HOOTERS

WEDNESDAY, AUGUST 16

GUDMUND AND KAL, the Norwegian mining execs, had spent a full week in The South, starting in Atlanta, then up to Greenville for a few days, and over to Alabama for a few more before coming back to fly out of Hartsfield. Tommy brought Dio with him to a morning meeting with Kal before him and Gudmund flew to Kabul. Simple palm-pressing, but he seemed to be building a good relationship with Kal despite the language barrier. They didn't even talk about mining.

It was 1 P.M. when they were coming back through Atlanta, cutting along downtown on Peachtree in his company Mercedes. They parked at The Westin and when they went to the Hard Rock it had a line so they crossed the street and went to the Hooters.

Dio checked his Rolex while they waited for the hostess. "You wanna knock off? Hit the links?"

"Nice day," Tommy agreed, but he had a shit-ton to do. "Next week. I got follow-ups today."

"You sure? We can play nine."

"Nine ..." he hemmed like he was contemplating, though he knew he wouldn't. Nine holes and then what, Dio? Nine holes with your wicked over-swing so you can tweak your shoulder and come back to the house, have me sit there and watch my wife put her hands all over you? Then when you're done, maybe you can stand up and jerk your freak cock for us.

"Hey, or next week, Tommy boy ... look at me trying to get my star salesman to work less."

"Somebody's gotta make the money," he said and gave a friendly wink. Dio laughed but then the hostess was there, coming from the side in a hurry

cause the place was packed, then stopping short seeing handsome Dio. Cool, honey. She recovered quick, giving off the charm, batting her eyes then leading them with a sexy sashay in her black shorts down the aisle with two menus clutched to her chest.

They had a table near the back against the wall under a big screen; tall glossy pine with two stools. The hostess had her arm around the back of Dio's stool asking if they wanted beers and they told her they did. She told them the specials, lingering and making eye contact with Dio then saying their server would be Sam and she'd be right over.

As they looked over their menus Tommy watched Dio. This guy was his boss. Well, *technically*—he kept some of the sales guys like Tommy as independent contractors, but Tommy was exclusive to Dio and it meant the same fucking thing as being his employee. The two of them got along. Got along real well, two driven dudes who liked money. Dio was born into it, liked it cause he liked to spend it, but Tommy liked to *make* it. He *really* liked Dio. Up till last night he thought he was a pretty stand-up guy. Then the video.

Just yesterday, this guy let Tommy's own wife stroke her hands all over his body, lay there on his back totally naked with his horse dong showing. Sook put her hands on it, just to move it—but how the fuck would Dio not know that was wrong. Sook was complicit, but Jesus, that was her job to do shit like that, rub people. She was just doing what she was supposed to. Sure, she held Dio's penis, but just to get it out of the way. What the fuck was *Dio* thinking? This is your buddy's wife, and you lay there naked with your eyes closed? This man sitting across from him one-hundred percent wanted something to happen between him and Sook. That's what he was up to.

Most troublesome was the incident that occurred thereafter. Where this man sitting right here making chit-chat and inviting him to golf, fucking *masturbated* on Tommy's pool deck. Jerked off the erection his wife's massage had prompted and emptied his gonads near where Tommy and his family ate a lot of their dinners. Why would he *do* that? What if Sook came out and caught him? It was insane. Worse was the idea that he couldn't prove she *hadn't* seen. Sukie may have watched him do that. It was a little hard to believe though. Not like Sook, but maybe it turned her on.

That thought made him shift uncomfortably in the seat and loosen his collar, tug his tie down a little. That turned *him* on.

Sam came to the table and Tommy could tell she'd been warned by the hostess about the stunner in the expensive suit. She was calm and collected, prepared, bringing them their pitcher of beer and a couple mugs, eyes darting over to Dio, her glossy brown hair with the pink and blond ombrè coming down to hide one side of her pretty face. Girl looked like a teen with one of those fresh and wholesome young faces with a bit of softness. Body of a woman though, showing off in her white tank cut-off to show her taut tum. She was bouncy and flirty and Tommy caught her checking out their hands for wedding rings and took it as a compliment. He was no Dio, but he did all right.

They told her they needed another minute, and she did this girlish bounce on her toes and swished off. Dio's gaze followed her and so did Tommy's. They watched her pert behind in her orange short-shorts, watched the silvery stockings' glimmer on her shapely legs.

When Dio turned back, Tommy had his eyes down on the menu again. Dio said, "The rack on her, huh?"

"I didn't notice."

"Tommy's a good boy."

"Is he?" he said, forcing a lighthearted chuckle.

Dio laughed. "Guess you got it all at home." Now his eyes roamed again, peering off to the side, pinging the flirty young waitress as she crossed around behind the barrier by the food bar. She knew she was being watched, and she was all glossy lipstick smiles and running her hand through her hair, giving the handsome guy at Table 12 a side shot of her big bosom. "Wonder what she looks like on her back," Dio said to Tommy, eyes still on the girl.

"Get her number."

"You see me with a Hooters waitress?"

"Not good enough for you? Maybe she's at college, gonna be a doctor."

"I can turn my head and cough for her in five years then. She's probably not in school, not with that ombrè."

"You don't think she's in med school cause she has an ombrè?"

"Don't think she's in college because of that ombrè."

"Plenty of college girls have em."

"That's a good one. Not cheap. Brown to blonde to pink. If you work at Hooters to make your way through college—"

Tommy finished, “You don’t blow your earnings on expensive hairdos. And if you got rich parents to pay for college, you don’t work at Hooters.”

“Beautiful face though, huh?”

Tommy looked up again, saw her now talking to two other girls at the bar, all three of them aware that Dio had his eyes over there. “Didn’t know you had such high education standards for dating.”

“I do. For dating, not fucking. And don’t worry, they’re not that high.”

“So you’d fuck her?”

Dio laughed enough his shoulders shook, and he turned back to the table, brought his attention to Tommy again. “Yeah, blow job in the alley, or I tell you what, get my dick between those jugs.”

“Jesus, Dio, look at you, horny in the middle of the day.”

“I’m twenty-six. I’m horny *all* day.”

Not to be bested, Tommy clarified: “I’m thirty-seven, I’m horny all day.”

“You must have been a dude back in the day, huh, Tommy? Wish we coulda hung out.”

“I met Sook when I was your age.”

“Mm,” Dio grunted appreciatively, looked back at the waitress, “maybe she’s my Sukie, right? Shit, or you mean *you* want a shot at her? Maybe get *your* dick between those titties. You know all about that, Tommy. You gotta be a breast man.”

“Why do I *gotta* be a breast man?” Tommy said, looking over the top of the menu, waiting to see how Dio would offer that Sukie had a nice set on her.

Dio gave him a smirking *You kidding me?* face, presented his palms and waited for Tommy to admit it.

Tommy held his stare for a moment, said, “What man isn’t into breasts?”

“Good point, chief,” Dio shrugged and opened the menu. “You know you’re a lucky cat is all.”

It made him grimace. The highly sexualized talk, the video he watched last night, this horny young man’s bi-weekly visits to his wife, all ganging up to grind Tommy’s crank. Now Dio was outright saying he thought Sook was hot. “Wasn’t luck,” he said into the menu.

“My man,” Dio agreed. “Some women need men that fucking *earn* them.”

“She made me work.”

“Oh yeah? She go with a lot of dudes back then?”

Jesus, Dio just pressing *all* of Tommy’s buttons today. “She picked the best one.”

“Top dog,” Dio agreed. “She deserves the top dog.”

“You guys decide yet?” Sam was there, bouncing on her bright white sneakers and bubbling over with a gleaming smile.

Tommy’s nose buried in the menu the whole time and he hadn’t registered a thing. He read the first thing he saw: “Uh, Big Hootie, fries.”

“And how bout you?” she said now, leaning closer to Dio like they knew each other.

Waiting a moment so he had both their attention, he said to her, “How’s the fish taco?”

Sam held her expression poised, stuck by indecision over whether this guy was fucking with her or really ordering the fish taco. Dio gave her a serious face, handsome brows curled up confidently, studying her. She almost wilted for a moment, regained some sass, said, “Served warm.”

“Who wants it cold?”

“No one,” she agreed, raising her chin and narrowing her eyes, a hesitant smirk on those pretty lips. When Dio said nothing more, she said, “I can’t tell if you’re being bad or not.”

“You’ll know when I’m being bad,” he said. Menacing words, but he tempered them with an innocent and endearing smile that sunk his dimples in his tanned cheeks. “Upgrade mine to the mahi mahi.” He handed her his menu.

She took it, collected Tommy’s, too, gave him a *Can you believe your friend?* kind of eyebrow raise. They watched her walk away again, bright orange bottom dancing left and right, smiling over her shoulder and giving Dio a pretend scolding side-eye.

“And Sook’s worried you won’t find a girl,” Tommy said.

“I find plenty of girls. I’m looking for one that’s special.”

“Just turning over all the rocks, huh?”

“Don’t find if you don’t look.”

“What makes a girl special?”

“Good question, Tommy.” He thought a minute, eyes turned up to the multiple big screen TVs mounted behind Tommy. “Value. She’s gotta have value.” It was a wistful, imprecise description of whatever went on under

that gleaming and combed back head of lustrous black hair. Then, keeping it real, he added, "And be hot as fuck."

"Well, my Sook's got value. To me."

"Hey, here here," Dio said, tipping his beer mug. "To any man."

Maybe he'd been baited, but Tommy couldn't help it: "Any man?" The idea that this young playboy was *into* his wife should make him mad, and it did, but it had this brightly colored candy coating that fucking dazzled him.

Dio laughed, imbibed, set his beer down. Now he said, "Just the top dog, right, Tommy?"

"You got it," Tommy said, wanting to narrow his eyes and lock on Dio but somehow not ready for that. To do that would acknowledge that something was implied here. It would acknowledge that Dio might challenge him for possession of his wife, and Tommy was warding him off. A crazy fucking thought. Impossible. Instead he looked away, not at the waitress but out the front of the restaurant, beyond where it was dim, and he could see the bustle of traffic and cars out on Andrew Young.

Dio said, "Hey, you think your Sook talks like we do with her friends?"

He turned back, said, "I better not catch her."

"She better not catch you either, huh?"

"You're the one on fire today. I didn't say a thing about our polite young server. I'm playing along cause you're my boss."

"Speaking of which, you set for Africa?"

"You think I might not be?" Tommy knocked back half his beer.

"Yeah, no, I know. It's big, Tommy. You know, but you *don't* know ..."

He shook his head, winced. "You're my man. We close with these guys, the Chinese, the Dutch, shit, Gudmund and his Norwegians ...?"

"It's as good as done, Dio."

"I love your fuckin' confidence, Tommy."

"Look, I don't know what's gonna happen. I know our bottom line, I know our logistics and what we can offer. These guys keep their cards close but I can guess what they're holding, and when I can, I try and take a peek. Nothing's a sure thing, but no one can touch us, touch Megalos. But you never know what the Chinese will do."

"They all like you, Tommy. And they trust you."

"I'm a high paid Hooters waitress. I got my smile, my ombré, my tight T showing off my titties. Sam and I are no different. We're what the other

guy wants to see, we're the illusion, the dream come true. I tell you what though, I sell the fuck out of fish tacos."

Dio smiled, eyes admiring Tommy and Tommy liked to see that look on him. He said, "Shit, don't remind me."

"What—that now you gotta eat that fish taco?"

"I don't even want it. The shit I do for pussy. Switch with me, Tommy. Give me your Hootie."

COMMANDO

THURSDAY, AUGUST 17

ON THE NEXT day's massage appointment with his boss, Tommy conspired to hide in the house and watch Sukie and Dio together, live and in person. It wasn't that difficult—the hardest part was the moral dilemma. The implication of the *doing*. He would be spying on his wife. He would be spying on his boss. Neither of them would be happy about that.

If nothing was *happening* between them, and it didn't appear that it was, then Dio might be mad that Tommy thought he would try to sleep with Tommy's wife. Of course, Tommy would counter, No, you don't want to sleep with her, just jerk off to her, spew your semen all over the pool deck where my family plays.

The more hurtful action would be spying on his wife. She would be upset that he thought she would cheat on him. He didn't think she would, and the video had proven that even presented with the opportunity (the gift!) she had been his faithful, professional, Sukie.

Then, underneath that, was the thought that Well, hey, she was faithful *that* time, but Dio was seeing her twice a week, likely in perpetuity—one day she *would* break down. One day she might have had a fight with Tommy, or she wasn't feeling pretty, or fulfilled, and only on that one day circumstances collide and she would she break her vow. She would be guilty, remorseful maybe, but the deed would be done. Done and undoable. She would feel guilty, keep it to herself, maybe she would cry. She would, she would cry. Poor Sukie.

Then, under that (subterranean even to that nonsense), was the perverse idea that if it *did* happen, he sure as fuck didn't want to miss it. The idea of Sukie and Dio together had done something to his libido that was

undeniable. His session with his wife on Tuesday night had been raucous enough to wake the boys, and they were all the way down the other end of the hall. Perhaps rubbing Dio had done something to Sukie's libido, too.

Yesterday, during the morning staff meeting, he had presented to the gang this idea that he would follow up on: going up to the Department of Defense, to Materiel Command in Alabama, and gathering some insight to Request For Proposals that would be renewing and most importantly, being *considered*. Then he could research where other companies might not be meeting the DOD's demands and they could approach with a more attractive offer to mining companies that didn't even know their own market yet. Bring them the market *and* the equipment that market needed all at one time. A lot of head nodding to that from the gang. "See what you can learn, Tommy." *We'll see how it plays out*, he said. He knew how it played out. He'd done it already last week. He did a lot of things on his own—being a team player didn't make you salesman of the year, fuck-sticks. Now he used his odd idea to buy him some explainable away-from-the-office time. Time where Dio would anticipate Tommy's absence. Feel sure of it. Be more confident, knowing his hot masseuse's salesman husband was off on a call to Huntsville.

In the morning he headed out like he normally would, everyone expecting him to make the four-hour drive to Alabama. Instead, he parked at the Eastgate Shopping Center and walked home, coming up through the gravel path that lined the ravine behind his house.

He climbed the scrubby hill to make his way to the concrete embankment retaining wall that linked the houses on the Shearwater Ridge Estates that looked over the ravine. He climbed it, tore the knee of his good suit, but fuck it, got himself in the garden where he was hidden, commando-crouching all the way to the backside of the cabana. From the cabana it was a quick dart across the brick path between the cabana and the kitchen where Sukie might spot him, but he waited till he heard her upstairs running water in the sink with the window open. At the side of the house, crouching down in the deep basement window well, he slid the glass to the basement open. He'd left that sucker unlatched before he left.

Now he was in the house, relaxing in the furnace room in the cool of the basement, waiting for Dio's noon-time appointment.

AT 10 A.M. Sukie had an appointment—Tommy didn't always listen when she told him about her day, but he was pretty sure that it was a woman with sciatica, mid-fifties, and she was an aunt of one of Tommy J's friends. Then, when the woman left, Sook had another appointment immediately after at eleven. Tommy stayed down in the basement for both appointments, was curious now about what she did, but didn't want to risk coming up and getting caught before Dio was here. The appointment at eleven may have been a man. He couldn't hear anything but footsteps on the floor above his head. Could be a man. Could be a heavy woman. Who knows? Wasn't worth checking. Though it would be interesting, if it was a man, to see what treatment he got. I mean, would she open his towel and expose his genitalia so she could rub those long leg muscles that went up to his hip? Was that normal? Or was that the special Sukie treatment she reserved for rich and handsome men with big swinging dongs? *Or, Jesus, Tommy, maybe she wasn't half as interested in your boss's cock as you are, buddy.*

The heavy footsteps crossed again above his head as the eleven o'clock client went out the front and got in their car. The door closed. Now he heard his Sukie's footsteps running up the stairs to the bedroom. For what? A quick preen? Maybe a shower? Change into something sexy, something that showed off those big breasts. Maybe she was shaving her pussy for Dio.

He muttered to himself for a while, pacing the furnace room and grinding his teeth, then the doorbell rang. Sukie's footsteps returned their beating on the steps. He checked his watch. 11:55. Dio was a little early. Eager to get Sukie's hands on him.

DIO'S FOOTSTEPS crossed the floor above his head and Tommy walked from one end of the furnace room, following along, eyes raised to the rafters. When he'd come down here to unlatch the window to the basement, he'd also left himself a change of clothes. Didn't want his clunky dress shoes giving him away, didn't want to sweat in his suit if he got hot while he watched. *Or made any stains.* It was worrying how more and more he became aware of the intense excitement the idea of Dio and Sukie together brought him—this compulsion was eating at him and the dichotomy of the feelings were ripping him up.

The sound of the French door opening and closing bumped up above him and he made his way (finally!) to the door out of the furnace room.

Passed the home theatre, the home gym, up the wide and bright steps that landed in his foyer. He made his way to the front door, parted the curtain and peeked outside. Right there in his driveway gleamed Dio's brand new Ferrari California, in rosso corsa, the top left down, showing off the tradizione leather interior.

This kid could fuck any girl he wanted, what was his interest in Sukie? Not that she wasn't hot as shit, but why a married older woman? Why the wife of your best salesman, and a guy who was kind of your friend? Was he a total asshole, and he'd not seen it, or was Sukie such a piece of ass all that protocol and respect just didn't matter? Shit, maybe a bit of both. Like a perfect storm.

In sock feet, he silently slipped across the bumpy terra cotta kitchen floor, sneaking along between the tiled counters, around the kitchen table, under the ficus, until he was at the edge of the window that looked out over the pool—specifically, out over the space in which his wife ran her massage business.

There they were. Sukie in short-shorts and a tank top, not unlike what she wore to bed the other night, this outfit new and more stylish however, saving the good stuff for her stud. Dio was in suit pants and a white shirt with a tie though his jacket must have been left in the car. His glossy hair was combed back and glistened in the sun. He wore his sunglasses and his white smile flashed underneath as he related some story to Sukie and she smiled and nodded and laughed appropriately.

She gave him her sweet and bashful gestures, batting her eyelashes, listening intently with her head slightly cocked. He got to the punch line and Sukie laughed heartily, doubled over, Dio traced a finger over her arm as he left the show on a high note with his audience in stitches. He added a tagline to his joke over his shoulder before he slipped into the cabana, and it brought more laughter from her. Tommy took the distraction provided to unlatch the kitchen window and wind the lever so the window scissored out, and he could hear what was so fucking funny next time.

While Dio changed in the cabana, Sukie prepared for the massage, circling the table and arranging things the way she wanted them. She still smiled and shook her head recounting funny Dio. She massaged her own hands while she waited for Dio to return.

It wasn't long before he was out, tanned and presumably naked, a towel around his waist. The sunglasses were gone, and he walked to the table with

a handsome, furrowed brow. They stood side by side a moment next to the massage bed and Tommy saw her fully with another man. Her in bare feet in flip-flops, her short-shorts, only as high as Dio's chest. She had to look up at him when she spoke, and whenever she did, she always had a smile for him. Of course he was a customer, and it was only polite, but it was still difficult to see them together like this. He wasn't put off as much as he knew he should be—for whatever reason it excited him. Maybe some bond with this wonderful woman he'd known so long, seeing her like this, knowing Dio probably made her tingly in a good way. It was a good way to feel, and he wanted that for her. The stuff about Dio's cock was harder to figure. The idea of them having sex was arousing, but he didn't *want* that. He couldn't let it *happen*. Yet here he was in a hunting blind, and it would seem his prey was a mating-in-the-wild between these two beautiful creatures. And if not a coupling at least some touching ... Did he *want* it, or want to *stop* it?

Sukie said, "Just take it off, lay it out," and she nodded with her chin to the towel he wore, then with her hand, patting the padded top of the wooden massage table.

Dio obliged, unclenching where the towel was gathered at his waist and opening it wide to expose himself to her. His cock, with its big, round, foreskin-covered end, swung from side to side ... only Sukie had missed it because she had turned away, now walking to the far side of the table so she could be with her bowls and oils on the high table. Dio spread his towel out flat where his crotch would be, got up on his knees, moving slow like he wanted Sukie to get a look, but she was caught up in her preparations and had averted her eyes. So Dio got on all fours and Tommy got the treat of seeing his manhood hanging low before he flattened himself on Sukie's massage bed.

He was completely bare ass, his round, muscular, and firm rump humped out from the shallow of his lower back. He'd angled his legs out wide, and from this angle, Tommy couldn't see but he imagined what he was blessed with was clearly visible.

Sukie turned the stereo on, the quiet sound of flutes and nature winnowing their way to the open kitchen window. Now she was ready, and her hands were well-oiled, rubbing together furiously to warm them. She brought over a ceramic bowl, and dipped her hand in, let the oil drip from

her fingertips and onto Dio. The bowl went down, and she began to work his back.

MASSAGE

SUKIE WORKED Dio's back for a quarter of an hour. Up and down, her strong hands kneading and swooping along his muscle. With the towel gone, her hands made their way to his buttocks, her fingers digging into the crest where they rose from his back in two round, paler humps. Then down the table she stepped till she stood at his hip. Now Tommy swelled in his sweatpants, his cock lifting up against the fabric with pulse-pounding excitement. Sukie's hand slipped up and down Dio's thigh, spreading her shine. One on the outside, the other on the inside. Her gaze was lowered, and Tommy knew she was looking at the back view of Dio's penis and scrotum. What was she thinking? Was she admiring them, thinking how she'd like to cop a feel? Or worse? It was possible her own heart was beating fast, wondering if Dio would get hard today. Did he get hard like that at his earlier appointments? If so, how eager was she to witness it again?

Tommy watched with constricted breath, rapid pulse, and a fully engorged erection. His wife worked one leg then crossed to the other side and did it all over again. Up and down, fingers *possibly* touching the underside of Dio's cock.

His rump was treated next. Sukie's hands digging into the lower crest, the bottom curve of his boy-ass. She must like that.

Once his buttocks were done, her hands made their slippery way down his thighs, then over his calves, swooping off his heels. Now it was time for him to turn over.

Dio boldly bounced around, turning until he was on his back. His cock slapped around his thighs, then flopped across his hip as he settled into a

comfortable position.

There it was in all its glory, every flaccid inch he had for Tommy's sweet wife to see.

But Sukie acted uninterested, moving around the table without ogling it, renewing the oil on her hands, dripping more on Dio's chest and down his belly, stopping short of his pubic hair. She did his chest, his shoulders, down his arms. Then she worked his stomach and belly, but from where Tommy stood he couldn't see her face or really much of what her hands did.

It was when she moved to the other side of the table again, where he could see her clearly, and she made the first strokes up Dio's thigh, that he caught her looking. It was definite. Her eyes were lowered, two bright blue lasers shooting all up and down that fat, dark brown tool. She even bit her lower lip. Almost like she was unaware, just sucking in that plump curl under her front teeth and pressing down. It was an honest reaction. It made Tommy's knees weak. He felt the strength leave him for two heartbeats.

When that leg was done, and it was time for the opposite thigh, she moved to his hip, her unfaltering hand taking hold of his big soft penis—it sagged in her hold, and she gripped it tighter. Moved it, angled it up his belly, and this time when she let go Tommy clearly saw the tips of her fingers glide its length, down his shaft and over his scrotum. Dio's balls drew higher. Then her hand was away and massaging, and she was professional Sukie again. Tommy's heart was pounding. His ears filled with its rapid squishing, deafening him. And Dio responded with immediate hardness. That cock unfolded itself from the foreskin, pushed its glans out like a curious turtle, turned itself inside out, gradually lifted off his body, long, thick, pointing up to his chest.

But Sukie left his hips, went down his thighs, and soon she was slipping her fingers along his feet and exiting his body off the tips of his toes.

When she left him, Tommy felt a despondent ache in his belly. He wanted more. *He did*. For himself. He wanted Sukie to be a bad girl. All this time, worried about what she *might* do, going to great lengths to catch her, only finding himself caught in his own trap. He *wanted* to watch her with Dio. His body slumped, and he rested both hands on the window sill. His head began to droop.

Then he stiffened as if electrocuted as Sukie left Dio to get himself together, and she walked toward Tommy and to the right, headed for the French doors.

“HO-OLY JESUS,” Sukie sighed as she came into the cool air-conditioned house. The back of her wrist ran over her forehead, she chuckled to herself, then groaned, long and draggy. Tommy watched her from the kitchen, screaming inside, hiding behind the ficus that could barely conceal his body. But Sukie turned left, away from him, away from the kitchen, headed to the lower level bathroom. Still sighing loudly, laughing to herself, she groaned, “Oh my-yy Ga-awd,” before she closed herself in the can.

He should have run—took off, went down to the basement and hid, but this was the crux. This was the moment his camera didn’t capture.

Sure enough, looking out the window again he found Dio sitting upright on the massage table, head cast to the French doors, stroking himself. Up and down, eyes on the glass ...

Wait—was he watching *himself*? All Dio would see was his own reflection—a bright, hot, and sunny day reflecting back like a mirror on the back windows of Tommy’s house.

Dio was watching himself masturbate. Watching and hoping, or *fantasizing*, that Sukie might see him ... might be watching him from behind the glass. And if she liked what she saw ...? ... maybe she would come outside and join in.

Dio stroked slow, his male grip taking up less than half his impressive shaft at a time. His cock shone with oil, his foreskin rolled up and down, revealing that glimmering plump glans with each stroke.

The bathroom door opened and now there was no time for Tommy to hide—he’d had the chance but hadn’t taken it. He squeezed himself tight to the window, burrowed his shoulder into the ficus. Part of him screaming in his head, out of his mind with the shame he would feel if he was caught—then, at the same screeching volume, another scream saying *Tell her not to go out there!*

His glance darted around the edge of the window and he could tell that Dio saw her coming. He eased the towel over his erection at the same time he ejaculated. Dio bucked and rocked on the table, his hips thrusting, his butt muscles flexing and Sukie came out to the deck.

Sukie was unaware, wasn’t she?

And yet, there, like big, brown hard-boiled eggs, Dio’s testicles sat in the seam of his two thighs pressed together. The towel covered his hand and

erection, the trim arcing over his scrotum and leaving his glistening sack uncovered. The balls flexed and squirmed under the skin as Dio continued to pump his semen into the towel, smiling at Tommy's wife.

"You are magic, Sukie," Dio said.

Sukie's puzzled gaze dipped between his legs then raised up. She said, "All in a day's work." She buffed her nails over a breast in mock pride, then giggled and wove her fingers together, turned her arms elbows out and stretched, her sleek shoulder blades pressing out her tank top.

"Mm, I mean it," Dio said. "It's been life-changing coming here."

"I'm glad, Dio. I like to make positive changes for people. It makes me feel good."

"The afternoons just melt away after you put your hands on me," he said.

She glanced at her watch, said, "How's my Tommy-boy today?"

"Tommy? Tommy went to Alabama."

"Oh, shoot, yeah, that's right, I forgot about that."

"I guess you're all alone here today, he won't be home until later."

Sukie paused, considering his words, ran her fingers together again, twiddling her thumbs. Quietly she said, "Just me and a few other clients I have this afternoon," as if she was sensing something provocative in his words.

Dio regarded her for a long moment, smiled, then said, "Well, I suppose I should get back to the office ...". He didn't move, sat leaning on the massage table with his bare feet on the deck, the towel over his crotch, his testicles showing. When Sukie didn't respond, he slowly stood, one hand holding the towel between his legs, and Tommy noticed his grip flexing; squeezing out what was left in his urethra into the towel. After moving it around in two slow circles, he balled it up and laid it on the massage table, letting Sukie see him completely naked. He didn't linger, didn't make it more uncomfortable than it already was, but he turned, his half-engorged size swinging and tapping thigh to thigh in wagging crescents, then walked, bare ass flexing, to the cabana door.

Sukie's shoulders slumped as if she was relieved. She watched the cabana door for a moment then put both hands on the edge of the table so she could lean on it. Her head bowed.

In a few minutes, Dio was showered, changed, and the door opened once more. He came out dressed in his suit pants, shirt, and tie, sunglasses

back on his handsome face. A noticeable bulge pressed his pant leg. He strode toward Sukie, then Tommy recoiled seeing his wife ball the used towel in both her hands and hold it at her waist. Dio came to her, said, “Thanks, Sukie. I’ll see you next Tuesday.” He leaned, his hand loosely took her wrist, and he got close and kissed her cheek.

Sukie said, “See you Tuesday.”

Then he was gone. Sukie watched him stride their pool deck, his dress shoes clapping on the concrete, watching him until he disappeared into the house.

DIO PASSED through the house on Tommy’s right side and he nudged himself into the ficus again. Dio whistled the Tarantella Napoletana as he crossed the living room past the tall, grey stone fireplace that ran up to the cathedral ceiling, down the hall, his melody echoing off the walls, growing faint as he made it out to the foyer. The front door opened and then closed. The house was silent. Outside, Sukie sat like Dio had when he masturbated. Her butt against the bed’s hard edge, feet splayed on the deck, her toes pointing inward—she stared at her toes. Twelve Italian cylinders roared to life out front, revved high, got in gear, a slight chirp as the rubber gripped his pavers.

Sukie raised her head as she attuned to the sound of Dio leaving, cocking her head and using both hands to smooth her hair back, though it was tied in a tail already. The soiled towel, its contents unknown to his wife, lay balled up in her lap. She gripped her hands on the back of her neck and massaged herself. The self-massage worked down, moving to her collar, she rolled her head around on her neck. Inhaled, puffed out her cheeks, let the exhale slowly leak past her pouted lips.

One hand held the dirty towel to herself, the other fell to her leg; her strong, graceful hand stroked the flesh of her thigh. Mouth working around, she sucked her lips in and clenched them in her teeth.

“Oh, Sukie,” Tommy sighed in the kitchen, seeing the dirty thoughts racing through his wife’s mind. Sure enough, that hand inched higher, began to trace a line along her skin where her thigh met the very short cuff of her shorts. Her finger disappeared underneath the fabric, stroking and swiping.

She laughed to herself suddenly, groaned long and exasperated, and coming out sounding as if she was embarrassed, her mischievous hand forming a claw, her nails making impressions in her thigh, her back shook with quiet laughter.

Another sharp inhale, and she rose, her eyes wide, hands raising to her face and lightly slapping her cheeks. A decision seemed made then, and she took the balled up towel, put it on the massage table and strode to the back doors.

“Shit, shit, shit,” Tommy hissed, scurrying himself into the ficus plant again, his head and shoulders hidden in the foliage, but his sweatpants and erection clearly visible behind the narrow trunk. It didn’t matter because Sukie didn’t take one look in his direction; her bare heels pounded across the living room floor and onto the stairs to the next level. Tommy had a pretty good idea of what was going to happen next and while that knowledge should anger him, he was more excited than ever.

