into the living room. I was shocked by what I found.

Julie was sitting on the couch next to Jack. She was wearing nothing but a sleeping shirt which was pulled up above her waist. Her legs were spread wide and Jack was finger-fucking her cunt furiously. Julie was moaning passionately, her moans becoming louder as his thumb pressed against her clit.

"Hey, what the fuck is going on?" I demanded.

Jack jumped up and pulled his hand away from Julie's blond muff.

"No, don't stop," Julie commanded as she pulled his hand back down into place.

"Hey..." I started.

"Hey what?!" Julie shouted at me. "What's good for the goose isn't good for the gander?"

"Look, I apologized..." I stammered.

"Fuck your words. If you could get your rocks off with some little hussy, I can get my pussy stuffed in return."

"But..."

"No buts. Here is the deal. For this weekend, I do whatever I want with whomever I want. If you interfere, I'll leave you forever. If you sit by passively, like you expected me to do when you got your dick wet, then we'll be even, and we can try to make things normal when we get home. In the meantime, do whatever the fuck you want. Ski, read, cry, pout, whatever. Meanwhile, I'll be engaging in indoor sports."

To punctuate the last point she pulled off her shirt, and leaning over, she unzipped Jack's pants and started sucking his large cock. I watched for a couple of seconds as my wife went to work on his meat, licking and stroking it, and finally taking it deep into her mouth.

Julie paused and turned to look at me.

"Are you enjoying what you're seeing?" she asked maliciously.

When I failed to answer she continued: "I don't mind you watching. It won't change anything, but you might be happier if you did not watch everything I have planned."

And again her face disappeared into Jack's lap, the look on his face telling me she was doing a good job. Her little butt was bouncing up and down. Jack reached around and ran a finger across her wet slit. He slipped his middle finger into her wet cunt and in reaction she picked up the pace of her sucking. They were both moaning loudly, clearly enjoying each other.

I went back to my room. I was tempted to pack up and leave, but I was oddly paralyzed by the thought of losing her forever. I could not sleep, so I

walked back to the stairs, and sitting in the darkness on the steps I peered again into the living room.

Jack and Julie were still at it. Jack was still sitting on the couch, and Julie was straddling him. Her breasts were bouncing in his face as she moved up and down taking his cock deeply into her.

As if in response to my watching, Julie climbed off him and turned around. She then lowered herself onto him again. She leaned back against him, and with her legs spread wide I could see his cock entering her again and again. With one hand he was rubbing her breasts and with the other he was fingering her clit.

She was moaning passionately as Jack started thrusting hard. This seemed to go on forever. Suddenly, Jack grabbed Julie around the waist and got off the couch. He kept his cock inside her as he dropped down onto his knees pushing her down on all fours. He grabbed her hips and pumped her doggie-style.

He was grunting loudly and after a few more vicious thrusts he tensed up and shot his load into my sweet Julie. He gave her a few more long, slow strokes and finally pulled out. Julie was gasping. She turned around and licked his cock clean.

"Oh, baby, that was so good," Julie said, "I haven't been fucked so well in a long time. You have a great cock." She punctuated the last point by taking it into her mouth once again.

"Well, you're not bad yourself," Jack offered. He gave Julie a deep kiss.

She stood up. "See you tomorrow," Julie said smiling as she walked toward the stairs.

I hurried back to the room and climbed into bed and pretended to be asleep. A moment later, Julie arrived and climbed into bed. She brushed up

against me and I could feel the sweat on her body. As she shifted I could clearly smell the sex. I didn't get much sleep that night, but I finally dozed off.

When I woke up the next morning, Julie was gone. I showered, got dressed, and went downstairs. Julie was in the kitchen with Hank and Steve making herself breakfast. She was just wearing a t-shirt, and they were gawking at her. Julie reached up to grab a glass, and the shirt crept up exposing her ass and her blond pussy.

Hank and Steve looked at each other, and then shared a smirk when I walked in. Julie sat herself down.

"Are you going skiing?" she asked me emotionlessly.

"I don't know."

She shrugged and went back to talking to Hank and Steve.

"Where is Jack?" Hank asked at some point.

"He hit the slopes early," Julie responded, "I'm surprised because he had a late night."

Hank and Steve looked at each other and then at me, and then smiled again. There was an awkward silence.

"What are you eating?" Steve asked Julie to break the silence.

"Cereal, but..." she paused and a lascivious grin came across her face as she looked directly at Steve, "I'd really love some sausage."

Hank nearly spit out his orange juice, and Steve looked at me open-mouthed.

"Julie, please..." I protested.

She shot me a frosty look. "You know my terms." And with that she got up, walked around the table, and sat in Steve's lap.

Steve again looked at me, and then whispered to Julie, "Hey cool it, your hus..."

"My what?" Julie exclaimed loudly. She stood up in front of Steve. Her large breasts made her t-shirt hang out away from her stomach and made her blond muff easily visible. "Do you want me to go away, or do you want me to suck your cock?" Julie asked bluntly.

Steve said nothing. "I thought so," Julie said lewdly. She dropped to her knees, and unzipped Steve's pants pulling out his semi-erect cock. She took it into her mouth with long, deep strokes. He moaned softly as his dick hardened. Julie ran her tongue over the length of his shaft, circling the head repeatedly.

Julie paused, stood up, and dramatically peeled off her shirt. She turned and showed off her beautiful tits to Hank.

He whistled appreciatively. He turned to me, "Some piece of tail, you have here. Mighty big of you to share," he laughed as Julie went back to work on Steve.

Steve was enjoying himself, but he wanted more. He gently pushed Julie off him. He stood up in front of her and pulled off his shirt. Julie gasped at his muscular chest and stomach. She licked his hairy abdomen.

Steve reached down and lifted Julie off her knees. He picked her and put her down on the breakfast table. He approached her and kissed her deeply. He fondled her breasts and pulled at her nipples.

"Oh, baby, I'm gonna fuck you good," Steve muttered as he pushed down onto her back. He pushed a finger into her slit, "Oh yeah, nice and wet."

His large cock stood at attention. He took it in his beefy hand and slowly pushed it into my wife's cunt. She moaned in response, and Steve accompanied her moans with loud grunts. He fucked her hard, the breakfast

table wavering dangerously with each thrust. Julie's tits were bouncing wildly and her hair flew back and forth as she shook with passion.

"Oh, yeah, Bitch. Oh yeah," Steve grunted as he grabbed her large breasts. Steve was giving her long, deep strokes. He pulled his glistening shaft almost all the way out before hammering it back in. Finally he slammed himself into her and stayed in as an orgasm shook his body.

He pulled out and collapsed into a chair. Hank immediately walked over and stood between my gorgeous wife's legs. He spread her pussy wide and ran his big thumb over her swollen clit. Julie growled lustily. He worked her twat vigorously, sending her into a frenzy.

"Ooooh, baby," she moaned, "fuck me."

Hank ignored her as he continued to rub her clit. She was going wild. Her body was squirming out of control and she was nearly screaming with ecstasy.

"Please, baby. Please fuck me. I was your cock inside me NOW!" my wife begged.

Hank slowly unzipped his pants and pulled out his cock. Julie reached down and stroked him eagerly as she tried to stuff his meat inside her. Hank allowed her to pull the head in, but he stopped her there.

She was nearly crying, "Oh, please, baby, don't tease me anymore. Put it in."

He stayed put for another few seconds as he continued to rub her clit. Finally I saw his butt tense, and he hammered himself fully into her. She screamed with passion, and her body was convulsed by a savage orgasm, but she wasn't satisfied. Her hips pressed against him and she growled and bucked like a wild animal. I had never seen her like this and it was strange watching my wife fucking like a dog in heat. Finally, I couldn't watch

anymore. I walked away, but all the way to the door I could hear my sweet wife howling with passion as Hank's cock pounded into her.

I went out and sought out a local bar. I pretty much drank the day away, the sight of Julie being fucked never leaving my mind. After dark, I finally went home. I went into the quiet house and clambered up to our room.

Julie was lying on the bed naked with her hand gently rubbing between her legs. She looked up at me and smiled.

"Oh, honey, I am so sore. I must have been fucked twenty times. Why don't you kiss my pussy and make it better? You might even get a nice taste of hot cum," she said cruelly.

I just ignored her and climbed into bed. I must have been pretty drunk, because I fell asleep right away. I woke up in the middle of the night. I wasn't sure where I was for a moment, and I could hear voices in the dark just a few feet away. I turned over and looked at Julie.

I could see a form standing over her feeding her his cock. I could hear Julie slurping noises, and the sound of Mr. Colby's voice gently coaxing her on.

"I want to fuck you," he said softly.

"Oh, baby, my pussy is too sore. Come in my mouth," Julie responded and deep-throated him to accentuate her point.

"Come on Baby, please," he pleaded as he tried to climb on top of her.

"My pussy is too sore."

Colby pulled his cock away from her mouth, and whispered, "Trust me Baby."

He reached down and rolled her onto her stomach. He lifted up her sleeping shirt and rubbed her hard round ass. He climbed on top of her and slowly pressed his cock into Julie's tight ass.

She gasped loudly, "I've never done this."

Colby didn't respond, but his dick disappeared deeper and deeper into her anus. Finally he was all the way in and he paused there.

Julie was breathing deeply. I could see tears glistening in her eyes. Colby slowly started pumping her ass, and Julie squealed softly with each thrust.

"Your ass is so tight," he whispered.

Julie grunted in response. Colby was now pumping faster and he too was grunting. A few seconds later he growled and tensed as he came in her ass.

"Thank you, Baby," he moaned.

Julie just grunted as she tried to catch her breath. I must have passed out again, because when I woke up it was daylight and Colby was gone. Julie was asleep, her ass exposed to the light. For a while I kept thinking about her fucking all those guys.

That day we went home. Neither of us has ever spoken about that weekend since, and our marriage seems to be back on track, but it will never be the same.

Scoring With My Highschool Tormentor

I first spotted her as I was walking through the exhibits hall at a conference I was attending. She looked familiar, but it took me a few moments to place her. Then I remembered. Annie Bailey, from my high school.

I hadn't seen her in ten years. Annie had always been unattainable. Tall, slim, blond, blue-eyed, and big-breasted. Every guy wanted her, and she knew it. It made her a haughty bitch. She was still that way after college, and for a few years she submitted snotty updates on her career to the alumni newsletter. Editorial assistant at *Elle*, staff writer for *Cosmo* ... and then she seemed to fall off the face of the earth. I couldn't remember seeing an update about her in 3 or 4 years, so it was more than a little surprising to see her here, a glorified salesman in a booth for a small publishing company at a conference for book retailers.

Well, I made another couple of passes before working up the nerve to talk to her. When I approached, she needed a few minutes to recognize me, even

with the benefit of my name tag. But when she finally placed me, she lit up. "Oh Gary, it's great to see you. What are you doing here?"

