Tarnished Vows

Tarnished Vows

By Matthew Lee

Sara Jackson blinked her eyes against the smoke. The only light came from an aquarium on the far wall and a glance around the dark room showed her three bongs in use, as well as countless cigarettes and blunts. Sweet and cloying clouds of smoke hovered and if not for Tina guiding her, Sara would be lost inside this huge house. Tina held her hand and wove a path through the bodies sitting, lying, leaning, or just plain passed-out.

Sara held her short skirt down as she gingerly stepped over yet another pair of legs. Tina did not care that she flashed people with every step and for the millionth time, Sara marveled at her best friend's self-confidence and self-assurance. Dozens of male eyes watched them cross the room and while Sara felt uneasy, Tina ate it up.

"How much longer will we be here?" Sara asked, flipping her waist-length dark brown hair off her face. "I should call Mike and let him know what time I'll be home."

Tina rolled her eyes. "Your fucking husband can wait," she chastised. "He never lets you do anything. Have some fun, Sara. You won't be young and hot forever."

Sara said nothing. The smoke had her dizzy and the darkness forced her to concentrate on where she placed her feet. Bodies occasionally brushed against her breasts and butt, embarrassing her but sending electric tingles up her spine. She'd been breathing the cloud of weed for hours and felt the effects. Her pussy tingled and her nipples throbbed and the press of hot bodies only made everything worse. She was eager to get home to Mike.

A smiling guy, handsome and broad-shouldered, stepped out of the crowd and blocked Tina's path. He held a drink in each hand.

"Not now, asshole," Tina barked. The guy looked hurt. Tina led Sara past him.

“Dang, Tina, that was mean.”

“Save it. That guy is an ass. I saw it in his eyes. What did you see?”

Sara looked back at him over her shoulder. “Tall and gorgeous?”

Tina stopped and faced her. Sara looked down.

“Sara, Baby, stop selling yourself short. You are the hottest girl in here and I’m including myself in the mix. That guy was cute but Honey, you are drop-dead gorgeous. You can do way better.” She lifted Sara’s chin.

“Besides, what are you even looking for? I thought you were happily married?”

“I am, but I can’t help but notice.”

Tina smiled. “Come here.”

Both girls moved against the wall and surveyed the big room packed with people.

“Point out the hottest guy to me,” Tina instructed.

Nervous about what her friend might do, Sara did as she was told, indicating a tall skinny blonde guy playing pool.

“Wrong,” Tina corrected. “*That* guy.” She pointed across the room where a shirtless young black man danced with two white girls next to the jukebox. They laughed and flirted and touched each other and seemed to be having a great time. The girls took turns running their hands over the black guy’s smooth and muscular chest. The man was lean and wiry strong with a six-pack that was actually a twelve-pack.

“But he’s black.”

“So?”

Sara looked at him again. Tina was right; he was strikingly handsome. But Sara had never considered black men in that way.

“Are you racist?” Tina asked.

Sara’s mouth dropped open. “No! No way! You know I’m not. I just don’t look at black guys like that. I doubt they’d be interested in me.”

Tina plucked a joint away from a man standing nearby and kissed him on the mouth. As always, Sara was shocked by her extroverted best friend. Tina pulled hard on the marijuana cigarette, causing the red cherry tip to glow, and then held it to Sara’s lips. On the spot, Sara sucked hard, feeling her lungs fill with hot fog. She knew to hold her breath and had no wish to appear naive. Both girls exhaled simultaneously. Tina kissed the man again and handed back the joint.

“Thanks,” she stated.

“No problem,” he mused.

“Sara,” Tina began, looking her friend in the eyes. “Here's how the world works; beautiful women get whatever they want, whenever and however they want it. But you have to take it. That's how I do it and it works. Your problem is you were homely until two years ago and you still think like a homely girl. I hate to admit it but you are hotter than me. Use it girl, it only lasts a few years. With that gorgeous face, perfect tits and perfect ass, you can rule the world.”

Sara looked at the ground.

Tina took Sara's hand and marched across the room, directly towards the handsome black man. Sara tugged on her wrist but Tina held her. As Tina arrived, she kissed him full on the lips and his two dance partners stepped back, clearly irritated. Tina let go of Sara's wrist and squeezed the man's penis through his baggy pants. The man looked surprised and then gave Tina a knowing grin.

“This girl,” he laughed. “Goddamn, this girl *knows* what she likes.”

Sara almost ran away.

“That feels big,” Tina declared.

“You think so?”

Tina wrapped her fingers around the shaft under his pants and showed off the huge lump to Sara. Her hands felt along, moving towards the head. The other girls called Tina a bitch but over the music no one heard them. They stormed off.

Sara could not take her eyes away from the hidden snake in Tina's hand. The sight of another man's bulge made her feel incredibly guilty but she was enthralled. She could not look away. Her eyes grew big. The sheer size made it intimidating, like it was dangerous, yet it was the size that hypnotized her and held her gaze. Gripped in Tina's hands like that it looked two or three times bigger than her husbands. Her stomach flipped and flopped and her mouth went dry. She felt her heart skip inside her chest. Again she felt like running.

Tina did something outrageous every time they went out together but usually it involved too much drink or taking off her top and dancing on the bar. This was the first man she'd confront Sara with and Sara had no idea what to do.

Tina said something into the man's ear and he glanced up at Sara and nodded. Tina spoke again and the man threw back his head and

laughed. Tina turned abruptly and caught Sara staring at that long, fat, weapon and Sara quickly averted her eyes.

Great, she thought, now I'll have to listen to Tina teasing me the rest of the night.

Tina squeezed the dick in her hand and hefted the impressive weight. She said something and the man laughed again, then whispered something into Tina's ear. Tina introduced him to Sara as Jamul.

Sara and Jamul shook hands and Sara blushed.

The three of them made small-talk, standing very close and shouting over the music. Sara felt the heat coming off his fit body and when she thought she could get away with it, stole quick glances at his gorgeous face and cut body. The whole time they talked, she could not get the image of his huge lump out of her mind. He was beautiful, she admitted, but it was knowing he had a big dick that flustered her most. She felt guilty and ashamed. Her hands trembled. Eventually one of his friends called him away and he kissed each girl on the cheek before walking away.

"I need a drink," Sara said.

"I bet," Tina chuckled. "That mother-fucker was hot!"

The girls worked through the crowd to an open bar and Tina poured two whiskeys.

"To hot guys!" she toasted, raising her glass.

Sara clinked the rim of her glass to Tina's but said nothing.

Tina leaned in. "So, like I was saying; hot girls can do whatever they want. I knew I could just grab that joint and he would let me. I knew I could grab that guy's dick and he would let me. Men are so much simpler than us. With rare exception I can take what I want. I know you love Mike but marriage wastes your gifts. It's all just sitting there waiting for you to pick it up, Sara. You could fly around the world, get into all the best clubs, drive any car you wanted, have any man you wanted."

"I married Mike," Sara retorted. "I got the man I wanted."

"You got the first guy that asked you out back in high school when you were still ugly, way before you blossomed into the Goddess you are today. Mike's a nice guy but he's kind of boring."

"I like boring," Sara insisted.

"Bullshit. I've known you your whole life. You don't like boring; you just don't know anything else. You settled on boring. First your middle of the road parents and then middle of the road Mike. I saw the way you

looked at Jamul, Sara. I'm your best friend. Sometimes I know you better than you know yourself."

Sara looked down at her empty shot glass. There was no arguing that fact. She lifted her glass in front of Tina's face.

"Another?"

Tina nodded and poured.

Not everything Tina said was true but enough of it was to disturb Sara. The whiskey felt warm sliding down her throat and seemed to chase away her worry. Tina took a drink directly from the bottle and then gazed at Sara.

"Baby-girl, we either need to dance or leave. Something's got to happen here."

Sara nodded. "Let's dance," she said.

"First, send Mike a text so you feel better and he doesn't worry."

Sara fished out her phone and tapped out a quick message. Her face relaxed.

They started off dancing with each other but that quickly drew a crowd of men and they soon found themselves encircled. Soon their heads spun from the thick sweet smoke and the constantly offered drinks. When a joint was offered out of the crowd, both hit it. An hour later, sweaty and excited from all the incidental touching and overt flirting, they left the dance floor to head out into the cool night air. They moved to the backyard and found a bench under a huge tree. Tina took a moment to steady herself before sitting.

"Holy shit I'm high," Tina laughed.

"Me too, plus I'm sweaty," Sara complained.

"That's because you wear too much clothing," Tina advised. "You need to lose a few layers. This is Vegas, for Christ's sake. It's after one in the morning and it's still way over a hundred. Take off some of that shit and stuff it in your purse."

Sara looked down at her outfit; black Bolero-cut sweater on top of a pink cotton shirt on top of a stretch white camisole on top of a black lace bra, black mini-skirt over sheer black hose over black lace panties. Tina was right.

"Here," Tina offered, standing. "Come on, follow me."

Tina led Sara in the high bushes along the back wall. "My purse is bigger. We'll use it."

Sara stood frozen. "You want me to undress? In front of everyone?"

"Look around, Sara. It's dark back here, we're all alone, everyone is high, and nobody cares. You could run through the room naked and tomorrow nobody would remember."

"Thanks a lot."

"Fuck that. You know exactly what I mean. Come on; sweater, hose, pink shirt...bra too, actually. You don't need it. Your tits are like rocks."

Nervous and with eyes riveted to the house, Sara removed articles of clothing for Tina to hide in her purse.

"What about you, Tina?"

Tina laughed. She grabbed the bottom of her mini-skirt and flashed Sara a bald pussy. "Like I ever leave the house wearing underwear. Baby-girl, I have on a skirt and a top and that's it. I need to breathe. Bras and panties are for good girls and job interviews."

Both girls laughed. Sara hesitated removing her bra but Tina growled at her. Impulsively, and perhaps emboldened by Tina's bare pussy and the drugs flowing through her veins, Sara also slipped her panties down her long tone legs. Both girls laughed again.

"Don't tell Mike," Sara pleaded.

"Never."

Back inside the girls danced with renewed energy. Sara felt the air swirling around her naked pussy and her breasts bouncing freely and excited tingling raced through her. No one could see a difference, but Sara sure felt it.

More smoke and drink were offered and consumed. As Sara's excitement rose, her dancing became more wild and free. The crowd noticed and soon a large group of men and a few women cheered both sexy girls. Sara felt sure she occasionally flashed the guys sitting on the couch but she felt reckless now and went with it. When Tina reached over and kissed Sara on the lips, Sara returned it. The crowd went crazy.

No harm, Sara thought. I've known Tina since the first grade. It's just a friendly kiss between best buddies.

Tina leaned in and Sara felt big firm tits squash her own. Tina's hard nipples poked Sara's. A tiny jolt of electricity zapped Sara's clitoris and she pulled away. Tina laughed, seeming to understand.

Before Sara could say anything, Tina turned and danced away into the press of hot bodies. Two guys, shirtless, took her place and Sara found

herself passed back and forth between them as they moved closer, trapping her. The music shook the walls and many times a stray hand found her tit or ass. After a spin she came face to face with the tall blonde guy she'd noticed earlier and he smiled. She smiled back. He leaned forward and kissed her on the mouth and for a long heartbeat, Sara did not pull away. Once she did, she saw a very surprised Tina looking right at her.

“That's my Baby-girl!” Tina cried. The crowd yelled.

Tall blonde guy roughly pulled Sara close and kissed her again. His hand slipped down the small of her back and squeezed a firm butt cheek. Sara felt blood rush to her brain. When his tongue slipped between her lips, she met it with her own. In less than a second they were kissing passionately. When his other hand crept up and caressed her big tit, Sara moaned into his mouth.

I need to stop this!

She pressed her hot body against his bare chest. His hand dropped from her tit to slip up under her skirt. When his fingertips made contact with her wet slit, she gasped. He rubbed and a million volts blasted her body. She gripped his wrist but did not pull him away. When he pushed a long finger into her, she gasped.

“Fuck!” she cried. He rubbed around inside her.

Tina watched intently, ready to rescue her friend, but not just yet. Tall blonde pumped his finger in and out and Sara could not breathe. His touch felt so good. The weed combined with the alcohol combined with the intensely sexual evening she'd had so far left her craving release. That bulge had been so big! Tall blonde pulled her lips to his and finger-fucked her hard while they kissed. She felt another man approach from behind and a massive lump wedged between her ass cheeks.

“You are so fucking hot,” Jamul rasped. It was him!

She felt his huge cock sandwiched and squeezed her butt cheeks on him.

Few around them noticed in the swirling chaos but Jamul, Tall blonde, and Tina sure knew what was happening. Tina allowed Sara her fun and then pulled her away from the two men, barking at them to back off. Tina led a shell-shocked Sara back to the bar and poured her a drink and then moved them to a secluded corner. Tina knew any second now the guilt would hit. She saw a concerned Jamul checking on them and Tina got an idea. She waved him over.

She spoke into his ear. "Just follow my lead, okay?"

Jamul looked puzzled but said nothing.

Tina moved Sara and Jamul farther into the corner. She was hot and horny, more than she'd been in a long time, and she knew it was because of Sara. Watching her innocent and pure best friend lose control a little woke the devil in her.

She pulled Jamul closer to kiss him and then discreetly drew his zipper down and pulled out his black cock, holding him in the palm of her hand.

"Touch it," she ordered Sara.

Confused, Sara looked at Tina. Sara was reeling. Everything seemed to happen in slow-motion. She gulped her drink, the reality of what she'd just done on the dance floor creeping up on her. She followed Tina's eyes down and saw Jamul's large cock and for a moment, nothing registered. Then it did.

"What? That's a penis! What the fuck, Tina?"

Embarrassed, Sara glanced around but the party moved to its own rhythm.

"Touch it," Tina ordered again. Jamul smiled.

"No!"

Tina took Sara's free hand and placed it on Jamul's softly pulsing cock. The skin was smooth and hot and to her it seemed to vibrate. Sara ordered her hand to let go but nothing happened. She watched her own rebellious fingers lightly stroke the dark skin, tracing a long thick vein with a fingertip. She seemed entranced, mesmerized by this massive and utterly foreign phallus. Here was only the second penis she'd ever seen and it was so different from Mike's. Perhaps she was influenced by the booze and the weed, but Sara studied the heavy black spear intently. Tina gave Jamul a look to keep him silent.

Sara pressed her palm on top and wrapped her delicate fingers around the circumference. She lifted the beast off Tina's hand.

"It's so heavy," she murmured.

Jamul said nothing but his cock was stiffening fast. Veins rose all along it and the head flared. Sara bit her bottom lip.

"It's so big," she said, murmuring again. This searing tube of beef pulsed and throbbed. It seemed separate from Jamul, like a living creature all its own; Jamul showing off his pet python. Tina was more aroused than

she'd been in a long time. Sara's innocent nature always frustrated Tina and she'd gotten Sara to do very few wild things over the years, but never anything like this. She mentally kicked herself for not trying a big cock sooner.

With Sara by her side, Tina believed, they could own the Vegas nightlife. Tina had tried so many times but Sara almost always backed out of any plan. Fear and a guilty conscious always sent Sara running.

Now a dazed and apparently mesmerized Sara had a nice black cock in her hand and the corruption of innocence thrilled Tina immensely. She wondered how far she could push things.

I may never get a chance like this again, she thought.

Jamul swelled and a clear drop of pre-cum oozed from the tip and clung there. Heart hammering, Tina lifted the drop with a fingertip and touched it to Sara's lips. Sara seemed stunned. She tentatively licked her lips, the slippery film spreading across her tongue, the slight salty flavor spreading around inside her mouth.

Sara murmured a third time, "He tastes good,"

Jamul moaned and the spell broke.

Sara's face twisted with shame. Her hand came up to her mouth.

"Tina? Tina! Shit! What did you do? Did you put his cum in my mouth?"

Tina remained silent. Instead, she sank to one knee and opened wide and Sara saw that dark dick head slide across Tina's pink tongue. Jamul shoved another inch deep and held Tina by the hair. A shocked Sara looked ready to cry but Tina and Jamul ignored her. Tina bobbed several times fast, sucking hard, and Jamul groaned. People started to notice and Tina climbed to her feet as Jamul stuffed his hard-on away.

"I need to go home," Sara insisted.

"Now? Are you kidding? I need this stud to fuck me. Can't we leave later?"

"No, Tina, now. I can't believe you! I can't believe this whole night. There's an army of guys on the couch that have seen my pussy and I just held another man's penis. I have his semen in my mouth! I need to go home and confess everything to Mike and beg forgiveness. Fuck! What was I thinking? You always get me in trouble."

Tina looked at Sara and then Jamul. Something in Sara's voice helped her decide.

“Next time, hot-shot,” she said, dismissing him. “I gotta take care of my friend.”

He thought about trying to convince her but the look in her eye changed his mind.

Tina took Sara's wrist and led her outside again. The warm Vegas air felt cool against their sweaty skin. In the backyard Tina pulled up two chairs beside the pool. They sat. Sara held her head in her hands. She licked her lips, tasting salt, and thought she might cry again.

“You can't tell Mike,” Tina stated.

“I don't keep secrets from Mike.”

“You didn't really do anything all that bad, Sara. I'm the bad one. You'll hurt him for no reason. Blame me. I got you high and horny and things got out of control a little, but what really happened? Nothing. I'll be good from now on. I promise.”

Sara thought about it. Everything *had* been Tina's idea. Once again her wild friend had led her down a wayward path. How many times had this happened? When would she learn? Sara looked out across the pool. *Tina does something crazy every time*, she thought. *But if I keep falling for it, doesn't that make it my fault?*

For the first time, doubt crept in.

Did Tina actually lead me? she wondered. *I always blame her, but did I want to do those things? Have I been blaming her out of convenience all this time and hiding my own desires?* Sara grew increasingly uncomfortable. Suspicion gnawed at her. Maybe confessing to Mike was a bad idea. *Better to leave everything unsaid and just stop doing things I should not be doing*, she resolved.

When she looked up Tina was gazing at her.

“All better?”

“No, but getting there.”

“What do you want to do now, Baby-girl?”

Sara looked at the house and down at her hands. A breeze swirled under her short skirt. Her nipples stiffened.

“We can't drive like this. I'm too high. Let's go back and dance a while, without drinking or smoking, and sweat all this shit out. We leave in about an hour. Sound good?”

“Sounds great.”

“But don't ditch me so you can sneak off and fuck Jamul.”

Tina laughed. "I won't, Baby-girl."

Tina spoke truly, although the girls danced almost two hours. Sara put earlier events behind her and soon they were laughing and sweating and having a great time.

As before, anonymous hands passed over their bodies as they danced in the tight crowd, but Sara was okay with it now. By the time they left for home, both girls were extremely horny. Tina crudely said she would go home to masturbate but Sara announced she planned on waking Mike.

"No fair," Tina complained.

"Get a husband," Sara retorted.

Mike heard Sara enter the bedroom but asked no questions as Sara's mouth closed around his soft penis. She stank of smoke and drink and sweat but her mouth was hot and wet. He arched his hips to give her every inch and Sara engulfed him with ease.

The image of Jamul's cock resting on Tina's hand flashed through her mind. She sucked harder. Mike's penis began to grow and she easily moved it around her mouth with her tongue.

Tina barely got the head in.

She shoved that thought out of her mind. She loved Mike and she loved his penis. He was now fully erect yet her lips easily encircled all the way to the base.

Tina struggled to take three inches.

Sara forced such thoughts from her mind.

His cock was so big. His cock looked sexier because it was bigger.

Once more she forced thoughts of Jamul from her head. She sucked harder and faster as a surprising surge of lust welled up in her.

Really, she insisted, size does not matter. Mike and I love each other. He excites me. He's a good lover. She remembered Jamul holding Tina by the hair and forcing his cock deeper. Tina loved it and so did Jamul. Sara reached for Mike's hand and placed it on top of her head. Mike held her and pushed his entire penis in. Sara's lips effortlessly traveled the length of him. She pressed them against his pubic bone. She sucked hard and swirled her tongue and slight disappointment tickled the back of her mind.

Jamul was so big Tina took less than half. I can take all of Mike's with room to spare.

Sara shamed herself for thinking this way. Mike was handsome and sexy. For the last time she pushed thoughts of Jamul out of her mind and focused on Mike and for almost half an hour, she succeeded. When Mike rolled her onto her back and moved up between her legs, she looked down. On his knees between her legs, Mike's penis pointed straight up.

Disappointment again reared its head. "Fuck!" she whined.

"You turned-on, Baby?" he asked, misunderstanding. "Me too. Don't worry, I won't make you wait. I'm going to give you this hard dick right now."

Sara wrapped her legs around Mike's waist and pulled him home. His penis felt so good inside her. Mike fucked her enthusiastically and for the most part, Sara loved it. Here at last was exactly what she needed. It took her an extra-long time but eventually she climaxed. Mike had been holding back so once she did, he did too and they both fell asleep.

Tina called the next day while Sara floated in a steaming hot bath

"How you feeling, Baby-girl?"

"Slightly buzzed. Slightly hungry. Mostly guilty."

Tina laughed. "Oh let it go, Sara. Big deal; you touched a penis. What if you worked in a doctor's office? What if you *were* a doctor? What if you were a massage therapist? There are a million ways you might have touched one anyways. It's not like you cheated. It's not like you put his dick in your mouth or anything."

Again, Sara welcomed the comfort of blaming Tina.

"Yeah," she laughed. "Only a slut would put a stranger's penis in her mouth."

They chuckled together.

"That was a nice penis, though," Sara admitted. "It was so big."

"It was pretty big. Not the biggest I've had but decent."

"Not the biggest? Jesus Christ, Tina. Whore."

They both laughed again.

"I never thought of you as a size-queen, Sara. I have to admit your reaction to Jamul last night caught me by surprise."

"Is that what I am? Figures they'd have a name for it. I don't know, Tina, it just looked so...manly. Mike's is the only penis I've ever seen and I was frightened of it the first time."

"Yeah, big is nice. They look sexy and they feel amazing, but I guess you'll never know cuz you got married too young. Where's Mike?"

“Out in the living room, watching the game.”

“Did you fuck him? When you got home?”

Sara felt blood rush to her face. “Yes. The guilt sucked but last night was pretty hot.”

“You had fun?”

“I had a blast. I only told Mike about the drinking and dancing with you. He hates weed and I know he'd hate other guys dancing with me, much less palming their cock.”

“Yeah, husbands are funny that way.” Tina choose her next words carefully. “Sara, be honest; did you wonder what that big black cock would feel like inside you? Did you fantasize about it while you fucked Mike? I fantasized about it. I almost went back after dropping you at home. Jamul is hot.”

Sara wrestled with her answer. She wanted to blurt an automatic “No!” but she never lied to Tina. His cock filled her with so many conflicting emotions she had not yet sorted them all. She searched herself and yes, buried in with so many other feelings she discovered a thread of desire.

“Okay, yes, but I never would. Ever. I mean it, Tina. Mike would be crushed.”

“Whatever. Your loss. More dick for me. You want to meet for lunch?”

Sara said she would and hung up. She finished her bath and spent time with Mike, who barely pulled his eyes away from the football game, and then announced she would be headed out for lunch with Tina. Mike told her to have fun.

As she dressed in the bedroom she caught a glimpse of herself in the full-length mirror. Is Tina right? Am I hot? Sara couldn't see it. All Sara saw was a face that needed make-up, hair that needed shaping, and a body that needed more time at the gym. Tina was just being a great friend.

Sara selected a sweat-shirt and baggy shorts and headed out the door. She arrived at their favorite bistro well before Tina, big surprise, and ordered a sparkling water. The Vegas sun was already hot so she pulled off her sweat-shirt. Under she wore a black tank-top and bra. A few heads turned to watch her, but she missed them. Sara sipped her drink and waited for Tina.

Fifteen minutes later her phone chimed; Tina had problems. Her car died and the mechanic was on his way. They exchanged a few more texts and said goodbye.

Sara ordered food and ate alone. She was almost finished when she finally noticed the man staring at her. Now that she was aware of him, she realized he'd been focused on her for quite a while. Finally, she became flustered and set her fork on the table cloth. She met his gaze.

"Do I know you?" she asked.