INTRUDER

SLIPPING INTO THEIR BEDROOM CAUTIOUSLY, he found Sukie wasn't on the bed nor was she in her closet. As a precaution, because sometimes Sukie could be unpredictable, he side-stepped into his own closet, checked the gun safe on the top shelf to make sure that it was still closed. There were two pistols in the safe. A nickel-plated Colt .45 and a Walther PPK for his wife. Sukie was a good shot, and the last thing an intruder wanted to do was surprise a member of the Travis family.

The pipes that ran inside the walls between his closet and their master bathroom quietly rumbled. Sukie was in the shower. He made his way to the bathroom door and opened it carefully and silently with the back of his hand. One sock foot slipped in, easing the door wider, he peeked around to see what he could see.

Two years ago when he sold twenty-two cone-crushers to a diamond mine in Nigeria they had used a ten percent slice of his commission to renovate the bathroom. The walls were tiled in a warm seashell color and the whole back of the room was a glass-walled walk-in shower with two shower heads and two shower wands. On the left was a wide window that looked out over the pool, and the sun shone through it now putting a glare on the shower glass that was already clouded with the heat from Sukie's water. He stepped further, two more sock feet slipping along the tile until he came and leaned an arm on the mahogany washstand with the marble countertop.

He watched his wife. What she was doing was obvious even though she was just a flesh-colored shape moving around behind steamy glass it was clear what she was up to. Her tanned skin with the water splashing off in

bubbling fountains, her hair slicked from spray, she put her back to the tiled wall, the crown of her head touching the tiles, her face turned to the ceiling, legs bent mildly and parted wide. She held the wand in two hands and directed the spray between her legs.

Seeing her this way, in this private action, was one of the most incredible moments of his life. This was Sukie as he had never seen her before.

This was her fantasizing, doing something completely without him. They were a tight couple, and they did everything together; they worked as a cohesive unit, and to see her stray from the program made him strangely proud rather than angry. No rules were really being broken, but his Sook had *desires*—and that was exciting. She was a live and independent human being, and she was responding to something so erotic even her *husband* was aroused. This was no transgression, this was his wife doing the best she could to maintain the sanctity of her marriage even though her kettle boiled steam out the spout and whistled to high heaven.

She jiggled the handle, making the spray sing different splashing noises, her knees buckled, dipped, then lifted her back higher up the wall when she got so low she almost fell, and he loved watching her do it. But then he became aware that the movements were slowing. His eyes traveled up her sweet, tanned body to see that her face was angled in his direction.

Her voice was pale and fragile under the hissing water and it warbled slightly with fear. She said, “Who ...Who’s there?”

He was busted. Moving off the washstand he took a step toward the shower stall, his wife raising the spray from between her legs, eyes peering through the clouded glass but not seeing anything but his dark silhouette.

Like an asshole, he said, “Dio.”

Now she clutched the shower wand tighter, clutched it to her chest.

She stammered, “T-Tom-Tommy?”

He gripped the slim aluminum handle of the shower stall door and as the pale palm of her hand pressed the glass, made to swipe a clear swath, he whipped it open, revealing his wet and slippery and oh-so-wonderfully naked wife.

Only she screamed. Brief, but high and loud and sharp.

He winked and smiled for his bad girl, but it didn’t fix it.

She struggled to say something, her head shaking, eyes wide and watery, tinged pink from stress and fear, and he *did* feel a little guilty. She

blubbered and her mouth formed shapes of sounds but she made no sense.

He said, “Yeah, it’s me, your husband. Disappointed? Were you hoping it was y—”

She turned the spray on him, caught him totally off guard, and now it was his turn to blubber. He jumped back, his hands outstretched to block her, to get away from the wand’s reach, but she’d soaked him. His shirt and all down the front of his sweatpants were drenched.

“You fucking asshole!” she screamed at him, the tendons standing out in her neck.

“Jesus, Sukie, you soaked me,” he yelled back.

“Oh my God, Tommy, you piece of shit. Call 911, I’m having a heart attack,” she said and now her brows went up in the middle and it looked like she would cry.

“I’m sorry, baby, I wanted to surprise you,” he said, getting bold and stepping into the shower stall while he pulled the soaking T-shirt up over his head.

He pushed away the bubbling laughter that wanted to spill out of him and stepped further into her space, wearing just socks and sweatpants. Sukie aimed the spray at their feet and her eyes traveled low and noticed his prominent arousal poking out the wet pants.

“Holy shit, Tommy, how long were you watching me?”

“I’ve been watching you a long time, Sukie Wilson,” he said, using her maiden name.

“Wils— ...? Oh, Mr. Travis, I have a boyfriend ...”

“He’s not here now,” he said, circling an arm around her waist.

“What’s this thing?” she said, running a hand over his erection pressing out the wet cotton.

“Let me show you,” he said, tucking his thumbs in the waistband and lowering them, letting his cock spring up and tap her tummy.

“Oh wow, Mister Travis,” she giggled.

“Now turn around,” he said.

“Around?” she said, her voice breathy and excited, complying, turning herself to face the tile wall but keeping her eyes on him over her shoulder.

“That’s it, stick that ass out and show me your pussy.”

“Oh shit, Tommy,” she gasped.

“I came at the right time, didn’t I?”

“Shut up,” she whispered.

“I caught my little missus being a bad girl.”

“Sto-op,” she sighed, getting on her tippy-toes so he could line himself up.

“I wish you didn’t catch me spying, I wanted to see how that show ended.”

“Don’t you want to fuck me?” she said in a low and sexy tone.

“You tell me,” he said, “does this feel like I’m interested?” He slid himself all the way inside her without hesitating. Every bit he had going deeply into her, and Sukie’s muscles gripped him tight. She made a low groaning sound like an angry cat. Her fingers spread wide and her nails clawed the tile. “How’s that?”

“You feel so good, Tommy—fuck me hard, okay?”

His erection was like steel, sticking out stone and straight, and he was enjoying the slow motion, the slippery feel of her, her tightness, the hardness of him pressing it out. Her walls squeezing against his shaft pronounced the blood that pumped through its thick veins, giving him lusty feedback.

“Fuck, Sukie, you feel so amazing ...”

“Faster, Tommy,” she urged.

He kissed her bare shoulder, kissed her neck, slurped the water off her skin while his hips rolled out a quicker pace. He thrust hard and deep and fast, and he got her big breasts swaying, the bottom curve of them grazing back and forth over the forearm he’d wrapped tight around her ribcage.

Grunts emerged from her, her lips peeled back from her clenched teeth, the point of her chin squashed flat against the tile wall. Her grunts spurred him harder. “Fuck, Sukie I’m ... mm, so glad I came ah-home ...”

“Why, ah, why are you, ah, ho-ome?”

“I came to fuck ... my, mm, beautiful, ah, wife ...”

“Oh Tommy, oh, give me that big cock ...”

“Take it, Suk-Sukie, ah ...”

“Deeper, harder,” she urged, and her hands had turned to claws on her own breasts, squashing them, popping her hardened nipples out far between her index and middle fingers.

“You like this big cock?”

“Yeah, ah, Tommy ...”

He pumped her so hard her little toes were coming right off the floor with each deep thrust. She loved it. She took his bucking, took everything

he could give her, squealing and crying, gasping and urging for more. They were slick with water, her arms and hands slippery from the oil she rubbed Dio with. They slid across each other like silk.

Sukie came. Her insides clamped on him like he was in a warm, wet vise, and she writhed in his arms, bellowing out a long, low moan that ended in chugging gasps for air. While she still came, he rammed deep into her, pressed her flat against the tile, her breasts spreading out on either side of her thin back, her head tilting up and back.

“This cock big enough for you?”

“Ah, I, ah, love it,” she grunted and spat, her eyes fluttering, darting to see him, but he had her pinned.

“Close your eyes, Sukie,” he said. “Close your eyes and picture the one that made you come up here.”

“Yeah?”

“Picture *that* big cock inside you ...”

“No, Tommy ...”

“Do it ...”

“Tommy, don’t ...”

“I watched you,” he said, and he dipped his knees and bucked up again, deep and hard, making her flesh shake. She cried out. “I watched you, I saw you touch it, Sukie.”

“Ah, Tom-Tommy,” she gasped, her head twisting left and right.

“I love you, baby,” he whispered, kissed her neck and bit at the curve of her ear. “You’re so fucking hot, you drive me wild, Sukie ...”

Now she gasped lustily. She liked these words.

“Seeing you get turned on drives me out of my mind, Sukie—out of my fucking mind.” He dipped and bucked once more, and she cried out again, bit her lip to stifle it. Her nails scratched along his forearm. “You’re so hot, if I didn’t come home it would have been him opening that door.”

She moaned and gasped at the thought, and he got close to her ear, whispered, “He wants to fuck you. Can you tell? How hard you make him, God, he wants to put that thing in my naughty wife so bad.”

“Oh-ohh-whoa-oh,” she warbled, and her body began to tremble and shake in his arms and around his cock. He was sure she was coming again.

“Yeah, he can’t stop thinking about my pretty wife, can he?”

“Aw, ah, he ca-can’t?”

He slid himself deep, pushing out a long sigh from her. He said, “Imagine it was him that came through that shower door, Sukie. Imagine he was naked and oiled, and he came through that door with those big arms and that cock ...”

“Mmnggh,” she warbled and exhaled through her nose and bit hard on both her lips. Her face making a reluctantly pleased expression, then clamping it down quickly so it resembled pain. “No ... no, Tommy,” she said, yet her hips moiled against him, her rump pushing back to meet him.

“Yeah, Sukie and he’s got one thing on his mind, and that’s fucking you until you come.”

“Oh fuck, Tommy,” she said while she inhaled.

“Come for him,” he whispered as his hand slipped along her soft smooth tummy, getting low, feeling the swell of her mound. “Show Dio how you come ...”

“Oh shit, oh Tommy,” she chanted, and a tremor passed through her.

His hand swept the plump shape of her cleft mound, felt where he swelled her, traced his fingers along the slippery seal his wife’s labia made around his rock hard shaft, slipped higher, massaged under the hood, found her clit protruding like an eager beaver, reaching out to meet his touch, desperate to be teased. When he touched it, it was like she’d been electrocuted. She jumped and kicked, yelled, jolted; then her legs gave way and her body weight sank into him, driving his cock deeper still.

“He’d fuck this little pussy so good, wouldn’t he, Sukie? What would that huge cock do to this tight little thing you’ve got down here? Scream for him, Sukie, show him you like it.”

Her head lolled, and she was getting into it, his heart swelling with love for his dirty girl. She made loud sounds, not yelling, but definitely showing Tommy she was into this—her eyes were closed, and she was picturing his awful words.

“Scream for him, Sukie, you can scream, he’s stretching this little slit wide ... that thing would spread your uterus open ...”

The crown of her head struck his jaw, banged his nose and swelled him up, but he blinked it away, took a better hold of her hard pink button, shook it and stroked it. Sukie’s legs shook and her body slipped away from him. He could tell she was coming.

Instead of screaming, she gave him short, mournful squawks, and it got him thrusting. He was going to come, too, and he couldn’t hold out a

minute longer.

“Oh, Tom-taww ...”

“That’s it—take his big Greek cock, Sukie, I’ll watch you baby, mm ...”

He thrust and thrust his cock like a steel spear, skewering her deep and hard. His thighs bulged from the effort and his heart hammered in his chest. His wife was passing into unconsciousness. “I want to watch you ... *fuck* him, Sook, I’ll watch you ...”

“Shit, ah, Taw-tommy ...”

Her head rolled loosely on her neck and swayed with his powerful thrusts.

“You can fuck him, Sukie, fuck him, baby, I’d love to see you ... love to see how bad you can be ...”

They came together. He shot his seed into her, the tip of his penis banged into her deepest reaches and he shot his load against her furthest wall. She inhaled sharply, something wet catching in her throat and she collapsed on him, wailing and coughing, and his legs gave way with her wriggling body on top.

They toppled to the floor and his penis slipped out of her, long white pulses of semen shooting over the side of her thigh as he fell, pulling her wet body on top of him, a hand cradling her head so she wouldn’t be hurt. On the tile floor—shower head spraying a powerful, hot arc of water up to the ceiling that rained down on them—he hugged her tight while she continued to cough and hack, her ribs chugging harshly against his grip on her.

PROOF

SUKIE TOOK a long time coming back to reality after her orgasm. He held her and smiled, watched her chest heaving in and out, her huge breasts, soft and creamy, spilling over her narrow ribcage and under her arms, the nipples still stretched out, hard and dark and alveolate. He put his mouth over one and she moaned from whatever dark, distant room her mind rested in. His smile grew wide around her nipple.

“Tom-Tommy ...” she gasped.

“Here, Sukie. Hey, honey, you okay? ...”

“Oh Tommy,” she said, a light humor brightening her hoarse and tired voice. “Oh wow, Tommy. I’m *so* glad you came home ...” She chuckled and her breasts swayed.

“I’m glad I came home, too, Sook.” His tongue made laps around the swollen shape of her nipple. Now her eyes fluttered and blinked, tried to open, but a fine mist from the aimless wand tickled her eyelashes.

“Sit up with me, Sook,” he said, and he sat, lay his back against the tile, reached over his head and pulled the lever to shut off the water. Sukie struggled, and he put his hands under her arms from behind and helped her to sit with her back to his chest in the ‘V’ of his legs. She wrapped her arms around his knees and his hand stroked her tummy, dipping lower so his fingers touched her mound.

She said, “Tommy ... Now *that* was some dirty talk.”

“Fuck, was it *ever*,” he agreed.

Her back shook against him as she laughed, and he kissed the top of her head.

“You didn’t really watch me with Dio, did you?”

“A little.”

“I didn’t touch him.”

“You did, Sukie, but it was innocent, I know.”

“Okay,” she admitted, then after a moment: “It was.”

“I also know the second he left, you came up here and put the shower wand between your legs.” He launched it on her bluntly, and gripped her tight mid-sentence in case she got mad and tried to squirm away from him.

“Tommy, fuck ... I—”

“Shh-sh, baby, it’s the hottest thing I’ve ever seen you do.”

Her body was tense and rigid in his arms and he held her, his thumb making circles on her shoulder, and he kissed her collar. Slowly the tightness left her and she sank into him again.

Softly, she whispered, “I’m so embarrassed.”

“Don’t be. That was hot as shit. You saw my cock when I came up here.”

“How much did you see?” she said, her body twisting a little in his grip, trying to take a look at him.

“Honestly?” He sighed as if he was trying to think, then said, “The whole thing.”

“Tommy!—” She scowled over her shoulder and tsk-ed him.

He let her go, and she turned in his lap but he had a kiss for her lips ready and he stopped her talking. She took it, kissed him back, inhaling long and slow and drawn out. He held her chin and bit her lower lip.

“Why would you do that?” she whispered, their eyes inches apart, foreheads touching.

He shrugged and smiled, said, “My wife turns me the fuck on.”

“Yeah, but what’s your thing with Dio?”

He shrugged again, said, “I feel like there’s some little tiny spark there, I think you know it, and well, shit, if there’s any guy I’d want to see you fuck, it would be him.”

“Jesus, Tommy, what the fuck? I would never, ever, ever cheat on you.” It was a sweet thing to say, but instead of kindness her voice was tinged with anger.

“Baby, it was all in my head.”

“Tommy, for fuck’s sake,” she said, frowning, putting her hand on his chest and running her nails into him. “You were spying on me to catch me in the act?”

“No, Sukie. You’re a good wife, I know that. I just wanted to see what *did* happen. And look what did. It was so hot. And look where it got us. You came so hard you passed out.”

She ignored the statement, her eyes darting back and forth over his. It *was* true. What he’d witnessed had them both collapsed on the floor of the shower in the middle of a work day after possibly the biggest orgasms they had since they were married.

He nodded. Slowly her mouth softened, and she nodded, too, though she lowered her eyes. He kissed the point of her nose, said, “All your male clients open their towel up like that?”

“No,” she said quietly.

“You ever have to move their penis out of the way when you rub their thighs?”

“No.”

He kissed her nose again. “You can fuck him if I can watch.”

The anger was extinguished from her, and she raised her eyes to his again and said, “I don’t want to do that, Tommy.”

“You thought about it though.”

“Not really.”

“Kind of.”

She rolled her eyes and gently shook her head. “Kind of,” she agreed. “Tommy, he doesn’t want to ... you know ... *fuck* me.”

“I think he does, Sukie.”

“No, Tommy, he ... some guys ... shit, *all* guys hope I’ll touch it for them.”

“He wants more than that, Sukie, I guarantee it.”

“Tommy, he’s, like, a playboy ... what would he want with an older married woman?”

“Gosh, I don’t know,” he said, laughing. “You *are* so beautiful, so sexy ...”

“Tommy, he just wants ... you know, a *happy ending*.”

“Well, give him one.” She grunted and sighed, rolled her eyes again, squirming in his grip. He kissed her forehead now, said, “Or don’t, Sukie. Do it or don’t. Whatever you do, I have to be there, that’s all I want.”

“Tommy, that’s crazy,” she said, her voice gentle and soft.

They stayed connected for a while, breathing with one another and basking in the warmth of the shower and the brilliant glowing sunlight

coming in the windows.

After long consideration, he said, "Okay. I want you to see something."

HOLDING HANDS, they walked naked through the bathroom together, made their way to the bedroom. Sukie was tentative, and she paused, said, "What? What are you going to show me?"

"Up on the bed," he instructed her.

"Tommy..."

"Up, up," he said, patting the mattress impatiently.

She got up slow, one knee on, foot still on the carpet. She said, "What are you up to?"

"I think you need to see something."

"O-kaay," she sighed, and she walked on her knees to the middle of the bed and lay her head on a pillow. He sat at his edge of the bed and opened the drawer of his nightstand. Her hand stroked his back, and she purred, "I really like you coming home in the middle of the day."

He tossed his bedside iPad onto the pillow and got on her, hovered over her, kissed her while her arms went around his neck and she giggled.

He kissed his way down her body, moving between her breasts, down her hot, soft belly, swooping his tongue around the deep cup of her navel. Then lower and lower until her breaths came lustily above him. He kissed the soft plump shape of her mound, scratched his tongue over the fine and narrow patch of dark blonde hair she had covering her sex. Lower then, finding her hot and slick and coppery. He suckled her folds, pulled her labia into his mouth, split her with his tongue, explored under her hood and got her legs stroking up and down, and her hands raking his hair. When she was ready, he kissed back up her belly. Her hand gripped his cock, and she said, "I'm so glad you wanted to show me this, Tommy. I really, really like it."

Her hand went up and down his shaft three times, angled him downward, urging him to put it inside her. Her eyes were narrow and sexy, her lips parted. He let her guide him to her opening, and she ran his tip up and down along her wetness.

"I did something bad, too, Sukie."

"Mm, I like bad," she purred.

He took the tablet off the pillow and sat up, his knees between her thighs, her hand gripping his aching cock. He opened the cover, swiped it to

life, and he brought up a video, moved the slider to cue the relevant scene.

“Oh, Tommy, you didn’t record it or something ...”

He shrugged, said, “You’re going to want to see this.”

“What is it?” she said.

He lay himself next to her, turned his back to her, and propped the tablet up on its stand so they could both watch it. On the screen was a crisp and clear, sunny daylight image of Dio, paused, sitting upright on the edge of the massage bed.

“Tommy, you didn’t—”

“Just watch,” he said.

“What ...?” she said, her brow furrowing, mad at him, mad at this betrayal but her curiosity sharply piqued.

He tapped the screen and let the video play.

Dio sat on the edge of the table, his head pointed toward the house. The white towel covered his waist.

“I can’t believe you did this, Tommy. I’m so mad,” she whispered, but her eyes were glued to the screen. “What’s happening?”

“Just wait,” he told her.

Her chin thumped his shoulder, and now she dug it in, rocked her head til she was comfortable, moving her body until it was pressing his back.

Dio removed the towel and exposed himself. She said nothing, her eyes fixed on the action. Tommy’s stomach tightened at the knowledge she was seeing what he was seeing. They watched together as Dio looked left and right, his bare erect cock sticking up huge and straight from between his legs.

“You did that to him, Sukie. Look how hard you make him.”

“I did that?”

“Fuck, yeah. The massage is over, you’re inside the house. Watch ...”

Her mouth worked around and her eyes stared at the screen. Dio fondled his scrotum, eyes on the house like he was looking for her in there. Then his hand gripped the shaft and began to stroke.

“Oh Tommy, oh,” she gasped frowning.

“He doesn’t want to fuck you?”

“Oh shit, Tommy ... He’s jerking off in our backyard ...”

“Look at him looking for you ...”

“Jesus, Tommy, oh wow,” she laughed now, the hand laying on his arm moving to cover her mouth as it assumed a shocked, open O.

Tommy said, "Look at the size of him."

"That's so fucking huge," she gasped.

Dio stroked and stroked, mid-shaft to glans, twisting at the end with a personal flourish. His foreskin peeled back on the downstroke and the head of his cock glistened with white oily sunlight.

"That's so ... fucking *hot*," she sighed.

He was shocked at her reaction, and it made him laugh, but he swallowed it, not wanting to break her spell. He said, "He's stroking that big thing for you, Sukie."

"Oh wow," she sighed.

Dio continued stroking his cock, easing himself lower until his feet were on the deck, his rump on the edge of the table.

A wet crackling sound was heard in the bedroom, and he jerked his head to the left. Sukie was playing with herself. Watching the video and rubbing her fingers between her legs.

"Do it," he said. "Do it." Her eyes narrowed as she watched, her hands bumping his ass cheek as she stroked herself faster and faster.

She whispered, "He's doing that thinking of me?" Her voice was shaky.

"Thinking of you, Sukie."

"Oh my God, that's the hottest thing I've ever seen," she said.

Now Dio took his cock in both hands and stroked. Two big man hands held together, gripping his big, thick cock, stroking up and down. Sukie was shaking against him, watching the scene through tiny narrow slits, eyelashes fluttering, mouth agape. Her hand beat furiously behind him and the wet popping sounds came louder and faster.

"That's it, Sukie, do it, watch him, watch what you do to him ..."

She squeaked and stuttered, her breath choking in short stops and starts. She began to buck behind him, her knees striking the backs of his thighs.

Then Dio came and Sukie saw. His wife watched another man emit his excitement from the end of his cock. Her narrow eyes went wide, and her ice blue irises were dotted with dilated black pupils.

"Oh, oh, oh, ah Tommy, he's ... *coming* ..." she gasped, and she bucked and rocked, her thighs slapping up against the back of his, the sound of her pussy smacking and squirting wetly. Her eyebrows wiggled, and she closed her eyes, her mouth quivered in an open pouting O, her chin jutting out.

She croaked and squealed as she came, stiffened then, her body cording up and steeling against him. He watched with pulse-pounding interest, his

own eyes open wide, his own mouth hanging open. She'd made herself come by watching his boss masturbate.

He whipped around and he took her. She opened her legs for him and he got between them. In two seconds he was deep inside her, pounding away. In twenty seconds the bed was shaking, and she was gasping his name, her hands clenching fistfuls of bedsheets, the tendons on her neck standing out like cables. They came together again, her heels kicking the backs of his legs like she was giddyding a horse.

HE LAY ON HER, hot and panting when they were done, and she began to laugh. She whispered, "I want to do this all day."

He said, "Maybe I'll take Tuesday and Thursday afternoons off."

She laughed again and hugged him. She whispered in his ear, "I'm so mad at you, you pervert. When I'm not so horny I'm going to yell at you."

He kissed her neck, said, "More incentive for me to keep you horny."

She giggled, said, "I have another client in forty-five minutes," and she slapped her hands on his sides as he climbed off her and lay at her side, facing her.

"You really don't trust me, Tommy?"

"I do. I think maybe I wanted to see something happen."

"Why?"

"It sets my insides on fire. Races my heart like I just jumped out of a plane without a parachute. It makes me *electric* to think of you like that."

"Yeah, but cheating ...?"

"No, no Sukie, that would kill me. But I think I got the best news in the world."

"What's that?" she said, cupping her hand on his cheek and looking in his eyes. The sun came in the window over his shoulder and lit up her baby blues like bottomless Bermuda water.

"You were faithful, but you've got a hot little tiger prowling around inside that ribcage," he said, running a finger along the center of her chest, scooping underneath a heavy breast.

She bared her teeth at him. "You better not mean a fucking cougar, Tommy."

"A tiger, baby. A lust. With teeth and claws and glowing cats' eyes."

"My poet," she sang and kissed his chin.

“You’re a good girl. You belong to me but you know that guy turned you on. And that turns *me* on. I like that you’ve got lust in your blood. Watching you touch him, let your hand linger when you moved his cock, God, coming up and finding you masturbating when he left ... I love that you did that. Share it with me, Sukie. Get turned on, get aroused. You’re mine. I love you and trust you. You could have cheated on me when he wound your crank and it would have ended me, I swear it. Or you could have pretended it wasn’t hot, seeing him like that, seeing how you made him hard. But that would be dishonest. I don’t want a woman who lies to herself, keeps that lust locked up like it doesn’t exist. Woman like that’s gonna have her cellar doors burst open one day and either cheat or kill her husband.”

“Or dry up inside,” she said.

He kissed her on her plump little lips. “But you ... you’re perfect.”

After staring into his eyes for a long time, her baby blues darting back and forth over his, a building mirth pulled at her features. Her pouting lips stretched to a reluctant smile and her eyes narrowed on his. “Tommy, you’re fucking insane.”

“Am I?”

She gently shook her head, the smile remaining. “I can’t do it, Tommy. Maybe it’s sexy ... as a fantasy. But just a fantasy, baby ...”

“Sook, I’m not going to make you do it. I’m not asking *you* to make it happen, either. If things progress in that direction ... and you *want* to ...” He let it hang, then continued: “But I have to be there.”

She looked away from his eyes, up to the ceiling of their bedroom, and even the notion that she might be considering this was insanely arousing. He told her. “Sook, just you considering this is driving me wild.”

Now she chuckled, and the humor took over her expression so quickly she slapped her hands over her face and laughed into them. He kissed the backs of her hands as she spoke into her palms. “Shouldn’t I be mad at you?”

“Why?” He laughed.

“Shouldn’t a man who loves me be more possessive?”

“You like that?”

“You know I do. The Tommy I thought I married would never let another man look at me.”

“It’s only because I have you that I can do this. Or even want it. I own you completely,” he said.

“You do,” she agreed.

“Wanting to watch you fuck some guy that turns you on isn’t giving you up in any way. It proves I own you,” he said, saying it in a low and cocksure way that he saw she liked.

“My Tommy wouldn’t be jealous?”

“Jealous of some rich kid playboy? He doesn’t bring more to the table than me. I’m the fucking man ... twice the man he is.”

Now she ran her tongue over her teeth, looking in his eyes again, she let her hand drift down and hold his flaccid cock. She watched it as she played with it, both of them laying on their sides. Her eyes came up to his, and she said, “I’ve held it in my hand, Tommy. I think *he* might be twice the man *you* are.”

It jabbed his heart, a quick punch that shocked him. He filled with anger at once, a red rage swelling up in him and blurring his vision—but riding atop it like a cocky cowboy was an exciting lust, holding onto leather reins and keeping control. While his sweet wife held his gaze with a serious expression, he could see laughter behind those eyes; Sukie knowing how to press his buttons. A smile spread slowly on his face, his rage turning to ether and being replaced with a warmth for her.

Now she reciprocated with a relaxed smile of her own. “Somebody likes that dirty talk,” she said, his cock stiff enough again that she could stroke it.

“Sukie gets it,” he said and pressed his lips to hers and held her neck.

“Why wouldn’t he do that in the cabana—jerk off—why right there on the deck in the sunlight?”

“I think he wanted to get caught.”

“Oh fuck, he’s so hot ...”

She said it with a groan and a slight rolling of her eyes and seeing that lust in her grew him to full hardness in her hand. He whispered, “You want to watch it again?”

“No. It makes me feel funny in my stomach,” she said, grimacing. “But it is hot. *Really* hot.” The underside of his cock ran up and down her forearm as her strong hand carefully handled his scrotum.

He asked, “What would you do if you discovered him doing that?”

She laughed softly, said, “I mean, come on, Tommy. He’s hot and everything but ... I would have screamed, probably. Maybe called the

police. I don't know. That's frightening."

"It's frightening?"

"Tommy—are we missing something bigger here? Your boss is maybe coming on to me; he masturbated, he ... *came* ... on our pool deck. What kind of guy is this?"

"He's harmless, Sook. The kind of guy who gets his way with women."

"What, you think he's done this trick before? Let some girl discover him stroking his thing?"

"Probably. It's pretty impressive."

Her mouth twisted to the side, her eyes still watching his own cock in her hand as she went up and down. "Just a big dick. Some girls wouldn't care."

"You're not intimidated by what he has?"

She chuckled a breathy laugh through her nose, rolled her eyes.

He said, "You think you could ... *take* that?"

"I don't know. Probably."

"He wants you. He wanted you to find him doing that. He thought you'd be all over it."

She whispered, "You're not serious, are you? You can't be serious," but he could see she knew he was. The whispered disbelief was aimed at herself, the question rhetorical. Sukie was thinking about it.

SATURDAY, AUGUST 19

SQUARED AWAY TOMMY. That was what she used to call him back at school. Almost like it was a putdown in some way. Which was fucking weird because she never didn't respect him. Just all her friends, people she grew up with, were kind of the opposite. No one knew what they wanted, bumming around at college or working, always figuring they'd sort it out soon enough. She'd bounced around salons doing hair in her early twenties then realized the clock was ticking, ended up at community college in her mid-twenties looking for a therapist's ticket. Tommy worked as a bouncer at one of the bars where she and her friends would hang out, and yeah, he was hot, but also intimidating. That was the kind of thing that got him a date with her. Out for dinner, find out this guy who's a bouncer is attending Georgia State works two jobs, too. School all week, bouncer on the weekends, call center three nights a week. Year older than her, but coming back to finish the BA he started in 2000. The towers came down on 9-11 and he drops out of college and enlists. For real. So yeah, Squared Away Tommy was a way to lessen his impressiveness—or rather mitigate his comparison to all the other guys she knew. Tommy was aggressive. Driven. Soon she wasn't calling him Squared Away Tommy. He became Crazy Tommy.

