

A romantic couple is shown in a close embrace. The woman, with long dark hair and wearing a black strapless top, is leaning her head against the man's forehead. The man, with short brown hair and a light beard, is wearing a white shirt under a black suit jacket. They are both looking down, creating an intimate and sensual atmosphere. The background is dark and textured.

Extramarital Pursuits

The complete sordid tale under one sweaty cover...

Operation Cuckold: *Harry's having problems rising to the occasion and discovers Michelle's been using porn to help take care of things herself. He suggests she lives out her fantasy of a one-night stand, but is shocked by how much he gets out of it. As they repeat the experience with other men, pretty soon neither can stand the idea of going back to what they had before, even though Michelle pushes Harry right out of his comfort zone.*

A cuck and bull story about a very happy hotwife.

Stag Nights: *Harry and Michelle are now fully entrenched in their new wife-sharing lifestyle. Michelle is proving to be one of the hottest hotwives around, with bulls waiting in line to take turns. Literally. As Michelle gets more of what she craves, she pushes Harry further into the role of the cuckold and he's presented with situations he finds hard to accept. Things look like they might be going awry until a helpful bull called Ben explains that not all wife-sharing husbands need to be cucks...*

Unleashing the Bull: *When Josh's ex-girlfriend asks to meet for coffee, his hopes that they might get back together are crushed by news of her whirlwind romance and marriage. He offers his congratulations through gritted teeth, still besotted enough to agree to meet her again just days later. This time, Olivia's more provocative, more flirtatious, and she tells him exactly what part of him she misses the most. Caught up in a rush of emotions which steamroll over his morals, he goes back to her upmarket townhouse and indulges in what he's been missing. Her behaviour—coarser, sluttier—puzzles him, but that doesn't stop him going back for more. And then she tells him that her husband wants to meet him. Josh is stunned to find that her husband is a cuckold who actively encourages their*

liaisons. Hotwife Olivia, with her husband's help, convinces Josh that he has the physical attributes and stamina to service not just her, but several of her friends. Rising to the challenge, he becomes Ben the Bull, and loves every minute of it. As he explains to a friend, his life is full of dates with gorgeous women interested in having hot, dirty sex and nothing more.

Surely, no red-blooded man could want for anything more than that...?

Part I – Operation Cuckold

Chapter 1

They lay side by side staring at the ceiling. Harry could hear his wife's breathing—short intakes of anger and frustration.

"I'm sorry, Michelle."

"Why won't you see someone about it?"

"I will."

"You said you'd see your doctor *months* ago, yet here we are again..."

"I'll make an appointment, okay?"

"This is the sort of things that affects older men, not someone who's thirty-one."

"It's not every time, though. It was okay the other night when we—"

Michelle turned to look at him. "The other night you weren't fully hard, but you spooned it in. By the time it was getting hard enough for me to get any pleasure, you came."

"But you came as w—"

"No, I didn't." Michelle shook her head once, a sadness filling her eyes. "I faked it, Harry. I pretended I'd come because I know you're anxious. But something's got to change."

Harry saw her tears and hated himself. *What the fuck's wrong with me?* "I'll get some pills. I've got a spam folder full of suppliers."

"I think it's all in your head."

Harry sat forward, puzzled. "What d'you mean by that?"

"I think you're having issues with me."

"No I'm not. Why would you think that?"

Michelle shrugged.

He waited for her to say something, but she just stared at the ceiling, her eyes over-bright. He stroked his hand across the flat of her belly. "I'm

married to the best-looking woman I know, and for some reason I can't get it up for her. Whatever my problem is, it's physical."

She shook her head. "When you're asleep you get amazing erections."

This news surprised him. "When?"

"It's happened a few times."

"How do you know?"

"I feel them pushing against my back. Or I put my arm around you and feel it pressed against your tummy."

"Maybe you should use me then."

She gave a half-smile. "Don't think I haven't considered it."

"I'm sorry." He squeezed her hand. "I'll make an appointment."

She nodded, turned the light off and they settled down under the quilt. Michelle slept soundly, but Harry lay awake for hours.

* * * *

A few days later while using their tablet, Harry accidentally clicked on the Kindle app, which opened up the current page of a story Michelle must be reading. He was about to close it when a line jumped out at him.

"You don't need to know everything, you only need to know how many cocks I had inside me. How many cocks I sucked."

Harry skimmed down the rest of the page. The woman in the story had admitted she'd just cheated, but before she'd finished describing the details, her husband had ejaculated over his stomach. He opened the library; there were a lot of books he'd never seen before. He scanned the titles and thumbnail icons of the covers. Most featured muscled torsos of shirtless men.

Michelle was working in the kitchen, so Harry read the blurbs and skim-read several of the stories. Nearly all involved a married woman who had sex with other men. But the cheating wife—known as a *hotwife*, apparently—made sure her husband knew about her infidelities. She'd either describe it, or, in some of the books, actually make him watch while she had sex with the other men.

Harry had a strange tightness in his stomach. He closed the app, his mind racing. Had Michelle always read dirty stories? And if so, had she always liked this type, or was it a new fantasy thanks to his inadequacies?

Michelle shouted something from the kitchen and when Harry stood he felt a wetness inside his boxers. He was actually *aroused* by the thought of Michelle reading this kind of story, but wasn't sure why.

The following Saturday, Harry was playing tennis when his opponent pulled a calf muscle in only the second game. The match was cancelled and Harry arrived home two hours earlier than planned. He dumped his kit in the kitchen and as he walked through into the hall, he heard Michelle's voice from upstairs. He was about to shout up and announce his presence when he heard her again and paused. He'd assumed she was on the phone, but this time it sounded more like a groan.

Harry stood with one foot on the bottom stair, his mind and pulse both racing. Was there another man with her? He crept up a couple of stairs and heard her moan again. Now certain her moans were a result of sexual pleasure, coldness gripped his stomach. Before he reached the landing he became aware of another noise and his gut relaxed, but his heart beat a little faster. It was a low buzzing sound.

The bedroom door stood slightly ajar and he crept along the landing towards it. From the door he could see the bottom half of the bed. Michelle's feet were placed apart and heel-down, her toes pulled up. He inched his head further to the right and her legs came into view, knees bent and raised slightly off the sheet. He heard another guttural moan, and his cock stirred inside his tennis shorts.

Harry moved a little further so he could see her body up to the shoulders. She wore a t-shirt, but was naked from the waist down. Her right hand eased a vibrator in and out of her sex in a slow, steady rhythm. Her left hand supported the tablet, which rested on the bed. She was watching a porn film. The screen definition was clear enough for Harry to see a woman on her hands and knees being fucked from behind. As the guy increased the speed of his thrusts, so Michelle increased the intensity of her arm movements. In the film the man withdrew and the girl turned round. She opened her mouth wide as he ejaculated, some of his cum hitting the target, but some also landing on her cheek. Michelle dropped the tablet back on the

bed and raised her hips, pounding herself with the vibrator until she screamed her release. Her hand movements eventually slowed, rocking the toy forward and back rather than stabbing with it. Michelle's breathing was heavy and Harry's cock was rigid.

He stepped into the room. Michelle yanked out the vibrator and spent a split second trying to conceal it but gave up, looking resigned and embarrassed. Harry pushed down his shorts and released his cock. She stared at it with wide eyes, then looked at his face. He grabbed her feet and pulled her down the bed towards him. She parted her legs and he pushed inside her. His cock was harder than it'd been in months. He pulled her onto his thrusts, each one making her yelp. He continued his onslaught until the contractions of her second orgasm made him erupt inside her. He cried out and she wriggled and rocked her hips, squeezing herself around him. He closed his eyes and felt the tension draining away.

Harry eased out of her and stripped off his tennis kit. Michelle slipped off her t-shirt and they both climbed into bed. Harry picked up the tablet. The video clip was still running. The actor was now sitting in a chair, the actress kneeling between his legs. The guy had another erection and Harry noticed how well-endowed he was. His cock must have been at least nine inches long, the girth so thick the actress struggled to get her lips around it.

Harry nodded at the screen. "Jesus. I can see how he got a job in porn movies."

Michelle kept her head on his shoulder and her eyes on the screen. "Yeah."

"Probably didn't even need to audition, just send in a picture." He felt her smile against his arm. "Michelle, I saw the books in the Kindle library."

He felt her stiffen slightly, so he turned and kissed her head. "I had a look at a few of them. There's a common theme."

"Yeah, I suppose..."

"D'you want to talk about it?"

She sat up. "Talk about what?"

Not wanting to lose this closeness, he tried to defuse any confrontation. “I thought we could talk about the stories you’ve been reading.”

“There’s a few books, so I’m not really sure—”

“The ones I saw all seemed to involve a *hotwife*.”

“Er, yeah.”

Harry tried to sound casual. “It’s not a big thing, but if you wanted to—”

“They’re just stories, Harry.”

He stroked her hair. “They’re stories about married women getting fucked senseless by strangers with big cocks.”

Michelle laughed. “Yeah, I suppose they are. It’s escapism—and a common fantasy.”

“Does it turn you on?”

Michelle shrugged. “Some of the books are good. They’re stories about a lot of things, relationships and stuff. They’re not just about the sex.”

“How long have you been into those ones?”

“I don’t know. Why?”

He didn’t answer because on the screen the woman had just made the guy come again. This time he’d ejaculated between her silicone-enhanced breasts. When Harry glanced at Michelle, she was staring at the screen, watching the actress massage the cum into her breasts with red-nailed fingers.

Harry cleared his throat. “I got really turned on watching you.”

“I’m sorry I—”

“There’s nothing to apologise for. I know you have needs.”

“Yeah, but you don’t need me making things worse by—”

“You gave me the first proper hard-on I can remember in ages.”

She looked into his eyes. “Why then, though? Why not when I want you inside me?”

“I don’t know. I love your body, and to see you in the throes of ecstasy was a big turn on. I was on the landing for a while.”

Michelle's eyes widened. "How long?"

"A few minutes. I could have walked in earlier, but I wanted to see you make yourself come."

"Why didn't you join me and make me come with your cock, instead?"

He shrugged. "I don't know. I considered sneaking off after I'd watched, but thought my hard-on was too good to waste."

"Hmm, it was."

"Michelle..."

"Hmmm?"

"I've been thinking..."

"Oh?"

"I read part of one of the books you've downloaded."

She had a smile on her face. "Yeah?"

"About a married woman who'd fucked around."

"A hotwife," she corrected.

"Right. Well, I liked the story. I found it exciting."

"They're popular with women *and* men."

He nodded. "I can see it'd be a nice fantasy."

Michelle held his gaze, still smiling.

"Do you get wet when you read them?"

Michelle laughed and shook her head. "I think I've embarrassed myself enough for one day."

"Don't be embarrassed."

"How would you feel if I'd caught you beating your meat and watching porn?"

Harry saw her point. "When women do it, it's sexy."

Michelle frowned, showing she didn't agree.

"Do the stories make you wet?"

"Oh, for god's sake! Yes, Harry, they make me wet. Happy now?"

"What if I suggested you make it more than a fantasy?" Harry bit his lip, his stomach in knots.

She turned away from him, stared out of the window.

He wasn't sure if he'd upset her. "So what do you think?"

Michelle shook her head, puzzled. "What're you on about?"

"After I saw the books, I started thinking."

She watched him but didn't interrupt.

"The fact I'm having problems with..." He nodded towards his crotch.

"Harry, please don't make this—"

"No, listen. I know you're not getting what you need, and I feel bad about it. After reading bits of those books, I started imagining you getting what you need from somebody else."

"That's not going to happen. I love you, and all I need is for you to get back to normal."

"I know, and I will. But it'd be a short-term fix."

Michelle shook her head. "I don't need a short-term fix. I need you, long term."

"You'll always have me. But..."

"But what?" A playfulness crept into her smile.

"But while we're waiting for me to get back to normal, you could have a one-night stand with some bull and get what you need from him."

Her eyebrows went up. "You'd let me do that?"

Harry shook his head. "Not let you—I'd *encourage* you to do it."

"Why? To ease your guilt?"

"No, although it may make me less anxious. But the idea of you getting pleased by someone else turns me on."

"Since when?"

"Since I read those stories, I suppose. But what really convinced me is how I felt when I watched you with your vibrator."

"Don't keep going on—"

"I loved it. The fact you were watching porn made it even hotter."

"Why?"

“Because you weren’t thinking about the vibrator, you were pretending it was him fucking you, his big cock inside you.”

Michelle wouldn’t—or couldn’t—look at him.

He sat up in bed, took her hand in his. “Don’t be embarrassed—that’s what turned me on the most. That’s why I think you should get the real thing. It’s not that I want to share you, but a night like that could help both of us.”

“Harry, watching me masturbate and imagining me with somebody else are two very different things.”

“I wouldn’t want to imagine you with somebody else. I’d want to watch.”

“*What?* You can’t be serious. I don’t know what part of your body’s doing the thinking, but it’s not your brain.” She got up and walked into the bathroom.

Harry heard the water running, got out of bed and followed her. Michelle was just stepping into the shower and he joined her. He picked up the soap and started to wash her shoulders. He waited until she looked up into his eyes before he spoke. “You can’t pretend the idea doesn’t appeal.”

“It’s a nice idea, but I don’t intend cheating on you.”

“It wouldn’t be cheating. I’ve told you, it’s what I want.”

She shook her head. “Harry, why are you doing this?”

“Because I love you, and I want you to be happy.”

“I *am* happy.”

“I know. But I want to make you even happier.”

Michelle smiled. “Hmm, we’ll see.”

They finished their shower and spent what was left of the afternoon doing chores around the house and garden. They decided to eat out, and after a nice meal in their regular pub, they were sitting on a leather couch near an open fire.

Harry leaned close to whisper in her ear. “What sort of guy do you fantasise about?”

Michelle smiled mischievously. “Oh, the usual. Hard body, big cock.”

Harry tried to maintain his smile. He knew his cock was nothing like the one in the film. Stats said that six inches was average, so Harry was almost average. But he felt inadequate. Michelle's vibrator was two inches longer and considerably thicker than his cock. "What would you want him to do to you?"

She started to shake her head, but Harry rubbed his leg against hers. "Come on, it's your fantasy. Tell me what you'd want him to do."

"Fuck me." Michelle shook her hair back from her face and looked straight into his eyes. "I'd want him to fuck me. Hard, and from behind."

He had a lump in his throat. "Like in the film."

"Yeah, like in the film. I'd want to be used like that."

"What about safe sex?"

She hesitated. "That's something I hadn't considered. It's only ever been a fantasy, but I suppose a condom would be wise."

Harry thought back to the film, and remembered her raising herself up off the bed at the point of the guy's climax, achieving her own at the same time. "But in your fantasy the guy doesn't wear a condom, does he?"

She gave a half-smile and shook her head. "No, in my fantasy there's no condom."

"Does he come in your mouth, like in the film?"

She held his gaze.

He pushed his knee against her leg again. "Come on Michelle, you can tell me."

She looked at him. "In my fantasy, he just uses my body. He fucks me hard for a long time, and then he turns me around and comes into my mouth."

Harry was shocked. She liked to be wooed, kissed, stroked and cuddled. "That's not how we act in bed."

"That's because you're my husband. We're in love and we make love. In my fantasy I'm with a stranger. I don't want him to *make love* to me."

Harry stared at his wife. She'd just confessed to fantasising about getting fucked hard by a stranger, and he was turned on. He remembered

the force with which she slammed the huge sex-toy into herself, her screams of ecstasy as she came. He imagined how much hotter it'd be with a man kneeling behind her, pounding her with all his force. Harry wondered how loud she'd scream then.

“He could be a soldier.” Michelle's voice interrupted his thoughts.

“Sorry?”

“The guy, he could be a soldier.”

“Why a soldier?”

She shrugged. “Why not? I think a soldier would be happy with a casual sex arrangement.”

Harry laughed. “Michelle, you're gorgeous. Any man would be more than happy with a casual sex arrangement that involved you.”

She smiled. “I want a fit guy.”

Harry saw her point. “I think Aldershot has a big army barracks.”

“Okay then, take me to Aldershot.” She held his gaze and he felt she'd issued a challenge.

Harry took out his phone and opened the browser. He searched for city-centre hotels, whizzed through the options until he found one he liked. He took out his card and entered the number, then put his phone back in his pocket. “We're booked in for next Saturday night. You've got seven days to wait.”

Michelle looked shocked. “Are you serious?”

He nodded. “Of course I am. I wouldn't have suggested it if I wasn't.”

“But what if you can't stand to watch? Or if jealousy surfaces after the event? That'd spoil everything we have, and I could never make it better.”

Harry smiled. “If I can't stand to watch, I'll discreetly leave the room. But I really don't think that'll be the case. And if I start having nightmares afterwards, all you'll need to do is remind me it was all my idea. I promise I won't blame you—you've made it very clear that you'd be happy to leave it as a fantasy. Does that put your mind at rest?”

Michelle half-smiled. “I suppose so, but now I’m the one with anxiety.”

He laughed and kissed her forehead. “Well, you’ve got a week to decide what you’re going to wear, and how you’re going to pick him up.”

Michelle nodded, then knocked back her drink in one gulp.

When they got in bed twenty minutes later, both were randy. She reached for him, and he was fairly hard. She climbed on top and started to move on him. He noticed how wet she was and realised he was closer to orgasm than he ought to be. As he worried about coming too soon, his erection started to wilt. Harry closed his eyes so he didn’t have to see Michelle’s disappointment. He cast his mind back to watching from the landing, the quiet hum of the vibrator, the squelching of her juices as she moved it in and out, the grunts she made as she approached orgasm, her screams as she tipped over the edge. His erection was back. Harry thought about the film she’d been watching. In his version of the movie, Michelle was down on all fours, being fucked from behind by the guy with the enormous cock...

Harry let out a groan as he came. He opened his eyes and was about to apologise when he felt her contractions gripping him. Michelle rocked on him for a few more seconds, let out a long sigh then opened her eyes and smiled, her breathing ragged. Obviously the idea of what they’d got planned was working for both of them.

As they lay together, Michelle stroked his chest. “Harry...?”

“Hmm?”

“Are you sure about this?”

He pulled her closer. “Yes.”

“But...”

“But what?” He looked down at her.

Michelle bit her lip. “What if I manage to get a guy—?”

Harry snorted. “You’ll get a guy. You’re gorgeous!”

“Thank you. Okay, say I get a guy who’s happy to come back to our room, and everything’s good. What happens then?”

“If everything’s good, I presume you tell him you want to be fucked hard from behind. If you want the whole fantasy, I suppose you should tell him to come in your mouth as well.”

Michelle pulled away to look into his eyes. “You wouldn’t mind that?”

Harry shrugged. “Not if it’s what you want.”

“I thought you wanted him to wear a condom?”

“I didn’t say that. I just asked if you’d thought about the risks. I suppose we’d have to trust him...”

“But what I’m getting at is, what if the night’s a success?”

“You mean what if you get fucked senseless and I shoot my load in my pants while I’m watching?”

She nodded, then shook her head. “Not the second part. Would that happen?”

Harry shook his head. “No, I don’t think so.”

“Well, what I mean is, what happens after?”

Harry watched her face. She looked serious. Fair enough—it was a very serious question. “I suppose we’ll have to talk about how we felt about it, and decide if it’s the sort of thing we’d want to repeat.”

“Do you think it’s the sort of thing you’d want to witness more than once?”

“I can’t give you a definite answer—but in theory, if we both get as much out of it as we’re hoping...”

Michelle looked thoughtful.

Harry was struck by another issue. “How will you explain to the guy what you want? And my presence?”

She grinned. “I’ll tell him it’s my birthday and that you’d said I can have anything I want. And that I’d chosen him.”

He laughed.

“Or, maybe I could tell him it’s your birthday, and it’s something *you’ve* always wanted.”

“I think I’d prefer your birthday, otherwise he’ll think I’m a pervert.”

“Harry, if we do this, we’re probably both perverts.”

“Hmm, I hope so.”

Chapter 2

The following Saturday night they were sitting in a crowded bar in Aldershot. Harry found a high table at the back of the bar and hopped up on the stool, almost spilling his Corona. He could just about make out Michelle near the bar through the Saturday night squaddie crowd. He studied his wife, aware that several other men were eyeing her up, too. Harry got the impression that the ‘fishing expedition’ wasn’t going to take very long.

Michelle wore a cream lace blouse, a black fitted skirt that reached her knees, and black high-heels. Her long brown hair appeared to shimmer every time the rotating blue ceiling spotlights passed over her. Within a few minutes, Harry saw a man approach his wife but he left after just a couple of words. She can’t have had time to have made her suggestion, so she can’t have considered him suitable as a bull. Or, he thought, to put it more bluntly—she didn’t want to fuck him. Another guy approached her and she smiled at him, then nodded. Harry felt a lump in his throat, wondering how she could have sorted things out so quickly, but then the guy headed to the bar. Harry chastised himself for his stupidity; Michelle had simply accepted his offer of a drink.

Harry watched the pair of them chatting for about fifteen minutes before Michelle went to get their next round. Harry’s stomach tightened as she leaned closer and whispered into the man’s ear. The music blaring from the speakers made eavesdropping impossible, but from her body language, Harry felt sure she’d just told the man what she wanted—what they wanted. He wished he could have heard their conversation. It would have turned him on.

Michelle took the guy’s hand and led him over to Harry’s table. As they got closer, Harry got a better look at him. He was probably under six feet, but his shoulders were broad. His fair hair was cut very short. He had blue eyes and an unfriendly face, and Harry realised he didn’t like the look of him.

Michelle looked nervous. “Harry, this is Paul. He’s going to help me celebrate my birthday.”

The guy didn’t offer his hand, but simply nodded. Harry nodded back, wondering if he should offer to get them both another drink, but Michelle was obviously eager to get back to the hotel.

“Let’s go.” She headed for the door, still holding Paul’s hand. Harry followed, feeling more emotions than he could count.

The hotel was only a couple of minutes’ walk away, and neither Michelle nor Paul spoke to Harry as they all made their way through the town. The pair of them walked arm in arm, with Harry trailing a couple of paces behind. He wondered what the two of them were thinking—both probably excited, but surely the man found Harry’s presence a strange complication to what was otherwise a very attractive proposition. They walked through the hotel reception and straight to the elevator.

Before they’d left their room, Harry had rearranged the furniture, moving the chair from the desk and putting it in the bay of the window, facing the bed. Only the reading lights over the bed were on, leaving Harry’s chair in relative shadow. Michelle used her card to open the door, and they all moved into the room. Harry hoped she didn’t excuse herself and disappear to the bathroom—he didn’t want to be left alone with the other man. Apart from the dislike he’d felt in the pub, Harry also felt a little intimidated. Something about the way Paul looked at him made him uneasy, but he was determined not to let his unsettled feelings spoil the night. He went straight to the chair and sat, getting out of the way.

Michelle glanced at him, then back at Paul. She took a deep breath, looking self-conscious. “This is weird.”

She bit her lip and reached out, stroked Paul’s chest. “So, when are you going to give me my birthday present?” She moved closer, putting her arms around his waist. Then stood on tiptoes and kissed him on the mouth.

Paul hesitated, but not for long. His huge arms wrapped round her, pulled her close as he returned the kiss. His arms slid lower, and Harry watched as the other man’s hands squeezed his wife’s bum. He watched as the man pulled her against him, no doubt pushing his erection against her. Michelle stepped back as they broke the kiss. She was a little breathless as

her fingers fumbled with the buttons of his shirt. Paul glanced in Harry's direction, then set about undoing Michelle's blouse. As both garments were removed, Harry noted the sheer difference in size between the two of them. She was very petite, though her shoulders and arms were nicely toned, while Paul was solidly built. He was probably twice as wide as her from shoulder to shoulder. His chest had a smattering of hair, and the muscles in his arms and stomach were well defined—like the men on the covers of the downloaded books.

Michelle undid her skirt and allowed it to slide down her legs. Paul kicked off his shoes and unbuttoned his jeans. He pushed them down, one hand on the bed as he pushed them over his feet, taking his socks with them. The pair stood facing each other wearing only their underwear, with Michelle still in her shoes. Harry held his breath as he watched them taking in each other's body. Paul reached around and released the clip of her bra and let it fall to the floor. He stared at her boobs for a few seconds then bent and took one of her nipples into his mouth. Harry's throat was dry as he heard Michelle catch her breath. Paul dropped to his knees and slipped his fingers into the waistband of her panties, pulling them down her thighs and revealing her neatly trimmed silky-black bush. He pushed them all the way down and Michelle stepped out of both panties and shoes.

From his chair, Harry watched as the other man stood and moved his wife to the bed. She sat on the edge and reached forward, rubbing her hand over the material at the front of Paul's shorts. Harry could see the outline of his cock. Michelle looked up into Paul's face as she slowly pulled down his shorts. When they reached his thighs, his huge cock sprung out like a jack-in-the-box. Harry stared at it for a couple of seconds, then saw the expression on his wife's face. Her eyes were wider than he could ever remember seeing them. She reached out tentatively and stroked the shaft with one finger. It twitched, pointed a little higher. She leaned forward and kissed the tip of it, then moved herself back onto the bed and lay down.

Paul reached down to his jeans and took a condom from his pocket. He placed it on the sheet and climbed over Michelle, lying next to her on the far side of the bed.

Harry was relieved he hadn't blocked his view.

The soldier slowly stroked her breasts and toyed with the nipples, then trailed his hand over her stomach, inching lower and lower. She moaned when his hand reached her sex, let out a sigh as he slipped two fingers inside her. Harry watched as his wife writhed and moaned while being fingered. He felt the first hint of pre-cum in his underwear.

Paul leant over Michelle and watched her face while he finger-fucked her. She was groaning and raising herself up to meet his hand, staring into his eyes. He increased his force and Michelle started arching her back like she'd done with the vibrator. Harry knew she was approaching orgasm. Paul obviously knew it too, and as her moans intensified, he dropped his face to her sex. Harry assumed Paul's tongue found her clit, because Michelle screamed as she came, pulling his head down and grinding her crotch against his face.

She pushed his hand away and gripped his cock, eager to get it inside her. Paul picked up the condom and ripped the wrapper. Michelle took it from him and placed it over the head, rolling it down the full length. Harry felt a weird thrill from seeing his wife's tiny hands holding the huge cock and hoped Paul didn't notice him watching.

Paul climbed between Michelle's legs and positioned his cock at the entrance to her sex. Harry could see the hairs glistening with her juices. He briefly wondered if she'd be able to take such a huge cock without discomfort. Before he had chance to dwell on this, he saw Michelle grip Paul's waist and pull him into her. Harry needn't have worried. The cock slid in easily and his wife's reaction was to let out a long, grateful sigh.

She wrapped her legs around the back of Paul's and moved with him as he fucked her slowly with long, deep strokes. Harry watched, mesmerised as the huge cock—pale yellow in its rubber suit—moved in and out of his wife. She was groaning and writhing and clinging onto him, running her hands over all the muscles in his back and arms. Her eyes were fixed on Paul's body, watching the rippling in his shoulders and abs as he fucked her. She let out another cry, and Harry knew she was coming again. He watched transfixed as she thrashed and moaned beneath the other man. Harry had to move slightly in his chair to ease the pressure of his erection.

“Oh, yeah, ride me.”

Harry held his breath as Michelle started whispering to her bull.

“Ride me, ride me. Keep feeding that fucking thing right into me. Oh, god...”

Paul raised himself up onto his arms and started banging her. Michelle yelped with each thrust, her eyes now closed, breathing heavily through her mouth. After a short time she rested her hands on his chest and pushed him up. He stopped his thrusts. Harry knew what she was going to say.

“Fuck me from behind. I want you to do me doggy-style.”

As Paul knelt up she flipped over onto all-fours. Harry loved her body, and in this position it looked really good; smooth legs, the perfect swell of her backside, pert boobs pointing down. Paul tried to get into position but his cock was slightly too high—his thighs significantly longer than hers. He stepped to the floor and stood at the foot of the bed. Michelle crawled backwards, and Harry watched the huge cock disappear inside her again. As Paul pushed, Michelle’s eyes shot open in surprise. He was going deeper than earlier, probably deeper than anyone had ever been before, and Harry felt a strange thrill he couldn’t explain. Paul pushed again, and she winced. But after just a few thrusts Michelle was moaning again with pleasure, pushing herself back to meet his onslaught. He reached round and groped her breasts, pulling at her nipples. Then he gripped her waist and slammed into her with force. Every thrust caused a shockwave that ran through her hips and up her sides. Her breasts shook. Paul banged her harder and faster, making Michelle grunt through gritted teeth.

Paul turned and sneered at Harry. Anger rose. *Who the fuck does he think he is?* Suddenly, Harry didn’t want the guy anywhere near his wife. He tried to concentrate on her, watched the cock ploughing in and out and listened to her grunts of pleasure, saw her enjoyment. The guy was now banging as hard as he could, and it was evident to all three of them what would happen very soon.

“Don’t come there.”

Harry hardly recognised his wife’s voice, and Paul didn’t halt his rhythm.

Michelle turned her head, looked over her shoulder. “Paul! Don’t come in me. I want you to come in my mouth.”

Harry bit his lip and watched in turmoil.

Paul pulled out. He was shaking slightly as Michelle scooted round on the bed. She crawled forward and reached out for his cock, quickly peeled off the condom and put her mouth around the bulbous tip. Paul's face showed his surprise—he'd obviously expected her to leave the condom in place. Then his head dropped back as he let out a long groan.

In the porn film Michelle had been watching, the actor had spurted into the actress's mouth from inches away, the whole explosion played out in technicolour. Right now, the only evidence of Paul's orgasm was his facial expressions and the sound of Michelle's gulping as she swallowed everything being pumped into her mouth. Harry watched as her tiny hand gripped the base of the huge dick and pumped it. Paul let out another grunt and pushed his hips forward, and Harry heard more gulps. Michelle stilled her hand but kept the cock in her mouth. She opened her eyes and looked up at Paul. He was catching his breath and Harry thought he looked a bit stunned.

Michelle let the cock fall from her mouth and knelt up so she was eye to eye with Paul. "Hmm, thank you." She sounded breathless.

He smiled. "Happy Birthday."

Michelle hadn't looked at Harry at all while she'd been having sex. He didn't know if this was intentional or just because she'd been too interested in the other man to think about him.

She climbed off the bed and picked up Paul's jeans. He got the hint and quickly dressed. He didn't acknowledge Harry as he moved towards the door. Michelle held the door and smiled up at him. She kissed his cheek as he left.

As soon as the door was closed, Harry stood up and undid his trousers. His cock was hard and slick with pre-cum. Michelle walked toward him and he put his hands on her shoulders, easing her onto the chair from which he'd watched. He pointed his cock towards her face. She knew what he wanted and opened her mouth. As soon as he felt her wet warmth surround him his insides started to boil. Keeping her eyes on him, their gazes locked, she moved her head forward and back and he came instantly, hard jets firing into her throat. She gagged, obviously not expecting it to

happen quite so quickly. She swallowed, using her hand to pull more from him. Harry cried out, sounding as if he was in pain. She kept him in her mouth until he softened, then held his cock in her hand and kissed the tip gently.

It took a moment to come down. As he got his breath back, he watched her face. She seemed reluctant to start the conversation, or even look at him.

Harry took a breath. "I didn't like him."

She looked up but didn't say anything in reply.

"He seemed arrogant, rather than grateful."

Michelle maintained her silence, her hand still holding his now flaccid cock.

He let out a breath. "But I suppose he was everything that was needed—everything you needed. He'd got a hard body and a big cock, and he fucked you hard like you wanted."

She bit her lip, nodded.

Harry smiled down at his wife. "How was it for you?"

She shrugged, as if non-committal. "I suppose it was okay..."

He laughed. "From what I saw, your reaction to what he was doing suggested it was better than 'okay'."

Michelle frowned. "What do you want me to say, Harry?"

"I want you to tell me how much you enjoyed your first bull."

She scrutinised his face, like she was trying to decide how honest to be. "I had a very good time, as well you know."

Harry stepped back and pulled her to her feet. He stripped, and they both slid into bed, facing each other.

He stroked her face tenderly. "His cock was huge."

"Hmm, I noticed."

"Did it hurt?"

She scrunched up her nose. "Only in a nice way."

"When he fucked you from behind I was worried he was hurting you."

“It was fine. A bit of a shock at first, but I soon got used to it.”

“I’m going to have to try to ignore them and just concentrate on watching you.”

Michelle blinked in surprise. “Them?”

Harry stroked her face. “I’d say tonight’s been a success, wouldn’t you?”

She held his gaze for a few seconds, then nodded once.

“Do you want to play the role of a hotwife again?”

Her expression was serious. “Would you want me to?”

He reached out and traced his fingers over her nipple. “I got a big thrill out of watching you. You just saw how much it turned me on.”

“I was surprised when you came so fast.”

Harry remembered the way he’d felt as soon as her mouth closed around his cock. “So, are we going to try and find another bull to tend to your needs?”

She leaned closer and whispered into his ear. “Yes, please.”

Harry felt his cock twitch.

As Michelle slept soundly, Harry lay awake. He’d experienced an unbelievable high from seeing his wife writhing and moaning as Paul fingered and fucked her to orgasm after orgasm. But his biggest thrill came when he saw the shock on her face when Paul slid all the way into her from behind. Seeing her struggling to accommodate the huge cock had turned Harry on more than he could have imagined, and he couldn’t explain why that should be so. He wasn’t a sadist, but there’d been an undeniable pleasure in seeing her wide-eyed shock. Although Paul’s climax had been exactly what Michelle had said she’d wanted, Harry couldn’t help but feel a little disappointed at being deprived of the visual feast the porn film had served up. Maybe it was something he could mention before Michelle recruited her next bull.

She was already showered and dressed when he woke, and as they made their way downstairs, she suggested they didn’t discuss Bull Night until they were alone. After a full breakfast in the hotel restaurant, they set

off on the journey home. Harry kept stealing glances at Michelle during the drive, until she finally turned down the radio and looked at him.

“Do you want to say something?” Her voice was playful.

He shrugged. “Just wondering how you feel about things in the cold light of day.”

“I feel the same as I did last night. Why, are you having regrets?”

Harry shook his head. “No, not at all. I spent a lot of time thinking about it while you slept, and although I felt a lot of things, regret wasn’t one of them.”

She smiled at him for a few seconds. “Good.”

They drove in silence for the next couple of miles before Harry built up the courage to ask the question that had been on his mind since Paul had left. “When do you want to do it again?”

“Why?”

He shrugged, trying to keep his voice casual. “I was just wondering...”

She placed her hand on his arm and squeezed it gently. “I thought we’d be better leaving it a while to make sure you were still okay after you’d had a chance to think about it.”

“I thought about it a lot beforehand. I wouldn’t have suggested it if I wasn’t sure it was something I wanted.”

She smiled mischievously. “In that case, bring on the next bull.”

Chapter 3

Harry and Michelle soon settled back into their usual routine. Both went to work on Monday as usual, and there was no mention of another bull until they were in bed on Wednesday night.

Harry brought the subject up as he started to stroke her hip. “Will you get the next bull to give you the same as Paul did?”

She looked into his face, a half-smile on her lips. “What do you mean?”

“Will you tell him to fuck you hard from behind and then come in your mouth?”

Michelle ran her finger along the length of his cock through his boxers. She shrugged, then scrunched her nose up. “Been there, done that. I think I should try something else from the menu, don’t you?”

Harry laughed. “I see. And do you have a list of things you want to try?”

As Michelle gripped his dick through the material, Harry was relieved it had got harder when he fantasised about watching her with the next bull.

“You could say I have a few things on my bucket list.” She smiled, mischievously. “Or maybe ‘fuck-it list’.”

Harry slipped his hand inside her panties. She was already wet. “What sort of things?”

“Ooh, lots and lots of things.” She pushed his boxers down to his knees, removed her t-shirt and panties, straddled his thighs and gripped his cock in her hand. Michelle started pumping, holding eye contact.

“Are you going to tell me, or are you just going to show me when you’re with your bulls?”

She stroked him faster. “I hadn’t thought of that. Maybe I’ll do both—tell you some things, but then surprise you when I get him to do

something extra-dirty.”

The thought of his wife with other men turned Harry on more than he liked to admit, and he was worried she was going to make him come. “I think you’d better put me inside you.”

Michelle laughed, but there was something about the tone he didn’t like. She leaned over him and looked into his eyes. “No, I think you’re going to have to wait until I’ve had another bull before you get to fuck me again.”

With that she squeezed his cock tighter and pumped her hand as fast as she could. Harry cried out and arched his back as he came, thick jets shooting from him and landing on his chest and stomach. Michelle kept pumping, and more cum oozed out and ran down his length, covering her fingers.

He lay breathless and watched her face. She was looking down at her hands, spreading his cream all over his skin. She looked serious.

“Michelle?”

She looked up and smiled.

“What do you want me to do to you?”

“Nothing.” She shook her hair back from her face. “I can wait. You can watch him fuck me, and you’ll see me come then.”

That was a little worrying. “Are you saying you don’t want sex with me?”

She moved herself up his body a little and then lowered her crotch onto the sticky mess on his groin. He was flaccid with no chance of entering her, but she just wriggled on him, and he could feel her wetness against the quickly-drying cum on his body.

She leaned forward until they were face to face. “Of course I want to have sex with you, but you’re just going to have to be patient and wait your turn.”

After a short silence, Harry decided to tell her his news. “There’s a barracks in Catterick.”

“Oh?”

“It’s in North Yorkshire.”

She held his gaze but didn't speak.

"I've rented a cottage there for next weekend."

Michelle looked surprised, but pleased. "A cottage?"

Harry shrugged. "It was about the same price as a nice hotel, but I thought it would give us a bit more flexibility."

"That sounds interesting—I can be very flexible."

He laughed and slapped her on the thigh. "Yeah, I'm sure you can."

She rolled off him and lay by his side. They stared at each other in silence for a few seconds, then she reached over and turned off the lamp. Harry fell asleep thinking about watching his wife reaching climax after climax with other men.

* * * *

There was very little conversation as they drove to Yorkshire on the Saturday morning. The sky was a clear blue and the countryside picturesque. Emotions tumbled around inside Harry—mainly excitement and anxiety—giving him butterflies in the stomach and a warm feeling lower down. As they reached a railroad crossing, he glanced over to see her daydreaming out of the window. She had her hair tucked behind her ears and it glowed in the sun. It was hard to tell if she was excited, but she looked completely serene.

The cottage turned out to be a small terraced house. It was clean and bright, although the grey and gold patterned wallpaper in the living room wasn't something Harry would have chosen. The room was furnished with a large leather couch, matching armchair, and flat-screen TV mounted on the wall opposite the couch. The kitchen and bathroom were both modern, and the only bedroom was fitted with a king-sized bed and wardrobe. The room was quite small, and couldn't really fit anything else in it.

Michelle hung her clothes in the wardrobe, but Harry just dropped his holdall on the bed. He'd only brought jeans and t-shirts, so he wasn't too concerned about creases. They decided to go for a walk around and get an idea of possible venues for later. Once they'd seen several places that looked promising, they entered a pub with a blackboard showing an extensive menu.

After ordering lunch, they took their drinks to the beer garden, taking the table at the back near the bushes. Several of the other tables were occupied by groups of military personnel—both male and female. As they sat down, Harry noticed Michelle surreptitiously looking around at the soldiers.

“There’s no need to pretend you’re not checking out the meat.” He smiled when she looked at him.

“I thought I’d have a quick look-see, to get an idea of what’s likely to be on the menu.”

Harry nodded, took a sip of his beer. He wanted to talk about later, but wasn’t sure how best to phrase things.

“What is it?” Michelle looked concerned.

“I was just wondering... if you’d got a definite plan of action. For later.”

“You mean, am I going to claim it’s my birthday again?”

He laughed. “No, I was thinking more about when we got back to the cottage...”

“I think the bedroom’s too small for you to watch from a discreet distance—you’d probably have to sit on the bed or stand in the corner.”

This had also occurred to Harry when he’d first walked into the bedroom.

“So,” she continued, stirring the ice cubes with her straw. “Maybe we should use the lounge. You could sit on the armchair, and we could use the couch.”

“Good idea. Have you thought about the... other aspects?”

Michelle took a sip of her drink through the straw, then looked straight into his eyes. “Do you mean what I want him to do to me?”

Harry nodded. His throat was suddenly dry, but he delayed taking a sip of his drink until she’d answered.

“Maybe I’ll wait and see what he’s like, and what I’m in the mood for at the time.” She narrowed her eyes and leaned closer to him. “Do you have any requests?”

Harry hesitated. There *was* something he wanted to mention, but he didn't know how to say it without sounding like a pervert. "Er..."

A smile played at the corners of her mouth. "Tell me."

He didn't know how to express what he'd like. "The last time—"

"The *first* time. Don't make it sound like I've had so many."

He laughed. "Fair enough. The *other* time, I enjoyed watching you. I loved seeing you come—your facial expressions, the moaning and groaning in ecstasy. I got a real kick out of that."

She smiled. "Good. I liked it, too."

"Hmm. The dirty talk was a turn-on, too."

She waited. When he didn't say anything else, she frowned. "But?"

"But I didn't get anything out of seeing him scrunch his face up or hearing him grunt."

Michelle was still frowning. She shook her head, puzzled. "I know you didn't like him, but I'm not sure I understand what—"

"When he came in your mouth, I heard him grunting and you gulping—and that was it. In the film we watched, we could *see* the guy come."

"Ah." She finally seemed to understand what he'd been getting at. "So you wanted to see Paul coming, to witness his cum actually shooting out?"

Harry shrugged, feeling more than a little embarrassed. "It makes better viewing—ask anybody who watches porn."

"So, tell me what you want."

Harry got the feeling she was angry at him, all of a sudden. "Nothing. It's not all about what I want."

"I know that. But I'm getting what I want by fucking them, so tell me exactly what you want from watching."

Harry worried he'd spoilt the mood. "Michelle—"

"Tell me what you want, Harry. It'll turn me on more if I know there's something you want me to do."

His dick started to swell in his trousers. "I want to see him fuck you, and hear you moan and groan while he does it. I want to watch your face

when you come—because for me, that’s the sexiest part. But when he shoots his load, I want to be able to see it.”

Her face was still very serious. “Where do you want him to come?”

“I don’t care. Anywhere, everywhere. He can come on your tits, tummy, face, back, legs, arse, feet. It’s your choice. He can come in your mouth again if that’s what turns you on the most, but hold his cock a few inches away so I can see it.”

She nodded. “I can do that. I may even get him to come more than once, and unload in different places.”

Harry now had a full erection, and was just about to ask where she’d instruct her bull to come when a young girl arrived with their food.

They ate lunch in relative silence, but Harry’s mind couldn’t let go of what Michelle had said about the bull coming more than once. This was a deviation from the first time. Harry suspected that no matter how fit the new guy was, he’d need at least half an hour’s rest before he’d be able to come again. Clearly Michelle intended this evening to last a lot longer than the first. He wasn’t sure if that was a good or bad thing.

* * * *

Harry and Michelle left the rented cottage a little after eight. He was a little surprised at her choice of outfit. It was a warm summer evening, but Michelle wore a black lace top, short black skirt and black tights. The only colour came from a pale blue angora jumper that hung off one shoulder. When he mentioned that most women would probably be showing a lot of flesh, she pointed out that her skirt was too short to wear without tights.

They walked to the pub they’d liked the look of earlier, and it was already busy, most of the customers soldiers. Without a word, Michelle walked confidently to the bar and left Harry standing on his own. He looked round for a free table, but they were all occupied. He stood and waited for a while, feeling uncomfortable, but when he saw Michelle chatting with a couple of guys at the bar, he decided to go and buy himself a drink. He queued at the opposite end of the bar, and when he’d finally been served he took his drink and stood near the door, where he had a clear view of Michelle. She was now chatting to a group—men and women—at the end of the bar. He waited for over fifteen minutes, but in that time she never

once looked over in his direction. If she'd decided she wanted to do things this way, he wished she'd mentioned it to him first.

Harry replenished his drink, and was beginning to get a bad feeling about the way things were developing, when Michelle suddenly left her group and walked towards him, smiling.

"Mission accomplished."

Harry glanced from her to the group she'd been talking to. None of them were looking in his direction. "You've found a guy?"

She nodded. "Yeah, and he's more than happy to let you see what we do."

Something about the way she'd worded it annoyed him, but he couldn't explain why. After all, this was what they'd planned—for Michelle and the stranger to have sex while Harry watched. But the phrase 'see what we do' made him feel like an outsider. He was her *husband*. The other guy was the outsider.

"Harry?"

"Sorry, yeah. Great. So, what d'you want to do?"

Michelle smiled. "Vinny's just getting us another drink."

"Vinny?"

"Yeah—it's a nickname, I think. But we're going to have one more drink, then we'll leave. Do you want to wait here for us, or back at the cottage?"

Flustered, Harry raised his glass for her to see. "I've still got this to drink, so I'll hang around for a while."

Michelle ran her hand down his arm. "I just thought it'd be less awkward if all three of us didn't have to walk back together. Last time it felt really weird."

"So, what do you suggest?" Harry's voice came out a little colder than he'd intended, but she didn't seem to notice.

She smiled and leaned close, whispering in his ear. "Why not go and draw the curtains, set the lighting and wait for us to get there." She ran a finger down his cheek, then turned and headed back to the bar.

He finished his drink in two gulps and left the pub. On his way back, he passed an off-licence and bought a couple of bottles of wine and a six-pack of beer. Once in the cottage he closed the curtains and turned on the wall-lights. Then he settled down in the armchair, drinking beer from the can in silence.

Harry was on his third can when he heard the key in the lock. Michelle came through the door followed by Vinny. He was huge—over six feet tall, and very broad across the chest. He wore a white t-shirt which showed off all his muscles. Harry thought he looked more like a body-builder than a soldier. His hair was short, fair and receding slightly.

Michelle did the introductions. “Harry, this is Vinny. Vinny, meet my husband, Harry.”

Vinny stepped forward and shook Harry’s hand. “Alright, mate?”

“Yeah.” Harry felt the man’s strength as his hand was squeezed in a vice-like grip. He couldn’t place his accent, but at least the guy seemed friendly enough, and a lot more polite than Paul had been. He cleared his throat. “Do you two want a drink?”

Michelle answered for both of them. “Maybe afterwards, but first I want to get his clothes off.”

Vinny laughed and looked a bit uncomfortable. Harry retreated to the armchair and sat down. Michelle stepped close to Vinny, gripped the hem of his t-shirt and pulled it up and over his head. Harry thought the soldier’s waist looked unnaturally small compared to his huge chest and shoulders. His stomach had a clearly-defined six-pack, and his pectorals and lats were very developed. As Michelle ran her hands all over his torso, they looked tiny. Her nails were painted silver, which Harry hadn’t noticed earlier.

She undid the buttons of Vinny’s jeans and pushed them down his thighs, revealing white cotton boxers. He kicked off his shoes and shrugged off his jeans.

Michelle stepped back and looked at him. “Oh, I’m going to enjoy tonight.”

She took off her jumper and undid her skirt, letting it slide down to the floor. Still wearing her shoes, tights and lace teddy, she stepped close to

Vinny and ran a hand ran over his crotch. Even in her four-inch heels, she still had to pull his head down so she could kiss him on the mouth.

Harry sat in silence, a dull glow burning in his groin.

The pair grew more passionate in their kissing, exploring each other's body with their hands. Michelle guided him to the couch and encouraged him to lay flat. She straddled him, but he sat and started to kiss her boobs through her bra and teddy. When Vinny wrapped his arms around her tiny waist, Harry saw the shoulders bulge, his biceps and triceps prominent, indicating many hours a day working out.

Michelle pushed Vinny back flat on the couch, then raised herself up on her knees. She gripped the gusset of her tights with her fingers and ripped them open, surprising both Vinny and Harry. She undid the studs of the teddy, pulled the thin strip of her panties to one side, and lowered her crotch onto Vinny's face.

Harry sat motionless as Michelle gave Vinny instructions on what she wanted.

“Yeah, lick my pussy. Taste me.”

It sounded strange to Harry—he'd never heard her refer to her sex as a pussy before.

“Oh, that's so good. Push your tongue into my hole... Yeah, that's it. Fuck me with your tongue.”

Harry watched as she started to rock her hips, her crotch pressed onto Vinny's face. A small voice inside Harry's head kept reminding him that this had all been his idea, but a much louder voice kept telling him Michelle could have his tongue whenever she wanted it. He had no problems getting his tongue to perform.

She was breathless. “Okay, clit, clit, clit. Suck my clit, because I'm going to...”

An ear-piercing scream filled the room as Michelle's orgasm arrived. She kept grinding her crotch onto Vinny's face, then suddenly pulled herself up and off him, presumably too sensitive for more.

She stood, pulled Vinny to his feet and dropped to her knees in front of him. She dragged his boxers off in one fluid movement, then parted her

lips and took his cock into her mouth. Vinny let out a sigh and placed his hands on either side of her head.

She cupped his balls in one hand, using the other to pump the base of his dick. She continued this only for a minute or so, then stood and walked over to Harry in the armchair. She bent and kissed him on the mouth. He could taste Vinny's dick on her tongue. It wasn't something he'd expected, or wanted.

Michelle straightened and smiled down at him. "Okay baby, Vinny's going to fuck me now. I want you to watch how much I enjoy getting serviced by his big cock."

Her behaviour was getting annoying. She never called him *baby*, and he didn't appreciate the running commentary. Maybe he shouldn't have mentioned to her that he'd liked the dirty talk with Paul.

Michelle sat in the middle of the couch, leaned against the backrest and spread her legs wide. She looked at both men in turn, then held open the lips of her sex with a finger from each hand.

She pouted at Vinny. "Come on, soldier. You've made it all hot and wet, and now it's waiting for your cock."

Harry noticed that despite Vinny's very impressive physique, his cock wasn't nearly as big as Paul's. He doubted if it was much bigger than his own—maybe a little more girth, but not a lot longer. Or maybe it was an optical illusion because Vinny's thighs were so muscle-bound.

The bull knelt on the floor between Michelle's legs and positioned his cock at the opening of her sex.

She put her hands on Vinny's shoulders, looking over at Harry. "Are you as excited as I am, baby?" With that she pulled Vinny into her, letting out a loud, almost theatrical moan.

Harry found her over-the-top behaviour almost laughable, but Vinny didn't seem to mind in the slightest. He slammed into her with force.

Michelle groaned and writhed, watching Vinny's face while he fucked her. "Ooh, yeah. Give it to me, give it to me."

And Vinny did exactly as she asked. He pounded her again and again, pulling her onto him with his huge hands.

“Oh, oh, oh.” Her voice was getting higher and higher, but Harry couldn’t tell if it was real. “Shit, I’m going to come again.”

Vinny raised himself onto straightened legs—his hands on the cushion either side of Michelle as if doing push-ups. His hips pumped at an incredible rate, and Michelle grunted each time he slammed into her.

Sweat broke out on Vinny’s head, and Harry imagined this was how the guy looked when working out in the gym. His expression was one of determination rather than pleasure, and his thrusts were relentless. He’d been going at it for about fifteen minutes. Michelle had apparently had two orgasms during this time, although Harry didn’t know if she really had, or if it was just another part of her performance. By now her groans had become pained grunts.

A low growl in Vinny’s throat suggested he was finally reaching his climax, and Michelle became more animated.

“Ah yeah, fuck me, fuck me. I’ve never been fucked so hard....” She put her hands on either side of Vinny’s face. “I want you to come all over me. Harry loves to see me covered in other men’s spunk.”

Vinny withdrew and gripped his cock in one hand, his other arm easily supporting his body weight. He let out a cry as a huge dollop of cum erupted from him, landing high on Michelle’s chest and neck, soaking her teddy. The next eruption landed on the lace covering her bra.

Harry watched as Vinny continued to pump his cock, and more and more cum shot out. After at least five spurts, Vinny was still able to squeeze out more dribbles, all of which he deposited onto Michelle. Her black lace top was completely splattered with his stuff. He stood, taking deep breaths.

She looked down at herself, then up at Harry. “How d’you like that, baby? Is that enough cum for you?”

She didn’t wait for an answer, but sat forward and took Vinny’s softening cock all the way into her mouth and moaned theatrically. Then she pulled back and looked up at his face. “Ooh, you taste as good as you look.”

After a brief pause, she looked back at her husband. “Maybe we could all have a drink now, baby.”

Harry stood and looked at Vinny. He was about to ask what he'd like when Michelle decided to take the soldier's cock back into her mouth. The men looked at each other in silence for an awkward moment. Harry retreated to the kitchen and came back dangling the remaining three cans of beer in one hand, and holding a couple of bottles of wine by the necks in the other.

He held up his hands. "What'll it be?"

Michelle had released Vinny's cock from her mouth. "White wine for me, baby."

"A tinnie. Cheers, mate."

Harry passed Vinny a can and returned to the kitchen for a wine glass. On his return, Michelle had discarded her shoes and was removing her ripped tights. She sat upright and lifted the cum-soaked teddy over her head, sitting back on the couch in bra and panties. Harry poured her wine and sat back in his chair. Vinny was still completely naked, his cock now flaccid. He sat down next to Michelle, and another awkward silence ensued.

The amount of beer Harry had drunk was beginning to take its toll, and he needed to pee. He excused himself. Before he'd gotten half-way up the stairs, he heard Vinny's voice from the lounge.

"D'you think he's going for a wank?"

Michelle laughed. "No, he'll save it up and give it to me, later."

Harry stopped, holding his breath as he listened.

"Fair enough." There was a pause, and Harry thought he could hear them kissing. "Do you two do this a lot, then?"

Michelle giggled and said something Harry couldn't make out.

Vinny let out a groan, and Harry was fairly sure she'd taken his cock into her mouth again.

Harry walked up the remaining stairs and into the bathroom. When he took out his cock to pee, it was completely soft—although there was evidence of precum on the tip.

The night had been disappointing—nowhere near as arousing as the one with Paul, which seemed strange. Vinny was certainly a more likable character; Harry had felt none of the resentment he'd experienced during

the first time. He hated to admit it to himself, but he'd been turned off by Michelle's behaviour. Her OTT hotwife act had started when she'd left him standing in the pub, then her performance and commentary during the sex had irritated him too. He wasn't sure if she was doing it to impress Vinny, or him.

Another difference was the size of the bull's cock. Harry had definitely experienced a perverse thrill when Paul had shoved his monster cock so deep into Michelle that it made her wince. Was that why tonight hadn't had the same effect? He thought about the pounding Vinny had given her earlier. Michelle had actually said she'd never been fucked so hard and, even if it had been part of her performance, Harry was inclined to believe it was true. He'd certainly never been able to keep up that intensity for that long—he simply didn't have the stamina. When they'd started on this adventure, Michelle had told him she wanted to be fucked hard by a man with a fit body. There was no doubt in Harry's mind that his wife had enjoyed this occasion just as much as the last time. Or that she had every intention of getting another helping of what Vinny had to offer before the night was over.

Harry washed his hands and headed back downstairs. He wasn't looking forward to making small-talk, even on topics as harmless as asking where Vinny had served. He definitely didn't want to explain why he liked to watch his wife with other men. When he opened the door, Harry realised he needn't have worried about finding things to talk about. Vinny was leaning back on the couch with his eyes closed. Michelle had her mouth on his balls and her hand wrapped around his cock, which was already standing proud and ready to go again. Harry made his way to the armchair without a word.

Michelle got up, quickly removed her bra and panties then stood naked in front of Vinny. The soldier's eyes wandered all over her body, and Harry's cock twitched inside his trousers. She straddled the sitting soldier and fed his cock inside her. Harry watched her face as she slowly lowered herself onto him. She winced briefly—probably still tender from his earlier battering—but then closed her eyes and let out a long sigh. As she moved slowly up and down on her bull, Harry's cock began to swell.

This time she seemed to be concentrating on her own feelings, rather than doing the running commentary, and Harry found it much sexier. Her breathing got heavier, her movements a little more urgent. Then she let out a low groan and Harry could see her legs shaking. Michelle got a little more vocal, still only letting out moans of pleasure. There was no tacky soundtrack-script, like earlier. When her orgasm was over, it was obvious to everyone that she was too tired to keep riding Vinny. The couple changed positions, Michelle kneeling on the floor and resting her body on the seat of the couch, with Vinny kneeling down behind her. He pushed into her from behind and started pounding her again. Harry's cock was now rock hard inside his trousers. Michelle yelped with each thrust, and he hoped for her sake that Vinny wouldn't take as long to come as he had earlier.

Michelle turned her head on the couch and watched Harry's face as Vinny continued to fuck her with force. She was gritting her teeth and grunting, but Harry saw she was also pushing back to meet each thrust. After a few more minutes of this, Vinny finally announced that he was going to come.

"Shoot it over me. Come over m—"

Vinny pulled out and came immediately, leaving a thick white cord of cum running from her buttocks to between her shoulder-blades. He pumped himself hard and more of his stuff landed on the small of Michelle's back.

Harry had never imagined that a guy could produce so much cum. He was impressed, and a little intimidated. He was also as horny as hell, his cock painful inside the confines of his jeans.

Vinny stood and looked down at Michelle, then over at Harry. He was breathing very heavily. He bent and picked up his shorts, jeans and t-shirt. "Can I use your loo?"

Harry stood. "Yeah, it's upstairs. First door."

"Cheers." Vinny nodded and left the room.

Michelle turned towards Harry, but stayed on her knees. Her hand reached up and gripped his cock through his jeans. She looked into his eyes, her hair stuck to her face with sweat. "Do you think you'll be able to come before he gets back downstairs?"

Harry was shocked at her suggestion, but didn't stop her from undoing the button of his jeans and releasing his cock. As soon as he felt her mouth envelop him he let out a sigh. She bobbed her head and pumped the base with her hand, and in less than twenty seconds Harry exploded deep into her throat. He gripped her head and pumped his hips, breathing hard through gritted teeth as he emptied himself.

When they heard the upstairs door open Michelle stood and Harry retreated into the kitchen to fasten his jeans. He gave himself a few seconds to calm his breathing then returned to the lounge where Vinny, now dressed, was sitting on the couch fastening his shoes. Michelle stood in the middle of the lounge, her back still covered in Vinny's jism.

When she stepped close to Vinny, she looked tiny. Without her shoes there was over a foot difference in height. She stood on tiptoes and kissed his cheek gently. "Thank you for a wonderful evening."

Vinny smiled. "The pleasure was all mine."

She turned to Harry and looked down at her nakedness. "Could you show Vinny to the door?"

"Yeah, course." Harry led the way and opened the front door. Vinny walked out, then turned on the step and held out his hand. "Thanks, mate. I'm jealous of the life you two lead, and really grateful to have been involved in it."

Harry didn't know what to say, so he just smiled and shook Vinny's hand.

"Okay, enjoy the rest of your evening. Cheers mate." Vinny turned and walked down the road.

Back in the living room, Michelle was still standing in the middle of the lounge, naked. She looked as if she were waiting to hear his thoughts on the night.

Harry looked down at her. "D'you want to maybe get cleaned up and talk about it in bed?"

Michelle nodded, then slowly turned around. "Would you wipe my back? It's all gone cold and it's running down my bum-crack."

Harry got a tissue and began to wipe up the mess. The act of wiping another man's cum from his wife's body wasn't as gross as he'd imagined.

“I seem to remember reading somewhere that body-building supplements increase the volume of semen produced.” He needed to get another tissue because the first was sodden. “After seeing how much that guy came, I can believe it.”

She turned her head to look at him over her shoulder. “Did you approve of how much he came?”

He waited until he’d finished cleaning her before looking into her eyes. “Yeah. It made quite a spectacle, I’ll give him that. It’s a good job you didn’t make this one come in your mouth, you’d have drowned.”

She slapped his shoulder as he turned off the lights and they made their way upstairs.

$$\Psi$$
A horizontal line with a small square box in the center, containing a horizontal line segment.

Chapter 4

Harry waited in bed while Michelle took a shower. She joined him a few minutes later and he put his arms around her, held her close for a few seconds. Her behaviour earlier in the evening seemed less annoying to him now.

Michelle pulled back and looked up at him. “So, how was it for you?”

He laughed out loud. He was more relaxed than he’d been all night, which he knew was probably due to his orgasm. “I thought Vinny was a lot more personable than Paul. He seemed like a nice guy.”

Michelle looked relieved.

“But I’m not the one who fucked him. What did you think?”

“I thought he was a nice guy, too.”

Harry pushed his leg against hers. “I didn’t mean his personality, and you know it.”

She giggled and snuggled up to him. “I liked his body, and loved how strong he was. I felt like a doll as he moved me around to where he wanted me.”

“Is that a good thing?”

She nodded. “Yeah—I want these men to be in charge, and just use me.”

Harry was puzzled. “It looked like you wanted to use him at first, getting him to go down on you.” He held off pointing out that he’d never had a problem performing that part of their love-life.

Michelle grinned like a kid. “I wanted the first one to be on his tongue. He’d made some comment in the pub about me looking good enough to eat, so I made him prove it.”

“Ah, I see.” Harry thought back to when he’d watched them fucking. “The first time seemed to go on forever—I thought he was never

going to come.”

“I know what you mean. I swear I’ve never had anything like—”
She stopped herself mid-sentence, then put a consoling hand on his arm.
“What I meant was...”

“Don’t worry, I know what you mean. I’ve never seen anything like it—it was as if he was on a mission to bang you all night.”

She frowned. “I’m actually quite sore, now.”

“I’m not surprised.” Harry was reluctant to spoil the mood between them, but he knew he had to mention her behaviour before it rankled any longer. “You know earlier...?”

Michelle pulled back a little so she could see his face. “Hmm?”

“I wanted to ask about something. You know your dirty talk...”

She smiled. “That was for your benefit. You said you’d enjoyed it when I did it with Paul.”

“That time it seemed... natural. This time it sounded fake, like the script from a bad porn film.”

Michelle looked deflated. “Didn’t it turn you on?”

Harry felt guilty, regretting the need to mention it. “I think Vinny liked it, but I know the real you, and it just seemed too over-the-top.”

“Okay, sorry. I won’t do it again.”

“I’m not suggesting that, but maybe limit it to what you’re really feeling at the time. Be more like you were with Paul.”

She nodded.

“The other thing was when you sucked his cock then pushed your tongue into my mouth.”

“Ah, that was for my benefit.”

Her reply surprised him. “What?”

“I did that because it turned me on to think about you tasting the cock I was going to get inside me.”

“Why does that turn you on?”

She shrugged. “I don’t know, but it does.”

Harry hoped the repulsion he felt didn't show on his face. He leaned over and turned the lamp off.

She snuggled into him, kissed his neck. "Do you want to go inside me?"

"I thought you'd be too sore."

"If you want me, you can have me. I'm your wife, don't forget."

He kissed the top of her head. "You mean my *hotwife*."

"Mmm, and getting hotter all the time."

Harry laughed. "I'm fine, thanks. You've already seen to my needs."

Her hand stroked his stomach. "What time do we have to leave the cottage tomorrow?"

"There's no set time. The cleaners are coming in Monday morning, so we just have to lock up and post the keys back through the letterbox when we leave."

"Ah..."

The tone of her voice told him something was on her mind. "Why?"

"I was just thinking..."

He ran his hand down her back and gripped her backside. "Oh were you?" His cock was beginning to swell.

"Yeah, I was thinking that since we only do this when we're close to a barracks, maybe we should make the most of each trip."

Harry's heart beat a little faster in his chest. "You want another bull tomorrow?"

"Maybe..."

He held his breath.

She rubbed her foot against his leg. "Do you want me to have another bull tomorrow?"

He wondered if she could feel his heart as she lay with her head on his shoulder. If she could, she already knew his answer. "If that's what you want."

Michelle dug her nails into his stomach. "It has to be what we *both* want."

Harry tensed as her nails dug into flesh. He was being manipulated, even though this whole hotwife thing had been his idea. “Yes.”

“So, tell me what you want.” She turned her head and bit into his shoulder.

Harry’s cock was now rock hard against his stomach. “I want you to fuck somebody else tomorrow.”

“You mean another bull.”

“Yes.”

“But you want something else, too.”

Harry paused, unsure of what she was getting at. “What do you mean?”

“You don’t just want me to fuck another bull. You want to watch me while I do it.”

“Ah, yes.”

“Tell me what you want to see.”

“I want to see a bull with a big cock fuck you. I want to see him use your body, and then shoot his cum all over you.”

“Good.” She slowly ran her hand down his stomach and gripped his cock. Her thumb swept over the wet tip. She leaned closer to whisper in his ear. “You dirty boy.”

He lay awake for a long time, her hand still wrapped around his cock. His cock stayed hard long after Michelle had fallen asleep. He reminded himself why they’d embarked on this journey, and the blood pumping in his ears and other parts of his body suggested the plan was working.

* * * *

They ate breakfast in a small café near the town centre. Harry fought the urge to ask his wife what she was planning to do with her next bull. He liked when she talked about fucking other men. It was a big turn-on to hear what she fantasised about, what she wanted the men to do to her. He idly wondered if they could have cured his erectile problems by just talking about fantasies, rather than actually living them out. Maybe a bit of role-play would have been enough to put the lead back in his pencil.

Catching his wife pleasuring herself with a sex toy while watching a porn film had given him the biggest erection he could remember. Why hadn't he suggested she do the same again, rather than insisting they go down this route of him watching her being taken by a string of different men? Was it something to do with the books she'd downloaded? Was he so desperate to be the cuckold? Or was it that he suspected if they didn't do it this way, then rather than be a hotwife, Michelle would become an adulteress? Maybe his suggestion had been a selfish one, because if Michelle was likely to need extramarital sex, at least this way he could get off by watching her.

Harry realised she'd asked him something. "Sorry, what?"

She chuckled. "I said, do you want to go back to the cottage and wait there for me? I need to pick up a couple of things from a pharmacy, then I'll pick up my next stud and bring him back."

He didn't know what to say. He shrugged. "Is that what you want?"

She reached over the table and squeezed his hand. "I thought it'd be nicer for you to go and relax, maybe read the paper for an hour or so."

"If that's what you want..." Harry wondered if he was being sidelined.

Michelle must have guessed as much from his expression. She stroked his knuckles with her thumb. "Hey, it'll be easier for me if I don't have to keep looking over in your direction to check you're alright."

Harry thought she hadn't checked on him at all the previous night when she was with Vinny, but kept that to himself.

"Harry?"

"Yeah? Oh...yeah, that's fine. I'll have another coffee here then set off back. You come back whenever, I'll be ready."

She stood, kissed his cheek and left.

He watched as she walked away in white vest-top, knee-length denim skirt and heeled-sandals. He didn't think she'd have any trouble finding someone happy to do whatever she asked.

* * * *

It was over two hours later when he heard her key in the door. Harry put the paper down and stood, waiting in the lounge to meet the guy who was about to fuck his wife.

The door opened and Michelle came through, holding the hand of a guy in a blue shirt and chinos.

“Harry, this is Eric. This is my very understanding husband, Harry.”

Eric held out a hand, which Harry shook. This bull was older than the others had been—maybe somewhere in his late forties. His dark, wavy hair was greying at the temples, and his face was deeply tanned. Harry wondered if he’d recently returned from Afghanistan or somewhere in the Gulf.

Michelle looked at Harry, waiting for him to sit in the armchair. When he’d sat down she dropped her handbag on the floor by his feet and turned around.

She stepped close to Eric and placed her finger on his chest. “I told you my husband allows me to enjoy another man every once in a while.” She slowly moved her finger downwards, tracing over his stomach and down to his belt, which she unbuckled. “Well, today I’m going to enjoy you.”

Eric glanced in Harry’s direction, but Harry avoided eye-contact by keeping his eyes on Michelle’s hands. She’d undone Eric’s belt and opened the button and zip. Harry watched his wife’s delicate hand slip inside the soldier’s trousers, heard him groan as her fingers found his cock.

She looked into Eric’s eyes as she slowly stroked him to hardness inside his pants. The soldier reached a tentative hand up towards her boobs, hesitated, and looked towards Harry again. Michelle removed her hand from his trousers, slipped both hands up her back to unclip her bra, then lifted her vest and bra off over her head. She quickly removed her skirt and stood in front of Eric, naked except for her sandals. She wasn’t wearing any panties, which was certainly a surprise to Harry.

Her smile was confident as she slipped her hand back inside the front of Eric’s trousers. She leaned closer, kissed him on the mouth. His hand reached up and caressed her boob, his thumb brushing back and forth over the nipple. The kissing and fondling went on for a couple more

minutes before Michelle started to undo the buttons of Eric's shirt, revealing a hairy chest and well-toned stomach. As she slid the shirt back and off him, Harry saw he wasn't pumped-up like Vinny, but wiry. His arms and shoulders showed clearly defined muscle-tone, but there was a lot less bulk.

Their kissing was now passionate, and Harry could hear them both breathing heavily. He saw tongues probing mouths. Michelle broke the kiss and dropped to her knees. She undid Eric's laces and he kicked off his shoes. Then she slid her hand back inside his trousers and released his cock. As soon as it was free of his trousers, she took him into her mouth. Eric ran his fingers through her hair, gathering it at the nape of her neck. Without releasing his cock from her mouth, she pushed his trousers and shorts down to his ankles. Then she started to move her head on him, cupping his balls with one hand, scratching his leg with the nails of the other.

When she finally released Eric's cock, Harry saw it properly for the first time. It was big. Much bigger than his, and Vinny's. It was as big as Paul's. Harry couldn't take his eyes off it.

Michelle sat on the edge of the couch and lay back, just as she'd done for Vinny fourteen hours earlier. But instead of the ripped tights and the black teddy she'd worn last night, she was now completely naked except for her sandals, and Harry thought she looked much sexier. She reached up and stroked Eric's cock, then spread her legs wide. The bull dropped to his knees and positioned his tip at her entrance. He stroked the bulbous head slowly up and down between her labia, and Harry could see the glistening of his wife's juices covering the man's cock.

As Eric pushed himself into Michelle, Harry watched her expression. Her eyes and mouth both opened wide for an instant, a mixture of shock and pleasant surprise. It reminded him of her face when he'd proposed—though that seemed a strange comparison considering he was now watching her being fucked by the third stranger in as many weeks.

Eric's thrusts were slower and more controlled than Vinny's had been, and Harry watched his wife as she undulated her body. Her facial expressions and body movements announced her orgasm, but rather than the theatrical screams of last night, she just sobbed as if in mourning, then

let out a long sigh. Harry felt a constant dripping inside his own shorts. Her orgasm was one of the sexiest things he'd ever witnessed.

Michelle leaned forward and kissed Eric, who was still fucking her very slowly. She held his hips to halt his movements, looked over at Harry briefly, then back into Eric's eyes. "I want you to take me in the ass."

Harry almost fell off his chair.

Michelle kept her eyes on Eric's. "Would you do that for me?"

"If you'd like me to..."

Michelle smiled, then looked over at Harry. "There's some lube in my bag."

Harry stared, unable to move. Eric's cock was huge.

Is she mad?

She raised her eyebrows, waiting for him to pick up her bag.

He reached down and opened it up. Inside was a paper bag with a local pharmacy logo on, containing a tube of water-based lubricant and a pack of condoms. Harry took out both items and held them up.

Michelle smiled, eased Eric out of her and sat forward, taking the condoms from Harry. She opened the pack, took one out and ripped the foil while looking at Eric. "I thought you should wear one of these in there, just in case I get the urge to have you inside anywhere else afterwards."

Both men watched Michelle place the rubber on the end on Eric's huge cock and roll it down the shaft. It didn't reach all the way to the base.

"Now," she said, still stroking the condom down but looking into Eric's eyes. "I haven't had anal sex for a long time, so I want you to go slowly."

This was news to Harry. He'd never tried anal sex, and Michelle hadn't ever mentioned experimenting, either.

Michelle was nose to nose with Eric, still holding his cock. "What's more, I've never had anything this big in there, so I want you to start off gentle, okay?"

Eric nodded.

"But when you're about to come, I want you to withdraw, take off the rubber and come over my back. I want to feel you coming on me."

Without waiting for a reply, Michelle quickly turned so she was kneeling on the floor and resting her upper body on the seat of the couch. She turned her head to Harry. "Would you lube me up, please?"

Harry hesitated, shocked to have been asked. "Sorry?"

Michelle smiled. "Rub some lube around my bum-hole."

He looked at Eric, then stood and bent over her. Eric leaned back to give him access. Harry squeezed a glob of the jelly onto his middle finger and rubbed it around his wife's rosebud. She wiggled her backside at him, pressing back against his finger. He pushed, felt the brief resistance, and his fingertip slid into her anus. She let out a disappointed moan when he removed it, but all he was doing was adding more jelly to his finger. He pushed it in again, and this time she groaned as he went in as far as his second knuckle. He could feel her tightness around his finger, and again he wondered how she could possibly accommodate such a huge cock in there.

"Now two fingers." She spoke to him over her shoulder, a hint of a smile on her face.

Harry removed his finger, adding even more jelly to his first and second fingers, then worked them into her. He rotated his hand and felt her clenching. His cock was rock hard, and he wished Eric would disappear and he could be the one to fuck her up there, here and now.

Michelle's voice brought him back. "Okay, you'd better lube Eric's cock, too."

"*What?*" Harry was surprised how high-pitched his voice could go.

She laughed. "I said you should rub some lube onto the tip of his cock."

He looked at Eric, who just shrugged and knelt up to allow Harry to reach him. He looked back at his wife. He could see the anticipation in her eyes; she wanted this because it turned her on. Just like kissing him after she'd sucked Vinny.

Putting a big dollop of jelly onto his first and second fingers, Harry reached his hand out slowly until he touched the tip of the other man's cock. He was glad it was fitted with a condom. The blob of jelly stuck to the tip.

"Rub it all around the head, Harry." Her gaze remained fixed on Eric's cock.

Harry tried to spread the jelly using just two fingers of his right hand, but the cock just bent away from his touch. He had to grip the shaft in his left hand while his right spread the lube, dragging his fingers all around the bull's cockhead. When Eric was fully lubed, Harry wrapped his finger and thumb around the tip and moved his hand down the shaft, making sure the condom was on properly. Harry felt a lump in his throat, but there was also an undeniable thrill to it. He assured himself it was because he knew it was turning Michelle on. And because he knew where this cock was going, and what it would do to Michelle's composure.

"Add a bit more, and down the shaft, too."

Harry did as his wife instructed him. It was a weird sensation, and he hoped neither Eric nor Michelle could see the bulge in his trousers.

"Is that okay?"

Eric's dick was rock hard inside the rubber and slick with jelly. Michelle looked at the dick, then up to Harry's face. She smiled and nodded.

Harry moved back, but didn't make it all the way to the armchair. He remained kneeling on the floor next to the couch.

Michelle twisted her body so she could look at Eric. "Okay, nice and slow. And when you come, don't forget to shower me."

As Eric placed the tip of his cock at Michelle's opening, Harry held his breath. He was nervous for her, worried that the huge cock was too big for what she wanted. But it was an exciting kind of nervousness—his stomach and groin both clenching with a tightness he couldn't ignore.

She let out a groan as Eric pushed himself forward, and Harry could see her sphincter opening slowly around the dome of the cockhead. Eric eased in a little further, then waited. He fed in a little more of the head, and Michelle let out a cry. Harry watched her face, which showed a mixture of discomfort and concentration. Eric pulled back slightly, then pushed in a little further. He continued this over a couple of minutes, with each extra push bringing out more groans from Michelle. Harry was constantly changing his focus from the expression on her face to the huge cock forcing its way into a gap that seemed far too tight for it.

Eric pulled himself all the way out, then turned to Harry. “Add more lube to the tip of my cock.”

Harry didn’t hesitate. He reached out and gripped the shaft with his left hand and squeezed a large dollop of jelly directly onto the head. He quickly smeared the lube around the entire dome without a second thought.

Eric moved back into position and pushed slowly. Michelle let out a loud yelp as the entire tip slipped inside her. Harry watched as her anus closed around the shaft, and he could only imagine how nice and tight she must feel to the bull. Eric pushed into her another inch, and Michelle let out a grateful moan. Eric pulled back, and pushed in again, and another moan escaped her lips.

“Ooh yeah. Oh, fuck.”

Harry assumed the initial pain of being penetrated had passed, because his wife was obviously now enjoying this. She pushed back to meet Eric’s thrusts, and the huge cock was now disappearing until half of the length was inside.

“Fuck me, Eric. Fuck me harder, fuck me deeper.”

Like a good soldier, Eric obeyed without question. He pushed his hips forward and Harry saw the cock disappear to the point that the condom reached down his shaft. His wife let out a squeal, and Harry felt precum dripping from his cock.

Eric rammed into her again, and Michelle let out another cry. He sped up his thrusts, and gripped her hips as he banged her with force.

By now she was screaming. Each of his thrusts was greeted by her saying ‘yes’, over and over through gritted teeth as he fucked her. Her eyes were shut tight, hands clenched into fists on the seat.

Eric slammed into her one more time before he pulled out, ripped the condom off and came immediately, a fountain of off-white gushing from him and splashing on her back. Michelle let out a yell, and turned quickly. She reached forward and grabbed Eric’s cock. She bent her head towards it as it sent out another stream of cum, which landed on her cheek.

She took his cock into her mouth. Eric let out a loud cry and Harry was sure he’d fired another spurt into his wife’s mouth, because he heard her gag and moan at the same time. She started wanking the base of his dick

while sucking the top half, and Eric had to ease her head away, evidently no longer able to stand the intensity. He was completely spent, and they all knew it.

Harry wanted him out of the way so he could fuck his wife. He needed her. Now.

There was a brief moment of awkwardness as Harry watched his wife and her bull share a look, but it didn't last for more than a couple of seconds. Eric knew he'd fulfilled his task, and he quickly dressed and made his way to the door. Harry saw him out and went back to the lounge. Michelle was lying back against the couch, probably smearing Eric's cum all over the leather. As Harry approached, she raised her eyebrows. Harry undid his jeans and released his cock, and she let her legs fall open.

Harry dropped to his knees and pushed into her as hard as he could.

She let out a sigh and wrapped her legs round his waist. "Yeah, fuck me. Come on, take me back. Make me yours. Fill me with your—"

With a pained cry, Harry exploded inside her. He felt her squeezing around him and shuddered as another wave poured from him.

Michelle watched his face and she wriggled, but she didn't come again. Both stopped moving but left his cock inside. They stared into each other's eyes in silence for a long time.

Harry was surprised by the emotional closeness he felt. When he eventually softened, he withdrew and watched as his juices dribbled out of her and onto the couch.

There were a hundred questions he wanted to ask, but now didn't seem the time. Instead, he suggested she take a shower while he cleaned the couch. Thirty minutes later they were leaving the town and driving home.

Chapter 5

Harry left things until they were reasonably relaxed, sitting at right angles on the L-shaped settee in their living room. The TV was on with the sound muted, neither of them watching it. Harry couldn't focus. His mind kept coming back to Michelle's comment about her previous experience of anal sex.

He cleared his throat, making her look up from whatever she was reading on her phone.

"So... what made you choose an older guy this time?"

Michelle seemed surprised by the question. "I don't know. He wasn't *that* old, was he?"

"He was older than the others you've picked—and older than us.

"I never gave it a thought. I don't care about their age." She shrugged. "To be honest, I'm not that bothered about their personalities, either."

"Oh?"

"No. I just think of them as sex toys. Vibrators with a pulse."

He laughed. "That's a bit unfair."

"No it's not. I want their cocks, and that's it. I try not to see them as people."

Harry was shocked. "If a bloke said something along those lines about women, you'd call him a sexist pig."

Michelle shook her hair back from her face and looked defiantly at him. "I'm not talking about men in general. I'm talking about my bulls."

This line of discussion took him away from his intended questions about her previous experience of anal sex.

She put her phone to one side and leaned a little closer to him. "All we need is a guy with a big cock to fuck me hard while you watch."

"I don't think that's—"

“Yes it is. Every time you’ve watched me with a bull, you’ve shot your load within a matter of seconds.”

Harry couldn’t deny it.

“You *love* watching them pound me with their big cocks. I’ve seen the state of your boxers afterwards—your cock must dribble the entire time you’re watching. It’s the only thing that makes you hard, and you come at the drop of a hat as soon as they leave.”

He couldn’t work out whether she was taunting him or trying to arouse him.

“Is your cock hard now, Harry?”

He shook his head.

“Would you like me to remind you how many big-cocked bulls have fucked me in the last three weeks?”

He stared at her in silence.

“I could have had more, you know. I could get as many cocks as I like.”

“What d’you mean by that?”

“Exactly what I said. As soon as I got into the pub today, some young stud hit on me. Bought me a drink, told me he thought I was sexy.”

Harry held his breath.

“I invited him to come back to the cottage so I could show him how sexy I really was. But when I explained that my hubby would be there watching, he got cold feet. He said he didn’t like the idea of some pervert jacking off in the corner.”

“That’s not what—”

“But he suggested we go back to his place, where he’d be more than happy to fuck me any way I wanted.”

Harry didn’t say anything, but his mind was racing. *How long had she been gone?*

She smiled, but it was a little twisted. “He lived close by. Maybe we went back and fucked like rabbits. Without you there, he could have come wherever I wanted it. Then I could have gone back to the pub, picked up Eric and brought him back to become my third bull of the weekend.”

He worked out the timeframe. It would have been possible.

She smiled at him. "I bet your cock's hard now."

It was true; he had a full erection. "Why are you doing this?"

"Because you need to understand what's going on here, Harry. Our relationship has moved on, and you'd better get used to it."

Dread seeped into his mind. "I thought we'd agreed that this was a temporary thing, until—"

"Until what? Until you manage to fuck me without seeing someone else do it first?"

"That's n—"

"Or are you going to grow a cock big enough to satisfy me?"

"Fuck off!"

Michelle laughed. "Come on, Harry. I get off from being fucked hard by a big cock, and you get off from watching that big cock poking me deeper than you ever could. We both know that, and we both know what you really want."

He frowned. "Yeah? And what's that?"

"You want to be cuckolded."

Harry shook his head, mainly because it seemed like the natural response to give.

She leaned forward, raising her eyebrows as if she was letting him into a secret. "Why won't you admit to the pleasure you get from watching me with other men?"

He nodded. "Okay. Yeah, it turns me on—but that doesn't mean anything. It'd be the same if we went to an orgy, or tried swinging."

"Is that what you think? Would you like to try swinging?"

He hesitated, not really sure how to answer. Truthfully, he didn't know.

"Come on, Harry. Which friend of ours do you fantasise about sleeping with? Who do you fancy?"

Harry looked down at his feet. "I don't fancy anybody as much as I fancy you."

“I know. I’m your wife, and that’s how it should be.” Michelle placed her hand on his arm. “But our marriage has evolved over the past few weeks. I know it, and so do you.”

“How...?” His voice broke. He coughed, tried again. “How do you think it’s evolved?”

“In everyday life, we’ve probably become closer. We love each other as much as we ever did—maybe even more. But in the bedroom, things have changed. Our sex-life has changed.”

“Changed how?”

“It’s changed for the better. I’m getting an alpha-bull to service me because my beta-husband isn’t up to the job himself.”

Harry flinched. “You can’t just change the—”

“*I’m* not changing anything. I’m simply pointing out what *we’ve* already changed. We’re not doing this just for me, but because it’s what *you* want, too.”

“You don’t know that.” Harry felt a tingling in his loins and hated himself for it.

“Harry, there’s nothing wrong with it. It’s more common than you’d think.”

“How do you know that?”

“It doesn’t matter. You get turned on by me sleeping with other men. You like to watch them fuck me, to see me struggle to accommodate their big cocks. That’s a big thrill for you. Admit it.”

Harry hesitated, wondering if he should bother trying to deny it. Eventually, he nodded.

“The fact you got an erection when I told you about the other bull suggests you probably don’t even *need* to watch it. Just the thought of somebody else fucking me turns you on.” She smiled, knowingly. “Now that you accept it, it’s time for us to move on to the next stage, which involves you showing some restraint.”

“What do you mean, *restraint*?”

“If I don’t let you come immediately after watching, think how much more of a tease it would be. How much more of a thrill. We’ll have to

set a time-table where you count down the days until you're allowed your release."

Harry's throat was too dry for him to speak.

She was nodding to herself. "There's a lot of other things we can try. Maybe my next bull can stay over. You can sleep in the spare room and listen to him going at me all night long."

He didn't know what to say, and wished his erection would disappear.

She continued to taunt him. "But you won't be allowed to make yourself come while you're listening. There are things we can buy that stop you touching yourself, you know. I'll lock your cock in a cage and hang the key round my neck, only letting you out to come when I say so."

Trying to sound more confident than he actually felt, Harry sat up a little straighter. "You can't just decide something like this on your own."

Michelle looked surprised. "It's not a case of me deciding—it's the obvious next step from what's already happened. Be honest, would you want to go back to what we had before?"

"What do you mean?"

"You know—you spooning it in soft and wondering if it'll get hard before you shoot your load, and me faking my orgasms until I can use my vibrator."

How long had she viewed their love-life this way? He held her gaze for a few seconds, then looked down.

When she spoke again her voice was quieter, almost a whisper. "Would you really want to stop what we're doing?"

He looked up into her face. She was truly beautiful; thick brown hair, dark brown eyes, prominent cheekbones, perfect teeth and a great smile. But he couldn't help thinking she was at her most beautiful when she was being fucked by someone with a big cock. He loved the facial expressions that accompanied the orgasms she achieved with her bulls.

Harry shook his head slowly. "No," he admitted. "I don't want to stop what we're doing."

Michelle got up and walked into the kitchen, returning with a bottle of wine and two glasses. She poured their drinks and sat back down on the settee. “I don’t think we need all the bulls to be soldiers.”

“Oh?” This surprised him because the military angle had been her idea.

“I think we’re limiting ourselves too much. Besides, it’d get expensive if we had to use a hotel or rent a house every time we do it.”

Harry’s mouth dropped open. “You’d invite a bull into our home?”

She laughed. “Of course. Why wouldn’t I?”

He shrugged. “I just thought you wanted to keep all of this separate from our real life.”

She looked serious. “This *is* our real life. I thought you’d accepted that now.”

Harry looked down at his feet, nodded once.

“Besides, it’ll give us a lot more freedom.” She pointed to her phone on the seat beside her. “There are loads of contact websites we can use. But first, we need to get a certificate to say we’re clear from any STDs.”

“Why?”

“Because we’re going to do this in a responsible way.”

“You didn’t seem to worry about that with all the others.”

“They were trial runs—this is the real thing. Anyway, they didn’t come inside me, and Paul was the only one whose cum I swallowed. All the others sprayed it over me.”

“Vinny and Eric both fucked you bareback. They probably dribbled inside you before they withdrew. And you took them both into your mouth after they’d come.” Harry got a perverted buzz as he remembered each occasion. “Besides, STDs don’t just transfer in semen.”

She nodded. “You’re right, and that’s why we need to get checked out.”

“What about the young bull this morning, before Eric? Did he come inside you, or in your mouth?”

She looked up in surprise, a half-smile on her face. “Where would you have liked him to come?”

He shrugged, butterflies in his stomach.

“Would you have wanted me to swallow his load like I did for Paul, or would you rather I’d held him close, my arms and legs wrapped around him as he pumped me full of his cream?”

Harry’s mouth was dry. He couldn’t decide which he’d prefer.
Maybe she did both...

She laughed. “I didn’t go back with him, Harry. But I love the fact you’re probably disappointed to hear it.”

He shook his head, and she rested her hand on his arm.

“Don’t worry, you won’t need to be disappointed again.”

Harry bit his lip, then asked the question he’d wanted to ask all day. “You told Eric it’d been a long time since you’d had anal sex. Was it true, or were you just telling him that?”

She took a sip of wine and studied his face. “So what you’re really asking is, had I had anal sex before today?”

He nodded. Waited.

“Yes, I’ve had it in the past.”

“How many times?”

She looked surprised. “What, how many men, or how many different occasions?”

Now it was his turn to be surprised. He shrugged. “Both, I suppose.”

“Eric was the third. Two other men have done it to me.”

“And the number of times?” His throat was so tight he sounded hoarse.

“One of them only did it once, on a drunken one-night stand I had. But the other was the guy I lived with when I was nineteen. He was older and a lot more experienced. He was the first to do it to me, and we repeated it quite a few times. I honestly don’t know how many.”

Harry felt childish for his questions, but something kept him asking them anyway. “Five, ten, fifty?”

She laughed, shaking her head as if making a guess. “More than ten, less than fifty.”

“How come we’ve never done it?”

“You’ve never asked.”

“What if I asked now?”

“Oh, I think we need to start concentrating on your restraint.”

“Is that a ‘no’?”

“Yes, Harry, that’s a definite ‘no’. Which is a word you’re going to be hearing from me a lot in the future.”

He stared at her, wondering if she was putting on an act, or if this was how it was going to be from now on.

She pulled up her skirt, revealing her bare legs. “But you won’t hear me saying ‘no’ to my bulls. They’ll be able to do whatever they want to me, and if you behave, I’ll let you watch them.”

Harry couldn’t take his eyes off her legs.

“Harry?” She waited until he looked up to her face. “Did you enjoy putting lube on Eric’s cock?”

“No. Of course I didn’t enjoy it. Why would I?”

She smiled. “I enjoyed watching you do it. It was really hot, and turned me on.”

“Why?”

“It just did. Seeing you holding the huge cock about to service me.”

Harry shook his head, disgusted. “That makes no sense.”

“What was it like for you, playing with a cock that big?”

“I didn’t play with it, I just put lube on it.”

She smiled at him. “Hmm. We’ll see.”

Harry wondered what she meant by that, and realised the butterflies were back in his stomach.

They spent the rest of the evening in near-silence. Harry drank his wine while watching the muted TV, and Michelle read things on her phone. When they retired for the night, Harry was in bed by the time his wife came out of the bathroom.

She pulled the quilt back and knelt on her side of the bed. She gripped the waistband of his boxers and pulled them down to his thighs. “Don’t look so hopeful, nothing’s going to happen.” She took out a tape measure and held it next to his flaccid cock. Then she measured the girth,

made a note of the figures in her phone and smiled at him before turning the light off.

Harry lay awake for a long time, his heart thumping in his chest while his wife slept contentedly. She'd had a busy weekend.

The night after she'd told him he needed to learn restraint, Michelle had kissed Harry chastely on the cheek, turned out the light and gone to sleep. The same pattern was repeated for the following two nights.

On Thursday evening, Harry was loading the dishwasher while Michelle wiped down the countertop. She turned around and leant against the sink. "I've got some good news."

"Oh?" He looked up at her from his crouch.

"Actually, it's two pieces of good news. First, I got the all clear from the clinic today."

Harry stood upright. "I thought we were going to get checked out together?"

She shrugged. "I phoned on Monday and was told they could test me straight away, so I nipped out of work in my lunch hour. I phoned back today for the results, and can pick up the paperwork tomorrow."

He nodded, a tightness beginning to grip his stomach. "Good. And the other good news?"

She hesitated for a couple of seconds, watched his eyes. "I've arranged a date with a bull for this Saturday night."

They stood in total silence, staring at each other.

Harry wondered which of them was the more excited by the prospect. "Where are you meeting him?"

"I told him I'd be in The Crypt at eight o'clock."

The Crypt was a local bar which Harry had only been to a couple of times. He wondered if any of their friends would be in there, and what he'd say if they mentioned seeing his wife with another man. "And you're going to bring him back here?"

"Of course. I don't intend fucking him in the pub car park."

Harry smiled. "Where did you find him?"

"One of the contact websites I've been following for a while."

“Is he local?” Harry wasn’t sure how he’d feel if he recognised the bull.

“No. He lives about thirty miles away.”

Harry wondered if this meant Michelle intended to go ahead with her suggestion about her bull staying over while he listened from the spare room.

“So, what do you think?” She seemed to be studying his face.

“What do you mean?”

“I suppose I want to know if the idea of another man fucking me in the marital bed is turning you on.”

His stomach was tight, and he could feel his legs shaking slightly. “I don’t think you doing it in our bed is really any different from doing it somewhere else.”

She pushed herself away from the counter, stepping closer. “I’ve seen a photo of this bull’s cock.”

“Oh?” He fought the temptation to ask if she’d sent him any pictures of herself naked.

She nodded, bit her lip. “He’s huge. Bigger than the other three. It’s going to be a struggle to take all of it in.” She lifted her eyebrows and smiled. “Still, a girl’s got to try.”

She licked her lips and walked out of the kitchen, leaving him with a dry throat and wet underwear.

There was no other mention of the upcoming date when they went to bed that night. As usual, Michelle kissed his cheek and fell asleep almost immediately, while Harry lay awake for over an hour. His thoughts focussed on the new bull. What would he be like, and what would he do to a hotwife as sexy as Michelle? If he was listed as a bull in contact magazines, he’d probably had a lot of experience in dealing with the husbands. The *cuckolds*. Would he feel obliged to humiliate him as a way of impressing Michelle? Would he refuse to let Harry watch?

And he couldn’t stop thinking about this ‘restraint’ idea. Michelle had told him he wouldn’t be allowed any release after Saturday’s performance. How would he cope with that? And how long would he have

to wait? But his thoughts kept coming back to what Michelle had said in the kitchen earlier that evening.

He's huge. Bigger than the other three.

Chapter 6

When Harry arrived home from work on Friday evening, the house was empty. This was unusual because Michelle worked much closer to home and finished earlier. He checked his phone to see if he'd any missed calls or texts. He hadn't.

His mind kicked into overdrive. What if she'd decided to meet her bull a day early for a practice run? What if she'd contacted more than one bull, deciding Harry could watch some of her exploits, and only hear about others?

Just then, he saw her car pull onto the drive.

She came through the door and smiled, kissing him on the cheek. "Hiya. Sorry, thought I'd be able to get finished before you were home. I called in town to get my legs waxed."

He chided himself for letting his imagination run away with him, although he wasn't sure if he was relieved or disappointed. "Since it's such a nice night, shall we eat out? Maybe drive to a pub in the country?"

She smiled broadly. "Yeah, I'd like that. Can I just have a quick shower, get the rest of the wax off?"

While Michelle was getting ready, Harry picked up the iPad. There was no evidence of any contact websites in the search history—evidently Michelle had either used her phone or her laptop to arrange tomorrow's date. Thirty minutes later, Michelle walked into the living room wearing a white cotton top, a pair of faded jeans and heeled silver sandals. Her hair was still wet, and apart from lipstick, she didn't seem to be wearing any make-up.

Harry looked her over appreciatively. "You look great."

"Thanks." She picked up her handbag. "Ready?"

The drive took a little over twenty minutes, and they found a table near a window. They chatted about work gossip and other mundane, inconsequential things, a relaxed atmosphere between them. They laughed

easily and often. Harry saw what his wife had meant the other night when she'd said they'd probably become closer. The only difference was the dynamic within their sex-life. Now, she called the shots.

Harry wanted to raise the subject of tomorrow night's date with the new bull, but didn't know how to do it. So he went straight for the thing that had been on his mind the most.

"We never went into detail about the restraint issue."

She looked at him, the corners of her mouth turning up slightly.
"Didn't we?"

He shook his head. "No, you just said that you thought it would be better if I wasn't allowed my release straight after your bull had left."

She leaned closer to whisper in his ear. "You didn't actually wait for one of them to leave, but fucked my face while he was upstairs getting dressed."

Harry looked into her eyes, which seemed to sparkle with mischief.
"That was your idea."

She opened her eyes a little wider. "Was it?"

He nodded, smiling.

"Well, I'm going to have to learn to show some restraint, too." She nodded, then looked up as if another thought had just occurred to her. "But only where you're concerned. I won't be showing any restraint with my bulls."

Harry swallowed the lump in his throat. "So, what I was wondering was..."

"Yes?"

"Have you got any thoughts as to a length of time?"

"Time?"

"Yeah. How long do you think would be an acceptable length of time to wait?"

"Length of time to wait for what?" She cocked her head to one side, smiling, like she was more than happy to make him spell out what he wanted to know.

Harry looked around to make sure nobody was listening to their conversation. “How long do I have to wait until I’m allowed my release?”

She picked up her drink and swirled it in the glass. “I was thinking along the lines of a couple of weeks.”

“Two weeks?” His voice was louder than intended, and a few people glanced in their direction.

“Yes, I think fourteen days is a good time period for your restraint.” She took another sip of her drink and watched him over the rim of her glass.

He thought two weeks sounded like a ridiculously long time, then a thought occurred to him. “Two weeks from when?”

“From your previous release.”

“Which was last Sunday, after Eric left.”

“I know.”

“So two weeks from then takes us to next Sunday.”

She nodded.

“But, that’ll be eight days after your date with your bull tomorrow.”

“That’s right.”

“I don’t know if I’ll be able to wait that long without... You know!”

“Without what?” Her eyes danced with mischief.

“Coming. What if it happens on its own, with no help from either of us?”

She laughed. “It won’t. I’ll make sure of that.”

Before Harry could ask how she’d do that, their food was delivered to the table. After the waitress had left, he leaned over to continue, but she held her hand up.

“No more questions. I’ve got a way to make sure you last until I say it’s time. Trust me.”

Harry nodded and picked up his knife and fork.

“On the other hand, I only have to wait until tomorrow.” She smiled sweetly, then put a piece of chicken into her mouth.

They finished their dinner and had another drink, then drove home. After watching TV for a short while, Michelle announced they should get

an early night. She didn't need to elaborate about them probably getting little sleep the following night.

* * * *

Harry spent the whole of Saturday morning trying to keep his mind off what was planned for later. He washed both cars, then walked into town to get a few things—none of them urgent purchases, he was just keeping his mind occupied and keeping out of Michelle's way. Although he was excited about what was in store, he didn't need to see how much she was looking forward to it.

He was sorting out some stuff in his garage when he heard footsteps behind him and turned round.

Michelle was there, holding a mug of coffee. "Thought you might fancy a brew."

He took it and nodded. "Great, thanks."

As she walked to the door, she paused and looked over her shoulder. "When you've finished that, come into the house. I've bought you a present."

After she'd left, he couldn't stop wondering what the 'gift' was. Since it was only a few hours before she was due to meet her next bull, surely that meant it was something for him to use tonight? Maybe she'd bought him a mask to wear so the bull wouldn't see his face. Or maybe she'd bought a video camera to record the proceedings. One with more memory than a phone. Maybe even with a tripod, because she knew he wouldn't be able to hold his hand steady while he was watching. Another thought occurred—what if she'd decided to dress him in something to humiliate him? Maybe she wanted him to wear a pair of her stockings while she was getting fucked by her bull, just to emphasise who the *real* man was? Although the thought of dressing up like that repulsed him, a coldness inside made him realise he'd do it if she told him to.

When he'd finished his coffee, he locked up the garage and went back into the house. Michelle was curled up in her favourite armchair, a cup of tea in one hand, her phone in the other.

She looked up and smiled. "Go get undressed and lie on the bed."

He hesitated for only a second or two, then went upstairs and stripped. He lay naked in the middle of the bed, hoping she'd decided to give him his release early.

Michelle entered the bedroom a couple of minutes later, one hand behind her back. She looked down at Harry's cock and frowned; he had a semi-erection.

"We're going to have to get rid of that." Without another word she bent over him and flicked the tip of his cock hard with a finger.

It hurt, and he gasped in surprise.

She shrugged. "Sorry, but I need it to be as soft as it usually is when I'm horny." Her insult had the effect she was obviously hoping for—his cock withered almost instantly. She smiled and knelt on the bed next to him. "There, that's more like my cuck's cock."

Harry watched her face. Her eyes sparkled with humour. She was enjoying teasing him.

"Here," she said, bringing her hand from behind her back. "This is yours."

Harry stared at the thing in her hand. It was metal and shiny, and looked like a penis made out of a series of rings with a caged dome at the end. There was a small padlock fitted at the base. He felt a coldness in the pit of his stomach and couldn't take his eyes off the device, even when she started talking again.

"This is called a *Spiral Chastity Device*, and it's going to help you with your restraint." She laughed, a small playful giggle that made him look up into her eyes. "Or to put it another way, it's going to help you come to terms with not coming."

Harry's mouth opened, but no words came out.

"Here, let me show you how it works." She removed the padlock, and he saw the device was actually made up of two separate parts; a thick single ring with a square bar protruding at right-angles, and the rest of the cage structure. She threaded his flaccid cock and balls through the big ring, the protruding bar at the front. Then she reached under her pillow and took out what looked like the foot from a pair of tights. She placed this over his cock, and fed it into the cage structure.

Harry saw the bar on the thick ring had a hole in the end, and as the cage structure slid up into position, a square section slid over the bar. Michelle slipped the padlock through the hole, securing the two parts together. There was no way Harry would be able to take it off without first removing the padlock. He looked up at his wife.

She smiled at him, then used her finger and thumb to grip the nylon and slowly pull it off and out of the cage, leaving his cock there. “There, that looks perfect.”

Harry looked down at the device, which was shaped like a natural cock at ease. The end of the dome was a ring with a hole in it. “How long do I have to keep this on for?”

“Until I decide it’s time for your release.”

“I can’t walk round with this on all the time.”

“Of course you can. That’s what they’re designed for.”

“How can I have a pee?”

She laughed. “How do you think? It allows you to do everything you need to do. It’s stainless steel and perfectly safe. You can pee, shower and sleep in it.” She put her hand around it and moved it left and right. “The only thing you can’t do in it is play with yourself.”

She stepped off the bed and looked at her watch. “Right, I’m going to have a nice long bath to get myself clean and smelling nice for my bull. Would you mind taking those bags of rubbish to the dump? They look a bit of a mess on the drive.”

Harry looked down at himself, then at his wife. “What, like this?”

“No, you tit. Put some clothes on.” She turned and walked out of the bedroom.

When he heard the bathroom door close and the taps start running, he stood up. The weight of the device felt weird, but he had to admit it wasn’t uncomfortable. He dressed, then checked in the full-length mirror by the wardrobe. The fact he was wearing a cage on his cock wasn’t evident by sight. Another thought occurred to him. He knocked on the bathroom door.

Michelle opened it and looked at him. The room was already full of steam.

“What if I get a hard-on?” As soon as the words left his lips, he realised he’d set himself up for a sarcastic comment like ‘I’ll phone the newspapers’.

She smiled sweetly. “You won’t be able to. But if you start to, it’s apparently quite a nice sensation to feel the cage restricting it.” She closed the door in his face before he could respond.

He went outside and started to load the bags into the boot of his car. There was so much rubbish to shift, it needed three separate trips. By the time he got back, it was past five.

Michelle was sitting in the living room wearing her dressing gown, painting her toenails. She looked at the state of his clothes. A couple of the rubbish bags had gotten water in them from the rain, and this had run out down Harry’s jumper and jeans.

“I think you should have a shower. And when you’re finished, go and sit on the bed.” She ignored his questioning look and started to apply a second coat of nail varnish.

Harry went to the bathroom and stripped. He’d forgotten about the chastity cage until he started opening his jeans, and felt it through the denim. He stepped into the shower and saw the water run down his body and through the cage. A few minutes later he dried himself and went back into their bedroom, which had been tidied. The items of clothing which were usually left on the dresser or hanging on a wardrobe door had all been moved. The bedside cabinets had been cleared and dusted. He doubted the bull would notice the state of the room with Michelle lying naked on the bed.

He slipped on a clean pair of boxers, t-shirt and the jogging bottoms he often wore for sitting around the house. He perched himself on the bed and waited. A few minutes later, Michelle came upstairs and into the bedroom. He noticed her fingernails were now the same shade of dark blue as her toenails.

“I thought it’d be nice for you to watch me get ready.”

“Oh?” Harry was taken aback. Seeing her getting ready wasn’t something he’d ever done before.

“I want you to sit there and watch me put on my makeup, so you can see how pretty I’m going to make myself for my bull. I want you to appreciate how much effort I’m going to, just to make myself look as good as I can for when he fucks me.”

Harry’s throat constricted and his cock twitched inside its cage. “Okay, if that’s what you want.”

She held his gaze for a few seconds. “It’s what *we* want, Harry. Remember that.”

He nodded dumbly.

Michelle turned and faced the full-length mirror. She slipped her dressing gown off her shoulders and stood naked. “I’ve already put body cream on my legs so they look shiny. I want him to be eager to get between them from the minute he sees me.”

Harry let his eyes wander over her body and felt his pulse increase.

She walked over to her chest of drawers and pulled out a black, silk thong. She watched his face as she stepped into it, pulling up the waistband until it sat high on her hips. She turned slightly and looked over her shoulder at her reflection in the mirror. Harry could see her reflection too; the cheeks of her backside looked wonderful.

She turned to Harry, smiled and selected the matching bra, which fastened at the front. Her pert breasts were perfect hemispheres, the nipples dark brown. Opening the wardrobe door, she bent at the waist but kept her legs straight. Harry noticed the flexed muscles in her thighs and calves. He was also able to fully appreciate how good her backside looked in the thong. She straightened and turned round, a pair of shoes dangling from her fingers. They were black sandals with stiletto heels and an ankle strap. Harry assumed these had been bought especially for tonight, because he hadn’t seen them before.

Michelle dropped the shoes on the bed next to Harry. “Would you mind fastening the buckles? My fingernails are still a bit wet.”

She lifted a foot to the bed, and he fitted the shoe. He wrapped the strap around her leg then fastened the buckle. The shoes were very nice, the heel about four inches high. She replaced one foot with the other and he buckled that one, too. Michelle stepped away from the bed and walked back

and forth past the mirror, watching her feet as she did so. Harry watched, too. The heels emphasised the muscles in her calves and made her legs look longer. Because the heel was higher than she usually wore, it also seemed to affect the rest of her posture—pushing her backside and boobs further out.

When she looked back at Harry she smiled excitedly. “I bet he makes me leave these on while he fucks me.”

A shiver ran down his back.

She turned back to the wardrobe and brought out a small, dark garment. As she took it off the hanger he saw it was a short skirt. It was black with sparkly-silver threads through the weave of the material, another new purchase. Michelle held it in both hands and stepped into it. As she pulled it up onto her hips, he guessed it must be made of Lycra or some such, because it stretched and hugged her curves like a second skin. It was short—barely covering her crotch. She turned round to check herself in the mirror again. She looked back towards her husband and smiled.

“What do you think?”

“I think your bull will be a very happy man.”

She smiled, nodded. “Right, I’ll do my makeup before I put my top on.”

He watched as she first moisturised her face, then put on foundation. She added a small amount of blusher to emphasise her already prominent cheekbones, then used a dark pencil to apply eye-liner.

Next came a green-blue eye shadow, followed by mascara which gave her eyes a sultry, exotic look. Then she used a pencil-type thing to draw around her mouth, before colouring with a dark red lip gloss.

She pouted her lips and looked at Harry’s reflection in the mirror. “Well?”

He smiled and nodded. Her face looked really sexy.

She squirted a generous spray of perfume to each side of her neck, and another to her chest above her cleavage. Then she took out a grey lace top, which to Harry looked like chain-mail. She slipped it over her head and pulled it down. The crochet-effect meant her skin and bra were easily visible through the holes. She inspected her reflection, then turned to Harry, holding her arms out at the side for his appraisal.

“You look fantastic.” It was true. He couldn’t remember ever seeing her look as sexy as this.

“Thank you.” She stepped closer to the bed and held out her hand. He took it in his.

“Making myself look good isn’t just for my bull, you know.”

“Oh?” He watched her face, expecting another bout of teasing.

Her expression was serious. “No. I want to look sexy so my bull desires me, but I also want to look as good as I can for you. I want you to enjoy watching me.”

He swallowed. “I always enjoy watching you.”

Her flirtatious smile returned. “Watching me what?”

He smiled, too. “I always enjoy watching you getting pleased by your bulls.”

“Be more specific.”

“I enjoy watching your body writhing in ecstasy. I love the look on your face when they stretch you with their big cocks, but most of all I love your expression when you come while they’re fucking you.”

She ran her tongue between her lips, then nodded. She turned, picked something up from the dresser. It was a necklace. She fastened it around her neck and turned to face him. He saw what was on the chain—it was the small key to the padlock on his cock-cage.

She smiled at him and walked out of the bedroom. Harry watched her legs and backside all the way. When he heard her go downstairs, he checked his watch; it was almost seven. She’d be meeting the next bull in just over an hour.

He found her sitting on the settee in the living room, legs crossed.

She looked up at him as he sat in the chair opposite her. “Any requests for later?”

The question startled him. “Sorry?”

She shrugged. “Is there anything in particular you want to see me do?”

Put on the spot, nothing occurred to him right away. “Just do whatever you want to.”

“Okay.”

Harry smirked. “But I liked your idea about keeping your shoes on while he fucks you.”

She laughed, twisted her ankles admiring her shoes. “Yeah, I thought you might.”

A few minutes later she stood and picked up her car keys. “Right, I’d better get going.” She stepped close and bent down, her perfume almost overpowering. She held her cheek for him to kiss, which he did. She blinked her heavily-made up eyes a couple of times, then smiled and walked through the kitchen and out the back door.

He watched her car drive past the lounge window and let out a long sigh. His legs were shaking with the anticipation, but all he could do was wait.

Chapter 7

Harry sat in silence, not bothering to turn on the TV or make himself anything to eat. Nothing had passed his lips since Michelle had brought him a coffee in the garage, but he wasn't hungry.

He'd been waiting in a state of delicious anticipation for an hour and a half when his phone pinged. It was a text from Michelle.

*Take a dining chair to the bedroom and put it by the window.
Close the curtains, strip naked and sit on the chair. We're on
our way.*

Harry did as instructed. He'd been sitting for about five minutes when he heard her car pull onto the drive. Another car stopped on the pavement outside their house. He heard voices in the kitchen, and footsteps on the stairs.

Michelle came through the door, closely followed by the bull.

"Harry, this is Roy."

The man looked over at Harry and nodded. He seemed completely indifferent to the fact Harry was sitting naked except for a cock-cage just a few feet from the bed. He was a big guy, solidly built but like someone who did a physical job, rather than spending countless hours at the gym. His hair was clipped short at the sides, but longer on top and pulled back in a small ponytail—a style used by some professional footballers. His face and arms were tanned, and his hands were covered in small cuts and scratches. Harry guessed he worked outdoors, maybe a road-worker or some other kind of labourer.

Michelle stood by the bed and looked up at her new bull. Harry saw her bite her lip, and wondered what the pair of them had chatted about in the pub for all this time.

Roy placed his huge hands on her hips and pulled her close. The top of her head fitted beneath his chin. Instead of stooping to kiss her, as the

other guys had, Roy slid his hands down and cupped the cheeks of her backside, pulling her against him and grinding his crotch against her.

Michelle pulled back and looked up into his eyes. She gripped the hem of his t-shirt and pulled upwards, and he helped her remove it. His body was solid and tanned, and almost entirely covered with tattoos.

Harry silently watched his wife run her fingers over the patterns and colours, then move down to the buttons of his jeans. He held his breath as she slipped her hand inside Roy's shorts.

"Oh... My... God." Michelle was still looking at Roy's face, her eyes wide.

He smiled at her but didn't say anything.

Michelle pushed his jeans down and Harry saw it for himself. His own eyes opened as wide as Michelle's had. He couldn't believe what he was seeing. Roy's cock was the biggest he'd ever seen. It must have measured about ten inches, and it was as thick as a beer bottle.

By the time Roy had stepped out of his jeans, he was fully hard. Harry saw the cock was slightly tapered, thicker at the base than at the tip. Michelle was running her fingers over the head, and they looked ridiculously small on the huge lump of flesh.

She turned and bent at the waist, resting her hands on the foot of the bed. Roy dropped to his knees and slid his hands up her skirt, peeling her thong down her legs and off. Then he stood and slowly rolled her skirt up to her waist, revealing the curve of her arse in all its glory.

Harry watched, glancing quickly between his wife's raised backside and Roy's lecherous stare. He saw the bull lick his lips as he ran his hands over the smooth flesh of her bum cheeks.

Michelle placed her feet a step apart and wiggled her hips. Roy held his cock and moved into position, ready to enter her. Harry held his breath.

The bull gripped her hips and plunged into her with a single violent thrust of his hips. Michelle's eyes opened wide and she screamed, her subsequent breaths coming in short rasps as Roy held her against his groin, his huge cock completely buried inside her. After a few seconds he pulled slightly out, then drove back into her again. Another scream escaped her lips, and her head fell forwards, eyes closed. She breathed heavily through

her mouth, and Harry imagined her insides stretching to accommodate the over-sized invader. Harry's cock swelled and he felt pre-cum seeping out

Roy started to fuck her, slowly but with force. He pulled her hips back to meet each thrust, and Harry could tell from his wife's moans that she was already starting to reach her first orgasm.

Harry saw her beautiful face show pain, shock, pleasure and ecstasy as Roy slowly poked her to climax. When it finally hit, she let out a wail, and Harry felt his cock straining against the cage. Roy never changed the rhythm of his thrusts as he fucked her slow and hard. Harry counted in his head and the thrusts were a little over two seconds apart.

Michelle's hair fell forward and partially hid her face. Her groans got a little louder, already working up to coming again. Then she started talking, but Harry doubted she knew she was doing it; she seemed to be on another plane.

"Oh yeah. That's... Just keep... Oh, *Christ*. Yeah, yeah, just fucking... Oh, God! Fuck, oh..."

Then her second orgasm hit and the words gave way to more moans, yelps and cries. Her legs started to shake, but Roy held her in position and just kept pounding her at the same tempo.

Michelle forced herself upright and Roy stepped back and out of her. Harry saw his cock, slick with her juices. Again he marvelled at the size of it.

Michelle turned to face Roy, took her top off, and then pulled her skirt up and over her head, too. Wearing just her bra and shoes, she lay back on the bed and spread her legs. Her eyes were fixed on Roy's cock. He knelt on the bed between her legs and slipped his cock between her outer lips.

Harry watched as she raised her hips off the bed and Roy pushed all the way in. Michelle gave another sigh, and then the moans and mumblings started again.

"Ooh... Come on, fuck me, fuck me. Oh, fuck me."

The bull raised himself up and lifted her legs, pulling her feet over his shoulders. He started to fuck her faster, and Michelle sounded like she was crying between grunts. For a split second Harry was worried, but then she started repeating 'yes' and 'fuck' over and over.

Roy fucked her like this for another five minutes before Michelle announced she was going to come again. Which she did. Loudly.

