Chapter 1

“Son of a bitch!” Ava yelled.

“I’m guessing this is news to you?” Gertie said.

“Hell yes it is. Stop payment on that check.”

“Ava, I’m calling as a favor. That check already cleared. Tahoe is a signor on the Cupid’s Chapel account so Bank of America will not be liable. If any other instruments come in before now and closing, you’ll be overdrawn.”

Ava drummed her fingers on her desk. “What’s the memo line say?”

“Payroll.”

“Oh for fuck’s sake,” Ava whined. “I’m the damn bookkeeper. Why would Tahoe write that? I cut the payroll checks.” She pondered a minute. “I’ll discuss this with him. I greatly appreciate you giving me a heads-up like this, G. We’re past two in the afternoon so if anything does come in, which it shouldn’t, but if something does, roll it over to tomorrow’s business day. Will you do that?”

“I will. Good luck.”

“Thanks. Tahoe’s impulsive. I’m sure he just wasn’t thinking. Have a great night.”

“You too.”

Ava cradled the phone. *What is Tahoe up to?* she wondered. She fished the company cell from her purse and dialed his number.

Of course he doesn’t answer.

She drummed her fingers again.

I bet Beth is with him. They always hatch these secret plans, like the time the bought new sets without telling me, but this time they’ve gone way

too far. I'll bring their scheme to a halt before any real damage is done. The last thing I need is for Howie to find out.

She recalled her husband's stern warning: "I love the idea of you starting your own business," he'd said. "But I hate the idea of you staring that business with Tahoe and Beth. Those two are undisciplined and irresponsible. I promise they'll cause you trouble. Remember this moment because when they fuck things up, I'm going to tell you I told you so."

She hated when Howie was right and he was right often.

The years that separate us give him wisdom, experience, and confidence, which I love, but they come with a price. I gained a wonderful man but gave up having children and often feel like a dumb kid around him. He knows so much about the world and how things really work. It's like he can see into the future.

She glanced at the photograph of Howie on her desk. Her mind drifted back to those early days when they'd just started dating. She wrestled with these same thoughts then and reached the same conclusion now. She touched his face in the frame.

Totally worth it and I'd do it again, she thought. *We gave up kids but gained so much more.*

She dialed Tahoe again, received no response, hung up and leaned back in her chair, stretching her long legs past the desk. She was already rehearsing the scathing rebuke she'd give Tahoe.

Five years! her mind screamed. *Five years we've been struggling to make this business work, refusing to accept defeat. All those long hours. All those sacrifices. Tahoe and Beth are gambling everything with that reckless check. I will not allow them to destroy us. Not after working this hard to make this dream come to life.*

"This is bullshit," she said into her empty office.

She spun to face her monitor, twisting her long brown hair into a ponytail, a move which her employees all knew meant it was time to leave her alone. She clicked on her cell phone company website and opened an app.

"Company phones, asshole," she mumbled, hitting keys. She hit redial and watched her computer. A map appeared and then a red dot. She zoomed the dot.

"Gotcha," she said, grabbing her purse.

Chapter 2

Tahoe watched the techs position the light stands in the cramped motel room. *Where's Reggie?* he wondered.

Tony and Paul moved efficiently, running cords and eliminating shadows. Soon the room glowed. Beth draped the fabric Tahoe would use when adding more detail with green screen. Tahoe's phone buzzed and Beth gave him a knowing look.

"That will be Boss Lady," he said.

"And she's gonna be pissed," Beth agreed. "Don't answer. Let's get this done and get paid. She can't be mad if we've got a handful of cash to stick in her face."

Tahoe chuckled. "She'll still be mad."

Beth laughed. "Yeah, you're right."

A door opened across the room and a woman stepped through. She wore a white negligee and black high heels. Her brown hair was piled on her head. She bashfully tried to cover her virtually naked body with her arms.

"Get on the bed, Love," Tahoe said, slipping his light meter from around his neck to check her lingerie. "I need to test the lighting."

Beth abandoned the fabric drape and approached the woman, slipping a comforting brown arm around her shoulders.

"Ignore him," she said. "He's a Neanderthal."

She walked with the woman towards the bed, shooing away the techs.

"Where are you from?" the woman asked. "I like your accent."

"India," Beth answered. "And thank you. My family moved her when I was young but the accent stuck. Most people like it. Have a seat."

Beth looked down on the anxious girl.

"Have you ever done something like this before?"

"Never."

"What's your name?"

"Charlotte Mason."

"Hi, Charlotte, I'm Beth. That's Tony and that's Paul. You met Tahoe once already but may not remember his name. I'm sure you were pretty nervous."

"I was. I am. If my husband finds out I'm doing this, he'll divorce me."

"We understand. We hear that a lot. No husband or boyfriend has ever confronted one of our actresses. We're incredibly discreet."

"My husband manages a security company," she said. "He finds out everything about everyone. I've been extra careful."

"I wouldn't worry," Beth said. "I can promise nothing will come from our end. If you keep your mouth shut, you'll be fine."

Charlotte let her eyes wander around the set and Beth took the opportunity to look the woman up and down. *Great tits, perfect skin, big eyes, gorgeous face; we're going to make a fortune off this one.*

The techs finished their preparations and stood back to watch.

"Hey, Beth?" Tahoe said. "Will you let Brandon know we're ready for him? When you return, I'll need you on sound."

Beth gave Tahoe two-thumbs up.

"Take a deep breath," she told Charlotte. "I'll be back with the talent. Have you met Brandon yet?"

Charlotte shook her head.

"Oh, you'll like him. He's sweet and easy on the eyes. He's a local Chippendale dancer on the weekends."

Beth patted Charlotte's hand and left. The young woman smoothed her negligee, holding the fabric to the light with her arm behind it. Across the room was a full-length mirror and she moved to it, judging herself in the sheer material. Behind her a door opened and closed. She turned.

"Have mercy," she murmured.

Brandon stood several inches over six feet, with broad shoulders and muscled torso. A mess of black hair topped his head. He was nude.

Charlotte's eyes drifted down his athletic frame, floating over his sculpted abs, until landing on the plump tube of beef hanging partway down his thighs, which ended in a tapered pink helmet. Charlotte thought he was the most beautiful man she'd ever seen.

"Charlotte, meet Brandon," Beth said.

Charlotte jumped, unaware Beth stood next to the man. Brandon offered a hand and Charlotte took it.

"You're a beautiful woman, Charlotte," Brandon said. "I'm looking forward to working with you."

Charlotte could think of nothing to say, staring into his bright blue eyes, so she stared at the floor instead.

Beth guided them to the bed and then stood back as the techs got to work with light meters and angle checks. Tahoe explained the sequence.

"I shoot out of order to save time," he said. "First, all the head shots. No reason to spend an hour in makeup every day. Then we'll do dialog." He handed each actor a sheet of notebook paper. "This is my shot list to make it easier on everyone. We'll work our way through."

Charlotte scanned the list. "We start with oral sex?"

"Always. Lipstick is a bitch. Gets everywhere and needs constant retouching, so I shoot it last. I believe you're seated at the foot of the bed and Brandon stands in front of you. Right?"

Charlotte nodded; a sharp, single jerk of her head.

"Great," Tahoe said, stepping back. "If you all could take your positions? Feel free to say whatever you want. I'll add voice-over dialog later."

Beth took the lists from them and Brandon guided Charlotte to the bed. She sat, his pudgy cock inches from her face.

"Go ahead and put it in your mouth, Charlotte," Tahoe said.

Charlotte tried to swallow but her mouth was dry. She opened wide and Brandon walked his cock forward.

"Perfect guys. Okay, Charlotte, close your lips on the tip and don't move. Brandon, don't get hard yet. Fantastic."

Charlotte wanted to die. Excruciating shame turned her face crimson and Tahoe had to wait a few minutes for it to fade. She sat with an inch of Brandon's warm cock resting on her tongue the entire time.

For an hour Tahoe led them through his list. Charlotte took a position, held it while a tech snapped stills and retested lighting, and then moved to a new position. Brandon placed his balls in her mouth, his cock across her face, and his shaft as deep as he could get without choking her. The last shot on that list was Brandon jacking off into her mouth while she waited to be fed like a baby bird.

The detached sex got to Charlotte. To handle a penis so casually gave her time to regain her composure, but also gave her a sense of comfortable familiarity. She and Brandon giggled often at the absurd poses they struck and held. Laughter eased her anxiety and with relaxation came

realization; this enormous cock was attached to a stunning man whose warm smile and easy laugh made him irresistibly charming.

As Brandon stroked his cock into her waiting mouth, freezing each time Tahoe called for a still, Charlotte felt herself growing wet. No longer able to resist, she closed her lips around the smooth pink head and sensuously sucked, softly moaning.

And there she goes, Beth thought. Brandon wins them over every time.

Tahoe kept filming. Real passion is obvious and the reason his little covert operation with Beth sold so well. They'd discovered early what worked and stuck with it; forget name actors; find attractive people, put them in slow-moving sexual situations, let them have time to desire each other, and then get out of their way.

Charlotte grabbed Brandon's ass and opened her mouth wide, pulling the young man closer and down her throat. She looked up at him, up at his handsome face, and was pleased his cock tickled her throat. She wanted to give this gorgeous man pleasure.

My husband would kill me, she thought. But right now, I don't care.
She sucked hard.

Brandon grew stiff quickly. The attraction was mutual. Tahoe caught the eyes of his crew, including Beth, and gave them all a nod. They all knew what was coming next. They'd seen it before. When Brandon was fully erect and throbbing, he lifted Charlotte to her feet.

Each member of the crew carried handheld cameras. When Brandon pulled Charlotte's lingerie over her head, multiple cameras caught it. Charlotte's big tits tumbled free, bouncing and swinging. The crew let the lovers go at each other, recoding everything from every angle.

Chapter 3

Ava checked her cell every few minutes. She was closing in on Tahoe's location and eager to catch him and Beth together.

I bet it's a Goddamn hotel. I bet they're fucking right now, high on coke. That was a big fucking check.

She stepped on the gas. Her old Ford F-150 jumped forward.

I will tear them new assholes, she thought, her jaw clenched with fury.

At the end of the street was a large gravel parking lot for the Twin Pines Motel.

"I fucking knew it!"

She left the street and pulled in, circling the building until she saw Beth and Tahoe's cars. There were several cars parked with theirs but Ava didn't concern herself with that. She took the first spot and killed the engine, yanked the parking brake, and locked the door behind her. Only one room showed light around the curtains. She took several deep breaths and knocked softly.

"That must be Reggie," she heard someone say.

Reggie? She looked at the parked cars, recognizing several. *They have a film crew getting high with them?* Anger surged.

The door opened half an inch but that was all she needed. Shoulder low and legs driving, Ava pushed into the room, knocking Tony backward.

"What. The. Fuck!" she yelled.

She'd stepped onto an amateur porn set. Tahoe ran camera one, Beth handled sound and a handheld, Paul and Tony operated backup cameras. Now she knew where the money went and why they'd called it payroll.

"You assholes," she barked. "You're making porn behind my back? What the hell is wrong with you people?"

On the bed, she noted a pretty woman about her age; brunette, nice tits, and absolutely terrified at being discovered. The man was younger and, despite Ava's irritation, gorgeous. Even this angry Ava saw clearly how hot the bastard was.

The man withdrew his cock and lifted himself off the frightened woman. He stood, hands on hips, enormous erection aimed at Ava's face.

"For fuck's sake," she said. "Cover up. Put that thing away."

She faced Tahoe. "I am about an inch away from calling it quits with you. With both of you, actually. This is no business partnership."

She turned to the actors.

"Get your shit and get out. You are done for the day."

She saw Charlotte's wedding ring. "Seriously? You're married? Get lost before I tell your husband."

Charlotte clutched her negligee and fought back sudden tears. She crawled off the bed and bolted for the next room. Brandon walked towards Ava, hard cock swinging side to side.

"I still get paid," he said.

Tahoe stepped between them. "I'm the director and I'll give the orders. Yes, Brandon, you'll get paid. This is our business partner, Ava, and Beth and I just need to explain some things to her. Call it a day. We'll try again soon."

Brandon shrugged and followed Charlotte out of the room.

"Explain some things?" Ava said. "You got that right."

Tony and Paul quietly slipped out to the parking lot.

"Ava," Tahoe began. "We hid this from you because we had to. Cupid's Chapel is slowly dying. The Vegas wedding thing is stale. Beth and I have been shooting porn for months and selling it to some southern California distributors. *Wives Do Porn* is our niche and we're killing it. That money has kept Cupid's afloat."

"You guys said you were shooting private weddings."

"We lied," Beth said.

Ava opened her mouth to respond but Tahoe cut her off.

"Ava, listen. Beth and I have known you since freshman year. We knew you'd never go for this idea. Just get back in your truck and pretend this never happened. We'll finish the shoot, collect our cash, and everything goes back the way it was. We know sex is not your thing."

Ava made a face. "What's that supposed to mean?"

"Porn. I know it's not your thing."

"I like porn fine, Tahoe. I'm not a prude."

Beth chuckled.

"Fuck you, Beth, I'm not. We've partied together."

Tahoe and Beth exchanged a look.

"You walked out of Tommy's party senior year," Tahoe said.

"Because you saw Angie blowing Dale."

"That's because I *liked* Dale."

"What about that sleepover with Diana and Kristi and Tina? You got mad when Kristi and Tina started making out."

"Because Diana kept asking if she could eat my pussy and I think she's gross. I can't believe you guys think this about me. I'm *not* a prude."

Ava stared at the ceiling and then let out a heartfelt sigh.

"The monies you've brought in have kept us open during the slow time. I've got to give you credit for that. I drove here today because I thought you guys were snorting coke and fucking."

Beth's eyes got big. "You thought I was fucking *Tahoe*?"

“Fuck you, skinny brown bitch,” Tahoe joked. “I’m not ugly. It could happen.”

Beth shook her head. “No, white boy. Just, no. Coke? Sure. Fuck Tahoe? No. Not in a million years. Not if he was the last—“

“We get it,” Tahoe interrupted.

“I’m leaving,” Ava said. “Today sucked. I’m going home to my normal, boring husband and my normal, boring dog. You guys are going to be the death of me.”

Chapter 4

Howie knew Ava had a hard day by the way she greeted Coco, their Siberian Husky. He left her with the dog and moved to the bar, pouring her a tall glass of cabernet. When she turned around he had it ready.

“That obvious, huh?”

“Afraid so,” he said. “But perhaps only to a husband that dotes like me. Money trouble at work?”

“Yes. How did you know?”

“I recognized your sigh. You have different sighs for different occasions.”

Ava started to sigh again but caught herself. “This is a slow time for Cupid’s Chapel so everyone feels the stress. It will pass.”

