CHAPTER 1

NELSON

The big, beaming face of Frosty the Snowman had been paused on their screen—mouth frozen mid—happy birthday—for almost twelve minutes now. Nelson Stacks lay on the floor of the family room propped up on one elbow while his wife still jabbered on the phone. Natalie lay next to him, back propped up on pillows, her head resting against the front face of their couch seat, talking on the phone to her new friend from work, Jenny.

It was December 15th, a Friday night after a long week of work for both of them. He had to work on Saturday, some bogus system administration stuff that needed to be done before Christmas break, and Nat was going to spend two days with her sister in Kingston, leaving on Sunday morning, so tonight was the night the two of them had decided they would celebrate Christmas with an enormous long-running marathon of Christmas TV specials. They arranged pillows and blankets on the floor over top of a camping pad, moved the coffee table aside, and began with the classic Rudolph The Red Nose Reindeer.

Natalie baked brownies, and Nelson picked up a tray of Christmas cookies from the bakery. They had eggnog with lots of rum and lay on the floor together cuddling and watching shows and movies from their childhood. Then, eleven o'clock at night if you could believe it, Jenny called and Nelson lay next to Natalie wondering how long this was going to go on.

“What? Oh, yeah ... No, I know ... He did?—seriously, that guy is such an asshole ... uh-huh ... And what did you say? ... You did not ... Shut up, you're such a liar ... Right ... No, that makes sense ...”

Natalie Taylor, now Stacks—with that shiny ring on her finger—attended the MacKenzie School Of Engineering at the University where a young Nelson would pine for her from a distance. While their areas of study were separate, they overlapped two classes. It took a whole semester for him to work his way to a coveted seat next to one of the prettiest girls on campus (if you asked him—or some of his other lecherous mates). Once they were friends, he had his hooks in, and while she occasionally dated

(bitch!), he was always there and by the time they were in third-year they were a couple. He was off-campus then, sharing a house on Baker Street with six other dudes, and in fourth-year they had to have a sit down with him about her maybe kicking in rent because she was there *all* the time. That was Warren though—resident bureaucrat. The other guys showed up for the meeting just because they thought the idea was funny.

Now they were married, and they had their own home. No roommates. Just two young people with promising jobs and a mortgage. The adventure of their youth was preserved in their choice of neighborhood: Market West. Their old stomping grounds. A section of the city that catered to them when they were twenty. Market Street, with its coffee shops, the tattoo parlor, weirdo bookshops, and a half-dozen music venues, had, for now, still managed to stave off gentrification and preserve that charm that had attracted them when they were emerging adults. Though there was a rumor there might be a Starbucks going in at the corner of Market and Tate.

“He is totally one bad word away from getting a call to HR ... Right ... Super-gross ... Ha, yeah, but not in his own mind ... What did Jake say? ... No way—you didn’t tell him? Why not? ... Uh-huh ...”

Jenny was the same age as Natalie—actually maybe even a year older—but she seemed so immature in comparison. Though, Natalie reveled in the inane gossip that Jenny always delivered; but Jenny wasn’t married yet, and maybe that’s where the distinction lay: two similar girls, one with responsibility and one without. Jenny still lived much like Nat and Nelson had when they were still in school.

“No, I’d love to ... I would ... I told you, me and the dude are settled in ... No, I know it’s not late ... It’s ... Yeah? ... It’s family time ...”

Nelson hung his head again, pretending he fell asleep while he waited for her. This time he leaned forward and rolled so he collapsed on her, settling his head on her tummy, his ear right over the red nose of an airbrushed reindeer. He bought her a sleep shirt down at the market for tonight to be festive; just a regular T-shirt but purchased in size XXL so it came down to her knees. She wore only that, a pair of cotton panties, and some warm colorful socks, bunched up at her ankles. He cranked the furnace for tonight, keeping them toasty while it was -10 outside and snow gently fell in fat, wet flakes.

Now he rolled to his back, his head resting in the cup of her navel, eyes looking up to the ceiling; the blinking lights of their Christmas tree on

his left periphery, Natalie's face on the right. She smiled at him, Jenny's tinny voice emanating from the gold iPhone pressed to an ear. He smiled too, even though he grew frustrated. Natalie's glossy chestnut hair hung down the sides of her long neck, held back from her beautiful face by a hairband with a set of fuzzy cartoon antlers that branched out from the top of her head. She continued to smile warmly.

“Uh-huh ... Yeah, no, I know ... Sure ... Where? ...”

Nelson groaned, and she smiled wider, her fingertips coming to scratch through his hair then tug at his locks and wind them around a finger.

CHAPTER 2

NATALIE

Nelson pretended to sleep, and she feathered her fingertips over his eyelashes making him wince and shake with quiet laughter.

"I'll see you after Christmas, Jenny, have fun," she said and ended the call.

Nelson snored.

"Sorry, buddy, sorry, sorry, sorry," she said, and she wrapped her arms around his neck and kissed his forehead over and over. His fingers scratched at her back, pretending to wrestle underneath her like he couldn't breathe, and she pulled herself on top of him.

He heaved her over so they lay side-by-side and he said, "You're wrecking our Christmas ..."

She kissed the point of his nose and said, "No, I'm not."

He said, "Jenny is."

"No, she isn't ... Come on now."

"What did she want?—calling so late at night ..."

"It's only eleven. On a Friday night ... Dad."

He laughed, turning away and looking up at the ceiling scratching his own chest. "Dad?"

"She called to invite us to go out if you want to know. She was watching a band around the corner at Tripoli and now they want to go dancing."

"Tripoli?"

"Yeah, Tripoli. You know, the place where we always used to go. The place in the neighborhood we moved into? ... Because it was nearby ..."

"We used to do that, didn't we? But it's our Christmas tonight ..."

"I told her that. I don't want to go out. I want to stay and watch Christmas shows with you. I really do."

"Is it weird that's where we're at now?"

"Jenny called us lame."

He smiled and his eyes darted toward hers. "Do you think we're lame?"

She thought about it, wasn't sure. She guessed they were kinda lame ... but it felt right. She said, "I'm having fun."

"I am too," he said.

They stared at each other a long while without saying anything and Nelson slowly leaned to her and kissed her shoulder. He said, "You want some more eggnog?"

"Yes. I do." She kissed him again, this time on the point of his chin. She said, "You're making them strong."

"I still know how to have a good time."

"We are having a good time, aren't we?"

"You don't have to ask me. I know I am. I'm here with you."

"You're such a sweet talker."

"I'm full of eggnog."

"Okay, go get us some more," she said, and she ran her hand up and down his side.

"Yeah," he said, standing up and stretching. Now pausing to look at the TV, he said, "It's been so long since the show was on I don't think I'll be able to follow."

"Oh, you don't? You can't follow Frosty the Snowman?"

"It's very complicated. Lots of subplots."

She laughed and pulled a rum ball off the tray he bought at the bakery sitting on the pushed aside coffee table, popped it in her mouth.

There was a sudden knock on the door and she went into a coughing fit, trying not to choke. What a way to go, wearing a Rudolph the Red Nosed Reindeer shirt and a rum ball wedged in your gullet.

Nelson laughed, dropped to a knee next to her and rubbed her back while she coughed up her rum ball. His head was up, though, looking with concern into the hallway, both of them seeing the shape of a person standing at their front door. It was a warbling silhouette past their amber stained glass, standing shifting from side-to-side in the cold. Snowflakes drifted around him.

She coughed again and cleared her throat, said hoarsely, "Don't answer it."

"What, seriously?—don't answer?"

"It's eleven o'clock at night."

"I thought you said that wasn't late ..."

“You’re right, I said that—it’s not ... It’s the perfect time for a home invasion ...”

“Well, should we just ignore him?”

“Please, don’t answer it,” she said and dug her nails into his arm. Nothing good could come of somebody knocking at your door when you weren’t expecting them and it was so late.

“Nat, our Christmas tree’s on, he probably can see that the TV is on, too.”

“So?” she said. “We fell asleep watching TV. We were cooking indoors, we died of carbon monoxide poisoning ... just don’t answer the door ...”

“All right,” he said, still on one knee, still rubbing his hand in a circle on her back even though she could breathe now. She could feel the tension in his touch.

The figure looked around, stepping back, looking up and around the front porch. Then he came to the window again and knocked louder.

She hissed to Nelson: “Who is it?”

He said, “Probably has the wrong house. Probably drunk ... all those bars on Market Street.”

Yeah, they’d wandered aimlessly after last call themselves a few times, too. He would go away.

“Hey ... Guys ...” the shape at the door said through the glass, his voice quiet and muffled. He had his two hands around his face pressed to the glass, peering in though he wouldn’t see anything with the stained color. Then the guy said, “Nelson ...” his voice sharp though still somehow a hoarse whisper. Like he didn’t want to wake them if they were really sleeping.

“Who is it?” she said, frowning.

“I don’t know,” he said, straightening up now, his neck craning forward, eyes narrowing on the figure framed in their window.

“Nelson ...” The guy whispering again. He knocked once more, and they heard him stomping his feet out in the cold, saw his shape hugging himself now.

“It’s someone we know,” Nelson said.

And then he left her and she didn’t stop him this time, staying huddled on the floor in their little Christmas-time den. She watched him intently as

he crossed through their family room on tiptoes, stepping up into the hallway and approaching the door in his bare feet and pajama pants.

Nelson studied the silhouette in the window, the silhouette not seeing him. Then she heard Nelson utter a name: “Renny?”

Renzo Bulgarelli. Their old friend. She sighed.

Nelson said it louder now, hailing the silhouette: “Renny?”

“Nelson?”

“Renny?”

“Nelson.” And then the guy outside laughed. “Come on, man. It’s fucking freezing out here.”

Nelson looked to her, incredulous. He said to her, “Renny ...” his face puzzled, then he opened the door.

CHAPTER 3

NELSON

Sure enough, standing there on their doorstep was a guy he went to school and lived in the same house with for three years of his life. Renzo ‘Renny’ Bulgarelli. Mechanical engineer. Musician. And right now he was dressed not in the garb of an engineer, but of the old Renny—lead singer of local band Hayfever.

Soft footfalls came to his right, Natalie coming to join him.

“Renny?” she said.

“Holy shit, Natalie,” Renny said, “look at you.” He stepped up into their front hall, held his arms out for her, brushing past his old housemate.

She came and pressed herself to him but pushed away quickly, saying, “Oh fuck, shit, you’re cold!” She hopped in place and hugged her arms to herself, keeping her distance.

“I told you it’s fucking freezing out there. Thanks for letting me in.”

Nelson flicked the foyer light switch, and Renny blinked furiously, throwing up a hand to shield his eyes. He was dressed in band clothes. Leather jacket with a long Harry Potter scarf down to his knees, jean jacket underneath, V-neck T-shirt, leather necklaces with silver pendants. He had tight jeans on and Air Jordans caked with snow.

“You really dressed for the weather,” Natalie said.

“I’m just coming from the bar,” he said.

Then they both saw his face. He had a beard now—though he was always scruffy. He wore a toque bunched up on the top of his head, and under the brim of the hat they saw one of his eyes swollen almost shut.

“Jesus, what happened to you?” Natalie said, stepping to him to look closer at the injury.

“Long story,” he groaned. “That’s why I’m here. I was just looking for a place to get the hell out of the way.”

It had been maybe two years since they’d seen Renny. A guy he’d seen almost every day for three years somewhat disappearing from his life once they graduated. Though Renny wasn’t the only one to go AWOL after school had finished. He was a good friend, not quite good enough to make

it into the bridal party, but definitely very welcome at the wedding—and that might’ve been the last time they actually saw him.

Renny said, “It got crazy down at Tripoli.”

“You were at Tripoli? ...” Natalie said.

“Yeah, we were playing there tonight.”

Natalie slapped her forehead, said, “Holy shit, we were going to go ...”

What?—no, we weren’t.

“Shit, you guys should’ve come. I didn’t even think of it but you should totally have come. I could’ve got you in and everything.”

“What made you think of us now?”

“Well, I know where you guys live ... at least the right street—”

Natalie said, “How’d you know which house?”

“Nelson’s dumb Volkswagen with those stupid wheels.”

“I like my wheels.”

“Anyway, I just walked along the street until I saw something I recognized. So, this is your house, huh, guys?” he said, looking around the front hall and into the family room. “I like it. Good for you two.”

Nelson said, “Bought and paid for. About twenty-five years from now.”

“Slave to the man,” Renny said and held out a fist to be bumped. Nelson bumped it and they laughed.

Nelson said, “Hey, I hear you’re working at Energex.”

“Yeah. I am,” he said, “A junior in their aerospace.”

Natalie said, “Still gigging.”

“Still gigging,” he said. “I fuckin’ love it.”

She said, “Seems like somebody fuckin’ hates it.”

“Huh?”

“Somebody punched you in the face.”

“Oh, yeah. Yeah, somebody did punch me in the face.”

“What happened?”

“Hey, just bullshit. You know how it goes,” he said. “You going to invite me in?”

“Sure, come on in. Come on and sit in the family room,” he said. “I can’t believe you’re here. It’s great to see you.”

Renny kicked off his Air Jordans and left them in the hall, stepping down and following them into the family room.

Natalie said, "Let me get you something for your eye."

"Really? That would be awesome, Nat. Like a T-Bone. Like in the fucking cartoons."

"I don't think we have a T-Bone," Natalie laughed, "but I can get you a bag of peas."

"Awesome," he said and carefully clasped a hand over his injured eye.

"Well, shit, come sit down on the couch, Renny."

Renny did, taking a spot on the couch to the side of their den arranged on the floor. He said, "What were you guys doing here?—looks like a sleepover."

"Yeah, I go to work tomorrow, so we were doing a little Christmas cheer tonight. Just me and Nat."

"You two sweethearts."

"I know, eh?"

"Hey, look at this: fucking Frosty," he said, gesturing to the TV and the still-paused image.

Nelson looked to the paused screen and smiled. "Yeah, we were binging."

"Pretty soon you two will be out in the suburbs, for real."

"I don't think so," he said.

Natalie was there then, coming in from the kitchen holding a bag of peas. She came behind the couch, leaning over and guiding Renny to put his head back. He did, and she gently placed the bag of peas over his injured eye.

She said, "So what happened?"

He said, "Like I said, bunch of bullshit. Ah ... these girls, shit, I don't know. They started it with me, you know? Then these guys ... I wasn't doing anything ..."

"Oh no," Nelson said. "One of their boyfriends punch you out?"

"These girls have been bugging the shit out of me. Coming to every show," he said waving his hands around indicating the drama. "One thing leads to another... Somebody misunderstood something ..."

Nat said, "So, one of the boyfriends?"

"I guess so. Big fucking guy ..."

CHAPTER 4

NATALIE

He looked good. Had to be the last time she saw him was her wedding day; two years ago now. Got drunk, of course, and she heard later he put the moves hard on Katie, one of her bridesmaids. In the end, in typical Renny fashion, he'd gone home, allegedly, with a middle-aged server from the venue.

She'd petitioned Nelson during the wedding planning to exclude him from their special day, but Nelson was adamant; she agreed, of course—it was crazy to want to snub one of Nelson's friends, and plus Renny had been an occasional member of their group. Sure he was wild and crazy and either brought the best time with him or the worst. In the end, his antics at their wedding were minor and could definitely have been a lot worse.

Now she held a bag of frozen peas to his face and all the scuffles of their past seemed distant and in a nostalgic sort of way she was glad to see him tonight. She asked him: "So, seriously—tell us what happened."

"Nothing," he groaned.

"Why did this big guy punch you?"

"Fuck if I know," he said, tugging at the crotch of his jeans.

"*Fuck if you know, bullshit,*" she laughed, then saying, "Here," guiding him to hold the bag of peas against his own face while she climbed over the back of the couch to join them, careful to keep her long T-shirt from riding too high. She sat herself on the couch between Nelson and Renny, drawing her knees up, sock feet on the couch seat.

"Thanks for the peas, Nat. Feels good," he said, sinking back into the cushions of the couch.