"I have a start-up. Some good connections here."

She nodded admiringly. "Good to see you're doing well."

She had kept all of her good looks, but for some reason she was less intimidating. She had less attitude. Was it just maturity? I couldn't tell.

"So, how about you? Last I heard you were writing for *Cosmo*."

She frowned for just a second. "Yeah, well, that didn't work out. It wasn't really what I was looking for."

But manning a booth at a conference was? I didn't say that of course. We made idle chit-chat for a while longer. I noticed she was married, but that didn't come up either. After a while, she started hinting at dinner, and I started wondering what was up. I probably should have said yes, but I was getting a bad vibe, so I begged off, citing other plans. I headed off to a meeting a few minutes later.

.....

Back in high school, Annie was a real ball buster. She and her friend Amber, a gorgeous brunette with long legs and green eyes, used to strut around, and through their words and deeds define the insiders and outsiders. One day, Annie had Amber make a pass at me. I knew it was all a game for them. Amber was totally out of my league, but I played along for a while. Luckily I'd seen the trap coming, so I didn't make a fool of myself, but a lot of guys weren't as lucky and ended up making dates that would end up with them waiting someplace public alone while the other kids taunted them.

.....

That night, I went to the bar for a drink with a friend. He was flying out early, so we cut the evening short, but as I was walking out, I saw Annie again. She was wearing a tight-fitting red dress, a real attention getter, and sitting with a bunch of rowdy salesmen. There was one other woman in the group, an uncomfortable looking, mousy brunette, probably a friend of Annie's wondering what she was doing there. The guys were not being real subtle. They kept ordering pitchers of beer and rounds of tequila shots, and refilling Annie's glass as soon as it got empty. It was only 10:00pm, but they were getting closing-time drunk, especially Annie, whose usually clear blue eyes were looking glazed over.

I edged closer, and could hear that most of the conversation was now dirty jokes. Annie was laughing loudly, and not seeming to care that the two guys on either side of her were getting more and more touchy-feely. At one point, she grabbed the guy on the right's hand and placed it back on the table.

"Stop that!" she giggled, but she didn't respond when his hand went right back under the table. It didn't take a genius to know what he was doing, but I was still shocked when he leaned over a couple of minutes later, and then straightened up and unceremoniously deposited her white, lacey panty right on the table. The guys roared with laughter as Annie blushed a deep red.

That was too much for her friend, who stood up and stormed off in a huff, much to the amusement of Annie and her five male companions.

The guys on either side of her were now really emboldened, and from Annie's increasing squirming around, it was pretty obvious they were taking full advantage of their newfound access to her holiest of holies. If I didn't know her and hadn't seen her working earlier in the day, I would have pegged her for a cheap whore entertaining a bachelor party. She was

obviously setting herself up for a gangbang, even though I knew she was a married woman and had a day job.

Well, a few minutes later things came to a head. One of the guys dumped a bunch of twenties on the table, and the group got up together and stumbled unsteadily toward the door. I followed and caught up with one of the guys.

"Hey man, what's the deal with the blond?" I asked.

He whistled softly. "Hot number, eh? She was just sitting with her friend, and we started buying her drinks, and now she's coming upstairs for a little party."

"Can I come along?"

He eyed me suspiciously, like he didn't want me cutting in on his action. But I just smiled eagerly and refused to let him off the hook. I guess he didn't want to risk causing a scene that might break the mood, so he finally said, "okay, sure, the more the merrier, right?"

I clapped him in the shoulder, "right!"

As I stepped into the elevator with them, I made sure to stand in a corner. The other guys noticed me, but since I'd been speaking to one of their buddies, they assumed he'd invited me along (which he sort of had). Annie was leaning back against one of the guys grinding her ass into her crotch, and he was reaching around and squeezing her big tits. Another guy was kissing her and running his hand up her inner thigh. The guys didn't even stop when an older couple got on and gave them a horrified glare.

We got to the ninth floor and spilled out of the elevator. One of the guys went ahead, while another couple sandwiched Annie between them and walked her down the hallway. Inside the room, all the lights were dimmed low, and music was already playing. One guy was on the phone ordering up

a bunch of booze from room service. Annie, in the meantime, was swaying to the music, putting on a sexy little show.

"Take it off," one of the guys shouted, and soon he was joined by the others who chanted for her to strip.

Annie seemed to be enjoying the attention, and teased the guys a little, lifting up her hem and strutting around. But the guys were all well past the stage of wanting to be teased. As she approached the guy who'd removed her panties, he grabbed her firmly and lifted her dress over her head, leaving her with nothing on but her bra and a pair of high heels. The guy I'd talked to now tore off her bra roughly.

"Hey, what the rush?" she slurred.

But no one was listening. One guy, a burly man with close cropped hair and red face, picked her up and lifted her over his shoulder. He then reached around and shoved two fingers up her cunt while roughly spreading her butt cheeks with the other hand. Unbelievably, she seemed to be enjoying it, giggling uncontrollably all the while. He spun her around so we could all get a nice view of his fingers churning up her hot, wet hole. He walked her over to the bed and dumped her on the comforter.

She scrambled away from him toward the center of the bed, but he grabbed her by the legs and pulled her back to the edge. He had her face down on the mattress, and he lifted her ass up in the air bringing her knees up onto the bed beneath her. With his arm around her waist holding her in position, he quickly undid his pants without any more preliminaries, slid his hard cock into her up to the hilt making her squeal loudly.

Annie looked back at him in shock as he pounded her slutty hole. She started to say something, but before she could get the words out another guy hopped up onto the bed in front of her. He grabbed a thick handful of her

long, blond hair and shoved his own prick deep into her mouth. Annie gagged, but that didn't stop him, and soon he was fucking her mouth roughly as she passively allowing him to pump her head up and down.

The guy behind her came first. The second he pulled out, one of his buddies stepped up and shoved his dick into her sloppy cunt. But abusing her pussy wasn't enough for him. He wet his finger with the juices dripping from her twat and pressed it into her ass. Annie made a weird gurgling noise as he did. Her face was a mess. The guy in her mouth was really fucking her mouth hard, and she was gagging and gasping and turning bright red as thick streams of spittle ran down her chin from the corners of her mouth. Thankfully for her, he came quickly, forcing her to swallow most of his load, although she let a couple of long strands of his goo drip from her mouth.

The next guy in her mouth was much gentler, and she rewarded his kindness by eagerly licking his shaft up and down until he spewed all over her face. In the meantime, the guy I'd spoken to earlier was hanging out by her ass, calling dibs on that hole, so I climbed up onto the bed and pressed her face into my lap. Annie didn't need any more prompting, and soon I was on the receiving end of an amazing, wet, slutty blowjob. By the time I came, the last guy was taking his turn with her pussy. He was really tearing into her, probably to make up for the relative lack of friction from her stretched, sloppy hole.

He was still pounding her pussy when room service arrived with the booze, the waiter obviously shocked at the sight of Annie, naked and well-fucked, getting boned right there in front of him. I tossed a twenty on the table, and poured myself a big glass of scotch as I surveyed the scene. In a way, I felt sorry for my old classmate, now serving as a drunken fucktoy.

But heck, she'd been a haughty bitch in high school, and I sort of saw this as a fitting revenge for her past sins. I wondered how often this sort of thing happened to her these days.

When the last guy finished, round two began. This time the feeding frenzy was over, and all the guys were much more picky in what they wanted, and what they all wanted was Annie's ass. I guess most guys dream about anal but rarely get to try it on their wives or girlfriends, and here was a gorgeous and willing slut. Actually, Annie didn't seem to mind that much, although she'd let out an occasional pained squeal when one of them went too fast or too deep. I took my turn in her ass too, relishing the feel and especially the sight of my cock spearing her tight buns.

It was getting late and the flowing booze was doing nothing to increase anyone's sexual performance. Only a couple of us were up for round three, and the guy whose room it was began getting antsy. Still, having fucked her mouth and ass, I wasn't about to leave without completing the trifecta.

I turned her over on her back and spread her legs wide. She had her eyes closed, and didn't realize it was me at first. Her pussy was so gooey that I decided to do something about it. I grabbed a bottle of club soda from the fridge and removed the cap. Then with my thumb over the top, I shook it up real hard and quickly shoved the neck into her sloppy pussy. Annie shrieked in surprise as the cold, carbonated liquid fired up inside her. As it poured back out, I pushed my dick into her again, enjoying the feel of her freshly douched pussy.

"Oh God, Gary, what are you doing here?" she asked suddenly.

"Fucking you. Did you ever think that would happen back in high school? I didn't."

She sort of smirked, and then closed her eyes to concentrate on the sensation of my dick spearing into her over and over. She was a mess, but I still watched her closely, wanting to record this event in my mind (I could always edit out the gobs of cum on her face later). I particularly enjoyed the sight of her big, milky boobs, bouncing up and down with each stroke. Finally, I gave her my third load of the evening.

As I pulled up my pants, I heard some of the other guys talking about just dumping her in the hallway, but I couldn't do that to an old classmate. Finally, I talked one of the guys into helping me carry her back to her room. We got her into her dress and found her key. He bolted once we got the door open, but I went in with her, cleaned her up in the shower and put her to bed setting the alarm for the next morning. She actually gave me a kiss on the cheek as I bent down to tuck her in, and thanked me.

.....

The next morning, I dropped by her stand. She was a mess. Her skin was all splotchy, and she was obviously painfully hungover. She wouldn't keep eye contact, so I knew she was embarrassed about last night. I'd didn't say anything.

.....

I didn't see her again until our 15th high school reunion five years later. She was there with her blond husband and two kids. The younger kid looked about 4 or 5, and had dark hair. He looked a little like me, I thought. Could it be?

Her Old Friend

Recently my wife Tammy told me an old friend of hers from college whom she had not seen in over a decade was coming to town. She asked me if I would mind if he stayed at our house for a couple of days. We have a spare bedroom, so naturally I told her it was fine with me. Nonetheless I was curious, but when I asked her about him she was very terse although she did take the time to insist that they'd never dated.

The day Gary arrived, I was immediately suspicious. For one thing he was a big, strapping guy, with curly brown hair, a strong chin, and the kind of blue eyes that drive women wild. For another, there was obviously some tension between Gary and Tammy, which I interpreted as sexual tension, although it might really have been anything. At dinner that evening he seemed like a nice guy though, quick to laugh, and even quite witty. After dinner we had a coffee in the living room, and soon afterward Gary yawned and went to sleep in the guest bedroom.

Tammy and I went to our own room after cleaning up. I quickly climbed into bed, and watched Tammy get ready for bed. It always turned me on to

see her strip out of her clothes and into her sheer nightie. She looked incredibly sexy as she sensuously brushed out her long brown hair, her full breasts silhouetted as she walked past a light, her hard, round ass bulging outward as she leaned over, the outline of her tiny panties visible through the diaphanous fabric. Often this routine would be a prelude to passionate love making, but this was a weeknight, and we both turned off the light instead and went to sleep.

