For the Team

By Matthew Lee

Chapter 1

Melvin Chesterfield held the bowl of chili in both hands and turned the doorknob with his toes. He slipped his foot into his sandal again. Cody and Niki were dear friends, the large age differences notwithstanding, but entering their apartment barefoot would be disrespectful, and he wished never to disrespect them. Since the death of Gertie, Melvin's wife of forty-two years, Cody and Niki were his only friends.

The crock pot was heavy so he was grateful the walk was short. He knocked on their door with an elbow and waited, but received no answer. He set the chili down and fished his key to their place from his shorts pocket.

Insert, turn, open.

He carried the heavy pot into the kitchen and plugged it in. Cody and Niki would have a nice hot dinner waiting for them when they got home. He scrawled a hasty Post-it and turned to leave. He heard a noise from the bedroom in back.

"Hello?" he called out. "Niki? Cody?"

His brow furrowed with concern. The apartment complex was not in the best part of town and neighbors had suffered recent break-ins. Melvin grabbed a skillet from the stovetop and left the kitchen, headed down the short hallway to investigate. The bedroom door was slightly ajar and he peered through the gap.

Niki, naked, a towel wrapped tightly around her wet hair and covering her ears. Melvin gawked. Niki was cute but it was her body that stole his breath. She taught Yoga and Pilates and dance at the Planet Fitness down the street and her firm and fully developed figure made his eyeballs

ache. Her teardrop breasts were surprisingly large for a girl with so little fat. Small, soft, pink cones topped their upward curve. Her legs were toned and strong and her ass arched smooth and round. She moved with a dancer's grace and balance. A light triangle of downy blonde hair marked her vulva. Beyond, the bathroom door stood open. Steam covered the mirror.

She crossed the room to check her phone and then shook the towel off her head, sending a wobble through her tits and ass. Melvin felt a surge of adrenaline.

He'd met Cody and Niki years ago on the day they moved in and their friendship had developed rapidly. Most times he saw them as his grandchildren but there were certain times Nicole's natural charms sparkled through. He'd seen her sunbathing and walking around their apartment wearing tiny outfits barely covering her ripe body. He suspected she must view him in a grandfatherly way, unaware of her own effortless beauty.

Melvin backed from the door.

In the kitchen, he carefully replaced the frying pan then exited their apartment, carefully closing and locking the door behind him. Cody and Niki would never learn what he had seen. He had no reason to embarrass everyone.

Twenty minutes later he answered a knock at his front door.

"Homemade chili!" Niki cried, throwing her arms around the old man. "You're the best! When did you drop by? I was in the shower."

"I thought you were at work," Melvin replied. "I used my key. Didn't know anyone was home. Let that cook a couple hours more before you serve it."

Niki took a few steps back.

"I came home early," she said. "I have cheer tryouts at four. I made the first cut, Mel! You should have dinner with us tonight. Cody and I will be home around six."

"I don't want to intrude, Nicole. I had dinner with you last night. You all need time to be a couple."

"Shush," she said. "We'll see you at six. I'll text Cody. He's at training camp today but he'll be home by then and starving. You're an angel."

Niki lifted her phone and Mel took the opportunity to stare at her body again. She wore shorts and a T-shirt but the loose clothing wasn't enough to hide her hot body.

"What if you both make the team?" he asked. "Can you cheer for a team if your husband is a player?"

"No, not officially. But we'll worry about that if we need to. First I must make the squad and he must make the team. A lot can go wrong."

"I'll keep my fingers crossed."

She hugged him again and kissed his cheek and then shot down the hall on her way to tryouts.

Melvin closed the door, feeling the girl's absence immediately, marveling at how much light and life she brought into his apartment. Gertie was three years gone but Melvin still missed her every day. He plucked an old photograph from the shelf: Melvin and his wife on Broadway, standing outside the Winter Garden theater, posing with a man wearing a cat suit. He sighed and closed his eyes and the image of nude Niki instantly took shape. His penis stirred to life. He opened his eyes and shook his head, moving to the kitchen to start dessert. Nicole said Cody would be hungry.

Chapter 2

"Last drive," Coach yelled. "Finish strong."

Cody Gunn ran three steps backward and fired a shot over the heads of the men trying to tackle him. The receiver caught the football in his stomach and went down under a tangle of arms and legs.

"First down!" Coach Brown yelled from the sideline. "Hell of a toss, Cody!"

Cody gave Coach a thumbs-up and hurried the huddle to run the next play. Five minutes and eleven plays later, Cody floated a drifter to Nathan's outside shoulder. The tall black man came down with it.

"Touchdown!" Coach laughed. "Hell yeah!"

Cody shared high-fives with his offense and then jogged from the field. Today was a good day.

Soon he sat before his locker. He pulled his shoulder pads off, then started untying his shoelaces. Thomas Mack, first-string quarterback for the Baltimore Brigade three years running, confronted rookie Nathan Billings, the receiver sitting at the locker next to Cody.

"Hey, Nat," Thomas boomed, loud enough for everyone in the locker room to hear. "I forgot my golf clubs in my car."

"Yeah?" Billings replied. "So how is that my problem?"

"It's your problem, rookie, because you're a rookie. Now why don't you run and put them in Hasting's pickup?"

Several men gathered around Thomas, chuckling at his obvious abuse of power.

"Get your own clubs," Billings said. "Coach says no hazing."

Thomas put a foot on the bench next to Nathan.

"Coach also said I have final say on who makes the offense and who doesn't. You want me talking shit about you?"

Nathan looked at the floor. Thomas was initiating every offensive rookie, one at a time. All the veterans were. It was a practice going back decades. Douglas had his head shaved. Wilkins, Manny, and Croman had to wear diapers on the practice field yesterday. Rice was made to run drills drunk. Coach pretended not to notice.

They'd not gotten to Cody yet but Cody knew they would.

"All right," Billings conceded. "I'll go move your golf clubs into Hasting's pickup."

"Cool," Thomas sneered.

The air filled with tension. The veterans knew more was coming. Billings stood.

"Naked," Thomas added.

The gathered men burst out laughing. Even Cody had to chuckle. Billings looked at Thomas like he was crazy but the man just stared back, waiting for Nat to get moving.

Nathan sighed. His shoulders sagged. He began to strip, the assembled men cheering him on, and then ran to the parking lot, getting this task behind him as quickly as possible. Laughter filled the locker room as the men followed behind.

Thomas spun on Cody.

"What are you laughing at?" he sneered. "Your time is coming."

Cody fell silent, knowing Thomas spoke the truth, wondering what childish task he'd be forced to perform. He knew he'd do whatever was asked. He'd seen too many guys already cut from the team. This was minor league football. There were few assistant coaches. Every head coach counted on his offensive and defensive captains to help him make hard choices.

Cody returned his attention to his laces as Thomas walked away, moving towards the parking lot and naked Nathan Billings struggling under

a huge bag of clubs.

Chapter 3

"Good night, Melvin," Niki said. "Thank you again for dinner."

"My pleasure, kids. You all sleep tight."

Niki shut the door and turned to her husband.

"I made the second cut today," Niki said. "Cheering for the Brigade would pay me enough to quit both jobs at the Planet. God, I hope I make it. How was camp?"

"I threw a touchdown at the end of a long drive. Coach was pleased. Can we actually pull this off?"

"I hope so. I love teaching classes at Planet Fitness but we need more money. We need careers. If the Brigade signs you that sets you up for a possible tryout with the Ravens."

Cody chuckled. "You'd need to quit cheer. The Raven's do background checks."

"Sign with the Ravens, Baby, and I won't need to work at all. We could get started on that family we want."

Cody slipped his arms around her waist.

"Maybe we should start that now," he said.

"I was hoping you'd say that," Niki replied.

They left the dirty dishes for later and moved to the bedroom. Cody sat on the bed and watched Niki undress, just like he always did. She loved his eyes on her. Her husband gazed with such yearning Niki melted every time.

"Your turn," she said, standing in bra and panties.

Cody kicked off his shoes and soon stood naked before her.

"Sit," she told him. "Let me see you stroke it."

Cody leaned back and wrapped his fingers around his penis. Niki loved watching him masturbate. She especially enjoyed Cody stroking as she removed her last articles of clothing. They sometimes watched porn together and Niki would hit slow-motion for any scene with a man jerking off.

Cody began a slow up and down and Niki feasted her eyes on his strong arms and rippled abs. He was quickly hard.

"Show me," she breathed.

Cody forced his thumb against the base of his penis, pushing his erection out for her to see. Niki stared while slipping her bra down her arms and her panties down her legs. The sexy young couple let their eyes roam.

"Go get the mirror," Niki said.

Cody moved to the bathroom and Niki took his place on the bed. When he returned, she opened her legs towards him and smiled. Cody climbed on the bed and moved into position, handing a small mirror to Niki. She twisted the angle to see her pussy, resting the mirror low on her stomach. Cody aligned his penis with her thin slit.

"Wait," she said, adjusting the lens to see Cody about to penetrate her. "God, Baby, that looks so sexy."

Cody waited a heartbeat and then began to push. Niki's pale pink labia began to flower and she groaned.

"I love seeing that," she sighed. "I love seeing your dick going inside. Is there anything sexier in this life? Go slow, my Love."

Cody smiled. Niki had her quirks but he loved them all. He leaned to suck her soft nipple yet not block her view. He withdrew his penis a wet inch, making sure Niki saw it, then pushed deeper, forcing her to moan. He eased in and out, watching her watching them. She was fascinated by her own penetration. Eventually she dropped the mirror on the bed and slipped her arms around his neck.

"Fuck me, my big strong man. Let me feel those muscles work."

Cody was happy to comply, pinning her wrists over her head and moving his mouth from one curvy tit to the other. Niki's pussy was a furnace, as always, and they both knew he'd not last long. Niki didn't care. They'd make love again tomorrow or he might even go down on her tonight. Cody loved eating her sweet pussy, sometimes in public places. They'd almost been caught many times but that just enhanced the excitement for her. Cody pumped his hips faster until the sound of flesh hitting flesh filled their bedroom. Niki knew he was getting close already.

"Pull out," she gasped. "I want to see it. Pull out."

Cody groaned and fucked faster. Sperm was rising. He thrust several more times and then whipped his penis free, taking over by hand and stroking fast. Niki lay transfixed, striking blue eyes huge and riveted to the swollen penis. Seconds later a milky blast spit and Niki giggled with joy.

"Cum on me, Baby," she cooed. "Paint me white. Empty those big balls. Look how much. Ahhhh, I love it!"

Cody jerked hard, hips convulsing and breathing ragged. Jet after jet flew from the tip and splashed over Niki's stomach and gorgeous tits. She loved watching him orgasm. She found it fascinating that men actually spurt something out of their body.

It's so animal kingdom, she'd explained. Like an octopus shooting an ink jet.

Cody didn't care. She looked at his dick like it was Earth's greatest treasure and that made him happy.

Cody stroked until the last dribble and then kissed her. From there he moved his mouth to her neatly trimmed pussy. Niki sighed. She loved feeling her husband inside but nothing felt as good as his tongue. She ran her palms over sensitive nipples as he wriggled his wet tentacle deeper.

"Can you taste yourself?" she gasped.

"A little."

"But you don't care? You want me so much you don't care your dick was just in there?"

To answer, Cody pushed another inch deep and licked her inner walls. Niki clawed the bed, groaning.

"I don't care," he whispered.

Nicole arched her back as an orgasm gripped her pelvis with steely fingers. Cody's tongue writhed inside her tight tunnel, his lip rubbed repeatedly across her clitoris. She grabbed his head with both hands, holding his mouth firmly to her slit and rocked her hips against his face.

OOOooohh, Baby," she cried.

The climax shook her then drained away slowly, making her dizzy and turning her body into a mass of tingles. Cody continued until Niki began to squirm and then he crawled up the bed to lie beside her. They were quiet a long time, enjoying the afterglow and their perfect lives.

Nicole spoke first.

"I feel for Melvin," she said. "He's so alone but he's so sweet. Any woman around his age would be thrilled to have him."

"I wish he'd at least get a lady friend. Someone needs to have sex with."

Niki laughed. "Leave it to the man to go straight to sex."

"Well, it's true. The other stuff will follow if he could just find a lover."

"He needs a relationship."

"I disagree. We just need to find him a woman for sex."

Cody met Niki's gaze.

"Don't look at me!" she joked.

Cody rolled his eyes. "Of course not, Nick," he said. "All I'm saying is he won't fall for anyone else...ever. Gertie was his one true love."

Niki smiled. "Just like you're mine."

He stroked her smooth blonde hair. "And you're mine."

"How was cheer today?" Cody asked.

"So hard," she said. "Those girls are amazing. They're keeping Tina and Sara around as the token bimbos but the rest of us have backgrounds in gymnastics and dance. I made the cut but just barely. I think my tumbling skills got me through the last vote. My muscles are sore and tired."

"I heard Samantha is dating Thomas," Cody said. "Can make friends with her? You could have her talk to Tom about me. Coach listens to Thomas so that would give me an in."

"No way she's dating Tom. She's engaged. They're probably just friends. That's a good idea, though. She's always friendly to me so I'll just be friendly back."

They snuggled atop the covers. Cody was drifting off when she spoke again.

"I do hate how completely alone Melvin is."

Cody squeezed her tight.

"You're sweet," he said. "But remember, he's not alone, he has us."

Chapter 4

"Well," Cody said. "Shit."

He dropped today's edition of the *Liberty Gazette* on the coffee table.

"The Team Within the Team," the small headline read.

The story went on to describe the married couple trying to join the Baltimore Brigade. Cody and Nicole's names figured prominently. Niki had given that interview over a year ago and they'd both forgotten about it. Now that they were closer to making their respective teams, some reporter remembered and dug the article out of archives. Cody hoped no one from the squad read the *Gazette*.

Nicole came dancing into the living room wearing headphones and a thin white tank top that barely covered her ass. She blew Cody a kiss, missing completely his look of surprise. She turned and found herself facing Melvin, seated in the La-Z-Boy.

"Whoop!" she yelled, spinning on a heel and leaving the room.

Her pirouette caused the bottom of her shirt to rise, flashing both men a pale blue thong and plenty of firm ass. Melvin looked quickly at the ground.

"That girl loves attention," Cody said.

"I'm so sorry," she yelled from the bedroom. "I thought Cody was alone."

"My fault," Melvin insisted. "I should have announced I was here."

"Melvin brought us a copy of the *Liberty Gazette*," Cody hollered. "We're in it."

Niki poked her head into the room as she finished pulling on shorts. She returned, still wearing the loose tank top, and moved to the coffee table.

"I remember talking to this woman," she said. "But this story is ancient news."

"Made relevant again because we're so close to making our teams," Cody added. "She uses your married name. You were smart to give the cheer company your maiden name."

Nicole scanned the story quickly.

"I'm not worried," she said. "Nobody reads the Gazette and you wouldn't know it was about us unless you already knew us."

"I hope you're right," Cody said. "Melvin wanted to give us a warning."

Niki stepped close to the chair and hugged Melvin's head, naively unaware she briefly nestled his face between her breasts.

"You are so sweet," she told him. She looked at the paper again. "I like seeing my name in print, though. Makes me feel like a bigshot. You staying for lunch, Mel? We're ordering pepperoni pizza."

"No," he said. "I got things to do."

"You do not," she countered. "Don't you dare move. I'm ordering right now."

Melvin was glad she insisted. He missed Gertie a lot today and it felt good to be with company. Niki made the call and then dropped to the couch, folding her legs under, rereading the article. Cody watched football

on television. Melvin spotted the curve of Niki's boob through the large opening under her armpit and stared a moment before forcing himself to look away. The girl exuded burgeoning feminine sexuality and seemed scarcely aware of it. He knew she thought of herself as cute, but nothing more.

When his penis began to enlarge, Mel quickly excused himself to use the restroom. When he returned, Niki was in the kitchen, stacking plates and tearing off paper towels. He watched the game with Cody, impressed by the young man's knowledge of various defenses and double-teams. Niki returned, dropping into Cody's lap, tits bouncing, firm ass jiggling. Melvin looked away again, watching a commercial. Their open displays of affection agitated him.

"Why minor league football?" Melvin asked Cody without turning. "Why not take the college to pro route? You know so much."

"My mom raised me alone," Cody said. "We had no money. I dropped out of high school to get a job and help feed my brothers and sister. I tried walking on at the Dallas training camp last year. They liked my physical skills but said I needed work on my football IQ. An assistant coach told me about arena football and made a call for me. Here I am."

"You work hard. All that time at the training camp while holding down a real job too. I know with a work ethic like you kids have, you're going to make it."

"Thanks, Mel," Niki said.

"I wish there was some way to help you keep your secret," Melvin said.

"We'll be fine," Cody said. "They don't have the manpower to check on everyone. I think they just made the rule to cover their asses. Nobody follows-up on those applications and Niki is using her maiden name and driver's license. She wears her wedding ring but I don't."

"Smart move," Mel agreed. "I guess once you're in the line-up, they need you."

"That's the truth," Niki proclaimed.

The pizza arrived and dinner conversation zig-zagged all over the place. At last the football game ended. They all moved to the kitchen to share a few beers and talk. Niki peppered Melvin with questions regarding his past, like she always did, and he answered patiently. Eventually it was

time for bed and they hugged the older man goodnight, locking the door behind him.

In the master bathroom Cody started the shower.

Melvin entered his empty apartment, already feeling lonely. Gertie would be angry if she knew how he was spending his days. Before she died she made him promise to get back out there and live his life. He just didn't have it in him.

He plucked a cigarette from the pack on the television and stepped onto his balcony, closing the heavy glass door behind him. He lit and sucked, standing in the darkness. He glanced at the footstool shoved in the corner, fighting his hardest to resist. When he heard Niki's sweet voice, he stubbed the butt out.

Two weeks ago, while hanging a hummingbird feeder, Melvin had learned that a stepstool place in the right position allowed him to see around the half wall which separated their apartments. Lean just a little farther and he was looking into Cody and Nicole's bathroom and part of their bedroom. He'd so far resisted the impulse to see Niki naked again but felt his willpower crumbling, especially after tonight. That hot little cheerleader pushed all his buttons.

"Go to bed, old man," he told himself. "Don't you sully that angel with your dirty thoughts. Don't even lay your eyes upon her."

Chapter 5

Samantha exited her cartwheel and Niki saw a flash of pain cross the girl's face.

"You okay?" Niki asked. "Hurt your arm?"

"I wish it was my arm," Samantha laughed. "What I hurt is way more sensitive."

Nicole furrowed her brow, confused. "I don't get it," she said.

Samantha moved closer. "My little kitty is sore," she murmured. "Rough night."

"Ooooooh," Niki said, smiling now that she understood. "Doug was hard on you."

Samantha scoffed. "Doug is in Houston," she chuckled, watching Niki's face. She jerked her chin towards the guys running drills across the

field. "Tommy has a big dick," she said. "He threw me around the bed last night. I'm feeling a little bruised."

Niki turned to see the men running a play.

"You broke up with Doug?" she asked. "I thought you guys were doing so well."

"We are, girl. I'm going to marry that man. Tommy is just sex. Great sex. Amazing sex. But just sex. Doug asks few questions while we're apart like this."

"Does Doug sleep with other women?"

"Fuck no," Samantha sneered. "No, it ain't fair, but that's too bad."