He was an older man, mid-fifties, with thinning gray hair and a soft face. Black hair poked up from his shirt collar and covered his arms. Knowing blue eyes gazed back at her and seemed to be laughing.

"May I?" he asked, carrying his glass of beer with him to her table, not waiting for her answer. Beneath his short-sleeved shirt Sara noticed he had a little bit of a belly.

"I'm so sorry to intrude," he offered. "But you are quite a stunning creature. I noticed your date did not show so as I'm alone too, I thought perhaps we could chat a while and enjoy ourselves and the warm sunlight."

Something about his easy manner and calm confidence made Sara instantly comfortable. They were out in the open in broad daylight and surrounded by people; what was there to fear? He was clearly charming. Perhaps he had some interesting things to say. Sara moved her purse to make room for him.

He introduced himself as Reginald but asked Sara to call him Randy, like all his friends.

"Why Randy?" she asked.

"I used to auto-race, among other things, but a serious accident ended that and turned me into an investor. I retired over a decade ago and now just travel the world and introduce myself to gorgeous women."

Sara got the joke. "Married women," Sara corrected.

Randy chuckled. "Yes, I noted your big sparkling ring from my table. Married or not, you are a rare desert flower. But I am an old man interested only in conversation so married or not doesn't matter."

Sara smiled. Their conversation flowed smoothly. Randy was a worldly man and Sara deduced also quite wealthy. He moved and spoke like someone who answers to no one and owes no one anything. She had her suspicions confirmed when he later mentioned his jet sitting on the tarmac at McCarran airport, waiting for him to tire of Las Vegas and ready to take

him anywhere else. He listened to her intently, meeting her eyes and clinging to her every word, and Sara was surprised at how much she craved it. She realized her and Mike talked less than they used to and that made her sad, briefly, until Reginald began describing the Serengeti.

Time passed.

She finished her food and he ordered a bottle and as the sun moved across the sky they drank and talked. He listened to her describe her last business trip and her horrible flight when he asked if she'd like to see his jet.

Instantly on guard, Sara laughed on the inside. *He's ancient, slightly drunk, and absolutely harmless. I fear too much.*

"I'd love to," she said. "Lead the way."

Randy pulled a large roll of money from his pocket and dropped two hundred dollar bills on the table. He explained his car had the sticker on the window to get by airport security so he should drive and Sara agreed. When valet brought a black Bentley around Sara smiled again. Reginald continued with questions as he drove. The guard waved him through and he turned towards a group of buildings far down the runway. Parked in front of them was a silver jet with the steps already down.

"Planning a fast getaway?" Sara joked, impressed that Randy had spoken the truth.

Randy chuckled. "I called ahead."

Inside the jet was spacious and opulent. Reginald explained every gadget and instrument and even offered to teach Sara how to fly. They settled into over-stuffed chairs afterwards and continued their conversation. For the first time Sara noticed how blue and clear his eyes were.

Sara scanned the interior.

"Do you sleep in here too?"

"Yes. I left the bedroom off the tour. Seemed too suggestive."

Sara's heart skipped a beat and she had no idea why.

"Show me."

Reginald gazed at her for a long second.

"Alright."

He took her down a long hallway and opened a door at the end. Sara was dazzled. The space was surprisingly large with the bed taking up over half of it. Reginald had decorated in blacks and silvers, glass and metal, and

Sara thought the room could use a woman's touch. She felt him move up behind her.

“What do you think?” he asked.

Her eyes roamed the huge bed and nightstands, the rug and lamps. She felt the heat from him on her back. He was close, but careful not to touch her.

Impulsively, she leaned back.

The thick tube of his cock under his pants eased between her butt cheeks and a small gasp escaped her. Next she felt his belly against her back and finally, his chest against her shoulders. Heat radiated off him and through her clothing. Neither moved. His cock twitched and began to swell.

What am I doing? Sara questioned, but she remained where she was. It took all the self-control Reginald had to keep his hands to himself. He was dying to touch this gorgeous woman but too worried she'd bolt.

Patience, he thought. First set the hook, then catch the fish.

Sara felt his cock throb against her firm ass. She had no idea what to do next. Randy made her feel special and important. He clung to her every word. His adoration for her was obvious in his eyes.

He broke first. He placed a gentle hand on her shoulder and turned her to face him, and then leaned down for a kiss. When her eyes closed his heart jumped. He held her and kissed her softly, sensing her crumbling resistance, and only when she began to tremble did he reach for her tank-top. As it passed over her head their eyes met. Sara was desperate for acceptance and the raw and naked desire she saw in his eyes thrilled her.

Randy gazed down at her overflowing tits. A hint of nipple showed through the lace bra and blood surged to his cock. He reached behind and flipped her clasp with a practiced hand and her bra sprung free. When she let it fall down her arms, her glorious tits were fully revealed and a hunger entered his eyes, sending a shiver racing through her.

He gave her no time to think. His hands unsnapped her shorts and with hooked thumbs pulled them and underwear down together. She kicked off her shoes and stood naked before him, goose-bumps raising as his intense gaze traveled her bare skin.

She still had no thoughts of intercourse. For her, this was the intoxication of adoration. Randy's gaze fell on her like blazing hot sunlight and she was thrilled to be wanted so much. He looked at her with such intensity, such longing, she found herself craving more and more. As each

article of clothing left her, Randy's lustful appreciation grew. Her eyes were welded to his. No man had ever looked at her with such burning desire and Sara felt light-headed from it. This was better than any drug.

“Gorgeous,” he whispered, in awe. “Breathtaking. I've spent time with most of the world's beauties and you out-shine them all.”

His words and his reaction were exactly what Sara longed for. He probably spoke flattering lies but he said them so convincingly. Sara savored every word, clinging to the remote hope that what he said might be true. She exhaled fully and quickly sucked air back in. He ran his eyes over every square inch of her, reluctant to continue his pursuit because he would have to take his eyes off her.

She felt gloriously exposed and vulnerable and desired. Movement drew her eyes down and her gaze landed on his absurd bulge. No way was that him. Visions of Jamul flashed in her mind and curiosity heated her from the inside out.

Her hands trembled as she reached for the buttons on his shirt. His chest was hairy and she'd been correct about his belly. When she reached for the button fly on his pants she spotted her wedding ring and almost stopped and ran. She drew a deep breath but her hands remained where they were. Beneath his pants he wore boxers and she held her breath as he began to lower them.

His body hair continued until she revealed a dense patch and the root of his cock appeared. Sara's eyes were riveted to the wide pink base connected to his body. Faint blue veins lay just beneath the skin as his boxers dropped farther and more of his fat tube became visible. In seconds she passed what would be the end of Mike's penis, but still his underwear continued down his legs. When the elastic band passed the circumcised head, she found herself staring at a long and thick tube of meat. Hairy testicles hung behind it, granting his equipment a powerfully male presence. Her lips parted.

As she watched, the tube rose and extended, filling and lengthening and lifting until it pointed right at her. She was enthralled. He'd gotten hard just from looking at her! Sara felt incredibly attractive and wanted.

Just from looking at me!

He took her shoulders and backed her towards the bed. The edge hit behind her knees and she sat, his cock now dangerously close to her mouth.

She wanted desperately to suck on him, which surprised her as that was not something she typically felt, but Randy moved quickly.

He expected her at any second to come to her senses and flee and now that he'd seen her naked, he could not allow that to happen. She was easily the most beautiful woman he'd ever seduced, and he'd seduced a lot. Her long dark hair spread around her face and over the bed, framing her incredible beauty.

Sara looked up at Randy. She loved the way he looked at her. He had so much need in his eyes she worried he'd die if he waited too long. When she looked down her body and saw his long and heavy spear, she marveled at how different he was from Mike. Randy's cock was manly and powerful. To her it looked almost like an animal's penis; fat and virile and hairy and covered with veins. If she'd seen only a picture of it, without knowing the man, she'd have found it ugly. At this moment it was one of the most beautiful things she'd ever seen. It was hard as stone and that was all because of her.

Hard dicks do not lie, she thought. Tina may be full of shit but in the last twelve hours I've made two penises erect without touching them.

She unfurled her legs like a blossom, spreading herself wide in front of this man. Every move she made felt totally natural and right. Of course this should happen; *look how much he wants me.* Her thighs pulled her labia apart with a tiny smacking sound and she thrilled at how wet she was for him. Opening her legs felt perfectly correct. This was a *Man*. She looked again at the fleshy railroad spike jutting out from his body. Somehow, his dense hair and round belly only served to convince her more thoroughly this was absolutely the right thing to do. All the forces of nature wanted her to give herself to him. He was the conquering male.

What would Mike think if he saw me at this moment?

Randy leaned down and aimed his enormous erection at Sara's offered hole. From his vantage point he saw how much bigger he was than her and smiled on the inside. He also saw her wetness and blood surged to his already erect cock.

You are going to feel this, that's for sure, he thought.

"You're a vision," he whispered. Sara exhaled deeply.

Her pussy-lips mashed to the sides as he made contact. Sara involuntarily rolled her hips trying to capture him but he was in control. When he leaned his weight forward and began to penetrate, Sara groaned; a

telephone pole was being forced inside her. She opened her legs as wide as she could and lifted her ass off the bed. Randy pushed harder and Sara's small tunnel gave way, expanding to envelope him, stretching wider than it ever had to wrap him in hot wet flesh. Randy felt her vagina hug every inch of him, enshrouding his inches in a scalding, clinging embrace.

“Uuunngh, oh my God,” Sara moaned. “That's unbelievable. Christ.”

Confusion swallowed her. She knew it was only his penis but sensations like she'd never known raced up and down her body. She looked down just to watch him disappear in her. Pleasure radiated out through her hips and back. Her nipples tightened. Her legs clenched. Intense, pre-orgasmic waves of delight flashed through her, hinting at the power of the orgasm to come.

“Don't stop,” she begged. “My God, that's so good. Christ, you're big. What's happening to me? I'm filling up. I can feel it. Push it in, all of it. What are you doing to me?”

Randy leaned more weight and his cock-head burrowed into her depths.

“Gunnmph, mmmmmm, aaaaahhh, yeah, more. Put all of it in me.”

Randy pulled back some to spread her juice up his shaft and then pushed deep until he reached her cervix. Sara arched her back.

“God!” she cried. “Oh my God! Impossible!”

This was beyond anything she'd ever known, anything she'd ever heard of. His big cock overpowered her senses, scrambled her brain.

Tina warned me, but I wouldn't listen.

Sara bit her bottom lip hard as Randy moved in and out with small movements. Her whole body trembled, electrified. The intense sensation bordered on more than she could stand. Every thrust of his hips sent a wave of pleasure rolling through her.

Occasionally, he'd penetrate her fully, pressing the head of his cock against her cervix and holding it there. Sara groaned, packed with cock. She moved her hands down to his hairy ass, trying to pull him deeper still. His cock was like an iron bar inside her body. She'd never felt so filled. Mike had never given her sensations like this. She was stuffed with dick. Impaled. Forced to take more than she could handle and loving every second and every inch of it. She tried to move her hips but Randy's cock

skewered her like a spike. She was trapped under him, pinned to the mattress.

He struck a smooth, strong, and slow rhythm, and in less than a minute Sara exploded with a totally unexpected orgasm, sobbing with pleasure. Randy growled encouragement and kept his pace steady, watching beautiful Sara climax all over his beefy cock, watching her big firm tits sway and bounce to his thrusts.

“That's it girl,” he murmured, completely in control. “Give me everything. You're so beautiful, Sara. Let yourself go. Show me how good I feel inside you. I can see you love me in there. Give me everything. Cum all over me.”

His use of her name drove her wild. A second climax hit before the first had ended and Sara held on as a huge wave smashed into her. Her back arched and she cried out, unable to understand what was happening to her. She knew it was just his cock moving inside her but the pleasure was incomprehensible. How could his big cock make such a difference? Her head thrashed side to side. Her long nails gouged his butt. She felt him deep in the center of her body, like he was close to her heart or behind her lungs.

Randy felt his cum boiling up and pushed his cock all the way into her.

“Here I cum, Sara. I want you to take me inside you. I'm not pulling out. I'll be inside you for days. I want you to remember that.”

Sara wrapped her arms and legs around him tightly, signaling she wanted the same thing. She kissed his roughly and forced her tongue into his mouth.

His balls tightened and he struggled to breathe. His ass clenched and his muscles locked into place and white hot lava raced up the length of him. Sara, still riding her orgasm, clawed at his ass and pulled him deeper, her big tits bouncing in rhythm.

His first spurt blasted through her cervical opening directly into her womb and she felt it hit an inner wall with a thump. Another hard blast followed. Her eyes flew open. They gazed at each other as he filled her to overflowing with potent sperm. His cock swelled and another bolt shot into her. She heard a woman crying out and after a second of confusion realized it was her. Randy's testicles squeezed one blast of semen after another. He pumped a massive load of cum inside this beauty.

He'd seduced so many women over the years; some took weeks, some only days. Rarely did he bed one in only hours. Yet here he was and she was easily the most beautiful of them all. His balls clenched over and over, each time releasing a hefty batch of seed. He would remain in her for a long time.

With luck she'll conceive, he gloated. Take me home with you. Sleep next to your oblivious husband while I seek your egg.

The thrill of conquest extended his climax as he shot the few last bolts of sperm. When he finished, he dropped to his elbows, mashing her fit body beneath his chubby one.

His weight crushing her heightened Sara's awareness of where she was and what she was doing, but she was still too excited for guilt. Instead she moaned under him and tangled her legs around his. His cock still filled her. Pure contentment raced through her. She'd satisfied her lover and herself. She felt empowered, wicked, desirable, and gorgeous. Her entire body tingled. They kissed passionately. She clamped her pussy around his cock and his moan thrilled her. Allowing a man inside your body was the most intimate act she could imagine and this man felt better in there than Mike ever had.

"You're like a vise," he groaned, slowing his thrusts, savoring the sensation of Sara wrapped so tightly around him. "A hot, wet, insanely pleasurable vise. It's exquisite."

After he'd emptied himself inside her, they lay together for a long time. Gradually he deflated but she was yet tight enough he needed to pull himself out. A rush of cum followed him out. He took a spot next to her on the bed. Sara basked in the tingly afterglow of their mating.

Eventually real life began to assert itself. She started thinking about her car and her purse, and then her clothing and the drive home. She pictured Mike on the couch watching football still, oblivious to what his wife had just done.

At long last, tendrils of guilt began working their way into her mind.

"I should go," she murmured.

He was playing with her long hair and was surprised how her words affected him.

"Stay," he replied, and meant it.

She held up her wedding band. "Randy, I'm a married woman. I should go."

She considered adding she never should have come, but stopped short. The sweet memory of their mating still warmed her, and while guilt and shame were rising quickly, she was still nevertheless glad she had come.

“Okay, Sara.”

She felt the same thrill every time he used her name.

They dressed and he drove her back to her car. They kissed and exchanged numbers but neither suggested any future plans. Randy knew to let her work through the emotions which would soon hit her. He knew with virtual certainty he'd fuck her again, but only after she had come to terms with her infidelity. For that he needed to keep himself out of the picture.

They kissed goodbye and Randy drove away. Sara checked her phone and found four calls from Tina but nothing from Mike.

“Figures.”

Tears sprang to her eyes.

One message Tina sent explained the mechanic had fixed her car right away and she could still meet Sara for lunch. Sara checked her watch; one and a half hours. That was all. She was sure she'd been transported to another world and had lived a whole other life there, but really she'd only been away from this one for ninety minutes. She called Tina and they arranged to meet for some shoe-shopping. She decided to hide her dalliance from Tina. No sense sharing until she had it sorted out.

Of course, she blurted the truth to Tina after only four minutes. They were trying on shoes and when the salesman walked away, Sara confessed.

“Tina, I... I fucked someone.”

Tina met her gaze and laughed softly, sure there was a punchline. When Sara waited, the truth grew on Tina.

“What the fuck!” she cried. A few customers turned to look but quickly turned away. Tina lowered her voice.

“You're not joking? Who? When? Where? How was it? What the fuck, Sara?”

Nervous, Sara started to explain but the salesman returned. Tina led them out of the store to the closest bar and they took a booth in the back.

Sara offered up everything, all the way down to their tender parting kiss. She added she cried in her car. They pecked at appetizers as Sara spilled her guts.

“I can't blame you for this one, Tee.”

“No,” Tina agreed. “You can't. I'm stunned, Baby-girl. Are you and Mike fighting? When's the last time you had sex?”

“No fighting at all and we had sex last night when I got home. What if I get pregnant, Tina? Mike and Randy are both in me right now. How will I know whose child it is?”

Tina nervously tapped the tabletop with a manicured nail.

“You can't know until after it's born, so better to not have it at all. Grab your purse, Baby-girl. Let's go to the pharmacy.”

An hour later Sara and Tina stood outside a drugstore. Sara held a small blue pill in the palm of her hand. The bright sunlight seemed to reveal to the entire city what a faithless whore she was.

“This will end any pregnancy?”

“Yes,” Tina replied.

“What happens?”

“Cramps like a bad period. A little blood. Upset stomach.”

Sara thought about taking it right then but so many people around made her uncomfortable. She felt sure they all knew what a slut she'd been.

“Let's get out of here. Someplace private.”

“What was he like?” Tina asked.

“Let's get out of here,” Sara said again.

The two girls again drove to a nearby restaurant and took a booth. Sara text Mike and asked how the games went but got no reply. They ordered shots of whiskey. Once the waiter walked away, Tina asked again.

“What was he like?”

“Old... chubby... hairy...” Sara stopped as Tina's face slowly twisted in disgust.

“It's not like that, Tina. He's charming and worldly and knew exactly what to say to me. He took me back to his airplane. That's where we did it.”

“On an airplane? You mean like a private jet? Hold on.”

“Yeah, he's filthy rich. Like millionaire, maybe billionaire rich. He travels the world buying things and seducing beautiful women. That's how he put it anyway. I'm sure I started off as just today's mark, but something happened. I think we actually connected. It felt like it anyway. I'm no expert at men but it felt real.”

“You had sex on a private jet? That's pretty hot, Sara. How was he?”

Sara glanced around the restaurant then held up her hands, palms facing with about ten inches between them. “Fucking amazing. Like, out of

this world amazing. I had no idea what I've been missing.”

“I told you a million times, Baby-girl! How thick was he?”

“Huge. Like Jamul, only white. Not quite as long, maybe, but thicker. Also, hairy, chubby, and old. But man could he fuck. He knew my body better than me. He knew my mind better too. I was in bed with a *man*. Do you know what I mean? A Man.”

Tina nodded. “Oh yes, I've met a few of those. Rare creatures, and mine weren't also rich and hung. You scored, Sara. Do you think you did it because you were still horny from last night? Did all that attention from all those boys and girls have you so wound-up you needed release? Or is something more going on here?”

Sara thought about Tina's question. Her phone buzzed and Sara looked at the text from Mike; “Awesome.” Suddenly she knew. She showed the text to Tina. “Mike is answering a question I asked hours ago. He's so wrapped up in his football he doesn't even realize how long I've been gone.”

“See?” Tina shrugged. “Boring.”

Sara sighed. *Not boring*, Sara realized, *inattentive, but no use trying to explain the difference to you, Tina. You confuse attention and attraction all the time.*

The drinks arrived and Sara took a sip. Tina had a million questions and started quizzing Sara. By the end she knew every little detail of Randy and Sara.

“I want to meet him. I want to meet Randy”

Sara felt an unexpected stab of jealousy. “Why?”

“Duh; well-hung, single, rich guy? Why do you think?”

Sara fidgeted, hugely uncomfortable with sharing Randy, especially with Tina. Part of her wanted to forget it even happened and put the whole experience behind her. With Tina involved that would be impossible.

“When?”

“Now.”

Sara hesitated.

Randy is mine. It's not fair. You can have any guy you want.

“Come on, Sara. It's not like you're going to do anything with him. You're married, remember? Unless you plan on ditching Mike you have no future with Randy. Let another girl have a chance.”

Tina was right but still Sara felt possessive. She scolded herself and reached for her phone. “He's probably in Rio by now.”

Tina waited as Sara tapped out a message.

Randy answered right away, asking; "Is she cute?"

"Not bad," Sara responded. "If you like buck-teeth and pimples."

"Fuck you," Tina said after reading it. Sara laughed.

"Meet me at the gate," Randy text. "Park by the fire station."

Tina's eyes lit up. "This guy's for real."

"Yes," Sara replied.

They rode in Tina's car. The drive was short and Sara found herself climbing the steps to the jet for a second time in three hours. Randy met them near the cockpit wrapped in a towel. He smelled fresh and clean. His thin hair was damp. He ushered them towards the back of the plane and poured drinks for everyone.

"Nice place," Tina offered.

Randy smiled, eyeing both girls. "The mortgage is steep but the view is spectacular."

His eyes blazed with lust as he regarded these two beauties and Tina caught his double meaning. Sara ignored them both, gazing down into her drink, thinking she should not be there again. When she looked up she saw the way Tina looked at Randy and jealousy flared again. She clamped her jaw, grit her teeth.

Goddamn it, Sara, she thought, you have no right to get jealous.

Tina was pretty hot, Randy admitted, and probably had a lot of men tied around her finger, but Sara was a Goddess. Seeing her again made his heart race, and that happened rarely. Two hot women at once is always fun, but truly, it was Sara alone he craved. He knew he was about to have her again. His mind connected to his cock and blood flowed. Tina noticed the edge of his towel lift slightly and understood immediately. She wasted no time.

Tina slid out of her chair to her knees between Randy's legs. She pinched the edge of the towel and peeled back both sides, exposing Randy's hairy lap and partially swollen penis. Tina smiled wickedly, pleased naive Sara had not exaggerated. Sara was about to protest but the sight of his cock silenced her. Her pussy tingled from recent memories.

The look on Sara's face told Randy everything he needed to know. *She wants it again already.* She was not the first woman to fall under his spell. With patience, he knew he would turn that lust into something regular. He knew he may have to invest many months or possibly even a year, but

the outcome was inevitable. Maybe she would hide it from her husband or maybe she would leave him. Either way, Sara would become his willing pet, married or not.

He turned his attention to Tina.

“Something tells me Sara confessed,” he rumbled.

Tina opened her mouth and aimed his shaft at the back of her throat. Leaving her mouth open so Randy could see his cock in there, she rubbed her tongue all over the underside of this dick. Randy grunted.

“That's good,” he breathed. “Do that again.”

Tina did as she was told.

Randy looked at Sara. “Come here, Sara. Join your friend. I want you on my cock too.”

As always, his use of her name melted her. He held her eyes as his cock slowly filled with blood, lifting and turning as he gazed at her. Shivers ran down her spine. His male presence overpowered any weak defenses she had. His obvious and powerful want for her filled her with a desire to please him.

She set her drink down and joined Tina on her knees. Oral sex was not something she did often and she felt intimidated next to Tina. Tina lifted his hairy ball-sack and offered it to Sara with a wicked smile. Sara hesitated and Tina pulled on the back of her head, forcing her face into Randy's groin. As her face made contact with the warm clean skin, Sara slipped her tongue out. Randy moaned and that pushed Sara over the edge.

Together they each sucked a testicle, pulling them apart in opposite directions, and then painted up his hardening shaft with their tongues. Sara's tongue brushed against Tina's often and Sara felt raunchy and dirty. Not in a million years would she ever have imagined herself on her knees sharing a penis with Tina.

As they rounded the tip she and Tina accidentally kissed and when she tried to pull away Tina followed her, pushing her wet tongue into Sara's mouth. Sara's eyes went big with alarm but Tina held her face and kissed her deeply. Sara felt Tina's hand cup a breast and roll a nipple. If not for Randy's hand on the back of her head, Sara would have jerked away. She'd never thought of Tina in this way. They'd been friends since grade school. She'd always thought of Tina as a sister, but apparently Tina saw Sara differently.

When Randy rumbled, “Do it, Sara. Show me.” Sara understood what he wanted and so, for him, she did it. She kissed Tina and within seconds passion flared. Tina's mouth was warm and wet and her tongue sensual and slippery. Sara reached for Tina's tits as well. In moments the girls were after each other with Randy's cock caught between them. He leaned back and absorbed it all, growing harder by the second.