I awoke in the middle of the night to the sound of soft footsteps in the hallway. Knowing that Tammy sometimes had trouble sleeping and liked to read downstairs, I assumed it was her moving down the hallway. I decided to go join her. I opened the door gently, not wanting to wake Gary up. I need not have worried because when I looked down the hallway, I was surprised to see his large frame softly gliding down the stairs. Slowly, curiously, I followed him.

The light was on in the kitchen, and Gary quietly headed in that direction. I followed behind keeping him in sight, but stayed in the darkened dining room as he entered the kitchen. Tammy was standing with her back to us. He approached her and lingered behind her, watching. She was making herself some cocoa, and she seemed oblivious to his presence until suddenly she must have heard something because she turned around with a start and let out a quick yelp.

"Oh shit, you scared me," she gasped, her hand resting on her heaving chest.

"Sorry," he said amiably, "I heard a noise and came down to check it out."

"Oh, I couldn't sleep, so I wanted to make some cocoa and read. Do you want a cup?"

"Sure."

She turned back around and started to prepare a second cup.

"So, it was good to see you," she said, talking to him as she mixed the cocoa.

He didn't say much, just an occasional "uh-huh" as she spun a story about another old college friend she had run into recently. I could see him looking her over, admiring her shapely rear. Slowly he moved forward until he was nearly hovering over her. I could not believe she didn't sense him, standing so close to her, leaning over smelling her hair.

And then suddenly she paused. "No, Gary, don't," she said softly, still looking down at the kitchen counter.

"You are so beautiful," he muttered sensuously as he leaned down to nibble on her ear.

"Oh God, no," she mumbled, but she did not shrink from his touch or try to push him away.

Tenderly he ran a finger across her cheek and over her full red lips. He touched her nose, her eyelashes, her hair. He caressed her more boldly, his right hand touching the side of her face as he continued nibbling her ear lobe and kissing her neck.

She moaned softly. "No," she whispered, but she seemed paralyzed, unable to move, as his other hand reached down and through the fabric of her nightgown traced the outline of her body, the rounded fullness of her breasts, the shape of her firm butt, the form of her muscular legs. He lifted up her hem and he ran his hand against her bare skin. Again she moaned softly, her body pressing back against him almost imperceptibly.

"Do you remember how it used to be between us?" he whispered.

"Yes," she moaned.

He moved his hand upwards rubbing her leg with a circular motion, his hand lingering on her hard round ass, finally finding her breasts. Through the fabric I could see him cupping her breasts gently, then slowly circling her nipples with his fingers.

"Those long, sweaty nights in your room," he breathed.

"Yes," she moaned more loudly, excitement creeping into her voice.

Both his hands were now under her gown, caressing, pinching her nipples to erection. I could see his hands move down to her hips. His fingers curled around the sides of her panties, and with excruciating slowness he edged them down. He lowered her panties over the swells of her hips and let them fall to the floor. Daintily, dreamily, she stepped out of them.

"And those leisurely Sundays, making love all day long."

"Oh God, yes."

He reached down and lifted her nightgown up and over her head. Without a word she slipped her arms through, and a moment later she was completely naked, her nightie tossed into a corner. He pressed up against her, kissing her neck passionately, his hands roaming her body freely. He lifted and squeezed her large breasts. Tammy tossed her head back and moaned lustily.

He moved down from her breasts and rubbed her hard, flat stomach. He squeezed her tightly, their bodies seeming to meld together. She was like putty in his hands. His hands moved down, over her trimmed bush, and between her legs. She spread her legs and bent over slightly to accommodate his touch. My wife gasped loudly as his hands found her slit, and then she moaned passionately as he touched her clit.

Gary played with her pussy more and more vigorously. With one hand he spread her twat and rubbed her clit, with the other he slowly pressed a

finger and then two into her cunt. She was moaning louder and louder and her hips were gyrating, pressing back into him. His fingers made a squishing sound as they entered her wet box.

She turned her head to face him and they kissed passionately. A tear was running down her cheek.

"Oh God, what are you doing to me?" she groaned.

But he didn't answer. Instead he pushed her forward so that she was now leaning against the counter, her arms braced to hold her up. He took a step back making sure to keep one hand wedged between her legs rubbing her clit. With the other hand he lowered his boxers. For a moment he half-turned toward me and I could see his huge cock, maybe ten inches long and incredibly thick. He turned back toward her and pushed his monster between her legs. He rubbed the head against her slit making her moan and shudder.

"Remember when you were dating that wimp Allen?" he asked as he fondled her breast, his cock still probing between her legs.

"Yes," she moaned, barely able to contain herself.

"He'd take you out, buy you a nice dinner, maybe a movie. I'd be waiting back at your place. I'd watch him walk you to your door, and give you a little kiss goodnight. He was always hoping you'd invite him in, but you never did. I'd be waiting for you on the other side of the door. And before he was even out of hearing range we'd be kissing and groping. I'd spin you around and press you up against the door. I'd reach under your dress and tear away your panties. Do you remember?"

"Oh my God, yes, yes," she growled, her bare ass pressing against him.

"And then, I'd spread your legs and pull out my cock. Remember my cock?"

"Yes," she moaned, and I could see her reach down with one hand and grip his member and stroke, "oh God, it's so big."

"And then I'd aim my cock," he said as he positioned his head at her opening, "and slip it into your tight pussy." And with that he slowly pressed himself into her. It seemed to take forever for his huge rod to enter her completely, and she moaned and shuddered as each inch penetrated her sweet cunt.

He paused with his rod into her to the hilt and slowly, gently explored her body with his hands. Tammy was panting loudly and she started moving her hips, fucking him slowly. Gary seemed to enjoy her excitement, and he fed it by squeezing her nipples and touching her clit. Finally, he slowly pulled his rod almost all the way out. He paused, only the head of his member inside her, and the rest of his thick cock glistening in the kitchen light. Then with excruciating slowness he again pressed himself into her. She gasped again.

"Oh God, you feel so good," my wife purred.

Gary again pulled out and again re-entered her. His control was exquisite, especially considering that Tammy was getting more and more excited. After the third or fourth thrust she had begun pushing herself backward trying to impale herself onto his cock, but he kept her pressed against the counter, controlling the pace.

"Harder Gary, fuck me harder," she pleaded.

He continued teasing her with his slow strokes. But even still, he was gradually increasing his pace. It was mesmerizing seeing her cunt spread wide by his thick shaft. Over and over I watched as inch after inch entered her. His method was definitely having its desired effect because Tammy's

excitement was nearly palpable. She was gasping and groaning. She turned to face him, and they again kissed passionately.

For a long time they went on like that. Gary was now pumping her pretty quickly. He spread his legs slightly, setting his feet more firmly on the ground. Reaching around he grabbed a breast in each hand and started jamming himself into her harder and harder, Tammy squealing loudly with each thrust.

They were moving rapidly in unison now. Gary's cock seemed to blur as it speared her cunt over and over. His muscular ass clenched with each stroke as he met her own backward thrusts. Even their sounds began to mingle, his deep grunts immediately followed by her high pitched squeals. On and on it went until suddenly Tammy let out a soft growl. Her whole body seemed to shiver and I knew she was coming. At the same moment he reared back and jammed himself fully into her, his knees buckling slightly as he shot his load into her at the same instant.

Tammy fell forward onto the kitchen counter. She was gasping, trying to catch her breath. Gary fell on top of her breathing deeply himself.

"Oh yeah, Honey, you are as good as ever," he groaned.

It was then that I noticed that she was sobbing softly. "What have I done?" she asked under her breath. "I have to go," she said, spinning away, Gary's thick cock plopped out. She reached for her panties and nightie and put them on all the while avoiding Gary's gaze.

I quickly turned and scooted up the stairs and into the bedroom, and a moment later she arrived. I was under the covers pretending to sleep. For a second I thought of confronting her right there, but I didn't know what to say, and anyway I thought it was her responsibility to tell. She paced back

and forth for a few minutes, and I could hear her sobbing very softly. Finally, she came to bed.

I couldn't get to sleep. Every time I closed my eyes, I'd replay the scene in the kitchen. Gary's rod plunging into my wife, her soft moans, their simultaneous orgasms. Tammy also seemed restless, tossing and turning continuously. After about an hour, she got up again. She crept across the room and to the door, slipping quietly into the hallway. Almost immediately I went after her.

She had made a beeline for the guest bedroom, and I peered into the hallway in time to see her enter Gary's room and close the door behind her. I went down the hallway and stood outside his door. I tried listening at the door, but couldn't hear much.

Luckily, the guest bathroom has two doors. I entered from the hallway, and sure enough, I was able to peer through the crack into the guest bedroom. The light was on, and Gary was in bed. Tammy was standing a few feet away from him, arms crossed and looking very serious.

"We need to talk," she said firmly.

"You seem upset," a slight amused smile on his face.

"I am upset," she said angrily. She paused to regain her composure. "I am upset, what happened before in the kitchen..."

"You mean when we made love?"

"...was a mistake."

"Sit down," he said, suddenly getting serious. She sat warily on the bed near him. "Why are you so upset?"

"Gary! I just cheated on Bob," she sobbed.

"Calm down, Baby," he said, putting his arm around her comfortingly.

"He never has to know. I won't tell him," he said with a smile. "It wouldn't

be the first time we kept secrets. And anyway, it felt good didn't it?" His hand brushed against her thigh.

She looked at him harshly. "No Gary."

"No what? It didn't feel good? I know you don't mean that." His hand was pushing higher up her thigh, rubbing her more firmly now.

"Gary, stop," she said firmly, but her lack of action belied her words. He sensed as much, and he leaned over and kissed her gently.

"Let yourself go, he'll never know."

"Gar..." she started to say, but her voice seemed to desert her as his hand slipped under her panties.

I could see him moving his hand slowly, confidently massaging between her legs. By her soft moans I knew he was circling her clit with his finger.

"Gary stop!" she said again. Her hand moved down as if to push him away. But then she seemed to hesitate. "Oh God," she moaned, her hand resting on his, gently urging him on. I couldn't believe it. In a matter of moments he'd managed to reassert complete control over my wife.

Gary moved quickly to strip off Tammy's clothing. While keeping his hand between her legs, he managed to pull off her nightie and panties. He pulled her onto the bed, and laid her down on her back. Her legs were spread wide as he started finger fucking her pretty pussy. She was moaning sensuously, her body wriggling in passion. Tammy looked stunning, her face aglow with excitement, her large breasts, flattening by gravity across her chest were jiggling as she moved. Gary leaned over and took each large nipple into his mouth in turn. Tammy held his head to her chest, enjoying his ministrations. As he pulled away, her swollen nipples stood upright both red with excitement.