He had a thick beard now, his handsome face hidden in it, but those dark eyes (at least one of them right now) could still suck you in. Not a big guy, not a jock either, slim build, average height, but it was those deep and soulful eyes under long lashes—and a confidence that bordered on perpetual arrogance—that had a whole host of the campus's female population, including Nat's own cousin, blowing up his phone as they used to say. Not Natalie though, 'cause she hung with him socially—he lived

with Nelson—and knew he was just a regular old run-of-the-mill asshole. And, of course, there was the big blowup of '13 where she'd struck him, but that was best not brought up tonight.

Nelson said, "Wait—is someone after you?"

"No. Not really," Renny said.

Natalie said, "Not really?"

"Nothing to worry about," he said. "Can I ask you guys a favor?"

"Sure," Nelson said. "What is it?"

"You guys think it's okay if I crash here tonight?" he said, turning to face them, bag of peas blocking one eye, tugging at the crotch of his jeans again. The way he'd been slumped in the seat had pulled the inseam of his jeans tight between his legs and she could see below the hem of his leather jacket a generous denim pouch of what had to be some very large testicles, and she wondered if what her cousin told her about Renny was true—though she'd never doubted it, why would Valerie lie?—and Renny seemed to be the type of guy she imagined would be hung.

Nelson said, "Sure thing, buddy. Take off your stuff ... stay. Hey, Nat? You're okay if he stays, right?"

She smiled to Nelson who had just complained she'd spent fifteen minutes on the phone with a friend from work. "Yes, of course, of course," she said—like they would turn Renny away when he put them on the spot like this. "Two things, though, seriously."

"What?" he said.

"One, you have to take that coat off—the cold is radiating from it, I can feel it from here, trying to leech my heat away, and two, you really do have to be honest about what happened. If, like, the Triad kicks our door down to kill all of us over *your* gambling debt or something I'm going to be super-pissed."

Renny gave an honest laugh and reached over to squeeze her knee she'd hidden up under her shirt in an effort to keep warm. "You're a trip, Nat. Always keeping it real. I miss you. You, too, Nelson. We had good times, huh?"

"Yeah, we definitely did," she said, wagging her knee so he'd retract his cold hand. "So, what did happen?"

"Well," he said, sitting forward now and setting the bag of peas down next to him, then slowly unwinding the scarf around his neck. "I was hanging out with those girls like I said—they are total pains-in-the-ass, I'm

not joking. Not hot or anything, not ugly either, solid sixes, six-and-a-halves, but you know, all made up and everything. And way too touchy and grabby, always hanging off me.”

Nelson said, “Sounds terrible.”

Natalie scolded him, “Hey—what, you want teen groupies groping you?”

Nelson bounced his eyebrows at her, making her laugh.

Renny bundled his scarf up in his lap and worked his arms out of his leather jacket. “Yeah, Nelson, dude, these girls are a pain I’m telling you—like juvenile, and for three months now turning up at every gig and just hanging off me and making a scene—”

“So why were you hanging with them tonight?” Nat asked.

“Drugs,” he said. “They had a bunch of stuff. We were popping some pills backstage and I was—fuck, I was just humoring them—but we’re horsing around ...”

Nelson said, “So that’s when, like, one of their boyfriends shows up?”

“Yeah,” he mumbled.

Nat squinted at his dubious expression. Sitting there in his cool-ass hat and that soulful look (even with one eye puffy and narrow), his necklaces and the tattoos all up and down both arms and she recalled the blow up of ’13. “No,” she said. “No, right? It was one of the girls. One of those girls hit you.”

He rolled his eyes and flopped back against the cushions, two hands clutching the balled up scarf between his legs. “What?” he moaned as if she was talking crazy. But she wasn’t. Renny was an asshole, and even if you were a teenager infatuated with him, his arrogance and disdain could get to you. He was good at that: getting under your skin.

“I’m fucking right,” she laughed, convinced now, rolling toward him and clutching his forearm. “I am,” she laughed. “I’m fucking right, aren’t I?”

“You think some girl punched me in the eye?”

“Yeah, I do. What did you say to piss her off?”

Renny smirked. “Said she had a five-head.”

Natalie hunched forward laughing so hard her stomach muscles hurt but nothing but a wheeze came out. *Fucking Renny, she knew it.*

“What?” he said. “She had a big forehead ... I asked her why she didn’t have bangs.”

Nelson laughed now, too, and Renny joined him. Big mystery, why he had a black eye. Of course he'd asked for it; being cruel to some poor girl ... And suddenly she felt a warm nostalgia from her heart; sitting with Nelson and his housemates in the common area, flicking bottle caps and shooting the shit before they headed out to hit the bars, go see a band. She said, "What?—these girls know where you live, don't they?"

"Yeah," he said. "They stole my wallet. I just wanna hide out, you know? Avoid any drama."

She laughed again, a good honest sound, squeezing his tattooed forearm, saying, "You can stay, Renny, you're welcome here ... You know what?—it's really good to see you again."

CHAPTER 5

NELSON

It *was* good to see Renny again, Nat was right, wild man that he was. When you went out with Renny you never knew what would happen. From getting almost-stabbed by a homeless woman outside the subway station one frigid night much like tonight (after taunting her relentlessly) to climbing up on stage to dance with Rex Titan at a Sentimental Tiger show and getting invited to an after-party—though he disappeared and went on his own without Nelson and the other guys. Always the life of the party, he kept a stream of cool cats, scumbags, partiers, and pretty girls in and out of their house, attracting quite a bit of notoriety that wiped off on Nelson in the most welcome way. If you were an associate of Renny from Hayfever you had to also have some sort of stamp of legitimacy. It had been a fun three years.

Nelson said, “It really is, man. You ever see any of the other guys?”

“From the house? No, not really. I ran into Travis and his wife downtown ... shit, you know, that must’ve been almost a year ago now ...”

And there he was tugging at his jeans again. Only now, Nelson could see a bulge in his pants right next to where he had his scarf bundled. He’d been tugging and adjusting his package since he sat on the couch. Now it seemed to Nelson the answer was revealed: he had an erection. Either that or he’d stuffed a huge zucchini down the front of his jeans. It really did look like Renny had a massive hard-on.

Renny was hung; he already knew that. Heard it from girls he slept with (also in their cries from behind the door to his bedroom as he stuffed it into them), and of course he’d seen it himself a few times. Not hard or anything, just in the bathroom after a shower or whatever. The thing was impressive. Not aroused, it dangled between his thighs more than half a foot.

The question that faced him now was obvious: *why*? Why did Renny have an erection?

The couch where they sat was an L-shape, Nat in the centre, the bend, Nelson and Renny on either side of her, almost facing each other. Was it

Nat? Did Natalie give him a boner?

Nelson watched his wife. So pretty, such a winning smile and sparkling eyes, looking fucking adorable in her oversized reindeer shirt and her silly Christmas antlers. She didn't wear a bra under her shirt and you could see the shape of her tits pressing out, and two points poking at the fabric as well. Probably the cold—he felt it, too, when Renny came in and it had tightened his own nips. She talked with Renny now and Nelson had lost the path of the conversation. He'd become fixated on Renny's arousal and his proximity to his partially dressed wife. What if she saw Renny's huge bulge? He couldn't allow that to happen. The idea of her eyes taking in another man's sexual arousal made his heart pound and his fingers tingle.

The thought that Renny was aroused because of sexy Natalie was truly exciting though, wasn't it? *Sexy Natalie*. That's how Renny used to refer to her around the house: *Hey Nelson, what time's that sexy Natalie getting here?* Natalie wasn't really Renny's type, though physically she was. Too smart for Renny's antics; always saw through him and Renny knew it. Nelson thought that, too, however, about Kelly, Travis's girlfriend (shit, now his wife!) and they were pretty sure Renny had fucked her behind Travis's back when he was away at a charrette in Buffalo; Warren claiming he saw her creeping out a tiptoe walk of shame from Renny's bedroom, 4 A.M.

If Nat saw that bulge, what would her reaction be? Grossed out? Curious? ... Aroused?

He interrupted them while they talked:

"Renny ..."

"Yeah, dude?" Renny said, finger held up midpoint in a conversation with Nat.

"Seriously, straight up—what is going on between your legs?"

Renny laughed, chuckled, "What?"

Nat slowly turned to Nelson, eyebrows up quizzically.

He said, "Between your legs," gesturing then by nodding with his chin.

Natalie turned away from Nelson now and said to Renny: "Well, apparently my husband wants to know what's going on between your legs."

Renny laughed and smiled at Natalie. "The wives are always the last to know, honey."

Natalie said, "Where you two going to register? I think we have a toaster oven we got for our wedding, never opened, I'll just put a ribbon on

it and pass it on to you two.”

Nelson said, “Nat, he clearly has a boner.” Now his palms were sweating.

Renny scowled at him. “Nelson, Jesus, dude ...”

Nat said, “Yeah, what the hell, Nelson?”

Nelson threw up his hands innocently. “Hey, easy. I just thought it was funny.”

“All right. Fine,” Renny said, then tugged the scarf aside, thrust his hips forward to present his huge erection.

Nelson took it in quickly, eyes darting up then to catch his wife’s reaction.

Nat’s eyes went between Renny’s legs and Nelson studied her face. She would have seen Renny’s massive cock pressing out against his tight jeans, long enough that the head poked a fat denim knot past his hipbone, past the pocket; so thick and hard you could make out the ridged columns.

Nat took it in. Incredulous for a moment like she wasn’t understanding what she saw, then she gawked, laughed a loud cough and covered her mouth. Her cheeks went red and her mouth stayed poised as if she would laugh.

“What ... What the fuck ...? That’s not ... What *is* that?”

Nelson’s heart fluttered and he held his breath. It was awful. It was perfect.

Renny looked for her reaction as well, and now he said, “I was trying to hide it but fucking Eagle Eyes over here can’t keep his fucking eyes off my crotch.”

CHAPTER 6

NATALIE

It took her a few moments to rectify what she saw with what she understood. The first second Renny removed his scarf she thought it was a joke—he'd stuffed something huge in his pants. Her eyes couldn't come away as she struggled to comprehend, then her face went hot because she didn't look away quick enough and Renny and Nelson watched her gawk at it. And it did come together; she could clearly make out the shape of the large balls she'd already noted, then what had hidden under his jacket—literally looking like he'd slipped a long fat cucumber in there. But it was his cock. Could see the ridged shape of it, saw the swollen glans pushing his pants up right past his hip. She covered her mouth, both hands then moving to her cheeks, feeling them hot, and she looked away, finally, to Nelson, feeling ashamed she'd looked so long. Now she was mad at Nelson, saying, “Nelson—why the hell would you point that out?”

He shrugged, a strange expression on his face, somewhere between a smile and nausea.

“I know,” Renny said. “God, Nelson.” Renny looked down, admiring his own arousal.

She looked, then quickly looked away again, saying, “Why would you make me look at that, Nelson?”

Nelson was strangely silent and he just shrugged again, that trace of smile gone now. She continued to pat her cheeks, knowing she would be red even down her chest if she were to look.

“Hey, Nat,” Renny nudged her elbow, trying to get her to look around.

“No,” she said.

Renny said, “No, look, I covered it.”

She peeked over to see his long scarf curled up in a heap to cover his crotch again.

“Sorry,” Nelson said, his voice a croak, then he gave a weird, high, loon-like laugh.

Renny said, “Nelson, you fucking nut. You okay, Natty?”

“Yeah,” she said, putting the back of her wrist to her forehead, feeling it hot, too. “I guess my cousin wasn’t kidding,” she said.

Nelson said, “Your cousin?”

Renny said, “What do you mean?”

She said, “Yeah, my cousin Valerie.”

He said, “Who’s that?”

Nelson said, “What did she tell you?”

To Renny she said, “She’s my cousin Valerie—you dated her for, well, I guess just for a week.”

“I did?”

Nelson said, “But what did she tell you?”

She said, “You don’t remember her?”

“When was this?”

“Five years ago. At school. She went to Kingston but she’d come up and see me and stay sometimes ... hang out ...”

“I dated her?”

With air quotes, she confirmed: “Dated.”

“What did she look like?”

She said, “I don’t know, Renny ... like me, but with shorter, darker hair.”

Renny said, “Oh, I don’t think so, Natty. I think I’d remember that,” and he reached out and lay his hand on her thigh.

“Gross. Don’t,” she said, knocking his hand away.

He laughed as he withdrew his hand, saying, “Gross? Why?”

“That,” she said, pointing to what lay under the scarf.

Nelson said again, “What did Valerie tell you?”

“Nothing,” she said. Then to Renny, “Why? Why ... What is going *on* here?” and she gestured to the bundled scarf.

Nelson sidled up against her, getting their thighs to touch while Renny laughed again and covered his face with both his hands. “Aw, oh boy,” he chuckled into them.

“Oh,” she said with a smile, getting an idea.

“What?” Nelson said to her.

“Pills?” she said to Renny.

“Yeah,” he agreed.

“What pills?” Nelson asked.

“Those girls,” she whispered to him.

Renny dropped his hands away and said, “Those girls, we were taking pills, they had an assortment ...”

Nelson caught on. “Oh shit. A blue triangle?”

Renny said, “No, I would have recognized that—the other one, the other brand. Or who knows?—some Chinese knockoffs, and my heart is going to explode later.”

She said, “Holy shit. You know, that’s not funny. You should call the cops.”

“I’m not calling the cops, Natalie.”

He sat and stared at Frosty’s frozen face for a long moment and she and Nelson watched him. Finally, she said, “Well, do you feel okay?”

“Yeah, no, I feel good. I took some downers, too, though. It’s just my cock fucking aches—really bad,” he said, absently clutching the scarf against it.

“You’re okay? Should we take you to the hospital? I mean it ...”

“No, I’m fine,” he said sullenly.

She turned to Nelson now. “When do you think it’s okay for me to laugh?”

As Nelson laughed Renny chuckled too, sighing, “Fucking Natalie. Laugh now, laugh all you want,” he said, then flashed her that huge erection again.

“Aw, gross, don’t,” she said, and fell against Nelson who cradled her.

“Don’t look at it,” he whispered.

“You pointed it out,” she reminded him, and she put an arm around his shoulder and kissed his neck.

To Renny, Nelson said, “Well, why don’t you settle in, think about baseball or something—want some of my track pants or something?”

Renny thought about it, then said, “Aw, no, I’m okay,” then waving at the TV said, “Put on Frosty, that will take my mind off it.”

She said to Nelson, “Yeah, that’s a good idea—why don’t you get Renny one of your bad ass eggnogs?”

“Yeah, hey Renny—eggnog?”

“Sure, buddy.”

“Hey Nelson,” she stopped him as he walked away hunched over like he had a stomach ache, “Me, too, eh?”

“Yeah, three stiff eggnogs coming up,” he said and darted back, her tilting her chin up to receive a quick kiss.

When he'd circled around behind the couch, heading to the kitchen, she said to Renny, "Those little bitches ..."

He groaned and let his head fall back against the cushion.

She said, "Seriously, they could really fuck a person up with something like that. Kill them even."

"I know. *I* took the pill, though."

"You know what it was you took when you took it?"

"No."

"You should think about calling the police."

He rolled his eyes again and groaned, squeezed his thighs together.

"Does it hurt?"

"Just aches really bad. And I have the hardest erection in my whole life right now. Seriously," he said, glancing behind the couch then moving the scarf away. "Touch it."

She laughed and said, "No way, Renny," but now she took another look at his size again.

He said, "Don't be a nerd, Nat, I'm serious, I'm not asking you to stroke it—"

"Nope."

"For science," he said. "You're an engineer—poke it because you won't even believe how hard it is. Not for my sake, for yours—one touch and you'll be on the darknet buying Chinese boner pills for Nelson."

"Renny, I'm not going to poke or touch your dick ... get real ..."

"Fuck, Nat, I'm not perving out, I'm being serious—you only get five more seconds and I'm covering it up again."

"Go ahead."

"Five ... four ..."

"Renny ..."

"Three ... two ..."

Her own heart raced now. His cock was absolutely huge and he tempted her with his hardness. Though she didn't want to touch it, as the window closed on her opportunity her hand darted out without her approval—not just poking, but taking thumb and middle finger astride his erect width and compressing. Two things; one, his cock was about as wide as a deck of cards, and two, it really felt like steel with absolutely no give against her squeeze.