“As you wish. I’m here if you want financial advice or any advice at all.”

“Thanks, Baby.”

He ordered dinner delivered and then they moved to the loft where they watched “*Black Sails*” together. Conversation moved along easily until food arrived. The wine had its desired effect and Ava relaxed. In the darkened loft, she stole glances at her much older husband.

They finished their show and headed to bed. Both preferred to sleep nude and Ava knew Howie had a stressful day too by how quickly he fell asleep. There was a short pause in their conversation and then she heard him breathing deeply. As she reached to turn off the light, Howie kicked a leg, throwing the too hot covers off. She looked at his graying chest hair and skinny legs, wrinkled skin and receding hairline. She pinched a corner of the sheet and gently pulled, revealing his soft penis and scruffy salt and

pepper pubic hair. Below hung his testicles, too weak now to make a baby. Her gaze came back to his face.

He's so older-man handsome, she thought. I don't miss kids at all.

Chapter 5

"No!" Ava yelled. "No. No, no, no. I won't. I will not do that." She kicked her office door shut. Tony and Paul did not need to hear this.

"Then we're fucked," Tahoe said. "And we're fucked because of you."

"Don't try to blame me. You guys did this."

"No," Beth said. "This is all you. Maybe we shouldn't have hidden what we were doing, but we're chicken shits. That's on us. But this problem you alone created when you trampled our shoot yesterday. You felt justified and maybe you were but you threatened Charlotte and now she won't come back. The deadline is tomorrow and we have nothing to give the California guys."

"Hire another actress."

"That will take too long," Tahoe said.

Angry silence settled on them. Ava crossed her arms and sat on the corner of her desk. The silence grew into minutes.

"Ava," Tahoe said, calmer. "It's simple; if you refuse, then Cupid's Chapel is out of business. After years of busting our asses, we fail."

"Tahoe, listen to me. I am married. MARRIED." She held her large diamond ring in front of his face. "I cannot do this."

"No one will ever know," Beth said.

Ava rolled her eyes. "You'll know. Tahoe will know. I'll know. Tony and Paul will know. That actor, whatever his name is, will know."

"What about this?" Tahoe asked. "We leave Tony and Paul out of it. Beth and I can handle the cameras. I view yesterday's footage and my shot list to see what's missing. I'll leave your face completely out of it and edit Charlotte in. We shoot nothing but back and body shots and I stay up all night weaving the mess together."

Beth considered it a good sign Ava didn't instantly argue.

"We've both seen you naked already," Beth said. "Randy's hot tub, junior year."

“I’ll do you one better,” Tahoe added. “I’ve already seen you fuck.”
Ava looked at him with disgust.

“No, I didn’t spy on you. I was awake that time at Andy’s cabin when you thought everyone was passed-out drunk.”

“Wonderful,” Ava said.

The silence settled in again. Beth and Tahoe watched Ava closely.

“Is this even possible?” Ava asked. “The edits you mentioned?”

“You and Charlotte have remarkably similar bodies,” Tahoe said.

“You’re both brunettes, no tattoos, no piercings, no scars, great tits, great skin, pale. Honestly, I think it will be fairly easy. I’ll use your body as filler between face and dialog scenes. No one will even be looking at you. No offense.”

“None taken.”

“I can do jump cuts after head shots and show your body mixed in with hers. Few will notice, given what’s happening on screen. Charlotte has a bald pussy. What about you? Is your pussy bald, Ava?”

Anger flashed in Ava’s eyes.

“I have to ask,” Tahoe said. “If it isn’t, you gotta shave that shit.”

Ava’s resistance was crumbling and she knew it. Her mind raced for another solution but nothing came to mind.

Fuck. I’m technically about to cheat on Howie, she thought.

Beth read her face. “Don’t think of it as cheating,” she said. “It’s not personal. This isn’t sex, it’s acting. As a co-owner, you’re making a necessary business decision.”

“When?” Ava asked. “When would we start.”

Tahoe ignored her question, waiting.

“Oh for fuck’s sake; yes, Tahoe, I’m shaved.”

“Okay,” Tahoe said. “I’ll call Brandon. We can do this right now. Beth, send Tony and Paul home for the day. We need to get rolling. I need an hour in my office to review yesterday’s film and subtract the shots I already have.”

Tahoe went one way while Beth went the other. Ava remained at her desk. She rubbed sweaty palms on her pants. *I want to keep Cupid’s alive but I also want to prevent Howie saying I told you so. Why do I care so much? I will fuck another man just to prove him wrong?*

She needed to hear his voice. She dug her phone from her purse and called Howie at his office. They spoke for several minutes and she

mentioned she'd need to work late again.

"No problem," he said. "I understand the sacrifices of running your own business. She you when you get home."

They both said I love you and disconnected.

Now I feel worse, she thought. Howie is always kind, patient, and understanding. He treats me like a princess. He doesn't deserve this.

Beth returned and the two women sat silently. Tahoe entered speaking rapidly on his cell and then disconnected.

"Brandon will meet us at the motel in a few minutes. I explained the situation. Beth, grab the Canon eighty and the Panasonic five-eighty. We'll all take my Accord."

Tahoe hesitated.

"What?" Ava asked.

"I called Tony. I'll need him after all."

"Fuck," Ava growled.

"Sorry. We just have too much to do and no time. He doesn't know yet we're shooting with you."

"You swear his ass to absolute secrecy," Ava said. "I want a legal document bonded with his son's eyes."

"Jesus, Ava. I'll talk to him but remember; your face will be in none of this. You can always deny everything."

Chapter 6

Ava looked herself in the eyes. The bathroom lights were too bright and she thought she looked washed out. Beyond the door she'd heard Tony arrive a while ago and Brandon just now. She expected a knock any second informing her they were ready for her. She'd been hiding for thirty minutes, naked because Tahoe said she had to get rid of the clothing lines on her skin.

Half an hour is a long time to stare at your naked, cheating ass under bright lights, she mused. I've cataloged every flaw I have.

She heard a soft rap on the door. With a deep sigh, she opened it.

Beth smiled weakly. "We're ready, Ava."

She turned and Ava followed. Tony and Tahoe used wrenches on a stand and Tony eyed Ava up and down.

"Go ahead," Ava snapped. "Look at the naked Boss Lady."

Tony quickly looked away. Brandon, his robe untied and hanging open, stepped around Tahoe. His semi erect cock poked through the gap and Ava's eyes went to it before she could stop herself. He looked bigger than the day before. She forced herself to look away.

"Let's get this over with," she barked. "What's our first shot?"

Tahoe checked his list. "I need a tit to ass pan of doggie."

Ava shook her head. "English."

"Sorry," Tahoe said. "Get on the bed, all fours. Brandon, get that thing hard and put it in from behind. I'll run the camera along her body, starting at her swinging tits until I arrive at your cock moving in and out of her pussy. Cool?"

"I got you," Brandon said. "But can I get a little help?"

"What do you mean?" Tahoe asked.

"Can she suck it first? I like the girls I fuck to suck my cock first. I should be wet anyway, for her sake."

Ava's jaw dropped. *He talks like I'm not even here.* Before she could tell Brandon to fuck off, Tahoe saw her face and interrupted.

"Ava, we have no time. Can you just do it?"

A crimson flush crawled up her neck to her face.

"Have Beth do it," she growled.

"I'll do it," Beth offered, cheerfully.

"It will be faster if this one does it," Brandon insisted, gesturing at Ava.

All eyes turned to her. Ava held her anger in check. "Fine."

Brandon shrugged his robe off and stood in front of Ava. A slight smile curled the corners of his mouth. Ava looked down at the man's large phallus, lightly bobbing in time with his heart.

At least it's not an ugly penis, she thought.

She knelt. A clear drop of fluid oozed from the slit and she dabbed the liquid away, wiping her finger on the rug.

Just get this over with.

Ava opened her mouth and moved closer. Her lips met the soft warm head and she opened wider, stretching her jaw to fit around him.

Jesus.

Brandon gently brushed a strand of hair from her face.

Tahoe and Beth stood transfixed. They'd known this woman over a decade but watching a fat cock snake down her throat was far outside their

collective experiences. Beth rolled her lips between her teeth to keep from gasping out loud.

She's pretty all the time, Beth thought, But, God, she looks amazing right now.

Tahoe loved seeing Ava on her knees. He remembered all the times they'd quarreled, all the shouting matches and slammed doors, and realized this moment paid for everything. Brandon walked another inch deep and Ava instinctively accepted, sucking the cock in her mouth without question. Ava sucked hard out of habit, her cheeks denting against the meat she held, and Tahoe felt his penis grow. He shook his head to clear it, scanning the room for the Canon. Brandon was swelling fast.

Camera in hand, he moved to the bed, checked the settings and tested the lens.

"Ready, guys," he said.

Ava seemed to snap out of some spell, pulling her mouth off the tube of beef, gleaming saliva left behind. Brandon was hard now, stiff and jutting straight out. Ava gazed at what she'd done and then faced Tahoe.

"What now?"

"On the bed," he said. "On all fours, facing away from me."

"Right."

Once Ava was in position Tahoe looked at Brandon. "Go ahead."

Ava felt the bed dip behind her and then rock side to side. She held her breath. Brandon placed his hands on her hips and then she felt a blunt pressure at her opening. She opened her mouth to tell him to hurry but at that moment he slipped in. The words never left her throat.

Pleasure exploded from inside. There was discomfort too; the young man forced her wider in every direction. But trampling her pain were raw waves of electric tingling surging from her passageway and radiating through her hips, down her legs, and up her back. She gasped loudly and clutched the bedspread. He felt as big as a log. He pushed an inch deep and then withdrew and then fed her three. She involuntarily gasped again, rolling her hips and causing a squishy sound from her pussy.

"She's wet," Brandon said.

Ava felt embarrassed but there was no denying it. Brandon began to fuck her gently. She felt her pussy clinging to the fat shaft. The waves of pleasure began to climb in intensity and Ava resisted the urge to groan.

Brandon repositioned his hands and forced his cock deep and Ava's head snapped back and her back arched.

"God!" she cried. "Jesus. That thing's fucking huge."

"You need to relax," Brandon said. "I'm not huge. I feel your tension. You're fighting me. Just close your eyes and feel this big cock fucking you."

Brandon withdrew and pushed in again. Ava's face blushed. She felt how wet she was, there was no denying that. Everyone in the room saw and heard for themselves.

"All the way in and hold it," Tahoe instructed.

Brandon gave Ava every inch. She wanted to scream. He was gigantic in there, stretching her in every direction, rubbing across every nerve. Her pussy fluttered, overwhelmed.

"Everyone freeze," Tahoe said.

Ava felt the heat from the spotlights warm her tits as Tahoe started his shot and began a slow crawl down her body. Beth followed behind, snapping stills.

"Perfect," Tahoe said. "Stay there while I do the overhead."

Brandon's cock was killing her. She felt her thighs begin to twitch. She felt pussy juice drip to the bed. Tahoe stood next to them shooting straight down and both remained immobile. Ava could not stop her cunt from squeezing the massive invading shaft and it was Brandon's turn to gasp.

"That's fantastic," he said. "Do it again."

Ava mentally screamed at her pussy to behave. She tried with all her might to remain passive. Against her will she felt her muscles clench and lock around his shaft.

"That's fucking awesome," he breathed, satisfied. "She's seized on my cock."

Tahoe panned along her spine until he reached her ass and then curved over and down, his lens filled with Ava's pussy forced wide, her asshole winking.

"Withdraw a couple inches and then push them back in," Tahoe said. "This is good stuff."

Brandon did as told and Tahoe whistled. "He's right. She's fucking drenched. Tony, get more light on this. Brandon, repeat that move."

Ava whimpered to feel that enormous erection push balls deep once more. She felt his throbbing through her pelvis. Shame flooded her but he felt amazing. Tahoe and Beth crowded around, marveling as their dear friend was penetrated, and all Ava could do was hope Brandon kept fucking. She craved the wild sensations he sent racing through her. The tiny voice of guilt nagged at her but that was easily ignored.

“Okay,” Tahoe said. “Ready.”

Brandon began to withdraw and Ava moaned. She clutched the bedspread in her fists. His cock made a slurping sound and humiliation turned her face red again.

“Stop,” Tahoe said and Brandon did. Beth snapped several pictures. “Another inch. Perfect. One more. Perfect.”

Ava wanted to shriek. His slow-moving cock drove her to madness. Her entire body ached. Tahoe took pictures of Brandon at various depths.

“Okay,” Tahoe said at last. “Fuck her.”

Ava gratefully exhaled. Brandon began to saw in and out and her body rejoiced. Despite her wishes, her ass rose, obediently offering him cunt. He adjusted his knees and she felt his cock slide deeper than ever. From far inside, she felt the first tingling of orgasm. The realization hit her like a truck.

I'm going to cum? Ava's world flipped. She focused her attention on her body, quickly reading all the signs. *What the fuck is wrong with me?* Disbelief rolled over her but there was no denying what was happening.

Brandon moved smooth and strong, plumbing her depths, shoving her open, filling and expanding her. The ridge that ran under the length of his cock now rubbed her clit on each thrust. Her faithless pussy dripped lusty juices until she soaked the comforter. Brandon fucked faster.

“I think she’s going to cum,” he bragged. “Get this on film.”

His relentless cock hammered her, dancing on every nerve ending until she was overwhelmed. She fought against it but her climax could not be refused.

No! Ava's mind shouted. *I can't!*

He fucked harder and Ava gave up resisting. Everyone saw her surrender. Beth groaned in empathy. Tahoe kept filming, catching every writhing muscle and bead of sweat. When Ava came, she came hard, harder than any woman he’d ever seen. This was no fake porn-orgasm complete with false cries of pleasure. This was a woman undone, betrayed by her

own body. Ava cried out as her powerful climax ripped through her. Brandon held her hips in place and fucked her hard, coaxing every second of her exquisite pleasure, leaving her, at last, weak and trembling. He eased her body to the bed and pulled his enormous spear from her guts.

“That was fantastic,” Tahoe said, checking the battery. “Give me some missionary.”

Ava felt hands turn her. Beth and Tony spread her legs and Brandon moved up between them. She lifted her head to see his weapon poised for another assault.

“Same as before,” Tahoe said. “Tony, light her tits. I want to start there, move down her body to capture about ten minutes of thrusting, then head back to record her tits bouncing with each thrust. After that we’ll take five. Beth, get the stills.”

Ava had no protest. She realized even if she had, she’d keep her mouth shut. Something was changing. Brandon churned powerful emotions. She felt herself connecting to him, caring for him. His pleasure became important too. Her pussy felt strangely empty and she wanted him back inside. He moved his body over hers and smiled down on her, blue eyes sparkling.

“Not what you expected?”

She slowly shook her head.