He moved down, kissing her muscular stomach. He maneuvered himself between her legs and started kissing her twat. With his hand he spread her pussy wide, and gave her long strokes with his tongue. Tammy moaned loudly and shuddered wildly with each stroke. She grasped his head pulling him roughly toward her. His head bobbed up and down over and over. He reached up, pinching her nipples as he continued to lick her slit. Tammy was moaning louder now, and then suddenly with a deep growl, her body shivered violently and every muscle in her body seemed to contract as a vicious orgasm tore through her.

Gary looked up at her, a broad smile on his face. He edged upward, freeing his cock as he moved. Without a pause he positioned his cock and pressed himself into her. She gasped loudly as he started pumping her. Despite her recent orgasm, she was quickly excited again. She spread her legs as wide as she could, holding them behind the knee to give him full access.

Those deep, slow thrusts, each balls deep, stretching her impossibly, seemed to break her. She gasped softly, her expression loving as she stared at his handsome face.

“You’re mine,” he said.

“Yes,” she sighed.

They kissed deeply, passionately.

I staggered away. I found myself sitting on the edge of my bed. As their ardor built, their inhibitions faded away. After a while, I could hear their cries of passion, and the slap of flesh on flesh as he drilled my wife. It went on a shockingly long time, but I remained paralyzed.

I don’t think I even realized they were done until Tammy returned. She was naked, her body bearing the streaks and handprints of rough handling.

Her thighs glistened as his come dripped out of her.

“I’m sorry,” she said. “I can’t resist him.”

“You don’t seem sorry,” I replied.

She shrugged. “I never could. He’s the one man I’ve never been able to say no to.”

“Maybe you should be with him then.”

“That’s not how it works. I don’t love him. I just love what he does to me sexually.”

“That’s all it takes, Tammy? To throw away our life together. A big cock?”

She sighed. “That’s up to you Bob. I’m not going anywhere, and I’m not asking you to leave.”

“But you’re also not going to stop fucking Gary, are you?”

Tammy sighed again. “I can’t.”

I stared at her speechless. She shrugged and then moved to her bedside table. She reached into the drawer and headed back toward the door.

“Where are you going?” I asked.

She held up a tube of lube. “He wants my ass.”

“Tammy, you don’t need to do this.”

“I do, Bob. I do. I’m sorry, but I do.”

I watched her leave. A few minutes later, I heard high-pitched squeals from the guest room. Our houseguest was sodomizing my wife.

I went to take a look. It was devastating. She was sweaty, gasping, her eyes tight with pain, but she was also fully committed to obeying his every whim. It was perverse and erotic. Despite myself, I found I was hard. As I jerked my cock, I noticed his toiletries. They were an irresistible temptation.

I jerked myself off with his toothbrush in my ass, and came into his shampoo. It was thrilling, and maybe the best orgasm of my life.

Gary remained for a few more days. He debauched my wife in every way imaginable, and I took my silent revenge. It was childish and oddly satisfying. And when he moved on, Tammy was surprised that I was willing to take her back.

I can't explain it. And I don't really try. It's all too tangled. Sex is weird. Love is weird. Kinks are weird.

Bros Be'fa Hos

Conor: Since when did it become a crime to watch football with your buddies?

Diane: His friends are a bunch of douchebags. Eighteen weeks of the regular season. Four weeks of preseason. A month and a half of playoffs. Six months of every year I have to deal with those assholes. I don't know how many times I've hinted, pleaded, whined for them to go elsewhere. I even once suggested they go watch at a strip club just to get them out of my hair. But noooo... it had to be our house every fucking week.

Conor: Look, we have the nicest house. TV room. Seventy inch OLED TV. Leather recliners. Got a keg on tap. Why should I have to go to a bar to watch the game?

Diane: It's the same damn thing every week. They show up early, stay for a game or two. Get drunk as skunks. Beer farts. Chips all over the floor. And Hell, I could deal with all of that, but I just don't have to put up with the rest of it. I mean, I know I have big boobs. I've had them since I was thirteen.

Conor: I think Diane sort of likes the attention. She's got that young Courtney Cox thing going on, and who doesn't like the occasional compliment?

Diane: If I wear a t-shirt, I get lines about my "headlights" and questions about whether I'm cold. If I wear a button down shirt, I get asked if the "girls want to come out and play." If I happen to have yoga pants on, they make camel toe jokes. Jesus. I shouldn't have to wear a fucking burqa in my own house to avoid being harassed.

Conor: Yeah, my buds aren't a bunch of stuck-up snobs like Diane's friends. They're more blue collar, ya know?

Diane: I don't even know where that fucking affectation came from. The four of them grew up in Bethesda, for Christ's sake. Tibor's father was a diplomat or something. Brad is a lawyer. A bad, personal injury lawyer, but still a lawyer. They have no reason to act like dockworkers.

Conor: They're just regular guys. They like to have a good time. Drink some beers, check out the cheerleaders, root for the Ravens. Regular. Fucking. Guys.

Diane: Douchebags. They even look the part. Tibor's this big, moon-faced doofus. I don't think I've ever seen him string more than three words together at a stretch. He just sits there, a blank, vaguely bovine expression on his face. He's a bartender, if you can believe it, though I can't imagine anyone wanting to drink in any bar where he's serving. Brad is a more classic douchebag. Aging frat boy, with blue, often-bloodshot eyes, thinning blond hair, spreading belly. He still wears polos with a popped collar. He used to be something of a lady's man, I guess, if railing a bunch of coke-addled sorority skanks counts. Rick is a rat-faced little turd, sort of Bogie without the class, intelligence, or charisma. It's like they're trapped in their

teens, but we're all in our thirties now. Under different circumstances, I'd think that Conor just hangs out with them so that he shines by comparison, but truth is, I think he actually likes them.

Conor: These guys have been my bros since grade school. Yeah, they're a little rough around the edges, maybe still have some growing up to do. But I was just like them before I met Diane. When you're married, you learn to act the part. They're still working on it. Big. Fucking. Deal.

Diane: The Ravens were the Sunday night game, so even though they'd probably keep me up late with their drunken cheers, at least I figured I'd have most of the day off. So when they showed up for the pregame show before the early game, I was already in a bad mood. I was going to have to deal with these assholes for the next eleven hours.

Conor: Steelers-Pats were the 1:00pm game. Great game with lots of playoff implications. Of course we were gonna watch that.

Diane: I was doing housework as usual. I wish I had the time to sit around on my ass all day on Sunday.

Conor: I work hard. Been doing lots of overtime since Diane got laid off. All I ask is Sundays off during football season.

Diane: Laid-off. What a fucking joke. I'm a teacher. They eliminated a bunch of positions in the last budget, and then hired some of us back at less than half the pay with no benefits as contract staff. All the work of being a teacher, without the security, pay, or respect. Great fucking deal. But yeah, Conor is the main breadwinner, even if he hasn't gotten a raise in three years and wasn't really bringing it in even before then.

Conor: All I'm saying is, I'm doing the best I can. She has more free time than I do, and one day a week to myself is hardly over the top.

Diane: So, I'm doing housework, vacuuming, hauling dirty laundry downstairs and folded clothes back upstairs. And those assholes are just busting my chops the whole time. "Hey, baby, since you're up can you bring me a beer?" "Damn Di, no wonder you've got a great ass, going up and down the stairs like that." "Shut that damn vacuum off, the game's on." Pointing to a cheerleader, "I'd like to see you in that outfit." And on and on and on. Just like usual.

Conor: The only reason they do it is because she gets so worked up. If she just ignored them....

Diane: The next time I walk by the TV room, Rick yells out, "Damn Di, those things look even bigger than usual today. You on the rag?"

Conor: So, she stomps over to me, and says, "I'm your wife. You're gonna let them talk to me like that?" I mean, fuck, what am I supposed to say?

Diane: He looks at me and says, "Well, you know what they say, 'bro befo'e hos.'" And of course, his cretinous friends start guffawing and trading high fives. I'm like, fuck this.

Conor: She's always so serious. It was a fucking joke. I tried to tell her, "Oh come on Baby, lighten up. Have some fun."

Diane: I'd had it. I hate having to leave my own house to get a little peace, but it was either that or I was gonna cut one of the motherfuckers. So I'm bringing up one last load of laundry when the doorbell goes off. Even though I have a basket in my arms, not one of them makes a move to answer the door. So I put the basket down, go upstairs and chase away some asshole trying to sell me siding. I go downstairs, and see the clean clothes from the basket spread out all over the floor, with Conor's buddies pawing through my undies, Rick and Brad each wearing one of my thongs on their heads, and Conor laughing hysterically at my expression.

Conor: It was funny. How could I know she was going to totally fucking lose it?

Diane: I don't know why I did it. I just saw red. And I did the only thing I could think of that would get back at Conor.

Conor: She stands there, hand on hip, smirking, and then says, "Those look a lot better on me."

Diane: I knew I could count on Rick. "Well, you gonna show us, or are you chicken?"

Conor: I thought she was bluffing. And overreacting. "Yeah, Baby, show us," I said laughing.

Diane: He still could have stopped it, but instead he decided to keep playing to his buddies. So I showed them. I peeled off my jeans and pulled up my t-shirt to show off my ass, dancing around a little to tease the guys.

Conor: I could tell she was embarrassed, but also pretty angry. I was trying to figure out what to say to defuse the situation when Brad chimed in: "So, are you just stripping, or giving out lap dances too?" It was funny. I laughed.

Diane: That laugh sent me the rest of the way over the edge. Rick was the quickest. He whipped out his wallet and pulled out a twenty and said, "Me first."

Conor: She goes, "Well, I could use the money."

Diane: So I climbed up into his lap, and the room got real quiet all of a sudden. Conor was staring open-mouthed, and Rick's whole body stiffened up, his hands up in the air in a "no harm no foul" posture.

Conor: I was, like, what the fuck? "What the hell are you doing?"

Diane: "I'm lightening up. Having fun. Like you told me to." Can't say it was the most artistic lap dance in the world. I was basically just sitting in

his lap grinding my pussy against his jeans. But it definitely worked. I could feel Rick getting hard beneath me, and he was getting red faced and breathing hard. But he was still just sitting there, so I whipped off my t-shirt and pushed my boobs into his face. Well, that got him. Suddenly his hands were all over me, squeezing my ass and mashing my breasts.

Conor: She looks over at me and gives me a saccharine smile. "Okay, I get it. You can stop now," I said.

Diane: Now it was my turn to laugh. Then I looked over and saw Brad rubbing his cock through his jeans. "Don't be shy, Baby, whip that bad boy out." Funny how guys seem powerless to refuse a request from a naked woman.

Conor: So now Brad pulls out his cock and Diane goes, "Get it nice and hard for me."