Harry saw that both Roy and Michelle were sweating profusely. Her legs were now flat on the bed, wide apart with her butt still pounding her, breathing heavily.

Harry saw a look pass between his wife and her butt.

Roy stood up and Michelle turned and got on all fours on the bed, her head by Roy's crotch. Harry assumed they'd already discussed what she wanted, and was expecting the same scenario as with Paul, with the butt coming into her mouth.

But instead, Roy looked at Harry. "Get over here."

He jumped, startled. "What?" It was the first time Roy had spoken, and his words were like a bark.

"Come on, Sissy. Get up here now."

Harry obeyed.

Roy held his huge cock in his hand. "Right, now jerk me off into your wife's pretty face."

Harry's mouth dropped open. "What?" He turned to look at Michelle, who stared back at him with unfocused eyes. Her hair was clinging to her face.

Roy grabbed Harry's arm and pushed it towards his huge cock. "I said beat my fucking meat. Your wife wants to feel my hot cum all over her face."

Harry hesitated for a split second too long.

Roy slapped him round the head. "Come on, Sissy, I'm itching to blow, here."

Stunned, he reached out and wrapped his hand around the dick. It was hot, wet and slippery. And bigger than anything he'd ever held before. He gripped tighter.

"That's it. Now, wank me off."

Harry started to slide his hand up and down on Roy's cock. It felt surreal.

"Yeah, that's it. Work it like that, but faster."

Without taking his eyes off the cock in his hand, Harry started to pump his wrist faster. He'd had lots of practice at this over the years, but only ever on his own small cock. He looked up to his wife's face. She was watching him, smiling. He moved his hand faster, gripped a little tighter.

Michelle shook her hair back from her face, licked her lips. "Come on, drench me." She leaned closer and held her tongue out.

"Come on, Sissy. Get my fucking load up and all over her face." Roy was breathless, now very close.

Harry stood sideways on between Roy and Michelle, jerking the huge cock as fast as he could. He aimed the tip at his wife's face and cupped his left hand under Roy's huge balls.

Roy let out a rumble from his chest, and then a thick stream of cum erupted from him, hitting Michelle on the cheek. Harry pumped harder and another spurt hit her forehead and eye. Harry kept pumping as fast as he could, determined to drain every drop. Roy let out a scream of his own, and another spurt landed on Michelle's face. Harry took the hand from Roy's balls and pulled Michelle's head forward by the hair, forcing the cock into her mouth.

Roy cried out again and Harry heard Michelle gagging. He had no idea if more cum had erupted, or if she was just struggling to get her mouth around such a huge knob end.

"Alright!" Roy gasped, pulling back. "Alright, stop."

Harry released his grip and stepped back, more than a little shocked by his own behaviour. He'd just wanked another man off into his own wife's face. His cock was now flaccid within the cage, but precum was dripping freely, running down his thigh. He looked at Michelle. Her face was completely covered in cum, eyes closed, Roy's cock still in her mouth. Her mascara was smudged on one eye where the cum had landed, her lip gloss smeared round her mouth—the delicate work of art from earlier messed by the heat of their passion.

Michelle opened her eyes and looked up at Harry. Her eyes smiled as she finally released the hold of her mouth on the bulbous tip of Roy's cock.

"I can go again."

Michelle and Harry looked at Roy in shock.

He shrugged. "I always stay hard after I come the first time. I'm ready to fuck you again."

Michelle looked at Harry, then back at Roy. "Want me to clean up first?"

Roy shook his head. "You look good like that." He ran his finger through the mess on her cheek then sucked it into his mouth. "It's my cum. A lot of the times when I'm fucking a slutwife, she could have the cum from three or four different guys on her face. Don't bother me."

Michelle knelt up and unfastened her bra, leaving it hanging open from her shoulders. She still had the key on the chain round her neck. "Okay then, bull, come and fuck this *slutwife* some more. But pump your next load inside me."

Roy pushed her onto her back and mounted her roughly. She groaned, and he fucked her hard and fast. Harry hadn't moved back to his chair, so he stood at the foot of the bed and watched as Roy bucked his hips over and over. Michelle wrapped her legs around the backs of his and moved with him, riding him from below.

She leaned up and bit into his shoulder, scratched at the patterned back, howled as her fourth orgasm washed through her, then grunted and hugged him close as he stilled, his buttocks clenching and unclenching. Harry knew the bull was doing exactly what his wife had told him to do—he was pumping his second load deep inside her.

Michelle opened her eyes and looked at Harry over Roy's shoulder. She smiled at him, and Harry knew he'd love her forever.

This was the life he wanted to lead.

He made his way back to the chair and watched as the pair on the bed rested and dozed. After less than an hour, they had sex for a third time. Michelle straddled her bull and rode him until she'd made herself come. After that she was encouraged onto her knees and taken doggy style, Roy again electing to come inside her. Harry was starting to get cold and considered getting a t-shirt, but decided against it.

Roy reached down and took a blue pill from his jeans, placing it under his tongue.

Harry smiled to himself. *Even bulls need a tonic.*

Ten minutes later, Roy encouraged Michelle to suck him back to hardness, which she did. Once hard, he fucked her for the fourth time. They started off in the missionary position, during which Michelle achieved her sixth orgasm of the night. Then he fucked her from behind, turning her quickly at the end so he could shoot his final load into her mouth.

Five minutes later, Roy was fully dressed and ready to leave. He didn't acknowledge Harry before Michelle walked him downstairs. She returned to the bedroom a few minutes later.

Harry was a little concerned, because she looked shattered. Shagged out, even. "Are you okay?"

She nodded. "You?"

He shook his head. "No, I mean are you feeling all right?"

She nodded again. "Just tired, and a bit sore." She looked down at herself. "I need a bath."

Harry stepped close and wrapped his arms around her. "Let's just get into bed. You can have a bath in the morning."

"I'm leaking cum everywhere." She looked slightly embarrassed.

He pulled the quilt back and moved her closer. "I don't care, you need to rest. We'll change the sheets in the morning."

She looked into his eyes. "Don't you mind sleeping in someone else's damp patch?"

He laughed. "No. If it's dripped out of you, that's all that matters—I don't care who pumps it in."

She removed her shoes and they climbed into bed. She moved her head to kiss him but hesitated. Her face was still covered with dry cum. She'd also just swallowed Roy's final load.

Harry leaned forward and licked her cheek. She pulled him close and held him tight. His heart thumped in his chest, and they fell asleep embracing. He wished he'd been allowed to come too, but knew this was probably for the best. He couldn't remember the last time he'd felt so happy.

Chapter 8

When Harry woke next morning, they were still entwined. He watched his wife's face as she slept. Even with the remnants of her makeup and Roy's cum, she still looked beautiful. Harry let his mind re-live the events of last night, and wondered if he'd admit to the thrill he'd got from jerking Roy off into her face.

He held her until he needed to get up to pee, at which point Michelle opened her eyes. They kissed again, then she took a bath while he dressed and made breakfast. She came downstairs dressed in leggings and t-shirt, her face clean and her hair wet. He passed her a glass of orange juice which she drank in one go.

She smiled shyly at him, looking a little embarrassed. "Was last night okay for you?"

He nodded, wondering what was on her mind. "Why do you ask?"

"Most of the times he came inside. I know you like seeing—"

"It was fine. I don't need to see every single one. I got turned on by knowing he was coming inside you."

She nodded, relieved for a second before the concern returned to her face. "In the pub, I asked him to make you finish him off by hand. I'm sorry if you didn't—"

"It was fine. I didn't mind, don't worry."

"It turned me on so much, you have no idea."

He laughed self-consciously. He wanted to make light of it and not admit how much it had turned him on, too. He tried to move things along to other parts of the evening. "I think a lot of things turned you on. I can't believe you came so many times."

She laughed. "Me neither."

"Whereas I..." He waited until she looked at him. "Am being made to wait for another whole week."

She nodded. Then she bit her lip, pushed her hair back behind one ear. "About that..."

"Yeah?" He was getting a bad feeling.

She smiled. "Well, before that, I'm afraid you're going to have to sit through another night of passion."

"Another night of watching your passion?" Harry felt the familiar tingle inside.

She nodded.

"With Roy?"

She shook her head. "No, not this time."

"Oh?"

She took a deep breath. "On Friday, you're going to be watching the BBC."

Harry's mouth dropped open.

"I'm not talking about the television channel, you know."

Harry nodded. He knew what BBC stood for, because he'd been looking at cuckolding sites, too. Michelle had arranged another bull, and this one had a big black cock. He felt a twitch inside his cage.

* * * *

Harry sat naked on the chair while his wife was downstairs with her latest bull. He heard the chink of a bottle on a glass, music playing. Laughter. He thought they were dancing. Another song followed. Then another. By the time he heard them making their way upstairs, it was dark outside.

When they came into the bedroom, Michelle was wearing only her underwear and shoes. Her bull was down to his boxers. He was tall and slim with a shaved head. His ebony chest was hairless, his shoulders and arms muscular.

Neither of them looked at Harry. They kissed passionately, then Michelle dropped to her knees and pulled down his boxers. Harry saw his cock was already hard, and already wet. Michelle must have started sucking him before they came upstairs. He listened to the slurps of her mouth, the

moans from her bull. He watched as she tried to get as much of his huge cock into her mouth as she could.

His cock was long, but thinner than Roy's had been. It was perfectly straight, like a rolling pin. Michelle took it out of her mouth and held it in both hands. Then she looked at Harry for the first time. She held the long cock in her hands and ran her tongue down the entire length of the shaft while looking into her husband's eyes.

She stood and stepped over to Harry, held out her hand. He looked up at her, confused.

She pulled him from the chair, turned him round and pushed him back onto the bed, laying him down across the width of the mattress. Harry knew she liked to involve him, but this was probably more involved than he wanted to be. She walked around and crawled onto the bed, kneeling above him. If he hadn't been wearing the cage, he might have thought they were going to have a 69. But she moved a little too far over him, so her head was over his thighs, her crotch over his chest. Harry gazed up at her sex. Although he'd get a perfect view of the big cock sliding into her, it also meant he wouldn't be able to watch her face, which was a disappointment. He knew what was going to happen next, and he was in the firing line. Literally.

The bull knelt on the bed on either side of Harry's head. Without looking down, he raised his cock and placed it at the entrance of Michelle's sex. Then he slowly slid into her, and Harry watched from below, his face just a few inches away, as the latest bull fucked his eager wife. She came twice in quick succession, each time crying out. The bull increased his pace, then suddenly held still.

Harry saw the balls rise and fall within the sac, heard the bull gasp with each spasm, heard his wife moan her appreciation. He watched in silent anticipation as the bull slowly pulled out of her and got off the bed.

Michelle clenched and relaxed her pelvic muscles. Within a few seconds the bull's cum, white and thick, dribbled out of her sex and onto Harry's chest. His heart banged against his ribs. He knew what she wanted, and he didn't consider for a second if it was what he wanted, too. Harry raised himself up and pushed his tongue into her sex. She moaned, and he pressed as far into her as he could. He didn't think about the taste or the

wetness. She pumped her hips and he moved his head faster, fucking her with his tongue.

When she started to whimper he moved his tongue down to her clit, his nose now buried inside her. When she came the contractions released more cum, and Harry kept licking and swallowing. He swelled inside the cage, and ached for his release. He had no idea how long he lapped at her, but by the time she lifted herself up and got off the bed, her bull had replaced his boxers and was sitting in his chair.

Michelle took the bull's hand and they went back downstairs.

Harry lay on the bed, breathless. He wondered if the pair would continue their evening without him, maybe do some more dancing and then have sex in the living room. He wouldn't mind if they did, content with the idea of lying here and listening to his wife's moans. But after a couple of minutes he heard the front door close, then Michelle came back in the room.

She stood by the bed and nodded at the mess on his chest. "Do you want to wash that off?"

He held her gaze, shook his head.

She touched the pillow, indicating for him to turn through ninety degrees and lie properly on the bed. He did so.

She crawled up the bed until she was on all fours above him, looking down into his face. Then she slowly lowered herself on top of him, her breasts crushing against his chest. She squirmed and wriggled, smearing the bull's cum over both of their chests. She kissed him on the mouth, and he held her tight. He felt her rubbing her crotch against the cock-cage and it turned him on. She kept moving against him and he watched her eyes close, felt her gasps as she came. His cock was wet and swollen, a delicious warmth in his groin. His urge to come was intense, but it eventually passed. They fell asleep in each other's arms again.

For some reason, they were at their closest after they'd shared her body with another man.

Chapter 9

Michelle shopped with a friend for most of Saturday, while Harry cut the lawn and did some other jobs that needed doing in the garden. They spent the evening watching TV, and both went up to bed shortly after eleven.

Harry woke first on Sunday morning and watched his wife sleeping. Today was the day he was to be allowed his release. He wondered if he'd be allowed to choose how his orgasm was achieved. When Michelle had shown no signs of stirring for fifteen minutes, he got up and went downstairs.

It was almost an hour later when she joined him in the kitchen wearing one of his shirts. She kissed his cheek and made her way to the kettle. As she poured herself a cup of tea, Harry ogled her from behind. Her legs were tanned, feet bare, the toenails painted a dark red. His mind filled with images of her with all the bulls she'd had in the last few weeks.

She turned and must have caught his expression. "Well, today's the day."

Harry looked into her face, wondering if she was going to suggest leaving his release for another week.

She smiled. "How about we have a bath, then I'll make you come?"

He nodded enthusiastically, and she laughed. She carried her tea and he followed her upstairs. She ran the bath while Harry stripped off in the bedroom. When he joined her in the bathroom she was naked, sitting on the side of the bath. She motioned for him to stand in front of her, then leaned forward and used the key on her necklace to open the padlock. She removed the cage, then the thick ring.

It felt weird to not have the cage in place. Michelle ran her hand over his cock and he shivered.

"Ooh, I think I'm going to have to be very careful with this. Looks like you're quite sensitive..." She was smiling.

They sat facing each other in the hot water.

Michelle broke the silence. “How did you enjoy watching me with Lucas?”

Harry paused. He hadn’t been introduced to the last bull, but assumed that was who she was referring to. “Your BBC?”

Michelle nodded.

“I think he lived up to the title.”

“Yeah, he did.”

“I was surprised he left so soon.”

Michelle chuckled. “He had another date later, believe it or not.”

“Really?”

She nodded. “He had a forty minute drive to recuperate, then another hotwife to satisfy.”

“Wow.” Harry thought for a few seconds “Are there that many couples doing this sort of thing, then?”

“Like I said, it’s a lot more commonplace than you’d think.”

Harry ran his hand down her soft, wet leg. “I doubt many of the other hotwives are as sexy as you.”

“A lot of them are gorgeous—I’ve seen their photos on the websites.”

He bit his lip. “Have you put a picture of yourself on the web?”

She held his gaze for a few seconds, then nodded.

“Naked?”

She shook her head. “Underwear and shoes.”

“Does it show your face? Would anyone we know be able to recognise you?” Harry started to panic.

She laughed. “No, just my body in the mirror.” She studied his face. “Would you mind there being a naked picture of me with my face clearly showing?”

He couldn’t deny the idea made him uncomfortable. “I’d prefer you not to be recognisable.”

“Shame. I was going to get you to video my next bull fucking me, then post that on the website.”

“What?” He sat up so quickly that water sloshed over the rim of the bath and onto the floor.

She laughed again. “It’s what most people do. I’ve watched about fifty clips of women getting fucked hard by bulls over the last few weeks. Gets me all hot and bothered.”

Harry wasn’t sure he was ready to go public with their new lifestyle just yet. “Maybe we can fly under the radar for a while first...”

“Okay.” She hesitated, and he felt sure he knew what she was going to say. “Harry...?”

He opened his eyes wider, looked straight at her.

“The other night with Lucas... You know, after he came...”

Harry nodded. He’d been right. “I suspected it was what you wanted me to do.”

She nodded. “Yeah, I did. How did you know?”

“Why else would you get me on the bed?”

She looked self-conscious. “You made me come so hard when you did that.”

“So I noticed.”

“Was it awful for you?”

He thought about it for a couple of seconds, then shook his head. “I didn’t think about it. I knew it was what you wanted, so I did it for you.”

Reaching under the water, she gripped his cock. “Dry yourself and lie on the bed.”

He didn’t need to be told twice. He got out of the bath, wrapped a towel round his waist and went through the door. A couple of minutes later she walked naked into the bedroom. He’d already spread-eagled himself on the bed.

She laughed. “Eager, are we?” She climbed onto the bed, knelt between his knees and ran her hand down his stomach.

He shivered under her touch.

Her fingers encircled him gently. She lifted it so it was vertical, squeezed it slightly. Keeping her eyes on his cock, she licked her lips. “Has the wait been okay?”

He clenched and relaxed his buttocks in time with her gentle stroking. “It was difficult at times.”

She looked up into his face. “What times?”

He swallowed. “After Roy, I really wanted you. The following few nights were really hard. And then after Lucas.”

Michelle started to pump him with her hand. “Roy’s cock was so huge. I can’t remember coming so many times before.”

Harry’s cock started to get harder with her words.

She noticed, smiled knowingly. “When he fucked me bending over the bed, I swear his dick was prodding the food in my stomach.”

His throat constricted and his breathing became ragged.

She leaned closer to his face. “I couldn’t believe how much stuff you managed to pump out of him with your hand. He reckoned you were a natural.”

Harry felt a tingle deep in his groin, but suddenly she released her hand and sat up.

He looked at her, confused.

She was smiling at him. “This is called *edging*.

“Edging?”

“Yeah, it’s where we make this last for a while.” She ran a single finger down the length of his cock, and he shivered again.

“Oh?” His breathing was still unsteady.

She raised her eyebrows and nodded. “It’s where I take you the point of *almost* coming, then stop for a while to allow you to calm down again. Then I do it again. I keep you right on the edge, hence the term *edging*. It’s a way of prolonging the stimulation, and makes your orgasm that much better when it finally arrives.”

Harry stared at her, not sure if this was a good or bad thing.

“It’s also referred to as *surfing*, apparently.” She took his cock in her hand again and started to pump him.

His head dropped back and he let out a thankful groan. She continued for about ten seconds, then stopped again. He stared into her face. He was desperate, and was sure it showed in his expression.

She smiled sweetly back at him.

His legs were shaking. “Michelle, this isn’t fair.”

She leaned down and took the end of his cock into her mouth. Her tongue circled the crown a couple of times, then she released it. “Did you see how much of Lucas’s cock I managed to get into my mouth the other night?”

Harry shook his head. He didn’t care about what she did with Lucas, he just needed her to suck *his* cock. Now. “Michelle…”

“I sucked him downstairs first. He fingered me and got me all wet before we came upstairs.” She gripped his cock again and moved her hand slowly up and down. “He made me come with his fingers while we danced. That’s when I dropped onto my knees and sucked his beautiful cock.”

She gripped his cock again. Harry started bucking his hips, trying to get the friction he needed. He was almost there.

Michelle let go again. Harry groaned in frustration. His cock twitched wildly, then a stream of watery cum trickled out and ran down his shaft, soaking into his pubic hair.

He couldn’t believe it. Although he’d seen the cum run out of his cock, he’d not experienced the spasms and elation that usually accompanied his orgasm. He looked up at his wife accusingly.

She was watching his cock, as if transfixed. Then she suddenly looked him in the eye. “Apparently, it’s called a ruined orgasm.”

Harry frowned. “What?”

She was nodding, watching his cock again. “Yeah, it’s where you manage to ejaculate, but don’t feel the full sensations of coming.”

“Why the fuck did you do that?”

She shrugged. “It’s supposed to keep you keen for your next one.”

He was shaking with a mixture of anger and frustration. He closed his eyes for a second and took a deep breath, then looked at her. “That’s not fair.”

“I’m sorry, but I read about it and had to try it. The ruined orgasm is like a safety valve—it relieves some of the pressure, but not your lust. In two weeks’ time, I promise you’ll have a good one. I’ll make you come so hard it’ll hit the ceiling.”

Harry glared at her.

Michelle got up and started to get dressed. “Shall we go out for lunch?”

“Yeah, sure.” He made sure there was no enthusiasm in the tone of his voice. “Maybe you could let me chew the food for a while, but then make me spit it out without swallowing, just to make sure I stay hungry.”

Michelle laughed out loud. “God, stop being so grumpy. We both know it’s all part of what you want.”

She headed back to the bathroom and Harry started to get dressed. When she returned a minute later she had his cock-cage in her hand. He sighed and lowered his jeans and shorts, but made sure she knew he was far from happy. She fitted it easily enough without using the nylon sock.

Harry put the rest of his clothes on in silence, then headed downstairs. She came down after a few minutes wearing a red vest top, black jeans and heeled ankle boots. He thought she looked gorgeous, and couldn’t stay mad at her any longer.

They walked into town holding hands, deciding to go to one of their favourite pubs, even though the lunch-time menu was a bit limited.

They chose a corner table where nobody would overhear them. Michelle leaned forward and ran her hand down his arm. “I feel a bit guilty for what I did earlier.”

Harry watched her eyes, trying to decide if she was genuinely sorry or just saying it to pacify him. “I think if you want to try things like that, maybe we should discuss them first.”

“But then there’d be no surprise.”

Harry frowned. “Was the idea to surprise me, or to piss me off?”

“It was supposed to make you yearn for me even more.”

He was shaking his head. “I’ve had two weeks of watching you enjoying everything you could possibly want, from two different bulls.”

She smiled. "I know. They were both wonderful."

He tried to keep his voice calm. "I tried to make it as erotic for you as I could. I wanked Roy off because I knew you wanted me to, and I cleaned up after Lucas had filled you. Neither of those things were for my benefit, but were done to try and give you extra pleasure."

Michelle looked into his eyes. "I know. Thank you."

"I think I deserved better, today."

"I'm sorry, Harry." Her remorse looked genuine. "I wanted it to be something you'd understand, and appreciate why I'd done it."

He nodded. "I do understand, and realise you were trying to prolong things for my benefit. I had no problem with the edging—that was nice, and if you'd made me come properly at the end of it, I'm sure it would have been fantastic. But to leave me hanging like you did..."

"Okay, okay. I've said I'm sorry. But I'd read that ruined orgasms are a great part of the denial strategy."

Harry shrugged. "I'm not saying never, just not the first time I'm set free. You have no idea how badly I've wanted to come since you fitted this cage." He looked down towards his groin.

She took a sip of her drink. "Tell me how you feel about everything, now we've done it a few times."

"Five times. You've had five bulls in a just over month."

She looked surprised. "Is that true? Yeah, I suppose it is." She smiled broadly. "I'm a lucky girl."

He nodded. "I suppose you are."

"And what about you? Do you feel lucky?"

He could tell by her face that she already knew the answer. "You know I do."

"Tell me what you think about it all."

He took a breath. "In the bedroom earlier, just after your trick with the disappearing hand..."

She smiled at his description.

He bit his lip. "You said something about it being all part of what I want."

Michelle was watching him closely.

“It got me thinking, and you’re right. I realise there’s more to this than I first thought.”

“How do you mean?”

He ran a hand down his face. “I thought it was going to be about watching them give you what you weren’t getting from me—what I couldn’t give you. At first I thought it was about the lack of erections, but later I realised...” He broke eye contact.

She leaned closer over the table. “Tell me.”

“I realised even when I had an erection, it wasn’t really enough.”

She frowned, but didn’t contradict him.

“When I watched you with your vibrator, I was a bit shocked at how far you managed to push it in.”

“Don’t embarrass—”

“No, that’s not a criticism. You know how much it turned me on. But your vibrator’s considerably longer than I am, so when I saw you sink it all the way inside you, I knew I’d never been able to go that far myself. As for the guy in the film you were watching...”

She laughed, the tension now broken.

“But you’ve had bulls as big as that guy—probably bigger.”

She nodded.

“I’ve begun to see there’s more to the role than just watching you getting serviced by a series of well-endowed men—although that’s undoubtedly the best part.”

“Yeah, that’s the best part for me, too.”

He laughed, but turned serious again. He’d given all this a lot of thought. “But it’s not just because I enjoy watching something like a scene from a porn film. It wouldn’t be the same if I was watching men with big cocks fucking somebody else. The women could be porn stars or models, but I wouldn’t get the same buzz as I do by watching them with you.”

Her eyes seemed to be sparkling with tears, and he hoped he hadn’t upset her.

“I get a weird kind of thrill, knowing how much they fancy you. They get to fuck you, but I’m the one that takes you out to dinner and sleeps beside you every night. If they hadn’t got a big dick, you wouldn’t give them the time of day. I haven’t got a big dick, and yet you married me.”

“That’s because I love you.”

He smiled. “I know. And that’s why I’m not jealous. I know you’re just using them.”

She nodded. “Like I’ve said all along, I just want their cocks.”

He watched her for a few seconds, then smiled. “So, where are you getting your next big cock from?”

“What’s the matter, can’t you wait?”

He shrugged. “Maybe I’m getting a taste for it.”

He saw her surprised expression and realised what he’d said. “I meant I like watching you, not a taste for anything I’ve tasted. I didn’t mean that.”

She smiled. “That’s a shame, because we both know you’re going to have to do it again.”

He watched her face, felt his cock twitch.

Chapter 10

Michelle only managed to organise one liaison with a bull before Harry's next scheduled release. The guy was called Jon and had curly blond hair and an earring. He looked to be somewhere in his early forties, and Harry spent over three hours naked on the chair watching him pleasuring his wife. Michelle seemed to have orgasm after orgasm, while Jon managed to come three times, all of them inside her.

After the bull had left, Michelle demanded Harry perform cunnilingus. He did so, bringing his wife to her final orgasm of the evening. Neither he nor Michelle commented on the fact that she'd been full of Jon's cum.

Three days after Jon's visit, it was Sunday, two weeks since Harry's ruined orgasm, and four weeks since his last proper one—which had been inside Michelle shortly after Eric had left the rented cottage in Catterick.

They ate breakfast in the kitchen then took their coffee out to the garden. It was a bright morning in late July, the sun already warm. Michelle dead-headed a few of the flowers in the tubs on the patio while Harry read the news on his phone.

She passed him her empty cup. "I'm going upstairs. Join me in five minutes."

He waited in the garden, a delicious tingling in his stomach. It seemed a very long time before the five minutes were finally up. He put the dirty cups in the kitchen sink and headed upstairs. When he opened the bedroom door, he saw Michelle with her back to him. She was wearing the black heeled sandals she'd worn for Roy, black stockings and some intricate kind of suspender belt. She was topless and looked amazing.

Then she turned round, and his eyes almost popped out of his head. She was wearing a strap-on. What he'd assumed was a suspender belt was actually supporting more than her stockings. It was only small, maybe four inches long, and quite thin. Harry knew immediately what she intended

doing with it. When he looked up to her eyes she was watching him. After a few seconds, she smiled.

“Get naked, Harry.”

He did as instructed.

“Sit on the edge of the bed.”

He obeyed.

She stepped close to him, the strap-on level with his face.

“Suck my dick, Harry.” Her expression was deadly serious.

He’d never have guessed that being dominated this way by his wife would excite him so much, but maybe it was because he was so desperate for a proper release. Harry opened his mouth and moved his head forward, taking in all of the rubber cock.

Michelle rested her hands on each side of his head, then thrust her hips forward. Harry closed his eyes and let her fuck his face.

After a couple of minutes she stepped back, then bent over and used the key around her neck to unlock his cage. She dropped to her knees and took his cock into her mouth.

He let out a groan. After a few seconds in her wonderful mouth, he was rock hard.

Michelle stood, walked to the dresser and picked something from the assortment of bottles.

Harry recognised the tube of lubricant he’d rubbed on Eric’s cock in the rented cottage. He knew what it had been used for that day, and that today’s purpose was similar.

Michelle watched his face as she squeezed a generous blob onto the dildo. She rubbed it over the head, and then down the sides. She added another blob to the palm of her hand and mimicked the wanking action as she added more lube.

Harry’s eyes were watching, his cock still rock hard.

“Lie back.”

When he had done so she stepped closer to the bed. She encouraged him to lift his legs and guided them over her shoulders. She bent her legs to

get into the right position, and put the slicked end at the opening of his anus.

They held eye contact. Harry held his breath.

She licked her lips, and only then did he notice she'd applied lip gloss.

Harry stared at her, his pulse sounding loud in his ears.

"Tell me what you want, Harry."

He swallowed, took a breath. "Fuck me."

She smiled. "Good boy."

Michelle thrust her hips forward and he felt the dildo enter him. His natural response was to clench, even though he tried to relax. She pulled back and pushed into him again. He let out a grunt. It was uncomfortable, giving him a feeling of fullness like he'd never imagined. She pushed into him a few more times, and he found it less uncomfortable.

When her hand wrapped around his erection and stroked up and down, he let out a moan. Her hand was still covered in lube, and his cock was soon slick with the gel. She fucked him harder and wanked him faster, and Harry pushed his head back into the mattress, a long wail coming from deep in his chest.

It wasn't long before he knew he was getting ready to come. He wanted to beg her not to ruin this one, but when he looked into her face he knew there was no need. She was watching his face, her teeth gritted. She was breathing heavily, exhaling with each thrust of her hips. But there was a determined look in her eyes that told him she was going to take him all the way there. All the way...

His orgasm hit him like an electric shock. His back arched off the bed, inadvertently pushing him down onto the invading dildo. His balls felt like they were in a vice, and his cum gushed from him like the champagne from a racing driver's magnum. He cried out, barely recognising the sound he'd heard as his own voice.

Michelle kept pumping her hips and her hand.

A second eruption shot high into the air above him. Then a third.

Still Michelle fucked and wanked him.

Yet more cum shot out, but by now it wasn't that pleasant a sensation. He was supersensitive and a little sore. He pushed her away and out of his ass. His legs were shaking uncontrollably, and he lowered them to the bed.

She still gripped his cock.

He opened his eyes and looked at her.

She smiled. "Was that one real enough for you?"

He was too breathless to speak.

She looked down at her strap-on. "This was a great purchase, don't you think?"

He hesitated for a second before he nodded.

She smiled again. "The next time I use it on you, there's going to be a bull fucking me in the ass while I do you."

Harry stared at her, imagining the scene. He nodded again.

She rubbed her thumb over the tip of his cock. "I'll run us a bath."

* * * *

Over the following couple of months, Harry and Michelle settled into their new lifestyle. They went to work and spent most of their free time like any normal married couple, laughing and being affectionate. But at least one night a week—sometimes two—they lived out their fantasy, which involved Michelle giving her body to another man while her husband watched.

Harry lost track of the names of all the bulls, but could remember exactly what each of them had done to his wife. By mutual agreement, he was now allowed his release only once a month. Sometimes they were ruined, other times they were glorious. But they were always whatever Michelle decided to give him. She'd informed him he wouldn't be allowed to come inside her until Christmas Day, and this gave him something extra to look forward to.

Their routine was disrupted one night in November, and it opened up a whole new avenue of thrills. They'd attended an exhibition at an art gallery because Harry had read about it in the local paper the week before.

They weren't regulars, and it all felt a bit surreal as they sipped champagne and walked from room to room looking at the art works.

Harry found the majority of the attendees a little eccentric. He thought they wore strange clothes and spoke in clichés. He felt out of place, but revelled in the fact that most of the men there couldn't keep their eyes off Michelle in her short black dress and black heeled sandals. He even caught several of the women checking her out.

One particular man seemed to follow them through the gallery. Harry had seen Michelle catch the man's eye a couple of times, and an idea formed in his warped mind. He was about their age, maybe a little older, with long dark hair tied back in a ponytail. He wore a dark grey suit over a black, round-necked sweater. One of the gallery rooms had an exit to a set of stairs. The double doors were closed, the stairwell in darkness.

Harry stopped to look at a picture on the wall nearby. When the man got closer, Harry looked around the room, empty save for the three of them, then turned to Michelle's admirer.

"You seem to have a fascination for my wife." He felt Michelle tense up beside him, probably fearing a confrontation.

The man looked embarrassed. He looked at Michelle, then back at Harry.

Before the man could answer, Harry spoke again. "Is it because you want to paint her or fuck her?"

The man's eyes and mouth both opened wide. "I... I..."

"Come on, which one is it?" Harry kept his voice friendly, not aggressive.

"I don't paint."

"Ah, so you want to fuck her." Harry nodded understandingly.

"I... Er..." His eyes swept from Harry to Michelle.

Harry nodded towards the stairwell. "Why don't you take her in there and get it over with. Then you'll be able to concentrate on the pictures again."

The guy looked at the stairwell, then at Michelle, and finally back at Harry.

“Go on, we all know you want to. I’ll keep watch.”

Michelle walked towards the stairwell and opened the door. She looked back, first at Harry, then at the guy.

The man checked Harry’s face again, probably waiting for the ‘gotcha’ to be revealed. Harry just nodded toward his wife.

The guy in the suit walked the few short steps to the door and Michelle let it swing to behind him.

The stairwell was dark and Harry could only see their silhouettes. He moved closer to the door to try and get a better view. He could see Michelle had her hands at the buttons of the man’s trousers, then she was pulling up her dress. He saw the guy bend his knees and push up and into her. She put her hands on his hips and watched his face as he fucked her. Harry’s cock started to swell inside the confines of his cage.

Another couple wandered through from the gallery, looked briefly at a couple of the pictures, then left.

It was only a few minutes before Harry heard the door to the stairwell open. The man in the suit came through on his own. He looked flustered. He nodded once at Harry, and left. A minute later Michelle walked up behind him. He looked into her face and smiled.

“Take me home.”

The look in her eyes excited him.

They completed their journey in total silence. As soon as they got through the door, Michelle grabbed him by the lapels and kissed him passionately. She pushed her tongue into his mouth and scratched at his chest with her nails.

“Get naked and lie on the bed, Harry.”

He did as instructed, though he couldn’t forget that there were two and a half weeks to wait for his next release.

When Michelle walked in, she was naked apart from her shoes. She stood at the side of the bed, her expression serious. “Tonight was unexpected.”

Harry nodded slightly. “I just thought...”

“You just thought you’d offer me to a complete stranger.”

He nodded again. "Was that bad?"

She shook her head. "No. It was a very pleasant surprise. It was very erotic."

His stomach tightened in the usual way. "Did you come?"

She smiled. "Of course."

"Did he?"

She parted her legs slightly, revealing the stickiness between her thighs. "What do you think?"

He stared, expecting to be called on to clean her up.

"So I thought I'd repay you with an unexpected treat."

"Oh?" His heartbeat increased.

Michelle bent and took her vibrator from the bottom drawer of her bedside cabinet. It was the huge one Harry had watched her pleasuring herself with, and his eyes opened wide.

She laughed. "Don't worry, it's not going inside you."

He let out a sigh of relief.

She knelt on the bed next to him, bent forward and pushed her tongue through the rings of his cage. His cock responded to the warm-wet softness and started to swell. She sucked his balls, then went back to tonguing him through the loops of metal. His cock was as swollen as it could get, pushing against the cage.

She concentrated her tongue around his tip and he moaned. Then she moved so that she was kneeling either side of his head. He looked up at her crotch, glistening between her sticky thighs. The wetness seeping out was white. It was the guy's cum.

He heard the buzz of her vibrator and felt the sensation on his balls as she massaged them with the toy. His buttocks clenched and he let out a groan. Her tongue continued to run over his caged cockhead and he felt the familiar tingle in his groin. He reached up and pulled her hips down, forcing his tongue as far into her slit as he could get it.

He heard her moan, and he lapped greedily. He was still drinking from her when he felt the final surge and he erupted. Her tongue licked and

prodded him, his moans of gratitude smothered by her wet crotch. She came shortly after he did, her nectar his reward.

They lay in silence on the bed, her head resting on his shoulder.

She kissed his armpit. “I’d like us to repeat the random pick-up sometime.”

He looked at her, unable to stop smiling. “Will you repeat what you just did to me?”

She nodded. “That could work. You come on the last Sunday of every month, but also whenever I have a random stranger.”

“That sounds good to me.” He thought about it. “Why was that more erotic than arranging a bull as normal?”

She pushed a strand of hair behind her ear. “I don’t know. Maybe the surprise on the guy’s face. All the bulls know exactly what’s in store—the guy tonight didn’t.”

“He probably couldn’t believe his luck.”

She laughed.

Harry stroked her arm. “Maybe we could book into a hotel every few months, and go down to the bar and pick up a guy. Hotels are full of businessmen on their own.”

Michelle nodded. “Yeah, that’d work well. We’d have a room, and I wouldn’t have to get fucked standing up in a stairwell.”

Now he laughed. “I bet you enjoyed it.”

She bit into his shoulder. “Of course I enjoyed it.”

He had a thought. “Did you talk to him?”

She shook her head. “Not really. I only said two things.”

“And what were they?”

“The first was *fuck me*.”

He smiled. “And the second?”

“*Come inside me*.”

He smiled, stroked her hip.

She sat up and turned to face him. “Speaking of me enjoying myself...”

Harry knew what was coming; she'd organised her next bull. "Yes?" He was smiling.

"I've arranged something special for my next time."

"Oh?" A familiar twitch moved his cock inside the cage, and she noticed.

She leaned closer to his ear, made her voice breathless. "I've decided to up the stakes."

Harry's mind raced, but he couldn't work out what she meant. "Oh?"

She smiled. "Come on, what's the obvious next step?"

He was about to shake his head when a thought occurred. "You want a threesome." It wasn't a question.

She smiled, then shrugged. "I thought I'd skip that, and go straight for a higher number."

Harry sat up. "What do you mean?"

"I've booked a chalet by the sea for next weekend."

"Uh huh." He waited.

"I've arranged for some people to pay me a visit."

"How many people?"

"Roy and Lucas will be there. And maybe Jon."

"Michelle, tell me what's going to happen?"

"I'm going to get gang-banged."

His mouth was dry. "How many?"

She held his gaze for a long time.

He saw her swallow, then lick her lips. "How many, Michelle?"

"Seven."

"You can't be serious. Do you have any—?"

"I know exactly what I'll be getting. I've discussed with all of the bulls what'll happen."

Harry was concerned for her. "Michelle, you've got to think about this. Roy can come four times in a night. Jon did three. Lucas went off to

another woman after you. If all the others can do the same, you..." He shook his head.

"Don't worry about me. I'm going to get exactly what I asked for. Aren't you excited about seeing it?"

He paused, then shrugged. "That's not the point. What if it's too much?"

"I'll be having three men in me at once, and the others will be either groping me or jerking off over me. It'll go on for a long time, and they'll all have their turn. But when it ends, there'll be just the two of us. We'll have that memory to keep us hot for a long time."

Harry watched her face, then nodded. "If you're sure it's what you want."

She smiled. "Oh, it's definitely what I want." She blew into his ear. "And what's more, I know it's what you want, too."

He held his breath, nodded again.

"Good. And there's a bonus with this one."

"Oh?"

She smiled. "They're going to film it, so we'll be able to watch and enjoy it long after it's over."

He closed his eyes, felt the tell-tale wetness seep inside his cage. This was his life, and he was enjoying it more than he liked to admit.

Part II – Stag Nights

Ψ

Chapter 11

Harry lay in the dark, his heart thumping in his chest. The smell of sweat and sex cloyed his senses like the remnants of a bad dream, even though they'd changed the sheets on the bed. Beside him Michelle slept soundly, justifiably exhausted.

He turned onto his side, adjusting the cage in his shorts until he found a comfortable position. Sighing, frustrated that slumber eluded him, he reached over to the small table at the side of the bed and pressed the screen of his phone. It was a little after three. He closed his eyes in search of sleep, but ten minutes later got up and made his way to the small kitchen area of the chalet's living room. Harry grabbed a beer from the fridge and took it to the couch, not bothering to turn on the light.

Images from earlier flashed through his mind. Scenes that usually aroused him beyond reason had this time left him feeling cold, almost nauseous. Watching his wife being taken by other men had awoken in him a pleasure he never knew existed, a sense of pride and contentment he couldn't explain, but tonight had been different. It had started okay but, as time passed, so did his enjoyment. Michelle had looked forward to the gangbang all week, but Harry suspected even she'd tired of the experience long before the men had finished with her. A memory of her, naked and spread-eagled on the bed, filled his mind's eye. The men, huge, fully-engorged cocks sticking out in front of them, buzzed around her like sharks in a feeding frenzy, grabbing, prodding, dipping: satiating their need as if she were a rubber doll.

The light came on and Harry looked away, squinting from the glare. It took him a moment to focus on Michelle, who stood in the doorway, his shirt wrapped around her like a robe.

"You okay?" She sounded sleepy but concerned.

He forced a smile. "Can't drop off, and I didn't want to disturb you."

Michelle studied him for a few seconds, then got herself a beer from the fridge and came to sit next to him. She took a swig and held his gaze. "Tell me what's wrong."

"Nothing's wrong, it's just..." He shrugged, searching for the words to describe his feelings from earlier.

She looked tired, which was expected, but there was something else. Her lips looked fuller, almost to the point of being swollen. It wasn't surprising, considering how the bulls had used her mouth.

Harry felt guilty for disturbing her sleep. "I'm sorry, we'll talk about it tomorrow. You look shattered."

Michelle gave a mischievous smile. "Yeah, thoroughly fucked."

He laughed, reaching over to run his hand down her arm. "Have you any idea how many times you *were* fucked?"

"I thought you'd be counting."

"I lost track when they doubled up."

Michelle looked down at her feet, the toenails a dark metallic blue. "I suppose it's probably a good thing that a couple of the bulls couldn't make it."

He waited until she looked up into his eyes. "Definitely. I think taking five guys at once was too many, God knows what seven would have been like. I was worried. Really worried."

"I was fine—"

"Really? Because that's not how it looked towards the end." Harry remembered her squeals of discomfort as two bulls double-penetrated her for what was probably the fifth or sixth time in a two-hour session.

"It's something I wanted to try, but I admit I may have over-estimated what I could cope with."

He stroked her hair, now clean after her shower. "Go to bed, you need to get some rest."

She licked her lips. "Are you horny?"

He snorted. "You're unbelievable."

"That's what all the men say. But if you think it'll help you sleep, I could let you out of your cock cage so you can give yourself some relief."

“I thought you were going to offer to let me use your body.”

“Not your time yet, babe.” Michelle stood up and placed her half-empty beer bottle next to his. At the door, she turned to look at him. “I was serious. If you need to have a wank, I’ll let you out. You’ve seen everyone else blow their loads tonight, and that usually makes you want to do the same.”

Harry shook his head. “I’m fine.”

“Okay.”

After she’d returned to bed, Harry finished his beer and picked up her bottle. There had been a lot of things he’d enjoyed about the gangbang, particularly early on. But the number of bulls present had paradoxically made him feel more conspicuous. Sitting in a corner of their own bedroom usually allowed him to feel invisible, but here in the chalet—outnumbered five-to-one—he’d been the elephant in the room.

He’d felt scrutinised throughout the session. While the bulls pleased Michelle, he’d sensed them glancing at him as if trying to gauge his reaction. The presence of the weird guy recording it all on video had also made a difference, particularly when he’d pointed the camera in Harry’s direction. It was like he could no longer pretend this was something private, no longer pretend he wasn’t the type of husband who relished seeing his wife getting sexually satisfied by other men. Bigger men, with bigger cocks. Insatiable, relentless ...

Harry closed his eyes, seeing Michelle’s grin-like expression as she’d tried to fit the bulbous heads of two cocks side by side into her ever-eager mouth. Remembered her cough and laugh when one of them erupted its load before she was expecting it, the creamy-white liquid overflowing from her gaping lips to dribble down her chin and onto the sheet.

His cock twitched within its cage for the first time in hours. He drained Michelle’s beer bottle, left both empties on the table, and went to bed. Michelle was already asleep. He settled next to her as quietly as he could, eventually managing to drift off.

* * * *

The calls of seagulls and the smell of bacon cooking greeted Harry when he woke. He blinked and looked around, momentarily disorientated.

Then he remembered: the chalet by the sea, the camera, the gangbang.

Harry got out of bed and wandered through to the kitchen. Michelle was standing by the hob wearing a pair of cut-off jeans and a pink t-shirt, with nothing on her feet.

She smiled at him. "Bacon roll?"

He nodded, taking a carton of orange juice from the fridge. "Want a drink?"

Michelle inclined her head in the direction of a half-full glass on the coffee table. "You can fill that up, if you like."

A couple of minutes later they were sitting on the couch and gazing through the patio doors at the sea rolling onto the sandy beach.

Michelle looked up at the cloudless sky. "Looks like it's going to be a hot day. We could go for a swim later."

Harry had many childhood memories of the cold sea around Wales. "Maybe a paddle."

She turned to sit sideways on the couch.

He sensed her eyes on him and knew what was coming.

"So," she said, pressing her bare foot against his leg. "Why couldn't you sleep last night?"

"Towards the end of the evening you seemed to be in a lot of pain."

She held his gaze for a few seconds. "I admit I became a bit sore, but I enjoyed everything that happened."

"That's not how it looked to me, not for the last half hour or so."

She bit her lip.

He had no intention of revealing everything that had bothered him, but knew he had to tell her about his main concerns. "Michelle, I think you were naïve to take five of these guys on at once. Bulls like to see themselves as the alpha of the species, and all of them can fuck a hotwife three or four times in a single session. With five of them there, they seemed to be competing with each other at the expense of any consideration for you."

"It was okay, and I'm glad I did it. But I admit that if Lucas and Roy had turned up as well, that would have been too much for me to cope with."

He cleared his throat, pressing on. "I was also a bit worried about the camera, too. I'm not sure it was a good idea to film it."

"Why?"

"Because everything we've done so far has been in private."

"Private?" Michelle shook her head, puzzled. "There's always been another man there. That's kind of the point of me being a hotwife."

"I mean the camera. We have no idea who'll see that film. It could be all over the internet already, and there's nothing we'll be able to do about it."

"I think—"

"It would have a big impact on our lives, Chelle. We have families and friends who'd be horrified to know what we do to get our kicks. And what about work colleagues?"

She leaned closer, squeezing his hand. "Nobody will see the film. It won't be uploaded onto the internet, and the only people who'll see it are us, and the guy who filmed it."

"You can't know that for sure. What about the bulls? Each of them will want their own copies, and they'll show it to their friends, and—"

"No, they won't. Stop worrying. Okay?"

Harry frowned to show he didn't share her confidence.

"Besides," she said, smiling, "you've watched me with bulls lot of times, but I've never seen it. I want to see what I look like when I'm getting taken. I know that you like it, so maybe I will, too."

A twinge of shame flushed through him. Who in their right mind gets turned on by seeing his wife struggling to accommodate another guy's huge cock?

She rested a hand on his groin. "Did you enjoy the earlier parts, though? We'd talked about me being spit-roasted and DP'd and, as I remember, your cock dripped like a tap at the idea of it all."

"Yeah, the earlier parts were..." He shivered as her hand pressed down, a finger slipping through the cage. "The earlier parts were good."

"It was better than *good*. Did it spoil it for you that the bulls came inside me most of the time?"

“Nope. Besides, they came over you a few times, too. Six times, actually.”

“I knew you were counting.”

“I counted the ones I could see. And two of them came while up your backside, because I was the one who cleared the condoms away.”

Michelle looked surprised. “Two of the condoms had cum in them?”

Harry nodded.

Michelle had insisted that for reasons of hygiene, anyone who entered her anally should wear a condom. As soon as the guy withdrew and wanted to put his cock anywhere else, he was to discard the condom.

“How many condoms were used all together?”

“Seven.”

She raised her eyebrows. “Wow.”

“The guy with the shaved head went in there three times. I’m pretty sure he came there when you were DP’d the first time.”

Michelle seemed to be lost in thought, no doubt remembering what she’d experienced less than twelve hours earlier. Then she refocused on Harry. “I’m glad I’ve done it, but I don’t intend taking that many men at once again.”

Harry nodded, reassured. “Good.”

Her lips turned up slightly and she narrowed her eyes. “Although a threesome would be okay...”

He laughed and slapped her thigh. “You’re such a slut.”

“And you love me for it.”

After breakfast, Harry showered and dressed in shorts and t-shirt. Michelle slipped on a pair of flat sandals and they made their way to the beach, walking along the almost-white sand for over a mile before veering off to explore the town. The couple ambled through small gift shops holding hands, trying on novelty hats and sunglasses and giggling like a couple of teenagers. Harry couldn’t explain why, but ever since Michelle had started giving herself to other men, the two of them had become much more affectionate in their everyday life.

A signpost to a footpath grabbed their attention, and a two-mile walk along the clifftop to the next village promised to be fun. The path took them through fields, their only cause for concern being the need to avoid sheep droppings along the way. A pub with a view of the bay was their first port of call on reaching the village. They sat at a table under a tree in the beer garden with their drinks.

Michelle reached over and held his hand. "I feel guilty that you didn't enjoy it as much as you'd hoped."

"Like I said, it started off okay. Maybe it was all too much to take in." He grinned. "For both of us."

Michelle chuckled and squeezed his hand.

Harry decided he should clarify his concerns. "But I think it went on too long. I also got the impression the bulls were trying to out-fuck each other, and not showing you the respect you deserve."

She leaned over the table until their faces were inches apart. "I don't want their respect, I want their cocks. I don't deserve their respect, because I'm a slut."

Harry frowned. "You're not a slut."

"I am for them. I let them use my body. I don't know them, and I don't want to get to know them. I only want them to fuck me."

Harry felt the tell-tale dampness inside his boxers. He looked around at the other drinkers in the beer garden, remembering being in this situation a few months earlier when they'd rented a cottage in Catterick with the intention of finding Michelle her second bull. The weekend was such a success that she'd not only brought a bull back on the Saturday night, but had also found another to use her on the Sunday afternoon.

"What are you thinking?"

Harry turned back to his wife. "I was just looking round to see if any of the men in here would suit your needs."

She smiled but didn't bother turning her head to peruse the men. "I've had enough other men for one weekend. Maybe I think you deserve something for letting me have so much fun last night."

Harry's cock swelled within the confines of its cage. He'd give anything now to take her back to the chalet and spend the rest of the day in

bed.

“What are you thinking now?” There was a smile on her face.

“I was...” He shook his head, afraid he’d spoil things if he told her the truth. “Nothing.”

Michelle took a sip of her drink as she held his gaze, then turned to look over the bay. “It’s really nice here.”

“Are you hungry? We could get some lunch here if you like.”

She shook her head. “I’m still full from breakfast.”

“Yeah, me too. Maybe after we’ve had a look around here we can buy an ice cream to eat on the walk back.”

Once their drinks were finished, they wandered around the few shops, and Harry noticed several men surreptitiously checking out Michelle in her shorts. He smiled to himself. *If only they knew how she’d spent last night.*

They walked back along the cliff-top path, holding hands and chatting about mundane things. Michelle mentioned her car had developed a strange noise, and he promised to book it in for a check-up at the garage.

There were two loungers on a small porch area at the front of the chalet, and both spent a couple of hours lying in the sun. Harry managed to doze and catch up on the sleep he’d missed. By late afternoon the tide had come in, and they walked down the now narrow beach and paddled in the sea. As Harry had suspected, it was very cold.

He turned to Michelle, grinning. “I thought you were going to have a swim?”

She held up her arm to show the goosebumps that had raised. “No chance. Maybe we should get dressed and eat early. I’m getting hungry now.”

Back in the chalet, Michelle had a shower while Harry washed the plates and pan from breakfast. He then showered, dressed in jeans and shirt, then waited outside the chalet, watching a young boy with his dad flying a kite on the almost deserted beach.

Michelle came out a few minutes later and Harry’s heart raced. She wore a simple pale blue summer dress which came down to a couple of

inches above the knee, and white, high-heeled sandals. She looked fabulous. The sun had given her a healthy glow. She'd pinned her dark hair up, and with her big brown eyes and prominent cheekbones, she had an almost Mediterranean look. The thing that Harry noticed the most were her legs, which were nicely tanned. She'd obviously put some lotion or oil on them, because they glistened in the sunlight.

She smiled at his reaction. "Ready to go?"

Nodding, he took her hand. They walked away from the beach and through the cluster of chalets towards the town. Michelle usually only dressed up for her bulls nowadays, and Harry couldn't help wondering if she'd decided to try and get herself another one tonight. It took them a little over fifteen minutes to reach town, quickly finding a nice restaurant with numerous empty tables—perfect for a private chat.

Once seated with a drink and menu, Harry touched his glass against hers. "You look really nice tonight."

"Thank you."

He hesitated, but then decided he wouldn't be able to relax until he'd asked. "It's been quite a long time since you dressed like that for me."

She looked surprised. "Is it?"

He shrugged. "You usually only do that for your bulls, now."

"Really? I never thought of it like—"

"Is it for me tonight, or are you intending finding someone else later?"

She laughed. "It's for you."

"Thanks, but I think you'll be getting a lot of attention dressed like that."

"Good. I like it when men look at me, because it turns me on. But what I like about it most is that it turns you on, too."

He sipped his drink and held her gaze.

"Admit that it turns you on." She was teasing him, and both knew it.

"Yes, it turns me on. I think all men like to know that others find their wife attractive."

She leant forward a little. “But not all men like to see their wife getting fucked hard by someone with a big cock.”

His stomach tightened, and his cock twitched inside its cage. “No, maybe not.”

She narrowed her eyes. “But you do.”

He bit his lip and checked to see nobody could overhear them. He knew she was doing this to turn him on. He loved this kind of foreplay, where Michelle made him describe all the emotions he’d experienced while watching her with other men. “Yes.”

“What’s the thing you’ve enjoyed watching the most?”

“When, last night?”

She shook her head. “No, since we first started this. What bit turned you on the most?”

“I don’t know. There’ve been a lot—”

The arrival of the waiter to take their orders gave Harry time to consider his answer.

Once alone again, Michelle pushed her foot against his. “Come on, tell me.”

He took a breath and gathered his thoughts. “I suppose the first time had the biggest effect on me.”

“With Paul, the soldier you didn’t like?” She looked surprised.

“Yeah, but it wasn’t really anything to do with him. It was the first time, and it was like a watershed moment—for both of us.”

“You mean the first time you realised you enjoyed seeing me with another man?”

He nodded but couldn’t make eye contact.

She squeezed his hand. “I love that you enjoy watching me. It really turns me on.”

Harry just about managed a smile, not particularly proud of his predilection.

“So, haven’t the others been as good as the first time?” Michelle was pushing her foot against his leg again.

“Yeah. Vinny put on a performance that might have earned him a place in the team for the Olympics.” He’d been amazed at the guy’s stamina.

Michelle smiled. “Yeah, what a body. His cock wasn’t as big as Paul’s though.”

“He made up for that by fucking you for an hour, and then almost drowning you.”

Michelle laughed out loud. “Vinny came a lot, didn’t he?”

Harry could still picture Michelle’s back completely drenched in semen. “I suspect he took some sort of supplement for his body building. Might have had an impact on the amount of jizz he produced.”

“Maybe he simply hadn’t shot his load for a while. Blue balls, and all that.”

“If that was the case, he probably spent about a year’s worth that night.”

She pursed her lips. “Tell me what you enjoy seeing, other than men coming over me.”

He paused, a little embarrassed.

“Tell me.”

“I like your face when they first enter you.” Her raised brows encouraged him to continue. “Especially if he’s big. I get a weird kind of thrill seeing the shock on your face. You kind of look spaced out, almost wincing in pain but not quite. It’s a really sexy expression, and I want...”

She kicked him under the table. “Don’t stop now, I want to hear this.”

“I want them to slam into you and make you squeal. Make you feel something that I can’t give you. I like it that somebody can fuck you like that. Stretch you like that.”

“Somebody like Roy?”

Harry snorted. “That guy’s dick is unreal.”

“It’s the biggest thing I’ve ever had inside me. Lucas may be as long, but Roy’s is so thick, and believe me, it’s the girth that matters.”

He stared at her, remembering her night with Roy. Harry's cock was now seeping pre-cum steadily into his trousers.

Another thought occurred to him. "Although I never actually witnessed the sex, I really enjoyed the night at the art gallery." An arty-type guy had been ogling Michelle during an exhibition they'd visited and, on a whim, Harry had invited him to have sex with Michelle in a darkened stairway.

Michelle smiled. "Yes, that was a quick wham-bam knee-trembler, but a very sexy moment."

Harry swallowed the lump in his throat, remembering their silhouettes through the glass door. "So, what about you? What are your highlights?"

"Roy, definitely. Being taken roughly from behind with a cock that big was probably the best feeling I've ever had. I've made myself come so many times since then, thinking about that night." Harry's shock made her laugh. "Didn't I mention I still use my vibrator while you're out? It's only you who needs to be restrained, after all."

Before he had a chance to think about this revelation, Michelle continued with her list.

"That night with Roy, when you jerked him off for me—that was a big turn-on."

"Why?" Harry was still a little disgusted by being made to jerk Roy off into her face.

"It was sexy seeing you handle another man's cock. Seeing you make him come for me."

He grimaced. "I think it was you who made him come, I only pointed the weapon."

"No, *you* made him come. I'd sucked and fucked him, but I wanted you to get him off. I wanted to see you jerking his big cock for me. It turned me on so much."

Harry shook his head. "It was surreal. It feels like a dream now."

"I also loved when I was with Lucas..."

He frowned at the other surreal moment, when she'd instructed him to lie on the bed, and had then crawled until she was kneeling over him, almost in the 69 position. Her bull, a big black man called Lucas, had entered her from behind and fucked her within inches of Harry's face. After the bull had come inside her, he'd withdrawn and Harry had seen the guy's semen dribbling out of his wife onto his chest. Then he'd performed clean-up for the first time, making her come with his tongue.

She squeezed his hand. "I loved you so much for doing that."

"Why?"

"Because you did it for me. You put my pleasure above your own discomfort. You did something you didn't like, just to give me sexual pleasure. It showed how much you love me."

Harry was surprised, not having considered this. He'd seen it as a way for Michelle to humiliate him, pushing him a little further into the cuckold's role.

Michelle continued. "I loved the spontaneity of the gallery, but I think I got more out of the sex I had with your tongue when we got home."

"You told me you'd come with him."

"Of course I came with him. It was really erotic to let a stranger fuck me in a public place, but I came harder when you cleaned me up later."

Harry played with his wine glass, more than a little disconcerted that many of her favourite things seemed to be the ones he was most uncomfortable with.

She leaned closer over the table. "Is your underwear as wet as mine is now?"

He shrugged. "I don't know how wet yours is."

She laughed, then stood and walked to the toilets without another word. When she returned she dropped something into his lap. He looked down and saw her black silk thong. He reached down and turned it in his hands. The crotch glistened, soaked in her juices. He balled it in his fist, wrapped it in the napkin and raised it to his face, inhaling her musk.

Michelle pushed her foot against his leg, her expression one she usually saved for her bulls. "When we get back to the chalet, you're going to have to lick me until I come. And then I'm going to do the same to you."

His stomach was in a knot. “Don’t make promises you’re not going to keep.”

She shook her head, her expression serious. “No teasing. When I get you home you’re going to make me come, and then I’m going to give you a blowjob.”

Harry thought back to when she’d taken him to the brink and then stopped, leaving him unfulfilled.

“There’ll be no spoiling this one,” she assured, seeming to read his mind. “I’m going to take you all the way and swallow everything you can give me.”

He pocketed her thong and looked around the restaurant for the waiter. “I’m not hungry anymore. Shall we leave now?”

Michelle laughed and slapped his arm. “No, I’m starving. And no matter how much protein you think your stuff will provide, I need some solid food.”

Their meals arrived shortly afterwards, and the conversation returned to the surprise party planned for her father’s sixtieth in a few weeks’ time. They decided against pudding, asked for the bill, and stopped off at the supermarket on the way home for a bottle of wine.

Once back at the chalet, Harry opened the wine and Michelle closed the blinds. Facing each other in the lounge area, Harry was suddenly nervous, half-expecting her to laugh and say she’d been teasing him.

Michelle took her wine and sipped it, studying him over her glass. She tilted her head to one side and smiled at him. “Where do you want me?”

His throat was dry. “Sorry?” He wasn’t sure if she meant where in the chalet, or if she was offering to let him use different parts of her body.

“Do you want to take me to bed, or stay in here?”

“Here.”

She nodded and walked slowly towards the sofa. “Do you want me to strip off?”

“No, stay like that. Just pull your dress up to your waist.”

Michelle used her foot to drag the coffee table to one side, placed her wine on it, and turned to face Harry. Holding eye contact, she eased her dress up. The effect of the sandals made her legs look even longer than they were, and Harry's cock strained painfully inside the cage. As the dress was pulled higher, he could see the swell of her hips and her neatly-trimmed bush.

"Sit down." His throat was dry, his voice raspy.

Michelle did so, the hint of a smile on her face. Harry never took the initiative in their sex life anymore, and he wondered if his trying to act like an alpha amused her.

But he was so turned on, he didn't care if she was silently mocking his machismo. "Move forward to the edge of the seat and open your legs."

She complied, her dark eyes never leaving his.

Harry dropped to his knees and positioned himself between her knees. He leaned close and gently kissed her forehead, then her cheek. When his lips met hers, she forced her tongue into his mouth. He could sense her eagerness, and it fired his arousal. He ran his hand up her thigh and roughly pushed two fingers deep into her sopping sex. She cried out, an expression of shock on her beautiful face.

"I didn't say—"

It'd been a long time since Harry had touched her like this, and she was obviously surprised that he'd dared to do so now. He pushed his fingers in again, then lowered his head and took her clit between his lips, running his tongue over and around it while he finger-fucked her.

Michelle arched her body off the sofa and came, her hands pulling Harry's hair painfully, though he didn't let up with his tongue or fingers. She screamed and pushed her crotch up, thrusting her hips to grind herself against his face. Harry curled his fingers and pressed.

"Oh, oh... Jesus." She pushed his head away. "Stop. Stop." She was laughing, her legs still shaking from her orgasm. "Ow, that's too sensitive. I never said you could do that."

Harry smiled up at her. "Sorry, I got a bit carried away."

"Yes, you did."

Harry knelt up between her legs, glad that she was smiling. What he wanted more than anything at this minute was to take his cock and slide it inside her, to make love to her slowly while gently kissing her face. But he was afraid to ask; he'd taken enough liberties already.

Michelle pushed the hem of her skirt down and stood, pointing at the seat she'd vacated. "Sit on there."

Harry did as instructed.

Michelle dropped to her knees so that their positions from a couple of minutes ago were exactly reversed. She reached up to undo the buttons of his jeans, keeping her eyes on her fingers until the final button was open. Then she looked up into Harry's eyes. "Lift your bum up."

Harry raised himself enough to allow Michelle to pull his jeans and shorts all the way down to his ankles, which allowed her to spread his knees.

Michelle stared at his cock, swollen and covered in precum within its cage. She stroked his balls, making him shudder. "I don't suppose you'd believe me if I said I've forgotten to bring the key."

A cold trickle of dread seeped into his brain. Was this another ploy of hers to deprive and humiliate him?

As if sensing his fears, Michelle pulled her necklace out of the neck of her dress, the small chrome key to the padlock that was threaded on the chain twinkling in the light. She leaned close enough to insert the key without removing the necklace. She removed the lock and held the cage up for Harry to see, then dropped it onto the cushion next to him.

"Now..." Licking her lips, she ran a single finger round and round the domed head of his cock, smearing the clear liquid over it.

Harry shivered.

She narrowed her eyes. "Do you like that?"

He sighed.

"Would you like me to do anything else?"

Climb onto my lap and impale yourself on it. He nodded, too scared to speak and break the spell.

"I wonder what it is you want..."

Ride me slowly. Harry took a few deep breaths as her other hand gently squeezed his balls.

Michelle's voice was a husky whisper. "Do you need me to remind you about what I did last night? Would it make it better if I described what it felt like having a cock in every hole, knowing that three men were using me at the same time?" She chuckled. "I'm pretty sure you remember it all anyway. So, do you remember my promise from earlier?"

Harry frowned, unsure of what she meant.

"About me swallowing all you have to give?"

He nodded again, half-expecting to be let down at the final hurdle.

She licked her lips again. "Well, I don't think I'm going to have to wait too long."

With that, Michelle dropped her head into his lap and her hot wetness enveloped him. A moan escaped as Michelle took him further into her mouth, deeper than he'd ever been before. The tightness of her throat caressed the tip of his cock, and he let out another whimper. Her nose pressed against his pubic hair. His entire cock was in her mouth and throat.

A thought occurred—she was now used to sucking bigger cocks, had become accustomed to taking them deeper than he could ever go. As soon as he pictured Michelle with her lips stretched around the thick cock of some faceless bull, he convulsed and exploded in her mouth.

Michelle groaned as she received his load, then began to bob her head, milking him with the warm softness of her mouth. Harry cried out, gasped in a lungful of air, then let out a long exhalation as his entire body shuddered with release. Spurt after spurt erupted from him, and Michelle maintained the steady rhythm with her head movements, her tongue constantly caressing the underside of his shaft.

Harry dropped his head against the backrest of the sofa, his heart racing. The blood coursing through his body formed a humming sound in his ears.

Michelle stilled her head but kept his rapidly-deflating cock in her mouth. She opened her eyes and looked at him, her eyes making him ache for her. When she finally released him, he pulled her close for a kiss, pushing his tongue into her mouth. He knew she got a kick out of him

tasting other men's cum, and he wanted to please her now, to show his gratitude.

She broke the kiss and smiled at him. "How was that?"

He shrugged, hiding his grin. "I suppose it was okay."

She pinched his nipples hard through his shirt, making him yelp and twist out of her grip. They both giggled and wrestled, Harry finally pulling her up onto his lap and wrapping his arms around her.

Michelle rested her head against his chest. "Did that make up for the discomfort you felt last night?"

Harry kissed the side of her head. "I was only worried about you."

"I was fine, but thank you." She stroked his chin. "I've decided I should give you treats like this at irregular intervals, rather than have you count down the days on your calendar."

"What...? What d'you mean?"

"I mean that rather than you knowing you're going to get to come on the last Sunday of the month, I can just surprise you when I think you deserve to come."

"And that would be how often?" He was beginning to panic, needing a definite end-point to look forward to.

"Oh, I don't know. It could be after a couple of days, or it could be after a couple of months."

Harry remained silent. The post-orgasm contentment he'd briefly experienced was now completely gone.

Chapter 12

Michelle and Harry drove the hundred-mile journey home on Sunday morning. There were jobs that needed doing around the house and, as the weather was still sunny, Harry decided to cut the grass while Michelle started on the laundry. He put *Who Built the Moon?* on his iPod and fired up the mower. By the time he was nearly done, Michelle emerged onto the patio with a couple of bottles of beer.

As he dropped into a seat next to her, job done, she glanced admiringly at the freshly-cut grass. "That looks a lot better."

He nodded his agreement and took a long drink of cold beer. "Anything else inside that needs doing?"

"I've washed everything in the basket, but I was waiting until you'd finished before hanging it out to dry. Maybe we could go for a walk later?"

Harry smiled. "I'll have a quick shower while you peg the washing out. How about we go into the hills?"

"Yeah, and maybe we could eat out to finish the weekend off nicely before the reality of work hits us tomorrow."

They were on the road in fifteen minutes. Leaving their car outside The Traveller's Rest, they headed off on a well-worn trail towards a rocky tor about a mile away, chatting as they went. Apparently the birthday party plans were progressing well. What had taken place less than forty-eight hours ago was never mentioned. It never ceased to amaze Harry how they were able to separate their everyday lives from what happened in the bedroom.

By the time they returned to the pub, both were tired and hungry. Michelle found a table at a window and Harry went to the bar to order. After the food had arrived, he noticed Michelle seemed a little uneasy.

"Are you okay?"

She nodded. "Yeah, it's just... I'll tell you later."

He became concerned. Maybe her mother had said something that had upset her. “You can’t just leave it at that. If you’re worrying about something, I want to know.”

She sighed. “I’ve just received a text from Lucas, that’s all.”

“When, now?”

“Yeah. I checked my phone while you were at the bar.”

“And?” He shrugged, puzzled. “Why are you worried? What did he say?”

“I’m not worried, I just didn’t want it to interrupt our day.”

Harry laughed, relieved. “It’s not interrupting our day. We can chat about it now or later, it’s up to you.”

She smiled and nodded. “Thank you. He just apologised for not making it on Friday and asked if we could maybe hook up in the next few days instead.”

He could see her biting her lip. “So why is that a problem? You’re usually excited at the thought of a rendezvous with a bull—especially your BBC.” Harry smiled to show he was teasing, but he couldn’t help being a little concerned at the way she was acting.

Michelle sighed again, then took a deep breath. “He’s attending a business meeting in Newcastle and asked if I’d go with him. His meeting’s on Friday morning, and he’s suggested we drive up Thursday evening, go out for dinner and then spend the night in a hotel.”

“Oh.” Realising that ‘we’ did not include him, Harry tried to keep his expression neutral. His first instinct would have been to scoff and refuse outright, but over the last few months he’d taught himself to hold his tongue. As far as he was aware, Michelle had never had sex with a bull without him being there. She’d met them in bars on her own, but always brought them back to where Harry was before having sex. He didn’t like the thought of her having sex without being able to witness it.

“If you’re not happy with it, I’ll say no.” Her eyes were big, her face earnest.

“What about you? Would you be happy with it?”

“Happy spending the night with a BBC?” She flashed a beautiful smile, but then turned serious again. “It’s not like he’s a stranger.”

“True.”

During their early discussions about this lifestyle, Michelle’s safety had always been paramount. Harry had used the argument that his presence would give her the security and reassurance she’d need to be able to relax and enjoy sex with another man, even though they both knew there was more to it than that. Selfish or not, the simple fact was that if another man was going to fuck Michelle, he wanted to witness it.

She pushed her leg against his playfully under the table. “I’ll tell you everything that happens.”

He was disappointed that she could read him so easily. “It’s just that we’ve never...” He took a breath, then nodded. “If you want to go, then you should go.”

She leaned over the table, so she could whisper without any risk of being overheard. “I’ll send you pictures of what we do, if you’d like.”

His heart raced, though something in him remained ashamed that the idea turned him on. “Really?”

She sat back and picked up her drink. “If you want photos, I’ll send them. Maybe even a short video, if you’re lucky.”

He forced a smile and decided to change the subject. “I’ve been thinking, do you want to take a few days off around your dad’s birthday? We could combine it with a short break in Devon or South Wales.” Michelle’s parents lived in Bristol, and from there it was a relatively short journey to some beautiful coastal villages.

“Yeah, that’d be nice. I’d also like to meet up with a few friends we haven’t seen for ages, either go out for a drink or for a coffee—whatever we can fit in.”

Harry nodded. Michelle had a lot of friends in the area and, because he’d studied at the university there, he knew most of them.

After dinner, the homeward journey was done in relative silence. Harry was thinking about Michelle’s impending night with Lucas, and he was sure she was thinking about it, too.

* * * *

There was no mention of what would happen on Thursday night until after dinner on the Wednesday, when Harry asked if she'd managed to get the Friday off work.

She nodded. "Yeah, Abby was fine. She's going to be in court all day, anyway." Michelle was a legal secretary for a local firm of solicitors and had a good working relationship with her boss.

"What about clothes?" Harry couldn't suppress a smile.

"What do you mean?"

Harry shrugged. "I thought if you were going out to dinner with a businessman, maybe you should dress accordingly."

Now she was the one with the teasing smile. "I thought you'd be more interested in thinking about me *un*-dressing accordingly."

He chuckled. "You know I like seeing you in clothes almost as much as I like seeing you without them." Harry had often bought clothes he liked for Michelle. Since she'd become a hotwife, the styles had become a little more risqué, with him often choosing things he knew she wouldn't wear anywhere except in the bedroom with one of her bulls.

"And do you have any suggestions as to what I should wear tomorrow night?"

"Well, as a matter of fact..." Harry stood and walked to the hall, returning with a pile of clothes draped over one arm. He held up a grey two-piece suit with a fitted jacket and pencil skirt.

Michelle stared open-mouthed, evidently dumb-struck.

He laughed at her expression. "I didn't think a micro-skirt and boob-tube would be appropriate."

"It's really nice."

Next, he held up a white silk blouse.

"Harry, how much did all of this—?"

"It doesn't matter. And you can wear them for work, too."

She shook her head. "If I dressed smarter than Abby, she'd go ape-shit."

Harry selected his final purchase. “And the *pièce de résistance*...” He held up an ivory-coloured teddy made from silk and lace. He’d shivered in the shop at the thought of Michelle wearing it for Lucas, at the thought of her bull lifting her up in his big powerful arms and laying her on the bed, then slowly popping open the three press-studs at the crotch...

“Oh Harry, it’s gorgeous. Thank you so much.”

“You’re welcome.”

Michelle stood and took the garments from him, kissing him on the cheek before examining each item in turn.

Harry watched the delight on her face and his stomach tingled because he knew he’d pleased her. “I didn’t get shoes because I know you’ve got lots of pairs that’ll match.”

Michelle was nodding. “I’ve got a nice pair of black patent leather ones with heels that will be perfect.”

He knew the ones. “And I wasn’t sure about nylons, so...”

Michelle smiled. “I’ll probably not bother— my legs are a nice colour after all the sun we’ve had. Unless you think...” She looked up at him while holding the suit against herself. “Do you think I should wear a pair of hold-ups?”

“Not if you don’t want to. Like you say, you’ve got a really good tan.”

“But stockings are sexy, especially with a power suit.”

Harry pictured her slowly undressing for Lucas in their hotel room, slipping her jacket off, letting her skirt fall to the floor, slowly undoing the buttons of her blouse... “I suppose you have to decide what you think Lucas would want.”

She shook her head. “Lucas won’t care if it’s bare legs or stockings. We both know what he’ll be interested in once my skirt comes off. It’s about what you want.”

The sincerity in her eyes made his stomach flip. “Bare legs. Your legs looked great when we went out on Saturday. If you’d put oil on them, then do that again tomorrow night.”

“Okay, if that’s what you want.” She smiled again and swept out of the room and ran upstairs. A few minutes later she came back down wearing the suit over just her bra with the black patent shoes. She looked fantastic, with the skirt fitting snugly round her bum and hugging her thighs.

“Sexy, but you might need the blouse for dinner.”

She laughed and opened the jacket for him to get a good look at her lacy bra. Then she returned to the bedroom and came back barefoot, wearing a pair of leggings and a baggy t-shirt. After clearing the kitchen, they went through to the living room and sat together on the sofa, deciding to watch the NCIS episode which was recorded on Friday night, while Michelle had been otherwise engaged in the chalet.

Michelle curled her legs up beneath her and leaned against his shoulder as they watched the programme. Harry kept stealing glances at her face, wondering if she was actually concentrating on the plot, or if she was, like him, thinking about what she’d be doing tomorrow night.

* * * *

Harry got up early on Thursday morning and showered first. He was halfway through his breakfast when Michelle joined him in the kitchen, wearing her dressing gown.

“Kettle’s boiled,” he mumbled through a mouthful of cereal.

Michelle poured herself a coffee and leaned against the counter as she sipped it. “So, I won’t see you until I get back tomorrow.”

He nodded and smiled, trying to hide his disappointment.

“I was serious about the photos.”

He nodded again. “Yeah, I’d like you to send some.”

She looked down at her feet. “Harry, if you’d rather I didn’t go—”

“No, it’s fine.” He stood and wrapped his arms around her. “Go and have a good time, and I’ll see you tomorrow.”

Michelle kissed his cheek. “I love the clothes, but you really shouldn’t have spent so much money.”

“I like the idea of you looking good when you’re out, even when it’s not me who’s with you.”

“Thank you. You’re special.”

He smiled and looked at his watch. "I need to get going or I'll get stuck in all the school traffic."

"Okay, I'll see you tomorrow." She gave his arm a squeeze, then took her coffee upstairs as he headed out to his car.

At the office, Harry was kept busy for most of the day, which meant he didn't get the opportunity to torture himself by thinking about what he'd be missing out on later. By the time he'd arrived home, he knew Michelle and Lucas would be nearing their destination. He grabbed a beer from the fridge and went to sit on the patio to enjoy the last of the sunshine.

The idea of sitting on his own all night didn't appeal, so he decided to phone one of his friends. He was pleased when Pete said he was up for a couple of beers and a curry later.

Harry decided to leave his car at home and walk into town. It was a little over a mile, but it was a warm sunny evening and the walk home would sober him up. If he changed his mind later, he could always take a taxi.

Pete was standing at the bar when Harry arrived. He nodded to the barman, who immediately pulled a fresh pint of Guinness and handed it to Harry.

Harry raised his glass. "Cheers."

"Cheers matey. So, how's things? Not seen you for a while."

"Good thanks. How about you? What've you been up to?"

Pete laughed. "I've got a young family, so I have no social life."

The two friends had worked together for a couple of years before Pete decided on a career change and joined the police force. Pete's young family meant that he rarely made an appearance at the tennis club's social games any more, and the fact he worked shifts limited opportunities for a mid-week drink after the kids had gone to bed.

After taking their drinks to a small table, the men chatted about their lives, jobs, and some colleagues of Harry's who Pete hadn't seen since he'd left the office. After twenty minutes or so, Harry went to the bar to replenish their glasses. As the barman was pouring the drinks, Harry felt his phone vibrate in his trouser pocket. A cold tingle of excitement ran through his stomach. It was probably a photo from Michelle. He checked his watch: it

was just before eight. She and Lucas would have arrived at their hotel about an hour ago, and Harry's mind tumbled over the possibilities of what the photo might show. *Would Lucas want to fuck her before taking her out for dinner?*

"Seven eighty-five, please sir."

Harry blinked at the barman, refocused, and handed over a tenner. After he'd received his change, he carried the drinks back and placed them on their table. "I'll just go for a slash."

Once inside the men's room, he locked himself in a cubicle, which he always did because of the cock-cage. He dropped his trousers and sat on the loo, then took his phone out and touched a finger to the screen. He saw the notification: *Michelle has sent you an image.*

Finger trembling, he tapped in his passcode and opened the messaging app. His phone screen filled with an image of white skin pressed against black skin. It was a photo of Michelle and Lucas in the shower, taken from high above—presumably Lucas had held the phone to snap the picture. Michelle pressed against Lucas as she smiled up at the camera.

Harry quickly wiped the pee from his cage, flushed the loo and left the cubicle. After he'd washed his hands, he returned and continued his conversation with Pete, trying to ignore the fact his wife was currently naked in a shower with another man, probably running her small white hands all over his big black cock.

Over the next hour, the two friends played pool while shooting the breeze. Harry felt the vibrations of another two messages arriving, but refrained from going to check them out in case Pete thought he had a bladder disorder. When Pete went to buy another round of drinks, Harry checked nobody was close enough to see his screen, then quickly opened his messages.

The first photo was of Michelle in her teddy. She was standing barefoot on tiptoe and holding her phone in front of her—obviously a selfie she'd taken in a full-length mirror.

The second photo must have been taken by a third person, because it was inside a restaurant and included Michelle and Lucas standing side-by-side, smiling into the camera. She was dressed in the suit and blouse Harry

had bought. She'd pinned up her hair and was wearing a dark red lipstick, and she looked fabulous. Lucas was also wearing a suit, and he looked positively dapper. He was tall, well over six foot, and solidly built. Michelle looked tiny beside him, and a thrill shuddered through Harry's stomach at the thought of her writhing beneath the big bull.

"Here you go, matey." Pete placed Harry's drink on a high table.

"Cheers." Harry nodded at his phone as he quickly exited the app. "Michelle's in Newcastle on a work-thing, and she was just letting me know she'd arrived and been taken out for dinner."

Pete nodded. "Nice work if you can get it."

They left the pub before ten, and Harry received another message before reaching the curry house. He checked his watch and frowned. Surely it was too early for them to have returned to their hotel?

Another message arrived as they were being shown to a table, and Harry briefly considered turning off his phone until he got home. Pete excused himself and went to the loo again, and Harry immediately checked out the messages. The first photo had been taken from looking down the edge of the table where Michelle and Lucas were eating, evidently sitting side by side. On the right of the screen was a line of white table cloth, and the rest of the screen was a view of Lucas's lap. His suit was a dark blue, so Michelle's white hand resting on his crotch stood out clearly, as did the huge bulge beneath the material of his trousers.

Harry swallowed, wishing the waiter would hurry up with their drinks. He clicked onto the next photo. This had been taken from beneath the table and showed Michelle's bare legs with Lucas's sleeve-covered arm between her parted knees. His hand was out of view, completely hidden under her skirt. Harry closed the app as Pete returned from the loo.

"Is she still having fun at the expense of her bosses?" he asked, sliding into the seat opposite Harry.

Trying to regain his composure, Harry laughed. "Yeah, something like that."

"You should see the carnage at some of the training courses we go on. I reckon coppers are worse than anyone when it comes to letting off steam."

Their drinks were delivered, followed by a pile of poppadoms and small pots of onion, mango chutney and lime pickle. The men chatted freely about Pete's wife and kids, and their up-coming holiday to Majorca.

"You got anything booked yet?" Pete asked.

Harry told him about his father-in-law's birthday party and their intention of visiting either Devon or South Wales immediately after.

Pete nodded enthusiastically. "We went to the Gower Peninsula last year, hired a cottage there.

"Where's that?"

"The bit that sticks out just west of Swansea—amazing scenery. Fabulous beaches and clifftop walks. I've never seen so many owls as I did that week, there was one on nearly every telegraph pole at dusk."

"Sounds good. We may go abroad later in the year, once all the kids are back in school and the prices come back down."

"Yeah, it's criminal how they bump the prices up during school holidays. I wish I could arrest the entire travel industry for ripping off people with families."

Harry's phone vibrated in his pocket while he was giving the waiter his order, and a further three messages arrived before his meal did. No doubt Michelle and her bull had now returned to their hotel.

"You seem a bit distracted." Pete sounded concerned.

"What? No, sorry, I was just thinking about..." Harry took his phone out and turned it off. "Doesn't matter."

Pete smirked. "I envy you, going back to an empty house. I reckon you'll sit up all night in your undies watching porn."

Harry tried to keep his face straight. "Is that what you'd do?"

"Nope. If I had the house to myself, I'd lie in the bath for an hour then go to bed for nine hours' undisturbed sleep. It's been five years since I've done either of those things."

Harry laughed.

At the end of the evening they decided to share a taxi. Pete promised to find time for a game of tennis in the next few weeks, and Harry got out and waved as his friend was driven away.

Inside the house, Harry switched his phone on as he headed upstairs. He dropped his phone on the bed, stripped and headed off to the bathroom. By the time he'd got back to the bedroom, his phone had booted up. The screen told him that Michelle had sent him six images. Harry slid into bed and picked his phone up, a weird mixture of hurt and excitement fighting for space inside his head. He wanted to know what his wife was doing, but at the same time, he didn't. He knew that as soon as he saw the images, he'd resent the fact he hadn't been able to witness them in person.

For Harry, watching his wife with other men involved so much more than just *seeing* the action. The sounds were just as important: Michelle's yelps and squeals when the bull first entered her, the slapping of bodies as he fucked her hard and fast, her moans and screams when she came, and the bull's heavy breaths and grunts when he unloaded into her.

Another thing that wouldn't come across in photos or video clips was the smell, the heady mix of liberally applied perfume and the earthy musk of Michelle's wet and eager sex.

Harry steadied his shaking hand and unlocked his phone. He clicked on the first message. A close-up photo of Michelle's face with a black cock in her mouth filled the screen. Her eyes were open and looking directly at the camera, and her mouth was stretched wide around the girth. Harry's own cock swelled. He knew without a doubt that if the cage wasn't fitted, he'd make himself come while looking at the photos.

His mind slipped back to Pete's throwaway comment about him watching porn. What would his friend think if he knew he'd been close to the truth, but rather than watching regular porn, Harry was looking at pictures of his own beautiful wife having sex with another man?

He clicked on the next photo. Michelle was on all fours on the bed, her face close to the camera and her bum raised in the air. She was wearing the silk and lace teddy he'd bought. The lower part was bunched up round her waist, her bare backside sticking up in the air. Lucas torso could be seen behind her, his abs clearly defined and his hands gripping her hips. From the wide-eyed expression on Michelle's face, it was obvious that the bull's cock was inside her. Harry stared at the image for over a minute, absorbing every detail.

The third message made his heart race with anticipation: the image had a large ‘play’ icon in the centre of the screen. He took a deep breath and started the video clip. The sound of Michelle’s screams filled the room, making him jump, and he adjusted the volume. She was being fucked hard from behind. It was obvious she couldn’t hold her phone steady because the image on the screen was bouncing about. Harry felt his cock dripping precum onto his leg as he watched his wife reeling under the onslaught from behind.

The clip lasted only twenty-three seconds but in that short amount of time, Lucas had managed to elicit more squeals, cries and expletives from Michelle than Harry ever had in their entire marriage. Her hair had come loose from the pins and strands hung down on either side of her face, giving her a tousled appearance that Harry found particularly sexy.

He watched the film again. Then he watched it for a third time.

The fourth message was another photo. Michelle was lying on her back on the bed, her teddy pulled all the way up so her breasts were revealed. The image cut off the top of her head, but showed that Lucas’s cock was buried inside her. The bull must have taken this picture because both Michelle’s hands could be seen gripping the sheet on either side of her.

The fifth was a close-up of Michelle’s face. Her eyes were half-closed, and there was the hint of a smile at the corners of her mouth. She looked exhausted and satiated, taken immediately after they’d finished fucking. The final photo made his jaw drop—a close-up of Michelle’s sex, her thighs spread wide. Caught in sharp focus was a thick white glob of Lucas’s cum oozing out and running down the crack of her backside. This photo also displayed a caption—the only one that did—and the single sentence shook Harry: “Missing you right now.”

An uneasy feeling chipped away at his arousal. Michelle was telling him she wished he were there to clean her up.

Dropping the phone onto the bed beside him, Harry lay back on his pillow and closed his eyes. He had a thought, then picked up his phone again to check what times the photos had been sent. The first one in the shower had arrived at 8:11, and the one of Michelle getting dressed at 8:26. The three from the restaurant—the handsome couple and the two under-the-table gropes—arrived at 8:58, 9:57 and 10:06.

Michelle sucked Lucas's cock at 10:32, and was taken doggy-style between 10:36 and 10:41. The final three photos, which must have all been taken by Lucas, had arrived over the next ten minutes, with the cream-pie finale being sent at 10:51.

It was almost midnight, and Harry knew Lucas and Michelle could be fucking again at that moment. He sighed, put his phone on charge and closed his eyes. The inside of his thigh beneath his caged cock was coated in his precum, and his heart was still racing. There was little chance that he'd get any more sleep than Michelle and Lucas over the next few hours.

* * * *

Harry checked his phone as soon as he woke. It was 6:18 and there were no messages from Michelle. He lay there for another fifteen minutes, imagining what sort of things his wife had enjoyed during her first ever full night with a bull. Although he didn't like the idea of her sleeping in someone else's arms, the swelling inside his cage proved that the idea of her being treated to an early morning fuck turned him on.

He went downstairs for a glass of orange juice to help with the after-effects of last night's beer, then took a shower. As he was getting dressed, he heard a message arrive on his phone. A shiver ran through him at the thought of another photo. He was disappointed when he saw it was a text from Pete, saying he'd enjoyed last night, and providing a couple of possible dates for a game of tennis. Harry was to let him know if either was convenient.

When he arrived at work, Harry briefly considered phoning Michelle. She'd said Lucas's meeting was starting at nine, so he knew he wouldn't be interrupting anything. Although eager to find out about her night, he decided to wait until she got home. It'd be sexier to watch her facial expressions and body language as she described the experience.

Having spent the entire day trying to ignore the tingle of anticipation constantly invading his psyche, Harry was glad when it was home time. He closed down his computer and left the office before any of his colleagues, and was disappointed when he returned to an empty house.

He went upstairs and changed into a pair of shorts and t-shirt. Even though the weather wasn't as warm as the previous week at the chalet,

Harry felt hot and bothered. He sat in the living room and checked his watch—almost 5:30.

Michelle had said they'd leave after lunch, and that it was less than a three-hour drive. *She should be home any minute.* He went through to the kitchen and put the kettle on, then changed his mind about a coffee and took a beer from the fridge instead. He went back to the living room and took out his phone. There were no messages, so he opened the news app and read the headlines and the sports stories. He finished his beer and checked the time again. He opened another beer and flicked the television on, mainly for background noise. The tedious gameshow soon got on his nerves, so he muted the sound and watched the exaggerated expressions of the contestants answering questions. He wondered if the producers instructed them on how to celebrate a correct answer, because every single one of them did an air-punch and a ridiculous little dance.

By six-thirty, Harry allowed himself to consider the possibility that had been needling at him since he'd arrived home: would they stop for a quickie on the way south? He imagined the pair of them fucking in some isolated lay-by or truck stop, Lucas sitting in the front passenger seat of his BMW and Michelle bouncing up and down on his cock.

Or maybe Lucas had convinced Michelle to go back to his place before going home...

Harry frowned. *Is he fucking her again now?*

Annoyance took hold. He'd consented to her going away for a full night. Surely that was enough, even for Michelle. But would it have been enough for Lucas? Could he have convinced her to go back for more, rather than returning home to the guy incapable of satisfying her needs?

The quiz show ended, and he glanced at his watch yet again. It was three minutes to seven. He was about to go for another beer when he heard Michelle's key in the door.

She breezed in with her bag over one shoulder and her suit in a cover over her other arm. "Hiya." She approached him and kissed him tenderly on the cheek.

"Hi." He forced a smile.

She dropped her bag on the seat of an armchair and draped the suit over its back, then stepped back in front of Harry. He stood, and she slipped her arms round his waist. “How was your night?” she asked.

“I met up with Pete Benson for a few beers and a curry.”

“Oh, that’s good. How’s he doing? I’ve not seen Pete or Julie for ages.”

“Fine. We’re going to try and fit a tennis game in soon.”

“Good idea.” She looked down at the beer bottles on the coffee table. “Are there any of those left?”

He nodded. “Yeah, and there’s wine.”

“I’ll have a beer now, maybe a glass of wine later. I wouldn’t mind a bath in a bit.”

She headed into the kitchen while Harry tried to interpret her throwaway comment. *Why does she need to bathe?*

“Do you want another beer?” she called from the kitchen, interrupting this thought.

“Yeah, cheers.”

Harry let his eyes wander over her body as she returned carrying two bottles. She wore a green stretchy top and tight-fitting smart black trousers. She wouldn’t have been able to fuck in the car dressed like that, so the most likely scenario was they’d called at Lucas’s before coming here.

He took the bottle and tried to keep his tone casual. “So, how was the trip down?”

She frowned and shook her head as she swallowed the beer. “Awful. We left later than we’d planned, got caught up in loads of traffic.”

“Why’d you leave late?”

“The meeting overran, and by the time we’d found somewhere to eat it was after two.”

“Couldn’t you have eaten in the hotel?” What he’d meant was, why not have room service and another session with your BBC?

“No, we checked out first thing. While Lucas went to the meeting, I wandered round the city.” She smiled and reached down to her bag. “I bought you something.” She pulled out a carrier and passed it to Harry.

He pulled out the t-shirt and held it up, chuckling at the image of *The Fat Slags* drawn on the front. They were characters from a comic called Viz, which he now remembered originated in Newcastle. “What can I say?”

She laughed and punched his arm. “I know it’s not as nice as all the clothes you bought me, but I saw it and thought of you.”

“Because I like fat slags?” He ducked just in time.

“Cheeky bugger. No, you used to read that comic all the time at Uni.”

“Yeah, I remember. Thanks.” He took another sip of beer. “So, are you going to tell me about your night with your bull?”

“Of course I am, but I thought we could talk later. I could do with a bath. I’ve just sat in a hot car for four hours, and I feel all manky.”

He couldn’t decide if he was relieved or disappointed that she hadn’t been fucked in the car. “Are you hungry?”

She shook her head. “Not yet. Like I said, we didn’t finish lunch ’til almost three o’clock.”

“Maybe we can get a takeaway later?”

“Yeah, I’d like that. Since you had a curry last night, we could go Chinese or pizza.”

“We could get a pizza delivered.” He held up his beer. “This is my third, so I’d rather not drive.”

Michelle grabbed her bag and clothes and headed for the door. “Sounds good. You choose it, and I’ll go for my bath.”

A little over an hour later, Michelle came back downstairs wearing pyjama bottoms and a vest top, her hair loose and still wet. Harry knew it’d be childish to compare how she’d dressed last night for another man.

“What time’s the pizza due?” She dropped onto the sofa next to him.

“In about fifteen minutes.”

“Great. Did you say there was wine?”

He sighed and got up, returning a minute later with a glass of Merlot.

Michelle took a sip, then turned sideways on the sofa to look at him. “So, last night...”

He swallowed, his stomach tightening as he readied himself for the details. “Yes?”

“Did you like your photos?”

“I found them very arousing.”

“Which was your favourite?”

The question surprised him, and Harry just stared at her for a couple of seconds. “Er, I’m not sure. I liked the one where you were kneeling on the bed, and I liked the one of your face after you’d finished. From your expression it was obvious that you’d just come.”

“I came three times during that one.”

“Oh.” Harry wasn’t sure how he felt about that. “So, was that the first time?”

She shook her head. “Second.”

“Did you do it in the shower before going out?”

“No, but we did it as soon as we’d checked in. We showered because he came all over my stomach and tits.”

“Ah.” Harry felt deflated, but not just because there’d been no pictures of that. More because they’d felt the need to have sex immediately. He wondered which one couldn’t wait to fuck the other.

“Lucas asked about the gangbang on the way up, and when I told him about it he got a hard-on.” Michelle giggled, clearly oblivious to his angst. “I teased him by rubbing his cock for a while. I even took it out and sucked him while he was driving.”

Harry felt his jaw drop, but Michelle didn’t seem to notice.

“By the time we’d checked in, he was gagging for it. As soon as we got in our room he yanked my skirt up and fucked me standing up against a wall. Then he pulled my blouse and bra up and shot his load all over me.”

“Did you come?”

“Duh.” She stared at him as if he was stupid.

“And then you showered?”

She nodded. “We dressed up—he loved my suit, by the way—and ate in the hotel restaurant.”

“Where you touched each other up.”

She giggled again, nodding.

“And back in your room...?”

“I sent you pictures of what happened when we got back in our room.”

Harry nodded. “So, what happened?”

She frowned. “What do you mean?”

“What did he do to you, what did you do to him?”

“Well... he fucked me.”

Harry wanted details, but she seemed reluctant to give them. Surely she realised he wanted her to describe what had happened, how she'd felt? “Is that it?”

“Harry, I sent you the pictures.”

He hesitated and took a breath. “Okay, well from the order of the pictures it looked like you sucked him, then he fucked you doggy style on the bed before lying you on your back and having you like that until he came inside you. And I also now know that he made you come three times while he was doing it.”

“Are you mad at me for going?”

“Of course not. Why do you say that?”

She put her glass down and sat back, pushing herself away from him to the end of the sofa. “So why the third degree?”

Harry blinked. “It's not the third degree. You said you'd tell me all about it, so I'm simply asking.”

“Oh.”

He could tell from her expression that she didn't see his point.

“So was that it for the night?” He flashed a smile, but none was returned.

“No, he fucked me again after about half an hour. Then we slept for a bit, and did it again in the middle of the night. I might have sucked him again before that one, or it might have been before the one when we woke up in the morning. I'm sorry, but I can't remember which time it was.”

Harry absorbed the information, knowing he'd spend the rest of the night trying to imagine it, trying to see it all in his head. “So you had sex

five times?”

Michelle nodded.

“Did you have three orgasms for each one?”

She laughed and shook her head. “No, I didn’t.”

There was so much more that Harry wanted to ask. Did she get on top? How many of the five did she initiate? Where did Lucas come for the remaining three times? Did she talk dirty to him like she did with the bulls when he was watching her? He’d gotten the impression that she was doing that for his benefit with some of the bulls.

The doorbell rang. The arrival of the pizza meant Harry would probably never get the details he craved.

Chapter 13

Harry got up early and left Michelle asleep in bed. She looked dead to the world, having obviously got very little sleep during her night with Lucas. He made himself a coffee and took it through to the living room, feeling a bit like he had in the chalet after her gangbang. This time was for different reasons, though. There was no way he could blame his unease on the way he'd been made to feel by the other men. Today's disquiet was down to the fact that he craved more details. Michelle simply telling him she'd been fucked five times wasn't enough. He needed to know everything she'd experienced so he could *share* her enjoyment.

Harry drank his coffee while staring at the wall, not bothering to turn on the TV or to read the news on his phone. He wasn't sure what he was going to do about the hollow feeling inside. What if Michelle now assumed that spending the whole night with a bull was a viable alternative to bringing them back so he could watch? If this was the direction she wanted to go, then he'd have to explain to her exactly what he needed from her afterwards.

It was well after nine when Michelle wandered downstairs. She wore a pair of shorts and a vest top with no bra, and he couldn't help noticing her nipples pushing against the thin material.

She caught him looking and smiled. "Don't go getting any ideas—you had your fun at the chalet."

Harry laughed. The memory of his blowjob still gave him a warm glow inside.

"So, what are we going to do this weekend?" Michelle walked through to the kitchen, returning moments later with a glass of orange juice.

"What do you mean?" Harry assumed she had some jobs around the house planned for him to do, or maybe she wanted to go shopping to get ideas for her dad's birthday present.

Michelle sipped her drink and licked her lips. “Well, last weekend I had five bulls...” She sat on the couch and stretched her legs out in front of her, watching her feet as she spread her toes. “And on Thursday night, I had more fun with Lucas.”

Harry eyes were drawn to her legs as she spoke, which he was sure had been Michelle’s intention. He could have pointed out she’d had five lots of fun with Lucas, because that’s how many times the guy had fucked her, but wanted to know where she was going with this conversation.

“So, I was thinking...” Michelle looked up at him, her eyes big and brown and beautiful. “Maybe we could try a repeat of the guy in the gallery.”

Harry’s throat was suddenly dry. “You’d do that?”

She bit her lower lip and smiled at him. “Would you like me to?”

To a normal couple, this would seem like a bizarre conversation. How many wives ask their husband if he’d like her to pick up a random stranger to have sex with while he watches them?

Michelle sat forward and reached up to the waistband of his pyjama bottoms, easing them down to mid-thigh. She looked at his swollen cock, straining within its cage. She leant closer and pushed her tongue through the bars of the cage and licked the head of his cock, making him groan. “Besides, if the guy’s cock doesn’t make me come, I know your tongue will afterwards.”

Harry’s throat constricted, so he couldn’t answer immediately. As she licked him again, he closed his eyes and sighed.

Tonight, Michelle would have sex with a complete stranger. She’d let the guy fuck her bareback, and let him come inside her. Afterwards, she’d sit on Harry’s face and make him lick the guy’s cum from her sex. Yet somehow, she’d managed to manipulate the situation to make it appear that it was solely for *his* benefit.

“Well?”

Harry opened his eyes and looked down at his wife’s face.

She smiled. “Would you like us to go out tonight and find someone who’ll fuck me while you watch?”

Harry's balls rose inside his sac, and Michelle noticed. She pushed her little finger through the cage to catch the drop of clear precum that had oozed from the eye of his cock.

"I'll take that as a yes." She slowly stood up and held her finger out in front of his face, a triumphant twinkle in her eyes.

Harry obediently opened his lips and she slipped her finger into his mouth, making him taste his own juice.

She pulled his pyjama bottoms back up and sat down on the couch. "I think we should go to Liverpool. We can visit the Albert Dock today, and I'm sure there'll be a lot of horny men for us to choose from tonight."

Harry nodded. She'd obviously given this idea some thought.

"Good. How about I make us some breakfast while you go to my wardrobe and choose something sexy for me to wear tonight?"

Harry finally found his voice. "We can stop for breakfast on the way. Come upstairs and I'll tell you what to wear today as well as tonight."

Her eyes opened in surprise, but she got up and followed him up to their bedroom.

Harry chose a pale blue top, faded jeans and flat sandals, and dropped them all on the bed. "Put these on. I'll go for a shower and think about what you can wear tonight." With that, he left and went into the bathroom. As he climbed in the shower, his cock was uncomfortably swollen inside the cage. He ran cool water in an attempt to suppress his ardour, but he couldn't resist imagining what her expression would be like when the guy first entered. How many cocks was that, since that first night with the soldier in Aldershot? Eleven? Twelve? He couldn't believe he'd lost count.

Harry dried himself and walked back into the bedroom. Michelle was dressed in the clothes he'd chosen, and she looked at him expectantly. He nodded his approval while she turned slowly around in front of him. Her jeans were a snug fit: cut low on the hips, and tight enough to emphasise the perfect shape of her bum.

"Do you want me to wear makeup?"

Harry stared for a couple of seconds, enjoying this subtle change in their dynamic. "You don't need any, but you can add a bit of lipstick if you

want to.”

She smiled. “Okay.”

“But Michelle...”

“Hmm?”

“Pack it for later, because you’ll be wearing makeup when we go out tonight. And perfume.”

She narrowed her eyes. “You’re making me wet.”

He laughed and opened her wardrobe doors. “Good.” He rifled through the hangers for the pale blue dress she’d worn the week before, held it up to appraise it, then put it back in favour of a sleeveless bronze Lycra dress, about knee-length.

He held it up and imagined her wearing it later, slowly pulling the hem up to reveal her thighs.

“That’s a bodycon dress.”

Harry looked at her, puzzled, then back at the dress.

“Short for body contour, which means it’s figure-hugging. If I wear that I’ll have to wear a thong, or there’ll be a panty line.”

“You won’t be wearing anything beneath.”

Michelle’s mouth dropped open.

Harry smiled. “Tonight you’re going to fuck a man within an hour of meeting him, with no intention of ever seeing him again. To all intents and purposes, you’re going to be a slut. Since he’ll know that, underwear really isn’t necessary.”

Michelle stared in silence, and Harry enjoyed the feeling it gave him. This was definitely new territory in their relationship. He’d often suggested clothes for her to wear, but he’d never got to choose if she wore makeup or underwear.

He bent down and picked a pair of red, open-toed shoes with an ankle strap and four-inch stiletto. He smiled and dropped them on the bed. “See? Slut shoes.”

Harry quickly dressed, then chose a pair of trousers and shirt for himself to wear later. Dropping them into his holdall, he packed his

toiletries and a pair of dress shoes while Michelle packed her own bag.
“Ready?”

She nodded, and they made their way downstairs and out to the car.

During the journey they listened to music, though Harry noticed she kept glancing his way. Although it'd be nice to think she'd enjoyed his show of authority about what she would wear later, he suspected she was already anticipating giving herself to yet another man.

They decided against stopping for breakfast, instead having a coffee and pastry as soon as they arrived in Liverpool. The weather was bright, though not as warm as the previous weekend. After their coffee they wandered around the Albert Dock hand in hand, laughing and chatting like all the other couples visiting the waterfront, and then wandered through The Beatles Story museum. They stopped for a drink in a bar and searched available rooms in local hotels on Harry's phone, booking one in a large hotel on the waterfront.

Michelle suggested a trip on a boat before they booked into the hotel, and Harry serenaded her with a quick refrain from *Ferry 'Cross the Mersey* as they waited in the queue. The boat trip took almost an hour, so when they returned to dry land they decided to head back to their car and drive over to the hotel. After checking in, they found their room very pleasant and large with a good view over the docks.

Harry looked at Michelle. “What do you want to do now? We could do more sight-seeing, have a drink in the bar, or we could chill out here.”

“Shame there isn't a pool or a spa. How about a drink in the hotel bar?”

He nodded. “Sounds good to me.”

Michelle looked down at her clothes. “Will I be okay like this?”

“Yeah, you look great.”

They held hands as they made their way to the lifts, and rode down in silence. The bar was relatively busy, but they found a table which was isolated enough for them to talk freely without being overheard.

Michelle sipped her drink and watched him over the rim of her glass. “So, tonight. How are we going to do it?”

He smiled. “You mean set the trap?”

“Fuck off. I’m not trapping him, I’m giving him a free pass to heaven.”

Harry guffawed.

“Okay, maybe that’s an exaggeration, but I certainly don’t think I’ll need to trap him.”

“No, I’m sure he won’t complain.”

“What do you want to see?”

A shiver ran through him. “Sorry?”

“What do you want me to do with the guy? Any requests?”

“I…” This was too good to be true. “Don’t you want to play it by ear and see what happens?”

“No. I intend making it happen, so tell me what you want me to do.”

Harry stared at her, envious of the man she’d be using later.

She kicked his foot under the table. “Don’t be shy. I know you like to see certain things.”

He swallowed, checked nobody was eavesdropping, and then held her gaze. “Lie him on the bed and suck him. When he has a full erection, sit on his cock and ride him until you come.” A warm ripple of excitement ran down his spine. “Then get on all fours on the bed and tell him to fuck you hard from behind.”

Michelle smiled. “Anything else?”

“Yes, face me.”

She smiled, knowingly. “You want to watch my expression.”

He bit his lower lip and nodded.

She looked thoughtful. “What about if he can manage it a second time?”

“Then you can choose the position, but make him come over you.”

“Okay. I’ll lie on my back with my legs over his shoulders. Where shall I tell him to come?”

Precum was now dripping steadily into his underwear. He considered the possibilities. “You choose, but I want to hear you tell him where to aim it.”

“I’ll tell him to come on my face. If I’m going to be a slut, I may as well go the whole nine yards.”

Harry realised his entire body was shaking with excitement. This was exactly what he wanted from her nights with a bull, and this was exactly the sort of conversation he wanted to have with her beforehand.

He held his breath, then took a chance. “Did you make Lucas come on your face the other night?”

She held his eye for a couple of seconds. “No. I only let men come on my face when there’s an audience. I’ve done it while you watch me, and I did it during the filming of the gangbang. Lucas came over my tits the first time, but all the other times were inside me.”

Harry held his breath and hoped she’d keep talking.

She licked her lips again. “I love to feel a bull’s big cock twitch and pulse, knowing it’s spurting jizz deep inside. Spraying cum into places that small cocks never reach.”

Harry wondered if this was a dig at his own manhood, but let it ride. Instead, his mind went to the fantasy Michelle used to have before they’d started this adventure. “I seem to remember you preferred films that showed men coming in the woman’s mouth, and that’s what you wanted with your first couple of bulls.”

Michelle shrugged. “If I’m with a bull, I want to be used as their fuck-toy. They can come wherever they want, and I’ll take it. I’m happy to swallow, gargle or be showered. But if they ask me where I want them to come, I tell them to push their cock as deep as it’ll go, then unload.”

While her words washed over him, Harry was in rapture. “I need to come.”

She chuckled and shook her hair back from her face. “I know this talk turns you on.”

“Will you make me come?”

She smiled and shook her head. “If I made you come, it’d spoil the rest of the evening. You need that pent-up energy to enjoy everything you see.”

“No I don’t. I’d build up more energy watching whatever you do.”

“Harry, you’re not going to come tonight. I know that I will—either when he fucks me or when you clean me up after he’s left. You can dribble all you want, but you don’t get a full release until I’m ready. Until I decide that you’ve earned it.”

Harry’s frustration deflated him.

She pushed her leg against his. “Don’t pout. You’re going to have a good time.” She looked thoughtful, then leaned forward again. “What about clothes tonight?”

“I already picked them.”

“I mean do you want me to keep them on? That dress will just roll up my body, so I can keep it on if you want me to.”

Harry thought about it, then shook his head. “No, I want to watch your body. Maybe after you’ve sucked his cock you can strip it off in front of him.”

She bit her lip and nodded. “Okay. What about my slut shoes?”

He smiled. “You can keep them on.”

Michelle drained her glass. “I’m going up to the room for a bath. Why don’t you have another drink and come up in half an hour? Then you can supervise while I put my makeup on.”

Harry nodded and took her hand in his, looking down at the unpainted fingernails. “I think you should do your nails, too.”

“What colour?”

“Slut red.”

She laughed. “I’ll see what I’ve got in my makeup bag.”

He watched her walk out of the bar, noticing a couple of men in the bar turning their heads as she went. Harry smiled to himself; no man could resist a great bum in a tight pair of jeans.

He got himself another drink and returned to their table. His stomach still had butterflies of anticipation, though his damp underwear had now cooled and become uncomfortable. But he was happy. Tonight had the potential to be almost perfect. The only thing he’d change from their plan was that, instead of cleaning her out after the guy had left, he’d bend

Michelle over the bed and take her roughly, adding his own cream to the load she already had inside.

Hopefully they'd get lucky and find a guy with a huge cock. He was eager to see her expression when she was stretched open for the first time of the night.

* * * *

When Harry walked into the hotel room, Michelle was sitting on the bed wrapped in a large white towel, her hair still wet, cotton wool between each toe. Her toenails were a shiny, vivid red.

She smiled at him. "Are they slutty enough?"

"Perfect."

She looked up, her face now serious. "Be honest, are you quietly sulking because I won't let you come?"

He smiled and shook his head. "No, it's fine. I'll go for a shower."

By the time he'd come out of the bathroom, Michelle had finished her nails, too.

She stood by the mirror and dried her hair. "How should I wear it?"

"Loose, but make sure to hold it out of the way so I can see you sucking his cock."

He wrapped the towel round his waist and sat on the bed, watching as she took out her makeup. "You don't need foundation, but put blusher on your cheeks to highlight those cheekbones."

Michelle started to apply her eyeliner.

"Use more eyeshadow than you usually do."

"What colour?"

Harry shrugged, out of his depth. "What are the choices?"

"Green, blue, gold or—"

"Gold. And lots of mascara. Put on too much mascara."

She laughed as she did as instructed. "Lipstick?"

"Slut-red, to match the fingers and toes. And shoes."

"Why do you like me being a slut?" She laughed, turning to face him.

“Because it turns me on.”

She nodded, her face solemn. “I’ll be a slut whenever you want me to.”

“Thank you.”

“There’s no need to thank me. We both know how much I get out of this.”

She slowly removed the towel and stood completely naked before him. “Were you serious about no underwear?”

“Yes.”

“If I get turned on, I might leak juices down my legs.”

He smiled. “I’m sure he won’t mind.”

Michelle took down her dress and stepped into it, adjusting it around her curves. It clung to her breasts, hips and thighs, emphasising her figure.

Harry passed her the shoes, which she stepped into and raised each foot in turn onto the bed so he could fasten the ankle straps.

She stood and regarded herself in the full-length mirror, turning slowly to see each angle. “I know it’s obvious I’m not wearing a bra, but does it show that there are no knickers either?”

Harry’s cock twitched and he ignored her question. “You look really sexy.”

She frowned. “I look really easy.”

He laughed. “Even better.” With that he stood, dropped his towel, and quickly dressed. “Come on, let’s go and find someone for you to abuse.”

* * * *

They decided to eat early and chose a small sushi restaurant close to their hotel. After they’d eaten, they left the restaurant and walked toward the dock.

As they passed a small row of shops, Harry turned to Michelle. “Do you want me to buy you some mints, to hide the fact you’ve had sushi?”

“I’m going to suck him, not kiss him.”

Harry stared for a second, then nodded and carried on walking. They visited a Mexican tequila bar in a basement, a cocktail bar, and then moved onto a music bar with a live band. The nightlife was vibrant. Everywhere they went, he noticed men looking at Michelle. She seemed to be enjoying the buzz; there was a friendly, almost party atmosphere wherever they went.

Harry put his mouth by her ear to talk over the blaring bass of the hip-hop music. "Seen anyone you like?"

She turned and spoke into his ear. "I'd be happy with any one of about fifty blokes I've seen so far tonight, but I'm enjoying just being here, soaking up the atmosphere."

Harry had been expecting her to want to find a man sooner rather than later, so she could flirt and build up to the sex. His surprise must have shown, because she smiled and leaned close to his ear again.

"Let's drink and have a good time, then I'll fuck whoever you want to pick for me."

The tingling sensation returned to Harry's stomach. "What if I picked two men?"

She laughed. "Not tonight. But if that's something you'd like, maybe we can discuss it later."

They had another beer and chatted about their day. They'd been to Liverpool years before, and both thought it'd changed quite a bit since their previous visit. Harry suggested Michelle go to the bar for the next round, and she happily obliged. He smiled to himself as he saw all the men near her getting a good look. A few of the men spoke to her, and Harry could see her laughing and flirting with them. His clean boxers were damp already.

She returned with their drinks and a broad smile on her face. "Happy now?"

He nodded, then looked at the mass of bodies crammed on the dancefloor. "Do you want to dance?"

"Not in these shoes, I'd break my ankle."

"You can just stand still while I grope your arse."

She blinked her eyes flirtatiously. "Would you like that?"

Harry nodded enthusiastically, and her smile made his stomach flip.

“Well let’s drink these first, then you can grope me.”

Fifteen minutes later and they were on the dancefloor, their bodies pressed close together. He felt her pushing her mound against his cage, gyrating her hips in small rocking motions.

He slid his fingers into her hair and moved his head until they were cheek-to-cheek. “You’re not allowed to use my cage to give yourself pleasure.”

“Why not?”

“Because it wouldn’t be fair on me.”

She giggled into his ear, sending goosebumps down his neck. “I could make myself come like this—”

“No, you’re going to have to wait. I want to watch the guy make you come.”

“I can come more than once, you know.”

Harry laughed and raked his hands down her back before cupping her bum cheeks. “I’m happy for you to come five times tonight, but not by grinding yourself against my cage. If it was against my cock, I’d probably let you. You’re going to have to wait for your man.”

She pulled back and looked into his eyes. He couldn’t tell if she was impressed or annoyed at his controlling of the situation, but she shrugged and eased her groin away from his. “Okay, let’s start looking for a guy.”

He smiled and turned her round so they were dancing with her back pressed against his chest, his arms around her waist. “So, what sort of guy are you in the mood for tonight?”

“I don’t care. I’ll fuck whoever you choose.”

“What if I pick an ugly guy?”

“All I need is his cock. I won’t ever see him again, so it doesn’t matter to me what he looks like.”

Harry looked at the men in the room. “Black or white?”

“Either, or any shade in between.”

“Young or old?”

Michelle scanned the room. “You’ll struggle to find many men older than us in here. Most are in their twenties.”

Harry's eyes caught those of a guy standing near the bar. The guy didn't look away, but just took a sip from a bottle of Bud. Harry tightened his arms slightly on Michelle's waist. "You seem to have an admirer."

She pushed her bum back into his groin. "I have several."

"The guy near the bar."

"Yeah, he's been staring for a while."

"You've noticed him already?"