When they broke their kissing it was to descend on his meat. Sara took the head and Tina aimed for the balls. Randy enjoyed their combined attention as they tried to out-do each other in pleasing him.

Sara was shocked by her own behavior. Her heart hammered over what she'd shared with Tina. She'd always thought Tina beautiful and sexy but only for others, never herself. Gnawing away at her was the decadent thrill she'd felt; she'd loved Tina's hot wet kisses. She relished Tina's big heavy tit in her hand. When she'd pinched a nipple and Tina had moaned, there was no denying Sara's pussy had gushed. She was thrilled by the idea of giving pleasure to her pretty best friend.

Randy's formidable cock towered between them. Tina looked beautiful and sexy and Sara rationalized they most likely would have done this anyway if they'd attended the same college. She was in way over her head but at least it was with Tina.

After a while, Randy stood and took them by the hand. He led them to the bedroom and directed them into a sixty-nine. Tina understood but Sara had to be shown.

“I've never eaten pussy,” she whimpered. “I don't know how.”

Tina settled into place over her friend and lowered her cunt towards Sara's face.

“Just do to me what you like done to you. Pretend you're Mike. Pretend I'm ice cream.”

Randy sat to watch and took his dick in hand. The death of Sara's innocence thrilled him, too. Her hesitation and uncertainty fueled his lust.

Thank God she came back and with Tina, he thought.

When Sara reached her tongue out and licked Tina's inner lips, Randy groaned.

That was all the encouragement the girls needed. Mouths closed on pussies and the feasting began. To Sara's delight and surprise, she enjoyed it. An electrified Tina writhed above her and Sara felt powerful and sexy. Every suck and lick drove Tina crazy and Sara reveled in her power. Tina

was hairless and that helped a lot, but was also clean and sweet. Her excitement trickled into Sara's mouth and Sara swallowed every drop.

Tina tasted Randy from the instant her tongue penetrated Sara's young pussy. The proof of Sara's infidelity flowed into her mouth and she savored every tart drop. As she ate cum out of Sara's unfaithful cunt, Tina's felt her own excitement build. Her juices dripped into Sara's mouth or were swept away by Sara's probing tongue.

When he could wait no longer, Randy moved between Sara's knees and placed his rock-hard cock at her opening. Tina slathered where their bodies merged, licking cock and pussy alike. He thought about fucking Tina; just as any man would, but his instinct told him Tina would be available anytime. Sara could come to her senses any moment and he might never see her again. Besides, Sara was hotter and much more innocent and virginal than Tina. Randy wanted to fuck her again and again until he collapsed, completely drained and exhausted. A powerful desire to impregnate this angel consumed him and knowing he was about to pump another huge load deep inside her added to his lust.

He leaned forward. Sara's tight pussy mushroomed around the head and quickly swaddled him in hot wet flesh. Sara groaned at the intrusion, her small pussy again forced to take him, and stopped licking long enough to croak, "Do it!" before pushing her tongue back into Tina's folds.

Randy shoved. Her pussy was well lubricated from his previous load so his cock sank into her like a spoon into a tub of ice cream. Sara moaned deeply as her body went rigid. He felt bigger and harder than before as her tender pussy expanded to accept his bloated manhood. Randy sank one inch after another until he again pressed firmly against her cervix.

Sara stopped licking to savor the full feeling he gave her. There was nothing like it. She felt with Randy she was discovering sex for the first time. Randy's big dick destroyed all her ideas about what sex should and could be. This was raw and primal and visceral. "Fuck me," she hissed.

Tina gave an evil laugh. She enjoyed the destruction of Sara's innocence almost as much as Randy. She lowered her cunt to smother Sara's face and told Randy to give Sara everything he had. Randy pushed Sara's legs back and Tina helped pull them away from him. He began to hammer that tiny exposed cunt. Tina lowered her mouth and concentrated her attention on Sara's clit and moments later Sara screamed as Tina and Randy made her orgasm like an earthquake.

Sara was utterly powerless, trapped beneath Tina and pinned down by Randy, and that added to the power of her climax. His huge cock sawed in and out as Tina's tongue teased and danced and all Sara could do was cum and cum and cum. Even after she burst into tears they were unrelenting, virtually torturing her with pleasure.

Randy felt his testicles tingling and his sperm start to rise and pushed all the way in, short stroking her rapidly so when he came he was at the opening to her womb. His balls convulsed and he rammed the head against her cervical opening and spurt hot cum into her uterus. He held himself there and emptied his nuts, excited to add more to his earlier load. He envisioned his sperm flooding her tubes, soaking and saturating her ovaries and eggs. He groaned and shot several more times, driven wild by the thought of putting a baby in her.

He left his cock in her as Tina used her tongue to make Sara cum again. When he finally pulled his dick out, Tina scooped him into her mouth and sucked him clean.

Randy dropped onto his back, his meaty cock slapping his thigh, and Tina toyed with Sara's clit until pushed away. Everything was well for a time as the three of them lounged and recovered. Tina hoped to get him hard again because watching them had her fitfully horny, but this time the guilt came rushing in on Sara.

Sara turned her back on them and curled into a tight ball. Tina gave Randy a look that said nothing could be done for her when she gets like this, so Randy pushed Tina back and buried his face between her legs.

An hour later Sara and Tina were ready to leave. Sara had remained quiet while Randy and Tina enjoyed each other. Once Tina climaxed it was time to say goodbye and after some awkward conversation Sara and Tina were on their way. They put the jet in their rear-view mirror. They spoke little and Tina did not press.

On her drive home, Sara cried again.

Guilt ate her alive but so did anger; she was angry at Tina for forcing a second visit with Randy, angry at herself for allowing it, and even angry with Mike for his constant indifference.

None of this would have happened if Mike gave me even a little attention.

That position held for almost thirty minutes until she replaced it with self-blame.

In spite of Mike's actions, I should have remained faithful, she reasoned. Divorce him if you're so unhappy but do not cheat on him. That's just wrong.

That position lasted almost all the way home until she remembered Randy inside her. Involuntarily squeezing her thighs together, she chewed her lip. Just the memory made her pussy ache with want.

Mike will know, she worried. Mike will take one look at my guilty face and he'll know. Our marriage is over. He'll be furious. I can't believe I did this to him. I'm a horrible person.

She rounded the corner into her neighborhood and clicked the garage door opener. Inside the house she dropped her keys in the bowl by the door and walked through the house to the living room. Surrounded by bottles and plates, Mike sat glued to the television, watching yet another football game.

"Mike, I'm home," she called out.

Mike jumped up from the couch, genuinely happy to see his wife. He jogged over and kissed her lips and asked how her time with Tina went.

"Good. We had fun."

"That's great, Baby. I had a good day too. All the games were really close but we're up almost two hundred dollars. You want to watch with me?"

"Sure."

He was so excited to have her home she couldn't say no. Sara studied her husband's sweet face. Love welled up inside her. He was a simple man but fiercely loyal to her. She knew he'd never cheat on her.

I'm the cheater in this family, she mused.

She also quickly realized Mike had no idea what she'd done. Contrary to all her fears, he suspected nothing. He gazed right at her face, oblivious. So trusting and sure, he was unable to even imagine his shy wife in bed with another man. He led the way to the living room and Sara took a seat next to him on the couch. Sperm oozed from her pussy into her panties and she squirmed a little, but Mike noticed nothing.

No more, she decided. I had my fun, I went a little crazy. I'll take that pill just in case and never see Randy again. I should take a break from Tina too, spend more time with other friends.

She felt in her pocket but the pill was missing.

Probably fell out when I took my clothes off. Damn. I'll go buy another tomorrow.

Sara sat with Mike and watched football for over an hour. They talked about work and friends and other mundane things until she excused herself to shower. Her pussy was tender and she thought about Randy's big cock often, but forced those thoughts from her mind.

Later that night Sara and Mike ate dinner together and she listened as he related all the exciting plays he'd seen that day. Sara made up stories about shoes and dresses. They turned the light out and thankfully, she thought, Mike attempted no sex.

Days passed. Tina called a few days later but Sara let it go to message. When Sara called her back they talked briefly but with distance, at least from Sara's side, and hung up without making plans.

A week later they still had not talked and Sara felt guilty about that but also felt safe. All her life Tina had led her into trouble and she felt it was time to grow up and accept some responsibility, something she should have done long ago.

When Jennifer Deals, Sara's friend from years ago, called just to catch up, Sara was happy to hear from her. Sara and Jennifer had worked together and Sara had stolen a huge promotion out from under Jennifer. Jen had been furious for months. Eventually the girls put it behind them and moved on but Sara sensed from that moment on, something was different between them. A year later Jennifer was abruptly fired and Sara never found out why and without the connection to work, their friendship fell apart.

They talked a million miles an hour and ended the conversation with a date for lunch. Sara sensed things were different between them but was willing to start fresh.

Two days later they met at a new restaurant downtown known for an extra-healthy menu. Jennifer arrived wearing a tight white and red knee-length summer dress and sandals. The diaphanous material clung to her curves, especially around her breasts, and Sara gave her a huge smile. Always about sixty pounds over-weight, Jennifer now looked tone and fit.

"Jen!" Sara enthused. "You look amazing!"

"Thanks," she gushed, swinging her long blonde hair over a shoulder. "You actually inspired me. Remember when we bumped into each other at the mall years ago? You looked so good. I wanted to look that good too."

“Well, you succeeded.”

“Thank you. We should hit the gym together. I think we'd be great work-out buddies.”

Sara considered the idea. The timing was perfect; here was a great way to replace Tina with something good and healthy. She felt guilt start to rise in her again but forced it down. *I did what I did but I don't ever have to do it again. I had my fun, and if the situation ever arises that Mike wants to play around, I will let him, just to be fair. But all that is behind me now. I'll take it with me to the grave.*

When Sara came back to the conversation Jennifer was staring at her, her blue eyes glittering. “Daydreaming?”

“Yeah,” Sara answered. “I really wanted dessert but all your talk about working out has me feeling guilty. Looks like it will be a coffee for me.”

Both girls laughed. They chatted like teenagers, talking fast and asking rapid-fire questions. Sara remembered how much she enjoyed Jen's company and was pleased with her decision to spend more time with Jennifer and less time with Tina.

Ten days later Sara got her period and only then realized she'd forgotten all about getting that second pill. Dumb luck alone had prevented her getting pregnant with another man's baby. She thought long and hard about what that seemed to say about who she really was. *Did I WANT to get pregnant? What sub-conscious motives drive me here?*

She wracked her brain but produced no definite answers. She was profoundly disturbed for days.

Over the weeks that followed, she and Mike returned to their utterly predictable routine and Sara and Jennifer spent more and more time together. Several times their plans included Dean, Jennifer's husband, and the four of them skied at the lake or hiked the trails of Mount Charleston. Twice they rented a cabin and left the city for the weekend. Dean and Mike shared common interests and Jennifer and Sara never ran out of things to say.

Yesterday they'd packed everything up and headed for the mountains surrounding Lake Mead. This would be their last chance before Winter and all four of them needed a break from work. As always, they set

up two tents overlooking the lake, nestled back amongst the pines. Wildlife was rarely a problem with only the occasional coyote or deer prowling close to camp.

This morning they'd hiked a trail that took them around massive rock formations and then broke for lunch. Afterwards they'd hiked another hour until Jennifer suggested a quick swim to wash off the trail dust. No one had swimsuits but they'd gotten relatively comfortable around each other so when Dean announced underwear would have to suffice, nobody protested. The girls wandered behind some boulders and the guys ducked behind trees.

Purely by accident, Mike wandered to first find a place to urinate and from the new angle he saw Jennifer changing. She did not see him. When she pulled her long-sleeved shirt over her head he caught the first glimpse of her breasts and had to stop his gasp. Hers were bigger than Sara's. She wore a black sports-bra, which she filled to overflowing, and he was amazed. When she peeled the sports-bra off and her huge tits tumbled free, his mouth fell open. Her tits were large but her nipples small like nickels.

He stared as long as he dared and then headed back to Dean. Together they walked to the lake. At six-foot six and lean, Dean was much taller than Mike so they made an odd couple.

"So, Sara turned out gorgeous," Dean offered. "The last time I saw her was about five years ago. She's really grown into a beautiful woman."

"Thank you. So has Jennifer. We're lucky men." They continued walking in silence.

Up the hill and behind the rocks, Sara gawked at Jennifer's big tits.

"I had them done," Jennifer admitted. "After I lost so much weight they disappeared and I thought; fuck that. I love my new tits. Dean missed them too so I went and got them back."

Sara looked at the ground as Jennifer pulled a bikini top over and tied it at the neck. "Well, the doctor did an amazing job."

Jennifer lowered her shorts, exposing her panties. Sara pulled off her shirt and lowered her shorts too. She had no bikini top so her swim would be in bra and underwear. She caught Jennifer looking her up and down.

"Damn, Sara, you really blossomed. You look better than ever. Mike must be thrilled."

“Thank you, Jennifer. Mike hasn't really noticed. I think he always saw me as beautiful so the change was no big deal to him, which is kind of sweet if you think about it. Lots of other people have commented though, which is nice. I have to admit I really enjoy the compliments, although the male attention sometimes feels awkward.”

Without asking, Jennifer stepped behind Sara and unsnapped her bra. “I have another bikini top you can wear, although for Dean's sake maybe I should let you go out there in just that lace bra.”

“No, a bikini top would be nice, thank you.”

Sara felt her face warm as she caught Jennifer looking at her tits. She remembered her night with Tina and blushed harder. Jennifer tied the top for her and smacked her butt.

“Good to go,” she advised. “Your bra would have turned transparent once it got wet. I don't want to lose my husband to you.”

Sara said nothing. They finished dressing and headed for the lake to join the men.

Mike and Dean were sly when they checked out the girls but the girls were not fooled. Like most women, they knew what to look for. The men were respectful and neither openly gawked, but both girls knew they'd been checked out from head to toe.

The water was warm and all four of them swam for almost an hour. Dean suggested they should just call this their campsite for the day and all agreed.

Back at the camp they dried off, each couple standing behind their own tent for privacy. Dean made room for Jennifer but did not leave enough room for himself, and Mike was looking right at him when Dean lowered his shorts. Mike's eyes bugged out. Dean had a large penis hanging from his wiry body, anchored by a small thatch of straight black pubic hair. The circumcised head tapered back to an overly-thick and vein-covered shaft, with two large eggs hanging in a pink fleshy bag behind it. Mike stared for a heartbeat and then wondered if Sara noticed too. His eyes darted to his wife and his fears were realized; she'd noticed Dean and her eyes were glued.

The bottom of his stomach dropped out. His wife had her gaze riveted to another man's cock and judging by her expression, she loved what she saw. Dean towed his legs and back, his big cock bouncing and swinging, and Sara never pulled her eyes away. Dean roughly dried his hair

and Sara bit her bottom lip. Mike looked away just before Sara checked to see if he'd noticed, but he looked back at her as she returned her attention to Dean. Sara's face radiated want. Her intense gaze told Mike all he needed to know.

Strangely, after his initial kick-to-the-gut, Mike felt a perplexing and paradoxical rising excitement. For a long moment he was confused until he realized he *liked* that his wife was enthralled. Suddenly upset, he flipped back the tent flap and crawled inside. His movement broke the spell and Sara looked away. She gathered her clothes and towel and entered the tent with Mike.

Neither gave any indication they'd seen Dean and swapped idle conversation about the swim and dinner. Inside, Mike burned with a bizarre new fire which he did not understand.

Inside the other tent, the mood was very different. Jennifer asked Dean, "Did they see you? Both of them?"

"Yeah. First Mike, and he looked like someone punched him in the gut, and then Sara. Her expression was priceless. I had to cover my face with my towel and act like I dried my hair or they would have seen me grinning. She was practically salivating. If you still want to do this, I believe she'll be easy to seduce. You'll just need to distract Mike."

"That will be easy. I saw him spying on me while we changed. I let him see my tits and his reaction was like hers. Our innocent little friends are actually horny mother-fuckers and they have no idea we are stalking them. My revenge will be so sweet."

Dean and Jennifer kissed and Dean once more marveled at his wife capacity for ruthlessness. He did not care one way or the other. This would be the third time Jennifer settled a score with someone, and he'd gotten to fuck new pussy each time. Jennifer loved using her husband's big cock and handsome face to seduce women away from their husbands, while she used her hot new looks to lure husbands away from those wives. Powerless her whole life, constantly teased and victimized, as she saw it, Jennifer suddenly found herself with an effective weapon for striking back at any who'd wronged her.

Jennifer and Dean dressed in dry clothing and exited the tent. Jen started dinner as Dean gathered firewood. After a few minutes, Mike and Sara joined them.

The group ate and drank and talked about other hiking trips as the stars turned overhead. Dean had brought along a bottle of Jim Beam Honey and as it made the rounds everyone further relaxed. They talked for hours and eventually, well after sunset, retired to their respective tents.

Mike and Sara were chatting idly when Jennifer's first moan drifted through their tent. Neither knew what to do. They ignore it and the one that followed but soon it was obvious what was happening.

"Can't blame him," Sara suggested. "Jen looks amazing."

Mike chuckled. He found himself surprisingly horny and Jennifer's soft moans only made it worse. Sara was right; Jen looked incredible. He reached for Sara and she responded and soon they kissed deeply. Sara moaned softly too and Mike's excitement grew. His hand cupped her heavy tit and he was shocked to discover she wore no bra. She'd been outside with everyone, sitting around the campfire, drinking and talking, and the whole time she'd been without an undergarment. An electric thrill ran through him. He remembered the way his wife had gazed at Dean's large penis and his electric thrill increased.

Sara kissed him and moved closer. She was horny enough to scream. If Mike had not made a move on her, she would have made a move on him. The sight of Dean's thick member had sent her blood racing and Jennifer's hot and sexy body only added to it. She remembered Jamul's big black dick and Randy hard and moving up between her legs, and shivers coursed through her. She struggled to focus her thoughts on her husband.

She pulled the drawstring on Mike's sweats and pushed his pants down. He moved a leg and his erection flipped up. She automatically compared Mike to Dean and Randy and felt letdown. To hide her disappointment, she lowered her mouth to Mike's lap and enveloped the entire length of him. He bit his fist. In less than a minute he was close to orgasm so he stopped her and pushed her backwards. They ripped her clothing away and Mike buried his tongue far up her vagina. Sara grabbed his head and wrapped her legs around his shoulders.

Thoughts of big swinging cocks filled her mind as Mike's talented tongue drove her crazy. He swirled and cradled and licked and sucked until she was clawing his back. Years ago he'd eaten her on their third date and made her climax so hard she'd cried, and he'd only gotten better with time. He savored his beautiful wife, drank her down, licked up every drop of her. He knew he was good and he loved what he could do to her.

Sara opened her legs wide. Mike was amazed how she offered her pussy to him so completely. She knew what was coming and she was ready to cum hard. He knew exactly what to do to satisfy her and make her happy.

Only this time it failed.

Not completely, as Mike did everything right, everything he always does. He systematically pushed her buttons one after the other. Usually at this point Sara was about to orgasm. Her pussy was on fire and ready to be satisfied, but for some reason Mike could not quite get her there. He increased his efforts and Sara whimpered. It took her a moment to understand, but then she did; just pleasing her pussy was not enough, not tonight, not after everything that had happened to her. Too many highly charged sexual events had occurred of late and Sara craved something more than the usual. She needed to feel a cock inside her. She needed to feel a big hard cock inside her. She needed to be fucked, to be owned.

Sara tugged Mike up to kiss and maneuvered him between her open legs. She found him with her hand and guided him in, her searing heat and wetness jolting him. His hips began to pump her before he realized it.

Sara's head fell back as a deep sigh escaped her; this was close to what she wanted. Mike's hard penis moving inside her felt better than it ever had. She rested her hands on his butt just to feel the rhythmic rising and falling and savored every inch of him. She focused herself on his penetration.

There is nothing like having a man inside you, she thought, closing her eyes.

She remembered Randy invading her cunt with his huge battering-ram and her pussy clenched and convulsed around Mike.

“Whoa!” he exclaimed. “What was that?”

Sara squeezed her eyes shut, trying to block out the memory of Randy inside her. Her traitorous cunt convulsed around Mike again, seeking that stuffed-pussy feeling once more, twitching with unsatisfied longing. She scrambled to recapture the pleasure of Mike inside her but her inner-slut craved more.

Mike took her sounds and the convulsions of her vagina as a sure sign he rocked her world. He grinned proudly. Sara opened her eyes and Mike started pounding harder. With a supreme effort of self-control, Sara returned her full attention to her husband.

His sweet face brought her back down to earth and she grew increasingly more excited to have the man she loved inside her. She let go and allowed the sensations to fully rise in her, giving herself up to her passion and the memories of a long wonderful life with him. Her whole body tingled. It felt good, really, having Mike inside her.

The next tent over, Jennifer moaned from deep in her belly. Sara imagined Dean's big cock, rampant and throbbing, pushing up into Jennifer, ripping such a satisfying sound from his woman. The lesson Randy had taught her made her pussy ache with need. Mike pumped faster but he just could not get her over the edge. She shoved him away and climbed up his body, forcing her frustrated pussy into his mouth. He dove right in, licking and sucking furiously, until at last Sara felt a mild orgasm take hold. She rode his face as her pleasure rose and then, too soon, fell.

Mike started jacking off the second Sara mounted his face. As her climax took hold, so did his, spraying hot semen all over her back and his stomach. He came surprisingly hard, given he was not inside her, and the memory of Sara gawking at Dean's cock fueled him. That thought disturbed him briefly, but the intense pleasure of his orgasm soon wiped his concern from his mind.

Sara rolled off him and they lay side by side.

"I love you," she whispered.

"I love you," he intoned, already feeling drowsy. The long hike combined with the swim and followed by a strong climax left him fighting to stay awake. He and Sara small-talked for a few minutes but then a warm dark pool opened beneath him and he sank down into slumber. Sara heard him breathing heavily.

Skin rubbing on nylon and a deep growl told Sara Dean had repositioned himself and now thoroughly enjoyed his wife's pussy. Jennifer confirmed this seconds later.

"Jesus, Dean, you feel like a freight-train." She kept her voice low but in the silence Sara heard her plainly. She put an ear to the tent wall and listened in.

"I know what my girl likes," Dean rasped.

"Unngh, yeah, you do. I know what you like too. I saw the way you looked at Sara."

"So what if I did? And you should lower your voice."

“Relax. Their tent is too far away, and on top of that I heard them going at it, just like us. They have better things to do than listen to me.”

Sara struggled to get her heartbeat under control. Dean had been looking at her? She'd missed that completely. The hissing sound of an ass rising and falling against nylon told her Dean worked his big cock in and out of Jennifer.

“Guilty,” Dean croaked. “She's fucking gorgeous. I bet you'd fuck her too.”

“Hell yes.”

“Then don't give me shit.”

“I'm just teasing you, Baby. I'm sorry. You want to pretend I'm Sara? Just for a minute? Go ahead, Baby. Pretend I'm hot little Sara opening her legs to you.”

Sara heard the hissing speed up. Fire churned in her belly as she realized at that moment, Dean imagined fucking her. How could Jennifer do it? Dean groaned and the hissing came faster.

“God, Dean, your big dick feels so good. She'd love it, you know, Baby? Sara would love your big cock. She'd want to fuck you all the time. Just like I do.”

“I'd let her. I'd never let that hot bitch out of bed.”

Sara chewed her lips. Her pussy grew wet again. She rubbed a palm over a sensitive nipple and swallowed a moan.

God! Dean is fantasizing about me right now!

A glance at Mike showed he was deep asleep.

I wonder if I can see anything?

Sara moved slowly, pulling on a tee shirt and slipping out of the tent and creeping towards Dean and Jennifer. They had a small lantern glowing and had accidentally left a window flap tied back. In the darkness Sara leaned closer. Through the insect-mesh she saw Dean on his knees and Jennifer on all fours. He was behind her and even in the poor light Sara saw that huge flesh log sliding in and out. She covered her mouth with a hand. Dean was huge and intensely hard and Jennifer welcomed every stroke with a whimper. Movement drew her eye to his butt and she realized Dean's scrotum, swollen and heavy, swung in counter-time to his thrusts. His balls were massive.

