

A woman with dark hair is lying on her back, wearing a black bikini top. Her mouth is open, and a hand with black nail polish is touching her lower lip. The background is blurred, showing more of the woman's body and possibly another person.

Chapter One

Nigel lay full-length on the couch while his wife Karen sat with her legs tucked beneath her on an armchair. The end credits of a film rolled up the screen, the theme music suddenly loud in the quiet of the house. Nigel muted the TV and cocked his ear upstairs. Their teenage daughters had spent the evening playing online video games, but were probably both in bed by now. If not, they were being unnaturally quiet.

Karen went to the kitchen and got herself another glass of wine and Nigel a fresh beer. She touched her glass to his bottle, and they smiled at each other as she curled up next to him on the couch.

“Did you enjoy the film?” There was a hint of mischief in her eyes.

He smiled and nodded. There’d been a scene early on when the heroine had allowed a complete stranger to ravish her on a train.

“Me too.”

He loved the flush that crept across her cheeks. It had been a little over five weeks since Karen—with his blessing—had slept with a man she’d just met, and the little tryst had made her playful ever since.

She bit her lip and squirmed on the seat next to him. “You’re going to have to satisfy my wanton needs when we get to bed.”

“Sounds good, but we both know it’ll take something else to fully satisfy your wanton needs.”

She raised her eyebrows. “Something else?”

His cock thickened inside his pants. “*Someone* else.”

“Mmm.” She sipped her drink, holding his gaze.

He took a deep breath. “So, when d’you think—?”

“Don’t spoil it. Take me to bed and make love to me. We can talk after that.”

Nigel nodded but his expression must have shown his disappointment.

Karen let out a sigh. “Please, just be patient. Opportunities like the one with Sean don’t just drop from the sky.”

“I know.” He slipped his arm around her shoulder and pulled her close. “There’s no deadline, you know that. I just thought that you’d want to —”

“I do.” She frowned. “I do, but I don’t want some random cock-for-hire off the internet.”

“I never said—” Nigel snapped his mouth shut, obeying the command of her upheld hand. Time to stop pushing.

“I’ve told you how I’d like it to happen, and I’m sure it won’t be long before we’re in the right place at the right time, and in the right mood.”

“Okay, sorry.” Nigel smiled. “I’m not putting pressure on you.”

She laughed and put a hand on his leg. “Hmm.” She slowly slid her hand higher up. “I think you may be getting a bit impatient, though.” Karen’s hand came to rest over his crotch. “I know I’m lucky to have a husband who likes me to have fun with other men.”

That was another thing Nigel loved about Karen—she thought *she* was the lucky one. He’d only suggested she seduce the guy from work for a bit of fun. Seeing how she’d reacted though—the light in her eyes, the goosebumps—he hadn’t gotten so hard so fast since he was a teenager.

She leaned close and blew in his ear while tightening the grip on his cock. “So, what are you going to do with this?”

He closed his eyes, determined not to risk spoiling the moment again. “Let’s go to bed.”

While Karen used the bathroom, Nigel stripped and scrambled into bed. She laughed at his eagerness when she joined him in the bedroom. Watching her undress, he admired the curves of her body. He thought again about her giving herself to Sean.

She’d told him everything about those two nights—or at least he assumed she had—including the guy’s obsession with her breasts. Nigel stared at those breasts now, the dark pink nipples already erect, as if begging to be sucked and nibbled. Her narrow waist emphasised the feminine swell of her hips. In his eyes, she was even more alluring now than twenty years ago, when they’d first met.

“What are you thinking?” she asked.

“I’m thinking how good you look.”

She glanced down at her own naked body, then smiled at him. “Thank you.”

“I’m remembering the first time I took you out on a date.”

She walked around and climbed into bed beside him. “You took me to a trendy bistro place and plied me with drink.”

“No I didn’t. You ordered yourself some awful cocktail that tasted like bananas in diesel. Then I walked you home and gave you a chaste peck on the cheek.”

She laughed and stroked his arm. “For our second date we went to the cinema and saw Saving Private Ryan, which was never going to get me in the mood for sex.”

He laughed and shrugged. “Great film, though.”

Karen slid her hand under the quilt and wrapped her fingers around his cock. “But after our third date, you took me back to your flat and abused my young, innocent body time and again.”

He scoffed. “You weren’t that young, and you certainly weren’t innocent.”

She pumped her hand up and down his cock. “And since that first time, you’ve done all sorts of things to me.”

“Yes I have.”

“You’ve even made me give myself to another man.” She released his cock, pushed the quilt down, then straddled him. “And you’re going to make me do it again.”

Nigel positioned the tip of his cock at her entrance, then let out a sigh as she lowered herself onto him. She rocked her hips and placed a hand either side of his head, holding her upper body up on straight arms.

“I won’t be *making* you do it again,” he said, rolling her fat nipples between his fingers and thumbs. “I’ll be *allowing* you to do it again.”

“Ah.” She rocked her hips faster. “So you don’t actually want it?”

He gripped her hips and started bouncing her on his cock. “Of course I want it. But probably not as much as you do.”

Her eyelids began to flutter, and he knew she was on the brink already. It was amazing how much more sensitive they both seemed to be

nowadays. The first round of sex rarely lasted more than a few minutes.

Nigel pinched her nipples a little harder. "I can tell how much you want it from the way you fuck me when we talk about it." He watched, transfixed, as she gasped, her eyelashes fluttering. He loved her expression when she came. "You probably wish this was a stranger's cock in you, right now..."

She frowned and clenched her teeth, grinding herself against him.

"...A stranger's cum that's going to be pumping inside you..."

Karen bounced up and down on him even faster. Nigel held his breath as his muscles went into spasm. She groaned and wriggled on him, then dropped her head and bit his shoulder while thrusting her hips. He arched his back and another spurt flooded her. Karen came again, which was something she did almost every time they had sex now. They writhed and grunted through their pleasure, then eventually slowed down and lay still, breathing heavily.

Nigel could feel the beat of her heart with their chests pressed together. Hers was racing as much as his own.

She kissed his neck. "Thank you."

"Anytime."

She nipped his shoulder. "I mean thank you for not pushing me again, about... you know."

Nigel held his breath, waiting for her to continue. He ran his hands down to her buttocks and stroked them gently.

She took a breath. "I want us to go to a place where we can relax, have a couple of drinks and talk. Then, if we see a single guy that I like the look of, I'll buy him a drink and let him take me home for the night."

"And what will you let him do to you?"

She raised her eyebrows. "I'll let him do whatever he wants."

His stomach tingled. "What if he wants to do nasty things?"

"I've done nasty things before, so it won't be a problem."

He pulled his head back and looked her in the eye. The idea of her being completely passive for a stranger excited him. A lot. "You'd let him do anything?"

“Yeah. Well, anything within reason.” She looked thoughtful for a second. “I’d let him do anything that I’ve already had done to me.”

Nigel’s mind went into overdrive as he mined his memory for all they’d done in bed together over the last twenty years. But what about what she’d done with previous boyfriends? Things which were fair game to her to repeat, but which he didn’t know about. He briefly wondered if she’d done more than she’d confessed to in Copenhagen with Sean. “You’re going to make me hard again.”

She laughed and rolled off him. “Well if you can get it up again, help yourself to my body. But I’m going to sleep.”

He chuckled and placed his hand on her stomach. “Maybe I’ll save it until tomorrow.”

“Hmm, good idea.” Karen turned off the bedside light.

Next morning, Nigel took the girls to hockey as usual. He stayed to watch the game, bought himself a bacon roll and coffee from the pitch-side vendor and enjoyed chatting to the other parents. Karen had gone clothes shopping in Chester with one of her friends and wouldn’t return home until later. After chatting to Grace’s parent’s at the sidelines, it seemed that there was a nice surprise in store for Karen as well as for the girls.

It was late afternoon when she returned with numerous shopping bags dangling from her arms. Both girls were thrilled that she’d bought them each a couple of tops. Even Nigel had been treated to a new casual shirt. He smiled as he unfolded it, wondering how Karen would react to the little surprise he’d ordered for her.

“Guess what?” Vi said excitedly, holding one of her tops against herself. “Grace is having a party next Saturday.”

“Oh?” Karen smiled.

Vi continued excitedly. “Me, Lucy and a couple of the others are going with her to an outdoor adventure park where they do laser tag, Segway and go-karts. Then it’ll be dinner in Pizza Express followed by tenpin bowling. Grace has asked me and Lucy to stay for a sleepover, too.”

Karen stared at Violet as she absorbed the information, and Nigel watched her reaction.

“Wow.” Karen’s eyebrows arched. “So you’ll be playing hockey, then going to play laser tag, ride on a Segway, drive a go-kart, eat pizza *and* go bowling?”

Violet nodded enthusiastically, but Lucy shook her head. “We may have to choose between either Segway or go-karting, I think.”

Karen sighed. “It still sounds like a very hectic day. I’m now worried about what I’ll have to arrange when your birthdays come around.”

Violet was still smiling broadly. “And then a sleepover at Grace’s house.”

Karen finally turned her gaze toward her husband, her eyes widening very slightly. He knew she was thinking the exact same thing that he was: This was the perfect opportunity for them to have some fun of their own.

* * * *

In the following days, Nigel spent most of his free time thinking about what might happen while the girls were away. Would Karen actually go through with hooking up with a total stranger for sex? Though desperate to make plans, he was reluctant to bring it up in case she’d already decided it was too soon to repeat her liaison with Sean.

Karen finally broached the subject late on Thursday night, when their daughters had been safely tucked up in bed for an hour and a half and there was no movement upstairs.

“I suppose you’ve been giving some thought to Saturday night.”

He tried to act nonchalant, but goosebumps had risen on his arms and legs. “It’s crossed my mind a time or two.”

She laughed. “Is that all?”

“Maybe it’s crossed my mind a little more than that.”

“So... I wondered if you’d made any plans.”

He watched her eyes. “You still want to do it?”

She nodded. “Do you?”

“Yes!”

She grinned as he blushed at how loud and fast that came out. “Any thoughts on where we should go?”

“Shrewsbury.”

Her eyebrows went up. “Why there?”

“It’s a nice town with quite a few nice pubs, and we stand very little chance of bumping into anyone we know.”

“How far away is it?”

“Three-quarters of an hour in the car, something like that.”

“Do you want to book a hotel?”

He was surprised by her offer. “For you or for me?”

“For you, of course. I’m hoping to get taken back to the guy’s place.” She chewed her lip. “But I suppose I could take the guy back to the hotel room, and you could sleep in the car.”

“Yeah, that sounds great.”

His sarcastic response made her laugh. “Fine, we’ll work out the logistics tomorrow.” Karen rested a hand on his crotch and whispered in his ear. “Do you realise that forty-eight hours from now, I might be splayed out in a stranger’s bed?”

He swallowed. “Yeah.” His cock quickly grew hard.

“And does it turn you on to think about him using my body?”

He sighed and stretched his arms out along the back of the couch.

She slid to the floor, knelt between his feet, then started to undo the buttons of his jeans. “I’ve noticed something.”

Nigel glanced upstairs. “That we’re not alone in the house?”

“If the girls get out of bed, I’ll hear them.” She popped another button free. “Lately I’ve realised that you get really turned on if I use... crude language.”

He almost laughed at her polite description for the flow of filth that erupted when she got into the spirit of things. “It has an effect, yes.”

She slipped her hand inside and freed his cock from his boxers. Gripping the base of the shaft, she used a fingertip to smear the leaking precum over his glans. “Shall I talk that way while we discuss what might happen on Saturday?”

Before he could answer, she amazed him by firing a generous amount of saliva into her palm and rubbing it in circles over his cockhead. He shuddered and let out a groan.

“Do you like that?”

He gasped, too dazed to even nod.

She licked her lips and smiled up at him. “I don’t think I’d get away with doing this on Saturday, though. The guy will want a lot more than my hands. Believe it or not, men only like hand-jobs from women they’ve already fucked. If I held a stranger’s dick in my hand, he’d want to stick it in my cunt.”

Nigel couldn’t believe how quickly she’d slipped into her chosen role, but he certainly wasn’t going to interrupt. A constant tingle like an electric current thrummed up and down his spine as the pleasure from her hands and the thrill of her words fought for dominance.

She added another gob to her palm and resumed the circular movements, folding her hand over the domed head, twisting and swirling. “And anyway, you’d want me to give him more than a hand-job, wouldn’t you?”

Nigel gaped, then nodded once. Quickly.

“You’d want his cock buried deep inside me. You’d want him to fuck me hard.”

He finally found his voice. “You could... do other things.”

She smiled. “Yeah, I could. I probably will. But he’ll still want my cunt.”

Her words were pushing him ever closer. He took deep, ragged breaths through his mouth.

“And I’ll want him in my cunt, too.” She changed hand positions, wrapping her spit-slicked right hand around his shaft and pumping up and down. “I’ll suck his cock—all men love that—then I’ll let him fuck me.”

Nigel gazed at her through half-closed eyes.

“He’ll fuck me hard until he’s on the brink, then I’ll let him finish in my mouth.”

A shudder ran through his entire body.

“Do you like the thought of his spunk filling my mouth and running down my throat?”

The delicious coldness seeped through his loins, the start of the final ascent.

“Or maybe I’ll offer him my backside.”

His eyes shot open and she grinned at him. “You’ve had me there, so he can too. I said I’d let them do anything I’ve ahead—”

Nigel grabbed her hair and pulled her head down onto him. She’d barely closed her lips around the shaft before the first gush exploded from him. He arched his back and pushed his head back against the cushion, trying not to cry out. She pumped her hand faster, and he rewarded her with a second jet of his cream, then a third. Holding her head in place, he thrust his hips, frantically fucking her face. The end of his cock pushed into her throat, but he didn’t let up. Couldn’t. He experienced another couple of strong spasms, then finally stopped thrusting.

Taking a deep breath, he let go of her head and opened his eyes. She kept him in her mouth, and they regarded each other in silence.

Karen finally released his cock and straightened up on her knees, so her head was level with his. She parted her lips. Her mouth was full of cum, paste-like globs hanging from her tongue as she stuck it out a little. There were bubbles in it. As he watched, some overflowed and dribbled onto her lower lip.

In truth, this kind of thing wasn’t what Nigel usually found arousing. But this was Karen, and the sluttish abandon she was showing was so far removed from her normal day-to-day poise that—in his eyes, at least—elevated it from being slightly repulsive to incredibly sexy.

Karen closed her mouth, swallowed, and licked her lips.

