Janet looked around nervously as she waited for the elevator. This was her first interview in quite a while. She had a stable job at a relatively large company for the past ten years, but due to some recent scandalous activity, her company's CEO left, and after some massive restructuring, her group, as well as many others was cut.

Lots of people were angry over the situation as most of the groups had nothing to do with the scandalous problem. The exiting CEO admitted to nothing and stated that he was leaving to give the company a fresh start. Nobody within the company believed him. How could they have? He was the one who constantly pressured everyone to achieve literally impossible goals.

The elevator chimed as it reached the ground floor, the doors slowly opening to reveal a flood of people as they headed out. Most of them were busy staring at their phones as they walked out, some just walking right into Janet as if she didn't exist. Once the elevator emptied out, Janet stepped in and pressed the button for the floor she was supposed to go to.

Janet quietly moved to the corner of the elevator as the doors slowly closed in. It began its upward ascent, the digital numbers gliding upwards. She watched, somewhat surprised by how fast the elevator was moving. It actually made her body clench up for a moment.

"Wow, really fast elevators here," she whispered to herself.

She yelped as the elevator briefly stopped and shook in the air. Her palms grew sweaty as she gripped onto the railing and looked around. After a brief jolt, it continued on its way up, letting Janet let out a sigh in relief.

The elevator chimed again to let her know that it had reached its destination. The doors opened up and she quickly hopped out, slightly afraid that the elevator would suddenly drop. It was an absurd thought, but after the brief scare, it was better to be safe than sorry.

She looked to the left and saw tall glass double doors for the company she was interviewing with. Janet gripped tightly onto her little folder with copies of her resume in it and walked towards the doors. A secretary behind the doors saw her and nodded, a small clinking sound emitting to let Janet know that the door had unlocked.

Janet took a deep breath and opened the door, her heart racing as she smiled at the secretary who glanced over at her and then looked back at her monitor. She typed something and then looked up at Janet again.

“Are you here for an interview?” She asked.

“Yes, I’m Janet Waltermann, here to interview for-“

“Sit over there please. I’ll call up the hiring manager,” the secretary said, cutting Janet off sharply.

Janet shyly nodded and quietly sat on the seat the secretary had pointed at. She looked around the office, staring at the various pictures hanging on the wall. There were a few people rushing by, their heads down as they looked at notebooks or their phones. She felt as though it was a very cold work environment.

A couple of well dressed black men walked by, chatted with the secretary and then stopped by in front of Janet. They looked down at her and smiled.

“Haven’t seen you around before,” one of them said.

“Oh, hi, I’m just here for an interview,” Janet replied.

“No shit? What position?”

“A data analyst.”

“Oh, that must be under Dan.”

“I think so. Let me look,” Janet said as she pulled out her interview schedule.

“Dan Kim?” Janet asked as she read her paper.

“Yeah, yeah, I know Dan. I think we have lunch scheduled with him today.”

“We do?” The other black man asked.

“Yeah, look at your calendar. Ah, where are my manners? Hi, I’m Durant,” the tall black man introduced.

He had a shiny bald head and deep, dark brown skin. His thick eye brows were neatly trimmed and he had a slight crookedness to his nose.

“Hi, I’m Janet.”

She stood up and he extended a hand. His handshake was firm, and yet somehow gentle; mostly due to his soft skin.

“And I’m Ron,” the other black man said.

He had long, braided hair that was tied into a pony tail that traveled down to the back of his neck. While slightly shorter than Durant, he did seem more built. Janet could see that his suit was wrapped tightly around his thick body.

“So Dan huh? He’s quite the hard ass sometimes,” Durant said while scratching his chin.

“Oh really?”

“Yeah, I mean, he’s a nice guy, but he likes to grill people during interviews,” Durant replied.

“Oh no... It’s been a while since I interviewed,” Janet said.

“It’s all good, just do what you would do in a public speaking environment. Imagine him naked,” Durant said with a smile.

Ron laughed and shook his head. “That is such bad news. Who would ever want to see his bony ass naked?”

“His wife... maybe?” Durant joked.

Janet nervously smiled, her eyes shifting around. She wanted to be careful, especially considering she had no idea what Dan looked like. It would have been quite the awkward experience if he had seen her laughing at a joke at his expense.

“My bad, my bad. I get it, you’re interviewing with the guy. Well, good luck, hope to see you around,” Durant said as he tapped Ron.

The two walked off and Janet sat back down on her seat. She looked on a nearby table and picked up a magazine. Before she could even flip through the pages, a tall, lanky Asian man with thick rimmed glasses paused in front of her.

“Janet Waltermann?” He asked.

“Yes?”

“Hi, I’m Dan Kim, nice to meet you.”

Janet quickly stood up and gently pressed down her skirt. She took his extended hand and shook it.

“Nice to meet you too.”

“Come with me,” he said as he turned and headed towards a conference room.

He gave the secretary a small nod as he walked by and then walked into the room. After pulling out one seat, he walked around the table and sat on the other end. Janet nervously sat down and placed her folder containing her resumes on the table. He crossed his legs, leaned back and cleared his throat.

“So, Janet, tell me a little about yourself,” Dan instructed.

Janet sighed as she walked out of the conference room. She felt as though she had gone through some sort of interrogation. It wasn’t just Dan, the hiring manager that grilled her; it was everyone in the interview list. She bit her lower lip and shook off the feelings of despair.

“Well, it was great meeting you. I think Dan will be walking you out,” her last interviewer said as he shook her hand one last time.

“Thank you. And thank you for your time,” Janet replied.

Dan walked out from one of the halls carrying a cup of coffee. He glanced down at his watch and then made his way towards Janet. She looked up at the clock and noticed that her interviews seemed to have ended earlier than expected. On the internet, there was a post about how ending interviews early was a bad sign.

“Janet. How were the rest of the interviews?” Dan asked as he took a sip of coffee.

“Really good. You have a great team here. They really grilled me,” Janet replied.

“That’s how I train them,” Dan said.

Janet couldn’t be sure if he was being serious or if it was just a light hearted comment. He didn’t have any inflection or change in his voice. In fact, he seemed robotic, not just the way he spoke but the way he moved.