Michelle laughed. "He spoke to me earlier."

"Oh? What did he say?"

"Nothing much, just allowed me to get past him to order."

"And would he do?" He squeezed her tighter.

"He'd do very nicely."

Harry looked over at the guy, who was still staring in their direction. He wasn't as tall as Harry—maybe a touch under six foot—with short fair hair. A tight knot formed in Harry's stomach. "So, what now? Shall I see if he wants to join us for a drink?"

Michelle shook her head. "No, I've had enough to drink. Ask him if he wants to come back to our hotel for some fun."

He scoffed. "What, just like that?"

Michelle turned around, her face serious. "Yes, just like that. Or to make sure he doesn't think you're trying to get into his pants as well, you could tell him that I'd like to fuck him while you watch."

A delicious coldness ran down Harry's spine, and he wondered if he'd actually be able to say those words.

Michelle took his hand and began to pull him toward the bar. Toward the stranger who was going to fuck her.

The guy watched them, his gaze glued to Michelle's figure as they approached.

When Michelle stopped in front of the man, he smiled at her. She turned to Harry and raised her eyebrows.

Harry was nervous, but felt empowered, like he had months earlier in the art gallery. He looked at Michelle, then at the man. "I enjoy watching

my wife fuck other men, and she's just told me that tonight, she'd like to fuck you."

The guy's eyes widened, then he looked back at Michelle. Harry kept his eyes on the man, so he couldn't see her expression. His eyes wandered down Michelle's body, then returned to Harry's. "Are you serious?"

"Very."

The guy shook his head slightly, as if he didn't believe this was happening. "Where?"

"In our hotel room."

He eyed Michelle's body again, then put his drink on a nearby table. "Okay."

Michelle reached forward and took his hand, and they headed toward the exit. Harry had no interest in who the guy was, but since they'd picked him up here, he'd think of him as 'Albert'.

The streets were crowded with other revellers enjoying their Saturday night, and the three of them walked to the hotel without speaking. Harry led the way through the hotel lobby and into the empty lift. As soon as the sliding doors closed behind them, Michelle stepped in front of Albert and reached her hand down, stroking his crotch through his trousers.

He looked taken aback, but responded by cupping her breasts through the dress.

Without really thinking about his actions, Harry stepped behind Michelle and gripped her arms, pulling them behind her body. He felt her stiffen, saw her glare in his direction, but he kept his eyes on the stranger. "She's not wearing any underwear. Check to see if she's ready for you."

The man paused for only a split second, then he snaked his hand between her knees and slid it up her thighs.

Michelle emitted a little gasp when Albert's hand reached her sex, then let out a guttural moan. Harry was sure he'd pushed his fingers inside her.

"Jesus." Albert was looking into Michelle's half-closed eyes. "You're so fucking wet." He began to piston his arm, finger-fucking her with force while Harry held her in place.

Michelle dropped her head back onto her husband's shoulder while the stranger continued to finger her. Harry could smell the juices of her sex, hear the squelching sounds his fingers made as they jabbed the soft, welcoming hole of his wife's body.

Harry had never experienced such a buzz. This was the first time he'd ever been involved in this way. The only other times he'd been invited to join her with a bull had been to jerk Roy off into her face, and to clean up after Lucas. This was different. Harry wondered what it'd be like to hold her down on top of his own body while another man fucked her.

The lift shuddered to a stop and the doors slid open. Harry didn't let go of her arms, and Albert never let up with the fingering. If anyone had been waiting for the lift on their floor, they'd have had a shock.

The doors re-closed and Harry released Michelle's arms, afraid they'd lose the heat of the moment if the lift travelled back down to the lobby. She eased Albert's hand from between her legs as Harry pressed the door-open button. They hurried to the room and, as soon as they were inside, Michelle turned and pushed Albert against the door. She dropped to her knees and almost ripped open his trousers.

Harry caught a brief glimpse of the guy's cock as Michelle freed it from his shorts and fed it into her mouth. The plan had been to lie him on the bed, but Harry was more than happy with the spontaneity.

Albert dropped his head back against the door and let out a sigh. Harry proudly watched his wife's head move forward and back on another man's cock. He was still buzzing from the feeling he'd got from holding her in place while she was fingered.

Suddenly, Albert let out a grunt and Harry heard Michelle's squeal of surprise, followed by her gagging and gulping. He'd come in her mouth after just a few seconds. Harry held his breath as he watched his wife finish the stranger off and slowly release his cock from her mouth. This was the last thing Harry had wanted to happen.

Michelle licked her lips and sat back on her feet, making no effort to hide her disappointment.

"I'm sorry, that's never... I mean, I don't usually..." Albert ran a hand through his hair. "You got me kind of..."

Michelle pushed herself to her feet and stood before him. “I didn’t bring you back here for compliments on my oral skills, I brought you back so I could ride your cock. I brought you here so you could fuck my brains out.” She reached her hand down and took his flaccid cock between her forefinger and thumb, lifting it slightly. “You’d better be able to get this hard again before I lose interest.” She released his cock and walked into the bathroom, closing the door with force behind her.

Harry stared at the floor. Tonight had been going so well, but now the let-down was in danger of ruining everything. She might now refuse to try picking up random guys, restricting herself instead to bulls who advertised their services.

“I don’t usually do that.”

Harry had almost forgotten the other man was there. He offered a reassuring smile. “Don’t worry about it, just make sure you can get it up and give her what she wants.”

Albert pulled his trousers up, covering his now shrunken cock.

Harry nodded toward the bed. “I think you should get naked and lie on there.”

The guy’s expression of horror made Harry laugh. “Don’t worry, I’ll be staying here by the wall.” He nodded towards the bathroom. “But when my wife comes back out, she’s going to expect you to try and give her some satisfaction.”

Albert hesitated for a few seconds, then stripped naked and lay on the bed. He looked up at the ceiling, then at Harry. “Have any of the other guys... you know?”

Harry stared into his eyes. He almost felt sorry for him, but then he remembered how tonight—and probably any future nights with random strangers—had been ruined. “No, mate. The other guys usually fuck her four or five times a night.”

He knew this was the last thing Albert needed to hear, and felt guilty for saying it. It hadn’t been that long ago that Michelle was frustrated by his own inability to get an erection, so he should have shown more empathy for the stranger’s predicament. But still, this was supposed to be *his* night. Not just Michelle’s.

The bathroom door opened, and she walked to the foot of the bed, taking in Albert's naked body.

Harry thought she'd probably be impressed; the guy was in good shape, and his cock was above average, even though currently curled snugly next to his ballbag.

Michelle gripped the material of her dress between her fingers and began to roll it up her thighs. "Tonight started out with such promise..."

Both men held their breath and watched her.

"I had a great time dancing with my husband in the bar. He turned me on by stroking my body while we danced..." The dress was now up to her waist, her naked sex clearly in view. "He told me he was looking forward to watching another man using my body, seeing me get fucked. You couldn't keep your eyes off me in the bar, so I chose you to be that man."

The dress was now round her neck, her pert breasts standing firm, the nipples erect. Michelle pulled the dress off over her head and dropped it to the floor. She shook her hair back and stood before the stranger wearing only the red high-heels, though from the bed he had no chance of seeing them.

But Harry could see them, and his cock was straining inside the cage.

"In the lift, I could feel your cock was a nice size. I wanted to feel it inside me."

Harry watched the man's face. Willed him to get a hard-on.

"And when you reached under my dress, did you like how wet I was?"

Albert nodded enthusiastically.

"When you pushed your fingers in, did you feel how hot it was? How tight I could squeeze it?"

"Yeah."

She nodded. "Good." She placed a knee onto the bed and crawled over his prone body. Now he could see the red shoes. Michelle dragged her long brown hair over Albert's stomach.

Harry's heart raced as he watched her performance. He had no doubt that she'd have the guy as stiff as a telegraph pole in no time.

"If we'd been in the lift for a few more seconds, if our hotel room was a few floors higher, you would have made me come with your fingers."

Albert licked his lips, nodded his head.

"But that didn't happen, so you must know how I'm feeling at this minute."

He nodded again, his expression sombre.

"I'm still horny. I've still got the taste of your cum in my mouth, and that taste always turns me on. But I don't usually get to taste a man's cum until he's satisfied me."

Albert licked his lips. "I'll satisfy you any way you want me to."

She sneered. "Good. Get a hard-on, then your cock can feel how hot and tight I am."

He nodded again, took a deep breath and then reached up and stroked her breasts. "Do you want to sit on my face?"

"If I wanted to get my tits stroked and my clit sucked, I'd have picked up another woman. All I want from you is your cock."

Harry knew from experience that intimidation was the worst possible tactic she could use.

Albert released her breasts and reached down to his cock, which was actually beginning to show some signs of regaining its former glory. Michelle smiled as she watched him tug and squeeze and pull himself. After about twenty seconds, he had a semi-erection. He looked up at her expectantly, and she sighed and moved over it. Harry felt sure the guy would get fully-hard once she got it inside her.

Michelle positioned herself, taking the dick from his hand and holding it in her own. She pointed the head at her sex and lowered herself down. The cock bent and squirmed out. She took a breath and tried again. The head disappeared inside her and she closed her eyes. She lowered herself all the way onto him and rocked her hips.

The stranger stared into her face, and Harry felt the tell-tale drips inside his own shorts.

Michelle raised herself up and dropped down again, letting out sigh of frustration. Harry stared down and saw the man's cock was lying against his stomach, still only half-hard.

“What the fuck am I supposed to do with that?”

Albert looked around, anger flashing in his eyes. “I’m not used to performing with an audience.”

“Yeah, well you seemed to have no problem shooting your load into my mouth with an audience.” She stood, picking up her dress. “Get dressed. You might as well go”—she nodded down at his limp cock—“because I’m not going to get any pleasure out of that.”

She walked back into the bathroom and the guy quickly dressed. He frowned at Harry. “If I stayed for an hour or so, I’d be able to... you know. I’m sure I could get it up after a rest.”

Harry offered a friendly smile. “Sorry mate, but you’ve had your chance. If you knew you were that close, you should have stopped her sucking you.”

The guy closed his eyes and looked desperately sad. “Yeah, I know. But it was all too fast, I never had the chance to...” He shrugged. “Maybe tomorrow?”

Harry laughed and shook his head. “Look on the bright side—you’ve just had a blowjob, and the bar is still open.”

The guy didn’t look like he could take any positives from their encounter. He walked forlornly to the door and offered Harry a brief shrug before he left.

After Harry had closed the door, Michelle came back out of the bathroom. She was now totally naked, the shoes dangling from the fingers of one hand, her dress scrunched up in the other.

“What a fucking waste of time that was.”

Harry waited, letting her get rid of all her anger.

“Now can you see why I like to use bulls from the websites? If I’m going to get all hot and ready for a man, I expect him to be able to keep his side of the bargain.”

Having pointed out the positives to the stranger, he wanted to do the same for Michelle. The passion in the lift had been something special; he was sure she'd felt the same way as he had. But he was too scared to point that out now.

She sighed, pulled back the covers and dropped into bed.

He waited, wondering whether he should offer to go down on her, even though there was nothing to clean up. "Is there anything I can do?"

She smiled. "Yeah, keep next weekend free, because I'm going to get Lucas to come round and fuck my brains out."

With that, she lay down and pulled the covers up her body.

Harry quickly undressed and slipped into bed beside her, too deflated to bother brushing his teeth.

$$\Psi$$

Chapter 14

Harry and Michelle left Liverpool immediately after breakfast. They checked out of the hotel and drove home in relative silence. The weather appeared to have mirrored their mood, a light drizzle now falling as they made their way along the M62.

The buzz he'd experienced from restraining Michelle in the lift while another man fingered her had now died, and he mourned it like the loss of a lover. For a few seconds, he'd held a power he'd never thought possible. Last night, he'd taken charge. He'd held his wife's arms behind her back and invited another man to touch her, to abuse her while she couldn't resist. For the briefest of moments, Harry had imagined he was the bull.

If only Albert had managed to last long enough for Michelle to ride his cock. Harry was sure she was so turned-on from the lift that she'd have come really quickly once a cock was inside her. Then she could have knelt on the bed and been fucked hard from behind. The guy could have shot his load any time while he was doing that. Everything would have been perfect.

"What are you thinking?"

Startled, Harry turned to look at his wife. She'd been answering emails and texts on her phone while he drove. He shrugged. "I was just imagining how last night could have been, if things had worked out better."

She sighed and put her phone down. "I know, and I'm as sorry as you are. I was expecting a lot more than I got."

He kept his eyes on the road. "Not all of it was a failure."

Michelle scoffed. "You wouldn't say that if all you'd had was a mouthful of cum and a floppy cock to try and sit on."

Harry wanted to mention what had happened in the lift. He was desperate to get Michelle's thoughts on being held by him while another man explored her body.

She interrupted his thoughts. “Anyway, I’ve just invited Lucas over next Friday evening. I was thinking that maybe he could stay over.”

“Oh?” Although she’d mentioned last night that she intended getting Lucas over, the part about him staying the night was a bolt from the blue.

“Would that be okay with you?”

Harry considered how to answer. He knew Michelle was still angry about last night, though she couldn’t possibly hold him responsible for that; she’d sucked and the guy had come. Harry had been simply a disappointed bystander. “Where would I sleep?”

“Wherever you like, just not in our bed with me and Lucas.”

Harry bit his lip and thought about a full night in the spare bed listening to Michelle grunting and groaning every couple of hours. He couldn’t deny some aspects of it turned him on. “Is that what you want?”

She chuckled and leaned closer, raking her fingernails down his leg. “I think it’s what we both want.”

He hated being so easy to read. “It’s okay with me.”

She watched him for a few seconds, then blew in his ear. “I’ll leave the door open so you can hear us. You could even watch us, if you wanted to.”

He glanced at her, saw the teasing look in her eyes, then refocused on the road. “Do you want me to watch you?”

She laughed and squeezed his arm.

Michelle went back to reading her phone, and Harry finished the rest of the journey with his mind fixed on the following weekend.

* * * *

When Michelle came home on Thursday evening after work, Harry could tell she had something on her mind. There was a twinkle in her eyes, and he sensed her watching him a few times, as if trying to gauge his mood. His first thought was that she’d met up with someone at lunchtime.

Would she have arranged to meet one of her bulls without telling me first?

He decided to play dumb and allow her to reveal whatever it was in her own time. They ate in the kitchen and then Harry wandered out to water

the plants in the tubs on their patio. When he got back inside, Michelle was sitting on the couch with her laptop set up on the coffee table.

She smiled at him. “I got a text from Jerry Lomas today, telling me to check my home email inbox.”

Harry tried to think who she was talking about, but his mind came up blank. He shook his head to show he didn’t recognise the name.

“Jerry was the man who filmed the night in the chalet.”

“Ah.” Everything fell into place—her excitement, the smiles and knowing looks, the laptop.

“Do you want to watch it?” She was obviously eager to see herself in action.

“Yeah, course I do.” He walked over and sat next to her, a tightness beginning to grip his stomach. Although he wanted to see the film, he was a little disappointed. This was the sort of thing they should be watching in bed, naked.

Michelle set up the film and clicked the ‘full screen’ option.

Harry noticed from the video progress bar at the bottom of the screen that the film was slightly over twenty-seven minutes long. The entire gangbang had gone for much longer than that, so what they were about to see was the edited version.

She looked a little apprehensive. “Are you ready to see it?”

“Yeah. Why, aren’t you?”

She shrugged. “I am, yeah, but I know you were uncomfortable at the time, so I wanted to check you’re happy to watch it all again.”

He smiled reassuringly. “I’ll be fine, but thanks.”

Michelle clicked play. Then she leaned back and held Harry’s hand.

There were no opening credits or music. The film opened with a view of the bulls chatting in a circle, standing in the living room of the chalet. The next shot was Michelle standing by the bedroom door wearing a green dress and white sandals. She smiled at the bulls as they walked single file past her into the bedroom. Michelle then looked directly at the camera.

“Are you ready for this?” This was obviously Jerry the cameraman.

Harry thought Michelle looked apprehensive while trying to put on a brave face.

She raised her eyebrows. “Only one way to find out.” With that she turned and walked into the bedroom. The camera angle moved down to capture the view of her bum and legs as she sashayed into the room where the eager bulls waited for her.

Harry turned to Michelle. “I don’t recognise any of this.”

“You were already in the bedroom.”

The camera followed her, panning across all the bull’s faces. Harry was shown last, standing motionless by the far wall.

Watching himself on the screen, Harry remembered his discomfort at being filmed. Knowing your wife’s being gangbanged by five men was one thing, but being captured on film while watching it all happen was a whole lot worse.

On the screen, Michelle looked round at the men and smiled as she undid the buttons on the front of her dress. Harry relived the same flush of pride he’d felt at the time as his wife removed her dress to reveal her naked, perfect body. The murmur of approval Harry had heard from the bulls was also picked up by the microphone.

Harry turned to his wife as she watched herself. “Do you remember how you felt?”

She nodded without taking her eyes off the screen. “Yeah. At this point I was really nervous.”

Harry looked back at the laptop screen, saw the bulls removing their clothes. He caught another glimpse of himself by the wall, watching the evening unfold.

The action switched to Michelle kneeling on the bed, facing the camera. A bull approached her and she smiled at him, then opened her mouth. Harry saw other men gather around the bed. Random hands stroked her bum, cupped her breasts. The bull who’d had his cock in her mouth stepped round and climbed on the bed behind her, and the camera zoomed in on Michelle’s face.

The bull pushed in and Harry watched Michelle’s expression, her eyes and mouth opening wide. A long sigh escaped her throat as she was

rammed hard from behind. Her breasts began shaking, and then the camera had to move to the side because another bull had stood directly in front of Michelle's face. From the side of the bed, the camera captured Michelle taking the new bull's cock into her mouth as she was relentlessly pounded from behind.

Harry glanced at Michelle's face as she watched the screen, wondering what she was feeling at this moment. Was she proud? Aroused? Did she feel any shame?

On the screen, the bull who'd been in her mouth replaced the guy who'd been fucking her, and a third cock was pushed into her mouth. Over the next few minutes, Harry saw all five of the men getting sucked and then fucking his wife. Although none of them appeared to have come yet, Michelle definitely had. At least twice.

Another piece of editing showed the picture dissolving into pixels, and then re-forming into a new scene. A bull was lying on the bed and Michelle knelt over him. Harry remembered this part vividly.

Michelle lowered herself onto the bull's cock, and then leaned forward over his body as a second bull climbed onto the bed behind her. A close-up from behind filled the screen. This clearly showed Michelle with one cock buried deep in her cunt, and another—fitted with a condom and slick with lube—pressing against the opening of her anus. The camera angle returned to her face and, as the second bull pushed in, Michelle winced.

Michelle had revealed a few months ago that she'd had regular anal sex in a previous relationship, but both of the guys fucking her in the film had huge cocks. Her expression of discomfort soon passed, and Harry watched his wife writhing and bucking on the screen, moaning and then screaming in ecstasy.

The guy in her backside withdrew, yanked off the condom and came over her backside. The guy beneath her gripped her hips and let out a grunt, obviously firing his own load inside her. Two more bulls took their place and Michelle was DP'd again, this time with another bull pushing his cock into her mouth at the same time.

Harry watched in silence as the bodies on the screen went through the same motions. The guy in her mouth finished over her face, and the

other two finished in their respective holes. Harry was beginning to feel a bit numb. Almost shell-shocked. Each of the bulls had now come once, but he had no way of counting the number of times they'd made his wife climax.

Michelle was squeezing his hand in a tight grip, and he could feel her shaking slightly. The film was definitely arousing her.

The scene changed to a close up of Michelle's face. Her forehead was beaded with sweat, and strands of hair stuck to it. There was still a splash of cum on her cheek.

"So, how's it going?" Jerry's voice was relaxed and conversational, as if they were chatting at the water-cooler in an office.

Michelle smiled and took a deep breath. She was being buffeted by thrusts from behind. "Good."

Harry remembered this part from the evening, but hadn't been able to hear their words.

Jerry continued. "Tell me how his cock feels."

Michelle's eyes seemed to lose focus for a second, then she looked right into the camera. "It feels big."

"Is it nice and long?"

She nodded, her breathing ragged. "Yeah, but it's the girth that makes it so good. It's so... fucking... thick."

Jerry's chuckling made the picture wobble slightly. "Do you like thick cocks?"

Michelle dropped her head so the camera now showed her back and bum, and behind that, the bull's torso as he relentlessly pounded her. Michelle's whimpering and trembling told Harry that she was coming yet again.

Jerry remained silent as he filmed her climax, then he started up again with the questions. "How was that?"

Michelle looked up into the camera again, her cheeks pink and her eyes wild and unfocused. She didn't answer, but just smiled and then frowned as her bull increased the intensity of his thrusts.

“I think I know what’s going to happen next.” Jerry’s honey-sweet voiceover spoiled it for Harry.

Michelle looked straight into the camera and her mouth formed a perfect O. Then she narrowed her eyes. “He’s coming. I can feel him coming in me.”

Jerry laughed. “Yeah, I’ll bet he is. You like that?”

“Oh yeah.”

“You like men to come in you?”

Michelle closed her eyes and nodded.

The scene changed to a shot from behind. The bull slowly withdrew, and the camera zoomed in on Michelle’s rear end.

What struck Harry immediately was how huge the hole of her backside looked. It was still partially open from the cocks that had already been in there. But then the view of her anus disappeared as the camera zoomed in even closer and the screen was filled by Michelle’s sex. A large gob of semen dribbled out, which Harry found unsightly, almost distasteful. He knew that was a strange reaction considering he’d performed clean-up on two occasions exactly like this scene. Maybe being there was a lot better than the cold, clinical, over-sized view of it on a screen.

The scene changed again, and Michelle was straddling a guy on the bed while alternately sucking two other bulls. This was only shown for a number of seconds before there was another change; Michelle lying on the bed with a guy fucking her in the missionary position while another guy knelt by her head, fucking her mouth.

Harry watched as the bulls came over his wife’s face, breasts and stomach for the camera. He saw one hold her head still as he emptied down her throat, which he hadn’t noticed at the time. He also watched as Michelle was DP’d two more times.

The final scene showed the men dressing while Michelle lay naked on the bed, exhausted and satiated. Nothing in the edited version showed any hint that Michelle had been in discomfort towards the end. Harry was pleased that he hadn’t been featured again, apart from incidental, out-of-focus glimpses of him by the wall as the camera panned. He’d been worried

that there would be regular shots of his expressions as different men used his wife.

The film ended and Michelle sat in silence for a few seconds before turning to Harry. Her face was flushed. "What do you think?"

"I think it looked like you enjoyed your gangbang."

"I did."

"Yeah, but that was an edited version. It showed just the good parts."

Michelle looked into his face. "Did you like the film?"

"More than I enjoyed the actual night, yeah."

"Did it turn you on?" She squeezed his hand again.

Harry wondered if the film had made her so horny that she might let him fuck her. "Of course it did." This wasn't actually true; some parts had been sexy, but the memory of how he'd felt that night had spoiled his experience of watching it.

She held his gaze for a second, then got up and pulled him to his feet. "Come upstairs."

Harry followed, his cock already swollen as much as the cage allowed.

In the bedroom, Michelle quickly stripped out of her work skirt and blouse. Standing in a white lace bra and panties set, she turned to face him. "I want you to fuck me with my vibrator."

Harry stared open-mouthed, too shocked to reply. Although disappointed he wasn't going to be allowed to fuck her, he relished the idea of abusing her with a vibrator.

"Will you do that for me?" She smiled sexily.

"I'd rather fuck you with my cock."

"I want you to use my toy, the really big one."

Her biggest toy was about ten inches long, and twice as thick as his cock. He began to shake a little with anticipation. "What if I'm too rough?"

She stroked his face. "Tonight, there's no such thing as too rough. I want you to punish me for letting all those men use me as their fuck-toy."

This was something he'd never even dreamed of happening. Harry took a deep breath. "Get naked and pass me your vibrator."

Michelle did as she was told, quickly unclipping her bra and pushing her panties down her legs. She walked to the bedside drawers and took out the toy, dropping it on the bed and then lying next to it.

Harry picked up the toy and marvelled at its heft, briefly remembering how he'd felt when he'd been made to jerk off Roy's massive cock. He looked at Michelle and held the toy upright. "Shall I put some lube on it?"

She held his gaze for a second. "You won't need any."

Harry smiled. She was so turned on from the film, she was probably wet enough for him to push in a thermos flask. "Turn over," he ordered.

"What?" She looked surprised at his tone of voice.

"Get on all fours and face the mirror on the wardrobe."

Michelle knelt on the bed, watching him warily as she shuffled round.

Harry climbed onto the bed. He knelt behind his wife and looked down at her sex. The outer lips were engorged, the surrounding hair matted. He glanced up to see her watching him in the mirror, then he lowered his head and inhaled her musk. Harry let out a sigh, intoxicated by the aroma of her hunger and want.

Raising the vibrator, Harry pressed the tip of it gently between her slick folds. He flicked the switch and the toy purred. Her sex seemed to open like a flower, and he imagined a scene from a sci-fi film where the toy was sucked in and devoured by the hungry alien. But this wasn't an alien, and it wasn't fiction. It was his wife's gaping, eager cunt, and its endless need for big cocks to invade it, stretch it out. The constant search for bulls to satisfy her depraved lust.

For a fleeting moment, Harry hated her.

He gripped the vibrator and stabbed it into her with a single, violent thrust.

Michelle screamed, and he sneered at her shocked expression in the mirror. He pulled back and pushed in again, just as hard.

“Jeez...” She dropped her head, depriving him of enjoying her pained ecstasy.

Harry began to piston his arm, sending the toy as deep as he could, imagining it was his cock. Imagining he was Lucas, or Roy, or some other faceless bull with a cock so big that it made her cry out every time he rammed it home.

Michelle was whimpering, probably in pain. But she’d told him to punish her, and that’s exactly what he did.

Harry reached forward, twirled his fingers in her hair and yanked back. Michelle yelped as her head was forced up.

He smiled at her shocked, indignant expression in the mirror. “Is this punishing you enough?”

Michelle opened her mouth but was apparently unable to reply. She stared back at him from the mirror, her face a mask of disbelief.

He continued to batter her insides with the vibrator—short, jabbing thrusts as deep as it could reach. “Is this what you wanted? Is this how you like it?”

Michelle took a breath and closed her eyes.

Harry increased the speed of the jabs. “Are you pretending this is a bull’s cock, and that he’s using your ever-willing body?”

Her eyes squeezed shut and her lips pulled back, giving her an almost animalistic grin. Her nostrils flared as she took deep, rasping breaths through clenched teeth.

Harry changed his grip on the base of the vibrator, straightening his thumb so it stuck out parallel to the shaft of the toy. With his next jab, the vibrator probed deep inside her cunt and his thumb poked into her anus.

Michelle squealed, but Harry had gauged his timing to perfection. She’d been right on the verge of her climax, and this had tipped her over the edge. Michelle was in freefall. Her body flailed and crumbled as she let out a stream of moans, groans and whimpers. She dropped her head to the bed and her hips jerked as Harry continued the onslaught, the toy and thumb still penetrating her body. He felt her contractions on his thumb and watched her entire body tremble.

He released her hair and leaned his weight on that hand, the other never letting up with the jabbing motions. She raised her hips higher, making it easier for him to direct the toy deep into her. His thumb was now barely being gripped by her relaxed sphincter, and he wished he could use his cock to plunge there instead. So many men had fucked her there, but he'd never been allowed to.

She began to rock her hips, obviously building up to a second climax. Harry felt a strange sense of pride in his own ability to satisfy his wife, even though deep down he knew she could have achieved the same thing by holding the vibrator herself. But at this minute, he was the one making her squeal and squirm, he was the one making her come.

Michelle's moans grew louder and as she screamed her release, something totally unexpected happened. Harry ejaculated inside his pants. At the first instant of discharge, he was too stunned to say anything, but the second spurt made him cry out. Another jet left him and he let go of the vibrator. It landed hard on the bed.

Michelle turned and instantly took in the situation. She twisted round and ripped open his trousers, soaked and slimy with cum, and quickly used the key on the chain of her necklace to remove his cage.

Harry watched, mesmerised, as his wife dropped the two halves of shiny metal on the bed and pushed him onto his back. She opened her mouth and took his entire cock into it, making him shudder and whimper like a baby.

His wife gently sucked and nuzzled his now flaccid, spent cock. She slowly released it from her lips, held it in her fingers and licked it clean. Then she lowered her head and licked his balls, carefully cleaning all the cum from them.

Harry shook, embarrassed by what had happened.

Michelle crawled over him until they were eye to eye. She lowered her face to his and pushed her tongue into his mouth, making Harry taste his cum in her mouth.

Michelle slowly raised her head and looked down at him. "I've never known you to come without being touched."

He shook his head, shrugged.

“Has that ever happened before?”

“Not even as a frustrated teenager.” He forced a smile. “I’m sorry.”

“Don’t be, I loved it. It really turned me on.” Michelle reached down and turned the vibrator off.

He looked down at the toy, still coated in her juices. “I’m sorry if I was a bit rough.”

She laughed. “Stop apologising. I loved everything you did. I couldn’t believe it was really you, you were so…”

Harry held his breath, hoping she’d say ‘domineering’ or ‘masterful’.

She furrowed her brow as she tried to think of the right adjective. “You were so *angry*.”

Harry smiled. “I wanted to make you come the way your bulls do. I wanted to fuck you the way they do.”

She frowned. “Why would you want to do that?”

“Because it’s what you want.”

She shook her head. “Not from you, it isn’t.”

Harry was beginning to feel uneasy. “I thought that’s what you wanted.”

Michelle laughed. “Don’t get me wrong, you gave me exactly what I wanted tonight. I told you to punish me, and you did.”

Harry exhaled, relieved. “I thought you were about to say—”

“I loved it, and you can do that to me any time you want to.” She grinned. “Now I know you can handle my toy like that, I’ll make you use it on me a lot more often.”

Butterflies gathered in Harry’s stomach.

She turned serious. “But Harry, please don’t think I want you to behave like my bulls. When I’m with you, I can’t behave the way I do with them.”

Embarrassment and self-pity tussled for dominance in his mind. He avoided her eyes. “I’m sorry, I know that I haven’t got—”

She pushed her hands down on his chest. “It’s nothing to do with what you have or haven’t got.”

Harry snorted. She was lying; they both knew how she felt about huge cocks.

“Harry.” Michelle waited until he met her eyes. “You’re my husband, and I love you. When we have sex, we’re making love. You can be rough or gentle, but we’re always *making love*.”

Harry watched her face, scared to interrupt.

“When a bull puts his cock in me, it’s just *fucking*. I wiggle and moan and come like a train, but never once do I make love.”

He wondered if she was saying this to make him feel less inadequate.

Michelle took a breath and shook her head, as if trying to find the right words. “When I’m with a bull, I get into a kind of roleplaying mind-set. I want him to treat me like a slut, so I *act* like a slut. I want him to use me, to fuck me as many times as he can manage before he leaves.”

Harry frowned. “But that’s not who you are.”

“That’s who I am as far as he’s concerned. I don’t want to get to know him, and I have no intention of letting him get to know me. I use him for sex, and that’s all. But you’re my husband, and what we have is so much more than what I share with any bull. Don’t ever forget that. All a bull can do is use my body, and all I want is to use his.”

Harry swallowed, then nodded slowly. “Thank you.”

She leaned down and gently kissed his lips. “Let’s have a shower and get in bed.”

“It’s only about eight o’clock.”

Michelle laughed and got up. “Well, I won’t be getting much sleep tomorrow night.” She looked back over her shoulder when she reached the door. “And I doubt if you will, either.”

Harry shivered at the thought of Lucas spending the night in his house. In his bed. In his wife.

When he heard the shower running, Harry carried all his clothes downstairs, putting them straight into the washing machine. Having set it going, he headed back up and brushed his teeth while waiting for Michelle to finish in the shower. By the time he’d showered, Michelle was

in bed. He noticed his cage on the bedside table, placed alongside the padlock. He looked at it, then at his wife.

She smiled and shook her head. “I don’t think there’s any danger of you sneaking out for a wank, seeing as you’ve emptied your balls already.”

His embarrassment returned, and she laughed at his expression.

“Please don’t feel bad about it. I see it as a fantastic compliment. You shot your load while pleasuring me with a sex-toy. You must have been really turned on.”

Harry shrugged. “I didn’t know what was happening. There’d been no tingling or build up to it. There was no pleasure, either.”

She rolled onto her side to look into his face as he climbed into bed beside her. “What do you mean?”

“The first shot just flew out of me without warning. At first I thought maybe I’d peed myself. Because of the cage, I wasn’t fully hard, so I don’t know if that hindered the sensation or something.”

“But it was nice eventually—you were moaning and shaking.”

He nodded. “Oh yeah, but it was like a delayed reaction. The spasm and elation I get with an orgasm didn’t happen until the second or third spurt. It was unlike any time I’ve come before.”

Michelle looked thoughtful. “Wow. It’s nice when things like that happen.”

Harry chuckled. “You can say that again.”

She snuggled against him. He put his arm around her shoulder and kissed the top of her head. It was hard to rationalise the closeness he now felt. Half an hour earlier, he’d been intent on hurting her with the vibrator, and tomorrow night he would be listening from the spare room while she has sex with another man.

This lifestyle was weird, sometimes.

Chapter 15

Harry had expected Michelle to want to cook dinner for Lucas, but when he arrived home after work on Friday, she'd made a stir-fry for just the two of them. They ate in the kitchen while telling each other about their day at work, then went through to the living room for a coffee afterwards.

Harry checked his watch. "What time's he due to get here?"

"About ten."

"Oh? Why so late?" He wondered if Lucas was meeting another hotwife beforehand.

Michelle shrugged. "Since he'll be staying the night, I didn't see the point in him getting here any earlier."

Harry sipped his coffee without asking any further questions.

She watched his face for a few seconds, then seemed to feel obliged to clarify for his benefit. "I only want Lucas for sex. I don't want to socialise with him, or make small talk. That was hard enough to do in Newcastle."

Harry was surprised, even though she'd gone to great lengths last night to explain about what she wanted from her bulls. "So, what do you want to do for the next three hours?"

"I'll need a shower." Michelle smiled. "You choose me something sexy to wear, and then we can go out for a couple of drinks and have a nice time."

Michelle headed up to the bathroom while Harry cleared away the coffee cups and loaded them, along with the dinner plates, into the dishwasher. Then he followed her upstairs and selected a clingy black dress, hold-up stockings and black shoes for her to wear.

When Michelle came out of the shower, she glanced down at the outfit he'd laid on the bed and frowned. "Are you going to make me go commando again?"

He laughed and shook his head. “No, but I couldn’t decide if you should wear black or white underwear. Or red.”

“Black.”

Harry nodded. “Okay. I’ll go for a shower while you get dressed.”

“What about makeup?”

Harry turned and smiled. “Your makeup isn’t important tonight. You’re already guaranteed to get what you want in bed, and I know you’re gorgeous anyway.”

She pouted, but he could tell she appreciated his compliment.

He showered quickly, and when he got back to the bedroom Michelle was wearing a very sexy black bra and thong set. He nodded approvingly, and she smiled. When she put her foot onto the bed and rolled on a stocking, Harry felt the tell-tale tingle of excitement.

Michelle glanced up at his face as she adjusted the lacy top of the stocking, and smiled at his expression. “Are you looking forward to tonight?”

He nodded.

“Good.” She fitted the other stocking, then spoke again without looking at him. “It’s a good job you’ve got your cage back on. Otherwise, I think you’d be making a complete mess of the sheets on the spare bed.”

A mixture of resentment and embarrassment bubbled near the surface. On the one hand, if was happy for her to come several times, why couldn’t she allow him the same? But then again, what type of man wants to jerk himself off while listening to his wife being fucked by someone who’s better equipped to do it than he is?

Michelle stepped into her dress and pulled it up, then turned so he could fasten the zip. Once she’d got her shoes on, she checked herself in the mirror and turned to Harry. “Well?”

He nodded. “You look great.”

“Thank you. Come on, let’s walk to The Swan so we can both have a few drinks without worrying about driving.”

“Do you want to get pissed?”

She laughed and shook her head. “I just want us both to be nice and relaxed.”

They held hands as they walked the quarter mile to the local pub. Once served, they stood near the bar and discussed the arrangements for Michelle’s dad’s party, now only two weeks away. Michelle drank faster than usual, her first glass of white wine barely lasting ten minutes. Harry bought her a refill, and ordered himself another beer. When she finished that glass in fifteen minutes, he decided to switch to gin and tonic to make it easier to keep up. Drinking pints was not something he liked to do quickly.

The pub filled up and the atmosphere was pleasant. Harry nodded to a couple of their neighbours, and had a brief chat with a guy he knew from coming here to watch football.

He glanced at his watch, then leaned closer to his wife’s ear. “It’s almost nine, do you want to head back yet?”

“Let’s have another drink first.”

Harry raised his eyebrows, and she laughed. “What? I’m out having a nice time with my husband. What’s wrong with that?”

“Nothing. It’s what’s going to happen when we get home that most people would think was wrong.”

Michelle giggled. “Well, fuck ’em.”

He laughed and headed back to the bar. When he returned a couple of minutes later, Michelle was chatting with the girl collecting empty glasses.

“I like it here, everyone’s so friendly.”

He nodded. “Yeah. It’s a good atmosphere when there’s a game on the telly.”

“We should come here more often.” She nodded to herself, then started on her fourth glass of wine.

Harry had bought himself another G&T, and they spent the next thirty minutes or so enjoying the banter between the people standing round the bar. He caught Michelle checking her phone a couple of times and wondered if she was expecting a text. Finally, she emptied her glass and then raised her eyebrows. Evidently, it was time for them to go.

They said their goodbyes and left the pub. As they walked, Michelle slipped her hand in his arm and gave it a squeeze.

He turned to her and smiled. "Are you okay to walk?"

She laughed. "I'm fine, just don't go too fast."

"I thought you'd be eager to get home."

She gave him a knowing look, but didn't comment.

They walked in silence for a minute or so, then Harry chuckled. "I wonder what that crowd in the pub would say if they knew why we'd left so early, and what we've got planned."

She frowned. "Most people wouldn't understand."

"Sometimes, I'm not sure that *I* do."

She looked up at him. "Yes, you do. You understand better than anyone. We're having fun the way we want it. I love what we're doing."

Harry's stomach was already tight with anticipation.

She sighed. "I'm sure a lot of people fantasise about doing what we do, they just never have the bottle to actually try it."

He couldn't argue with that. He turned to his wife. "Are you wet already?"

"Do you *want* me to be wet?"

He snorted. "Don't start that again."

As soon as they got home, Michelle went to the loo. Harry waited in the living room, relieved when Michelle returned downstairs before Lucas had arrived.

"Fancy another drink?"

"Jesus, Michelle, are you hoping to be comatose so Lucas can use you like a rubber doll?"

"Now there's an idea." Flashing him a beautiful smile, she tilted her head to one side. "I'm winding down, and I want you to do the same. I have a bottle of white in the fridge. Would you like a glass?"

"Yeah, cheers."

She came back with two glasses and handed one of them to him. They sat together on the couch and waited for her bull to arrive, which Harry couldn't help feeling was a strange situation to be in.

“I’m going to make him do me down here for the first one, so you can watch.”

He wondered if he was supposed to thank her. “If that’s what you want.”

“It is.” She sipped her drink and watched his face, making him uncomfortable. “I may even let you join in.”

The look of mischief in her eyes made a coldness spread through his stomach.

The doorbell rang. Michelle put her glass on the coffee table and stood up. Harry got up too, waiting in the middle of the room while his wife went to welcome the man who was going to fuck her all night long.

Michelle came into the living room first, followed by Lucas. He was just as Harry remembered him—tall with a shaven head. He nodded and Harry smiled back, wondering too late if he should have stepped forward to shake his hand.

Lucas had a blue holdall in one hand, which he dropped on the floor by the armchair. Michelle flashed him a smile. “Would you like a drink? We have wine open, or there’s beer...”

He shook his head. “Nah, I’m okay, thanks.”

“Well, if you don’t want a drink, I guess we should get straight to what you’re here for.” With that, she reached up and undid her zip, then pushed her dress down and off in one clean movement.

Harry stared up from the couch, admiring her figure in the black bra and thong, lacy black hold-ups and black stilettos.

Lucas nodded slowly. “I’m ready whenever you are.”

Harry knew he was telling the truth. The evidence of Lucas’s readiness was forming a bulge much lower down his trouser leg than Harry would have thought possible.

Michelle took three short steps toward Lucas and stopped right in front of him. She was almost a foot shorter, even in her three-inch heels. She ran her hand down the bulge against his thigh and tipped her head back to look up into his face. “I want you to fuck me on the couch, right next to my cuck.”

Lucas smiled and nodded. "Fine by me."

Michelle stepped to the couch, briefly looked at Harry before she pushed her thong down her thighs, then sat on the seat next to him. After reaching down to slip her underwear off her feet, she reclined against the backrest and slowly opened her legs, placing her feet wide apart on the floor.

Lucas began to undo the buttons of his shirt. Harry held his breath, feeling a little too close for comfort with Michelle's thigh pushing against his.

Once his shirt was fully open, Lucas pushed it back and off, showing off his well-toned stomach and shoulders. The dark sheen of his skin emphasised the muscle definition of his upper body. Next he kicked off his shoes and began to unbuckle his belt. Harry glanced at his wife and saw her eyes were fixed on Lucas's face. She already knew exactly what he had inside his trousers.

When Lucas pushed his trousers and shorts down his thighs, his cock sprang out. It was hard, long and unbelievably straight. Harry noticed he had no pubic hair, and couldn't remember if that had been the case the last time he'd seen him naked.

The bull stepped out of his trousers then stood in front of Harry and Michelle, wearing only his socks and a confident smile.

Michelle reached up and ran her tiny fingers around the huge, bulbous head. "Mmm," she purred. "I think you should slide this into me so Harry can watch."

Lucas dropped to his knees and glanced at Harry. "You ready to hear her moan?"

Harry swallowed, then cleared his throat. But instead of attempting to speak, he simply nodded and watched as the bull pointed his huge black cock between his petite wife's stocking-clad legs.

Lucas positioned the tip between Michelle's outer lips and toyed with her for a couple of seconds. Harry noticed her juices coating the head; she was certainly wet and ready for him.

The bull sent his ten-inch cock deep inside Michelle with a single lunge. She gasped, arching her back. When Lucas pulled back and pushed

slowly in again, Michelle began to writhe with the rhythm of his thrusts.

“Harry...” Her voice was a breathless whisper. “Harry, I want your tongue.”

He looked at her face, unsure if he’d heard her correctly. A small trickle of discomfort was already working its way into his brain.

Michelle looked into his eyes. “Bend down and lick my clit while Lucas fucks me.”

Glancing down, Harry watched the juice-coated torpedo sliding back and forth from her sex. He was amazed that the impressive length of shiny-black flesh could disappear so easily into the small frame of his wife.

Michelle sunk her fingers into his hair, then pushed gently against his head, coaxing him lower.

Harry glanced at her face. Her half-closed eyes urged him on, a teasing insistence in her expression. He got the impression that she’d planned this all along, and that’s why they’d both drank more than they usually did.

He’d been manipulated. She was determined to get more kicks than usual, to make up for last weekend’s disappointment in Liverpool.

He shuffled his bum away from her along the couch, then lowered his upper body and rested his arms on the cushion he’d been sitting on. Hesitating with his face over her tummy, he again marvelled at the sight of Michelle’s cunt swallowing the full length of Lucas’s truncheon-like cock.

Michelle slid her hands down her belly, her fingers pulling away the glistening hood to expose her swollen clit. Harry lowered his face to her crotch, his tongue already protruding. He could smell their sweat and their musk, hear the squelching sound as Lucas’s cock slid in and out of her. His tongue made contact and Michelle groaned.

Harry watched as Lucas’s shaved pubis approached and retreated time after time. Michelle mumbled incoherent whimpers as he moved his tongue over and around her clit while Lucas fucked her. Her moans got louder, then she gripped Harry’s head and clutched him to her. She cried out when she came, rocking her hips and pushing up against Harry, squashing his nose.

Lucas continued his lunges, no doubt enjoying the sensation of her orgasmic contractions on the full length of his cock. His hip movements became more urgent. Michelle's moans receded, but Lucas's breathing got heavier.

"Lucas, I love your cock." Michelle's speech was slurred. Either the alcohol had finally taken effect, or she was drunk on the pleasure. "I love your cock and I love your cum, but I don't want you to come inside me now."

Harry held his breath, his face still pressed against his wife's mound, his tongue probing and sliding over her clit.

"Lucas, I want you to pull out and come over me. Come on my pubes."

Harry opened his eyes. From this position he couldn't see the faces of either his wife or her bull, so he had no idea if they'd exchanged knowing looks. The cock continued to slide in and out just an inch or so from his face.

Lucas made a rumbling noise somewhere in his chest. Michelle gripped Harry's head and twisted it so his ear was flat against her tummy, his face towards Lucas's cock.

Michelle began rocking her hips. "Come on baby, let it go."

Harry held his breath, knowing that this was his last chance to avoid what Michelle had planned. His last chance to get out of the firing line, literally.

"Mmmm." Lucas's baritone groan forewarned the others of his imminent climax.

Harry glanced up at the bull's face, saw closed eyes and clenched jaw. His heart thumped in his chest. He knew what Michelle wanted, and while he wanted to please her, this was taking him further than—

"Ahhh..." Lucas withdrew, and Harry saw the big cock pointing at him, the wet dome just inches from his face.

The first jet of cum flew above him, landing on the side of his head and cheek. Michelle's hand pushed his head down toward the cock. The second spurt hit Harry full in the face, and still she pushed him closer.

Already accepting the inevitable finale, Harry opened his mouth and shut his eyes. As he closed his lips around Lucas's cock, another gush erupted and flooded into his throat. Harry swallowed and kept his eyes squeezed tight.

Michelle stroked his head again. "That's it, baby."

Harry wasn't sure if she was talking to him or her bull. He heard Lucas sigh and more cum filled his mouth. He swallowed quickly. The dome of the cock filled his mouth, and he had no intention of trying to accommodate more. He purposely refrained from using his tongue on the glans.

Eventually, Lucas pulled out and Harry closed his lips. He filled his mouth with saliva and swallowed again. Michelle sat up and lifted Harry's head, turning him to face her. She placed her hands on either side of his head and pulled him in for a kiss, her tongue pushing between his lips to taste the remnants of her bull's cum.

Harry felt lightheaded. Dizzy.

Michelle broke the kiss but kept her hands pressed to his head. She looked into his eyes and smiled. "Thank you."

Harry tried to force a smile, but he'd just performed oral sex on a man. That was so much more than performing clean-up.

Lucas stood in the middle of the room. His cock had now collapsed from its former glory, but it was still significantly grander than Harry's had ever been.

Michelle stood up and stepped to stand next to her bull, her hand resting against his chiselled abs as she looked down at Harry. "Right, I'm going to take him to bed. Can you turn the lights off?"

Harry nodded mutely.

Michelle led Lucas toward the hall—her looking sexy in her heels, hold-ups and bra, and him still managing to look intimidating in only his socks.

She turned at the door. "Oh, and Harry..."

"Yeah?"

“You might want to have a shower. You’ve got cum all over your face and in your hair.” She smiled and left the room before he had chance to answer. A second later she came back in and grabbed Lucas’s holdall, then left him alone.

Harry stayed on the couch and listened to his wife and her bull take turns using the bathroom.

He felt dazed.

Shocked, but not really surprised. Michelle had already admitted how much his performing clean-up turned her on. He’d read enough on cuckolding forums to know that hotwives liked to get their cuck involved with their bulls, and that bulls enjoyed showing the cucks exactly who was the alpha male.

He took a breath and closed his eyes. As far as Michelle was concerned, this had just been the appetiser. There was going to be a lot more for her to enjoy before this session was over.

Harry ran a hand up his face and into his hair, felt the sticky mess of Lucas’s cum. He sighed, locked the front door and turned off the lights. As he headed upstairs to the shower, he noticed that Michelle had indeed left the door to their bedroom wide open. He could hear their whispered giggles as he opened the bathroom door. This was going to be a long night.

Harry brushed his teeth thoroughly before taking a shower. By the time he’d washed his face and shampooed his hair a couple of times, he was confident he’d now removed all of Lucas’s cum from his mouth and head, though he was fully aware there was still some in his stomach. After drying himself, he carried his clothes along the darkened landing to the spare room, resisting the urge to look through the open door of their bedroom.

Without closing his own door, Harry slid naked into the spare bed and lay on his back. His eyes grew accustomed to the dark, and he could hear Michelle and Lucas’s hushed conversation and occasional giggle. After only a few minutes, there was a subtle change in the noises. The hushed conversation became sparse and the giggles stopped completely. Instead, Harry could hear Michelle sighing and taking in deep breaths. Soon these noises were accompanied by the creak of bedsprings, and he knew what was happening.

Just a few short steps away from where he was lying, his wife was being fucked by a black man with a ten-inch cock. Yet Harry's only regret was that he wasn't able to watch it, which made him think of himself as a depraved pervert.

The springs creaked a little faster, and Michelle's sighs escalated to grateful moans. Harry's cock dribbled precum onto his thigh and he closed his eyes. Was she riding or being ridden? Was she on her back or on her knees?

Whatever the position, it was obviously working for her because her grateful moans soon became urgent grunts. Harry heard her whimper and cry out when she came. He could imagine her hands clawing and clutching at her bull's powerful arms as he drove into her again and again. Her inner muscles would be working on Lucas's cock, squeezing and embracing his hard flesh, coaxing and urging it to spit its load deep inside her, to quench her need.

Lucas let out a final groan, and Harry knew Michelle was getting what she enjoyed the most; a big cock firing its load deeper inside than his tiny cock could ever hope to reach.

The bedsprings creaked once more—presumably the rider had rolled off—and after a couple of deep breaths, the master bedroom fell silent. Harry used a tissue to wipe the dribbles from his thigh and tried to get to sleep. He lay and stared at the curtains, his mind conjuring pictures in the patterned material. He thought about what he'd be doing at work on Monday and his planned tennis game with Pete. Thinking of Pete reminded him that he needed to book somewhere for their trip after Michelle's dad's birthday. He needed to do that sooner, rather than later. He'd sort it out tomo—

Lucas let out a groan, then a sigh. Harry was certain his wife was sucking her bull's cock, no doubt eager for him to put it inside her again. Listening from his darkened room, Harry tried not to think about the feel of Lucas's cock in his mouth, the taste of his cum washing over his tongue and down his throat.

Michelle's moan suggested her mission had been accomplished; that Lucas was hard enough to enter her again. Her yelp confirmed it, and Harry imagined Lucas kneeling behind her, fucking her doggie style. That's how

she liked her bulls to fuck her, hard and rough from behind. This time it went on for much longer than the previous fuck. It was impossible to be sure, as she could have been moaning more than usual for his benefit, but Harry guessed Michelle achieved another two orgasms before Lucas had finished.

Harry checked the time on his phone; he had to hand it to the guy, he'd been here less than two hours and had already come three times.

A while later—he didn't check his phone, but it was still dark outside—Harry heard the man in his bed fucking his wife again. He didn't bother to envisage their positions or discern the number of orgasms she had. Instead, he put his hand over his cage and stroked the slick head of his trapped cock. Harry was so exhausted that he fell back to sleep before Lucas had finished with his wife, lulled by the steady rhythm of the creaking bedsprings.

* * * *

It was light outside when Harry awoke. Momentarily confused by his surroundings, he soon remembered the situation. He held his breath and listened, but the rest of the house was silent. His phone showed it was just after seven, and he contemplated his options. One, he could lie here and wait for the other two to wake up and start fucking again. Two, he could go downstairs and wait for the other two to wake up and start fucking again. Or three, he could get dressed and go out. Maybe go for a walk, or drive somewhere...

The idea of a full cooked breakfast suddenly appealed. Not wishing to go into their room for fresh clothes, he brushed his teeth and washed his face, wiped the dried precum from his thigh using a wet-wipe, then pulled on the clothes he'd worn the day before.

As he passed their bedroom, he glanced inside. Both were asleep on top of the covers. Lucas was face down, his bent arms cradling his head. Michelle lay on her side, cuddled into him. Her slender white leg was draped over both of his, her arm curled round his waist.

Once downstairs, Harry left a note explaining his disappearance and slipped out the back door. He walked into town and went to the café that served the best breakfast. After ordering a Full English with orange juice,

toast and coffee, he picked one of the newspapers from the rack, browsed stories about C-list celebrities he'd never heard of, then skipped straight to the sports pages. When his breakfast arrived, the sight of the thick sausage on his plate summoned memories of sucking Lucas's cock. A shiver ran down his spine. A cold shiver: not the hot, exciting shiver he got when imagining Michelle sucking the same cock.

Once he'd finished his breakfast and had two refills of his coffee cup, Harry bought a selection of pastries to take back for Michelle and Lucas. No doubt they'd have worked up quite an appetite during their fuckathon, which may well still be ongoing. He ambled back home and was relieved when he saw the bedroom curtains had been opened.

When Harry walked in through the back door, he saw Lucas and Michelle sitting at the kitchen table. Her hair was still wet from the shower, but there was no way of telling if Lucas had been in with her because the only hair on his body was his eyebrows.

Harry offered a friendly smile and held up the bag of pastries.

"Oh, thanks." Michelle took the bag and ripped it open, placing it on the table so Lucas could choose. "Do you want a coffee?"

"Thanks, but I'll get myself an orange juice." He walked to the fridge, thinking that Lucas wasn't showing any signs of fatigue after what most men would have considered a gruelling night.

The bull was wearing a pair of tracksuit bottoms and a sweatshirt, with nothing on his feet. Michelle had on just her bathrobe. The three of them sat in awkward silence for a few minutes, then Michelle reached up to her neck and unfastened her necklace.

The necklace which held the key to Harry's cock cage.

She held out the key. "Go upstairs and take the cage off, then lie on our bed."

Harry's heart began to race, but not in a particularly good way. "Why?"

She smiled and tipped her head to one side, like a teacher might encourage a small child. "Because you're the only person in the house who hasn't come yet."

He looked at Lucas, then back at his wife. He wanted to know exactly how many times they'd both managed to come, but now wasn't the time to ask. "That's because you don't let me."

Michelle seemed a little taken aback, as if she wished to keep the fact she denied him any satisfaction a secret. "Well, I'm going to let you come now. In fact, I'm going to make you come."

Harry paused. She said *she'd* make him come. Not "we", or any suggestion that he'd be allowed to make himself come, maybe jerking himself off while he watched Lucas fuck her again.

"Don't you want to come?" Her teasing smile turned the corners of her mouth up in a sexy way, and her eyes sparkled.

"Of course I do."

"Good. Go and get yourself ready."

Harry slowly got to his feet. Once upstairs, he quickly stripped and removed the cage. Then he went into the bathroom to relieve his bladder of the three mugs of coffee and two glasses of orange juice.

When he walked into the main bedroom, the smell of sex hit him. The bed had been made but, checking over his shoulder to make sure the others were still downstairs, he quickly pulled back the quilt. The bottom sheet was covered with saucer-sized blemishes, some dried, some still damp. Harry lowered the quilt back down, a little ashamed of the thrill he'd experienced on seeing the sheet. He lay on his back in the middle of the bed.

When he heard them coming upstairs, a mixture of excitement and anxiety sluiced through his veins. Michelle went into the bathroom and Lucas waited for her on the landing. When she came back out they stayed there for a while, preparing something. Harry started to worry.

When his wife appeared at the bedroom door, the worry flourished into a full-blown panic. She was naked except for the strap-on fitted to her groin.

He started to get up. "Mich—"

"Don't say anything, and don't move unless I tell you to. Lie down."

Harry watched her serious expression. He lay back down and closed his mouth. Lucas came in behind Michelle, also naked.

Michelle approached the bed. “I’m going to fuck you with my strap-on, and Lucas is going to fuck me in the same way while I do it.”

Harry frowned, glancing over at Lucas’s huge dick. It was already erect and smeared with a clear lubricant. He turned back to Michelle. “You can’t, you won’t be able—”

“Yes I will. Now, raise your legs and put them over my shoulders.”

Harry shook his head, but didn’t resist when his wife manoeuvred him. He felt the tip of the strap-on, which was thankfully only about four-inches long and relatively slim, pressing against his tight opening. It was cold and wet, no doubt covered with the same lube as Lucas’s cock.

Michelle gripped the front of his thighs and pushed herself forward. Harry tried to make himself relax, but couldn’t. She pushed again, and the dildo forced its way inside.

He took a sharp breath and held his wife’s gaze. She smiled, pulled back a little and pushed in again. It was uncomfortable, but not actually painful. He saw her turn round and nod to Lucas, and the bull stepped close behind her.

Harry felt his own sphincter contract at the thought of what she was about to have pushed up her backside. Surely something the size of Lucas’s cock couldn’t fit in there without being excruciating. He saw black fingers gripping her hips, and then Michelle yelped as the huge cock was pushed into her back passage.

Harry stared at her pained expression and felt his cock begin to stiffen, despite his discomfort.

Lucas started to thrust. The movements were passed on through the strap-on into Harry. It was as if the bull was fucking both husband and wife.

Michelle’s eyes were squeezed shut and her teeth were clenched. Harry thought she looked really sexy. He now had a full-blown hard-on and wanted to wank himself off, to shoot his cum all over his wife’s tits and face while her bull took her anally.

As if reading his thoughts, Michelle opened her eyes and smiled on seeing his erection. She wrapped her fingers around it and pumped her hand. Lucas increased the intensity of his thrusts, causing Michelle and Harry to gasp. Michelle increased the speed of her hand, and Harry noticed

Lucas had lowered one hand behind the strap-on, the fingers busy on her clit.

Lucas thrust his hips and swirled his fingers. Michelle moaned, and her legs shook. She gripped Harry tighter with her hand, pumping him faster. He realised at the last second that in this position, his legs raised to allow her access to his backside, the only direction his cum could go was over his own chest.

“Ahh—”

The arrival of Michelle’s climax was the catalyst for both men to follow. A thick cord of cum flew from Harry’s cock and hit him on the neck. At the same time, Lucas pushed in so hard that he lifted Michelle onto her tiptoes, which forced her strap-on even deeper into Harry.

Harry’s second eruption landed on his chest, but when he arched his back and pulled away, Michelle released her grip on his cock. He dropped his legs back onto the bed, his hand moving instinctively to his cock, jerking himself until two more spurts completed his release. Michelle bent at the waist and rested her arms on the bed while Lucas continued to pump his hips, no doubt fulfilling his own need to finish the ride.

The room was suddenly silent, the three participants perfectly still. They stayed like this for several seconds before Michelle opened her eyes and looked at Harry. There was a faraway look of contentment on her face, which probably wasn’t surprising considering what Lucas had done to her over the last twelve hours.

Lucas pulled out of Michelle and turned her round to face him, then kissed her lips. Harry frowned, surprised at his own jealousy over such a trivial thing. Lucas left the bedroom and, a few seconds later, the shower was running.

Michelle walked over to the chest of drawers and took out a pair of panties, then stuffed a wad of tissues inside before pulling them on. She threw the tissue box to Harry, and he wiped his cum from his body.

There was no awkwardness as the married couple cleaned themselves. Michelle was smiling, and Harry stood up and held her in his arms.

She kissed him tenderly on the lips. “How was that?”

“It was a bit uncomfortable for me, so god knows what it was like for you.”

She laughed. “It was nice once I’d got used to the size of him.” She squeezed his arms and looked serious. “But my favourite bit was jerking you off while I pegged you. I’ve wanted to do that for so long.”

He was puzzled as to why that act would appeal. None of it could give her actual physical pleasure, as the only things involved in the sex act were her hand and a piece of plastic. *Maybe she gets a voyeuristic kick, too.*

“What about last night?” she asked.

Harry thought about his lips closing around Lucas’s cock, cum flooding his mouth...

“Could you hear us from the spare room?”

“Oh.” He let out a sigh, relieved she was asking about what had happened after the threesome downstairs. “Yeah, I heard you, but I think I slept through some of it. Either that, or I was dreaming I could hear bedsprings.”

“He wouldn’t leave me alone. I think he mustn’t have had any since we went to Newcastle.”

Harry feigned sympathy. “Oh, poor you.”

She giggled and punched his chest. “Six fucking times, as well as the reaming I’ve just had.”

“I thought all you wanted from your bull was for him to fuck you as many times as he could before he leaves.”

Michelle looked surprised he’d remembered. “You’re right, I shouldn’t complain.” Then she winced. “But I’m more than a little sore, now.”

Harry chuckled.

When they heard the shower door open, they stepped apart and Michelle pulled on her robe. Harry found a pair of shorts and t-shirt and quickly dressed.

Lucas came out of the bathroom and walked into the bedroom with just a towel round his waist, beads of water on the smooth skin of his head

and torso. Taking a clean pair of boxers from his holdall, he slipped them on and towelled his body.

Harry had to admire the guy's physique, and he noticed Michelle doing exactly that. He wondered what it must be like for her, staring at the perfect body of the man who'd spent the entire night and morning using her body.

"Do you want another coffee?" she asked.

Harry noted that Michelle was being the perfect hostess; after a twelve-hour night of passion that had involved accommodating her bull's cock in every orifice, she still had the manners to offer him refreshment.

"Nah, I'm good thanks." Lucas pulled up his jeans and squeezed his upper body into a tight-fitting t-shirt.

Harry wandered downstairs, not wishing to witness his wife thanking her bull for the best night of her life. A couple of minutes later, Lucas came down carrying his holdall. He nodded at Harry, then left through the front door.

Standing alone in his hallway, Harry reflected on the last twelve hours. It certainly hadn't been his favourite night since they'd started these adventures. The high points had probably been watching Lucas's big cock disappear into Michelle's tiny body on the couch, and seeing Michelle's pain-and-pleasure expression while being ass-fucked.

And the hand-job was a welcome release.

He tried not to think about the sensation of the dildo up his backside, or the cum sliding down his throat.

Michelle appeared at the top of the stairs. "I'm going to have a bath, then try and catch up on some sleep."

"Okay."

Harry returned to the bedroom. As it was a sunny morning, he was confident there would be a few people having a knock around at the tennis club. He decided to go along and join in. After putting on socks and trainers, he looked down at the bed. In an act of kindness, he quickly removed the cum-soiled sheet and fitted a clean one. He also changed the quilt cover and opened the window to let in some fresh air.

Passing the bathroom, he knocked and opened the door. Michelle was already in the bath, her hair pinned up and bubbles hiding her entire body.

Harry smiled. "I'm going to go and see if there's anyone on the courts."

"Okay." She looked at the bundled bedding in his arms. "Thanks for sorting that out."

Her expression showed her sincerity, and a warm tingle filled his stomach. It wasn't a sexy tingle, but one of real affection. "You're welcome. See you later."

Harry went downstairs, loaded the bedding in the washing machine and got his racket from the cloakroom. Twenty-five minutes later, he was on the tennis court with three other men, warming up before a friendly game of doubles. He pushed the memories of what he'd been through in the last few hours far from his mind and fell back into his everyday life.

$$\Psi$$

Chapter 16

The Friday before the surprise party was Harry's last day at work for a week. He arrived early, finished the small reports that were pending, then made copious notes for his colleagues about the two larger reports in case they needed any attention before his return.

He'd arranged to leave early as they wanted to travel down to Bristol as soon as they could. Having worked through his lunch hour, he'd finished everything by three, logged off his workstation, and picked up his bag.

"See you," he said to Ian, the guy who shared his office. "Try not to work too hard while I'm walking along coastal paths and drinking in quaint little pubs."

Ian didn't look up from his computer screen but simply raised his middle finger.

Harry laughed and left the office, enjoying the fact that the traffic would be much easier than usual at this hour.

Michelle had taken the afternoon off work, so everything was packed and ready to go by the time Harry arrived home. He quickly changed into t-shirt and shorts, then they hit the road. The motorway traffic wasn't as heavy as it could have been, and they made good time.

They arrived at Michelle's parents' house at around six-thirty. He was fond of her parents and had always got on well with them. After brief hugs and handshakes with Marge and Derek, Harry took the bags upstairs while Michelle allowed her parents to bombard her with their latest news, gossip and health complaints.

Michelle put the kettle on, and they were soon all sitting round the kitchen table, chatting about Michelle and Harry's upcoming trip to the Gower Peninsula. As far as her dad was aware, this was the only reason they'd visited Bristol this weekend. He had no idea that almost a hundred of

his friends and relatives would be waiting for him in the function room of their local pub tomorrow night.

“Shall I take something out of the freezer?” Marge asked.

“No, it’s okay. We’re actually meeting up with Vicky and Josh tonight.” Michelle and Vicky had been friends since primary school.

“Oh, I didn’t know you were going out.” Her mum was obviously disappointed.

“Sorry, but I don’t get many chances to catch up with them.”

Marge nodded. “Yes, I suppose that’s true.” She picked up her cup again and sipped her tea.

Derek took over the conversation. “What time are you heading off tomorrow?”

Michelle glanced at Harry. “We’re thinking late afternoon, so we’ll have most of the day here.” Actually, they’d be going to Michelle’s cousin’s house and getting ready for the party.

Derek smiled broadly. “Oh, that’ll be nice. Maybe we could all go down to the golf club for lunch?”

“That’d be lovely.”

After they’d finished their drinks, Harry went into the living room and made a fuss of the family dog while Michelle went to get changed. When she came downstairs, he noticed she’d chosen a fairly short skirt and tight-fitting blouse, and thought she looked sexy.

Their friends lived about a twenty-minute drive from Marge and Derek, and when Harry pulled up onto their drive, Vicky came out to greet them. After hugs and kisses, she ushered them inside and they said hello to her husband.

Vicky was a tiny blonde with big boobs and an even bigger personality. She was always smiling and had an infectious laugh. Her PE teacher husband Josh was just the opposite; tall and quiet, with a serious demeanour. Harry often joked that they’d only married for sex—Josh went for busty blondes, and Vicky liked physically fit men.

Vicky placed bowls of nuts and crisps on the coffee table. “I’ve put supper in the oven, but it won’t be ready for another hour, so here’s some

nibbles if you're a bit peckish now."

Josh returned with drinks, and the four friends sat and chatted, catching up on each other's news. The women sat together on the sofa, with the men taking an armchair each. Michelle was showing a lot of leg, and Harry noticed that Josh's gaze kept sliding down to take in the sight. Despite himself, Harry enjoyed the idea of their friend lusting after Michelle. He wondered what Vicky and Josh would say if they knew what Michelle did with her bulls. And that Harry approved of every single thing she let the men do.

While the girls discussed the latest gossip about their old school, Harry watched Josh ogling Michelle. Before he knew it, Harry was speculating on the size of Josh's cock, trying to decide if his friend would be big enough to satisfy his hotwife.

Vicky sat forward. "Right, I think supper should be ready. Do you want to come through to the kitchen?"

The other three picked up their drinks and wandered through, behind Vicky.

The house had been extended a couple of years earlier, and the kitchen/diner was something that Harry knew Michelle was very jealous of. She'd love a room like this one. It was huge, with the entire rear wall being made up of bifold doors which made it seem even bigger.

The floor was dark polished wood, and the ultra-modern kitchen units had deep-blue doors, a sparkly-white quartz worktop and brushed steel appliances.

Michelle and Harry sat at the table while Josh and Vicky served supper. Harry declined any wine because he was driving, but the others finished two bottles between them as they ate and chatted.

After they'd eaten, Michelle volunteered to clear up. Vicky pointed out that she could simply load the dishwasher in the morning, but Josh agreed with Michelle, saying he'd help.

Harry sat in the armchair, wondering why Josh and Michelle had been so keen to stay in the kitchen together. He sipped his coffee. "So, are you guys enjoying the long break?" Vicky taught at a primary school, so both she and Josh had six weeks off in the summer.

“Every year we plan to get lots of things done, but it’s amazing how quickly the time goes.”

He scoffed. “I hope you’re not expecting any sympathy from me. I only get four weeks off during the entire year.”

“I know we’re lucky. We really should do more with our time off.” She brushed her hair back. “So, you’re off to South Wales tomorrow?”

“We’re actually going on Sunday because of Michelle’s dad’s party, but yeah. We’ve rented a cottage in Oxwich Bay for five days.”

“Oh, lovely. We used to go there when I was a kid.”

“You’re welcome to drive out and join us for a couple of days. The cottage sleeps four.” Harry didn’t know why he’d suggested it. Was he subconsciously wondering why Michelle and Josh had conspired to be alone in the kitchen? Had Michelle’s acquired hunger for bulls made her see every man as a potential fuck-buddy?

“Oh, that’s very kind of you. I’ll mention it to Josh—maybe we could just come over for the day.”

They chatted amiably about work and mutual friends, and after they’d mentioned Michelle’s dad, Vicky revealed her mum had had a recent health scare, but test results on the lump she’d found had shown it to be benign.

Harry checked his watch. Michelle and Josh had been in the kitchen for almost twenty minutes. *How long does it take to wash a few plates?* “Every time we come here, Michelle complains about our kitchen because yours is so fantastic.”

“Thank you.” Vicky smiled broadly. “I must admit, we spend most of our time in there.”

“Yeah, I think Michelle’s doing the same,” he said, trying to keep his voice light-hearted.

Vicky giggled as she stood up. “Come on, let’s see what’s taking them so long.”

Harry suddenly felt guilty. The last thing he wanted was for Vicky to catch her husband bollock-deep in her best friend, but he was annoyed at Michelle for ignoring him and Vicky. He got up from the armchair and followed.

When Vicky pushed the door open, they found the kitchen empty. Harry immediately assumed they'd sneaked upstairs, but the pretty blonde was already walking to the open bifold doors which led to the patio.

She turned to Harry and smiled. "Josh's been doing some work in the garden. No doubt he'll be boring Michelle stupid with all his veg beds."

As soon as he got outside, Harry saw Michelle and Josh standing about halfway down the garden. A mixture of emotions washed through him; guilt, relief, and maybe a hint of disappointment, too. A nagging voice in the back of his brain pointed out that just because they were outside didn't mean she hadn't fucked Josh. It would have been the perfect place to do it—a warm night, private surroundings, and lots of time to cover themselves if Vicky and Harry came out.

"Have you seen this?" Michelle looked enthralled as she pointed to a black metal square bowl on legs which was about four-foot across. "It's a firepit. I so want one of these for our patio."

Harry looked at the dirty metal bowl, wondering if she was joking. The thing was really ugly.

Vicky stroked Harry's arm and laughed. "Josh, go get some logs and I'll get the firelighters. I can see we're going to have to convince Harry of its merits."

When Josh had disappeared down the garden and Vicky was back in the house, Harry moved close to his wife, so he could talk without being overheard. "What have you two been doing?"

"I'll tell you later."

Michelle's eyes were a little glazed, and he wondered if it was from the wine or something else. A tightness formed in his stomach, and he wasn't sure if it was anger or arousal. Maybe a little of both.

Vicky came back out with a box of firelighters and Josh returned from his wood-store carrying a bucket filled with logs and some kindling. Harry and Michelle sat in two of the chairs arranged around the firepit, and within just a few minutes the small pyre was burning brightly.

"We sit out here most evenings," Josh said.

Harry noticed that Josh's eyes were twinkling in the firelight and wondered again about what had gone on before he and Vicky had come to

find them.

Vicky started back towards the house. “I’ll bring the drinks out. Harry, do you want another coffee?”

“God, no.” Michelle shook her head. “If he drinks any more coffee, he’ll be up all night.”

“Ooh, lucky you.” The blonde’s eyes flashed with mischief at Harry, but he avoided looking at Michelle. It seemed like he was the only bloke *not* allowed to fuck her.

“I’ll have a sparkling water please.”

For the next hour or so, the four friends sat around the firepit, drinking and shooting the breeze. Josh and Michelle liked the idea of them all meeting up in Oxwich Bay, and they agreed to finalise which day after they’d seen the weather forecast.

It was almost midnight by the time Harry and Michelle got around to leaving. They hugged their friends as they left, and Harry sensed there was something different in the way Michelle and Josh said their goodbyes: an added intensity to their smiles and hugs. *Something’s definitely happened.*

Once in the car, it became clear that Michelle was actually quite drunk. When talking, she seemed to blink a couple of times before speaking, as if trying to over-compensate for her mind not working as quickly as normal. She also held her head slightly tilted to one side, as if each sentence had been well-thought out and considered before being delivered. Depending on the circumstance, Harry found it either endearing or annoying. Tonight, he was leaning towards the latter.

“So, did you enjoy yourself?” He kept his tone light and friendly.

“Hmm.” She nodded, then slid her hand across and rested it on his thigh. “We’re definitely going to have to buy a firepit—I loved it.”

Harry laughed. “You won’t say that tomorrow when you realise your hair and clothes stink of smoke.”

She giggled. “Stop being so practical. I’m going to order one online and get it delivered as soon as we get back home.”

He waited a beat, keeping his voice calm and quiet. “So, you and Josh seemed to be gone a long time...”

“Yeah. I’ll tell you about that when we get back to Mum and Dad’s.”

Harry’s stomach clenched, but Michelle was already onto the next subject.

“...ready so could you pick them up for me?”

“Sorry?”

Michelle squeezed his thigh and smiled. “I said Mum’s ordered ten helium balloons for Dad’s party, so can you pick them up and bring them to The Rifleman’s? I’m going there to help Auntie Anne put up loads of pictures of Dad through the years.”

“Yeah, no problem.” Derek’s older sister had a prized collection of family photos of their childhood years.

When they got home Derek had gone to bed, but Marge was still up reading, doing puzzles in the newspaper. While Michelle and her mum talked on the sofa in the living room, Harry went upstairs and changed out of his smoky clothes.

Returning a few minutes later in a t-shirt and pyjama bottoms, he noticed Michelle had fixed herself a brandy. She nodded to another glass on the hearth. “I poured you one, too, since you’ve not been able to drink all night.”

He nodded his thanks and picked up the glass. As he sat in the chair, they continued their conversation and it was apparent that Marge was aware of Vicky’s mum’s health issues.

“It was a big relief,” she said. “Just a few weeks earlier, Julie Freeman’s husband dropped dead of an aneurysm. He was younger than your dad.”

Michelle looked shocked. “Oh, I hadn’t heard.” She turned to Harry. “You remember my friend Grace, with the red hair?”

Harry nodded. he’d met her a few times.

“That’s her father-in-law, Jonathan’s dad.”

“Oh.”

Harry sipped his brandy as the two women moved the topic onto the plans for tomorrow. Marge was going to the hairdresser’s in the morning while Derek played golf. Michelle and Harry would go the pub and put up

balloons, garlands and other memorabilia to embarrass Derek, then they'd all meet up at the golf club for lunch. They'd have a nice afternoon relaxing, and after Michelle and Harry had *left for Wales*, Marge and Derek would be heading down to The Rifleman's for what Derek thought was dinner with his sister and her husband.

Marge headed off to bed, and Michelle motioned Harry to come and sit with her on the sofa. Harry did so, slipping his arm around her shoulder as she leaned into him.

"You smell of smoke."

She looked up into his eyes, though she didn't seem to be able to focus. "I had a nice time tonight."

He held her gaze, his stomach tight. "Did you suck him or fuck him?"

She blinked, as was her habit when she was drunk. "What?"

Harry didn't blink or avert his eyes.

She leaned close and blew in his ear.

"Don't."

"Maybe I did both—sucked him until he was big and hard, then let him fuck me from behind while I leaned over the kitchen worktop, my husband and best mate sitting just feet away."

As she stared at him, he realised her voice had gotten more sarcastic. "So... you didn't do anything?"

She laughed and shook her head. "Babe, I'm really glad that you're turned on by what we do, but you need to realise there's a time and a place. I've already explained about the roleplay mindset I get into with a bull. That's not who I am when I'm with my friends, and I would certainly never do anything with anyone we know in our real life."

Harry nodded mutely, feeling foolish. "Sorry. But you spent ages in the kitchen."

She nodded. "Josh wanted to talk. It seems he and Vicky are having a few problems."

This was a surprise. "They seemed fine to me."

Michelle smiled. “Not problems with each other. Josh told me tonight they’ve been trying for a baby for a couple of years and nothing’s happened. He’s had tests which show his sperm count is okay, and Vicky’s now on a waiting list for IVF treatment.”

“Wow, now I feel like a twat.”

Michelle squeezed his leg. “Don’t worry about it. But keep reminding yourself that we’re living a double life, and the two will never coincide. I’d never want my family and friends to know what I like to do with other men, and I’d hate for them to know what you like to see me do. Likewise, even if I found out that a guy at work had a twelve-inch cock and could perform six times a night, I wouldn’t be interested.”

“That’s because you’ve got Lucas.”

She pushed his arm. “No it’s not. It’s because what I do—what *we* do—for kicks must never become common knowledge among our friends and family.”

He nodded.

Michelle stood. “Come on, let’s get to bed. We’ve got lots to do in the morning and I suspect I’m going to have a hangover, so you’ll have to get up early and make me scrambled eggs on toast.”

Harry laughed and took both their glasses through to the kitchen. Then he turned all the lights off and followed her upstairs to her old bedroom. They both undressed and took turns in the bathroom, then settled down in the double bed.

Michelle leaned close and kissed his cheek. “I’d never sleep with any of our friends, but thanks for thinking about it.”

He put his arm around her and held her tight, where she fell asleep in just a couple of minutes. Harry smiled to himself as he held her close in the dark. Tonight, she was his alone.

* * * *

Harry woke early and headed downstairs. Derek was already in the kitchen, and the two men made small talk as Harry cracked three eggs into a bowl and put the bread in the toaster.

“Kettle’s just boiled,” Derek said, without looking up from his paper.

Harry buttered the toast and added the scrambled eggs. Adding a mug of tea and glass of orange juice to the tray, he carried them upstairs. Michelle gave him a beautiful smile, and he left her to eat her breakfast and went downstairs to make something for himself.

By the time Harry had eaten, showered and dressed, Michelle was up and having a second cup of tea while talking to her parents. She’d already made up an excuse, telling her dad that Harry was taking Josh to pick up his car from the garage while she and Vicky went shopping. The morning was spent picking up the balloons and decorating the function room ready for the party. They finished in time for a pleasant lunch at the golf club, and then left Derek and Marge’s in the late afternoon. A couple of miles down the road, they stopped at Michelle’s cousin’s house. They had a quick cuppa and catch up, then showered and changed into their party clothes.

Michelle suggested they take a taxi to the Rifleman’s so that they could both have a drink, and avoid any chance of Derek spotting their car in the carpark.

Derek and Marge arrived at the expected time. The function room lights were turned down and they were ushered into the darkened room. When the lights came up and Derek was confronted by the smiling faces of all his friends and relatives, the expression of genuine shock on his face made Harry grin.

Michelle rushed to give her father a cuddle. Derek kept his wife and daughter by his side as he greeted all his guests, some of whom he hadn’t seen in years. Derek and Marge’s old friends all made a fuss of Michelle, who they’d probably known since she was a baby.

Harry understood perfectly why she was so determined to keep this part of her life completely separate from the part where they invited well-hung men to use her body in any way they wished.

The party was a tremendous success, and Harry had never seen Derek so happy, laughing and reminiscing with his friends, workmates and

relatives. The old photographs that Michelle and her Auntie Anne had pinned up around the room proved to be the catalyst for many funny stories.

At the end of the evening, Marge drove them back home. Derek went straight to bed, having drunk more than he was used to, and Michelle and Harry spent another night in her childhood bedroom.

* * * *

First thing in the morning, Derek drove Harry to pick up their car. By the time the men returned, Michelle and her mum were cooking breakfast, and the four of them spent a pleasant morning talking about the party and all the news from the people they'd caught up with.

In the early afternoon, Michelle and Harry said their goodbyes and left for Wales. The roads were relatively quiet, and they reached their rented cottage an hour before they were due to get the keys. To fill the time, they walked hand-in-hand along the beach, laughing and enjoying each other's company. Michelle was obviously relieved that her dad had enjoyed his surprise party.

The break was idyllic, and they spent two lovely days walking along the coastal paths and eating in pubs overlooking the sea. On the Tuesday night, while sitting by the log fire in the small sitting room of the cottage, Michelle leaned close to Harry and kissed his cheek.

He turned to look into her eyes. "What's that for?"

She shrugged. "I don't know. Maybe I'm feeling generous."

His heart beat a little faster. "Generous?"

"Yeah, maybe..." She ran her hand down his thigh.

"How generous, exactly?"

She smiled. "I could probably be quite generous."

Harry tried to keep his tone conversational. "Really? As in generous enough to make my breakfast tomorrow?"

Michelle put her hands behind her neck and unfastened the necklace holding the key to Harry's cage. "I think you'll have to make breakfast, but I'm going to give you exactly what you told me to give the guy in Liverpool."

A cold tingle of excitement gripped his stomach. At first, he worried she might be teasing him, but something about her expression convinced him she was serious. He briefly worried that he'd be as big a disappointment as Albert had been, either by coming too soon, or by worrying so much about his erectile dysfunction history that he wouldn't be able to get it up at all.

"Stand up."

He did so, turning to face her.

She reached for the belt of his jeans. "Do you remember what you told me to do that night?"

He nodded. Her fingers were inside the waistband of his shorts, pulling them slowly down. His cock strained inside the cage, and she smiled as she slid the small key into the lock.

"It looks like someone is excited about coming out to play." She dropped the two halves of metal on the couch.

He dared not speak in case he said something that made her change her mind.

Michelle gripped his shaft, running her thumb over the already-wet dome of his cockhead. "So, if I remember correctly, I have to suck you until you're hard, then ride your cock until I come. After that, I get on my hands and knees and ask you to fuck me hard from behind. Is that right?"

Harry wondered if he should say 'yes please', but instead simply nodded.

Michelle stood and began to remove her clothes, and Harry quickly stripped naked. If she wanted to have sex in front of the fire, that was okay with him.

"Lie down on the rug."

He did so, positioning himself not too close to the fire, as the logs had been spitting sparks onto the hearth.

Michelle knelt between his legs and gripped his cock. His earlier fear about not getting an erection was no longer an issue, though coming too soon might still be a possibility. She slowly lowered her head and took him into her mouth, her eyes never leaving his.

His breath caught in his throat. Michelle closed her eyes and dipped her head lower, taking him into her throat. Her lips were pressing against his pubic hair, and Harry let out an involuntary whimper.

Slowly releasing him from her mouth, Michelle straddled him and held his cock upright. "I think I'd better get this inside me, because I don't want a repeat of my night in Liverpool."

She lowered herself down onto him, and Harry dropped his head back onto the rug, overwhelmed by the bliss of being inside her.

Michelle rode him slowly, the warm velvet caress of her sex sheathing him. He pushed up into her, desperate to see the wince of pained pleasure she gave so often when her bulls fucked her. She smiled down at him, as if she knew he was trying to reach the parts of her that he never could; the depths where only her bulls, with their ten-inch cocks, could probe.

Her eyelids began to flutter, and he could feel her gripping him tighter as the muscular spasms of her orgasm threatened to take him to his own release. She closed her eyes and dropped her head forward, but there was none of the moaning and squealing that her bulls managed to provoke.

When she opened her eyes, she gave him her beautiful smile. Harry melted, no longer concerned about how loud she screamed when her bulls made her come. She never smiled at them the way she'd just smiled at him, and that was all he cared about.

She raised herself off him and crawled on hands and knees to kiss his lips. "Okay, now it's your turn."

Harry got up off the rug and knelt behind her.

"I'm afraid there's no way you'll be able to watch my face while you do it, unless you can find a mirror..."

"The view from here will be just fine." Positioning his cock at her entrance, he gripped her hips and slammed in with all his might.

Michelle let out a grunt, which spurred him on.

Wanting to make it last, he delivered slow, steady thrusts. Feeling optimistic, he started to count down from a hundred and watched her bum cheeks quiver with each lunge of his hips.

"Come on, you know what I want."

He tried to block out her words because they'd push him to the finish line too soon.

"You know what I like, and you know where I like it."

Harry squeezed his eyes shut and came on the count of sixty-four. He cried out, and Michelle clenched and wiggled, milking him. He couldn't remember her doing this so nicely before, but he didn't care with whom she'd perfected the technique. He dropped his head back and marvelled at the way her hip movements seemed to suck him dry, leaving him satiated and thankful.

After he'd got his breathing back under control, Harry pulled out and sat back on his feet.

Michelle stood up and smiled down at him. "Better now?"

He laughed. "Yeah, you could say that." Remembering how quiet she'd been during her orgasm, Harry's self-doubt re-emerged. "Was it okay for you?"

She nodded. "It was lovely. Come on, take me to bed."

The log fire had burned down to just glowing embers now, but Harry placed the guard around the fire anyway. He turned off the lights and followed Michelle upstairs.

The bedroom was small and the wallpaper a bit too flowery for his tastes, but it was a nice room with a view over the sea. After they'd both used the bathroom, the couple settled down in bed and cuddled. They made small talk about the cottage, the area and the guests from last night's party whom Michelle hadn't seen for years.

Harry was enjoying the closeness. "I think we should move to the seaside."

Michelle turned towards him. "Why?"

"The last two times I've been allowed to touch you were when we were at the coast. Here, and the chalet after your gangbang."

She seemed to consider this, then nodded. "Maybe there's something in the sea air that makes me horny. Speaking of which, how far are we from Swansea?"

"Not far, maybe half an hour's drive."

“Oh.” Michelle had a smile on her face, and Harry was pretty sure he knew why.

“I assume you’ve found something in Swansea you’d like?”

She giggled and pushed her legs against his. “I might have found something we’d *both* like.”

He immediately knew she’d been online and searched for bulls in the area. He should have been angry. His cum was still inside her, yet here she was—already planning her next meeting with a bull. But his overriding emotion was arousal.

“What do you think?”

I think you’re a slut. “Have you remembered Vicky and Josh are driving over tomorrow?”

“Of course I have. I thought I could see him on Friday night.”

Harry shrugged, then nodded. “If that’s what you want.”

She ran her hand down his body and gripped his cock. He had the early beginnings of another erection. “It looks like it’s what we both want.”

He looked into her eyes, and she pulled him on top of her, guiding him inside with a practised hand. Harry couldn’t remember the last time he’d been inside her more than once in a night—probably years ago, long before she’d first cuckolded him.

Michelle held him tight and moved beneath him, her hips rocking and her feet moving slowly up and down the backs of his calves.

She was wet from his earlier ejaculation, and Harry relished the sensation of his cock sliding in and out of her already flooded insides. Lucas and all her other bulls got to experience this every time, because they all fucked her more than once. But for Harry, this was an unfamiliar—but very thrilling—experience.

“Oh, that feels so nice,” she whispered in his ear.

Harry ran his hands up her sides and over her boobs.

“Oh, Harry...”

He pinched her nipples and pushed in a little harder.

“I’m...”

Harry felt the contractions on his cock and she bit his shoulder. He thrust harder, wanting to come with her.

“Oh, Harry.”

With a final push, he grunted and erupted inside her. Michelle twirled her fingers in his hair and repeated her trick with the squeezing and milking of his cock.

They eventually stilled and Harry rolled off, a wonderful mixture of elation and exhaustion seeping through his body.

Michelle snuggled up to him and kissed his cheek. “It seems like the sea air is having a bit of an effect on you, too.”

He chuckled, secretly amazed that he'd managed to get two erections so close together.

Michelle kissed him. “So, tomorrow we’ll see Vic and Josh, and on Friday night we’ll see Jed.”

He was too tired to get aroused, but a familiar tingle formed in Harry’s stomach. “Jed?”

“Mmm. We’re meeting him in a pub in Swansea at nine.”

“You’ve already arranged a meeting?”

“Yes, I did it online. I thought it’d be a good way to finish our short break.”

Before Harry had a chance to respond, Michelle turned the light off. He was too tired to get excited about it yet and fell asleep within just a couple of minutes.

* * * *

Vicky and Josh arrived around ten, and after a cup of coffee sitting in the cottage back garden, the four friends headed off on a path Harry and Michelle had walked earlier in the week, which had a pub that served great food about five miles further along the coast. They walked in pairs, with the men taking the lead, and the women following about ten yards behind.

When they reached the pub, Josh and Harry went to order drinks and get menus while Michelle and Vicky found a table. Once they were all seated with their drinks and waiting for their food, Vicky nodded at Michelle’s legs.

“It looks like you’ve had good weather all week. You’ve got a lovely tan.”

Michelle raised her knee to show off her thigh. She’d chosen a pair of shorts and trainers for their walk. “We’ve been lucky with the weather.”

Vicky slapped Michelle’s leg. “Alright, that’s enough showing off. Put them away.”

“You can’t talk,” Michelle said, nodding at the tight, low-cut top her friend was wearing. “How many times have I had to suffer every man in the room ignoring me while they ogled your boobs?”

Vicky folded her arms across her chest, but she was laughing.

Michelle leaned closer to the men. “She’s had boobs from the age of twelve. When we were at school, she got all the attention with her curves. I was skinny and shapeless, with no tits and no arse. I looked like a boy.”

The men were laughing, and Vicky pushed her breasts out a little further. “Well, if you’ve got ’em, flaunt ’em, that’s what I say.”

“Too right. If I had boobage like yours, I could triple our number of clients in a couple of weeks.” Michelle held up her half of lager. “To Vicky’s tits.”

Harry and Josh joined in with the toast, and then Vicky frowned. “I could feed five babies with these, but I’d settle for just one.”

Michelle reached out and squeezed her hand.

Vicky blinked away tears and forced a smile. “Josh said he’d told you about our ongoing troubles. I know I shouldn’t get too anxious, because the doctor said that doesn’t help, but it seems like it’s never going to happen.”

Michelle put her arm round her friend and hugged her close. “Oh babe, I’m sure it will.”

“I work with a guy who was in the same situation,” Harry said. “All the tests suggested there was no reason why they couldn’t have kids, but he and his wife tried for years without success. Eventually, they decided to adopt. As soon as they’d registered their names on the list, his wife fell pregnant. The doctor said it was probably because she’d stopped worrying about it. It’s strange how your mind can affect your body.”

Vicky smiled. “I hope I catch soon, I’m worried that I’m wearing Josh out by making him over-perform whenever I’m ovulating.”

Michelle laughed and patted Josh’s arm. “Oh, I’m sure a big strong man like him will be able to get it up as often as you need him to.”

Everyone laughed, and just then their food arrived.

After another round of drinks, they walked back to the cottage at a leisurely pace. Josh and Vicky declined the offer of staying over and returned to Bristol in the late afternoon. Neither Harry nor Michelle was hungry enough for a proper dinner, so they shared a bag of chips as they walked along the deserted beach.

Michelle pulled at Harry’s hand when they’d finished eating. “Come on, I think we should have an early night.”

“Oh? Are you going to treat me to the same as last night?” He smiled, hopefully.

“No, you greedy bugger. But I need to get some rest, because I’m hoping for a busy night tomorrow.”

Harry held her gaze, the butterflies in his stomach telling him that he was hoping she’d be kept busy, too.

Chapter 17

Harry was drinking coffee and reading the news on his phone when Michelle came downstairs.

She bent and kissed his cheek, then put the kettle on to re-boil. “No more walking today. I think we’ve overdone it this week. My legs are aching and really stiff.”

He raised his eyebrows. “Do you need to cancel tonight?”

“Why should I cancel tonight? My legs might ache, but I can still open them.”

Harry laughed, and they both turned serious and held eye contact for a few seconds. Neither of them wanted to cancel.

After getting showered and dressed, they drove further along the coast to The Mumbles, a picturesque headland on the west coast of Swansea Bay. They walked hand in hand, enjoying the scenery and each other’s company. The closeness they shared before and after Michelle saw a bull had now become a regular part of their routine.

They had a late lunch, as neither would want to eat that evening, then headed back to the cottage. When Michelle announced she was going to have a bath, Harry walked to the local shop and bought a newspaper, hoping to keep his mind occupied by doing the crossword and sudoku puzzles.

At eight o’clock, Michelle called for him to come upstairs. When he walked into the bedroom, he found her wearing a black bra and thong. Her dark hair was plaited into a thick braid which hung over her left shoulder. She’d already applied makeup; her eyelashes were thick with mascara and her lips a dark, shiny red.

“What do you want me to wear?” she asked.

“I don’t know. What clothes did you bring with you?”

“Nothing really suitable for meeting a bull. I have the nice dress I wore for my dad’s party, a smart pair of trousers, and just a few other—”

“Wear the skirt you wore at Vicky and Josh’s house. That showed a lot of leg. If you wear that with the nice shoes you wore to your dad’s party, that’ll be really sexy.”

She bit her bottom lip as she considered his suggestion. “That skirt’s probably too short to wear with three-inch stilettos.”

“Not for what you’re doing tonight.”

“What do you mean?”

“You’re going to fuck a guy within an hour of meeting him.”

She stared into his eyes for a second, then nodded and took the skirt from the wardrobe. “What about on top?”

He laughed. “It doesn’t matter. You’re not built like Vicky, so he’ll be looking at your legs, not your tits.”

“Bastard.” Michelle put on a grey top that hung off one shoulder, exposing the bra strap. After she’d stepped into her shoes, she turned to face him and held her hands out to the sides. “What do you think?”

Harry nodded; she looked really sexy. “I think he’ll be a very happy man when he sees you.”

“Thank you. Hopefully he’ll make us both happy when we get him back here.” She wandered around the bedroom and tidied away the clothes still on show. “It’s a bit cramped, but I think we should use the bed.”

Harry nodded. “I’ll put a chair by the window before we leave, and I’ll watch from there.”

“Okay. Any requests?”

He shook his head. “Just get him to do whatever you’re in the mood for. I’ll sit there, and I don’t want to be involved in anything you do.”

“Okay.” She turned and walked toward the door. “Let’s go and meet my new bull.”

Harry followed her downstairs, then took a chair from the kitchen back to the bedroom and put it under the window, facing the bed. Even after all this time, he still experienced a little self-disgust for getting excited about watching another man have sex with his wife.

Michelle was waiting by the front door when he got downstairs, her phone in her hand. “The pub’s apparently on Argyle Street, and there’s a carpark nearby.”

“Okay. You’ll have to guide me there using Google Maps once we get in the city.” He reached for the door handle and turned to her before opening it. “You look really sexy.”

She slowly blinked her heavily-made up eyes and smiled. Harry felt the first drips of pre-cum seep from his restrained cock.

They made good time getting to Swansea and drove past the pub to see where it was before heading to the carpark. As Harry locked up, he asked if Michelle had arranged to meet Jed in any particular part of the pub.

She shook her head. “I’ve seen his photo on the website and have sent him mine.”

Harry was curious. “What does he look like?”

She tapped her phone and held it up. The man on the screen was swarthy, with thick black hair tied back in a ponytail. He had heavy stubble and thick eyebrows.

“Apparently he’s half-Spanish,” Michelle said, shutting her phone down.

Harry held her hand as they walked up the street, helping her balance on the uneven pavement in her high heels.

The pub was crowded, with loud rock music playing through the sound-system. Harry recognised the song but couldn’t remember the name of the band. He looked around, then left Michelle where she was and headed for the bar to get their drinks.

When he’d finally been served, he turned and saw an old guy was hitting on her. He smiled to himself, wondering how even the most optimistic man could believe someone like Michelle would be interested in him.

As Harry approached, Michelle looked up and smiled at him. He passed her drink, then turned to the man, offering a friendly smile, but then he froze. The face looking back at him was lined and leathery, the eyes dark and sunken with huge bags beneath. But it was undoubtedly the guy whose photo was on Michelle’s phone. The hair—still pulled back in a ponytail—

was now steel grey, and he had a beer belly distorting the Army Green Warpig image on his black Motorhead t-shirt.

“Harry, this is Jed.” Michelle’s eyes seemed to be imploring him to be polite, and he was.

Harry held out his hand. “Hi Jed, good to meet you.”

The bull took his hand and smiled; he was missing one of his lower front teeth. “The pleasure’s all yours.” After his joke, Jed laughed so hard that his belly started to bounce.

Harry looked at Michelle, who raised her eyebrows slightly, then turned back to Jed. “So, how long have you lived in Swansea?”

“Almost eighteen years.”

Harry wanted to ask where he’d been living when he’d had the photo on the website taken, because it must have been more than eighteen years ago.

“How about you, then?” Jed asked, doing little to hide the fact he couldn’t keep his eyes from wandering down Michelle’s body and legs.

“We’re staying in Oxwich Bay for a few days. We live a couple of hundred miles north-east of here.”

Jed smiled, showing his gapped grin again. “Right, well, I’m glad you’re here now. Do you want another drink?”

Harry was wondering how to let him down nicely when Michelle said something that he wasn’t expecting. “No, I think I’m ready for something better than a drink.”

You cannot be serious!

Jed nodded and downed the last of his pint of Guinness. “Cracking! Where are you parked?”

Harry stared wide-eyed at his wife.

She kept her gaze on Jed. “We’re a few minutes’ walk down the road on a big carpark.”

Jed nodded again. “I know it. My car’s the other way, down a back street. Tell you what, you walk down to your car and I’ll bring mine down to the car park, then I can follow you back to Oxwich Bay. I just need to have a pee first.”

Michelle downed her own drink and smiled at the bull, who took another good look at her legs before heading off towards the toilets. She raised her eyebrows at Harry, seemingly amused by his expression.

Harry was speechless.

She nodded at the glass of Coke in his hand. "Are you going to drink that?"

He looked down at it and shook his head.

"Come on then, let's get back to the car."

After leaving their glasses on a shelf around a pillar, the pair of them left the pub and started to walk towards the carpark.

"Do you want me to try and lose him on the way back?"

Michelle giggled and squeezed his arm. "Of course not, don't be mean."

"But you can't possibly want to fuck him."

"Isn't that the reason we're here?" She had a teasing tone in her voice.

"Yeah, but we thought he was going to be about twenty years younger than he actually is. This guy is probably older than your dad."

"I don't care. As I've told you before, all I need from a bull is to be used. Yes, it's nice when I fancy them, but it's not actually necessary. I'll never see him again, so if he's ugly or unattractive, it's not really that much of an issue."

Harry looked at her, aghast. "Come on, what did you really think when he approached you in the pub?"

Michelle shrugged. "I suppose I was a little shocked, but I'd already built myself up for it. It's a mind set you get into, knowing you're going to have sex with a stranger. It's like I get into 'slut mode' and all that matters is the actual sex."

She took out her phone and opened the photo she'd shown him earlier. She placed a finger and thumb on the screen and moved them closer together, shrinking the photo. Harry could now see the picture was a full frontal of Jed, naked. Michelle zoomed in on the groin area and held it up for Harry to see clearly.

The screen showed a toned stomach, thick black pubic hair and a very large flaccid cock hanging against his left thigh.

“His stomach might not be as flat as it is in this picture, and his pubes might now be grey, but I don’t expect his cock will have changed much. I don’t care if he’s taking Viagra as we speak.” She stopped walking and turned to look at him. “All I care about is that his big cock gets nice and hard, and that he uses it on me, preferably more than once.”

Harry stared into her eyes. It was as if a stranger was possessing his wife. “What if you give him a heart attack?”

She laughed. “If he’s prepared to take the risk, so am I.”

Harry held her hand and they continued on their way. The carpark was now in view. “Did you notice he was wearing a wedding ring?”

Michelle shook her head. “No, but I don’t care. Bulls are bulls—it’s not my concern if they’re married or single.”

“It doesn’t bother you?”

“Not at all. I expect some of the bulls I’ve already seen are married. It’s up to them if they tell their wives what they do or not.” She nodded her head towards a car parked near the entrance. “There he is.”

Harry noticed the car was an old Mercedes that had probably been in its prime in the same era as Jed.

Michelle waved as she and Harry got into their car, and when Harry pulled out of the carpark, Jed followed. Michelle used her phone to find the way back to the main road to Oxwich Bay, and Harry drove at a reasonable speed so Jed could easily keep up.

He cleared his throat. “Tell me what’s going through your mind now.”

She looked over at him, but it was too dark for him to see her expression. “What do you mean?”

“I mean we’re driving towards a cottage that has a bed, and in about fifteen minutes’ time you’re going to invite a man you hardly know to share that bed with you.”

Michelle laughed. “He’s not going to share the bed, he’s just going to fuck me on it. When he’s finished with me and gone home, you’ll share

the bed with me. Don't forget what I've told you—I only want bulls for the sex.”

Harry's mind slipped back to the morning after her night with Lucas. “It wasn't just about the sex when Lucas stayed over, and I was relegated to the spare room.”

“Why do you say that?”

“When I got up in the morning, I glanced into your room and saw you both on the bed. Lucas was asleep on his stomach, and you were snuggled up into his side, your arm round his waist and your leg draped over his.” He didn't admit that he'd been hurt more by this than by Lucas fucking her all night long.

“I didn't know that. I must have got into that position while I was asleep.”

Harry shrugged, not wanting to make a big deal of it. “So, how do you feel now? I'm curious, that's all.”

“I'm excited, and a little bit nervous.”

“Are you wet?”

She giggled. “I've been wet all afternoon. That's part of the ritual before I see a bull. I have a leisurely bath and think about what's in store, then I get dressed up and put my makeup on. All of it's a kind of foreplay. That's why I like you to watch me get ready.”

Harry nodded, understanding how it must feel. “Do you touch yourself?”

She giggled. “Sometimes, but I don't make myself come. What about you—are you wet yet? Is your cock dripping at the thought of seeing me being shagged?”

He shook his head. “No.”

“Why not?”

“I think it's more important to me that they're attractive, because I have to watch them. You can close your eyes and pretend you're getting nailed by George Clooney. I'll have to watch his body wobble and his sweaty face contort in pleasure while he fucks you.”

Michelle giggled and slapped his arm. “Don’t look at his face or his belly. Just watch his big cock disappear inside me, then concentrate on watching me enjoy myself.”

When they arrived at their cottage, Harry pulled onto the drive. Jed parked his car on the pavement outside and joined them at the front door. Harry let the two of them go in first, then followed them in and closed the door.

Michelle headed straight for the stairs, obviously eager to get started. Jed followed her, with Harry trailing in their wake. By the time Harry had closed the curtains and sat on the chair, Michelle had removed her top and stood in her bra, skirt and shoes, looking at Jed.

“So,” she said, smiling sexily at her old bull. “Are you going to take some clothes off?”

Jed kicked his shoes off and undid the belt of his jeans. His belly seemed to drop a couple of inches when the restraining strap was slackened. He pushed his jeans down his thighs, and Harry saw the bulge of his cock tenting the vivid green pair of underpants.

Michelle undid her skirt and let it fall to the floor. She stepped out of it and kicked it to one side, looking fabulous in matching black bra and thong, the black high heels emphasising her long, tanned legs.

By comparison, Jed looked almost comical. His beer belly hung from below his t-shirt, and his underpants looked like something out of Wayne’s World.

Michelle licked her lips and slid her thumbs into the waistband of her thong, then kept her legs straight and bent at the waist as she pushed the flimsy garment down her long legs and over her shoes. She kicked it in the same direction as her skirt, and Harry could see the inside of the gusset was glistening with her juices.

How can she be excited about Jed?

Michelle sat on the edge of the bed and looked up at Jed’s face. “So, are you going to show me that cock of yours?”

He stepped to stand in front of her and held down the elasticated waistband of his underwear.

Michelle reached her hand in and narrowed her eyes as she pulled it out. His pubes were still black, and his cock was still big. In fact, it was huge. Maybe not quite the ten-inches that Lucas had to offer, but much thicker.

Harry watched as his hotwife started to wank the thick chunk of meat. She looked up into the bull's face while chewing her lower lip.

"I usually like to suck and play with a new cock," she said in a sexy voice as she looked into Jed's eyes. "But I think I need this one inside me straight away." With that, she lay back on the bed and spread her knees, her heels still resting on the floor.

Jed dropped to his knees and pointed his cock at her entrance, swiping the tip through her already-swollen outer lips. The position of Harry's chair was level with the foot of the bed, so he had a perfect view.

Michelle still had her bra on, and Harry thought it looked really sexy.

Jed gripped her hips and plunged deep inside in a single stroke.

Harry watched as his wife arched her back and raised her feet off the floor by a couple of inches. She let out a long wail and kept her arms spread wide on the bed, as if offering herself as a sacrifice.

Jed pumped his hips and soon found a rhythm, fucking her with long, deep strokes.

Michelle groaned with each thrust, her eyes closed tight and her heels clicking on the floor as her legs bounced in time with his fucking.

Harry could see Jed's belly and his lined face, but he couldn't deny that the guy was doing exactly what Michelle wanted... and what Harry wanted. His own cock was dripping steadily inside his shorts as his wife was bounced, yelping and moaning, on the bed.

She raised her head off the bed and looked into Jed's face. "Fuck me harder," she growled.

Jed obliged, slamming into her so hard that the bedhead was banging against the wall.

"Yeah, that's right. Keep doing... Oh god, Oh god, oh..." She dropped her head back as she came, bringing her legs up around Jed's back,

her ankles crossed. Harry wished he could take a picture, the stilettos looked so sexy.

Jed reached forward and pushed her bra up, releasing her small boobs. Her nipples pointed at the ceiling and Harry thought she looked amazing.

“Oh...” Michelle’s eyes were wide. She glanced at Harry and frowned, then licked her lips and took a breath. “He’s going to make me come again.”

Harry didn’t know if he was supposed to respond. Jed paid him no attention, concentrating solely on fucking his wife as hard as he could while running his thick fingers over her nipples.

“Ahhh...” Michelle dropped her legs back down. One of her shoes came off, so only one heel was tapping out Jed’s thrusting.

Michelle’s second orgasm sounded even more sensational than her first. She was breathing quickly through gritted teeth, as if giving birth. Harry could see her legs and stomach shaking. “Jed, I want you to come now.”

He laughed and shook his head. “Oh no, I’m not ready yet.”

Michelle glanced at Harry, then back at Jed. “I don’t know about your knees, but my clit’s sore. Do you want to fuck me from behind?”

“Yeah.” Jed pulled out and stood up, and Harry marvelled again at the guy’s cock. It had a pronounced upward curve, like a rhino’s horn, and was covered in Michelle’s juices.

Michelle fitted her dislodged shoe again and walked to the opposite side of the bed, so she was facing Harry. Then she placed her straight legs a pace apart and bent forward to rest her hands on the bed.

Jed kicked off the jeans from round his ankles and stepped behind Michelle, then smiled at Harry over her shoulder. “Tell me when you want me to give it to her.”

Flustered, Harry blinked a couple of times. “Sorry?”

The old bull smiled. “She’s on this side of the bed, so that means you must like watching her face. So, tell me when you’re ready for me to start again.”

Harry nodded, then looked at Michelle. She was staring at him, her eyes slightly unfocused. He saw Jed's hand reach round and cup her boob.

Harry licked his lips. "Undo her bra, so I can see her tits shake when you fuck her."

Jed let go of her boob and used both his podgy hands to undo the bra clasp. Michelle shrugged it down her arms and threw it to the floor.

"Right," Harry said. "Now, when I tell you, I want you to push it into her as far as it'll go. Then grip her hips and fuck her so hard that her screams will be heard by men in the fishing boats out in the bay."

Jed smiled and nodded. He reached down behind Michelle, presumably positioning his cock at her entrance, and then gripped her hips.

Harry looked into Michelle's face, his cock was painfully swollen inside his cage. He kept his eyes on hers, then gave Jed the order. "Fuck her."

Jed slammed in hard. Michelle's eyes went wide, and she gasped in air through an open mouth. He thrust into her again and again, and Harry got to see the pained pleasure he loved on his wife's face.

The old guy was relentless, and Michelle came for a third time, her muffled groans sounding more like exhaustion than ecstasy.

Jed nodded. "Yeah, I love the feeling of a tight cunt gripping my prick."

The bull was showing no signs of slowing down. Or coming.

Harry had to admire the guy's staying power. He'd been fucking Michelle really hard for about fifteen minutes. Harry's jibe about the heart attack was being proved a long way off the mark.

Michelle's head hung down as her body was pummelled over and over from behind.

Jed gripped her ponytail and pulled her head back, allowing Harry to see her face. "Come on, let's see if you can come again for me. I want to feel you gripping me while I fill you with my hot spunk."

Michelle looked uncomfortable, and Harry was about to say something when she told Jed he'd have to fuck her harder if he wanted her to come again.

Without warning, Jed slapped her backside hard. Michelle yelped, and Harry started to stand up when she looked at him and shook her head.

“I didn’t say hit me, I said fuck me *harder*.”

Jed pushed downwards on her back until her arms bent and her head and shoulders rested on the bed. Her legs remained straight so her backside was raised and looking wonderful to Harry.

“You’re going to have to come again soon, because it feels like my balls are going to boil over.”

Michelle looked back at Jed and mumbled something Harry couldn’t make out. Jed smiled and reached one hand round and down to her crotch. She let out a groan and started to pump her hips. She’d obviously told him to play with her clit.

With a scream, Michelle came for a fourth time. Jed dropped his head back and seemed to gargle phlegm in his throat. Harry briefly worried that he *was* having a heart attack, but then the old man opened his eyes wide and sighed.

Michelle moaned again, fully aware of what was happening inside her. Jed kept his hips moving, but they were now slow, measured thrusts.

Michelle looked up at Harry, a look of awe on her face. “I can feel him coming inside me. I can *feel* it...”

“Ohhh, yeah.” Jed’s eyes were now closed, his hips still slowly pumping.

“Harry, he’s still coming.” She looked puzzled, slightly worried. “He’s still...”

Jed looked at Harry and nodded. “Come here, son.”

Harry froze, memories of Lucas’s cum in his mouth flitting through his brain.

Jed smiled encouragingly. “I know you husbands like to see this sort of thing.”

Harry slowly got to his feet. Glancing down at Michelle, he walked round to stand next to his wife’s bull.

“Get your phone out and set it to video.”

Harry did as he was told, almost as if in a daze. He opened the app and pointed the camera down. He angled it so that it took in her legs and shoes, which looked amazingly sexy.

As Jed slowly pulled his thick salami-like cock from her battered sex, a steady trickle of cum ran from her. Harry couldn't believe it. The cum trickled onto the floorboards between her feet. After a few seconds, the flow ebbed, with the last of it dribbling out slower and running down her inner thighs.

"There you go," Jed said with a smile. "You'll be able to use that when you jerk yourself off later."

Harry stared at him, speechless. There'd been no malice or scorn in his tone—the guy genuinely thought he was doing Harry a favour. Harry conceded that Jed had done him a huge favour; he hadn't witnessed Michelle being fucked like that for a long time.

Michelle stood up and turned to look at the mess on the honey-coloured floorboards. "Do you always come that much?"

Jed shook his head. "Depends on the woman."

She smiled. "Does that mean I was good?"

He nodded. "I've not had a woman who looks like you for a long time. Nowadays it's overweight fifty-year-olds." His eyebrows shot up. "Not that there's anything wrong with overweight fifty-year-olds—fucking lovely shags, some of them." He nodded at Harry, as if reassuring him that if Michelle were to pile on the pounds over the next twenty years, life would still be good.

"But not every woman has the muscle strength that your twat's got," Jed continued.

Harry couldn't help smiling; he actually liked this guy's honesty and bluntness.

Jed shrugged. "Maybe having kids does it, or maybe it's an age thing—I don't know. But when I felt you come the first time, it was like having my prick in a vice." He leaned close to her and smiled. "I'll let you into a secret; sometimes I don't come at all. I can bang a woman for an hour, but unless I get the squeezing..." He shook his head. "I can keep

going until I'm too knackered or they're too sore, then I have to get them to finish me by hand." He looked almost philosophical about it.

"How often do the other women come?" Michelle was either genuinely curious or fishing for compliments.

He laughed. "At least two, but it's hard to tell because once they're stretched out they don't grip like you do. I felt every one of yours."

Michelle looked down at his cock, which even in its relaxed state was still impressive. "What about you? How often can you come?"

"Ah," Jed sighed. "I'm getting past my best, but I can still manage twice no problem. I reckon a hottie like you could push me further, if you wanted to. Back in the day, I could come four or five times, no problem."

Michelle blinked a couple of times, then looked at Harry. She licked her lips. "What do you think, Harry? Do you reckon I could inspire him to fuck me another two times?"

Harry was determined not to let his concern for her battered sex deny him the pleasure of watching more of Jed's performance. He raised his eyebrows and smiled. "Why not suck it and see?"

Michelle laughed and turned to Jed. "You heard him, get on the bed. I'm going to suck some life back into your cock."

Jed lay back on the bed, still wearing his t-shirt and his black socks. Harry felt a strange affection for him. Michelle kicked off her shoes and crawled naked onto the bed. She knelt on the far side by Jed's chest so that Harry would be able to see the action. Since her hair was still tied in a plait, there was nothing to obscure his view.

Taking the base of Jed's cock in her fingers, Michelle held it upright and ran her tongue a couple of times around the domed end. Then she looked directly into Harry's eyes and lowered her head, taking the entire cock into her mouth.

Jed uttered an appreciative moan, and Michelle began to slowly bob her head up and down, all the while keeping eye contact with her husband.

Harry noticed that Jed's cock was getting bigger, the length and girth growing under Michelle's well-practised encouragement. Even when he was fully hard, Michelle still managed to swallow the entire length on the downstrokes.

After a few minutes she released the cock from her mouth and pumped it with her hand, still keeping her gaze fixed on Harry's face. "Ready for more?"

Harry swallowed, not sure if he was asking him or Jed. When she raised her eyebrows, he realised the question had been directed at him. He nodded.

Michelle turned to look at Jed. "I'm going to sit on your cock now, because that's the position that makes me come the hardest."

Harry saw Jed grip his cock and hold it straight up, then he watched as Michelle straddled him and slowly lowered herself down. Not for the first time, Harry marvelled at how easily she could take such huge tools. As she raised herself up, he saw her sex lips pulling out and clinging to the shaft, only for them to disappear as she dropped herself down again.

Michelle rocked her hips and it took her less than a couple of minutes before she took a deep breath. "I'm going to come again." Her accompanying moans were surprisingly subdued compared to her earlier efforts—particularly after what she'd said about this position.

Jed sighed. "Ah, those muscles of yours..." He leaned to the left and smiled down at Harry. "She's got a great twat."

Harry laughed out loud. Jed had definitely become his favourite of her bulls.