“Holy shit, Renny,” she said, “that’s not real.” Her hand darted back to her lap and she was profoundly ashamed of herself. A heat returned to her cheeks.

“That’s real, Nat,” he said and covered it again.

She said, “Is that really your dick in there?”

“What?” he laughed, turning his head to her. “Yeah.”

“You’re not fucking around?—that’s not some, like, dildo or something?”

“Crazy, huh?” he said. There was a click behind them, like the sound a knee would make if you turned the wrong way and she whipped around. Between the family room and the kitchen was a small arched vestibule, maybe only eight feet by ten, a place where someone might have sat with a phone back in the days of land lines. It was dark, the table lamp in there clicked off, the dimmed kitchen beyond the only light. Her heart pounded again at the thought that Nelson could have witnessed her doing something so stupid as she had just done.

CHAPTER 7

NELSON

Nelson's back flattened against the wall of the kitchen just to the side of the arched vestibule, his hand clutched over his wild and erratic heart. It looked like his sweet, smart Natalie touched Renny's erection. At once he was filled with rage and fathomless sadness—and astounding, puzzling arousal. Something inside him provoked this; he'd pointed out Renny's bulge, he'd lurked in the shadows of the vestibule to hear what Nat would say when he was out of the room ...

He'd anticipated something to do with Valerie, her cousin. He'd forgotten she'd been with Renny. It seemed like Valerie had said something to Natalie about Renny's size. That's what he wanted to know. Instead he was treated to an incredible display of disreputable behavior from his beloved. Renny had presented his erection to her, and though her action was hidden behind the couch and he saw only their heads and shoulders, he was almost positive she'd been encouraged to reach out and touch it. She was so much better than that; but seeing her behaving so badly had something fierce and demanding in him, scratching and scrabbling from inside a deep well, looking to emerge in the daylight of reality. He felt lightheaded.

With great focus, he managed to take three clean glasses down from the cupboard and spoon his own homemade eggnog into them without making a mess. His hands shook when he opened the rum and he put the bottle back down on the counter. They were talking again—he heard Natalie's laugh—and he trotted to the vestibule and spied around the corner ...

Fucking Natalie laughing and smiling like she didn't just touch another guy's cock. Maybe she didn't, though, maybe it just looked like that—she wouldn't do that for real, would she?

Now she turned to look over the back of the couch and he darted into the kitchen before he was caught. She hollered his name.

"Coming," he called back and then returned to pouring the rum.

Problem was he had his own erection to contend with and that was a real puzzle. What aroused him by seeing Natalie sexual in any way that

wasn't about him? The T-shirt he wore was thankfully loose enough to cover his own arousal and he arranged the three drinks on a tray and carried them into the family room.

Natalie sat next to Renny still, not close, and he saw the scarf covered his crotch again. Had he not been witness to that strange exchange he would have no idea anything had happened at all. And, fuck, that was exciting in its own way, too ...

"Here we go, guys," he said, eardrums pounding with his tense and furious heartbeat. "Eggnog with a healthy dose of spiced rum. Hey Renny? —your doctor say it's okay to have alcohol? I know you're on that boner medication." *Jesus, just drop it already.*

Renny winked, said, "Down the hatch," and drained most of the glass in one pull. He wiped his upper lips with the back of his hand and said to Nelson, "Nice and strong, buddy," saluting him with a raised glass. He set it down on the table next to the cookie tray and sat back again. He said, "So this is your plan? You two get married, get a house, start seriously working at being a couple of chunky monkeys?"

Natalie said, "No it isn't."

He grabbed a bag of chips discarded on the couch, held it between his pointed fingers and shook the bag to show that it was almost empty, peeked inside. "Seems like it to me," he said, then held the bag up to his mouth to tip some crumbs.

Nelson said, "That's just for tonight, that's not what we normally eat ..."

Renny said, "I don't care. Everybody gets fat when they settle down and get married. Besides, Natalie looks better with a little weight on her."

Natalie didn't like that, giving an angry scoff, frowning at him and shaking her head. "Fuck you, Renny. You have no filter, do you? No fucking social grace of any kind."

"Aw, hey come on, you look good. Really, really good, you just used be a little rail is all," Renny said, and he poked her middle.

Natalie flicked his hand away and when he didn't remove it she punched the back of his wrist with her tiny balled up fist. It just got Renny excited and now he leaned to her, his hands seeking out her middle and trying to tickle her. She fought with him, rearing back and getting her feet up to kick him, but he'd got her smiling somehow.

"Fuck off, Renny," she said with a laugh.

He grabbed at her thighs and pulled at her T-shirt, trying to bring her closer to him. "Come here and let me hug it out with you ..."

"I'm not hugging you when you have a giant boner, Renny."

"Aw, come on, ya prude. That's the best time for a hug."

"It is, is it?"

"Yeah, come in for a Perverted Grampa."

"You would be a perverted grandpa."

Renny sat back again and his face went stone serious. He put an arm over the back of the couch and let his legs spread wide, scarf still in his lap. He said, "Natalie. Come hug your grampa, please."

"You're not funny, Renny."

"You haven't seen your grampa in two years, Natty. Come and give him a hug hello, he missed you, he came all the way from Florida to see you ..."

"Florida?"

"Don't grampas come from Florida?" he said, poking her shoulder with the hand that draped over the couch. Now he slapped his thigh, saying, "Come on, seriously, come sit on Santa's lap. How about that? Tell him what you want for Christmas."

"I want you to go beat off in the bathroom, please," she said.

"Doesn't work like that."

"What do you mean?"

"That won't make it go down—"

"Yeah, it does—"

"No, I'll still have a hard on and you'll have to clean the ceiling."

Natalie tugged her arm away from his poking finger and exhaled with extreme exasperation, collapsing in the cushions and rolling her eyes.

Renny said, "Hey, I'm sorry I said you got chunky, okay? Truth is you look better now than five years ago. How's that?"

"Whatever," she said, laying her back flat on the couch, her eyes meeting his and rolling them at the behavior of his friend. Deep down her feelings might have been hurt. She'd gained weight, just a little, but Renny wasn't kidding when he said she never looked better.

"No, I'm serious, I mean it," Renny said, crossing his heart. "I was just joking around because I figured you knew how hot you look."

"Hot. Right."

"Hey, if you got sloppy-fat I wouldn't say a thing. I'm not an asshole."

“No, you *are* an asshole.”

“Yes, I am an asshole, that’s true. But not to you ...”

“Yeah, right, you and I always got along so amazing ...”

“It’s called sexual tension in the movies, Nats,” he said, and while she didn’t see him coming he got over top of her on all fours and grabbed her wrists.

Nelson gasped and held his breath at the sight of another man taking her like that, even if it was horseplay. Renny was erect and hung and now Natalie knew, and even if she didn’t like the guy she would be aware of his undeniable sexuality.

Renny took her arms and pinned them to the couch above her head. Natalie’s face burned red and she struggled to say something, looking up into his eyes.

Renny said, “And we all now where this story is going, don’t we, Natalie?”

CHAPTER 8

NATALIE

What she'd like to do right now is put her knee into his balls, but the way he had her pinned squished her legs together and she knew she would just end up pressing the front of her thigh against his hard-on.

"Get off me," she said.

"Why?" he said. "I can see how horny you are."

"What?" she exclaimed. "No, I'm not!"

"You're *so* horny," he said. His face hovered over hers, she could see his white smile in that thick, black beard, his black eyes sparkling just over hers, though one was narrowed to a slit. And completely against her will she felt her nipples begin to tighten and hoped they couldn't be seen pressing through her shirt. She struggled to cover herself, but Renny held her wrists above her head.

"No, I'm not."

"You're so horny, Natalie. You can't deny it."

"Get the fuck off me."

He was chuckling, and he turned to Nelson saying, "Eh, Nelson?—your wife is so horny."

"You look pretty horny," Nelson said in a low voice.

Her head whipped around. "Nelson!" She saw him sitting there, watching his former roommate pin her down on the couch right in front of him, saying awful things while sporting an enormous erection.

Renny said, "You going to tell me you aren't horny?"

"I'm not horny, Renny," she said very succinctly, looking directly into his eyes and showing him her most sincere face. "Now get off me."

His hands slid down her bare wrists, tickling across her elbows, and now her nipples clenched so hard they hurt. When he released her she folded her arms across her breasts in an 'X.' He still looked at her with passionate eyes and she pressed her thighs together, feeling a strange overwhelming feeling that she couldn't pinpoint. He brought his hands to her shoulders and up her neck and she flinched. Her hips wriggled trying to

get away from him, and her mind struggled to understand how Nelson could let him do this right in front of him.

Now his hands went into her hair and her scalp tingled all the way down like an electric netting had slipped over her back.

She asked him: "What are you doing?"

"I'm showing you how horny you are," he said, tugged at her hair and she saw as he removed her crown of antlers. He was fucking with her. Both of them were fucking with her.

He took off his hat, tossed it to the floor, and she saw his thick glossy black hair had been cut shorter now that he was in the workforce. It suited him, showed off the nice angles of his pretty face. He slipped her dollar store antlers onto his own head and lowered himself over her face again saying, "Now look who's horny."

She wriggled herself out from beneath them, slipping higher up the couch, feeling her panties get rolled halfway down her butt even under her T-shirt, mumbling, "You're always horny."

"You can say that again," he said, and he removed the antlers and tossed them to Nelson who caught them against his chest.

"Some husband you are," she said to him, giving him a mean look as she drew her knees up again and hooped her arms around them. "And antlers aren't horns. Horns are on the bovidae, not the cervidae."

Renny said, "Aw, Natty is mad."

"We were just joking," Nelson said in that strange, low and constricted voice again. His face showed almost no expression.

"What's the matter with you?" she said to him. He shrugged.

Renny stood up now, standing before her and stretching, arching his back. Almost purposely presenting her with that huge thing he had. She looked at it, still bewildered by its size, saw how it pulled the waistband away from his trim belly. If she stood she would see right down into his pants. Or if he stretched his back further the thing may pop right out.

When she turned to look away she saw that Nelson had caught her watching it again. She averted her eyes before he chastised her.

Now Renny was still stretching but turning, walking past the coffee table to their Christmas tree. "You guys have a nice tree. What did you get each other for Christmas?"

Her eyes went up to Nelson, saw his cheeks were red, imagined hers were as well. She said, "We're keeping it a secret. We find out on Christmas

morning.” She held a hand toward Nelson, wanting him to come and sit next to her and he did it, hunching over and tumbling to lay right next to her. She rested her head on his shoulder.

Renny adjusted his erection again, angling it so he could get down on his knees and look at their presents. He lifted boxes and shook them.

Nelson whispered to her, “Are you mad at me?”

She darted her eyes to meet his and said, “No. Are you mad at me?”

He kissed her cheek just under her eye.

Renny said, “What are you two doing for Christmas?”

She said, “I leave on Sunday to go spend two days with my sister and her kid. Then I come back and we’ve got four days off together and we’re spending it here.”

Nelson said, “What are you doing for Christmas?”

“Solo,” he said. “If I feel like it I may shoot up and see my folks on Christmas Day. But nothing concrete.”

She said, “You’re not seeing anyone? You don’t have somebody to spend your Christmas with?”

“No. Just me.”

She chewed her lip, the obvious thing here was to ask if he’d like to spend Christmas with them, but she wasn’t sure if it was a good idea, and wasn’t sure if Nelson would think it was either.

Nelson didn’t say anything any way, and the chance for an invitation to be extended hung in the air for half a minute while Renny continued to shake their gift-wrapped presents.

When he stood she watched his hand grip that erection and push it to the side, and he said, “Do you want to see what Santa brought you?”

Nelson said, “Brought us?”

“I think you two have been good boys and girls this year.” He snagged his denim jacket out from inside the leather one where they lay on the floor, unbuttoned the chest pocket and pulled out a baggie of weed. He said, “Primo kush.”

CHAPTER 9

NELSON

The last time they smoked would've been a year ago during a party at the house Jenny rents. A joint shared in the backyard with two Persian guys who worked IT. Before that he would have to go back more than a year-and-a-half. It wasn't something they did any more. But when Renny had presented the bag of kush he could see a host of mechanisms at work behind his wife's eyes. She looked at the baggie, her mouth open, her eyes darting. Then a smile formed, and she bubbled, suddenly into the idea.

While Renny dragged the coffee table closer and sat on the couch again Natalie had run upstairs and they heard her rummaging around in her office's closet. When she returned she held her pink acrylic bong with the Hello Kitty head around the down-stem. An object he hadn't seen in years. She said, "I can't believe I found it." Renny set it up and they took turns ripping, and now all three of them lay strewn on the couch feeling really, really good. He couldn't shake from his mind the image of his beautiful Natalie working the bong, one knee hidden up inside her shirt, the other planted in the carpet, looking like she did when they were just dumb kids at University. It gave him a warm feeling of almost endless love for her.

They finished Frosty and now they were halfway through Christmas Vacation, Clark stringing up the lights on his house. Natalie groaned happily and sat up looking over at Nelson and then Renny. She stood, eyebrows high and sleepy and leaned to the cookie tray and plucked up a shortbread crescent, licking the powder powdery icing sugar off the top before biting it in half. Then she picked up a rum ball and held it between the fingers of the other hand. Nelson admired her smooth bare legs, the backs of her slender knees and the swoop of her calf before the scrunched colorful socks. She faced Renny who lay on his back with both legs straight out on the couch, his arousal unhidden and obvious; Natalie was growing comfortable with its presence and while it bothered him it also tightened his chest and raced his pulse in a curious way.

Natalie said to Renny, "You're still hard."

He said, "I know," his eyes coming up from Chevy Chase to look at her.

"When do we worry? How long before it's a problem—like, when do you go see a doctor?"

Renny still looked at her and said, "You eating cookies again?"

She tossed the rum ball at his face but he caught it. "Such an asshole," she said and plopped down next to Nelson's stomach and he thrust his hips back before she noticed his own erection. *What would she make of that?*

Natalie said, "You can't just play around he—"

She was interrupted as Renny threw the rum ball back at her and she threw up both hands, one still holding half a cookie, the other catching the rum ball but not before bumbling it. She saved it from hitting the floor, and she held it up triumphantly now, showing Renny and then Nelson. Nelson opened his mouth and she held it for him to bite, then she took the remaining half.

With her mouth full, she said while still chewing, "Seriously, Renny, I think you should go ... you know ..." She jerked her hand in a loose impression of masturbating, then hiked a thumb toward the guest bathroom.

Renny ignored them, eyes down to the TV, but he said, "I'm not doing that. I'm not gonna go do that in your house."

Natalie said to Nelson, "Don't you think he should do that?"

"He doesn't want to, Nat."

"I'm worried about him. I want it to go down ..."

His heart pounded furiously, a sudden and abrupt surge that almost deafened him. Before he could stop himself the words were coming out of his mouth: "Why don't you do it for him?"

Why don't you do it for him? Why would he even say that? As soon as the words were in the air he wished them back.

Natalie laughed, said, "He wishes," and then popped the remaining half of the shortbread into her mouth.

"I'd be up for that," Renny said, eyes down on Chevy still.

She said while chewing, "Nelson's the one who can't stop talking about it, maybe he'll take care of it for you."

Renny said, "No thanks. Though he does have nice hands."

"Thank you. They're just for this lady though," he said.

Renny turned his head, smirking now, saying, "You don't jerk guys off anymore?"

“Ha. Ha.” Nelson pronounced.

To Natalie, Renny said, “He told me he paid his way through Freshman year giving handys at the Bus Depot.”

“That was a long time ago,” Natalie laughed and held Nelson’s knee, joking along, saying now, “We don’t talk about those dark days since we got married.”

Renny nodded, smiling, agreeing, saying, “Yes, it’s best that way. You’re much better than that, Nelson. I’m glad to see you’ve come so far.”

“She saved me,” Nelson said and put a hand on Natalie’s waist.

Now Natalie stood up and left him again, taking a step toward the cookie tray and finding a date square. She said, “All joking aside, you really should. Then if it doesn’t go down we know we should probably take you to the hospital.”