Heat and light moved across her legs and centered on her pussy. She knew Tahoe was filming again. Brandon curled his hips and the head of his cock grazed her labia and she gasped, knowing now what was coming. Beth snapped a series of photos as Brandon closed the distance and split Ava’s mound. He stopped for Beth to take pictures but also to tease Ava. Reluctant at the beginning, she now craved him. He kissed her forehead and sank his wide inches into her soaked hole.

“You’re lucky,” he said, looking down. “You can cum as much as you want. Male talent has to wait.” He grinned and began fucking her again.

The crew recording their mating. Tony handled lighting and Beth took stills, occasionally filming too. They worked well as a team and Ava wondered briefly how many movies they’d made. She dropped that thought when Brandon held himself inches above her, thrusting until she thoroughly lubricated him.

“Ready,” he told Tahoe.

He leaned far back and Tony lit her torso. Tahoe hurried to film Ava's tits. He panned down her body, recording every sensation moving through her. Ava closed her eyes. Tahoe stopped at the merging of their bodies and slowly zoomed, capturing her unfaithful mating on film, forever. A wicked, wanton thrill raced through her. How many would see her pussy getting fucked?

"Spread your knees, Brandon," Tahoe said. "I want some swinging balls."

Brandon moved over her again and opened his legs, taking hers along too. Tahoe knelt between them and filmed Brandon's bouncing scrotum and Ava's stretched hole. Brandon leaned his handsome face closer to hers.

"You're a natural," he said, smiling.

Ava impulsively kissed him. Startled, Brandon froze before returning the smooch. Ava ran her fingers through his black hair and they both seemed to melt into each other. Their kisses were soft and meaningful as the power of their intimate coupling took over.

"Um, Tahoe?" Beth murmured.

Tahoe looked up and saw them kissing and glanced at Tony and Beth. All three grinned. Ava was losing track of where she was and what she was doing, consumed by the intensity of Brandon's touch.

"I want a body pan," Tahoe said.

Brandon wrapped his strong arms around Ava, obscuring her face, so Tahoe started filming from the top. He slowly worked his way lower, recording their writhing, passionate bodies. Ava ran her hands all over the muscular stud fucking her and Tahoe saw it all. When Brandon felt the spotlights on his hips he lifted enough for them to film his fat cock sliding in and out. Ava gasped and curled her legs around his waist, using her heels to pull him deeper. As a woman, Beth recognized the intimate gesture for the surrender it was. Brandon began fucking faster and deeper.

"Give it to me," he commanded. "Cum on me again. I want to watch your beautiful face when my cock makes you cum."

"Ohhhh God," Ava moaned.

Brandon kept his hips driving a steady rhythm. He studied the woman beneath him, watching for the subtle signs, grinning when he saw her approaching the ledge.

"You're going to cum. I can see it in your pretty eyes."

Ava was breathing hard, clutching his shoulders.

"My name is Brandon," he murmured. "I want you to call my name when you cum. Will you? Will you say my name when I make you cum?"

Ava couldn't speak so she just nodded. Brandon moved his mouth to hers and they kissed again, his hips driving his cock harder than ever. Ava began a squeal which built into a wail and then she was writhing under him, moaning into his mouth as they kissed and she came. She tore her mouth away.

"Fuck me, Brandon!" she shouted. "Fuck me with that sweet cock. Fuck me, BRANDON!"

Her own slutty voice sent her climax soaring again. She tossed her head and held him tight. Tahoe captured everything. Beth captured everything. Tony remembered everything planning to masturbate to the vision of Boss Lady Ava getting her brains fucked out.

They took the break Tahoe promised but Ava didn't leave the bed. She stared at the ceiling and toyed absentmindedly with a nipple. Beth brought her a bottle of water, searching for words.

"You look fabulous," Beth said. "Really hot. Sexy."

"Thanks, I guess."

"All right," Tahoe announced, slinging the camera up to his shoulder. "Cowgirl for ten and then reverse cowgirl. Ava, get his dick hard."

"I'll do it," Beth said again.

"I'll do it," Ava said, bashful and slightly ashamed.

Brandon brought his soft cock inches from her face and Ava slipped him into mouth. She sucked, stretching his inches with vacuum, and tugged his big balls. He tasted like her. His shaft began to thicken. She dipped her head to lick his scrotum and saw Beth watching intently and with obvious longing. Ava pointed Brandon at the woman's face.

"You can help," Ava said. She wagged the soft dick.

Beth smiled and scooted closer. The girls giggled.

"Holy shit," Tony whispered. "Tahoe, get this."

"I can't," Tahoe murmured. "No faces."

"Fuck that, dude. That's *Beth* and *Ava* sucking a cock; milky white next to chocolate brown. Shit like this never happens to me. Just hit the record button. No one needs to know. Cut that clip out when you edit."

Tahoe weighed Tony's words. He was right; Beth and Ava working on a big cock together was a sight to melt the mind. He'd known them both

for years, making the view intensely real. Beth was still a teenager when they all met. Now the girls slobbered on a massive and rapidly growing monster cock. Tahoe could scarcely believe his eyes. When Beth slid her mouth off the fat head to kiss Ava's lips, he made up his mind. Without moving the camera, he carefully pressed record. Ava froze for an instant, shocked by Beth's action, but her lips were warm and soft and wet and Ava felt the desire behind them. She returned the passionate kiss.

"That's hot," Brandon mumbled, gazing down at the two women.

Beth cupped Ava's full tit and rolled her nipple, leaving Ava gasping, and then returned her attention to Brandon's dick. Ava felt dizzy. She engulfed the man's pink head and Beth dropped to slather his balls.

They traded places, Beth bobbing while Ava licked every turgid vein. Brandon's cock soon pointed at the ceiling and the women leaned back to admire what they'd done. Beth left the bed and retrieved her camera.

"On your back, Brandon," Tahoe said. "Ava, climb on top but don't put him in. I want to capture that separately and take some stills too."

Ava threw her leg over the hot stud, one knee down, one knee up. She reached between her legs and aimed his cock vertical, her bald labia about an inch above.

"Perfect," Tahoe said. "Hold that."

Tahoe moved closer, zooming in to capture that inevitable moment. Ava looked down and now every eye was focused on their unescapable mating. Ava had never seen a cock so big or so beautiful, and certainly never one about to enter her. She'd had a few lovers before marrying Howie right out of college, but never a man like this. She bit her bottom lip.

"Fuck, that's intense," she breathed.

"Give me another minute," Tahoe said. "Tony, more light. Beth, close-ups."

Tony leaned in and Beth swapped out the video for the still camera, moving closer. Ava held her breath. How long had she known these people? Now they were inches from her bald slit, staring, along with her, at a cock about to penetrate her unfaithful pussy.

Not personal, she reminded herself. Not even sex. This is just business.

"Closer, Ava," Tahoe instructed.

Ava felt blood surging through Brandon's heavy shaft. She lowered her pussy.

"Closer."

The man throbbed in her hand, pulsing her sweaty fingertips. Lower still.

"Closer."

Ava jumped when the tip of his cock brushed a sensitive pussy lip. She couldn't see it, but a clear and viscous droplet of aroused pussy juice leaked from her hole, descending in slow-motion to rest on his large testicle. She felt a wave of sexual tension race through her friends and wondered why.

"All right," Tahoe said. "Put him in. Just an inch."

Ava's legs burned. She rubbed him in a small circle to center his cock and then relaxed a bit, just enough her body weight eased his cock head into her tunnel. She groaned deeply, almost dropping her full weight to capture him.

"Sweet Jesus that's hot," Beth murmured.

Tahoe zoomed and then stepped back a foot. "All right, Ava. Fuck him but in gradual steps. Beth, drop her hair around her face."

Beth swept Ava's long dark hair forward and then stepped back. Ava dropped her knee to the bed and sat, forcing Brandon's thick shaft deep. Her nipples hardened as the young man invaded her body.

"Ungh, damn, that's a big cock," Ava groaned.

"He charges by the inch," Tahoe joked.

Brandon's hands rose to her tits, handling them roughly. Tahoe aimed the camera and gave instructions to pull Ava forward in a minute. Tahoe moved around to film Ava on top from behind.

"Ready," he said.

Brandon linked his fingers behind her neck and pulled her mouth down to his, kissing deeply. Her ass rose which forced her knees wide and elongated her cunt around his shaft, forcing him deeper and making him feel even bigger. Ava moaned. Brandon grabbed her ass and spread her cheeks wide for the camera. Humiliation flooded her but her pussy gushed and gripped the solid conquering phallus. Familiar tingling began where her taut lips encircled the base of his meat.

"Oh, fuck," Ava whispered. "Oh, fuck....fuck..." *He feels sooooo good.*

Brandon chuckled, feeling proud. "She can't handle my cock," He said. "Keep filming, Tahoe, I'm gonna make her cum *again*."

Brandon lifted her hips slightly and began thrusting into her hole. Ava buried her face in the crook of his neck.

"No," she whimpered. "I can't. I shouldn't. Wait. No."

He ignored her and stroked deeper, reaching farther inside than anything she'd felt before. Most of the overpowering sensations radiated from her clit but to feel him probing that deep, to feel a man that far up inside her body, stretching and rubbing, gliding over nerve endings never touched before today, was simply too much. Her pussy clamped down, gripping every stiff inch of him until her womb convulsed and her pleasure spiked.

"Ohhhhh, noooo," she whined, powerless to stop.

Her toes curled and her back hunched and then she was cumming, liquid pouring and pussy spasming around his intrusive meat. She took over, repeatedly slamming her hips down to drive his stake deep. Tahoe filmed her cunt milking Brandon. Her orgasm lasted a long time.

When she finished, Tahoe told her to turn around and face his feet. He risked a shot of her upper body to film her big tits, trusting her long hair to hide her face. She moved slowly, weakly, but did not allow his cock to slip from her as she rotated. Once she was in her new position he moved near Brandon's head and filmed the length of his body. The young man's gleaming cock looked formidable.

"Fuck him," Tahoe said.

Her hips began to rise and fall. He filmed without comment for many long minutes until he told Brandon to slip a thumb up her ass. Ava tensed, wondering if she'd heard right. Brandon licked his digit and teased her rosebud before pushing two knuckles deep. Ava sucked air hard.

"Sounds like that feels good," Brandon teased.

Ava returned to her slow up and down, clearly savoring the sensation of double penetration. She'd squeeze his cock and finger simultaneously, almost swooning from the rush of pleasure. Her entire pelvis began to tighten. With utter disbelief, she realized she would soon cum again.

"Can he cum in you?" Tahoe asked. "I like to end with a facial but can't this time for obvious reasons. Creampies sell great."

Ava hardly understood what Tahoe asked. She'd already begun the climb to climax and wanted him to shut up. Eyes tightly closed, hips rolling to heighten the exquisite sensations, Ava fucked herself on Brandon. Her

mouth slowly opened, her back slowly arched. The feeling of something moving in her ass while something moved in her pussy was unlike anything she'd known. She held Brandon's ankles and pumped her hips faster. The tightness in her pelvis had spread to her legs and back.

Brandon shoved his thumb all the way in.

Ava cried out and slammed her pussy down on him, grinding on his cock. Her orgasm was so close but she couldn't get there.

"Fuck my ass," she begged. "Faster."

Brandon pumped his finger but Beth understood what was happening. From this angle Ava's clit received no stimulation. She reached under and gently rubbed just above, twisting the skin. That was enough.

"Oh!" Ava cried. "Fuck! Yes! Fuck!"

Her back arched and her tits thrust forward, bouncing, nipples hard and swollen. Her pussy clamped around his cock, her ass seized on his thumb. Her climax threatened to break bones.

"Unnnngghhhhhh! God!"

She'd never felt anything like it. Her whole body was caught. Spasms wracked her from head to toes. Brandon let her ride the mind-melting wave until he could no longer hold back and then turned loose his flood of boiling sperm, spurting his deluge into the heart of her again and again. His thumb was buried up her ass like a bowling ball and he held her in place on his cock with it, pulling her hips down to get the last few blasts of semen deep. Ava sank to her stomach, lying awkwardly across his legs, breathing hard, sweating, and drifting through fog, her nerves awash. She knew she now carried Brandon inside her and found the thought uplifting.

"Slowly," Tahoe said, recording.

Brandon spread her ass, withdrew his thumb, and gradually pulled his still swollen cock from her pussy. A flood of milk poured out, dribbling over his fat, hanging balls. Her pussy closed behind him, sealing an ocean of sperm inside.

"Goddamn," Beth muttered, taking her final photograph and setting her camera on the dresser. "Goddamn."

Tony stepped into the parking lot for a cigarette. Beth and Tahoe looked at each other. They had a hit and knew it. Brandon rolled Ava on her side, tenderly brushed her hair out of her face, and kissed her cheek.

"Gorgeous," he said.

He headed for the bathroom and a shower. Beth and Tahoe joined Tony outside.

Left alone, Ava stared at the wall.

What have I done?

Chapter 7

Howie suspected nothing. Within minutes Ava realized if she acted as she always did, he wouldn't know. They chatted through dinner and a movie and then slipped into bed. Howie fell asleep first while Ava lay in the dark, mind churning.

She slept light, waking often, and awoke as the sun came up before the alarm went off. Howie lay sleeping on top of the covers, as usual, and she ran her eyes over her sweet husband.

Chubby, balding, and wrinkled, but I love him dearly. How could I do that to him? He's never treated me poorly.

Her traveling gaze landed on his penis. He sported morning wood and she watched his penis gently thump to his beating heart. She remembered Brandon's mighty cock from the day before and dipped a finger between her labia. She was still full of slippery fluid.

That's a lot of potential babies.

An unexpected melancholy settled on her. She rubbed her fingertips together as they dried. Surprisingly, tears threatened and she had to fight them back.

Put it behind you, she told herself. It wasn't personal. Tahoe and Beth put you in that ridiculous position. How many times have those two gotten me in trouble?

Her mind drifted back, recalling their many college escapades. She sighed.

Pick yourself up and get on with life, Ava. Howie need never know.

She shared some toast and yogurt with her husband and then dressed for work. As she drove, her irritation with her business partners grew. By the time she arrived at Cupid's Chapel, she was angry. When she walked through the front door and found Beth's camera from the night before sitting on a filing cabinet where anyone walking through could pick it up, her anger became rage. She heard them speaking in the props room and brought

the camera with her. Tahoe sat on a bale of bubble wrap, laughing. Beth sat on a green vinyl barstool sipping coffee. Ava held the camera over her head.

"What the fuck?" she yelled.

Beth saw the camera and her face went pale.

"Oh shit, I'm sorry."

"Sorry? Seriously? I only did that because you both promised no one would ever know and the next day you leave my pictures out for anyone to find. Goddamn it, Beth. Goddamn you both. I can't believe you did this to me. I can't believe you guys did this to my marriage."