“Do you need your parking validated?” He asked.

“Oh yes please,” Janet replied as she took out her ticket.

Dan glanced down at it, took it and walked over to the secretary. Janet hurried along behind him. The secretary pushed the ticket in a little validation machine, waited for a minute, and then handed it over to Janet with a small smile.

“Thank you,” Janet said.

“You’re welcome.”

Dan nodded and walked over to the double glass doors. He opened one door and waited for Janet to walk by. After giving her a solid handshake he headed back, glancing down at his watch as he did.

Janet sighed again and pressed the button for the elevator. As she waited, two familiar, well dressed black men walked out.

“Oh hi,” Janet said as she saw them.

“Hey! Uh... Janet right?” Durant replied.

“Good memory.”

“Well, damn, it’s been a couple of hours. If I forget that easily, I think I’d need to go to the hospital and get myself checked out,” Durant laughed.

“How’d you do?” Ron inquired.

“Well, good, maybe? I don’t know, I couldn’t answer a lot of their questions. And I couldn’t really get a good read on Dan,” Janet replied truthfully.

“Yeah, that guy’s an emotionless robot. Weird at first, but it grows on you,” Ron said.

“Took a long while for him to grow on me,” Durant joked.

Janet smiled and nodded. She could easily see Durant’s view, considering how robotic Dan was. The elevator chimed as it arrived, the same one that had given Janet a bumpy ride earlier. She hesitated as she watched the doors open.

“You all right?” Durant asked, sensing something was off.

“Uh... yeah, I mean, well, no. Well, the elevator, it did this weird bumpy thing on my way up. Scared me,” Janet replied.

“Nothing to be scared of. You gonna be with us this time. We know how to get out of that thing if anything goes wrong, right Ron?” Durant said.

“Nothing is going to go wrong with the elevator. They all have a small bumpy ride, but nothing to worry about,” Ron replied.

“You are no fun,” Durant said with a wink.

Ron shook his head as he entered the elevator first. His large, hulking frame easily made the elevator move ever so slightly. He held out one of his arms, waiting for Janet to board.

Janet gave a small, quick sigh, nodded and walked on board. Durant followed close behind. After waiting for a moment longer, Ron moved his arm, allowing the doors to slowly close shut. She felt at least a little bit safer with these two in the elevator with her.

The elevator began its descent, slow at first but sudden as it progressed. Janet subconsciously gripped onto a nearby rail as the two black men smiled and shook their heads. Even the slightest movement made her tremble. She stared at the numbers as they descended and for a moment, she saw the screen flicker.

“Did you guys see tha-“

Before she could finish, the elevator came to an abrupt stop and the lights shut off. Janet yelped and fell to the ground and she heard Ron and Durant tumble.

“Oof! What the fuck?” Durant groaned.

A small orange glow filled the elevator as the backup lights turned on. Janet looked over to see both Ron and Durant on the ground, rubbing their lower bodies.

“Ow, damn, fell right on my ass,” Ron said.

“Shit, you too? The fuck happened?” Durant said as he slowly got to his feet.

“Looks like a power outage,” Ron replied.

“A power outage?” Janet said worriedly.

“Must’ve been that storm that was hitting up,” Durant commented.

“Storm?” Janet inquired.

“Oh yeah, you were stuck in that conference room all day. Yeah, it’s crazy out there right now, rain, some hail, thunder and I know I saw lightning,” Durant replied.

“Is that what that was? I thought someone was taking a selfie or something,” Ron added.

Durant shook his head and slowly stood up. He looked around the elevator and began pressing on one of the buttons.

“Hello? Anyone hear me?”

“Yo, power’s out, they can’t hear you,” Ron said.

“I thought these ran on the phone line?” Duran replied.

“Maybe. It’s an intercom though, don’t they use electricity?”

Durant shrugged and tried pressing on the button again. There was no response and he sighed as he leaned against the elevator doors. Ron got to his feet and

tapped on the walls of the elevator.

“What? You thinking of busting through it?” Durant laughed.

“Shit, you know I could,” Ron replied back.

Janet raised an eyebrow as she looked at the two. They were completely calm and it was surprising to see that the two were joking in the situation they were in. Ron crossed his arms and leaned against the nearest wall.

“Ah well, power should come back soon. So, Janet, did our tip work?” Ron asked.

“Tip?”

“About imagining your interviewers naked,” Durant reminded.

“Oh...” Janet shook her head and smiled while waving her hand at them.

“What? It works,” Durant said.

“Don’t be silly. That’s like a public speech thing and I know it doesn’t work,” Janet said.

“That’s what an interview is, a public speaking session. I mean, if you think about it,” Durant replied.

“Yeah, I guess, but it’s different,” Janet said as she rolled her eyes.

“So, you don’t think you did well?” Ron inquired.

“Well, I mean, they really grilled me. I didn’t get the feeling that they wanted to hire me,” Janet replied.

“I’m sure they did. We can put in a good word for you,” Ron said with a wink.

“Oh no, I can’t ask you to do that,” Janet replied, her face turning slightly pink.

Luckily for her the orange hue of the emergency lights made it hard to see that she was slightly embarrassed. She was never a big fan of others doing favors for her.

"Nah, it's all good. You seem like passionate individual, and we're close with Dan," Ron replied.

"Well... I mean, if you could... I really do need this job," Janet replied.

"Not liking where you currently work?"

"They're doing some rolling layoffs and I have a friend in HR. She said she saw my name in one of the listings and gave me a warning to go as soon as possible," Janet answered.

"Fucking layoffs... Hate them," Ron said.

Durant nodded in agreement and looked around the elevator. He looked at trapdoor above them and pointed at Ron.

"Yo, you think you can boost me up there?" Durant asked.

"You going all Die Hard on us?" Ron laughed.

"Whoa, wait, you guys shouldn't do that, you could hurt yourselves," Janet interrupted.

"We gotta do something to kill the time," Durant replied with a shrug.

"You've got to ignore his jittery self. Hasn't had much action in the last couple of months," Ron laughed.