Renny rolled his eyes and said, “Little porky back at the cookies.”

“I’m not even fat, you asshole,” she said and stomped her foot playfully.

He laughed, seeing that he could still get her though she wasn’t hurt this time. He said, “Not yet, but you’re working on it.”

She said, “Aren’t you supposed to be jerking off?”

And that was when Nelson decided to stand, tugging his shirt to make sure his own arousal was covered—he took a step so he was right behind her and bent to the cookie tray. With his other hand he pressed her firmly in the small of her back and shoved her toward the couch where Renny lay.

“Nelson!”

“Just do it already,” he said as she stumbled and fell. “Maybe you’ll finally stop talking about it.”

Renny drew up his knees to protect himself as Natalie collapsed on top of him. He held his hands up to receive her and she crossed her arms over her chest and landed against him; he hoisted her so she was on the couch completely on top of him.

Nelson played it cool, grabbing a piece of marzipan and smiling while his insides clenched like high-tension wire.

Renny bear-hugged her, saying, “How about it, Natalie. Give me a handy?—help me out ...?”

Natalie had her mouth full of cookie still, her face clenched up tight but still bounding with mirth. She had an open lip smile, her teeth clenched, cookie crumbs on her lips, her eyes squinted shut. She was trying to laugh

and not choke on an inhaled cookie at the same time. She was shaking her head furiously *No!* and tears streamed from her eyes.

Renny watched her face, still holding her, and he said, “No? You won’t? Knowing that it can help me? What about the hospital, Nat? Aren’t you worried I’ll have to go to the hospital? Just a quick HJ, Natty—do you want me to suffer? I could die ...”

It got her laughing even harder and she covered her face with her hands. Nelson could see that she lay across Renny and that she must have his hardness against her. It was an astounding feeling in his guts and spiraling mind. His knees went watery.

Now Renny rolled to his side, still embracing her, and they were spooning facing Nelson. Renny humped himself against Natalie, that huge bulge grinding between her butt cheeks. He said, “Or just hold still for a minute, I can take care of myself.”

It looked like Natalie was going to die from laughing, her face beet red, not taking any breath, waving her hands back and forth in front of her face. Nelson noted she wasn’t even struggling to get away.

CHAPTER 10

The huge, wide size of Renny's cock pushed the cheeks of her ass apart and she could feel its incredible hardness; felt him press it against her forcefully and grind it back and forth. Any guy did that, even Renny, deserved a punch in the face. Any other night she would have turned around and socked the perpetrator. Had every fucking right to do it. Running his cock against her the way he did was borderline criminal. But then, hey, she'd been asking for it, taunting him about jerking off (though he really should), and now he was just teasing her. She could be a bitch right now, and most nights she would be, but for whatever reason, despite knowing this was insulting and out-of-line, she couldn't stop laughing. There was a very real chance the cookie in her mouth might be drawn into her lungs with a wicked inhale of laughter and she would choke to death while Renny humped her. And that was fucking funny, too. So now she tried to cup her hand to her mouth, thought about spitting up the half-chewed Christmas treat but didn't want her husband and Renny to see her do something gross like that.

So instead she tightened herself right up and let Renny be the jackass he was and pretend to fuck her from behind; pretending not to be humiliated ... and something else, too, something that troubled her.

He thrust that big thing against her with one final comical buck and it was time for the nonsense to be over. She escaped his clutch and stumbled off the couch to her feet, barely able to see out of her squinted eyes. Nelson was there rubbing her back again and she waved him off with a smile and a held-up index finger, indicating she would be all right. Renny laughed behind her.

Couldn't get it together, so she trotted off, leaving the two guys in the family room and darting through the vestibule and into the kitchen, making it to the sink in time to spit out all she had in her mouth and draw in a long, ragged, and desperately needed breath. Then she burst into enormous laughter that echoed around the deep stainless steel sink. The boys, hearing her from the family room, burst into laughs as well after the sound she made.

When she finally got it together, still bent over the sink, ribs hurting from laughing so hard, she turned the lever and blasted cold water from the tap. Put her hands under the stream and wiped her eyes, pressed her frigid digits to her hot cheeks and massaged them. Fucking Renny. Such an asshole, but he somehow always brought a good time. Just showing up tonight—can't be normal, *Hey, I was in the neighborhood and I thought I'd drop in and say hi 'cause we haven't seen each other in so long.* Nope. Gotta show up unannounced, running from some ridiculous problem, some girls spiked him with boner pills and now he has an unshakeable erection. The ridiculousness of it got her laughing again; laughing and missing those good times when they were all in school.

One more cold wet patting on her face from the fresh tap water and then she shut it off. Renny sure did bring excitement and it was funny how five years ago his presence used to rub her the wrong way, but now, all these maturing years removed, she was glad to see him like he was some link to the funnest time in her and Nelson's lives.

Now she looked to see she was alone in the kitchen and the boys remained in the family room, hiking her big T-shirt up to adjust her panties. Slipped a hand into her waistband and made a semi-circle around her body, tugging her panties out of her ass crack after Renny had stuffed them in there fake-fucking her with that huge cock. That was just horseplay in there—extremely inappropriate horseplay—but it did make her wonder what sex with him would be like. She wasn't ever a fan of Renzo Bulgarelli, but she couldn't help the obvious consideration. Back when Nelson shared a home with Renny, she'd heard girls in bed with him and the noises they made were ... otherworldly. Lay in bed a few nights next to Nelson and wondered what the heck Renny did to those girls that had them crying like that. Figured he must be good in the sack but truly gave it no more thought than that. Cousin Valerie told her the same—Renny was incredible in bed. Without details, implying it was the greatest sex she'd ever had. Also said he had a huge cock, and she'd heard other girls say that as well, some tee-heeing and calling him Renny Bulge-arelli. But now she knew for herself. Shit, he would *completely* dominate her with that thing.

Hands coming around the front of her panties, she discovered something she suspected and didn't like. The horseplay had provoked a disgusting juicy spate on her lady parts.

“Gross,” she whispered. Ran a finger over her folded membranes and felt them hot and a little slippery. What an embarrassing reaction to a guy who she always thought—and told everybody she knew—was an asshole. Her body betrayed her.

Now the tips of her fingers shone with what she’d discovered between her legs and she reached across the counter and snatched a paper towel from the roll, wiped at her fingers to dry them. Then a quick look to make sure the boys remained in the family room and she took another clean and dry square of towel and bunched it to a wad and thrust it in the front of her panties. A couple of wipes up and down to dry off her pink lady and then she scrunched that up and threw it in the trash under the sink. Guy like Renny might catch that sex smell on her and then point it out to her husband and think it was funny.

Big reindeer shirt straightened and hem brought down, she returned through the vestibule to rejoin the guys still watching the movie. She clambered over the back of the couch and sat between them again.

Nelson gripped her ankle and asked, “You okay?”

“Yeah,” she whispered. “Just about inhaled a whole cookie, but I managed to pull through.”

Renny, laying on the couch again as he had been, as if oblivious to the disgusting interplay that had just transpired said, “Those cookies are going to get you somehow, Natty—heart attack from obesity or jamming up your cock-hole ...”

She shook her head in exasperation. “Cock-hole? You’re so fucking gross, dude. You know what I use this cock-hole for?”

“Here we go ...”

“Such a dick. You know I’m team leader on two different projects at Capricorn Solar? They rely on me for—”

“Nat, you’re smart as shit but you’re crazy if you don’t think a pretty mouth like that doesn’t have dudes wishing they had their cocks in it.”

“Oh my God, Nelson, please,” she said to the ceiling.

Nelson chastised Renny, saying, “Renny ...”

He laughed, turning to face her now and holding a hand out to her. “Natalie, I’m totally fucking with you. You got way better grades than me. If you were at Energex, you’d be my boss, baby. Come on ...”

She held her fingers out to him and he took them, squeezed them, looking in her eyes with those deep blacks and an arrogant but somehow

supportive smile.

She said, “Damn right I’d be your boss ...”

“Chill, Nat. Be cool ... Nine times out of ten I’m fucking with you ...”

He took his hand back and folded both arms under his head to watch Christmas Vacation again with that aggravating erection poking his jeans out.

She said, “And the tenth time?”

Without looking at her he said, “Just like every other dude you ever met—I’m super-sweet, trying to get in your pants.”

CHAPTER 11

NELSON

He ache to ask Natalie about Renny humping his erection against her was tremendous, but he wrestled it till it submitted. Couldn't help him wondering what she thought of that thing pressed against her. She surely felt it. Maybe when they were in bed later, and alone, he might get the courage to ask her.

Shit, why would he do that? Would she want to hear such a crazy question from her husband? Probably not—though, if he found the right manner to do it ...

Now she was eyeballing Renny who seemed to imply that he would be interested in getting into her pants. Their old friend just fucking with her, the way he did with most people, especially girls. Natalie always too smart for it, tonight, five years removed, seemingly a dumb little jack rabbit padding its paws around a snare trap. He could point it out to her, tell her, *Hey, come on, don't fall for his shit*, but it was somehow fascinating to see Renny's arrogance bring out the eyelash-fluttering-girl from his normally strong-willed Natalie.

That's when it occurred to him—what would transpire if he weren't here tonight? How far would Natalie fall for this game of Renny's? With no internal debate he sat upright and put his feet on the floor, making them notice him. He kept his eyes half-lidded, eyebrows high.

"What's with you," Natalie asked him.

"Mmn," he grunted, and now he lay down again, this time falling to the side with his head toward the TV. He drew his legs up and dragged a pillow under his head. "And you wanted to go out tonight," he sighed.

Natalie laughed now and said, "The party came to us."

"The ghost of Christmas Past," Renny said spookily and now he sat up higher too, moving his butt into the seat so he sat next to Natalie.

"Feeling good there, buddy?" she said warmly to Nelson.

"Really good," Nelson moaned, dragging out the vowels.

"Me too," she said, her gaze drifting back to the TV.

Renny watched for a while too, then said to Natalie, “You were going to go out tonight?”

“Not really,” she said. “We had an invite.”

“Sorry I didn’t invite you guys out. I was right around the corner.”

“It’s all right,” she said. “Life’s moving on. We’re all forgetting about each other. Going on to newer things.”

“Not all of us,” he said morosely.

Natalie turned her head and regarded him. She said, “This is some wild life you lead ...”

“Not really.”

“Not really? It totally is.”

“What do you mean?”

“What do I?—I mean Nelson and I are sitting at home in our PJs watching Christmas specials and you’re out getting punched in the face, messing around with college kids, and people are slipping you boner pills ...”

Now he was smiling again. He said, “Sounds like a normal Friday night.”

She said, “I remember we all used to have fun.”

“You can still have fun, you know.”

“I know. I do have fun. Believe it or not, eating all this Christmas stuff and sitting around watching Frosty the Snowman is actually kind of fun.”

Renny nodded, his mouth moving around. When he turned back, he said, “You two gonna have some kids?”

“We’re planning on it,” she said and gave Nelson a great big smile. He acted out of it, grunting again and acting surly—like they were making too much noise. He reached down, kept his eyes sleepy and narrow and snagged another pillow. He brought it up and put it over his head.

Natalie laughed and Renny chuckled as well.

She said to Renny, “A baby in two years. Maybe eighteen months. Both of us are going gangbusters with work. I have a couple of projects that have long deadlines and I won’t get pregnant until I see them through.”

“Sounds like Natty has two years to fucking *party*.”

Natalie laughed, tossing her head back. There it was, a different Natalie. Girlish Natalie. Nelson snuggled the pillow tighter, blocked his face off from them.

She said, “Yeah, I don’t think so. Not in college anymore, Renny. Too many obligations these days.”

Renny said, “I hope you don’t think all those fun days are behind you.”

“No. But I know it won’t be the same.”

He held her wrist and Nelson’s heart jumped. Natalie didn’t pull it away. Renny said, “It doesn’t have to be the same, Nat. It just has to be good.”

She groaned. “Yeah, you’re right. I don’t know. I just get stuck in the past sometimes.”

Renny patted her arm and let her go, put his hands back in his lap, the scarf gone, his crotch now left uncovered. “Do you think I’m stuck in a rut? Like I’m not growing up?”

“Why would you? You’re having fun ...”

He smiled sadistically. “Oh, I sure am.”

“Still giggling.”

“Yes,” he said with a simple nod.

“Same old band?”

“Hayfever? Yep. New drummer. Mike—you remember Mike—he moved to Australia for a girl. Got her pregnant. We got a new guy, he’s all right. He’s, like, twenty.”

“Johnny B?”

“Yeah, Johnny B, too. He’s married now though. He can’t gig out of the city.”

“Life’s moving on.”

“It is,” he smiled, getting his gaze down low to look her in the eye. Natalie turned and Renny said, “But we can still have a lot of fun.”

CHAPTER 12

NATALIE

“Look at this party animal,” Renny said, nodding his chin to Nelson on the other side of the couch. He lay with his feet toward them, his head nearer the TV. He was bundled under a blanket and they couldn’t see his face, hidden in shadow, a pillow held over one side of his head.

She said, “Weed always makes him sleepy, poor baby. Is that kush an indica?”

“I don’t know. Took it from one of those girls.”

“Great,” she sighed. “Probably laced with PCP.”

“Or Lady Viagra, and you and me will be fucking all over this couch while your hubby saws logs.”

“Please, I’m not that hard up.”

Renny laughed, and leaned near her, his arm going over the back of the couch, his hips angled toward her. He said, “It wouldn’t be so bad, you and me.”

“You and I didn’t always get along so hot,” she said.

“Makes it even better,” he said.

“I never had the slightest interest,” she told him honestly.

“Mm,” he grunted, nodding and smiling. “I had a crush on you for a while.”

“Oh please, you don’t get crushes.”

“Sure I do.”

“When did you have time for this pining? I never saw you without a female companion.”

“Hey, I’m going to be honest, and it’s probably going to make you mad.”

“Oh shit, here it comes. Just don’t tell me ...”

“No, I want to, I want to ...”

“I don’t know, Renny, I have a feeling I won’t want to hear it.”

“It’s not bad, Nat,” he said. “Not that bad.” Now he looked in her eyes, and she could tell he wanted to see her reaction when he said: “I watched you have sex one time.”

She frowned, trying to imagine what he meant. "What?"

"Yeah," he said, smiling, "you and Nelson, at the old house."

"Renny, why would you do that?"

"Don't worry," he said, smiling wider, "it's not like I was standing there jerking off in my raincoat, I just came home and heard ... *you know* ... and I wanted to see."

"Heard what?" she said, a reluctant little tug at the corner of her mouth showing Renny the slightest smile.

He narrowed his good eye and let his hand drape so near her it almost touched her shoulder and she could feel its heat. "Those little moans you make, God, they used to drive me crazy. I just popped my head inside your room, didn't see you naked or anything, you guys were under the sheets ..."

"Did we leave the door open?"

"Yeah, open a crack. I was gonna make a joke or something if you caught me, I watched for a couple minutes but then I had to go upstairs."

"Upstairs?" she said and let her head fall back to rest on the couch and watched him through her own narrowed eyes now. "Did you jerk off?"

"Maybe," he said slyly and it made her giggle.

Then he said, "What would you think if I did?" And his hand grazed her now, the side of his thumb touching the back of her shoulder.

She said, "I don't know."

"See? Like, is it hot that I heard those sounds you make when you have sex and I got so turned on I had to jerk off?"

"Did you?"

"It would be a compliment if I did, right?"

"No, still kind of creepy."

"No, it's not, Nat," he laughed, purposely stroking her shoulder now with his hand.

"Ha ha," she laughed, "sounds like someone is guilty of jerking off to my sex sounds."

"You do make the hottest little gasps."

She said, "I like fucking," then couldn't believe she'd said it.

He said, "Who doesn't, right?"

"Everybody loves to fuck," she said, her eyes unable to look away from his. Their eyes lingered too long, and before Renny could say anything else she rolled her eyes and sighed, moved her shoulder away so he wasn't touching her. She reached to the side and scooped up the remote for the

television and turned the volume down so the movie wouldn't disturb sleepy Nelson.