Diane: It was such a cute little thing. Looked like a hairless mouse. I leaned in for a closer look, kneeling on the armrest of Rick's recliner.

Conor: She's leaning over, her butt in the air, and suddenly Rick buried his face in her ass.

Diane: He may be a rat-faced little turd, but Rick is a hell of a pussy eater. He slid my thong out of the way and just started licking me up and down from behind, all the way from my clit to my asshole, long, slow strokes that made my feet tingle. There is no way to not respond to that. It is just a physiological reaction.

Conor: She started moaning and groaning, and then she reached into Brad's lap and started stroking his cock.

Diane: Rick was eating me out so enthusiastically that I fell off my perch on the armchair. Both he and Brad caught me and lowered me to my knees on the floor between Brad's spread thighs, with my face now in his crotch.

Conor: That was right where he wanted her because Brad grabbed a bunch of her hair and started trying to press his cock into her mouth.

Diane: I wasn't sure I wanted to blow him, so I sort of scooted up and started rubbing my tits on his pecker. But when I did, that gave Rick his opening.

Conor: I was looking at what was going on in Brad's lap, so I didn't even notice Rick moving in until it was too late.

Diane: He grabbed my hips and buried his cock in my pussy. Rick may be a good pussy eater, but he's a lousy fuck. One of those jack-rabbit screws with quick, shallow little strokes. No finesse. He was just trying to get off as fast as he could.

Conor: I couldn't believe what was happening. It was like some sort of weird nightmare. My wife, on her hands and knees, titty-fucking one of my friends and getting boned from behind by the other. And they're laughing and cheering. And then Rick goes, "Eiffel Tower!" and high fives Brad.

Diane: I don't know that Rick lasted much more than thirty seconds before he pulled out and shot a load of warm goo on my lower back.

Conor: I've never seen Tibor move so fast. In a second, he was on the floor shouldering Rick out of the way. Diane threw back her head and gasped, "oh God!"

Diane: I thought maybe Rick had shoved his fist up inside me, but when I looked back I saw that it was Tibor fucking me with the biggest cock I've ever seen.

Conor: T is a big boy.

Diane: No joke, the fucking thing is the size of a 24 oz tallboy. Now, I've never been a size queen or anything, but then again I've never experienced

anything like that. He was giving me these long, deep, slow strokes that made my pussy want to sigh with pleasure.

Conor: She's moaning and groaning like a three dollar whore, and then she started deep throating Brad.

Diane: Brad started trying again to get his dick in my mouth, and with Tibor stuffing me like a Thanksgiving turkey, I didn't have the will to resist. So I swallowed him whole, which wasn't much of a challenge frankly.

Conor: Rick sidles up to me and goes, "Damn, looks like your wife loves that big dick." Asshole.

Diane: I look up to see Conor shoving Rick and saying, "fuck you shithead." Yeah, it made me smile.

Conor: I was pissed. "Goddamn it, that's enough," I shouted.

Diane: If anything, that encouraged Tibor to fuck me harder, pounding into me from behind and driving me over and over into Brad's lap, which I guess turned him on too because before I knew it he was coming all over my face.

Conor: When T sees Brad pop, he buried his cock all the way and dropped his own load inside her.

Diane: The whole thing took maybe five minutes. But so much for "bros befo'e hos." I mean, those guys didn't even think twice before fucking me ragged when they got the chance.

Conor: Yeah, I kicked them out of the house after that. I mean, shit, Di is a sexy bitch, but you just don't do that to another man's wife even if she is asking for it.

Diane: You don't go back to normal after that. By the time I'd showered, Conor had kicked his friends out and gone out drinking by himself. I learned about that when he DUIed himself and I had to bail him out.

Conor: I guess in some ways I'm lucky that it happened. Better to find out she was a whore before we had kids rather than after. Made the divorce a lot easier.

Diane: He wasn't a bad guy. He just never learned how to handle his friends. I saw him out at one point, double dating a couple of bleach-blond, botox sisters with Brad. I'm sure that'll work out well for him.

Conor: Truth is, I got married too young. Being in your early 30s with a job is the best thing in the world. You won't believe the kind of top-shelf pussy I'm pulling down.

Diane: Funny thing, I got a call a few months after the incident. I didn't recognize the voice at first. I mean, he rarely spoke, but it was Tibor saying he wanted to buy me a coffee and apologize.

Conor: Yeah, I'm not surprised that whore ended up with Mr. Big Dick. He just better hope she doesn't happen to find an even bigger one out there. Once a slut, always a slut.

Diane: Turns out, Tibor bartends because it gives him time to write. He's working on a novel, and I've read parts of it, and it is just beautiful. In addition to having the cock of a horse, he has the soul of a poet. It's a little weird starting over, especially given how things started, but we're taking it slow, doing it right. Sometimes things just work out for the best, ya know?

Her Turn

“So, now it’s my turn, right Mitch?” Elise said.

I looked at my wife as she climbed back into bed with me. She had just escorted Tanya to the door. The two had left me worn out. I was exhausted, muscles sore, dick starting to chafe. For over four hours my wife Elise and her friend Tanya had sucked, fucked, and stroked me, entertaining me through my refractory periods by playing with each other, until, despite, doses of Viagra and Cialis, I was no longer able to perform.

“Yeah,” I swooned. “Definitely your turn.”

Elise surprised me with a prepaid foursome to a very exclusive golf course, and sent me off with my friends with very explicit instructions: “Play. Have fun. Don’t get too drunk. Have an early dinner with your friends. Be home by seven. When you come home, go right upstairs and shower. Then meet me in the living room at eight. Clothing optional. Remember, it’s my turn.”

I followed her instructions to the letter. I was in a great mood. The course was beautiful as was the weather. I shot a 79. And through it all I had a pleasant tingle of anticipation as I thought about what my wife had waiting for me at home. I wasn't sure what it might be, but it would surely be hot.

It felt a little awkward walking around the house completely naked, so after my shower, I slipped on my bathrobe and came downstairs. She was waiting for me.

“Oh fuck, was I supposed to get dressed up? Are we going out?”

She smiled and gestured at herself. “Oh this?”

Elise was dressed to the nines, in mid-thigh, black and gold dress cut low in the front and lower still in the back and perched on high, thin heels. Her long, dark hair flowed into thick barrel curls, her lips shined in a rich red, and her hazel eyes were framed with smokey eyelids and subtle cat tails.

“No,” she said after a moment. “We’re staying in. Come here.”

I approached and she led me toward a heavy, wooden, high-backed chair topped with thin leather cushions. It looked like something out of a really old library.

“Where’d you get that?” I asked.

She didn't answer. She approached me and stood close. With me in bare feet and her in heels, we were nearly the same height. She leaned in and kissed my cheek gently as she slipped the robe off my shoulders. She virtually radiated with excitement.

“Oh Baby,” I sighed.

I reached out to take her into my arms, but she shoved me firmly into the chair. She took a step forward and straddled my knees. Her parted legs gave me a peek at the lace garter and hose she wore beneath her dress.

“Wow,” I gasped.

I reached out to run my fingertips along her inner thigh, but she casually intercepted my hand, and firmly placed it on the armrest. Then without comment, she retrieved a zip tie from the top of the seatback, and quickly bound my hand to the heavy wood.

“Kinky,” I said.

She smiled and then bound my other hand likewise. She leaned forward and gave me a delicious view of her lovely cleavage, her full breasts barely contained by the dainty, lace demi-cup bra she wore. She kissed my forehead and then my lips. When I tried to extend the kiss, she pulled away, and instead began kissing me lower. My throat. My nipples. My belly. She lightly kissed the head of my hard cock as she dropped to her knees. She massaged my thighs, my calves, and then proceeded to bind my ankles to the feet of the chair.

She stood up to admire her handiwork. I tested my bounds. They were not tight enough to cut off circulation, but I was firmly tied nonetheless, and as I moved around and the chair didn’t, I realized how heavy it was. I was not going anywhere until she cut me free.

“You have me at your mercy,” I said.

She gave me another smile and then circled around me, trailing her painted fingernails across my chest and shoulders. She stood behind me for a moment.

“Open wide,” she said.

“Wha –”

She cut me off by pressing a bright, red, ball gag into my mouth, buckling it around my head.

She came back around in front of me.

“Much, much better,” she said. “You talk too much sometimes.”

I'd have chuckled, but you can't with a gag in your mouth. Instead I just followed her with my eyes. She again kneeled down in front of me. She traced her fingernail along my inner thigh and up my shaft. I shivered slightly.

"Now, I can do anything I want with you or to you."

I nodded.

She kissed the head of my cock.

"You don't mind, do you?"

I had a good idea where this was going. She was going to torment me. Edge me until I was absolutely desperate for release. And then she'd tease me some more. It would be torture. Delicious, delicious torture. I'd hate every moment of it, and also, in the end, come harder than I ever had.

I shook my head.

She smiled up at me from down near my crotch. "Not that it matters. It's my turn, right?"

I nodded.

She kissed her way up my body, her silky hair tickling and teasing me cock, belly, and chest in turn. She pressed her body against mine and ran her hands through my hair. She nibbled on my ear lobe. I was worried I might come too soon, ruining the fun.

I was startled when I heard the doorbell chime, but Elise wasn't. She was expecting it.

"He's here," she breathed in my ear. She rose and strutted toward the front door.

I was so excited that my brain was fogged. And it took me a few moments to process what was happening, and actually it didn't quite click until my wife reappeared a few moments later leading a very tall, slender,

and handsome Black man by the hand into the living room. He was dressed more casually than she, but elegant in dark slacks and tight, thin maroon sweater rolled up to show off his muscular forearms.

“Spence, this is my husband Mitch. And Mitch, this is my new friend, Spence.” She dragged out the word ‘friend’ as she said it.

He nodded at me. I returned the gesture awkwardly.

Elise turned to face him. “Can I get you anything? Anything at all?”

He hesitated.

“Glass of wine? Whiskey?” she proposed.

“Whiskey would be great.” His voice was deep, confident.

She smiled and then turned toward me. “You don’t mind if I give my friend a taste of your Pappy’s do you?”

I groaned inside, but gave her a small nod. It didn’t much matter what I said, I realized. That was the point of binding and gagging. She was going to give him anything and everything she wanted, and I couldn’t do anything about it.

Elise took her sweet time prepping the drinks, leaving Spence and me together. He slowly circled the room, perusing the book shelf, picking up and looking at our wedding picture. I followed him with my eyes.

When my wife returned, she handed him his drink.

“To new friends,” she toasted.

He smiled and they clinked glasses. He took a sip of my \$300 bourbon.

She turned toward me and took a sip of her wine. “Actually, this is the first time we’re meeting in person, isn’t it Spence?” He just nodded. She continued, “But we’ve been getting to know each other online.” She took a big gulp of her wine. “He’s even more handsome in the flesh.”