"Yo man, you aren't supposed to say shit like that," Durant said, waving his arms around nervously.

"Action?" Janet questioned as her head bounced back and forth between the two.

"Yeah, he was dumped a couple months ago and hasn't gotten his groove back," Ron said, laughing harder.

Her eyes widened as she realized what they were talking about. She put a hand to her mouth and gasped for a moment before breaking out into laughter. Durant shook his head, glared at Ron and sighed.

"Oh, don't worry, you're a good looking guy. I'm sure you'll find someone," Janet

coddled.

"You don't understand, she was... unique," Durant replied.

"Come on, everyone is unique," Janet said as she rolled her eyes.

"This is different," Ron quipped, barely able to contain his laughter.

"What does that mean?" Janet inquired.

Durant glanced around the elevator before he sighed and leaned back against the nearest wall. He held onto the railings of the elevator and looked directly into Janet's eyes.

"I'm too big for most women," he said.

"What? You look skinny enough. If a woman is calling you big, there is something wrong with them," Janet said.

"Nah, he ain't talking about his body," Ron said, bursting into laughter again.

"Come on man, you know how sensitive I can be," Durant replied.

Janet scratched the back of her head as she looked at the two. She wasn't sure what they were talking about.

"What are you guys talking about?"

"I'm too big, down there," Durant said as he pointed at his crotch.

Janet nearly fell back at his comment. Her eyes briefly glanced down before looking back up at him, trying to take him seriously.

"What? You know most men are the same, right? Is this some kind of joke?" Janet asked, feeling slightly agitated.

"I wish I was kidding but I am dead serious," Durant replied.

Janet shook her head and looked over at Ron, who was still laughing. He was even grabbing his belly as he leaned back.

"Looks like Ron here finds it funny," Janet said.

"Yeah, I bet he does. It's cause he has a small dick," Durant said, glaring over at Ron.

Ron stopped laughing and wiped the edges of his eyes before looking up at Durant and shaking his head.

"Aw hell naw, you ain't just said that. Women love me and my big black-"

"Hey! Guys, come on, I'm still a lady and technically still a stranger," Janet interrupted.

"Oh right, my bad, my bad. I get worked up easily," Ron replied.

"I can see that. Now, stop kidding around," Janet said.

"Well... I wasn't kidding. I can't find a woman easily because this issue," Durant continued.

"Oh Durant, will you stop it?" Janet said, waving her hands.

"What if I showed you? Would you believe me?" Durant inquired.

"What? I don't want to see your... you know," Janet said.

Durant shrugged and put his hands in his pockets. Ron only shook his head and leaned back against his nearest wall. There was a long moment of silence as the three awkwardly looked around the relatively small elevator.

"You realize size doesn't matter, right?" Janet finally said, breaking the silence.

"What?" Durant looked over.

"I don't know why guys have this misconception that size changes anything. It doesn't matter how big it is," Janet replied.

"That's what all women say until they see it," Durant said.

"Oh please. Let me guess, five, six inches?" Janet questioned as she rolled her eyes.

"More than that," Durant replied with a small laugh.

"Fine, what, seven then?"

"I guess you're getting close. I don't think inch is the best measurement to use with me," Durant answered.

Janet laughed and shook her head as she pushed herself off the closed doors. She lightly smacked Durant on the shoulder and looked over at Ron.

"You are unbelievable," she said, rolling her eyes again.

"I'm serious! Why don't you take a look then?" Durant suggested again.

"You know what? Fine. Go on, show me it big boy. I bet you're not any bigger than other men," Janet said.

"You sure?" Durant questioned.

"Yeah, go on. Power's out. Not like there's anyone else that can see it outside of this group," Janet replied as she folded her arms together and looked down at his crotch.

"All right... I warned you. No screaming and uh... no sexual harassment lawsuits," Durant said.

"Whatever," Janet replied as she leaned one shoulder against the elevator wall.

Janet watched as Durant pulled his shirt out from his pants. He glanced at her briefly before he unbuttoned and unzipped his pants. Janet actually felt a small bit of excitement as he pulled his pants down to his ankles. His dark navy boxer briefs clung tightly to his well built lower body.

She gasped as she saw a thick rod of sorts clinging to his left inner thigh. The dim yellow lights could have been playing tricks on her eyes. He grinned as he pulled at the waistband of his boxer briefs.

"You sure you're ready?" He asked.

"Yeah, go on. I bet that's a sock," Janet replied as she pointed at the thick rod.

She felt a chill run down her spine as she saw the start of his manhood. The base was rather thick, and he had shaved his crotch smooth. Just the base looked thicker than most men she had been with and as his boxer briefs lowered bit by bit, Janet gasped.

"Oh. My. God." Janet mumbled as she saw his shaft show itself.

Once his boxer briefs were at his ankles, Janet's knees felt weak. His big black member swayed back and forth between his legs, easily past the six or seven inches she had joked about. As Durant had mentioned, inches was probably the wrong measurement to use, as a foot seemed more appropriate. She felt a chill run down her spine and land at her crotch, which immediately grew warm at the sight.

"See? Told you," Durant said with a wink.

"That's... what... I don't..." Janet couldn't finish whatever thought was racing through her head.

Her eyes were glued to the long black rod as it continued to swing left and right. Durant pulled one leg up and freed it from the confines of his underwear. Ron snickered from the side as he looked over at Janet's surprised face.

"It gets bigger," Durant commented.

"What? How? That... That doesn't make any sense," Janet replied.

"Come on over and touch it. Watch, it'll grow a bit more," Durant said with a wink.

Janet was speechless as she stared at his huge swinging manhood. Her whole body trembled in response and she felt as though she would collapse. She even had to remember to breathe as she stood silently.

"I... I can't... I can't touch that..." Janet finally said.

"Sure you can. It won't bite," Durant laughed.

"You're more likely to bite it," Ron quipped.

The two black men both laughed while Janet remained silent. She could not move her eyes away from the sight of his big black rod. Every little movement sent a shiver through her body. Durant grinned and stepped towards Janet, his manhood bobbing wildly with each step.