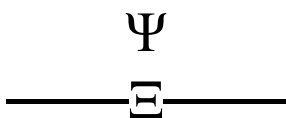

Breathless, he slowly shook his head. “Jesus.”

She laughed. “What have you unleashed in me?”

“I don’t know, but I like it.”

“So do I.” She suddenly frowned, like she’d only just heard herself talking and was shocked by it. “Is this going to become a problem?”

He shook his head. “Definitely not.”

Chapter Two

During the drive to school on Tuesday morning, Lucy kept glancing over at Nigel like she was summoning the courage to ask for a huge favour. He waited for her to say something, but after the third set of traffic lights, the silence became unnerving.

“How much?” he prompted, meeting her anxious expression dead-on.

She grinned. “Not sure yet. Hannah mentioned last night that I’ll probably need a better flute before I do my Grade Five.”

Lucy’s current flute had been bought second-hand, and both Nigel and Karen were thrilled with what she’d accomplished already.

Before he could answer, Violet spoke from the back seat without looking up from whatever she was reading. “Ask Mum. She’s the one who earns the money.”

He glanced sideways at Lucy, who was trying her best to suppress a smile. “You know I’m here, right Vi? You know I can hear you?”

His younger daughter looked up and smiled at him in the rear-view mirror. “Love you Dad, but flutes are beyond your budget.”

He laughed at Vi’s blunt appraisal of the hierarchy within the family. Although some men might have been hurt by the comment, Nigel was proud of Karen’s achievements in her career.

He looked at Lucy. “Ask Mum, but the answer’s yes.”

The rest of the week flew by in a whirl. Karen had a two-day seminar on site, and Nigel had a large order which he needed to finish. Although neither mentioned their hopes for Saturday night, every time one of the girls referred to their upcoming party, Nigel and Karen shared secret smiles.

* * * *

On Saturday morning Nigel dropped the girls off at Grace's place for the grand birthday outing and got back to find Karen sitting in the living room, painting her nails. Wads of cotton wool separated each dark blue-nailed toe, the smell of varnish fresh in the air. She smiled at him as she applied the same colour to her fingernails.

"Fancy going out for a pub lunch?" he asked.

"I think I'm too nervous to eat."

His heart dropped. "Nervous about tonight?"

She shrugged. "Maybe nervous is the wrong word. Anxious might be more accurate."

Relieved, he laughed. "I'd prefer you to be excited. How about just a drink then, to help you relax?"

She nodded. "Give me ten minutes."

As it was a sunny day, they walked to a local pub with a beer garden overlooking the canal. Karen found a table and Nigel went to the bar, returning with a beer for himself and a large glass of white wine for her.

He raised his bottle. "Cheers. Here's to loose women with even looser morals."

She giggled. "Cheeky bastard. We should actually be toasting perverted men with zero morals."

He touched the neck of his bottle to her glass. "To perverts and sluts everywhere."

She frowned briefly, but her expression became euphoric as she took a sip of her wine. "Ooh, this is really nice."

"It bloody-well ought to be at over seven quid a glass."

"Stop complaining, you know I'm worth it."

He smiled and reached over the table, taking her hand in his. "Yeah, you are."

Karen squeezed his hand. "So, tonight..."

A shiver ran down his spine. He leaned forward, dipping his voice. Talking and planning things turned him on a lot. "Yes. Tonight."

"What shall I wear?"

"I don't think it matters. He'll be taking it off before the good part starts."

“Of course it matters. I want to look sexy, and I want to *feel* sexy.”

He nodded. “Okay. Well I can confirm you look sexy in all your clothes, so you need to decide which ones make you feel sexy. Have you got any thigh-high fuck-me boots?”

She giggled and slapped his arm. “You know I don’t, so put them on my Christmas list.”

“Actually, since you’ve spent ages painting your toenails, maybe go for bare legs and sandals or open-toed shoes?”

She nodded, looking up at the sky. “It’s sandals weather, I suppose.”

He took a long slug of his beer, then put the bottle down. “What about underwear?”

“Probably won’t bother. Easier access, and all that.”

He chuckled, but now wanted to move on to the dirtier details. “What will you let him do to you?”

She leaned close so their foreheads were almost touching. “Anything he wants.”

His chest tightened, making it hard to breathe. “What if he asks you what you want?”

“I’ll tell him to fuck me hard from behind.”

Nigel swallowed. “And then?”

“And then I’ll tell him to come in my mouth, just like you did the other night.”

He gulped, still a little guilty about how rough he’d been with her. “Did you enjoy it?”

“Hmm, it’s been a while since we’ve done anything like that.”

“It’s been a while since we did... the other thing too.” Heat flushed through his face and neck.

She smiled, obviously understanding he was referring to anal sex. “Yes, it has. Maybe I’ll request that tonight.”

“You’d let a stranger do... that?”

She shrugged. “I don’t see the point in seeing other men if it’s not no-holds-barred sex.”

“Oh.”

“I’m seeing them just for the pleasure of the moment. There’ll never be any emotional side to it, and I don’t want them to *make love* to me. I want them to use me for sex, because that’s all I’ll be doing with them. I’ll fuck them and I’ll suck them, but I’ll never want to see any of them again.”

Nigel bit his lip and looked away.

When he looked back at her, she giggled. “You’ve got a hard on, haven’t you?”

He nodded.

“Tough. I’m not touching you until tomorrow morning.”

“Tease.”

She picked up her drink. “Yep. And you know you love me for it.”

* * * *

Nigel waited downstairs while Karen got dressed for her night out. When she walked into the living room, he was taken aback by how good she looked. She’d pinned her hair up and applied natural-looking makeup everywhere but her lips, which were dark red. She wore a cream silk blouse, a blue fitted skirt, and low-heeled cream sandals.

“You look fabulous.”

She raised her eyebrows as if waiting for more flattery.

“And incredibly sexy.”

She smiled.

“Did you go ahead with your no-underwear plan?”

Karen laughed and shook her head. “No, I decided to put some on.”

“How are the nerves?”

“I’ll be better when I get another drink inside me.”

Nigel immediately thought of a witty reply but managed to hold his tongue.

She saw his failed attempt at an innocent expression and giggled.

“Yeah, I’ll be better when I get that inside me, too.”

He held out his hand. “Come on, let’s go and find you a man to fuck.”

As they reached the front door, she pulled him back and stood close, looking up into his eyes. “Promise me this isn’t going to ruin our marriage.”

He put his hands on her shoulders, stroking with his thumbs. “It won’t ruin our marriage.”

“You sure?”

“I’m sure.” He kissed her forehead. “You’re just going to have sex with him, nothing more. Nothing important—just fun and pleasure.”

She pushed her body closer, crushing her breasts against him. “But he’ll make me come.”

“Good. I like it when you come.”

“And I’ll make him come.”

“I like that, too. I like to think about men coming in you.”

She scraped her fingernails down his ribs. “I’ll be his slut.”

“I know.” He slid his hands down to cup her backside. “And when you get home, you’re going to have to be my slut, as well.”

“I love you.” She squeezed him tight for a moment before stepping back. “Come on, take me out and put me in the shop window.”

In Shrewsbury, they left the car and walked across a bridge spanning the River Severn towards the town centre. He watched her profile as she squinted into the early-evening sun and felt so proud of her. Not only was she attractive and intelligent, she was also very sexy. But it had taken these sharing adventures for him to appreciate just how sexy she was. The conversations they’d had recently were beyond even his wildest fantasies, Karen’s aptitude for dirty talk leaving him speechless at times.

They’d agreed their strategy on the drive over—to go to a pub and sit together while they had a drink and surveyed the clientele. Then he’d retreat to a table and leave her at the bar. If asked, she’d say he was her brother-in-law who was meeting someone later. If Karen found a suitor—and Nigel was confident she would—then he’d drive home alone and wait for her to text him in the morning. He wasn’t due to pick up Lucy and Violet from their sleepover until lunchtime.

The pub they chose was a three-storey, double-fronted white building, the interior wood-panelled. There were no free seats at the bar,

and most of the tables were occupied by people eating. The food smelled good and Nigel's stomach rumbled despite his nerves.

"Do you want to try somewhere else?" she asked.

He looked round the bar. "Nobody you fancy?"

She laughed and pushed his chest. "Nowhere to sit."

"Let's have a drink and just relax for a bit," he said. "It's still early, and quite a few of the diners have young families. They won't be staying long."

She nodded. "Okay. White wine, please. A nice one, like in the pub earlier."

He chose the most expensive sauvignon-blanc on the list. While he was being served, one of the elderly men sitting by the bar drained his glass and stood up to leave. Nigel immediately beckoned Karen, and she slipped onto the stool while he paid.

He passed her wine. "Here you go."

Her smile broadened as she caught him glancing down at her crossed legs. "Happy now?"

"I'd be happier still if I was the stranger."

"You can be the stranger anytime you want. I'd be more than happy to go home with you and let you do whatever you want."

"Roleplay?"

"If you like."

Stroking her arm, he shook his head. "No, we've planned tonight for a while, and I want you to enjoy it."

"I'd enjoy it with you, you know that."

"I know. But this way, you'll enjoy the stranger tonight, and then enjoy me when I get you home tomorrow."

"You prefer second-hand goods?"

Her teasing tone made his balls rise inside his sac. "Yeah. I like them well-used."

"Pervert."

He nodded. "Guilty as charged. And don't pretend you'd want me any other way."

She laughed and sipped her wine.

Karen's phone dinged in her bag and she checked the text. "The girls are at Pizza Express. They did laser-tag and go-karting, no Segway. Sounds like they're having fun."

"Good. Let's hope we do, too."

She looked round the room. "Found me anyone yet?"

"I'm not sure what you're looking for. Give me some idea of what you need."

"Oh, I have low standards. You should see my husband."

"Bitch."

She leaned close enough to whisper in his ear. "I just need him to fuck me. Providing he has a cock that works, I don't mind what the rest of him looks like."

Although her total abandon thrilled him, he wasn't sure he believed her. "You'd need to find him attractive though, right?"

She shrugged and took a large gulp of her wine. "Get me another one of these, and I'll overlook a receding hairline and a bit of a paunch."

"And if I buy you two more glasses?"

"I'd probably pull a train with all the guys from the local Salvation Army band."

Her throwaway comment had a heart-stopping effect; she'd never said anything that had such an immediate impact on him. That Karen knew what it meant to pull a train surprised him enough, but saying she'd do it—even in jest—showed a side of her he'd never imagined existed.

"I was joking," she said with a grin. "I'd probably give half of them a coronary."

He tried to laugh along with her but was still a little shocked. And incredibly aroused. "Maybe we should limit you to just one more glass, then."

She giggled. "Spoilsport."

Nigel sipped his beer and looked around the room. As predicted, the young families were leaving in droves and there were probably about twenty men in the pub now.

Turning to his wife, he smiled. "I'm pretty sure if I were to disappear, you'd soon find yourself being chatted up."

She grabbed his hand. “Don’t go yet. Stay here and talk dirty to me.”

“What? I thought I was your brother-in-law.”

She smiled wickedly. “You married my older sister but always had a crush on me.”

“Ah, I see. And what sort of things would such a man mention to his attractive, younger sister-in-law?”

“He’d ask if she was prepared to fuck a complete stranger and let him come inside her, just to indulge her pervert of a husband.”

As she chuckled into her wine glass, he glanced around, worried she’d been overheard. Nobody was listening to their conversation. Her mood created a warm trickle of excitement in his groin.

He leaned close, taking in another eyeful of her legs. “I don’t think he’d believe you were doing it *just* for your perverted husband, though. I’m sure he’d suspect you were doing it for yourself, too.”

“Yeah, and he’d be right.” She rubbed her legs together slightly. “I wonder how he’d feel about having a slut for a sister-in-law.”

“He’d probably start having fantasies.”

“Hmm. Well I’d send him back to my sister and tell him to work out his frustrations on her.”

Nigel smiled, but felt a little disappointed that she’d gone off-script with their fantasy. “Why would you do that?”

She leaned close and looked deeply into his eyes. “Because even though I’m a slut, I only fuck strangers and my husband.”

“I see.”

“Speaking of which, I think it’s time I found a stranger. You can go.”

“That’s it? Dirty talk over?” He was surprised he’d been dismissed so suddenly. *Maybe she’s already seen a man.*

She nodded. “It’s worked.”

“Worked?”

She licked her lips. “Yep. You’ve got my motor running, and I’m now in the mood for flirting.”

“Only flirting?”

She nodded. "For now. But good flirting will put me in the mood for so... much... more."

His heart raced. "I'll grab us another drink, then go sit over there." He nodded in the direction of the high tables to the side of the room. "I'll stay there until you leave."

She laughed. "I don't need another drink yet, but I could well be sitting here on my own for the entire night."

He looked down at her and shook his head. "No, you won't." With that, he attracted the barman's attention and ordered himself his final beer of the night. While he was waiting for his drink, Karen ran her fingernails down his ribs. He smiled at her, and they shared a look that confirmed how much they appreciated each other for what might happen later.

Nigel picked up his beer. "Good luck."

She narrowed her eyes slightly, then winked at him.

He moved away and left her alone at the bar. It took less than five minutes for someone to start chatting to Karen, but since the man was grossly overweight and somewhere in his mid-seventies, he obviously wasn't going to be the one. Mercifully, the old guy moved on fairly quickly, leaving her free again. A few minutes later, a group of men walked in and hovered close to her stool while they ordered drinks.

The men looked about forty and all wore sports jackets over polo shirts and chinos. Maybe they'd just played a round of golf together. Under normal circumstances, Karen wouldn't give them the time of day. But these weren't normal circumstances. His wife was out on the town with only one thing on her mind...

For the next fifteen minutes, the four guys formed a small semi-circle around Karen, all laughing and chatting amiably. Nigel saw her refuse a fresh drink, holding up her half-full glass as she smiled and shook her head.

His imagination ran riot at the idea of Karen leaving the pub with all four of them and pulling a train, as she'd called it earlier. He fantasised about her being naked on a bed, the four men crowding around and groping and prodding anywhere they could reach. While one parted her legs and entered her, another pushed his cock into her mouth. The other two fondled her tits while waiting their turn.

Another couple approached the bar and joined the conversation. They obviously knew the four men, and now Karen had female company. Instantly, Nigel imagined the two women kissing on a bed while the five men watched from the side, stroking their cocks and waiting for the opportunity to join in.

“Excuse me?”

Nigel looked round to see a smiling woman of about his own age standing by the side of his table. “Sorry?”

“Would you mind if we shared?” She and her husband nodded at the three empty chairs around Nigel.