“Do it, Honey,” Jennifer urged. “Fuck Sara. I'd let you, Baby. I'm not selfish. Every woman should try your cock. I'd share you with my best

friend. Say her name.”

“Take it, Sara.”

“Go on.”

“I love your tight pussy, Sara. I'm gonna flood your cunt.”

“Yesssssss....”

Dean pumped harder and faster, gripping Jennifer's hips tight, filling the tent with the sound of slapping flesh. Sara's pussy ached from the erotic sights and sounds. His back slowly curled forward until his head snapped back.

“Here it is! Take it, Sara. Unnnngh!” his voice was a strangled cry.

Sara reeled. Eyes wide and mind disbelieving, she watched Dean flood his wife with a gallon of cum. His hips slowed to draw out the exquisite sensation of sperm flowing but they never stopped. Over and over he shot Jen full of cum. Sara was carved from stone, mouth open, aghast that in his mind, Dean was doing that to *her*. Not until he slowed to a stop and drop his chest on Jen's back did she remember where she was and dart back to her own tent.

Jennifer and Dean waited several minutes before whispering.

“Did she see you?” Jen asked.

“Yeah,” Dean chuckled. “I saw movement through the window. I'm sure she heard everything too.”

Jennifer pulled away and flopped onto her back. Dean's shaft glistened in the dim light, covered with his sperm and her juice. They both watched as it slowly deflated, drooping towards the sleeping bags.

“You're diabolical,” he stated.

Jennifer shrugged, smiling. “Then don't cross me. Don't make an enemy of me.”

They both laughed.

Back in her tent, Sara considered waking Mike. Dean's big cock sawing back and forth danced in her mind. She was so horny she wanted to scream. Mike had been the only man she'd ever known and he'd always been enough but that was before she'd learned to lust like this. Lately it seemed one sexual event followed another, stoking her fire, giving her no chance to catch her breath.

Mike was enough before I knew what else was out there.

Guilt rose again.

She lay down next to her husband but sleep would not come. She remembered Jennifer's words about sharing Dean and wondered if she could share Mike. The idea made her heart ache. Weeks ago she'd promised herself she'd do it to make herself feel less guilty but now the prospect seemed real. She closed her eyes and imagined Mike with Jennifer.

She felt crushed. *No. No way.*

"I'm such a selfish bitch," she murmured. Mike did not move.

No way, she thought. Mike touching another woman would kill me. I'm such a hypocrite. Maybe if I didn't have to see it. Maybe if Mike and Jennifer were somewhere else, like a different room on the far side of the house.

She pulled back the corner of the sleeping bag, exposing Mike's wilted penis.

I can't believe what I'm thinking. How can I even consider this? What has happened to me? It's like something has awakened inside me and won't go back to sleep.

A soft moan floated through the tent. Jennifer and Dean were starting up again. Sara pulled a pillow over her head, imagining what was happening only a dozen feet away. She pictured Dean, erect, holding himself over Jennifer. With perfect timing she heard Jennifer's sighs and moans change as Dean penetrated his wife. The feminine sounds of pleasure tore Sara up, pierced her heart, caused her pussy to tingle and pulse. She held the pillow tightly over her face until breathing became difficult but she still heard Jennifer's cries.

Fuck! It's driving me crazy!

She rubbed her pussy softly, careful to let Mike sleep, but the stimulation was utterly unsatisfying. She slipped a finger in and that helped, but only a little. Surprised by her own wetness, she pushed two fingers deep. That was closer to what she craved but still nowhere near what she wanted. She forced a third finger. Better, but still not what she really craved.

She carefully reached for her cell phone and was pleased to discover she had one bar. She turned the volume off and typed out a text to Randy.

Let me see it.

He replied so fast she knew he must have pictures stored on his phone. She opened the message and there it was; hairy, with his gut showing at the top of the photo, Randy's heavy soft cock dangled before her eyes and sent a jolt of adrenaline through her body. That thing had been

inside her. She studied the thick shaft and blue veins, the plump testicles and smooth head.

Those balls make a lot of semen, she thought. It's like Randy is injecting me full of Randy. I carried him inside me for days.

Her phone vibrated.

He misses you too.

Sara chewed her lips. Expanding the photo, she scrutinized every inch of Randy's manhood. The penis had never been her favorite part of a man but it sure was now.

She typed a new message. *Now hard.*

Again, he responded quickly. She tapped the tiny envelope icon and a new picture filled her screen; Randy, hard as diamond, raised veins covering the surface, helmet-head deep red, massive hairy balls drawn up tight at the base, ready to dump their burden. The arcing spear of beef reached up beyond his hairy bellybutton. She had to breathe through her mouth. Her pussy was wet enough now to make sloshing sounds so she slowed her fingering. The intensity of her desire shocked her. Sudden insight jolted her.

If Randy were here I'd fuck him, right in front of Mike. I wouldn't care!

Her heart hammered under her ribs.

I'm obsessed! I've never been obsessed with anything. I've always been so middle-of-the-road. Tina was right; boring. I've discovered something with power over me and I actually welcome it. It thrills me. I love that I'm haunted by sex now. I want more.

She held her phone in front of her face and gazed at Randy's erection as she worked her fingers deep. Soon the tingling started and she felt her orgasm begin. With her mind filled with the memories of that huge cock fucking her, Sara climaxed silently, her body rigid, her mouth wide open. She imagined Randy shooting her full of sperm and her orgasm jumped up in intensity, cracking her hips and twisting her spine. Stars flashed in her mind. Colors bounced around between her ears.

I'm a sluuuuuuuuut!

She came down slowly, careful to avoid Mike, controlling her breathing. Her electrified body trembled all over. Sweat beaded her skin.

Jennifer groaned and whispered for Dean to pull out so she could suck it and Sara smiled. At that moment she knew a new truth about herself;

she was too far gone. She would cheat on Mike again, if not with Dean then with Randy, or Jamul, or someone totally new if she had to. She gazed one last time at her phone and sent Randy a goodnight text.

Did it work? he asked.

Fireworks, she answered.

Happy to help.

She forwarded the pictures to her personal email account and turned off her phone.

Drowsy at last she slipped into her sleeping bag.

In the morning she was the last to rise. The others sat around the fire preparing breakfast. Mike handed her a tin cup of black coffee. Dean wore only white boxer briefs and Jennifer a white sports bra and white booty shorts. They looked like underwear ad models. Sara noticed Jennifer's slightly darker areola through the cloth and glanced at Mike to see if he'd noticed, but he was busy poking the fire. Without thinking, she glanced at Dean's bulge and clearly saw the outline of his penis.

The sun was up and the air was already hot so Sara slipped her oversized T-shirt off and draped it over a log. If everyone was going to relax then she was too. Underneath she wore a sports bra like Jen but her bra was cut much lower in the front. Dean was sly but Sara caught him looking at her big tits. She'd put on her hiking shorts before leaving the tent and she left those in place. Mike was dressed in a T-shirt and shorts but seemed oblivious to the heat, as well as the scant attire of his companions.

"I'm still feeling the whiskey," Jennifer joked. "I'm going to take a quick dip in the lake. Sara, want to join me?"

Sara looked at Mike.

"Go ahead," he said. "Breakfast won't be ready for a while."

Sara downed the rest of her coffee and left with Jennifer. Dean took her spot on the log and the two guys started discussing football.

The girls had gone a hundred feet when Jen spoke. "I apologize if Dean and I kept you awake last night. Whiskey always does that to me. I just had to have some."

"No worries," Sara stated, trying to sound confident, like she talked about sex with her friends all the time. "Mike and I got a little busy too. Must be the mountain air."

Jennifer smiled. They reached the shore and Jennifer peeled off her top and stepped out of her bottoms and Sara once again studied her body.

No biggie, Sara counseled herself. Just like the girls at the gym.

But Jennifer was nothing like the girls at the gym. Jennifer's body was almost flawless. Sara followed the line that ran down Jen's back to her ass and then over and around to her long legs. As Jennifer turned Sara saw her perfectly bald labia with two tiny inner-lips, barely protruding. Sara caught her breath. Her eyes rose to Jennifer's large firm breasts and small stiff nipples. Tina was pretty but Jennifer radiated sex. Tina flaunted her looks and behaved like a slut but Jennifer was composed and classy. Surprisingly, Sara found herself attracted to naked Jennifer. Jennifer pretended not to notice. She folded her garments and swept back her long blonde hair and fixed it in a hair-tie. She felt Sara's eyes crawling every inch of her body and it thrilled her. She took her time and allowed it to continue as long as possible. Finally, Sara looked away and began to undress too.

The girls stepped into the warm water, the crunch of small pebbles beneath their feet. Sara felt the water relax her muscles. She carried tension without realizing it and recognized most of it was sexual. They floated in silence for a few minutes and then Jennifer asked Sara to rinse her back. Jennifer lifted her arms above her head, taking her long hair with her. Sara moved closer. The water ran down the tone muscles of Jennifer's back and Sara washed off the dust and grit, rubbing the flesh with her hands.

"Your turn," Jennifer said.

Sara did the same, lifting her long brown hair up over her head. When Jennifer's hands touched her skin, she gasped. Jen's touch felt so good. Her fingers traveled across Sara's back, up to her neck and down to her buttocks. Jennifer sometimes kneaded the muscles and other times let her fingers drift across the skin in a light touch only a woman could appreciate. Sara closed her eyes. Jennifer was so much more feminine than Tina.

When Jennifer's fingertips brushed over Sara's ribs, she did nothing. Emboldened, Jen curled her hand around to the front and lightly stroked the underside of Sara's breast. Sara held her breath, hoping for more, and a moment later Jennifer cupped Sara's tit and brought her hand up over the curve, gliding across a nipple. Sara shivered and gasped.

"You like that?" Jennifer asked.

Sara nodded.

Jennifer moved her body against Sara's and cupped Sara's other breast. She pressed her warm lips to Sara's neck, trailing kisses up to her ear. Jennifer felt Sara's nipples harden against her palms. She continued to fondle her tits until she sent a hand down between her legs. Still paralyzed, Sara felt Jennifer split her labia and push a slender finger in. At last she was able to move and rotated her pelvis down on Jen's finger.

Jennifer finger-fucked her new lover until Sara's pussy gushed wetness, and then moved to a near-by boulder, where she sat and opened her legs. This was the moment of truth. Sara stood confused for a moment and then understood. Jennifer held still. Jennifer wanted Sara to do this all on her own.

Eat my cunt, you fucking bitch, she thought.

Her sweetest, most alluring smile curled her lips.

Lick Dean's cum out of me.

Sara struggled with her desires. She felt drawn to Jennifer but confused. Her sex with Tina had been opportunistic and centered around Randy's penis. This was so deliberate. She looked down at Jennifer's perfect pink pussy, wet and glittering in the morning light. It seemed to call to her, begging to be pleased. Her mouth watered.

With a moan she sank to her knees and fastened her mouth to it. Remembering the lessons from Tina, Sara pushed her tongue up inside her tight friend, instantly greeted with a hot salty flow. She understood immediately and goose bumps broke out across her back. As Dean leaked into her mouth, she lapped him up like a dog, licking his slippery fluid off her labia, her clitoris, and even from inside her.

Jennifer smothered a laugh. Sara's enthusiasm surprised her. She rested her hands on Sara's hair and gently guided her mouth and tongue all around her sensitive opening. She looked down between her legs at her hated enemy and reveled in the sight. Sara eagerly licked and sucked at Jennifer's pussy, savoring the strong male flavor, gulping down Jennifer's juices as well as Dean's manly seed.

Sara whimpered with an overpowering desire to please. Jennifer hooked a heel behind Sara's head and held the girl in place, leaning back on the rock, preparing to cum. Watching Sara eat her pussy was sweet revenge and completely unexpected. This delightful turn of events had Jennifer sailing through the clouds. When she first led Sara back here, she was sure

Sara would panic and run. Instead she now feasted on pussy, working hard to make Jennifer orgasm.

Jen gripped Sara's head more firmly and ground her pussy into the girl's mouth. Dean seeped and Sara gobbled him up and that was the last thought Jennifer had before an earthquake slammed into her body and she writhed under Sara's oral attention. She clamped her jaw shut so as to not cry out and then flooded Sara's mouth with ejaculate; her's and Dean's.

Sara held on as Jennifer lost control. She kept her tongue working, doing her best to drive Jennifer over the edge. Even when Jennifer could take no more Sara followed her, licking and sucking. Only when Jen slipped off the rock and into the water did Sara stop her oral assault. Jennifer was left panting and weak.

"Holy Mother of God," she murmured. "Christ, you're good at that. I never would have guessed you are into girls."

"I'm not. You're my second. I have no idea what I'm doing."

"The fuck you don't. I've never had my pussy eaten like that. Let me catch my breath and we can head back to the men. Come here."

Jennifer opened her arms and gathered Sara into an embrace, four big tits mashing together. Sara felt her heart racing against her ribs. Jennifer turned Sara to face her and kissed her softly, allowing it to grow into a passionate merging of their mouths and tongues. They made-out for several minutes as both girls kneaded and teased each other's breasts.

"We can't breathe a word of this to the men," Jennifer warned. "Dean is the jealous type. He wouldn't care that is was with a girl."

"Don't worry, Jen. I won't tell anyone. I can't believe we just did that. I can't believe I just did that. What is happening to me?"

Jennifer got the impression Sara referred to more than just this encounter in the lake but held her questions for now. Dean would not actually care and in fact he'd like it, but Jennifer loved to watch Sara struggle with the guilt.

When they returned to the camp Dean and Mike still argued about which football team was better. Dean made eye-contact with the girls, keenly aware of how long they'd been gone, but Mike had no idea something was up. He fixed the girls a plate of freeze-dried eggs and bacon and took it to them.

After breakfast they broke camp and finished their hike, eventually making their way around to Dean's Jeep by nightfall. They threw their

packs in the back.

“Stay another night or drive back in the dark?” Dean asked.

Nobody spoke. Jennifer waited to see what Sara would do. If Sara wanted to stay another night, she clearly wanted more of the naughty things they'd all been doing. If she wanted to bolt for the city, it meant Sara was consumed with guilt.

“We should get back,” Sara offered. “I have work to do before Monday morning. I'm sorry guys.”

Jennifer looked out the passenger window and smiled. She enjoyed Sara feeling guilt.

Poor little innocent Sara, she thought. All torn-up inside. Let's all drop what we want to help Sara get what she wants. You lied to get that job and then you lied again to get me fired. You turned my life to shit. But I'm back on my feet now and you are going to pay. You and everyone else that fucked with me. I'll get Dean to put a baby in your belly and watch Mike raise it without ever knowing the truth. I will laugh at you behind your backs.

Dean backed out of the spot and headed down the dirt road. When he hit the asphalt he made a right, heading for the freeway. The huge pine trees flashed by in the dark.

After ten minutes, Sara spoke.

“Is it too late to change my mind? It's so nice up here. I hate to leave. Screw work.”

Jennifer felt a thrill.

“No,” answered Dean. “I know of another campsite just ahead. We'll pull over and set up. Everyone cool with that?”

Mike and Jennifer said yes. Dean drove on another few minutes and then a sign announcing “Mary Jane Falls” appeared. He took the turn-off. He dropped the Jeep into four-wheel drive and left the asphalt, crawling and climbing over rocks and branches.

“Not quite as public a spot,” Mike observed.

“No, in fact pretty secret, but awesome. The waterfalls fill a big pool. It's really beautiful.”

For almost an hour they drove over rough road. The campsite was on top of a hill. They parked the Jeep and locked it and hiked down to the pool. A crescent of moon hung in the sky, providing just enough light to see shapes. They stumbled a few times on smaller objects but soon reached the

falls. Dean had been correct; the sight was awesome. Three towering columns of water plummeted with a roar, filling the air with mist, which glowed from the moon. Jennifer wandered to the water's edge.

"It's warm."

"Yeah," Dean said. "That water travels all day under the desert sun. By the time it falls it's pretty warm."

Jennifer faced the group. "I don't want to embarrass anyone, but I am dusty and dirty and all our stuff is packed away. I think it's dark enough I think I can take a quick dip and rinse off. If you want to wander away for a while that's cool. Like I said; I don't want to embarrass anyone."

"I'm cool with it," Dean admitted.

"Me too," Mike said, a little too fast.

Sara looked around, gauging the light, deciding it was dark enough.

"Well I'm not going to be the only prude. If you guys don't care then I don't either."

Sara and Mike moved to the side and Dean and Jen did the same a few feet away. Sara began undressing but Mike just stood there.

"Get undressed, Honey," Sara said. "If I'm naked you have to be too."

Mike looked over at Jennifer and Dean. Jennifer stepped out of her shorts and underwear and stood up. Mike gawked. Jen was so sexy, so feminine, he found it hard to look away. Dean lowered his shorts too and his big cock swung free. Mike swallowed.

"Okay, Sara."

When Mike's shorts came down he glanced again at Jennifer and Dean. Both were nude now and entering the water. Sara followed them with a suggestion Mike hurry up.

Mike looked down at his penis. Dean was so much bigger! Mike rubbed his penis briefly, just to wake it up, folded his clothing and marched towards the water. He sank chest-deep as quickly as he could.

The two couples gave each other room, at first, but slowly floated closer. Dean asked Mike about a cycling trip he took years ago and Sara began a conversation with Jennifer about the office where they met. Jennifer had dirt on everybody and Sara was shocked to hear the secrets some of her former associates kept. The roar of the waterfalls caused them all to float closer to each other in order to be heard. The guys loved four big tits bobbing in their face, even if the dim lighting hid the details.

Soon they were clean and refreshed and swam for the shore. Dean and Jennifer boldly exited the water, walking up the gravel with self-assured strides. Sara tried to be confident but unconsciously hunched her shoulders as she walked to her clothing and Mike practically turned his back on everyone. Dean shook the water from his hair, causing his cock to bounce wildly, and Jen wrung her hair over a log. Neither seemed in any hurry to get dressed or even cover up. Sara calmed herself, determined to stop being that killjoy girl, and shook the water from her hair too. Bent over, she found herself once again staring directly at Dean's swinging phallus which, based on how large it remained, was apparently immune to the water's chill.

This time Mike watched Sara, waiting to see if she looked at Dean again. When she did, he felt a mild tingling at the base of his scrotum. An idea occurred to him and since he already had his shorts on again, he acted on it.

“Ha!” he yelled as he grabbed Dean's shorts away from him.

“Dude.”

Mike ran a few steps and waved Dean's clothing in the air over his head. Dean took a step towards him but then stopped.

“Brother Mike, this won't work; I'll drive home naked. Ask Jen.”

Jen nodded her head reluctantly. “It's true. Dean only wears clothing because society says he must. That boy's a born exhibitionist. You can't threaten him with nudity.”

All eyes moved to Dean. He stood unperturbed, fat cock hanging, fists on hips, waiting for Mike to give up. Sara couldn't stop herself. She ran her eyes up and down his lean and wiry frame, lingering twice at his dangling meat.

It's so big I have to stare, she thought. What woman wouldn't? The elephant in the room is actually an elephant.

She forced her eyes back to Mike only to discover he'd been watching her the whole time. Caught, she looked at the ground. The hurt look in his eyes told her she'd crossed a line and she'd need to talk to him about it later.

Mike tossed Dean his clothing as the game had not gone as planned. Dean dropped them on a rock, remaining naked for now, and Jennifer made no move to cover-up either. Sara followed their lead, moving around, acting

casual, locating her sandals and chatting with her friends. She caught Dean looking at her a thrill shot through her.

Eventually everyone dried off enough to get dressed and climb the hill back to the Jeep. The tents were packed on top and were set up quickly. Mike was unusually quiet and Sara knew she'd wounded him.

"Early bedtime for us," she announced as soon as the tents were ready.

Dean and Jennifer looked surprised but said nothing. Sara entered the tent and Mike followed, closing and tying the flap behind him. Sara crossed her legs and wasted no time.

"I'm sorry, Mike."

"For what?"

"For looking at Dean like that. For looking so long and so many times. I saw on your face that I hurt you."

Mike shrugged. "I can't blame you, Sara. He's pretty big, right?"

Sara chose her words carefully. "I'm no expert. The only penis I've ever seen in real life is yours." She hated to lie. She considered maybe this was the time to confess about Randy, but her gut told her no.

Mike continued. "He's much bigger than me."

"Is he?"

"Sara, just stop. Don't bullshit me. You know he is. Is that why you stare? Would you stare if he was the same size as me? Tell the truth."

"At first, just because it is a new one. But I understand what you're asking and no, I wouldn't. I'd glance once and lose interest. Please don't be hurt. I love your penis, Mike. I love how it makes me feel, I swear I do, but there is something fascinating about Dean's."

"What, exactly?"

Sara struggled to define her feelings. His size drew her eye, but *why?*

Was it the lesson in pleasure Randy taught me? No, I was drawn to Jamul's before Randy. She pondered a long time before answering.

"Please don't be hurt," she said again. Mike nodded. "And you have to understand I'm totally happy with you as a man and a husband and as a lover." Sara felt a pinch of dishonesty at her words but Mike nodded again so she ignored it.

"But Dean seems more masculine. He's more manly. He seems powerful and in charge. His big cock gives him a physical presence that

makes a woman take notice. I don't know where this is coming from but that big dick automatically makes him the leader, like our pack-leader or the chief of our little tribe. Does that make sense? Is this just a woman thing? Do you find it intimidating? If you do, maybe you're reacting to it as well, but in a competitive male way.”

Mike thought about it and admitted he was intimidated.

“So there it is,” Sara continued. “Deep in our primate brains there is some kind competition taking place. His big dick is an unspoken statement to us both.”

“Are you attracted to Dean? Is it sexual, Sara? Do you want him to fuck you?”

Sara felt her face blush in the dark. She hesitated too long so Mike knew her answer.

“Oh,” he mumbled.

“I'm so sorry, Honey. You're not exactly right but you're close. I never, ever would, Baby. It just pops into my head before I can stop it. I'm being brutally honest here because that's what you asked for. I don't say these things to hurt you. I love you. But my reaction is so natural. I feel it in my body. Let's leave first thing in the morning and never see Jen and Dean again. We don't need this headache.”

Mike stared at the tent wall. Things were changing. He could feel it. Sara was changing and he could not predict where all this would lead.

“No,” he murmured.

“Why not?”

“I'd feel like a coward. I already feel diminished. Running away would make it worse.”

“I'm so sorry, Honey.”

They sat in silence a long time.

“Do you hate me?” Sara asked.

Mike drew a lungful of air, let it out slowly.

“Not at all. You were brutally honest, so I will be too. Yes, it hurts me to see you look at him like that, but for some strange reason I haven't yet figured out, it also excites me. You're shy and conservative by nature. I find it exciting that something can get you going like that. You are more sexual than I thought and that turns me on, but I don't know why. When you came home from your night out with Tina, you stank of cigarettes and alcohol. You climbed into bed and went down on me as soon as soon as you could, which you hardly ever do. I loved it. I wondered what had turned you on so much. I wondered if you'd seen something that got you going. I'm not saying I want you to act like Tina, I just wondered if you had.”

Sara had never been so close to confessing as she was at this moment. Here was an opportunity to get out from under all the guilt she'd been accumulating and carrying around. She weighed her response and like a wave, felt it rolling back. Mike would be crushed. She risked her whole married life. The stakes were too high. Better to just admit a little and see how it went.

“Something did happen that night,” she mumbled.

In the dark she saw Mike's head snap around to face her.

“Tina met a black guy. They made out a little and then she led us to a dark corner and she pulled his penis out and sucked it for a minute, right in front of me.”

“Holy shit.”

“Yes, it was intense. I was mortified, of course, but you know Tina. We left soon after but I admit it made me horny. I took it out on you when I got home.”

Mike tried to keep up; Tina. Black guy. Sara aroused. Mike had lusted after Tina from the moment he saw her and imaging a black cock in

her mouth took his breath away.

“How big was he?”

Sara blushed in the dark.

“Big,” she replied, jerking her head towards the other tent. “Bigger than Dean.”

“Wow.”