The two women watched the men huddle and then run another play. The sounds of pads smashing into each other floated across the vast green field.

"What about you?" Sam asked. "No way you just go without. Not with a body like you have. I've seen the way the guys look at you. Is your husband staying in town or do you have a side guy?"

Niki panicked. She'd never practiced her fake husband story. She tried to remember everything she'd ever said about her marriage but couldn't and decided it was best to leave everything mysterious.

"No," she stammered. "My husband, um, Antonio, is back in Los Angeles. He travels a lot for business but comes out to see me often. For sex."

Samantha eyed Niki like she doubted the girl's tale but said nothing.

"Well, you can borrow Tommy whenever you want. I'm not jealous. I'm happy to share. He's fucking half the girls on the squad anyway. You'll like him. He's fantastic."

"I'm happily married," Nicole said, lifting her diamond ring to show Samantha.

"It's got nothing to do with that, Honey. I'm telling you, that guy slings a mean dick. He leaves me exhausted and satisfied. You should at least give him a try. No way your husband will ever find out and those will be some sweet memories to look back on when you're old and gray."

Niki faced the field again, picking Thomas out of the crowd by his height. Cody was tall but Tommy had him beat by two inches. She watched him run a play, smoothly athletic, with bulging muscles and supreme confidence. Thomas was in command and everyone knew it. He'd already

made the team, third year in a row. Cody was right: Tommy *would* be a good man to be friends with.

"You're staring," Samantha teased.

Niki blushed. "Shit, okay, sorry."

Samantha laughed. "No big deal. I don't blame you. Tom's a babe, and what your husband doesn't know won't hurt him. Or you. Every woman has her secrets, Nick."

A shrill whistle blew and the men on the field dropped to the grass exhausted. Helmets and pads came off quickly. The water boys scampered to reach everyone.

"There's a party coming up," Samantha said. "I'll text you the address. Come with me. We'll have fun and we can look out for each other. Dress hot so I can too."

"Sounds good," Niki said, staring across the field, distracted.

She watched the men strip down to bare chests. Many were fat but many were lean, with taut muscles flexing under smooth skin. The group was a mix of black and white and Niki found the dark skin exciting too.

"That's all for today," Coach Brown bellowed. "See you at six tomorrow."

Slowly, the group of men gathered their belongings and cut across the grass, headed for the cheerleaders. Hot female bodies wearing small bootie shorts and even smaller sports bras flipped and stretched. The women tried to act aloof but the two groups clearly scrutinized each other. Cody ignored his wife. Niki looked away, unconcerned, her gaze landing on Tommy's bare chest. She inspected his abs and arms before lifting her eyes to his face. She was surprised to see him grinning at her. Niki spun to face Samantha but her friend was already headed back to the group of girls. Niki hurried to catch her.

Moments later the cheer captain called an end to the day's tryouts. Nicole collected her gym bag and headed for the bus stop. Samantha veered off, angling to intercept Thomas on his way to the gym.

"You tell her?" he murmured, as they drew close.

"Oh yeah. She's interested."

"She told you that?"

"No, you'll need to work for it a little. But she couldn't stop staring at you."

"Did you mention my cock?"

Samantha rolled her eyes. "Yes, but that's not as important as you think."

"Says you. I find it works like a charm. It worked on you."

Samantha playfully punched his shoulder. "Yes," she admitted. "It did."

"Bring her to the party this weekend," Tom said. "I'll bring Cody."

"You're evil."

"Yeah, a little, but fuck them for lying. You read the article. Every year someone tries the same shit."

"But why torture them? Just kick Cody off the team."

"Cody's a baller," Thomas said. "He's almost guaranteed to make the team as my backup. If I tell coach to send him home, the team suffers. Also, Nicole is fucking hot. If I can get some of that, I'm going to."

Samantha made a move like she was zipping her lips shut. They parted company, Thomas off to the men's locker room, Samantha to the women's.

Chapter 6

"I don't see what the big deal is," Niki whined, resting her fork on her dinner plate. "I just want to know if it's true or if Sam is full of shit. Something tells me I can't trust her. She exaggerates *everything*."

Cody stopped in the living room and opened his beer. He gulped a mouthful.

"You want me to look at another man's dick."

"So? I'm not asking you to *touch* it. I already know you guys check each other out. I check out girls in the showers all the time. You probably already looked at every dick in there."

"Baby," Cody implored. "It ain't the dick. It's the curiosity. My wife is snooping about the size of some guy's penis. Why do you even care?"

"I told you already. I don't trust Sam. I think she's overstating Tommy so I'll somehow be impressed."

They stared at each other across the carpet.

"Fine," Cody relented. "Tomorrow. While we're all showering."

Niki gave her husband a hug. She'd shared her conversation with Samantha, including the lie about having a husband in Los Angeles. They

finished dinner and restarted the movie from last night. Neither brought the subject up again.

At the field the next day Cody ran through his plays with precision, impressing Coach Brown with his read of defenses. The group of men cycled through different alignments and configurations while at the other end of the field the ladies tumbled, danced, and yelled.

At last the sun was low and Coach sent everyone to the showers. Seventy-two exhausted men meandered across the field. Niki watched from the corner of her eye, feigning indifference but keenly aware Cody was about to spy on her behalf. Cody noticed but ignored her.

At his locker, Cody shed his pads and undergarments and grabbed a towel, looping it around his neck. He plucked sundries from the top shelf and wandered to the massive open marble showers. Three dozen men already rinsed the sweat and grime from their bodies. Cody hung his towel and then moved through the crowd, locating an open showerhead that gave him a good view of all the men in front of him. Thomas was absent but Cody figured the man was debriefing Coach Brown. Some guys would get sent home today. Cody took his time, shampooing his hair.

Otis Renfro, six feet eight inches tall and three-hundred seventy-two pounds heavy, lumbered through the crowd to take the spot beside Cody. The men shared a head-nod of recognition and then Otis pulled the towel from around his waist and stuck his face under the spray. Cody almost gasped. Forget Thomas; Otis carried a huge dick. His lumpy club, utterly soft, hung six or seven inches from bushy pubic hair.

Cody snapped his gaze away and cursed Niki for giving him this assignment. His stare landed at the next showerhead and the variety of bodies washing there. More penises wobbled and swayed and Cody turned his attention to the next shower, discovering more of the same. All the guys varied in size and shape but he saw nothing especially noteworthy. He'd report that to Niki too. He reached for his toothbrush and paste and as calm and nonchalant as he could manage, began brushing.

Otis scrubbed vigorously, causing his beefy shank to flop and drawing Cody's eye. He cursed Niki again. He turned away to spit down the floor drain and shelved his brush. When he turned back, Thomas was there, naked, his beefy cock dangling heavy and thick just like Samantha claimed.

"Sup?" Tom asked Cody.

Cody shrugged, playing it cool. "You were shooting lasers out there today."

"Thanks," Thomas said. "You've got a great arm but I think you're actually better than me at reading defenses. Keep it up. Looking good."

"I appreciate that."

Truthfully, Cody did. He tried to hide the pride he felt. He glanced at the floor and caught another glimpse of Tommy's cock. It *was* big. Not Otis big but certainly bigger than average. Bigger than his. Balls too. After the heat of practice, they hung low in their loose sack. Two tangerines sitting inside a leather pouch. Cody easily imagined that cock fucking hot little Samantha. He suspected Tommy was banging several cheerleaders. He tried to picture their surprise when Tom's pants came down and fought back a smile. That would be something to see.

Tommy began speaking to Otis and Cody used that time to stare. Niki would want details so Cody better have them ready or she'd send him back to take more notes. Under the pretense of allowing the hot water to pour over his head, he studied Tommy's cock from balls to head and back again, committing what he saw to memory. Some guys have all the luck.

He finished washing and gave Tom and Otis a nod. At his locker, he sat and texted Nicole he'd be ready in twenty minutes. Otis walked by naked and then Thomas, also naked, did too, stopping two feet away, his penis level with Cody's face. Cody did not look at the thing.

"There's a party this weekend," Thomas said. "You should come."

"Text me the address," Cody said.

"I will. Don't bring a date. Plenty of girls will be there."

"Sounds good."

Tom remained standing as if he had more to say and Cody forced himself to ignore the penis in his face, pulling socks on.

"All right then," Thomas said, moving on.

Cody finished dressing and headed for the bus stop rendezvous he and Niki used. He waited only a few minutes until she emerged from some trees and took a bench two seats away.

"We good?" she asked.

"All clear."

The Redwood Apartments were three blocks away so Niki and Cody walked, sticking to back alleys. The smell of dinner greeted them as they

climbed the stairs. Melvin heard them coming and opened his door, sending a billowing waft of spaghetti and Italian meatballs flowing over them.

"Oh. My. God." Nicole exclaimed. "I'm starving."

She fell into Melvin's arms at the top of the stairs.

"You are an angel," she told him. "I know I say that a lot but you are. You truly are. You're so good to us."

"I was young once and trying to make my mark. I know how hard it is for kids these days. I've got time and I love to cook. Why not feed my best friends?"

Niki moved into Melvin's apartment and Cody took her place hugging the old man. Not for as long or with as much feeling, but Melvin felt the sincerity.

They ate at the table and Melvin served wine and they talked until bedtime. Leaving, Cody shook Mel's hand but Niki hugged the old man again, kissing his wrinkled and weathered cheek.

They undressed for bed as soon as they were home.

"I'm sore all over," Niki said as they lay in the dark.

"I saw Thomas's cock," Cody replied.

The silent room filled with tension. Niki had a million questions but was afraid to ask. Cody decided he was too sleepy to wait for her to gather the courage.

"It's big," he said. "Samantha told the truth."

"Big enough to make her walk funny? Big enough to make her sore?"

"I didn't see him hard but even if he only grew a little, yeah, big enough."

Silence descended again and Cody ran out of patience.

"Just ask your questions, Nick. I'm tired and want to sleep."

"Was it ugly?"

"Not at all. He's circumcised and symmetrical. Tommy's looks like mine only bigger. I saw another man, Otis, and he's even bigger than Tommy. He's uncircumcised and bulky."

"Who's Otis?"

"Offensive lineman. Otis Renfro. Nice guy. A freaking giant though. Got the dick to match the body. Most guys that large aren't so lucky. Being six-eight with an average penis would make you look small but he got dick to match."

Cody sensed she wasn't interested in Otis so he dropped it. He waited for her curiosity to kick in. Soon she slipped her head under the blanket. Cody felt her fingers circle his penis so he pushed the bedspread off. Niki was staring at his soft dick.

"Tommy's bigger?" she asked, holding Cody by the head and stretching him upright. "How much bigger?"

"Seriously? I thought you were just checking if Samantha lied."

"Relax," Niki laughed. "It's not a competition. I'm just trying to picture him."

"Why?"

"I don't know. Probably because you're describing him."

Cody sighed. He never won when she was like this. He held his flat hand roughly two inches above his dick.

"That long," he said. He curled thumb and forefinger around his shaft leaving a half inch gap between them all the way around. "And about that thick."

"Whoa."

"Yeah, whoa. Like I said: Big."

Cody expected her to drop his dick and cuddle under his arm, but she didn't. She held him like that for a long minute, imaging Tommy, he suspected, and then her warm mouth enveloped him.

His exhaustion faded. He pulled her blonde hair away to watch his dick slip in and out of her mouth, pink lips gliding over his veiny inches. He sighed, growing hard fast, and Niki climbed on top before he could make a move. She rode him hard, grinding her pelvis but too tired to cum. Cody exploded inside then flipped her over, feasting on her pussy until his tongue pushed her over the edge.

They were asleep in moments.

Chapter 7

"That's what you're wearing?" Cody asked.

Niki looked at her reflection in the long mirror: tight white crop-top and short pink skirt. Heels. The fantastic shape of her body was obvious. The skirt was short enough to show leg all the way up to her ass.

"What?" she asked, innocently. "It's a party. What do you think the other girls will wear? We're cheerleaders for Christ's sake. The place will be

packed with skank."

"Yeah but no bra, Nick? I can see the bumps of your puffy nipples. And are you even wearing panties? I don't see any lines. Every guy will know."

"I tried every pair of underwear I own," she said, kissing Cody's cheek. "This skirt showed them all. They ruined the smooth look. But don't worry, Baby, I'll be careful and keep my legs closed. I worked hard this week. I want to have fun."

Cody dropped his concern. He should let her enjoy being a pretty girl.

"Here," she said, pulling a hoodie off the back of a chair. She slipped it on. "You like this better?"

Cody opened the front door. "We'll walk together until we reach Lombard Street. You go left and I'll go right. I'll see you at the party. I'll get there about twenty minutes behind you."

"Sounds like a good plan," Niki said.

Cody locked the door. Four blocks later, they hugged and kissed and parted company. Cody watched her walk away, salivating over her barely covered perfect bubble ass. She knew he was looking and drove her hands into her sweatshirt pockets, pulling the garment tight and showing off her butt. She giggled. Boys were so easy. She checked her phone and found she'd missed a text from Samantha: *Hurry up!*

Niki double-timed it. She was headed to a party by herself and that brought back feelings of being single, free, and fun. Life was harder as a married woman, more complicated. Alone and on her way to meet a girlfriend at a party made her feel reckless. A happy energy washed over her and she laughed out loud, eager to let down her hair and vent some steam.

The modest house sat at the end of a long driveway lined by huge trees. Niki heard it belonged to an assistant coach for the Ravens. The front door was open so she sailed in, accepting the red Solo cup handed to her. A sip told her it was spiked punch so she gulped more and went looking for Sam. The house was packed with people, more than just players and cheerleaders. She saw a familiar face only now and then as she moved through the rooms, waving hello and shouting over the music. She finished her first cup of punch and circled back for a refill, moving to the kitchen and then heading upstairs. The rooms were quieter back here and she found

groups of people talking. She typed into her phone: *I'm here, Sam. Where are you?*

She hit send.

"Hi" a deep male voice said. "I'm Tommy."

Niki looked into emerald eyes. He towered over her, taller than Cody.

"Hi," she answered. "I'm Nicole."

"I know who you are," he said.

"You know who I am?" Niki asked. She hated that she was flattered. "Did Samantha mention me or something?"

"No," he said, green eyes glinting. "I read."

He waited for understanding to dawn. Was she smart enough to figure out what he meant? She took a moment and then lights came on. She played dumb, bluffing.

"Is my biography published somewhere?" she chuckled.

He leaned his mouth close. "I read the *Liberty Gazette*, Mrs. Gunn."

Niki felt her hands turn cold. Panic rose.

"I know you and Cody are married," he continued. "If that fact gets out, your dreams are dead."

Niki's eyes turned pleading.

"Don't worry, Nicole. Your secret is safe with me. I won't crush you like that. Cody happens to be a hell of a player. He could maybe go pro. I can't, I know that, but he could, and I don't even hate him for it."

Niki sighed with deep relief.

"Thank you *so* much," she said, touching his arm.

"I don't hate him," Tommy said, leaning closer. "But my silence isn't free." He waited a moment for his words to sink in. "I'm *dying* to feel your lips around my cock. His hot wife can buy my secrecy."

Niki recoiled.

"That's fucked up," she said bitterly. "You can't be serious."

"Of course I am. You'll do it tonight. We'll talk out on the balcony for a while, continuing your little masquerade, and eventually Cody will come to check on you. Once I know he's watching, you'll leave with me without explanation. We'll find a bedroom and you'll give me a blowjob and I'll want to see some feeling behind it."

Nicole heard roaring in her ears. The man spoke with such confidence, such certainty. He talked like she'd already blown him, like the

event was inevitable. Her world lurched. The strength left her legs but the wall supported her. Could she talk him out of this plan?

"Why are you doing this to me? Why are you doing this to him?"

"I have my reasons."

"I thought you liked him."

"I do. Cody's awesome. But he lied to me and I hate being made a fool. I hate you guys thinking you're smarter than me. I'm team captain and I hate you'd risk the team like that. But mostly because Cody's a rookie and every rookie gets initiated. He hasn't yet. He knows it's coming. I've warned him. He probably thinks I'll shave his head or something. Instead, his wife is going to suck my dick."

"No, I'm not. Make him run around the parking lot naked or one of your other childish pranks. Not this. You threaten my marriage while telling me you're trying to save it. You're full of shit."

"Relax," Tommy said, playing with her hair. "It's just a blowjob."

Niki seethed. Too upset to think her way out of this, she downed her drink and told Tommy she needed another. He took her hand, leading her through the crowd to the punch bowl. All the guys moved aside for Tommy. The instant they saw Niki with him they understood she was his.

Samantha gave Niki a quick thumbs-up as she passed, pretending to be unaware of the girl's predicament.

With fresh drinks, Tommy led her through the house to the backyard balcony. Sweating nervously, Niki stopped briefly to remove her hoodie, tossing it over the back of a chair. Tommy smiled, believing this was a sign of capitulation. The girl had decided to give in. She was furious, yes, and ready to fight, but without options. He squeezed her hand.

Tommy opened the French doors and they stepped onto the wooden decking. The night was warm with a slight breeze. He slipped his muscular arm around her slim waist and she let him guide her to the far corner.

"I think you're smoking hot," Tommy said. "I just want you to know that."

Niki smiled despite herself. Earlier Tommy had mentioned that Cody could go pro and she drew comfort from that now. Perhaps that made what she had to do worth it. She wished there was some way to talk to Cody but Tommy wanted to torture him.

Chapter 8

Cody waited for the light and then looped around the Seven-Eleven, slipping inside to buy some breath mints. At the intersection, he encountered a handful of other players. They talked for a minute and Cody learned the guys were meeting some girls and then heading to the party. They left in opposite directions.

Cody reached the house, already overflowing with people, and made his way inside. All the football players were here but almost none of the women looked familiar. After fifteen minutes, he spotted Samantha talking to Nathan in the kitchen. Niki wasn't around. He continued moving through the house, fist-bumping and high-fiving as he encountered guys he played with.

An hour later he still had not seen her.

He headed downstairs again, casually passing the kitchen. Samantha was gone. Nathan was gone. He poured a cup of punch and continued wandering. Thirty tense and anxious minutes elapsed before he finally found his wife, on the rear balcony, talking to Tommy.

Niki, alone, talking to Tommy.

Dinner turned to hot embers in his stomach. Tommy *always* had a crowd of guys around him. If Tommy was alone it was because he told the guys to leave him alone. Tommy wanted to be with Niki and that made Cody's stomach churn.

Niki had shed her hoodie, he noticed. She stood casually, with an elbow resting behind her on the railing, but that pulled her top across her chest, exposing under-boob. Her nipples were soft but the material so thin Cody saw the twin bumps even from where he stood. She'd used this trick, wearing a different top, on him when they'd first met. That she used it now, on Tommy, made his stomach churn.

Cody continued to the game room, draining and refilling his cup several times, and then found a spot against a wall to keep an eye on them. He hated Niki out there talking to that man, but what reason could he have to intrude? He wasn't supposed to even know the girl. He watched Niki's demure smiles and arched back and realized she was flirting with Tommy. She stood tall, arching her back and presenting her firm breasts. Each time she sipped from her Solo cup her crop-top lifted, showing generous midriff. Niki dangled herself before Tommy's eyes, dazzling the man every girl wanted.