“No, of course not. Please...” He held out his hand as if he were an usher.

“Thanks.” After they’d settled in their seats, the woman looked at Nigel. “It’s busier than usual tonight, probably the sunshine making people thirsty.”

He smiled and nodded. Best not admit he was only here because his wife was on a cock-hunt.

A group of ladies headed towards Karen’s golfing companions. Nigel worried that the wives would regard Karen as a floozy or a barfly, but after just a few minutes he saw her chatting and laughing along with them.

Maybe they’re all swingers. Perhaps they’ll invite the new hottie back to see what she can do...

He really needed to get a grip of his imagination.

Nigel was glad the other couple had joined his table; now he could get another drink without worrying he’d lose his seat. He approached the bar at the opposite end to where Karen was sitting. It was so busy that it took over five minutes to get served. When he took his sparkling water back to the table, the couple who’d joined him smiled.

“Is this your local?” the wife asked.

He shook his head. “No, I’m travelling back from Wales but my wife’s entertaining some friends, so I thought I’d call here to allow them all time to finish eating.”

The lady nodded. “You don’t live in Shrewsbury, then?”

“No, Leek.” It was a lie, but he’d been there a few times and liked the town.

Looking over towards the bar, he realised that the golfing group had moved away from the bar and that Karen wasn't with them. Puzzled, he scanned the room. He couldn't see her. A coldness seeped into his stomach. Not panic as such, but a definite sense of unease. He wasn't sure if it was because he'd missed the opportunity of seeing her being picked up, or because something might have gone wrong. Nigel checked his phone. No texts or missed calls.

As a group of young blokes trooped outside, he eventually spotted her near the windows on the far side of the pub. She was talking to a tall man with short blond hair and black-framed rectangular glasses. He looked to be around Karen's age and was dressed in a pale blue shirt and black jeans. She was talking and laughing, animated and comfortable. She was having a nice time.

Nigel relaxed again. Over the next fifteen minutes, he watched his wife flirt with the stranger. No doubt her motor was now running in a higher gear.

Nigel wondered if her underwear was as wet as his own was.

He saw the guy nod towards Karen's glass, but she shook her head and said something. He looked surprised and held out his glass, which Karen took. It seemed she'd insisted on getting the round. As she walked toward the bar, Karen glanced in Nigel's direction. Their eyes met for the briefest of moments, and his dick started to swell. She'd found someone she wanted to fuck.

When Karen returned to the stranger, Nigel noticed the pair of them standing even closer together. Their conversation seemed altogether more intimate—fewer laughs and far less animation. Karen ran a finger down the guy's shirt, as if highlighting a mark in the material. After a few more minutes, the guy placed his hand against the wall above Karen's shoulder as if protecting her from the approaches of other men.

Nigel realised they'd finished their drinks. The guy put the empty glasses on a nearby shelf and they headed towards the door. Karen paused only to speak to the golfing crowd as she passed them. The stranger placed his hand on the small of Karen's back and steered her out of the pub.

He's going to fuck my wife.

Nigel took another sip of his sparkling water and tried to quell the storm raging through his brain. He glanced at his watch; it was only a little

after ten. He probably had about twelve hours to kill before catching up with Karen again and getting all the details.

He knew that no matter how much he tried to resist, he'd masturbate when he got home. There was no way he'd be able to get to sleep while thinking about what the stranger was doing with his wife. By the time Nigel slipped between the sheets, Karen would probably have already been fucked. She'd be lying in the guy's bed with a snatch full of his cum, purring into his ear about him getting it up again and giving her another load. Maybe she'd offer him her mouth as an incentive. Or even her backside.

Nigel swallowed the lump in his throat. He spent another ten minutes at the table and finished his drink, then said goodnight to the couple at his table and headed to the gents. No way could he drive forty-five-minutes with a full bladder *and* a hard on.

Alone in the toilets, he looked down and squeezed the tip of his swollen cock. The slit oozed clear precum.

What sort of pervert gets turned on when another man fucks his wife?

Someone else entered the bathroom. Nigel took a piss, washed his hands and headed out into the pub. He walked out into the night air, cooler than earlier but still pleasant as he made his way back to the car park. Well before he'd reached the bridge over the Severn, he felt his phone vibrate in his pocket.

It was a text from Karen.

I'm waiting for you in the car.

Puzzled, he stopped walking. Which car? Theirs, or the guy's? No, had to be theirs. He couldn't know where the bloke had parked, of course. *Has something gone wrong?*

Nigel checked his watch. It'd been less than twenty minutes since she'd left with the guy.

Has she fucked him already?

He replied that he'd be there in five and took up a faster pace. Had she backed out at the last minute? Gotten cold feet? It'd taken so long to

persuade her to do this, but perhaps it was still too soon.

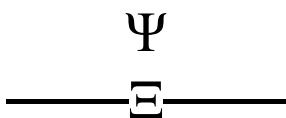

Maybe Karen wasn't the right sort of woman to actually *be* a hotwife. Sure, she loved the idea of it—and the fun the two of them had talking about it was out of this world—but when push came to shove, maybe she just couldn't fully relax with a total stranger. Yes, she'd fucked Sean three times in two nights, but he wasn't technically a stranger. She'd grown close to her colleague, albeit via weblinks and emails.

The sound of the river told Nigel he was almost at the car park. Another thought struck him: Maybe Karen had revealed exactly what she was up to, and the guy had suggested Nigel come along to watch.

Could I go along with that?

By the time he'd crossed the bridge, he had another erection straining against the inside of his trousers. He was confident he'd be more than happy to watch the guy do anything and everything to his wife...

Chapter Three

The path from the bridge was elevated enough for Nigel to see his car was the only vehicle left in the car park, and that Karen was alone in the front seats. He walked a little faster, fumbling for his keys.

Something had gone wrong.

Once at the car he opened the driver's door and slid behind the wheel. "What happened?"

She shook her head, her expression taut. "Nothing happened."

Puzzlement became concern. He rested his hand on her arm. "What did he do?"

"He lied, told me he was separated."

Nigel exhaled, relieved she was only angry and not scared. "But?"

"But when we got into his car, he said we couldn't go back to his place. He suggested we took a drive and found a nice spot."

Nigel couldn't help but smile. "Nookie in the car might have been fun."

She scoffed and shook her head. "The twat isn't separated at all. He's still married. That's why he couldn't take me back."

"So, the problem was the wife, not that he wanted sex in his car?"

"It was a Vauxhall Astra!" She glared out of the windscreen and then back at him, as if flabbergasted. "Maybe if he drove a Jag or a Lexus, it might have been a different story, but I stopped spreading my legs in Vauxhall Astras in 1995."

Nigel couldn't help laughing. "Snob."

She giggled along with him, the tension finally broken. "I'm sorry. I know you were looking forward—"

"I thought we both were?"

"I was. I definitely was. I was hot to trot and really up for it. He was good looking, funny and seemed nice."

"So why didn't you? I mean, *really*?"

“What d’you mean, ‘really’? I’ve just told you—his wife was waiting for him at home. He might not be happily married, but I doubt if he’s mentioned that to her. She probably thinks everything’s hunky dory, and in the meantime he picks up loose women and fucks them in the back of his Astra.”

“So Sean being married wasn’t a problem, but this guy being married was?”

She seemed surprised. “Sean was special.”

“Special?” A niggling jealousy stabbed him.

“I mean the *situation* was special.” She shook her head. “No, maybe unique’s a better word.”

Nigel frowned, still irked that her feelings for Sean went far beyond what she pretended.

“When I met Sean in Copenhagen, the chemistry was instant.”

“So he didn’t need to try very hard to get you into bed?”

“I’m saying he didn’t have to lie to make himself seem more... I don’t know.”

“Fuck-worthy?”

She laughed. “Something like that.”

“They were both married—why did tonight’s guy have to jump through hoops?”

“He didn’t!” Karen groaned. “Look, I know you’re disappointed, but please don’t start picking at me. If he’d admitted he was married, I might well have fucked him anyway. I just didn’t like him lying about it.” She put her hand on his. “Are you mad at me?”

Nigel was, but he knew better than to admit it. “I wouldn’t want you to go through with something you’d regret afterwards.”

Karen tipped her head back and let out a sigh. “I should have ignored his lies and gone for a drive.” She looked at him. “I let him pin me against his car and grope my tit while he kissed me.”

His cock swelled. “Really?”

“Yep. His car was on a small car park off some back street. At the time I thought we were heading back to his house, so when he stepped close I was still in the mood.”

“How was the kiss?”

She smiled. “Nice. He had one hand behind my neck, massaging.”

Nigel smiled. “And his other hand?”

“Roaming over my left breast. His fingers became quite well-acquainted with my nipple.”

“Did you feel him up?”

“No, but when he leaned in I could feel his hard-on pressing against me.”

“Did you actually get into his car?”

“Yes. But when he suggested a drive into the country, I knew he’d lied about his wife.”

“So, what did you do?” Nigel could imagine her rage. “Did you shout and swear?”

She laughed. “Not at all. I opened the door and suggested he go home to his wife.”

“No goodnight kiss?”

“No. He’d already had a tug at my nipple, which was more than he deserved.”

Nigel laughed and started the car. “Shall we go home?”

“Please.”

“What was his name, by the way?”

“Well he told me it was Richard, but that could have been another lie.”

Nigel manoeuvred out of the car park and onto the street. A few minutes later they were leaving the town behind.

When they arrived home, Karen kicked off her sandals and flopped down onto the couch. “Are you going to ravish me here, since we’re alone in the house?”

Nigel shook his head, heading straight upstairs. He’d been making plans throughout the drive home. “No. Come to the bedroom,” he called over his shoulder.

When she caught up, Nigel was already standing by the bed with his arms folded, three of his ties at the ready. He kept his face straight as he looked her up and down. “Take your blouse off.”

Karen's eyes opened wide for a second, then she did as instructed without a word.

"And your skirt."

A hint of a smile crossed her face.

Nigel looked at her body in the white bra and panties she'd chosen for the stranger. "Remove your bra."

She reached for the clip.

Nigel looked at her full breasts, the nipples already erect. "Lie in the middle of the bed and spread your legs." He nodded approvingly as she complied. "Put your hands together and grip the headboard."

He tied one end of a tie around her left ankle, pulled it tight, and secured the other end to the bed leg. He did the same to her right, and the final tie bound her wrists to the headboard.

Karen giggled. "You do realise you've left my panties on?"

He looked down at her body, then back into her eyes. Flashing her a wicked smile while walking over to her dressing table, he gathered two miniature claw clips—the kind designed to be only just big enough to hold a section of hair back from the face. He tested one around the tip of his little finger: no sharp edges on the tortoiseshell plastic, and the hinges were fairly weak. Returning to the bed, he took one of her nipples between his finger and thumb and pulled it taut, then fastened the clip along the length of it so the swollen tip of her nipple protruded from the end.

Karen stared open-mouthed.

He fitted the second clip, then stood back and regarded her prostrate body, admiring her flat tummy and toned legs. Walking around to the end of the bed, he trailed his fingers over her foot. "When I saw you painting your nails earlier, I kept imagining your feet as you spread your legs for your new lover." He held her gaze. "I imagined your painted fingers wrapping around his cock and guiding it inside you."

"Well... if you untie my hands, I'll use my fingers to guide *your* cock inside me." Her voice was low and sexy, and she raised her groin in invitation.

Nigel knelt on the bed between her feet, bent forward so his face was over her crotch, and inhaled through his nose. "I can smell how eager you were for a stranger's cock."

Karen looked uncomfortable, but only for a brief moment. “Yes, I was.”

He pulled the gusset of her panties to one side, slid the tip of his finger through the slick outer folds of her sex, then brought his finger up to his lips and sucked the tip into his mouth. “Hmm, very eager.”

Nigel returned his hand to her sex and pushed two fingers deep inside, curling them up against her G-spot.

She let out a groan and pushed her bum into the mattress, clamping her muscles around his fingers. “Fuck me.”

He shook his head.

“Then go and find someone else to fuck me.” It was a hollow challenge, but it still turned him on.

“We’ve tried that, but you decided he wasn’t special enough.”

She sighed. “I should’ve fucked him.”

He didn’t respond.

She nodded, as if trying to confirm she really believed it. “Should’ve let him fuck me in his car, then phoned you to pick me up and bring me home. You’d have fucked me as well, enjoying sloppy seconds.”

Her words thrilled him, though he tried his best to hide it. “But he wasn’t special.”

“He would have been special enough. He had a hard-on and a sac full of jizz. What else did I need?”

“Chemistry. And Sean’s big cock.” He watched her expression, expecting some backlash. But her only reaction was an even-wider smile.

“His cock felt big enough when he pushed it against me. I don’t need a monster one like Sean’s every time, *you* know that.”

Is this still roleplay, or was that an actual dig? Either way, he was staying in character. Holding her gaze, he twisted the clips on her nipples, making her catch her breath.

Time to step things up a bit. He walked to his dresser, took out a large padded envelope, and turned to smile at his wife. “After you told me how well-endowed Sean was, I decided to buy you a present.” He reached inside and withdrew the ten-inch purple latex vibrator.

Karen’s eyes opened wide and her mouth was a perfect O.

Nigel flicked the switch on the end-cap and the toy purred to life. He held it vertical and looked at her stricken face.

“Nige, I...” She shook her head. “That’s too...”

He dropped the vibrator—still buzzing like a swarm of angry bees—on the bed between her legs, and then began to strip.

Fully naked, he climbed back on the bed between her tethered legs and picked up the vibrator. He pressed the tip against her panty-covered sex and held it there. The muscles in her thighs twitched and she let out a low moan. Nigel pushed harder; the tip of the toy pushed the gusset of her panties between her outer lips. The silk became sodden.

Angling the tip up slightly, he steered the full length of the shaft through the cleft of her labia and over her clit until it stood out from her body like her own humongous erection. Karen trembled and he switched it off.

He looked at her clamped nipples. “Which one did the guy play with?”

“The left one.”

Nigel nodded, then carefully removed the hairclip. “I bet he wished he’d had the chance to suck them.” He lowered his head and took the swollen nipple into his mouth, tonguing and grazing gently with his teeth.

He raised his head and removed the other clip, making her gasp, then gently massaged both breasts. “You’ve got great tits.”

She smiled. “Thank you.”

“I know Sean thought so.”

Another resigned sigh escaped her lips. “Nige, Sean is just the guy you told me to fuck. Nothing more.” Her expression suggested his teasing was beginning to annoy her.