“Yeah.”

The urge to blurt the truth about Randy made her wring her hands. She clamped her jaw shut.

“I bet you stared at that one too.”

“I did. Big ones are mesmerizing. They fascinated me.”

She felt Mike tense in the darkness and wondered if she'd said too much. She leaned in to give his cheek a reassuring kiss and her arm bumped his erection.

“You're hard? Mike?” she asked, surprised.

Like a deer in the headlights, Mike said nothing. Sara fumbled for a better feel and gripped him through his shorts.

“Mike you're hard as rock. Take it out,” she ordered.

Mike rose to his knees. The sound of a zipper filled the tent and then Sara's hot mouth enveloped him. He groaned. Sara sucked her husband. His reaction to her confessions filled her with relief. She sucked his penis to prove her love, wanting him to feel it through her efforts. She sucked to show him her desire for her beloved husband and how much she adored him, how much she would hate if she ever lost him. Mike held her head and pushed his dick deeper.

After only a few minutes Sara stopped and slipped out of her shorts.

“Fuck me, Honey,” she whined. “I need you.”

Mike was shocked how wet his wife was, wondering if it was all for him or if their talk about big dicks had gotten to her. He started slow but that lasted only a few strokes. He began to hammer her.

Are you thinking about Dean right now? he wondered.

He pounded her pussy. Her little yelps and moans filled the tent. Now that the truth was out in the open, he felt more secure.

My wife likes big dicks. What else does she like? I think I'll find out.

His hips jumped up a speed and Sara began to make pre-orgasm sounds, something she rarely does from penetration. Mike couldn't

remember the last time his penis alone made her climax. He held his speed steady and waited, feeling Sara's pussy milking him.

“Oh, Baby!” she cried. “Honey, I'm almost there. Here it comes. I can't believe it! Baby you feel so good! Aaaaaarrrrrghhh!”

Mike got too excited. His cum boiled up and exploded. As she came, so did he. They jerked and writhed together and Mike emptied his cream inside his beautiful wife. She gripped his ass and welcomed it. Soon he fell to the side, breathing hard. They cuddled and neither moved for a long time. Finally, Mike spoke, his mind clearly not yet ready to move on.

“Do you think they feel better?”

“Who? Jen and Dean?” Sara purred.

“No. Big dicks; do you think they feel better for the girl? I've heard size doesn't matter but I wonder if that's true or just something average guys say to make themselves feel better, or girls say to spare a guy's feelings. I know you've only been with me so you wouldn't know, but has Tina ever said anything about them? Does she rave about how much better they are?”

Sara felt her mouth go dry as Mike's words sliced right through her; *I know you've only been with me... Lie or tell the truth and if truth, how much?*

She cleared her throat. “Tina says they're amazing and I believe her. When she talks about a guy like that I can hear in her voice how much she really means it.”

Some truth is better than none.

Mike considered this information. “So when you look at Dean that way it's because you are thinking about having sex with him.”

Sara gave a quick nod which was lost on Mike in the dark.

“Sara, if you weren't married to me, would you? You can tell me the truth; I won't get angry. I feel like we're being more honest with each other lately and I like it. This is more like scientific curiosity. I'm wondering if size is reason enough for a girl to fuck a guy. I always thought you girls needed him to be rich or famous or smart or funny. Would you ever fuck a guy just for his body or his looks?”

“You have the strangest pillow-talk, Mike. We just made love.”

“Sorry, Baby.”

Sara took Mike's hand in the dark, lacing her fingers through his.

“Yes,” she admitted, her voice small. “I feel so shallow admitting that and believe me when I tell you I have only very recently discovered

this about myself, but that would be reason enough. If Dean was a stranger and that was the only thing I knew about him, I'd probably do it. As long as he didn't open his mouth and say something totally stupid or cruel. If I saw it, I'd want it."

Mike squeezed her hand.

"That's intense. How long have you known this?"

Ever since Randy fucked me with one, she thought.

"Since I saw him toweling off yesterday. My reaction caught me by surprise. You like big boobs, I guess I like big dicks."

Mike was quiet and Sara wondered what he was thinking.

Finally, Mike spoke. "Everything is heightened because we're stuck in the wilderness with him. I admit I'll never look at him the same. I'm not angry with you, Baby, I swear. But my wife wants to fuck my friend because he's hung. That's a shock."

"You'd fuck Jennifer," Sara countered. "You'd chose a female based on her body. You'd have sex with a girl because she had big tits or she was pretty. You'd probably fuck Tina for the same reasons."

Mike automatically thought about denying it but she was right.

"Yeah, although they're totally out of my league. I'd have to get to them while they were young and inexperienced and I am way too late for that."

Sara imagined Mike between Jennifer's legs and felt like she'd been kicked in the stomach. Mike with Tina was bad. Mike with Jennifer would be a hundred times worse.

After she regained her composure, she spoke. "So here we are, lying in a tent in the wilderness, enjoying the afterglow of passionate love-making, talking about fucking other people."

Mike laughed abruptly and Sara joined him.

"This has been an interesting trip," he said.

Sara remembered eating Jennifer at the lake.

"God, has it ever."

Sara moved her head to Mike's chest and they snuggled.

"Mike?"

"Yes, Baby."

"When we get back home, can you try to spend more time with me? I'd like for us to hang out more. I think we've allowed other interests to intrude. I miss you. I miss your friendship and our good times together."

“I'd like that too.”

They moved closer still, ready for sleep. Before she drifted off, Sara marveled how their conversation, although primarily about sex with others, made her feel closer to her husband than she'd felt in a long time. The topic was scary. The vulnerability real. The conversations were sometimes hard to hear, but here at the end of them, intimacy triumphed.

In the morning they broke camp and hit the road. Mike's car awaited them at Jen and Dean's place and they all hugged goodbye, promising to get together again soon. Jennifer and Dean stood on their lawn waving goodbye.

“She got away from you,” Dean teased.

“No, I let her go. What fun is landing the fish too fast? I made her eat your cum out of my pussy when we went to bathe together. She gobbled it up like a submissive slut. We manipulated her into watching us fuck. It's only a matter of time before you bury that big cock in her, preferably right in front of her agonizing husband, and this time I want you to knock that bitch up. I'm savoring this game; I want to hunt her for months, maybe even a year, before I drop the final blow.”

Dean smacked her ass.

“A baby? You want me to get her pregnant? That's seriously fucked up.”

“Yes, it is. Of all the people in my past that wronged me, I hate perfect Sara the most. She started it all. Everything that went wrong began with her cheating me. I'm going to destroy her life from the inside-out.”

“I like the way you think. Let's get inside. I need a shower,” he said.

For the next few weeks, Mike masturbated often. Sometimes he pictured seeing Jennifer naked, sometimes he thought about listening to Dean and Jen fucking in the next tent over. He also discovered Sara's description of their night out had filled his head with wild video of Tina on her knees sucking black cock, and that worked well too. But mostly he thought about Sara, his sweet and innocent wife, admitting big cocks aroused her. He held her face in his mind, remembering the desire in her eyes as she gazed at Dean. Jennifer was gorgeous and sexy but nothing made Mike cum as hard as that image of Sara, practically drooling over Dean and confessing she thought about fucking him.

At night, he and Sara were both more interested in sex. Even on days where Mike secretly jacked off, he and Sara still had sex once they went to bed.

Weeks later they were on the couch watching an episode of Arrow when Mike hit pause. He faced Sara. Unsure how to begin, fidgeting with his hands, curling and uncurling his toes. Sara lifted his chin and told him to just say what he needed to say.

“We've been having a lot more sex,” he finally spat out. “A lot.”

“Yes. Isn't it wonderful?”

“It is, and I think I know why, but I've been wondering; what would you think about finding out? Aren't you curious?”

“Finding out about what, Honey?”

“Dicks. If a bigger cock feels better.”

Sara's head almost exploded.

“WHAT? Mike! What are you suggesting?” Mike *wanted* her to fuck another man?

Mike realized his mistake. “No, not like that, Sara. A sex-toy. A dildo. We could stop by the adult store and buy one bigger than me and try it. What if it is way better?”

“No toy can replace my man,” she said, her heart pounding and her blood racing.

“Of course not, not replace, but if it feels better why wouldn't we add it to what we're already doing? Unless you would be too uncomfortable. I thought you'd like the idea.”

“I've never used one.”

“First time for everything.”

Mike studied Sara's face. She was curious but too uncomfortable.

“How about you surprise me?” she asked.

“I go alone? Pick something out for you?”

“Yeah, and then surprise me with it.”

“Okay.”

They returned their attention to the movie but both their minds were on other things.

Two nights later Mike stopped by the adult store. He had not been inside such a place since he turned eighteen and was surprised to see how things had changed. Single men, of course, but now also single women and couples prowled the aisles in search of new delights.

He made his way towards the back wall where all the replica penises were displayed. A lesbian couple compared sizes and two single girls considered their choices. Profoundly uncomfortable with females around, Mike kept walking and ended up in the BDSM section. He backed out right away and told himself to just get it done.

He carefully evaluated the entire wall and narrowed his choices and then plucked one which seemed most attractive, turning it over in his hands. One of the single girls, the one with short red hair, walked right up to him.

“For your wife, right?”

Mike nodded.

“Get her the one you're holding.”

Mike looked down at the beast. Long and perfectly life-like, this replica penis was as thick as his wrist. Carefully crafted veins covered the shaft and a scrotum bigger than his fist anchored it.

“Women like thickness, trust me. Plus, this one pumps in and out and vibrates too. I own one just like it. She'll go wild.”

Mike found his voice. “You work here?”

“No, but I've watched you struggle for forty-five minutes. Get her that one.”

Mike looked down at it again and then around to see who noticed.

“Thanks,” he said.

The girl selected a huge black strap-on shaped like a horse's penis.

“Come on,” she said. “I'll walk up with you.”

Fifteen minutes later Mike was on his way home with his toy, excited to use it on Sara.

While Mike was busy backing out of the BDSM section, at home Sara's phone chimed with a text from Randy; *Back in Vegas and I want you.*

Sara read it three times, each time enjoying the jolt of adrenaline it gave her.

Randy wants me. I cannot see him again, ever, but it is nice to know.

Sara typed; *Call Tina.*

Tina can't hold a candle. I want YOU.

Sara tingled all over. Tina had always been the pretty girl every guy wanted. Sara couldn't count how many times they'd been out and she'd been ignored while Tina drew all the attention. It happens a lot less the last few years but ever since they were kids Sara always watched Tina steal the

boys. Now an intelligent and funny billionaire craved Sara more than Tina and Sara loved it. She sighed.

Can't. Married, she sent back.

Randy had his response ready. Sara opened the message and there was Randy, rock hard and standing straight up. Sara's pussy tingled and moistened and she squirmed in her seat. She gazed at his erection. His fat gut and excessive body hair were visible too but she did not see them. All she saw was a massive member filled with blood and throbbing for her.

She pecked her keys; *He misses me?*

You're the most beautiful woman he's ever known, and he's known A LOT.

Sara was certain Randy lied about her beauty but choose not to think about that. It felt better to just believe what he said.

Gotta go, she text.

She read back over the thread several times until the chills and thrills began to wane and then she deleted the messages, including the picture, and drew a bath.

Almost an hour later she heard Mike pull into the garage. He entered the house and set his things on the kitchen counter and then she heard his steps coming down the hall. In the bedroom he stopped and she heard the rustle of hard plastic.

Now that it was out of the wrapper, Mike gazed down at the replica cock in his hands. They had come a long way since he last saw one. This looked and felt perfectly real; veins, flesh, head...even the hole at one end and the testicles at the other. He stroked it a few times, amazed. He closed his eyes and did it again.

This feels completely real. It's like touching my own penis, except much bigger.

He held it up and looked down the length of it.

Suddenly worried he held it at arm's length. His eyes bugged and his jaw dropped.

Holy shit! This looks like Dean!

He quickly jammed it into his nightstand drawer.

Why did I pick that one? He wondered. *I had a whole wall of choices. What perverted desire made me pick an exact copy of Dean's dick?*

He left the bedroom to say hello to Sara.

Four days later, it remained in the drawer, untouched. They'd had sex every night but fear kept him from introducing it to their love-making. If he'd noticed the similarity she certainly would and what explanation could he offer?

At lunch that day Sara got a call from Jennifer asking if Dean and she could be house-guests while work was done on their house. Sara agreed without calling Mike. When she told Mike that night, he felt a rush of excitement combined with worry. It would be delightful to have Jennifer walking around but a little intimidating to have Dean doing the same.

The next day Sara left work around lunchtime to meet Dean and Jen at the house. She set them up in the guest room, showed them where the towels were and how to sign on to the Internet, and gave them permission to treat Mike and Sara's home as their own. She showed them how to use the hot tub in back, gave them their own garage-door opener, and handed each a key to the front door. After a couple hours she returned to work, leaving them to unpack and get settled in.

When Mike and Sara got home that night, Jennifer had dinner ready. They ate and talked for hours, laughing and drinking.

In bed later that night Sara told Mike, "I think it might be nice to have house guests for a little while. They're like family. Ever since our back-packing trip, and how comfortable we ended up getting with each other, I feel closer to them. Is that weird?"

"No, Honey."

"We all saw each other naked and it was no big deal. For some reason that makes them feel like best friends."

"Okay, that's a little weird."

Sara playfully punched Mike's ribs.

Through the wall they heard Jennifer moan. Both smiled.

"Here we go again," Sara said. "Those two are insatiable."

"Can you blame them? Jennifer is hot and Dean is huge. Those two *should* be fucking every day."

Jen moaned again and her mood carried over. Sara gave Mike a look of longing and he leaned down and kissed her. They quickly embraced and with Jennifer as background music, they began making love.

After a few minutes Mike pulled away. He circled the bed turning lights off until the room was nearly dark. From the nightstand drawer he withdrew the replica penis and held it so it hung down in front of his own.

“Sara,” he whispered.

Sara rolled over to see what her husband wanted and gasped. In the low light it looked like Mike sported a new, huge, and vaguely familiar penis. For an instant she imagined he'd taken some pill and now his dick was bigger and she covered her mouth with her hands.

“Oh my God, Mike, that looks so sexy.”

Mike tugged on it a few times, playing with it as if it were real. He stepped closer and in the improved light Sara gasped again.

“Mike, that looks exactly like Dean.”

Mike was pleased she'd seen the similarities too and then awkward that she had, wondering what she must think of him. He held it in place over his own growing erection and crawled up between her legs. She couldn't take her eyes off it. Mike tried to imagine what she must be thinking.

“Close your eyes,” he told her and she did.

When the head first made contact, she jumped. It looked so real and pulsing with life that the cool material surprised her. It warmed rapidly and pushed her lips apart and they both discovered she was drenched. Mike pushed harder and her pussy expanded to take the head and incredibly thick shaft. Sara groaned at the intrusion, feeling her hips pushed apart from the inside. Mike stuffed her pussy with more, marveling at his wife's reaction. Each flex of his wrist brought waves of moans and gasps from Sara. She was already far more animated and appreciative than she would be from his penis, and he still had half a cock to give her.

He pushed another inch deep and Sara groaned from deep in her chest. She was literally dripping pussy juice around the toy and coating his knuckles. As big as it was, the cock moved into her in a relentless glide. Mike felt her inside stretching and expanding, opening up in welcome to this probing stranger.

“Oh fuck, Mike, you're going to make me cum. Jesus, keep going.”

In the darkness, Mike's jaw dropped open. Sara was feeling an orgasm *already*? He had so much cock left to give her. He began an in and out motion, pushing a little deeper than he pulled out, slowly driving more and more into her. Suddenly pushing became difficult as her cunt clamped around the shaft like a vise.

“Oh Fuck!” she cried. “Nnnngggghharrgh!”

Mike could not believe what he saw; his wife writhed on the end of a spear, skewered and cumming all over this invading monster. He continued his small thrusting movements, driving Sara insane, and ran a hand lightly over her sensitive tits and nipples too. His wife was having a massive orgasm on a scale he'd never seen.

“Oooooohhhhh, fuuuuuuck, yes,” she breathed. “Fuck me, *Dean*. Fuck your girl. Get that big cock in me, I love it.”

Mike almost choked. She clearly had no idea what she was saying. He moved his hand a little faster and this seemed to send Sara roaring skyward again. His stomach churned as his heart hammered with excitement and dread. He fucked her faster and she continued cumming until, finally, she pushed his wrist away, unable to take anymore. He stopped thrusting, noticing that he yet had more inches to give her. He left the toy inside as she rolled to a side, panting.

He said nothing, unsure what to say. He waited in silence for Sara to speak and reveal she knew what she'd done. Long minutes passed in the dark until he heard her breathing deepen. Sara had fallen asleep. He considered pulling out the realistic cock but left it buried and climbed onto the bed next to her. His penis ached for release. Disturbing and upsetting, he had nevertheless grown fully erect watching his wife in orgasmic throes.

He looked down at his hard-on, possibly half or maybe only a third the size of the toy, and wondered how he would ever again believe he satisfied Sara. Folded into all his concerns was another possibility, even harder to face; Mike felt sure she had imagined it was Dean between her legs. He believed that's why she got so wet, that's why she called his name, and that was why she came so hard and so fast. His lovely wife longed to fuck Dean.

Perplexed that the thought did not upset him more, Mike tried to imagine Dean between his wife's legs and found it surprisingly easy. The image hurt, he had to admit, but for reasons he did not understand, it also excited him.

A tiny drop of pre-cum oozed from his penis and Mike thumbed it away, wiping it on Sara's nipple. After a moment of thought, he leaned in and sucked her nipple softly, rolling the slippery and salty fluid around his mouth. Sara sighed softly but remained asleep.

He knew he'd be crushed if Dean actually fucked Sara but there was no denying the arousal from the thought. Fantasies and reality are usually

best kept far from each other, he reminded himself. Mike knew if Dean and Sara fucked it would certainly destroy his marriage and probably cost him his friendship with Dean as well as Jennifer.

He imagined afterwards all of them hanging out together like usual, only now Dean and Sara had been lovers and everyone knew it. How humiliating!

We are already so comfortable around them if that taboo fell they'd have sex all the time. I'd have to watch her constantly. Dean or Sara would wander off three times a day.

With a start he realized how very different that statement was regarding Sara from even a few months ago. He'd not been paying enough attention and his wife had subtly changed right under his nose. He sent his mind back over recent history, reconsidering things she'd said and done, and narrowed her behavioral changes down to her night out with Tina.

Tina had sucked a black cock in front of Sara and Sara has been different ever since. Even our conversations are different; more open and brave. Did more happen that night that she has kept from me? Did my wife cross a line?

In a flash he saw Sara on her knees instead of Tina, a fat black cock in her mouth. Blood surged in his penis. Another drop of cum leaked. Anguish constricted his throat.

NO. No way. Sara would never, ever touch another man.

Mike felt his balls rise up to the base of his penis. The head swelled until the skin was stretched tight. He lightly touched the shaft and waves of tingling pleasure raced through his body. He stroked again, a little firmer, and was rewarded with incredible pleasure. His heart may hate the idea of her cheating but his body loved it.

Careful to let Sara sleep, he began softly stroking. Images of Sara cumming on the toy were followed by snapshots of Sara sucking a large black cock. Shameful guilt made him try to think of other images but his mind rebelliously always jumped back. In an effort to avoid such thoughts all together he imagined Sara on the bed with legs spread open. Before he could stop himself, he imagined Dean moved up between them and sank his huge cock home. Mike covered the tip of his penis with his free hand as the first spurt splashed against it. As he pictured Dean fucking his wife, he convulsed and emptied his balls all over his hand.

Afterwards he lay silent in the dark. His orgasm had been a good one, shockingly good, in fact, and he rubbed his slippery fingers together. As before, he lifted his hand to his mouth and tasted his own semen. More this time, and it was sperm and not just pre-seminal fluids. He expected to feel disgust but did not. In fact, he thought it tasted much like a Saltine cracker. He licked more, proud his cum tasted good.

He felt restless and anxious, upset by a growing realization he had some strange and wildly inappropriate desires. He resolved Sara must never know, then wondered how he could find out more about her night out with Tina without raising her suspicions. He continued licking absentmindedly, slipping his tongue over around his knuckles, calculating if he could get Tina to talk or not. Gradually his eyelids drooped. He fell asleep.

The next morning Sara, Mike, and Dean were off to work first thing. Jennifer usually worked from home so she waved goodbye from the driveway. She waited until they were long gone and then locked the door behind her as she reentered the house. She waited another half hour, just to be sure.

Her search of the master bedroom was systematic. She quickly located the new toy they had purchased and noticed instantly how much it looked like Dean.

“Perfect,” she gloated.

Her examination of the room disappointed her. Mike and Sara really were as boring as they seemed. She found no porn, no lingerie, no indication of what they liked. Other than the over-sized dildo, she drew a blank.

She opened her robe and let it fall to her feet. With one foot on their bed, she worked the replica cock into her pussy. She flipped the switch at the base and pressed the button too, enjoying the vibration and in and out pumping. She came quickly and returned the toy to the drawer, unwashed, savoring how the next time they used it they'd be putting some Jennifer inside Sara. She left the bedroom.

Three identical bottles of whiskey at the bar told her what Mike's favorite drink was. From her pocket she withdrew a small vial of white powder. She tapped a portion into the opened bottle and swirled the fluid around until the powder dissolved.

“Try getting hard now,” she quipped.

Jennifer moved around the house, learning everything she could about her targets. She signed onto the computer and logged into social media accounts, altering nothing but absorbing all there was to know about her intended prey. She read schedules and emails. Each new step she took fueled her lust. Plotting and executing her plan to corrupt her seemingly innocent victims was an erotic thrill for her.

She was about to close Sara's email when a folder at the bottom caught her eye. The folder was named "Junk" but showed two unread items. Jennifer tested first that she could mark something "unread" and then opened the folder and the first item.

Randy's big soft cock hung in front of her face. She opened the other item and Randy's cock again, this time rock hard, glared back at her, proud and menacing. Jennifer checked the sender and discovered Sara had sent these pictures to herself from her phone.

"And who the fuck are you, Mister Big-Dick?"

Here at last was the secret she suspected. Was Sara cheating on Mike? That would be too good to be true. Miss Goody-Two-Shoes had strayed. Of course, these might be random dick-pics sent by a pervert, unrelated to anything, but from their first lunch date Jennifer had sensed something was going on with Sara.

She studied the cock more closely. The man it was attached to was pale and hairy and chubby and kind of disgusting, but his cock was magnificent. Jen's pride was bruised when she realized this man was bigger than Dean. Not a lot, but enough to make her hate Sara even more.

"Nothing but the best for sweet Sara, right? Somehow the universe makes sure Sara gets whatever she wants."

Her bitter words echoed in the empty house. She leaned into the screen to examine him again and found herself squeezing her thighs together.

"That's a fucking amazing cock, though," she admitted. "I'd fuck that fucker too."

When she was absolutely sure she had nothing left to learn, she closed everything and reopened her work website. For the next seven hours she powered through all her assignments and updates, logging off only an hour before Mike walked in the door, followed by Sara and Dean shortly thereafter.

Instead of cooking dinner, this time she'd ordered delivery and all of them sat around and ate. When she suggested a few drinks after dinner, everyone agreed. They all retired briefly to their bedrooms to change and then gathered in the living room for conversation.

Jennifer watched from the corner of her eye as Mike downed his first shot of whiskey, followed by another. She knew that within minutes he'd be unable to get an erection, and the effect would last for days.

Have another, Mike. Tonight I'll make Dean fuck me again. You'll be unable to satisfy your wife. If I can't get her to fuck Dean, maybe I can drive her back to Mr. Big Dick.

Mike did have another.

The group stayed up until eleven and each of them had plenty to drink. Sara and Mike were in bed fifteen minutes or so when they heard Jennifer's first gasp come through the wall and Sara, already horny from the wine, snuggled up to her man. Tonight Dean wore loose boxers and Sara twice caught glimpses of his big cock flopping around underneath the soft fabric. That familiar tingle tickled her clit and left it tingling until now.

Jennifer moaned and the thump of a headboard echoed.

"There they go," Sara joked.

"They're like newlyweds," Mike added.