Cody felt a strange mix of pride and discomfort. Tommy *could* have any girl he wanted. Cody was flattered that of all the stunning girls parading around that practice field, Niki had drawn the man's attention. At the same time, he realized if Tom decided to pursue Niki, there was nothing he could do about it. Niki would be on her own.

Tom reached out to touch her hair and Cody had seen enough. He left his spot and opened the French doors, inviting himself to join them. He hoped Niki was sober enough to play along.

Chapter 9

"Hey, Tommy," Cody slurred, pretending a buzz. "Great party."

"Fantastic turnout," Tommy agreed. "Great to see all the guys together. It's a shame half of them will be gone in nine days."

Cody drew close, ignoring Niki. She ignored him as well, sipping from her cup. Tommy enjoyed their little act, grinning at the tension.

"I'm a jerk," Tommy said after a few seconds. "Cody, this is Nicole. She's trying out for the cheer squad."

"I thought you looked familiar," Cody said, shaking her hand. Their eyes blazed.

"Nice to meet you, Cody," she said.

Tommy asked about the party downstairs and Cody shared what he'd seen. Tommy slipped an arm around Niki's shoulders, gently pulling her close. She hesitated, at first, then eased into the taller man. Cody fought to control his face. Tommy's arm went all the way around, his big hand hanging an inch above her breast. Niki stayed where she was, hating the anguish in Cody's eyes.

Tommy talked about living in Baltimore, high school, life, and how much he loved competition. Cody chimed in too, avoiding any details that might connect him to Nicole. When the conversation paused, Tommy lifted Niki's chin, leaning in to kiss her. Cody almost yelled. Exercising more self-control than he knew he possessed, he casually looked away, scanning the surrounding trees. His sweaty hands were slick against his cup. His heart hammered in his chest. He stared at Niki's soft lips pressed against Tommy's and the ground tilted beneath his feet.

Does Tommy know our secret?

The idea shook him. If that's what was happening, they were at his mercy.

The kiss lasted an eternity. His glances told him their tongues played with each other. At last the kiss broke and Tommy pulled Niki closer.

"I'm ready," he said.

Niki gulped her drink then took Tommy's and finished it too.

"Me too," she said.

Cody watched in horror as they wished him a goodnight and left the balcony, holding hands like lovers. If this was a sick joke, it had gone far enough. He followed a few paces behind, into the house and down the hall, but veered off when he saw Tommy lead Niki to a bedroom. Cold steel pierced his heart when Tommy opened the door and ushered Niki inside. She entered willingly, light on her feet. Tommy followed, closing the door behind him. The lock clicked.

Cody stood thunderstruck, staring at the blank bedroom door. His mind refused to budge. Niki had allowed Tommy to lead her to a bedroom. What would happen in there? Were they both fucking with him? He wondered if this was a prank, the rookie initiation he knew was coming. They'd exit any second, laughing at his dismay. He waited, but the door did not move. For a split-second he feared this had to do with his description of Tommy naked, like this had been Niki's plan all along. He put that thought aside. Niki was loyal. He knew that in his heart. The unmoving door became unbearable. He thought about calling but if Tommy saw her phone, he'd know. He thought about confronting Tommy, kicking the door open and admitting Niki was his wife, ordering Tommy to back off.

That path ruined everything, and he had no right to decide Niki's future for her.

Cody stumbled downstairs. Blocked at every turn, Cody escaped the house into the front yard and fresh air. His mind tumbled down a dark hole, his heart shattered, his breathing fast and shallow. He felt sick.

What the fuck is happening in that room?

He considered leaving the party, going to a nearby bar and pounding drinks, drowning his angst. That left Niki alone. What if she needed him? He circled the house, pacing, burning off energy. On his third pass, he spotted a light in an upstairs room. He quickly realized that was most likely the bedroom that held his wife. There was no way to see in but a large tree in the yard would give him some elevation. He made sure nobody saw him

and then climbed the lower branches. Leaning against the thick trunk, he spied through the window.

Niki and Tommy stood about a foot apart, talking. Tommy touched her elbow and Niki looked at the floor, bashful. They chatted another minute and Cody began to feel some anxiety fade. They were just talking.

Then Thomas pulled his shirt off. Niki stared at the man's broad, muscular chest before reaching tentatively to touch his skin.

Cody shifted his position, holding an overhead branch to lean as far as he dared. He dared not breathe.

Niki was smiling.

Chapter 10

"Let me look at you," Tommy said, locking the bedroom door.

Niki faced the tall man, squaring her shoulders and meeting his gaze.

"That's how us men work, right?" he asked. "We're led by our eyes. I saw you the first day and couldn't look away. I still can't. Cody's lucky. Show me what he sees every night. Take that top off. Let me see that ass."

Niki rolled her eyes. "Can we just get this over with? Trying to butter me up or make me feel better with compliments won't work. You're forcing me to do this. That's it. There's no flirtatious seduction here."

Tommy lifted his shirt over his head, tossing it to the floor. He moved close enough to touch her.

"You guys lied, Niki. You guys broke the rules. I help protect this organization. Coach counts on me. We can use Cody on the team but you guys cannot go unpunished. If I allowed that, then how could I enforce anything on anyone? Can you see that?" Tommy reached out and gently touched her arm. "I'm not so bad, am I?"

Niki looked away. Heat radiated from his strong body. She felt buzzed from the booze but she'd not been this close to another man for many years. Shirtless Tommy and his muscular physique drew her eyes before she could stop herself. The man *was* sexy. She regretted asking Cody to spy in the showers. She knew what Tommy had in his pants and perhaps it was the alcohol, but she wondered how Tommy looked naked.

"I'm not saying you have to like it," he said. "But now that you've been caught, is it fair you're punished?"

"Yes," Niki admitted.

"Then think of this as a spanking. You deserve it."

Niki looked up, running her eyes over his body again. She smiled. Her gaze drifted lower, traveling his large pecs and bumpy abs until she reached his belt. Cody's vivid description of what lay beneath rose in her mind. She remembered her husband's visual report, the impressive differences in length and girth that lay hidden less than a foot away. A man's size had never mattered to her but now, knowing in advance what lay caged, all that changed. Her reluctance began to drain and she couldn't stop it.

"I'm dying to see you naked," Tommy murmured. "Your body is perfect."

"But my face is ugly?"

Tommy scoffed. "You know that's a lie. You're pretty. Men stare wherever you go and you love it. You love showing off. That's one reason you want to be a cheerleader. Admit it. You love the attention."

Niki looked away, staring out the bedroom window. Outside in the dark, Cody watched unseen from his tree.

"It's true," she confessed.

"Then show me. I want it bad. Let me see you naked."

This was not what she expected when she'd walked through the doorway. She'd expected obnoxious domination and threats. Tommy was nice and complimentary and the desire in his eyes, real desire, was plain. He was good looking and his body was lovely and curiosity regarding his other attributes had set hooks in her mind.

Then she remembered Cody. She remembered how wrong this was. She remembered her husband waited outside this room somewhere, agonizing over what she was doing. She considered walking out and leaving Thomas standing shirtless.

Fuck him. Fuck this. No one forces me to do anything.

But he'd made it clear she must go through with this. She wished she felt guiltier, but she didn't, since she had no choice. She had no right to decide Cody's future.

Tommy had hungry eyes. She thumbed the edge of her top and imagined showing him her tits. Her heart skipped a beat.

He's right, I am a showoff.

She pinched the fabric and lifted, exposing the bottom curve of her glorious tits. Tommy moaned softly and licked his lips. When the shirt

reached her nipples, she pulled, sliding the slinky material over her curves and off her head. Milky tits, framed by faint tan lines and topped with lovely pink cones, dropped and bounced. Tommy's ravenous eyes devoured them. Niki shivered. She'd not been naked before a man other than Cody for years and years. The intensity of Tom's stare electrified her. She reminded herself this was something she *had* to do but she was enjoying it now. She grasped the fabric at her waist and drew down the hidden zipper, exposing toned ass and thighs. Tommy gasped as she was revealed and his reaction thrilled her. She stepped out of her skirt and flicked her heels off. Confidently unashamed, she rested her hands on her hips, drinking in Tommy's delight.

Outside, Cody choked. To his eyes, Niki had stripped willingly, eagerly.

"You're sexier than I ever imagined," Tommy said. "And believe me, I've spent a lot of time imagining."

"Is that right?"

"It is."

The man's gaze bore through her, raising goose bumps all over his skin. Thomas lingered at her firm tits and trimmed pussy, fucking every inch of her with his eyes. Her soft nipples stiffened under his relentless scrutiny.

Her attention shifted and she noted the tubular bulge running down his crotch. She'd hardened him and that thrilled her. This was all terribly wrong and she'd give Cody a perfect explanation when she saw him next, but in this moment, all that was pushed to the back of her mind.

"Your turn," she rasped, surprised by the sexual tension in her voice.

Tommy unbuckled and lowered his zipper, amazed he could tease this sexy goddess. He'd expected confrontation and argument. He thought he'd need to convince her. He drew his belt free and looped it around her neck, then hooked his thumbs and lowered his jeans.

Niki was fixated, eyes glued to her gradually revealed prize. His closely trimmed pubic hair surprised her, believing him too macho to care about such things. Then the first wide inch appeared and she forgot about his grooming, mesmerized by her first new penis in a very long time. His pants dropped lower and her lips curled inward over her teeth. His slowly exposed dick was beautiful; smooth and thick and capped by a fat helmet. This cock was as handsome and masculine as the man. He kicked his pants

free and stood as naked as she. He was only half-hard but already big. She knew she shouldn't ask but couldn't stop herself.

"Stroke it," she croaked. "I like watching guys jerk off."

Tom chuckled. "Especially when they're staring at you?" he joked.

"Yes."

Tom's grin faded. He wrapped his fingers around his heavy shaft and began an easy back and forth, first staring at her tits and beautifully fit body, then focusing on her small slit, inner lips protruding.

"Just a blowjob, right?" she whimpered.

She prayed he answer yes. If he demanded more, she'd be unable to refuse.

"That's right," he said. "Just a blowjob. No big deal."

He slipped his belt through the buckle and drew the loop tighter around her throat. His free hand cupped each breast in turn, squeezing and caressing, toying with stiff nipples. His touch melted her. She felt the downward tug of the belt and sank to her knees, face to face with this unfamiliar organ. He had plans but she didn't wait, gripping his cock with both hands and sliding him into her mouth. She sucked gently, relaxing her throat and allowing him to slip deeper. He filled her mouth far more than Cody, weighing heavily on her tongue and outwardly bulging her cheeks. She felt the pulsing of Tommy's heartbeat through his veins and wondered why she'd never noticed that with Cody. Tommy's cock felt strange and new and that was exciting. She closed her eyes and opened her jaw, easing her lips farther down the shaft. He was more than she could handle and that thrilled her too.

Cody had seen enough. He swung from a branch and dropped to the ground, confused, hurt, and angry. He headed inside to drink and wait for Niki. He knew there must be an explanation. Niki would never just cheat on him. Tommy must have discovered their secret. The thought filled him with dread. What else would Thomas demand to remain silent?

Niki opened her eyes, staring down the shaft to his pubic hair. Several inches remained and a surge of determination raced through her. She inhaled through her nose and held it, relaxing her throat completely. She cupped his ass and pulled him forward, forcing the tube to push her tonsils aside. The head slipped under the uvula and bumped her esophagus. Her eyes shed tears. She pulled again, gagging briefly, and her nose pressed against his lower abs, her lips buried in his sparse pubic hair.

"Fucking hell," he groaned. "No girl ever-"

Niki swallowed, massaging his shaft with the muscles in her neck. Tommy gasped. Pride filled her heart. She'd never taken so much cock but she'd never dated a man with so much cock. She held Tommy lodged, savoring the feeling, savoring his warm penis softly pulsing with life. He was growing too stiff to keep buried, but she wanted this moment to last. She closed her eyes again, burning the moment into her memories.

She withdrew his cock, dripping with saliva, but quickly stuffed him back in. She sucked hard, creating a vacuum that pulled her inner cheeks and tongue all along his sensitive length. The man moaned and Niki felt chills. This was fantastic. His big cock electrified her. Meat like this was an unspoken challenge to any woman, and Nicole Gunn did not back away from challenges. Maintaining the suction, she began a slow bob, adoring this masculine treat.

Tommy watched Niki fall in love with his cock. He'd seen similar reactions from a few girls and nothing turned him on more. Niki palmed his balls, massaging them in their fleshy pouch.

"Look me in the eyes," Tommy said.

Niki did so.

"Do you swallow?" he asked.

"I'll swallow yours," she moaned.

"Get me there," he instructed. "Use your other hand too."

Niki continued rolling his balls but added her free hand to his shaft. Moving in time with her mouth, she surrounded his cock with hot, wet flesh. Tommy groaned again and Niki anticipated his blasts of salty sperm. She took him deeper on each stroke, sliding along her soft palate and teasing her tonsils. Her pussy ached to be filled but she forced that thought away. Her vows were not completely forgotten and fucking Tommy when she didn't have to would be unforgiveable. The head in her mouth swelled and she knew his release was seconds away. She raked her nails along his scrotum and then pinched the loose skin, pulling hard on his nut sack. Tommy moaned loudly.

"Fuck, Niki. Here it comes, Baby. Fuck. Fuck. FUCK!"

Niki grunted her approval, moaning around his shaft and rapidly milking his load. Tommy exploded, firing hot jets of sperm down her throat. She sucked hard, craving every drop. She swallowed and swallowed and then the overwhelming desire to see him shoot rushed through her and she

pulled his dick free, stroking fast and watching his semen fly into her face and shower her perfect tits.

"More!" she growled, loving the sight. Nothing excited her as much as a cock spasming and spraying sperm everywhere. "I love it. Empty those balls, Tommy. Give me your cum."

Tommy clenched his asshole and forced each shot into her face. She looked stunning. Her eyes blazed, filled with wicked desire, burning with rampant need. She gawked at his convulsing penis with unrestrained lust. Her glazed her pretty face.

His load decreased and Niki returned his dick to her loving mouth, sucking the last globules of semen from his testicles. Tommy groaned nonstop.

"That was..." he began. "No one's ever..."

Niki giggled, happy and proud.

Chapter 11

Cody started a conversation with Nathan. His favorite receiver had a spot near the bedroom and that gave Cody a reason for being there and allowed him to watch the bedroom door. Nathan and Cody's had plenty to discuss. Cody felt like he waited forever but eventually Niki, followed by Tommy, exited the room and rejoined the party. Cody noticed her hair was now back in a ponytail, her lipstick missing.

Niki casually sent her eyes crawling the room, landing at last upon her husband. She smiled slightly, reassuring him all was well, and then left, holding hands with Tommy, to head for the kitchen. Cody finished his talk with Nathan and followed.

For the next three hours Cody secretly trailed his wife around the house, watching as she and Tommy moved from room to room. Tommy was the man, bestowing favored status on players with chest-bumps and high-fives. Niki and Tommy touched constantly; rubbing shoulders and elbows, holding hands, kissing. The sight was pure torture. Cody felt himself slipping into madness. He knew Tommy had seen Niki naked. He knew Niki had taken Tommy's cock in her mouth. But what else happened behind that closed door? He tried to resist but his imagination showed him images of Tommy all over Niki, mouthing her breasts, tonguing her pussy. He was convinced they'd fucked.

When it all became too much to stand, he gave Niki a furtive eyebrow lift and headed for the door, walking to their pre-arranged meeting spot by the bus stop. He hoped she got the hint and would soon follow.

Niki and Tommy continued making the rounds, encountering Samantha and her boyfriend, Doug. Niki was surprised to see he was much older than Samantha. The four of them moved to the backyard balcony, talking and laughing, until Niki yawned.

"All right," Tommy said. "I get the hint. I guess I'm pretty tired too. Can I walk you home, Niki?"

"No," she said. "I'm fine. I have an apartment nearby. Thank you for an unforgettable evening."

They all hugged and then Niki tracked down her hoodie, pulling it on and leaving by the front door. Minutes later she approached the bus stop. Cody leaned against a tree, arms folded, looking angry and hurt. He stepped to the sidewalk when he saw her.

"What. The. Fuck."

She hurried to get closer. "He knows," she rasped. "He knows everything about us. He threatened to expose our lie and ruin everything."

Cody ground his teeth. "What happened in that room?" he spat. "Did you fuck?"

"No! No, Baby. He made me undress and then he made me blow him, but that's all. I'm so sorry. I had to choose. He wouldn't let me talk to you first. I did what I thought you'd want. I knew you'd hate it and I do too, but I was trapped. Don't be mad at me."

Cody stomped his foot on the concrete. His lip trembled.

"You sucked his cock?"

"Yes."

"Did he cum?"

"Baby, don't torture yourself with this. Let's just put it behind us."

"Did he cum?" Cody insisted.

"Yes."

"Did you swallow?"

Niki stared at the ground. There was no way around hurting Cody.

"Yes," she whispered. "Most of it. There was a lot."

"Fuck!" Cody shouted.

"He told me I had to," Niki lied.

She moved to hug her husband. Under the streetlight, he noticed for the first time the sparking stains on Niki's face and neck. He didn't need to ask what it was. She slipped her arms under his and squeezed and her touch fantastic, despite his emotional agony. His arms lifted of their own accord, wrapping around her, returning her hug. They held each other tight, breathing slow, allowing the night's pain and fear to wash over them.

"He said you'd probably make the team," Niki offered. "He said you're a better player than him, or you soon will be."

"Really?"

"Yes. I just wanted to do the right thing," she said. "I had two seconds to make a choice. I hope I did the right thing."

"I hate it, Baby. I hate that's he's touched you. I hate that his cock has been in your mouth."

"I know, Cody. Me too."

Their hug lasted a long time.

"Let's go home," she said, finally.

They walked several blocks to their apartment, grateful Melvin's lights were off. They silently undressed in the bedroom. Cody folded back the bedspread while Niki flicked on the bathroom light and opened the window for fresh air.

On his balcony, Melvin moved the footstool into position. He'd only just gone to bed when he heard their footfalls on the concrete stairs out front. He'd been trying, and failing, to give himself an orgasm to help him sleep. Niki could be the inspiration he needed and although he hated himself for spying on the young couple, he felt a desperate want. He lifted himself into position and leaned over the railing. Niki entered his field of view, already nude. Her toned body moved with grace, her firm young tits wobbling slightly with each step. Melvin felt the familiar ache return. Every time he looked at her lately a yearning filled his chest.

Niki turned on the water in her sink as Cody watched in the bathroom mirror. A smattering of dried droplets sparkled across her throat and tits. Niki freed her hair from the ponytail. Melvin moaned seeing what her raised arms did to the shape of her beautiful tits.

"That's his dried cum on you," Cody said.

"Yes," Niki admitted, afraid to reveal too much.

On the balcony, Melvin recoiled, startled by Cody's words. Another man had ejaculated on Niki? And Cody knew it? How could they be

discussing this so casually? Melvin leaned closer, plucking their words from the air.

"After you swallowed some he shot on your face and tits."

"He did. What could I do, Baby? He was free to do whatever he wished. We're lucky that's all he wanted. I sucked his cock because I had to."

Cody's dick began to rise. To his eyes, Niki seemed to glow with a strange new sexual aura. Tommy had seen her tits and Tommy had seen her pussy and Tommy had fucked her mouth, and while that drove a dagger through his heart, it also inflamed his mind. His penis was stiff and throbbing within seconds. He stepped closer to the wall, trying to hide his reaction behind the door, but Niki spotted him in the mirror. Her jaw dropped open. Her eyes went wide.