When she sat straight again, Renny was watching her. "Hey," he said, giving her a sneaky little smile.

"What?"

"It was never going to go down on its own tonight."

"Why not?"

"With you here? In your sexy little shirt, and I can see you're not wearing a bra."

"Don't look," she laughed and clutched her hands over her breasts, squeezing them, suddenly aware of the strange coyness in her voice and action which she had not intended.

"If you really cared about me like you claimed you would have gone upstairs and put on a bra, maybe some PJ pants so I couldn't see those sexy legs."

"So you're saying it's my fault?" And there was that coyness again, Jesus Christ.

"You know your effect."

"Oh, I do?"

"Come on, of course you do. Look at you—coy."

"Coy, me?"

"Oh my God, you're so sexy when you're coy."

"Are you slut-shaming me? Saying I can't wear whatever I want in my own house?"

"Are you male-gaze-shaming me? Saying if you wear whatever you want I can't look at what you reveal? I'm only allowed to look at the parts you cover?"

"I'm not revealing anything, Renny. What—my legs?" she said, and now she tugged up the hem of her T-shirt and looked at her own bare legs, revealed mid-thigh down.

"I guess you're right," he said, sitting up and not looking at her legs she'd bared. She stared at his back while he sat forward, shifting uncomfortably.

"What's wrong?" she asked him.

"Can you pass me that blanket?" he asked, extending a hand across her lap to a fuzzy, pale yellow blanket on the other side of her, between her and

Nelson's feet. When she handed it to him he took it and lay it across his lap, turning his hips to face her again. He said, "Sorry, I gotta do this ..."

"Do what?" she asked as his hands went under the blanket and he looked up toward the ceiling.

"These jeans are killing me," he said, and she watched his hands come together at his waist and heard the sound of his button being undone.

"Oh," she said, smiling. Now she watched his hands move under the blanket and then heard the sound of his zipper slowly being drawn down. He made an uncomfortable grunt and she could tell his hand slipped into his opened fly and he backed his hips away and pulled out his hard cock.

"Holy shit, oh my God, that's better," he exhaled, making her laugh. His relief seemed genuine.

"Pants a little tight?" she said.

"Fuck, yes. And scratchy, too. I'm not wearing underwear."

"Of course not," she laughed. Weirdo. Didn't think Nelson had gone without underwear in his whole life.

"Oh wow, what a relief," he sighed again, letting his back sink into the couch. It showed her his cock. While it was hidden under the blanket, it stuck straight up, the blanket draped over the crown. Had to be the biggest, longest dick a guy could have. The blanket was a loosely woven one and she could clearly see the dark reddish brown skin through the weave.

"Jesus, Renny," she said, "I can fucking see it. Put it away."

"Just give me a minute, Nat, it's been rubbing the inside of my jeans for a couple hours," he groaned, now purposely wagging it back and forth for her.

CHAPTER 13

NELSON

Nelson watched the whole debacle play out in the triangular gap provided by the pillow he'd nestled his head underneath. It framed the two of them perfectly; Natalie on the left, Renny on the right. He watched them converse, watched his wife take a flirtatious and girlish charm he hadn't seen from her in the longest time. It was odd, because she was never a great big fan of Renny. But suddenly, given tonight's circumstances, she seemed to be falling victim to him like so many other girls had.

Only Natalie was *not* that kind of girl.

His wife's eyes sparkled, her cheeks flushed with a rosy glow. She kept running her hair behind her ear and batting her eyelashes. He wasn't even sure she was aware she did it. The whole thing had a certain beauty to it. It had kept him painfully aroused the entire time. This friend of his with his known penis size—and presently fully engorged—sitting next to his wife; his wife with no lurking husband to corral her behavior ... And here she was behaving in a way that should enrage him, but rather it excited him.

He lay with his feet toward them, his chin tucked to his chest and watching; and between his legs?—an astounding arousal, a hardness probably rivaling Renny's chemically induced one. Then things got even more frightening: the conversation became even more flirtatious, a little more suggestive, and instead of sitting up, stretching, veering them away from that impropriety and saying *Oh, what are we going to watch next?* and putting an end to it, he lay there, stomach twisting and turning, and for some reason enjoying every bit of it. Then, just as he imagined they wouldn't really get much worse, he watched as Renny upped the stakes, Natalie passing him a blanket and Renny draping it over his crotch, his eyes on Natalie as his hands went underneath and unzipped his massive dong. Instead of enjoying the relief that Nelson understood it must've provided him, Renny leaned back, let his bare dick poke the blanket up, showing off his length to Natalie. Natalie didn't shy away. No mean-old-Nelson now to give her the stink-eye, she let her eyes stay on it. Now his heart was thundering like a powerful Taiko drumbeat, a deafening roar up his neck

and in his eardrums. Natalie was intrigued. Intrigued by the sexuality and size of a guy she didn't even really like. When Renny revealed it, wagged it underneath the blanket, Natalie watched and laughed, covering up her chuckles with a feminine hand with his wedding ring on it.

Christmas Vacation ended, and his wife asked Renny, "What do you want to do now?"

Nelson was ready for it. Some sort of double entendre, some sort of charming quip that would finally make his wife melt and she would lay back on the couch and open her legs for Renny. But Renny only groaned and said, "Whatever's next on the marquee," but now leaning back to sit with Natalie, the two of them side-by-side and touching. It was insane. And Natalie didn't shy away, didn't push him off this time, calling him gross and saying he shouldn't touch her when he had an erection. Instead she flipped through the menus on the DVR and soon the two of them were watching *A Christmas Story*.

He watched as they made small talk, Renny saying he hadn't seen the movie in probably ten years, and Natalie telling him it was one of her favorites. Her eyes would drift down, away from the screen, away from her apparently-favorite-movie to sneak a peek at the clear impression of this ever-present erection Renny had, the two of them sitting next to each other, so close together—this other guy's erection just half a foot away from her. She was mesmerized by it, eyes looking to the screen, then darting down to catch another view.

It wasn't long until the two of them seemed to sit there together looking a lot like they were a couple. Hip-to-hip and enjoying Nat's favorite Christmas movie; he considered pretending to wake up and putting an end to this charade. He liked this movie, too, and it was the one he most looked forward to watching tonight. That was when Renny made a strange and intimate move. He sat next to Natalie, his jeans open, a blanket across his lap that his cock poked up like a teepee—now he took that blanket where it was bunched between them and tossed it so it lay across Nat's lap, too. They shared the blanket. And Natalie wasn't bothered, she took it and straightened it across her thighs, glancing down and getting another look at Renny's manhood.

It was an obvious move on Renny's part; offering a chance for an old friend's wife to jerk him off undercover while her husband slept a few feet away. He was testing her, and Nelson didn't like where this was going—if

these circumstances had been described to him theoretically one drunken night down at the bar, he would swear up and down that his feisty feminist wife would see through the whole thing, call him out uproariously or dump a drink on his head. The fact that hadn't occurred yet, his wife instead willingly sharing the blanket, had Nelson's pounding, swollen heart jammed up in his throat. It was beginning to be more than he could bear and the fact he was still letting it transpire was truly unfathomable.

Natalie fidgeted, the attention she had for her favorite Christmas movie seemingly distracted. Moving her hands around, eyes lingering on the left, next to her, touching her hair, her head jerking in little movements, mouth working around—all like she was building up a decision in her mind, and Nelson knew what was, and knew his capable Nat well; if she'd come this far the decision was already made and now she was building the nerve.

She looked at Renny, smirking, and he turned to face her, then her eyes were back on the screen; still smiling, now shaking her head.

Then it was done and committed—Nat made her move: abruptly turning back to him, expression mirthful, and her hand pinching the top edge of the blanket, lifting it up and off the spear that stabbed it, exposing Renny's cock. Renny smiled and shook with silent laughter, eyes on Natalie's face as she took it in. Her eyebrows went up high, eyes wide, mouth held at the edge of bursting into laughter.

“Jesus Christ, Renny,” she exhaled. “That is a huge fucking dick.”

CHAPTER 14

NATALIE

And it really was. It stuck up straight and hard from his lap. The first non-Nelson dick she saw in person for the last five years. That was always a weird and anxious moment for her; when the time came to see what a boy you were interested in had between his legs. The implement of his sex that would now become a thing you both shared. It was tense because dicks weren't exactly her favorite thing, and she had a few freak show revelations—not in terms of size—but frightful bends, textures, head shapes, weird wrinkle things happening ... But not only was Renny's huge, it was good-looking. It didn't always follow suit when a guy was handsome that his penis would be as well. Renny's cock had no blemishes, no weird reddish gradient, no crazy network of wriggling veins ... his was a pleasant tanned color, the skin healthy, and a foreskin that didn't appear gnarly, nicely retracted to bunch up around his big swollen glans. And *it* was shockingly healthy, too—absolutely porcelain smooth, with a liquid gleam like it had been polished; signs it was protected by a very healthy foreskin. Then across the very tip of him, the faint waffling pattern left by the weave of the blanket that it had poked up against all this while.

"That's great, Nat. What a relief. Now you can get some lotion ..."

"I don't think so, Renny," she laughed. "I'm not jerking you off. Besides, it looks like you've used enough lotion on it."

"What do you mean?"

"It's very healthy looking."

"You like it?"

"Don't, Renny," she warned him. "I neither like nor dislike it."

"You have to have some sort of opinion on it."

"No, I don't. You want me to cover it up again?" she said, and now she bunched up the blanket as if she would hide his erection; but instead she arranged it in a heap so that it would block Nelson's view should he come awake suddenly.

"No, leave it uncovered."

"I can say that it's really big."

“And healthy.”

“Yes. And healthy.”

“You want to touch it?”

“No. I’m not going to touch it, Renny.”

“But you want to.”

“No, I don’t.”

“Yes, you do. For the same reason you uncovered it.”

“Oh, is this where you say I’m horny again?”

“Not horny. Curious.”

He had her there. She was curious. “Sure. Yes. I wasn’t one-hundred-percent sure that was a real dick under there.”

“Why not?”

“You know ... it was so... big ...”

“It’s real,” he said. “Put your hand on it.”

“No,” she said firmly, but that firmness wavering into a slight giggle at the end.

“Come on,” he urged. “Just get it over with.”

“No,” she said, and now she returned her attention to the TV, crossing her arms over her chest and acting disinterested. But, while on-screen, young Randy thrashed on the ground in his snowsuit, her eyes kept darting back to Renny’s dick. Now her feet were wagging, and she rolled her eyes. “Fine,” she sighed.

With a glance to Nelson, seeing his head buried under the pillow still, she got a little closer to Renny and brought her right hand over between his legs. Renny pushed his hips forward to make it easy for her. She hesitated, hand held in a wide ‘C’ an inch away from gripping him. His cock was huge, and seeing her hand in scale right next to it was actually kind of exciting. She went for it. Wrapped her hand around it just below the head.

“Fuck, that is big,” she said.

Her middle finger and thumb just met to touch. The skin was warm and gummy, and underneath, the pills that he’d been given had turned him into a steel column. “That is the hardest I’ve ever felt a dick,” she said. He was almost twice as long as Nelson, and she didn’t even think Nelson was small. In fact her experience with guys had all the penises she knew in equal esteem. Pretty much interchangeable. An inch variation in length, roughly the same thickness, but pretty much the same size penis over and over again.

Renny lifted his hips again and his thumbs worked his jeans farther down his thighs, exposing his scrotum. Her hand drifted down to see if they were real as well. They were strange; incredibly large, not sagging, not drawn up inside his body either, but held together in a big round sack around the size of a tennis ball. She gripped it, found it too much for her hand, used her fingers to manipulate the two shapes inside. "Even your balls are huge," she said.

"Fuck, that feels good," he groaned.

She broke her gaze from what she held in her hand, eyes going up to Renny. She said, "I'm not trying to make you feel good."

He smirked, his puffy eye opened enough now she could see the black pupil in the narrow black-lash slit.

"What?" she said, "I'm not."

"I didn't say you were," he said with a smile.

Her eyes returned to her hand; her fingers continued to manipulate his huge testicles and then her grip went around the base of his cock. Here she couldn't get her fingers to close. "I can't even get my hand around it," she said.

"Now can you admit you like it?"

"I don't know," she said.

"You've never been with a guy with a big cock?"

"No."

"Stroke it a little."

She did. Let her hand grip the skin and move up and down his shaft.

"Tell me you like it."

"I like it," she whispered.

"Stroke it a little more. Stroke it higher."

She got even closer now, her shoulder working into his armpit, his arm draped over the back of the couch. She whispered to him: "Do you want a hand job?"

"Fuck, yes," he groaned.

She reached to the blanket and bunched it a little bit higher, making sure that what she did couldn't be seen. Her heart pounded in her chest so hard her vision shook with each beat. She licked her palm, gave another quick darting glance to the pillow that covered her husband's face, then put that hand around the head of Renny's cock.

While the glans gleamed, it wasn't wet, but it was smooth as silk under her fingertips. He made a deep groaning sound that she heard and felt on her cheek that lay on his chest. She didn't want to think of Renny so she shut him out, angled her head so that all she looked at was the thing she held in her hand. She worked her spit around the top of his cock, doing it in circles, polishing it, listening to that growling sound in his chest as he enjoyed what she did. She'd rather not hear that.

Then she stroked and swirled her grip on the slippery end of him, just a few inches; up and down, around in circles—as her hand moved quicker so did her pulse rate. His cock was incredibly hard. And so huge in her little hand. The thing she held was so much larger than their husband's. Almost unreal. And for some reason ferociously sexy. She couldn't believe her cousin slept with this guy. Couldn't believe the thing she held in her hand would go inside her. Valerie wasn't very big. The same size as Natalie. How would this fit inside her?

CHAPTER 15

NELSON

The action of her hand was hidden behind a heap of blanket, but he could occasionally see the tip of Renny's cock, and his wife's fore-knuckle stroking up and down in pale flashes. He couldn't believe that Natalie had succumbed. He watched the wink-wink-wink of her hand as it stroked up and down his old housemate. Listened to the wet smacking sound of her spit-glistened grip.

A swirling black ball of negative energy swirled in the pit of his stomach. His thighs were clenched, his leg muscles like iron. His greatest fear right now was that he wouldn't be able to control himself—would jump up and grab her by the wrist and yank her off the couch. The truth was he didn't want that. He didn't know what he wanted—or rather couldn't believe what he wanted; because right now he was content to lay here and spy on his wife as she stroked another man's cock.

Natalie drew her feet up onto the couch now, sitting so that Renny had his arm around her, her head on his chest, her eyes glued to the horrid thing she did with her hand. She liked watching it. Liked watching her grip on another man's cock. A man she didn't even like. A man she had stomped her foot about disinviting to the wedding. And Nelson was the one who had dug his feet in for Renny. Wanted Renny there on their day of union. Now look at him. *Now look at her.*

When Renny's hand drifted from where it rested on the back of the couch and made its way to rest on Natalie's hip, Nelson was sure this was where he would end it. Maybe he could convince himself not to jump up and make a scene; not jump up, grab this pillow and start swinging it at their faces ... Perhaps he could just yawn and stretch, give them a warning and they would stop on their own. Found that he couldn't. Remained where he was. Watched with a pounding pulse.

Renny drew his hand up from her hip to her narrow waist, the colors of his tattooed arms flashing in the light from the table lamp. He gripped Natalie's braless breast, and Nelson's breath clutched in his throat. But now Natalie's face grew discontent. Eyebrows coming down, a crease forming in

the middle, her mouth pouting. She grunted a *Unh-unh*, and he saw her other free hand come to brush Renny's hand away from her breast. Renny smiled and his head fell back on the cushions, eyes closed.

Natalie's stroke grew faster. And it appeared she chewed the inside of her lip. He liked to think she had second thoughts now. Once Renny had touched her breast she seemed to realize how terrible an action this might be. Or at least that's what he hoped was happening in her mind. However, she still seemed intent on finishing the hand job. And while it gripped his heart, he couldn't deny an ecstasy that was rising within him. As her hand stroked, he felt the same imaginary ghost-grip on his own half-size erection. It was quite possible that watching her do this to another man could make him come without even being touched.