Tahoe's smile froze.

Ava turned and strode from the room. She sat at her desk and powered up her computer, beginning her bookkeeping duties. After a few minutes, Tahoe poked his head in the room.

"I guess you're upset?"

Ava glared at him.

"Fair enough," he said. "Although you didn't seem to mind at all last night, I can see how a night to think about it would change your mood."

"Fuck you."

Tahoe crossed to her desk and dropped into the chair in front. He watched her work in silence.

"What?" she said at last.

"I cut the film and sent it over. The California guys loved it."

"I hope you got paid."

"We did. We will."

She heard the strain of suppressed excitement in his voice. She knew he was dying for her to ask.

I won't give him the satisfaction, she thought.

Tahoe did not last long. "Fine," he said, spinning in his chair. "Forty thousand."

Ava stopped. *He must be fucking with me,* she thought. Her eyes came up to his.

"Forty," he repeated.

That pays all our outstanding bills. If he's telling the truth, we'd be current. We'd be ahead. She ran some mental calculations. *We'd be way ahead.*

"Why so much?" she asked.

"That tape was magic, darling. We captured some good footage with Charlotte, yes, but that stuff with you and Brandon was electrifying. The West Coast guys spotted the actress swap right away. I thought they'd be pissed but they loved it."

"You told them it was me?"

"Of course not. I said the first actress got sick so we hired one that looked like her. They said they'd buy any footage we had of the second actress."

Ava stared at Tahoe. "I hope you don't expect me to be flattered."

Tahoe gave her a little shrug. "Maybe some, yeah. These guys have seen everything. You stood out as something special. What you and Brandon shared lit up the screen."

She gave him a hard look. "I will say this one time only; that will never happen again. Don't even try to suggest I do it again."

"We'd make a small fortune for one hundred and twenty minute's work."

"Fuck you. Get this through your head; last night never happened."

"Yes, Ava, it did."

"Only because you and Beth forced me to."

Tahoe rolled his eyes. "I missed the part where we put a gun to your head. You had a choice. "

"Yeah, fuck or let our business fail."

"Our business already failed, Ava. Get that through *your* head. Beth and I have been keeping it alive with outside money. And if your marriage is so sacred, why did you fuck Brandon? But before you answer that, answer this; would you have still fucked him if he was an ugly son of a bitch? No, you wouldn't have. You got plenty out of last night. Don't play the victim here. "

Ava had her reply ready in an instant but no words came. Tahoe had stung her and she needed a moment to collect her thoughts. She glared at him, hating the simple truths in what he'd said.

"Get out," she said at last. "Shut the door behind you."

Ava tried to work but Tahoe's words ate at her. He wasn't wrong. After some time passed she began to relax.

Put it all behind you, she reminded herself. *Just put it all behind you.*

Chapter 8

The next day Ava noted a huge deposit to the corporate account. Tahoe had paid his crew, his actors, Beth, and himself.

Yet the deposit is still huge, Ava thought.

She spent the next few days alone in her office, everyone clearly avoiding her. Reggie had no idea what happened but when Tony told him to leave Ava alone, he listened. She'd heard them all leave twenty minutes earlier.

She knew Beth and Tahoe were back at their film producing ways. Everyone had adopted a don't ask-don't tell mindset. Ava was unsure what her next step forward was.

She cut the last of the checks and locked the book in her drawer.

I am ready for a tall glass of cabernet.

She stretched, reaching for the ceiling. Her top tightened across her large breasts and rubbed her nipples, even through her bra. Lovely tingling sensations raced around inside her. She remembered Brandon closing his mouth around one, his handsome face mere inches from hers. Goose bumps rose on her arms. Her nipples stiffened and she looked down at the twin bumps poking through her shirt. She grinned.

Horny little fuckers.

"Are you still open?"

She looked up, startled.

"I'm sorry," the middle-aged man said. "I couldn't tell if you were closed or not. I didn't mean to scare you."

"No problem."

The man wore a plain brown suit and second-rate dress shoes. She caught him glancing at her hard nipples but he quickly looked away.

"How can I help you?"

He glanced around her office. "I'd like to see your price list," he said. "I'm helping a friend plan a wedding."

Ava extended a hand. "I'm Ava, the owner. Pleased to meet you."

He shook her hand. She opened a large drawer. "You can see all our plans online but here's a menu to take with you."

He accepted the long sheet of paper and glanced down the columns, then sent his eyes around her office.

"I hate to trouble you," he said. "But I'm parched. May I have a glass of water?"

"I'll get you a small bottle. Wait here, please."

Ava left her office and crossed the warehouse floor, grabbed a bottle for herself as well and headed back. Something about the man bothered her but she couldn't figure out what.

"Here you go," she said, opening her office door.

His chair was empty, the man gone. She quickly scanned her desk and shelves but nothing appeared disturbed or missing.

"At least he took the price list with him," she said.

She finished locking up, hit the lights, and aimed for home.

Chapter 9

Noah Mason pressed the RollJam code grabber against the door and hit the start button. Green lights blinked and soon four numbers appeared on his screen. He entered those into the alarm box attached to the wall outside Cupid's Chapel and pressed enter. A beep sounded followed by a loud click. He entered quickly, scanning the dark parking lot first, and secured the door behind him. He left his black ski mask in place.

Naturally jealous and insecure, he'd long suspected Charlotte of cheating on him. He'd secretly installed a tracking app on her phone and for two years watched her move through a routine and utterly predictable life.

Until three weeks ago.

Three weeks ago, she'd driven to this building while Noah was at work and spent an hour. She returned the next day and then had driven to the Twin Pines Motel where she'd spent almost three hours. After a two-day break, she'd begun a pattern of visiting this building and then driving to the motel almost every day. That she was cheating on him he was now convinced. All that remained was to collect the evidence and file for divorce. He would see to it she got nothing.

She might be meeting her lover at the motel, but her frequent stops at this building intrigued him.

I know why she visits the motel. I need to know why she stops here.

Noah turned on the red-beam flashlight and began his search.

He started at the desk of the woman he'd met earlier, Ava. He'd rummaged her purse and snapped a picture of her driver's license when

she'd gone for water yesterday, and then spent half the night doing background research on the woman. She seemed most likely to possess useful information.

Her simple desk locks were easy to pick and minutes later Noah found a Nikon camera stuffed in a drawer. He pressed the power button and then searched the library. He was not disappointed. After several pages of hardcore photographs which he guessed to be Ava, he found the first picture of Charlotte, on her knees, pretty face stuffed by a fat cock.

I knew it, he thought. Rage and hurt gripped his chest and squeezed.

He continued backward, scrolling through dated photos of his lovely wife lost in the throes of passion. The young male actor was fit and had an enormous penis and each new picture was like a stab in Noah's heart. He felt himself grow numb and welcomed it. Moments later he arrived at a photo of Charlotte holding the hard cock with both hands, wedding ring gleaming from the flash, and Noah experienced a tightening of his testicles. Charlotte's jaw was forced wide, her lips sensuously clinging to the man's erection with real and obvious desire. To see the mouth he'd tenderly kissed so many times eagerly packed with cock moved him. He hated her at this moment, but there was no denying the powerful eroticism of the image. Knowing her, loving her, made the sight infinitely more powerful.

"Fucking whore," he murmured.

He downloaded the photos to his phone and moved to the next office. After a thorough search he found nothing and moved to the next. The placard said *Tahoe Jennings* and Noah knew he'd hit pay dirt. Tahoe had disks and cameras and video equipment stacked on shelves. His desk was littered with multiple thumb drives. All the drawers were unlocked and the man had even left his computer on and signed-in.

"Idiot," Noah grimly chuckled.

Twenty minutes later Noah, disheartened, sat on the floor.

Charlotte's fucking everybody.

He'd found her with the young stud from earlier but then, camera by camera, he'd discovered his lovely wife with a constant stream of hot new men. Most upsetting was the fact she looked *good*. His heart ached to see her doing those awful things but her eyes were alive, her skin rosy. When she laughed, he heard true joy.

Watching Charlotte's voracious sexual appetite left him shocked, bewildered, and semi erect, which only added to his confusion. He'd

downloaded all the video and images he could find.

Charlotte wasn't the only woman. In addition to others, Noah found a short clip of Ava and another woman performing fellatio.

Perhaps their husbands and boyfriends would like to know the truth too. I'll punish them all, he thought. I'll take down as many marriages as I can, starting with the woman who owns this place, Ava.

Chapter 10

Howie Dunn cradled his office phone and leaned back in his chair.

"Your wife is cheating on you," the man had said. "Your wife is making pornos, same as mine. I'm collecting evidence so my wife gets nothing in the divorce. I'll share what I find with you, if you want."

Howie had fallen silent at that point.

"Aren't you angry?" the man had asked.

"No," Howie had replied.

"Well, I am," the man had said. "I'm leaving her cheating ass and you should leave your wife too."

"I'll consider your suggestion," Howie had calmly replied. "In the meantime, I'd like to see any photos or recordings you have."

"Give me your email. I'll send you copies."

"Thank you," Howie had said. "I do not believe her capable of such behavior. I need proof."

"So did I," the man had said.

They'd exchanged information and ended the call, but the man's word still rang in his ear. Howie left his chair to pace the office.

Pornos? Ava?

He rubbed his five-o'clock shadow.

Inconceivable.

He closed his eyes and imagined Ava beneath another man, surprised the vision was easy to conjure.

Do I feel guilty? he wondered. *She's never complained. I told her of my bad back on our first date. I told her of my sterility soon after. I was completely up front but she said she didn't mind. Have things changed?*

A chime from his desk told him email had arrived. He circled and sat, slipped on his glasses and reached for the mouse. Several clicks later he stared at a picture of a woman who may or may not be his wife. Most

photos were merely merged genitalia and proved nothing but a handful looked like Ava with her hair shielding her face. He could not be certain. At the bottom of the email he found a video file attached. He double-clicked and turned off the sound. *"Wives Do Porn"* appeared on his screen. A moment later, Ava and Beth kissed passionately before gorging themselves on a long and thick penis. Howie watched his wife intently. Later he heard her voice: "Fuck me. Brandon," she shouted. "Fuck me with that sweet cock. Fuck me, BRANDON."

When the clip ended, he played it again. After, he scrolled through the photographs once more.

Just a glimpse of her face, a moment of clarity.

He played the video again, leaning close, noting freckles. It was her. The woman in the photos and the woman in the video was the same woman sucking cock with Beth.

He hit reply and began to type:

Sir, I don't know how you obtained these items nor do I wish to know. Your possession of them does, however, speak to a certain skill set. As I know you wish to acquire additional evidence against your wife, I would ask you do the same for me in regards to my wife, should the opportunity present itself. I will pay you for your time and supplies.

Respectfully,

Howard Dunn.

Chapter 11

"No!" Ava stomped her foot.

"But they *love* you," Tahoe pleaded.

"NO!"

Tahoe turned to Beth. "Help me convince her, you Pakistani wench. Tell her to do one more film."

"I'm Indian, dumb fuck."

"Whatever. Talk to her."

"If Ava says no, Ava means no."

Tahoe threw his hands in the air. "Do you have any idea how much money you're throwing away? We could buy Cupid's all new sets and props. We could advertise in the casinos for a year. You could turn this business around with the money you'd make."

"Ava doesn't care about money, Tahoe."

"All right," he said, facing Ava. "Then think about this; on their website, your clip is the most viewed by far. More than that, the analytics show return viewers jump forward, skipping Charlotte and Brandon to watch you and Brandon. Data shows they then search the site for more of you. The traffic is sick. You could be a star, Ava."

"Tahoe, listen to me; I'm married. That's the end of it. No means no."

She grabbed her purse and her cell phone.

"I'm going to lunch," she said. "Don't be in my office when I get back."

Ava jerked the door open and headed for the parking lot.

"What can we do?" Beth asked. "I thought the appeal to her ego would work."

"It was a good idea. I swear I saw a gleam in her eye. She's stubborn as fuck."

Tahoe nervously tapped a toe on the floor. Beth knew that meant he was thinking so she kept her mouth shut. When his head came up, he was smiling.

"I know that look," Beth said. "Tahoe, what are you going to do? Please do nothing stupid. Promise me."

Tahoe shook his head. "I'm sick of working for chump-change, Beth. I want real money. The California guys showed me Ava's numbers. We could be rolling in cash."

"Tahoe, promise me."

"I can't. It's better if you don't know. This way she'll only hate me." Tahoe grabbed his car keys and headed out the door.

Chapter 12

"Dude!" Paul said. "Play that shit again."

Reggie leaned closer. "Was that Ava and Beth?" he asked. "That looked like Ava and Beth. Holy fucking Christ. Was that Ava and Beth?"

Tony nodded smugly. "Pretty sweet, no?"

"How the fuck did you get video of them?" Reggie asked.

"I got it from Tahoe but he doesn't know. I made a copy to give to you guys. There's shit happening at work I can't talk about but at least I can share the wealth."

"Play it again," Paul said. "Here, hook your phone to my widescreen."

Tony attached his phone to the cable and Paul turned on his television, the largest item in his small apartment. As the screen began to glow, they saw Beth and Ava, a hard cock between them, bigger than life.

"God damn," Reggie laughed. "That is fine. Look at those girls go. Hit play."

Tony did and all three men stepped back to watch. On the screen Ava and Beth feasted on Brandon's cock, passing him back and forth, taking turns sucking and licking to get him hard.

"Did that guy fuck them both?" Paul asked.

"No, not Beth. But he fucked the shit out of Ava. Hottest sex I've ever seen and I'm including sex I've had."

All three laughed.

"We all think Ava's a bitch," Tony said, "but now I know that's just the job stressing her out. She was fucking sexy as fuck. I wished you guys had been there. This dude fucked her forever and she came over and over. She's always such a hard-ass, it was glorious to see this guy ruin her. By the end of it all Ava was practically begging for his load. She fell in love with his cock."

All three turned to watch the screen again. Tony set the video to play on a loop. The men watched, mesmerized, as women they'd known and worked with for years behaved as complete sluts. When Beth kissed Ava, Paul and Reggie gasped.

"Hold on," Tony said. "Watch."

Beth cupped Ava's large, bare tit and rolled the nipple under her thumb.

"I can't take it," Reggie joked. "This reality is better than any of my fantasies. If you'd told me those two would go at each other I'd have said you were crazy. That is the hottest thing ever."

"Do you have the video of Ava fucking that guy?" Paul asked.

"No, Tahoe sold it. But I know the distribution company so we could probably find it on their website."

"Do it," Paul said. "My TV has Internet. I'll pay for the download."

Fifteen minutes later Tony hit play on the video they'd found.

"Fast-forward," Reggie said. "We don't know that girl. I want to watch Ava."