Michelle stood on the bed and turned through one-eighty degrees, then lowered herself down again. As she impaled herself on Jed's cock, she smiled at Harry. He knew she'd changed position so that he could see her face, but there seemed to be a drawback; the size of Jed's belly meant that it stopped her bum getting past, prevented her sinking down onto the full length of his cock.

Michelle bounced up and down on Jed's cock, making him moan with pleasure. She reached down and rubbed his big balls, then dribbled slobber from her mouth onto them and rubbed it in.

Jed moaned again, then reached up and held her hips as she rode him.

Michelle continued to bounce, causing the bedhead to bang the wall again. "Jed, I want you to tell me when you're going to come, okay?"

“If you keep that up,” he said in a breathless croak. “It’ll be sooner rather than later.”

Michelle smiled at Harry, obviously proud of herself. “Good. I want to see you come.”

Harry saw Jed’s fingers dig into Michelle’s hips as he lifted her up and down. It was like he was using her body to have a wank. She reached down and cupped his balls.

Then Jed let out another “Ohhh, yeah...”

Michelle immediately raised herself off him and gripped his cock in her hand, pumping him as fast as she could. A stream of cum erupted, flying at least two feet into the air. It splashed down onto his groin, only for another stream to come out, this one flying not quite so high. Then another and, unbelievably, there was a fourth. Harry had never seen anything like it. Jed even put Vinny’s copious amounts to shame.

Michelle glanced at Harry, a look of delight and bewilderment on her face. Her hand and arm were plastered with Jed’s cum, as was his groin. She twisted her head to look at the bull’s face. “How do you manage to come like that?”

Harry heard the guy laugh. “Who knows? It’s always been the same.”

Michelle looked back at Harry and bit her lip. She gripped Jed’s shrinking cock and squeezed out the last drops. “I want to make you come again.”

Jed laughed. “How about a cup of tea first? I’m not as young as I used to be.”

Harry got off his chair and smiled, no longer caring about Jed’s age or his body mass index. “I’ll put the kettle on. How do you like your tea, Jed?”

“Milk, no sugar please, son.”

Harry walked downstairs to the kitchen. His cock was no longer swollen, but his shorts were drenched. As the kettle was boiling, he took out three mugs. He added coffee for himself, and tea for Michelle and Jed. As he was adding the water, the other two came down the stairs. Michelle was

wearing her robe, and Jed was wearing his t-shirt, green underpants and black socks. Harry smiled and passed him a cup.

“Cheers. Any biscuits? Bourbons have been known to help me get a boner.”

Harry laughed again. “Will a fruit shortcake do the trick?”

“They’ll have to. To be honest, I think looking at your wife’s gorgeous face will be enough. I really want to shag her again.”

Michelle smiled at him, obviously touched by his compliment. “How long have you been a bull, Jed?”

He frowned. “It’s not always been called that. When I was young, people referred to me as a gigolo.”

Her eyebrows went up. “Did you *charge* women?”

He laughed and shook his head. “No, but a few of them used to buy me things. One took me on holiday with her. I got a three-week cruise of the Caribbean paid for, just for giving it to an older lady several times a night.”

“How much older?” Harry wasn’t sure why he’d felt the need to ask, but he was curious.

“I was twenty-seven, she was fifty-one.”

“Wow.” Harry suspected the woman in question was probably dead by now, which saddened him a little. He wondered if Michelle would be chasing bulls in their twenties when she was fifty-one.

“How about you two?” Jed asked. “How long have you been doing this?”

Michelle answered. “Less than a year.”

Jed nodded. “A lot of people get into it via swinging. They want to try swinging, but then the husband realises he gets more out of watching other men fuck his wife than he does out of fucking other men’s wives.”

Michelle looked thoughtful. “We haven’t tried swinging.”

“Why would you?” Jed nodded at Harry. “If I was him, I’d rather watch you than fuck anybody else.”

A beautiful smile lit up Michelle’s face, and she looked up at Harry. “Is that what you think?”

He shrugged and nodded. “Yeah, probably.”

The three of them sat at the kitchen table and drank their drinks. Jed ate several biscuits and told them about his life. He'd been born out of wedlock to an English mother who'd had an illicit affair with a married Spanish salesman. She'd then married a sailor who spent half of his time overseas, and Jed had been brought up in Southampton. He'd joined the navy at age sixteen and saw quite a bit of the world, then come back to Southampton aged twenty-five and discovered he was a hit with the ladies.

They'd finished their drinks and Jed looked round the kitchen. "It's a lovely little house, this."

Michelle nodded her agreement. "Yeah, we've had a lovely few days here, but we're going home tomorrow."

"Well, I suppose I'd better make sure tonight is extra-special for you, then." Jed stood and pushed his underpants down his thighs, exposing his cock. "I'll show you a trick that always gives me a hard-on."

Michelle twisted in her chair and stared down at his limp, fat cock.

"Take a hold of it with one hand," Jed instructed.

Michelle did so, squeezing the thick shaft.

"Right, now put the pinkie finger of your other hand down the slit in the end."

She looked up at his face and raised her eyebrows. "Are you sure?"

Jed nodded. "Yeah. It'll fit, no problem. And don't worry about your fingernail, a bit of a scratch is nice."

Harry watched, transfixed, as his wife gripped her bull's cock and proceeded to insert her little finger into the urethra.

"Yeah, that's it. Now, when your finger's all the way in, start to wank me with the other hand."

Michelle followed his instructions, her tongue held between her teeth and she concentrated on the task. As she pumped her right hand, the cock started to get some rigidity.

Jed let out a sigh. "Ahh, that's it. Now, start to move your finger in and out at the same time. Finger-fuck my cock while you wank me."

Harry had never seen anything like it. He wondered what'd happen if she continued to do this until Jed came. With the force of Jed's

ejaculations, it'd probably be like squeezing the end of a hose-pipe, and he imagined a fine spray of cum hitting the ceiling.

Jed nodded his head. "Right, I'm ready for more."

Michelle looked up at his face but didn't stop pumping both hands. "Do you want me to take you all the way like this?" She was undoubtedly curious about seeing what would happen, too.

"No, I want to get back inside that lovely twat of yours."

Harry smiled again. He was just getting ready to head back upstairs when Michelle stood and quickly cleared the cups away.

Then she opened her robe and lay back on the kitchen table. "Fuck me here."

Harry glanced round. The curtains were open, but the kitchen looked out over the back garden. He doubted there'd be any of their neighbours outside at this time—it was almost midnight. He realised he didn't actually care if anyone could see what was happening; tonight was having that sort of effect on him.

Jed stood between Michelle's open legs and used his cock like a truncheon, tapping his thick meat against her clit. "Do you need me to get you ready?"

Michelle glanced at Harry, then looked down at Jed's cock. "No, I'm always ready for something like that."

Jed chuckled and pushed the tip just inside. Then he looked at Harry, who was sitting right next to the table, his face less than eighteen inches from their genitals. "You can hold her hand, if you like. I'm going to shag her so hard, I might push her off this table."

Michelle held her hand out, and Harry took it.

When Jed slammed into her, Michelle let out a squeal and gripped Harry's fingers. The contact gave him an unexpected thrill.

"Oh, you're so bloody tight. And so fucking good to look at..."

Harry looked up at Jed's face. The bull was staring down at Michelle's body, the open robe showing her pert breasts and flat stomach.

Jed banged her hard.

All the sounds seemed to be amplified as they echoed off the tiled floor. Harry listened to the thudding of Jed's groin hitting his wife's spread thighs, the creaking of the table, the bull's ragged breathing, Michelle's appreciative moans, the squelch of a thick cock sliding in and out of a wet cunt. Harry could even discern the slap of Jed's balls against his wife's backside.

"Oh god..." Michelle dropped her head back on the table and squeezed Harry's hand even tighter.

Jed smiled down at him. "She's gripping me again. Ohhh yeah... She's got such a lovely—"

"Oh." Michelle cried out and arched her back off the table. Her nails dug into Harry's hand, turning him on even more. Pre-cum dripped steadily from his cock.

Jed pounded her for another ten minutes, and Michelle managed to reach another two orgasms. Harry watched in awe as the old bull gave his young hotwife one of the best nights of her life.

Finally, Jed held still, and the bull's huge balls lifted and fell in his sac.

An amazing thrill rushed through Harry. The thought of another mega-load of cum being pumped into his wife turned him on a lot. The third time probably contained less volume than the first or second, but Harry hoped not. He imagined her insides getting flooded and was desperate to see it running out of her again.

Michelle was writhing on the table, no doubt treating Jed to the milking trick that Harry had experienced a few nights earlier. Jed, eyes closed, was breathing heavily through his mouth.

Harry took out his phone again and opened the camera. He let go of Michelle's hand and stood next to Jed. As the bull pulled out, Harry took still photos, rather than another video. He took about eight shots as the steady flow of cum ran out of his wife's gaping cunt, down the crack of her backside and soaked into the terrycloth of her pink robe.

It was strange, because he hadn't enjoyed watching the cream-pie in the film of the gangbang, but he was incredibly turned on now, just as he had been with the one upstairs earlier that night.

Michelle looked up at Harry, seemingly pleased that he was capturing a record of it.

Jed sat back into a kitchen chair, his chest heaving. “God, it’s been a while since I’ve felt like this.”

Propping herself up on her elbows, Michelle looked at him. “It’s been a long time since anyone has made me feel like that, as well.”

Harry assumed she was just pandering to his ego, because Lucas had fucked her twice as many times just a couple of weeks ago.

It was obvious that the night’s activities were finally over, and Harry went upstairs to retrieve Jed’s jeans and shoes.

The bull quickly dressed, then smiled at Harry and Michelle. “It was lovely to meet you both. If you’re ever down this way in the future, maybe we could do it all again.”

Michelle smiled and leaned closer, kissed his cheek. “Thank you.”

Jed headed for the door, then turned to Harry and nodded toward Michelle. “She’s got an amazing twat.” With that, he waddled down the path towards his old car.

Harry closed the door and looked at Michelle, then they both burst out laughing.

Michelle’s eyes were wide, her smile bright. “God, I swear I’ve never been fucked like that. I thought *I’d* be the one having a heart attack.”

“I think he liked your twat.”

She punched his arm and laughed. “If anyone else had said that, it may not have been such a compliment.”

“He had a certain charm, I can’t deny it.” Harry led her back to the kitchen. “He even managed to look good wearing only socks and an old Motorhead t-shirt.”

“Come on, let’s go to bed.”

Harry turned off the lights, then checked the kitchen window. Nobody seemed to be about, so he was probably the only audience for the show Michelle and Jed had put on.

Michelle took a shower and Harry took the chair back downstairs.

When they were both in bed, she turned to him. “Well, was it too difficult to watch his wobbly belly and sweaty face?”

Harry laughed. “Tonight was one of the best nights I’ve had watching you. The guy was really likeable, and even though he was no Adonis, he out-performed a lot of bulls you’ve had.”

Michelle nodded. “I don’t think I’ve ever come so often.”

“Oh?” This surprised him. “I thought Lucas fucked you six times a night?”

“He did, but I didn’t come every time.” She shook her head. “Jed’s cock was something else. The first time he came, I thought he was peeing inside me. I could feel a hot torrent gushing—I’ve never known anything like it.”

Harry was still trying to come to terms with the fact Lucas could fuck her with his ten-inch cock and not make her come.

“And as for the finger down his cock trick...” She shook her head. “I’d have loved to have made him come that way, just to see what happened.”

He chuckled. “You’d probably have sprayed it all over the kitchen and blinded us all.”

Michelle laughed and turned off the light. She snuggled into him and kissed his neck. “What was your favourite bit?”

He considered the question. “I really liked both cream-pies, and also watching you jerk him off.”

She nodded against his chest.

“And I liked holding your hand while you were being fucked on the table.”

She lifted her head to look at him, but it was too dark to make out her features. “We can do that again, if you like.”

“Yeah, I’d like that.”

She kissed his chest. “I thought it was interesting what he said about swingers. I quite like the idea of watching you with another woman.”

Harry thought about it for a few seconds, then shook his head. “I don’t want another woman, but I wouldn’t mind watching you with one.”

“Oh.” After a short silence, she kissed his neck again. “Maybe that’s something to think about trying.”

Harry smiled and reached down, patting her backside. “Lovely twat.”

Michelle sniggered, and they both settled down to sleep.

Chapter 18

Harry and Michelle returned home and quickly settled back into the routine of work, their week-long break soon a distant memory.

Harry had enjoyed their time in Wales, particularly when they'd had sex twice in one evening. And he still smiled when he thought about Jed. One morning while watching Michelle step into a clean pair of panties after her shower, Harry nodded at her body and smiled. "Lovely tw—"

"Shut up!" Michelle laughed. "But speaking of bulls, I've got something to ask you."

"Oh?" Harry sat up in bed, curious and excited.

"Lucas sent me a text last night about another meet, and I need to talk to you about it before I reply."

"Why do you need to talk to me about it?" Harry was worried in case Lucas had suggested involving him again in some way.

She stopped dressing and stood still, her expression serious. "He's rented a villa in Portugal and asked if I'd like to join him for a weekend."

Harry's stomach went cold. "Oh."

She watched his face, no doubt trying to gauge his reaction. "That's why I need to talk to you before I reply."

"Right." He frowned. "I'm not sure I like the idea of you going abroad with somebody else. That's more than just..." Harry shrugged, struggling to find the words to describe his feelings. "That's more than just meeting him for sex."

She bit her lip and nodded.

"Do you want to go?" he asked.

A smile creased her face.

He laughed. "Yeah, of course you do."

"I'll understand if you don't want me to go, though."

"Can I think about it for a bit?"

“Yeah, no problem.”

After Michelle had gone downstairs, Harry thought about her and Lucas fooling around in the sun during the day and lying on cool sheets at night. He got a thrill out of imagining them naked, their perfect bodies beaded with sweat as they fucked.

The trouble was, he couldn't blot out the image of them holding hands as they walked to the local bars and restaurants. In the strange and fucked-up world of wife-sharing, it was this aspect that bothered him more than them having sex all day and night.

His mind went back to the sight of Michelle and Lucas in the bed Harry was now lying in, her arm and leg draped around his body as they slept. While Harry was happy to accept them as sexual partners, he couldn't tolerate the thought of them acting like a regular couple.

It took him fifteen minutes to get showered, shaved and dressed. When he joined Michelle in the kitchen, she was reading her phone while drinking tea. He noticed she'd made him a couple of slices of toast and put coffee into a mug, but not added the hot water.

He clicked the switch on the kettle to re-heat the water and picked up his toast. “Thanks.”

She looked up from her phone and smiled.

She didn't look remotely angry that he hadn't given the go-ahead straightaway, but he wondered what she really thought about his reluctance to let her go away for a sex-filled weekend.

“About Portugal...” He waited until she looked up at him, then shrugged. “I'm sure everything would be fine and that you'd have a great time, but I think you being so far away wouldn't be right. What if something happened?”

She smiled. “What, like if Lucas fucked me to death?”

“No, be serious. What if you fell down the stairs, or slipped into the pool, or got hit by a car...?”

Michelle laughed. “You know I'm an adult, right?”

“Yeah, but...”

“Like I said, it's not a problem if you don't want me to go.”

Harry nodded but didn't believe her. If he didn't let her go, he was sure she'd resent it. "When is it, anyway?"

"The weekend after next."

"Right." He poured his coffee and sat in the chair opposite her. She went back to reading the news on her phone, seemingly happy to accept Harry's decision.

When her cup was empty, Michelle put it in the dishwasher and went into the hall. She came back with her jacket on and her handbag over her shoulder. "I need to get in early today. Abby's in court this morning and I have to sort out a couple of things she needs to take with her." She bent and kissed his cheek, then picked up her phone from the table. "See you tonight."

"Yeah, bye."

Harry watched her leave, a tightness in his stomach that he didn't enjoy.

When he got to work, Harry continued to worry about his reaction to Lucas's offer. His reluctance was purely down to jealousy, and he had to overcome it. Their whole cuckolding arrangement was based on both of them enjoying what Michelle did with her bulls, and Harry had enjoyed her trip to Newcastle without actually witnessing it. The idea of receiving photos and videos throughout the weekend appealed to him more than he liked to admit.

With a sigh, Harry decided Michelle should go. She'd have a great time. He couldn't deny her that pleasure because he didn't want her and Lucas to play happy couples when they weren't fucking. The decision made, Harry felt like a weight had been lifted from his shoulders and he was finally able to concentrate on his work.

He arrived home first and started to make dinner, taking a beer from the fridge as he worked. When he heard Michelle's car pull onto the drive, he took another beer from the fridge and opened it for her.

She smiled as she walked through the back door, then smiled even brighter as he handed her the beer. "Thanks, babe."

"How was Abby's day in court?"

Michelle took a swig of beer and frowned. “Adjourned after an hour because the plaintiff fell ill.”

“Oh dear.”

“One of those things. Abby thinks the lady’s been under stress for months, and finally getting the guy to court was just too much.” Michelle shrugged. “Anyway, how was your day?”

“It was fine. Listen, I’ve been thinking about Portugal—”

“Yeah, I’ve got some news on that.”

Harry paused. “Oh?”

She nodded. “I spoke to Lucas, and—”

“I thought you were going to wait until we’d discussed it properly?”

“Yeah—but Lucas phoned me to ask why I hadn’t replied to his text, and—”

“And you said I didn’t want you to go.”

Michelle laughed and shook her head. “Of course I didn’t say that. I told him that although I really liked the idea of a couple of days of sun and sex, I didn’t like the idea of being separated from you for that long.”

Harry’s self-loathing increased exponentially. Not only had she hidden his selfishness from her bull, she’d actually blamed her own feelings for refusing the offer. “Listen, I’ve been thinking—”

“So Lucas suggested we both go to Portugal.”

“What?”

“He said we should both go. Same set up as here, me and him in one room, you in the other. But you’ll be there throughout the stay, so if I do fall down the stairs or get hit by a car...” She smiled teasingly. “You’ll be there to look after me.”

“Even if he fucks you to death?”

She laughed and came to stand close, slipping her arms around his waist. “It’ll be a nice weekend. Apparently, the villa has its own pool, and a barbeque.”

“No firepit?”

She laughed again. “What do you think?”

He sighed. "I feel like a jerk. I've worried about it all day. I'd already decided I was being selfish and was going to suggest that you go."

Michelle blinked her eyes open wide. "Really?"

He nodded.

"Thank you." She leaned closer and kissed him gently on the lips. "But I'm much happier with the idea of you joining us."

"Oh?"

"Yeah, of course—and not just so I can think about you listening to us have sex. It's hard trying to make conversation with someone who's a relative stranger."

He couldn't help laughing. "Lucas is hardly a stranger. He's fucked you more times in the last few weeks than I have in a year."

"I didn't say his cock was a stranger," she said, narrowing her eyes and pushing her groin against his. "But in Newcastle, it was a strain to find things to talk about."

Harry thought about being a wallflower as Lucas and Michelle splashed and fooled around in the pool. He also thought about lying in a different room and listening to them have sex all night long. The familiar tingle was back in his stomach.

* * * *

The arrangements for their trip were finalised. Lucas had flown out earlier in the week. He'd meet them at the airport Friday evening and drive them the seventy-odd miles to the villa. Their return flight was Sunday night, so they'd have two nights and two days to enjoy in Portugal.

When they got into bed on Thursday night, Michelle cuddled into his side. "Are you excited about tomorrow?"

"What's happening tomorrow?"

She pinched him.

He laughed. "I've never actually been to Portugal before, but I imagine it'll be very like Spain."

"Hmm, not that you'll see much of it." She nuzzled his neck. "Is there anything in particular you want to see?"

"Lisbon's stunning, apparently."

She pinched him again. "That's not what I meant, and you know it."

He smiled and rubbed his hip where he'd been pinched. Twice.

Michelle leaned close. "You never told me how you felt about what happened when Lucas stayed over that night."

Harry held his breath, reluctant to spoil the weekend, but knowing if he didn't tell her how he felt about it, she'd only push him further next time.

"Harry?"

He sat up and Michelle did the same, looking concerned.

Harry took a breath. "Had you two arranged it beforehand?"

"Arranged what?"

"You know, for him to come in my mouth."

She held his gaze for a second. "Not exactly."

"What does that mean?"

Michelle sighed. "I wanted you there, and I wanted him to come where you could see it. You know how much it turns me on when you clean me out afterwards."

"That's different because it's you I'm touching."

Her eyebrows went up, as if she hadn't considered this. "Yeah, but it's his cum."

"But it's your cunt I'm licking. But just to be clear, I don't actually like performing clean up. I only do it because I know you like it."

"I didn't know that. I thought it was what you wanted, too."

He shook his head, confused. "Why would you think it was what I wanted?"

"I've read it on the forums. Men enjoy doing it."

"Some men might enjoy it. If it turns them on, that's great. But it doesn't turn me on. In fact, it turns me off."

Michelle looked like she'd been slapped in the face, and Harry felt bad for spoiling it for her. "But when you cleaned me after Lucas, you seemed so eager to do it."

This probably wasn't the best time to be having this conversation, but there was no going back now. "I was eager to please you. I'd just

watched you being pleased by a black man with a huge cock, and I'd listened to him making you come. The fact you'd told me to lie on the bed beforehand made it obvious what you wanted, and as soon as he'd finished, he pulled out and got off the bed." Harry shrugged, the memory still clear in his mind. "Before I'd had a chance to think about what would be involved, his cum began to dribble out, so I gave you what I knew you wanted."

"I'm sorry."

"It's okay."

She finally smiled. "What did you think of the taste?"

"It actually smelled and tasted of your juices, and since I had my tongue inside you, I was able to ignore what I was actually swallowing."

"But what about the time when I got Lucas to... you know?"

He frowned. "That didn't taste of your juices."

"You didn't like it?"

"No. And what made it even worse was that I felt like I'd been set up. The clean-up had been my decision, but that night, I felt like it'd been planned."

She blinked and bit her lower lip, then nodded. "I'd read a few forums where hotwives like to watch their husbands suck the bulls off. Some even get the bulls to give their cucks anal."

"Like I said, I have no problem with men who want to do those things. But you need to understand I'm not one of them."

Michelle closed her eyes and nodded. "I'm sorry, I just thought—"

He squeezed her leg. "I should have said something at the time. I think we could both be better at communicating what we want."

"Are you saying you want to stop what we're doing?"

"No, of course not." He pushed his shoulder against hers and smiled. "Don't forget that before we started this, I was the guy who couldn't get it up and you had to satisfy yourself with porn and a vibrator."

Michelle looked down.

He smiled. "Whereas now, you're getting everything you need from your bulls, and in Wales I managed to get it up twice in an hour."

"That's true." She looked thoughtful. "What about the pegging?"

Harry shrugged. “It wasn’t my favourite experience, but it was okay because it was you doing it, not one of your bulls.”

“Can I do it again?”

Harry nodded. “If you like, but I’d prefer it was when only the two of us are there.”

She nodded. “Okay. So, tell me what you do like about being a cuckold.”

“I like to watch you being pleased by men with big cocks. I like to watch your face and hear you scream when they make you come in ways that I never could.”

She leaned closer and kissed his cheek. “Thank you. And I’m so glad you told me about not liking to be involved.”

Harry paused. He hadn’t actually said he didn’t want to be involved, just that he didn’t want any involvement that resulted in other men’s jizz entering his mouth. Or back passage.

“So,” he said, holding her gaze. “Now you have to tell me what you like about being a hotwife.”

Michelle giggled and shook her head.

“Come on, I’ve just told you exactly what I like about what we’re doing.”

“Okay.” She took a breath. “I like to be used by well-hung men. I want them to take me in any way they want.”

Harry was amazed—she’d always been pretty free and direct with her instructions, he’d thought. “Really? I thought you liked to tell them what to do to you.”

“Sometimes I’ve done that, but it’s much sexier when they take control and do whatever they want.”

He shook his head, stunned. “I honestly thought it was all about you being in control.”

“No, I like them to be in charge, so I’m just a plaything. Sometimes I wonder if I should try BDSM, let the Dom have total control.”

Harry scoffed. “Doms never have total control. They can only do what the sub wants them to. As soon as they do the wrong thing, the sub

says her safeword and the Dom puts his gloves back in his pocket and skulks off home.”

Michelle stared, open-mouthed.

He shrugged. “That’s my take on it, anyway.”

“I’m just shocked that you know about safewords and gloves.”

“You’re not the only one with access to the internet, you know.”

Harry grinned, pleased that he’d managed to surprise her.

“So this weekend, all you want to do is watch, right?”

He nodded. “I’m happy for you to receive Lucas’s love fountain wherever you want, but I don’t want it aimed in my direction.”

She laughed. “I wonder how big the villa is. And how private.”

Harry could see she was excited about the prospect of having Lucas in the house, garden and pool.

He waited until she’d stopped smiling, then cleared his throat.

“There’s another thing we need to talk about.”

“Oh?” Her concerned expression returned.

“There’s no way I’ll be able to get through airport security wearing a cock-cage.”

Her eyebrows went up. She’d obviously not foreseen this problem.

Harry continued. “The last thing I want to do is set off the metal detector, then have some guard mistake my dick for a shaved hamster that I’m trying to smuggle abroad.”

Michelle giggled. “No, although hamster might be a bit optimistic. Mouse would be mor—”

Harry tickled her ribs and she burst into a fit of giggles, trying desperately to wriggle out of his grasp. When he relented, she sat up and straightened her hair.

“No, you’re right. I can put it in my case...” She stopped talking when she saw his face.

Harry kept his expression blank.

She frowned. “Is this where you tell me you don’t like wearing the cage?”

He nodded slowly.

“Oh shit.” She shook her head and pushed her fingers through her hair. “Why didn’t you say at the time? I thought you...” Michelle looked devastated. “All the forums say men like wearing them, that it heightens their excitement and helps them build up tension and horniness for when they get their release.”

Harry shrugged. “I’m constantly terrified that I’ll be involved in an accident and have to explain why I’m wearing it when I get to hospital.”

“I feel like a complete bitch. I thought it was what you wanted.”

He laughed. “I assumed it was another way for you to control things. That’s why I was so surprised when you said earlier that you wanted the bulls to be in control.”

Michelle closed her eyes and took a deep breath. “I think we should have looked at the forums together.”

He laid his hand on top of hers. “We’ll get it right, don’t worry.”

Reaching behind her neck, she unfastened her necklace and used the key to open the small padlock on the cage. She removed both parts and placed them on the bedside cabinet.

Harry gripped his cock, pulling it left and then right, and easing his scrotum away from his thigh. “That’s better.”

“Does this mean you’re going to wank yourself off tomorrow night while listening to me and Lucas?”

He smiled. “I’ll see what mood I’m in—but it’s nice to know it’ll be me who decides if I do or not.”

She looked down and nodded. “I don’t know what I was thinking. I just thought...”

“Forget it. Anyway...” He held his cock and looked at her hopefully. “Do you want to do a bit of role play with Free Willy?”

She laughed and slapped his arm. “No, thank you! I’ve got to save myself for my bull.”

“I can live with that.”

They turned the light off and both settled down for sleep.

Harry enjoyed the overwhelming feeling of freedom, and it wasn’t just the physical sensation around his groin.

Chapter 19

The flight was uneventful, and they landed in Faro on time.

Lucas was waiting for them in arrivals, looking relaxed in a short-sleeved white shirt, tailored shorts and flip-flops, his sunglasses pushed up onto his shaven head. He smiled broadly at Michelle and nodded a greeting to Harry.

Harry opted to sit alone in the back of the hire car, letting Michelle make small talk with her bull during the hour-long drive. It was dusk by the time they'd reached the villa, a white two-storey building on a quiet road. The inside was sparsely furnished with painted plaster walls and tiled floors throughout.

Lucas led them into the kitchen and pointed to the fridge. "Help yourself to anything you want."

The fridge was well-stocked with water, beer, white wine and vodka, but not much in the way of food. Michelle poured herself a glass of white and the men had beer.

Lucas held his bottle up. The other two touched their drinks to his, and he smiled. "Want to see outside?"

Without waiting for an answer, he walked confidently through the living room and pushed open a set of French doors. Michelle and Harry followed.

The garden had an L-shaped paved area around a small swimming pool, which was illuminated from below the surface. High fences and neatly trimmed bushes formed a screen around the entire perimeter. The pool was maybe three metres by five; not really big enough for swimming, but perfect for kids to play and frolic in.

And plenty big enough for Michelle and her bull to do some grown-up frolicking of their own.

Lucas led them to table and chairs under a wooden pagoda, where they all sat down with their drinks and made small talk. Lucas told them the

villa belonged to a work colleague who had a couple of kids. Apparently the family spent all the school holidays here, but during term time they preferred to let people they knew use it rather than go through letting agencies. He claimed most of the local villas were owned by Brits.

Unsurprisingly, discussing the nationality of the neighbours wasn't very high on Michelle's agenda. "Harry told me last night that all he wants to do is watch us, so he won't be joining in with any of our activities."

Lucas nodded, clearly not too disappointed that the only person sucking his cock over the next forty-eight hours would be Michelle.

She finished the rest of her wine and passed her glass to Lucas. "Any chance of a refill?"

He got up and raised an eyebrow to Harry, who looked at his almost empty beer bottle and nodded. After the bull had disappeared inside to replenish their drinks, Michelle placed her hand on Harry's. "Did that put your mind at rest?"

"Yeah, thanks."

She narrowed her eyes. "Shall I get him to do me here, so you can watch?"

He laughed and shook his head. "If you can contain your desires until I've finished my next beer, I'll go to bed and leave you two to do whatever you want, wherever you want."

Michelle looked a little surprised, but smiled. "Okay, but I want you to watch tomorrow."

Lucas returned with their drinks. After another ten minutes of strained small-talk, Harry announced he was tired.

They all went inside, and Lucas led them upstairs. He nodded at the door closest to him. "That's the main bedroom, and the bathroom's the next one along. There are two other bedrooms, but one only has bunk beds, so I assume you'll want this one." He pointed to the door opposite.

Harry took his bag. "Right, I'll see you guys in the morning."

He clicked on the light. The room was a good size with a double bed and small wicker tables on each side. A walk-in closet had enough rack-space and shelving to hold far more clothes than Harry had brought with him.

After he'd heard Lucas and Michelle go back downstairs, Harry grabbed his toiletries bag and headed to the bathroom. He had a pee, brushed his teeth and returned to his room. When he opened the window to let in some fresh air, he saw it overlooked the back garden.

Leaving the window open, he lowered the blind, stripped naked, and slid between the sheets. It felt refreshingly normal to move around without the cock-cage. Although he'd soon gotten used to the physical awkwardness of wearing it, he hadn't fully appreciated how much emotional awkwardness it had caused. His fear of being involved in an accident and having to explain it to hospital staff hadn't been his only concern; he used to worry that his friends would ask why he always used the cubicle in the toilets of pubs and at work.

Harry stretched out in bed and ran his hand down his body, delighting in simply adjusting his cock and being comfortable in any position. He could now even consider sleeping on his front. As he settled his head into the soft pillow, he heard Michelle's laughter through the open window; she and Lucas had evidently returned to the table under the pagoda.

Although he could hear their voices, Harry couldn't make out what they were talking about—just occasional words and giggles. Considering Michelle said she'd found it a strain making small talk with Lucas, she seemed to be doing pretty well.

Then a thought occurred; this wouldn't be small talk, it'd be foreplay. They'd be whispering all the things they wanted to do to each other over the course of the next two days and nights.

Harry was slowly drifting off to sleep when the vibration of the French doors being closed a little too hard alerted him to Lucas and Michelle's return inside. There were whispers from the stairs before a bedroom door opened and closed. The sound of water running suggested that their room had an en-suite. A toilet flushed, a tap ran for a brief second, and then there was more hushed conversation, followed by relative silence.

Harry closed his eyes but knew he wouldn't be able to get to sleep just yet. His wife was about to have sex with another man in the room across the hall. The thought of it sent a shiver down his spine.

Without even needing to touch himself, Harry's cock grew rigid. He sighed as he wrapped his hand around the shaft, moving the skin slowly up and down.

He held his breath and listened. The first sound was a moan from Lucas, which made Harry think Michelle was probably sucking him. He heard another sigh from Lucas maybe thirty or forty seconds later, and Harry became impatient.

Watching his wife sucking a bull's cock was a turn on, but listening to it did nothing for him. It was hearing Michelle's moans that made it worthwhile.

"Ahh..."

About fucking time.

Lucas had evidently had enough time in her mouth, because the sound Michelle had just made was undoubtedly triggered by a big cock being pushed into her. Michelle gave another moaned sigh, and then a slightly louder one.

Lucas must be sinking deeper with each thrust, stretching her out.

"Oh..."

Harry's hand returned to his cock. There was already a puddle of precum on his stomach. He bit his lip but didn't pump his hand. His only movement was to tighten and slacken his grip at the same time as he clenched and released his buttocks. He intended to delay his ejaculation until Michelle came.

"Oh yeah, just like that. Oh, fuck yeah..."

Harry suspected the groans and running commentary were for his benefit, but then again, it could all be for Lucas. Maybe hearing a hotwife moan and groan was what made bulls fuck them harder, and what drove them to perform six times a night.

"Ah, ah, ahhh..."

As Michelle's first orgasm of the weekend finally arrived, Harry pumped his cock just three times before hot cum squirted up onto his chest. Clenching his teeth while listening to his wife's screams of ecstasy, he sent more hot splashes onto his stomach.

Spent, he finally stilled his hand and let out a sigh. His heart thumped in his chest and he took deep breaths.

Having planned ahead, Harry took a box of tissues from his bag and wiped the mess from his body. He squeezed his cock, dabbed the tip, then put the sodden tissues into a side pocket of his bag, ready to be flushed away when he next visited the bathroom.

In true bull fashion, Lucas was still pounding away at Michelle. Her squeals got louder and more frequent—either she was coming again, or Lucas had increased the pace and force of his thrusts. It could be both; maybe they were both racing towards the finish line together.

Harry was past caring, already sinking into the post-orgasmic bliss of weary muscles and empty balls. He had a satisfied smile on his face when he heard Lucas grunt. Michelle uttered a few more sighs and moans, and then the villa fell silent.

* * * *

Harry woke and blinked a couple of times before he remembered where he was. He checked his watch, realising he'd slept for over nine hours. If there'd been more sex between Michelle and Lucas during the night, Harry hadn't heard it.

He listened for over a minute but couldn't hear anything. Climbing out of bed, he slipped on a t-shirt and shorts, then picked up his toiletries bag and the wad of tissues. As he opened his bedroom door he could see Lucas and Michelle's bed was empty, the covers already straightened. Once all freshened up, he walked downstairs to find Michelle in the kitchen with a cup of tea. She wore a white vest and denim skirt.

She smiled at him. "Hiya."

"Morning." He wasn't sure whether to give her a kiss, so he just smiled.

"Did you sleep okay?" she asked, a teasing glint in her eye.

Harry laughed. "I slept remarkably well thanks, considering how noisy the neighbours were."

She laughed and wriggled her bum on the chair. "You're welcome. We thought we'd pace ourselves, and only did it three times."

“Well I’m afraid I was only awake for the first one.”

Michelle looked disappointed. “Oh. Are you getting bored already?”

“No, I was just tired.” He looked around. “Where’s Lucas?”

“He went to buy some stuff for breakfast. He’ll be back soon.”

Harry nodded and wandered over to look for coffee.

“So?” she said, her voice taking on that teasing tone again.

“Hmm?”

“Last night, without your cage...?” She raised her eyebrows.

“Yeah?”

“Did you...?”

Harry shrugged as if he didn’t understand her question.

“Harry!”

He laughed. “You just concentrate on getting yourself and your bull off, and don’t worry about me.”

“How many times?” she asked again.

Shaking his head, he poured his coffee and came to sit opposite her. “Tell me about your night. I want all the details.”

She grinned. “Do you want to know what it felt like to have his huge cock pushing in and stretching me open?” She leaned forward and wiggled her body seductively. “And how I had to make sure I was really, really wet so that it didn’t hurt me too much?”

There was a lightness in his chest, and his mouth went dry. He nodded, rather than attempting to speak.

She shook her head. “I don’t want to go into the details here—Lucas will be back any minute. I think it’ll be better to wait until we get home.”

Harry frowned. This wasn’t part of the deal. When they were in Newcastle, at least he’d seen the pictures and videos.

Michelle must have seen his disappointment. She stroked her thumb over the back of his hand. “Don’t sulk. When we’re in the privacy of our own bedroom, I’ll tell you everything.”

“Oh?” His heart beat a little faster.

“Maybe I’ll choose some sexy underwear and lie on the bed and describe every sensation. I’ll writhe on the bed as I recall his warm soft tongue flicking my clit, and his nimble fingers working their way in and slackening me up ready for his big, long cock. Then I’ll describe how it felt when he pushed it in, and how wonderful it is when a cock’s that big that it just keeps pushing. I get to the point where I don’t think it’s possible to take any more, and he pushes in another inch. Then another.”

Harry’s mouth hung open.

Michelle giggled. “And now that you no longer have the cage on, you can stand at the side of the bed and jerk yourself off over me while I give you all the juicy details of what it feels like to have a cock that big shoot its load so far inside, to feel the warm flush of his cum splattering me so deep...” She smiled and nodded at the bulge in Harry’s shorts. “That’s why I can’t tell you more about it right now.”

Harry tried to steady his breathing. He adjusted his cock to a more comfortable position. “I like the idea of that, but you have to tell me something. Just let me know the how and where.”

She held his gaze for a second, then nodded. “Okay, that’s fair. Well, first—”

“First you sucked him, then he fucked you.”

She looked puzzled. “Were you watching?”

“No. How could I?” He laughed at her expression. “I was listening, remember?”

“Oh, right.” She still looked slightly spooked. “So, I sucked him for a short time, then he had me in missionary.”

“And the where?”

“I was going to say *in the bed*, but I don’t think that’s the answer you’re after. I assume you want to know where he came?”

“Of course.”

“He came inside me.”

“And the second?”

“Me on top, first sitting up, then lying on him. And inside me again.”

“Third?”

“Spooned, and inside.” She leaned across the table. “Now you tell me,” she ordered. “How many times did you make yourself come?”

“Once.”

With a satisfied nod, she got up and made herself another cup of tea.

Just then, Lucas arrived carrying two bags of groceries. Harry stayed at the table drinking coffee while Michelle helped put things in the fridge and cupboards.

After a breakfast of croissants with jam, which they ate at the kitchen table, there was another awkward silence. Michelle cleared the plates and cups, then made a point of looking out of the window.

“There’s not a cloud in the sky,” she said, smiling at the men. “I think it’s time I topped up my tan.”

Harry’s heart began to beat a little faster.

Michelle walked over to Lucas and looked up into his face. “Will I need to wear a bikini?”

He shook his head. “It’s private.”

“Good, because I’d prefer not to have any tan lines.” With that, she took off her vest and skirt, leaving only a white thong. She glanced at Harry, then held eye contact with Lucas as she pushed the scanty cotton garment down her legs and off her feet.

Michelle picked up her clothes and headed upstairs, leaving the two men together in the kitchen.

Harry felt obliged to try and dispel the awkwardness. “I guess it’d be a lot easier if I’d stayed back in England.”

Lucas looked surprised by the comment and shook his head. “No, I think Michelle gets more out of it when you’re watching her.”

This revelation made Harry pause. Did Michelle *really* enjoy things more when he was watching, or was that just the impression Lucas got? Maybe it was simply a case of the hotwife putting a little more energy into her performance when the cuck was present, letting him know how much she liked the bull’s bigger cock. Lucas’s observation made Harry suspect she’d been less vocal in Newcastle.

Michelle walked back into the kitchen, still completely naked. She held up a bottle of suntan lotion and smiled at her husband. "Can you come outside and rub some of this cream on my back?"

As Harry stood up, she turned to Lucas. "Then maybe you could join us and put your cream inside me."

Lucas chuckled as Michelle headed towards the French doors. Harry followed in her wake, his groin already tingling.

Stopping at the loungers at the side of the pool, Michelle handed Harry the lotion and turned her back to him. He sprayed a generous amount of cream along the top of her back and began to massage it in, covering her shoulders and sides. He added more to the backs of her arms and rubbed that in, too. Then temptation got the better of him, and he applied cream to her bum cheeks.

Michelle glanced over her shoulder at him, a teasing smile curling her lips. "Do you want to do the front as well?"

Harry nodded eagerly, and Michelle turned to face him, her arms held out to the sides. He sprayed cream onto each boob and also onto her tummy, smiling as she shuddered at the initial coldness. Then he put down the bottle and used both hands to massage the cream into her breasts, his fingers teasing her already-hard nipples.

Michelle was watching his face. "Are you excited about watching me being fucked?"

He held her gaze as he continued to massage the cream into the soft flesh around her nipples, then nodded.

She glanced down at his shorts. "Are you hard?"

"No."

She leaned closer, brushing her nose against his. "I'm already soaked, and I expect you're dripping quite a bit, too."

He laughed. "Maybe I am."

Without warning, Michelle reached out and squeezed his semi-hard cock through his shorts. "By the time Lucas has finished, you'll be almost as wet as I am."

Harry looked into her eyes. She wasn't teasing or mocking him, she was just stating a fact. He nodded. "It's true."

"I want you to take your shirt off."

"What?" Dread crept through him. He'd made it clear he didn't want any contact with Lucas.

She smiled at his reaction. "I'm going to put sun cream on you."

"Oh, right." Harry pulled off his t-shirt and dropped it to the floor.

Michelle sprayed sun cream on his chest and shoulders, and rubbed it in. She then motioned for him to turn around and repeated her actions on his back.

She pointed to a lounge. "Lie on there."

Harry did as instructed, and Michelle sat on the adjacent lounge. He watched as she applied sun cream to her legs and feet. She reclined her lounge so she was lying down. He was still propped up at forty-five degrees, and he admired her body—toned, perfect and glistening in the sun.

They lay in silence for maybe ten minutes or so, then a shadow passed over Harry's face and he opened his eyes.

Lucas stood looking down at Michelle. He was completely naked, slowly masturbating his huge, fully erect cock.

Michelle was evidently pleased to see him. "Hello, handsome," she said, letting her legs fall open.

The bull knelt on the lounge between her legs and positioned the huge tip of his cock at her entrance, dragging it through the outer folds and coating it with her juices. A smile crossed his face as he looked down at her sex. "Have I kept you waiting too long?"

"Yes, but you're here now." Michelle slid her arms around his waist and pulled him down.

Harry watched as Lucas slid his monster cock into his wife. Michelle let out a sigh and placed her small white hands on the bull's black buttocks. Lucas lay down on top, obscuring Harry's view of his cock moving in and out. From his sitting position, Harry looked down at the bull's broad back, watching the muscles twist and flex beneath the ebony

skin as he fucked her with a slow, easy rhythm. Michelle's eyes were closed and her mouth hung open. She emitted quiet groans with each thrust.

Harry's mouth was dry, his cock rigid and dripping precum inside his shorts. He saw Michelle run her hands over Lucas's back, her body pushing up to meet each thrust.

She reached her right hand across and squeezed Harry's left wrist. He took her hand in his, remembering the night they'd held hands while Jed fucked her on the kitchen table. Michelle moved her hand over his cock and squeezed it through his shorts. Harry shuddered at the contact. She reached her fingers up to the elasticated waistband, pulling it downwards.

Harry swallowed, not believing this was actually happening. He raised his bum off the seat and pushed his shorts down enough to release his cock. Michelle wrapped her fingers around it and immediately started to pump her hand.

Harry watched with a sense of disbelief. His wife was jerking him off while being fucked by another man; the sordidness of it gave him an unbelievable thrill.

Michelle let out a squeal and momentarily stopped pumping her hand. She squeezed him in a tight grip as her orgasm flushed through her body and then, to Harry's delight, began pumping her hand again.

Lucas continued to fuck Michelle with his same steady rhythm, either oblivious or indifferent to the fact she was jerking off her cuck behind his back.

Harry clenched his teeth and his legs began to shake slightly as he neared his release.

Suddenly Lucas withdrew and knelt up, inadvertently pulling Michelle's hand away in the process. The bull had decided to switch positions at the worst possible time, leaving Harry frustratingly close to the edge.

Lucas seemed unaware of Harry's situation, or his uncovered cock. The bull sat up and placed a foot on the floor either side of their lounge, and lifted Michelle's legs to rest them on his shoulders. Then he guided his cock back to her entrance, pulling her down the lounge to get into position.

Harry adjusted his shorts to cover himself, and Michelle gave him a sympathetic smile just before Lucas drove in so deep that she gasped. Her eyes rolled back.

Lucas fucked her hard, gripping her hips and pulling her body down to meet each thrust. Michelle ran her fingers through her hair and started to groan.

Harry had gone from spectator to participant, and then back to spectator again. As he watched the two of them moving towards their own climax, Harry still tingled from the thrill of her jacking his cock while being taken by another man. A few more seconds would have given him the release he was now desperate for.

“Oh, fuck...” Michelle’s legs locked straight, her feet pointing skyward over Lucas’s shoulders.

The bull dropped his head back and then held still. Michelle stared into Harry’s eyes as the other man flooded her insides, her mouth agape.

Harry sensed a close connection between him and his wife, which was weird considering his own frustration, plus the fact that Lucas’s cock was unloading inside her at that very moment. A silence fell and the three stayed on the loungers for a few more minutes before Lucas finally pulled out. Harry noticed that Lucas’s flaccid cock was as big as his own was when erect. Which it still was. The temptation to climb on top of his wife was almost too strong to resist.

Lucas stood and headed inside the villa.

Michelle sat up and brushed her hair back from her face, smiling at Harry. “How was that?”

He smiled, not sure whether she meant his enjoyment at watching her and Lucas, or his enjoyment at being wanked while she was with Lucas.

Without waiting for an answer, she looked down between her legs. “I need to get to the loo.”

Harry watched her disappear inside, then let out a long sigh. Closing his eyes, he concentrated on the feeling of the sun on his body, grateful when his erection finally began to wilt. Michelle returned wearing a pair of skimpy bikini bottoms, and Harry’s stomach tingled at the thought of her needing them to stop the remains of Lucas’s cum dribbling out of her.

She re-positioned the back of her lounge so they were sitting side by side, then stroked his arm. "I'm glad you're here."

Squeezing her hand, he smiled. "Me too."

They sat in silence for several minutes, and then Lucas appeared on the patio wearing a pair of black shorts and carrying a large jug of sangria. "Anybody need a drink?"

The three of them sat in the sun and sipped their drinks for over an hour. Although they only made occasional small talk, Harry felt no awkwardness and, for the most part, they sat in a comfortable silence.

Michelle dozed on her lounge, presumably a result of not getting much sleep the night before. Harry decided to go for a dip in the pool, and Lucas told him where he'd find towels in the bathroom.

Even though the pool was only about a metre deep, Harry dived in. The sudden coldness took his breath away, and when he surfaced he saw the other two smiling at him.

"How is it?" Michelle asked.

"A lot colder than I was expecting." He could feel goosebumps raised on his arms.

Lucas chuckled. "It warms up in the sun. It'll be better this afternoon."

Harry swam a few short lengths. He soon got used to the water temperature and stayed in the pool for about twenty minutes.

Lucas had bought some cooked meats and bread, and they had a light lunch sitting at the table under the pagoda. Michelle was still topless.

The bull was striving to be the perfect host. "I thought tonight we could drive to the coast. There's a small fishing village which has a great restaurant and a couple of nice bars overlooking the harbour."

Michelle smiled brightly. "That sounds great, but I didn't bring any nice dresses."

Lucas looked down at her breasts and smiled. "I don't think anyone would mind if you were to go like that."

She laughed. "I only flash my body to my bulls and my husband. I've got a skirt and blouse I can wear."

Harry raised his eyebrows. “How about panties?” He’d been really turned on in Liverpool when he’d refused to let her put on underwear.

Michelle held his gaze for a second. “The skirt’s quite short—”
“And?”

Michelle bit her lip, then smiled and turned to Lucas. “My pervert of a husband likes me to go out without panties. What do you think?”

Lucas chuckled. “I think it sounds like a good idea.”

“Okay,” she said as she looked from one man to the other. “Tonight, there’ll be no panties.”

Harry noticed that her nipples had gotten harder. “I don’t think you should wear a bra, either.”

She sighed dramatically. “Fine.”

Harry grinned, the anticipation making his cock swell again.

“And now,” Michelle announced as she stood up, “I’m going to go for a swim.”

She walked slowly toward the pool, no doubt fully aware that the two men were watching her. Keeping her back to them, she bent at the waist, slipped her fingers into the waistband of the bikini bottoms, and pushed them down her legs, flashing a clear view of her sex. Now totally naked, she stepped to the edge and dived into the pool, staying underwater until at the far end.

When she re-surfaced, she stood up and turned back toward the men. Her hair was slicked back and her breasts stood firm and high, the nipples puckered from the cold. Beads of water covered her body.

“Wow,” Lucas murmured.

Harry glanced at him. The bull was actually gaping like a schoolboy ogling the class hottie. This wasn’t how bulls were supposed to act, but it made Harry even more proud of his wife.

“She looks good, huh?” Harry whispered.

“Yeah, she looks great.”

“So...”

Lucas looked at him, confused. “So?”

Harry nodded towards Michelle. “So get yourself in that pool and give her the fucking she deserves.”

Lucas stared at him for a second, and then stood and walked to the pool. He quickly removed his shorts and then sat on the edge, dangling his legs in the water.

Michelle swam slowly across to where Lucas waited. Harry quickly realised he wanted a better view and returned to his lounge at the side of the pool.

Standing up in front of her bull, Michelle glanced at her husband sitting a few feet away, then up into Lucas’s face. Without saying a word, she leaned forward and took him into her mouth.

Harry stared at the couple, wishing he had his phone so he could capture it on film. It was like the scene from a porno—a beautiful woman in a pool sucking a black man’s huge cock in a sun-drenched garden. Michelle was working her neck muscles, bobbing her head and taking Lucas deeper and deeper into her throat until her face nuzzled against his clean-shaven groin.

The bull gulped deep breaths of air, and Harry wondered if Michelle intended making him come with her mouth. Lesser men would have shot their bolt minutes ago, but Lucas allowed her to suck him like this for a long time. Finally, he gently pushed her head away and slid into the pool beside her.

Harry watched as the two of them caressed, imagining how good his wife’s soft body would feel as her lithe wet limbs brushed over his own.

Lucas gripped her waist and raised her almost out of the water. Michelle reached down and held his cock upright, and the bull lowered her down onto it. Harry’s cock quickly filled with blood as he watched his wife drop her head back and moan. Lucas easily moved her up and down.

“Oh... Oh...” Michelle’s orgasm had understandably arrived faster than usual.

Lucas bounced her on his cock, the pool water splashing in an almost comical fashion. Harry squeezed himself cock through his shorts as Michelle clung onto Lucas’s shoulders and came with a squeal. Lucas pushed up and grunted.

Michelle bit his shoulder and scratched him, wriggling her entire body in his arms. Harry didn't know if she was milking his cock or searching for a second hit of her own. Maybe both—she let out another groan and kept clawing his back. Lucas bounced her a few more times, then held her tight and fell back into the water, taking her with him.

Harry took a few deep breaths to try and steady his racing heart. As the pair broke the surface, spluttering and laughing, Harry felt the precum in his shorts begin to cool.

Michelle and Lucas splashed and fooled around in the pool for quite a while, and then Michelle climbed out and announced she was going to have a shower and a siesta. Lucas slipped on his shorts and followed her inside, but returned moments later with a paperback and two bottles of beer. He passed one of the beers to Harry, then headed to the table under the pagoda and proceeded to read.

Harry sipped his beer and re-ran the pool sex-session through his mind. He wished he'd been able to capture it on film, if only so that Michelle could see how great she'd looked. He smiled to himself, smug in the knowledge that his wife was the sexiest woman he'd ever seen, and happy that he was able to enjoy sharing her in this way without any jealousy.

He slept for over an hour in the warmth of the afternoon sun. When he woke up, Lucas was still reading under the pagoda and Michelle was sipping wine in the lounge next to him, a vest and shorts hiding her body.

Harry blinked at her. "Sorry, I must have dropped off."

Lucas wandered over. "Maybe we should head down to the village and get some dinner."

Harry nodded, then dived into the pool to cool off before going to shower and dress.

* * * *

For the drive down to the restaurant, Michelle opted to sit in the back to give Harry more leg room and the three chatted amiably. The fishing village itself was picturesque and, since most of the coast of Portugal faced west, the sun setting over the sea added to the beauty.

Michelle had pinned her hair up and wore a fitted grey skirt that stopped a couple of inches above the knee. An ivory silk blouse hugged her figure, and the heeled sandals emphasised the muscle-tone in her calves. The fact she wasn't wearing underwear gave Harry an added thrill.

Lucas suggested they go for a drink before dinner, leading them into a crowded bar situated on the harbour front. The clientele seemed to be mainly twenty-somethings, probably a mixture of locals and holiday-makers. Harry asked for a beer and Michelle ordered Prosecco.

As Lucas weaved through the crowd on his way to the bar, Harry saw several women's heads turn to watch him. He could understand why; Lucas was good-looking, six-foot-four, and with a fit body. Harry also noticed a lot of the guys stealing glimpses at Michelle, too.

Michelle rubbed his arm. "What are you smiling about?"

He shrugged, not realising he had been. "I feel kind of invisible."

She frowned. "Why?"

"We've been in here about a minute, and all the women have already checked out Lucas, and all the men have given you a good look over."

She slid her hands round his waist. "Aw, are you feeling neglected?"

He shook his head. "No, I'm happy. I'm married to the prettiest woman in the room. I don't need anyone else's attention."

Michelle opened her eyes wide, her face suddenly serious. "I love you."

Harry was momentarily dumbstruck, and Michelle leaned close and kissed his mouth. As Lucas started back with their drinks, Harry decided to have some fun with the other patrons. "When Lucas gets back, kiss him."

"Why?"

He smiled. "Just to give all your collective admirers something to talk about."

She laughed, and when Lucas handed her the drink, she slipped her arm round his waist and reached up and kissed him on the mouth. "Thanks, handsome."

Lucas looked puzzled at the show of affection but didn't say anything.

All the time they were in the bar, Michelle made a point of cuddling up to both men and kissing them both regularly. By the time they left for the restaurant, Harry had a warm glow throughout his body.

The restaurant was about half full. They were shown to a square table in a small booth. Michelle sat against the back wall, the two men on either side of the table, facing each other. Lucas recommended the seafood, and that's what they ordered.

Michelle flirted with both men while they were waiting for their food. Harry noticed that she was drinking more than she usually did, and he enjoyed seeing her so relaxed. Their food arrived and, as Lucas had promised, it was amazing.

Harry thought about the last time Michelle and Lucas had been out for dinner in a Newcastle restaurant. He still had the photos of her hand gripping Lucas's hard-on through his trousers, and his hand up her skirt between her thighs.

A wicked thought entered Harry's brain, and he dropped his hand under the table and placed it on Michelle's knee. She glanced at him briefly but didn't let it interrupt her conversation.

He moved his hand slightly higher up her thigh. As Michelle and Lucas continued their conversation, Harry picked up his beer with his left hand and pretended to look over to the other side of the restaurant. Moving his hand higher up still, he was thrilled when Michelle opened her legs a little wider.

Harry watched her face and pretended to be listening to what she was saying as he pushed two fingers inside her. Her eyes widened, and she hesitated slightly before continuing with what she was saying but, other than that, Michelle gave no indication that she was being fingered under the table.

He'd expected her to be wet, and wasn't disappointed. After finger-fucking her for a half-minute or so, he withdrew his fingers and moved the tips of them up to her clit, loving the shudder she gave.

Michelle giggled to try and hide her reaction. She turned to Harry with the most beautiful smile on her face. “How was your lobster?”

“Not as juicy as your clam.”

With that, the pair of them fell into fits of giggles and Harry withdrew his hand completely.

Lucas looked puzzled, then shook his head. “I think you two must have caught too much sun today.”

Michelle wiped her eyes and smiled at him. “You could be right. Come on, take us back.”

After they’d paid the bill, Lucas drove them back to the villa. Inside the dark car, Michelle reached over the back of Harry’s seat and gently stroked the nape of his neck for the entire journey.

As soon as they walked into the villa, Michelle began to unbutton her blouse. “Are you two up for a midnight swim?”

Harry laughed and shook his head. “I think this is where I retreat to my room.”

Michelle smiled at him, her blouse now hanging open and her boobs in full view. She pouted, then moved her fingers to the fastener at the back of her skirt. “You’re such a spoil sport.”

With a wiggle of her hips the skirt slid down her legs. She stepped out of it and, wearing only her sandals, looked up at Lucas. “So it’ll be just us two in the pool again.”

Lucas looked at Harry, then back at Michelle. He shrugged, with an *‘I guess someone’s got to do it’* smile on his face.

Harry made his way upstairs while the others headed outside, Lucas still fully dressed, Michelle in her sandals.

Harry brushed his teeth as quickly as he could, then got to his bedroom and, with the light off, peeped out of the window. Michelle and Lucas were standing at the side of the pool, kissing passionately while running their hands over each other’s body.

Harry’s cock immediately thickened. He watched as they broke off the kiss and whispered for a couple of seconds, then Michelle suddenly

pushed Lucas hard on the chest and he fell backwards, still fully dressed, into the pool.

She laughed manically, then kicked off her shoes and jumped in with him.

Harry slowly undressed, watching his wife kiss Lucas as she helped him peel off his soaked clothes. Though the pool was lit from below, Harry was too far away to see their expressions or what they were doing. He got the impression they were just stroking each other and having fun rather than having sex.

In the end, he decided to leave them to it and slid between the sheets. He heard laughter and occasional squeals for another five minutes or so, then, to his surprise, he heard them come inside. They stayed downstairs for quite a while, then their bedroom door clicked shut. He heard the shower running, followed by more giggles and squeals.

Harry tried to delay touching himself, but as soon as he heard Michelle groan his hand wrapped around his cock. Lucas was fucking his wife in the shower, and Harry couldn't stop himself from pumping his cock at the thought of the big cock sliding in and out of Michelle after he'd primed her earlier in the restaurant.

As soon as he heard her let out another groan, Harry came all over his stomach, hot jets spurting with each pump of his hand. He waited until his breathing and heartbeat returned to normal before cleaning himself up exactly as he'd done on the previous night. As Harry was scrunching the cum-soaked tissues into the side pocket of his holdall, his wife screamed the arrival of her own climax.

Harry lay his head back on his pillow and sighed with contentment. As he was settling down to sleep, he realised the shower had stopped running. Michelle and Lucas must have moved the action into their bedroom.

Harry drifted off to sleep...

Michelle was standing in the pool, her elbows resting on the side. Several men stood in the water around her, taking turns to fuck her from behind while Harry watched. They fucked her hard, one after the other, each causing her to cry out as they slammed into her.

Jed sat on the next lounge to Harry, giving him a running commentary. "He's got a big cock, she'll enjoy this. Oh dear, he's come already, that wasn't much of a fucking. Get the next one in her, this slut's pulling a train, you know. Wait a minute... that guy's fucking her up the arse. What's he want to do that for? She's got a lovely twat." He pushed Harry's shoulder several times. "Tell him to fuck her properly."

Harry shook his head and kept watching as Michelle came yet again. Jed continued pushing his shoulder.

"Harry."

Leave me alone.

"Harry!"

He opened his eyes, now fully awake. It was still dark outside, and Michelle was crouching down at the side of his bed.

"What's wrong?" he asked, wondering if she'd actually managed to fuck Lucas to death.

"I wanted to see you," she whispered.

Harry blinked, confused. "Is everything okay?"

She smiled. "Yes, everything's fine. I've left my bull asleep and sneaked out to see my husband."

He was still too muddled to think clearly. "Why?"

"I think you deserve a treat for what you did to me in the restaurant."

Harry laughed. "Did you like it?"

She nodded. "Of course I did. You made me come."

He sat up a little. "Really?"

Michelle laughed and folded her arms on the edge of the bed.

"Listen, Lucas doesn't like sloppy seconds, so you can't come inside me."

Harry blinked. "What do you mean he doesn't like sloppy seconds?"

"He doesn't like putting his dick into a woman who has another man's cum in her. He admitted that's why he missed the gangbang."

"But he comes inside you six times a night, so he gets sloppy seconds, squelchy thirds and drippy fourths."

Michelle giggled and slapped his arm. “He doesn’t mind his own cum, you idiot. It’s just other men’s.”

Harry shrugged. “How would he know? He’s already fucked you tonight in the pool and in the shower.”

“We didn’t stay in the pool, there were too many flies and moths. He only fucked me in the shower until I came, then we got out.”

Harry rubbed his face with his hands, still not quite with it.

Michelle let out a sigh. “He’s only come once so far tonight, and that was in my mouth.”

“Oh.” Harry’s mind went back to watching them in the pool, Michelle deep-throating the big black cock over and over. He wasn’t surprised Lucas wanted a repeat performance after making her come in the shower.

Michelle leaned closer and blew in his ear. “So you can’t come inside me, but you can fuck me so long as you withdraw first.”

He looked into her eyes. “Kiss me.”

She frowned. “I’ve just told you that Lucas has—”

“Kiss me.”

Michelle kept her eyes open and put her lips to his. Harry pushed his tongue as far into her mouth as he could, making her groan. He wasn’t sure why he’d done it, and although there was a strange taste to her mouth, it wasn’t obvious what it was.

Harry gripped her hair and held her head close as he hungrily sucked her tongue. Michelle climbed into his bed and lay on top of him. He was rock hard and reached down to guide himself inside her, relishing the warm caress of her sex. Michelle undulated on him, her body warm and soft and wonderful.

She pulled her head back and looked down at him. “Don’t you dare come in me.”

“I’ll try not to.” That wouldn’t be easy; the only reason he hadn’t come already was because he’d jerked himself off an hour or so earlier.

Michelle closed her eyes and bit her lip. He felt her gripping him as she came. For the second time that night, Michelle managed to stay silent

while Harry made her come.

He smiled. "Maybe I'll come in your mouth. I don't mind sloppy seconds."

Michelle raised herself off him and slid down his body.

As soon as he felt her mouth envelop him, Harry let out a quiet sigh. She'd taken his cock all the way into her throat on the first attempt; no need to build up to it like she had to with Lucas.

Michelle bobbed her head and Harry gripped her hair.

Harry imagined Lucas waking up alone and coming to look for his hotwife, only to find her straddling her husband's legs with his cock in her mouth. Lucas would step behind her, hold out his ten-inch cock and slam it deep into her cheating cunt...

Harry came powerfully into his wife's mouth. He had to bite his hand to prevent crying out. Michelle kept her head bobbing and Harry kept spurting. She scratched his legs with her nails and swallowed everything he produced.

She slowed her head movements, coming to a stop with her nose resting against his pubic hair. Pushing her tongue out, she licked his balls. Harry marvelled at how good she made him feel, how good she probably made every man she sucked feel.

Michelle released his cock and slid back up his body. She smiled her beautiful smile and kissed his cheek, then kissed his lips and forced her tongue back into his mouth. This time he could definitely taste cum, but it was his own, and he was tasting it from his wife's mouth.

She raised herself up to look down at him. "Right, I'm going to creep back."

"What if he's awake?"

"If he's awake and hard, I'll make him fuck me."

"Slut."

She pinched his nipples playfully. "You'd better believe it," she said as she slipped out of bed.

"I hope he fucks you hard."

She smiled down at him. "So do I. See you in the morning, love."

She crept out and slowly closed his door.

Harry sighed, wondering if he'd be able to come a third time while listening to his wife getting nailed. But there was no sound from the master bedroom, which made him assume Lucas hadn't stirred from his sleep.

Harry closed his eyes, hoping to re-capture the dream of Michelle pulling a train in the pool.

Chapter 20

Harry had been sitting at the table under the pagoda for over an hour. He'd drunk two cups of coffee and eaten some pastries he'd found in the fridge. Lucas and Michelle were no doubt making the most of their last lie-in together of the weekend, and Harry was happy for them.

Michelle's late-night visit was still fresh in his mind—as was his vision of Lucas fucking her hard from behind while she sucked Harry's cock.

“Hey, you.”

Harry looked up and saw his wife standing by the French doors. She had her hair tied in a ponytail and wore a vest and a tight pair of cut-offs. He couldn't help smiling. “Hiya. Sleep okay?”

“Hmm. You?”

He laughed. “Oh yeah.”

She walked over and sat next to him. “Ask me what you asked yesterday.”

He frowned, puzzled. “Ask you what?”

“How and where. And how many.”

“Ah.” The penny dropped; she wanted to tell him about Lucas's stamina. “Okay, but I'd prefer to get the details at home in the way you described yesterday.”

“You will. But ask me anyway.”

“Okay. How and where?”

“Number one you know. Standing up in the shower—which isn't easy with a guy over a foot taller—and then in my mouth.”

“Number two?”

She smiled. “Some brief fling with another man. In my mouth *again*.”

“You're welcome. Number three?”

“Missionary, then doggie. Inside.”

Harry nodded. “Number four?”

“Me riding him cowboy, then doggie again. Inside.”

“Impressive. Do I need to go on?”

Michelle rolled her eyes. “Oh yes.”

“Wow. Number five?”

“Missionary, followed by cleavage sex. Then in my mouth. Again.”

“Jesus. You must be shattered, though probably not hungry.” Harry smiled. “Lots of protein.”

Michelle stared, straight-faced. “Keep asking.”

“What? He had you again?”

She nodded.

“Okay, Number...where are we up to? Six?”

“He started off doggie, then decided to go anal. No lube.”

Harry winced. “Ouch.”

“Hmm. His cock was slick with juices and cum, but it still hurt. And he came in there, too.”

“Whew.” Harry almost felt sorry for her. “Before I ask how you feel, do I need to keep asking?”

“No. We’re all done. The bastard’s now fast asleep. Said he was too tired to make me a cup of tea.”

“Would you like me to make you a cup of tea?”

“Yes. And stop smirking, because I’m sore in every hole I’ve got.”

He patted her head as if she were his favourite pet. “Yeah. I suppose it’s a tough life, being a fuck-toy.”

“Piss off.” Michelle smiled, even though he was sure she’d tried not to.

Harry went into the kitchen and returned a few minutes later with tea and croissants for his wife, and more coffee for himself.

He passed the plate. “I thought these might soak up the jizz in your stomach.”

She frowned in disgust. “Bastard.”

“Yip. Now, drink your tea and then go for a swim while the pool’s still cold. It’ll numb your battered slut holes.”

Michelle laughed out loud and took a bite of her croissant. “Bastard,” she said again, spitting out flakes of dough in the process.

Lucas appeared a few minutes later. He nodded to Harry. “Morning.”

Harry returned the greeting, slightly freaked out by the weirdness of wanting to thank him for fucking his wife so many times during the night.

Lucas looked round the garden, then nodded towards the space behind the pagoda. “I thought we could have a barbecue later.”

Harry and Michelle both nodded their approval.

Lucas went back inside and came out carrying a glass of orange juice. He joined them at the table and looked up at the clear blue sky. “Another hot day.”

“Well,” Michelle said, “I’ll have to make the most of it. This is probably the last sunshine I’ll see this year.”

Lucas laughed. “I’ve got all next week here, too.”

Harry wondered if he’d said that hoping to convince them—or at least Michelle—to stay for longer.

“Lucky you.” Michelle stood up and walked over to the lounge and slowly stripped off her vest and shorts.

The fact she kept her panties on made Harry wonder if Lucas’s cum was still leaking from both holes. His stomach fluttered at the probability of it.

Harry stayed at the table under the pagoda and read the football reports on his phone. Lucas retrieved his paperback from inside and went to read on the lounge next to Michelle. The three of them relaxed in peaceful silence for over an hour.

Michelle broke the tranquillity by announcing she was going to have a swim. She slid her panties off and dived straight into the pool. After swimming a few short lengths, she climbed out and walked back to her lounge.

Rather than sitting down, she dragged it over to the pagoda and positioned the top end closest to Harry's chair. Then she padded into the villa and returned with a plastic bottle. "Rub this on me," she said as she passed it to Harry.

He examined it. "This isn't the stuff we used yesterday."

"No, it's tanning oil. Use loads, because I want to be slippery all over."

Harry obliged, rubbing the oil all over her shoulders, breasts, belly and arms. She turned around and he covered her back and bum in the same way. When she lay on the lounge, Harry dribbled oil straight from the bottle onto each of her thighs, then massaged it in. Michelle raised her legs one at a time, so he could cover the calves, too.

He looked down at her body, which glistened and looked very inviting. Without warning, he poured more oil onto her stomach and bent to rub it in, running his hand down between her legs and over her sex.

Michelle pushed her groin up to meet his hand, then smiled at him. "Sit in your chair."

Harry did so; he was now looking down at her prone body from immediately behind her head.

"Now you'll have a grandstand view." She looked over toward the other lounge. "Lucas, get over here and do your duty."

Lucas looked up from his book, pushing his sunglasses onto the top of his head. He gave a smirk as he stood up, dropped his paperback, and walked slowly across the patio, coming to a halt at the foot of Michelle's lounge.

Looking down at her body, he gave her a confident smile and unbuttoned his shirt. Harry could see the bulge forming in the bull's shorts and, not for the first time, he marvelled at the guy's ability to get an erection whenever he needed to.

Lucas slipped his shirt off and dropped it to the floor. As he pushed his shorts down, his cock sprang out, rock-hard and rolling pin-straight. He took his sunglasses from the top of his head and reached down to pass them to Michelle, who laughed and put them on.

She raised one leg and tapped her foot against his huge cock. “Get this inside me.”

Lucas knelt between her legs and lowered himself into position. He placed the tip at her entrance, looked up into Michelle’s face, and grinned. “Ready or not, here it comes.”

He pushed forcefully into her, going ten inches deep in a single stroke. Michelle let out a yelp and pushed her head back. Harry gazed down at her face, which was upside down from his view. Her eyes were hidden behind the sunglasses, and her mouth was wide open.

Lucas held himself up on straight arms, his triceps bulging. “You ready for me to do my duty?”

Michelle smiled wickedly. “I’m always ready, as you well—”

Lucas thrust into her again, a single, powerful lunge. He held his cock as far in as it would go and looked down into her face. “Are you ready to do *your* duty? Are you ready to take everything I throw at you?”

Michelle bent her arms and gripped the top of the lounge on either side of her head. “Come on, give me all you’ve got.”

Harry watched the two of them with a coldness in his stomach. He sensed a tension between them he hadn’t seen before. It was almost like they were competing to see who could out-fuck the other.

Lucas glanced up at Harry, then looked down at Michelle’s oil-coated body. Pulling back out of her until only the tip was inside, he sneered, baring his teeth, and then slammed into her. He pulled right back and slammed in again, over and over.

Michelle arched her back and let out a high-pitched squeal with each prod from his cock. Lucas fucked her hard and fast. Harder and faster than Harry had ever fucked her, probably harder and faster than *anyone* had ever fucked her. Her squeals became a constant wail.

As he looked down at his wife’s face, Harry wondered what was going on behind the dark glasses. Did she really want to have sex like this, or was it just a performance for him? Was she experiencing ecstasy or pain?

“Oh God! Yeah...Fuck me fuck me fuck me...”

Harry got his answer.

Lucas fucked her so hard that he'd pushed her body up the lounge, and Michelle's head was now hanging off the end.

Harry watched her face. Although it'd have been nice to be able to see her eyes, the sunglasses somehow added to the thrill he got. She looked... he couldn't think of the right word. Mysterious? Anonymous? Whatever word it was that eluded him, she looked incredibly sexy. Shifting on his seat reminded him that he had his phone in his pocket.

Lucas held himself up on straight arms and Michelle squirmed beneath him as he fucked her. Harry looked down from above his wife's head and took several photos, then switched to video and captured the action.

The bull lived up to his title, fucking her this way for a long time. Harry couldn't tell how many times his wife came because she never stopped wailing throughout, though at least twice her wails became screams.

Michelle must have known when Lucas was approaching his release, because she told him to pull out before he came.

Harry held his breath and watched the screen of his phone as the bull withdrew and held himself up on his arms over her body. Michelle reached up with her hand and pumped his huge cock. A stream of cum erupted from him, splashing all over her oil-slicked breasts and stomach.

Michelle let out a groan of appreciation and kept pumping her hand, and more cum spurted over her. Harry's cock was rock-hard as he dribbled precum inside his underwear.

When Lucas had finally stopped coming, Harry stopped recording and took another series of photos of his cum-splattered wife, her face turned up to him. He knew these photographs were the sexiest images he'd ever managed to capture. He looked forward to editing them on his laptop, maybe trying out a few effects.

Lucas stood and smiled down at Michelle, then turned, ran across the patio and leapt. He curled himself up into a ball—Harry had called it 'bombing' when he was a kid—and a huge spray exploded from the pool as he hit the water.

Michelle climbed up off the lounge and turned to face Harry. Lucas's sunglasses still hid her eyes, and his cum still covered her chest and stomach.

She tilted her head to one side and smiled. "Take my picture."

Harry did so, taking at least ten shots.

"And now shoot a video," she ordered.

Harry obeyed, selecting the correct option and pressing the red button.

Michelle smeared the cum all over her stomach and breasts while looking directly into the lens. "I have a confession—this isn't my husband's cum. My husband has just watched another man fuck me, and I know he enjoyed it almost as much as I did." She licked her lips. "And when we get home, my husband is going to use me for his pleasure, and then he's going to come all over me as well." Michelle gave her most beautiful smile. "I love my life."

There were butterflies in Harry's stomach, and he stopped filming. He stared at Michelle, who removed the sunglasses and looked down at her body.

"Did you enjoy that?" she asked.

"What, the sex or the confession?"

She laughed. "Both, I suppose."

He nodded. "Yeah."

"Good. I'm going to wipe this off and take a shower." With that, she turned and headed inside the villa.

Lucas climbed out of the pool and pulled on his shorts, then walked over to the barbecue. He found firelighters and piled charcoal briquettes around them, then set it alight.

Michelle came out of the villa, her naked body now clean. She smiled at the men, then walked slowly to the pool and lowered herself in. She allowed herself to float on her back, her legs and arms held open like a starfish.

Suddenly, the handle of the garden gate rattled as someone tried to open it. The gate was bolted from the inside, and whoever was trying to get

in rapped the wood with their knuckles.

“Yoo hoo,” called a woman’s voice.

Michelle climbed out of the pool and anxiously looked around. She was stark naked and dripping wet. Lucas made his way to the gate, and Harry quickly removed his own t-shirt and threw it to his wife.

Lucas gave her time to get the shirt over her body before opening up. A woman tottered onto the patio. She was somewhere in her mid-forties and wore just a black bikini and a pair of high-heeled sandals. She had a good body and a rich tan. Her hair, dyed an unnatural shade of deep magenta, was held up at the back of her head by a large clip.

She smiled broadly and gripped Lucas’s arm. “Hi, darling.”

“Stephanie.” Lucas pecked her cheek stiffly.

“Jenny told me you were coming over to stay. I saw the smoke from the barbie and thought I’d pop over to say—”

The visitor finally noticed Lucas had company. She regarded Michelle with a look of disdain, and Harry saw the woman’s eyes wander down his wife’s body. The white t-shirt was now soaked, and the thin wet cotton did nothing to hide her nipples. At least it was long enough to hide her lack of bikini bottoms.

“Oh...” Stephanie looked accusingly at Lucas, as if she deserved an explanation.

“Stephanie, this is my friend Michelle.”

“Hello.” Stephanie didn’t hide the fact that she didn’t approve of Michelle’s presence.

“Hi,” Michelle smiled, obviously amused by the situation. She pointed to Harry. “This is my husband, Harry.”

As soon as Stephanie saw him, her smile returned. “Ah, right. Hello, nice to meet you both.”

Harry nodded in greeting but couldn’t help smirking at the situation. Stephanie obviously hadn’t liked the idea of Lucas having a female guest, but a married couple was perfectly acceptable.

If only she knew what’d been going on.

Lucas looked slightly embarrassed by the intrusion, his smile very forced. “Stephanie owns the villa next door. I work with her brother-in-law, who owns this villa.”

Stephanie turned her hundred-watt smile toward Lucas. “I came to ask if you wanted to come around for drinks later, but if you have other plans, I’ll understand.” She looked over at Harry. “You’re all welcome.”

Michelle smiled apologetically. “That’s very sweet of you, but I’m afraid we’re only here for the weekend. We fly home tonight.”

“Oh, that’s a shame,” Stephanie chirped, turning back to Lucas. “Well if you’re doing the airport run, I could cook a late supper for the two of us, if you like?”

Lucas looked uncomfortable but accepted the invitation.

“Super, see you later.” Stephanie turned to flash another smile at Harry. “Lovely meeting you,” she said, then headed back towards the gate.

Harry admired her bum and legs as she went.

Lucas frowned and nodded towards the French doors. “I’ll get the meat from the fridge.”

After Lucas had gone inside, Harry approached Michelle. “You okay?”

She smiled. “Yeah, why?”

“I was just wondering...”

Michelle laughed. “He’s a bull. He can fuck who he wants.”

“Right.” Harry nodded. “He’ll be getting more than supper later.”

“What did you think of her?”

He wondered how honest to be. Although Michelle had suggested she wasn’t jealous, that might not have been the complete truth. “I thought she...”

Michelle laughed. “Stop being a wimp and tell me if you fancied her.”

“She had a nice figure and great legs. Considering she’s about fifteen years older than us, I thought she looked good.”

Michelle nodded. “Yeah, she did. But who walks down the road to visit a neighbour wearing high-heels and a bikini? God, how desperate must

she be?”

“I thought she looked sexy.”

“You would.” Michelle stripped off his t-shirt and handed it back, then dived back into the pool and stayed there until the chicken and steak were cooked and ready to eat.

The three of them chatted as they ate, though Stephanie wasn't mentioned in their conversation. Harry helped to carry the plates in and said he was going to pack his bag. He'd expected Michelle would demand her bull do his duty one more time, but when he came back downstairs, Michelle was lying naked on the lounge enjoying her last hour in the sun, and Lucas was reading his book next to her.

When it was time to leave, Michelle went upstairs and came down a couple of minutes later wearing a pair of jeans and a long-sleeved top, her bag over one shoulder.

The drive to the airport was done in relative silence. Although Michelle had assured him she didn't care what Lucas did when she wasn't there, Harry sensed a strained atmosphere between the two of them.

At the drop-off zone, Harry grabbed his bag and said a quick goodbye to Lucas, heading for the door so they could say their goodbyes. He watched their reflection in the glass doors. Rather than an expressive hug to thank each other for their weekend of passion, Michelle just reached up and kissed him chastely on the cheek.

Once inside the airport, Michelle sighed. “I think it's time I moved on from Lucas.”

“*What?*” They'd just spent forty-eight hours fucking each other. “I thought you didn't mind about Stephanie?”

She laughed. “Of course I don't mind about Stephanie. But he can't have it both ways.”

“What do you mean?”

She nodded at the queue ahead of them. “Let's get through security then go for a drink in the bar. I'll fill you in.”

It took less than ten minutes to get to the departure lounge and find a vacant table in the bar area. Harry bought two bottles of beer.

Michelle took a sip, then looked at him. “Lucas kept forgetting the rules. On Friday night and for most of Saturday, he kept pestering me about the two of us going away for a couple of days together. ‘Not just for sex,’ he said.”

“Oh? On Saturday, he told me he thought you enjoyed it more when I was there.”

Michelle hesitated and blinked. “That’s probably because I put on a show for you, and he got to benefit from it.” She shook her head. “But he wasn’t asking me to go away with him as your hotwife. I think he wants a girlfriend.”

“Ah.”

She nodded. “He was talking about us going to Dublin. He said we could see the city and go dancing. I told him if I want to see new places and go dancing, I’ll do it with you. I explained that I only see bulls for casual sex.”

“And?”

“He said he thought we had something special, and that he was under the impression he was the only bull I was seeing at the moment.”

Harry considered this. “I suppose it’s been mostly him since the gangbang.”

She nodded. “He wasn’t happy about the gangbang and wouldn’t let me talk about it. At first, I thought it was because he didn’t like the idea of sloppy seconds, but it became clear he didn’t like was the idea of me being fucked by other men. When I told him about Jed, he went really sulky.”

“So, you’re not bothered that Stephanie will be getting him tonight?”

“Not at all. I reckon if he does his anal-without-lube trick on her, it’ll cause her first frown since the Botox treatment.”

Harry laughed and choked on his beer. He reached over and squeezed her hand.

She shrugged. “Anyway, Lucas is a bit too... nice.”

“Nice?” Did she mean handsome? Would she prefer more men who looked like Jed?

“Yeah, he’s polite and sincere.”

“I thought he fucked you rough and without lube?”

She laughed. “He’s still a nice guy. I want someone who’s a bit rough round the edges, with an attitude.”

“Have you been reading bad-boy romance stories?” he asked with a tone a teacher might use.

“Ooh, bad-boy bulls. I wonder where we can find one of those?”

They didn’t discuss Lucas or any alternative bulls during the three-hour flight. It was past one in the morning by the time Michelle and Harry finally arrived home, and they were both too tired for anything except sleep.

As they cuddled in bed, Harry thought about what she’d revealed in the airport. Had Lucas really fallen for her? He remembered the guy’s expression while watching Michelle in the pool the previous day and wondered how many of the other hotwives made him say ‘wow’.

It seemed strange that Lucas could disapprove of her seeing other bulls when she shared a bed with her husband every night of the week. Maybe Harry’s small cock didn’t count as competition, and it was only the thought of Michelle taking another big cock that upset him.

While Michelle slept soundly in his arms, Harry wondered what the attraction was for a bad-boy. And then he began to worry about how he’d be treated as the cuck.

* * * *

A few nights after their return from Portugal, Michelle headed up to bed earlier than usual. Harry thought nothing of it but when he followed her up fifteen minutes later, he found her lying on the bed wearing a black see-through teddy and hold-up fishnet stockings. He stopped in the doorway, momentarily dumbstruck.

Michelle pointed to the floor at the side of the bed, her expression serious. “Take off your clothes and stand here.”

Harry did as he was told.

Michelle reached under her pillow and brought out the vibrator he’d used on her after they’d watched the film of the gangbang. “I’m going to use this as a prop while I describe what it’s like taking a real cock this size.”

Harry was unable to take his eyes from it. He'd forgotten how big it was. His cock stiffened at the memory of punishing her with it.

"So..." Michelle held the base in one hand and trailed the fingers of her other hand over the tip and down the shaft. "This is about the same size and shape as Lucas's cock."

Harry saw her gaze fixed to the sex-toy, not him.

"When I haven't seen him for a while, I can't let him just push it all in at once. It's too painful, so I have to build up to it. I have to make sure I'm wet." She glanced up at Harry. "I mean, *really* wet."

He swallowed hard to lubricate his dry throat.

Michelle looked back at the vibrator. "I always get pretty wet anyway, because the anticipation of getting fucked by a cock this size is a huge turn on. But, when you consider the size..." She lay the vibrator against her mons, the toy reaching well past her tummy button. "Makes me wonder how it can fit in."

Harry considered the size of the toy in relation to Michelle's petite body and tiny waist. He knew the path the toy would travel would take it back and in at an angle, but it still looked nigh-on impossible. He'd always marvelled at the way she was able to accommodate huge cocks. Most of the bulls from the gangbang had been big, but Roy, Lucas and Jed had possessed the biggest cocks he'd ever seen.

He realised Michelle had stopped talking and looked up from the toy to her face. She was smiling at him, and her eyes slowly wandered down his body. Harry followed her gaze. His cock was rock hard, the domed tip already glistening around the slit with precum.

"During the flight to Portugal," she said in a sexy whisper, "I thought about lying naked in the sun, then getting fucked in the pool. I was so wet, I could probably have taken Lucas straight away, but I wanted to please him, too."

Michelle got up onto all fours, facing Harry. "When Lucas and I got into the bedroom, I stripped naked and knelt on the bed like this. Then I told him to take off his clothes and stand at the side of the bed, just like you are."

An involuntary muscle spasm ran through Harry's body, causing his cock to twitch. A trickle of precum seeped out as he considered the possibility of Michelle sucking him.

Michelle smiled as she watched him. "So, when Lucas was naked and standing with his cock so close, I opened my mouth and put my tongue out, like this."

Harry was afraid he'd come as soon as she sucked him, but Michelle stuck her tongue out and licked the tip of the sex toy instead. She took the tip into her mouth and closed her eyes. He watched, hearing the slurping noise, and imagining how it had felt for Lucas. He remembered lying in his bed and listening to the guy moan.

Michelle pulled her head back and looked up at Harry. A thin strand of saliva stretched from the toy to her lower lip. "When I suck Lucas, I'm doing it for a couple of reasons. Ignoring the fact that it makes him really hard, it also turns me on. A lot. I can feel my juices pooling inside."

Harry could hear his pulse raging in his ears. He was desperate to touch himself but was afraid to in case he came.

He breathed shallowly through his mouth. "So what happened next? When he was hard, and you were wet?"

She flashed a smile of approval and lay back on the bed. "I opened myself up to him, like this..."

As she opened her legs, Harry could see the outer lips of her sex were engorged and slick.

"I didn't need to tell him what I wanted, and he climbed on the bed between my legs." She positioned the tip of the vibrator at the opening of her sex.

Harry realised she hadn't bothered flicking the switch; maybe she was worried the sound would make it hard for him to hear her commentary, or maybe she just wanted it to feel more like Lucas was fucking her.

"He's always gentle during the first time," she said, looking into Harry's eyes. "He pushes in slowly, watching my face to gauge if it's too painful." Michelle slowly eased the toy inside her, raising her bum off the bed slightly to line her body up with the invading phallus. "Ahh..."

Harry watched her wince slightly as the toy went about halfway in. Her moan was exactly the same as the one he'd heard that night, the same he'd heard many times.

"He takes his time, going a little deeper with each..." She pulled the toy back and pushed it into her a little further. "Ahh.."

Michelle eased the toy deeper and deeper until it was buried deep inside her. Then she looked up at Harry, her voice breathless. "And then he fucked me like this and shot his load deep inside me."

Harry swallowed the lump in his throat.

She bit her lip as she looked at him. "I think we should see who can make themselves come first."

Although he'd love to fuck her, Harry found himself preferring this scenario. He smiled down at her. "Do you want me to wait for you to catch up?"

She held his gaze while she pumped her hips up and down, the ten-inch toy completely enveloped inside her. "I thought I'd need to wait for you."

He shook his head. "I could come just looking at you dressed like that. And when you tell me about sucking big cocks, how wet it makes you..."

Michelle was rocking the base of the toy and riding it from below. "Harry, I think you should... I'm going to... Oh fuck."

Harry gripped his cock and pumped his hand as fast as he could. A thick cord of cum flew out and landed on Michelle's teddy.

She yelped in surprise and arched her back, letting out a squeal as she came. Harry's second spurt landed in her pubic hair and on her hand.

She groaned again and sat up on the bed, opening her mouth wide.

He only just managed to get his cock between her lips before releasing another spurt. Michelle took him all the way into her throat as she continued to rock the vibrator deep inside her.

Harry let out a groan, half-kneeling on the bed as he watched her change the rhythm of her hand.

She began to slide the toy in and out, slowly at first, but soon increasing the pace as she approached her second orgasm.

Harry felt her groan as a vibration on his cock, which she hadn't released from her throat. Her face pressed against his groin and her toy was buried deep inside. Her body shook with the release. He imagined two bulls using her like this, and he felt himself getting harder in her mouth.

Michelle must have felt it, too, because she began to bob her head forward and back. She brought her free hand up to play with his balls.

Harry had never come two times in a row, but as Michelle began working her mouth and tongue on him, he knew there was a strong possibility he might be able to do it now. He closed his eyes, picturing her kneeling on a bed and being spit roasted by two bulls.

Both guys looked like Lucas: black, with shaved heads and huge cocks. Lucas-One pushed from behind, sending his cock deep inside her. Lucas-Two knelt by her face and sent his cock right down her throat. Michelle made grateful sounds and rocked herself forward and back between the men, revelling in the experience of having twenty inches of cock buried inside her body. In Harry's weird perception of what was possible, he imagined the two black cocks almost meeting each other inside his wife's body, and both unloading their creamy cargo at the same time, flooding her with...

Harry let out a groan as he came for the second time. Michelle kept him in her mouth and swallowed everything. He tried to recapture his vision of the spit roast, but the euphoria of a second orgasm had clouded his mind. His entire body trembled, and Michelle eased him up and off her.

Harry stood, still trying to catch his breath. He looked down at her and sighed.

Michelle flashed him a beautiful smile. "How was that?"

He shook his head and laughed. "I didn't know I could do that."

She smiled. "Me neither, but now I know you can come twice in a row, you're going to have to do it more often."

His stomach tightened as joy flooded through him. "Okay."

She looked down at the sheer amount of cum all over her body. "Wow."

“Yeah...” He couldn’t help smiling.

She slowly pulled the vibrator out and wrapped it in tissues from a box on the bedside drawers. “Get in bed, I’ll go and clean up.”

“No.” He’d said it louder than he intended, and she blinked in surprise. He shrugged. “Please, don’t clean up. Stay like that, and sleep with *my* cum all over you for a change.”

She looked down at her body, then up into his eyes. “Is that what you want?”

He nodded.

She pulled the quilt back and lay on the sheets. She made a point of showing him her hand, which still had cum on the back of it. She put her tongue out and raised her hand to her mouth, but he reached down and stopped her. Harry climbed into bed and brought her hand to his mouth and watched her eyes as he licked his own cum from her hand.

“I thought you didn’t—?”

He shook his head. “I don’t. But you do.”

She nodded. “Thank you. But now you’re going to have to make me come again.”

“Are you serious?” He knew there was no chance in hell of him getting another erection.

“Very.” Michelle got up on the bed and straddled his face. “If you can lick up cum for me, I can pretend I’ve just been fucked and that you’re cleaning me.”

Harry smiled. “I think that’s a good compromise.” He licked his lips and looked up at his wife’s gaping sex. Closing his eyes, he gripped her buttocks and pulled her down onto his tongue.

Michelle let out a groan and rocked her hips. Harry eagerly licked, probed and sucked, and she came after only a couple of minutes.

They settled down in bed and cuddled, the itchiness of her stockings giving him a thrill whenever their legs met. They were both fast asleep within minutes.

$$\Psi$$

Chapter 21

Over dinner on Thursday evening, Michelle told Harry she and Abby would be working at the Crown Court in Manchester the following day.

“Big case?”

“Not particularly, but Abby suggested I go with her. I thought you could come over after work, and we could have a drink in the city tomorrow night.”

Harry smiled, pleased with her suggestion. “It’s been ages since we’ve been out in Manchester. I’ll drive over in the car because the last train home leaves about ten.”

“Great.”

They finished dinner chatting about trivial things, then spent the evening watching TV.

The following morning, Michelle was up early. She dressed in the grey suit Harry had bought for her trip to Newcastle with Lucas, and smart black high-heels.

Harry looked at her admiringly. “Are you sure you’re just going to court and not meeting up with a bull in Manchester?”

She laughed as she checked her makeup in the mirror. “I wish I was. As it is, I’m playing with fire wearing this suit.”

He smiled, remembering her saying that Abby would go batshit if her underling looked smarter. “Shouldn’t you wear nylons?”

Michelle shook her head. “I always find courts too hot, then I get sweaty and my thighs itch.” She looked down at her legs. “Besides, I want to show off my tan from our holiday.”

After she’d gone downstairs, Harry headed to the bathroom.

He was in the shower when Michelle popped her head round the bathroom door. “Right, I’m off. Text me when you get to Manchester

tonight, and we can arrange where to meet up.”

“Okay.”

“If you try and text during the day, I won’t be able to reply because Abby makes me turn my phone off in court.”

Michelle closed the door, and Harry heard the back door slam a few seconds later. He finished in the bathroom, dressed and headed off to work. Rather than making himself breakfast, he called at the local café for a coffee and pastry to eat on the way.

After a relatively quiet day in the office, mostly spent looking forward to the evening, Harry closed down his workstation and left a few minutes early. It took him almost ninety minutes to travel less than twenty-five miles, thanks to Friday night traffic, and he finally texted Michelle while waiting at a traffic light in the city centre. By the time he’d parked on the multi-storey car park, he’d received her reply.

A quick check of the maps app on his phone told him he was less than a quarter of a mile from the bar she’d named. Although the pavements were still wet from an earlier shower, it wasn’t raining as Harry made his way through Piccadilly Gardens.

The bar was crowded with the ‘drink after work’ brigade, most of them dressed in suits. They all looked and talked like professional people—lawyers, bankers, businessmen and women. Harry found Michelle and Abby standing at a tall table with three other people: two men and a woman.

Michelle gave him a kiss on the cheek and did the introductions. “Harry, I’d like you to meet Jonathan, Greg and Louise, who all work at the Manchester branch of our firm. And Abby you know, of course.”

Harry shook the hands of the other three, and Abby gave him a hug.

“Nice to see you again, Harry,” she said.

Harry smiled at the others. “Can I get anyone a drink?”

Greg stepped away from the table. “Let me get you one. What would you like?”

“I’ll have a bottle of Bud, please.”

Greg smiled and joined the queue at the bar while the others continued with their conversation. Harry quickly gathered that Michelle's firm had been overseeing the implementation of new employee contracts for a company merger.

When Greg returned with Harry's drink, the shop-talk petered out and they started talking about their weekend plans. Louise and her other half were going to visit friends in Yorkshire, and Abby was taking her daughters to a show here in Manchester the following night. Jonathan said he was taking his son to a fell-running competition in Norwich on Sunday.

"Norwich?" Harry was astounded. "But that's miles away."

"I know, but it's the inter-county championships."

Michelle frowned. "How far away is it?"

Jonathan sighed. "Just under two hundred miles, but on slow roads. It'll take the best part of five hours to get there."

Harry was still shaking his head. "So will you go down the night before?"

"No, we'll be driving them all down at the crack of dawn on Sunday for a midday start. The race and presentations will take at least a couple of hours and it'll be about eight in the evening by the time we get back."

"Wow. How old's your son?" asked Harry.

"Fourteen." He smiled. "That's what happens when you have kids—your own social life stops and you become a taxi-driver to cater for their social life."

Abby nodded. "There'll be no more romantic weekends in Portugal, like you two had last weekend."

Harry glanced at Michelle, who smiled.

"You went to Portugal for the weekend?" Greg asked. "That explains the suntan."

Harry nodded, wondering if Greg had spent his entire day ogling Michelle's bronzed legs. "We know someone who had the use of a villa and they invited us over."

Abby rubbed Michelle's arm. "Everyone in the office is jealous because she has such a healthy glow."

“Yeah, she does,” Harry agreed. *That’s what you get when a big, fit black man fucks you about a dozen times.*

“So,” Greg asked. “What are you up to this weekend?”

“Nothing after tonight,” Michelle said. “I have housework and laundry to catch up on.”

The group chatted for another twenty minutes or so and then Abby and Jonathan both left, followed one drink later by Louise, leaving just Greg with Harry and Michelle.

Although she’d previously said their sex-life and work-life were to be kept separate, Harry couldn’t help wondering if this had been prearranged, his wife telling Greg to hang around and see where the evening led. Greg was somewhere in his mid-thirties, tall and very slim with designer glasses. Harry wondered if he was Michelle’s type.

When the lawyer headed off to the toilets, Harry looked at his wife and raised his eyebrows. She laughed and slapped his arm. “Don’t be silly—he works for the same law firm as I do, remember?”

Ten minutes or so later, Greg announced he was going home.

Michelle looked at Harry. “Shall we have one more in here, then try somewhere else?”

“Okay. Same again?”

Michelle nodded and smiled.

Harry had now drunk two bottles of Bud and was driving, so ordered himself a Coke. He knew Michelle had already had three glasses of wine, plus whatever she drank before he arrived. Maybe he would get lucky later.

As the after-work clientele began to leave, the bar filled with younger people starting their night out. The men were dressed more casually, and the women’s dresses were shorter. Harry and Michelle chatted about her day, which she said had mainly been spent in an outer office with Louise.

“By the way,” she said as if she’d just remembered something. “I got a text from Lucas.”

“When?”

“It was sent this morning, but I didn’t see it until I was walking here.”

“Did he confess to servicing Stephanie?”

She laughed. “Funnily enough, he didn’t mention her. He just said he was flying home today and asked if I’d be around one night next week for a meet-up.”

Harry paused. When she didn’t say more, he had to ask. “And will you?”

She scrunched her nose up. “Probably not. I’m not saying never again—but like I said, it’s time for me to move on.”

“So what will you tell him?”

“I’ve already replied. I said no, and that I’ll contact him in a few weeks.”

“Oh. What did he say to that?”

Michelle took her phone out and checked her messages. “He’s not replied.” She downed the last of her drink. “Come on, let’s find somewhere else.”

Once outside, they discovered the rain had returned.

“Where’s the car parked?”

Harry pointed. “Down there.”

She slipped her arm in his as they hurried to the car park. “Come on, I’ve had an idea. Let’s drive out of the centre and find a normal pub.”

He couldn’t help wondering why she’d suggested he drive over to Manchester if they weren’t going to spend the entire evening in the city-centre bars.

Once in the car, Michelle opened her maps app. “Okay, let’s head west. Turn right here, and then go straight across at the traffic lights.”

Harry drove as instructed, his stomach beginning to tingle with anticipation. He knew Michelle had a plan; he just didn’t know what it was yet.

They left the bright lights of the bars and restaurants behind them and entered an area that looked like it had seen better days.

“Take a right at the end, let’s see where that leads.”

He got the feeling that she knew exactly where it would lead, and not only because she had the map in her hand. The surrounding area was mainly old industrial buildings with graffiti spray-painted on the crumbling bricks, and whatever shops they passed along the streets were either boarded up or had metal mesh over the windows to deter vandals and thieves.

Michelle was looking down each side street they passed. “There, take the next left.”

Harry frowned but did as she’d said. The street had cars parked on both sides.

“Go to the end and turn left. I just saw a pub down that last road.”

He glared at her. “You want to have a drink *here*?”

She nodded. “I think it’ll be interesting.”

“I think we’ll get our wheels nicked.”

She laughed and squeezed his arm. “Stop being such a stick-in-the-mud. It’ll be fun.”

He passed the pub, which looked depressing, and found a space on the street nearby. They got out and started walking back, Michelle’s heels clicking on the uneven paving slabs.

“What do you think?” she asked as they looked around at the rows of terraced housing.

“I think it looks as rough as a bear’s arse.”

She giggled and pushed open the door.

The conversation in the pub stopped as they walked in. All the men stared at Michelle, who looked completely out of place in her smart suit and high heels, with her hair tied up in a chignon. The only other women Harry could see were a barmaid in her fifties with short-clipped blue hair, and two older local wives sitting with their husbands in a corner.

Harry offered a smile at the men who stood aside for him as he approached the bar. “Hiya, can I have glass of white wine and a Coke, please?” he asked the barmaid.

She pursed her lips and took a box of wine from a fridge. “You want ice?”

Harry frowned, then realised she meant with his Coke. “Oh, yes please.”

After he’d paid he carried the drinks back to Michelle, who’d found a free table close to the door, but only a few feet from the bar.

Harry sat next to her, looking around discreetly. All the men were still openly staring at Michelle. “What are we doing here?”

She smiled. “I just wanted to come somewhere like this and soak up the atmosphere.”

“Soak it up? You could cut it with a knife.”

“Don’t be so melodramatic.” She smiled as she put her glass to her glossy lips. “I seem to be getting quite a bit of attention.” She took a sip of her wine, and the smile disappeared.

Harry smirked. “How’s the vintage?”

“Fucking hell, that’ll strip the enamel from my teeth.”

“Well, it serves you right.” He looked at the unfriendly faces scowling in his direction. “I assume we’re here because of your fascination with bad boys?”

Michelle kept her face straight. “You might think that...” When she crossed her legs, there was another lull in the conversation at the bar, and several men looked hungrily at her tanned flesh and high-heels.

Harry was more than a little uncomfortable. The men were all covered in tattoos, and several had bad teeth and ill-fitting clothes. Surely that wasn’t Michelle’s idea of a bad-boy.

“I need a pee,” she said. She stood up, and all the men watched as she made her way to the door beneath the toilets signs. A combined appreciative murmur rippled through the group of men, who obviously didn’t care that Harry was still in the room and could hear them.

Harry worried that if a couple of the men decided to visit the toilets at the same time as Michelle, he’d be completely helpless.

When Michelle returned, she flashed a smile at the men at the bar as she returned to Harry at their table. She held out her fist, and he looked questioningly at her. She smiled and looked at her hand. He realised she was holding something and opened his palm. Harry felt the soft material

and immediately knew what it was. Michelle had removed her panties in the toilets.

Harry stuffed the black silk garment into his trouser pocket and glared at her, leaning close. “Michelle, these aren’t the kind of men to try your tricks on.”

As she blinked at him, he saw she was more drunk than he’d realised. He was terrified that things could quickly get out of hand and took out his phone to make sure he could get a signal in case he needed to phone the police. Visions of films where women had been gang-raped in bars flashed through his mind. He remembered one with Jodie Foster being the victim of—

“I can’t drink this wine.” Michelle pushed her glass away. “Do you think they’ll have Prosecco?”

Harry laughed. “What do you think?”

“Okay, can I have a gin and tonic?”

“Why don’t we go to somewhere a little more salubrious? Like McDonalds.”

She laughed and slapped his arm. “Don’t be a snob. Now go and get me a drink.”

Harry returned to the bar, the men again parting to leave a space. He saw them all looking over at his wife.

“Alright?” said a big guy with close-cropped blond hair and an earring who was sitting on a barstool. He was about fifty, had seriously yellowing teeth, and looked like he was a couple of sandwiches short of a picnic. He was the last person Harry would want to get on the wrong side of.

“Yeah, good thanks.” Harry smiled as he paid for the drink, then returned to their table.

Michelle thanked him and took a sip. “That’s better.”

Harry was still uncomfortable, but he and Michelle spent the next fifteen minutes or so sipping drinks and talking about unimportant stuff.

Michelle crossed her legs again and leaned close to his ear. “I’m really wet. Do you think any of the men in here will be able to smell my

sex?”

Harry stared at her, open-mouthed. “What is wrong with you?”

She shrugged. “I’m feeling a bit adventurous.”

“Believe me, this is not the sort of place—”

“I’ll get the next round.”

Before Harry could argue, she’d stood up and walked to the bar. Harry watched the men turn and openly run their eyes over her body. She ordered their drinks then turned to smile at them.

“Alright darlin’?” asked a young guy with a beer belly and ‘Salford’ tattooed at the side of his neck.

“Yes, thanks.” She smiled brightly, and Harry could see she was a little unsteady on her feet.

“You’re looking very smart,” said the big guy who’d spoken to Harry.

“Thank you.” She looked down at herself. “I made an effort today because I appeared in court.”

The way the men nodded made Harry think they’d all had to buy or borrow suits in the past for their own visits to court.

The big guy’s eyes wandered down her body again. “And how did it go?”

Michelle tipped her head to one side and held up her glass. “Well, I’m here celebrating and not in jail.”

He smiled, showing those uneven, yellowing teeth. “Good for you.”

Michelle came back to the table. “They seem friendly enough to me,” she whispered as she sat back down on her chair.

Her phone beeped in her bag, and Michelle took it out and looked at it. “Lucas has replied.”

“Oh?”

She slid the phone back without bothering to open the message. “Old news.”

Harry shook his head. They stayed in the pub for another hour or so. The two old couples from the corner left, the women putting up umbrellas before heading out into the night. Michelle’s admirers at the bar also

thinned out, with only the big guy and a couple of others left, all chatting to the bored, blue-haired barmaid.

Michelle stretched her legs out and smiled at the big guy when he looked her way.

“You’re going to get your legs wet,” he said, nodding at the door where the umbrella-armed ladies had just exited.

“Well, a bit of a splash can feel quite nice on your legs sometimes.” She raised her eyebrows and stuck her tongue between her teeth.

Harry couldn’t believe what she’d just said.

The guy laughed. “Seeing as you’re celebrating, why don’t I buy you a drink?”

Michelle smiled broadly. “That’s very kind, but, as you say, I’m the one who’s celebrating. Let me buy you one.” She stood up and walked to the bar. “What would you like?”

He sneered and ran his gaze down her body yet again. “How long have you got?”

She laughed. “I meant to drink.”

“Stout, cheers.”

Michelle looked at the barmaid, who was already pulling the guy’s pint. She held out her hand to the man. “I’m Michelle.”

Harry watched as the man closed his massive hand around hers. “Ralph.”

“Pleased to meet you, Ralph.” She turned towards their table. “That’s Harry.”

Ralph nodded at Harry, then went back to looking Michelle over from head to foot. “So, what were you up for?”

“A lady shouldn’t be asked such a question,” she said with a giggle. “Besides, the judge said I was innocent.”

He grinned. “I can’t believe you’re *that* innocent.”

Michelle giggled flirtatiously and pushed her bare, bronzed leg against the dirty knee of his jeans.

Harry sat in disbelief as he watched Michelle fawning all over Ralph, laughing at crude innuendo and fluttering her eyelashes. The two of

them exchanged hushed words, and then he downed the rest of his almost full glass and retreated to the toilets.

Michelle returned to their table and smiled at Harry. "I've told Ralph we'll drop him off as it's raining so hard."

He stared at her. "We're taking him home?" he asked, incredulous.

"Not our home, you dope. We'll drop him off near his own. It's just up the road, apparently."

Ralph returned from the toilets and Harry stood up. The men nodded at each other, and the three of them left the pub and hurried down the road towards their car. Water thundered down onto the pavement where drainpipes were either broken or missing completely. Michelle squealed as the water splashed up her bare legs. Harry got the car open and slid in behind the wheel. Ralph walked around the car and got into the back seat, and to Harry's surprise, Michelle got into the back seat as well, directly behind the driver's seat.

Harry glanced in the mirror. The interior light was still on, and he could see that Michelle's hair was soaked and her face was wet. She smiled at him in the mirror.

He turned to look at Ralph. "Which way?"

"Down to the end and turn left. Then take a right at the mosque."

Harry started the car, and the interior light faded out. He flicked the wipers onto fast but before he could drive anywhere, he had to wait for the car heater to clear the mist of condensation from the windows. With the fan on full and rain battering down on the roof, Harry couldn't hear what the two in the back were saying to each other, but he saw Ralph sit forward and take something out of his pocket, passing it to Michelle.

Is that a condom?

Michelle glanced at Harry in the rear-view mirror, then she smiled and bent over Ralph. She was undoing the guy's trousers.

Is she seriously going to fuck him in the back seat?

The windows had now cleared, so Harry put the car in gear and pulled out onto the narrow, rain-covered street. At the end of the road, he stopped to check for oncoming traffic. There wasn't any, but he waited anyway. In the mirror he watched his wife's head bobbing up and down in

Ralph's lap. The man's face was in shadow, but Harry could see his chest rising and falling as he took deep breaths.

Harry pulled out onto the main road and drove slowly, watching for the mosque where he was to turn right. Michelle let out a groan and Harry instinctively checked the mirror. She was still working the guy's cock with her mouth, but he could see that she was now kneeling on her own half of the seat, her upper body over his lap.

She let out another groan, and Harry could smell her sex. The combined sounds of the engine, wipers and rain drowned out most of the noises they were making, but Harry was positive that Ralph was fingering Michelle.

He saw the mosque and flicked on the indicator. As he turned off the main road into the side road, Ralph let out a groan of his own. Desperate to see what was happening in the back seat, Harry made a sharp turn onto a patch of waste ground on the left.

The interior light came on automatically as he stopped the engine, and Harry twisted in his seat. He saw Michelle had Ralph's cock completely down her throat, the guy's big hand gripping her hair, moving her head up and down. Through the gap between his seat and headrest, Harry could see Michelle's skirt bunched up around her waist. Ralph's arm rested along her back and his huge, paw-like hand reached down over her exposed backside. He had two thick fingers in her cunt, and his thumb completely embedded in her backside as if gripping a bowling ball. Ralph was rocking his hand wildly, almost raising Michelle off the seat with his movements.

She continued to squeal and whimper while deep-throating the guy, and then Ralph dropped his head back and let out a guttural sigh. Michelle gulped and moaned approvingly, as if drinking her favourite tippie after a long abstinence.

Ralph sighed, and uttered several crude words with his eyes closed.

The tightness in Harry's stomach almost over-rode his arousal. He was far from happy that his beautiful wife had just swallowed the spunk of this ugly, unlikeable lout.

Michelle readjusted her position and sat on the seat while Ralph tucked his softening cock back into his jeans and fastened his belt.

“I can walk from here,” he said. He climbed out of the car but bent his head back inside to speak to Harry. “If you’ve got any more like her, I’m in there most nights.” He slammed the door and jogged over the road, dodging puddles on the way before disappearing down a narrow path between two run-down buildings.

Michelle got out of the car and dashed round to the front passenger door, sliding in next to Harry. Her hair was even wetter, and her lipstick smudged round her mouth.

Harry glared at her. “He thought I was your pimp.”

She smiled.

Harry tried to stay angry, but he couldn’t help smiling. “He thought you were a hooker. You made him think going to court today was...” He shook his head.

Michelle bit her lip and opened her hand, showing a wet, crumpled collection of twenty-pound notes.

Harry’s mouth dropped open.

“I’ve just been paid sixty quid.”

“That was a fucking stupid thing to—”

“What, sucking him or charging him?”

Harry sighed and ran his hand through his hair. “You know I have no problem with you fucking and sucking men. But asking for money is a whole different ballgame.”

She nodded but kept smiling that broad, vacant smile.

“Michelle, when you fuck somebody else, the only thing you’re breaking is your marriage vow to be faithful. As soon as you introduce money, you’re breaking the law. What if Ralph were an undercover cop?”

She giggled. “What are the chances of that? He was barely literate.”

“He could have been acting. He could have...” He tailed off, too flustered to even argue.

Michelle reached over and stroked his crotch. “I told him a blowjob would cost him fifty pounds. He agreed immediately, and asked if he paid extra could he have a feel at me...”

Harry’s cock was rock hard inside his trousers.

“So, I said since I was celebrating tonight, he could feel me up for a tenner.” She gripped Harry’s erection through the material. “I’ll do you for free.”

Harry stared at her, then looked out of the windows at the rain, the depressing waste-ground with its oil-stained puddles and falling-down chain-link fencing.

Michelle got his cock out and held it in her hand. “I remember the days when this was a floppy piece of useless flesh.”

His bulbous tip was already slick with his excitement.

“But now look at it. It’s always ready to go inside me now. Always ready to take the place of whatever cock I’ve had first.” She leaned close and blew into his ear. “When you were a kid, did you like playing follow the leader?”

Harry grabbed her hair and pushed her head down onto his cock. She yelped and opened her mouth wide, taking his full length into her well-used throat. He bounced her head in his lap, sometimes squashing her against the steering wheel.

“I’ll treat you like a whore if you really want me to.” He pushed his hips up to coincide with each down-stroke of his hand, but in his heart he knew his cock would never trouble Michelle.

“Did he make you come while you earned your money?” Harry reached under her and squeezed her breasts. “Did the whore get more than the money for her blowjob?” He pinched her nipples hard, making her yelp. “You fucking...” Harry held her head tight and emptied everything he had into her throat.

Michelle moaned and bounced her head.

Her teeth scraped on his shaft and tip as she excitedly groaned and bobbed her head, but Harry didn’t mind. He’d just experienced one of the most intense orgasms he could remember.

Michelle finally released his cock and brought her head up level with his. She looked into his eyes, and he could see she was drunk.

“Twice,” she said, a challenging look in her eye.

“What?”

“He made me come twice while I sucked him.”

Harry nodded.

“And that’s the number of times a man has shot his load down my throat tonight. Twice.”

“And did it make you happy?”

She seemed to think about it for a second. “I’d rather have had two cocks shoot their loads inside me, but that’s just me. I’m happy that I can make guys want me. Make them want to come in my mouth.”

Harry watched her face, wondering where she was going with this.

Michelle licked her lips. “Are you happy that guys want me?”

He smiled. “You know I am.”

“Good.” She moved closer and kissed him. Harry pushed his tongue into her mouth, making her groan.

They kissed passionately for almost a minute, then she eased herself away from him and looked into his eyes. “When we get home, I’m going to make you fuck me.”

Harry was still breathless from their kiss, but he knew he’d have no problem getting hard again. It was a thirty-minute journey, and he’d be able to think about Ralph’s big fingers prodding Michelle while she swallowed his filthy seed during the drive home...

Michelle moved back into her own seat and fastened her seatbelt. Harry started the car and waited once again until the condensation had cleared. He looked down at her legs and remembered the way the men in the pub had openly stared at her. He felt his cock twitch and smiled. Tonight, his was the only cock that would be going inside her, and his cum was the only brand she’d be getting. No sloppy seconds. No follow the leader.

* * * *

It was a few days later when Michelle told Harry that Lucas had apologised for asking her to go to Dublin with him. She and Harry stood in their kitchen preparing dinner and chatted about one of her numerous sex-partners falling in love with her as if they were talking about a soap opera from television.

“I replied and said it wasn’t a problem,” she said as she drained the veg through a colander. “I explained that I’m the exact opposite of what normal women want. When they get the relationship and the closeness, that leads to sex. I told him I have the relationship and closeness with you, so from him I just want the sex.”

Harry laughed. “You could have said ‘don’t wine me and dine me, just sixty-nine me’.”

Michelle laughed as they sat down at the kitchen table to eat. “Which reminds me, we’ll be entertaining a visitor at five on Saturday.”

“Oh?” Harry felt a twitch in his groin. “Lucas?”

She frowned. “No, he’s got to wait his turn and pay his penance.” She raised her eyebrows. “This one’s new. He advertises his services under the moniker *The Strict Master*.”

Harry laughed, but couldn’t help feeling a little uneasy. “I don’t want to watch you getting whipped.”

“Don’t worry,” she said, shaking her head. “I was very clear that I wasn’t looking for somebody to torture me.”

They finished their dinner in relative silence.

* * * *

Harry played tennis on Saturday afternoon while Michelle readied herself for her latest date. When he got home he found her out of the bath and sorting through her makeup box. He took a quick shower and changed into a pair of jeans and a t-shirt.