Now Renny's hand was moving again, starting on her hip, palm and fingers spreading like if you cupped a basketball, but reaching down and gripping Natalie's ass. Natalie frowned again, and wriggled her hips. Renny persisted, and Nelson could see his fingers working like a spider to pull the hem of her long reindeer T-shirt higher up her thighs.

And then he must've touched her because Natalie sighed and closed her eyes, her lips parting with pleasure. Her knees drew open wide like a butterfly, and Nelson could see that Renny stroked her pussy over her pink panties with his two middle fingers.

Soon the pale pink cotton grew stained with wet from the excitement Renny's touch brought her. The fingers stroked and dug at her, making a deep channel in her cloven sex, mashing and poking her panties until they were almost inside her. Natalie grunted complaints while she still stroked his huge cock but still kept her legs open, and Nelson clearly saw that her hips gently thrust against the prodding of Renny's fingers.

It was too much—a complete system shutdown about to happen, his brain incapable of making sense of what he saw and rectifying it with his body's honest reaction. It was completely possible he would ejaculate while he watched, his hips bucked and he fought to keep them rigid. The muscles in his forearms and hands twitched and jumped and he would give the whole thing away in a moment when he was sure he would cry out in ecstasy.

Renny's fingers still worked Natalie's sweet little pussy, but now Nelson saw them stroke at the edge of the panty's trim. Natalie grunted a breathy objection but Renny's fingers didn't heed, instead disappearing

behind the cotton to touch her bare wet sex. Nelson knew what he would feel, and his brain received slippery—but imaginary—signals as though Nelson did the touching.

Natalie gasped as Renny penetrated her with a finger, but now she closed her thighs, bringing her knees together. “Mmn-mnh ... no, no, don’t do that,” she whispered. Then: “Just come, okay? Just come.”

Focus renewed on his sex totem, her eyes watched her own hand slip up and down, Renny’s head falling back to the couch again, hand removed from between her legs but still spread on her haunch.

As Nat’s stroking grew quicker, Nelson realized it was because Renny had spewed pre-come, his cock head glistening now like it was wet, his wife’s hand also shining, making slick kiss-kiss-kiss sounds.

That was also when he became convinced he’d been caught; not by his wife but by Renny who seemed to smirk, head cocked to one side, peering into the gap between the cushion and the couch where Nelson hid his face. His heart gave a jump and he narrowed his gaze in case a reflection from the wet of his eye gave him away. Renny continued to stare and Nelson held his breath.

The blanket that blocked his view of Natalie’s stroking came down. Renny pushed it with one hand, exposing to Nelson how his wife gave his huge cock a hand job. Natalie’s slender grip stroked with purpose, and Renny’s organ made it look so small. She could barely get her hand around it. He made a low groaning sound, wincing with erotic pain; then managed to swallow it.

Renny gasped, “That’s it, shit, oh, that’s it,” eyes lowering to Natalie’s hand stroking him. “Yeah, yeah, yeah, here it comes,” he groaned. Natalie jerked faster. Her clumsy grip spread wide by Renny’s thick size, the tendons and muscle in her forearm flexing.

“Mm, ah, yeah, here it comes,” he grunted, hips rising off the couch, then the hand on her haunch moving to the back of her head, saying, “Shit, keep it off the couch, keep it off the couch,” guiding her head to his tip.

And Natalie didn’t resist.

Nelson saw her sex-hazy eyes, unfocused and half-lidded as they watched the hole in his cock, ready for its eruption, lips pouting, allowing her mouth to be guided.

“That’s it,” Renny hissed, “put it in your mouth, Natty ...”

Renny growled and roared then, Natalie swirling and stroking, lips open, lowering still closer, Nelson seeing one quick white pulse jet into her waiting mouth.

CHAPTER 16

NATALIE

For one split second she thought she might be okay. The unbelievably lubricious action that played out on the couch she bought with Nelson at Pier One on the first Black Friday after their wedding was without a doubt the most sexually exciting thing she'd done in her entire life. But as Renny's semen continued to spurt into her mouth she knew she was in big trouble. Not from anyone but herself ...

Put your mouth on it, he'd said, implying he was going to ejaculate all over her couch otherwise. Blanket right there to cover it, collect his spunk, but she willingly put his cock in her mouth. The original rationalization had been: just a hand job, pretty bad but not terrible, definitely better than a blow job or intercourse ...

It was so fucking hot. Seeing his big cock in her hand, having him touch her hip (God, between her legs, though that wasn't allowed), and even knowing he was close—that she would make him come—then he was ... A lot. Spurting in her mouth with shocking force, then her lips wrapped the glans and she felt that glossy skin against her tongue, could feel the urethra part as more come shot out of him.

That was the moment when she knew she wouldn't be okay.

Nelson lay where he could see her, sleeping, a guy she didn't even like coming in her mouth. His come tasted like barbecued meat. There was too much of it. She swallowed some and retched. It kept coming, splashing around her teeth and against her cheeks.

Now she sat up. Took a shaky hand and brought the blanket up to cover that huge cock. Her stomach roiled unexpectedly and she retched again, acidic burning in her esophagus. Off the couch and onto her knees, she made her way to the coffee table and wrapped both hands around her tumbler of half-finished eggnog. With her back hunched, turning completely away from where Nelson lay, she spewed Renny's semen out of her pouted lips, coughing and gagging again as its taste came back to her. She belched.

"Fuck, Nat, you're good," Renny groaned behind her.

Her head hung over her forearms, draped over the edge of the table, glass of semen and eggnog pushed away. She peeked through a gap in her hanging hair to see her husband still laying with a pillow over his head.

“Fuck,” she whispered softly, beat the centre of her forehead on the cold glass of the table.

Up then, getting the fuck out, her glass held in a fingertip claw, going around the couch without looking at Renny, who grunted, “You okay?” and she passed without answering, making her way to the kitchen.

Once beyond the dark of the vestibule, she felt the emotions start to get the better of her. Nelson was a good man. The best. He didn’t deserve this betrayal. Her vision warbled with welling tears and she stumbled to the kitchen sink. The room was dim and warm, Nelson cranking the furnace tonight. The only light came from the under-cabinet strips, and she saw the ladle her husband used to pour their egg nog, cleaned and laying on the counter waiting to provide them refills. She sobbed once and clapped a hand over her mouth.

She whisked the lever on the sink hard to the right and blasted cold water. Rinsed out her egg nog and spit-up semen, watched it splash around the drain, lay the glass down with a heavy thunk in its swirling pattern. Put her hands in the stream till they ached with the cold and then pressed those cold digits into her eyes, massaged her cheeks.

What had she done?

A warm hand rested in the center of her back and she groaned, knew by touch that it wasn’t her husband.

“Don’t,” she whispered. “Don’t, Renny.”

“You okay?” His voice low, imitating concern.

“No,” she said.

Now his hands appeared, bracing the counter on either side of her. She watched the colorful tattoos squirm on the muscles of his olive wrists. His face came near her ear, could feel his breath on the nape of her neck ...

“Don’t,” she said again. “Don’t try to console me.”

“I’m not here to console you,” he said, and he moved around behind her, his grip holding the curled edge of their counter as he dipped at the knees. Something hot pressed against her. His cock. He’d slipped it up underneath her long T-shirt.

“Please, Renny, I don’t want to ...”

One of his hands came to rest on her tummy over her T-shirt, the other went under the shirt, pulling on her panties, his cock slipping under the fabric to press along her bare soft ass cheek.

“God, Renny,” she sighed. He humped it up and down, running it under the strip of cotton that crested her buttock over top of her hip.

He kissed her neck, just below her ear and her skin snapped up with electric gooseflesh. Her nipples shot out. She shivered.

Renny whispered, “I’m going to fuck you so hard, Natty ...”

“No, you’re not, Renny,” she whispered.

“I am. I’m going to fuck you till you come all over my huge cock.”

“Don’t say that,” she whispered, shivering again. The hand on her stomach worked in slow circles and his hips pumped that big hot thing against her bare skin.

“I’m going to make you come so hard you won’t remember your name tomorrow ...”

“Ah, fuck, Renny,” she sighed, feeling her knees go watery.

Those hot plump lips of his suckled gently on her neck and she felt the coarseness of his beard on her sensitive skin. The hand under her shirt had encircled her, coming around to the front and tracing the edge of her panty’s waistband.

“Don’t you dare,” she whispered.

“Dare what?”

“Touch me there ...”

“Touch you where?” he said, his fingers grazing back and forth dead center on the band right above her sex.

She whispered, “There ...”

“Say it for me,” he said.

“My pussy,” she whispered as lightly as she could and his fingers slipped under the fabric and through her pubic hair. Her tummy tightened to an iron column and when he stroked his fingers through her labia she heard how wet she was.

“Don’t” she said firmly, whipping around, his hand coming out of her panties and his cock getting pulled down. When she turned it sprang and bounced between them. “I told you not to,” she said a little more loudly and she could hear the trembling in her own voice; on the edge of tears again.

But Renny kissed her on the mouth.

Hands pulling the front of her shirt up her stomach, he worked his lips over hers and she pressed the top of her buttocks against the lip of the counter, her hands going to rest on his chest. Now he had that cock under her shirt and pressing against her front.

She pulled from his kiss with the sound of wet suction.

"I can't," she whispered.

His hands swept over the reindeer, his thumbs finding her hardened nipples which pressed the fabric out.

"Oh God," she sighed, head falling back and looking up to the ceiling.

He kissed the point of her chin and slowly her eyes lowered until they met his. They sparkled on the under curve, light bouncing off their shiny counter top. He held his mouth in an arrogant smirk.

"Fuck, Renny, we can't," she said.

In response he pressed his cock against her, his hips pushing her into the counter. His cock was so hot and so huge. She felt it from her panty line almost up to her breasts. He humped it against her softly and steadily making her groan. He lowered his mouth again and she watched the plump lips part, felt them take a hold on her neck, gripping and sucking on that space in the triangle of her jaw and the long tendon that ran to her collarbone. Fingers tucked into her panties and tugged them down, rolling them inside out.

She put her hands over his to stop him. She looked away, then back into his eyes.

She asked him "Do you have a condom?"

"Mmn-mnh," he said, shaking his head no, and running his tongue down her neck.

"We can't ... we can't ..."

His hands cupped her bottom and he lifted her to sit on the counter, him between her legs, his cock hard as steel and upright between them.

"We can't," she whispered again as he took her T-shirt and ran it up her body. She lifted her arms and let him pull it off her. He attacked her breasts with his hot mouth, sucking and plucking at her hardened buds and she ran her hands through his hair while he did, groaning and frowning.

"Don't ... hey, don't ..." she said as he worked her panties down her thighs, stepping back with them, and she got a good look at his arousal as it thrust up from between his legs, his tight jeans pulled down mid-thigh. He tossed her panties on the floor.

With his foot he dragged over a short box-step she used to reach the higher shelves, and got himself on it, his face level with hers and kissed her again. She let her nails run up under his shirt and rake over his skin. He had a good physique, he was thin but fit and his stomach felt ridged with muscle. She gave him her tongue and he took it and now she felt the underside of his cock running between her labia and she made a soft crying sound into his mouth.

His hips drew back and she could feel the tip of him getting close, then it was nestled in the cup of her hot wet membranes, that huge cock head wanting to breach her.

“Don’t come inside me, okay?”

“You’re so fucking wet, Natty,” he said, looking in her eyes.

“Promise me you won’t ...”

He groaned and closed his eyes as he pushed himself into her.

“Oh God,” she gulped, feeling her opening stretch wide to accommodate him.

He drew it back and pushed again, going deeper. “Oh, ah,” she cried, a bolt of surprising pleasure shooting up her insides. It hurt. It felt like nothing ever before. She wanted it so bad, wanted it deeper. “Yes, more,” she gasped, digging her nails into his back. Renny drew back and plunged forward and she hollered.

“Fuck, Natalie, you’re so, mm, tight,” he grunted.

“You’re big, oh shit, you’re really fucking big,” she panted breathily.

He filled her up, filled her deep and spread parts of her that had never felt a man. It owned her. His cock owned her. Everything she had, all faculties focused on the huge thing imbedded in her body. It gave her pain, it gave her pleasure ...

CHAPTER 17

NELSON

There were a lot of items he had to be careful not to knock when he passed into the dark vestibule. Tall Victorian table with spindly legs, glass things of Natalie's placed on it for decoration, the tall table lamp with the Tiffany shade that could bump against the wall. On the right-hand side there was a cabinet they bought at an antique store up north and it had six of Natalie's grandmother's teacups on saucers on its top shelf that were prone to rattling. But he stuck to the left side, careful not to make a sound, creeping through the dark to find Renny with his wife. Watched as his old housemate lifted her shirt up from behind and put his bare cock against her back. Watched as he whispered in her ear, saw that he offended her as he so easily did and she whisked around to face him.

But Natalie didn't shy away, stayed where she could be pinned. A perfectly capable woman who he'd seen deal with these types of guys before. When they were younger she had a reputation of being feisty. Dumping drinks on men's heads, confronting them about their come-ons, unafraid of engaging in logical arguments and looking to embarrass them; where did that Natalie go?—because he didn't recognize the breathy, eyelash-fluttering girl he saw in his kitchen. But he hated that he liked this girl, too. In fact it may be the disparity that excited him. This wasn't his Natalie, but this was who his Natalie could become under the advances of the right man.

She asked for a condom like a good girl. Renny didn't have one. *Don't come inside me*, she said. It was all too much again, Nelson's knees dipping, the muscles of his legs feeling like noodles. It was insane. Natalie was behaving in the complete opposite of her personality. It was a host of things: Renny was very handsome, roguish, irritating, she didn't like him, and that provided her an excitement—and then there was the size of his arousal. The Natalie that Nelson married was one of great intelligence and character, and despite all that, he was watching her fall prey as every biological floodgate had its valves opened inside her, making her defenseless to a guy like Renny.

And then he entered her.

Lifted her so she sat on the counter, got up on the box step, stroked it up and down against her a few times, drew back and put it inside her. Another man put his penis inside his wife. And her face?—a sight he would never, ever forget. A harrowing expression of pain and ecstasy. Surprise was there, too. She didn't know what to expect from a guy as large as Renny but she was finding out. And it seemed though she liked it. Her mouth hung open, eyelashes fluttering again, head rocking back; she cried out. Nelson had to clutch his stomach. It felt like a nest of baby spiders had burst in there and their crazy little legs had them zipping all through his insides now.

In three strokes Renny was able to get himself all the way inside her. His little round butt flexing as he pumped it in and out of her, working it deep. Natalie moaned and cried. Her hands were underneath his T-shirt, looking like her nails were running in circles on Renny's back.

It was slow, Renny letting Natalie get adjusted to his size. Putting it deep and pulling out, putting it deep again. Not pounding her, being good with her; listening to the little sounds she made. Those were familiar sounds to Nelson, somehow strung with higher tension now than what he was used to. Maybe the size of this larger man or maybe the depravity of the situation.

Renny leaned into her until Natalie's head rested on the cupboard door. His thrusting made the door rattle. Natalie opened her legs wider. Completely naked on their kitchen counter and fucking another man; her knees were bent, hooked up on his hips, and her feet bobbed with Renny's movement.

Then both their bodies began writhing, the two of them getting accustomed to each other's sex, the motions becoming more protracted, Renny's hands feeling her, touching her back and her waist. He suckled on her neck and Natalie gasped. Now those legs that bobbed at his hips wrapped around him, her ankles crossing over and encouraging him to thrust inside her.

The suckling on her neck traveled higher and Natalie opened her mouth. They kissed, Natalie willingly taking Renny's tongue. Nelson could see their two pink slippery things running over one another, and now Natalie put her arms around Renny's neck. The thrusting grew more excited. Enough that when Renny drew back Nelson could see his big round

ball sack swinging. The box-step creaked under his feet. His knees rumbled the cupboard doors. Natalie's head rattled the dishes in the cabinet behind her. Her moans became grunts, her groans became squeaks, their breaths came faster and faster. Natalie's hands scratched through Renny's hair.

Their kiss parted and their faces hovered before one another. Natalie's expression was one of impending. Nelson recognized it. She was going to come.