“I’m surprised he didn’t fuck your tits. Or maybe he did...” Nigel rolled her nipples between his fingers and thumbs. “Maybe he fucked your tits and you forgot to tell me about it.”

She glared at him.

“I’m going to fuck your gorgeous tits right now, and while I do it...” He reached behind him and picked up the vibrator. “Purple Sean here is going to plunge your depths.”

A frown creased her brow.

Nigel crawled down the bed and pulled her panties aside, then ran the tip of the sex-toy between her outer lips. After positioning it at her opening, he gently pushed it in.

Karen groaned and raised her hips to make the angle easier.

Nigel pushed until it was about halfway in, loving the way the pressure made her writhe. “Now do you see why I left your panties on?” He pulled the gusset down and hooked it over the base of the vibrator.

Nigel smiled down at his handy work, then stepped off the bed and walked to the en suite for the baby oil. He held it up for her to see as he straddled her, then squirted a large dollop across both breasts. He massaged the oil in for well over a minute, enjoying the weight and feel of them. Nigel added more oil, some of it dripping onto the bed. He concentrated his attention on her nipples again, making her groan.

He knelt up, supporting himself on the headboard while presenting his cock in front of her face. “Suck my dick.”

She obeyed instantly, raising her head and swallowing him in a single gulp. He let out a moan and she pumped her head up and down onto his cock, which grew fully hard in a matter of seconds.

He moaned again, barely able to contain his pleasure. She’d never sucked him with such hunger before.

He pulled back and looked down at her, shocked.

She stared back, her eyes glinting. Her lips glistened with precum, saliva, or both.

Nigel inched down the bed and got himself into position, then reached behind and, while smiling at his wife, turned on the vibrator.

“Ohh...” Her eyelids fluttered and she dropped her head back.

He placed his erection in the valley between her oiled breasts and then used his hands to crush them around it. The warm, lubed flesh felt wonderful, and he thrust his hips back and forth while watching the pink tip of his cock appear and then disappear into her cleavage.

A shiver ran through him and he fought the urge to thrust faster. He wanted this to last.

Karen was rocking beneath him. He momentarily released one of her breasts to reach back and pull up the waistline of her panties, forcing the

toy another inch or so inside her. She groaned and sighed, pumping her hips faster, evidently nearing her first orgasm.

He crushed her breasts around his shaft again and resumed his thrusts.

She opened her eyes and stared up at him, breathing in fast, shallow pants. “Are you going to come for me?”

Squeezing her boobs tighter around his cock, he nodded.

“Don’t you want to come inside me?”

He shook his head.

“Do you want to come in my mouth?”

He thrust harder. “I’m going to come... like this.”

She scowled as if angry. “Go on then. Come now. Come on my—” Her eyes squeezed shut and she arched her back, lifting him slightly off the bed. “Oh, fuck...!”

Nigel squeezed her tits and pounded the oiled valley as fast as he could, crying out as a thick cord of cum shot from his cock and splattered onto her jaw and neck. He continued thrusting and his next spurt coated her collarbone.

Karen squealed as she came, her entire body shaking as she strained against the ties holding her in place. Nigel was still fucking her tits, and more cum gushed into her cleavage, coating his cock as he ploughed on through the mess.

He reached back and gripped the end of the vibrator, rocking it and pushing it even further into her.

“Jeez Nige, don’t push any—ah!” She came again, her hips bucking violently as her eyes rolled back into her head.

Nigel quickly dismounted and knelt between her legs, never letting go of the vibrator. Impressively, she had almost all of it inside her now, only about an inch still sticking out.

Without his weight on her, Karen arched up off the bed and all her leg muscles stood out.

Nigel eased the vibrator out and switched it off. Karen’s panties were drenched. There was so much juice he wondered if she’d actually wet herself. He stroked her legs, then moved up and kissed her belly.

Her eyes were still closed, and he admired her body. Her breasts glistened with oil, the swollen nipples a deep pink. His cum covered her chest, some running down the side of her neck by her raised arms.

Finally, Karen opened her eyes and looked at him. She went to speak but had to catch her breath first. She blinked twice. "That was... intense."

He nodded, feeling a little guilty for using her like that.

"I think this was a lot more fun than getting fucked in a car would have been."

Nigel chuckled. "You could have had both. Car sex tonight, tit sex in the morning."

"When did you decide you were going to do that to me?"

"I'd been thinking about it for a while." He lost himself in the sight of her body again. "You look even better than I'd imagined."

"Thank you for my gift." She smiled. "Are we really going to call it Purple Sean?"

He laughed out loud. "Yeah, I think that name's a keeper, don't you?"

"Definitely. But next time we use it, I'll be the one holding the end and judging how far to push it in."

"Sorry if I got a bit over-excited."

"It was nice, though I seem to have your jizz all over my upper body."

He nodded. "You're welcome."

She pulled at the tie tethering her arms. "Are you going to untie me now?"

"No." He ran his hand down her tummy. "I'm going to leave you here until I get another hard on, then I'm going to fuck you."

"Promise?"

"Hmm."

"How long will it take you to get hard again?"

He shrugged. "Maybe I'll wait until the morning, leave you like that all night."

"What if the house catches fire?"

“Then the firemen can take turns.”

“Hmm, that would be nice.” She looked at him. “Come and put your dick in my mouth and I’ll get you hard now.”

He laughed. “I’m an old man, I’ll need more rest than that.”

She raised an eyebrow. “I sucked Sean back to hardness after just a few minutes.”

His stomach tingled at her teasing. “Yeah well, he’s ten years younger than me.”

“True. But your cock needs less blood because it’s smaller.” She grinned. “So you should manage to get it up even though you’re an ‘old man’.”

“Is this pep talk supposed to be turning me on?”

She managed a tiny but expressive shrug, even with her hands tied. “Well, I’m certainly getting turned on by thinking about when I sucked Sean’s dick... and what he did with it once it was hard.”

Nigel got up off the bed. “Good, you can keep thinking about it while I clean up, then I might pop downstairs for a beer.”

She glared at him. “You’re not serious.”

“I sat around all night waiting for you to get laid, so you can wait for a little while.”

Leaving her tied to the bed and covered in cum, Nigel walked into the en suite and turned on the shower.

Chapter Four

Nigel woke with Karen's arm around his waist. She smelled of baby oil and sex, and he smiled at the memory of the previous evening. He kissed the top of her head and she snuggled closer.

"Good morning," he whispered with his lips pressed against her hair.

She kissed his chest, then looked up into his face. "Hi."

"Sleep okay?"

"Mmm, when you finally stopped abusing me."

He smiled at the memory of how he'd taken her the previous evening. He hadn't needed her to suck him back to hardness; by the time he'd finished his shower, he was more than ready to go again. Without a word, he'd climbed on the bed and fucked her. He'd lasted a long time—long enough for her to come twice—and finished inside her.

Then he'd untied her arms and legs and dragged the quilt over their tired bodies. She'd wanted to have a shower, but he hadn't let her.

"Nige?"

"Hmm?"

"I'm sorry for backing out last night."

"It's okay."

"I should have gone through with it. I'll never meet his wife, and the state of his marriage is none of my business."

He rubbed her back. “Being a hotwife may take a bit of getting used to.”

“I do want to fuck other men, and I will. I promise.”

“Good.”

“But in a way, I’m glad I didn’t last night. I loved what you did to me.”

“Oh?”

“I’ve never been tied up before, and it really turned me on.”

“How come?”

“What, how come I’ve never been tied up before, or how come it turned me on so much?” Her teasing smile was back.

“Both.”

“I can’t answer the first, but it turned me on because you could have done anything you wanted to me, and there would have been nothing I could do to stop you.”

“You could actually have just said ‘no’, and I’d have stopped.”

Karen laughed. “Yeah, but where’s the fun in that?” She gently dragged her nails across his stomach, making patterns. “I lost count of the number of times I came last night.”

“Not bad for an old guy, huh?”

“You’re not old.” She kissed his chest, then winced as she rearranged her legs. “I’m actually quite sore now.”

“You’re welcome.”

“Bastard.”

“Blame Purple Sean.”

She giggled, reaching down to give his soft cock a squeeze. “I think it was *this* that made me sore. After your shower, you seemed to fuck me forever.”

He tightened his arm around her. “I had some frustration to work off. And before you apologise again”—He kissed the top of her head—“Last night couldn’t have gone better.”

“If I wasn’t so sore, I’d ask you to make love to me.”

He laughed. “I don’t think I’ll get another hard-on for a month.”

“Yes, you will.” She sat up and looked down into his eyes. “You definitely will. I’ll make sure of it.”

A warm tingle spread through him. He squeezed her hand and they both smiled.

“Right,” she said, climbing out of bed. “I’m going to soak my tender bits in the bath.”

“Okay. I’ll put all the bedding in the washer and bring you up a cup of tea.”

“And orange juice.” She looked down at the improvised bindings. “You might want to take your ties off the bed legs and headboard, too. But keep them easy to hand, you’re going to need them again soon.”

* * * *

Work and after-school taxiing resumed after the weekend, and the only times Nigel and Karen seemed to have to themselves was when they went to bed. On Wednesday night, he thought she seemed a little preoccupied.

He put his book down and stroked her arm. “You okay?”

She looked up and nodded.

He frowned to show he didn’t believe her, and she let out a sigh and dropped her phone.

“It was announced today that our product’s going into development. They’re going to market it.”

“Wow, congratulations.” He scratched his chin. “But that’s good news, so why...?”

“There’s going to be a celebratory party for the *whole* team.”

As he caught her emphasis, the penny dropped. “Ah.”

“It’s in a big hotel in Mayfair.”

“Ooh, swanky.” He kept his tone light, suspecting she’d been worrying about his reaction to her being in another hotel with Sean. “It’s not a problem. You know that. In fact, it’s quite a long way from being a prob—”

“Partners are invited.”

“Oh.” He thought about meeting Sean, seeing what he looked like and picturing him fucking Karen. “I promise I won’t cause any problems. I’ll be charming and—”

“But I’ll have to meet his wife.” She looked pained. “I’ll have to look her in the eye, smile and pretend to be a nice person—rather than the scheming adulteress I really am.”

Nigel held his breath. She was clearly upset. He took her hand. “Stop it. What happened in Copenhagen didn’t harm their marriage.” He chuckled, trying to make light of the situation. “It certainly didn’t harm ours.”

She shook her head. “I don’t think their dynamic is the same as ours. How many times did the term ‘hot-husband’ come up in your research of the subject?”

“She won’t know anything happened. He would have gone home in a good mood with a lot of happy memories. Stop worrying, you did nothing wrong.”

Karen squeezed his hand. “Thank you. But I still feel like a bitch.”

“Well, don’t. When is it?”

“A couple of weeks’ time.”

He leaned over and kissed her cheek. “Okay. Stop worrying about meeting Sean’s wife, and start thinking about what dress you’re going to buy for it.”

She smiled weakly, turned out her light and settled down in bed. Nigel read to the end of the chapter then turned his own light out.

As he lay in the dark, he thought about finally meeting the only other man who’d had sex with his wife in the last twenty years.

* * * *

Nigel spent his Saturday evening in the lounge trying to read his paper while the girls watched some wannabe pop star crooning in front of a panel of judges. His watch said it was just after eight, which meant he had another whole hour of wailing to withstand.

Lucy looked up at the doorway. “Ooh, you look nice.”

Nigel followed her gaze and felt his jaw drop. Karen had entered the room and was sorting through her handbag.

“Thank you.” Karen smiled at her daughter but didn’t look at Nigel.

She was dressed in a tight white top, clingy black skirt and black stilettos. She’d applied heavy makeup and her hair was down and freshly washed. She looked really sexy. She’d also chosen the stretchiest clothes she possessed, Nigel noted.

“Where are you going?” Lucy asked.

“I’m meeting a friend for a drink.” Karen gave Nigel the briefest of glances. “We were supposed to get together last weekend, but then I had to cancel at the last minute.”

Cold excitement trickled through him.

Karen checked her reflection in the mirror while slipping on her leather jacket. She grinned at him as she grabbed her keys. “I’m going to take my car. Why have a company Beamer if you can’t show it off?” She narrowed her eyes, then smiled at the girls. “Bye guys.”

“Bye,” the two of them chorused, then turned their attention back to the TV show.

Nigel sat in stunned silence and watched Karen reverse her car off the drive.

She’s going out to fuck someone.

When had she decided to do this? She’d last been seen upstairs, proofing some press releases. He’d assumed she’d been slaving away in peace and quiet. He rested the paper over his groin to hide his erection. Though astounded she hadn’t voiced her intentions earlier, the impulsiveness made his whole body tingle. The guy might not even be in the same pub, but something told Nigel that even if he wasn’t, she’d find somebody else to take his place.

Throughout the evening, he couldn’t think about anything but what his wife was up to. He checked his watch often, trying to gauge when she’d get to the pub. He tried to remember what time the guy had appeared the previous week.

The girls watched one of the Twilight films, then headed upstairs around eleven. Nigel sat alone and drank a beer. His balls tingled and his boxers were damp with precum.

He went to bed at midnight and lay on his back for a while with his mind in turmoil. He eventually tried to get some reading done, but it was pointless.

Finally, he heard her car pull onto the drive. He checked his phone—it was now 00:27. That meant she'd probably left Shrewsbury about a quarter to twelve, which would have given her at least two and a half hours to find Richard, or some other eager bloke, take him for a drive, and fuck him.

Her key in the door made his heart race. He listened as she came up the stairs, then held his breath when she walked into the bedroom. He couldn't help staring. Her clothes were twisted, her makeup was smudged, and her hair was dishevelled.

She's fucked someone.

Karen walked to the foot of the bed and looked into his face. "I did it."

He swallowed.

She pulled her top over her head and dropped it on the floor, then pushed her skirt down over her hips and kicked it away. Slowly, she unclipped her bra at the front. As the cups came away, he saw a love bite on one of her breasts. Karen held his gaze as she pushed her thong down her legs and then bent to pick it up, holding it open so he could see the gooey mess soaked into the crotch.

It was another man's cum, and it'd dribbled out of her during the drive home. The guy had deposited it deep in her cunt, and she'd returned home to her pervert husband to show him the evidence.

Nigel ached for her.

Karen walked to his side of the bed wearing nothing but her shoes. He wanted her more than ever.

She pulled the quilt back and looked at his cock, which was rock hard and smeared in precum. "Did you have a wank?"

He shook his head.

"Good." She stepped out of her shoes. "I'll tell you about it in a while, but first I want your dick. And I want your cum."