She watched her husband now, stalking the sidelines while Tommy J raced up and down the soccer field in his satin shorts trying to show his old man he wasn't afraid to take control of the ball. Tommy barked encouragement and clapped his hands when the plays came close to him. Bobby and her had a good seat up front in the stands, Bobby clinging to her side, anxious for his game to start an hour and a half from now. A bright and

sunny and hot summer Saturday at the dual fields outside the Shearwater Rec Center, sitting under the protective shade of towering loblolly pines. Not the kind of day and scene where one would expect to find a happy housewife actually considering her husband's proposal for her to be intimate with another man. Not *this* happy mom whose hands still smelled like citrus because she was up at dawn cutting four dozen oranges into slices for all the kids.

Tommy didn't even bring it up yesterday at all. She didn't consider it either. Pushed it away on purpose. Then it got in her head that this was a Tommy Tactic. He had a way with people. Knew their psychology. So she started to think of all the reasons her husband *wouldn't* mention it to her. Reverse psychology? What was it? Was it a test to see if *she* would bring it up again? Jesus Christ, by the evening she was cursing herself. Tommy had *got* her thinking about it, just by not saying a thing. It had become an obsessive thought: why's he not saying anything today? Does he have second thoughts? Changed his mind—you know: come to his damn *senses*? On the couch last night with him, watching TV, and there she was, all she could think about was if (if, if, if) she agreed, how would it play out? How would they do this crazy thing?

Soon, the thing she *refused* to think about was *all* she could think about. What would Dio's hands feel like on her? Would they kiss? Would Tommy be all right with them kissing? Dio had soft, pouting lips. Square jaw and deep, soulful black eyes ... Tommy seemed to think about only one thing with Dio but that wasn't what she was thinking about. Well, not really—who didn't like a nice big dick on a guy? There were other things to consider with Tommy's young playboy boss. *Young*. Very fit. Masculine, with all that body hair. Broad shoulders, a really nice chest. God, those pumped up arms. Even now, just thinking about it got her fingers tingling. Not in a good way, not in an aroused way, but in an intense *rejection* of the idea. Dio was *not* her husband. She would not cheat on a man she loved. Every time she rejected the idea though she was left with a tightness in her belly, a clenching in her thighs, a burning question: Yeah, but ... *what if*? What if what? What if it *wasn't* cheating?

Bobby livened at her side, sitting straighter and waving his hand in a frantic fan. Tommy and Tommy J were down there, Tommy J with a bright orange peel wedged in the pink ring of his smiling lips, his dad over his shoulder, waving up at them. She gave him a wave back. Tommy showed

her a mean sort of smile and the morning light twinkled in his narrowed eyes. It gave her the distinct impression he knew what she'd just been thinking. What had her face looked like over the last few minutes? And how long had he been watching?—she'd been out of it for a while. She smiled her sweet, wifely smile and did her best to prove him wrong and look like the last woman in the world who might be thinking what she was just thinking.

But now she was looking around. Some of the other parents were up and moving, stretching their legs. Was it half time, or was the game over? She didn't even know. Shit, she didn't even know the score. Had to be half-time. No one was celebrating, no kids' grabbing their bags yet. Wow, she was really out of it. Now she rubbed at her face, stretched. Bobby stood next to her, swaying his hips, antsy about his own impending game and she patted his bottom and when he looked to her, she nudged her chin to indicate he should go down and see his brother and dad.

She stayed in her seat, sighed, pulled back her hair and redid her ponytail tighter. Tommy received Bobby who jumped a high-five to his dad then quickly tried to take the soccer ball away from Tommy J. The two engaged in fancy footwork, running around the sideline while Tommy and the kids' coach talked and laughed.

She rolled her head on her neck, rubbed at her shoulders. Kathryn, Francine, and Heidi—her fellow soccer moms, neighborhood groupies, and book club attendees were in a clutch, talking low, Heidi facing her and nodding to come and join them in their most recent gossip. Boy, did she have something juicy for them. An absolute show-stopper. I mean, she'd always thought Dionysios Megalos was a Greek God, and even told her friends a few times how hot her husband's boss was. Drew up pictures of him on her tablet to show them and they would all giggle and swoon when it was late at night and they'd had some wine. He was a twenty-six-year-old playboy who had it all and to her suburban girlfriends he was a *fantasy*.

Despite what Tommy thought though, she still didn't believe that Dio would want her in that way. Other than throwing her a bone. She didn't want to be thrown a bone. Even if it was about the most aesthetically pleasing bone a girl could imagine. But Tommy, always the successful salesman, had walked her to the edge of a stomach-tightening precipice. Almost *convinced* her that Dio wanted her in that way. Showed her what was tantamount to proof. A video of young, handsome Dio jerking his own

dick after her massage had aroused him. But was it proof? Dio was aroused—he wanted relief. Seemed very male, very natural. Men were gross. Men jerked off on your pool deck, and even ones you trusted and married would do things like record you on a hidden camera while you worked.

Men were indeed perverts—she didn't tell Tommy, but Dio's was not the first erection presented to her during a massage. Men loved sex. Those two round things that swung under their ding-dongs made them do crazy things. Like jerk off after a massage in a place where they might be discovered. Fucking Tommy. That was the part where he'd got her curious. Why *did* Dio do it where she might see him? Was it possible he was interested in a thirty-something mom with a big, soft, mom butt and swinging breasts that had fed her two boys? Dio's last girlfriend was a model. A real model who got paid and everything.

Shit, the least she could do was play around with the idea; these recent interactions with Dio had set her satisfactory sex-life with her husband on fire. Doused it in gas, napalm, fucking phosphorous and then set a big old stick of dynamite in it. If Tommy was aroused by the idea, then she would play. All these years doing massage she'd never once had the urge to touch herself afterward. Putting her hands on Dio's body made her *insides* sweat, then to discover it made her Tommy so aroused ...? Best of both worlds. But actually doing something about it? Bad idea, Tommy-boy. This man was his boss. It could affect his career, his reputation. Plus, did she really want to sleep with Dio? I mean, *really*? Come on. Fantasy was one thing, but reality had consequences. Hot as Dio was, if he was the kind of man who would sleep with an employee's wife then what kind of man was he deep inside?

AT THE AGE of twenty-five Suki Wilson was a sexy little knockout. Short, petite, stacked. And that face ...? She was perky, opinionated, funny. She attracted attention. Tommy had a lot of competition. Old Tommy *thrived* on competition. Something had to have value if you were to fight for it, and (though he played it cool) he knew she was priceless.

Sook would come in to the bar he worked at on Friday nights with her friends from college. The Fontaine was an uptown joint catering to college kids, almost halfway between Georgia State and Greenbelt C. C. Gone now,

Ravi the Armenian had a heart attack and last he saw the place was a Boston Pizza. Back then, Friday night was his highlight, best part of his week. *Maybe that little cutie would show up.* And she would. *Every week.* And he'd card her and her friends each and every time, make them go through it, being funny with them, making them laugh and showing them the muscle.

It took a lot more than showing her the muscle to get her heart though. Sook made him work.

Right now he was watching her, ten years down the road from that time, as she tried to wrangle their two boys, looking as hot to him as she did back then. The folding tables were put away, him and some of the other dads helping coaches get them in the Rec Center; coolers were back in vehicles and things were wrapping up. Sook and her clutch were gathered at a picnic table under an oak tree, and his boys were running around. Bobby had found a baseball somewhere and was looking to wing it at Tommy J as soon as he got a bead on him. Tommy J was wily, darting around and getting other kids and even adults in between them to block.

Tommy had his hands in the pockets of his shorts, an unstoppable smile on his face as he watched it all happen over Heidi Sheppard's shoulder. She'd cornered him as he loaded up Sook's X6 with all the boys' gear and the trays she brought the oranges on.

Heidi was planning a get-together, saying, "I don't know, we could do it ... say next Tuesday ...?"

Tommy said, "This Tuesday or next Tuesday?"

"Oh Tommy, ha ha," she laughed and buckled at the waist, grabbing and holding his wrist amiably. "Not *this* again." She had always been flirty with him, laughing at his jokes even when they weren't that funny, making eye contact and flipping her hair. Never once had she made an overt move, Sookie was her friend, but anything ever happened to Sook she'd be on his doorstep the next morning with a casserole to cheer him up. "*This* Tuesday, Tommy," she said, flipped her hair and licked her lips.

Heidi was attractive. Tall, probably almost five-ten—when she stood with Sook they looked comical—long, straight, mousy blonde hair, held back today with her expensive sunglasses perched above her forehead. Three years younger than Sook, she had a good figure that bounced right back after she and Joe had their second four years ago.

He ignored the warm hand still holding his wrist down below his waist, his hand still in his pocket, said, “Maybe. Don’t you see Sook and the girls at book club?” Behind her, Sukie had broke from her friends at the picnic table looking to get Bobby while Tommy J had hidden behind Heidi’s husband, Joe. Joe stood with his oldest boy still in his soccer satins, hands on his shoulders protectively, while he laughed and said something encouraging to Sook.

Heidi let his wrist go finally, said, “But it’s so much more fun when the boys are there,” and gave another laugh, flipped her hair.

He chuckled and gave her a friendly smile. Sukie had got herself between Bobby and Joe now, hand out ready to block Bobby’s throw. Joe still laughed, eyes on Sook, but now covered his boy’s face just in case. Tommy J darted away behind Sook, laughing his ass off, and she turned to try to grab at his wrist, facing Joe now. Bobby lunged, pivoted, hiked the ball back to launch it. Tommy J was too fast and squirrely, and Sook turned back to grab Bobby instead. Bobby’s focus was entirely on destroying his asshole brother and he followed through without seeing his mom stepping in the way to block. Sook had both arms against her body but her hands palms out at her waist like a goalie. Bobby smacked her in the right tit with his hand on the ball. She had them pressed together and pushed out, and the ball sunk into her soft flesh and got her chest shaking. Joe saw and raised his eyebrows, gaze shooting beams on Sook’s breasts.

Sook pried the ball out of Bobby’s hand and he wrenched away, him and Tommy J running off under the pines together. She was okay. It hurt her, but she laughed then made a comical grimace of pain, looking up at the sky and Tommy knew she was cursing him for giving her boys instead of girls. When she joked like that he’d always say *What do you want from me? You get boys when you go deep.* Joe looked like he was in love—Sukie standing right in front of him with her tight white top, her bright Madras shorts showing off her round ass, her hand clutched on her smarting breast, her fingertips sunk in a little. And her expression ...? A grimace that could easily be construed as a woman in ecstasy. It was like Joe was watching Sukie’s sex face (and it wasn’t far off). Joe’s eyes lapped it up. Unabashedly because he had no idea Tommy was watching.

He could see Joe’s mind working, figuring how he might take advantage of this gift. Maybe give Sook’s big titty a soothing honk and pass it off as a joke.

“Don’t you think?” Heidi asked him.

No idea what the fuck she was talking about, he’d zoned out. The hand in his pocket tugged at his underwear that had cinched a little as he’d grown aroused. He smiled for Heidi again, thinking this woman’s husband would give one of his testicles to stick his hairy little hot dog up inside Tommy’s beautiful wife. There was just something so *hot* about that.

THE BOYS ORDERED THE SAME: one scoop Cookie Monster, one scoop Smooth Monkey. Tommy got a scoop of Salted Caramel in a sugar cone and Sukie ran her tongue around the palest pink scoop of Strawberry Rosewater. After Bobby’s game he and Sook and a handful of their friends from the Spearhead Crew (their close group of like-minded Shearwater families) hung out at the Rec Center and had a picnic lunch while the kids played some more. Heidi even served a chilled Chardonnay decanted in a plastic Sprite bottle.

Now they were in the Wildwood Village, out behind the Creamery and sitting on a picnic bench while the boys took their cones down to the river’s edge and looked for crawfish in the shallow water. Sook and Tommy were in the shade of a sprawling oak, sitting at the picnic table closest to the brick patio edge before it sloped to the river in a grassy crescent.

From the corner of his eye he watched her absently work at the cone, her mind lost somewhere. Her pink tongue swathed at the ice cream, flattening, tugging then curling. There were other families close, so he leaned till their shoulders touched.

“Hey, Sook?”

“Uh-huh?” she said without looking, tongue still licking.

“I’m playing hooky on Tuesday.”

“Uh-huh,” she said.

“I’m not going to work. Going to stay at home.”

She nodded, eyes lowered to her pink scoop that she’d squared off with her tongue.

With a smile stifled, he watched her as she avoided making eye contact with him. “You won’t tell my boss, will you?”

No smile came, she chewed at the inside of her lower lip, eyes still down. Finally she said, “When he comes, I won’t tell him you’re home, Tommy.”

STRONG HANDS

MONDAY, AUGUST 21

TOMMY DIDN'T SEE Dio on Monday until he was heading home. Dio had missed the 9 A.M. meeting and Tommy went out to Alpharetta for the morning, then ate lunch with some guys from Hardcore Haulage, then out in the afternoon to the factory, talking to Chili and going over specs on the L3450, even tooling around in one with Chili giving instructions over the headset. When he got back to the office, it was almost six and Dio pulled into the parking lot in his Ferrari with the stereo loud, gave a beep on the horn and took the empty spot next to Tommy. Just the guy Tommy wanted to see after the afternoon email he got from him.

"What's up, Tommy boy?" Dio said, shutting the car down and stepping out.

Tommy came from around the driver's side of the company Merc and leaned his ass against the trunk, waiting for him. Dio wasn't dressed for work, wearing shorts and sneakers, and a tight T-shirt that showed off the bod. Tommy said, "Where you coming from?"

Dio flexed one arm, made the bicep bulge, said, "Hit the gym after work," then he flicked a hand at Tommy's middle, added, "Gotta look good for my masseuse—hey, you get that shit I sent you?"

It got him. A quick jab, but it punched him in the breadbasket of his psyche. *Look good for my masseuse*. That was a shot fired. "Yeah, I got it," he said. His mind was frozen on his young boss lifting weights and looking good, laying out naked for Tommy's wife. Did he think Tommy knew he was naked in front of Sukie, or did he assume Sukie kept that from her husband? Like Dio and Sook had their own little naughty secret. Dio must be looking right at Tommy right now with the knowledge that this

salesman's wife had touched his big cock. And probably wondered how long it would be before this salesman's wife had her legs open for him and he'd run her through with it. The thought was so fucking arousing, but now he was mad.

Dio said, "Well?—what did you think of it?"

"Gravel? Machines for gravel? Why you wanna send me all the way up to Brasstown for that? Send one of the other guys." Dio had e-mailed him some idea for cone-crushers and sorters for a gravel operation two hours north of the city. It would put Tommy far away from Atlanta at the exact time tomorrow that Dio would be laying his naked body out for Tommy's wife. Tommy was into the idea, liked the email when he got it and what it meant. Now with the revelation Dio was hitting the weights for his 'masseuse,' Tommy didn't want to be chumped.

Dio asked, "You don't see the potential there?"

"No. What do *you* see?" Tommy was humorless. "Gravel is dead up there, that pit they've been sitting on has been poked for eight-five years now. Old man Robinson's gonna play it out, retire in five years and leave it dry."

"His kids are hungry, they want to grow."

"So send me when they're grown. I don't want to spend five hours tomorrow on Georgia gravel." He folded his arms up and frowned, looking over Dio's head to the home-time traffic leaving the Old Fourth Ward. It was sunny, and the light winked and sparkled off windshields. He had to get home to Sook and the kids, they had baseball tonight.

Dio showed his palms, said, "Hey, big fish, excuse me." He gave a smile that made Tommy think he knew he'd got to him somehow.

"I'm cool, Dio. I go up there I'm not making the money I want is all. Send Trevor. He can handle it. And be grateful."

"Tommy, you're my guy. You get what you want. You get first choice. You want to give it to Trevor, consider it done."

"Thanks, Dio." Now he was fucking thanking Dio? Thanking him for letting him back out of a trip Dio tried to send him on for what was ninety-five percent positive a decoy trip to make sure Tommy wasn't dropping in to the house at lunch time. Or not. It was hard to be sure. The Robinson gravel proposal Dio sent wasn't *terrible*. Maybe the guy was legit and Tommy's nerves were so jangled he was seeing the bogey man in the dark and it was just a coat rack.

“No problem, Tommy,” Dio said and gave Tommy a pat on his waist as he continued on back to the office. “See you tomorrow?” he said over his shoulder.

Tommy said, “Yeah, I’ll see you tomorrow.”

Dio waved a hand and walked across the sunny asphalt in his expensive running shoes. Tommy watched him go.

Tomorrow Dio would visit Tommy’s wife and he would get naked for her. He’d told Sukie she could do whatever she wanted as long as he was there. And why wouldn’t she? Dio was a stud.

He sucked his teeth, hefted himself off the Merc’s trunk and got in the driver’s seat. Cold dread had spread over his shoulders but he wrangled it, kept it in a tight ball near his heart. He drove home in silence, kept the radio off, gritted his teeth and tried to think about little league.

TOMMY’S KNEES bounced during Bobby’s T-ball and she’d rested her hand on his leg to calm him. He wouldn’t acknowledge what was bothering him, but she didn’t have to ask. It was the same thing that had her tightened up tonight, too. Every time she’d calm his knee, he’d start up again after a few minutes, sitting next to her in the stands at the field at Shearwater Public School. His hands wrung under his chin, he chewed at the inside of his mouth, his jaw clenched and his brow furrowed so he got that pinch between his brows that ran a straight line up into his forehead. Sometimes she’d run her hand up and down his upper arm and shoulder. Tommy J was oblivious, but he might have wondered why dad wasn’t down with his fingers woven through the chain link and bantering with Bobby’s coach like he usually would. Too much on his mind tonight, Junior.

There was a lot on her mind, too. Tommy wasn’t alone. Dio would come tomorrow and Tommy would hide in the house and watch. Watch what? What was going to happen tomorrow? Nothing, right? She had to admit she was curious though. It gave her a wild feeling to have a barrier removed. Something blockaded a passage she wasn’t interested in traveling and yet, now it was gone, it would be fun to go down and see what someone thought was worth barricading.

Right now, Tommy was next to her in their bathroom, sharing the sink even though they had two. Together, yet somehow distant. Both of their minds were distant and foggy, and they'd barely said a word to each other since they put the boys down for bed. But she could feel his spirit with her.

While he brushed, she used a clean face cloth to wipe cold cream away, her hair tied back. Tommy rinsed, spat, shot his toothbrush into the enamel cup with a hollow rattle and wiped his hands on a towel behind her, his eyes watching her in the mirror, but somehow not seeing her, not connecting with her. She smiled, and he gave her a small, lopsided one back.

HE WAITED for her in bed and she came out with her cocoa butter and put it on the nightstand, stood by the side of the bed and used the pump top to squirt a creamy dollop in her palm. While she ran a hand up and down one deeply tanned arm her eyes watched him.

She asked him, "You don't have paperwork?"

He propped his head up on a hand and watched her. He shook his head no.

"You're not reading the news?"

"I'm tired," he said. Now she squirted cocoa butter in the opposite hand and started on the other arm. She wore light cotton shorts for sleeping, and a loose T-shirt. She hid the curves but he could see her breasts swaying behind the fabric as her hand rubbed lotion into her skin. He said, "You going to read?"

She ran her hands over her hair, gathered it behind her head and held it, paused like she was thinking, eyes turned down to her worn paperback with her glasses atop. "I'm tired, too," she said, untied her hair and let it down, sat herself on the bed with her back facing him.

There was a lot to talk about, a lot to address but for some reason, as excited as he had been, he didn't want to broach it. It had to be done, they couldn't enter tomorrow without a rekindling of the idea. He didn't want this to fizzle, but hearing Dio say complimentary things about Sook's appearance while he was a massage client of hers got his heart racing. It was another man saying to her husband I like your wife's hands on me. Yes, his heart raced in a good way, and yet there was a certain *danger* he didn't

like. Or maybe he did. This spinning lust inside him was still zipping away, but something had changed; maybe it wobbled on its axis or perhaps it ran itself in the opposite direction now. It looked the same, but it *wasn't* the same.

Sook leaned to the lamp, pulled the chain and put the room dark. She bounced around in her spot, got comfortable but kept her back to him. Once she was settled, she scooted herself closer until her back touched him.

"Night, Tommy," she whispered.

"Night?" he said.

"We're tired," she said.

He grunted a quiet acknowledgement. "Big day tomorrow," he said.

Sook bristled, hesitated a moment, agreed: "Big day."

He gave her a breathy snort. What an understatement. Now his hand found her hip, and he stroked up her side, his hand slipping under her T-shirt and finding her hot, smooth skin.

"Your tummy's hot as an oven," he said, his hand finding the curve of her just below her navel, his little finger pushing on the soft, cotton waistband of her shorts. Another man would be inside her tomorrow, just under where his hand rested. The idea brought an immediate swelling to him, his stomach hardening, his cock lifting against his own pajama shorts. He snuggled closer and let it press against the softness of her rump. "You're going to bake your butterflies."

Sook's hand came down and rested over his, stopped it from slipping under her pants. "Butterflies like it hot," she said.

His lips went to her neck, and he kissed her there, tugged on her earlobe. He said in a low voice, "Your tummy filled with those butterflies?"

"Yeah," she whispered, and now he felt her body squirm a little, but her hand still prevented him from touching between her legs.

"Mine, too," he said, his hand slipping around, fingers still under Sook's waistband, coming around to her rump and pushed her pants down from the back. Her thighs pressed together tightly, and he bared her ass but couldn't push them further. He gave her a light spank under the sheets, his bare hand slapping her round ass cheek then smoothing before spanking again. When his hand slid to her hot core, he found his wife wet. He pressed his erection against her seam now, showed her his own arousal, his finger tugging at the shorts to open the fly and let his cock free. Sukie writhed against him, but then abruptly turned herself away, rolling to her stomach.

As she lay face down next to him, he rubbed the small of her back. Her head was turned on the pillow and he could see a glint in her eye, showing she watched him.

“You don’t want to?” he whispered.

She inhaled, held it, exhaled. After a moment, she rolled to face him, shifted to get right close and kissed his lips. Close to his ear, she whispered, “If we make love tonight there’s no way I’ll do anything tomorrow.” His own butterflies set themselves in capricious, flickering droves, and he had to clench his thighs to brace himself to the torque that just twisted at his core. It was possible Sook would do something with Dio tomorrow—his wife wanted her arousal present, wanted to be horny, didn’t want a night of fucking to dampen her curiosity. The thought was wild, and he exhaled in three chugs, his body shaking.

He groaned, “I give it to you too good.”

“You satisfy me, Tommy,” she said and now she cupped a palm to his cheek and tried to look in his eyes but it was dark. “Like no other man.”

He licked his lips, eyes darting to find her but unable; his breaths began to drag, get heavy and lusty. His mind reeled, looking to figure her out right now. Her lips found his again, and they kissed like they were dating. His hands came to her neck and held her while their mouths worked over each other, her slippery little tongue darting around his.

He bucked when he felt her hand stroke down his side. It was her turn to slip his pants down and he groaned into her kiss at the eminent feel of her hand on his throbbing cock. When she turned, stretching an arm behind her to the nightstand, he quickly shoved them down and kicked them off to the bottom of the bed somewhere. When Sook’s hand returned, he expected to feel her slippery cocoa butter grip on his shaft but instead her dry hand gripped his balls and made him grunt.

“Mm, careful,” he said. Now her other hand worked down between his legs, her two hands doing something to his balls. He heard an elastic sound, felt a tight cinching. She’d tied them off with her hair tie. “What are you doing?” he groaned.

“I want your skin nice and tight,” she whispered, “when I jerk you off.”

He chuckled with an eager sound, said, “You’re not going to suck it for me?”

She kissed his chin, said, “I want to kiss you, Tommy. I want my lips on your lips when you come.”

“Jesus, Sook,” he sighed. Sook was dirty tonight. Sometimes when she got horny, she could get a little freaky, and it turned him on like nothing else. Those glimpses of horny Sukie were rarer these days, and they were to be cherished. She could be lured by dirty talk now, so he said, “You won’t have to tie up his young balls.”

She laughed softly, whispered, “No, I wouldn’t.”

He waited, but she said no more, though he sensed her mouth working, heard the wet sounds of her lips against her teeth. He said, “Play with me, Sook. Talk to me.” He waited, worried she would disengage, become professional Sukie again.

After a long moment where she said nothing and didn’t touch him, from the dark her quiet little voice whispered, “He’s got big balls, Tommy.”

He groaned, flexed his stomach, said firmly, “So do I.”

“Yeah, but his are young and *plump* ...”

Now it was his turn to be silent. His heart pounded in his ears, the dirty words from his wife’s mouth challenging him at his basest, most male level. Provoking him. He said, “Are you smiling?”

She gave a soft giggle. “Yeah.”

“Keep going.”

The pads of her fingers spanked his bunched up scrotum and it made him flinch. She ran a smoothing circle now and said, “You want me to play with his balls tomorrow?”

“Yeah. Say his name.”

“No.”

“Say it, Sook.”

She hesitated, but said, “You want me to play with ... *Dio’s* big, young balls, Tommy?”

“I want to watch you be bad,” he said.

Her hands went away from his bunched up testicles and she wrestled her shirt off, pulled it over her head then lay it flat on the bed between them. When she went to her back and reached to the night table to squirt cocoa butter in her hand, he saw her nipple hard and erect, casting a long, dark blue shadow over her breast in the moonlight from the window.

She turned to face him again, kissed his neck and jaw. She whispered, “He’s ten years younger than me, Tommy, I—”

“He wants you,” he told her.

“Did he say that to you?”

“I’d have to knock him out if he did, it’s a rule, but he *wants* you. Trust me.” *Have to look good for my masseuse.*

The kissing on his chin slowed as she thought about it. Then her warm slippery hands found his erection, and he sighed a long moan. She gripped him with both hands, and her grip was soft at first but soon she had it tight, her top hand swirling a little over his cock head it felt like.

“What do you want him to do to me, Tommy?”

“It’s you I want to see, Sook,” he grunted. “I want to see you when he takes you. I want to see what you look like.”

“Why?” she softly chuckled.

“Because I love you. I like to watch you. I watch you sometimes when you’re not looking.”

“You bad boy,” she sighed as her hands stroked.

“I want to see your passion, the way you, mm, act w-with another man who does it different ...”

“Better?”

“Fuck that, Sook,” he groaned.

“He’s bigger,” she whispered, and he felt like he was being tested.

“He sure is,” he said. “Just a big dick, some girls wouldn’t even care,” he said, mimicking her words the other day.

“I love your big, eight-inch cock, Tommy.”

“Hm-hmm, you size queen. How you know it’s eight inches?”

“I’m guessing, but I’m pretty good with numbers.”

“You like big cocks?”

She whispered, “I don’t like small ones, Tommy. I always loved your cock. *Loved* it.” Now her hand did little magical blips that put actual stars in his vision. He made a funny crying sound then bit down on it.

“He’s a lot more than a huge cock, Tommy. You know that.”

“I, mm, do.”

“I don’t want to end up on Dateline.”

He said, “Think I’ll have s-second thoughts. Get jealous later?”

“That huge cock he has is only *one* part of him I find attractive.”

“You find him attractive?”

“You know he’s attractive. He’s got everything a girl wants.”

“You’re a *woman*. And I’ve got, hoo, *everything* a woman wants.”

“You do. Dio’s got more—you’re going to be okay with that?”

He gave her his most confident chuckle while her hand still teased him with a tight grip and slow swirling. "You deserve the best Sook. I don't want to watch you with Joe Sheppard. You're top level, I want to watch you with top level."

"Oh, shoot, Tommy," she laughed in a soft gasp. "I *like* that."

"You do?" he said, and as his eyes focused on her face, seeing in the dim that her mouth hung open as she began a fast stroke on his cock that almost folded him in half. He grunted, contracted his stomach muscles to prevent him from head-butting his beautiful wife.

Sook scurried herself closer till her knees touched his thighs and her two hands pumped the slick coca butter up and down him with purpose. "Tell me that again," she whispered into his neck, his hot little wife giving away her kink, the thing she wanted from this if it happened.

The magic stroke her hands worked on his cock had his breath coming fast now, but he said, "He'd be, ah, lucky to fuck you. I know it, mm, and he goddamn knows it, too."

"Yeah?"

His hand worked around her neck, the other flattened on her chest. Her breasts were pushed forward by her arms and he found her nipples hard, eager, and so erect. He said, "He doesn't, mm, come out and say it, Sook, he's-s afraid to but he says your hot."

"No, he doesn't, Tommy, no way."

"He does, Sook, he does, he knows you're top level, you two are the same."

"You're crazy, Tommy, crazy," she hissed, and her hand jerked him furiously, making loud slick sounds between them. His cock ached and throbbed in her grip, desperate to release the contents of his tied up balls.

"You two would look so fucking sexy together, Sukie, Dio knows it, he wants to put his hands all over your beautiful body, wants to put his cock in you, you can picture it, you gotta know, you—"

"Oh God, Tommy," she squeaked, "no more, ah, no more talk, just kiss me, make out with me." Then her lips were over his jaw, kissing his chin, finding his mouth. She panted into their kissing, her two hands working fast up and down his cock. She squirmed against him while she did, and he knew she was rubbing her thighs together. Maybe she pictured her lips on Dio's right now, her hands on Dio's cock. Maybe she pictured that thing in

her grip was Dio's cock and her hands were her tight insides milking on his huge size.

Now he was panting into her kiss, too, both of them sloppy, mouths clumsy, both their hips humping; Tommy's sexual core suddenly tightened, and he squirted watery semen between them. Sukie felt it splash her, and she moaned with lustful delight, saying, "Oh yeah, Tommy, mm, come, that's it, come for me."

One hand made squeezing circles on his glans, the other grabbed his aching balls and tightened on them like she juiced him. The thick semen came now in hard spurts and she blocked it with her body, let it rope over her skin and dribble onto the shirt she'd laid out to protect the bedding.

She sighed, "God, that's it, Tommy, oh yes, come for me ..."

When it kept coming, she snorted a dry exhalatory laugh through her nostrils, chuckled. "Wow, Tommy, this really works for you, you like it, huh?"

"Oh fuck, Sook," he sighed, eyes pinched shut, grunting and coughing with his face half-turned into the pillow.

"Maybe I actually believe you're serious," she whispered, as her hand milked the end of his cock and he felt the tickle of his remaining spurts.

They both lay still, Sukie's hands still holding his cock and balls but not moving now. The sound of his heart thundered in his ears and his breaths came quick and hard. He could hear Sukie breathing heavy, too. After a long while, he said, "I am serious."

Sukie didn't respond, but her grip came away from his cock, leaving it wet and cold. The shirt between them was bundled into a ball and she began to clean her hands with it. She pushed on his hip and he rolled for her. She took his cock and squeezed it out into the shirt, then dried him.