“And you’re even more beautiful,” he replied.

She finished her glass and put it down. Then she turned toward him.
“Can I see it? Please?”

He chuckled. “Of course.”

He moved his hand toward his waist, but she stopped him. “I want to do it,” she said.

He nodded.

She again looked at me. “Spence and I exchanged pictures, of course. Special pictures. But the real thing is always something different, isn’t it?”

My wife slowly dropped to her knees before her new acquaintance. He took another sip of my bourbon. She ran her hands up his thighs, gazing up at him as she did. She massaged his prick through his pants, her eyes widening.

“Mmmm,” she moaned softly.

With excruciating deliberation, she unzipped his fly. She licked her lips and snaked her hand inside his pants.

“Oh wow,” she gasped.

Elise gazed over at me. I could see her hand moving beneath the fabric of his pants as she stroked his cock. She didn’t need to make explicit what she was thinking: that he was hard and big, and she was going to fuck him.

Spence remained impressively imperturbable, taking small sips of whiskey and gently caressing her cheek. He was obviously not a stranger to this sort of scene. Only someone with experience wouldn’t have taken off upon seeing me bound and gagged, no matter how hot Elise was.

“Mmmm, mmmm, mmmm,” Elisa hummed and she carefully pulled his prick out of his pants.

The fucker was huge. Long and thick with a bulbous purple head. And I knew that he had more besides, since I could only see the part of him that

protruded through his fly.

My wife was entranced. She looked up at him as she slowly stroked his cock. “Can I suck it? Please?”

He chuckled and nodded toward me. “What would your husband say?”

“I don’t care,” she hissed. “I need it in my mouth. Please?”

He winked at me. “Go ahead, Baby,” he graciously allowed.

“Oh thank you, thank you,” she gushed. “Thank you.”

She kissed his head and then licked around the crown. She took him into her mouth, moaning and sighing as if partaking of the most delicious meal imaginable. He slid his fingers into her hair, cupping the back of her head. She took him deeper into her mouth, licking and slurping loudly. It was performative, but no less effective in that regard for either him or me. His breathing deepened and quickened, and my prick swelled again as my wife venerated another man’s cock. She bobbed up and down on his shaft, taking him deep enough to gag herself on his tool. Then she slowly allowed his cock to slide from her mouth. His shaft gleamed with her saliva, and as she stroked him up and down, her hands squished loudly. A drop of precome appeared, and she quickly licked it up.

She turned toward me. “Oh, Mitch, have you ever seen such a beautiful cock?” When I remained impassive, she chuckled. “Maybe you need a better look?”

Elise rose a little unsteadily as if her arousal were making her dizzy. She grabbed his cock and walked him closer to me. They stopped just in front of my chair. She resumed her place, on her knees, before him. My wife unbuckled his belt and unbuttoned his pants. She pulled down his trousers and also slipped his boxer briefs down over his muscular thighs.

Fully exposed, his cock was frankly breathtaking, huge and stunningly thick at the base. His balls were massive. Elise kissed and licked him up and down, and then bent low to suckle his scrotum.

“Oh God,” she moaned. “I bet you come gallons.”

“Only one way to find out,” he replied.

“I want you to come in my mouth,” she said.

She swallowed him deep to emphasize her desire. He moaned at the sensation of being engulfed in her hot, wet mouth, and sighed as her tongue lashed the length of his shaft. One hand massaged his balls, the other jerked his cock.

“Please let me taste you,” she begged.

She took him deep again and again, her sounds increasingly obscene. She choked on his cock, gagged on it, drooled all over him. His hips began thrusting. His hand twisted in her hair. Then suddenly he grunted, his balls tightened, and his prick began to pulse. Elise groaned orgasmically as he filled her mouth. She drew back slightly so that I could actually see the last few spurts shoot onto her tongue.

My wife wheeled toward me. She opened her mouth to show it overflowing with Spence’s massive load. Then before I even knew what she was doing, she dipped her head into my lap and took my much smaller member in her mouth. His seed drooled out, all over my shaft, into my trimmed pubes, over my balls, and some even trickled into my ass crack before pooling on the seat beneath me.

She rose up and grinned at me, her face slick and sticky with Spence’s come. She licked her lips and wiped her mouth with the back of her hand. His come quickly cool, and I realized my dick was coated with another

man's sperm. Even Spence, who'd likely seen his share of craziness, seemed a little taken aback.

Elise though was all hopped up, grinning widely. She returned her attention to his cock, beginning to soften, but still massive. She licked him clean, and then pulled his underwear and pants back up. She tucked away his big cock, zipped him up and buckled his belt.

I thought the evening might be over. Kinky, a little disturbing, hot too, and happily relatively quick.

She took his hand and walked him over to the sofa. She took his glass.

"You want another?"

He nodded. She scooped up her glass as well and disappeared into the kitchen.

Spence made eye contact with me. "That's one freaky bitch."

I gave him a small nod.

Elise returned. She handed Spence his refill, and they again clinked glasses. She waltzed over to me, a big grin on her face. She circled me, trailing her fingernails across my chest and shoulders before taking a seat on my thighs.

"That was fun, wasn't it?" she asked.

I looked down toward the ball gag.

She giggled. "Oh right, you can't really talk. Sadly, this," she flicked at the bright, red ball, "will need to remain in place for a while yet. But don't worry, we'll have a need for your mouth and tongue a little later."

I wasn't sure I liked the sound of that. She saw the anxiety in my eyes.

"Oh, don't worry, you won't have to do anything you don't want to do. But I do hope you'll be up for some fun. I mean, wasn't it hot when I went down on Tanya after you came inside her?"

She gave me a kiss just to the side of my mouth, a tease I suspected was meant to remind me that Spence had recently come in her mouth. I tensed up. She giggled and then stood up again.

My wife stalked over to Spence. Hand on her hip, she addressed him. "I've seen your amazing cock. Now I want to see the rest of you."

He took a sip of his drink. "Oh?"

"Uh huh. I want to strip you down, lick and kiss you all over, get you hard as a rock, and then have you fuck the shit out of me."

"Sounds like a plan," he replied. "But aren't you a little overdressed for all of that?"

"Right you are."

She reached down and lifted her dress by the hem. Slowly she raised it, exposing her sexy, toned legs covered to her thighs in sheer, silk stockings. Then the clips and straps that held them up. She paused for a moment before proceeding to expose her flimsy panties that did little to cover her sex. He whistled appreciatively. She continued, showing off the garter belt itself, encircling her narrow waist, and then finally her equally insubstantial bra that barely concealed or contained her full breasts. She pulled the dress completely off over her head, and tossed it at my feet. He gave her an approving nod and she spun around for him to show off her bare ass, bisected by little more than a thread.

"Is that better?" Elise asked.

"Much."

"Well, I better get to work then."

My wife approached her lover and stood before him. He reached out and caressed her thigh, slipping his hand between her legs. He smiled broadly.

"You're wet," he said.

“Mmm, so wet,” she sighed. Her hips began to sway gently as he touched her through those sheer panties. “Can I unwrap you now?” He began to lift up his sweater, but she stopped him. “You just sit back and relax. I want to savor every inch of you.”

Elise slid to the floor at his feet. She removed his loafers and tenderly massaged his feet. He finished his drink and placed it on the side table before reclining deeper into the sofa and closing his eyes. She next rolled off his dress socks and continued massaging him. He sighed contentedly as she ran her hands over his ankles and rubbed his calves. She dipped her head low, and to my surprise, she kissed his soles before sucking on his toes. I’d never known my wife to have a foot fetish, and nor did I, but it was such a submissive gesture that I couldn’t help but get hard as I watched.

She slowly massaged her way up his legs, pressing up between his legs, her breasts resting on his thighs. She unbuckled his belt and pulled it off. She folded it in half and slapped it gently against his ass.

“Might be more fun if I did that,” he suggested.

“Hmm, or this,” she proposed in return as she playfully wound the supple leather around her wrists.

“Dirty girl,” he teased.

“You have no idea,” she replied, her gaze shifting from him to me before returning to him.

She handed him the belt for future use.

My wife unbuttoned and unzipped his pants and tugged at the legs. He lifted himself off the sofa and she eased them off. He had the legs of an athlete, with well-defined calves and powerful thighs. Elise seemed almost giddy at her new toy. She traced the outlines of his muscles, and then slowly, carefully kissed and licked her way up his legs. When he reached

out to caress her cheek, she took his hand and sensuously sucked his fingers one at a time into her mouth.

Pausing on his thighs, she took a few minutes to run her hand over his briefs, massaging his thick prick. Her hips pumped slowly, involuntarily.

“Oh God, I can’t wait to get this big thing inside me,” she growled, her voice low and smokey. “But first I need to see the rest of you.”

She lifted his tight sweater upward and carefully eased it over his head, climbing into his lap as she did. He raised his arms to help her, and as she finished removing his sweater, her body pressed up close to his. She tossed the pullover aside and leaned back to admire him.

“Oh wow, wow, wow, wow, wow,” she sighed orgasmically. She ran her hand over his powerful chest and sculpted belly. She glanced back at me. “Oh man, abs are my weakness. A man with a six-pack can always have his way with me, married or not.”

She wriggled down between his legs again. Leaning into his lap, her tits pressed against his crotch, Elise kissed her way across her stomach. She massaged his strong pecs and sucked on his nipples. He began exploring her body with his hands as well. He cupped her ass and encircled her hips. He teased his way up her rib cage and deftly unclipped her bra. She slipped the straps off her shoulder, and he ran his palms over her full breasts, his finger sliding over her swollen nipples. He massaged her upper back, a finger tracing circles on the back of her neck. She sighed sensually. He worked his fingers into her mass of hair, massaging her scalp. She kissed his throat.

“Ooooh... ooooh...,” she moaned before kissing his chin and then his lips.

That first tentative kiss quickly turned intense. Elise climbed into his lap, straddling him. She cupped his face and they kissed with an undeniable

passion, her hips pumping as she ground into him. She rose up slightly and tugged at his boxer briefs. He slipped them off, and his massive prick jutted upward. She reached down and stroked him. He pulled aside her panties and explored her juicy pussy. They fondled each other, eyes locked in an intense stare, their breathing quickening and gasps and moans feeding on each other's.

“Oh fuck, I need you inside me,” she gasped.

She grabbed his cock and rubbed it up and down her juicy slit. Her body trembled. His cock head slipped inside.

“Oh wow,” she sighed as she slowly humped the tip. She took another couple inches inside her. “Oh wow, that’s a big fucking dick.”

He grabbed her tits and squeezed them hard, sucking her nipples into her mouth. She hissed excitedly. Her hips pumped faster.

She peered back at me. “I could only take half of him in my mouth, think I can take it all in my pussy? Should I try?”