His throat constricted. "But you've already had his—"

“Yes I have, and now I want yours.” She climbed onto the bed and got herself into position to guide his cock inside her.

He groaned as he was enveloped in her heat and wetness. A dirty thrill ran through him; he was getting sloppy seconds. His cock was slushing through a mix of his wife’s juices and her lover’s cum. “I’m not going to last—”

“I don’t care. Just let loose and enjoy it.” She rocked her hips. “We both know you’ll fuck me again when I give you the details.”

Nigel closed his eyes and sighed as she rolled her hips and clenched her inner muscles. His legs shook with pent-up energy.

She leaned forward and kissed his forehead. “Come on. Fill me up.”

He held his breath. After a strong initial spasm, it felt like every muscle in his body relaxed for the first time in hours.

He flooded her. Spurt after spurt jetted from him, leaving him weak.

Karen rocked her hips and hummed, kissing his forehead and eyelids. “Mmm. Yeah, that’s it. Mmm...”

He let out a long sigh, and she finally stilled her hips.

When he opened his eyes, she smiled at him. “Better now?” Her eyes sparkled.

Nigel nodded, too breathless to speak.

“Good.”

He swallowed. “Why? Why tonight?”

She shrugged. “I had to start somewhere.”

“Is it because of the party in London?”

“No. Maybe. I don’t know.” She raised herself up and off him.

Before she’d had a chance to pull away, he felt his cum run out of her onto his cock and balls.

She’d obviously felt it too. She glanced down at the dribbled mess and then looked back at his face, her eyes wide with embarrassment.

“D’you want me to wipe—”

“No.” He laughed and shook his head. “I like what it is. And as you said, I’ll be adding more later.”

She kissed him hard, pushing her tongue into his mouth. He wondered if she’d sucked the stranger’s cock earlier, but it didn’t cause him

any disquiet.

She broke the kiss and pulled back to sit on her own side of the bed. She took a breath and combed her fingers through her hair. "I decided that I was wrong last week. If I'm going to be a hotwife, I need to accept that some of the men I see will be married. As you pointed out, Sean's married, so what was my problem?"

Nigel kept silent while she talked it through.

"Their wives aren't my concern," she said with conviction. "If a man tells me he doesn't want to have sex with me because he's married, I'll respect his decision."

"But if he's married and does want to have sex with you?"

"Happy days."

He chuckled. "So, tell me about tonight."

"I drove to the same car park and went to the same pub. It was just as busy as last week, but I spotted him as soon as I walked in."

Nigel was surprised but pleased that the guy had been there again. "Did he approach you, or was he too embarrassed after last week?"

"He didn't see me until I approached him."

"What did you say?"

"I told him it was his round, and he bought me a drink."

He laughed. "And?"

"When he'd got my drink I told him I'd changed my mind. He asked why, and I said I don't know his wife and I'm not his marriage counsellor."

"What did he say?"

"Nothing, he just clinked glasses and his marital status wasn't mentioned again."

"What was mentioned?"

She shrugged. "We just shot the breeze and flirted. He knew I was up for it, and he seemed to spend a lot of time checking out my body."

"How long did you stay in the pub?"

"We just had the one drink. Maybe half an hour or so."

"Did you talk dirty to him?"

"In the pub?"

His gut tightened. "Anywhere."

"In the pub I was suggestive, using more innuendo."

"And in the car?"

She smiled. "In the car I said filthy things."

A shiver ran through him. "Getting back to the pub, what happened when you'd finished your drinks?"

"He asked if I wanted another, but I suggested we go for a drive instead."

"And?"

She giggled. "He practically dragged me from the pub."

Nigel's cock swelled slightly. "Did he suggest his car?"

"No. I'd told him in the pub that I'd brought my own as it has leather seats."

"Did the two of you hold hands as you walked back to the car?"

She shook her head. "We took his Astra from the pub to the car park, then we got into mine."

"Was he impressed?"

She grinned. "Yes, but not by my car."

"Slut."

"Yes, I was a slut. I asked him where I should drive, and he directed me to a picnic area a couple of miles out of town. There was a small car park surrounded by trees. And bushes. And shrubs."

He chuckled. "Sounds nice and secluded."

"It was in the middle of nowhere. I suspect he's been there quite a few times."

"Does that bother you?"

She shook her head. "Not at all."

"Did you get into the backseat?"

"No. He sat in the passenger seat and I hitched my skirt up round my waist and climbed over and sat on his lap, facing him."

"More kissing?"

"Yes, lots of kissing. I like kissing, and he was good at it."

"Any touching?"

“Of course. Good kissing means I get my tits groped.”

He smiled. “How long for?”

“I wasn’t watching the clock, Nige. Anyway, I knelt up on his seat and hitched my top up to my neck. Then I opened the front of my bra and pushed my tits into his face.”

“And what did he do?”

“He sucked my nipples for a bit, then his hands slid up my thighs...” She leaned over and reached down to his cock. A dirty smile creased her face as her fingers closed around his semi. “Get on top of me, right now”

Nigel did as she said, and she spooned him back into her now-sodden channel. They both let out a sigh. She pulled him close so her mouth was next to his ear. Though he liked to watch her face while she described things, her breathy whispers gave him goosebumps.

“He pulled my thong to one side and slipped his fingers in.”

“How many?”

“Two I think, but maybe three. I was so wet. Then he finger-fucked me while he chewed my tits.”

That explains the love bite.

“And I pulled his hair and rode his fingers until I came.”

“You came before he’d even fucked you?”

“Mm-hmm. Then I unbuttoned his trousers, gripped his cock in my hand and told him to get it inside me.”

“And did he do as you asked?”

“Of course.” She tugged his earlobe with her teeth. “And then I bounced on it and talked dirty until he sprayed my insides with cum.”

His balls felt heavy and he increased the speed of his thrusts, desperate to unload. “What did you say?”

“God knows—I just rambled about liking big cocks and hot spunk and cheating men who pick up sluts like me...”

“Ah...”

She moved slightly, pushing her hips down so his cock moved against her clit with each thrust.

He clenched his teeth. “I’m going to—”

“Come whenever you want.” She gripped his back, her nails almost digging in.

He squeezed his eyes closed and pictured his wife fucking the guy in her car, tried to imagine the guy’s reaction to her actions and dirty-talk.

When she clenched around him, he erupted. She clung to him and rode him from below, a slow sensual dance that made the hairs on his legs tingle. He pulsed again and again, but suspected he must surely be empty by now.

Karen let out muted cries as they finally stilled. He stayed inside her as long as he could, but eventually slipped out.

She eased him off her and smiled. “I should really change the sheet before we go to sleep.”

“You should, but you’re not going to.”

“It feels wrong with... you know.”

“Someone else’s cum in our bed?” He shrugged. “It turns me on.”

“Men are weird.”

“Yeah, we are. So, finish your story.”

“That’s pretty-well all of it. I rode him and we both came. I climbed off him, straightened my clothes, then drove him back to his car.”

“Did he say anything, or ask to see you again?”

She smiled. “I got the impression he’d had a good time. He seemed a little shocked when I started talking dirty, but he knew it was a one-off.”

Nigel shook his head. “I couldn’t believe it when you walked into the room dressed like that.”

“I kind of guessed you’d like it.”

“I had to hide my stiffie with the paper.”

She laughed. “That’s what I like to hear.”

He reached down and found her hand, then gave it a squeeze. “Does this mean you’re no longer worried about meeting Sean’s wife?”

“It means I’m going to stop worrying about it until it actually happens.”

“Good.”

They turned out the lights and fell asleep in each other’s arms, the sheets damp and soiled with three people’s bodily fluids. Nigel couldn’t

have been more content.

Chapter Five

Nigel read his paperback and sipped gin and tonic on the train to London. "This beats spending hours stuck on the M25," he said.

Karen smiled from the other side of their table while reading her phone. "I enjoy a bit of first-class travel."

Although she often attended symposia in London, it'd been a long time since he'd visited the capital. "Will we have time to see the sights before the party?"

She shook her head. "The party starts at seven-thirty. We're cutting it fine as it is."

Nigel consulted his timetable app, wondering if he'd got all the timings wrong. "But the train gets into Euston just after three."

"Exactly."

"What d'you mean 'exactly'? That gives us over four hours."

"We have to take the tube and get to the hotel, and I'll need to bathe, do my nails, makeup and hair. Then I'll need to get dressed."

He stared at her. "It'll take me ten minutes to get showered and dressed."

"In that case, you go and see the sights. I'm going to have a relaxing afternoon."

From Euston, they took the Central Line to Marble Arch and walked from there to their hotel. Their room was spacious, accommodating a huge bed, two armchairs and a dressing table.

Nigel hung his suit and shirt in the closet and looked out of the window. "It's too sunny to stay inside. I'll go for a wander."

"Okay, make sure you're back by six-thirty at the latest."

"Do you want me to order you a drink before I go?"

She smiled and pulled a bottle of white wine from her overnight bag. "Already sorted, but if you can get a bucket of ice, that'd be lovely."

Ten minutes later, Nigel left the hotel and crossed the road to Hyde Park. He spent well over an hour wandering along the paths, passing the beautiful red-bricked Kensington Palace and its gardens along the way.

After buying an ice cream, he ate it sitting on a bench overlooking the Serpentine and thought about the upcoming party. Though confident he wouldn't have a problem meeting Sean, he still worried Karen's guilt would spoil her evening. It might have been better all round if the party invitations hadn't extended to partners. Karen and Sean could have enjoyed another night of passion, and then he could've enjoyed the replay while they lay in bed.

His ice cream finished, he decided to head south and see the Royal Albert Hall on the way back to the hotel.

When he reached their room, Karen was sitting in one of the armchairs wrapped in a fluffy white robe, applying face cream. A half-full glass of wine stood on the floor by her feet. He saw the empty bottle upside down in the bucket of icy water and hid a wince. He understood her anxiety about meeting Sean's wife, but worried that too much Dutch courage might not be the best option.

He smiled at her. "Will you be able to walk to the bar, or should I order a wheelchair?"

She giggled. "I'm sure I'll manage, but thanks for being so thoughtful."

He checked his watch. "Have you phoned home?"

"Yeah, and they're fine. They've got their evening all planned and have already organised pizza delivery for later."

"Okay, I'll read for a bit before my shower." He picked up his paperback and sat in the other armchair. "Shame there's no wine left for me."

"You should have planned ahead, like I did."

"Hmm."

Karen moved to the dressing table to apply her makeup. By the time he'd finished his chapter, she'd done her foundation and blusher and had started on her eyes.

In the bathroom, he enjoyed the power-shower and came out fully revitalised. He brushed his teeth and returned to the bedroom, where he

found Karen standing in front of the full-length mirror wearing black bra, matching panties and hold-up stockings.

She stepped into her stilettos and turned to face him. Her makeup was really sexy, and she wore long, dangly earrings and a matching necklace.

Nigel realised he'd stopped mid-step and was staring at her.

She smiled. "Well?"

He breathed out. "You look fabulous, but you should probably put a dress on as well."

She scrunched her nose up. "I suppose you're right, but only because the CEO will be there."

"Really? I didn't know the big brass would be attending."

She walked to the closet and took out her new dress. "Yeah, they never miss a free dinner and a chance to remind us how privileged we are to be part of their successful company."

He watched as she stepped into the dress.

She looked back over her shoulder as she slipped her arms into the sleeves. "Would you fasten me in?"

He stepped close and slowly pulled the zip up the back of her little black dress, which was knee-length with a fitted waist. An intricate pattern of beads trailed over the front. She looked elegant. And incredibly sexy.

While he dressed in his best suit, Karen added a liberal spritz of her sexiest perfume to her neck and wrists. She came closer and ruffled his hair, which he wore short enough that it never needed combing. Having trimmed his beard before leaving home that morning, he'd needed about two percent of the time Karen had taken to get ready—but in his opinion, all her preparation had been more than worth it.

Looking at them both in the mirror, Nigel knew he'd be the proudest man at the whole party. Sean would probably be quite proud of himself, too. As notches on the bedpost go, bagging Karen in Copenhagen must surely rate as a major success.

"Shall we head down to the bar?" she asked with an apprehensive smile.

He nodded and took her hand. They left their room and walked along the rich-carpeted corridor to the lifts.

As they rode down to the ground floor, Nigel squeezed her hand. “How do you feel?”

She gave a twitchy smile. “I’ll be okay, but thanks.”

Karen’s heels echoed as she and Nigel walked across the marble lobby. They were shown to a private bar where about fifty people stood in small groups, chatting.

Karen saw someone she recognised and led Nigel over. Waiters circulated with trays of canapes and champagne. Karen helped herself to a glass, flashing a smile in his direction.

A couple of minutes later, he noticed that Karen was looking towards the far corner of the room. Following her gaze, he saw a tall guy in a dark suit and red tie in another group. He was handsome: clean-shaven and square-jawed, with short, curly dark hair.

Nigel looked at the woman next to Sean and was surprised. Startled, even. Based on his own image of a stereotypical Swedish lady and Sean’s apparent obsession with Karen’s breasts, he’d expected Mrs Sean to be an attractive blonde with small boobs. The woman next to him couldn’t be described as attractive by even the most generous observer.

He must have thought he’d won the lottery when he fucked Karen.

Karen stepped closer to Nigel and whispered in his ear. “Yep, that’s Sean.”

He nodded. “He’s pretty-well exactly what I’d expected, though his wife isn’t.”

She frowned. “That’s... not his wife, Nige. That’s Elsa, who works in his office.” She took a breath, then gripped his hand. “Come on, let’s get this over with.”

Sean ran his eyes down Karen’s body as she walked towards their group, and a shiver ran down Nigel’s spine. He felt proud and possessive at the same time. When they’d reached the group from Sweden, everyone turned in their direction. Nigel checked for knowing looks from Sean’s colleagues, but each of them smiled brightly, the women hugging Karen and the men making room for Nigel in their circle as she introduced him.

“Sean, nice to see you again.” Karen shook her ex-lover’s hand in a professional manner. “I’d like you to meet my husband, Nigel.”

Nigel held out his hand. Sean's smile was relaxed, his handshake firm. "Good to meet you."

Nigel nodded, then looked around. "Is your wife here?"

"I'm afraid she had to cancel at the last minute."

Karen stiffened slightly beside him. "Is everything alright?"

Sean shrugged and smiled at the same time, a reassuring expression. "Her mother had a fall. It's not serious, but she's broken her ankle and can't get around." He glanced at Nigel, then back at Karen. "Freja's father died a couple of years ago so her mother lives alone. She was actually supposed to be staying at our house to look after the kids while we were here, but now Freja's staying home to look after the kids *and* her mother."