She and Mike lay listening as Jennifer's passion grew. Dean really pounded her tonight and they both heard Jen urging him on. Sara became more excited with each passing minute and when Jen seemed to orgasm, Sara rubbing her mound on Mike's thigh. Mike listened to Jennifer feminine voice rising and falling as Dean pleased her and his heart raced. He imagined Dean's big cock moving in and out. When Sara cupped his balls he moaned and bent down to kiss her. Her touch and Jen's voice got him more excited with each second.

Strangely, his penis remained soft. He thought nothing of it and rolled Sara onto her back. He loved eating pussy so much he didn't care and he knew Sara's sounds would soon have him hard anyway.

Thirty minutes later he had Sara begging to be fucked but he remained as soft as a noodle. He played with it, made Sara suck it, even lined it up and tried to force it into her cunt, but nothing worked. Sara reassured him it was okay and tried to climax from his probing tongue but she craved a hard dick. Eventually Mike got frustrated enough he pulled the toy from the drawer and pushed it into Sara.

Here was the sensation Sara craved. She felt that huge penis begin to fill her insides and a deep sigh escaped her. *Nothing compares to cock*, she concluded.

She desperately wished it was the real thing instead of a replica, but still, it felt better than anything else. Mike pumped her with it until she was sucking air and ready to cum. He noticed once again that Sara produced a shocking amount of pussy juice, as if the sensation of something so big was especially thrilling for her.

I bet Dean would rock her world.

He watched the shaft glide in and out. The scene was so real he no longer saw it as a toy, he saw it only as Dean moving inside Sara. Sara breathed deeply as her body slowly twisted. Her climax was close and it was going to be huge. Through the wall Jennifer's muffled cries rose and Mike was treated to the sounds of both girls cumming simultaneously.

Dean doesn't know at this moment he is making both our women orgasm.

Adrenaline pumped into his system but his small soft penis did nothing at all. His balls tightened and his asshole puckered but his dick stayed limp. His frustration grew in step with his excitement and he was bewildered by his impotence.

Sara's orgasm wiped her out. Afterwards she played with Mike for a few minute but when nothing happened she thought she would embarrass him so she curled up on his chest. Mike's desire stomped around inside his chest but he had no outlet. He slowly willed himself calm again. Sara fell asleep but Mike lay awake listening to Dean hammer Jennifer for almost an hour. Jen climaxed several more times before Dean finally released his load with a roar and all fell silent.

The next two days were more of the same. All four met for dinner and conversation and then they'd retire to their bedrooms. Dean fucked Jennifer every night. Sara and Mike tried to keep up but Mike ended up using the toy on Sara every time. Sara's frustration grew along with Mike's, although she reassured him she was fine with it, but her desire to have Mike inside her became a desire to have any cock inside her, and the toy only made her need worse. Sara hoped Mike would recover quickly.

As the group became more comfortable around each other, Jennifer started wearing more revealing clothing. Soon her baggy shirts and shorts

gave everyone ample glimpses of her incredible body. Everyone played it cool.

Dean wore less too and Mike often caught Sara ogling him. To Mike's surprise Sara joined in and while she was clearly self-conscious, she, too, dressed in clothing which revealed herself to others. Jennifer and Dean ate her up and while it embarrassed her somewhat, she made no move to cover up.

Jennifer one-upped her wearing only a thin white tank-top and panties and Sara did not like the way Mike gawked. When Dean suggested the hot tub Sara quickly agreed, dressing in her skimpiest bikini. Small white circles of cloth loosely stitched together, this bikini was from Sara's early teens and barely fit her anymore. Tantalizing patches of pink flesh showed through all over. Again Mike felt a surge of excitement and his asshole clenched but his penis might as well be made out of marshmallow.

Sara's heart pounded behind her ribs. She'd kept this suit buried at the bottom of her drawer, certain she'd never wear it again. Dean and Jennifer were so open and comfortable with themselves they made Sara feel like an up-tight prude. Besides, the way Mike looked at Jennifer these days had Sara feeling like she needed to recapture her husband's attention.

They sank into the hot tub and Jennifer poured the drinks. Conversation flowed smoothly and Sara enjoyed her wine, soon feeling dizzy as the alcohol combined with the heat went straight to her head. She lifted from the water to cool off on the tub's edge and her swimsuit was virtually transparent. Mike almost choked on his whiskey. Dean and Jen said nothing, fearing if Sara knew she'd cover up. For long minutes the group quietly enjoyed Sara's unknowing display.

Under the swirling foam, Jennifer found her husband's cock and played with it. He expanded rapidly, eyes glued to Sara. Once Jen had him half-erect, Dean moved up to the ledge too. The water vacuumed his shorts around his genitalia. At first, Mike and Sara noticed nothing, then Sara glanced down and the obvious outline of Dean's thick and heavy cock made her gasp. Mike looked up at the sound and followed her line of sight and he saw it too. Dean was obviously half-hard and Sara had caused it. Sara took a long look, yearning clearly etched into her face, before sliding off the edge and back into the water.

Jennifer acted like she'd noticed nothing and moved around the tub refilling everyone's glasses. She poured Mike and Sara a full-measure and

laughed on the inside. Her plot was unfolding beautifully.

Mike stared at the suds, upset by his wife's behavior. Sara looked down too but her mind raced. Her pussy ached with want. Dean looked so good and that combined with the bikini, the wine, and Mike's recent impotency had her craving cock like never before. She knew that wasn't fair but right now she didn't care. It's how she felt. The atmosphere was tense.

Jennifer was thrilled. She pretended to be oblivious to what was happening around her and said, "Drink up everyone. I want to have some fun!" and untied her top as she circled the tub. She stepped out of her bottoms and jumped naked into the cold swimming pool, her hoot echoing around the neighborhood. Dean laughed and said, "When in Rome," and left the tub too. Down came his shorts and he joined Jennifer in the brisk pool. Mike chugged the last of his whiskey and remained in the tub, water to his chin. Sara, conflicted with loyalty to Mike and a desire to burn some energy and release some frustration, sat for a few minutes listening to Jen and Dean have fun. She made up her mind.

"You coming?" she asked Mike.

"No, I'm comfortable here."

"Don't get mad, okay?"

"No worries, Honey. Have some fun. It's Friday night. We're all buzzed and we're all old friends. Go ahead. I may join you in a few minutes."

Sara stepped to the control box where she turned off most of the backyard lights. Jennifer booed her, laughing and calling her a party-pooper.

"I'm shy damn it!" Sara laughed.

All three of them watched Sara untie her bikini in the darkness. The light from the house provided a warm glow and after a second for their eyes to adjust, Sara was seen easily. She dropped her swimsuit on the chaise and darted to the pool, with a splash joining Dean and Jen in the cool water. She'd neglected to turn off the light in the pool and as she approached she discovered all bodies were clearly revealed. Mike was still in the tub and could not see any off them. Sara took the opportunity to stare directly at Dean and Jennifer, both gorgeous and exciting. Jen's big tits bobbed around and Dean's buoyant cock bounced under water, aiming in all directions.

They swam together and Sara forgot all about Mike. The three of them laughed hard, splashing and goofing around, until the fact they were nude was lost on them. They were just friends having fun.

When Dean hugged Sara from behind and his fat cock slipped between her legs, the awareness of their nudity came roaring back. Dean expected Sara to shove him away but she did not. She got suddenly quiet but allowed him to hold her, seemingly mesmerized by the warm fleshy rod bouncing between her inner thighs. Jennifer reacted instantly, swimming close and hugging Sara and Dean together, forming a Sara sandwich, and then kissing Dean to the side of Sara's face.

"I need some hot bubbles," she said, and left the pool to rejoin Mike.

Suddenly, Sara found herself alone with Dean.

Jen sat on the edge of the tub and struck up a conversation with Mike, pretending she did not notice his eyes roaming every square inch of her body. She welcomed it. With his useless penis, Mike was no threat. Her plan was to distract him while Dean made a move. Mike was obviously a tit-man so Jennifer casually leaned back and dribbled warm water on herself while they talked. Mike forgot all about Sara.

Even under water, Sara felt herself get wet. She glanced at the hot tub once to make sure Mike could not see her and then pushed her ass back at Dean. His cock was hot and getting hard fast and it felt so good between her legs.

Her mind warned her to swim away but her pussy ordered her to stay. Dean tightened his grip and pumped his cock back and forth across her lips and clit. The bumps and veins rubbed her and Sara quietly gasped. Dean pulled his dick all the way back and dropped a hand down to her pussy from the front. He pushed forward again and as soon as he felt the tip of his cock, he directed it upwards. He felt Sara's slippery and scalding pussy envelope the head and a couple inches. Sara clamped her mouth shut to not cry out. Dean pushed again but Sara's tunnel was too narrow to easily accept him. He flexed his abs to drive a few more inches inside.

Sara's pussy expanded with exquisite slowness, accommodating Dean one agonizing half-inch at a time. With only half his cock in her he encountered a narrowing of her vagina and several moments later felt the head softly bump up against her cervix. Sara groaned.

This had to be the tightest cunt I've ever fucked, he thought.

He withdrew some and slowly pushed in again and Sara's head fell forward and her shoulders sagged.

Not since Randy had Sara felt anything like this. She held onto Dean's wrists as his long spear probed her cunt, a mix of pain and pleasure as he forced her tight pussy to take his shape.

This is exactly what I needed, she thought.

Dean was thunderstruck. Sara's pussy was pure magic, as if it was built solely to pleasure over-sized organs. She gushed fluids yet still he had to exert effort to withdraw and push back in, and when he did, fireworks exploded in his mind. His cock was trapped on every side, massaged and stimulated as her silky walls traveled along his thick inches. This girl was a treasure. This girl was made to take his cock. Dean groaned and Sara felt a rush of excitement that she pleased him. She rolled her pelvis around his meaty spike and he groaned again.

"Oh, God," she murmured, hiding her voice from Mike and Jennifer. "You like that, Dean? Do I feel good, Baby?"

"You- you're incredible. It's Heaven. You have Heaven inside you."

Sara beamed. She rolled her hips again, trying to give Dean as much pleasure as she possibly could. She loved what he said about her. She loved feeling his body react so powerfully to her. Happiness raced through her body and mind. Her pussy gushed fluid, thrilled to be so stuffed with meat. She worked her hips up and down the length of him, fucking him with small tight thrusts. The sensation drove both crazy and Dean softly bit her neck. He sent a surge of blood into his cock, expanding himself in every direction, and Sara exhaled sharply.

"You're like a horse," she groaned. "Push it deep."

Dean curled his stomach and sent his inches traveling deeper. Sara covered her mouth and a rush of pleasure left her dizzy.

Jennifer laughed loudly at something Mike said and the magical bubble burst. Sara came back to herself in a rush, keenly aware of Dean lodged inside and her husband so close. With a supreme effort of willpower, she lifted herself off Dean's raging erection and floated away. Her body and mind churned and tumbled and it was several moments before she could speak.

"Hot tub," she croaked.

She left the pool and crossed to the tub. Her bikini lay forgotten on the lounge. Jennifer and Mike sat on the ledge, both nude now, and Sara felt relief that Mike had at least gotten undressed. His shriveled penis lay tucked into his lap and he tried to hide it.

Jen noticed Sara's engorged labia and knew her husband had been inside that pretty little pussy. He probably didn't have time to cum but she'd felt what he was like and she'd want more. Jennifer smirked and looked away. Sara slipped into the hot water next to Mike, avoiding their eyes.

Mike had no idea what his wife had just done but Jennifer knew. She acted oblivious, welcoming Sara back to the hot tub. Sara seemed stunned and disoriented, quietly floating next to Mike's leg. Her pussy ached with emptiness. She wanted to cry from frustration as much as she wanted to shout with excitement. Her emotions tripped over each other, each fighting to be heard. Jennifer and Mike debated some stupid story from the news and Sara barely heard them. She needed Dean back inside her so badly her back and shoulders ached. Her stomach hurt.

Their debate concluded, Jennifer left the tub to rejoin Dean.

"You took off your trunks," Sara said to Mike.

"Yeah," Mike replied, watching Jen jump into the pool. "Jen convinced me. Funny how I felt strange because I was the only one still clothed. How's Dean?"

Sara thanked God the lights were still off and Mike could not see her face.

"Fine."

Mike slipped down into the water next to his wife.

"Is this weird, Sara? All of us being naked? Dean and Jen seem so comfortable. My brain says no big deal, we're all adults, but I still feel weird. How do you feel?"

"Pretty much the same as you. At first I wanted to die from shame but I relaxed. Now I'm almost totally okay with it. Still a pinch of awkwardness but not too bad. I'm kind of making myself do it just to get outside my comfort-zone"

"It's easier for you, Honey; you're prettier than Jennifer and have a better body. Dean is so much bigger than me. I feel embarrassed. It's a guy thing. Plus, I haven't been able to take care of you this week, if you know what I mean, so I guess I'm also a little intimidated. He's such a nice guy. Both of them are so sweet and fun. We're lucky. They're awesome friends."

Sara agreed. "Let's both try to relax with it. He might have you beat on size but you're probably smarter than him. It's kind of sexy if you think about it; two naked men walking around our home. I know you like seeing Jen naked. Let's have a few more drinks and learn to accept it."

Mike swallowed the remaining whiskey. "Okay," he said, bravely.

Together they rose from the tub and Sara took his trunks away. She tossed them on the lounge next to her bikini and held his hand as they joined Dean and Jen in the pool. The water was bracing after the heat of the tub.

Jennifer kept the drinks flowing, filling Mike and Sara's glasses to the top, and soon all four of them paraded around nude, moving easily from pool to tub and back again. Sara compared Mike to Dean whenever she saw them together and felt her pussy clench a little each time. Sara marveled at Dean and Jennifer's calm demeanor and determined to be more like them. They both seemed so perfectly comfortable in their own skins.

At that moment Mike and Dean sat next to each other on the edge of the pool. Sara wedged herself between them as obnoxiously as she could but they just ignored the drunk girl and kept talking. Sara laid her head on Mike's chest. From here she saw both men's penises only a foot or so away.

I love cock, she thought. I love the way they look and how they feel. I love making them hard. I love making them cum. I may be a little drunk.

A minute later she lowered her mouth to Mike's lap. He sat stunned as his penis entered her warm mouth.

Dean smiled broadly. "Now were talking," he said.

Mike had no idea what to do. He knew Sara would regret this once she slept off the booze, but in this moment her mouth felt fantastic. Dean and Jen thought it was cute and before Mike could worry if they considered it low-class, Jen leaned over and pushed on the back of Sara's head.

"Get all of it, girl. You know what you want."

She kept Sara down and talked to Mike. "Come on, Mike, fuck that pretty mouth. Make her swallow you."

Incredibly self-conscious and out of his element, Mike's penis did nothing. Even without the drug Jennifer fed him there was no way for him to get hard in this situation. He fretted and tried his best but nothing happened. Jennifer was inwardly gleeful. Jen let Mike struggle a few minutes before urging him again.

"Get hard, Mike. Don't worry about us watching. We're all friends here. Give this pretty girl what she wants."

Mike was dying on the inside. Sara pulled her mouth away and kissed him before diving back down. Sara sucked for a few more minutes making plaintive mewling sounds of frustration. The memory of Dean

inside still haunted her pussy. She still felt him inside her, filling, stuffing, stretching, touching everywhere at once. She desperately wanted him back. Mike willed his penis to get hard but nothing happened. Anxious and shamed, Mike tried to get his wife to stop.

“Honey, I'm too shy. Let's get back in the hot tub for now.”

Sara ignored him, instead whimpering her desperate need. She had every inch of Mike in her mouth with plenty of room to spare. Her nose in his pubic hair and her tongue reaching under and swirling his testicles, she wondered what she was doing wrong. Why wasn't he hard? His small penis flipped around her mouth, soft as foam.

At last Jennifer removed her hand from the back of Sara's head. She moved around next to Dean and lowered her mouth to his lap. Mike watched as Jen vacuumed Dean's cock into her mouth and Dean began to thicken almost instantly. Jen pushed Dean deeper and sucked harder. In mere moments Dean had doubled in length and girth. Veins stood out along the top and sides, shiny with Jen's saliva. She pulled her mouth away and showed her husband's large cock to Sara and Mike.

“See? Don't be shy. If Dean is hard than you can get hard too. No need to feel awkward.”

She knew what she did would have the opposite effect on Mike but this moment was too cruel to pass up. Mike looked down at Dean's partial erection with dismay. Sara eyed that fat cock with open want. Jen was thrilled. Sara was drunk; would she do something unforgivable?

Sara raised bleary eyes to her husband. Mike saw rampant desire there but it took him a heartbeat to realize her desire was not for him. With a stomach suddenly full of ice water, Mike understood what his wife was thinking.

“Sara?” he murmured. “Don't...”

Sara turned her attention back to Dean's cock. That beautiful monster had been buried in her pussy only an hour ago and she still felt him in there. Surely one little kiss wouldn't hurt anyone?

Mike watched, alarmed, as his wife's head seemed to move slowly towards Dean's lap. Sara's mouth opened as her eyes closed. Jen waved Dean's cock side to side like she tried to get a cat's attention and it worked. Out slipped Sara's tongue as her head formed a gentle arc down to Dean's cock. Her mouth landed on the shaft and she moved it smoothly up the hard inches until her mouth enveloped the head and her lips traveled back down.

Just two feet in front of his face Mike watched another man's cock enter his wife's loving mouth. Her full lips seemed to glide over the veins and ridges of that wide shaft with adoring caresses. Sara moaned with deep satisfaction. Here was what she wanted; not just a hard penis, but a long and thick one, pulsing with life and vitality. She moaned again and pushed Dean to the back of her throat.

God! I love this cock! What a fucking MAN.

Mike stared aghast. Sara eagerly, enthusiastically, wantonly, sucked a dick right in front of him. His wife's tongue snaked out and dragged along the length, worming into the hole at the tip. Her head bobbed and her cheeks sucked in so hard Mike was sure Dean felt the vacuum in his nuts.

Mike muttered, "Sara... what?" and Jen almost laughed out loud. Mike's pain was exquisite. His face was a tortured mask of agony. This could not be undone. This could not be unseen. Mike would have these images burned into his mind forever. Even if he forgave Sara totally, blamed her actions on the large amount of wine she'd consumed and nothing more, still he would always know what it looks like when another man fucks his wife's mouth. Jennifer felt like dancing.

Might this be enough to ruin them? She wondered. *That would be almost too easy. I'm not finished having fun with these two yet.*

Genuinely disappointed this may spell the end of her plot, Jennifer tried to think of a way to extend her charade. She watched Sara gleefully worship the dick in her mouth as her mind raced. Movement drew her eye and she glanced at Mike's lap. His penis had risen an inch off the deck! Jennifer met Mike's tormented eyes. He was wrapped in a smothering blanket of anguish and confusion. He was as shocked and bewildered by his partial erection as Jennifer and when he spotted Jen looking at it, he cringed and tried to explain.

"I, I don't know why," he began. "She's drunk. She has to be. She'd never..."

He looked down. His penis was half-staff and growing. Jennifer could not believe he'd somehow overcome all the doses she'd given him but here was proof. Deep down, buried on some subconscious level, Mike actually loved what he saw. Jen knew it even if Mike did not. She'd known men like him before.

Mike is a cuckold, she realized. This changes everything.

Like a sorority sister on a Saturday night, Jennifer leaned over and added her mouth to Sara's. Together they adored Dean's now rampant and throbbing cock. Mike grew slow but steady until a spongy, not quite fully erect penis pointed across the pool. His gaze was welded to Dean and the two sexy women that serviced him.

The girls attacked Dean.

He leaned back on both elbows and let the women have their way with this penis which enthralled them. He found Mike's face particularly pleasant as Mike's profound pain was evident. As Dean moved closer to orgasm he backed Jen off more and more until only Sara sucked his cock with cum-starved abandon.

Mike saw how much pre-cum Dean leaked and his mouth went dry. Long silvery strands dripped and draped, like spider webs, connecting Sara's lips and tongue and chin to Dean's dick. More dribbled from his slit and coated his balls and dripped to the pool deck below. Mike was sick and disgusted yet riveted.

Sara leaned forward often, licking and sucking Dean's manly essence, rolling his flavor around inside her mouth, coming back for more. She fastened her mouth to the hole at the tip and sucked cum directly from the source. Dean was like a busted pipe, oozing copious amounts, getting both of them sticky and slippery and shiny.

For long minutes Mike watched his loving wife gobble up Dean's leaking semen. Every lick and suck was pure agony for him. Sara seemed to relish the taste and always came back quickly, hungry for more. Although sucking cock was something Sara did occasionally, she had never attacked his cock like she did Dean's. Mike felt a kick in his gut when it dawned on him that his lovely wife intended to gulp down Dean's plentiful load.

At last Dean felt his orgasm stirring and he rose to his feet and aimed his cock down at Sara, who obediently moved to her knees. He stroked while looking at her beautiful face and tits, telling her how pretty she was. He told her to hold her mouth open and stick out her tongue, which she did. Dean aimed his cock into Sara's mouth and began to fuck her face. Sara grunted and moaned with intense desire and soon Dean breathed rapidly.

“Unngh, here it comes. Fuck, yeah. Jesus, Sara, you're so pretty. Unngh!”

His first two blasts shot out of his cock and straight down her throat. As she realized he was cumming she sucked hard and he let her take another blast into her tummy. Then he pulled out and rained hot white blasts of sperm all over her face and hair. Long ropes arced and descended all over her and she took them proudly, mouth open, tongue out. Finally, she grabbed his dick and stuffed her mouth with it and Mike heard Dean grunt several more times as he fired a few final blasts. Sara swallowed everything Dean gave her.

Jen considered making Mike cum while he watched but she decided a better torture was to let him see it all unreleased. She suspected as soon as it was over Mike would go soft again and his frustration would certainly drive him crazy.

Sara held Dean's softening cock in her mouth a long time, milking and suckling the last remaining drops, until she allowed his penis to swing free. Sara laid on her back, rubbing her big tits and flicking her pussy. Jen motioned with a wave of her hand, "You should probably take care of her, Mike. She looks pretty horny."

Mike watched Sara writhe for a bit. He was hurt, angry, horny, and frustrated. Sara was covered in Dean's cum and masturbated while rubbing it in. Jennifer pointed at Sara.

"She's your wife, Mike. You need to fuck her. Don't be jealous; like I said, we're all friends here. It will be hot. Show us what you can do."

Jennifer leaned over and opened Sara's legs. Sara was too drunk to fully understand but as soon as she felt the first nudge she spread her legs wide. She was hornier than she could ever remember feeling.

Mike moved between Sara's legs and began to lap at her drenched pussy. Sara cried out from the moment of first contact. As he ate, Mike ran his hands over his wife, spreading Dean's semen all over her body. His gut clenched as he felt pulled in so many opposing directions. There was no denying the fact he'd gotten hard. The anguish and the jealousy he understood completely but the erection left him dumbfounded and also feeling slightly guilty. Nothing made sense.

Sara was too drunk to orgasm although he kept her on the edge for a long time. He wanted her close before he fucked her so Dean and Jen could see him make Sara cum. They watched him work his oral magic and Mike felt pride for all the sounds he had coming from Sara

When he felt his erection begin to soften, he put the idea of fucking her in front of them out of his mind and just concentrated on her orgasm. He tried to make Sara climax but the alcohol kept it just out of her reach. As the realization sank in that he would fail, his wilting erection utterly collapsed.

Disappointed and showing it, Dean and Jennifer returned to the hot tub.

Mike gave up after a while and sat up. In the tub Jen sucked Dean's cock again and Dean was well on his way to yet another hard-on. This was more than Mike could stand and he said good night and carried Sara to bed.

In the bedroom he bathed her and dried her and tucked her in.

"He tastes goooood, Honey" Sara offered, slurring slightly.

"That's great, Sara."

"Kiss me, Mike. Kiss your wife."

Mike dutifully leaned over for a peck on the lips but Sara pushed her tongue into his mouth. Mike tasted Dean everywhere before he quickly pulled his mouth away. He wiped his tongue on the back of his hand. Sara was too drunk to scold so he ignored her.