Tony jumped to the first spliced-in scene with Ava. "Tahoe cut Ava into the film but I noticed differences right away. Ava has a small freckle by her belly button and a small birthmark on her lower back. If you see either, you're watching Ava, Queen Bitch and our boss, fuck."

"This is too awesome," Paul said.

"I see the freckle," Reggie said.

Already close, the guys leaned closer. A few minutes later the camera panned and Ava opened her legs, spreading her pink hairless pussy wide to receive Brandon's straining cock, which, moment later, she did. Paul and Reggie stared stupidly at the screen, practically drooling.

"That's the sexiest fucking thing I've ever seen," Reggie said. "Holy shit."

"Told you," Tony said..

"I'm gonna jack off to this every day for the rest of my life," Paul said. "I need no other porn. I can't fucking believe I'm fucking watching Ava fucking. Fuck."

They watched in silence as the movie played. Ava and Brandon were mesmerizing, spectacular. When the video ended, Tony hit pause and looked at his friends.

"Tahoe must convince her to make another," Reggie said.

"No," Tony countered. "I heard she yelled at Tahoe for half an hour. No way. Also, she can't, under any circumstances, know we've seen this. I was sworn to secrecy. I'd get fired and work is too hard to find. Keep this between us."

They all looked at the frozen image on screen.

"I love that it's her," Reggie said. "But the only thing sexier than knowing it's her would be *seeing* it's her. If Tahoe somehow talks her into another and gets her to show her face, I'll fucking die."

Chapter 13

"Tahoe!" Ava screamed, "Get your ass in here!"

Tahoe gave Beth a grin and headed for Ava's office. She met him at the door and slammed it behind him with a shove from her long leg.

"Sit down!" she yelled. "Where's the fucking money?"

"What money?"

"My money. The money in our business account."

"Oh. You mean *my* money."

"I earned that," Ava growled.

"No, I earned that. I'm the director. You're just an actress. I have the connections and produced the product. I made that money."

Ava clenched her hands into white-knuckle fists.

"Are you planning on hitting me?" he asked, grinning.

"I'm seriously thinking about it. Why did you empty our account?"

Tahoe relaxed, hooking a leg over an arm of the chair.

"To force you to make another film."

"You're blackmailing me?"

"No, I'm extorting you."

"You're a piece of shit."

"So they say."

Ava was too angry to sit so she paced her office, glaring at Tahoe.

"Why are you doing this to me?"

"I'm not doing it *to* you, Ava, I'm doing it *for* us. We three have been killing ourselves for years. I'm tired. I'm tired of losing. You just became the goose laying golden eggs and our ticket out of this. I want one film, feature length, starring you."

"You're going to show my face?"

Tahoe noted her change but resisted a smile.

"Yes, but Beth can do your makeup and you can wear a wig. Even your mother won't recognize you."

Ava nervously chewed a fingertip. "Fuck, Tahoe. I don't know."

"No one will find out. Look how smoothly the last one went. Just think of the money, think of all that stress we carry everyday evaporating. When was the last time you felt happy?"

Ava sighed and flopped into her chair. She closed her eyes. "Will I be paired again with Brandon?"

"Yes, the California guys specifically requested we put you together. I'll call him as soon as I leave. You won't regret this."

"I already do. Poor Howie."

"It's business, Ava, not personal. You aren't cheating on Howie."

She waved him away and he knew to shut up. He carefully shut her door behind him. Outside her office Beth scrutinized his face.

"You convinced her, didn't you?"

"Yup."

"Amazing. What now?"

"Call Twin Pines and get that room again. I'll call Brandon. The Cali guys sent me a shot list already so that's covered. I told Ava you'd do her makeup heavy to help disguise her."

"Wig okay?"

"Sure, but go dark, not blonde. Straight black would work well."

Beth shook her head. "I can't believe it. Did you put a gun to her head?"

"Basically. Oh. Call Tony, Paul, and Reggie. I want to shoot fast and we'll need the help. The longer we take, the more likely she is to say fuck it and let everything burn to the ground."

Chapter 14

"A thousand dollars?" Reggie said.

"Yes, that's correct," Noah replied, glancing around the bar. "That money would be all yours. You wouldn't need to share it. Make me a copy of every video and I'll pay you, but you can tell no one what you've done."

"I don't care about that. Me and the guys make copies for ourselves all the time. I just don't understand why you'd pay so much. You'll be able

to watch them online soon enough."

"I don't want to wait," Noah said.

Reggie raised his beer. "Sounds good to me."

Chapter 15

Brandon, Ava thought, staring at herself in the bathroom mirror. I'm about to fuck Brandon. Again.

She ran her eyes over her body; Beth did wonders with the makeup but it was the wig that successfully hid her in plain sight. Long, straight black hair now framed her face and gave her a slight Hispanic look. Ava ran her palms over the lace dress she wore, pink nipples and pink slit obvious. A tingle danced around her clit. She liked the way she looked. Lingerie and makeup had been absent from her life and she found herself enjoying the thrill of them.

I wonder if Howie would like me to wear the occasional negligee?

Someone tapped on the bathroom door. "We're ready," a deep male voice said.

Ava looked into her own eyes. *What the fuck are you doing, girl?*

Doubt and anxiety assailed her. Guilt ate her alive.

Maybe I should imagine I'm someone else? Give myself a screen name?

She ran her eyes over her body again.

What do I look like? Do I look like an Emily? No. Casandra?

Maybe. Esmerelda?

She smoothed her long black hair and opened her eyes wide. She gave herself a wicked smile and rested a fist on her hip.

"Hello, Esmerelda," she said.

She felt better. The name allowed her to side-step the truth.

"Time is money," someone said, knocking harder.

"All right," she snapped.

Ava isn't doing this, Esmerelda is. Ava is a loving, faithful wife, the wife Howie deserves. Esmerelda is wild, wild enough to have a pornographic movie in her past.

Ava faced the door and took a deep breath.

The bedroom was once again transformed into an amateur porn set. Beth had covered almost everything in green. Tony and Reggie and Paul

acted busy but Ava felt their eyes crawling over her, knowing what a thrill it must be to see your boss virtually naked. Beth was pinning the last of the fabric when she heard Ava approach.

"Wow!" Beth said. "You look incredible. Wow."

"Thanks."

Beth gawked at Ava, lingering on tits and pussy so long Ava cleared her throat.

"Jesus," Beth said. "Sorry. You look amazing."

"For real," Tony added from atop his ladder.

Ava ignored him. "Where Tahoe and Brandon?"

"Um, Tahoe is in the other room. I'll let them know you're ready."

With the men in the room staring at her, Ava tried to find something to look at. She settled on her painted toenails. Down the hall a door opened and closed. She heard footsteps and then multiple voices. She looked up.

Tahoe was coming towards her, looking apologetic. Over his shoulder Brandon and another young man stood nude. The new man was cut from the same cloth as Brandon; athletic, smooth skin, handsome face. Both men had thick, meaty clubs hanging. Ava suspected the new guy danced Chippendale too.

"What the fuck is this, Tahoe?" Ava hissed.

"Yeah, surprise. I figure if I only have you for one film, I better make it count."

Tahoe kept talking but Ava stopped listening. Brandon and his friend stared at Ava and, untouched, both heavy cocks started to rise. Ava felt her mouth go dry. Tahoe said something about doubling the profit but Ava barely heard. The two men looked at Ava with so much desire and lust her heart beat faster. Their cocks swelled and lifted, their balls drew tight. The new young man had black hair and blue eyes like Brandon, and fierceness to his gaze that both excited and frightened her.

"She's sexy as fuck," the new guy said.

"I told you," Brandon replied.

"I thought you were just saying that to get me to come along."

Both men had risen to point at her and Ava felt light headed.

"Am I fucking both?" she mumbled.

"Did you hear nothing I said?" Tahoe asked.

"Nothing."

Tahoe rolled his eyes. "Yes. You are fucking them both."

"One after the other or at the same time?"

"Same time. Let me introduce you."

Tahoe waved the guys over and Ava watched them walk. Their cocks aimed at her like ominous threats. She stared down the twin barrels of what was to come.

"Ava, meet Mason. He dances with Brandon."

"You're fucking beautiful," Mason blurted.

"Thanks."

"Brandon said you were beautiful."

Always uncomfortable with compliments, Ava let her eyes drop to the floor but that only put both their hard-ons in her field of vision. Brandon crossed his arms over his chest and Mason put his hands on his hips. The men listened to Tahoe's instructions but Ava did not. Ava could not pull her eyes from those large veiny erections. Their penises curved upward, eager and ready.

Those are because of me, she thought. I made those cocks hard.

She felt her skin flush. She kept her eyes down for fear she was blushing.

Two men.

Her knees went weak.

Fucking Tahoe bastard prick asshole.

She squeezed her eyes shut for a moment and then faced the men.

"You guys look similar," Ava said. "What is there, some Chippendale's machine that sit in a warehouse and cranks out hot studs?"

Brandon laughed. "Yeah, it's called our mother's womb."

Ava stiffened. "What?"

"Mason's my brother."

Ava heard a roaring in her ears. *Brothers?* A surge of sexual energy raced through her. She felt suddenly immoral.

Tahoe instructed everyone to grab cameras. He flipped to page one of the shot list hanging around his neck. He glanced at the guys and then down, noticing their condition for the first time. He spun to look at Ava, then back at the men.

"I guess they like you," he said.

He consulted his shot list and drew a finger down the page.

"All right," he said. "We'll come back to shoot some of these scenes later. For now, let's put those hard dicks to work."

"She's fucking beautiful," Mason said again. "She's fucking beautiful."

"She heard you, bro."

"I'm not just saying it for her. I like hearing I'm about to fuck a beautiful woman."

Brandon laughed and after a heartbeat, Ava did too. She met Brandon's eyes and saw a spark, something more than a hot fuck sat behind Brandon's gaze. Neither looked away and then both knew the other knew.

"You missed me," Ava teased.

"Very much," Brandon said. "Last time was special."

"Yet you're going to share me with your brother."

"I'm only sharing you because he *is* my brother. Otherwise, you belong to me alone. I know you saw I had feelings for you. I know you felt it too. That wasn't just fucking for either of us."

Ava was unprepared for his blunt honesty and even more unprepared for his admission of real affection. She fumbled for a response. She met Brandon's eyes again and melted.

Tahoe waved a hand impatiently. "If you two are finished with the googly-eyes, I'd like to make a fucking movie. Is that all right?"

"Hell yes," Mason said.

Tahoe led them to the bed. Mason took her left hand and Brandon took her right. Ava glanced at the erections accompanying her and smiled.

There's just something magical about a hard cock, she thought.

Brandon caught her looking and shared her grin.

"Ava," Tahoe said. "Sit at the foot of the bed. Guys, offer her your dick. Ava, I'd like you to take one and then the other, holding each in your mouth for stills. Beth, you know what to do."

Ava sat and the guys stood close. She felt her pulse in her neck. Mason was big like his brother and while that never mattered before, Brandon had taught her that it did.

"You boys make your mama proud," she said.

She opened her mouth and slipped Mason in, closing her lips behind the head. Beth leaned in and Ava held perfectly still, allowing crisp clean shots. Mason moaned.

"Don't enjoy her too much, little brother," Brandon said. "She's mine."

"She's married, dipshit," Mason shot back.

"She's still mine," Brandon said.

The note of jealousy in his voice made Ava's pussy gush. At a word from Beth, Ava moved her mouth to engulf Brandon as she had Mason. He tenderly stroked her hair. She looked up those bumpy abs at his handsome face.

"I'm going to try real hard not to fall in love with you," Brandon said. "But I make no promises."

"I know you probably use that Casanova line on every girl," Ava said. "But it will probably work on me anyway."

Mason chuckled. "I like her."

Beth moved closed and the shutter clicked again and again.

"Take another inch," she said and Ava did. "Hold it. Good. Another inch."

"Jesus," Brandon exhaled. "I can't wait to fuck you again."

Tahoe told Beth to get out of the way and once she cleared, he told Ava to begin sucking. Her jaw ached from remaining immobile so she welcomed the command. She pushed her lips down the shaft, relishing the deep throb of his beefy cock.

"Move to Mason," Tahoe said.

She repeated what she'd done and Mason reached down to squeeze a breast.

"Hold both cocks at your lips," Tahoe said. "I want their heads touching on your tongue. More. No, smush their heads together. Perfect."

Ava felt slutty. She licked the holes at the end of their dicks and playfully bit. Tahoe kept recording and allowed his star to follow her desires. Enjoying two penises for the first time, Ava spread her attention between them, but was careful to show Brandon favor. After Tahoe recorded all he needed, he told Ava to stand so the guys could get her out of her lace dress. Her legs were weak, anticipating what was about to happen.

"You do it, bro," Mason said. "She's your girl."

Brandon stood before Ava and lifted the light fabric. Their eyes met again as the dress came off and Brandon leaned in for a soft kiss on the mouth. Ava returned the kiss with fervor. Brandon was right; she did feel something for him.

Tahoe told Ava to get on all fours and Brandon to place his cock at her opening without penetration.

"Mason, aim your cock at her open mouth. Perfect. Nobody move."

Beth snapped her stills and Tahoe started filming.

"Brandon, push the tip in and wait."

Ava moaned at the touch of his cock. Her wet pussy gushed, hungry to be filled. Her empty vagina ached.

"Goddamn it, Tahoe, let him put it in," she whined.

"Then it gets all shiny and the audience knows he's been inside already. I'm not ready to show that. Shut up and let me do my job. You just take the dick I give you. Mason, feed her an inch to keep her quiet."

Speaking to her like that felt good and Tahoe smiled behind the lens. Mason eased his hips forward and a clearly frustrated Ava parted her lips. Mason pushed through, mashing her lips and forcing her jaw wider.

"Suck it, Ava," Tahoe ordered.

She did. Tahoe looked at Brandon and held up his fingers with about two inches between them. Brandon understood and began shoving his cock into Ava, a little at a time. She raised her hips to make it easier for him.

"Nobody move," Tahoe commanded again.

Ava groaned with frustration. Beth took photos and Tahoe swung around to the other side. Tahoe gave the guys another nod and Ava felt their cocks advancing again. She was powerless to control what happened, a helpless piece of meat sandwiched between them. Tahoe's pacing was glacial and Ava ached to be stuffed. Her desire to feel full had her pussy trembling.

"I will meet you in the middle, bro," Mason said.

A surge of lust raced through her. Mason's words reminded Ava that the men at each end were brothers and a wave of decadence washed over her.

"Brandon, stay where you are. I want to film Mason fucking her mouth and then come back to you."

"Got it," Brandon said.

Ava wanted to scream. Her pussy gripped little more than the tip of him and she desperately wanted the whole thing. She welcomed the distraction when Mason began fucking her warm mouth. She sucked hard, thrashing the head and underside as it slid across her tongue.