"Cody?" she said. "What the fuck? Why are you hard?"

"I don't know," he said, moving farther behind the door.

His penis pointed at her like an accusing finger. The tip bounced with each heartbeat. She turned to face her husband, confused, slightly afraid.

"I had to do it," she insisted. "Are you hard because you're angry with me?"

Cody ran his eyes up and down her body. Before tonight she was just Niki. Now she was Niki who had sucked off another man. She was changed. He saw her as Tommy had; hot, attractive, desirable. A sexy cheerleader fantasy every man wanted to fuck. His dick stiffened even more.

"Do you want me, Baby?" she asked, tentatively. "Or do you hate me?"

He stepped close, pressing his lips to hers. His dick poked her hip and she took him in hand, steering him up against her stomach. He was agitated, too upset to think or speak. They kissed and Niki felt the need growing in them both. Instinct kicked in and she sank to her knees, enclosing his penis in her well-used mouth.

Cody groaned like he'd been stabbed. She sucked hard, much harder than usual, and slid him easily to the back of her mouth. He didn't come close to the depths Tommy reached but she forced that thought from her mind. This was her husband, and he was hurting. She sucked even harder, wanting him to feel her love and desire.

He grabbed her head and thrust, once, twice, and then exploded with a roar, legs trembling and body shaking. Caught unprepared, she coughed, inhaled some sperm, and gagged. He fucked her mouth roughly but she didn't resist, swallowing his seed as she had Tommy's, relishing the sense of decadence she felt drinking a second man in one night. Cody came so hard he carried them both to the floor.

Before they recovered, Melvin climbed down and quietly headed for bed. Minutes later, recalling what he'd just seen Niki do, he rubbed out a fountain of semen all over his knuckles and belly.

After a while Niki nudged Cody off.

"What just happened?" she asked.

"I don't know, Niki. I couldn't stop thinking about you and Tommy. I hate that he had you but it made me want you. Like he'd stolen something from me and I had to get it back."

Niki gave her husband a suspicious stare.

"Are you saying this is between you and Tommy? Like a male-ego thing?"

"Maybe. A little."

"So I'm just a trophy. Something you guys battle over? The last man to have me is the one who owns me?"

Cody heard how shitty that sounded and stayed silent.

Niki giggled.

"Don't feel bad, Baby," she said. "I kind of like that idea. You looked at me like a savage, like a wild man. I've never seen that look in your eyes."

"Really?"

"Really. Two hot studs fighting over me? Yeah, that's hot."

They spooned, Niki in front. Cody kissed her neck.

"I *felt* savage," he admitted. "I've never wanted you more. There was something about you, like you carried his scent. I had to make you mine again."

"You should have fucked me."

"The thought crossed my mind but he'd fucked your mouth. I had to fuck your mouth too."

Niki spun within his arms until she faced him. "What if he'd fucked my pussy?"

White heat blossomed in Cody. His body felt aflame. That thought lit a fire and sent his pulse racing and snatched his breath. He remembered

Tommy in the shower, water dripping from that big cock and fat balls. At the time he'd imagined that dick fucking Samantha but now he saw Niki on her back, legs spread, face bright with pure joy. Tommy knelt between those legs, hard dick drawing ever closer to the pussy Niki so eagerly offered. Cody gasped. The image was crystal clear. Niki reaction was true. In that moment, he knew she would have done it.

"You wanted him to fuck you," Cody stated.

He heard the truth in the words. Something in her voice tonight told him he was right. Sweet dear Niki had wanted to fuck Tommy. He wondered why she hadn't.

She stayed quiet for a long time.

"I did," she finally admitted. "I'll be honest: I did want him to fuck me. But my love for you held me back. That's only natural, right? In a situation like that? I felt that but I didn't allow it. You must give me credit for that. I'd been drinking."

Cody could hardly believe his ears. Tommy had coerced her but she'd quickly accepted her fate, even welcomed it. He was crushed but hardly blamed her. She's only human. What would he do if some hot girl forced oral sex on him? Dread filled Cody's heart. He and Niki would be in this for a while. What happens next?

"I'm sure he'll want more," Cody muttered.

"He didn't say so but, you know...guys. But don't change the subject, Baby. What if he'd fucked me? I need to know what you want me to do. We're at his mercy until you make the team. We know he'll want more. Do we tell him no and head for home, trying again next year with some other team? Or do we keep him happy?"

Niki held her breath, waiting for Cody's answer, shocked by her own arousal. Those words hit her hard. She knew what keeping Tommy happy would mean for her. She was probably only days away from Tommy as a lover and the thought stole her breath. Every girl wanted the man.

"This is terrible," Cody said. "We knew there was a chance we'd get caught but I always imagined they'd just scold us. The worst possible outcome was they'd send us home. This is a nightmare, especially now that it looks like I'll make the team and so will you. We're so close. What do we do, Niki?"

Their eyes locked, each waiting for the other to speak. A minute crept by, then another. Neither could bring themselves to say the words out

loud. The moment passed. Niki's eyelids began to droop.

"Kiss me goodnight," she said. "Wake me when you get up. I need to do laundry."

"All right."

Niki pursed her lips and Cody leaned in, suddenly remembering those lips had been wrapped around cock tonight, those lips had been splashed with hot cum. Cody kissed his waiting wife, encountering a trace of salt.

Her eyelids closed and her breathing deepened. Drained by the ups and downs of the night, she was already asleep.

Cody stared. She was cute, and he loved her with all his heart, but something was different. The way he saw her had changed. His pure and undying love remained but was now coupled with a lewd veneer. She snuggled closer.

They'd left a lot unsaid. A darkness hung over him. Niki had hinted at their probable future but that prospect was too difficult to accept. Cody could not bring himself to face that appalling truth. Niki would suck Tommy's cock again. That felt certain. But unless something drastic happened, Tommy would fuck her too. A strange burning sprouted in his chest and moved lower, heating his penis and testicles.

Cody squeezed his eyes shut. It was all too much.

Sleep came quickly, but it was fitful and restless.

Chapter 12

On Monday Cody put in his best day at training camp ever. Driven by angst and fear, all day he watched Tommy watch Niki, but instead of feeling distracted, he felt focused. They took their breaks together, including lunch when Cody saw them kiss. He looked for signs of reluctance from her but saw only willingness as she lifted on her toes to meet his lips. Cody put all his dread into his game, throwing with pinpoint accuracy and running like the wind. Coach heaped praise. Cody said nothing.

Cheer practice ended first so by the time he finished, Cody found a text message waiting. Niki and Tommy were headed to dinner. They'd not settled on a time or place so Niki provided no more detail.

Cody glanced at Thomas in the showers so often he worried about getting caught. The man soaped and shampooed and Cody knew it was for his date. Tom's meaty cock swayed, dripping suds and hot water. Tom took a disposable razor to his balls, shaving until they were smooth and pink. Niki would soon have them in her mouth, along with that cock. Cody hoped her mouth was the only hole it entered tonight.

Doubt ate him alive about their non-decision. Was a career playing football worth Tommy's blackmail? But he said nothing, and Niki said nothing, and so Tom showered in Cody's face, taunting him. Cody felt his balls tighten and looked away, allowing the hot spray to pour on his head until Tommy left the showers.

Melvin greeted Cody as he arrived home and asked about Niki. Cody lied, saying his wife worked late at Planet Fitness. Mel offered to make dinner but Cody declined, saying what he needed most was a nap.

In the bedroom, Cody stripped to his boxers, lying atop the bedspread, staring at the ceiling. He tried to convince himself Tom and Niki did nothing but enjoy a fine meal, but then the image of Niki, using both hands to guide Tom into her mouth, flashed through his mind. He admitted she looked sexy down there, if he blocked out Tommy's face. Niki looked amazing sucking cock. It was easy to imagine she was a hot pornstar working some stud.

When his penis began to swell this time, he wrapped his fingers and slowly began to stroke. He believed his erection was merely a coping mechanism to help him get through all this. He slid his calloused hand up and down the shaft, enjoying the pleasant sensations. He pictured Niki's pretty face and smiled and then remembered her sexy body. He softly moaned. He summoned a memory of her legs spread and her pussy beckoning and felt the blood surge in his dick. If she was here right now he'd lay her on the bed and devour her sweet cunt until she arched her back in climax.

But she wasn't here, his brain said. She was with Thomas. In truth, at that moment, he had no idea where his wife was or what she was doing.

He forced a return to his daydream; Niki invitingly on their bed, strong legs falling open. Uninvited, Tom's fat dick entered the picture. Cody squeezed his eyes shut, trying to force the man away, but Tommy walked his knees closer to Niki, now only inches from her wet pussy.

Cody could not rip his mind free. Blood surged to his penis, solidifying him and increasing his sensitivity. He stroked faster, mouth gone dry as Tom's cock advanced on Nicole. He saw her reach between her legs for the large shaft, guiding the man to her labia, sucking air as the head opened her up.

Cody groaned.

This could all be true, he realized. This could be happening *right now*.

Before he could stop it, his rebellious mind showed him that thick cock penetrating Niki, spreading her tight cunt wide as it powered in, spreading her lips as it drove deep. He heard Niki moan with satisfaction. She wanted it!

He stroked faster seeing her expressions of lust and hearing her gasps. Tommy was wet with Niki's excitement, pumping in and out and driving her towards orgasm.

Orgasm!

Cody's mind stumbled. Would Tom's cock make her cum? The idea rocked Cody and he stroked faster, imaging sweet Niki on her back, legs spread wide, taking every inch until the explosion came and rocked her world, that big fat dick carrying her over the edge. Cody saw her face perfectly, filled with joy and pleasure, the joy and pleasure Tom gave.

"Fuck!" Cody barked. "Shit! Agh!"

With a loud grunt, Cody shot a blast of sperm into the air. The scalding liquid landed on his stomach, only to be followed by another and another. His hips left the bed again and again. Cody imagined Niki thrusting her hips in time with Tom, fucking him, cumming hard on his dick until he tensed and discharged hot semen straight into her womb. She wrapped her strong legs around his, trapping him inside, as her arms circled his neck and she pulled him down to kiss, kissing him like she'd kissed him at practice.

"Oh my God!" Cody cried, stroking faster, spurting wildly.

Cody came a long time, shocked by contractions long after the semen was gone. At last he fell to the bed, spent and trembling. He lay lost in euphoria, drifting off to sleep after an exhausting day.

Chapter 13

Niki's voice came from far away. "What the fuck happened here?"

Cody forced his blurry eyes open, confused, staring into a bright light. He blinked and turned towards the sound, wondering what time it was, wondering what day it was. Niki stood with arms folded across her chest, wearing the same clothes from either earlier tonight or yesterday. Cody wasn't sure. He followed her gaze to his stomach, noting the dried splattered cum across his abdomen, chest, and hand.

"You jacked off?" she asked, incredulous. "While I was at dinner with Tom?"

Cody managed a weak nod.

"First you get an erection after I blow him and then you jerk off when he takes me to dinner. Did you masturbate *because* I was out with Tom?"

"It drove me crazy, Baby," he said, trying to evade her. "I had to do something. Did anything happen?"

"Look how much," she breathed, ignoring his question and dropping her purse. She knelt beside their bed. "Baby, you came *so much*. I'm sorry I missed that. I bet it was beautiful. It looks like you were a fountain."

"Did anything happen?" Cody insisted.

Niki moved her face close to his. She brushed the hair off his forehead and leaned over for a long, sensuous kiss. Cody tasted Tom and tried to pull back but Niki held his face with both hands, swirling her tongue in his mouth, sharing her indiscretion. His hesitation faded and Niki gasped. He was eager! Their passion rose, tongues writhing. Niki's heart raced. She swabbed the proof of her guilt into his mouth and he willingly received the fluid, groaning as his wife removed all doubt. Her remorse and shame evaporated. She kissed him like it was their last. She wrapped her free hand around his deflated penis and tugged.

"I sucked his cock," Niki rasped. "I spent an hour sucking his gorgeous cock. I can take it all. I can deep-throat him."

Cody heard pride in her voice.

"Don't you know you're not supposed to say shit like that to your husband?"

Niki giggled. He wondered who had made the first move. His gut told him Niki.

"Did he fuck you?" Cody asked.

She hesitated and his skin turned electric awaiting her answer. His mind caught fire. He groaned impatiently. A small twitch moved his penis

in her hand.

"No," she whispered, moving her mouth close to his ear. "Not this time."

Cody groaned again. He flopped backward on the bed, covering his face with both hands.

"How much do you want to know?" she asked softly. "I'll tell you everything."

"Nothing," he whimpered. "It's all too much. I want to know everything but I don't want to know anything. I'm a mess, Niki."

She stared at him a moment and then moved lower, taking his spent penis in her mouth, relishing the taste. She sucked and twirled her tongue, imagining Cody home alone, jerking off while she was out with Tommy. She loved watching Cody masturbate but Cody masturbating *because* she was out with Tommy sent her mind soaring.

"I wish I'd seen it," she muttered.

"What?"

"You, jacking off."

He met her eyes.

"Did you hope I was fucking him?" she asked. "Be honest."

"No, not hoped. I don't *want* you to fuck him. But I imagined you were, right then, as I touched myself. I got so turned on. I don't know why. It hurts as much as it excites."

She tugged his dick. "Can you get hard and fuck me?" she asked, ready.

"I don't think so. I came so much."

Her shoulders sagged.

"But my tongue works. Get undressed."

Niki hurried to strip but then saw the way he looked at her and turned it into a slow strip-tease. Once naked, she climbed onto their bed and Cody kissed her and rolled her over, quickly moving his face between her legs. She was drenched.

"You're wet," he said.

"I love your tongue," she replied.

"No, you're soaked for him. Hours later and you're still dripping. You want to fuck him. Admit it."

"I had to go out with him."

"That's true. You don't have a choice. But once you were with him, you wanted him. It's obvious."

"It's just my body reacting. You know what sucking cock does to me."

Cody stopped arguing. Niki was sopping. Her desires were clear. He buried his tongue and worked on making his wife orgasm. She came fast.

They lay in a lovely tangled of arms and legs, gazing at the ceiling and wondering about the wild turn their life had taken. Gradually Cody began to feel a tension in the air, something Niki needed to say.

"Out with it, Nicole."

"I invited Tommy to come over," Niki blurted.

"What?"

"Wednesday night. You and I are both home early. We can hang out, have a few drinks, talk."

"About *what*? Shit, Niki, I have nothing to say to him."

"You should. He might cast the deciding vote for you making the team. You should try to get on his good side."

"He's using you. He's using my wife. I can't be his friend. I can hardly stand to look at him. I hate it when he's near me."

The silence began to grow. The unspoken tension returned and Cody knew Niki had more she needed to say. She remained silent and understanding dawned slowly.

"Oh," he said. "Something else will happen Wednesday."

She wiggled closer, sliding under his arm and resting her head on his chest.

"Yes," she mumbled.

Dismay filled Cody head to toe. *Wednesday night.*

"Your idea or his?" Cody asked.

"His. He was trying to think of a place for our first time. I thought I'd feel safest at home so I suggested our apartment. I added you would be home. He loved that idea."

"Does he want me to watch? That would be so like him."

"No," she replied. "But I asked if you could."

"You? Why? We know what's going to happen. Why would I want to see that?"

"Says the man that jacked off fantasizing about me with him."

"That's different."

Niki turned to face her husband.

"This is *better*," she purred. "I love watching you masturbate. You know that. But you stroking as I get fucked? That will turn me on soooo much. Think of it, Cody. It's fucking crazy. It's going to be so intense."

Cody felt the weight of the inevitable pressing down. Tommy owned them unless they were willing to burn every bridge and start over. Even then, Tom could make trouble. A phone call to the next football team and their lie was exposed again.

"I have no choice," Niki said. "Knowing you and how you love me, that probably makes you feel terrible. But you were right earlier; I do want to fuck him, and I'm hoping in a twisted way that makes you feel better, since I'm not being forced anymore. I know that sounds awful but I'm hoping you hear it the way I mean it. I'm hoping you'll feel better knowing I've come to terms with our situation."

Cody saw the excitement in her eyes, carefully hidden behind a mask of concern. He knew Niki had crossed a line recently, moving from reluctance to acceptance to enthusiasm. She no longer passively accepted her fate.

Her desire sliced through Cody and made his stomach flip. She's only human, he reminded himself. Sharing intimacies with Tommy was bound to turn her on.

Cody studied his wife. She carried a bright sexual glow lately. It frightened and worried him, and if he lost her he'd be destroyed, but there was no denying this powerful shift. Cody felt momentum building as they raced towards the inescapable.

"Let's invite Melvin," he said, seeking to slow things. "You know he'll cook and that saves us the trouble. Maybe having him around will calm Tommy the fuck down."

Niki understood what he was trying to do.

"All right," she agreed. "I'll talk to Mel tomorrow. I'll explain we're trying to impress another player who has pull with the coach. I'm sure Mel will be happy to help."

Chapter 14

The men scrimmaged Tuesday but the women had the day off. Cody pushed everything from his mind except football. His throws were accurate

and his reads perfect. Wednesday, he almost got cut from the squad.

The women practiced group cheers, building pyramids and synchronized tumbling, and for that they needed grass under their feet. They worked close to the men and Cody was so distracted watching Niki and Tommy flirt he did almost everything wrong. Niki couldn't help herself, staring often at the man she knew she'd fuck that night. They left together at the midday break and returned holding hands. People from both groups were beginning to talk and Coach took Tommy aside seeking reassurances this was merely a temporary fling.

"The Organization frowns upon fraternization, Tom," Coach said. "Tell me this is temporary."

Tommy promised he and Niki were only using each other for sex, despite her marriage, and the whole team laughed, minus Cody. Coach Brown told him to knock himself out.

"You scored, Thomas," Coach said. "That young lady is a scorcher. If I was forty years younger, I'd fight you for her."

The team murmured agreement, several fist-bumping Tom for his conquest. Cody's cheeks turned red. His face burned. His teammates now assumed Tommy was fucking Niki and had been all along. They congratulated Tom for nailing a hot cheerleader.

"Have you fucked her while she's wearing her cheer uniform?" Nathan asked.

Tommy's eyes lit up. "That's a great idea, Nate. I'll do that tonight."

Another wave of laughter swept the men. Cody knew Tommy wasn't joking and threw three interceptions before practice ended. Coach took him aside to discover what was wrong and Cody promised it would never happen again.

"It better not," Coach warned.

The girls finished first and Niki left but returned a few hours later. She wore a tight black miniskirt and a green, form-fitting, long-sleeved stretch top Cody had never seen. She'd washed and curled her hair and applied some rare makeup, a little too heavy, giving her a vampy but incredibly sexy look. The thin material showed the shape of her breasts well. She'd dressed to thrill, but Cody knew it wasn't for him. She waited on the bleachers for the guys to finish and they all jogged by on the way to the showers.

Cody showered quickly and was one of the first to exit the gym. He exchanged glances with Niki as he strolled by. She seemed pleased; pleased with the way she looked, pleased with the way all the guys looked at her, and pleased with the look in Cody's eyes. He wandered between some cars and withdrew his phone.

Why did you dress like that for him? he typed.

He heard her phone beep in the distance. He waited for a reply and when he received none he checked on her. She sat alone, looking at her phone.