"Please, Sook. Untie my balls."

She gave a quiet laugh, said, "Do they hurt?"

"It's pinching," he said.

Her hands fumbled around his testicles, and she said, "You better do it."

"Turn on the light," he said.

She shuffled to the edge of the bed and switched the light on. His balls sat up in a big bunch over his slick but deflating cock laying up on his belly. They were dark raspberry red. They both laughed.

"Sorry, Tommy," she giggled.

As he tried to work out her tight hair tie from the sore skin of his scrotum, he said, "I love it when you get dirty, Sook. Fucking love it."

With another light laugh, she rose up and padded to the bathroom with the bundled shirt. As he got the hair tie off and tossed it to her night stand, he watched her in their bathroom, walking around without a top on. She tossed his shirt toward the laundry hamper, inspected the mess still left on her hands, then disappeared and he heard the faucet running, water in the sink, and the pump of the liquid soap. When she came out again, shutting off the light, she wore a new, clean T-shirt and held a towel. She sat next to him.

He lay on his back with his hands behind his head as he watched her dark shape drying his genitals and rubbing his stomach with the towel. He said, "Dio would shit his Armani underwear seeing that beautiful bod walking around in only panties like I just did."

She looked downward like she was bashful, but she smiled. "Thank you, Tommy." She tossed the towel away and swung around, sitting on the side of the bed with her feet over the floor and her back to him.

He said, "You testing me? ... All that talk about his dick and you think he's attractive ..."

Her shoulders moved up and down in the moonlight, rising and falling with her deep breath. She said, "You want to see me have sex with a guy who could be a movie star, and he has the hugest dick a man could have." She was silent a moment, then she peeped him over her shoulder, gaging his reaction.

"I know," he said, and he put his hand on her back, rubbed a circle and massaged her with his thumb.

"I still think you're crazy. Or joking."

"I'm not."

She said, "I can't sleep with another man, Tommy."

He let his hand rest on her back and liked the feel of her warm body under it. "You can play with his dick or something. Whatever you want."

She said, "I want to do that. I want more, too. But you just don't get it."

"I get it."

She sighed like she was exasperated, her way of saying No, you *don't* get it. She lay down in her spot with her head on the pillow and worked back till they snuggled in a spoon. She said, "Just hold me, will you? And go to sleep."

With his arm around her waist and her hand over top of his, he kissed behind her ear and said no more. It was hard to get to sleep. Despite Sook's noble words, she'd denied him sex tonight because she wanted to make sure she was horny tomorrow when Dio was here. Maybe her proud words of fidelity weren't as sure as she thought. Maybe she said them because she wanted them to be truer than she feared they weren't. There was a chance she would sleep with Dio while he watched, and tomorrow would tell ...

GREEK GOD

TUESDAY, AUGUST 22

DIO SHOWED up for his lunchtime appointment and this time Tommy felt cool and collected. It wouldn't last, his heart raced when he heard the Ferrari pull up, but at least this time he wasn't worried that Sukie would catch him. This time she knew he was in the house, knew her husband watched her.

Sukie met Dio at the front door while Tommy hid in the kitchen pantry. He listened, heard their greeting, heard Dio say, "How's Tommy? He called in sick ...?"

Sukie said, "You didn't hear? Yeah, Tommy is okay ... it's his sister-in-law in the city. Brenda threw her back out and Tommy's brother is in Korea on business, so Tommy went to the hospital to see if she was all right, then he's going to go pick up Tommy's sister's kids, his niece and nephew, they were staying with Brenda, take them to camp. It's a whole thing. He's going to take them to camp then he said he's gotta hustle to make it to Alabama, said he was going to the DoD or something. Go, go, go ... But anyway, Brenda's going to be okay, she'll be out of the hospital in a few hours."

"Shit," Dio said, "that's terrible. What happened to her?"

Their footsteps were coming down the hall, Sukie's flip-flop sound punctuated with the clop of Dio's expensive Ferragamo's. The voices got louder and Sukie said, "Brenda was grocery shopping yesterday. Slipped on a wet patch of tile ..." Then Sukie must have mimed the action of falling because Dio laughed. Their talking expanded with a louder echo as they emerged into the cathedral-ceiling family room that looked out onto the pool. "Woke up this morning, couldn't move."

Dio said, “Cha-ching.” Sukie laughed as the French door opened, and Dio said speculatively, “She’s going to be okay though, right?”

Sukie said, “She’s going to be fine, don’t worry, it was funny. Brenda has a good sense of humor, too ...” Then the French door closed and Dio and Sukie were outside.

Tommy cautiously emerged from the pantry, easing the door open, wary of making the hinge squeak. Through the kitchen window, he saw that they were both outside and were oblivious to him in the kitchen so he made his way next to the ficus plant.

An hour ago, he and Sook moved the ficus aside, working as a team. Almost like they were doing something mundane, a married couple preparing for a new couch delivery. Sukie had taken one side of the planter and him the other, and they heaved it away so Tommy would have more room to spy on her while she massaged his boss. Sukie had even wound the crank for the window; scissored it wide open without being asked, almost as if she wanted him to see better and to hear the things that would be said. She also had, however, told him bluntly, once again, that she decided she couldn’t do it and, despite what he might think, nothing would happen today.

DIO CHECKED HIS FANCY WATCH, said, “Shoot, we should get started.”

Sukie shook her head ... they’d been making small talk about Lord knows what and she’d disappeared inside her own mind.

“Uh, yeah, Dio, yeah,” she said, easing off the massage table where she’d been leaning. She wore a long T-shirt, a flattering bra, and a pair of short-shorts. Her arms were folded across herself, and as she moved them away, she felt the cold of the air touch her chest and knew she’d probably left a see-through sweat bar across her tits. Too afraid to look, she gestured and smiled to the cabana for Dio. He flashed one of those white smiles, then turned and went into the cabana, closing the door behind him.

He looked good today, like every day. Dark suit, expensive, collared shirt and tie. He smelled good, and even in his absence she was left with

Dio redolence; some concoction of leather and lemons and something spicy underneath. Jesus, fuck, Sukie.

She turned now and looked at the kitchen window. Saw the shape of the man she loved watching her. The man who had made her take her shorts off before Dio got here and then put them back on again, this time with the panties she'd been wearing torn away in his fist. She tugged at a short leg, so worried that her little lady-cake could be glimpsed. What if Dio took a look up that loose short leg and he got a look at that piece of her that she had shaved for him in the tub last night? Gross or hot? Sexy Sukie seemed like a thing of the past, lost to those college days, but these last weeks had pumped her full of *something*—but she was fixing to burst, and she was worried that one little prick would pop her and she would be destroyed. If she tried something and was rejected ... *fuck, Tommy*.

She shook her head at Tommy, frowned. He shrugged. She shrugged back like she was mad at him.

Now he was saying something but she couldn't hear. She moved away from the cabana window in case Dio could see her. She mouthed, What?

He said something again, but it was a whisper and it got lost in the breeze. She inched closer, folded her arms over her chest again, said, *What?*

"I love you," he said, his voice a low whisper across the hot sunny air.

"I love you, t—"

She jumped as she heard the cabana door, turned to see Dio emerge. He was naked and gorgeous. Tanned and muscular, hairy in the most attractive way a man could be. He glowed with Mediterranean masculinity. The towel today was not wrapped around his waist. It was clutched below his navel, hanging straight down, but one dangling testicle was clearly visible. He was growing very comfortable around here. Why not? His masseuse had seen it. Why hide it? He was probably pretty proud of it. She'd even touched it. *Just to move it.*

Oh, and that day he and Tommy came home from golf. She'd touched it that day, too. What the fuck was that? Honestly, it was to see if it was real. She wasn't even thinking. Saw it between his legs and thought, What is Dio laying on? and she put her fingers out—simultaneously acknowledged the thought, *That can't be his penis, can it?* And she touched it anyway. And it *was* his penis. And Dio just about jumped off the table. Smooth, Sukie. Sukie the seductress. *Well, it did get you a new client, Sook.*

“Hey, there he is,” she said, wringing her hands to ease away some of the tension that seized her voice. “Hop right on up, Dio, we can get started. Anything bugging you? Something you want me to address?”

“No, just the usual, Sukie. I don’t seem to get tight, or tweak anything at the gym since I’ve been coming here ... like it’s all loosened up inside me, you know? Like I’m injury-proof. That make sense?” he turned his back to her, let her see his unbelievable bare ass, threw his towel across the massage bed where his hips would lay.

“That makes sense, Dio,” she said, coming up behind him. “Only I wouldn’t say injury-proof, if I were you I—”

He turned to address her, like he’d remembered something. Turned and leaned his butt on the table, hands lazy on his hips. Stark naked, his penis and balls heaped in his lap. She looked, looked away, remembered Tommy was here, then looked back down again.

Dio said, “You know, I was thinking, why don’t you come to Africa next month?”

“Africa?” she said, eyes moving up from his huge penis to his eyes.

“Yeah? You ever been?”

“No ...”

“Company will pay, Sukie. We stay five-star, it’s going to be great. Maybe we could take a safari ...”

“That would be nice,” she said on auto-pilot.

He said, “You know, since I’ve been coming here, the *work* you do ...? I can’t be without you.”

TOMMY WATCHED Dio talking to his wife with no clothes on and it got him stirring between his legs. He licked his lips as his belly fluttered, and he leaned himself as close to the window as he could, putting his elbows on the sill. He could hear them, hear the topic of their conversation. Dio inviting Sukie to come to Africa with them next month. What did *that* mean? Showing off? Hey, my company will pay for you because that’s how rich and powerful I am. Well, she already knew you were rich, Dio, and it wasn’t your money that had intrigued her. It was everything all at once, wasn’t it? The body, the tan, the smile, the money, the power, Africa,

revealing that thing between his legs. Dio had it all, and maybe that was what was so exciting to Tommy. This wasn't just about watching his wife with another man, it was about her being consumed. Consumed by passion—passion that she deserved. Being overwhelmed by, and enjoying, the power of another man. There was no one else out there good enough for Sukie. That was Dio's appeal. He was a gift to his beloved wife. Sukie, bless her heart, deserved an afternoon of passion with a man like Dio.

Sukie had her arms crossed, each hand rubbing the opposite elbow in subdued nervousness. She batted her eyes at Dio and tried to maintain his gaze, but he could see she was distracted. He caught her eyes wandering, and the lower they travelled the more excited it made Tommy. Sukie was a sexy woman, and seeing her pinpoint on a man the things that she wanted put his pedal to the floor and revved his engine louder than his Z51 performance package.

Rubber squealed in his heart suddenly as Sukie leaned in for a kiss. His toes squeezed inside his sneakers, grabbed for the insoles, his anus almost swallowed his fucking underwear. Heart stopped altogether. Eyes went wide. An audible gulp hitched in his neck. Sook went on her toes, leaned to naked Dio, Dio's head dipped to accept her kiss ...

... Only she patted the massage bed, said, "Let's not talk the day away, Dio, let me get at those muscles."

Hadn't leaned in for a kiss at all. Now his pulse pounded like roaring waves in his eardrums and his fingertips tingled.

"Oh Jesus, Sook," Tommy breathed. He clutched his heart, eyes steady on the woman he loved. That sealed it—that was an honest little jolt in time, and he didn't hate it. Didn't hate to see what he swore was a kiss coming. Nope. It had the opposite effect. He was committed to watching her. Jealousy had struck through him, but boy did it make him alive.

Dio turned, put a knee up on the bed, that heavy package he sported swinging back and forth as he heaved himself up with grace, got on all fours and settled himself facedown on her bed.

Sukie looked up to the window, watching Tommy. Her eyebrows raised high, and he swore there was a tinge of excitement on his wife's face. She presented him a look of horror and worry, but he'd known her a long time. She *was* excited. Showing him horror was just good manners. A lady didn't ogle men in front of their husbands, even when the husbands wanted them to.

There it was; her smile. That drawn expression was pulled away by a devious smile that, the broader it got, the more it pleased her that her husband saw it. With Dio facedown now, she mouthed to Tommy like she was screaming, Holy shit! Then she covered her mouth as if to stifle a giggle.

“You go, girl,” Tommy whispered toward her, more in love with her than ever. She went around the table, walking by his feet, headed to her cart that held the bowl and the stereo and her assorted oils. As she passed, Sukie’s eyes lingered between Dio’s legs. His wife was getting a good look at his boss’s bare ass, and the equipment he hid between his legs. How had Tommy not known this about Dio? They’d been to the gym together one time and changed a few times at the golf club ... he guessed he’d just never peeked.

Sukie prepared for her massage, dipping her hands in oil from a low ceramic bowl on her portable table top.

She said, “Tell me more about Africa.”

“You’ll go?”

She giggled, drizzled oil from her fingertips all up and down his back, said, “I don’t know,” in a childish, flirtatious tone that plucked at Tommy’s heart strings. He remembered that tone from back in the day. Back when his relationship with her wasn’t a cemented thing. Back when he worried about pleasing her, about being the best man in her life. She dated a few guys at the same time she was dating him and he worked like a motherfucker to be her top dog. In those days, when he conjured this light and flirty tone from her, he knew he was winning.

“Come on to Africa, Sook.”

Hearing him call her Sook got him a little. *You can fuck her, but don’t get familiar.*

She ran her hands on him, her glistening digits rippling his muscle in long deep strokes. “It sounds romantic,” she said, then made a grimace to Tommy and shrugged and laughed silently. His Sukie didn’t know what to say.

Tommy whispered, “You’re doing good, kid.”

Dio moaned at Sook’s touch, said, “It is. African sunsets have to be about the most beautiful thing you’ll ever see.”

JUST DO IT

WHY HADN'T he mentioned Tommy? Bringing her to Africa was some sweet-talking, but why wouldn't he acknowledge that her husband would also be there? Dio kept his enticement on the razor's edge of innocent and salacious. She kept him talking, trying to get him to commit one way or another ... *Tell me you want me, or recognize I'm married. Do one of those so I know what's really happening here.*

Conversation drifted, and her hands swept his beautiful body for longer than she should. She was putting off the inevitable. Soon he would turn and he would be aroused. And Tommy would be watching. Wanting her, almost needing her, to make a move. But what if this *was* a misunderstanding? What if she touched Dio ... *sexually* ... and he sat up and took her wrist, stopped her? What if he said, "Oh Sukie, I think you have the wrong idea. I'm sorry, I fuck beautiful models from Peru, not housewife moms in Atlanta. Did I lead you on, honey?" Then he'd laugh with his buddies how Tommy's wife wanted to fuck him. *Poor old Tommy. What a joke.*

Pain bothered her, broke her train of thought, and she found herself chewing her lip while she massaged. She'd made her lip swell.

She worked lower, down to his rump. The other day she'd boldly touched it, now here she was with license to do whatever dirty thing she liked and she was scared shitless. Between his legs was that thing that had jumpstarted her obsessive thought for Tommy's boss. Always thought he was drop-dead-gorgeous but somehow that had just made her mildly admire him. Somehow having his sexual equipment revealed to her had eroticized him. Next day, she'd texted her sister, Suzie, Cheryl, Amber, and Beth from yoga: *saw Tommy's boss naked*. When they responded with various funny

emojis, she let them know: *dick down to his knees*. Not literally, but you had to *sell* a story as Tommy always told her.

He rolled over suddenly on his own, without her instruction, surprising her. Maybe he did want her to touch him ... *that way*. Sure he did, Sook. Dirty man just wants a *handy* from his masseuse, just like you told Tommy. That's why he jerks off when you leave him alone. He's not hot for you, he's just been left ... shit, he was a dissatisfied customer; she left him *unsatisfied*. God, he better not leave a bad Yelp.

She laughed nervously to herself, about to freak out of her mind. Ran her wrist over her mouth and lips, felt them sweaty. Dio's eyes fluttered, he tilted his head forward, squinting those beautiful black eyes at her. Yes, she was standing and not massaging, just looking at his body.

She grunted, dipped her hands in oil and dragged them up and down his thigh, drizzling it on his skin, getting back to work. His cock today had not flopped back on his hip. Today it had pointed down between his legs, laying over his balls and touching the towel he lay on. She wouldn't have to move it.

Her hands worked the oil in now, digging his tissue from his knee all the way to his hip. Deep stroking, four fingers, one finger, two ... shaping the tendons and muscle under his skin, easing out any tension they held. His cock stirred. She watched.

His flaccid penis was an enormous thing. The biggest one she had ever seen. Long and thick, foreskin in rosy ruffled folds at the tip. His cock bulged from his body at the base, then folded, draping over his big balls. Only now it had shifted, swelled slightly and was touching the inside of his thigh. It spurred her. She was doing this to him. Her touch was affecting him. Maybe he thought of her that way. Maybe she aroused him. Maybe he did want to ... make love ... to her. She dug deeper, her hands slipping up and down, working his muscles, dividing them, moving erratically as tension sizzled through her.

Up and down she went, her eyes lingering on his penis as it gradually grew shiny from him his sweat and from rolling around on the inside of his thigh. It squirmed under its brown skin, lengthening, arching. The top of it began to slip up to rest on his thigh near where her hands stroked, bobbing with his heartbeat. Her own heart clutched when the edge of her palm grazed along it. It slowed her movement, and she chewed her lip again then pushed them out before she made them swell larger.

Her eyes trembled on their target, her heart pounding, somehow Tommy's voice screaming in her head—*Do it!*

She watched her glistening hand as it picked his penis off his leg and held it. Why was she so frightened this time? She'd held it before. Yeah, but just to move it, Sook. And twenty percent to cop a feel admittedly. Yeah, she wanted to cop a feel.

This time she held it. Felt its weight, let her hand experience the life that pulsed through it. Her eyes glanced up nervously to Dio, saw he still kept his eyes closed; her fingers stroked his length once then a regretful green wave rose up in her, bringing heat and nausea and fear.

She took his stiffening penis and guided it up so it lay on his belly. Relief flooded her. Still, her fingertips lingered, stroking slowly down the underside of his shaft, then lifting off as they slipped over his scrotum.

TOMMY WATCHED SUKIE, shy as she could be, as she took Dio's big tool and lay it straight up on his belly, and let her hands linger and slide in oil down between his legs. Then she resumed her massaging, going back to professional Sokie, all business, digging her thumbs into his muscle and running them over his bulging shapes. But Dio continued to grow. His penis turning inside out, bulging glans stretching out that foreskin as he grew longer and longer, the shining tip of him slipping along his own belly, up past his navel.

This time Sokie watched; she ogled. Her businesslike manner falling away, fraying. Her eyes lingered, her hand stroked closer and closer, and Tommy's heart thundered in his ears.

"Oh Sokie," he whispered. *She was going to do it. She was so close.*

She smiled, her eyes darted up to Tommy's then down to Dio's face. Tommy was at full attention.

She licked her lips, smiled wide, paused, nibbled suddenly on the corner of her lip with her canines, smiled even wider. Then she cleared her throat. She said, "You are certainly aroused today."

Those words would be forever cemented in his mind—a switch had been flipped. All the tension that had built between them just had a light

shone on it. They were both going to recognize what was happening, the two of them talking about his erection, acknowledging it.

Dio tilted his head up to regard her. He said, “Oh, is that okay? ... It’s happened before and you’ve never said anything ...”

“I know,” she said, Tommy’s heart sinking hearing the timidity return to his wife’s voice, losing her nerve. Dio lay with his rump on the towel she had given him, and his hand took a corner and pulled it so it would drape over his erection. His tremendous size humped out the white terry fabric. He said, “Sorry, Sukie, it just happens. I’m not going to be able to stop it, coming to see you.”

Sukie’s shining hand came up to her face, bent, and she ran her wrist over her forehead. Her back was hunched like she carried a tremendous weight. She bit her lip again, and said, “You don’t have to cover it,” and she took the corner of the towel, peeled it back to reveal him again.

THIS WAS IT. She was doing it. Her hands shook and trembled; she could feel her heart beating in her throat and in her teeth, her eyes went blurry from its thumping. She *would* touch him. Whether Dio wanted more than that she didn’t know, but she knew that it would be okay if she put her hand on his erection.

Now that she had decided to do it, excitement raced through her hands that went up and down his belly—from the insides of his thighs, then back up again—and each time she got a little bit closer until now the insides of her wrists stroked up on either side of his hardness.

He was so long, so big. Not just tremendously sized, his penis had a striking aesthetic quality. It was unblemished, thick-skinned, smooth surfaced, pleasingly proportioned. He was dark brown right to where that uncircumcised end of him rolled back, and his rosy brown glans popped above. It was large and bulbous, and something about its shape excited her. Never before had she been so excited about the sight of a man’s penis. She *loved* Tommy’s but ...

Her hands went down his groin, to his thighs, and came back up—this time she squeezed his cock between her wrists, her hands forming a V

underneath it, his cock lifting up, the head coming off his belly, the weight of it resting between her pressed forearms.

She ran her hands up the muscles of his stomach and felt the heat of his cock on her skin. Her eyes began to flutter. She felt weak in the knees. This was the most ludicrous thing she had ever done. The fact that Tommy watched her drove her crazy with passion.

She stroked down once more, and this time when her hands came up his thighs she trapped his scrotum between the mashed V's of her thumb and forefinger and let his heavy balls hang down onto her wrist while her thumbs stroked the sides of his cock. Dio stirred, shifted in the sheets on the bed. While his eyes stayed closed, she saw that his chest began to rise more quickly with his breathing. Something was changing between them, something building—something slick and lubricious, and they were both exploring its shape; her with her hands and him with a gentle thrusting of his hips that showed her he liked what she was doing. His acceptance of her hands brought out a sudden sweat in her interior. This was *so* crazy.

Dio's mouth moved around, but he didn't say anything. His well-groomed fingers twitched on the white fabric of the massage bed cover. She eased both hands upward, pushing until his balls stretched a third of the way up his shaft and then released them, let them sag back down, and her thumbs crossed over on either side of his corpus spongiosum. They swirled tight circles, each one in an alternating pattern, spiraling up his length. The long columns of spongy tissue that ran along either side turned to steel under her thumbs as they worked higher and higher in swooping patterns. Her fingers cradled the top side of his cock, woven together to support it while her thumbs stroked higher. The higher she went the more Dio's hips pressed forward and the harder his penis became. She kept her nails clipped short and unpolished, and they glistened with the fragrant oil she had chosen for him. They were small and delicate compared to the large size of his manhood, and she liked the look of her skin against his.

The next worrying step was to wrap her fingers around it, to put it in her grip. That was bold. What she did now could still be sloughed off as part of a massage. *Oh, running my thumbs in circles on the underside of your penis? Yeah, that's tantric, baby—a lingam massage, you never heard of it?* While she was making overt moves here, she still hadn't done something that could be explained away.

A tremble worked into her knees as she prepared to cross another line. Her eyes went from his glistening tool, up his beautiful hairy body, over his handsome face, his eyes still closed, then beyond to the house, and the kitchen window laying in the shade of the terra cotta eaves. A figure stood there, watching, *wanting* ... she smiled for him, feeling that smile pull nervously rather than with genuine humor. It must have appeared as a grimace.

She supposed that was a true reflection of her emotions right now; she was showing Tommy her truth. Maybe she'd fantasized about this moment, done it with a shower head splashing pleasure against her excited girl bits, while, unknowingly, her husband watched her. But this was real life now, and gosh was real life scary.

Eyes back on his perfect cock again, the belly-stroking resumed. God, he had a good body. His stomach was hard under a thin layer of flesh. It rippled at her touch, and her fingers measured every muscular ridge that lurked under his deeply tanned skin.

Fuck it.

She took his cock in her right hand and held it straight up so it pointed to the puffy white clouds that dotted the brilliant blue sky above them. Her grip went up and down in a slow and sensual stroking motion. His cock was huge, maybe four times her grip—a whole hand length longer than Tommy, and thicker, too—and it was like iron. His girth so large that even below the glans her fingers wouldn't meet her thumb. God, and she thought Tommy had a nice one.

Her left hand pressed down on his belly and her right hand continued its gentle stroking. It was on now. This was no massage anymore.

TOMMY EXHALED until he was empty. This was a massive thing. This was the kind of thing that ended marriages, got people killed ... yet here he was encouraging it, watching it, enjoying it. Wanting more.

There was a coppery taste of jealousy in his mouth, but he rinsed it away, his eyes never leaving the erotic spectacle playing out in the brilliant sunshine on his pool deck. Sukie was incredible. Couldn't love her more right now. It was his love for her that made this so exciting. She held right

now in her hands his boss's cock. His boss was young, fit, and handsome. Rich, charming, and *unbelievably* hung. Sukie's hand was tiny on it. Her tanned fingers, bright with oil, slipping up and down his massive size. The more she eyed the thing she held, the more excited he became. He *wanted* her to want this; this was natural and exciting, and Sukie deserved this in her life. Tommy was no bad shakes himself, but he was no Dio.

Now she put both hands on it; her two fists moving in unison, running from base to cock head. Slowly, sedately, seductively. And Dio? Dio lay there and let his best salesman's wife do it to him. This fucking guy.

Tommy's focus shifted for a moment and now he *didn't* like it. All he'd been thinking about was his beloved Sukie and what she got out of this. What *he* got out of this. Now suddenly he was considering the ethical black hole of his fucking boss. That he *didn't* like. Laying there and letting his friend's wife jerk him off. Didn't he have a moral obligation to sit up and say, *Hey, that's sweet, Sukie, but we probably shouldn't*. Right? It wasn't like he'd discussed this with Dio beforehand the way he had with Sukie. Let Dio know he was okay with it and kind of wanted it.

"Hmn," he grunted, his brow lowering as he regarded now the thick-haired top of Dio's head.

He wanted Sukie to fuck Dio, but how would he feel about Dio afterward?

JET FUEL

IT FELT AMAZING. Felt like she was eighteen again. Exploring a new penis, some guy she was dating, or shoot, maybe after one too many at a party. Used to like putting her hands on a man for the first time. Find out what he had.

She was zipping with electricity; felt almost joyous, maybe a little out of control, like when you got a clear stretch of road and put your foot on the pedal and watched the sidewalks turn to a blur, felt your back sink into the seat. She wanted to laugh, wanted to shout, her trepidation had been wiped by an effervescence that wanted to bubble right out of her. She shivered. The shaking of her body made her hands twist on Dio while she stroked.

And all Sukie's worries about Dio's intentions with her were washed away when she felt his hand on the outside of her thigh. Without noticing, the hand had slipped off the edge of the massage table and its oily hot feel glided up the back of her thigh, his thumb grazing just under the trim of her shorts' leg.

She almost toppled on him. Feeling another man's touch brought a flurry to her belly. It went crazy with the batting wings of a thousand emotions. She'd worried that all this would be was a masseuse using her hands to give a client a 'happy ending.' That all Dio wanted from her was a manual release. Tommy had sold her on the idea that she aroused Dio, did everything he could ... but all the doubts of a thirty-six-and-a-half-year-old housewife had poked holes in his theory.

When Dio lay his hand on her, she felt like a woman. She felt powerful, she felt suddenly insanely *valuable*. Tommy had always cherished her and never excluded her, she was always in his thoughts, but somehow at this

stage in her life, the acknowledged desire of another man shot jet fuel through her heart.

TOMMY'S STOMACH muscles clenched so tight they cramped. He doubled over and grimaced at the sight of Dio's hand on his wife's thigh. He knew she wore nothing under those little shorts. Pulled them down earlier this morning and tore off the panties she'd worn and threw them away himself. His wife had prepared last night by shaving herself in the tub.

Dio's hand right now was so close to his wife's most secret, personal, and intimate space. Space meant only for the man who put a ring on her finger and bought her a home and raised a proud family with her. That slippery pink stripe that split those two perfectly shaped legs was meant only for Tommy. But here was another man about to touch her there and discover how warm and wet and perfect she was in that spot that made her a woman.

"Oh Sukie," Tommy sighed.

As awful and as heart-gripping as this was, he was loving every minute of it. Sukie with her tanned skin and her long blond hair and her perfect little profile; her two strong yet dainty hands gripping another man; this was his wife as an independent woman, this was Sukie without Tommy, and he was glad to know her like this, to see her passion without him.

Sukie's legs were slender but short, muscular and shapely, and he watched them flex as she gently sidestepped to bring herself closer to Dio's touch. Dio responded, letting his hand slide along the back of her thigh, thumb and a finger slipping up under the trim of her shorts and touching the bare curve of her rump. Now, not only having sidestepped, her left leg widened her stance, opening herself to be touched by Dio.

Tommy's hands formed fists, shaking, not in anger, but with adrenaline and excitement. Sukie was a bad girl, and she really wanted it. Wanted that thing she held in her hands.

THE WORST POSSIBLE thing and the best possible thing happened next. It was the same thing. Dio sat up.

His oily cock slid down her grip, her two fists coming together on his bunched foreskin over top of his glans. Her eyes raised to meet his. They were narrow and sultry and they did something to her heart. This was terrible. Yet so exciting at the same time. Her natural female sensibilities parted her lips as if to accept a kiss. And he leaned forward.

What was she to expect? She held his throbbing manhood in her hands and had been stroking it. She felt his hands on her leg, and her reaction ...? Her reaction was to step into it. And then, as if that wasn't enough, to part her legs a little wider, inviting him in. That action was so horrible, and it was something that she would never do in one million years, but one reason allowed her this odd pleasure: the knowledge that her loving Tommy was watching.

Yes, Dio sitting up was the worst possible thing—acknowledging her passion, his eyes on hers; she was sure he was going to kiss her. And while no one would argue that this was terrible, it would be insane to deny the emotions bursting up from her heart and spreading through her body and making every bit of her feel like it wanted to dance ...

... Fuck it, let nature take its course, she thought as her neck eased its lock, and her chin jutted as Dio came closer. She let her mouth fall open wider, and before she narrowed her eyes to closing she saw that he had parted his lips as well. And in that achingly long moment before they pressed them together she was aware of his hand between her legs, almost touching her where he never should, aware of the thing she held in her fists, so big and hard, something she should never be holding, smelled the coconut and patchouli with the slightest hint of something tropical in the oil she had selected for him, smelled his masculine smell, leather, cloves, lemon ... and she swooned.

Knees going weak, she slumped into their kiss—the first time she had kissed another man in over ten years. And when she did, it was like firecrackers set off inside her, her heart beating hard and erratic, out-of-control, as out-of-control as its owner was. But the feel of his playboy lips against hers was like magic, and the longer they pressed, the more she leaned to him, and when his finger slipped along that wet, pink part of her, tracing the left side of her sex, scrolling up then down, finally, at last,

touching the slippery center, her legs finally gave way and she fell against him.