Karen sighed. "What a shame."

Nigel stifled a smile at her sympathetic yet relieved expression. A shame for Sean's wife and her mother, or a shame that she'd worried unnecessarily? Nigel shook the cheeky thought away; he could well imagine Karen panicking at the thought that Freja had refused to come all the way to London to meet the hussy who'd banged her husband in Copenhagen.

Other people joined the group and Nigel was introduced to Karen's colleagues, whose names he recognised. It was nice to finally be able to put faces to the people she'd talked about. A couple of older men ambled across, and Karen whispered that this was her senior manager and the CEO. Nigel grabbed another glass from a passing waiter and chatted for several minutes to one of Karen's colleagues and her husband.

After fifteen minutes or so, they were invited through to the dining room. The seating plan was arranged so people from each site were mixed on each table. The Swedes sitting with Karen and Nigel were a lady called Lilian and her husband Andreas. Sean was on an adjacent table. There were a couple of mercifully short congratulatory speeches from Karen's senior manager and the CEO, and then the food was served.

The meal was fabulous and Nigel enjoyed a couple of glasses of the fine wine, noticing that Karen was also drinking her fair share. She kept stealing glances across in the direction of Sean's table.

He had a wicked thought and leaned close to his wife so that nobody else would hear. "If Sean's all alone in his room, he might like

some company later.”

She stared at him like he’d slapped her. “Are you mad?”

“Just a thought. Neither of you can keep your eyes off each other.”

She held his gaze for a second. But then shook her head. “It’d be crazy.”

He watched her face and could tell she liked the idea. “Well, it’s up to you.”

She took a gulp of her wine, checking nobody else was listening. “And how would I explain that?”

“Tell him I know about Copenhagen.” He grinned. “You could even admit it was my idea in the first place.”

“No way.”

“Maybe say I found out about it afterwards, and I don’t mind.” He shrugged. “Explain I’m not as possessive as you’d assumed.”

She laughed, but before she could answer, the guy to her right asked her a question, ending their intimate discussion. Another woman at the table brought Nigel into their conversation. Over the next ten to fifteen minutes, everyone at the table talked freely about the pharmaceutical business, and about their company’s encouraging pipeline of candidate drugs. They chatted about London, and eventually got on to the chaos of Britain’s exit from the EU.

“What a joke,” said one of the other project managers, whose name Nigel had already forgotten. “If a company’s board of directors behaved the same way our elected MPs are doing, the shareholders would be up in arms. Too many individuals with their own axe to grind, putting their own selfish ___”

His wife put her hand on his arm to halt his rant. “Gareth.”

“Sorry,” he said with an embarrassed smile. “Brexit? *Fuxit* would be more like it.”

Others around the table laughed. Nigel didn’t want to get into a political debate; he was worried enough because his own company would certainly feel the impact of a no-deal exit from Europe.

Karen looked at her Swedish colleague. “How does your country view what’s happening here?”

Lilian frowned. "We wonder why you have left it until the last minute. You seem to have done nothing for almost three years, but now say you need more time."

"Exactly!" Gareth shook his head, but as his wife's grip on his arm visibly strengthened, he settled for seething in silence.

The subject was dropped and the conversation moved on to other topics. After coffee had been served, people wandered between tables to talk to others.

Sean appeared at their table. "May I join you?"

Karen and Nigel both smiled. The man who'd been sitting on Karen's right had already moved to another table, so his chair was vacant. As Sean sat down, Karen pushed her chair back. Nigel listened to the two of them chatting freely about their drug's successful progression to the next stage, neither of them seeming to know what they'd be working on next. Lilian and Andreas were still at the table. She worked closely with Sean, as it turned out, and her husband had obviously met him many times before.

The conversation was relaxed, and Sean was good company: polite, with a sharp sense of humour and a ready smile.

Nigel noticed Sean couldn't help glancing down whenever Karen re-crossed her legs, as if the sound of nylon against nylon seemed to draw his eyes.

A warm feeling developed in his gut. He liked Sean, and his thoughts of what this man had done with Karen in Copenhagen had been enriched by meeting him. The idea of them fucking each other again tonight was very appealing. From the way the pair of them were sharing not-so-secret looks, it no doubt appealed to them, too.

The waiter service had stopped after the coffee and brandies had been served, and a small bar had opened at the end of the room. Nigel stood and asked if anyone wanted a drink. While he was at the bar, Karen came to help him carry the glasses.

She looked into his eyes and smiled. "Well?"

"He's nice. I approve of your taste."

"Thank you." She licked her lips, then glanced around to make sure there was no chance of being overheard. "About your suggestion... I've thought of another way."

“Oh?” His heartbeat raced.

“I could tell him that I’ll go to his room after you’ve fallen asleep.” She gave him a sly smile. “You could even pretend to be a little more drunk than you are.”

“We can do it that way if you want.” He didn’t think it needed to be that complicated. “Or I could feign tiredness and head up to bed early. That way, you two could go to his room and I’d think you were still in the bar.”

Her smile faded a fraction. “I’ve dressed up like this for you, you know.”

“I know, and you look fabulous. But you can dress up for me anytime. Tonight is *special*.” He smiled his emphasis, remembering how she’d described the opportunity with Sean in Denmark.

She leaned close and kissed him gently on the lips. “Don’t fall asleep. I’ll want you when I get back to our room.”

He held her gaze and nodded. “So I’ll be getting...?”

She nodded. “Sloppy seconds. Again.”

His cock swelled. He took a steadying breath and picked up some of the glasses, then nodded towards the ones still on the bar that she had to carry. As they made their way back to their table, he looked down at her legs, remembering how good she’d looked in just her underwear and stockings. Sean was in for a special treat.

The friendly banter continued, with more people joining them and standing around their table. Sean wasn’t the only man who couldn’t keep his eyes off Karen, and a glow of pride bloomed inside Nigel.

After a while, Sean went to the bar and Karen went to help carry the glasses as she’d done earlier for him. Nigel swallowed. This would be her golden opportunity...

When Sean and Karen returned, Nigel thought there was an extra twinkle in their eyes. He got the impression that Sean had readily agreed to her offer— *who wouldn’t?* —and glanced at his watch. It wasn’t yet eleven o’clock. Much too early for him to head up to their room.

The laughter and celebrating continued for another hour. Nigel caught Sean glancing at Karen more times than he could count. The guy couldn’t keep his eyes off her. The fact that he soon wouldn’t be able to keep his hands off her gave Nigel a buzz.

A few couples said their goodnights and left. Nigel decided he'd give it another fifteen minutes before making his excuses and going up to their room. Karen announced it was her turn to get the drinks, and Sean immediately followed. When they returned with the round, Karen's expression made Nigel worry. He wondered if Sean was having second thoughts.

As she put the glasses down, she caught his eye. "I'm off to find the bathrooms."

Nigel nodded. "I could do with the loo as well. I'll come with you."

The moment they'd left the dining room, Karen pulled Nigel into a quiet corner. "Sean's cottoned on that you know."

"*What?* How?"

"I don't know. He didn't even ask me, he just said 'Nigel knows about us'. I just blinked in surprise, too shocked to deny it."

He chewed his lip. "So is he angry about your ruse to sneak to his room?"

She shook her head. "Apparently not."

"What do you mean?"

She held his gaze. "He asked why we hadn't invited him to our room instead."

His mouth dropped open. "Why we hadn't...?"

She nodded, a frown creasing her forehead. "It came as a big surprise to me, too. Not only that he was so accepting of you knowing about what went on in Copenhagen, but also the fact he would suggest this."

"Inviting him to *our* room?"

"Yeah. He thought you'd enjoy being a part of it."

"Being a part...?" A hot rush of anticipation spread through him.

"He suggested I have you both at the same time."

"A... threesome?"

She nodded slowly.

His pulse thundered in his ears. "Would you want that?"

She took her lower lip between her teeth and held his gaze. "Yes, but would you?"

"Would I—?" He laughed, giddy. "Yeah, of course I would."

“Thinking about me with someone else is one thing, but watching it actually happen is something else.” Her expression was compassionate. “I don’t want you to be hurt.”

“I’ll be fine, I promise.”

She took a deep breath, then nodded. “Okay then. It looks like I’m about to have my first ever ménage.”

He swallowed. “How does that make you feel?”

“Scared and excited. Sort of tingly. I’m so wet right now, it’s embarrassing.”

“Me too.”

She closed her eyes for a second, then took a breath. “And I really do need to pee.”

Once they’d returned to their table, Karen gave Sean a slight nod. The other man’s gaze fell on Nigel and they shared a look for the briefest of moments.

Their pact was silently agreed.

Over the next thirty minutes, more of the guests said their goodnights or drifted away to other tables, leaving only Nigel, Karen and Sean at theirs. A sense of intimacy had descended, and Nigel saw Karen rub her leg against Sean’s as they sat huddled together. The excitement from that simple gesture gave him what felt like a jolt of electricity.

Karen looked around the room, then glanced from Sean to Nigel. “I don’t think anyone would notice if we all left.”

Nigel’s heart thumped inside his chest as Karen got to her feet.

She looked down and smiled. “Gentlemen, would you two care to escort me back to my room?”

Sean glanced at Nigel and seemed to hesitate, as if waiting for him to take the lead. Both men got to their feet and stood either side of her.

Nigel glanced around the room. “Isn’t there anyone you guys need to say goodnight to?”

Karen scanned the faces. “No, I don’t think so. Let’s go.”

Chapter Six

The three walked slowly out of the dining room, through the deserted bar and across the lobby toward the lifts. Karen's heels seemed to echo even louder than they had earlier, and Nigel wondered if any of the other guests or reception staff suspected what the three of them were about to do.

As the lift doors closed, Karen ran a hand down each man's arm. "I still can't believe we're all here like this." Her voice was slightly slurred, but her eyes clear and bright.

Sean glanced at Nigel. "I hope you don't think I was being too forward by—"

"No." Nigel shook his head and smiled. "I would have been happy for you two to be alone, but I'm much happier with this alternative."

"Me too," Karen said. "This is something I've never done, or even imagined happening."

Sean nodded. "Good. I still feel a bit guilty for suggesting it. It's not something I've ever considered before, either. In fact before Copenhagen, I..." He looked down, as if suddenly embarrassed that he'd already slept with Nigel's wife.

Karen squeezed his arm. "Copenhagen was wonderful, and tonight will be just as special." She kissed him gently on the cheek. "I'm sure of it."

The lift reached their floor. There was a quiet ding, and the doors slid silently open. All three stepped out onto the thick carpet and walked slowly along the corridor.

Nigel unlocked the door and stood back to allow Karen and Sean to enter. Glancing each way down the corridor to make sure nobody from the

party had seen them, he closed the door behind him.

Karen walked across the room and dropped her clutch on one of the armchairs, then turned to face the men. After a moment's hesitation, they approached her.

Remembering the minibar, Nigel walked over to it. When he turned to ask if anyone wanted a nightcap, Karen and Sean were already kissing.

He smiled. "And here I was, worrying this was going to be awkward."

Karen broke the kiss and motioned him over. Nigel stepped close and slid his hands onto her waist, pulling her into a kiss.

Her tongue immediately pushed into his mouth and he sensed her hunger. He pulled back and gently guided her back towards Sean.

They kissed passionately. Nigel saw their tongues as their lips momentarily parted, and his wife's hands moving up and down Sean's back beneath his jacket. His hands rested on her hips.

Karen returned to Nigel, kissing him as she eased his jacket off his shoulders. He let it drop to the floor and ran his hands up her sides and over her breasts. When he squeezed gently, she moaned into his mouth. He pinched her nipples through the pattern of beads stitched to her dress.

Karen was breathless as she turned to Sean. Inching his jacket back, she moved closer and bit into his shoulder through his shirt. He let out a sigh and dropped his head back, and Nigel caught a glimpse of his wife's hand moving down Sean's body.

He quickly realised that his reaction to witnessing the action live was even more powerful than being told about it. He moved behind his wife and slipped his hands around her. While she groped Sean's cock through the material of his trousers, Nigel fondled her boobs and tugged at the nipples. She rocked her body and he moved closer, crushing his hard-on against the swell of her backside.

The three of them continued like this, with Karen kissing one for a while before turning to kiss the other. Although the kissing and fondling was a turn-on, Nigel's impatience got the better of him and he slowly pulled down the zip on the back of her dress. Realising what he'd done, Karen took a step away from Sean so she could look both men in the face. She

wiggled her shoulders, pushed the dress down over her hips, and stepped out of it.

Sean caught his breath as she stood before them in her underwear, stockings and shoes, and Nigel understood the other man's reaction. In his view, Karen was everything a man could possibly want in a woman.

She smiled, evidently pleased at their expressions. She stepped close to Sean and started to undo his shirt buttons, and Nigel quickly unfastened his own shirt. As she pushed Sean's shirt off, Nigel envied the other man's body. His chest looked sculpted and his abs were clearly defined, as were the biceps and triceps, which bulged impressively as he pulled his arms from the shirt sleeves.

Karen turned towards Nigel but when she saw he'd already removed his own shirt, she smiled and turned her attention back to Sean. Her fingers worked on the clasps of his trousers, then moved lower to pull down the zip. Her hand slipped inside, and Sean gasped.

Quickly undoing his own trousers, Nigel struggled to contain his excitement as his wife fondled another man's cock. Karen dropped to her knees and yanked Sean's trousers to his ankles, leaving him in just a pair of black jockey shorts. The bulge inside the stretchy material was huge.

Nigel's heartbeat kicked up a pace.

As Sean kicked off his shoes and stepped out of his trousers, Karen pulled his socks off. Nigel undressed himself in a similar fashion, and Karen stood up and surveyed the men in front of her. Moving her gaze from one man to the other, she sat on the foot of the bed.

Looking up at Nigel, she raised her eyebrows. She'd probably noticed how Sean had waited for his lead a couple of times already, and assumed Sean was hanging back now.

Nigel had other plans, though. He looked at Sean, then at Karen. "I think you two should get reacquainted before I join in."

She crawled backward, presenting herself in the middle of the bed like a goddess, then smiled up at Sean. "You heard him."

He glanced at Nigel as if silently confirming permission, then took a step towards the bed.

"Sean," Karen whispered. "Lose the shorts."

As Sean bent to push down his underwear, Nigel couldn't help but admire the guy's physique. Muscles in his sides and back flexed, but when he stood upright again, Nigel saw his cock for the first time. He held his breath and stared. The night she'd returned from Copenhagen, Karen had told him Sean's dick was big. She'd described it as long and thick but, staring at it now, Nigel didn't think she'd done it justice. It was *huge*, and obviously ready for action.