I nodded quickly, instinctively. I wanted to see that big tool buried inside her. I wanted to see how it made her feel, how hard she’d come on that huge prick.

She chuckled and faced Spence again. “My husband wants to see you balls deep inside me.”

“Give the man what he wants.”

Elise wrapped her arms around his powerful shoulders. She pressed her forehead against his as she continued to hump the first few inches of his cock. “I’ve never had a cock this thick, this long, this hard inside me.”

She peered back at me. “You sure, Mitch? Once I’ve taken all of it, there’s no turning back. I’ll never be able to forget what it feels like to be completely filled, stretched, possessed by another man.”

My mouth ached from the ball gag. My cock ached more. I managed another quick nod.

“Okay,” she said. “Okay, okay,” as if psyching herself up for it. Then, “Okay, oh, oh, oh, oh!” She moaned, her pitch increasing as she impaled herself deeper and deeper onto his prick. “Oh God. Oh God. Oh Gawddd!”

Settled into his lap, his cock completely inside her, her breathing deepened and quickened, as if she’d just run a sprint. Her hips ground against him. She threw her head back and let out a high-pitched squeak. Her body began to shudder.

“God, I love your cock,” she sighed. She seemed to melt into him, resting her head on his shoulder.

He gave her just a moment to recover. Then he grabbed a thick handful of her hair and pulled back so that they were again face-to-face. He cocked his hip and thrust up inside her.

“Ugh, ugh, ugh,” she gasped.

I felt the power dynamic in the room shift. Until now, Elise has been in control. Her game, her pace. But with those three powerful thrusts, Spence had asserted his dominance. She was his now. Her body his to ravage. Her cunt a receptacle for his passions.

He released her hair and his hands grabbed her ass. He spread her cheeks and drove his cock into her again and again. I had a clear view of his shaft, slick with her juices, spearing into her. Then suddenly he slapped her ass. She squealed in pain. He thrust up inside her. She moaned in delight. Another slap, another thrust, another slap, another thrust. Her butt cheeks turned bright red, her cunt squished on his prick. Her gasps became ragged. He slid a finger along her crack and then slowly pressed it into her ass.

She exploded again. Another climax, and this one left her limp. He didn't allow her an extended respite, however. My wife was still trying to catch her breath when he rose up, lifting her as if she were as light as a feather. Standing, he bounced her up and down on his massive prick, and in that position, she had no choice but to take him to the hilt.

She cried up continually, "Ugh, ugh, ugh, ugh, ugh." And when he paused for a few moments, she babbled, "Oh God... that's, uh... so big... I nev—" He threw her up and down again. "Ugh, ugh, ugh, ugh, ugh."

Elise had never experienced a cock like his, nor likely ever been ragdolled so aggressively. The idea of being railed by a massive stud is common fantasy, both for men to watch and for women to experience. But I doubt most women would have enjoyed having their guts rearranged quite so thoroughly. My wife did though. Of that there was no doubt. I felt all kinds of crazy emotions. Fear that she'd become addicted. Excitement that she might. Shame that this was turning me on. Pride that she could take it all. Humiliation at the realization of being the lesser man. Arousal at the thought of reclaiming her afterwards.

Spence spun around and placed her flat on her back on the ottoman. He kneeled between her legs, and gave her long, deep, slow strokes. He grabbed her breasts and kneaded them as she writhed sensuously.

"Warmup is over, Baby," he said.

Her eyes widened. She knew he wasn't blustering. He had the cock and the physique to completely wreck her. She was about to see whether she could handle it.

Spence hooked his arms beneath her legs and lifted them onto his broad shoulders. He leaned forward and rolled on-top of her. Elise is quite limber and Spence had her folded in half, her pelvis tilted upward, leaving her

pussy completely exposed and defenseless. He grabbed a handful of her hair and started fucking her hard, really hard with rapid, balls-deep thrusts that immediately left her grunting and out of breath.

He'd already dropped a load in her mouth, so despite her tight cunt, he was at no risk of coming until he was good and ready, and he seemed determined to shred her pussy before he did. He fucked her brutally, and she loved it. Every few minutes, he'd pause to admire his handiwork, my wife, sweaty, gasping, writhing in ecstasy, completely overwhelmed.

"I've never been fucked like that," she gasped. "I never knew sex could be like that."

"That's just a taste," he replied.

"Oh God," she sighed.

He resumed his hard pounding, jackhammering into her with his massive tool. Her head swayed from side to side. He grabbed the belt and put it around her neck. As the leather tightened around her throat, she let out a feral screech, convulsing in yet another climax.

"Oh wow, oh wow," she gasped.

"I think hubby is feeling left out," Spence suggested. "Let's go over there."

Elise was half-delirious. And when she didn't respond to his prompting he yanked her off the ottoman by the belt.

"Crawl over to him," Spence ordered.

Elise obeyed, Spence trailing her, holding the belt like a leash. His eyes were focused on her swaying ass.

"Rest your chest on his thighs," he commanded.

She did. Her body was hot and clammy, shivering with excitement. He yanked back on the belt, lifting her head. "Look in each other's eyes."

Our eyes locked. He dropped to his knees and plunged his cock back into her already battered cunt. Spence fucked my wife with long, deep strokes. Her eyes became unfocused, spittle flying from her mouth as she gasped when he hit bottom.

“I’m going to nut in your wife’s pussy,” he said.

“Yes, yes,” she moaned. “Fill me with your seed.”

“You on birth control?” he asked.

“Yes.”

He slapped her ass hard. “After this, we’re going to go upstairs and flush those pills. Next time I fuck you, I’m going to knock you up.” He grinned at me. “What do you think cuckoo? Going to raise my kid?”

I couldn’t answer, but Elise did for me. “Yes, Spence. Yes, I want your baby.”

He laughed. “Okay, this one is a practice shot then.”

He thrust in hard again and his body tensed as he filled my wife with come.

He slowly pulled out, his dark prick shiny with her juices. He returned to the side table and finished off the bourbon.

Elise stood shakily. She placed one foot on the armrest of my chair, exposing her swollen and battered snatch. She removed my ball gag.

I opened and shut my sore jaw.

She grabbed my chin.

“Now you have a choice, Baby,” she said. She spread her labia. “You can either lick my pussy clean, and the evening is over and Spence goes home. Or you can refuse, in which case, we leave you here, and Spence and I go upstairs and fuck in our bed.” She smirked. “Oh, and I should tell you, if we go upstairs, I am going to let him fuck me up the ass.”

My eyes went wide. “You’ve nev –”

“Never let you?” she taunted. “Of course, not. But then again, you don’t have his cock or his abs, do you?” She ran a finger between her pussy lips. His come began to leak out. “So, do you want to taste his come? Or do you want him to fuck me up the ass?”

“I’m not going to....”

She laughed. “Whew. I was worried you’d deny me the chance to get his cock back inside me. But I do think you still deserve a taste.”

She dipped her finger inside her snatch and traced my lips with it.

Then she turned and took Spence by the hand. “Come on, Baby. You’re going to sodomize me in my our marital bed.” She looked at me. “And you, Baby, you just enjoy the sounds.”

They must have left the door open because I could hear her clearly. Her cries, her moans, her gasps, her sighs. I heard the belt spanking against her skin. I heard their bodies slapping together. My cock was hard for hours. It ached. After a while, I ached all over.

When they were finally done, Elise came back to see me while Spence let himself out.

She preened for me, showing off what he’d done to her. Her ass was red from the belt. Her tits blotchy from his rough handling. She showed me her cunt, a dark, red, swollen gasp. Then she turned and spread her ass cheeks to show off her battered asshole, his come just beginning to drip out.

Elise turned around again, and peered down into my lap. “I can’t believe that little thing ever got me off.” Then she flicked it with her finger, as if she were trying to get rid of an insect. It was maybe the least sexual thing that had happened all evening, but the sudden touch triggered the most intense orgasm I’d ever experience. My come arced high in the air and

landed on my chest. A second spurt was almost as spectacular. The third not far behind.

My head lolled. I was so exhausted. More worn out than I'd ever been in my life. Even after she removed the zip ties, I could barely move. I fell to the floor and curled up. Elise got a blanket and lay down next to me on the carpet.

"I want Spence's number," I said.

"Why?" she asked.

"Well, now it's my turn again, and I think I want to get a replay of what you two did upstairs."

She laughed. "Are you sure?"

"Hmmm," I sighed. "And we're definitely going to need to flush those pills."

She gasped. "Mitch, are you crazy?"

I laughed. "I wonder if he has any friends."

She looked at me and rolled her eyes, but I felt her body shiver with excitement.

Speeding in Georgia

We were driving through Georgia at 1:30am on a hot summer Friday night. My wife's sister was getting married the next day in Miami and we were rushing to make it. We had originally planned to fly, but I took a wrong turn on the way to the airport and we missed our flight. The next flight would get us to Miami too late, so my wife, Debbie, insisted that we drive.

It was a very hot and sticky night, the AC was on the brink, and we had the windows open. That was probably best anyway because the noise prevented conversation. Debbie was irate. I had been grumbling about going to the wedding, her sister's always been a bitch to me, and when we missed our plane, Debbie assumed I had done it on purpose. Her screaming at the gate as we watched our plane taxi away had caused quite a commotion. Even now, nine hours of solid driving later, I was wary of looking at her or saying anything for fear of setting her off.

We both knew that it would be tight to make it on time. So, I was driving really fast. I figured, who is going to stop us in the middle of the night in

the middle of nowhere. As we hurtled through the darkness we passed a distance marker, and I mentioned to Debbie that I thought we would make it. I left out that it would be tight to get checked in, changed, and all that. She grumbled tersely in response and then gave me a forced smile. I was just beginning to think that everything would turn out alright, when suddenly, out of nowhere flashing lights appeared in my rearview mirror.

"Oh shit," I muttered.

"Good job," Debbie grunted.

I pulled over to the side of the road. The sheriff's car pulled in behind us, the flashers still on. The sheriff stayed in his car for what seemed an eternity as the hot, heavy, humid air filled the car. Without warning a very bright spotlight illuminated our car, making it impossible to see the sheriff's vehicle.

Dramatically the sheriff emerged from the brightness. He was a giant of a man, at least 6' 3" and 220 pounds, and his right hand was resting ominously on his holster. He stood behind the left rear wheel.

"Get out of the car with your hands above your heads," he commanded.

Debbie and I obeyed immediately. The sheriff rushed toward me and threw me against the car. Roughly he patted me down, checking for weapons.

"Alright, New Jersey," he said referring to my license plates, "let's see your driver's license."

I slowly reached for my wallet and handed him my license. He grunted as he looked it over.

"Where are you and this lovely lady," he paused as he eyed Debbie's body, "going so fast this fine Georgia morning?"

"We are going to my sister-in-law's wedding," I responded.