Janet yelped as he neared her, his manhood just inches away from her hand. He gripped on the base of his shaft and swung it towards her, the tip just barely brushing against the side of her hand. She flinched but also licked her lips in anticipation.

"Come on, watch it grow, that's all," Durant urged.

"Okay... But that's it..." Janet whispered.

Her fingers slowly wrapped around his shaft, her hand constantly trembling. She could feel the heat emitting from his manhood before her skin even touched his. She could hear her heart thumping loudly in her chest as her hand closed in.

"Oh shit, she's really doing it," Ron laughed.

Janet gasped as her fingers touched his shaft. It instantly reacted, turning slightly rigid and rising up ever so slightly. She squeezed her fingers around his shaft and gently rubbed it, staring at it as it grew harder and, like Durant had said, larger.

Durant let out a small groan as Janet slowly moved her hand down the length of his shaft. She still couldn't believe what she was seeing and touching. It went from being limp to semi-erect relatively quickly and Janet's heart raced even faster as she watched it grow.

Her crotch grew warm and the folds of her sex began to sweeten, the fire raging in her loins making her feel weak and light headed. Ron stood up and made his way over as he unbuckled his belt. Janet's eyes darted over just as he dropped his pants and boxers.

"Oh my..." Janet paused as she stared at Ron's thick member.

Like Durant, Ron was very well endowed and his manhood was cleanly shaven. However, his member was definitely thicker than Durant's, though it might not have been as long as Durant's. Janet couldn't tell for sure under the dim yellow lights and her woozy head.

"Uh... Wow... I mean... Do you want me to stroke that too? Janet asked.

"You know it! Go on, give it a couple of strokes and see how big it gets," Ron replied.

"Not as big as mine," Durant laughed.

"Big don't mean just length man. It's all about the thickness man, the girth. That's what makes women go wild over my big black cock," Ron blurted.

"What do you think? What part of size matters to you? Girth or length?" Durant asked as he looked over at Janet.

"I... I don't... I mean, size doesn't... It didn't matter but I've never... I've never seen dicks this big," Janet replied, her eyes still glued to Ron's cock as her fingers slowly wrapped around his shaft.

"Why don't you give an answer after you test drive us?" Durant suggested.

Janet froze up as she looked over at Durant. "Huh? You... you want me to..."

"Yeah, give it a whirl," Ron added.

"I... I can't... I don't think these will eve fit," Janet replied.

Even as she replied, the lips of her sex trembled and clenched at the air. Her sex was warm and wet, growing more and more excited as the two big black cocks grew harder and harder within her warm palms. Her hands stroked a bit faster as the two big cocks let out a small bit of cum to help lubricate her movements.

"Trust me, these can fit," Durant said as he smiled down at Janet.

"Yeah, you just need to lube it real well. And the best lube is your spit," Ron said.

"You want me to spit on it?" Janet questioned.

"Oh, not just spit on it," Ron replied with a wink.

He gently pushed down on her shoulder, signaling for her to get down on her knees. Janet was hesitant at first but her body seemed to move on its own. She

was soon on her knees, the two big black cocks mere inches away from her face.

"Go on, suck on it," Durant said.

Janet continued to stroke the two cocks and stared at the quivering tips of both. Her mouth salivated at the thought and her head slowly inched in closer towards Durant's. She stuck out her tongue and just barely grazed the hard quivering tip of his cock.

It was a silly thought, but she wondered if it would taste like chocolate momentarily. She was surprised to find that it did taste slightly sweet, like cocoa butter. There was also a slight tangy flavor mixed in and overall, it wasn't unpleasant.

She pursed her lips and moved in closer, her soft velvety lips gently wrapping around the ebony rod. Durant groaned as he ran his fingers through her hair and pulled her head towards his crotch. Janet had to move her tongue under his shaft as his cock slid in deeper into her mouth.

"Oh... That's it..." Durant groaned.

Janet began to panic as she felt the tip of his cock hit the back of her mouth. No other man had been able to go so far back so soon. She immediately pulled back as the tip hit her throat and she gagged.

"Whoa... whoa... not so deep," Janet coughed as she pulled back.

"Damn, didn't know I was going too deep. That was just the tip," Durant laughed.

Janet looked at his cock to see that he wasn't joking. Her spit had only darkened the head of his cock and a bit of his shaft. She could even see a bit of her lipstick around the shaft where she had made it the furthest.

"Now try mine," Ron said as he tapped the tip of his cock against her cheek.

Janet wiped her lips with the back of her hand and stared at the thick black rod. She opened her mouth and slowly moved in, struggling to fit it in. She thought she heard her jaw pop as she stretched her mouth wide. The thick rounded tip of Ron's cock just barely made it in and Janet was already struggling to breathe.

Her spit slowly slipped out from the sides of her lips and she slurped as she tried to take in the thick cock. With her other hand, she continued stroking Durant's rock hard cock, sliding her spit along the rest of his shaft. She could only manage to get the head of Ron's cock to fit in her mouth before she had to pull back.

"It's too thick," Janet said.

"Ha ha! See? Being so thick ain't all that, right?" Durant laughed.

"That's not where the pleasure comes from," Ron replied.

Janet took a few deep breaths as she stroked the two now fully hard cocks. She couldn't believe how massive they had gotten within her grasps. The two hot members trembled within her fingers as they looked down at her.

"Why don't you let us return the favor?" Ron suggested.

"What?"

"Go on, take off your clothes," Ron replied.

Janet looked at the two and hesitated. She didn't know how long the elevator was going to be stuck for and the last thing she wanted was to be caught naked in an elevator with two big black men. At least with her clothes on, if the power returned, she'd be able to move away quickly and let the two men get dressed.

Yet, the burning in her loins was too much to bear. Her panties were soaked with her juices and the lips of her sex quivered in anticipation. She bit her lower lip as she let go of the two beastly cocks.

"I... I don't know..." She replied.

"You worried about being caught?" Durant asked.

"Well... Yeah, I don't know when the power is coming back," Janet answered.

"How about you just take them panties off then?" Durant requested.

She stood up and looked at the two, still hesitating. Before she could answer,

Ron crouched down, reached under her skirt and grabbed the waistband of her panties. She gasped as he pulled them off in one swift move, pulling them to her ankles.