Michelle stood in the bedroom wearing nothing but a pair of black high-heels with an ankle-strap. She’d pinned her hair up and applied thick mascara and bright-red lip gloss, which was her usual makeup for seeing bulls.

She opened the wardrobe door and turned to Harry. “Any suggestions?”

He glanced at the array of dresses, many of which were only worn in the bedroom. “The short black one with cold-shoulders?”

Michelle pursed her lips. “Maybe. If it fits.” She held it up, still on its hanger, nodded, then pulled the dress over her head. “What do you

think?”

The dress was loose-fitting on the top, with three-quarter length baggy sleeves, but the skirt part was stretchy and tight on her hips, the hem ending mid-thigh. The fact her shoulders were left uncovered emphasised her all-over tan.

“You look really sexy.” Harry’s cock was already damp.

“Thank you. Do you think our new bull will approve?”

“I’m sure he will.” He looked round the room. “Shall I bring a chair up here?”

Michelle shook her head. “I think we’ll stay in the lounge for this one.”

Harry went downstairs and poured them both a drink. The Strict Master was due to arrive in about ten minutes.

When Michelle came into the room, Harry admired her as she picked up her drink and sat on the couch. She slowly crossed her legs and smiled at him. His wife was about to be fucked by somebody neither of them had met before, and the thrill it gave him was something he’d never be able to explain to anyone.

She sipped her drink, then cleared her throat. “I’m not sure if I’ll be able to make any decisions, but if you have any requests about what you want to see, now’s the time to tell me.”

“Let’s see what your Strict Master has in mind for you.”

She raised her eyebrows and looked at his groin. “How wet are you?”

He shrugged. “Probably not as wet as you.”

She uncrossed her legs and slowly opened them, giving him a clear view of her glistening outer lips.

He stared, then swallowed the lump in his throat.

She laughed at his expression. “I suppose you’re a little wetter now?”

Before he could reply, the doorbell rang.

As Michelle went to the door Harry remained on the sofa, waiting patiently to meet the next man to fuck his wife.

Michelle entered the room first, followed by the new bull. He was younger than Harry had imagined, probably in his early twenties. He was clean-shaven and had spiked hair and a suntan. His groomed brows made Harry think of the androgynous male models they hired for perfume adverts.

He nodded at Harry, then turned to Michelle. "You look like a million dollars."

Harry suppressed a snort at the cliché, but Michelle smiled at the compliment.

The Strict Master frowned at Harry. "You must be ashamed of yourself for not being able to satisfy this work of art."

Harry and Michelle shared a look, but Harry held his tongue.

"Luckily for her," the Strict Master continued, "there are real men who are more than happy to perform the role that sissies like you aren't up to."

Harry tried hard not to smirk. He had to avoid looking at Michelle's face because he was sure they'd both burst into fits of giggles.

The bull ran his hand down Michelle's side and over the swell of her hip. "You are beautiful."

Michelle looked at the bull and licked her lips.

"Take out my cock," he ordered.

Harry was surprised at the guy's tone but guessed this was all part of the Strict Master persona.

The guy was wearing a tight-fitting round-necked sweater and black jeans. Michelle undid the buckle of his belt and, with expert fingers, made short work of his fly buttons. She eased the jeans down his thighs to reveal white briefs and sunbed-orange legs. She released his hardening cock, holding it in her red-nailed hand.

"Worship my cock."

Harry choked back his laugh. The guy's cock was maybe eight-inches long, and not particularly thick. Michelle had worshipped cocks almost fifty percent bigger than what he had to offer.

Michelle started to stroke his cock, then began to pump her hand.

“That’s right. Wank my tool. Show your sissy-husband how you like to handle a real cock.”

Michelle didn’t look in Harry’s direction, and he suspected she was embarrassed by the guy’s manner.

“Drop to your knees and worship the cock.”

Michelle slowly bent her legs until she was squatting, her feet still on the floor and her knees parted. Harry thought she looked much sexier that way than on her knees, and wished she was facing him so he could see her sex.

“Worship the cock with that pretty little mouth of yours.”

Michelle opened her mouth and took in the entire length of him.

The guy was instantly balls-deep in her throat and seemed a little surprised. His eyes opened slightly wider, but then he regained his composure. He turned to Harry and sneered. “See how she worships the cock of a real man?”

Harry kept a straight face and focused his eyes on Michelle. He knew the two of them would laugh about this later in bed.

“Okay, stand up again. It’s time to worship the cum.”

Michelle released him from her mouth, straightened and stood next to the bull. His cock glistened with her saliva.

“Worship the cock with your hand. Beat my meat so your sissy can watch.”

Michelle started to wank him off. Harry watched the concentration on her face. He knew she was playing the role of the hotwife and trying to not let the bull’s manner spoil the occasion for her.

“Yeah, that’s right. Now cup your other hand under the end of the cock.”

Harry watched as Michelle did as instructed.

The Strict Master dropped his head back as he came into Michelle’s hand. She continued to pump his cock, and he oozed out three or four more spurts into her cupped palm.

“Yeah, that’s it,” whispered the bull. “Now hold up your hand, and let your sissy see how much cum a real man can produce.”

Harry thought back to Jed, who'd seemed to have produced about half a pint over the course of the evening.

"Let him see my hot alpha cum all over your wedding ring, so it reminds him that he's not able to satisfy someone as sexy as you."

Michelle glanced at Harry, an almost apologetic look in her eyes.

"You can drink it, if you like." The Strict Master nodded towards Harry. "Maybe your sissy could lap it up, too. He might get some alpha hormones."

Harry had to turn away as he couldn't stop smiling.

"I'm sorry," Michelle said. "I don't do gokkun. I only drink cum straight from the source. And Harry doesn't do that, either. He just watches."

The Strict Master shrugged as if they'd just refused a generous offer. Michelle found a tissue and wiped her hand, then looked into his eyes. "How long does it take a real man like you to get hard again?"

A self-confident grin creased his face. "For a babe like you, I'll be able to stay hard as long as you can stand it."

"Good." Michelle gripped her dress and, in a single motion, lifted it over her head and dropped it on the chair.

The Strict Master stared down at her body, which was completely naked except for the fuck-me shoes.

She moved closer. "Maybe it's time for me to see what it feels like to have a real Strict Master punishing me with his cock."

The bull nodded and removed his jumper and pushed down his jeans. His phone fell from his pocket on the floor by Harry's feet. The bull kicked off his shoes—he wasn't wearing socks—and stepped out of his jeans and pants. Naked, his orange body seemed to have a weird, almost nuclear glow.

Harry thought he looked like the sort of person who spends his days in the gym watching himself exercise. He had a hairless chest, flat stomach, and good muscle-tone in his arms.

Michelle walked around to the back of the armchair opposite where Harry was sitting. She bent over the back of the chair and smiled at the bull.

“Maybe you should come and show me a good time.”

The Strict Master started to play with his cock, which, in fairness, was already hard again. He walked to stand behind Michelle and ran his hands down her sides before reaching round to cup her breasts.

Looking over her shoulder at Harry, the bull smiled. “Now you can watch her face while she gets the sort of man she deserves.”

He bent his knees and pushed into her. Michelle let out a silent sigh that was nothing like the grunts and yelps that Lucas and Jed could elicit.

The Strict Master started to fuck her, and Michelle’s eyes fluttered.

Harry knew she’d have been building herself up into the role all afternoon, preparing herself for this as a kind of foreplay. Despite the fact the guy was a total twat with a regular cock, he knew she’d come fairly quickly.

Michelle closed her eyes and opened her mouth. Harry could tell she was coming, and he was glad that she didn’t cry out and scream like she did with her other bulls; Strict Master hadn’t earned that.

“See?” he said from behind her. “This is what she looks like when she gets a real man. You have a Ferrari here, and you may get to wash her on a Sunday morning, maybe take her for a steady drive around the park.”

Michelle dropped her head and started to push herself back to meet his thrusts.

Strict Master continued to look at Harry. “But you need someone like me to come around every so often to put her through her paces, show you how she should be driven.”

Michelle looked over her shoulder. “Maybe we could do anal now.”

Strict Master looked momentarily startled, but then grinned.

Harry couldn’t see anything below Michelle’s waist, but from Strict Master’s actions and Michelle’s expression, he knew that the bull now had his cock in his wife’s backside.

“Yeah,” Strict Master sighed, as his hands found Michelle’s breasts again. “That’s a nice tight fit for the alpha cock.”

Harry watched as the self-centred prat fucked his wife up the arse. He was experiencing no arousal at all. He concentrated his focus on

Michelle. She had her eyes closed and her teeth clenched as she pushed herself back to meet each thrust.

“Oh, she deserves this...”

Harry ignored him and watched his wife’s face.

“Oh, prepare to worship the cum in your tight little booty.”

That was too much for Harry, and he exploded into fits of laughter, rolling onto his side on the sofa. Michelle opened her eyes and started laughing as well.

The Strict Master looked crestfallen, and Michelle stood up and stepped away.

“No, I’m going to...”

Harry saw a spurt of semen splash out over the leather and guffawed even more. “Oh, let’s worship the chair,” he said, before falling into a fit of giggles.

Michelle had picked up her dress and pulled it over her head. Strict Master stared at the two of them. He looked like he might cry.

Harry wiped his own eyes with the back of his hand and tried to control his breathing. “I’m sorry,” he said, though he knew he sounded far from apologetic.

The bull glared from Harry to Michelle, a thick string of cum hanging from his quickly-softening cock. “Is this all some joke?”

Michelle passed him the box of tissues and shook her head. “No, but please, get your clothes on.”

As Strict Master pulled on his jeans, Harry decided to do the guy a favour.

“Listen,” he said. “I’m sorry if we seem unappreciative. We got you here in good faith, and I think anyone would agree that you’ve been very lucky.” Harry nodded towards Michelle. “You’ve just had your cock in every hole she’s got, so I think you’ve had a very pleasant time. I doubt you get the chance to be with many women as beautiful as she is.”

Strict Master shrugged. “She isn’t that hot.”

Harry scoffed. “Mate, if she was any hotter, your hair gel would have melted.”

The guy glared while stepping into his loafers.

“Can we give you some advice? I don’t know if your act of humiliating husbands usually works, but it didn’t work on me. I’m not a sissy, and I don’t need an alpha to show me what my wife needs.”

Strict Master stood motionless, still topless as his jumper was on the floor a few feet away.

Just then, the phone on the floor buzzed. Harry glanced down and saw the received message for a few seconds before it disappeared again. He suppressed a smile.

Harry gestured at the guy’s body. “Yes, you’re in good shape, but going to the gym a few times a week and lying on the sunbed doesn’t make you an alpha male. I’ll be honest—if I saw you in the street, I’d wonder if you were gay. You have the look of someone who spends too much time in front of a mirror.”

The guy glared with the expression of a bullied schoolboy.

Harry thought there were things the guy needed to hear. “I don’t think you should consider a hotwife as a car you need to put through its paces. I prefer to think of her as a classic guitar. I enjoy playing the guitar myself but get an awful lot of pleasure out of watching a virtuoso playing it, hearing the sounds someone else can get out of it. She’s not something to be driven hard and fast, she’s something to be respected and enjoyed.”

Strict Master glanced at Michelle and nodded.

Harry carried on. “You seem to have too high an opinion of your prowess.” He nodded towards Michelle again. “The bulls she’s accustomed to are much better-endowed. I’ve sat in this room and watched cocks as big as a baby’s arm disappear inside her. I’ve heard how loud she screams when she comes on a big cock. The fact she guided you towards anal told me that your cock wasn’t satisfying her where it was.”

Strict Master stared at the floor.

Harry spoke seriously. “Michelle wanted a bad-boy, but you came across as more boy than bad. I’m sorry, but we won’t be inviting you back.”

After walking over and picking up his jumper, Strict Master flexed, as if trying to tempt Michelle to change her mind with his waxed and tanned torso.

The action annoyed Harry, and he knew the guy would treat the next couple who booked him in exactly the same way. As Michelle showed him to the door, Harry remembered the opening line of the text he'd seen.

“Oh, and Jason?”

The guy turned around, his eyes wide in surprise.

Harry smiled. “Your mum said don't be late for tea.”

His expression hardened, and he turned and left without another word. Michelle followed him out and returned to the lounge seconds later. She and Harry stared at each other, then both fell into fits of giggles again.

She dropped onto the sofa next to him, put her head in her hands and took a deep breath. “What a disaster.”

Harry smiled. “Are you saying you didn't worship the cock?”

She shook her head and laughed. “Who talks about part of their anatomy that way?”

“He does, obviously.” He thought for a moment. “I assume it usually works for him, otherwise he'd change the patter.”

Michelle frowned. “Do you think women really like to be spoken to like that?”

“I've no idea, but I can't see many husbands liking it.”

“I'm not so sure,” Michelle said. “Don't forget that the forums and stories I've read often have the bull humiliating the cuck. Maybe there are some couples who want that, some cucks who like bulls to tell them how useless they are.”

“Yeah, maybe,” he conceded.

Michelle picked up her glass. “I'm going to refresh this. Do you want another drink?”

“Definitely.”

She came back and handed him a beer, then sat next to him on the couch. She took a sip, then turned to look at him. “Did any of it turn you on?”

He blew out his cheeks as he thought about it. The good bits were slim pickings, frankly. “You looked really sexy.” He nodded down at her bare tanned legs and fuck-me shoes. “You still do. When he got you to toss

him off, that could have been nice if he hadn't talked throughout. Worship the cock, worship the cum, what the fuck was he thinking?"

Michelle smiled.

"When he fucked you, I tried just looking at you and blotting him out. That could have been really nice if not for his manner."

Michelle looked contrite. "I'm sorry. Should I phone Lucas to see if he wants to come around later tonight?"

"I thought you wanted to move on from him?"

"Yeah, but two attempts at finding a bad-boy haven't been exactly perfect, have they?"

Harry laughed.

"I'll have to write a review on the website for him," Michelle said.

"What?" This was news to Harry.

"Most websites ask for feedback. It's standard practice. How d'you think I chose the others?"

"What sort of reviews did Lucas get?"

She smiled. "They were all five stars."

"And Strictly Masterful?"

She laughed. "His were good. None of them said anything about his attitude."

Harry took a gulp of his drink. "Don't bother phoning Lucas. I'll see if I can find somebody from the websites."

Michelle's eyes opened in surprise, then she nodded. "Okay. I think I like that idea. You can chat in messages before you arrange a meet, so you can tell him exactly what you want.

"Really?" Harry nodded as his mind worked at a hundred miles an hour. "That sounds good. I can't believe you haven't suggested it before."

Michelle smiled and rubbed her foot against his leg. "Now you're making me horny again."

Harry felt his cock thickening in his trousers.

"What are you suggesting?"

Michelle stood up and lifted her dress off. She walked slowly to the armchair and sat down, throwing a leg over one of the chair arms. “I suggest you fuck me right now because you won’t be allowed to touch me again until after you’ve watched me with the bull you arrange.”

“Is that to make sure I book one soon?”

She smiled and stroked a finger through her outer lips. “Exactly. Now, come here...”

Harry stood and dropped his trousers, his cock already hard.

Chapter 22

Harry was amazed at the number of people registered on the cuckold/hotwife websites. It seemed there was a limitless supply of married women eager for bulls to use them. Likewise, the number of bulls advertising their services for any kind of sexual activity with women or couples seemed endless.

After hours reading forums, chat-rooms and general banter between members, Harry decided he liked the tone of a bull calling himself *4everh@rd*. The guy's comments were much less juvenile than his moniker would suggest, and at least he could spell.

Harry sent him a private message to ask if he'd be good enough to discuss the possibility of a meeting. He waited for about thirty minutes without getting a reply, then closed his laptop and headed upstairs.

Lying in the dark, Harry couldn't stop thinking about all the chats he'd read earlier. Some of the scenarios discussed were so far-fetched he suspected they'd been written for shock value rather than being part of genuine hook-up requests. As he waited for sleep to rescue him from his turmoil, his mind stayed with the lady calling herself *The Milkmaid* and her mission to service enough bulls in a single night to completely cover her cuckold's face with the resulting cream-pies.

* * * *

While Michelle was in the shower the following morning, Harry checked the swinging website using his phone. He'd received a reply from *4everh@rd*, simply saying 'Sure, fire away.'

He put his phone down and headed into the bathroom, taking Michelle's place in the shower. He'd think about his questions later. By the time he returned to the bedroom, Michelle had dried her hair and applied her makeup for work. She stood by the mirror in just her ivory bra and panties.

Harry opened his camera app and approached her from behind.
“Hey.”

As she turned her head, he took a picture which captured her perfect figure and her beautiful face looking over her shoulder.

“Pervert.”

“And?” He waited until she’d put on her cream silk blouse, black trousers and shoes and then took two more photos: one showing her from head to foot, and the other a close-up of her face. “Thank you.”

Her expression suggested she knew he was up to something, but she left the room without commenting. Harry dressed and headed downstairs to find Michelle in the kitchen, reading the news and drinking tea.

Harry sat opposite, tempted to mention that he’d made contact with the man who would hopefully be the next person to fuck her. He decided to keep things to himself until he’d had the chance to exchange a few emails with the bull. He didn’t want to waste their time with a second ‘Strict Master’ incident.

“So,” he said. “What’s on the agenda for today?”

“Nothing exciting. Abby’s in court tomorrow so she’s meeting the client today. Depending on how the meeting goes, I may or may not have to type up some more notes afterwards, but I can’t see it making me late home. How about you?”

“More drudgery, I suspect.”

Michelle laughed and got up. After putting her cup in the dishwasher, she put a mug of coffee in front of Harry, kissed him on the top of the head, and left for work.

Harry checked the time. If he sent a quick email now, he might have a reply by lunchtime. He took his coffee through to the lounge, fired up his laptop and started a new private message:

Hi

I have a beautiful wife who I like to share.

She’s had numerous meetings with bulls, most of which I’ve witnessed.

He pondered how to phrase the next part so he'd steer things onto the right tracks from the outset.

We are looking for someone to take control in the bedroom.

I don't want to see her hurt, but I like seeing her used.

We're based in the north-west but are happy to travel for the right bull.

Thanks.

Harry sipped his coffee, deciding that for an opening chat this was probably enough information. He re-read his note, sent it, then shut down his laptop. He'd take it to work and find a café at lunch to check for replies rather than going through his company's IT network.

Throughout the journey to work and most of the morning, his thoughts were occupied by how much he liked the idea of telling the bull exactly what he wanted. He didn't know if cuckolds were even allowed to give bulls instructions on what to do to their hotwives, and he certainly didn't want to piss the guy off before he'd even started to ask questions, but then neither was he going to throw away the opportunity to negotiate.

At lunchtime he headed for the café in town on foot, enjoying the nice weather.

Once settled at a table near the back with a bottle of sparkling water and a ham and cheese panini, Harry took his laptop from his rucksack and set it up. The website's front page buffered for a few moments. He worried the website might be blocked because of the adult content, but then the connection stabilised and he had no problems logging on.

He had two new messages from 4everh@rd and opened the first:

Hello

Every husband thinks their wife is beautiful, which is exactly as it should be.

I always take control in the bedroom.

Tell me about your arrangement, and what each of you want out of a meet. Travel not an issue for me.

Harry decided to read on before thinking about what to include in his reply, and opened the second message:

Background Info on Me

You can call me Ben. It's not my real name, but that's the one I use during dates.

I'm white, six-foot-one, and do regular exercise. I have experience with women of all ages, shapes, sizes and race.

I was in the military for 6 years and served in Afghanistan in 2011 - 2012.

I am 29 years old.

Originally from Lincolnshire, I now live in London.

Look forward to your response

B

The message then listed three sets of questions. Harry picked up his panini and chewed, his mind racing. He'd been given a little information but had been asked for a whole lot more. Just how honest did he need to be?

After he'd finished his panini, Harry ordered a large coffee and got to work on his answers, using the questions as a template.

Background Info on You

What do I call you?

Harry (real name)

Although you told me you have witnessed most of your wife's meetings, I don't know how you do it. Do you prefer to be out in the open, or to watch from a hidden place?

In the same room. She has had dates when I've not been there, but we both prefer it when I am

What do you like to see your wife doing?

Receiving pleasure from another man

Are you involved in the sex as it happens, afterwards, or never?

Usually 'afterwards'. Involved once as it happened.

Harry drummed his fingers on the table, wondering how to guide his responses to what he really wanted from the encounter. In the early days, Michelle had sucked him off as soon as the bull had left, which was great. But then she'd forced him through a period of restraint, which he didn't plan to revisit. In Portugal, when she'd wanked his cock while Lucas fucked her...

He still had fantasies about that. To the end of his last response he added, ‘Getting involved was a big thrill for me.’

Background Info on your Wife

What do I call her?

Michelle (real name)

How old is she?

29

How would you describe her physically? (a photo would help)

Petite brunette. See attached photos - taken today. (We once met a bull whose website photo was 20 years out of date!)

What does she like from a bull?

She likes to be used as a fuck-toy by men with big cocks

Which of her dates gave her the biggest thrill? What was special about it?

Harry thought about all the men he’d watched her with, all the times she’d screamed and yelped through orgasm after orgasm. He felt himself stirring beneath the table as he remembered her cum-smeared body after Vinny, the cream-pies after Jed, and the time Lucas had come on her belly in Portugal when she’d made Harry film her confession. It’d be easy to say she’d enjoyed those times the most so he’d get his own thrill, but he knew that would be a selfish act. Michelle loved men coming inside her. Then again, she seemed to love everything.

I’m not sure I know the answer. I’ve never seen her *not* manage to orgasm several times.

How does she like to be controlled?

She told me her regular bull was too polite and too considerate. Then he fell for her. She wants a ‘bad-boy’ to use her in any way he wishes without wanting any emotional connection.

Are there any sexual practices she refuses to do with a bull?

She’d refuse to do any water sports.

Harry swallowed the last of his coffee and scanned through the final section of questions, which asked for background on their kinks. He put his cup down and hovered his fingers over the keyboard, thinking.

Background on your Kinks

Why did you first start sharing your wife – was it your decision or hers?

I was suffering erection problems (which turned out to be temporary). But the decision to share was mine

Do you have a normal sex-life with your wife between bulls?

We do now, though for a period I was denied any contact

Who decides when she sees a bull?

Michelle has arranged them all up to now

Who decides what happens with the bull?

The bull and Michelle – though she'll sometimes ask if I want to see anything in particular

Do either of you go through a period of chastity or denial before meeting a bull?

We did that for a while, with me only being allowed release once a month.

Do you like to be humiliated by your wife and the bull?

Not at all

Do you like any physical contact with the bull?

Harry sighed. Though aiming Roy's stream of cum onto Michelle's face had given him a sense of power he'd never felt before, grabbing the guy's cock had left him cold. And then he remembered Lucas coming in his mouth. Harry shuddered.

I've had contact in the past but I'd prefer not to again.

Do you perform clean-up after the bull has serviced your wife?

As above – have done it but prefer not to.

Do you ever join the bull in pleasuring your wife?

Apart from a one-off where my wife touched me while the bull was having sex with her, I haven't been invited to join in.

Which of your wife's dates with a bull gave you the biggest thrill?

What was special about it for you?

Harry thought about this for a long time, checking his watch to make sure he wouldn't be late back to work. He smiled as he thought of

Jed; hardly the fittest stud they'd seen, but definitely the most likeable.

The first time was special – but only because it was the first time.

I like to watch her expression when she's first penetrated by a big cock. Although I'd never want to see her in real pain, I enjoy her discomfort and shock. And I like watching other men make her come.

We both enjoy when the bull comes inside, but I also like to see her getting facials or having bulls come over her body.

Harry checked through his answers, then added a closing comment.

Thanks for the questions – it was good to think things through properly. Could you send me a photo and confirm if you're interested in a meet? Let me know where you'd prefer. As I said, we can travel, or we can host at our place.

He attached the three photos he'd taken that morning and sent the message. As he headed back towards work, he wondered if he'd get anything done in the afternoon at all.

* * * *

Harry arrived home before Michelle. They hadn't done their weekly grocery shopping, and the contents of the fridge were meagre. Instead of preparing dinner as he usually did, Harry took a beer through to the living room and set up his laptop. Ben had replied already. His heart beating a little faster, Harry opened the message just as Michelle's car pulled onto the drive.

Hi Harry

You're right – Michelle is very beautiful. I'd definitely like to arrange a meet-up.

If you can host, that would be great. I can travel.

My photo is attached. Like Michelle's, this one was taken today. I'm working from home, hence the casual dress. For the date, I will wear smarter clothes :-)

I think you and I should discuss what you want to happen on the date.

Regards, Ben

Harry heard Michelle's key in the lock as he clicked on the attached photo. The image opened to show a picture of a handsome guy with light-brown hair and a closely-trimmed beard, wearing a t-shirt and pyjama bottoms. The pale blue-grey eyes seemed intelligent and friendly, and Ben's self-conscious half-smile suggested he was a guy who wasn't too comfortable with taking selfies. Harry had a good feeling about him already.

"Hiya." Michelle put her bag on the armchair and slipped off her jacket.

"Hi." Harry looked at her and smiled broadly. "How was your day?"

"Not bad."

"Is Abby's client ready for tomorrow?"

Michelle sighed. "We hope so. The woman's a nervous wreck—anyone would think *she* was the accused. I'm sure she'll be fine. Her daughter's flown over from Ireland to give her moral support. How was your day?"

"I think it was a success. I've found your next bull." He slowly turned the laptop round on his knee, showing Michelle the photo of Ben. "What do you think?"

Michelle nodded enthusiastically. "Yeah." She bent down to get a closer look. "He's really good-looking."

"I thought you'd approve." Harry closed the laptop lid. "There's not much in the fridge, so we can either go shopping, order a takeaway, or go out for tea."

"Ooh, I'll take option three, please."

"Eating out it is. Want to get changed, or are you happy to go out like that?"

Michelle looked down at her attire. "How do I look?"

"Sexy."

She smiled. "Thank you. I'll stay like this."

They decided to try a new place in the main street which had only been open for a month or so. The last time Harry had visited the building,

it'd been a high street bank. Now it was a trendy tapas bar with low lighting and piped Spanish guitar music.

As they waited for their drinks to arrive, Michelle leaned close and spoke into Harry's ear. "So, did you also get a photo of the new bull's cock?"

"What? No, of course not."

"Well I think you should. Or at least ask him how big it is. I don't want to build myself up to something special just to find he's Mr Average."

"If you want to see a dick pic, I'll ask Ben for one."

"Is that his real name?"

"Apparently not, but it's the one he uses for dates."

"Fair enough." Michelle peered down at the laminated menu. "What do you want to eat?"

"You choose a few dishes and we can share them."

They had a pleasant evening and found the food fabulous. The place was packed out all night, so the bull wasn't mentioned until Harry held her hand over the table just before they left. "So, do you want me to ask Ben if he can make this weekend?"

Michelle held his gaze for a second. "Yes please."

Harry's groin tingled; he was happy that she was as keen as him to arrange the date. The fact Ben had suggested they discuss between them what was to happen gave him hope that this would be something special.

* * * *

Michelle usually had a bath a couple of hours before her dates with a bull, and the meeting with Ben was no exception. She headed off to the bathroom with a glass of wine at five, and Harry went up to get himself ready an hour or so later,.

Once he'd showered and dressed in casual shirt and chinos, he opened Michelle's wardrobe and took out the dress he'd decided she should wear. Ben had requested she wear all black; dress, underwear and shoes. He'd also insisted she use stockings with a suspender belt rather than hold-ups.

Next Harry went to the drawers where she kept her underwear. When he'd chosen a bra, it took him another five minutes to find the matching pair of panties. Finally he found her black suspender belt and laid everything on the bed along with a new pair of stockings he'd bought in case Michelle didn't have any. For shoes he chose a simple pair of black patent ones with a stiletto heel. In his opinion, ankle-straps worked best without nylons.

Harry heard the bath draining, and then Michelle came up alongside him, wearing a thick robe. She smiled at the assortment of clothing on her bed. "Did you tell him I liked black?"

Harry laughed. "Ben chose the attire, but feel free to tell him you enjoy being covered in anything that's black. Incidentally, he's been very specific with his instructions. He asks that you wear your hair down, paint your nails red, and do your makeup exactly like you had it for work when I took your photo the other morning."

"Is there any particular brand of toothpaste he wants me to use before I suck his cock?"

As Harry chuckled, she stood close and looked up into his eyes. "Did you ask Ben about the size of his package?"

"As a matter of fact, I did tell him you were quite interested to know if he measured up to your requirements."

"And?"

Harry smiled. "He assured me you won't be disappointed."

While she dressed, he settled in front of the TV to catch up with the afternoon's football scores. He barely paid attention, unable to think about anything except what would happen later.

Harry was on his third beer when Michelle came downstairs. He stared at her, speechless at how good she looked.

She saw his expression and smiled. "You like?"

"You look fantastic." For what was probably the thousandth time, Harry wondered what was wrong with him. Why would anyone want to share such a beautiful possession with a complete stranger?

Michelle walked slowly to the armchair and sat down. Harry noticed the way the dress clung to her body, showing off her narrow waist and the

swell of her hips. She slowly crossed her legs, dangling one shoe off her stockinged foot. “Is Ben going to be staying the night?”

“Since he’s driving up from London, I told him he could if he wanted to. He said we’d play it by ear and that it wouldn’t be a problem for him to find a hotel.”

“Okay.” Suddenly she frowned. “Hang on... if he’s driving all this way, shouldn’t we be feeding him? I hadn’t thought about dinner.”

“No, he told me he’d be eating before he got here.”

“I hope he eats lots of pasta and energy bars.”

“Practical as ever, I see.”

She smiled, trailing her fingers over her knee. “Is there anything in particular you want to see?”

Harry smiled smugly. “I’ve already discussed it with Ben.”

“Oh?”

He enjoyed the unfamiliar feeling of holding the upper hand. “How do you feel?”

“Excited, but a little anxious, too.”

“Are you wet?”

“Of course I’m wet. Are you?”

“Oh yeah.”

“Good. Because—”

The sound of the doorbell made them both jump a little. Michelle looked towards the hall, then back at Harry. “Shall I go?”

“Nope. He’s my guest, so I’ll let him in.” Harry went into the hall and opened the front door.

Ben smiled and held out his hand. “Harry?” He was wearing a grey suit and white open-necked shirt.

Harry shook his hand, then stepped back and invited him in, taking the proffered bottle of red wine with a smile. “Thanks. Come and meet Michelle.”

They found Michelle standing in the middle of the living room. Harry thought she looked a little nervous—a sharp contrast to her usual calm demeanour when meeting a bull for the first time.

Ben strode over to her and held out his hand. “Hi, I’m Ben.”

She smiled. “Michelle.”

Harry wondered what it must be like for the two of them, meeting a person you knew you were about to have sex with. He cleared his throat.

“Can I get you a drink, Ben?”

He nodded at the bottle of wine in Harry’s hand. “I’ll have a glass of that, please.”

Harry went through to the kitchen, leaving his wife and her new bull alone for a minute while he opened the wine and poured a glass. When he got back, Michelle and Ben were sitting side by side on the couch. After handing Ben his drink, Harry picked up his own beer and went to sit on the armchair facing them. “Cheers.”

Ben crossed his legs, cool and casual. “Harry, maybe you could give me an idea of how much you’ve done since you started sharing your wife?”

Harry nodded. “Sure.”

“How many bulls has Michelle seen?”

Harry scratched the back of his neck. “Twenty?”

Michelle shook her hair back. “Twenty-four.”

Harry was amazed she knew the exact number. “Twenty-four?”

She looked across at Ben. “That’s how many different men I’ve had inside me since we started this, eleven months ago. And there were two more who I sucked off but didn’t fuck.”

Ben seemed pleased by her attention to detail. “And how many times have you been fucked in total?”

Michelle laughed. “Now that I don’t know. But it’s a lot. Easily over a hundred, maybe even two hundred. Most of the guys did me two or three times a night, and one bull I saw a lot of had me six times a night on three different occasions.”

Ben’s briefly startled expression made Harry wonder if he should have mentioned this in their emails.

Ben’s expression eased quickly as he grinned at Michelle. “You sound pretty hard to please.”

She laughed and pushed her arm against his, playfully. “No, that’s not true. I’m fairly easy to please, I promise. And if the bull’s up for more, I don’t turn him away. That would be rude on my part.”

“So you’re not insatiable?”

“Definitely not. I’ve been satiated many, many times.”

“Good.” Ben glanced from Harry to Michelle. “Okay, I’d like you to walk across the room and stand by Harry’s chair.”

Michelle looked confused. “Why?”

“Because I want to look at you. Oh, and Michelle?”

“Yes?”

“Please don’t question any more of my requests.”

Chapter 23

Ben's voice had been quiet and controlled, but Harry sensed a definite authoritarian edge to it. He was sure that Michelle had noticed it too because a brief, angry gleam of rebellion shone in her eyes. Nonetheless, she stood slowly, straightened her dress, and walked towards Harry. At his chair she turned to face Ben, crossing her legs at the ankles and tilting her head to one side.

Ben sipped his wine and studied her sweet smile over his glass, letting his eyes wander down her body. Harry noticed that Ben wasn't wearing any socks and remembered Strict Master hadn't either. Maybe it was part of the bull's dress code.

Ben nodded approvingly. "Now I think it's time I saw a little more of you. Would you take off your dress, please?"

Michelle blinked, then reached behind and undid the zip at the back. With a wiggle of her shoulders, the dress slipped off her upper body. She eased the dress over her hips, let it fall to the floor, then stepped confidently out of the crumpled material wearing only her black underwear and shoes.

Ben put his glass down and leant forward, resting his elbows on his knees. "I'd like you to walk slowly round the room, please. And, Harry, maybe you could close the curtains. I'm sure your neighbours would love to see what we're looking at, but I don't think they deserve to be that lucky."

On his way back to the chair, Harry saw Michelle still standing in the same place, looking agitated.

"Michelle." Ben's voice was quiet and friendly. "I'm not asking you to parade around in your underwear as if this were a cattle market. I'm asking you because I love the female form."

Harry held his breath, worried that Michelle would refuse.

Ben kept his friendly gaze fixed on Michelle's face. "Over the course of the next few hours I'm going to grow very familiar with your body, but—as of this moment—it's unfamiliar. My opportunity to look at

you and wonder what you'll be like to touch is a passing experience, and I want to make the most of it."

Michelle nodded, then slowly walked around the room. To Harry's relief, her reluctant steps became a strut. Getting into the mood, she swayed her hips and brought her feet in with each step as if walking on a tightrope. The sound of her stockinged-legs swishing together made his balls tingle with excitement.

"Harry, come and sit next to me."

Harry quickly moved to join Ben on the sofa as Michelle stopped pacing, coming to a halt a few feet in front of them.

"Thank you," Ben said. "I enjoyed watching you more than you'll ever know. Please, sit down."

Michelle lowered herself into the armchair Harry had just vacated and looked across at them, slowly crossing her legs.

Ben picked up his glass. "Now, I'd like you to tell me about one of your favourite experiences with a bull."

Michelle blew out her cheeks as if it were a really hard question, but then her eyes lit up. "We were in Portugal with Lucas. He was my BBC. Great body and ten-inch cock. It was a sunny day and we were outside by the pool. I got Harry to cover me in oil and then told Lucas to fuck me. I knew it'd probably be our last time and I wanted him to fuck me hard."

"Why the last time?"

She looked slightly wistful. "He was great, but he'd started breaking the rules, wanting things a bull shouldn't want."

Ben nodded. "So, how was the sex that last time?"

"Intense. I think he'd sensed it was our last time as well."

"Describe it. And while you're telling me about it, I want you to touch yourself—but only through your panties. And don't make yourself come. You're not allowed to come yet."

Michelle uncrossed her legs and spread her knees. She rested her hand over the crotch of her panties, her slender white fingers and red nails a sharp contrast against the black silk.

“I suppose ‘hard and long’ is the best way to describe it.” She began to tease her middle finger along the groove of her sex, starting low down at the back and moving slowly towards her clit, over and over. “His cock was hard and long, and the sex itself hard and long. I told him to be rough, to hurt me. He didn’t disappoint. He battered me with his cock, plunging as deep as he could, over and over.”

Harry’s cock dripped steadily inside his boxers. He was buzzing with arousal and wondered what effect Michelle’s words were having on Ben. The man looked unflappable and the only way he’d be able to tell was to peer at Ben’s groin. He wasn’t *that* desperate to know.

Michelle closed her eyes for a few seconds, then stared intently at Ben. “I lost count of the number of times I came. At the end I made him withdraw. I wanted to see him come, to feel his hot jizz splatter on my body.”

“I thought you preferred bulls to come inside you?”

She nodded. “Yes, usually. But that time I wanted to see it, feel it. And I wanted Harry to see it, too. He was filming it and taking photos, so I wanted it to look as good as it felt.”

“Okay, you can stop touching yourself now.”

Michelle removed her hand and smiled. “Was that the sort of thing you wanted to hear?”

“I’d like you to remove your stockings but leave your suspender belt on.”

She looked puzzled that he’d totally ignored her question but did as he asked. As she slipped the nylons off her feet, Harry saw that her toe and fingernails matched.

“Put your shoes back on, please. Then go and stand over there.” Ben’s voice was still quiet and calm, but Harry caught a trace of excitement in it.

Michelle walked to the hole-in-the-wall fire adjacent to the television.

Ben got up and patted Harry’s shoulder. “Would you go back to the armchair, please?”

Once Harry was settled, Ben moved to stand next to Michelle. The difference in their attire was striking—Ben looking immaculate in his smart suit and white shirt, and Michelle incredibly sexy in just her underwear and shoes, the clips from her suspender belt hanging loose against her thighs.

Ben placed his hand on her waist, their only contact since that first handshake. “I want you to look at your husband.”

Michelle smiled at Harry, and he could see her anticipation.

“Now,” Ben said. “I want you to run your hand over my crotch.”

Michelle had her back to the wall, but with Ben angled towards her, all Harry could see was her eyes widening and her arm moving as she stroked Ben’s cock.

“Tell Harry if you think what you can feel will be enough for you.”

Michelle’s cheeks flushed. “I’m sure this will be perfect.”

After moving back to the sofa, Ben leaned back and put one foot up on the seat. He looked at Michelle. “Please join me over here. I want to get acquainted with your body.”

Harry watched as she knelt on the cushion between Ben’s legs, her upper body leaning over his.

Ben stroked Michelle’s wrists and slowly ran his hands up and down her arms, caressing the soft, toned skin of her limbs. Then his hands glided over her shoulders and down her back and sides. He leaned close, inhaled her perfume and looked into her eyes. “Tell Harry what you think is going to happen next.”

Michelle’s blush spread from her cheeks to her breasts as she turned. “I think Ben’s going to tell me to take his cock out of his pants, and he’s going to ask me to suck it. Then he’s going to pull me down onto it and fuck me right here on the couch while you watch.”

Ben tilted his head. “Does that sound like the sort of thing you’d like to watch, Harry?”

Worried his voice might crack, Harry simply nodded.

Ben looked up at Michelle. “Please remove your bra and panties.”

Michelle stood, facing him. Harry’s attention was torn between the graceful way she undid the clasp at the back, and Ben’s enthralled

expression as she removed the bra and exposed her perfect breasts.

She slipped her fingers into the waistband of her panties and pushed them down, bending in front of Harry as she did so. He caught a clear glimpse of her sex, already engorged and glistening in anticipation. The phrase 'eager beaver' came into his head; on any other occasion, Harry might have smiled. Just then, he was so hard he actually ached.

"Okay," Ben said with a confident smile. "Now, what did you say was going to happen first?"

With nimble fingers, Michelle undid Ben's zip and released his cock.

In spite of himself, Harry stared. It was big. Huge, even. It was probably as long as Lucas's, and maybe a little thicker. And it was wet, the entire crown covered in clear precum.

Michelle ran her thumb over the tip of Ben's cock, her lower lip held between her teeth. She slid off the couch and knelt on the floor, taking care to position herself slightly to one side of Ben's crotch so she didn't obscure Harry's view. Holding the cock with both hands around the base, she opened her lips and lowered her head.

Harry watched as yet another huge cock disappeared completely into his wife's mouth and throat. He heard Ben take a deep breath as Michelle went to work on him, twisting and bobbing her head.

After a minute or so, Michelle raised her head and released Ben's cock, which now glistened in the soft light. Ben inched his backside to the edge of the cushion. "Turn around and face Harry, then lower yourself down."

Michelle did as instructed, her eyes fixed on Harry's. Harry couldn't resist watching the penetration. He saw the huge, thick cock slip easily inside her tiny body: a magician's disappearing act that never ceased to amaze him. Her eyes widened and jaw clenched as Ben pulled her down onto the full length of him.

As Ben reached round and cupped her breasts, Michelle used her legs to raise herself up and down on him. Harry could tell she was already close to her first orgasm, her thighs shaking and her breathing ragged.

“Ride my dick.” He pinched her nipples. Michelle groaned, keeping her eyes locked on Harry’s.

Ben started to pull and stretch her nipples while pushing his hips up to meet Michelle’s rhythmic bouncing. “Tell him how it feels.”

“Good. It feels good.” Michelle took a deep breath. “Big, and thick. It’s going... Harry, I’m going to come. I’m... Oh *fuck!*”

Ben dropped a hand down and pinched her clit between his thumb and forefinger.

Michelle squealed, rocking her hips frantically. She scratched her nails along Ben’s thighs and squeezed her eyes shut, then threw her head back onto his shoulder as she came again, her head finally dropping forward, chin on her chest.

Ben released her clit and moved his hands to her hips. “Michelle, tell Harry to stand up and get his dick out.”

Michelle twisted round, looking bewildered. “But Harry doesn’t like —”

“Don’t tell me what he likes. He’s not your cuckold.”

She frowned. “Yes he—”

“No, Michelle, he’s not. He’s not anybody’s cuckold. He’s a stag.”

She shook her head, her face full of confusion.

Ben pulled her down onto the full length of his cock and held her there. “Harry likes to watch you receive pleasure. It turns him on. But he doesn’t enjoy any of the humiliation or degradation that true cuckolds crave.”

“Yeah, I know. But—”

“Just listen. Though he doesn’t want any contact with me, he craves contact with you. He adores you. Worships you. He puts your pleasure above everything else.”

“I know he loves me.”

Ben gave her hips a squeeze. “Right, so tell him to stand up and get his dick out.”

She met Harry’s eyes, nodding her permission.

“He needs to hear you say it, Michelle. He likes to hear you talk dirty.”

“Harry, stand up.” She swallowed like she was trying to gather her courage.

“Tell him what you want,” Ben urged.

“Put your dick in my mouth.”

Harry got to his feet, his legs shaking. He was afraid he’d come before he managed to get his cock out.

Ben cupped Michelle’s breasts. “Michelle, you’re his vixen. Your purpose during sex is to turn your stag on. You do it by letting him watch you with other men like me, and you do it by giving him pleasure. Do you think he’s turned on now?”

Harry saw Michelle looking at his cock, which was painfully hard with precum oozing from the slit.

“Oh yes.”

“So do I.” Ben winked at Harry as he spoke into Michelle’s ear. “Now, I don’t want to watch an oral romance between husband and wife, so I want you to tell him to fuck your face.”

Michelle nodded, seeming to gain her confidence. Her gaze went south to Harry’s cock, then back up into his eyes. “You heard him. Use my mouth, and don’t stop until you’ve come.”

Harry stepped forward and guided his cock into Michelle’s open mouth. As soon as she closed her lips around him, a shiver ran down his back and he sighed.

Ben moved Michelle on his lap, raising and lowering her on his cock. She moaned and wrapped one arm around Harry, pulling him closer until he was balls-deep.

Ben pinched her nipples again, making her groan. The vibrations tipped Harry over the edge. He cried out and came powerfully, gushing a torrent into the back of her throat.

Michelle’s nails dug into his buttocks as she tightened her grip. Harry took a deep breath and another spasm pulsed through him, sending more cum into his wife’s mouth. When he was done, he stumbled back.

Ben fucked Michelle harder and her moans became guttural. She looked up at Harry's face but he doubted she could see him; her eyes were unfocused and half closed. Ben bounced her up and down and Michelle rocked herself back and forth. His eyes closed, and then he grunted.

Michelle reached out and gripped Harry's hands. "I'm..."

Harry watched her face as she came once again. Ben was half-lying on the sofa behind her, his whole body shuddering as Michelle's orgasmic spasms gripped his cock.

Michelle and Ben finally stopped their movements and the room became silent.

Harry freed his hands from her grip, fastened his trousers, then sat down in the armchair and admired the sight in front of him. Michelle had her eyes closed, her breasts rising and falling with her breathing. Her nipples were extended and darker than usual from being pulled and pinched so much.

"Uh-oh." Michelle opened her eyes and turned to look over her shoulder. "Ben, I'm leaking all over your trousers."

"Yeah, well. What goes up must come down." Ben sighed. "They can be cleaned. Don't move, I'll get hard again in a minute."

Michelle giggled. "You're allowed a rest."

Ben wriggled his jacket off, then sat up. "I'll rest after the second one. I always get hard a few minutes after the first."

"Really?"

Harry gawped along with Michelle as she reached down and ran her fingers against the base of Ben's cock. Amazingly, it was already getting thicker again.

"Yeah, and this time you're going to sit on the couch." Ben pushed her up, and Michelle stood on shaky legs.

As she sat down, Harry saw a thick glob of cum ooze out. They'd have to clean the couch later. Ben had seen it too, but shrugged it off, turning to Harry with a friendly smile.

"What should I do to her now?"

Harry looked at his wife, prone on the couch and eager for her bull's big cock. "Fuck her hard, then come in her mouth."

Michelle stared open-mouthed at him for a second, but then her eyes softened; something in her seemed to enjoy him siding with the bull. Smiling, she opened her legs wide and used her fingers to spread open her sex. "Come on, Ben. You heard the man."

Ben had regained a full erection, and his cock slid into Michelle's gaping sex with an audible squelch. She groaned and began to rock her hips. Ben fucked her hard, and Harry's cock started to thicken in his trousers. He felt good about his ability to achieve erections so easily again, no longer the impotent wimp he'd been a year ago.

Michelle stared up at Ben as he fucked her. Neither of them spoke throughout, until it was obvious from Ben's breathing that he was getting close to coming.

Michelle stroked his face. "Don't wait until you're on the edge. Put it in my mouth now and let me bring you off."

Ben withdrew and stood up. Michelle sat forward, cupped Ben's big balls and bobbed her head forward and back on his huge cock, taking long strokes.

As Ben let out a groan, Michelle released him from her mouth, cradling his tip with her tongue. Her timing was bang-on. As Harry watched, a thick dollop of cum erupted from his cock. Then another, and a third. Cum overflowed her lower lip and ran onto her chin.

Michelle pushed her head forward, taking Ben's full length again, making him moan. All the while, Michelle kept her eyes on Harry's. Her chin was covered in Ben's cum, drips falling to her chest.

Ben was breathing heavily. When Michelle finally pulled away, he gave a tired chuckle, smoothing her hair off her face.

Shakily, Michelle stood up. "I need a shower."

Ben gripped her wrist. "No, you don't. I like you like that."

Michelle pouted. "It's going to cool and go hard and flaky."

"I know." He picked up his glass of wine and took a sip. "I need to rest for a few minutes, but I reckon Harry's ready to go again. Right, Harry?"

Harry swallowed, his cock rigid within his trousers. Michelle's incredulous expression made him feel apologetic for being aroused by watching her getting serviced by someone else. Ridiculous. He was relieved to see her eyes light up as her gaze travelled down to the tent in his chinos.

Michelle nodded, then looked at Ben. "How?"

He shrugged. "Don't ask me, I'm just a guest."

Harry seized the moment. "I want you from behind. Kneel on the floor and lean on the couch."

Wearing nothing but her shoes, suspender belt and a half-smile, Michelle knelt on the floor and placed her hands on the seat of the couch. As soon as she raised her backside in the air, Harry guided his cock into her. She was wet and loose, and the thrill of that made him shiver. He banged into her hard and wondered if her resulting groans were exaggerated for his benefit.

Harry was suddenly excited by the thought of coming over her. He gripped her hips, banged hard for as long as he could last, then withdrew and fired an arc of cum up over her back. It landed between her shoulder blades.

Michelle let out a moan. Harry wanked his cock and fired a second spurt over the small of her back. His third and final spill left a dollop on her buttock. She looked over her shoulder at him, narrowing her eyes in a way that told him she'd enjoyed him coming over her.

A warmth spread through him, leaving him floaty and feeling slightly drunk. He barely registered Ben giving her permission for a time-out, and then he seemed to disappear out to his car for a moment or so. Once Michelle had picked up her discarded clothing and headed for the stairs, Harry shuffled into the kitchen for a pint of water.

Ben followed a few moments later, holding out his own glass. "Any chance of a refill?"

"Yeah, 'course." Harry passed Ben the bottle of red, took the white from the fridge and poured Michelle a fresh drink.

Ben leaned back against the counter. "So, how do you think that went?"

Harry smiled broadly. "Great."

“Did you enjoy joining in as much as you’d hoped?”

“It was... incredible.”

“Good.” Ben chuckled. “Still up for the other thing we discussed?”

Harry nodded enthusiastically, having no doubt about his ability to get another erection. It was like having a new lease of life. “Maybe give me another couple of hours, though. I’m not like you bulls.”

Ben laughed as he headed back to the lounge, and Harry carried Michelle’s wine upstairs. He found her just out of the shower and bending over the bath, stirring the water and testing the temperature. She’d tied her hair up to keep it from getting wet.

Harry handed her the glass. “You okay?”

Michelle nodded, the hint of a smile on her face. “I should have let you organise bulls before.”

He beamed, so pleased with the way she’d accepted his joining in.

Back in the living room, he found Ben still wearing his shirt and cum-stained trousers. “Do you want to change?”

“Probably not worth it. As soon as your wife gets back I expect I’ll be getting naked.”

Harry nodded, impressed by the bull’s confidence. Suddenly it seemed like there were hundreds of questions he wanted to ask. “Is this how it usually goes when you see hotwives? Do many join in, like I did?”

Ben shrugged. “It varies a lot, depending on what the couple want. Some men like to watch, some like to listen from another room and have their wife tell them about it later, after I’ve left. There’ve been a few who lie on the bed and masturbate while I’m fucking their wife right next to them. Everybody has their own preference.”

The idea of lying on the bed and jerking himself off while Michelle was being fucked was weirdly arousing. It seemed that he had very little in common with cucks after all.

“What about you, then?” Ben asked. “Your email said you usually watch?”

“Yeah, I did, but it’s taken us a while to work out what we both want.”

“Is being involved better?”

“Much, much better.” He decided he needed another beer. “Do you want a top-up?”

“I’m okay for now, thanks.”

Harry heard movement upstairs as Michelle got out of the bath, and a couple of minutes later she trotted down the stairs, carrying her now empty wineglass. She was wearing the pale blue summer dress she’d worn the day after the gangbang when she and Harry had gone out. She was barefoot, and from the way the dress clung to her body, it was obvious she hadn’t bothered putting on underwear.

Harry went to refill her glass and returned to find Michelle and Ben sitting side by side on the couch.

Michelle smiled a thanks for the drink, then turned to Ben. “I wish we’d met you earlier. It could have saved Harry a lot of grief.”

Ben smiled. “He doesn’t seem to be any worse off for his experiences.”

“No, I think we’ve both come a long way.” Winking at Harry, she crossed her legs and wriggled her toes. “So, what are you two going to do to me next?”

Ben smiled. “I’m going to take you to bed, but Harry will just be a spectator for this one.”

“Sounds good to me.”

In the bedroom, Harry moved the chair from the corner to under the window and sat down. Michelle and Ben stood facing each other.

“Lie on the bed,” Ben instructed.

Michelle inched across the mattress into the centre while Ben slowly unbuttoned his shirt. His upper body was toned and hairless. When he eased down his trousers his cock stood out, long, thick and fully erect. He climbed onto the bed and crawled towards Michelle. She spread her legs as he held himself up above her on straight arms.

Harry watched as she tugged her dress up, revealing first her thighs, then her uncovered sex. Ben guided his cock to her entrance and pushed in. Michelle let out a moan and closed her eyes.

Ben took her wrists in his hands and held them flat on the mattress above her head, pinning her down while he fucked her. Harry watched him pick up a strong rhythm, willing Ben to fuck her hard and make her squeal. Michelle came after only a few minutes, screaming and groaning as she thrashed her head from side to side.

Ben had huge control and stamina. He continued with his relentless pounding until Michelle came again, letting out guttural grunts between ragged breaths. He finally let out a sigh and Harry watched his wife gaze into her bull's eyes as he came inside her again.

The three of them remained silent for several minutes, Ben lying beside Michelle on the bed with Harry still watching from the chair.

Michelle stroked Ben's stomach. "How did you first get into being a bull?"

He smiled. "It was by accident. My girlfriend left me for a wealthy older man, but she discovered his big house, fast car and villa in Spain didn't make up for a tepid sex life. She asked me if we could still see each other for sex."

"I can't believe you'd agree to that."

Harry chuckled. "I can."

Ben shrugged. "She was gorgeous, and I didn't know the guy, so I said yes. Turned out the guy knew about our fling all along, but I didn't find that out until he'd watched us several times through a two-way mirror he'd had fitted specially."

Michelle gasped. "God, what did you do?"

"I fucked her while he watched."

"Hmm." Michelle lay quietly for a while, then got up and went to the bathroom. When she returned, naked, she beckoned Harry away from his chair. "You can't stay there all night. Come and get in bed."

As Harry quickly undressed, Michelle slipped into the middle, under the covers. Harry climbed onto the bed next to her, looping his arm across her waist.

They all lay quietly for several minutes, a delicious tension building in Harry's stomach. This was the first time he'd been allowed in a bed with his wife and another man.

Ben leaned down and took one of Michelle's nipples into his mouth, making her sob. Harry did the same to the other breast, sucking at the nipple and gently scraping his teeth over it.

For several minutes the men kissed and stroked her body, trailing their fingers across the soft swell of her breasts, the firm flatness of her tummy, and the supple, toned flesh of her legs. As Harry ran his hand up the inside of his wife's thigh, she opened her legs to give him access. He slipped two fingers into her dripping sex, and she sighed. He felt her gripping him, and she rocked her hips. Harry removed his fingers and let his hand fall lower, then pushed a single finger into her anus.

Michelle opened her eyes and sucked in a breath. Her eyes focused on his. In that instant, the realisation of what was going to happen showed in her expression. She opened her mouth as if she might speak, but only let out another sigh.

Pushing Harry onto his back, Michelle got to her hands and knees and crawled between his legs. She turned to Ben and stroked his cock, which Harry could see was rapidly returning to its full glory. Michelle lowered her head and took his cock into her mouth while Ben positioned himself on the bed behind her.

As Michelle let out a groan and pushed herself back to meet Ben's thrusts, Harry realised he was living his fantasy from Portugal. This was what he'd wanted to happen when Michelle had sneaked into his room that night: for her bull to wake up and fuck her from behind while she sucked him.

After a couple of minutes of almost surreal bliss, Michelle released Harry's cock and instructed Ben to lie on his back. Once the bull had lain down, Michelle straddled him and guided his cock inside her. She rode him for a short time, reaching across to trail her fingers down Harry's stomach and stroke his cock every few seconds.

Then she slowly lay down, crushing her breasts against Ben's chest. Guided by her expectant expression and the light pull on his arm, Harry positioned himself so he was kneeling up behind her, his legs either side of Ben's. He could hardly believe what she was giving him permission to do at last. Two of her previous boyfriends had done it, and Harry had watched at least five bulls do it as well. Now it was his turn.

Looking down, he could see his wife's sex stretched wide to accommodate Ben's cock. The guy's balls were as big as hen eggs.

Harry braced one hand on the mattress and guided the tip of his cock at the opening of Michelle's anus. He held his breath and pushed gently, amazed at how easily she opened up around the dome of his cock. Michelle let out a whimper and placed her hand on top of Harry's, squeezing tightly.

Ben began to move below her, and Harry slowly moved himself, too, his cock sliding against Ben's through the walls of membrane.

Michelle gripped his hand tighter, and he felt her body spasm as she came. Harry moved faster, delighting in the tightness and the thought of being included in something so taboo. He was finally part of this—part of his hotwife's sex-life.

The three of them moved in a slow, sensual dance, the only sounds coming from the men's breathing and Michelle's muted whimpers.

Harry felt Ben's cock twitch and pulse, and even felt his balls move against his own, but the weirdness of it didn't freak him out. Ben was coming inside Michelle, and Harry was going to do the same. He pushed deeper, faster. Michelle damn near crushed his hand as Harry erupted inside her. He saw stars, and only after a couple of seconds did he realise the humming groan he could hear was coming from his own throat.

They all disentangled from their clinch and settled into a silence that felt natural. Harry dozed. When he opened his eyes it was dark; someone had turned the bedside light off. He could hear Ben and Michelle breathing steadily beside him, both asleep. Harry felt relaxed and satiated in a way he'd never felt before. He fell asleep smiling.

Sometime later, Harry awoke to find the bed rocking gently. It was dark, but he could see Michelle on top of Ben. Her breathing was fast and urgent—building up to her orgasm. Harry's cock was limp and lifeless, but he was happy for Michelle to get another helping from her bull. The guy could definitely give Lucas a run for his money.

"Oh..." Michelle whispered in the darkness. Muted yelps and whimpers announced her orgasm, and a hefty sigh from Ben suggested he'd managed to come yet again. They stilled, both breathing heavily.

They fell back to sleep, and eventually, so too did Harry.

* * * *

Harry woke up alone. He blinked and saw a chink of light through the curtains. He wondered if Ben and Michelle had decided to move to another bed, or maybe the shower. Perhaps they felt he'd shared in enough of their fun.

He pulled on a pair of shorts and t-shirt and went to the landing. A light was on downstairs, but there were no sounds. Harry found Michelle sitting at the kitchen table in her robe, sipping a cup of tea. He looked around. "Where's Ben?"

"Morning. He left about fifteen minutes ago."

"How come?"

"He wanted to get down the motorway before it got busy, and said he thinks it better to leave the couple to themselves in the morning."

"Oh." Harry sat down in the chair opposite her, surprised at the news but not overly disappointed. He reached across the table, stroking her hand with his thumb. "So, what did you think?"

"I think what we did last night was special."

Harry held his breath, his heart leaping in his chest like a kid's on Christmas morning. "So... you don't mind too much if it turns out I'm more stag than cuckold?"

"Not at all. And I'm more than happy to be a vixen, if last night is anything to go by."

"Did Ben say anything about seeing him again?"

"As a matter of fact, he did."

When she didn't elaborate, Harry raised his brows. "And...?"

"He said he'll message you."

Harry grinned.

* * * *

They went back to bed and dozed for most of the morning, then had a lazy afternoon. As Harry lay on the freshly-sponged couch watching an old cowboy film, he heard Michelle squeal from the kitchen. He got up to check if she was alright but heard her giggling and talking excitedly before he reached the kitchen.

She was pacing round the kitchen with her phone. “Hang on, just going to tell Harry.” She beamed at him. “Vicky’s pregnant.”

“Congratulations!” he shouted at the phone.

Michelle listened to the reply, giggling again. “She reckons it was because of the walk we all did in Wales. Says it must have given Josh’s tadpoles a bit more energy and helped them swim a bit further.”

Harry grimaced. “Too much information, Vic.” He returned to his film, genuinely pleased for their friends.

A few minutes later, Michelle came through carrying her phone in her hand, the call over. “Harry?”

“Hmm?”

“I’ve been thinking... What d’you think about us starting a family?”

He sat up and muted the TV, an uneasy feeling settling in his stomach. “Us?”

“Yeah. I’ll be thirty next month, and I never wanted to be an old mother.” She sat in the armchair opposite, looking serious. “It’s taken Vicky and Josh a couple of years to catch. I don’t want to wait too long.”

Harry’s mind tumbled over all the cuckold books he’d seen where the hotwife gets the bull to impregnate her. “Are you thinking of Ben?”

She laughed. “Well, I’m definitely looking forward to seeing him again, but I think this is more important than my sexual fulfilment.”

“I’m not sure if I could do that.”

She leaned forward, her expression imploring. “I’m not suggesting we stop the stag arrangement immediately. I know we’ve finally discovered something that works well for us both, but I’d like us to start trying soon.”

“You mean *we’ll* try for a baby? You, with me?”

She frowned and looked confused. “Who else would it be?”

“You said Ben.”

“*What?*”

The tension uncoiled in his gut, but her baffled expression made him feel like an idiot. Harry raked his hands through his hair, flustered. “I’ve seen the books about hotwives breeding with the bulls, and—”

“Harry, they’re *stories*. That’s fiction. Nobody in their right mind would actually do that.” She fell back in the chair, shaking her head. “I’d never have sex with anyone but you without using contraception, you daft —”

“So you’d stop being a hotwife?”

“I thought I was a vixen?”

“Whatever. Would you stop while we try?”

“Of course I would. I mean, it’s been a lot of fun—for both of us—but that’s all it is. Fun.”

Harry bit his lip and thought about the possibility of having a family. “All your colleagues said that having kids meant our social life would stop, and instead we’d spend all our time running our kids to places.”

She laughed. “I think they were exaggerating.”

He blinked, trying to get his head around the prospect of being a father.

She sat forward and looked into his eyes. “I’m not saying we should start straight away. I want a few repeat performances of what we did last night, either with Ben or with somebody else, and I’m sure you do, too.”

“You mean another threesome with me and a bull?”

She nodded. “Yeah, I loved it. How about we have a few more months enjoying this lifestyle, then in the Spring I’ll come off the pill and we can start trying for a baby.”

Harry bit his lip. “Wouldn’t you miss it? I mean, miss having men who’re a lot... y’know... bigger?”

“Big cocks are fun, but we both know you can satisfy me now. What’s more, we’ll have all these memories to look back on and enjoy.” She twirled her hair around her finger, her eyes gleaming. “Maybe in a couple of years we can think about playing again, if it’s what we both want.”

Harry nodded slowly.

Michelle gave him a beautiful smile. “Okay then, it’s a deal. I’ll stop taking the pill at the end of March, and after that, you’re the only man who’ll get near me with his cock. But in the meantime...”

Harry held his breath.

She narrowed her eyes. “I intend making the most of being a vixen, and over the next few months I aim to enjoy many more of your stag nights.”

Part III – Unleashing the Bull

Chapter 24

Josh's phone rang for the third time in five minutes. He didn't need to check the screen to confirm it was Olivia again and, like he'd done for her first two calls, he let this one go straight to voicemail. Once the screen had stopped flashing, he picked up his phone, deleted all three voicemails without bothering to listen to them, then blacklisted her number before dropping his phone back on the coffee table. Sitting alone in his flat, he tried unsuccessfully to concentrate on the program he was watching.

His mind kept going back to Olivia—her auburn ringlets, her green eyes and her tight, firm body.

For the last two years they'd been inseparable. Then, following a stupid argument over something trivial, she'd announced she wanted to cool things for a while. He had agreed, assuming they'd soon get back together, but it'd now been two months. And then last night he'd bumped into a couple of friends who'd informed him that Olivia was now seeing a guy called Thomas.

Josh had been gutted but tried his best not to show it. He'd shrugged and smiled, saying Olivia had never been short of admirers.

Hurt and angry, he'd returned home and had a restless night. This morning he'd woken early as usual—a left-over habit from six years in the army—and gone for a run. He'd left his apartment building in Kilburn and headed south down Abbey Road, passing the famous recording studios and Lord's cricket ground on his route to Regent's Park, where he'd pounded the paths until too exhausted to run any farther. He'd slumped on a bench and listened to the animal calls from the zoo, then bought himself a coffee and walked slowly home. After his shower, he'd found something on Netflix he hoped would occupy his mind and sat on his couch with the intention of doing nothing but binge-watching for the rest of the day. Before he'd gotten through the first episode, Olivia had tried to call him.

His phone rang a fourth time.

Josh paused the TV and snatched up his phone, wondering why blacklisting her number hadn't stopped the call. He saw the caller ID and relaxed; it was his mother. He leaned back on the couch. "Hi, Mum."

"Why aren't you answering any of Olivia's calls?"

He sighed and closed his eyes, angry at his ex's latest tactic.

"Josh?"

"I was in the shower and—"

"She said you've blocked her."

He shook his head, exasperated. "I was trying to do some work and didn't want to lose focus."

"Hmm."

That was his mother's standard response when she knew he was lying. "Mum, I'm just trying to move on."

"Talk to her, son. You might not be seeing her anymore, but the least you can do is be polite. That's how you were brought up."

"Yes, Mum."

"Promise me."

"I promise to answer the next time she calls."

"Josh! You've blocked her phone so she can't call, and you know it. Phone her."

He chuckled at his mother's tone, assured her he'd do as she said, then hung up. He re-added Olivia's number to his whitelist, then called her.

"Hello Josh."

The sound of her voice made his heart melt. Just two words, and all his anger turned into a sense of deep loss. "Hi."

"I need to see you."

He let out a short, humourless laugh. "We both know that's not true."

"Just meet me for a coffee. Please."

Looking up at the ceiling, he let out a long breath. "Where and when?"

"Thank you. How about the place on Finchley? Say two o'clock?"

The café on Finchley Road was where they'd meet during lunch breaks in the early part of their relationship. Josh checked his watch. It was only two stops away on the tube. "Fine. See you then."

After they'd hung up, he tapped his phone against his knee. *Why is she seeing someone else when she should still be with me?*

Having dressed in jeans and the round-necked jumper Olivia had bought for him the previous Christmas, he grabbed wallet, keys and phone, and left his flat much earlier than he needed to. He arrived at the café at one-thirty and chose a seat near the window rather than taking a table at the back, where they used to sit.

He spotted her when she was still a hundred yards away. An ache developed deep in his stomach as he watched her walking up the pavement on the opposite side of the road. Her hair was pinned up, and she wore faded jeans and a bottle-green top. She often wore green; it brought out the colour of her eyes and suited her hair. The way she walked was so familiar. His body tingled from the memory of holding her.

He reminded himself that he wouldn't be holding her today. She'd moved on and started seeing someone else. He needed to do the same.

His jaw clenched at the realisation that his Olivia had probably already slept with her new beau.

She gave him what looked like an apprehensive smile when she saw him through the window. She had a suntan which brought out the freckles on her nose and cheeks. Once through the door, she came straight over to his table. His throat constricted and he couldn't speak. She looked stunning, and he longed for her.

"Hiya." She flashed her beautiful smile and sat in the chair opposite him. "Thanks for agreeing to meet me." She shrugged. "I'm sorry if I acted a bit like a stalker, getting your mum to convince you to speak to me."

He laughed. "I was acting like a dick and should have answered. Sorry."

She licked her lips. "I'd never want to hurt you, you know that."

He nodded, then paused as a waitress arrived to take Olivia's order.

After she'd asked for herbal tea and a glass of Perrier water, she turned her gaze back to him. "I have some news, and I wanted you to hear it

from me before anyone else told you.”

Too late.

“I bumped into Jake and Imogen last night, and they told me you’d started seeing someone called Thomas.”

She bit her lip, then took a breath. “It’s a bit more than that. I’ve married him.”

A coldness gripped him. It was as if he’d been kicked in the stomach. His mouth dropped open, but he couldn’t find words.

“Josh, I’m sorry.”

Fragmented thoughts raced through his mind. “Were you seeing him when we were together?”

She frowned and shook her head. “No, of course not. How could you think such a thing?”

He shrugged, floundering in the tempest of his disappointment. “How else could you know him well enough?” He shook his head and tried to recover from the biggest shock he’d experienced since his best friend had been killed while they were both serving in Afghanistan. “It’s only been a couple of months.”

“I know. Talk about a whirlwind romance...”

He watched her face and tried his hardest to be nice. “I guess congratulations are in order.” He couldn’t manage a smile.

Olivia reached out and stroked his hand. “Thank you. Josh, I’m really—”

“Please, don’t apologise. Is that why you’re so tanned? Have you been on honeymoon?”

“I suppose so, though we actually married while we were there. It was all a bit sudden.”

The waitress returned. Olivia smiled her thanks at the young girl before taking a long drink of her water. She put the glass down and looked at him. “Thomas is a bit older than me. Than us.”

Olivia was twenty-five, Josh twenty-six. “How much older?”

“He’s forty-four.”

“Wow.” This was another shock. “He’s a lucky guy.”

“Thanks.” She raised her eyebrows. “So, are you seeing anyone?”

He didn’t want to admit that he wasn’t, or that he hadn’t even considered it because he’d been sure the two of them would reconcile. “Tell me about Thomas. What does he do for a living?”

“Well,” she said, turning the teacup on its saucer. “He’s a bit of an entrepreneur and has business interests across Europe.”

“Doing what?”

She laughed and shook her head. “All kinds of things. He imports wicker furniture from Spain, and tiles from Italy. He has a transport business based in Slovakia. There’s also a Jacuzzi business where he buys them from one company and organises another company to fit them in villas across Spain and Portugal. I honestly don’t know what other companies he has.”

He forced a smile. “It sounds like he’s successful.” He’d tried to keep his tone friendly but knew it had sounded spiteful.

She held his gaze for a second. “I didn’t marry him for his money, Josh. But yes, he’s very successful.”

“So, where will you be living?”

“The family home is in the Cotswolds, but we also have a townhouse in Kensington.”

“Wow again.” Josh couldn’t afford a haircut in Kensington, let alone a townhouse. “What about work?” he asked, with a smile. Olivia worked in PR and hated it.

She laughed, and the sound of it made him sadder than ever. She used to laugh like that at all his stupid jokes. “I’ve handed in my notice and will be helping out with admin for Thomas.”

“Sounds like you’ve landed on your feet.”

Or your back.

Olivia sipped her tea and watched him over the rim of her cup. He was sure she could read him like a book, and he felt guilty for accusing her—without actually saying it—of marrying for money.

She frowned. “I’m sorry if this is—”

“Do you love him?”

“Of course I do.”

“And does he love you?”

She smiled and nodded. “Yes, I believe he does.”

Josh shrugged. “Then you have nothing to be sorry for. I’m pleased for you.”

“No you’re not.” Olivia smiled, teasingly.

“No,” he admitted. “But I promise to try. It may take me a little time, but I’ll try.”

Olivia’s eyes watered. She raised a finger to wipe a tear from her cheek. “Thank you. Can we remain friends?”

“I hope so.”

She smiled again and took another sip of her tea. “So, how’s your mum doing?”

“You mean when she’s not lecturing me on my manners, and telling me I hadn’t been brought up to ignore people’s phone calls?”

She laughed. “Sorry, but I was desperate. I couldn’t ask any of our friends because I didn’t want them asking me any questions that I couldn’t answer before talking to you.”

“My mum’s okay. I suppose I should drive up and see her one weekend soon. It’s been over a month since I was last there.”

Olivia nodded. “Say ‘hello’ from me, and thank her for passing on my message.”

“I will.” He glanced at his watch. “Well, I guess I should head back home and do my laundry before work tomorrow.”

She laughed and looked down at her hand. He followed her gaze and saw the two new rings: a plain platinum band, and a matching one with a huge diamond solitaire.

She looked back into his eyes and his heart plummeted again.

“Josh, can we do this again? Just meet up and chat?”

“Yeah, just text me.” He saw her expression and laughed. “I’ve unblocked your number.”

“Thank you.”

They stood and there was an awkward moment when both of them hesitated, unsure if a hug would be appropriate or not. In the end he stepped past her and walked to the door, holding it open for her.

Once on the pavement, Olivia turned to look at him. “Are you heading to the Underground?”

He shook his head. “It’s a nice day. I’m going to walk back.”

“Okay. Bye Josh.”

“See you, Mrs... What’s your last name now?”

“Campbell.”

“Okay, well goodbye, Mrs Campbell.”

Olivia laughed and started walking in the opposite direction.

He watched the sway of her bum in the tight jeans and a lump formed in his throat. It wasn’t that long ago since the sight of that bum in a tight pair of jeans had formed a lump much lower down.

Chapter 25

Josh spent the following week keeping himself busy at work during the days and trying to forget everything he and Olivia had meant to each other during the evenings. He got a couple of calls from friends who'd heard Olivia's news and wanted to make sure he was okay. He assured them he was fine—even though he wasn't—but was touched by their concern. He went out for a drink on Friday night with a guy from a neighbouring flat but made his excuses and left early.

Early on Saturday morning he received a text from Olivia asking if he had time to meet her for another coffee later. Although he'd have preferred a few more weeks to build up his defences, he accepted her offer. They agreed on the same café as their previous meeting.

Josh arrived early again, but this time Olivia was there before him. She waved from the comfortable seats at the rear, where they used to sit. As he approached, she stood up. Her hair was loose and she was wearing quite a lot of makeup—lipstick, eye shadow, mascara. She was dressed in a hip-hugging grey skirt that stopped a couple of inches above her knees, a cold shoulder-style top and high-heeled sandals. A lot of tanned skin was on display and she looked incredibly sexy. Her nipples were pushing against the material of her top, vying with her legs for his attention.

He tried desperately not to gawp.

Olivia hugged him and kissed his cheek. "Lovely to see you," she whispered.

Her perfume filled his senses, setting off a million memories. "Hi."

She sat down on the low leather couch; he took the one on the opposite side of the low table. When Olivia crossed her legs, he couldn't help glancing down at the expanse of thigh.

"So," he said, forcing a smile. "How's life as Mrs Campbell?"

She seemed amused by his choice of words. "Well, I no longer work in PR."

“That was quick. Shouldn’t you have worked a month’s notice?”

“Yes, but they agreed to let me go immediately.” She picked up her tea and shrugged. “I suppose that sums up how little I’ve contributed these last few years.”

He laughed, then ordered a coffee from a passing waitress. “I had a few calls from friends about your newly-married status. Was there an official announcement in the Society pages?”

She grinned. “No, you cheeky sod. I put it on Facebook.”

“Ah, right.”

“Are you seeing anyone yet?”

He shook his head.

“Oh.” She took another sip, her eyes never leaving his. “And why’s that?”

“No particular reason.” He tried not to show his discomfort.

“What about sex?”

“Olivia!” This wasn’t a subject he was prepared to discuss with her.

Her eyes twinkled with mischief. “You must be horny as hell if you haven’t seen anyone in the last two months.”

He laughed and looked around the café, trying to make light of her comment. Then he turned his gaze on her and lowered his voice. “Why are you doing this?”

She leaned forward on the couch, which made the skirt ride a little further up her thighs. “I’m just curious, that’s all.”

“What are you curious about?”

“You know... Your *needs*.”

He laughed. “You don’t have to worry about my needs anymore.”

She smiled but didn’t reply.

“You’re married, so you only have to think about your husband’s needs. Hopefully I’ll find a single girl who’ll take care of mine.”

“I’m just surprised you’ve waited so long. I know your needs are more urgent than those of other men.”

He scoffed. “What are you talking about?”

She glanced around, then leaned forward again. “You like to fuck more often than most guys.”

“No I don’t.”

“The first night you took me to bed, you fucked me four times.”

“Only because you kept asking for more.”

She smiled. “Yeah, I suppose I did.”

A familiar look in her eyes forced him to turn away. He stared at the table between them. The memory of that first night tugged at his heartstrings, but he wasn’t going to let Olivia see that.

“And you wanted sex most nights,” she added in a whisper.

Only because you’re so fucking sexy.

His gaze shifted slightly and focused on the smooth, tanned skin of her legs. She raised her knees slightly. When he looked up, she was smiling. She knew where he’d been looking. Probably knew what he’d been thinking, too.

“I bet your balls are fit to burst after two months—”

“Liv, give it a rest.”

“I’m just trying to help.” She bit her lower lip and leaned closer again. “It just seems such a waste to have a cock as big as yours and not use it.”

He laughed out loud. “Well, I’m sure it’ll get used again one day.”

“I miss your cock.”

Josh stared at her, open-mouthed.

She shrugged. “Am I not supposed to admit that?”

“I’m sure the mansion in the Cotswolds and the townhouse in Kensington make up for it.”

Her eyes widened at his comment. “There’s also a villa in Spain and a farmhouse in the south of France, but none of those give me multiple orgasms.”

“Get Thomas to buy you a gold-plated vibrator.” He was relieved when she laughed. “Sorry. I shouldn’t have said that.”

“I suppose I deserved it.”

He looked around, wondering why his coffee still hadn't arrived. The waitress was making her way over with a tray.

"I'm sorry for the wait," she said, a nervous expression on her acned yet still-pretty face.

He smiled at her. "No problem. Thank you."

When they were alone again, Olivia shook her hair back. "I dressed up for you today, yet you haven't commented on my outfit."

Although it was a struggle, he managed to keep his eyes on her face. "Why did you dress like that for me?"

"Because I like the feeling I get when your eyes wander over my body."

He defied the urge to glance down. "Don't you think it'd be more appropriate if you enjoyed your husband's eyes wandering over your body?"

"Yes, and I do."

He laughed. "I meant *only* your husband's eyes."

"Oh, I see." She pouted her luscious lips and seemed to consider it, then shrugged. "But I still enjoy your eyes on me."

His resistance crumbled and his gaze wandered down over the body he knew by heart. Over the past couple of years he'd caressed, kissed and come over pretty much every part of it.

"Do you like my shoes?" She twisted the ankle of her hanging leg.

He nodded. "They're nice."

"And my skirt?"

He moved his gaze slowly up her legs. Her hem seemed to have ridden even higher since his last stolen glimpse. "It's a lovely skirt."

"If you like, I'll keep them on." She flashed her eyes. "Shoes and skirt, that is."

He looked around the café. "I'm sure some of the customers will be disappointed, but others maybe not so much."

"I meant later, when we're alone."

A tingling sensation developed in his loins, and his heartbeat kicked up a notch. "And where would we be alone?"

“Kensington.”

He frowned. “Liv, that wouldn’t be good.”

“What, me getting two months’ worth of your needs? It’d be perfect.”

“I mean it wouldn’t be good for you, a married woman, to do that sort of thing with a guy who isn’t your husband.”

Her expression was serious. “His cock doesn’t stretch me the way yours does. Doesn’t fill me.” She narrowed her eyes. “It doesn’t satisfy me.”

Josh’s breathing was shallow. His coffee was going cold; he hadn’t touched it. “Liv—”

“I’m not wearing any underwear, Josh.”

He started to shake his head, but knew she’d already won.

She tilted her head to one side. “Have you missed my body?”

He tried to chuckle, but it sounded more like a bark.

She leaned until her face was only inches from his. “Have you missed my mouth? My twat?” She licked her lips seductively. “Come back to Kensington with me, and you can have them both.”

“What about Thomas?”

She raised her eyebrows. “What do you care? You’ve never met him.”

Josh swallowed. “Why did you get married in the first place?”

“Because I love him, and because he makes me happy in a lot of ways.”

That hurt. “But not happy in every way?”

She held his gaze, her eyes impossibly clear for someone striving to commit adultery so soon after her wedding day. “No, not in every way.”

He knew he should walk away, but instead he held her gaze for a few seconds.

They both stood up together. Josh took a tenner from his pocket and dropped it on the tray. He didn’t wait for the change. On the pavement, Olivia slipped her hand in his arm and pushed her thigh against his as they walked toward the tube station. At the corner of the street, Olivia pulled his

head towards hers and kissed him hungrily on the mouth, her teeth biting at his lips. He broke the kiss and practically dragged her towards the tube station. She ran her hand up and down his back, then slipped it into the back pocket of his jeans and squeezed his arse.

Down on the tube platform he pressed her against a pillar and kissed her again. Olivia groped his cock through his jeans and moaned into his mouth as he pinched her nipple.

The train came and they got on, taking a seat at one end. There were maybe half a dozen others in their carriage, but nobody was paying them any attention. Olivia bent forward and reached under her skirt, then sat back and pushed her fingers into his mouth. They were coated with her juices. His dick strained against the denim.

Olivia put her lips to his ear. "I want that so bad."

"Where do you want it?" He was breathless.

"In my mouth, but mainly in my twat. I want it to slam into me over and over, as hard as it can. Then I want it to spit all its yummy mess deep inside my cheating, slutty hole."

Josh stared at her, dumbstruck. This wasn't who Olivia was. He didn't know how to answer, but he was so hard his cock was now hurting. He worried he might actually come before penetration.

Olivia stood up and dragged him out at Green Park station, and they followed signs for the Piccadilly Line. While they waited for the next train on the almost empty platform, she pressed her body against his as they kissed.

Her perfume. Her taste. The feel of her body moulding to his. Everything about it was familiar and right. She may have another man's rings on her finger, but Josh didn't consider her to be anyone's but his.

They were soon emerging into the daylight of Kensington. They walked for just a few minutes before she led him down a tree-lined street to a big, shiny blue door. He glanced up at the three-storey property, its sash windows perfectly painted and cleaned.

As soon as they were inside, Olivia dragged him toward one of the reception rooms off the hall. He wondered why they weren't going upstairs

to the bedroom, but reasoned that cheating in the marital bed was a sin too far.

Once inside a sitting room that contained two leather wing-backed armchairs and a marble fireplace, Olivia pulled his t-shirt over his head and wrestled open his belt and jeans. She dropped to her knees and released his cock before he'd had a chance to do anything. Wrapping her hand around it, she groaned and licked the precum from all around the bulbous head. She slapped the full length of his shaft against the side of her face several times, eyes closed and mouth open, before sinking her mouth over the top half.

Josh sighed and arched his back, gripping her hair. Olivia sucked and slobbered around his cock, then released him and stood up. Standing in front, she gripped the bottom of her top and, in a single movement, lifted it up and over her head. She shook her hair back, making her perfect, firm tits quiver. Then she gripped her skirt at her hips and slowly hitched up the stretchy material, exposing her fabulous thighs inch by inch.

He stared as her bush came into view. Standing in just her shoes and the skirt bunched into a thin band around her waist, Olivia slowly turned through a full circle to let him feast his eyes on her perfect body.

She stopped when they were face to face. "Missed me?"

His dick was sticking out from his body, raising and lowering in time with the thumping of his heart.

Olivia smiled and turned to the side, then dropped to her hands and knees. Looking over her shoulder at him, she licked her lips. "What are you waiting for?"

Josh stared. Her perfect arse had a small triangle of untanned white flesh where her bikini bottoms had been, and her ripe sex was swollen and slick with her juices. He knew doggy had never been her favourite position, but that wasn't important. He'd give it to her any way she wanted.

After stepping between the spiked heels, he dropped to his knees. He slapped his cock against her arse cheeks a couple of times, then lined up at the opening of her sex. He realised he was shaking.

Olivia turned around and held his gaze for a moment. "Make me scream, then give me your cream."

He wondered what had gotten into her; she'd never been like this. They'd had a great sex life, but she'd never acted so...

She wriggled her bum at him, and he no longer cared about how she was acting, or how to describe it.

He entered her with a brutal stab. Olivia screamed and her head snapped back. He pulled half-out and thrust again. She was tight and wet and hot and wonderful, like she'd always been. She was everything he'd ever wanted.

"Fuck me," she screamed.

Josh gripped her hips and pounded her hard. Olivia's screams eventually lessened to yelps which announced she was about to come. He felt the clenching of her orgasm and kept fucking her, hard and steady. She screamed and cried and sobbed and squealed.

He reached down and rubbed her clit, making her come again. It'd always worked with her. She half-giggled after her moans had subsided.

But she wasn't done yet.

Olivia began pushing back to meet his thrusts, so he banged harder. He could feel the tip of his cock pushing against something. He was as deep as he could go, right up to her limit.

"Harder," she rasped.

He obeyed. He also reached down and rubbed her clit again, bringing her to a third peak. She shouted obscenities but kept pushing back to take his entire length.

His mouth was dry, and he was panting. "Liv, I'm going to blow soon."

She pushed back harder. "Give it to me."

"Inside?"

"Yes. Deep, deep... Oh, *fuck*."

When she climaxed again, her muscle spasms tipped him over the edge, coaxing the prize out of him. He gritted his teeth and closed his eyes as the first wave pulsed through his cock. His buttocks clenched as a second wave gushed from his body to hers.

Olivia whispered words of encouragement, her hips rolling from side to side as he pumped two months' worth of cum into his married lover's body, and she seemed to relish every drop.

When he was sure his supply was fully depleted, Josh stopped moving but left his cock buried inside her. She wriggled some more, moaning and humming and laughing. It felt like old times again. He was reminded of the time when they'd been in Majorca and fucked outside one night, Olivia bent over a wall.

She crawled forward and his cock slipped out. She stood up immediately, then rolled her skirt back into position. She bent and picked up her top and pulled that on, then held out his t-shirt to him.

She smiled, then shrugged. "Sorry, but you're going to have to leave now. I have an appointment I need to get to."

Josh was too surprised to ask why she hadn't mentioned it earlier. He'd hoped to go again. His powers of recovery were much better than most, and she knew it.

He stood and fastened his jeans, then took his t-shirt from her and put it on. "So, is that it?" What he meant was, would there be a repeat performance, or was this just her way of apologising for marrying somebody else?

She leaned forward and kissed his cheek. "I'll text you. Soon."

This made him feel better, though not much better. He still loved her, and she was still somebody else's wife. But at least she was his lover again.

Chapter 26

Josh got home from Kensington and ran a bath. Taking a couple of beers from the fridge, he stripped and lay in the hot water, thinking about what had taken place with Olivia.

All he'd been expecting was another conversation that hurt. She'd tell him about blissful married life, and he'd pretend to be happy for her. As soon as he'd seen the way she was dressed, he'd known their meeting wasn't going to be like that.

He took a gulp of beer and closed his eyes. Over the last two months, he'd often fantasised about them getting back together and making love for hours in the way they'd used to. Never once had he imagined Olivia dressing like a slut, demanding to be fucked on all-fours, and then ushering him out as soon as they'd finished.

The crude way she'd told him what she missed about him had been out of character, but that was nothing compared to the way she'd behaved during the sex—which was all it'd been. They hadn't made love, they'd had sex. They'd fucked.

Why would she be so different after only two months?

He took another slug from his bottle, wondering if this was how she was dealing with her infidelity. Though Thomas clearly wasn't giving her what she needed in bed, he was still her husband and the man she loved. Or so she claimed. Josh might give her what she needed, but he was still her ex. The man she'd left.

Can I be happy with that?

When he remembered the tension and excitement he'd felt on their way to Kensington, he smiled. It'd been like being a teenager again. Then he thought about the way she'd slowly tugged up her skirt, the swell of her arse as she'd dropped to her hands and knees, and the look in her eyes when she'd delivered the 'make me scream and give me your cream' line.

Her smile, perfume and touch had all been so familiar. But once they'd arrived in Kensington, she was like a different person.

He drained his first bottle and picked up the other.

She *was* a different person. She was now Mrs Olivia Campbell. He shouldn't have gone back to her marital home and had sex with her, but he had done, and he'd happily do it again if the opportunity arose. If she needed to act out of character as a way of dealing with her adultery, then who was he to complain?

After finishing the second beer, he slipped under the surface and stayed there for as long as his breath held out. He then climbed out of the bath, dried himself and pulled on shorts and a t-shirt. After dropping the empty bottles in the kitchen bin, he put a pizza in the oven and settled down with his laptop to read a couple of work reports for Monday.

Once the pizza had been consumed and the reports absorbed, he checked his watch. The late televised game was a London derby—Arsenal against Spurs—and he decided to walk down to his local to watch it. The expressions and comments of the other drinkers were usually as entertaining as the game itself.

The pub was crowded, and the game had already kicked off. Josh got himself a beer, nodding to a few of the regulars he recognised, then found a spot near a raised table with a decent view of the screen.

After just a few minutes, his phone vibrated in his pocket.

He had a text from Olivia. His flutter of excitement was tempered by concern that Thomas had somehow discovered what they'd done. More than a little uncomfortable, he opened her message.

I hope you enjoyed yourself earlier. I certainly did.

Relieved, he tapped a quick reply: *Of course I did.*

Good. Keep Thursday evening free.

His heartbeat quickened. Before he had a chance to think of a reply, another text arrived. This one was an image. When he clicked on it, his screen filled with a close-up of Olivia's sex. He snatched his phone to his chest and quickly glanced round to see if anyone was standing close enough to see, but everyone was concentrating on the game.

Holding the phone down by his waist, he looked at the photo again. Two red-nailed fingers from one hand parted her labia and the inner, darker flesh glistened with moisture. She'd added a caption: *See how wet I am just from thinking about Thursday?*

Olivia's new-found brashness made him uneasy, and yet his cock thickened at the thought of seeing her again. Would they make love, or would they just fuck, like they had this morning?

Cheers and jeers from the people around him drew his attention back to the football. Spurs had been awarded a penalty. He put his phone away and tried to concentrate on the game, but his mind kept wandering back to the married woman sitting at home, texting selfies of her genitalia to her secret lover.

* * * *

The early part of Josh's week passed in a blur of work projects and dirty thoughts, and on Thursday afternoon Olivia sent a text telling him to be at the townhouse in Kensington at seven. He replied with a thumbs up emoji and left work a little earlier than usual to shower and change.

He took the tube and was only a few minutes late when he rang the doorbell. His mouth dropped open as she opened the door, smiling. She was naked except for a pair of high-heeled shoes, an elaborate necklace, and matching earrings. He glanced up and down the street, worried her neighbours might see.

"Well?" she asked. "Are you going to come in, or shall I come out to greet you?"

After he'd stepped into the hall, she closed the door behind him and walked slowly into the sitting room they'd used on his previous visit. He couldn't keep his eyes off her perfect figure.

Olivia walked to one of the leather wing-backed armchairs and turned to face him. She sat and then slowly lifted and opened her legs, dangling one over each arm of the chair.

Josh stared at her, his pulse racing.

"Take your cock out." Her voice was calm, her face serious.

He tried to lighten the mood. "No chat and drink first?"

“We both know you’re not here to chat or drink.”

“Why am I here?”

She ran her hand down her stomach and over her sex. “You’re here to fuck me.”

He held his breath, waiting to see if she was going to add anything more. She didn’t. “I’m only here to fuck you?”

She nodded. “Like I told you, I miss your cock.”

He ran his eyes over her body but didn’t move.

Olivia inched herself forward on the cushion. “Having second thoughts?”

He unzipped and released his cock. It was already hard, but he wanked it a couple of times as he walked towards her. “No, I get it. You have chats and drinks with your husband. You don’t need that from me.”

“That’s right.” Smiling, she lowered her gaze to his erection. “That’s all I need.”

Josh dropped to his knees in front of her chair, then raised into a half-crouch and positioned the bulbous head at the opening of her gaping sex. He rammed it deep inside her, making her groan.

She rolled her hips. “Yeah, that’s it. Give it to me.”

He jackhammered his hips, making her dangling legs bounce up and down as he fucked her.

“I’m going to come.” She took a deep breath, then for some reason, she said it again.

He wondered why she was telling him—she’d never bothered announcing her orgasms when they’d been a couple, so why did she feel the need to do it now?

“God, your cock is so fucking... Oh, it’s going so deep.”

He raised himself up, planted his feet on the floor behind him, gripped the chair arms, and fucked her with a ferocious rhythm. He slammed into her again and again, letting his resentment get the better of him.

Olivia bucked beneath him. When her orgasm arrived, her moans actually sounded authentic.

Realising he was already close to climax, Josh slowed his pace a little.

Olivia noticed. "What's the matter, getting tired?"

He shook his head and frowned.

"Oh, I see. Don't worry, just let loose and enjoy it. Fuck me hard and give me your cum."

He increased the force of his thrusts again and stared into her eyes. A spasm ripped through him and he erupted.

Olivia purred as she milked him, whispering words of encouragement and rolling her hips. Another spasm surged through him, then a third, followed by many aftershocks. His legs shook and he gasped for breath.

She ran her fingers through his hair, and for a moment it felt like being with the old Olivia. He wanted nothing more than to hold her close, but she pushed him away. The spell was broken.

Josh pulled out and stood up. Olivia smiled at him, but kept her legs spread and hanging over the chair arms.

He tucked his cock back into his trousers and waited, wondering if she was going to stand up. When she didn't move, he looked around the room then back at her. "Do you have another appointment you need to attend?"

"Not tonight, but you need to go because Thomas will be back soon."

"*What?*" He was suddenly on edge. "Are you serious?"

"Yes, this is where we live during the week. If you leave now, I'll get cleaned up and make dinner."

"I'll, er... I'll let myself out, then."

Olivia nodded. "Thank you."

He left the room, crossed the hall and stepped out through the front door, closing it behind him.

Walking back to the underground station, he wondered again about Olivia's behaviour during sex. She'd never acted this way when they'd been together. Yes, sometimes she'd used dirty talk to tease him as part of

foreplay, but she'd never given a running commentary on what was happening to her body. She could only be behaving this way to emphasise they weren't sharing the intimacy of lovers.

While Josh waited for his train, he decided to play Olivia at her own game. No more investing any emotion into their arrangement. He'd take it for what it was: casual sex with a beautiful woman. If she wanted to act like a slut during their encounters, that was fine with him, too.

Ψ

Chapter 27

The project Josh had spent the last eight months working on was finally coming to an end. Everyone on the team had been invited to dinner to celebrate a job well done. He'd arranged with one of his colleagues to go for an early drink before meeting the others and was looking forward to the evening.

A text from Olivia arrived that morning, short and to the point: *I need your cock. Tonight.*

Sorry—I'm out with colleagues tonight. He hoped she'd suggest some other time. His phone pinged again, and he opened the message.

It was a photo of the lower half of Olivia's face, her lips pouting in exaggerated fashion. *Can't you change your plans?*

No. Been arranged a long time.

A few minutes later his phone pinged again. When he saw it was another photo, he guessed it'd be a different kind of selfie. Sure enough, the photo was an 'upskirt' view of her minge, with the caption: *This needs your cock!*

After checking that none of his colleagues could see his screen, he suggested she make do with her husband's cock instead. He hesitated. She might see this as him having a dig at Thomas, so he changed the message to read: *I'm sure you can find another cock for tonight.*

True.

Imagining her with her husband no longer hurt. He was getting over Olivia, and that was a relief. *Another time?*

His phone pinged immediately. *We'll see.*

He put his phone away and got back to concentrating on his work.

The company dinner turned out to be very enjoyable, and by the time Josh got home he was a little tipsy. One of his colleagues had brought her sister along, and she and Josh had flirted. Her name was Carla and she lived in Newcastle-upon-Tyne, more than 275 miles north of London. It would be a hell of a trek, so he was pleased she'd given him her number and suggested they go out for a drink before she headed back home. He'd definitely be seeing her again in the next few days, and the thought of it excited him.

He also looked forward to telling Olivia that he'd been seeing another woman.

* * * *

Josh and Carla arranged to meet in Trafalgar Square straight after he finished work the following evening.

Carla was waiting on the steps at the foot of Nelson's column when he arrived. She was dressed in faded jeans and a black cashmere jumper, and smiled as he approached.

"Hi," he said, unsure whether to kiss her cheek.

"Hello again." She moved close and slipped her hand into his. She was petite with short blonde hair and big blue eyes which gave her an elfin appearance.

They walked slowly through the square and out towards the embankment, chatting with the same relaxed familiarity as they had the previous night. Carla was a nice girl and he enjoyed her company. They passed a couple of trendy bars, and instead settled for a traditional pub. He bought their drinks and they found a table near the back wall.

Josh realised he knew very little about his colleague, Carla's sister Laura. "So where did you guys grow up?" Neither of the girls had a strong accent. They weren't from London, and they definitely weren't Geordies.

"A small village in Leicestershire."

“Wow, I didn’t know that. I’m from Lincoln.” He was embarrassed that his colleague was from a neighbouring county and he’d had no idea.

“Laura was the bright one and got accepted to Oxford. My A-level results weren’t as good. I did my degree in York.”

“Studying...?”

“Pharmacy.”

“Oh, okay. So is that what you do? Dispense drugs?”

She nodded. “Yes, but in a hospital, not the high street. How about you?”

“I didn’t go to university. I joined the army straight from school.”

This news obviously surprised her. “Laura tells me you’re one of the leading lights at work. Oxford graduates don’t usually say that about people unless they’re impressive.”

He laughed, suddenly feeling a little self-conscious. “The army gives great training. I worked in communications and learned from the best, but I’m sure Laura was just being kind.”

Carla tipped her head to one side. “She also told me you’ve just come out of a long-term relationship.”

Josh blinked, a little taken aback that Laura had thought his emotional state was important enough to discuss. This was, after all, just a drink. “It’s been a few months.” He smiled. “I’ve stopped crying about it now.”

She laughed and shook her head. “Good. Sorry, I didn’t mean to pry. Same again?”

“Yeah, cheers.”

He watched her bum as she walked to the bar. She had a good figure and he was definitely attracted to her. If she lived in London, he’d ask to see her again, for sure.

When she returned with fresh drinks, they chatted about London, Newcastle, and life in general. They laughed a lot, which Josh realised he hadn’t done for quite a while. They left the pub and found a small Italian restaurant. He asked why she’d chosen Newcastle.

“My boyfriend’s from there. I met him when I was at York, and I really like it up there.”

The fact she had a boyfriend didn’t surprise or disappoint him. He was enjoying her company. After they’d eaten, Josh realised he didn’t know where Laura lived.

“Okay, it’s getting late. I’ll see you home because this is the big, bad capital.”

“Aren’t you going to suggest we go back to your place?”

“No.”

“Why not?” She put on a big-eyed expression that made him want to yank her jeans down, bend her over a wall and fuck her brains out.

“Because we’ve had a lovely evening, and I wouldn’t want to spoil it by doing something that would make you uncomfortable.”

“I could be comfortable in a bed.”

Laughing, he put his hands on her upper arms, pulled her close and kissed her gently on her forehead. “So could I, believe me. But I don’t think you’d be comfortable when you got back to Newcastle. Back to your boyfriend.”

She frowned. “You’re turning me down because I have a boyfriend almost three hundred miles away?”

He thought about fucking Olivia in her own home while her husband was making his way there. He looked into Carla’s face, imagined her expression as he entered her, wondered what sounds she made when she came. He’d love to share a night of intimacy with her, but he couldn’t be that selfish. “I’m sorry.”

Carla smiled. “Don’t be. You’re right, and you’re a nice guy.”

“Where are you staying?”

“Camden.”

He took her hand. “Okay, it’s not far out of my way.” They headed for the tube station.

It wasn’t long before he was walking her to the door of a large house that had been converted into apartments.

Carla looked up into his face and smiled. "I had a really nice time tonight."

"Me too."

She leaned close and kissed him gently on the lips. "I wish you weren't quite so chivalrous though."

"So do I."

"If I come back to visit Laura, can we go out again?"

He nodded. "I'd like that."

"Me too." She looked up at the house, then back at Josh. She kissed him again, then walked slowly up the steps and let herself in the front door.

He turned and headed back to the tube station.

* * * *

Olivia hadn't contacted Josh in more than two weeks. He was sure it was her way of showing him that if he wanted to continue to enjoy the pleasures of her body, he had to make himself available whenever she clicked her fingers. He felt he couldn't try to contact her in case Thomas saw his message.

A text finally arrived on a Thursday morning while he was at his desk. Seeing her name flash on the screen sent a tingle of excitement fluttering through his stomach. Even though he sometimes found her slutty behaviour annoying, there was no denying it added something to their meetings.

Now that he'd come to terms with the emotional upset of their split, he was happy to accept they only met up for sex. Josh glanced around the office before opening her text, just in case she'd attached another X-rated photo. He was half-relieved, half-disappointed when it contained only her words: *Are you free all day tomorrow?*

His mind raced. All day? That suggested he wouldn't be kicked out as soon as he'd finished. Or maybe she'd only phrased her question like that because she wasn't yet sure what time she'd be free for another quickie...

He tapped the keys on his laptop and opened up his Calendar; there were no meetings he needed to attend. Taking a day's holiday wouldn't be a problem. *I can be.*

Chewing his lower lip, he waited for her next text, which duly arrived: *Good. Bring your car and pick me up from Paddington at 9.30.*

The tingling excitement moved from his stomach down to his groin. Wherever he and Olivia were going, they'd be there for several hours.

He walked along to his line manager's office. "I'm thinking of taking a long weekend, so if it's okay with you, I won't be in tomorrow."

His manager nodded. "Fine. Anything good planned?"

Josh shrugged. "The usual—a full day of rampant sex with a hooker, then the weekend to recuperate."

"Sounds like my sort of holiday," his boss said, laughing. "See you Monday, if you've got any energy left."

For the rest of the day, Josh's mind kept running through possible destinations for whatever Olivia had planned.

He got up early on Friday morning and went for a short run: just three miles instead of the usual five or six. Then he returned to his flat, showered and got dressed. Given that Olivia had cut their two previous encounters short, he packed some clothes and toiletries into an overnight bag. He'd leave it in the boot of his car. If Olivia dismissed him immediately after sex, like before, then he could visit his mother.

Or even drive to Newcastle!

Over the last couple of weeks, he'd begun to regret not making the most of his date with Carla.

Since London traffic was a nightmare, he left at nine, giving himself plenty of time. He arrived a couple of minutes early, but Olivia was already waiting on the pavement. He beeped his horn to attract her attention.

As she walked towards him, he saw she was wearing a long, woollen cardigan that flapped around her knees, and underneath it a short skirt and lace top. Her legs were bare, and even more tanned than the last time he'd seen her.

"Hi." She climbed into the passenger seat, giving him a smile but no kiss on the cheek.

"Good morning, Mrs Campbell."

"Fuck off and drive."

He laughed and put the car into gear. “Where am I driving to?”

She held his gaze for a second. “The Cotswolds. I’m going to take you back to our family home and fuck you in the marital bed.”

“Why there? We could go anywhere and get a hotel. Remember that place near Brighton where we—?”

“Josh. We’re not going off on some romantic getaway, and I certainly don’t want to go to somewhere we visited as a couple. I’m a married woman, and you’re my bit on the side.”

He checked his mirror and pulled out into the traffic. “Which way?”

“Get onto Westway and stay on the A40 all the way to the M40.” She smiled. “And stop sulking, otherwise I won’t let you come in my mouth.”

He stared at her, wide eyed. “Olivia, I don’t know what’s got into —”

“Stop being such a prude. We both know I’m a cheating slut of a wife, and you’re my cock-for-hire.” She crossed her legs. “I hope you’ve been eating plenty of pasta, because you’re going to need lots of energy today.”

“What, not the usual ‘come and go’?”

She laughed out loud. “*Come and go*. Yeah, I like that.” She placed her hand over his crotch. “Today’s going to be a little different. Today you’ll get to come several times before I kick you out.”

He turned to look at her. “You’re not coming back with me?”

She shook her head. “Thomas and I spend the weekends there. When you’ve satisfied my carnal needs, you can leave. I’ll stay there and come back to town with Thomas on Monday morning.”

He nodded, glad that he’d packed a bag for a trip to Lincoln.

They made small talk during the journey. She told him about the admin work she was doing for Thomas, and that she’d learned he also owned holiday apartments in the Canary Islands and Turkey. Then she asked if his dinner with work had been more fun than having sex in Kensington.

He smiled. "I had a very nice time, but probably not as nice as I could have had." He let silence hang for a few seconds before adding, "But I did get a date out of it."

"Oh?"

"One of my colleagues had her sister staying, and we went out the following night."

"Nice." She gave him a genuine smile. "It's good that you're starting to see people again."

He nodded.

"Is she dirty in bed?"

He laughed. "She has a boyfriend, so you'll have to ask him."

"You didn't fuck her?" Olivia sounded incredulous.

"No. Because she has a boyfriend. Not all women are comfortable doing the non-monogamy thing."

She scoffed. "More fool her." Olivia looked out at the scenery. "It sounds like she has the wrong kind of boyfriend."

He frowned. Did that mean Thomas knew she was still seeing her ex? Josh wasn't sure he wanted to know the answer, but Olivia had already started talking about something else.

The journey took them about an hour and a half. Olivia directed him through a picturesque village with a stone bridge over a river, and a few hundred yards further they turned into the drive of her house.

It was a magnificent stone structure with leaded windows and landscaped gardens. Josh turned to Olivia. "You live here?"

"Lovely, isn't it?"

He shook his head, speechless.

She elbowed him in the ribs. "Come on, I'll show you the inside."

They left his car on the curved gravel drive and walked around a small fountain and up broad steps to the studded oak door. Olivia took out her keys, unlocked it and stepped inside to punch in the burglar alarm code. Then she opened the door wide and stood to one side. Josh found himself in a large oak-panelled hall with a wide staircase running up the centre.

Olivia was watching his face as he looked around the impressive space. She moved close and blew in his ear. "If you're good, I'll slide down the bannister onto your cock."

"Yeah, and I hope you get splinters in your twat."

She led him into a huge living room furnished with three couches and a TV the size of a cinema screen. "Lounge." Then she took his hand and led him through a different door into a room with a large oak table surrounded by eight chairs. French doors overlooked a beautiful walled garden. "Dining room."

Next they entered a small room quite similar to the one in her Kensington townhouse, with leather wing-back chairs on either side of an inglenook fireplace. One wall was completely taken up by floor-to-ceiling bookshelves. "Snug."

They went back across the hall and into a wide-open space that probably had more square footage than Josh's entire flat. "Kitchen-come-living room."

He stared in awe at the bare brick walls, oak units, granite worktops and stainless steel appliances. "It's amazing. It's just..." He shrugged. "Wow."

Olivia moved close and slid her arms around his waist. "Want to see something impressive upstairs?"

He grinned. "Have I seen it before?"

"Yes. Many times." She licked her lips. "But never like this."

Before he could ask what she meant, she dragged him through the hall and up the stairs.

They entered a huge bedroom with oak plank floorboards and a red Persian rug. The queen-size bed had an ornate wrought-iron headboard with a large mirror on the wall immediately behind it. There were two black lacquered armoires, a matching dressing table, and a Victorian bath in one corner under a window.

Olivia stood by the bed. "Come here," she ordered, as she dropped her cardigan on the floor and kicked off her shoes.

Josh moved closer as she unbuttoned her lace top and slid it off her shoulders, then undid her skirt and let that slide down her legs. She stepped

out of the puddle of clothes, wearing just a white bra and matching thong, and he couldn't help admiring her tanned and toned figure.

"Have you been sunbathing?"

"Thomas needed to sort out something in Madrid, so I accompanied him for a couple of days and then spent the rest of the week at the villa."

"Nice work if you can get it."

She smiled, reached her hands behind her back and unclipped her bra. There were no tan lines.

He nodded at her boobs. "I see the villa's private enough to allow topless sunbathing."

"It's so private I can sunbathe..." She slipped her thumbs into the waistband of her thong and peeled it down her thighs, over her knees, and finally onto the floor. "Completely naked."

Josh noticed the absence of tan lines and pubic hair. When she leaned back with her elbows on the bed, he also saw the tattoo just to the left of her mound. In black, script-style font was the word *Owned*.

He frowned. "Is that to remind me I shouldn't be here?"

Olivia shook her head. "People don't always respect other people's property." She slowly parted her legs. "Why don't you trespass for a while?"

"Trespass?"

"Mmm. But only with your tongue."

He lowered his knees onto the rug at the foot of the bed, and Olivia spread her legs wider. Resting a hand on each thigh, he leaned close and inhaled. The musk of her sex turned him on. He blew cool air over her newly shaven pubis, then breathed warm air onto her swollen outer lips.

Olivia was undulating her hips, and he swiped his tongue through the moist heat of her labia. She let out a sigh. Pushing his face forward, he buried his tongue as deep into her channel as he could manage.

She let out a cry, then draped one leg over his shoulder. He pulled back and ran the flat of his tongue over her clit for a few seconds before probing back into her hole.

The smell and taste of her, the sounds she made—this was *his* Olivia. For the briefest of moments, Josh was back on familiar territory and he knew exactly what she liked. He moved his mouth up a little, capturing her clit between his lips. Then he brought his right hand into play, pushing his first and second fingers into her cunt, and his third into her backside.

Olivia arched up off the mattress and yelped, like he knew she would. Pumping his wrist and sucking her clit, he had to press his head down to keep contact as she bucked and writhed through her orgasm. Her foot kicked against his back, but he didn't let up until she put her hands on his forehead and pushed him away from her.

"Jeez." Wide-eyed, she gasped for breath as she clambered further onto the bed. "Get up here and fuck me."

He pulled off his t-shirt, undid his belt and pushed his jeans and boxers down to mid-thigh. Without bothering to remove any other clothes, he knelt on the bed and lifted both her legs, placing them over his shoulders. He positioned his cock, looked down into her eyes, and eased slowly into her.

Olivia sighed, her eyelids fluttering.

Revelling in the hot grip of her sex, Josh moved with deliberate restraint. After slowly drawing back until his tip just nestled between her outer lips, he slid back inside until his pubic bone ground against her clit. Then he repeated the motion, over and over, making each thrust last. He watched her face as he prodded her towards a second climax.

In any other situation, this would be described as making love. But Josh knew better. It was gentle, tender even—but it was still fucking.

Olivia's eyes were closed, her breathing shallow. He saw her nostrils flare and her neck flush, and he smiled to himself as he felt her clench around him.

Her eyes snapped open, her lips drew back, and she panted and moaned. He continued to fuck her with slow, gentle strokes until her orgasm had passed.

She stared up at him, an embarrassed smile on her face. Then she lowered her legs from his shoulders and eased him out of her. "Okay, now fuck me from behind. But don't come there."

Olivia twisted around on the bed and scrambled up to grip the headboard, staring at his reflection in the mirror behind it. Josh quickly stripped naked and moved into position, holding her gaze in the mirror. He wondered if she and Thomas liked to watch themselves make love.

“Fuck me hard. I want to feel the full length of you, as deep as it’ll go. But when you’re ready to come, I want you to pull out.” She licked her lips. “You’re going to come in my mouth this time, okay?”

He nodded, lined up his cock and rammed it back inside her.

Olivia cried out and gripped the headboard, glaring at him in the mirror. “Harder.”

He obliged.

She braced her hands on the iron. “Yeah, that’s it. Harder. Fuck me.”

He banged her hard and fast. Reached round and pinched her nipples, making her squeal. “I’m getting close,” he whispered.

She opened her eyes and stared at his reflection. “You know where I want it.”

Josh nodded and gritted his teeth. He banged into her a few more times, then withdrew. Grabbing her by the hair, he pulled her round so he could present his dick in front of her face.

She opened her mouth wide, but the first jet left him before she was ready. A thick dollop of cum hit her face. Olivia took him deep into her mouth in time to swallow his subsequent spurts, moaning theatrically for each one.

The intense pleasure of coming in her mouth took his breath away. His legs shook and his heart crashed in his chest. He’d unloaded everything he had, yet still Olivia moved her head on him, sucking and licking at his spent cock. She brought her hand up to his balls, the fingers slowly stroking them.

She opened her eyes and gave him a knowing look. She wanted more, and they both knew he could get hard again almost immediately after his first time.

Taking a deep breath, he glanced sideways at the mirror. There was no doubt that watching her sucking his cock was a turn-on.

Olivia gripped the base of his dick and started to pump her hand. He was hard again. She sucked him for a little longer, then smiled triumphantly. "Lie on your back."

He did as instructed.

Olivia quickly straddled his legs. She held herself up over him, stroked the tip of his cock through her folds a couple of times, then slowly lowered herself onto it. She let out a long breath.

Josh watched her face as she rotated her hips, relishing the sensation of being buried deep inside her.

Olivia rocked back and forward, grinding her clit against him. She licked her lips and smiled. "Now it's my turn."

He reached up and rested his hands on her hips, watching the letters of her tattoo distort as she rode his cock. She might be owned by somebody else, but it was Josh's cock she was riding.

"Oh yeah..." Olivia dropped her head back and stared at her own reflection as she came for the third time.

When her orgasm had passed she squatted on him, then bounced herself up and down, the tip of his cock crashing against her cervix.

Olivia seemed to be lost in her own world, focused on watching herself fuck him in the mirror, giving the impression he was simply a prop she was using.

"Liv, this is going to make me come soon."

"I know."

"Where do you want it?"

She smiled. "Exactly where you're aiming it. Shoot it inside me."

He gritted his teeth as he watched her bring him to the point of no return. He sighed and pushed his hips up as he came powerfully inside her.

Olivia groaned, sighed and wiggled as she drained him. Then she lay down on his chest, his cock still buried inside her.

He wrapped his arms around her.

"That was the perfect way to start my weekend," she whispered. "Why don't you put your clothes back on, grab yourself a beer from the

fridge and go wait for me in the garden? I'll have a quick shower and join you in a few minutes."

"You mean I don't have to leave now?"

She laughed. "No, not yet. Go out through the patio doors from the kitchen—there's a nice place to sit out there. I won't be long."

Josh pulled on his boxers, jeans and t-shirt and padded down the stairs, through the hall and into the kitchen. The fridge was a huge American-style stainless steel thing the size of a wardrobe, and he found four different types of beer on the shelves. He grabbed a Bud to save him the bother of searching for a bottle opener. Then he opened the patio door and walked out into a beautiful herb garden. There was a wrought-iron table and chair set in one corner. He settled himself down and waited.

By the time Olivia joined him, he'd almost finished his beer. Her cheeks glowed and her hair was still damp. She wore a baggy t-shirt and a pair of cut-offs. Her feet were bare, and the outline of her nipples showed she wasn't wearing a bra.

She'd brought herself a beer, but when she saw his bottle was almost empty she returned to the kitchen and brought out a fresh one for him. Then she sat in the other chair and clinked the neck of her bottle with his. "Cheers."

"Cheers." He looked up at the house, around the garden and at the open views over rolling hills. "Olivia, this is all..." He shrugged. "It's fantastic, and it's too much to risk losing just for the cheap thrill of sex with your ex."

She studied him over her bottle as she drank. Then she lowered it and shook her head. "I'd never risk it. Thomas isn't the jealous type."

"He knows." Josh hadn't phrased it as a question, but a simple statement of fact.

"He's happy for me to have a little fun, if it's what I want."

"Does he know it's me? I mean, the guy you used to see?"

She nodded.

"And does he know where we are today?"

"Yes. In fact, it was his idea that we come here."

He shook his head, trying to understand. Why would Thomas suggest his wife bring another man to their marital bed? Was it the rich guy's way of showing him how much better Olivia's life was, now she'd found a man who could give her all this?

"Actually," Olivia said with a smile. "We're having a get together with a few friends next weekend, and Thomas suggested I invite you."