She hissed, "Oh God, oh my God, faster, oh my God ..."

Renny grunted, gave her what she asked for.

"Deeper, fuck, deeper, mm, fuck me deeper," she cried.

Renny grunted again, the muscles in his arms flexing, his hands bracing her body as he did what she told him. Now the cupboards were really banging, his balls really swinging and slapping. The sound of his cock going into his wife made juicy sounds.

"Fuck, it's so big, God, it's so big ..."

Renny fucked her triple-time and Natalie let out a long warbling note. He grunted, "Come for me, come for me, Nat ..."

"Oh fuck, oh fuck, I'm going to come, I'm going to come, I'm going to come," she squeaked and gasped. Her eyes went wide and Renny looked in them, leaning forward and touching his forehead against hers, their heads immobile but their bodies banging against each other.

Natalie covered her mouth with both hands and her face went beet red. She cried out into them, her hands gripping her face tightly, then her head shaking from side to side. Renny thrust himself deep and held it and Nelson watched as the legs that hooked behind Renny's back trembled and began to shake like she was having a seizure.

CHAPTER 18

NATALIE

The toes on her right foot cramped painfully and so did her stomach muscles. She blurted air around her fingers clamped over her mouth. Her eyes might pop out of her head. Her scalp tingled, and her eardrums popped. She clamped herself, not letting any of that incredible orgasm escape. But doing that was serious trouble. It felt like her heart skipped beats. It felt like she might black out. And while she didn't cry out during the orgasm, she might scream from the twisting of her muscles. She grunted into her hands, kicked her right leg, saw her own toes gnarled like she had arthritis. She let out a thundering exhalatory burst, and with Renny's huge cock still inside her she drew a knee up to her shoulder and squeezed and stretched her muscles with digging fingers.

"Oh my God, oh my God," she sighed. Breathing again helped relax her stomach, and soon she began to recover. Renny kissed her collarbone and her shoulder, and she felt herself stretched still; his huge thing deep inside her and spreading her wide.

Now his thumb pressed her chin up and he bit at her throat. She groaned, unable to help it. He bit harder, nibbling his way to the points of her collarbone again and sucking on them. His thrusts returned.

As soon as he did she went off like a muffled thunderclap. Another orgasm.

"Oh, oh," she blurted, and her arms whipped around Renny's neck and she squeezed herself against him. This time he didn't stop, this time he kept going. Easing in and out of her, his pace quickening.

She'd never felt anything like it. She'd never been stretched like this, never been owned like this. There was nowhere to hide from his huge cock, no position or angle would defend against his size. Every thrust claimed her completely. And the worst part: she loved it. She really did love it. There *was* a difference.

Now she pulled on his shirt, grabbing it from the back, clawing it to his neck, pulling it over his head. He was trim and tight, his skin olive. She'd never seen him without a shirt before, knew he had tattoos, full

sleeves on both arms. She saw they went to swirling designs over both shoulders. She scratched at his chest, a dangling silver ring from one of his nipples shimmered in the low light. While he fucked her, she took that silver in her mouth. Renny held her head against his chest, feeding it to her, tangy metal and hot nipple in her mouth, cock fully inside her body. She came again. This time not with tremendous impact, but long and drawn out, then slowing and becoming shuddering, staccato bursts. And as her mind reeled, consciousness tumbling backward she wondered how many more times she would come. It never happened like this before, orgasms coming on like the fluttering of wings.

“Fuck me harder,” she whispered. “Fuck me deep,” she whispered again, her thumb and forefinger pinching at his earlobe.

“Oh fuck, Nat,” he groaned, his hands coming off her waist and planting behind her on either side, flat on the counter. He thundered into her again, pounding her like he had done the first time she came. The cupboards rattled, and she wondered if they had rattled like that the first time. She hadn’t noticed.

“Oh God, oh God, I’m going to come,” she cried again.

“I’m going to come, too, Nat,” he said.

“Shit, I’m coming ... faster, faster,” she urged him, kicking her heels into his rump.

And he did, his knees banging off the cupboard, her struggling to keep her focus, pushing away the knowledge that the banging might bring her husband into the kitchen.

“Hurry, hurry, hurry, hurry,” she moaned.

“I’m coming,” he said.

Just then she came. She hissed and growled, grabbed fistfuls of his hair behind his ears and he roared from the pain.

“Don’t,” she said, “oh no, don’t ...” her voice a pleading groan.

He kept pounding into her.

“Renny, don’t come inside me, please don’t come inside me ...”

He grabbed her waist and dug his thumbs into her tummy. He said, “I’m coming, Nat, I’m coming ...”

“Don’t come inside me,” she whispered as she looked in his eyes.

They stared into each other, still humping, and Renny said, “I’m to come so deep inside you.”

“Please, Renny, don’t ...”

“It’s coming, Natalie, here it comes ...”

“Don’t do it ...”

“I’m to come so deep in you ...”

“Please, Renny, don’t ...”

“Tell me you love it ...”

“No ...”

“My cock, tell me you love it ...”

“Oh God, I fucking love this big cock,” she gasped earnestly.

“Beg me not to come ...”

“Oh, ah,” she groaned, arching her back, exquisite pain and pleasure rippling through her whole body in hot waves from where he stretched her.

“Renny, don’t come inside me, I’m begging you ...”

“Here it comes, Nat, here it comes ... I’m going to fill you up ...”

“Ah, please don’t, Renny, please, please, I’m begging you,” she said and she looked away from his eyes, straight up at the ceiling again, her nails scratching at his neck.

He pounded her so hard he had her whole body bouncing. She felt the swollen knot of his cock head dragging in and out of her guts. He groaned, “Here it comes now, here it comes, you ready ...?”

“Yes ... ah, okay,” she whined.

Then he pulled out and it hurt—his absence hurt. Stretched her so wide the collapsing of her canal was sharp and painful.

“Ahp, oh,” she hissed, and raked her fingernails down his neck.

Between them he was ejaculating. She felt it, hot splashes across her stomach, around her hips and up between her breasts. She thrust her head back and it banged on the cupboard. She looked down to watch. Saw the thick white ropes wiggling up into the air and splashing on her skin.

He didn’t come inside her.

Why hadn’t she stopped him? He told her he would do it and she didn’t slap him across the face. She just asked him over and over not to. How could she submit to this guy?

Renny growled and roared, snorting through his nostrils, his teeth clenched, still shooting ropes up onto her. He dug it into her, pressed that hard base of himself into her stomach, his balls squashed out on either side of his incredibly wide shaft as he continued to ejaculate on to her.

“Oh shit, oh shit,” she gasped, “that was close.”

That was close? You were willing to let it happen.

She put her hand down and stroked him. That's when the shame hit.

So hot yet again, and when it was over it was like she'd fallen off something very high, and she was living in that moment before impact, realizing how precarious it had all been and how so willing she was to waste it.

She pushed on his shoulders, and he stepped back and down off of the box. He stood with his huge cock still sticking up straight between his legs, heaving for breath, leaning back on the island across from her.

She covered herself, suddenly so timid in his gaze. His semen ran between her breasts, curling over the swells of her flesh and dripping onto the kitchen floor.

Sorrow washed over her back like a sick green wave and she choked back a sob. She trundled forward, two steps, three. Reached across the countertop where the roll of paper towels hung under a cabinet and she whisked off a half-dozen sheets. Folded them, bunched them into a ball and began wiping at herself.

Renny took her suddenly, grabbing her by the hair and throwing her so she bent over the island. Then he had her thighs, lifting her, digging his thumbs into the back of her legs and into her rump, pushing her so her chest lay flat on the kitchen island. He spread her cheeks ...

CHAPTER 19

NELSON

Nelson had to steady himself. He watched from the dark as his old friend fucked his wife. Did nothing to stop it, stood with a painful erection that pushed out his pajamas. Watched from the shadows.

Renny fucked her good. Made her come many times. Each time Natalie made those sounds something squeezed Nelson's heart tighter. There were times he couldn't breathe. Renny fucked her till she shook, her breasts bouncing, then telling her he was going to come inside her. All three of them should know that was an impossibility. Yet Renny still taunted her, and Natalie did nothing to stop it. And worst of all?—Nelson remained in the shadows waiting to watch if it would happen. But it was all part of the game; Renny pulling out at the last second and spewing the contents of those huge testicles up Natalie's stomach.

Then he was frozen, feeling much of the shame that his wife showed. Her sorrowful eyes looking at Renny, looking away, and she slipped off the counter and stumbled to grab paper towels.

But it wasn't over, Renny grabbing her by the hair, throwing her over the island. Now he had her bent so her rump faced him and he grabbed the globes of her ass and spread it open wide. He kissed her there, thrust his face in her crack, and grabbed suckling mouthfuls of her most intimate flesh.

Natalie squawked. She kicked her legs. Her feet arched, legs bent at the knees, kicking back and forth bootlessly. Not stopping him, not encouraging him, just her body's reaction to having a stranger spread her ass wide and put his tongue in it.

"Oh my God," Nelson gasped suddenly and clutched his heart. He didn't think anything could get worse. But here it was.

"Oh shit, oh shit," Natalie hissed. Now her head came up, eyes closed, mouth agape in a passionate shape. She got on her elbows and spread her legs wider. He couldn't believe that she would let Renny do this. He was one-hundred-percent sure she wouldn't let Nelson do it. Her own husband. If he tried this she would definitely push him away and ask him what the

fuck was wrong with him. But again, the right guy, the right situation, and his wife became a wholly different woman. A woman he didn't know but loved to watch.

Natalie rubbed at her chin now, made a wincing face. When Renny had thrown her on the island she'd bounced her chin off the maple countertop and the pain was catching up with her. Her teeth had clicked. Now the hand that rubbed her chin covered her mouth and she snorted through her nose. Her toes wriggled, she breathed and snorted heavily and bucked. She was coming again. Renny made her come by putting his tongue in her anus.

Next to the table there was a chair and he settled his butt against it, let his weight sink onto it despite the creaks and groans it made. The only other option was he was going to fall forward and collapse on the floor. No joke. He was shutting down.

"Oh wow," he whispered into his hand. He still watched and they still did it.

Now Natalie moaned and Renny slipped lower, like his tongue stroked at her sex. Eyes half-lidded, Natalie lay so her face was on the counter, her hands came down and she grabbed her own ass cheeks, her thin fingers making divots in her soft flesh. She peeled herself wide and Nelson heard her groan: "Do it again. Eat my ass for me ..."

This was it, his consciousness blipped and he swayed from side to side. He couldn't believe this was really her. She was never ever like this. He'd been with her for so long and he'd never seen her this way.

"Ah shit," he sighed, blinking rapidly, getting his focus back. Easing up out of the chair and squatting down next to the Victorian table. He watched as Renny licked and probed, his tongue making wet sounds in his wife's ass. Slowly Natalie's legs kicked, up and down, her feet flexing. Totally naked, totally beautiful. When she didn't come again, Renny stopped. She moaned with disappointment.

Renny took her knees and shoved her body so she was completely on the island. He took his pants down and stepped his feet out of them. He climbed up with her.

"Mm, what are you doing?" she said, looking over her shoulder as she lay languidly, face down on their island. This was where they prepared food as a couple. When they had family over, they made salads there while his parents and her parents sat at the small kitchen table and talked to them

while enjoying a glass of wine. Now his wife was naked there with another man, he fucked her, he made her come, he put his tongue in her anus ...

Now he got over top of her on all fours, his hands out on either side of her shoulders, Natalie saying again, "What are you doing?"

With his knees, he prodded the inside of her thighs and she spread them for him, her hands clutched together between her breasts, her stomach flat on the island, her legs spread-eagle.

Renny pushed his cock between her legs ...

CHAPTER 20

NATALIE

No one had ever licked her buttocks. No one should. No one would ever do it again. It was disgusting. Renny and his big cock were vile. The act was vile. Last she had a shower was eighteen hours ago. Before work. This handsome hung pig didn't care. Sticking his tongue right inside her, stroking her labia while he did, thrusting his thumb inside her. *Why the fuck did she get off on it?* Her insides were squirming and twisting and he made her come.

Now she was asking him what he was doing, coming awake, laying flat on the island, her whole body up there now and not remembering how that happened. Whatever it was, he wanted her legs wider and she complied. The creases between her legs were shocked with a damp chill with her legs apart; Renny's tongue leaving her wet, plus her own slickness...

Renny gripped her arm, pulling it out from under her and she surrendered that to him as well. Then it was cranked up behind her and the surprise and the pain made her clamor and complain. She writhed under him, her other hand shooting out and knocking over a wooden bowl and sending apples and bananas cocking to the floor, a lone orange galloping into the vestibule.

"Ow, Renny, you asshole," she hissed, struggling with him, but not rolling over.

"Awake now, Natty?" he said close to her ear and she felt the prodding of his huge tool in between her cheeks. At first she thought he would try and put it in her ass and she clenched her anus, but soon the tip pushed its way into her sopping wet—and noticeably stretched—hole. As he plunged it deep into her and she whisked air into her lungs through clenched teeth, it occurred to her she hadn't attempted to stop him if it *was* anal he wanted. Knew it would be painful but made no move to prevent him. *Would she let Renny do anything?*

In two strokes none of that mattered—all of it forgotten. The angle of entry felt incredible. The act was filthy, the pleasure filthy. She was gasping

and crying in seconds, hot on the trail of another orgasm.

Renny bunched her hair in his fist and pulled her head up, her sword chin banging on the maple, her gaze directly through the vestibule to the family room where her husband slept.

She whimpered and complained at the thought—her vision of the family room, TV still on, growing warbled with wet—if Nelson rose from the couch now, came to the kitchen, what would he see? His wife being pounded from behind by the old asshole he used to room with. Her arm twisted behind her, taking his huge cock deep—he'd never think she'd complied. Would never think that of her. And she wouldn't either but here she was—balls deep. It felt so good. Renny pounded her hard. His cock stroked in and out of her, amped up on Chinese chemicals, hardened to steel, every flared ridge rippling through her membranes. Taking him deeper than deep. Feeling him bump her cervix, up behind her navel. She spread her legs wider.

“Fuck me harder, you fucking animal,” she grunted.

He thrust deep, and his voice came near her ear, saying, “Take it, you pig, take my cock ...”

“Fuck me harder, you piece of shit fucking asshole,” she choked, her heart swelling with base excitement.

Renny's hips made fast wet slapping sounds on her soft bottom. Her flesh shook and quivered from his ferocity. Her poor membranes stretched, pulled, and plunged, gripping against his size and paying the price. She grunted and squirmed now, clamoring under him, suddenly feeling she might tear. His necklaces hung down over her shoulder, a pendant lay on her cheek. Renny thrust too deep then and held it, his cock head hitting her cervix so hard her stomach turned over and she swallowed back a surge of bile. Then a bolt shot through her—deep electric vibration ... Renny's hand, slipping under her hipbone, had grabbed a wad of her stretched out membranes, his thumb finding her clit in it and stroking.

“Oh, fuck me-eeee ...” She exhaled so completely her breath hitched, and a return intake of air didn't come. Stars literally twinkled in her vision and all her girl muscles rippled and gripped that massive cock buried inside her. Legs kicking behind her, her vision swayed left and right like she was on a boat, she chuckled, a tightness gripped her, stroking her with pleasure up from a point in front of her anus, up every muscle in her back, spreading

out in a flood from her heart—now she inhaled and the orgasm went on, high octane premium fuel feeding it now.

“Fuck, fuck, keep it there, ah, don’t move,” she gasped, her pussy clamped but sucking and swallowing the world’s most perfect cock. “Oh, ah,” she groaned, squinting, her eyes shut and settling her chin down gently, head falling to the side from the point of pain she found there still.

“Show me your face, Natty, show me that pretty face,” Renny said, using his forefinger to tuck her sweaty hair behind her ear. “I wanted to fuck you for so long.”

She moaned and grunted, her vision dim, seeing the light reflecting off the stainless tap over the sink, feeling Renny withdraw that massive thing, feeling her sex left hanging open, then the head of his cock pushing against her again. Higher, between her sex and her ass, then slipping with wet and pushing into her anus.

“Oh wow, oh,” she sighed.