Are we doing this? he sent.

She read his latest and then tilted her head to gaze into the sky, watching clouds pass overhead. At last she returned her attention to her phone.

Yes, she responded. This is exciting for me, Baby.

Cody stared. Her tight outfit showed every curve of her fit body and Cody knew Tommy would soon put his hands on her, soon pull those tight clothes off that body. The thought made him crazy.

Somebody laughed and Cody spotted Tommy walking towards Niki. They talked for a minute and then Tommy leaned in for a kiss and Cody thanked God Niki hesitated half a second. After the kiss Tommy took her hand and they headed for his Ford pickup. Tommy opened the passenger door and then hurried around the tailgate, starting the truck and leaving the parking lot. Through the small back window, Cody saw Niki lower her head to the man's lap.

"Fuck!" Cody yelled.

His shout echoed across the empty field.

The walk home was torturous.

He crept up the stairs, praying Melvin heard nothing. The old man was in their kitchen, already cooking.

"Hi, Cody! Where's your girl?"

Cody closed the door behind him.

"Out with a friend. Should be home soon. What time is dinner? I'll text her."

"Give her two hours. That gives me time to do everything perfectly."

Two hours.

Cody sighed and dropped into the La-Z-Boy. He had two hours of conversation with Melvin ahead of him, all while desperately trying to

ignore what Niki might be doing. He pulled out his phone and punched in the text and then grabbed a beer. Niki had Tommy's cock in her mouth right now. He knew it. He remembered watching that night through the window and his penis flinched and began to swell.

Why does it always do that? he wondered.

Ninety minutes later, Tommy brought Niki home. Cody noticed subtle differences in her clothing and makeup but some instinct told him they hadn't fucked. Not yet. He wondered if something had gone wrong but then realized Tommy would save that for tonight, when Cody could be present. He was the last rookie to be hazed. Tommy would use that to justify everything.

Dinner was served and conversation surprisingly lively. Melvin kept things going, drawing upon decades of experiences. He had everyone laughing or listening intently, depending on the story.

Three empty bottles of chardonnay sat on the kitchen counter when Melvin announced it was late and time for bed. He shook hands with Cody and Tommy and Niki gave him a long hug. Cody closed the door behind him.

"I hate how alone he is," Niki said.

"He's such a nice man," Tommy added. "He needs to get back out there. Women would love him."

"He's shy," Cody said. "He says he's had the love of his life already. Doesn't want to meet anyone else."

"What about sex?" Tommy asked.

"Okay," Niki blurted, grinning.

"No," Tommy laughed. "I mean yes, but hang on. I'm wondering about Melvin. Does he just go without?"

Cody shrugged, annoyed.

"I think so, yeah," Cody said.

Niki's quick interest stung and he hated Tommy for showing a warm and compassionate side to Mel. It made him harder to hate. Niki left them standing there and headed for the bathroom.

Suddenly awkward, Cody moved to the refrigerator.

"Want a beer?"

"Yeah," Tommy said.

Cody returned with two and the men drank.

Awkward silence crept in again.

"What the fuck?" Cody announced. "What happens now? You and Niki must have a plan or something, right? Can we get this bullshit over with?"

Tommy was about to say something when Niki emerged from the bedroom. She'd changed into a short, pale pink teddy, lacy and see-through, tied loosely at the waist. She wore nothing beneath and both men indulged their eyes, running over her lithe and delicious body.

"Baby..." Cody began, but the words stuck.

"Jesus," Tommy breathed.

Cody's eyeballs ached. Niki looked scrumptious, her youthful body ripe and bursting with tantalizing feminine curves.

"I was thinking we'd start with a massage," Tommy joked.

"I'm tired of waiting," Niki declared. "Let's burn off dinner."

Cody was surprised by Niki's aggression but she'd always been one to chase what she wanted. She stepped closer to both men and defiantly placed her hands on her hips. Cody and Tommy looked at each other, unsure what came next.

"Two big men afraid of a little girl," she chuckled. "Let me get this party started."

She squatted before Tommy, quickly opening his belt and button-fly pants. Cody saw familiarity with the way she handled Tommy's clothing and winched. Obviously she'd done this more times than he knew about. He thought about the last few days and wondered if Tommy had ever waited for Niki to get off work from Planet Fitness or if Niki stopped by Tommy's place before coming home. He considered asking but then Tommy would know Niki had lied to her husband, and there was no way Cody would humiliate himself in front of that man.

Tom's pants dropped and his puffy cock rose before her face. He held it around the base and aimed for her mouth, which she opened, voraciously sucking him down. Tommy stuffed half his dick and Niki sealed her lips around his shaft with a vacuum.

Cody saw how easily they moved together, knowing in advance what each liked and expected. Tom's big balls hung in their pouch like a rooster's wattles, gently swinging as he stepped out of his pants. Niki looked up at Tommy and smiled, almost laughing around his fat cock, before shifting her gaze to her husband.

"Let me suck yours too," she said, pausing only a moment before shoving Tommy's prick in again.

Cody began to strip, unsure about this idea. Niki continued sucking and licking, running her tongue all over Tommy's swelling appendage, until nude Cody stepped closer and offered his partially erect dick too. Niki smoothly transferred her attention, stroking Tommy's saliva covered cock while she sucked Cody.

Nobody said anything, but the size difference was remarkable.

Cody watched his wife bounce from cock to cock and soon, strangely, began to enjoy the fact that Tommy was so much bigger. Now was not the time to ponder such things so he filed the thought away for later.

Niki attacked Tommy's penis, forcing him deep, struggling with his girth and his length. She fed off the energy of her battle, turning herself on, loving that this cock was so difficult to master. She then turned her attention to Cody, easily sliding him to the back of her mouth and sucking hard all the way to the root. Cody moved his penis closer to Tommy's, occasionally bumping heads. Obviously longer and broader, Cody got a perverse jolt seeing himself beside his rival. Tom had thick veins running along his shaft, dark blue and pulsing. The head was a fat angry helmet, already seeping potent sperm. Cody recognized that hot syrup deserved Niki's cunt. He no longer cared that it was Tommy; Cody wanted to see Niki fucked by that cock. It mattered not to whom it was attached. She was stunning down there on her knees, licking and slurping.

Niki stopped sucking long enough to rip her lingerie off and throw it against the wall. She returned to her knees and stuck both dicks in her mouth.

Something from earlier in the day came back to Cody. A laughing voice drifting through his mind.

"Hey, Baby," Cody said. "Go put on your cheer uniform."

Niki's eyes flashed impishly. "That's hot."

"Just the miniskirt and top. You can skip the booty shorts."

She stopped sucking and looked at Cody. "Seriously?"

She was afraid to hope. She'd worried for days how her beloved husband would handle this night. She'd feared they were all headed into disaster. With one playful suggestion, her worry had evaporated. This was better than she'd imagined.

"Yes," Cody said, jerking his chin at Tommy's cock. "I want to see that thing buried. You look sexy as fuck and hotter than any porn actress. I can't believe I'm saying this but I want to see Tommy fuck you."

Niki jumped to her feet and darted for the bedroom.

"I did *not* see this coming," Thomas said. "I thought you'd kick and scream and bitch, complaining all night until I left. I gotta say, I'm impressed."

Cody shrugged. "She wants it. I'll trust you to keep this secret forever, not that I have a choice, but if my read on you is right, you're good for it."

"I am."

"Then I'm handing her to you, although it kills me to do it. It's humiliating but hazing always have some humiliation involved. Right? We're square after this?"

"We are, and I'll put in a good word with Coach."

The bedroom door swung open and Niki appeared, sporting the navy blue and silver of the Baltimore Brigade. Styled after a tennis skirt but far shorter, half Niki's ass hung exposed. Her silver and pale blue bra barely covered her tits, revealing deep cleavage and side-boob. Cody thought she might do a flip into the living room but she did not, walking calm and cool to stand before Tom. His fleshy tusk curved to point at her face. Tommy twisted fingers in her hair and bent her head back, kissing her fiercely. She pulled him closer with one hand and with the other she curled fingers around his hard dick. Tommy pulled her body against his and Niki directed his cock through her gap, sliding along her slit and capturing the curving horn in back with her ass crack.

Cody moaned. Tommy was so dangerously close to penetrating Niki it stole his breath. He lifted the skirt in back, gazing at the throbbing veined member sandwiched between her butt cheeks. Her full, round, strong ass looked delectable. He dropped the skirt into place.

"Let's move to the bedroom," he growled.

Tommy swept Niki into his arms and she squealed with laughter. Her body was small next to his, her weight nothing to his strength. Their informal friendliness, comfort from time spent together, stabbed Cody through the heart. He hid it well.

In the bedroom, Niki started to unzip her skirt but Cody stopped her. "Fuck him with it on," he said. "Ride him."

Tommy jumped onto the bed and rolled to his back. Niki kissed Cody once and then left her husband standing alone as she climbed on the bed too, crawling on all fours like a cat. She straddled Tom and kissed her way up his body until she reached his lips. Cody lifted her skirt from behind and saw her pussy hovered directly over the man's cock.

Cody's dick was harder than ever. Why would this excite him? He had no answer. No intellectual answer anyway. He couldn't rationalize away his erection. He was forced to admit Niki looked sexier, perched atop Tommy, about to fuck another man, than she'd ever looked before. The moment was electrifying, captivating. He wanted to see it but could not explain why. He was transfixed, with no thought of disrupting the moment.

He turned his attention to Tom's pulsing dick mere inches below his wife's pussy. They still made out so Cody nudged her hips, causing Niki's protruding inner labia to brush Tommy's cock, leaving a tiny glistening trail. She took the hint and reached down to hold the throbbing member upright, wedging him in her butt crack. That tower of meat stole Cody's breath. It looked huge and swollen and strong.

"Goddamn," Cody whispered.

He knew that tower of meat would soon disappear inside her. How much pleasure would Niki give Tommy? Cody tried to imagine what possessing a cock like that must be like. He tried to imagine how tight Niki would feel around to Tommy. The man was about to experience something fantastic.

Jealousy snickered at Cody, asking him if he'd lost his mind. He ignored the mockery and turned his attention to his wife. She was a different woman yet still his wife: a butterfly emerging from the cocoon of her old life. Niki looked vulgar. Niki looked radiant. Niki looked untamed and passionate.

She must have felt Cody's eyes. She stopped kissing Tommy and turned to watch her husband. She lifted her hips, drawing Tommy under and aiming him at her opening. Cody's gaze moved from her cute face to her cunt.

As Cody fixated, she lowered her pussy to engulf the head. Cody could not believe what his eyes told him. Rigid flesh shoved her open and inner folds wrapped around the bulbous helmet. Niki sucked air, stunned by the powerful sensation.

"That's the sexiest fucking thing I've ever seen," Cody said, disbelieving.

Niki smiled broadly.

"You like that?" she asked, her voice husky and emotional.

She eased more weight and Tommy's cock vanished an inch at a time. Niki's poor pussy stretched into a tight circle trying to take him. She gasped before she could catch herself and her frozen smile slowly turned to shock. Her labia traveled down his shaft, enveloping more every second, until her deep and heartfelt groan filled the bedroom. This was far more than she expected. She felt stuffed. She felt bloated with cock. Her little cunt protested but Niki ignored the tiny aches and pains, savoring the fantastic sense of a pussy packed with dick. She was growing wetter by the second, responding to the waves of pleasure rushing through her. The twinges of a stretched pussy faded, replaced by increasing delight. Tommy seemed to go on and on but at last her labia settled around the base. She arched her back and closed her eyes, treasuring the moment.

Cody stared at her pussy bloated with dick and smoothed her skirt in place, stepping back to see the whole picture.

"That's obscene, Niki," Cody exhaled. "I thought I'd hate it but I don't. I love it."

"He's big," she whimpered.

Niki lifted her hips then dropped them, Tommy's rigid cock awkwardly sliding in. She lifted her hips again and dropped them once more and Tommy's cock slid in much easier. In moments Niki hit a rhythm, her face frozen in astonishment. His inches glittered with her excitement.

"That's fucking intense," she exhaled.

She rested both hands on Tommy's muscular chest, staring down into the eyes of the man inside her. He teased her nipples through her tiny sports bra but let her lead the sex. She ground her hips, working the stiff dick, stirring her insides like stew.

"Fucking...amazing..." she murmured. "Baby, Cody, I think I'm gonna cum."

Cody was rocked. This was a nightmare. She looked fantastic but there was no greater proof which man she preferred. At least for sex. Tommy had easily taken her someplace Cody rarely did. He struggled for words, wondering what he should say to her. Tommy spoke first.

"Do it, Niki," Tom said. "Cum on me. I want to watch your pretty face. Fuck me until you cum on my big cock."

Niki sat up straight, concentrating, chewing her lip, hips rocking back and forth. Cody saw only Tommy's large balls hanging from under her skirt. Both men watched in awe as she slowly built speed, grinding on the hard fully buried shaft. Much sooner than he expected, Cody heard his wife gasp and then whimper.

"Oooooohhh fuuuuuck," she whined, moving faster.

Cody hated Tommy could make her cum like this. To hear his beloved bride climax so effortlessly and so powerfully crushed his heart.

"OOOOOOHhhh mmmmmm uuungh," she gasped. "Here it comesssss!"

She worked her hips back and forth, churning her guts, pulverizing her clit.

"Tommyyyyyy!"

Her orgasm ripped through her like a hurricane. She squealed loudly and tossed her head. Stiff nipples poked her bra and Tommy lifted the thin material to free her tits, gawking at the lovely pair. Niki was so wet they heard her sloshing. Cody noted the glimmering rivulet of pussy juice running down Tommy's balls.

Tommy let her grind until she peaked and started coming down, then swept her into his arms, laying her on her side. He tossed her leg over his shoulder. He gripped her hip and pounded her small hole, driving his well-lubed cock deep into her belly over and over. His lust-fueled attack had Niki moaning continuously, mumbling how fantastic he felt, urging him to fuck her all night.

"Do it, Tommy," Niki panted. "Cum in me. Work it all the way in and then cum inside me."

Cody froze, suddenly paralyzed. Niki's words hit him completely unprepared. He should have seen this coming but until now, he'd lived in the moment. Everything had been pure reaction. He felt eyes on him and looked at Tom. The taller man repeatedly slammed his cock into Niki but it was Cody he watched. His lips curled into a grin. No words were exchanged. Tommy fucked Niki hard, climbing ever closer to orgasm. Both men knew where the seed would be planted.

Niki groaned and Cody realized she was cumming *again*. Tommy pounded faster and Niki bit down on the bedspread and squealed, lost in

lust as another orgasm wracked her body. Tommy's thick and heavy cock touched her everywhere inside.

Driven by an irresistible urge, Cody took his penis in hand and began to stroke. Niki looked magnificent, tight body shaking from each jolt, toned legs and abs convulsing, eyes rolled back and mouth open. Her little cheerleader skirt still circled her hips. Tommy hammered her relentlessly through this earthshaking climax, holding back his own until she finished. Cody jerked his dick faster, anticipation growing, confused he now found Tommy imminent orgasm more exciting than Niki's. Tommy was breathing hard, big balls swinging and slapping Niki's ass.

"This is crazy," Cody hissed.

Niki heard the strain in her husband's voice and opened her eyes. She saw Cody masturbating, staring at Tommy's cock, and moaned with heightened excitement.

"Let me see it," Niki gasped. "Cum for me, Cody. I love watching you."

Cody jerked faster than ever, eyes glued to that fat cock pounding his wife. He growled when his climax hit and sprayed semen all over the floor. Niki's eyes danced with madness to see her husband spurt.

Cody emptied his nuts only seconds before Tommy. Tom slowed, repeatedly pushing his cock balls-deep and holding it there. Niki would writhe and thrash, feeling stuffed almost to bursting. Tommy's toes curled. Every muscle on his body flexed.

"Ungh! Fuck!" he snarled. "Here it comes, Niki!"

He rapidly pumped several times and then sank every inch, holding himself in her womb while his balls flooded her. Niki clawed at his arm, urging him to drain himself. His nuts lifted with each gush. Tommy pumped sperm into Niki again and again.

When it was over, Niki flopped onto her stomach and weakly stuffed a pillow under her head. Tommy, still inside her, smoothed her skirt and then laid on her back, taking most of his weight on his arms. She held out a hand for Cody to join her on the bed but feeling there wasn't enough room, Cody sat on the floor by her head.

"Fuck, that was so hot," she mumbled.

"You looked amazing," Cody said.

"You both are amazing," Tommy chimed in. "Niki, when I told Samantha to bait you, I had no idea we'd all end up like this."

"Bait me?" Niki murmured, exhausted and content. "Bait me how?"

"I had her tell you all that stuff about how good I was in bed and how big my dick is. I wanted you curious, wondering what sex would be like with me."

"Well done," Cody said, when Niki remained silent.

"Thanks," Tommy replied. "I had no idea we'd end up in a threesome."

Niki remembered the conversation with Sam and how she'd felt after. She had to admit Sam succeeded in making her curious. Sam had played her perfectly, pushing, but not too hard, teasing and joking. She let Niki come around to the idea instead of ramming it down her throat. Shitty thing for a friend to do but Niki couldn't complain.

It led me to this moment, she admitted.

She reassuringly squeezed Cody's hand. Tommy still filled her tunnel and she enjoyed the sensation of holding a soft warm dick inside her.

How long before Tommy gets hard again? she wondered, clenching her muscles around his spongy cock.

Chapter 15

Tommy came over every night the following week. Cody expected Niki to get sore but if she did, she hid it. She was ravenous, stripping the moment she got home and remaining naked until Tommy left late that night or the next morning. Cody loved watching them together and they were happy to accommodate. He felt anguish each time Tommy made her orgasm but that wasn't enough to ask them to stop. He couldn't get enough, stroking fast and cumming along with her.

After Tom left, Cody would gather Niki in his arms and they'd kiss like eternal lovers, a strange romance and intimacy washing over them in waves. Sometimes Cody would add his load to Tommy's and sometimes he'd kiss a trail down her body and eat her until she screamed from another climax. Sometimes he'd join her in bed and they'd snuggle, falling asleep together, Niki's womb filled by another man.

"I hate myself for loving it so much," she told Cody. "But there's nothing I can do."

Cody shrugged. "I feel the same way. It's like we've discovered a new drug and become addicted. You love the sex and I love watching you

love the sex."

She giggled and threw herself into his arms.

On Saturday morning, Coach called to tell Cody he'd made the team. An hour later Niki got the call from her squad leader that she'd qualified as well. Joy filled the small apartment. Melvin heard them playing music loud and dancing and came to investigate, spending the afternoon in celebration. He cooked lunch and they all drank and talked. Tommy called, inviting Cody to a celebration party for all the guys that made the cut. Samantha called Niki and Cody eavesdropped.

"That sounds great," Niki said. "I'll be there."

"Party invite?" Cody asked.

"Yep. Same party as yours. We go separately? Same as last time?"

"We made the team," Cody said. "Do we still need to do that?"

Niki looked at him funny. "Everyone has seen me with Tommy now, Baby. He's bragged to all your teammates about banging me. You sure you want to show up as my husband?"

"Shit. Good point. I guess we continue our game."

"Until Tommy gets cut and you replace him."

"Or the Ravens invite me to camp."

"I like that idea better," she giggled.