"Send him in to fuck me," she drawled. "Let me sleep a minute and then send him in to fuck me. Baby, I'm sooooo horny. Why don't you get hard anymore? Am I not sexy, Honey? I hear husbands always get bored with their wives. Are you bored with me, Baby?"

"Shhh, no Sara, I'm not bored. Just go to sleep now."

"Okay. But remember to send him in to fuck me. I love his dick as much as Randy's. I love big, fat, hard dicks. I need to make me cum. Is that okay, Mike?"

Mike felt his blood turned to ice.

Randy? Who the fuck is Randy? Did I hear that right?

Mike's penis began to rise again.

Sara just admitted there's another man.

He pulled the covers back and climbed up on the bed between her legs. She turned her head to try and find who was doing this to her, eyes bloodshot and watery.

"Dean?" she asked, bewildered.

"No, Mike," Mike stated, irritated.

"Okay."

Mike's erection pulsed. He'd not been this hard in a long time. Sara's possible infidelity had him engorged and inflamed and any thought as to

why was lost in his blind desire. Without asking he pushed Sara's legs back and lined his penis up to her pussy. Sara looked down between her legs and, seeing Mike hard for the first time in a long time, breathed a heartfelt, "Yesssss," her head falling back to the pillow. Mike pushed in all the way to his pubic bone. Sara was soaking wet. He built his thrusts quickly until he pounded his pretty wife. He felt disrespectful but Sara seemed to like it more for that very reason.

"Yeah, Honey. Fuck your little slut," she moaned. "Pound my naughty cunt."

Who is this woman? Mike wondered, but he did as instructed. Hard again after such a long time, he lasted only minutes. He shot Sara full of semen long before she was even close to orgasm. She whimpered with sexual frustration even as she struggled to keep her eyes open. Mike let himself shrivel inside her and by the time he pulled out, she was passed-out.

In the morning, Sara remembered almost nothing. At least, that's what she told everyone. She listened to their tales of carnal behavior and blushed on cue and apologized so much they all told her to stop.

Privately, she especially apologized to Mike and he actually made her feel better when he told her he'd used her for sex. She lied and said she had no idea what she'd said after coming to bed but actually she remembered speaking Randy's name. When he did not mention it, she left it alone. Perhaps he hadn't heard or just wrote it off to drunken gibberish. At the time it felt good to share the truth with her husband but in retrospect she realized all that she'd risked.

Mike found it easier to forgive and forget what his wife had done with Dean than her comment about Randy. He had no idea how to approach the subject or if he even wanted to. Usually when he thought about it he felt a deep and excited tingling in his balls, and that frightened him enough that he just wanted to put the whole night behind him.

But he could not.

For the first time in his life, he doubted Sara.

The next three days were filled with everyone walking around half-naked, watching movies as a group, sharing bottles of wine and long talks, although Mike stuck to his whiskey. The four of them grew so comfortable and intimate boundaries blurred.

When their home was ready Jennifer and Dean packed up and everyone said their goodbyes and just like that, Mike and Sara were alone

in the house again.

The next night Sara text to say she'd work late and Mike headed for their home office, determined to resolve this growing doubt in his wife. He turned on both their computers but sat at hers. Unsure where to look first, he started with her emails. He browsed her desktop folders; mostly work correspondence but a few with family and friends, and then moved on to files, separating them by most recently modified. He worked systematically, starting at the top and working his way down through them one by one.

An hour later he was about to sign out of her email when he noticed a junk folder at the bottom with two unread items in it. He stared at it a long time, gears whirling. Something was wrong. Why delete items you haven't seen?

With a sigh he opened the folder and the first item. A large soft penis glared back at him. It was several moments before he noticed the man it was attached to was fat and hairy. He clicked the other item. There was the same penis again only this time it was engorged and powerfully erect. Sara had sent these to her own email from her phone. Why? Why save these? And who had originally sent them to her?

No way is she having an affair, Mike thought. When would she ever have time? Aside from that one night out with Tina I always know where she is and what she's doing.

That one night with Tina.

Mixed in with Sara's emails were messages from Tina's iPhone. Mike considered calling or texting Tina and asking for the truth but Tina was too loyal and too smooth. She'd lie right to his face and he'd never know. He looked back at those twin dicks on the screen and he heard Sara whimper that name again; *Randy*. Was this Randy? Mike made a few intuitive leaps. Sara had gone out with Tina and come home incredibly horny and then gone out again the next day, all day. His gut told him if Sara had cheated, that would have been the day.

He leaned in, examining that large penis again.

Randy is big. Big like Dean. I'm sure Tina knows everything but how do I get it from her? She'd never give Sara up to me.

He scratched his head.

Unless she thought I was Sara, he realized.

He opened an email and entered Tina and several choices popped up. He selected the stream of numbers that matched her cell phone. He

considered what he should say. He tested a dozen messages and finally settled on something vague; *Ever hear from Randy?*

As soon as he hit send he regretted it. Palms sweaty and chewing a lip, it occurred to him only now if Tina didn't respond right away, her response would sit and wait until Sara signed in tonight and then Sara would know what he'd done. He was looking for ways to recall the message when Tina's answered; *Hey stranger! Nope. He's hooked on your pussy. No interest in mine at all. Don't know what you did to that poor man but you cemented yourself as the only woman he wants. Bitch.*

Mike felt his stomach flip. Something *had* happened. He quickly fired off another message; *Mike suspicious. Forget I ever sent this. I'll text soon.*

He deleted Tina's response and his two sent message and then emptied the trash too. His hands shook.

Sara cheated on me!

He could not get his mind around it. Somehow, as impossible as it sounded, it was true; sweet innocent, virginal Sara had fucked another man. Mike examined the two photos again. This man was big like Dean and that had certainly contributed to his wife's infidelity. He now knew that much about her. But how had she known before he was naked? She'd agreed to fuck him first, only discovering her good luck later.

And that's why she wants Dean, too. That's why it was so easy for her to relax, walk around naked, even suck his cock in front of me.

Mike shifted in his seat. His penis had partially swollen again, making him uncomfortable. He pushed his penis around until it no longer hurt.

He thought back over recent history and recognized each time he was faced with Sara saying or doing something sexual, he'd responded the same way. He looked down at his swelling penis. Part of him loved Sara's weakness for hung men, and he just needed to acknowledge that.

And apparently I love it more than I hate her cheating on me.

He tried to summon the proper amount of hurt and outrage. Sara had cheated on him! A million thoughts raced through his head. He considered divorcing her, confronting her, asking her for the truth. He pondered collecting more evidence, spying on her, having her followed. So many paths branched out in front of him. Which to choose?

He pushed back from Sara's desk and pushed his boxers down and examined his partially erect penis. Then he looked at Randy's fat hard cock on the monitor.

"It's like comparing a boy to a grown man," he murmured.

He carefully shut-down her computer and put everything back the way it was.

I'm more excited than angry, he concluded. I have no idea what I'm supposed to do.

He remembered a co-worker that had caught his wife cheating and filed for divorce that day. He'd slashed her clothing and drained their checking account. A year later he was still miserable and furious.

That's just not me. If Sara cheated I want to know why. I want to know what it meant to her. With Dean she was drunk. Was she drunk with Randy, too? Am I a bad husband? Do I leave her unsatisfied? Does she still love me?

His heart told him she did and just as much as always if not more.

There's more to this. I need to wait and see what else happens.

For over a month, nothing did. Sara and Mike lived their stable routine life, laughing, loving, thoroughly enjoying each other and their marriage. Mike's fear receded quickly; Sara may have strayed with big-dick Randy but she gave no sign she was unhappy with Mike in any way. Mike tried to be a better husband and Sara responded enthusiastically. They went on dates and intimacy grew between them.

Seven days after Jennifer and Dean moved back home, Mike awoke with a penis as hard as he's ever felt. He made love to Sara that night, a little rougher than usual, and she really seemed to welcome it. He wrote off his impotent episode as the awkwardness of strangers living in his house and forgot all about it.

The next night he made love to Sara again, which surprised them both. Mike discovered he viewed his wife in an entirely new way. The idea that she may have cheated stirred his competitive juices and made him more attentive. While in Sara's embrace he often pictured her with the mysterious Randy and found his penis hardened to near diamond when he did. If the infidelity wasn't such a threat to his marriage and happiness, he would have

enjoyed the idea completely. Instead he took quick sips at key moments, driving his sexual appetite higher than ever.

After a few more sex-filled nights, Sara commented on his elevated drive and Mike replied he was just happy Jennifer and Dean were out of the house. This seemed to satisfy Sara and for weeks they had a wonderful and inspired sex life.

Then, while Mike and Sara sat watching *V for Vendetta*, Sara received a text. She checked her phone and read the message from Tina; *Hey girl! Miss you! It's been a while. Let's go out and catch-up.*

Sara saw Mike looking at her and read the message out loud. Mike was instantly nervous.

“Are you going to see her? Seems like you have avoided her for a while.”

“She's still into that party life; going out, dancing, flirting, drinking. We've seen what happens to me when I have too much. No need to embarrass and humiliate myself again.”

They went back to the movie but Mike was distracted. As time passed he found himself wishing Sara *would* go out with Tina. He was worried a little about getting caught and hoped by now Tina had forgotten “Sara's” email message from weeks ago, but when he imagined Sara dancing with someone he got that familiar tingling at the base of his penis. Was it worth the risk? After fifteen minutes, he spoke.

“You know, Sara, maybe you should go. You've been working really hard and I'm sure a night out would feel great, and you haven't seen Tina in such a long time. She's your best friend. I'd hate for you to lose that.” His heart raced. He felt like he was encouraging his wife to fuck someone else. Not directly, but now that he knew the potential was there, any nudge he gave her was potentially scandalous. Just like the email he'd sent Tina, he wanted it back as soon as he said it.

Sara hit pause and was quiet for a long time, pondering. Just when Mike's heartbeat returned to normal, she spoke. “Okay, I'll call her. You're right, it has been too long. She's a great friend and I've treated her poorly. But I have to say I'm surprised to hear you encourage me. After that disastrous night with Dean, where I drank way too much and almost destroyed our marriage, I'm shocked you'd ever allow me to drink another drop. I don't know how you found it in your heart to forgive me. We never really talked about it; I figured you were just too upset by the whole thing,

so I left it alone and swore I'd never drink that much again. Have you learned to trust me again? Do you forgive me?"

Mike had no idea what to say. He shrugged. "I feel like that was just the alcohol. You weren't yourself. I've said and done some things while drunk I wished I hadn't. It wasn't me. I don't really blame you; it wasn't you."

Sara regarded her husband for a long minute. She sensed his inner-turmoil but said nothing. Why was he encouraging her to go out?

"Tina and I will just talk. I'll have one drink. Promise."

"Or two."

Their eyes locked and held. Sara searched his face for any hidden meaning. More was happening here than it seemed but Sara could not clearly define what.

Mike tried to remain perfectly calm. His heart thudded under his ribs but like a brand new junkie he craved the rush. Flirting with Sara's infidelity dumped buckets of adrenaline into his bloodstream and filled him with excitement but also dread. Slowly, excitement outweighed all other considerations.

"Or even three," he offered, finally, his voice weak, his mouth dry.

Sara stopped breathing. Something was definitely going on. Mike encouraged her to drink, which made no sense. What husband would say such a thing after a night like she had with Dean? She wanted to ask Mike point-blank what he really meant, what he hinted at, but she worried she'd look too eager. On top of all her other emotions, Sara *wanted* to go out again. Now that she imagined herself out with Tina again, she missed it.

Ever since that day with Dean, Mike desires me a lot more. How could that make a husband desire his wife? Jesus. If that is true, what would he do if he found out about Randy?

Sara said, "I'll call Tina back after our movie and make plans for Saturday night. I'm shocked you're okay with this."

Mike thought of nothing clever to say so kept his mouth shut. He wanted to tell Sara to let loose and have fun but he still feared that she might do exactly that if he encouraged her to or not. His inner-struggle and conflict ate him alive.

Saturday night will be agonizing, he realized. I'll be home all alone while Sara is out doing God-knows what. This is too intense. Goddamn it! What is going to happen? I should tell her I've changed my mind.

But the words did not come. The air filled with unspoken concerns and fears but neither had the courage to say something, or the knowledge of where to begin. Mike hoped something would happen as much as he dreaded it happening. Sara's heart raced; Mike kept suggesting she drink even after she blamed alcohol for what happened with Dean. Why would he do that? She felt he was pushing her to do something wild again but if that was so, why didn't he just come out and say it? Both of them waited for the other. Finally, frustrated, Sara picked up the remote and started the movie again.

In bed that night Mike was all over her. He was already hard when he started kissing her and she rushed to get him in her mouth. The earlier talk about Dean made her compare what it felt like to have each man in her mouth and she moaned at the memory of Dean's fat snake stuffed in her throat. Mike thought the moan was for him and started fucking her face. Sara opened wide and let her husband thrust all the way to the base of his penis. She handled him with little effort and never gagged.

Mike felt Sara turn her mouth into another pussy and the rush of excitement did him in. He fucked her mouth like never before and when his orgasm stirred he did nothing to hold it back. With a loud grunt his hips bucked and he shot his load into her open maw.

They cuddled for a minute and then he reached for the toy. Sara spread her legs as Mike nudged it forward and Sara sighed as she felt Dean fill her once more. Within seconds his girth and length had fireworks exploding in her mind. With her eyes closed it was so easy to imagine herself back in the pool, Dean behind her and inside her, stretching her cunt in every direction, forcing her to take every inch he had. She felt her juices surge and drench the cock inside her and the bed under her ass.

Mike felt fluid drip on his knuckles and looked down. His wife was a fountain of arousal. Sounds flowed from her throat in a non-stop song of lust. Her moans and gasps stabbed him and inflamed him.

How can I love her and yet allow this? I know she's thinking about Dean...or Randy.

He pumped her faster and turned the dial. The vibration sent her flying over the cliff and her first orgasm smashed into her. Mike watched her cum harder on this cock than she does on his. He knew her love for him was unshakable but this was something different. This was something

outside that love. He flipped the tiny switch and the cock began pumping in and out. He turned the dial higher and got to work on his wife's body.

Almost two hours and many orgasms later, he rose from the bed and stood over Sara's trembling and exhausted body. She was a fiend tonight. The impulse to call Dean and have him come fuck Sara occurred to him but he fought it.

This is madness. This is insane. What the fuck am I thinking?

He curled up next to Sara and joined her in sleep.

Saturday arrived three days later and by the time it did Mike was so tightly tied in a sexual knot he could barely breathe or speak. He stayed busy around the house, mowing the lawn and cleaning out the garage, but acid ate him alive.

Sara left in the morning to go shopping and came home just before dinner. While she was out she text Tina and asked if she'd ever heard from Randy.

No, but I have his number just like you. Do I invite him to join us tonight?

Sara chewed her lip, conflicted by what she wanted and what she knew was right.

Do it, she typed.

She hit send and sighed from deep in her belly. Her hands shook and she felt a little sick to her stomach.

We'll just dance, she told herself.

As soon as she returned from shopping Mike asked to see what she'd purchased, but Sara said she needed food and drink first. She never did get around to showing him and slipped off to the bedroom to start getting ready around eight. Mike paced the house, waiting. When Sara emerged from the bedroom Mike came to an abrupt stop.

Sara wore a tight black dress which was a sexy combination of see-through mesh and sheer black Spandex which turned more see-through when stretched over her big tits and round ass. Her long brown hair was down and curled and she wore her make-up a little heavy, especially around her eyes. The dress ended closer to her pussy than her knees and plunged in a V between her breasts almost to her belly-button.

Mike's jaw hit the floor. "Jesus Christ!"

Sara jumped at Mike's reaction. Her eyes went big with worry.

"I've never worn this much make-up. Is it too much, Mike?"

She had no idea what she was doing so she copied videos from the Internet.

Mike was struck by lightning. His gaze slowly traveled Sara from shoes to hair and back down again. She was a transformed woman and for the first time he saw how truly beautiful and sexy she had become. In an instant she shattered his view of her, formed years ago before she bloomed, and burned this new awareness into his brain.

“Honey?” she asked again.

Mike stood mute, thunderstruck.

Sara took a step towards him and when she did the bright overhead lights turned her dress almost see-through. One look at his face and she stopped short.

Mike saw clearly she wore neither bra nor panties, her small dark nipples evident through the fabric, her mound, now hairless, visible through the sheer gap between her thighs. His wife would be a flame in a huge black room filled with moths. He tried to swallow and failed. He tried to breathe and failed.

While worry and jealousy surged within him, so did raw lust. He knew his wife would decimate whole ranks of men. How had he missed this for so long? He'd always thought her pretty, even when no one else did, but this metamorphosis staggered him. Massive insecurities rocked him. Blood flowed to his penis and he tented his pants. She watched as his clothed erection slowly reached for her. She thought it was one of the sexiest things she'd ever seen and she gave it a nod.

“I guess that means you like?”

Mike nodded slowly.

“That makes me happy. I was afraid you'd say it was too much. Baby, I have to run. I'm already late. Give me a kiss. I'll text you as I can, okay?”

Mike only nodded again and kissed Sara when he felt her lips on his. She left in a swirl of air and perfume and he heard the door shut and her car start. He remained where he was long minutes after the sound of her engine had faded.

She was gone.

“Jesus Christ.” His words echoed in the big room.

When had all this happened? Was he so selfish? Was he so self-involved? He thought back over countless football games and time spent on

the computer; yes, Sara had blossomed. A little more each day and he had completely missed it. Shame and regret flooded him. If Sara had strayed, as Mike knew she had, he also knew he had contributed at least a little to that. He resolved to be a better husband and partner. He did not completely blame himself or let her off the hook, but he did feel like maybe he understood his wife and her motivations a little better.

He entered their bedroom. Sara had left a mess. Mike looked at the price tags on the floor and the open boxes across the bed. Sara was out in the Vegas night. Anything could happen. In the master bath he noted she had shaved extensively; tiny hairs dotted the tub, specks of foam clung to the porcelain walls, her razor rested on top of her washcloth.

Mike groaned and sat on the floor. He opened his pants and freed his erection. He was incredibly hard and deep red. He started to masturbate and then stopped; what if Sara wanted sex when she got home? He stood and undressed but left his penis alone. He was so hard he could hang a wet towel from his dick, so he did. He chuckled. He put the towel back on the hook.

I'm so fucking turned-on. My sexy wife is out without me and I'm made of diamond. She looked stunning and I'm loving the idea men will look at her with as much desire as I do. His penis throbbed. I can't begin to understand myself regarding this shit. I should stop fighting and just enjoy it.

Back in the bedroom Mike gazed at the pile of bras and panties on the bed. She considered them all and elected to go without. He picked up the closest pair and rubbed them along his sensitive penis, rolling them all around the head.

After the first hour he was virtually insane. He paced the house nude, denying himself release, prowling around dark rooms and gazing out drapes into the neighborhood. He'd predicted this night would be torturous but he'd grossly underestimated by how much. He was a volcano of nervous energy. His penis ached and tension filled his body. He wondered what Sara was doing at that very moment and his perverse imagination showed her spread eagle, surrounded by men, a cock in her pussy and another in her mouth.

He shook his head to clear it.

"Fuck!" Again the house swallowed his voice.

He stormed off to the kitchen for a beer, his boner bouncing as he walked.

At that very moment across town, Sara pressed her lips against Jamul's lips and his thick pink tongue snaked across into her mouth, where she suckled on it. The lights of the club swirled and flashed and the booming music shook the walls. She sat on his lap and Jamul cupped her big tit under her dress and rolled it around some.

The little white pill Jamul had given her half an hour before swam increasingly through her veins and the euphoria made her entire body tingle. Jamul's strong hand on her tit sent wild electric shivers racing to her clitoris. She looked down at his black hand against her pale skin and another shiver ran up her spine. She remembered her hand on his huge black cock all those days ago and squeezed his crotch, following the half-erection she found there all the way down to his scrotum. She thought this drug was way better than weed or alcohol. He slipped a finger under her hem and discovered she not only wore no panties, but she was already drenched.

Tina tugged his arm.

"Goddamn it, Jamul. *I'm* your date. Sara belongs to someone else tonight."

Jamul laughed. "But she likes it."

Tina tugged again and Jamul eased Sara onto the seat as he stood.

"Don't ignore me, asshole," Tina scolded.

Jamul ran his eyes up and down her. Tonight Tina wore a clingy pale blue gown with nothing underneath. Her nipples stood out obvious as the material followed her every curve.

No panties on this girl either, Jamul mused. This will be a good night.

Tina spied Randy at the top of the stairs and her face lit up. She waved, realized he couldn't possibly see her, and told Jamul to behave as she went to retrieve him. After he joined them with handshakes all around, Sara stood and gave him a deep and passionate kiss, which he returned.

"I'm delighted you called," he admitted. He wore a three-thousand-dollar suit and it looked like it. Jamul complimented him and Randy grinned.

“Men's lingerie,” Randy confessed. “Melts women.”

Once she touched Randy, Sara never let go. Randy turned to speak to Tina and Sara turned with him. Every move he made, Sara made too. She had him back at last and wanted to never lose him again.

The difference in their ages was striking and Jamul noticed other women around the club reappraising Randy; if he can score a hot young babe like Sara, there must be something special about him. Randy seemed to read his mind.

“Men judge men directly; me against him. Women judge men based on the woman they have with them.”

Jamul filed that one away for later consideration.

“Also, it helps that I'm a billionaire,” Randy added with a grin.

They all sat and drinks were ordered. Sara ordered a glass of wine to be polite but she already had the high she wanted; better, in fact. She'd never felt this amazing before. When Randy and Sara started talking, foreheads almost touching, Jamul turned to Tina.

“What's up? I thought Sara was happily married.”

“She is. Baby-girl said she got drunk and fooled around with a guy at a party right in front of her husband and his only response was to forgive her and send her out with me again. She said when he saw what she was wearing tonight he got a hard-on. She's not positive but she thinks he actually likes the idea of her fooling around. Tonight's a test.”

“Crazy.”

“Yeah. Oh! That reminds me. I need to ask her about an email she sent me.”

Mike felt his orgasm start to boil up and stopped stroking. For hours now he'd been getting himself close and then backing off. Sara had sent one text about dancing like crazy and having a blast. Mike had shot back a message telling her to have fun. He imagined her dancing in that skimpy see-through outfit and all the men gawking at her. Pride welled up in him at the notion other men wanted his pretty wife. He thought he heard a noise from the garage and tilted his head to listen better.

The door to the garage opened and Sara and Tina walked in with an older, well-dressed man between them. Mike stood paralyzed, naked and erect, too stunned to move. Sara looked as sexy as she had when she left and Tina was almost equally breath-taking. Sara had a knowing, intensely sexual look in her eyes. Just as Mike was about to cover up, Sara spoke, adding a whimsical tone to her voice that told Mike she was saying much more than she seemed to be.

“Yes, we've heard from Randy.”

It took a few seconds for her words to sink in and then Mike understood; Tina had told her about the email and they'd talked and his whole act had come unraveled. Sara knew. Tina knew. Randy knew. Mike's dirty secret was out.

Sara gave Mike a wicked smile and led Randy by the hand around the corner towards bedroom. Mike's heart froze as Tina approached him but it slammed back into life as she wrapped her delicate fingers around his erect penis.

“Sara and I talked. You're a sly one, Mike. We've pieced together almost everything. You've known your wife cheated on you and instead of filing for divorce, or exploding in rage, you sent her back out to possibly do it again. Maybe not directly, you couldn't know for sure what she'd do tonight, but you were willing to take the chance.”

Mike stared at Tina's hand. It looked amazing holding his penis like that. How many times had he fantasized about Sara's hot friend? Tina leaned closer, her mouth next to his ear, whispering, “Well, guess what? Your little gamble worked.”

Mike groaned.

For the millionth time in the last three hours an orgasm started and he pushed it back down. His balls ached with searing fire. Mike liked being naked in front of Tina. She tugged his penis down and they both sat on the sofa.

“Was that Randy?” he croaked.

“Yes.”

“Did he fuck my wife that night you two went out?”

“No, the next day, while you watched football, and actually he fucked her *twice*.”