"*What?* I don't think that'd be a good idea."

"Of course it would. Besides, a couple of my lady friends are eager to meet you."

"Why would your friends want to meet me?" He frowned. "In fact, why would they even know I exist?"

She rubbed her bare foot against his leg. "I may have mentioned that I know a good-looking, well-hung guy who can fuck all night long, given the right motivation."

"Olivia!"

"What's the matter?"

He shook his head in exasperation. "If this were the other way around, and a couple of my mates were eager to meet you because I'd told them you're happy to get fucked every which way for as long as they can stay hard, I'm pretty sure you'd be pissed off."

"Stop being such a prude. I'm trying to get you some hot action with a couple of sexy older women."

Josh shook his head. "Thomas suggested you bring me here and fuck me on your bed?"

She nodded. "He thought it'd help you find your way here next weekend."

"How am I supposed to act when I meet him?"

"The same way you act when you meet everyone else. You smile and say hello, then talk about football or cars. You know, man stuff."

"What if he asks about you?"

She scoffed. "Why would he ask you about me? He's my husband. He already knows everything about me."

That hurt, but he wasn't going to show it. He swallowed, then narrowed his eyes. "And these friends of yours. How much older are they?"

Olivia laughed. "They're in their early forties, and both in excellent shape."

He sat back and shrugged. "I might be busy next weekend."

"You already are. You're going to drive over here on Saturday afternoon, and have a nice time meeting my husband and our friends. You can stay in one of the spare bedrooms overnight, then drive back to London on Sunday."

"Just like that?"

"Mm hmm. But now, you're going to have to take me back upstairs. I'm getting horny again."

"Horny?"

She nodded. "And this time, we're going to fuck in the bath."

Josh looked into her face, his dick already beginning to swell. "And what happens after that?"

"You know what happens after that. You're going to leave with a big smile on your face, and I'm going to get cleaned up and welcome my husband home after his long day at work."

He drained his bottle and stood up. "Come on then, let's be having you."

Olivia laughed and got up, taking his hand as they walked back into her house.

Chapter 28

Josh decided to surprise his mum and drove from the Cotswolds to Lincoln. It was a relatively easy drive, considering it was 130 miles through the Midlands on a Friday evening.

There was a car he didn't recognise behind his mum's Mazda on the drive. He walked around the side of the house to the back door, knocked once, and then went in and shouted his usual greeting.

His mum came out of the living room and into the hall, looking shocked. "What's wrong? Why are you here?"

He laughed. "Nothing's wrong. I was on my way back to London and had a bit of spare time and thought..."

A man's figure appeared in the lounge doorway.

His mum glanced at him, then looked back at Josh. "This is Brian. I've been meaning to tell you about—"

Josh smiled broadly and stepped forward, holding out his hand. "Hi Brian. Nice to meet you."

The man's grip was firm, his smile friendly. "Hello, Josh."

His mum finally gave him a hug. "Come on, I'll make us all a cuppa." They went into the kitchen.

When they were settled around the table with their drinks, his mum cleared her throat, her expression still like a rabbit caught in the headlights. "Brian's one of the engineers at work, and we've been seeing each other for a while." She shifted in her seat. "A few weeks."

Josh smiled. "That's good. I'm happy for you, so stop looking like you're breaking the law."

She laughed but still seemed uncomfortable. "It's just awkward, and I don't want you think... It's not a slight on your dad's memory."

Josh reached out and squeezed her hand across the table. "Mum, Dad wouldn't have wanted you to be lonely. Stop feeling guilty, you're not

doing anything wrong.”

“Doesn’t make things any easier. Not with the neighbours, or the other women in the office.”

“Why not? You’re entitled to have some fun. You’re only fifty-three.”

“Fifty-two.”

He’d known she’d correct him, and he laughed before turning to Brian. “I’m sorry for not phoning ahead.”

Brian shook his head. “It’s nice to finally meet you. I’ve heard lots about you, seen your medals and photos.”

Josh sighed and glared at his mum.

“What? You’re a war hero and I’m proud.”

“I’m not a war hero. I was just a regular squaddie whose luck held out.”

She turned to Brian. “Josh’s friend was killed by an IUD.”

Josh burst out laughing. “It was an IED, Mum.” He shook his head. “IUDs are something completely different.”

She blushed. “Well, you know what I mean.”

The three of them chatted for a few more minutes before his mum said, “So, did you make up with Olivia?”

Josh was startled for a moment until he remembered his mum’s intervention when he refused to take Olivia’s calls. “Sort of.”

“What does that mean?”

“It means we’re back speaking, but she’s married to somebody else.”

Now it was his mother’s turn to stare. “She can’t be.”

“She is. A whirlwind romance, apparently.”

“Who did she marry?”

“A very successful businessman. He has a house in Kensington, a mansion in the Cotswolds, a villa in Spain, and other homes in places I can’t remember.”

“Well...” She gave him a concerned look. “And are you alright about it?”

Yeah, I fucked her three times earlier today.

“I’m fine, and I’m happy for her.” He leaned over to put his cup on the kitchen counter, partly to avoid her scrutinising gaze. “In fact, I’ll be meeting her husband next week. They’ve invited me to a party in their country mansion.”

“Very nice. Shall I take something out of the freezer for tea?” And, just like that, Olivia was old news.

“Why don’t I buy us all dinner in town?”

His mum frowned and glanced at Brian. “We’ve not actually ventured out much together yet.”

“Why not?”

“We just don’t think it’s...” She gave Brian an embarrassed look, then turned back to look at her son. “I mean *I* don’t think it’s something I should do.”

Josh shook his head, puzzled. “Because...?” It occurred to him that perhaps Brian was married.

“It’s only been three years, Josh.” There were tears in her eyes. “I don’t want anyone to think that I’ve forgotten him.”

Brian patted her hand in an attempt to console her.

Josh sighed. “Dad died tragically young. You’re still alive, and you’ve got to make the most of it.” He smiled. “One of the managers at work has been married five times. Apparently, he met his fourth wife at his third wife’s funeral.”

She put her hands over her face and cringed. “Oh no!”

Josh laughed. “It’s true. So, go and put on your tightest blouse and your shortest skirt, and we’ll hit the town.”

She scoffed as she got up from the table. “I don’t own tight blouses or short skirts, and you know it.”

While his mum was upstairs getting ready, the men went through to the lounge.

“I’ve been trying not to push your mum into going out,” Brian explained. “I did suggest we drive over to Gainsborough, or even have a day at the seaside, but she’s terrified we’ll bump into someone she knows.”

Josh shook his head. “It’s sad, but that’s the way she is. How about you, are you a widower?”

“Divorced. Four years back.”

“Do you have children?”

“Aye, a son who’s about your age. He’s married with a baby on the way, so I’m looking forward to be a grandad.”

“Good for you.”

When his mum came into the room, the two men looked up and dropped silent. She was wearing a pale blue round-necked sweater and a dark blue pleated skirt with black nylons and black shoes. She’d pinned her hair up and added a little makeup.

Brian stood up. “By ’eck! You look smashing, Val.”

As his mum blushed, Josh felt a surge of pride. She looked lovely. “Come on, let’s show the neighbours how well you scrub up.”

The three of them walked the short distance into town and went to the pub that served the best food. While Brian and his mum found them a table, Josh ordered drinks and set up a tab.

The food was fabulous, and they had a very pleasant few hours. Josh’s mum laughed more than he could remember her doing in a long time, and after three gin and tonics her cheeks were a little flushed. They didn’t meet anyone they knew, and Brian proved to be a nice guy with a dry sense of humour.

It was after eleven when they got back to the house, and Josh didn’t want to make his mum feel awkward explaining that Brian would be staying over. The moment he had his jacket off, he gave them a broad smile, said he’d see them in the morning, and legged it up to his childhood bedroom.

He heard them come upstairs a while later, but thankfully there were no squeaking of bedsprings or guttural moans of passion. Nonetheless, Josh decided he’d head home at the first polite opportunity in the morning rather than stick around and get in the way.

After breakfast he shook Brian's hand and gave his mum a hug. "You should both come down to London and go see a show. You can stay in my flat. I'll sleep on the sofa-bed and you can have my room. It'd be lovely to see you."

They thanked him and he left, pleased that his mum had found someone who made her happy.

As he drove south on the M1, Josh thought about the following weekend. He wasn't sure what to expect, having no experience of men who encouraged their wives to sleep with other men. Nor did he have any experience of women fifteen years older than himself.

No doubt his next trip to the Cotswolds would be very enlightening.

* * * *

Olivia sent Josh a text on Thursday, suggesting he aim to arrive mid-afternoon on Saturday.

He smiled to himself as he replied: *Is formal wear expected? Should I hire a tux?*

Her reply was a hand emoji flipping him the bird.

Josh left London late-morning on Saturday, stopping at a garage near Oxford for fuel and a sandwich. By the time he got close to the small village where Olivia and Thomas lived, it was almost two o'clock.

There were several cars parked on the curved gravel drive—all of them more impressive than his three-year-old Audi A3—but Josh had no trouble finding a space. Making his way toward the front door with his holdall over his shoulder, he could hear laughter coming from the garden to the side of the house. He didn't feel comfortable about walking around unannounced, so he rang the doorbell. When the door opened, he was relieved to see Olivia. She smiled warmly and looked both pretty and informal in a pale green summer dress and flip-flops.

"Hiya." She stepped back into the hall. "Come on in, and drop your bag by the stairs."

Josh followed her in.

"Come on, I'll introduce you to Thomas."

He must have looked as enthusiastic as he felt because she laughed, took his hand, and pulled him toward the kitchen. There were half a dozen people chatting and laughing by the open patio doors that led out to the herb garden.

The moment they entered the kitchen, everyone stopped talking and looked over. Olivia released his hand and headed towards them. “Everyone, this is my friend, Ben.”

Josh gave her a puzzled look.

She flashed him a smile. “Ben, this is Greta and Saul, our lovely neighbours.”

Saul held out a hand, which Josh shook.

“And this is Suzy, who owns the gift shop in the village.”

“Hi Ben.”

Josh maintained the smile while his mind raced. Both Greta and Suzy were attractive women in their forties. Were these the women Olivia had said were keen to meet him?

“Diana and Ethan are friends from London. And this,” Olivia said, as she came to the last person in the group, “is my husband, Thomas.”

He gave Josh a broad smile and held out his hand. “It’s good to finally meet you, Ben.”

“Likewise.” Josh shook hands with Thomas, who was nothing like he’d imagined. He had a dark complexion and deep-set brown eyes. His black hair was thinning on top and greying a little at the temples. He spoke with a clipped home counties accent, which reminded Josh of some of the officers he’d encountered in the army.

“Come on,” Olivia said, once again pulling him by the hand. “Let’s get you a drink.”

Josh smiled at the people he’d just met, then followed Olivia to the other side of the kitchen, where she fixed him a drink in a tall glass. She added ice cubes, half a strawberry, a slice of cucumber and a mint leaf.

She grinned as she passed him the glass. “Pimms, darling?”

“Chin chin,” he said, holding out his little finger as he took a sip. Then he leaned closer and whispered, “And what the fuck’s all this *Ben*

bullshit?”

“I thought you’d prefer not to use your real name.”

He shook his head in puzzlement. “Why not?”

“Because,” she said, pushing a loose strand of hair behind her ear, “the people you meet here don’t actually want to know the real you.”

Josh paused. “Are you saying I’m not of the right breeding?”

“What? No, you prat. Most of them you’ll never see again, anyway. But the ones you do see again are only interested in your physical attributes.”

Before he could answer, a woman in a long clinging dress and a straw hat swept in through the patio door and made a beeline for them. Her broad smile showed perfect teeth and dimples. Her eyes were an unusually dark shade of blue and, although there were a few lines around them, she was very attractive. Her perfume was almost overpowering.

“Is this who I think it is?” she asked Olivia.

“It certainly is. Ben, meet my very lovely friend, Ria.”

The woman held out her hand. “Pleased to meet you, Ben.”

“Hi.” Josh gave her hand a gentle shake.

“Livvie told me you were a dish, and she was right.” Ria was still holding on to his hand as if reluctant to let it go.

Josh looked at Olivia, struggling to keep his face straight. “Did you say I was a dish, *Livvie*?”

“I think what I actually said was that there are worse faces to look at while you’re being fucked hard.”

His mouth dropped open, and Ria pushed her leg against his. “Well, I think he’s gorgeous. And that face would look even better with my feet on either side, resting on those broad shoulders.”

Josh blinked. He simply didn’t know how to respond.

Olivia watched him, an amused twinkle in her eyes.

“So,” Ria said, giving his hand another squeeze. “What site do you use, and where can I find your contact details?”

Site? What site? “I...”

“I’ll send them to you,” Olivia said.

“Super.” Ria flashed him a final smile. “I’ll definitely be in touch, and we can sort out a date and the dirty details.” She glanced around the room. “Now, I need the loo and then another drinkie.”

With that, she walked out into the hall. Josh stared after her, then turned to look at Olivia.

“What just happened?”

“You’ve just met a woman who’s desperate for you to take her to bed.”

“Why?”

“Because I recommended you.”

He gave a laugh. “You’re my pimp now?” Was this some sort of apology for dumping him and marrying Thomas?

“Pimp isn’t how I’d describe it, because I won’t be getting paid.”

“Right—”

“And neither will you. But, as in any business, word-of-mouth recommendations are the best way of making new contacts.”

“Recommendations for what? Don’t you think I’m capable of finding a new girlfriend by myself?”

She gave a laugh. “You can find your own girlfriends, no problem. All I’m doing is finding you new fuck-buddies.” She moved closer and whispered in his ear. “And I’m not doing it for you. I’m doing it for Ria, because she’s my friend.”

Suzy and Diana came in to refresh their glasses, and Olivia went out with them to enjoy the sunshine.

As Josh followed, he saw there were at least another dozen people standing in small groups on the lawn. A couple of men in white aprons were now setting up a serving table in one corner of the garden. He pulled Olivia to one side.

“Are they your kitchen staff?” he asked, smirking.

“Sarky twat. They’re outside caterers.”

Josh looked around at the other new guests. One of the men was particularly annoying. He obviously liked the sound of his own voice and was spouting a lot of fancy words, using most of them in the wrong context.

He heard the word ‘capricious’ being used three times in one sentence.

“Who’s the gob-shite with the charisma bypass?”

“His name’s Chris—a friend of Saul and Greta’s. He’s a teacher, but I think he wants to be a writer.”

“He’s a cunt.”

She giggled. “Don’t you think that’s being a little unfair?”

“Only to vaginas.”

The guy must have noticed they were looking his way, and he raised his glass to them. “To the lovely Olivia, with eyes like a summer meadow and hair like an autumn copse.”

She smiled and raised her glass, then whispered to Josh, “You’re right, he’s a cunt.”

Josh laughed.

“So,” she said. “What have you been up to since the last time you were here?”

“I went to visit my mum.”

“How’s she doing?”

“She’s got herself a fuck-buddy, too.”

Olivia’s eyes went wide. “Are you serious?”

“I’m sure it’s more traditional than that, but she’s started seeing a guy called Brian.”

“Does it bother you?” She seemed concerned.

“Of course not. I’m happy for her, and he seems like a nice guy.”

Olivia nodded. “Good. I’m pleased for her, too.”

The caterers served hot beef rolls, which for Josh kicked off a pleasant afternoon chatting with Olivia, Thomas and their guests. After a couple of hours, he even got used to being called Ben.

Three more people arrived later—Suzy’s husband, who’d been working in their shop, and a couple called Stefan and Angela. While Stefan was talking to Thomas, Olivia led Angela, who was blonde and voluptuous, over to Josh.

“Angela, meet Ben.”

Before he could open his mouth, Angela looked him up and down, then nodded.

“You’ll do. Get your coat, you’ve pulled.”

Josh laughed. “Nice to meet you, too.”

“It will be, I assure you. Are you free on Tuesday?”

“Err...” Flinching at Angela’s carrying voice, Josh looked over at the women’s husbands, chatting just a few feet away.

“Don’t be shy,” Angela said. “If you can’t make Tuesday, we’ll find another day.”

Josh found his voice. “No, Tuesday’s... fine.”

Angela smiled. “Excellent. Do you know The Mountcalm Royal, in Finsbury Square?”

“I’m sure I can find it.”

“Excellent. Say eight-thirty? I’ll have Stefan meet you in the lobby.”

Josh frowned. “*Stefan* will be in the lobby?”

She nodded. “He’ll escort you up to our room.”

He’s like Thomas. He knows about it.

When Josh looked at Olivia, she was smiling. Clearly she’d known all along that Angela’s husband would be complicit, and she was clearly having fun messing with his head. Ria was probably married, too. He wondered if this was something all rich people did to get their kicks.

Once Angela had rejoined Stefan and Thomas, Olivia stepped close to Josh and squeezed his arm. “We’ll explain things later. Let’s have another drink and enjoy the rest of the party.”

Chapter 29

The sun dropped low enough to be hidden by some of the trees in the fields beyond the garden. The caterers packed up their table and left, as did most of the guests, including Angela and Stefan, who both gave him a friendly wave. When the evening got chilly, the few stragglers headed back into the kitchen. Ria made a point of saying goodbye to Josh, reminding Olivia to send her his contact details.

Greta and Saul were the last to leave, and they headed back to their house on the other side of the beech hedge just before ten.

Thomas said, “How about a brandy in the snug?”

Olivia nodded, and the men walked through to the room with the bookshelves and the leather armchairs. While Thomas put a match to the pre-laid fire, Josh settled into one of the armchairs and looked around the impressive room. Olivia came in carrying a tray with three glasses and a decanter, which she set on a small table. Thomas settled into the other armchair and Olivia poured the drinks, passing a glass to Josh before she plonked herself down on the rug in front of the fire.

Thomas raised his glass. “Here’s to old lovers and new relationships.”

Josh raised his glass, though a little uncomfortable about the toast.

Olivia took a sip of her brandy, then licked her lips and looked at Josh. “So, I suppose I should explain why we’ve been calling you Ben all day.”

Josh laughed, then shrugged. If Thomas hadn’t been here, he’d have assumed the alias was conceal his identity as her ex-boyfriend.

Thomas took up the explanation. “As I’m sure you’ve already noticed, the relationship Olivia and I have is not what most people would consider normal.”

Josh smiled but didn't interrupt.

"I'm not sure how familiar you are, Josh, with the sort of things we get up to."

Josh shook his head. "I'm guessing you have an open relationship."

Thomas laughed. "Yes, we're very open. But not in the way most people think—by that, I mean we're not actually swingers."

"Oh?" Josh was confused. He'd assumed that since Thomas and Stefan both seemed happy for him to have sex with their wives, then swinging was exactly what they were into.

Olivia spoke up. "Do you know what a hotwife is, Josh?"

"A married woman who has sex with men other than her husband."

She nodded, then raised her eyebrows. "And?"

"And she does it with her husband's knowledge and consent."

She smiled. "Exactly. Her husband *wants* her to have sex with other men. The reason for this is two-fold. First—and most important—is because he loves her, and he wants her to enjoy herself." She smiled at Thomas, then looked back at Josh. "But it's not just for her benefit. Knowing that another man is having sex with his wife gives the husband a huge thrill."

"The husbands of hotwives are voyeurs," Thomas said. "But sometimes they have other kinks, too."

"Some of the husbands are cucks, Josh. Do you know what that means?"

"Short for cuckolds," he answered. "They're married to hotwives."

"Yes, but there's more to it than that. Cucks get pleasure from not only watching their hotwife being taken by another man, but also from the way she treats him." She smirked. "Or mistreats him."

He frowned, unsure what she was getting at.

"Some husbands forego having sex with their wives completely. They're content to not have sex at all. They even have their erections restricted by wearing a cage for most of the time." She smiled at her husband. "Fortunately that's not the case in our relationship, but it's something you should be aware of."

"Okay." In truth, Josh wasn't sure what any of this had to do with him.

“And the man who’s invited to have sex with the hotwife is called the bull.” She smiled at him. “So, you’re my bull.”

Josh kept his focus on her face, not wanting to look Thomas in the eye.

“And on Tuesday, you’re going to be the bull who services Angela.”

He bit his lip. The idea of having sex with the curvy older woman appealed to him. A lot.

“How do you feel about that?” Olivia’s eyes danced with mischief.

“I’m looking forward to it.”

She laughed. “And so you should. She’s gorgeous, and sexy as fuck.”

Thomas cleared his throat. “Stefan likes to be in the room. Is that going to be a problem?”

Josh thought about Stefan being present while he had sex with Angela. He’d seemed friendly enough. “I don’t think so.”

Olivia caught his gaze and held it. “Even if he’s jerking himself off while he watches you shag his wife?”

“He’ll do that?”

Thomas laughed. “Of course he will. Seeing his wife in the throes of passion with another man is what turns him on the most. He’ll probably masturbate more than once.”

Josh’s mind was stumbling through other details. Ones more relevant to the three of them. “But not all husbands are in the room. I mean...” He looked between them, trying to get his thoughts in order. He met Thomas’ patient eyes. “Well, you weren’t... you know. Last week.”

“I prefer not to be seen. I like to watch, but I’d rather do it from a private place.”

Josh struggled to understand, and Olivia explained it for him.

“The room we used in Kensington is fitted with CCTV cameras. Everything we did was filmed. Thomas watched it all. He saw everything.”

He finally understood Olivia’s behaviour. The slutty talk and running commentary about her impending orgasm—it had all been for Thomas’ benefit.

“And here?” Josh glanced toward the ceiling to indicate the time they’d had sex in the bedroom upstairs.

Olivia held his gaze for a second. “There’s a two-way mirror behind the bed.”

Josh flashed back to her gripping the headboard and staring at his reflection while he fucked her from behind. He remembered her watching herself intently while she rode him. She’d been looking at where Thomas’s camera was filming from. Or was she...?

He looked at Thomas. “You were here?”

“Yes,” Olivia answered for him. “And when we were in Kensington, he was upstairs watching it all on monitors.”

Josh gulped his brandy and stared into the flames. He didn’t want to cause a scene or act like a child, but being watched during something so personal felt invasive.

Olivia knelt up and took his hand. “I’m sorry if you feel like you’ve been deceived.”

He wasn’t ready to contradict her.

“I wanted to tell you earlier, but I wasn’t sure how you’d feel about it. But now you’re getting into the scene—you know, with Angie and Stef—I thought we should come clean.”

He thought he knew her, but this was so... out of character. “I wish you’d told me.” He looked into her eyes and saw the anxiety in her face. “I can see why did you didn’t, though.”

She smiled. “Thank you.”

“I think you’ll be perfect as a bull,” Thomas said.

“Oh?”

Thomas nodded. “You have everything the hotwives want. You’re handsome, very well-hung, and you keep yourself in shape. You can also perform several times in quick succession.”

“He often stays hard after he comes the first time,” Olivia said.

“Very impressive.” Thomas smiled. “But there’s more to it than that. You’re intelligent and polite. Respectful. The hotwives and cucks will appreciate that.”

“A hotwife is a slut,” Olivia explained. “But she’s the most important thing in her husband’s life. As a bull, you’re expected to fuck her senseless while keeping it in mind that you’re there for her pleasure, not the other way around.”

“Your role is to respect her,” Thomas said. “Her husband worships her, and he expects the bulls to be courteous and considerate.”

Olivia grinned. “Unless she specifically asks to be treated otherwise. If she wants you to call her a slut and spank her arse, then do as she asks.”

“She may also say unkind things to her husband,” Thomas said. “At least, they’ll sound unkind to you. But if that’s part of what the husband wants, don’t let it bother you.”

Josh squeezed his eyes shut against the onslaught of information. This was all too much, too fast. “I’m not sure I—”

“That’s kind of why I introduced you as Ben today.” Olivia still had hold of his hand, and she squeezed it. “When you’re with a hotwife, you need to take on a different persona. Your *Ben the Bull* persona. Don’t let yourself get emotionally involved with these women. They’re only interested in the sex.”

He held her gaze, wondering if she was making a general point, or giving him a gentle hint.

“All they want is for you to make them feel good. They want your cock and they want you to make them come.” She flashed her eyes in a sexy way. “Sure, they want to feel desired and revered, but they don’t want your love. They have their husbands for that. So even if you hear a hotwife tell her cuck that his tiny cock doesn’t make her feel as good as yours does, or if she tells him he’s only allowed to come on her feet while you’re allowed to come in every hole she has, that’s just part of their game, and that’s what he wants. She loves him, and you’ll never take his place in her heart. All you’re doing is sticking your big cock wherever she wants it, and you’re only doing it because that’s what her husband wants, too.”

Josh let it all sink in. “Right. So, on Tuesday night, I’ll be Ben. I’ll meet Stefan in the lobby, he’ll take me up to their room and Angela will ask me to have sex with her while her husband jerks off. And if she calls him names while I’m there, it’s just a game. She loves him and is only having sex with me for his benefit.”

“Oh no, it’s for her benefit, too. All married women fantasise about great sex with well-hung studs, but it’s only the lucky ones who get to live out those fantasies.”

“Lucky because their husbands approve?”

“Yes.”

“And Ria’s husband approves too?”

Olivia turned to Thomas. “I think you should answer that one.”

“Ria’s husband is an old friend of mine. They’ve been doing this for a long time, and I’m pretty sure he’ll want to join in.”

To say that Josh was apprehensive was an understatement. “Join in, as in...?”

“He’ll probably get Ria to suck him off while you’re fucking her. And he’ll also want to perform clean-up.”

“Clean-up?” Josh looked from one to the other.

Olivia’s tongue briefly appeared between her teeth, then she said, “Some cucks like to lick the hotwife’s twat after the bull’s had her.” Her face was serious. “After he’s come inside her.”

Josh’s stomach turned. “And Ria’s husband will want to do that? With my cum?”

She nodded. “It’s all part of the humiliation that he craves. It’s to show that as the alpha male you can deposit your seed into his wife’s body, and he has to clean it out of her. But don’t be fooled, it’s exactly what he wants. She may order him to do it, or a whole list of other degrading things, but they’ll have been agreed to beforehand.”

“Right.” He still wasn’t happy about another man tasting his cum.

“A cuck and hotwife couple are a lot closer than most married couples,” she explained. “They don’t have any need for secrets, because nothing is off the menu when it comes to discussions. If he wants to see one thing and she doesn’t like the idea, that’s not a problem.”

“For example...?”

“For example,” Thomas said, “if I told Olivia I wanted to see a guy piss in her face, I think it’d be understandable if she refused. Equally, if Olivia told me she wanted to be gangbanged by ten black men, I’d probably find that unacceptable.”

“Spoilsport.” She was smirking at him.

He shrugged. “I’d just worry about you. Maybe we could start with five, and see how you cope.”

She turned to Josh. “See, there’s always a compromise.”

Josh drained the last of his brandy as he thought about Olivia being taken by five black guys with huge cocks. Surprisingly, the idea wasn’t as hurtful as he’d expected.

“Right,” she said, standing up. “I think we’ve given you enough background—I’ve set you up an email account, and also registered you on one of the websites we use. I’ll send you the details. Change your password and your username if you like, but I’ve called you Foreverhard, because you seem to be.”

Josh laughed and shook his head. “I’d be worried about being sued for advertising under false pretences.”

“No you wouldn’t. I bet you’re even hard now.”

He frowned and shook his head, even though his cock had been swollen and weeping for the last ten minutes.

Olivia reached down and ran her hand over his crotch. “See?”

Now he was really uncomfortable. He shook his head even more exaggeratedly.

“It’s okay,” she assured him. She dropped to her knees on the rug between his feet and started to unbuckle his belt.

“Liv, I don’t think…” He frowned at Thomas, who simply smiled and took another sip of his brandy.

Olivia released Josh’s cock and smiled at the evidence of his arousal. She smeared the precum around his crown with her thumb. “The idea of being a bull turns you on, I see.”

He stared into her eyes, then nodded.

“Are you excited about fucking Angie and Ria?”

He swallowed, then nodded again.

“Good.” She leaned down and took his dick deep into her warm, wet mouth. An involuntary sigh escaped his lips.

Olivia bobbed her head, and it took her no time at all to get him fully hard. She released him, holding his erection triumphantly, and turned

to her husband. "What shall I do with this?"

"You should suck it for a bit longer," Thomas said. "I think it's what you both want."

She took Josh back into her mouth, slowly pushing down further onto his lap, inching him into her throat. He let out a groan and dug his heels into the soft rug.

Olivia sucked and bobbed for another minute or so before releasing him. A strand of precum stretched from his cock to her lower lip. She stuck out her tongue and snapped it. "I know we told you that Thomas prefers to watch from somewhere private, but this isn't having sex."

"It's not?" It *felt* like sex.

She shook her head. "This is just me preparing you to have sex."

His stomach tingled in anticipation.

"Foreplay."

"Foreplay?"

She leaned down and licked the secretions still oozing from him. "I'm just getting you ready and hard for when we go to bed."

"Bed?"

She chuckled. "Stop repeating everything I say. Yes, bed. Thomas is going to go and sit in his little room behind the mirror, and you and I are going to go to bed." She squeezed his cock. "And *you* are going to do something you've never done to me before."

"I am?"

She stood up and nodded toward his crotch. "Put that away. I don't want you knocking my ornaments over on the way to the bedroom."

He chuckled and tucked himself in before standing to fasten his belt. Thomas placed a fireguard on the hearth, then left the room without another word. Olivia led Josh out into the hall and up the stairs.

The bedroom was as he remembered it, but this time he gave the mirror behind the headboard a more thorough inspection. It was a couple of feet wider than the bed and reached from the mattress to head height.

Olivia saw him looking. "It cost us a fortune."

The only other door in the bedroom was on the adjacent wall, but it was at the opposite end, by the bath. "How does he get access?"

“From the next bedroom, which has a dressing room with a hidden door. There are also hidden microphones in here, so he can hear everything. All your grunts and my moans.”

He held his breath, trying to remember what sounds they’d made during last week’s session. “He probably didn’t get a great view of what we did in the bath,” he said with a smile.

Olivia reached out and started to undo his belt again. “There are a couple of cameras in here, too.” She flashed her eyes. “He saw enough.”

Once Josh’s cock was released, she pulled her dress up and off. She was completely naked underneath it. “Clothes,” she said.

Josh quickly kicked off his shoes and stripped, no longer caring that her husband was watching from behind the mirror. All he cared about was getting his dick into Olivia’s ever-welcoming body. If Thomas got off on that too, good for him.

She sat on the bed and spread her legs. “Are you going to stand there posing all night, or are you going to stick that thing inside me?”

He stepped closer, bent his knees and slid inside her. She was wet and tight.

“Ah, yeah. That’s my bull. Come on, stretch me.”

Josh placed his hands on the bed and leaned into her face, forcing her onto her back with her legs hanging off the edge. He pushed himself deeper, grinding against her at the end of each in-stroke. He kept a slow pace for a few minutes.

“Oh God.” Olivia sighed and started to move herself beneath him, wriggling and clenching as he fucked her. “Oh...” Her breathing changed and her eyes fluttered.

Josh knew only too well what that meant, and he decided to save her the trouble of telling Thomas what was happening. “I know you’re about to come. I can see it in your face, and I can feel you shaking.”

She opened her eyes and stared up at him, confused.

“I want to feel you coming on my cock. I want to feel you grip me, and I want feel all your juices running down our thighs.”

“Ahhh...”

She reached up and dug her nails into his shoulders. Josh just kept stroking into her at the same steady pace. She arched her back and the contractions almost forced him out of her, but he kept sliding in and out with slow, long thrusts.

Olivia cried out again, a bewildered expression on her face. She'd either come again, or the strength of the aftershocks had surprised her.

Josh felt the tingle deep in his stomach. "Where do you want me to come?"

"There. Come inside me."

Josh watched her face and increased his speed a little while pushing as deep as he could.

Olivia wrapped her legs around the backs of his thighs, pulling tighter with each thrust, pulling him deeper. "Come for me. Fill me."

He let out a sigh and felt the torrent shoot from him and into her.

Olivia groaned and began to buck violently, grinding her body against his. Another spasm shuddered through him as more cum shot out, and then Olivia was crying and mumbling and screaming. This was definitely another orgasm, but even her strongest contractions couldn't stifle his flow as another jet spurted out.

They eventually stilled.

Josh's heart banged so loud in his ears that he wondered if the microphones could pick it up and send it to Thomas's headphones.

Olivia blinked and shook her head. "Jesus, you're going to blow Angie's mind if you fuck her like that."

He laughed and slowly pulled out.

She reached down and gripped his cock. "Don't think you're finished."

He took a deep breath and shook his head. "You'll have to give me a minute."

"No I won't. Stand up."

Josh pushed himself off the bed and stood on shaky legs. "Liv, I'm not Superman. I'll need a rest before I can—"

She sat forward and took his dick, wet and slippery, deep into her mouth. He groaned and looked at the mirror. He wondered briefly if

Thomas had jerked himself off while watching his wife get fucked.

Olivia started to pump his shaft with her hand while her tongue and lips worked their magic on the head. Josh took a deep breath and looked down at her smiling face as she proudly brandished his hard-on in her hand.

“Right. Wait there.” She stood and quickly walked to the dressing table on the far wall. She returned with a small plastic tube, from which she squeezed a blob of clear goo onto her finger. She started to rub it around the crown of his cock.

“Lube?” His heart raced. He’d had anal with one of his previous girlfriends, but he’d never done it with Olivia. He still remembered her telling him she didn’t like the idea of it.

She placed the tube in his hand and crawled onto the bed, facing the mirror. “You know what to do.”

Josh knelt on the bed behind her. A large glob of his cum dribbled out of her sex and down the back of her thigh. He found the sight arousing as he rubbed the lube in gently and wondered if he should mention it for Thomas’ benefit.

“Okay, now add more and ease your finger in.”

He added a copious dollop to his right index finger, traced a circle around the puckered dark pink skin, then slowly pushed. The hole opened and swallowed his finger like something out of a scene from a sci-fi film.

Olivia wiggled her hips from side to side and let out a long breath. After a while she said, “Okay, add more lube and this time use two fingers.”

Josh followed her instructions, moving carefully as if performing a medical procedure. Once he had two fingers inserted to the second knuckles, Olivia told him to hold his hand still. Then she slowly pushed herself back onto his fingers. In less than a minute, she was pushing back so hard that both fingers were completely buried.

She crawled forward on the bed and his fingers slipped out. He noticed her stretched hole remaining partly open.

“Okay, *Ben*,” she said, smiling at his reflection. “I want you to shove your dick in there. But keep it slow and gentle until I’m stretched.”

After adding another generous amount of lube to the tip of his cock, Josh got into position and pushed forward. He watched as she slowly

opened up more and more. She let out a groan as the knob-end slipped inside her.

Captured in the tightest of grips, he held himself still to allow her body time to stretch and accommodate. He glanced up and saw she was staring at the mirror, no doubt letting Thomas share everything she was experiencing.

Olivia eased herself back, and his cock went a little deeper. She groaned again, panting through her mouth for a few seconds before inching herself further back and onto him. Josh stroked her sides and ran his hands over the swell of her hips, but he didn't push forward. He let her dictate the time it took to get his full length inside her.

"You're too fucking big," she said through deep breaths.

"Stop complaining."

She laughed, pushed herself back further and let out another groan. Only a couple of inches of his shaft still showed.

"Okay," she said, looking at his reflection. "I want you to start to move. Fuck me slowly without going too deep."

Josh pulled out a little then eased himself back in, revelling in the tightness. The lube was working its way further into her, and he felt less and less resistance as he probed a little deeper with each thrust. And then he was all the way in.

His balls collided against the wet folds of her sex as Olivia pushed herself back against his groin. She grunted in time with the slap of their bodies. He watched her face in the mirror, just as Thomas was no doubt watching her from the other side of the glass. Sweat beaded on her forehead, and her jaw was clenched.

Josh reached around and held his fingers either side of her clit, letting her movement provide the friction. Olivia moaned and closed her eyes, then a low growl rumbled from her throat. He fucked her harder, sliding his dick in and out of her well-lubed channel as she sobbed and squealed through her orgasm. He was getting close and had no intention of stopping.

Olivia dropped onto her elbows, her head resting on the bed, and Josh fucked her raised backside with abandon, slamming into her as he

chased his own release.

If the hotwife wanted a bull to nail her ass while her cuck watched, he was only too happy to oblige. He plunged into her over and over until he was right on the brink, then dug his fingers into the soft flesh of her hips and held still. His cock pulsed and Olivia moaned as his hot jet splattered her insides. Josh clenched his jaw and fired a second, third and fourth jet into her depths, then recommenced his thrusts. His entire body shook, and his cock eventually softened and slipped out.

He sank back onto his haunches and gulped in air.

Olivia rolled onto her side and looked up at him, her face wet and plastered with strands of hair. She blinked, then gave a beautiful smile.

“Well, I thought that went well.”

He laughed and let out a long breath. “I don’t think ‘went well’ does it justice.”

She nodded and squeezed his hand. “Right, time for you to go to your own room so that my husband can take his turn.”

He laughed, impressed at her stamina.

She nodded toward the bedroom door. “Turn right, and it’s the door facing you. Your bag’s already in there, and there’s an ensuite.”

Not bothering to dress, Josh picked up his shoes in one hand and his clothes in the other, then walked naked out onto the landing and into the spare bedroom. He dropped his clothes by his bag on the rug and headed straight for the shower. He stepped gratefully into the powerful, hot jet.

After washing thoroughly, he went to get his toothbrush from his bag. Just as he was walking back into the bathroom, he heard Olivia moan. Thomas was getting his turn, and Josh realised it didn’t bother him.

Olivia was somebody else’s wife, he was nothing more than her bull, and that was absolutely fine.

Chapter 30

Josh woke early, as usual. He lay still and listened for any sounds from Olivia and Thomas' room and ran his hand down to his dick. It was usual for him to be stiff in the mornings, and today was no exception. He slowly stroked himself as he thought about everything that'd happened in the last eighteen hours or so. He'd finally met Olivia's husband, and had learned about the lifestyle the pair of them were leading.

Soon he'd be participating in the same lifestyle, though playing a different role. As Ben the bull, he'd be having hot sex with women who only wanted a physical connection, which was exactly how Olivia now viewed—

A thought struck him.

Olivia's a hotwife.

Hotwives don't just see one bull.

He stopped moving his hand, though he didn't let go of his cock. The insight had swept in from somewhere deep inside his brain, and he couldn't believe he hadn't considered it before. Maybe it'd been niggling in his subconscious all along and had finally found its way through into the prefrontal lobe, or whatever part of the brain is responsible for conscious thought.

Why had he assumed that he was the only other man she had sex with while her husband watched?

He closed his eyes and cursed himself. Olivia must have had other bulls. Strangers she'd used to get herself and her cuck husband off. Maybe one of those bulls had got her into anal.

Without realising, Josh had resumed stroking his cock. A few weeks ago it would've been hurtful to imagine Olivia on all fours on her bed with some random bull fucking her from behind while she stared at the mirror. He was no longer in love with her, so why should it bother him? Maybe he

could sit next to Thomas in the hidden room and watch through the mirror while Olivia got gangbanged by five hung black guys.

Josh had to stop jerking his cock or he'd soil the nice Egyptian cotton sheets. He climbed out of bed and headed for the shower.

Once dried and dressed in clean t-shirt and jeans, he wandered downstairs. The patio doors of the kitchen were open, and he found Olivia sitting at the table in the herb garden.

She was dressed in a man's white shirt with the cuffs turned back several times. Her feet were bare. "Good morning," she said with a beautiful smile.

"Hi."

"Come sit down, I'll get you a coffee. Do you want orange juice, too?"

"Great, thanks."

While Olivia headed back into the kitchen, Josh looked around him. The garden was immaculate. It had probably been professionally landscaped, and it was well-tended. The borders were weed-free and filled with colourful flowers, tall ones at the back, smaller ones at the front. All the bushes were neatly pruned, and the lawn was freshly cut and sculpted at the edges to go around the ivy-covered statues and overhanging acers that dotted the borders. It was a very pleasant place to sit.

"Here you go, babe." She placed the glass and large mug on the table, then sat next to him. "How did you sleep?"

"Okay, when some randy pair in the next room finally stopped rutting."

"What can I say? I'm a slut." Her smile gave way to a concerned expression. "Are you okay with it all? You know, me and Thomas?"

He laughed. "Of course I am. He's your husband and you're his wife. Whatever you two do is nothing to do with me."

She nodded. "Good."

"Did you wear him out so much that he's still asleep?"

She looked puzzled, then shook her head. "He'll be sitting in Bristol airport now, waiting to get on a flight to Porto. Didn't I tell you yesterday

that he was off to Portugal this morning?”

“Don’t think so.” He shrugged. “Or if you did, I didn’t take it in. I had lots to process yesterday.”

Olivia nodded. “And how do you feel about the hotwife-cuck-bull thing we discussed?”

“In what way?”

“All of it.”

“Are you asking how I feel about having sex with women like Angela and Ria, or are you asking how I feel about you having sex with men while your husband watches you through a two-way mirror?”

She held his gaze. “Both.”

“I guess you should ask me after Tuesday about the first question, but I’m pretty sure that it’ll be an experience I’ll enjoy.”

She nodded, a wry smile on her face. “Yeah, I’m sure you will. And the second?”

“The voyeur thing’s not really anything to do with me, except when I’m the one being watched. But I’m curious...”

“Curious about...?”

“Everything.”

Olivia picked up her coffee and smiled. “Okay, go ahead.”

“How did he talk you into it?”

She laughed. “What do you think most women would say if their husband offered them the chance to have sex with any man they found attractive?”

“And that’s how he phrased it?”

“Not exactly. He pointed out that a guy in a bar in Naples couldn’t take his eyes off me. Then he told me that if I found the man attractive, he’d invite him back to our hotel so that I could take him to bed.”

“While he watched?”

She nodded.

“And did you?”

“I was a little drunk, and I thought he was winding me up.”

Josh waited.

“Yes, Thomas went through with it. He watched from the other side of the room.”

“While you did what?”

She sighed. “Do you want me to draw you pictures?”

“I’m just curious. Was he Italian?”

She nodded. “He went down on me, then I sucked him and fitted a condom. He fucked me on the bed, and then he left.”

“And Thomas?”

“He fucked me on the bed several times, and then he proposed.”

“Jeez.” Josh let out a laugh, then regretted it. “I’m sorry. I just...” He shrugged. “I guess I didn’t know you as well as I thought I did.”

“Well, you never proposed.”

“What?” He frowned, trying to work out if she was just messing with him, or if she was serious.

“We were together for years and you never proposed.”

“I never asked you to sleep with a stranger, either.”

“No, you didn’t.”

“Maybe that’s where I went wrong.” He saw her expression and held up a hand. “I’m sorry, I didn’t mean it to sound like that. I...” He shook his head. “I don’t know what I meant.”

Olivia took a deep breath, then put her cup down. “I don’t want to fight, and I have some really fond memories of our time together. But we didn’t seem to be going anywhere, and I think we’d already moved into our autumn well before I left.”

That hit him like a cold shower. He was momentarily lost for words.

She must have seen his surprise. “Don’t tell me you didn’t feel the same.”

He shook his head, his mind racing back to their last few weeks together. “I had no idea you felt like that.”

“That’s because you weren’t paying attention.” She shook her head. “Let’s not do a post-mortem on our relationship. It was fun and then it wasn’t, so it ended.”

He nodded, silently sifting through the conversation fragments he could remember from their final few weeks, searching for the signs he'd been too stupid to see at the time.

Olivia picked up her cup again. "So, any more questions on my new lifestyle?"

He refocused his mind onto the present. "How long's Thomas been into it?"

"I think he's been into the voyeuristic part since he was a teenager. He married young, and he and his first wife got into it about fifteen years ago."

"What happened to her?"

"They divorced amicably about four years ago. I've met her a couple of times. She's very nice."

He wanted to know if she'd left him for one of her bulls but hadn't the nerve to ask. "Kids?"

She shook her head.

"Does it bother you that he's jacking off while you're getting nailed by somebody else?"

She laughed and kicked him under the table. "I don't think he jacks off."

"Why else would he want to be out of sight?"

She bit her lip as she considered his question. "I think he's shy. He doesn't like the idea of the bull seeing him."

"What about Naples?"

"There was no alternative then."

"How many bulls have you actually had?" The question came out all by itself and he had to give her credit for not looking pissed off about his clumsiness.

"Does it matter?"

He shook his head. "Probably not, but like I said, I'm curious. I'm new to this, and I don't know what sort of schedule I'll need to work to."

Olivia smiled at him. "Get yourself listed on a couple of websites. You'll be amazed how many people are into this. I'm pretty sure you could

have a different hotwife every night of the week for a few years without having to cover old ground.”

“Really?”

She nodded.

“You still haven’t answered my question, though.”

Olivia laughed and shook her hair back. “Thomas would be able to tell you exactly how many, but I’m not really sure. I think maybe twelve or thirteen?”

The number didn’t hurt him at all. In fact, he was titillated. “About three a month, then?”

“Depends. I took four in that first week in Italy. And I did another three during a long weekend in Spain. Then I go a few weeks and don’t do any.”

“Whose idea was it to do me?”

She looked thoughtful, then shook her head. “I’m not sure. I told Thomas about a couple of things we’d done together—the time we had sex in some park on holiday.”

“Majorca.”

She nodded. “Could have been. I was wearing a short skirt and you bent me over some stone thing and fucked me from behind, but because we’d been drinking it took you ages to come. I thought we’d get caught, for sure.”

He laughed, though the memory of that night was now probably going to be ruined for him. “And what did Thomas make of that?”

“He wondered if you were bull material, and I said you definitely were. And it evolved from there.”

“Have you ever watched him with another woman from the hidden room?”

“It doesn’t work like that. He has no interest whatsoever in other women.”

Josh thought about this, and also about what Thomas had said the previous night regarding cucks worshipping their wives. “What about if you sucked him off while another guy was fucking you?”

She laughed. “We’ve actually done that one, in our villa in Spain. I enjoyed it, but I could tell he was a little uncomfortable. Like I said, he’s shy. Or maybe private is a better way to describe him.”

“So it’s not worth asking if I can sit in his little room and watch the two of you do some horizontal dancing?”

“No chance.” She raised her eyebrows. “But I’m surprised you’d want to.”

“He’s watched me—only fair that I get to do the same.”

“Sorry. Not going to happen.”

He drained his orange juice. “Maybe I could sit next to him behind the mirror the next time you entertain a bull, then I’d know for sure if he jacks off.”

Olivia narrowed her eyes and studied him. “Would you like to do that?”

“What, watch your husband beating his meat?”

She smiled. “You know what I mean.”

“Would I want to see you being fucked hard by another bull?”

She nodded.

“Probably not.”

“You don’t want to watch hot sex?”

“I was stationed in Germany for a while and we went to a couple of live sex shows in Hamburg.” They’d been an eye-opener, but not really arousing. He shrugged. “The thrill men get from watching their wives is a personal thing. I’m guessing Thomas probably wouldn’t find watching someone else’s wife as much of a turn-on as watching you?”

She nodded. “Very good. I knew you’d be perfect for this. You’re right, cucks only want to see their wives. Some cucks don’t want to see at all, they just like to hear about it.”

“Where’s the fun in that?” He was being sarcastic, but Olivia didn’t seem to realise.

“I guess it’s like the difference between watching a film and reading a book. Sometimes your imagination is better than the reality.”

“Oh?”

“I’ll text you some websites to look at. I’d recommend you read a few of the forums and chats in there. Some men watch their wives get all dressed up in sexy clothes, and they even drive them to where they’re meeting their bull. Then they go home and wait, knowing that their wife is engaging in filthy sex with another man. They shiver and shake with anticipation until the wife comes home hours later, sometimes the next morning. When his wife gets home, she tells him about her night. She reveals how big the bull’s dick was, and she describes everything that he’d done to her. More often than not, she’ll be sitting on her cuck’s face while revealing all those dirty details.”

“So he can perform clean-up.”

Another smile. “Exactly. You learn fast.”

“Have you tried that approach?”

“No. Thomas gets the biggest thrill from watching.”

“But you tell him anyway.” He’d heard them talking during their sex the previous night. “The two of you discuss how it felt for you, what it felt like when the bull was pumping his cock in and out of your body.”

She licked her lips and grinned. “Like I said, you’re a natural.”

“And does he do clean-up?”

“He’s private. Anything that goes on after the bull has left the room remains between me and him.”

“Fair enough. Do the other bulls know they’re being watched?”

“Most do. They like it, and try their best to put on a good performance.”

“What about safe sex?”

“Bulls always wear a condom. You’re the only bull who was allowed to go in bareback, and the only one who’s been allowed to come inside me.” She leaned closer. “But I’m afraid once you start servicing other hotwives, the bareback riding stops.”

“Stops?”

“Stops with me. If you’re still interested in meeting me here, then you’re going to have to rubber up.”

He nodded. “Fair enough.”

“It’ll be a shame, because Thomas got a huge thrill from me taking you bare.”

“Why?”

“The taboo of another man’s spunk inside his precious wife’s body. Men get a certain delight in the knowledge that someone else’s semen is being deposited in their hotwife.” She licked her lips. “That’s what makes us hot.”

Josh was still thinking about safe sex. “But you said that a lot of cucks choose to perform clean-up. They can’t do that if the bull used a condom.”

“Trust gets built up over time. Once the hotwife trusts the bull and is sure there are no health issues, then maybe they’ll let them go in bare.”

He waited, knowing that she was going to contradict what she’d said earlier.

She laughed. “Okay, you’re not the only one I’ve had bare. There are a couple of other guys we trust.”

“Should I take condoms when I meet Angela?”

“You should take condoms with you at all times, but I’m sure Angela will have them if you need them.”

“*If* I need them?”

“I’ve already assured her you have a clean bill of health.”

“You have?”

She smiled. “All women prefer skin on skin, but sometimes it’s not possible. Well, not sensible.”

He nodded and thought about Angela. Should he care if she’d already slept with dozens of men? Maybe hundreds?

“Are you horny now?” Olivia was smiling, and toying with the top button of her shirt.

“Maybe I should save myself for Tuesday.”

“Maybe you should.” She undid the button. “I’m sure Angie will be very demanding.” The second and third buttons quickly followed.

“I’ll try to see to her needs.”

“I’m sure you’ll make her evening very enjoyable.” Olivia wasn’t wearing anything under her shirt, and when the last button was undone it fell open, revealing her perfect body.

“Are there cameras in the garden?”

“Yes, all over the garden, but I don’t think any of them are pointing this way.”

“What’s the point in having sex if we’re not being watched?”

“Because I’m horny.”

“Maybe I’m too tired from jerking myself off listening to you and Thomas.”

She held his gaze, no doubt trying to work out if he was being serious or just awkward. Then she slid her hand over her bare breast and down her stomach. “Well if you’ve sorted yourself out, maybe I should do the same.” As her hand came to rest over her sex, she parted her legs.

Josh watched as she began stroking herself. “Tell me you’re not going to do this.”

“If you refuse to fuck me, then I don’t really have much choice.” She rocked her hand over her mound and opened her mouth.

“Liv.” He shook his head.

She slipped a finger inside her sex and let out a little moan. “You can stop me any time. Just take out your dick and put it where my finger is.”

He didn’t move. The situation was turning him on, and although he desperately wanted to fuck her, he also wanted to watch her masturbate.

Olivia let out another moan, then added a second finger. “You’re going to be too late...”

He could hear the squishing noise they made. “That’s okay.”

She stared into his eyes and frowned. Then her eyelids fluttered, and she let out a long breath. Her nipples were extended, and her legs trembled. Josh’s cock was rock hard inside his trousers.

She took a deep breath and blinked at him. “Well, I feel better for that.”

Without a word, Josh stood up and unzipped. Then he gripped her hair and pulled her head forward, pushing his cock into her open mouth. She moaned and yelped as he fucked her face, yet also wrapped her arms around his thighs to pull him closer.

It took him less than a minute to come. Olivia groaned with his first jet, then she gagged and choked on the subsequent spurts. He felt cum running down his balls; obviously she hadn't managed to keep it all in her mouth. It turned him on, and he kept thrusting his hips.

Eventually he released her hair and stepped back. She stared up into his face, then opened her mouth. Cum pooled behind her lower lip. She pushed it out with her tongue. It flowed freely, running down her chin and dripping onto her bare chest. It was like something from a porn clip, and Josh felt guilty for using her in that way.

"I'm sorry, I..." He shook his head and smiled. "I was about to say I don't know what came over me."

She laughed. "I'm pretty sure what came over me." She ran her finger through the mess on her chin. "*You* came over me."

"I'm sorry."

"Don't be." She left the cum where it was. It had dripped between her boobs and was making its way toward her tummy.

"Shall I get you a tissue?"

She shook her head. "Do you want to lick it off?"

He grimaced, making her laugh.

"I'm going for a shower," she said, getting to her feet. "You can either make yourself some breakfast or come upstairs and help me get clean."

As she trotted back inside, Josh tucked himself away and went into the kitchen, where he poured himself another cup from the cafetiere and found some bread to put in the toaster.

Olivia rejoined him at the table in the garden just as he was eating the last slice. She wore a white vest and a pair of cut-offs, her hair still dripping.

"I should be heading back to London," he said.

She nodded. "Will you tell me how it goes with Angela?"

"No. I'm going to be discreet."

"Good boy." She shrugged. "She'll tell me anyway, but I'd have liked to hear your side."

Ten minutes later, Josh dropped his holdall into the backseat of his Audi and turned to Olivia. "I had a nice weekend."

"Me too."

"I'm glad you told me about... everything. I'd never have guessed. I thought you were just cheating on him."

She shook her head. "I've never cheated on a boyfriend in my life, and I'll never cheat on my husband." Another beautiful smile lit up her face. "I'll never need to, because he likes me to do whatever I want."

"Will you tell him about what I did to you on the patio?"

"I've already sent him a text with a selfie of me covered in your cum."

Josh shook his head, feeling a little dazed. "I may never understand you guys."

Olivia moved close and stroked his cock through his jeans. "You already do." She pulled her hand away and kissed his cheek. "Bye, Ben."

Chapter 31

Josh was both nervous and excited as he made his way to Finsbury Square for his first official encounter as Ben.

He'd decided to make himself as presentable as he could and had dressed in a smart, dark blue suit, pale blue shirt and brown leather brogues. He'd not bothered with a tie and had also foregone wearing socks because of how silly they always look after trousers have been removed.

The Mountcalm Royal was a huge, impressive building. Josh arrived a few minutes before the agreed time, but Stefan was already waiting for him in the lobby. Josh wondered how the other man must feel at that moment, knowing this stranger was about to have sex with his wife.

Stefan smiled as he approached Josh, holding out his hand like they were old friends. "Hi Ben, good to see you again."

Josh smiled and shook his hand. "Hi."

Stefan nodded towards the lifts. "Come on, Angie's eager to get started."

There were so many questions Josh wanted to ask, but he silently followed the husband of the woman he was about to sleep with. They took the lift to the third floor, then walked down the corridor to the room. Neither attempted to make conversation.

Stefan opened the door and stepped back to allow Josh to go in first. The room was spacious and grand, the bed at least eight feet wide. One wall was floor-to-ceiling glass, and standing next to it was Angela, wearing only a black suspender belt with stockings, and black, high-heeled patent leather shoes. Her large breasts were tipped with pale pink nipples, and the mound of her sex was completely hairless.

Josh stared open-mouthed and felt his cock stirring inside his pants.

Angela smiled and walked slowly across the room. She'd pinned her hair up and applied a lot more makeup than at the barbecue. She wore thick mascara and scarlet lip gloss. "Hi, Ben."

“Hi.” He tried to maintain eye contact but couldn’t resist glancing down her body.

She pushed her chest out a little. “I thought I’d save you some time. Clothes can get in the way, don’t you think?”

“I—”

Before he could answer, Angela dropped to her knees, unzipped his trousers and slipped her hand inside. She frowned up at him. “Next time, don’t bother with underwear.”

He nodded as she pulled his rapidly swelling cock out through the gap in his trousers.

“Hmm.” She smiled, her hand squeezing and relaxing. “I’d heard you were big, but this is better than I’d dared hope for.” She parted her glossy red lips and took the tip into her mouth, her hand still squeezing and releasing the shaft.

Josh wasn’t sure if he should be proactive and reach down to caress her breasts, or even if he should remove his jacket. Stefan stood just inside the hotel door. Josh purposely avoided looking in his direction.

Angela released his cock from her mouth but kept her hand gripped around the base of his shaft. She stood and leaned close, her lips almost touching his. “I’m going to enjoy you,” she whispered.

Josh stared into her blue eyes. He was going to enjoy her, too—he just didn’t yet understand the etiquette.

“Get naked,” she ordered.

Josh slipped off his jacket and dropped it on the floor behind him. As soon as he’d unbuttoned his shirt and pushed it off his shoulders, Angela leaned forward and bit his nipple, making him catch his breath.

She pinned him with her eyes as he kicked off his shoes and pushed the trousers down. She had to release his cock for him to remove his boxers because her hand had gone through the fly, but as soon as his shorts were down to his knees she grabbed it again.

“Remember. Next time, no underwear.”

He nodded.

Angela let go of his cock and walked to the dressing table, returning with a pack of condoms. Josh held out his hand, and she laughed. “These aren’t for you.”

Stefan stepped forward and took them from her. Josh noticed he’d already removed his jacket.

She stepped back in front of Josh and looked up into his face. “I have it on good authority that you’re STD-free, and I’m going to take full advantage of that.”

He nodded, wondering if it would be bad manners to ask if she had any evidence that she was STD-free, too.

“The condoms are to stop my cuck from making a mess all over the carpet.” She leaned close and nibbled Josh’s shoulder. “But you’re going to make a mess all over me.”

He swallowed.

“Would you like to make a mess all over me?”

After holding her gaze for a second, he nodded.

“Where would you like to come?”

Josh wondered if this was a test. “I’ll come wherever you want me to.”

She raised her eyebrows. “What if I want you to choose?”

He looked down at her body. “I’d rather hold off the decision until I’m ready to come. It may depend on our relative positions.”

“Can’t you give me a hint? Thinking about it turns me on and, as you can see, it turns him on, too.” She nodded toward her husband, who was now sitting in the chair next to the desk.

Josh turned and saw Stefan had already rolled on a condom and was slowly stroking his own cock.

He turned back to look at Angela, finding the sight of her husband wanking a bit of a turn off. “I want to come inside you.”

She wrinkled her nose. “Not much of a show for cuck.”

Evidently Stefan wasn’t into clean-up. Josh looked down at her boobs. “Your breasts look great, so I could come on them.”

She nodded. “They look amazing covered in spunk.”

“And since you’ve gone to the trouble of wearing stockings, I’d like to come on your legs, too.”

“Anywhere else?”

He wanted to shock her. “Your face. Your arse. Your hair.”

She shuddered and backed towards the bed, pulling him along by his cock. Sitting on the edge of the mattress, she spread her legs wide but kept her feet on the floor. She pulled at him. “Put this inside me.”

Josh had to bend his knees and rest a hand on the mattress to get into position. After pointing the tip of his cock at the glistening opening of her smooth sex, he stared into her eyes and eased forward.

Angela let out a low moan and brought her hands up to hold either side of his face. “Ooh, that feels so good.”

He pushed all the way in, enjoying the heat and tightness of her. She moved her hands to the back of his head. He pulled out a little, then slid back in.

Her eyelids fluttered and she groaned. Then she raised her knees and locked her feet around his waist.

He fucked her slowly for a couple of minutes. Her breathing became a little ragged, and he reached down to run his fingers over one breast, circling her beaded nipple.

Her mouth dropped open and he felt her clench around him as she came. Josh pinched her nipple and drove his cock deeper.

Angela cried out and dropped her head back. With her legs clamped tight around his waist, she lowered her upper body onto the mattress and arched her back. Josh glanced at Stefan and saw him wanking at a slow pace, as if saving himself.

When her orgasm had passed, she opened her eyes. “Fuck me hard.”

Josh spread his hands on the bed and held himself above her on straight arms, his feet still planted on the thick carpet.

She uncrossed her legs and rested them over his shoulders. “Fuck me hard and come on my tits.”

Sliding his cock slowly in and out of her drenched channel felt so good that he’d have preferred to enjoy it a while longer, but his role as the

bull was to do her bidding. He picked up the pace and gave her what she'd asked for.

Angela groaned and writhed, then her eyes opened wide and she gasped. She tightened around him as her second orgasm hit, and he pinched her nipple again. She dropped her legs and dug her heels into the bed to push her groin up to meet his thrusts.

A tingle deep inside announced his own orgasm was close. He pinned her arms to the bed and fucked her harder still, then withdrew, clambered onto the bed, and knelt over her waist. He aimed his cock at her chest and thick white rope arced up and over, hitting her neck and collarbone.

Angela cried out in surprise, but his second gush landed more neatly in the valley between her breasts. She pushed them together and Josh sent another two creamy-white spurts onto her tits. He took a gulp of air and pumped his dick hard. The final shots were weaker and landed on her belly.

Staring up into his face, Angela slowly massaged his cum into her breasts, licking her lips and breathing hard as she did it. Josh knew he'd be able to go again soon, probably immediately if she helped him a little.

He stood up and pulled her into a sitting position, so she was back on the edge of the bed. He held his cock out. "If you suck me now, I'll stay hard."

She looked into his face, her eyes wide. "Really?"

He nodded.

She glanced down at his cock, then over at Stefan. Josh saw that his dick was now flaccid and the teat at the end of the condom was filled with cum.

Angela leaned down and took Josh deep into her mouth, making him shudder. She worked her tongue and used her hands to play with his balls.

Josh closed his eyes and enjoyed her mouth. She took her time and started to work him deeper into her throat. He let out a sigh and dropped his head back. Although it'd be wonderful to just let her do this, he remembered he should be giving her pleasure rather than receiving it. He looked down. Her eyes were closed, and she was letting out little moans. He

looked over at Stefan and saw he was back to beating his meat, the flooded teat of his condom flapping about as he pumped his cock. Apparently the sight of his hotwife sucking another guy was just as arousing as watching her getting nailed.

Josh stroked the side of her face. "Let me go back inside you."

She opened her eyes and blinked, then pulled her head back to release his cock. "Don't you like my blowjobs?"

He laughed. "You give excellent blowjobs, but they won't make you come."

"I could make myself come from sucking your cock, believe me."

Josh liked the idea of that. One of his ex-girlfriends had been able to make herself come without touching herself at all, and it had turned him on immensely.

From reading cuckolding websites and forums, Josh had learned that cucks loved to watch their hotwife's face while she was taking a bull. Apparently, more men got aroused from their wife's expressions than they did from watching the bull's cock going in and out of her sex.

He stepped back. "Kneel on the bed and face your husband."

Her eyes went wide. She crawled across the bed until she was facing Stefan. Josh positioned himself between her feet, which still wore the heels. He glanced at Stefan; the cuck's eyes were fixed on his wife's.

Josh traced the tip of his cock through her outer lips and eased into her opening. Then he gripped her hips and, with a violent lunge, sent his cock bollocks-deep.

Angela let out a squeal and Stefan beat his cock even harder. Josh pulled back and lunged again, then again. Angela moaned and whimpered with each thrust. He reached down and rubbed her clit. She yelped and jerked herself against his hand, coming quickly.

Stefan groaned, presumably adding more jizz to the already flooded teat of his condom. Josh found a rhythm, confident he could go for another ten minutes without coming. Angela shook and groaned under his onslaught, but he never let up.

Reaching beneath, he cupped her cum-splattered tits, which were slippery and heavy, the nipples pebbled. After playing with them for a

while, he smoothed his hands down her sides, around her hips and onto the cheeks of her backside. Her figure was smooth, firm and full. It was built for sex.

He slipped a thumb into her backside, and she yelped again. Keeping his thumb where it was, he fucked her a little faster. She came a fourth time. Stefan stripped off the soiled condom and quickly fit a second one. Josh pounded harder, now eager for his own release. Stefan jacked his still-flaccid cock and Angela grunted with each thrust.

“I’m going to come over your arse.”

“No, not there.” She looked over her shoulder at him. “Walk around here and go back in my mouth. Let me suck you off, then come on my face.” She tipped her head in her husband’s direction. “He loves seeing me get a facial.”

Josh nodded but stayed inside her. “I can keep this up for a bit if you can come again.”

She laughed and shook her head. “I’ll come again later. Fuck my mouth.”

He climbed off the bed and, as he walked around, Angela moved so she was sitting on the side of the bed, just a few feet from her husband. Conscious of not blocking her cuck’s view, Josh held his cock out and watched as she took over three-quarters of his length into her throat. He let out a groan as she moved her head on him, slurping him a little deeper with each head-bob.

If cucks got off from watching their wives behave like sluts, Stefan must have been on cloud nine. Angela looked like a porn star. A few strands of hair had worked loose and clung to the sides of her face. Her eyes were closed, and her mouth was stretched around her bull’s fat cock. Her stockinged legs were spread, her shaven cunt gaped open and her tits were covered in drying cum.

Josh started pumping his hips in time with Angela’s head movements. She looked up into his face as if urging him towards the finish line. Her eyes smiled as his balls slapped against her chin. She’d managed to get his entire length into her throat. Josh hadn’t known many women who’d been able to do that.

“Ready for another shower?” he asked, mainly for Stefan’s benefit.

Angela bobbed faster, then placed her hand between her legs and cupped her sex.

Josh closed his eyes and counted down from ten. He didn’t want this to end, but the other two people in the room were desperate for it to.

Eight... Seven...

He felt the vibrations of her moans on his cock. She’d gotten herself close, and from the sound of Stefan’s breathing, so had he.

Five... Four...

Angela’s eyes were fixed on his.

Two... One.

He pulled out and a huge gush splattered her between the eyes. She opened her mouth and gasped, probably as her own orgasm hit. Another spurt laid a thick cord from her left eye, down the cheek, and over her still-parted lips. She uttered a little moan and stuck out her tongue. The third splash shot up onto her forehead and into her hair.

Stefan cried out as he came, and Josh jerked his own cock to get the final few eruptions out. By the time he’d finished, Angela’s face was covered. She licked around her lips, then tried unsuccessfully to open her left eye. It was caked with cum and her mascara was leeching into the sticky mess.

“Stef, do it now ’cause I’m going to have to wash this off.”

Josh glanced round to see Stefan click off several photos of his wife’s cum-splattered face, no doubt something for them to look at later when they were alone.

“Did you get my tits, too?”

“Oh yeah.” He was still taking pictures, including a close-up of Josh’s cock.

She stood up and looked at Josh. “D’you always come this much?”

He shrugged. “I don’t always see where it lands.”

She laughed, then headed to the bathroom.

Josh felt a little awkward being left with the guy who’d jerked off three times while he’d fucked his wife.

Stefan didn't seem to feel uneasy at all. "Your cock is remarkable."

"Err... Thanks." He was worried that Stefan was going to want to touch it.

"But what's most extraordinary is the sheer amount of semen you ejaculate."

This was getting very uncomfortable. Josh shrugged and moved around to the bottom of the bed. "I, er, I think it's pretty normal."

Stefan shook his head. "No, it's not. Trust me, I've watched a lot of men coming, and I can't think of many that have produced as much as you just did. The fact that you'd already produced a fair amount earlier makes it doubly impressive."

This conversation felt surreal. "You've seen a lot of men ejaculate?"

Stefan nodded, then tipped his head toward the bathroom door. "Angie gets bulls to come over her when she entertains them. She does it for me. It's what I like to see, and I... I think she likes it, too." He smiled sheepishly. "Though probably not as much as me."

Stefan was quite a strange character, but Josh found himself warming to him. Even so, he wasn't quite ready to show his ignorance by asking all the questions which were stacking up at the back of his mind.

"Do they always come in her face like that?"

"No, not at all. Most are only allowed to come on her body—usually her boobs or her bum. The fact that Olivia vouched for you meant that a facial was possible. The cum invariably gets in the mouth, you see."

"But because Olivia said I was..."

Stefan nodded. "You're the first in a long time who's gone inside her without a rubber. You can never be too sure. We used to have a guy we trusted, but then he admitted he'd had unprotected anal with a girl in Hamburg while attending a stag weekend, and we sort of lost trust."

Josh's curiosity was getting the better of him. "So, how does it usually go?"

"The way it usually goes," Angela answered, walking out of the bathroom, "is that they put on a condom, fuck me until I come, and then fuck me hard until they're on the brink."

She sat down on the bed, her face now clean and her lip gloss reapplied. She smiled at Josh. "Then they peel off their condom and come over me, usually on my tits. I rub it in, and then as soon as they're ready to go again, I fit them with another condom and make them fuck me a second time. I take their next load on my bum or back and let them rub it in. I'll fit a third rubber to the more energetic bulls and allow them to come while they're inside me." She winked at Stefan. "In truth, there's hardly ever enough volume to make him happy."

"I bet Ben can produce a lot in his third helping." Stefan beamed at Josh in the same way a schoolboy looks at his footballing idol.

Angela laughed and leaned over to stroke Josh's cock. "Hmm, I bet he can. Right, where shall we have this one?"

Josh watched as the married couple shared a secret look.

Stefan grinned. "You know full well what I want to see next."

"Mmm hmm." She leaned closer to her husband and whispered, "But I want to hear you say it."

"Creampie."

Angela stood up and walked over to stand immediately in front of Josh. "Do you understand what cucky wants?"

He nodded.

She leaned closer and kissed his chin. "So tell me. He likes to hear us talk about what you're going to do to me."

"I'm going to fuck you."

"You have to give him more details than that."

This was new territory. Not sure what they wanted to hear, he thought of positions they hadn't tried yet. "I'm going to lie you on the bed on your back with your head hanging over the edge, right next to Stefan."

She bit her lip and nodded for him to continue.

"Then I'm going to climb on top of you and feed my cock inside you. I'm going to fuck you nice and slow, and I'll make it last."

Angela watched his face, her breathing shallow.

"You're going to come while I fuck you." Josh could see her growing excitement, and in his peripheral vision Stefan already stroking

himself. “Stefan’s going to have to use another condom. He’ll fill another when he watches you come.”

Angela reached down and started to play with Josh’s cock, which was beginning to swell again.

“And when I’m ready to come, you’re going to stand on the floor and rest your hands on the desk, right next to Stefan.” He placed his hands on her breasts and rolled her thick nipples between thumbs and forefingers, giving himself time to think of what else they’d want to hear.

“I’m going to stand behind you and slide back inside. While I’m fucking you, you’re going to hold Stefan’s hand and stare into his eyes. Then I’m going to come inside you.” He remembered what Stefan had said about the amount of cum he produced. “Third helping or not, there’s going to be a lot. More than enough for him to see it drip out. You’re going to stay bent over the desk while he takes pictures of my cum dripping out of you.”

Angela was actually shaking as she vigorously pumped Josh’s now fully erect cock. “Do me now.”

“Get on the bed.”

She quickly arranged herself as he’d commanded, and he climbed between her spread legs. He gripped her waist and pushed her further over so that her head was hanging completely off the bed, close to Stefan.

“He’s the one who needs to see your face,” Josh reminded her. “I just need to get at your cunt.”

Before she could answer, he entered her again. She let out a long sigh, and he moved slowly inside, taking his time and grinding his pelvic bone against her clit.

“Oh...”

Hotwife and cuck were staring into each other’s eyes as the bull serviced her body. Josh assumed this was how it should be.

“Oh God...”

She was already close, but Josh knew this one could last a long time. He kept the pace slow, sliding in deep and grinding at the end of each stroke. Angela sobbed as she came, her breasts trembling as the orgasm wracked her body.

Without changing rhythm, Ben the Bull ploughed on.

Her juices were soaking her thighs and his balls, driving him to keep going. She came again, this time leaning up to cling to him, raking her nails down his back. He enjoyed the pain. Sweat beaded on his forehead and dripped onto her chest, but still he maintained the slow, steady pace. Angela began to twitch and squirm, then she frowned and gritted her teeth as she came yet again.

Finally, Josh was getting close. He stroked her breasts and flat stomach, marvelling again at her body. "Okay, I'm going to let you up."

He withdrew and fell back on his haunches, and Angela quickly assumed the expected position, resting her hands on the surface of the desk. He was glad she'd kept her shoes on as he moved behind her; it made their relative heights much closer. He guided himself into Angela as she reached out and gripped Stefan's hand.

As husband and wife stared into each other's eyes, she let out little moans. Josh increased the force of his fucking and her moans became grunts. He held her hips, thrusting harder, shaking her entire body.

She started whispering to her husband, and although Josh couldn't hear what she was saying, he saw Stefan increase the speed of his hand along his cock.

Not wanting to intrude, Josh watched Angela's face in the mirror over the desk while he fucked her. She said something to her husband and Josh felt her clench around him. She was coming yet again. Stefan let out a grunt as he came, then Josh pushed deep and held still.

Angela stared into his eyes in the mirror. She could no doubt feel his cock twitching as he unloaded.

She ran her fingers through her husband's hair. "He's coming inside me, Stef. Filling me up."

Stefan picked up his phone. Josh slipped out and took a couple of steps back. Stefan dropped to his knees and crawled behind her, aiming the phone at her sex.

Josh moved away, leaving the couple to do whatever they needed. He watched with a weird sense of detachment as Angela clenched and

relaxed her inner muscles, and Stefan captured photo after photo as Josh's cum oozed out and slid down the inside of her thighs.

When the show was finally over, Angela went back into the bathroom and Stefan removed the condom and put his cock back inside his trousers. Evidently, their night had come to an end.

Josh had dressed by the time Angela came out of the bathroom. She'd removed the stockings, suspender belt and shoes, but looked just as sexy completely naked.

She had to stand on tiptoe to kiss Josh on the cheek. "We'll do this again, yes?"

He nodded.

"Depending on how many women you service between now and then, we might not be able to repeat what we did tonight."

He smiled. "I last a lot longer when I wear condoms."

Angela frowned. "God, I don't think I could take it for any longer." She stroked his arm. "I had such a great time tonight." She nodded at Stefan, standing by the door. "And so did he."

Josh nodded. "Me too. I wasn't sure how..." He decided to come clean. "You're my first."

"What about Olivia?"

"At the time, I didn't know she was a hotwife. I thought she was just fooling around behind her husband's back."

Angela laughed. "We never do that, but being your first makes me very happy." She grinned mischievously. "How was I?"

He laughed and shook his head. "Amazing."

"Thank you." She stroked his dick through his trousers. "And thank *you*."

Josh shook Stefan's hand, Angela kissed his cheek again, and then he was walking alone towards the lifts. He grinned as he waited, feeling that he'd satisfied their needs and had more than satisfied his own.

Maybe this lifestyle was going to suit him more than he'd realised.

Chapter 32

The day after his date with Angela and Stefan, Josh edited the profile Olivia had created for him on the cuckolding website to tweak his username from Foreverhard to 4Everhard, hoping it'd be seen more as playfully tongue-in-cheek.

He was contacted by three cucks within the first twenty-four hours. He didn't know if it was usually the cucks who first communicated with the bulls, or whether his three were just a coincidence.

One cuck seemed quite chatty, emailing several times a day, and had sent a photo of his hotwife which showed only her body. She was slim and had been photographed sitting on a bed wearing only stockings, suspender belt and high heels. Josh wondered if this was the hotwife's uniform. He'd replied with a selfie taken while he was wearing only boxers, cropped so that his head was missing.

An email from Ria arrived early the following week, asking if he was free on Friday night. He arranged to go to her home in Richmond and looked forward to the 'dirty details' she said she'd expand upon closer to the time. The hours spent each night reading the forums and chats on various websites made his imagination run riot. There was clearly a wide range of preferences among the cuckolding fraternity. His mind kept flashing back to Thomas telling him that Ria's husband liked to join in, and he wondered what Ria's 'dirty details' would entail, exactly.

The chatty cuck, whose username was *Cuck-Old-Cuck*, sent another email to say his hotwife, Tina, was eager for a meet after seeing Ben's photo, and that they were both impressed by the bulge in his boxers. They were impressed enough that they'd travel down from Peterborough and book a hotel for Saturday night—if Ben was up for that.

Josh's fingers hovered over the keyboard of his laptop. He was seeing Ria on the Friday. Would he be up to seeing C-O-C's hotwife the following night? Could he manage to satisfy two hungry wives on

consecutive nights? He remembered how good he'd felt after his night with Angela, and replied that he'd be there, no problem.

He hit 'send' and smiled to himself. *I'm Ben the fucking bull.*

* * * *

Ria's follow-up email was enlightening:

Hi Ben – Looking forward to tonight. I hope you've been saving yourself, because I'm pretty demanding.

My hubby will be in the room for the whole of our time together, and at some stage I'll either suck him or fuck him (or both).

He enjoys me being nasty but doesn't like the bull to say hurtful things, so please don't join in when I'm humiliating him. Please be mindful that it's just roleplay. I love him dearly, and do not mean any of the things he likes to hear when I'm with a bull.

I'm happy to take you bareback, but if you prefer to wear protection that's fine with me (though Hubby will be disappointed).

Shall we say 9pm? You're welcome to stay the night—though if you do, there will be three of us in the bed. Lucky me !!

xxx Ria xxx

He read the email again, glad that he'd opened it while working from home. So, he'd be sharing the hotwife, rather than having her to himself. This would be his first threesome experience, and the idea was quite exciting.

Josh decided to drive to Richmond. The sat-nav directed him to a road with large Victorian houses on either side. Ria's was an impressive detached property a couple of hundred yards down the road.

He parked on their drive and walked to the front door, gripping the twenty-quid bottle of Malbec he'd splashed out on. He hoped they liked it. As on his previous outing as Ben, he'd dressed in a suit and shirt. He'd also heeded Angela's advice and dispensed with socks *and* boxers.

Ria opened the door. The only other time he'd seen her she'd worn a straw hat, but tonight her pale chestnut hair was tied back in a loose French

braid. Unlike Angela's, her makeup was subtle and understated. She looked classy.

She gave him a lovely smile. "Hi Ben, come on in."

Ben stepped into the entrance porch and passed her the wine.

"Oh, that's so sweet. Thank you."

He shrugged. "I wasn't sure what you drank, or even if it was the done thing to bring a bottle, so..."

"Darling, I drink everything, and probably too much of it. Come through to the kitchen and I'll get some glasses."

She was again dressed in a long flowing dress, this one with a side-tied belt which made the sheer fabric cling to her figure. The dress almost brushed the floor, just about revealing her sexy black strappy sandals with four-inch spiked heels. Her toenails were painted dark red. He followed her along the wide hall and into a light, airy kitchen. There was no sign of her husband.

Ria took two glasses from a cupboard and put them on the granite worktop. She held the bottle up. "Want some of this now?"

"Yes, please."

She poured two glasses, passing one over, and smiled as she caught him ogling her willowy figure. "Cheers." Her dark blue eyes sparkled.

"Cheers." He took a sip, looking round the kitchen. "Lovely house."

"Thank you. Not as impressive as Livvie's country mansion, but it's home."

A house this size in Richmond was probably worth a couple of million. "It's fabulous." He looked out towards the hall. "Is your husband not joining us for a drink?"

"He's already in the bedroom waiting for us." She smiled wickedly. "He's quite excited about you."

"Oh?"

"Mmm. Thomas mentioned how much he'd enjoyed watching you service Liv."

"He said that?" It seemed odd that two men would chat about watching their wives with another man, but he guessed cuckoldry was what

the friends had in common.

“It’s helped me, too.” She leaned closer. She was tall, and with her heels she was about the same height as Josh. “I now know how to keep you hard after you come the first time.”

Josh forced a smile, trying not to show his embarrassment at the thought of people discussing his erection status.

“I’ve had a lot of fun thinking about how that will work for us.”

“O—kay...”

Ria laughed. “Aren’t you flattered that your prowess has earned you a reputation?”

“I...” He laughed and shook his head. “I guess I should be, but now I’m worried I may not live up to expectations.”

Ria’s eyes wandered down his body. “All I need is a hard body and a hard cock. You obviously work out to get your body hard, and I’ll work out how to get your cock hard.” She smiled. “I’m sure we’ll have lots of fun.”

Josh felt his cock start to swell.

“Have you decided if you’re going to wear a rubber?” She’d said it as casually as if she’d asked about the traffic on the A316.

Ria struck him as someone whose level-headed intelligence served her well in every area of life—good sexual health in particular. “I thought I’d go bare, if that’s okay with you.”

She smiled. “Good boy. Why don’t we leave the wine here? We can come down later and have a little drinkie while you’re getting your breath back.”

He held her gaze. “Sounds like a plan.”

Ria brushed her lips over his ear. “Let’s go upstairs, then.”

She led the way, and he watched the dress clinging to her bum and thighs. They entered a bedroom that was huge and tastefully decorated. The curtains were drawn, the room lit by a pair of wall lights over the bed. There was no sign of the husband.

Ria pulled Josh close and kissed him. Her perfume was sexy and her lips tasted of strawberries. She pushed her tongue into his mouth and slid

her hands under his jacket, stroking his back. “Mmm, I love your hard body.”

Josh grabbed her waist and pulled her close. She was very slim, her bum and hips firm. His cock was already hard. As their groins met, she sighed.

She pulled her head back. “Ah, I think something is trying to get out to say hello.” She reached down to stroke his cock through his trousers while watching his expression.

Josh breathed through his mouth and tried to stay calm.

Ria stepped back and smiled at him. “Strip.”

Josh slipped his jacket off, dropping it onto a wicker chair near an antique metal fireplace painted pale blue. He undid his shirt and dropped that on top of his jacket. Next he kicked off his shoes, leaving him barefoot and wearing only his trousers.

Ria was biting her lip and looking at his ripped torso. When he unfastened his trousers and let them fall to the floor, his cock sprung out.

She gasped and looked up at his face. “God, I’m going to make a pig of myself tonight.”

He laughed and looked down at her body, which was still covered by the long, clinging dress. Ria licked her lips and unfastened the belt. The front of her dress fell open as she took a step towards him. She was naked beneath it, her breasts small and set high on her chest, her stomach flat and incredibly long. Her pubic hair was trimmed short and waxed into a thin landing-strip.

As she pushed the material back off her shoulders, he saw her legs. They could have been a model’s—slim yet toned, and unbelievably long. Her shoes looked even sexier with her naked; he could now see the ankle strap which had been obscured by the length of her dress.

“Lie on the bed, Ben.”

He did as he was told.

Ria walked to the bottom of the bed and looked at his body, his cock fully erect and pushing against his stomach. “Reach your hands up and grip the headboard.”

He glanced up, making sure there were no handcuffs. Or two-way mirrors. He reached back and gripped the oak frame.

Ria walked to one side of the bed and then crawled onto the mattress. Keeping her back to him, she swung one of her long legs over him so she was kneeling over his head. "Eat me."

She was already wet and he inhaled her musk. Josh raised his head and stuck his tongue out. He swiped it once along her glistening labia, front to back.

Ria sighed and wiggled her hips.

Josh swiped again but at the end of his stroke pushed further in, probing the opening of her channel. Ria rocked back and forth. On the end of his third stroke, Josh buried his tongue as far inside her as he could. Ria pushed down and bucked her hips, fucking his tongue.

She reached forward and lifted his cock while still thrusting her hips. Josh struggled to breathe but didn't care. He felt cool fingers stroking the sensitive skin, then the gentle drag of her nails moving up and down the shaft.

She raised herself up and looked down into his face, which was probably already shiny with her juices. "I'm going to suck your dick now."

He stared at her, wondering if he should even answer. "Okay."

"And you're going to go back to eating me. I'm going to come all over your face, but you're not allowed to come yet. Understand?"

He nodded.

"Good boy." She smiled. "You'll come in my mouth later, but not yet." With that, Ria lowered herself back onto his face as she leaned forward over his stomach.

Josh pressed his face against her sex, his nose slipping between her outer lips as his tongue sought her clit. He heard Ria moan, and then his cock was enveloped in her mouth. She swirled her tongue and took him deep, making him breathless.

She ground herself against his face. Josh tried to ignore the pleasure he was receiving and instead concentrated on getting her off. He lapped at her clit, first running the flat of his tongue over it, and then using the tip to

trace circles. When Ria's moans got more urgent, he gently dragged his front bottom teeth over the pulsing surface.

She released his cock and let out a grunt, and as Josh slid the flat of his tongue back over her clit, she came with a gush. Warm fluid drenched his face, running in his mouth, down his chin and onto the side of his neck.

Though shocked, he didn't let up with his lapping motions. Ria squealed again, and more juice squirted into his face. He forced his head up, pushed his tongue deep into her cunt and swallowed whatever ran into his mouth.

He could hear her screaming obscenities and she bucked her hips, smearing his face.

"Jesus!" She raised herself up off him, her entire body still trembling. "*Fuck!*" She let out a breath. "I haven't come like that for a long time."

Josh was still getting his breath back.

She swung off him and stood up, then nodded down at his groin. "Get up. It's time to get that beautiful thing inside me."

Josh climbed off the bed, then stopped in his tracks. Kneeling on the carpet at the side of the bed was Ria's husband. Josh hadn't seen or heard him come into the room, but what made him stop dead was the fact that the guy was completely naked except for a Lone Ranger mask covering the upper half of his face.

Ria glanced down at the man, then at Josh. "That's Hubby. I told you he'd be here."

Josh nodded, wondering whether to say 'hello'.

"He loves your dick and wants to see you sink the whole thing inside me." She glanced at her husband, smiling. "I think he probably wants you to hurt me with it, because I'm always telling him his is too small."

Ah, so this is the humiliation she'd mentioned. Josh glanced at the guy's cock. It was fully erect and a normal, healthy size. This was all roleplay.

Ria lay down on the bed and slowly spread her legs.

Josh moved forward, kneeling between her feet.

She ran her nails down his chest. “Don’t be gentle. I want it to hurt.” She nodded at her husband, whose head was at the same level as the mattress. “And I know he wants it to hurt, too.”

Josh held himself up over her prone body, pointing the tip of his cock between her spread thighs. Ria’s dark blue eyes watched his face, a half-smile playing on her lips.

Without looking at her husband, Josh lowered his groin and pushed in hard. Ria cried out and pushed her head back into the mattress. Josh pulled back then sunk himself in again. And again. And again.

Ria squealed with each thrust while slamming herself up to meet them. “Oh, you’re so fucking big.” She dragged her nails over his back, bit his shoulder and dug her spiked heels into the backs of his calves.

He ploughed on, feeling her taut, lithe body bend and wrap around him. Her arms and legs slid along his limbs, never still. Ria pulled his head down and pushed her tongue into his mouth, still moaning and grunting with every pump of his hips. Then she turned his head and started kissing his ear. It brought up goosebumps across his neck and back.

“Oh, I can’t remember the last time I had a cock feel this good,” she whispered, loud enough for her husband to hear. She pushed her tongue right into Josh’s ear, then nibbled the lobe. “Can’t remember one poking me so deep, or stretching me so wide.”

Josh took a breath and opened his eyes. Ria’s husband was about three feet away, his expression hidden by the mask. Only his head was in view, so Josh had no idea if he was masturbating or not.

“Oh, yeah. That fucking big dick of yours is hitting the spot, it’s hitting—”

Ria’s scream was accompanied by another gush from her sex, this time drenching Josh’s balls and thighs. Her muscles clenched so tight they almost forced his cock out, but he slammed in harder, making her squeal.

“Oh... Fuck me to death.” She scratched his back again and bit his lips. “Fuck me to death and bury me with a smile.”

Ria began riding him from below, wriggling, twisting, clenching. She was bringing him off. Josh stared into her face and fucked her harder and faster.

She smiled. "That's it, come on." His breathing grew shallow, and Ria noticed. She slid her hands down his back and dug her nails into his buttocks.

He was close. The muscles in his legs began to twitch and tremble.

Ria licked her lips and then raised her eyebrows. "I think it's time." She pushed a finger up his backside and pressed down.

Josh cried out and his legs locked straight as he exploded inside her. She wrapped her legs around his and writhed beneath him. Her greedy cunt absorbed every spurt he fired into her, and still squeezed him for more.

Spasm after spasm shook his body, and still her finger probed, and still her muscles clenched and released.

"Ah..." Josh struggled to get his breath. Finally, his body stopped shaking. He felt like his balls had imploded. He gulped in a breath, then looked down at Ria.

She was smiling up at him. "Can I have my finger back now?"

He laughed shakily. "With pleasure."

She pulled it out and wiped it on his buttocks. "Right, come and sit on the edge of the bed."

In a daze, Josh cooperated while Ria arranged them so that Hubby was lying on the floor, his head directly beneath Ria's sex while she stood at the edge of the bed, between Josh's spread knees. He had a pretty good idea of what was about to happen, but his orgasm had been so intense he was worried his erection may wither anyway, even with Ria's expert oral ministrations.

She was smirking down at her husband. "You watch how much cum dribbles out of me. See how much jizz a dick that big can shoot into your slutty little wife."

Josh tried not to imagine the guy catching whatever dribbled out in his mouth.

When Ria pushed Josh flat and took him into her mouth, he stopped thinking about anything but the wonderful feeling of having this gorgeous woman suck his cock. Her tongue was relentless, her head bobbed and twisted, and saliva ran freely down his shaft. She moved her fingers gently over his balls and around the base of his shaft.

He struggled to keep his eyes open, so intense was the pleasure. He was as hard as he'd ever been, and she didn't need to do anything else. He could fuck her again right now.

Ria started to move her head further, her neck moving like a swan's.

"Ria, I'm hard enough."

Her eyes smiled at him.

"Ria, you don't need to do it anymore."

Her head movements became more animated and she took more of him into her throat.

"Ria!" His heart thumped in his chest, and his legs started to shake again. He was on the brink of another orgasm, and she was completely in control.

He let out a long sigh as she dragged her nails lightly over his balls, then held his breath as he blasted off into her mouth. Ria whimpered and bobbed her head faster. Another eruption made her gag and blink in surprise, but she didn't stop. Josh let out a groan as another gush left him. The pleasure was too extreme. He closed his eyes. It felt as if he was floating, his entire body simultaneously electrified and cocooned in syrup. His limbs ached like after he'd been to the gym.

Finally, Ria released him from her mouth and straightened. He opened his eyes and looked up at her. Her mouth was closed, the cheeks bulging. She hadn't swallowed.

He sat up and watched in horror as she backed-stepped in her heels until she stood over her husband's chest. She looked down at him, and so did Josh. The guy's mask was splattered with cum, and so was the lower part of his chin. He'd taken the creampie in his face. He still had a full erection, and there was no other cum anywhere except on his face, so he obviously hadn't masturbated, like Stefan.

Ria bent forward a little and slowly allowed the cum to dribble from her mouth into her husband's face. Josh cringed as he opened his mouth wide to take it. A large glob dangled from Ria's mouth, and she wriggled her tongue, making it swing like a pendulum. When it finally fell, it landed on her husband's forehead, just above the mask, and ran down into his hair.

She smacked her lips, showing him she had no more in her mouth. “Right,” she said, placing one of her spike-heeled sandals on the guy’s belly. “Now it’s your time, and I bought these shoes especially for you.”

Her husband reached up and stroked her foot with both hands, his fingers tracing the intricate slats of the black leather, stroking her painted toes through the gap at the end, and caressing the spiked heels. Then, continuing to stroke the shoe and foot with one hand, he used the other to pump his cock.

“That’s right, beat your useless meat and be thankful I’ll let you come on my foot. Real men shoot their cum into my twat and in my mouth, but yours only gets between my toes.”

The guy’s eyes squeezed shut behind the mask. He whimpered and a cord of white shot out and covered Ria’s shoe and foot. She pressed down, the heel surely hurting the guy’s stomach. Another spurt landed further up her instep. He was still pumping his dick but Ria had moved her foot by the time his final eruption arrived, leaving a white creamy film in the dark hair below his belly button.

Ria held her hand out to Josh. “Right, Ben and I are going to have a drink of wine.”

Her husband nodded meekly.

“I’m going to talk dirty to him until he’s hard enough to fuck me again, and if you’re a lucky cucky, we’ll come back here so you can watch.”

With that, Ria led Josh out of the bedroom and down the stairs, him stark-bollock naked, and her naked except for her fuck-me shoes, one of which was splattered with cum.

Josh hoped none of the neighbours called for a cup of sugar.

Ψ

Chapter 33

Ria and Josh sat naked at the kitchen table, sipping wine. She crossed her legs and regarded her cum-soaked shoe. “Hubby enjoyed that. He doesn’t usually come this much.”

Josh didn’t know how to reply. He took a sip of wine and waited for her to continue.

“He loves to see me with bulls, but he’s an introvert. Hence the mask.”

Josh nodded. “At least he’s in the room. Thomas watches from somewhere private.”

“I know. Hubby likes to be present. He tells me he loves the smell.” She smiled. “The smell of my cunt and the smell of the bull’s cum.” His grimace made her laugh. “I think he likes more than the smell. I don’t know if it’s the scent, the taste, or the act itself, but getting the bull’s come turns him on immensely.”

“I’m not judging. Whatever gets him off is fine with me.”

She tilted her head slightly. “Do you mean that?”

He nodded. “Of course I do. I know I’m only here because it’s what you both want. I want to make you both feel good.”

“Shall I tell you what he’d really like?”

A chill of discomfort fluttered in his stomach. “Yes.”

“He’d love to slide you inside me.”

“To...?”

“He likes to hold the bull’s dick, feel its power and thickness, and then guide it into his slutty little wife’s waiting hole.”

Josh’s bum clenched involuntarily. He took a breath, and Ria laughed at his expression.

“The first time we got into this, my first post-marriage other man...”

“Your first bull?”

She shook her head. “He was hardly that. It was a chance encounter years ago, not long after we’d married. We’d had a party in our flat. Most people had left, but one of his friends was staying over. We were sat around in the lounge in the early hours, drinking and shooting the breeze. I noticed his friend couldn’t keep his eyes off my legs.”

“I can understand that.”

Ria laughed. “Thank you. Anyway, Hubby noticed too, and he started steering the conversation towards sex. I realised he liked the idea of his friend lusting after me. It was weird, like he was urging me on.”

Josh could imagine a twenty-something Ria. She must have been stunning. “What did you do?”

“I laughed and flirted. The guy was good-looking, and I was flattered.”

He smiled, encouraging her to continue.

“Hubby suggested some sort of truth or dare, spin-the-bottle kind of game, and within ten minutes we were telling each other all sorts of secrets.” She took another sip, then blinked. “His friend confessed that he’d always wondered what it’d be like to kiss me. Hubby spun the bottle and it was decided that his friend and I should kiss.”

“And did you?”

She laughed. “Yes, with a lot of tongue and saliva.”

“And?”

Ria blushed. “I think Hubby enjoyed it almost as much as his friend and I did. His next truth was that he’d always liked the idea of watching me have sex with another man.”

“Wow. What did you think about that?”

She shrugged. “At the time it was all a big turn-on. It never crossed my mind that it might be because he didn’t love me anymore—those thoughts came later—but that night, I just wondered what it’d be like to have his friend fuck me while Hubby watched.”

Josh swallowed. “Did you spin the bottle?”

A smile lingered around her lips as she sipped at her wine. “It was decided that his friend would fuck me there and then, on our couch, while my husband watched. I was wearing a short skirt without nylons, and Hubby dropped to his knees and pulled my panties off. His friend knelt on the rug between my feet and took his dick out. I stared at it, and so did Hubby. But then I got cold feet.”

“You didn’t want to do it?”

“What? No, I’d been tingling for half an hour, and my twat had been dripping since the kiss. But I was worried about Hubby and didn’t want his recriminations afterwards. So I told him that if he wanted his friend’s dick inside me, then he would have to be the one who put it there.”

Josh frowned. “He had to put his friend’s cock in you?”

She nodded. “That way, he couldn’t complain that I’d just spread my legs for his friend.”

“And he did it?”

“Oh, yes. He knelt next to his friend, wrapped his fist around his cock and pulled him towards me.”

Josh was chuckling. “What did his friend say?”

“I don’t think he cared—he knew he was about to fuck me.”

I don’t blame him. “And Hubby?”

“He held the guy’s dick and manoeuvred it into position, then he steered it inside me.”

Josh’s cock was getting harder. Ria stared at it, apparently distracted. But he wanted to hear more of the story. “And then?”

“Hubby dropped back onto his haunches and watched his friend fuck me.”

“How was it for you?”

She laughed out loud and reached over to rub his hand. “He wasn’t a bull, or particularly big. But it was a taboo thing to do, and I loved it.”

“Did you come?”

She smiled. “I always come, darling.”

“Did he?”

“Who, Hubby or his friend?”

“I meant his friend, but... Both, I suppose.”

She tucked a loose strand of hair behind her ear. “His friend came inside me. As soon as he’d pulled out, Hubby just jumped me and added his cream to his friend’s. Then the three of us retired to bed and I was fucked all night long.”

The end of his cock was slick with precum. Ria smiled and reached down to grip his shaft, using her thumb to smear the clear viscous liquid all over the glans.

“And a hotwife was born?”

She raised her glass, then took another drink.

“So now he likes to hold bull’s cocks and put them inside you?”

Her eyes bored into his. “He’s progressed a little. Now he likes to do more than hold them.”

The chill in his stomach became an icy dread. “What does he like to do now?”

“Some bulls let him suck their cocks. A few let him suck them off, but most want to come in me, or my mouth.”

“Yeah, I can understand that.”

She laughed and squeezed his cock, which was now fully hard. “Come on, let’s go back upstairs. Now, you don’t have to let him put your cock inside me if it makes you uncomfortable.”

Josh wondered if he could go through with that for her sake. He liked the idea of making her happy. “If he wants to put it inside you, that’s fine.”

“Thank you.” She smiled. “I’ll also say hurtful things. Just remember I don’t mean any of them, okay? I’m not really the bitch he likes me to act.”

“Okay.”

Taking his hand, she led him back up to the bedroom. Her husband stood by the fireplace, now completely clean and wearing a fresh mask. His cock was flaccid.

Ria walked over to him and ran her hand down his stomach. “Time for me to get another helping of bull sausage, darling.”

He nodded.

“Is that what you want to see?”

He nodded again.

“Good, because it’s what I want to feel. A nice, long, thick dick filling me up like yours never does.”

Her husband lowered his head, as if in apology.

“A real man’s dick that’ll stretch me out until all I can do is cry and scream and come all over it. He’s going to make me squirt my slutty juices again.” She turned to Josh. “Sorry about earlier, but sometimes when I come, stuff comes out—a lot of it.”

“Don’t apologise, I loved it.”

She smiled, then looked back at her husband. “See? My bull makes me squirt and likes it. Your little thing has never made me squirt, has it?” She leaned closer and whispered, “So that’s why I have my bulls.”

Ria walked to the foot of the bed, placed her feet a step apart and bent over, resting her hands on the mattress. She looked over her shoulder at her husband. “Honey, I want you to bring my bull over here and slide his big thick dick inside me.”

Her husband looked quickly at Josh, as if seeking permission, then back at his wife.

“It’s okay,” Ria soothed. “Ben wants you to steer that fat dick of his right into your slutty wife’s hungry twat.”

Her husband stepped forward and paused. Josh’s cock was rock hard and sticking out in front of him. He was about four feet away from Ria. The cuck reached his arm out tentatively.

“Come on,” Josh said, harnessing his new-found inner bull. “Put me inside her so I can fuck her brains out.”

Hubby grabbed Josh's cock, his grip tight and assured, and pulled him towards Ria's upraised arse. The men stepped in time as if performing some weird dance. He didn't look at the cuck's face, and was glad he was wearing the mask.

Instead, he looked at Ria's gaping sex, raised to just the perfect level by her four-inch heels. The cuck gave Josh's cock another squeeze, then slid his hand slowly down to the base and pushed the tip inside. The lips parted easily. Hubby let go and both men watched as the thick cock slid all the way inside her.

Ria let out a groan, then looked over her shoulder at her husband. "Now, watch a master at work." She wriggled her raised backside from side to side. "Come on, Ben. Show him what a real man can do with a willing slut."

Josh gripped her hips and slammed his groin forwards, almost knocking her down onto the bed. Ria squealed in shock. He thrust again, holding her hips in place and pulling her back onto him. The tip of his cock bashed against her insides; he was as deep as he could go. He pounded in a steady rhythm, making her cry out.

Josh fucked her hard, pulling out slowly and pushing in fast. His fingers gripped tighter as she started to wail. Her legs shook, and he felt her clench. She screamed, and a small amount of clear liquid ran down her thighs. Remembering her email, he turned to her husband. "Get on the bed and put your cock in her mouth."

The cuck stared at him for a second, then looked down at his wife, again waiting for her permission.

"You heard him. Come fuck my face."

He quickly climbed onto the bed and knelt up in front of her. Ria took him into her mouth, and he let out a whimper. Josh maintained his rhythm, pushing as deep as he could go with every thrust. Hubby came quickly, grunting and sobbing. Josh heard Ria moan and swallow, and then his own fireworks arrived.

Digging his fingers into her hips, he held himself still and came.

Ria groaned and rocked her body between them, her husband's cock still in her mouth and Josh's buried to the hilt in her cunt. Spit-roasting her

turned Josh on. It added to the depravity of their liaison and enhanced Ria's slutty roleplay.

Finally depleted of cum and stamina, Josh pulled out. He watched as Ria released her cuck from her mouth and then kissed him on the lips. Evidently, Hubby liked to taste his own cum as much as her bulls'.

After a few seconds, Ria stood upright and turned to Josh. Smiling, she moved over and slipped her arms around his waist. He saw over her shoulder that her husband had slid off the bed and was crawling to kneel between her parted legs to perform clean-up.

Ria stared into Josh's face as her husband slurped and licked all the cum from her sex. Her eyes fluttered and she sighed, and Josh realised she was coming. He ran his hands over her breasts, grazing her pebbled nipples.

She bit her lip, moaning through her climax, then finally smiled up at him. "Will you stay the night?"

Her question caught him by surprise. He found himself nodding, even though she'd told him in the email that her husband would be sharing the bed.

"Good boy." She stroked her husband's hair. "Go and turn the lights off and make sure the doors are locked. Ben's staying over."

After her husband had left the bedroom, Ria pulled back the quilt and sat down on the bed to unbuckle her shoes. She then slid across to the middle of the bed and motioned for Josh to join her, which he did.

She leaned close and kissed his cheek. "I'm glad you're staying."

"I don't know if I'll be any more use to you tonight."

Ria laughed. "Like I told you earlier, I'll work out a way of getting you hard."

Her husband returned and climbed into the opposite side of the bed, still wearing the mask.

The three of them lay in silence for quite a while, and then Ria turned over onto her tummy and pushed herself up onto her knees, facing the men. She leaned down and kissed Josh's chest, biting and licking his nipples. Then she did the same to her husband. She alternated between them, trailing her tongue and kisses down the stomach, nuzzling and kissing

the balls, and running her tongue up the length of the cock to take the head into her mouth.

Josh let out a groan and stroked her hair.

Ria moved over and sucked her husband, and Josh watched her closely. Her husband was already hard, and so was he.

Ria smiled down at the men, an erection in each hand. “I think it’s time for a Ria sandwich.”

Josh gulped. The idea of her taking them both at once made his cock grow even harder.

“I need someone to get Ben’s dick ready first.” She straddled Josh’s waist, raising her eyebrows as if requesting his permission to have her cuck suck his cock. He tried to hide his repulsion—he really liked Ria, and he wanted her evening to be perfect. He nodded.

“Honey, why don’t you feed Ben’s dick into me, but make sure it’s nice and hard first.” She smiled down at Josh and mouthed ‘thank you’.

Josh tried to smile as his cock was lifted. He closed his eyes as Ria’s husband sucked him. It wasn’t horrible, but his stomach still clenched.

“Okay, honey, don’t be greedy.”

A hand pumped his dick two or three times before pointing it up at Ria’s sex. She held Josh’s gaze as she slowly impaled herself and then she lay down, her boobs crushing against his chest and her long legs resting either side of his.

Her husband moved over her.

Josh watched her face. A hand moved against his balls as Hubby guided his own cock towards her backside, then he felt the extra weight as the cuck pushed down.

Ria winced a little and her mouth dropped open. Josh felt Hubby’s cock sliding in, separated from his own by only a thin membrane.

She let out a grunt and dug her nails into Josh’s shoulders, then Hubby started to move. Ria moved too, sliding herself up and down between the two men. Josh couldn’t really do anything except push his hips up, sending himself as deep as possible into her cunt.

The sensation of the other cock moving against his didn't freak him out like he'd thought it would. It was a very pleasant sensation, and the thought of what the two of them were doing to the hotwife turned him on. He wondered if Ria had taken Hubby and his friend this way on the night she'd described, or if this was something they'd progressed to as more and more men were invited to share their bed.

Suddenly she opened her eyes and stared into Josh's. She grunted as another hot flush of juice soaked his groin and thighs. He watched her beautiful face as she came, then he felt Hubby's cock twitch next to his own. Hubby was unloading in her backside. Josh gritted his teeth and flooded her cunt, and Ria moaned and squirmed between the two men. She came again, but without an accompanying squirt.

The three of them writhed and pushed for another minute or so, then finally stilled. Hubby rolled off, but Ria stayed on top of Josh, his cock still inside her.

"Mmm." She kissed his cheek. "Thank you," she whispered in his ear.

"Any time."

She raised her head. "Really?"

The thought of seeing her again was very appealing. "Of course."

She gave him another beautiful smile. "Good boy. I like the idea of having you as a regular."

She stayed on top of him and he kept his arms wrapped around her. His cock finally slipped out, and they all fell asleep.

Josh woke in the middle of the night with a hard-on. He eased it back inside her from below, and she roused with a quiet sigh and moan. She kissed all around his face, and she kissed him on the mouth. She rode him slowly, her tongue sliding against his own, her hands holding on to his shoulders. Josh ran his hands over her back and held her close.

He came much sooner than he had earlier in the evening, and she held him tight and kissed him continually as he shook from head to toe.

When he'd finished, Ria slid off him and climbed on top of her husband. This time, he didn't enjoy watching her ride the other man. Josh chided himself immediately for the pang of jealousy he felt.

Josh woke early, as was his way. He slipped out of bed and quietly dressed, watching the sleeping couple. Ria looked beautiful and very satiated, as she should. Her husband was facing away, still wearing his mask.

Josh carried his shoes as he crept downstairs. He'd left his keys on the kitchen counter. He found them next to the almost empty wine bottle, then bent to tie his laces.

When he looked up, Ria was standing in the doorway, naked. Her French plait had worked almost completely loose. She looked amazing, the sun putting a halo around her willowy frame.

"Sneaking out without saying goodbye?" she said with a smile.

"I thought I'd leave you two to have a morning cuddle in private."

She stepped closer and smiled up at him, now a few inches shorter without her heels. "Thank you for last night."

He laughed. "I think I should be the one saying that."

She slid her fingers beneath the lapels of his jacket and pressed her palms to his chest. "You know what I mean. Letting him... you know."

"I did it for you." As soon as he'd said it, he regretted it. "What I mean is, I did it because—"

"Thank you, Ben." Ria leaned up and kissed him.

Josh smiled. "Right, I should be going." He wasn't about to admit he'd be servicing another hotwife in fifteen hours' time.

Ria ran her hand down his arm and squeezed his hand. "But we can do this again?"

"Definitely."

"Good." She gave him a final smile and Josh walked to the front door. She let him out and closed the door behind him.

Josh got in his car and headed home. When he got to his flat, he took a shower then went straight to bed, where he slept until lunchtime.

$$\Psi$$

Chapter 34

Josh didn't bother going for a run but instead did his laundry and ate pizza while watching TV. Then he ironed himself a clean shirt and dressed in the same suit and shoes he'd worn the previous night. The hotwives tended to make him remove his clothes as soon as he arrived, anyway.

Josh decided to drive over to the place Cuck-Old-Cuck had booked near Finchley. The hotel didn't have catering facilities or a bar, the patrons flocking to the nearby pub instead. He arrived early and went to buy himself a drink, sending a text confirming his arrival as he went. Five minutes later, C-O-C approached him at the bar and introduced himself.

The guy was somewhere in his late fifties with a comb-over. Josh smiled and tried to be friendly, but he got the feeling that tonight's hotwife would be a considerable step-down from Angela and Ria.

"Is your wife not joining us for a drink?" he asked, looking over the guy's shoulder.

"Nah, mate. She's up in the room, all prepped and sexy." He nodded enthusiastically. "She can't wait."

"Right." Josh put his glass of Coke back on the bar. "I suppose we'd better go up, then."

C-O-C shook his head. "Not me, mate. I'll wait here till yer done."

"You don't want to be there?" Josh tried to remember if this had been mentioned in their numerous emails.

"Nah. We prefer if you go in and, you know... do your stuff." He grinned and nodded his head manically. "I'll stay here and have a few bevies. She'll text me after you've gone, an' I'll go up to her. Then she'll tell me all about it."

Josh nodded. "Okay, that's fine. What room's she in?"

"Two-eleven."

"Right, well... I guess I won't be seeing you later."

C-O-C smiled and shook his hand. “Good to meet yer, mate. Enjoy yourself, she’s a cracker.”

Josh nodded and left the bar. He didn’t feel as excited as he had on his previous dates, but there was still a tingle of anticipation.

He had to ask the young guy on the reception desk to let him through the security door. He took the stairs and was outside room 211 in less than a minute. He gave a single knock.

The door opened and a woman’s head appeared round the door. “Ben?”

As he nodded, she pulled the door wide, keeping herself behind it. Josh stepped into the room and she closed the door. The woman had short, dark hair and was dressed in a long, see-through negligée, white underwear and white high heels. Her face was pretty, not needing as much makeup as she’d applied. She must have been around twenty-five years younger than her husband.

“It’s Tina, right?”

“Not really, but that’s what I call myself when I see bulls.”

Nodding his understanding, he took a step closer. “So,” he said quietly. “How do you want this to go?”

She smiled sheepishly. “You know, the usual.”

He slipped his arms around her waist. She was quite short, even in her heels. Probably no more than five-three in bare feet. “Is there anything in particular you’d like me to do?”

She looked up into his eyes, and he bent down to kiss her. She yanked her head back. “Kissing’s not allowed.”

“Sorry. I didn’t realise.”

She stepped back. “Why don’t you sit on the bed? Then I’ll strip off for you?”

“Sure.” He hung his jacket on the back of the chair by the desk, kicked off his shoes, then sat at the side of the bed, looking back at her.

Tina gave him a shy smile and undid the top bow of her negligée, then the middle one, and finally the bottom one. She slipped it slowly off

her shoulders, but the garment was so see-through, removing it hadn't exposed anything that couldn't be seen before.

She stared into his eyes and reached around her back to undo her bra. She held the cups in place for a few seconds, then pulled it away with a flourish. Her breasts were nice, though not as big and impressive as Angela's, and nothing about her body was in the same class as Ria's. Tina's nipples were pink, the areolas quite large. She tucked her fingers into the waistband of her panties and slid them down her legs, revealing a mass of dark pubic hair.

Josh forced a smile.

She kept her shoes on and walked slowly towards him, presenting her tits to his face.

He glanced up. "I can kiss these, right?"

She laughed. "Yes, you can kiss me anywhere except my mouth."

He took a nipple into his mouth and sucked it, and she pulled his head onto her. Then she pushed him back onto the bed and jumped on top of him, her hands scratching at his shirt and trouser buttons. Although more than a little taken aback, Josh lay still as she pulled his shirt open and yanked his trousers down to his thighs.

She stared at his groin, mouth open. He wasn't sure if her reaction was down to his lack of underwear or his cock size. He reached up and stroked her breast, but she ignored his touch, instead leaping off the bed and heading for the dressing table. She retrieved a pack of condoms from her handbag.

Without taking her eyes from her prize, Tina took a condom out and ripped the foil with her teeth. Then she gripped his shaft, put the rubber on the tip and rolled it down. She struggled to get it over the head and had to push it down the shaft several times. The rubber sheath didn't reach all the way to the base.

She glanced at Josh, then knelt next to him. "Do me from behind. Like this." She bent over and raised her bum.

Josh stood, his trousers sliding down and restricting his movements. He kicked them off, now naked except for his unbuttoned shirt. He stepped behind her and gripped his cock. Tina's hair grew wild, covering the tops of

her inner thighs and around her arsehole. All of it was slick with her juices. After nestling himself in place, he leaned forward and entered her.

Tina's yelp was so loud that he pulled out, worried about being heard by people in the next room.

She turned round, glaring. "What're you doing?"

"Nothing, I just thought—"

"Put it back in."

Josh frowned but complied. She yelped again, balling the bedspread in her fists. He moved slowly, waiting for her to stretch and get used to him. Eventually her yelps quietened to grunts.

She started pushing back. "Oh yeah, do me."

He did as asked. Glancing at the dressing table mirror, he realised he could see the profile of her face. Her eyes were squeezed shut and her jaw was clenched. He honestly couldn't tell if she was experiencing pleasure or discomfort. After a couple of minutes her mouth dropped open and her breathing changed. Josh gripped her hips and drove in deeper, increasing the pace slightly.

Tina let out a low wail. He reached under and rubbed her clit. The yelps returned and her head snapped up. In the dressing table mirror he saw her eyes open wide in shock as she came. Josh pounded into her, almost bouncing her off the bed. Her screams calmed down to quiet moans. With the condom numbing sensation for him, his own orgasm was still a long way off. He slowed his pace and stroked her back. "You okay?"

She turned to look at him over her shoulder, her eyes half-closed and a little unfocused. "Mm hmm."

"Want me to carry on like this, or try another position?"

"You haven't come yet?"

He shook his head. "I'll carry on like this if you want, but I thought you might like a change."

"Yeah, let's change."

Josh stepped back and out. Tina rolled over onto her back and bent her legs, pulling them up to her chest. "Do me like this. Terry likes to hear about all the positions I've been had in."

“He never wants to watch for himself?” Though he probably shouldn’t pry, the best way to learn about what different couples liked was to ask.

“No. He’s watched a couple of times at home, but he prefers me to tell him about it after. He gets more out of me telling him how I felt than he does from watching me. Do you think that’s strange?”

“No. I think a lot of men like to hear their wife describe it.”

She smiled, as if relieved. “He likes me to take him through it nice and slow. He can make himself come time after time if I describe every little detail.”

“He makes himself come?”

She nodded. “Wanks himself off while I tell him about the bull fucking me.” Her eyes dropped to his cock, still fully erect in its rubber sheath. “Speaking of which.”