"Excellent," Tahoe said after a while. "Stop, but leave your cock in her mouth. Beth, get this."

Beth began taking pictures of Mason's cock buried in Ava's mouth. Tahoe started a shot on Ava's sucking face and then panned down her body;

hair, tits, shoulders and back. He followed the natural rise of her ass and noted the intense tension her body carried. Slow and deliberate sex like this was killing her. What was it like penetrated at both ends and unable to do anything about it? How badly did she want to cut loose and fuck these two hot studs? He chuckled on the inside. To see her like this thrilled him. To be the cause of her sexual discomfort was exhilarating.

How many times has she yelled at me? he wondered. *How many times has she been a complete pain in my ass? What a pleasant way to get back at her.*

He almost felt bad about what he did next. Using Brandon's rigid cock as an implement of torture, he had the young stud fuck her half an inch at a time. Ava was whimpering within minutes and soon almost crying. Mason kept her anchored with a dick firmly planted in her mouth as Tahoe ordered slight movements from Brandon, stopping them often for stills. Bottled lust skyrocketed each time they were asked to halt. Ava was overwhelmed and Tahoe loved it. Her entire body trembled with imprisoned desire. He'd worked her to boiling. Ever the opportunist, Tahoe decided to exploit what he'd created.

"Mason, step off the bed for a moment. I want Brandon to fuck her alone."

"No problem."

The young man backed away and stood next to Beth, who stared at his gleaming erection with obvious want.

"Ava," Tahoe said. "Roll onto your back but keep your legs closed. I want to capture you opening them in invitation, offering Brandon your married pussy."

Ava flipped onto her back. Brandon was already over her, looking down, smiling rakishly. Ava stared at his straining cock with wide eyes.

"Brandon, walk your knees forward," Tahoe said.

Ava watched that enormous cock advance and did not look away.

"Hey," Brandon joked. "My eyes are up here."

Ava's expression melted with yearning. "I want you so bad," she murmured.

Everyone on set saw it; Ava needed Brandon desperately. Ava *craved* Brandon. Tahoe filmed as Ava slowly lifted her legs and spread them wide.

"Holy shit that's sexy," Beth muttered. "That's real. She truly *wants* him."

Brandon saw it too and held himself over this woman offering him everything. He moved to kiss her and his battering-ram cock rested briefly on her stomach. Ava groaned at the weight of the beast. Their kiss continued until Ava reached down to grasp his hefty spear and push him down to her hole.

"Stop," Tahoe said. "That's a great shot. Put him in slowly."

Beth rolled her lips over her teeth, overcome by the tremendous sexual tension filling the air. Tony, Reggie, and Paul were each riveted to the scene playing out before them. Tahoe moved closer as Ava eased her lover's cock into her body. Her swollen labia expanded around his mushroom head, enveloping him an inch at a time. Tahoe waved Tony and Beth to help him record the scene from multiple angles.

Tahoe said nothing. He'd worked his players to a frenzy and the cameras captured it all. Brandon and Ava kissed again, with passion and meaning, and Ava relaxed her hand but kept her fingers against his penis, feeling him pass through like a slow train. His fat cock forced the air from her lungs in a long raspy hiss. Ava's head fell onto the pillow. Brandon's cock was much too big and he forced her hole wide.

"I love your cock," Ava breathed.

"I love you," he said.

Stunned silence filled the room. Nobody moved. Ava's mind recoiled even as parts of her rejoiced. Too many emotions yammered at the same time so she said nothing. She circled her arms behind his neck and drew his mouth to hers.

With that intense kiss, Brandon began fucking her again. Ava knew what he said was youthful exuberance but he believed it and that sent an excited gush running through her. He was caught up in the moment, carried away by the emotions intense sex can generate. She knew all this, but eagerly embraced his words anyway.

Tahoe called Paul and Reggie over.

"These two have chemistry," he whispered. "Record everything they say and do."

The five of them circled the mating pair like a pack of wolves, capturing every kiss, every thrust. Mason stroked gently, watching his brother.

Ava and Brandon moved together, slowly gaining speed. Soon he broke into a sweat, tiny glistening beads covering his back and arms. Ava slid her hands over his skin and pointed her toes at the ceiling.

"Tell me again," she groaned.

"I love you," he said.

A drop of sweat fell from his chin to her throat. His muscular arms held him over her as his hips worked his cock. Ava growled her immense pleasure.

"I want you to cum in me," she said. "I know you were going to anyway, I just want you to know I *want* you to."

He fucked her harder, bending her legs over her body with his wide shoulders. Her hips lifted from the bed, obscenely offering her wet slit. His fat snake rubbed her clit and she shrieked when she climaxed. Brandon drove his cock balls-deep and Ava folded her arms and legs around him. She held him in a tight bear-hug and then came a second time. Tahoe recorded everything. Not until Ava came down from her third orgasm did he tell Mason to join them.

"Fuck her mouth," Tahoe said. "But tell me when you're ready to cum. I want to film you shooting onto her tongue."

Mason moved into position and turned her head with one hand while aiming his cock with the other. Ava felt the offered dick bump her lips and did not hesitate, greedily sucking. Brandon lifted his weight and hammered her tight hole.

"That's surreal," Beth said.

"Brothers," Tony added, amazed.

Tahoe stood on the bed shooting directly down. Beth filmed from the side and Tony moved under to record Ava's insemination from behind Brandon's huge swinging balls. Paul and Reggie circled, taping whatever scenes presented themselves. Mason announced first and Tahoe zoomed.

"Open your mouth, Ava," he said. "Stick your tongue out and keep it there."

Ava did as she was told. Tahoe filmed all the way to the back of her throat and caught the first blasts of dripping cream coating her tongue, her teeth, and her gums. The more discharges splashed the roof of her mouth and fell across her face. Ava held fast, feeling her mouth fill, as Brandon's little brother dumped his abundant load of cum.

With the last drop Tahoe told her to close her lips around the young man's head and suck and Ava eagerly complied. She knew only the two cocks pummeling her and her desire to please both. Her lips wrapped around the drooling cum spigot and she sucked hard, denting her cheeks and earning her several rich dollops of salty jizz. Mason grunted.

"Beth, film her throat. Ava, wait a moment and then swallow everything he fed you. I want Beth to see your throat move. You guys are amazing."

Ava savored the flavor. The load was heady and aromatic but that only excited her more. Mason tasted like a *man*. When Tahoe told her to swallow, she did. She knew Beth recorded her slutty act and she felt a deep thrill from it.

Mason floated away and Brandon leaned over, his blue eyes sparkling. Nothing more need be said. Brandon moved slow and strong and Ava soon came again.

Ava thought it was time for Brandon to cum but Tahoe slowed things down. Tahoe was surprised how good it felt to order Ava around and then watch her obey.

"Take five," Tahoe told them. "When we come back, we'll shoot the double penetration lead up to the money shot. I'll want Mason to cum in her pussy and Brandon in her ass."

Ava sat up.

"I never agreed to anal sex," she said. "I've never done that with any man."

"It's easy," Brandon said. "I'll go slow. You'll love it."

"No. Last time your thumb felt like a redwood tree. Your cock would kill me. Think of something else, Tahoe."

Tahoe saw her conviction and decided to avoid a fight. "No problem," he said. "We'll do double vaginal instead."

Ava had no idea what he meant but hated to sound naive. She said nothing but Brandon read her perfectly.

"He means me and my brother in your pussy at the same time."

Ava's eyes grew big. "No way," she laughed. "I can barely handle you."

"A baby can come out of there," Brandon said. "But we can do the anal instead."

Ava chewed a lip. Deciding on the lesser of two evils, she relented. Tahoe told Reggie to pass around the lube. Ava saw Brandon and Mason coat their large erections with the slippery oil and then felt Beth tap her shoulder.

"You can do it yourself or I can do it for you," she said.

"What do you mean?" Ava asked.

"Your pussy. I'll get you ready, if you'd like."

Ava looked stared at the stucco ceiling.

"Do it," she relented. "I wouldn't know what I was doing."

After the bruising stiffness of Brandon, Beth's gently delicate fingers felt amazing. She spread the lubrication all around Ava's hole and partially inside until Ava felt the familiar tightness of excitement building. Beth pretended not to notice but Ava grew wet under her fingers. Beth resisted the urge to lick this beautiful woman. Her true fantasy was to make Ava lick her, but she knew her friend well and that seemed unlikely. The idea of Ava's face between her legs set her body trembling. Ava sensed Beth's growing excitement.

"It was fun sharing Brandon's cock with you," Ava said.

"I loved it. Too bad we had no time for anything else."

Ava watched Beth's face and saw how she controlled her desires. The Indian woman had large, dark eyes and full lips. Exotic, to a white girl like Ava, but sexy and beautiful too. She imagined herself kissing Beth and felt strange. They'd been friends for so many years and she'd never looked at Beth this way. She tilted Beth's chin and leaned down to kiss her mouth.

"Thanks for looking out for me," she said.

Beth's brown skin turned several shades darker.

"No problem, Ava."

"Use extra," she said. "I'm tight."

"I noticed."

Beth squirted another glob of lube and slid her finger over Ava's mound. The two women locked eyes. Beth tenderly caressed all around and then inside, smearing Ava in another coat.

"Your touch feels good," Ava said.

Both wanted more but neither knew what to do next. Tahoe spoiled the moment by calling Ava back.

"Mason, on the bed and on your back. Ava, reverse cowgirl. Brandon, I want you over her and doing most of the fucking. I've got a ton

of footage already and five cameras for this shot so when you feel your nut, turn it loose. Cool?"

The guys nodded and Mason crawled onto the bed. Ava straddled the younger brother and lowered her pussy, gasping when Mason penetrated her. She rode him for a moment and then spread her knees and looked at Brandon. His eyes still held that gleam of adoration, despite the decadent afternoon. Ava could not understand how that was possible but she was happy for it.

"I can't believe this is happening," she whispered.

Brandon smiled and moved closer. She felt the head bump her clit a moment later and then sucked air when Brandon pushed forward. Mason was thick and she already felt stretched. As Brandon's heavy shaft began to open her, she started breathing rapidly. The sensation was extreme. The lube helped but she was drenched.

Two brothers, she thought. The truth rocked her.

Brandon continued his relentless pressure and her tight hole began to expand. She expected pain but there was none. When the tip of his cock eased in, it tugged the skin around her clit, rubbing and stretching. With each half inch, her pleasure increased.

"I...I can't believe it," she exhaled.

Mason moved his hands to her hips to hold her in place and Brandon flexed his gluts, driving another half inch inside.

"Jesus," she rasped.

As the shafts slid along each other, Ava's hole enlarged and kept expanding, snugly clinging to the men. Brandon flexed again the last inches were buried.

"Fuck!" Ava cried, the sudden burst of pleasure surprising her.

I have two men inside me!

The thought sent her mind tumbling. How had she arrived here? Before she could form another thought, Brandon tightened his butt and pressed his dick deep, touching her cervix. Her eyes bulged and her nipples stiffened. She cried out again and wrapped her arms around Brandon's shoulders.

"Oh, fucking hell," she sobbed. "More!"

Mason lifted his hips in time with Brandon, driving his cock deep too. She felt fifty-thousand volts electrify her pussy just before an orgasm

slammed her, shooting her skyward as mind-numbing pleasure exploded through her pelvis.

Two men! Her brain screamed. *Brothers!*

The moment was almost more than she could take. She felt dizzy and her body tingled wildly. Her hands and feet were numb and she felt no contact with the bed. She seemed to float, anchored only by the twin cocks stuffing her. She returned to herself enough to work her hips as much as possible, fucking herself on the men.

The guys began a slow but strong in and out and her head fell back. The sensations were too much. The pleasure was too much. The reality was too much. She wanted to laugh and cry.

The brothers hit a stride. Ava held herself still and savored her dual fucking. This was so far beyond anything she'd ever imagined. She felt like the Phoenix, turned to ash and reborn. Her tight tunnel squeezed both men and their grunts and groans of pleasure thrilled her.

Tahoe allowed them to go a long time, capturing every move forever. Ava spotted him filming and the rush of excitement proved the final straw. Her pussy clamped both cocks. Her eyes grew wide.

"Oh shit," she yelled. "I'm gonna fucking cum. Oh shit. Ohhhh shiiiiit!"

Her orgasm crashed into her. Mason held back but only barely. Ava gripped them like a fist, hot, wet, and tight. The spasms that wracked her cunt pushed both men towards climax.

"I'm close," Mason blurted. "I can't hold back."

"Turn it loose," Tahoe said.

Like a bolt of lightning, Ava suddenly realized both men would spray inside her.

"Oh my God!" she wailed.

Her climax continued. This was sex like she'd never imagined.

"AAAAAAAAAAAAAhhhg," she cried. "Fuck! Again!"

Her climax spread outward from her pussy until covering her entire body. Her eyes rolled back. Her jaw went slack. Brandon and Mason fucked her and then Mason sucked air and bellowed. Brandon let his orgasm hit too, both men pumping seed far inside her, jerking and spraying her inner walls, flooding her womb. Brandon saw stars.

Tahoe could not believe the pure gold he was recording.

Nobody has shit like this, he thought. Her fans will go crazy. We must make a second film.

Nobody moved. The three players lay in a heap of flesh but no one from the crew budged either. Tahoe kept the camera rolling as sperm leaked from around the seal of her pussy. Finally, Brandon lifted himself from Ava. He pulled his thick cock out with a slurp and slapped it on her belly. Mason waited as he deflated until gravity made his cock fall free. A gush of semen followed. When the dripping finally slowed, Tahoe stopped filming.

"Cut," he said.

The crew stepped back from the bed.

"You guys are insane," Beth breathed. "That was transcendental. Jesus. Has anyone ever seen anything like that?"

Heads shook all around.

"I need a fucking shot of whiskey," she said. "I'll be back."

"Buy a bottle in the lobby," Tahoe called after her.

The crew moved around turning off lights and cameras, stealing glances at Ava, the Boss Lady, with legs spread and cum dripping.

"How was it?" Mason asked, his voice weak.

"Best ever," Tahoe replied. He met Ava's eyes when she slowly lifted her head. "We need to talk about a second film."

"I fucking knew it." She let her head drop to the bed.

Chapter 16

Howie locked the front door to his office and checked the cubicles. Certain he was alone at last, he returned to his office and locked that door too. He accessed an outside server to open his personal email, and then clicked the message from Noah. The attachment was large. He knew a video file awaited him. He dimmed the lights and checked the volume. He read the short message Noah had written.

Sorry you had to find out like this. I know where they film, in case you want to catch Ava in the act. -N

Howie hit play. For the first five minutes, he did not recognize his wife. The makeup and black wig successfully tricked him. Then the woman licked her lips and sucked the first cock into her eager mouth and he saw it.