"Hey... whoa," Janet yelped.

"Don't worry, we got this handled," Ron said as he stood back up and wrapped his arms around her waist.

Durant helped from behind and they quickly raised her into the air. She screamed as they flipped her upside down, her panties flinging off her feet and to the corner of the elevator. Her skirt flipped over, giving Ron a nice clear view of her wet pussy.

Durant and Ron held her in the air so that her legs straddled Ron's face while she was upside down and facing Durant. His throbbing black cock was right against her lips. She gasped as she felt Ron's warm tongue slide into her pussy, gently making its way deep inside her.

"Oh... oh..." Janet moaned.

She was surprised by how long his tongue was. It twirled as it entered, hitting her most sensitive areas easily. His hands dug into her thighs as he worked his tongue in even deeper. With her lips open, Durant slowly pushed his hips forward, sliding his long hard cock into her mouth again.

"Mmm..." Janet moaned.

She felt light headed as blood rushed to her head while hanging upside down in the air. Janet felt weightless in the arms of the two big black men having their way with her. Ron's tongue twirled around the lips of her sex as it pulled back. After a pause, his tongue traveled up her slit and around her sensitive clit, flicking at it lightly.

Janet let out another muffled moan, Durant's long black cock sliding deeper into her mouth. Her soft velvety lips slid along his powerful shaft, while her spit slowly traversed down it. She trembled as she felt a warmth build between her legs and up to her tummy.

"Damn, she tasty," Ron said.

"Look how wet she is," Durant replied.

Ron nodded before turning his attention back towards her sex. His tongue went back to work, delving between her pussy lips and deep into her warm hole. He flicked away, touching her most sensitive parts yet again with his long, flexible tongue.

Ron's powerful hands gripped tightly onto her upper thighs as his tongue dove in deeper. Durant on the other hand, leaned in a bit to squeeze her soft supple breasts. He teased her nipples hidden behind her bra and blouse. Janet moaned again as her hard nipple pressed against her silky bra.

Janet gasped as Ron lifted her lower body up a bit and his tongue snaked down between her ass cheeks. The tip of his tongue gently rolled against her tightly puckered asshole. Ron didn't stop, flicking his tongue against her sensitive little hole.

Durant continued thrusting his hips, trying to push his cock in deeper with each stroke. Janet could only gag in response, her spit flying off her lips and onto the ground of the elevator below. The dimly lit elevator seemed to rock, ever so slightly, with Durant's powerful movements.

Ron's tongue slowly twirled against her asshole before it move in, pushing past her tightly shut hole. Janet arched her back as she let out a surprised muffled sound. She had never been with a man that had ever gone near her ass like Ron had. It felt strange to have a tongue pushing into her virgin hole.

Her body tingled as the tongue plunged in even deeper. She couldn't help but try to move her body as her body grew overly sensitive. Durant continued to play with her breasts, squeezing at her nipples as they poked through her bra and blouse.

"You think she ready?" Durant asked.

Ron's tongue slid out from her ass, causing Janet to shiver in response. He nodded at Durant and gave him a small grin.

"Yeah, I think she's ready," Ron replied.

Durant pulled back, letting his cock slide out from between her lips. Janet took

in deep gulps of air as she began to see dots form before her eyes. She hadn't realized how little oxygen she was able to take in with his big black cock blocking her airways.

She yelped as Ron let go of her, letting her ass slide down his chest before he managed to move his arms down and grab her hips. Durant made sure to keep his arms around her upper back, stopping her from falling directly onto the ground. The two gently spun her around so that her feet could touch the floor.

Janet was still bent forward, her ass facing Ron while her face was still right in front of Durant's throbbing black cock. She licked her lips and gasped as she felt Ron's hot member press against the lips of her pussy. Durant rose up a hand to stop Ron.

"Whoa, hold on, I go first," he interrupted.

"Excuse me?" Ron questioned.

"You're going to stretch her out too much for me," Durant replied.

Ron laughed and rubbed Janet's ass. His fingers gently teased her wet sex as he shrugged.

"So, you're saying thicker is probably better for her right? You're admitting it?" Ron questioned.

"What? I never said that. I'm only saying you're going to stretch her out too much, too fast, that's all," Durant replied.

Janet's eyes shot back at Ron and then at Durant.

"Wait, guys, I'm not sure I can handle either of you," she interjected.

"Oh trust me, you'll be able to handle him, but maybe not me," Ron laughed.

"Whatever man," Durant replied.

The two switched places, Janet still bent forward between them. She gasped as she felt Durant's big black cock brush by the lips of her sex. Durant gripped onto the base of his shaft as he aimed it towards her wet pussy.

"Oh... wait, you have to go slow," Janet said.

"Don't you worry none, I know how to treat a BBC virgin," Durant cooed as he teased the entrance to her sex with the tip of his cock.

She bit her lower lip as she felt the hot tip of his cock slowly enter into her. He was gentle, making small movements as he tried to push the rounded tip of his cock into her tight pink hole. Janet gripped tightly onto Ron's thick legs, his thick black cock bouncing and throbbing right in front of her nose.

"Oh, damn, so tight," Durant groaned as he continued to push his cock forward.

Both Janet and he let out a loud moan as the tip popped into her. Her pussy immediately squeezed around it, clenching at the sensitive spot where the tip of his cock met his shaft. Durant let go of the base of his shaft and grabbed onto her hips as he paused.

Okay, here we go," Durant grunted as he began pushing the rest of his long shaft into her.

"Oh... Oh... Ohgodohgodohgodohgod..." Janet whispered as she felt his long, trembling member push in deeper.

Her body felt as though it were on fire. It was painful at first, his big black cock entering deep into her sopping wet hole. But mixed in with it, was undeniable waves of pleasure. They rolled through her, crashing throughout her body like waves against a rocky coast.

Every little throb of his shaft seemed to exponentially vibrate her entire body. Her fingers dug deep into Ron's legs. She closed her eyes and tilted her head back, letting out loud moans.