Josh smiled and rested his knees on the bed, then leaned down and re-entered her. Tina gritted her teeth and closed her eyes as he fucked her. She moaned with each thrust, and the moans got gradually louder until she came again. She wriggled and bucked below him, but still he didn’t come. After several minutes more, Josh decided to try another position. He pulled out and stood up.

Tina stared down at his cock, seemingly surprised that the teat at the end wasn’t full. “You still haven’t come.”

He laughed. “Yeah, I tend to notice when it happens.”

“So why have you stopped?”

“I want you in another position.”

“Oh. I…” She looked excited. “What do you want to try next?”

He reached down and took her hand, pulling her to her feet. “Turn around.” She did. “Move up towards the wall a bit, right. Now, bend this leg—yep, the one closest to the bed—and put your foot on the mattress.”

Frowning, Tina did as instructed, now positioned half-facing the bed and half-facing the wall behind the pillows, one leg on the floor and the other bent at right-angles. Josh ran his hand down her side and cupped her

bum cheek. Then he bent his knees a little and moved closer, penetrating her as he straightened.

“Oh...” She wobbled slightly and Josh held her by the waist to steady her.

Moving slowly at first, he upped the pace gradually and fucked her for a long time, making her tits bounce and her arse cheeks wobble. Finally, he felt the first flutters of an impending orgasm.

“Do you like it like this?” he whispered into her ear.

She nodded, her breathing coming in short gasps.

“Do you think Terry will enjoy hearing about me fucking you like this?”

She nodded again, her face creased in concentration. He knew she was working on a third orgasm of her own.

“Will he like it more if he knows you made me come like this?”

“Ohhhh...”

“You can tell him that fucking you like this made me blow my load. It’s just a shame that it won’t be shooting right up inside your hot cunt.”

Tina screamed as her latest orgasm arrived. Never mind the people in the next room, Josh suspected Terry would have heard that one from the pub on the other side of the carpark.

“Oh, come now. Come now.”

Josh fucked her hard, lifting her a little with every poke of his cock. Then he felt the spasms and he reached round to tease her nipples. “I’m coming.” He all but lifted her off the floor as he thrust with each spasm. Tina grunted, clenching herself around him, adding to his pleasure.

Finally he’d emptied himself. He pulled out, holding the condom in place as he did so. The top half of the rubber hung down, flooded with cum. Josh peeled it off and knotted it.

Tina took it from him. “Terry’ll want to see that.”

“Really?” It might be a little more restrained than clean-up, but he still thought it weird.

She nodded. “He likes to see how much bulls come. Says it shows how much they enjoyed me.”

“You should fill half a dozen of them with shampoo and blow his mind.”

“Heh. But where’s the fun in that for me?” She sat down on the bed, and Josh sat next to her.

“You could get turned on by seeing how turned on he was.” He smiled teasingly. “You could masturbate while you watch him masturbate.”

“I do that anyway.”

Josh blinked. “Seriously?”

“He likes to watch me do that, too.”

“So, you spend the evening getting fucked by a bull, then Terry comes back and listens to you telling him all about it. And while you do that, both of you masturbate?”

“Sometimes. Other times he’ll just wank himself off into my mouth.”

“Don’t the two of you ever make love?”

“Terry hasn’t fucked me in almost three years.”

Josh was momentarily speechless.

Tina shrugged. “He’d rather have a wank. He’s worried he couldn’t satisfy me because of the age difference, so insists I have bulls to give me the sort of sex I deserve. A virile younger man with a big, y’know, manhood.”

“And is that alright with you?”

“What do you think? Can you see Terry being able to fuck me as hard as you did for an hour?” She scoffed. “He’d have a heart attack.”

“It wasn’t an hour.”

“I haven’t finished with you yet.”

He laughed out loud, then turned serious. “What I meant was, don’t you miss the closeness with your husband that usually comes from...” He shrugged. “Him going inside and holding you close?”

“No. I’d rather have young virile men with bigger things. And that’s what he likes, too. He’d rather have bulls doing it. It turns him on more than doing it himself.”

“Has it always been like this?”

“No.”

“But he satisfied you then, when you were first married?”

“I was a virgin when I met him.” She smiled. “But I’ve come a long way since then. Seen a lot of bulls.”

“How many?”

“I usually see one a week, sometimes two if Terry’s horny.”

“And you’ve done this for...?”

“Just over five years.”

A quick calculation told him that was at least two hundred and fifty bulls. Maybe as many as three hundred. This surprised him because Tina didn’t seem to have so much experience as Angela or Ria. Or even Olivia, who was relatively new to the lifestyle. Maybe some aspects of hotwives’ behaviour had more to do with their confidence and intelligence.

“Well,” he said. “I guess we’d better give Terry something to get excited about.”

She laughed.

He took her hand and put it between his legs, where his cock had already returned to fully-operational mode.

“God, that didn’t take you long.”

“Stop complaining and get another condom.”

Josh eventually left room 211 a little over two hours later. He’d supplied four soiled condoms for Terry to get excited about, and he’d fucked Tina in numerous positions, including her being perched on the desk, bent over the side of the bath, and finally riding him reverse-cowboy while he fingered her backside.

He was back home less than thirty minutes later. After a long shower he crawled into bed, thoroughly fucked. Two hotwives on consecutive nights had probably been too much for a bull still learning the ropes.

* * * *

After his weekend seeing Ria and Tina, Josh spent time building up a rapport with other cucks and hotwives. There seemed to be an endless supply of couples wanting his services. Although it would be unfair to describe Tina as a disappointment, their evening together had made him

realise how spoiled he'd been to service Olivia, Angela and Ria as his first three hotwives.

His next outing as Ben was with Sheila and Will. He spent over four hours at their home in Coventry. Sheila was a buxom redhead with freckles on her large breasts and a clean-shaven twat. Will had a black goatee and the hairiest legs Josh had ever seen. Ben wore a rubber and fucked Sheila on the armchair in their living room as Will watched from the couch. Then they all went upstairs and, as Sheila knelt on the bed, Ben donned another condom and fucked her from behind. Will played with himself while he watched, but didn't climax. By the time Josh left for his 100-mile journey home, Will looked desperate to get his hands on his wife

The following weekend he saw Toni, a thirty-something blonde with a fabulous figure and sexy clothes. He didn't find her face or personality particularly attractive, though. Nonetheless, they met for a couple of drinks in a south London pub before heading to the house where her cuck was waiting.

Every time Josh checked his email, he hoped to see one from Ria. It'd been over a month since their night together, and he was keen for another meet—even if it meant her hubby would want to suck his cock again.

Olivia sent a text asking how he was enjoying his new lifestyle, informing him that she and Thomas were spending the month at their villa in Spain.

His next date as Ben was with a hotwife called Julie. At only twenty-three, she was the first wife actually younger than him. He was surprised when she revealed she already had two children. When he arrived at the hotel near Brighton, she was alone in the room. Either the cuck preferred to hear the details from his hotwife rather than watching them for himself, or he couldn't get a babysitter. Ben and Julie spent the whole night together. He left before breakfast and, rather than heading straight back home, drove along the coast and found a deserted beach.

As the sea-breeze blew through his hair, barely an hour after he'd peeled off and knotted the fifth and final condom of their time together, Josh couldn't say with any degree of certainty what colour Julie's eyes had been.

Josh's mum called to ask if she and Brian could take him up on his offer of staying for a weekend. He told her they were welcome any time, and they agreed on a date to coincide with her birthday at the end of September.

He decided to give Ben a well-earned rest. He took a week off work to catch up on some sleep and do a few jobs around his flat, giving his bedroom and the living room a coat of paint to freshen them up before his guests arrived in a couple of weeks' time.

Even though he'd only been performing as a bull for a couple of months, it suddenly felt weird not to be meeting different women every weekend for rampant sex. One night as he lay in his bed, he allowed his mind to drift back to all the great sex he'd enjoyed recently. It was still difficult to think of his dates with Olivia as bull/hotwife meets, but that's all they'd been.

Then there'd been Angela, with her built-for-sex chassis that he'd enjoyed riding, and Ria's long and lithe body in those wonderfully sexy shoes. Tina, Sheila, Toni and Julie tended to blend into an endless collage of raised arses, kicking legs, and flooded condoms.

As Josh reviewed his memories, he realised he'd been unconsciously stroking himself. Deciding it'd help him get to sleep, he kept going.

There was no need for external stimulation; all he had to do was close his eyes and choose a memory. As he slowly pumped his hand, images skittered across the screen of his inner eyelids. Angela rubbing herself off as he covered her face with cum; Ria sitting naked save for her cum-soaked shoes, describing her husband guiding his friend's cock between her fabulous legs; Tina standing with one foot on the bed and screaming; Sheila massaging his cum into her freckled tits.

Josh's mind settled on an image of Ria, waking as he slipped inside her. She'd murmured in his ear and ridden him slowly. They kissed and stroked like lovers. They hadn't fucked, they'd made love.

His eyes snapped open. Staring up at the newly painted ceiling of his bedroom, all he could see was Ria's dark blue eyes and her beautiful

smile. He pushed the quilt down just before he exploded all over his own stomach.

It took him a few minutes to get his breath back. He mopped up the mess with a tissue before going for a shower. As he dried himself and climbed back into bed, he reasoned that it was probably time he serviced another hotwife and her cuck.

Chapter 35

Josh had exchanged several emails with a couple calling themselves Samson and Della; the humour in their names appealed to him.

The first contact was made by the husband, and later the wife joined the conversations. It soon became obvious from Samson's emails that he was well-educated with none of the spelling mistakes, excessive abbreviation (CU L8R!) or non-existent punctuation Josh had seen in other communications. Messages from Samson were like letters from his bank manager, the vocabulary extensive and punctuation flawless. Della's emails were less formal, but still perfectly written.

Della mentioned that her husband had a stressful job, and a consequence of this was that he liked her to take full control during their evenings with a bull. He liked to be dominated.

They arranged to meet at an address in Notting Hill. Josh arrived in a grey suit, carrying a bottle of chilled champagne. Samson turned out to be a very personable guy in his late forties with short, greying hair and a clean-shaven face. Della looked about five years younger. She had the appearance of a film star from the forties with shoulder-length wavy brown hair, vivid red lipstick and an hour-glass figure.

They thanked him for the booze and, while Samson popped the cork, Della went to find glasses. The men made small talk about London and the weather until she returned. As Samson poured, Josh surreptitiously let his eyes wander over Della's body. Then he looked around the apartment's living room, which was a huge square with polished wood floors and leather couches.

As the three of them clinked glasses, Josh nodded at the surroundings. "Fabulous place."

"Yes. We've been here a few times now."

As he frowned, Samson laughed. “Airbnb. I thought I’d mentioned that in an email.”

“If you did, I didn’t take it in. Sorry.” Josh sat on one of the couches and reassessed the room. “If I owned somewhere like this, I’d be reluctant to rent it out.”

“If you got four hundred and fifty pounds a night for it, I guess you might be persuaded,” Samson said, dropping into the couch opposite Josh.

Josh nodded, watching closely as Della sat next to her husband and slowly crossed her legs. She wore a blue, knee-length knitted dress that hugged her hips and thighs, and dark blue peep-toe heels without nylons.

She smiled. “Do you like what you see, Ben?”

He looked into her eyes. “Very much.”

“Good.” She let her eyes travel downwards briefly. “So do I.”

Samson leaned forward and started to say something, but Della held up her hand, silencing him immediately.

“I’ll take it from here, dear.”

He sat back like a reprimanded child.

Della returned her attention to Josh. “As I mentioned in our emails, Samsy prefers me to take charge when we entertain a bull.”

Josh nodded. She was undeniably attractive, and the steeliness in her expression gave her an old-fashioned schoolmarm demeanour. He looked forward to fucking her.

“Now,” she went on, “while we live in an age where clean sexual health is imperative, I much prefer unprotected sex.”

Josh waited, his stomach tingling at the thought of sliding his unsheathed cock into this woman’s cunt.

“I can give total assurance that Samsy and I are completely healthy. That’s one of the perks of having a hospital manager as a husband. What about you, Ben? Do you have regular check-ups?”

“I always use condoms.” He didn’t mention his unprotected sex with Olivia, Angela and Ria—they’d been as clean as him in any case.

“Is that because you prefer condoms?” Her lips curled up at the corners.

“No.”

“Do you think there’s any chance you may have an STD?”

“None.”

“Would you consider it a risk to have unprotected sex with me?”

He shook his head and stared at the smear of lipstick on the rim of her glass, imagining her leaving marks like that on his cock. “No, I don’t think it’d be a risk.”

“Stand up, Ben.”

He placed his glass on a side table and got to his feet.

“Come closer.”

As he walked the few steps from his couch to theirs, Della uncrossed her legs and sat forward. She rubbed her hand over his groin, then undid the zip of his trousers and fished out his cock, which was already starting to swell.

“This is rather imposing.” She held it gently between her fingertips and glanced sideways at her husband. “Go to the bedroom and sit in the chair. I’m going to familiarise myself with this.”

Without a word, Samson got up and walked to a door on the back wall.

Della turned her gaze back to Josh’s manhood. She pointed it to one side, leaned in and planted a kiss on the side, near the base. She kissed her way along his shaft until she reached the tip, then parted her luscious red lips and took the head into her mouth.

Josh let out a sigh as she slid her head forward, taking more of him in. His cock was growing by the second and was soon a full-blown erection.

Della released it from her mouth but kept her hand wrapped around the shaft, her eyes now on his face. “I’m glad we’ll be skin on skin.”

“Me too.”

“Well, as much as I’d like you to fuck me here on the couch, I suppose we’d better go into the bedroom.”

He would have liked nothing more than to roll her dress up to her waist, spread her legs and fuck her right there with her shoes on.

She stood, her face close to his and her hand still gripping his cock. “Samsy’s a traditional cuck, with all the sissy trimmings.”

Although Josh didn’t understand exactly what this meant, he assumed it was her way of warning him there’d be some humiliation. “Okay.”

In the bedroom, which was as impressive as the living room with the same dark wood floor, Samson sat naked in a hard-back chair, facing the bed. A transparent plastic cover was fitted over his cock. It was the first time Josh had seen one in real life, having read a lot about male chastity devices while researching.

Della led Josh to stand facing her, immediately in front of Samson’s chair. She dropped to her knees and, still gripping Josh’s cock in her fist, looked at her husband. “Have you seen this, Samsy?”

Her husband’s eyes were fixed on Josh’s cock.

“Can you imagine how I’m going to feel when he pushes this into me?”

Samson swallowed, nodded once.

“It’s going to be a tight fit.” Della licked all around the head but kept her eyes on her husband’s. “Just picture this thing forcing its way in, stretching my pretty flower wide open and filling me up.”

She slapped the cock against her cheek several times. “I’m dripping just from the thought of being fucked with this, but I see you’re dripping too, Samsy.”

Josh saw a thread of precum hanging from the end of the device. Della caught it on her finger and pushed it into Samson’s mouth.

“Did I say you could dribble?”

“Sor—”

“Be quiet!”

Samson’s mouth snapped shut and he looked down at the floor.

“That’s better.” Della slowly straightened and stood face to face with Josh. Her expression softened. “Now, I think it’s time for us to resume assessing each other’s bodies.” She pushed his jacket back and off. “But this time we’ll do it without clothes.”

Josh stood motionless as Della removed his shirt and unfastened his belt. As his trousers slid down his legs, he stepped out of his shoes and trousers together, now naked. Della stepped back and appraised his body, then looked at her husband, who had another fine string of precum dangling from his plastic cock-cover.

She shared a grin with Josh. "I can hardly reprimand him—I'm dripping even more than he is."

Gripping the sides of her springy, knitted dress, she pulled downwards. The neck opened and slid down her body, revealing a firm pair of perfect breasts. As the dress rolled further down, Josh saw her narrow waist and then the swell of her hips. She was completely naked underneath, her dark bush neatly trimmed. As she stepped out of her dress, he admired her smooth, muscular legs.

She stepped close to Josh and grabbed his cock, swiping the head against her belly. "Lie down, Ben. Samsy likes to get a good view of my painted lips going up and down on a nice big cock like yours."

Josh lay flat on the bed, head on the pillow, and Della crawled between his legs.

She kissed her way up his thighs and nuzzled his balls, then took his cock in her hand and looked at her husband. "Ready for this, Samsy?"

Eyes wide and his knees shaking, he nodded.

Without glancing at Josh, Della lowered her head and took him deep into her mouth. Josh shivered and sighed as Della proceeded to treat him to some of the most intense pleasure he could remember. She sucked, licked, slobbered and nibbled until his legs trembled.

By the time she released him, both men were shaking.

"And now..." She kicked off her shoes and crawled up the bed, straddling Josh's thighs without taking her gaze from her husband's face. "I'm going to help myself to what I've been desperate for since my last bull." She trailed her hand over her sex, then held up the wet fingers, rubbing the tips together to show both men how ready she was. "I'm going to have a big bull cock."

She manoeuvred herself above Josh's groin and reached down to swipe his cock through her outer lips, coating the head in her juices. She

flashed him a smile before glancing at her husband. "Shall I?"

Samson's entire body trembled as he gave a nod. Della smiled, then slowly impaled herself. Her eyes fluttered and Josh felt her tight heat envelop him. She groaned theatrically as she pushed down onto the entire length, her head dropping back and her mouth hanging open.

"Oh, Samsy," she whispered, her voice breathless. "This is *bliss*." She slowly rocked her hips, letting out moans and whimpers. "I know you want me describe how good it feels, but I'm just going to show you."

She spread her hands on Josh's stomach and began to thrust her hips quickly, riding his cock. "I'm going to show you how quickly something this long and thick will bring me off. I'm going to show you just how..."

Josh felt the grip of her climax.

Della grunted and thrust faster, her nails digging painfully into his stomach until she let out a gasp. "Oh, that's better." She sighed, shook her head and spoke to her husband, ignoring Josh completely. "I knew it wouldn't take long to get off with Ben. What shall I do to him now?"

"Fuck him." Samson's face was solemn. "Twist and squirm and bounce on his cock."

She smiled. "But you know what'll happen if I do that."

He nodded.

Josh felt like he was watching a well-rehearsed performance. They'd probably played this scene out with many bulls.

"What'll happen, Samsy?"

"He'll come."

She raised her eyebrows, encouraging him to elaborate.

"He'll come in your pussy. He'll fill you with his cum."

She nodded slowly. "That's right, Samsy. He'll fill me with his cum."

Finally, she looked at Josh, rotating her hips on the engorged cock buried inside her. "Is that what you want to do, Ben?"

Josh took a breath and pushed up with his hips.

Della squeezed and relaxed around him, smiling. "Are you going to fill me with cum?"

Josh kept silent, thrusting himself slowly up and down.

“Are you going to shoot your dirty bull spunk into my cheating, married cunt?”

Though her roleplay wasn't doing much for him, the effect of her words on Samson was profound. He was visibly shaking in the chair, eyes wide and jaw clenched, a constant trickle of precum leaking from the plastic case down onto the seat of the chair. Josh imagined that there must be a little puddle on the polished floor by now.

Della was grinding herself on Josh's cock. “You heard him, Ben. Samsy wants you to fire your filthy bull jism into his slutty wife's snatch. He loves to see my twat with a big cock in it. He wants you to drench it. Flood it. *Saturate* it.”

Josh just watched her face for a moment. For now, he was content to let her ride him and talk her cuck into a frenzy. Later, though, Ben the Bull would give Dirty Della the fucking of her life.

“Samsy's waiting, Ben.” She started to bounce, slamming herself down on his full length without any sign of discomfort. Della was undoubtedly well-practised at accommodating big bulls.

He reached up to support her breasts, which were bouncing wildly as she fucked him.

She sneered. “Yeah, play with my tits. You can fuck them later, but first you're going to have to—”

Josh pinched her nipples hard and arched his back, lifting her off the bed as he exploded deep inside her.

Della screamed and opened her eyes wide, then she bucked and ground herself with quick, short jerks of her hips, prompting more and more spurts. She reached down behind her and squeezed his balls as if trying to wring out even more. Finally she stilled, breathing deeply and gently stroking the scratch marks she'd left on his stomach, as if apologising.

She licked her red lips and turned her head toward Samson. “I felt it shuddering like a tommy gun as he unloaded, Samsy. I hope you're thirsty.”

With that, she rolled off, laid herself down next to Josh and whistled to her husband as if beckoning a dog. Like a faithful puppy, Samson dropped off his chair, crawled around the floor to the foot of the bed and

knelt up. Without glancing at their faces, he buried his face between her spread legs and licked and slurped at the mess there.

Della snaked her fingers through his hair. "That's it, get it all." She arched slightly, giving him better access. "Oh, Samsy," she whispered, and her eyelids fluttered.

Josh sat up and watched as Samson gulped and swallowed the combination of his wife's juices and her bull's cum. The sight neither repulsed nor excited him. But he loved the way Della whimpered and writhed on the bed. Samson's tongue was pushing her closer to another orgasm. Josh backed a little further toward the headboard until his groin was next to Della's head, then gripped her hair and pushed his cock into her mouth.

She gagged, her eyes wide. Josh fucked her mouth. Della's groans grew higher in pitch as Samson's tongue took her to the edge. She stared up at Josh's face as she came, and he smiled, sliding his dick in and out between those shiny red lips.

"That's it," he said, gripping her head as he fucked her face. "Now I'm hard enough to fuck you again. Let's give Samsy seconds, shall we?"

Without a word, Samson returned to the chair, his cheeks and chin coated with a thin film of slime. Josh knelt up and roughly flipped Della over onto her front. He placed his hands under her tummy and pulled her up until she was on all fours. Then he ran the tip of his cock over the wet mess of her outer lips and looked over at her husband.

"Do you like to watch her get fucked from behind?"

Samson nodded.

"I'm not surprised." Josh ran his free hand over the swell of her perfect arse. *She's not the only one who can put on an act.* "This is one of my favourite positions for fucking hot little wives like yours, because I get to push my cock as deep as it'll go."

Della wiggled her arse, and Josh smiled. "I think she's getting a little impatient, don't you?"

Samson watched his wife's face as Josh inched the tip into the opening of her channel, clutched her hips and stabbed his cock all the way to the hilt.

Della's head snapped back and her scream filled the room.

Josh pulled back and pounded her again. She howled, but he didn't let up. He fucked her hard, pushing in as deep as he could, trying his best to hurt her. Della took it all.

Wanting to push her a little further, Josh cupped one arse cheek and slipped a thumb into her backside. She groaned and wriggled, so he cupped the other and added a second thumb, jabbing them in on his out-stroke. A wail from Della announced another orgasm. She dropped her head to the pillow, her face turned towards her husband. He too was whimpering, as if sharing her pleasure.

Josh pulled his thumbs out and wrapped his hands around the front of her thighs, pulling her back onto his thrusts. Breathing hard through clenched teeth, he slammed into her with such force it shook the entire bed. Then he held still, and a volley of eruptions gushed deep inside her. Della clenched and relaxed around his cock, her head on the pillow, her arse raised in the air. She looked fabulous.

Josh stepped back to give Samson room, and Della kept clenching and relaxing. Before Samson had chance to get in position, her muscles twitched and a huge glob of cum slipped out and slithered down the inside of her thighs.

In an instant, her cuck was on his knees behind her, his face buried in the mess. Josh watched the clean-up process with a weird sense of detachment. Samson's cock dripped steadily, as swollen as far as the device would allow. The cuck was more turned on than Josh could have ever imagined.

Della whispered encouragement, and then managed to come again as her husband covered her sex with licks and kisses. Finally, she rolled onto her back and pointed to the chair. Samson obediently retreated. She patted the mattress at her side, and Josh joined her on the bed.

Snuggling up to him like they were a married couple, she draped her arm around his waist and kissed his shoulder. "You seemed to get quite aggressive during that one."

He felt guilty until she smiled.

“I’m not complaining. I love sex like that. I want to be used like that by my bulls.”

“I’m glad.”

“Do you think you’ll be able to fuck me like that again later?”

He glanced down at Della, not sure whether this was a serious question or the start of another performance aimed at teasing her cuck. “I’m sure I will.”

She kissed his shoulder again, then dragged her nails over his abs. “Good. I’m sure Samsy wants to see his slutty little wife fucked like that again.”

Josh glanced at her husband. “When does Samson get his release?”

Della smiled. “You don’t need to worry about him.”

“I’m curious.”

“I usually let him out of his cage after the bull leaves.”

“And what do you do then?” He was eager to learn about the dynamics between different couples.

She gave a throaty laugh. “He gets to relieve all the pressure that’s built up during the evening.”

“Does he fuck you?”

“No, Samsy never fucks me on our nights with a bull.” She licked her lips. “But sometimes I fuck him.”

He waited, hoping she’d expand a little on that.

She sighed, as if she’d made a decision. “For most of the year, we have a very traditional relationship. He doesn’t wear the cage. We love and respect each other, and we make love in a way that satisfies us both. We’re both career-oriented and have never let the fact we can’t have children ruin our lives.”

Josh tried to keep his face neutral, but Della must have seen a question in his eyes.

“Medical issues as a teenager—they caused all sorts of complications, which resulted in me getting a hysterectomy before the two of us met.” She shrugged. “Anyway, as we both have quite demanding jobs

—his more so than mine—we decided to have a blow-out every few months to help us relax and reset the counter to zero.”

“Like a safety relief valve.”

“Exactly. Some people go to Vegas and lose themselves in gambling. Some people choose to climb a mountain. We prefer to rent somewhere nice and invite a guy with a big cock to fuck me dizzy for a few hours.”

Josh chuckled. “It probably beats Vegas.”

“Hmm, we think so.”

“And how often do you do it?”

“Does it matter?”

He shook his head. “Sorry, I don’t mean to pry, I’m just trying to learn how different people do this.”

“It’s usually no more than twice a year. Sometimes three when...”

“Work pressure gets too much?”

Another throaty laugh. “No, when I get impatient. Or particularly horny.”

He thought of Tina. “I met one woman recently who’s had at least one bull every week for five years.”

Della’s brows went up. “Wow.”

“Sometimes two a week.”

“Jeez. Lucky girl, I guess.” She called over her shoulder, “And a lucky husband.”

“He never watches her,” Josh said. “He prefers to wait until afterwards, then have her describe her night.”

Della slid her hand down past his navel, towards his groin. “I can understand that. I love talking to Samsy after the bull leaves, telling him how it’d felt. And he likes that, too.”

Josh held his breath as she wrapped her fingers around the base of his cock. He knew he’d soon be ready to go again.

She narrowed her eyes. “Ooh, what have we here?”

“As the old saying goes, why not suck it and see?”

A chuckle rumbled in her throat, then she leaned down and took him into her mouth. He sighed and stroked her head. The fact she was lying between him and her husband's chair meant Samson wouldn't be able to see much, but Josh wasn't going to worry, not while Della was giving him a delicious repeat performance of her skills with her mouth. Josh groaned and pushed his head back into the pillow as she pleased him. After a few minutes she raised herself up and crawled between his legs, smiling as she pumped his cock with her hand. "I think someone felt like he was missing the show." Then she dropped her head and angled his shaft so she could stare into her husband's eyes while she sucked Josh's cock deep into her throat.

Josh started to sweat. If he hadn't come twice already, there's no way his cum would have remained in his balls. When she finally released his cock, Josh's legs were trembling again.

"Samsy, crawl over to the other side of the bed and wait for me."

Josh looked down to see the man moving on all fours onto a spot on the dark wood floor a few feet away. Della walked out of the bedroom, returning almost immediately with a large leather handbag. She picked out her purse, and from it a small key, which she threw to her husband.

As Samson removed the cock restraint, Della smiled, reaching into her handbag again. What she produced made Josh's mouth drop open. Her fist gripped the shaft of a black strap-on.

Without a word, she quickly fitted it to her hips, then mimicked wanking herself as she walked towards Josh. He was a little perturbed when she knelt over his legs, but then she gripped the base of his cock and dropped her head, taking him back into her mouth. While pumping the base, she resumed the tongue swirls and teeth grazes, sucking harder. She was bringing him to the boil.

As his hips started involuntarily thrusting, Della released him and straightened. "I think you should edge for a little while."

To his dismay, she got off the bed and walked over to her handbag again. This time she took out a tube. Samson was about to get pegged. She returned to stand behind her husband and presented the six-inch phallus to Josh. "Do you like my cock?"

He looked at it and nodded. "It looks good on you."

"Samsy thinks so, too." She raised her eyebrows. "We both like black." She smeared a dollop of lube on the end of the strap-on, spreading it around the dome and down the shaft. Then she dropped to her knees and started rubbing the tip of her plastic cock around his opening. "Come here, Ben."

After a moment's hesitation, Josh swung his legs off the bed and stood up. He took the two steps over to Della and stood with his erection pointing at her face. Looking up into his eyes, she opened her mouth wide and stuck her tongue out over her lower lip. Josh pushed in. She bobbed her head, quickly bringing him back to the edge. She released him and smiled at his neediness as he groaned.

Turning her attention back to her husband, she held him tight and pushed her hips forward. Samson let out a rumble as the black synthetic cock opened him up. Della pulled back slightly, then pushed in again, sending it deeper. She soon settled into a steady rhythm. "Fuck my mouth, Ben."

As she thrust her hips and fucked her husband, Della bobbed her head on Josh until his pulse raged in his ears. He was desperate to blow.

She released him again and looked up at him. "Do you want to take my place here?"

Josh looked down at the black strap-on sliding in and out of Samson's well-lubed arse. He shook his head.

She nodded her understanding. "Okay, we'll spit-roast him. Go round the front."

Josh stared. Though he'd let Ria's husband suck his cock, this was different. There was no warning. But Della had taken him so close to climax that—

"Ben, go round there and fuck his mouth." Her steeliness was back, and Josh did as he was told.

He dropped to his knees and held his cock out. Keeping his gaze fixed on Della, Josh moved forward and felt the warm mouth surround his cock. As she resumed the thrusts of her hips, Samson whimpered, moving his head with her rhythm. And then he groaned, sending vibrations through

Josh's cock. He glanced down and realised Della was jacking her husband off.

Della pumped hips and hand even faster. Samson grunted, and Josh felt a warm splash on his legs as the guy came.

As Josh and Della stared into each other's eyes, he erupted into her husband's mouth. Samson moaned and gagged and gulped. Josh took a deep breath and gushed again. Della straightened, the strap-on still buried inside her husband, but her hand no longer holding his now-spent cock.

The three of them were silent as Josh eased back and out of Samson's mouth. In the briefest moment of eye-contact, Josh saw gratitude in the cuck's eyes. He wondered what expression his own eyes had shown.

Della pulled out with a plop and dropped the strap-on to the floor. "Stand up, Samsy."

He obeyed immediately, though on very shaky legs. Della quickly refitted the restraint and pointed at the chair. "Playtime's over for you. Ben and I are going to have a little rest."

Once her husband was back on his chair, Della got into bed and held the sheet back for Josh to join her. He slid in and she cuddled up to him again. The pair of them lay in silence for a while before Della cleared her throat.

"How did you become a bull?"

"An ex-girlfriend suggested I do it."

"That was nice of her."

"Yeah. How did you become a hotwife?"

She was silent for a few seconds. "I slept with a guy I worked with. Eventually I confessed to Samsy, and after some harsh words, he forgave me. During our make-up sex, I think we both realised he actually liked the idea of me sleeping with another man. And, hey-ho, our new life began."

"Would you have been as understanding if he'd been the one to cheat?"

Della looked into his eyes, then shook her head. "Probably not. I can't say this is true for all couples like us, but I suspect the husbands tend to be more generous, and the wives more selfish."

Josh thought about the couples he'd met and wasn't sure he agreed with her.

Della pushed the sheet down and knelt on the bed. "It's getting late."

"In that case, I'd better get busy."

"Yes, you had."

Josh reached for her waist and pulled her down, making her laugh. He rolled on top of her, caressing her breasts. As she spread her legs, smiling, he leaned down and kissed her gently. She moaned into his mouth. He kissed harder, tonguing as he tweaked and twisted her nipples. She writhed and wrapped her legs around his calves, kissing him back.

His cock swelled and he moved his body against hers, enjoying the softness of her curvaceous figure. As soon as he was hard enough, he reached down and slid inside her. She let out a delicious groan and they undulated slowly on the bed. Their movements were slow and sensual, and probably not what Samson wanted to see. But Josh was enjoying the closeness.

When Della came, she hugged him to her, gripped him between her thighs and kissed his face. But after the orgasm had passed, she whispered in his ear, "Time to go back to being the bull."

Josh pulled out, lifted her legs onto his shoulders and re-entered her. He jack-hammered his hips, bouncing her wildly on the bed. Della came again, screaming through the onslaught. Josh had another idea, pulled out and flipped her over onto all fours. He slid into her again, pushing as deep as he could. She pushed back, offering encouragement.

Glancing down at the far side of the bed, he saw the tube of lube where she'd dropped it after slicking up the strap-on. She'd easily taken his thumbs, and he saw how much of her own juices had soaked around her backside. He probably didn't even need the lube.

Josh pulled out, repositioned his cock a little higher and pushed slowly in. Della yelped and clenched, but then he felt her relax. He pushed again, sliding easily inside.

"Oh, you dirty bastard."

He smiled, pulled back a little and went deeper.

“Oh fuck.” She dropped her head down and sucked in a lungful of air.

Josh continued to slide in and out, enjoying the tightness.

“Samsy, can you see where he’s shoving his cock?” Her voice was quieter. A little hoarse.

In his peripheral vision, Josh saw Samson half-crouching to get a better view.

“He’s in your hole,” Della rasped. “He’s fucking me in your hole.”

Josh wondered if anal was usually off the menu for bulls. Maybe this was something she only allowed her husband to do. “Do you want me to stop, Della?”

Her breathing was ragged, coming in short gasps. “Ask him.”

Josh pushed in again, making her groan, and looked right at Samson, who was shaking again. “Do you want me to stop?”

Samson was staring right where Della was spread wide around the thick base of her bull’s cock. He opened his mouth, but no words came out.

“If you want me to stop—”

“No.” Samson licked his lips. “Don’t stop. Fuck her there and fuck her hard.”

Gripping her hips, Josh banged into her over and over again, though he resisted the urge to slam in as hard as he had when fucking her vaginally. Della yelped and cried, and soon he was on the precipice.

Josh wondered if they’d prefer to keep this as their special, personal thing. “If you want me to withdraw before I come, you’re going to have to tell me soon.”

Della’s voice was a whisper. “Samsy?”

“I’d prefer to hear you tell Ben what to do.”

“Okay,” she rasped. “Come where you are, Ben. Let me have it.”

Holding his breath, Josh slid in and out of her the few more times he needed to get over the last hurdle, then buried himself deep and held still. As soon as the first spurt left him, Della groaned. She groaned again with the second shot.

“He’s coming, Samsy. His big cock’s spitting its load. I can feel it soaking my insides.”

Josh held still as Della moved herself back and forth, making him shudder until the last spasms of his orgasm had ebbed away.

Finally, he pulled out.

Samson watched—and thankfully only watched—as Josh’s cum flooded out of Della’s backside and ran freely down into the slit of her sex, and from there down the insides of her legs.

Josh stepped back and walked over to his clothes. As he dressed, he watched Samson rubbing the cum in her bum and sex. Della’s eyes were closed as she allowed her husband the intimacy he craved. His cock was swelling again within the device, and Samson would undoubtedly need to come again before their night was through.

Josh walked to the bedroom door and stopped. “I had a great time tonight.”

Della looked back at him, her arse still raised and her boobs hanging down. “So did we.” She looked at Samson. “Get the key from my purse and unlock yourself.”

Josh smiled. “Enjoy yourselves. I’ll let myself out.”

He walked across the polished wood floor and left the couple to enjoy several more months of monogamy until Della decided it was time to become a slut again.

Chapter 36

When Josh returned to work after the week's holiday, line manager Andy called him into his office.

"How was the week off?"

"It was good. Did a few bits of decorating during the days, then watched porn in the evenings."

"Oh, to be young and single again, though I'd probably pay someone else to do the decorating and watch porn twenty-four seven." Andy pointed to the seat opposite. "Take a pew, I've got something to run by you."

Josh sat down. Though he wasn't particularly concerned, it was unusual to be called in without there being some sort of appraisal or catch-up planned. "Has Kelly accused me of eating all her biscuits?"

"No, but you're probably doing her a favour." Andy smiled, then turned serious. "I heard last week that we've secured the Gly-Po contract. It's initially a two hundred grand project, but there's a chance the job could grow significantly if they're happy with our services."

"Sounds great for the business."

"It is—that's why I'd like to put you in charge of the project."

"Me?"

"You've proved yourself to be very capable, and I think you'll do a great job." Andy sat back, smiling. "It'll be a good opportunity for you to prove to my manager what you've already proved to me."

"Wow. Thanks."

"I think three people will be enough for now, but if you need someone else later, let me know."

Josh's head was spinning. He was thrilled, but then again, he'd never led a project before; the idea was a bit daunting. "Decided who else'll be on the team?"

“I was thinking you could have Laura and Conor.”

Laura. Carla’s sister. The Oxford graduate with high ambitions who’d been with the company way longer than him. He frowned. “Will Laura be okay with me heading the project?”

“See? You’re already showing concern for the people on your team. You’re a born leader.” Andy smiled. “Yes, Laura will be fine. She has the same opinion of you as I do.”

Josh raised his eyebrows, then remembered Carla saying something about Laura considering him one of the leading lights at work. “Great. She’ll be a real asset. She’s hard-working and bright. As is Conor,” he added as an afterthought.

Andy laughed and tapped some keys on his laptop. “Conor is keen to please. I don’t think you’ll have a problem with him. I’ll send you some stuff to read to bring you up to speed on what Gly-Po has at the moment, and what they’re hoping our system will give them.”

“Great, thanks.” Josh got up and headed back to his own desk, a broad smile on his face.

* * * *

Andy had sent him about eight large files. *Eight*. Trying not to feel too intimidated, Josh arranged a new filing system on his laptop and started downloading them. Not his usual activity for a Monday night. He’d have to ease back on the time spent on the forums this week; he only had a few days before his mum and Brian came to stay and wanted to assimilate as much of the information before then as possible.

Of the several hotwives and cucks he’d been emailing, the only one he was particularly keen to meet was a lady who called herself Alice. She’d confessed that this was her first foray into the lifestyle, and that she knew very little about what was expected of her. She even admitted that she’d probably lose her nerve and not go through with it at all. Writing as Ben, Josh had tried to convince her that they should at least meet for a drink. He assured her that if she then decided not to go through with it, he would understand completely—but at least they’d be able to enjoy the drink and chat. Alice said she’d discuss it with her husband and email him back. That had been four days ago.

Josh quickly checked his messages—still nothing from Alice—and then spent three hours reading up on Gly-Po’s existing communications system. He was familiar with the company who’d supplied it and was also aware of the system’s limitations. In fairness, it’d been designed almost fifteen years ago; communications technology had advanced a long way since then. Having read the first report, he skim-read a second time and made notes.

His mum gave him a welcome break from work by calling to confirm their time of arrival on Friday at Euston. After making himself a bowl of cereal, he struggled to concentrate on the second report and took his laptop to the couch to watch TV while checking his messages.

Nothing yet from Alice, but Ria had emailed him. His heart beat a little faster.

Hi Ben – Hope you’re well.

Hubby’s been working in Ecuador for the last month, but is now back and ready for us all to play again. I trust you’ll have plenty of energy ??

We were thinking either this weekend or next – let me know if either is possible for you.

xxx Ria xxx

He smiled to himself, his cock already twitching in anticipation. He suggested the following weekend, closed down his laptop, turned off the TV and went to bed.

* * * *

Josh met Laura in the foyer on his way into work.

“Morning,” she said with a broad smile.

“Hi.” They headed up the stairs together. “I was going to come see you today to ask if you’ll have time for a chat about—”

“Yeah, ’course.”

He stopped and turned to face her. “Laura, I want you to know that I didn’t ask for this. I mean, I never thought—”

“Josh, don’t be silly. You deserve it, and I’m sure you’ll do a great job.”

He searched her eyes for signs of resentment but couldn’t see any. “Thanks. Really.”

“I’m looking forward to the project, and working with you and Conor will be good, too. He seems like a nice lad.” She continued climbing the stairs, and he followed, relieved she’d taken it so well.

At his desk, Josh booked a meeting room for eleven, and then worked rapidly on clearing his desk of current projects. He was in a light-hearted mood by the time he was finished, and headed down to the small cafeteria on the ground floor to buy cakes and coffees.

Laura smiled when she saw the welcome bounty. “You can’t do this for every meeting, Josh. You’d end up broke, and I’d end up the same size as Kelly.”

He laughed, connected his laptop to the smartboard and opened the reports Andy had sent him. He looked at his new team. “First off, I think I should point out the obvious. This is the first time I’ve led a project, and there’s a good chance I’ll make mistakes along the way. If you think things could be done differently or better, please don’t hesitate to speak up.”

Laura gave him a reassuring smile.

“Another thing I want to avoid is the ‘us and them’ culture that some of our managers seem to like. Andy’s not like that, and I don’t want to be like that, either.” He nodded at the list of files on the smartboard screen. “This is everything I’ve been sent so far. I’ve uploaded them to SharePoint and given you access.” He saw Conor pale slightly and hid a grin. “I know it looks like a lot, but I made a start on it last night. It’s clear and easy to read, at least. Which is a good job, because I intend writing updates on where we’re at weekly. I’ll need input from you two.”

Both nodded.

Josh looked at Conor. “I know you’re fairly new to all this, but I think you’ve been lucky to get on this project. Laura could just as easily been chosen to lead this one and, to be honest, I wouldn’t have been surprised if she had. So listen to her and learn.”

Her eyes went wide, but she didn’t comment.

He clicked on the first file. “Right, this is the system Gly-Po is using at the moment.” He explained the advantages and disadvantages as he saw them, encouraging both questions and observations from the others. The meeting lasted an hour and a half, and by the end they’d agreed what each was to do next.

“I’m not sure where you’re at with your current work, but if you could aim to get it off your desk in the next week or two, that’d be great.”

The others nodded, and as Conor headed back to his desk, Laura hung back.

“Thank you,” she said.

“What for?”

“The nice things you said about me, and for not being a knob. This would have been a nightmare for me if they’d given the project to someone like Stuart.”

He gave a mock shudder at the thought of having to work with that slimy, disparaging tosser. “It’s a two-way thing. Imagine how Stuart would have reacted if he’d been put in the team instead of you.”

She thought about that, then nodded. “Yeah, I guess he’d have made life as difficult as he could for you.”

“Exactly. So, thanks for not being a knob, either.”

She laughed and turned to the door. There was a long moment where she looked as if she was deciding whether or not to ask him something, and then she turned to face him. “I also wanted to thank you for not taking advantage of my sister.”

“What?”

Laura smiled. “Carla told me she’d propositioned you, but you turned her down because she had a boyfriend.”

“It seemed the right thing to do at the time.” Best not mention the number of times he’d since wished he’d taken her back to his flat and fucked her brains out.

“Yeah, but not many men would have done it. Stuart wouldn’t have been so chivalrous.”

“God, don’t put that image in my head.”

She laughed and headed back to her desk.

* * * *

When his mum stepped off the train with Brian, Josh couldn't believe the change in her. She wore a smart pair of black trousers and a fitted leather jacket. Her hair had been cut into a bob and she'd applied a little makeup. She looked fantastic.

He gave her a hug and shook Brian's hand. As they headed out of the station, she babbled about how excited she was coming to London and seeing a show. They went straight to Josh's flat and had a cuppa, then later Josh ordered a takeaway meal for them all. His mum and Brian headed off to bed just before midnight, and Josh settled down on the couch with his laptop. Ria had confirmed details of their next date, and Alice had replied to say that her husband thought the idea of meeting for a drink was a good one.

Josh sent off his replies, shut down his laptop, closed his eyes and thought about Ria.

The next morning, he woke early and went for a run. It was a bright and sunny, which would be perfect for a bit of sightseeing later on. After four miles he was starting to hurt but pushed himself to up the pace for the final mile.

There was no sign that his visitors were awake when he returned, so he headed into the shower and then dressed in jeans and a t-shirt from the pile of clothes he'd rescued from the wardrobe before giving up his bedroom. He'd just made a coffee when his mother emerged, wearing her own dressing gown and rubbing her eyes.

"Morning, love."

"Hiya. Sleep okay?"

"Yes, thank you." She blinked at the sun coming through the window. "Looks a nice day."

"I thought we'd do a bit of sightseeing and grab breakfast while we're out."

"That'd be nice. Are you not busy? I don't want to spoil your plans."

"I kept the weekend free, but if you two want to be alone—?"

“No, I’d love to spend the day with you both.”

“Great. The kettle’s boiled if you want a brew.”

She nodded and whistled to herself as she made tea. After taking Brian a cup of tea in bed, she sat with Josh and they caught up with each other’s news. Josh couldn’t help smiling at how happy she looked; apparently even her neighbours had taken really well to the new man in her life.

“What about finding yourself a new girlfriend?” she asked. “How are you getting on with that?”

He laughed. “I’ve seen several very nice ladies, but there’s nothing serious to report.”

“Oh well. What about Olivia, have you seen anything of her?”

“No. She spent the latter part of the summer at their villa in Spain.”

“Very nice if you can afford it.” She took a sip of tea.

Her comment gave him an idea, and he quickly finished his coffee. “I’ve got a couple of errands to run but I’ll be back in under an hour.”

It took him less than that to return home with flowers, booking confirmations for a weekend for two in Paris, a brochure, and a birthday card. Back in the kitchen, he wrote in the card and had just sealed it up when his mum and Brian came through, now showered and dressed.

Josh gave her the flowers and card, kissing her cheek. “Happy Birthday.”

She laughed and looked at the flowers. “They’re lovely, thank you. Have you got a vase?”

“Er...no. Sorry, I never thought of that. Put them in the loo, and we’ll buy one later.”

She slapped his arm. “I’ll put them in the sink, like any normal person.” She opened the birthday card and turned the brochure over in her hands. “What’s this for?”

“It’s a weekend trip for two.”

“Where to?” The cover had a picture of the Eiffel Tower.

“Well, it’s not Blackpool.”

She gave one of her smiles that showed she hadn't yet caught the gist. "Are you taking me to Paris?"

"What? No. I thought it'd be more fun for you if you went with Brian."

Her eyes widened and she glanced in his direction, then back at Josh. "You can't pay for us to go to Paris, it'll cost a fortune."

He laughed. "Stop worrying. You can either fly or go on the Eurostar, and you can choose the date you go. The sooner you decide, the wider the choice of places to stay."

"Oh, Josh." She gave him another hug. "I don't know what to say."

He smiled. "Come on, let's catch the tube into the city. I'm starving."

After eating a cooked breakfast at a small café near Piccadilly Circus, the three of them spent several hours seeing the famous tourist attractions of London. They had coffee and cake instead of lunch, then headed back to the flat mid-afternoon. Josh advised them to get some rest, and said he'd made reservations for an early dinner close to the theatre on Shaftsbury Avenue.

When his mum and Brian emerged from his bedroom, ready for their night out, Josh let out a whistle. "Wow, what a handsome couple."

His mum wore a fitted burgundy dress with black nylons and heels, and Brian a suit and tie.

She looked at Josh, still wearing the jeans and jumper he'd worn all day. "Do you need to get to your wardrobe?"

He laughed. "No, I'm staying like this." When he saw her frown, he confessed that he'd booked dinner for two.

"Josh, we have dinner together all the time—"

"Yeah, but not in a nice restaurant dressed in your finery, surrounded by the theatre crowd. Come on, let's get you pair out into the bright lights. I'll come and pick you up after the show."

His mum picked up a large wrap-around shawl and the three of them headed down to Josh's car. He dropped them off at the restaurant, making a

discreet arrangement with the Maitre D' that he'd pay over the phone when they were finished.

Back home, and finally alone with his laptop, he saw six new messages from couples wanting his services. He scanned through and fired off quick replies to each. Having extra work to do was fine, but his libido still needed quenching. He was hoping Ria would do just that in a week's time.

When he picked up his mum and Brian later, her face glowed. She talked about the show all the way home, saying how much she'd loved the music, their dresses and the lighting.

"It was just...magical," she said.

Brian looked over at Josh from the front passenger seat and winked. Josh peeked in the rear-view mirror at his mum, loving the way her eyes sparkled. This was the happiest he'd seen her in a long time. His dad's illness had dragged on for the best part of two years before his body finally gave up and surrendered to the cancer. She'd actually been in mourning since the initial diagnosis, which was almost five years ago.

"I've spent the evening playing video-games with a neighbour," Josh lied as they pulled in. "I said I'd go back and finish things off once I'd collected you." What he meant was, he didn't want to put them in the position of not finishing off their perfect night, which they might hesitate to do with him being just the other side of their bedroom door. He let them into his flat. "Don't wait up."

"Alright, love."

He headed down the stairs and over to the nearby all-night café. Having ordered a hot chocolate and slice of rhubarb pie, he killed a fair bit of time replying to website couples on his phone. By the time he returned home, the flat was completely silent. He stripped to his boxers, used the bathroom and settled down on his couch for a second night.

Chapter 37

For his second date with Ria and her husband, Josh wore a different suit and bought champagne instead of red wine. Standing at their front door, he realised he was more excited than he'd been for any other date he'd attended as Ben. It wasn't just the thought of having sex with the gorgeous woman; he was anxious simply to *see* her.

When she opened the door, his heart skipped a beat.

"Hello again," she said as she flashed him her beautiful smile and stood back to let him into the porch.

"Hi." He stared into her dark blue eyes and passed her the bottle.

She kissed his cheek. "You're spoiling me, darling. Come on through."

Josh followed, inhaling her perfume and admiring her body. Tonight she wore a halter-neck dress the same colour as her eyes, and silver sandals with a spiked heel. Her mid-brown hair hung loose and was incredibly shiny.

"Do you want a drinkie now, or would you prefer we save it 'til a little later?"

He stepped close and slipped his arms around her waist. "Whichever you want."

She raised her eyebrows and pushed her body against his. He was already starting to get hard. "It feels like you'd prefer to go upstairs now."

"I'd be just as happy to lift you onto the worktop and have the first one here."

She pulled away. "That's not how it works, darling. You should know that." She put the bubbly into the fridge and, flashing him an admonishing smile, took his hand and led him upstairs.

Josh cursed himself for suggesting they fuck in the kitchen when he knew her husband was waiting upstairs. Like last time, the bedroom was

empty. No doubt the Lone Ranger was hiding in the ensuite until Ria and her bull were naked on the bed.

Ria stepped close and kissed along his jawline. “So, have you missed me?”

His stomach fluttered as he ran his hands over her bare shoulders and down her back. “Of course I have. Have you missed me?”

She slipped a hand inside his jacket and traced her fingers around his nipple. “Mm-hmm.” Kissing around his mouth, she sucked his lower lip between her teeth and nibbled it gently. “But I suppose you’ve been busy with all those other hotwives...”

He looked into her eyes, wondering if he should lie.

Ria pushed her tongue into his mouth and pushed her groin into his hard-on. “Haven’t you?”

He nodded. “What about you? Have you seen other bulls?”

“Oh yeah. You know me, I’m a slut.” She pushed his jacket off.

Josh regretted asking. It wasn’t any of his business, of course, but he’d hoped she hadn’t enjoyed another bull since their last time. After all, she’d said he’d be her regular.

She quickly removed his shirt and dropped it on top of his jacket, but then she stepped back and studied him. “You look good.”

“Thanks. So do you.”

She reached her hands up to unfasten the halter neck, then pulled her dress down to reveal her perfect body. Some men might consider her breasts too small, but to Josh they were just right—perfect, firm domes with small nipples. The lighting showed off her toned belly, and the gentle swell of her hips led to those fantastic legs, enhanced even more by the heeled sandals.

“Lie down, Ben.”

Smiling, he kicked his shoes off and lay down in the middle of the bed. Ria straddled him. “I’m going to make a mess of your trousers.”

“Are you?”

She lowered her crotch onto his groin and nodded. “Mm hmm.” Grinding against the swell of his cock, she used friction from the material to

stimulate herself. “Would you be awfully disappointed if I made myself come like this?”

“Only if you sent me home immediately afterwards.”

She laughed. “I’d never send you home frustrated.”

Without his boxers, he could feel the heat of her crotch through his trousers. His cock was painfully hard and pointing north, the tip close to the waistband. If she kept this up, he’d be able to come like this, too.

Ria sighed. Her cheeks were pink, her neck also a little flushed. She was already close. Josh took her hands in his, entwining their fingers as she ground against him. She gasped, and warmth flushed over his groin.

Her eyes fluttered and she dropped her head back, her chest rising and falling as she breathed deeply. She looked magnificent.

Finally, she smiled down at him. “Sorry, but I’ve wanted to do that ever since Livvie’s party.”

“You could have done it last time.”

“I was too eager to get you naked last time. But now...” She looked down at his sodden trousers. “Now you can get naked.”

As she climbed off, Josh saw her masked husband kneeling by the foot of the bed. He must have been lying under the bed when they’d entered the room.

Once Josh was naked, Ria lay down on her back and spread her legs. “Come here and fuck me.” She pointed at her chest. “Then come *here*.”

He stared into her face for a second, admiring the halo of her hair on the pillow, then slid into her. He closed his eyes as her heat enveloped him.

She moaned and slid her arms around his waist, riding him from below. “Oh yeah.”

He moved in her and she rolled her hips in time with his thrusts.

“Oh god, yeah.” She opened her eyes and held his head between her hands as he fucked her slowly. “That feels good. That feels so... fucking... good.”

Breathing through his mouth, he wished he wasn’t quite so close, wished this could go on forever.

“I’m going to come again. Don’t you dare pull out yet.” She worked her hips, bringing herself off.

Josh took a breath, desperate not to spoil it for her. She wanted him to come over her tits, and he was determined to oblige. But he needed her to come sooner rather than later.

She opened her eyes wide and frowned, then another smattering of wetness soaked his balls. Ria pushed her head back into the pillow and closed her eyes. Josh fucked her deep and steady, ploughing through her contractions and spasms as her entire body trembled. His balls felt like they were about to burst.

He pulled out and held himself above her. She pushed her boobs together and watched his cock as he fired a thick rope of cum up over her stomach and chest. As Ria writhed on the bed, Josh added another three heavy splashes onto her boobs, then a couple of lighter ones onto her cleavage and stomach.

Looking down at her husband, she slapped the mattress. “You, get up here.”

Josh knelt back between her legs and Hubby slinked up onto the bed, looking down at her.

“Have you seen how much cum a dick like that spits out? When have you ever managed to cover my body like this?” She glanced down at Josh and smiled. He was still hard. “My bull’s ready for seconds, so you can lick his cum off my tits while he fucks me again. If you’re lucky, I’ll get him to pump his next load inside me for you to tease out with your tongue.”

Hubby dropped his masked face onto her chest, and Ria raised her hips off the bed. Josh guided himself back inside her and, staying in his kneeling position to avoid leaning on her husband, he fucked her again. Ria wrapped her long legs around his waist.

She stroked Hubby’s hair. “Give me some. Share it.”

Josh watched as the married couple French kissed, a dollop of his cum sliding over their tongues.

Ria moaned theatrically, then broke the kiss. “More. Get me more.”

Hubby dragged his tongue through the cum on her chest and resumed kissing her. As Josh listened to their kisses, he increased the speed

of his thrusts. He didn't want them to kiss, didn't want her husband near her. Pounding her hard, he gripped her hips and pulled her onto his cock.

She finally looked up at him, now ignoring her husband, who went back to lapping the jizz from her nipples. She clenched her jaw and rocked her hips, as if urging Josh to come.

With a grunt, he buried himself deep and let go. Her body heaved and rippled, making him shudder as she drained him. When he'd finally stopped shaking, she placed a heeled foot against his chest and pushed him back and out, then smiled at her husband. "Come and get it, tiger."

As Hubby dropped his face between her legs, Ria leaned over and took his cock into her mouth.

Josh felt a coldness grip him as he watched them 69. Both moaned, and he clearly heard them both swallowing. Ria made sounds like she'd come again on her husband's tongue, but Josh had no way of knowing if she had. Jealousy washed through him.

Ria finally released her husband's now-flaccid cock and laid her head back on the pillow. She smiled at Josh, who tried hard to keep his face neutral. Then she stroked her husband's thigh. "I think Ben and I deserve a little drinkie now."

Hubby nodded, got off the bed and walked into the ensuite.

Ria held her hand out to Josh and, just like last time—with him naked and her wearing only fuck-me-shoes—they walked downstairs and into the kitchen.

Sitting at the same table as before, Ria passed him the bottle and placed the glasses in front of him. Josh released the cork and poured.

"Cheers." Ria was smiling, but he got the impression there was something on her mind.

He touched his glass to hers, took a sip and waited.

"I'm starting to feel guilty about your trousers."

He laughed and shook his head. "Don't."

"But what will the lady at the dry-cleaners think?"

"It's actually a very friendly Chinese gentleman, and he'll assume I've either spilled soup in my lap, or I've peed myself."

She laughed.

He looked down at her foot. “Doesn’t seem the same without there being cum on your shoe.”

“Hmm. I decided to give him a bit more this time, so now I’ve got the taste of his cum in my mouth.” She stared into his eyes. “Does it bother you?”

He swallowed. “What?”

“That I’ve got remnants of Hubby’s cum in my mouth.”

He shook his head, desperately trying to hide his feelings. “He’s your husband.”

“Some bulls don’t like it.”

“Really?”

“They get jealous.”

He took a hasty swallow of his drink. It was almost as if she was reading his mind. “But he’s your husband.”

“They think that when they’re here, I should be swallowing only their cum.”

The thought of Ria swallowing the cum of the other bulls didn’t rest easy with him. The thought of her just *seeing* other bulls bothered him. He shrugged, not sure what to say.

“I’m glad you don’t mind Hubby getting some fun.”

He didn’t know if she was referring to the fact he hadn’t complained when she sucked hubby’s cock, or that he’d allowed Hubby to suck his cock the last time he was here. “I understand that I’m here for both of you. If Hubby didn’t enjoy it, I wouldn’t be here.”

Her beautiful face lit up. “That’s exactly right. I’m so glad we’ve found you.”

“Me too.”

She studied him for so long that he grew worried about what her next announcement might be.

“What is it?”

She took a breath, then shook her head. “It’s nothing.”

He tilted his head, not liking being kept in suspense.

“Hubby got a big thrill from handling your cock the other week.”

“Oh.”

“He’s impressed by your size. Especially the girth.” She cleared her throat. “I’m pretty sure he’d like to do more.”

And there it is. He tried to keep his face from falling. “More?”

She smiled. “Do you think you could let him do more?”

His throat was dry. The gulp of champagne sent bubbles right up into his nose, making him cough. “What sort of more?”

She looked down at her foot and twisted her ankle. His eyes followed her gaze. Her legs were breath-taking.

“I think he’d like to play with your cock for a while.”

Josh watched her foot, the toenails expertly painted in the same shade of blue as her dress: the same blue as her eyes, which he forced himself to look into. “He wants to play with my cock?”

She leaned close and kissed him gently on the cheek. “Would you let him do that? For me?”

He knew he was being manipulated, but wasn’t sure how to deal with it. He remembered Della asking if he’d wanted to sodomise Samson; that hadn’t been a problem—he’d had no compunction in saying no. With Ria, things were a little different. “Would I have to do anything to him?”

She shook her head. “No, but I’d like it if you kissed me.”

“Kissed you?” Hubby had come in her mouth just a few minutes earlier.

She nodded. “I like that you kiss me. It’s nice.”

“Don’t most bulls kiss you?” Maybe he was hoping she was like Tina and usually refused to kiss bulls.

“No, they usually just fill my mouth with their cocks.”

“Oh.” He felt foolish. Childish.

“But I like that you kiss me.” She leaned close and kissed his lips gently.

He was sure it was a test, seeing if he’d let her put her cum-smeared tongue in his mouth. Josh would have refused outright, but tonight he was

Ben the Bull. As Ben, he did as instructed, pushing his tongue deep into her mouth.

Ria groaned and gripped the back of his head, sliding her tongue against his. He'd kissed enough women who'd just sucked him to recognise the taste of cock, but he couldn't tell if she actually tasted of cum. He concentrated on the smell of her perfume and the taste of her lipstick.

She pulled back and looked into his eyes. "So, we'll go back upstairs, and we'll lie together on the bed, okay?"

He nodded. Waited.

"We'll kiss, and you can touch me..."

He swallowed.

"And while we're doing that, Hubby will give your cock a little squeeze." She smiled. "And maybe a little suck."

He held his breath as images of coming in Samson's mouth flashed through his mind.

She leaned close and gently kissed him again. "Is that okay, Ben?"

He hesitated for a second, then nodded.

Another beautiful smile, then she stood and held out her hand. She led him back upstairs to the bedroom where Hubby was waiting by the fireplace. Josh saw her give him a subtle nod.

Ria climbed onto the bed, patted the mattress at her side, and Josh joined her, lying on his back. Ria reclined onto her side, facing him. She leaned close and kissed him. He returned the kiss, and within a matter of seconds they were indulging in extremely heavy petting. He reached over and caressed her side, running his hand down over her hip.

Without breaking the kiss, Ria rolled onto her back and spread her legs. Josh twisted his upper body to face her. His hand skated over her mound and he slipped two fingers inside her, making her moan. Just as he placed his thumb over her clit, Hubby's fingers wrapped around the base of his dick.

Concentrating purely on kissing and fingering Ria, Josh blocked out what was happening below his waist. Ria put her hand on the back of his

head and fucked his mouth with her tongue, and he responded by finger-fucking her faster.

Josh felt his dick being licked, and then it was taken into a mouth. It was warm. He tried not to think about any other aspect of that sensation. He heard Ria groan. He pushed his fingers deeper, curled them forward until she moaned again.

Much to Josh's dismay, his dick was soon fully hard. Hubby bobbed his head on it while pumping the base with his hand. Josh fingered Ria harder, and she arched off the bed and screamed. He didn't let up and was rewarded with a powerful squirt that drenched his wrist. As Ria pulled her head back and groaned again, Josh realised he too was about to come.

He opened his eyes and stared into hers. She smiled, stroking his face. Josh then let out a sigh and flooded Hubby's mouth. The guy gulped, gagged and gulped again. Josh spurted two or three more times, and Hubby kept swallowing.

When it was over, Josh lay back and closed his eyes. Ria slid her arm around his waist and kissed his neck. He felt Hubby's weight release from the bed, and then the door to the ensuite opened and closed. The two of them lay in silence for several minutes.

Ria leaned up on one elbow and grimaced apologetically at him. "I'm afraid we've got an early start tomorrow, so you can't stay over."

"Oh, okay." He tried not to show his disappointment. *Serves you right for expecting more middle-of-the-night coupling.*

He swung his legs off the bed and pulled on his damp trousers, stepped into his shoes then stood to retrieve his shirt.

Ria got off the bed—still wearing her sandals—and stood in front of him as he fastened his shirt and bent for his jacket. She ran her hand over the wetness at his groin. "I'm really sorry about that."

He forced a laugh and turned toward the door. He trotted down the stairs, Ria following in silence. He grabbed his keys from the kitchen while she waited by the inner front door.

She smiled as he approached. "Thank you."

Josh leaned in and kissed her. She kissed him back. He pulled her close and pushed his wet groin against hers. Ria laughed. He ran his hands

over her body, pinching her nipples and pushing his now-hard cock against her.

“Ben...”

Pushing her against the wall, he unzipped and took his cock out. She frowned, but he didn't care. With her heels, they were almost the same height. He bent his knees slightly and guided his cock between her legs. As he straightened, he entered her.

“No, Ben.” Ria let out a groan and slid her hands around his waist. Her hands moved up inside his jacket, stroking his back. He fucked her hard, banging into her again and again. He felt her clench, and she bit into his shoulder to stifle her moans. As he banged harder, she wrapped one of her legs around his.

Then he held still and fired deep inside her as they stared into each other's eyes. Letting out a long sigh, he withdrew and zipped himself up. He'd fantasised about making her come like that, but the reality put his daydreams into the shade.

Out of the corner of his eye, he saw movement at the top of the stairs. Hubby must have seen them. Josh frowned. “I'm sorry, I just wanted —”

“It doesn't matter.” She forced a smile. “It's okay.”

He nodded. There was so much he wanted to say, but instead he opened the inner door and walked into the entrance porch. Ria stepped round him and opened the front door. The night was dark, and there was a fine drizzle of rain.

He tried to smile, but he knew he'd just overstepped the mark. “Ria...”

“Goodnight, Ben.” She gave a sad smile and closed the door.

Josh stalked across to his car, furious with himself. After pulling off their drive, he stopped a few hundred yards down the road and closed his eyes. He'd fucked up badly. He'd pushed Ria into sex while her cuckold wasn't present, which would undoubtedly put her in a difficult position with Hubby. But he'd also done something much worse than that.

He'd fallen in love with her.

Chapter 38

Over the next few weeks, Josh threw himself into his work and indulged himself with hotwives. They became an endless stream of nameless bodies which, as Ben, he used to try to erase the memory of Ria's sad smile as she'd closed her front door on him. He'd emailed an apology as soon as he got home but still hadn't received a reply.

None of the other women had seemed to mind his aggression, probably mistaking it for passion. In the first three weeks following his night with Ria, Josh fucked eleven hotwives. He'd travelled as far north as Bradford and as far west as Truro, sometimes sleeping with the women all night long, and sometimes driving the long trek home. On one occasion he slept in his car after being asked to leave.

The project at work was progressing well, and the people at Gly-Po had invited him to their office in Loughborough to discuss some minor changes to their order. He asked Andy if the whole team could go, saying he wanted to make the others feel included and valued. Andy nodded his understanding but explained since it was an overnigher, the budget would only stretch to two of them going. He suggested taking Laura.

They travelled together in a hire car, which Laura drove. The Gly-Po people were very welcoming, and also very pleased when Josh confirmed that they could have what they wanted without significant impact on the deadline or price.

In the evening, four members of staff took Laura and Josh to an Italian restaurant for dinner. The taxi dropped them back at their hotel around eleven-thirty.

Josh saw the hotel bar was still open. "Fancy a nightcap? I'll put it on my expenses."

"I'll find a table. Brandy for me, please."

"So, how do you think today went?" he asked, once he'd returned with two glasses of Remy Martin.

“I think they’re happy—they seemed pleasantly surprised when you said the extras wouldn’t present a problem.”

He nodded. “I’ll probably get bollocked by Andy for that. Someone with more experience would’ve wangled it to our advantage.”

Laura laughed. “Stop worrying, you’re doing fine.”

“Thanks. I’m just never sure. Things feel okay, and Andy seems happy enough.” He let out a breath. “But I never know if you and Conor feel it’s—”

“Josh! Stop worrying.”

“Sorry.” He decided to stop talking shop. “I never realised until I went for a drink with Carla that we grew up in neighbouring counties.”

“Oh?”

He nodded. “I’m from Lincoln.”

“I didn’t know that.” She sipped her drink, then grinned. “She still asks about you, you know.”

“Carla?”

“I think she was quite smitten.”

He laughed. “She’s probably just being polite.”

“Yeah, maybe.” Laura smiled. “She’s three years younger than me. When I left home to go to uni, she was a goofy little teenager. By the time I’d graduated she’d blossomed and every boy in the village had the hots for her.”

Josh smiled. Laura was a good-looking woman, but Carla was spectacular. “Were you jealous?”

Laura studied him for a few seconds. “Do you really want the truth?”

He leaned back a little, worried that he’d upset her in some way.

“I never liked any of the boys in our village, even though one of them took my virginity, and another couple got lucky as well over the years. But I haven’t slept with a guy since my second year at Oxford, and nowadays the only things that go inside me are my wand and my girlfriend’s strap-on.”

Josh felt his jaw drop.

Chuckling, Laura reached over and propped his chin back up.
“Surprised, are we?”

“I suppose so.” In truth, he’d never thought about Laura’s sexuality.
“I’d never noticed if you brought a guy to the Christmas parties or not.”

“If I looked like Carla, you’d have been a lot more curious.”

Josh knew she was probably right. He decided to show he appreciated her sharing something so private with him. “Well, since it’s confession time, I haven’t actually had a girlfriend for the best part of a year. I spend my time shagging married women—and more often than not, their husbands wank themselves off in the corner while I do it.”

Josh reciprocated the hand under-the-chin routine.

“Fuck, Josh. *Really?*”

He nodded.

“Wow.” She blinked, shaking her head. “I thought those people only existed in chatrooms and dirty films.”

“We’re just ordinary people.”

“And the husbands and wives?”

“Happy loving couples, normal in every way except they occasionally spice up their love-life by inviting someone else into their bed.”

“And what about you? Do you enjoy it?”

“What, shagging gorgeous, dirty women who’re only interested in sex?”

“Okay,” she said with a laugh. “Of course you enjoy it.”

He thought about Ria, and how he’d felt when they’d made love in the middle of the night during their first date. “Sometimes it’s hard—”

“I thought that was part of the job description.”

Josh glared at her. “Shut up, you dyke!”

She laughed out loud and shook her head. “Sorry, go on.”

“Sometimes it’d be nice to just...”

Laura leaned forward. “Just what?”

He ran his finger around the edge of the glass, trying not to let Ria burst back into his thoughts again. “Just to wake up and cuddle, I suppose. Share more than body fluids.”

She sat back, looking thoughtful. “So why do it?”

“It has its advantages.” He grinned. “Did I mention the part about gorgeous dirty women who’re only interested in sex?”

She raised an eyebrow at him.

“It’s fun at the moment. I don’t think I’ll be doing it forever, but for now it’s a blast.”

“Hmm, a blast of testosterone. How did you get into it?”

“It’s a long story, and we need to be up early tomorrow.”

She finished her drink and followed him to the lift lobby. She pressed 3, and he pressed 4.

When the lift stopped on the third floor, she smiled at him. “Thanks for confiding in me.”

He nodded. “You too. Shall we say breakfast at half seven?”

“Yep, good plan.”

As he rode up to his floor, a great weight rolled off his shoulders. He liked Laura, probably even more now that they’d shared their secrets.

* * * *

Josh got to the bar at the Swansea hotel a few minutes early for his meeting with Alice, and at exactly 8.30 a solitary lady walked in. She looked apprehensive. She was also considerably older than he’d expected.

Josh walked across to meet her. “Hi, is it Alice?”

She looked at him. “You’re Ben?”

“That’s me. Can I get you a drink?”

“Oh. Er... yes. Could I have a glass of port, please?”

Josh got her drink and led her back to his table, studying her from the corner of his eye. She was probably a similar age to his mum, with a pleasant face and a trim but full figure. Her black dress ended a couple of inches above the knees and the plunging neckline revealed a generous cleavage. She tottered slightly in mules with heels higher than she was

probably used to walking in and wore no nylons. He got the impression she had more skin on show than she was comfortable with.

It quickly became clear that she was so nervous that it was up to him to break the ice. "It's nice to meet face-to-face at last."

She gave him an embarrassed smile. "I think it's probably a lot nicer for me. You're... You're much..." She shook her head. "I hate to think what you thought when you first saw me."

"I thought *I hope that's Alice, so I don't have to sit on my own all night.*"

"You know what I mean. You're young and look like a film star."

He laughed out loud. "That's very kind of you. I'm not sure what I was expecting, but I'm certainly not disappointed."

She blushed and took a large gulp of port.

Josh looked around the bar. "Is your husband joining us for a drink?"

"No. He thought I'd be able to relax more if he wasn't here."

"Okay. And are you relaxed?"

She took another gulp.

Obviously not.

As they made small talk about Swansea and Wales, she began to relax a little.

"So you're from London?" she asked.

"I live there now, but I'm originally from Lincoln." He smiled. "I love your dress."

She blushed and glanced down at herself. "My husband made me wear it, and these shoes. I feel a bit—"

"You look lovely."

She lowered her voice, looking around almost fearfully. "I've never done anything like this before."

He decided to tease her a little to lighten her mood. "What is it you've never done before?"

"You know." She nodded in his direction. "What... *you* do."

He leaned closer, enjoying the view of her boobs. “You’ve never had sex before?”

She laughed nervously. “Of course I have. But never with a...” She closed her eyes and took a deep breath, then looked at him again. “Never with a stranger. And certainly never with anyone who looks like you.”

He smiled, flattered. “Thank you. Well, I know you only agreed to meet for a drink, but I’m genuinely hoping you won’t lose your nerve and back out.”

She cleared her throat and met his eyes properly for the first time. “You mean you’d still want to...you know?”

He nodded. “Definitely.”

She rubbed at the lines to one side of her mouth. “Even though I’m... Well, even though—”

“Alice, you’re much more than I’d dared hope for.”

Another embarrassed smile crossed her face, and she looked down into her lap.

Josh waited.

“Can I tell you something?”

“Of course you can.” He reached over the table and squeezed her hand. “And stop looking so worried.”

She sighed. “Where to start...? Our two children are both grown up and have places of their own, and over the years I suppose Joe and me— Joe’s my husband—well, I guess we’ve drifted apart. I lost interest in things...” She frowned again. “Sex things, I mean. I drank more than I should, and my lifestyle was... I think it’s fair to say I let myself go.”

“I find that hard to believe. You’re in great shape.”

“This is the result of a lot of hard work and willpower. I’m too embarrassed to tell you how much weight I’ve lost, but if you’d seen a photo of me from a couple of years ago, you wouldn’t be sitting here now.”

He gave her hand another small squeeze.

“I knew things were getting Joe down—the drinking and my lack of sex-drive. It all came to a head in a big argument, and he said if I didn’t

want to have sex with him, then maybe I should find someone I *did* want to have sex with. I thought he was telling me he'd found somebody else."

This wasn't really the conversation Josh wanted to be having, but she clearly needed to get a few things off her chest.

Alice took another slug of port. "I tried to explain that it wasn't him, and that I just didn't feel sexy because I'd allowed myself to get into such a state, physically. Joe challenged me to do something about it. He said something about me rewarding myself if I got myself into a position where I felt sexy again. I honestly thought it was just his way of inspiring me to get my figure back. But he kept saying that if I got myself back to how I wanted to be, then I'd have his blessing to find a handsome stud to make all my effort worthwhile."

"Well, you've certainly gotten yourself into looking sexy."

"Thank you." She took a deep breath. "So, I watched what I ate, cut back on drinking and did a lot of walking. I started to feel sexy for Joe again, and our sex-life got better. But Joe wouldn't let the 'stud' thing drop."

So, Joe was the one with the agenda. Maybe he'd read a few stories or visited some wife-sharing sites. "He likes the idea of you sleeping with another man?"

She looked down. "Yes."

"It's a fantasy for more married men than you'd imagine."

"And women."

He laughed. "Yes. A brief encounter with a stranger is probably quite high on a lot of married women's list of fantasies. But not all couples are brave enough to take it from fantasy to reality."

Alice took a deep breath, then finished the last of her port. Josh signalled to the barman and another round was delivered.

She picked up the fresh glass and clinked it against his. "Dutch courage."

"We're just having a drink and a chat," he reminded her, hoping she'd no longer feel the need to rely on the port to get a buzz. "It doesn't have to go any further than this."

She nodded. “Thanks, but I know Joe would be disappointed if I got cold feet now.”

He took her hand back. It was shaking. “Alice, I understand that you want to please Joe, but this has to be what you both want.”

She smiled sheepishly. “I’d probably never forgive myself if I didn’t go through with it, either.”

“Okay.” That was a bit more promising. “Tell me why you picked me from the website.”

“I...” She sighed. “Joe had spent weeks, maybe months, looking at various sites. He kept suggesting this one or that one, and at the time I was certain it’d never happen at all, so I went along with it. When I started looking at the website by myself, I started reading the reviews and feedback the other wives had written.” She grinned shyly. “You have some of the nicest comments, and a couple said you were nice, easy to talk to.”

This was a surprise.

“I actually wrote to three or four...” She looked down at the table and leaned closer. “*Bulls.*” She looked up again and shivered.

Josh laughed. “I’m not sure where the term comes from, but we’re just regular guys.”

“I’m sure they’re all nice men, but you sounded particularly friendly. You were less pushy, somehow. I decided that you’d be the one I’d...you know.” She shrugged. “*Want.*”

“And what about Joe?”

“What about him?”

“Was he happy with your choice?”

“He’d have been happy with anyone.”

“So why isn’t he here now?”

“He’s upstairs in his room.”

“*His* room?”

Alice nodded. “We booked two. One for him, and one for me to... you know. *Use.*”

It was refreshing to meet a woman who wasn’t in full-on slut mode. “But doesn’t Joe want to be there? To watch it?”

“What?” Her eyes were like saucers.

“Well... Husbands who like the idea of wife-sharing usually like to see it for themselves. Has he not asked if he could be in the room, watching?”

Her expression of horror eased down as she twisted her glass between her palms. She started to answer, but then hesitated and looked thoughtful. “I think he might have made some comment a while back, but...” She took a sharp breath. “I can’t remember what I said when he mentioned seeing me in the throes of...”

“Would you mind him watching you?”

She looked at her drink while she thought about it. “I don’t know. Wouldn’t you mind?”

He didn’t think it appropriate to tell her how many husbands had jerked off while watching, let alone how many had licked up his cum. Or sucked his cock. “No, I wouldn’t mind. I’m only here because it’s something you both want.”

She bit her lip. “I don’t know what to do.”

“Why not phone him and give him the option? He could either come down and join us for a drink, or he can meet us in your hotel room, or he can stay in his own room and ask you questions later.”

Alice stared at him.

Josh got to his feet. “Look, I’m going to ask at reception what time the gym and pool open in the morning. You can either phone Joe or not. It’s up to you if you want him there, or if you think he’d want to be there. But it has to be your decision.”

When Josh returned five minute later, Alice was thanking the barman for delivering another round. Josh sat down, noticing that there were only two drinks.

“Joe’s going to meet us in the room in fifteen minutes,” she said with a nervous smile.

“Good. I suspect it’s what he wants.”

She nodded and picked up her glass. Her cheeks were slightly pink.

Josh watched her taking long swigs. “Is the Dutch courage helping?”

“I’m not sure. I’m still shaking, but now it’s only on the inside.”

“Aren’t you feeling anything other than nervous?”

She blushed deeper, looking down at the table.

“Alice, can we talk about what you’d like to happen when we get to your room?”

“Well I was hoping that you’d know what to do.”

He laughed. “Yeah, good point.” He held her hand on the table again. “What I meant was, I need to know what you’d like to do.”

“I hadn’t really thought about it.”

He raised his eyebrows but didn’t comment.

She snorted. “Who am I kidding? I’ve thought of nothing else for months.”

“Good. So, tell me what you’ve imagined us doing together?”

She stared up to the ceiling and blew out a long breath. She looked as if she was going to say something, then shook her head. “What do you usually do?”

Describing some of the things he’d done probably wasn’t the best way to prepare her. “How about I ask you questions regarding what you might like?”

“That sounds like a good idea.”

“First off, I should ask about safe sex. Would you like me to wear a condom?”

“You can if you want, but I’m post-menopausal so you won’t be getting me pregnant.”

He smiled at her innocence. That wasn’t the only thing to worry about, though he wasn’t worried for himself at all, having started a pattern of regular check-ups. “Right. Well, I can assure you that I don’t have an STD, so if it’s okay with you, I’d like for us to go skin on skin.”

She smiled and nodded. “Good. I prefer that. I like the idea of...you know.” Alice shook her head as if ashamed of her own inability to speak about such things. “Your *stuff*.”

“You want me to come inside you?”

“Yes. I like that. It’s intimate. I think if you didn’t, I’d regret it afterwards.”

“Okay. So, your dress looks great. What am I going to find when I take it off?”

She frowned. “What do you mean?”

“You look really sexy in the dress, but it’ll turn me on now to think about what you’re wearing underneath it. Describe your underwear.”

“I’m wearing a one-piece with a built-in bra. Nothing else.”

“No panties?”

“It buttons under the crotch.”

“Can I undo those buttons, or would you prefer to undo them yourself?”

“You could.” She swallowed hard. “If you wanted to.”

He grinned. “I might actually undo them with my teeth.”

“Do you always talk like this to the women you—” she shrugged “—see?”

“Always. When I take your dress off, will you keep your shoes on for me?”

“If you like, but they’ll probably fall off the second my feet leave the ground.”

“How many times am I allowed to have you?”

Alice laughed. “As many times as you want.”

“Good to know. It’ll be at least three times.”

Her eyebrows disappeared into her hairline.

“Possibly four.”

“That’s a month’s worth!”

Josh laughed. “Am I allowed to kiss you?”

She nodded enthusiastically.

“I had to ask. Joe might not like us kissing.”

“Considering what else we’ll be doing, I’m sure he won’t care about kisses.”

He nodded. "Speaking of Joe, some husbands are disappointed if I come inside their wife every time. They often like to see me come over their wives."

Her nostrils flared slightly. "He used to like to do it on my breasts, when we were younger."

"I can understand that. You've got great tits."

She giggled and looked around, making sure nobody could hear them.

"I'm going to come over your tits the second time. The first time will be inside you."

"Okay." Her breathing was a little ragged, and he suspected the pinkness in her cheeks was no longer due to the port or the embarrassment.

He decided to risk pushing her a little more. "I'm also going to want to put my cock in your mouth."

Her mouth dropped open wide enough for him to put it in there and then.

"Would that be okay?" For a second, he thought he'd gone too far.

But then she nodded. "Yes, I'd like that."

He smiled. "Good."

"You could come in my mouth, if you wanted to."

This was a surprise. "Are you sure?"

"We've not done it for a long time, but..." She shrugged. "Joe used to love it, and I enjoyed the way it made him shudder."

"What about him seeing you do it to me if it's something you haven't done to him for so long?"

"When I phoned him, I didn't ask if he wanted to watch. I said *I* wanted him to. I also told him that anything I do with you tonight, I'll do with him when we get back home."

He glanced at his watch. "It must be more than fifteen minutes since you called him, and I'm getting impatient about taking your dress off."

Once she'd drained her glass, Josh stopped at the bar to sign for the bill, and then led her to the lift.

Alice was a little unsteady on her feet—possibly down to the port, her nerves, or the height of her heels. As soon as the lift door closed, Josh bent and kissed her. She kissed him back, resting her hand on his arm.

Josh broke the kiss and gently moved her hand down to his groin. When she felt his cock, half-swollen down his left leg, her eyebrows headed up to her hairline again.

He smiled and ran his hand over her breast. “I’m going to enjoy you, Alice.”

“Patricia. My real name’s Patricia.”

“Okay, but I’m going to keep calling you Alice.”

She nodded. “I chose it because doing this has all been such an adventure. It’s like my Wonderland.”

He ran his hand down her tummy and pushed her dress between her legs, making her shiver. “Curiouser and curiouser.”

Ψ

Chapter 39

The lift stopped, the doors slid open and they walked along the corridor to her room.

Joe was sitting on an easy chair by the window. He stood up as soon as they walked in but didn't speak or come to greet them. He looked older than Alice, his greying black hair combed back and tucked behind his ears. He was clean-shaven and had a bit of a paunch.

"Hi Joe," Josh said, nodding towards the chair Alice's husband had just got up from. "Please, make yourself comfortable."

As Joe sat slowly, Josh turned his attention back to Alice. He could see through her smile that she was nervous. He leaned down and kissed her, and she returned his kiss with much more fervour than she had in the lift. Her hands slid inside his jacket to explore his body.

He pulled her close, crushing her breasts against him as he dropped his hands to cup her backside. Their kissing was heated—tongues, groans, her fingers running through his hair.

Breaking the kiss, he turned her around. They were about eight feet from where Joe was sitting. Josh put one arm around her waist and pushed her gently forward until she rested her hands on the mattress. He stepped close and pushed his groin against her arse, then reached under to stroke her breasts.

Alice moaned, and Josh glanced to his side. Joe's eyes were fixed on his wife's face. Josh squeezed her breasts and teased the nipples through the dress. Slowly, he dragged his hands along her sides and over her hips, then traced his fingers down until they reached the hem. The skin of her legs was soft and warm. He slowly moved his hands upwards, dragging her dress up and revealing the tops of her thighs. They were slightly mottled with cellulite but had good muscle-tone. Her feet were planted a step apart, her shoes still on. He thought she looked sexy and felt sure Joe would agree.

Josh flipped her dress up to her waist, revealing her backside and the ivory lace of her one-piece. He dropped to his knees and placed a kiss on the back of her thigh. She shivered. He kissed her again, this time a little higher. His third kiss was just to the side of the buttoned gusset, and it made Alice moan.

He stroked his palms over the cheeks of her bum. Little stretchmarks scarred the slightly dimpled flesh, reminding him of her confession about the significant weight loss.

"You have a wonderful body," he whispered.

Slowly, he moved his fingers over her crotch. The material at the gusset was soaked, making the small pearl buttons slippery. But he opened them without too much hassle, eased the back flap of the lace up, and bunched it with her dress at her waist.

Her pubic hair glistened with moisture and her swollen outer lips were coated with a thin film of clear juices. He inhaled her scent. Leaning closer, he ran his tongue around the opening of her backside.

Alice whimpered. He pushed the tip into the tight hole, making her cry out. He moved his mouth lower, licking and kissing at the oh-so-soft flesh until he reached her sex. He dragged his tongue up through the outer lips and she groaned, her legs shaking slightly. Gripping her firmly, Josh pushed his tongue deep into her channel, fucking her with it, holding her still as she sobbed and moaned. He withdrew and bent lower, pushing his head a little further between her parted thighs. He extended his tongue and lapped her clit.

"Ohhh..."

He repeated his action until her legs shuddered, then eased back and pushed his tongue back into her cunt. It was tempting to take her all the way like this, but Josh suspected both she and Joe would prefer he used his cock.

He stood and slipped off his jacket, dropping it onto the floor at the side of the bed. With Alice still bent over, he unfastened his belt, button and zip, and let his trousers slide down to his knees.

As his cock sprung out, he heard Joe take a sharp breath. He slowly stroked the tip between Alice's slick outer lips, then eased in very slowly. She opened around him like a flower.

"Ahh."

He glanced at Joe, whose wide eyes were fixed on the sight of this huge cock invading his wife's body. Pushing himself a little deeper, Josh felt the tightness of her channel. He held her hips and gave her another inch.

"Oh gosh. Oh... My... Gosh."

Josh was two-thirds of the way in. He pulled back until the tip almost came out, then slid slowly back in, going a little deeper.

"Oh... *Fuck!*"

He repeated the motion until he was fully buried in her, then switched rhythm to fuck her slowly with long, deep strokes. Alice's sobs and moans were now interspersed with curses, but she still pushed back to meet each thrust of his hips.

Josh started to push harder. He could hear her taking short gasps, could see her fingers gripping the top sheet of the bed. Then he felt the grasp of her orgasm.

"Oh!"

He drove deep. She cried out but still pushed back onto him. Josh was getting close, and he wanted Joe to know it. Letting out a loud sigh, he gripped her hips tight, pumped quickly for a few seconds then held still. He grunted as he unloaded inside her. Alice sobbed and rolled her hips, and Joe sat forward on his chair, either to see better or to make his erection less painful in his trousers.

Josh stayed inside her for another minute or so, moving slowly and enjoying the sensation of his cock in her flooded insides. When he withdrew, a large glob of cum dribbled out. Samson and Ria's hubby would

have been like sharks in a feeding frenzy, but Joe sat in his chair, shell-shocked.

Joe, however, was the last thing on Josh's mind.

He pulled Alice upright, turning her around to face him. She looked dazed, as if a little drunk. He lifted her dress up her body and off over her head.

She stood in front of the two men in her lace underwear and pushed her chest out a little. She had every reason to be proud of her figure. Josh placed his hands on her shoulders and pushed downwards.

Her eyes opened a little wider as she held his gaze, but there was a smile on her face as she dropped to her knees in front of him. She wrapped her hand around his shaft and wanked it a couple of times, then she glanced at her husband before closing her eyes and taking it into her mouth.

He groaned to let Joe know he was enjoying it. Alice sucked slowly and gently. She didn't do the things that Ria or Della had done to him, but she felt good, and she kept him fully hard. After a couple of minutes, Josh eased her head back and encouraged her to stand. He kissed her again, pushing his tongue into her mouth. Then he reached down, gripped the bottom of her bodysuit and peeled it up and off her. Her full breasts hung heavy on her chest, the areolas pink and large, the nipples taut and long.

He looked down at her body and smiled. "Sit on the edge of the bed."

She did so, her shoes still touching the floor.

"Open your legs, Alice. Let me see your beautiful cunt."

Both she and Joe gasped, but she did as he asked. The insides of both her thighs were smeared with cum. "Lie back."

He stepped between her thighs. Then he gripped his cock, pointed it down and slid all the way inside her.

Alice lifted both legs up, bending at the knees. Josh fucked her hard, making her tits shake with each thrust. She wailed and moaned and screamed. Her left shoe fell off and landed on the bed. The right came off soon after.

Alice came again, crying out and gripping him with her thighs, pulling his back with her hands. Josh kept pounding her and Alice

continued to sob and hold him. She came again, this time with fewer screams but the clench was tighter. He held himself up over her and pumped his hips.

Alice tried to smile but his thrusts kept making her mouth drop open.

He licked his lips. "I'm getting close."

She nodded.

"Tell me where you want it, Alice."

"Over me." She'd said it loud enough for her husband to hear.

"Tell me where."

"My tits. I want you to come on my tits." She pushed her boobs together, pulling and stretching her nipples as she watched his face. "Come all over my tits, Ben."

He pulled out, pumped his cock and shot a long arc of cum up over her tummy and onto her boobs. Alice slid her fingers through the mess. He leaned over her and his next shots splattered her tits and the backs of her hands. She looked down at her chest and continued to massage the mess into her ample bosom as if surprised by how much cum there was.

Alice seemed lost in thought as she recovered. Josh watched her, wondering if the reality had lived up to her fantasy. Joe remained upright in his chair, still looking dazed. Finally, she looked at the palms of her hands and then at Josh. "I'm going to have to shower this off."

"I'll help you, come on."

He led her into the bathroom, which was identical to the one in his room with a shower over the bath. Once she'd stepped in, he used some toilet roll to wipe off the worst of the mess, then turned on the water. He aimed the showerhead at her chest, making sure not to wet her makeup or hair.

He picked up the small complementary bottle of shower gel and squirted some onto her chest.

"I preferred the earlier one," she said with a wicked smile.

He laughed. "Me too."

As Josh aimed the waterjet, Alice washed her boobs and stomach. Cheekily, he lowered the showerhead and aimed the jets between her thighs. “I think I made a mess there, too.”

“Yes, you did.” She opened her legs for him, smiling beatifically.

“So, was it like you’d imagined?”

“Oh, gosh.” She laughed and blew out her cheeks. “I never imagined it would be so.... That was unlike anything I’ve ever had before.”

“In a good way?”

“God, yes. Yes, yes, yes.”

He smiled, relieved. “Good.” He turned the shower off and towelled her dry. “What about Joe? Do you think he was okay with it?”

She shrugged. “I think so. I’m sure I’ll find out how much he’s enjoyed it tomorrow, but tonight I’m going to concentrate on me.”

He nodded. “Good, because we’re not finished yet.”

“Oh, I know. You’ve promised me four.”

Josh laughed and nodded. “I remember.”

She leaned closer. “And I promised you something.”

He smiled. “I remember that, too.”

“This time, I want to ride it. Ride you. Of course I realise I’ll have to wait until—”

“No, it’s fine. I’m ready to go again now.”

Her eyes went wide again. “Really?”

“Like I told you earlier, you’re sexy.”

Blushing, she nodded toward the door. “Come on, he’ll think we’re having a sneaky one in here.”

They walked back out into the bedroom. Joe didn’t appear to have moved, but Alice’s shoes had been taken off the bed and placed side by side on the floor.

Josh climbed onto the bed and lay on his back.

Alice walked over to her husband. “We’re not finished yet.”

Joe glanced at the bed, then looked up into his wife’s face and nodded. She stepped to the foot of the bed, crawling up between Josh’s legs.

She gripped his cock and gave him a shy smile, then lowered her head and took him into her mouth.

He let out a sigh and noticed Joe lean a little to the right to get a better view. Josh held Alice's hair back so her husband could see her sucking his cock. She bobbed and twisted her head, soon getting him fully hard.

After releasing him from her mouth, she scrambled further up the bed and knelt above his groin. Josh held his cock upright and Alice impaled herself, sliding down slowly until he was completely buried. She kept her eyes closed and held still for several seconds. Josh could feel her inner muscles squeezing and relaxing. Then she opened her eyes and stared into his as she slowly rode his cock.

It felt wonderful, and he let out a groan. She placed her hands on his chest and fucked him. He reached up and caressed her breasts, then sat forward and sucked her nipples as she bounced on his cock.

Alice dropped her head back and let out a loud moan. Josh lowered himself onto the pillow and resumed fondling her tits. She moaned again, gripping him tight. He pushed his hips up, forcing his cock deeper as her orgasm hit. He pinched her nipples, making her cry out.

When she looked back down, her eyes were unfocused. Josh pumped his hips, lifting her body with each thrust.

"Mmm." She leaned over him, resting her hands on his chest again, and bounced on his cock. "Is that nice?"

He nodded, sighing.

"Do I feel good?"

He nodded again, his breath now coming in short gasps.

"Tell me when."

He looked up at her with admiration. She wasn't the embarrassed, timid lady he'd assumed when they'd met in the bar, but a sensual, sexually confident woman happy in her own body. He let out a groan.

"Tell me when, Ben." She bounced harder, sliding up and down on the cock slick with her juices, her body slapping against his.

He closed his eyes and counted down from twenty. It felt so good, he'd probably prefer to carry on until he hosed her insides, but that wasn't what she wanted.

"Tell me—"

"Now!"

She lifted herself off and scooted backwards, quickly getting her lips around the end of his cock. Josh thumped his head back into the pillow and erupted with a long sigh.

Alice yelped, gagged and swallowed. Another spurt, and she gagged again. He felt warmth running down his shaft. She bobbed her head a few more times and then locked eyes with him, her mouth stretched wide around his girth.

He reached down and stroked her hair. "Come here."

She released his cock and came to lie next to him.

"Thank you."

"Was that alright?"

"It was much better than alright."

They both looked at Joe, who was sitting at the edge of the chair with his mouth agape. "You're a very lucky man," Josh told him.

Joe nodded absently but smiled broadly at his wife.

"How much rest do you need before the last one?"

Josh laughed. "After what you just did, it could take a while."

She smiled, then turned to her husband. "Go back to your room while we catch our breath. Come back in an hour."

Joe got up and left without a word.

Josh frowned. "Don't you think he'd prefer to stay?"

"No, I think he wants a little private time." She gave a shy smile. "I could see the need in his eyes."

"Why didn't you invite him to join us on the bed?"

"What?"

"I'm pretty sure he'd rather have relieved himself with you."

"But you're here."

“And?”

She scoffed. “I couldn’t possibly do that in front of you.”

“Of course you could. You’ve just fucked my brains out in front of him.” He took a breath. “Phone Joe. Tell him to come back to this room. Tell him you want to share his pleasure.”

She shook her head. “What would I do?”

“Anything or everything you want.”

She shook her head faster, looking horrified at the thought.

“We’re all going to just talk for a while.” He tried to think. “We’re going to discuss how you both feel about what just happened.”

She laughed. “I’m pretty sure he knows how I feel about it.”

“Phone him.”

Alice stepped off the bed and retrieved her mobile. She dialled, then said quietly, “Don’t do anything yet. Come back to the room.” She listened for a second, then smiled. “Yes please.”

She cut the call and looked at Josh; her embarrassed expression had returned.

He held his hand out to her, and she climbed back on the bed. Josh pulled the sheet over them, thinking it’d be easier for Joe to talk if he wasn’t looking at two naked people.

The door opened and Joe walked in.

“Hi Joe. Please, sit down.” Josh tried to make himself sound calmer than he actually was. He’d never instigated a tête-a-tête with a cuck before, and he didn’t really know what he’d say if Joe refused to admit he’d enjoyed sharing his wife, let alone consented to jacking off with an audience. He waited until Joe was back in the easy chair. “I think in situations like this, it’s important to talk about what happened, and how you deal with it.”

Joe glanced at his wife, then looked back at Josh and nodded.

“I know a little bit about how tonight came to happen, and I’ve been involved in a lot of nights like this. With a lot of other couples.”

Joe looked a bit puzzled.

“What I mean is that it’s common for husbands to fantasise about sharing their wife. A lot of people live out their fantasy, but I suspect even more never get the chance to.”

Looking at his wife, Joe nodded again. “I know I’m lucky.”

Josh smiled, relieved. This was going to be okay. “Yes, you are. You have a beautiful, sensual wife who agreed to make your fantasy a reality.”

Another nod.

Josh smiled. “I kind of got the impression she enjoyed herself a little bit, too.”

Alice and Joe laughed.

More confident now, he decided to try to get Joe to talk. “Are you glad that you watched, or would you have preferred to stay in your room and just imagine what was going on in here?”

“No, I’m glad I was here. I always wanted to, but I didn’t think Pat — Er, *Alice* wanted me here.”

“I think that’s a natural first response. She didn’t want you to be hurt. It can be a little difficult to relax when you think what you’re doing might upset the man you love. She didn’t understand how much of a thrill a husband can get from watching his wife with someone else until we spoke about it in the bar.”

Joe nodded.

“Was it as exciting as you’d imagined?”

“Better. Better than I’d thought possible.”

“Maybe the two of you will do this again.”

His eyes went wide, and Josh felt Alice stiffen next to him.

“I’m not saying you should, but I think in a few weeks’ time you might want to talk about the possibility of repeating it.”

Joe shrugged and looked at Alice.

“I hadn’t thought of doing it again,” she admitted. “And now I’d be worried it wouldn’t be as good as this, and then I’d regret it.”

Josh laughed. “I’m sure any other bull would be wonderful, and you’ll also be a lot more confident. Remember, the bulls are there to do

what you want.” He inclined his head towards her husband. “What both of you want. This is as much about Joe’s wishes as it is yours.”

“I don’t think...” Alice shook her head and shrugged.

“All I’m saying is, the two of you should talk about it.” He smiled. “You can have a lot of fun just pretending. But if you do repeat it, decide between you what you want to happen beforehand, and tell your bull. All he wants to do is please you.”

The pair of them looked at each other in silence.

“Well,” Josh said, pushing the sheet down. “All this talk about sex is getting me going again. Alice, get on all fours on the bed, and face Joe.”

She briefly hesitated, then got into position. Josh knelt behind her and ran his hand down between her legs, pleased that she was nicely wet.

“Joe, is it okay with you if I take her like this? You won’t be able to see much from there, but you’ll get to see her face, which a lot of men find sexier.”

Joe nodded enthusiastically.

Josh pumped his cock a few times, dragging the tip against her wetness. He was soon hard and, as he slid it back inside her, she moaned. He gripped her hips and fucked her slowly.

“I’m not sure if I’ll be able to make her come like—”

“Yes, you will.” She giggled. “Just keep doing that, and you will.”

He smiled and looked at her husband. “She’s incredible.”

Joe nodded.

“The mood she’s in now, I’m guessing that just one man may not be enough.”

Joe looked both puzzled and wary.

“What I’m saying is, I think Alice is so aroused right now, she could satisfy us both at the same time.”

Joe’s expression lost its suspicion, but he still looked very unsure of himself. Josh decided to take control.

“Stand up, Joe. Take your cock out and put it in her mouth.”

Joe met his wife’s gaze, waiting.

“Do it,” she told him. “Let me suck you while Ben does me from behind.”

Joe stood, unzipped and fished out his cock.

“Put it in my mouth,” she whispered.

Josh watched Joe’s face as Alice enveloped his dick. He knew the guy wouldn’t last long, so tried to speed things up for himself and Alice. He fucked her harder, then reached under and played with her clit.

Alice screamed and shuddered.

Joe grunted and then Alice was gulping and groaning. Josh banged harder and came inside her. The three of them rocked and twitched for another minute or so, and then both men pulled out at the same time.

Alice rolled over and lay flat on her back, panting.

Josh reached down and stroked her leg. “Did you enjoy that?”

She laughed. “What did I just do?”

“You just satisfied two men at once, you sexy minx. You’ve just had a threesome.”

She looked up at Joe, who was busy zipping himself up. “Do you mind that your wife has had a threesome?”

He grinned. “Not at all.”

“Thank you, Ben.” She nodded towards her husband. “For getting him involved.”

He got off the bed and started to dress. “This kink is about pleasing both of you.”

Alice giggled. “Is that what it is? Are we kinky?”

“Oh yeah. Especially you.” Josh buttoned his shirt, stepped into his shoes and slipped on his jacket.

She got up and slipped her arms around his waist. “Thank you for being so patient with me downstairs. I know I was a bit...”

He kissed her forehead. “You were lovely, and sexy, and I had a really great time.”

She blushed and looked at her husband, who was beaming at her.

Josh walked to the door. “I’m sure you two will have a lot of fun together, no matter what you decide to do in the future.” He stepped out into

the corridor and closed the door behind him.

Chapter 40

It rained for the entire drive back to London, but Josh didn't let the weather dampen his spirits. As far as he was concerned, last night had been a great success. Alice had been such a revelation. Over the course of a couple of hours she'd gone from timid housewife to wanton hotwife. He suspected that she and Joe would experience a whole new world of fun over the coming months, maybe years.

Once home, beer in hand, he put his feet up on the couch and booted up his laptop. No emails from Ria, still. Feeling cold in the gut, he sent her another message, begging her to reply, and then logged into the forums. He had queries from a couple calling themselves Duke and Duchess, and another from a hotwife called Jade. He sent a short reply to each, then got going on his update for work. By the time he'd finished, Jade had replied. He accepted her offer to join her for a play date next Saturday so they could put on a show for her husband Kenny.

Settling down for an early night, Josh smiled to himself, wondering if Alice and Joe would be doing the same.

* * * *

On the morning of his date with Jade, Josh received a text from Olivia saying they were now back in the UK. Apparently, it would soon be Thomas' forty-fifth, and she intended giving him a birthday treat by taking two bulls at the same time. She asked if 'Ben' would be available.

He asked for dates but made no promises. He wasn't really interested in fucking Olivia again, especially when another bull would be doing her at the same time. He considered asking for Ria's phone number but dismissed the idea immediately. He didn't want Olivia to know he'd fucked up with her friend.

Thankfully it didn't take long to get to Jade's house, which was an old semi-detached on a quiet street in an East London suburb. Josh parked on the road nearby, walked to the door with a bottle of champagne and rang

the bell. The door was opened by a black guy who seemed to fill the entire doorframe.

Josh floundered, his mind racing back to Olivia's text about taking two bulls at once. Did Jade have the same thing in mind?

The guy gave him a big smile. "You Ben?"

Josh nodded, unable to speak.

He held out a huge hand. "Welcome. I'm Kenny."

Kenny. The husband.

"Come on in, man." Kenny stepped back and Josh followed.

The house may have been built in the 1930s, but inside the décor was ultra-modern. There were open stairs with LEDs under each tread, a chrome and glass bannister, and plain white walls with brightly coloured prints of impressionist art. The living room was huge—probably the two original reception rooms knocked into one—with subdued lighting, herringbone oak flooring and low couches in off-white leather.

On one of the couches was a very attractive black woman. Her huge brown eyes were gorgeous, accentuated by her super-short hair which had been clipped to a half-inch fuzz. She stood up and walked to Josh, her voluptuous hips swaying. "Alright, Ben? I'm Jade. Good to meet you."

He held out his offering. "Hi. I brought—"

"Ooh, cheers." She gave him a big smile. "And already chilled. Get some glasses, hon."

Kenny left, but Josh was still in a bit of a daze. Apparently, it showed.

"Everythin' okay, Ben?"

He nodded but knew he wasn't being convincing.

"What's the problem?" Jade frowned.

"I..."

Kenny returned with glasses but stopped just inside the door, evidently sensing his wife's tense demeanour.

Josh looked at him, then back at Jade.

She stepped closer. "Is it because I'm black?"

“What?” Josh shook his head vehemently. “No, of course not.” He gave her a genuine smile. “You’re gorgeous.”

Her expression softened. “Thanks. So, how come I get the impression you’re uncomfortable?”

Laughing nervously, he glanced towards Kenny. “I’ve never met a hotwife whose husband was so…”

“Intimidatin’?” she offered.

“I was going to say ‘impressive’.” He sighed. “When Kenny answered the door, I thought maybe your idea of a play-date was more than one bull at a time. I was a little taken aback.”

Jade laughed and beckoned to her husband. “Come pour the drinks, hon.”

Kenny stepped next to them. Josh was a shade over six-foot, but Kenny’s bulk dwarfed him. He was at least four inches taller and much broader.

Jade and Josh sat on one couch, and Kenny took up almost as much space on the other. She touched her glass to Josh’s, then crossed her legs.

He couldn’t resist glancing down at them.

The twinkle in her eyes told him she’d seen him checking out her body. “I don’t actually consider myself a hotwife. What’s more…” She nodded at her husband. “Nobody sees him as a cuck. Tell you what—there ain’t a bloke alive who could humiliate him.”

Both men smiled.

“What I am is a vixen.”

Josh frowned. “Is that a foxy lady?”

“Oh, I’m foxy alright.” She chuckled, the motion shaking her generous breasts. “No, what I mean is, I don’t go putting down my man to make the bull feel good—Kenny’s more alpha than any other. To me, anyways.”

Josh nodded. “So a vixen is…?”

“A lady who likes to share her body with others while her man watches.” She inclined her head toward Kenny. “Which makes him my stag.”

“Stag?”

“Not all men who like to share their wives have small penises.” Her eyes sparkled with amusement. “Some just get a thrill from watching their woman gettin’ all hot and heavy with a stranger.”

“So... a stag gets a bull to entertain his vixen?”

She laughed. “Don’t blame me for the animal terms—I didn’t think none of ’em up.”

Kenny leaned forward. “Is this not something you’ve seen before, Ben?”

Though reluctant to appear ignorant, Josh was completely honest. “Not yet, no, but then I’m relatively new to this lifestyle.”

“Really?” Jade sounded surprised.

“I’ve only been doing it for about six months.”

“You got a lot of good reviews in that short time, love. It’s why you’re here.”

“Well, I’m glad I am.” He turned back to Kenny. “But to answer your question, during the dates I’ve had with hotwives, the husbands’ interactions have ranged from not wanting to be there at all to sharing the bed with us. And a lot of things in between.”

Jade grinned. “What types of *in-betweens*?”

“While some men prefer to save their release until after I’ve left, others don’t wait. I’ve had guys jerking off in the corner, and I’ve had guys jerking off over me and their wife. I’ve also had guys join me in pleasuring their wives.”

She leaned towards him slightly. “Details, Ben. In what way did you both pleasure the wife?”

“Usually while one man fucks her, the other goes in her mouth.”

“Mmm. Gotta love a spit-roast.”

“I also did DP with one couple.”

Her eyes shone. “You do anal?”

“Yeah, but only the giving part. Not the taking.”

She laughed and slapped his thigh. “I never suspected you of doin’ no taking.”

He smiled at her. After the shaky start, he was beginning to relax.

“So, here’s how it is—my man’s a stag. He likes to see me with another man, and sometimes he likes joining in. Are you saying you don’t mind that bit? Some bulls do. Big time.”

“I don’t mind at all.” While he couldn’t imagine Kenny going for him in the same way as Samson or Ria’s hubby, he decided to take himself off the menu. “Providing he only wants to pleasure his vixen.”

She laughed and slapped his thigh again. “Ben, you’re cute as a button, but you’re not his type. My man’s only got eyes for me.”

“It’s not his eyes I was worried about.” He received another hefty slap.

“Ooh, I like you already, and you’ve not even made me come yet.”

Josh laughed out loud. Jade was proving to be quite a character. “Can I ask a question?”

“Yeah, go on.”

He glanced at Kenny, then looked back at Jade. She had a pretty face: almond-shaped eyes, high cheekbones, luscious lips and really long eyelashes. “I know a lot of white hotwives like black bulls...” He shrugged. “You know, the BBC fetish.”

She nodded encouragingly.

“I was just wondering, why would you want a white bull?”

“I like small penises.” She burst out laughing and slapped his arm, just as he was getting feeling back in his leg. “I’m joking. I have black bulls over here to play, and I have white. Penis size ain’t everything, ’specially when I can have his big one any time I choose.”

“Right.”

“Besides, I like the way white men look. Not as handsome as black men, maybe, but often they’re very cute. You’re way cuter than I was expectin’. You should put a photo on your profile page.”

“I prefer to be a bit more anonymous.”

She shrugged. “From all the reviews, having no photo don’t seem to be holdin’ you back none. Now, the next thing—I’ve gotta ask about your health.”

“You think I might have a heart attack?”

This time her laughter almost shook her tits out of her low-cut top.

Josh couldn't help smiling. “Sorry, I knew what you meant. I have regular check-ups, but usually use condoms.”

“That's good to hear. When was your last check-up?”

“A couple of weeks ago. The one time I've gone bareback since was with a lady whose only partner for over thirty years was her husband.”

“Ooh, I bet that was a hot night for her. So you're clean?”

He nodded.

“Well I promise I am, too. Can we agree that you leave your condoms in your pocket?”

“Okay.”

“Good. Well, I intend polishing off another glass of this lovely stuff, then I'm gonna start peeling that suit off you.”

Kenny topped up their glasses and they all drank in relative silence. Josh let his gaze wander over the tight-fitting clothes that emphasised Jade's curves.

She was the first to finish, and she glared impatiently at Josh's glass. “Maybe I'll turn the fire on, help evaporate that alcohol.”

He laughed so hard he wasn't able to drink.

“C'mon, Ben, I'm gettin' itchy. There'll be no five-star review from me if I have to wait any longer.”

He drained his glass and put it on the chrome-and-glass side table.

“Okay, lead me to your boudoir.”

“We can adjourn to my boudoir later. Here's fine for now. Why d'you think we bought jizz-coloured couches?”

He grinned down at the off-white leather. “Fine. Do me here. Use me and abuse me.”

“Oh, I'm gonna do exactly that, but you've got to get your kit off first.” She pointed at his jacket. “Stand up and get rid.”

He obeyed.

“Now the shirt.” As he complied, Jade gave an appreciative nod. “Liking what I see, Ben. A bit skinny, but nice anyways.”

“Well you can see a lot more than I can.” He gave her a challenging look.

“Oh, we can’t have that. After all, you’re the guest.” Jade stood, kicked off her sandals and pulled her top over her head. A white lacy bra held her boobs in place but didn’t entirely cover the large, almost-black nipples. After opening the zip of her knee-length skirt, she pushed it down her legs to reveal matching white panties. Standing before him, she turned slowly all the way round.

Josh stared. Her arse stuck out in a way that seemed to defy gravity. There was no sag at all to her peach-like cheeks.

She smirked at her husband. “I think he likes my big black booty.”

Kenny’s entire face beamed with pride. “You should see her dance, man.”

Jade stepped close to Josh, looking up into his face with her big doe eyes. “You like?”

“Very much.”

“Good.” Jade dropped to her knees, unzipped him and pulled out his hardening cock. She gave it a squeeze. “Ooh, this is a nice surprise.” After a few pumps of her hand, he was fully hard. “Maybe there’s some African blood in your ancestry after all.”

He laughed and was just about to reply when she took his entire length down her throat.

His riposte dissolved into a sigh. Josh watched her plump lips sliding deliciously back and forth, exposing the thick pink base of his shaft every couple of seconds.

He placed his hands on her head, marvelling at the feel of her soft buzz-cut. “Jade, I don’t think you should spend too long doing that.”

She released him, moved to the couch and slumped down against the backrest. Looking up at Josh, she opened her legs and raised her eyebrows.

After removing his shoes and trousers, he dropped to his knees, leaned forward and placed his mouth against the soft gusset of her panties. Using his tongue, he pushed the material into her wet cleft.

Jade let out little murmurs.

Josh kept pushing with his tongue and the material soon became slippery with her juices. He moved up a little, pushing his tongue against the swollen mound of her clit.

She gave another soft whisper and rocked her hips.

Josh pulled the gusset aside and inhaled. He slid his tongue between her dark folds, making her moan, pushed deeper. When he moved up to circle her clit, she gripped the back of his head. After a few moments, he pushed back into her depths once more.

“Mmm, that’s good,” she said, closing her legs. “That’s good, but now it’s time to peel my panties off and give me some cock.” Jade raised her bum enough for him to slide them down and off. Then she spread her legs again and stroked her sex, slowly dragging a finger through her folds.

He got himself into position, looked into her eyes and slid into her heat.

“Ooh, that’s good. That’s *really*... fuckin’... good.”

Josh agreed. She felt wonderful. He ran a hand down her stomach and onto her mons and slid his thumb towards her clit.

Jade slapped his hand away. “You just drive the cock and let me handle this.” She placed her second and third fingers on either side of her clit.

Josh thrust slow and deep, relishing the warm, wet silkiness of her inner walls and admiring her body rolling on the couch, her full tits lifting and falling as her breathing became more laboured.

She looked at him. “I want us to come together.”

“Okay.”

“How you doin’ so far?”

“I’m holding out.”

“Good for you.” She raised her hips and clenched.

It felt as if his cock was in a liquid vice.

She smiled. “Still holdin’ out?”

Josh gasped. “Maybe not... as long as I thought.”

“No, you won’t.” She clenched again, rubbing her clit faster.

He sucked in a deep breath, then, when she clenched a third time, he exploded. He let out a grunt, gritted his teeth and gushed again. She swirled her fingers and he felt her tightest clench as she came. She wailed and bucked her hips, and Josh kept coming, beginning to feel vaguely dizzy.

Eventually, they both stilled.

She opened her eyes and took a deep breath. "Ooh, that was good." She flashed her eyes. "You may get five stars after all."

Josh pulled out and stood up. "If you keep me hard we can go again straight away."

"For real?"

"Well I usually can, but... after what you've just put it through, a rest might be called for."

Sitting forward, Jade gripped his cock and guided it into her mouth.

He let out a gasp and closed his eyes. He was rock-hard almost instantly.

Jade released him and gripped it in her fist. "I like this. Ready to go again, like a semi-automatic."

She dropped onto all fours between the couches and looked up at Kenny. "Ready to join us, hon? Gonna help Ben give me a spit-roasting?"