The crown of his cock, fat and plump and hard, spread her; a high and bright tearing feeling curled her toes.

“Mm, careful,” she grunted.

“Smile for me, Natty, let me see your pretty smile,” he said, his hand tapping against her ass cheeks.

“No,” she said.

“Do it, Natty, show me that beautiful smile when I come ...”

With the head of his cock in her ass he masturbated, his hand stroking his own cock and as she realized that was what he did back there she felt him ejaculating. A low grunt from him, a cough, an exultation, his hand jerking himself faster—then hot liquid being pumped into her rectum. Where no one had ever come before.

She grunted and squirmed underneath him, not liking that feeling but not enough to stop him, just wanting him to finish. He flexed his cock a few times, that big head slipping in and out of her tightest hole in fractional inches, then he was empty, pulling that big weapon out and slapping her ass with it.

“Look at that ass, Nat, fuck you’re so hot.”

“Did you just come in my ass?” she said, bringing a hand behind her to cover herself because she knew he was looking at it.

“Fuck, yes,” he said, sticking his cock into her crack and running it up and down. With her fingertips she pushed it away.

“Get off me,” she said.

CHAPTER 21

NELSON

Nelson was on his hands and knees, assuming a position like you would see in yoga or a supplicant before a mighty spectacle. His mouth hung open. He'd ejaculated in his pajamas without even touching himself. What he'd witnessed was the most intense erotic experience of his entire life.

On the island in the center of the kitchen his wife lay face down and prostrate. Renny had fucked her into oblivion, rendered her useless. And then he put that thing in her anus and jerked himself to a third completion.

Nelson took another deep breath. He hated both of them. But he also loved one of them endlessly. Without even realizing it, she had just provided him with the greatest sexual arousal he could imagine.

Now Renny was on his knees between her open legs, a hand stroking up and down her thigh and squeezing an ass cheek.

"No, get *right* off me," Natalie said, lifting her head up from the counter now.

"I am off you."

"Get off the island," she said.

Renny went on all fours over her then took one of his pendants and dangled it in her face saying, "You can't vote me off. I have the Immunity Idol."

"Renny, please just get the fuck off me," she said bringing a hand up to brush away his necklace.

He laughed and hopped down onto the tiles.

"Seriously," Natalie moaned, sitting up. "This is where we prepare food." There was a sopping wet flatulent sound from between Natalie's legs as she got herself upright.

Renny grabbed her thighs and squeezed them saying, "Not anymore it's not."

"You're disgusting," she said, shifting her hips, raising a cheek and putting a hand underneath her. When it came back her fingers glistened, a white string dangling between them. She said, "Why did you do that?"

Renny let her legs go, laughing, stepping back and leaning on the counter next to the sink. He rested his elbows down and eyed her slyly, his erect cock still pointing up and at her. He said, "All we just did, that's what you have a problem with?"

Absently, more to herself than to Renny, and still looking at the sexual evidence on her fingers, she said, "Fucking great." She slipped off the counter and padded next to him, grabbing a dishcloth draped over the sink and wiping her hand. She returned to the island, got down low to look where she had sat. "Jesus," she said, and used the towel to clean the spot.

Nelson raised up to sit on his heels, his hands on his thighs. Mouth still hanging open, breaths coming in short, quick but quiet intervals. They were naked in the kitchen together, his wife and old friend, Natalie now pivoting at the waist and wiping her butt with the tea towel.

"Hey, Nat," Renny said to her and she looked at him. He shook his hips, his huge penis wagging, swinging from side-to-side. She watched it.

"What?" she asked.

He said, "It's going down. It's not as hard."

"Good for you," she said.

"You helped me. I guess you really do care."

"Fuck you."

"Oh, come on now, Natalie. You fucking loved it." He took a step to her and she took a step back. She leaned on the island and Renny put his hands on the countertop on either side of her, pinning her there. His cock was pressed to her belly again. He said, "And if you're a good girl, I bet this big thing has some life in it yet. Get on your hands and knees and I'll fuck you like a little doggy."

She slapped him across the face.

The sound of her hand striking his cheek was sharp and loud. Renny bit his lip and his smile grew wide. "You're so fucking feisty."

She pushed him away, both hands on his chest.

"What's with you?" he said, his face serious now. "You're not really mad at me?"

"You're such a fucking asshole."

"Oh, please. You used me."

"Excuse me? I used you?"

"You just wanted this," he said, grabbing hold of his cock and shaking it at her. "You don't give a fuck about me."

“No, I don’t give a fuck about you. And you used me. Just stuck that in me to make it go down.”

“Keep telling yourself that, sunshine,” he said.

Natalie folded in two. Dropped her tea towel, put her hands on her knees and bent over. Nelson saw her back heaving. She was crying.

Renny dropped to a knee, putting a hand on her shoulder saying, “Hey, come on now, Nat. I’m sorry. I really am.”

Natalie squatted, covered her face with her hands. Renny rubbed a hand in a circle over her bare back. Nelson wanted to jump up and hold her as well, but he couldn’t.

“It’s okay if you wanted it,” he said softly. “Trust me, it’s okay.”

Into her hands, Natalie moaned, “I did want it. I wanted it ...”

“It’s okay, trust me ...”

“Just leave me alone,” she said very serenely, her hands slipping down her face and looking directly at him.

Nelson pushed himself to stand, his whole body aching, careful not to make a sound, but getting desperate knowing where this conversation with Renny would go. Any second now, Natalie would come storming through this vestibule and he didn’t want to be here when she did. He watched still, taking a slow step back.

Natalie stood upright now, Renny coming to join her. He put his arms out to embrace her and she gripped her hand around his neck like she wanted to strangle him. “Don’t,” she said firmly, and pushed herself away.

Nelson took another step back, hearing the saucers jostle. No one noticed. Natalie was bending to pick up the reindeer T-shirt he bought at the market while Renny watched her, standing with his arms folded.

Nelson took another step back, then another. Once in the family room he turned and tiptoed quickly back to the couch, feeling the wet of his ejaculation running cold down his thighs and soaking into his pajama pants. Got himself onto the couch, roughly assumed the position that he’d been in when she left him here to go and fuck his friend. His heart pounded up his neck and he still felt an intense excitement. Like he wanted more. Like he wanted to see Natalie on all fours with Renny fucking her like a little doggy. *Why on earth would he want to see that?*

Footsteps came then, slippery socks on hardwood. It was Natalie, standing in their little Christmas-time den they’d made for this evening. Standing there in her socks and her XXL T-shirt, looking down on him with

her hands clasped together over her stomach. He would love to see her face, see her expression, but couldn't with the pillow back over his head.

Then she was coming to him, coming to the couch where he lay, putting a knee up, straddling him, then getting behind him and laying down. She wriggled in the narrow space behind him, nestling her body against him, spooning him from behind. She put an arm around him, her hand coming up to the center of his chest, hugging him tightly. Her little chin pressed into his neck and she kissed the back of his ear. The pillow he hid behind fell to the floor. He brought a hand up and covered hers, squeezed her hand tightly and pressed it into him. She hugged him tighter and a warm feeling of love spread from his heart to the tips of his toes and fingers.

Renny came then, and Nelson watched him through narrowed eyes. He looked disturbed, looking at the two of them as they lay on the couch together, then going to the other side and laying himself down. He had his T-shirt and jeans back on, still with that prominent bulge. He fiddled with the remote for a minute and when he had it figured he turned the television off and the room went dark and quiet.

CHAPTER 22

NATALIE

When Natalie woke at 5 A.M. it was because her stomach had turned sour and she was sure she would throw up. Eyes open and fluttering, still holding onto her beloved husband, the awful shame and regret fell over her again. It had really happened. Those terrible things that kept her listless were real. She touched her cheek. She'd been crying. Could see stains of tears on Nelson's neck. She kissed them.

Then, across from them, laying on their couch, the man that she had done it with.

Shame and regret washed away with anger. The anger felt good in its place. She got up, careful not to disturb Nelson, throwing a leg over him to stand next to the couch. She crouched, moved to Renny, looked at him. That handsome face with his olive complexion and his thick beard. He had his arms folded across his chest. His stupid tattooed arms.

Between his legs, she noted that huge thing of his had deflated. Probably still pretty huge, but not evident as it was last night.

"Hey," she said in a sharp whisper, poking him with all five fingers on his shoulder. "Hey, get up."

Renny's eyebrows raised, but he remained asleep.

"Up, fucker. Get up." She pushed on his shoulder harder. He grunted, those raised eyebrows lowered now into a frown. He grunted a noise in his throat.

She took his wrist and unfolded his arms, getting his eyes to open at last.

"What the fuck? ..." he groaned.

"Get up, asshole," she said.

"Get up? ... What? ..."

"Get off my couch," she said.

"Natalie, what's going on?" he said.

"What's going on is I need you to get the fuck out of my house."

"What? ..." he said, still groggy, rubbing his eyes. Overnight the swelling where that girl had punched him went down. He could see from it

and it was only puffy now, turning a mottled ocher.

“You need to get up and get out of my house.”

He turned on the couch and looked out the window. “Natalie, it’s still dark out.”

“I don’t care,” she said.

“Natalie, it’s okay. Calm down.”

“Don’t tell me to calm down,” she said, and she grabbed his wrist again, stepping back and pulling him up to stand. “So just grab your shit and get out of here. Call a taxi from the street ... there’s a coffee shop out on Market.”

“I know,” he said. “I just don’t—”

She bent and picked up his leather and his denim, thrust it into his chest. “Come on, let’s go. I’m serious.”

“Okay,” he said, shaking his head now but going along behind her, following her and stepping up into the foyer.

“I’m sorry I’m being a bitch, but you can’t be here when Nelson wakes up.”

“Feeling guilty?”

She punched him hard in the chest with her balled up fist. “Yes, I’m fucking feeling guilty. Can you point out something else that’s fucking obvious? ...”

He held up both hands in surrender and said, “Natalie, just fucking relax. I mean it. You’re going to be okay ...”

“No, I’m not. Probably not. Do you know what a piece of shit I am?”

“You’re not a piece of shit,” Renny said, and made a move like he wanted to hold her arms.

She stepped back and moved her arms away, saying, “Don’t touch me.”

“It’s not as bad as you think.”

“You’d say that. You would fucking say that. You have no idea how life works. You’re not even married. No one would ever trust you ...”

“Hey, come on now, I didn’t ask for that ...”

“Would you just go, please?” she said, a desperate whine in her voice now.

“Fine,” he said, and he put his hand on the doorknob. “I was going to take you guys out for breakfast today.”

“Go,” she said.

“Talk to Nelson, okay?”

“About what?”

“It’s going to be okay, Natalie. Nelson will be okay, too. You’ll see ...”

“Go-ooo,” she said, crossing her arms.

He opened the door, and stood in the cold draft. He looked in her eyes and said, “I’m pretty sure Nelson watched us.”

She punched him again. This time in the shoulder. “Get the fuck out of here already.”

“Ow, Natalie, don’t,” he said, but he took a step back and out of their house onto the porch. She held the door but couldn’t close it with his foot still in the way. “Natalie, I’m saying this because I don’t want you to be upset.”

“That makes me upset, asshole. Don’t make shit up to make me feel better.”

“I’m not making it up, Natalie. He practically told me to go in the kitchen and f—”

“Get the fuck out, Renny!” She kicked the toe of his shoe and when he withdrew it she slammed the door closed. *Such a fucking asshole.*

She waited with her back pressed to the door. Listened for his footsteps. Finally they came, him turning away from the door, the sound of his iPhone making a call. Then he was walking down the steps, and she peeked out the amber window and saw his warbling shape lit under a streetlight as he walked through the snow toward Market Street.

“Good,” she whispered.

Then she stood for a long moment in the foyer, her toes curled over the edge of the step down to the family room and watched her husband sleep. The thought that he watched what they did last night put a spike in her stomach. There was no way he watched that. He would murder her, and she would beg for death. Her poor man curled up on the couch fast asleep, no idea what a terrible person his wife was. God, and he loved her so much. She wasn’t even worthy, but she knew she loved him back even more.

CHAPTER 23

NELSON

When Nelson woke at 7 A.M. it was with a sense of dread. But as his eyes fluttered and he took in the Christmas tree, lights still twinkling, the family room lit up in pale early-morning gray it was extinguished. Everything seemed back in place. Renny was no longer here. He sensed it, and had a strange notion that Natalie had woken him and told him to leave.

Natalie slept pressed to him all night. Her arm wrapped around him, her fingers scratching at his chest, hugging herself tighter and tighter to him. And he loved it, loved the feel of her against him, loved the emotions that came with it. She covered him with a blanket. She snuggled him and kissed his ear and his neck. Twice she woke him with her crying. Soft sobbing against his back, her poor body trembling. He clutched her hand tighter in those moments.

He sat up now, smelled food. Delicious food. He rose and tugged at the leg of his pajamas, felt them stiff from his semen.

Natalie was in the kitchen, the lights on, moving around in there between the oven and the islands. He passed through the vestibule from where he spied her cheating on him and stood in the archway and watched her. Bacon sizzling in a pan, coffee was on, she had made pancakes ...

"Hey," he said and she whipped around. In that brief instant he saw fear in her eyes. He saw an enormous regret there, his wife wanting the events of last night to never have transpired. He was fine with that.

"Hey," she said softly. Then, "Good morning," her eyes turning wet in an instant, making her blink it away. She sniffled and then came to him and hugged him.

He held her in his arms and said, "What's going on in here?"

"I'm just making you breakfast," she said. "Before you go to work."

"You've been busy," he said.

"I couldn't sleep," she said and scratched his back with her nails. "Come on and sit at the table," she whispered.

He walked to the sink and washed his hands while she returned to the stove. She'd cleaned. The sink completely scrubbed, the countertops

gleaming. He could smell strong bleach. He said, "You've been cleaning."

"I've been up for a while," she said, flipping the bacon over.

"I wish I didn't have to go to work today," he said, and leaned his elbows on the island where she'd been fucked from behind and had her asshole licked.

"Me too," she said. "Really, me too."

With tongs, she moved bacon onto paper towels folded on a plate. Staring at the bacon for a moment, she set the tongs down, turned and faced him, her eyes wet again. She came to the opposite side of the island and extended her hands across to him. He held them.

She said, "When you get home tonight we're going to do it all over again, okay?"

"Do what over?"

"Our Christmas-time cheer."

"What about your sister?"

"I'm not going."

"You're not?"

"No. I already called her. I'm staying here. I want to be with you. When you get home tonight, we're going to have a big dinner. It's our Christmas. We're going to put ourselves in that little den again, we're going to watch those movies like they should have been watched last night."

"You're going to stay with me?" he said with a smile.

"No phone calls tonight," she said. "And if anyone comes to the door, we're not going to answer."

"Sounds perfect," he said

"Nelson, I love you so much."

"I love you, too," he said, then reached to touch her face. He rubbed his thumb near the bruise on her chin, saying, "What happened here? Did you hurt your chin?"

"I don't remember," she said, closing her eyes. "I really don't remember."

"It's like it never even happened," he said.

Sometimes the worst thing you can imagine isn't even close.

Going A Little Too Far

You couldn't picture a sweeter couple than Troy and Emma.

Troy's a former Division One college wrestler. A walking water park at two-sixty-five, with shoulders no woman could get her arms around and a set of abs you could scrub laundry on.

Emma's a sweet little Georgia Peach. Pretty as can be in her proper dresses; she's a good girl from a good family that raised her right.

You couldn't tell by looking at them that they were two straight-up freaks that loved to push each other's kinky buttons.

Emma, with all her book club shyness, loves to be man-handled, loves to be lifted off her feet and dominated. Troy is a monster with a six-hundred-fifty pound deadlift and she's like a feather in his

arms.

Troy likes to be humiliated. He knows he doesn't have much 'down there' and he likes his virginal wife to tell him he's no good and she'd have to get what she wanted elsewhere.

Couple of closet freaks.

A summer housewarming party on a scorching hot West Texas day puts a gift in their lap. A big, larger-than-life playtoy for Emma to tease her husband with. He wants her to. She wants to do it. But once it starts, where do you stop? What's going too far?