That's Ava, sucking another man's dick.

She shared the scene with two men and soon Howie had his only question answered; she would fuck and suck them both and love it.

This was not acting. Ava did not pretend. Howie watched his ravenous wife feast on these two handsome gentlemen with abandon. She clearly favored the older male but welcomed both with enthusiasm. The editing was superb and the cinematography excellent. Howie sat and watched every minute, each of Ava's powerful orgasms ripping through him like electricity. He and his wife had a decent sex life but he'd never seen her like this, never knew she was capable of such extreme sexuality. When Ava took both men inside her simultaneously, Howie held his breath. When she came screaming and moments later both men flooded her womb with hot sperm, Howie's wrinkled old penis rose to full attention.

How is this possible? How was this the same woman I've been married to all these years? Why has she told me nothing of her feelings?

The film played a few minutes more, a deluge of hot cum rushing from her guts, before ending and rolling final credits. Howie did not recognize the film's distributor but the production credit went to ATB Productions.

Ava, Tahoe, and Beth, Howie thought. *Unbelievable.*

He fired off a message to Noah thanking him and asking for any additional pictures or video he might receive from his inside source.

Howie carefully removed his pants and hung them over the back of a nearby chair. He returned to his desk.

Howie hit play.

Chapter 17

Charlotte no longer worried about the stagehands or the director or even the harsh lights. Charlotte cared only about the sex. She drew the zipper down and fished inside for the monster she knew lived there. When she withdrew her hand a soft, thick, black snake rested on her palm. She smiled and looked into the face of the man she'd met only ten minutes before.

"That's a gorgeous black dick," she said.

Behind her, Tony flipped the large cue card.

"I'm glad you like it," the man read. "Why don't you find out how big it gets?"

Charlotte sank to her knees and opened her mouth wide. The man moaned as her lips closed on him. For several minutes Charlotte sucked and the man's cock engorged. Tony flipped the next card.

"Turn around, Baby," the man said, a slight pause between each word. "You wearing panties under that tennis skirt?"

"Hell no," Charlotte giggled.

She placed a foot on a stack of green wrapped boxes which she knew would become a locker room bench after Tahoe was finished. Her skirt lifted with her leg, exposing her bare slit. The man stepped closer and slid his cock back and forth before finding the dip of her hole and pushing in. Both groaned with satisfaction. Tahoe called for a halt to move cameras and crew. Over the past few weeks Charlotte had learned to love these stops, savoring an immobile penis in her pussy or mouth. She treasured the heat they radiate and their gentle pulse of life and strength. She craved it. She did not know his name, but she loved his firm throbbing cock inside her.

"Continue," Tahoe said.

The man immediately pushed his cock balls deep.

They always do, Charlotte thought, smiling.

He held her hips and sawed his monster back and forth. Before too long Tahoe told the man to lie on his back and Charlotte to straddle him.

"I want you to guide him in," Tahoe instructed. "Show the camera how you want him in your pussy."

Charlotte laughed. "I *do* want him in my pussy."

The crew chuckled, including Beth. Charlotte sank her hot, enveloping sleeve around his shaft and closed her eyes. She began to ride, rising and falling on his slick black inches. She treasured the full sensation this man's large cock gave her.

The warehouse door flew open. "You fucking whore!" Noah yelled.

Charlotte's eyes snapped wide. The crew froze. Tahoe stepped back. Noah rushed forward until he was only feet from his cheating wife.

"I trusted you!" he yelled, waving a finger in her face. "I gave you everything."

Sudden rage boiled in Charlotte.

"You never trusted me," she shouted back. "You had me followed, you put a goddamn tracer on my phone. You called my friends to check up on me!"

Tony took a menacing step forward but Charlotte put a hand out.

Noah grabbed her wrist. "You are my wife," he said. "Get off that man. You're coming home with me."

The married couple locked eyes. Fury turned the air between them red. A silent battle raged, neither retreating an inch. A long moment stretched and then a tiny curl twisted the corners of her mouth. Her face went soft. She lifted her hips an inch and settled back into place on the huge black rod filling her. Noah's eyes grew large.

"Stop," he commanded.

Charlotte lifted her hips again, two inches this time, and sank onto the ebony shaft. Her brows furrowed and a soft and plaintive sigh escaped her throat.

"His big cock feels soooo goood," she taunted. "Let me stay a little longer."

The man beneath her reached for her tits, playing with her nipples. Tahoe wondered the wisdom of taunting such an angry and clearly unstable man.

Charlotte began riding the black cock harder. Soon their hips were slapping and everyone heard her excited wetness. Charlotte looked at the black man she fucked.

"Are your balls full of cum?"

"Um, yeah," he said.

"How long?" she asked. "How long since you emptied them?"

He checked on Noah and then laughed. "Five or six days, Baby. You're gonna get a huge load."

"Hear that, Honey? A huge load. You can leave or keep watching."

"You're no better than a whore," her husband spit out.

He desperately tried to keep his gaze locked to hers but his eyes darted to the massive black cock pumping in and out of his wife's stretched pussy. Her lips clung like she hated for that thick cock to leave.

"Some of the best people I know are whores," Charlotte said. "You judgmental prick. You have no idea what really matters."

She began riding the man in long, smooth strokes, fucking without reluctance, holding nothing back to spare Noah's feelings. Her husband, his

face a contorted mess of agony and anger, watched helplessly. At last he ripped his gaze away.

"That's it," Noah said, standing tall to deliver his proclamation. "We're finished. Your little friend Ava is finished too. I told her husband. He's seen the tapes."

Noah looked at Reggie and then at his wife. Tahoe recognized the silent exchange and understood.

Reggie has got to go, Tahoe thought.

Charlotte laughed, still riding. "Go then. Divorce me. I have my own money now and plenty of it. I have friends and people that love me without judging me. Go, Noah."

Charlotte's handsome black lover could no longer hold back. Charlotte felt him swelling and squeezed her tight pussy around his inches, coaxing his cum out.

"Noah, wait, there's something you should see."

Her husband turned, a glimmer of hope in his eyes.

"Aw shit!" her lover cried, thrusting his hips skyward. "I can't hold it!" He shot baby liquid deep into her uterus, pumping jets of hot cum, trying to fill her womb. Charlotte rode him hard, locking eyes with her distraught husband, killing any hopes he had of her obedience. The big black man pumped out a quart of semen, flooding Charlotte's small pussy. She ground her clit against his pubic bone, using the leaking sperm as lubricant, until a mild orgasm shook her.

Noah watched in dismay as salty milk began to soak black balls.

"Hey, Baby girl," her ebony lover said. "You need a place to crash?"

Charlotte smiled down at him and then met her husband's sad eyes.

"Yes," she said. "I guess I do."

"That's cool. You can stay with me. I got a couple roommates you need to meet. If you liked my dick, you're gonna love theirs."

Chapter 18

Ava sat at her desk staring into space, her mind a million miles away.

Brandon said he loves me.

She smiled at that.

Sweet boy, and hell yes I'm flattered, but no. Howie is my man.

She lifted the picture she kept on her desk and studied her husband's wrinkled face. She did not care he was so much older.

I love him, she thought. I love him and I must tell him what I've done.

Her desk phone rang, startling her. She answered and explained to the customer that Cupid's Chapel was booked twelve weeks out. They weren't, but since the filming, Tahoe completed the editing and shipped the footage out and the California guys went crazy. They said they'd pay top dollar for more and got pretty demanding about it. She'd run the numbers and she could make one film a month and make more than she did at Cupid's. The business could stay open as long as she wished. Tahoe already had the second film penciled in for two weeks.

She knew she must confess to Howie but wondered how much truth her husband could handle. At some point confession becomes cruel. She felt certain he'd divorce her. She'd beg and plead and blame Cupid's and Tahoe and Beth and do all she could to keep him. She hated to think of life without Howie.

Brandon says he loves me.

She pictured the handsome young man leaning over her, gazing into her eyes as his immense cock spread her wide. Her temperature rose. She squirmed in her seat.

I'd fuck him right now if he were here. I have feelings for him, too, but not like he has for me. Him and his cock sure woke something up inside me though.

Out on the floor she heard the crew return. Tahoe barked orders and then the knob turned and he stepped through her door.

"You missed some excitement today," he said.

Ava stared at him.

"Remember Charlotte? Her husband Noah showed up on set, throwing a fit. He demanded she leave with him and when she refused, he threatened her with divorce. It was intense."

"What did she do?"

Tahoe laughed. "She kept fucking Amos! I had her doing a girl on top scene and she continued to ride while she argued with her man. I kept filming because I'm a heartless asshole and I'm going to use it in the next *Wives Do Porn*. I'll edit his face out because I have no release but goddamn, that shit was wild. Our fan base will eat it up. You should have seen Noah's

face when Charlotte started fucking Amos again. Pure agony. I thought he might drop dead right there but he just watched that big black dick take his wife away."

Ava imagined Howie walking onto the set during filming and wondered what she'd do, but the idea was too painful. She'd hate to hurt her husband like that.

"Listen, Tahoe. I've decided to do a second film but I have some conditions. First, we need to do it soon. I plan on confessing to Howie what I've done and I imagine I'll feel shitty afterward because it will probably mean the end of my marriage. Second, no more shooting with Brandon. He has feelings for me."

Tahoe chuckled. "Yeah, we all know that. He looks at you like you're a Goddamn angel. That boy is smitten."

"Well, I don't want to encourage him or make it worse. No more Brandon."

"Done. Anything else?"

"How's my video selling?"

"Top spot."

Ava sighed. This was so much easier than the wedding business.

"By the way," Tahoe added. "I negotiated a new contract with the west coast guys. We make a few dollars every time someone clicks your videos."

"What? Why? You think that will make us more than the lump sum payments?"

Tahoe pulled his phone from a shirt pocket and tapped a few buttons. He turned the screen to Ava.

"Jesus," she said.

"Yes, Jesus," Tahoe teased. "We're already making more. Best of all, every film adds to your library and you get paid each time one is clicked."

"I haven't booked a wedding event in weeks," Ava admitted. "I've turned them away. I lie and say we're booked."

"Why would you do that work when you can do this work instead? You make more doing less. Talk about a conflict of interest. I don't blame you at all."

Ava didn't want to think about it. "What's your plan for the next movie?"

Tahoe smiled. "It's a surprise. You're pretty and have a nice body but the industry is overflowing with girls like that. What your fans love most is your vulnerable authenticity. I want your reactions spontaneous and real. Trust me."

"I don't."

"That's hurtful, Ava."

Chapter 19

Howie hit play.

He was home, working in his study. Ava had called to say she'd be home in an hour and Howie knew that meant closer to ninety minutes. Since he knew he was safe, he decided to watch her video again.

What's this make? Twenty times? he wondered. *More, probably.*

The scene opened with Brandon and Ava kissing deep and meaningful. She wore a sheer lace dress and Howie saw his wife's body as other's might see her; sexy, soft, and curvaceous.

Viewing her through a camera's lens forces me to see her as others do. I see a vivacious, hungry, lusty woman, beautiful and real.

It hurts, he admitted, but it doesn't just hurt. There's desire and yearning and regret and pride mixed in too.

He felt his penis stir, a rare event before these recent revelations, now common each time he clicked play.

Ava sat at the foot of the bed and took the first penis in her mouth. Howie watched the way she sucked, so full of adoration and barely restrained want. He could read his wife and see how badly she craved the sex.

I never saw this from her because I never caused this in her. We took a different path. My age meant we sacrificed certain things, things we did not know the value of before sacrificing them. I don't blame her at all. I'm too old and jaded to be destroyed by something like this. I should sit Ava down and tell her I know. We should discuss our path forward, together or separately. Maybe I can't give her the wild sex she craves but we connect in every other way. I hope she wants to stay with me.

Chapter 20

Tahoe extended a hand, unsure how it would be received. Howie took it, squeezed firmly, and shook. He gestured to an open chair.

"This is a nice restaurant," Tahoe said, speaking a little too fast. "I've heard of it around town. Thanks for inviting me here. I'll shut up now."

Howie grinned. "You're nervous."

"Fuck yes I am. I'm having lunch with a man whose wife I dragged into porn. The last husband I met threw a fit. I expect most would."

"I am not most husbands."

Tahoe studied his lunch partner. Older but ruggedly handsome, composed, unruffled and confident. He caught a glimpse of what Ava saw in the man.

"No, Howard. No, you're not."

"Thank you," Howie said. "There's no way around the humiliation that accompanies a cheating wife. I've officially joined a long and historic list of infamous cuckold husbands. A dubious distinction."

He stopped speaking as the waiter approached. Howie recommended the prime rib and Tahoe accepted. The waiter left.

"It hurt," Howie said. "Ava is the light of my life. To see another man place his hands on her was difficult. To witness her profound reaction to those hands was crushing."

Tahoe kept his eyes on his placemat.

Howie lowered his voice and leaned closer. "To observe what that man's cock did to my wife, was enlightening."

Tahoe made a face and looked up.

"I'm as surprised as you," Howie said. "Ava looked stunning, gorgeous. I'd never seen her like that, never knew she had the capacity. She may not have known she did. Regardless, I found myself transfixed. Her raw and naked sexuality bowled me over. I couldn't get enough. I'm not an emotional man, Tahoe, but I must have watched your movie at least twenty times."

"I thought I was here to get an ass-kicking," Tahoe chuckled.

"Maybe learn I was about to be sued or beaten to a pulp."

"Those ideas briefly crossed my mind."

Tahoe almost chuckled again but the look in Howie's eyes stopped him.

"Why am I here, Mister Dunn?"

Howie reached into a jacket pocket and slid a small package across the linen tablecloth. Tahoe read the label, sounding out each word.

"Serophene, clomiphene citrate, femara, letrozole. What is this?"

"A cocktail of fertility drugs. I want you to give them to Ava. I want Ava to have sex again with that man from your film and I want him to make her pregnant. Most of all, I want to be there, holding her hand and watching while it happens. Of course you can film the event."

Tahoe's hands dropped to the table. Heads turned. His jaw hung loose.

"What the fuck?"

"I cannot give Ava a child so we turned our back on that life. We focused on careers and wealth. You don't know her like I do. I watched her have sex with that man and I saw how deeply her desires run. I watched her body and I watched her face and I saw how deeply moved she was. I saw the longing. I know her need will grow as she ages, as she approaches the time it will all be too late. I want to avoid regret. I want her to have what she wants. I see her deep urges to create. She wants a child. She craved the seed of that young man."

"Brandon."

"Yes," Howie said. "Brandon. After watching her with him, I believe my wife would want Brandon to inseminate her."

Tahoe shook his head. "You should know Ava has requested she never work with him again. She says he has feelings for her and wants to avoid leading him on."