Niki began cleaning up and Cody leaned against the wall, watching. Eventually she noticed and turned. She smiled at her husband.

"I want you to fuck Melvin," Cody said.

Her jaw dropped.

"No," he corrected. "Not fuck. I want you to make love to Melvin."

Her face softened. Water filled her eyes.

"You are such a sweet man," she said, moving close to kiss him. "I don't know if I can do that but you're an angel for even thinking it."

"I'm serious. Afterward he could die happy. I've seen the way he looks at you. Not lustfully but with adoration. It would do us all a world of good. Think how close we'd be after."

Niki squeezed her man.

"Tell me you'll think about it," Cody said.

She squeezed harder.

"All right," she said. "I'll think about it."

Chapter 16

The party was at a different house this time. Niki heard the owner of the Brigade owned six homes in and around Baltimore and used this one to entertain his team. She'd taken an Uber to the house, arranging to meet Samantha there. Tommy and Cody were required to ride the team bus. There would be no embarrassing DUI arrests or accidents by players.

Niki saw several girls she knew and moved to the living room with them, talking excitedly about their future. They were still talking an hour later when Samantha appeared and introduced her new fiancé, Doug. She held up her hand to show all the girls her ring. When Otis lumbered by, Samantha hardly noticed.

Niki did, and she remembered what Cody had seen that day in the shower.

Another hour passed before Niki saw Tommy in the kitchen. They met in the doorway, kissing briefly for appearances, then hugged and went separate ways, telegraphing to everyone they were not a couple. Niki saw Cody talking football with a handful of guys but she sailed by as if she didn't know him. Pretending to search for a bathroom, she wandered ever deeper into the house. Otis had disappeared a while ago and so had Tina, a notoriously slutty cheerleader.

That's when the idea came to her.

She continued her search, coming at last to a bedroom door. She heard muffled gasps and moans and stepped through without knocking. In the dim light, she saw naked Otis, a giant mountain of a man with a cock to match, leaning against a dresser. Tina jumped up quickly, apologizing and gathering her clothing around her.

"I'm so sorry," Niki said. "I was looking for the bathroom."

"Two doors down!" Otis barked, annoyed at the interruption. "Tina, wait."

Tina did not wait. Otis began stuffing his erection into his pants.

Niki approached. "I'm sorry to cock-block you, Otis."

"How do you know my name?"

"Most the girls know your name. Word gets around."

The big man stood tall. "Is that right?"

"What do you think brought Tina in here? She already knew about you. I feel bad, though. I can't right now, but let me finish what she started. Would you like that?"

"Fuck yes. You're Tommy's girl."

"I'm my own woman but yes, I was Tommy's girl. I'll let you know when to meet me and I'll take care of you."

Niki exited the room and returned to her friends. When Samantha finished her wine, Niki refilled her glass. In fact, Niki made sure Samantha never ran out.

"Are you trying to get me drunk?" Samantha finally asked.

"I'm trying to get *us* drunk," Niki joked.

The evening wore on and the party grew louder. A few girls took off their tops and several men jumped into the pool naked, including Otis, creating a splash large enough to soak those sitting nearby. Niki stuck close to Samantha and when the wine finally caught up to her, Niki guided her friend to the same bedroom where she'd interrupted Otis. She pulled off Sam's top and helped her get on the bed.

"Just close your eyes for a minute until you feel better," Niki said.

"What if someone walks in?"

"Don't worry. I'll keep an eye on the door. Just close your eyes and rest."

"Wait," Samantha slurred. "Take off my skirt and shoes too. Why'd you give me so much wine?"

"We're celebrating, silly," Niki said. "Also, so I could get away with this."

Niki leaned in and kissed Samantha on the lips. Surprised but recovering quickly, Sam returned the kiss until the spinning room made her reach for the bed.

"Find Doug and tell him where I am, okay?"

"Of course," Niki said.

Niki helped Samantha undress and then gazed down at the intoxicated girl. Her plan was ruthless. Carefully closing the door, Niki sailed through the house until she intercepted Doug. She explained Sam was drunk and resting.

"I should go be with her," Doug said.

"To watch her sleep? Nonsense. Stay with me. Sam never told me you were so handsome. How did you two meet? I know she loves you so much. She talks about you all the time."

"She does?"

"Yes."

Niki slipped her arm through Doug's.

"Would you mind escorting me to the kitchen? You'll help keep the boys away."

"I'm happy to," Doug said.

Niki had worn black yoga pants and a small white top to the party, and she'd caught him steal glances at her tits. Poor Doug had no chance.

After the kitchen, she led Doug to the front of the house and then announced she was going to check on Sam and asked Doug to hold their seats. With Doug secured, Niki excused herself and circled through the house. Cody watched her zip by, fully aware she was up to no good. He knew the look in her eye.

Niki found Otis in the backyard, a towel wrapped around his waist.

"Meet me in that bedroom again," she whispered in his ear. "Don't turn any lights on. I'll be on the bed...waiting. You can be rough. I want to feel your strength."

She hurried away, sure Otis would waste no time. She slipped into the bedroom again, listening to Sam breathe deep, and knelt near the girl, partially hiding behind the bed. Soon the door opened and Otis's massive bulk filled the space.

"Over here," Niki whispered. "On the bed. Lock the door and be quiet. Take off my bra and panties. Give me that big cock."

Her heart raced. As she heard Otis approach, she backed away. She heard his towel hit the ground. His searching hands went to the bed and soon discovered Sam.

"Take my clothes off," Niki said.

Fabric rustled and Samantha groaned. Niki climbed on the bed, finding Otis's huge arms in the dark.

"Hurry," she said, grabbing his crotch. "Let me get you hard."

She ducked her head and stuffed his fat dick in her mouth, shocked at the thickness. Working the first few inches, she let Otis maul her with his big mitts. He responded quickly, eager to fuck Tommy's girl. For the first time, Niki considered her plan might work.

"Roll me over and fuck me."

"Okay," Otis mumbled, obviously buzzed.

Niki felt the bed shift. Otis was breathing hard. She moved aside at the last second, releasing the man's pendulous cock.

"Put it in!" Niki hissed.

Samantha grunted. The bed creaked and Niki scampered off, kneeling. The bed began to move rhythmically and Sam moaned. Otis pinned the girl to the mattress and worked his cock. Certain Samantha was about to wake up and freak out, Niki slipped from the room, looking back as the open door cast just enough illumination: Samantha trapped on her stomach, Otis behind the girl and working his big cock in and out. This time Sam would be sore. Niki closed the door carefully.

"What have you done?" Cody asked.

Niki's head whipped around.

"I know you're up to something," he said. "I know that look in your eye. Are you meeting Tommy in that bedroom?"

Niki checked to make sure they were safe. "No," she said. "Otis is fucking Samantha. I tricked them both."

"What?" Cody looked stunned.

"I'm tired of bitches lying to me," she continued. "I'm too nice and mean girls think they can use me and have a good laugh. Not this time. This time I got revenge. Sammy will think twice before trying to trick me again."

"I thought you were happy with the way things turned out?"

"I am, but Samantha played me. She could have been honest. I might have fucked Tommy on my own."

Cody stepped back. "Oh, is that right?"

"Maybe. But she should have told him to fuck off, she's my friend, and she's not going to lie for him."

Cody looked over her shoulder. They'd already been talking too long. He wanted to move on before people noticed.

"What do you mean you'd fuck Tommy on your own?"

"What I mean is he read the *Gazette*. That's all he needed to blackmail us. He could have left Sam out of it. We'd be in the same place we are today."

Cody realized she was right. "What about Doug?" he asked.

"I'm on my way. I'm giving him a blowjob, just to put icing on Sam's cake."

"Damn, Nicole. Now who's the mean girl?"

"Me. I like it."

A long feminine moan floated through the bedroom door, followed by loud gasps. Samantha was cumming hard.

"Maybe I should go back in," Niki joked, eyebrows bouncing.
"Seems her punishment ain't so bad."

"She might be enjoying herself now," Cody warned. "But when it's over, she'll be pissed. They'll figure out what you did."

"That's fine. I'll remind her what *she* did. It worked out okay but Samantha could have destroyed my marriage."

"She knows our secret."

"Doesn't matter. She'd be humiliated if people find out about her and that big ape Otis. I'll make sure she keeps her mouth shut."

Through the door they heard Samantha groan like Otis had pushed the thing up behind her lungs. Niki smiled.

"Time to find her fiancé," Niki said.

There was nothing to say so Cody said nothing. Niki disappeared down the hall. Cody watched her leave, aware his wife had changed in many ways.

He wandered into the kitchen and mixed the strongest drink he could. Nathan was there and they started talking football. The minutes piled up. Cody wondered if Niki was following through and got the now familiar tingling in his balls. Was she sucking Doug at that very moment? Cody realized he oddly hoped so.

An hour later Nathan moved on to chase Tina and Cody drifted towards the bedrooms once more. He had no idea what he planned to do. He told himself he was just checking on Niki, making sure a potentially volatile situation had finished without incident. Doug seemed mellow but you never know.

The first rooms were empty. The door was closed to the room holding Samantha and Otis so Cody pressed an ear and listened, surprised to hear Sam and Otis still fucking. Sam moaned, sounding very much like Niki, and Cody suddenly worried things had gone terribly wrong. Was Niki with Otis? He opened the door and quickly stepped inside. The dim glow from the hall was enough for him to see outlines.

Otis was a mountain. He hung over the girl, one of her legs pinned under his ankle, the other over his shoulder. She looked like a wishbone. His enormous cock thrust in and out, coated with the cream of their repeated matings. How many times had he filled her? Samantha looked wrecked, hair a mess, tight body covered with sweat. Her face was twisted

in agony but judging by the sounds she made, what she suffered was intense pleasure. Otis roughly grabbed her tits and Samantha groaned.

"Cum again, slut," Otis demanded, fucking faster.

"No more," Samantha begged. "I can't."

She begged, but her body kept moving in time with his. She lifted her hips to capture every inch of his pounding cock, Doug long forgotten. Otis leaned over and chewed her nipple.

"Yeah," she groaned. "You fucking animal. Fuck me hard."

Cody quietly backed from the room. He closed the door and shook his head, knowing he'd never forget seeing Samantha that way. He continued down the hallway. Each door was open. He peeked inside the rooms as he passed, growing ever more certain Niki had finished with Doug and moved on.

He checked the last room at the end of the hall and stopped dead.

Niki rode Doug atop the bed. The lights were low but Cody saw others, male and female, gathered around to watch. Niki's yoga pants and sports bra were gone. She massaged her tits as her hips rose and fell. Doug gazed at her, spellbound, marveling at the hot young vixen fucking him. She was sweaty, which told Cody what started as a quick blowjob had built into a long fuck session. Doug's penis was average but hard as glass, gleaming with Niki's juices, and she slammed her hips with feeling.

"What's going on in here?" a soft voice murmured.

Cody jumped. Tom had crept up behind him, peering over his shoulder and into the room.

"Look at our girl," he whispered. "Who's the lucky guy?"

"Samantha's fiancé," Cody admitted.

Tommy gave him a hard look. "Oh," he said. "I get it. Revenge served cold."

"Yeah," Cody said.

The men turned their attention to Niki. She'd lifted a knee, exposing Doug's cock as she fucked him, and slowly pumped her pussy up and down. The guys watched in silence for a moment, a grin spreading across Tommy's face.

"I think she needs more attention," he said, moving into the room.

"Can't let Doug have all the fun."

Tom approached the bed and a murmur swept the room, many wondering if Thomas was about to explode with rage because Niki was his

girl. When he reached the head of the bed he twisted fingers in Niki's hair and pulled her head down. Her eyes flashed wide in surprise then softened when she realized it was Tom. He continued, guiding her head down to his crotch. A quick unzip and Niki obediently slipped the big man in her mouth.

"Well if it's like that," Nathan said, pulling away from the shadows and leaving Tina behind. "Then I want some too."

He undressed as he approached the bed, climbing onto the mattress. He stuck a finger in his mouth to wet it and pushed it up Niki's ass, bringing a cry of shock and surprise from the girl.

"Hold on," she gasped. "No way. That's not-"

Tommy shoved his cock in her mouth. Nathan finger-fucked her little hole while Niki struggled. Doug held her hips and Tommy held her head. Penetrated in three places, Niki thrashed between the men, helpless. Tommy drove another inch and Niki was forced to concentrate on the cock in her mouth. Doug did the same, arching his hips to bury as much dick as he could. Each time Tommy fucked Niki's throat her pussy constricted and Doug loved the sensation. Tommy held her head and tried to work beyond her tonsils.

Nathan left his black finger fucking her ass, enjoying the girl's whimpers, but moved his cock to her sphincter, preparing to penetrate. Niki had no idea the fate that was coming for her and Cody dare not shout a warning, since he wasn't supposed to know the girl. Why should he care about one random cheerleader?

Nathan held his dark cock to her asshole and gripped her shoulder with his free hand. He dipped the tip of his dick to Doug's shaft, wetting it, and then carefully traded his cock for his finger. His dark meat began to sink into her ass. Niki barked a strangled shout around Tommy's cock but the men just laughed. Nathan fed her hole and Niki's yells became groans. He withdrew a bit, then sank more. Her snug ring squeezed the black cock, quivering. For several minutes the men lost themselves to the pleasure of her body. Finally, Tommy spoke.

"Gentlemen," he said. "Let's try to meet in the middle."

Each man pushed himself as deeply as possible, stuffing Niki with hard cock, working themselves into the heart of her. She writhed in their grasp, trapped and stuffed. Cody fought the urge to rescue his sweet wife, reminding himself of the plans they'd made. He told himself if he interrupted now, Niki would be angry later.

Tommy withdrew to feed Niki his balls and she took the moment to snarl at them.

"Jesus Christ you fuckers!" she exclaimed. "I'm not this kind of girl. I don't want-"

Tommy slapped his cock on her tongue and pushed, filling her mouth again. She smacked his thighs but he only laughed, holding her head and attempting to fuck her throat. She resisted.

She battled, but the war was already won. Bit by bit the sensations arriving from her pussy and ass were growing too strong to ignore. She was surrounded by men, submerged in masculinity. Three hard penises demanded her attention and that affected her on a primitive level.

Her expression changed, shifting from annoyance to acceptance to desire. She felt their firm inches probing and pumping. Some deeply buried part of her welcomed their intrusion even as she fought the men. Her body was responding despite the outrage of her mind. She struggled internally for several long minutes, writhing against the men that held her, unintentionally working them, inadvertently sending ever greater shivers of pleasure coursing through her.

Cody saw her break. Her struggles turned from sharp and sudden to smooth and slow. Her face softened. Her hips and ass began moving *with* the men using her. Soon Niki welcomed each cock. She sucked hard on Tommy because it was Tommy and she adored his penis. He allowed her to work her magic, relaxing her throat and gradually easing every inch down her gullet. People watching murmured as her lips slithered down his shaft, eventually reaching his sparse pubic hair.

"Fucking-A," a feminine voice muttered from the darkness, clearly impressed.

Niki changed gears. Her resistance evaporating, she began rocking her body between each man, working their dicks, learning which rhythms worked best, milking them. She smiled around Tommy and closed her eyes, savoring the stuffed sensations washing over her.

This was far beyond anything she'd ever imagined, far beyond anything she'd ever pictured herself doing. She'd never even imagined herself with more than one man at a time, yet here she was, cock in every hole, and with an audience.

"Her pussy's gushing," Doug said from below.

"I can't hold back," Nathan coughed. "She's crushing my dick."

Niki compressed her ring around his black shaft and Nathan gasped. Suddenly he gripped her hips and pumped faster. His breath turned ragged and he struggled to keep a tempo. An instant later he cried out, throwing his head back as he shot her rectum full of black seed.

"Goddamn!" he snarled. "Fuck, yeah, fuck."

Cody watched his best teammate fill his wife's ass.

Nathan can never know, he thought. Never.

The young black man pulled his softening penis out of her tight hole and staggered away, teammates catching him as he stumbled from the bed. Another black man, a defensive player Cody barely knew, stripped and took his place, aiming his hard dick at Niki's exposed asshole. She felt him back there and tried to see who but Tommy held her head with both hands, fucking her mouth.

"Wait!" she managed to gargle before Tom pushed his cock deep.

She yelped when the new cock penetrated her ass. She resisted, trying to twist her ass away, but the men held her. The new guy buried his dick until his balls rested on Doug's and Niki arched her back and growled. Mind-boggling waves of pleasure swamped her. Throbbing cocks filled every hole and she felt those inches intensely.

The crowd had moved closer and she saw men everywhere. She wondered how she must look. What did they think of her? She sucked hard on Thomas and clamped her ass and pussy around the other men. The slut was awakening, excitement and exhilaration growing each second. As her gaze swung around, she saw a standing mirror against the wall.

"Bring me that," she said, temporarily pulling her mouth off Tommy. "Put it by the bed. I want to see."

A few guys laughed but one man brought the mirror closer. Niki turned to watch herself. Her naked body serviced three men at the same time, all of them moving together. She grew wildly aroused by the sight.

"Fuck me," she muttered, barely able to contain herself.

Tommy slammed his cock in her throat, causing her eyes to water. She continued watching herself, mesmerized. Her tight body looked so small next to theirs. Their muscles flexed and coiled. They sweat and grunted and strained in their efforts to fuck her, lost in lust and desire. They craved her and she welcomed it.

Nearby, Cody leaned against the wall. He bounced between concern, amazement, and shame. He split his attention between watching her and

watching the crowd watch her. He was grateful only Sam and Tommy knew Niki was his. That was humiliating enough. Niki's initial defiance had faded and she now worked the cocks buried in her without a shred of disgrace.

He hated admitting the awful truth, but she looked hot. Cody was hypnotized by it all. Niki was a slowly undulating animal, sensuously moving between her men, milking each shaft, performing for the stunned crowd. Cody ached to fuck her, torn between a runaway desire to put his hands on her and desperate need to keep watching. He loved those cocks moving in and out. He loved her gasps and moans. A small voice told him he should be disgusted with his wife but a lion roared that Niki looked sexier than ever.

From below, Doug moaned and pushed his dick all the way in.

"Almost there," he groaned.

He excitedly sucked a nipple, nibbling and licking the areola. His hips rose and fell, his face contorted with pleasure.

"Almost there," he repeated, his voice a strained whisper.

Niki felt him expanding in her tunnel, understanding he was about to ejaculate. A jolt shook her mind: Samantha's fiancé was about to cum in her. After tonight, nothing would be the same. Her body tightened. Sensitivity shot through the roof.

She realized she was about to climax.

"Give it to me!" she begged.

Encouraged, Doug pumped faster. Niki's pussy was fluttering along the length of him, coaxing and teasing, and several moments passed before he realized he had her close to orgasm. Electricity raced through him. He hammered his dick into her hole and the whole room watched in amazement as Niki came hard. Tommy laughed.

"A gangbang orgasm!" he shouted. "She fucking came!"

Doug felt her spasming pussy tremble up and down his dick, driving him over the edge. He slammed deep, pulsing as he began to spurt.

"Take it!" he yelled, exploding.

Tommy kept Niki balanced as Doug jerked and convulsed. A wave of sexual tension swept the crowd. Cody watched in agony, staring at Doug's tight balls and throbbing dick, watching as sperm flowed into Niki. He thrust high, straining to give Niki every drop.