Kenny got up off the couch and pulled his jumper over his head. His chest was broad and hairless, his shoulders powerful. He pushed his sweatpants and shorts down together, revealing a big, thick cock that was already hard.

"Ben's already left some juice in the oven to baste your meat with, so you just slide right in whenever."

Kenny dropped to his knees behind his wife, pointed his massive cock and pushed in.

Jade groaned and wiggled her hips, then took Josh back into her mouth. There was no more talking. Kenny groped her arse cheeks while he fucked her, and Josh stroked her head. Jade kept her eyes closed throughout, her body rocking to and fro between the men. She came first, whimpering and grunting without ever letting Josh's cock slip from her mouth. Then she was gulping and moaning as he unloaded down her throat.

This seemed to spur Kenny on; he banged her harder and came with a growl shortly afterwards. He pulled out and sank back onto his haunches, but Jade kept Josh in her mouth and started bobbing her head again.

Kenny tutted. "God, woman, give the man a break."

She released him for her mouth but kept wanking the base. "This cock's a self-loader."

"He's unloaded twice, so stop treating it like a pump-action shotgun. Let him rest."

"Fine." Jade stood up, pouting, but then gave Josh a sly wink. "Only jokin', sugar."

Josh couldn't help chuckling.

She dropped onto the couch, obviously not worrying about leaking juices on the leather, patted the cushion next to her, and Josh sat down. Kenny sat on the other side of Jade and immediately started groping her chest.

She smiled at him, then turned to look at Josh, a serious expression on her face. "You got ten minutes, then you're upstairs. Boudoir, bed and back door." As his jaw dropped, she laughed. "Stop looking so worried, I'll be gentle."

Josh's heart banged in his chest. She'd already had him come in her cunt and her mouth, and she'd just told him she wanted anal next.

Kenny and Jade kissed and petted. He paid a lot of attention to her nipples, and she stroked and teased his cock until he was sporting another erection.

Jade looked down at Josh's cock, which was also beginning to swell again. She smiled. "Gentlemen, take me to bed."

The men stood and pulled her to her feet, then she led them out into the hall and up the staircase. Josh couldn't keep his eyes off her backside as it swayed and rolled with each tread.

The bedroom had stripped floorboards and white walls. Above the bed was a huge painting. It was all straight lines, and it took Josh a few seconds to realise it was an impression of a nude black woman lying on her back with her legs spread. There was a pink horizontal line for her mouth, and a vertical one for her cunt.

Jade noticed him looking at it. “A friend of ours painted that.”

“Did you pose for him?”

“I posed, but the artist’s a woman.” She bobbed her eyebrows.

“Otherwise, there’d be a creamy white line between my legs, if you get my drift. Now, stop yakking and come stand close behind me.”

Kenny was standing near the foot of the bed. Jade faced him and stepped close, crushing her breasts against him. He was almost a foot taller and his erection must have been pressed against her stomach, the tip probably reaching her cleavage.

She turned to look over her shoulder. “C’mon, Ben—you’re no stranger now. Stand close and let me give you a massage.” Before he’d had a chance to move, she did something with her muscles that set her arse cheeks jiggling.

Josh stepped close behind. His cock was hard and pointing up at the small of her back, but by bending his knees slightly he could get it between those wonderful cheeks. Jade jiggled again, and a fantasy flitted through his mind: Jade in high heels to make her four inches taller, baby oil to lube her arse cheeks, her jiggling like this until he ejaculated up her back.

The three of them stood, Jade writhing and shaking her body as the men stroked and groped her. The fact the men were face to face above her head didn’t bother Josh because Kenny kept his eyes closed for the whole time.

“Okay,” she said, breaking the clinch. She put her hands against Kenny’s chest and pushed him toward the bed. “You, take up your position.”

Kenny lay on his back in the middle of the bed, and Jade crawled onto all fours over him, her tits hanging down and her arse facing Josh.

“Ben, you up here behind me.”

He did as instructed, careful not to kneel on Kenny’s legs.

Jade looked over her shoulder at him. “Go back inside and get your cock nice and slippery. There’s three people’s juices in there—all the lube you’ll need.”

Josh slid his cock into her, forcing out a little of those juices and making them run down her inner thigh. He moved slowly for just a few

seconds then pulled back out.

Jade knelt up, positioned herself over Kenny's huge black cock, then impaled herself. "Mmm. Daddy's home." She rocked on him a few times and laid herself down on his chest. "Okay Ben, give me a full house."

Looking down at the way she was stretched around the massive girth of her husband, Josh wondered if what she was suggesting would be possible. He held his slick tip against her opening and pushed. She opened around him and he sank slowly inside. Josh kept pushing until his full length was buried in her backside.

Jade let out a low groan and moved slowly, wriggling on the two cocks. "Oh, fuck, yeah. There's enough meat in there to feed a family of four."

She slowly rocked between the men. Josh could feel Kenny's huge cock sliding against his. A tight, hot hole was always a good place to be, but the extra pressure he felt against his dick added immeasurably to the pleasure. With Ria and Hubby, Josh had felt Hubby's cock move against his, but comparing that to Kenny's was like comparing a grass snake to a python. This was so much more—

"Oh, yeah..." Jade's arms and legs trembled. "Oh, fuck yeah. That's real..."

Josh felt Kenny push in deeper, and she grunted. He pushed in, too, making her grunt even louder. He and Kenny thrust harder still and Jade shook, her muscles squeezing tight as spasms racked her body. As both men fucked her hard, Jade screamed and writhed between them.

Kenny grunted, and Josh felt the huge cock twitch and pulse. He moved faster to come at the same time, but this'd be his third, and his body didn't seem ready to let go yet.

Jade was whispering to Kenny, kissing his jaw as he came inside her.

Josh felt like an outsider—even though he was buried in her backside and separated from her husband's still-unloading cock by only the wall of membrane. Jade was moaning again. He heard her tell Kenny she was going to come again, and that did it for Josh. He pounded her hard,

sliding in and out of her snug, wonderfully slick hole. As soon as he felt the spasm of her orgasm, he shot his load into the dark depths of her body.

“Oh, there he goes.” Jade covered her husband’s face in kisses, whispering about the bull firing his muck into her back door, making it three out of three.

Josh pulled out and sat back on his haunches, watching Jade and Kenny cuddle in the afterglow. Now the sex was over, he was excluded from that closeness. Isolated.

Jade finally rolled off her husband and looked up at Josh. She stroked his chest. “Five stars, no doubt about it.”

He smiled. “I had a great time.” Looking at Kenny, he added, “You’re a lucky man. She’s something else.”

Kenny chuckled. “Yes she is.”

Jade patted his leg. “You can stay the night if you want. You’ll need to shower, though—it’s through there.”

He shook his head. “No, I need to get back.” Truth was, he knew he’d be in the way. They’d used him to get their kicks, and now they probably wanted to be alone to enjoy each other.

She knelt up on the bed and pulled Josh close, kissing him gently on the lips. This was the first kiss he’d had from her. “Thank you, Ben. I loved everything we did.”

“Me too.” He squeezed her hand, then climbed off the bed and headed back downstairs. As he was pulling on his clothes, Kenny came down wearing a t-shirt and shorts. The men shook hands, and then Josh was outside in the damp night air, feeling sated yet completely alone.

After driving home, he showered and fell exhausted into bed. He dreamt he was enjoying a threesome, but it wasn’t the voluptuous and substantial Jade who was trapped between him and Kenny. It was the leggy and lithe Ria with Kenny’s big thick cock filling her cunt and Ben’s angry cock pounding her beautiful arse until she cried and wept.

Josh jerked awake, startled by the clarity of his dream, and a little shocked at the intensity of his anger. Checking his phone, he saw it was a little after four in the morning. He lay in the dark for fifteen minutes, then decided he wouldn’t be able to get back to sleep.

He grabbed his dressing gown, then padded through to the living room and fired up his laptop. Duke and Duchess wanted to see him, suggesting Wednesday night. They'd attached a photo. Both were somewhere in their forties and dressed up nice, him in a tux and her in a long gown. She had a great figure, short-cropped blonde hair and large dangly earrings.

Josh accepted their invite without really thinking about it, staring at the photo of the next woman he was going to fuck.

Chapter 41

Josh looked up, surprised, as Andy appeared at his desk. His boss was smiling, though, which was good news.

“Hey, I’ve just been told by the tech guys that we’re in a position to give Gly-Po a quick demo of what we’ve done so far. Want to invite them down?”

Josh grinned. “That was quick.”

“It’s only early stages, but it’d be better to give them an idea of what they’ll be getting now so that any issues can be sorted out early doors.”

He nodded. “Great, I’ll phone them today.”

Andy gave him a thumbs up as he walked away.

Ian, Josh’s opposite number at Gly-Po, was also pleasantly surprised by how quickly things were moving, and suggested meeting on Thursday morning. In a rush of enthusiasm, Josh confirmed the visit with Andy, Conor and Laura, and then talked things through with the tech guys so he fully understood how the product demo was going to work.

Since things were moving along nicely, Josh decided to treat himself to a nice coffee from the café downstairs.

* * * *

On Wednesday evening, Josh entered the Twickenham address for Duke and Duchess into his sat-nav and headed off in his car, a bottle of chilled champagne in a cool-bag on the passenger seat. It wasn’t until he’d been driving for half an hour that he realised how close the route would take him to Richmond, where Ria lived.

He pushed her out of his mind, deciding instead to concentrate on the hotwives who still wanted his services. His dates with Alice and Jade had been a lot more enjoyable than those immediately after his faux pas at

Ria's house, and he was hoping the one with Duchess would be just as successful.

After parking on the road outside their large detached house, Josh walked up the drive. The door opened just as he was about to ring the bell.

"Ben, isn't it?" asked the tall, distinguished man who'd been in the photo.

Josh held out his hand. "Yeah, good to meet you."

"Please, come in."

Duke led him through a hall with a mosaic-tiled floor and into a large living room, then through a set of French doors into a small room overlooking a garden illuminated by lights. Josh noted the quarry tile floor, several huge terracotta pots filled with ferns, and two wicker couches. It was probably a lovely place to sit on a summer's day, but a little less impressive on a cold December evening.

Duchess rose from her couch, holding out her hand and flashing a very nice smile. "Hi, Ben."

She was tall and slim, dressed all in black—knee-length dress, nylons and patent leather high heels. Like in the photo, she wore long dangly earrings.

"Hi." He shook her hand and offered her the bottle.

"Thank you." She passed it to her husband and settled her big hazel eyes back on Josh. "I'm sorry for insisting we meet on a school night, but Duke and I have other commitments on weekends."

"It's not a problem."

"Good. How about a drink?"

"Sure."

"I'm happy to drink your bubbly, but we have most things if you'd prefer something else."

"Bubbly's fine."

As Duke went to fix the drinks, Duchess stepped close and pressed her body up against Josh's. In her heels, she was almost as tall as him. She smiled seductively. "You're younger than I imagined."

"Is that a problem?"

She laughed. "When a woman hits forty, younger men are never a problem. Are older woman a problem for you?"

"Definitely not."

"Good."

Duke returned with three glasses of champagne. Josh sat down first and Duke sat next to him. Duchess sat on the opposite couch. They drank and made small talk about the miserable weather and their Christmas plans. Apparently Duke and Duchess had a teenage daughter in boarding school who'd soon be returning for the holidays, and a skiing trip was planned for early in the New Year. Josh wondered if visiting their daughter was the reason they couldn't meet on weekends.

Once the drinks were finished, Duchess put her glass down and sat back.

"We usually like to start our evenings with Duke getting me ready for the bull. Is that okay with you, Ben?"

"No problem."

"Good." She uncrossed her legs and placed her feet wide apart, then moved so she was sitting at the front edge of the cushion. Slowly, she hitched up her dress to reveal lace stockings-tops and suspenders. There were no panties; Josh could see a neatly trimmed landing strip. After dragging her fingertip slowly through her folds, she looked expectantly at her husband.

Duke dropped to his knees and crawled across the tiled floor, settling himself between her feet. As he kissed and lapped between her legs, Duchess held eye contact with Josh. After just a couple of minutes her eyelids fluttered, and she opened her mouth wide to let out a sigh.

"That's enough!" She smiled at Josh as Duke backed away. "He's not allowed to make me come. That's your treat."

"I'll try my best."

"Good. Follow me." Rising from the couch, she smoothed down her dress and walked inside through the French doors. Both men followed.

Duchess was waiting in the centre of the living room. "Duke doesn't do clean-up, so I always insist on bulls using a rubber."

“That’s fine.”

“Out of interest, do you always use condoms?”

“Usually, but not always. I have regular check-ups, but it depends on the circumstances.”

She held up a packet. “I like ribbed ones.”

He chuckled. “Okay.”

“I also like being fucked standing up.”

“Works for me.”

“And I’d like you to keep your suit on for now. You look very dashing. I, on the other hand...” She slipped the dress off her shoulders and allowed it to slide past her bare breasts and down her stockinged legs. “Like to look like the slut that I am.”

As she stepped towards Josh, Duke picked up the dress and draped it over an arm of the couch.

Duchess had smallish breasts, a flat tummy and long, shapely legs. She glanced at Duke, who quickly retrieved a tall stool from by the window and placed it in the middle of the room, then retreated to his armchair.

She stepped close to Josh and dropped to her knees, holding a condom already released from the pack. She unzipped his trousers. He was already hard and she gave an appreciative smile as she pulled him out. Gripping the base with one hand, she rolled the condom down as far as it would reach.

Duchess stood and, facing her husband, placed her feet a wide step apart and bent forward to rest her hands on the stool. Josh moved behind and ran a hand down over her hip. Her height in the heels meant there was no need for him to bend. He dragged the tip of his cock through her outer lips to get the condom coated with the wetness Duke’s attentions had induced, then eased the end inside. Gripping her hips, he sank deep.

Duchess let out a loud groan. Josh pulled back and pushed in again. Soon she was rocking back onto his thrusts, setting her earrings swinging. Her moans got louder until she screamed her release.

He didn’t let up and fucked her hard, exploring her breasts and teasing her nipples with his hands. Condoms dulled the sensation, so he

lasted a lot longer than he had with Jade. While Duke sat in silence, Duchess moaned throughout and squealed as she came again.

Josh felt the first tingles of his own orgasm. He increased the speed and force of his thrusts, gasping as he came. Duchess sobbed and wriggled her hips.

When he pulled out, he removed the flooded condom and tied a knot in it, then rolled on a second straightaway.

“What are you doing?” she asked, looking over her shoulder.

“I can go again whenever you’re ready.”

Her eyebrows went up. “That’s why I enjoy younger bulls so much.” She stepped over to the side of her husband’s chair and turned so they were both facing Josh. Then she bent a leg and rested a heeled foot on the arm. “Come and get it.”

Josh moved close and entered her without preamble. Duchess groaned and slipped her arms around his neck. Holding her body close, he performed his task while the husband and wife stared into each other’s faces. This time lasted even longer, though Duchess didn’t achieve her third orgasm until just before Josh came.

Afterwards, they sat down to get their breaths back. Duke replenished their glasses and Duchess seemed perfectly comfortable to be practically naked while sipping champagne with the fully dressed men.

She looked at Josh. “I enjoyed your staying power.”

He smiled but didn’t reply in case Duke had any problems in that department.

“Are you able to stay the night? We have a lovely spare bedroom.” She grinned. “Duke doesn’t mind sleeping in there.”

Although he hadn’t planned on staying, a full night in bed with Duchess was appealing. “I can stay if you want.”

“Super. Perhaps, when you’ve recharged your batteries, we could let Duke watch in the bedroom before we send him off to his own room with a box of tissues.”

Duke chuckled, apparently not offended at all.

After chatting a little longer, Duchess led them upstairs to the master bedroom. Josh stood in the middle while she removed his jacket and unbuttoned the shirt. She kissed and stroked his chest as she pushed it off. Then she dropped to her knees and undid his trousers, kissing and nuzzling his balls while pumping his cock, which was soon fully hard and ready to go again.

Another pack of condoms was retrieved from the bedside cabinet. She rolled onto the bed, opened her legs and dropped the condoms between her knees.

He fitted the condom, climbed on top and fucked her in missionary until she came, then doggie style until he came.

After Duke had left for his own room—and presumably his own release—Duchess removed her shoes, stockings and suspender belt and she and Josh slipped between the sheets. They lay in silence, her arm around his waist, his around her shoulders.

Although Duchess was physically his type—he was into legs more than boobs—Josh had found Alice and Jade much more enjoyable. He'd felt a connection with them that was completely absent with Duchess. It felt like there was a barrier between them, like an emotional condom.

Josh must have fallen asleep; he was woken by Duchess sucking his cock. The room was darker, with only a trace of light coming through the open door. He lay still and enjoyed the physical pleasure. Once he grew hard, she moved up the bed and straddled him. Kissing his jawline, she reached down and guided him inside her. There was no condom and the warm wetness of her sex felt so much sweeter.

He sighed at the sensation but worried she may have forgotten. “I thought you always insisted—”

“Duke insists they always wear them.” She ground herself on him. “I prefer to feel flesh.”

“Isn't that being deceitful?”

“I may be a cheating slut, but I'm not deceitful. I'll tell him I took you bare, and I know he'll get all excited by the thought if it.”

Josh didn't really understand their mentality but decided to stop worrying about it and enjoy the ride.

“Don’t you prefer to be inside me without the condom?”

“Oh yeah.” He tried not to think about the health of the other bulls she’d sneakily taken bare.

“Well then.” She slid her knees up and rocked faster. When she came, she screamed loud enough for Duke to hear.

By the time he drove out of Twickenham, his opinion of Duchess had changed. He got the impression she enjoyed being a hotwife much more when Duke wasn’t there. In the living room it’d been like fucking a robot; later, in the privacy of the bed, she’d given much more.

The traffic was a nightmare, and he’d probably be late for work. As he approached the A316, he suddenly made the turn to drive through St Margarets, which went over Richmond Bridge. Without understanding why, he decided to drive past Ria’s house. He knew he was being childish, as if being close would make her log onto the website and reply to his emails.

As he turned into the road where she lived, his heart began to race. He drove slowly past her house and saw only a Mini in the drive. He tried to remember what cars were there on the nights he’d visited, but couldn’t. Was Ria in and Hubby at work?

At the first side road after her house, he turned around and parked at the kerb a few yards before her drive on the opposite side of the road. He was torn between ringing her bell and explaining why he’d behaved as he had in the hallway that night, or getting the hell out of her road before she reported him for stalking. But he couldn’t move just yet. Josh imagined her walking around inside, her long legs striding between the large, airy rooms as she went about her normal day.

To his dismay, the front door opened and Ria stepped out. His heart ached as he watched her walk to her car. She wore jeans, ankle boots and a leather jacket, her hair pulled back into a ponytail. Having taken just a few steps towards her Mini, she saw him. The shock was evident in her face.

Josh got out of his car as she walked towards him.

“Hi.” He flashed a smile but resisted the urge to reach out for her.

“What the fuck are you doing here?”

The venom in her voice made him lose track of what he’d wanted to say. “I...er...”

“Coming to our house uninvited is not acceptable.”

He tried another smile. “I’m know, and I’m sorry. I was just passing and—”

“I don’t believe you, and I can’t believe you’d come here, to my *home*.”

“I just wondered why you hadn’t replied to my emails.”

“Why d’you think?” She snorted. “You pretended to understand, saying you were there for both of us. It was all going so well, and I really enjoyed what we did together.”

“So why won’t you answer my—?”

“You know why. What you did... What *we* did went against everything agreed between Hubby and I. It was tantamount to me cheating on him.”

He shook his head. “I’m sorry, but I just wanted you so badly. I was overcome with... And you didn’t stop me. You enjoyed it.”

“Yes, but I should have stopped it immediately. I’m sorry, Ben.”

“Josh.”

She frowned. “Sorry?”

“Josh. My real name’s—”

“I don’t *care*. Jesus!” She took a deep breath. “Hubby doesn’t want us to use your services anymore. That’s why I haven’t replied to your emails.”

“I let him suck me off.”

“You kept telling me you were there for both of us.”

“Yeah, but—”

“I’m sorry.” She shook her head.

Josh’s phone started to ring. He slipped his hand in his pocket and refused the call. “Ria, please. I think about you all the time. I can’t stop—”

“No! Don’t say anymore, please.” She shook her head slowly. “I love my husband. I want other men for sex, nothing more. I wanted you for sex, but I didn’t want *you*. I thought you understood all that.”

Josh looked down and nodded. He took a deep breath, then looked back into her beautiful eyes. “I’m sorry, Ria. I really am. If I could take it

back, I would.”

She gave him a sad smile. “I’m sorry, too. What we did was fun, but I’m afraid it’ll never happen again.” She gave a shrug, then turned and walked over to her car.

He knew he’d never see her again. The coldness in his stomach now genuinely hurt. His phone started ringing again. He took it out, saw it was Laura. He accepted the call.

“Hi.”

“Josh, where *are* you?”

He checked his watch; it was only 9.20, and the company operated a flexible hours system. “I’m stuck in traf—”

“The Gly-Po guys have been here for half an hour.”

Fuck! “Shit. Sorry, I’ve had car trouble. Can you get Andy to—?”

“He’s already started.”

“Right.” He struggled to think as his pulse shot up through the roof. “Look, it’ll take me another twenty-five minutes or so to get there, then I’ll need to find somewhere to park and—”

“Where are you now?”

“Richmond.”

“What are you doing out there, or shouldn’t I ask?”

He sighed. “I had car trouble.”

“Get here as soon as you can, okay?”

“Yeah. Can you apologise to Ian on my behalf?”

“It’s not him you need to worry about. Andy looks really pissed off.”

“Fuck. I’ll be there as soon as I can.”

By the time he arrived at work, it was just after ten. The meeting room was empty, and Laura wasn’t at her desk. He went straight to Andy’s office.

“Ah, the wanderer returns. Nice of you to pop in.”

“I’m sorry, Andy. I had car trouble.”

His manager frowned, then nodded at his suit. “Do you always tart yourself up for fixing the car?”

“What? No.” He laughed, trying to make light of the fact he was wearing a suit, which he never did for work. “I stayed with friends last night in Twickenham. On the way back I broke down and had to wait for the AA. I thought I’d have time to go home and change before the meeting.”

“Is it sorted now?”

“What?”

“Your car.”

“Oh. Yeah.”

“Laura’s taken the Gly-Po guys downstairs for a coffee, I suggest you go join them.”

“Right, yeah. Cheers. And sorry again.” He opened the office door.

“Josh.”

“Yeah?”

“Laura did really well earlier. She’d guessed all the things they’d ask about and had prepared some good slides.”

He nodded, wondering if Andy regretted not choosing her to lead the project. “Yeah, she’s good.”

“Agreed. But she was only able to do that because you’d kept her informed with everything that’s happened, and everything you want to happen. So, well done. Call it your saving grace.”

Josh let out a sigh. “Thanks.”

Andy nodded down at his feet. “You’ll catch cold, walking around without socks in this weather.”

Josh laughed and headed downstairs. Laura waved from their table and got him a coffee while he made his apologies. After Ian and his colleague had left to catch the train back to Loughborough, Josh offered to buy Laura lunch to thank her for saving his bacon.

They headed back down to where they’d had coffee less than two hours earlier and sat at a quiet table overlooking the foyer.

“So,” she said, smirking, “are those your shagging clothes?”

Josh took a breath. “Sometimes I wonder if it’s all worth it.”

“I thought it was all gorgeous dirty women who’re only interested in sex?”

“Oh yeah. After the morning I’ve just had, that’d slipped my mind.”

Chapter 42

It normally took Josh fifteen minutes to get home from work on the Underground. On Thursday evening, while sitting in rush-hour traffic, he cursed himself again for not leaving Duke and Duchess's house earlier, and for not avoiding Richmond altogether.

Ria's tirade still hurt. Almost nine hours later, he still felt hollow inside. It had been foolish to fall for her in the first place, but downright idiotic to go to her house. The angry, contemptuous woman from this morning seemed so far removed from the relaxed, gorgeous socialite who'd sipped champagne in the kitchen wearing nothing but her cum-splattered shoes.

Fatigue was setting in by the time he finally arrived home. He'd had hardly any sleep during his night with Duchess, and then his spat with Ria and the missed meeting had left him emotionally drained. With no appetite, he watched the news for a bit and went to bed before eight.

Lying in the dark, he could see Ria's smile, hear her moans, and even smell the perfume she'd worn. Fucking her downstairs had been a gaffe, but nothing compared to the complete and utter fuck-up he'd made by falling in love with her.

He thought of all the other hotwives he'd seen and wondered why she'd been 'the one'. Some of the others had been just as attractive, just as sexy, and maybe even more thrilling sexually. He still got a tingle at the memory of Angela jilling herself off as she urged him to come in her face. He'd get aroused remembering Della's oral skills, and he had some really fond memories of Alice. And then there'd been Jade, who'd taken sexy to an entirely new level.

But despite all the great sex he'd had, the time that stuck in his mind more than any other was with Ria in the middle of the night. There'd been no slutty behaviour or dirty-talk, just tenderness under the covers. It had been the only time during the last six months when he felt like *he'd*

mattered, rather than just his cock. In his mind, Ria hadn't fucked Ben on that occasion; she'd made love to Josh.

Maybe that had been where it all started to go wrong. Though he'd told Laura that life as a bull was all about gorgeous women who're only interested in sex, he'd failed to admit—even to himself—that most people needed more than that.

He eventually fell asleep and didn't wake until his alarm went off almost ten hours later.

After an early morning run, he showered and travelled to work in his usual clothes by the usual means and had a much more relaxing day. He and Laura updated the details on SharePoint to include everything discussed with Ian the day before.

Andy called him into his office after lunch. "I've just had a meeting with Brendan, and he wanted me to tell you he's very impressed with the way you're handling your current project."

"Wow. Thanks." Josh sat in the seat opposite, relieved.

"We've had another enquiry from a Dutch company about updating their communications network."

"Cool."

Andy nodded. "And what they're after has a lot in common with the system we're providing for Gly-Po. Brendan thought it'd be logical for your team to handle this project, too."

"Wow again."

"The three of you seem to work well together but, like I said before, if you find you're getting swamped, I can move someone else across to lend a hand."

Josh nodded but didn't think it'd be necessary. Conor was a great worker, and Laura was... "Andy?"

"Problem?"

"No. But would it be okay with you if I asked Laura to lead this one?"

"Do you think it'd too much for you to lead both?"

“Not at all. But I think it’d be good for Laura. I also think she’d do a brilliant job.”

Andy sat back and stared at him, then smiled. “I’ll see what she thinks.”

An hour later, Laura walked over with large latte and a cream cake, which she placed on Josh’s desk. “Thank you, but why?”

“Why what?”

“Why would you pass up the chance to shine yet again and increase your chances of promotion?”

“I’m hoping we can both shine.”

Laura nodded, then looked around the office to make sure nobody else could hear them. “Sometimes, I wish you had a vagina.”

He laughed out loud. “Thanks, I think.”

* * * *

Josh decided to have a quiet weekend away from the cuckolding website. He watched a movie, did some overdue DIY and watched the match in the pub with a nice meal and a few pints. On Sunday afternoon he lay on his sofa with a new book, and his mother called in the evening to tell him about her weekend in Paris. She spent twenty minutes describing every building and area they’d visited. Josh listened with a little sadness; his only trip to Paris had been with Olivia in the days when she’d only wanted one man in her life.

“...Champs-Élysées, the Arc de Triomphe and the Louvre. Did you know Paris even has its own Statue of Liberty?”

“Yes, Mum. It sounds like you had a great time.”

“Oh, we did. It was wonderful, so thank you.”

“You’re welcome. It’s not every day that you’re fifty-four.”

“Fifty-three, and you know it.”

He chuckled.

“Anyway,” she said, “I have something to tell you.”

“Oh?”

“Me and Brian have been seeing a lot of each other and, well, it seems silly us both having a house.”

He grinned. “Did you get married in Paris?”

“*What?* No, of course not. Do you remember Jean Butler?”

“Yeah, I used to walk her dog when I was a teenager.”

“Oh yes, I’d forgotten that. Well, she’s moving into a care home. She’s selling her house and knows I’ve always liked it—the garden’s lovely. She told me she wouldn’t bother with an estate agent if I wanted it.”

“So you and Brian are selling up and moving in together?”

“Would that be alright with you?”

“Of course. I can see that he makes you happy, and I’m really pleased you’ve found him.”

“It’s nice to have someone there all the time, just to share the little things with.”

“Yeah, I’m sure it is.” Josh glanced around his empty flat.

“Brian’s suggested we see Barcelona in the spring.”

“That sounds like a great idea. Who are they playing?”

“The city, you fool, not the football team.” She chuckled. “Anyway, you’ll have better things to do with your evening than listen to me drone on. I just wanted to thank you again for the trip.”

“You’re welcome. Bye, Mum.”

“Night, love.”

After he’d cut the call, Josh sighed. He stared aimlessly at the muted TV for a while, then bolted forward to look closer at the screen. Either his mind was playing tricks on him, or he’d just caught a glimpse of Ria in the audience of some sort of awards ceremony. He grabbed the remote, turned on the sound, then hit rewind. The MC was announcing the award for an investigative documentary about corruption in South America. The camera panned to a table of about ten people, where Ria, wearing a shiny halter-necked gown, smiled broadly as she applauded. The five men at the table stood and made their way onto the stage. They all had dark hair, so Josh couldn’t tell which one had sucked him off.

The fact that Hubby was an award-winning TV journalist made Josh feel even more childish and naïve for thinking she'd be interested in someone just because of the size of his dick.

He turned off the TV and picked up his book, deciding to lose himself in another world for a while.

* * * *

As he had no meetings planned during the following week, Josh arranged to work from home for a couple of days to write up a report on the current system the Dutch company was using. He had a productive first day, which lifted his spirits enough to order the next two novels in the series he'd enjoyed at the weekend.

He clicked the icon for the cuckolding website—more out of habit than anything else—and skimmed through his messages. None of them grabbed his attention. If he couldn't get interested in any of the gorgeous selfies on display, it was probably time to call an end to his life as a bull.

He was about to close his laptop when he received a private message from a guy asking if he'd be 'good enough to discuss the possibility of a meeting'.

Josh laughed; the dynamics of the cuckolding lifestyle were definitely weird. Where else would men be this polite when asking someone to fuck their wife?

He sent a quick reply: *Sure, fire away*. Then he shut down his laptop and headed off to bed.

* * * *

Josh had started work early and had just stopped for brunch when he received another message from the polite guy. Apparently he had enjoyed sharing his beautiful wife with numerous bulls and was now looking for someone to take charge in the bedroom.

Though not sure whether he still wanted to carry on offering his services, Josh felt he owed this guy a reply. He decided to try and find out just what sort of thing he and his wife were into.

Hello

Every husband thinks his wife is beautiful, which is exactly as it should be.

I always take control in the bedroom.

Tell me about your arrangement, and what each of you want out of a meet.

Travel not an issue for me.

He gave brief details of himself and asked a host of questions like what he should call them, how old the hotwife was, why they'd started wife-sharing, what sorts of things they'd enjoyed in the past, and how she liked to be controlled in the bedroom. He was probably being too intrusive, but they lived in the north-west and he wasn't prepared to make a 400-mile round trip if the husband wanted to suck him off.

After finishing work for the day and enjoying a quick gym session, he returned to his laptop and a new reply from the polite guy, who was apparently called Harry.

Harry had answered all of Josh's questions. In detail. The couple used their real names. Michelle was a 29-year-old petite brunette who liked to be used as a fuck-toy, and Harry didn't want to be humiliated or have any contact with the bull. They sounded perfect—until Josh read Harry's answer to his question about how she liked to be controlled:

She told me her regular bull was too polite and too considerate.

Then he fell for her. She wants a 'bad-boy' to use her in any way he wishes without wanting any emotional connection.

Josh chewed his lip. He didn't see himself as a bad boy and the situation had disturbing echoes of his mistake with Ria. Although it made him feel better that he wasn't the only bull to make that error, he decided a date with Harry and Michelle would be best avoided. He wasn't anything like the type of bull they were looking for. It was a shame because Harry sounded like a nice guy.

But then he saw the three images attached to the email. When he clicked the first one, his jaw dropped. A woman wearing only cream

underwear looked over her shoulder at the camera, her expression suggesting she hadn't known she was going to be photographed.

She had a body to die for and her face was unbelievably pretty.

Josh checked the email again; the photo had been taken today. He opened the other two pictures. They showed Michelle in smart blouse and trousers. One was a full body shot, showing her amazing figure, and the other a close-up of her face. She had long brown hair, big brown eyes and a sexy mouth. She was stunning.

Just looking at her made his cock twitch; the thought of fucking her made him tingle all over. If she wanted a bad boy, then he'd have to pretend to be one.

He was wearing a t-shirt and pyjama bottoms but decided to take a selfie anyway. He took three, chose one and attached it to his reply, confirming that he was happy to travel and that they discuss what should happen on the date.

* * * *

Josh read Harry's reply while eating his breakfast:

Hi Ben

Michelle liked your picture and would be very happy for us to arrange a date. If you don't mind travelling, we're happy to host.

You mentioned that we should discuss what happens. Am I allowed to make requests? I ask because I've never done this before.

Michelle has arranged everything.

Harry

Ps Michelle also wanted a photo of your cock. She says she doesn't want to get all excited if you don't measure up ??

Josh smiled at the postscript but had no intention of sending a dick-pic. Ever.

He wondered about the dynamics within Harry and Michelle's relationship. Most of the couples he'd serviced had agreed their own agendas for the date before he arrived. If Harry was still asking if he could

make requests, then that suggested that while Michelle was at least trying to satisfy Harry, she might have been concentrating on her own needs first.

He tapped out a reply:

Harry

Of course you can make requests — the date is for both of you.

What usually happens is the husband and wife decide what they both want, and then tell me.

However, since Michelle has asked you to arrange the next date, perhaps she'd prefer if you and I sort out the details. By all means, tell me what you want.

Regards, Ben

PS I have never taken a picture of my penis, and I don't intend starting now. You can assure Michelle that she won't be disappointed.

Josh sent the message and then left for work. He had a catch-up meeting with Laura and Conor, then went back to his desk.

Though he had plenty to be getting on with, his mind kept drifting back to the photographs of Michelle. The thought of servicing her was a little too distracting. At lunchtime he went for a walk and checked his messages from his phone.

Hi Ben

Thanks for not sending a photo of your cock ??

When we first got into this, Michelle would pick up a guy who was willing to fuck her while I watched. It's ironic that you're ex-military, because for the first few times we'd book a room in a town with a barracks and she'd go out and come back with a soldier eager to fuck her.

Later she signed up to cuckolding websites and picked bulls from there. While reading forums she learned about denial and humiliation, and assumed I'd enjoy it.

I was made to wear a chastity device and denied sex for long periods. I also performed some acts because I knew she wanted me to. I wanked one bull off in her face, performed clean-up more than once, and let a bull come in my mouth after he'd fucked Michelle. I didn't enjoy any of these.

I've also allowed her to fuck me up the backside with a strap-on while her bull took her anally. Again, this wasn't something I enjoyed, but it was something I knew she wanted.

I enjoy watching her, but I also liked when she stroked me while with a bull.

Harry

Josh blinked. The guy had made a *lot* of sacrifices for his wife. He felt a strange obligation to give Harry a night he could enjoy fully. He replied to say that in the past, husbands had helped him to pleasure their wives, and asked if Michelle would object to taking two men at the same time.

And then he returned to the office to do the job he was being paid to do.

Chapter 43

Harry's reply was already in Josh's inbox by the time he got home. The email was short but enlightening:

Taking two guys at the same time would not be problem for Michelle. She once took on five bulls in a two-hour gangbang. My only worry is that she doesn't see me as bull material.

After the initial shock, Josh imagined the gorgeous woman in the photo being gangbanged by five bulls, and his cock twitched inside his pants. He put the kettle on and went to get changed while thinking about how to respond.

He'd become disillusioned with life as a bull. It wasn't just about Ria, though she'd played a big part in his decision. In truth, he wished he hadn't had the date with Duke and Duchess, because his night with Jade and Kenny would have been the perfect swansong. But now he found himself wanting to help Harry as much as he wanted to fuck Michelle. Josh decided that she'd be his final hotwife.

Hi Harry

I don't think you need to worry about being bull material, you're much more important than that. You're her husband.

For our date, I want Michelle to wear black—dress, underwear and high heels. She should also wear stockings with a suspender-belt. Tell her to wear her hair down and to apply makeup like in the photo you took.

Are you free this weekend? I could drive up Saturday if convenient...

Regards, Ben

After he'd sent the message, he opened the three photos of Michelle again. As he stared at her big brown eyes and fabulous figure, he knew he'd be going out with a bang.

* * * *

As Josh waited on their doorstep, bottle of red in hand, he kept reminding himself that Michelle wanted a bad boy. He'd have to slip into that role once he'd handed over his gift.

The door opened and he shook hands with Harry.

The guy took the bottle with a surprised grin. "Thanks. Come and meet Michelle."

She was standing in the middle of the living room, all in black as requested. She looked fabulous.

Harry offered a drink, and Josh nodded at the wine. While her husband was out of the room, Michelle motioned toward the couch. "Shall we?"

Josh sat down and she settled next to him. Her perfume was strong and intoxicating, but he tried not to let it bother him. He was still wondering how to generate a little attitude, as if he were used to taking charge in the bedroom.

Harry returned with their drinks and sat in the armchair opposite. He looked nervous.

Josh sat back. "Harry, maybe you could give me an idea of how much you've done since you started sharing your wife?"

"Sure."

"How many bulls has Michelle seen?"

He frowned and glanced at his wife. "Twenty?"

"Twenty-four." She looked into Josh's eyes. "That's how many different men I've had inside me since we started this eleven months ago. And there were two more who I sucked off but didn't fuck."

Josh tried not to look startled by her bluntness. "And how many times have you been fucked in total?"

Michelle laughed. “Now that I don’t know. But it’s a lot. Easily over a hundred, maybe even two hundred. Most of the guys did me two or three times a night, and one bull I saw a lot of had me six times a night on three different occasions.”

Jeez. “You sound pretty hard to please.”

She pushed his arm and flashed a stunning smile. “No, that’s not true. I’m fairly easy to please, I promise. And if the bull’s up for more, I don’t turn him away. That would be rude on my part.”

“So you’re not insatiable?”

“Definitely not. I’ve been satiated many, many times.”

“Good.” *Time to show her who’s in charge.* “Okay, I’d like you to walk across the room and stand by Harry’s chair.”

Michelle frowned. “Why?”

“Because I want to look at you. Oh, and Michelle?”

“Yes?”

“Please don’t question any more of my requests.” He kept his voice quiet but firm.

Her eyes seemed to go cold for a second, but she stood and walked over to stand by her husband.

Josh took a sip of wine and admired her body. “Now I think it’s time I saw a little more of you. Would you take off your dress, please?”

Josh’s cock twitched when he saw her in only black underwear and stockings. Her body was flawless. Michelle could be a model, no doubt about it. He decided to push a little harder. Michelle was a bit too sure of herself, and if she wanted a bad boy, who was he to argue? “I’d like to see you walk around the room, please.” While she glared at him, he asked Harry to close the curtains.

She didn’t move.

“Michelle, I’m not asking you to parade around in your underwear as if this were a cattle market. I’m asking you because I love the female form.” He smiled, trying to appear as if he were relenting a little. “Over the course of the next few hours I’m going to grow very familiar with your body, but, as of this moment, it’s unfamiliar. My opportunity to look at you

and wonder what you'll be like to touch is a passing experience and I want to make the most of it."

She nodded, then slowly paced around the room with a panther's grace.

"Harry, come sit next to me."

Michelle stood facing the men.

Josh nodded toward the armchair. "Please, sit down." He watched as she obeyed, slowly crossing her legs. She was rightfully confident in her own body. "Now, I'd like you to tell me about one of your favourite experiences with a bull."

She looked thoughtful, then smiled. "We were in Portugal with Lucas. He was my BBC. Great body and ten-inch cock. It was a sunny day and we were outside by the pool. I got Harry to cover me in oil and then told Lucas to fuck me. I knew it'd probably be our last time and I wanted him to fuck me hard."

"Why the last time?"

She looked slightly wistful. "He was great, but he'd started breaking the rules, wanting things a bull shouldn't want."

Ah, the bull who fell for her. Josh could understand why. "So, how was the sex that last time?"

"Intense. I think he'd sensed it was our last time as well."

"Describe it. And while you're telling me about it, I want you to touch yourself—but only through your panties. And don't make yourself come. You're not allowed to come yet."

She opened her legs and started to run a finger over the gusset of her black panties. "I suppose 'hard and long' is the best way to describe it. His cock was hard and long, and the sex itself hard and long. I told him to be rough, to hurt me. He didn't disappoint. He battered me with his cock, plunging as deep as he could, over and over." She smiled distantly. "I lost count of the number of times I came. At the end I made him withdraw. I wanted to see him come, to feel his hot jizz splatter on my body."

"I thought you preferred bulls to come inside you?"

“Yes, usually. But that time I wanted to see it, feel it. And I wanted Harry to see it, too. He was filming it and taking photos, so I wanted it to look as good as it felt.”

“Okay, you can stop touching yourself now.”

She smirked. “Was that the sort of thing you wanted to hear?”

She’d gained confidence, but Josh wasn’t going to admit how much he’d enjoyed her performance. It was time to reassert himself. “I’d like you to remove your stockings but leave your suspender belt on.”

He watched with anticipation as she frowned but rolled the sheer nylon down her perfect legs. “Put your shoes back on, please.” He pointed to the far wall. “Then go and stand over there.”

Michelle did so, and as Josh got up, he asked Harry to return to the armchair. He went to stand next to Michelle, and placed a hand on her waist. Her skin was soft and warm. “I want you to look at your husband.”

She glanced over Josh’s shoulder and smiled at Harry.

“Now, I want you to run your hand over my crotch.”

After a moment’s hesitation, he felt the warmth of her hand through the material. She traced the outline of his cock with her fingers.

“Tell Harry if you think what you can feel will be enough for you.”

She looked up into Josh’s eyes. “I’m sure this will be perfect.”

He walked back to the sofa and reclined a little, placing one foot up on the cushion, then invited Michelle to join him. “I want to get acquainted with your body.”

She knelt on the seat between his legs.

Slowly, he traced his fingers up her arms, over her shoulders and down her sides. She was exquisite. “Tell Harry what you think is going to happen next.”

She held his gaze for a second, then turned to look at Harry. “I think Ben’s going to tell me to take his cock out of his pants, and he’s going to ask me to suck it. Then he’s going to pull me down onto it and fuck me right here on the couch while you watch.”

Josh stared at the wide-eyed face of her husband. “Does that sound like the sort of thing you’d like to watch, Harry?”

He gave a silent nod.

Josh focused on Michelle. "Please remove your bra and panties."

The corners of her mouth curled up as she smoothly unclasped her bra to reveal perfect breasts, then slid her panties down and discarded them.

"Okay. Now, what did you say was going to happen first?" He held his breath as she unzipped his trousers and fished out his cock. He was fully erect.

She wrapped her tiny hands around his shaft and smeared the precum that had leaked out over the head. Then she slid off the couch and knelt on the floor, parted her sexy lips, and took the entire length of him into her throat.

Josh let out a sigh and tried to keep his cool. Michelle played her tongue against the underside as she bobbed and twisted her head. He let out another sigh. Michelle made Della's oral skills seem average. She took him deep again, her nose buried in his pubic hair and her chin resting against his balls. Although it was the last thing he wanted, he eased her off him. It'd be embarrassing to blow his load this soon.

She gave him a satisfied smile.

He needed to regain the upper hand. "Turn around and face Harry, then lower yourself down." As she got in position, he couldn't help admiring the perfect curve of her backside and the small dimple just above it. He positioned the thick dome of his cock at her entrance and pulled her down onto him, shuddering as her tight channel sheathed him, pleased to hear her sharp intake of breath.

Bracing her feet on the floor, she moved herself up and down on him. He thrust upwards as he pulled her down, forcing his full length inside her. She moaned but kept her eyes fixed on her husband's. Her thighs were shaking; Josh knew she was already close.

He slid his hands up her side and reached round to caress her tits. "Ride my dick." He thrust up into her again, and Harry leaned forward in the armchair, his eyes fixed on Michelle's.

Josh pulled at her nipples and sank his face into her hair, inhaling her perfume and the overpowering musk of her sex. He put his mouth next to her ear. "Tell him how it feels."

“Good. It feels good.” She was breathing heavily. “Big, and thick. It’s going... Harry, I’m going to come. I’m... Oh *fuck!*”

As she clenched, Josh dropped his hand and pinched her clit. She screamed and rocked, digging her nails into his thighs. Her head dropped back onto his shoulder and he felt her clench again as another orgasm wracked her body.

Time for the next part of the plan. “Michelle, tell Harry to stand up and get his dick out.”

She turned and shook her head. She was still breathless. “But Harry doesn’t like—”

“Don’t tell me what he likes. He’s not your cuckold.”

“Yes he—”

“No, Michelle, he’s not. He’s not anybody’s cuckold. He’s a stag.” Josh silently thanked Jade for this knowledge.

Before Michelle could protest, he pulled her down and pushed his cock as deep as it’d go. “Harry likes to watch you receive pleasure. It turns him on. But he doesn’t enjoy any of the humiliation or degradation that true cuckolds crave.”

“Yeah, I know. But—”

“Just listen. Though he doesn’t want any contact with me, he craves contact with you. He adores you. Worships you. He puts your pleasure above everything else.”

“I know. He loves me.”

“Right, so tell him to stand up and get his dick out.”

She nodded her head.

“He needs to hear you say it, Michelle. He likes to hear you talk dirty.”

“Harry, stand up.”

That’s better. “Tell him what you want.”

“Put your dick in my mouth.”

Josh saw Harry get up and fumble his cock out. He continued to whisper in her ear. “Michelle, you’re his vixen. Your purpose during sex is to turn your stag on. You do it by letting him watch you with other men like

me, and you do it by giving him pleasure. Do you think he's turned on now?"

"Oh yes."

Harry's cock was dripping precum. "So do I." Josh winked at Harry. This was what the guy had craved all along. "Now, I don't want to watch an oral romance between husband and wife, so I want you to tell him to fuck your face."

He heard her take a breath, then she looked at Harry. "You heard him. Use my mouth, and don't stop until you've come."

As Harry guided himself into place, Josh pinched Michelle's nipples and bounced her on his cock. She moaned, then suddenly gagged and gulped. Looking up, he saw Harry's eyes squeezed shut. He was panting through clenched teeth, coming already.

She held him close and bobbed her head. Harry let out another sigh, then finally stepped back. Josh bounced Michelle harder, feeling the first tingles of his own release deep inside. She rocked and squeezed, milking his cock. He came with a grunt just as her second orgasm gripped him. His entire body trembled as he fired more spurts into her hot, ravenous body.

Eventually they stilled, both breathing hard. Josh saw Harry tuck himself back into his trousers and sit back down in the armchair.

"Uh-oh." Michelle looked down. "Ben, I'm leaking all over your trousers."

He remembered Ria squirting on them not long ago. "Yeah, well. What goes up must come down. They can be cleaned. Don't move, I'll get hard again in a minute."

"You're allowed a rest."

He wrestled his jacket off. "I'll rest after the second one. I always get hard a few minutes after the first."

"Really?" She reached down and stroked his cock.

He could feel himself swelling already. "This time you're going to sit on the couch." As he got up and lowered her on the couch, he noticed the creampie slither out of her onto the cushion, relieved that Harry had no interest in lapping it up. He smiled at the guy. "What should I do to her now?"

“Fuck her hard, then come in her mouth.”

Josh smiled. Harry was enjoying himself.

Michelle seemed to be enjoying her husband’s input, too. She went straight into slut-mode, opening her legs and spreading her still-oozing sex with her fingers. “Come on, Ben. You heard the man.”

Josh rammed his cock in with a squelch. She stared up at him and he fucked her hard, bouncing her off the couch. She was squeezing and releasing with her inner muscles, bringing him off a lot sooner than he’d expected.

She’d obviously noticed. “Don’t wait until you’re on the edge. Put it in my mouth now and let me bring you off.”

He wasn’t about to refuse an offer like that. She moved so she could cup his balls in her hand, then took his full length deep into her throat again. Josh let out a grateful sigh. Her head slid back and forward on his length, her fingers squeezing and massaging his balls, coaxing them to release their load.

Josh felt the first spasm and Michelle decided to treat her husband to the spectacle. With her eyes fixed on Harry’s, she released Josh’s cock from her throat. She held her mouth wide open and her tongue out, and he fired the first powerful spurt between her lips.

She hummed in encouragement, and he shot another dollop into her mouth, then a third, over-filling her. Cum dribbled down from her lips onto her chin, then she pushed forward and took him back into her throat, making him shudder. She sucked and worked him with her tongue, and Josh closed his eyes. That had been one of the best orgasms he could remember having.

When she finally released him, he was breathing as heavily as he did after a five-mile run.

His cum had dripped from her chin onto neck and chest. She stood and looked down at herself. “I need a shower.”

Josh held her arm to stop her from leaving the room. “No, you don’t. I like you like that.”

“It’s going to cool, and go hard and flaky.”

He smiled and picked up his wine. "I know. I need to rest for a few minutes, but I reckon Harry's ready to go again. Right, Harry?"

He saw the couple exchange a look.

Michelle looked up at Josh. "How?"

"Don't ask me, I'm just a guest."

"I want you from behind," Harry said immediately. "Kneel on the floor and lean on the couch."

Josh watched as Michelle dropped into position. She still wore her shoes and suspender belt. As she presented her fine rear end to Harry, he dropped to his knees and entered her. He fucked her hard for a good couple of minutes before pulling out and coming all over her back.

After she'd gone upstairs for a shower, Josh asked Harry for a refill and followed him into the kitchen. "So, how do you think that went?"

Harry grinned. "Great."

"Did you enjoy joining in as much as you'd hoped?"

"It was... incredible."

"Good." Josh watched him closely. Harry had admitted in an email that he knew Michelle had done anal with a couple of her previous boyfriends, and he'd watched several bulls take her that way. "Still up for the other thing we discussed?"

Harry nodded. "Maybe give me another couple of hours, though. I'm not like you bulls." He topped up Michelle's glass and when he disappeared upstairs, Josh wandered back into the living room, which smelled of Michelle's perfume and sex.

Harry came down a couple of minutes later, still grinning like a Cheshire cat. "Do you want to change?"

Josh looked down at his stained trousers. "Probably not worth it. As soon as your wife gets back, I expect I'll be getting naked."

Harry nodded, then looked thoughtful. "Is this how it usually goes when you see hotwives? Do many join in, like I did?"

"It varies a lot, depending on what the couple want. Some men like to watch, some like to listen from another room and have their wife tell them about it later, after I've left. There've been a few who lie on the bed

and masturbate while I'm fucking their wife right next to them. Everybody has his own preference. What about you, then? Your email said you usually watch?"

"Yeah, I did, but it's taken us a while to work out what we both want."

"Is being involved better?"

"Much, much better." He stood up and nodded at Josh's glass. "Do you want a top-up?"

"I'm okay for now, thanks."

Michelle came back downstairs wearing a pale blue dress and nothing on her feet. Her hair was wet, her makeup gone, and she looked sweetly stunning. She smiled at her husband and passed her empty glass. She'd drunk the last one quickly. As she crossed the room, Josh could see her nipples pushing against the dress. He was sure she was naked underneath. Harry returned with a beer for himself and a fresh glass of white wine for his wife.

She sat on the couch next to Josh. "I wish we'd met you earlier. It could have saved Harry a lot of grief."

"He doesn't seem to be any worse off for his experiences."

"No, I think we've both come a long way." She smiled at Harry, crossed her legs and looked back at Josh. "So, what are you two going to do to me next?"

He smiled, not bothering to fabricate the bad boy persona any longer. "I'm going to take you to bed, but Harry will just be a spectator for this one."

She flashed her fabulous brown eyes. "Sounds good to me."

Ψ

Chapter 44

In the bedroom, Harry sat on a chair and Michelle looked up into Josh's eyes, an expectant smile on her face.

"Lie on the bed," he ordered.

Michelle settled herself onto the middle of the mattress and Josh undressed while watching her face. She smiled as he removed his shirt and smiled even wider when he dropped his trousers to reveal his hard-on. He climbed onto the bed between her legs and held himself above her.

With her gaze fixed on his, Michelle slowly pulled her dress up her legs, revealing first her smooth, toned thighs, then her bare sex. Josh slid his cock through her folds then pushed in deep, making her groan. He took her wrists and pinned them to the mattress above her head, then fucked her with long, steady thrusts.

Michelle came after only a couple of minutes, groaning and thrashing her head from side to side. Having come twice already, he'd be able to make this one last. He thrust harder, knowing both she and Harry liked it when she was used as a fuck-toy.

Josh reamed her gorgeous little body. She came again, grunting as she struggled to catch her breath. Josh was beginning to tire by the time he felt the early signs of his own release. He summoned the strength to increase the force of his final few thrusts, then pushed in deep and held still.

Michelle clenched as he flooded her, his entire body quivering. When his spasms had finally stopped, she flashed him a beautiful smile.

They lay side by side and got their breaths back, his heart thumping hard in his chest.

Michelle asked how he'd become a bull. Without going into all the details, he admitted he'd met an ex-girlfriend for coffee, and they'd ended up having sex—even though she'd married someone else. Later he'd discovered her husband had encouraged her to do it because he liked to watch, and that it had been the two of them who'd recommended he become a bull.

He already knew how Michelle had become a hotwife and didn't think it'd be something Harry wanted to discuss, so he didn't say any more.

Eventually, Michelle told Harry he couldn't spend all night on the chair and the three of them settled down beneath the quilt. They lay in relaxed silence for a while, and when Michelle started to rub her leg against his, Josh got the feeling she was ready for more fun. It had been well over an hour since Harry had come over her back, so presumably he'd had enough rest.

Josh pushed the quilt down and lowered his head to her chest, sucking a nipple between his lips. As he'd expected, Harry did the same on the other side. Soon Michelle was writhing and letting out quiet little moans as they kissed and caressed her body. Josh was happy to let Harry take the lead, and he saw him run his hand down her stomach.

Michelle opened her legs and, as Harry pushed his fingers in, she took a sharp breath. Josh saw the pair of them share a look, then Michelle pushed Harry onto his back and straddled his legs. Reaching down to stroke Josh's cock, she smiled at him and wiggled her raised backside. He didn't need any more invitation.

As she lowered her head and took Harry into her mouth, Josh positioned himself behind her and pushed into the molten slit of her sex. He fucked her slowly as she sucked Harry's cock.

All too quickly, Michelle ordered Josh onto his back. She straddled him and impaled herself on his cock, then reached over to her husband.

As Michelle lay down, pressing herself against Josh, Harry clambered behind her. Josh sensed the extra weight and, as Michelle let out a muted sob, he felt Harry's cock slide into her body and move against his own through the thin membrane.

Josh pushed up and Harry responded by slowly thrusting, too. Michelle came almost immediately, squealing and crying. Neither man stopped, trapping Michelle between them as they sought their own release. When Josh finally came it was intense, wave after wave of spasms flowing through him. Harry let out a long groan, and Josh could feel his cock twitching. For a minute, their three bodies writhed and melded together. Finally, they separated and lay in a breathless silence.

Josh looked over at the pair of them. The hotwife looked exhausted and radiant; her husband looked shocked and ecstatic. Satisfied that he'd performed his duties as their bull, Josh closed his eyes and fell asleep almost immediately.

He woke later with the room in darkness. Michelle was kissing his neck and stroking his cock, which was already hard. She got on top of him and kissed his mouth. He guided his cock inside her, immediately aware that this was a similar situation to the intimate, middle-of-the-night sex he'd had with Ria. Slipping his arms around Michelle's tiny waist, Josh held her close as she rode him. He kissed her face, smelled her hair, caressed her back and bum, losing himself in the closeness.

She moved faster, her breathing coming in short gasps. He held her tight, pushing down on her hips. She moaned into his ear as her spasm gripped him. Josh pushed up and came with her, sighing with the release of energy. They stayed where they were as they came down, and Michelle fell asleep with his cock still inside her.

He lay awake for a while, his arms wrapped around her as her heart beat against his chest. He wasn't surprised that her previous bull had fallen for her.

* * * *

Josh woke at first light. Michelle was now lying beside him, her arm around his waist. Harry was still fast asleep.

Deciding he should let them have a private morning, Josh slipped out of bed and took his clothes onto the landing, where he quickly dressed. He crept downstairs and pulled on his jacket, then heard the stairs creak.

Michelle walked into the living room wearing a robe. “Good morning,” she said with a beautiful smile.

“Hi.”

“You don’t have to sneak out, you know. You can have a shower and breakfast.”

“I thought the two of you might prefer your morning together.”

She held his gaze for a second. “Thank you.”

“I think I’m the one who should be saying that.”

She laughed and raked her fingers through her tangled hair. “I’m so glad Harry found you. I’ve handled things badly. At least, badly for him.”

He could see her anguish. “From what he’s told me, there have been a lot of things he’s loved.”

“I hope so, but I think last night was the one he’s enjoyed the most. I’ve never seen him so...” She shook her head and smiled.

“He should offer his services as a bull.”

Michelle laughed. “I’m too selfish to share him.” She frowned when she realised what she’d said. “God, that shows how self-centred I am.”

“I honestly don’t think he’d want anybody else.”

“I know. I’m lucky to have him. He’s been so...” She shook her head yet again. “I’ve been a bitch. Lucas, my previous bull, didn’t like to share me—even with Harry. And I just went along with it.”

“Well, now you know how much he likes joining in, you’ll be able to involve him a lot more in the future.”

“Yeah, about that...” She stepped close and looked up into his eyes. “Could we arrange another meeting?”

“I’m afraid I’m...” He wondered how to phrase it. *Hanging up my cock?* “My time as a bull is coming to an end. I’ve had a lot of fun, especially last night. But I think it’s time I started looking for a girlfriend of my own, rather than sharing other men’s wives.”

“Oh. *Please*, just one more night?” She slipped her arms around his waist. “I promise to make it worth your while.”

He laughed, flattered that she wanted a repeat performance. “I really —”

She ran a hand down over his crotch and gripped his cock. “Maybe if I sucked you off here and now, I could persuade you...”

Flashbacks of taking Ria in her hallway swept through his mind. He shook his head. “No, that wouldn’t be fair to Harry.”

She blinked. “Sorry, I just thought...” She closed her eyes for a couple of seconds then looked up at him. “I told you I was selfish.”

He laughed.

“The thing is,” she said, “now I’ve finally learned how to make it good for Harry, I was hoping for one more night. I’ve never heard the terms stag and vixen before, and you’re the first bull I’ve seen who’s suggested Harry join in.”

“From now on, you can tell all your bulls that Harry’s a stag and likes to join in.”

She shook her head. “No, it’s coming to an end for us, too. I’m not interested in finding another bull.”

“Why stop now?”

“My age.”

He laughed. “Michelle, most of the women I’ve seen were a lot older than you.”

“My biological clock.”

The penny dropped. “Ah.”

“My best friend’s having a baby, and I don’t want to be an old mother.”

“Can I tell you a secret?”

She laughed. “You’ve fucked me all night long. We’ve shared body fluids, so I think we’re close enough to share secrets.”

“I’m lonely.”

She opened her eyes wide, obviously shocked.

“Dirty sex with beautiful women is wonderful, but it’s not everything. You know our last time, in the middle of the night? With you on top?”

She nodded.

“That was my favourite, and that’s what I miss the most. Closeness.”

“I’ll do that again, I promise. How about we travel to London and book a nice hotel? You won’t have to spend hours driving. Just turn up at the hotel, help Harry to fuck me senseless for a few hours, and I’ll give you a nice tender one as well. Then we can all turn our backs on being hotwives, bulls, cucks, stags, vixens or whatever else we are.”

The thought of spending another night with her was appealing. “One night?”

She gave another brilliant smile. “Yes please.”

He sighed. “Okay.”

She pulled him close and kissed him again. “You promise?”

“I promise.”

“Thank you. How about next weekend?”

He laughed. “Tell Harry I’ll email him. He can tell me the hotel, and we can sort out what else we do to you.”

She raised her eyebrows. “Can I have some input into that?”

“Definitely. Chat to Harry about what you’d both like, then tell me. I’ll do anything you want.”

She nodded. “Okay.”

“Bye, Michelle.”

“Bye, Ben.”

Josh left their house, got in his car, and headed back towards the motorway.

The date couldn’t have gone any better, and he was glad he’d get another chance to enjoy himself with Michelle. She was just about everything a hotwife should be—gorgeous, sexy, and completely uninhibited in the bedroom. She may well have moved straight to the top of the list of all the hotwives he’d serviced.

And Harry was definitely his favourite cuck. Well, stag.

* * * *

Josh was finalising some last-minute Gly-Po project details with Ian over the phone when Laura came to his desk on Wednesday afternoon. She retreated when she saw he was busy, and her expression worried him. After he'd finished his call, he wandered through to her desk.

"Is everything okay?"

She shook her head. "No. I'm really sorry, but I need to take a couple of days off. I know it's a bad time—"

"Don't worry about it. Anything I can do?"

She shook her head. "I'll tell you about it later, but for now I just need to—"

"Go home."

"What? No, I can stay for the rest—"

"Conor and I will be able to get things finished here. You go and do whatever you need to. I'll sort it with Andy."

"Thanks, Josh." She closed down her workstation, grabbed her bag and coat, gave him a forced smile, then headed out.

Maybe she'd had a fallout with her girlfriend, but he'd tell Andy she wasn't feeling well. That way she could take the time off as sick leave rather than waste her holiday entitlement.

He and Conor stayed late on Wednesday. Both put in long days Thursday and Friday to make sure everything went smoothly.

Andy came through to the office late on Friday evening. "Well done, guys," he said with a smile. "Brendan just told me the CEO of Gly-Po phoned to thank him for the excellent service we've provided. You're now officially the A-Team." He glanced at Josh. "Any update on Laura?"

"She emailed to say she's over the worst and should be better by Monday." It was a lie; he'd had no contact.

"Good. Tell her well done, too." He looked around the office. Everyone else had already left. "Right, piss off home and have a great weekend."

Josh and Conor headed down the stairs together. “Anything planned for the weekend?” he asked the younger man.

“I’m driving over to Bristol to bring my brother back from uni for the Christmas break.”

“Can’t he catch a train?”

“He’s having a party tomorrow night, and quite a few of his student friends are good-looking women.” Conor grinned. “You got anything planned?”

“A couple of friends from up north are coming down for the weekend, so I’ll meet up for a drink with them tomorrow night.”

“Sounds good.”

It’ll be better than good.

* * * *

He headed to the hotel Harry had booked, his stomach already tingling with anticipation. Harry greeted him at the bar like an old friend, and Michelle gave him a chaste kiss on the cheek. She looked fabulous. Her hair was pinned up, and she wore a pale blue silk top with a hip-hugging long black skirt, and black sandals with no nylons.

Their conversation was relaxed and friendly. Apparently neither of them had spent much time in London, and they were looking forward to seeing the sights.

“Maybe you could give us a guided tour?” Michelle suggested.

Josh wasn’t sure if she was serious, but he shrugged. “I can do, if you want.”

Harry and Michelle both looked pleased at his offer.

“So,” she said, looking at him over her glass. “Are you really going to stop being a bull?”

He nodded. “It’s time to move on. What about you two? Still thinking of stopping?”

Harry and Michelle glanced at each other and smiled. “Yes,” she said. “We have lots of great memories, but it’s time for us to move on, too.”

“Do you think you’ll revisit, later in life?”

Michelle laughed. "I'm not sure bulls will be interested in servicing me after I've had kids. My boobs will sag, and I hate to think what'll happen to my minge."

Josh chuckled. "I really don't think you need to worry about anything."

She glanced back at her husband. "We're not saying never, but it'd have to be something we both wanted. We'll see."

He nodded, confident Harry was now in a position to say exactly what he wanted from any future arrangements they made. "So, do you two have anything specific in mind for tonight?"

"Oh yes." Michelle licked her lips seductively, then leaned over the table to whisper to him. "Have you ever been filmed?"

He thought back to his first couple of times with Olivia in the Kensington house. "Not knowingly, but yes."

"Would you object to being filmed again?"

"I'm not sure."

Michelle leaned closer. "I can assure you that it'd be only for our own viewing pleasure. We've taped a few things, and I'd like to add tonight's exploits to them."

"And to be honest," Harry said, "I won't be filming your face."

Josh thought about Hubby. "I should have brought a mask."

Michelle stroked his hand. "We've bought a camera and practiced with the lighting."

"And what exactly do you want to film?"

"Everything. It's going to be our last night of debauchery, so I want you to do everything you did to me last week. More, if you can manage it."

"I'm sure that between the two of us, we should be able to keep you happy for a while."

"That's what I'm hoping." She looked around the bar, which was relatively busy. "What I'd really like is to slide under the table and suck both your cocks here and now."

Josh shook his head. "We'd get arrested. That's the sort of thing you do late at night in a dark sleazy bar, not in a posh hotel bar in the early

evening.”

“I know, but I’m a slut.”

“Tell him about that night in Manchester,” Harry encouraged.

Michelle looked confused, then smiled. “My night as a hooker?”

Harry looked at Josh. “She’d accompanied her boss to a court case, and I drove over to meet her so we could go out in the city afterwards. Michelle decided she wanted an adventure, so we left the nice bars and drove to a really rough area and found a backstreet pub.”

She laughed. “It was a horrible night, pouring with rain.”

Harry nodded. “It was a small pub, just two poky rooms and a bar. When we walked in, the conversation stopped. Everyone stared at us—well, Michelle. She was dressed up for court—two-piece suit, smart blouse, high heels and bare legs.” He shook his head at the memory. “I think she was the only woman in there under sixty.”

Josh was intrigued. “What happened?”

“We found a table and had a couple of drinks. The men at the bar actually turned their stools round so they could gawp at her. Then she decided to up the stakes. She went to the loo, and when she returned she handed me her knickers.”

Josh looked at Michelle, who just shrugged.

“Then she went to the bar and got talking to the locals, who all had tattoos on their arms and necks. She explained she was celebrating because she hadn’t been sent to prison. They thought she was a call-girl and I was her pimp.”

“I suppose, technically,” Josh said, “she didn’t lie when she said she’d been to court.”

“Exactly,” Michelle said with a smile.

Harry tutted. “But then she offered one of the guys a lift home.”

“It was awful weather,” Michelle added, a wide smile on her face.

Harry continued. “I drove, she sat with the guy... What was his name?”

“Ralph.”

“She sat with Ralph in the back. I had to concentrate on the road, never seen rain like it, but I heard them groaning. I saw him pass her something, and assumed it was a condom. She sucked him off and he groped her while I drove through the flooded streets. After he’d got out of the car, she showed me the money. She’d charged him sixty quid.”

Josh gasped. “Really?”

She nodded. “He asked how much for a blowjob, so I said fifty. He said if he made it sixty could he finger me as well? It seemed like a good deal—I got an extra tenner and an orgasm.”

Josh laughed and shook his head.

Michelle leaned closer. “Think how much he’d have paid to do everything you did to me last week.”

Harry added, “I was mad because if he’d been an undercover copper, she really would have appeared in court for soliciting.”

She smiled and took another sip of her drink, then seemed to have another thought. “What about the night you gave me to the guy at the art gallery?”

Harry’s cheeks began to glow. “It’s true, I did. We were wandering round and this guy couldn’t keep his eyes off her. He kept following us from room to room, so in the end I asked if he wanted to paint her or fuck her? He said he didn’t paint.”

“Wow. I see what you mean about having a lot of good memories.”

“Hmm.” Michelle licked her lips. “All this talk of sex is making me wet, and I’m not wearing any panties.”

Josh’s cock twitched in his trousers. He glanced at Harry, then without another word, all three stood and walked out of the bar.

Chapter 45

In the hotel room, Josh saw a tripod set up close to the bed and a video camera sitting on the desk. The only lamps switched on were the ones over the bed, putting the edges of the room in shadow. Michelle nodded at Harry, who picked up the camera and pointed it at her.

“And so begins my last night as a hotwife,” she said, slowly undoing the buttons of her blouse and slipping it off. She wasn’t wearing a bra and her nipples were already puckered. She reached round to undo her skirt and let that fall to the floor, leaving her in just a pair of stiletto-heeled black sandals with ankle straps.

She looked fantastic.

“Now, Harry’s going to sit on the bed while my handsome bull makes me come with his mouth. He didn’t do that to me last week, so I think he needs to make amends.”

Harry quickly stripped and climbed onto the bed, camera in hand.

Michelle looked at Josh. “Lie there,” she said, pointing at the carpet next to the foot of the bed. After he’d done as requested, she placed a foot either side of his head and bent her knees, resting her hands on the mattress.

He could smell her sex. As she slowly lowered herself down, he slid his tongue through her glistening folds.

She resumed her narration. “And now I have his tongue exactly where I want it.”

Josh pushed it deep into her channel for a few seconds, then moved up to her clit.

“Ooh, correction. *Now* his tongue is exactly where I want it.”

Josh sucked and teased her clit with his tongue and lips, listening as Michelle struggled to keep her narration going. After another quick dip into her cunt, he concentrated his attention back on her clit, brushing the flat of his tongue over it in a steady rhythm.

“Oh yeah, that’s... Oh!”

Josh didn’t alter the rhythm or the pressure of his lapping, savouring the juices his ministrations produced. Michelle trembled and groaned, and he imagined Harry focusing the camera on her expression as she came.

Michelle eventually lifted herself off his face, turned, and sat at the foot of the bed. “Harry, come and film me getting reacquainted with Ben’s cock.”

As Josh stood, Harry knelt at the corner of the bed, the camera aimed at Michelle’s face. Josh stepped close enough for Michelle to unfasten the zipper and take out his cock.

She pumped her hand, getting him fully hard in a matter of seconds, then turned her eyes to the camera as she parted her lips and took him deep into her throat, making him shudder. Bobbing her head while pumping the base with a twisting motion, Michelle let out a low moan that vibrated through his cock.

Josh was just getting used to that when she released him from her mouth and smiled at the camera.

“Time to use the tripod because I’m about to make Harry’s hands shake. I’m going to suck his cock while my bull fucks me from behind.”

Harry quickly attached the camera to the tripod and checked the viewfinder, then climbed back onto the bed.

Michelle stood and licked her juices from around Josh’s mouth, then kissed him. “Keep your clothes on and don’t be gentle,” she whispered. “Fuck me hard and come inside me.”

He nodded.

She knelt on the bed with her heels sticking out behind her, then lowered her head onto her husband’s cock.

Josh pushed in deep, marvelling once again at the sensation of being sheathed in her hot, tight channel. He gripped her hips and gave her exactly what she’d requested.

Michelle grunted with each thrust, her juices seeping out and soaking his balls. As Harry groaned, she stopped bobbing and turned to look at the camera. Josh assumed she was showing the contents of her

mouth, but he was too focused on the way her inner muscles were gripping his cock to care about a film he'd never see.

When she swallowed and lowered her head back onto Harry's cock, Josh increased the force of his thrusts. She rocked and squeezed around him, and he felt the first tingles of his impending release. Michelle said something to Harry, who quickly climbed off the bed and released the camera from its tripod. Kneeling down on the floor at the foot of the bed, he recorded Josh slamming into her then holding still as he fired all he had into her ravenous hole.

Michelle groaned and wiggled her hips. When Josh withdrew, Harry moved closer to capture the spectacle as she squeezed out the creampie.

"Get it?" she asked, looking over her shoulder.

"Oh yeah." Harry glanced up at Josh. "I'm sure I never make that much when I come."

Michelle turned and sat on the edge of the bed, smiling at her husband. "Your balls aren't big enough to produce that much cum, but I love you anyway." She gripped Josh's slick cock and pumped her hand, looking up into his eyes. "But yours are, and I know you'll be able to come again for me."

Josh bit his lip and trembled, still sensitive from his climax.

She deep-throated him until his breathing grew loud and fast, then pulled away, looking back up into his face. "You can come again straight away, right?"

"Yeah, I can come again."

She took him deep, bobbing her head and using her tongue caressing the underside of his shaft. She pulled back, keeping only the head in her mouth, running her tongue around the sensitive glans. Releasing him, she looked back at the camera. "I've decided that this is my favourite cock of all the ones I've tried. It's as long as my BBC's, and probably a bit thicker, too. Girth does it for me every time. But what I like most of all is that it stays hard after the first shot."

Josh held his breath. All the hairs on the backs of his legs seemed to stand to attention under Michelle's spell. He watched her gorgeous face as

she fellated him, wondering what her husband must be feeling at this minute.

She released him again. "This time, I want it on my face."

He was more than happy to oblige. "Okay."

Michelle took him back deep into her throat. Josh remembered what Angela had done, and thought that'd look good on camera.

He eased Michelle's head back off him and she looked up, confused. He smiled and took his cock in his own hand. "Play with yourself, and tell me when you're about to come."

She smiled and spread her legs, her high heels on the floor enhancing the sexiness of her calves. Harry adjusted his camera view, presumably panning to capture more of her body and her hand on her sex.

Josh slowly pumped his cock.

Michelle rocked her hand. "Is this what you want?"

He nodded.

She flashed a teasing smile. "Two eager men in the room, and yet I have to bring myself off?"

"Yeah. And after I've come all over your face, I'll film Harry doing the same."

"I like that idea." She looked at her husband. "Will you be able to do that, babe?"

Harry nodded. "Oh yeah."

She smiled at Josh. "You're having a good influence on him."

"I'm pretty sure you're the one who's turning him on."

Her breath caught, then she sighed. "I'm not going to take long."

Josh pumped faster. "That's fine."

She closed her eyes and rocked her hand. "I'm going to... I'm coming."

"Harry, zoom in on her face." Josh pumped his hand a few more times and then sighed as he sent a thick rope of milky-white high onto her forehead.

Michelle screamed as she came, and Josh aimed his second spurt into her open mouth. She pushed some out with her tongue till it dribbled

down her chin, and his third shot landed on her cheek. His final, less forceful jets landed on her neck and chest.

Finally, she stilled her hand and looked at him, her chest rising and falling with her breaths. Blinking her big eyes, she gave him a beautiful smile.

He stepped back and put his cock back in his trousers, then held his hand out for the camera. Harry passed it over and stood in front of Michelle, his cock starting to swell.

As Josh located the zoom button, she took Harry into her mouth and soon got him fully hard. Then Harry masturbated as she looked up into his eyes.

“Come on, babe,” she teased. “Add your cream to the picture.”

Harry pumped faster, and Michelle reached out to cup his balls.

“Whenever you’re ready...” She opened her mouth and held her tongue out like she’d done the previous week for Josh.

Harry’s hand was a blur, then he dropped his head back and came in her eye. Michelle gasped, and his next shot went into her mouth. His third and final one oozed onto her outstretched tongue, and then she pushed forward and took his cock into her mouth. Harry groaned and Josh caught his satisfied smile on film before refocusing on Michelle’s cum-splattered face.

She smiled for the camera, forcing open the eye Harry had almost sealed shut with his cum. “Well, that’s four lots I’ve had, and we’ve only just started.” She flashed another beautiful smile. “I’m such a cum-slut.”

Josh paused the recording.

“I think I’d better go wash my face.” She strutted into the bathroom, returning a couple of minutes later with her face clean and lipstick reapplied. Her hair was still pinned up and, wearing nothing but her shoes, she looked as sexy as hell.

Stepping next to Josh, she slipped her arms around his waist and kissed his cheek. “Now, I know Harry’s going to need a rest, but I’m guessing you’ll probably be able to go again fairly soon.”

She slipped his jacket off, then started to unbutton his shirt. As each one was undone, she kissed the newly exposed skin, sending goosebumps

down the backs of his legs. She worked her way down from his neck to stomach.

After removing his shirt, she stepped behind him, kissing his shoulders while running her hands over his chest and abs. “You’ve got a great body,” she whispered in his ear. “I love how it feels on top of me, and I love how it feels below me.” She lowered her hands to stroke over the crotch of his trousers. “But what I love most of all is when this part—” she gripped his cock through the material “—is pushed deep inside me.”

She unfastened his belt and let his trousers fall to his ankles. Wrapping her fingers around his slightly swollen cock, she nuzzled the nape of his neck. “Lie on the bed, face down.”

Josh remembered Harry mentioning in an email that she’d once pegged him. He didn’t move.

She kissed his shoulder. “Ben, lie on the bed. You said you wanted gentle. I’m going to kiss you all over.”

He kicked off his shoes, stepped out of his trousers and moved to the bed, where he lay face down. She eased his legs apart, then he felt her warm breath on the sole of his foot. Soft lips kissed it, then moved up to his ankle and calf. She moved higher, kissing and licking behind his knee, then continued up the back of his thigh. His goosebumps were back.

She planted a single kiss on his inner thigh by his balls, then headed down the other leg and kissed all the way to his foot. As she trailed her kisses back up, she used a hand to stroke his other leg. Josh exhaled, languid, as a warmth spread through him.

When she reached the top of his thighs, she held open his cheeks and pushed her tongue against his bum-hole. *Fuck!* Although it felt wonderful, he clenched instinctively. She pushed her tongue harder, wiggling it, and Josh’s toes curled. He’d just started to relax when she removed her tongue and trailed kisses up over his bum cheeks to the small of his back.

She adjusted her position so that her legs rested on his. Now he could feel her breasts against his body, the hard nipples grazing gently against his back as she kissed his shoulders and neck. She pushed her tongue into his ear, then whispered, “Turn over.”

Michelle held herself up as he twisted onto his back. Josh saw Harry sitting on a chair by the bed, capturing it all on film.

Smiling, she crawled backwards until she was sitting on Josh's feet. Michelle removed her hair clips, shaking it loose, then lowered her head and dragged the soft curtain slowly up his legs, dipping to plant occasional kisses on his knees and thighs.

As her silky-soft hair trailed over his balls and cock, Josh realised he was already hard enough to enter her. He slowly thrust his hips on the bed, but Michelle was taking her time.

She moved up to his chest, teasing, kissing and sucking his nipples while grazing her own over his now throbbing erection. Her kisses continued on his neck and jaw, then on his cheeks and mouth. Finally, she sat up and reached down to guide his cock inside her.

Josh couldn't help letting out a grateful groan. As she slowly rode him, he ran his fingertips over her back and sides.

It was only a matter of minutes before Michelle came, sobbing and sighing. He pushed up into the tightness of her spasm and she cried out, her eyes never leaving his. Then she started to move faster, bringing him closer to his own release.

She stroked his chest. "I want to make it look good on film, so tell me when you're about to come."

He nodded.

"And I want to make it feel good for you," she added.

Josh moved with her, pushing up to meet her downward movements. He was getting close and would have liked to come inside her, but this was Michelle's night. "Now."

She quickly moved down till she straddled his knees, then pumped the base of his cock while running her tongue up and down the side of his shaft.

The first spasm hit like an electric shock, and he pushed his head back into the pillow as a rope of cum arced over his tummy and landed high on his chest. Michelle pumped faster and he shot another rope, then she put her lips around the head of his cock, sending a further jolt of pleasure through him. He fired another two spurts into her mouth.

She groaned, then let his cum trickle out of her mouth onto his stomach.

When he'd finally stopped shaking, Michelle used both hands to smear his cum over his torso. She smiled at him. "Was that tender enough for you?"

"That was very tender, and very nice. Thank you."

"You need a shower." She licked her lips. "Do you want me to come and wash you?"

"I think I'll manage, thanks." Josh went to shower, his body still tingling all over from his exertions.

When he returned, he saw her shoes discarded on the floor and Harry and Michelle under the covers. He climbed in next to Michelle. It was too early for them to sleep, but he definitely needed a rest.

The three of them chatted about their time as hotwife, bull and cuckold, and agreed they'd all enjoyed the ride. Michelle admitted that she'd loved the attention of the bulls, and one of her biggest turn-ons was knowing that Harry got excited just by watching her receive pleasure.

Josh told them about Tina, whose husband didn't want to watch but got a big thrill from seeing all the condoms the men filled while fucking her. He also revealed she'd had somewhere between 250 and 300 bulls.

Michelle blinked. "Wow."

Then he told them about Alice, whose husband had talked her into entertaining a bull after thirty-odd years of marriage.

Michelle frowned. "How old was she?"

"A gentleman doesn't ask, but probably mid-fifties."

Michelle looked horrified. "And how was it?"

"It was lovely, and so was she. I had a really good time."

She turned to Harry. "Maybe there's hope for us yet, if we decide to get back into it."

"Hmm. You just want to get your bull-count up to two-fifty."

Michelle sighed. "Well, all this talk of sex is making me randy."

Harry looked at her. "Put your shoes back on, and the bronze dress you brought with you, that bodycon thingy. We'll all go down to the bar for

a couple of drinks, then come back here and start again.”

Michelle smiled and climbed over him and out of bed. She picked up her shoes and took them to the chair by the desk, quickly strapping them back on, then walked to the wardrobe and took out a shimmery-bronze sleeveless dress.

Josh watched as she pulled it over her naked body and smoothed it down. It showed off her perfect figure, and she looked incredibly sexy.

Both men quickly dressed and the three of them headed back down to the bar. Several men cast admiring glances at Michelle as she walked past. They ordered their drinks and found a table.

Harry took a sip. “Michelle wore that dress when we went out in Liverpool. The plan was she’d pick up a guy and we’d take him back to our room for a night of passion. We went to a place on the waterfront and a guy there couldn’t keep his eyes off her.”

Michelle smiled. “Just like tonight, I was made to go without underwear.”

Harry smiled. “And I told him as much in the lift of the hotel.”

“You did a lot more than that,” she countered. “You held my arms behind my back and told him to check if I was wet enough for him.”

“Oh yeah, I’d forgotten about that.”

“I hadn’t.”

Josh grinned. “What happened?”

“The guy groped and fingered me in the lift, and I was all hot to trot. But it didn’t work out the way we’d hoped.”

Harry chuckled. “As soon as we got inside our room, Michelle dropped to her knees and sucked his cock. The guy came almost immediately, then couldn’t get another erection.”

“I kicked him out after half an hour.”

“He must have been gutted.”

She scoffed. “Not half as disappointed as I was.”

The three of them stayed in the bar for a little over an hour, Josh giving brief descriptions of some of the sex he’d had, and Michelle giving

very detailed descriptions of some of the bulls she'd seen and the gangbang she'd enjoyed.

After they'd finished their third round, Josh checked his watch. It was just after eleven. "So, is it time to go back to your room?"

Michelle stood up immediately, and both men laughed.

In the lift, she moved close to Josh and looked up into his eyes. "Aren't you going to finger me like the other guy did?"

"The lift will have CCTV. Do you want to have the security guy jacking off all night?"

She smiled. "If he wants to jack off, I'd be happy to lend him a hand."

Once they got back in their room, Josh slipped his jacket off and looked at Michelle. "Tell us what you want."

"I want the same as last week, but this time I want you two to swap places."

Another DP, but with me in her backside. "Fine by me. You want to film it?"

She grinned. "Harry, move the tripod to by the bottom corner of the bed."

"Okay, but keep the dress and shoes on."

The men quickly stripped, and Harry lay on the bed.

Michelle fetched lube from the bathroom and squirted a generous amount onto her fingers, then smeared it over the dome of Josh's erection, smiling up at him as she used her slippery hand to pump his cock.

He'd have been happy for her to give him a slippery hand-job for longer, but Michelle had other plans. Josh stepped behind the camera so he could watch the first part and make sure the angle was right. "Okay, climb on top of Harry, slowly pull your dress up to your waist, then mount him."

"Yes sir, mister director." Michelle got on the bed and slowly inched the dress up her legs until it was above the perfect semi-sphere of her arse. Then she guided Harry's cock into her sex and rode him for a few seconds before lying on his chest.

Josh climbed on the bed, held the glistening tip of his lube-coated cock against her puckered anus and pushed. She opened around him and he sank slowly into the warm tightness of her.

Michelle let out a long groan, and the two men started to move slowly.

A light shone into Josh's eyes; Harry was using his mobile to get a good shot of Michelle's expressions. He thrust a little harder, enjoying the thrill of fucking her up the backside, and this seemed to spur Harry on to do the same. Michelle groaned. They sustained their rhythm until she screamed her release, and kept going until she came again a few minutes later. Their bodies grew slick with sweat.

Harry's breathing changed, and his cock twitched as he came. Increasing the force of his thrusts, Josh came soon afterwards. Michelle sobbed and grunted and wriggled between them.

Josh eventually pulled out and stood out of the way of the camera. His cum slid out of her backside and ran down onto Harry's cock, which was still inside her. Leaving them on the bed to enjoy their closeness, Josh headed back to the bathroom to take another shower.

Chapter 46

Josh woke early and looked over at Michelle and Harry, who were snuggled up together and still asleep. He dressed quietly and left them a note to say that he'd gone home to change and that he'd meet them in the hotel restaurant at 8.30 for breakfast.

Freshly showered and dressed in jeans and jumper, Josh returned to find Harry waiting for him in the lobby. They made small talk over breakfast, Harry asking about Josh's time in the army. They left the hotel and made for the nearest underground station.

Josh showed them Tower Bridge, the Tower of London and St Paul's cathedral, though they didn't go into any of the buildings. As they walked west along the side of the Thames, Michelle mentioned Canary Wharf.

"That's back the other way," he said. "We can take the tube there later, if you like?"

"We've got the whole weekend, so let's see how time goes."

"You're staying another night?"

She nodded, then raised her eyebrows. "Fancy joining us again?"

He laughed. "No, I think what I need is a nice quiet night in."

She pouted. "Spoilsport."

They bought coffee from a street vendor and chatted until they came to Westminster Bridge, by the Houses of Parliament and Big Ben.

Harry shook his head. "I never realised what a fabulous building this is."

"Yeah," Josh said with a grin. "Shame the people working inside aren't as impressive."

They continued their tour, passing Westminster Abbey and Buckingham Palace before walking through St James's Park and into

Trafalgar Square.

“I don’t know about you two,” Michelle announced, “but I haven’t done this much walking for a long time. I’m getting tired. And hungry.”

Josh felt the same. “How about we catch the tube to Canary Wharf and grab something to eat there?”

Harry and Michelle nodded, and he led them to Green Park station. Fifteen minutes later, they emerged from the darkness of the underground and went into the first bar they came to. After a couple of drinks and some hot food, they headed back outside and walked along by the docks.

“Josh?”

Shocked at hearing his real name, Josh turned. He came face to face with Carla, Laura, and another woman. “Carla?”

She gave a broad smile and seemed about to hug him when she noticed Michelle. Her smile disappeared, and she turned her questioning gaze to Josh.

“Carla, this is my friend Michelle”—the women gave each other an almost friendly nod—“and this is her husband, Harry. They’re here for the weekend, visiting from their home near Manchester.”

Carla’s pretty smile was back to full wattage. “Hi, nice to meet you.”

Josh turned to Michelle and Harry. “I work with Carla’s sister, Laura.”

His colleague said hello and introduced her friend, Lucy. The six of them stood in a circle to one side of the pavement.

“So, you’re showing them the posh bits?” Carla asked, her eyes and smile just as great he remembered.

“Yeah. We’ve done the usual bits this morning.” He glanced at Michelle, who was smirking at his discomfort. “Carla lives up north, too. She’s based in Newcastle.”

“Not anymore,” she said. “Long story, but I’m staying with Laura and applying for jobs in hospitals down here.”

Josh’s heartbeat kicked up a notch. “Oh? I didn’t know that.”

Laura shrugged. “That’s why I needed to disappear this week. I had to drive up and pick up all her stuff.”

“I’m sorry to hear that,” he lied.

Michelle elbowed him in the ribs. “If you’re sorry, why are you smiling?”

As everyone laughed, Josh felt embarrassed for being so transparent.

“Hey,” Carla said, almost bouncing with enthusiasm. “We were just about to go over to Greenwich and see the O2 thing...” She looked at Harry and Michelle with an almost pleading expression, then at Josh. “You really should show them that on your tour.”

“Er...” He turned to Harry and Michelle, who both nodded.

He glanced at Laura. “Is that okay with you?”

“Of course.” She looked highly amused.

They all made their way towards the Underground station. Michelle leaned close and whispered, “Josh?”

“That’s my real name.”

She narrowed her eyes, then shook her head. “My best friend’s husband’s called Josh, so I’m going to remember you as Ben.”

“Okay.”

“She’s pretty.”

He tried to look noncommittal. “Who?”

Michelle laughed. “And she’s also very interested in you.”

He glanced at Carla, who was flashing him broad smiles, then back at Michelle. “Yeah, she’s pretty, but I’m not sure if she—”

“I am. Trust me.” Michelle raised her eyebrows. “Maybe she’s moving to London at the perfect time for you.”

Josh thought about it. He looked over at Carla again and couldn’t help smiling.

As they made their way down the steps at the station, it was Laura’s turn to swoop in and conspire. She nodded towards Michelle, further down the escalator. “Do all your hotwives look like her?”

He considered denying everything but knew Laura would see through his lie. “No, she’s the best looking one I’ve seen.”

Laura blew out her cheeks. “She’s gorgeous. Now I can see why you do it.”

“I don’t. I mean, I’ve stopped.” He nodded vigorously as she gave him a doubtful look. “No, really, she was my last. She’s stopping, too. They’re going to start a family.”

“Wow.” A smile creased her face. “You know Carla’s going to expect you to take her out, right?”

“Would that be okay with you?”

“I think you’re exactly what she needs right now. Her boyfriend’s been a twat.” Laura leaned closer. “And if she stays at your flat once in a while, me and Lucy can be as noisy as we want.”

“Too much information.”

“What are you two talking about?” Carla demanded, a broad smile on her face.

Josh grinned. “I’m passing on our boss’s congratulations. We’ve just finished a project and received a pat on the back.”

A train arrived and they all got on. After the doors slid closed, Carla looked at Michelle and Harry with a friendly smile. “So, how do you guys know Josh?”

Josh’s smile froze as he stared from husband to wife, but Harry came to his rescue.

“We served in the army together.”

“Oh, right.” She smiled broadly again at Josh. “Maybe you could dress up in your uniform for me, sometime?”

“Definitely make him do it,” Michelle said. “I often get Harry to wear his combat gear for me.”

They came out of North Greenwich station and fell into three distinct pairs, Carla staying close to Josh as they wandered around the huge complex of the O2. Josh had only been once before, as a teenager, when it was still called the Millennium Dome. Laura suggested a drink, and they made their way to the bars on Entertainment Avenue.

Harry started taking their orders. Laura and Lucy ordered white wine, and Carla asked for a beer. He looked at Josh. “Ben?”

There was a brief silence, then Carla looked at Josh. “Ben?”

“It’s a nickname from the army days,” he said.

“As in, Ben Dover?” Laura suggested, making everyone laugh.

Harry returned with their drinks, and they spent the next half hour talking and laughing like a group of old friends.

Michelle announced she and Harry were going to head back to their hotel. She stroked Josh’s arm. “Well, *we’re* going to have a quiet night in.” She gave him a knowing smile. “It was great to see you again.”

He nodded. “You too.”

They gave each other a hug, and she kissed his cheek. “Thanks for the weekend, and thanks for being such a good friend to Harry.”

“You’re welcome.” He gave Harry a manly hug, like old army buddies do. “You two look after each other, okay?”

Harry nodded, and then Josh watched the two of them walk out of the bar and out of his life.

“They’re a really nice couple,” Carla said.

“Yeah, they are.” Josh looked around at the three women. “Fancy another drink?”

Laura shook her head. “I was thinking that Lucy and I might go catch a film at Cineworld, and let you two catch up with each other’s news.”

He glanced at Carla, whose smile told him she liked that idea as much as he did. “Okay.”

When Laura and Lucy started toward the door, Carla said, “See you later.” She grinned. “Maybe.”

Laura laughed. “Text me, so I don’t wait up.”

Carla looked at Josh, then back at her sister. “Don’t wait up.”

After the other two had left, Josh stared at Carla and raised his eyebrows.

“What?” she said. “It’s our second date, so that means I’m not *too* easy.”

His cock was beginning to swell at the thought of getting her naked. “So, what happened to the boyfriend in Newcastle?”

She looked around the bar and nodded toward a free table. “You go sit there, I’ll get us another drink and give you the dirty details.”

Josh grabbed their seats and then studied Carla’s body as she came over with two more bottles of beer. She put them down and slipped off her leather jacket, showing a similar figure to Michelle’s—slim, with small boobs and a great bum.

“So,” she said, dropping into the chair. “It turned out that my darling boyfriend had been seeing a girl he worked with for almost a year.”

“Wow. I’m sorry.”

She shrugged. “Although I was hurt, I can’t complain too much. I’m hardly in a position to look down on him from the moral high ground.”

“You mean you cheated on him?”

“What? No!” She shook her head. “I didn’t, but I was prepared to cheat when I met you.” She smiled at him. “As I remember, you turned me down.”

“Yeah, and I’m not going to admit how many times I’ve regretted that decision.”

She reached across and stroked his hand. “Don’t. It said a lot about your character. And even though I was disappointed *and* frustrated, I liked you all the more for it.”

He held her gaze for a second. “Good.”

“It also meant that when I stormed out, I could call him a twat and his bit on the side a cheating slut, and say they deserved each other.”

He nodded, trying not to think about how many cheating sluts he’d serviced over the past few months.

“Laura likes you, which is a novelty for her.”

“Oh?” Josh wondered whether he should admit that he knew about her sister’s sexuality.

“She never liked Ronny, my ex, but she says you’re a nice guy. Didn’t you turn down the chance to lead a project so she could do it?”

He smiled. “She deserved to lead, but I only did it because I fancy her sister.”

Carla laughed. “I hear her sister’s filthy in bed.”

“Ooh, I hope so.”

She turned serious. “How far away is your house?”

“I live in a flat, and it’s on the other side of the city. We’ll need to change trains three times at least.”

“Oh.” She looked thoughtful and sipped beer from her bottle. “Let’s book into a hotel.”

He laughed. “I love your eagerness, but we could be in my flat in about half an hour.”

She just smiled.

Taking the hint, he stood up. Carla grabbed her jacket and they left their drinks unfinished.

Five minutes later, Josh paid a small fortune for one night in a small Greenwich hotel. Carla tried to pay, but he pointed out she was temporarily unemployed, and that she could return the favour after she’d found another job.

They held hands as they walked up the single flight of stairs. When they reached the door to their room, Carla pressed her body close and kissed him. Josh bent, picked her up in his arms and carried her over the threshold. He took her to the bed and gently lowered her onto the mattress.

Carla knelt up and kissed him, pushing his jumper up and off, then stroked his chest. Josh helped her take off her leather jacket and t-shirt, exposing a flat stomach and small boobs in a white bra.

She unbuckled his belt and undid the button of his jeans, then pushed the zip down. She frowned at the bulge in his underwear, then pulled the waistband back and peered inside. “You’re not putting that inside me.”

He tried to hide his disappointment. “Okay.”

She looked again, then shook her head. “Jesus, Josh, what *is* that?”

“It’s...” He shrugged. “I think it’s pretty normal.”

“Is it fuck normal.” Slowly, she pushed his jeans and shorts down his hips. When his cock sprung free, she jumped back a little on the mattress, then looked up at him and laughed. “I’m actually scared of it.”

“You’re going to give me a complex.”

“You’re going to give me a heart attack. Or a prolapse.” She leaned closer and ran her finger down it, making it twitch.

Josh held his breath, unsure what to do.

Carla tentatively wrapped her fingers around his shaft and squeezed gently. Then she moved her head closer, sticking out her tongue and licking around the crown.

Josh sighed and watched as she parted her lips and took the tip into her mouth.

After a few moments of making his knees weak, she released him from her mouth but kept her hand around the base. “You’re not putting *all* of it inside me.”

He smiled, relieved, then lifted her chin with his finger and bent to kiss her, cradling the back of her head with his other hand. After stepping out of his shoes and jeans, he eased her back on the bed and pulled off her trainers. Next he undid the button of her jeans and tugged them down her legs and off.

Left on the bed wearing only her bra, panties and socks, Carla scurried under the quilt and smiled at him mischievously. She bent down for a second and then held up a sock, waving it in the air before dropping it on the floor. She repeated it with the other. Next, she wriggled then held up her bra, and finally her panties.

Once completely naked under the covers, she cast another worried look at Josh’s cock, which was sticking out like a gun. “Get into bed,” she said.

He did so, and she moved close and kissed him. “It still scares me,” she confided. “It probably weighs as much as one of my arms.”

“I’ll be happy to just cuddle.”

She shook her head. “I won’t. Lie on your back.”

“We can do other things—”

“What, like play Scrabble?”

“No. I want to kiss you all over—”

“You can do that as often as you like, but not first. Not before we’ve...” She shrugged. “I’ve wanted to fuck you since I met you on the

night out with your company.”

He smiled at her. “Don’t you want me to get you ready?”

“I’ve been ready since I saw you at the docks with your friends.”

“Okay, so abuse me.”

She laughed and climbed on top of him, giving him his first proper look at her naked breasts. They were small, pert and perfect with dark pink nipples. Carla looked down and gripped his cock, then held it upright. She knelt over it, and he saw her pubes were trimmed short.

As she swiped the tip through her folds, Josh felt her wetness and her heat. She did it again, then lowered herself slowly until the head pushed her lips open. She stopped and closed her eyes, took a breath, and then pushed down onto it a little.

Josh stroked her thighs, which were smooth and firm, and ran his hands up to her hips and bum. She felt as good as she looked.

She opened her eyes. “Don’t push up, okay?”

He nodded.

“Just... give me a minute get used to it.” Carla slowly inched herself down, taking more of his cock inside her while biting her lower lip.

Josh studied her beautiful face and her slight, perfect body. The heat of her was delicious and the urge to slam himself balls deep was almost unbearable. He resisted, but this was hardly the romantic consummation he’d been expecting.

Once she had about half of him inside her, she began to rock her hips. Her eyes were closed, her expression one of concentration. Next, she started to move up and down, and he could feel her walls clinging to him. Taking short breaths through her mouth, she rocked faster.

Never taking his eyes off her face, he watched her swallow, then lick her lips.

Suddenly, she opened her big blue eyes. “I’m going to come.”

He nodded and stroked her cheek. “Good.”

“Oh God, Josh.” Her legs trembled and she sank lower, taking more of his cock. She let out a sob and dropped her head forward.

When he felt her clench, he pinched her nipples gently, making her moan. Then he cradled her head in his hands and lifted it back up so he could watch her face.

She blinked and tried to hold his gaze, but her eyelids fluttered and then she squeezed them shut and let out another moan. When her orgasm had passed, Carla stopped moving, opened her eyes and lay down on his chest. She kissed his neck. "If I let you go on top, do you promise to be gentle?"

He smiled. "No."

She giggled. "Bastard."

As Josh rolled her off him and onto her back, he pulled out. Carla spread her legs. "Are you going to make me your bitch?"

He chuckled and shook his head. "Not yet."

Her expression turned serious, and she leaned up and kissed him.

Josh guided himself inside her, pushing slowly until he felt resistance. When he began to slowly thrust, Carla wrapped her arms around his neck and her legs around his thighs. Keeping his strokes slow and gentle, he enjoyed the feeling of her small body rolling beneath him.

She moaned into his mouth, then broke the kiss and pulled his hair. "Oh Josh, that's..." She kissed his cheek and reached down between their bodies.

He felt her hand on the base of his cock.

"You're not all in," she whispered.

"I know."

"Give me more."

He pushed deeper.

Carla groaned and wriggled, then kissed his ear. "If you keep doing that, I'll come again."

She kept her word, pulling him close as her orgasm made her entire body shudder beneath him. By now, Josh was fully sheathed inside her. He smiled down at her. "Does that feel okay?"

She frowned and nodded. "It feels a lot better than okay."

"I'm pretty sure it's all in."

“I never thought it’d fit.”

“I knew it would.” He pushed his hips, making her groan. “I can stop, if you want me to...”

She smiled and shook her head. “No, you couldn’t.”

He pushed again, relishing the feeling of her, and enjoying the smile in her eyes. “I think I could.”

She began to writhe, riding his cock from beneath him. “I don’t think you could stop now.”

He took a breath as she wriggled and rocked her hips, squeezing her muscles around his engorged cock. “No, I probably couldn’t.”

“So don’t stop.” She kissed his cheeks. “And don’t hold back.” She kissed his eyes. “And, whatever you do, don’t pull out.” Then she kissed his mouth and sucked the breath from his lungs.

Josh thrust slowly and Carla continued to undulate beneath him. When his breathing became ragged, she kissed his face with more fervour. His body trembled with the need for release. With a final surge, he pushed in as deep as he could and erupted.

Carla cried out and clung to him, running her tiny hands all over his back and shoulders.

A second spasm shook his body and he fired another spurt inside her, then a third and fourth, flooding her. She whimpered and kissed his face throughout. When his body finally stopped shaking, he opened his eyes.

She smiled at him. “Well, that was worth the wait.”

He laughed and nodded, breathless. “Definitely.”

“I was going to phone you this week and ask for a date.”

“Now you don’t need to.”

She nodded. “Does that mean we’re an item?”

He laughed. “Considering our relative positions, that seems a strange question.”

“I’ve thought about you so many times.” She shook her head. “I should have left Ronny months ago. We’d grown apart, and I’m not really surprised he found someone else.”

“I am.”

She smiled. “It hurt me, though.”

He nodded, remembering how he’d felt when his friend told him Olivia was seeing someone else. “I know how that feels.”

“I couldn’t take—”

“I won’t cheat on you.”

She smiled and shook her head. “You don’t have to—”

“No, I know. And I don’t know what’ll happen, or if you’ll even still like me tomorrow...”

Carla kissed him. “I’m pretty sure I’ll still like you, even if I can’t walk properly.”

He laughed. “What I’m saying is, I promise I won’t go behind your back. If a time ever comes where I’d rather see someone else, I’ll tell you first.”

She nodded. “That’s fair enough. Same here.”

He pushed into her again, and she frowned.

She clenched around him. “Did you fake it?”

He shook his head. “I can go again.”

“*What?*” Carla looked distraught.

“I usually stay hard after the first time, and can go again straight away.”

“Do you come again?”

He nodded.

“Jeez.” She shook her head. “Just remember that I’m used to a guy whose dick’s shorter and a lot thinner than yours is.”

“I don’t need to hear about your past sex life.”

“I’m just pointing out that I’m petite, and *this*” —she clenched again — “isn’t normal.”

“Stop whining.”

“I should be regarded as a delicate flower.”

“Stop talking.”

“I’m just saying, you shouldn’t bludgeon something as tiny and sensitive as—”

Josh pushed deep, the tip of his cock prodding against something.

“Ow!”

He smiled. “Have you stopped talking yet?” He pushed in again.

“Ahh!” She slipped her arms around his neck. “How long does the second one last?”

“Usually longer than the first.”

“Oh.” She bit her lip. “Am I allowed to come again?”

“I guess that’d be okay, providing it stops you talking.”

“Bastard.”

He looked at her for a second, then leaned down and kissed her gently on the lips.

Carla placed her palms on his cheeks. “Fuck me.”

Josh slipped his hands down and gripped her waist, holding her close. “No. I’ll fuck you later. I’ll fuck you in the shower, and after we’ve called room service and had something to eat, I’ll fuck you again on the bed—maybe doggie style so I can enjoy the sight of your beautiful bum. But now, I’m going to make love to you. It’ll be slow, and it’ll be gentle because you’re my delicate flower.”

When she blinked, he saw her eyes were sparkling with tears.

“Okay. But later...?”

He leaned down and kissed her gently? “Later?”

“Later, I want you to make me your bitch.”

“My bitch?”

She nodded. “I want you to bend me into any shape you want and fuck me senseless. I don’t care if I have to attend interviews in a wheelchair.”

“That sounds like a good deal.”

Carla pulled his head down and pushed her tongue into his mouth.

There was no more talking, just the breathless gasps of her two orgasms and the grateful groans Josh made when he came inside her for the second time.

THE END

About the Author

Delores Swallows has many dirty thoughts, and during his free time he writes them down in the form of stories. Born and bred in the northwest of England, he has a commoner's accent and a bit of a crush on his future queen (Kate, not Camilla!).

His stories often feature petite brunettes, high-heeled shoes and voyeurism. He claims he didn't realise these were obsessions until someone pointed out how often they appear in his work.

Find out more about Delores on his [web site](#), chat on [Twitter](#), or follow his new stories on [Amazon](#). And don't forget to sign up to his [mailing list](#) for a **free story**.

A Hotwife's Journey

Her key in the door made his heart race. He listened as she came up the stairs, then held his breath when she walked into the bedroom. He couldn't help staring. Her clothes were twisted, her makeup was smudged, and her hair was dishevelled.

She's fucked someone.

Karen walked to the foot of the bed and looked into his face. "I did it."

He swallowed.

She pulled her top over her head and dropped it on the floor, then pushed her skirt down over her hips and kicked it away. Slowly, she unclipped her bra at the front. As the cups came away, he saw a love bite on one of her breasts. Karen held his gaze as she pushed her thong down her legs and then bent to pick it up, holding it open so he could see the gooey mess soaked into the crotch.

It was another man's cum, and it'd dribbled out of her during the drive home. The guy had deposited it deep in her cunt, and she'd returned home to her pervert husband to show him the evidence.

Nigel ached for her.

A Hotwife's Journey

After her husband's open invitation to become a hotwife, Karen enjoys a variety of surprises and adventures that are hotter than any wife could wish for.

This collection covers her entire journey...

Karen's Open Invitation

Nigel is a lucky man. He has everything a man could want: a successful and beautiful wife, a happy marriage, two wonderful daughters, a nice home and his own business.

So why risk it all just to satisfy his dirty fantasy?

When Karen's throwaway comment about a hot colleague in the Sweden office unlocks the door to his secret desires, he offers her the

chance to have a little fun; to mix business with pleasure.

Nigel has fantasised about sharing his wife for a long time. And from the way Karen's been behaving lately, he suspects the idea appeals to her, too.

But there's a big difference between fantasy and reality.

Will she take up his suggestion and have a passionate tryst with a virtual stranger while attending an overseas meeting? Neither know the answer when she leaves for the airport, but she doesn't have to make her decision straight away. She can see how the meeting pans out. After all, it's an open invitation...

Karen's Party Surprise

Nigel is amazed by how Karen's taken to her new role as a hotwife. Not only does she give herself freely to strangers, but she also thrills her husband by giving him all the juicy details he craves when she gets home.

Their sex-life is better than ever.

Nigel realises that an upcoming company get together will mean that they'll be staying in the same hotel as Sean, the first man he ever shared her with. He offers Karen the chance to enjoy another night of passion, and they hatch a plan that could work. But Sean comes up with a counteroffer that's just too good to refuse.

For a wife-sharing couple like Nigel and Karen, it's the ultimate party surprise...

Karen's Holiday Adventures

Life keeps getting better and better for Nigel. His long-held wife-sharing fantasy is now his reality, and he couldn't be happier.

Or at least that's what he thinks until his wife reveals her plans for a break.

Their daughters are going away with their cousin's family, so Karen books a holiday for the two of them—on a Caribbean island. What's more, she promises to make it a fun-filled week where nothing is off-limits.

Under the hot tropical sun of St Lucia, Nigel learns just how hot his hotwife can be.

He's shocked by the diversity of her sexual appetite, but then she did promise him an 'anything goes' holiday adventure...

Take My Wife

After about fifteen minutes, Sophie leaned up on her elbow and started to kiss Joel, ready to continue with her night of passion. As she pushed the quilt down the bed with her foot, Jim saw that her hand was gripping Joel's dick, slowly masturbating him. Joel was already hard. Evidently, he was ready for more, too. Jim wondered how long Sophie had been playing with him. Sophie climbed on top of him, feeding his thick dick inside her.

Jim knelt on the bed next to their legs and watched as his wife slowly made love to the other man. Her head was buried against Joel's shoulder, her long tousled hair a dark fan over the pillow, hiding both their faces. Their bodies moved together in a slow, sensual dance. From his position on the bed, Jim had a perfect view of their union. With each slow, upward movement of Sophie's hips he could see Joel's slippery hardness, partially exposed for a second or two before it disappeared again inside the dark pinkness. Joel was holding Sophie's hips in his hands, moving her on him. Jim stretched his hand out and gently stroked the back of Sophie's leg, aroused to feel her thigh muscles working as she rode his friend.

There was a layer of perspiration on Sophie's back, giving her a sultry, exotic look in the dim yellow light. Their lovemaking seemed to go on for a long time before Sophie reached her climax. She was very vocal as she came – muffled moans and sighs as the current built up, urgent grunts as the waves swelled inside her, then screams and shouts as the waves broke into an explosion of pleasure. Finally, she let out grateful cries and whimpers as she rode the final

The epic saga of how a really dirty fantasy becomes a fantastically dirty reality. All three books under one sweaty cover.

Bon Voyeur

Another man in their bed? Madness! Sophie and Jim had never done it before—heck, it was only supposed to be a fantasy to get them in the mood for each other. What if Sophie likes it too much? What if Jim has second thoughts when he sees his beautiful wife taken by another man? What if she enjoys the other man more because he has more to offer?

When the perfect opportunity presents, though, they both jump at the chance.

Joel is tall, handsome, and so much bigger than even Sophie expected! Best of all, he's moving to the other side of the world, so they need never see him again. If Jim plays this right, Joel won't even suspect the stranger they're sharing is his loving wife.

Watching his beautiful Sophie—so vulnerable, so unprotected, so utterly owned—Jim experiences a powerful revelation. It's sure been fun having a gorgeous wife all to himself, but it's much more fun to share.

Abuse of Power

Jim's learning things about himself that he never knew. Surprising things. Like how much he enjoys watching his wife lose herself with another man. Sophie's learning as well, like how when it comes to male attention, for her it's a case of the more the merrier.

And Sophie loves getting merry. You might say she's becoming addicted. Sometimes she needs it so bad she'll take the initiative herself, even when Jim is not around. For most men, that might be a problem, but Jim is not most men. Just knowing what his loving wife is doing without him, giving herself to those men, letting them have her in every way they can... Yes, he gets jealous, but if Sophie tells him everything, how she becomes so needy that she simply relinquishes her will, it can be almost as good as being there.

Drunk on the seemingly inexhaustible depth of his wife's libido, Jim oversteps at a swinging party and starts directing Sophie's lovers, telling them where they should finish. Finally, Sophie cracks. Sticky, degraded, angry, she strikes back and gives her cuckold husband a taste of his own medicine... or at least, her lovers' medicine.

Global Playground

Jim is a simple man with simple needs. He's lives in a nice house on a nice street, he's got a good job, and he plays tennis to wind down. And on weekends he kisses his wife Sophie goodbye when she goes off to swingers' parties to service her ever-escalating needs. Billionaires, porn stars, dancers—one at a time or all at once, it doesn't matter to Sophie. She'll take it every way she can get it and relay all the juicy details to Jim when she gets home.

Life is good. Too good, you might say. For a voyeur like Jim, his open marriage is damn near perfect. Little bit of wife-watching, little bit of playing around... what more could a man want? Well there's only one answer to the eternal question, and that's the eternal truth. He want's what he can't have—romantic dates, curling up in front of a fire, sweet togetherness—and while Sophie is off jet-setting with wealthy men to service her needs, Jim falls into a comfortable friendship with Naomi, a stunning older woman and self-described cougar.

For a man who's known nothing but chocolate-chip, where's the harm in trying vanilla for once? Just a little taste... maybe a scoop...

Rolled

She took a sip of wine. "Can I ask you something?"

He sat forward "Yeah."

"It's about me being with Bromley..."

"Oh." He looked deflated, as if resigned to the fact he wouldn't be getting any after all.

"I'm just curious about your feelings. What goes through your mind when you're out here and I'm in the bedroom with Bromley?"

He cast his eyes to the floor. "I try not to think—"

"Come on, don't hold back. For the first time in ages, we're actually talking to each other like we used to. We've had a lovely evening." She adjusted herself in her chair, moving her legs to reveal more of her thighs. "I've even dressed up for you..."

He glanced at her legs, then held her gaze. "I think about how you must look on the bed."

"How do you mean?"

"You know, your face, your body."

Janine was puzzled. "I'm not sure I—"

"I think about your expressions, your body language. I imagine you lying down on the bed and looking up at him." He shrugged, embarrassed.

"You mean when I'm lying on the bed and watching him undress?"

Adam nodded.

"What about when I pass him the condom and watch him roll the rubber down onto his cock?"

"Do you help get him hard?" His voice was little more than a whisper.

She shook her head. "No. By the time he unzips his trousers, he's got a hard-on." She saw him swallow, bite his lip.

"And what about you? Does he need to...?" He pushed a shoulder forward in a childish shrug, as if ashamed to use the word *foreplay*.

"No."

"Why not?"

"I'm always wet enough."

He nodded, took a gulp of wine.

Janine was enjoying herself. She was wet now, just talking about it. “He dribbles, too. I can see precum all over the head of his cock. It glistens until he rolls the condom on.”

Adam was silent, his eyes a little glazed.

Janine uncrossed her legs, placing both feet on the floor. “When he kneels on the bed, I open my legs for him, like this.” She allowed her knees to fall open. “Do you like me opening my legs for another man?”

He frowned, nodded his head slightly.

She smiled. “At last, you’re being honest. Good.”

Adam put his wine down and slid off the sofa, crawled on his hands and knees across the rug until he was by her feet.

She raised her bum high enough off the chair for him to remove her panties. “Can you imagine my expression when he runs the head of his cock through the wetness of my slit?”

When Janine allows Adam to talk her into visiting a casino to celebrate five years together, she never imagines that a night that starts with so much fun and flirting could end in such despair and debt. Adam doesn't just lose all the money they'd saved, he takes out credit they cannot afford to pay back. They work extra hours and struggle for a month to save up enough for the first payment. Then, it appears, the casino manager has another way the struggling couple could make the interest payments.

Outraged, Janine immediately rejects the indecent proposal. But, despite the sleaziness of the suggestion, she's flattered someone would be prepared to consider giving up that sort of money just for... her, and the thought of allowing a complete stranger to use her body pushes buttons she didn't know she had.

And why does Adam seem so keen she should do it...?