Ron reached down and played with her breasts. He unbuttoned her blouse, and then unhooked her bra, letting her tits bounce free. She gasped as his thick fingers squeezed her sensitive nipples while Durant continued his plunge in from behind.

Her knees buckled as his cock plunged in deeper than any other man ever had reached. She could barely gasp for air as he paused, letting her get adjusted. Durant grinned and squeezed her ass cheeks, teasing her tightly puckered asshole

with the tip of his finger before he pushed forward again.

Janet gripped even tighter onto Ron's legs as she let out another muffled moan. The heated member throbbed in virgin territory. She couldn't believe how deep Durant was hitting with his long black cock.

At the same time, Ron wrapped his arm around the back of her head and pushed his hips forward, sliding his thick cock deeper into her mouth. Janet could no longer breathe as she struggled to take in the thick shaft. Her spit slid down the corners of her lips as she tried to breathe through her nose unsuccessfully.

Small dots formed before her eyes as her lungs began to scream for oxygen. She panicked as she struggled between the two powerful black men. Ron continued to tease one of her nipples while his other hand held her head close to his hips.

Janet gagged and choked, tears forming in her eyes as she tried to take in as much of the thick black cock as she could. Durant continued his journey forward. The pain began to subside, her body now being overtaken by intense sensations of pleasure.

Ron gave her nipple a hard twist while holding her head still. Janet let out a loud muffled scream as she felt a chilling sensation of pain rock her. Her pussy clenched tightly around Durant's throbbing member as she squealed. Her blurred vision momentarily sharpened as the pain hit her.

After holding her for a couple more seconds, Ron finally let go, pulling his hips back and letting his thick cock slide out. Janet's thick, sticky saliva clung to his shaft and a long string of spit bridged the gap between her and the tip of his cock. She coughed as she let out more moans as Durant plunged in deeper from behind.

"OH GOD! IT'S SO DEEP!" Janet screamed.

Durant gripped tightly onto her hips and thrust forward, sliding the entire length of his long hard cock deep into her tight white pussy. Janet's toes dug into her heels as she gasped for air. The dots that had formed before her eyes finally dissipated as her lungs filled with much needed oxygen.

She felt lightheaded as the rush of air filled her body. The waves of pleasure crashing through her as Durant's cock throbbed deep inside her made her whole

body tremble. His big black balls rubbed against her wet pussy lips as he held steady.

"Damn, she took it all," Durant grunted.

"She good," Ron laughed.

Durant spread her ass cheeks as he began pulling back. Her pussy clenched tightly onto his cock as it slid out as if it were begging it to not leave. Janet clenched her teeth as she felt the long cock slide out from inside her. She felt as though she was being unplugged as the monstrous member made its way out.

"Ohfuckohfuckohfuckohfuck..." She murmured as she clenched onto Ron's legs.

Her legs trembled as the cock slid out bit by bit. She could feel every little bump on his shaft as it made its way out. Her pussy gripped onto it like a vice, giving Durant a nice view of her pink sex as it clung to his black shaft.

"Damn, look how tight she is," Durant groaned as he spread her ass cheeks even more.

Ron moved to the side to get a better look. He nodded in approval and licked his thick black lips in anticipation. His own throbbing member seemed to jump in anticipation.

"Mmm... I need me some of that," he commented as he stroked his shaft.

"Look how her pussy is gripping on my dick," Durant said as he began squeezing her ass cheeks.

"Woo... I need to stretch that out," Ron agreed.

He made his way back over to her face and tapped her lips with his thick black cock. Janet hesitated momentarily but opened her lips, letting him slide his cock back into her awaiting mouth. As he pushed in, so did Durant, sliding his long black cock right back into her tight pink cunt.

Janet let out another muffled moan as she felt the shaft slide right back into her. Her eyes rolled back as she sucked on the tip of Ron's thick cock. She couldn't fathom how Ron's thicker cock was going to fit inside her, considering how

much she was struggling with Durant's.

"Oh that's it... don't just suck on the tip, get in deep," Ron groaned as he pulled her head in again.

Janet immediately gagged again as the thick cock hit the back of her mouth. The tip began tickling the entrance to her throat as he held her head. Durant took this as a chance to begin thrusting his hips back and forth, slowly sliding his long hard cock in and out of her.

"Oh man, she's getting tighter," Durant groaned.

"It's cause she's choking on my cock," Ron said with a huge grin.

Durant laughed as he began to speed up. He leaned in slightly, his hand moving around her waist and his fingers landing at her clit. He began to rub back and forth, teasing her clit while thrusting his hips.

Janet closed her eyes as she let out more muffled moans. Her body tensed up as she felt Durant's fingers tease her clit. Combined with the long black cock sliding in and out of her, it was enough to drive her crazy. She felt a strange warmth between her legs and struggled between the two black men as it seemed to spread.

It was as if flames had ignited between her legs, spreading through her body like wildfire. Her eyes blurred again as her lungs began to burn from the lack of oxygen. She nearly collapsed as she felt her first climax, an enormous eruption of heat throughout her body, followed by a string of tingling sensations that numbed her entire body.

"Oh shit, she's cumming! It's so fucking tight," Durant groaned as he struggled to move his hips at a consistent pace.

Ron pulled back and let go of her, letting her take in deep gulps of air as she screamed. Her entire body trembled uncontrollably as she tilted her head back and let out a long winded scream. She nearly fell onto her knees but Durant kept her up as he pummeled her from behind.

"OH MY GOD! YES! YES! YEEEEeeeeesssss..." Janet screamed, nearly losing her voice.

"Yeah, that's it, keep riding that flow," Durant groaned as he began squeezing her clit while hammering in from behind.

His big black balls smacked loudly against her pussy lips with each hard stroke. It combined with the slick wet sounds of his shaft sliding in and out of her wet pussy each time he moved. Ron grinned and tapped her cheeks with his thick black cock.

"Man, she's in heaven," he laughed.

He was right; Janet was in complete ecstasy as Durant drilled into her. His long black cock began to slide faster and faster, the entire length managing to fit into her with each stroke. She couldn't believe how much pleasure she was feeling as she began to fall forward. Her hands touched the ground while her ass was still being held up by Durant.