At last Doug collapsed to the bed, depleted dick flopping out, followed by a rush of milky semen. Doug shook his head, snapping back to

reality with post-orgasmic clarity, suddenly realizing Samantha, his brand-new fiancée, may be watching. He wiggled out from under Niki.

"My turn," Tommy exclaimed.

He lay on his back, positioning Niki over him, and everyone watched as Niki took him in hand and lined him up, holding herself over the tip. Doug's sperm oozed from her slit and dribbled over Tom's head and the crowd murmured.

Cody's nuts tightened.

What has happened to Niki? he wondered.

He took a deep breath. Niki grinned, glancing at the faces all around, then sank her dripping pussy onto Tommy's veiny pole. The black man behind her pushed her onto Tommy's chest, exposing her winking butthole and strained pussy. He dabbed his dick head in the excess semen to lube it, then sank his hard, ebony cock in her ass. Niki arched her back, groaning loudly. Tommy was larger than Doug and Niki especially felt that difference now, with a man in each hole.

A fat, hairy, offensive lineman stepped from the crowd and stuck his dick in Niki's face. Her eagerness to suck the man surprised Cody. Long strands of saliva dripped as she worked the shaft and balls, licking and sucking. The man lasted only a short time, holding her head and pumping hot cum into her mouth. Niki moaned feverishly, gulping everything he had.

After that, the dam burst. If Niki would enthusiastically pleasure a man like that, then everyone felt they had a chance with her. Men left the shadows, each taking their turn, fucking whatever hole was available. She welcomed all, lost in a decadent haze. Each time she reached, she found a man. Male bodies swarmed her. Strong arms and muscular legs and ripped abs surrounded her. She lost track where one man ended and the next began. Hard dicks brushed her face and back and thighs. Balls grazed her lips, rested on her chin. She was immersed in masculine presence, engulfed and encircled.

"Oh my God!" she wailed, overwhelmed.

Each man brought a new and unfamiliar cock. Niki had several lovers before marrying Cody but now, in just a few hours, she doubled, tripled, quadrupled that number. Awash in an ocean of exotic experiences, Niki gave herself up. She orgasmed often and loud.

"Come on, Cody!" Tommy called. "Get some. We won't tell your wife."

Niki turned bleary eyes on her husband, wondering what he'd do. Cody inspected her heaving body. The men drilled her, pumping her tight holes, eager to dump their loads. Could he join them? Could he use Niki like they did?

While he wrestled with his decision, Clint, a defensive player with jet black skin, erupted down her throat, blasting hot semen over her tonsils. Niki sucked hard, draining the man's balls. Goo spilled from her mouth and soaked the bed. Cody watched her gulp sperm enthusiastically and his choice was made. He quickly undressed, bringing his penis to her empty mouth.

"That a boy," Tommy teased. "Do it for the team."

Cody stood on the bed and aimed his dick at Niki's face. She smiled sheepishly, vaguely remembering good wives ought not to behave this way. Her hazy eyes tried to focus. Then her gaze landed on her husband's erection and the fog vanished. He was guilty too. She wasn't doing this to him. They were doing it together. Niki laughed and grabbed his dick. She welcomed every cock. Cody eased in and she sealed her lips around his shaft, just another dick to be emptied.

Cody could not believe what he saw. Niki wanted every man in the room. She sucked hard, swirling her tongue around his crown the way he liked, bobbing her head, trying to make him climax so she could move on to the next man. He suspected she did the same to every man, mouth, pussy, or ass. She rubbed her tongue on the underside of his penis, coaxing his load. Cody grabbed her head, gazing into her eyes, taking in the enormity of what they did. He knew their sweet little marriage would never be the same. Tommy began grunting from beneath, chasing an orgasm, and the sounds excited Cody.

"He's going to cum in you," he told Niki.

She clenched her pussy around Tommy's inches.

"I know," she mumbled. "I'm trying to make him."

Cody groaned. His balls tightened and his sperm shot and Niki eagerly teased out more, chuckling. Tommy suddenly arched his back.

"Fuuuuuck!" he bellowed, blasting the first shot far up into her. "God!"

He rammed his thick cock over and over, firing hot jets, inseminating hot little Niki. Cody joined his groans as both men filled the

girl from each end. Dimitri, the strength training associate coach and the man fucking her ass, laughed wildly as he ejaculated into Niki's bowels.

Niki howled and stiffened, feeling hot loads pumping into her from everywhere. Cody fucked her mouth until he had no more to give and then stumbled from the bed. Tommy wiped the sweat from his face and maneuvered out from under the girl. A black player Cody did not know flipped Niki on her back, then moved between her legs and slid his cock into her sopping cunt. Niki was startled, face to face with a black man for the first time. She smiled and she curled her legs around the athlete's waist. A player who'd already cum stood over her face and offered his soft dick, which Niki happily sucked, until he was shoved away by a man with an erection. Legs weak, Cody leaned against the wall. Niki was lost in an orgy of hard dicks and hard bodies. She was smothered in male flesh.

Some men left the room without participating but most left only after they'd completely emptied their balls. The crowd dwindled until only Niki and a giant offensive lineman held the bed. Tommy and Cody watched from a corner. When Philips, the lineman, finally blew his load in her pussy, he slid from the bed and pulled his pants on. With a nod to Tommy, he left the room.

Cody dropped into a chair. Niki lay on her back, gazing blankly at the ceiling, legs spread wide, delicate fingers probing her tender pussy. Sperm leaked from her slit and ran down to join the trickle oozing from her sphincter.

"Had enough?" Tommy asked.

Niki chuckled. "No. If you have more men, bring them."

Cody shook his head. Tommy laughed.

"You've had them all, Love," Tom said. "Word spread about the hot cheerleader in a back bedroom taking all comers. Every man that wanted you had you. There few that did not."

Niki stretched her body like a cat, and, like a cat, she purred. Cody heard raised voices and peeked into the hallway where Samantha and Doug, both naked, argued angrily. Sam stormed off and Doug dutifully followed, trying to explain.

"I guess Niki got her revenge," Tommy mumbled.

Cody looked at his smug wife on the bed.

"I'd say she did," Cody agreed.

Tommy put his arm around his backup quarterback and led him from the room.

"Let her rest," he said. "You and I need to discuss how to read defenses. You're like a genius or something. How do you do it?"

Cody let Tommy lead him to the kitchen and shots of whiskey.

Chapter 17

Niki rolled on her side, back to the door, glad to finally be alone. She slipped a finger between her legs, awestruck by the amount of semen which flowed from her. Her mind still wrestled with the shocking truth she was, in fact, *that* kind of girl. She'd loved getting gang fucked. She felt some shame but not nearly as much as she expected. Her pussy tingled with phantom penetrations. Her nipples throbbed. She reached farther under and probed her puckered anus, stunned she'd allowed those men to fuck her ass. The pleasure had caught her by surprise so she'd given in quickly, but more shocking was the idea. Anal sex had never been on the menu. She'd never allowed a man in her ass. These men had taken her choice and she was happy for it. She imagined how she must have looked and smiled.

Cock-loving slut.

She closed her eyes, replaying the scenes in her head. Poor Cody. He'd need lots of reassurance once they got home. How could he face the guys in the locker room? They'd all had his wife. Cody would be perpetually mortified.

Monday's practice will be interesting, she thought. I bet I fucked most of them.

She felt the bed move behind her and smiled. Her husband, no doubt, coming to check on her. She turned.

Otis loomed over her. He had one massive hand on the bed, virtually caving in that side, the other hand stroking his enormous cock. He was an ugly man, and he stared at her with barely controlled lust, a desire almost feverish. Niki was terrified. Yet her command to stop died in her throat. His longing gaze burned her skin wherever it landed. The giant man wanted her, badly. He was an ogre wielding a colossal weapon but her fear fueled something new, something reckless.

She eased back, nervously spreading her legs. His was uncircumcised, bigger than Tommy's, and weighted with hefty balls. She

knew he'd probably hurt her but she wanted it anyway.

"You're so hot," he slurred, breath reeking of alcohol. "I watch you. On the field. All day Coach yells at me to concentrate but you're so hot."

Niki smiled weakly, trying to listen but utterly distracted. His cock filled her vision.

Otis moved higher on the bed. Before he could speak again, Niki reached for his heavy dick, pulling him to her face, guiding the plump head to her mouth. Otis groaned, amazed to see his head slip in. The man was too thick to take much but, surprisingly, that made her desire to feel him inside grow. She slathered his inches, tasting Sam's pussy from only an hour ago, until he was dripping spit. She pushed him away, lifting a leg, aiming her sopping cunt at his face. He misunderstood and crouched, intent on eating her. She stopped him.

"Not a good idea right now, Big Man."

She tugged his cock around her leg and towards her waiting pussy. His eyes went wide with understanding.

"That's right," she rasped. "I want this inside me. Fuck me like you fucked Samantha."

Otis moved his bulk over her body. He'd been confused earlier when he discovered Sam in the bed and not Niki, but here was Niki now, ready and willing. His arms took his weight and he lowered himself, Niki almost vanishing beneath him. She rubbed the fat head around her messy vulva, locating the dent of her hole, and then held him there, tugging his massive shoulder with a free hand.

"I want the same dick Sam had," she gasped. "Cum in me. We shared Tommy. Now we'll share Otis."

The giant had no idea what she went on about but the heat from her pussy drove him insane. His cock, now creeping in slowly, spread her labia far apart. Niki exhaled as the big dick filled her, thankful for the slippery cum lubricating her tunnel. Otis expanded her cunt, stuffing her with more cock than ever, polishing her clit as he sank deeper. The intensity shocked Her.

"Jesus! That's good, Otis. Just like that. Fuck me. Stretch my little pussy."

Niki tried to wrap her legs around the man's waist but he was too big so she pulled her knees up to her tits. That tightened her pussy around his girth, intensifying her sensation of fullness.

"Otis," she whimpered. "You're gonna make me cum already."

Otis grunted and began pumping. He lacked style and grace but Niki didn't care, just like she didn't care he was unattractive. He burned with desire for her and she wanted to quench his thirst. He rubbed deep places, dragging hard inches over sensitive nerves. He left her breathless, each moment fucking a little harder and faster. He lifted himself over her, pounding her until she wailed in orgasm. She clawed his big rounded shoulders, clamping her pussy around his conquering prick. Her cunt felt ready to burst. She humped her hips, extending her strong climax.

Her enthusiasm was too much and Otis buried his face in the pillow, grunting and groaning when his balls erupted, fat hose spraying hot cum into her uterus. Her eyes rolled and the room spun and her gaze flashed across Cody standing in the doorway, watching. He'd come to check on her, like she knew he would, but found Otis fucking her into unconsciousness instead. She wailed at her husband before sinking into cool blackness.

Chapter 18

She awoke, alone and oblivious to how much time had passed. Already stiff and sore, she flexed her legs and touched her fingers to her mouth. The room smelled of sex. Her tongue tasted like sperm. Her pussy and asshole ached. She explored with delicate fingertips, discovering semen oozed from both. A quiver ran up her back. How many men fucked her tonight? She had no idea. Aside from Cody, one handsome black face, and the beast named Otis, she remembered little else. She knew she'd meet guys from their little world and be unaware if they'd had her or not. They would know, but she wouldn't, and that excited her.

She pushed two fingers into her pussy. White syrup flowed across her knuckles followed by a rush of heat. Shocked she was already horny again, she wished another man waited to fuck her.

She decided Cody must have left with Otis, so she climbed from the bed. She found her yoga pants and bra crumpled against the wall and dressed before leaving the bedroom.

Few people remained in the house. Two naked cheerleaders shared a bed. A naked football player slept in the bathtub. Tommy was gone.

Niki found Cody sleeping on a couch. She quietly woke her husband. Outside and down the block, they called an Uber.

They arrived home exhausted. The sun was beginning to light the sky as they climbed the stairs to their apartment. Melvin opened his door but after one look waved and told them goodnight.

Cody undressed but Niki fell onto the bed with her clothes on. He carefully stripped his exhausted wife as she watched him through tired eyes.

"I fucked everybody, Baby," she said.

"Yes, you did."

"Are you upset with me?"

He stared at the carpet. "No."

"What are you feeling?"

Cody tugged her pants off, followed by her top. Her body was a mess. Her nipples were red and her pussy raw. Sperm leaked from her asshole and vagina. A tsunami of emotion suddenly boiled from deep within.

"Oh my fucking God, Niki! What the hell just happened? That was *insane*."

Niki recoiled, fearing his anger.

"I'm so fucking horny," he said. "I'm not jealous or mad or scared, I'm just horny. Crazy horny. You looked amazing tonight, Baby. My mind is blown. You're sexual. I've always known that. But tonight I learned so much. I learned about you but even more about me. I love watching you fuck."

"Some of those guys will think they can fuck me again."

"I hope they do. We'll need to be extra careful because I would be humiliated if everyone found out, but I hope we try this again. Training camp is over and the new season set to begin, so we're trapped in our secret for now. We'll need to continue our charade until the season ends. After that, I don't know what we'll do."

He watched Niki stretch the length of her body, tired but grinning.

"Do you want to fuck some of those guys again?"

"Yes. Baby, I do. My pussy already feels empty."

She smiled at her loving husband before slipping fingers into her dripping cunt.

"You said you liked watching me?" she asked.

"I did."

"We're a couple of voyeurs. I've always enjoyed watching you shoot but tonight I discovered it's more than that. I love making men cum. I loved

feeling them go off inside me. The sounds they made drove me crazy."

She stuck her dripping fingers in Cody's face.

"I carry all that semen inside," she continued. "I swear I feel their sperm changing my hormone levels or something. I feel especially feminine and womanly. That's rare for me. Usually I feel athletic, like a tomboy. With all this liquid sloshing inside me, I feel desired and attractive. I had no idea so many would want me."

Niki and Cody crawled to the center of the bed. Niki hugged her husband tightly. Cody stroked her head, gently soothing. Her pussy rested against his thigh and he felt the tiny trickle of semen escaping her, the constant dribble of fluid. He hoped he got hard again soon. The idea of fucking her used cunt set his mind on fire.

Chapter 19

From the sidelines Cody saw the defense break into a three-four eagle. He told Coach Brown and the man sent it out to Tommy over his headset. Tom called the huddle and announced the play. The defense's cornerbacks were well above average so this coverage made sense but something nagged Cody. One of the inside linebackers had too much weight on his forward leg and he'd noticed the same linebacker doing something similar on film. Cody suspected instead of a deep drop, like the coverage called for, the man would blitz. He shared his thoughts with Coach as Tommy broke the huddle.

"Watch fifty-six," Coach Brown said into the microphone. "Cody says blitz."

Tommy changed the play to hold the running back for added pass protection. The ball was snapped and the linebacker came fast, only to be taken wide by the fullback. Tommy's pass sailed thirty-three yards to Nathan. First down. Tommy gave the sidelines a thumbs-up and Coach slapped Cody on the helmet.

"Fucking Einstein!" he yelled.

Cody beamed. Seven plays later the Brigade scored a touchdown, putting the game out of reach for good. They were now six-and-oh.

The locker room was boisterous, with players laughing, fist-bumping, and high-fiving. Winning feels so good. Cody noticed a man in Coach's office but thought nothing of it, hitting the showers with the rest of

the guys. Niki had asked about Michael, the new wide receiver from Seattle, and Cody knew exactly which details she wanted. Cody delayed until Michael was under the spray and then joined him.

"You had a great night," Cody said.

"Tommy makes me look good," the man replied, squirting shampoo onto his palm and lathering his hair. Cody took the opportunity to scrutinize the guy. No sense in waiting until Niki got him naked to see what the man had. Michael turned his hips to rinse and Cody took note. Niki would be pleased.

At his locker once more, Cody lingered, allowing the other players to leave. He and Niki still met secretly at the bus stop. Nobody suspected a thing. Tommy kept his mouth shut in exchange for occasional nights with Niki. Samantha kept her mouth shut too. She and Doug were still engaged but she fucked Otis on the sly after the game most weekends and Niki knew it.

The last player left and Cody packed his gym bag. He'd just turned the corner when Coach Brown called him into the office.

"Take a seat, Cody. I'd like you to meet James Urban. He's with the Ravens. He's going to talk some football at you."

"All right," Cody said.

"Call me Jim," the man said.

For the next thirty minutes James talked and Cody listened. At the end, the man slid a contract across Coach's desk.

"What do I do now?" Cody asked.

"Get an agent," Coach Brown chuckled.

Chapter 20

"I can't," Melvin said, raising his hands and backing away. He glanced at the front door, gauging distance.

Niki stepped closer, cutting off his escape.

"But I want you to," she said. "We both want you to."

Melvin looked to Cody for help.

"Mel," he said. "She's telling the truth. We're both into it. You're not doing anything wrong. You've got to look past your generation's way of seeing things."

Mel faced Niki again. He'd heard hints for weeks through the bathroom window but Nicole just stepped out of their bedroom dressed in the official Baltimore Brigade Cheer uniform. After two steps Melvin knew she wore nothing underneath. The cloth was tight and thin and her skirt absurdly short. She'd wear booty shorts on the field but here in her own apartment she hadn't bothered.

Her hot body rocked him. He'd seen glimpses on occasion and even fully nude once or twice, but that was at a distance and in the reflection of a bathroom mirror. Now Niki stood boldly in front of him, confident and unashamed. He tried to keep his eyes on the carpet but his gaze inevitably rose to wander her delicious curves. Cody chuckled. She lifted her arms, beckoning for a hug. Her gorgeous body made his eyeballs ache and his chest hurt. He tried so hard to see her as a granddaughter but his mind and body refused. Niki spotted the growing lump in his pants.

"Now, see, that turns me on, Melvin."

"But what about Cody?" he pleaded, dropping his hands to hide his bulge.

"What about me?" Cody asked.

He pulled off his shirt and unbuttoned his pants. He tossed his clothing on the couch, penis already beginning to rise. Niki looked fantastic and her effect on Melvin turned Cody on.

"I'll sit right over here, Mel. I may join in, although I think watching you with Niki will be so beautiful I'll want to stay in my seat."

Mel was unconvinced. Niki moved closer, sliding her arms under his. She hugged him and he instinctively hugged her too, pulling her warm firm body against his chest. The twin bumps of her stiff nipples poked his ribs.

"God," he groaned. "Niki, I can't."

Niki eased her hips against his pelvis.

"This is happening so fast," Mel said.

"Cody got signed by the Ravens," Niki murmured. "We'll be moving soon. If I don't do this now, I may never have the chance, and you are far too special to me to just leave. Cody thinks so too."

She began opening his jeans.

"I've seen the way you look at me, Mel," she continued. "I'd like to feel what those looks mean. Don't be old-fashioned."

Melvin looked down at her hands working his belt. His pants opened and she pushed his underwear down along with his jeans. He held his breath as the base of his root appeared. The clothing continued south and soon his old bumpy penis hung exposed. Thick pubic hair surrounded his balls and extended partially down his shaft. Niki curled strong fingers around his dick and pumped, forcing his clothes down his legs with her free hand. Melvin moaned. Her fingers looked so good wrapped around him. How many times had he fantasized that exactly sight? He moaned again, resistance crumbling.

"That's right," she murmured. "Let it happen."