Mike groaned. *Twice!* Such exquisite torment. Questions swirled and Mike craved every detail but one question mattered more than the rest.

“Those pictures in her email; is that huge cock his?”

“Yes.”

“He's *so* big.”

Tina chuckled. “Yes, he is. He fucked me with it too, Mike. He's huge, he gets incredibly hard, he fucks like a god, he's filthy rich, brilliant, and worldly, and he's crazy about your sweet little wife. We fucked him together after he fucked Sara the day before. I tried to steal him from her but Randy loves Sara.”

Mike groaned at this news and waited for his heart to calm down before speaking.

“Did he wear a condom?”

“No.”

Mike had to gulp air.

Her pussy has belonged to another!

“Sara led him to our bedroom. Is he going to fuck her again? Are they doing it now?”

He felt stupid as soon as the questions left his mouth.

“Probably not. He loves foreplay. Also, Sara wanted me to talk to you first. She knows deep down you like this and might even want to see it happen, but she wants me to find out for sure. She doesn't want you hurt. If you do, I'm to lead you into the bedroom. Is this something you want to see?”

“I don't know... I don't know!”

“Silly man; anything but a resounding no, is a yes. Do you think you can handle it?”

Tina abruptly pinched the head of Mike's penis. He winced. She drew her nails along his length, antagonizing him, throwing his concentration out the window. Too much came at him too fast. Before he could answer she squeezed his shaft in her fist until it hurt. Mike tried to stand and Tina held him seated. He was completely under her power and she loved it.

The truth is, she wanted Mike to watch. She perversely looked forward to it.

Nothing excites me more than corrupting innocence, she mused. I wonder if I'm just jealous of the love they share? Do I envy them so much I want to ruin what they have because I don't have it? God! I'm such a cunt!

Tina laughed out loud and Mike looked at her. She removed her hand from his erection and left him waving in the cool air.

She asked her question again; "Do you think you can handle it?"

Mike imagined Sara under Randy and a canyon cracked his heart open. He gasped.

"Oh God!" he exclaimed. Rapid images of his wife fucking Randy flipped through his mind and then Tina's words came back and hit him like a fist; *TWICE. He has already fucked her twice; bare-naked. This is no fantasy. My wife cheated on me with that man. That is fact. It hurts like nothing has ever hurt. I hate it. It feels like it's killing me. My body feels like I'm being dissolved from the inside.*

He had never been so hard. His shoulders sagged, defeated by the truth.

"Yes," he whispered at last. "Oh my God, Tina, what's wrong with me? I'm so excited I could explode any second. I'm turned on because Sara fucked another man? What husband does that?"

Tina stood and released the clasps at her shoulders and waist. Her dress fell to the floor and finally, after so many years, Mike saw Tina nude, and she was spectacular. He gazed up at her, eyes slowly traveling every inch of her revealed flesh. His eyeballs ached.

She took his penis and tugged him to his feet. She kept her grip on him and, leading him by the penis, approached the bedroom door slowly.

Inside, Sara moaned softly and Mike was dying to see why. Tina stopped suddenly and Mike stepped too close and his penis slipped up between her ass cheeks. He felt the scalding heat from her wet pussy as it enveloped just the tip. She calmly reached between her legs and pulled him out and Mike felt the cool air on her wetness. He'd been inside Tina. Maybe only a quarter inch, but he'd been inside her.

Tina quietly opened the bedroom door and they entered, sliding silently along the wall to the large reading chairs under the window.

On their marital bed, Sara lay on her back, eyes closed, legs spread wide, rubbing her own big tits. Randy lay on his stomach between her legs, leisurely eating her sopping wet pussy. Mike had always prided himself on his oral skills but Sara had never made noises like she made now. Tina and Mike watched for several minutes and then Sara told Randy to bring his cock to her mouth. Mike held his breath.

"Baby-girl loves big hard cock," Tina whispered. "Are you okay?"

Mike nodded several times, too nervous to risk speaking.

Randy moved up to his knees and Mike saw the hairy body and the protruding gut. He also saw a flash of dick and when Randy turned his hips, Mike saw the cock that had seduced his wife and the way she looked at it now; fit more for an animal than a man, thick and long, covered with veins, this virile specimen radiated vitality. As hard and unyielding as an elephant's tusk, Randy moved it to Sara's beautiful face with a turn of his hips.

Over the top of it, Sara locked eyes with Mike. Those email pictures did Randy no justice; this was a man's phallus. This cock silenced any other cock in the room.

Sara eagerly opened her mouth and reached for Randy with her tongue. Mike saw her circle the crown before closing her lips in a tight seal on the tip and sucking hard. Randy gave a satisfying sigh which stabbed Mike through the heart. Too well he knew the sensations which Randy now enjoyed. Sara sucked harder and in response Mike felt blood surge into his own penis. Sara looked gorgeous with a large penis in her mouth, her large breasts pushed up between her arms. Mike was bewildered. How could he say he loved Sara and yet feel that this moment was the sexiest he'd ever seen her?

Something hot and wet enveloped his penis and Mike quickly looked down. Tina's pretty face looked up at him. It took all his willpower to resist blowing his load instantaneously. His penis was already balls deep in Tina's mouth, a sight he'd fantasized about often but never dreamed would one day happen. Tina sucked and electric waves of pleasure raced up his dick to his brain where they were promptly rejected. A hot babe like Tina does not suck the dick of a guy like Mike. But she was.

It was too much. All the air left Mike's lungs in a rush as his load blasted into her mouth. Tina laughed around his shaft, reveling in her power, coaxing every drop with a rub of her tongue on the underside of his shaft. Totally unprepared for an orgasm Mike felt his premature ejaculate flowing into Tina's stomach followed by a massive wave of disappointment. Sara watched her plan with Tina reach fruition and knew she was now free to enjoy Randy; Mike had enjoyed Tina and that made Mike and Sara more or less even.

At least I'm not the only guilty one, Sara thought.

Tina sucked the last few drops out and then joined Mike in the chair. Sara lavished attention on Randy, reverently licking his firm inches and swabbing his balls. Randy gripped the headboard and held his manhood an inch above her face and allowed Sara to do all the work. Mike saw Randy drag his big wet cock all over Sara's face.

From time to time Tina stole hurried glances at Mike. His face was contorted with pain and Tina sipped it like scalding hot tea. She'd been a stripper for a while and seen the same look in the eyes of those men; frustration, torment, and twisted desire. She'd loved that feeling of power but that was nothing compared to this.

Of course this had all been her idea, although it had taken little convincing to get Sara to agree. The pill Jamul gave her helped, but the truth was Sara was dying to fuck Randy again. Just having him that close again turned her cunt into a fountain. At the club she touched him constantly, rubbing her body on his and kissing him as much as possible. When Tina had mentioned Sara's email there'd been confusion but they'd sorted everything quickly. As they realized Mike knew, all the pieces fell into place and Tina shared her scheme.

Mike knew what was coming and dread sizzled his heart. Sara worked hard at pleasing Randy. Her hands looked small gripping that thick shaft and Mike noticed she seemed to enjoy sucking Randy's huge cock much more than sucking his. She struggled with it and that seemed to thrill her.

Randy moved back down the bed, kneeling between her legs and spreading her with a hand on each thigh. He walked forward on his knees and his cock waved like a horn of flesh, drawing inexorably closer to Sara's pussy. For a fleeting moment Mike thought Sara might resist or change her mind but that idea shattered when she reached out with both hands and pulled him forward, pulling his dick in a desperate attempt to get him inside her.

“Oh my God, it's been too long,” she whimpered. “I need you inside me. Hurry, Baby, give me your big dick.”

Mike saw Randy move closer and Sara place the head at her opening, rubbing the tip all around to wet it. She then let go. Her inner lips splayed to each side as Randy leaned forward and his massive head began to penetrate. Sara whined with frightful desire, begging Randy to give it to her. Her labia expanded to envelope and then quickly close behind the head

as the shaft began to probe her more deeply. She made fists and lifted her hips to offer herself completely. Randy held her pelvis and pushed more cock inside.

As his hips moved closer to hers, her legs folded alongside his body and her arms circled his neck. Her ankles crossed behind his ass and her leg muscles flexed as she pulled him deeper. Her movements were so intimate and welcoming Mike fought back a groan. He was breathing rapid and shallow.

Tina split her time between the action on the bed and watching Mike slowly descend into madness. Unable to hold herself back anymore, Tina began a slow circular rubbing of her clit, masturbating to the Death of The Perfect Couple. Mike's anguish was solid gold and with quick darts of her eyes she watched Randy push his cock into Sara and the utter destruction that caused Mike. For a moment she feared Mike would explode in rage but the moment passed. He had no right. She had seen to that. With every inch that disappeared beyond that stretched cunt ring, Mike's torment grew. Tina could not have been happier.

Slowly, Mike's penis began to rise again.

Here was the perfect opportunity to twist the knife! Tina waited until he was more than halfway hard and then left her chair to sit on his lap. Mike only barely noticed her, craning his neck to see around her head. With her back to Mike she lowered her pussy, tipping his penis up at the last second with a sweep of her hand. Mike felt her blazing hot pussy engulf him.

Sara crooned, "God, Randy, there's nothing like it. You feel so amazing. Put all of it inside me."

Randy started easing his cock in and out of Sara.

"Unngh!" Sara exclaimed. "So good. So good. Fuck me, Baby. I missed you so much."

Randy's big body blocked a lot of the action but Tina and Mike clearly saw the fat tube of his cock plunging repeatedly into Sara and his massive ball sack swinging underneath. Sara clawed at his back and dug her heels into his ass.

"Faster!" she rasped. "I feel it coming!"

Randy lifted his body off her slightly and began driving his hips. The sloshing sounds of her drenched cunt filled the bedroom. Her breathing turned ragged and her moans became urgent and loud.

Sara let loose a wail of pure abandon. Randy had worked more than half his cock into her but that was all she needed to cum. Filled at last in the way her heart desired was just too much to take. She clamped down hard as her pussy exploded.

Mike almost spurted watching his wife cum. Randy's gut hid most of Sara from view but there was no mistaking her mind-boggling orgasm. Mike was stunned to learn his wife capable of such carnal intensity and the knowledge he had never driven Sara to such heights shamed him and paradoxically almost made him climax. He pushed Tina off his lap and moved to kneel next to the bed.

Randy placed his arms under Sara's legs and bent them towards her chest. Her pussy splayed and Randy adjusted slightly before leaning all his weight forward and driving the rest of his mammoth cock almost balls-deep in one smooth push. Sara almost wept to have his cock firmly embedded again. There were two inches or so remaining outside her but Randy never had and never would ever get those to fit. His cock was simply too big for her pussy.

He began a small rhythmic rocking and within seconds had Sara gasping for breath.

"Oooooohhhh, Randy, Christ I'd almost forgotten. Fuck me good, Baby."

Mike hated it whenever Sara called Randy something affectionate. This close to her penetration, Mike heard how wet she was, smelled her arousal. His wife wanted to be fucked more than he'd ever seen.

Randy and Sara kissed passionately as his hips rose and fell. Sara climaxed again a few minutes later and this one was more powerful than the first. The constant stream of moans from Sara worked on Tina and soon Mike felt her hot mouth close around his penis again. Randy's cock gleamed like marble from his wife's excitement. When Sara came a third time Mike pulled Tina off his dick and shoved her towards Randy.

"Suck his balls," he ordered. "Get under there and suck his balls. Make him cum."

Stunned silence filled the room. No one made a sound. No one even took a breath. Everyone present knew Mike had just given permission to Randy to cum inside his wife.

Randy smiled broadly and Sara groaned from deep in her chest. Tina got a wicked look in her eye. This was too good to be true! She climbed up

behind Randy and rolled onto her back and soon her tongue swabbed his nuts every time the swung forward. When it passed over her face, Tina drove her tongue up Randy's asshole. Randy drew a sharp intake of breath.

“Good God! That feels amazing!”

Sara covered her face with a pillow. Her husband had just ordered a man to fill her with sperm and the erotic explosions detonating in her mind threatened to overwhelm her. The broken taboo, the shattered promises, the tarnished vows, all added fuel to her wicked promiscuous fantasies. Another man fucked her in front of her loving husband and it made her feel sooooo goooooood. Tina had been right all along; being a bad girl feels good.

Mike heard Sara's muffled cries and it seemed her pleasure was rising again. Randy pounded her for several long minutes and then Sara whipped the pillow away.

“Fuck!” she cried. “Fuck me, Baby. Cum in me. Oh my God what's happening? Fuuuuuuuck, this is too intense. I can't take it. Help me. I think I'm going to cum again. Fuck me. Oooooohhhh, unnnghhhh! Hold my hand, Mike! Here it comes, OOOHHHH MY FUCKING GOD HERE IT IS AAAAAAARRRRGGGGHHH!”

Sara squeezed Mike's hand so hard she hurt him. Her body turned to cast iron and bowed from head to heels. Her scream filled the bedroom and her skin flushed crimson and her nipples stuck up like little erections. She came so hard that for a moment, Mike was afraid for her. Her orgasm lasted a long time. Overcome, Sara burst into tears, weeping with joy as Randy fucked her. Held in the loving embrace of her husband, finally free to truly let go and immerse herself in her passion for this old man and the pleasure he gave her, Sara screamed her release as she gave herself to him completely.

Her howls of abandon and her tight milking pussy pushed Randy over the edge. He felt the walls of her vagina massaging his shaft as the spasms of her uterus sucked on the head. It was too much for him to take.

“Ungh, fuck, Sara, I'm there. Here it comes!”

“Give it to me!”

Tina licked faster and Mike held his breath. Randy's shaft was laced with turgid veins as it plunged and reappeared and Mike's brain screamed at him for what was about to happen. Shouldn't he stop this? Mike leaned closer, Randy's cock only inches from his face. This entire moment felt surreal. Was this really happening?

“Here it comes!” Randy bellowed. Randy's cock swelled even bigger and Sara gripped his arms and groaned. Her little pussy was stretched around him virtually to the point of tearing. Randy thrust a few more times and then pushed his cock all the way in. Tina fixed her mouth to Randy's sphincter and pushed her tongue up his ass.

Randy roared with pleasure and blasted semen deep into Sara's cunt. “OHHHHH FUUUUUUCK! YEEEEEEAH!”

Mike's jaw dropped open; Randy was inseminating his wife right before his eyes and that truth was a searing dagger ripping through his mind. His penis was also so hard it twitched and trembled and drooled semen. Tina quickly moved her mouth forward to Randy's testicles, opened her jaw wide, and took almost his entire ball-sack into her mouth, feeling his sperm pulse through tubing as it raced across her tongue. Sara froze, holding herself in place to receive his white-hot blasts, her eyes and mouth wide open. Each time his blood surged and another bolt of sperm pumped into her, she felt his massive shaft swell, his head spit.

“Fuuuuuck!” Randy cried. His cock jumped as he released blast after blast. Sara felt the repeated thump of his semen hitting her deep inside. Along with a seeming gallon of semen, Randy poured his heart and soul into Sara. Mike was left gasping at the sheer volume of fluid this perfect stranger ejaculated into his wife. Sara squeezed her eyes shut.

Before the lovers returned to earth, Tina slithered out from under Randy and moved next to Sara on the bed. She tugged Mike's arm, pulling him up between her legs. Mike moved dazedly to take her offered position but his eyes never left Randy's huge cock stuffed inside Sara, even when Tina lined up Mike's penis and Tina's hot pussy folded itself around Mike's penis.

Sara opened her eyes and was startled to see Tina and Mike so close. Her eyes went big as she realized Mike was inside Tina but she just squeezed them shut again and savored the sensation of Randy surprisingly erect and still inside her.

Tina pulled on Mike's ass and he started to fuck her automatically. She moaned and groaned with pleasure, trying to get Sara's attention. She wanted Sara to see Mike fuck her. When Tina knew Sara was watching she reached back and pushed a finger up Mike's ass. Air exploded from his lungs and sperm flew from his penis, spraying inside Tina.

I have broken this boring little marriage, Tina thought. They will never go back to how they were. Pride and satisfaction welled up in her. Now Sara and I can go out and live the life I've always wanted. With beautiful Sara by my side EVERY door will open.

Randy pushed Sara's legs wide apart. He remained erect and almost balls-deep inside her, surprising even himself by the blind lust he felt for this beautiful girl. He turned Sara on her side, aiming one leg straight up, and pushed a thumb up her tight ass, causing her to groan. He began sliding his tool in and out, slowly and deliberately, savoring her tight and clinging pussy. Full of sperm she was still a hot tight fist squeezing him.

His thumb felt his cock moving along the thin vaginal wall which separated them. He thought about taking her ass too, sure no man ever had, but decided to save that for another time. For now, he wanted to shoot yet another load of hot jizz inside her married womb.

Mike whimpered. Randy was probably twice his age yet he had climaxed and remained hard as rock, clearly about to fuck Sara again. Sara was keenly aware of that fact and had never felt more desired.

Mike withdrew from Tina and gathered Sara into his arms. Her body jerked each time Randy thrust into her. Mike could not look away from Randy's fat hairy cock. Sara's little pussy was stretched obscenely wide to receive him and the sounds coming from his wife told him Randy was giving Sara pleasures she'd never known before.

As Randy began thrusting faster, Mike leaned down and kissed Sara tenderly on the lips. Her eyes were wide and unfocused but she knew enough to recognize what Mike had just done. She held his hand fiercely.

"Squeeze my hand, Honey. I want to be kissing you when he cums in me. Baby, this is the most exciting thing ever."

Mike did as told and Randy fucked Sara faster and deeper. Sara whined and leaned into Mike and her abs tightened.

"Oh fuck," she said. "Baby, I'm gonna cum again. Mike, I love you but I love his cock too. I love his cock. Fuuuuuuccckkkk I LOVE HIS FUCKING COCK!"

Sara arched her back as a massive orgasm rocked her. Randy growled, fucking her with a steady beat, and lifted her hips off the bed. He growled again and drew a huge breath and then bellowed, "Here it comes! Oh fuck!" and again began spurting deep inside her body. Her big tits bounced and her pussy fluttered and her cries filled the room as Randy

emptied his huge load directly into Sara's womb. Mike watched Randy's fat shaft swell and turn darker red with each powerful ejaculation.

Unbelievably, Mike felt his wilted penis struggle to rise yet again. Something about watching the adulterous insemination of his lovely bride filled Mike with an arousal more powerful than any he'd ever known. He leaned back as Randy lay on top of Sara, watching in twisted erotic horror as they kissed lovingly. Sara ran her hands over Randy's fat and hairy body. She was almost invisible beneath him.

As the excitement and euphoria left the air, and reality began to reassert itself, Tina sensed Mike and Sara starting to crumble. The seriousness of what they had just done slowly pressed down upon them, like ever-increasing gravity. Randy swung her legs over so he was now behind her but still inside her, and closed his eyes. Holding her hips steady, Randy slowly pulled his cock out. Sara's pussy remained slightly gaped.

Sara stared at the ceiling, avoiding Mike and Tina. Mike kept his eyes on Randy's now-deflated cum-covered penis. The thick tube of flesh snaked across Randy's thigh, covered in slimy fluids, matting the hair, still leaking drops of semen.

Sara loves that beast, he pondered. He tried to understand what it must be like for her but failed. *Tina loves it too. I guess I'd need a vagina to fully comprehend why they adore it.*

Tina wanted to laugh. She'd blown this marriage apart, there was no denying that; she saw it plainly on Sara and Mike's faces. Her gut told her they'd stay married, but nothing would remain the same. Mike had a fetish for this kind of thing and that had caught her by surprise, but she welcomed it.

It's better this way, she thought. *Mike the dutiful husband waiting at home while Sara the whorish wife goes out with her best friend Tina to play with whatever boys they can find. This is going to be FUN.*

Tina sighed contentedly. "Alright, Randy, let's get dressed and leave these two alone. I'm sure they have a LOT to talk about."

Randy was reluctant to leave but followed Tina's lead. Once dressed, he asked Sara when he could see her again and instead of answering Sara turned to look at Mike. He fumbled at first and then murmured a quiet, "soon," before looking down at the bed. Randy beamed and Sara looked surprised. Tina hid her smile.

Mike and Sara lay silent for a long time after the front door closed. Mike had a million questions but at the moment he said nothing. Images of Sara getting fucked by Randy flashed through his mind, making it difficult to think. Sara nuzzled closer and Mike put his arm around her shoulders.

"You fucked Tina," she stated.

Mike's first impulse was to throw back a "You fucked Randy," but didn't.

"Yes, I did."

"I bet that made you happy."

"Yes, it did," he answered honestly.

They were both quiet a moment and then Sara laughed.

"What the fuck did we just do?"

Mike shook his head. "I don't know, Baby. Everything happened so fast. I have a ton of questions but I'm still in shock." He gazed into her eyes earnestly. "I want to do something but I don't want to freak you out."

She met his gaze and gave him a nod.

He moved down the bed and cautiously spread her legs. Her gummy labia, closed at last, slowly pulled apart. Her spread her labia wider using his fingers and then there it was; a pure white pool of Randy, all over inside her cunt. Like a puddle of pearly milk reaching as far back into her as the light allowed him to see, sperm coated her vaginal walls, collecting in puddles. The smell of bread dough drifted up and a chill ran up his spine; Randy owned this pussy. He was everywhere. Sara almost sloshed with virile seed. Mike spread Sara wider. There was so much. Mike dipped a finger in and rubbed the slippery fluid around his fingertips.

"Is that...him?" Sara asked. "Are you spreading his sperm around your fingers?"

"Yes."

Sara studied her husband's face.

"You're not angry? Jealous?"

"Not angry but a little jealous, yes. But it feels good in a weird way. It hurts but I like it."

He softly pinched Sara's labia closed, trapping all that semen inside her. He looked up into her big hazel eyes, filled with curiosity, watching him.

"Will we do this again?" she asked, hopeful but trying to hide her true excitement.

Mike considered all they'd gone through.

"Yes," he admitted. "I'm sure we will. Maybe not right away, but yeah."

Sara reached between her legs and held her husband's face.

"I want to fuck Dean," she declared.

"Jennifer might have something to say about that."

Sara felt elation boiling up and for a moment was confused. Then she understood. She smiled broadly.

"Why are you grinning?" Mike asked.

"Two reasons; first, relief. Now you know; about me, about what I did. You know and you still love me and want to be with me. I feel all this weight off my shoulders. I hated hiding that from you. I love you so much and the secrecy ate me alive. I hated myself for what I did."

Mike nodded slowly. "I get that. I know I'm partly to blame. And the second reason?"

"When I said I wanted to fuck Dean, you didn't say no."

Mike nodded. "That's true and I guess that's pretty telling. Wow. Things are going to get turned upside-down around here, I think. Is that everything you have to tell me? Do you have more secrets I should know about?"

Sara chewed her bottom lip. "Since we're being totally honest, yes, I have one last thing to confess, but then you will know everything."

Mike felt his heart skip.

"What?"

"I told you I want to fuck Dean and that's only half true. I should say I want to fuck him *again*. This time, I want to go all the way. You saw me blow him that night but earlier, in the pool, he was inside my pussy for a minute. I freaked out and swam away but that's why I blew him. I was so horny."

"You swallowed his cum. You rarely swallow cum."

"Baby, like I said, I was *horny*."

Mike thought back, all the way back to that night Sara and Tina went out.

"Sara, what about Jamul? Did you fuck him that night?"

"No, Tina blew him for a second and I held his penis in my hand, but nothing sexual."

Mike stared at her belly button, lost in thought. He knew beneath that belly button Randy's sperm sought Sara's egg. His penis stirred and Sara felt it bump her knee. She moved her legs and saw his penis swelling.

"You want more?" she asked, incredulous. "Jesus, Mike. You're so much more sexual these days. What turned you on this time?"

Mike sighed. "Baby, there is a lot we don't know about ourselves. I realize now we've been so sheltered sexually. We have buried a lot of thoughts and feelings. We got married so young. Maybe we should investigate some of the things that excite us."

"I will not risk this marriage," she stated emphatically.

"That's good to hear. Me either. I have no idea where to begin or how. Do you?"

Sara rolled on her side and faced Mike directly.

"I have a few ideas," she purred.