Sean climbed onto the bed and slipped his fingers into the waistband of Karen's panties. She kept her eyes on Sean's as she lifted her hips enough for him to slide the lace garment down her stockinged legs and over her stilettoed feet.

She slowly spread her slightly-bent legs and raised her eyebrows. Sean bent his head toward her sex, but she reached forward and stopped him, shaking her head. "Not that." She swallowed, trembling a little. "I want your dick."

Nigel held his breath. He watched as his wife reached down to the other man's cock. Saw her painted nails wrap around the swollen chunk of meat and point it down towards her entrance. Saw her raise her hips, the muscles in her calves flexing beneath the sheer nylon.

Sean pushed into Karen, making her squeal. Nigel's heart almost stopped. He watched her wrap her arms around Sean's waist and arch her back, pushing her groin into his, taking the full length of that huge cock all the way inside her hungry cunt.

Sean let out a shaky breath, then pulled slowly back. Nigel stared at the thick length of juice-coated flesh. His wife's outer lips clung around the shaft as if loath to release it. Sean pushed his cock back inside and Karen let out a grateful whimper.

The pleasure of visualising Karen with other men now paled in comparison to actually seeing it for himself. He'd thought his imagination was good but now found so many small details that had eluded him, which added so much to the scene. Little things like the sound of their bodies moving against each other, the blemishes which briefly appeared on their skin where fingers had gripped too tightly, the tremors of the muscles in her legs and his back and arms as they moved on the bed, the wet whisper of his cock sliding in and out of her dripping sex.

But the overriding feature that hadn't entered his fantasies was the intoxicating smell: a rich mix of her perfume, Sean's cologne, and the fragrance of her sex. The scent of her arousal was so strong he could taste it in the back of his throat, and it made his erection throb with need. Sean's cock was pushing her closer to the edge, making her wetter than Nigel could even imagine her.

"Oh God, oh fucking..." Karen gripped Sean's head and stared into his eyes. "Keep doing that. Just keep doing exactly..."

She pushed up to meet his thrusts, the backs of her thighs and bum trembling with pre-orgasmic tension.

"Don't you dare come. Just keep feeding me that big cock of yours, just keep..."

Her head fell back, her mouth dropped open and her eyes closed. Nigel watched the other man fuck his wife through her orgasm. His gut twisted and clenched as she screamed and sobbed and clawed at Sean's back. She wrapped her legs around his calves, pushing off one of her shoes in the process.

Sean fucked her with slow, steady thrusts, not yet letting up, and Nigel was impressed at his ability to delay his own orgasm for so long. Karen grunted and started jerking against her lover, and Nigel knew she was going to come again. At the onset of her second orgasm she pulled Sean down, opened her eyes wide and gazed into Nigel's eyes. He stared back, too shocked by the intensity of his feelings to know if he should smile or speak.

Karen relaxed on the bed and took a deep breath. She stroked the back of Sean's neck, and he slowly withdrew. Nigel assumed he must have come inside her, but Sean's dick was still rock-hard.

Karen eased Sean to the opposite side of the bed and knelt up. She kicked off her remaining shoe and then positioned herself across the bed on her hands and knees, with Sean now behind her.

She glanced over her shoulder. "Fuck me slowly, but don't come. Not yet." Looking up at her husband, she scraped strands of hair from her face. "And you, come and put your dick in my mouth."

Nigel swallowed and pushed his shorts down his legs. His cock wasn't as big as Sean's, but he couldn't remember it ever being harder. He

watched as Sean put one foot on the floor to steady himself and fed his slippery cock back inside her.

She winced as the full length slid in, and she took deep breaths through clenched teeth.

As Nigel climbed onto the bed, she opened her eyes and looked up into his face. Her body rocked back and forth as Sean slowly fucked her. Once she'd got into a rhythm, she licked her lips and opened her mouth.

Nigel guided his cock in, the sensation of being in her warm mouth making him shiver. He let out a long sigh which shuddered through his chest.

Sean gripped her hips and fucked her harder, pushing her forward, forcing Nigel's cock further into her throat. Karen didn't seem to have any trouble accommodating both dicks at once; she hummed and moaned as her body was rocked between them.

Nigel was on cloud nine watching someone fuck his wife while he had his cock buried in her mouth, the sounds of heavy breathing and wet squelches filling his ears.

Sean let out a low moan, his head hanging. Karen released Nigel from her mouth and reached back to tap Sean's hip, getting him to stop before gently easing him out of her.

She turned on all fours until she was facing Sean and then looked back at Nigel over her shoulder. "Fuck me."

She wants Sean to come in her mouth.

He was more than happy with the new position, though. As he watched Karen's lips close around the wet tip of Sean's cock, Nigel stabbed his own into her sopping sex. She let out a moan that ebbed and peaked as she bobbed her head on Sean's cock. Nigel banged harder, seeing Sean's eyes squeeze shut. Nigel gripped Karen's hips and fucked her as hard as he could, slamming into her over and over.

Sean gasped and Karen gulped. He was coming in her mouth.

Nigel increased the ferocity of his thrusts, then buried himself to the hilt and held still as his body unloaded. As she undulated between them, Nigel lay his flat palm on her buttock and pushed his thumb into her anus. Karen let out a cry and he felt her clench. He rocked his hand, pumping the thumb in and out of her arse as his cock softened in her sex.

Pulling himself out and sitting back on his haunches, Nigel saw Karen had released Sean's softening cock from her mouth and was holding it while gently nuzzling his balls.

He smiled to himself, marvelling at her appetite for pleasure while at the same time acknowledging this was a unique situation for all three of them. He took a deep breath and watched the other two. Karen was licking slowly up and down the length of Sean's dick, and at the top of each stroke of her tongue she'd take the end into her mouth.

Sean groaned and ran his hands through her hair, and Karen eased him onto his back in the middle of the bed, then resumed with licking and sucking. Nigel realised she was trying her best to get him hard again straight away. From the look of things, she was succeeding.

Kneeling up on the bed, she smiled down into Sean's face and reached round to unclip her bra.

Sean's gaze moved to her breasts, and Nigel was sure the guy's eyes had gone wider.

Karen made them jiggle by rapidly twisting her shoulders, then lifted them with her hands and tweaked her own nipples. "Suck my tits, Sean."

Doing as instructed, Sean leaned forward and buried his face in her bust.

Nigel stared from the edge of the bed, barely able to believe this was his wife. Her behaviour had changed beyond recognition from the loving, faithful woman he'd shared twenty blissful years with, and he couldn't be happier.

She rocked her body. "Yeah, that's it. Suck my big fat nipples. Bite them."

While Sean feasted himself on Karen's tits, she glanced over at Nigel and winked. Then she eased Sean away and pushed his head down onto the pillow.

She moved down the bed until her head was back over Sean's crotch, then bent and took the top half of his cock in her mouth. While the fingers of one hand stroked his balls, her other hand gripped the base of his shaft. Karen bobbed her head slowly up and down for about a minute, and Nigel felt the tingle in his own loins.

Karen released Sean from her mouth and knelt up to look into his face, pumping his cock as she spoke. "I love how your dick gets hard so quickly."

Nigel blinked. *Was that a dig at me?*

She leaned close and kissed Sean on the mouth, and Nigel wondered how the guy felt about tasting his own cum. From the reaction her kiss was having on his dick, he'd liked it. Sean now had another more-than-impressive erection.

Karen pumped him a couple more times and then released it to crawl over to Nigel. She reached down and wrapped her fingers around his cock. "I want yours as well."

She squeezed her hand tighter, rubbing her thumb over the sensitive tip, and then leaned close to give his lips a gentle peck as if unsure if she was allowed to kiss him properly, having swallowed another man's cum just a few minutes earlier.

Nigel's cock swelled in her hand, and she smiled at him. He leaned forward and kissed her with an open mouth. She pushed her tongue into his mouth and groaned, the fact that he'd let her kiss him this way evidently arousing her even more.

Nigel ignored the taste.

She pumped her hand faster on his cock and, to his amazement, he too was soon fully hard.

She reached down, took his hand, then squeezed his thumb briefly before stroking his cock again. "You know what I want."

She wants my cock where I put my thumb.

Nigel looked at Sean, flat on his back, hard as steel again. Karen was still toying with Nigel's cock, keeping him close on the edge. The thought of her wanting both of them inside her at once made him dizzy with desire.

He nodded his understanding. She moved to straddle Sean's legs and resumed pumping his cock, making him shudder.

"Time for more fun, I think."

Inching herself further up the bed, Karen aimed Sean's thick cock at her opening and lowered herself slowly onto it. She let out a groan, tentatively rocked her hips as if getting used to the girth, allowing her body

to stretch. Nigel remembered her telling him after Copenhagen that she'd found this position painful at first.

Karen began to gyrate her hips as she rode Sean. "Mmm. That feels good, but I want it to feel even better." She looked over her shoulder at her husband. "Come here, you."

Nigel crawled across the bed until he was kneeling next to them.

"Put your dick in my mouth."

Nigel knelt up on the bed and presented his cock. She took him deep into her throat and bobbed her head a few times before releasing him. Then she amazed him by spitting a blob of saliva on the tip.

She looked up into his eyes and nodded slowly, then lay down on top of Sean, crushing her breasts to his chest.

Nigel moved down the bed and had to straddle Sean's hairy legs. When he looked down at their union, all he could see was Karen's sex stretched wide around the thick shaft of Sean's cock, and the guy's huge, hairy balls. A thick, white sticky mess oozed out as she rode him: Nigel's own cum mixed in with her juices.

Sean's getting my sloppy seconds.

Invigorated, he steadied himself with one hand while using the other to guide his cock into place. He and Karen weren't total strangers to anal sex, but the last time they'd done it had been years earlier. He placed the dome against her neat hole, and pressed, making her groan.

She opened around him and the tip of his cock disappeared inside her. She groaned louder. Nigel held still and took a breath to give her time to relax.

After a few seconds, he placed both hands on her hips and pushed again. His cock slid further inside. The heat and tightness thrilled him, but then he felt something move against his shaft—Sean's cock buried in her cunt. That revelation excited him beyond all reason. Separated by only a thin wall of membrane, two cocks were pleasuring his wife at the same time. The very thought of it electrified him, amplifying every sensation.

Every moan Karen uttered reverberated through his mind; every time Sean's cock moved against his made his balls tingle. Nigel was lost in a moment of such intense rapture that he struggled to breathe.

“Oh... My... God.” Karen writhed between the men, her body apparently now accustomed to the double invasion.

Nigel sensed Sean pushing up from below, and so he began thrusting in tandem. This was what she’d asked for, and he was determined that she was going to get it.

They became a mass of moving flesh on the bed, Karen sandwiched between the men fucking her. Nigel pushed in harder, feeling Sean doing the same. He could feel him bucking at the base of the pile, the guy’s sheer strength lifting both of them up as he ploughed his big cock into Karen again and again. Nigel relished the power of its movements alongside his own, embarrassed that it excited him so much.

Karen’s screams reached a crescendo and Nigel felt her clench.

“Oh! Oh fuck, oh...”

The men kept pounding her, and then Sean held still. Nigel felt his cock twitch. It flexed again, and the realisation that Sean was pumping cum into his wife was too much to bear. He exploded with a grunt.

Karen reached round and dug her nails into his buttocks, and another eruption spewed into her. He could hardly catch his breath, but kept pumping his hips. His legs shook and his mouth went dry, but he’d never felt such a total release of energy.

Exhausted, he flopped down onto her back for a few seconds before remembering that their combined weight would be too much for Sean to bear. Nigel withdrew shakily, rolled over onto the other side of the bed, and took a deep breath. He turned his head and saw Karen smiling at him. Sean’s eyes were closed.

They lay in silence for a minute or so, then Karen raised herself up. There was an audible wet plop as Sean’s cock came out and fell back against his own belly.

Karen bit her lip and looked down at the men, glancing from one to the other. “I can’t begin to describe how that felt,” she said. “I’ve never felt so...” She shook her head as she struggled to find the words. “Fucked. I’ve never felt so totally fucked.”

Both men laughed.

“But now...” Karen frowned. “Now I’m leaking from everywhere, and I need a shower.”

With that, she jumped off the bed and rushed to the bathroom, leaving Nigel naked on the bed with another man. He was far too tired and euphoric to feel embarrassed.

Sean sat up and swung his legs off the bed, his back turned to Nigel. “I should really get back to my room.”

Nigel tried to hide his disappointment. He’d hoped their fun would continue throughout the night and into the morning.

“Do you want a shower first?” He was offering Sean the chance to join Karen.

The other man stood and turned. He smiled and shook his head. “No, I really need to go. I told Freja I’d phone when the party finished.”

Nigel nodded, and couldn’t help noticing how impressive Sean’s cock was, even in its relaxed state. “Okay, I understand.”

Sean pulled on his shorts, then his trousers. He was buttoning his shirt when Karen emerged from the bathroom, her hair damp and her naked body pink from the hot water. She frowned when she saw Sean dressing, then ducked back into the bathroom and grabbed the fluffy robe.

Fastening it round her, she approached him. “Are you sure you don’t want to stay the night?”

He shook his head. “I’m sorry, but I can’t.” He glanced down at Nigel, then back at Karen. “I didn’t think anything would top Copenhagen, but this...” He nodded toward the bed where the three of them had spent the last hour. “This was unbelievable.”

Karen smiled and stepped close to him. Without her heels on, she was about seven inches shorter than Sean and had to tilt her head back to look up into his face. “Thank you.”

He laughed. “I think I’m the one who should be saying that.” He looked over at Nigel. “To both of you.” He shrugged. “I was really apprehensive about tonight, because of...”

Karen rubbed his arm. “I know. I felt the same about meeting Freja.”

Sean sighed. “You two seem to have a much better understanding of each other’s needs than most people.”

Nigel smiled. “To be honest, it’s all a bit new to us, but we’re learning. I guess we should thank you, because Copenhagen was the start of

it.”

Sean looked surprised. “I have to admit I’m kind of jealous of what you have together.”

Karen looked at Nigel and smiled. “Yeah, I think we’re both lucky.”

Sean retreated to the armchair and quickly put on his socks and shoes, then stood and picked up his jacket.

Nigel felt awkward at being the only naked person there, so he pulled the sheet over him.

Sean stepped to the bed and held out his hand. “It was great to meet you.”

Nigel took the offered hand and smiled. “You too, Sean.”