"Well, not any more, I'm gonna have to take you in," he drawled as a thick syrupy smile came across his face.

"You've got to be kidding," Debbie responded testily, "just give him a ticket and we'll be off."

"Sorry, ma'am, rules are rules, any out of state driver going over the speed limit has to be taken in and his car impounded until the fine is paid."

Debbie shot me a vicious look as the thought of missing her baby sister's wedding sunk in.

"But there must be something we can do, please," Debbie asked plaintively.

"Sorry ma'am," he responded.

"There must be something we can offer you," she stammered. "You, know, like maybe pay you the fine up front."

I saw a muscle in his neck twitch at that, "Are you trying to bribe me, little lady?" he snarled across the car.

"I... um..." Debbie mumbled.

"I said, are you offering me a bribe?" His anger was palpable.

"No, b-but," Debbie stammered slightly, tears welling up in her eyes, "it was his fault," she pointed at me, "and I am the one who's going to miss my sister's wedding, and..."

"Now listen, lady, this is serious, no ifs, ands, or buts. Were you offering me a bribe?"

Debbie paused for a second, and then a strange, thin smile came across her face. "No sir, I did not mean to offer you a bribe, it's just that well, you haven't frisked me yet and my arms are getting tired," she pulled her arms down from above her head and gently massaged her biceps before slowly

running her hands down across her chest, over her stomach, and on down to her thighs.

"Well, well," he drawled, rubbing his hands together, "I guess I did forget to do that." Before I knew what was happening, he grabbed me by the back of the neck and pushed my upper body half-way through the open driver's side window. He reached in and swiftly handcuffed my hands to the base of the steering column.

He walked around the car and stood before Debbie. She was wearing a light cotton sundress and the humidity made it cling to her voluptuous body. The sheriff ran a hand through her long, straight, dark-brown hair, and caressed her cheek. She closed her sparkling green eyes as he touched her skin.

"So, what's your name?" he asked as he fondled her hair.

"Debbie. And yours?"

"Randy. Well I guess I better frisk you."

"Yeah, I guess," she responded, glancing downward.

He ordered her to face the car and place both her hands on the hood. She obeyed immediately.

"Randy, is this going to be a full body search," she purred before he began.

"Hey, what the fuck do you think you're doing?" I yelled at Debbie.

The sheriff ran around the car and kicked me hard in the ass. I grunted in pain as my head smashed into the steering wheel. A second later, Randy grabbed my hair and snapped my head back. I felt a gun at my temple.

"Now, you shut the fuck up, son," he commanded, "and don't you ever, I mean ever, yell at this lovely young lady." He punctuated his point by

slamming my head against the wheel again. I decided to take his advice, so I contented myself with watching what happened.

"Oh, Randy, you are so forceful," my wife cooed.

He placed the gun back in the holster and walked up behind Debbie. He slowly ran his hands over her ass.

"Now, let me see," he began, "I once saw a movie where some babe hid a gun in her bra. What do you think?" he asked Debbie.

"Well, you can never be too careful," she commented.

"No, I guess you can't."

He reached around her and grasped a large firm breasts with each huge paw. He gently kneaded her boobs as he nuzzled her hair.

"Hey, wait a minute, I think I found something," he laughed.

He reached up and opened the top five buttons on her dress. It swung open all the way to her firm stomach. He then reached in and fumbled with the clasp finally unsnapping her front-opening bra. Her full breasts fell forward and hung freely and firmly before her. Randy once again grasped them with his beefy mitts. He massaged her tits for a few minutes, and then announced triumphantly: "I think I found what I was looking for."

He lifted his hand off her breasts for a brief moment exposing two swollen nipples. He took a nipple between each thumb and fore-finger and slowly rolled them back and forth. Debbie moaned softly. Encouraged, he squeezed them a little tighter and gave them each a little tug.

"Oh yes, Randy, oh yes," Debbie exclaimed in delight. Debbie might have been acting at first, but it was obvious that she was now getting really turned on by the pawing this highway pig was giving her. Randy, however, wanted more.

"Well, that was certainly a nice find, but I really ought to continue my search for weapons."

He bend down and slowly ran his hands up her legs. He stroked the back of her knee and the insides of her thighs. He reached up and ran his hand between her legs. She moaned softly as he pressed the fabric of her panties against her pussy. He stroked her several times, receiving a soft moan of encouragement each time. Finally he grabbed her panties with both hands and eased them down and off.

He put the panties up to his nose and took a deep whiff. "Well I better keep these... as evidence," he said as he tucked my wife's panties into his pocket.

He reached up her dress with both hands and spread Debbie's legs widely. He rubbed between her legs and she moaned passionately.

"You're gonna want to see this," he said eagerly to me. And with that he lifted up the hem of Debbie's dress and bunched it up around her waist. Debbie's beautiful round ass shined as the spotlight for the cop car illuminated it.

Randy ran his hand over her curves, occasionally running his hand across her slit. He spit into his palm and lubricated her cunt with his saliva.

"Well, what do we have in here?" he asked as pushed a couple of fingers into her pussy.

"Oh, yeah, oh Randy," Debbie cooed as he probed her hole.

He jammed his finger in and out, deeper and deeper. With his other hand he reached around and squeezed her nipples. Debbie was getting really hot. Her hips started gyrating, and she moved to meet each thrust of his probing fingers.

"Well nothing in there, I guess," he said as he pulled his fingers out.

"Are you sure," Debbie asked dreamily.

"Well, maybe I just have to look deeper... now what do I have that's longer than my fingers?" he asked with a smirk.

A broad smile came across Debbie's face as she heard him unclip his belt and unzip his pants. Randy pushed his pants and boxers down, and took his cock into his right hand. It was fully commensurate in size with the rest of his massive proportions. He stroked his meat gently, and quickly it grew to its full massive splendor. His dick was easily the biggest thing one I had ever seen, even counting porno movies. If I had to guess, I'd say it was roughly ten inches long and as thick as a beer can.

Debbie peaked around to see what he was doing, and she let out an audible gasp as she saw his tool. A worried look came across her face as she contemplated whether he could possibly fit inside her.

Randy had no such qualms. He positioned him behind her. His cock was standing at attention, and he allowed it to press against her cunt. He took one hand and guided his cock head into her hole. Only the very tip was in, but already Debbie was moaning wildly. He placed both his hands on her hips and took hold.

"Be gentle," Debbie said nervously.

"Oh, I'll be gentle. As gentle as you need."

Debbie relaxed slightly, and the moment she did, he slammed his cock all the way inside her. Her head jerked back and she screamed loudly as inch after inch of his thick cock entered her. He paused with his dick completely inside her.

She was gasping desperately, her chest heaving, her luscious breasts bouncing at every breath. He held himself inside her, and as her breathing returned to normal a sensuous glow came across her face. He waited a

minute longer and the muscles of her stomach started to ripple as she tensed in orgasm. Just being inside her was enough to make her come.

"You see, Baby, I knew you could take it," he exclaimed as he felt her cunt contract around his shaft.

He now started to go to work for himself. He pulled his cock almost all the way out and once again hammered it all the way in. His deep, long strokes were making Debbie wild. Her head was shaking back and forth, her long hair swaying passionately.

He grunted as he reared back and pumped his cock into her hole. He was answered each time by a high-pitched squeal. They were really getting into a rhythm now, and their obscene sounds punctuated the nightmare of having to watch Randy's mammoth cock stretch my wife's cunt.

His grunting grew louder, and his deep thrusts became more rapid. Suddenly he tensed and a grimace came across his face as he shot his load into Debbie. Debbie moaned continuously as she felt her hole fill with his hot jism. Randy pulled out, and Debbie fell forward onto the car hood.

Randy opened the passenger side door and sat down in the front seat. He was less than three feet away from me, and I could see his cock glistening with my wife's juices as it shrank back to its normal size.

Debbie straightened up and started to button up her dress.

"Hey, what do you think you're doing," Randy demanded.

"I don't know," Debbie answered, perplexed.

"Well, take off your dress," he commanded.

Debbie paused for a moment, and then sort of shrugged. She grabbed the hem of her dress and pulled it over her head leaving her completely naked.

"Come here."

She walked over to Randy.

"Suck my cock."

Debbie dropped down, kneeling on the soft grass next to the car. She grabbed his cock and slowly licked the shaft. Surprisingly, it began to twitch and grow almost immediately. A few more long strokes with her tongue over the length of his shaft and his cock was once again at attention.

Debbie tried to take his cock inside her mouth, but it was just too big, so she contended herself with circling the head with her tongue and giving him long strokes with her tongue. She had both hands wrapped around the shaft now and she pumped his cock as she licked it.

Randy leaned back enjoying my wife's work. Then he pushed her off him and got out of the car. He grabbed a hold of Debbie and maneuvered her so that she was on her hands and knees on the passenger seat. Her ass was pointing in the air, and Randy again moved behind her. He ran his hand across her wet slit and slowly pushed his cock into my wife doggy style. His long, deep strokes soon had her panting.

Her face was only a foot away from mine, and I watched as an expression of pure delight came across her countenance. She looked at me but her eyes had a faraway dreamy look. Randy reached around and pushed a finger into her mouth. In and out, he finger-fucked her mouth in time with his cock entering her cunt.

"You know, I haven't checked every possible hiding space yet." And with that he pushed his finger, slick from her saliva, into her ass. She squealed in surprise, but she soon seemed to enjoy having him finger-fuck her ass. Indeed, she liked it so much that a moment later an unmistakable smile crossed her face as she peaked again.

I looked over and watched his cock spread her cunt widely. The tight fit was really getting Randy hot, and soon he was sweating like a pig as he

piston-pumped my wife's hole. He grabbed her hair and pulled her head back, forcing me to see my wife's face as he fucked her as she had never been fucked before.

The muscles on Randy's forearm tensed up. He arched his back and he gave Debbie one last savage thrust. He let out a low growl and then pulled his cock out just in time to shoot his load all over Debbie's back, the interior of the car, and my face.

He grabbed Debbie's hair and wrenched her around. He gave her a deep wet kiss and then let her go. She collapsed in the passenger seat as Randy stood straightened up and pulled his pants back up. He reached inside the car and unlocked my handcuffs.

"Alright you two, be on your way. And you drive slower now," he said to me, "see what happens when you break the law?"

Debbie got dressed and we started driving again in silence. I was inclined to try and forget the incident. We made the wedding on time, and in the next morning's daylight the events of the night before seemed a long ways away. And honestly, it seemed like something best relegated to the past.

Since we'd driven, we had to drive back, of course. As we entered the same jurisdiction when Randy had pulled us over, I was careful to drive the speed limit. At least I was until Debbie said, "Drive faster Baby. Drive a lot faster."

I don't know why I did it, but I did. I pressed down on the pedal until we were going close to 100. And sure enough, before I knew it, there were red and blue lights in my rearview mirror.