He groaned as he pulled on her, lifting her feet off the ground as he continued slamming into her. She felt like a ragdoll, unable to control her movements as he held onto her and slammed away. The warmth between her legs returned, signaling for another climax to make its pass through her.

Sweat dripped down from her forehead as she screamed and cried out in pleasure. She couldn't believe Durant's stamina as he continued moving at an incredible pace. His powerful strokes had her moving closer and closer to the wall of the elevator. Ron had moved to the side, watching as Durant plunged in and out of her from behind.

By the time the tips of her fingers reached the wall of the elevator, her second climax hit her. She arched her back as she let out another high pitched scream. Her pussy clenched tightly around Durant's cock as she felt the fires within her spreading again. The numbing sensation soon followed and she felt as though she lost all control.

"YES! YES! OH FUCK! YES! FUCK ME!" She screamed.

Durant obliged, bending forward and wrapping his arm around her waist. He lifted her off the ground with Ron's help and soon she was in the air, bouncing up and down in his grasps. Durant moved his arms under her thighs and pulled them up, tossing her up and down like ragdoll atop his long black cock.

"Woo! Ride that rodeo!" Ron laughed.

"Shit, I am gonna destroy this pussy," Durant groaned.

Each time she fell downwards, she felt a moment of zero gravity, as if she were floating. The second his balls smacked against her ass, she felt as though she floated back up, just his thick black pole keeping her grounded. Ron moved in front of her and played with her tits while supporting her as she bounced up and down.

After a couple more powerful strokes, Durant's long black cock slipped out of her pussy and smacked her tummy, his shaft sliding along her sensitive clit. Just as it popped out, Janet squealed, another climax hitting her by surprise. She screamed as she trembled in Durant's arms, her legs moving around wildly in his grasps as the warm spread through her like wildfire yet again.

"Damn! Look at her cum again!" Ron laughed as he watched her quivering cunt grip wildly at the air from behind Durant's shaft.

"Whew, I can feel it from here man, she's squirming like a fish out of water," Durant laughed.

"I think it's about time that I smash that pussy," Ron said as he squeezed Janet's hard nipples.

"Yeah, all right," Durant said as he gently placed her on the ground.

She was barely able to support herself on all fours as Ron knelt down behind her. He gently grabbed her ass and spread it apart as his thick black cock brushed up against the folds of her sex. Janet gasped as the throbbing hot tip gently pushed against her sopping wet pussy.

"Now that you've tried length, it's time for you to take on some girth," Ron said with a grin.

Janet gritted her teeth and dug her fingers into the dirty carpeted floor of the elevator as Ron gently pushed his thick cock between her legs. Her pussy struggled as it tried to take in his thick member. She moaned as she felt her pussy stretch to its limits as it slowly swallowed up the thick black intruder.

"Ohmygodohmygodohgod... ohgodohgod... It's... not... going to... fit..." Janet groaned.

"Oh it'll fit, don't you worry about that," Ron replied as he reached down and pushed her thighs, spreading her legs open wider.

Janet's eyes rolled back as she felt the thick round tip just barely make its way inside her. A tingling sensation ran through her body, following by a numbing sensation. She froze in place before her upper body collapsed onto the ground, her soft supple breasts pressing down against the dirty carpet.

"Almost... almost..." Ron groaned as he gripped his shaft and continued pushing forward.

She felt a burning sensation as the thick tip finally popped inside her. She took long deep breaths as the rest of his shaft began its journey inside her. He paused for a moment as he stared at her ass.

"There you go. You see? That was the hardest part," Ron said as he massaged her ass.

Janet couldn't reply, a ringing filling her ears as she felt the thick tip pulsating inside her. Every little movement made her entire body shake in response. She couldn't believe that something so thick was able to fit inside her.

Ron grunted as he gripped tightly onto her waist and pushed in further. Her tight pink pussy squeezed tightly around his cock, still stretched to its limits. The ringing in her ears intensified and she closed her eyes again. Her hard, sensitive nipples pressed against the rough, dirty carpet of the elevator as she continued to moan in a mix of pleasure and pain.

"Yeah, there we go, you're loosening up," Ron grunted.

He was right, her pussy was opening up for his thick cock, and the shivers of pain were slowly subsided, only to be overtaken by intense levels of pleasure. Her body trembled uncontrollably as her climax hit her by sudden surprise.

Her pussy quivered as it clenched onto Ron's thick shaft and she screamed. Ron groaned as her pussy clamped down, stopping him from moving his hips in either direction. Durant grinned and gave her ass a hard smack to add onto the

waves of pleasure crashing through her.

"Fuck, she cumming?" Durant laughed.

"Oh you know it man, she's cumming hard on this dick," Ron replied.

Janet's own juices rolled down her pussy lips, past her inner thighs before pooling on the floor. Her hands were now fists, gently slamming against the floor as she cried out in pure bliss. She could feel her whole body go numb again before it lit on fire again, heat rushing through her.

"OHMYGODOHMYGODOHMYGOD!" She continued screaming.

She began to squirm, her ass sliding left and right as Ron's cock slowly shifted out. He grinned and watched her before he grabbed onto her hair and pushed his hips forward. Janet couldn't breathe as she felt his thick cock ram right back into her, her heat tilted up as he pulled on her hair like a leash.

"Yeah, ride that ass!" Durant cheered.

Janet squirmed as Ron pummeled into her from behind while pulling on her hair. She could barely make a noise as she struggled to take in the feelings of ecstasy. His big black balls smacked loudly against her pussy each time as they slammed against her sensitive clit.

Durant crouched down and tapped his long hard cock against her cheek. He grinned as he watched her drool on the dirty carpeted floor of the elevator. Ron grinned and released her hair, letting Durant pull her up a bit to push his cock into her outspread mouth.

"That's it," Durant groaned as he pushed his cock deep past her soft red lips.

The two men were much more aggressive, slamming her back and forth between them. She gagged each time Durant's cock hit the back of her throat. Her mind was in a trance, flooded by constant blows of pleasure. She could feel pressure building up inside her with the two cocks slamming out of her mouth and pussy.