THE IMAGE WOULD BE FOREVER unshakable. Dio sitting up, his hand between Sukie's legs, moving and stroking ... and that look on his wife's face, that look of passion ... as she slowly closed her eyes and let this other man kiss her.

And once that kiss began, Dio and his wife performed actions that ran in well-oiled, autonomous function. His hands went to her slim waist, hers went over his muscular shoulders. Their heads began to rock and twist and even where Tommy stood in the kitchen he could hear their breaths scoring against each other, heavy and lusty, and *building*.

The next thing he knew, Dio was taking his wife's tank top off. And his wife let him. He gently lifted her arms, their faces coming apart for an instant, their eyes on each other.

Sukie's eyes were wet and excited, pupils dilated, her mouth held agape, damp lips blushing from the excitement of their kiss. Her arms went over her head, her eyes still locked on Dio's. He threw the shirt up over her head and it landed behind her on the pool deck.

Dio pulled her to him, kissing resumed, his arms circled her narrow back, and Tommy knew exactly what that felt like. Knew exactly what it was to have Sukie in your arms. She was warm, and she was slim, the flesh covering her slender bones was soft and supple, and she was always hot. Dio would feel the heat of her bare skin against his bare skin. And his manhood must be pressed against her tummy, must be pressed against her as high as her breasts.

The shoulder strap of her bra jumped, then slipped away, and Tommy knew Dio had unhooked it behind her back. While his hands moved, softly smoothing across her skin, finding and hooking his fingers through the straps, urging them downward, Sukie's fingertips went over his arms. Then she moved them out of the way so her chest could be revealed to him. She pulled her kiss away, eyes on his once more, watching him as her breasts were revealed to a new man.

She exposed herself in a way Tommy could also see her. Saw her nipples were hard, aroused, scrolling far from her body. Those heavy Ds gently swayed and Dio took them in for one heartbeat and then his hands were on them. He lifted them and held them, pressed her nipples between thumb and first knuckle. He kissed her chest, suckled her exquisite flesh where he pinched it; he released them, watched them bounce, then his hands slipped behind her and pulled her to him tightly again.

BEFORE SHE KNEW what she was doing, she gripped her own nipples between thumb and forefinger and she pulled her breasts to surround Dio's cock. It had been pressed against her, sandwiched between them. Its heat stung her. And the size ...? It poked up between her breasts. Couldn't see it; her lips were being controlled by Dio. He had her tongue, sucked it, his hands swept up from her breasts and let them fall where they bounced heavily. She hoped he liked that. If he was a breast man, she had the nicest set around. That was something she would admit.

Her chest had opened a lot of doors for her, made a lot of boyfriends; she didn't hate them. And after her two little boys, they'd grown fuller and heavier, but she knew they held a good shape still. Maybe Dio was a tits guy. Maybe that's all this was. Not about her, but her 'assets.'

Now his hands held her face, held her still while he kissed her. His hands were warm and large and strong, and it felt incredible to be held by them. She felt that hard and wonderful thing he had thrust up between his legs, slipping up and down her ample flesh. Felt how it pushed her soft skin aside, harpooning against her as she gripped her own breasts.

Just as she thought she knew where this was going—ready to let him take control, practically ready to jump in his lap and sit on that thing—he broke their kissing and looked into her eyes, said, “You been driving me so crazy. You're so fucking beautiful.”

“Me?”

“Those lips ...” he murmured, then his thumb slipped over her chin, pressed down on her lower lip, swiped across its shape admiringly. His eyes followed the path that his thumb stroked and she felt the lip bounce as it was released from under his pressure—then he took her kiss again, inhaling

as he took her mouth, consuming her, and she gave him her tongue, wanted him to take it.

His hands roamed her back, his fingers worked her ponytail, gripped it, pulled her head back while his teeth clenched her lip, pulled it away, his eyes on hers. He let it go, smiled, said, “You’re so beautiful ...”

She nodded, her mouth agape, not knowing what to say, but wanting to hear more. His other hand spread wide on her chest, over her collar above where her breasts hung. Slowly, it eased downward, and her heart raced. Lower still, down over her soft belly, turning so that his fingers now lead the way, slipping underneath the waistband of her shorts where she wore no underwear. This time it wouldn’t just be a touch, this time he would put a finger inside her. She knew it. Her legs began to tremble.

“We should stop ...” *We should stop? Why?*

Dio said, “It’s too late to stop.”

She whispered, “It is?”

Now his two middle fingers slipped over her mound, the one she shaved just for him, finding her wetness, mixing it with the oil that covered his skin already—he worked her flesh, worked her folds, slipping up and down then pushed a finger against her aperture, slipped it into her pussy. Her body slumped against him, her weight easing that finger of his deeper inside her, her forehead pressed his chin, her hands went to his chest.

“Oh shit,” she gasped.

His finger stirred inside her, moving in circles, thrusting and plunging—there was no denying her wetness; the sounds her sex made betrayed her request to stop.

Dio knew her body wanted this more than anything. And it did. Right now she wanted him so bad.

DIFFICULT

SUKIE FELL TO PASSION. Didn't see it coming, just crawled up her back and over her shoulders, plopped into her brain and grabbed the controls. She did something she never imagined she could do, even when she had discussed this crazy fantasy with Tommy.

Her body pressed against Dio's, her lips traveled his chin, down his neck and kissed his collar bones. Then she nibbled on his chest, his hairs tickling her nose. She suckled on his flesh, making sweet sounds of suction as Dio's hands encouraged her by going in slow and heavy circles over the points of her shoulders. Lower she kissed, his hands pressing her, wanting her to do what she knew she was preparing to do. Shouts from her brain tried slowing her: *What are you doing, Sukie? Are you crazy?*

Thing was, she *was* crazy. This was wild and insane, and oh-so-dirty, but she fucking wanted it. Dio was a character out of just about every book she ever read. This was what was meant to happen.

Her heavy breasts fell forward, touching his body, their gentle swaying stroking the sides of his shaft. Her mouth kissed at his chest, going lower still, the object of her intended attention poking the point of her neck where it swooped from her collar. As she pinched the flesh of his stomach between her clenched teeth, her hands swiped his sides, over his hips. One went low, between his legs, cupped his heavy, hanging balls, the other circled the base of his shaft, took it and aimed it straight.

Now she did the dirty thing. Her eyes closed and her pouted lips pressed against the tip of his cock, felt its heat and its surprisingly supple shape (given the steely hardness of his shaft). Her tongue went around in circles for what felt like forever but then her mouth made a quiet, wet, smacking

sound as her lips opened, she lowered her head, let that huge glans slowly, agonizingly, enter her mouth.

It was a huge and bulbous thing. It slid past the tight ring of her lips, its shape filling up her whole mouth, the smooth top of it pressing right against her palette. God, this was so fucking dirty. She was a married woman. She had another man's cock in her mouth. This was her life of old. When things were wildly exciting and unknown and precarious. Relationships were see-sawing emotional things, and there was always the urge to please, to be better than other girls, to make your mark on a man.

She'd made her mark on Tommy, that bold boy who took her heart. And somehow along the way, while their sex life was satisfactory, there was a growing complacency that spread across their north sides like moss. She pleased Tommy. She knew him. Here she was with an *unfamiliar* cock in her mouth and she was nineteen again, *wanting* to please, *hoping* to please, suddenly worried if she could do a better job than the other girls this guy knew.

But she was married, for Christ's sake. This was forbidden.

"Mm," she moaned, all her angst and worry and excitement twisting her insides in knots. She exhaled strongly through her nose, trying to push away all these thoughts that were making her tummy tickle in a bad way. Her head rocked, her mouth worked in circles, her tongue darted over the underside of Dio's glans. Guys liked that, she learned a long time ago, and while she'd only been with Tommy in the last ten years, there was a real good chance men still liked that.

So she sucked him with enthusiasm, feeling the tightness leaving her, sensing Dio's enjoyment, feeling his hands leave her, spread out behind him so he could lean back and watch her suck his cock. God, watch his best salesman's loving wife suck his cock. This was so bad, Sukie. This was too bad, wasn't it? Hot as Dio was, this was a terrible thing. Yet she continued. Plunged the man's huge cock head in and out of her mouth, her hands joining in, one coddling his balls, squeezing them gently, thumb rolling over, and up and down, her other hand stroking up and down mid-shaft and up to meet her lips.

Now his hands came up again, and she clasped hers together in front of her like a young girl ready for communion. His thumbs pressed her cheeks, and he held her gaze. She got lost a moment in his sparking black eyes. His

lashes were long, his face beautifully masculine. He said, “God, Sukie, I’ve wanted to fuck you for years.”

“You did?”

“Fuck. Tommy shoulda never let you put your hands on me. He’s got me so all I think about is you ...”

“I think ... I think about you, too ...”

“I know you do. I feel it in your hands, I feel the way you touch me ...”

“I like touching you,” she said.

He eased himself off the edge of the bed, his feet coming down on either side of hers, her face still held in his hands, her eyes still mesmerized.

With one thumb on her chin, he pressed her to look higher and when she did he bit her neck, his teeth dragging across her skin. He said, “I’m going to fuck you every Tuesday and Thursday, Sukie. I’m going to make you come twice a week. I’m going to have you begging for me ...”

“You ... you are?” she said dumbly.

“Mm,” he said now, his mouth suckling on her shoulder, his cock flopped against her stomach again. “Mm, Sukie, I can’t get enough of you, this fucking body,” he said, his hands swooping behind her and grabbing handfuls of her ass through her skimpy shorts, lifting her so she went on her toes. His thumbs poked under her waistband and he pushed her shorts down. Some part of her resisted, and it surprised her. She clamped her thighs, but it didn’t stop him from pushing them down, turning them inside out where they trapped below her hips.

He danced around her smoothly so he stood behind her and the sudden reticence left her and she bent to the table and lay her elbows on it, cocked her head over her shoulder to see what he would do. He kissed her back, his hands slipped under the shorts and pushed them down till she let them fall to the tops of her feet. She gasped now, and her sexual sound drew an animal growl from Dio. He covered himself over her back, his warm chest pressed on her shoulder blades, he brushed her hair to one side and he whispered in her ear, “Tell me how bad you want this.”

She shuddered, her nipples turning to rocks, said, “I—Oh,” she chugged, feeling the head of his cock grazing along the oily lips of her entrance. She was suddenly swelled with regret and shame and worry. “Oh, oh no ...”

“Tell me how bad you want it, Sukie ...”

“Oh, ohh,” she whined, “I want it ... I want it so bad ...”

“That’s it, Sukie ... I feel you do, I feel how wet you are. You get this wet when you massage me?”

“Mm-hmm,” she murmured.

“I know you do, I’ve smelled you ...”

The head of his cock spread her entrance wide. She flexed herself, flexed herself closed shut, but she didn’t squirm away, she gasped, “Ah, oh, no, please, p-please, no ...”

“You want it, Sukie ...”

“I c-can’t, I can’t, T-Tommy ...”

“What Tommy doesn’t know won’t hurt him, Sook. This is just you and me and we both want this, we can’t stop thinking about each other ...”

“No-n-no,” she whined, her head twisting on her neck. His cock felt huge, and she wanted to know what it would feel like to take him deeply ... his words excited her. But she just couldn’t do this; it was *too* wrong. Way too wrong.

“Please, Dio, I can’t ...”

“You can, Sukie. You can ...”

“Just a little,” she said, “just—”

He inched himself deeper and now he had her writhing. “Oh, oh wow, it’s so big,” she inhaled. She squeezed herself closed, wiggled away and his cock slipped out of her.

“Sukie, Sukie, don’t make this difficult ...”

“I can’t, Dio, I ... Not here ... not ... not like this ...”

His hand moved between them, his cock head stroking again, up and down her wet, up high then and pushing again, finding her opening so fast it shocked her. He stroked into her anus and she cried out. He had slid himself up her behind, doing it fast and smooth and before she could say no, her mouth hung open and her eyes rolled back and up. Her mouth twisted in pain but she loved it. She could do this. She could take him there. Not hard and not deep, but she wanted it and this would work.

“Fuck, yes,” she exhaled, “oh fuck, Dio, mm ...”

“Take it, Sukie, fuck you feel so good,” he said, pushing deeper, mushing her body against the table, getting her up on her toes again.

“Ah,” she cried, and her fist took bunches of the bedding, pulling the hem right off the washable cover with a *snap-snap-snap-snap* from each corner. “Oh yes, mm ... fuck me, mm, careful-l ...” she cried.

His hand dove between them and as he fucked her ass with that glorious cock his hand took her clit and showed her things about it she didn't even know.

"OH NO, OH WOW," Tommy breathed out. It looked like Dio had put it in his wife's ass. His weight slumped forward, and he felt light-headed.

Sukie seemed to waffle when Dio tried at first, struggling and rejecting him, then Dio slid that oily tool into her anus and Sukie squealed with pleasure. Well, the sound was like pleasure—a lot in the note she warbled; when you knew someone as well as he knew his wife there was a lot that could be communicated in simple sounds. It was high and hoydenish. Regretful, too, somehow—a protestation, and yet, it was slippery with the sound of sexual pleasure.

What Dio had done was terrible and she should hate it but she did not. Instead, her noises continued, squeaks and gasps, her teeth clenching her lips. Her two fists had pulled the cover off the massage bed mattress. Despite all her vocalizations and displays of ecstasy, Dio was barely thrusting. Tommy could see most of his shaft still outside of her, his balls swinging, their bodies not even touching. It was the idea of what they were doing that was driving his wife mad.

The massage bed consisted of four solid cedar legs on wheels, a flat bed with an adjustable headrest, and underneath, for stability and structure, and acting as a shelf, was a thick cedar plank. Sukie sometimes kept white towels rolled in tubes there. When she kicked off her flip-flops and raised a knee, her little toes clamping on the edge of the cedar shelf for purchase, he almost dropped. The tiniest simple movement but loaded with meaning. His wife was surrendering to the pleasure. It showed that she truly enjoyed what was happening and wanted more. The act of putting a foot up opened herself to Dio for more access. It was the same as hissing *Deeper!*

It spurred Dio, and Tommy saw a flash of white smile before he kissed Sukie's back, bending over her, stretching his own arms out and laying his hands over hers and fucking her a little deeper.

Sukie let out a low warbling cry, her head darting up to utter the call, letting all the neighborhood cats know the Tom was in town. Then Dio was

up again, eyes turned down to admire her tanned slender back, her large breasts squashed against the bed, the pale curved flesh visible as they pressed to the sides.

His big hands roamed her back while he thrust, giving her a massage now. Working her muscles, her soft flesh bunching and glistening in his large grip. Moving down to her waist, his right hand slipped to the front and his fingers must have stroked at her pussy again because whatever that hand did it got her singing once more.

DANGEROUS

THE PLEASURE WAS OVERWHELMING FIRST, then slowly it was eroded by shame. Dio's cock was too big. It hurt. She felt awkward and unsexy having him defile her this way. It *was* sexy at first, the idea that she would be seduced by this handsome man was powerful, but once that initial excitement waned she became focused on what the man she loved would see from the kitchen window. A bad wife being fucked up the ass. That wasn't how she saw herself, and more importantly, it wasn't how she wanted Tommy to see her. This *was* dirty and thrilling but not the show she wanted to put on. *If Tommy wasn't watching she might continue ...*

"Ah, oh hey," she gasped, hand reaching behind and fingers tenting on his hard flat belly, pushing against his thrusting. "Ew, ah, Dio, you're way too big ..."

With no complaint he let it fall from her and she winced at the flatulent sound his absence brought from her. Kisses traveled her back, hands worked over her, spreading the oil he'd transferred. That got her heart racing, and she squirmed under his touch, wriggled her slippery body.

"Mm, that feels good," she said. Hands slipped around, stroked up and down her belly, dipping low to her thighs, coming up the inside. She opened her legs wider and let him touch her. He had a nice technique. Tommy touched her well, and Dio utilized that same masculine confidence.

Two hands scooped her butt and lifted, she went with it, getting a knee up on the bed, then rolling to her back before he got an up-close show of her anus and girl parts. Flat on her back, she regarded him, but he was already advancing. Her ankles were in his grip and he lifted them so her

heels planted in the mattress, his eyes bored into hers, sparkling mischievously.

“What are you doing?”

His hand stroked his cock while he looked in her eyes and she had a recollection of him spewing his seed in Tommy’s hidden video; wondered if he intended to stroke it while she watched, maybe shoot his load on her belly.

But he didn’t continue, instead he lifted it, let it drop over her mound, then stroked its underside along her sex. It tickled with intense excitement, and she gasped and thrust her head back.

“Oh, don’t,” she said when she managed to look up again.

His hands planted on either side of her waist and he leaned over her, his thick black hair tumbling down off his forehead in a heavy comb. “I want you so bad, Sukie,” he said with a smile.

She put her hands on his cheeks, guided his lips closer and kissed him. That big glans prodded at her, mushed her folds, threatened to pierce her.

“Are you putting it in?” she whispered in his ear.

“Yeah,” he whispered back.

“Okay,” she said, her nails scratching through his hair. “Aw, mm, wait,” she gasped, feeling it breach her again, feeling that plump torpedo shape shove all her delicate flesh aside. She squashed him with her muscles. “Oh, mm, don’t.”

“I’m going to fuck you, Sukie,” he growled in her ear.

“Awh,” she warbled as he slid another inch inside her body. Her nails scored his back, running tears from his shoulder blades to his waist.

He growled again, raised higher, smiling down on her.

“Oh, fuck, you’re big,” she said.

“And you are tight,” he said.

“Mm, okay wait, ah,” she said, thrashing her head now, trying to shake some sense into her. “Don’t.”

He dropped to her, closed her off with his arms at her sides, hands on her shoulders, mouth on hers. His cock slid a little deeper, and she felt that bulging coronal ring ripple through her insides. She couldn’t do this. Not like this. Her knees came up high, making her eyes go wide at the feel it gave their connection, planted her soles on his hipbones and pressed. “Don’t,” she repeated, pushing against him and guiding that thing out of her body.

One shove back and then Dio's mouth was clamped between her thighs and he got her head writhing on the mattress again. Her nails scratched at his scalp as he delivered wild pleasure, his tongue snaking through her slippery folds, lips pulling and plucking at her wet petals. She watched a jetliner draw a long furry white line across the brilliant blameless sky. Her breasts swayed between her arms thrust down to Dio, her knees up high, her feet dangled and trembled from what her husband's boss did to her pussy.

"Oh shit, oh God," she sighed, feeling something tightly wound inside her begin to come unraveled, high-tension wire popping and zinging, the load it held threatening to come loose ...

TOMMY'S FACE silently mimicked his wife's; his own mouth open in an O shape, his brow furrowed, eyes narrowed. Dio went down on Sukie. Was eating her pussy up right in front of him. It was the most intensely erotic thing he could imagine.

Sukie was into it. This was something she could do. Massaging him, touching him, that was acceptable; having sex?—no, not yet. Anal sex?—apparently not. But when Dio put his mouth between her legs, he got Sukie shaking. His wife's nails went over his scalp, encouraging him, her head thrust back into the mattress, her knees came up, her legs parted.

The front of Tommy's pants tented out. This horrible performance playing out in the intense sun had hardened him to steel. So intense, he'd focused a hard and dense love for his wife, crystallized it, forged it to a diamond-hard pinpoint. He palmed his erection through his pants.

Now Sukie was gasping, her mouth working open and closed, like a fish out of water. Her excited yelps chirped across the pool deck and through the open window.

"Shit, oh shit," he sighed, his heart racing in his chest. *No way.*

Sukie jumped and bucked as Dio made her orgasm with his mouth.

She hugged her own breasts and twisted and writhed, her oily body sparkling in the sun. She cried out over and over, affirmative yelps, knees bouncing, toes flexing. Tommy grimaced as a jolt of pleasure shot through him and he fought it, didn't want to ejaculate in his pants.

Dio rose now from between her thighs, mouth glistening, and Sukie lay still, bewildered. Arms folded across her ribs, those fabulous breasts of hers pillowed up around her neck, her head tilted on the mattress so Tommy could read her upside down ecstatic expression.

Dio read her as well. On his knees between her thighs, his hands parting them wider at the knee. His eyes traveled her exposed body. Saw Tommy's wife's most intimate part. He sneered, then took hold of that massive thing and stroked her pussy with it.

A rising aggression took hold of Tommy—his torpid Sukie not wanting penetration today and this playboy looked to take advantage; slip his stupendous sausage in when she didn't agree. His hands formed to fists. But the feeling of Dio's pressing cock revived her, and she came to, already protesting.

"No, stop, Dio, I can't ..."

She squirmed out from under him, Dio making an attempt to stop her but both of them so oily she easily slipped away. Sukie got herself off the bed and stood now between Dio and Tommy, her back facing her husband, her hot little body glistening in the sunlight.

He could see it in her stance—see that this was over. Sukie would not have sex with Dio today. There was disappointment in his heart, but also something else: satisfaction. What she'd shown him today was exciting, and the fact that she couldn't go through with it annealed his love for her. She wouldn't sleep with Dio because her husband meant too much to her. So while he'd like to see her open her legs and take that big thing, his heart was soaring right now. He ran his hands together and watched.

SUKIE SAID, "I'm sorry, Dio, I just can't do it ..."

Dio kneeled on the massage bed, his hand stroking his cock. "Sukie, get back here," he said in a low sexy voice.

"I just can't do it, Dio."

"I'm not gonna hurt you, Sukie," he crooned, his white teeth showing through a wide smile.

"I know," she said softly.

"Come on back," he said.

Sukie kept her distance, swiveling at the hips, her shoulders tempted to turn around so she could look at her husband but knowing he'd be mad if she gave him away. So she took one step closer to the table. Dio turned to sit so his knees bent at the lip and he held a hand out for her. She didn't take it.

He wagged it at her, nodded his chin toward it.

"I just can't," she said.

"You will though."

"No ..."

"You and I will do it," he said, looking right in her eyes.

"It's Tommy ..."

There was no way she could go through with it. It made her feel a self-conscious performer, like a sexual spectacle for her husband. There was a dichotomy at play here on the deck today. She and her husband were sexual beings, they were exploring something new and exciting and she felt supported and loved but yet somehow like she was *acting*.

Maybe she and Tommy had reached a sexual maturity where her exploring another man while he watched was accepted and its taboo lessened—but perhaps it was the careless advent that bothered her. Tommy wanted it, Dio apparently did too, but this wasn't the way *she* wanted it. Not like this. Not here on the deck where her children played. Not under the gaze of their happy home. And maybe—well, maybe it was just too soon. Tommy springing this on her five days ago.

"Sook," he said, wagging his fingers to come join him.

"I want it. I do," she told him, looking into those black eyes of his. Now she took another step, her pounding heart lessened its urgency, but still raced, and she felt the lust in her bloodstream. Dio sat on the edge of her table, hand still held out, and she went another step, took it and he pulled her between his open thighs. His cock was erect and upright between them, its hardness pressing into the softness of her breasts.

"Fuck, Sukie ... just let it happen," he said, his hands swooping over her back.

Then she said it and she didn't even know why: "Africa."

"What?"

It made sense, didn't it? It wasn't home. Not where her children played.

"Yes." She said it again, eagerly: "Africa."

"You'd go?"

“I could do it in Africa.” She gave him a smile.

His eyes narrowed as he returned with his own smile, a sly and uneven one.

It felt good. One, it got her off the hook today, and two, the more she thought about it the more it excited her. It was foreign, exotic. She would be someone else in Africa.

“I like it,” he said in that low voice again.

“I like it, too,” she said, swaying her breasts against him, settling his erection between them.

“What if I can’t wait till then?” he asked, cocking his head and smirking.

“Lean back,” she said.

With his hands out behind him, he leaned so his chin pointed to his chest and he regarded her, that smirk still pulling up one cheek.

TOMMY WATCHED Dio lean back and put his hands out behind him on the padded top of the massage table. Sukie made eye contact with Dio, both her hands gripped around his erection. The look on her face was sly, seductive. It killed him. This was more than laying on her back and submitting, opening her legs and letting this hot guy have his way with her. That was how Tommy had pictured this happening. But Sukie looked *empowered*. In *control*. And *enjoying* what she did—more accurately, what the effect she did would produce. Tommy’s loving wife wanted to make another man come and enjoyed doing it.

As her combined hands stroked up and down, her shining forearms rippled with her muscle. She smiled for Dio. She bit her lip and cocked her head. Sukie liked this. Dio’s head nodded forward then lay back between his bunched up shoulders. He moaned and grunted. Sukie changed her pace; slowing and squeezing hard, leaning close and letting her heavy, bare breasts settle around Dio’s balls. Then she was going fast again—one fist pumping on the end of his cock, the other slipping between her breasts to stroke at his hanging testicles. The muscles of Dio’s back quivered and his knees jumped. His head jerked forward and back until Sukie slowed again,

joining her two hands together and waiting for Dio's sleepy eyes to open and meet hers.

"You have strong hands," Dio groaned.

"I do," she said. One hand took a firm grip around his shaft near the base where it was the thickest, the other hand opened flat. Now Sukie ran her palm in circles over Dio's very tip. Circles, side to side, back-and-forth. Dio's stomach fluttered and Sukie had him shaking.

"You're such a turn on," he said.

"I can tell—you're as hard as iron," she said to him. Now her clawed fingertips danced ticklish feathers on his cock head.

"You make me so fucking hard."

"I've wanted to do this for a long time."

Now he groaned and chuckled, his head falling right back. When it snapped forward again, he said, "I want to be inside you so bad."

It faltered Sukie's confidence, and her smile shrank a few degrees. "I told you ..."

Dio sat forward, putting one hand out to touch her cheek. This made Tommy jerk with anger. Dio said, "I *want* to wait. I *want* to work for it. You're worth it."

"You think so?" she said with a sweet smile, her tickling fingers swirling around the flared lip of Dio's huge cock head.

"You're da—" Dio smiled and chuckled, inhaled. "So *dangerous*," he finished in a breathy exhale, leaning back again and putting his elbows down on the bed, his narrowed eyes watching Sukie's hands on him.

"Dangerous," Sukie quietly repeated, liking the sound of the word. Her left hand circled Dio's scrotum, forming a tight fist that cinched his big balls against his scrotal skin till it gleamed in a tight red-brown ball almost as big as a tennis ball, sagging over Sukie's thumb. The right hand circled his girth as best it could—forming a C under his cock head with her thumb sticking out—and she jerked him furiously. Her eyes narrowed, too, and she sucked and bit at her own lips as her big tits swayed and jiggled. Dio's breaths came faster and faster, he sucked his stomach in and a growl built in his chest. Sukie chanted, "Yeah, yeah, yeah," her brow lowering, her hand jerking faster—her own growl began to build.

Dio came in an abrupt white explosion. Sukie laughed. White, wet spew went high above both their heads; something landed on her shoulder. Sukie's hand made slick smacking sounds now from Dio's semen. He thrust

his hips and sent out long ropes that flopped back on his belly. Sukie watched.

Both of them breathed heavy, mouths open and panting. Sukie's hand slowed on him, not stroking now but swirling in polishing circles; her other hand released his balls and let them hang down. The lust seemed to recede from her expression with each heartbeat.

"Oh my, holy fuck," Tommy sighed and pulled down the front of his pants. His cock sent out a stream of clear excitement that spilled to the floor. He also breathed heavy, and he felt like his vision narrowed and dimmed. The sound of his heart in his ears was deafening.

Outside, the sun was bright, and he forced himself to look again, blinking and wincing. He grimaced as if in pain. There was a chance he might ejaculate right now without even touching himself. He didn't want that. Sukie eased herself away from the table, but stayed between Dio's thighs. She looked down at her two held out hands. Strings of semen webbed her fingers and dripped off her knuckles. Dio still lay on his back with his forearm draped over his face. Sukie couldn't look up to Tommy, afraid to, eyes glued to the mess in her hands.

POOL

THERE WAS a feeling intensifying in her, something building, and its rising swell was incomprehensibly gargantuan. Sex with Dio had come very close to happening, the huge head of his penis had nestled in her folds and teased her with the threat of desired entry. Desire—fuck, maddening *lust*—had been built within her. But she'd been a good girl, done the right thing. Only that desire didn't cease, that rising lust continued to expand within her. Between her legs?—something she'd never felt before. No, she had, when she was a horny teen, maybe, but never on this scale. A harsh demanding to be penetrated. A demand in her sweating walls, a *need* to be penetrated. God, she wanted to fuck so bad.

Her breaths came short and her heart pounded; she sat on her massage table, folded up with her shoulders curled forward. She was naked still, a towel tied around her waist and one draped over her back. She hung her head forward and fought back this crazy demand within her. Behind her, showering then covering up that beautiful body with his fine clothes, Dio got dressed in the cabana.

She flip-flopped, thought crazy things. *Thrusting the towels off, demanding him to come back out, finishing the act. Barging in and joining him in the tiny shower stall ...*

Tommy wanted her to do it. And not having it (not having *done* it), wanting it *so* bad and rejecting it—now in its absence the need grew even stronger. She *could* do this, open the cabana door, hurry him back out here, do it right on their hot concrete deck by the side of the pool where her husband could watch. The thing Dio had between his legs would do the trick. Her sex was hungry and Dio would serve a *banquet*.

She clenched her fists, opened her hands, looked at them, saw her wedding ring, clenched her hands again. She heard the click of the cabana door but didn't turn around. Then the sounds of his expensive shoes on their deck as he approached her from behind. Instead of looking at Dio, she turned her wan face toward the kitchen window. Couldn't see her husband there, but wanted her expression known. Wanted him to know how she felt right now. Sure this was all about the desire she had for this other man, but simultaneously it was all about the love she had for the one hiding in the kitchen.

"Hey," she said, seeing Dio in her periphery.

His hand rested on her back. He rubbed his thumb in her neck and she tilted her head to his touch. Now he came around, fully dressed, looking like a million goddamn dollars, a white smile breaking that handsome tanned face of his. He got himself to her knees, bumped them with his hips so she would open up; he spread her legs and came to her, resting his hands on her haunches. She looked up into his eyes, and couldn't help but smile. His big hands ran up and down her thighs, slipping up underneath the towel. The feel of his hands on the inside of her thighs got her stomach fluttering and bouncing again. She moaned.

"We're going to fuck, Sukie."

"I know," she said.

"Promise me," he said.

"I don't know ..."

"Let me hear you say it."

She said, "I promise I'll go to Africa."

"And in Africa?"

"I'll sleep with you. I think. Dio ... I don't *know* ..."