His pants and underwear fell to his ankles and Niki cupped his low hanging balls. She saw the differences between Cody's dick and Melvin's, the firm youthfulness of her husband and the saggy lumpiness of the older man, but that only tugged harder on her heart. How long had this sweet man been neglected? She slid her hand along his vein-covered tube and felt the first pulse of life. Melvin watched her closely and she realized his fear and insecurity.

"That's a nice cock, Mel," she murmured, lifting a mass of pubic hair. "But you shouldn't hide behind this tangled jungle. Let's tidy you up. No girl wants to wade into a matted mess."

She stepped back long enough to wiggle her cheer skirt off her hips and her sports bra over her head. He was looking at her again the way he sometimes does and her heart beat a little faster. In the beginning she was sure this would be a mercy fuck but now, seeing the fire hidden behind the older man's eyes, she wasn't so sure. He was wrinkled but he was lean and if the promise of his growing penis came true, she might get more out of this than she expected. She turned for the bathroom, towing the man by his dick. Cody laughed but remained seated.

She started the shower, touching the spray occasionally to test the temperature. Melvin looked her up and down and up again, his brow furrowed with guilt and worry. She pulled the curtain aside and stepped in, extending a hand for him to join her.

"I'm too old," he muttered. "Look at this terrible body. You're an angel, Nicole. I've no right to touch you."

"I decide who touches me," she said, pulling his hand. "Tonight that's you."

She squirted soap over her breasts and lifted his hands to get him started. More soap in her palm led to a sudsy mess around his crotch and running down his legs. He stared, mesmerizing by her hot little body; strong but feminine, sleek and smooth. With each pass, he grew bolder. Soon he was scrubbing her ass-crack and between her legs. When she leaned to suck his hairy nipple, he pushed a thick finger into her smoldering cunt.

"Nnnngggh...That's good, Mel. Deeper. You be the man and I'll be the girl."

Encouraged, he added another finger to the first, amazed how tight and wet this young woman was. Her hands found his cock and balls again and she pumped him while tilting her head back, eyes closed, for a kiss. Melvin gazed at her sexy face.

Finally, ready to accept he could be so lucky, he kissed his precious angel passionately. She forced her tongue into his mouth. Their bodies drew close, pressing young flesh against old, and Mel worked his fingers until she moaned.

They stepped apart to rinse, revealing Mel had swollen to almost half-staff. Niki gave him a wicked grin and reached for her shower trimmer.

"Is this all right?" she asked.

Melvin couldn't speak so he just nodded. Niki pinched large clumps of his pubic hair and ran the trimmer down his belly, around his scrotum, and under his ass. Hair fell away. She rinsed the trimmer under the spray and repeated the process, carefully maneuvering the tiny blades. Over and over, like shearing a sheep, Niki cropped Melvin's pubic hair, lifting and circling his slowly growing penis. When she'd done all she could with the trimmer, she grabbed a disposable razor. Mel's eyes got big.

"Trust me?" she smirked.

He answered without hesitation. "Completely."

She lathered him up again and got to work, gently dragging the blades across his skin. Gradually, his smooth hairless cock and balls began to appear. Her hands worked swift and sure, lifting and turning the plump shaft, hefting his bloated leathery balls. To finish, she aimed the showerhead at him, rinsing away hair and soap. Both gazed in amazement at his near-erection. Niki set the razor aside and kissed the tip of his inflating cock.

"That's a pretty dick, Mel," she said.

She wrapped both hands around the shaft, admiring the protruding head. She slid her hands lower, exposing another inch.

"I need a third hand," she giggled.

Melvin gawked as hot little Niki came face to face with his bare cock. Blood flowed easily now. Her pretty eyes and sexy mouth were less than an inch away. She felt his growing and stiffening and smiled again, opening her mouth and extending her tongue. She squeezed with her fists and a cloudy drop oozed at the tip. She wiped it away with the flat of her tongue. Melvin groaned. She made a show of swallowing and she wrapped her red lips around the head like an octopus, enveloping the crown and creeping down the shaft until her lips met her fingers. Melvin groaned again. Niki drew a breath through her nose and slowly work his cock deeper, removing her fingers one by one. Halfway down she paused, took a deep breath, and continued, rocking her jaw and sliding his dick in.

"Oh...my...God," Melvin whispered.

He hit the back of her throat but Niki kept going, tilting her neck and taking his remaining inches. Nose pressed against his pubic bone, she exhaled and swallowed, tantalizing the shaft with the muscles in her neck.

"Oh my God," Melvin growled.

Niki gripped his thighs and forced him the last quarter inch. Her throat bulged from his meat. Melvin gazed down at gorgeous Niki engulfing every inch he had. She opened her eyes, meeting his with a naughty glare. When she was sure she held his attention, she reversed, slowly drawing her mouth up his shaft, granting him the sight of his cock exiting her mouth. When she reached the head, she held it for a moment and then, faster this time, slid to the base once more. Melvin braced himself against the shower walls. Niki bobbed slowly, holding his naked balls like a cluster of grapes, throat-fucking his bald cock like a pornstar.

"Bloody hell, Nicole. No woman has ever done that to me."

Niki giggled, pleased with herself for surprising the older man. He was growing harder and taking all of him becoming more difficult. She pulled her mouth off and draped his dick across her face. Every confident move she made turned Melvin's world upside-down. He ran his fingers through his wet hair, gazing down at the sexiest girl he'd ever seen. Her hands stroked his shaft, following the upward curve of his growing erection. As he lifted off her face she swooped under to suck and lick his hairless balls and extra sensitive skin, sending shivers running up his spine.

Cody had waited long enough. He remembered that night in the tree and how painful it was to watch Niki suck off another man. It still stung and probably always would, but God it was the sexiest thing ever.

"Second sexiest thing," he murmured to the empty living room.

Calculating that Melvin was by now under her spell, and therefore unlikely to bolt, he rose from his chair and drifted to the bathroom. The shower curtain was closed but the sounds of slurping and sucking told him all he needed to know. He moved closer and pulled back the edge.

Melvin had a foot on the edge of the tub and Niki was beneath, tonguing the old man's asshole while stroking his cock with one hand. Mesmerized, he did not notice Cody. Niki slathered her way over the man's big hairless balls and then nibbled up his shaft. The head plopped into her open mouth. She squeezed the shaft, milking another drop of semen onto her waiting tongue. Cody recognized Niki was trying to shock Mel and he agreed with her plan. Melvin groaned. His knee almost gave out when Niki pushed a slender finger up his ass.

"God DAMN!" he grunted, rolling his backside around her digit.

She sucked hard, hard enough to turn her face red and make Melvin brace himself against the shower walls again. Her mouth came off with a loud pop and she looked up into his eyes. His hard cock waved in the open air. Cody guessed the older man to be longer but his girth was substantial. The man had Cody beat. The shaft curved sharply up from the hanging balls beneath, arching back strongly, until the tip almost touched Melvin's stomach, like a crescent moon. Niki would feel this one. She saw her husband watching and playfully flicked water at him.

"Pervert," she teased.

"Guilty," he said. "Maybe you guys would be more comfortable in our bed?"

Niki turned her attention to Mel, reading him. The old man still could not accept this was happening but the window for flight had closed. Whatever guilt or worry he felt was now buried beneath the drum beat of a rock-hard dick. Niki kept her eyes locked to his and traced her wiggling tongue up his shaft until forcing it into the hole at the tip.

"You've got a nice cock, Melvin," she beamed.

"I'm sorry it takes me so long to get hard," he said. "I'm a little embarrassed."

Niki wrapped both hands and stroked while twisting her fists in opposite directions. She tugged fast, causing his balls to swing.

"I don't mind," she said. "Gives me a chance to introduce myself."

She slurped the head into her mouth again and pumped while she sucked. Mel leaned into the corner, the spray of warm water hitting his chest. Niki let the runoff wash over her face and hands while she sucked.

"Cody's right," she said abruptly. "Time for bed."

She stood but kept her grip on his dick, backing out of the shower and leading him towards the bed. Cody moved to sit in the corner. Melvin grabbed a towel and began drying Niki and she stood still to let him work. He reverently dabbed and wiped, taking his time and enjoying her incredible body. She returned the favor. She expected his erection to fade while she worked but to her surprise he stayed as hard as ever. She raised an eyebrow and looked at his dick.

"Yeah," he sheepishly admitted. "Takes a while to rise but once he's up, he won't go down."

Niki crawled onto the bed. She faced Cody, giving her husband a kiss, but this raised her ass and aimed her pussy at Mel's face. The old man licked his lips. In front, she had a feathery triangle of peach fuzz. The view from behind showed him a bald and swollen slit. He was experienced enough to see she didn't shave, she just had virtually no pubic hair.

Niki waited to see what Melvin did. She intended he got a good look at her soaking pussy but beyond that she wondered if she could drive him to act. So far she'd been the aggressor but would he take the lead if pushed? Would the sight of her eager slit force him?

Niki kissed Cody, sending her tongue into his mouth to play. She jumped when Mel brought both hands down on her rounded ass, holding her in place to shove his cock deep. She was thrilled. Mel buried his hard inches, years of suppressed lust finally boiling over. He held her butt in a steely grip and rammed his cock deep enough to bruise her cervix. Niki recoiled, gasping in pain, and Mel instantly backed off.

"I'm so sorry," he said.

"Don't worry, Mel," Niki rasped. "I can take it. Let me feel how much you want me. Fuck me hard."

Mel looked at Cody for reassurance and Cody gave him a nod. Mel held her hips again, pushing his cock, slower this time, all the way in. When he made contact, he eased his weight forward, pressing his fat head against

her barrier. Niki groaned but reached backward with her free hand to grab his thigh and keep him from retreating.

"That feels good," she murmured. "Stretch me out."

Mel lowered his gaze to her split pussy. Her young pink lips gripped him all the way around, snugly clinging. She was drenched, coating his dick with shiny wetness, caving in when he pushed and rising to a cone when he withdrew. His lumpy dick dominated her young cunt. Her smooth and curved ass fit his rough hands perfectly.

"You're gorgeous, Nicole," he mumbled.

Niki heard the adoration in his voice and shivered. She and Cody shared a meaningful look and then Mel slid his cock deep again and her eyelids fluttered.

"You can cum inside her, Mel," Cody said, surprising them both. "I want you to have her all the way."

Niki held her husband's hand. Mel started a strong rhythm in and out. Her hairless pussy enveloped him, overwhelmed him, stunned his body and his mind. He pumped faster and his hanging balls began slapping her labia, spanking her clit. She yelped at first then raised her ass even higher. Mel began to thrust harder.

Cody slipped his hand free and slid from the bed. He crawled until he was behind the old man and gazed in amazement. Otis and Tommy were bigger but neither seemed to give her as much pleasure. Melvin's sharply curving cock rubbed Niki to the point of agony, dragging across her sensitive clit, grinding her G-spot. In this higher position Mel owned her cunt. Niki filled her hands with sheets, astonishment growing on her face.

"Mel," she gasped. "Oh, Baby, that's good. That's incredible."

Encouraged, Mel fucked faster, watching her toned muscles play across her back. When she made the first whimper of impending orgasm, Mel lost control for a moment, holding her ass in place and roughly pounding his sweet angel. He returned to himself, apologizing.

"No!" Niki called out. "Do that again!"

Mel started respectfully but soon lost himself again. Here was Niki, young, beautiful Niki, head down and ass up, begging him to fuck her. He'd rarely allowed himself to even fantasize about such a moment yet here it was. He watched his cock plunging again and again, pleasing the girl, pushing her closer to climax with every thrust. He let his cock occasionally crash into her cervix again and she loved it, clawing the bed, telling him she

was about to cum. He forced himself deep enough to smash her wall several times in a row and she lost it, throwing her head back and howling on the end of his dick. Water filled his eyes but he did not slow, fucking this gem like she was the last sex he'd ever have.

Niki climaxed hard, mouth open, eyes wide Her head fell to the mattress and Melvin hammered her tight young hole. His heavy balls smashed her clit on every thrust, driving her crazy. Her shoulders twisted so she could watch him fuck and she saw the rampant desire on his face, his eyes filled with tears. Her face contorted as another gut-wrenching orgasm wracked her body.

Cody stroked fast, closer to cumming every second. Melvin was fucking Niki with desperate intensity and everybody loved it.

Mel unexpectedly withdrew his arching cock and flipped Niki to her back.

"I want to see your face," he growled.

Niki grinned and spread her legs, pointing her toes at the ceiling. She reached for him, eyes glued to his bald cock and balls. He was covered with her juices, rampant, gleaming in the light of their bedroom. He looked so hard, like he'd never go soft again. She cupped his scrotum, pulling it from underneath for everyone to see.

"You gonna give me what's in here?" she asked.

"If that's what you want," he said.

"I do. I need to get what's inside these fat balls inside me. I love making men cum. Ask Cody if you don't believe me."

Mel shook his head. "I still can't believe this is happening. I fear for our friendship."

"You're not the first," Niki said. "Don't worry so much. Cody and I have this thing we do. I've fucked other men."

She rocked her hips towards his shaft, trying to capture his cock. Cody decided Mel needed some convincing so he stopped masturbating and climbed onto the bed near her head. They kissed and then Cody planted his knees by her ears, staring the length of her body towards Mel. He lowered his ball sack to her open mouth and reached for her ankles, pulling her legs back, unmistakably offering Melvin her married pussy. The old man gazed down at the hot young cheerleader spread before him. She grabbed his curled erection with both hands, pulling him down and in, guiding his erection to her hole. Their eyes locked.

"I want it," she whimpered.

Mel sank his rigid pole into her body again, filling her, feeling her smooth, hot purse engulf him. He groaned as her tight flesh slithered around his inches. How many times had imagined himself doing exactly this? No matter. Nothing he'd ever thought was as fantastic as what he felt now. Niki was sexy beyond measure. He had such strong feelings for her and now here she was, willing and eager. She rocked her hips to better feel him in there, loving his cock invading her insides.

"You're so hard," she gasped.

Mel leaned over her body and began to work his hips. Niki's squeals and moans grew louder and he dared let himself believe he might make her cum. He pictured the moment and blood rushed to his dick, thickening and hardening him. Niki groaned as she felt him swell. His veins were ridges, strumming her nerves, driving her towards a fast and hard climax.

"Ohhhh, shit!" she yelped. "Fuck! Yeah! Aaaaggghhhh!"

Her cunt spasmed around his cock, blasting him with waves of pleasure, but he had the patience and discipline of an older man. No way would he shoot already. He may never have this chance again so tonight must count. He continued his steady pounding, feeling her cum all over him, pushing her higher with every thrust. She was gasping and clawing his arms. He hammered her hot body until his muscles gave out and then slowed, moving forward as Cody backed away. Mel rested his weight on her until she tapped his arm. He lifted to kneeling, withdrawing his hard dick like a sword. He was dripping with her excitement and harder than ever.

Niki flipped to her knees and licked away her juices. She bathed his hanging balls with her tongue and stroked his shaft.

"Do all older men stay hard like this?" she asked.

Mel shook his head. "No. I'm a bit of a freak."

"Lucky me."

Niki turned and presented her pussy from behind again and Mel pushed his cock in. He took her hips in hand and started building speed. She stuffed a pillow under her head and closed her eyes, savoring the sensation of a hard cock pumping her.

"I want your cum, Mel," she murmured. "I want to feel you shooting inside me. Cody, Baby, will you come around over here and let me watch you jack off? I want you to stroke while Melvin fucks me."

Cody hurried around the corner and knelt beside her. He played with his balls while fondling his penis and Niki stared. Melvin kept his smooth rhythm but the first stirrings of climax tingled his balls.

"I can feel it coming," he warned.

"Every drop," Niki panted. "Don't pull out. If you cum in me, we'll have been real lovers for the rest of our lives. It's beautiful."

"Turn over," he said.

She understood. From behind was sexy but this was more than sex for the old man. He wanted to cum face to face, just like she had. She lifted her hips off his dick and settled onto her back, moving the pillow so she could also watch Cody. Mel waited until she was ready and then pushed inside once more, soon climbing towards orgasm again. He leaned down to kiss her and Niki grabbed his face. Passion flared. She poured her heart into their mating.

Mel pounded her. Sperm boiled from deep in his balls and he broke the kiss at the last second, bellowing as a flood of accumulated semen burst forth, spraying like Champagne deep inside her. Niki was laughing with joy, hugging Mel as his body trembled and his testicles convulsed. His hard dick was swollen and spitting and she wrapped her legs around him, holding him deep. His kind face was twisted with pleasure and Niki was happy. She clamped her pussy around him. Mel pumped and shot until he had no more to give, then collapsed on weak arms. Niki hugged him tightly, curiously tilting her hips side to side. He was still hard. She waited for his breathing to slow and his heart to return to normal but when she clenched her pussy around him again, he was still hard. She looked him in the eyes.

"You're still hard?"

"Yes."

"Show me."

Melvin rose to his knees, withdrawing his cock. A rush of sperm followed and then he leaned back, displaying his erection. He was covered with semen and pussy juice but looked harder than ever.

"Wow," Niki said.

"Aren't you worried about getting pregnant?" Mel asked.

A gong sounded in Cody's head. His jaw dropped. He'd not even considered the possibility. Young male obsessed with football and making the team, the idea Niki could get pregnant never occurred. He felt stupid.

Niki waved Mel's concerns away. "Not your problem, Melvin. If it happens, Cody and I will handle it. Why is your dick so hard?"

Mel shrugged a little. "That's just what I do. I take a long time to get hard but then the damn thing won't go down. Gertie always got frustrated with it. Said it made her feel like she did a lousy job with me. I told her it was me, not her, but she wouldn't listen."

"Your dick just stays hard?"

"Yeah. Like a dog tying off or something."

Suddenly serious, Niki sat up, glancing at Cody, noting his far-away look. She dipped her fingers into her soaked pussy and smeared the fluids around her asshole. Without a word, she turned away and dropped her head to the bed. She reached back with both hands and spread her butt cheeks.

"Fuck my ass, Mel."

Melvin's mind did a cartwheel. Gone was the angel. Gone was the granddaughter. The old man turned fiendish in an instant, gazing at the offered rosebud. Lust boiled and erupted and Mel grabbed her hips and roughly aligned his cock. Her tight body drove him crazy as he sank into her ass.

Chapter 21

Melvin spent the night, penetrating Niki in every hole, depositing huge loads of hot cum everywhere. All three were amazed at the old man's stamina but how badly had he wanted Niki and for how long? They ended the night with Cody in her pussy and Mel in her ass, cumming one after the other. They all collapsed, exhausted.

The movers arrived just after sunup and Cody and Mel scrambled to get dressed. Niki let the moving guys catch a glimpse of her naked.

Mel whipped up breakfast and they spent the day loading boxes. By evening they were wiped out. Cody handed the keys to the apartment manager and Melvin walked them to the truck, sadness turning his eyes dark. Niki kissed his cheek.

"We're not leaving town, Mel," she said. "We're just moving closer to the stadium and the Raven's training facility."

Mel brightened.

"Here," Cody said, digging into a pocket. "Take this key to our new place. You're part of Team Gunn now."

Mel hugged them both fiercely.

"We'll still need you to occasionally make us dinner," Niki teased.

"I'll do it," Mel said.

He helped them climb into the truck and then waved as they pulled away. Niki leaned out the window and blew him a kiss. He knew their connection to him would fade, in time, as life took them many new and exciting places. But for now, as he watched her pretty smiling face drive away, he knew he'd have Niki again, and soon.

End.