Sean turned to Karen and shook his head. “I don’t know what to say.”

She laughed and stood on tiptoe to kiss his mouth. “Join us for breakfast.”

“I’ll try, but I feel like I might sleep until lunchtime.”

Nigel regarded the pair of them. “If you can’t make breakfast, I’m sure you two will be able to meet another time. Your company seems to have more meetings than most.”

The pair of them looked at him with startled expressions. He shrugged. “What?”

Karen shook her head slightly. “I’m not sure what you’re saying.”

“I’m saying I can’t imagine you two attending another meeting without ending up in bed together.”

The two of them stared at him for a second, then at each other.

Karen nodded. “I’d like that.”

Sean looked back at Nigel, then at Karen. “Yeah, me too.”

“Well then,” Nigel said. “Do it.”

Karen kissed Sean again, then walked him to the door.

After he’d left, she returned to the side of the bed. “You never cease to amaze me.”

“Well, I don’t think I’ll be able to amaze you again tonight. I’m an old man, you know.”

She sat on the bed and took his hand in hers. "You're a wonderful man, and you amaze me with so much more than just your body."

He stroked her hand with his thumb, hardly able to believe how happy he was. "This thing we're doing, it's really working for us, isn't it?"

"Definitely."

"And you're happy with what we're doing?"

She giggled. "What do you think? You saw what tonight did to me."

"But what I mean is, you're not just doing it because I asked you to?"

"No, of course not. I love it."

He nodded. "I just wanted to make sure you didn't feel like it's something you've been pressured into."

She leaned close and nibbled his ear. "You've just coerced me up the bum."

He sniggered and pulled her hair. "I'm serious."

"If I didn't want it, I wouldn't do it. You know that."

"Okay." He nodded, happily reassured.

"But while we're on the subject of me giving myself freely to every Tom, Dick and Harry..."

"I think you've had more Dicks than Toms or Harrys, but what about it?"

"Before we started it all, were you happy?"

Dread crept into his stomach and he wondered where this was leading. "Of course I was happy."

"But didn't you feel you were missing out on something you really wanted?" She frowned, like she was trying to choose her words. "I mean, you *seemed* happy, but what if I'd said 'no' to your suggestion about Copenhagen? What if I'd refused to even discuss it?"

He stroked her hair. "Then I would have accepted it and we'd have carried on with our lives as we were."

"Are you sure? I can see how much you're getting out of this, and I'd hate to think you've gone through twenty years without experiencing something you really wanted."

“*You’re* what I really wanted, and I would’ve been happy to have you to myself for another twenty years.”

“But you’ve fantasised about it for ages.”

“Everyone has dirty thoughts, something that scratches an itch. This was mine, but I had no idea what it would really be like. Never did I dream it would be this good, or that you’d... Well, you know.”

“No, what?”

“That you’d take to it this way. It’s like...” He raised his arms, palms up. “Like something inside you has come alive, something I never knew existed.”

She shook her head in defence. “We’ve done stuff before. Maybe not for a while, but tonight wasn’t our first bout of anal, and you’ve had loads of blowjobs over the years.”

He laughed and nodded. “Yeah, but I’m talking about the way you act, even the way you look at me nowadays. You just have to smile a certain way, and I get a hard-on. And as for the sex-talk...”

She flashed a smile. “I read a lot of books.”

“Hmm. It might be that, but I think it’s a natural flair you’ve kept hidden from me. So much so, now *I’m* the one wondering if you’ve been happy for the last twenty years.”

She laughed and looked into his eyes, and they were silent for a few seconds.

Nigel pushed her arm. “Let me get up, I need a shower.”

When Karen stood, he pushed back the sheet and got out of bed.

“Nige, were you serious about me and Sean at other meetings?”

He nodded. “I wouldn’t have said it otherwise.”

“Thank you.”

“This arrangement isn’t just for me, you know that.”

“I know.” A smile creased her face. “But we both know that I’ll tell you what happened, and we also know what you’ll do to me afterwards.”

Nigel nodded and headed to the bathroom, confident he’d be hard enough to go again after his shower.

Karen's Holiday Adventures

Karen gripped Nigel's hand. "Although a part of me wishes the girls were here, it's really nice for us two to be alone like this."

He nodded. "We should try and get away together more often. Not for as long as this holiday, but maybe short city-breaks would be doable now the girls are older."

"Ooh yeah."

He laughed when he saw her expression. "And straight away, you're thinking about sex with strangers."

"No I'm not." Her face cracked into a smile. "Well, maybe a little."

He shook his head. "I'm trying to organise a romantic break, and all you can think about is getting some stud between your thighs."

She scrunched up her nose. "Well, it's your fault."

"So, where should we go? Do you want to get rammed in Rome or bonked in Barcelona?"

"Maybe I could get pumped in Paris instead."

He laughed and kicked water at her, making her squeal.

A path through the dunes looked like it might be a way back to their bungalow. "Come on," he said. "Let's head back to the hotel and have a drink."

As they made their way across the beach, they had to stop to put their flip-flops back on because the sand was too hot to walk on. The path did lead back to the bungalows, and as they passed one, they saw a blonde woman lying on a recliner on the veranda. It took Nigel a moment to realise she was completely naked. As they walked past—barely ten yards away—she waved in greeting, then let her legs fall open to give them a full view of her sex.

Karen waved back, and the next bungalow they came to was their own. She turned to smile at Nigel. “It looks like our neighbour is an exhibitionist.”

He nodded, still a little shocked. “I didn’t know nudity was allowed here.”

“I’m pretty sure it’s illegal to even go topless, but it’s not like she was on the beach.” She shrugged. “Besides, she has a great figure. I quite like the idea of having her as a neighbour.”

"Oh?" Karen finding women attractive was something he’d never considered before, but now a warm tingle spread through him.

She saw his expression and smiled. “Behave.”

He shrugged, then leaned close. “So, you liked her figure?”

She laughed. “Never say never, that’s my new motto.” She fished in his bag for the key then stepped up onto the veranda. “If we’re going to the bar, I’d better put something on.”

He put his t-shirt back on and waited until Karen came back out, now wearing a short cotton sundress. They headed back to the hotel, which was in the opposite direction from their naked neighbour.

After finding a table overlooking the pool, they ordered two beers. The waiter, a young black man wearing a white polo shirt and black trousers, gave a friendly smile as he delivered the drinks.

They thanked him, and after he’d left, Karen looked at Nigel and raised her eyebrows. “He was rather attractive.”

“I noticed that you’d noticed.”

She laughed and raised her bottle in a toast, then took a sip.

Nigel had a low-level buzz. Over the last thirty minutes his wife had alluded to the possibility of sleeping with a woman and a black man. As far as he was aware, she'd never done either of those things before. The prospect of her doing them on this holiday excited him more than he dared admit, and he smiled to himself.

“What are you thinking about?” She was smiling, too.

He shrugged, then took a slug of his own beer. “This and that.”

She laughed and shook her hair back from her face, then slowly crossed her legs. “Oh, I’m going to enjoy this holiday.”

Life keeps getting better and better for Nigel. His long-held wife-sharing fantasy is now his reality, and he couldn't be happier.

Or at least that's what he thinks until his wife reveals her plans for a break.

Their daughters are going away with their cousin's family, so Karen books a holiday for the two of them—on a Caribbean island. What's more, she promises to make it a fun-filled week where nothing is off-limits.

Under the hot tropical sun of St Lucia, Nigel learns just how hot his hotwife can be.

He's shocked by the diversity of her sexual appetite, but then she did promise him an 'anything goes' holiday adventure...

Bon Voyeur

After about fifteen minutes, Sophie leaned up on her elbow and started to kiss Joel, ready to continue with her night of passion. As she pushed the quilt down the bed with her foot, Jim saw that her hand was gripping Joel's dick, slowly masturbating him. Joel was already hard. Evidently, he was ready for more, too. Jim wondered how long Sophie had been playing with him. Sophie climbed on top of him, feeding his thick dick inside her.

Jim knelt on the bed next to their legs and watched as his wife slowly made love to the other man. Her head was buried against Joel's shoulder, her long tousled hair a dark fan over the pillow, hiding both their faces. Their bodies moved together in a slow, sensual dance. From his position on the bed, Jim had a perfect view of their union. With each slow, upward movement of Sophie's hips he could see Joel's slippery hardness, partially exposed for a second or two before it disappeared again inside the dark pinkness. Joel was holding Sophie's hips in his hands, moving her on him. Jim stretched his hand out and gently stroked the back of Sophie's leg, aroused to feel her thigh muscles working as she rode his friend.

There was a layer of perspiration on Sophie's back, giving her a sultry, exotic look in the dim yellow light. Their lovemaking seemed to go on for a long time before Sophie reached her climax. She was very vocal as she came – muffled moans and sighs as the current built up, urgent grunts as the waves swelled inside her, then screams and shouts as the waves broke into an explosion of pleasure. Finally, she let out grateful cries and whimpers as she rode the final ripples of her orgasm. Jim was in a cold sweat and felt like his stomach was in a vice.

Another man in their bed? Madness! Sophie and Jim had never done it before—heck, it was only supposed to be a fantasy to get them in the mood for each other. What if Sophie likes it too much? What if Jim has second thoughts when he sees his beautiful wife taken by another man? What if she enjoys the other man more because he has more to offer?

When the perfect opportunity presents, though, they both jump at the chance.

Joel is tall, handsome, and so much bigger than even Sophie expected! Best of all, he's moving to the other side of the world, so they need never see him again. If Jim plays this right, Joel won't even suspect the stranger they're sharing is his loving wife.

Watching his beautiful Sophie—so vulnerable, so unprotected, so utterly owned—Jim experiences a powerful revelation. It's sure been fun

having a gorgeous wife all to himself, but it's much more fun to share.

Operation: Cuckold

“Come on, Sissy. Get up here now.”

Harry obeyed.

Roy held his huge cock in his hand. “Right, now jerk me off into your wife’s pretty face.”

Harry’s mouth dropped open. “What?” He turned to look at Michelle, who stared back at him with unfocussed eyes. Her hair was clinging to her face.

Roy grabbed Harry’s arm and pushed it towards his huge cock. “I said beat my fucking meat. Your wife wants to feel my hot cum all over her face.”

Harry hesitated for a split second too long.

Roy slapped him round the head. “Come on, Sissy, I’m itching to blow, here.”

Stunned, he reached out and wrapped his hand around the dick. It was hot, wet and slippery. And bigger than anything he’d ever held before. He gripped tighter.

“That’s it. Now, wank me off.”

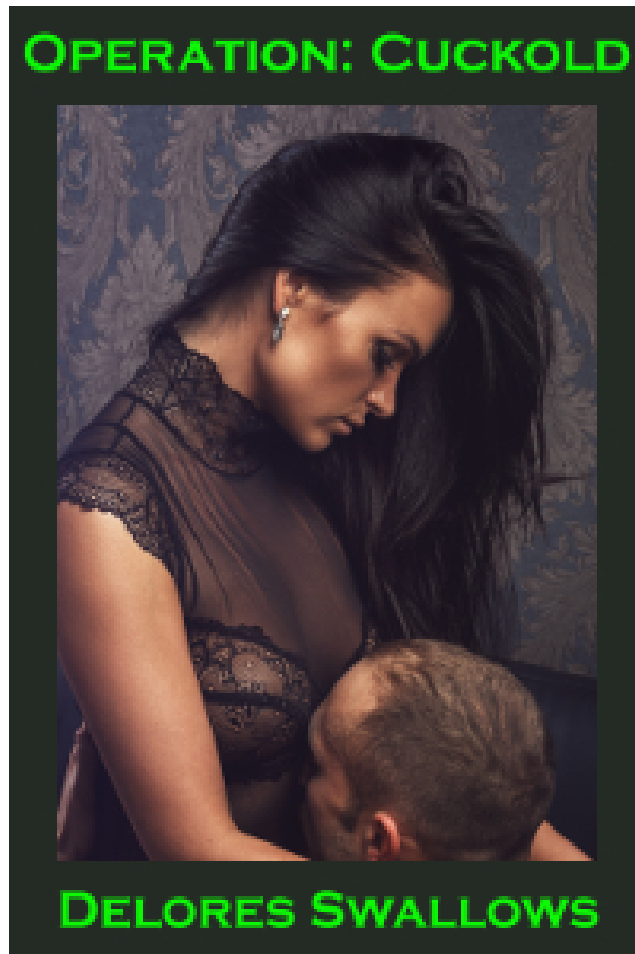

Harry started to slide his hand up and down on Roy’s cock. It felt surreal.

“Yeah, that’s it. Work it like that, but faster.”

Without taking his eyes off the cock in his hand, Harry started to pump his wrist faster. He’d had lots of practice at this over the years, but

only ever on his own small cock. He looked up to his wife's face. She was watching him, smiling. He moved his hand faster, gripped a little tighter.

Michelle shook her hair back from her face, licked her lips. "Come on, drench me." She leaned closer and held her tongue out.

Harry's having problems rising to the occasion and discovers Michelle's been using porn to help take care of things herself.

He suggests she lives out her fantasy of a one-night stand, but is shocked by how much he gets out of it. As they repeat the experience with other men, pretty soon neither can stand the idea of going back to what they had before, even though Michelle pushes Harry right out of his comfort zone.

A cuck and bull story about a very happy hotwife.

Stag Nights

Michelle climbed up off the lounge and turned to face Harry. Lucas's sunglasses still hid her eyes, and his cum still covered her chest and stomach.

She tilted her head to one side and smiled.
“Take my picture.”

Harry did so, taking at least ten shots.

“And now shoot a video,” she ordered.

Harry obeyed, selecting the correct option and pressing the red button.

Michelle smeared the cum all over her stomach and breasts while looking directly into the lens. “I have a confession—this isn't my husband's cum. My husband has just watched another man fuck me, and I

know he enjoyed it almost as much as I did.” She licked her lips. “And when we get home, my husband is going to use me for his pleasure, and then he’s going to come all over me as well.” Michelle gave her most beautiful smile. “I love my life.”

There were butterflies in Harry’s stomach, and he stopped filming. He stared at Michelle, who removed the sunglasses and looked down at her body.

Harry and Michelle are now fully entrenched in their new wife-sharing lifestyle. Michelle is proving to be one of the hottest hotwives around, with bulls waiting in line to take turns. Literally.

As Michelle gets more of what she craves, she pushes Harry further into the role of the cuckold and he's presented with situations he finds hard to accept.

Things look like they might be going awry until he discovers that not all wife-sharing husbands need to be cucks...