He smiled confidently, her diffident words having no effect. Sometimes Tommy, tough as he was, could sulk when she refused him. Dio's confidence gave her a small shiver.

Dio said, "You come to Africa, I'll take care of the rest."

With one hand up under her towel, the backs of his fingers grazing her sex, using her slipperiness to stroke her, his other hand took her neck, his thumb tilting her jaw, and he kissed her. She kissed him back, and that act seemed far worse than the thing she'd done to him with both her hands. How could Tommy want to watch her kiss another man?

When he pulled away, he said, "I have to get back to the office and make some phone calls."

"Okay," she said softly.

"I'm moving that trip to Africa forward."

Her heart jumped, and she looked up, saw his mean smile. Realized he was joking. "Oh," she said sheepishly.

"We're going to fuck in Africa, Sukie. You want it too bad. You might hate you want it ... but by then it'll be too late."

Then for some reason she offered this: "I'm going to see you before then."

"You are," he said, brushing her hair back from her face and over her ear. "Twice a week you're going to put your hands on me. Are you going to let me put my hands on you?"

She shook her head no and sucked her lower lip under her teeth.

He kissed her forehead. "I'll see you on Thursday," he said.

"I'll see you Thursday," she said evenly.

His eyes lingered on hers, his face animated and mirthful, smiling eyes darting over hers, licking his lips. He took a few steps backward, then turned and went into the house.

It was just her alone with her reflection now. A warbled version of herself reflected back by the windows next to the French door. This was where Dio would masturbate. She got it. Right now her insides craved Dio. Craved penetration. Subduing that was the worry about the man in her house. That man *asked* for it, but God, was he ready for it? Maybe she did the right thing, rejecting sex with Dio, but she still *cheated*. She jerked off another man. Made another man ejaculate. Felt the heat of another man's semen on her skin. Tommy watched. What if he didn't like what he saw despite how much he thought he desired it? I mean, he shouldn't, right?

The sound of Dio's Ferrari started now, revving loud then leaving, growing distant. Still she was alone. She watched as that bad housewife reflected in the window closed her legs. Another man had stood and ran the back of his hand up and down her slippery little stripe. Now she felt dirty.

Come on, Tommy, come on out here ...

Her hands together on her lap now, she ran her thumbs around one another, feeling nervous, feeling tension, her eyes looking to the kitchen window, seeing it open but not seeing the silhouette of her awesome husband.

Just when she thought she might burst into tears, torn apart by lust and desire and now building shame—that French door opened and Tommy stepped out into their backyard. She held her breath and watched his expression. He took a few steps until he was in the sunlight then stopped and stared at her. She felt raw and exposed. Her heart flooded, her ears pounded.

Just say something, you asshole. And if you're mad at me, just remember you asked for it.

“Tommy?”

Still with no expression, his hands crossed in front of him and he pulled up his shirt. He didn't have some crazy body like Dio, but, God, she loved it. Saw him with his tan, his own moderate *Tommy* muscle. He wasn't that jacked up soldier that she met, working his way through college by bouncing, but he was still masculine and he was still her *manly* husband. Her provider, lover, the father of her children. Her eyes began to swell with tears.

Now he pulled down his pants, and she saw his intense arousal.

Then she was off, slipping down from the massage table, her bare feet landing on the hot deck and running to him, the towels falling free, her breasts swinging and bouncing. And Tommy rushed to meet her, too, his erection nodding up and down. They collided between the massage table and the French doors, Tommy attacking her with kisses, pressing his cock into her stomach, and she threw her legs up and locked them around him.

Her arms hugged his neck, and she kissed his jaw repeatedly. In his ear, she whispered, “I didn't go too far?”

Tommy's arms squeezed her hard. He whispered, “No, Sukie.”

“Disappointed?” she asked him, hearing it a little in his voice. Disappointment. Feeling at once ashamed and also like she let her husband down even though she'd agreed to nothing.

“Oh fuck, you're so hot,” he groaned, walking with her clinging to him.

“I'm sorry, Tommy, so sorry.” Apologizing for what she did and what she didn't do all at the same time. Kisses resumed, plastering his jaw and cheeks frantically, looking for his lips.

“No, Sook, no ... You're incredible ...”

“Was it hot for you? Did you like it?” She scratched his back and hiked her body higher up his, wanting to feel the tip of his cock touching her core. All she wanted was to hear he was okay and to fuck him.

“So fucking hot, Sook ...” he groaned, and he stepped up onto the diving board with her.

“Fucking kiss me, Tommy,” she begged.

At last his lips found hers and she squirmed higher, worked her thighs up his waist as he arched his back. She kissed his lips and caressed his face. Tommy sucked her tongue, one hand coming up and pulling on her hair. It broke their kiss away and their eyes locked.

“Gotta cool you off,” he whispered.

“Tommy, don’t,” she warned him, but it was too late. He heaved her forward and thrust her away with his arms. She had one second to plug her nose, draw her knees up, before she plunged into the deep end in an explosion of water and cascading bubbles.

Before she came up for air, doing a somersault under the water and kicking her legs, she had an awful stabbing thought that her Tommy was mad. She broke the surface, coughing and blinking, smoothing her hair back, squeezing out her nose. Tommy was gone, and she exhaled with grief. He’d thrown her in the pool and stormed back in the house ...

Hands grabbed her from behind, Tommy treading in the deep end with her, hands clasping at her breasts under the water, his mouth suckling on the spot she liked where her neck met her collar.

“You scared me, Tommy,” she cried and spun around, threw her arms around him and squished her tummy to flatten his cock between them.

TOMMY SWAM on his back toward the shallow end with his wife clinging to his front. They both kicked their feet and kissed, Tommy holding Sook by her upper arms and she had one hand stroking his aching erection.

When they got their feet under them they stood then stumbled while kissing, heading for the tiered Roman sit-steps that went up to the deck.

“I need you so bad,” Sook said around their kisses.

“Fuck, you turn me on,” he told her, walking her backward, his hands slipping from her thin, oily waist, up to cover her breasts. Her heels kicked the bottom step, and they tumbled together, him on top of her. Still kissing, they crawled up the steps and when they got to the top, he pushed her over so her breasts and face went to the hot deck. Water spread out around her,

darkening the concrete decking in a growing halo. Their legs were tangled, but now her haunch turned, and she bared her sex and anus to him. Another man—his fucking boss—had both her openings today. Tommy's cock throbbed for her. He ached to claim his wife.

"You're mine, Sukie," he said as he collapsed over her, their mouths locking again, her kissing him awkwardly over her shoulder. She squirmed, her hips gyrating, his horny wife wanting to get fucked so bad because another man had got her motor revving. Not one more second could be spent teasing—both of them *ached* to fuck. The tip of his cock poked into her nest of hot membranes and he pushed inside her with no resistance.

"Oh fuck, Tommy, oh God, I need it, give it to me."

"You let him put it in your pussy?"

"Yeah," she gasped.

His hand bound up her wet hair and pulled on her gently. "Another man put his cock inside you?"

"He did, Tommy ..."

He grumbled and groaned, reared up over her while his hips thrust forward, burying his steely hardness inside her. Sukie loved it.

She let out an excited squealing sound, and he pressed down on her shoulder and watched the white crescent of her breast flatten against the deck. "Tommy ... I want it deep ... put it in all the way ..."

The hand on her shoulder cupped over it to brace her body. He pulled down as his stomach tightened, his pelvis curling forward, his hips driving his cock all the way inside her.

"Yes, yes, ah, yes," she hissed.

He was long; long enough to hit her depth if she wasn't warmed up. But Sukie was warmed up. Her body had been preparing itself to accommodate a much bigger cock and now he was deep inside her and he didn't bump her cervix.

"Deeper, Tommy," she sighed, her eyes closed, her brow furrowed in a frown.

He laughed and growled, being driven out of his mind at how sexy his wife was, at how hot this made him. He hooked a hand and forearm under one of her knees and hoisted it high, spreading her sex for him. His hand grabbed her wrist and now he had her locked like that with a leg dangling over his forearm and the hardest possible erection shoved up in her guts. He

fucked her. Fucked her hard and watched her face go through an elastic range of reactions.

“Fucking take it, Sukie,” he growled. “You’re my wife, I fuck you ... you like other cock, huh? You wanna fuck my boss?”

“Fuck, yes, mm, Tommy, I do,” she snarled, getting into it.

“You take his cock? You suck it?”

“Harder, Tommy, harder,” she wailed, and her ecstasy peeled his eyebrows up into his hairline. Sukie getting *into* this. Sukie turned on. Sukie liked sex with Dio. *Of course she did, Tommy. That’s what you wanted.* He looked at her tanned and flawless skin, her panting and pouted lips, her silky hair in wet tangles, the bright white blonde tempered to golden brown. He fucking loved her so much.

He pulled on her hair to raise her chin, took her lips with a kiss while his hips still ran his cock into her like a steel piston. Sukie bounced and bucked underneath him and gulped at his kiss. Her foot bounced where it levitated between them, her leg draped over his arm. She was pinned to the deck, her head pulled back by her hair, her body twisted and flattened under him, taking his big dick deep. And she loved it. Dio had turned some switch in her and Tommy reaped the rewards.

“Oh Tommy,” she gasped, “Oh Tommy, I’m, mm, gonna come again ...”

Again. That’s right, Dio had made his wife orgasm with his mouth.

He pounded her triple time and clenched his eyes shut, conjuring now the image of Sukie bent over the table and taking Dio up her ass. They came together, getting lost in their separate shouts of pleasure, bucking and tensing, writhing, crying out. Tommy drove deep and held, drove deep again, each time his cock flexing and twitching inside her as he launched his seed into her body.

“Oh Sook, oh fuck,” he said in a hoarse whisper as he collapsed on her back. Her skin still held a slippery sheen from the massage oil and he slid off her to lay at her side. His arm went around and hugged her. She turned happily in his grip, spinning around so she faced him though her eyes stayed closed. Her mouth smiled though, lips open and panting. Strands of hair clung to her face.

They lay like that in the sun, in each other’s arms for a long while, panting and heaving, laughing every once in a while. Sukie would kiss his chest sometimes. When their chests rose and fell at a normal pace, she

finally stirred, her head rolling against his shoulder as her hand came up to rake her nails through her hair, from hairline back to crown, trying to untangle the mess. He looked down to watch her.

“I can’t believe we did that,” he said.

Her eyes came up to meet his warily. Her big round ice-blues darted over his face, but a smile began to creep up her cheeks. She groaned. “I can’t either,” she said.

“I loved it, Sukie,” he reassured her.

She was quiet for a few beats then said, “It was ... good.”

“I think it was more than good,” he said toward the bright blue sky before turning to face her. She looked up at him. He said, “Tell me the truth—tell me what you really think.”

Her eyes rolled around, mouth agape while she thought about it. “I don’t really know, Tommy. It *was* good. It was. But ... I’m glad I didn’t really do it.”

“You told him you would.”

“Later,” she said. “In Africa. I think I was putting it off—looking for a way out.”

“You *told* him you *would* ...”

“I can’t do it, Tommy,” she whispered.

“You practically already did.”

“Yeah, but ...” She turned to look up at the clouds, rubbing at her temples. “I guess I did.”

“Both.”

“Both what?” She turned to face him, puzzled. “Oh,” she said, understanding. Both holes. “Yeah. *Both*.”

“Did you like it?”

She inhaled, lifted her eyebrows. “He’s big.”

“What does that mean?”

Her body slumped, she turned her eyes up, reluctant to answer. “I don’t know, Tommy. It’s not so easy to accommodate him.”

“You did.”

“Oh my God,” she said and covered her face.

“It’s okay,” he told her, held her wrist.

“I can’t believe I did that. I can’t believe *he* did that.”

“Might have been my favorite part,” he told her.

She laughed. “You have a favorite part?”

“He was barely in you, you know?”

“Didn’t feel like it,” she said.

Now she curled against his side and her eyes lowered to see his arousal had returned with a throbbing vengeance. Her fingertip ran from the tip down his shaft and she cupped his balls, lifted them. “I guess I did like it. I was just nervous. Self-conscious.”

“Come to Africa with us, Sook. See what happens.”

She laughed, her eyes watching his testicles fill the cup of her palm. “See what happens,” she murmured.

“No pressure,” he said.

It made her smile. The whole conversation was ridiculous. She let his balls go, threw a leg over his hips, straddled him. Her face hovered over his, smiling sweetly. Her big, pendulous breasts swaying left and right, her nipples clenched to pink-brown buds. Their hands laced together on the deck above his head and she raised her sex till she trapped his tip in her opening. She sunk on him, both of them chuckling that he was so hard she could spear herself easily with his cock, neither of them needing to guide it with a hand.

“The whole thing has got my insides burning up, Tommy,” she whispered as she sat on him, taking all he had fully. “There were parts I like, too—I have favorites.”

“What was yours?” he whispered, smiling seeing her far-away lusty look hovering over him.

“Making him come.”

“Oh yeah?” He ground his hips against her bottom sitting on him.

“Made me feel good,” she moaned.

“Made him feel good, too, I think, Sook, his come went up on our roof.”

She chuckled breathily and squeezed his fingers between hers. “I know, I saw,” she said, “do you think he liked me? Liked what I did?”

He pumped his hips up and down now, both of them moving slowly and deliberately. “He’s dying to get you to Africa, Sook. He’ll do anything to fuck you.”

“Oh God, Tommy,” she moaned, squashing down on him, taking him deep and rocking back-and-forth like she was scooting across the carpet.

“Fuck him in Africa, Sook. I’ll be there. I want to watch. We’ll be so far from home.”

Her head rocked back and she let out a long croak; her breasts bounced as she hugged him.

“That’s it, Sook, picture it ...”

She made a high squeak, laughed, swallowed her lips then blurted them out. Her face pinched close. “God, Tommy, mm, how many times am I going to come today?”

Watching his wife come while she imagined she was with another man set him off, too, and they came together again. That was two goddamn times in a row now.

Dio was the best thing ever to happen to their sex life.

GPS

WEDNESDAY, AUGUST 23

TOMMY WAS defensive as soon as he saw the note on his desk written in Destiny's looping third-grade scrawl. He snatched it from his monitor. Told her before, don't stick things to the monitor. The note read: Dio wants to CU

He crushed the yellow paper into a tiny ball and tossed it into his trashcan. Now he stood with his hands on his hips, his eyes narrowed, looking past the glass wall that separated the sales desks from the company's owner's son. Handsome Dio, on the phone with someone, leaning back in his expensive leather chair, feet up on the table behind his desk that ran underneath the window that looked out over the Old Fourth Ward. Dio ran his manicured hand through his thick black hair, then gestured something as though he were making a point, his gold watch winking.

So, what did Dio Megalos need to speak with Tommy about? *Oh, hey, man, I know we're good friends, I know you're my best sales guy and all, but your wife is so fucking hot, dude. Those titties ...? I want to stick my dick in her. You cool with that?*

He was *kind* of cool with that.

But it was one-sided. He saw it only from Sukie's point of view. He wanted it for her. The fact that his own twenty-six-year-old boss was looking to stick it into his wife was beginning to irritate him. The nerve of this kid. Fuck, as much as he wanted it to happen, he'd prefer it if he had to *convince* Dio. Like maybe they would all get into the hot tub together, have just one or two drinks too many. Sukie's top comes off, and well, what happens happens, right? The way this was turning out, looked more like his

young boss was making moves on his wife. He grumbled, eyes burning laser beam holes into the crown of that arrogant prick's head.

"How's it hanging, Tommy?" Gene asked, pretending to swat him between the legs as he breezed past, not waiting for an answer just continuing on toward his desk with a hearty laugh, leaving the air redolent with drugstore cologne and the faint traces of a Number Two, Gene on his way back from the bathroom.

It got Tommy moving.

He wove through the sales desks, eyes tracking that office door, seeing the man who had tried to fuck his wife yesterday gregariously speaking into his phone with his feet crossed over one another, expensive dress shoes shining.

Didn't care that Dio was on the phone, he knocked loudly on the door. Three hard raps. Dio withdrew his feet, turned around and put his elbows on the desk looked through his glass wall to see that it was Tommy and held up a single finger. Just hold on a minute.

Yeah, just wait right there while I talk dirty to your wife; she's on the phone and she's so wet for me, Tooommy ...

Then Dio was waving him in, wagging his fingers even though he was still on the phone. Tommy entered, crossed to the chair in front of the boss's desk and threw himself in it. Listened to Dio wrap it up.

When he set his phone down on his fancy desk, Dio said, "You see the game last night?"

"No, I missed it. Was a little busy last night."

He was, too, wearing the skin off his dick. Giving it to Sukie five times before they fell asleep in bed together, his depleted balls shriveled up like raisins and his wife complaining she wouldn't be able to walk tomorrow. As much as he hated Dio right now, God, this kid was supercharging his marriage.

"You missed it, Tommy? You missed the game of the fucking season? Eleven innings, nail-biter. Bottom of the eleventh, your guy, fucking Sanchez, hits a dinger, home run, one on base. Can't believe you missed that. Fucking Sanchez. Anyway, Tommy, listen ..."

What? This guy had his friend's wife jerk him off, touched her wet snatch, put the huge head of his cock inside it, and he goes home and puts his feet up, watches the game?

Dio leaned forward, brows lowered, one up quizzically. "... You at the DoD yesterday?"

No, he wasn't. *Sorry, Dio, didn't make it. I was busy watching you try to stick that big dick in my wife.*

"Yeah."

"You went there?"

"I went there."

Now Dio leaned back, flicked his mouse so his monitor came on. He regarded something on the screen that Tommy couldn't see, said, "You sure?"

"Why would I lie about going to DoD? It was my idea. My commission."

"Hey, oh, Tommy ... it's not me, it's Becky in Accounting."

"What about her?"

"She can't find your mileage."

"My mileage? From yesterday? The fuck is she so on top of things for?"

Dio unbuttoned the cuff of his shirt and rolled up his sleeve, showing off a hairy forearm. "She's good at her job," he shrugged, working now on the other cuff. "Yeah, it's not me. Just, you know, she's got to do the mileage tracking."

Well, that was bullshit. Becky did the mileage tracking, all right, but she was never up to date like this. The day after?

Dio continued, "You got the GPS in your car?"

The sales team all used GPS trackers in their company leased vehicles. It mattered for some of the deadbeats, tracking their miles and making sure they weren't just jacking off in the parking lot at the mall or something. Tommy was a high roller and he couldn't give a shit about their GPS usually. For him, it just kept track of the mileage so Becky could sort out miles deducted for business use.

He said, "I took the Corvette."

"You took your Corvette all the way over to the DoD?"

Sometimes they worried about their high rollers showing up on calls with flashy cars. It was one thing to look successful when you went to visit private sector businesses, but public sector ...? Sometimes it was wise to hide the flash.

Tommy said, "Yeah, it doesn't matter. You park it in this big lot, nobody sees what you're driving. It was a nice day, I wanted the top down."

“Yeah, no, I hear you. You do that, next time, Tommy, just stick the GPS unit in your Corvette. You know we gotta keep track of the stuff for the fucking books, the fucking government.”

“What does it matter? One little day-trip.”

“Tell me about it. Listen, Tommy, I don’t want you to worry about it. I don’t want you to even think about it. You don’t have to flip-flop your transmitter from vehicle to vehicle. I’ll get you another unit. One for each of your vehicles.”

“GPS in both my vehicles?”

“You worried about invasion of privacy?” Dio smirked.

“Dio, I’m the top fucking salesman.”

“I know. You make bank. I don’t want you to have to worry about this shit. I’ll get it, put it in your car, you don’t have to ever worry about writing down your miles and all that shit. That’s good, right?”

“Whatever,” Tommy said. There was no point in arguing. They tracked him when he took the Mercedes. Didn’t usually use the Corvette for sales. Course, he didn’t use any car yesterday. Didn’t go out to the DoD.

It looked like Dio was worried about getting caught. He was looking to stick his dick in another man’s wife and he wanted to know where that man was at all times. When he had that big thing shoved up inside Sukie he didn’t want to have to look over his shoulder. This Dio was one crafty fucker.

The two of them sat across from each other, nodding, surmising one another. Vague smiles on both their faces.

Tommy said, “Yeah. Put a GPS in my Vette. What the fuck do I care?”

WHEN TOMMY GOT HOME, parking his Mercedes in between the Corvette on one side and Sukie’s X6 on the other, exiting the car and walking to the door that would lead into the house, he heard cheerful noises from the backyard. Instead of going into the house he opened the door to the yard, and the voices came clearer: his two boys, and Jesus, and some other exuberant little boy he didn’t recognize, and of course his beloved Sukie, all having a lot of fun in the pool.

He stepped into the backyard, saw his wife as she mounted the aluminum ladder that led up to a tall blue fiberglass slide that curled into their swimming pool. She wore a bikini, and she never looked better. The sight of her like this, so unexpected, was striking. It hit him just below the belly and he felt his penis give a twitch inside his pants.

His beautiful wife, her blonde hair pulled back in a ponytail—wearing a two-piece swimsuit, black bottoms and turquoise top—ascended the metal stairs of their swimming pool slide, some sort of net bag in her grip. When she crested the top, she shouted to the boys who were gathered in the pool below the slide: “You guys ready?”

Four young boys all shouted: “Yeah,” out of sync.

Sukie counted down from five. “Four, three, two, one ... here we go,” then she hoisted the netting bag above her head, dumping its contents down the slide while her breasts swung from side to side. Bright white ping pong balls clattered down the fiberglass, bouncing and boinging, some straight into the water, some down the slide, some escaping and landing on the concrete decking. She shook the bag’s contents out, spitting all the ping pong balls down the blue fiberglass.

“Go get em, boys,” she exclaimed.

Tommy put down his briefcase and folded his arms, leaned on the door that led to the kitchen. He watched this heartwarming spectacle in his backyard. Four boys clambering and splashing and fighting, trying to gather as many ping pong balls as they could.

At the top of the slide, Sukie encouraged them. Pumping a fist and yelling support, pointing out errant balls to the boys. Her breasts shook inside her bikini top.

Tommy groaned.

She caught sight of him, gave him a wave. He nodded to her and gave her a big smile. His beautiful wife.

Sukie climbed to the top of the ladder and sat with her tanned legs on the bright blue fiberglass, her eyes surmising the raucous play below. Tommy figured the more ping pong balls you got, the closer you came to winning. He wasn’t sure what the prize would be, but if it was a peck on the cheek while your head lay on Mrs. Travis’s knockers, he’d jump in the pool right now, push kids underwater, punch and kick until he had *all* the ping-pong balls. Course he might have his younger, bronzed Greek boss splashing around trying to get more than him. Pictured then Dio getting a

kiss on his head from Sook, then his hand grabbing one of her big perfect melons and giving it a squeeze like he was buying produce at the market.

Sook drew up her knees then backed down the ladder and crossed to the far end of the pool while Tommy strode to follow her, hands in pockets, smiling. The kids saw he was home but didn't give up their play, especially his competitive boys. They shouted out *Hey Dad!* but continued to splash around, grabbing up all the balls, depositing them in individual buckets each of them had on the deck.

Sukie was grilling burgers and hotdogs, smoke coming up from the barbecue. The picnic table had a red gingham cloth draped over it. There was Pepsi for the boys, she was drinking a glass of wine; there were snacks and potato salad, and as he drew near she said, "Perfect timing, Tommy boy. Dinner is almost ready."

She stood at the grill flipping the burgers with a long wood-handled spatula. Her skin was flawless, her flesh tanned and perfect. He looked at the scoops of her buttocks and the way her bikini bottom scored across her soft feminine flesh. Her back was narrow, the bikini tied in the center with long turquoise strings hanging down to her waist. If the boys weren't here, he would tug that string, bend her over and take her from behind while the grill billowed smoke in their faces. He got very close behind her

"Tom-my," she giggled. He pressed his crotch against her waist, rubbed the side of his penis on her. "Tommy," she whispered, but giggled again, not shying away, putting down the spatula and resting her hands on the stainless steel side table. "You bad boy. Didn't you get enough last night?"

He whispered, "I could never get enough of you."

"Ooh, Tommy, I like that," she whispered back.

She was in the mood. Sukie was in the goddamn mood. This was incredible. Their boys and their boys' friends horsing around in the pool behind them and he bet if he tried he could get her in the laundry room and bang her up against the washing machine. He began to swell in his pants and she noticed. Hands still braced on the barbecue table, she pushed her rump back against him and swayed her ass side to side, stroking along his erection running sideways under his suit pants.

He whispered to her, "Your boyfriend's onto me."

"My boyfriend?" she whispered back.

"You know, that guy you want to fuck behind my back."

She giggled again, and he loved the soft feminine sound of it. She gasped, "Dio?"

"Yeah, Sook, Dio. Your boy-toy, he's on to me. He's trying to shake me off his tail."

Her ass still brushed against him, and giving him a sly eye, she whispered over her shoulder, "What does that mean?"

"He has every intention of fucking you, you know?"

Her chin dipped down. "I can't, Tommy."

"He's not gonna stop trying. He's got it for you bad. So bad he's working at keeping me out of the way."

"What do you mean?"

"When he comes here for his massage, he wants to make sure your husband is nowhere in the neighborhood."

"Yeah?"

"Oh yeah. Yesterday he wanted to fuck you so bad," he purred near her ear.

"No," she gasped. He took a peek down her front and saw her nipples pressing out against the fabric of her bikini top.

"Yeah, Sook, he does. You're so hot he's trying to keep me out of the house. He can't wait to put that huge thing up inside your body."

"Tommy, no," she sighed, pressing her ass harder against his cock.

"Oh yes, Sook, he's putting a GPS in both my cars so he knows where I am. He wants to take his time with you and he doesn't want to be looking over his shoulder while he's putting it inside you, thinking I might come through the door and kick his ass."

When he felt her shiver, he laughed and stepped away, adjusting the erection he had so it wouldn't be visible. He popped a potato chip in his mouth and sat down at the picnic table.

He'd left her with goosebumps, and she was leaning her weight forward on her hands, her face hidden from him.

"Sook," he laughed, calling to her.

She looked at him slyly over her shoulder, just her eyes peeking over the bronze flesh. From her narrowed, gleaming eyes he could tell she was smiling.

"You're bad," she whispered.

TOMMY JR. got a back-rub from his mom while they all watched Navy NCIS together on the big screen in the home theater on the lower level.

Tommy watched Sukie's hands do their work.

They were all on the leather couch, Tommy J sitting on the floor with his back against it. Sukie dug her thumbs into his neck and collar while their sleepy boy watched. There were two emptied bowls of popcorn on the table. In Tommy's lap, Bobby slept peacefully, having checked out somewhere before the first commercial and falling asleep curled up against his dad.

It was a sweet and tender family moment, something that Tommy always cherished. But now he was consumed. Watching Sukie's strong, pretty hands work on their son, while just yesterday those very same hands had worked the large organ of another man. Worked it to explosion. Dio's semen had pumped out over her wrists and knuckles. That was the sort of thing that should drive him to rage—oh, and it *did*, he had that needle up pretty high, a lot of anger for his young boss right now—but facing it down was something bigger and scarier. Lust. He couldn't escape those images. Seeing his beautiful wife acting so sexual. Seeing her beautiful body with another man. When he was in the Army he had a girlfriend in Alabama—sure he was a younger man, but he was the same Tommy—and back then if he came back from Afghanistan and found her with some other guy...? Well, it wouldn't have been pretty. Now, his love for Sukie was approximately in the vicinity of ten-thousand times what he felt for that dingbat. Why, oh why then was he hounded by this desire to see her sexual without him? Though it wasn't *without* him, he didn't want that. He wanted to watch.

Sukie shook Tommy J carefully, waking him up, their poor boy drifting off while his mom rubbed his back. She whispered in his ear and Tommy Jr. nodded.

It was love. That's what it was. He *loved* her. He wanted to see her *completely*. He didn't possess her, didn't *own* her. She was her own being. And he loved everything about her. He wanted to witness her sexuality.

"All right, Bobby boy," he whispered to his son, shaking him awake as well. Tommy Jr. was standing now, holding his hand up for his little brother. Then their two little boys clad in their footy pajamas stumbled out of the family room up the stairs to the main floor, their thumping footsteps going up to their bedroom on the second floor. Sukie and Tommy both sat on the

couch smiling, faces turned up, ears attuned making sure their boys got to their rooms.

When they heard the door close up there, Tommy held out his hand and said, "Get over here." She fell to him, slumping and curling up next to his body in pretty much the same way Bobby had.

SUKIE LOOKED up to her Tommy and whispered, "We haven't talked about what this means."

He said to her, "What *does* it mean?"

She said, "What do we do now?"

He put his arm around her and she felt warm and safe with him. She curled her feet up to her rump.

"I don't know, Sukie. I still want it. But if you don't ..."

She sucked on her lower lip, idly watching the characters on NCIS. She lost track of the story. Lost track of her own story, too. What *did* she want? She thought she was pretty sure she could go through with it yesterday. She messed it up. Tommy was watching, everything was safe, and it turned out Dio was definitely into her. Maybe that's what was frightening her. If he hadn't been so interested, maybe it would've been easier. She could tell he was a little *too* into it. *Wasn't that a compliment?* She said, "I'm not saying no."

Tommy said, "I know. But, listen, it doesn't look good now. He doesn't want me around. And he's watching me. I hadn't seen that coming, but boy does it make sense. He's gonna check my GPS before he comes here. And if he sees my vehicle moving, he probably won't make a move with you."

"This is getting too complicated anyway, Tommy."

"I know, right? I mean, I could grab a cab, head back here without my vehicle, he might not be any wiser. There's a way around it. Maybe take your Bimmer."

"You see," she said. "Too cloak and dagger."

He shrugged, said, "Not much more than me hiding the camera."

"I'm still mad at you for that," she whispered. She was, too, but she just didn't have the energy to do anything about it. What was done was done.

After a while, Tommy said, "I don't know ... what if you try something else?"

"Like what?" she asked, scratching her itchy cheek by rubbing it on her husband's chest.

"I don't know ... have him come here, like, on a Friday night. You know ... maybe end up in the hot tub ..."

"In the hot tub? Like all three of us in there?"

"Yeah, I don't know," he said, thinking, picturing it. Then, "I don't like it."

She said, "What's wrong with it?"

"I'm not sure," he said. "I just don't like the idea of encouraging him while I'm sitting there. You know? ... Does that make me look weak to him? You know what I mean?"

She patted his stomach and chuckled. "You macho guys are all so weird."

"Well, whatever. Makes me feel funny."

"So you want him to think that his friend's wife is cheating on him? That makes you look *less* weak?"