Howie grinned. "Won't she be surprised then?" he said.

Chapter 21

"What is this shit?" Ava asked. "It tastes horrible."

"Some mixed-whiskey drink Beth invented to loosen you up. Drink all of it and get to the set. Time is wasting."

Ava finished the tall glass and wiped her lips.

"What's the setting this time, Tahoe?" she asked.

"Light bondage. We'll show you in a mediaeval torture chamber. You're a smart-mouthed wench who talks back one time too many and ends up punished. You'll see. Head for the rack in the middle of the room. I'll add green screen details later."

Ava shrugged. "Whatever sells."

"I took a poll on your page. This was what they wanted."

Ava stepped into the main room and Tahoe followed. She saw the metal and leather apparatus and moved towards it.

"How does this work?" she asked.

"I'll show you," Beth offered. She moved to all fours over the bars and rested her neck in the collar ring and then her wrists in the shackles. A black leather pad held her knees. Tahoe dropped the top half of the collar ring into place and slipped a pin through, securing Beth, and then buckled the wrist straps.

"Simple, right? You're held by the throat and the wrists, mostly immobilized but your lower half is free. Get out, Beth. I want Ava to try."

Beth struggled against her bonds until she realized Tahoe was teasing her.

"Asshole," she grumbled.

"I guess it works," Ava said.

Tahoe freed Beth. "Let group two know we're almost ready. Ava, climb in."

Ava felt a moment's reluctance but ignored it. She stepped inside the bars and her knees on the pad. She rested her throat in the collar. Tahoe snapped the ring around her neck. She slipped her wrists through the cuffs and Tahoe tightened them.

"Try to get out," he told her.

Her efforts were useless. Held by her throat and without the use of her hands, her body was helpless.

"Almost forgot," Tahoe said, pulling a blindfold from a back pocket. He slipped it onto Ava's head.

"Why do I need that?" she said. "Wouldn't the victim suffer more if she could see what was coming?"

Tahoe ignored her. The door across the room opened and Brandon entered, nude and fully engorged. Beth gawked at the man, licked her lips, and stepped aside.

"Is that my costar?" Ava asked.

Tahoe directed Brandon to stand about six feet in front of Ava. He then waved Howie into the room, pointing at a spot on the floor near Ava's shoulder.

"I'd like you kneeling right here. Beth, grab a pillow for his knees."

"Two men again, hm?" Ava giggled. "I have kinky fans."

"You have no idea," Tahoe said, looking down at her.

He lifted the camera and began filming, waving at Tony and Paul to do the same. He gave Beth a nod and she moved behind Ava, kissing softly around her pussy.

"That feels like a woman," Ava said. "Beth, is that you?"

Tahoe filmed while Beth zeroed in and when Ava jumped, he knew Beth's tongue had found the mark.

"I'm not sure how I feel about this," Ava said. "I like you but this seems weird."

"Your pussy knows how you feel about this," Beth said. "You're sopping."

"I'm also bent over and shackled with my cunt in the air. That gets to a girl."

Beth didn't argue. She flattened her tongue and licked across Ava's bald labia and thoroughly enjoyed Ava's sharp intake of breath. Beth wiggled her tongue between the inner lips and licked inside Ava's pussy. Any awkward feelings fled Ava in an instant.

Tahoe held Brandon's shoulder and walked him forward, his thick helmeted spear aimed at Ava's mouth. Howie watched that fat cock draw closer until the tip brushed his wife's lips. She opened her mouth and Brandon fed her an inch. Howie was so close he felt the heat radiating off that pink veiny tube. Tahoe nudged the young man forward until Ava gagged.

Tahoe gave Howie a nod. The older man kissed Ava's cheek and then slid the blindfold off. She blinked at first, focusing, and then panic hit. Her eyes went wide. She screamed around the thick cock wedged in her mouth. She struggled and tried to pull away but the collar ring held her. Brandon waited, his cock buried, but Beth took the opportunity to feast, relishing Ava's thrashing helplessness. She found Ava's clit under the hood and scoured the tiny nub fiercely. Ava's cry of panic turned into a wail of too much pleasure. Her attempt to flee only drove Brandon's cock towards her tonsils. Breathing rapidly through her nose, she met her husband's loving eyes.

"It's all right," Howie said. "I'm not angry. I've seen all your films and I've known for a long time. You have a spy in your midst. "

Ava's muffled whimper was pure distress. Had she been able to speak, she would have poured her heart out, telling Howie how sorry she was for hurting him, for betraying him.

Howie brushed hair off her face. "Ava, my love, don't worry. I'm crazy about your movies. I get hard every time I watch them. I can see what you truly desire and I'm going to give it to you."

Howie put his lips next to her ear.

"Brandon is going to give us a baby," he whispered. "At my direction, Tahoe told Brandon to fuck you like he was trying to impregnate you."

Ava's howl echoed around the room. Howie kissed her face, feeling Brandon's hard dick moving through the thin skin of her cheek. He slipped an arm around her shoulders.

"Listen to me, my love. We both wanted kids but discovered I can't give them to you. The life we accepted was not our first choice. I've watched your films and seen how much this man adores you. I've seen your strong feelings for him, too. He's perfect for us. Take his sperm, Honey. Take his sperm and make a baby with it."

Ava's growl was pure animal. Her beautiful face was twisted with dismay. Howie's words overwhelmed her, spun her around and turned her world upside-down. Ava began to weep, tears running down her cheeks. He wasn't wrong, but how can he be saying these things? This was not how couples decided to have a child. Howie wiped her tears away.

"She's ready," Beth said. "She's literally dripping juice. I can't keep up."

"I'll be right here the whole time, Honey," Howie said. "We're doing this together, as a married couple."

Lust exploded in Ava. The guilt she carried evaporated. The long talk with Howie she dreaded so much, was, in an instant, behind her. Not only did he forgive, he encouraged. It was too much.

"Fuck her, Brandon," she heard her husband say. "Take that big cock and fuck my beautiful wife."

Brandon withdrew from her mouth. Ava gasped for breath. As the head cleared her lips, Howie leaned in to give his wife a passionate kiss. Ava groaned from far down in her chest.

How is this happening?

Beth welcomed Brandon's cock with a kiss on the head and then could not resist the urge and slipped his dick into her mouth. She sucked hard, her expression like chocolate melted in her mouth. She released him and stood, spreading Ava's ass. Her eyes were big as the vein-covered weapon drew close.

"Someday," Beth said. "You'll need to fuck me with that too."

Brandon chuckled but his attention was on Ava.

When Tahoe first presented the idea, he'd felt panic. The more Tahoe clarified, the better he felt. Once he met Howie and the older man explained how he felt, Brandon was eager, eager to impregnate the woman he could not stop thinking about. He understood and accepted Ava would never leave Howie, but a baby together tied her to Brandon. Who knows what might come from that?

Beth opened Ava wider, a gorgeous pink gash of slippery folds. Brandon bent his throbbing cock at her hole and eased his first inches in. As always, Ava's tight cunt swaddled him in hot, clinging tissue. Shivers ran up his legs. He held her waist and pushed his cock deep enough to press her cervix.

Ava whimpered and Howie kissed her forehead.

"You love that cock," he said. "I've watched you fuck him. You can't get enough."

His words set her skin on fire.

Howie is watching me get fucked, she thought. God! Brandon is fucking me and Howie is helping. Is this a dream?

Mental chains broke and fell away. The part of her that had always held something back, the guilty part, the remorseful part, was suddenly free. Relief washed through her like a wave.

"Fuck me, Brandon," she growled. "Fuck my little cunt. Fill me with your cum."

Brandon held her waist above Beth's hands and began a strong and rhythmic pounding. Howie held his wife's face, gazing into her eyes.

"Fuck her mouth, dude," Brandon said.

Howie shook his head. "Not my style," he said. "Actions like that are in the rear-view mirror for an old man like me. Far more exciting to watch, to witness every twitch and goose bump, to hear every gasp and moan. You fuck her for me, young man."

Howie stepped back and Beth came to stand beside him. Howie gave her a rueful smile. Beth looked abashed.

"You warned her Tahoe and I were trouble."

"Yes, I did," Howie said.

Brandon inched closer. His hips slapped Ava's ass on every thrust. Howie saw his wife's complete surrender and smiled at the gift he'd given.

"Tahoe," he said. "You can take her out of those restraints. She'll do nothing to stop Brandon now."

"You do it," Tahoe said. "I'll blur your face but I want to use you. Tell her about the drink too. I want to catch her reaction on film."

Ava's head jerked up at Tahoe's comment. Her husband knelt again on his pillow and began to loosen her wrist straps.

"That was no whiskey drink," he said. "That beverage was a mix of fertility drugs, given to me by Doctor Reynolds. You'll release eggs many times over the next few days. Brandon's sperm will seek them out. We're breeding you, Darling."

Ava grabbed Howie's face and kissed him fervently, her body shaking with each of Brandon's thrusts. They kissed passionately as Brandon fucked her and Howie never felt more excited. His penis swelled. He took his wife's hand and placed it over his moderate bulge.

"Let this proof remove any remaining doubts," he said.

Ava squeezed her husband's dick.

"When Brandon finishes in me," she said. "I want you to add your cum to his. If yours is in there too, there's a chance you fathered the baby."

They kissed again and then she turned to look at Brandon over her shoulder.

"Take me to bed and fuck me right," she said.

Brandon gripped Ava behind each leg and lifted her onto his cock. He walked her towards the bed, shoved in a corner. Tahoe barked instructions and the crew took new positions.

Brandon lifted Ava off his cock and tossed her onto the bed. She rolled to her back, gazing at him between her knees, and then spread her long legs in glorious invitation. She lowered her eyes to his rampant cock. The thrill of freedom roared through her.

"Jesus Christ!" she yelled, reaching between her legs for him.

Brandon climbed on the bed, dropping his cock on her palm. Ava twisted her head to find Howie and then pulled Brandon forward. Eyes

locked husband to wife, Ava guided the hot studs cock into her welcoming pussy. She coiled her legs around his waist, her arms around his neck. She kept her eyes with Howie but gave everything else to Brandon. They fucked with ferocity, with animal passion, and the raw spectacle left everyone stunned.

Ava and Brandon tumbled from position to position, sweating and grunting, the sex looking more like a battle for survival than a mating. Ava found herself on top and ordered Brandon to turn until his feet pointed at Howie. Her husband had a perfect view of that massive pipe plunging again and again into Ava's guts. The woman rode the young man like a demon.

She was savoring the wicked sensation of that meaty weapon when her first orgasm smashed her. Brandon held her up as her body went limp, repeatedly driving his cock deep. Howie moved close and cradled her head as she came all over Brandon. Once she recovered, Howie pulled her onto all fours. Brandon got behind and hammered her tight cunt and husband and wife kissed. Ava climaxed again, feeling her pussy spasm around the unyielding rod. She came again right after.

Tahoe recorded everything.

Much later Brandon announced he was getting too close to hold back.

"How do you want this?" he asked Howie.

"Missionary," Howie said. "That's most intimate. I want my Ava on her back, gazing up at you, long legs spread open."

Ava groaned and Howie knew he'd guessed right. Moments later Brandon was over her, thrusting as they kissed. Howie lovingly stroked his wife's long black hair.

"I feel him swelling," she said.

She closed her eyes, not fully believing all this truly occurred, wondering if she slept in her bedroom at home, lost in some wonderful dream.

Brandon is about to impregnate me in front of my husband!

Wild surges of erotic energy zipped around from toes to scalp and back.

She tilted her face towards her husband.

"I want him to come home with us after this," Ava said.

They kissed as Brandon groaned deeply. The married couple continued their kiss as Brandon arched his back, drove his hips, and roared

like a jungle beast. Howie and Ava knew at that precise moment another man almost certainly conceived a child with her. Ava moaned long and loud.

"Empty your balls, Brandon," Howie groaned. "Shoot my wife full of sperm."

Ava passionately grabbed Howie's face, kissing him again and again. The massive shaft stretching her expanded until she moaned at the outward pressure. She felt the rod pulsing with each virile blast of boiling jizz. Reality rocked her, left her breathless and dizzy. Her husband's eyes were wild with maniacal glee. Her pussy tightened around the thick cock fucking her and she exploded in climax again, her uterus sucking and fluttering, drawing all that semen deep.

Chapter 22

Howie shut the bedroom door and handed Brandon his sparkling water. Ava continued around the bedroom, lighting candles. Brandon was nude and already hard in anticipation.

"Does that thing ever go down?" Howie joked.

"Not while she's around," Brandon said.

Ava gave him a look. "Always the charmer," she said.

The shoot was three days behind them. Howie had added his cum to Brandon's but only later, once they all got home. Cameras and stagehands were not Howie's thing. Brandon had come home with the happy couple and stayed all three days. Howie had fucked Ava again somewhere in there but no way could he even come close to Brandon's stamina. Brandon fucked Ava every time he could.

They'd brought the fertility highball with them and Ava had a drink every few hours, as much as the doctor allowed. Her body felt warm and glowing and she had a suspicion which she kept to herself. They ate sparingly and slept sparingly and fucked every time they could.

Howie had managed another erection but insisted on fucking Ava's mouth. He found it thrilling there was more of Brandon in Ava than him.

He encouraged them to mate often and Brandon never turned him down. Ava became especially excited during those times. Utterly free at last, she could fuck Brandon to her heart's desire.

They'd gone out for dinner and only recently returned when Howie suggested they head for bed again. Howie moved behind his lovely wife and undressed her, a gift to the young man. Ava couldn't resist kneeling and sucking Brandon's magnificent cock. Howie drifted back to watch, slipping out of his clothing too. He was comfortable being naked in front of Brandon. He enjoyed the remarkable difference between their bodies. Yesterday Ava had them stand close, a penis in each hand. Nobody said anything but the difference was astonishing. Howie swelled to see the comparison.

Howie climbed on the bed and leaned against the headboard, waiting for Ava to join him. She did, her back against his chest, facing outward. Brandon climbed between her legs and rubbed his cock at her opening. Howie held her long legs apart.

"Put a baby in her," Howie said.

Ava sighed. "Yes, Brandon, put a baby in me."

She didn't bother to share what she already strongly suspected.

Why ruin a good thing? she mused. *Maybe my raised temperature and glowing skin means I've already conceived, but maybe it doesn't. Finding out would bring all this to a halt, and I'm not ready to do that. It's too bad they won't know unless I tell them, because I might let this go on for weeks. Maybe months. Maybe a year.*

She pictured the addition of Brandon to their lives; him stopping by during the week, spending entire weekends. Coupling with her again and again until she conceives. Excitement ran through her.

I should tell them it may have already happened. But I won't.

She twisted her head to kiss her husband.

Like Tahoe would say, I have a conflict of interest.

End.