Ron spread her ass cheeks and spit between them before rubbing his thumb against her tightly clenched asshole. Janet let out a muffled scream as she felt his thick thumb slide into her virgin ass. He curled his thumb slightly as he gripped

onto her ass and continued thrusting his hips.

The thumb drove her over the edge yet again, her pussy clamping tightly around Ron's shaft as she trembled. She had lost count of how many times she had climaxed. Her body went completely numb yet again as she felt the fiery tingling sensations rush through her.

"Damn, she's cumming again!" Ron groaned.

"Ugh... here comes my load..." Durant groaned in reply.

Janet coughed as his thick seed shot into her mouth and down her throat. The hot gooey cream overflowed past her lips, dripping out the sides as he held her head in place. His cock quivered between her lips as it shot out streams of his cum.

"Damn, you done?" Ron laughed as he slowed his thrusting.

Durant used his free hand to stroke his long shaft, squeezing out every last drop of his cum into Janet's mouth. He watched her struggle for a bit before pulling back, letting his cum and spit covered cock slide out of her mouth. Janet coughed and spit at the floor.

"Aww... You don't swallow?" Durant laughed.

Before Janet could respond, Ron plowed his thick cock right back into her. She gasped; instinctively swallowing whatever bits of cum was in her mouth. Janet immediately regretted it as she coughed the gooey cum clinging to her throat.

"Yeah, ride that pussy out," Durant cheered as he stood up and pulled up his pants.

"Yeah, I'm gonna wear this pussy out, break this shit," Ron grunted as he sped up.

Janet collapsed forward again, her breasts pressing against the rough dirty carpet. Her whole body skidded forward with each thrust, her knees burning from the rubbing. She closed her eyes again and began pushing her hips back to meet Ron's powerful thrusts.

The entire elevator rocked violently with their movements. Ron groaned as his

thumb twitched inside her ass while his cock throbbed inside her cunt.

"Oh shit!" Durant yelled.

Janet opened her eyes and blinked several times as her eyes tried to adjust to the brighter lights. The elevator creaked as it rocked up and down, coming to life. She panicked as she saw the floor number light up on the small screen next to the door.

"Power's back," Durant commented.

"Fuck... almost... almost... UGH!" Ron grunted.

Janet froze in place as she felt his hot seed squirt deep into her well oiled cunt. The sticky cum flooded her womb, calming the flames of lust that had raged between her legs. She looked back in shock as Ron tilted his head back and shuddered.

"Whew... damn, that was good," Ron said as he pulled his cock out with a wet pop.

His seed immediately rushed out from between her legs and down her inner thighs. Janet's eyes widened as she stared back, in pure shock. She couldn't believe that he had just climaxed inside her.

"You better hurry up and get dressed," Durant suggested.

"Oh shit, is it moving?" Ron replied as he stood up and hurriedly grabbed his pants.

"Looks to be."

As he hurried, so did Janet. She quickly grabbed her panties and pulled them up her legs before pushing down her skirt. The elevator began to hum as it started its journey down. Her fingers trembled as she buttoned up her blouse as fast as she could.

Durant pushed a couple of floors on the elevator, causing it to stop and give Janet more time. Luckily for her, all the floors he pressed were empty when the doors slid open. It was as if he knew which floors had people waiting for the

elevator somehow.

Janet finally buttoned up her blouse and straightened her skirt as quickly as she could. She could feel cum gently rolling out from her pussy and soaking into her panties. Her face was bright red as she took short deep breaths of air to try and calm herself.

“Great timing,” Durant commented with a grin.

She looked up to see that they had about 5 more floors before they hit the ground floor. After a quick sigh, she leaned back against one of the bars on the elevator wall. Her entire body trembled and she felt sore everywhere.

“So, what’d you think? Size matters right? Length over girth?” Durant asked.

“You mean girth over length,” Ron quipped.

“You two can’t be serious,” Janet replied, her face turning even redder.

The doors slid open and the three looked out to see a sea of people randomly wandering around. The two black men stuck out their arms, holding the doors open for Janet. She gave them a small smile and slowly stepped out, her legs shaking with every step.

“Look out guys, it was a rough elevator ride,” Ron said as he waved some people out of the way.

“I bet, can’t believe the power went out,” a random white man in a suit commented.

“We’ll look forward to your answer when you’re full time,” Durant said as he and Ron walked off in the opposite direction.

Janet shook her head and laughed, her body aching with every little movement. She looked for the nearest restroom and headed towards it. Her panties were now soaked through with cum and she needed to get herself cleaned before she left.

The familiar elevator chime pulled Janet out of her little trance. She had actually

gotten the job and wondered if Durant and Ron had a say in the decision. A small group of people left the elevator and Janet stepped in, alone.

She pressed the button to her floor and bit her lower lip. Her body grew warm as she recalled the way she felt when Durant and Ron were pounding into her. She leaned back against the wall and looked down at the dirty carpet. Her eyes landed on a large dark stain in the middle of the elevator, right where she had squirted out Ron's thick seed.

When the elevator doors slowly opened up, she quickly looked up and her heart skipped a beat. Ron and Durant were idly standing in the hall. They glanced over at her and gave her a small nod.

"Hey, you made it Janet," Durant said.

"I sure did. Did you two have anything to do with it?" Janet inquired.

"We cannot confirm or deny anything we might or might not have done. But, we really would like to get an answer to our question," Durant replied.

Janet hesitated for a moment as she stared at the two. She felt her crotch grow warm and wet at the thought of their monstrous members sliding between her legs again. After placing a finger to her lips, she smiled and stepped closer to them.

"I'm not sure, I think I need to test both out again before I can make a decision," Janet whispered.

The two black men grinned and bumped fists with one another. They led her down the hall to the offices and made their way to a dark, windowless conference room.

"Why don't we show you around the office? Starting with this nice, comfy conference room that nobody really uses," Ron said.

Janet bit her lower lip and followed them. She had an inkling of what to expect and she grew more excited by the fact that it was yet another public place. As they wandered in, Durant peeked his head out and looked around before closing and locking the conference door.