He hummed, thinking still, and staring blankly at the TV. "Yeah, it does. Because it's *you* doing it. You know what I mean? ... You're strong, you're making a choice."

"An independent woman," she stated boldly and then laughed.

He squished her in his arm, said, "Sounds stupid, right?"

"It does sound stupid. But I think I get it. I'll tell him you satisfy me, but ..."

"So what do we do now?"

"I don't know—I just told you."

"I mean about his appointment."

"Oh."

She said, "He's coming tomorrow."

"I don't think I can be here," he said.

"It's up to you what you want to tell him," she said. "What if I want him to come?"

"That's up to you," Tommy said and she felt his body tense a little.

She said, "I want him to come," wincing at how that sounded.

"That's fine, Sukie. You can't fuck him."

"I know, Tommy. Africa, remember? That should keep him at bay."

“I mean it, Sukie.”

“I won’t, Tommy. I swear I won’t. You know how I feel ...”

While they watched TV her husband’s hand slipped from her ribs, up to cup her breast. She put her hand over his. He worked his thumb over her hardening nipple and it got her smiling. But she turned to him and said, “Tommy, I can’t.”

“Why not?” he asked.

“I’m so sore. Aren’t you sore?”

“A little,” he said.

She rubbed a hand below her stomach, said, “You fucked the shit out of me, Tommy. You don’t have a great big Dio cock, but you’re not small.”

It made her husband groan. She smiled, feeling good giving the man she loved that compliment and the tease he seemed to respond to, and cuddled herself against him tighter and they watched the rest of the show.

WHAT NOW?

THURSDAY, AUGUST 24

TOMMY TEXTED her from the office telling her Dio had left at lunchtime. Tommy said there was nothing indicating Dio wasn't going to the house. Still, she waited nervously.

She sat on the lounge in the backyard, next to the pool, her oil prepared, the massage table ready for Dio if he showed. She wanted him. Wanted him as a client. Two days a week, and he was easy. Not just easy, she hated to admit it; she *enjoyed* touching him. Enjoyed rubbing those muscles, seeing his bronze body on her table. It was thrilling. She felt that way before Tommy ever told her of his fantasy. Before she ever agreed to approach the idea of having sex with another man, she had enjoyed her time with Dio.

Now she was up and pacing again. It was getting close to the time that he would—

She heard it then, an exotic car rumble. His fancy Italian sports car. He was here.

She darted into the house, stopping in the hallway to check her reflection. She was washed, and cleaned, and preened, shampooed and conditioned, hair pulled back in quite the perfect ponytail. Just the slightest touch of makeup. No foundation, didn't really need it. Just a little touch of gloss on the lips. She didn't like to wear makeup when she might sweat; it wasn't a good look. It was a hot one out there today. She wore a revealing and tight T-shirt, and short shorts. Her flip-flops clapped as she made her way to the front door and peeked outside the beveled window set in it.

Outside, Dio was getting out of his hot red sports car. He stood in the driveway, stretched, closed his door. He was looking good. Tall, dark, and

handsome. He was a scorcher. He wore dress pants but not the suit jacket, his dress shirt but no tie. The collar was open at the neck. He sported sunglasses and a cocky smirk. She adjusted her clothing once more, tugging down her T-shirt so her breasts pressed against it, and opened the front door.

Two steps out onto the brick patio, she leaned against the white portico column. Dio walked along the garden and spied her. He stopped and watched, and she slumped against it and acted as cool as she could. He stood now with the shade of the house flashing across his waist, his upper body lit with warm sunshine. He smiled, showed off his white teeth.

She smiled now, too, said, "Thought you might not show up."

Dio put his hands on his hips and his smile went wider. "Not show up? I'd have to be crazy not to show up."

"Well, come on inside then," she said, nodding her head toward the front door. She eased herself from the column, arms folded across her bosom, walked in ahead of him listening to his dress shoes clop in the hallway. She led him through the house, out into the sunshine of the deck, and he followed until they were both standing by the pool next to the massage table. He was eyeing her again, certain confidence twinkling in his eye. He began to unbutton his shirt.

In that moment, she felt the spark in her again. With the spark came a thrilling knowledge she *could* sleep with him. Not today, obviously, she agreed not to do it without Tommy, and Tommy was not home today. But she *could* do it. She could do it and it would be fun.

She crossed the deck to stand next to him and put her hand on his wrist. She said, "Not today."

"No massage?" he said with a smirk, his shirt open and revealing to her his masculine chest.

"You know what I mean."

"Sukie, I'm just here for my appointment."

"I'm sure you are," she said.

He smiled smugly.

She said, "I *want* to see you. I want to *keep* seeing you here. But I don't want to ..."

Dio said, "Whatever you want for now, Sook."

She smiled and stared up into his eyes for too long a moment. It gave him too much. Gave him that fuel that fired up his confidence. He was practically sneering now. And while it was something that should make her

mad she felt herself get a little wet. She pressed her thighs together and kicked the flip-flops off, pressed the sole of one foot over the top of the other, pinched her flesh with her curled toes. She said, "Okay. Let's do this. Go get changed."

"The massage?" he said, still smirking.

She smiled warmly, fastening herself with some false bravado, said, "Just the massage, Dio."

WHEN DIO ROLLED over onto his back so she could rub the muscles in his legs he was already aroused. Not just semi, but fully engorged. He saw her look at it.

The massage had started as normal, only this time Dio spread the towel on the table and lay himself on it without covering up. She'd rubbed his back, the whole time peeping down at his bare and perfect rump. Rubbed her fingers into it, worked the kinks out of his glutes. He had a perfect ass. Round, firm, pert. She'd sculpted it with her oily hands and enjoyed it. Given what they'd done already it was nothing. It was probably what had made him hard because she knew *she* felt something while she'd done it. But working the glutes was *real* work, a *real* massage, not foreplay.

But now he was on his back, no longer modest or polite, revealing his fully erect self to her. How did she think she was ever going to return to some semblance of a professional relationship with Dio?

He was so fucking hot. That thick black hair, that dense hairline, strong jaw, piercing black eyes ... *regarding* her now. Catching Sukie with her eyes on his most intimate place.

How could you not notice it though? It was huge.

She liked that confidence in his eyes. Very sexual. It did something to her. Dio knew he had a huge one. Knew it and loved it. She could see it in the twinkling under his long black lashes. The lecherous curl of his uneven smirk. It was the look that said he recognized that this woman liked what she saw. She was embarrassed that she *did* like what she saw.

She broke the moment, walking to the other side of the table, dipping her fingers in the oil. Struck them together, wove them through each other, getting her fingers slippery again. Dio raised his arms and laced his fingers behind that lustrous head of hair. He turned his face to the sun and closed his eyes. He would just let whatever happened happen. He'd presented her

with his arousal and his beautiful body and the knowledge he wanted her; the ball was in her court.

Sukie dug her fingers into the muscles of his thigh, running from above the knee and up to where they engaged at his hip. She was twisted with disappointment she had no reason to touch him. He was already hard, and she didn't need to move his manhood out of the way. No reason at all for her to put her fingers on it. She worked up and down, watched his erection bob with his heartbeat. After a long while, rubbing now the other leg, her eyes going up and down this other man's arousal, she felt an odd displeasure. Why *did* she change her mind yesterday? It complicated things greatly—she wanted them to be back where they were. Wished right now that Tommy was in the kitchen, watching her from the window, urging her on. She would do it *today*. If Tommy was in the kitchen, she would do it today.

And then her hands were on Dio's hard cock. Without even thinking about it. Just like that very first day when she'd seen what she thought was a penis—but didn't believe it—and her first instinct was to run a finger on it. Did it without hesitation.

The pads of the fingers of both hands ran up the underside of his erection. Slipped the oil up his shaft, ran the tips of her fingers over the hole. Dio wriggled on the bed, obviously liking her touch. His cock flexed and bounced with his movements. She gripped it, wrapped her fingers around the shaft, forming a fist that wouldn't quite close. She stroked him easily, from base to tip. Her other hand joined in, the pads of those fingers sliding low and swirling over his testicles, lifting them, cupping them, massaging them. Both hands moving, one stroking, one fondling. Dio arched his back and groaned. He was like steel in her hands.

He sighed and flexed his hips, swelling his cock in her grip. He moaned, "Up to you, Sook." Didn't even open his eyes.

She didn't answer. Her hands kept up a steady stroking and her mouth went dry. Dio let her jerk him. She got wet between her legs. Enough that she felt an overflowing. A sticky spate spreading and soaking into her panties.

Her breaths came faster. Her mind reeled at her badness. A certain anger there, too. Lust over top, for sure, but a little offended that he wasn't as reciprocating as yesterday. Wasn't sitting up wanting to touch her, wanting to fuck her. That's what she wanted. She liked that. Then again, she also

liked the feel of his hard cock in her hands. She didn't want to reciprocate today, anyway. Knew she wouldn't. Loved Tommy too much.

The movement of her hand got faster and faster. She watched that thick foreskin slip up and down, watched that deep hole set in the cavern of his meatus, waiting to see his eruption. Her breath came quick now, like his, knowing he was close, seeing clear excitement begin to seep from him, making her grip on him even slipperier than with oil alone. She squeezed and pulled on his balls. Then she jumped, feeling the touch of his hand very high on her thigh. She gasped, an audible high feminine sound. It was way too encouraging a sound. But she wanted it. She *would* spread her legs for him today. But she *couldn't*.

Dio said, "You know what you're missing?"

"Yeah," she gasped. *Yeah?* Her eyes moved from his big, beautiful cock, went to his equally beautiful eyes and found him watching her. Laying back on her massage bed was the most gorgeous man a girl could imagine, and he was hers to play with. But with Tommy not here, she couldn't do the one thing she now ached to do.

"Climb up, Sook. Get on the table with me, put your legs over my hips and ride it. You want to." He said it with a lopsided smile, his eyes lowered, narrowed by the brightness of the sun.

"I have self control," she said with haughty confidence.

"Why?"

She chuckled, her hands still going up and down his slick hardness, and she rolled her head back and groaned, looked up at the sky. Dio's hand stroked the back of her leg, pushed up her ass cheek and slipped under the trim of her shorts.

"Why, Sook?"

"I want to wait," she said, and now she met his gaze. "In Africa."

Another uneven smile from him as he studied her. "We're going to set that continent on fire." He let his eyes stay on hers and she felt a thumping low in her tummy and she wished their trip wasn't so far away.

When he removed his hand she felt saddened, missed his touch. He laced both his hands behind his head and continued to watch her. She considered asking him to touch her again, but she knew her control was a slippery thing right now and if she ended up on her back with Dio between her legs she would never recover, never forgive herself.

The stroking of his cock had grown slow and clumsy, and her hand job seemed such a distant cousin of what her womanhood ached for now. But she liked her hands on his cock. Loved his size, loved the way his skin rippled under her touch. The plump ring of his enormous cock head blipped as her grip moved back and forth over it and she liked to watch his urethra pucker and pinch under his foreskin. She stroked faster, said, "I want you to come."

He said, "You want that?"

"I want to watch you come."

His tight stomach bounced with a silent laugh and he smiled wide, deepening his dimples. He said, "Hey, Sook, you like my cock?"

"Yeah. It's so big."

"Bigger than Tommy?"

"Yeah."

"Tell me."

She grunted at this salacious thrill, this badness. Her toes pinched the foam bed of her flip-flops and she squeezed her thighs together. "You're ... you're bigger than Tommy."

In a low growl, he said, "I can't wait to have it inside you."

"Me, too," she whispered. "It's going to feel so good."

"That's it, Sook, yeah," he said and his hips thrust. His cock trembled in her grip, the sides bulging out hard. "Tell me you want it."

"I can't wait to have your perfect cock inside me, Dio, it's so much bigger than my husband's," she said, then wished she could take it back. It was too late anyway because Dio was bucking his cock through her hand; she could feel that column inside flex, then felt the heat spurt from him, splash over her hand, heard it slap on his belly. He was coming. And it was like she was coming, too. An enormous relief washing up her back, flooding over her shoulders, she gasped and heaved heavy breaths. Pulse after pulse, some launching high, some at low angles. Her hand still stroked, nice easy comforting motions until the white pulses slowed. She watched a long, quivering white stream stuck to his tip cambering in a string connected to his belly. Her head dipped forward, and she scrunched up her face, hiding her expression, feeling embarrassed.

She groaned, "Oh my God, I didn't think I was going to do this today."

Dio took one of her wrists gently. He sat up, she opened her grip and let his cock fall. He said, "I'm glad you did. Glad you can't help yourself. I

like a woman with no self-control.”

She slipped her wrist from his grip, turned and rubbed the back of her wrist into an eye socket. “God, I can’t believe I did that. And I *have* self-control, Dio.”

“You say so. It’s okay, Sukie. I liked it.”

She said, “Well, I know *you* liked it. I still feel crazy. I’m married. Married to your friend Tommy,” she said. Somehow bringing Tommy up made her feel better. “I woke up this morning and promised myself I wouldn’t do *anything*.”

Dio was agile; pivoting, sitting, then he was behind her, standing, putting his arms around her. She was torn, the paradox splitting her—liking the embrace, feeling a sensual urge, but also wanting to squirm away from him. She was *married*.

She stayed still and let him hold her. He was naked, his semen spattered on his belly. It must be seeping into the back of her shirt. Still, she didn’t pull away.

“That makes it *better*, Sukie. That shows you how *right* it is. Your body wants it so bad even though you know you shouldn’t. I can tell you I’m worth it. I’m fucking worth it, Sook, believe me.” His hands moved on her, up her stomach and over her breasts, his hips gently pumped her from behind and she could feel his hard arousal against her back. Then his voice was very near her ear, a deep masculine rumble. “I know *you’re* worth it. You’re worth the trouble, worth the danger.” He bit at her ear and it made her gasp. Her already hard nipples tightened painfully and his palms pressed against them, relieving their petulant charge.

She folded her arm behind her back, her hand finding his scrotum and palming it, handling his big eggs. His scrotum was tight, his balls swollen with his young manly seed. She wanted to know what it would feel like to have him ejaculate inside her, she—

With an instant of strength she turned in his grasp, fell away from him and leaned her ass against the edge of the massage table. “Oh my God, stop, Dio, please ...”

“It’s three weeks to Africa, Sook. Three weeks me coming here and having your hands on me. We’re going to die if we don’t do it.” He gave her a confident smile, leaned close and pinned her to the table with his hands on either side of her.

If she looked in his eyes, she would be done; she would be on her back, clawing his back and his ass, urging him to fuck her harder. She looked low, saw his arousal, looked lower. She swallowed, and it felt like her throat had constricted. She swallowed again.

“Africa,” she said.

He surmised her, head tilting from side to side. “You can be a good girl that long?”

It made her smile. She said, “As long as you stay on the table.”

With his hands showing surrender, he eased himself to stand back from her, his cock wagging between them. They stood like that, two feet apart, not saying anything for a long moment. She turned and retrieved a towel from the table then draped it over his cock. The weight of the towel pushed it down, and it pointed straight out at her, white terry hanging down on either side and almost touching the deck. She tried not to smile.

Now she sighed, shuffled a little closer, and she used the towel to squeeze him, pulling on his balls and drying them. It felt even bigger when you handled it through terrycloth. She wiped up his belly where he’d sent his seed.

She whispered, “And don’t you dare ...”

“Dare what?”

“I don’t know. Offer to *pay* for that. I’m a professional. I’m a real masseuse. *That* you pay for. Nothing else. The other thing?—I don’t *ever* do that. I did it today because I wanted to.

His chin rested on the top of her head and he swayed with her while she still dried him with both her hands.

He said, “I wouldn’t dream of it. And I *don’t* pay for sex.”

“You don’t have to,” she said, still afraid to look up in his eyes. She could’ve been swept up in this today. It was close. It felt good to be in his arms. Why *had* she resisted yesterday?

“You going to do this to me every appointment before we go to Africa?”

She stopped, held him. “I might. Is that okay?”

“Of course it is. I want more.”

“I want to do it. I like to do it with my hand. But I can’t do more than that. Not till I’m ready.”

Dio pushed the towel out of her hands and it fell to the deck between their feet. His bare cock bounced up, and she stared. She said, “You’re still hard.”

“I don’t want your hand now.”

“No?” she asked, putting her hand underneath his cock and running it back and forth.

“It feels so fucking good, Sook. But I want your pussy. I want to be inside you and feel your ankles against my neck.”

“Hoo, hoo, Dio, oh wow. No way,” she laughed, feeling a feverish flash prickly her cheeks and ears. She let his cock go and stepped back, both her hands up and gripping the sides of her neck. Every minute with him brought her closer to making a mistake.

He was looking at her and she felt her nipples clench tight again. She lowered her elbows to cover them up.

He said, “You want me so bad. You don’t want to do it here, we don’t *have* to go all the way to Africa. Come to my penthouse. You’ve seen my place. You got my number, call me *anytime*. Middle of the night. Meet me in the city, I’ll get us a suite at the St. Regis.”

Her eyes blinked, and she struggled with what to say. A guy standing here on her deck, naked, looking like a model out of a magazine. Tempting her, luring her to badness. “Don’t,” she laughed girlishly, “God.” She sighed, feeling embarrassed. Her pussy ached. “Please, go get in the shower before I make a big mistake.”

“One kiss.”

“Go get changed, Dio.”

“Come in the shower with me,” he said and held out a hand. “We both need to get cleaned off. One kiss in the shower, Sook.”

“Dio,” she said, exasperated, rolling her eyes. She put her hand in his.

TOMMY HAD BEEN TRYING to get it out of her. She was a squirmy little thing today. Teasing him. That was all right, he like to be teased. He brushed his teeth standing next to her, pretending to glower at her in the mirror. She was pretending to ignore him.

He’d texted today after lunch time, asked her how it went. That text went unanswered. So did the ten others he sent in the afternoon. She was there; he saw she had read his messages. Wouldn’t answer direct questions, but she later asked him to pick up a few things from the grocery store on the

way home. She was being coy. Home then, he found her and the boys in the backyard, grilling steaks for dear old dad. They had a nice dinner out on the higher deck, sitting at the picnic table. They all retired to watch TV before the boys went to bed. Every chance, he whispered into her ear: *did anything happen?* She shrugged him off. Then another time: *he showed up, didn't he?* No answer. Just before the boys went to bed he told her: *you're killing me.* She smirked. When the boys went to bed, she went along and tucked them in. Now here he was standing next to her very close to the truth. It *was* killing him. The fact that she drew it out so long was telling him something: nothing happened. Dio came, she rubbed his back; he left. She was making this fun, and he liked that.

He spat out the toothpaste into the sink, filled a drinking glass with water, rinsed, spit that out. He shut the tap, wiped his mouth on a towel and regarded her. Their eyes met. She didn't shrink from him, and there was that maddening smirk again. It was uneven and unsure. He said, "Nowhere to hide now, Sook. What happened today?" He intended it to be funny, but it came out sounding a little menacing. She seemed to recoil from his words.

Sukie spat out her toothpaste and rinsed, didn't stay, edged herself behind him to get out of the bathroom, walked into the bedroom. When he joined her, he found her sitting on the edge of the bed. Her posture told him something he didn't like. He started to worry she had something bad to tell him. His eyes started to twitch with red rage thinking that Dio convinced his wife to spread her legs for him today. "Sukie, what happened?"

She spoke to the carpet, saying, "He came. Dio came today."

"I know. I thought he did."

"Right," she said.

When she took too long to continue, he prompted her. "And what happened?"

"I gave him his massage," she said.

Stepping a little closer, he reached out and brushed the hair back from her face. She turned her eyes up to him, they were icy blue and trembling. He said, "Did something happen?"

Without averting her gaze, looking right into his eyes, she said, "Something happened."

He thought he'd be mad, but the anger fell away. There was disgust, images that he shouldn't like (but did) flashing behind his eyes. His throat went dry, and he had to clear it before he said, "What did you do?"

She breathed for a moment, her mouth held loosely. She said, "I didn't fuck him, if that's what you're thinking, Tommy."

"Okay," he said. Waves of relief throbbed from his heart and prickled the skin on the insides of his tightened forearms, making his fingers twitch.

"Come lay up on the bed," she said, patting to her left. He got on the bed on his knees, sat down next to her. "Lay back," she urged him, putting her hands on his shoulders and guiding him to put his head on the pillows. Now he lay flat on their bed, his eyes watching her, waiting desperately to hear what she had to tell him.

She hid her face for a moment, tucked it toward her armpit and he could see her features scrunch up. She rubbed her chin on the strap of her tank top, then looked at him. She said, "I hope you're okay with this."

"Okay with what?" he croaked.

"Well, I was giving him his massage," she said, now curling her fingers into the waistband of his pajama pants.

"Yeah?" he said, suddenly liking where this was going.

"So, I massaged him, his back, his front ... Like you've seen me do."

"Okay," he said, getting his hips up off the mattress so she could pull his pants right down to his ankles, her gaze drifting between his legs as she crawled over him.

She said, "And this is pretty much how it ended up."

"Oh no, Sukie, what did you do?"

"I think I might've been bad," she whispered. Now he pictured her over top of Dio like this. Sucking on his balls, stroking him off, her little thumb swirling over the guy's big cock head. He ached for her to touch him.

She did, sliding a hand up his thigh and encircling his erection. She said, "I didn't think I was going to do it. Didn't anticipate it at all."

"Do what?"

"This," she said and began to lightly stroke him.

He groaned and flexed his stomach and his hips, writhing on the bed underneath her. "Oh no, you didn't."

"I did, Tommy," she said.

"You bad girl," he whispered.

"Are you mad at me?" she said, stroking a little faster now.

"I'm so mad at you," he whispered. Surprised to find out that he *wasn't*. "You jerk him off?"

"I made up my mind, Tommy," she said, watching her hand stroke him.

He said, "About what?"

"I want to keep him."

"You do?"

"I want to keep him coming. Keep him as a client. I don't care what you say."

He groaned again, writhed more. He *loved* her defiance. "You don't care what I say?"

"I have to have him, Tommy. I think I made a big mistake not fucking him on Tuesday."

"Holy shit, Jesus, Sook," he said, and now he pumped clear liquid excitement into her fist and she jacked him quickly with it.

She was smiling, watching his size in her hand. She said, "Tommy?"

"What?" he groaned, making fists and thrusting them up under the pillow that his head lay on.

"I like doing it."

"Like it?"

"I really like jerking him off. Is that dirty?"

"Are you serious?"

"I'm not kidding, Tommy," she said. "Am I ... gross?"

"Shit, Sook," he said, feeling like he was going to shoot it up in the air in about two seconds. He sat up quickly, shoved his hands up into her armpits. She gasped, her hands coming up to protect herself, but he hoisted her up, threw her further down the bed so she landed on her back. She bounced once, and he was already over top of her on all fours. "Tell me again," he growled, and he lowered his hips until he felt her heat against the tip of his cock. He yanked her panties aside and put his tip against her bare pussy. Then, shocked, he whispered, "Holy shit, Sukie, you're so fucking wet."

"Put it in me, quick," she said.

"You're not too sore?"

"I need it so bad right now, Tommy. Do it."

He slid himself deep, all the way in one swift stroke. Her pussy made wet sounds around his size. She moaned.

He reminded her: "Sukie, tell me more."

"You're really going to let me fuck him?"

"Yeah," he grunted, humping into her faster, eager for his own release and not worried about her pleasure right now.

“God, Tommy, he’s so gorgeous.” Her nails raked his back.

“Can I even stop you now?”

“I’m going to fuck him, Tommy, I’m going to fuck Dio. I’m going to Africa with you, and you’re going to watch me.”

“I’ll watch you, Sook, I can’t, mm wait, ah ...”

“I almost fucked him today, Tommy ...”

“No, Sook, no ...”

“God, Tommy, he got me so wet, I swear I almost did, baby, I could barely stop myself ...”

“Don’t you dare, you little slut ...”

“Oh fuck, mm, Tommy, harder, baby, harder ...” The bed began to squeak and rock underneath them. “You’re just lucky I love putting my hands on his cock, God, so *lucky* that’s enough for now ...”

“Tell me, tell me how you like it ...”

With a breathy voice she whispered near his ear. “I love jerking him off, Tommy, I love the feel of that huge hard cock in my hands ...”

“Mm, fuck, Sook,” he said, his eyes squinted hard.

“I love how big it is, I love his perfect cock, Tommy. I love his foreskin, the way it glides ...”

“Jesus,” he sighed, reeling, feeling his consciousness get very white and foggy. He pounded his hips faster and faster.

“I love to watch his stomach flex when he comes, Tommy, I like to watch his fucking face when I do that to him. I love to see his thick white loads burst out of him, love it when he shoots it far, oh ah, mm, Tommy ...” She squealed, her own dreadfully dirty words bringing her orgasm, and he pounded her faster and harder to catch up, both of them roaring and grunting as they came together, their hot bodies slick with sweat and twisting against each other, husband and wife both fantasizing about her lover.

BREATHS COMING LOUD AND HEAVY, they both lay with their heads at the foot of the bed, on top of the covers. Tommy’s arms were like lead, and he struggled to pull his pajama pants up, his face stuffed in the sheets while he groaned. The orgasm still swirled in the corners of his mind.

“Holy, ho, wow, Tommy,” Sukie panted. “This kid is setting our sheets on fire.”

He chuckled, and twisted till he was on his side. Sukie lay next to him, chest heaving, flat on her back with her bedclothes on, her panties still hiked to the side and her shaved pussy showing. He'd left it shining with wet. A mixture of his seed and the product of her excitement, set off by Dio. She wasn't lying about this younger man setting their sex life off like fireworks. It was just one brilliant phosphorescent explosion after another. Here they were again, basking in the brilliant light of cascading sparks.

Hand running down her tummy, he slipped a finger through the panty leg and straightened them for her. She rested her hand atop his. Both of them lay there catching their breath, him watching her as she looked up to the ceiling.

He said, "You serious? You almost fucked him?"

She nodded.

"Don't do it, Sook."

"I won't," she said. She finally looked over to him, smiled. She ran her hand through his hair and looked in his eyes.

"How close did you get? Did you kiss him?"

"Once," she said, lowering her eyes. "I only jerked him off, I swear. One minor kiss, and I went into the shower with him, but I got out before I took off my clothes."

"He's a real fucking asshole," Tommy said, picturing that scumbag kid fucking around with his wife while Tommy was at work. Jesus, though, his cock was getting hard again. He pictured Dio treating Sook the way he talked about the Hooters waitress. Getting her on her knees to suck his cock in the alley, running his big dick through her tits and Sukie loving it, so happy to be with a man like him, begging for him to fuck her. He shook his head and laughed. She slapped his cheek and laughed too, probably having a good idea of why seeing as she might have her own host of dirty thoughts.

"He's a rich fucking asshole, with a beautiful face, a hot body, and an enormous dick."

"Oh wow, Sook," he sighed, closing his eyes and turning away from her.

Cheeks pinched in her strong grip, she turned his face back. She said, "Jealous?"

He met her eyes, said, "I love it, baby."

She smiled. "This is a dangerous game, Tommy," she said, "but I like it."

MEETING

TUESDAY, AUGUST 29

TUESDAY, late afternoon, Dio called an impromptu meeting for the sales team and Tommy wished he'd been out on a call. He sat with an elbow on the conference table, sunglasses up on his head, twelve of the guys and four of the gals from the sales department dotted around the sides. Dio was up front and had a squeaky marker moving across a whiteboard. He'd been to see Sukie earlier today. While Dio talked, all Tommy could think about was around an hour and a half ago his own wife probably jerked this guy off and made him come. Probably cleaned him up, giggling and laughing, enjoying herself.

I like doing it, Tommy.

What he couldn't get over was that Dio could be standing up in front of them all right now after letting his top salesman's wife do that. It was starting to stick in his craw.

Dio said, "So that, people, will put us going into the fourth quarter *here* ..." and he showed where he'd drawn a red peak on a graph. "... We dump all that dog shit, pack it in till the end of the quarter, and look what happens here ..." Now he pointed to a green spike he'd drawn. "And that's where I want it to be. But that means we gotta knock off the cold calls temporarily. I want you all to ..."

Tommy fidgeted. He had trouble paying attention. This was all boiler room bullshit and Dio could stuff it. He wasn't a team player and he could give no fucks about quarterlies, only commissions. He had one leg crossed over the other, ankle resting on his thigh. The foot that was on the floor was bouncing a mile a minute. He got the table shaking and had to stop himself.

In his left hand, held near his crotch, was his iPhone. He was awaiting Sukie's text in response. He'd sent the message:

Tommy: you do that thing today?

And she'd let him twist for a few minutes now.

Dio pushed the whiteboard aside, rolling it on its wheels to reveal another board just like it waiting behind, this one drawn with a whole new set of graphs. Fuck sake, he wanted out of here.

His phone vibrated, and he read Sukie's response on the screen, phone held close and protected by his knee.

Sukie: what thing?

Tommy replied:

Tommy: don't be coy

Now she had him waiting again. Saw the little dancing dots indicating his dirty wife was coming up with something to say.

The message came.

Sukie: yeah, I did. Why?

He groaned, drawing a glance in his direction from Gene. He shook his head like he was dealing with shit on his phone. *And he was.*

This time he texted more clearly:

Tommy: you jerk him off?

Sukie's dots flashed again, stopped. Then nothing. He waited a full half minute before they started up again. Once more they stopped, and he wanted to smash his phone right now. Dio was still talking, drumming the sales team up. New strategies, new directions. Jesus, guys, if you need to be motivated you're dead in the water. All Tommy could think of was that big

pipe down Dio's pant leg that his wife jerked off this afternoon. His eyes narrowed, studied Dio as he talked. Sleeves rolled up, showing his hairy arms and shining gold watch, he had his hair slicked back. No suit jacket in the office, just his tight suit pants and crocodile belt. The guy showed a bulge. His slim suit pants showed off the guy was packing. Not exactly how much he was packing, but enough to get a lady's eye.

"Right, Tommy?" Dio said.

Tommy's eyes jerked from his boss's crotch and to the sales team watching him from points around the table. He said, "You got it," with no idea what he was agreeing to.

Did Dio think it was all a big joke? This thing he had going with one of his guys' wives. Guy he called a friend, letting the guy's wife do that to him. Didn't even seem to have a glimmer of remorse. Fuck, probably got off on that part of it, too. Not just the hand job but the charge of getting one over on old Tommy.

His phone buzzed, and he flipped it to read the screen.

Sukie: I jerked him off. I told you I would. Told you I love it

Tommy: did he come?

Sukie: of course he came

Sukie: I'm good at it

What a stupid question. So now it was confirmed. I mean, he already *knew* it, but now it was confirmed and he rolled his shoulders, flexed his neck, head twisting from side to side as he had to listen to this arrogant rich kid fuck go on about nonsense. Tommy didn't need strategies. Knew what the fuck he was doing.

His phone vibrated again.

Sukie: sorry Tommy out of the shower now. Had a date with my wand

He huffed with a laugh, not sure if she was joking.

Tommy: feel better now?

Sukie: Dio gets me so fucking hot. I want to fuck him so bad

“Jesus,” he sighed, hunched over, his stomach almost cramping. This little minx was going to get *bent over* when he got home tonight. The room was quiet, and he looked up to see faces turned to him, see what was wrong with him.

His phone burred in his hand and despite eyes on him he checked it.

Sukie: you alone? Want to see something?

He gave her a thumbs up, his hand shaking.

Dio was coming his way, saying “... And this guy. This guy right here,” moving behind Tommy and putting his hands on his shoulders and squeezing and shaking him. Tommy pressed his phone screen down on his thigh, knuckles white with tension. “Love this guy. Second place to this guy,” Dio said, “next quarter gets a new 10K bonus I’m putting in place one time only.”

Tommy’s phone buzzed again and his heart leapt. He was dying to see what she’d sent him now, wanted even to risk looking while Dio was over his shoulder even though he could sense Dio watching his phone, too, having heard it vibrate.

There was an appreciative round of applause, some of the sales guys elbowing each other at the prospect of bagging the bonus. Above him, hands still on his shoulders, Dio explained how the bonus would work, laughed that this was one bonus Tommy wouldn’t take from them, so they oughtta hustle. Fuck sake, he wanted to see what his wife sent him. He waited Dio out, but this meeting wasn’t going to end. His leg was jumping, his ass was dancing in the seat. There was a chance he might yell out.

As soon as Dio’s hands left his collar to rest on the back of the leather office chair, Tommy stood. He clutched his phone to his chest to hide the screen, said to Dio, “Gotta go, gotta take this,” nodding his chin to his chest.

“Sales call?” Dio said.

“What else?” Tommy said as he was already hustling out the door and into the hall.

“You’re gonna miss the best part,” Dio said, but it was too late and he was already down to the corner where the hall met at a T, slipping around where he couldn’t be seen and putting his back to the red brick wall.

“Jesus, Sook,” he sighed, eyes turned up to the skylight above. When he was prepared, the sound of his thumping heart slowing a little, he took a breath and flipped the phone so he could see the screen. “Oh wow,” he laughed.

Sook had sent him a picture. Close up between her legs, he could tell she sat on the edge of their bathroom sink. Her pussy was bared, and he could see her flesh and the insides of her tanned thighs reddened by hot water. She wasn’t kidding about masturbating with the shower head. Her hand was in the shot, her wedding ring visible as her fingers parted her labia and showed her husband what a bad girl his wife was. Her sex was lively, engorged, her insides showing a shine he knew wouldn’t be water. Knew if he could reach out and touch it right now he would find her slick and slippery and eager.

He groaned and laughed, bent over with his hands on his knees. It was three hours before he was home. Three hours before he could do the things he wanted to do to that hungry little pussy. He could dip into the can and jerk one out, save his afternoon since he had so much to do. Shit, he wasn’t a guy who masturbated at work.

He flipped the phone again to look at his wife’s dirty picture. He wagged an index finger at it, threatening it, knowing he would punish it later. He adjusted his growing hardness in his suit pants, pushed it downward and tucked it under his balls before heading to the sales room. He laughed out loud alone.

And Dio said he was going to miss the best part.

BOOK CLUB

FRIDAY, SEPTEMBER 1

ON THE EVENINGS the book club gathered at her home, which was roughly every sixth book, Sukie liked to convince one of Tommy Jr.'s friends' moms to host the boys for a sleepover. She reciprocated as well, and the boys had their share of overnight parties. Tonight they were meeting to discuss the book called *Loving Complications*, a sedate romance involving a Southern soldier, and an arranged marriage during the First World War.

Kathryn was telling them all how it was a real snooze fest.

All six of the ladies sat at the glass patio table by the pool. In attendance were Sukie, Kathryn, Heidi, Francine, Frankie, and Amber. On the table: Four bottles of white, four bottles of red; all of them in various degrees of completion. It had been a good evening. Tommy was working late, out in Alpharetta, but he'd be home soon. The boys were away, and she had her girls here. The sun was beginning to go down, the sky an inky eggplant. The garden's automatic lights flickered on, giving all their shrubbery and flowers an ambient apricot glow.

Sukie said, "A snooze fest? Well, I don't know about a snooze fest, I mean, wasn't the hottest thing I read, I could do with a little more—"

Heidi said, "Bondage?" and that brought a round of giggles. Two girls high-fived each other. Someone said *That's what I was thinking*. Sukie laughed, too. All the girls were feeling good near the end of their two-hour meeting, and spirits were high while the bottled spirits were low.

Amber leaned close to Sukie and said, "Hey, you get that book?"

Sukie said, "The plantation one?"

"Yeah," she whispered.

Sukie nodded and made her eyes go wide.

Francine overheard and asked: "What book?"

Heidi said, "That book you were telling me about, from the nineties?"

Sukie said, "Late eighties."

"Late eighties," she corrected herself.

Now Sukie lowered her voice even though it was only all the friends gathered around; she leaned close to the table, whispered, "It's about this virgin in an arranged marriage, she escapes it and just when you think she's going to get away and meet up with the boy that she did love she's captured again, and then she's auctioned off for marriage."

"They auction her off?"

"Yeah, to this real rich guy and he—"

Amber moaned, swaying in her patio seat, eyes glassy and half-lidded from too much wine.

Sukie continued: "It's so hot. It's all full of bondage, discipline, and spanking and domination ... and that auction scene where they sell her virginity ...?"

Someone fanned themselves.

Sukie said, "And the main male love interest?"

Amber said, "How's your male love interest?"

Sukie made a funny face and said, "Tommy?"

Amber had more wine than any of them. As usual. But it was all right, her husband was going to come and pick her up. She was smiling vacantly. She said, "No, you know ..."

Sukie said again: "Tommy?" her voice higher, almost laughing now.

Amber giggled, leaned her elbows so far onto the table the backs of her arms touched. To the others she whispered, "She's massaging Tommy's boss."

There was a gasp and breathy chortles around the table.

Sukie said, "Amber, don't."

Heidi said, "Tommy's boss? Wait, that guy? Tommy's boy-boss, that guy you showed us in the pictures?"

Someone else said, "That crazy hot guy?"

Sukie was embarrassed now, she could feel the tops of her ears burning. She put her palms up to ward them all off and played it down. "Yeah, you know, he hurt his shoulder and now I see him. He's just a client. It's not a big deal."

Someone had their iPad up, flicking through society pages on the Atlanta Journal's site. Must've bookmarked it, her dirty friend, because in about twenty-five seconds she was showing around a picture of Dio. There was tense, anxious girl giggling and now Sukie's cheeks were on fire. "Guys," she whispered, "come on."

Amber continued with more; she whispered across the table, her drunken eyes scanning all of the friends: "Sukie said his dick goes down to his knees."

Now she was mad. Not funny anymore. She slapped Amber on the back, just using her fingers, but letting her know enough was enough. This brought great gales of suppressed laughter. Everyone talking amongst themselves now.

Sukie said, "Please, come on, guys."

Someone said, "You saw it?"

Amber said, "Sukie saw it."

Sukie said, "Hey, it's not like that. He's a really good guy."

Kathryn said, "I'll say." Another iPad was out and someone else had found more pictures of Dio. Kathryn's eyes were glued.

Two iPads were passed around now, pictures of Dio at society functions, parties in the city ... one photo he was wearing a tuxedo, another one looked like a professional shoot with hazy lighting, his thick black hair was combed back from his face and he looked very sultry.

"Holy sheep shit," somebody said.

Amber said, "I know, right?"

Heidi, next to Sukie, nudged her with an elbow said, "You put your hands on that?"

Sukie protested: "I don—"

"Evening, ladies," Tommy's cowboy impression from behind them.

She turned and her incredible husband was there, suit jacket draped over his forearm, hand holding his briefcase. He looked like he was in a good mood.

THE MEETING WENT WELL in Alpharetta. Not the biggest commission out there, but all in all pretty good for a day's wage. He'd met with some

young guys just getting started in haulage and construction. They had money. While they didn't do mining, they could use the cat track for haulage for one of the road crews—not a regular road, not public transport, these were trails they used for natural gas exploration. Tommy like to stay ahead of the game. So with the sale of the track under his belt, a nice evening drive with the top down off the Stingray he comes home to find his beautiful wife tipsy and bright-eyed with a bunch of her henhouse pals clucking around the patio table. She looked soft and warm and beautiful and he was in a good mood.

When he got to the table, whatever it was they had been talking about had been sealed shut now. More dirty books he imagined. Whatever got their little hearts racing, he wasn't one to judge. Wouldn't like it if they went through his porn history, so he wouldn't come down on theirs.

He came to his loving wife and put on a show for the sake of her friends, but it wasn't much acting since it was all from the heart. Showed them all what Sukie's husband did—he took his wife and put his hands all over, kissed her neck and her shoulder. And she was into it. Putting her arms around him, rubbing his back. Then he said, “Anybody hungry? I want to cook some steaks.”

There was shy and polite opposition, someone saying that they had already eaten. But Tommy insisted, being a gracious host. There were more empty bottles of wine than there were girls so it might be a good idea to send some of these ladies home with a little food in their stomachs so they wouldn't feel like a bag of shit tomorrow.

Sukie was up from her patio chair, saying, “No, Tommy, don't do that. You want a steak, I'll cook you a steak.”

He told her to relax and enjoy her friends' company. He went in the house and rolled up his sleeves, tied on an apron. Got a bunch of New York strips out of the fridge, brought them to the grill. The girls were all close together, leaning forward and whispering amongst one another. He fired up the grill, asked if anyone wanted a hot tub later. They declined, but he fired it up, anyway. Once they left, he might slip in and encourage Sukie to strip it all off and get in with him. He knew the boys would be away all night.

When the steaks were done, he sliced them up, brought them to the table and served them like charcuterie. Small slices, encouraging some of these ladies to get it in them and put something substantial in their wine-soaked stomachs. They got into it and thanked him, then Heidi had poured him a

generous three fingers of bourbon and served it to him in a tumbler. This was looking pretty good.

Sukie asked him, “You’re in a good mood. I guess it went well?”

He took a bite of a steak, tumbler poised to wash it down. He said, “Dio’s going to be writing me so many checks he’ll get tennis elbow.” Then he sipped the bourbon. While his chin was up someone made a whinnying sound, trumpeting their cheeks like an uneasy horse. The whisky went down the wrong way. He winced, wiped wet from one eye. Sukie cheeks burned red, and her wide eyes stared down. Everyone’s face at the table was wide-eyed and held in restrained shock. Except Amber, who was smiling drunkenly.

Tommy said, “Was that supposed to be a horse?”

Amber snorted, but kept her expression rigid. Sukie’s face went redder.

He asked again, “Was that supposed to be a horse?” There was tension at the table. Now Amber folded up an arm, all her fingers pointed like a hoof and she pawed at the table twice.

Tommy said, “What’s that?”

Amber, barely containing her humor, burst out: “That’s two for yes.”

No one else laughed though Amber looked like she expected gales of laughter. There was a lot of lip biting going on.

“Okay,” Sukie said, and she rubbed Amber’s back.

He suspected what it was, he wasn’t stupid. Horse. He’d said Dio. Horse cock. He was fourteen once, his mind worked that way, too.

The energy of the table got weird, and he didn’t like it, so he raised his eyebrows, cocked his head and took another sip of whisky. When he put it down, he said with a small smirk, “Oh, I know what you’re talking about”

It deflated some of the tension and he was always good at that. Then not wanting his sweet Sukie to suffer in front of her friends, he turned and put an arm around her, said, “I’m a little disturbed that my wife couldn’t wait to tell you all about it.” Said it with a big old smile, warm eyes cast down on his Sukie—who would definitely hear about this later. She clasped both her hands against one cheek, rolled her eyes with embarrassment. He hugged her and kissed her forehead. Her friends all darted looks to each other, relaxing, but eyes going wide knowing their friend Sukie was probably going to be in trouble.

Amber said, “She can’t *stop* talking about it,” And Sook pinched her arm with a stern, matronly expression. Amber jumped and rubbed where

she'd been pinched.

Sukie stood up, said, "Okay, on that note, this has to stop. I'm all for fun and games but I don't want to hear anymore jokes. I run a professional business. I never should've told Amber what I told her, even in confidence."

Now Amber was all regret. Swooning and putting both hands on Sukie's waist and saying, "I'm sorry, baby. I was just being funny, don't be mad at me."

"It's all right," she said, rubbing Amber's shoulder. She put one hand on Tommy's shoulder now, too, and gave him a warm and apologetic smile. It was hopeful and fearful at the same time and then she strangely said to the table: "My Tommy's got a big one, too."

The response was laughter, and warmth from the girls, and cooing for them as a couple. But Tommy didn't like the contriteness.

KATHRYN, Francine, and Frankie all walked home before 11 P.M. It was a nice night, well lit, the moon was out and they lived just down the street. Amber's husband came to pick her up, and they helped her in the car. Sukie went back in the house and Tommy could tell she still felt uncomfortable with what happened. Tommy stayed out on the end of their driveway with Heidi while they waited for Joe to come and pick her up. He was already on his way.

She sighed, looking up at the moon with an easy drunken smile on her face. Sook had got her a light cashmere blanket to wear out by the pool because she'd got cold, and she still had it shrouded over her shoulders. "Ah, what a nice night, Tommy."

"It is," he agreed.

"Thanks for sitting with us, cooking those steaks, too. You're a lot of fun."

"You never know, maybe one day I'll sit down with one of those books you ladies read, become part of your clutch."

She laughed without looking at him. At the end of the street, headlights began to climb from the low end of Spearhead. She said, "You'd be a welcome addition."

"You want me in your club, you just have to serve me bourbon, and don't ask me any questions about did I read the book. I just want to sit in the corner and drink."

“Ha ha, oh Tommy,” she laughed, too hard for his joke but he appreciated the camaraderie. “Listen,” she added as Joe drew nearer, “don’t be hard on Sukie. That wasn’t her at all, that was all Amber. Okay?”

“I’m sure it was,” he said.

“I swear it was. Sukie doesn’t talk like that and you know it.”

“Even behind my back?”

She shook her head no as Joe pulled up along the curb. He waved to Tommy and Tommy waved back.

“Thanks again, Tommy,” she said and unwound the soft blanket from around her shoulders. When she passed it to him, their eyes met, and she said, “And I bet you’re plenty big.”

Their hands touched each other’s under the blanket and they paused there.

Tommy said, “Sukie’s got it all.”

Heidi said, “She sure does,” then turned away and hobbled to her vehicle where Joe leaned across and shoved the passenger door of his Audi wide for her. “Say bye to Sook again for me, Tommy.”

“I will,” he said.

“Thank her for me, too,” she sang now, waving to him without looking then lowering herself into the leather seat.

“I will,” he said again.

He watched them go, watched the sedan as it moved quietly back down the cul-de-sac, then turned to go lower down the Shearwater ridge.

Plenty big.

Sure, it was a nice thing to say, and he probably figured her meaning. But ‘plenty big,’ when talking in comparison to your wife’s lover’s sex organ—whether Heidi knew that or not—sounded a lot like second best, and he fucking hated second best.

AFTER THEY ALL LEFT, Tommy turned off the hot tub, not feeling in the mood anymore. He cleaned up the outside while Sook worked in the kitchen. He helped with the cleanup, brought the dirty dishes to the kitchen and put them in the sink. He wasn’t talking. Sukie wasn’t either. She seemed mad, probably at Amber, and she seemed hobbled by the embarrassment of what happened. Serves her right.

He left her to it, let her wash up by herself without saying good night and he went to bed without her. Almost drifted off when he heard her come into the bedroom. He glanced over his shoulder and saw her slipping out of her cotton dress. That got him back in the mood. Wished he wasn't so irritated with her right now.

He turned back to face away and dug his head in the pillow. When she slipped in bed behind him, he could tell she was naked.

"Tommy?" she whispered.

"What?" he said, low and dry.

"Tommy, I said I'm sorry. You still mad at me?"

"What do you think?"

She shifted a little closer and he could feel the heat of her body though she hadn't pressed it to him yet. "You should be mad at me. I should keep my mouth shut."

"Yeah. You should probably keep your mouth shut."

"Tommy, don't be like that. Please, don't be mad at me." Her hand went to his side and rubbed up and down. He slid a hand out from under his pillow and laid it over hers.

"What did you tell them?"

"Amber was just being stupid. Some of the girls have a crush on him, and I told her that he had a big one. She was the one that said it. And I told her that before we ever started anything with him."

"That's something you talk about? Something you feel like you can tell your friends?"

"Come on, Tommy. Don't act like it's crazy. You saw it, too."

"I didn't tell my friends about it."

"Why?—don't think your friends would be interested?" she joked.

"So you think what he has is interesting?"

"Tommy, don't make this elliptical. You're getting me in circles. You know what I'm saying."

"Aside from tonight, you ever tell your friends about mine?"

"It doesn't work like that, Tommy. You're big, but you're not that big."

He took his hand off her, said, "Not that big?"

Now her hot skin pressed his back. She was naked. She said, "That's not what I mean, Tommy, you're hearing things that aren't there. There's big like yours, which I love. Then there's weird big that you laugh about and tell your friends."

“How do I rank?” he said flatly, and when she hesitated, he turned around in bed and looked in her eyes.

She said, “Tommy, I told you that. You know you’re big.”

“Just tell me. Tell me the truth though.”

“Why?”

“I guess I don’t like where this is going,” he said.

She sighed, looked at the ceiling. She started to speak, sighed again, scratched her cheek. “The truth?” she said finally. “Fine. Believe it or not, Tommy, I don’t line up all my old boyfriends by dick size. But I know you’re my second-biggest. But I don’t even care about that.”

“Conversation I walked in on when I came home sounds like you do. So, your second-biggest? Are you counting Dio?”

“No, but come on, that sounds like a good thing.”

He said nothing, stared in her eyes, mind flashing over all the boyfriends that he knew she’d had before him. Tried to picture which guy right now he’d like to punch right in the face. *Second biggest.*

She saw that he was thinking, said, “Don’t. Don’t think about it.”

He said, “I want to know, but I don’t want to know.”

“Relax, Tommy. I don’t like this. I don’t like where this is going now. I made a stupid mistake that I regret big-time. I said something I shouldn’t have. I’m so embarrassed. Never in my life do I talk about dicks. Tommy, look at me. Never ever. Ever.”

“I don’t like where this is going either.”

Now she frowned at him. “The guy that was bigger than you could act like a baby. His dick was bigger, but he wasn’t a man like you. You’re the fucking man, Tommy. So don’t act like a baby tonight.” She put her hand on his shoulder and rubbed his neck, leaned forward, pulled his forehead to touch hers. “You’re the love of my fucking life, you stupid son of a bitch. You’re everything to me.”

He wanted to be mad, but she got him. She knew how to stroke that big old Tommy ego. He didn’t want to be a dick anymore, anyway. He looked down and saw those perfect breasts, her flawless skin. He said “Yeah, I’m being a dick, aren’t I?”

She laughed, whispered in his ear, “You want to fuck me?”

Now he got her. “No, I think maybe tomorrow. I just want to sleep.”

“Seriously?”

“What?”

“You’re denying me? You’re going to deny me?”

“You’re so fucking hot for Dio, jerk yourself off. You don’t need me.”

“Think I won’t?”

“I don’t care if you do or you don’t.”

“Tommy, I lay here and play with myself under the sheets you’re going to go to sleep?”

“See what happens.”

“Is this a game? Are you messing with me?”

“You apologized, but now I’m not in the mood.”

“You’re not in the mood?”

“That’s not crazy, Sook. I have feelings.”

She shook the bed with a quiet laugh. “Now I know you’re joking.”

With the light still on, she rolled to her back but pulled the bedsheets up to her neck. Her knees lifted then parted underneath the covers. She closed her eyes, smiled and bit her lower lip. She was really going to play with herself right next to him.

He watched as slowly her lips began to part and her breath went short and quiet as she fingered herself right next to him. Muffled sticky sounds came from between her legs. He let her continue. When he didn’t join in, she frowned and made dissatisfied noises in her throat.

The sounds grew wetter, and she began to pant. Now she said, “I have Dio’s card, Tommy, he told me I could call him anytime and he’d meet me at a hotel.”

Though he didn’t want to speak, she knew how to bait him. “Did he really?”

“I’m not kidding, Tommy. Or he said come to his apartment. Maybe when you fall asleep, I’ll sneak out and go to his place. You remember it? Beautiful penthouse, probably cost four mil, view of the city to the south. I wonder where he’ll fuck me, Tommy? In his bed, you think? Maybe we’ll —”

He got over top of her, legs over her hips, grabbing her hands and pulling them from between her legs and pinning them on the pillow above her head. Her fingers shone with her wetness.

“You gonna fuck me now?” she said, writhing underneath him like her whole body itched.

“Don’t talk, okay?”

She nodded, her eyes wide and staring.

“Don’t talk about Dio right now. It’s just you and me.”

“Okay, Tommy,” she said. “Please put it in me,” she whined, and squirmed underneath him, her hips tilting to run her wet sex against him.

His grip tightened on her wrists and he dipped his own hips to meet her sex. His achingly hard tip pressed her hot hole, and he speared her deep. She cried out in a howling squawk. His wife was sopping wet and hot like she had a fever. She had a fever all right, and it should worry him. She’d embarrassed herself tonight, embarrassed him in front of their friends, made a big mistake. She apologized, meant it, but only seconds later she’s looking for sex again. She’d jerked Dio off yesterday. She told Tommy all about it after the boys went to bed, and they fucked three times before he fell asleep. Sukie seemed insatiable now. Tommy had filled her tank with the temptation of Dio, but now Dio had Sukie’s motor redlined. Her little sex box needed oiled every day, or she was going to blow a gasket.

He definitely didn’t like the image she conjured of fucking Dio without him. Picturing her knocking on Dio’s apartment door while he slept in this bed. Didn’t like at all the image of her cheating on him, going behind his back to get the big dick feeding she needed. That image burned, hot but acidic. He liked it but didn’t like the meanness it brought out of him. That was going too far.

So he gritted his teeth and pounded her hard. Sook could take it. He thrust himself balls deep and her pussy swallowed it and looked for more. She cried and hollered in ecstasy, eyes closed, and he hoped to fuck she was in the moment and thinking of him and not far off tonight in some fantasy with Dio, where he was doing it better than her husband could. She came on him and her pussy went sopping. The sound of him goring her became slick and loud with suction.

He fucked her ferociously, watching her face, and it wasn’t until she finally cried out his name that he ejaculated. He thrust deep and hard, bucked her until her breasts bounced up in circles around her chin. Fucked her till she cried his name again and again. He would *never* be her second best.

Obsessed Series

[Obsessed: Book One](#)

[Obsessed: Book Two](#)

Four couples lives intertwine as they explore their erotic boundaries. From simple wife-watching to cuckolding and domination and humiliation, these couples have one thing in common: they all share the same incredible bull. And he is far more than they even expected.

Mike and Gretch: Not married, but dating for a good long while. Two comedy writers just at the edge of love, that strange and delicate space where the act of sharing can be so dangerous. But they're two cool cats and they're sure they've got it all locked down. They call her ex-boyfriend from college, Atticus Hawke, a guy who has in the years since their breakup, and before Mike, been a reliable booty call for her.

Sean and Courtney: Sean's a Type A stick of dynamite. A rocketing studio exec, competitive and driven, he shares an incredible bond with his gym-toned wife. Courtney is all in for the new game she and her handsome husband have devised. Their ten-year-old daughter is out of the house and away at boarding school. They've planned a one-year commitment to one another about honesty, openness, and exploration. They're going for broke. Their new thing? Sean likes to watch and Court likes to be watched. They've found a guy online. He seems too good to be true. A guy called Finch, endowed, muscular, handsome like a fashion model. Courtney's been working out and she's going to put this stud through his paces.

Steve and Becky: Becky's a headstrong X-Ray technician who landed herself a multi-millionaire tech investor husband thirty years her senior. Steve loves to be dominated and he found the girl of his dreams in Becky. She's got an iron will and she loves her husband. Loves him enough to lock him in chastity and keep him abstinent for months on end. It's okay, don't worry about Becky, she gets a regular visit from a drop-dead gorgeous man named Finch. He keeps her satisfied. Sometimes, if he's been good, she'll even let her husband watch.

JJ and Amy: Two young country bumpkins just arrived in Los Angeles. JJ wants to live a lifestyle he's only dreamed of and this city is part of it. He's married to the sweetest little nineteen-year-old outta Jackson Pond, South Carolina and he's sure she's on a fast ticket to stardom. She just needs her first big break. While they're waiting he's got a fantasy he wants to see lived out. He would do anything to see his little Amy with a man who's got a big one, one'll make her scream like those girls he watches on the internet. He found a guy online, one Amy didn't make her vomit-face at. He's got everything JJ's been looking for and, thank the stars, he's agreed to do it.

Atticus Hawke: Finch is his online name. His nighttime name. The one he uses on a site that puts him in touch with couples looking for a bull just like him. By day he is Atticus Hawke. You might have heard of him. You know the song from the eighties, 'Going With That Girl'? No? You'd know it if you heard it. That was Atticus' dad, Ricky Hawke. Yes, that Ricky Hawke. Now you know. Made a bunch of singer-songwriter hits in a time when all the kids wanted pop coming out of synthesizers and their stars to be pretty boys and have colourful hair. Ricky had real talent. So does Atticus. One

of L.A.'s hottest emerging Modern artists, his work commands a fortune. But it pales against his enormous trust fund. These days his real work is done at night. His masterpieces. That's where his passion is. Watching and participating in intense psychological dramas in dark hotel rooms across the city. He gives women what they want. They're a canvas, a medium. His audience: their husband.

Going A Little Too Far

You couldn't picture a sweeter couple than Troy and Emma.

Troy's a former Division One college wrestler. A walking water park at two-sixty-five, with shoulders no woman could get her arms around and a set of abs you could scrub laundry on.

Emma's a sweet little Georgia Peach. Pretty as can be in her proper dresses; she's a good girl from a good family that raised her right.

You couldn't tell by looking at them that they were two straight-up freaks that loved to push each other's kinky buttons.

Emma, with all her book club shyness, loves to be man-handled, loves to be lifted off her feet and dominated. Troy is a monster with a six-hundred-fifty pound deadlift and she's like a feather in his arms.

Troy likes to be humiliated. He knows he doesn't have much 'down there' and he likes his virginal wife to tell him he's no good and she'd have to get what she wanted elsewhere.

Couple of closet freaks.

A summer housewarming party on a scorching hot West Texas day puts a gift in their lap. A big, larger-than-life playtoy for Emma to tease her husband with. He wants her to. She wants to do it. But once it starts, where do you stop? What's going too far?

Taken While He Watches: On Their Honeymoon

Ken and Ashley just got married and while money is super-tight they've got themselves a weekend getaway in the Honeymoon Suite looking out over the ocean on the sunny Carolina coast.

The room was a steal. Turns out it's Bike Week and no one books the Honeymoon Suite during Bike Week. Especially not two dopey white kids from the suburbs.

A mix-up leaves them in trouble and they don't know how they can get out of it, don't even know how they'll get home. They get some help from their hotel neighbours. A half dozen handsome, muscular, and very wealthy black men.

Ken's wary but Ash is all in.

When they find out she's saved herself for her special night she becomes the star of the show and they'll offer anything to help her...

Ken doesn't like it but she's going to do what they ask. She says it's for their future...

Bobby just needs a big break. His business is a half second away from going belly-up. When their camera captures an XXL wardrobe malfunction by the combine's star prospect they see an opportunity.

Coralee will do anything to get an interview with him. She'll use the video as leverage. She'll get to this bad boy super-athlete, even if she has to break into the locker room...

She's doing it to save the family business, right?

Taken By His Best Friends: At The Hockey Rink

Marguerite was a sexy little French student Randall fell in love with at college. She loved hockey. He played hockey.

They fell in love and they married. They live a regular 9 to 5 now, but Randall and his best friends still play once a week. They are four big guys and they play rough and Marguerite is always there to cheer them from the stands.

When they all end up alone in the locker room after a bench-clearing brawl passions are already high.
And when some innocent flirting starts it quickly tumbles out of control.

Marguerite does nothing to stop it. Randall is frozen...

He's going to watch his best friends do all the dirty things they've ever dreamed of doing to his wife...

Measured Next To Her Ex: A Medical Size Comparison Cuckold Fantasy

When Ben Watson went to the new Sexual Performance Clinic across from his office he was just looking to get some help.

But when he showed up on Opening Day the place was so overwhelmed they started doubling up in exam rooms to make sure all the patients were assessed.

Of all the gin joints in all the—

Guess who his exam partner is? Yeah, his honey-pie's ex-boyfriend. He is going to be sitting next to him, knees practically touching, while these nurses assess their size and performance using only their latex hands.

He could leave, get the hell out of there. That would be sensible. But he's kind of curious. A dark part of him wants to know something. Wants to know what his precious girl's ex-lover has between his legs.

He's going to wish he left.

Then, when his obscenely endowed exam mate starts to relate to the nurses the casual but very dirty hook-ups he's been having with an ex, Ben's hands really start sweating.

This is going to be the worst day of Ben's life.

Size Curious Brat

Matt Walsh is on his way home from Harvard. It's Thanksgiving recess and he hasn't been with his sweet Chloe Rose in months. He can't wait to get off the bus and wrap his arms around his baby girl.

Chloe's a perverted little high-schooler with a habit for trouble. She loves her boyfriend Matt and she's been aching for him.

But there's a problem.

Matt's step brother came home early. He's a bully. A domineering man's man who made Matt's life miserable growing up. Now he's a sexy deep-sea welder just getting home from Louisiana after two months at sea and he hasn't even seen a woman in ages.

After a brief, naked encounter in the hallway little Chloe can't get something out of her mind. Matt's stepbrother Moric is built much better than other men and she can't stop thinking about it.

It makes Matt mad but Chloe is just naturally curious. She doesn't think it's a big deal. She's just never seen anything like that before.

Now Moric's got his eyes on his little brother's prize possession. She's not exactly unwilling. Moric is a big powerful stud and Matt is powerless to stop him. Once he starts neither of them could stop him. He could take whatever he wants. It might be better—if Moric would let him—to just join him...
